WEATHER

Considerable cloudiness and slightly warmer Monday night and Tuesday with a few scattered showers. Maximum temperature Sunday 78 degrees; minimum Monday 56 degrees.

Extension Is Assured For Parks Field

A major extension for the Pennsylvanian lime producing area of the Parks multipay field in Central-West Midland County has been assured by Magnolia Petroleum Company No. 1 H. F. Timmerman.

That wildcat, two and one-quarter miles southeast of the opener of the Parks field, and 660 feet from north and east lines of section 8, block 40, T&P survey, T-3-S, flowed 41.4 barrels of clean oil in one and one-half hours from the Pennsylvanian pay at 10,456-535 feet.

The flow was through a five-eighth-inch bottom hole choke and there was no formation water. Gravity of oil was 45.3 degrees. Gas-oil ratio was 1,849-1. The extender is now making more hole. It is to go on to explore the Devonian and the Ellenburger.

The flow from the Pennsylvanian came during a two-hour and 14-minute drillstem test. Gas showed at the surface in four minutes and drilling mud flowed out at the top in 25 minutes.

Oil surfaced in 30 minutes. It was flowed to pits for 14 minutes and then run to tanks for the one-hour and 30-minute flow of 41.4 barrels of clean oil.

Top of the Pennsylvanian pay in Magnolia No. 1 Timmerman is at 10,449 feet. That is 38 feet low to the top of the Pennsylvanian pay in No. 2 Parks, and it is 48 feet low to the same point in Magnolia No. 1 Collings, a north offset to the Parks discovery. Both those wells have shown production from the Pennsylvanian. The No. 2 Parks is now producing from the Ellenburger.

Magnolia No. 1 Collings is now drilling below 10,900 feet in lime and shale and is to continue until it tests the Devonian and the Ellenburger.

Hockley Wildcat To Be Completed

Humble Oil & Refining Company No. 1 J. J. Hobgood, Central-North Hockley County wildcat, swabbed at the rate of 242 barrels of oil, 44 barrels of water and 154 barrels of basic sediment per day from the Clear Fork.

Operator is now tearing down rig and will move in a pumping unit and will complete.

Hole is at a plugged back total depth of 6,990 feet in the Clear Fork. The discovery swabbed through perforations at 6,655-75 feet.

In 12 hours it swabbed 220 barrels of fluid of which 121 barrels was oil. The rest was 22 barrels of water and 77 barrels of basic sediment.

The zone from which the fluid was produced had been treated with 2,000 gallons of acid.

Location of the No. 1 Hobgood is 660 feet from south and west lines of labor 10, league 693, State Capitol lands survey.

The project was drilled to 10,179 feet. No signs of possible commercial production were encountered below its present plugged back total depth of 6,990 feet.

Potential Reported For Midland Offset

General American Oil Company has completed its No. 2-P J. F. Peck from the Pennsylvanian for a 24-hour flowing potential of 1,283.40 barrels of 44.2-gravity oil. Flow was through a one-quarter-inch choke.

Gas-oil ratio was 1,740-1. No water was present. Flowing casing pressure was 1,500 pounds and shut-in tubing pressure was 1,880 pounds.

Top of pay is 10,302 feet and total depth is 13,300 feet. Five and one-half-inch oil string is cemented at 13,134 feet. Production was through perforations at 10,302.5-10,397.5 feet.

This new well has previously been completed from the Ellenburger for a potential of 803.92 barrels of 52.4-gravity oil from open hole at 13,134-13,300 feet.

Location is 660 feet from south and west lines of the northwest quarter of section 21, block 41, T-4-S, T&P survey. It is 30 miles southwest of Midland in Southwest Midland County, and 1,320 feet south of same operator's No. 1-E Peck, discovery well of the Sweetie Peck field.

New Producer Added To NE Runnels Area

Mid-Continent Petroleum Company No. 1 Mary Sykes, Northeast Runnels County possible Strawn discovery, has been completed for a natural flow of 57.96 barrels of 40.4-gravity oil in 24 hours.

Gas-oil ratio was 1,863-1. Flowing pressures were 280 pounds on tubing and 450 pounds on casing. Production was 57.96 barrels of oil.

Allies Drive Near Seoul's Center

Stricken Plane Is Located; Rescue Effort Underway

HALIFAX, NOVA SCOTIA—(P)—Parachutists have been dropped to begin rescue operations for 16 United States airmen whose B-50 bomber crashed Thursday in a Labrador wilderness, the Fort Pepperell Air Base reported Monday.

The stricken bomber was discovered Sunday night after being missing three days, and a U. S. Air Force team immediately took steps to evacuate the men by helicopter. The helicopter will move the men to a nearby lake, where a Canadian amphibian plane will pick them up.

The Royal Canadian Air Force said and RCAP Lancaster spotted the plane some 95 miles southwest of Goose Bay.

The 12 crewmen and four passengers, missing on a routine flight from Goose Bay to Tucson, Ariz., all are military personnel.

It was presumed evacuation could be completed Monday, barring bad weather.

Pinpointing of the missing air giant dimmed a vast air search extending from the wilds of Labrador to the Arizona desert. Scores of Canadian and American planes took part in the hunt.

Smoke signals attracted the Lancaster to the area where the 16 survivors had constructed a shelter. Signs on the rocky ground asked for food and supplies. No medical supplies were requested. Officials interpreted this as signifying no one was badly hurt.

Cause of the crash remained undetermined. The plane had a gasoline supply to last 17 hours. Normally the flight from Goose Bay to Tucson would take 12 hours.

Pilot's Wife Says Everyone's Prayers Saved Plane Crew

TUCSON, ARIZ.—(P)—"Everyone's prayers saved them all," said Mrs. Roy A. Davis, wife of the Texas pilot of the missing B-50 bomber found in the wilds of Labrador Sunday.

She and other wives of the crewmen, stationed here at Davis-Monthan Air Base were thankful their men were safe. "We all had been praying since we knew the plane was missing," she said simply. "It was a miracle."

In Leuders, Texas, Davis' hometown, the story of the crash had been kept from her mother, 56-year-old Mrs. C. A. Davis, for three days. A neighbor, Mrs. Albert Aycock said she stood up well when informed her son was missing.

"She was overjoyed," Mrs. Aycock said, when she heard the report her son was safe.

The father-in-law of Capt. Alvin B. Tonne, the plane's bombardier, Postmaster L. S. Newberry of Goodnight, Texas, said he "felt mighty good" when he heard all aboard the plane had survived the crash.

Voting Runs Light In Municipal Election

A total of 16 votes had been cast at noon Monday in a special election being held to determine whether Wallace Heights, a two-mile-square area northwest of Midland, is to become an incorporated municipality.

Election officials said the voting was to close at 7 p. m. An estimated 600 persons live in the area.

The election, which has attracted widespread interest, was called by County Judge Clifford C. Keith after a petition, signed by 20 property owners residing in the area, had been presented.

U. S. Receipts Are Ahead Of Spending

WASHINGTON—(P)—Heavy quarterly income tax payments in September, mostly from corporations, have put the government's receipts ahead of its spending for the first time since this fiscal year began July 1.

The Treasury reported Monday that as of September 21, revenue topped expenditures by \$209,219,454.

That was a considerably better showing than a year ago when the government had a deficit of \$1,889,395,216 at this point. It ended that fiscal year last June 30 in the red by \$3,122,102,357.

Clouds May Spoil Moon's Big Show Due Monday Night

Cloudy weather may spoil the "heavenly show" scheduled to be put on by the earth and moon Monday night. Starting at 8:31 p. m., Texas time, the moon will go into total eclipse. But the U. S. Weather Bureau says chances are small in Texas for good visibility.

The forecast called for increasing cloudiness and light showers in North Texas and thundershowers along a frontal system in South Texas.

In the last 24 hours, showers have occurred from the lower Rio Grande Valley to the upper Texas Panhandle. The largest rainfall was at Cotulla where 2.76 inches were recorded.

The moisture particularly was welcomed in the lower valley, which has been in the grips of a prolonged drought. Brownsville, in the extreme southern tip of the state, recorded .74 inch of rain.

Temperatures remained mild with Sunday's maximum, ranging from 90 degrees at Palacios to 62 at Junction. The overnight minimum ranged from 79 at Corpus Christi to 51 degrees at Dalhart.

The cool front which moved into the state last Friday extended Monday from the Galveston area westward across San Antonio and on to Del Rio and Wink.

In case the weather does clear off in some areas Monday night, Texans will see the moon start its eclipse at 8:31 p. m., go into total eclipse at 10:15 p. m. and end the "show" at 12:01 a. m. Tuesday.

The last total eclipse visible in Texas occurred last October. No more will occur after Monday night's eclipse until Jan. 29, 1953.

Other rainfall reports for the last 24 hours, ended at 6:30 a. m. Monday, include Ozona 1.58 inches, Del Rio 1.31, Amarillo .62, Junction .71, El Paso .65, Salt Flat .60, San Angelo .23, Lubbock .37, Dalhart .38, and traces at Laredo and Midland.

Reserve Unit Takes Medical Exams

Physical examinations for the 94 members of the Midland ORC unit which has been called to active duty were given Monday in the Midland Memorial Hospital.

The physicals were taken in four groups, the first reporting at 7:30 a. m. and the final group at 10:30 a. m.

The unit will leave in two groups for Camp Chaffee, Ark., October 1 and 12. Col. R. R. Louden is the Midland ORC instructor.

West Texan Blasts Red Munitions Train

TOKYO—(P)—Capt. James H. Morrow of Sweetwater flew a B-26 which destroyed a North Korean ammunition train seven miles north of T'aejon, a communique from UN Headquarters reported Monday.

The attack, which occurred Sunday night was a solo job for the bomber.

"There were terrific explosions and flames rose high in the air," said Capt. John A. Blason, the navigator, of Patterson, N. J.

Improvements Indicated By City's Budget

More police and fire protection, added sanitation measures, and more emphasis on street maintenance are among the items included in a 68-page City of Midland budget which will be opened for a regular meeting of the City Council.

Increases in police personnel, 18 more firemen and additional equipment are among the items included in a 68-page City of Midland budget which will be opened for a regular meeting of the City Council.

In addition, \$11,000 is included in the budget for additional traffic signal and stop sign installations. The tax department will receive additional personnel to enable the proper maintenance of assessment records; more playground equipment will be purchased for the park system; the city's contribution to the City-County health unit will be increased; improvements to Midland Air Terminal will be undertaken, and a separate budgeting of personnel will be inaugurated for the first time.

New Equipment

The city, during the coming fiscal year, will purchase two packer-type garbage trucks, one stake body garbage truck, a street sweeper, two

(Continued On Page Nine)

Jersey Pilot Blasts Red Tank With Dirty Look

WITH THE U. S. 25th DIVISION, KOREA—(P)—A young New Jersey pilot has the reputation of knocking out a Red tank with nothing but a dirty look.

Lt. James E. Altvater of Red Bank, N. J., flies a small unarmed aircraft used to spot enemy targets for American artillerymen.

He saw an enemy tank going over a bridge and decided to throw a scare into the Communist crew.

He zoomed as if in attack. And he made as angry a face as he could.

The startled tank driver looked up and lost control. His tank ran off the bridge and was wrecked.

To celebrate, Altvater's ground crew painted a tank on the fuselage of his tiny plane.

★ LATE NEWS FLASHES ★

NEW YORK.—(AP)—Yugoslav Vice Premier Edvard Kardelj Monday called for the temporary re-establishment of the 38th parallel as the demarcation line in Korea and attacked those supporting North Korea's aggressive course.

U. S. FIFTH AIR FORCE HEADQUARTERS, KOREA.—(AP)—A U. S. Fifth Air Force spokesman said American planes killed almost 600 Red troops by midafternoon Monday in strafing attacks along the Southeastern Korea front.

TOKYO.—(AP)—The combination of a mistaken bombing by American planes and Red mortar fire caused an estimated 20 deaths and 30 injuries among British troops in South Korea Saturday, AP Correspondent William Jordan reported Monday night from Eighth Army Headquarters.

Officers See Capital's Fall Within Hours

TOKYO—(P)—Four Allied columns fought deep into Seoul Monday night on a grinding drive for Duk Soo Palace and the nearby government building cluster.

One U. S. Marine column that crossed the Han River Sunday first planted the Stars and Stripes by nightfall on a Southwest district height less than two miles from the palace.

Then a Seventh Division Doughboy column stormed over the Han in dawn mists Monday and fought to knock the Red Korean defenders off the commanding heights of South Mountain, a city park.

Two other columns of American and South Korean Marines stabbed into the capital from the west and north.

AP Correspondent Don Whitehead, who crossed the Han last Wednesday with Fifth Regiment Marines and Sunday with First Regiment Leathernecks, said Granite-walled Duk Soo is considered the heart of the capital. The other government buildings are slightly to the north.

Combat commanders said they were confident the Allied force would win Seoul within hours.

While the four-pronged drive into the city pushed ahead, a U. S. First Cavalry armored patrol sweeping up from the south sped into Chongju. This put them only 40 miles from the Inchon-Seoul beachhead.

Its swift drive—70 miles in four days—threatened soon to close the gap between the two fronts and seal tens of thousands of Red Koreans in the south.

Allied forces scored sharp gains (Continued On Page Nine)

Excess Profits Tax Tops Calendar When Lawmakers Return

WASHINGTON—(P)—Taxes on swollen business profits, statehood for Hawaii and Alaska, and possibly rent control look like the big issues when Congress returns to Washington two months from now.

Even those problems may be too big to handle in a quick session between November 27 and the Christmas holidays.

They were the major left-overs when weary lawmakers knocked off work late Saturday with a slap at President Truman—a thumping rejection of his veto of a stiff anti-Communist bill.

Senator Langer (R-ND) collapsed from exhaustion on the Senate floor after speaking for five and a half hours against the bill. He was taken to the Naval Hospital at Bethesda, Md., and is reported to be "doing well."

Public Hearings Set

Because of the complex machinery provided and the announced defiance by the Communist Party, it appeared likely months or even years would elapse before anyone could be punished under the law.

Another major enactment of the adjourned Congress will have almost immediate effect.

Starting next Sunday, income tax withholdings will jump one-fifth for most of the nation's 50,000,000 income taxpayers.

The tax boost, estimated to produce about \$4,700,000,000 yearly, was approved by Truman about the time Congress was winding up its chores. He acted swiftly, just a day after Congress sent him the bill.

Even before that, the tax-writing House Ways and Means Committee decided to start public hearings November 15 on a second tax increase which Congress has pledged will include an excess profits tax on corporations. Estimates are it will produce from \$4,000,000,000 to \$6,000,000,000 a year.

The committee said it will try to limit the hearings to five days and have a bill ready for prompt action when Congress convenes.

Cotton Ginnings Lag Behind 1949 Record

WASHINGTON—(P)—The Census Bureau reported Monday that 1950-crop cotton ginned prior to September 16 totaled 1,510,577 running bales.

This compared with 2,895,465 ginned by the same date last year and 2,867,779 in the same date two years ago.

RELAXED RECEPTIVITY

We have studied a ladder for prayer. But ladders are of small use if they suggest what all ladder-climbing must suggest, namely, tense strenuousness.

And yet there are two sides to real praying. If we are only relaxed we are weak. Dr. Alexis Carrel says: "Lowering of the blood pressure is also dangerous. Brain and other organs demand a certain tension of the blood."

Since prayer has been presented so strongly by so many as strenuous alertness, the parable of the importunate widow being the special text of this strenuousness, we must stress the relaxed attitude in prayer.

MOM! MY COLD NEEDS

VICKS VAPORUB IN STEAM advertisement with image of a woman's face.

DEEP-ACTION relief from coughs, chokey stuffiness with every breath!

Mother, here's a special way to give your little one a wonderful comfort with the very same Vicks Vaporub that always brings such grand results when you rub it on!

Ulcers of the stomach are a serious problem today. All too often they start, or at least the symptoms become obvious, after a period of mental stress or strain.

The treatment is complicated. Although there are several good treatments available, ulcers have such a great tendency to come back that new treatments are constantly being sought.

One of the most recent of these treatments involves the use of a drug called Bantnine. Several favorable reports have been written about this drug by able physicians.

It is still too early to know whether or not it will be helpful for all patients with stomach ulcers.

No matter what kind of treatment is used, the best results follow when the patient stays in bed for about three weeks at the beginning of treatment. Bed rest alone improves the ulcer condition and relieves much of the nervous strain which has such a big influence on healing.

Safety Council Cites Year's Safest Month

CHICAGO—The safest month of the year? Wait—don't dash for your alarm. The National Safety Council has the answer. It's April. Last year February had 50 fewer deaths than April, but because of two less days in that month, April had a lower daily average, according to the 1950 edition of "Accident Facts," the council's statistical yearbook. There were 6,800 deaths in February and 6,800 in April. The monthly average for the entire year was 7,600.

Mrs. D. E. Stipe

Former Midlander Marries In Kansas

A double-ring ceremony in the St. James Episcopal Church in Wichita, Kan., recently united Mickey Joan McDonald and Dannie E. Stipe. Mrs. Stipe is the daughter of Mr. and Mrs. L. C. McDonald, Eastborough Village, Wichita, Kan., and formerly of Midland. Stipe is the son of Mr. and Mrs. H. E. Stipe, also of Wichita.

The Rev. Samuel E. West officiated at the ceremony. Snow queen daisies and chrysanthemums decorated the altar. The aisle was marked by cathedral candles in tall standards, connected with French maline at pew height.

Raymond Shelley played organ selections before and during the ceremony, and accompanied Don Wise, who sang "The Lord's Prayer," "Ave Maria," and "O Perfect Love," "Barby."

The bride, escorted to the altar by her father, was attired in a gown of imported sheer, styled with a snug bodice, a drop shoulder neckline and a berth, intricately detailed with embroidery. Her full skirt extended into a cathedral train with cascading tiers of scalloped ruffles adorned with embroidery.

The bridegroom's mother wore a ballerina length toast nylon net dress with accessories of toast color and a tulle ruffled corsage. Johnny Mileham served as best man. Ushers were Clyde Bailey, Dale Roberts and Bob McDonald of Wichita, and Dick Landes of Dodge City, Kan.

After the ceremony, a reception was held in the home of the bride's parents. Centering the table was a four-tiered cake, adorned with huckleberry and white roses and topped with miniature bride and bridegroom figurines.

Those assisting were Mrs. Ed Burrell, Louise Laufenberger, Pat Weaver and Lola Loy Austin of Wichita. Harriet Cornwell of El Dorado was at the guest book. Mr. and Mrs. Stipe are at home at 1032 New Hampshire Street, Lawrence, Kan.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 25, 1950—3

Coffee Honors Room Mothers And Faculty

A "get acquainted" coffee Saturday honored the John M. Cowden Junior High School room mothers and faculty members.

Hostess for the occasion was Mrs. Robert Wood, 1507 West Ohio Street, president. Assisting her were the P-TA units executive board members and committee chairmen.

Approximately 100 persons attended.

Mrs. H. Cowden Is Honored In Crane

CRANE—Mrs. Harry Cowden was honored recently with a pink and blue shower in the Community Hall.

Hostesses were Mrs. Q. M. Sharp, Mrs. Frank Craig, Jr., Mrs. George Teague, Mrs. J. H. Huggins, Jr., Mrs. Edith Goble, Mrs. Wayne Erwin and Mrs. C. A. Carroll.

The lace covered serving table was centered with an arrangement of flowers around the punch service and a bouquet of roses. Miniature bassinets with pink mints were favors. Presiding at the guest book was Mrs. Craig, Jr. "The Life of Charlene" was given in story and song by Lola Green and Mrs. Hazel Erwin.

Mrs. Delores Brown, who was suffering from a deficiency of Vitamins B1, B2, Iron, and Niacin, 1228 Central Ave., Cincinnati, Ohio says she wants to congratulate those folks who read this who are feeling first rate—but she has a word of advice for those folks who are feeling miserable. Her advice is "take HADACOL" if you want to feel as good as she does if they are suffering from such deficiencies.

Here is Mrs. Brown's own statement on how HADACOL helped her by relieving such deficiencies: "Before I started taking HADACOL I had indigestion very bad. Sometimes I would not go to sleep at all during the night, and if I did it was only for a couple of hours. When I did sleep I got very little rest. I had just about given up hope—I had tried so many, many things and nothing helped me. Then one day I heard how other folks were being helped by the blessings of HADACOL. I started taking HADACOL and after the first few bottles I noticed an improvement. Now I have no more indigestion. The best thing that HADACOL has done for me is that I sleep all night long—and when I awake in the morning I know I've rested. I just can't praise HADACOL enough."

"Wonderful" Describes the Way HADACOL has helped thousands of folks whose systems were deficient in Vitamins B1, B2, Iron, and Niacin. HADACOL can give you help, too, if you will just give HADACOL a chance—if you suffer from stomach distress, indigestion or insomnia, constipation, aches and pains of neuritis or a general run-down condition, caused by such deficiencies, let HADACOL help you as it has helped others all over the country. Even hundreds of doctors are recommending HADACOL to their patients who are suffering from such deficiencies.

Give remarkable HADACOL a chance to help you. Remember, you have nothing to lose. HADACOL will make you feel great after the first few bottles you take, or your money will be refunded. Only \$1.25 for Trial Size. Large Family or Hospital Size, \$3.50. Copyright 1950, The LeBlanc Corp.

First Play Of Fall Season Opens Thursday

"Whistling in the Dark," the Community Theater's first play of the Fall season, will open at 8:15 p.m. Thursday in the City-County Auditorium. It also will be presented Friday and Saturday nights.

Members may obtain tickets Wednesday at Tailorline, and the general public may purchase tickets there Thursday and Friday. Tickets will be sold at the box office Saturday.

A special performance for negroes will be given Wednesday night. Proceeds from this performance will go to the negro youth program.

Lipstick Remains Bright With Water

By ALICIA HART, NEA Staff Writer

Despite sleek swim suits and becoming bathing caps, many girls find it difficult to look attractive at beach or pool. One dip, and their lipstick is gone with the tide, leaving them with pale mouths and wan expressions.

To avoid losing this color accent, so important to tanned faces, lip-

Swimmer applies lipstick fixative to insure bright lips when she emerges from the water.

stick fixative may be applied. This creamy liquid, its makers claim, contains a waterproofing ingredient which enables its wearer to emerge from a plunge with lipstick still intact.

When wearing this product a woman is also less susceptible to sunburn of the lips, since the natural gradual wearing away of protective lipstick is retarded.

In addition to functioning as a grooming aid, the fixative also contributes its share to the preservation of lady-like manners at Summer suppers and outdoor picnics. Lipstick smeared napkins, silverware and cups are inexcusable since the introduction of this product, according to its manufacturers.

Utilization Of '40-Plus' Men

Before World War II many men over 40 had a hard time finding work. It was the fashion among a lot of employers to rate such "oldsters" as no longer useful.

Since then management has taken a more sensible and realistic view of the older worker's economic value. Businessmen recognize, too, that men in the upper age brackets steadily are bulking larger in the population.

All this is healthy. The premature retirement of men able to work usefully for a long time to come is economically wasteful. More than that, it's often ruinous to the individual older worker who feels himself fit to take an active part.

Yet, conversely, in some lines oldsters well may be gaining job opportunities that they ought not to have. In a machine civilization, there are, inevitably, tasks which call for speedy physical reactions which only younger men can show.

The recent rail crash that led to death of 33 aboard a troop train provides an example. Testimony since the accident has established that the engineer of the fast Pennsylvania Railroad passenger train which struck the troop train was to blame.

The engineer involved is 68 years old. Many might wish to insist his age had nothing to do with the accident; that he simply made a mistake anyone could have made.

How do men of such age get jobs running the nation's fastest trains? Union seniority rules are the answer. They allow the veteran railroader to take his pick of the best jobs available.

In the light of this tragic wreck on the Pennsylvania, rail management and unions might find it wise to modify seniority rules to keep 90-mile-an-hour limiteds in the hands of younger men with faster reaction times.

The basic worth of the seniority system will not be damaged by making a few carefully spotted exceptions. And some lives may be saved.

Equipped For Quick Shift

All the big passenger vessels now under construction in American shipyards are designed to serve alternately as troop ships. So there can't be any severe complaint at the government's announcement that it will make the largest of these a troop carrier fight from the start.

It's a pity, though, that the appearance of this 48,000-ton superliner in European passenger service now is to be delayed indefinitely. For, by just that length of time, we are putting off the answer to the question of whether America really can compete with other countries in this kind of service.

Cities On Wheels?

President Truman is a little more practical than James Roosevelt, Democratic nominee for governor in California, in his plan to protect civilian workers against atomic bombs.

Truman proposes less than a fifth of Washington's government workers get out of bomb range into the surrounding countryside. And even these would be within commuting distance of their present homes.

In contrast, Roosevelt suggests the establishment of virtually complete cities—an alternate Los Angeles, San Francisco and San Diego, and so on—in safe inland areas. When trouble threatens, he would move just about everybody non-essential into the alternate centers.

The essential people would be left behind—to be bombed. Truman says his plan would cost around \$140,000,000. Nobody thus far has dared put a price tag on Roosevelt's evacuation plan. But unless he's thinking about tent cities, the cost would be colossal.

Evacuation of top-level government people may be vital to continued direction of the nation in wartime. Beyond that, we probably ought to be thinking more about defending the cities we have instead of building new targets a few score miles off.

Cling to your friends, advises a judge. Too many people do—for all their friends are worth.

Blessed Eventing

As for North's double, we refuse to comment. East's redouble is also correct, and there can be no objection to Mr. Crawford's bid of two diamonds. Since each side had a partial score, he saw no point in hurrying.

West might have bid two spades, but he chose to pass and await developments. He also saw no hurry. I don't quite understand North's bid of two spades, but he must have had some reason. East's doubling of two spades was sound.

Now West decided to save a little time and went directly to three spades. He wanted to show that he had a good five card trump suit and that he was not interested in doubling his opponents at a low level in the bidding.

North's four diamond bid was normal enough. Even North had to do something ordinary once, and East simply passed to wait further developments. Since he had redoubled one spade to start with, he knew that his partner would not pass four diamonds.

Mr. Crawford's bid of six diamonds was in the nature of a double cross. Of course he expected to make it and normally would have bid slowly in order to coax a double. In this case he decided the jump would produce the double anyway.

There was nothing to the play of the hand. West opened his king of spades. Crawford trumped in dummy. East played the ace, and Crawford trumped it and claimed all the tricks.

EARTHQUAKE HITS CRETE ATHENS, GREECE (AP)—Some 400 houses were damaged and five persons were injured by an earthquake which struck Eastern Crete Saturday, press dispatches said Monday.

THE UN should allow the Korean people to decide their fate without guardians, trustees or supervisors. —Jacob Malik, Russian UN delegate.

We are all in this leaky ship together against a foe with the face of the devil concealed by the mask of benevolence. —Thomas E. Dewey.

SO, in spite of Peter Flood's claim in his letter of "no plans or projects," he was indeed engaged upon a project. Well, thought Edith Flood, her husband certainly hadn't wasted much time after asking her to agree to a divorce.

Edith asked very calmly: "What do you think I didn't know, Gil?" His eyes traveled away from her. "I'd rather not answer that. I know Peter Flood. I don't want to say any more."

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service

Every once in a while the Cavendish Club in New York is the scene of a special invitation bridge game in which participation is limited to a small group of players, all of whom would appear in any one's ranking of the 20 best rubber bridge players in the world.

Strangely enough, while the play of the cards is exceptional, the players spend so much time fooling one another, that bidding mistakes are frequent. In today's hand, John Crawford of Philadelphia gave East and West the full treatment.

The bidding is worth study, though I don't recommend that anyone follow it. The opening bid of one spade is certainly normal.

Bridge hand diagram showing cards and bidding sequence.

WASHINGTON COLUMN

Mafia, Racing Wire Service, Provide Intriguing Mysteries

By DOUGLAS LARSEN NEA Staff Correspondent

WASHINGTON—There are two big mysteries behind organized crime in the U. S. today which continue to defy solution by the best criminal investigators in the country.

Although in the few months of its existence the special Senate committee investigating organized crime in the U. S. has done an outstanding job of exposing various rackets, its investigations have only made the two big mysteries more intriguing.

Mystery No. 1 concerns the notorious Mafia, its membership, influence and shadowy operations. Mystery No. 2 concerns the real control of the Continental Press Service which supplies the racing news to bookies all over the U. S.

The Mafia, or Black Hand, has its roots in Italy. In Napoleon's time the rich Sicilian land-owners created it as a sort of private police force to keep the peasants in line.

It grew into such a powerful lawless organization, the whole Italian government had to get in the fight to try to end its reign of terror. This scattered its members to the U. S. and other countries. Off and on for more than 50 years the organization has been in and out of American crime headlines.

Report Kept Secret A special Senate committee agent was sent to Italy to look into possible connections between the Italian Mafia and criminal operations in the U. S. He recently returned and cautiously reported that the subject was worth further study.

It has been said that Lucky Luciano, convicted and deported head of a big narcotics and white slavery ring, is the world head of the gang. Others claim that the true brains is someone, as yet unidentified, with no official criminal record.

Only a mist of rather nebulous evidence exists on the Mafia's activities. The cold facts are few. It is pretty well established that the Mafia controls the liquor business in Kansas City, for instance, and the olive oil business in New York.

But certain patterns of action—in legitimate businesses as well as in organized criminal activities—point to control by the Mafia in other spots around the nation. Certain key names which have been linked with the Mafia keep cropping out in investigations in widely separated cities.

There is no known link between the Mafia and the Continental Press Service, the source of all racing news which is the cornerstone of bookie operations in the U. S. But the mystery of its operation is almost as profound.

Its headquarters is in Cleveland. The sole, legal owner of its physical properties is a young law student, Edward J. McBride, who apparently does not know much about his company's operation. Long and bloody gang wars have been fought over its control in the past but today the issue seems to be settled.

In fact, it's the very peaceful, routine operation of the service which is the most suspicious thing about it, according to investigators.

Q—What signer of the Declaration of Independence was identified with American railway history? A—Charles Carroll of Carrollton, who at 91 years of age in 1828, was the only living signer of the Declaration of Independence, helped lay the first stone in the construction of America's first railroad.

Q—To what country is the lima bean native? A—South America is the native home of the lima bean. Some question has come up whether the home state is Peru or Brazil. A very fine lima is grown in Brazil and is not found in Peru.

Q—How many married people are there in the United States? A—Almost 75 million, now an all-time high.

Q—Which of our state capitals has the smallest population? A—Carson City, Nev., with a population of approximately 3,000.

Q—Who sponsored Jinny Lind, the Swedish Nightingale, in her American debut? A—P. T. Barnum. She gave her first concert at Castle Garden Sept. 11, 1850.

Q—What's RIGHT? You go to a party in a private home that turns out to be boring indeed.

WRONG: Tell all your friends how boring the evening was. RIGHT: Never accept another's hospitality and then run it down. It is quite all right to make up your mind that you won't let yourself in for another such evening, but it's all wrong to make fun of or complain about an evening spent in another's home.

rimmed eyes. Pat slid off the window sill, grinned at her, looked sheepishly at the glass he held, then set it on the floor.

"New look," Ede began angrily. "What you do after hours is your own business. But—" She stopped suddenly. She was perceiving that they were not in the least drunk. Only tired, to the point of exhaustion. Then her eyes fell on the layouts ranged all along the baseboard of the wall at one side of the room. There was a piece of copy, typed on yellow scratch paper, clipped to each.

PAT VERNON indicated the misty-eyed Stoneham whose head had begun to droop again. "The maestro, here, got a brain-wave on Morn-Glo yesterday afternoon. So we decided to stick around last night and work it out. And we got going and couldn't stop. I'm sorry about the liquor, Miss Frey. That was my idea. Chuck chewed the cork a little and I drank the rest. I'll take the rap for that."

"Forget it," said Ede. She looked at them wonderingly. "Do you mean to say you actually worked all night?"

"That's right." Stoneham recovered long enough to put the bottle away in his desk. "But it was worth it. I think we've got something, Miss Frey."

Ede was bending over looking at the layouts. All at once she straightened up.

"Why, these are wonderful," she said. "Simply swell."

"Sure." Pat Vernon winked, quipping the whole side of his face. "The layouts are okay. I wouldn't know about the copy."

"Nuts to you," said Stoneham, with a tired smile.

"I don't have to read the copy," Ede said. "The headlines get the whole thing over, and the behind it is perfect. You've both done a grand job."

"I hope Northcott thinks so too," Chuck murmured.

"We'll try and make him think just that," Ede said. "Now get out of here, both of you. You need sleep. We'll talk these over with Jeffrey and Mr. Reagan tomorrow."

—Clyde Phillips

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

By BOYCE HOUSE

In a dime-a-dance "palace" in Houston, a man suddenly raised his hand and shouted for silence. When the music stopped, he announced, "I've lost a bilflood with \$600 in it; I'll give \$50 to the finder."

Another man called out, "I'll give \$75."

So They Say The last one is always the best. Each (honors) is an expression of regard from people who don't wait until you die to tell you what they think of you.

We (Republicans) will continue to oppose those measures which would bring permanent instruments of socialism to hamper and hamstring our domestic economy.

The people have a curious idea about controls. They think that all the government has to say is "stop" and the prices will stop going up.

The UN should allow the Korean people to decide their fate without guardians, trustees or supervisors.

We are all in this leaky ship together against a foe with the face of the devil concealed by the mask of benevolence.

SO, in spite of Peter Flood's claim in his letter of "no plans or projects," he was indeed engaged upon a project. Well, thought Edith Flood, her husband certainly hadn't wasted much time after asking her to agree to a divorce.

The regular meeting of the Midland High School P-TA will be held at 7:30 p.m. in the auditorium. All parents, teachers and friends are invited to attend. The program theme will be "It's Up To Us."

Freedom Bell Makes Stop At El Paso

EL PASO —(P)— The Freedom Bell was on its way to Houston Monday after it stopped here Sunday for ceremonies at which W. G. McDanel of Dallas was the main speaker.

McDanel, president of the State Junior Chamber of Commerce, called on Texans to "fight the battle of words in the war behind the war."

The stop here was one of 12 on the bell's coast-to-coast tour.

Purpose of the tour is to have Americans sign the "freedom scrolls" which will be enshrined in the base of the bell when it is set up in Berlin.

LATIN-AMERICANS STAB EACH OTHER IN FIGHT

Pete Botello and E. Mandoza, Latin Americans, were admitted to Western Clinic-Hospital Sunday night for treatment of stab wounds. They told hospital attendants they were fighting and stabbed each other.

Both had stab wounds about the chest.

INJURED IN AUTO MISHAP

Henry Wayne Athey, 12, Odessa, was treated early Sunday at Midland Memorial Hospital for injuries received in an automobile accident.

Creative Writing group of the American Association of University Women will meet at 8 p.m. in the home of Mrs. Terry Tidwell, 1200 North Colorado Street.

Fine Arts Club will meet at 2:30 p.m. in the home of Mrs. Elliott Barron, 1908 West Holloway Street.

Contemporary Literature group of the AAUW will have a Coke party at 9:45 a.m. in the home of Mrs. S. M. Siskey, 1600 West Louisiana Street.

Kappa Kappa Gamma Alumnae Club will meet at 10 a.m. in the home of Mrs. Turner Wynn, 1605 West Kentucky Street. All new sorority members are invited to attend.

Confirmation classes of the Trinity Episcopal Church will begin for

Convention's Debris Cleared Away But Big Puzzler Remains

By TIM PARKER
MINERAL WELLS —(P)— All the cigar stubs, soft drink bottles and vote tally sheets have been cleared away.

But left behind from the recent State Democratic Convention is this puzzler:

"What is a Conservative? A Liberal? A Dixiecrat? A States Righter? A Loyalist? A Fruit Jar Democrat?"

All this bothers the folks here. They were assured the Liberal-Conservative fight was the important thing about the convention—and that the Conservatives won!

The following glossary wouldn't win approval of your precinct convention. And it should be read with this in mind: There are as many degrees of conservatives and liberals as there are conservatives and liberals. They range from "arch" to "lukewarm."

Should Slow Down
Conservative—He is likely to believe federal taxes are too high, the federal government is encroaching upon the rights of individuals and states, that President Truman listens too closely to labor groups, and that we should go slow on public housing and socialized medicine.

Liberal—In Texas in 1950, he is likely to believe Texas Democrats should support Truman in all things and that taxes are high because they have to be. He is less worried about federal encroachment on states' and individuals' rights than states' and individuals' rights than he is about Southern Democrats voting with the Republicans in Congress. Arch-Liberals even favor FEPC.

Dixiecrat—A Conservative Democrat who strayed entirely out of camp in the 1948 presidential campaign to support J. Strom Thurmond for President and oppose Mr. Truman.

Just Another Name
States Righter—another name for a Dixiecrat. In fact the correct name, States righters, east of the Mississippi, object strenuously to the term, Dixiecrat.

Texas Regular—A Conservative Democrat who strayed from the fold in 1944—opposing President Roosevelt. The Regulars felt strongly that FDR was going socialist and violating states' rights in doing it.

Loyalist—A regular party man, first, last and always. Prefaces all his public appearances with "I vote the Democratic ticket straight from constable to president." That means regardless of who is on the ticket. He means it.

Fruit Jar Democrat—"See that ridge across my nose. I got that drinking whiskey out of a fruit jar. I drank my whiskey straight then (he's referring to prohibition time when whiskey came in jars) and I've drunk it straight ever since. And I voted the Democratic party ticket then and I've done it ever since."

A Fruit Jar Democrat is a loyalist who has been that way a long time, who drinks his whiskey straight—any time.

young people at 7 p.m. and adults at 8 p.m. Persons interested in learning more about the Episcopal Church are invited to attend the classes.

Adult choir practice of the Trinity Episcopal Church will be held at 7:30 p.m.

Adult choir practice of the First Methodist Church will meet at 7:30 p.m. in the Educational Building.

Choir practice for the First Baptist Church will be held at 6:30 p.m. in the church.

Gamma Phi Beta Alumnae will meet at 10 a.m. in the home of Mrs. Ray Standley on the Andrews Highway.

THURSDAY

Midland Woman's Club, Inc., will meet at 3 p.m. in the home of Mrs. J. Howard Hodge, 1301 West Missouri Street. The Fine Arts Club will be the hostess group.

The First Presbyterian Church will have a church "family night" supper at 6:30 p.m.

A board meeting of AAUW will be held at 7:30 p.m. in the home of Ethelmae Tidwell, 1200 North Colorado Street.

Forty-Niners Square Dance Club will meet at 8 p.m. in the Midland Officers Club.

Nu Phi Mu will meet at 7:30 p.m. in the home of June Higdon, 1402 West College Street.

Carpenter's Ladies Auxiliary will meet at 2:30 p.m. in the Labor Temple.

Junior Choir practice of the Trinity Episcopal Church will be held at 7 p.m.

The American Association of University Women Bridge Group will meet at 1:30 p.m. in the Ranch House. Hostesses will be Mrs. Earl A. Johnson and Mrs. R. G. Patterson.

FRIDAY

Young Peoples luncheon of the First Baptist Church will be held at noon in the recreation hall. The Training Union banquet will be at 7 p.m.

Ladies Golf Association of the Midland Country Club will meet at 1 p.m. in the clubhouse. Progressive bridge will follow the luncheon. Hostesses will be Mrs. Lamar Lunt and Mrs. Harry Miller. Reservations should be made by Thursday night.

Alpha Chi members and their husbands will meet at 8 p.m. in the home of Mrs. Robert Maddox, 2100 West Kentucky Street.

SATURDAY

The monthly dance of the Midland Country Club will be held from 9 p.m. to 1 a.m. in the clubhouse. Jack Free's orchestra will furnish the music.

Children's Story Hours will be held at 10 a.m. in the Children's Room of the Midland County Library and in the library's Dunbar branch.

Putnam Oil Company Issued Charter

AUSTIN—Secretary of State John Ben Sheppard has announced approval of the following new domestic corporation in Midland:

Putnam Oil Company, 50 years, royalty, capital stock \$50,000. Incorporators are George D. Putnam, Rosella Putnam and Robert M. Turpin.

RETURN FROM CLARKSVILLE

Mr. and Mrs. Ocie Hubbard, 211 West California Street, returned Sunday from a trip to Clarksville, where they have been visiting friends and relatives. Returning with the couple was Mrs. Hubbard's brother, Vernon Gray of Clarksville.

IN FRENCH TRAIN MISHAP

PARIS —(P)— Six passengers were killed and seven seriously injured Monday in the derailment of an express train near Nancy, the government-owned railways announced.

Many others were injured less seriously.

AUTO VICTIM TREATED

Leland Keith, who was injured recently in an automobile accident, has been admitted to Western Clinic-Hospital, Keith, who suffered a fractured back and other injuries, received treatment in a Snyder hospital before his removal here.

ADMITTED TO HOSPITAL

C. D. Templeton of 312 West Maiden Lane, is a medical patient in Western Clinic-Hospital.

FRACTURES HIP

Mrs. Nellie Leavitt, 81, of 1600 West Washington Street, was admitted to Western Clinic-Hospital late Saturday for treatment of a fractured hip.

Always A Major Problem: Woman Who Talks Too Much

By RUTH MILLETT
NEA Staff Writer

Pick out any woman who seems to want to be liked but who doesn't quite make the grade and you'll usually find that one of her most conspicuous faults is talking too much.

Since the tendency to talk too much is a fairly common feminine failing and one which women so easily overlook in themselves, let's take a look at some of the reasons why a too-talkative woman is the way she is.

One: She is almost always self-centered. So she finds it much more exciting to talk about herself and her own interests than to hear what other people think and what they've been doing.

Two: She is often the kind of person who feels she has to make an impression, and doesn't realize that it is better not to make so much of an impression rather than make one that others remember unfavorably. So she must always let everybody know how important she is.

Three: She isn't aware of the feelings of others. When a big talker is boring it's obvious to everyone except her. She just doesn't pay enough attention to her listeners to sense when they have had enough of her chatter for awhile.

Exaggerates Importance
Four: She usually sets too high a value on her own importance and the importance of her opinions. The big talker can usually top any story set anybody straight on facts, and hand down a final decision on any question.

The woman who is genuinely interested in other people, who doesn't try too hard to make a favorable impression, who is aware of what others think and feel, usually doesn't think her own opinions are infallible or that everything she does is interesting to other people. This type of woman seldom bores others by talking too much.

Nova Macormic is a leader of the Training Union revival which opened Sunday in the First Baptist Church. The revival will continue through this week.

Threatened Strike Against American Airlines Averted

NEW YORK —(P)— A threatened strike against American Airlines has been averted at least temporarily, the company said Sunday night.

The walkout had been set for Monday morning by the CIO Transport Workers Union to block 383 layoffs of ground personnel ordered after a merger of overseas operations.

American recently sold its foreign-flying subsidiary, American Overseas Airlines, to Pan American World Airways for \$17,000,000. The sale became effective Monday—the same time the layoffs were to take place.

Pan American had agreed to take over 1,300 on American overseas payrolls, but this left 383 on the regular American payroll whom the company felt should be laid off under the changed conditions.

Company and union officials met Sunday in several sessions, and American announced the temporary agreement.

Under its terms, there will be no layoffs nor strikes while the company studies Civil Aeronautics Board regulations in the case. Further talks will be held, but no date was set.

Driving a few miles with the jugs loosened a trifle may stop a persistent rim squeak.

Government Payroll Shows 77,000 Boost

WASHINGTON —(P)— The government's civilian payroll increased nearly 77,000 during August to a total of 2,060,400, the Civil Service Commission said Monday.

The total includes employment in the executive branch of the government both in this country and overseas.

The increase was attributed to the Defense Department and the Selective Service system, which added more than 80,000 civilian employees during August. There were offsetting reductions in other agencies, principally the Post Office and the Veterans Administration.

Of the four forms of sales tax, the retail sales tax is the most prevalent.

Looks like a big car

Feels like a big car

As a big car! (IN EVERYTHING BUT COST)

Your first glance will tell you that Ford's a big car—from its smart, low-slung body to its extra roomy interior. One ride on Ford's comfort-contoured, Sofa-Wide seats offering top hip and shoulder room in Ford's field and you'll ask: "Why pay more for roominess and comfort when Ford offers you so much for so little?"

Take a "Test Drive" in a Ford and you'll discover the fine car "feel" of cars that cost hundreds of dollars more. You'll sense the solid safety of Ford's "LifeGuard" Body and 35% easier acting King-Size Brakes. And with Ford's sure-footed, road hugging "feel," you'll have to keep reminding yourself that this is a low-priced car you're driving.

"Test Drive it today!"

Ford brings big-car V-8 power to the low-price field, too... with the same type of eight-cylinder engine now powering America's finest cars. And the famous Ford "Six" sells for even less. Yet, with all its big-car features, Ford is low in first cost, low in upkeep, high in resale value. It's America's all-round number one buy.

DADDY RINGTAIL • By WESLEY DAVIS

Daddy Ringtail And A Wazy Wascal

Daddy Ringtail, your monkey friend, was sitting in the swing on the porch of his monkey house, up in the top of the very tall tree, there in the middle of the Great Forest.

Suddenly, Daddy Ringtail heard a great big voice down below on the ground on the Elephant Path. The big, big voice was grumbling and

saying: "You lazy rascal! Not only do I have to carry your violin, I have to carry you as well, when really my own piano is heavy enough on my back."

When Daddy Ringtail heard these words, he was sure that the someone down there on the Elephant Path was a mighty someone indeed. Imagine! The someone was carrying a piano along on his back.

"Happy day to you folks," Daddy Ringtail said, although he was really so surprised he could hardly say a word. Why, whoever heard of a rooster strong enough to carry a piano, a violin, and a lazy rascal of a mouse all together?

But the biggest surprise of all was when the little mouse said in a big voice like a rumble of thunder: "This lazy rascal of a rooster wants to sleep on the piano while I carry it."

The Edinburg Chamber of Commerce is sending it to Her Royal Highness, Princess Ann of Edinburgh, new daughter of the Princess Elizabeth and the Duke of Edinburgh.

TEXAS OIL ROUNDUP— Slump In Oil Storage Stocks Causes Concern

By MAX B. SKELTON
HOUSTON —(AP)— Texas oil and gas regulatory officials are concerned over a slump in storage stocks despite a record crude oil output.

The Texas Railroad Commission has asked the oil industry to make a close check and submit new estimates of its minimum above-ground storage requirements.

Crude oil storage currently is about 10,000,000 barrels below the 245,000,000 barrel minimum set by company representatives 18 months ago.

The Texas commission has asked executives of 15 major companies to submit new estimates at a statewide hearing October 19 in Austin.

Fellows Slash Order
The action came shortly after the commission had ordered a 126,162 barrel daily slash in the state's crude oil October production allowable.

Stock slumps caused some oil men to seek an October allowable increase but the commission indicated it wants to study new storage requirements estimates before deciding future production trends.

On a monthly basis, Texas actually will produce just about as much oil as in September. The drop in daily average output results from October having one more day than September and from a special situation in six West Texas fields.

An emergency cut of 61,880 barrels per day in the fields became effective Wednesday because of sharp bottomhole pressure drops and jammed pipeline facilities in the booming Seberry County area.

New Daily Record
National crude output climbed 29,500 barrels to a new daily average record of 5,938,330 barrels last week. An ever greater amount of crude—5,983,000 barrels daily—was processed by refineries.

But light heating fuel oil, a major winter item, was the only one of the four principal refined petroleum products to register a storage increase.

A gasoline stock decline of 2,076,000 barrels all but wiped out the light fuels climb of 2,539,000. Kerosene dropped 63,000 barrels, heavy fuel oil 519,000.

Gasoline storage still is 1,074,000 barrels above a year ago, and kerosene is 141,000 higher. Light fuels, however, are 5,978,000 barrels lower, and heavy fuels 6,319,000 lower.

Members of the Texas Oil and Gas Regulatory Commission had anticipated a September increase in domestic crude oil stocks.

A September production output hike of 207,836 barrels daily was authorized in hopes of breaking the crude storage slump.

But reports on the first two weeks of the month showed new declines.

The commission has kept close watch on national crude stocks since the industry set the 245,000,000 barrel minimum estimate early last year.

Until recently the national stock level had given good indication as to whether Texas crude output should be increased or reduced.

Chapell Quits Sunray To Join Independent
TULSA — Don O. Chapell, vice president of the exploration and land department of Sunray Oil Corporation has resigned his position with that concern. Effective October 1, he will become associated in land and geological work with Jake L. Hamon, independent oil operator in Dallas.

George A. Schwab has been appointed manager of the Sunray land department and E. A. Markley, chief geologist for the Mid-Continent area. These departments will operate under the direction of D. R. Snow, vice president of exploration and production for the corporation.

Chiles, French Have Big Roles In Permian Oil Show

H. E. (Eddie) Chiles, Jr., of Midland, president of The Western Company, is chairman of ticket sales for the Permian Basin Oil Show to be held in Odessa October 19-22.

Lloyd French of Odessa is president of the oil show's board of directors which includes a number of Midland oil men.

The four-day show, expected to be one of the major showings of oil field gear and services in the United States this year, will be held at Ector County Park.

Gives Report
Chiles gave a preliminary report of the sales program at a recent dinner meeting of the oil show's board of directors.

Reports from the last oil show in Odessa in 1941 show some 20,000 tickets were sold to the dances and barbecue.

Price of ticket books for the occasion has been set at \$2. Included in the books will be tickets for dances by Henry Busse, Will Osborne, Charlie Woods and the Skyliners; a musical comedy and vaudeville review by top notch entertainers and a giant Chuck Wagon gang barbecue.

Dance At VFW Hall
The Henry Busse dance will be in the Midland Veterans of Foreign Wars hall between Midland and Odessa.

Success of the show from the exhibitor angle was assured earlier this month. More than 300 firms representing 18 states from Massachusetts to California will exhibit everything from revolving bug blowers to servicing units and fishing tools to cementers.

Midlanders on the board of directors include Early N. Spiars, Diamond Oil Well Drilling Co., vice chairman; J. Ed Warren, King, Warren and Dye; W. D. Lane, Plymouth Oil Company; H. W. Matthews, Standard Oil Company of Texas; L. A. Fagan, Humble Pipe Line Company, and Tom Flewharty, The Western Company.

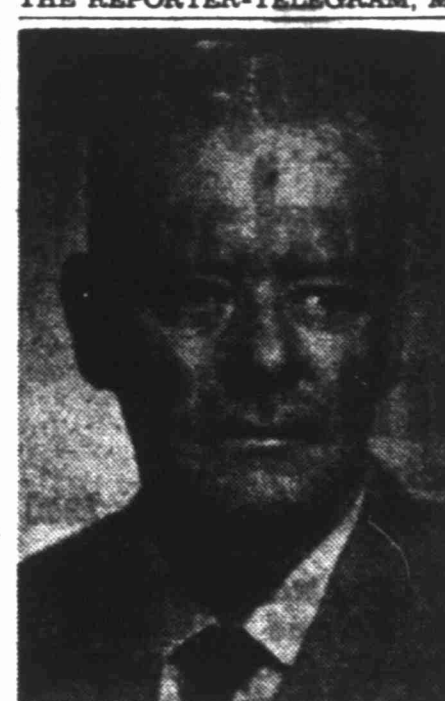

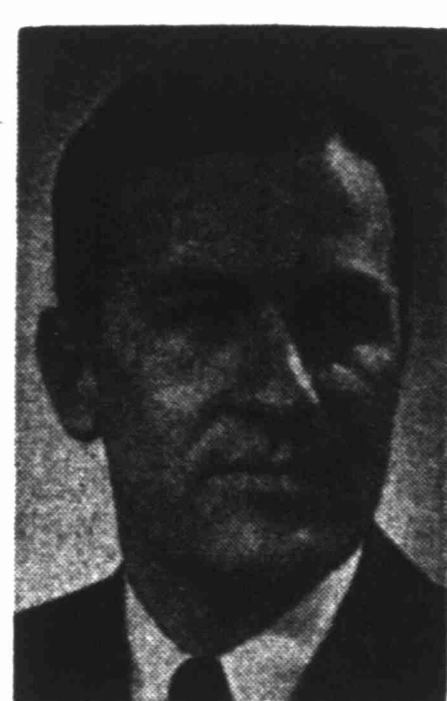

Other officers are Roy E. Carter, Amot G. Carter Foundation, Kermit, treasurer, and Houston Crump, Odessa, secretary-director.

The show, scheduled during the last part of the 1950 observance of our meetings of the American Petroleum Institute and other oil organizations.

The API's Permian Basin chapter will kick off its Fall season with a barbecue, entertainment and speaker Thursday night, October 19, the first day of the show.

The speaker will be Wallace Hawkins, general counsel, Magnolia Petroleum Company, Dallas.

On the next night, October 20, the West Texas Geological Society, and the Permian Basin sections of the American Association of Oil-Well Drilling Contractors and American Institute of Mining and Metallurgical Engineers will have a combined cocktail session at the Odessa Country Club.

OIL SHOW DIRECTORS—H. E. (Eddie) Chiles, Jr., left, of Midland, and Lloyd French, right, of Odessa, are two of the men who are working to make the Permian Basin Oil Show in Odessa October 19-22 a success. Chiles is general chairman of ticket sales for entertainment and French is president of the show's board of directors.

Union Oil's Wage Policies May Set West Coast Pattern

LOS ANGELES —(AP)—The Union Oil Co. of California has reached wage increase agreements with unionized employees which might set a pattern for other oil concerns.

The Independent Union of Petroleum Workers announced in Santa Maria its agreement with Union Oil, covering 1,100 field workers, is for the six per cent boost. Chairman Donald J. Spragg of the Union's negotiating committee said it means a minimum increase of 10 cents an hour for hourly workers and \$17 to \$60 a month for those paid by the month.

In Los Angeles, the CIO Oil Workers Union and the company announced a similar pact for a six per cent boost with a minimum of 10 cents an hour, covering 1,800 refinery workers.

Industry sources said the deal might become a pattern because it is the first agreement on a new contract between the unions and a coast oil company.

Federal Narcotics Agent Killed In Gun Battle; Four Arrested

ST. PAUL, MINN. —(AP)— One federal narcotics agent was killed and another wounded in a Sunday opium raid on a downtown hotel here.

Four men—one of them wounded in an exchange with the agents—were taken into custody.

Killed by a bullet through the heart was A. M. Bangs, 50, chief of the U. S. Narcotics Bureau for the northwest area. Joseph Winberg, 27, a narcotics agent, was shot through the side.

John Wong, 50, is held under guard in a hospital. He was wounded five times. Doctors said both wounded men have a chance to recover.

Bangs, Winberg and a third agent, Virgil Magnuson, found Wong and three other men in a hotel room, authorities said. Some were smoking opium. Leaving Magnuson to guard the other three, Bangs and Winberg took Wong to his own room after he told them he had more opium there.

Whips Out Gun
"He went into a closet — and brought out this jar of opium," said Winberg in a statement from his hospital bed.

"Bangs asked him if that's all he had. He reached back and whipped out a gun.

"We both jumped him and he shot me first and I fell and the three of us were in the closet and wrestling around and he shoots Bangs 'too. I grabbed his gun to keep him from shooting any more. Bangs finally pulled out his gun and he shot Wong."

The three other men were booked on charges of suspicion of murder and as material witnesses. They gave their names as Jimmy Wong, 43, Mason City, Iowa; Leo Wong, 53, Minneapolis, and Yee Wong, 47, St. Paul. They said they were not related.

Charges against John Wong await completion of an investigation being conducted by St. Paul police, Treasury agents and FBI agents.

Another Shelton Gang Member Dies In Ambush Slaying

HERRIN, ILL. —(AP)— The coroner's jury wrote another familiar chapter in the bloody history of Williamson County—death due to gunshot wounds "at the hands of parties unknown."

This time it was Roy Armes, 32, brother of a slain member of the rapidly dwindling Shelton Gang, the mob whose wars with rival gunmen were the terror of Southern Illinois in the 20's.

Roy was blasted to his death Sunday by shots from a high powered rifle and a shotgun.

The shots came from ambush, just as they did when Carl, Bernie and Roy Shelton were shot to death in gang assassinations in the last three years.

Armes had just climbed into his car parked in front of a tavern when the shots hit him in the face, neck and chest. Buckshot and rifle bullets crashed through the car windshield.

The killers—there were two of them, the coroner's jury said—had crouched behind a picket fence 45 feet away. At least ten shots were fired.

Paraplegic Veteran Weds Stage Actress

GLENDALE, CALIF. —(AP)— The leading lady of "Wheelchair Revue" and its paraplegic publicity man were married Sunday.

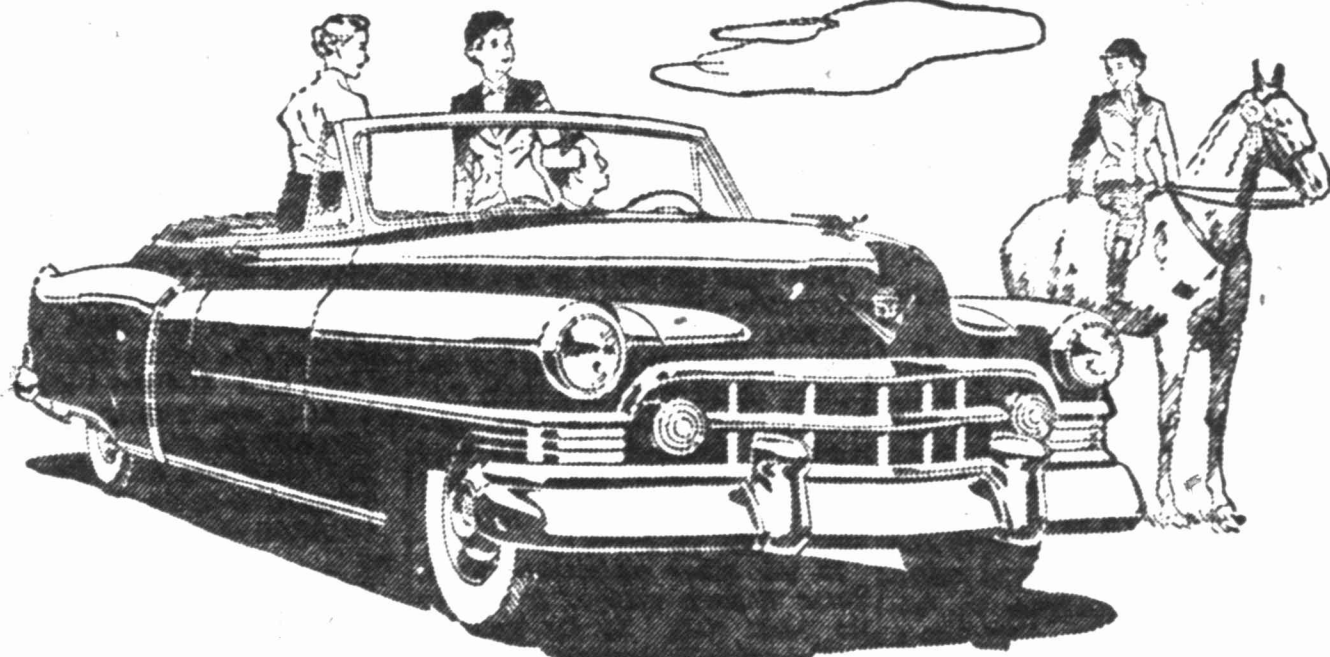

The bride is Patti Brill, 25, of Santa Monica, and her husband is Hugo Fredlund, Jr., 27, of Los Angeles. The couple met while the paraplegic serviceman's revue was in rehearsal. It was shown successfully at Sawtelle Veterans Hospital here and later may tour the nation. Fredlund, a World War II ski trooper, was wounded during the Italian campaign.

Two Holdup Slayers Die In Electric Chair

BELLEFONTE, PA. —(AP)— Two convicted holdup slayers died in the electric chair at Rockview Penitentiary Monday.

First to go to the chair was Alexander Niemi, 31, who was pronounced dead at 12:31 a.m. His companion, Walter Maloney, 32, was pronounced dead at 12:39 a.m.

Niemi and Maloney were convicted on first degree murder charges in the shooting of Jacob Davis during a Chester, Pa., taproom holdup Jan. 4, 1949.

Most Beloved Car in the World!

Ask the owner of a 1930 Cadillac whether he expects his next car to carry the same proud name—and the chances are he will find it difficult to believe that you are serious.

It simply never occurs to him that any other car could take the place of his beloved Cadillac.

And this deep respect for Cadillac goes far beyond its owners. In fact, it overflows the whole of America—and permeates every automotive price class.

A survey just completed indicates that almost half of all the motor car owners in the

United States would buy a Cadillac if they felt themselves financially able to do so.

Surely, in all our industrial history, there has been no finer example of quality's ability to hold the respect of the American people.

We wish that all who want a Cadillac could own one. There can be no question that ownership of this wonderful car adds much to the joy of living, and makes each hour you drive a pleasanter experience.

And we know that more would purchase Cadillacs if only they would properly evaluate these basic facts:

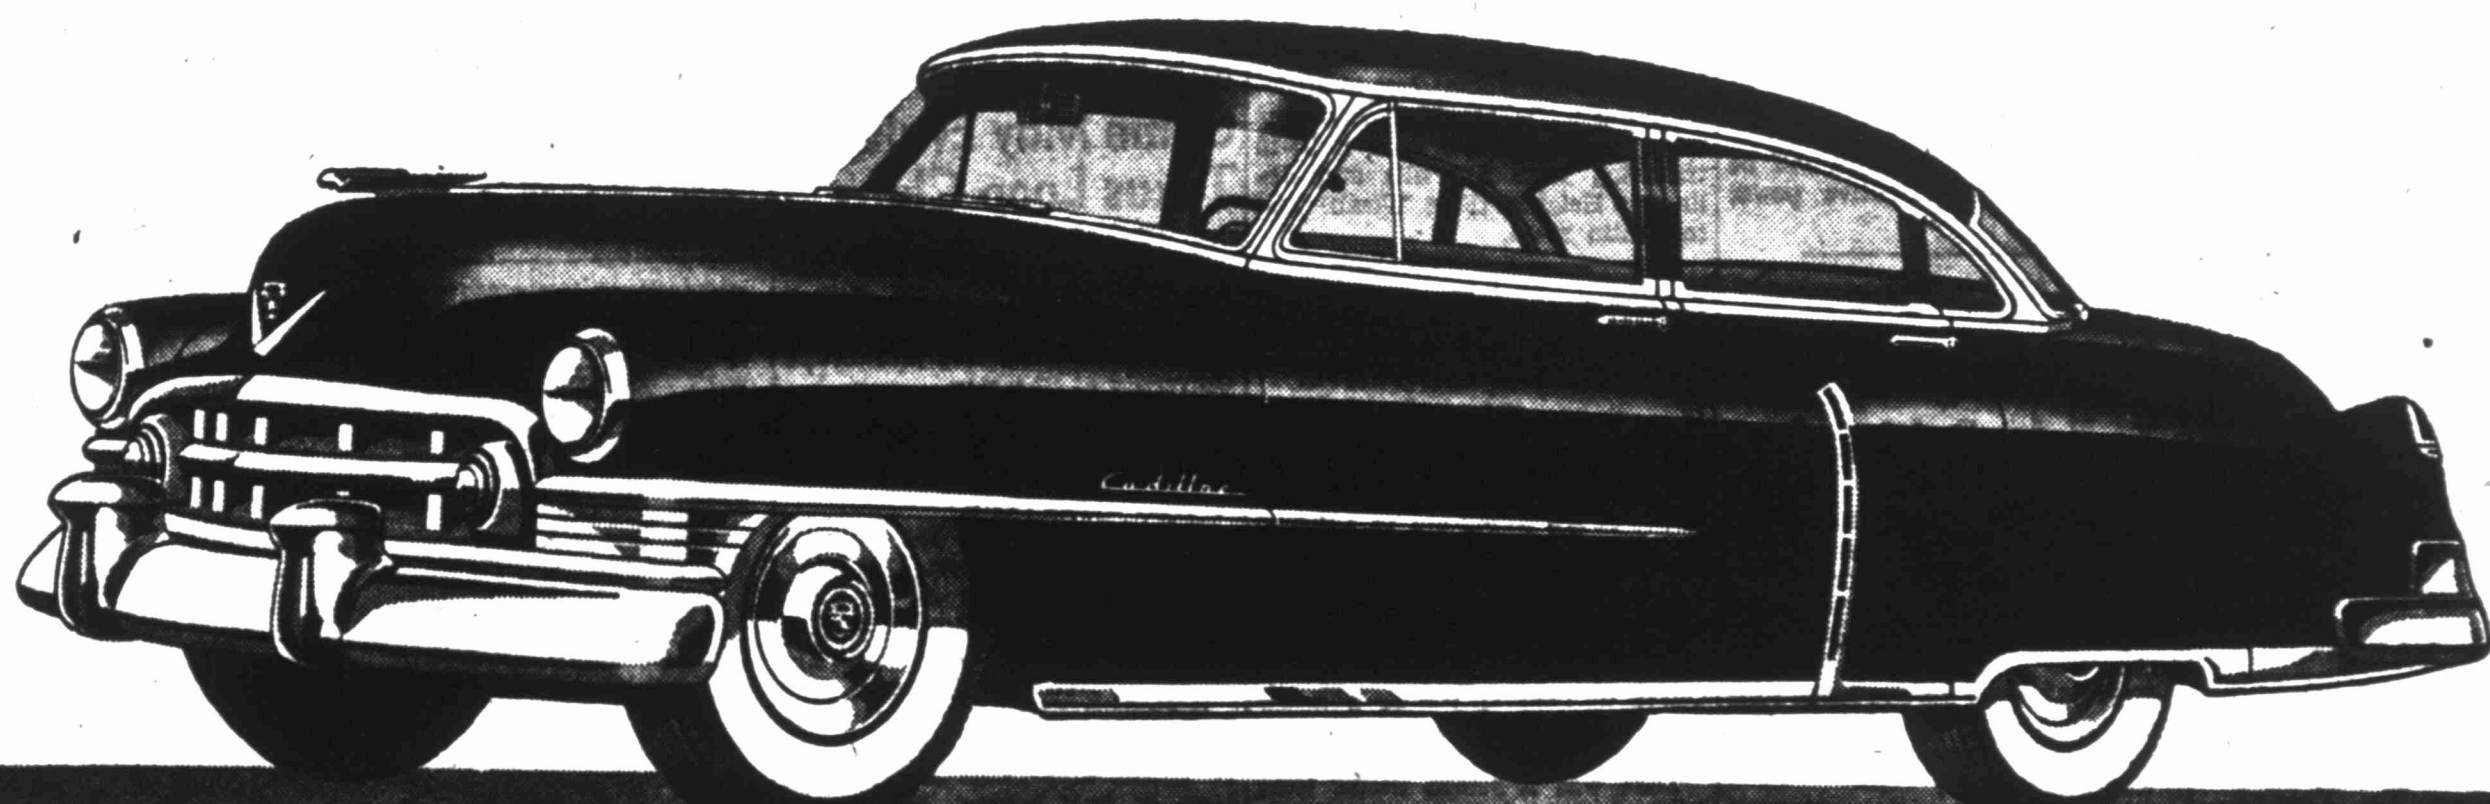

—the lower-priced cars in the Cadillac line cost less to buy than certain models of numerous other makes of cars.

—you can drive a Cadillac all day long, under normal conditions, on a single tankful of gasoline.

—a Cadillac car is so soundly built, that its lifespan has never been fully measured.

Yes, it is far more practical to own this car than most people realize.

Why not come in—and see? We are sure you're closer to "The Standard of the World" than you ever thought you were!

Notre Dame Opens Season Saturday Against Tarheels

By HAROLD CLAASSEN
NEW YORK—(P)—How good is Notre Dame's 1950 football team?

Coach Frank Leahy, seldom using words of less than three syllables, predicts the Notre Dame lads will lose three, perhaps four games this season. Sports editors and broadcasters, numbering 125 from all parts of the country, say the Irish are the best in the land.

Just who is correct may be known by sundown Saturday. The South Bend team, unbeaten in 32 games during the last four years, opens its season against North Carolina, the Dixie dynamite who gave Notre Dame such a tussle last fall. NC won from North Carolina State Saturday 13 to 7.

Numerous other big time teams will be making their starts this weekend.

There will be numerous conference battles on tap in Dixie.

Auburn, spiced by Wolford, visits Vanderbilt, which won from Middle Tennessee 47 to 0. Alabama is at Tulane and Tennessee has it out with Mississippi State. Kentucky is booked in a night game against Mississippi. The Wildcats blanked LSU 14 to 0.

Richmond and Wake Forest are opponents in the Southern Conference as are Virginia Military and George Washington, West Virginia and Washington & Lee.

Fleety Of Action
The VMI Cadets caused some eye-brow lifting with a 25 to 19 upset of William & Mary Saturday. Duke, which bounced South Carolina 14 to 0, has Pittsburgh over for the day while the South Carolinians travel to Atlanta to meet Georgia Tech's Engineers.

Even though there aren't title games on tap in the Middle West, there will be plenty of action. Iowa State, which whipped Colorado on two final period touchdowns 14 to 7, is at Northwestern; Indiana meets Nebraska; Marquette comes to Wisconsin, and Ohio State takes on the heavy burden of trying to stop Kyle Rote and his Southern Methodist chums. SMU mastered Georgia Tech 33 to 13.

Texas Christian, which nudged Kansas 14 to 7, comes north for an afternoon of bumps bruises and Oklahoma A&M. The Aggies bounced Arkansas 12 to 7.

Santa Clara is at Rice, Purdue at Texas and Texas Tech at Texas A&M in other Southwestern features.

Amateurs Hand Pros Sound Licking In Texas Cup Matches

DALLAS—(P)—The amateurs handed the professional golfers a sound licking Sunday in the wind-up of the eighteenth annual Texas Cup Matches.

They won eight of 15 singles matches and tied two more for a two-day total of 13 1/2 points to eight and one-half for the pros, led by Byron Nelson of Roanoke.

Nelson turned back Raleigh Selby of Kilgore 8 and 5 for one of five victories by the money players.

The results included: Billy Maxwell, (A), Odessa, split with Harry Todd, Dallas.

Ed Hopkins, (A), Austin, defeated Sam Speer, McAllen Country Club, 2-up.

Don Addington, (A), Dallas, defeated Red Best, San Angelo Country Club, 4 and 3.

Wesley Ellis, Jr., (A), Austin, defeated J. C. Hardwick, Midland Country Club, 4 and 3.

Don Murphy, Texarkana Country Club, Texarkana, defeated Bob French, (A), Odessa, 6 and 5.

Leon Taylor, (A), Tyler, defeated Homer Widener, Meadowbrook Country Club, Kilgore, 12 and 10.

8—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 25, 1950

Golf Pro Skip Alexander Hurt Seriously In Plane Crash; Three Men Killed

EVANSVILLE, IND.—(P)—A Civil Air Patrol plane crashed and burned in a railroad yard near here Sunday night, killing three officers and seriously injuring Skip Alexander, top-flight professional golfer.

Neighbors found the 32-year-old Lexington, N. C., golfer crawling into a field, his clothes afire. At Deacones Hospital, he was expected to recover.

At Sioux Falls, S. D., where the plane was based, the CAP listed the dead as: Col. James R. Barnett, 44, of Sioux Falls, commanding officer of the South Dakota wing of CAP. He was president of a roofing company and well known as a former band leader.

Lt. Oliver A. Singleton, 28, formerly of Van Buren, Ark., but a resident of Sioux Falls for the last year.

Lt. Duane M. Reeves, 28, also of Sioux Falls and an employe of Barnett's roofing company.

Alexander's left leg was broken above the ankle and he was burned on the hands, arms and face. Hospital attendants said some of his arm burns were third-degree.

Neighbors said the plane barely cleared houses west of the railroad yards and crashed next to the main line track of the Chicago & Eastern Illinois Railroad three miles north of the city.

Maurice Owens, a neighbor who helped beat out the fire in Alexander's clothing, said heat prevented his rescuing one of the men from the wreckage.

Owens said the man, whose legs were pinned down at the edge of the wreckage, screamed: "My God, help me." Soon afterward the plane exploded.

Alexander had finished sixth in the \$15,000 Kansas City Open Golf Tournament Sunday and was on his way to his home at Lexington, N. C. Bob Hamilton of Evansville, a former professional golf champion, said Alexander told him in the hospital he had "pitched" a ride on the military plane, intending to go as far as Louisville.

Later, he had planned to go to Venezuela to play golf.

Austin-McMurry Game May Evaluate Texas Loop Clubs

A chance to compare Texas Conference contenders Austin College and McMurry comes Saturday night when Austin enters the Midwestern University at Sherman.

McMurry last week beat Midwestern, defending Gulf Coast Champion, 19-6. McMurry's next foe is West Texas State.

Ablene Christian, 34-0 winner last week over Sul Ross, this week meets the University of Chattanooga in Tennessee. Howard Payne, which lost to Louisiana Tech 27-20, meets New Mexico A&M.

Southwestern, loser to Sam Houston State 8-7, plays Stephen F. Austin, and Texas A&M, which took a 20-7 licking by Trinity, tries Southwest Texas State.

Austin last week downed Southeast Oklahoma 28-0.

MAJOR LEAGUES—

Catcher's Boner Ruins Tigers As Yanks Clean Sox

By RALPH RODEN
Associated Press Sports Writer

The 1950 American League pennant race is just about over but it will be remembered as long as baseball is played as the year Catcher Aaron Robinson pulled one of the most colossal "boners" in history.

Robinson's blunder gave the Cleveland Indians a 2-1, 10-inning victory over Detroit Sunday and practically erased the Tigers' pennant hopes.

The defeat dropped the second-place Tigers two and one-half games behind the New York Yankees, who virtually knocked third-place Boston out of contention by trouncing the Red Sox 9-5.

New York needs only six victories out of its remaining eight games to clinch its second straight championship. If the Yankees win only four games the Tigers will have to win all of their seven to beat out the Bombers.

Robinson's "Rock"
Robinson's "rock" came in one of the strangest games ever played. At the time in Cleveland it was so dark because of dust and smoke the lights were turned on.

The astounding play occurred as follows:
Bob Lemon tripled to start the Cleveland tenth. Tiger Manager Red Rolfe ordered Ted Gray intentionally to walk the next two batters to set up a force play at every base.

Larry Doby then popped to First Baseman Don Kolloway. Luke Easter followed with a grounder to Kolloway. Kolloway stepped on first to retire Easter and pegged to Robinson.

Robinson grabbed the throw and stomped on the plate while Lemon was starting his slide about eight to ten feet away.

Umpire Bill Summers thumbed Lemon out, but the pitcher slid across the plate. Robinson, apparently thinking he still had a force play, made no attempt to tag Lemon. The Cleveland bench dashed at Summers and brought First Base Umpire Charley Berry along. When it was pointed out to Summers that Lemon had to be tagged in order to be declared out, Summers reversed his decision and called Lemon safe.

Lemon is Whole Show
Lemon was the whole works. He stopped the Tigers on five hits to gain his twenty-second victory and scored both runs. Lemon socked his sixth homer in the fourth to drive in the first run of the game. Johnny Ligon tied it up in the seventh with his first homer of the year and that's how matters remained until the Robinson incident.

The Yanks had fairly easy sailing against the Red Sox before 66,924 fans at Yankee Stadium. They piled up a 6-1 lead in four innings for Vic Raschi, who went all the way to post his twenty-first victory.

Two home runs by Ted Williams and another by Bobby Doerr accounted for half of the Red Sox hits. Raschi was in trouble in the seventh when the Red Sox had a run home and the bases loaded with one out. Raschi parried the threat by getting Vern Stephens to fly out and Walt Dropo to ground out.

In remaining American League games the Washington Senators tripped the Philadelphia Athletics 3-1 and the St. Louis Browns dumped the Chicago White Sox twice, 5-0 and 6-1.

Dodgers Wham Phils
The Philadelphia Phils lost ground in the National League race as they suffered a humiliating 11-0 defeat at the hands of the second-place Brooklyn Dodgers. The Dodgers now trail by five games.

Erly Palica, young right-hander, tamed the Phils on two hits and featured a game-winning, six-run rally in the fifth inning with a grand slam homer. Palica held the Phils hitless until the eighth, when Andy Seminick singled. Del Ennis doubled in the ninth for the Phils' final hit.

Three-run homers by Hank Thompson and Don Mueller paced the New York Giants to 12-4 victory over the Boston Braves. Jim Hearn was the winner and 19-game winner Vern Bickford the loser.

In other National League games the Chicago Cubs trounced the St. Louis Cardinals 8-3, and the Cincinnati Reds and Pittsburgh Pirates divided a doubleheader. The Reds won the opener 7-1 behind Ewell Blackwell, and the Pirates the nightcap 3-2.

Doak Walker, former SMU All-American now coveting for the pro Detroit Lions, owns a service station in his native Dallas, Texas.

C Bulldogs Drop Tilt To Odessa

The Midland "C" Bulldogs, tutored by Bernard "Pat" Patterson, took a 34-14 trouncing from the Crockett Junior High team at Odessa in a weekend tilt.

The game was played as a part of Odessa's celebration of Kiwanis International Kids Day. With the victory went the title of the 1950 Peanut Bowl. Last year, Midland's Sixth Grade team won the event.

The "C" Bulldogs fell behind by a 14-0 count in the first quarter, and never could overcome the early Crockett lead. A couple of long dashes and passes netted the Odessa scores.

Midland scored late in the second period, when Rusty Russell passed to John Crowley for 22 yards and a TD Darrell Spivey converted. It was 14-7 at halftime.

Spivey Rambles
The "C" Bulldogs fought back to march 99 yards early in the second half, and tie up the score. It was the running of Spivey that paced the offensive move. He tabbed the marker from the one-yard line, and converted to bring the score to 14-14.

Crockett went ahead on a 17-yard end sweep by Dale Sherrod in the latter part of the third quarter. After that, the Odessa eleven moved in high gear. Midland didn't have enough to cope with the attack.

Midland's lineup:
ENDS—Crowley and Mims.
TACKLES—Noble and Davis.
GUARDS—Lavelle and Edgington.
CENTER—Crites.
BACKS—Pamley, Jones, Spivey and Rutledge.

Texas League—Missions Win 1-0, Head For Nashville And Dixie Series

TULSA, OKLA.—(P)—San Antonio's Missions were headed for Nashville, Tenn. Monday and the opening of the Dixie Series.

Sunday, they edged Tulsa 1-0 to win the Texas League championship series, four games to two. They'll play Nashville, winner of the Southern Association.

San Antonio finished fourth in the regular season race. Tulsa was third. In the first round of the playoffs Tulsa beat Fort Worth and San Antonio knocked off Beaumont, the first-place club.

John Pavlick walked to open the fifth for San Antonio. Charles Grant singled and Danny Baich sacrificed both runners. Dyck scored on John Sullivan's long fly.

Plans for the Dixie Series were announced Sunday night. The first two games will be played at Nashville, starting Tuesday. The teams will travel Thursday and open in San Antonio Friday for the next three games, if that many are needed. If the final two games are played they will be in Nashville.

The Washington Senators are so pleased with their 30-year-old Cuban pitcher, Sandalio Consuegra, they already have signed him to a 1951 contract.

College Game Here Declared Success; To Be Annual Event

Midland Optimists plan to make a college football game here an annual event.

Cheered by the success of the ACC-Sul Ross collegiate encounter here Saturday night, the club immediately went into plans to bring those two teams back again or to get new college elevens for the Midland game.

An estimated 5,000 persons attended the game here Saturday night. They loudly cheered the game and the smart halftime activities of both schools.

A downtown parade preceded the game. In it were college officials of both Sul Ross and ACC. Bands of both schools marched and played and each had its pep squad supporters. The Midland High School Band also was in the line of march and it drew loud applause.

The college game for Midland was a huge success.

Hundreds of fans from West Texas were attracted here for the game. Midland downtown Saturday looked like a college campus hang-out. Large ACC and Sul Ross delegations swarmed about.

Washington Buys Big State Loop Club

MIAMI, FLA.—(P)—A scout for the Washington Senators, Joe Cambria, reported Sunday the American League club has purchased the Sherman-Denison Baseball Club of the Class B Big State League.

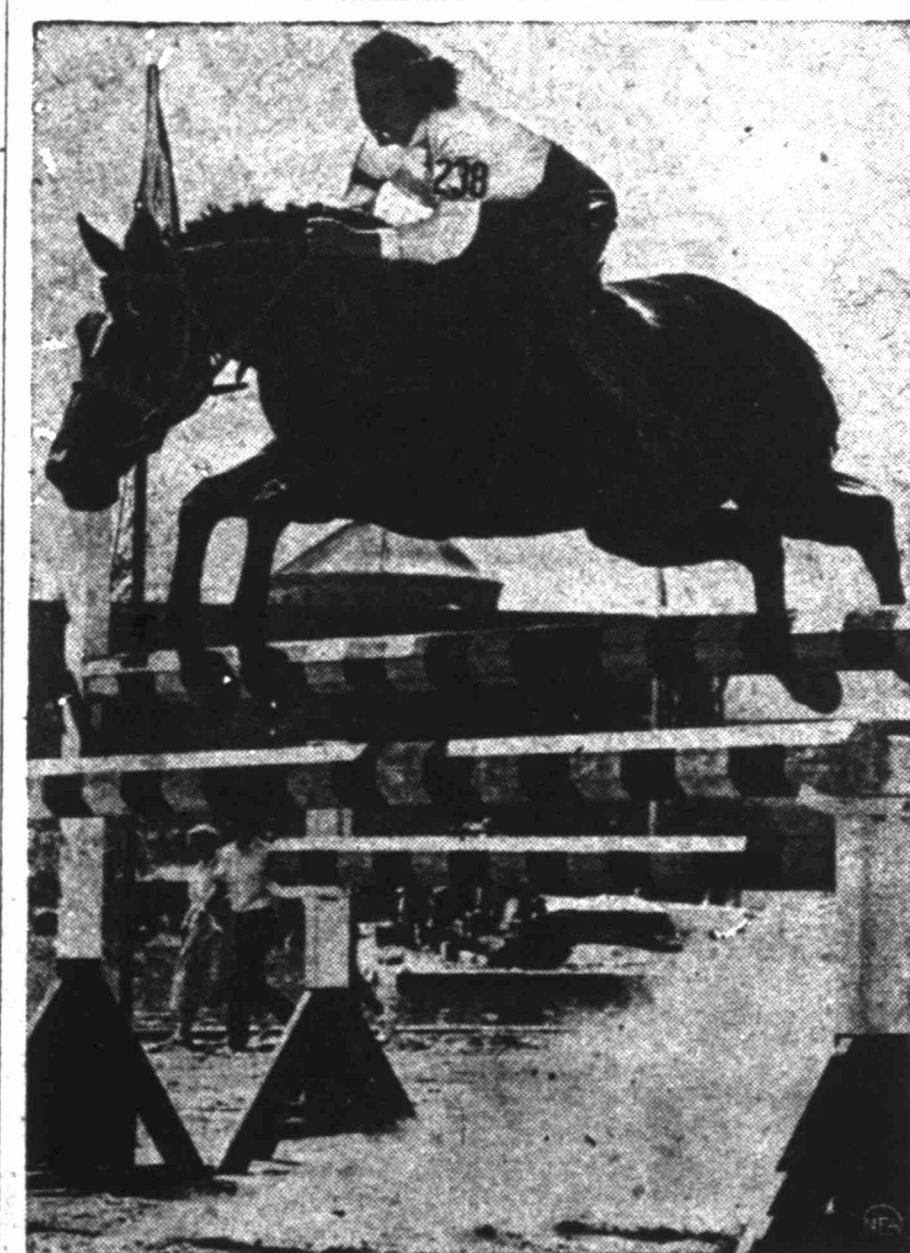

Cambria said Cuban ball players will be used next year.

Only 10 passes were completed against the 1938 Penn State football team, a college grid record.

Abilene Christian's Wildcats looked like a mighty potent bunch Saturday night as they took the Sul Ross Lobos into camp 34-0.

Coach Garvin Beauchamp's eleven hit hard, and fast. The amazing thing about the ACC team was its ability to go all the way in a hurry. It would be locked in fierce play with the Sul Ross team around mid-field—then suddenly a speedy back would be given on a six-point dash.

Freshman Bobby Campbell was a boy who really sparked the Wildcats, and you had better tab him for future reference—he scored two touchdowns, one after picking up a loose fumble seven yards deep in his own backfield. It was the first time he carried the ball.

The Wildcats could have a good ball club and still fail to place high in the Texas Conference. It's a rugged loop, and everyone is loaded for this year. Austin College and McMurry have looked good this year. And Howard Payne still has a scrapping outfit despite its loss of eight men from the squad. They were dropped by Coach Poch Wright, who gave no explanation.

The Midland Optimist Club awarded wrist-watches to the outstanding player of each team, right after the ACC-Sul Ross clash here Saturday night.

The ACC boys voted to give the watch due the Wildcat team to Coach Garvin Beauchamp.

"I'll have them vote after we get home to see who gets it," Beauchamp said.

"No," yelled the Wildcats. "You deserve it."

Center Mike Flaniken, 200-pound senior center from Morton, won the Sul Ross award. Team members voted for the lad they thought most deserving. The winning ACC team received a victory trophy right after the contest.

Coach Tugboat Jones and Coach Beauchamp were taking over a cup of coffee when we caught 'em and sat in on their conversation Saturday afternoon. Each playfully chided the other about the good season he should have—and, in the best tradition of football coaches, neither coach would look at the bright side at all.

Stanley Williams, Baylor end who was a sensation as a sophomore, is being boomed as All-America in many quarters—but Stan is more concerned with making the varsity than he is All-America. "You ought see the competition I have," Williams said recently.

This isn't false modesty with Williams, either. He is well-liked by his teammates, and has been elected president of the Baylor "B" Club—a club for Bear lettermen. Coach George Sauer calls Williams "as good an end, pound for pound, as there is in the country."

The six-foot, 190-pound wingman helped wreck the Midland Bulldogs in 1948. He caught one pass for a touchdown and snagged several others as Clisco took the Purple and Gold 19-0.

Carlos "Potato" Pascual, former Longhorn League star with Big Spring, stepped into the big time Sunday. Pascual, normally a third baseman when with Pat Stasey's nine, pitched the Washington Senators to a 3-1 win over the Philadelphia Athletics.

"Hot Potato," as he was tabbed by Big Spring, was shifted to the mound for the Broncs late in the season. He performed the envious feat of blanking the league-leading Odessa Oilers in a doubleheader, and was called up by the Chattanooga Lookouts. He went to the Senators when play ended in the Southern Association of which Chattanooga is a member.

Pascual struck out two men and walked two in his first appearance against Philadelphia Sunday.

As far as we know, Potato is the first Longhorn League player to make the Big Show. Ossie Kolwe, former Midland Indian hurler, went to the Giants for a try, but didn't stick.

DOTS AND DASHES: Doak Walker paced Detroit to a 10-7 win over Pittsburgh Sunday, in the pro ranks. Walker scored the Lions' only touchdown on a pass from Bobby Layne. He also added the conversion, and in the last three minutes kicked the game-winning field goal.

Odessa JC, which took Angelo JC 20-13 last week, has 15 former Odessa High players on the squad. They are expecting great things in Wrangler quarters from freshman tackle Johnny Divers, a California product. Divers stands six feet, five inches tall and tips the scales at 225—a weak pass defense was responsible for Seminole's 40-14 loss to Pecos last week.

Tied 7-7 at halftime, Pecos struck through the airlines for 33 points the last half—Pat Patterson says his "C" team Bulldogs need some more work, and a lot of it. They dropped their openly contest to Crockett Junior High of Odessa Saturday. A record crowd—17,000 plus—saw Wyoming dedicate its new stadium with a 7-0 victory over Baylor Saturday. It was the largest crowd in Wyoming grid history. That's the end of the show.

Forest Ervashevski of Michigan blocking game in his first season as head football coach at Washington State.

Two Weeks Play Strip Class AA Schoolboy Unbeaten, Untied Elevens Down To Mere 22

By The Associated Press. Battles between Sherman and Highland Park (Dallas) and Lubbock and Sweetwater headline the Class AA Texas schoolboy football schedule driving through the first month of the season.

These games—at Sherman and Sweetwater Friday night—match four of the 22 undefeated, untied teams left in this division of high school football.

Other important contests pair Temple with Baytown, Austin with Thomas Jefferson (San Antonio) and Bryan with Kerrville.

Temple and Austin are unbeaten and untied and Bryan is undefeated although tied last week 0-0 by Waco. Thomas Jefferson is one of the powers of the City Conference. Kerrville is the giant-killer—a team able to give mighty Port Arthur a tough game and to beat both Thomas Jefferson and another San Antonio mighty, Brackenridge.

Baytown lost to Lamar (Houston) but bounced back to crush Milby (Houston) 47-0 last week.

Already Getting Tough In Class A Grid Title March

By The Associated Press. Things are getting tough in Texas' Class A high school football race. Just 62 of the 219 teams sport unbeaten records after three big weeks of play and four of these have been tied.

Eighteen undefeated, untied teams took the count last week. These included Ballinger, Willis Point, Mission and Raymondville—four that weren't expected to tumble.

The 123-game schedule of last week not only trimmed the list of perfect teams, but it left New Braunfels and Littlefield rated the top teams.

New Braunfels used an unexpected passing attack in smashing a good Brady eleven 40-0, while Littlefield's tough Wildcats walloped Post 42-12. It was Littlefield's first win that counts toward the District Four title and a possible repeat performance as state champion.

Post had been unbeaten. Wink, Kermit, Monahans. Three of the 32 districts in Class A are loaded with tough teams. In District Five, Wink, Kermit, Monahans and Pecos still are unbeaten.

In District 12, Arlington, Garland, Irving and Mesquite are rolling right along, while District 15 has Mount Pleasant, Mount Vernon and Pittsburg are having smooth sailing. All won handily last week.

There are some 113 games on tap this week with feature billings going to Kermit-Pecos, Ballinger-Stamford, Nocona-Newcastle, New London-Irving, Huntville-El Campo, Wash Tech-Lavega, Giddings-LaGrange, Robstown-San Antonio Tech, Mission-Raymondville and Crystal City-Uvalde.

Rough Week Ahead For GCC Elevens

By The Associated Press. Gulf coast Conference football teams all appear due for trimmings this week.

Two University of Houston and North Texas State whacks at Southwest Conference teams. Houston plays Baylor at Waco and North Texas State journeys to Fayetteville to battle Arkansas.

Midwestern meets the razzle-dazzle boys of Austin College at Sherman and Trinity takes on Hardin-Simmons at Abilene.

Two of the four members won last week. Trinity licked Texas A&I and the Texas Conference 20-7 and North Texas State blasted East Texas State of the Lone Star Conference 42-20.

University of Houston made a dismal start, falling to St. Bonaventure of New York 29-14 while Midwestern took a 19-6 trouncing from McMurry of the Texas Conference.

This informant said the final decision rests with the prime minister and Attlee prefers to hang on with his paper majority of seven in the House of Commons, particularly in view of the unsettled international situation.

A group of left wing Labor supporters have been reported advocating an early election with the hope of improving Labor's majority. The Conservative opposition has predicted freely an election this year.

Forest Ervashevski of Michigan blocking game in his first season as head football coach at Washington State.

Attlee Turns Down Demands For New General Elections

LONDON —(AP)— Prime Minister Attlee has replied with a firm "No" to demands raised in some sections of the Labor Party for another general election this year.

A source close to No. 10 Downing Street said nothing short of a parliamentary defeat for Attlee would bring elections in Britain before 1951.

This informant said the final decision rests with the prime minister and Attlee prefers to hang on with his paper majority of seven in the House of Commons, particularly in view of the unsettled international situation.

A group of left wing Labor supporters have been reported advocating an early election with the hope of improving Labor's majority. The Conservative opposition has predicted freely an election this year.

Forest Ervashevski of Michigan blocking game in his first season as head football coach at Washington State.

Allies—

(Continued From Page One) all along the southeastern front, from Yongdok on the Sea of Japan to Chinyu on the southwest.

But Allied commanders were throwing the greatest weight of manpower into the battle to secure symbolic Seoul.

The Reds captured the South Korean capital three days after they invaded across Parallel 38 on June 25—just three months ago.

The U. S. and South Korean infantrymen of the Seventh Division swept eastward across the Seoul-Suwon road and jumped the Han southeast of the city.

Artillery barrages temporarily silenced Red gunfire on South Mountain, a 700-foot hill looking over the south approaches to Seoul.

Col. Lewis (Chesty) Puller's First Regiment Marines, who had crossed the river from near Youngdungpo on the southwest, joined in the barrage from southwest city heights.

Allied Prisoners Removed. Puller's regiment stormed across the bridgeless Han Sunday. It bit deep into the Tong Mak District and three mortar and artillery fire at Red defenders on South Mountain and the big Seoul army barracks nearby.

Marines searched a jail in the southwest district, seeking 3,000 American prisoners reported in Seoul. But a South Korean underground operator said the Reds had removed them several days ago.

South Korean Marines drove across ridges on the western side of the city.

U. S. Fifth Regiment Marines, who made the first Han River crossing last Wednesday, were pushing deeper into the city on the north.

All four penetrating forces were aiming at the granite Duk Soo Palace where Americans and Russians twice in the past haggled in vain over proposals to unify Korea.

Fresh Allied troops swarmed into the second front beachhead, adding power to the fight for Seoul and against Reds coming up in disorder from the old southeast beachhead.

An American airborne unit of 2,400 men landed at Kimpo airfield northwest of Seoul Sunday after a quick ship trip from the United States to Japan. It was not identified.

Ships landed a fresh South Korean division at Inchon, 22 miles west of Seoul.

All the new arrivals were rushed into action.

Allied forces struck mightily, as the war entered its fourth month, to shatter the Red Korean resistance.

Smashing out of the southeast beachhead in the tenth day of an all-out offensive, United Nations forces rolled through Yongdok, Andong, Yechon, Ulsong, Hamchang, Kumchon, Chongju, Kyocheon and Chinju.

The battline of late July—some month after Red Koreans smashed across Parallel 38—was restored.

But there appeared to be little organized Red resistance to prevent sweeping new United Nations' gains.

North Korean Ninth Division elements fought desperately to hold open an escape route to the north. The battle centered around Kumchon.

Other crumbling Red divisions were in danger of being sealed in the south when the two Allied beachheads converge.

Lieutenant Danna's Widow Has Baby Girl

FORT WORTH —(AP)— A pretty war widow of 19 days gave birth to a blue-eyed baby girl at Harris Hospital here Monday.

Mrs. Salvatore Danna, 23, had something new to live for.

On September 7 the Army notified the former Air Force training command secretary that her husband, First Lt. Salvatore Danna of Monroe, La., had been killed in an explosion of a C-54 cargo plane shortly after it left a base in Southeastern Japan.

Lieutenant Danna was pilot of the plane that exploded and crashed on September 6, killing 11 persons, three of them war correspondents Frank Emery, Charles D. Rosecrans, Jr., and Ken Inouye.

Herman Carter Dies; Rites At Merton

MERTON —James Herman Carter, 56, resident of West Texas since 1901, died Sunday at his home 14 miles west of here of a heart ailment.

Carter and his father had been ranchmen in this area since just past the turn of the century.

Funeral services were scheduled at 3 p. m. Monday in the First Methodist Church here. Interment was to be in the Merton Cemetery.

DOWNING TO SPEAK AT STAMFORD MEETING. Chamber of Commerce Manager Delbert Downing and J. Don Sadler were to leave Monday afternoon for Stamford, where Downing will be the principal speaker at the annual Stamford Rotary Club's "Farmers' Day" barbecue Monday night.

HOCKADAY JUNIOR COLLEGE DEAN EMERITUS DIES. DALLAS — Miss Sarah Basima Trent, 84, dean emerita of Hockaday Junior College, died Sunday.

Miss Trent had been a patient in a hospital here since she broke her hip bone in a fall last December 27.

CHEEK BY JOWL—Gloria Ward, 18, a consistent winner with her livestock at the last three Los Angeles County Fairs, poses with "Dick," her prize Hereford steer entry at this year's fair in Arcadia, Calif. Gloria is president of her own 4-H Club, Santa Anita Rangers.

Kiwanis Hears Talk On Chinese Affairs

Mrs. Jeff Montgomery spoke on Current Affairs in China for members of the Kiwanis Club at their regular luncheon meeting Monday in Hotel Scharbauer.

Henry Conkling, president-elect for 1951, presided at the session in the absence of Albert Kelley, the current president.

Mrs. Montgomery told the group the chief concern of the United States over China today is the extent of communism in the Oriental country.

"Two problems are facing the Chinese today," she said. One is local tyranny, brought on by burdensome taxes. The other, she said, is foreign tyranny.

The population of China is approximately double that of Russia, she said. She reviewed the history of China, explaining the Communist movement in the country.

The State convention to be held in Galveston, October 1, 2 and 3. Delegates named are Conkling, Oliver Haag and Kelley.

Andrews News

ANDREWS — The annual fashion show presented by the Andrews Study Club will be staged September 26 in the Community Building.

Presenting the latest in Fall fashions for ladies and children, the show will feature styles from The Fashion Shoppe, B. Williams and Sons, St. Clair's Department Store and Singleton's.

A small fee of 50 cents will be charged for admission. Funds realized from the show will be used to help finance the club's Nursing Scholarship for the coming year.

Models to appear in the fashion show include Mrs. Burden, Maxine Martin, Mable Brown, Bonita Cannon, Earlene Fisher, Mrs. Lee Murphy, Joyce Marie Rocco, Diana Roberts, Carol Roberts, Kindall Carruth, Carolyn Reed, Ray and Kay Morris, Marie Roberts, Mrs. John Harrell, Mike Ford, Judy Bell Pinnell, Mrs. Hurley, Jean Dingle, Betty Gooch, Sherry Brown and Dana Tubbs.

Fullerton Camp employees and their families held a Mexican supper last week at the Camp grounds. At the same time, the John Ed. Anita Woodley, III, son of Mr. and Mrs. John Edward Woodberry, II was showered with an array of gifts. He is eight weeks old.

Janice Greenfield was honored guest recently when her mother, Mrs. L. B. Greenfield, entertained on her 13th birthday with a party at their home in the Phillips Gasoline Camp.

Present for the party were Myrna Loy, and Wanda Martin, Sandra and Teresa Rhodes, Margo Melton, Anita Woodley, Eunice Jenkins, Carol Cable, Retha Thomas and Julia Mossman.

Junior Department Party. The Junior Department of the Fullerton Baptist Church held a party last week at the tennis courts of the El Paso Gas Camp.

Leaders of the department and hostesses for the party were Mr. and Mrs. Adell Galle, Mr. and Mrs. Leonard Greenfield, Mr. and Mrs. Rex Jenkins and Mrs. Tom Swift.

Members of the department attending the party were Doyle Hamilton, Max Rogstad, Larry Bufkins, Johnnie Scott, Doyle Parker, Wanda Jenkins, Mary Toops, Joel Graves, Beverly Hoffman, Robert Mayfield, Phil Lowder, Raymond Jenkins, the Kay Ford, Mayland Mosley, Anita Mosley, George Mossman, Julia Mossman, Jerry Robin Galle, Glenn Jones, Linda Doreland, D. E. Galle, Marshall Galle, Myrna Loy Martin, Wanda Martin, Carol Galle, Janice Greenfield, Troy Greenfield, Doris Ann Swift, Joy Redman, Ann Driver, Janet Driver, Eunice Jenkins, Richard Jenkins, Gynith Walters, Walter Thomas and Retha Thomas.

Mrs. A. L. Warden was hostess recently for a covered dish luncheon and all day meeting of the Shell Gals Club.

Officers of the organization, elected for the coming year, are Mrs. Trilby Gerber, president, and Mrs. Bert Thomas, reporter.

Among those attending the meeting were Mrs. Gerber, Mrs. Thomas, Grace Johnson, Margaret Day, William Hollis Driver, Eunice Simpson, Pauline Rhodes, Mary Belew, Ruby Toy, Edna Warden and Ruth Thomas.

UNDERGOES OPERATION. CINCINNATI —(AP)— Ewell Blackwell, star right-handed pitcher for the Cincinnati Reds, Monday underwent an emergency operation for removal of his appendix.

Snake Bite Fatal To Sweetwater Woman. SWEETWATER — A rattlesnake bite sustained about 3 p.m. Saturday was fatal early Sunday to Mrs. W. H. Bradberry, 64, resident of Nolan County for more than 40 years.

Mrs. Bradberry died in a Roby hospital.

Mrs. Bradberry was visiting her daughter, Mrs. Henry Tarter, near Sylvester, when the snake struck her while she was walking in the yard.

Permian Basin Oil And Gas Log—

(Continued From Page One) duction came through a 12/64-inch tubing choke and open hole between 3,706 feet and 3,716 feet.

Elevation is 1,960 feet. Exact location of the new producer is 330 feet from north and east lines of block 11, Marshall University survey 511. It is three miles northwest of the Cree-Sykes Gardner sand field and eight miles northwest of Winters.

PBLA To Elect Officers Monday

A full attendance of all members of the Permian Basin Landmen's Association is urged for the dinner meeting of the organization at 7 p.m., Monday night.

The affair will be a business session at which officers for the coming year will be elected.

The election will be held following a dinner.

Flanker Is Slated For C-S Territory

Amerasia Petroleum Corporation has filed application with the railroad commission of Texas to drill its No. 1 Carl Golden as a one-location northeast offset to its No. 1 Willard reef lime discovery in Central-South Territory.

Drillate will be 660 feet from south and west lines of the southeast quarter of section 7, block C-37, plat survey and 14 miles south of Brownfield.

The explorer will be drilled 330 feet west and north of Anderson-Prichard Oil Corporation No. 1 Carl Golden, a dry hole plugged at total depth of 5,006 feet.

Amerasia's No. 1 Golden is projected to 9,000 feet to test the reef from which the No. 1 Willard is getting production.

That operators No. 2 Willard and No. 1 Miller, west and east offsets to the discovery, have proven for production from the reef lime. Casing has been set on both the above offsets and they will be completed from the reef pay.

Wildcat Scheduled For N-W Pecos Area

William Y. Penn of Midland will drill a 2,750-foot wildcat in Northwest Pecos County immediately.

The prospector will be the No. 1 C. J. Golden estate located 990 feet from the southwest and southeast lines of section 80, block 10, H&GN survey, and six miles south of Imperial.

The projected depth is calculated to take the wildcat into Permian lime.

S-C Taylor Opener Reports Completion

Kemp Drilling Company, Inc. No. 1 E. L. Young, South-Central Taylor County wildcat 10 miles southwest of Buffalo Gap, flowed 126 barrels of oil in four hours of a 24-hour potential test.

Calculated 24-hour potential based on this gauge is 756 barrels of 42.2-gravity oil.

This new well is producing from perforations opposite a sand at 4,590-96 feet. Total depth is 4,606 feet and casing is cemented on bottom. Top of the pay is at 4,596 feet.

It is located 2,182 feet from west and 467 feet from south lines of section 266, block 64, H&TC survey. The new discovery is the only producer in that immediate vicinity.

It is a mile and one-half west of the recently abandoned Humble Oil & Refining Company No. 1 Sayles, Ellenburger failure.

Ellenburger Topped In Rannels Venture

Ellenburger was topped at 4,764 feet by Humble Oil & Refining Company No. 1 W. W. Rannells wildcat, five miles southwest of Winters in Central-North Rannels County.

Operators were to take a drill-stem test from 4,766 to 4,816 feet.

The prospector is located at the center of the southwest quarter of the northeast quarter of section 47, block 63, HT&B survey.

Production Try Set For Howard Wildcat

Burdell Oil Company No. 1 J. H. Hodnett, Northeast Howard County wildcat, two miles northeast of Vincent is preparing to make a production test on a section in the Clear Fork-Permian lime which has indicated possibilities of making some sort of oil well and a discovery.

The testing will be on the interval at 4,020-4,512 feet in open hole. Interested observers think there is a fair chance that a small producer can be completed there.

This prospector is 680 feet from north and east lines of the southeast quarter of section 31, block 25, H&TC survey. It drilled to a total depth of 7,566 feet, in lower Pennsylvanian lime without finding any commercial signs of oil or gas in that formation.

Burdell's No. 1 Hodnett developed flowing sulphur water in a drill-stem test in the Pennsylvanian lime at 7,453-68 feet. The tool was open two hours.

Gas showed at the surface in 32 minutes and heavy oil and gas cut mud came to the top in 77 minutes. Sulphur water started flowing in 110 minutes. The water was flowed to pits for 10 minutes.

Recovery was one gallon of oil and 7,400 feet of sulphur water.

Top of the Pennsylvanian reef lime is at 7,453 feet. Elevation is 2,336 feet.

After the flowing water was developed operator deepened to 7,568 feet. No new signs of oil or gas were found. The section was porous and gave indications that it would make more water.

Operator ran electric log for the

Menard Is To Be Site Of Explorer

A deep wildcat has been staked in Northwest Menard County. It is Whitfin Estate, Inc. of Dallas No. 1 Wilhelm, Fritz & Louise.

This new venture will be drilled to 4,500 feet with rotary tools, beginning by October 1.

It is located 20 miles northwest of Menard and 330 feet from south and west lines of Fred Speck survey No. 6.

Ellenburger To Be Tested In Scurry

The No. 1 Conrad is 660 feet from south and west lines of sections 73, block 25, H&TC survey and about three miles south of the nearest producing wells on the southwest, side of the Sharon Ridge-Canyon field.

The No. 1 Conrad is 660 feet from south and west lines of sections 73, block 25, H&TC survey and about three miles south of the nearest producing wells on the southwest, side of the Sharon Ridge-Canyon field.

The No. 1 Conrad is 660 feet from south and west lines of sections 73, block 25, H&TC survey and about three miles south of the nearest producing wells on the southwest, side of the Sharon Ridge-Canyon field.

The No. 1 Conrad is 660 feet from south and west lines of sections 73, block 25, H&TC survey and about three miles south of the nearest producing wells on the southwest, side of the Sharon Ridge-Canyon field.

Combination Try Is Due Concho

Baker & Fidel of Wichita Falls have spotted a 2,500-foot combination tool wildcat in Concho County five miles southwest of Doolo.

No. 1 T. Y. Hill is located 340 feet from south and 1,800 feet from east lines of survey No. 1,694, abstract 197, J. Frederick survey.

Drillrite is one and one-quarter miles west of the McCulloch County line.

Cable Tool Wildcats Slated For Crockett

Northeast Crockett County is slated for two 2,000-foot cable tool wildcats.

R&R Drilling Company of Artesia, N. M., No. 1 Stanolind-University is located 330 feet from south and east lines of the north half of section 11, block 39, University survey and 20 miles northeast of Ozona.

Seventeen miles southeast of Barnhart, Vickers & Yarbro of Ozona staked No. 1 University 330 feet from north and 990 feet from west lines of the 338-acre lease in section 19, block 39, University survey.

Drilling operations on both projects are scheduled to begin at once.

Plugging Orders Issued In Kent

Drilling & Exploration Company, Inc., of Abilene, is to plug and abandon its No. 1-D Wilson Connell, Southwest Kent County wildcat, two and one-half miles north-east of the town of Polar.

This project drilled to total depth of 8,010 feet in barren Ellenburger. That formation was topped at 7,850 feet. Elevation is 2,330 feet.

After drilling to total depth of 8,010 feet and finding no fluid in the Ellenburger operator plugged back and ran a drillstem test in the Mississippian at 7,633-7,714 feet.

The tool was open two hours. Recovery was 1,080 feet of blackish drilling mud, 90 feet of mud cut water and 240 feet of salt water. There were no signs of petroleum.

Operator has now ordered the exploration plugged.

It was 660 feet from south and west lines of section 5, block 5, H&GN survey, and one and three-quarters miles northwest of Kewanee Oil Company No. 1-C Will (Connell), discovery well of the East Polar-Pennsylvanian field.

Perlman Quits Taylor Venture

William Perlman of Houston has plugged and abandoned his No. 1 J. G. Pope, wildcat in Central-North Taylor County.

Total depth was reported to be 2,745 feet.

Location was 330 feet from north and east lines of section 12, block 51, T&P survey and three and one-half miles northeast of Tye.

Sammie Morgan Wins First Day Contest

First day winner in a contest of National Dog Week here was announced Monday as Sammie Morgan, 300 East Florida Street.

PUBLISHER'S WIDOW DIES
BROWNWOOD —(P)— Mrs. Matie Alvina White, 62, widow of the late James C. White, editor of the Brownwood Bulletin and former editor of The Brownwood Banner, died here Sunday.

Huks, Soldiers Battle In Town Near Manila

MANILA —(P)— A battle between an estimated 500 Communist Huk-bahaps and government troops was reported raging late Monday less than 20 miles south of Manila.

ATOM-CARRIER OF THE FUTURE?—A combination submarine and aircraft carrier with atom-bomb-carrying aircraft is reported receiving consideration of top military planners. How such a craft might look is depicted above by a "Mechanix Illustrated" artist. The undersea monster would be about the size of a heavy cruiser, would pack eight-inch cannon, rocket missiles and torpedo tubes. Its Sunday punch would be its jet planes carrying the atom bomb.

TEXANS IN WASHINGTON— Fiery Senator Connally Gets Commission Told

WASHINGTON —(P)— Senator Tom Connally gave the Federal Power Commission a piece of his mind when he appeared before it at the recent hearing on the Brazos River Dam program.

Commissions are tribunals, not unlike the U. S. courts, and their members are accustomed to deferential treatment from the lawyers and witnesses.

So, it was with what appeared to be stunned silence that the FPC commissioners sat on their bench and heard the silver-haired Texan unleash a barrage at government commissions and agencies in general. Four of the five commissioners were present.

The question under discussion, still to be settled, is whether the FPC will waive its questioned jurisdiction over three hydro-electric dams the Brazos River Conservation and Reclamation District wants to build.

To Affect Navigation
The FPC contends the dams will affect navigation in the lower reaches of the river, and on that ground claims jurisdiction.

Texans ridicule this point, arguing the river is not navigable and never conceivably could be far upstream where the dams will be built. And built solely with Texas money, on a river lying wholly within Texas.

John Sandlin, 44, a taxi company operator, was shot to death Saturday night in a Houston cafe. Mrs. Faye D. Stout, 38, was found shot to death in a parked car near Houston Saturday. Justice of the Peace Neal Shurleiff returned a suicide verdict.

TMA PRESIDENT—Robert E. Clements of Amarillo, president of the Texas Manufacturers Association, will preside at the organization's twenty-eighth Annual Conference of Texas Industry to be held in Galveston October 19-20.

Kids Back In School After Special Day

Midland kids went back to school Monday. They had been "kings for a day" Saturday, which was National Kids' Day.

The Midland Kiwanis Club sponsored an observance here of the day. A feature was the morning parade in the business district which included police escort for just about every kid in town (at least it appeared so).

Chill Weather In Big Area Follows Heavy Smoke Layer
A chill blast hit a large area of the nation again Monday under a heavy layer of smoke from Canadian forest fires.

Proclamation
WHEREAS, the citizens of Midland wish to join in the celebration of National Dog Week.

IT IS CLEAN! SNOWHITE Is Coming To Town!

Sawyer Says Arms Program To Continue After Korea Victory

WASHINGTON —(P)— No letup in the nation's military preparedness drive—even after victory in Korea—is promised by Secretary of Commerce Sawyer.

He even hinted that new business controls may be expected—to channel more productive facilities and materials to armament.

Sawyer was asked in a radio interview Sunday night if the United States could properly relax rearmament efforts when the fight in Korea is won. His answer:

15-Year-Old Girl Is Held In Death Of Pensioner, 70
UKIAH, CALIF. —(P)— A 15-year-old girl, a onetime mental patient, was held Monday for the fatal shooting of a 70-year-old backwoods pensioner.

Livestock
