## Free Oil Recovered In SW Kent Wildcat

A small amount of free oil was recovered by Star Oil Company No. 1 Young, Southwest Kent County wildcat in a drillstem test in the Strawn lime of the Pennsylvanian at 7,231-56 feet.

The test was open four hours. Gas came to the surface in 35 minutes. Recovery was 455 feet of free oil and 300 feet of heavily oil and gas out drilling mud. There were no signs of formation water.

The prospector deepened to 7,286 feet and took a one hour and 45 minute drillstem test at 7,254-86 feet. Recovery was 60 feet of drilling mud with no shows of oil, gas or water. It is presumed that operator is to drill deeper.

Location is 1,980 feet from north and 980 feet from west lines of section 54, block 5, H&GN survey. The development is almost on the Garza County line and is five miles northwest of Polar and four miles north of the Polar-Ellenburger field.

This wildcat was formerly carried as Moore and Cook No. 1 Young. It was started under a contract to dig to 8,000 feet to test the Ellenburger—unless it developed commercial production in the Pennsylvanian.

## AIME Section To Meet Monday Night

W. F. Kieschnick, Jr., of Dallas will address the September meeting of the Permian Basin section of the American Institute of Mining and Metallurgical Engineers which is to be held Monday night.

The session will be at the Ector County Barn at Odessa, and the address will follow a barbecue supper. The supper is to be served at 7 p. m.

Kieschnick's subject will be, "Oil Recovery by High Pressure Gas Injection." He is in the research and development department of The Atlantic Refining Company.

## Slight Show Of Oil Logged In Midland

Ralph Love No. 1 J. E. Hill, North-Central Midland County wildcat, five miles south of the city of Midland logged some slight shows of oil in samples in the Tubb sand of the Permian at 5,626-76 feet.

A one hour drillstem test was run on that interval. Recovery was 600 feet of salt water with no shows of oil or gas being developed.

The prospector is preparing to drill deeper. It is projected to 13,500 feet to explore the Ellenburger.

Location is 660 feet from north and 1,980 feet from east lines of section 30, block 39, T&P survey, T-2-S. It is six and one-half miles northeast of the opener of the Parks-Ellenburger field.

On the top of the San Andres lime the Love No. 1 Hill was 90 feet high to the same marker in Magnolia No. 2 Parks, the discovery of the Parks field.

The Parks area has shown for production from the Wolfcamp, the Pennsylvanian and the Devonian, as well as from the Ellenburger.

The No. 1 Hill still is to penetrate those formations.

## MGS Sets Date For First Fall Meeting

The first bi-monthly luncheon of the Midland Geological Society's 1950-51 season will be Tuesday at 12 noon in the Crystal Ballroom of the Hotel Scharbauer.

Max David, Midland consulting geologist, will take office as president of the organization for the coming season at the Tuesday meeting.

A report that the luncheon would be held Monday is in error.

Future luncheons will be on the first and third Tuesdays of each month.

## Deepening Slated For C-E Lynn Prospector

Houston Oil Company of Texas is to deepen its No. 1 H. B. Howell, Central-Southeast Lynn County wildcat to the Ellenburger.

This exploration, located six miles northwest of the O'Donnell-Pennsylvanian field, and seven and one-half miles southeast of Tahoka, had tested the Pennsylvanian section at 9,230-80 feet for an extended period and had developed an oil yield of about one-half of a barrel per hour with no water on the draw.

Operator decided that was not sufficient for a completion and has now filed a supplemental application with the Railroad Commission of Texas requesting a permit to continue drilling to 10,000 feet, if necessary, in order to explore the Ellenburger.

Interested observers think the project should find the Ellenburger by the time it gets to 9,500 feet—and possibly higher.

Location is 487 feet from north and east lines of section 451, block 1, EL&R survey.

## Pumps Dry Out Stanton

STANTON — This West Texas city, plagued by flood waters which have inundated much of the town's south side since Thursday night's flash flood, slowly was drying out Monday—as overcast skies threatened to dump more moisture on the community.

It rained again Sunday night, but the 3 inch total was not particularly harmful, according to officials.

The level of the flood waters has been lowered from 10 to 12 inches as a result of continuous pumping since Saturday midnight through emergency pipe lines.

A second pipe line was laid Sunday from South Stanton to a nearby draw. Martin County Judge James McMorris said Monday the water now is off the highway and out of business houses immediately south of the T&P Railway tracks. Many homes and the city's sewer system pumps still are underwater. Nineteen families are homeless.

**Well Water Banned**

The use of water from wells on the south side was banned Sunday by a representative of the State Department of Health, who came here from Lubbock to assist officials in relieving an acute health and sanitation problem which has developed as a result of the standing flood waters.

Judge McMorris said members of Stanton's City Council, including Mayor Bob Whitaker, Gene Graham, Finley Rhodes and John Pinkston, joined other volunteer workers in laying the pipe lines in an effort to rid the city of its standing water.

Stanton is situated in an old lake bed and there is no natural runoff. Officials said that barring additional moisture they hope to have the situation in hand within 48 hours.

## Loyalty Board Does About Face In Case Of Far East Expert

WASHINGTON —(P)— Commerce Department officials said Monday a department loyalty board has made an adverse finding against Michael Lee, and he has been suspended from his \$10,000 a year job in that agency.

The finding, handed down without announcement September 8, already has been challenged by Lee. His attorneys are preparing an appeal. Secretary of Commerce Sawyer, officials said.

This finding reversed a clearance given Lee when the department board said a year ago: "Reasonable grounds do not exist to believe that you may be disloyal to the government of the United States."

**Born In Manchuria**  
Lee, 42, was born in Manchuria of Russian ancestry. He was head of the Far East branch of the Department's Office of International Trade before his loyalty was put under question first in October, 1948.

Before the adverse loyalty board ruling, Secretary Sawyer had asked Lee to "resign" or be fired on grounds that his continued employment was detrimental to the department aside from loyalty questions.

Lee said Sawyer demanded his resignation "after being directed to fire me by a Senate subcommittee." There were reports members of the Senate Commerce Committee had called on Sawyer to drop Lee; some senators said an investigation of the department might be made if he didn't.

## ★ LATE NEWS FLASHES ★

WASHINGTON — (AP) — The Army Monday more than doubled its call-up of reserve officers by adding 9,565 captains and lieutenants, 205 chaplain captains and 240 Army aviation officers to its original summons for 7,862 company grade officers.

WASHINGTON — (AP) — The FBI Monday began an investigation to determine whether sabotage caused an explosion Sunday which damaged a "Voice of America" overseas radio transmitter at Bethany, Ohio.

WASHINGTON — (AP) — President Truman Monday signed the bill allowing Gen. George C. Marshall to become secretary of Defense. The White House said Marshall's formal nomination to the post would be sent to the Senate for confirmation at once.

WASHINGTON — (AP) — The Navy said Monday the 45,000-ton battleship New Jersey is being de-mothballed for return to the active fleet.

**TOO MUCH, TOO LONG**—As if to blot out still vivid memories of his ordeal, this American soldier buries his face in his hands as he slumps from exhaustion on a pile of blankets. He had just come out of some of the heaviest fighting in the Taegu sector. (Exclusive photo by NEA-Acme Staff Correspondent Stanley Tretick.)

## College Football For Worthy Cause Scheduled Saturday

College football comes to Midland Saturday night—and it's for a very good cause.

The ACC Wildcats from Abilene will tangle with the Sul Ross Lobos on the gridiron of Memorial Stadium at 8 p. m.

Proceeds of the ball game will benefit a boys workshop. The project is sponsored by the Optimist Club of Midland.

A colorful parade is planned in downtown Midland before the game. Bands and students from the two competing colleges and other organizations will participate. The MHS Band has been invited to march and play.

College officials will be here. All West Texas is invited. Tickets are going fast. They can be purchased at Tallorine or from any Optimist Club member.

**Missing Plane Found With All Aboard Safe**  
REYKJAVIK, ICELAND — (P)— An Icelandic Airlines Skymaster plane reported missing since last Thursday night was found Monday on Vatnajokull Glacier with all seven crewmen alive.

The plane, last heard from 40 minutes out of Reykjavik, was bound for New York and had 10 dogs in its cargo. Search planes have scoured the area for days.

## U. S. Unwraps Master Plan For Civilian Defense

WASHINGTON —(P)—The government Monday unwrapped a master civil defense plan telling states and cities home front casualties can be cut in half with trained experts and millions of volunteers.

President Truman approved the plan, which lacked any price tag or timetable. Along with a bill to create a new, separate federal Civil Defense Administration, Truman sent it to a Congress which probably will do nothing about authority or money for the program before next year.

The program is built around:  
1. Cooperation on a big scale between federal, state and local governments, with each sharing some of the responsibility and expense. There is an outline for the kind of organization needed at every level.

2. Providing pre-attack precautions and post-attack help mainly for some 140 "critical target areas"—cities and installations an enemy almost certainly would hit first and hardest. Yet "all communities should anticipate some form of attack" and prepare accordingly.

**Mutual Aid Pacts**  
3. Mutual aid pacts among cities and states, even reaching a hand across the borders to Mexican and Canadian neighbors. "It is suggested that, as a rough rule of thumb, cities within a 20-mile radius of a probable target city be asked to consider mutual aid arrangements."

The conferees, now smoothing out differences in the House and Senate versions of the general tax bill, agreed—subject to House and Senate approval—that Congress will act either later this year, or early next, on a levy on excess corporation profits. This levy is to be retroactive to October 1 or July 1 of this year.

This is intended to postpone the profits issue and enable quick, final approval of the general tax boosting bill in time for higher levies to become effective October 1 on the incomes of more than \$0,000,000 individual taxpayers.

**Joan Edwards Has Been Unconscious For Twenty Months**  
Joan Edwards has been unconscious 20 months.

The Rankin young woman was injured in an automobile accident Jan. 17, 1949. She has lain unconscious ever since.

Sunday marked the end of the 20th month of unconsciousness. Miss Edwards is at her home in Rankin. She was an employee of The Reporter-Telegram at the time of the accident.

## More Rain, Hail, Winds Lash Texas

By The Associated Press  
The threat of more rain hung over West Texas Monday—a "disastrous" threat for the little city of Stanton and an uncomfortable one for the rest of the High Plains country.

A small tornado hit near Sundown, 60 miles west of Lubbock. Sunday and driving rain and hail pounded a wide area of the South Plains. Lightning crackled constantly over the area. Water covered some highways.

For Stanton, which had the south side of town flooded by a cloud-burst Thursday night, officials said another "inch of rain" would be disastrous. A 6,000-foot pipe line was put into operation Sunday and lowered the flood waters covering part of the town. Stanton is located in an old lake bed and the waters did not drain off.

There were no known injuries in the area in which the tornado spun down. It hit between the town and the Slaughter Refinery, five miles to the east, according to A. V. Maxwell, night foreman at the plant.

**More Rain Predicted**  
The torrential rains hit Sundown, Whiteface, Morton, Levelland and Hale Center. But the worst of the storm apparently struck Lubbock, biggest city on the plains.

The forecast Monday night and Tuesday called for partly cloudy weather and occasional showers in West Texas.

By mid-morning, light rain was falling at San Angelo and Childress (Continued On Page Nine)

## Commissioners, City Council In Sessions To Discuss Programs

Midland County Commissioners met in a special session Monday to discuss the \$1,000,000 bond issue program for highway and drainage improvements.

County Judge Clifford C. Keith said the group would attempt to determine the amount of bonds to issue immediately in order to get the program underway.

Midland City Council members and the City Finance Commission were to meet at 4 p. m. in the council chamber to get the city's \$3,500,000 bond program underway. Representatives of the First Southwest Company of Dallas, a financial advisory firm, were to meet with the council to help work out covenants and conditions of the bonds.

City Manager W. H. Oswalt said the council members also were expected to determine the amount of bonds to issue immediately to initiate the city's program.

## Accused Chemist Pleads Guilty Of Spying For Russia

GREENVILLE, TENN. —(P)— Alfred Dean Slack pleaded guilty in federal court Monday to charges of wartime spying for Russia.

Assistant U. S. Attorney James M. Meek immediately recommended a 10-year prison sentence for the 44-year-old Syracuse, N. Y., chemist. Meek said Slack had admitted passing on to Russian agents secrets in the manufacture of RDX, a high explosive.

He told Judge Robert L. Taylor that U. S. Attorney General Howard McGrath and the Federal Bureau of Investigation were agreeable to the 10-year sentence.

"In view of the fact Slack requested that, as a rough rule of thumb, cities within a 20-mile radius of a probable target city be asked to consider mutual aid arrangements," Meek told the court.

## Ko-Reds Said Ready To Treat For Peace

ROME —(P)— Rome's independent Giornale d'Italia said Monday in a London dispatch that North Korean authorities are seeking to negotiate for peace.

The dispatch attributed the information to non-official Indian circles in London and said it came from New Delhi. According to it, China and India would serve as mediators.

**MAY HOME FROM PRISON**  
PRESTONBURG, KY. —(P)— Andrew J. May, former chairman of the House Military Affairs Committee, came home from prison Monday after serving nine months and 13 days of a maximum sentence of two years for conspiracy and bribery in wartime.

## 'Surrender Or Die,' Leaflets Warn Enemy

By LEIF ERICKSON  
TOKYO —(P)— American Marines stabbed to within three miles of Seoul Monday at the head of 40,000 massing Allied troops ordered to make the Red Koreans surrender or die.

The Leathernecks spearheaded the 10th Corps liberation force now rolling in a crushing tide on the Red-held South Korean capital.

Seoul's liberation appeared to be at hand. The Marines vanguard was about one mile from Yongdungpo, Seoul suburb on the south bank of the Han River. The Allied force must cross the Han to take Seoul.

Fifteen miles northwest of the city, a second Marine column hurled back five pre-dawn assaults and secured Kimpo Airfield. Then it drove north to the banks of the Han.

Kimpo Airfield already is in operation as an Allied base with an excellent paved runway. A United Nations communique Monday night said Marines were probing for crossings along the Han River line on the outskirts of Seoul.

The communique said Allied casualties have been light and enemy casualties were heavy. The number of enemy prisoners captured in the Inchon-Seoul front

**Leathernecks Put Bee On MacArthur**  
WITH GENERAL MACARTHUR ON THE INCHON FRONT, KOREA —(P)— "Don't let him get away with this," said a Marine officer. "He's been visiting the fighting front east of Inchon."

"Is that him?" another Leatherneck asked as MacArthur's Jeep passed along the road. "Hey," shouted another jokingly, "the war's this way!"

MacArthur spent more than three hours on the tour of the battlefield, where he and his staff were briefed by Marine officers.

area is approaching 2,000, the communique said. Official reports Sunday that Marines were fighting in the outskirts of Seoul proved premature. Warplanes dropped leaflets.

Red Koreans seized the city June 28, three days after they invaded the United Nations-sponsored republic.

South Korean forces blew the Han's rail and road bridges then. Allied planes repeatedly managed the bridge remnants.

As the big offensive mounted at both ends of South Korea, Allied warplanes showered the Reds with 3,000,000 leaflets warning them they must give up or die now.

On the old southeast Korean beachhead, an American battalion crossed the Nakdong River and set up a firm bridgehead on the west bank.

Allied forces had withdrawn to the east bank August 4. U. S. Second Division troops made the crossing west of Changan. (Continued On Page Nine)

## Home Front Control Powers, With Twin Aims, Are In Effect

WASHINGTON —(P)— The government put "stop" orders into effect Monday against over-eager buying to consumers and over-eager credit by businessmen.

Marking the first actual use of the new home front control powers, the orders had two aims: to check inflation and to conserve scarce and essential materials for defense purposes.

The Commerce Department forbade businessmen to accumulate lumber, cement, steel, copper, aluminum, tin, rubber, nylon yarn, certain chemicals and certain other materials beyond a "practical minimum working inventory."

Enforceable by penalties as stiff as a year in prison and a \$10,000 fine, the order applies not only to the firm that buys but also to the firm that delivers the goods.

The ban on over-easy installment credit was put into effect by the Federal Reserve Board, after a 10-day notice. Terms for autos, household appliances, furniture and home repairs were tightened.

The order is applicable to sellers, lenders and consumer-buyers alike, and is backed by penalties up to a year in prison and a \$10,000 fine.

**BARELY WINS**—Hanni Schall, 23-year-old "Miss Austria," is now "Miss Europe of 1950." She won in competition at Rimini, Italy, with national beauties from 18 other countries. (Photo by NEA-Acme Staff Correspondent Albert Blasetti.)

★ IN HOLLYWOOD ★

Press Agency Paupered By Loss Of Fib And Fantasy Men

By ERSKINE JOHNSON  
NEA Staff Correspondent

HOLLYWOOD — The Goatskin Thumpers: The demise of wild dishes and television sets to lucky number holders as the movie industry's best insurance agency empty theaters, is unmarked in the Hollywood graveyard.

Jean Bosquet, a filler in the publicity vineyards at Universal-International, sighed with me the other day over the lost epoch of uninhibited stunt and story.

Lately, he's been peering into trash-heaps and retrieving small memorabilia which, grime-scraped, polished and put to work again, have caused more than one veteran to hear the ghost-like measures of the old publicity calliope.

Like startled Piper Laurie's appetite for daisy petals and newcomer Joyce Holden's zest for cow-juice baths—two hoary tongue-in-cheekers that were re-launched to grab space for "Louisa" and "The Milkman."

"The good, old days are gone," Jean muttered. "We'll leave no great legends behind us. We're Lilliputians walking in the tracks of the giants."

The big stunt has vanished. The crazy dream stuff has gone up in smoke.

"Remember when the Warner publicity department put out the story that Pat O'Brien, embarrassed by the cluster of shamrocks that had been tattooed on his chest as a boy, had had the tattooed skin peeled off and made into a lamp shade? That yarn almost drove Pat crazy."

Hexapod. Public Both Bite "Bill Herbert once capitalized on an insect bite that Grace Bradley told him about. He put adhesive tape on Grace's cheek, summoned a photographer and ordered longshots of her full, shapely figure. Then he captioned the art, 'Star Bitten by Hexapod.'"

"The nation went wild. Beside communicating on the star's condition were flashed across the country. Sales of fresh cheese cakes pictures of Grace were dumped into the post office. It was a great stunt. Nobody bothered to look up the definition of hexapod. "It's a bugology term that means an insect."

"Then there was the search started by Jack Cooper, a praise agent at Paramount, for a virgin to play a leading role in Cecil B. DeMille's 'This Day and Age.'"

"Jack came up with a young woman named Marie Coleman, who was photographed to look like a girl untouched by life. You could dimly see halos in the background. Everything was fine until a newspaper broke the news that she was the wife of Gus Sonnenberg, the wrestler."

"Tommy McLeod, working as the unit man of 'Massacre,' talked Ann Dvorak into letting him put out a news flash that she had been bitten by a rattlesnake on location. Director Leslie Fenton was photographed by the newspaper and wire photo services pleading with Ann not to die."

"Next day everything broke loose. A mob of 300 extras refused to go into the brush where Ann had been bitten. And the owner of the location site sued the studio for \$100,000."

Fly In Ointment "Joe Reddy thought up a brilliant publicity idea for Harold Lloyd's 'Safety Last.' He hired a famous human fly who had just climbed the Woolworth Building in New York to repeat the stunt in Hollywood with a 'Safety Last' sign on his back. But Joe's human fly fell at the second-story mark and sprained his ankle."

"Link Quarberg, beating the drums for 'My Little Chickadee,' arranged for Frank Buchman, head of 'Moral Rearmament,' to discuss ways and means of world peace in Mac West's apartment. Link brought along a photographer, steered Mac and Buchman toward the piano, and got a picture of the pair with a nude statue and picture of Mac in the background. It almost ruined Buchman."

"Norman Kraana might have been a prolific press agent, but he said the wrong thing to Darryl Zanuck after one of Zanuck's pictures had been screened in the projection room. Zanuck said: 'Of course, it's too long; it ought to be cut.' Kraana blinked, 'You're right,' he said, it ought to be cut right in the middle.' That ended Kraana's publicity career."

"Then there was George Glass' classic stunt for Selznick's 'Nothing Sacred.' He dressed a gorgeous gal in a few square inches of flesh-colored material, put a long blonde wig on her head and sent her through Hollywood on the back of a white horse. Glass figured that his Lady Godiva would be arrested and that 'Nothing Sacred' would be splashed all over the front pages."

"But not a single guardian of the law bothered the damsel. George almost jumped off the Santa Monica pier."

McCAMEY—A budget of \$687,192 has been set up and adopted for the operation of the McCamey school system for the new school year, school board officials have announced. The board also accepted the resignation of Mrs. R. N. Tallaferro and approved the contracts of four new teachers. The new teachers are Mrs. Mat Dillingham, Jr., Mr. and Mrs. M. M. Mitchell and W. R. Wood. The annual financial report of the McCamey school system was received and approved by the board. A report on the total cost of the Dunbar School was received. It totaled \$4,818.93. It was announced the new rest rooms at Badger Field almost are completed but would not be ready for the first game because of the delay in receiving needed tile.

The Presbytery of Brownwood, in a recent meeting, elected six delegates to the meetings of the Texas Synod to be held this year at Athens, Texas, October 10-12. Of these six delegates, two are from McCamey. They are the Rev. H. L. Holland and J. G. McAdon. During its session, the Presbytery also made arrangements for the installation of the McCamey pastor. The formal services will be held with Presbyterian ministers from Ballinger, San Angelo and Midland participating.

A meeting of all Business and Professional Women's Clubs in District Eight recently was held in the McCamey Park Building with Mrs. Ruby Braly, district director, presiding. Purpose of the meeting was to discuss plans and choose a theme for the District Conference.

Second Battleship May Be Placed Back Into Active Fleet

By ELTON C. FAY  
WASHINGTON —(AP)—The Navy may be putting a second big battleship back into its active fleet.

Assignment of the 45,000-ton Missouri to shooting duty in the Far East was raised the question of taking a similar battleship out of mothballs to replace the "Mighty Mo" as a training vessel. There are indications that the Navy, with Defense Department agreement, has decided to put one of the Missouri's three laid-up sister ships back on sea duty.

Of the three, two are on the East Coast, the New Jersey at the Brooklyn, N. Y., Navy Yard and the Wisconsin at Norfolk, Va. One is on the West Coast, the Iowa at San Francisco.

Expected to Reappear The New Jersey is expected in some naval circles to reappear in the active fleet, assigned to the Atlantic force chiefly for training purposes but also for combat duty should she be needed. The New Jersey, commissioned in May, 1943, was put into the mothball fleet in December, 1947, at the same time the Wisconsin was laid up.

The Iowa was the last of the three to go into reserve, leaving the Pacific active fleet in August, 1948. World War II saw in service the greatest number of battleships ever operated by the United States—but it also relegated the big, heavily-gunned and armored vessels to a subordinate role in naval warfare. Carriers then emerged as the major ships around which fleets and task forces were built.

Mr. and Mrs. W. W. (Bill) Moore and children left Thursday morning for a month's visit with Mrs. Moore's parents at Chicago. Mr. and Mrs. Bill Monson are the parents of a boy born September 11 in a Dublin hospital.

Mr. and Mrs. J. Ed Smith received word they have become grandparents. A daughter was born September 11 to their son and daughter-in-law, Mr. and Mrs. Robert L. Smith, in Austin.

A farewell party was given at the park in honor of Freddy Gibson, III, prior to his family moving to Odessa. Clarence Powell and Rhonda Beth Gibson were hosts.

A delegation of McCamey laymen will attend the district convention laymen's banquet of the Christian Church, to be held in Midland, September 26.

Casualties in Korea

WASHINGTON —(AP)—The Department of Defense announced Monday the names of six Texans killed in action in Korea, two who died of wounds, 22 wounded and two missing in action.

The list was the department's ninety-eighth since the war started. Killed in action: First Lt. Mabry E. Cain, Whitehead; Pfc. Alfonso Franks, San Antonio; Cpl. Robert J. Griggs, Jr., Hallettsville; Pfc. Oscar M. Morales, Laredo; Pfc. Clonnie R. Robertson, Killean; Sgt. Earl F. Walker, Fort Bolivar.

Died of wounds: Pfc. Charles L. Wilson, Jr., Victoria; Pfc. Billy J. Jackson, Kereans.

Wounded: Pfc. Billy R. Agee, Hamilton; Cpl. Peter Barajas, Naples; Pfc. Kenneth R. Bell, Fort Worth; Pfc. Billy Bernard, Jr., Fort Acres; Pvt. Joe R. Bruni, Corpus Christi; Sgt. 1/c Edward Carter, Houston; Pvt. Richard H. Cornelius, Palestine; Pvt. Juan de la Paz, Brownsville; Pfc. James R. Eaton, Dayton; Recruit Billy R. Fulton, Weldon; Pfc. Austin C. Hanson, Corpus Christi; Sgt. George A. Hearn, Farmers Branch; Cpl. Ansel V. Martinez, Elm Mott; Pfc. Luther M. McLennan, Brownboro; Pvt. Carl Moore, Jacksonville; Pfc. Robert R. Oliver, Houston; Pvt. Norvin Seaton, Houston; Cpl. Joe N. Walton, Marshall; Cpl. Willie J. Wedgeworth, Jacksonville; Sgt. Clarence Williams, Jr., Houston; Cpl. Henry O. Woodward, Midlothian; Pfc. Edward H. Young, Jr., Dallas.

Missing in action: Air Force Capt. Nathan C. Haynes, Jr., Sherman; Air Force Second Lt. Glenn Payne, Hillsboro.

Abundant Living

By E. STANLEY JONES

LUKE 21:36; JOHN 15:7; PHIL. 4:6-7; EPH. 6:18. PRAYER IS ALERT PASSIVITY We have seen that prayer is essentially surrender, but not a passive surrender. It is an "alert passivity." It is a passivity that awakens us to an amazing activity. The musician listens in the silence to Music, surrenders to it, and then pours it forth with complete abandonment. He is creative because he is receptive.

The scientist surrenders to the facts of Nature—he flings open the doors of his senses to be guided and directed by the facts. He is passive, but with an alert passivity. His facts now become factors—they are gathered up and put to work in factories, are turned out as finished products to serve the world. The surrender was really a mastery.

One day, in the train, instead of thinking I simply surrendered to Thought, My mind was perfectly passive, and yet perfectly active. It seemed that Thought awakened thought. I accomplished more actual thinking in those blissful hours than in days of thinking on my own. We must learn to live in the passive voice. Only those who do so, know what it means to live in the active voice. The fussy activity of the modern man is not life; it is the nervous twitching of his disordered and starved nerves. When animals lack certain vitamins, they will become nervous, jumpy, and hysterical. The rush of modern life is not the calm, poised sureness of mastery. Rather, it is the jumpy hysteria of starved nerves crying out for vitamins of real life. Someone has said that no one commits suicide because he is tired of life—he is tired of a lack of life.

Jesus put the alternatives this way: "Men ought always to pray, and not to faint." It is pray or faint—literally that. Those who pray do not faint. And those who pray do not pray. You can become alive to your finger tips—every cell in your body alert, active, creative—provided you pray. Otherwise you faint. Pray or be a prey—a prey to fears, to futilities, to ineffectiveness.

Gracious Father, I thank Thee that power, power is open to me if I but take it. Help me to empty my hands of trifling toys that I may take, take, take the things Thou art offering me—release, power, victory. Why should I do myself and others this wrong—weak when I might be strong, a victim when I might be victor. Amen.

Mrs. P. K. Landtiser was named president of the Alpha Chi Omega Alumnae Club when it met Saturday in the home of Joyce Neville, 1123 North-Carriso Street.

Other officers are Mrs. Bob Maddox, vice president; Mrs. J. Henry Wilkinson, secretary-treasurer; and Mrs. F. L. McFarland, reporter.

The members decided to have a party for their husbands September 29 in the home of Mrs. R. K. Norman, 2020 North Big Spring Street. Other members present were Mrs. B. L. Espy, Mrs. Harry Laim and Mrs. Douglas C. Meyers.

## Lloyd, Guasti Wed; Travel In California

**BEVERLY HILLS, CALIF.**—(AP)—Honeymooning Monday somewhere in Northern California are the daughter of Harold Lloyd, onetime film comedian, and the son of the Guasti family of California winemakers.

The wedding Saturday of Gloria Lloyd, 25, and William Orcutt Guasti, 23, was a social event attended by 500 guests. It was held in the gardens at Greenacres, the Lloyd estate.

Guasti is the son of Mrs. Walter Mann of New York and the late Secondo Guasti.

## Scotch Foursomes Play Sunday

Results of the Scotch foursomes, which were played Sunday at the Midland Country Club, are listed as follows: first low gross, Roy Miner and Mrs. Fred Bauchens; second low gross, Roy Lockett and Rachel Hornbeck; third low gross, H. C. Conine and Mrs. Frank Ashby.

First low net and second low net were tied. The winners were A. Knickerbocker and Mrs. Frank Flournoy, and Earl Wilson and Mrs. Roy Lockett.

**ACTOR BRUCE CABOT SKIPS TEXAS WEDDING**

**SANTA BARBARA, CALIF.**—(AP)—Actor Bruce Cabot and his third wife, Francesca de Scarra, prepared Monday for a honeymoon trip to New York.

Canceling earlier plans to be married in Texas, they were wed Sunday by a peace justice here.

**TO MEET MONDAY**  
The three night circles of the First Methodist Church will meet at 7:30 p. m. Monday in the church. The Eleanor Luton circle will meet in the home of Mrs. W. E. Nance, 1600 West Michigan Street, on September 25, instead of September 18 as previously announced.

# SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 18, 1950—3

## St. Ann's First 'Family Fair' Attracts Record Attendance

A record crowd turned out for the St. Ann's Catholic Church barbecue and family fair Saturday night. It was the first social event to be held on the grounds of the new church and parochial school.

Six booths, ranging from a "white elephant" counter, which was the first to sell completely out of goods, to a games booth, attracted much attention. The supply of homemade cakes, cookies, pies, bread and candy was exhausted long before the fair was over.

Shetland ponies were on hand for the small fry to ride, and the book shelves of one booth had a variety of stories from the age of make-believe through the grown-up age.

There was a fish pond, turtle races, and one booth with hand sewn or crocheted booties, doll clothes, women's bags and dolls. Only handmade articles were on sale in the booths.

**PLEDGES SORORITY**  
Margie Carter, daughter of Mr. and Mrs. D. R. Carter of Midland, has pledged Alpha Chi Omega at the University of Texas, Austin, according to information received here.

Plans for the year's activities were made. The membership drive in October will be the first project.

Mrs. H. H. Redding, Mrs. Lamar Lunt and Mrs. E. H. Barron are on the membership committee.

Plans were made for room parties to be held during the year. Room mothers were urged to take the parliamentary procedure course to be held Thursday and the P-TA procedure course, September 28.

**CHAFFINS ARE AT HOME IN MIDLAND AFTER WEDDING**

Mr. and Mrs. W. M. Chaffin are at home in Midland after their wedding August 28 in the home of the bride's parents in Pottsville.

Mrs. Chaffin is the daughter of Mr. and Mrs. R. M. Wilson of Pottsville. Chaffin is the son of Mrs. Lora Chaffin of Sherman.

Mrs. Chaffin is a teacher in the West Elementary School.

**ARTIST JOHN ROOD PUBLISHES NEW BOOK**

John Rood, artist whose sculpture and paintings have been exhibited at Midland under the auspices of the American Association of University Women, is the author of a new book, "Sculpture in Wood," just published by the University of Minnesota Press.

In his book, the author-artist tells in simple language how to make wood sculpture, how to understand it, and how to use it as decoration in the home.

Rood is associate professor of art at the University of Minnesota.

### 'War-Wise' Wives Would Find New War Brings New Problems

By RUTH MILLETT  
NEA Staff Writer

"If Jim has to go to war again . . . This is what the wives who sat out the last war are saying to each other these days.

And in almost every case, the sentence is finished by the wife's thinking aloud that this next time she'll do things differently.

If during the last war she lived with his or her parents, this time she means to stay right under her own roof. She knows all about the complications that arise when a daughter or daughter-in-law, used to running her own home, moves herself and her children in with grandparents.

If she followed her husband from Army camp to Army camp last time, then she is saying, "I won't uproot the children again. I don't believe it's worth while."

For the wife who has moved her children and family possessions to follow the Army, living in makeshift lodgings and never knowing when her husband will get orders to move again, knows all too well

how unsatisfactory home life is under those conditions.

If she lived alone with her children during the last war, and felt at times that the loneliness was unbearable, she is probably saying: "I believe if I have to go through it again I'll get a job."

And so it goes. Each wife has such vivid memories of the last war that she thinks that if she had to go through it all again she would do things differently.

But the truth of the matter is that there is no happy solution to the problem of a family uprooted by war. It's tough on a woman any way she tries to work it out.

So the lessons that women think they learned during the last war won't do them much good now that they face the problems of another war. They know, perhaps what they WOULDNT do again, but what they would do would probably not be any more satisfactory.

## Hadacol Helps Relieve St. Louis Man's Leg Pains

He Suffered Deficiencies of Vitamins B1, B2, Iron and Niacin

Elmer Prater, 3619 North Broadway, St. Louis, Mo., having tended bar for a good many years, says a man has to work mighty hard these days to make himself a passable living. Gone are the days when you could buy a good lunch for 15c. But he says the good old days of healthful living are today. That is because he found out how worthwhile life really can be. Gone are his days of suffering, thanks to HADACOL. Mr. Prater had been suffering a deficiency of Vitamins B1, B2, Niacin, and Iron.

can now relieve the cause with HADACOL.

There Should Be No Doubt

After reading Mr. Prater's wonderful experience with HADACOL—how can you doubt that this great product will help you if your system is lacking in Vitamins B1, B2, Iron, and Niacin?  
What HADACOL did for Mr. Prater, it can do for you if you're suffering neuritis aches and pains, or other troubles due to such deficiencies.  
So what are you waiting for? Don't continue to suffer—don't continue to be miserable!

**Don't Be Satisfied With Symptomatic Relief!**  
HADACOL is not a quick-acting pill which gives symptomatic relief—rather it relieves the real cause of your pains and aches due to such deficiencies. And continued use of HADACOL helps prevent such agonizing pains from coming back. That's the kind you should buy and that's the kind you should start using NOW!

HADACOL costs only \$1.25 for a trial-size bottle. Large family or hospital size, \$3.50. It is sold on a strict money-back guarantee. At any drugstore.

### Drug Store Clerks Study Salesmanship With Idea Of Getting You To Buy More

Dubious customer, right, in skirt that's part of the drug store clerk training program is up against a girl with a "selling personality." The customer is gripping her purse tightly, but the odds are she'll open it.

NEW YORK —(NEA)—The drug store clerks of America are going to school to learn how to sell you more stuff. So, after all, it's only fair that you get tipped off to their scheme to make you buy.

The clerk's school is going, one by one, to 72 cities. For two days in each city, the boys and girls who jerk sodas, peddle pills and push pomade will get the works. They'll hear lectures, see movies and watch skits. All with the one idea—to make the average person take home more corn plaster, wave lotion and sundry sundries.

Just so you have a fighting chance, here's how the rewired drug store clerk has been taught to get your last cent:

First, they're going to try to appeal to what their manual calls "the fundamental human desires and wants." The desire to stay alive, for example, is fairly widespread. So they'll sell you vitamin pills and drugs and other stuff that, they claim, will help.

**Kissable Lips**  
Another fundamental desire listed is "love of the opposite sex." The next time a drug store clerk tells you that "this lipstick makes your lips look kissable" or "this hair goo makes you look rugged," you can be sure the little rascal has that opposite sex business in mind.

After that comes, among the desires, health ("Dr. Quax' Pellets will help you avoid galloping housemaid's knee"); pride ("Customers who buy the best always use this brand"); imitation ("Mrs. Van Snoothingham bought a bottle just the other day"); companionship ("No-Stink keeps you from offending during the dog days"); desire to escape drudgery ("This orange juice squeezer is so easy, even an orange can operate it"); and money—saving ("This is just as good, and cheaper").

But that's only the first lesson. After the boys and girls learn these desires, they go on to higher things. They take up what is called "Your Selling Personality." If you ever run across a drug clerk who is smiling, attentive, helpful, sincerely interested, enthusiastic, patient, poised, tactful, courteous, neatly dressed, soft-spoken and professional in attitude—well, that

### NEW, MIRACLE ELECTRONIC EAR HIDES DEAFNESS

CHICAGO, (Special)—An amazing new electronic ear which hides deafness and transmits even whispers with startling clarity, has been revealed by a noted Chicago electronic scientist.

He disclosed that this miraculous new discovery has rendered obsolete old-style hearing aids almost overnight, and brings new hope to the 15 million persons in the United States who are hard of hearing.

He reported that this electronic ear enables the deaf to hear without any button showing in the ear and without dangling battery wires. To acquaint the hard of hearing readers of this paper with this new miracle electronic ear which hides deafness, full details are described in a fascinating booklet, "New Discoveries to Help the Deaf Hear."

It will be sent free in a plain wrapper to anyone who requests it. Address: Electronic Research Director, 1489 West 19th Street, 506-D Belmont Building, Chicago 8, Ill. A penny postcard will do.—Ad.

### Education For Old Age Is Idea Behind Government Booklet

WASHINGTON —(AP)—The government Printing Office has just put out a new booklet on "Education For A Long And Useful Life."

It was prepared by the Federal Security Agency's Office of Education. Galen Jones of the office says the pamphlet "indicates some of the beginnings of the programs that need to be worked out by the schools and other educational agencies."

"The number of people past age 65 is expected nearly to double within the next generation," says Jones. "Much of the groundwork for a longer and more useful life must be laid during the in-school years. Among the problems that face the public school, few are more important than that of providing suitable learning opportunities for those in the latter half of life."

To which Federal Security Administrator Oscar R. Ewing adds: "We are coming to recognize the need for measuring the material and spiritual aspects of our way of life against the need for making more meaningful and pleasant the years now added to the average lifetime."

**During School Years**  
"Much of the groundwork for a long and useful life can best be laid during the regular school years. But our public schools also must assume new responsibilities. They must offer educational opportunities appropriate to adult development and preparation for the mature and less active years of later life."

The new bulletin reports during 1947-48 only 25 public schools had special activities for people past retirement age. It proposes that local schools take the lead in urging development of a well-rounded community program for the aging and aged.

1. Making a community a good place for old people is a responsibility of the entire community.  
2. Preparation for a continuously creative and productive period of later maturity should begin early.  
3. Old age normally should be as happy a period as any other.

4. Adults should continue to adjust during the middle and older years as their changing biological, social and vocational environments demand.  
5. All people should work at suitable employment as long as they are able.

6. Employers should become more receptive toward employment of older workers.  
7. Labor-management agreements, laws, pension plans and retirement systems should be geared more closely to psychological needs of the individual.

8. Plans for retirement and gradual stopping of paid work as definite as those for entrance upon an occupation in youth should be made. Older persons should accept work with less prestige, part-time work and volunteer community work without stigma.

"The objective of education for the aging is not to prepare for old age prematurely," the publication says. "Instead, the aim is to help adjust and get the most out of life at whatever age one is, with due regard for the years ahead."

### Gonzales Foundation Drive Set This Month

GONZALES — Fund raising efforts will get underway September 25 for the Gonzales Warm Springs Foundation for Crippled Children. Texas' chartered non-profit treatment center for boys and girls afflicted with polio and other neuromuscular ailments. Mrs. J. Howard Hodge of Midland is co-chairman of the Foundation Committee with Gov. Allan Shivers. Volunteer committee chairmen in counties throughout the state will localize the drive.

Ultimate goal of the rapidly advancing institution is a million-dollar expansion program to meet the critical need for more bed space and advanced equipment to serve adequately the nation's largest state which has been scourged by a polio rampage in recent years. For the last two years, the Gonzales Foundation has operated at capacity of 115 beds.

The treatment center, formed in 1937, and fully approved by the American College of Surgeons and American Hospital Association, is expected to become the nation's first accredited hospital specializing in physical medicine and rehabilitation.

### Mystery 'Sword' Is Being Studied

CANTERBURY, ENGLAND —(AP)—Can you identify an iron "object," three feet long, shaped like a cricket bat with a rounded handle and weighing 11 pounds? If you can, the Canterbury Museum wants to hear from you.

The object was found at the Barton Fields cottage of E. A. Johnson during recent alterations. He kept it around until A. H. Russell, president of the Bristol Antiquarian Society, visiting the house, expressed the opinion that it was an ancient sword.

Other experts did not agree, however, and when the thing was put on show in the museum, with a request for suggestions as to what it might be, a small boy came forward with an exactly similar object, but weighing only nine pounds, which he found in a garden 200 yards from the scene of the original find. Local builders say that the objects have never been tools in their trade.

### Crucial Soda Ash Industry Walkout May Be Near End

By The Associated Press  
The 87-day-old strike against the important soda ash industry may be near an end.

A tentative agreement on a 10-cent hourly wage increase and other benefits was reached Sunday in a formula regarded as a possible pattern for settlement of walkouts at four plants.

At the same time, the United Electrical Workers came to terms with General Electric Company on a two-year contract boosting wages 10-15 1/2 cents an hour.

The two agreements were the major labor developments over the weekend. Both industries are vital to civilian and defense production. **Members To Ballot**  
The short supply of soda ash, caustic soda and other related chemicals has cut production in such fields as high octane gasoline, glass containers, storage batteries, paper and viscose rayon.

The tentative agreement was announced at Syracuse between the Solvay Process division of the Allied Chemical and Dye Corporation and District 50 of the United Mine Workers Union.

The proposal will be submitted to 3,000 union members for acceptance or rejection at a meeting Wednesday or Thursday.

If approved by the members, negotiators believed the terms may be the key to settlement of other strikes in Solvay plants at Baton Rouge, La., and Detroit, and the Diamond Alkali plant at Painesville, Ohio.

### Socialists Sweep Swedish Elections

STOCKHOLM, SWEDEN —(AP)—The Socialists Monday appeared easy victors in Sunday's nationwide local elections. Unofficial returns gave them almost 50 per cent of the total vote and indicated a crushing defeat for the Communists.

Preliminary complete returns (with 1946 figures in brackets) showed these results in the contests for 1,609 city councilors elected Sunday:  
Socialists—1,816,502 votes (1,478,818) 744 seats, 49.07 per cent total vote.  
Liberals—799,723 (520,593) 330 seats, 21.6 per cent.  
Agrarians—459,773 (452,793) 218 seats, 12.42 per cent.  
Conservatives—438,551 (494,949) 123 seats, 11.85 per cent.  
Communists—184,503 (372,424) 29 seats, 4.98 per cent.

The Socialists gained 80 seats, the Liberals 103. The Communists lost 82 seats of 91 previously held. The Conservatives lost 37 and the Agrarians 21.

**TMA OPENS BRANCH OFFICE IN AUSTIN**  
HOUSTON —(AP)—The Texas Manufacturers Association has announced the opening of an Austin office for state governmental research, legislative activity, and service to its members.

Ed C. Burris, TMA's executive vice president, said the new office will be headed by Harry P. Whitworth, the association's legislative counsel.

Ed C. Burris, TMA's executive vice president, said the new office will be headed by Harry P. Whitworth, the association's legislative counsel.

### Librarians Report Unusual Bookmarks

JOHNSON CITY, PA. —(AP)—Do you use a piece of bread for a bookmark, or a comb or a pair of scissors? Maybe you don't, but some people do, because these are among the things librarians at the Mayne Williams Library here have found in books.

Other customers have used pencils, bobby pins, nail files, powder puffs, baby mittens and letters. There are lots of letters, especially those with "please remit" written on them.

### EMBRYO FINANCIERS

MONTREAL —(AP)—Three storekeepers marched into Red Cross headquarters with a donation of \$10.77. The business men made their money in a four-day sale of homemade popicles, fudge and soft drinks. Average age of the trio was 10 years.

### Israeli Preference For Ice Cream Shown

TEL AVIV, ISRAEL —(AP)—Business not only is rushing at an American-style ice cream shop in Tel Aviv—it's out of hand. Israelis, from 10 a.m. to midnight daily, push their way in and out of "The Penguin."

It's the only place in all Israel where one can buy milk shakes, ice cream sodas, popcorn, waffles, and sandwiches made of Israeli bologna. All that's lacking is hamburgers. There's not available because of meat shortages. An enterprising young Jewish immigrant from New York started the business. He never has a dull moment handling thousands of customers daily.

### QUAINT BELIEF

Superstitious young girls of Sicily once slept with shoes under their pillows in the belief that this would aid them to find good husbands.

### Exams Ordered For 400 Texas Medicos

AUSTIN —(AP)—More than 400 medical residents in Texas have been ordered to report for physical examinations. Col. T. V. Sheldon of the Texas Military District said here Sunday.

Of these, 24 reserve officers will be called up as Texas' quota. Sheldon spoke at a conference of medical leaders and representatives of the Texas Military District, called as a result of new legislation which provides for registration of all physicians, dentists and veterinarians under 50.

### C. Of C. Directors Meet Monday Night

The September meeting of directors of the Midland Chamber of Commerce will be held at 7:30 p. m. Monday in the Private Dining Room of Hotel Scharbauer. President Robert L. Wood will preside.

Two directors to represent Midland in the West Texas Chamber of Commerce will be nominated at the meeting. Committee reports and several project proposals will be heard.

## DADDY RINGTAIL

By WESLEY DAVIS

### Daddy Ringtail And Flowers In The Night

Daddy Ringtail sat up in bed. Everything smelled like late at night. The moon was riding bright and high in the sky. Daddy Ringtail could see it through the window, but what had happened to wake him up?

"Daddy Ringtail, are you asleep?" whispered Mother Ringtail. She

was out of her bed and standing beside him, and so a something must have happened to wake her up. Daddy Ringtail decided.

Together they went from room to room to be sure that the children were snug in their beds, and

then they went to the window where they could see out and across the moonlit forest.

"Oh me!" said Daddy Ringtail. "Oh me indeed!" Mother Ringtail answered.

Oh, they weren't seeing a some-

thing to make them say it. They had smelled a something to make them say it, and the something was a fellow whose name is Whiffy Skunk. He has a horrible smell exactly like the skunk he is, and there he was standing below on the Elephant Path. His two front teeth are very large; they were shining bright from the moon.

Whiffy was smiling.

"Mother Ringtail," whispered Daddy Ringtail, "he seems to have flowers in his hands."

Flowers? Oh yes, and yes indeed. Mother Ringtail remembered. Whiffy always brought her flowers when he was passing that way through the forest, maybe once or twice a year. The flowers were always a present because Mother Ringtail once had looked after Whiffy when he was sick.

"Oh, but Mother Ringtail," Daddy Ringtail whispered, "it is much too late at night for him to come by leaving flowers."

## Pear Tree 120 Years Old Still Bearing

JERSEVILLE, ILL.—(AP)—A fruit tree which has stood here for 120 years still is producing pears.

This season's yield was not as heavy as usual, however, because of cold Spring weather. Ray Nevius, the owner, has nursed the tree through several bad spells. A few years ago he thought it was finished by a tornado which broke off its larger branches. He gave it a good pruning, and the tree perked up.

The National Geographic Society says Korea has 10 better than average harbors and 27 secondary ones.

### Father Confesses Slaying Daughter Reported Kidnaped

PATERSON, N. J. —(AP)— Fred Goodell, Jr., the 22-year-old father who last week told police his infant daughter had been kidnaped, was to be arraigned Monday for her murder.

Police Chief James Walker said that after 18 hours of steady questioning, Goodell broke down Sunday and told how, in a fit of temper, he smashed the tray of the high chair into the baby's face.

The statement continued that the next day—last Tuesday—Goodell discovered Nancy was dead, wrapped her body in a towel, and carried it in a shopping bag through Paterson's crowded streets.

Sunday he led police to the body, it had been buried in a shallow cavity on Garrett Mountain, overlooking the city.

Goodell's statement absolved his 18-year-old wife, Marie, of any knowledge of the child's death. He said she was at work when the child was struck, and upon her return went directly to bed without looking at the baby when he told her it was asleep.

Goodell at first told police the baby had been taken from her carriage in front of their home when he left it for a few minutes to have coffee with his father.

### Girl Acquitted In Mercy Slaying Of Father Is Married

PORT CHESTER, N. Y. —(AP)— The former Carol Ann Paight, who was acquitted in the mercy slaying of her cancer-ridden father, was honeymooning Monday with a fellow college student.

The 22-year-old Stamford, Conn. girl and Robert Anderson, 26, were married here Saturday.

The couple attended New England College at Henniker, N. H., where Carol Ann returned after her acquittal by a jury at Bridgeport, Conn.

The girl was charged with second degree murder in the shooting of her father, Stamford Police Sergeant Carl Paight, with his service revolver as he lay dying in Stamford Hospital last September 23. She claimed she had a mental blackout.

### Noted Film 'Priest' Dies In Hollywood

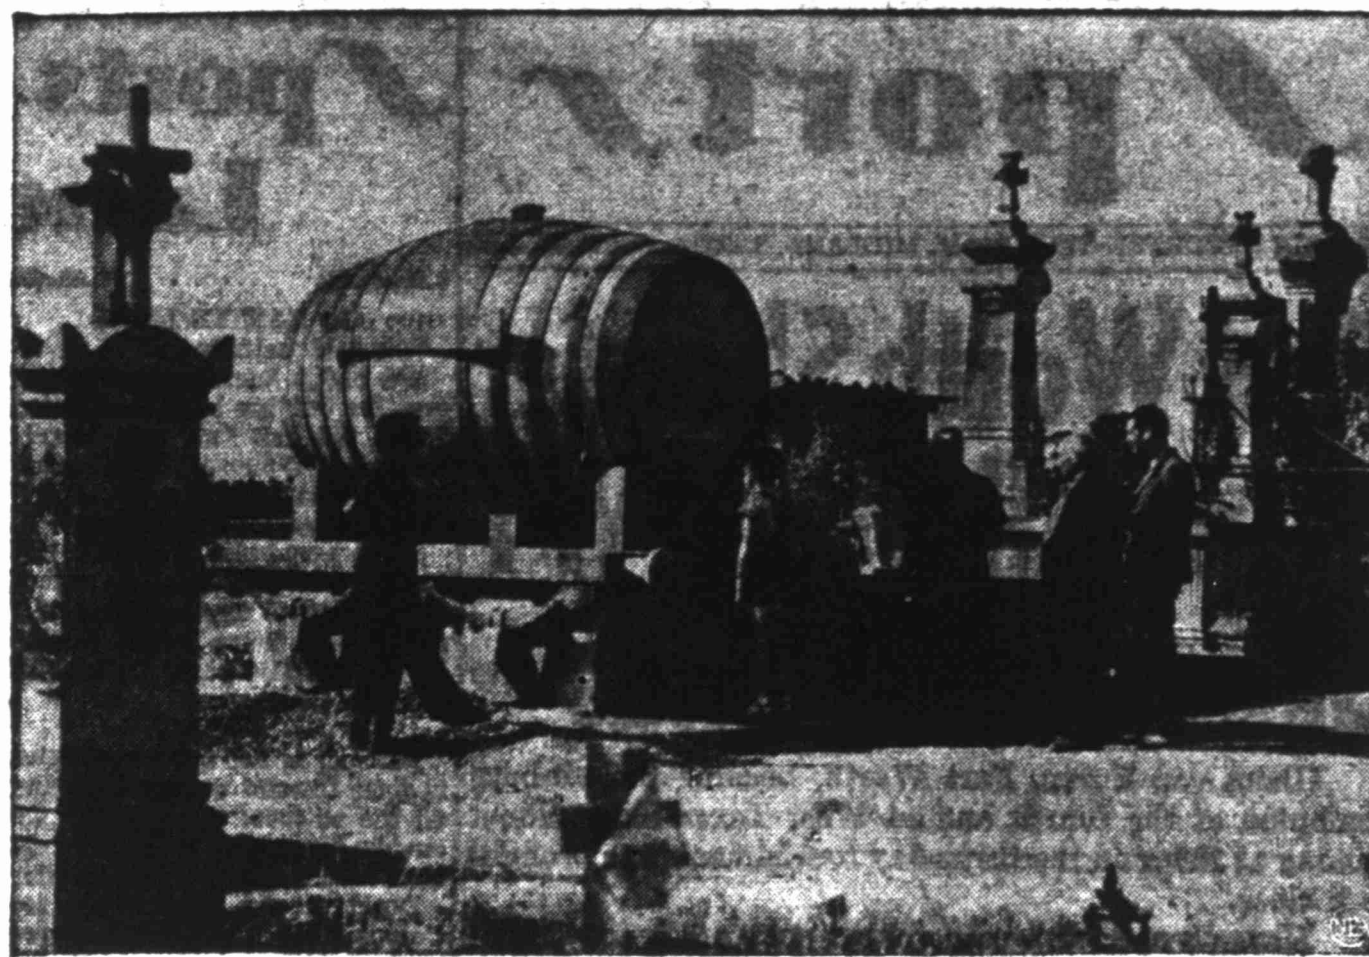

HOLLYWOOD —(AP)— Pedro de Cordoba, 68, an actor known for his authentic portrayal of priests, died Sunday with the ritual of his church before him.

A prayer book opened to the Sunday Mass was on his lap as he sat in an easy chair in a bedroom of his home in nearby Sunland. His wife of 23 years, the former Eleanor Mary Nolan, found him.

She said he was studying late Saturday night for his regular Sunday morning service as narrator of a broadcast from Immaculate Conception Catholic Church in Los Angeles.

De Cordoba was president of the Catholic Actors Guild for many years.

He came to Hollywood and the movies in 1935 and had appeared in such films as "Captain Blood," "For Whom the Bell Tolls," "The Keys of the Kingdom," "Anthony Adverse," "Blood and Sand," "The Mark of Zorro," and "San Antonio."

**SIGNATURE OF A CONNOISSEUR**—The controversial vat-shaped family vault built years ago by Leonie Chabernau, 69, in the seaside Rochecourt, France, cemetery, has split the tiny town into bitter factions. One group protests the vault's propriety and talks of dynamite. But Chabernau often takes friends there to show them the several cases of good old vintage within that he wants slipped at his funeral.

### Tydings Apparently To Be Renominated In Monday Balloting

By The Associated Press

Senators Tydings (D-Md) and Wiley (R-Wis) appeared headed for renomination Monday and Tuesday in primaries which virtually wind up the picking of slates for the November 7 congressional elections.

Rhode Island Democrats nominate Gov. John O. Pastore for the Senate in a primary Monday. His Republican opponent for the seat vacated by Attorney General J. Howard McGrath and filled temporarily by Senator Edward L. Leahy (D) will be chosen in a similar routine primary on September 27.

Mayor Dennis J. Roberts of Providence gets the Democratic nomination for governor of Rhode Island without opposition.

Massachusetts, without a senatorial contest this year, picks major party nominees for governor and House seats in voting Tuesday.

Tydings opponents are John A. Meyer, Baltimore attorney and former congressman, and Hugh J. Monaghan, another Baltimore attorney.

Lane Has Opposition

Democratic Gov. William Preston Lane, Jr., is opposed for renomination for a second term by George P. Mahoney, Baltimore contractor. Former Mayor Theodore R. McKeldin of Baltimore will be the Republican nominee.

In the Wisconsin voting, Wiley is given the edge for renomination over Edward J. Pinan, Bristol businessman. Four candidates seek the Democratic senatorial nomination, including Thomas E. Fairchild, Wisconsin attorney general. Others running are Daniel W. Hoan, former Socialist mayor of Milwaukee; William E. Sanderson, former secretary to Rep. Merlin Hull (R-Wis); and Lavern R. Dilweg, former congressman.

Contesting for the Republican nomination for governor are Walter J. Kohler, son of former governor, and Leonard Schmitt, Merrill attorney.

Earl R. Thompson of Stoughton and Charles P. Greene of Milwaukee are seeking the Democratic governor nomination.

Six candidates are running for the Republican nomination for governor in Massachusetts to oppose Democratic Gov. Paul A. Dever, who has no party opposition for a second term.

Adm. Louis E. Denfeld, ousted chief of naval operations, is seeking the GOP nomination, along with Clarence A. Barne, former attorney general; Arthur W. Coolidge, former lieutenant governor; Edward M. Rowe, former state senator; Daniel Needham, former state public safety commissioner, and Frankland W. L. Miles, Boston municipal court judge.

**"O SOLE MIO"** — A Greek youngster joyously displays the strong soles of shoes just given him by the United Nations International Children's Emergency Fund. He was one of a group of ragged, poverty-stricken children recently outfitted by the UNICEF at an Athens day nursery. The UN agency counts shoes as the most important single item in its far-flung program of providing clothing for war-stricken children.

### Student Confesses Theft Of \$7,400, Attempt At Arson

NORTH BERGEN, N. J. —(AP)— Fred Carlton, 21-year-old college student, will be arraigned Monday night on charges of stealing his family's savings and setting his family's home on fire to cover the traces.

Detective Capt. Pat Sullivan said Carlton, a junior at Gettysburg (Pa.) College, told him he wanted the money in order to marry a blonde he knew in Pennsylvania. Her identity was withheld.

Sullivan said Carlton admitted taking his aunt's \$7,400 from a dresser drawer Saturday and then scattering burning paper bags about the room, expecting the flames to destroy the furniture and all trace of the money.

Police made a routine search of Carlton's car and found the \$7,400 under the rear seat, Sullivan said. After questioning, Carlton was charged with larceny and arson.

### Gulf Hurricane Changes Florida Map

ST. PETERSBURG, FLA. —(AP)— The Gulf hurricane which damaged the nearby beaches \$1,000,000 did a few people good.

Some property had as much as 15 feet of land added on to it. The new land came at the expense of less fortunate owners who had great hunks of their property chewed away by the hurricane's high tides.

Several valuable waterfront lots 80 feet in depth were shrunk to 50 feet.

Pecan pollen is so fine it can be sifted through a cloth.

### 14 Or More Texans Die In Weekend Of Accidents, Violence

By The Associated Press

At least 14 persons died violently in Texas over the weekend, six in traffic accidents.

A plane crash killed two persons, four were shot to death, one drowned. There was one hanging.

W. T. Kruse and Jackie Calhoun Butler, both of Greggton, were killed Sunday when their motorcycle and a car collided near Marshall.

Jean Little, two, was killed Sunday in a three-car smashup four miles north of Gatesville. She was the daughter of Mr. and Mrs. Ollie Little of Gatesville. Her father was Coryell County superintendent of schools.

Port Bush, 50, died Sunday night of injuries suffered in a collision at a Bowie intersection.

John Allen Bilderback, 80, of Tehuacua was injured fatally in a wreck near Richmond Saturday.

A man tentatively identified as Verne Lee Garner, about 27, was found shot to death in Houston Saturday night. Elmore Washington, 32, was found killed in her apartment.

Hanging Ruled Suicide

Micron Barajas, 49, was found hanged to death in his Houston garage Saturday night. Justice of the Peace Tom Maes returned a suicide verdict.

Charles Ray, 21, of McAlester, Okla., drowned in a gravel pit near Dallas Sunday.

Kirby Smith, 29, of Decatur was killed in a car-truck collision Sunday about six miles north of Saginaw, Texas.

Andrew Tobey Jackson, 34, was found shot to death under a house in Houston Sunday. Justice of the Peace Maes ruled it a suicide.

T/Sgt. Curtis L. Williamson of Brooks Air Force Base was shot to death at San Antonio Saturday night. His wife was wounded. A coroner's verdict had not been returned.

A Randolph Air Force Base T-6 training plane crashed Sunday afternoon near Marion, Texas, killing both occupants.

### ★ THE DOCTOR SAYS ★ Heart Murmur Causes Known; With Knowledge Comes Hope

By EDWIN F. JORDAN, M. D. Written for NEA Service

Many people become terribly alarmed if they are told that they have—or one of their children has—a heart murmur. Doctors partly are responsible for this attitude of fear because years ago they, too, considered any heart murmur as quite serious and often put people to bed for months at a time just because a murmur was heard. The situation now is quite different.

Just hearing a heart murmur is not enough. It is necessary to decide whether the murmur is a sign of serious heart disease and whether it is active or healed. Children frequently have heart murmurs which do not reflect any true disease of the heart. These are called functional murmurs. They are outgrown in time, and do not have any serious meaning.

The murmurs of the heart coming from disease are most commonly caused by rheumatic fever. Some, particularly in children, are the result of birth defects of the heart, and are called congenital murmurs. There are a few other possible causes for heart murmurs, but those two are by far the most common.

Most of the heart murmurs from birth defects are fairly serious. Some of them are responsible also for the "blue babies" of which everyone has heard. Today some of these birth defects of the heart can be corrected by surgery. The question of what to do for those with murmurs caused by rheumatic fever is a complicated problem. It is necessary for the doctor to decide whether the injury to the heart valve (which is causing the murmur) seriously interferes with the function of the heart. It also is necessary to decide whether the injury to the valve is healed or is active and is continuing to get worse.

Until all of these things have been decided, it is impossible to know what, if anything, needs to be done for the youngster or grown-up with a heart murmur.

Of course, someone with a murmur and signs of serious interference with the functioning of the heart must receive treatment, and usually cannot undertake strenuous physical exertion. In fact, in the severe cases, rest in bed may still be necessary. Nevertheless, the outlook for most patients with a heart murmur now is considered to be pretty good. Many people with this symptom can engage in all but the most strenuous activity, and lead practically normal lives. Many more are perfectly all right unless they overdo in some wholly unnecessary way. Certainly, the alarm of the past no longer is justified.

As time goes on, more and more is being learned about this subject. Encouraging developments, too, can be expected from our increasing knowledge about rheumatic fever. If this disease can be conquered, then the number of people with heart murmurs will become greatly lessened.

**100 Terrorists Jailed In Roundup Of Indochina Reds**

SAIGON, INDOCHINA —(AP)— More than 100 terrorists were under arrest Monday after French and Vietnam police smashed what they called a Communist plot to make a general attack within the city.

The outbreak was timed to start Sunday night, authorities said. Informed of the plan, they blocked it.

Authoritative sources were quoted as saying the plot was cooked up by Ho Chi Minh, Moscow-trained leader of the rebel Vietminh.

Police said the captured terrorists, described as "Volunteers of Death," admitted the plot. They said they were hired to infiltrate the city and begin a grenade and small arms attack. Some terrorists still were at large.

### Pecos Man's Father Dies In Fort Worth

PORT WORTH—L. L. (Lee) Scarborough, 74, a resident of Fort Worth 45 years, died last Saturday in a hospital here. A native of Erath County, he was a retired employe of Armour and Company.

Services were to be held Monday afternoon in Fort Worth.

Survivors include the widow; four sons, Jack and Julius, both of Fort Worth, Joe of Pecos and Jim of Bowie; a daughter, Mrs. Ada Bilbey of Fort Worth; two sisters, Mrs. Oscar Kelly of Lamesa and Mrs. H. F. Oliver of Spur; and two brothers, L. D. of Dallas and Jim of Post.

**Control... that has no equal!**

Take this beautiful car out on the road... and you'll discover the most important driving difference in cars today. For here is the only automatic gear shifting that gives you full control of your car at all times! Here is the only automatic transmission that takes its orders from you... that shifts when you want to shift... that can't shift you up and down when you'd prefer another gear. See... feel... and hear the difference in slow moving traffic. You cruise smoothly along in high, even at 12 miles an hour... saving gasoline... saving wear and tear on your engine. But at 12 miles an hour, other automatic shifts drop you down into lower gears—and there's nothing you can do about it. Try Chrysler's Fluid Drive and automatic transmission... learn how Chrysler has kept far ahead of all others. And discover the built-in value all the way through that has no equal today!

**CHRYSLER IMPERIAL 4-DOOR SEDAN**  
... the car that has no equal at any price.  
One of 21 beautiful Chrysler body-styles.

See it—drive it... there's built-in value all the way through!

**Advantages of Chrysler's Fluid Drive**

Automatic Gear Shifting—with full control of your car! Better traction—surer on slippery roads. Convenience of clutch for easier parking. Slower Engine Speeds—reduced noise, wear. Saves gasoline! Drive in high while others drive in low in traffic.

**Advantages of Chrysler's High Compression Spitfire Engine!**

Waterproof Ignition—prevents stalling in rain or high water! Chemically Treated Cylinder Walls—for greater wear. Floating Power—helps eliminate vibration. Superfinished Parts—reduce friction, last longer. Exhaust Valve Seat Inserts—reduce need for valve grinding! Full Flow Oil Filter—keeps oil clean longer!

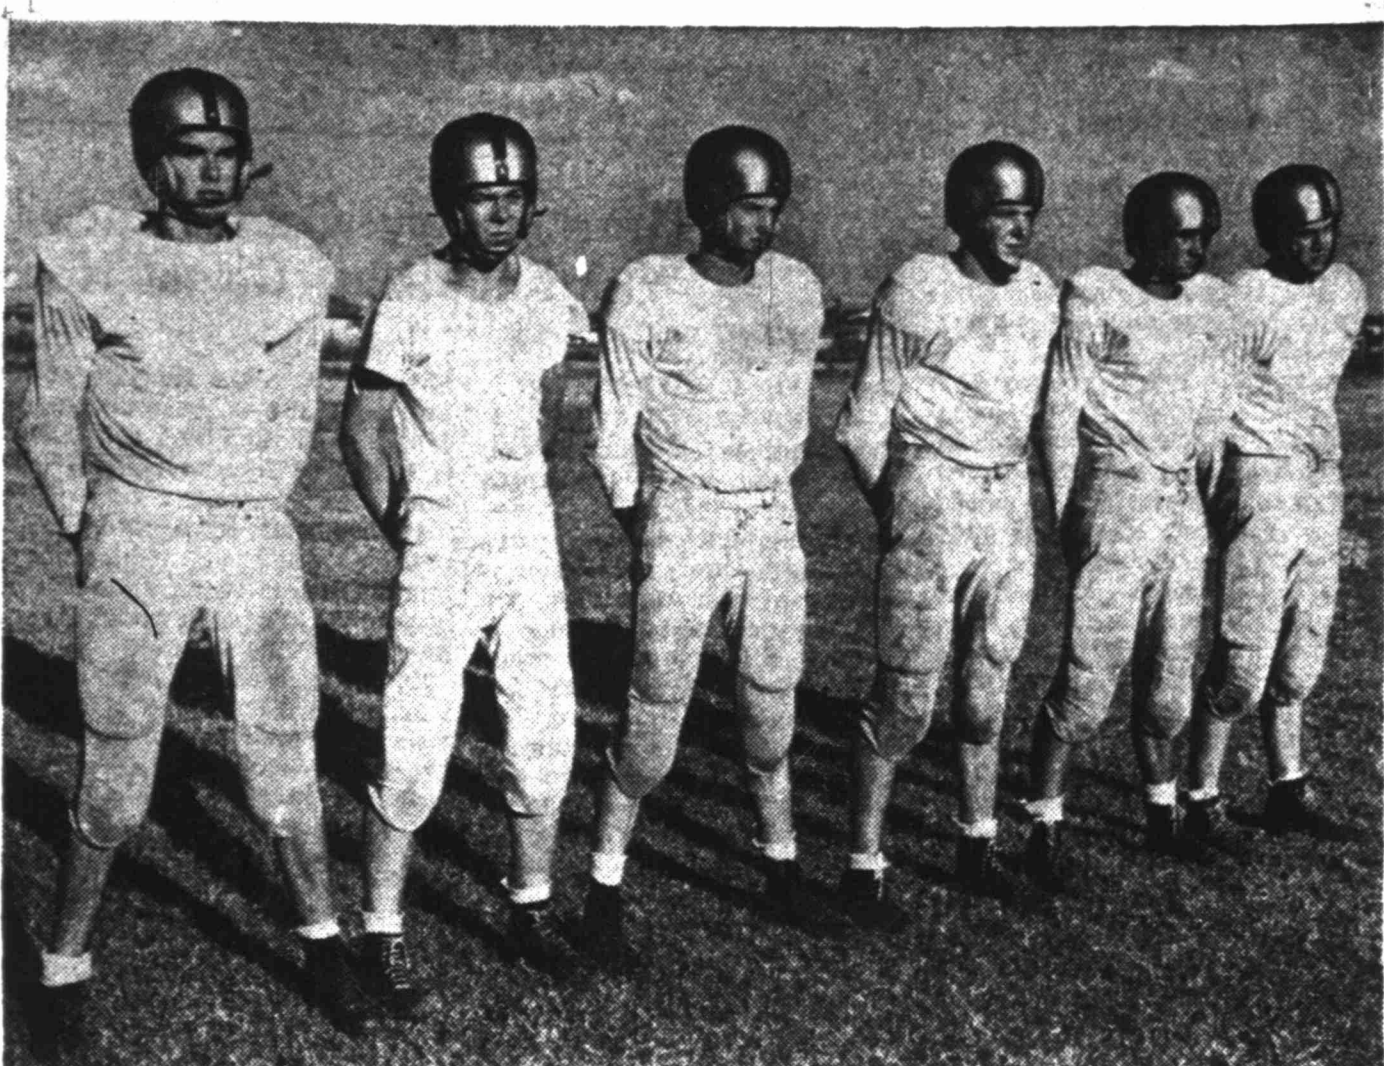

**Chrysler's Advantages in Comfort and Safety**

Functional Design—full room for your head, legs, shoulders. Easy to enter and leave! Safe Guard Hydraulic Brakes—smoother stops. East-Lock Parking Brake—holds car on any hill. Electrically Operated Windshield Wipers—constant speed all the time! Chair Height Seats—no crouching, you sit naturally! Safety Rim Wheels—won't throw fire after blowouts at normal speeds. Double-Width Arm Rest—for arm chair comfort.

**The Beautiful CHRYSLER with Fluid Drive**

**HARGROVE MOTOR CO. • 624 West Wall Street**

**KNOW YOUR BULLDOGS**—Here are the ends. Coach Tugboat Jones likes his terminals to be as active as backs on the offense and block-busters on the defense. Manning the ends of the 1950 Midland Bulldogs are: left to right, Bill Spence, Jimmy Lineberger, W. H. Black, Dwane Bush, Billy Medart and Graham Mackey. These lads are tall and rangy in the pattern cut for the outside posts. Some of defense specialists and others snag those TD-label passes.

## Bulldogs Will Knuckle Down; Ysleta Is Target

The Midland High School Bulldogs open the 1950 football season at 8 p.m. Friday in Memorial Stadium here. Ysleta is the competition. It's going to be quite a battle. The District 4-AA Indians have one scalp dangling. They licked Roswell, N. M., last week 27-0 and looked impressive doing it.

Midland was not exactly idle on the weekend. The Bulldogs mixed and mingled with the Monahans Lobos, a stout Class A outfit, in a long scrimmage.

The Bulldogs want this one and want it badly. Last year, the Indians butchered Midland 40-0.

Coach Tugboat and the boys haven't forgotten that one.

The work is cut out, however. Scouts report Ysleta is potent, mighty potent. And it's the same old story of the Indians possessing a dangerous air arm. It was the pin-point passing of Bob Plumley that wrecked the Purple last year. And the year before that, Midland eked out a 21-20 win over Gene Gillis, the sling-shot passer, and his buddies.

The drive bogged. Ysleta scored on the opening kickoff with an 85-yard return by Whittenton. He would like to do the same against Midland.

The Bulldogs say "no." Midland learned plenty in its first outside competition last Saturday with Monahans. Coaches were well pleased with the Bulldogs' interference. The drive bogged.

defense. They saw the rough spots and will star hard brushing this week before actual competition begins.

Busy men will be the Bulldogs and their coaches this week. The emphasis is apt to be on offense. To beat Ysleta it will take the simple formula of more points.

## Yanks Split Pair With Hot Browns; Sox Trim Bengals

By RALPH RODEN  
Associated Press Sports Writer

A move was reported underfoot in the American League Monday to move the St. Louis Browns to Timbuctoo.

For years rumors have persisted that the Browns would be shifted from the banks of the Mississippi to Baltimore, Los Angeles or other points, but now those cities are considered too close—at least for the comfort of some rivals. Reading from left to right, these may be identified as: Cleveland, Boston and New York.

The Browns, a doormat for the greater part of the season, suddenly have grown ferocious, playing like champs instead of chumps.

Cleveland was the first to meet disaster at the hands of the "new Browns." The St. Louis club knocked the Indians out of contention with four straight victories in Cleveland.

The Red Sox and Yankees were next on the list. The Browns took two out of three from Boston's third-place Sox and followed by splitting a doubleheader with the league-leading Yankees Sunday.

They knocked the Yanks off 6-5 in the first game and battled the Bombers tooth and nail until the last inning of the second before capitulating 6-1. At that, it took a grand-slam, pinch-hit homer by 34-year-old Johnny Hopp to beat them.

Despite the split, the Yanks moved a game ahead of the second-place Tigers, who lost a 3-2 squeaker to the Red Sox in Detroit.

Here's the picture at a glance:

	W	L	Pct.	GB
New York	90	52	.634	
Detroit	88	52	.629	1
Boston	88	53	.624	1 1/2

The Browns' biggest crowd of the season, 21,082, showed up at Sportsman's Park and saw Rookie Ken Wood double home Owen Friend in the ninth inning to win the opener.

Lefty Stubby Overmire went all the way for the Browns to outlast Ed Lopat, Tom Ferrick and Joe Page.

Grand Slam Does It

The nightcap was a mound duel between Alie Reynolds of the Yanks and Al Widmar. The Yanks loaded the bases in the ninth on a hit, a bunt which Widmar threw to second too late, and an error. Hopp then batted for Reynolds and socked the pitch off the rightfield pavilion roof. Vic Raschi finished for the Yanks to save Reynolds' fourteenth victory.

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 18, 1950

## Fort Worth Shooter Wins All-Bore; WT Skeet Joust Ends

Glenn van Buren, Fort Worth, became the all-bore champion of the fourth annual West Texas Skeet Shoot Sunday as firing in the three-day tournament was brought to a close.

More than 60 top-notch skeet shooters from a wide area banded away in the big shoot.

Van Buren shot a perfect score, 200x200, to capture the all-bore championship.

In the Class AA, all-bore event, D. W. Conway of Clint fired a 199x200 to lead the field. He topped Midland's George Glass for the championship.

Col. L. A. Edwinson of Hensley Field, Dallas, captured the Class A all-bore award, firing a 199x200. Clyde Tatum of Lubbock was runner-up with a 198x200. J. M. Moffett topped the Class B shooters with a 199-200. Dr. Titus Harris was runner-up with 197-200. Abilene's John Guttar claimed the Class C award with a 198-100. Rorie Cordie of San Antonio was second with 196x100.

Hensley Team Wins

A team from Hensley Field, Dallas, captured the five-man team event, tying the world record with a combined score of 987x1,000. Team members were Glenn Van Buren, Scott Babcock, M. T. Hewitt, Colonel Edwinson and J. T. Anderson. Runner-up in the five-man field was the Midland team which posted a score of 982x1,000. Members of the Midland team were George Glass, Sr., George Glass, Jr., Wright Cowden, Jim Mascho and Bob White.

Van Buren and Colonel Edwinson teamed to win the two-man team match, posting a score of 399-400. George Glass, Jr., and Wright Cowden were runners-up with 398x400.

George Glass, Jr., was named champion of the Midland Club for the second straight year, his 199x200 topping the field.

Conway Leads Small Gauge

D. W. Conway, Clint, topped the field in the sub-gauge events, capturing the 28-gauge competition with a perfect score of 100x100, leading the 20-gauge shooters with 99x100 and winning the 410 event with 98x100.

In the women's all-bore event Mrs. L. S. Amburgery, Odessa, became the champion with a score of 192x200. Ann Marasovich, Pecos, was runner-up.

Dr. Titus Harris, Galveston, posted a 195x200 to take the senior all-bore division. James Mascho of Midland was second with 194-200.

George Glass, Sr., and George Glass, Jr., captured the parent and child division with a combined score of 396-400. Runners-up in the event were Dr. Titus Harris, Sr., and Titus Harris, Jr., who posted a 392x400.

Trophies and awards were given winners and runners-up at the close of the three-day event.

Lefty Mel Parnell nursed this margin until the ninth, when the Tigers finally caught up with him. Pinch-hitter Joe Ginsberg walked and pinch-hitter Charley Kaller followed with a triple. After Johnny Lipon singled, Ellis Kinder was called in. Gerry Priddy sacrificed Lipon to second but he died as George Keil grounded out and Vic Wertz struck out.

The Philadelphia Athletics edged the Cleveland Indians 10-9 in 11 innings, and the Washington Senators and Chicago White Sox split a doubleheader. The White Sox won the opener 4-0 behind Bill Wright, and the Senators captured the nightcap 3-2 on Irv Noren's ninth-inning homer.

The Philadelphia Phils continued to move along in the National League, beating the Pittsburgh Pirates 5-3. The league leaders scored all of their runs in the fifth inning, three on a homer by Gran Hamner, who was honored before the game.

Boston took over second place from the Brooklyn Dodgers by sweeping a doubleheader from the Cincinnati Reds 6-2 and 3-1, while the Dodgers lost a 3-2 decision to the Chicago Cubs on Wayne Terwilliger's two-run homer.

Warren Spahn became the National's first 20-game winner by stopping the Reds on six hits in the opener. Johnny Antonelli yielded eight blows in winning the second game for Boston.

The New York Giants scored three runs in the last of the ninth inning to shade the St. Louis Cardinals 7-6. Pinch-hitter Jack Lohrke singled home Bobby Thomson from third with the payoff counter.

## Rylee Beats Hall In RH First Round

First-round matches in the Ranchland Hill County Club tournament have been played. Play continues.

Win or lose, each golfer will play two matches. Second round opponents may be learned by contacting the golf shop. Second round matches must be played by September 23.

In the championship flight, here are the first round results: Fred Rylee beat Cliff Hall, 1 up; Bill Barker won over Joe McQueen, 3 and 2; O. Nelson beat Red Watkins, 2 and 1; J. C. Davis, Jr., took out George Carr, 2 and 2; Van Ligon outshot Pearl Ward, 4 and 3; T. T. Pearce took Charles Wallace, 3 and 2; Kit Carson bumped Paul McHargue, 2 and 1; Bob Wortman thumped W. J. Pearce, 4 and 3.

## Champion Brian Brou Best Dog In WTKC Show

ODESSA—Best dog of the show in the fourth annual All-Breed Show of the West Texas Kennel Club held here was an Irish Wolfhound, Champion Brian Brou of Edgelliff. It also took the Best American Bred Dog title.

Entries totaled 300 dogs.

Champion Cactus Blossom, Air-dale terrier, owned by William D. Cargill of North Cowden, was the best Local Dog of the Show.

In the Junior Showmanship Class, for boys and girls exhibiting, Joel Smith of Midland was best boy handler and Susan Alstrin of Midland was best girl handler.

## WOMEN'S SOFTBALL WORLD TOURNAMENT OPENS

SAN ANTONIO—(AP)—Two games Monday night open the 1950 Women's World Softball Championship Tournament.

Thompson Motors of San Antonio meets Rebestos Brackets, Bridgeport, Conn., and the defending champion Phoenix, Ariz. Ramblers take on the Building Trades nine of Baton Rouge, La., in the first games.

The luffa sponge gourd is club shaped and may be more than two feet long.

## Sports Lane

By TANNER LAINE

### "Air raid warning red."

We had a warning system overseas for our air base installations. When the call "air raid warning red" was "tanned" — it meant enemy planes were approaching. There was something in the air. So we would like to give the Bulldogs an "air raid warning red" for Friday night. There definitely is going to be some Ysleta football in the air. The peaky Indians like to throw that ball.

—SL—

Baseball is not quite over. There is some interest among Midlanders on the outcome of the lesser light circuits in which a lot of old Longhorn League stars are performing.

Down in the Rio Grande loop, Corpus Christi is riding the crest of a three-game victory streak in the Shaugnessy playoff over Harlingen. The Aces could see it up with a victory Monday night. Sad Sam Harshaney is manager of Harlingen and he has a flock of Longhorn exes on his team. Kenny Peacock is hitting homers for Corpus. He is remembered as an ex-Midlander and Sweetwater Swatter.

Marshall can win the East Texas League championship Monday night as it needs but one victory over Longview. That Longview team has on it one of the greatest ever to throw out here. He is Eddie Jacome.

Jacksonville needs one victory to win in the Gulf Coast League but Crowley may not let it come easily. The Jax lead 3-2 in the playoffs.

Gainesville and Texarkana are all square in the Big State with two games each.

—SS—

Here is a letter which came in the mails.

"Dear Sportsians:

"Democracy is a wonderful thing or the people wouldn't allow the billions spent by us to have other nations accepted in it.

"It works like this in time of war: 'The President tours and vacations with fire-water added. Congress adjourns to permit some of its members to seek reelection and others to make investigation tours (between cocktail parties) ...

"The law is changed to allow Marshall's appointment, but Curt Simmons (the ideal of many youths and about to reach the dream of his life) may not participate in the World Series of baseball.

"There is no fire-water and cocktails in Curt's life of youth ...

"But because of technicalities in respect to furloughs or passes, a boy who wants to practice democracy and be a good soldier cannot pitch in the big game.

"Thusly, democracy works.

"To whom should all the sports-loving, red-blooded people of Midland address to cause democracy to apply to Curt Simmons, the good soldier?"

Sincerely,  
H. Hope Stearns  
Box 333  
Midland, Texas.

You may have something there, Mr. Stearns. There are two sides to it. And it is one of the problems of wartime. We may, or may not, agree with you. But a lot of fine fellows are defending your right to say it. God bless them, we say.

## Wichita Falls-Breck, Odessa-Sweetwater Top Schoolboy Card

By The Associated Press

Wichita Falls meets Breckenridge, Odessa tackles Sweetwater and Paschal (Fort Worth) plays Highland Park at Dallas in headline games of the week in the Class AA schoolboy football campaign.

Defending champion Wichita Falls, which last week slugged Denton 39-2, will find Breckenridge more of a problem—that is, unless Wichita Falls is much stronger than anticipated.

The Coyotes lost many top hands from the 1949 team and though they were expected to be good, but nothing like last season.

Sweetwater licked Vernon 19-6 last week while Odessa was whamming San Jacinto (Houston) 26-0. It's a good test for Odessa, this unheralded Sweetwater outfit.

Interstate Headlines

Highland Park, which eased over Crozer Tech of Dallas 19-6, may find Paschal too much and too many. Paschal showed its stuff last week in crushing Woodrow Wilson of Dallas 41-6.

Another big feature of the week's schedule of 54 games in the state will be the collision of Capitol Hill of Oklahoma City, champion of Oklahoma, with powerful Fort Arthur at Port Arthur Friday night.

The Yellow Jackets, jibed after a season opening in which they managed to beat Kerrville by only a touchdown, now are right back around the top after lacing Fortier of New Orleans 33-0, while Kerrville was showing it had enough to make a good game against Port Arthur by licking Thomas Jefferson of San Antonio, defending champion of the City Conference, 6-0.

## Texas League—Oilers Bounce Cats Fourth In Row, Play Missions In Finals

By The Associated Press

Tulsa and San Antonio Tuesday night open a best four-of-seven-game series to determine the Texas League's Dixie Series representative.

Sunday night Tulsa pounded Fort Worth 9-3 for its fourth straight victory in the first round of the Class AA circuit's Shaugnessy playoff.

San Antonio, which eliminated Beaumont, first-place winner, in four straight games, comes to Tulsa the first two games. The next three will be in San Antonio and the final two—if needed—will be played at Tulsa.

Seven runs in a wild fourth inning led the third-place Oilers' victory over Fort Worth. A grand slam home run by Wally Post highlighted the big inning.

Bob Curley scattered seven hits to Fort Worth. He struck out eight and walked seven.

The score:

R. H. E.  
Fort Worth ... 001 002 000—3 7 2  
Tulsa ... 100 710 00x—9 8 1  
Rutherford, Foddebian, Lemish, Berlinger and Staples; Curley and Williams.

## Sul Ross Gets Off To Conference Lead

By The Associated Press

Newcomer Sul Ross is off to an early lead in the Lone Star Conference football scramble.

The Lobos made their debut a success Saturday by nudging Sam Houston 9 to 8 in Huntsville.

East Texas, red-hot favorite to retain its championship took the measure of University of Corpus Christi 13-0. Stephen F. Austin eased past East Texas Baptist 7-0. Southwest Texas led to Southwestern University 28-7.

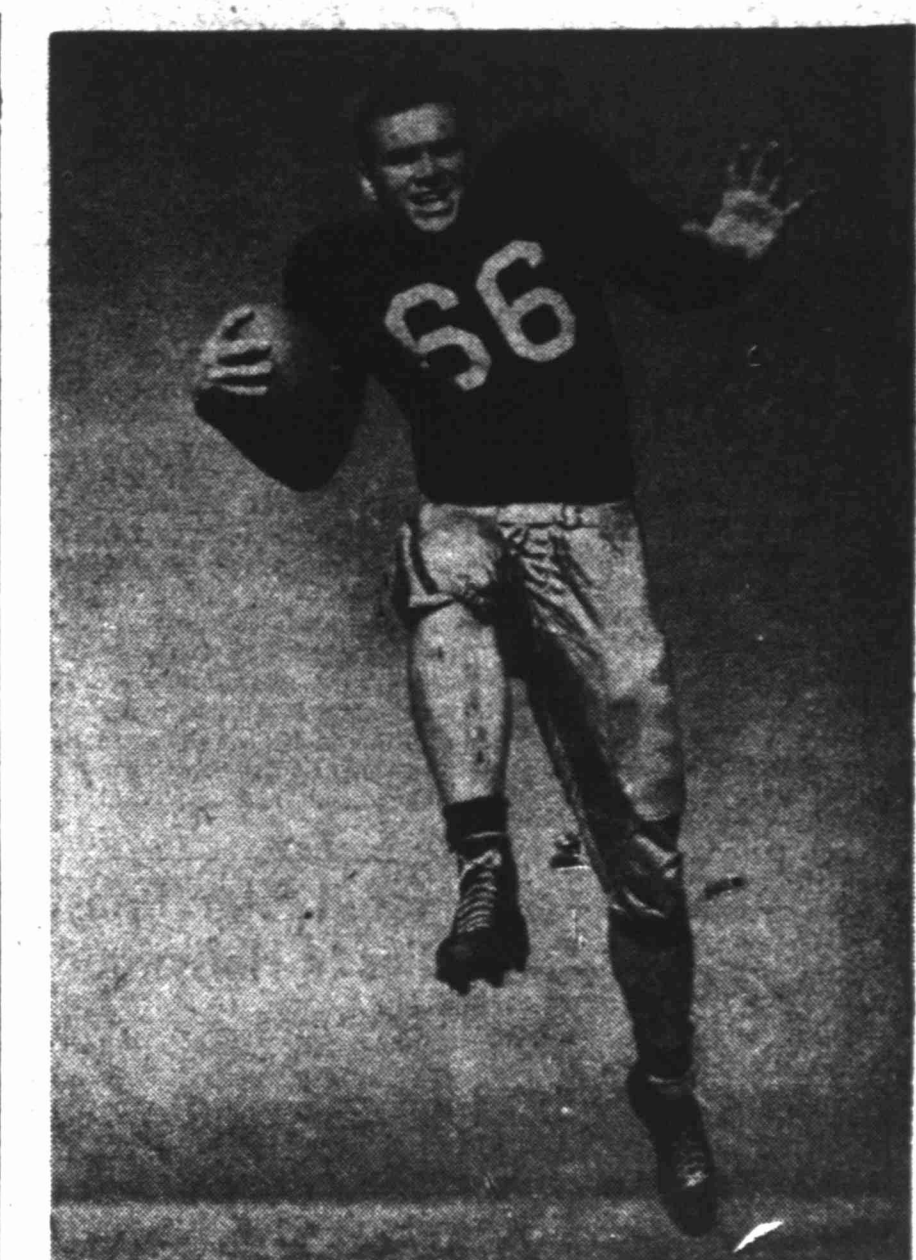

Stephen F. Austin journeys to Mexico City Saturday to play City College of Mexico.

Other games pit East Texas vs. North Texas at Commerce, Sul Ross vs. Abilene Christian at Midland, Sam Houston vs. Southwestern at Georgetown and Southwest Texas vs. University of Corpus Christi at San Marcos.

slender 3-0 win over Denver City. Mt. Vernon walloped a good New Boston team 27-0, and Mt. Pleasant rolled over Clarksville 41-0 in two feature games in East Texas. Carthage's 41-12 win over San Augustine was another eye-opener.

Here, briefly, is how the district races shape up after three weeks of play:

- 1—Phillips looks like the best.
- 2—Memphis and Shamrock leading the pack.
- 3—All Abernathy at the moment.
- 4—Littlefield, Post and Muleshoe—and any one could finish on top.
- 5—Wink, Kermit and Pecos due to battle for a playoff spot.
- 6—Wide open.
- 7—Ballinger, Brady, Lakeview and Winters. Your choice.
- 8—Hamilton.
- 9—Haskell and Stamford, with the edge perhaps to Haskell.
- 10—Crowley and Olney.
- 11—Newcastle by a country mile.
- 12—Arlington, Irving and Mesquite, with Mesquite a dark horse.
- 13—Bonham—which looks like it'll do much better in this division than in Class AA.
- 14—Willis Point.
- 15—Mt. Pleasant, Mt. Vernon, Pittsburg, Winnboro and Sulphur Springs in a dog fight.
- 16—Atlanta.
- 17—Jacksonville.
- 18—Huntsville.
- 19—Between Hearne and Marlin.
- 20—LaVega and Waco Tech look best.
- 21—Taylor and Georgetown on top.
- 22—Marble Falls and Llano.
- 23—Brenham—maybe, but it could be wide open.
- 24—New Braunfels—and how.
- 25, 26, 27 and 28—Anybody's race.
- 29—Robstown.
- 30—Mercedes and Mission.
- 31—South San Antonio.
- 32—Uvalde, but by a weak vote.

**ROSCOE RUFFIAN**—Alton Green, one of the Texas Conference's best backs through the last two seasons, is due again to be a wheelhorse of the Abilene Christian College backfield. He'll be in there the night of September 23 when the Wildcats play Sul Ross State in Midland. He was given honorable mention on the AP Little All-America squad last season.

## Class A Schoolboy Outfits Square Off In Crucial Battles

By WILBUR MARTIN  
Associated Press Staff

Class A football's rugged race may see some new favorites after this week's schedule—matching some of the toughest teams in the vast high school grid program.

Top tilt in the Panhandle pits Post against defending champion Littlefield.

Another West Texas game has the toast of Class A—New Braunfels—running up against a big, undefeated Brady eleven.

Last week's heavy schedule cut some definite patterns in a few of the 32 district races.

Littlefield has rolled up 70 points to 12 for two opponents, while Post has scored 75 and held two foes scoreless. The third member of District Four's "big three," Muleshoe, tackles Slaton.

New Braunfels slaughtered Hondo 74-0 last week.

Brady—along with Ballinger, Lakeview and Winters undefeated in District Seven—can't come close to matching this record. But the Bulldogs are no pushover.

Wink, Kermit, Pecos

District Five—which opened play keeps two weeks ago—has three teams battling for the title. Wink, Kermit and Pecos protected perfect records last week, but Wink by a

## Texas Conference Material, Talent Appears Bountiful

By The Associated Press

McMurry may have a tough time winning its third straight Texas Conference championship this season.

While the Indians displayed class in losing to Tulsa 20-13 last week, other conference teams showed they had an abundance of material—with talent.

Southwestern knocked off Southwest Texas State 28-7 and Abilene Christian blanked Eastern New Mexico 39-0. Howard Payne fought Trinity of the Gulf Coast Conference to a 13-13 tie.

This week, Ray Morrison's Austin eleven opens against Southeastern State at Denison.

Southwestern tackles Sam Houston State, Abilene Christian meets Sul Ross, Howard Payne plays Louisiana Tech, and McMurry tangles with Midwestern.

## Bobby Layne, Doak Walker, Sam Baugh Spark Pro Elevens

NEW YORK —(AP)— Three former Texas football stars sparked their teams to victory in professional games Sunday.

Bobby Layne and Doak Walker—former teammates at Highland Park High School—sparked for the Detroit Lions.

And Sammy Baugh continued to pace the Washington Redskins.

With the season only two days old, two champions were spanked by "old man upset."

The Philadelphia Eagles and Los Angeles Rams—last season's divisional champs in the National Football League, were tumbled over the weekend as the "new era" of the play-for-pay game dawned.

The Eagles were smashed by Cleveland's mighty Browns 35 to 10.

The Chicago Bears got sweet revenge against Los Angeles 24 to 20. Last season the Rams dealt the proud Chicagoans two punishing defeats.

**New Lions Roar**

Bo McMillan's "new" Detroit Lions, sparked by Bobby Layne's passing, romped over the Green Bay Packers 45-7. The former Texas whiz completed eight of 12 passes for 171 yards and one touchdown—all in the first half.

Doak Walker also made an impressive debut for Detroit. The All-American from SMU kicked two field goals—33 and 38 yards—and three extra points.

Sammy Baugh, the loop's senior member, paced the Washington Redskins to a 38 to 14 victory over the Baltimore Colts. The great, 35-year-old quarterback, playing his fourteenth pro season, flipped three touchdowns passes.

New York's two entries won. The Yanks edged San Francisco's 49ers, 21-17.

The Giants overcame Pittsburgh 81-7.

## WT-NM League—Dukes Gain Finals; Lobos In 3-1 Lead

By The Associated Press

Albuquerque walloped Lubbock 12-0 Sunday to gain the final round of the Class C West Texas-New Mexico League's playoff.

Lamesa clipped Pampa 11-6 to take a three games to one lead in the other series.

Eight runs in the third inning wrapped up the Albuquerque victory and gave the Dukes the series, four games to one.

Lamesa jumped into a three-run lead in the first inning and never was headed. Jay Hanes led the Lobos with two home runs.

## Atlanta, Nashville Southern Finalists

ATLANTA —(AP)— Atlanta and Nashville, finalists in the Southern Association playoffs, were idle Monday, resting up for the final series grand which opens here Tuesday night.

Atlanta clinched a berth in the wind-up series with four straight victories over Memphis. Nashville lost its first game with Birmingham, then took the next four. Sunday night's clincher went to Nashville 9 to 7.

Mastitis is an udder disease common among dairy cows.

## Longhorn League—Big Spring, Odessa Open Final Series In Odessa Monday

By The Associated Press

Big Spring and Odessa Monday night open the Longhorn League's championship series at Odessa.

Odessa, first-place winner in regular season play, gained the final round by beating Vernon, four games to one. Big Spring eliminated Roswell in the first round of the playoff in four straight games.

The first two games will be played at Odessa, the next three at Big Spring, and the last two—if needed—at Odessa.

**Middlecoff, Oliver In St. Louis Playoff**

## Permian Basin Oil And Gas Log—

(Continued From Page One)

No. 1 Caswell, wildcat in Northwest-Central Lynn County, recovered 180 feet of gas in the drillpipe and 210 feet of slightly oil and gas cut drilling mud on a drillstem test at 9,089-9,150 feet.

Some observers believe the section tested is Mississippian. Operator is now taking a drillstem test at 9,150-9,200 feet in lime. The No. 1 Caswell is 660 feet from north and east lines of section 431, block 9, EL&RR survey.

**Midland Prospect Is Coring Deeper**

Humble Oil & Refining Company No. 1 Midkiff, Southeast Midland County prospective discovery from the Spraberry sand of the Permian between 7,281 feet and 7,347 feet, had cored ahead from 7,347 feet to 7,449 feet without finding any appreciable shows of increased production.

The zone between 7,347 feet and 7,449 feet has been mostly shale with some streaks of sand and lime. Operator plans to continue coring for at least another 100 feet.

This project had flowed an average of 8.6 barrels of oil per hour, plus 1.1 barrels of water per hour from 7,281-7,347 foot pay section before it started coring deeper.

Location is 660 feet from north and west lines of section 46, block 38, T&P survey, T-4-S.

It is 25 miles southeast of the city of Midland.

**NW Upton Has Two New Deep Projects**

Two 13,200-foot rotary tests have been spotted in the Pegasus-Ellenburger field of Northwest Upton County.

Magnolia Petroleum Company will drill its No. 4-B TXL 660 feet from north and 1,980 feet from east lines of the southeast quarter of section 31, block 40, T-4-S, T&P survey. Drillsite will be 1,887 feet north-west of that operator's No. 2-B TXL which is a producer.

Magnolia will drill its No. 4-42 T. R. Wilson 660 feet from north and 3,300 feet from west lines of section 42, block 40, T-4-S, T&P survey.

Both projects will begin drilling operations by September 19.

**Ellenburger Topped In Scurry Prospect**

Ellenburger was topped at 8,118 feet, elevation 2,219 feet on a datum minus 5,899 feet, in McBride, Inc., of St. Louis No. 1 E. M. Conrad, wildcat in Southwest Scurry County, and operator encountered some shows of oil.

The project is drilling below 8,138 feet. A drillstem test will probably be taken sometime Monday night.

The No. 1 Conrad is 660 feet from south and west lines of section 73, block 25, H&TC survey.

**Midland Sweetie Peck Gets Dual Completion**

General American Oil Company No. 2 Jostle Payne Peck, one location south offset to the Ellenburger discovery of the Sweetie Peck field and which was recently completed from the Ellenburger, has been completed as a dual producer from the Pennsylvanian.

The second production in the No. 2 Peck is coming through perforations at 10,302.5-10,397.5 feet.

It flowed 1,283.40 barrels of 44.2-gravity oil and no water daily through a one-quarter-inch choke. Gas-oil ratio on the completion test was 1,740-1. Casing pressure was 1,500 pounds and tubing pressure was 1,880 pounds.

The pay zone was treated with 5,000 gallons of acid.

The No. 2 Peck was completed from the Ellenburger at 13,150-13,300 feet from open hole for 803.92 barrels of 52.4-gravity oil and no water daily.

Location of the dual producer is 660 feet from south and west lines of the northwest quarter of section 21, block 41, T-4-S, T&P survey.

Drillsite is 1,160 feet west of the No. 2 June Sanders, which was recently completed from the Pennsylvanian and is now trying to complete from the Wolfcamp.

**Sinclair To Drill Offset In Midland**

Sinclair Oil & Gas Company has spotted a test offset to its No. 2 June Sanders in the Sweetie Peck field of Southwest Midland County.

The offset will be the No. 5-B June Sanders, 500 feet from south and 1,820 feet from east lines of section 77, block 41, T-4-S, T&P survey.

It is projected to 10,500 feet to test the Pennsylvanian.

Drillsite is 1,160 feet west of the No. 2 June Sanders, which was recently completed from the Pennsylvanian and is now trying to complete from the Wolfcamp.

**Sulphur Water Found In SE Lynn Prospect**

Humble Oil & Refining Company No. 1 W. C. Dulin and others, wildcat in Southeast Lynn County, recovered sulphur water from the Ellenburger on a drillstem test at 9,361-73 feet.

Recovery on the test was 450 feet of very muddy sulphur water and 2,250 feet of sulphur water. Length of the test was not reported.

Operator has set tentative top of the Ellenburger at 9,45 feet.

After recovering the sulphur water, the No. 1 Dulin cored at 9,373-85 feet. Operator is now coming out of hole with the core.

The wildcat is expected to shortly plug back to about 9,200 feet and set casing and test a section in the Mississippian which has some slight possibilities of production.

Location is 2,038.8 feet from west and 1,980 feet from north lines of section 431, block 9, EL&RR survey. Magnolia Petroleum Company's

## Nutcracker—

(Continued From Page One)

young. The Reds drove back three U. S. patrols which tried to cross at another point.

On the northeastern front of the old beachhead, two Allied battalions crossed to the north bank of the Kyongsan River. The river runs just south of Pohang port on the east coast.

Allied forces mostly made steady progress all along the 125-mile southeast perimeter. But the Reds resisted fiercely at several points.

There were indications the Reds—caught in the Allied nutcracker—were pulling forces from the southeast front to defend Seoul. AP Correspondent Reiman Morin, in the Inchon-Seoul beachhead, reported evidences of suicidal resistance by surprisingly weak and wild-eyed forces.

**Marine Planes Use Kimpo**

Allied fliers spotted a fast Red motorized column racing north from Taejon, 90 miles south of Seoul. Warplanes blasted the column.

The Navy in Washington reported Marine pilots now are able to fly off carriers and land at Kimpo.

The Navy said belated reports from the Inchon-Seoul sector said 17 Russian-made tanks were destroyed by Marine ground weapons and 18 others were knocked out by Navy and Marine carrier planes.

Allied planes ranged all over the two fronts.

Carrier-based Navy and Marine planes hit Red airfields within 150 miles of the Inchon beachhead.

U. S. Fifth Air Force fighter-bombers apewed jellied gasoline fire bombs at Red troops on the southeast Korea perimeter.

B-29's hit Red positions in the Waegwan sector northwest of Taeju with 400 tons of bombs. They plastered an area one-half mile wide and two one-half miles deep.

**Nutcracker Jaw Closing**

This could be the prelude to another jump across the Nakdong. The two jaws of the mighty Allied nutcracker were beginning to ram shut on the communists.

On the second front beachhead before Seoul, the 10th corps commander, Maj. Gen. Edward M. Almond, exulted:

"It's going like a million dollars. Almond said the Reds defending Seoul were without heavy artillery but had some mortars.

The Marine column driving along the main Inchon-Seoul road fought against "stubborn but disorganized" resistance.

The Marines left burned-out hulks of 17 Red tanks and hundreds of dead Reds in their wake. Eleven of the tanks rumbled into a Marine trap in the Monday morning mist.

They blundered into American forces lurking behind cover eight miles east of Inchon.

**Five Banzai Attacks**

The Pacific Fleet Marine commander, Lt. Gen. Lemuel C. Shepherd, landed Monday afternoon at Kimpo Airfield 15 miles northwest of Seoul.

The Marine column that seized Kimpo Airfield beat off the repeated Red Korean attacks Saturday night and they subsided at daybreak.

The Reds lay in wait for the Marines, who rolled onto the airstrip with 20 tanks against light resistance.

They hurled the five banzai attacks between midnight and dawn. "Tracers cut through the blackness," AP Correspondent Bill Ross reported from the field. "We could hear the North Koreans chattering just across the paved runway."

"The Marine positions were all-homed by a burning village just behind us. It was easy for the enemy to spot us."

Marines held fire until the Reds

## Conferees Agree On Tough Version Of Anti-Subversive Bill

WASHINGTON —(AP)— A Senate-House Conference Committee agreed Monday on terms of a bill to crack down on Communists.

The group, led by Senator McCarran (D-Nev.), described the measure as "seven tougher in some respects" than bills previously passed by both the Senate and House, and woven together by the conferees in this compromise bill.

The bill now goes to the House, which plans to consider it Wednesday, and then to the Senate. President Truman has declined to say whether he would sign or veto the measure but has promised a quick decision.

It was reported in advance the compromise retains a Senate provision for internment of subversives in certain emergencies.

Another principal feature, not in substantial dispute because it was common to both the House and Senate measures, would require the registration of Communists and Communist-front organizations.

The legislation also would bar Communists from federal jobs or work in defense plants, outlaw conspiracies to set up foreign-controlled dictatorships, give the government new legal weapons to deal with spies and saboteurs and tighten immigration barriers against subversive aliens.

They were within 10 feet or less.

Second Lt. Edwin Deptula, a platoon leader, said:

"Then we opened up and killed more of them than I could count. The Reds broke and ran like hell."

MacArthur Visits Front

After the Reds were routed and the field was operating, the Marines drove north to high ground and the banks of the Han.

Supplies and troops streamed across Inchon's emergency docks, through its shattered streets and toward the Seoul front 22 miles away.

General MacArthur visited the front Sunday, going within sniper range.

MacArthur inspected Russian-made Red Korean weapons, questioned officers, chatted with troops and conferred awards.

On the southeast beachhead, this was the picture:

Masan sector — U. S. 25th Division right and left flanks drove ahead one mile but Reds, fighting bitterly, stalled the center. A special task force led by 15 tanks fought to take a ridge two miles southwest of Haman. A spokesman said the Reds' entire Sixth Division apparently was opposite the central sector and at least one battalion was in the Panhandle to 97 at Alice in South Texas.

Taeju sector — One U. S. First Cavalry Division unit gained a half-mile along the east bank of the Nakdong. It was a mile and a half south of Waegwan, 12 miles northwest of Taeju. Other foot troops seized two hills commanding the Taeju-Waegwan road.

Pohang sector — The South Korean Sixth and Eighth Divisions made general gains almost two miles north of Angang. Two battalions crossed the Kyongsan River south of Pohang on the east coast. The battleship Missouri pounded the Red-held east coast port Sunday.

**Lucas Views UN Fight As Blocking Third World War**

PEORIA, ILL. —(AP)— The United Nations fight in Korea may have prevented World War III, Senator Scott W. Lucas (D-Ill.) said Monday.

There can be no doubt that UN action to defend South Korea has "shaken the bloody bunglers of the Kremlin," he said.

Lucas, who is campaigning for reelection, made his remarks to the Peoria Advertising Club.

The United States has the greatest collection of atomic bombs and secret weapons ever assembled by a nation, Lucas said.

"We have borne the brunt of battle in Korea because we are the largest and strongest free nation in the world. But we have stirred the hearts and won the support of free men and women everywhere," he said.

**Amendment Sends Army Money Bill Back Before House**

WASHINGTON —(AP)— Administration leaders Monday looked to the House to kill a proposal for shutting off economic aid to countries which sell militarily useful goods to Communist countries.

This plan, sponsored by Senator Wherry (R-Neb.), was passed as a Senate amendment to a \$17,000,000 emergency appropriation bill to expand U. S. military power and help arm friendly nations abroad.

Over the weekend, House members of a Senate-House Conference Committee declined to accept the amendment. They insisted on taking it back to the House for a vote, expected Wednesday.

Representative Cannon (D-Mo.), chairman of the House Appropriations Committee, told a reporter he is against the Senate provision and probably will urge the House to reject it. He said it would be almost impossible to administer.

**More Rain—**

(Continued From Page One)

in West Texas, and thundershowers were reported in the Houston-Galveston area.

Rainfall reports for the 24-hour period ended at 6:30 a.m. Monday morning included four inches at Lehman Community, southwest of Sundown; three inches at Sundown and Levelland; 1.77 at Corsicana; .69 at Beaumont; .34 at Galveston; Victoria .23; Palacios .18 and lighter showers at Big Spring, El Paso, Brownsville, Houston, San Antonio, Dalhart, Corpus Christi, Del Rio, Laredo, Presidio, San Angelo and Wink.

The overnight minimum ranged from 57 at Dalhart in the upper Texas Panhandle to 79 at Brownsville at the extreme southern tip of the state. Sunday's maximum ranged from 79 at Amarillo and Childress in the Panhandle to 97 at Alice in South Texas.

## Conkling Elected Kiwanis President

Henry Conkling was elected president of the Kiwanis Club for 1951 by unanimous vote of the club at a meeting Monday noon in the Crystal Ballroom of Hotel Scharbauer.

Vice presidents named were J. Wilmont Hunt and Tom Frick. Four directors, Reese Cleveland, Oliver Haag, Ben Kruer and Lloyd Nash, also were elected. All were elected by acclamation.

Principal speaker at the luncheon meeting was Thurmond (Tugboat) Jones, football coach at Midland High School. He explained the value of football to youth, and predicted a good season for the Bulldogs this year.

"We won't win them all," Jones said, "but we'll let 'em know they've been in a ball game."

Fernon (Red) Rutledge and Audrey Gill, assistant coaches, also were guests at the meeting.

Albert Kelley, president of the club, presided at the meeting. The new officers will take office January 1.

## AFL Head Demands U. S. Stop Trading With Soviet Russia

HOUSTON —(AP)— AFL President William Green Monday demanded the United States stop "buying and selling anything with Russia."

"They'll use them for the purposes of war," Green told the opening session of the sixty-ninth annual convention of the labor group he has headed for 26 years.

He said the demand to stop purchases and sales with Russia is the same thing the AFL demanded in 1937 on scrap metal shipments to Japan.

## Conscription For Malaya Requested

IPON, MALAYA— A call for conscription in Malaya to help meet the threat of communism in Asia was made by a member of the Perak Council of State.

Leong Yew Koh warned the council of the Red menace to Indochina and Thailand which was "staring that Perak's northern frontier with Malaya in the face" and stressed Thailand was "almost unguarded."

"The Soviet already has blue-printed its conquest of Thailand and the Red menace is fact approaching our land," he declared. "We cannot survive a Communist occupation," he stated.

## Third Generation Birth For Doctor

SHAWINGAN FALLS, QUEBEC —(AP)— Dr. Rosaine Frigon, a 73-year-old doctor, found that among the more than 8,000 Shawingian Falls births he attended one was the third generation.

He delivered Mrs. Jacques Martin of a child and remembered he also brought the mother into the world. Mrs. Martin is the daughter of Mrs. Alfred Doucet, whom the doctor recalled was another of his "babies."

## UNDERGOES TREATMENT

Mrs. R. L. Bell of Rankin, the mother of Mrs. James Mims, was admitted Saturday to Midland Memorial Hospital as a medical patient.

## SUFFERS FRACTURED HIP

J. C. Armstrong of Odessa was admitted Sunday to Midland Memorial Hospital for emergency treatment of a fractured hip suffered when he fell from a horse.

# HERE'S HOW ADS MAKE MONEY FOR YOU

**OTHER WAYS ADVERTISING HELPS YOU AND YOUR FAMILY**

- 1 Brings you better goods for less money.
- 2 Makes shopping more pleasant and easier.
- 3 Gears consumer demand to production; to create prosperity.

USUALLY when you read or listen to advertising, you think only of the fact that it's trying to sell you something. And advertising's job certainly is to sell you something. That's what it's for.

But let's look at advertising in a broader sense. All the jobs and all the pay checks in America ultimately depend on people buying and selling. Yes, jobs depend on somebody selling something to somebody else.

So good, hard-working advertising is really the sparkplug of American business. And by stimulating business it makes jobs—more and better jobs for all.

In the last analysis, advertising does more than sell you something. It plays a big part in creating the job by which you get the money to buy.

So be glad there's plenty of advertising. Be glad Americans love to hear and read it. It plays a big part in American prosperity—a big part in making your job more secure.

as featured in HARPER'S BAZAAR for September 1950.

This tuxedo box wrap coat is completely reversible in a double faced fabric deftly tailored in the DAN MILLSTEIN manner.

79.98

**GRAMMER-MURPHEY**

Midland's Store for Men and Women

**FRONT LINE LOOK**—Maj.-Gen. Hobart Gay, commander of the First Cavalry Division, watches through a telescope mounted on the hood of a jeep as American artillery plasters North Korean ledges on the northern front. Note the string of hand grenades hung on the jeep directly under the general's arm. The First Cavalry has spearheaded many counterattacks north of Taegu in successfully turning back the recent Communist offensive. (Exclusive NEA-Acme photo by Staff Correspondent Norman Williams.)

**TRIMMING OPERATIONS**—Georgia Neese Clark, enjoying her first vacation since she took over the post of U. S. Treasurer, mows the lawn of her home in Tonoka, Kan.

**Plan To Hike Armed Forces Means Many Decisions Necessary**

WASHINGTON—(P)—The President's plan to raise the armed forces' strength to 3,000,000 men means that some critical decisions will have to be made soon in Congress and the White House.

And if war should come and all-out mobilization were necessary, both the armed forces and industry would face a much more complex problem than they did in 1940.

The immediate problem is adding about 1,500,000 men to the armed forces. The pool of men who are registered under the present draft law will not provide this added force. Congress would have to change the law to enable war veterans to be drafted. The President would have to change the Selective Service regulations to permit the drafting of men with dependents and men now deferred for occupational reasons. The armed forces would have to lower their physical standards for inductees.

Here's the picture:

The June, 1948, draft law required all men from 18 through 25 years of age to register. By last August, 10,943,546 men had registered. But under present law, and regulations not more than 818,601 of them are likely to be inducted.

Not Yet Examined

You get this figure by adding: 8,108 men who have been examined and found acceptable; 14,578 men who have already been inducted; 155,821 who have enlisted; and 940,094 who have been classified '1-A' but as of July 31 had not yet been examined.

Maj. Gen. Lewis B. Hershey, director of Selective Service, says the armed forces' physical requirements are too high. In World War II, 36 per cent of the men examined were rejected for physical reasons, compared to the present 60 per cent.

The biggest categories of unavailable men are the 2,673,320 war veterans, the 1,817,199 men who are 26 years of age and older (only men 25 and younger can be inducted), and the 784,554 men with dependents.

Economic conditions are a lot different now from what they were in 1940. Industrial production is at a new peacetime high. Civilian employment is higher than it ever has been before. Some 62,367,000 persons are at work. Unemployment is down to 2,500,000.

From Present Pool

Economists doubt you could count on getting more than 1,500,000 men from the present pool of the unemployed. In 1940 there were 8,000,000 unemployed. This was decreased to less than 1,000,000 when unemployment hit its wartime low in 1944.

Heavy withdrawals of manpower from civilian industry would mean greatly decreasing civilian production at a time when income is rising and demand for goods is increasing. It would cause inflation or necessitate drastic economic controls.

The most feasible course is to increase the labor force—the persons at work or seeking work. But this will be a lot harder to do than in 1940, according to a study just released by the Labor Department's Bureau of Employment Security.

The bureau estimates the labor force can't be increased now by more than 5,600,000 persons. Yet between 1940 and 1945 the labor force was boosted to 11,100,000.

You increase the labor force by getting people to work who have retired or never worked before—chiefly the aged, the handicapped or women.

Women comprise the chief source for new workers. But they won't be able to flock into the labor market as they did in World War II. For one thing, so many babies were born just after the war that mothers will have to stay home with young children.

Another thing is that so many women are already at work. Now 32 per cent of women are working.

Salmon and mackerel contain vitamin D.

**Jimmy's Blessed Event Goes Up In Smoke**

PACHOGUE, N. Y. —(NEA)—They lived happily almost ever after—Jimmy, Starlight and his mom and dad. Jimmy's father is a Pachogue policeman.

One day, Jimmy's cousin rushed into the house. He'd just had a baby and happily passed out cigars to Jimmy's father. That scene of a baby.

Jimmy Morgan: He knew what was expected of a new father.

**Retired Officer Is Baylor Student**

WACO —(P)— Joseph Frank Braun, 53, major in the U. S. Air Force retired, has managed something which will make him the envy of thousands of schoolboys.

Braun's formal public school education ended many years ago in the fourth grade of a rural school near Chicago. Since then Braun has married, reared a family of seven boys and spent 30 years with the Air Force. He was in World War I, serving in France and in this country was stationed at Kelly Field, Chanute Field, Brooks Field, Ellington Field and at Blackland Air Base. The airman liked this area, bought a home here and decided to renew his schooling. He took the general educational development test, made a good grade and was admitted to Baylor University as a freshman.

Now, unworried by the fact that he skipped the final grammar school grades and all the high school classes, Braun is a happy freshman at Baylor. He even wears a green and gold cap with the lettering, "Slime Joe Braun."

**Pals Finish House When Navy Calls Man**

MICHIGAN CITY, IND. —(P)—When Gunner's Mate Herston Brown goes back to the Navy he'll leave his family in a new home, thanks to neighbors.

Brown was building a home for himself, his wife and daughter, Carol Jean, a few weeks ago. They were living in the basement and he had put only the skeleton studding in place when he got an order to report to active duty.

Some 15 other craftsmen—Brown is a plumber—pitched in, working on holidays and after regular hours, and completed the house, free of labor charge.

"We're just neighbors, that's all," one of the workers explained.

For exquisite flattery of fit

*Custom Fit Proportions*

**Odessa Youths Fined In Corporation Court**

Two youths who gave Odessa addresses were fined \$50 each in corporation court Monday on charges of reckless driving.

Authorities said the youths were driving recklessly in Terminal late Sunday, endangering the lives of children playing in the area.

**Instructor, French Cadet Die In Crash**

SAN ANTONIO —(P)— An Air Force instructor and a French flying cadet died Sunday in the crash of a T-6 training plane.

The instructor was identified as Second Lt. George Irving Davis of Lancaster, Calif.

Identity of the cadet, one of 75 in training at Randolph Field, was not released.

The plane crashed about 200 yards from the edge of Zuehl Auxiliary Field.

The lufta gourd, from which a sponge is made, grows wild and is cultivated in much of the tropical world.

**Cotton**

NEW YORK —(P)— Monday cotton prices were 75 cents to \$1.70 a bale lower than the previous close. October 40.90, December 40.93 and March 40.90.

**Wounded Operator Gets Quick First Aid**

EFFINGHAM, ILL. —(P)— Raymond Zehner, a gasoline station operator, received prompt medical attention when a stray bullet nicked him as he cleaned the windshield of a car.

Dr. E. Y. Damron, city health officer, jumped out of the car and treated Zehner for a wound on his forehead.

**NAILS AND NAILS**

During World War II, one company alone manufactured a total of 31,350,000 kegs of nails, enough to fill a freight train 687 miles long.

rangements for committing up to one-third of their resources as initial reinforcements by prearranged plan in the event of attack.

4. Mobile civil defense teams that could speed to stricken cities, even in another state.

5. Establishing government schools to turn out civil defense experts as the British are doing.

6. Bringing civil defense eventually down to the individual—"Every person should know what he must do in an emergency."

Truman suggested in a message that Congress "consider this report carefully over the next few weeks" as a basis for passing legislation "in the near future."

The President urged that governors and mayors, who are being sent copies, "move ahead rapidly" with their own civil defense plans.

Until Congress passes permanent legislation, Truman said, he intends to establish a temporary Civil Defense Administration to provide central leadership.

**Tire Busters Provide Headache For Police**

SINGAPORE —(P)— Tire-busters are the latest headache for Singapore police. There have been numerous reports from persons who drive their own cars that their tires have been punctured or slashed.

Police are on the lookout for syces (Malay drivers) out of work who are believed responsible.

**GO to the GAMES with HUMBLE**

**KEEN TIPS**, one sports announcer of the action. Chief of Humble's football announcing staff since 1935.

**CHARLIE JORDAN**, popular wherever football is talked and listened to in the Southwest. Charlie takes you right into the stadium with him.

**VES BOX**, leading sports commentator of Dallas and lover follower of all sports. Ves' vivid descriptions of Southwest Conference games have established his reputation as one of the best sports announcers in the country.

**BILL MICHAELS**, of San Antonio, is a sports writer turned broadcaster. His accurate descriptions of play please the well-informed follower of football.

This fall, drive to as many football games as you can. Before you start, service your car at the Humble station in your neighborhood—along your way, stop for service under the Humble sign.

When you can't go to a game, tune in one of Humble's broadcasts of Southwest Conference games. Again this year the Southwest's top announcers will bring you vivid, play-by-play descriptions direct from Southwest Conference stadiums. You'll enjoy every second, from tense start to exciting finish.

Follow the best football in the U. S.; go to Southwest Conference games with Humble.
