WEATHER

Partly cloudy with a few scattered showers Thursday night and Friday. Maximum temperature Wednesday 96 degrees. Minimum Thursday 72 degrees.

San Andres Wildcat Set For NE Yoakum

Cabot Carbon Company is to start operations at once on its No. 1 C. E. Marshall, et al, which is contracted as a 5,500-foot wildcat to explore the San Andres-Permian lime in Northeast Yoakum County. The exploration will be 1,980 feet from south and 680 feet from west lines of section 317, block D, John H. Gibson survey.

That puts it five miles northeast of the town of Plains and one and one-half miles north of the Hunt Oil Company No. 1 Graham, a dry hole, drilled several years ago which had some good shows of oil in the San Andres, but not enough to make an oil well.

Wolfcamp Explorer Slated For C-S Terry

Amerada Petroleum Corporation will drill its No. 6 J. H. Hicks as a deep wildcat to test the Wolfcamp in Central-South Terry County. Drillsite will be inside the Adair field, which produces from the San Andres at 5,106-5,150 feet, and 896 feet from north and 8,800 feet from east line of section 19, block C-31, psi survey.

Amerada recently opened production from the Wolfcamp one mile northwest of the Adair pool at its No. 1 N. W. Willard, section 6, block 3-37, psi survey.

The No. 6 Hicks will be two miles southeast of the No. 1 Willard. It is contracted to go to around 9,000 feet.

Pennsylvanian Test To Be Dug In Borden

H. L. Hunt filed application with the Railroad Commission of Texas for permission to drill a 9,000-foot wildcat to explore the Pennsylvanian in Northwest Borden County. The prospector will be the No. 3-B Clayton and Johnson. Drillsite will be 12 miles northwest of Gall and about one mile from production in the one well North Gail field which produces from the Sprberry sand at 5,757-5,780 feet.

Exact location will be 690 feet from north and east lines of section 16, block 31, T-6-N, T&P survey.

Operations are to commence in the immediate future.

Midland Exploration Tops San Andres Lime

Ralph Lowe No. 1 J. E. Hill, Central Midland County wildcat to 13,500 feet to explore the Ellenburger, appears to be "running high and looking good."

This prospector topped the San Andres lime of the Permian at 4,510 feet, on an elevation of 2,825 feet. According to some correlations that makes the No. 1 Hill 90 feet higher on the San Andres than Magnolia Petroleum Company No. 2 Parks, six and one-half miles to the southwest, which opened the Parks - Ellenburger field several months ago.

Interested observers point out that there has been a thinning of the sections above the San Andres in No. 1 Hill. It was 20 feet low to the Magnolia No. 2 Parks on the top of the anhydrite, and it was 10 feet low to the top of the Yates. Lowe's No. 1 Hill had set 9.5-8-inch intermediate casing at 4,725 feet with a total of 5,800 sacks of cement. That put solid cement back of the pipe all the way from the casing seat back up to the surface.

Operator has drilled out the plug and is now making hole below 4,732 feet in lime.

This exploration is five miles southwest of the city of Midland and 860 feet from north and 1,980 feet from east lines of section 30, block 39, T&P survey, T-2-S.

Bend Oil Developed In Stonewall Offset

Skelly Oil Company has developed flowing oil on a drillstem test in the Bend conglomerate at the No. 1 Cleve Hamilton, south offset to the discovery well north of Old Glory in Central-East Stonewall County.

On a five and one-half hour test at 5,890-5,910 feet, gas appeared at the surface in nine minutes and oil flowed in one hour and 45 minutes.

The flowing oil was turned to tanks for the last two and one-half hours of the test. During that period it put 20.42 barrels of oil in the tanks.

Operator then circulated out 9.28 barrels more oil.

Recovery was 180 feet of very heavy oil and gas cut mud. Flowing pressure was 945 pounds and 30-minute shut in pressure was 2,375 pounds.

The prospect was coring ahead at last report.

It is located 467 feet from north and east lines of A. Reed survey, abstract 1,108.

Ellenburger Tester Spotted In Scurry

An 8,000-foot Ellenburger wildcat has been struck in South Scurry County, two miles north of the shallow Sharon Ridge field and eight miles south of Snyder, (Continued on Page Eight)

Ships, Planes Blast Korea Coast

Taft To Oppose Marshall

WASHINGTON — (P) — Senator Taft (R-Ohio), GOP policy chief in the Senate, said Thursday he is dubious about the appointment of Gen. George C. Marshall to be secretary of Defense.

He said he will vote against legislation to open the way for Marshall to re-enter the cabinet, although he may not speak against it in the Senate.

Taft also said the Far Eastern section of the State Department, under the Truman Administration, "has always been friendly to the Chinese Communists, at least in its leanings."

He said he was dubious about the idea of making Marshall secretary of Defense because that would strengthen Secretary of State Acheson's hand "in relation to the Chinese Communists."

Quick Action Seen

There still were no signs of opposition, even with Taft as a recruit, was anywhere near strong enough to block the bill on the Marshall appointment.

There was a chance the Senate would pass Thursday and the House Friday a bill saying that in this one case it is all right for a military man to take over a post reserved by law for a civilian.

Senate Democratic Leader Lucas of Illinois, predicting easy passage, looked for a spot in the program to bring the bill up Thursday.

Yet some rumblings of opposition rolled up. They were directed not against Marshall as an individual, nor against his qualifications, but against making an exception even for him.

New Marshall Plan

Some lawmakers said, too, it is strange that among 1,000,000 Americans there isn't somebody else with enough stature for the job, without drafting a man who already has served as soldier and statesman and earned the right to retire.

These complaints came mostly from Republicans. But there was no organized opposition. And it was obvious what there was didn't pack enough punch to stop President Truman's new Marshall Plan, either in the Senate or House.

For the most part, congressmen were in wide agreement this time with retiring Secretary of Defense Louis Johnson, who in resigning called Marshall "a man of such stature that the very act of naming him x x x will promote national and international unity."

Mrs. Ted R. Greene Dies Here Thursday

Mrs. Ted R. Greene, 40, of 1004 North Big Spring Street, died early Thursday in a Midland hospital. She was the wife of an independent oil operator here.

Funeral services will be held at 2:30 p.m. Sunday in the First Methodist Church in Bixby, Okla. Mrs. Greene's former home.

She was born Feb. 10, 1910, at Bixby and moved to Midland with her family 13 years ago from Oklahoma City.

Survivors include the husband, Ted R. Greene and two sons, John Edward and Jerry Lee, all of Midland; the mother, Mrs. J. E. Sherrill; and a brother, John Sherrill, Jr., both of Bixby.

Interment will be in the Bixby cemetery. The Newline W. Ellis Chapel is in charge of arrangements here.

Ex-Representative Andrew May Granted Parole From Prison

WASHINGTON — (P) — Former Rep. Andrew Jackson May (D-Ky), convicted of accepting a bribe and joining a conspiracy in connection with World War II munitions contracts, has been granted a parole.

George G. Killinger, chairman of the Federal Parole Board, told reporters the 75-year-old former lawmaker will be released Monday from the Ashland, Ky., Federal Correctional Institution.

Killinger said May's age and poor health, plus "an outstanding institutional record" were major factors in the board's decision to free him.

May, wartime chairman of the House Military Affairs Committee, received a sentence of from eight to 24 months.

He became eligible for parole August 4 when he had served eight months.

The munitions-making Garson brothers—Henry and Murray—were convicted with May in July, 1947, after a long trial that was a Washington sensation. The Garsons were accused of paying May \$53,000 to use his influence to get them war contracts. They received sentences identical to May's.

The Garsons became eligible for Parole July 31, but the board turned them down.

LIFE'S EBBING SHADOWS—Korea's setting sun illuminates an otherwise dark horizon as a Medical Corpsman administers blood plasma to a seriously wounded American GI aboard a jeep transporting him to a first aid station. The soldier was hit during fierce fighting on the Pohang front. NEA-Acme Staff Correspondent Stanley Tretick, who took this picture, suffered a slight shrapnel wound in the same action.

County Judge Calls Municipality Vote For NW Section

An election, to determine whether a two-mile-square area northwest of the City of Midland will become an incorporated municipality, will be held September 25 in the home of Mrs. Jessie Wallace Bowden, Andrews Highway, it was announced Thursday.

The election was called by County Judge Clifford C. Keith after a petition, signed by 20 property owners in the area, had been presented. The area comprises the south half of sections 19 and 20 and the north half of sections 29 and 30, Township One South, block 39. It includes the Chief Drive-In Theater and the pipe yard and warehouses of the Superior Oil Company.

The new municipality would be called Wallace Heights. Supporters of the movement claim approximately 600 persons reside in the area, which includes several land tracts which have not been subdivided.

MacArthur Orders Free Beer Daily For Front Line GI's

TOKYO — (P) — U. S. Doughboys will get a free can of beer every day at the front in Korea.

General MacArthur ordered it Thursday.

Front line troops had been getting a can of beer about every three days.

Beer for combat troops under the new plan will be paid for out of post exchange profits instead of taxpayers' money.

Rear echelon troops may buy their own at the PX.

Attend church tonight 7:30. Sermon subject: "Why Did Christ Rise?" Training Union Night. First Baptist Church.—(Adv.)

More Heads Expected To Fall In Defense Circles

By ELTON C. FAY

WASHINGTON — (P) — Some of Secretary of Defense Louis Johnson's official Pentagon family are expected to depart soon as an aftermath of the cabinet officer's resignation.

Washington protocol calls for appointed officials of a department to offer their resignations whenever the department chief is replaced.

There was speculation that Assistant Defense Secretary Paul H. Griffith, long a Johnson associate, would be among the first to step out in what may develop into a general shift in the Pentagon secretariat.

In addition to Griffith, these are the other two assistant defense secretaries and the three service secretaries:

Wilfred J. McNeil, assistant secretary in charge of fiscal and budgetary matters; Marx Leva, assistant secretary for legislative and legal matters and the chief liaison officer with Congress.

Army Secretary Frank Pace; Navy Secretary Francis P. Matthews; Air Force Secretary Thomas Finletter.

McNeil and Leva, veterans of the original unified military establishment setup, served as assistants for the late James Forrestal.

They were guessed Gen. George C. Marshall, chosen by President Truman as the new defense chief, might ask them to continue. Neither has indicated whether he would prefer to remain if asked.

There also was speculation as to whether Secretary Matthews would desire to continue or take this opportunity to resign.

Area Baptists Form New Association At Midland Convention

A new Baptist association, believed to be the 164th in Texas, was formed here Wednesday when Baptists of Midland and Ector Counties effected a friendly division from the Big Spring Baptist Association at its forty-third annual convention.

Officials said the split was made in the interest of efficiency and to reduce the geographic area.

The Rev. Vernon Yearby, pastor of Midland's First Baptist Church, said the new district may be named the Permian Basin Association.

The Big Spring Association retains Howard, Martin and Glascock Counties.

The Rev. Arthur DeLoach, pastor of the First Baptist Church of Odessa, was elected temporary moderator of the new district at an organization meeting held immediately following adjournment of the Big Spring Association meeting in the Calvary Baptist Church here. The Permian Basin Association has 19 cooperating churches.

Speakers Listed

The Rev. T. A. Harrell of Big Spring was selected moderator of the Big Spring Association.

The convention opened Tuesday in Big Spring, with the Wednesday sessions being held in Midland.

Dr. P. D. O'Brien, pastor of Big Spring's First Baptist Church, was a principal speaker at the concluding session here. Other speakers included the Rev. Cecil Rhodes of Big Spring and Dr. William Beazley, professor of religious education at Hardin-Simmons University, Abilene, who spoke on "Christian Education." Group meetings also were held.

Midland County churches affiliated with the new association include the First, Calvary, Bellview, Greenwood, Cotton Flat, Terminal and Valley View Baptist Churches.

Army Boss Says UN Offensive Near

WASHINGTON — (P) — Gen. J. Lawton Collins, Army chief of staff, pointed Thursday to the United Nations' corner of Korea and said: "It's as little as it's going to get. You can depend on that."

"From now on," he said, "we're going the other way."

Saturday Is Felt Hat Day In Midland

Turn that straw hat out to pasture, mister, because Felt Hat Day is coming up.

Saturday has been designated by Midland merchants as the day to come out from under the Summer-worn skimmer and slip into a new and bright felt hat.

Stores are loaded with new hats—ranging in price a very few dollars to a staggering \$100 per.

Colors in new fall fabrics range through all tones of brown and tan—the most popular colors in West Texas, retailers say, through blues, grays and greens.

The ever-popular Western styles—long a stand-by to cattlemen of the area—are stocked in every store, and in every size and price range.

One Midland store, stocking the famed Westerns in \$75 and \$100 models, reports a surprising number of the top-grade beavers already sold, and is confident that the top price felts will sell regularly throughout the season.

For His Friends

A Midland man already has bought two of the \$75 felts to give to friends, and has promised to send another friend in for another.

Famous old names in hat making are featured in Midland stores. Dobbs, Steison, Borsellino, and several others are among the leaders represented on the loaded shelves of stores in the city.

Hatmen report no startling changes in hat styles this year, though some are showing a slightly narrower brim on fedora hats—an innovation sparked by Eastern colleges and now being felt in the wide-brim areas of West Texas.

Many a Midland man will be faced with the problem of disposing of this year's straw hat—and finally will wind up either throwing it back on a closet shelf or pitching it out into the trash can.

Either way, the straws have to go—for Saturday is the last day men officially may wear straws. Felt hats become the order of the day then.

Two Die In Air Crash At Lubbock

LUBBOCK — (P) — Two men were killed in the crash of a twin-engine Beechcraft plane one mile east of the municipal airport Thursday.

Dead are Jesse Warren, pilot, and W. B. Hawkins, oil drilling superintendent, both of Houston.

Airport officials said the plane crashed immediately after taking off here in a heavy fog at 7:40 a.m. The wreckage was not discovered until an hour later.

The men were employees of the Callery-Hurt Oil Company of Houston.

Bodies Mangled

The plane was smashed to bits and the bodies mangled badly but authorities said identification was positive.

At Houston, Callery-Hurt officials said Warren, about 45, has been pilot for several companies in Houston during the last five years and had between 8,000 and 9,000 hours of flying time.

They said he was "filling in" on the West Texas flight for Henry Messer, the company's regular pilot who is on vacation.

Hawkins, 54, has been drilling superintendent for the firm about five years.

Warren is survived by his widow and two children, Hawkins by his widow.

Area Baptists Form New Association At Midland Convention

A new Baptist association, believed to be the 164th in Texas, was formed here Wednesday when Baptists of Midland and Ector Counties effected a friendly division from the Big Spring Baptist Association at its forty-third annual convention.

Officials said the split was made in the interest of efficiency and to reduce the geographic area.

The Rev. Vernon Yearby, pastor of Midland's First Baptist Church, said the new district may be named the Permian Basin Association.

The Big Spring Association retains Howard, Martin and Glascock Counties.

The Rev. Arthur DeLoach, pastor of the First Baptist Church of Odessa, was elected temporary moderator of the new district at an organization meeting held immediately following adjournment of the Big Spring Association meeting in the Calvary Baptist Church here. The Permian Basin Association has 19 cooperating churches.

Speakers Listed

The Rev. T. A. Harrell of Big Spring was selected moderator of the Big Spring Association.

The convention opened Tuesday in Big Spring, with the Wednesday sessions being held in Midland.

Dr. P. D. O'Brien, pastor of Big Spring's First Baptist Church, was a principal speaker at the concluding session here. Other speakers included the Rev. Cecil Rhodes of Big Spring and Dr. William Beazley, professor of religious education at Hardin-Simmons University, Abilene, who spoke on "Christian Education." Group meetings also were held.

Midland County churches affiliated with the new association include the First, Calvary, Bellview, Greenwood, Cotton Flat, Terminal and Valley View Baptist Churches.

High Winds, Rains Hit Arkansas Cities

TEXARKANA, ARK. — (P) — High winds, heavy rain and lightning caused damage in at least three South Arkansas communities Thursday. No casualties were reported.

A hay barn belonging to Jess T. Smith, general store operator at Garland, 22 miles east of here, was damaged by a windstorm, but no other buildings were damaged, Smith said.

Greater damage occurred at DeQueen, 50 miles north of here, when winds, rain and lightning hit the main business and residential sections.

Trees were bowled over, signs blown down and some roofs damaged by falling trees. Several streets were blocked by debris and power service was disrupted for several hours.

Rainfall was estimated at 1.5 inches. At Texarkana, winds up to 55 miles an hour knocked down trees. The wind was accompanied by severe rain and lightning.

Trailer House Fire

A trailer house, owned by John McMurry, was damaged by fire Wednesday afternoon at 800 South Marshall Street. Midland firemen extinguished the blaze.

Attacks May Be Signal For UN Offensive

TOKYO — (P) — Heavy attacks by Allied warships and carrier planes on Korea's west coast—an apparent prelude to the promised big push—prompted the Reds Thursday night to claim four U. S. landing craft and three destroyers were sunk.

The U. S. Navy in Washington said it had no report of any landing-type vessels being involved in the heaviest surface bombardment of the war by British and American ships in the vicinity of Inchon, west coast port for the Red-held capital city of Seoul.

The Navy said the Reds did inflict "superficial damage" on three U. S. destroyers during the Inchon bombardment Thursday.

With ground action relatively scanty and American commanders predicting future offensive operations against the North Koreans, Allied sources in Tokyo said it sounded as if the Reds were trying to manufacture a "victory" by implying a landing effort had been repulsed.

Far East Naval Headquarters said earlier Task Force 77 wrought damage along a 210-mile western strip, the main blows being at Inchon.

The attacks against troops, gun emplacements and airstrips were disclosed by the Navy Thursday.

Ground Forces Gain

Allied ground forces either held firm or gained on the beachhead perimeter 150 miles to the southeast.

Particularly active was the northern front—from the northwest corner before Taegu to points north of the Taegu-Kyongju highway eastward. The U. S. First Cavalry Division seized three heights north of Taegu. Comparatively small-scale fighting flared on the southern front.

But the Navy was in the spotlight.

On the east coast, an American battleship cruised up and down the Sea of Japan off Pohang port. One of its three desecrating destroyers whipped into the Red-held harbor and exchanged fire with shore batteries.

The battleship didn't fire a shot.

Attention was focused on the west coast by the two-day naval assault, however. Islands flanking Inchon have been seized by South Korean commandos—both for harassing the Reds' seaborne supply and to prepare for a possible offensive.

Radio Report Garbled

The Red broadcast from the North Korean capital of Pyongyang, reported a landing attempt began at 8 p.m. Thursday. It said the effort was repulsed and six American vessels—mostly destroyers—were sunk.

The broadcast was picked up by Kyodo, Japanese news agency, which said it was terribly garbled. At one point it said the attempt was made at 8 p.m. Thursday—at an angle it indicated it came Wednesday.

The UN ground forces command—(Continued On Page Eight)

Ko-Reds Hit Three U. S. Destroyers

WASHINGTON — (P) — Three United States destroyers suffered "superficial damage" in the naval bombardment of the Korean port of Inchon, the Navy said Thursday.

A spokesman said reports from Naval Headquarters in the Far East indicated American casualties in the Yellow Sea action off Korea were "light."

The North Korean Communist radio had said six American vessels, most of them destroyers, were sunk.

The Navy said here it had no report of any troop landing type ship or craft being involved in the heaviest surface bombardment of the vital Inchon port area since the beginning of hostilities. This was in comment on Communist reports, as heard in Tokyo, indicating an amphibious landing had been tried unsuccessfully.

Red Defenses Improved

The spokesman said obviously the North Koreans had improved their shore defenses along the coast leading to Seoul, of which Inchon is the port.

Earlier in the campaign, he recalled, British and American destroyers reported exchanging fire with gun batteries ashore.

No previous bombardment of the west coast, however, has resulted in any damage to Allied ships.

The Navy declined to speculate on the timing or reason for the bombardment of Inchon by cruisers and destroyers.

Nolo Contendere Plea Of Former Bankers Accepted

DALLAS — (P) — Federal Judge T. Whitfield Davidson Thursday accepted a plea of nolo contendere (no contest) by three former Weatherford, Texas, bank officials charged with conspiring to defraud the government.

The three are George Fant, former president of the First National Bank of Weatherford; his wife, Elena B. Fant, former vice president, and James Whitsett, also a former vice president.

Two other persons, Texas C. Hatchett of Weatherford and Guy L. Stroud of Odessa, also charged in the case, did not appear in court. Federal attorneys said the two men will appear next week.

Hurricane Grows, Points At Florida

MIAMI, Fla. — (P) — A small hurricane in the Atlantic gained strength during the night and Thursday had winds of 140 miles an hour whirling around its center.

It was located at 9:30 a. m. about 650 miles northeast of San Juan, Puerto Rico.

The storm is traveling toward the Florida coast line. It is a compact disturbance, with the area of hurricane winds only 50 miles in diameter and gale force winds 100 to 150 miles in diameter.

New Movie Cycle To Use Stars Who Are Finishing Life Cycle

By ERSKINE JOHNSON
 NEA Staff Correspondent
HOLLYWOOD — I've got some grim news today for movie exhibitors who count the wrinkles engraved in the necks of movie dolls right after they count the house—and then scream that even vitaminized butter on super-crispy popcorn can't lure the paying customers to the theater anymore.

Bruce Webster, fellows — the jowly heart — flutterer who once made love to Lillian Gish is just getting his second wind an dñ film queen who was Vitagraph's state girl is planning to be around in 1970.

And, so help me, they'll still be sparking and smooching in front of the movie cameras.

Nope, it's not a new device that removes the bone cracks from sensitive sound tracks.

It's a new look-into-my-fading-eyes cycle.

Charles Coburn, Spring Byington and Edmund Gwenn are unleashing it in UI's "Louisa."

It's a Romeo and Juliet package for moviegoers who like a little hardening of the arteries thrown in with the boy meets girl stuff.

Lover Charles Coburn, who chases Spring in the picture as wolfishly as Charles Boyer ever sprinted after Hedy Lamarr, Ingrid Bergman and Olivia de Havilland, told me:

"This film will, I am confident, create a demand for love stories about — er — middle-aged people. What's wrong with a white-haired heroine or a lover with a paunch?" Psycho-Illogical Time

"Louisa" isn't the first picture in which Coburn has whispered sweet nothings into Spring's ear and gazed balefully at Gwenn as his painting rival.

Back in 1941, the trio excited the

City Asks Property Owners To Trim Trees

City Manager W. H. Oswalt Thursday was urging all Midland property owners to check their trees and prune those which create blind corners at intersections or have limbs overhanging sidewalks.

Oswalt said several protests have been received from residents who complain the view at several intersections is blocked and low-hanging limbs over sidewalks force them to walk in the streets.

The city will trim shrub and trees at all intersections where property owners fail to do so, he said.

with the sweet talk.

From 1906 to 1937, Coburn and his actress wife headed their own theatrical repertory company.

"Mrs. Coburn was a wonderful Juliet," he says, "but I didn't like playing Romeo. I'd get another actor to do it and I'd play Mercutio."

But he'll hop right to it any time a studio has another love story for him. It wouldn't surprise him one bit, he says, if "Louisa" doesn't turn out to be the biggest thing, for people with a little age on them, since Dr. Townsend.

That's because most of them are afraid to do what comes "natch-erly."

Coburn expects the park benches to be filled with vintage spooners when the oldsters get a gander at the picture. There will be lots of antiquarians pitching woo in parked cars along lovers' lane, too, he's guessing.

Every now and then Coburn is himself linked romantically with Ada Adams, a handsome woman who is a combination secretary-housekeeper to him.

"No marriage plans," he says. "But if somebody like Edmund Gwenn came along and made eyes at her, well, maybe I'd pop the question."

Charge Against Red Leader Dismissed

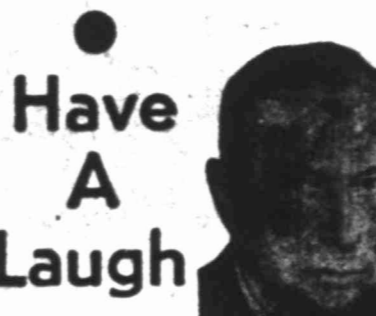

OKLAHOMA CITY (AP)—A disorderly conduct charge against Alan Shaw, Communist Party chairman for Oklahoma-Arkansas, was dismissed by Police Judge Mike Foster Wednesday.

Four companions were freed on the same charge.

One was Giovanni Rosal Lomanis, 25 year old former atomic scientist at the University of California Radiation Laboratory. He recently was vited for contempt of Congress for refusing to testify whether he was a Communist.

The group was arrested September 3 as they gathered near a laundry truck in a field. Literature described by police as communistic was seized. They were jailed overnight and released on \$20 fine each.

None of the defendants was represented by a lawyer.

Have A Laugh

By BOYCE HOUSE

Two men were arguing late at night out on the street after "sitting up with a sick friend." Pretty soon, another individual came along. One said to him, "My friend and I (hic) are arguing; he says that's the moon and I say (hic) that it's the sun; which is it?"

The one thus appealed to swayed a little and replied, "Gen'men, you'll have to (hic) ask somebody else; I'm a stranger in this town."

THE FASHION SALON is ringing up the curtain on a thrilling panorama of fashion as new as tomorrow's headlines. Go in and choose from a brilliant collection of coats, suits, dresses and hats. There are elegant suits with dressmaker details. The 1950 coats are a practical luxury of finest woolsens enriched with soft fur collars. For sportswear there is a most exciting line-up of corduroy suits and dresses.

Mid-Land Finance Co. Celebrates Anniversary—

You can feel secure in bringing your financial problems to the MID-LAND FINANCE COMPANY, 201 East Wall. Money talks here, but a reputation of long standing integrity founded on sound principles is your guarantee. The firm is, this day, celebrating its sixth anniversary. You will like the friendly atmosphere and helpful consultation when you go there to discuss automobile financing and refinancing. The suggestions of our men, A. C. Caswell and J. Henry Brock, based on years of financial experience, have helped others. Let them help you, too.

You Get What You Ask For—

You get exactly what you ask for at PIGGLY-WIGGLY. The store carries a full line of nationally advertised items of known high standard quality. Join the thousands who have found out why Piggly-Wiggly is in a class by itself, why it is tops in convenience and service and tops for bringing you more for your food dollar—the best in meats, produce, crisp fresh vegetables and fruits, and a complete selection of frozen foods.

A Versatile Wardrobe—

Corduroy goes to the head of the glass for smartness, wearability and good looks! At FRANKLIN'S You'll find say go-togethers in Autumn hues to give you a grand head start on a versatile wardrobe. There are two-piece corduroy dresses, three-piece suits with skirt, waist and boxy jacket, skirts with interesting pocket detail. Jackets, belted or boxy, in solid colors or tri-colors. You can match them or mix them.

For Brighter Table Settings—

Set a pretty table with your colored pottery using the hand printed place mats from MID-LAND HARDWARE AND FURNITURE COMPANY GIFT DEPARTMENT. They come in gift packages of four with matching napkins. There are different patterns to suit your preference. They make delightful gifts, and you'll want several sets for your own use. They can be laundered and colors won't fade.

Hand printed designs on heavy material with fringed borders would be bright complements for your pottery.

Open Your Eyes To Good Living—

You, too, can buy a new home... on your present budget to fit your present income! Open your eyes to a whole new world of good living in the home of your dreams. Now within your reach, thanks to modern methods of home financing. Consult HUGH WALLACE at Mims And Stephens for a low cost loan. Mr. Wallace specializes in real estate and loans and will give you friendly consultation on your home building plans. Stop in and see him at Mims And Stephens or call 23 for an appointment.

Repairs By Experts—

Don't let dented fenders detract from the appearance of your car. WELLS BODY SHOP, 208 South Weatherford, will straighten them out and paint them so look like new. Body dents, bent axles, etc., are quickly and expertly repaired at the shop, and the men will be glad to give you a free estimate if you drive your car in. The shop maintains a completely equipped repair department, manned by a trained mechanic. Remember Wells' Body Shop when something goes wrong with your car.

All-Over Warmth From Floor To Ceiling—

Have you given any thought to the type of heating best suited for your home—for all over warmth from floor to ceiling in every room? Stop in at WHITMIRE PLUMBING COMPANY, 515 North Colorado, and look over the different types of furnaces. The company features Empire and John-Zink furnaces and will install one for you at reasonable cost. There'll be no cold floors in your home this winter if you choose a floor furnace from these nationally advertised heating systems.

Your Child's Health—

Depends in part on the shoes he wears! Let JONES BOOT AND SHOE SHOP, 313 West Missouri, keep them in proper repair. You'll be dollars ahead in shoe budget. Only top grain leathers and composition material are used by these craftsmen to give you extra wear and extra comfort from your shoes. To complement your own Fall wardrobe, let these experts repair your last year's shoes. You'll be delighted with the results. Take your shoes in now for a complete rejuvenation.

Don't Be A "Jerry-Builder!"—

"Jerry-Building" is a practice frowned upon by honest contractors, who know that if a home is to withstand the tests of time, it must be constructed soundly and good materials used! In other words, go to a reputable contractor with your specifications of "the dream home." LOYD PONDER BUILDING CONTRACTOR, is right "on top" of every new development in the building field. Mr. Ponder builds homes which are in the \$12,000 to \$20,000 class. Call 4478 for more information.

If It's Food You Want—

Price is seldom a true indication of quality. You are not buying blindly if your purchase is made at THOMAS GROCERY AND MARKET, 710 North Weatherford. The consistent quality of the groceries, vegetables and meats, found at the store would lead one to expect higher prices; yet because the management makes a saving in its merchandising methods, these prices are no higher than the costs of ordinary foods. Shop there today for real economy!

Ask Your Doctor—

He will tell you that growing feet must have shoes that protect them and enable them to grow straight and strong. Simplex Flexies for little boys, featured by BARNES AND COMPANY, give you double-dollar value, longer wear, plus everything nature requires. Specially treated non-soak soles out-wear ordinary soles. Little boys can take their 30,000 daily steps in comfort and freedom.

An Investment That Pays Dividends—

Real Estate is an investment upon which you can realize "dividends" provided you handle that investment properly. If you decide to sell that home or business, list it with a reliable real estate agent whose experience is your assurance of getting full value for your property. Let ELLIS DONNER handle the transaction for you. He has the necessary contacts and can find you a satisfactory buyer in short time. Call 741 for more information.

For All Your Windows—

There's no greater charm than wispy, sheer curtains. MIDLAND HARDWARE AND FURNITURE COMPANY LINEN DEPARTMENT is now featuring cushion dot bedroom curtains of single, double and triple widths in various colors. There are also shaded panels of marquisette. For a bright splash of color in your kitchen, you have a choice of printed kitchen curtains with marquisette ruffles, solid colored organdy curtains with ruffles, white marquisette with checked or dotted ruffles and plaid curtains.

You'll Be Queen Of The Kitchen—

The modern bride has found a way to keep hubby thinking she's the smartest little woman in the world. She'll be queen of the kitchen at breakfast when you use appliances from PHILLIPS ELECTRIC COMPANY to serve a perfect cup of coffee from a handsome chrome finished coffeemaker, toast just the right shade of brown from an automatic pop-up toaster, and crisp, golden brown waffles from a twin waffle iron.

Paint Cheerfulness And Harmony—

For every painting purpose there's a quality paint by Nu-Enamel available at MID-LAND HARDWARE AND FURNITURE COMPANY. It's as simple as 1-2-3. These beautiful color intermixers are made simply and easily by mixing two colors of Nu-Enamel finish in equal parts. Nu-Enamel is the revolutionary hard finish, easy to apply, dries to a porcelain hard finish, comes up gleaming—smooth as glass. Even amateurs get good results with Nu-Enamel for "one coat covers"—"leaves no brush marks."

Convenience For The Housewife—

A woman should have plenty of step saving, work saving built-ins. If you're building a new home or remodeling your present one, let ABEL-McHARGUS MILLWORK, 1909 North West Front Street, supply you with the very latest improvements in corner cabinets, built-in kitchen units, ironing boards, and many other conveniences that make home a happier place for the housewife. Abel-McHargus can supply you with any items in fine millwork. Telephone 3260.

Why Not Live In A Completely Modern Home?—

Old homes are wasteful unless you keep them up-to-date! Look at your home the way an automobile owner looks at his car: does it offer all the latest conveniences, the latest ideas, the usefulness it should? If it fails to live up to this standard, your home is definitely wasting your money. A complete remodeling and repairing job by BUNCE BROTHERS gives your home new, complete livability... the livability you are now paying for but not receiving. Call 3878-J and talk over your plans with these men.

A Laundry Service For Every Purpose—

Don't be a slave to suds! Take advantage of the complete laundry service offered at KELLY'S LAUNDRY, 305 South Baird. Here you'll find the service that suits your particular needs. There is plenty of room and plenty of Maytag or automatic Laundral machines for doing your own wash the way you like it. Kelly's Laundry also features the popular wet wash and rough dry service. Call 3280 for reservations.

Reasons Why—

Folks have often asked what makes the foods so deliciously different at JOMACK'S CAFE, located in the Greyhound Bus Terminal. There are several reasons for this. The food buyers shop in only the better stores, buying only those products that an experienced eye and hand know to be best. The preparation of this food is supervised by chefs whose pride and energy create better dishes. Then, too, the crispy clean waitresses give you service that adds to good taste.

The Best Of Medical Care—

The bright promise of youth finds fruition in sturdy bodies. If your child were stricken with a disease that should rob him of his right to live a normal active life, you'll naturally want him to have the best medical treatment that money can buy. NEELEY AGENCY offers a policy covering medical care for the ten most dreaded diseases including Poli. It is indeed inexpensive when you consider that for only a few cents a day you are protecting your little one's future. Call 1850 for more information.

Invest In Happiness—

A garden of your own, plenty of room for the children... all the fresh air you can take! A pretty picture isn't it? Here's your opportunity to own a one-bedroom home for as little as \$2,995 up or a two-bedroom home for \$5,195. CONSOLIDATED QUICK HOMES BUILDING COMPANY will build you a house with features found only in higher priced homes. You have a choice of color scheme inside and out, and you may use your own floor plan. Contact A. D. Choate, Sr., or T. P. Brown at Western Motors, 106 South Big Spring.

Having Traffic Trouble?—

If your brakes don't give you absolute control of your car, especially in traffic, then you had better drive in at HALL'S GARAGE, 210 South Fort Worth for a check-up. New linings will be installed by experts wherever necessary. The service is reasonable and prompt. Mechanics will reconition your motor from fan belt to clutch, readjusting and installing new parts if needed. The well-equipped shop specializes in all types of automotive service and repairs. Drive up today.

For Household Pests—

When you house clean, take the precaution of guarding against the most common of all household pests—roaches. Get a bottle of No-Roach from MIDLAND HARDWARE AND FURNITURE COMPANY and brush it on wherever these pests are likely to appear. If they are already there, Johnston's No-Roach completely exterminates them. Odorless and colorless, it's perfectly safe to use in the home.

When Minutes Count—

Don't waste important time when you're in a hurry to get somewhere. A CITY CAB will get you there sooner. You have no "no parking" problems when you go where you're going in a City Cab. You avoid the rush hour crowds and travel in comfort-plus. Mothers will find that City Cab drivers can be depended upon to get the youngsters to school in perfect safety, quickly and inexpensively.

All Around The Town—

Like the old song, "East Side, West Side, All Around The Town," the shopping column brings you news that concerns you as a prospective shopper. Those who read it keep informed on the newest merchandise and where to buy it.

Fine Arts Club Has Luncheon, Social Hour

The first Fall meeting of the Fine Arts Club was a luncheon held Wednesday in the Private Dining Room of Hotel Scharbauer. Hostesses were Mrs. George Kidd and Mrs. E. H. Barron.

The table was decorated with red roses, red zinnias and blue ageratum. The flowers were given by Mrs. Kidd.

Mrs. Poy Proctor's message as president of the club was recorded for posterity. In this message she said, "In any organized group of women financial necessity, sorrow, daily labor—club work in general—has a tendency to minimize differences."

In the business meeting the members pledged 100 per cent cooperation with the clean-up campaign. Yearbooks were distributed and Mrs. W. H. Sloan gave a report on the progress of the planning committee for the clubhouse.

Mrs. L. H. Ferguson was voted membership in the club.

The new officers were introduced. They are Mrs. Proctor, president; Mrs. B. R. Schabarum, first vice president; Mrs. Harry Miller, recording secretary; Mrs. O. J. Hubbard, treasurer; Mrs. Wilson Bryant, historian; Mrs. J. G. Garner, critic; Mrs. Roy Parks, parliamentarian; Mrs. J. M. White, Sr., yearbook committee chairman; Mrs. J. Clifford Hall, social service chairman.

Others attending were Mrs. L. G. Byerley, Mrs. S. J. Lones, Mrs. Nelson Puett and Mrs. Neal Marks. After the luncheon a social hour was held in the home of Mrs. Proctor.

Methodist Men Elect Officers

Frank E. Paup was elected president of the Methodist Men of the First Methodist Church Tuesday night at a dinner meeting in the Scharbauer Educational Building.

Other officers elected were John A. Sewell, vice president; Oliver Haag, secretary; R. L. McCormick, treasurer, and J. W. Thorne, Methodist Layman agent.

In a short business meeting following the dinner, the second Tuesday night of each month was decided on as the regular meeting date.

The Rev. Howard H. Hollowell outlined several projects which could be undertaken this year. George DeHart, new minister of music for the church, was introduced. He explained the music program that is to be initiated for the church.

Epsilon Sigma Alpha Has First Meeting

The first regular meeting of Alpha Psi Chapter of Epsilon Sigma Alpha was held Tuesday night in the home of Mrs. Next Rabensburg, president.

Tentative plans for the year were discussed.

Those attending were Mrs. Dayton Bliven, Sylvia Cearley, Mrs. J. DeBarbie, Mrs. Martha Glenswinkel, Jima Lou Gumm, Mrs. Frank Kehlenbach, Mrs. John Moffet, Mrs. John Nicholson, Mrs. Roger Sidel, Mrs. Wade Smith, Bobbie Watson and Mrs. E. V. Gumm, sponsor.

Rev. Lindsley Is Guest Speaker At P-TA Meet

The Rev. Clyde Lindsley, pastor of the First Christian Church, was the guest speaker at the first meeting of the West Elementary Parent-Teacher Association Tuesday afternoon in the school auditorium with 153 persons attending.

Mr. Lindsley, introduced by Mrs. Harvey Herd, spoke on "Molding the Child Into the Best Type of Citizen."

He said parents should bring up their children in the discipline and obedience of the Lord.

Joyce Johnson read the devotional and Mrs. E. J. Murphy, president, presided over the business meeting. P-TA officers and faculty members were introduced.

Mrs. J. B. Elder announced that survey sheets for study groups will be sent home for parents' approval.

Mrs. Grenade Peters' room was first in room count and Jean Bachman's room was second. Both are first grade rooms.

Coming Events

FRIDAY

The BS Chapter of P. E. O. will meet in the home of Mrs. W. Dave Henderson, 1306 West Indiana Street, at 1:15 p.m.

Alahean Class of the First Baptist Church will meet at 3:30 p.m. in the home of Mrs. Ernest Neill, 208 South I Street. Co-hostesses will be Mrs. Zeb Wilkins and Mrs. C. M. Dunagan.

A Young People's luncheon will be held in the recreation hall of the First Baptist Church at noon.

There will be a dinner meeting of the Advance Committee of the First Methodist Church in the Educational Building at 6:30 p.m.

Ladies Golf Association of the Midland Country Club will meet in the clubhouse at 1 p.m. for luncheon and a style show. Hostesses for the meeting are Mrs. Ralph Lowe and Mrs. J. D. Dillard. Reservations must be made by Thursday evening.

The fourth annual all-breed dog show, given by the West Texas Kennel Club, will be held at the County Pavilion, West Tenth Street, Odessa. Show hours are 8 to 10 p.m.

The Midland Service League will have a board meeting at 9:30 a.m. in the home of Mrs. Harvey Herd.

DYT will entertain husbands at a barbecue chicken supper at 7 p.m. in Cole Park.

Sashaway Square Dance Club will meet in the Midland Officer's Club at 8 p.m.

SATURDAY

Order of Rainbow for Girls will meet in Masonic Hall at 3 p.m.

Children's Story Hours will be at 10:30 a.m. in the Children's Room of the Midland County Library and in the library's Terminal and Dunbar branches.

St. Ann's parish will have its "Family Fair" at 5:30 p.m. on the school grounds.

Alpha Chi Omega will meet at 2 p.m. in the home of Joyce Neville, 1123 North Carrizo Street. All Alpha Chi members are invited.

AAUW annual Fall Round-up will be held at 9:30 a.m. in the backyard of the home of Mrs. Carl Westlund, 801 North Marientfield Street.

Children's Theater will meet at 9:30 a.m. in the Community Theater.

Boone Class Has Monthly Luncheon

Mrs. M. V. Morris of Los Angeles was a guest of the Boone Bible Class of the First Methodist Church when it met for its monthly luncheon Wednesday in the Scharbauer Educational Building.

Other guests present were Ethel Cure, Mrs. R. B. Dickey, the Rev. H. H. Hollowell, Mrs. J. M. Merritt and Mrs. F. E. Gauze.

Mrs. A. J. Hill's group was in charge of the luncheon. Mrs. M. R. Hays had the devotional period.

Others present were Mrs. J. A. Graves, Mrs. Ben W. Golladay, Mrs. Hugh Presley, Mrs. C. C. Thomas, Mrs. Ray Seifert, Mrs. William J. Schumacher, Mrs. F. C. Myers, Mrs. Owen Wheeler, Mrs. W. F. Chestnut, Mrs. Cleo O'Berkamp, Mrs. R. E. Baker, Mrs. John A. Sewell, Mrs. R. L. McCormick, Mrs. E. P. Birkhead, Mrs. J. P. Wilkins, Mrs. Gerald Keeler, Mrs. Harold Welch, Mrs. James Wilson.

Mrs. Russell Hayes, Mrs. J. S. Chauncy, Mrs. Roy McKee, Mrs. J. R. Long, Mrs. Fred Forward, Mrs. T. C. Watkins, Mrs. George H. Peters, Mrs. Frank W. Reeves, Mrs. V. G. Stolts, Mrs. Joe V. Birdwell, Mrs. Lee Delbury, Mrs. J. T. Klingler, Mrs. H. L. DeWeese, Mrs. Charles Worthen and Mrs. G. L. Shoemaker.

Progressive Study Club Has Coffee At Opening Meeting

A coffee Tuesday morning in the home of Mrs. John DeFord, president, was the opening meeting of the Progressive Study Club.

Mrs. J. Z. Kimberlin and Mrs. DeFord were hostesses. Mrs. John W. Thomas poured.

The coffee table was centered with bouquets of tiny yellow mums and yellow candles. A bouquet of bronze mums tied with a bronze ribbon decorated the living room. Mrs. DeFord wore a corsage of yellow mums.

Short Talk

Mrs. DeFord gave a short talk emphasizing participation in the clean-up campaign, selected a club project and a donation to the Woman's clubhouse.

PRESBYTERIAN MEN MEET THURSDAY NIGHT

The September meeting of Presbyterian Men of Midland is scheduled at 8:30 p.m. Thursday in the Fellowship Hall of the First Presbyterian Church.

The Rev. Harry G. McDonnell, pastor of the Normandy Heights Presbyterian Church at Odessa, will be the guest speaker. Dean Murray, program chairman, said.

WERE WOMEN BORN TO SUFFER?

"No," say lots of lucky girls

Maybe you, too, can look back on those "maddening days" each month and revel in blessed relief from pain. For if you suffer from functional periodic cramps, discover—as so many other women have—the wonderful help Cardul may bring.

Cardul works internally to help minimize painful contractions of the organ muscle. Thus it aids in overcoming a frequent cause of cramps. Maybe your suffering is needless, too. See what aid of this modern type can do for you. Ask for a bottle of Cardul.

Walter League Has Two New Members

Shirley Robertson and Dorothy Johnston were accepted as new members of the Grace Lutheran Walter League at its meeting Wednesday.

The Rev. Gilbert Becker, pastor of the Grace Lutheran Church, led the prayer and read a portion of scripture from the book of Job. Bible study followed.

The old parsonage is being turned into Sunday School rooms and plans were made for remodeling and painting the walls as a project for the league.

Dorothy Johnston was elected to help edit the "Volcano," a monthly magazine of the Walter League.

It was announced that the Fall rally will be held October 1 in San Angelo.

The explorer Marquette reported finding watermelons cultivated in the interior of America in 1673. Safflower, an oil plant, grows well irrigated land above 3,000 feet elevation.

Nurse Tells How Hadacol Was So Helpful To Her

She Suffered Deficiencies of Vitamins B1, B2, Iron and Niacin

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., says being a nurse really lets her know when folks are sick. That is why when she tried all sorts of remedies and didn't get relief, she knew she was in bad shape. That was, of course, before she heard about HADACOL and before she found out she had a deficiency of Vitamins B1, B2, Niacin, and Iron.

Here is Mrs. Adele's own statement: "I have been a nurse for over 14 years. I had to stop working and went to the hospital. I was suffering all kinds of dizzy spells, weaknesses and growing weaker. I had pains in my chest and I could hardly eat. My food never seemed to agree with me. I was terribly run down and growing worse. I had tried all kinds of remedies. Don't think I wasn't plenty scared—'cause I know, being a nurse, when folks are really in bad shape. . . I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I don't have dizzy spells any more—I am full of energy. The only thing about HADACOL is that I didn't find out about it sooner. Now I am going back to work at last, thanks to wonderful HADACOL."

makes it possible to actually relieve the cause of neuritis pains, nervous disorders, and a general run-down weakened condition due to such deficiencies in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B1, B2, Iron, and Niacin but also helpful amounts of important Calcium, Phosphorus and Manganese—elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come in Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B1, B2, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're suffering fiendish torture and agony from neuritis aches and pains, nervous disorders, insomnia, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin of red blood cells (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ—to the liver, lungs, heart, kidneys—even to the nails, hair and eyes. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break! If you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close at hand as your nearest drug-store? This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50. (Copyright, 1950, The LeBlanc Corporation.)

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACOL now

Alpha Chi Omega will meet at 2 p.m. in the home of Joyce Neville, 1123 North Carrizo Street. All Alpha Chi members are invited.

Communist Cause Deserts

This thing of breaking with the Communist Party has become quite a production. The latest to give it the Cecil B. DeMille touch is Lee Pressman, former general counsel of the CIO.

Pressman told the House un-American Activities Committee he belonged to a Communist Party cell in 1934, left the party after a year but maintained an "ideological link" until just a short time ago.

Rep. Richard M. Nixon, California Republican on the committee, asked Pressman why it took him from June 25, the invasion date, to August 10 to make up his mind.

"My decision was taken as result of profound conviction. I had discussed this for at least a year with some close friends. . . . It took time to reach a conclusion like this."

Now of course it's every individual's own business how and when he decides on the course his life should take. It's not for any other citizen to say how fast or how slow he should arrive at the crucial decisions.

But there's an implication in Pressman's remarks, and it's noticeable in the attitude of other Communist deserters, that a Communist or Red sympathizer somehow gives deeper thought to these basic questions than other people do.

When a Red decides not to be a Red any more, it's always after the most exhaustive soul-searching. You get the idea he reluctantly is leaving a cause he suspects still may be noble despite disquieting evidence to the contrary.

Actually these little personal dramas of people like Pressman are acted out to boost the self-importance of the actors. They seem to find it necessary to represent themselves as heavy thinkers bearing the great weight of the world's problems on their minds.

At worst these people purposely have blinded themselves to the brutal truth about communism in practice—facts long established and constantly re-emphasized.

In neither instance is there anything profound about their grasp of the realities. Quite the reverse. These deserters from communism have been living in a realm of paper-thin dreams. Yet they want us to believe it requires a long, painful exercise of high intellect to realize the transparency of their fantasy.

The Triumph Of Yankee Ingenuity

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1960, By The Bell Syndicate, Inc.) Drew Pearson says: Truman makes off-the-record plea for tolerance; Senator Byrd refuses to obuse franking privilege; Truman's conference with Marine commandant not cordial.

WASHINGTON—Sometimes the President's off-the-record remarks that never reach the papers are his best. Those present thought this was the case when Truman addressed the joint session of the AFL-CIO last week.

Speaking without notes and obviously straight from the heart, the President made a plea for tolerance in wartime. To a considerable extent it was a historical speech. The President reviewed the different periods of hysteria which have gripped the country—the Alien and Sedition Act in the early days of the Republic, the Know-Nothing Party, and Ku Klux Klanism.

He pointed out that the Know-Nothing Party had been anti-Mason and referred to the fact that he, himself, was a Mason. The Klan, he recalled, was first against the negro; then when revived in the 1920's, against the Jew and the Catholic.

These were evidences of intolerance which did not truly represent the American people, he said, and he was absolutely confident that the good judgment of the American people always would win out.

The President did not mention the Mundt-Nixon bill or the McCarran bill, but it was obvious he had them in mind. For he referred to congressional witch-hunters who wave the American flag while persecuting alien immigrants and trampling on the rights of loyal Americans.

"This is the raw material of totalitarianism," he said. While fighting the intolerance of totalitarianism, he emphasized, we must not take on the methods of totalitarianism. Recalling that totalitarian regimes had persecuted labor unions, religious groups and fraternal organizations, he pointed out that under the Alien and Sedition Act, naturalized citizens hardly dared say anything in public about the government for fear of being thrown in jail, and this, he inferred, might also happen under the Mundt-Nixon and McCarran bills.

Free Lobbying Mail There was at least one senator who, though agreeing with the political theories of Lobbyist Edward Rumely and his Committee for Constitutional Government, refused to endorse the public out of extra money through abuse of the franking privilege. He is Senator Harry Byrd of Virginia.

Some senators, however, including Dick Russell of Georgia, did not object to the idea of using their free mailing privileges to send lobbying propaganda for the ex-German agent through the mails.

Here are interesting notes from the letters of Homer Dodge, Washington representative, to his boss, Dr. Rumely, convicted of being an agent of the Kaiser in World War I.

"Senator Russell was very cordial and will frank the Richberg statement if necessary. He would rather not as he is up for election this year. He referred me to Senator Eastland (Mississippi) who also is up for election but who does not expect any labor votes and does not expect any. I sincerely hope we can find a new senator in Mr. Eastland who will cooperate on extensions and franking, as in an election year, especially, so many members of both Houses appear to be terrified of charges of misuse of privileges."

"Senator Byrd surprised me by saying there is a law against sending franked envelopes out of Washington and he will not disregard it. He mentioned what he called difficulty with the misuse of the frank by former Senator Burke. The matter of Senator Eastland's hands back in the Richberg extension is now

championing the good-neighbor policy, in this case has voted the other way. Note—Unfortunately fact is that Latin Americans who don't understand the intricacies of our legislative system and think that Truman should be able to control Congress, consider the copper tax a slapdown by the entire United States. Alaska And Hawaii President Truman told Hawaiian Delegate Joseph Farrington and Alaskan Delegate E. L. (Bob) Bartlett last week that their territories never would be "adequately defended" until they attained statehood. Truman explained that a vital factor in defense was morale. He added that morale was bound to suffer when people were taxed and their sons drafted without some voice in making the laws that govern them.

championing the good-neighbor policy, in this case has voted the other way. Note—Unfortunately fact is that Latin Americans who don't understand the intricacies of our legislative system and think that Truman should be able to control Congress, consider the copper tax a slapdown by the entire United States.

Alaska And Hawaii President Truman told Hawaiian Delegate Joseph Farrington and Alaskan Delegate E. L. (Bob) Bartlett last week that their territories never would be "adequately defended" until they attained statehood.

Truman explained that a vital factor in defense was morale. He added that morale was bound to suffer when people were taxed and their sons drafted without some voice in making the laws that govern them.

"That certainly is true of Hawaii!" spoke up Farrington. "Our casualties in Korea have been five times greater than the proportionate rate by population in the 48 states."

"I've done everything I can to get the statehood bills passed, but certain people in Congress have blocked me at every turn," Truman insisted. "Now these people are trying to make it appear that it would be Alaska achieved statehood."

This drew a hot retort from Bartlett, who recalled that one of the statehood foes, GOP Senator Andrew F. Schoepel, had charged that Alaskan Eskimos were visiting back and forth with Siberians.

"That simply isn't true," asserted Bartlett. "The Russians themselves put an end to the practice three years ago by arresting 20 of our Eskimos who went over to Siberia. The Eskimos were held for several weeks and grilled closely about Alaska defenses. There haven't been any visit since."

Note—Actually American Eskimos had served as useful intelligence observers to find out what fortifications were being built on Soviet islands. The Russians knew this.

So They Say Britishers are immensely grateful for Marshall Plan aid, but we have done better than any other country because we have planned our economy. We're not down and out.

Dr. Emlyn Davies, professor at South Wales Baptist College. "I'm a realist and when I'm licked I don't hesitate to admit it."

Scott W. Lucas (D-III), U. S. senator. "And you still want to stick by the ship?"

Reagan's eyes were bright blue and bold. "More than ever."

Again Edie felt the aura of power that seemed to emanate from Reagan. Undoubtedly, she thought, he would be a good man to have on one's side.

"That's that, then, for the present," she said, getting to her feet. "We'll talk again, Mr. Reagan. Very soon. And maybe, between us, we'll find some way to lick Mr. Northcott."

Reagan said, without undue originality, that she certainly was a "chip off the old block." Even Myron Frey, moony and detached, came down out of the clouds long enough to observe that Edie was "a worse slave-driver than the Old Man." Edie merely smiled. These two gentlemen were not progressing smoothly. He had

IMPORTANT PASS The Khyber Pass is the most important of the passes leading from Afghanistan into India. Its great military importance is due to it being the gateway to the plains of India.

JACOBY ON BRIDGE By OSWALD JACOBY Writer for NEA Service "If I ever win a finese," Hard Luck Joe complained bitterly, "I am going to go right out and paint the town red!"

WASHINGTON—A Pentagon spokesman admits that the cost of doing a rush job on developing an effective intercontinental guided missile would be less than the cost of producing the first atomic bomb, which was about \$2,000,000,000.

There has been considerable discussion among top-level defense officials about the possibility of giving such an assignment to a super organization such as the Manhattan Project which turned out the first A-bomb during the last war. But the issue isn't as simple as just appropriating the money. It's hard to evaluate the progress of guided missile development so far because of the tight secrecy surrounding all phases of it. But in spite of inter-service conflicts over administration of the program, it is pretty well known that some fairly good guided missiles are in an advanced state of development.

The FORMER MISS FREY By Edwin Rutt Copyright 1959 by NEA Service, Inc. THE STORY: The former Miss Frey, whose marriage to fortune hunter Peter Flood has not been happy, has been placed under the terms of her father's will in full charge of Frey & Company, a successful advertising agency.

WASHINGTON COLUMN Super Missile Concentration Could Retard General Work By DOUGLAS LARSEN NEA Staff Correspondent WASHINGTON—A Pentagon spokesman admits that the cost of doing a rush job on developing an effective intercontinental guided missile would be less than the cost of producing the first atomic bomb, which was about \$2,000,000,000.

Questions and Answers Q—Do any states have anti-kick-back laws? A—Twenty-six states and the District of Columbia have such laws. In Washington State it is a violation for motorists to pick up a "thumper."

Ann Eason Is Given Birthday Party

Ann Eason was honored on her seventh birthday Tuesday with a party in the home of her grandparents, Mr. and Mrs. R. I. Glenn. The party was given by her mother, Mrs. R. J. Eason.

Games were played and refreshments were served to Bobbie and Virginia Buys, Betty, Becky and Billy Wilson, Pansy and Earlene Glenn, Alonzo Trantham and Ruby Pearl Ballard.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unguisly weight and helping to bring back alluring curves and graceful slenderness. Just get from your druggist, four ounces of liquid Baronestrate. Add enough grapefruit juice to make a pint. Then just take two tablespoonfuls twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 14, 1950-5

Mrs. F. Pennycook Is Named Creative Writing Chairman

Mrs. Forbes Pennycook was elected chairman for the Creative Writing Group of the American Association of University Women when members met Wednesday night in the home of Mrs. John Powell, 310 West Ohio Street.

Mrs. Pennycook will replace Mrs. Frederick Conyers who is leaving Midland. Letters were read from two of the members, Mrs. Ernest Sidwell, who is in Europe; and Mrs. Norman Sax, who is in an El Paso hospital. The regional meeting of AAUW will be held October 5, Mrs. Brandon Rea announced. The creative writing group is planning to conduct a panel discussion at the meeting, which will begin at 10:30 a.m. in the Manhattan Restaurant.

Ladies Golf Club To Have Style Show

The Ladies Golf Association Style Show will be held in the Midland Country Club at 1 p.m. Friday. Models will be members of the association. Suits and casuals will be shown to members and guests. Reservations must be made by Thursday night.

Girl Scout Training Course Opens Monday

Two of the first women to enroll in the Girl Scout Training program were Mrs. King C. Light, Jr., member of one of the first troops in Midland, and Betty Jo Greene, a former member of a Midland troop. Mrs. Light, who now has two sons, may be helping with the Boy Scout program before long. Both women intend to take the training course and then help with the leadership of a troop.

However, all the women of Midland are invited to attend the program if they are interested in Girl Scout work.

The course begins at 9 a.m. Monday in the Girl Scout Little House. Mrs. J. C. Rinker is the training chairman and Mrs. I. A. Searles is the instructor.

Valley View Club Will Meet Friday

The Valley View Home Demonstration Club will meet in the schoolhouse at 2:30 p.m. Friday. Mrs. J. D. Bartlett will name the adapted variety of roses for this vicinity. Mrs. Joe Heidelberg will discuss soil preparation and Mrs. Benny Bizzell will speak on the correct working heights of work surfaces in the kitchen.

Congratulations To:

Mr. and Mrs. Bill Ruhmann, 1002 South Weatherford Street, on the birth Wednesday of a son, Phillip Louis, weighing six pounds, 11 ounces.

Mr. and Mrs. G. E. Elliott, Route 1, on the birth Wednesday of a daughter, Patricia Lynn, weighing eight pounds, nine ounces.

Mr. and Mrs. J. C. Angel, 1306 West Washington Street, on the birth Tuesday of a son, Steven Thomas, weighing nine pounds, two ounces.

Mr. and Mrs. William Hicks, 404 East Cottonwood Street, on the birth Tuesday of a son, weighing six pounds, 10 ounces.

Mr. and Mrs. Joe Pollard, 806 South Loraine Street, on the birth Tuesday of a son, Louis Steven, weighing seven pounds, four ounces.

HOUSTON — (AP) — Screen Actor Bruce Cabot is due here Saturday and Sunday will marry Francesca De Scaffa, Portuguese beauty, at oil man Lenoir Josey's ranch near Cypress, Texas.

Josey said he had invited Cabot to be married at his ranch, but did not know any details of the wedding.

Cabot said in Hollywood he met Miss De Scaffa at a party in the film city several months ago. This will be his third marriage and Miss De Scaffa's first.

Field Commissions Given 103 Soldiers

TOKYO — (AP) — General MacArthur's headquarters announced Thursday that on-the-spot battle-field commissions have been granted to 103 U. S. soldiers in Korea.

All were for meritorious service and leadership in action. Fifty-one are in the 24th Division, 34 in the 25th Division, 10 in the First Cavalry Division, two in the Second Division and six in headquarters of the Eighth Army.

Man Dies On Plane Enroute To El Paso

EL PASO — (AP) — A 54-year-old New Orleans man, Simon Klein, died on an American Airlines plane enroute here late Wednesday. Passengers on the flight said attendants administered oxygen to Klein during the flight and that he seemed in good spirits. About 30 minutes before the plane's arrival, Klein slumped in his seat. He was pronounced dead on arrival at the airport.

Woman Is Strangled By Vacuum Cleaner

SCARBOROUGH, ENGLAND — (AP) — Mrs. Elsie Morgan was strangled by her own vacuum cleaner. While she was carrying the machine, her smock was drawn into the vacuum. She was strangled fatally by the neck band.

"It was a million to one accident," a policeman said.

NEGRO FILES SUIT TO FORCE LSU ADMISSION

NEW ORLEANS — (AP) — A negro student, denied admission to the law school of Louisiana State University, has filed suit in U. S. District Court here to force the state to admit him.

The plaintiff is Roy S. Wilson, one of 12 negroes recently denied admission to the university.

VACATION IN CHICAGO

Leaving Midland Sunday for a two-week vacation in Chicago, St. Louis and Niagara Falls will be Mr. and Mrs. Ray Gwynn, 901 West Michigan Street.

In Chicago, the Gwynns will attend the National Graphic Art Exposition, which meets every ten years, and the National Stationers' Convention.

School Nurse Named To Foster Health In Midland Schools

Heading the health service, a new department in the public schools here, is Mrs. Marian Owen of Midland. Mrs. Owen is a professional nurse with varied experience and training in her work.

Four clinics are planned for the students of Midland during the present school term. They are: an eye clinic, a dental clinic, a tuberculosis clinic, and an ear clinic. Each student will have his eyes tested by Mrs. Owen, who will advise the proper action in case of deficient eyes. She also will see that each student has his teeth checked. Any deficiency will be reported to the child's parents so proper steps may be taken. The tuberculosis clinic will be conducted with the aid of the Tuberculosis Association and Midland doctors. The school system is in the process of securing an audiometer with which the hearing of the students will be tested. Students with poor hearing will be placed near the front in classrooms in order that their hearing will not handicap them further.

Health Record

A complete health record will be kept on each student throughout his school life in the office of his school. These records will be available to parents and teachers.

"The idea of the health service," Mrs. Owen said, "is to build healthier children and to keep them that way. We hope to catch deficiencies in time to prevent future trouble."

Mrs. Owen met recently with Mrs. Davidson, secretary of the Tuberculosis Association, and Midland doctors to work out definite plans on the tuberculosis clinic, which will be the first clinic to get under way.

A 13-year-old veteran of the nursing profession, Mrs. Owen moved to Midland from Fort Worth last October.

Youth Center Chatter

By June Haslip — Joyce Howell

Howdy Doody to you! Here 'tis Thursday again and of course that means that us'ns are here to talk about what the Teeners are doing. The Youth Center certainly gets our vote as the most popular place in town these afternoons. Everyone seems to be there just as soon as school is out. The "exes", at least the few that are left, drop in to meet their friends and both junior high and high school students take good advantage of the snack bar. The noise usually is enough to drive a sane person crazy with the juke-box blaring, everyone shouting back and forth and ordering drinks. Some very ambitious persons try to do some of their homework and we do mean TRY! How anyone could study in all that confusion is more than we can see. They say they can, tho' Lucky People!

Those wedding bells are getting to be very dangerous things... We think it must be "catching." Seems like every time we pick up a newspaper someone is getting married. This time the Youth Center is losing one of its most faithful members. Clinton Morgan, better known as "Red," was married Sunday afternoon. Clint always has been a regular member and an officer of the Junior Council. He was chairman of the Moral Committee. Joe Dorsey, Dick Monroe, Jerry Webb, Roy Mann and Alice Oates will be rather lonesome without their "buddy" as we hear they were threatening to kidnap the bridegroom in order to preserve their sextet.

First Pep Rally
To get things off to a good start, a football pep rally was held last Friday. The first home game will be played September 22 with Yaleta. Lots of spirit was in evidence as the students practically removed the gym roof. The "exes" turned out in large numbers for the first pep rally of the year. Jo Ann Boykin, Janis Slough, Don Johnson, Doyle Roberts, Katherine Lewis, Margi Carter, Dan Dickinson, John Ed Green, Rosalyn Leggett, Marilyn Wheeler, Peggy Whitson, Gwen Roberts, Richard Patton, Buddy Gowan, Harold Drew, Bunt Hightower, Maurice Cox, "Red" Prichard, Larry Bedford, George Johnson, Billy Ray White, Richard Gillis, Royce Ray McKee, Sarah Lew Link, and Jereen Jewell were among those who attended.

Peggy Greathouse really has caused a sensation around MHS. Peggy who sews quite a lot, has made two very cut bags to match two of her dresses. One is a small basket purse and the other is a small rectangular shaped bag. Clever idea, Peggy!

Congratulations
Our congratulations go to Louis Griffith this week. Louis, who graduated from MHS last Spring, and now is attending Oklahoma University in Norman, is a pledge of the Kappa Delta Rho.

Richard Patton used to really "wow" the kids at the high school pep rallies with his brightly colored socks, but Corky Moss almost outdid him at last Friday's rally. At lunch Corky was seen wearing a pair of green iridescent socks with his bright purple slacks... fortunately, Corky changed socks before the rally.

Jack Burris certainly goes in for bright colors from what we gather. He was seen sporting a very colorful "T" shirt last week. And what was on it? A beautiful blond... and she was a cheerleader dressed in green, red and yellow. Sounds like an unusual shirt doesn't it... well, take it from us, it was.

"And what did you like or dislike about last year's Otoicoa..." Marjann Forrest, a member of the Otoicoa staff, was collecting comments on last year's annual, in the Youth Center. Sue Ann Francis also was in the Center collecting news for the high school paper, The Bulldog, which publishes each Sunday. Yes, high school really is underway.

There will be a most important meeting at the Youth Center at 7:30 p.m. Thursday. Mrs. Gwyn urges all members to be present. Have you seen a horse running

around loose? It may be blue or red colored, or it may be a horse of a different color. No matter what the color, we're sure that Richard McCullum's horse is running about loose. Richard often has been heard to say: "Whoa girl, Steady girl, Steady... Don't panic!" Just the sort of thing one says to a horse. We've often heard him say this but as yet, we haven't seen the horse. Therefore, we are certain he has lost his horse and it is somewhere running loose.

The Youth Center Winter hours will be as follows: Weekdays 11:30 a.m. to 1 p.m.; 3:30 to 5:30 p.m. and 7 to 9:30 p.m. Friday hours are the same except the Center will be open until 10:30 p.m. Saturday hours are 2 to 5:30 p.m. and 7 to 11 p.m. On Sundays, the Center will be open from 2 until 5:30 p.m.

Last week, Midland High Teeners lost a wonderful friend. Word was received here by Mr. Mathews that Coach Joe "Red" Akins had been killed in action in Korea on September 2. Midland High students, who knew Coach during the months he taught here, are grieved by the news. Our deepest sympathy to Coach Akins' family and friends.

Parting Shot By June
This week the column has a very special meaning to me. This will be my last column, as I leave this week to attend college. I would like to take this means to get a little sentimental and to say "so long." (I won't say good-bye, because I hope to be around at various times during the year.) I'd like to say "Thanks" to The Reporter-Telegram staff for all their help and for putting up with us this last year and eight months. And I'd like to say "Thanks" to all of you out there who have been with us from the beginning. Your help, criticism and compliments have meant more than you'll ever know. But most of all, I want to say "Thanks" to my partner, Joyce Howell. From now on Joyce will have the column on a "lone wolf" basis. (Or should that be Wolf-est?) Joyce has been a wonderful friend and partner and I can never say just how much I have enjoyed these last months of working with her. She'll be around for many more months to come, too. So Good Luck, Joyce and thanks again to everyone for everything!

—June Haslip
Thanks and good luck to you, too, Miss Haslip—The Reporter-Telegram.
Seems like that about rounds up everything for now so we'll just say "Goober" til next Thursday... See you then!

THE HOME OF GREATER VALUES

Permian Basin Oil and Gas Log—

(Continued from Page One)

Amerada Petroleum Corporation. The explorer is the No. 1 E. M. Houston, 2,100 feet from south and east lines of section 4, block 1, J. F. Smith pre-emption survey.

New Wildcat Slated For NE Val Verde

R. J. Caraway of Dallas will drill his No. 1 Guida Rose as a wildcat in Northeast Val Verde County. Location for this prospector will be at the center of the southeast quarter of section 2, GC&SF survey.

C-N Howard Flanker Is High To Discovery

Amercan Oil Corporation No. 1-A Branon, one location south of the discovery of the south extension to the East Vealmoor field in Central-North Howard County, topped the lime reef pay at 7,280 feet, to give it a datum of minus 4,710 feet on that marker.

That makes it 30 feet high to George Brown No. 1 Branon, the extension opens.

The Amercan No. 1-A Branon is making hole at 7,280 feet. Operators plan to penetrate to approximately 7,410 feet, and then set casing and after that drill about 50 feet deeper and complete from the lower section of the pay, leaving the top of the producing zone cased off for producing at a later time.

Caraway Will Drill New Stonewall Test

R. J. Caraway and others of Dallas will drill a 6,500-foot Ellenburger test one and one-half miles east of the Old Glory-Bend conglomerate pool of Central-East Stonewall County.

It will be the No. 1 John Behringer, 487 feet from south and west lines of a 316-acre tract in the G. B. Cooke survey.

Deep Prospector In C-N Pecos Is Planned

Cabot Carbon Company No. 1-A J. W. Walser, et al, is to be a 4,100-foot wildcat in Central-North Pecos County to try to develop production in the Ellenburger.

Drillsite is to be 680 feet from northeast and northwest lines of section 137, block 10, H&GN survey. That makes the prospector 15 miles west of Girvin and about seven miles east of the nearest Ellenburger production in the Apoc-Warner field.

Drilling is to begin in the near future.

North Pecos Project Set To Test Montoya

P. R. Rutherford No. 1-A Alton E. Simms-Statle is to be a 4,950-foot exploration in the Abell-Montoya field of North Pecos County. It is located 330 feet out of the most northerly northwest corner of section 18, block 2, H&TC survey and it is adjacent to wells in the field which produce from the Montoya section of the upper Ordovician.

Drilling is to start immediately.

C-N Runnels To Get 4,250-Foot Project

Strahan & Barton of Ballinger have staked location for a 4,250-foot, rotary tool wildcat to be drilled in Central-North Runnels County.

It will be No. 1 W. H. Jacob and is located 550 feet from south and 540 feet from east lines of lease in J. C. McKean survey No. 534.

No. 1 Jacob will be about four and one-half miles east and slightly south of the Winters multiple pay field and one and three-quarters miles east of production of Woods Drilling Company on the Carl Voegler lease. It is also five and one-half miles southeast of Winters.

Amerada To Drill W-C Motley Venture

A 7,000-foot wildcat has been scheduled for immediate drilling in West - Central Motley County by Amerada Petroleum Corporation. Drillsite will be nine miles northwest of Matador.

The proposed venture will be the No. 1 Ollie Birnie, 1,980 feet from north and 660 feet from east lines

Labor Government To Take Over Steel Industry January 1

LONDON—(P)—The Labor government announced Thursday it will take over the British steel industry after January 1.

Winston Churchill, the Conservative leader, promptly declared he would ask the House of Commons to adopt a virtual motion of censure. The motion will be debated next Thursday. If passed, it might lead Prime Minister Attlee to resign and ask for a new election.

In view of its wartime majority in Commons—now only five votes—the Labor government had been expected until recently to let the explosive steel issue lie dormant for at least a few months.

Stepout in Terry To Test Wolfcamp

A south offset to Amerada Petroleum Corporation No. 1 Willard, indicated Wolfcamp discovery in Central-South Terry County, has been staked by that company as the No. 3 Willard.

Location is at the center of the southeast quarter of section 6, block C-37, pal survey.

This venture is contracted to go to around 9,000 feet.

Sulphur Water Found In Tom Green Venture

Sulphur water and mud was found on a drillstem test at Ohio Oil Company No. 1 Bryant, West Tom Green County wildcat, at 6,980-7,030 feet in the Ellenburger.

Operator is now preparing to cement from total depth of 7,030 to about 5,700 feet and then test above that point. Plugged back depth will be above the Strawn.

Recovery on the one-hour and five-minute drillstem test was 3,810 feet of sulphur water and mud. Flowing pressure was 1,525 pounds and 15-minute shut-in pressure was 2,750 pounds.

Location is 1,640 feet east and 660 feet north of the southwest corner of section 1,446 1/2, EL&RR survey. That makes it two miles south and one-half mile west of Tankersley.

Tom Green Wildcat Plugged, Abandoned

Geochemical Surveys of Abilene has plugged and abandoned No. 1 Robert Curry Jones, Southeast Tom Green County wildcat three miles west of the Susan Peak field.

Operator encountered water in the Strawn topped at 5,025 feet with a minus datum of 2,310 feet. The failure was abandoned on total depth of 5,238 feet in time.

Location was 2,310 feet from north and east lines of section 190, district 11, SPRR survey.

Attempted Extension In Borden Abandoned

Fair, Parker & McCune, all of San Antonio, have plugged and abandoned their No. 1 T. L. Griffin, attempted southeast extension to the Reinecke field of Southeast Borden County, at a total depth of 7,879 feet.

The failure is located 660 feet from north and west lines of northwest quarter of section 46, block 25, H&TC survey.

Orders Given To Plug Reeves Test

Gulf Oil Corporation No. 1-CS TXL, Central-East Reeves County wildcat, 13 miles southeast of Sargent, and 330 feet from north and west lines of section 1, block 51, T-8, T&P survey, is preparing to plug and abandon on total depth of 5,297 feet in Delaware sand and shale.

Operator took a drillstem test from 5,222 feet to 5,297 feet with a good blow throughout the test. Tool was open two hours. Recovery was 300 feet of slightly gas cut muddy salt water and 360 feet of salt water.

Ships, Planes—

(Continued from Page One)

der, Lt. Gen. Walton H. Walker, told his troops Wednesday—while the Inchon attack still was in progress—that an Allied offensive is coming soon.

There were signs—the general said—that the Red crust on the 125-mile beachhead in the southeast perimeter was breaking. This was noted particularly on the northern front, where American and Korean Republican forces continued to hammer out gains. Elsewhere the line was generally unchanged.

Cities all the way from the 36th to 39th parallel were attacked by Skyraider bombers, Panther jet fighters and Corsair fighter bombers. A MacArthur spokesman said the Reds were withdrawing so fast northeast of Yongchun the South Korean Eighth Division had difficulty keeping patrol contact with them.

MacArthur's spokesman said back-and-forth action on the Taegu corner of the front was the only real pressure being maintained by the North Koreans.

He added that the Reds were holding close to Taegu "but they can't go farther and there's no cause for excitement." On the other fronts, he said, "they show no willingness to mix."

Odessa Infant Dies; Rites Held Thursday

Paul Lane Patton, infant son of Mr. and Mrs. Wednesdays night, Odessa, died Wednesday night. Funeral services were to be held there at 2:30 p. m. Thursday. Interment was scheduled at Comanche.

The infant was a nephew of Mr. and Mrs. John Spurgers and a cousin of J. S. Patton of Midland.

Reserve Unit Here Sets Organization, Makes Assignments

Table of organization assignments of officers and enlisted men assigned to the Midland Organized Reserve Corps unit were made at the meeting of the organization Wednesday night at Midland Airport.

Col. H. W. Mathews, commanding officer of the reserve unit, made the assignments on a tentative basis for the Headquarters and Headquarters Company, Replacement Training Center, Camp Chaffee, Ark., the designation of the Midland unit when it is called to active duty.

Lt. Col. Frank Whitaker, chief of staff, read the appointments. Lt. Col. H. L. Goodman was named G-1; Lt. Col. James C. Clary, G-2; Lt. Col. Walter Waine, G-3, and Lt. Col. Edwin C. Heikila, G-4.

Other officers received assignments on a tentative organizational basis under the four classifications. Col. R. R. Loudon, ORC instructor, attended the meeting.

Other training at the meeting included a training film. Colonel Mathews told the assembled officers and men he had had no word of an imminent call-up for the unit, but urged all eligible men to attend meetings regularly, and be prepared for a call.

Plans were made for active duty home station training to be held there in October. Officers will attend the training sessions Saturday afternoon and evening, and all day Sunday. Further organizing of the unit for a call-up probably will be program for the two weekend training periods, Col. Whitaker said.

Reduced Rate Dog Vaccinations Set Saturday, Sunday

A mass vaccination of dogs will be held in Midland Saturday and Sunday and all dog owners have been requested to have their animals on hand for a cut-rate vaccination by qualified veterinarians.

Two licensed veterinarians will be at the rear of the Central Fire Station Saturday between 1 and 5 p. m. to vaccinate dogs for \$1.50 each. Sunday afternoon, during the same hours, the same veterinarians will be at Pagoda Park to perform the vaccinations.

Col. Milan N. Plavsic, director of public safety here, and Dr. F. E. Sadler, director of the City-County Health Unit, have urged all dog owners to take advantage of the vaccinations. Dogs which have not been vaccinated will be impounded, Plavsic said.

Recent reports of rabies in several sections of the state necessitate the vaccination of all dogs in the area, Plavsic said.

Negroes Charged In Marijuana Ring

VICTORIA, TEXAS—(P)—Two negroes—one from Detroit and another from Houston—have been charged by officers investigating a marijuana smuggling operation reaching from Detroit to the Mexican border.

Officers said a third person—a Mexican delivering marijuana—escaped amid a hail of bullets Tuesday night, leaving behind 55 pounds of marijuana valued at \$33,000.

Charged with smuggling and possessing marijuana are Jesse Steward (Pistol) Ward, 48, Detroit, and James Finucane, 46, Houston.

Chinese General Said Killed In Korean War

TAEPEI, FORMOSA—(P)—Nationalist China's Defense Ministry Thursday said a top level Chinese Communist general was wounded fatally during a U. S. air raid while visiting the North Korean front lines.

The ministry said intelligence reported Gen. Hsiao Ching-Kuan, a trusted supporter of Red Chairman Mao Tze-Tung, was injured in the raid and was taken to Peiping, where he died.

MINOR SURGERY

Mark Thomson, three-year-old son of Mr. and Mrs. Mark Thomson, 2201 West Brunson Street, was admitted Thursday to Western Clinic-Hospital for minor surgery.

TO UNDERGO SURGERY

Juanita Dameron, 805 north Weatherford Street, was admitted Thursday to Western Clinic-Hospital for minor surgery.

INJURES BACK

W. C. Hoffman of Stephenville, an employe of Mid West Lumber Company, was admitted Wednesday to Western Clinic-Hospital for treatment of a back injury, received while unloading lumber.

BITTEN BY RATTLESNAKE

Adam B. Rodriguez, farmer employe of Marvin Haag, was admitted at midnight Wednesday to Midland Memorial Hospital for treatment of a rattlesnake bite. He was given anti-venom serum and reported not serious Thursday morning.

MAJOR SURGERY

Mrs. R. R. Harrison, 402 West Nobles Street, was admitted Wednesday to Midland Memorial Hospital, where she underwent major surgery Thursday.

RADIATION DETECTOR

Shaped like a long-barreled pistol, a new radiation detector soon may be helping atomic researchers protect themselves against possible dangers from radiation. The instrument has a long nose four feet long, permitting detection of radiation from a distance.

Commissioners Meet, Study Purchase Of Drainage Material

Midland County Commissioners held a special meeting Wednesday to consider the placing of orders for steel and other materials to be used in a drainage program provided for under the recent county bond election.

County Judge Clifford C. Keith said a possibility of curtailment of steel production necessitates the placing of orders early. He said bids will be accepted in the near future and contracts will be let according to set specifications.

The commissioners will hold another special meeting Monday to determine the amount of bonds to be sold immediately and possibly to set a date for a public bond sale.

Rotary District Governor Addresses Midland Club

Lloyd A. Wicks, Sr., of Dallas, governor of District 183, Rotary International, told member of the Midland Rotary Club at their Thursday noon meeting in Hotel Scharbauer.

"The reward for Rotary service and devotion is the opportunity to serve your fellowman."

"The district governor was the honor guest and principal speaker at the luncheon. He is paying his official visit to the club here and Wednesday night met with officers and committee chairmen at a club assembly.

"Aspects of Rotary" was the subject of his Thursday noon address. He discussed the various phases of Rotary and said that Rotary is international in scope, more so even than most other service clubs.

"The sun never sets on the Rotary plan and program," Governor Wicks said in listing the 80 different countries in which Rotary is represented. He related numerous incidents to stress the importance of the service organization in international affairs.

Service Stressed He said Rotary creates friendship and understanding among all people and continually is striving for world peace, friendship and fellowship. He mentioned numerous distinguished citizens of other lands who have served Rotary as officers.

"On the local level, Rotary tends to make of our communities better places in which to live," the governor stated. "Rotarians dedicate themselves to service when they become members of our great organization."

He listed the responsibilities of Rotarians and said "Rotary in Midland will be run as you run it."

The district governor was introduced by President James N. Allison. It was announced that plans to sponsor an Explorer Scout Post have been perfected by club directors.

Livestock

PORT WORTH—(P)—Cattle 1,100; calves 1,000; steady; good fed steers and yearlings 28.00-29.00; common and medium kinds 21.00-27.50; beef cows 19.75-21.75; canners and cutters 14.00-19.75; bulls 18.00-24.00; good and choice slaughter calves 25.50-29.00; common and medium calves 19.50-23.00; culls 17.00-19.50; medium, good stocker, steer yearlings 24.00-28.00; medium to good stocker steer calves 24.00-31.00.

LaMotta Knocks Out Frenchman In 15th

DETROIT—(P)—Sugar Ray Robinson is next for Middlegweight Champion Jake LaMotta after his dramatic fifteenth round knockout of challenger Laurent Dauthuille with only 15 seconds to go.

But for a savage closing rally that snatched victory from defeat Wednesday night, the well-tanned Bronx Bull would be worrying about a return match with Dauthuille.

Trailing on the cards of all three officials and just about all the working press, Jake barely saved his title. It was a heart-breaking defeat for the game Frenchman who just missed averting the late Marcel Cerdan. After it was over, the 11 to 5 underdog sat in the dressing room with tears streaming from his eyes.

There will be long debates why the Frenchman didn't play it safe in the final round. All he had to do was to stab at LaMotta's nearly-closed left eye and stay away. He would have won back for France the championship LaMotta wrestled from an injured Cerdan in the same city 15 months ago.

Jake now will fight Sugar Ray or risk a National Boxing Association ban. LaMotta weighed 159 1/2, Dauthuille 160.

More Heads—

(Continued from Page One) cation to resign. Matthews, appointed to the Navy job after a quarrel between Johnson and John L. Sullivan resulted in the latter's resignation last year, recently was the center of a flurry over high policy.

Army Secretary Pace, the most recent comer to the Pentagon family, reportedly was brought in from his former job as federal budget director at Johnson's request.

Air Secretary Finletter, who took over last April, appeared to have been primarily a choice of President Truman.

There was no expectations that the change in civilian chiefs at the Pentagon would affect the military commanders of the three armed forces.

Cotton

NEW YORK—(P)—Thursday noon cotton prices were 40 cents to \$1 a bale higher than the previous close. October 40.62, December 40.60 and March 40.63.

IS MEDICAL PATIENT

Thomas W. Koch, 910 West Storey Street, was admitted Wednesday afternoon to Midland Memorial Hospital as a medical patient. He is a geologist for Superior Oil Company.

Match Play Starts In Ranchland Meet

The first week of matches in the Ranchland Hill Country Club Golf Tournament are under way and a maximum of activity is expected Saturday and Sunday.

Fro Walter Thompson has requested that all golfers who can play Thursday or Friday to do so to avoid a crowded course later in the week.

Golfers who expect to play Saturday and Sunday must get starting times from Manager H. L. Winkler at the pro shop.

Club members have been requested to not bring guests for golf during the weekend.

Area Coaches Attend Humble's Grid Party

Coaches from throughout this area were guests of the Humble Oil and Refining Company for a dinner and showing of "Highlights of 1949 in the Southwest Conference" Wednesday night in the Crystal Ballroom of Hotel Scharbauer.

Agents and service station men who handle Humble products in this district also were present. Lamesa, Seminole, Wink, Mondrans, Crane, McCamey, Andrews, Odessa and Midland were represented at the event.

MEDICAL PATIENT

Mrs. O. H. Jones, 2011 West College Street, was admitted Wednesday to Midland Memorial Hospital as a medical patient.

Late Lt. Joe Akins Was Gridiron Star

The late Lt. Joe Akins, 29, who was killed in action in Korea, was a former football star at Sweetwater High School and Abilene Christian College.

Akins was with the First Cavalry Division fighting near Taegu when he was killed September 5.

He served with the Marine Corps in World War II, being in the South Pacific theater for three years. He attained the rank of first lieutenant.

Akins coached at Midland High School and reentered service here early in 1950. He chose Army duty and was trained six months at Fort Benning, Ga. He landed in Tokyo August 18.

Native Of Hillsboro A native of Hillsboro, where he was born June 9, 1921, Akins moved to Sweetwater with his family in 1935. He was an outstanding football player for Sweetwater High School for three years. He attended ACC and was graduated there in 1948, following discharge from the Marines. He lettered three years in football in college.

His widow is the former Shirley Gardner of Abilene. They were married in July, 1948.

The parents are Mr. and Mrs. Claude Akins, 407 East Avenue B, Sweetwater. Other survivors include two sisters and a brother.

TO ARIZONA—Aviation Cadet Rudolph F. Parker of Midland recently completed basic flight training at Goodfellow Air Base, San Angelo. He will take advanced flight training at Williams Air Force Base, Arizona. Parker is a veteran of Merchant Marine service. He is the son of Mr. and Mrs. W. T. Parker, Route 1.

Everyday!... over 1000 new buyers choose the 1951 Kaiser!

...from coast-to-coast this Triumph of Anatomic Design is a tremendous success!

Way back in February, the first models of the brilliant new 1951 Kaiser were publicly previewed in major cities across the nation. The reaction was immediate. Spontaneous enthusiasm from all who saw this great new car. Then, beginning on May 10th, the 1951 Kaiser was put to the acid test: it was offered generally for sale to the American public in dealer showrooms from coast-to-coast. The result? Everywhere, new owners are acclaiming its spectacular, low-slung beauty... its landscape-sweeping Control Tower Vision... its easy-to-enter High Bridge Doors... its road-hugging low center of gravity... the sensational performance of its new Superionic Engine. The unprecedented demand for these new cars clearly establishes the 1951 Kaiser as the value leader in the medium price field. Indeed, a majority of buyers of new 1951 Kaisers are trading-in late models of other makes... to own the only really new car you can buy!

Despite extended work-days and the huge facilities of the Willow Run plant, the list of unfilled orders for spectacular new 1951 Kaisers lengthens every day. Therefore, we suggest that an order placed now assures you of earliest possible delivery of the most exciting new car in America.

Built to Better the Best on the Road!

Place your order now with your nearest Kaiser-Fraser dealer!

TEC Lists Many New Job Openings

The Midland Texas Employment Office has several new job openings listed for qualified applicants. J. D. Bechtol, TEC director, announced Thursday.

Openings exist for experienced geologists, draftsmen, bookkeepers, accountants, stock clerks, sales clerks, cooks, printers, radio repairmen, service station porters, truck drivers, bank tellers, silk and wool pressers and construction laborers.

A total of 47 new placements were handled by the TEC office Monday. Bechtol said, which is a record for a single day's activity here. A total of 74 were sent to jobs of all types, another record, and 127 persons were interviewed. Many of the applicants were transients and persons coming to Midland seeking work, he said.

The TEC office here is located at 200 East Wall Street.

Valet To Presidents Dies In New Jersey

JERSEY CITY—Baah Cruso, who served as attending valet and assistant steward to Presidents McKinley, Theodore Roosevelt and Taft, died Wednesday night at 79.

Cruso, a negro and native of Washington, ran a stove business here. He held patents on several gas heaters. Death was caused by a heart attack.

He offered to debate the issue of "Communism Vs. Democracy" with Paul Robeson in 1949, but Robeson declined.

VISITS PARENTS

Mrs. H. M. Bayer of Fort Worth is visiting her parents, Dr. and Mrs. John B. Thomas.

WCTU Comes Out Against Beer For Fighters In Korea

DENVER—There will be no beer for American fighting men in Korea if the Women's Christian Temperance Union has its way.

Mrs. D. Leigh Colvin, head of the WCTU, which opened its 76th Annual Convention here Thursday—said Wednesday night:

"Most Americans see no reason for alcoholic beverages being given our soldiers. There are a great many reasons why any and all drinking in the military services should be outlawed."

She called for congressional action to "protect drafted youngsters against alcoholism."

From Public Funds

Combat soldiers in Korea have been offered a can of free beer daily, paid for by the government from public funds. Recently there were protests from the folks back home and now, although the beer distribution continues, it will be paid for from such sources as post exchange profits.

Mrs. Colvin said the question of mixing beer and fighting will rank high on the convention's agenda.

She made these specific statements:

1. Congress will be urged to outlaw sale of alcohol to men in uniform anywhere.
2. It's already illegal to sell beer on military reservations under a law passed in 1901; but the law has been "circumvented," ignored "since the start of World War II."
3. The Army and the United States Brewers' Foundation have formed "a brazen tie-up" to get brew to the fighting men.
4. Drinking in the services during the last war caused "an unprecedented number of alcoholics and drunks among veterans."

Mrs. Colvin said she would, in the course of the convention, take these statements before delegations from thousands of local WCTU units.

Personal To Women With Wagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complaints of nagging backache, loss of pep and energy, headaches and dizziness. Getting up tight or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, try Dr. Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 18 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

HUNTERS PLEASE!

THERE I WAS, SITTING ON A TELEPHONE WIRE, MINDING MY OWN BUSINESS. WHEN ALL AT ONCE A BLAST FROM A SHOTGUN KNOCKED ME RIGHT OFF MY PERCH

WELL, SIR, I CAME OUT PRETTY GOOD—ONLY A FEW TAIL FEATHERS MISSING—but THE HUNTER THAT MISSED ME CLIPPED A COUPLE OF TELEPHONE WIRES. ONE WAS MY FAVORITE ROOSTING PLACE, TOO.

THAT "ROOST" WAS ALSO CARRYING AN IMPORTANT LONG DISTANCE CALL. THAT'S WHY WE ASK HUNTERS: PLEASE DON'T SHOOT AT BIRDS ON TELEPHONE WIRES OR POLES. THANK YOU.

Full Military Rites Await 33 Victims Of Train Disaster

WILKES-BARRE, PA.—(AP)—Full military honors Thursday awaited the 33 National Guardsmen killed in a troop train wreck shortly after they left for active duty with the Army.

The 33, all members of the 109th Field Artillery Battalion of the federalized 28th Division, met death when their stalled troop train was struck by the Pennsylvania Railroad's "Spirit of St. Louis" at Coohoon, Ohio, in the early fog-shrouded hours of Monday morning.

A train bearing the bodies of the victims and their military escorts was due to arrive at 12:20 p.m. Thursday in this mourning city of 85,000 in Eastern Pennsylvania's anthracite region.

Major Gen. Frank A. Weber, Pennsylvania adjutant general, said 28 of the families have requested full military burial for their soldier dead. The other five are expected to make the same request, he said.

A 33-gun salute, one for each of the victims, was to be fired as the train pulls into the station.

Demand Forecasts Crude Allowable Hike For October

AUSTIN—(AP)—Bigger demands are being made on Texas oil fields to supply October crude oil needs.

The Railroad Commission reported Wednesday it has received notices of increases in both October nominations of major purchasers and forecast of October demand by the U. S. Bureau of Mines.

Purchasers asked a flow of 2,628,571 barrels daily, 10,133 barrels more than they asked for September.

Forecast of the Bureau of Mines placed demand at 2,330,000 barrels daily, 70,000 barrels higher than the September forecast.

Statewide hearing is set for Tuesday, September 19, when the commission will hear further evidence on which to base Texas' October allowances.

The commission also reported the big East Texas pool's bottom hole pressure dropped 3.87 pounds per square inch from August 1 to September 1. The latter reading was 1,024.56 pounds.

Automatic Insurance For Inductees Urged

WASHINGTON—(AP)—Monday's train wreck which killed 33 National Guardsmen in Ohio had another aftermath in Congress Thursday.

Rep. Flood (D-Pa.) prepared a bill to provide \$10,000 of life insurance automatically for 60 days to anyone inducted into the armed services, including guardsmen called to federal service. The 60 days would give them time to take out their own GI insurance.

President Signs Falcon Dam Bill

WASHINGTON—(AP)—President Truman has signed a bill which is the green light for construction of Falcon Dam on the Rio Grande River.

The bill authorizes the State Department and International Boundary Commission to go ahead with irrigation and sanitation projects on the U. S.-Mexican border.

The dam will provide irrigation for the lower Rio Grande Valley of the U. S. and the Northeastern Mexican border area.

ICC Hints Punitive Action Due Against Diesel Engineer

PITTSBURGH—(AP)—The Interstate Commerce Commission Thursday weighed the possibility of punitive action against a 68-year-old engineer who testified he ran his passenger express through a stop signal shortly before it struck a stalled troop train.

The Pennsylvania railroad engineer, William E. Eller, told a joint inquiry Wednesday the crack "Spirit of St. Louis" passed a stop signal just before striking the troop train last Monday near Coohoon, Ohio.

Eller also "guessed" his express train was running at about 50 miles per hour at the time of the crash in which 33 members of Pennsylvania's recently federalized 28th Division were killed.

More than 50 other soldiers on the troop train were hurt but no one on the passenger express was injured.

Tape Reveals Speed

B. W. Johnson, a road foreman of engineers, testified the recorded tape taken from Eller's smashed diesel indicated the train was running about 70 miles an hour shortly before the mishap and about 50 miles an hour "immediately before the crash."

The inquiry was conducted jointly by the ICC, the railroad, the Ohio Public Utility Commission and the Army.

Eller said he had a clear signal until he reached the second block at the rear of the troop train.

"What did you do upon seeing the approach signal?" asked PRR attorney S. W. Pring. "Did you slow down?"

"Yes, but not enough," Eller replied as he held his hands to his face.

Asked what he did at the next signal, which required him to come to a complete stop before proceeding, the veteran engineer replied: "Everybody knows."

Jolson Arrives To Entertain GI's In Japan And Korea

TOKYO—(AP)—Al Jolson arrived by plane Thursday at his own expense "to sing some songs" for GI's in Japan and Korea.

Jolson, a USO entertainer in World War II, was the first name actor to come here for appearances before American troops.

He brought along his own accompanist, song writer Harry Akst.

Friday Jolson will visit wounded GI's in U. S. Army hospitals in Tokyo and Yokohama. He will leave Saturday for air bases and other installations in South Japan. From there he will go to Korea for performances near the battle zones.

On his return from Korea, the radio and film star will visit hospitals at Fukuoka, Osaka and Kyoto.

Arriving on the same plane with Jolson were Gen. Carl A. Spaatz (retired), former chief of the U. S. Air Force and now a magazine writer, and Maj. Gen. Raymond W. Bliss, surgeon general of the U. S. Army.

JayCeos To Support 'Crusade For Freedom'

ABILENE—W. G. McDanel, Dallas, president of the Texas Junior Chamber of Commerce, announced Thursday the endorsement and full active support of all Texas JayCee clubs in the "Crusade for Freedom" campaign.

McDanel said, "The 'Crusade for Freedom' is a national campaign to enlist every freedom loving American in a gigantic effort to halt communism and save freedom as we know it in America."

The nationwide campaign was launched by Gen. Dwight Eisenhower in a nationwide broadcast from Denver on September 4.

No Oil Rationing Declares NPA Chief

ATLANTIC CITY, N. J.—(AP)—There will be no need to ration petroleum products in the near future, the president of the National Petroleum Association said Wednesday.

"There is plenty of all kinds of oil for everybody," said W. S. Zehring of Oil City Pa. in an interview.

He asserted enough is being produced to meet both military and civilian needs and reserves are the highest in history.

TOURIST COURT BLAST BURNS FIVE FATAL

FORT WORTH—(AP)—Mrs. Mary Alice Russell, 28, died late Wednesday of burns received in a tourist court explosion and fire. Pvt. Oliver Dale Fleener, 39, was in a critical condition at Carswell Air Force Base Hospital.

Self-Declared 'Doctor' Sentenced To Jail After Five Years Of 'Successful' Practice

NEW YORK—(AP)—Officials in a half-dozen eastern hospitals Thursday pondered with amazement the fate that had befallen that "capable young doctor" who used to work for them.

The "doctor," suave, black-mustached William R. MacLeod—who practiced medicine five years without any medical education—was starting a one-year term in Westchester County jail.

On his plea of guilty, he was sentenced Tuesday night by Police Judge John T. McCormick, who once received pre-operation care from the prisoner at the Dobbs Ferry, N. Y., hospital.

"He seemed to be the real McCoy among doctors," the judge remarked. "I am amazed to learn he never even worked in a drug store."

MacLeod, 37, a Canadian who never had any more than an elementary and partial high school education, had treated countless patients, delivered hundreds of babies, and been considered highly competent by his colleagues.

Never Lost A Patient
"He was a very good doctor and a nice person," said Miriam Wadnick, superintendent of Brooklyn Women's Hospital, where MacLeod delivered a total of 475 babies.

The dignified, bespectacled MacLeod picked up his medical knowledge and vocabulary of English and Latin medical terms while a private in the U. S. Army Medical Corps, state police said.

They said records indicated he had made no medical errors and never lost a patient during his work as resident physician at various hospitals.

Stranded Students Again Face Delay

PARIS—(AP)—Engine trouble over the Atlantic has delayed further the homeward trip of part of some 180-odd American students and teachers stranded after a summer vacation in Europe.

The Student Travel Service, which arranged the tours, said a Flying Tiger airliner set out from New York to fly 50 of the students and teachers home, but had to turn back because of engine trouble. The airline later informed the service the plane would arrive in Paris Saturday and would take off Saturday night.

The 50 passengers are part of a group of 58 which was to have flown home September 8. They were stranded when the Student Travel Service apparently failed to pay for the charter air trip.

TMA Studies War Contract Procedure

ODESSA—Government methods of procurement and an explanation of how to seek war contracts will be made available to members of the Permian Basin Chapter of the Texas Manufacturers Association during the next two weeks, Ed Hudson, TMA West Texas manager, said.

"The part Texas industry will play in the production of military material will be substantial," Hudson said. "The government is eager for businessmen to understand its methods of purchasing for the entire productive capacity of the nation unquestionably will be needed if the Korean war spreads. TMA has been performing intensive research in how the government plans to do business during the emergency. This new service of the Texas Manufacturers Association will give businessmen of the Permian Basin information on methods of dealing with military and civilian procurement agencies."

Dr. Turner To Be Stanton Evangelist

STANTON—Dr. Frank L. Turner, general evangelist of Fort Worth, will begin a 10-day revival at the First Methodist Church here Friday.

The first service is scheduled at 7:15 p. m. Friday. Morning services will be held daily at 10 a. m. and evening services at 7:15 p. m.

Dr. Turner was pastor for 15 years in the Central Texas Conference and held pastorates at Hamilton, Ballinger, Cisco and Fort Worth. He was president of McMurry College for four years. He entered the field of evangelism in 1942.

The Rev. J. E. Harrell, pastor of the First Methodist Church, invites the public to all services and members are urged to attend.

Seven Persons Die In Japanese Storm

TOKYO—(AP)—Seven persons were killed Wednesday by a typhoon which struck the islands of Kyushu and Shikoku. Six others were injured.

The typhoon, accompanied by heavy rains, moved into the Sea of Japan and is expected to strike Hokkaido, northernmost Japanese island, Friday.

West Texas Open Skeet Shoot Starts Here Friday

World's Best Shooters To Fire In Tournament

Some of the world's top skeet shooters, many of them holding world titles to prove it, will start banging away at 8 a.m. Friday in the fourth annual West Texas Open Skeet Shoot at the Midland Gun Club. The shoot will run three days, ending Sunday.

More than 60 top-notch shooters from throughout Texas and New Mexico have filed entries for the big shoot and several more are expected to drift in for Sunday's all-bore competition.

One of the largest prize lists ever offered in a shoot is ready for the high finishers in the West Texas Open. Winner and runner-up in each class of each event will receive trophies and awards will be made to high shooters in all special and team events.

The shoot provides competition for all age groups. It includes sub-junior, junior and women's divisions and a senior division for older shooters.

Two-man and five-man team events also are offered and will be among the most popular with visiting shooters.

Prominent Officials
The president of the National Skeet Shooting Association, B. H. Hilburn of Dallas, and the presidents of the Texas and West Texas Associations, E. B. McCullough of Houston and Don Maxwell of Odessa, respectively, will be present. Several other officers of the three associations also are expected.

The tournament will be a registered event and will be under NSSA rules.

Smaller gauge events will be held Friday and Saturday and the all-bore (12-gauge) shoot is slated Sunday. Trophies and prizes will be awarded following the all-bore. **Shooters Listed**
Some of the prominent and nationally-known shooters who will fire in the meet are:

Herman Ehler, Dallas; A. L. Garrett, Abilene; R. W. (Bear) Botta, Dallas; Buster Spenser, Waco; Charles Prentiss, Jr., and Sr., Fabens; Mr. and Mrs. Fred Alford, Dallas; Mr. and Mrs. Bennie Halbert, Fabens; James F. Stotts, Dallas; Dr. Titus H. Harris, Galveston; and son, Titus, Jr.; John R. Lees, Dallas; Newt Kennedy, Dallas; Albert Boedcker, Dallas; Peter

Highland Park Rips Tech In Lid Lifter
By The Associated Press
Highland Park (Dallas), one of the state schoolboy football title favorites, showed class Wednesday night in opening the season with a 19-6 victory over well-rated Crozier Tech of Dallas.

Highland Park started a week of 81 games in Class AA. Thursday night Laredo plays at Alamo Heights (San Antonio) and Harlandale (San Antonio) goes to Corpus Christi to meet Ray High.

The Highland Park - Crozier Tech battle was the headliner of inter-conference play—Class AA against City Conference teams.

Feature games of the state, however, come Friday night when Denton plays at Wichita Falls and Austin goes to Waco. Wichita Falls is the defending state Class AA champion. Austin was the runnerup.

Pick, III, Houston; Mr. and Mrs. Leo Bradshaw, Waco.
Dr. D. D. Warren, Waco; Ruth Weddington, Waco; Edward Pace, Temple; J. W. Marrs, Temple; Babe and D. W. Conway, Jint; Jim Calder, El Paso; Paul Kirk, Abilene; John Guitar, Abilene; Clyde Tatom, Jr., and Sr., Lubbock; Hal Langford, Lubbock; Johnson Cone, Athens; Tom French, Lubbock; E. T. Daniel, Idalou.

More Shooters
Mr. and Mrs. Sam Melien, Roswell, N. M.; Ty Williamson, Morton; Tom Arnn, Jr., Morton; Dr. F. D. Worrell, Clovis, N. M.; Lyle Holmes, Shamrock; James Foster, Clovis, N. M.; Jack D. Clements, Kermit; Louis Thomas, Clovis, N. M.; Maj. Raymond A. Bradley, and a five-man team from Walker Air Force Base, Roswell, N. M.; Eric Van Loy and five-man team from Hensley Field, Dallas.

Odessa shooters entered are E. B. Caudle and son, Bobby, Red Wright, Pauline Amburgey, Mr. and Mrs. George Shows, S. N. McKee, L. S. Amburgey, Thelma and Don Maxwell and Don Carter.

Some top Midland shooters who will enter include George Glass, Sr., George Glass, Jr., Pat Ruckman, Ted Lowe, John Casselman, Nap Sharp, Bill Epley, Ish McKnight, Bob White, Jimmie Green, Carl Westlund, A. L. Cowden, Paul Davis, Jr., R. B. Cowden, Clarence Scharbauer, Jr., H. J. Phillips, Jim Mascho and several others.

Hard Work For Boys Is Pattern In SWC

By The Associated Press
Scrimmage for the players and not too much comment from the coaches seems to be the pattern in Southwest Conference football camps.

Most of the seven coaches Wednesday had squads drilling hard, working on fundamental phases of the game. And the coaches weren't saying much—one way or the other.

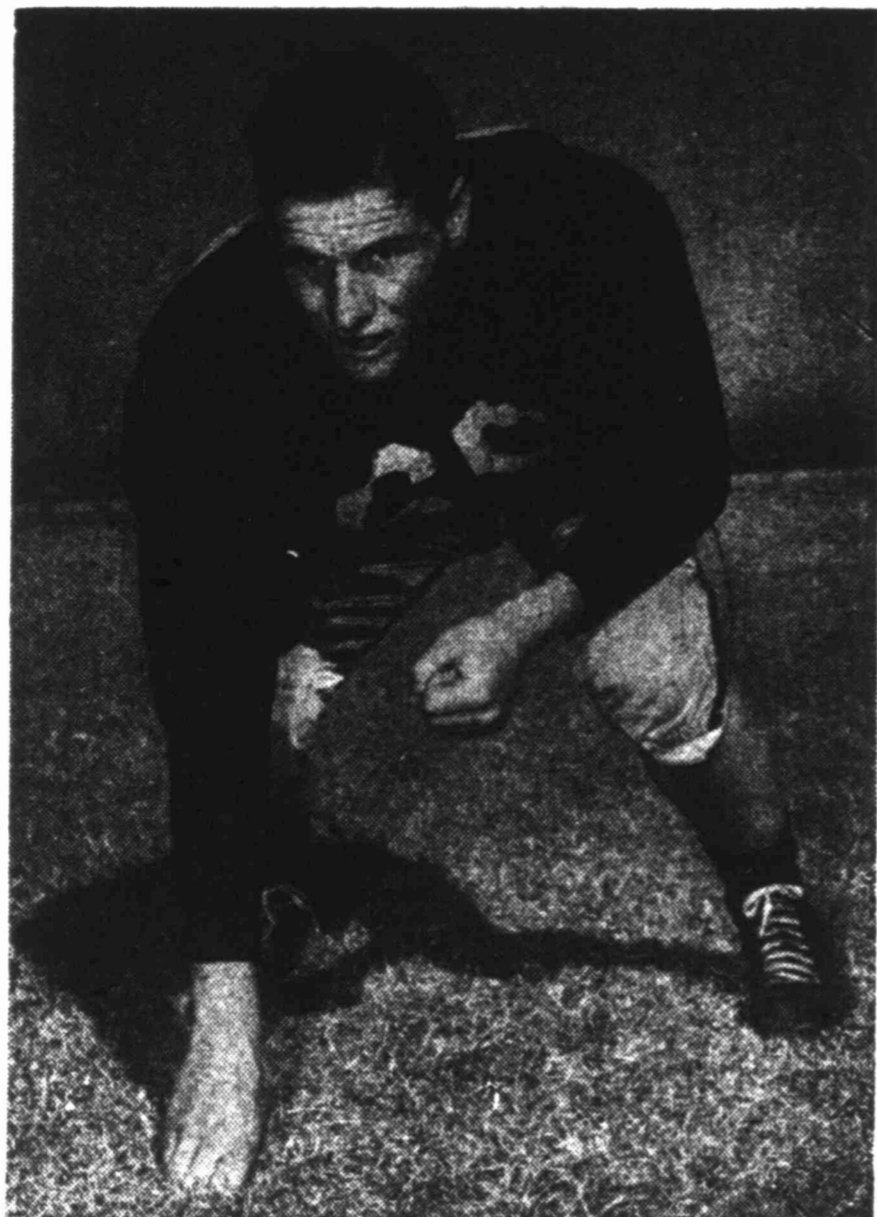

Cochess Jess Neely at Rice admitted he was pleased with the way Teddy Riggs is filling in for injured Sonny Wyatt in the Owls' backfield. Wyatt has a bad shoulder.

Cochess Blair Cherry of Texas shifted some of his backs to double duty roles. He had Fullback Lew Levine working some at right half-back and Red Mays was dividing time between the two positions.

Texas A&M drilled on its passing and so did Southern Methodist University. Baylor stressed pass defense, along with working on its own aerial game.

Texas Christian whipped through a long scrimmage, while the University of Arkansas squad cavorted for photographers. It was "press day" in the Ozarks.

A Korean bridegroom stays three days with his bride in her father's home.

ACC VETERAN—Bobby Bailey, 188-pound junior guard, will be in there a lot when Abilene Christian College meets Sul Ross State in the Optimist Club-sponsored football game in Midland the night of September 23. Bailey is after his second Wildcat letter. He is former Abilene High School football star.

Longhorn League—Big Spring Cops Third In Row; Odessa Blasted

By The Associated Press
Big Spring moved in for the kill Thursday in the Longhorn League playoffs.

The Broncos hold a three-games-to-none bulge over Roswell and can close out the series with a victory Thursday night at Big Spring.

Meanwhile Odessa leads Vernon two games to one. Vernon won its first victory of the playoff Wednesday night 11-2.

Big Spring walloped Roswell 10-4, coming from behind with a five-run spurge in the third inning. Pat Stasey hit two home runs to drive in five tallies.

Cotton Russell pitched a two-hitter as Vernon downed Odessa. Al Monchak got the Odessa hits, driving in one run with a double. Russell walked seven batters and hit four, this leading to the runs scored off him.

Vernon blasted 14 hits. The clubs play at Vernon again Thursday night.

10—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 14, 1950

Texas League—Missions, Tulsa Romp

By The Associated Press
About 3,100 Liberty and Victory ships were built during the war.

San Antonio and Tulsa had Beaumont and Fort Worth on the ropes Thursday as the clubs changed stands in their first round Texas League playoff series.

Each had won the first two games of the playoffs and needed two more victories to close them out.

San Antonio edged Beaumont 6-5 Wednesday night at Beaumont while Tulsa was beating Fort Worth 3-2 at Fort Worth.

They play three games at San Antonio and Tulsa starting Thursday night—if that many are needed. Beaumont will call on its 16-game winner, Rex Jones, Thursday night in an effort to break into the win column. San Antonio will start Pete Taylor, who won three and lost seven over the season route.

Fort Worth's pitcher will be Clarence Podzielan (5-8) with Jim Avrea (6-2) toiling for Tulsa.

San Antonio scored twice in the ninth to break a 4-4 tie and beat Beaumont Wednesday night. One of the tallies came on a balk by Ar. Delduca. Ford Garrison homered for Beaumont in the last of the ninth but the Roughnecks couldn't make another run.

Tulsa got its three runs in the first four innings and then sat back and fought off the Cats. Rudy Minarcin relieved Walker Cress in the eighth when Fort Worth had the tying run on third and got the Cats out. Cress received credit for the victory, however. Dee Fondy drove in both of the Fort Worth runs.

The scores:
San Antonio 021 001 002—6 11 3
Beaumont 040 000 001—5 12 1
Herrera, Pavlick, Gibson and Baich; Beers, Delduca and Courtney.

OUT OF THE FOG
DETROIT—(P)—Wally Triplett, fleet Detroit Lion halfback, finally got out of the fog. Triplett wears contact lenses on the football field. On complaining of poor vision, Triplett admitted he was using tap water to clean the lenses. Distilled water hastily was substituted. Wally sees clearly again.

HOLLER GUY
CINCINNATI—(P)—Hobie Landrith, promising rookie catcher for the Cincinnati Reds, is bringing to the major leagues a brand of on-the-field chatter which hasn't been heard since the days of Leo (Gabby) Hartnett. When Hobie is behind the plate, his shrill holler is heard all over the ball park.

Women's Golf Meet Has 'Marathon' On

ATLANTA—(P)—The United States Golf Association has no record for women to equal it and golf knowing folks here have never had such a suspense filled treat.

This unique event in Women's USGA Amateur Golf Tournament is the fourth round match between Fay Crocker and Mae Murray. After 24 holes Wednesday in the Golden Anniversary Amateur, the match continued Thursday on the twenty-fifth tee.

Miss Crocker, from Montevideo, Uruguay, and little Miss Murray of Rutland, Vt., played until dark without a decision. Counting the extra holes, par on the 6,521-yard East Lake course would be 96. The South American called it quits after 95 strokes while Miss Murray, the daughter of a golf professional, had used 96.

Without their record-cracking long match the 1-up victory for Texan Betsy Rawls of Austin over Polly Riley of Fort Worth, would have been even more of a shocker. Miss Riley ranked just behind Dot Kieley as the favorite.

The fourth-round Kieley victim was Peggy Kirk of Findlay, Ohio, 4 and 2.

There are more than 500,000 Korean Christians.

Purple Shows Top Form In Workout

The Midland Bulldogs went through a crushing regular game scrimmage Wednesday afternoon at Memorial Stadium and the varsity looked much better than it has in previous sessions with the reserves.

The Purple first stringers ground through the lengthy workout in fine shape with Ralph Brooks, Jack Burris and L. C. Thomas sparking the offense.

The line—especially the middle of it—turned loose a savage blocking and tackling assault that was just as strong at the end of the workout as it was at the start.

Jerry Culp, Stan Coker, Dalton Bynler, Pete English, Bob Wood and several others got in some of their best line play.

Ralph Brooks was the individual star of the afternoon. He came to life like the coaches have been hoping he would.

Brooks chucked bullet-like passes perfectly all afternoon, hitting his receivers with pin-point accuracy. He showed a lot of savvy in executing his plays.

Added to Brooks' passing was a fine lot of running. He moved his 180 pounds around with plenty of spring.

L. C. Thomas and Jack Burris looked great on power plays into the line.

The varsity held the ball for long periods while on offense and moved it down the field with the distinct methods of a powerful running outfit.

"We were especially pleased with the way the varsity held on to the ball and with our improved passing." Coach Tugboat Jones said in summing up the day's drill.

"Old at 40, 50, 60?" —Man, You're Crazy

Forget four! THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 14, 1950-11

McCamey-Kermit, Andrews-Pecos Games Top 5-A

By SHORTHY SHELburnE Reporter-Telegram Sports Editor

Football gets down to brass tacks in District 5-A this week. At least four teams which have hopes of going far in the conference race will be meeting.

The Andrews Mustangs will be hosts to the tough Pecos Eagles in the headliner Friday night and McCamey entertains the Kermit Yellowjackets in another conference clash which will be an important engagement.

Wink goes to Denver City. Fort Stockton plays in Crane and Seminole will be host to Levelland in a non-conference tilt to complete the Friday night card.

The center of attention will be the Andrew-Pecos fracas because the two teams have been picked time and again as the district favorites. Coach Don Mouser of Pecos will shoot one of the finest passing and running games in the state at the offensive minded Andrews eleven.

The Andrews backfield will be a little slower and somewhat smaller than the Pecos backs but everybody knows Coach Francis Tubbs grows 'em tough at Andrews.

Pecos was semi-impressive in beating Levelland 18 to 0 last week. Andrews was surprisingly brilliant in holding touted Dalhart to a 19-19 tie.

We believe the outcome of this week's clash will lie in smart coaching. Our better judgment tells us to ride with Pecos but we'll go against it and pick Andrews in a close one.

McCamey and Kermit is another tough one to pick. Both have fine clubs this season that will be having something to say in the final outcome of the race.

The Kermit line will outweigh McCamey's by several pounds on the average. Rick Spinks still is in the Kermit backfield, too.

Billy Stokes and Jerry Lambeth gave McCamey a top-notch offense last week as the Badgers kicked Colorado City 26 to 14.

Guessing, we would say Kermit by a touchdown.

The Fort Stockton-Crane game should tell much about the weak teams in the district. Crane lost to Seminole last week but Fort Stockton was anything but weak against Wink in a 7-6 loss.

Fort Stockton should take this one by two touchdowns but if Crane is right—it could go the other way. Wink at Denver City.

Wink, defending district champion, thought it had a breather in Fort Stockton but it turned out the other way. We believe the Wildcats do have a breather this week, however, in Denver City.

We like Wink by at least three touchdowns.

Seminole, which flashed a good offensive game last week at Crane, may have to go hard to beat Levelland, but the Indians are our choice. It doesn't count toward the district race as Coach Roger Southall may try some new stuff with his Seminole eleven. That would tend to hold the score down unless the new stuff works to perfection.

Monahans isn't scheduled this week but Coach F. O. Scroggins isn't letting his Lobos slow down. They'll scrimmage the Midland Bulldogs Saturday afternoon.

Edwards Enlists In U. S. Marine Corps

Howard Ray Edwards of Midland has enlisted in the U. S. Marines. He is enroute to San Diego for boot training.

Edwards, a 1950 graduate of Midland High School, is 19 years old and married.

Houston, Tulsa Men After Dallas Club

DALLAS (AP)—Allen Russell, president of the Houston club, was here Thursday to negotiate for the purchase of the Dallas franchise in the Texas League.

Dallas owner R. W. Burnett announced Wednesday it was for sale, along with its other baseball holdings, for \$1,000,000.

Burnett already has talked with officials of the New York Giants and Boston Braves and also a Dallas syndicate regarding sale of the club. Grayle Howlett, president of the Tulsa club, also is interested in acquiring the Dallas franchise.

Russell came to Dallas with the statement he was interested in buying the Dallas franchise "only if I can secure the proper Dallas capital. I think that the operation of a home-owned club can be far more successful than one owned by outside interests."

The youthful president of the Buffs, Texas League farm club of the St. Louis Cardinals, said he had the approval of the St. Louis baseball organization and the Houston club to make a deal for the Dallas franchise.

Russell said if he was successful he would retain Charlie Grimm, the former big league manager who was brought here by Burnett this year as skipper of the Dallas club. Grimm was given a three-year contract at \$30,000 a year. Burnett said Wednesday, in offering his club for sale, the purchaser would have to assume Grimm's contract.

MAJOR LEAGUES—Yankees, Tigers Open Big Series

By RALPH BODIN Associated Press Sports Writer

Two world series veterans, Hal Newhouser and Vic Raschi, went to the firing line Thursday as the Detroit Tigers and New York Yankees opened a three-game series in Detroit with the lead in the American League pennant fight at stake.

Newhouser, 29-year-old southpaw bellwether of the Tiger staff for years, was given the assignment to protect the Tigers' half-game lead over the defending world champions.

Manager Casey Stengel of the Yankees, figuring to get the jump in the vital series, nominated his right-hand ace, winner of 19 games. Boston, the third member in the tight stretch run, sought to prosper at the expense of the seventh-proper St. Louis Browns.

The Red Sox opened a three-game series in St. Louis but discovered instead of pushovers, a team that is pushing back. The Browns have won seven straight, including four over the Cleveland Indians.

Here's the pennant picture: Detroit 87 49 540 GB New York 87 59 535 1/2 Boston 86 51 528 1/2

ewhouser, who has won 14 games, has beaten the Yanks only once and lost three times. Raschi, who will be gunning for his sixth straight victory, has split four decisions with the Detroiters.

The Tigers have treated the Yanks roughly so far in Briggs Stadium, winning six out of eight games. The pitching plans for the final two games of the series probably will see Tiger-Killer Tommy Byrne and Young Ed Ford work for the Yanks against Art Houtteman and Dizzy Trout in that order.

Detroit and New York tuned up with victories Wednesday. The Tigers stopped the Washington Senators 6-1 while the Yanks beat the Cleveland Indians 10-3. The Red Sox were not scheduled.

Pred Hutchinson, with help in the eighth from Ted Gray, won his sixteenth victory for the Tigers. Three Cleveland errors along with some lusty hitting by Yogi Berra allowed the Yanks to breeze to victory in Cleveland. Berra rapped out his twenty-second homer and two singles, drove in two runs and scored four.

Lopa's Win

Ed Lopat received credit for his seventeenth victory. Lopat tired and Ford hurled the final two innings without allowing a hit. Bob Lemon, 20-game winner, opened for Cleveland and suffered his eleventh defeat.

Luke Easter of the Indians poked a 433-foot home run in the sixth for his twenty-first.

The Browns edged the Philadelphia Athletics 6-4 on Ken Wood's ninth-inning homer in the other American League game.

The big news in the National League was the end of New York Giant Right-Hander Sal Maglie's consecutive scoreless inning streak at 45. The string came to an end as the Giants beat the Pittsburgh Pirates 3-1 in a game called after seven innings because of rain. The scheduled second game also was rained out.

Rookie outfielder Gus Bell ruined the Maglie spell with a home run in the seventh inning. The ball hit the screen bordering the rightfield foul pole, 257 feet from home plate.

Maglie now has won 11 straight and has a 16-3 record for the season.

The Boston Braves remained a half-game ahead of the fourth-place Giants by downing the Chicago Cubs 5-2 in a night game. Warren Spahn stopped the Cubs on four hits to gain his nineteenth victory.

Scheduled games between Cincinnati and Brooklyn and St. Louis and Philadelphia were rained out.

WILL MEET FRIDAY

John M. Cowden Junior High room mothers will meet at 9:30 a.m. in the school cafeteria.

SPORTS SLANTS by SHORTHY SHELburnE

One of the most fierce battles shaping up for a starting berth on the Midland Bulldogs is among the ends.

Jimmy Linebarger and Billy Medart probably will have the big race because both are doing a top-notch job.

Linebarger has been slowed a lot by a leg injury but he showed enough last season to establish himself as a top performer.

Medart was shifted to the end position this year to team with Jimmy. He has been running it regularly since Linebarger was hurt.

Coach Red Rutledge says it would be hard for him to pick between them to start a ball game right now. He speaks highly of both boys.

Coach Tugboat Jones thinks he probably will use both of them in the starting lineup, shifting Medart to a halfback on defense.

On offense, the duty probably will be split between them.

From what we saw of Medart last season and from what we have seen him do this year, we doubt if there is a man on the squad who will get more tackles than he.

Although he has been hampered at times by a trick knee, Billy moves around well on defense and always comes up fast to make his play.

Teamed with Larry Friday, the stellar youngster who probably will be at the other defensive halfback Medart should go great guns.

The other ends, Graham Mackey, Dwane Bush and W. H. Black all are capable.

Mackey is bigger this year and will be used extensively on defense. Bush will be the offensive starter, more than likely, with Black spelling him in that line.

Jerry Culp, although not too big probably is the roughest lineman on the team right now. He has done a world of improving since drills opened.

Culp goes hard all the time and uses his head in making his plays. He mixes it up with vigor both on offense and defense.

Culp and Pete English are battling for a starting guard slot.

English is carrying a little more weight and is coming along.

All the Bulldogs will get their first look of the year at outside opposition when they tangle with the Monahans Lobos in a scrimmage Saturday afternoon in Monahans.

Coach Tugboat Jones is anxious to see just how much improved the boys are under fire.

STANDINGS

WEDNESDAY'S RESULTS

WORRY VS COMFORT
For those in the high income bracket — swap your worries for comfort! Right here in Midland, in the NW part of town, a comfortable home, swimming pool, stables, an orchard, garden plus 3 rent houses and servants house, all on a 10-acre tract. Will not go! Takes cash and lots of it. For those who ask "where and what" and not "how much?" This is a very pretty place and we will be happy to show at any time. No information on phone, except for appointment.
WAREHOUSE
Warehouse on railroad tracks. Truck platform at rear. 14,000 sq. ft. Over 3,000 sq. ft. on 2 lots. Good for furniture, appliances, office supplies, grocery and hundreds of other types of business. This is a good buy at only \$11,000.
SMALL HOMES
One brand new 2-bedroom on South Colorado St. \$2,250.
One 2-bedroom home on 2 lots. Corner with trees, fence, garage, chicken house, washhouse, garden. All on pavement. The whole works for \$6,850.
3-BEDROOMS
Let us show you a 3-bedroom on north side at \$10,500 or one on West Wall or West Missouri.
COMBINATION
We have a home on Pecos Street that is located on good business lot. Both for \$11,900. Lot is 78x140-ft.

Departs For Texas,
New Mexico Colleges**

ANDREWS — A large contingent of Andrews students left recently for colleges in Texas and New Mexico. M. O. Woolam, principal of Andrews High School, said he has sent 18 transcripts of graduates to colleges in the Southwest.

Three students, Harlon Huddleston, Margaret Duncan and Juanita Hudson, have enrolled in Lubbock Business College.

Entered in Hardin-Simmons University at Abilene are Charlene Goodall, Millie Ree Nix and Berry Neal Nixon.

Bobby Joe Barnes, Katherine Rhodes, Susan Tinsley and Sharon Woods will go to ACC in Abilene, and Phyllis Annette Cery and Richard Hatton are enrolled in Odessa Junior College.

Wayne Graham and Betty Gene Thomas are attending McMurry College in Abilene, while Thomas D. Hamilton and Doris Johnson are second-year students there. Royce Stewart and Jimmie Strickland are students at Texas Tech in Lubbock, and Jun Stewart is attending WTSC in Canyon. Bobby Thrower is enrolled in the University of Texas at Austin.

In U. S. Army Wayne Schultz attends New Mexico State College in Las Cruces, while two others, Weldon Gregston and Johnny Walker, have requested their transcripts be sent to the U. S. Army.

Among other Andrews students attending colleges are: Charles Pinnell and Jimmy McCaully, Texas Tech; Dan and Ferrell Nixon, Baylor; Jimmie Clark and Neal Longley, Texas Western; Bobby Holderman, Wade Mitchell and Sonny Helvey, Cisco Junior College.

Jack Neely and Joe Weatherby, San Angelo Junior College; Bob and Woodward Weatherby, Oklahoma University; Vona Bell Grant, WTSC; Jimmie Linderville, Paris Junior College; Nelson Dyess, H-SU; Gene Millasp, Midwestern University and Lawrence Rhodes, ACC.

**Texan Is One Of 12
Charged In Alleged
Lottery Conspiracy**

WACO —(AP)— Wilbur Arthur Brian, 41, of Dallas, Wednesday night was released on \$2,500 bond after he was arrested by the FBI and charged with conspiracy to violate the federal law against interstate shipments of lottery tickets. Brian was arrested at Marlin as the FBI investigated what it called a \$2,000,000 international lottery ticket ring.

He was arraigned before U. S. Commissioner J. W. Cocks, Jr., and released on bond for appearance in Miami, Fla., where the charge was filed.

Earlier Wednesday, FBI Director J. Edgar Hoover said in Washington 12 persons had been arrested in the investigation.

He identified the world agent and contact man for the ring as Carl L. Bess, Sr., of Stuart, Fla.

Bess, formerly of Chicago, was arrested at Stuart, where he owns the Stuart Hotel Arcade and a hardware store. He waived preliminary hearing and was ordered held for a federal grand jury in \$10,000 bond.

Hoover said an estimated \$2,000,000 in sweepstakes tickets based on the running December 26 of the Christmas two-year-old stakes race at Knutsford Park, Kingston, Jamaica, had been printed by a Florida printing concern.

Brought In Oil Well At Lot
He said the tickets had been shipped to Texas, New York, California, Ohio, Pennsylvania, and Maryland and to Canada.

H. O. Hawkins, special agent in charge of the Dallas FBI office, said Wednesday night Brian was accused of receiving in Dallas—by Air-freight from Miami—a \$10-pound shipment of tickets with a face value of \$300,000.

Hawkins said FBI agents seized the tickets in a Dallas home and found 20,000 books of them. He said they arrived in Dallas September 1.

Brian was arrested in a Marlin hotel by San Antonio FBI agents.

The FBI listed Brian's home address as Dallas.

At Dallas, Mrs. Brian said she and her husband had been in Marlin two weeks. She said he brought in an oil well at Lot, Texas, Tuesday night. She returned to Dallas Tuesday.

She said her husband had nothing to do with any sort of lottery.

**Full Length, Nude
Photographs Start
Furore On Campus**

SEATTLE —(AP)— Full length nude photographs of girls who are entering the University of Washington caused a campus furore Wednesday.

The photographs were made for a research laboratory of the Columbia University (New York City) Medical School.

Parents raised a storm of protest, and university authorities said the picture taking would be stopped immediately.

The young women, mostly freshmen or transfer students, complained they had not been told why they were being posed.

A university spokesman said negatives exposed Monday and Tuesday would be impounded until a full investigation is made.

Barbara Honeyman, executive director of Constitution Laboratory, the Columbia University Medical School and research project, said the photos were being taken for Dr. William Sheldon, a widely known scientist writing a series of books on the relation of human structure to human behavior.

Miss Honeyman blamed the outbreak of an unexpected, heavy registration. She said it was impossible to keep the girls standing in line while they were to be told what it was all about.

She said she herself develops all the film in New York and that the heads are blacked out on the negatives, which always are kept under lock and key. "Only a serial number, the age and weight appear on the negative," she said.

**Walker's Austex
Chili Firm Observes
Golden Anniversary**

AUSTIN—Growing out of a business that once included a spinach farm and a pickle factory, Walker's Austex Chili Company is marking its Golden Anniversary this month, according to Fred W. Catterall, Jr., president. The Austin firm now is the largest packer of chili and tamales in the South, and distributes its products in 47 states.

The original T. B. Walker Company started in Austin in 1900. It comprised a cotton gin, wholesale grocery house and cannin' plant as well as the farm and pickle works.

The company came under its present ownership in 1914 and under the leadership of Fred W. Catterall, Sr., now chairman of the board, and W. F. Gohlke, general manager. Chili, tamales and chilli powder were the only products packed by the firm at that time, but a series of expansions has enlarged the line to include chili without beans, Mexican style beans, sandwich spread, beef stew and spaghetti and meat balls.

★ THE DOCTOR SAYS ★

**Sciatica Cause Undiscovered
Making It Difficult Problem**

By EDWIN P. JORDAN, M. D.
Written for NEA Service

Pain in the sciatic nerve is a most distressing condition. Now, sciatica is not a single disease, and can come from any one of several different causes. For example, a neuritis of the sciatic nerve may be produced by diabetes, rheumatic conditions, or vitamin deficiency.

Injections elsewhere in the body such as an abscessed tooth or bad tonsils also may cause trouble. The aim of treatment is to identify the source of the trouble and correct it, whatever and wherever it may be.

It is claimed by some doctors that most cases of "sciatic neuritis" are caused by a hernia or rupture of the cartilage-like substance which lies between the vertebrae of the spinal column. This substance is called the nucleus pulposus. Many cases of pain in the sciatic nerve have been relieved by the surgical treatment of this rupture.

Inflammation or pressure in the neighborhood of the nerve where it comes out of the spinal canal, or even within the abdominal cavity, may extend to the nerve and cause painful sensations along its course. The problem of sciatica, however,

often is most difficult because a cause cannot be discovered at all.

In such cases it is hard to decide what treatment should be tried. Injections sometimes are used, often with good results, sometimes without. X-ray treatments and exercises, as well as manipulations and other measures called physical therapy have been successful in certain cases.

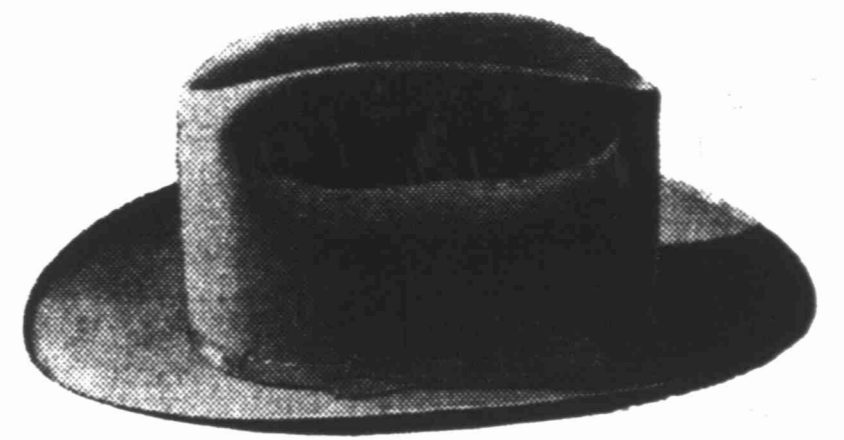

Pain in the sciatic nerve, therefore, may come from any one of several causes which cannot always be discovered or satisfactorily treated. Although the proportion of cases which can be treated successfully is larger now than in the past, there still are far too many who continue to suffer the pain of sciatica for long periods in spite of all that can be done for them. Too often the patient with "sciatica" is in for a rough time.

Midland District Shows Increase In New Wildcats

Wildcat activity in the Midland area increased the past week, as shown by records of the Oil and Gas Division of the Railroad Commission of Texas. Twelve wildcat locations were staked.

Pecos County received three new wildcats. Lubbock County reported two new prospectors. The remaining new ventures were distributed one each to Borden, Ector, Garza, Howard, Kent and Yoakum Counties.

A total of 66 new projects were listed the last week. Scurry County led with field projects, listing 16. Pecos County followed with 10 explorations.

Drillites were established for five new locations in each of Crane and Gaines Counties. Four projects were listed in Kent County.

Andrews and Garza each reported three new locations. The remaining new explorations were divided one each among Borden, Cochran, Ector, Howard, King, Midland, Upton and Ward Counties.

Applications to amend previously staked locations totaled 12. Cochran County reported four amended applications. Two applications to amend locations were filed in each of Crane and Scurry Counties. Andrews, Ector, Gaines and Winkler Counties each reported one amended application.

Andrews County
Humble No. 45 J. E. Parker, 1,980 feet from north and 660 feet from west lines of section 1, block A-54. Later survey, rotary, 8,600 feet depth. Three Bar field, starting immediately.

Magnolia No. 25-B Cowden, 660 feet from west and 560 feet from north lines of east half of north-west quarter of section 4, block A-55, pal survey, rotary, 7,000 feet depth. Dollarhide-Clear Fork field, starting at once.

Anderson-Prichard No. 5-A Fasken, 660 feet from northwest and northeast lines of section 43, block 41, T-1-N. G&MMB&A survey, rotary, 5,000 feet depth. Midland Farms, starting at once.

Amended: Stanolind No. 1-K David Fasken, 660 feet from south and west lines of northwest quarter of section 42, block 41, T-1-N. G&MMB&A survey, rotary, 5,000 feet depth. Midland Farms field, starting at once. Changed lease name.

Borden County
Shell No. 1 Sterling, 565 feet from west and 679 feet from north lines of section 70, block 25, H&TC survey, rotary, 8,150 feet depth, wildcat, starting at once.

Standard No. 2 Hechler, 662 feet from west and 705 feet from south lines of section 15, block 27, H&TC survey, rotary, 7,500 feet depth. East Vealmoor field, starting at once.

Cochran County
Ard No. 2-B D. S. Wright, 660 feet from north and west lines of labor 15, league 95, Mills CSL survey, rotary, 5,100 feet depth. Leveland field, starting at once.

Amended: Devonian No. 25-A-3 Duggan, 404 feet from west and 497 feet from south lines of labor 3, league 55, Oldham CSL survey, rotary, 5,100 feet depth. Slaughter field, starting at once to deepen.

Amended: Devonian No. 38-A-5 T. B. Duggan, 560 feet from west and 510 feet from south lines of labor 5, league 55, Oldham CSL survey, rotary, 5,100 feet depth. Slaughter field, starting at once to deepen.

Ector County
Gulf No. 605-56 C. A. Goldsmith, et al, 660 feet from west and 2,000 feet from north lines of section 30, block 44, T-1-S, T&P survey, rotary, 5,835 feet depth. Goldsmith-5,600 field, starting at once.

J. K. Dobbs (Memphis, Tennessee) No. 1 E. F. Cowden, 1,980 feet from west and 660 feet from north lines of section 6, block 43, T-2-S, T&P survey, rotary, 6,500 feet depth. Wildcat, starting at once.

When buying a wringer-type washing machine, check the convenience of its safety release. It should be within easy reach and should respond at the first tap to minimize hazards to clothes or fingers.

Don't give your lawn a light sprinkle every afternoon to "cool things off." Such shallow watering encourages short roots and coaxes more growth from crabgrass than from your planted lawn.

FINER...

+ McCamey News +

McCAMEY — A large group of women met recently at the Methodist Church annex here to begin a study of the problems of building a more Christian community through cooperative effort. The course, taught by Mrs. Ross T. Welch, includes representatives from several denominations. Mrs. Cahal Clinton led the devotional at the first meeting.

Ten men were present at the organization of a men's Bible Class of the First Methodist Church here. T. L. Fuller was elected president of the class. Other officers include: I. L. Edwards, secretary-treasurer; B. J. Guthrie, teacher. Charter membership will be open until October 1.

The McCamey Home Demonstration Club held its regular meeting recently in the Park Building. Miss Myrna Holman gave a report on a state meeting. Mrs. J. R. O'Callaghan spoke on council and 4-H work during the Summer. Plans were made for a bake sale. New members of the club include Mrs. W. M. Whitfield and Mrs. O. B. Scott. Miss Holman gave an illustrated lecture on "The Family Life Cycle." Attending the meeting were Mrs. C. K. West, Mrs. G. W. Huffman, Mrs. C. K. Skains, Mrs. W. G. Ingram, Mrs. F. J. Hogg, Mrs. T. I. Elliott, Mrs. F. M. Burnet and those on the program.

Mrs. Tom Lynn Rowell recently was honored with a pink and blue shower at the Park Building. Hostesses were Mrs. J. R. O'Callaghan, Mrs. Pete Allen, Mrs. Alvin Tarrence, Mrs. Tom Sites and Miss Pays Williams. Guests were registered by Mrs. Allen. The gift table was laid with a white linen cloth and was centered with a huge stork. Gayly-wrapped gifts surrounded the stork. From the hostesses to the honoree was a baby stroller. Thirty-five women attended.

A DDT-mineral oil spray may make the growing of sweet corn profitable in some areas where earworm is prevalent.

Dunigan Brothers & Brahaney (Midland) No. 4 Henard, 330 feet from east and 1,650 feet from south lines of section 387, block D, J. H. Gibson survey, rotary, 5,400 feet depth, wildcat, starting at once.

2,500 feet depth, Sharon Ridge-2,400 field, starting at once.

PANNED CABBAGE
Serve panned cabbage sometimes—instead of the usual cole slaw—with baked beans. Season the cabbage with Worcestershire sauce after it has been shredded and cooked a short time in a few tablespoons of butter or margarine and a little water.

MAKING CREAM PIE
To make a meringue for a nine-inch cream pie, beat two egg whites with one-quarter teaspoon salt until stiff, then beat in four tablespoons sugar slowly until smooth and glossy. Bake in a slow (325 degrees F) oven until meringue is brown on top and firm.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Fire And Smoke

Billy Boy, the billy goat, was big and strong. Goat horns sharp grew out of his head, and on his chin were goat whiskers. For all of his bigness and great strength, Billy Boy was a gentle goat. He liked to sniff the flowers. He liked to

listen to the song of the birds. Often he hid in the bushes when people passed by—not because he was afraid of them—but because they might be afraid of his sharp horns if they should happen to see him.

And then came the terrible day when Huffy Tuffy, the monkey boy said Billy was a sissy! That's what Huffy Tuffy said. "You're a sissy," said Huffy Tuffy. "Sissy, sissy sissy!"

Billy Boy turned away. He trotted back up the Elephant Path alone. He had to think of the terrible words he had heard. Why should trouble happen to him who never wanted trouble at all? Why couldn't people leave him alone to let him be happy? Why Huffy Tuffy was mean. Yessir, that Huffy Tuffy was mean.

Billy Boy then for the very first time in his whole life began to paw at the ground like a savage

goat. He butted a tree with his horns once or twice, all for a little practice at butting. His tail stuck up in the air like a flag, and

his head went down a little to be all ready for more butting with the sharp, sharp horns. He charged. Huffy Tuffy saw him coming. Huffy Tuffy heard the beat of his hooves. Faster and faster than fire

before a wind came Billy Boy. The dust from his hooves was a cloud of smoke.

"Smash, crash, kersplat and a bump!"

There our Billy Boy had smashed and crashed against Huffy Tuffy. There had Huffy Tuffy kersplatted and bumped against Billy Boy. The noise of their fight was like the fall of mighty trees, and the dust rose high in the air, but at last—at long last they both were tired—they decided not to fight any more. They shook hands now to be friends. Huffy Tuffy said he was sorry. He said 'no and no indeed, Billy Boy was not a sissy. Huffy Tuffy said said that he had been mean. And I hope this will never happen to you, for one man's meanness should never be enough to cause a fight. Happy Day!

HOW TO FRY LIVER

For crispy fried liver cut the liver in thin strips and roll them in prepared biscuit mix, dip them in milk and roll again in the mix. Fry them in butter or margarine, sprinkle with salt and pepper and serve at once.

CHOCOLATE CAKE RECIPE

To vary a chocolate cake add a half cup of broken nut meats to the batter just before pouring it into layer cake pan. Put the layers together with a banana cream filling and sift confectioners' sugar over the top.

Casualties in Korea

WASHINGTON—(AP)—Two more Texans were reported killed in action, 20 wounded and three missing in action in the Korean war, casualty lists No. 93 and 94, released by the Department of Defense Thursday, reveal.

Killed in action, Army: Sgt. 1-C Gerardo Escontrias, Eagle Pass; Pfc. Morris King, Houston.

Army wounded: Pvt. Leon Ealy, Palestine; Cpl. Ramiro Esquivel, Corpus Christi; Pvt. Elbert Hopes, Edna; Pfc. Eddie Milligan, Dallas; Pfc. Felimon Rlojas, Charlotte; Sgt. Joseph Romere, Jr., Sour Lake; Pvt. William Smith, Amarillo; Pfc. Jimmie Stampley, Beaumont; Cpl. N. F. Wong, San Antonio; Pfc. Pete Benedetto, Hearne; Pfc. Samuel Eritt, Odessa; Pfc. Fernin Pterro, Alpine; Pfc. Emmett Lewis, Fort

Worth; Pfc. Don Smith, Dallas; Pvt. Edward Stegent, Houston; Pfc. Gene Williams, Waxahachie.

Army injured: Pfc. Fermin Anderson, Marlin; Pfc. Johnnie Whitmire, Jr., Ewadale.

Army missing in action: Cpl. Frank Flores, Jr., Berclair; Pvt. Russell Young, Kermit; Pfc. Jesus Correa, Pearsall.

Marine Corps wounded: Pfc. Joe Calvin Booth, Jr., Beeville; Cpl. Murray Reynolds, Mount Vernon; Pfc. Richard Eddle, San Antonio; Pfc. Billie Rippy, Marble Falls.

USING LEFTOVERS

Use leftover egg yolks in cakes, cornstarch pudding, custard or custard sauce, pie filling, salad dressing, scrambled eggs.

Frosted Ammonia Pipe Fools Child

ALSTON, ILL.—(AP)—It was a hot summer day and three-year-old Mark Bury saw a frosty white pipe leading from the Shearburn Ice Cream Company plant into an ice cream truck. He thought it was ice cream. So he stood on tiptoes to touch his tongue to it. Instead of ice cream, it was a frosted ammonia pipe. Fifteen minutes later, neighbors armed with hot packs thawed the pipe enough to free him from the tongue trap and treat him for minor burns.

BAKED POTATOES

When baked potatoes come out of the oven roll and squeeze them a bit to make them fluffy before cutting a cross in their tops. Press down on the four corners of the cross to open the potato and insert a square of butter or margarine. Sprinkle with paprika and top with a sprig of parsley.

Communist Claims Amusing To West

FRANKFURT —(AP)— German anti-Communists are having fun challenging the number of signatures the Communists claim to have collected for their Stockholm "peace petition" for outlawing of the (American) atom bomb. For instance, in Russian-occupied East Germany the Communists claim to have collected 17,046,000 signatures. This territory has a population of only about 17,500,000 and even if another million were added for the Soviet sector of Berlin, it would be a hardly plausible performance. "It seems," remarked one West German newspaper, "that babes in arms also have been signing the appeal, not to mention people in prisons and mental institutions." Both Flemish and French are official Belgian languages.

CHAIRMAN—Ed S. Stewart of Abilene has been appointed Texas state chairman for the 1951 March of Dimes, it was announced Thursday by Basil O'Connor, president of the National Foundation for Infantile Paralysis.

You See, It's Sorta Tough About Letters

By STAN SWINSON
MASAN FRONT, KOREA —(AP)— This problem isn't a correspondent's business. But so many of the soldiers fighting this war are worried about it I'm going to put in a word to their wives and mothers: Don't write Joe or Bill and ask him why he isn't sending you more letters. He wants to. He tries to. But much of the time he just can't. Red Cross men up front are getting dozens of letters from you, asking why your man hasn't written. Probably even Joe himself has had a letter from you beeping because he hasn't written. Not an angry letter, of course. A little hurt. Here's why he doesn't write very much, and maybe it won't make much sense by civilian standards. **More Than Ever Before** He thinks about you a lot more than he ever did before. He remembers the way you smiled one day, or the way the kids enjoyed going on that picnic. But he's tired. Not the kind of tiredness that a good night's sleep fixes. Bone tired. Tired deep inside. And there always is that terrible tension—the waiting. They're always with him up there in the foxhole, with mines and wire around a pretty safe. But he doesn't want to write home that sudden death is around the corner. Or maybe, Joe or Bill is back in a regimental command post, or an ordnance or service outfit. He's working. Hard. And then falling exhausted on his bedroll under a pup tent. **More Than You Got** He loves you, but he'll sleep till somebody shakes him awake. Then he'll go to work again. Actually, he's probably written more letters than you got. He gives them to a guy going back to battalion headquarters, and maybe they get to the mail orderly. Maybe they don't. A lot of letters get lost in a war. Above all, don't get petulant and stop writing to HIM. Letters are wonderful to get. Just remember that Joe or Bill hasn't changed. Don't trouble him by making him wonder if YOU have changed by worrying him about mail. Please!

Israel Again Gets Foreign Newspapers
 TEL AVIV, ISRAEL —(AP)— Foreigners and Israelis who like to read American newspapers and periodicals are going to have that opportunity again. Importers have worked out a deal with the controller of foreign exchange to purchase a limited number of such publications. Imports were stopped in July after news-dealers reported the government failed to allocate foreign monies for purchases.

SATISFYING LUNCH
 Sardine sandwiches and cream of tomato soup make a satisfying lunch. To make the sandwich filling mash a small can (about four ounces) of sardines with a little finely diced dill pickle, a teaspoon of prepared mustard and a little mayonnaise.

QUICK LUNCHEON

Spread toast with deviled ham and serve topped with creamed eggs for a quick luncheon dish. Add a green salad and a fruit dessert to complete the menu.

ABOUT FROZEN STEAKS

Frozen chops and steaks that are not thawed, before cooking will need two to fifteen minutes longer-than-usual cooking time. The time varies with their thickness.

In some of the early experiments of transmission of photographs over electrical circuits as many as 25 lines were used simultaneously.

The Connecticut Agricultural Experiment Station is experimenting with wood chips to add organic matter to the soil.

New York's annual bank clearing are almost 50 per cent greater than the combined total of the next 15 U. S. cities.
