Floods Rip California, Nevada

Nine Dead; Losses Run To Millions

Torrents of mountain-fed flood waters ripped through Northern and Central California and Western Nevada Tuesday, driving thousands of persons from their homes and doing untold amounts of property damage.

At least nine persons were dead from the floods, which started on the third day of a rampage with added force from mountain rains and melting snow.

Here is how the situation stacked up at noon Tuesday:

Freight Cut May Lower Auto Prices

WASHINGTON—(AP)—The Interstate Commerce Commission Tuesday ordered an average 12 per cent reduction in railroad freight rates on new automobiles.

Officials estimated the cut, dated to become effective February 20, will involve savings of \$10 and up for new car purchases.

The retail price of new automobiles traditionally includes the rail transportation charge from the manufacturer's headquarters factory to the home city of the purchaser, regardless of how delivery is made between these points.

Thus the revision in the basic rail rate will be reflected in the local sales tag, in amounts varying according to location and the weight of the car.

To Equalize Competition

The ICC acted on the basic rate structure in what was described as an effort toward equalizing competition among those manufacturers handling their product principally out of the factory city and those maintaining assembly plants at various points over the country.

Chrysler, Nash, Packard, Studebaker and Willys-Overland complained to the commission three years ago that the railroad rate structure tended to give a competitive advantage to General Motors and Ford because these two had established assembly plants, away from their home factories, in virtually all sections of the nation.

They asserted General Motors and Ford deliveries from the regional assembly plants of cars which included the rail transportation charge from their home factories in the Detroit area gave these companies an additional profit.

Nevada—The main section of Reno was a tumbled mass of mud, debris and torn paving after the swirling Truckee River—normally three to four feet deep at this time of year—rose 20 feet deep and three blocks wide through the center of "the biggest little city in the world."

The Truckee burst its banks with crushing force at 10:30 p.m. Monday, flooding swank hotels and gambling casinos. For hours the downtown section was under six to eight feet of water, but the flood was receding Tuesday. One death was attributed to the racing waters.

State of Emergency

California—Gov. Earl Warren declared a state of emergency over the raging floods in the Central Valley. The Yuba County sheriff's office ordered the evacuation of an estimated 3,500 residents from East Linda, near Marysville, in the face of the threat of the flooding Yuba and Bear Rivers. The muddy torrent, which already has smashed through levees in three places and inundated the towns of Hammon-ton and Marigold, continued to rise.

The American River burst its banks near Sacramento and flooded thousands of acres of suburban land, driving 1,000 people from their homes.

Eight California deaths were attributed, directly or indirectly, to the floods.

The U. S. Weather Bureau at San Francisco predicted "moderate to heavy rain" for the high Sierra Tuesday—the ninth straight day of storms.

Reno Hotels Flooded

Reno, gaudy little city of casinos and quick divorces, reeled under the impact of the flood. Muddy water raced through the business district in a stream three blocks wide, sweeping trees, benches, cars in its path.

The plush Riverside Hotel had

Public Hearing On Higher Education To Be Held December 11

AUSTIN—(AP)—The public will be given its say December 11 on the Texas Legislative Council's staff research report on higher education.

The public hearing was announced by Rep. Callan Graham, chairman of the council's Study Committee on Higher Education.

The report set out three main issues expected to be the major targets of the hearing. The issues concern coordination of higher education, problem in connection with the community college and its role in the higher education system, and problems connected with negro education.

Among questions raised by the report were whether to maintain Texas A&M and the Texas State College for Women at Denton as non-coeducational schools. The report said the trend is away from schools for men only and women only.

Acting Lt. Gov. Wardlaw Lane has appointed an advisory committee to serve with the council and its study committee in conducting the December hearing. The advisory group is composed of outstanding civic, educational business and professional leaders, a council spokesman said. Membership will not be announced until appointments have been accepted.

Patients Driven Out In Zero Weather As Fire Destroys Hospital

JUNEAU, ALASKA—(AP)—Fire destroyed the Alaska Native Service Hospital at Bethel Monday night, forcing several score evacuated patients to take temporary refuge in a nearby quonset hut.

Temperature hovered near zero. Bethel is approximately 1,000 air miles northwest of Juneau.

Huge Wade, area director for the Alaska Native Service, said he understood none of the patients was injured. One hospital employe was flown to Anchorage for treatment of injuries.

Tank-Led GI's Reach Border Of Manchuria

SEOUL—(AP)—Tank-supported U. S. infantrymen walked into deserted Hyesanjin on the Manchurian border Tuesday. Not a shot was fired.

Only the narrow, ice-coated Yalu River lay between them and Red Chinese territory. The troops—of the 17th Regimental Combat Team—were the first Americans to reach the Manchurian boundary.

U. S. war planes swooped low over the smouldering, bomb-wrecked town as weary infantrymen slogged the last two miles through snow.

The only humans around were 15 villagers, garbed in black. They stood outside the town and bowed low as the unsmiling Americans marched by.

Hyesanjin itself was deserted. Buildings that had survived the bombing were boarded up.

Commanding generals were jubilant. But the infantrymen who reached the banks of the much-talked-about Yalu River boundary were not impressed. One GI cocked an eye at the narrow stream and exclaimed:

"Well I'll be damned. So this is the Yalu. Well, how do you like that?"

Maj. Gen. Edward M. Almond, 10th Corps commander, said the feat of the 17th Combat Team "divided enemy-held territory and isolated all significant forces east of the 127th meridian east longitude."

Reds Reorganizing

Reds still held a Japanese-built network of military roads on both sides of Hyesanjin. They were reported reorganizing in the mountains and north of the border.

In the northwest, the Reds also were reorganizing building defenses.

U. S. 24th Division cavalry patrols ran into light enemy machine gun fire on the western front Tuesday. But U. S. First Cavalry patrols six miles away found no Reds north of Yongbyon.

The South Korean First Corps advanced as much as two miles with out opposition on the cavalry's right flank.

Far south of this front guerrillas attacked three villages and Fifth Air Force fighters "virtually destroyed" the Red-held hamlet of Yongpo, 55 miles south of Seoul.

The day's greatest and most spectacular feat was the conquest of Hyesanjin by the Seventh Division's 17th Regimental Combat Team. Officers said a military government

Shallow Prospector Spotted In Sterling

O. E. Schkade of Snyder has spotted location for his No. 1 Claude Collins, Jr., which will be drilled as a shallow wildcat in extreme Central-East Sterling County.

The prospector will be drilled with cable tools to 2,500 feet.

Location is 330 feet from west and 680 feet from south lines of section 29, block W, T&P survey and nine miles east of Sterling City. Operations are to commence at once.

Devonian Top Called In Glasscock Tester

R. R. Herrell No. 1 Marshall Cook, Central Glasscock County wildcat, four miles west of Garden City, and 680 feet from north and east lines of section 5, block 34, T&P survey, T-4-S, is making hole below 10,461 feet in barren Devonian lime and chert.

Tentative top of the devonian was picked at 10,815 feet, which gives it a datum of minus 7,919 feet on that marker. No shows of oil or gas have been logged since the Devonian was entered.

This wildcat has a show of possible production in the Spraberry sand and it has also encountered some slight signs of petroleum in the Pennsylvanian lime. It is contracted to 11,000 feet to explore the Ellenburger.

Salt Water Recovered In Midland Explorer

Magnolia Petroleum Company No. 1 H. F. Timmerman, 11 1/2 miles south and slightly west of the City of Midland, in Central-West Midland County ran a 60-minute drill-stem test in a faulted zone in the Ordovician at 12,955-970 feet.

Recovery was 90 feet of drilling mud, 85 feet of salt water cut mud and 25 feet of muddy salt water. There were no signs of oil or gas.

Open flowing bottom hole pressure was 120 pounds. No shut-in pressure was reported. Operator is to core deeper.

The zone covered by the test was

FLOOD WATERS COVER LARGE AREA—Aerial view of flooded farms in the Central Valley area of California near Merced. Heavy rainfall and warm weather melted the Sierra Nevada snowpack, sending torrents of flood waters into the rich valley.

USCC Calls For Reduced Spending Before Profits Tax

WASHINGTON—(AP)—The U. S. Chamber of Commerce called on Congress Tuesday to cut government spending for non-military purposes by at least \$6,000,000 before it considers taxing excess profits of corporations.

Ripping into Administration proposals for a 75 per cent tax on abnormal business profits, Ellsworth C. Alvord, chairman of the chamber's Finance Committee, declared it was impossible to devise a workable excess profits tax to produce the \$4,000,000,000 yearly asked by President Truman.

Alvord set forth the chamber's views in a statement for the House Ways and Means Committee, which is winding up hearings on the profits tax proposal which Truman says is necessary to finance the expanding defense program.

Three-Point Plan

The committee has voted on party lines not to take testimony on alternative tax proposals, but Alvord offered for the record the chamber's tax-writing ideas approved by its directors last Friday.

These embrace:

1. An overall 50 per cent corporate income tax rate, comprising a 38 per cent normal and surtax and a 12 per cent "defense emergency tax." This was estimated to produce \$2,000,000,000 yearly in new revenue.
2. Additional excise taxes to bring in another \$5,000,000,000. As possible methods, a manufacturers excise tax or a consumer sales tax were suggested.
3. No increase in individual income tax rates, but possibly lowered exemptions.

The position of the Chamber of Commerce was summarized by Alvord this way:

"As the first step in preparing to (Continued On Page Eight)

Bright Sun, South Winds Put End To Norther In Texas

Bright sunshine and southerly winds Tuesday brought an end to a short-lived norther in Texas.

A few points had minimums of freezing or below early in the day, but generally the weather was mild.

Waco in Central Texas had a low of 36 degrees—three degrees cooler than Amarillo's 39.

Junction had 27 degrees, Mineral Wells 30 and Texarkana and Salt Flat 32. The warmest minimum was 62 degrees at Brownsville, in the semi-tropical south tip of Texas.

Skies were clear except for a few wisps of high, thin clouds, and no rain was in sight for at least 36 hours.

Woman Overcome By Gas At Home

An early-morning tragedy in a Midland home was averted narrowly Tuesday as a woman was overcome by leaking gas in her bedroom.

The woman, Mrs. Oliver H. Daniels, 2312 North Main Street, later was reported recovering in Midland Memorial Hospital.

Hospital attaches said she reported that she and her husband were in bed, waiting for the house to warm when she was overcome by the gas.

The husband, himself almost overcome, became alarmed when his wife became unconscious and summoned aid.

Mrs. Daniels was given emergency treatment and kept at the hospital for observation.

Kidnaping Charges Filed Here Against 50-Year-Old Negro

A 50-year-old negro woman was charged Tuesday with the kidnaping of the three-year-old son of a neighbor.

The woman, Katy Roberts, was arrested by sheriff's officers Monday, a short time after the neighbor complained her son was being held forcibly.

The kidnaping complaint, filed with Justice of the Peace Joseph Seymour, was signed by Othell Dorn.

Sheriff's officers said the child, Robert Lee Dorn, was returned to his mother safely after being held a short time.

Senate Panel Blasts Disposal Of Plants As Top-Limb Blunder

WASHINGTON—(AP)—A Senate committee said Tuesday government officials, using less horse sense than if they were running a charity bazaar, blundered badly when they sold war-useful plants as surplus.

The Armed Services Preparedness Subcommittee headed by Senator Lyndon Johnson (D-Texas) declared also that the nation's rubber position is "far from satisfactory."

In a caustically-worded report, the committee said government agencies concerned are doing fine on their paper work but not on performance. It particularly criticized disposal of production plants which are needed in the defense program.

The 97-page report was a sequel to one issued last September 5 in which the group, set up as sort of a watchdog of the whole rearmament program, found a "Siesta psychology" in handling of surplus property and rubber programs.

Progress—On Paper

"It all becomes government officials to conduct the public business with less prudence than they would display in operating a charity bazaar," the new report said. "But that has happened."

The committee singled out the

The Stork Works While City Sleeps

While the rest of the city was sleeping the stork tolled wearily through the darkness Monday night and early Tuesday at Midland Memorial Hospital.

And when the aid bird finally called it quits at 5:24 a.m., he had set a new record for the institution.

Six times during the night—on an average of every hour, seven minutes and 20 seconds—he deposited a brand new baby in the hospital's delivery room.

Hospital attaches said the six set a new record for an eight-hour period.

Typhoon Lashes Central Philippines

MANILA—(AP)—A typhoon hit the Central Philippines Monday night, causing heavy property and crop damage. About 1,000 persons were reported homeless.

Packed with 75-mile-per-hour winds, the typhoon was heading out to sea, curling northward. Storm warnings were issued for Central and Northern Luzon and Mindoro Islands.

FLOODS DROWN 75,000 TURKEYS—More than 75,000 turkeys were drowned in the floods that followed torrential rainfall in California's Central Valley. Here, near Fresno, Calif., two of the soaked birds are washed up on the Kings River bank, along with two dead gobblers.

LATE NEWS FLASHES

WASHINGTON—(AP)—President Truman Tuesday signed an executive order to permit the appointment of outstanding business executives to "dollar-a-year" defense posts within the government.

WASHINGTON—(AP)—The National Production Authority Tuesday ordered a 70 per cent slash in civilian use of cobalt, a steel-hardening mineral described as "highly essential" in the manufacture of radio and television sets.

WASHINGTON—(AP)—The Atomic Energy Commission is embarking on a new expansion program for "certain production facilities," Senator Maybank (D-SC) disclosed Tuesday. He declined to reveal details.

WASHINGTON—(AP)—Testimony that misdated bills of lading were made out for almost 4,000,000 pounds of Japanese copper, shipped around the world to Communist China, was supplied to a Senate subcommittee Tuesday.

★ IN HOLLYWOOD ★

Far From Poor Norma Shearer Wants Another Taste Of Fame

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD — Norma Shearer, who is living in Paris, is talking about a comeback movie again. She has an offer from a company in Rome. It's not money—Irving Thalberg left her a fortune—but, as she says: "Once you've tasted fame you like it."

There's a lawsuit stewing over a comic's use of Red Skelton's ginsuizing routine on Milton Berle's TV show. Berle thanked Red for the use of the material at the conclusion of the act, but Skelton claims he wasn't consulted.

The word is out that Rita Hayworth wants another yarn like "Gilda," plus Glenn Ford as her leading man, for her first movie as Princess Aly Khan. Ann Rabe, who made her TV debut in "Hollywood Reel," likes the medium and is New York bound for a flock of guest shots. Burt Lancaster and his manager, Harold Recht, are conferring about a musical (?) as Lancaster's next film.

Danny Kaye, playing a Frenchman in "On the Riviera," put together an accent that is a little French, a little Kaye and a little double talk. Walls French star

Corinne Calvert, who is co-starring with him:

"When I start these film I have a good French accent. Now I'm getting a Danny Kaye accent. Eess awful."

Lena Horne's loss of weight from an intestinal disorder is worrying her friends. There is some doubt that her health will permit her to co-star with Bert Lahr in a Broadway musical. . . . There's a film career looking for young warbler Bob Savage, just signed by Majestic Records.

Television, by the way, is beginning to lure Hollywood studio designers with real gold dust, according to Yvonne Wood, who predicts a tug-of-war over the Edith Heads and Helen Roses.

"Camera-wise designers are going to be at a premium in TV," Yvonne, who recently married Don Dwiggins, told me.

Yvonne dipped her toes into the video waters as costume designer for Walter Wanger's 30-minute video color film, "Aladdin's Lamp." "Darned good corn," she enthuses—and is an advocate of the dramatic neckline for TV queens.

"But not the V plunged neckline," she shudders. "That's seen 'n' day."

The Hollywood lens boys who rushed over to photograph baseball star Ralph Kiner and UI starlet Jean Mills at Ciro's all got the same "No pictures, please" edict from Kiner. . . . UI will bill Italian star Marina Berti as the "Up Front" girl because she's the only feminine player in the Bill Mauldin film.

Evelyn Keyes, just back from New York, tells about a Gotham agent who whispered into her ear: "Kid, I can get you two TV shows that are sure to produce a film offer."

Plans for filming Jack Dempsey's life story are stalemated and the Manassa Mauler has returned to active duty with the Coast Guard in enlistment work. . . . Nobody at Columbia will say "Goah" if a romance develops between Elizabeth Scott and Richard Quinnes, ex-husband of Susan Peters. They met and reacted during the filming of "Two of a Kind."

Paulette Goddard and Cy Howard are about to resume the more-than-friendship whirl now that radio's golden boy has recovered from a siege of pneumonia.

Sunning himself in Las Vegas and walling about a possible operation that faces him, Cy told me: "I think it's a romance. I don't know what Paulette thinks."

The Howard snappy retort to people who ask him if he will write another "My Friend Irma" as a radio series for Paulette: "She needs the money?"

It happened at the S.R.O. opening of "Call Me Madame" in New York. A friend met Mrs. Ed Gardner in the lobby during the intermission and said: "Are you enjoying the show?" Mrs. Gardner replied: "Oh, I didn't come for the show. I just came for the intermission."

Dear Santa Claus—
Judge Alan Frazer To Address P-TA Meet Tuesday Night

I'm in the hospital now but I hope to get out by Christmas.

"Love. Remember the good nurses at Midland Memorial Hospital, also the doctor."

—Joe
(Santa is betting on you, Joe, to get out of the hospital by Christmas.)

Dear Santa Claus:
"Today I am sick in bed and so my mother is writing this letter to you."

"For Christmas, I would like you to make me a new sandbox; bring me a choo-choo train and track, with lights on it and coal in it and a toy dog."

"My little sister, Martha, would like a green bear. Bring some toys to all the other children, too."

"We saw you last year in the parade and hope to see you this year, too."

—Michael Cole
(Santa hopes you get well real quick, Michael.)

Squirrel Hunter's Bag: One Monkey

NANTY GLO, PA. —(P)— Don Thomas was a very bewildered young hunter.

The 22-year-old apprentice carpenter went squirrel hunting Monday and came back with a monkey.

Thomas said he spotted the animal in a tree top and "it just naturally looked like a squirrel. He fired and the monkey fell dead at his feet."

Game protectors advanced the theory the monkey had been roaming at large since escaping from a carnival which played near Nanty Glo last summer.

Early Freeze To Hike High Cost Of Wooling

TYLER, TEXAS —(P)— The cost of courtin'g is going up, if you woo your sweetie with roses.

Because of a hard freeze November 11, a rose industry spokesman predicted a 35 to 50 per cent rise in the retail price of roses.

J. C. Laudon, former head of the Texas Rose Festival Association, said the country's entire rose market will be affected.

There are about 250 commercial rose growers in this area, where estimates of the overall loss to the \$7,500,000 rose crop ranged as high as 70 per cent.

Midland Firms Win Advertising Awards

Two Midland retail stores — Barnes & Company and Charles A. Haynes Company—have been presented Awards of Merit by the National Shoe Fair for "outstanding achievements in planning and producing individual advertisements of campaigns for publication in daily newspapers."

The awards were won by the Midland firms in a newspaper advertising contest under the classification "individual retail ads or campaigns appearing in daily newspapers published in cities of under 25,000 population — Division C—Women's Shoe ads."

The contest-winning ads appeared in The Reporter-Telegram.

MELODY LINGERS
YORKTON, SASK. —(P)— A century-old music box set into a family photograph album has been presented to the Yorkton museum by 91-year-old B. Muir of Saltcoats.

The music box, which plays for 15 minutes when the album is opened, is in perfect working order.

Puppets operated by strings are usually called marionettes.

South Africans Fly With UN In Korea

TOKYO —(P)— South African fliers, veterans of the Middle East campaign in World War II, are in combat with United Nations forces in Korea.

A Far East Command Headquarters announcement Tuesday said the South Africans, flying P-51's, attacked their first targets Sunday.

Their fighter squadron led by Commandant S. V. B. Theren of Pretoria, has been integrated into the 6009th Tactical Support Wing.

Abundant Living

By E. STANLEY JONES

Iss. 37:3-7; 41:10, 13; 42:16
BERRY IN THE MOUTH

In Africa there is a berry which, when held in the mouth, sweetens the taste of everything the African eats. The Christian has something like that—he has the power to transform every calamity into opportunity. That power to use everything is the berry that sweetens the bitterest calamity.

Someone has spoken of "getting music out of life's remainders." Sometimes life leaves nothing on our hands but remainders. But you can gather up those remainders and make music out of them. Such a person I saw recently—a person whose face was chiseled into strength and beauty. She was stricken with infantile paralysis at 28; her husband died when she was 45. She decided she would walk, even after the doctors told her the muscles were gone. She created new muscles out of her own will and the grace of God. At 47 she took a course in stenography, typing, and secretarial work and is now doing what everybody else is doing—and more, she is doing it in a radiant, triumphant way. She is making music out of life's remainders.

"A Christian is a man who, when he gets to the end of the rope, ties a knot and hangs on." For he knows that very extremity is God's opportunity. Someone has suggested that the "silence in heaven about the space of half an hour," spoken of in Revelation, was God shifting the scenes for the next act. The silent, suffering spaces in your life may be God getting you ready for

the next great act. Hold steady; the next act will come. In the meantime, take hold of your dull drab moments and make them give forth music. Speaking of a certain person, someone suggested: "Give him a laundry list and he will set it to music."

The latent possibilities are all there in life—bring out of it what you will. The calamities that shatter some will forge you into character and achievement. For everything is grist for my mill. I will turn everything, good, bad, and indifferent, into something else. I thank Thee, Amen.

Disgruntled Filipino Leader Relieved Of Command In Korea

SEOUL —(P)— The commander of 1,200 Filipino troops who protested against the manner in which his force was being used in the Korean war has been relieved of his command, reliable sources reported Tuesday. He has been ordered to return to Manila.

The protesting leader, Col. Mariano Asurin, will be replaced by the battalion's executive officer, these sources said.

Asurin had asked that the battalion be withdrawn, charging: 1. His men were not being used as a single fighting unit.

2. They had not been supplied with adequate winter gear and the Korean winter was too cold for fighters from the tropical Philippines.

Altrusans Attend Joint Lubbock Meet

Members of the Altrusa Club attended a joint meeting of the Lubbock Club and the Delta Kappa Gamma in Lubbock Saturday night. The officers of Delta Kappa Gamma, presidents of nearby Altrusa Clubs and the district officers of Altrusa International were guests at a dinner honoring Lena Clauve, president-elect of Altrusa International.

Mrs. Grace Wallace, first vice president of the Seventh District, attended the dinner. Mrs. Ada Phillips, district chairman of International Relations, Maurine Mims, Virginia Hoffman and Nettie Johnson were guests at a dessert-coffee honoring Miss Clauve and members of Delta Kappa Gamma. Later they attended a joint meeting with Miss Clauve as principal speaker.

Plans are underway for a tri-city meeting to be held here with the Altrusa Clubs of Midland, Odessa and Big Spring as hostesses. The Lubbock, Abilene and San Angelo clubs will be guests. Bernice McKee, governor of the Seventh District, will be the guest speaker.

Those attending were Doris Hodnett, Brenda Gouchie, Billy Hodnett, Charlotte, Virginia and Margie Martin, Marquette Wells, Naomi Green, Fatsy Thompson, Shirley and Metha Faye Martin, Sharon Boyatt and Betty Bowman.

MIDLAND STUDENT NAMED SENIOR BEAUTY AT ACC

ABILENE—Billie Pig, daughter of Mr. and Mrs. W. E. Pig, Midland, has been elected one of the six senior beauties at Abilene Christian College by class members. Class beauties are runners-up for school beauties who are elected by the student body and revealed in the college annual, "The Prickly Pear."

Read The Classifieds.

Coming Events

WEDNESDAY

The Progressive Study Club will meet at 3 p.m. in the home of Mrs. A. A. Jones, 403 Holmsley Street.

The First Baptist Church Choir will practice at 8:15 p.m. in the church.

The West Elementary Homemaking Study Group will meet at 10 a.m. in the home economics department of the high school. The class will accept new members.

Pi Beta Phi will have a called meeting at 1:30 p.m. in the home of Mrs. C. E. Marsh, 1406 West Cuthbert Street.

THURSDAY

The Altrusa Club meeting originally scheduled for Thursday has been cancelled.

The First Baptist Church will have a Thanksgiving breakfast at 8 a.m. in the recreation hall.

FRIDAY

The Executive Board of the Christian Women's Fellowship of the First Christian Church will meet at 3 p.m. in the church parlor.

The First Baptist Young People's luncheon will be held at noon in the church.

The Women's Auxiliary to the Midland Memorial Hospital will meet at 10:30 a.m. in the KCRS studio.

SAURDAY

The League of Women Voters will have a breakfast at 9:30 a.m. in the Ranch House.

The Moment Musical Club will meet at 11 a.m. in the Watson Studio.

Children's Story Hours will be held at 10:30 a.m. in the Children's Room of the Midland County Library and in the library's Dunbar Branch. At Terminal, the time will be 10 a.m.

Auxiliary Meets In Parish House

Bishop Quarterman spoke to the members of the Women's Auxiliary of the Trinity Episcopal Church Monday on the church district. Mrs. William Kerr, Mrs. Dan Hudson and Mrs. C. H. Cunningham were hostesses to the group which met in the parish house.

Refreshments were served from a table centered with a cornucopia filled with fruit. Mrs. William Potts, president, poured.

Mrs. Harvey Herd presented the auxiliary with a gift of silver from the Midland Service League to show the League's appreciation for being allowed to use the parish house for meetings.

The next meeting of the auxiliary will be held at 10 a.m. Monday in the Parish House. Following the business meeting, members will work on their contributions to the Christmas Bazaar.

450 Attend Open House

Approximately 450 persons attended the open house sponsored by the Junior High Parent-Teacher Association Monday night in the school. A musical program was presented by the Girls' Choir under the direction of Dorothy Routh.

Selections on the program included "Junior High Alma Mater," "Beautiful Savior," "Story of a Tack," "Evening Song" and a solo, "God Bless America," by Turner Tabor, accompanied by Kathryn Rao.

Peggy O'Neal is the choir's student accompanist. Following the program, the parents visited the home rooms.

First Christians Meet In Circles

The Christian Woman's Fellowship of the First Christian Church met in circles Monday afternoon.

Young Matrons

"Doing the Impossible," was the general theme of the Young Matrons' Circle program. The meeting was held in the home of Mrs. E. N. Gideon, 2003 West Washington Street. Each member participated by discussing a verse from the Bible. The devotional and a Thanksgiving poem were read by Mrs. Lamar Eschberger.

Those present were Mrs. Audrey Gill, Mrs. Clyde McHam, Mrs. Hastings Pannill, Mrs. David Smith, Mrs. E. E. Martin, Mrs. W. Z. McElroy, Mrs. Clarence Symes and a guest, Mrs. Harold L. Borland. **Rijhaart**

Mrs. W. G. Ataway led the Rijhaart Circle in a round table discussion of the World Call. The circle met in the home of Mrs. C. R. Webb, 1902 West Ohio Street.

Mrs. Frank Curtis gave the devotional, "Religion in the Home." Refreshments were served to Mrs. Van Camp, Mrs. S. P. Hall, Mrs. Paul Martin, Mrs. Ed Pierce and Mrs. C. E. Chapman.

G. A. Groups Meet In Church

Group One of the Girls' Auxiliary of the First Baptist Church met Monday in the church with Mrs. Joe Wright. They made scrapbooks for the hospital.

Refreshments were served to Joyce Pearch, Beverly Burkett, Sandra Burkett and Marilyn Johnson.

Group 2 and 3

Mrs. Gilbert and Mrs. Donnell met with Groups Two and Three of the Junior GA to study "How Practicing Medical Missions is Following the Example and Command of Jesus."

Those attending were Von Dean Heairren, Laila Jo Wright, Jane Rae Neill, Harriet Yearby, Mary Louise Erskine, Glenda Henderson, Edith Nichols, Sandra Ascue, Linda Kay Murray, Kathryn Ann Taylor, Billie Donnell and Sandra White.

The Howard Bryant Royal Ambassadors were entertained by the Annie Barron Circle with a wiener roast Monday.

Those attending were Charles Conner, Johnny Walker, Bobby Morgan, Walter Dunagan, Jerry Robertson, Edwin Thacker, Larry Lee Stanley and Wayne Charles McQuaid.

WSCS Has Movie, Tea

The afternoon circles of the Women's Society of Christian Service of the First Methodist Church met Monday in the educational building.

A film on Mohammedan life, "South of the Clouds," was shown. After the meeting a tea was held.

The table was covered with a satin cloth and centered with copper candleholders and a bowl of pyracantha. Mrs. E. A. Crisman presided at the punch bowl.

B&P CLUB DINNER

The Business and Professional Women's Club will have a dinner at 7:30 p.m. Tuesday instead of 7 p.m., as previously announced. The dinner will be held in Hotel Scharbauer.

Alcoholics Anonymous Closed Meeting Tues. Night Open Meeting Sat. Night

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 21, 1950-3

All-West Texas Art Exhibit Requirements Announced

Entrance requirements have been announced by Mrs. A. M. Carpenter, exhibit director, for the fifth annual All-West Texas Art Exhibit sponsored by the Abilene Museum of

Fine Arts and the West Texas Chamber of Commerce. The exhibit is scheduled from December 4-17 inclusive.

All artists living in West Texas, except residents of Taylor County, are eligible to enter. Student work, however, will not be accepted. Persons in the Midland area who wish to enter should call Mrs. R. M. Barron at 14.

Rules

The deadline for entries is November 27. Other requirements are: (1) Each artist may submit two entries to the jury of selection and awards; (2) All work must be original; (3) The media used may be (a) oil, (b) water color, tempera, wash, (c) pastel, (d) sculpture, (e) ceramics, (f) graphic art, including etchings, lithographs, charcoal, pencil, pen and ink, etc.; (4) All work must be framed, with the exception of prints, and sent in wooden crates to the Abilene Museum of Fine Arts, in care of the West Texas Chamber of Commerce, Abilene; (5) The artist will pay the express to and from Abilene; (6) No picture with glazing tape on the glass will be hung; (7) A label must be attached to the work, giving the name of the artist, address, title of the picture and, if for sale, the price.

The items in the exhibit will be covered by insurance while in the museum, Mrs. Carpenter said.

The jury of admittance and awards consisting of artist, representing all schools of painting and two laymen will award \$250 contributed by the museum, the West Texas Chamber of Commerce and friends of art.

Midland Woman's Club Receives First Place Award

The Midland Woman's Club, Inc., was awarded first prize at the recent convention of the Texas Federation of Women's Clubs in Fort Worth for its scrapbook and press book. The award was made in statewide competition.

The books were compiled by Mrs. Zeb Wilkins.

Gen. Roger Ramey To Wed Texas Girl

FORT WORTH —(P)— Maj. Gen. Roger M. Ramey, Air Force director of plans and operations and former commanding general of the Eighth Air Force, and Miss Latane Worsham of Fort Worth will be married December 27.

Miss Worsham's father said Monday the wedding will be solemnized at Shelbyville, Texas.

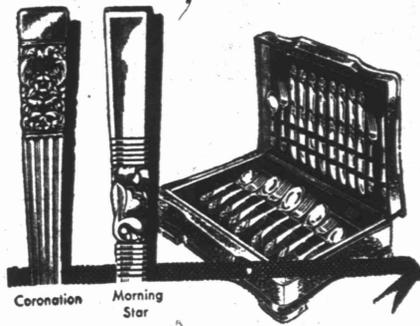

87-Year-Old Texas Woman Is Honored By UDC In Washington

WASHINGTON —(P)— Eighty-seven-year-old Mrs. J. K. Bivens planned to fly home to Longview Texas, Tuesday after being honored by the United Daughters of the Confederacy.

Mrs. Bivens was an honored luncheon guest of the Washington Division of the organization Monday. She wrote the organization's book of the year—"Echoes of the Confederacy."

Last week she flew from Longview to Richmond, Va., to attend the UDC-General Convention.

Thou madest him a little lower than the angels; thou crownest him with glory and honour, and didst set him over the works of thy hands.—Hebrews 2:7.

Senator Taft's Victory

Senator Taft's victory will be the topic of more election postmortems than any in the United States, and rightly so. It was almost a perfect laboratory test of labor's power at the polls.

Organized labor made the greatest effort in its political history to dislodge an incumbent lawmaker. As never elsewhere, it presented a united front. It spent sizable sums, ground out millions of pieces of literature, recruited large numbers from its own ranks first to help register the labor vote and then to get it to the polls, and brought top national labor men into Ohio to press the cause against Taft.

Never before was a man's record in Congress combed so exhaustively for ammunition that could be used against him. By his votes over a 12-year span, Taft was portrayed as an enemy of the worker, the farmer, the veteran and the housewife. He was called a hateful man with a heart of iron, who had no right to ask people to call him "Bob."

What happened as result of this terrific outpouring of energy?

Taft won reelection by 430,000 votes, the third highest plurality ever gained by a Senate candidate in Ohio history. His total vote was a record for a Senate nominee. He swept 84 of Ohio's 88 counties, and even carried such key labor strongholds as Cleveland, Youngstown, Akron and Dayton.

So labor failed utterly in its biggest test. But why? In simplest terms, it failed because it didn't deliver the labor vote as it wished. Jack Kroll, director of the CIO's Political Action Committee and himself an Ohioan, conceded this when he said—"they (the workers) just don't seem to have voted the way we wanted them to."

The labor managers of the anti-Taft fight overlooked many things, but none more important than the evident fact that a worker, like any other American, considers himself a free individual capable of deciding on his own how to vote. You can carry him to the polls, but you can't tell him what to do. He resents dictation, especially from people outside his own state and city.

Taft must have polled from a third to a half of labor's vote, while union men before the election were granting him only a fifth.

Furthermore, labor did not measure accurately the reaction its extreme campaign efforts would stir. Create a big fuss and you most often arouse one in the opposite camp. Just that happened—Taft's campaign was the best organized of his career. He got more money and more help, volunteer and otherwise, than ever before. It was probably the biggest Republican effort at all levels since Wendell Willkie's days.

Labor realized to some degree that this was occurring, but felt its delivery of the labor vote would offset. It perhaps understands now that whipping up a tremendous ballyhoo against a candidate isn't necessarily the way to beat him.

The nation over, this was a campaign marred by distortion and untruth. But nowhere was this more true than in Ohio—except possibly New York—and labor was the guiltiest. It twisted and warped Taft's votes out of all relations to their true meaning. It indulged in outright falsehood. It even took a quote from his father, William Howard Taft, altered it vitally, and stuck it in Taft's mouth.

Though Taft's own campaign certainly was not free of exaggeration and inaccuracy, it was by contrast direct, forthright, pointed straight at the basic issues.

Maybe labor will learn from this painful lesson, as we hope all politicians will in many quarters of the nation, that lies and misrepresentations are not ingredients for success at the polls.

Many will say labor lost largely because it backed a weak candidate, Democrat Joseph T. Ferguson. But weaker men than Joe have been elected and now are serving in the Senate, and they beat good men to get there.

You can't blame it all on Joe. The fact is he might have done better without such vociferous assistance. Strictly, this was labor's show. It would have taken credit for the victory. It certainly can't escape responsibility for defeat.

Sooner or later a lot of people discover what is meant by blood relations. They bleed you.

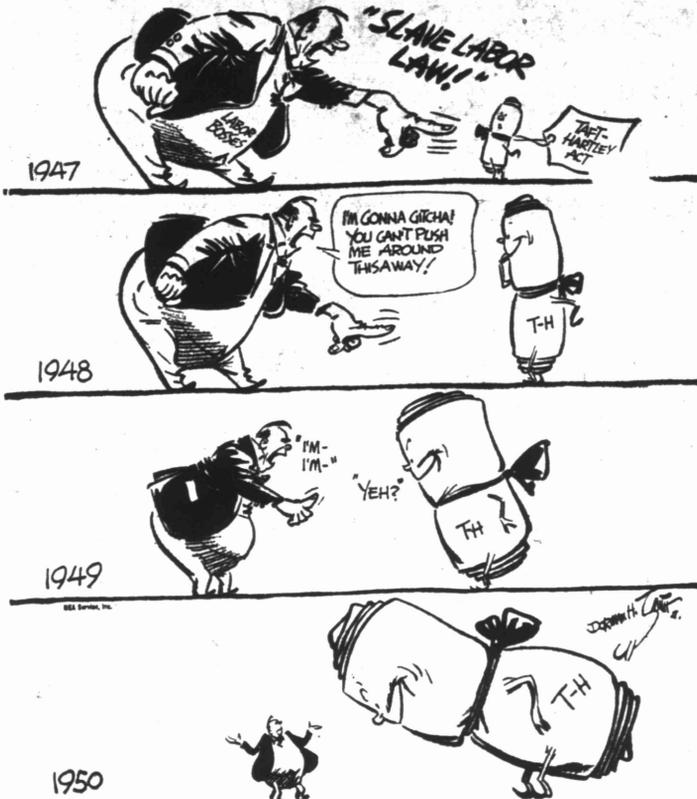

You won't be running around in circles if you take the time to study all the angles.

A man really becomes skillful when he can drive as well with the wheel in his hand as his wife can without it.

If you decide to star on the road to thinness, here's hoping you lose your weigh.

Too many people are inclined to give credit where cash is needed.

Looks Like One War Is Finished

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

Washington - Last week's... War documents seized after V-E Day have shown conclusively that about three million Russians surrendered to the German army in 1941 because of the revolt against Moscow.

Move No. 3—Bring more top newsmen and public relations experts into the new, reorganized propaganda bureau.

When George Washington appointed a propaganda bureau in the Revolutionary War, he picked the top men of the new nation—Thomas Jefferson, John Adams and Benjamin Franklin.

Move No. 4—Create in the United States a "League for a Democratic Russia." Made up of exiles, this committee could function as did the Czechoslovak committee in Pittsburgh in 1918 which led to the disruption of the Austro-Hungarian Empire and the founding of the Czechoslovak Republic.

Move No. 1—President Truman should call in the most powerful leaders of the Republican Party—Governor Dewey, Senator Taft, Governor Warren of California and Senator Duff of Pennsylvania—in an effort to chart a straightforward foreign policy for the nation.

Move No. 2—Create a government propaganda office entirely separate from the State Department.

Move No. 3—Bring more top newsmen and public relations experts into the new, reorganized propaganda bureau.

Move No. 4—Create in the United States a "League for a Democratic Russia." Made up of exiles, this committee could function as did the Czechoslovak committee in Pittsburgh in 1918 which led to the disruption of the Austro-Hungarian Empire and the founding of the Czechoslovak Republic.

Move No. 5—Create in the United States a "League for a Democratic Russia." Made up of exiles, this committee could function as did the Czechoslovak committee in Pittsburgh in 1918 which led to the disruption of the Austro-Hungarian Empire and the founding of the Czechoslovak Republic.

Move No. 6—Create in the United States a "League for a Democratic Russia." Made up of exiles, this committee could function as did the Czechoslovak committee in Pittsburgh in 1918 which led to the disruption of the Austro-Hungarian Empire and the founding of the Czechoslovak Republic.

Move No. 7—Create in the United States a "League for a Democratic Russia." Made up of exiles, this committee could function as did the Czechoslovak committee in Pittsburgh in 1918 which led to the disruption of the Austro-Hungarian Empire and the founding of the Czechoslovak Republic.

Move No. 8—Create in the United States a "League for a Democratic Russia." Made up of exiles, this committee could function as did the Czechoslovak committee in Pittsburgh in 1918 which led to the disruption of the Austro-Hungarian Empire and the founding of the Czechoslovak Republic.

Move No. 9—Create in the United States a "League for a Democratic Russia." Made up of exiles, this committee could function as did the Czechoslovak committee in Pittsburgh in 1918 which led to the disruption of the Austro-Hungarian Empire and the founding of the Czechoslovak Republic.

Move No. 17—Create in the United States a "League for a Democratic Russia." Made up of exiles, this committee could function as did the Czechoslovak committee in Pittsburgh in 1918 which led to the disruption of the Austro-Hungarian Empire and the founding of the Czechoslovak Republic.

Move No. 18—Create in the United States a "League for a Democratic Russia." Made up of exiles, this committee could function as did the Czechoslovak committee in Pittsburgh in 1918 which led to the disruption of the Austro-Hungarian Empire and the founding of the Czechoslovak Republic.

Questions and Answers

Q—What is the principle of the city government system of local government?

A—The citizens elect a city council on a nonpartisan basis. The council hires an experienced administrator as city manager. The council sets up the budget, enacts laws and determines the policies to be followed. The manager takes it from there. He appoints department heads, supervises city employees and directs the day-to-day operations of the city government.

Q—Is an individual permitted to display the United Nations flag?

A—The United Nations flag code has been liberalized so that individuals and organizations may now display the flag.

Q—What was the shortest championship fight in history?

A—Joe Louis won the shortest championship fight in history—when he knocked out Max Schmeling in 1938 after 2 minutes and 4 seconds of the first round.

Q—How does Brazil rank in area among Western Hemisphere nations?

A—Brazil ranks second in both area and population. It is second to Canada in area, second to the U. S. in population.

Q—What is the difference between an agnostic and an atheist?

A—An atheist denies the existence of God; an agnostic neither denies nor affirms.

Q—What is the difference between an agnostic and an atheist?

A—An atheist denies the existence of God; an agnostic neither denies nor affirms.

Q—What is the difference between an agnostic and an atheist?

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service

"How do we stay out of this slam?" asks a Phoenix correspondent. "North thinks that South overbid when he jumped from three clubs to four hearts. North says that three no-trump was quite enough, and that even a cue-bid of three spades would warn North that there was duplication of values."

"South thinks his jump was not an overbid inasmuch as he had passed on the previous round. If his hand had been any stronger, he would have bid instead of passing."

"South goes so far as to say that the slam should have been bid."

WEST: ♠ K3, ♥ 10982, ♦ 9875, ♣ 1082

EAST: ♠ AQ763, ♥ KQJ4, ♦ A74

SOUTH (D): ♠ AJ10, ♥ K54, ♦ A632, ♣ Q53

N-S vul. South West North East: 1 Pass 2 Pass 3 Pass 4 Pass

Opening lead—♠ K

even though it was not made. He thinks he had a good play for the slam, but was unlucky.

"West opened the king of spades, and South won with the ace. He then took the king and queen of diamonds, noting the bad break. He continued with the rest of the trumps, ending with the ace. His next step was to lead the jack of spades and discard a low club from dummy. East won and returned a spade to South's ten, dummy discarding other low club."

"Now all would have been well if the hearts had broken normally. But they didn't break, and down South went."

"Will you comment on the bidding and on the play?"

I agree with South in every detail but the way he played the hand. He was right to pass over two spades, but then he was also right to jump to four hearts in order to show that he had not opened a real "mouse-trap." Moreover, if he could see his partner's hand he would want to get to six diamonds; and if that contract could not be made, it would be hard luck and not bad bidding."

However, I think that South should have made his contract. That is, a very expert South might have brought it home. It must be admitted that it is a difficult hand to play properly and that only a very fine player should be expected to make it.

Correct play is to win the first trick with the ace of spades and then cash the king and queen of diamonds, just as declarer actually did. But, then, when the trumps fall to break, declarer must lead a low club from dummy. It's dollars to doughnuts that the king of clubs is with the spade overall, especially when that overall was on a queen-high suit.

East takes his club king and probably returns a club (as good as anything). South wins in his own hand

and should now take out insurance against a bad break in hearts. Without drawing any more trumps, he should cash the king and ace of hearts. (If West could ruff, the hand would be hopeless anyway.) When the actual heart situation is thus revealed, he takes the queen of hearts and ruffs a heart with his low trump.

Now South can lay down the ace of diamonds, enter dummy with the ace of clubs, draw the last trump with the jack of diamonds, and cash the last heart. Difficult, but it works out.

"Will you comment on the bidding and on the play?"

I agree with South in every detail but the way he played the hand. He was right to pass over two spades, but then he was also right to jump to four hearts in order to show that he had not opened a real "mouse-trap." Moreover, if he could see his partner's hand he would want to get to six diamonds; and if that contract could not be made, it would be hard luck and not bad bidding."

However, I think that South should have made his contract. That is, a very expert South might have brought it home. It must be admitted that it is a difficult hand to play properly and that only a very fine player should be expected to make it.

Lucky Guys by FRANK R. ADAMS COPR. 1950 BY NEA SERVICE, INC.

THE STORY: An infantry squad headed by Sgt. Eddie Eganstrom is in the first wave landing on a Japanese island in the Pacific war. Soon after they land, a Jap plane roars over. One of the men hears the bomb.

AFTER a few seconds the members of Eddie's squad one by one raised cautious heads.

"Must have been a dud," Jake Snyder decided, looking around carefully. Then he exclaimed suddenly. "Blow me down, boys, how in heck did we get here?"

"Where is here?" Joe College questioned, peering through the smoke—or was it smoke?

"It looks like Lakeside Beach," Jake hazarded. "Kind of a mist over things—fog, I guess."

No one thought he was talking sense and somebody told him so in plain words.

Joe College applied the final squeal. "You got Lakeside Beach on the brain—and nothin' else."

"We ain't where we was a minute ago," Jake insisted stoutly. "If we are where's the rest of Mr. MacArthur's Army? We're all alone here—nobody but just us. Where's Eddie? Eddie can tell us where we are."

Eddie did not seem to be there. "I'm here," it was Eddie's voice but it was hard to tell where it was coming from. It seemed faint and far away the same as the sounds of jungle skirmishing. Eddie was gasping—like it hurt to breathe.

Then there he was! Or there was part of him anyway. He seemed to be wrapped up in the smoke or the mist, whatever it was. He sort of flickered on and off like a defective electric light bulb. Even at best all you could make out was Eddie's face and one arm. His mouth was twisted to the side as if he was having pains in his stomach or something.

"I got hit," Eddie explained. "They took me to the emergency. Suddenly his expression changed. "What are you men doing here? Get back to your stations!" he ordered.

JUST as he spoke there was a swift, soft glow that expanded all around him for a moment accompanied by a distant muffled crash. Then the arc of light contracted and disappeared.

Eddie was still there. All of him now. The pain was gone from his face and he was grinning.

Beside him stood an Army medical officer—a captain. He was half a head shorter than Eddie and around 50 years old. He had a nice face—kind and friendly, but terribly tired.

The captain spoke. "That last one got us. The louses always fly around looking for dressing stations and hospitals. Then he smiled at Eddie. "You're lucky, young fella—it was pretty painful business picking that bomb splinter out of your belly. And even if I'd had plenty of time and help I don't believe you'd have lived anyway."

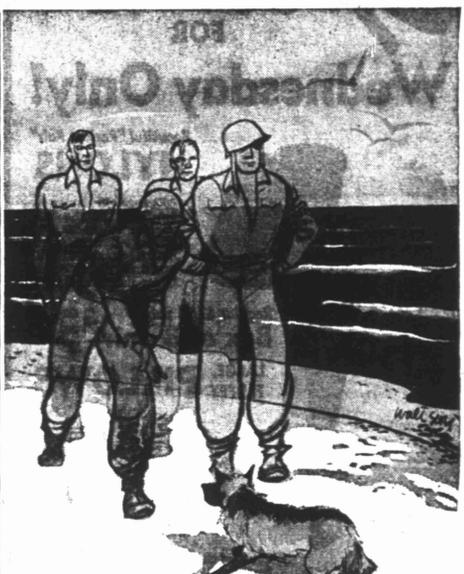

"That's mean," said Eddie slowly. "You and me both. Deader'n a couple smelts." The officer slapped Eddie across the seat of the pants with the flat of his hand—a friendly slap. "You're all right now, son. Honorably discharged." He chuckled. "None of that duration and six months to look forward to. So long."

"Wait a minute, doc," Eddie pleaded in a sudden panic. "I might need you."

"Never no more, son. But if you should think you'd like to be at the hospital over in town."

"Where's that? What town?"

"Westwaygo. It's your own town. You know where the hospital is, don't you? I'm on the staff—or was before the war. Naturally I've got to go back and see how things are just the way

"If a live dog can see and hear us, I think the doc must have been wrong about us being casualties."

you'll want to find out what's going on at the place you used to work, wherever that was. That's how we happened to land here when we were blown up. It's where we all wanted to be."

"No, sir," persisted Joe doggedly. "There ain't any reason why I should have landed here no matter how high I got blown up."

"Yes there is," argued Jake Snyder. "Don't you remember? Just before it happened we was talkin' about Lakeview Beach bein' heaven and you said, 'That I would have to see.' Well, you wanted to see it and here you are."

"One thing bothers me, captain," Eddie said. "What are all those buildings to the north of us where the sheds of the Westwaygo Boat Company used to be?"

"That's all the boatworks as everybody in town calls it," the captain explained. "They expanded it to make small craft for the Navy. I think that happened after the National Guard outfit were mustered in. I didn't leave till considerably later. They used to build PT boats—turned out one every hour on the hour. I believe they're making landing barges now. Lots of people working there—some of your old friends, I expect. You must look through it while you're here."

"Would they let us?" asked Jake. "I don't think anybody could stop you." The captain laughed. "So long, boys."

THE medical officer's chuckle still hung in the air after he had vanished. It didn't seem so very strange that he should disappear that way. It must be that they were getting used to the idea of existence on a trick basis.

Then, from the road which was parallel to the shore came an excited shepherd dog. He ran right up to the group of men, barking all the way, but just a few feet away he stopped and growled uncertainly.

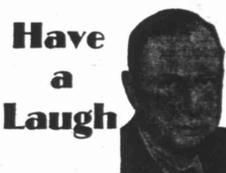

"Look, Carlo," said Eddie, "that's my dog, Duke."

"Darned if it ain't!"

"Come here, Duke."

The dog, half-frightened but obedient, crawled to Eddie.

"It's all right, fella. It's me—Eddie."

Have a Laugh

By BOYCE HOUSE

During the depression, a panhandler whined, "Mister, will you give me a dime for a cup of coffee?" The man accosted said, "But coffee is only a nickel." The panhandler drew himself up and said, "Tryin' to tell me how to run my business, huh?"

A new minister in the town got a haircut and tendered the barber 80 cents, which was the charge for a haircut. But the barber said, "No, sir, I'll just take it out in preaching." The minister replied, "I don't have any 80-cent sermons." The barber said, "That's all right; I'll hear you twice."

A new minister in the town got a haircut and tendered the barber 80 cents, which was the charge for a haircut. But the barber said, "No, sir, I'll just take it out in preaching." The minister replied, "I don't have any 80-cent sermons." The barber said, "That's all right; I'll hear you twice."

What's RIGHT? Friends invite you and your wife to a football game with them, explaining that they have two extra tickets. WRONG: Insist on paying for the tickets. RIGHT: Invite them to dinner after the game or do something later to repay them instead of arguing about paying for the tickets.

Noble Grands Give Supper For Rebekahs

A surprise Thanksgiving supper was given Monday night by the past noble grands for the members of the Rebekah Lodge. The meeting was held in the Odd Fellows Hall.

Nominations were made for officers to be elected December 4. Those nominated are Thelma Joby, noble grand; Mary E. White, vice grand; Bertha Reben, secretary, and Hilda Henshaw, treasurer. Nominations will be continued at the next meeting.

The meeting was opened by Barbara Johnson. Guests were Tennie Anderson of Rebekah Lodge 73 in Pecos, M. J. Koen, Harvey Coleman, Lon J. Roberts and Charlie Styron.

Members present were Mary Roberts, Rosa Dunn, Mabel Biggs, Joyce Carrell, Irma Lee Friday, Mary Mayfield, Etta May Friday, Gertrude Wallace, Lorene Robinson, Annie Collier, Rhoda Webb, Dora Friday, Millie Styron, Leota Johnson, Ora Riley, Elizabeth Wilson, Patsy Sperl, Nellie Coleman, Madie Booth and Eric Cecil.

SOCIETY

Asbury Methodist Church Circles Discuss Missions

The Women's Society of Christian Service of the Asbury Methodist Church met Monday in circles.

The Builders Circle met at 3 p.m. in the home of Mrs. Woody Allen. Mrs. Jess Hooper gave the devotional. Mrs. Hooper was in charge of the program and discussed, "In Christ There Is No East or West," "Methodist Missions in North Africa," "In the Near Future" and "One Thing Needful" from the supplementary text.

The project for the year will be visiting shut-ins.

Others attending were Mrs. J. B. Stewart, Mrs. Harrison Bikelley, Mrs. G. W. Damon, Mrs. J. S. Grimes and Estelle King.

The Willing Workers Circle met at 6:30 p.m. in the home of Mrs.

Bride-Elect Is Shower Honoree

Jeanne Casey was the honoree at a miscellaneous shower Monday in the home of Mrs. Delmar Aday, 717 West Louisiana Street. Mrs. Doyce Elliott and Mrs. C. L. Brady were co-hostesses.

The honoree is the bride-elect of Larry King. The couple will be married at 8 a.m. Sunday in the First Baptist Church. The Rev. Vernon Yearby, pastor, will officiate.

A blue and gold color scheme, the bride's chosen colors, were carried out. An arrangement of gold mums and blue cornflowers decorated the mantel. The dining table was covered with a lace cloth over blue. The base of the centerpiece for the table was three white hearts with a small cupid doll in the center of each. Two wedding bells hung over the head of each figurine. Blue candles in crystal holders completed the table decorations.

Blue candles in crystal holders were placed on the buffet. Crystal appointments were used.

Miss Casey wore an iridescent pink and gray satin two-piece dress and a white mums corsage.

The hostesses wore corsages of gold mums tied in blue ribbon and Mrs. Clyde King, mother of the bridegroom-elect, wore a gold and blue mums corsage tied in gold ribbon.

Guests were given blue match folders with "It's A Match, Larry and Jean" inscribed in gold lettering.

The guest list included Mr. and Mrs. William Keith Ward, Mr. and Mrs. William Aiken, Doyce Elliott, Dr. C. L. Brady, Juanita Anderson, Bud Lindsey, Estell King, Mrs. Bess Moseley, Mr. and Mrs. W. E. King, Mr. and Mrs. J. J. DeBarrie, Mr. and Mrs. J. P. Marchall, Mr. and Mrs. H. M. Shade, Mr. and Mrs. Frank Monroe.

Mr. and Mrs. Bill Collins, Mr. and Mrs. Stanley Erskine, Mr. and Mrs. O. P. Wallington, Mrs. W. M. Moseley, Mr. and Mrs. F. J. Wallington, Mr. and Mrs. James N. Allison, Mr. and Mrs. Ray Gwyn, Freddie and Betty Stultz, Mr. and Mrs. T. A. Cole, Wally Jackson, Mr. and Mrs. J. D. Livingston of Seminole, Mr. and Mrs. James Adamson.

Mr. and Mrs. Horace Busby, Mrs. Margaret Dishroon, Mr. and Mrs. Jack Mashburn, Mr. and Mrs. Thurmon L. Jones, Mr. and Mrs. Audrey Gill, Mr. and Mrs. F. D. Rutledge, Mr. and Mrs. Sam Irving, Mr. and Mrs. Merwin Ratcliff, Mr. and Mrs. J. M. McDonald, Jimmy McQueen and Mr. and Mrs. Delbert Downing.

Silver Spur Has New Members

Mr. and Mrs. P. V. Hitt and Mr. and Mrs. Wilmont Hunt were hosts to the Silver Spur Square Dance Club at its Monday meeting in the Midland Officers Club. Mrs. E. W. Halfast called for the dancing.

New members of the organization are Mr. and Mrs. Dean Corley. Guests were Mr. and Mrs. H. G. Bedford, Jr., Mr. and Mrs. Jim Cherry, Mr. and Mrs. B. M. Croty and Mr. and Mrs. Bob Rood.

Members present were Mr. and Mrs. James Blackwood, Mr. and Mrs. Martin Deuth, Mr. and Mrs. Lamar Eschberger, Mr. and Mrs. G. N. Donovan, Mr. and Mrs. Steve Laminaok, Mr. and Mrs. Don McKibbin, Mr. and Mrs. Warren Skaggs and Mr. and Mrs. T. L. Stall.

Need For Controls By Spring Predicted

WASHINGTON — (AP) — Senator Ives (R-NY) predicted Tuesday wage-price controls will be needed by Spring.

"At the rate things are going," he told reporters, "we are going to have to have them by Spring, anyway. Otherwise, prices are going right through the roof."

Congress, before adjourning in September, gave President Truman broad powers to invoke wage and price controls, on selected items or generally. However, he must control wages and prices simultaneously.

New Yorker Blames Truman For Lack Of Cooperation By GOP

WASHINGTON — (AP) — Senator Ives (R-NY) said Tuesday President Truman will have to take Republicans into his confidence if he wants their backing on foreign policy.

Blaming the President for a breakdown in bipartisan cooperation, Ives told reporters the Republicans have not been consulted in the past on the formation of many major decisions.

"I am a strong advocate of the bipartisan foreign policy but we are never going to have any effective cooperation until Republican spokesmen are consulted in the formation of policies," he said.

"Where the bipartisan policy has fallen down, it has not been the Republicans' fault. Basically, it has been the President's fault and there must be a change in attitude on his part."

Vandenberg Backer

Ives, a strong backer of Senator Vandenberg (R-Mich) in the latter's role as GOP foreign policy spokesman, added his voice to those who have been urging that Secretary of State Acheson be replaced. The President has said Acheson is staying and Acheson said he had no plans to resign.

"As one of those who supported and voted for Mr. Acheson's confirmation, I have been extremely disappointed in his actions as secretary of State," Ives said.

He said he was not questioning Acheson's integrity but believed the secretary had made mistakes of judgment.

He joined Senator Taft (R-Ohio) in urging a re-examination of Administration international policies.

Dwarf type fruit trees, as a rule, produce just as well as their regular size counterparts.

STUDEBAKER AUTOMATIC DRIVE... EXTRA COST... EXTRA WONDERFUL... AVAILABLE IN ALL MODELS.

Mrs. Laura Norris, 1325 A South 6th St., St. Louis, Mo., says doing the family washing and housework is no longer a chore. She says she can do her work in a breeze now. She thanks wonderful HADACOL for her feeling of well being. She had deficiencies of Vitamins B1, B2, Niacin, and Iron, which HADACOL contains.

Here is Mrs. Norris' exact statement: "It was such a long time since I was feeling 'OK.' Couldn't sleep either—just roll and toss all night. I couldn't hardly do my housework—and I was always cross and irritable. One day I heard about how other folks were being helped by HADACOL. I tried HADACOL, and after the 2nd bottle I began to feel better. I sleep like a top—in fact, I feel wonderful, thanks to marvelous HADACOL."

Yes, HADACOL is Marvellous in the way it has helped thousands of folks whose systems were deficient in Vitamins B1, B2, Iron, and Niacin. HADACOL can help you, too, if you have such deficiencies if you will just give HADACOL a chance. If you are suffering from certain nervous disturbances, insomnia when due to an upset stomach, or a general rundown condition, caused by such deficiencies, let HADACOL help you as it has helped others all over the country.

HADACOL is not a quick-acting product which gives only symptomatic relief—HADACOL is so successful because it relieves the real cause of stomach disturbances and a general rundown condition when caused by deficiencies of Vitamin B1, B2, Iron, and Niacin. So, if you're troubled this way, don't keep on putting off relieving the real cause of your trouble. Remarkable improvements are often noticed within a short time.

Get That Wonderful HADACOL Feeling

Go right now, to or telephone, your nearest drugstore for HADACOL. Start taking it today. Trial size bottle costs only \$1.25. Large family or hospital size, \$3.50. Refuse substitutes. There is only the one true and genuine HADACOL which everyone is talking about.

DADDY RINGTAIL

Daddy Ringtail And Night And Day

"Ta-rum te tum! Ta-rum te tum! Ta-rum te tum! Ta-rum te tum!" The noise was the noise of a drum. The noise was coming from Mugwump's room.

"Oh, Mugwump!" Daddy Ringtail called out. "Please don't drum on your drum!"

The night was late and late indeed, and everyone there at the monkey house had gone to bed. Why, Mugwump should not be drumming drum music. He was supposed to be going to sleep. Daddy Ringtail hurried in to Mugwump's room to see about him. Mugwump was sitting up in bed. "Daddy Ringtail," said he, "I'm thirsty."

"Oh, but Mugwump," said Daddy Ringtail, "you were thirsty only a minute ago, and then I got you a drink of water."

"Sure," said Mugwump. He hadn't forgotten.

"And now you want a drink a-

gain," said Daddy Ringtail. "But I'm thirsty again," said Mugwump explained, and so Daddy Ringtail got him another glass of water. Daddy Ringtail sat down on the edge of the bed to watch while Mugwump drank it. Mugwump said a "thank you very much," and he did drink it.

"If I get thirsty again," said Mugwump, "I'll drum my drum for you to come."

Daddy Ringtail smiled to hear the words, but he shook his head in the way that meant for Mugwump not to be wanting a drink again until

By WESLEY DAVIS

morning had come.

"Why?" asked Mugwump. "Because," Daddy Ringtail explained, "you shouldn't drink so much water at night."

"Why?" Mugwump asked again. "Because," said Daddy Ringtail, "the night is made for sleeping."

"And the daytime is made for drinking water?"

"And the daytime is made for drinking water," Daddy Ringtail agreed. Besides, Mugwump would never grow up to be big and strong if he drank water all night when he ought to be sleeping. And so Mugwump said he wouldn't ask for water again until morning, and he didn't, and he said he would go to sleep, and he did. Yes, and boys are a lot of trouble sometimes, but it's awfully nice to have one, and also a girl. Happy day!

PETER EDSON'S Washington News Notebook

Politicians Usually Spend More On Campaigns Than Positions Pay

WASHINGTON (NEA)—Investigation of alleged campaign expense irregularities will lag until December 7. This is the deadline, 30 days after election, by which time all candidates for national office must file final statements of campaign expenditures with Senate and House clerks. Many statements filed thus far cover only the period between primaries and October 20 and are obviously incomplete. Personal expenses report (\$870) of Taft's opponent, Joe Ferguson, is obviously preliminary. This does not include state and local campaign committee expenditures. Taft, whose personal expenses totaled \$1,529, reported his final campaign expenses as \$232,088.80.

Illinois senatorial race reports of \$55,000 for defeated Democrat Scott Lucas and \$51,000 for winning Republican Everett Dirksen may come closer to telling the full story. But the great riddle is always why or how candidates for \$15,000-a-year job can afford to spend three or four times that amount just to get elected.

States in which specific probes already have been asked include New York, Pennsylvania, Iowa and Kansas. Subject of campaign expendi-

tures is always hot just before election. But by 30 days after election, when final reports are in, most of the steam has died down. It's only once in a blue moon—as in the old Newberry scandals in Michigan—that a campaign expenditures investigating committee digs up enough dirt to kick anyone out of office.

Guided Missiles Program
There has been rigid tightening of security on all information about guided missiles. Several new missiles which, recently have been described in detail in magazines, with pictures, now are classified top secret. Manufacturers have been forbidden to mention them by name.

This action coincides with speed-up in missile development and re-amping of the secret weapon program by K. T. Keller, Chrysler Corporation board chairman. Keller has wrapped his office in a tight security blanket at the Pentagon. He won't talk about his program with anyone who isn't a government official or a manufacturer connected with missile production.

Curbs On Basic Materials
National Production Authority's new order cutting back aluminum for civilians to 85 per cent of first six months' use may be just the first of a series of such limitation orders. NPA soon will order controls on copper, nickel and zinc. Under close scrutiny is the supply situation on cobalt, tungsten, cadmium and manganese. In short, all materials for which U. S. depends largely on imports are being watched closely. This would include principally copper and tin, to a lesser extent lead and zinc.

New Style UNRRA
New Korean recovery program begins to look like an UNRRA type operation. It may meet opposition in Congress for just that reason. Top agency will be UNCURE—United Nations Commission for the Unification and Rehabilitation of Korea. It will have representatives of seven nations as members. They will constitute policy makers and board of directors. Secretary will be Constantin Stavropoulos, a Greek.

Operating agency which does the work will be UNKRA—United Nations Korean Reconstruction Agency. It will be headed by an agent general, Col. Alfred G. Katzin of South Africa, who has just left Lake Success for Korea. He will have to

make a survey of requirements, get supplies moving, disperse them and report to UN General Assembly.

He will have a five-man advisory committee, one from each of the five nations that contribute the most money. U. S. officials want the reconstruction job in Korea done under the name of the United Nations, even though the old UNRRA did have its faults. UNRRA's biggest trouble came from Communist dissipation of aid for political propaganda purposes. Comites won't have a hand in UNKRA operations.

Navy Secretary Left in Hurry
Before Navy Secretary Francis Matthews left for his extended tour of the Pacific, he invited several newspaper men to accompany him. For some unexplained reason, however, the secretary took off in a great rush, leaving the expectant newspaper men behind. Even most of the high Navy brass was not informed on the boss' departure.

GI Education Benefits
On July 25, 1951, all vets of World War II who haven't started GI training will lose further education rights. The deadline automatically will disqualify veterans called to active duty, if they had not previously enrolled in some training course. To avoid this cut-off, Veterans' Administration attorneys are advising men on active duty to start some night school course in any town near their camps. This takes advantage of loophole in GI Bill of Rights which permits vets to continue courses after the deadline, if they had started courses but been forced to stop them for reasons beyond their control.

Gray Finances Own Junket
Before the Korean war, the White House had agreed to send Veterans' Administrator Carl R. Gray, Jr. to Europe. His assignment was to study European railroads. During World War II, General Gray was director of military transport. When Korea happened, Gray was told he couldn't go. But apparently he had his mind set on the visit, so he took off for a private junket, which he is paying for.

General Gray has been gone since October 3, but is expected back soon. While he has been away, the VA work load has increased. The Citizens' Committee for the Hoover reorganization report has had VA under constant fire, accusing it of gross inefficiency and in need of a complete reorganization. Since taking the veterans' post, General Gray has been away from his desk a great deal of the time, touring the country to visit VA installations and study their problems at first hand. He lets his staff do the paper work and red-tape administration.

Steel Still Is Problem
The steel situation still is indefinite because size of military program requirements is unknown. Rumors that only five to 10 per cent of steel capacity would be required for arms production are not confirmed by National Production Authority Administrator William H. Harrison. He points out that requirements for steel alloys may run 20 to 25 per cent of available supply. Grandiose talk of expanding U. S. steel capacity is considered premature by Commerce Secretary Charles Sawyer unless attention is first given to expanding supplies of manganese, iron ore and ore-carrying capacity.

Men, Dogs, Plane Seek Elusive Beast In City 'Safari'

DES MOINES (AP)—Law enforcement officers, dogs and an airplane went on a "safari" Tuesday to hunt down an elusive black beast that is giving Northwest Des Moines the jitters.

Several people have reported seeing the animal in the last several weeks, and from their descriptions officials said it could be a black panther. Tracks measuring about four inches across have been found.

Kenneth Sonderleiter, who operates a zoo, warned people to beware. He said panthers sometimes attack people "just for the sport of it." Deputy Sheriff Max Van Rees warned residents of the area to use caution when they are out of doors. The latest encounter with the animal was reported Monday by T. L. (Mike) Lester. He said his dog—a 115-pound Tennessee boar-hunting hound—fought with the beast while Lester was coon hunting.

Lester said he approached within 30 feet before scaring the animal away. He described it as "a black, shiny animal with a long tail." He added that it was "larger than the dog."

The dog is four feet long and 28 inches high. Though badly clawed, the dog will recover, Lester said.

Medical Men Get Draft Examinations

DALLAS (AP)—Eleven more doctors, dentists and veterinarians were to be given draft physicals here Tuesday and 17 additional medical men will be examined Wednesday. Monday eight were examined—three from McKinney, one from Temple, one from Jacksonville and three from Dallas.

No induction date has been set for those examined Monday, Capt. J. W. Bowman of the Love Field Induction Center has announced.

GI's Reach—

(Continued From One.)
would arrive in a few days and organize a free election.
At Minimum Cost
Maj. Gen. David Barr, commander of the Seventh Division, expressed thanks "we got here with a minimum cost in lives and equipment."
The infantrymen arrived in clear weather, and the comparatively warm temperature of 20 above. They had made a heroic march through 8,000-foot mountains, made possible by engineering feats "which would have done credit to Paul Bunyan."
A 10th Corps spokesman said the 18th Engineer Combat Battalion and the 18th Engineer Combat Team winched vehicles across streams the Reds thought were impassable, built 14 bridges, and bulldozed airstrips from earth frozen so hard the blades would rip off only an inch or two of soil at a time.

Eleven tanks and rolling anti-aircraft batteries were in the column that covered the final two miles. They rolled into the town at 9:45 a.m.

Winter Worst Enemy
Col. Herbert B. Powell, commanding the 17th, said Red Manchuria was within easy artillery range, but his guns would not fire across the river "unless they fire at us first."

Beyond the northernmost tip of Korea, in the Tumen area of Manchuria, North Korean units were reported to be reorganizing and recruiting to slip back again into Korea.

General MacArthur's intelligence officers in Tokyo expressed more concern over reorganization of Red defenses along the northwest front.

A spokesman predicted this line probably would have to be attacked frontally.

Intelligence officers predicted UN armies would have greater trouble coping with the Korean Winter. Temperatures drop to 20 degrees below zero and lower. Impassable snowdrifts pile up. Under such conditions, it would be impossible to rout the Reds out of wild mountain heights.

CHILD IS ADMITTED

Barbara Rohmann, three-year-old daughter of Mr. and Mrs. H. G. Rohmann, 206 East Pennsylvania Street, was admitted to Midland Memorial Hospital Tuesday for surgery.

Scouts To Collect Coat Hangers Here

Midland's Boy Scouts, Cub Scouts and Explorer Scouts will conduct a house-to-house campaign in quest of discarded coat hangers, beginning Monday, November 27.

Midland cleaning establishments have agreed to purchase the hangers from the Scouts in order to enable them to complete payments for a Statue of Liberty replica which has been erected on the courthouse lawn.

H. D. Williams, activity chairman for the El Centro District, will head the planning and assignments of districts for each troop to cover. The entire city and Terminal will be canvassed by the Scouts. The campaign will be conducted between November 27 and December 2. All householders are urged to check their closets for extra hangers to be given the Scouts.

USCC—

(Continued From One.)
finance the military program, the Administration and Congress should reduce non-military expenditures by at least \$6,000,000,000. The Administration and Congress should guard zealously against waste, whether in the military or the non-military.

Tax Upon Capital
"The taxation of paper profits resulting from inflation is a tax upon capital and must be avoided."

"A federal tax in excess of 50 per cent upon the normal profits of corporations cannot be justified, and a 50 per cent rate can be carried for only a limited time. There is no necessity for, and no justification of, an excess profits tax applicable to any portion of 1950 or 1951."

Alford said an excess profits tax discourages growth and business expansion, discourages competition and lower prices, and falls to give industry the "elbow room" it needs.

GREATER YIELD

Luther Burbank's potato discoveries increased the yield from less than 200 bushels an acre to almost 500 bushels an acre in some parts of the United States.

The Mississippi - Missouri river system is approximately 3,988 miles long.

Floods Rip—

(Continued From One.)
five feet of water on its main floor. The ultra-swank Mapes Hotel basement flooded to the ceiling. A six-foot wall of water was kept out of the lobby by sand bags. Merchants reported thousands of dollars of damage to Christmas merchandise stored in flooded basements.

United Air Lines schedules a special plane to evacuate stranded travelers, but canceled it because only two wanted out.

Both main highways to California, 40 and 50, were washed out in places across the Sierra. They were blocked by slides in others.

Washouts between Reno and Truckee, Calif. disrupted transcontinental rail traffic through the divorce capital. Eastbound trains were held at Truckee and Westward. Westbound trains were held at Sparks, Nev.

However, Southern Pacific Railway crews expected to restore wash-out roadbed Tuesday afternoon. Guardsmen Called Out

The Nevada National Guard was called out in arms to prevent looting and keep residents from danger zones.

All of the city's eight bridges across the Truckee were completely under water.

Two big sewer mains over the river on the east side of Reno were broken.

An unidentified man died of a heart attack as he attempted to save stock from the basement of a Reno department store. Another unidentified man, who jumped into the flood waters in an apparent suicide attempt, turned up alive several hundred yards downstream.

The biggest threat in California was in the Sutter-Yuba County area. Dikes along the flooding Bear River broke, sending streams of water into the towns of Hammon-ton and Marigold.

Sheriff's officers reported a number of Hammon-ton residents had huddled in the upper stories of an office building there. They were in no immediate danger.

Scores Stranded
In the Marigold district, scores of persons were stranded on gold-tagging piles along the river. They were reported to be safe. No casualties were reported in the Hammon-ton-Marigold area.

The current was too strong for boats to maintain rescue operations. At Sacramento, the American River spilled over levees late Monday night, chasing some 700 residents from homes along the river.

Gov. Earl Warren alerted California National Guardsmen as the river lapped higher and higher.

The Weather Bureau warned hundreds of residents in the Sacramento area that the rolled river might go to 45 1/2 feet. The all-time high is 44.03 feet recorded Sunday.

At Visalia, the Kaweah river ate hungrily at sandbag barricades as Army engineers and civilian volunteers worked in desperation to stem the river's inroads on flood dikes.

The town of Three Rivers, on the Kaweah above Visalia, reported heavy rain increasing the tons of water in the already gorged river channel.

Damage Exceeds \$12,000,000
Army engineers in San Francisco estimated California flood damage would exceed \$12,000,000.

Estimates by areas include: Kern River, \$2,000,000; Tule River, \$2,000,000; Kings River, \$2,500,000; Tulare Lake, \$500,000; Kaweah River, \$2,000,000; and the American River area, \$800,000.

Ranchers and livestock producers reported heavy losses, including 75,000 to 100,000 turkeys ready for market.

Corn and feed losses of \$125,000 were reported by one rancher in the Bakersfield area. He said workers were building cofferdams around a 15,000 tract planted in cotton.

The \$200,000 Kern River State Fish Hatchery was completely washed out.

Yosemite National Park still was isolated by rockslides and washouts that closed all highways entering the valley.

Senate—

(Continued From One.)
Munitions Board, Commerce Department, General Services Administration (GSA) and Air Force for specific criticism. In a general indictment of these four and others, it said:

"Progress in paper work—of which there has been considerable—is no substitute for progress in performance—of which there has not been enough. Paper-work preparedness is only flimsy protection against the threat we face."

Public relations spokesmen for the Air Force, Munitions Board, General Services Administration and the National Production Authority (NPA) of the Commerce Department said these agencies had no comment on the report. The NPA representative said his agency had not received a copy of the report.

Don Emery To Leave Position With Phillips

NEW YORK —(P)—Resignation of Don Emery as a member of the executive committee, vice president and general counsel of Phillips Petroleum Company was announced Tuesday, effective December 31.

A joint announcement by Emery and the company said he will enter private law practice in Oklahoma City, Okla., but will continue to serve as a member of the Phillips board and as a director of American Independent Oil Company.

Emery has been a director and officer of Phillips Petroleum since Jan. 1, 1938.

Elected vice president and general counsel to succeed Emery, effective January 1, is Rayburn L. Foster, assistant general counsel.

+ Jacoby On Canasta +

By OSWALD JACOBY
Written for NEA Service

Mr. Herbert Taylor of New York city writes as follows: "As an interested reader of your column, I would appreciate very much if you will explain the best play in a hand of canasta described as follows and why:

"In a four-hander game both sides need 120 points. I melded two jokers and two eights for our 120. The following player from the pack and the player thereafter continued with great caution, many low cards, both remaining jokers and several deuces being discarded safely.

"No one took the discard pile to a point where there were only 20 cards left and the only meld was my 120 points. After drawing from the stock my partner held four aces, three queens, three jacks and two kings. None of the cards of these denominations had been discarded. My partner for the question. What card should he choose at his discard and why?"

Taylor's interesting question is particularly hard for me to answer because I doubt if I would ever get myself into the position that Mr. Taylor's partner got himself into. I will discuss that feature of the hand in my next article.

However, we are in the situation and we do have to discard. So, I want a lot more information from Mr. Taylor. There are 20 cards in the stock, seven cards in Mr. Taylor's hand and 22 cards in the opponents hand or a total of 49 cards that can't be accounted for.

Four of these are aces, six are kings and ten are queens and jacks which makes up 20 of this 49.

Let us assume that 16 of them are the ten and nines. That still leaves 13 cards. I would like to know exactly how many wild cards are left; how many threes, both black and red, have not appeared; what the eight spot situation is and if there is a chance that someone is still holding one of the small pair.

Then I want to know exactly

UN Officers Predict Korean War Will Extend Into Spring

ON THE NORTHEAST FRONT, KOREA—(P)—United Nations intelligence officers predict the Korean war will continue well into next Spring.

Wild, inaccessible mountains, head-high snow drifts and temperatures 20 degrees and more below zero will delay the UN victory, they fear.

They consider enemy resistance a secondary factor. They do not believe the North Korean and Chinese Communists can build a Winter line which could hold—if UN forces could bludgeon it with full strength.

But sub-zero temperature will cut combat efficiency. Most of the UN Army's resources will be absorbed in just keeping men alive and in the line.

Any Winter cleanup offensive in an area where the terrain and poor roads would give the Communists all the advantages virtually is out of the question, these sources say.

Three Expectations
This is what qualified intelligence sources expect the deep Winter to bring:

First—Increasing bad feeling between North Korean and Chinese Communists.

The Koreans and Chinese never have been on particularly good terms in Asia. Recently-captured North Korean prisoners bitterly complain they are thrown into the frontlines while the Chinese remain in the rear.

This bad feeling—similar to that between Italians and Germans in the last war—is expected to grow. Second—A buildup of organized guerrilla activity to harass UN forces both at the front and rear.

Most guerrilla activity so far has been by bypassed North Korean units.

Third—Sub-zero weather is expected to hurt the ill-equipped enemy more than the UN forces. By Spring, cold weather casualties may have reduced the Communists' fighting power sharply.

Optimists Hear Talk By Watson

Developments in the oil industry as evidenced in the growth of Midland were outlined by James C. Watson, oil editor of The Reporter-Telegram in an address before the Optimist Club Tuesday noon in Hotel Scharbauer.

Watson pointed out that the Permian Basin is the only spot in the world now where new oil reserves are being found in appreciable quantities.

He said that 1950 will see a new record in the Permian Basin empire completions, discoveries and production.

Barrels Shipped
Watson added that a million barrels of oil are being sent out of the Permian Basin daily, compared to 240,000 seven years ago.

W. P. Z. German, Jr., introduced the speaker. V. H. (Pete) Van Horn, president, presided.

The club voted to enter a float in the JayCee Santa Claus parade. Guests were Charles Shaw, Henry Wilkinson and Fred Peyton.

Harold Borland reported on a recent trip to Boys Ranch.

TEACHERS HELPED

ORANGEVILLE, ONT. —(P)—Teachers helped build Orangeville's \$350,000 high school to be officially opened on Jan. 1. Principal H. Cline and four teachers worked as laborers, bricklayers and electricians to help out during a shortage of labor.

Mass Rites Held For Five Victims Of Shooting Orgy

VINELAND, N. J. — (AP) — A mass funeral service was to be held Tuesday for the five victims slain by a 26-year-old appliance salesman in a mad shooting spree.

The five were relatives of Mrs. Ingento, 23, now hospitalized with wounds inflicted by her estranged husband, Ernest, last Friday night. Three others also were wounded.

Requiem high mass was to be sung Tuesday in Our Lady of Victory Catholic Church at nearby Landville with interment in two adjoining plots in the church's cemetery.

Shot and killed by Ingento, a war veteran, were his wife's grandmother, Mrs. Teresa Ploppi, 67; her mother, Mrs. Pearl Mazzoli, 44; her father, Michael Mazzoli, 50; her uncle, John Ploppi, 47, and her aunt, Mrs. Marlon Ploppi, 28.

AFL Unions Agree To Temporary Order In Brown & Root Case

HOUSTON — (AP) — Union officials ended the long Brown & Root, Inc., injunction suit hearing Monday by offering to accept a temporary injunction.

The company sought an injunction against picketing of construction projects.

Paul Sparks, executive secretary of the Texas Federation of Labor, an AFL affiliate, made the union's offer before Master in Chancery E. L. Bauknight.

He said the unions had decided on the action because of "terrific" court costs involved in the long hearing. He said the action does not concede defeat on the part of the unions.

Attorneys for the union and company were to meet Wednesday in Austin to prepare necessary papers on the temporary order.

★ THE DOCTOR SAYS ★

Adolescence Brings Problems For Boys As Well As Girls

By EDWIN F. JORDAN, M. D.
Written for NEA Service

Adolescence in boys comes somewhat later than in girls, lasts somewhat longer and carries with it different problems.

It is a normal state of life and a normal stage of development. The medical problems and difficult behavior which sometimes accompany it are almost always outgrown.

Parents frequently are too much concerned over the outward signs of normal growth and development. Many of these are extremely annoying to grown-ups but unless accompanied by distinctly abnormal behavior they do not last forever and are merely things to pass off without too much worry.

In most cases of normal adolescence, it is the parents, rather than the boy, who really need attention.

The adolescent boy, roughly between 13 and 18, is halfway between a little boy and a man and feels himself neither one nor the other.

Sexual instincts arise at this time and should be discussed early and frankly with parents or physician. Accompanying these new sensations and awareness of the world are problems with which every boy has to wrestle to greater or lesser degree.

The adolescent boy has neither the experience nor the maturity to solve many of his new problems satisfactorily and the result often is shown in erratic and peculiar behavior, especially at home. At this time, as much if not perhaps more than any other, a boy needs the sympathy and understanding of his parents and of adult companionship.

By this I do not mean to the exclusion of companionship of his own age because that would not be normal during adolescence. Erratic behavior, however, should be taken in stride and not too much made of

occasional lapses from conventional manners. Such lapses, providing the home life has previously been satisfactory, will disappear with maturity.

Firm, Reasonable Hand

A firm hand within reasonable limits is still in order during adolescence. There is no sharp dividing line between adolescence and maturity.

The normal boy should be allowed increasing freedom year by year rather than held by too tight a rein for several years and then put entirely on his own. This, I believe, helps to develop the independence and stable nervous system which all parents should want for their sons.

In this column I am not discussing abnormal adolescence. Truly abnormal behavior is properly the subject for direct action after discussion between parents, school authorities, and physicians.

Let us give thanks!

Dear Lord, how can we thank Thee half enough
For all Thy gifts to us this fruitful year!
For spring's bright promise gloriously fulfilled
This harvest-time; for these that are more dear
Than bread assured: all the sweet joys of life—
Home, work, love, friends—that gild the passing days;
And children's laughter on the evening air—
For all, dear Lord, we give Thee grateful praise.

But most of all, O God, we thank Thee for
Our cherished heritage of freedom. Here
Where men walk safely, surely; speak and pray
As each one wills, and freely, without fear,
Lord make us strong to hold and spread this boon!
From our abundance help the weak to raise
Their hearts and come to share our brotherhood,
And join with us in songs of thanks and praise!

Breckenridge At Cleburne Is Top Schoolboy Scrap

By The Associated Press
District championships go on the line in virtually every area of the Class AA division of Texas schoolboy football this week.

All except two or three districts will have determined their representatives in the state playoff by Friday. The others will be decided next week to pave the way for the opening of the bi-district round.

Thirty games are scheduled with only two districts idle. Those districts have finished the schedule. They are District 10, where Conroe is champion, and District 12, where Baytown is king.

Texarkana has won the District 9 championship but has a game this week, playing its traditional rival, Texarkana, Ark.

Feature game of the state is that which pits Breckenridge against Cleburne at Cleburne Friday. It is the only contest matching undefeated, untied teams. The District 6 championship will be in the balance.

A top intersectional test also is scheduled. Port Arthur plays Pine Bluff, Ark., at Port Arthur Thursday.

Games that will determine district titles without further question (in other cases district ties can result through upsets) are:

District 5—Ablene vs. San Angelo.
District 14—Austin vs. Kerrville.
District 15—Laredo vs. Alice.

Schedule By Districts
The week's schedule by districts (conference games except where indicated otherwise):

- 1—Thursday: Plainview at Pampa, Amarillo at Borger.
- 2—Thursday: Wichita Falls at Vernon, Childress at Quanah.
- 3—Thursday: Midland at Lamesa, Odessa at Lubbock.
- 4—Thursday: Jefferson (El Paso) vs. Bowie (El Paso); Saturday: Austin (El Paso) vs. El Paso High.
- 5—Thursday: Abilene at San Angelo, Sweetwater at Brownwood.
- 6—Friday: Stephenville at Graham, Weatherford at Mineral Wells, Breckenridge at Cleburne.
- 7—Thursday: Paris at Greenville, Sherman at Denison.
- 8—Thursday: Highland Park (Dallas) at McKinney.
- 9—Thursday: Texarkana, Texas vs. Texarkana, Ark. (non-conference), Gladewater at Longview, Tyler at Marshall.
- 10—Schedule finished.
- 11—Thursday: South Park (Beaumont) vs. Beaumont, Pine Bluff, Ark., at Port Arthur (non-conference); Friday: Port Neches at Orange.
- 12—Schedule finished.
- 13—Friday: Temple at Waco, Waxahachie at Hillsboro, Ennis at Corsicana.
- 14—Friday: Austin at Kerrville, Ray (Corpus Christi) vs. Miller (Corpus Christi).
- 15—Friday: Laredo at Alice.
- 16—Friday: San Benito at McAllen, Brownsville at Harlingen.

Penn State's night football defeat at Syracuse this season marked the first setback under the lights in five tries for State.

STOPPING TRAFFIC—Tackles don't always follow the style preferred by coaches. Maryland end Elmer Wingate used a chinlock to stop North Carolina State's Alex Webster. Charley Drazenovich of the professional Washington Redskins pulled down the New York Giants' quarterback, Travis Tidwell, from behind with an armlock. Texas A. and M.'s Gary Anderson went in for the more orthodox approach halting Baylor's Jim Jeffrey. California's Don Robinson threw Oregon State's Bill Sheffield out-of-bounds with wrist and headlock.

Sports King's Row

By LARRY KING

10—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 21, 1950

Senior Bulldogs Want Final Game

The Midland Bulldogs churned through a tough workout Monday, setting up an aerial defense against the expected tosses of Lamesa Quarterback Jerry Millsaps. The Bulldog team raced through lengthy drills and seemed to be in a fine frame of mind. Other than a few bumps and bruises, the Bulldogs are in fine shape physically.

It will be the last roundup Thursday for 18 Midland Bulldog seniors. The boys have turned in the best season Midland has known since 1940. The 18 boys who will be pulling on their jerseys for the last time in regular season play and maybe for all time are: Center and Co-Captain Jimmy O'Neal, Halfback and Co-Captain Jack Burris, Tackle Bob Wood, Tackle Fred Underwood, End Graham Hackey, End Duane Bush, Tackle Guy Vanderpool, Guard Glenn Baker, Guard Jerry Culp, Guard Bob Burks, End W. H. Black, Back Robert Melton, Back L. C. Thomas, End Billy Medart, Back Charles Crowley, Tackle David Laverty, Back Bill Grissett and Back Reed Gilmore.

The Bulldogs want to beat the Tornados. The seniors want to take their last one and the team wants to stay in the running for the 3-AA championship—but Lamesa is in the running for the title, and has some seniors, too.

The Tornados have featured a slick passing attack with good downfield blocking and some fine scampers by Halfback Johnny Montgomery thus far in the season. Ray Taylor, large right end of the Tornados, punts back to do the Lamesa punting—and he has boomed them more than 60 yards on several occasions. Lamesa has given up only 10 points in two district games and has scored 33. Midland has given up 68 in three games, but has piled up 104 tackles.

Coaches Tugboat Jones, Audrey Gill and Red Rutledge said the Bulldogs would have a rugged workout Tuesday afternoon, and taper off Wednesday. The Bulldogs have been handicapped by time this week, having only from Monday to Thursday to work. Lamesa was idle last week and has been preparing for the Bulldogs with much vigor.

A bronze plaque has been placed on the campus in memory of William Nelson (Pop) Golden, Penn State's first football coach.

Christmas Seal Bookmarks Being Distributed Here

All residents who take books from the Midland County Library between now and Christmas will find green-and-white "Christmas bookmarks" inserted in each book they borrow, officials announced Tuesday.

The bookmarks will call to the reader's attention the current 1950 Christmas Seal Sale, conducted by the Midland County Tuberculosis Association to obtain funds for the association's 1951 program. The seal sale opened Monday and ends December 25.

Featured on the bookmark is a little girl sitting under a huge Christmas tree reading one of her new story books. Written under the tree is the reminder, "Christmas Seals are symbols of health." The bookmarks need not be returned. Bookmarks also will be distributed from libraries in the city's elementary and high schools, in book stores, and in banks.

The Taj Mahal at Agra, India, was built by Shah Jehan as a tomb for his wife.

What they are saying:
Marvin Veal, Lamesa Reporter—"The (Lamesa) Tornado team has the elements to halt the Midland 'powerhouse' and then some. It will be a story of not letting down for one moment in the Lamesa lineup, either on offense or defense. The Lamesans can beat Midland if they make up their minds to do it. It's amazing what sheer will power can do."
Tommy Hart, Big Spring Herald—"There's no reason why Big Spring can't have the best backfield in the district next year, with Armistead, Franklin, Hayworth and Gross returning..."
Phil Collier, Fort Worth Star-Telegram—"Should Odessa defeat Lubbock by a lop-sided score, it may come roaring down the stretch of the schoolboy playoffs..."

—KR—
The Lamesa Tornados will be hungry for revenge when they meet the husky Midland Bulldogs at 2:30 p.m. Thursday in Lamesa. Midland last season 34 to 20 when Lamesa was favored to win.

Now most quarters expect Midland to win and the Tornados want to turn the tables on the Bulldogs. Midland leads in the series with the Tornados, having won five, lost three and tied two in previous games. Some of the contests have been very close. Others haven't been contested so hotly.

The Bulldogs piled up the biggest score in the series in 1944, walloping the Tornados 53-13. That was one point more than Midland had beaten them previously. Lamesa's biggest margin over Midland is an 18-7 win stacked away in 1941. The series by year:

- 1940: Midland 6, Lamesa 6 (tie).
- 1941: Midland 7, Lamesa 18.
- 1942: Midland 13, Lamesa 7.
- 1943: Midland 51, Lamesa 13.
- 1944: Midland 52, Lamesa 13.
- 1945: Midland 6, Lamesa 6 (tie).
- 1946: Midland 8, Lamesa 13.
- 1947: Midland 12, Lamesa 7.
- 1948: Midland 0, Lamesa 7.
- 1949: Midland 34, Lamesa 20.

—KR—
Like to know how John Reagan beat Lamar 6-0 last week in the Houston high school football race? It was the upset of the year in Texas schoolboy circles.

Well, here's the story that comes from Houston way:
The John Reagan team dedicated the game to James Knoll, who is feared missing in action in Korea. Knoll was supposed to be the regular center for Reagan this year but the Marines took him before the season started.

—KR—
DOTS AND DASHES: N. W. Purcell, fire chief at Coleman, planted himself in line for tickets to the Ranger-Coleman Class 'A' bi-district championship game, 19 and one-half hours before the sale opened... The only way to get his place would be to start a fire, he said... Texas never has lost a bowl game... The Longhorns have triumphed in the Cotton Bowl two times and played one tie. In 1943, Texas beat Georgia Tech in the Cotton Bowl 14-7. In 1944, Texas and Randolph Field fought to a 7-7 draw; and in 1946, Texas won over Missouri 40-27... Texas licked Alabama 27-7 in the 1948 Sugar Bowl, and bested Georgia 41-28 in the 1949 Orange Bowl game... Commies charge Joe Louis with being a "gangster of imperialist sport who uses his sporting glory to make propaganda in favor of war"...

Like to see Ole Joe go a few rounds with Uncle Joe... Lyford High School is laying claim to the top schoolboy scorer of the year, Joe Studebaker, halfback, has tallied 172 points in the regular season schedule of nine encounters... Jerry Hall of Palestine chalked up 154 points... And Rick Spinks of Kermit was right in that neighborhood in point production... Trip the Tornados... The End of the Row!

Texas College Grid Schedule Is Light

By The Associated Press
Texas senior colleges play only 10 football games this week with just 16 of the 30 schools in action.

Undeclared, untied Abilene Christian College—the last team in the state with such a record—plays Howard Payne at Abilene Thursday to end the season.

The week's college schedule:
Wednesday—Austin College vs. Texas A&I at Sherman (night).
Thursday—Abilene Christian College vs. Howard Payne at Abilene.
Friday—University of Houston vs. Midwestern at Houston (night).
North Texas State vs. Fresno State at Fresno, Calif. (night).
Saturday—Baylor vs. Southern Methodist at Dallas, Rice vs. Texas Christian at Houston, East Texas Baptist vs. Northwest State at Natchitoches, La. (night), West Texas State vs. University of Corpus Christi at Corpus Christi (night), Texas Tech vs. New Mexico at Lubbock, Texas Western vs. West Virginia at El Paso (night).

—KR—
But he had written Reagan teammates, telling about running into a Lamar boy in his Marine outfit. "I bet him that Reagan would win, and darn it, you guys had better," said Knoll in his last letter.

The Reagan players didn't even let the coach in on it but they solemnly pledged that they would win for Knoll. They did—and Knoll's closest friend, Billy Box, was the boy who scored the touchdown.

—KR—
Odessa has jumped from tenth to spot number three in the Texas schoolboy football rankings. The Bronchos advanced by virtue of a 64-0 romp against weak Big Spring.

Midland, last week number fifteen, advanced to fourteen after knocking off Lubbock, ranked eleventh. The Westerners toppled to 15. The top 20:

1. Port Arthur
2. Baytown
3. Odessa
4. Kerrville
5. Breckenridge
6. Austin
7. Pampa
8. Texarkana
9. Highland Park
10. Temple
11. Corsicana
12. Abilene
13. Wichita Falls
14. Midland
15. Lubbock
16. Galena Park
17. Cleburne
18. San Angelo
19. Conroe
20. Sherman

—KR—
The Washington Post and the Dallas News both said these two teams had been chosen. The Houston Chronicle said they had been invited.

Other signs that the choice had been narrowed to those two elevens—each winner of six games this season—were:

1. The Maryland Athletic Council scheduled a meeting at College Park Tuesday. Sponsors of the contest were reported to have talked Monday with Dr. H. C. Byrd, university president.

2. Barlow Irvin, Texas Aggies' athletic director, left College Station late Monday for Washington. Head Coach Harry Stittler mentioned "a process of negotiation" when asked if his Aggies would play.

3. Unofficial but authoritative sources said players of both squads had voted Monday in favor of playing.

Officials who formally will name the contestants were understood to have called a meeting for Tuesday afternoon.

Oklahoma Climbs To First Place In National Grid Poll

NEW YORK (AP)—The University of Oklahoma, knocking on the front door in The Associated Press football poll all season, finally got into the living room Tuesday as the nation's No. 1 team.

Now the question is: Can the rampaging Sooners of Coach Bud Wilkinson retain that lofty perch until the end of this unpredictable season, and become the first member of the Big Seven Conference to cop this mythical football crown? Oklahoma was voted the No. 2 team last year when Notre Dame ended the season as the No. 1 club.

Unlike recent years, when a mighty Notre Dame, Michigan or Army team led the poll week after week through the long fall, Oklahoma is the fifth outfit to hold the No. 1 spot this season.

Oklahoma, which blasted Missouri last week 41-7, to run its unbeaten string to 29 straight, replaced Ohio State. The Buckeyes, who lost to Illinois, fell from first to eighth place.

Far Ahead Of Army
In seven previous polls this Fall, Oklahoma was voted third four times at the nation's sportswriters and sportscoasters put the finger on other teams. The Sooners were rated No. 2 twice, and No. 5 in the first poll October 2.

Wilkinson was almost speechless when advised his team had been voted No. 1 with a total of 2,964 points. This was 526 better than Army.

Oklahoma polled 173 first place votes, compared with 36 for Army, and 55 for Kentucky, which moved into third for the first time this year. Army, winner over Stanford in the rain and mud 7-0, received 4,338 points and Kentucky, which walloped helpless North Dakota 83-0, got 2,346. Kentucky was fifth a week ago.

California, with 20 first place votes, held its fourth place rating for the second week in a row with 2,188 points. The Golden Bears also overcame San Francisco in the mud 13-7.

Texas Is Fifth
Texas moved from sixth to fifth, as the Longhorns trimmed Texas Christian 21-7, while Illinois, eighth a week ago, advanced to sixth by defeating Ohio State 14-7.

Princeton hung on to seventh place, lashing Yale 47-12. In ninth and tenth places are Tennessee and Michigan State, which held the same ranking last week.

Army rests now until the Navy game December 2. Kentucky gets the acid test against Tennessee. California tackles Stanford, Illinois plays Northwestern, Princeton plays Dartmouth, Ohio State meets Michigan. These games are Saturday. Texas plays Texas A&M November 30, and Vanderbilt December 2. Michigan State's schedule is complete.

Southern Methodist, with 109 points but no first place votes, ranked No. 15 in the nation. No other Southwest Conference team was listed.

Syracuse University's 1949 eleven set an Orange mark when it gained 1,300 yards via the passing route.

Booster Club To Have Fem Guests

The wives of the Booster Club members and the mothers of the Midland footballers will be guests at the Booster Club meeting Tuesday night. The meeting is at 8 p.m. in the junior high school cafeteria.

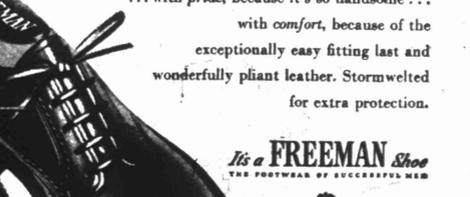

Films of the Midland-Lubbock game will be screened with comment by Coach Thurmon L. (Tugboat) Jones. Scouts will report on Lamesa, and a business discussion will follow after refreshments have been served.

Booster President Russell Cotton urges all Booster members to attend the meeting.

BLAKE DUNCAN CO.

The place, a street in London. The time, the afternoon of Christmas Eve, 1843. The prevailing greeting, "Merry Christmas!"

But there was no sound of "Merry Christmas" at Scrooge and Marley's Counting House.

Although the firm kept the old name, Jacob Marley had been dead seven years this day. The surviving partner, Ebenezer Scrooge, had a heart unsullied by the milk of human kindness.

Cotton
NEW YORK —(AP)— Tuesday noon cotton prices were 95 cents to \$1.30 a bale lower than the previous close. December 43.75, March 43.20 and May 42.69.

Dietitians say adults can profitably consume a pint of milk a day.

Personal To Women With Nagging Backache
As you get older, stress and strain, over-exercising, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Nation's Crude Oil Production Slumps

TULSA, OKLA. —(AP)— The U. S. daily average crude oil production during the week ended November 18 was 5,817,050 barrels. The Oil and Gas Journal reported Tuesday, a slump of 17,775 barrels from an adjusted total for the previous week. The drop, The Journal said, was due to ample petroleum stocks and cuts in states' allowances. Texas, top producing state, had the biggest loss, down 25,235 barrels to 2,535,200 barrels. Other declines included Louisiana, down 3,450 to 582,100, and Arkansas, 1,500 to 81,300. A record gain was marked by Oklahoma, up 1,660 to 493,900.

WTCC Board Adopts Tentative Budget Of \$101,800 For 1951

ABILENE —(AP)— A tentative budget of \$101,800 for next year has been adopted by the West Texas Chamber of Commerce's Executive Board. B. P. Bludworth of Brownwood, WTCC president, announced after a closed meeting Monday the executive group: Approved the addition of two staff workers and the use of services of technical consultants. Approved the appointment of J. S. Bridwell of Wichita Falls and Jerry Debenport of Odessa as directors at large. Adopted in tentative form "a vigorous program of work covering projects and services at regional and local community levels for next year."

Adopted a resolution commending the services of D. A. Bandeen, for more than 21 years general manager; designated Bandeen manager emeritus, and adopted a retirement plan for him providing compensation of \$300 monthly as of Oct. 1, 1950, for a period not exceeding three years. Departmentalized Operations Bandeen was succeeded recently by Fred S. Husbands. Bludworth said the tentative program provides for departmentalized operations, including industrial, agricultural, publicity and tourist programs; taxation and legislative services; water programs, membership, community services, public relations, traffic, transportation and other phases of regional work. The program is to be submitted to the entire WTCC board and to local affiliated chambers for sug-

gestions, additions, and criticisms. Names and duties of the additional staff members are to be announced later. The Mineral Wells convention recommended the WTCC employ a full-time conservation specialist and also a full-time industrial technician. Present at the meeting Monday were Bludworth; E. L. Buelow of San Angelo; Frank S. Roberts of Breckenridge; Roy S. Bourland of Pampa; Charnell Jobs of Lamesa; Henry Teubel of Tulsa; Frank H. Kelley of Colorado City; Debenport; Percy B. Ralls of Ralls, Husband; H. E. Nix, WTCC assistant manager, and Raymond Lee Johns, manager of the Plainview branch office. ADMITTED FOR SURGERY Mrs. J. T. Willis, 1608 West Louisiana Street, was admitted to Western Clinic-Hospital Monday for surgery.

A LESSON IN FAITH—Despite severe war damage to his church, a Korean Methodist minister holds regular services in the roofless building at Wonsan, Korea. With the church's furniture completely destroyed, worshippers must stand throughout service. (U. S. Navy photo from NEA-Aasne.)

Nation's Production Nears Truman Goal Of \$300,000,000,000

WASHINGTON —(AP)— The nation's total output of goods and services is within about five percent of a goal President Truman once set for 1955. And it's growing fast. An annual rate of \$284,300,000,000 was attained during the third quarter of this year after a \$14,000,000,000 upsurge from the preceding quarter, the Commerce Department reported Monday. Last January, President Truman spoke of a prosperity goal of a \$300,000,000 gross national product "within five years." Gross national product is a term economists use to sum up the output of all goods and services. The \$284,300,000,000 rate of the July-September period may not be as close to the President's goal as it seems at first glance, however. Truman specified he meant \$300,000,000 worth of goods and services measured by the prices prevailing last January. The gross national product has spurred \$30,500,000,000 since then, but a big part of the dollar-volume gain can be attributed to price increases. The Commerce Department said the swelling output was brought about largely by record consumer spending. Consumers went on a spree in 1950's third quarter, tossing their money across the counter at a rate of \$198,400,000,000 a year. Consumer spending shot up \$13,200,000,000 between the second and third quarters, the greatest jump ever registered in so short a period. But the department said price increases accounted for one-third of the consumer spending advance.

Chamber Directors Consider Oil Field Highway Proposals

Proposals concerning the paving of roads leading into the Pegasus oil field of Southwest Midland County and Northwest Upton County were to be considered by directors of the Midland Chamber of Commerce at 4 p.m. Tuesday in Hotel Scharbauer.

The Chamber's Highway Committee was to meet at 3 p.m. in the First National Bank to draft recommendations to be submitted to directors for their consideration.

Ector County officials Monday met with the Midland County Commissioners Court and proposed to finance the paving of a road from State Highway 51, south of Odessa, into the Pegasus and Peck fields. The project would include about nine miles of paving in Midland County, and would cost approximately \$140,000.

McCamey Meeting
A delegation of Midland road enthusiasts met with representatives of McCamey, Crane and Rankin Monday afternoon in McCamey to discuss the proposed program as it affects Midland, Crane and Upton Counties. Attending the conference from Midland were John P. Butler, chairman of the C. of C. Highway Committee; Chamber Manager Delbert Downing, County Judge C. C. Keith and Commissioners Warren Skaggs and Sherwood O'Neal.

Findings of the Chamber directors at their Tuesday afternoon meeting will be submitted to the Commissioners Court as recommendations. Butler said.

City To Add Four Garbage Trucks

Four new garbage trucks will be added to the city's collection department in late December or early January, allowing the city to begin twice weekly collections of garbage. City Manager W. H. Oswalt has announced. The city also will begin weekly trash pickups.

Oswalt said the new vehicles will cost approximately \$15,000 and the labor increase will amount to approximately \$3,100 per month. The funds are provided in the current budget.

The labor costs are based on estimates of eliminating oversized garbage cans so the collection crews may do their work up to 40 per cent faster. The city is requesting all Midlanders to replace their oversized cans with standard garbage cans with covers. Standard cans have a capacity of 32 gallons or less. The use of smaller cans also will minimize the possibility of injury to city employees, Oswalt said.

Child Breaks Neck In Fall From Horse

CLARKSVILLE, TEXAS — (P) — Funeral services were to be held at nearby English, Texas, Tuesday for an eight-year-old school girl who was killed in a fall from a horse. Evelyn Mae Williams, daughter of Mr. and Mrs. Raymond Williams, fell from the horse enroute to school. She suffered a broken neck.

Permian Basin Oil And Gas Log—

(Continued From One.)
southwest quarter of section 18, block U, T&P survey.
It is seven miles south of Aspermont. Projected destination is 6,400 feet, which is calculated to take it into the Ellenburger.
Drilling on both prospectors is to start at once.

Midland Prospector Drilling After DST

Ralph Lowe No. 1 J. E. Hill, Central Midland County wildcat, five miles southwest of the City of Midland, tried a drillstem test in the Pennsylvanian lime at 10,574-782 feet.

The tool was open 45 minutes. There was a weak blow of air for a part of the period. Recovery was 780 feet of gas cut drilling mud. There were no shows of oil or of formation water.

The test was classed as unsatisfactory as the chart showed that the tool opened four times while it was being run into the hole.

Operator is drilling deeper. Another drillstem test probably will be run Wednesday morning.

This wildcat is six miles northeast of the first producer in the Parks-Ellenburger field. It is located 860 feet from east lines of section 30, block 39, T&P survey, #T-2-S.

It has already shown as a discovery from the Dean sand and also from the Wolfcamp lime, both in the lower Permian.

No Oil Is Developed In C-W Midland DST

Magnolia Petroleum Company No. 1 H. S. Collins, Central-West Midland County wildcat, 11 miles southwest of the City of Midland, ran a 30 minute drillstem test in the Ellenburger at 12,993-13,008 feet.

When the tester was pulled out it was found to have become open while it was being run in the hole.

Recovery was 1,650 feet of drilling mud, with no shows of oil, gas or water. Open flowing bottom hole pressure was 880 pounds. No shut-in pressure was reported.

The prospector is to core to 15 feet deeper and then it probably will run another drillstem test.

It is 660 feet from south and 898 feet from east lines of the southwest quarter of section 7, Matt Daugherty survey, SF 4169.

That makes it one location north of the opener of the Parks-Ellenburger field. The project has already shown for flowing oil and some salt water since it entered the Ellenburger.

It is also assured of production in the Wolfcamp and in the Pennsylvanian.

NE Lynn Explorer Develops Salt Water

Placid Oil Company No. 1 Holland, Northeast Lynn County wildcat, 330 feet from north and east lines of section 13, block J, GW&TP survey, ran a drillstem test in the Strawn lime of the Pennsylvanian at 8,812-85 feet.

The tool was open three hours. Recovery was 310 feet of salt water with no shows of oil or gas.

Top of the lime was called at 8,810 feet. No elevation has been reported.

This is a shallow dry hole drilled to 4,107 feet by W. E. Dunigan of Midland, which was taken over by Placid, under a contract to deepen to 9,500 feet or production at a lesser depth.

It is presumed that the project will continue drilling until that contract is completed.

SW Stonewall Test Slated For Potential

Seaboard Oil Company of Delaware is preparing to complete its No. 1 W. F. Edwards, Southwest Stonewall County wildcat, and put it on production as a commercial oil well and the opener of a new Pennsylvanian lime field.

This project bottomed at 5,376 feet. The zone at 5,338-78 feet was drilled stem tested for three hours. Gas surfaced in 45 minutes. No fluid came to the top while the tool was open.

Recovery was 990 feet of pipe line oil and 338 feet of salt water. Operator will plug off the water and complete from open hole between the bottom of the oil string which is cemented at 5,218 feet and 5,338 feet. That will give the discovery 120 feet of pay in the open hole.

The section from which the well will be completed had swabbed at the rate of 10 barrels of clean oil per hour naturally. Two acid treatments did not increase the petroleum yield.

Location is 680 feet from south and east lines of section 318, block 2, H&TC survey. That makes the new producer 15 miles southwest of Aspermont and 12 miles north or Rotan.

Wildcat Locations Spotted In Stonewall

Locations for two new wildcats have been reported for Stonewall County.

Harper & Turner, and associates of Oklahoma City, No. 1 Martin is to be 1,980 feet from north and east lines of section 138, block 1, H&TC survey.

That makes it nine miles northeast of Hamlin. It is projected to 6,150 feet, which should take it through the Pennsylvanian and possibly into the Ellenburger.

P. Kirk Johnson of Fort Worth and associates No. 1 Leon Anderson is to be 990 feet from east and 477 feet from south lines of the

More Pay Found In NW Lea Exploration

Drillpipe was being laid down after a drillstem test of the Pennsylvanian from 9,030 to 9,060 feet, which developed additional flowing production in Amerada Petroleum Corporation No. 2 Caudle, one and one-half mile northwest extension to the Bagley - Hightower - Pennsylvanian field of Northwest Lea County, New Mexico.

Open four hours and 29 minutes, gas was at the surface in two minutes, gauging 1,993,265 cubic feet daily. Oil followed in 29 minutes.

Production by hours was 4.14 barrels of oil, two per cent mud; 8.28 barrels, one per cent mud; 5.52 barrels, one and two-tenths per cent mud, and 2.76 barrels, one and two-tenths per cent mud.

Previously, a four-hour drillstem test from 8,914 to 9,006 feet showed gas in 32 minutes, rated a 55,960 cubic feet daily. Recovery was 720 feet of gas-cut mud.

Four-hour test from 9,005-9,030 feet showed gas in four minutes, rated at 262,000 cubic feet daily.

Recovery was 10 feet of drilling mud and 525 feet of 48.2-gravity oil. Gas-distillate production was indicated on a test from 8,565 to 8,717 feet.

Exact location is 660 feet from north and west lines of section 3-12s-33e.

Strawn Discovery Is Indicated In E-C King

In East-Central King County, midway between the Bateman-Strawn field and the Ross-Bend field, Humble Oil & Refining Company No. 69 Bateman Trust Estate has indicated as a discovery from the Strawn lime.

That formation was tested for 22 minutes from 5,305 to 5,324 feet.

Recovery was 332 feet of free oil and 170 feet of muddy oil.

Casing was cemented at 5,312 feet for a completion attempt.

The indicator is 12 miles east of Guthrie in section 133, block A, John B. Rector survey.

Crane Tubb Stepout Develops Petroleum

George P. Livermore, Inc., No. 1 Evans Jones, one location east of the Clear Fork discovery of the Tucker multipay field of Southwest Crane County, showed gas at the surface in 17 minutes on a drillstem test of the lower Clear Fork from 4,098 to 4,170 feet.

Recovery was 1,600 feet of oil and 230 feet of water. The tester was open for four hours.

Flowing pressure ranged from zero to 650 pounds and shut-in pressure was 1,575 pounds in 15 minutes.

Location is 440 feet from north- and southwest lines of section 12, block 3, H&TC survey and 20 miles west of the town of Crane.

Ellenburger Wildcat Spotted In SE Crane

Location for a 5,500-foot Ellenburger wildcat has been spotted in Southeast Crane County.

It will be drilled at Cabot Carbon Company No. 1 J. B. Mayberry, 5,933 feet from the northeast and 660 feet from southeast lines of section 3, block 31, H&TC survey.

That puts the drillsite six miles west of the Crossett multipay field.

Stepout Is Staked In Central Terry

Union Oil Company of California has spotted location for a one-location east stepout to its No. 1 Laura Cotten, discovery from the Pennsylvanian Canyon in Central Terry County.

It will be drilled as that company's No. 1 D. J. Shreengoth, 660 feet from west and south lines of the northwest quarter of section 72, block T, D&W survey.

The prospector is scheduled to be drilled immediately with rotary to around 10,500 feet.

The Union No. 1 Cotten was completed for a daily potential of 1,812 barrels of 44.1-gravity oil and no water on a natural flowing four-hour test. The potential was based on an actual flow of 802 barrels of oil during the four hours of testing.

Operator reported a gas-oil ratio of 746-1. Production is being recovered through perforated section at 9,998-10,073 feet.

The No. 1 Shreengoth well also be drilled one location north of Honolulu Oil Corporation and Union No. 1 McGowan, a drilling project in the South Brownfield-Canyon pool.

NE Howard Opener Is Swabbing To Test

Operator is swabbing to clean out and test at Brinkerhoff Drilling Company No. 1 Jones, Pennsylvanian lime discovery in Northeast Howard County.

Open hole section at 9,465-9,558 feet was acidized with 5,000 gallons.

The well has been swabbed for 110 barrels of oil since the acid treatment Saturday night.

During the last 22 hours of swabbing, 28 barrels of oil was recovered. It averaged 1.2 barrels of oil for the last six hours. That recovery was estimated to be cut with four per cent acid water. Fluid level is at 9,100 feet.

Operator reports that the gas-oil ratio is increasing.

At last report the well was still being swabbed.

Location is 660 feet from north and east lines of the northeast quarter of section 18, block 34, T&P survey, T-2-N.

Regan Addresses Landmen Monday Night At Meeting

Congressman Ken Regan was the guest speaker for the monthly dinner meeting of the Permian Basin Landmen's Association Monday night.

The affair was held in the Crystal Ballroom of Hotel Scharbauer in Midland. Approximately 50 persons attended.

Regan, a former state senator, discussed Texas laws regarding land titles of various sorts. He told how the State Mineral Classified lands Relinquishment Act and other state legislation which has been enacted to protect land owners.

The congressman also discussed the Tidelands oil situation.

He told of some of the matters which will be considered by the

THE HOLIDAY THAT CALLS FOR FLOWERS
Thanksgiving is the perfect setting for sending flowers. Especially if you are unable to be home with the folks for the holidays, send your remembrances in a beautiful bouquet or potted plant. Perhaps you'd like to send the traditional dozen roses or perhaps a cluster of huge golden chrysanthemums. If you are undecided, let us assist you with your final choice.
