Gunmen Make Try At Truman

Pair Felled On Steps Of Blair House

WASHINGTON —(AP)— Two men rushed on Blair House, President Truman's residence, with blazing pistols in hand Wednesday and were shot down by White House guards. Three officers reportedly were wounded.

President Truman was in Blair House at the time. Just a few minutes later he was due to leave to go to Arlington Cemetery to participate in a ceremony commemorating Sir John Dill, British military leader.

Secret Service men said the gunmen who staged the wild apparent assassination attempt had German Luger pistols.

Both men were shot down on the steps of the executive mansion. One fell with blood spurting from a chest wound.

Blair House is across Pennsylvania Avenue from the White House proper. The President and his family have been living there while a remodeling job is underway on the White House.

The shooting occurred about 1:15 p.m. (CST). Hobart Francis, inspector of Washington police, told a reporter, "I presume it was an attempt to assassinate the President."

The gunfire broke out suddenly and without warning.

Secret Service men said two men suddenly made a rush at Blair House with guns in their hands.

The White House guard opened fire. A policeman told a reporter one of the civilians had approached from across Pennsylvania Avenue, the other from the corner west of Blair House on the avenue.

Their guns were blazing at the three White House policemen who guarded the sentry booths and the front entry of Blair House.

"We let them have it," the policeman said. Emergency calls brought police cars screaming from all parts of the city. A crowd quickly gathered.

Mrs. Truman peered out of Blair House briefly as ambulances and rescue cars arrived.

White House police said the two civilians tentatively were identified from papers on them as Marion R. Preston, dead, and Oscar Olliskin, or O. Olliskin, who was seriously wounded through the head and chest.

They said the White House guards wounded were Don Birdzell, Leslie Coffelt, and Joe Downs.

They were taken to emergency hospital and their condition was not known immediately.

'No German Army,' Pact Allies Say

WASHINGTON —(AP)— Secretary of State Acheson Wednesday said the North Atlantic Treaty nations are agreed that there shall be no German national army, German war industry nor a German general staff.

He made the statement in telling a news conference that the North Atlantic defense ministers have agreed on the importance of German participation in the build-up of a Western European defense.

Acheson voiced confidence that a council of deputies and the North Atlantic Military Committee will be able to work out details for using German forces, a point the defense committee failed to agree on in its three-day meeting here.

Acheson declared, too, that there is no question of a delay in the defense plans.

The defense ministers deadlocked over French insistence that only small German units be accepted in the proposed combined European defense force, and that these operate only under a unified European organization which has yet to be agreed upon.

Acheson reported an extraordinary amount of progress has been made in defense preparations in the last two months. Noting that the treaty nations have some very tough problems to work out, he declared that the failure of the defense ministers to reach agreement did not mean there was any crisis.

The United States apparently has put its feet down and told France she must make some concessions on the German rearmament question.

Police Report Safe And Sane Halloween Observance In City

Midland Police Department official Wednesday reported a relatively safe and sane Halloween was observed here.

The usual number of trash cans were placed in streets, windows were soaped, and plenty of merry-making was reported. But the rough stuff was held to a minimum. A home-made bomb was deposited in front of the city hall early Tuesday night, creating a loud noise, but doing no damage.

The annual "trick or treat" brigade was out in force, invading all lighted living rooms.

An automobile trailer was found parked in the intersection of North "C" and Illinois Street. Officers brought the vehicle to the police station for safekeeping.

A few lawn house numbers were (Continued On Page Nine)

Oil Field Worker Injured Seriously

A 27-year-old Midland oil field worker was injured seriously early Wednesday when struck by a pair of tongs while working on a well 16 miles southeast of Midland.

The man, Jack Hardy, 243 West Wall Street, was rushed to Midland Memorial Hospital. Extent of a back injury had not been determined Wednesday noon.

Hardy is an employe of the Roberts Drilling Company.

U. S. Tanks Smash Rallying Ko-Reds

SEOUL —(AP)— American armor rammed roughshod over rallying Reds in Northwest Korea Wednesday and thrust within 19 air miles of the Communist Manchurian border.

Overhead, Russian-built jet fighters, flying at almost the speed of sound, were battled to a draw by slower U. S. Mustangs. Apparently neither side lost any planes in the dogfight, a spokesman said.

The swift ground thrust to Charyongwan by a tank column of the U. S. 24th Division came after fierce Communist counterattacks along the Chong River were repulsed Tuesday night.

U. S. Eighth Army Headquarters said the column was pushing toward the Yalu River boundary city of Sinuiju against lessening resistance. Sinuiju is across the Yalu River from Antung, big Chinese Red Air base in Manchuria.

Earlier Wednesday, three Russian-made Yak planes were shot down by U. S. P-51 Mustang fighters and a B-26 light bomber. The fighters got two, the bomber one. One American P-80 jet fighter was downed by Red anti-aircraft fire.

Red Korean resistance elsewhere on the 250-mile peninsula front was stiff and getting stiffer.

Marine Planes Attack
On the northeast front, the U. S. Seventh Division smashed a counterattack by possibly 2,000 North Koreans near Pungsan, 51 miles from the Manchurian frontier. Marine fighter planes killed an estimated 500 to 1,000 of the enemy, a field dispatch reported.

A U. S. First Corps spokesman reported a tank-led Communist column launched a dusk assault on the Republic of Korea (ROK) First Division northwest of Ulsan, on the northwest front.

Strong Red attacks were hurled also at the U. S. First Cavalry Division, which rolled into battle southeast of Ulsan to relieve the (Continued On Page Nine)

Chest Drive Past \$30,000

Midland's 1950 Community Chest drive went over the \$30,000 mark Wednesday.

Contributions of \$30,110 were reported by campaign headquarters. This represented a gain of \$582 over Tuesday's report of \$29,528.

The goal is \$45,386 as the drive continues.

Broken down, the Wednesday report showed: Big Gifts \$8,800; Ranchers and Farmers \$2,235; Office Buildings \$4,650; Non-Resident Corporations \$3,875; Business District \$4,867; Public Buildings \$472; Residential \$2,397; Schools \$708; Lawyers \$1,251; Doctors \$625; Negroes \$136; Latin American \$87.

"We are happy to go over the \$30,000 mark but it's a long way to the top," campaign workers said Wednesday.

Woman Plunges To Death From Window Of Hotel Bedroom

SAN ANTONIO —(AP)— A 44-year-old mother plunged from the eleventh floor of a downtown hotel here early Wednesday.

She was identified by detectives as Mrs. Lovenia Hegelund, address unknown.

Justice of the Peace M. D. (Buck) Jones was called as coroner.

According to the detectives, the woman had been visiting at the room of a Randolph Air Force Base soldier on the eleventh floor of the hotel. He told them she had made several telephone calls during the evening, and he heard her tell someone she was going to jump. He said he thought she was joking.

The soldier said he was asleep when the fatal plunge occurred.

In Mrs. Hegelund's purse was a clipping concerning a movie and written on it was a note, "Be sure and see this picture. Your children are in it." Her children are believed to live in West Texas.

Detectives said the woman formerly had been employed at a nearby Austin Highway cafe.

Cooling Norther Moves Down From Texas Panhandle

By The Associated Press
A cooling norther swept down through the Texas Panhandle Tuesday morning, kicking up a little dust and promising to end the current heat wave.

The Weather Bureau said the cool front should reach North-Central Texas by late Wednesday. It is problematical how far South it will go. The norther could either slow down, or become stationary, Thursday.

Heat records for the last day of October were broken or matched in several Texas points Tuesday. Dallas' 86 tied the record, as did Amarillo's 85. El Paso set a new record with 87, compared with the record 84 set in 1937.

Children, in the Panhandle had a small dust storm Wednesday as the norther swept through behind an 18-mile-an-hour wind.

The forecast for Thursday is for cooler weather in most of the state, and partly cloudy skies. It still was too early to say whether the cool front would reach South Texas.

George Bernard Shaw Believed Near Death

AYOT ST. LAWRENCE —(AP)— George Bernard Shaw Wednesday lapsed into what seemed to be his dying coma.

The 84-year-old playwright lost consciousness at 3 a.m. A few hours later his breathing became labored and heavy. At 12:20 p.m. he still was unconscious and the spark of life flickered weakly.

The old Irishman, best known playwright of modern times, suffered a relapse Sunday seven weeks after he underwent two operations, one for a kidney ailment and one to put together the thigh bone he broke in a fall in his garden on September 2.

Pope Proclaims New Dogma Into Creed Of 400 Million Catholics

VATICAN CITY —(AP)— Pope Pius XII Wednesday formally proclaimed before one of the most spectacular assemblages of the Catholic Church the dogma that Mary, mother of Jesus, went to heaven in body as well as in soul.

This, he said, had been revealed divinely. The new dogma thus became part of the church creed which 400,000,000 Roman Catholics throughout the world must accept or risk exposure to heresy.

The last dogma added to the church doctrine was in 1870.

The pronouncement, contained in a long paper bull, was read from a temporary throne before the central doors of St. Peter's Basilica. In front of the pontiff stretched a throng of Holy Year pilgrims and Romans said by Vatican historians it was the greatest they could recall in Christendom's history. The event, they added, was the crowning act of the 1950 Holy Year.

Broadcast To World
Loudspeakers and radio carried the Pope's Latin words to the outer fringes of the assemblage and to the far corners of the world. They also picked up the thunderous choir of bells from Rome's almost 500 churches which began a festive tolling at the conclusion of the proclamation, and the hurricane of cheers and "vivas" which greeted the pope's declaration.

Massed close about the temporary throne were 38 of the church's 53 living cardinals. Banked on the broad steps close below them were 580 archbishops, patriarchs and bishops from all parts of the world.

Well up in front, also, were the representatives of some 40 nations with which the Vatican maintains diplomatic relations. There were no representatives from the Iron Curtain countries.

28 Persons Killed In British Air Crash

LONDON —(AP)— A Paris-to-London air trip ended in death Tuesday night for 28 persons, including three residents of the United States. They were killed in a fog-shrouded British European Airways plane which overshot a runway at London Airport, crashed into a pile of pipe and exploded.

Of the 26 passengers and crew of four aboard, two Londoners survived the crash with serious, but not critical, injuries.

BEA identified the U. S. dead as Ernest Friedenheim, New York; Judith Lauterbach, New York; and P. Levy, Chicago.

WHOLESALE FOOD PRICE INDEX CLIMBS HIGHER

NEW YORK —(AP)— Advancing for the second week in a row, the Dun & Bradstreet wholesale food price index this week climbed to \$652 from \$650 last week, and was 14.6 per cent above the year-ago week's \$569.

NW Sutton Area Gets Ellenburger Explorer

Drilling is to be started at once at Placid Oil Company of Shreveport, La., No. 1 Mrs. E. Mayer, which is to be a 9,000-foot wildcat to explore through the Ellenburger in Northwest Sutton County.

Location is 660 feet from south and west lines of section 36, block D, GC&SP survey. That puts it ten miles west of Sonora.

The contract calls for the project to drill to 9,000 feet, unless it finds oil or water in the Ellenburger at a lesser depth.

It is being drilled on a spread of acreage which was assembled by John Darden and J. A. McRae, both of Midland.

They turned the deal to Placid to drill and retained some acreage in the spread. The wildcat is to be on a farm out from Continental Oil Company. That concern contributed both acreage and cash. The Pure Oil Company contributed acreage. The Superior Oil Company made a cash contribution toward the drilling of the exploration.

Pennsylvanian Test Is Slated For Garza

C. T. McLaughlin No. 1 Williams will be drilled as a 7,000-foot wildcat in south-central Garza County, 10 miles northwest of Justiceburg.

Exact location of the prospector will be 330 feet from south and east lines of section 72, block 5, H&GN survey.

Operations toward contract depth are to commence immediately. The projected depth is calculated to take the explorer into Pennsylvanian lime.

Core From Midland Wildcat Bleeds Oil

Houston Oil Company No. 1 Golladay, Spraberry wildcat in East-Central Midland County and 660 feet from south and east lines of section 3, A. P. Veasy survey, is preparing to drillstem test the interval from 7,420 to 7,468 feet.

Operator cored from 7,423 to 7,468 feet. Recovery was 45 feet of sandy shale and shaly sand with slight bleeding of gas and bleeding off in the upper section of the core.

NW Howard Tester Gets Drilling Break

A drilling break was encountered at 9,528 feet in Pennsylvanian lime, and operator is taking a drillstem test from that point to total depth of 9,543 feet at Brinkerhoff Drilling Company and associates No. 1 Jones, Northwest Howard County wildcat.

There was some porosity in samples while drilling soft from 9,528 to 9,543 feet.

Location is 660 feet from north and east lines of the northeast quarter of section 18, block 34, T&P survey, T-2-N.

SE-C Terry Gets Deep Prospector

Greenbrier Oil Company and others have filed application with the Railroad Commission of Texas for permission to drill the No. 1 L. A. Brownfield and others as a wildcat in Southeast-Central Terry County.

Location of the 11,000-foot test will be 660 feet from east and north lines of section 5, block Y, EL&RR survey.

Rotary operations will begin as soon as location is cleared and drilling unit is moved in.

Drillsite will be eight and one-half miles southeast of Brownfield.

Ellenburger Wildcat Is Slated For Crosby

Plymouth Oil Company will drill a 6,800-foot Ellenburger wildcat in Southeast Crosby County.

The prospector will be that company's No. 1 H. E. Fisher and will be drilled 660 feet from west and 1,980 feet from south lines of section 88, block 8, H&GN survey.

That makes drillsite on the southeast side of a 12 1/2-section block held by Plymouth.

Operations with rotary tools are to commence at once.

Fisher Area Due Deep Exploration

Ryan & Abbott of Oklahoma City have spotted a 6,400-foot Ellenburger wildcat in South-Central Fisher County.

The venture will be drilled as the No. 1 R. E. Allen, 330 feet from north and west lines of section 2, block 318, Gillespie County school land survey. That puts it five miles south of Roby.

Location is half a mile southwest of a Cook sand producer in the Roby pool.

Fans Form Longest Line In History For Grid Tickets

Football fever hit Midland Wednesday!

There was the longest line of football ticket seekers ever to seek game tickets here.

You see, the Midland-Odessa game tickets went on sale at 9 a.m. at the Chamber of Commerce office.

Just before 7 a.m., Melvin Haney, jolly Midland sportsman, placed himself at the number one spot at the door of the office and this started the longest line in history.

By 8 a.m., a line of 200 or more Midlanders were in place—all with a common purpose—tickets.

At 9 a.m., the line ran along Wall Street to the corner of Wall and Loraine Streets, curved around Hotel Scharbauer and extended a block down Loraine Street.

All morning long, the telephone in the Chamber of Commerce office jingled. "Can you save me some tickets?" they asked.

"Sorry," was the answer. First-Come, First-Served. The tickets were sold on a first-come, first-served basis, with no favors granted.

Maximum allotment was 10 tickets to an individual. And most buyers (those lucky people) took the limit.

Delbert Downing and his assistant Burvin Hines were snowed under a pile of checks, greenbacks and other legal tender.

Some 2,851 tickets were put on sale Wednesday morning. Odessa received 4,835 tickets. With season ticket holders very happy about their situation and with 3,000 temporary seats to be erected—it appears 13,000 fans will be jammed into Memorial Stadium for the holiday classic November 11.

Some took hope in the announcement that between 500 and 600 more tickets for temporary seats will be placed on sale here at a later date.

That November 11 ball game is apt to be the largest grid crowd ever assembled in Midland.

Tickets are so scarce one almost expected to see Tugboat Jones in that long line Wednesday.

'Picture Of Month' On Display In Bank

"Still Life," a beautiful, colorful harmony of Autumn flowers and other forms, is on display at The First National Bank as its "Picture of the Month."

The painting is by Maud M. Mason, a native of Russellville, Ky., who is one of America's most distinguished women painters. She also is a nationally-known lecturer on flower arrangements and master craftsman in the field of ceramics.

She has won numerous awards and prizes for her exceptional creations and rare talent in various branches of art. Today, at the age of 73, Miss Mason is in charge of all art activities of the National Arts Club in New York.

The painting, "Still Life," will remain on display in The First National's banking rooms during November. Residents of Midland and area are invited to see and study it during regular banking hours.

Film Version Will Surprise Readers Of Weidman Novel

By **ERSKINE JOHNSON**
HOLLYWOOD—readers of Jerome Weidman's novel, "I Can Get It for You Wholesale," will blink when they see Fox's movie version. The hero has been changed to a heroine. Any day now I expect to see Maureen O'Hara as "Donna Quixote."

Now it can be told dept.: The correspondence from playwright Mary Chase to UI on her ideas for the film version of "Harvey" ran more pages than the shooting script of the picture.

Anne Baxter and John Hodiak are yelling that they want to do another picture together. Their last was "Homecoming" with Gable. Sally Forrest was just a demure ingenue at MGM until RKO brought out her talent in "Mother of a Champion." S'funny, RKO did the same for Janet Leigh and Ava Gardner. Joan Davis' medals have given her the green light to resume her movie activity, but still are cautioning her to take it easy.

Hollywood's independent producers, who control the rights to old movies not behind the major studio iron curtain, can net about \$30,000 per film on the current video circuit. The figure is based on four runs over a two-year period.

Bud Abbott and Lou Costello's eight-year-old gin rummy game, played between scenes of their films, has Lou \$300,000 in the red on paper.

"We bet high," Lou told me, "because neither of us ever intend to pay off anyway."

Marilyn Buford, the former Miss America who became an Italian movie queen, may become the bride of Italy's famous clown, Toto. Jack Cunningham, ninth ranking U. S. tennis pro, and Fox starlet Joyce Penrose, the eight-year-old dramatic whir kid, will be starred in "A Texas Scandal."

The tongue-waggers have been sniping at Dan Dailey and a famous movie blonde. Why don't Dan and Betty Grable come right out and say that they are pals who enjoy a good laugh together and that is friendship that brings them to the Hollywood night spots?

JACOBY ON CANASTA

By **OSWALD JACOBY**
Written for NEA Service
One of the most fascinating things about Canasta is the kaleidoscopic way the situation changes from play to play. For instance, consider this letter just received from a Chicago reader:

"In your column this morning, Mrs. J. R. S. wrote of the miserable hand she held recently in a Canasta game. If she thinks that is bad, what about this one I held last night: Both sides needed 120. My hand was joker-A-K-Q-10-9-8-7-6-5-4.

"This wasn't the first time I held a hand like this, but last night I had what you called 'extraordinary luck.' The first card I picked was an eight, so then I had a pair. The second time I picked a joker, but did not meld yet. The third time I picked up the pack as an eight was discarded to me, and I melded a total of 130 points.

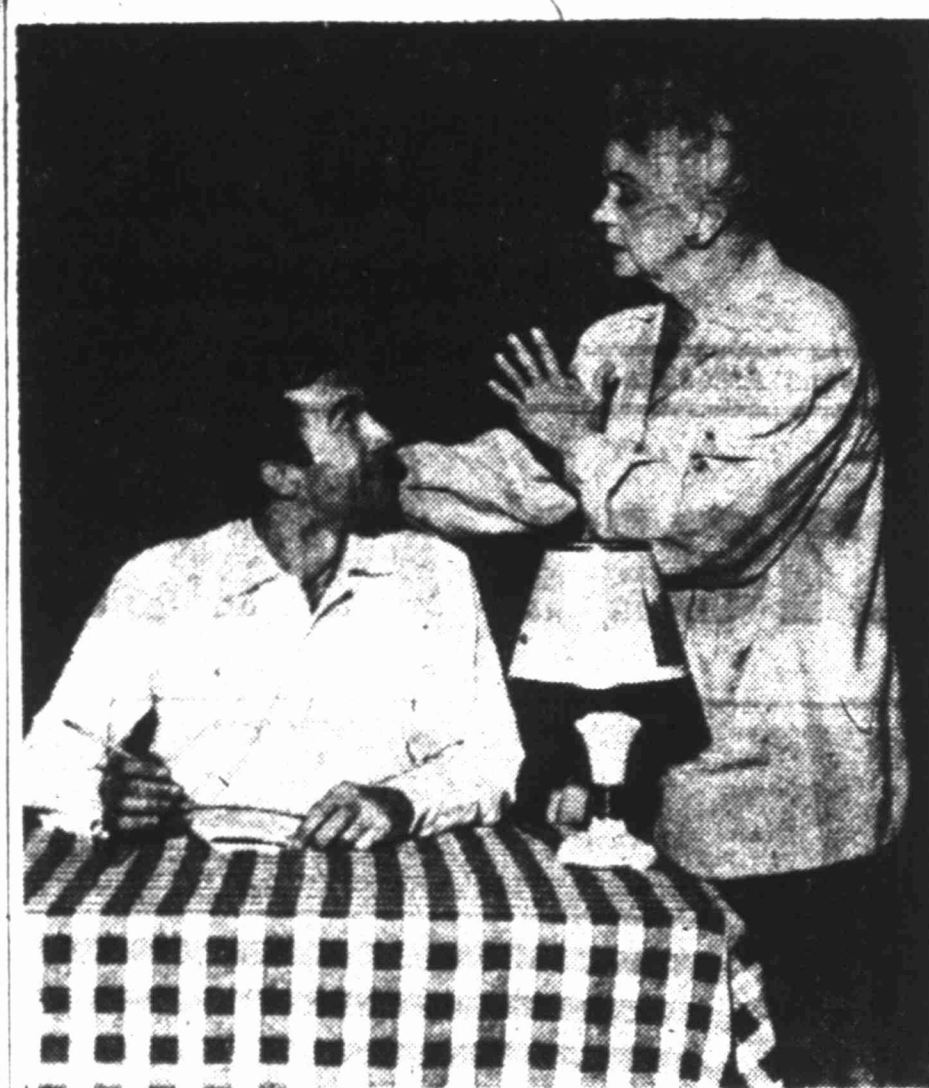

"As I said before, I had held many hands like the one above but had never been lucky enough to match the right cards even when needing only 90 points. And what's worse, there wouldn't be any wild cards!—Mrs. N. J. R."

Of course the hand held by Mrs. R. was not a really bad one. Any time you are dealt one of the four jokers, your hand is not hopeless. Nevertheless, it was phenomenal that she was able to pair a card on her first draw, pick up a second joker at her next turn and then on the very next play have the only card she could use discarded to her.

A New York reader asks the following question: "I needed 50 and melded 2-Q-Q-Q and 5-5-5. Before discarding I wanted to shift the deuce over to the fives. My opponents refused to let me. Were they right?"

The answer is that they certainly were. Once a card is melded legally it may not be shifted to another meld.

A wild card may be shifted to make an insufficient count sufficient. Suppose, for example, that the New York reader had melded 2-5-5-5 and only held two queens. In that case, she could put down the queens and move the deuce over since that would be the only way she could make the required count.

"THE GLASS MENAGERIE"—Tennessee Williams' tender comedy, "The Glass Menagerie," will be presented in Midland November 17 by the famous Barter Theater Players under sponsorship of the Lions and B&PW Clubs. Here is shown Rex Partington and Mary Perry in a scene from the world-famous production.

Though Not So Prevalent Now Erysipelas Is Serious Disease

By **EDWIN P. JORDAN, M. D.**
Written for NEA Service
Erysipelas is a skin disease caused by a germ known as the streptococcus. It seems to thrive best among the poor and those living under bad sanitary conditions. It occurs most frequently early in life, especially during the first two years. It becomes common again in the later years of life. Generalized weakness resulting from poor nourishment, Bright's disease involving the kidneys, and chronic alcoholism also favor the development of erysipelas.

It usually starts suddenly and is often accompanied by high fever. The most common form of the disease involves the skin of the face and head. Chills and other signs of a suddenly rising fever usually are present. The skin usually is involved first in one spot—often where a small wound or scratch has been present. This becomes red, swollen and within a day or two spreads to the surrounding area. A sharp line separates the reddened skin from the normal.

In the usual case, and particularly if the patient is not in poor physical condition, erysipelas may clear up in about a week even without treatment. Complications such as meningitis, inflammation of the kidneys, and even blood poisoning, however, are not uncommon. Since the sulfa drugs have become available and penicillin as well, the chances of recovery have become much better. Either one of these remedies shortens the course of the disease and decreases the possibility of serious complications.

Widow Asks \$201,000 For Husband's Death In Oil Field Mishap
HOUSTON — Mrs. Fernie Bristow, the widow of a geologist killed in a Borden County oil field explosion, is asking \$201,000 from the Pan American Production Company for the death of her husband, Jack Bristow, 26, who was injured fatally June 10. Mr. and Mrs. Herbert Nance are parents of a son, born in a Stanton hospital, October 21.

Midland has been invited to have a special "day" designated in its honor during the 1951 Southwestern Exposition and Fair Stock Show, dates of which are January 26 through February 4.

W. R. Watt, president-manager of the Fort Worth show, in a letter to the Chamber of Commerce said: "Your city is invited to have a special day at the 1951 show. By coming in an organized group, your citizens have lots of fun and advertise your city, as do the high school band and the Cowgirl Sweetheart."

"Plans are being made—new buildings, new features—to make the show coming up the finest yet. We need your help and we're counting on you. So please let us know which day you wish designated as Midland Day."

The average city dweller consumes 4.6 pounds of food and liquids, including water, each day.

SICKNESS OR HEALTH

Which?

This Message Could Change YOUR Life!

If it is health you want... you NEED Chiropractic! If it is permanent relief you want, you can have it only after the cause has been removed and given time. Pain-killing drugs are often times habit-forming and dangerous... and while you're duped and under the influence of potent drugs, germs ravish your body and continue to destroy it until the cause of your illness is located and removed. As a scientific Chiropractor I deal only with the cause of disease without the use of drugs or surgery. Disease is relieved by removing the cause—instead of the organ. Protect your life and body while you may—it may be later than you think!

Box Supper, Radio Programs Planned For Girl Scout Week

Activities planned by Midland troops for National Girl Scout Week include a traditional father-daughter box supper to be held Thursday and a series of radio programs which are being presented throughout the week.

Meeting places for the different groups taking part in the box supper have been set as follows: West Elementary and Junior High Intermediates, 6:30 at the Presbyterian Church; North, South and David Crockett Elementary Intermediates, 7:15 p.m. at the American Legion Hall; West Elementary Brownies, 6:30 p.m. at the Episcopal Church; and North, South and David Crockett Brownies, 7:15 p.m. at the Community Theater, 301 West Missouri Street.

The program will feature a style show in which each girl will model a hat made by her daughter. The funniest and most unusual hats will receive prizes.

Prizes will also be offered for the prettiest and most unique box suppers.

Extending through Saturday, the radio series is being presented at 4:40 p.m. each day over Station KJBC.

The schedule and program topics are as follows: "Girl Scout Little House," Wednesday; "Leadership of Girl Scout Troops," Thursday; "Area, Regional and National Girl Scout Organization," Friday; and "Camping," Saturday.

"Scouts' Own," "The Association" and "How Girl Scouting Serves Midland" were the subjects of the Sunday, Monday and Tuesday programs, respectively.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 1, 1950-3

Eight Schools Hold Halloween Carnivals

The spirit of Halloween filled the air Tuesday night with carnivals going on in eight schools in Midland and a large crowd at almost every school.

A record crowd turned out for the Halloween Carnival at West Elementary. The turtle races proved to be a huge success with tiny jockeys made out of cardboard. Betty Hurt was the baker. The country store was another favorite with Harlan Howell as the country store-keeper.

The country store and the fish pond were the most popular booths at the North Elementary Carnival. According to one of the chairmen everyone seemed to have a grand time.

Junior High

The main attractions at junior high were "Hit the Teacher" and the magic show. The food booths featured spaghetti and slaw plates.

Approximately 800 persons attended the Terminal Carnival with everybody, young and old, in costume. Everything was sold out before the night was over and the main attractions seemed to be the fish pond and cake walk.

The Grand March proved to be the biggest success at the St. Ann's School Carnival. Prizes were awarded for the "scarriest," most unusual and funniest costumes. The spook house and turtle races also were favorites.

A large crowd turned out for the high school carnival with the main attraction being life talent show. Another favorite was the twirp dance in the form of a taxi dance with the girls going to dance with masked boys.

Still another large crowd turned out for the South Elementary Carnival. Main attractions appeared to be the snack bar, movies and country store.

David Crockett

"Our first carnival went over with a bang," said one of the chairmen for the David Crockett Carnival. A large crowd attended and the first thing to sell out was the hot dogs. Seven ponies were available for pony rides and corsages were sold at the beauty parlor.

These carnivals were sponsored by the Parent-Teacher Association of each school. This is their only money making project of the year.

Zimmerman is TWC Delegate

Homecoming plans were discussed when the Texas Western exes met Monday in the county court room in the courthouse. The homecoming date is November 10-11, and the celebration for the Western College exes will be held on the school campus in El Paso.

James Zimmerman, second vice president of the club, was named as the delegate to the convention for the Midland area exes. Ballots were cast Monday for the general election to be held in El Paso November 11, at which time state officers will be named. The deadline for registering by mail is November 3.

Anne Hubbard has announced that there are 50 known TWC exes in this area and that the Midland Club is the only one for that college in the region.

Those present Monday were Mr. and Mrs. Julian Cole, Bill Barnhill, Lee Newell, Al Schiemenz, T. A. Frazer, Zimmerman, John McCarthy, Gerald Duncan and Miss Hubbard.

Brownie Troop 24 Elects Secretary

Donna Gale Mogie was elected secretary of Brownie Troop 24 when it met Monday in the Boy Scout Hut. Roll was called and the members answered with what they liked to do in Brownie meetings. The father-daughter banquet to be held Thursday night was discussed. Hostesses at the meeting were Dawn Creighton and Wanda Jean Delmasso.

Others present were Sunny Graves, Fray Lee Hardgrave, Charlotte Jones, Judith Marie Kennedy, Jean McNally, Frances Ann Miller, Peggy Mills, Pamela Scheurn, Brenda Sharpes, Judy Ann Wacker, Pat Webb, Bobbie Alice Wilson, Marjorie Water, Betty Askew, Mrs. E. L. Hardgrave, troop leader, and Mrs. T. M. McNally, assistant leader. Mrs. E. J. Wacker was a visitor.

4-H Club Meets Elects Officers

Officers were elected at the Monday meeting of the Lucky Cover 4-H Club held in the home of Lella Norwood.

Officers elected were Yvonne Jones, president; Florence Taylor, vice president; Sandra Norwood, secretary-treasurer; Joan Clark, reporter; and Lois Jean Bradley, council delegate.

Miss Norwood discussed "Friendship." The members helped make chocolate drop cookies and the meeting was closed with the club prayer.

Vote! It's Your Duty

We Americans don't like to be preached to about our shortcomings. But sometimes there's no other way to stir us up. Take, for instance, this matter of voting.

We think we have the greatest democracy in the world. Yet in free elections in the last few years, Britain, Australia, Italy and even West Germany have outstripped us in the basic democratic job of voting.

We sneer at Russia and her satellites because they are limited to a single slate of candidates when they vote, and can record merely "yes" or "no."

Constantly we have, it dinned into our ears nowadays that if we're to lick world communism we must sell democracy abroad.

By now, though, we ought to have seen enough of the world's present perils to realize that our beautiful, gadget-filled existence might be wiped right off the face of the globe if we don't make the right decisions.

Right here at home in Midland, Texas, two important elections are scheduled within the next week.

The \$300,000 bond issue election of the Midland Independent School District will be held Saturday, and the general election is scheduled Tuesday.

The issuance of bonds surely should be of interest to each and every resident, and everyone qualified to do so is urged to vote Saturday.

Although the general election is not of too much interest to most Texans from a candidate-naming standpoint, it is most important from the standpoint of political prestige, which, selfishly speaking, should be of interest to everyone.

Let's show other nations that we Americans have learned to value our voting rights more than another game of bridge or a day at the ball game.

WASHINGTON COLUMN

Lack Public Interest Remains Puzzle Of Coming Elections

By PETER EDSON. WASHINGTON—President Truman and his record in the conduct of foreign affairs and national defense seem to be the top issues in this most puzzling national election of recent years.

While the main issue is conceded by both Republican and Democratic national headquarters to be national rather than local, the interest of the voters seems to be at a low ebb. It amounts almost to apathy.

Based on the new census estimates, there are about 100,000,000 people of voting age in the U. S. Yet Clinton Anderson, chairman of the Senate Democratic Campaign Committee and acting national chairman during the illness of Bill Boyle, estimates the vote on November 7 will be about 40,000,000.

Strangely enough, the Republicans also feel that a big vote will mean a Republican victory. This is perhaps a carry-over from 1948, when a lot of normally Republican districts and states went Democratic because Republicans thought the election was in the bag for them, and didn't go to the polls.

President Truman, because of the Korean war, as he says, has made no all-out political speeches. Democratic headquarters still is working on him, however, for a last-minute radio appeal.

Vice President Barkley has toured the country by private plane—at a reported cost of \$36,000—but with questionable effectiveness. He is scheduled for a final national radio broadcast from Chicago on November 3.

The Republicans haven't been able to afford a private plane for anyone. They say they can't even afford a last-minute, \$65,000 half hour television appeal over a national hookup.

Sinclair Weeks, Republican national finance chairman, doesn't like to discuss party money publicly. The GOP budget for Senate, House and national campaigns was set at \$1,800,000. This amount hadn't been raised two weeks before the election, but the party bigwigs were confident they would end the campaign in the black. If true, this result would be achieved only by strictest economy.

Democrats, on the other hand, are in the money. They won't add that dummy had a declarer actually played the hand.

South ruffs a heart, leads a diamond to the jack (to draw West's last trump), and ruffs another heart. Now dummy can be set up. A black card is ruffed in dummy, and one more ruff sets up the hearts. Dummy now has a trump to yield entry to the good hearts.

By Peter Edson

Reasons for big money donations to the Democrats are fairly obvious. Regardless of who wins the 1950 elections, the Democratic executive departments will be in control in Washington for another two years.

It is with these departments that big business must do business. So they feed the kitty of the party in power, even though they don't believe in its political platform.

With what political expense money they have been able to dig up nationally and locally, the Republicans have been looking for Senator Joe McCarthy of Wisconsin as their principal speaker.

Senator McCarthy's charges of communism in government, the matter of inflation, high taxes, conduct of the war in Korea, whether to defend Formosa, continued Marshall Plan spending and the military assistance program are all considered subsidiary to the main issue of the campaign.

This, as stated at the beginning, is the issue of President Truman's conduct of foreign policy and national defense. This is perhaps the first time since 1920, when the League of Nations was the main dispute, that an American election has been fought primarily over foreign, rather than domestic, issues.

For years, Pennsylvania was ruled by the barons of coal, steel, gas, and oil. What they wanted, they largely got. And the normal GOP governor in Harrisburg usually did their bidding. Governor Duff, however, reversed this, and in so doing won the undying enmity of that insatiable disciple of the high tariff, Joe Grundy, plus all his fellow manufacturers. They did their best to defeat Duff at the primaries and, believe it or not, they now are conspiring with a Democrat, Senator Myers, to try to defeat Duff in November.

HE CAME TO KILL by ADELINE McELFRESH

THIS STORY: Aunt Maggie Thorne is determined to do for bed and all of the household, including Peter, a nephew who has arrived on the eve of the crime, are unsuspected. Leanna, a grand-daughter, claims a gun was planted under his pillow by his wife, Leanna. Then follows an attempt to kill Peter. Aunt Maggie, sister of the slain woman, had been overheard arguing with Peter earlier and Peter had accused her of murdering Aunt Maggie. Sheriff Cleary, Pardy and Deputy Mark Preston arrive for questioning and Peter, apparently agitated, starts to leave the room. An aunt tries to stop him. Peter feels the deputy with a blow on the chin. Leanna says her suspicion while pointing first to Peter Thorne and then to his brother Jasper. It begins to rain, the girl decides, as if either one or the other had killed Aunt Maggie before she could cut them both off in her will.

"Hitting below the belt gets results, Leanna," he said soberly. "Lawyers learn that. You're an extrovert, Leanna. Your every feeling is reflected in your face your actions. You wouldn't have come out here if you hadn't trusted me. Would you?"
"No, I suppose not."
"Then why are you afraid of me?"
Lying would not save her now, Peter was too close, he was too cunning.
She said, "I was looking at your hands, Peter. But if I were with you..."
She let the accusation hang there, gnawing at sleep.
"I didn't say that, Leanna. Remember?" Peter was smiling. Pleasantly, not at all as a killer should smile. He said then, softly, "Have you ever looked at Sandra's hands, Leanna?"
DAWN was a widening band of gray in the east when Leanna tumbled into her bed for a few hours' sleep from which she awoke as unrefreshed and tired as she had been throughout the night of terror.
The terror was still there, only, seen in the grim light of morning, it was worse. The tiny fear-lines that had been obliterated by the kind light of shaded lamps were visible now, and the mannerisms of fear were more pronounced.
Perhaps, Leanna thought as she seated herself across the breakfast table from Jasper Thorne and his wife, her senses, her suspicions, were more acute this morning.
There was little conversation, none of it about the murder or would-be murder, but Leanna was sure she had interrupted something of the sort. She felt unwanted, as though either Jasper or Sandra, or both of them, resented her.
She looked up from the plate of bacon and eggs Mrs. Carstairs had just placed in front of her. "I'm not that hungry." She made herself smile.
"Eat anyhow," Sandra suggested. "You'll need all the support you can get today—physical and moral. So will we all. Food won't hurt you any."

Ominous as her words were, they were no match for the flint that struck sparks in her cold gray eyes—eyes that, Leanna knew, could sparkle with warmth for a man. For Mark Preston.
Biting the jealous twinge in two, she said, "Is Deputy Preston around this morning?"
"Mark's your darling," Sandra said cattily, and chuckled. "Don't think I haven't caught the way the wind blows between you two!"
Leanna flushed, much to her disgust. It gave Sandra another pin to stick into her posse at the proper time.
"Why not?" said Jasper unexpectedly. "Why shouldn't Cousin Leanna get herself a man? Thorne Hill must have been pretty dull with no one but us Thornes around."
"Never dull, Jasper. Not exactly pleasant, but—" Leanna stopped.
DULL red had spread upward from Jasper's open shirt collar, unsteadily.
"Don't touch me!" he snarled as Sandra put out a remonstrating hand.
"But Jasper—"
She started forward again as Jasper drew back.
"Damn! I say!" He slapped her hand much as he might have swatted a mosquito, and Sandra shrank from him. "Won't you ever learn, Sandra? I won't be taken in again! I hate you. I never want to see you again after this thing is over and the police will ever leave. I'm sorry I ever gave you the name of Thorne."
"Your sorry?"
Throwing back her head until the pulse in her lovely throat beat tantalizingly near his long lean fingers, Sandra laughed. Shrilly. And kept laughing, edging nearer and nearer hysteria bred of murder and fed on continued fear, suspicion—terror.

There are 12 districts in Texas and Crane is in District 8 with 14 other clubs. The committee will meet in Fort Worth on December 4 to nominate officers to be presented for election at the State Convention of Business and Professional Women's Clubs to be held in El Paso May of 1951.

Thelma Carpenter will serve as alternate on the nominating committee. Margaret Huggins helped organize the Crane B&PW Club and served as the club's first president. She now is serving as corresponding secretary.

CLEANING SILVER

A good method for cleaning a large amount of flat silver is to do it all in one swoop, advise home-making experts. Take a porcelain enameled utensil and cover the bottom of the utensil with a piece of aluminum foil. Measure in enough water to cover the silver and heat to boiling. Now add one teaspoon of salt, and one teaspoon of soda for each quart of water. Immerse the silver in the solution about a dozen pieces at a time. Be sure that each piece of silver touches the foil. Let the silver remain in the solution about two minutes, until tarnish is removed. Then remove with tongs and wash thoroughly. Rinse with hot water and dry with a soft cloth.

If silverware has an oxidized or French gray finish, do not use this method. It also is not a good method for such pieces as candlesticks

Midland Fall Art Festival Contributors Are Announced

Contributions by Midland organizations, firms and individuals for the annual Art Festival have been announced.

They include the Shell Oil Company, Texas Electric Service Company, Simmons Paint and Paper Company, The Reporter-Telegram, Vosatko's Jewelers, William Brewer chapter of the Daughters of the American Revolution, Fine Arts Club, Creative Writing group of the American Association of University Women, Palette Club, Anton Theis and Mrs. G. H. Butler.

The Art Festival will be held a week, and will open November 5. Art Week also will be observed then. Pictures should be brought to the Studio November 3 and Festival judges will arrive in Midland November 5. All Midland residents may enter pictures.

Three Judges

The three judges, from Abilene, are Juanita Tittle of the Abilene Christian College Art Department; Mrs. Maurice Martin, Hardin-Simmons University Art Department; and Thelma Graham Kendall, an Abilene artist. Mrs. Tittle will display her water colors in an art exhibit held after the festival

in the Palette Studio 604 North Colorado Street.

Perry Nichols, noted muralist of Dallas, is teaching the present Fall art classes in the Palette Studio. Since January of 1949, the Palette Club has sponsored about eight artists. They have presented lessons in water colors, silk screening and other fields of art.

Other Instructors

Teaching in the Studio before Nichols have been Bror Utter, Cecil Casebler, Rene Mazza, Robert Atwood, Mr. and Mrs. Arthur W. Hall and Inez Parker.

Almost 1,000 visitors attended the festival last year and a Fort Worth paper ran a picture and story about it in one of its Sunday sections. "Midland has gone culture conscious in a big way and its support and active interest in art and artists should make much larger towns—now in the throes of acute art apathy—mighty red faced," said Nedra Jenkins, art editor for the paper.

A little cinnamon placed in the water while cooking oatmeal will impart a pleasing taste.

League Distributes 'Voters Guides'

Copies of "Voters Guide," published by the League of Women Voters of Texas, are being distributed to Midland County residents by the Midland League of Women Voters in advance of the November 7 general election.

A statement concerning the \$300,000 bond election of the Midland Independent School District is included with the state guide. The election will be held Saturday.

The "Voters Guide," according to a page one article in the publication, is a part of the league's program to stimulate citizen participation in government and to encourage a more discriminating selection of qualified candidates for public office. The guide stresses

the fact that the league never endorses or opposes individual candidates. "Don't be a civic slacker—Vote" is the subject of an editorial appearing in the guide.

The names, qualifications, occupations and platforms of candidates for state offices, both Democrat and Republican, are listed in the guide.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And The Acorn Tree

Daddy Ringtail was walking through the Great Forest one day, far away from the monkey house, when he heard an acorn that dropped to the ground from an acorn tree. In case nobody ever told you, is a tree that has acorns on it. Acorns are little nuts that are very good to eat—if you are a

monkey, or a squirrel, or somebody like that, I mean. A squirrel was busy with the acorns, picking them up in his mouth and carrying them up to the top of the tree to his house. The squirrel looked very lean and hungry, and Daddy Ringtail wondered why he didn't stop his working to eat a bite, but Daddy Ringtail didn't ask any questions. He picked up an acorn and began to eat it himself. "Oh no, no, and no!" the squirrel

said. "You mustn't eat your acorn now!" Daddy Ringtail stopped with the bite he was taking. He didn't understand. Said he: "Why can't I eat my acorn now?" By that time, the squirrel's mouth was full of another acorn to be carried up to his house. Daddy Ringtail waited for him to climb down again, and then the squirrel said: "Don't eat your acorn now. Save it to eat next Winter, the way that I am doing with the acorns that are mine."

Daddy Ringtail didn't understand. "Why should I save it?" he asked. The squirrel said: "Save it to eat next Winter when you're hungry." The squirrel thought about this, and then he, too began to smile. "Why, I'm hungry too," said the squirrel, "but I've been so busy with my work—why, I haven't thought about eating." So Daddy Ringtail and the squirrel sat down on the ground and ate all the acorns they wanted. The acorns tasted very good, because it was really time for dinner, and the squirrel said he was happy to eat them. "You should always stop to eat when it's time to eat," Daddy Ringtail said. "You should stop whatever you're doing." And the squirrel said he would try to remember it, which is a happy thing for everyone to try to do. Happy day! (Copyright 1950, General Features Corp.)

You can don glamor along with your hairnet at night, according to the makers of a new nylon net of near-invisible weave.

Sturdy enough to protect your curls no matter how much you toss

To become each night a sleeping beauty, this young woman uses a near-invisible nylon hairnet to keep her curls in place. Upon your pillow, the net is also dainty enough to double for daytime wear.

Another feature which enhances this hairnet is the tiny plastic adjusters which make it possible to secure it without time-consuming anchors such as the usual bobby pins or ties. In a twinkling, simply by sliding the inconspicuous tube, the net can be sized to fit any head.

Dunns Are Hosts At Wiener Roast

A wiener roast was held Tuesday night in the backyard of the home of Mr. and Mrs. Jimmy Dunn, 1104 South Loraine Street for the Married Young People's class of the First Baptist Church.

After the wiener roast, the class members played games in the home. Those present were Mr. and Mrs. Dunn, Mr. and Mrs. James Brown, Mr. and Mrs. Richard Harwell, Mr. and Mrs. Robert Goff, Mr. and Mrs. Ralph Day and son, Graeme, Mr. and Mrs. Gene Shelburne, Jr., Mrs. Earlene Currie and Mr. and Mrs. Truett Powers.

Hairbrush Is Grooming Aid

By ALICIA HART
NEA Staff Writer

Many women underestimate the value of their hair brush, regarding it merely as a third decorative piece in their vanity set—something to be used only when a nagging conscience prescribes the traditional 100 strokes.

In so doing they are neglecting an important grooming aid. Hair brushes have special uses, for which they are better fitted than the combs which are sometimes required to handle these tasks.

One of these is untangling snarls. Always use a brush for this job. Its bristles work more gently than the teeth of a comb and there is less danger of broken hair.

Another role in which your hair brush can shine is in coiffure arrangement. You'll often find that curls which have been brushed in small strands around your finger are softer and more natural-looking than those which are coaxed stiffly into place with a comb.

It's a good idea to carry a small brush in your purse as standard equipment, using it as regularly as your comb. Don't borrow your small daughter's brush simply because its size is right for your handbag.

Choose instead a brush made especially for this purpose which will give you the same stiffness of bristle that you require in your dressing-table brush. One manufacturer offers a pocket-sized bristle comb brush that is diminutive only in shape. It does a man-sized job.

These daily brush-ups not only aid your general hair conditioning, but also help you to achieve that every-strand-in-place look desired by a well-groomed woman.

Scout Troops Have Meetings

Two Brownie troops and an Intermediate Girl Scout troop met Tuesday.

Brownie Troop 28 held its investiture ceremony in the home of Mrs. Joe Ward, 1402 Bedford Drive. New members are Anne Ward and Ann Mast. Following the investiture services a Halloween party was given and games played by the group. Joan Partanen served refreshments and magic punch. Mrs. Ward read the Brownie story to the members.

Present were Mrs. J. O. Partanen, leader, Mrs. Ward, assistant leader; Sue Dickinson, Judy Hawkins, Carolyn Jones, Florence Marberry, Ann Mast, Freddy McKinney, Marianne Melzer, Joan Partanen, Sonora Scott, Marjorie Walker, Anne Ward, Sue Ashby and Evelyn Schafer.

Troop 51

The father and daughter box supper plans were discussed by Brownie Troop 51 when it met with Mrs. Carl W. Covington, leader, and Mrs. Fred Uhrig, assistant leader. Halloween stories were told by Mrs. Uhrig.

Refreshments were furnished by Mrs. Rust for Donna Beadle, Patricia Breith, Kristi Carlson, Carol Covington, Joan Hill Hamilton, Kissiah Howell, Jerry Lee McMullan, Martha Miller, Cynthia Parkinson, Jo Ann Rust and Joyce Lynn Wilburn.

Intermediate Troop 16 decided to have a party Friday, attend the Midland football game and then spend the night in the Girl Scout Little House. Mrs. Jean Laird is leader and Mrs. Pat Smith is assistant leader.

Others present were Janice Robertson, Lu Wertha Hiett, Vickie Hippold, Nancy Mayfield, Joanna Sewell, Gail Peters, Connie Kitley, Marie Spares, Patsy Guyton, Kay Fitzgerald and Mary Belle Ten Eyck.

Mrs. House Will Be Yucca Hostess

The Yucca Garden Club will meet at 9:30 a.m. Thursday in the home of Mrs. John House, 910 West Kansas Street. Mrs. Robert White will be co-hostess.

The club previously had planned to meet with Mrs. M. S. Dickerson. Mrs. Bill Tripp of the Modern Garden Club of Odessa will speak to the club on "A Garden Club Letter on Landscaping." It will be guest day for the club.

PALETTE STUDIO OPEN
The Palette Studio will be open Wednesday night for students who are studying under Perry Nichols. Nichols will return from Dallas Wednesday.

Party Honors Mary Ingham, Buster Cole

A barbecue and square dance was given Sunday by Mr. and Mrs. Marion Flynn at their ranch. The party honored Mary Faye Ingham and Buster Cole who plan to be married on November 18.

Decorations carried out the Western motif. Centering the dining table was a two-tiered cake shaped like a corral with the words, "Round-up Time For Mary and Buster" written in frosting on the top. Tiny saddles and other symbols of Western life were placed around the cake. Napkins were in the form of big, red bandannas.

Couples present were Mr. and Mrs. Frank Cowden, Sr., Mr. and Mrs. Frank Williamson, Mr. and Mrs. Howard Ford, Mr. and Mrs. C. L. Watson, Mr. and Mrs. Gerald Nobles, Mr. and Mrs. Roy Parks, Jr., Mr. and Mrs. Clarence Scharbauer, Jr., Mr. and Mrs. Frank Cowden, Jr., Mr. and Mrs. Aldridge Estes, Jr., Mr. and Mrs. Tolbert Bell, Mr. and Mrs. Evans Dunn, Mr. and Mrs. John Dublin, Jr., Mr. and Mrs. Bill Wyche, Mr. and Mrs. Guy Tom Cowden, Mr. and Mrs. Courtney Cowden and Mr. and Mrs. Homer Ingham, parents of the bride-elect.

Delphians Have Science Program

"The Scientist and His Methods" was the program topic at the second regular meeting of the Delta Delphian Society Tuesday. The club met in the home of Mrs. B. R. Schabarum, 103 Ridgela Drive.

Program leader was Mrs. Bates Hoffer. Other speakers and their topics were Mrs. F. L. Houghton, Jr., "Science from Prehistory to Newton" and Mrs. H. F. Kelly, "Limitations and Values of Science."

Open discussion followed the talks. The meeting was opened by Mrs. C. W. Chancellor, president.

Other members present were Mrs. E. W. Cowden, Mrs. J. P. Ruckman, Mrs. F. N. Shriver and Mrs. A. E. Lynch.

Pauline McWilliams To Speak To Club

"Good Home Growing" will be the program topic by Pauline McWilliams, Midland County home demonstration agent, when the Valley View demonstration club meets at 2 p.m. Friday in the home of Mrs. Herd Midkiff on the Big Lake road.

The annual committee report will be presented at that time. Roll call will be answered with "a game my family enjoys." A council meeting of Valley View will be held November 10.

Youth Who Always Eyed Uniform Is Killed In Action

HUNTINGTON, W. VA. —(AP)—Bob Shaw had been a soldier since he was 14 when he joined the West Virginia State Guard after convincing officers he was "nearly 17."

That was in 1945, when the lanky, six-foot youngster still was in junior high school.

The State Guard was dissolved in 1947 and Bob joined the revived National Guard. Whenever there were military duties to perform, Bob was excused from his high school classes.

"He never had any wish but to be a soldier," said his mother, Mrs. L. O. Johnson.

Sent To Tokyo

He enlisted in the Regular Army in 1948 and was sent to Tokyo, assigned to the First Cavalry Division.

Bob made sergeant and early this year was selected "Soldier of the Week." He proudly sent his mother a picture of "myself and General Palmer" on that occasion.

Then came Korea.

Tuesday Bob's mother got a notice from the Defense Department. After nearly five years in uniform, 19-year-old Sergeant Robert E. Shaw was killed in action.

Gov. James Duff

Senator Francis Myers

Pennsylvania Ballot May Indicate Trend For 1952

PHILADELPHIA —(AP)— Pennsylvania's choice next Tuesday of a U. S. senator will be watched closely for a sign of the times in '52.

The central figure is James H. Duff, 67-year-old Republican governor who fought the Old Guard leadership at the 1948 GOP convention, and this year scored a smashing primary victory that established him without question as Pennsylvania's No. 1 man in the party.

Red-headed Jim, nominee for the Senate, heads a ticket which he personally picked for six state offices. He has been mentioned by both Democrats and Republicans as a 1952 presidential possibility.

His opponent is Senator Francis Myers, top Democrat in the state, assistant majority leader of the Senate, a steady backer of both New Deal and Fair Deal policies. He has served three terms in the House, one in the Senate.

On National Level

Their campaign has been almost exclusively on the national level. Duff accused the Truman Administration of wasteful spending, of failure to build up an adequate defense before Korea. He cited the work of his four-year state administration in public improvements, highways, hospitals and public health and recreation.

The Democratic senator replied that Republicans hamstringing federal defense preparations, that much of the state program was made possible only by federal appropriations and programs, and appealed to the voters to strengthen President Truman's hand in international affairs.

Myers has told keystone state voters Duff has "a burning desire to be President." Duff "couldn't successfully run for President and at the same time learn how to be a senator," Myers said.

Duff has ignored Myers' reference to his possible presidential ambitions. And his response was "one thing at a time" when he was introduced as the "next President of the United States" at a meeting of the Republican State Committee.

While the senatorial contest has taken top billing, both Republicans and Democrats have waged aggressive campaigns for governor with control of the state government at stake.

John S. Pine resigned from the State Superior Court to run for governor on the Republican ticket. The Democrats picked Richardson Dilworth as their gubernatorial candidate, largely because of his 100-

000-vote victory over the Philadelphia Republican organization only a year ago when he was elected city treasurer on a "clean-up" platform.

A big factor in the result of the election will be the position taken by the 500,000-odd voters who supported Republican primary candidates backed by former U. S. Senator Joseph R. Grundy.

Grundy, long time top man of Pennsylvania Republicans until the general election campaign. So has U. S. Rep. John C. Kunkel, defeated senatorial candidate backed by Grundy.

Jay Cooke, who lost out for the gubernatorial nomination, pledged the winning primary ticket his support but refused an invitation to attend a fund-raising rally. Republican Senator Edward Martin, who also backed Kunkel and Cooke, has made only one speech in the state. In that speech he urged election of the Republican ticket.

No Holds Barred

No holds have been barred in the campaign.

Myers has termed Duff "a fake liberal" operating with "the same old local machines he stole from the Old Guard" in the primary. Duff has responded by calling Myers a "Truman yes man."

Labor organizations, both CIO and AFL, have endorsed the Democratic candidates. Only a few labor leaders have backed the Republicans.

As usual, the Republicans hold a big edge in registration. The official total of persons eligible to cast ballots is 4,925,240, up 75,000 from the May primary and a near record. The totals are: 2,913,101 Republicans, 1,951,223 Democrats and 60,918 members of other parties.

Negro Attends LSU Class For First Time

BATON ROUGE, LA. —(AP)— For the first time in its 90-year history, Louisiana State University has opened its classes to a negro.

Thirty-year-old Roy S. Wilson registered as a law student at LSU Tuesday, and planned to attend his first class Wednesday.

A federal court ordered the university to accept Wilson and other qualified negroes as students, but left the way open for a direct appeal to the U. S. Supreme Court.

"The university must abide by the court's decree," said Dean Henry George McMahon of the law school.

Two Suspended For Failure To Crack Down On Gambling

TALLAHASSEE, FLA. —(AP)— A sheriff and a constable have been suspended in Volusia County for failing to crack down on gambling.

Gov. Fuller Warren ordered the suspensions of Sheriff Alex Littlefield and Constable W. M. Slaughter Tuesday, after Atty. Gen. Richard Ervin reported he had evidence that gambling had been permitted in the county.

The 1951 State Senate will review the charges against the pair, and may make the removal final or may reinstate them.

Daytona Beach is the main city in the county, on Florida's Atlantic Coast.

In all, Warren has suspended five sheriffs in his campaign to clean up gambling in the state.

HAVE YOU BEEN MISSED?

This is the latter part of the Midland County Community Chest campaign, and if you haven't been called on for your gift, the chances are that one of the 200 workers in the campaign either didn't reach you or find you in. It is virtually impossible to contact everybody in a city growing as fast as Midland.

In spite of all of the hard work of the volunteer solicitors, there are hundreds of persons who are able to give but who have not yet given. It is time now for them to respond. Some have not been personally solicited. These should not wait but should take the initiative and send in their checks.

If you are one of those who have missed the opportunity to participate, mail your contribution to the Midland County Community Chest, Midland, Texas, or telephone the headquarters at No. 4391 and a volunteer worker will pick up your donation.

And, remember, one contribution benefits six worthy organizations in our community.

Soviet-Made Jets Appear Over Korea

U. S. FIFTH AIR FORCE HEADQUARTERS, KOREA

(AP)—Russian-made jet fighters shot it out with slower American Mustangs in dogfights over Northwestern Korea Wednesday.

The air fights broke out over Sonchon, about 33 air miles southeast of the Korean-Manchurian border town of Sinuiju. An earlier Air Force report that American F-80 Shooting Star jets fought the enemy jets was termed in error.

One pilot said a flight of American Mustangs was attacked by six enemy jet aircraft.

Swept-Back Wings

The pilot said the attacking jets were of a swept-back wing type resembling the American F-86 Sabre, which holds the world speed record of 670 miles an hour.

A similar Russian jet is a swept-back plane called the MIG-15 with a recorded top speed of 625 miles an hour.

The air fight over Sonchon followed a sweep by F-80 jets of the Sinuiju Airfield on the Korean banks of the Yalu River, across from the Manchurian city of Antung, where the Chinese Communists have a sizeable airfield.

Administrator Says Room Rates Lower At Midland's Hospital

US Tanks—

(Continued From Page One)
hardpressed ROK Eighth Division. Among the Reds reported pushing southward were some 1,000 horsemen.

The 21st Regiment of the 24th Division—thrusting northwestward toward Sinuiju from British-captured Chongju—had been halted 30 miles short of the Manchurian border after a tank battle.

Tanks Knocked Out

Maj. Gen. John H. Church, division commander, had ordered the column to smash ahead Tuesday night to keep the Communists off balance. But the Red counter attack stopped the advance during the night.

AP Correspondent Tom Lambert

reported, in a delayed dispatch, that the column knocked out four of seven tanks earlier in the push west of Sonchon, 17 miles northwest of Chongju.

On the northeast coast, another American column of the Seventh Division raced inland from the Iwon beachhead to Pungsan, 51 road miles south of the Manchurian border.

Maj. Gen. Edward M. Almond, commander of the U. S. 10th Corps, of which the Seventh Division is a component, told correspondents attacks in the northeast would be made in strength to determine just how many Chinese Communists stood in the way.

Almond said at least one Chinese Red regiment had pushed to within 15 miles of the east coast industrial center of Hamhung. Later, a 10th Corps spokesman confirmed that a second Chinese Regiment is in the area, about midway between the Seventh Division's landing point of Iwon and Wonsan, 100 air miles to the south.

Marines Mop Up

The U. S. Marines landed last week at Wonsan and are mopping up bypassed Reds in the area.

In the far northeast, mounted patrols of the ROK Capital Division probed the area north of Kilchu, 62 air miles southwest of Chongju, the last big Korean port south of the Soviet Siberian border.

The keystone of the Red defense appeared to be a rough triangle formed by the towns of Ulsan, Onjong and Hulchon, in the northwest and central sections some 50 miles south of the border.

It was in this area that an estimated 1,000 Red cavalrymen swept down on hard-pressed ROK regiments trying to regroup south of Onjong and Ulsan.

Elements of the ROK First Division drove off a strong Red counter-attack in the Ulsan area, the sixth in 48 hours. General MacArthur's war summary reported the division made a limited withdrawal, but restored positions and took 210 prisoners Tuesday.

A U. S. Eighth Army spokesman said that on the ROK First Division's right flank, the ROK Eighth Division was hurled back one to three miles in the Kokpwan area, eight miles southeast of Ulsan.

Survivors include the widow, a son and a daughter, all of Midland; the parents, of George West, and four brothers.

Navy Announces Plan To Release Reservists In '51

WASHINGTON (AP)—The Navy Wednesday announced it will start releasing reserves next year—enlisted men in July and officers in October.

Those reserves to be released are men who will have been recalled to active duty involuntarily by the end of this year.

The Navy cautioned, however, that it will continue to call up reservists "for the foreseeable future."

The release schedule for enlisted Navy reservists will permit about 5,000 men to return to inactive status each month beginning in July, 1951.

Naval reserve officers will be released at the rate of about 1,500 each month starting next October and continuing to December, 1952.

Halloween—

(Continued From Page One)
reported missing—but the majority still were on the right lawn Wednesday morning.

Residents of a neighborhood where excavation work is being performed called police to investigate "tampering" with some machinery on the work site.

Arriving at the scene, the police saw several youngsters jump from a large ditching machine and scamper away, leaving the ditcher running. The officers managed to stop the machine.

Police credited Halloween carnivals at all the city schools and a midnight movie with helping to keep vandalism in check during the night.

Harold Borland, Midland County probation officer; Frank Monroe, superintendent of schools, and Col. Milan N. Plavsic, safety director, all expressed their gratitude to Midlanders for their cooperation in keeping Midland safe during Halloween.

Monroe expressed appreciation for all who teamed to make the school carnivals successes. He also praised Midland youngsters for their conduct and spirit.

ALL OUT FOR FREEDOM—The quest for peace, symbolized by the peals of the "Freedom Bell" on United Nations Day, brought out an estimated 150,000 Berliners who jammed the square before the West-Berlin City Hall in the U. S. sector. This tremendous audience was quiet and orderly—many prayed openly for peace—while waiting for Gen. Lucius D. Clay to press the switch that set the ten-ton chime vibrating through the city. Oil Man To Sponsor Group In Study Of Socialism Effects

HOUSTON —(P)— H. R. Cullen, Houston oil millionaire, is sending eight women to Australia and New Zealand next year for a first hand study of the effects of socialism. "This committee will bring back to the American people a full and complete report of the conditions that led to the repudiation of socialism after giving it a trial," Cullen said here Tuesday night. "We pointed out that women played important roles as Australia and New Zealand recently defeated Socialist governments after periods of eight and 14 years, respectively." Cullen spoke at the dedication and formal opening of the \$5,000,000 Ezekiel Cullen Building he and his wife gave to the University of Houston in memory of his grandfather. In his speech Cullen said he decided to send the group of women to the two countries at his own expense because the current Administration in Washington is saturated with socialism.

Two Airlines Cease Big Spring Service

BIG SPRING — American Airlines service to Big Spring ended Tuesday when the final AA flight took off for Midland. With that flight went over 21 years of service which dated back to March 16, 1929, when the Texas Air Transport made its first run. TAT eventually became American Airlines. Continental Air Lines also ceased operations at Big Spring Tuesday in line with a Civil Aeronautics Board order issued several weeks ago. Pioneer Air Lines will continue serving Big Spring.

Grand Jury Indicts Ex-Police Captain, Eight Other Men

WICHITA FALLS —(P)— A special grand jury called Tuesday returned indictments against former night Police Captain R. D. (Bob) Burch of Wichita Falls and eight other men. Burch, who resigned last April 1, was indicted on five counts of burglary and one of harboring a criminal. Frank Offutt, 23, of Wichita Falls was named in five cases with Burch. Billy Wayne Powers, 26, of Wichita Falls was named with Burch and Offutt in the July 3 burglary of a Sears Roebuck store here. Powers escaped jail here June 18. He has been arrested in Los Angeles and is being returned here. Burch was arrested Saturday in San Angelo. He made bond of \$3,500.

Others named in the indictments include John Decker, 28, and Joe Decker, 27, both of Wichita Falls; Jimmy Decker, 23, of Hobbs, N. M.; Roy L. McMahon, 32, of Oklahoma City; Joe Holt, 34, Oklahoma City, and Dannie Williams, 26.

Boettiger Cremated On First Anniversary Of Third Marriage

NEW YORK —(P)— John Boettiger, who killed himself Tuesday in a plunge from a hotel, was to be cremated Wednesday—on his wedding anniversary. Just a year ago the 50-year-old newspaperman and former son-in-law of the late President Roosevelt married his third wife, the former Mrs. Virginia Daly Lunn in The Hague, Holland. Tuesday, apparently suffering from nervous depression over business losses and work problems, he brushed aside a male nurse and hurled himself from his seventh floor suite in the exclusive Hotel Weylin in mid-Manhattan. Even as he jumped, his wife was flying from Los Angeles to be with him for the anniversary. Swanson said that in accordance with Boettiger's wishes, he would be cremated without religious services at the Ferncliff Cemetery, Hartsdale, N. Y., in nearby Westchester County.

Oil Well Driller On Trial For Murder In Mason Store Slaying

SAN SABA, TEXAS —(P)— H. C. Harris, 45-year-old oil well driller, faced more testimony from state's witnesses here Wednesday in his murder trial. Testimony began Tuesday after selection of the jury was completed. The panel of 120 veniremen was almost exhausted before attorneys agreed on the jury.

Harris is accused of shooting Ray Burnett, 42, to death in Mason variety store while Burnett lay dying on the floor nearby. The case was brought here on a change of venue.

Tuesday, Mrs. Cora Lee Custer, manager of the Mason store, testified she heard shots, turned to see Burnett on the floor and then she hid under a counter. John T. Banks, former Mason County judge and insurance man, said he was in his office above the variety store when he heard shots. He said he looked down and saw Harris go to a truck, put a pistol in it and take out another pistol. Banks said Harris then went back toward the store and he heard other shots.

Halloween Blast At Brownwood Is Laid To Dynamite

BROWNWOOD —(P)— Officers say a Halloween night explosion which shattered windows of a real estate office here probably was caused by boys who lighted a stick of dynamite to celebrate the holiday. The blast also broke some outside stone steps leading to the basement of the Brownwood Bulletin office. Police Chief Jack Pike said he believed the explosion was set off by boys who had found a dynamite cache. He said he found a 28-inch section of dynamite fuse near the steps.

New Cancer Pain Killer Announced

MIAMI BEACH, FLA. —(P)— A new method of pain killing for sufferers from certain forms of cancer was described Wednesday by Dr. Jay Jacoby of Columbus, Ohio, assistant professor of surgery at Ohio State University. In an address prepared for delivery before the 25th Annual Congress of Anesthetists, Dr. Jacoby said the method involved the introduction of ammonium sulphate into the spinal canal where it has a numbing effect on the pain fibers of the spinal cord. He said the work still was in an experimental stage. Some patients he said, reported the treatment effective for from one month to one year.

ANCIENT SPIKE HALIFAX —(P)— An eight-inch, hand-made spike more than 300 years old was removed from one of the beams under the flooring of St. Paul's Church and will probably go to the Nova Scotia museum. It is thought the spike was brought from Boston w. n St. Paul's, oldest Anglican church in Canada, was built in 1750. The church now has been reinforced with cement.

Mess Sergeant Has Stomach For Job

CAMP COOKE, CALIF. —(P)— Brave soldiers, indeed, are those of the 40th Infantry Division at Camp Cooke.

They eat Sgt. Clifford G. Sargent's cooking. In truth and justice to Sergeant Sargent it must be said that he hasn't lost a soldier yet.

But none of the sergeant's culinary clientele has been served his favorite diet—electric light globes and razor blades.

That's what Sergeant Sargent used to eat when he was a "human ostrich" with a carnival show. He says he started out on the tanbark trail in Colvis, N. M., 13 years ago, and that he got into condition for his digestive feats by working as a will man, a fire eater, and by sleeping under a 250-pound weight on a bed of nails.

"Shucks, 'twarn't nuthin' any red-blooded wild man wouldn't do," the sarge says. "Eating fire is easy, if you know how. But there isn't any trickery in my eating razor blades and glass."

Sargent chewed his way around the South Pacific in the last war, eating Army and Navy chandeliers, "but of course I got in some orthodox cooking in the Navy, too."

The sarge says X-ray and fluoroscopic tests at Hollandia, New Guinea, showed razor blades still in his stomach after he had eaten them hours previously.

"My digestion's as good as ever," he says.

ONE TEXAN LISTED AS MISSING IN ACTION

WASHINGTON —(P)— The Department of Defense, in casualty list No. 140, Wednesday announced a Texas is missing in action. He is First Lt. Claude Taylor, husband of Mrs. Hazelle L. Taylor, Port Neches.

Harwell Says Love For Wife Prompted McConnell Slaying

BROWNWOOD —(P)— Arguments were scheduled Wednesday in the murder trial of Yates Harwell, 30, Andrews dirt contractor charged in the fatal shooting of Luther L. McConnell the night of June 28.

Harwell testified Tuesday he shot the Andrews farmer and oil operator "because he broke up my home and because I love my wife and baby."

McConnell died July 2 of the gunshot wounds. The state claims Harwell shot McConnell twice through a screen door of Mrs. Harwell's apartment, then wounded him twice more as McConnell sat on a couch with Barbara Joe, Harwell's three-year-old daughter.

The Harwells were estranged.

Harwell testified he looked into the apartment and saw McConnell sitting on a chair in the living room with Mrs. Harwell on his lap in an intimate embrace. He said Barbara Joe was playing on the floor.

Then, Harwell testified, he went to his car, got his gun, returned, and told McConnell "You have gone too far."

Harwell said he fired four times. Defense witnesses testifying to Harwell's character were Lonnie Roberts and John C. Roberts, both of Midland; Charles Wright of Andrews, and Charley Brown of Abilene.

AUTHENTIC COSTUME WINS JUDGES' MENTION

When the ball was over Anderlini confided he hadn't dressed for the ball at all. . . he was going duck hunting right after the party.

Californian Leads Race For World's Champion Cowboy

SAN FRANCISCO —(P)— A tight race between a Californian and a Montanan for world champion cowboy features the Grand National Rodeo. At the completion of the first round Tuesday night, Gene Rambo of Shandon, Calif., had amassed a year's total of 10,876 points in his bid to retain the title. With 10,137 is Bill Linderman of Red Lodge, Mont. A decisive win in any events could put Linderman in front under the scoring system of the International Rodeo Association.

The rodeo will continue nightly through Sunday.

Tuesday night's results included: Cutting horse—tie for first, Jesse James, ridden by Will Bennett, Eagle Lake, Texas, and Jiggs Bailey, ridden by Hughey Long, Cresson, Texas.

Bareback bronc riding: first, Jim Sloan, Phoenix, Ariz.; third, Casey Tibbs, Fort. Pierre, S. D.

Saddle bronc riding: first, Bill Lawrence, Great Falls, Mont.; second, Bill Ward, Hatch, N. M.

Calf roping: second, Ni, Hogue, Reno, Nev., 17.2.

Brahma bull riding: first, Ray Beem, Sharon Springs, Kan.; third, Buck Rutherford, Nowata, Okla.

Halloween Trick Nets Robber \$19

TROY, N. Y. —(P)— When Margaret Maloney answered her doorbell for the umpteenth time Halloween night, she expected to find another batch of children to chant "trick or treat."

Instead a slim, light-haired man wearing a false face and a raincoat mumbled "trick or treat." The 55-year-old spinster wound up tied to her bed and minus at least \$19.

Abundant Living

By
E. STANLEY JONES

Gal. 3:28; 5:22-26; Eph. 4:1-6
**GUIDANCE PARTICULARLY
FOR WIVES**

We continue our study of how to live together in the family unit.

For Wives: 1. Do you have an intelligent grasp of your husband's business so that you can discuss it with him helpfully?

2. Can you meet financial reverses bravely, cheerfully, without criticizing your husband for his mistakes, or comparing him unfavorably with more successful men?

3. Do you make a special effort to get along amiably with his mother or his relatives?

4. Do you dress with an eye for your husband's likes and dislikes in color and style?

5. Do you compromise little differences of opinion in the interests of harmony?

6. Do you keep track of the day's news, the new books and new ideas so that you can hold your husband's intellectual interest?

7. Do you keep up your own prayer life so that you may meet every situation that arises in the home with the sense of poise, of divine direction and insight?

8. Have you made a little shrine in the home where your husband, you, or your children can retire and

be undisturbed for quiet meditation and prayer?

9. Have you learned to say, "I am sorry," or are you always right?

10. Are you keeping up your church relationships and are you making them real, or do you just send your children to Sunday school?

11. Are you the kind of person you want your children and your husband to be?

General suggestion for both parties: "Refrain from sharing such interests with other persons of the opposite sex as are likely to draw one into a relationship that is a threat to the marriage relation. We can help to keep ourselves from entangling alliances by never starting to share such implicating interests with the opposite sex as would lead to intimacy." (The Family Lives Its Religion, Regina Westcott Wieman, Harper, 1941, p. 80.)

God, these tender relationships of the home can be a shrine or they can be a snarl. Keep my inner shrine from all divided loyalties and from all querulous attitudes and from all worry and anxiety. Let me approach each day with confidence that "I can do all things through Christ which strengthen me." Amen.

Crockett School Building Is Teacher's, Student's Dream; System Needs Another

On Dec. 15, 1949, the voters of Midland voted in favor of a \$450,000 bond issue for the purpose of building a new elementary school and a high school for negroes. As a result, the David Crockett Elementary School and Carver High School were built at a cost of \$278,973 and \$171,026, respectively.

Contracts for the building of David Crockett School were let Feb. 1, 1950, and actual construction began by the end of that month under the direction of the Houston Hill Construction Company. Wilson and Patterson were the architects for the modernistic, three-wing school building.

Despite all efforts by the Superintendent, director of business, and Houston Hill Construction Company, David Crockett was not complete by September 8 when school started. Some of the teachers did not have desks, and some of the rooms still lacked lights and paint, but they were able to operate on a

half-day basis for the first two weeks of school. They are now operating on a full-day schedule, although the cafeteria, auditorium, kitchen and dressing rooms still are not complete. The dressing rooms are in use, but still are in need of paint, showers, and lights, according to Frank R. Blackwell, principal.

Rooms Open To Outdoor
David Crockett is a "teacher's dream," Blackwell stated. In explanation he gave the advantages of having a three-wing building with each room opening on an outdoor passageway, thus eliminating hallway congestion and noise. Another noise-reducer is the acoustical ceilings in each room. Each room has windows on the North and South sides, giving good cross-ventilation and natural lighting. "There is absolutely no glare from these windows," states Blackwell, "because of the aluminum louvers and outside porch over passageway,

Ochoa Given Time To Fight Extradition

LAREDO —(AP)— Mexican officials say George Ochoa has until November 27 to prove he should not be extradited to Texas on murder charges in the July 31, 1949, slaying of two men in Laredo.

Formal charges were read to Ochoa in Mexico City and the three-day limit for study of the charges ended Tuesday.

German Ortega, secretary to Federal Judge Juan Enrique Azuara, said Ochoa must prove first that he is a Mexican and then that he is innocent of the charges.

On November 23, Judge Azuara will hear rebuttal arguments on the extradition request.

19 Schoolboy Grid Outfits Still Boast Unspotted Records

By HAROLD V. RATLIFF
Associated Press Sports Editor

The Texas schoolboy campaign drives into the November stretch with 19 undefeated, untied teams in the three divisions battling through to state championships.

This weekend 147 games will be played and among them are the most important of the season.

The City Conference has a dozen games, all of them counting in the title standings. Headlining this division, which has only one undefeated, untied team—Lamar of Houston—is the clash of Arlington Heights and Paschal in the Fort Worth District Friday night. The winner of this game will be the overwhelming favorite to win the crown, Lamar does not have a game this week.

In Class AA there are 35 games, 33 of them conference. Headlining this division this week will be battles at Marshall and Galena Park, Texarkana, undefeated and untied, meets Marshall Friday night with the District 9 championship in the balance. Galena Park, also unbeaten and untied, jousts with powerful Baytown the same night with the District 12 pennant likely to go to the winner of this contest.

100 Class A Contests
Class A has an even 100 games with outstanding battles at Mt. Vernon and Diamond Hill (Fort Worth), Mt. Vernon and Sulphur Springs, both undefeated and untied, collide Friday night with the District 15 championship in the offing. Birdville and Diamond Hill are expected to settle the District 11 crown in their Friday night clash.

Sinton already has sacked up the District 29-A title—the first to be determined in any division.

Class AA has 11 undefeated, untied teams with Arlington the leader. This team has won eight games and rolled up 294 points.

Class AA has seven with perfect records with Pampa having won

Hogan Is 'Golfer Of Year'

CHICAGO—(AP)—Ben Hogan, who pulled one foot out of the grave to climax a comeback by winning the 1950 National Open, has been overwhelmingly voted the PGA's "Golfer of the Year."

Bantam Ben, almost killed in an auto collision in February of 1949, received 112 votes in a Professional Golfers Association poll of 173 sportswriters and broadcasters. Sam Snead was second with 43.

Ballots also were cast for Lloyd Mangrum, Jim Ferrier, Jimmy Demaret, Jack Burke, Jr., Dick Metz, Henry Ransom and Chandler Harper.

Snead was the 1949 winner. Hogan captured the 1948 award, the first year of the PGA poll.

Starts Comeback
After his auto mishap, the little Texan was determined to return to the links although so badly injured that for a time it was not known if he ever would walk again.

He started his comeback in the Los Angeles Open, almost a year after his accident, and tied Snead. He later lost to Sam in a playoff.

Among his other tournament finishes were fourth in the Augusta Masters, third in the Colonial Invitational at Fort Worth and first in the Greenbrier Open with a PGA 72-hole record of 259.

Later came the National Open in Philadelphia. Hogan tied with Mangrum and George Fazio with 287 and then won the playoff by four strokes with a sparkling 69.

Three Rings, the horse that is scratched when it rains, will race at Hialeah this Winter. The track with the flamingoes was fast for 37 of its 40 racing days last Winter.

PRICE'S DOWN—Redford's Larry Price was on his way to a touchdown when University of Detroit High's Johnny Poitowski grabbed his jersey and brought him down on the seven-yard line.

24 Teams Appear On Eligible Lists For 'Bowl' Events

ATLANTA—(AP)—The football bowl season has begun and at least 23 teams are in the spotlight as potential New Year's Day entertainers.

Teams on one or more bowl's list of desirable eligibles include Kentucky, Southern Methodist, Texas, Tennessee, Oklahoma, Nebraska, Fordham, Wyoming, Kansas, Pennsylvania, Wake Forest, Duke, Georgia Tech, Miami (Fla.), Vanderbilt, Texas A&M, Washington & Lee, North Carolina, Maryland, Mississippi, Florida, Clemson and South Carolina.

Some bowls, such as New Orleans' big Sugar Bowl, haughtily remain aloof from speculating publicly during November on which teams will be on their payrolls New Year's Day.

Other bowls, such as the Gator in Jacksonville, Fla., and the new President's Bowl of Washington, post notices on teams they are interested in. The President's Bowl will be played in Maryland December 9.

A third type, the Orange of Miami for example, gives you a hint or two but won't get down to cases and name leading contenders.

Everything is according to protocol in Dallas in preparation for the Cotton Bowl. Southwest Conference rules say the league champion must play in Dallas. On November 15, coaches of teams still in the race for the championship submit lists of teams they would be willing to play January 1.

Sugar Bowl Won't Talk
Although the Sugar Bowl won't talk for publication, discussions behind the scenes give strong hints which teams the New Orleans show prefers. Old hand hands know the Sugar likes a Southeastern Conference team with an unbeaten record, if available. Kentucky and Georgia fit that unwritten need so far. Georgia, however, has been tied three times. If no unbeaten SEC team is available the Sugar will take another Southerner with a good record. Tennessee, Vanderbilt and Florida have lost only one game each.

Southwest Conference and Eastern eligibles with outstanding records are well liked in New Orleans. In Miami, pressure already is tremendous for the Orange Bowl to invite the home town University of Miami Hurricanes, an unbeaten and untied outfit with a colorful record.

Duke Jordan, publicity chairman, says, however, the schedule committee prefers to await the outcome of Miami's five remaining games. The Iowa-Miami game November 24 will be watched closely.

Hoople Expects To Be Elected By Fans Writing In His Name

By MAJOR AMOS B. HOOPLE
Blocker for Ted Coy

Egad! I am expecting to hear from many of my millions of readers to the effect that torchlight parades and bonfires are being inaugurated in celebration of my successful football forecasting.

But to date I have not heard a word, though I am keeping in mind that most people are careless about writing.

Indeed, I would not be surprised to find myself elected to some office or other, November 7, by fans writing in my name. I hope this does not occur, forsooth, because I am so busy with my oil and banana

plantations that I simply could not do justice to the office of senator or governor—har-rumph!

Uclan Center Gets Lineman's Award

NEW YORK—(AP)—Donn Moomaw, 18-year-old sophomore center at UCLA, was selected Wednesday as this week's lineman of the week in The Associated Press poll.

The 6:04, 215-pound youth's work against Purdue brought him this week's award. Moomaw threw Purdue's backs for losses five times at critical spots, intercepted one pass, and altogether played his sixth consecutive outstanding game.

Dick Hyland, of the Los Angeles Times, declared: "Right now, to me, he is the best linebacker seen in college ranks since the war."

Runnerup in the balloting was Bob Gain, 230-pound Kentucky tackle, for his versatile play against Georgia Tech. Among other feats, the lad from Weirton, W. Va., became the first player to block a Tech punt in three years.

Bob Ward, 181-pound Maryland guard, played another whale of a game, this time against Duke, and once again came in for high praise. He stopped two Duke attacks inside the Maryland five-yard line and on the last play of the game rushed Duke's forward passer off balance.

This led to an interception and a 46-yard touchdown run for Maryland.

Texas End Praised
Don Menasco, Texas end, gained laurels in the Southwest for his fine play against Rice. He turned in a performance that brought this quote from Texas Coach Blair Cherry: "It was the greatest performance I believe I have ever seen. He was terrific. Menasco has been great for some time, but had an unusually great day against Rice."

Linemen nominated this week: Tackles—Hollie Donan, Princeton; Walter Trillhaase, Lehigh; Don Joyce, Tulane; Al Tate, Illinois; Jim Stator, Wake Forest; Bob Donaldson, Catawba; Bob Gain, Kentucky; Paul Groski, Rice; Bob Matock, Arizona.

Guards—Bob Ward, Maryland; Bradley Glass, Princeton; Rex Hoy, Nebraska; Buck Conard, Washington and Lee; Ted Daffer, Tennessee.

See: Tiny Moore, Abilene Christian; Les Richter, California; Jim Quimby, Cornell; Bernie Lemonick, Pennsylvania.

Centers—Donn Moomaw, UCLA; Doug Weaver, Michigan State; Irby Holdash, North Carolina; Max Eubank, Texas Christian; Bob Heide, Ohio State.

Ends—Don Menasco, Texas; Harold Riley, Baylor; Edie Bell, Pennsylvania; Elmer Wingard, Maryland; Joe Cloldt, Washington; Herb Agocs, Pennsylvania.

Texas-Born Jockey Sets National Pace With 300 Victories

SAN MATEO, CALIF.—(AP)—Little Willie Shoemaker, born on a cotton farm outside El Paso, Texas, and with no background to stamp him as a future jockey great, Wednesday has 300 victories for the year and is the pace setter for national riding honors.

The 19-year-old taciturn mite, less than five feet tall, hit the magic, 300-figure Tuesday in the sixth race, his third win for the day, at Bay Meadows.

Shoemaker is what racing people call a "natural." He weighs 102 pounds, is small boned, and probably never will get much heavier.

Shoemaker wasn't born into a "horse" family. His folks moved from Texas to Southern California when he was a child. He got his first riding job in his early teens, exercising horses for Hurst Philpot, trainer for the late Charles S. Howard.

Madison Square Garden, New York City, was the scene of the first automobile show, held in 1900.

GOP Leaders Appeal To Vandenberg For Answer To Truman

WASHINGTON (AP)—Republican leaders Wednesday appealed to Senator Vandenberg (R-Mich) to answer President Truman's single-shot political speech scheduled Saturday night.

There seemed to be small chance, however, that Vandenberg would feel physically able to take on the task.

GOP National Chairman Guy G. Gabrielson was reported scurrying around for the \$15,000 which would be needed to hook up one network to reply to the four-network address by the President, which will cost the Democratic National Committee \$50,000.

Democratic National Chairman William M. Boyle Jr. called meanwhile, in a speech Tuesday night, for a huge vote on election day next Tuesday to put in office "men and women who will support—not obstruct—the policies to which this nation is now firmly dedicated."

Taft, Wherry Criticize
Senator Taft (R-Ohio), seeking reelection in Ohio, returned to the thesis that the Truman Administration has blundered on foreign policy decisions.

Senator Wherry attacked Administration Far Eastern policies, too, and said in a speech at Nampa, Idaho, that Truman "ignored" advance information from the Central Intelligence Agency that the attack on South Korea was coming.

In another campaign development, Senator Gillette (D-Iowa) announced that an elections subcommittee he heads won't have time before the election to inquire into spending in the race between Taft and Ohio State Auditor Joseph T. Ferguson. Ferguson had urged an investigation; Taft supporters said they would welcome one.

Congratulations To:

Mr. and Mrs. D. E. Hambrick, 305 East Cowden Street, on the birth Saturday of a daughter, Jane Lynn, weighing six pounds, 14 ounces.

Mr. and Mrs. T. W. Baughtry, Route 1, on the birth Saturday of a son, Doyle Everett, weighing seven pounds, five ounces.

Mr. and Mrs. C. J. Downs, 602 East Maiden Lane, on the birth Tuesday of a daughter weighing seven pounds, five and one-half ounces.

Mr. and Mrs. J. W. Davis, 709 1/2 North D Street, on the birth Wednesday of a son weighing seven pounds.

Mr. and Mrs. Roy E. Campbell, 204 West 17th Street in Odessa, on the birth Tuesday of a son weighing seven pounds, eight ounces.

ADMITTED FOR SURGERY
Phila Hines, 17-year-old son of Mr. and Mrs. C. C. Hines, 1004 South Terrell Street, was admitted to Western Clinic-Hospital Tuesday for major surgery.

COINCIDENCE IN KOREA—Pvt. Samuel C. Masingale, left, and his brother, Cpl. Ralph M. Masingale, received battle wounds on the same day and in the same locality in Korea, one in the right ankle and the other in the left ankle. Neither knew the other had been wounded until they met when assigned to adjoining beds in the same ward at this Tokyo, Japan, Army Hospital. (U. S. Army Radio-Telephone by NEA-Acme Telephoto.)

Permian Basin Oil And Gas Log—

(Continued From Page One)
miles south of the city of Midland, which has already shown for possible commercial production from two sections of the Permian, is preparing to drill deeper from total depth of 9,700 feet in the Wolf-camp lime.

The latest drillstem test on the exploration was run on the open hole at 9,440-9,700 feet. The packer was set 18 feet up inside the 7 5/8-inch casing, which is cemented at 9,440 feet.

The tester was open for 22 hours and 15 minutes. Gas came to the surface in seven minutes. Oil started flowing out of the drill pipe in eight hours and 20 minutes. The fluid was run to pits for several hours and was then turned to tanks for 10 1/2 hours. During that period the project flowed through a five-eighth inch bottom hole choke and produced a total of 38 barrels of oil, and no water.

Operator was pulling the tester at last report and will then make more hole. The wildcard is contracted to 13,500 feet to explore the Ellenburger.

On a previous drillstem test at 9,500-9,590 feet the tool was open five hours. Oil started flowing at the top in four hours and 15 minutes and in the 45 minute period before the tool was closed it produced 11 barrels of oil, and no water. The flow was through a five-eighth inch bottom hole choke. Gas had showed at the surface in four minutes.

Location is 660 feet from north and 1,980 feet from east lines of section 30, block 29, T&P survey, T-2-S.

This prospect had previously shown for a discovery from the Dean sand of the Permian. It had an oil fill up of 20 barrels per hour during a drillstem test at 9,100-78 feet. Most of the oil which was recovered during that investigation was unloaded from the drill pipe while it was being pulled.

SE Borden Wildcat Is Drillstem Testing

Magnolia Petroleum Company No. 1 Ella M. Conrad, Southeast Borden County wildcard, two and one-half miles southeast of the Reinecke-Canyon field, and 660 feet from north and west lines of section 79, block 20, Lavaca Navigation survey, is bottomed at 8,541 feet in Ellenburger lime.

The project is taking a drillstem test at 8,518-41 feet.

Top of the Ellenburger is at 8,521 feet. Elevation is 2,317 feet. Samples in the section of the Ellenburger so far drilled have not shown any signs of oil or gas.

This venture has not found any possibilities of production in any zone it has drilled through in reaching the Ellenburger.

It had slight shows in the Wolf-camp lime and in the Pennsylvanian reef, but neither zone had enough petroleum for a well.

The project is 23 miles southeast of Gail.

Prospect In Taylor Drilling Caddo Lime

Kerr-McGee Oil Industries, Inc. of Oklahoma City No. 1 Ovalo-Smith, Southeast Taylor County wildcard, is drilling below 4,515 feet in Caddo lime after reporting a negative test in a sand section of the Caddo.

The project was drillstem tested for one hour from 4,473 to 4,488 feet. Recovery was 25 feet of drilling mud with no shows of oil, gas or water.

The sand tested was topped at 4,473 feet. The lime top was called at 4,488 feet minus a datum of 2,508 feet on that marker.

Location of the wildcard is in the southwest corner of the L. Smith 170-acre tract in the northwest quarter of section 403, R. William survey.

Salt Water Recovered In NE Terry Explorer

Ohio Oil Company No. 1 McCormick, wildcard in Northeast Terry County two and three-quarter miles northwest of the two-well Mound field, is waiting on orders after recovering salt water cut with gas on a drillstem test from 6,380 to 6,504 feet in middle Permian lime.

That interval was tested for 30 minutes. A good blow of air was to the surface throughout the test. Recovery was 810 feet of muddy

Subversive Control Board Sets Up Shop To Enforce New Law

WASHINGTON (AP)—The newly-created Subversive Activities Control Board (SACB) was called together Wednesday to set itself up in business.

Authorized by the new Internal Security Act, it will have a single function: To hold hearings and decide whether organizations designated by the attorney general as "Communist-action" or "Communist-front" groups must register with the Justice Department and report activities and financing.

In the case of "Communist-action" organizations, the new law enacted by Congress over President Truman's veto also requires a complete listing of dues-paying members.

The Justice Department already is at work on a formal petition to the control board to order the registration of the Communist Party. Hearings on this petition will be the board's first official task.

No Home As Yet
Seth W. Richardson, veteran Republican attorney who was named by Truman a week ago as chairman of the five-member board, called his fellow members to meet him at noon in the courtroom of Justice Bolitha J. Laws, chief justice of the Federal District Court here, to take their oaths of office.

Noting that the new board "as yet has no home," Richardson said the arrangement for convening in the courtroom seemed to be the most feasible one in sight. He expressed a personal view that the board members could have gone before any notary public to be sworn in, but said his colleagues favored the more formal courtroom appearance.

Richardson planned to resign Wednesday as chairman of the Federal Employees' Loyalty Review Board in order to take over his new duties. He invited the control board to meet with him in the Loyalty Review Board offices after the swearing-in to begin work on organization details.

The SACB chairman said the session would be devoted to a tentative chart of working arrangements and preparation of a report to the Budget Bureau on what financing the new board will require.

The committee had before it an estimate that \$300,000 would be realized the first year from the sale of stamps to collectors.

Through a draft agreement already prepared in consultation with the U. S. government, the United States Post Office Department would perform all the usual postal services on behalf of the UN postal administration.

The General Assembly has yet to act on the plan.

Schools Get First Per Capita Payment

AUSTIN (AP)—A \$6,330,408 payment was made to Texas public schools Tuesday. It represented an allotment of \$4 per student.

This was the first installment of the \$50 per capita authorized for the 1950-51 school year. Payment was based on an October school census of 1,582,602 children, Commissioner of Education J. W. Edgar reported.

Additional payments will be made monthly or bi-monthly as funds become available.

Oregon Prepares For New Pacific Storm

PORTLAND, ORE. (AP)—Drenched and flood-damaged Western Oregon battered down Wednesday for a bout with another Pacific storm moving toward the coast-land.

The new blow was expected late Wednesday. Forecasters doubted it would have the fury of the weekend downpour that caused flash floods in mountain valleys and claimed five lives.

Scarcity Of Younger Workers Means Aged Find Jobs Plentiful

NEW YORK (AP)—The oldest is getting a break. It seems there's a labor shortage developing, and younger workers are going into the armed forces or defense production jobs.

Companies who thought a man was washed up at 60—some said he was unhirable after 40—suddenly are discovering that the older has virtues of skill, experience and executive talent.

"Don't apologize for growing old—many persons are denied this privilege," the Controllers Institute reminds its members who are looking for a job once more.

The 40-Plus Club of Connecticut, engaged in finding its members new jobs, says since the Korean war many companies are turning to hiring older men, since they fear loss of younger key personnel to the armed forces or to defense jobs.

A government arsenal at Frankford, Pa., which had a 62 age limit for machinists, tool, die and gauge makers, has raised it to 70.

The Office of Defense Manpower says a labor shortage is developing and the Labor Department is planning a training program for industrial plants to get the skill needed for arms production.

The older age brackets, however, offer a large reservoir of already trained ability. The Census Bureau reports that 12.3 per cent of the men and 13 per cent of the women in the country are over 55. There are 11.5 million persons over 65—one out of every 13 in the country—and both the number and the percentage is growing. There may be 20 million in that age group by 1980.

Bumper Crop on Way
A bumper crop of the very young is coming along. But the age groups on which the military draws, and to which industry normally looks for replacements—the 15 to 35 range—have been growing very little, if at all. In fact, there are two million less in the 15 to 19 group than 10 years ago (That was the depression's, short crop of babies).

One active campaigner against early retirements is Elmer H. Bobet, president of Warner-Hudnut, Inc. He advocates putting persons over 65 on half-time, rather than retiring them.

Let's Give A Little Girl Ears And Make Her Fifth Birthday Open Up A New World

By TANNER LAINE
It is to Joe Stalin's glee that stories of racial prejudice sometimes come out of America.

But Midland has a chance to write a story that will beat him. Imagine yourself if you never had heard the words—home, mother, God, Christmas, love and candy (if a child). The world would take on a different meaning for you should suddenly you be allowed to hear those words.

There is a little deaf and dumb negro girl in Midland whose birthday is November 20. Persons here have started a project to get her a hearing aid for her fifth birthday.

That hearing aid will cost about \$25, after a kind-hearted dealer agreed to sell it at cost. The aid is to be a birthday present for the little girl from her well-wishing friends of Midland.

Do you want to help give this little girl ears, so to speak? Give her ears to open-up a new world for her?

You can.
Cam-Worth Drugs already has started the ball rolling with a \$5 contribution. This writer will give \$5. How about you? Contributions will be accepted by this writer at The Reporter-Telegram or by the Rev. James B. Sharp at 1705 North Weatherford Street, telephone 1621-M.

Let's put it over. Let's give that little negro girl ears. Let's open a new world to her on her birthday.
