## Permian Basin OIL & GAS LOG

James C. Watson  
Oil Editor

### Andrews Discovery Cleans To Complete

Garrett M. Smith No. 1 McWhorter - Hall, wildcat discovery from the Wichita-Albany section of the lower Permian in extreme Northwest Andrews County flowed 52.85 barrels of fluid in three hours of testing through a 27/64th inch tubing choke, and is continuing to test to clean out and complete. The fluid was 89 per cent new oil and 11 per cent basic sediment and wash water. There was no formation water.

Operator shut the well in after the three hour test to build up pressure. During the three hours of flowing the tubing pressure was 175 pounds and the casing pressure was 525 pounds.

The discovery will be flowed at intervals until it is thoroughly cleaned out and then the new field opener will take a potential test and be put on regular production. The oil is coming from open hole between the bottom of the 5 1/2-inch casing which is cemented at 7,340 feet, and the total depth at 7,508 feet.

### Oil, Gas Developed In Reeves Explorer

Gulf Oil Corporation No. 1-CS TXL, Central-East Reeves County wildcat, 13 miles southeast of Sargent, and 330 feet from north and west lines of section 1, block 51, T&P survey, T-8, developed some interesting shows of oil and gas in a drillstem test in a sand and shale formation at 5,091-5,147 feet.

The tool was open two hours. There was a good blow of air at the surface throughout the period.

Recovery was 440 feet of gas cut drilling mud and 10 feet of oil and gas cut mud, which was 10 per cent oil.

Operator then corered at 5,147-67 feet. Recovery was 11 1/2 feet of sand and shale with a slight show of oil and bleeding gas. The project is now coring deeper.

### Delaware Wildcat Is Set For C-E Reeves

Gulf Oil Corporation has filed application with the Railroad Commission of Texas to drill its No. 1-A G. C. Fraser and others as a 1,500-foot wildcat in Central-East Reeves County to test the Delaware.

Exact location of the No. 1-A Fraser will be 330 feet from the south and west lines of section 19, block 50, T-8, T&P survey.

Drillsite will be 15 miles south-east of Sargent.

Rotary operations are to start in the near future.

### NW King Is Scheduled For Deep Prospector

Application for permission to drill a 8,000-foot wildcat in Northwest King County, 8 miles northwest of Guthrie, has been filed by the Tide Water Associated Oil Company with the Railroad Commission of Texas.

The proposed explorer will be that company's No. 1-C Pitchfork Ranch, 660 feet from north and east lines of section 289, abstract 100, John Gibson survey.

The No. 1-C Pitchfork Ranch will be drilled with rotary four and three-quarters miles southwest of Tide Water's No. 1-B Pitchfork Ranch, wildcat in section 143, BS&P survey.

The No. 1-B Pitchfork Ranch has progressed beyond 4,500 feet in lime and shale.

### Midland Sprberry Discovery Tested

Humble Oil & Refinery Company No. 1 Midkiff, Southeast Midland County discovery from the top of the Sprberry sand flowed at the rate of 330 barrels of oil per day, plus seven per cent water during eight hours of testing Sunday.

The production was from open hole between 7,281 feet and the total depth at 7,347 feet. That zone had been treated with hydraulic prior to the eight-hour test. During that period the well produced an average of 9.5 barrels of oil per hour, plus seven per cent water. Exact source of the water has not been determined.

At the end of the eight hours the prospect was shut in on account of storage. After more tank room is available operator will test for at least another 24 hours and then will probably core deeper.

Present plans call for the project to core and drillstem test at least 100 feet deeper into the Sprberry sand which was entered at 7,392 feet on an elevation of 2,770 feet.

Location is 660 feet from north and west lines of section 46, block (Continued On Page Nine)

## 25 Soldiers Killed As Passenger Train Hits Troop Carrier

COSHOCTON, OHIO—(AP)—The Spirit of St. Louis, crack passenger train of the Pennsylvania Railroad, plowed into a troop train stalled by mechanical trouble in thick fog early Monday.

Twenty-five soldiers, all members of the Pennsylvania National Guard, were killed.

Approximately 60 other guardsmen, enroute to Camp Atterbury, Ind., to enter federal service, were injured.

Railroad officials said "we won't have anything on the cause of the wreck until after an investigation is made."

Most of the dead and injured were in an old fashioned coach on the end of the 20-car troop train. Some were sleeping, others were being awakened for breakfast when the crash occurred at 4:15 a.m.

The rear coach looked like a pile of tin cans and rubbish after it had been rammed. Its roof, 70 feet long, was compressed into 10 feet.

Four hours after the accident workmen with acetylene torches still were removing bodies from the wreckage. Each was laid, covered with an army blanket, on the ground as a troop train fell.

The heavy rain had stopped, apparently due to mechanical trouble, at 4:10 a.m. a mile east of West Lafayette. That town is seven miles west of Coshocton.

Red flares were put out, a train crew member said, but they apparently were not visible to the engineer of the approaching diesel-drawn Spirit of St. Louis.

The crash came five minutes after the troop train halted.

The worst casualties were among members of Battery B of the 109th Field Artillery of Pennsylvania's 28th National Guard Division. And most of them were from Wilkes-Barre, Pa., and vicinity.

Engine Topples

First reports indicated no one aboard the 17-car "Spirit" was killed, although its locomotive toppled over an embankment.

"We either were stopped or slowed down when the crash came," said Capt. Robert Short of Dallas, Pa. He is commander of the 109th's Battery A, whose men slept in the third car from the rear.

"Our men remained calm," Captain Short related. "I told them to stay put until we found out what" (Continued On Page Nine)

### Shoppers Crowd Stores On First Fall \$Dollar Day\$

Business was good here Monday as Midland's September Dollar Day was observed, with practically all retail stores participating.

It was the first Dollar Day of the fall season, and most stores featured "back-to-school" specials. Shoppers from Midland and area cities congregated early in the downtown section, with the buying spree continuing through the noon hour. Activity was expected to be even heavier during the after school hours.

The well-stocked Midland stores were ready for the crowds of shoppers and extra clerks were on duty in several establishments.

Midland's Dollar Days usually are held the first Monday of each month, but the September event was postponed a week due to the Labor Day holiday last Monday.

### Mild Cool Front Moves Into Texas

By The Associated Press

A mild cool front moved into the Texas Panhandle during the night, dropping temperatures around ten degrees. It brought a low of 49 at Dalhart.

The front was moving very slowly. It is not expected to reach the Central Texas area around Waco until about dawn Tuesday.

Widely scattered showers were falling in Texas at midmorning. Sunday and during the night, moderately heavy rains fell at many points. Dalhart reported 3.1 inch, Bryan 7.3, Austin 6.7, Amarillo 6.1, Wichita Falls 5.4, Childress 4.4, San Antonio 3.7, Del Rio 3.5, Beaumont 3.0, Lubbock 1.7 and Fort Worth 1.1.

The front was moving very slowly. It is not expected to reach the Central Texas area around Waco until about dawn Tuesday.

Widely scattered showers were falling in Texas at midmorning. Sunday and during the night, moderately heavy rains fell at many points. Dalhart reported 3.1 inch, Bryan 7.3, Austin 6.7, Amarillo 6.1, Wichita Falls 5.4, Childress 4.4, San Antonio 3.7, Del Rio 3.5, Beaumont 3.0, Lubbock 1.7 and Fort Worth 1.1.

### Islands Held By South Korean Naval Forces Important To Allied Campaign

SOUTH KOREAN NAVY HEADQUARTERS —(AP)—South Korean Marines and navy units have occupied about 20 islands, some of them by commando strikes, since the Reds took the Korean west coast and part of the southern shoreline.

All these islands, a spokesman told The Associated Press Monday, still are held by South Korean forces. They will contribute to the reoccupation when the United Nations offensive begins, he said.

Many of them serve as means of harassing the enemy. In the Haeju Bay area of the west coast, the occupation of Taeyonpyong was planned strategically to cut Red supply lines by sea and threaten seaborne shipments through the

port of Haeju to the Red Korean capital, Pyongyang.

The same purpose is advanced by occupation of Tokchok, Tonghung, Soljak and Taebu Islands in the Incheon area, farther south. Recent reports confirm total abandonment of Incheon as a Red supply port, Soljak and seven other small islands in that area were taken without opposition.

Strategic islands likewise have been taken in the Kunsan area, south of Incheon. Annunyn and three smaller islands north of Kunsan were occupied. Marines also landed on WI.

In the Mokpo area, along the lower western coastline, the occupation of Imja was accomplished

JOURNEY INTERRUPTED — Caught by North Korean snipers as they were riding in their jeep in the sector above Taegu, South Korea, GI's hide in a ditch while soldier, left, searches for the gooks. NEA-Acme Staff Correspondent Stanley Trelick was riding in the jeep and took this dramatic picture during the tense moment.

### Bond Vote Initiates Action By City On Improvement Plans

Confirmation orders for water and sewer pipe, placed by the City of Midland under the condition a \$3,000,000 water and sewer expansion program would be adopted by voters, will be made this week. City Manager W. H. Oswalt announced Monday.

City voters Saturday stamped approval on the issuance of \$3,000,000 in revenue bonds for water and sewer improvements and \$500,000 in tax supported bonds for new fire stations and equipment, street improvements and a new city jail.

Delivery of the water pipe is expected to begin in October with the sewer pipe delivery slated to begin in December. The city manager said the first projects under the bond programs will be the expansion of water and sewer services to areas in the south sector of the city.

The City Council Tuesday night is expected to canvass Saturday's election returns and discuss procedures to be followed in initiating improvements as promptly as possible.

Midland County Commissioners Monday voted to canvass returns of the county's \$1,000,000 bond election. County voters, by a 625 to 244 margin, favored the issuance of tax-supported bonds to finance various projects including the acquisition of additional right-of-way to widen North Front Street; extensive drainage project to divert runoff water to Midland Draw; construction of curbs and gutters on the Front Street project; grade separation at the Big Spring Street crossing, and the acquiring of additional right-of-way for the widening of U. S. Highway 80 to east county line.

### War Mobilization Machinery Starts

WASHINGTON—(AP)—President Truman's new war mobilization machinery, geared to a \$30,000,000,000-a-year arms program, began to roll Monday under a production boss borrowed from industry.

William H. Harrison, president of International Telephone and Telegraph Corporation, walked into the hot spot as head of a new "National Production Authority" (NPA) in the Commerce Department.

His first job, after Monday's swearing-in, was to face the steel industry—the presidents of 21 companies, invited here to discuss how to divide steel supplies between booming civilian factories and mushrooming war plants.

This was the first move in a mobilization against Communist aggression which Truman said Saturday night may last many years and will require sacrifices of every American.

A series of orders is expected to follow. But actual "allocations"—that is, assignments of steel and other materials to particular users—may not begin for weeks. And civilian goods—autos, television sets, freezers and others—may not be affected for months.

3. A list due immediately ahead, perhaps within this week, are:

1. Issuance of a scarcity list by Truman, naming materials in short supply. Steel, copper, rubber, and aluminum will be on it.
2. An inventory control, or anti-hoarding, order by NPA. This will make it illegal for business firms or others to amass supplies of the scarce goods beyond a normal working level.
3. A priority regulation, to compel mines and factories to put defense orders ahead of all others.

In his Saturday night radio and television speech, and in executive orders, the President announced a mobilization program involving eight federal agencies. He said defense spending will be doubled—to \$30,000,000,000 a year—by next June. He demanded much higher taxes.

He created an "economic stabilization agency" (ESA) to hold down inflation.

Emerging at the top of the mobilization program was W. Stuart Symington, chairman of the National Security Resources Board. Symington will coordinate the efforts of all the agencies and settle policy disputes.

Truman gave to the Commerce (Continued On Page Nine)

### Long Island To Cape Cod Area May Feel Atlantic Hurricane

MIAMI, FLA.—(AP)—The Atlantic Coast from Atlantic City to Cape Cod faced the prospect of a gale winds or higher Monday as its forward pace and bypassed Cape Hatteras.

The storm, once packing 160-mile winds but now down to about 100 miles an hour, will swing "pretty close" along the Long Island-to-Cape Cod coastline, said Grady Norton, chief storm forecaster in the Miami Weather Bureau.

"Winds of gale force should begin along the coast around Atlantic City and probably will reach New York City," he said. "Long Island and New England will be closer to the center, and the Cape Cod-Nantucket area may get hurricane winds. At present it appears the storm's center will pass east of Nantucket about midnight, but very close there and at Cape Cod."

As this 13-day-old storm moved northeastward about 16 miles an hour, another hurricane sprang up in the Atlantic 1,000 miles east of Puerto Rico.

### Veteran Playwright Breaks Thigh In Fall

AYOT, ST. LAWRENCE, ENGLAND—(AP)—George Bernard Shaw, the aged Irish playwright, was taken to a Luton hospital Monday with a broken thigh.

Shaw fell in the garden of his home Sunday. Hospital officials said Shaw would be operated upon Monday night. He was 94 years old on July 26.

WEATHER

Partly cloudy and cooler Monday night and Tuesday. Maximum temperature Sunday 96 degrees. Minimum Monday 66 degrees.

## Feelers Stabs Hint New Red Push

TOKYO—(AP)—American and Communist artillery and infantry slugged at each other in bitter, close-range fighting seven miles north of Taegu Monday, but at nightfall a U. S. First Cavalry Division spokesman said there had been no change in the front.

A fresh Red Korean offensive was expected at any hour, following up the current brisk feeler actions against that vital northwest corner of the Allied defense perimeter in Korea.

## Allies Grind Out Gains In Eastern, Southern Sectors

The spokesman said "considerable action" was expected in the area Monday night, but field reports about midnight indicated no major developments.

AP Correspondent Jack Macbeth reported Navy Corsair fighters put in a night raid against Tabu, enemy supply point 12 miles north of Taegu, but results were not known. American artillery fired phosphorus shells to light the planes' targets.

A North Korean broadcast communique Monday night said the Reds were advancing south of Tabu, but gave no particulars.

General MacArthur's Tokyo headquarters omitted its usual war summary early Tuesday, as it often has done when action is not outstanding.

U. S. Eighth Army spokesman in Korea said the American barrage north of Taegu had knocked out "a great many" Red guns.

Six-Mile Advance

East of this sector, Allied South Korean forces ground ahead in an attack which has secured the defenses of Yongchon, eastern gateway to Taegu.

Elements of the South Korean Eighth Division drove six miles north of the vital Wonsan-Kyongsu highway at one point in the northeast sector. At the high tide of last week's breakthrough, Red Korean artillery fire closed this road.

On a third critical area, Allied aircraft mangled a Communist regiment of 3,000 men in the Nakdong River bulge west of Changniyong.

The U. S. Second Division repulsed a sharp Red attack in the bulge. Slashing Allied fighter planes caught the North Koreans in the open as they rolled back from the "Doughboy" bulge.

This setback, added to previous Red losses, left the battlefield strewn with 1,000 Communist dead and 1,500 to 3,000 wounded, reconnaissance pilots reported.

Signs of Red Withdrawal

Farther south, the U. S. 25th Division beat off several light attacks. The 25th counted the day as quiet in comparison with the heavy blows of last week.

Allied pilots reported some signs of a Red Korean withdrawal in this area west of Masan. The pilots said two Red battalions were moving north toward Uiryeong.

The Eighth Army communique said the Red Koreans smashed at First Cavalry foot troopers east of Waegwan and hurled the Americans back three-fourths of a mile.

On the First Cavalry's right flank, Doughboys pushed almost one mile through heavy fire toward the walled town of Kasan, 11 miles (Continued On Page Nine)

### Stranded Teachers Start Journey Home

PARIS—(AP)—About 50 of the 180 students and teachers stranded here and in London for the last week were scheduled to leave by plane for home Monday.

The students were stranded when the Tiger Air Line informed them the travel service sponsoring their trip had not paid their return air passage.

Under an emergency arrangement, the students will pay an additional \$165 each to the airline. They will be reimbursed when the line collects the money from the travel service, which already had paid \$355 by each of them.

Among the group leaving for home Monday are Mr. and Mrs. Lowell G. Perry of Abilene Christian College, Abilene, Texas.

### Bruised Body Of Army Man Found

SAN ANTONIO—(AP)—Military and civilian authorities here Monday were investigating the death of Lt. Col. James M. Emigh, 45. His mangled and bruised body was found sealed against the wall in a hall at his apartment Sunday. He last was seen about noon Saturday. He had been under treatment at Brooke Army Hospital but maintained the apartment in the city.

### Marriage No Way Out For AF Gals

SAN ANTONIO—(AP)—Marriage no longer will provide an automatic means of discharge for women of the Air Force.

This announcement was made Monday to WAF's at Lackland Air Force Base here, as result of tightening of Air Force regulations.

Under the new Air Force policy, the same discharge rules, applicable to men, became effective for WAF's September 1.

### Lamesa Man Killed In Auto Accident

LAMESA—(AP)—Artie Lee Wells, 33, Lamesa garage operator, was killed and six other persons injured near here Sunday when the automobile he was driving skidded on wet pavement and struck a tree.

### \* LATE NEWS FLASHES \*

COSHOCTON, OHIO—(AP)—A report Monday afternoon from Dr. William E. Phoad, county coroner, raised to "at least 32 and possibly more" the number dead in the collision of a Pennsylvania Railroad streamliner with a troop train near West Lafayette.

WASHINGTON—(AP)—The New York Yankees climbed into a tie with idle Detroit Tigers for the American League lead Monday by defeating the Senators 5-1 in the first game of a doubleheader.

HOUSTON—(AP)—A three-judge federal court Monday declined to take action on an injunction suit aimed at preventing alleged segregation and exclusion of negroes from 36 Texas state parks.

WICHITA FALLS—(AP)—Another flood, the fourth of the summer, threatened here Monday as Lake Wichita and Holliday Creek started rising rapidly after a four-inch downpour over their watersheds.

★ IN HOLLYWOOD ★

**Nina Talks On Taboo Theme Proving She's No Freud-Cat**

By **ERSKINE JOHNSON**  
NEA Staff Correspondent

HOLLYWOOD — While other panicky movie dolls are worrying whether this or that supposed symptom means anything mentally, a Duse name Nina Foch is telling her subconscious where to get off.

No tantrums on movie sets, no snake pit didoes and no road maps showing the nearest route to the psycho clinic for Nina.

She whacked ten years off her press agent's life span by telling me:

"Darling, I've had an analysis. Now, the oh-so-comfy couch in the darkened offices of any Dr. Zilberphage you can name is as taboo on the average star's conversation list as unadorned husbands and private opinions or producers' brain cells, but Nina's right up there with Shelly Winters when it comes to blurring out what's on her mind.

"Columbia paid for my analysis, too," Nina says. "I was lonely and mixed up. I thought I was out of step. But after my analysis, I realized that I was out of step with something I shouldn't have been in step with in the first place."

You don't catch Nina biting the hand of the studio that shelled out

so that she could say, "Boo, yourself" to schizophrenia, dementia praecox or any of the other Freudian monsters that scare nervous movie dolls.

**Bellowing Baso**

"She explains," Columbia taught me what it was that I should never do. Where else in the world but Hollywood can an actress get paid to grow up?"

The Nina with the mental kinks all neatly ironed out is back in movietown with a bellowing new voice that makes Lauren Bacall, Pat Neal and Ann Sheridan sound like sopranos.

Nina has the role of her movie career at MGM in "An American in Paris."

"The woman I play is terribly neurotic," Nina sighs with pleasure. "But I don't think the studio knows it."

The minute word got around that the Foch name was on the same payroll as Clark Gable and Lana Turner, holders of real estate agents began to camp at Nina's doorstep with listings of bargain Hollywood mansions.

She's strictly an apartment girl.

"Besides," she said, "I had to cancel out Summer stock jobs to do this and pay the managers a hefty sum for my release. When I finish with the picture, I'll have a zero."

Nina is a bug about the stage and she's been advised to keep her mouth zipped up in the presence of Hollywood scribes.

"She says she'll talk anyhow."

Her foot's been in her mouth ever since she hit Celluloid Alley and began to sound off.

**Three-B's Background**

Lots of filmsters used to run the other way, too, when it became known that her papa was conductor of the London Civic Symphony, her mother a concert pianist and her maternal great-great uncle the celebrated Lord Byron.

"I got into trouble because I didn't come from a gas station," she laughs. "I could speak English and people who can speak English aren't understood by people who come from gas stations."

Let Hollywood make what it will of it, Nina prefers Broadway.

She drools over flop plays—"My agent told me I'd lay an egg by doing 'The Phoenix Too Frequent' but I pointed out that I was going to feel awfully good laying it"—and says that she's got a trick or two with make-up that turns her into a tearing beauty in front of the footlights.

"It's time Hollywood stopped being on the defensive when somebody lets it drop that he'll take Broadway. What are you people afraid of out here? I wouldn't criticize anybody who told me he hated New York. I'd look at him and say: 'What's the matter, can't you get a job?'"

Maybe she'll get shot at dawn for saying it, but she even likes making pictures in New York. She co-stars with Dick Haymes in "St. Benny the Dip" and for her money there's more freedom to running the emotional gamut under the shadow of Grant's tomb.

"You don't have the production office on your neck."

No iron-clad movie contracts for Nina.

She says: "One picture a year perhaps, with the right to do what I want to in the theater."

**Berlin Jobless Eat Spuds But Look To Future With Courage**

**BERLIN**—(NEA)—Western Berlin's unemployed are eating fish and potatoes. They're patching up old worn-out clothes to make do, and they're trying to pass the tempting displays in shop windows without looking or wincing.

Their problem is not that of the ordinary unemployed worker anywhere.

Besides being without work, they must face the atmosphere of a wrecked city, the realization that one of every three Berliners is affected by the lack of jobs, and the ever-present fears of Russian blockade.

Despite all this, the Berlin unemployed hang on out of necessity, out of love for their city, out of stubbornness.

**Alive And Happy**

Primarily, they hold out because they are sure Berlin will one day be alive and happy again. They are convinced that they and the Allies can hold this western outpost pending the liberation of their German brothers in the Russian zone.

Because the spirit of this army of unemployed is so vital to western aims in Germany, the job of maintaining their tables and their morale is receiving a high priority.

City government officials have brought unemployment pay up to nearly two-thirds the average wage. The West German government at Bonn contributes funds through a special stamp tax.

The Marshall Plan provides wages for unemployed engaged in clearing rubble, replanting city parks. And the U. S. Army has given orders for soldiers' underclothing to textile factories hit by the business slump.

**Typical**

Thirty-year-old Ernst Schuck is a typical jobless Berliner.

Like many others, he took refuge in Berlin when the Russians overran his home in east Germany. He married during the last days of the German retreat, so

"NOTHING TODAY" is the answer Ernst Schuck (right), one of Berlin's thousands of unemployed workers, gets at this trucking concern. Schuck makes periodic tours of the city, but the answer is always, "Nothing today."

his wife Hildegarde would not have to join the army. Ernst himself was exempt because of a lung ailment.

Swollen by refugees, West Berlin was a city of unemployed since its fall. The year-long Russian blockade struck West Berlin just as recovery had appeared definite.

"There'll be many more months of fish and potatoes," Ernst admits. "But give us five years. You won't recognize Berlin. We've got to do it. Too many people are depending on us."

**Ration Selves**

Ernst gets \$11 a week unemployment pay to support his wife and two children. He and Hildegarde ration themselves so their children may have enough milk and eggs. They've long since stopped buying clothes.

But things are getting better. In Ernst's district in the past two months, more than 8000 have found jobs. There are still nearly 40,000 without work, and less than 100,000 with jobs in this area.

Anyone who has worked as long as 26 weeks since 1945 can qualify for unemployment pay. That leaves only habitual black-marketers and loafers out in the cold.

**War-Vital Chemical Plant Walkout Ends**

**DETROIT**—(AP)—One of the producers of war-vital chemicals resumed operation Monday after employees of Wyandotte Chemical Corporation voted to end a five-day wage strike and go back to work.

This was the first break in a series of strikes that tied up seven of the nation's factories which produce soda ash, caustic soda, and chlorine.

The shutdown at Wyandotte and other major chemical plants is estimated to have halted 65 per cent of the nation's soda ash output.

Federal mediators now are attempting to end strikes at the other plants.

**J. Parnell Thomas Released From Prison**

**ALLENDALE, N. J.**—(AP)—J. Parnell Thomas, the ex-congressman who went to prison for padding his government payroll, is home again.

He did not say whether he ever would re-enter public life, but remarked that his immediate plan is "well-needed rest."

The former chairman of the House Committee of Un-American Activities returned to his family here Sunday after serving eight and a half months of a six-to-18 month sentence at the Federal Correctional Institution at Danbury, Conn. His wife, son, and some friends motored home with him.

According to a survey, if you drive at more than 40 miles an hour, your chances of having an accident are multiplied by 25.

**Two Sets Of Five Brothers Each Go Into Army Service**

**UTICA, N. Y.**—(AP)—Five brothers, two of them veterans of World War II, went on active duty with the Army Monday.

The five sons of Mr. and Mrs. Joseph Leone, were called into service with their New York National Guard unit, the 132nd Ordnance Medium Automotive Maintenance Company.

They are Sgt. 1/c Francis A. Leone, 29; Sgt. 1/2 John L. Leone, 23; Cpl. Anthony C. Leone, 21; Pfc. Michael R. Leone, 19, and Pvt. Robert R. Leone, 18.

Francis and John served in the Pacific Theater in World War II. Francis was with the 27th Division and John with the Seabees.

Another set of five brothers has been ordered to active duty Monday with a National Guard unit in Vermont, Ill. They are Sgt. George E. Bucy, and his brothers, Sgt. Otis E. Claire H. Eldon and John.

Army officials in Washington were unable to say whether the signing of the two groups was any kind of an Army record.

In World War II, five brothers—the Sullivans of Iowa—were lost when the cruiser Juneau was sunk in the battle for Guadalcanal.

**Sabotage Blamed In Indian Train Wreck**

**CALCUTTA, INDIA**—(AP)—Authorities blame removal of bolts from the tracks for Friday's train wreck in which an estimated 50 persons died 40 miles from Dacca.

The engine and four coaches hurtled off a bridge and into the water.

Dacca police said they found the bolts in shallow water near the bridge. The accident occurred near the same spot where five months earlier a similar sabotage attempt was made, authorities said.

**SGT. PENNY MERTZ GETS MARINE ORDERS**

Sgt. John P. (Penny) Mertz, son of Mr. and Mrs. Dan Hudson, received orders Sunday to report September 26 for active duty with the Marine Corps at Camp Pendleton, Calif.

Sergeant Mertz served two years in the Marines, including service in China, and is a Marine reserve. He has been attending Indiana University.

**Convicted Traitor Is Victim Of Stroke**

**BOSTON**—(AP)—Robert I. Best, 54-year-old former newsman convicted as a traitor for broadcasting German propaganda during World War II, was reported in fair condition at City Hospital Monday following a cerebral hemorrhage.

His name has been on the danger list since he was stricken in his Charles Street jail cell Saturday. Best, a South Carolina native, has appealed a life imprisonment sentence imposed April 16, 1948.

**Announcing the Double-Duty CHRYSLER Traveler**

the smart new sedan that converts in seconds into a sports car or cargo carrier.

Twice as useful as any ordinary car! Use it as a beautiful sedan seating six! Or fold down the hinged back seat and cushion... and you have a level deck 6½ feet long. You can sleep on it... load all your hunting and fishing gear... haul farm implements, fence posts—a thousand and one things no regular car can carry. It's like having two cars in one. Come see how the new Chrysler Traveler makes your dollars do double duty. Take the wheel... find out how Chrysler's built-in value all the way through is combined with new utility that beats anything on the road today.

See how the rear seat cushion folds forward against the front seat back, and rear seat back turns down to form flat, level-loading platform. Spare tire can be carried in passenger compartment, or in well at right of luggage compartment.

Counter-balanced trunk lid opens easily, and stays open for easy loading. Sturdy luggage rack on roof adds conveniently to the huge carrying capacity of this car. Upholstery is tough plastic that resembles grained alligator hide.

**HARGROVE MOTOR CO.** 624 West Wall Street

**★ RUTH MILLETT ★**  
**Wise Mother Tells Of Plans  
 In Case Husband Is Called Up**

By RUTH MILLETT  
 NEA Staff Writer

Says the mother of three: "Jim was in service during the last war and I have a hunch he'll have to go again before we're through with Russia."

"But this time I'm not going to sit and worry and fret and let the separation spoil things for us even before it comes."

"It seems to me that the best thing I can do is see that the five of us have as much fun as we can as a family, even though the war is hanging over our heads."

"Jim and I had planned to leave the children with their grandparents this year while we went off on a vacation, just the two of us."

"But we've decided that we ought to make the most of our togetherness while it lasts, so we are going to pick a vacation spot where the whole family can have a good time together."

"And that's not all. I'm cutting out a lot of the useless activities that have been keeping me rushing around so that I can be a more calm, relaxed person and have more time for Jim and the children."

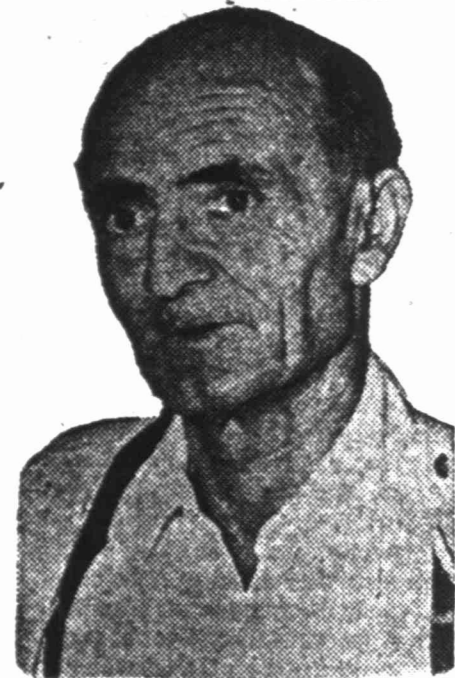

"When I recently turned down two requests to serve as a committee chairman for a couple of my social organizations, because I had made up my mind to concentrate on my family for awhile, the women who asked me to take the jobs acted as though I'd lost my mind."

**Family Life Comes First**

"Maybe my attitude does sound selfish. But I can't help feeling it is terribly important now to put my family life first. The threat of another long war hangs heavy over all of us. And since there is so little that we can do about it as individuals right now, it seems to me that we owe it to our husbands and children to try harder than ever to make home a peaceful, happy place and to give our children as much family companionship as possible."

"That, it seems to me, is much more sensible 'hoarding' than most that is being done these days. Hoarding good times and fun and shared experiences will really help a family through any bad years that may be ahead."

(All rights reserved.  
 NEA Service, Inc.)

E. W. Dill, 1864 Wilford, East St. Louis, Ill., says he's the happiest man in Illinois, now that he's feeling better. Mr. Dill gives all the credit to HADACOL for feeling so much better. He was suffering from deficiencies of Vitamins B1, B2, Niacin and Iron.

Here is Mr. Dill's statement on what HADACOL did for him: "I was a conductor for the New York Central Railroad for over 27 years. In 1947 a locomotive ran over me. I was in the hospital a year and a half. After I got out of the hospital I was very nervous and had dizzy spells all the time. I tried many things—nothing seemed to help me. Then a friend of mine persuaded me to take HADACOL—and after he insisted for 2 weeks I finally got some HADACOL. What a marvelous change has taken place—now I am able to move around, am hardly nervous at all and dizzy and fainting spells, why, they've almost completely vanished. Now I feel so good I have opened up a candy store and do a good day's work. HADACOL—why, that's the most wonderful thing there is in this world. I recommend it to all my friends."

Many Thousands are benefiting from HADACOL... even hundreds of doctors are recommending HADACOL to their patients whose systems lack Vitamins B1, B2, Iron, and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails.

Don't continue to be miserable! Don't continue to suffer!

Give remarkable HADACOL a chance to help you and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50.

**Dr. O'Brien Will Speak At Big Spring Association Meeting**

Dr. P. D. O'Brien, pastor of the First Baptist Church in Big Spring, will deliver a lecture on "Civil Rights" at 10:30 a.m. Wednesday in the Calvary Baptist Church here. He is among the prominent ministers scheduled to speak at the forty-second annual session of the Big Spring Association Tuesday and Wednesday.

Dr. P. D. O'Brien

**League Has First Meeting**

The League of Women Voters held its first meeting of the season at noon Saturday in the Crystal Ballroom of Hotel Scharbauer. A special program was presented by Mrs. J. S. Rhoden as a background for a future call for action from the national headquarters of the league.

Mrs. George Turner spoke on "The Technical Assistance Program of the United States for the United Nations." Mrs. Jeff Montgomery spoke on "China and Formosa" and Mrs. W. F. Pennebaker on "Korea."

**Dedication Held For Big Spring Hospital**

BIG SPRING—Gen. Carl R. Gray, Jr., administrator of veterans affairs, dedicated a new 250-bed veterans hospital here Sunday. Three thousand persons attended the brief ceremonies in front of the \$6,000,000 institution.

Dr. Lloyd B. Andrews was introduced as the first manager of the hospital. Adolph Swartz, Big Spring, Chamber of Commerce president, presided.

The hospital admitted its first patients July 17 and expects to have its full patient load by Winter.

**MIDLANDERS ATTEND HOSPITAL DEDICATION**

Dr. and Mrs. H. Glenn Walker and son, Jonathan, were among those from Midland attending the dedication of the new veterans hospital in Big Spring Sunday. Dr. Walker, a life member of the Disabled American Veterans, is senior consultant in internal medicine for the new VA hospital.

When freshening the inside of your refrigerator, don't forget a thorough scrubbing for each ice tray. A weak solution of baking soda is excellent for these tasks.

A Long Stride Forward

Midland voters, by approving the issuance of \$4,500,000 in city and county bonds for public improvements in Saturday's special elections, took another long stride forward in assuring the continued and orderly development of this, the headquarters city of the Permian Basin Empire.

That each of the city and county bond proposals passed by substantial margins is very encouraging and indicates a majority of the citizens favor continued progress in ever-growing Midland and that they are willing to foot the bill for worthwhile and needed improvements and expansions necessitated by the rapid growth and development of the city and county.

The City and County of Midland are at the crossroads, having reached the point where it is necessary to take advantage of their opportunities by providing additional funds in order to keep pace with progress, or to take backseats among Texas cities and counties.

Now, thanks to the outcome of the city and county bond elections, essential improvement and expansion projects may be carried forward in a well-planned and orderly fashion to further establish Midland's claim as West Texas' most progressive city.

Congratulations are in order for those interested citizens who took time out Saturday to cast their ballots in the two important bond elections.

Now that issuance of the bonds has been approved by the voters, it is up to the City Council and the Commissioners Court to sell the bonds at the best interest rates possible, to expedite the improvement and expansion programs, and to see that the taxpayers receive dollar-for-dollar value in the bond fund expenditures.

The responsibility of administering the bond funds in the wisest, most economical and most beneficial manner possible rests with the City Council and the Commissioners Court.

Most of the projects for which bond funds were voted are urgent and it is hoped prompt steps will be taken to get them underway. Some of the improvements were needed yesterday.

Plans for several of the jobs are nearing completion and the city has on order at current or lower prices much of the materials needed for proposed water and sewer improvements and expansion.

At any rate, bond funds for improvements are available, citizens are pulling together for community betterment, and Midland continues to go forward.

It's Progress in ever-growing Midland.

DREW PEARSON ON The WASHINGTON MERRY-GO-ROUND. Includes a small portrait of Drew Pearson.

WASHINGTON — Behind the President's apology to the Marine Corps was some dutch-uncle talking by Chairman Bill Boyle of the Democratic National Committee.

At first, Truman refused to retract. He was mad as blazes about newspaper criticism of his remarks which he felt was inspired by Republicans.

Boyle bluntly told Truman that his criticism of the Marines, however well-intentioned, might defeat a number of Democrats in November.

This is not a question of the survival of the Marine Corps. Maas told the delegates. "We are fighting another war, and it is a question of whether civilization will be destroyed right in front of our eyes."

Members of the White House staff are holding their breath for fear some of the other tar, impetuous letters Truman has written now will leak out.

Fortunately, most were written to old friends who have kept the letters as souvenirs. The Marine Corps letter, being written to a Republican, promptly was used by him.

Members of the official family have tried this but it doesn't pay. For the President resists opposition.

Members of the official family have tried this but it doesn't pay. For the President resists opposition.

While the President doesn't go off on these tangents often, when he does, they are beauty. Furthermore,

Have A Laugh. By BOYCE HOUSE. A man burst angrily into the lawyer's office and said, "Jones cussed me out on the street a minute ago and told me to get out."

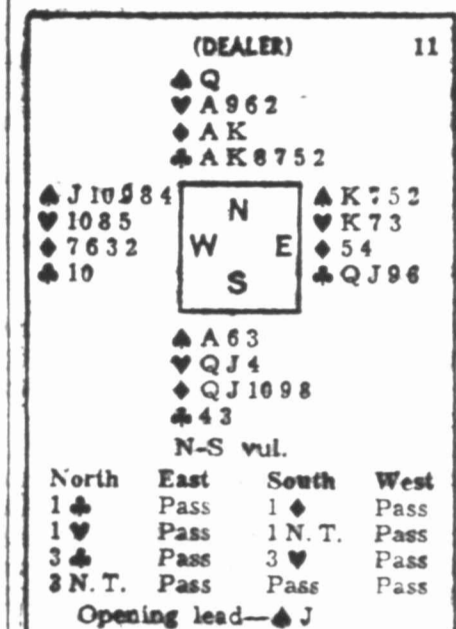

So They Say. I am an optimist. If I were not an optimist I don't think I could have been Secretary-General of this organization for five years.

Casualties in Korea. WASHINGTON (AP)—The Defense Department, in Korean war casualty list No. 91, Monday reported one Texan killed in action...

What's Right? You have a friend who is moving to a town in which another good friend of yours lives.

JACOBY ON BRIDGE. By OSWALD JACOBY. Written for NEA Service.

"Please comment on the bidding of this hand," asks a San Antonio correspondent. "Some of the players at our club think that North should not encourage a no-trump contract with his unbalanced distribution."

reached, and both unfortunately went down. The question of which contract is better is probably just academic.

The FORMER MISS FREY. By Edwin Ruff. Copyright 1950 by MEA Service, Inc.

Jenn said. He glowered at her. "Look here, I'm not taking any impudence from a kid like you. You're not in such good case yourself right now, young lady."

Myron lit a cigaret in absent fashion and began spilling ashes over the rug.

"Not a solitary thing," Ede joked steadily out of her green eyes.

"Then that proves it's ridiculous, isn't it, Myron?" Myron, seated in a corner near the fireplace, looked lost and confused.

Ede rose abruptly. Her eyes, curiously light-green now, were narrowed. "You are being nasty, Jeff."

"What's going to happen here?" Myron asked. "I mean about your—about Peter?"

"Well, what's going to happen here?" Myron asked. "I mean about your—about Peter?"

WASHINGTON COLUMN. Railway Freight Car Shortage Poses Vital Transport Problem.

WASHINGTON—The next two months are a big test for U. S. railroads, even if the threatened strike of the Brotherhood of Railway Trainmen and the Order of Railway Conductors is settled.

Freight car surpluses built up to as high as 50,000 a day. The railroads quit ordering new equipment. And that condition obtained right up to the beginning of the war.

U. S. railroads' combined reports show they now are taking delivery on about 3,500 new cars a month. They hope to step it up to 5,000 to 7,000 a month.

Q—How does our Washington, D. C., compare with state capitals in population? A—Washington has a larger population than any of the 46 state capitals.

Q—What is the origin of the expression to make one "the goat"? A—It comes from the word scapegoat.

Q—Are grasshoppers edible? A—In many parts of the world, notably Japan and the Near East, roasted grasshoppers are eaten as a food.

Q—How much would a person's weight decrease on the moon? A—A person weighing 150 pounds on earth would weigh 24 pounds on the moon.

## Betty Reeves Is Wed To W. R. O'Neil

Betty Ruth Reeves became the bride of W. R. O'Neil Sunday afternoon in the home of the bride's parents.

The bride is the daughter of Mr. and Mrs. A. C. Reeves, 410 West Hart Street. O'Neil is the son of Mr. and Mrs. R. L. O'Neil.

The Rev. J. C. Goins, pastor of the Bellview Baptist Church, read the ceremony.

Given in marriage by her father, the bride chose a tan lace dress with brown and white accessories. Her corsage was of white carnations and she carried a white Bible.

Jo Ann Stevens was maid of honor and the best man was Alfred

Reeves. Miss Stevens chose a brown dress with tan accessories and a corsage of yellow daisies.

The bride's mother chose a black dress with corsage of gardenias. The bridegroom's mother also wore a black dress with a gardenia corsage.

A reception was held in the home of the bride's parents. The table was centered with a tiered wedding cake topped with bride and bridegroom figurines.

Cake was served by Mrs. Edd McGee. Mrs. Albert Stewart, Jr., presided at the punch bowl.

O'Neil is employed by the Reynolds Grocery. The couple will reside in Midland.

**METHODIST HOME LEADERS**—Supt. and Mrs. Hubert Johnson of the Methodist Home at Waco will be honored when the home celebrates its sixtieth anniversary Thursday. Midland friends of the home are invited to attend the celebration.

## Monroe Will Speak At P-TA Meeting

Frank Monroe will be the guest speaker at the first meeting of the South Elementary Parent-Teachers Association to be held at 9:45 p. m. Tuesday in the school auditorium.

Before the meeting an executive meeting will be held at 2:30 p. m. in the principal's office. Following the meeting a social hour will be held.

**LICENSES ISSUED**

Marriage licenses have been issued by the county clerk to Roy Henry Dubitzky and Dorothy Ann Duke, Clinton Eugene Morgan and Leona Mae Livers, and Wilburn Ray O'Neil and Betty Ruth Reeves.

## Lano Thompsons Home In Crane

CRANE—Mr. and Mrs. Lano Thompson will be at home in Crane after their marriage September 8 in the Church of Christ. The officiating minister was Dan Clark.

Mrs. Thompson, the former Bobbie Nell Aaron, is the daughter of Mr. and Mrs. C. D. Aaron.

Barbara Aaron, sister of the bride, was maid of honor. Shelton Hesson was the best man.

The bride wore a brown street length dress with brown accessories and a white carnation corsage.

Mrs. Thompson is a graduate of Crane High School. Thompson is employed by the Texas-New Mexico Pipe Line Company and attended the Troupe schools.

## Midlanders Invited To Attend Function At Methodist Home

Mr. and Mrs. Fred Wemple and Mrs. Phil Scharbauer, who with Mrs. Alma Thomas of Austin, have donated a girls' home to the Methodist Home, Waco, are among Midland friends invited to a dinner in Waco Thursday evening, celebrating its sixtieth anniversary and honoring Supt. and Mrs. Hubert Johnson.

## Registered Nurses Will Meet Tuesday

The first monthly meeting of the Texas Graduate Nurses' Association, District 21, will be held Tuesday night in the Lotus Inn, 608 Sealy Street, Monahan's.

A district conference of the association will be held in Midland September 20. Day and night sessions are scheduled. All registered nurses are urged to attend these meetings.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 11, 1950-5

## Leona Livers Is Wed To Clinton Morgan

In a double ring ceremony Sunday evening, Leona Livers became the bride of Clinton Morgan. The wedding took place in the First Methodist Church.

The bride is the daughter of Mrs. Edith Livers of Stillwell, Okla. Morgan is the son of Mr. and Mrs. Arch Morgan, 300 East Florida Street.

The Rev. H. H. Hollowell, pastor, read the ceremony, and the traditional wedding music was played by George DeHart. The church was decorated with white carnations and lilies.

Given in marriage by Clyde Pickering, the bride chose a navy crepe dress with blue and white accessories.

Her bridal bouquet was of baby pink roses. Pickering is her cousin.

**Reception Held**

Vernie Nash, matron of honor, wore a navy blue suit with white accessories and a gardenia corsage. Raymond Lunsford served as best man.

The bridegroom's mother chose a blue suit with white accessories and a corsage of white carnations.

After the wedding a reception was held in the home of the bridegroom's parents. Dick Monroe of Tulsa, Okla., was the only out-of-city guest.

The couple will leave Wednesday to make their home in Austin, where Morgan will attend the University of Texas.

## Dr. A. V. Johnson Attends Meeting

Dr. A. V. Johnson of Midland, attended a two-day lecture course at the Fall meeting of the West Texas Chiroprody Association held in Lubbock last weekend.

Chiroprodists from 17 west Texas counties and Oklahoma and New Mexico attended the parley.

Lectures of the course were concerned with mechanical orthopedics and podopediatrics.

Johnson is president of the association.

## RELEASED FROM HOSPITAL

Mrs. A. B. Pou, Route 2, Midland was released Sunday from Western Clinic-Hospital, where she had been a medical patient for several days.

## MAJOR SURGERY

Mrs. Alfred E. Walker, 2001 West Kentucky, was admitted Sunday to Western Clinic-Hospital, and underwent major surgery Monday.

## Attendants For Cleveland-Kiel Rites Named

Ann Cleveland, daughter of Mr. and Mrs. Reese Cleveland, has announced the attendants for her wedding to O. B. Kiel, Jr., son of Dr. and Mrs. O. B. Kiel of Wichita Falls. The wedding will take place October 3 in the Trinity Episcopal Church.

Mrs. Frank Kiewer of Chickasha, Okla., will be matron of honor. Bridesmaids will be Martha Gene Kiel, sister of the prospective bridegroom; George Ann Cleveland of Pasadena, Calif., cousin of the bride-elect, and Dorothy Faye Holt of Midland.

Frances Barnard, daughter of Mr. and Mrs. Bruce Barnard of El Paso, and Jane Roderick, daughter of Mr. and Mrs. Dorrance D. Roderick, Jr., of El Paso, will be flower girls. They both are cousins of Miss Cleveland.

Danny Boone of Tatum will serve as Kiel's best man and groomsmen and ushers will be Robert Bolin William Bolin, E. B. Clark, William Walker and Ralph Dunkleberg, all of Wichita Falls.

## CUT IN ALTERATION

Hubert Danley, 201 North Dallas Street, was treated Sunday night at Western Clinic-Hospital for a cut on his cheek, reportedly from an altercation in a West side tavern.

## SURGICAL PATIENT

Lee Cource, 407 North Loraine Street, was admitted Sunday to Midland Memorial Hospital for minor surgery.

## MEANS TO AN END

The eye is only an instrument of vision. Sight is a brain process dependent for its correct functioning on the normal reaction of the nervous system.

## New Cargo Ship Is Being Designed

NEW YORK—(P)—America's new post-war freighter, scheduled to be launched late this Fall, may be the forerunner of a long line of similar ships. The S. O. Bland, named in honor of the late Virginia congressman who is regarded as the father of the Merchant Marine Act of 1936, is a prototype that would serve as a model in the event there is another mass production ship construction program to replace the slower Liberty ships of World War II fame.

Not since 1947 has there been a dry cargo vessel turned out by U. S. shipbuilders for American flag operation, according to the American Merchant Marine Institute. While the top speed of the prototype is a secret, its design calls for 20 knots or nearly double that of the Victory ship and well above the Liberty and C-types. It will cost \$5,000,000 and at 10,500 deadweight tons will have the same capacity as a Liberty ship.

## STATES PUSH CONSERVATION

CHICAGO—(P)—States are giving increased attention to conserving their natural resources, the Council of State Governments reports. It cites some of the actions of recent state legislatures. Wyoming put \$750,000 and a five-man board to work against grasshoppers. South Carolina established a new state water pollution control authority. Virginia set up commissions to supervise oil and gas wells and to regulate oyster fishing.

## EXTRA PIE SHELL

Since Johnson took over as superintendent of the home in 1933, 10 new buildings have been added, most of them residences for 20 or 25 children instead of the old style dormitories. Twenty-five acres have been added to make a total campus of 109 acres, and an extensive landscape improvement program has been followed. About half of a five-million-dollar endowment goal has been reached, and special and building funds of more than a million dollars created. A \$100,000 indebtedness against the home also has been discharged.

Attractive interior surroundings and homelike rather than institutional life for children have been stressed. Mrs. Johnson has added a trained dietitian. The Johnsons keep track of a sponsor system by which Methodist Sunday school classes all over Texas send funds to clothe individual children known to them. During World War II, the Johnsons kept up correspondence with most of the 266 Home boys and girls serving in the armed forces of whom more than 60 per cent were officers.

## Buy Windows that are really WEATHER-TIGHT!

The increasing use of air-conditioning, cooling, and central heating systems in modern homes makes air-tightness in windows a number one requirement. Excessive air-infiltration reduces the effectiveness of air-conditioners, room coolers, and heating installations—and also increases utility bills.

The famous IDEAL All-Wethr Window Unit, recently tested by the Pittsburgh Testing Laboratory, proved beyond all doubt its amazing superiority in this all-important quality of weather-tightness!

IDEAL All-Wethr Windows permit 65% less air-infiltration than considered efficient by the American Society of Heating and Ventilating Engineers. This means the amount of air-infiltration acceptable to the A.S.H. & V.E. for window efficiency is greatly reduced by All-Wethr Windows for even greater weather-tight efficiency!

IDEAL All-Wethr Window Units require no back priming. All F.H.A. offices throughout the Southwest have eliminated the necessity of back-priming on window units bearing the NWMA Seal of Approval. IDEAL Window Units bear this Seal, indicating the efficiency of their preservative treat. More than five million IDEAL Windows have been preservative treated without one known case of failure due to wood deterioration.

### Superior Points of Ideal Window Units

1. The All-Wethr Window Unit, complete with frame, sash, weather-stripping, sash balances and screen saves time and money on installation.
2. Precision manufactured of the finest materials in the South's largest standard millwork factory.
3. Air infiltration on All-Wethr Windows is 65% LESS than the amount acceptable to the American Society of Heating and Ventilating Engineers.
4. F.H.A. offices throughout the Southwest permit installation of All-Wethr Window Units without back-priming. This saves money on every unit.
5. Made of selected wood, IDEAL All-Wethr Window Units can be painted to suit the color scheme of any home.

### DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Foot Long Hot Dog

Mugwump Monkey was sitting with his back against a tree, there close by the Elephant Path, right in the middle of the Great Forest. Suddenly from down the Elephant Path a voice called out: "Foot Long Hot Dogs!"

Mugwump thought the voice was one that belonged to Senator Allynson. Senator Allynson, you know, had never been a senator. He had always wanted to be one, but the

Allynson really and true. There came the Senator now with a white coat and a pushcart pushing along in front of him. "Foot Long Hot Dogs!" cried the Senator when he saw Mugwump. "Want to buy a foot long hot dog?"

The Senator stopped his pushing of the pushcart. He opened up the lid for Mugwump Monkey to see inside. "Yum! Yum!" said the Senator when he saw the foot long hot dogs he was trying to sell for people to eat. The "yum, yum" was his way of saying how good the foot long hot dogs were.

"Oh, I don't know," said Mugwump.

senator business had never been good enough for him to do it.

"Foot Long Hot Dogs! Foot Long Hot Dogs!"

The voice was nearer now, and—

Yes! The voice belonged to Senator Allynson.

"You don't know what?" asked the Senator.

"I don't know whether they're good or not," said Mugwump.

### CARNIVAL

"Remember me, Lieutenant Hogan? Corporal Bevins? I stayed in after the war! It's going to be nice having you back, lieutenant!"

### Freshie

OH YES—MY MAMA FEEDS ME BREAKFAST. BUT I LIKE THE TOAST OVER HERE SO MUCH BETTER! I AM WELCOME, AREN'T I?

WELL—YES!

WELL, LAST YEAR I HAD A SWELL SEAT IN FOURTH GRADE...

...AN' I WANTA BE SURE I GET THY SAME ONE THIS YEAR?

### WOMEN GET THE BIRD

BAKERSFIELD, CALIF. —(P)— Verie Freeman fears his cockatoo is a victim of foul play. He complained to police that the bird, which had the habit of greeting women with a low, expressive whistle and a "hiya, babe," disappeared, possibly because someone took offense at its "wolf calls."

And Mugwump shouted after him: "Hot Long Foot Dogs! Hot Long Foot Dogs!"

But the Senator got mixed up to hear it, because he began to shout: "Dog Long Hot Fools! Dog Long Hot Fools!" And Mugwump answered: "Hot Foot Long Dogs! Hot Foot Long Dogs!" And the Senator said that he would give Mug-

wump one, if only he would go away. And the Senator did, but Mugwump paid him anyway, because Mugwump had only been doing some teasing all for fun, all on a very fine day. Happy Day! (Copyright 1950, General Features Corp.)

### 'Poison Pen' Letter Taunts Bereaved Parents

A few days after receiving official notice of their son's death in the Korean fighting, Mr. and Mrs. Joseph Kabela of Cleveland, Ohio, received the note shown below. It says: "Mr. & Mrs. Joseph Kabela: We want to let you know we are very happy that all Wall Street tools get killed in Korea. Very truly, The American Working People."

### 'Big Three' Allies Start Maneuvers In West Germany

HEIDELBERG, GERMANY —(AP)—The Atlantic "Big Three" powers put almost 100,000 troops into the field here Monday to test their skill at repelling a mock invasion from the east. High ranking military observers from all the Atlantic Pact nations, including Gen. Mark W. Clark, commander of U. S. field forces, were on hand to see how the U. S., British and French Western troops would acquit themselves in the week-long maneuvers. The test will involve tanks, planes and simulated paratroop drops behind the front lines. A U. S. cavalry regiment is representing a mythical enemy force of some six divisions, striking into Western Germany from the Russian zone and Czechoslovakia. Officials said the maneuver was planned last Winter "long before the Korean fighting began." They described it as routine. General Clark told reporters he has been directed to report on the combat fitness of American troops when he returns to Washington. He said additional U. S. troops, approved Saturday by President Truman, probably will begin arriving in Western Germany soon.

### UN Council Meets To Argue Proposed Invitation To Reds

LAKE SUCCESS —(AP)—The United Nations Security Council met again Monday afternoon to argue whether a Chinese Communist spokesman should be invited to attend council debates on charges a U. S. plane strafed a Manchurian air strip. Ernest Gross, deputy U. S. representative in the council, said the U. S. will continue to fight attempts to get the Communists here "to make propaganda." He said his delegation favors an on-the-spot inquiry into those charges and into charges that the U. S. is guilty of aggression against China because of its policy and action regarding Formosa. "This is a fact-finding problem," he said. "The facts can be found by UN commission or other investigating bodies on the spot and there is no need for the Chinese Communists to come to council meetings to make propaganda." He made clear that U. S. votes opposed to inviting them will be procedural, however, and not an exercise of the veto. The United States never has cast a veto. Russia has used 44 vetoes. Her forty-fifth was ready to stop setting up an India-Sweden Inquiry Commission on the Manchurian air strafing charges.

"LIVING LEGEND"—Air Force Major Dean Hess, right, of Marietta, O., seen conferring with Maj.-Gen. William Keen, commander of the 25th Infantry Division, has already become a legend among the troops fighting in Korea. Originally assigned to teach South Korean pilots how to fly American Mustangs, Hess soon became known for his daring exploits as he provided fantastically close air support for the 25th's ground operations. He has flown over 80 missions in the first two months of the war.

### Miss America Wants Stage Career; No Marriage Plans

ATLANTIC CITY, N. J. —(AP)—What's next for smiling, brunette Yolande Betense of Mobile, Ala., the girl who reigns in bathing-suit, crown and cape as Miss America 1951? First she's just going to enjoy being Miss America. "I'm leaving my immediate future in the hands of the Miss America Pageant," she said. That could mean a year of stage, modeling and television contracts totaling about \$50,000. And after that? Miss Betense (she pronounces it Bet-bee) wants a career in musical comedy or opera, and the \$5,000 scholarship that comes with the Miss America title may further it. A husband? Not yet. "I haven't had much time for going out," says the beauty queen, who has been studying voice and dancing six years, in addition to language courses given at night by the University of Alabama Extension School. She says there is no special boy friend, and that she doesn't plan to marry for several years. Not Even Big Jim The five-foot, five and one-half inch Southern belle who beat 53 competitors to the beauty-and-talent title Saturday neither drinks nor smokes. And "I've never been kissed by Governor Big Jim Folsom," the 21-year-old winner told interviewers, despite the fact she is the first Miss Alabama to become Miss America and has been a receptionist in political campaigns in Mobile. There are no more at home like the poised Miss Betense, whose 119 pounds include a 35-inch bust, a

34-inch waist; and 35 1/2-inch hips. She is an only child, and lives with her widowed mother, Mrs. Ethele Meyer Betense. She has dropped her Southern accent to improve her stage diction, she said. But she approves both men and Southern accents—for other girls. "I'm crazy about the Southern accent and I wouldn't advise anyone to lose it." And of men: "I have nothing against men; I think they're here to stay." Prizes that come with her title include \$1,000 now and \$3,000 later, in addition to the scholarship, an automobile, and a set of silverware. While the Miss American contest was in progress here, a Mrs. America was being chosen from a bevy of married beauties at Asbury Park. The title went to a blonde, hazel-eyed mother of two, Mrs. Betty Eileen McAllister, who came to beauty-and-homemaking contest as Mrs. Johnstown, Pa.

For RESULTS you can put in the bank ... write the GEORGE S. MAY COMPANY Business Engineering Central Division Engineering Bldg. Chicago 6, Ill. Established 1925

Mr. & Mrs. Joseph Kabela:

### ★ THE DOCTOR SAYS ★

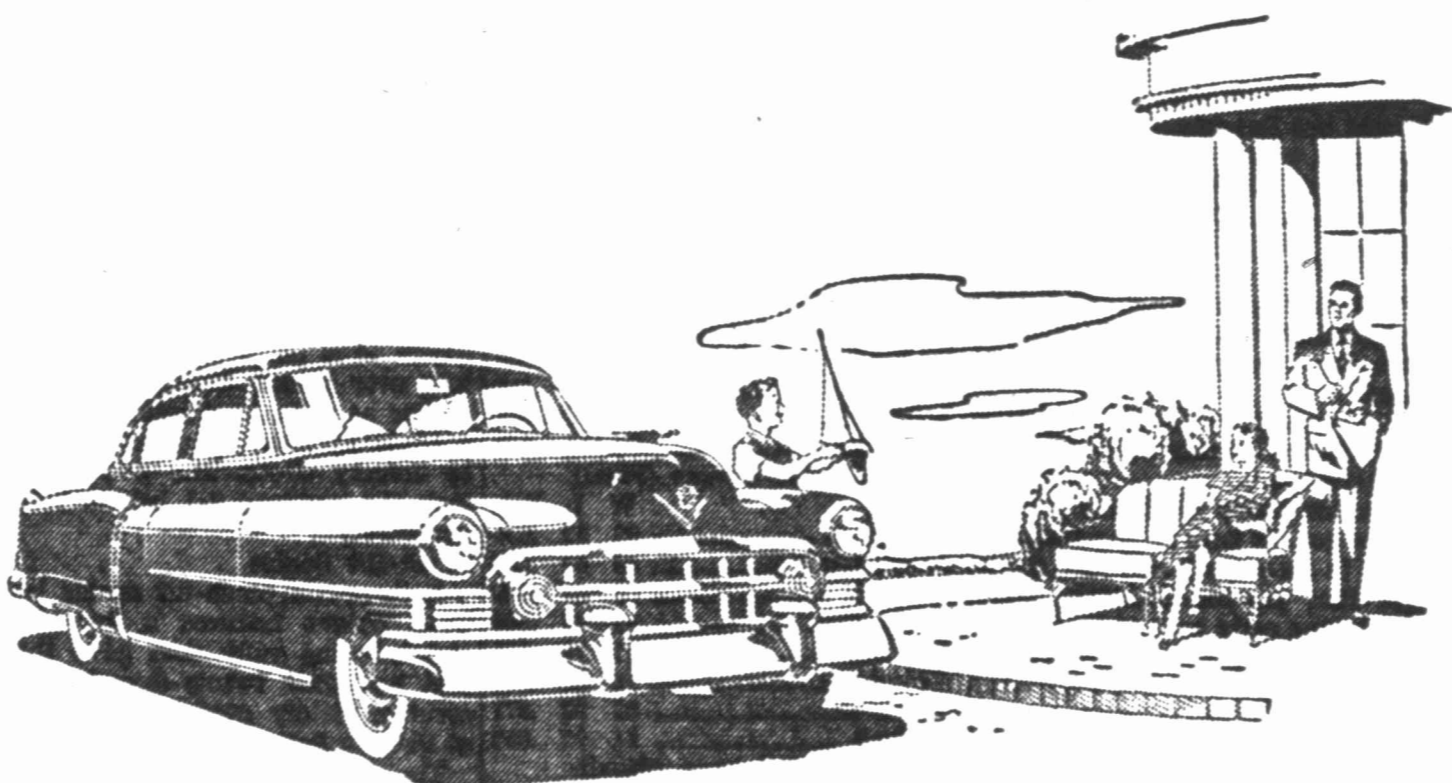

### Artificial Aids For Disabled Are Being Improved Daily

By EDWIN F. JORDAN, M. D. Written for NEA Service About 18,000 American service men lost at least one arm or leg as a result of wounds or accidents during World War II. During the same four years, about 120,000 American civilians also lost one or more of their limbs. All these people and the others who had similar difficulties earlier, or will join them later, need help. They need help not only in getting adjusted to their physical difficulties but also to a certain amount of mental discouragement. Fortunately much can be done and the picture constantly is improving.

Naturally, it gives a person a lift to find that an artificial arm or leg can be fitted comfortably and used with great skill. The fact that there has been such great progress in developing artificial limbs is thus a matter of great assistance in rehabilitating people who have lost an arm or a leg. As soon as a suitably fitted artificial limb can be attached and adjusted, people usually find that they can do a great deal more than they thought they could.

The fitting of mechanical aids does not come at once. Perhaps the most discouraging time is that which comes before this can be done. But even when the right time has arrived there are difficulties in getting used to the artificial limb and learning to use it skillfully. As this stage patience and the encouragement of those who have been through the experience are of the greatest help. The results are astonishingly good; many of those who have lost one or more limbs have succeeded in holding down good jobs and even taking part in most forms of sports. Perhaps it helps also for the amputees to realize that everyone is somewhat handicapped in one way or another. This is a world of frustrations and even those who appear entirely well are not able to do everything they want. They, too, must make adjustments for age, sex, education, training, climate and a host of other obstacles to complete freedom of action.

Other Handicaps And, it is not only those who have lost a limb who have to learn to live with some physical handicap. Heart disease frequently requires a new adjustment to occupation and recreation. The person who develops diabetes often has a difficult time in curbing the appetite to fit into the needs of the proper care of that disease. The youngster who has had polio with some lasting effects should be an example to all of us. Practically without exception these youngsters meet their problems cheerfully, take advice well, and overcome their handicaps to a remarkable degree. The ability of human beings to conquer deformities or other handicaps caused either by disease or injury is amazing.

# It Adds So Much to the Joy of Living!

You walk out of the house, and there it stands—waiting for you in the driveway.

You've seen it hundreds of times before—but it's so attractive, there in the sunlight, that you stop instinctively for a second look.

The sun lights up the gleaming chrome and frames the whole gorgeous picture. The soft finish shimmers in the shadows. A pattern of hand-tailored fabric shows through the open window. And there's the beautiful steering wheel—inviting you in.

Yes, it's a lovely day! And the next thing

you know, you're out in traffic—and the powerful, soft-throated engine is gliding you along as if by automatic propulsion.

You ride so softly and quietly and easily that judging time and distance is the hardest work you do!

The lights turn red and the lights turn green—the hills and valleys flow under the wheels... and every stretch of highway ahead is a study in enchantment.

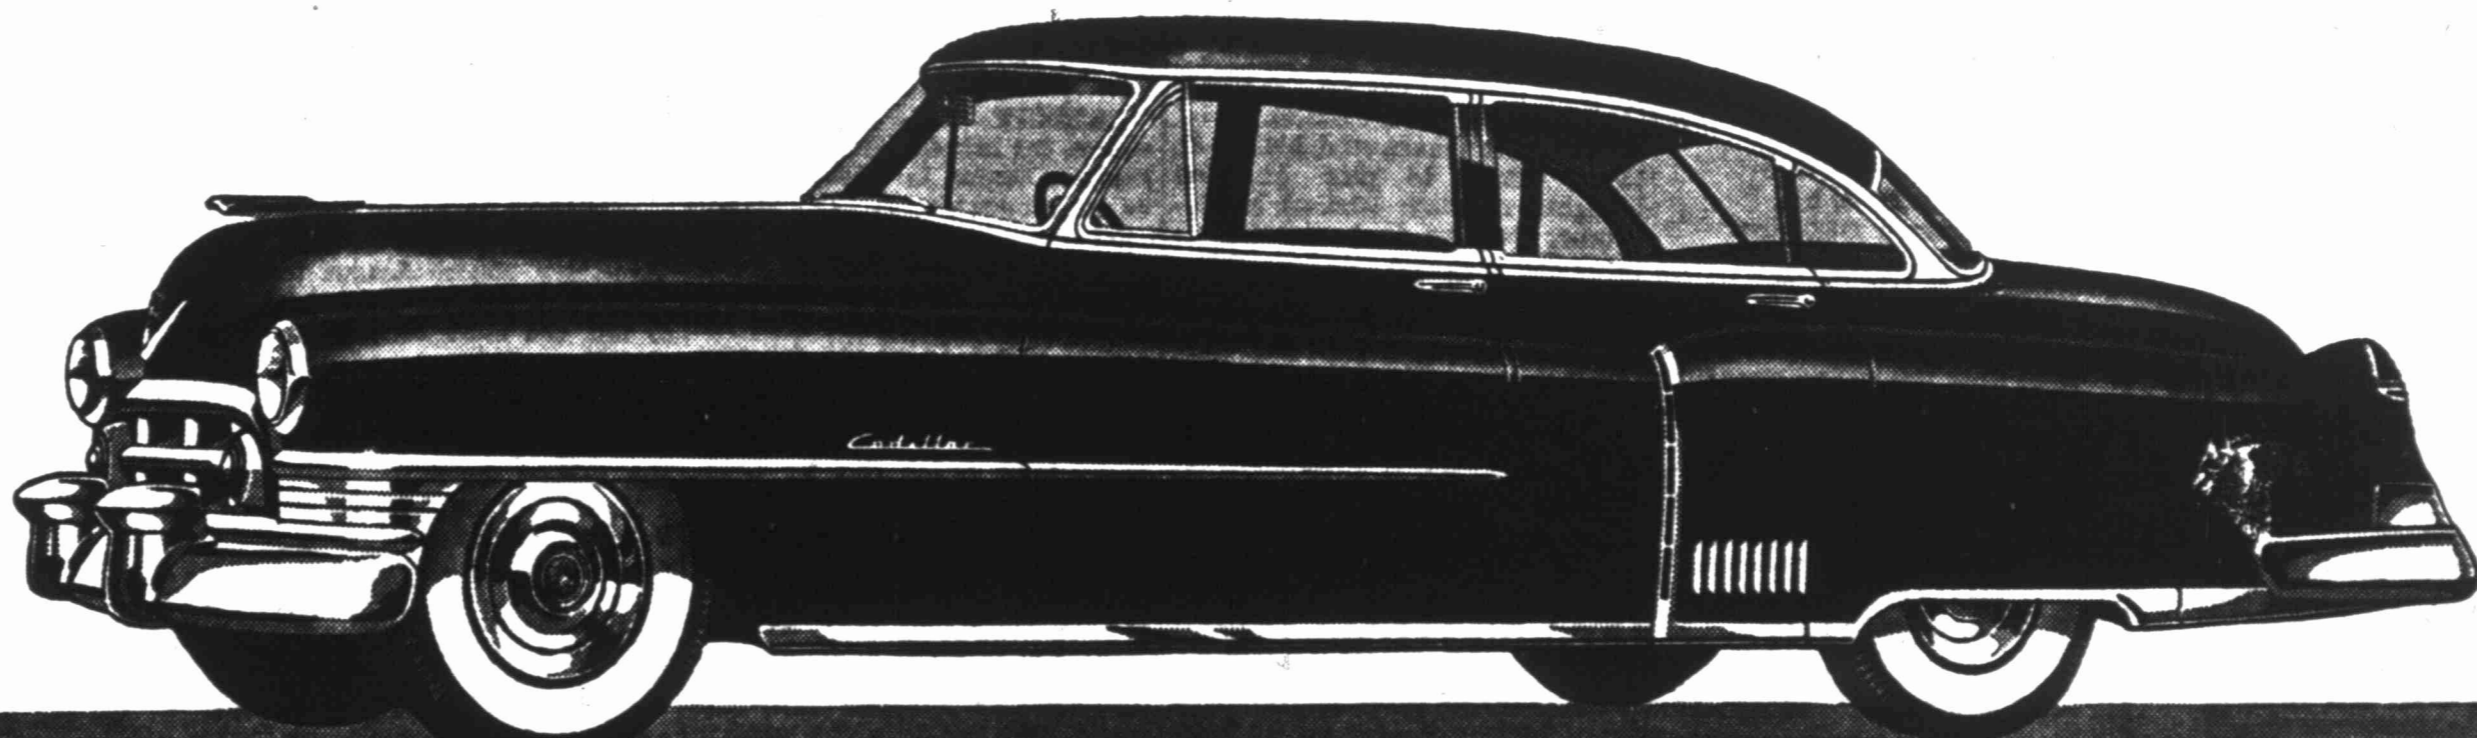

Though you take to the highway ten times a day, each trip is a thrill all over again. You

thrill to its beauty, the way it rides, the way it behaves, the way it handles—and, being human, you like the admiring glances which other motorists toss your way.

Happiness, as everyone knows, is a state of mind—but it is aided and abetted by your satisfaction with the things about you.

And this we can promise for Cadillac: It will add to your satisfaction every mile you drive. Many say it enriches their lives to an unbelievable degree.

Why not get one for your happiness—today?

### Maine Voting Keyed To Conflict In Korea

PORTLAND, MAINE —(AP)—A Democratic national committeewoman sought a congressional seat Monday in a Maine election keyed to the fighting in Korea.

Miss Lucia M. Cormier, 39, is trying to unseat four-term veteran Robert Hale, one of the three GOP congressmen up for reelection. There is no U. S. Senate vacancy this year.

Trying to break a 16-year GOP monopoly on major Maine offices, the Democrats have put up their stiffest campaign in years.

It centered on a defense of Republican charges that the Truman Administration, by letting the Communist over-run China, is to blame for a "mess" in Korea.

Reps. Hale, Charles P. Nelson and Frank Fellows claimed the Administration blunders may bring disaster to America and the world.

Hale and Miss Cormier, a former high school teacher, are competing in the First District.

In the Second District, John J. Maloney, Jr., (D), a 38 year old Lewiston businessman, has called Nelson and isolationist. Nelson, 42, is out for a second term.

Fellows is opposed by Democrat John V. Keenan, 34, of Mars Hill. Keenan, wounded in World War II, calls Fellows "our AWOL congressman" because of alleged absenteeism.

Republican Gov. Frederick O. Payne, 50, is seeking a second term. His opponents are Democrat Earl S. Grant, 52, of Portland, who as a Republican supported the governor two years ago, and States Rights Democrat Leland B. Currier of Litchfield.

Midland's Store for Men and Women

### Weekend Violence Claims Nine Lives

By The Associated Press  
At least nine persons died violently in Texas over the weekend. Three persons were killed in traffic accidents, two were shot to death, three drowned, and one was electrocuted accidentally.  
Mrs. Mary Jenkins, 36, and Mrs. Mona Clark, 34, sisters, died in St. Mary's Infirmary at Galveston Sunday night of injuries received when they were involved in a two-car collision.  
The drownings occurred during a Houston family's fishing trip on the Trinity River Sunday. Mrs. Vassie Peterson, 47, and Kenneth Ray Nations, six, were drowned when a small boat overturned. Lamar Nation, 36, who had been on shore, drowned in an attempt to save Kenneth Ray, his son.  
A Houston grocer died Sunday of gunshot wounds suffered Saturday when two men tried to rob his store. He was S. Lim, 47.  
Oscar F. Tinsley, 47, mail clerk, was found shot to death Saturday night in his Houston hotel room.  
Buford O. Berryhill, 65-year-old female vendor, was killed Saturday night when a hit-run driver hit him in Houston.  
At Ranger, Marvin Lee was electrocuted Saturday when the crane he was riding contacted a high tension wire.

### Texas Legion Would Oust Dean Acheson

GALVESTON —(AP)—The Texas Department of the American Legion would like to see Secretary of State Acheson fired and the President of the United States limited to two terms in office.  
These were the two top resolutions adopted at the group's convention Sunday.  
W. L. (Bill) Elkins of Killean was chosen commander of the state group.  
H. J. Bernard of Houston was elected national executive committee man and Mrs. A. J. Breax, Beaumont, outgoing president of the Legion Auxiliary, automatically became national executive committee woman.  
Mrs. H. N. Lyle of Cisco was elected president of the State Auxiliary. Elkins won over Joe H. Tonahill of Jasper after Tom Wheeler of Vernon withdrew. The count was 1,724 for Elkins and 1,134 for Tonahill.  
Neal Barnaby of Big Spring was chosen sergeant-at-arms. G. Ward Moody was renamed department adjutant.  
Other officers include W. F. Spiegler of Fort Arthur, secretary-treasurer (re-election), and the Rev. Lester Cochran of Brownwood, chaplain.

### 50 Persons Hurt When Revival Tent Falls At Amarillo

AMARILLO —(AP)—An estimated 50 persons were injured one seriously Sunday night when a giant revival tent collapsed in a hail and rain storm.  
The big tent buried more than half of the estimated 7,000 persons in the audience of the Oral Roberts faith-healing meeting.  
Listed as in a critical condition was Mrs. Tom Hataway of Sunray, Texas. She suffered shock and chest injuries.  
Most of those treated at hospitals received cuts and bruises. A few had broken bones.  
An eyewitness said a gust of wind got under the tent during a heavy rain and hail storm just before 10 p.m., lifted the \$22,000 tent and aluminum poles and then dropped them on the crowd.

### Two Midland Units Are Incorporated

AUSTIN — Secretary of State John Ben Shepperd announces approval of the following new domestic corporations in Midland:  
Midland Wholesale Lumber Sales, \$25,000 capital stock, incorporators Oscar E. Chambers, Mary Jane Chambers and Patsie Sue Chambers.  
The Permian Basin Rifle and Pistol Club, no capital stock, incorporators Thomas R. Wilson, Jr., Robert S. Aldredge and Edwin L. Phillips, Jr.  
If the election is ruled legal, the bond funds will be used to construct a college gymnasium, cafeteria, lounge, classrooms, shop and auditorium.

### Odessa Election Suit Will Be Heard Friday

ODESSA — A suit contesting Odessa College's \$800,000 bond election will be heard Friday by Judge Paul Moss in the 70th District Court.  
The election, held July 29, carried by a narrow margin—367 to 342.  
Two Odessa residents, Tom Davis and G. C. Hardwick, filed the suit contesting the election, claiming that persons who were not qualified voters were allowed to mark ballots.

### Communists Battle West German Police

BERLIN —(AP)—Hundreds of German Communists attacked police in three West German cities during German Memorial Day observances Sunday.  
Using their clubs to quell the demonstrators, the police after brief battles arrested 37 reeds in Berlin, 10 in Frankfurt and 1 in Darmstadt. In Berlin 27 were released within a short time.  
Elsewhere the day was observed quietly.  
The demonstrators, who pelleted the police with stones, defied orders to call off unauthorized parades and demonstrations.

## DDT, Marshall Plan vs Mosquitoes Help Resettle A Million Italians

ROME —(NEA)—A million Italians, four times as many as lived in Italy's pre-war African colonies, are scheduled to be resettled in Sardinia as a sequel to the cleanup of the island's deadly mosquitoes recently completed with Marshall Plan funds.  
Helicopters supplied by the Economic Cooperation Administration sprayed DDT into inaccessible gorges and swamps in the final assault on the stubborn insects that had hampered development of the island for 3,200 years.  
Sardinia, a rich and beautiful island about the size of Vermont, was a pest-hole, according to Phoenician accounts of 1200 B. C. Ancient Roman emperors confidently predicted that the island would die.  
The island remained underpopulated and more backward even than Italy's southern provinces because until 1946 malaria had grown worse year by year. In 1938 the roads stopped running on the island for days because all the train crews were down with malaria. Fertile valleys, silver mines, and rich coal deposits were only partially developed.

**Sprays Houses**  
As soon as Italy was liberated in World War II, the Rockefeller Foundation at the Army's request began to spray houses with DDT. In 1946 work began on Sardinia.  
The Foundation in 1947 sent a young Canadian-born physician, Dr. John A. Logan, who had fought malaria during the war in the Amazon Valley with the Army. He felt so confident of success that he soon brought his wife and two small children to the island.

Dr. Logan learned the native language—a strange dialect resulting from its long isolation, understood by few mainland Italians—and won the confidence of the peasants, who regarded malaria with stubborn fatalism.  
The government formed a malaria-fighting agency, called ERLAAS for short, which tried to cover every inch of the island, placing a protective film of DDT and oil on every possible breeding place.  
Then the government, battling a serious post-war inflation and a rising tide of communism, ran short of funds. Dr. Logan and ERLAAS faced defeat. The whole effort would be wasted unless all the malaria-carrying mosquitoes could be killed. Because so many Sardinians have had malaria and retain the blood parasite in their systems even after recovery, a mosquito need only bite a native to infect first itself and then start a new outbreak.

### Midland Underwriter Honored By Company

NEW YORK —Herschel F. Ezell, Midland, Texas, representative of the New York Life Insurance Company, has been named a member of the 1950 Nylc Top Club. Dudley Dowell, vice president in charge of agency affairs, announced.  
The Nylc Top Club is an organization of outstanding members of New York Life's field force of almost 5,000 agents from throughout the United States and Canada. Ezell has been invited to attend an educational conference of the Top Club September 21-24 at the Lodge & Inn, Sun Valley, Idaho, at which home office staff members and leading agents will speak on current developments in the life insurance business.

### Rites Conducted For Mrs. Sammons

Funeral services for Mrs. Mae Sammons, 77, who died here Saturday, were held at 8 p.m. Sunday in the South Side Church of Christ. The body was sent Monday to Fairview, Texas, where interment was scheduled at 5:30 p.m. Newbie W. Ellis Funeral Chapel was in charge of the body here.  
Survivors include two daughters, two sons, a sister and 12 grandchildren. Mrs. Sammons lived here her daughter, Mrs. Harland O. Allen, 1306 North A Street.

### Texas Girl Drowns In Oklahoma Lake

DURANT, OKLA. —(AP)—Grappling hooks were being used Monday in an effort to find the body of Juanita Wood, 17, drowned Sunday when a bucking motorboat pitched her into 40 feet of water.  
Miss Woods was riding in a motorboat driven by Ray Hutchinson, Dallas, when a wave created by a boat driven by her uncle, E. R. Wood of Dallas, caused the Hutchinson vessel to pitch. Miss Wood was thrown into the Willow Spring Resort Lake, 15 miles west of here.  
The girl was the daughter of Mr. and Mrs. J. W. Wood of Seagoville, Texas.

### Cotton

NEW YORK —(AP)—Monday noon cotton prices were 80 cents a bale higher to 35 cents lower than the previous close. October 41.05, December 41.03 and March 41.02.

### MOTORCYCLIST HITS COW

Robert N. Jackson of Odessa was admitted Sunday morning to Midland Memorial Hospital for treatment of injuries received when his motorcycle hit a cow 25 miles south of Midland on the Garden City Highway. Jackson suffered a cut on the head and on the knee. His condition was described as not serious by the attending physician. Jackson was riding with several other cyclists.

### UNDERGOES SURGERY

Mrs. James Evans, 1211 North Lamess Street, was admitted Sunday to Midland Memorial Hospital, and underwent major surgery Monday.

### ARKANSAS MAN TO HOSPITAL

W. R. Miller of Harrison, Ark., was admitted Sunday night to Midland Memorial Hospital as a medical patient. His condition was reported serious.

### MEDICAL PATIENT

Jack D. West, 400 East Cowden Street, was admitted Sunday to Midland Memorial Hospital as a medical patient.

The battle for Sardinia: In native dress, a peasant sprays the mountainside with DDT as a shepherd watches. Marshall Plan funds helped furnish the DDT to end malaria menace that has plagued Sardinia for 3,200 years.

At this point the American representatives of ECA were asked if the Marshall Plan could help. About 3,400,000,000 lire—the equivalent in effort would be wasted unless all the malaria-carrying mosquitoes could be killed. Because so many Sardinians have had malaria and retain the blood parasite in their systems even after recovery, a mosquito need only bite a native to infect first itself and then start a new outbreak.  
**Brings Helicopters**  
At this point the American representatives of ECA were asked if the Marshall Plan could help. About 3,400,000,000 lire—the equivalent in

### Vocational Guidance Is Theme Of Girl Scout Conference

Vocational guidance was the theme of the Senior Girl Scout conference held Saturday in the Little House here. The Midland Girl Scouts were hostesses to Girl Scouts of the Permian Basin area.  
Strength of character, integrity, grooming and disposition were important points stressed by the speakers for the girls who either are entering college or preparing for more high school work.  
Pecos and Fort Stockton girls were entertained by Senior Troops 1, 8 and 12 of Midland.  
**Ten-Year Pins**  
Three girls who helped start Midland Scout work received their 10-year pins. The girls, who also received their curved bar badges, are Sue Johnson, June Hazlip and Jereleen Jewell.

### First Twins Born At Memorial Hospital

Personnel at Midland Memorial Hospital were busy Sunday and Monday suggesting names to the parents of the first twins born in the new hospital since its opening June 12.  
The twin girls were born Saturday at 8:10 and 8:15 p. m. to Mrs. M. E. Van Riper, 1305 North Big Spring. Van Riper is an oil lease broker.  
The babies, both doing well, weighed four pounds, one ounce and four pounds, three ounces, respectively.

### Trust Fund Group Plans First Meeting

The first meeting of a newly-appointed committee of the Buffalo Trail Council, Boy Scouts of America, will be held at 7:30 p. m. Tuesday at Scout Headquarters.  
The group is the Council Trust Fund Committee, headed by J. L. Rhoades of Odessa. Purpose of the group is to set up a trust fund instrument for the council, for future use if necessary.  
Others on the committee are: Lyle Deffenbach, Snyder; J. T. Baker, Midland; Oble Bristow, Bob Piner and E. A. Tollett, all of Big Spring; Dr. W. B. Hardy of Big Spring, president of the Council, and P. V. Thorson, Scout Executive, secretary.

### TO ADDRESS CLUB

George McEntire will address the Optimist Club at its luncheon Tuesday in Hotel Scharbauer, it was announced by Walter Bodeman, program chairman. He will give an illustrated lecture on aircraft performance.

## Abundant Living

By E. STANLEY JONES

Matt. 16:18; Eph. 5:25-27; 4:11-16

### THE KINGDOM AND

The Kingdom of the Church must bend the knee to the Kingdom of God. Just as we want our State, our Race, our Class to be dominant, so we want our Church to be dominant. The Church can be our religious self writ large—but it is still the self. It can be the group self asserting itself toward supremacy—albeit covered up with religious trappings. If the Kingdom of God comes in, we, as a Church, would like to bring it in, since the fact that we brought it in would leave us dominant.

That any one denomination is the exclusive or particular channel of God's grace is as dead as Queen Anne—and she is very dead! God sometimes works through the denomination, sometimes in spite of it, but never exclusively or particularly in any one of them. If that hurts your denominational pride, it may help your Christian humility! The saints are about equally distributed among all denominations. There is no denomination that has a corner on the saints. The degree to which God uses a person is determined, not by the denomination in which he is located, but by the depth of his surrender to God, regardless of where he is. If God seems too broad and too liberal and not sufficient...

### Texan Is Missing In Superfort Crash

TOKYO —(AP)—One Texan is reported among nine persons missing in the crash of a B-29 Superfort in the East China Sea Friday shortly after taking off from Okinawa.  
He is Capt. Nathan Clifford Haynes, Jr., of Sherman.  
Another Texan is credited with saving the life of one of the three crew members rescued.  
The Far East Air Force said Sunday night Sgt. Richard K. Burks of Belton, dropped into the sea from a helicopter hovering over the crash scene. He supported M/Sgt. William B. O'Marrah of MacDill Air Base, Fla., in the water for 30 minutes until a crash boat arrived.
