

Permian Basin OIL & GAS LOG

James C. Watson
Oil Editor

Spraberry Wildcat Is Spotted In Glasscock

York & Harper, Inc. of Midland has staked location for its No. 1 K. S. Boone, which is to be a wildcat, in extreme Central-West Glasscock County one and one-quarter miles northeast of Hubbard S. Russell No. 1-20 Wraga-Hendrickson, wildcat discovery from the Spraberry sand.

Exact location will be 1,980 feet from north and east lines of section 17, block 36, T-3-S, T&P survey.

Operator is testing open hole at 6,380-7,175 feet to complete the No. 1 Wraga-Hendrickson. That interval was shot with 248 quarts of nitro glycerin.

The No. 1 Boone is contracted to go to 8,000 feet to test the Spraberry. Drilling of the exploration is three miles from production in the east side of the Tex-Harvey field in Midland County.

That makes it about 21 miles southeast of the city of Midland.

Potential Reported For Pecos Opener

Curtis R. Inman of Midland has filed potential with the Railroad Commission of Texas for his No. 1 Unsicker, wildcat discovery from an upper Permian lime in Central-North Pecos County.

The opener, located 1,650 feet from the southeast and 2,310 feet from the northeast lines of section 15, block 10, H&GN survey, was completed for 52.25 barrels of 35-gravity oil.

Production is coming from open hole at 1,275-1,495 feet. That zone was shot with 240 quarts of nitro glycerin.

The potential was based on a 24-hour flow through a one-quarter-inch choke. Gas-oil ratio on the test was reported to be 425-1. Casing pressure was 375 pounds and pressure on tubing was 150 pounds.

The discovery made no water.

Midland Exploration To Drill Spraberry

J. K. Dobbs and associates No. 1 Wilson Bryant, Central Midland County wildcat, to explore the Spraberry sand, 11 miles south of the city of Midland, is homesteaded at 7,110 feet in the top of the Spraberry section and is to be drilled into the expected pay.

This project has been checked satisfactorily, from a geological standpoint, and interested observers are expecting it to show production in the Spraberry horizon.

It is 662.5 feet from south and 696.1 feet from east lines of the south half of the northwest quarter of section 24, block 39, T&P survey, T-3-S.

It is on a spread of acreage which was assembled by A. N. Hendrickson and G. E. Hall of Midland. They turned an interest in the lease to Dobbs to drill the well. They retained an interest in the acreage and in the wildcat.

Production Test Set For Dawson Wildcat

Standard Oil Company of Texas No. 1 Mrs. M. V. A. Smith, Central-North Dawson County wildcat, four miles southwest of O'Donnell, and 600 feet from north and 1,980 feet from east lines of section 34, block 41, pal survey, is preparing to make production test on a zone in the Spraberry sand of the Permian which developed considerable free oil on a drillstem test.

Interested observers think the prospector has a fair chance to complete as some sort of a producer and discovery from the sand pay section.

The wildcat drilled to a total depth of 7,981 feet in lower Pennsylvanian lime. It found a little gas and slight signs of oil in the top of the Pennsylvanian—but that horizon developed salt water and the petroleum signs were of no consequence.

The section at 7,928-72 feet had a recovery of 4,780 feet of clean oil, 720 feet of oil and gas cut drilling mud and 10 feet of slightly salty water during a five and one half hour drillstem test.

Gas came to the surface in 17 minutes after the tool was opened for that investigation. Gravity of the oil which was recovered was 37.8 degrees.

Operator will plug back to 7,981 feet and cement 7-inch casing at 7,910 feet. The open hole section will be tested naturally, and it then probably will be shot with nitro glycerin in the effort to make that interval produce oil and gas in commercial amounts.

Good Permian Shows Found In NW Andrews

Magnolia Petroleum Company No. 1 G. T. Hall, Northwest Andrews County exploration, seven and one-half miles southwest of Boydell, and 800 feet from north and west lines of the southwest quarter of section 2, block A-29, pal survey, developed some good shows of possible production in the San Andres-Permian lime at 4,290-4,225 feet.

That zone was drilled stem tested for

City Council Asks Restraining Order On Phone Pickets

The Midland City Council, meeting in called session shortly before noon Tuesday, authorized City Attorney John Perkins to seek immediately a restraining order, preliminary to asking an injunction, in the 70th District Court to remove the Western Electric Company employe picket line from the Southwestern Bell Telephone Company exchange here, as a means of restoring telephone service.

The city's petition for the restraining order points out that the public health and safety of the community are endangered by the lack of telephone service caused by the refusal of telephone operators to cross Western Electric employe picket lines. Midland's telephone system is manually operated.

The city attorney was to meet with District Judge Paul Moss at 3:30 p.m. Tuesday in Odessa to request granting of the restraining order. If the order is granted, the district judge likely will order a hearing within the next 10 days, officials said.

Councilmen at the meeting pointed out that the strike of the Western Electric Company employes is not against the Southwestern Bell Telephone Company and the service disruption is "without justification." The pickets, they said, actually are not picketing the building in which Western Electric employes work.

Councilmen termed the strike a "secondary boycott."

The motion to seek the restraining order was made by H. E. Chiles, Jr. It was seconded by Frank Shriver. The vote was unanimous.

C. Of C. Directors' Election By General Ballot Is Proposed

A proposed change in the by-laws of the Midland Chamber of Commerce whereby directors would be elected by ballot of the membership at large was advanced at the regular meeting of Chamber directors Monday night in Hotel Scharbauer.

Directors now are elected by members attending the annual membership meeting of the organization in January of each year, following an oral report by a nominating committee.

The proposal will be submitted to the membership at a called meeting to be held within the next 30 days. A committee was named to draft and present a definite by-laws change proposal at the special meeting. The committee includes R. D. (Bob) Scruggs, Tom Sealy, John P. Butler and Bill Collyns. Scruggs, Sealy and Butler are past presidents and Collyns is a former manager of the C. of C.

It was suggested that one-third of the directorate be elected each year for three-year terms. The names of twice the number of nominees to be elected would be submitted to the membership by mail in advance of the annual meetings. Write-in nominations would be allowed. The Chamber now has 40 directors.

Directors present at Monday night's session, after considerable discussion, voted to submit the by-laws change proposal to the membership for adoption or rejection, with all members invited and urged to attend.

★ LATE NEWS FLASHES ★

ST. LOUIS—(AP)—The picketing of Southwestern Bell properties by Western Electric strikers Tuesday developed into the threat of a full-fledged strike against the five-state telephone company as Division 20, Communications Workers of America (CIO), accused the company of making plans for a lockout.

ALBUQUERQUE, N. M.—(AP)—Temporary insanity will be the defense plea of Dr. Nancy Campbell in the kidnaping of nine-year-old Linda Stamm, her attorney, A. L. Zinn, said Tuesday.

WASHINGTON—(AP)—Secretary of Defense Marshall Tuesday announced the appointment of Clayton Fritchey, editor of the New Orleans Item, as public information director of the Defense Department.

PHILADELPHIA, PA.—(AP)—Pickets battled Philadelphia police for 45 minutes Tuesday in a vain effort to keep telephone operators from going to work. Seven strikers were arrested.

Hit-Run Pickets Return

Striking Western Electric workers struck Midland with their hit-and-run tactics Tuesday to curtail telephone service and place it on an "emergency only" basis.

Shortly after 6 a.m., two pickets, who had abandoned their posts Saturday afternoon, returned to their weary tours of duty in front of the Midland exchange.

And again, as they did last Thursday, telephone operators refused to cross the line.

By mid-morning, almost 100 operators had gathered for a mass meeting to discuss reports that the Southwestern Bell Telephone Company would "lock us out" if they attempt to return to work if the pickets are withdrawn.

"We haven't got any confirmation," said Chairman Leo Moore of the Midland plant head of the Communication Workers of America, "but it has been reported that we will be locked out."

To Meet Daily

Mears said similar meetings of telephone operators will be held each morning at 10 a.m. when the pickets are on duty.

Company officials were unavailable for comment concerning the "lock-out" reports.

Meanwhile the switchboards at the telephone exchange, manned adequately for the last two and one-half days, were swamped by calls. They were being operated by supervisory non-union personnel.

Only emergency calls are being accepted.

ABC Club Will Be Formed In Midland

Midland soon may have another service club—ABC—if plans of the Odessa ABC Club, sponsoring unit, are carried to completion.

Russell Glenn, governor of the Eighth District, ABC, and Vernon Andrews, a director of the Odessa club, were in Midland Monday afternoon to complete arrangements for an organization dinner-meeting to be held at 7:30 p.m. Wednesday in the Crystal Ballroom of Hotel Scharbauer. Lester Young is president of the club in Odessa.

Former ABC members and all businessmen interested in becoming charter members of the new club are invited and urged to attend the meeting. Reservations should be made at the Chamber of Commerce at \$2.50 per plate.

A male quartet from Lubbock will furnish the musical entertainment. The Odessa club will show a film, "Search," which deals with research and treatment of spastic paralysis.

MIDLAND-MADE FOR MIDLAND MAIDS—Midland's world-famous Bauer sisters, Alice, left, and Marlene, pose in the fancy cowboy boots they received as gifts of the Midland Chamber of Commerce. Robert L. Wood, president of the Chamber of Commerce, is pictured at left. Stanley M. Erskine, a director, is at right. The golfing stars received the boots at a meeting of C. of C. directors in Hotel Scharbauer.

58 Persons Die In Airliner Crash

GRENOBLE, FRANCE—(P)—The first rescuer late Tuesday reached the scene where a Canadian airliner crashed against the side of an Alpine cliff and reported "nothing left but pieces of bodies" of the 58 passengers and crew.

GRENOBLE, FRANCE—(P)—French mountain guides Tuesday located the shattered wreckage of the Canadian airliner which apparently dashed head-on into an Alpine cliff with 51 passengers—mostly Canadian Holy Year pilgrims—and a crew of seven.

Their first radioed report indicated none of the crash victims was likely to be found alive.

The guides, pushing toward the scene through rain and snow, messaged back that they had spotted the wreckage near the vertical north face of Mount l'Obiou Range at 2 p.m. Tuesday. The plane crashed Monday night.

Photographs of Pope Pius XII, who had blessed the pilgrims shortly before they took off from Rome Monday for Paris and home, were found scattered in a forest several miles from the scene of the crash—apparently carried by mountain gales.

Scraps of a diary written by one of the pilgrims told of the audience with the pope and of reciting the rosary before boarding the plane.

Dangerous Spot

Experienced mountain climbers here estimated the guides were a hard five hours march from the wreckage. They said the face of the mountain is a solid stone wall 1,800 feet high and one of the most dangerous spots in the area.

The wreckage was about 65 miles from the spot where an Indian Constellation crashed less than two weeks ago with 48 East Indian seamen and crew. None of the 48 lost in the Constellation crash has been removed because of the hazardous terrain.

But guides believed the victims of the Canadian airliner crash might be brought down to the valley.

They were the first Holy Year pilgrim group involved in an air disaster.

The Canadian pilgrims, including (Continued On Page 13)

Midland Nurse Dies Tuesday

Mrs. Kattie V. Armer, president of the Registered Nurses Association in this district and a private nurse in Midland for the last five years, died Tuesday morning after a lengthy illness.

A native of Belton, she was superintendent of the Confederate Old Ladies Home in Austin for two years before coming to Midland. She was a member of the State Board of Nursing for many years.

A resident of 900 West Indiana, Mrs. Armer died in a hospital here. Funeral services will be held at 10 a.m. Wednesday in the Newbie W. Ellis Chapel and interment will be in the cemetery at Seminole.

GI's Start Frigid Drive For Border

SEOUL, KOREA—(P)—A frozen silence settled over Korean battlefields Tuesday.

Temperatures of six above zero virtually paralyzed the northwestern front, where an estimated 90,000 Chinese Communists face the concentrated U. S. First Corps. It was even colder in the northeast.

Ice-tipped winds swept down from mountain peaks on the gullied Chinese and on shivering Americans, many still in Summer uniforms. The U. S. Eighth Army was rushing Arctic clothing to the chilled troops. Parka-clad Marines pushed through frozen hills in the center of the line toward Changjin Reservoir and its great hydroelectric development.

Further east, two regiments of the U. S. Seventh Division marched along ice-caked roads in sub-zero weather toward the Manchurian border, 30 miles away.

Winds of 40 miles an hour made it difficult for fighting men of the Seventh Division to breathe. Their hands and feet were numbed by the cold.

A thermometer carried by a tiny wind-tossed plane above them registered 21 degrees below zero. Associated Press Correspondent Tom Stone and the pilot, Lt. James C. Evans of Columbus, Ga., said an overcast all but hid the 17th Regiment and the 3ft "Polar Bear" Regiment.

Sleds and ox carts carried heavy weapons and equipment through the mountain roads north of Pung-san.

Mortars Open Up

Red mortars opened up on the troops three hours after they started the march toward Kapsan, 15 miles northwest. Other Seventh Division units, including the Puigan Reservoir, 35 miles southwest of Pung-san, without seeing the enemy. On the snow-covered hills of the (Continued On Page 13)

Army Issues Call For 40,000 In January

WASHINGTON—(P)—The Army Tuesday announced a call for 40,000 draftees in January.

The new call brings the total Army request to 250,000 since the outbreak of the war in Korea.

The September and October draft requests were for 80,000 men in each month. The figure mounted to 70,000 in November and fell to 40,000 for December.

All men brought into the service through the Selective Service System to date have gone to the Army. The Navy and Air Force continue to depend upon volunteers to build up their manpower.

The Army said the principal reason the draft call in January was held to 40,000 was the lack of space and facilities in existing training camps.

One-Day Cut Statewide Is Latest Order

AUSTIN—(P)—The Railroad Commission Tuesday set Texas crude oil allowable production for December at 2,556,944 barrels daily, a 160,083-barrel cut from the present permissive flow.

The slash in production was achieved by a one-day across-the-board cut in number of producing days, except in two fields. This will allow 20 days of flow statewide and 19 days in the big East Texas fields.

The Fullerton field, West Texas, will remain on 19 days and the Willamar field, Southwest Texas, on 12.

The new allowable will be 176,944 barrels per day above the U. S. Bureau of Mines estimate of market demand for Texas crude in December.

An estimated 327,186 barrels of natural gasoline and distillate also will be produced daily in December, the commission said. This would boost total Texas petroleum output to 2,884,130 barrels per day.

A fast-moving statewide proration hearing preceded issuance of the oil order.

No Increase Requested

The Railroad Commission heard no requests for increased production in the 35-minute hearing.

George Good, representing Tide Water Associated Oil Company, told the commission: "I would say we are producing a little too much oil."

"How much too much?" asked senior Commission Member Ernest O. Thompson.

"About 250,000 barrels per day too much," Good replied, adding: "If we do not curtail production now, by January 1 you will honestly have a problem of finding a place to put the oil."

Commission members said they did not know the answer. Nichols blames imports.

H. P. Nichols of Tyler, representing the East Texas Oil and Gas Association, lambasted what he termed "indiscriminate importing by the big oil companies." "As long as it is allowed," he said, "we are going to have a depressed market demand for Texas oil."

Because of declining bottomhole pressure in the East Texas field, Nichols asked a reduction of the number of producing days for that area from 20 to 19 in December.

Thompson said a one-day cut, putting statewide production on 20 days, the East Texas field on 19, and keeping the Fullerton and Willamar static, would mean a cut of 160,084 barrels per day.

The allowable last Saturday was 2,717,027 barrels.

The next statewide hearing will be held here December 14.

Four-Lane Super Highway To Line Of Martin Planned

Midland County gave the go-ahead signal to the State of Texas Monday on plans for converting U. S. Highway 80 to a four-lane super highway from Midland to the Martin County line.

Meeting in regular session, the county commissioners adopted a resolution obligating the county to acquire and furnish the necessary 250-foot right-of-way for the project.

The resolution will be forwarded to the state capital and funds are expected to be allocated within a short time for conducting a survey of the route.

Funds Approved

The highway project already has been set up in the new federal primary road program, approved by Congress. Necessary funds already have been approved.

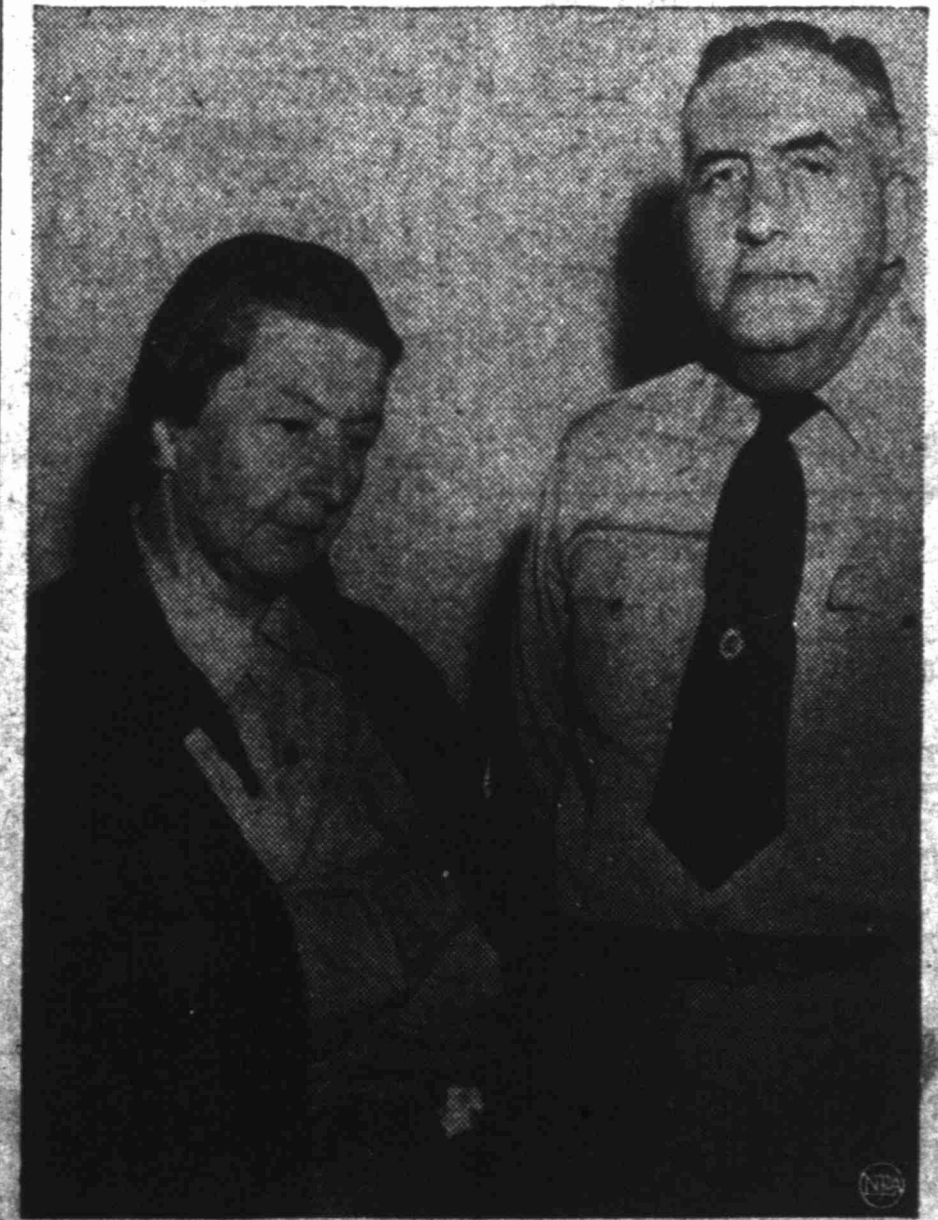

Meanwhile, S. C. Dougherty, senior resident engineer in Midland for the Pecos District of the Highway Department, said a survey already has been started on a project to (Continued On Page 13)

Clyde Smith Named To High Court Post

AUSTIN—(P)—District Judge Clyde E. Smith of Woodville was appointed to the State Supreme Court Tuesday by Gov. Allen Shivers.

He will succeed Associate Justice James P. Hart, who becomes chancellor of the University of Texas Wednesday.

Smith is 53. He is a lifelong friend and associate of Governor Shivers. He went to work in the law office of the late Judge R. A. Shivers, the governor's father, when he was 17 years of age.

DOCTOR ARRESTED IN KIDNAPING—Dr. Nancy Campbell, left, a prominent Santa Fe, N. M., physician, was arrested for kidnaping nine-year-old Linda Stamm as she reached for a box containing \$20,000 ransom. At right is City Police Chief Ben Martinez of Santa Fe, who assisted FBI agents in her capture.

'No More Tragedy For While,' Pleads Oscar Winner Wyman

By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD — Exclusively Yours:

Jane Wyman has informed her bosses at Warners that she wants to skip the movie tragedy business for the next few years. That's the reason she nixed the co-starring role opposite Kirk Douglas in "The Travelers" to be Bing Crosby's partner in "Here Comes the Groom."

Business is better-than-ever note: Sam Levin, the San Francisco theater tycoon, built a 2,500-seat theater, then installed only 1,200 seats to insure more leg room. Beams Sam: "It's so comfortable you can sleep in any seat. The house is always packed no matter what picture I'm playing."

Bill Morrow—he writes Crosby's air show—and Pat Dane, ex-wife of Tommy Dorsey, deny those secret marriage rumors. Current object of Pinky Tomlin's affections is a job as a Hollywood publicity man... Ava Gardner and her sister, who quarreled several months ago over Ava's refusal to say "So long" to Frank Sinatra, have de-

clared that blood is thicker than water. They're together again.

Where -there's -Hope -there's -motion dept.:

Bob returned from Korea for two added scenes in Bob Welch's "Lemon Drop Kid," hops to New York for another TV show, then plays one-nighters until his next Paramount movie.

Paramount and Van Heflin are huddling about the lead in "Night Man"... Ginger Rogers and Greg Bautzer, the grapevine insists, will be married before the end of the year—probably after she completes added scenes for "The Groom Wore Spurs." Even Ginger's mother, Lela, knows the date... Edmund O'Brien is due back a Scripps Clinic after "Two of a Kind" at Columbia. More flesh-melting.

Layettes For Lucille? Lucille Ball and Desi Arnaz have given their hoped-for stork date priority over their first independent co-starring picture. Her doctor has assured Lucille that she can be a lullaby-crooner in 1961.

Bookworms will have to get along without copies of "I Was Ingrid Bergman's Private Secretary" by Ellen Newland. Ingrid's gal Friday keeps turning down offers of hefty advance royalties from publishers to write the book.

Bob Preston nixed a fabulous deal to make a TV series playing a Western hero. His honest reaction: "Let's face it, I'm not the type."

It was doctor's orders that kept David Niven's wife in London until now—not domestic strife... Eve Arden, who deserves it, is looking for a big dramatic Broadway play. Pat Medina is penciled in as Bogart's leading lady in "Sirocco."

The big leak from Columbia is that Anthony Quinn steals "The Brave Bulls" from under the nostrils of Mel Ferrer and Miroslava. Mercedes McCambridge, who wins a \$2,000,000 poker hand in "Inside Straight," doesn't know beans about the game. Mercedes confided: "I spoke my lines, but I didn't know what I was talking about. I didn't even know what I was doing. But I win and sweep out of the place wearing one of Garbo's old dresses."

Clarke is Collapsing Robert Clarke says he's spending the rest of the year in an oxygen tent. He just set movie history by starring as D'Artagnan in Hollywood's first full-length movie made expressly for television, "The Three Musketeers." The picture was shot in four days—a little over one musketeer a day.

Clarke, who played the romantic lead opposite Sally Forrest in "The Money Game" (formerly "Mother of a Champion"), panted: "I'm a wreck. In four days I fought 12 duels, rode a horse 16 miles, made love to three women, had six fights. We averaged 20 pages of script a day. I'm the first jet-propelled D'Artagnan in history."

(NEA Telephoto) WOUNDED SOLDIERS BROUGHT TO HANOI—A wounded French soldier is assisted from plane at Hanoi, Indochina, after being evacuated from the fighting zone of That-khe, the border fort the Vietnam captured last month. These wounded men were flown to the capital city of Hanoi under a special Red Cross-sponsored truce in French planes. One hundred fifty French wounded have been under Communist care.

German Speaks To Angelo Optimists

SAN ANGELO — The return to fundamental Christian concepts is the surest way to leave a world of optimism for the youth of America.

That was the gist of an address given Monday to San Angelo Optimists by W. P. Z. German, Jr., of Midland.

German called for a strong United Nations, a cohesive and effective unity among nations which would enforce peace on earth among its peoples.

Harold R. Brown was named "Optimist of the Year" here.

DR. SHANNON IMPROVES

Dr. J. O. Shannon, chairman of the Midland County draft board who suffered a heart attack Sunday, was reported greatly improved Tuesday and has returned to his home from Western Clinic-Hospital.

Porter Endorsed For GOP Committeeman

AUSTIN —(AP)— Jack Porter of Houston was endorsed for Republican National Committeeman Monday by Donald D. Williams of Austin.

Williams is a member of the Republican State Executive Committee which meets here November 20 to name a successor to the late R. B. Creager of Brownville.

Porter and Henry Zweifel of Fort Worth are both in the race to succeed the veteran Republican leader.

ADMITTED FOR TREATMENT

Mrs. Geneva Boyd, 502 West Estes, was admitted to Western Clinic-Hospital, Monday for medical treatment.

ADMITTED FOR SURGERY

Mrs. F. E. Vinson, 1301 North Colorado Street, was admitted to Western Clinic-Hospital Tuesday for surgery.

JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service

Bridge players sometimes amuse themselves by trying to name the best 10 players in the country. You will seldom find two players who agree on the complete list, but you'd have a hard time finding a list that didn't include the name of E. Jay Becker.

In bridge circles, Becker's caution and prudence have become almost proverbial, but he is fully capable of making daring plays when they are needed. In the hand shown today we see an example of his careful analysis, followed by North's bid of four no-trump was, of course, the Blackwood Convention, asking how many aces South had. Becker's response of five diamonds showed one ace.

North then went ahead to slam on the assumption that Becker's one ace was in clubs (since the enemy had bid spades) or that there would be a good play for slam even if Becker actually had the ace of spades. Actually, the slam was a risky bid. If West had opened clubs, the contract would have been set very

to bid even though he was void of diamonds.

If he had held the ace of clubs, the chances were that he would have found some bid—either a raise of spades or a bid in clubs. Becker therefore concluded that the odds were heavily against finding the ace of clubs favorably located.

How, then, to make four heart tricks? The opening lead marked West with fewer than four spades (with four or more West would have led low rather than high), so that East must have strated with six or more spades. He also held two diamonds. Surely he also held three or four of the missing nips clubs. (Otherwise, West would have to hold seven or more clubs, without ever having bid them.)

It began to look as though there couldn't be room in East's hand for more than one or two hearts. In that case, normal play of the hearts would fall to provide four tricks—unless East held exactly jack-small in the suit.

Having analyzed the situation down to this point, Becker decided to stake the slam on his judgment. He therefore took the king of hearts and returned the ten of hearts from his hand. He was ready to take two finesses if West covered with the jack from some such holding at J-9-x-x. Actually, West played low, and Becker let the ten of hearts ride.

When this bold play succeeded, the slam contract was home. Becker could continue the hearts, discarding one of his losing clubs. Only one club trick could then be lost.

Table with bridge hand details: NORTH 16, WEST 4985, EAST 4KQ10842, SOUTH (D) 4A73, 4K105, 4KQJ95, 4103. Includes N-S vul. and a small diagram.

COLLECTOR'S ITEM—Melvin Lugten's hobby is collecting huge metal monstrosities, such as the old steam engine he's handling through his backyard in Hamilton, Mich. Lugten finds diversion in polishing and tinkering with the ancient machinery. It's a test of patience, too—it takes this old saw mill engine an hour and a half to "get steamed up."

**We Need An 'Old Maid's Day'
—But Not Under That Name**

By RUTH MILLETT
NEA Staff Writer

A Dallas, Texas, school teacher has come out with the proposal that there ought to be an "Old Maid's Day" once a year, to be observed by giving gifts to old maids.

She estimates that she has spent at least \$1500 during the last twenty-five years on presents called for by Mother's Day, Father's Day, bridal showers, weddings and such events and figures this stream of gifts shouldn't be a one-way affair.

Her home town latched on to her idea to the extent of giving a newspaper-sponsored party at which old maids were the honored guests.

But it seems to me the idea ought to be picked up and, as this school teacher suggests, made a special day celebrated once a year like Mother's Day and Father's Day.

The kind of friend to whom we'd like to pay tribute. But we don't think of her as an "old maid."

We think of her as a charming, kind-hearted, capable working woman who just never happened to marry. We probably even think now and then, "What a wonderful wife she would have made some man."

So if we ever get around to setting aside a special day for the unmarried women who teach our children and hold down other important jobs in the community, who are loyal friends and staunch family members, often helping to educate nieces and nephews and take care of the aged parents their married children have no time for, let's not call them by that hateful term "old maid."

Let's think up a better name than that. We've needed a just and honorable term for the unmarried woman for a long time to replace that out-moded, contemptuous-sounding "old maid."

**Jay Johnson Calls
For Silver Spur**

Mr. and Mrs. L. E. Floyd and Mr. and Mrs. Warren Skaggs were hosts to the Silver Spur Square Dance Club Monday night at the Midland Officers Club. Jay Johnson called for the dancing.

In a short business meeting, members voted to change meeting hours to 7:30 p.m. until 10:30 p.m. during the next few months.

Mr. and Mrs. Frank Paup were guests at the meeting.

Members present were Mr. and Mrs. James Blackwood, Mr. and Mrs. Floyd O. Boles, Mr. and Mrs. E. C. Covey, Mr. and Mrs. Martin Deuth, Mr. and Mrs. G. N. Donovan, Mr. and Mrs. Pat Pitt, Mr. and Mrs. J. W. Hunt, Mr. and Mrs. Steve Lamnack, Mr. and Mrs. Don McKibbin, Mr. and Mrs. Haden Upchurch, Mr. and Mrs. R. W. Snyder, Mr. and Mrs. Stanley Moore and Mr. and Mrs. E. C. Cowan.

**Baptist Circle
Holds Meeting**

Mrs. Ulysses Barber led the mission study of the Katie and Alvin Hatton Circle of the Calvary Baptist Church Monday in the home of Mrs. Hoyt Burris, 708 South Lorraine Street.

Others present were Mrs. B. C. Barber, Mrs. A. E. Bowman, Mrs. W. A. Lumpkin, Mrs. W. G. Flournoy, Mrs. R. L. McPadden, Mrs. Claude St. Johns, Mrs. J. D. Robbins, Mrs. C. D. Johnson and Mrs. Luther Martin.

MEETING CHANGED
The Delta Delta Alumnae Association will meet at 7:30 p.m. Thursday in the home of Mrs. W. P. Knight, 1201 West Missouri Street, instead of in the home of Mrs. Dayton Bliven, as previously announced.

All Tri Deltis are invited.

**DO YOU HATE
HOT
FLUSHES?**

Do you suffer from hot flushes, nervous tension, upset emotions—due to functional change of life (35 to 52 years)—that period when fertility ebbs away, when symptoms of this nature may often betray your age?

Start taking Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. No other medicine of this nature may often betray your age.

Start taking Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. No other medicine of this nature may often betray your age.

NOTE: Or you may prefer Lydia E. Pinkham's TABLETS with added iron.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Congratulations To:

Mr. and Mrs. Wayne McLeod, 308 East Illinois Street, on the birth Saturday of a daughter, Janice Kay, weighing 7 1/2 pounds, nine ounces.

Mr. and Mrs. Cecil Mason, General Delivery, on the birth Saturday of a daughter, Eula Faye, weighing eight pounds, 14 ounces.

Mr. and Mrs. Garnett Shain, 904 North Colorado Street, on the birth Tuesday of a son weighing seven pounds, one ounce.

When you are cooking lamb chops slash the fat around the rim of each chop so it won't curl.

Note the full floating forepart in these **Pied Piper shoes**

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 14, 1960-3

**Mrs. Stewart Is
Circle Hostess**

Mrs. J. B. Stewart, 606 South Lorraine Street, was hostess to the Builders Circle of the Asbury Methodist Church in its Monday meeting. Mrs. Stewart discussed an article by Dr. Frank Leubach on "How the Missionary Movement Started and How It Was Taught."

"Learning and Living Amid Unrest," the fifth chapter from the study book, "Near East Panorama," was discussed by Mrs. Jess Hooper. Mrs. Hooper also gave the opening prayer and the devotional on "Horizons of Islam" from the supplementary text. Mrs. Grace Wright gave the closing prayer.

Refreshments were served to Mrs. Preston Pirtle, Estell King, Mrs. W. A. Hughes and Mrs. Woody Allen. Mrs. Allen, 1002 South Dallas Street, will be hostess to the circle at its meeting next Monday.

**Miss Pressly Is
CWF Speaker**

The Christian Women's Fellowship of the First Christian Church held a luncheon Monday in the church. Hughie Pressly, guest speaker, talked on "Stars At Our Fingertips."

Those present were Mrs. Paul M. Hargue, Mrs. F. E. Curtis, Jr., Mrs. Clarence Sykes, Jr., Mrs. C. R. Webb, Mrs. E. D. Eddie, Mrs. David C. Smith, Mrs. G. H. Butler, Mrs. C. S. Dunman, Mrs. Van Camp, Mrs. Sidney P. Hale, Mrs. W. G. Ataway, Mrs. E. J. Pierce and Mrs. J. Roy Jones.

**Mrs. Hanes Is
Guild Chairman**

Mrs. Eugene Hanes was named chairman of the St. Clare's Guild of the Trinity Episcopal Church when it met Monday in the home of Mrs. John P. Butler, 1603 West Holloway Street.

Other officers elected were Mrs. W. H. Oswalt, co-chairman; Mrs. Perry Fickett, secretary, and Mrs. J. C. Smith, Lucy Manning and Mrs. James C. Watson.

Coming Events

WEDNESDAY
The Modern Study Club will meet at 3 p.m. in the home of Mrs. Bert Goodman, Mayfair Apartments. The program, "Building World Peace on the Home Front," will be led by Mrs. Brandon Rea.

The Do-Si-Do Square Dance Club will meet at 8 p.m. in the American Legion Hall.

The Midland Service League will have a board meeting at 9:30 a.m. in the home of Mrs. Tom Sealy, 410 South L Street.

The Junior Woman's Wednesday Club will meet at 3 p.m. in the home of Theda Flaherty, 1801 West College Street.

The Play Readers Club will meet at 3 p.m. in the home of Mrs. Harvey Herd, 510 South M Street. Mrs. J. E. Beakey will read.

The Star Study Club will meet at 1 p.m. in the home of Mrs. M. D. Abels in the Plymouth Camp on East Highway 80.

The Creative Writing Group of the American Association of University Women will meet at 8 p.m. in the home of Mrs. Forbes Pennycook, Route 2.

The Woman's Wednesday Club will meet at 3 p.m. in the home of Mrs. C. W. Chancellor, 1710 West Missouri Street. Mrs. R. L. Miller will be co-hostess.

Troop No. 85 of the Boy Scouts will meet at 7 p.m. in the First Presbyterian Church. The Adult Choir will practice at 7:30 p.m.

The Chi Omega Alumnae Association will meet at 10:30 a.m. in the home of Mrs. Lamar Eechberger, 706 East Broadway Street.

The final session of the confirmation classes of the Trinity Episcopal Church will be held in the parish house at 7 p.m. for young people and at 8 p.m. for adults. The Adult Choir will practice at 7:30 p.m.

The Delta Gamma Alumnae Association will meet at 2:30 p.m. in the home of Mrs. Louis Chase, 1105 West Missouri Street.

The First Baptist Church Choir will practice at 9 p.m. in the church.

The May Tidwell Circle of the First Methodist Church will meet at 9:30 a.m. in the home of Mrs. Roy McKee, 907 West Michigan Street.

The Boy Scout troop sponsored by the First Methodist Church will meet at 7:30 p.m. in the educational building, while the Adult Choir will meet at 7:30 p.m. in the primary room of the educational building.

The North Elementary Child Study Group will meet at 9:45 a.m. in the home of Mrs. James Marberry, 1401 Bedford Street.

The Child Development Group of the American Association of University Women will meet at 7:45 p.m. in the home of Mrs. G. G. McNary, 108 West Kansas.

The Junior High School Parent-Teacher Association Study Group will have its organizational meeting at 2:30 p.m. in the junior high cafeteria. All parents are invited.

**First Methodist Church
Circles Study Near East**

The Women's Society of the First Methodist Church met Monday in circles. The circles studied the "Near East."

Joint Meeting
The Winnie Prothro Circle and the Mary Scharbauer Circle met in a joint meeting in the home of Mrs. W. B. Hunter. The Mary Scharbauer Circle was hostess.

Mrs. C. W. Chancellor, Mary Scharbauer Circle chairman, was in charge. Mrs. B. F. Haag opened the meeting with a prayer. It was announced that a film would be shown at 3:15 Monday in the educational building for the WSCS. Mrs. W. E. Chapman, Mrs. C. W. Chancellor and Mrs. H. G. Cousins will make sandwiches for the young people's sub-district meeting Monday.

Mrs. Chapman, program chairman, presented a program on the "Education, Medicine and Social Changes in the Near East." Those participating were Mrs. B. E. Braselton, Mrs. A. J. Norwood and Mrs. L. B. Manning.

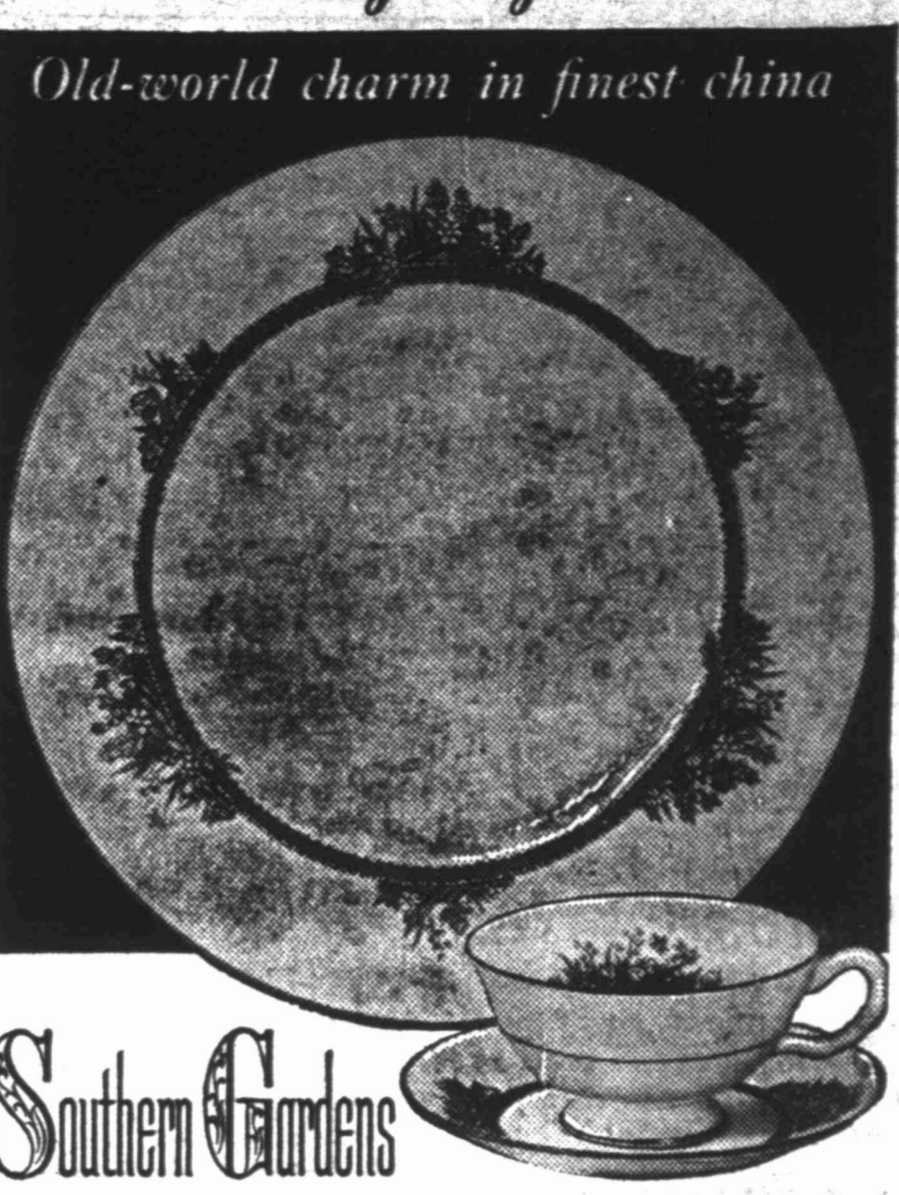

Members of the Winnie Prothro Circle present were Mrs. W. A. Black, Mollie McCormick, Zara Chilton, Mrs. L. C. Stevenson, Mrs. John Ficke, Mrs. George Stephenson and Mrs. R. T. German.

Others present from the Mary Scharbauer Circle were Mrs. G. P. Bradbery, Mrs. W. I. Pratt, Mrs. J. C. Smith, Lucy Manning and Mrs. James C. Watson.

Belle Bennett
Mrs. Jess Barber was hostess to the Belle Bennett Circle. Mrs. E. J. Stewart opened the meeting with a prayer. Mrs. M. J. Maberry gave the program on the "Near East." Mrs. W. F. Prothro was in charge of the business meeting.

Other members present were Mrs. C. H. Sheppard, Mrs. J. B. McReynolds, Mrs. Odus Gardenhire, Mrs. H. E. Cummins, Mrs. W. F. Prothro, Mrs. E. O. Messersmith, Mrs. T. M. Curtis, Mrs. E. L. Koepke, Mrs. R. R. Russell, Mrs. Noel Oates.

**China for Your
Thanksgiving Table**

Southern Gardens
BY LENOX
Flowers as exquisite as any that bloom in a great lady's garden lend their colors to this lovely service. Charming rock-gardens tumble over a beautiful maroon band. Each tiny petal is of raised enamel, applied by hand to glowing translucent china... the same fine china as the Lenox services created for the Presidential mansions of the United States, Mexico and Cuba; 5-piece place setting. \$27.75

**CASTLETON'S
Dolly Madison design**

Favorite with brides and hostesses everywhere... The romance flower, a rose, against rich ivory tone framed with the Castleton pearl-edge. Enchanting design assured of lasting beauty in the supreme quality of Castleton China.

Place Cover—dinner, dessert, butter plate, teacup and saucer, \$15.75

RAVENNA—Chrysanthemums in soft shades of lime, gray and green encircle this Castleton China service. The rim is enriched with gold. Five piece place-setting, \$12.75

MA LIN—Flowers in rich shades of cinnamon, gold and sapphire, on translucent Castleton China. Five piece place-setting, \$16.75

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may occur in the columns of The Reporter-Telegram will be gladly corrected upon being brought to the attention of the editor.

And he commanded them to be baptized in the name of the Lord. Then prayed they him to tarry certain days.—Acts 10:48.

Words Of Warning

It's generally accepted that when Congress returns it will lay the groundwork for more new taxes. All signs point to an excess profits tax, which the majority of lawmakers appear to regard as politically necessary in a time of trial.

Some words of warning against that kind of tax were uttered the other day, but they probably came too late to make much of an impact. They came from Beardsley Ruml, New York corporation tax expert, and from Dr. Harley Lutz, who prepared a tax study for the National Association of Manufacturers.

In a good many quarters, of course, any spokesman with the NAM stamp is automatically a "black reactionary" not worth listening to. And Ruml probably doesn't enjoy much better standing in such circles.

Fair-minded Americans, however, consider arguments from every source, and try to measure them on their merits.

In this instance, both Lutz and Ruml have concluded that the excess profits tax is unworkable and inequitable. They base their conviction not upon theory but upon the country's past experience with the levy. The recent period of World War II provides perhaps the fullest test.

The chief problem with the tax is how to siphon off earnings definitely attributable to war or defense production without hurting growing businesses. Many firms, not directly benefitted by military orders, nevertheless may enjoy higher profits in a crisis period because of the natural development of their business. An excess profits tax almost certainly will penalize that growth.

Because it is so difficult to write a fair law, all sorts of loopholes are permitted to accommodate hardship cases. If the proponents of the tax think this is a piddling problem, it might be well to remind them that 22,000 individual hardship cases born of World War II days still are unsettled.

Moreover, Ruml and Lutz are convinced such a levy promotes waste and extravagance in business. The result, they say, is a boost for inflation.

One rightly may question the concern for the public interest of men who respond to the tax this way. But there's no way to stop them. And since one goal of higher taxes is to prevent inflation, an excess profits levy seems something less than perfect for the job.

Lutz, and presumably Ruml, too, are not arguing against increasing taxes. In his study Lutz suggests that a better job will be done merely by hiking regular corporate income taxes. He says this will produce a sure revenue, help curb inflation and avoid the unequal effects of the excess profits measure.

Congress may be in no mood to consider this alternative. But at the very least it should compel the advocates of the excess profits tax to show how it can be applied fairly and effectively. Judging from the record, that's a pretty heavy burden of proof to carry.

With all of the good lies in this world, there is no excuse for a poor excuse.

Man is the million or more reasons why women are interested in the attractive Summer fashions.

You Never Can Tell When Someone'll Pick 'Em Up

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

Copyright, 1950, By The Bell Syndicate, Inc. Drew Pearson says: Americans lost sight of Europe during elections; Both Italy and France swing toward communism; If war breaks, North Atlantic Pact countries will not fight.

WASHINGTON — This is the kind of column most editors don't like me to write because it's a think - piece, and they don't pay me to think. They pay me to get the inside on Cabinet meetings and closed-door sessions, but I get tired allegedly crouching under Cabinet tables, and being human, I can't help thinking occasionally. Recently I've been thinking about some of the discouraging things that have been happening in different parts of the world which we have lost sight of during elections. I've also been indulging in that cheapest of all pastimes — thinking about what I would do if I were running the country. I've even got two ideas to propose to make things better and am almost tempted to write a letter to Harry Truman.

First, however, here are some of the things happening in Europe that haven't hit the headlines and which we have missed because we have been so absorbed in the later battle to control the west bank of the Potomac. In Italy, a country which we have helped to the tune of about a billion dollars a year, big placards are posted on the streets in English: "Get The Hell Out And Take Your Money With You". This means us. Naturally the placards are Communist inspired, but one-third of the people of Italy are Communist.

Aside from the Communists, Italian resentment was so strong against us when we passed the McCarran Act holding up Italian passport visas, the Italian Parliament seriously debated the banning of all Americans from Italy—even Marshall Plan officials—though the tourist trade is a major source of Italian revenue. This is not a pleasant picture, but there is no use keeping our heads in the sand regarding the facts. In Southern Italy land is being seized every day, and the local priest sometimes accompanies bands of Communist-led peasants when they march into the big landed estates. This is something the Vatican does not condone, but local sentiment regarding the big estates is so intense that frequently the crucifix and the Red flag march side by side.

Elsewhere in Italy about 4,000,000 are unemployed, and the extremes of poverty and wealth are so great, with land reforms so long delayed and so piddling, that communism thrives here as in no country outside Russia. In fact, the Italian Communist Party is the second largest in the world with most of the cities in Northern Italy now governed by Communist mayors. In case of war, Italian defenses would burst like a bubble. This is not pleasant news. Yet we must remember this is a nation we are depending on to resist the Red army. In France exists the third largest Communist Party in the world. Though weakened by the Marshall Plan and by the century-old tradition of French friendship for the U. S. A., the French Communist Party still is strong enough to stylize its rearmament. More important, if war came, the French Communists would create a powerful bloc for sabotage and revolt. About fifteen per cent of the French Army is communist, serving under Vichy officers, and the two don't mix. Result: France could not stand up against the Red army more than 48 hours. Not long ago a big French champagne producer asked a friend of mine: "What's America going to do to defend France?"

So They Say

While rearming our country and joining with other free nations against communistic aggression, we must make sure that we are also strengthening our economy to meet whatever demands the future may put upon it.

—Marion B. Folsom, chairman of the Committee for Economic Development. No school today actually is engaged in preparing children simply for life as it is lived in a particular locality.

—Dr. Alan F. Griffitt of Ohio State University. The action of the United Nations in almost unanimously backing a strong stand in Korea, greatly increases the outlook for an effective peace organization.

—Sen. Tom Connally. When this country is busy in one spot you can be sure the Russians are busy somewhere else. While we were licking them with the Berlin airlift, they were in Asia communicating China.

—Adm. Louis E. Denfeld. The root of an epileptic's trouble is not his ailment so much as the community's misunderstanding.

—Mrs. Dixie Yabraes, mother of an epileptic. An acquaintance telephones to invite you and your husband to a party and you don't know whether or not your husband will want to go.

WRONG: Say to the acquaintance: "I'll have to let you know later." RIGHT: Be more definite and more tactful. Say: "May I check with Jim to see if he has other plans, and call you back tonight?"

CSC Lists Openings For Social Workers

The United States Civil Service Commission announces an examination to fill social worker positions paying from \$3,825 to \$5,600 a year. The positions are located in hospitals and regional offices of the Veterans Administration in Washington, D. C., throughout the United States, and in Puerto Rico. Information and application forms may be obtained from Wayne Campbell at the Midland Post Office.

PETER EDSON'S Washington News Notebook

Drastic Draft Law Changes Needed If Goal Of 3 Million Men Is To Be Met

WASHINGTON —(NEA)—Cold figures give the tip on what the President and Congress will have to do about changing the draft to get the armed services up to 3,000,000 men and keeping that figure. Past experience has been that half of this force will be regulars and volunteers. That means the draft will have to supply 1,500,000.

The trouble is, only 750,000 men who are physically fit for service reach the age of 19 each year. Under the present law, they are called for only 21 months' service. Only possible ways to make up the deficiency are to keep men longer, lower the standards, take married men, or dip into the 18-year class.

Sen. Carl Day? Rid Douding in the Canadian Avro (jet aircraft company) News, gives this easy lesson: "Tints and Hips on How to Jet a Make Engine." "Lots of thinkie peep," he writes, "that all you do is boss a prutton and out jets a pop engine. Nothing could be truther from the futh. Blues of set prints are the parting stoint, and a well shopped out machine lay is an aluable vasset. 'Tool us the gives, and we will finish the job,' as the going says."

"The bungine elders in the shooting flip then bet guy. Hawking every watch like moves, they bit the fearings, insteard the galls, nut up all the brews and scotts, make sure the blousands of thads are prag and snopper, meck this, cheasure that, when sud of an alien, there ends a stangins all testy for reading.

"So there it is, ailing in fly, or doing run grounding. Met jotors are kear for heaps, and to mote a good quote: 'Nothing but the good is best enough.'

Treasury Secretary John Snyder has a new name for the "excess profits tax." He calls it "defense profits tax." Business apparently doesn't like the sound of the excess profits tax, doesn't think an acceptable law can be written. By renaming it and making it appear that the extra levies will all go for national defense, some of the curse will be removed, it is hoped.

Arms Aid Spending Though \$6,500,000,000 has been appropriated for MAP (the military assistance program for foreign countries) actual expenditures to November 1 have been only slightly above \$100,000,000 for this fiscal year. First expenditures, in March, were only \$1,000,000. Next month it was \$5,000,000, the month after that \$14,000,000. It jumped to \$24,000,000 in June but was back to the \$14,500,000 level in August, September and October.

In general, money isn't spent until goods are delivered. Total outlay of cash for the year ending next June 30 may not be more than \$445,000,000, or about seven per cent of the whole program. Heavy spending will come after that, on orders now being placed. It will take an estimated two years to complete deliveries.

Bond Reinvestment Drive Details of a program to encourage reinvestment of matured U. S. savings bond funds soon will be announced by the Treasury. One and a half billion dollars worth of "B" bonds come due in 1951, \$3,000,000,000 in 1952.

Big argument will come in trying to convince the bond holder that the \$25 principal and interest he gets from purchase of a bond for \$18.75 10 years ago is worth more than, say, 60 per cent of \$15 purchasing power it represents, in terms of 1941 dollar value. That's what inflation has done.

Best answer that can be given now is, "What would your money be worth if you had invested it in stocks, corporation bonds, life insurance, real estate or any other kind of property? And where could you have bought greater security for repayment in full?"

Savings bond sales officials are encouraged by recent pickups in payroll deductio plans, in spite of heavy cashing in of bonds. National Tube Co. of Gary, Lorain, McKeesport and Pittsburgh, now has U. S. record with more than 90 per cent of its 25,000 employes participating. Carnegie-Illinois Steel in last month has jumped participation from 18,000 to 78,000 of its 100,000 employes. Congressional Mathematics Reapportionment of congressional seats for the 1952 elections, based on the 1950 census figure of 150,000,000 population, involves some tricky arithmetic. Since the law now fixes the size of the House of Representatives at 435 members, it means each congressman should represent approximately 344,000 people. Trouble is, when you divide the population of each state by 344,000, it seldom if ever comes out even. There's always a fraction left over. Main purpose of the reapportionment is to work out a minimum injustice to every state for its fraction.

American Academy of Science reported on this injustice to the speaker of the House back in 1929. From that report, the present system was worked out. The law says

first that each state shall have at least one representative. That accounts for the first 46 of the 435, and leaves 387 to be divided on the second round.

On this first round, Delaware, Nevada and Wyoming drop out, because they have less than 334,000 population. Vermont also drops out because it doesn't have enough population for two seats. With these four states out, the 387 seats are divided among 44 states.

Calculated Priority The states are now lined up according to calculated priority. New York having the largest population, it gets the forty-ninth seat. California gets 50, Pennsylvania 51 and Illinois 52. New York now still has a greater priority than any other state, so it gets the fifty-third seat for its third congressman. Ohio gets 54, Texas 55, Michigan 56. California gets the fifty-seventh seat for its third congressman. Pennsylvania gets the fifty-eighth for its third and New York gets the fifty-ninth for its fourth. And so on. But on every round, some states drop out. Seven states gain this year, and nine states lose through population shifts.

Seat 435 this year went to Massachusetts for its fourteenth congressman. If there had been 438 seats, California would have had it for its thirty-first. If there had been 437 seats to distribute, Kentucky would have received the last one and would not have lost a seat, dropping from nine to eight. There would have to be 509 seats to distribute to keep every state from losing strength in the 83rd Congress. Arkansas would have received the 509th seat for a seven-man delegation, instead of dropping to six.

It's up to each state, of course, to redistrict and gerrymander, in order to decide which counties or city wards go in each district.

Questions and Answers

Q—What country has the densest railway system in the world? A—Switzerland, with 3,600 miles of track reaching into every corner of the country.

Q—Is it true that Hamlet is buried at Marianlyst, Denmark? A—No, the "grave" there, which attracts many tourists, was fixed up by a publicity-wise Marianlyst innkeeper.

Q—Where is the world's first and only "University of the Dance"? A—It is the Choreographic Academy, founded by the Paris Opera in 1947.

Q—How common is the name "Smith" in the United States? A—There are an estimated 1,500,000 living Smiths.

Q—What relation does "Sturdy Gerlie" bear to "Galloping Gerlie"? A—The former is the latter's successor. The mile-long suspension bridge over the Tacoma (Wash.) Narrows swayed so in high winds that commuters named it "Galloping Gerlie." It collapsed in 1940, after only four months of service. "Sturdy Gerlie," dedicated in October, 1950, is said to be 58 times as collapse-proof as "Galloping Gerlie."

In this electrical era the metal tungsten is widely used for the construction of filaments for many types of light bulbs.

HE CAME TO KILL by ADELINE McFRESH

MEN from the sheriff's office came and went, last night's weariness masked by brief rest and rising excitement. The state policemen, trim figures in their dark blue uniforms, poked into and under things already thoroughly examined by Thorne county officials as if they expected to find the murderer lurking at their fingertips.

After Miss Agatha Thorne's body had been removed from the greenhouse Leanaa turned from the window through which she had watched and went to sit close by the fireplace, as though its heartening warmth could banish some of her terror. She did not look at Jasper, who nursed his thumping head in the lounge chair across the hearth.

"I'm sorry, kid," Jasper coughed. "I was out like a light. Blotto. If I hadn't been—"

"Don't, Jasper. She couldn't feel sorry for him; there was no room in her heart for anything but the withered feeling that her life had been wrung out and hung back at her—empty. 'I just can't believe it. Miss Aggie wouldn't!'"

"Maybe she would. People do strange things when they feel a noose tightening around their necks. Wouldn't you?"

Leanaa shook her head. "It's no good, Jasper. I can't see Miss Aggie taking her own life. Thomas just aren't made that way."

"They are made the 'murderer' way!" Jasper was bitter, sarcastic. "You accused Peter and me—but not Aunt Agatha."

"But," Leanaa said softly, "maybe Peter's dead, too."

was killed in her room. More of the bruises on her throat were made by fingers than by that rope.

Gradually the dark blue balloons reversed its dizzying ascent became, as Leanaa's brain stopped reeling, Dr. Carlos Zimbrunsky, Thorne county coroner. He rubbed his hands briskly.

He went on, "Mrs. Thorne and Peter Thorne were not on the premises at the time of this murder. Only you, Jasper, and Miss Leanaa Thorne and the servants who were here. And Deputy Preston, who seems to have fallen asleep. He shook his head, sorrowfully.

"Unfortunately, I need a, although understandable. Too little rest, I suppose," he switched subjects abruptly, "you both were in your rooms until the excitement subsided you?"

"I was," Leanaa forced the reply past cold lips.

"And I," echoed Jasper. Then he asked Leanaa: "Cousin, what were you doing in Aunt Agatha's room before you went to bed?"

ZIMBRUNSKY'S breathing became a hiss. "Were you?" he hurried at Leanaa. "What were you doing?"

The coroner spoke in a tone that asked: "Did you murder Agatha Thorne?" Leanaa was being accused of murder—not one murder, but two. The suspicion that had often been directed at her from the very start were aimed at her again.

"Nothing." As though from a long-spent horrible dream, Leanaa heard again Sheriff Purdy's threat to the killer: "The trap is closing—to see if she was all right."

"And she was?" Disbelief—suspicion—lay heavy in his voice. "You don't believe me. You think I—" Sudden anger swept aside her gnawing fear and Leanaa sprang to her feet. She thrust her small chin toward Zimbrunsky's moon-face. "You said Miss Aggie was strangled. All right. Then did Peter Thorne—he tried to choke me, didn't he? How do you know he isn't right here at Thorne Hill? He—and Sandra, too!"

(To Be Continued)

Andrews HD Clubs Hear Book Review

ANDREWS—The book, "Brave Bulls," by Tom Lea was reviewed by Mrs. Lloyd W. Morgan for a joint meeting of the Phillips 66 and Fullerton Home Demonstration Clubs recently in the Phillips Recreation Hall. The members of the Phillips 66 club were hostesses. The Thanksgiving motif was carried out in refreshments and decorations. Those present were Mrs. C. L. Leisure, Mrs. P. L. Lowder, Mrs. Argh Barnard, Mrs. Claude Wright, Mrs. L. L. Shartie, Mrs. J. F. Stephenson, Mrs. Buck Eppler, Mrs. Elmo McDougal, Mrs. L. N. Cummings, Mrs. Perry Morrison, Mrs. C. J. Tighe, Mrs. E. G. Stephenson, Mrs. L. B. Scarborough, Mrs. G. B. Graves, Mrs. B. P. Blanton, Mrs. Max Hensley, Mrs. Ben Maher, Mrs. A. A. Rhodes, Mrs. T. C. Young and Mrs. G. E. Day.

Mrs. Whitaker Is Stanton Delegate

STANTON—Mrs. R. B. Whitaker was elected as delegate to the state convention in Fort Worth November 14-16 at a recent meeting of the Study Club here in the home of Mrs. B. F. Smith. Plans were made for a game night to be held soon with proceeds to benefit the Martin County Library. At the recent meeting, the second program in the course of study, "The American Home and World Citizenship," was presented by Mrs. Brown. Members present included: Miss Maude Alexander, Mrs. Dee Carter, Mrs. Dave Foreman, Mrs. J. E. Kelly, Mrs. S. W. Wheeler, Mrs. Houston Woody, Mrs. Leonard Dixon, Mrs. Bill Orson, Mrs. Preston Morrison, Mrs. Whitaker, Mrs. Brown and Mrs. Smith.

Art Festival Winners Named

The results of the popularity vote at the Art Festival last week put Bonnie Bogardus' painting, "Susanne Hall," in first place. Second place went to Addison Young for his painting, "Rocky Slope." Votes were cast by those visiting the Art Festival. Others entering their paintings were Naomi Lancaster, Phyllis Grimland, Bill Bissell, Mary Butler, Ludeweka Doll Sullivan, Ellis Bennett, Barbara Wall, Leola Guyton, Marceline White, Inez Parker, Jim Tidmore, Lucille Barron, Lou Lassell, R. E. Gillespie, Betty Swords, Frank Jackson, Dura Clarke, Jo Young, Art Cole, John Cathy, Mrs. Farley and Mrs. F. H. Lanham.

SOCIETY

Art Exhibit To Feature De La Garza Collection

A 37-picture group of religious paintings from the collection of Celofas de la Garza of Laredo will be exhibited in the Palette Club Studio from Monday through Friday. De la Garza collected the paintings during 30 years of travel in Mexico and South America. The oldest picture is estimated to be more than 400 years old, while the most recent is 150 years old. The origin of the group can be traced to the Spanish conquerors who brought religious works of art to America to be used in their schools of painting. In these schools many of the paintings are supposed to have originated. Some of the paintings will be offered for sale, with prices ranging from \$20 for miniatures to \$1,000 for some of the larger pieces.

Club To Hear Minear Speak

Roy Minear, county chairman for the Gonzales Warm Springs Foundation, will speak at the Midland Woman's Club meeting at 3 p.m. Thursday in the Ranchland Hill Country Club. Minear will speak on the "Gonzales Warm Springs Foundation." The Modern Study Club will be hostess. A musical program will be presented by Mrs. Leonard Thomas, Mrs. John Norris, Mrs. Russell Ramland and Mrs. H. D. Pennel members of the Piano For Fun Group of the American Association of University Women.

Study Club Observes American Art Week

ANDREWS—The Progressive Study Club held its regular bi-monthly meeting recently in the clubrooms of the Community Building. Hostesses were Mrs. Julius Fuhrman and Mrs. A. J. Vogel. The program, led by Mrs. Vogel, was in observance of American Art Week. Speakers and their topics were Mrs. W. T. Rogers, "Italian Flemish and Spanish Art"; Mrs. Othel Ogden, "Dutch, English and French Art," and Mrs. H. O. Smith, "American Art." A report of the Board Members and Presidents' Parley in Odessa was given in a business meeting presided over by Mrs. M. J. Smothers. Mrs. Bill Jones was appointed to succeed Mrs. R. J. Sullivan as chairman of the education and fine arts committee. Mrs. Sullivan recently moved to Midland. Twelve card tables were presented to the Community Building as a gift. An arrangements committee, consisting of Mrs. Fuhrman, Mrs. Ogden and Mrs. A. C. Sybesma, was appointed to make plans for the annual Christmas dinner honoring the members and their husbands. Mrs. Vogel and Mrs. Kay Fitzgerald were appointed to the program committee. Mrs. Fitzgerald is a new member of the group. Mrs. Neil Hays was a guest at the meeting. Others present were Mrs. Roy Eubanks, Mrs. L. C. Hooks, Mrs. C. G. Gerber, Mrs. Ray Puckett and Mrs. Ellison Tom, Jr. Mrs. Tom will be reader and Mrs. Raymond Van Zandt, soloist, at a special Thanksgiving program on "Songs of Thanksgiving" to be presented at the club's next meeting.

Mrs. Ivy Conducts Baptist Program

ANDREWS—The Lottie Moon and Dorene Hawkins Circles of the Women's Missionary Union of the Fullerton Baptist Church met recently in the church for a Royal Service program. Mrs. Morris Ivy was program chairman. Speakers and their topics were Mrs. Fronis E. Jones, "Latin America and China"; Mrs. George Mossman, "Africa"; Mrs. H. B. Graves, "Work of the Modern Missionaries," and Mrs. P. L. Lowder, "African Missions." The devotional was given by Mrs. Merle Parker. Mrs. H. G. Walters, president of the WMU, opened the meeting. Mrs. Graves gave the prayer. Others present were Mrs. C. C. Hamilton, Mrs. Tom Swift, Mrs. Rex Jenkins, Mrs. C. L. Summerwell, Mrs. George Sheldon, Mrs. Ada Sheldon, Mrs. C. N. Cable, Mrs. Coon, Mrs. Lloyd A. Ford, Mrs. Lewis Scarborough, Mrs. Bob Fowler and Mrs. W. H. Hardaway, Jr.

DADDY RINGTAIL

Daddy Ringtail
And Apple Cart

Old MacDonald has a farm, and he also has an apple orchard where apples grow on apple trees. Yes, and Old MacDonald has an apple cart which is really a wagon to bring the apples in to the house. Old MacDonald hasn't always been the friendly fellow he is today. Long ago, Old MacDonald was very stingy with his apples. Never would he give an apple to anybody.

They really didn't mean to be unkind. In the long-ago day I am telling about, someone needed to tell Old MacDonald how stingy he was so maybe he wouldn't be so stingy any more. Oh, but Old MacDonald got stingier and stingier all the time. He wouldn't let people even smell the apples, but the more he heard them call him "stingy," the angrier and angrier he became. He began to throw apples at them from where he rode on the apple cart. Well, you can guess what the people did. The apples always missed when Old MacDonald threw them, but then the people picked up the apples and ate them. Yes, any time anybody was hungry for apples, all they did was about the word "stingy" at Old MacDonald, and he would throw an apple in a great rage. I don't really know how long this

might have happened, but one day Old MacDonald began to do some thinking. Why, throwing apples in a rage at the people was just the same as giving the apples away. Throw-an-apple-away, give-an-apple-away, what's the difference?

The apple is just as gone one way as the other, except that so give-an-apple-away is always the happier thing to do, and so Old MacDonald began to do it. It was so much fun that Old MacDonald wasn't stingy any more. He began

powerful gun you got with that Reporter-Telegram Classified Ad—nothing left of that mouse but a grease spot!

to be friends with everyone, which is a happy thing to be. Happy day! (Copyright, 1950, General Features Corp.)

IT'S A FACT AND WE CAN PROVE IT.

Old time sailors threw coins at Halfway Rock in Massachusetts Bay for luck on leaving Salem, and Marblehead.

Japan's location on the rim of a sharp drop miles into the sea and its mountainous structure make it subject to earthquakes.

Recovery In West Germany Shows Up Reds, Says Texan

WASHINGTON —(AP)— The best propaganda against Soviet attempts to communize East Germany is the contrast in recovery in the two zones—East and West Germany. Representative Fisher (D-Texas), member of the House Armed Services Subcommittee, expressed this opinion when he returned from Europe Monday. He has been studying conditions in Europe and the Middle East several weeks. He said "People are able to see this with their own eyes." East Germans, who cross into the west zone despite Soviet efforts to prevent it, are able to see the progress in the west, where "reconstruction is phenomenal."

Pecos Church Plans Educational Building Addition To Plant

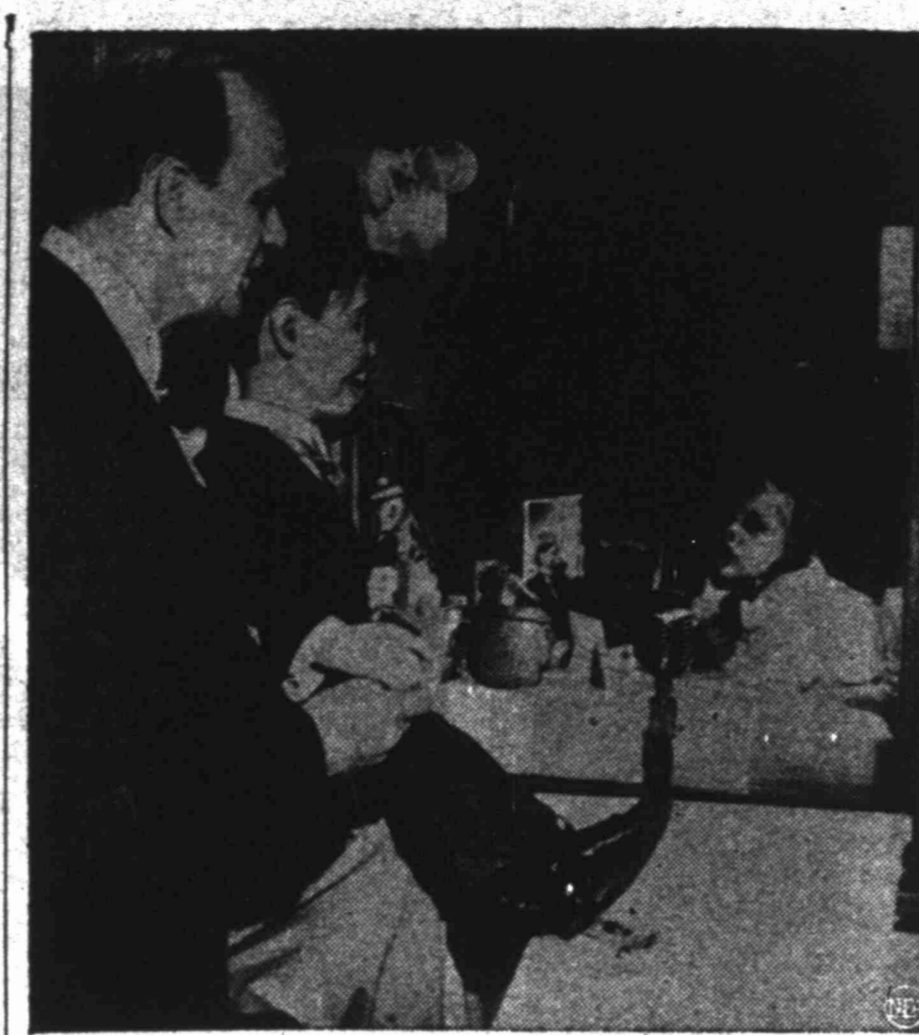

PECOS—Dr. I. L. Morgan, minister of the First Methodist Church, said that work on the proposed educational building will get under way "in a matter of days." The new adjacent building to the recently completed worship sanctuary will cost approximately \$35,000 and is to be built of white stucco exterior. The overall building program of the congregation was half-way completed in September 1949 when the new \$42,000 church edifice was completed. When the educational building and tower steeple are completed the entire frontage of the worship and educational structure will extend 131 feet along Elm Street.

600 Children Escape Unhurt When Houston School Building Burns

HOUSTON —(AP)— The 600 school children who escaped injury Monday when the Houston Gardens School Building burned are being transferred to other schools to continue their classes. Eight adults were injured when the one-story frame building blazed up. All the children were outside the building in a recess period when the fire was discovered. Among those injured was Mrs. O. D. Couch, principal of the school. She suffered a sprained wrist when blown through a window during an explosion that occurred as she reentered the building a third time to see if all children had escaped.

102-Year-Old Fort Worth Woman Dies

FORT WORTH —(AP)— Mrs. Sue E. Collins, 102, a resident of Fort Worth for 75 years, died Monday. Services will be held here Wednesday. Mrs. Collins was born four miles from the historic revolutionary battleground at Cowpens, S. C. She heard gunfire at Fort Sumter in the Civil War.

THRILL OF A LIFETIME—Little Kathleen Howell, 5-year-old polio victim in a hospital at San Diego, Calif., saw her dreams come true when she looked up from her bed and found radio's Charlie McCarthy, with Edgar Bergen, had come to see her—in person. Kathleen's mother—who recently contracted polio herself—credited "Charlie's" letters to her daughter with "pulling her through" when the child was near death.

Kerosene Blast Kills Mother, Four Of Her Children

ALTOONA, PA. —(AP)—Kerosene used to prime the fire in a wood stove caused an explosion which killed a 37-year-old mother and four of her children Monday night. Three other members of the family, who lived in a one-room concrete structure built as a two-car garage, were burned critically. State Police Sergeant George Hahn said apparently the blast came when the mother, Mrs. Nellie Ebbert, poured kerosene on a fire in the stove. Mrs. Ebbert and her three daughters—Evelyn, nine; Joyce, eight, and Elaine, two—were standing near the stove. They died instantly. Twelve-year-old Neal Ebbert died in a hospital a few hours later. Critically burned were Mrs. Ebbert's husband, William, 40, a truck driver; a son, Tommy, 11, and the children's grandmother, Mrs. Florence Ebbert.

Lions To Induct New Members Wednesday

New members of the Midland Lions Club will be inducted in a special ceremony to be held at the club's regular meeting Wednesday noon in the Crystal Ballroom of Hotel Scharbauer, Joe Hullum, program chairman, announced Tuesday. A quarterly report on club activities and finances will be presented by Clarence Nelson, secretary-treasurer. The following Wednesday, November 22, the Lions Club will be host to Midland Rotarians at the annual Lions-Rotary Thanksgiving Luncheon, Hullum said.

New Atomic Device May Revolutionize Detection Of Cancer

ST. LOUIS —(AP)—A new atomic-age development which may "revolutionize" the diagnosis and treatment of thyroid disease—including thyroid cancer—was announced Tuesday to the medical world. It's a new application of a radiation-detection instrument called a "scintillation counter." Doctors describing it said the instrument "should largely replace" the well-known Geiger counter in various other medical applications dependent upon the detection of atomic radiation. They said it even opened up the possibility of unrestricted use of a variety of radioactive materials for researching hospitals, industry and agriculture. At present, these materials are restricted to use by certain especially-equipped institutions because of potential radiation hazards. Radioactive Signals The doctors told the Southern Medical Association, meeting here, of use of the instrument in diagnosing thyroid disease. In this application, it detects "rays" of radioactive iodine given to patients as a tracer material. The iodine settles in the thyroid gland and a diseased condition can be determined on the basis of radioactive signals given out. Up to now, the Geiger counter has been the only instrument used for that same purpose. But the scintillation counter was described as 100 times more sensitive than the Geiger counter in detecting a certain kind of atomic ray. And because it is so sensitive, it allows use of as little as 1/250th the amount of radioactive iodine required when a Geiger counter is employed. This makes it possible to perform repeated tests without danger to the patient. Only a microcurie of radioactive iodine is required. This gives out about as much radiation as you'd receive in a routine chest X-ray, and about 1/13th the amount given off by a luminous-dial wrist watch. It's the sensitivity to extremely small amounts of radiation that points to the possibility of using the instrument in still other fields of medicine, agriculture and industry, the doctors said.

Medical Leader Says Profession Should 'Clean Own House'

ST. LOUIS —(AP)—The American Medical Profession must "clean its own house" or it will lose its freedom, a medical leader said Tuesday. Dr. Hamilton W. McKay of Charlotte, N. C., president of the Southern Medical Association — second largest general medical group in the country — told the annual meeting of that organization: "If the people can not convince themselves that organized medicine is taking vigorous steps to correct its own shortcomings, they will insist that the initiative for action be transferred to other hands." "Unless and until the doctors on Main Street faces up to the deficiencies of his profession and wants those weaknesses corrected, there will be no progress." For one thing, he said, doctors should take the initiative in improving "medical practice acts which in many states permit doctors to carry out procedure—operative and otherwise—for which they are neither trained nor competent." Honest Mistakes "I am not speaking about criminal abortion, violation of the Harrison Narcotics Act or other like offenses," he said. "Neither am I thinking about the honest mistakes that each of us make every day." "I am referring to the medical man or surgeon—usually in the small hospital—who can not or will not make proper studies to arrive at a diagnosis or have a diagnosis made. Often these men are responsible for the health of hundreds of people." He said at another point: "Another area in which we have done a sorry job is in professional self-discipline." "The doctor who has a license to practice medicine and joins a county medical society is usually fixed for life." "Unless he is convicted by a court for some criminal offense, he can continue to enjoy the rights and privileges of responsible doctors even though he, himself, practices overcharging, neglect of patients, and non-support of organized medicine."

Mesquite Spraying Urged As Control

SAN ANTONIO —(AP)—An authority of the control of mesquite says chemicals sprayed from low flying planes may be the answer to the hardy growth which plagues ranchmen in Texas and the Southwest. C. E. Fisher, superintendent of the Spur Experiment Station, spoke Monday at the Livestock and Range conference here. At the opening of the conference, Gov. Allan Shivers told the group that "storage of water will become more and more important and water eventually may become a greater resource than oil and gas." He predicted some day water might be piped across the country as gas and oil is today.

Midlander Makes Alpha Chi At TCU

FORT WORTH—More than a hundred upper classmen at Texas Christian University have been initiated into Alpha Chi, honorary scholastic society, according to Dr. Troy C. Greshaw, faculty sponsor of the group. Membership is limited to juniors and seniors of high grade averages, and 113 students qualified for admission this semester. Included is Frances R. Halstead of Midland, who is a junior.

Kissless Bridegroom Says Dancer Captured His Wife's Affections

LOS ANGELES —(AP)— While he was a kissless bridegroom, his bride found time to have an affair with a professional dancer, complained Samuel H. Scripps, 22-year-old grandson of the late publisher, E. W. Scripps.

Superior Judge Thurmond Clarke granted Scripps an annulment Monday of his March 1 marriage to Patricia Murphy, 22, an ice skater he met in a show he financed.

Scripps, beneficiary of a \$13,222-000 trust, said he asked his wife for an affidavit but that she refused. His complaint alleged she had been intimate with Robert Le Wandt, 25, of New York, named as co-respondent.

Freezes Ruin Brown County Lettuce Crop

BROWNWOOD —(AP)— Three days of freezing weather last weekend ruined Brownwood's first big lettuce crop.

Scott Robertson, president of the Brown County Vegetable Growers, said the Fall crop harvest had just started with about 1,000 crates already shipped.

Growers in the association planted 24 acres this summer for Fall harvesting.

VILLAGERS HARVEST FISH

HONG KONG —(AP)— Villagers of the nearby mainland harvested hundreds of yellowfish in rice paddies Tuesday after freak tides waters receded.

Presidential Gleam Glows In Taft's Eye

WASHINGTON —(AP)— Senator Taft's claim that he alone among Republicans has shown he can carry labor strongholds indicated fresh personal interest Tuesday in the 1952 GOP presidential nomination.

With a presidential gleam in his eye, the Ohioan reminded reporters he carried the counties embracing Cleveland, Cincinnati, Columbus, Toledo, Akron, Youngstown, Dayton and Canton in last Tuesday's voting. He won reelection by a whopping 490,000 vote majority.

Taft added that the same claim couldn't be made by the Republicans in New York, Philadelphia, Pittsburgh, Chicago and St. Louis. He added that he wasn't sure, but didn't believe the Republicans carried industrial centers in California.

In this summary, Taft covered the ground some of his chief potential rivals for the 1952 Republican nomination classify as their own backyards.

These include Gov. Thomas E. Dewey of New York, who was re-elected; Gov. James H. Duff of Pennsylvania, elected to the Senate; Everett M. Dirksen, who might carry Cook County (Chicago) in the final count of his successful Senate race, and Gov. Earl Warren of California, re-elected to a third term.

Taft reiterated Monday at a news conference rivaling in size similar presidential meetings, that he won't campaign for the 1952 nomination but would accept it if it comes his way.

Season's First Cold Snap Appears Broken

CHICAGO —(AP)— The season's first cold snap appeared broken Tuesday as temperatures headed for higher levels from the Rockies to the Atlantic Coast.

There were a few cold spots—below freezing—in the Midwest but readings at or above normal were in prospect for large parts of the country. One of the early morning lows was 15 above at Traverse City, Mich.

VICTIMS OF WAR—A wide-eyed Korean child finds refuge in a United Nations orphanage in Seoul, Korea, and huddles before a stove while a helpful Korean girl dries him. The orphanage was set up to care for large numbers of children separated from their parents by the war.

March Of Dimes Raises Its Sights

NEW YORK —(AP)— The March of Dimes has raised its sights for next year and will try to collect \$50,000,000 to fight polio—\$20,000,000 more than was collected this year.

Announcement of the new and higher goal was made Monday night by Basil O'Connor, president of the National Foundation for Infantile Paralysis, sponsor of the annual campaign.

He said the foundation must not only erase a \$5,000,000 deficit it expects by the end of the year, but must be prepared for new and higher costs following three years of excessive polio outbreaks.

He said this year now is rated the second worst on records, and follows the two successive record-breaking years of 1948 and 1949.

At present, he said the foundation is helping 100,000 patients—or three and a third times as many as 12 years ago.

Midland 'Treasure Hunt' Tickets Are Being Distributed

Treasure Hunt tickets by the thousands were delivered Monday and Tuesday to Midland retail stores who in turn will distribute them to Midland and area residents without cost or obligation.

The Treasure Hunt again this year will be a popular feature of the November 28 opening of the Christmas shopping season in Midland.

The Treasure Hunt will open with the unveiling of downtown store windows on the night of the shopping season festival. Numbers will be placed in front of treasures offered by participating stores and it then will be up to ticket holders to match ticket numbers with the prize numbers. Thousands of dollars worth of prizes are being offered.

Lucky ticket holders will have several days in which to claim their prizes.

Retailers Sponsor

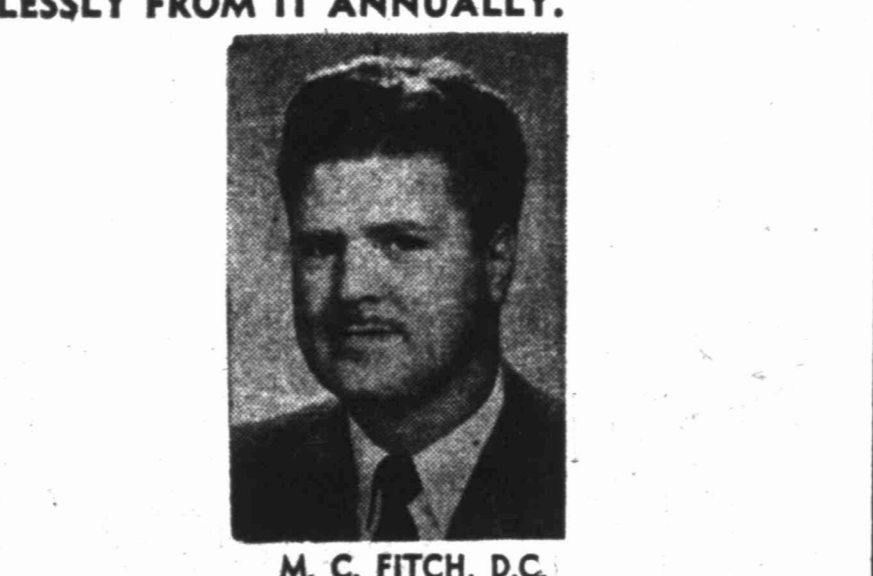

The hunt is sponsored by the Retailers Committee of the Chamber of Commerce. The tickets are being delivered to downtown stores by C. C. Manager Delbert Downing. Citizens should ask for their Treasure Hunt tickets and then hold on to them until November 28, sponsors said.

The Indian sun symbol is the central device on New Mexico's State Flag.

FOR CENTURIES DISEASE HAS BEEN MAN'S GREATEST ENEMY. THOUSANDS DIE NEEDLESSLY FROM IT ANNUALLY.

THE FIRST TRUTH to get firmly fixed in our minds is that Good Health is the natural state of man. Nature never intended us to be weak and ailing. Disease and physical distress have no part in Nature's plan.

Then why is it that in your neighborhood, your very block, perhaps even in your own home, there are individuals who show tragic evidence of breaking health—signs that range from mild headache, neuritis, indigestion or weakness, to chronic and serious sickness?

The reason is so simple that we often overlook it. We seek mystic reasons to account for our illness and indisposition, when the plain fact is that we are ill because we have in some way transgressed Natural Law. In these high-tension times, we live in ways that Nature never intended. The result is that our bodies cannot continually stand the stress and strain. And illness is the consequence.

That is a general summary. But let us be more specific. Your body "runs" on vital energy generated in the power house of the brain and distributed, via the spinal system, through a network of nerves, to every organ and part of the body. So long as this system functions normally, you are well. You "feel fine." You have abundant energy to carry out every appointed task. You are optimistic, healthy, happy. The Natural Law is working for you, and with you.

But—the spinal system is not only the most important, but also the most delicate part of the whole human structure. A minute displacement of a single vertebra (i.e., a single bone of the spinal column) will cause pressure upon a nerve carrying its store of vital energy to some part of the body. If this pressure is serious, or long-continued, the supply of energy will be so reduced that the part or organ cannot perform its accustomed functions. Through sheer lack of essential life force, it is starved into a diseased condition.

This is a simplified, or "streamlined" explanation of the whole Chiropractic philosophy.

Though Chiropractic has grown amazingly, not only in the number of patients served, but also in public recognition and esteem, it is a fact that there are many who do not know—or will not heed—its fundamental lessons. They go on, breaking the tenets of the Natural Law—and wishing wistfully for the health that might so readily be theirs, if only they would give Nature her chance to help.

Do not permit yourself—or a suffering relative or friend—to remain numbered among the unenlightened. RESOLVE NOW—that you will investigate Chiropractic.

Work Underway On Directory Of 10-County Area

A complete directory of rural and small community population in a 10-county area, surrounding Midland is being compiled by the W. J. Winter Publications of Amarillo. Representatives of the firm said they hope to have the directory ready for distribution in the early Spring.

Counties to be included in the directory include Borden, Andrews, Martin, Howard, Ector, Midland, Glasscock, Crane, Upton and Reagan. Winkler County also may be included.

Information in the directory will include essentially the same as found in standard city directories, plus additional information vital from the rural standpoint. Winter representatives stated. The book will contain names, mailing addresses, post office and rural route numbers; distance and direction of county seat; whether acreage is owned or rented and the type of farming or ranching operation. Home ownership, number of children and location of home in addition to mailing addresses also will be indicated.

'Glass Menagerie' Tickets On Sale

A booth for the sale of tickets to the famous play, "The Glass Menagerie," has been set up at Tallorline.

The Tennessee Williams play will be presented Friday evening in the high school auditorium. It is sponsored here by the Midland Lions Club and B&PW Club.

Handling ticket sales are Lion Tamers and members of the B&PW. Presenting the play here will be the well-known Barter Players of the Barter Theater of Virginia.

Ticket prices may be exchanged for regular admissions at the booth.

India Gets First Reliable Word Of Tibet Penetration

NEW DELHI, INDIA —(AP)— The Indian government received its first reliable word Tuesday that the Chinese Communists have penetrated Western Tibet.

A report from Garpon Marilapa, Indian trade agent at Gartok, said the Red invaders had entered Gartok, 250 miles northeast of Gartok in Western Tibet. The report said officials in the neighboring town of Tsaparat have been ordered to make a stand against the advancing Chinese.

An Indian government spokesman said no credence has been given reports from Kalimpong that the Reds had entered the Tibetan capital of Lhasa and that the National Assembly had accepted Chinese proposals on the future political status of the tiny Himalayan country.

not all miracle drugs are modern

We have stocked miracle drugs in our pharmacy for many years. The story of two of these—insulin for diabetes and liver extract for pernicious anemia—is an amazing one.

Thirty years ago a young Boston doctor was on the verge of a great discovery. He'd found something to help victims of pernicious anemia. But his own health was rapidly failing. He had diabetes and there was nothing to save him.

But just at this time, 3 Montreal scientists announced the discovery of insulin. The young Boston doctor got some of the new miracle drug and finished his own work on liver extract.

No, miracles like these don't just happen. They are the result of creative and competitive thinking of men in Medicine and Pharmacy. Your continued support of such effort will bring you many more new miracle drugs.

Guzman Lead Grows In Guatemala Race

GUATEMALA, GUATEMALA —(AP)— La Col. Jacobo Arbenz Guzman moved closer to Guatemala's presidential chair Tuesday as incomplete returns from the country's weekend election increased his overwhelming majority.

Unofficial tabulations from the three days of balloting gave Arbenz 294,217 votes to 87,189 for Gen. Miguel Ydigoras Fuentes and 27,590 for Jorge Garcia Granados, former ambassador to Washington and former delegate to the United Nations.

Incomplete official returns for the first two days of voting gave these results: Arbenz, 195,573; Ydigoras, 69,021; Garcia, 26,187.

The other seven candidates received votes ranging from 621 to 12,984.

Election board officials said the third day's vote could not upset the commanding majority Arbenz scored in the first two days of voting.

HUMORIST'S WIFE DIES

NEW YORK —(AP)— Mrs. Louise Bear, wife of the humorist, Arthur "Bugs" Bear, died Tuesday of a heart ailment.

Plenty Of Food At Little Price Change Is Forecast

By RADER WINGET
NEW YORK—(AP)—If the Korean war gets no worse, food men say there will be plenty of food for everyone next year at prices about unchanged to a little lower than today.

Even if the war spreads dramatically, we still are going to fare a lot better than we did in the last all-out world war.

Those opinions come from some of the top men at this week's forty-second annual meeting of the Grocery Manufacturers Association of America.

Some prices are going to go up and others down, no matter what happens in the war, but what you have to buy to set a good table at home will cost you about the same or less.

And if we have to throw our Sunday punch in a war, we can back it up with a bigger food industry than in the last war, an industry bigger in production, processing, packaging and distribution.

Prices also are bigger than before the last war. In mid-October retail food prices as measured by the Bureau of Labor Statistics in Washington stood at 109 per cent higher than the 1935-39 average.

Slightly Lower Trend
There was a spurt of 2.15 per cent from June to October, and that is one reason why the grocery people look for little further overall increase or a slightly lower trend. Usually a sharp extension of prices is followed by a cut-back as buying emphasis is shifted away from higher priced products.

Austin Igleheart, president of General Foods Corporation, one of the largest food producers and distributors in the nation, believes that under present conditions food prices are more likely to go down than up.

"I certainly hope they go down," said Igleheart, "because lower food costs benefit everybody by lowering the cost of living."

Paul S. Willis, president of the grocery manufacturers, says the war won't have much effect on the average dinner table the way things look now.

Wide Shopping Range
"Prices have calmed down from the July-August levels," he said. "As you know, there was a lot of scare buying, but grocery manufacturers and others reassured the people that supplies were adequate and they stopped buying so heavily and let food flow through distribution channels in a normal way."

"The trend of prices into 1951 will be firm to a little higher, in my opinion, but these prices won't be disturbingly higher."

"Let's put it this way: Food will be within the 1951 income level. After all there are something like 3,000 items in the housewife's market basket. That gives her a wide shopping range. She is going to have to do some selective shopping to keep down the grocery bill."

Cox Named Director Of State's Hospitals

AUSTIN—(AP)—Larry O. Cox, 52-year-old engineer and business administration expert, is the new executive director of the state's multi-million dollar hospital system.

He was elected unanimously by the State Hospital Board Monday, and will move up to his new duties from his present position as business manager of the Austin State School December 15.

Selection of Cox, former vice president of the H. B. Zachry Company of San Antonio, was announced by H. B. Zachry, vice chairman of the board. Zachry presided in the absence of chairman Claude Gimer, hospitalized since an automobile accident several months ago.

Cox is the third man to take the \$10,000-a-year post since it was created by the 51st Legislature less than two years ago. He succeeds Dr. Howard E. Smith, who accepted the job on a temporary basis in July following the resignation of Moyné Kelly.

Smith quit both the executive directorship and the position of medical director-coordinator of state tuberculosis sanitariums, the job which first brought him into the state hospital system earlier in the year. He said he was resigning for "purely personal reasons," and did not reveal his future plans.

Oil Handicap May Keep Reds From Starting Big War

LOS ANGELES—(AP)—Russia is not likely to start an all-out war, Dr. Gustav Egluff said Tuesday, because she doesn't have control of the oil-rich Middle East.

"By maintaining control in the hands of the Democratic countries, the tide may eventually be turned against Communist expansion and peace maintained throughout the world," said the research director for Universal Oil Products Company, Chicago.

His paper, written for the American Petroleum Institute annual meeting, added:

"The Western powers must make it clear that they will resist to the limit an effort to wrest control of the Middle East oil from the Democratic nations which have developed these resources for the benefit of mankind. Adequate protection of this area now may well slow down or stop the Russian timetable for aggression."

Dr. Egluff said Russia now has only eight per cent of the world's production of crude oil and only 25 per cent of the estimated world oil reserves. Democratic nations control virtually all the rest.

Increase Shown In U. S. Payroll

WASHINGTON—(AP)—The federal government's total payroll—not counting employes of Congress and the judiciary—stood at 2,064,434 at the end of September, the Civil Service Commission reported Tuesday.

That represented an increase of 34,137 during September. The military establishment added to its payroll 44,577 persons, but this was offset in part by reductions in other departments.

On future employment, President Truman has directed the commission to make virtually all appointments on a temporary basis. His order was issued Monday to take effect December 1.

The order, similar to one in effect during World War II, exempts only presidential employes, postmasters and unusual cases where the commission finds the government's interests would be served by making permanent appointments.

Big Bend Trailers May Expand Group

MARFA—(AP)—The Big Bend Trail Association was scheduled to discuss the possible election of a board of directors here Tuesday. The group has no board at present.

Jack Tripp of Dallas, president, said the group also will talk about enlarging the membership so a full-time secretary can be employed.

1951 MODEL LINCOLN—Pleasing exterior changes, smart new interior trims, and more powerful and smoother engines are incorporated in the new 1951 model Lincolns which go on display at Erskine Motors here Wednesday. Improved V-8 engines with 154 hp power the new models.

New Model Lincolns Will Go On Display Here Wednesday

Smart new styling which further enhances their traditional luxury and dignity is the dominant feature of the 1951 Lincoln Cosmopolitan cars which will be placed on display Wednesday in the showrooms of Erskine Motors here.

From the clean-cut lines of the new front grille to the smart new rear section, the 1951 Lincoln presents an appearance of smartness and quality that exceeds anything yet offered in this luxury class. Distinctive refinements to the Lincoln Cosmopolitan add to its quiet elegance.

"We are indeed proud to offer these cars to the public," Stanley Erskine, dealer, said in announcing the new cars. "They contain all the best features of previous models, and in addition have many improvements which will enable them to continue as true leaders in their fields."

Most visible of the changes in the

1951 Lincoln are the radically new rear quarter panels and fenders, which have been redesigned to emphasize the long, low lines that distinguish the car. Neat rear bumpers sweep around the fenders in a graceful curve to give added protection against damage as well as increased beauty of appearance.

New Roof Panel
An entirely new roof panel for the 1951 Lincoln accommodates the 29 per cent larger rear window. More than 1,000 square inches of curved glass are required.

New front bumpers and grille and a repositioning of the head lamps nearer the outside edge of the fenders give the new Lincoln a more pleasing front end appearance.

Interior changes to the Lincolns and Cosmopolitans include new trim schemes, new hardware, new package tray, non-glare rear view mirror, restyled steering wheel including horn button and ring, new

instrument panel control knobs and separate left and right hand controls for the ventilating system. An increase from 152 hp to 154 hp has resulted from numerous refinements to the V-8 engine powering the Lincolns and Cosmopolitans. Better balance of the complete engine assembly is achieved by use of a mass balancing machine during manufacturing, resulting in much smoother engine operation.

Some 50,000 Indians live on reservations in New Mexico.

ACIDITY
Fear, anger, excitement, careless eating—these cause acidity. Drink delicious, pure Ozarka Water: free from chlorine, alum, copper sulphate. Physicians recommend it. Shipped everywhere.

Presenting with great pride... *Lincoln* for 1951

On display tomorrow

All Lincoln cars equipped with improved HYDRA-MATIC transmission at extra cost

This year, Lincoln's great and growing reputation for the best of everything in automobiles reaches new heights. And, at your dealer's showroom tomorrow, you can see the 1951 Lincolns which set new pinnacles of fine-car excellence.

Your first breath-taking view of the magnificent Lincoln Cosmopolitan and the glamorous Lincoln will reveal a new, arresting conception of motor car design. From bumper to bumper, Lincoln's lines are smooth-flowing, modern, tasteful.

Naturally, Lincoln's new interiors match this outer splendor. Gem-like appointments... smart, tailored upholstery in nylon and broadcloth... and wide, comfortable seats assure you that you're sitting in the very lap of elegant luxury!

And when you drive, you'll discover fine-car performance at its ultimate best. This year, the spirited "INVINCIBLE 8," high-compression engine is smoother than ever. And with HYDRA-MATIC, you get the alert, eager response worthy of this mighty power plant.

With Lincoln's improved springing, you ride over rough roads as though they were just paved. With Lincoln's Fiberglass soundproofing, outside noises become mere whispers. With Lincoln's automatic Weather Control, soothing fresh air blankets you at a finger's flick. Yet all this 1951 luxury costs far less than you may imagine!

And today, your purchase of a 1951 Lincoln or Lincoln Cosmopolitan takes on even greater significance. Like any worthwhile investment, either of the new 1951 Lincolns will reward you in terms of longer life, higher resale value, and, of course, more enjoyable motoring. Yes, when you invest in a fine motor car today, make sure you make a 1951 purchase!

By all means see and drive the new 1951 Lincolns at your dealer's tomorrow. For no drive on earth can give you a comparable feeling of luxuriousness.

Affirming once again - Nothing could be finer

Artist's sketch of a formal portrait of the much-decorated Dean. Now 51, his hair turned almost white in World War II.

KOREAN WAR'S TOP HERO—Outstanding hero of the United Nations action in Korea—and the only winner of the Congressional Medal of Honor there—was Maj. Gen. William F. Dean, commander of the U. S. 24th Division. General Dean led his troops in the bitter delaying action from the Han River to Taejon in the first month of the war. He was reported missing in action at the battle of Taejon on July 20. He last was seen leading a bazooka team in combat after boasting with a grin, "I just got me a Red tank." Since that time, General Dean has been reported both dead and alive on several occasions by returning UN prisoners of war and by captured Reds. Pictures below of the gallant officer were made not long before his disappearance.

During the delaying action in Korea, General Dean, right, confers with Lt. Gen. Walton Walker, head of UN forces in Korea.

Fighting general. This was one of last known pictures made before he was lost.

The general and his family in Japan. Left to right are: Mrs. William F. Dean, his wife; the general; Mrs. C. F. Dean, his mother; and William F. Dean, Jr. In World War II, Dean commanded the 44th Infantry Division in Germany and won the Distinguished Service Cross for extraordinary heroism.

Murder Of Acting President Closes Venezuela Borders

CARACAS, VENEZUELA —(AP)—Venezuela closed her borders Tuesday and suspended civil liberties following the assassination Monday of her acting president, Lt. Col. Carlos Delgado Chalbaud.

A dusk-to-dawn curfew was clamped on the oil-rich country's 4,000,000 population after the government announcement that Delgado, head of a three-man military junta which seized control of Venezuela in 1948, had died of gunshot wounds.

The Venezuelan Embassy in Bogota announced Monday night that Delgado had been surrounded by a score of men while driving from his home to the presidential house and taken to a building on the eastern outskirts of Caracas, where six bullets were pumped into his body. Led By Urbina.

An embassy spokesman said Rafael Simon Urbina led the attack and had been arrested with five or six other men. The spokesman said a state of siege had been imposed in Venezuela and that foreigners had been warned not to mix in the situation.

Venezuelan sources in New York identified Simon Urbina as an old-time revolutionary.

Curfew restrictions prevented the filing of news dispatches from Caracas Monday night.

The first announcement of the slaying—broadcast to the nation by Defense Minister Marcos Perez Jimenez, one of the two surviving members of the junta—gave no details of the attack.

Delgado led the bloodless coup of Nov. 24, 1948, which toppled the leftist regime of Romulo Gallegos, whose Action Democratica Party had swept the polls 11 months earlier. Delgado, Perez Jimenez and Lt. Col. Luis Felipe Llovera Paz became the ruling junta.

The first machine ever used in making shoes was a clamping press invented to attach leather soles to shoe uppers.

School Presents Armistice Program

An Armistice Day program under the direction of Mrs. Wayne Campbell, music director, was presented by the Latin American School recently.

The program and participants in it were Ramon Carrasco, leader of the pledge of allegiance to the flag; Mrs. Jack Mashburn, prayer for peace; "This Is My Country," sung by the third, fourth and fifth grades; "K-K-K-Katy," a picture song sung by the fourth and fifth grades; Camilla Lora and Dora Gonzales, readers of "Keep the Home Fires Burning," and "When Johnny Comes Marching Home Again," sung by the choral group.

Those participating in the flag drill and march were Mary Jane Cardosa, Lupe Sandoz, Beatriz Costilla, Fausta Ramirez, Ernesta Martinez, Elvira Menechaca, Mary Elisa Ochoa, Lucy Robledo, Josephine Nunes, Virginia Ogin, Lola Lamell and Esperanza Sanchez.

Those taking part in the ribbon rhythm and twirling were Manuel Munoz, Maria Gonzales, Lupe Gonzales, Rosa Castell, Maria Carrasco, Emilia Rico and Gloria Mareno.

Ramon Carrasco led all the grades in singing "The Star Spangled Banner." Mrs. Johnny Owings gave a prayer for peace.

The picture song, "K-K-K-Katy," was directed by Mrs. Owings and Mrs. Roy Edmonds.

Navy Man Dies In Air Crash At Midlothian

MIDLOTHIAN, TEXAS —(AP)—Radioman Third Class R. H. Thompson, 23, of the Dallas Naval Air Station was killed Monday when the light plane he was flying crashed near the city limits here.

Thompson was on liberty. Navy officials said he was not flying a Navy plane.

Mrs. Lee Turner had charge of the lesson at the recent Bible Study meeting of the women of the First Christian Church.

Nation's Crude Oil Production Jumps

TULSA, OKLA. —(AP)— With six states reporting new records for the year, the country's daily average crude oil production jumped 24,025 barrels during the week ended November 11, The Oil and Gas Journal reported Tuesday.

Total production averaged 5,835,275 barrels daily, The Journal said.

California recorded its twelfth straight new high for 1950—up 12,100 barrels to 952,700 barrels.

Other record-breakers were Arkansas, up 150 barrels to 82,800 barrels; Colorado, up 50 to 76,450 for its third consecutive new peak; Florida, 400 to 1,875, its highest since September 9; Louisiana, 7,575 to 585,550, the state's sixth straight; and Oklahoma, 1,060 to 492,250, its fourth in a row.

Texas, the largest producing state, dropped the farthest, down 3,925 barrels to 2,560,975.

Livestock

FORT WORTH —(AP)— Cattle steady; good fed steers and yearlings 28.00-30.50; common and medium 20.00-27.00; beef cows 19.00-21.50; good and choice slaughter calves 26.00-29.00; common and medium 20.00-25.50; stockers 24.00-31.00; stocker yearlings 29.00 down; stocker cows 18.00-24.00.

Hog butchers 25c down; sows 50c lower; pigs weak; good and choice 190-270-pound butchers 18.75-19.00.

Slaughter lambs and ewes steady to weak; some sales 50c below last week; good and choice slaughter lambs with No. 1 pelts 28.00-50; good shorn slaughter yearlings 25.00; heavy yearlings 23.50; slaughter ewes 11.00-13.00; breeding ewes up to 15.00; feeder lambs 24.00-28.00.

UN Likely To File, Forget Tibet Appeal

LAKE SUCCESS —(AP)— Tibet's appeal for United Nations assistance to repel Chinese Communist invaders appeared headed for the "file and forget" cabinet Tuesday.

No UN member appeared willing to shoulder the responsibility of sponsoring Tibet's plea in the Security Council. Since the remote Himalayan theocracy is not a member, it cannot present the plea directly.

The council marked time on the Korean issue with another meeting due Wednesday or Thursday.

Cotton

NEW YORK —(AP)—Tuesday noon cotton prices were 60 cents a bale lower to 10 cents higher. December 42.24, March 42.03 and May 41.58.

ACE MOTORS

318-20 North Big Spring—Midland

SECOND TD—Billy Medart hits the five-yard line after taking a pass from Ralph Brooks midway in the fourth quarter, that was good for 17 yards and the second Bulldog touchdown. Medart took the pass at the eight-yard line and scampered over the goal. An unidentified Bulldog cuts back from the goal line to attempt a block on Odessa defenders. Despite this touchdown, the Bronchos took the game 28 to 12.

FIRST DOWN—Jack Burris, Bulldog halfback, swings to his own left on a reverse against Odessa in the third quarter, picking up enough yardage for a first down. Odessa tackle Edmond Gray (35) hauled Burris down just short of mid-field. Fullback L. C. Thomas of Midland (16) approaches from the rear.

GETTING HIGH—End Duane Bush goes high to take a toss from Ralph Brooks (not pictured) in the last quarter touchdown drive against Odessa. The play gained 29 yards to the Broncho 46-yard line. Note how Odessa back Joe Childress (34) contests Bush for the ball cleanly, without interfering with the receiver's catch.

Buckeyes Go To Top Limb In Grid Poll

By JACK HAND
NEW YORK—(AP)—Ohio State tops the nation's college football teams in the weekly Associated Press poll after a tight five-club battle.

For the second week in succession the point system determined the winner with both Ohio State and Oklahoma squeezing past Army, last week's winner.

Army received most first place votes, 72, but lost out in the point system tabulation of the 308 ballots from football writers and sportscasters. Ohio had 66 firsts and Oklahoma 63.

According to the established scoring system, a first place vote counts 10 points. A second counts nine. And so on down to one point for a tenth place ballot. As a result Ohio finished with 2,412 points, Oklahoma 2,381 and Army 2,272.

Next came California and Kentucky. All the first five received at least 2,000 points. It was the closest finish of the year.

Apparently Ohio State lost no prestige in its tight winning battle with Wisconsin 19-14. The Buckeyes (6-1) face another test Saturday in eighth-ranked Illinois (6-1). Sooners have trouble in Oklahoma, too, had to struggle to keep its perfect record intact. Kansas led the Sooners into the last quarter before Oklahoma blasted out its twenty-eighth straight victory and seventh of the year, 33-13. They play Missouri this week.

Army called its shots in a romp over New Mexico 51-0 for its seventh straight win.

SMU Drops Out
Tennessee and Michigan State were the only additions to the top 10 with SMU and Miami dropping out. SMU fell from seventh to fourteenth after losing to the Texas Aggies 25-20, and the 13-13 tie with Louisville dumped Miami from ninth to seventeenth place.

Texas A&M polled one first-place vote and a total of 239 points to take twelfth place in the standings. SMU's point total was 152.

No other Southwest team except Texas scored as many as 10 points. The leaders with their first place votes in parentheses (points figured on a 10-9-8-7-6-5-4-3-2-1-basis):

1. Ohio State (66) 2,412
2. Oklahoma (63) 2,381
3. Army (72) 2,272
4. California (36) 2,126
5. Kentucky (43) 2,001
6. Texas (10) 1,653
7. Princeton (3) 958
8. Illinois (1) 756
9. Tennessee 395
10. Michigan State (3) 333

Cotton Bowl Week Program Expanded

DALLAS—(AP)—The schedule of Cotton Bowl Week in Dallas has been enlarged to include two basketball tournaments, a skeet shoot and a casting tournament, in addition to the football classic on January 1.

The possibility that the Southwestern Athletic Union will put on its annual girls basketball tournament and its boxing tournament was to be decided Tuesday.

Entries from 32 high schools in Texas and Oklahoma have been received for the Cotton Bowl High School Invitation Basketball Tournament December 26-30. Texas Christian, North Texas State, Southern Methodist, and Texas Tech meet in two nights of basketball double-headers December 28-29. The skeet shoot and casting tournament are slated December 31.

Dogs can see only black and white, no colors.

Rumor Mills Busy About Successor To Gopher Grid Mentor

MINNEAPOLIS—(AP)—The line of candidates to succeed Bernie Bierman as head football coach at the University of Minnesota was forming Tuesday, but officially there was nobody in it.

Word of Bierman's request to be relieved of his duties at the end of the year hardly had spread when admirers of various gridiron geniuses got to work nominating their man.

The nominations came from every part of the country. But they all followed about the same form: "So and so of such and such a college expressed surprise and regret at word of Bierman's resignation and said he had not been approached."

And that was just exactly the situation as outlined by Athletic Director Ike Armstrong, who stuck to his statement of Monday that he "wouldn't even discuss a successor until the season is over." He really meant it, too.

Through it all, though, names of some of the coaches were repeated. One of those was Bud Wilkinson, popular and successful coach at Oklahoma University. At Oklahoma City, Wilkinson said he had not been approached and that he had no comment on what he might do if the job were offered him.

Wilkinson, who played under Bierman in 1934 and 1935, was quoted by a close friend as saying previously that "if Bernie can't make it, no other coach can either." The friend added he was convinced Wilkinson wouldn't take the post.

On the other side of the picture, came the "no comment" reply of Dana X. Bible, athletic director at the University of Texas, when asked whether Bierman would be considered as head football coach at Texas. Head Coach Blair Cherry will retire at Texas after the season ends.

Sun Carnival Eyes Four Elevens For Possible Bowl Bids

EL PASO—(AP)—Officials of the Sun Carnival say no bids will be extended for the January 1 Sun Bowl game until after Saturday's tilt, but they are thinking about four teams.

C. D. Belding, chairman of the Game Selection Committee, said Monday night that the four teams are West Texas State, Wyoming, Lehigh and South Carolina.

West Texas State cornered the Border Conference crown last Saturday when Texas Western knocked Hardin-Simmons University out of the running. WTSC plays H-SU Saturday.

Lehigh also faces a tough opponent Saturday—Lafayette.

In previous years the Sun Carnival has been obligated to invite the Border Conference champion as a host team. Belding said the Sun Carnival is giving West Texas State strong consideration but is not under obligation as in the past since the carnival severed its connection with the Border Conference early this year.

That's the way the former manager-shortstop wants it. Told at his home in Harvey, Ill., that the Tribe was seeking waivers to get him an unconditional release, Boudreau said he had "no immediate plans of any kind" and added:

"That's why I asked for my unconditional release. I'll be able to make plans now. As it was, before being released, everything was out of my hands."

He said he would be "happy to get the job" of managing the Pittsburgh Pirates but that nobody has offered it to him.

Until Monday night, the Indians had held onto Lou's contract, although they had released him as manager and hired Al Lopez from Indianapolis to take his place.

Billis Ryan, club president, and Hank Greenberg, general manager, said at first they were trying to get Lou a job as manager of another big league team.

Then Ryan announced that at Boudreau's request the club had given up all claims on him and would seek the waivers.

U. S. GOLFERS DOWN MEXICANS IN TOURNAMENT
LAREDO, TEXAS—(AP)—The U. S. golf team downed the Mexican team 49 1/2 to 21 1/2 here Monday in the first International Amateur Golf Tournament.

Fred Mosley of Lickland Air Force Base, San Antonio, won individual honors in the 72-hole tournament with a score of 228.

Sports

12—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 14, 1950

Corsicana-Temple Is Choice Item In Schoolboy Circuit

By The Associated Press
At least four of the 16 district champions of Class AA schoolboy football will be known by the end of this week.

Two—Texarkana in District 9 and Baytown in District 12—already have been determined and await the bi-district round scheduled to open December 8.

Friday Childress and Wichita Falls clash, at Wichita Falls for the District 2 crown and Lufkin meets Conroe at Conroe for the District 10 flag.

Other districts may come to an earlier-than-usual conclusion through upsets but those four are the only ones on the definite side.

There are only 28 games in the state this week with Districts 1 and 5 having none and no conference tests in District 7. However, 26 of those games count in title standings.

Texarkana, one of the state's six undefeated, untied teams, plays off-beaten Kilgore in a game meaning nothing in the championship race. Baytown plays a three-time loser, Galveston.

One of the major games of the state is the clash of Corsicana and Temple at Temple Friday night. Corsicana can sew up the District 13 title by winning it. Temple, however, still would have to beat Waco to take the championship should it fall undefeated, untied Corsicana.

Another important contest is scheduled at Dallas when Grand Prairie meets Highland Park Friday night. Grand Prairie could win the District 8 title by whipping Highland Park. Highland Park could take the lead and then clinch the title next week by licking McKinney—that is, unless McKinney loses to Denton Friday night. In that event Highland Park would have the championship in the bag.

This week's schedule by districts (conference games except where indicated otherwise):

- 1—No games.
- 2—Friday: Vernon at Quanah; Childress at Wichita Falls.
- 3—Friday: Big Spring at Odessa, Midland at Lubbock.
- 4—Thursday—Austin at El Paso High (non-conference); Friday: Yuleta at Bowie (El Paso); Saturday: Jefferson (El Paso) vs Austin (El Paso).
- 5—No games.
- 6—Friday: Graham at Mineral Wells, Weatherford at Stephenville.
- 7—Friday: Jesuit (Dallas) at Gainesville (non-conference).
- 8—Friday: Grand Prairie at Highland Park (Dallas), Denton at McKinney.
- 9—Friday: Kilgore at Texarkana.
- 10—Friday: Henderson at Bryan, Lufkin at Conroe, Nacogdoches at Palestine.
- 11—Friday: Beaumont at Orange.
- 12—Friday: Galena Park at Pasadena, Baytown at Galveston, Texas City at Freeport.
- 13—Friday: Corsicana at Temple, Hillsboro at Emis, Waco at Waxahachie.
- 14—Friday: Ray (Corpus Christi) at Kerrville, Edinburg at Miller (Corpus Christi).
- 15—Friday: Alice at Kingsville, Victoria at Laredo.
- 16—Friday: McAllen at Brownsville.

Cleveland To Make Boudreau Free Agent

CLEVELAND—(AP)—The Cleveland Indians dropped their plans to get Lou Boudreau a new job and assured him Tuesday that within a week he could go out and look for himself.

That's the way the former manager-shortstop wants it. Told at his home in Harvey, Ill., that the Tribe was seeking waivers to get him an unconditional release, Boudreau said he had "no immediate plans of any kind" and added:

"That's why I asked for my unconditional release. I'll be able to make plans now. As it was, before being released, everything was out of my hands."

He said he would be "happy to get the job" of managing the Pittsburgh Pirates but that nobody has offered it to him.

Until Monday night, the Indians had held onto Lou's contract, although they had released him as manager and hired Al Lopez from Indianapolis to take his place.

Billis Ryan, club president, and Hank Greenberg, general manager, said at first they were trying to get Lou a job as manager of another big league team.

Then Ryan announced that at Boudreau's request the club had given up all claims on him and would seek the waivers.

LAREDO, TEXAS—(AP)—The U. S. golf team downed the Mexican team 49 1/2 to 21 1/2 here Monday in the first International Amateur Golf Tournament.

Fred Mosley of Lickland Air Force Base, San Antonio, won individual honors in the 72-hole tournament with a score of 228.

Texas, Aggies Come Through Weekend In Good Physical Shape

By The Associated Press
The hottest contenders for the Southwest Conference football title—Texas A&M and Texas—report their squads healthy for Saturday's games.

However, other teams in the loop find injuries dogging some of their top-flight backfield talent. The allment list includes such aces as Southern Methodist's Gene (Chicken) Roberts and Val Jo Walker, Arkansas' Johnny Cole, Rice's Sonny Wyatt, and Texas Christian's Gilbert Bartosh.

Texas A&M reports no serious injuries after its upset of SMU and is expected to be ready for Rice Saturday.

Rice reports two more names on its long hospital list. Halfback Wyatt had six stitches taken in his tongue after Saturday's Arkansas game. Charles Stearns, a junior guard, has a knee ailment.

Four Ponies Crippled
Southern Methodist has four top defense performers on the ailing roster. Absent from drill Monday were Roberts, with a hurt knee; Walker, with a shoulder injury; Tackle Neil Franklin with a leg injury, and Guard Quinn with a groin injury. Roberts and Franklin are doubtful starters against Arkansas.

The Razorbacks report that their ace sophomore safety man, Cole, has a possible torn knee cartilage from the 9-6 loss to Rice, and is expected to be out Saturday.

Despite an open date last week, TCU still has ailment trouble. Quarterback Bartosh still was limping Monday because of a stiff knee. Fullback Bobby Jack Floyd had a troublesome leg bruise. Sophomore Bob McFarland is playing left halfback because John Medanic and Johnny Dunn have sprained ankles.

With an open date Saturday, the Baylor Bears took the day off Monday.

Dutch Meyer, Dean Of Upsetters, Gets Set For Longhorns

PORT WORTH—(AP)—The producer of the Southwest Conference's greatest upsets—Dutch Meyer—says it's like using a "pop-gun against a cannon" to play Texas but he isn't about to concede defeat.

The chunky little man who has been the sharpest thorn in the side of the Texas Longhorns, declared Tuesday his Texas Christian team would have "a tough game here Saturday."

Meyer personally scouted Texas in its game with Baylor last week and he tells you the conference leaders and heavy favorites to move into the Cotton Bowl January 1 are "a fine ball club, with fine personnel, lots of poise and never rattled no matter what may happen in a game."

Meyer personally scouted Texas in its game with Baylor last week and he tells you the conference leaders and heavy favorites to move into the Cotton Bowl January 1 are "a fine ball club, with fine personnel, lots of poise and never rattled no matter what may happen in a game."

King Ranch Suspends Hunting Right Grants Because Of Drouth

KINGSVILLE, TEXAS—(AP)—The prolonged drouth has caused the management of gigantic King Ranch to suspend granting of hunting permits.

R. M. Kieberg, Jr., an owner, said the suspension would continue until conditions are relieved.

King Ranch has cooperated with the Texas Game, Fish and Oyster Commission in a long-range program of game conservation and for more than a year the state trappers have been trapping deer and wild turkey to restock other parts of the state where the game supply has been depleted.

The first time the U. S. Open golf championship was played over the 72 hole route was in 1895, when Fred Herd won with a score of 322.

All Work, No Play, As Bulldogs Drill

The Midland Bulldogs ran through a brief but snappy workout Monday afternoon, shaking off the bruises and small injuries suffered against Odessa and pointing toward this week's game with the Lubbock Westerners.

The Midland-Lubbock tilt will be played in Texas Tech's Jones Stadium at Lubbock. The kickoff is at 2:30 p.m. Friday.

Coach Tugboat Jones sent the Bulldog charges through their paces with a minimum of wasted effort and no horseplay. "We are out here for business," Jones said.

While Jones was satisfied with the team play as a unit last week, he showed some displeasure at the play of some boys. "We had about three boys who did not play as expected," the Bulldog mentor said, "and it hurt us when the going was rough."

"I hope," he continued, "we will be ready for Lubbock this week. We must be if we expect to win. Lubbock has a team that can be as good as Odessa on any given day. It will be back to full strength this week, and we look for a rugged ball game."

The ground attack got the business in workouts Monday. Ralph Brooks, L. C. Thomas, Reed Gilmore, Jack Burris, Larry Friday and Charles Crowley were touting the ball on running play after running play. Brooks mixed in some passing, but for the most part it was power stuff, with concentration on blocking in the line. The line failed to respond with holes for the backs at times against Odessa.

Defensive play came in for some work, too, as Audrey Gill and Red Rutledge had the linemen and ends working hard against Lubbock type plays. The Westerners have a versatile passing and running attack that has been potent when all the boys are in shape to play at full strength. Lubbock will be at full playing strength for the first time in three weeks against Midland.

Center Jimmy O'Neal is nursing a bruised arm, but otherwise the Bulldogs received no injuries of importance in the game Saturday.

King's Row

By LARRY KING

We've been asked by several persons, so here goes: It looks this way.

Should Midland beat Lubbock AND Lamesa (and neither will be an easy task) and Lubbock should beat Odessa, then there would be a three-way tie between our Bulldogs, the Westerners and the Bronchos.

Should that happen, officials of District 3-AA probably will vote to determine the team that will represent the district in the state play-off.

And, if Lamesa or Big Spring should slip Odessa down, and Odessa beat Lubbock, then Midland and Odessa would be tied for the title—in which case Odessa probably would go undisputed into the playoff.

The custom in a case such as this is to let the team that won from the other be the representative in a play-off.

Should Odessa stumble unexpectedly and lose to both Lubbock and Lamesa, or Big Spring, then Midland and Lubbock would be tied for the title—provided of course Midland wins its remaining two games. And in that case Midland would represent 3-AA in the playoff, having a decision over the team that it would be tied with for the loop lead.

We grant you, all of this is a little far-fetched, and from here it looks as if the Bronchos are a shoo-in to continue into the playoff without further loss. But a football can take some crazy bounces, and with the exception of Big Spring the district seems to be pretty well matched. Stranger things have happened, and that's why Midland should not let up for one play in its remaining two games.

Of course, Midland easily could drop the two remaining games on the schedule. Lubbock is something of a question mark. Without a doubt, the Westerners have a good ball club and could explode in a burst of touchdowns at any time. But the Westerners haven't been impressive in their last two ball games, edging past Big Spring and Lamesa by scores of 13-7 and 3-0. Lamesa actually outplayed Lub-

bock, holding the Westerner offense in check most of the time. And when we saw the Tornadoes lash Big Spring by 33 to 7 last Friday, they looked pretty good. The downhill blocking is slightly less than colossal—or at least it was against the Steers. And the passing game was very good. The running left little to be desired. In short, Lamesa looked like a ball club.

Lubbock, in all fairness to the Westerners, were missing key men from the lineup against both the Bovines and Tornadoes. Without a doubt, it hampered Lubbock's effectiveness. At top strength, the Lubbock team probably will be much better against Midland than against any conference foe thus far. Lubbock has pointed all year for Midland and Odessa, tabbing the two as the teams to beat.

Both Lubbock and Lamesa, if they are "right," could dump Midland from further consideration in title talk—but the fact remains that Midland is not one whit less potent than it was before the losing effort against Odessa.

The Midland Bulldogs must play their best ball—all we can do is hope, and hope, and hope.

Midland retained its 15th place in the Fort Worth Star Telegram's schoolboy football ratings this week. Odessa, despite its 28 to 12 win over the Bulldogs, did not advance from the number 10 slot it held. "Odessa's apparent inability to defend against passes," was the reason related by Phil Oullier for not moving the Bronchos up the ladder.

BOWLING

Last week's results in the Petroleum League: Honolulu Oil won three games from Superior Oil; Ohio Oil won three games from Mabee Drilling; Stuart's Photo won three games from Core Laboratories; Plymouth took a pair from Skelly Oil; Tide Water grabbed two from Tex-Harvey; Sun Oil won two games from Phillips 66; and Shell Oil grabbed a pair from Rotary Engineers. Other results: Browne's Magnolia won over West Texas Reproduction 2 to 1; Ralph Lowe over Standard of Texas 2 to 1; and Union Oil over Seaboard by the same score.

High team series was taken by Stuart's Photo, with 2,536 points. Stuart's also took high team game, 856. F. E. Rylee, of the same team, captured high individual series and high individual game, with 637 and 223 pins.

Team standings:

W	L
Stuart's Photo	21 9
Plymouth Oil	20 10
Ohio Oil	20 10
Core Laboratories	19 11
West Texas Reproduction	18 12
Standard of Texas	16 14
Union Oil	16 14
Mabee Drilling	15 15
Rotary Engineers	15 15
Skelly Oil	15 15
Ralph Lowe	15 15
Sun Oil	15 15
Shell Oil	15 15
Tex-Harvey	13 17
Seaboard Oil	13 17
Browne's Magnolia	13 17
Phillips 66	12 18
Honolulu Oil	11 19
Tide Water	10 20
Superior Oil	9 21

Results in the Civic-Fraternal Bowling League: Lions 2 won three games from VFW; Lions 1 took two from American Legion; Kiwanis tabbed two from the Optimists; Eagles won 2-1 over the Jaycees.

The standings:

TEAM	Won	Lost
Kiwanis	17	10
Am. Legion	16	11
Lions 1	16	11
Lions 2	14	13
Eagles	14	13
Optimists	12	15
Jaycees	10	17
VFW	9	18

Permian Basin Oil And Gas Log-

Five Reef Testers Slated For Scurry

Five new reef tests have been scheduled for immediate drilling in Scurry County.

The Texas Company staked three of these new explorers in the Cogdell field of Central-North Scurry County. They will be drilled to 7,000 feet with rotary tools.

Texas No. 108 P. L. Fuller is located 1,987 feet from north and 2,903 feet from east lines of section 364, block 97, H&TCo survey and 14 miles north of Snyder.

No. 109 P. L. Fuller will be 2,001 feet from east and 1,888 feet from south lines of section 551, block 97, H&TCo survey and 13 miles north of Snyder.

Drillite for Texas No. 110 P. L. Fuller is 862 feet from north and 2,900 feet from west lines of section 553, block 97, H&TCo survey. Gas surface at the Cogdell field of Scurry County, Pan American Production Company has spotted its No. 2 Buri H. Lewis, et ux.

It is 467 feet from north and east lines of section 246, block 97, H&TCo survey. That makes it seven miles northwest of Snyder.

Rotary tools will be used to drill to projected depth of 7,000 feet. Thirteen miles southwest of Snyder and in the Diamond M-Canyon field of Southwest Scurry County, Cities Service Oil Company has staked location for its No. 3-B McLaughlin.

It is 1,530 feet from west and 330 feet from north lines of section 184, block 97, H&TCo survey. Projected depth is 6,800 feet and rotary tools will be used to drill.

C-E Midland Venture Taking Electric Logs

Operator recovered 210 feet of gas-out mud on a three-hour drillstem test in the lower Permian at General American Oil Company No. 1 Ben Winkelman, wildcat in Central-East Midland County.

The test was taken from total depth of 8,981 feet. Gas surface was one hour and 15 minutes after the tool was opened. Operator is now running electric log surveys.

Location is 663 feet from north and 664 feet from east lines of the southeast quarter of section 18, block 37, T-3-S, T&P survey.

The No. 1 Ben Winkelman logged some shows of possible production in the Spraberry at 7,890-8,982 feet. On a two-hour drillstem test recovery was 870 feet of heavily oil-cut mud and five gallons of oil.

The venture has reached its contract depth. Location is at the center of the southwest quarter of the northwest quarter of section 5, block 25, H&TCo survey.

The wildcat is on a block of acreage assembled by W. T. (Billie) Walsh of Midland. He turned it to Manning to drill and retained an override on the acreage.

NE Upton Is To Be Site For Deep Test

Sohio Petroleum Company No. 1 A. P. Hill is to be a 12,500-foot wildcat exploration in Northeast Upton County. Location is 660 feet from north and west lines of section 2, block K, D&SE survey.

That puts it nine miles northwest of the nearest Elmerberg production in the Bendum field and three and three-quarter miles west of the two-well Pembroke-Spraberry field. It is 18 miles north and a little east of the town of Rankin. Operations are to start immediately.

Pennsylvanian Test Set For E-C Coke

Union Oil Company of California No. 1 City of Robert Lee is to be a 4,800-foot wildcat in East-Central Coke County, to try for production in the Pennsylvanian horizon. Location is 330 feet from south and east lines of section 1, J. W. Hall survey, abstract 1342.

It is one and one-quarter miles southeast of the Robert Lee townsite and is on land owned by the City of Robert Lee.

It is to start drilling immediately. The project is three miles southwest of the same concern's No. 1-B McCutchen, which gets its oil from a Pennsylvanian sand around 4,000 feet.

Thirteen-State Hunt Underway For Child Lured From School

Police in 13 states Tuesday searched for a six-year-old boy lured away from a country school by two men in a maroon automobile.

Eddie Collins, son of Mrs. Mary Collins, former hotel hostess in nearby Harrisburg, disappeared Monday.

Eddie had been living with Roy E. Richwine, Jr., co-owner of a half-mile dirt speedway, since the lad's mother was divorced from her husband more than a year ago.

Richwine planned to adopt the boy in proceedings scheduled to be heard next Monday.

William R. Mark, Cumberland County district attorney, said the mother had given her permission to the adoption and was interested only in obtaining a "good home" for the boy.

During recess period Richwine said the boy's teacher told him Eddie disappeared during a recess period at the Rifle County School when he went outside in his shirtless.

Expressing concern for the boy's safety, Richwine said "after all, he was only lightly dressed. He was only wearing a light shirt."

District Attorney Mark, who is investigating, said the case could be "kidnaping but we'll have to wait for more information before we can say definitely."

GI's—

(Continued From Page One)

east coast, the South Korean Capital Division beat off a tank-led North Korean attack with the help of the eight-inch guns of the U. S. cruiser Rochester and the rockets of Marine planes.

A U. S. Tenth Corps spokesman said the battle left the South Koreans secure in their positions on the Oranong River, 90 miles south of the Soviet border.

Forty miles to the west, another unit of the Capital Division drilled through six inches of snow toward Hapsu. Hapsu is a road junction midway between the scene of the coastal battle and the advancing U. S. Seventh Division troops.

Far behind the lines, a bypassed force of about two Red battalions—about 2,000 men—attacked South Korean troops in Poyongang, 60 miles northeast of Seoul. The Communists drove into the town at 2 a. m. Tuesday. They were driven out in an eight-hour battle. At 10:30 a. m. the fight was still raging outside the town. South Koreans said they killed or captured 141 Reds.

The only sizable ground action reported on the western front was on the extreme right flank, east of the cavalrymen. One regiment of the U. S. Second Division was reported advancing against stubborn enemy resistance.

In the far west, the sudden winter became a greater problem than the Communists. Action was confined to patrolling.

Before the cold brought a break in fighting along the western front, the Eighth Army reported gains of two miles by British, American and South Korean troops.

Rites Scheduled For J. C. Bertrand

Funeral services were scheduled Tuesday in Rockingham, N. C., for Jules Carl Bertrand, 65-year-old retired oil man who died Saturday in a Midland hospital.

The body was shipped from New Orleans to Rockingham Monday. A former partner in the firm of Bradford and Bertrand, he had made numerous visits to Midland and was stricken while on a visit here.

The widow, a daughter and two sons survive. Interment will be at Rockingham.

Puppet shows are believed to have been presented in China 1,000 years before Christ.

Financial Troubles Revealed In Probe Of Kidnaping Case

ALBUQUERQUE, N. M.—(AP)—State and FBI agents are turning up a trail of unpaid bills, growing debts and threatened eviction in probing recent activities of Dr. Nancy Campbell.

Assistant District Attorney Robert Fox said investigators are delving into two other matters:

1—Evidence that the prominent 43-year-old women's physician charged with kidnaping a little girl last weekend had been "doling out money to a number of individuals."

2—Discovery of \$800 in travelers checks found in her car which are part of \$1,000 reported stolen earlier this year from the Santa Fe office of Dr. Eric P. Hausner.

Dr. Campbell is in an Albuquerque hospital awaiting arraignment in a week or two. Four Santa Feans, including the head of the county medical society, signed \$25,000 bond for her Monday.

Dressed Like Man The popular doctor, dressed like a man, was nabbed in Santa Fe Saturday night as she picked up a box containing \$20,000 ransom. In her car nearby was blonde Linda Stamm, nine-year-old daughter of Mr. and Mrs. Allen Stamm. Aside from being drugged she was apparently none the worse after spending Friday night in a doorless, windowless shack in nine-degree weather.

Fox said Dr. Campbell "seems to have been very liberal with her money." He said individuals who have gotten money from her have not yet been questioned.

Dr. Campbell had been served a dispossession notice for non-payment of rent on her Santa Fe medical office.

Four Checks Missing The prosecutor said four \$50 checks were missing from the book of travelers checks found in her car. Officers are tracing the missing checks.

Chief Agent Percy Wylie, II, of the FBI said unpaid bills were found in a Las Vegas hotel room occupied recently by Dr. Campbell.

Conviction of kidnaping for ransom in New Mexico carries a penalty of from five years prison to death. Under state law the death sentence cannot be imposed if the victim has been liberated unharmed. Definitions of the words "liberated unharmed" are subject to legal interpretation.

Parade Of Pickets Is Resumed Tuesday In 15 Texas Cities

By The Associated Press

CIO Communication Workers set up picket lines around Southwest Bell Telephone exchanges in at least 15 Texas cities Tuesday as they kept up their "hit and miss" strike tactics.

Although the strike is by Western Electric employees, telephone company workers have refused to cross their picket lines.

Pickets were established Tuesday around two dial exchanges in Fort Worth, and at Galveston, Freeport, Odessa, Kingsville, Kenedy, Uvalde, Cleburne, Monahans, Midland, Odessa, Big Spring, Amarillo, Hereford and Plainview.

All are manually-operated exchanges except Galveston, Odessa, Fort Worth and Amarillo, where the automatic dial system is used.

The strike began last Thursday and was resumed Monday following a weekend lull.

Early Monday pickets appeared in Houston, Dallas, San Antonio, Fort Worth, Borger, Beaumont, Fort Arthur and Austin. Later, pickets were removed at Seguin, Fort Arthur and Austin, and added at Amarillo and Taylor.

Picket lines also appeared in Kermit, Colorado City, Fort Stockton, Monahans and New Braunfels—all cities with manually operated local service.

Mrs. Hodge Speaks At Opening Session Of TFWC Convention

FORT WORTH—(AP)—Civilian defense planning by women on the local level was called for by Mrs. J. Howard Hodge of Midland, Texas, Federation of Women's Clubs president, here Tuesday.

Mrs. Hodge's address opened the 53rd annual federation convention here.

"Women must assume responsibilities commensurate with their abilities and mobilize their full resources at all levels for civilian and military defense on the production line and in maintaining American ideals," she said.

Mrs. M. Howard Gibson of Waxahachie, an executive committee member, introduced convention guests and state officers made annual reports at the opening session three-day meeting.

Mrs. Roy Rowntree of Houston, department of education chairman, reported on department activities and introduced Dr. Thomas H. Taylor of Howard Payne College, the first guest speaker.

International relations department chairman, Mrs. D. L. C. Kinard of Memphis gave her report and presented Dr. D. M. Wiggins, Texas Technological College president, who discussed the United Nations.

State Railroad Commission Member Olin Culbertson and Attorney General Price Daniel were to speak at the afternoon and evening sessions.

San Angeloan Talks To Optimist Club

J. G. (Bud) Bunyard of San Angelo addressed the Midland Optimist Club at its luncheon Tuesday in Hotel Scharbauer. The meeting was dedicated to International Optimist Week.

Bunyard, a leader in San Angelo Optimist Club activities, termed Optimism a "newfangled, modern word for faith."

"America was established and developed because a few people had faith in God," he added.

"Faith is what we need to instill in the young people with whom Optimist Club members work," he pointed out also.

Dick McKnight presided at the luncheon and the speaker was introduced by Raymond Jenkins.

Cliff Torgerson reminded members this is Optimist Week and that the slogan is "Today's Boy, Tomorrow's World."

Posters on Optimist Week have been placed in downtown Midland.

Lightning-Set Fire Threatens To Raze Texas Refinery

BEEVILLE—(AP)—Fire set by lightning Monday night roared out of control at the Danahoe Refinery in Pettus, Texas, in South Texas Tuesday.

Lightning struck an oil tank at 7:15 p. m., and since that time fire tanks have blown up.

J. F. Thompson, plant superintendent, said the whole plant installation is threatened.

Firemen from here and other surrounding cities have been called to help combat the flames.

Three 'Bra Brigade' Members Convicted

MIAMI, FLA.—(AP)—A six-month criminal court jury took only 20 minutes Tuesday to convict three members of Miami's "Brasserie Brigade."

The three girls—Marie Orr, Mrs. Betty Cortman, 23, and Miss Billie Ruth McNaught, 27—were convicted of smugling coins out of the Southern Bell Telephone Company counting room in their bras.

The jury recommended leniency. Judge Ben C. Willard set 8:30 a. m. Monday, November 20, as the time for sentence.

Nine others face charges of receiving stolen property in the case. They will be tried later.

City Council—

(Continued From Page One)

All members of the council except J. W. McMillen were present.

Midland is believed to be the first Texas city to take such action.

The picket line again was established here Tuesday morning after a two and a half-day layoff. Telephone service was normal from 3 p. m. Saturday to 7 a. m. Tuesday. The strike originally became effective last Thursday.

Mayor William B. Neely said Western Electric strikers and Southern Bell operators have been invited to meet with the council at its regular meeting at 7:30 p. m. Tuesday to hear an explanation of the city's position in the matter. Neely stated the injunction is not sought to settle the labor dispute or to pass on its merits, but rather to protect the public interests of the city. The council is an innocent bystander in the matter, he said. The mayor indicated the labor representatives attending the Tuesday night session will be asked to cooperate with the city and its public interests while attempting to settle their dispute as promptly as possible.

The Cleveland Browns of the National Football League have at least one player at every position except halfback who played on the first team of 1946.

Cable Tool Tester Is Spotted In McCulloch

Garmac Oil Company of Winnsboro, Texas, is to start at once on drilling its No. 1 Sarah Ann Julia Shaver, which is contracted as a 2,000-foot cable tool wildcat in Northwest McCulloch County.

It is nine miles northwest of Brady and 1,871 feet from north and 629 feet from west lines of section 105, H&TCo survey. Cable tools will be used to dig the exploration.

Drilling is to start at once.

Shallow Wildcat Is Staked In Runnels

Geological Survey, Inc., of Abilene No. 1-B John W. Harris is to be a 4,000-foot rotary drilled wildcat in Northeast Runnels County.

It will be 660 feet from north and east lines of tract 2, block 614, J. C. Cabrera survey. That makes it one half of a mile west of Crews and two and one half miles south and little west of the Cree-Sykes field.

Drilling is to start at once.

Matthews To Inspect Pacific Naval Bases

HONOLULU—(AP)—U. S. Navy Secretary Francis P. Matthews arrived Monday night enroute to the Orient for a 20-day inspection of naval facilities.

He plans to confer with Adm. Arthur W. Radford, Pacific Fleet commander, during a 24-hour stopover. Matthews planned to leave Tuesday night for Manila, Okinawa, Tokyo and Korea.

The Amestees, M.P. base of the U. S. Air Force is less than two miles from the Canadian border.

TOP DRAWER RESIDENT—A heavy run by the stork left the Arlington (Va.) Hospital without any vacant cribs. Nurses solved the problem in a familiar way—putting dresser drawers into service. Here, tiny Vivian Jeanette Hyde of Falls Church, Va., peers contentedly from her dresser drawer "crib."

★ THE DOCTOR SAYS ★

Increased Interest In Arthritis Gives Hope For Eventual Cure

By EDWIN F. JORDAN, M. D.
Written for NEA Service

There are many people—both patients and doctors—who take a far too hopeless attitude toward arthritis. It is true that there are some forms of joint disease which continue to get worse in spite of all efforts to conquer them, but many kinds of arthritis can be cured. Even those who suffer from the worst forms of the disease usually can be helped tremendously.

There is much to be learned about the rheumatic diseases, including arthritis. It is most encouraging, therefore, that from being almost

an orphan in medicine 20 years ago, interest in these disorders has grown to an important place in medical thought.

For example, the American Rheumatism Association, which consisted of only a handful of physicians in 1930, has become an important medical organization.

Last year the American Rheumatism Association was host to physicians from all over the world at the International Congress of Rheumatic Diseases held in New York City. This last June the association met in San Francisco, and the members heard many important papers about arthritis.

As would be expected, this time most dealt with cortisone (compound E) and ACTH and their relation to the possible treatment of certain of the rheumatic disorders. These papers were most interesting, but as has been pointed out in these columns before, there is still a lot of work to be done before these drugs can be used for all patients with arthritis or rheumatism.

Another sign of increased interest in conquering this group of diseases was the formation a little more than a year ago of the Arthritis and Rheumatism Foundation in which a large number of public spirited citizens as well as physicians have taken an active interest.

The purposes of this organization are to obtain financial support to speed research on rheumatic diseases, to offer fellowships to promising physicians who wish to specialize in them, and to make sure that all physicians are able to keep up with the latest advances in treatment, so that their patients may share in the benefits of new knowledge.

Work Is Under Way
Already, as the result of the campaign for funds last year by this foundation, important research investigations have been supported and several fellowships have been established.

It is most gratifying to be able to report this increased activity aimed at diseases which cause so much suffering, and so much loss of time from useful work. The history of the conquest of disease is full of examples in which greater endeavor has brought success. In the case of arthritis and its relatives this history should be repeated. Success should come, but it cannot be expected overnight.

Senate Committee Secretary Is Found Dead In Columbus

COLUMBUS, OHIO.—(AP)—Authorities awaited a toxicologist's report Tuesday in the apparent suicide death of 40-year-old Isabel Smith, secretary of the Senate Foreign Relations Committee.

Miss Smith was found dead in bed in her sister's home here Monday. Police reported she left a suicide note saying she was taking her life because of the strain and pressure of her work.

Miss Smith had been on assignment from her Senate job as an attaché of the United States delegation at the United Nations. She came here by airplane Saturday for a "short visit," according to her sister, Mrs. Agnes Clancy.

Dr. Robert A. Evans, Franklin County coroner, said a small empty bottle was at the bedside. He said he believed the bottle had contained headache tablets.

The coroner said an autopsy showed negative results, and that he was withholding a verdict pending a toxicologist's report.

The sister told detectives Miss Smith had been "reticent and melancholy" during the visit.

Dear Santa-

Dear Santa:
"I have been a good girl all year. Please bring me a doll and cow-girl suit."
"Bring Vickie a doll and Joe a gun and car."
"Thank you."
—Colleen Presley

Dear Santa:
"Please bring me a cowboy suit, boots, spurs, hat, two guns and scabbard belt."
"I would also like to have a station with two cars and a tractor and some boxing gloves."
"Do you think I've been good enough that you could bring me a record player and some records? I guess you know I am six years old and going to school. I've just lost my two front teeth so I can't whistle Merry Christmas."
"Please don't forget my little niece and three little nephews, they live in Kermit and Hobbs."
"Thank you."
—Buss Ray

Dear Santa:
"I am a little boy just three but still love you and I want you to bring me a gun, ball, and carpenter tool set—for my brother and me. And don't forget all my friends."
—Tommy Johnson

Dear Santa Claus:
"I am a little boy five years old. I know my letter was early but I want it to get to you."
"I would love to have a gun tool chest and for my little brother a gun and tool chest."
"I love you very much."
—Floyd (Shorty) Johnson

Santa Claus:
"I want a walking doll. My baby Coo Doll is in the hospital."
—Jeanne Price

C. Of C. Directors Hear Report On City's Expanded Program Of Crime Prevention

The role of the businessman in furthering the enlarged crime prevention program of the Midland Police Department was discussed by Lt. Robert L. Branson, head of the department's identification bureau, at the November meeting of directors of the Chamber of Commerce Monday night in Hotel Scharbauer.

Lieutenant Branson said city officials are attempting to establish here a police department "second to none" and that with the full cooperation of all Midlanders the job will be much easier and more effective. He described the department's activities. Modern police methods are being instituted and training courses are being held regularly for new policemen, he stated. The department's recently installed crime laboratory was described by the officer.

Ladder Elimination
Branson asked merchants to eliminate ladders leading to roofs and air-conditioning units on the roofs of buildings as a means of preventing access to store buildings by burglars.

The directors endorsed the department's program and pledged wholehearted support and cooperation.

President Robert L. Wood presided at the meeting.
Boots To Bauer Sisters
Midland's famed Bauer sisters—

Alice and Marlene—who have gained world-wide acclaim as a result of their outstanding golfing feats, attended the meeting as special guests. The attractive sisters each received cowboy boots as gifts of the Chamber. Stanley M. Erskine, a C. of C. director, made the presentations.

Alice expressed appreciation for the boots and said she and Marlene are proud to be Midland citizens. They are honorary members of the Chamber of Commerce.

Directors considered an invitation extended by the Southwestern Exposition and Pat Stock Show to designate a Midland Day at the annual Fort Worth event and referred the matter to the executive committee for action.

John B. Mills, chairman of the Retailers Committee, outlined Christmas shopping season plans of his committee.

Religious Broadcast From Korea Scheduled
WITH U. S. 25th DIVISION, KOREA—(AP)—Lt. Col. Mitchell W. Phillips of El Paso, Texas, chaplain of the 25th Infantry Division, will broadcast a religious ceremony over the Time for Defense program for United States audiences on Sunday.

The broadcast from the Korean war theater was requested by the chief of chaplains in Washington. The program will originate in a forward position of the division, with frontline soldiers participating.

SMU Students Say Negroes Are Welcome
DALLAS.—(AP)—The Student Religious Council at Southern Methodist University told Dr. Umphrey Lee Monday night SMU student opinion favors admitting negroes to the school.

The council's members represent various denominational organizations on the SMU campus.
Dr. George C. Baker, sponsor of the council, said the action "was to let the administration know that if the time has come, as it has at Harvard, Yale and other schools, the students are ready for it."
Negroes have attended SMU School of Theology classes for six years but their credits are transferred to other institutions.

Stanton News
STANTON—The Stanton Rebekah Lodge 287 was to serve the Martin County 4-H Club banquet November 14. Plans were made at a recent meeting for this project.
Wayne Butcher is in a Stanton hospital with a broken leg suffered while playing football.
The Stanton P-TA was scheduled to meet at 4 p.m. Tuesday with Mrs. Dee Carter presiding.
Mrs. R. B. Cosby underwent major surgery recently in the Martin County Memorial Hospital.

The National Geographic Society says storms probably sank more Spanish treasure ships than did freebooters.
