

THE SPORTS WORLD lost one of its colorful heroes this week with the passing of Dizzy Dean.

Although his career was cut short by the unfortunate accident in the All-Star game, Ole Diz became one of the best-known sports personalities of all time through his weekly television baseball broadcasts.

Not noted for being a "class" announcer, Dizzy was popular because he was "just folks," and he said whatever popped into his head.

Frank Gifford may be a more polished sportscaster, but we're glad Dizzy Dean came along. The world needs a little variety, and Dizzy sure provided that aspect.

WE WATCHED A fascinating program on television Sunday afternoon. It was broadcast on CBS, under the title of News Retrospective. The subtitle of the documentary was "Resources for Freedom."

It was a re-broadcast of a program that had been presented earlier on television. The documentary warned about the shortages and price increases that would plague America, unless steps were taken to ward them off.

The remarkable thing about the film was that it wasn't produced five years ago, and not ten—it was first shown on television 20 years ago, and was the result of a presidential commission's study made during the early 1950s.

THE TELEVISION documentary hit the nail on the head as regards such shortages as oil, timber (for lumber and paper products), water, and several others.

The late Edward R. Murrow served as narrator for the piece, and it was a bit spooky, watching as a voice from the past predicted all of the various "crunches" that the nation might expect, and realizing full well that the predictions were very prophetic in light of recent events.

The only thing wrong with the predictions were that our timetable beat the expected crisis years by two to five years. The documentary was expecting the shortages to hit by 1975 to 1979, and as we are painfully aware, most of them have already affected our country.

MURROW'S SPECIAL correctly predicted that coal would return as an important source of energy, and rightfully foresaw that coal would be produced in new forms (such as in slurry mixes) so that it could be piped across the country like oil.

The program called water the "most important factor in industry, both for quality as well as quantity. Industry must have water."

The 20-year old documentary correctly predicted the coming dependence upon imports for many of the resources needed in America.

"There was never a nation that consumed so much...and at the same time gave so little thought to where it comes from. Although America is the land of plenty, the plenty can give out," stated Murrow in a frightfully accurate quote during the opening portion of the show.

THE PROPHETIC documentary pointed out the need for a more thorough research program to meet the materials problem. "In 25 years, half of our working population will be working and producing materials not known today," was another quote from the program.

Recommendations set forth by the presidential commission included (1) a mineral census every five years (2) opening up our timber lands and a stopping of the destructive timber cutting. Better fire protection for our forests. (3) agreements with friendly countries to protect the United States' investments in these countries. Repealing tariffs. (4) development of water power to the fullest. (5) the use of materials more efficiently. Stockpiling scarce materials.

IT WAS POINTED OUT that every American uses 18 tons of

[Continued on Page 2]

School Announces 15¢ Tax Increase Locally

The Friona School Board voted on a 15-cent increase in the school's tax rate to be effective on taxes paid for the 1974-75 school year, it was announced this week.

The board voted to increase the tax rate from \$1.65 per \$100.00 valuation to \$1.80 per \$100.00. The tax rate is based on 37 per cent of actual value, and this formula will remain the same.

The tax hike was due to "Spiraling costs of supplies and transportation; increased teachers' salaries; hourly wage increase, and the school coming under the Workman's Compensation program for the first time," according to newly-installed Superintendent of Schools Tom Jarboe.

Jarboe explained that fuel to operate the school buses and other vehicles had shown sizeable increases since the same time a year ago, as had likewise a number of things used in the operation of the school's business, mainly paper products.

The Friona school official pointed out that the teacher raises, while implemented by the state, still costs the local school district, on the average of 20 per cent of the raise, with the state paying 80 per cent. Multiplied by the number of teachers in the Friona system, the figure becomes impressive.

Last tax increase by the school was in July of 1971, when the rate went from \$1.50 to \$1.65 per \$100 valuation. It is only the second increase for the local school district since 1964.

In other business, the school board accepted two resignations from teachers: Mrs. Joyce Johnson, who has taught high school Spanish and English; and Mrs. Dale Cary, who had been employed earlier to teach sixth grade science.

Two instructors were employed. They were Mrs. Jack [Peggy] Hamil, who will replace Mrs. Johnson as high school Spanish and English instructor and Larry Turner, who will teach industrial arts in high school.

Also employed was Miss Betty Lessert, as an elementary physical education instructor.

The board approved contracts for teachers' aides for 1974-75. They were Mrs. Wanda Wilson, Irene Bermea, Mrs. Ray White, Susana Perez, Virginia Self, Mary Johnson and Hortencia Salas. All of the aides had been employed for the previous school year.

Jarboe reported to the board that the school system had received a 1974 International 66-passenger school bus, which will be put into service at the start of the fall term.

The school board agreed to participate on a 50-50 basis with the City of Friona on costs of repairing the tennis courts at high school, and approved the public use of the courts during non-school hours. Jarboe also is to look into the costs involved in lighting the courts.

The price for season football tickets for the 1974 Friona Chieftain home football games was established at \$2.00 per game. There are four home games this season, so season tickets will cost \$8.00. The date for the tickets to go on sale will be announced sometime next month.

REHEARSING... Carol Bavousett and Faith Mays are shown rehearsing a scene from the Friona Fine Arts Council's Summer Drama Workshop, which will present two shows Saturday [July 20] to conclude the two-week workshop.

Productions Set By Drama Workshoppers

Two productions on Saturday [July 20] at Friona High School Auditorium will conclude the Summer Drama Workshop for 1974.

Under the direction of Del Lewis, performances are scheduled for 2 p.m. and 8 p.m. Saturday.

Saturday afternoon's show, aimed particularly at the younger set, is entitled "Androcles and the Lion."

Saturday evening's show is entitled "The Optimist on Broadway." It will feature a number of songs from outstanding Broadway shows, such as "Carnival," "Celebration," "Sweet Charity," "America, Hurrah," "Funny Girl" and "Roar of the Grease Paint."

Some 40 Friona area teenagers have been rehearsing numbers for the shows in three sessions daily of three hours each.

Cast members for the two productions are: Leesa Mercer, Sharla Benge, Pam Veazey, Lisa Edelman, Julie Johnson, Mark Edelman, Dorothy Johnson, Larry Gore, Vicki Pryor, Pattijon Talley, Lisa Taylor, Faith Mays, Tracy Horton, Shelly Osborn, Paul Lindley and Pam Lindley.

Also, Carolyn Gore, Phillip Duggins, Hope Mays, Cris Beck, Robin Leathers, Susan Garner, Reva Kelly, Paige Osborn, Bryan Johnston, Lygia Blalock, Tammy Williams, Jerri Benge, Carol Bavousett, Joe Jones, Marilyn Jones, Keith Pryor, Gary Stone, Laura Ellis, Lian Dishman, Terry Thompson and Larry Johnson.

Crew members are John Jones, Noel White, Harrell Mays and Shannon Taylor.

Admission of 25 cents for children and 50 cents for adults will be charged.

HISTORY OFFICIALS... Hugh Moseley, left, shows Nelson Lewis a rare picture of Martin Parmer, for whom Parmer County is named. The photo was taken from a mural in Washington, Texas, of signers of the Texas Declaration of Independence. Moseley and Lewis have devoted a large amount of time to the publication of a history of Parmer County, which is expected to be ready late this summer or in early fall.

CARY LEAVING... Dale Cary, manager of Friona's Production Credit Assn. office, has resigned his position and will be leaving Friona after Wednesday for a position with a bank in Beaver, Oklahoma. Cary is immediate past president of the Friona Chamber of Commerce.

FOR BANK JOB

Cary Resigns With Local PCA Office

Dale Cary, who has served as manager of the Friona office of Production Credit Association for the past four years, has resigned to accept a position with a bank in Beaver, Oklahoma, it was announced this week.

Cary will assume duties as loan officer with the First National Bank in Beaver, effective August 1. His resignation becomes official at PCA after Wednesday, July 24.

No replacement has been named as yet for Cary. James Rogers of Plainview, general manager of the Plainview Production Credit Association, is currently on vacation, and a successor cannot be named until after he returns, Cary said.

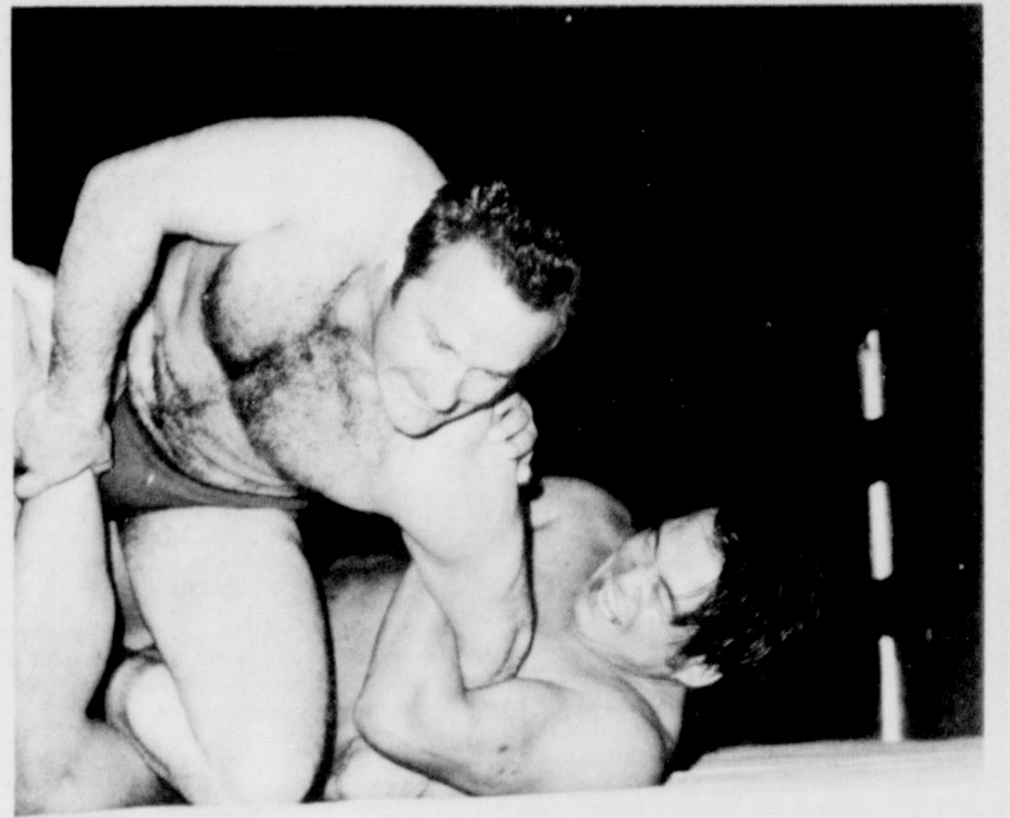

"It was a hard decision to make. We have enjoyed it here. Friona has been our home,"

Cary stated. "However, we felt this gave us an opportunity we should not pass up," he added.

While in Friona, Cary served two years as president of the Friona Chamber of Commerce, the only person in recent times to serve back-to-back terms in that capacity. He was instrumental in setting up the Board of City Development here.

He also has served on the administrative board at the First United Methodist Church of Friona, and is a former member of the Friona Noon Lions.

Mrs. Cary (Mary) also has been active in civic affairs. She has been a member of Progressive Study Club, where she has helped in several community activities. She had been contracted to teach science in junior high here this coming term, but has resigned.

WRESTLING COMING... Friona residents will have a rare opportunity Monday to see big-time wrestling when the Progressive Study Club brings a program of wrestling to the Community Center/Showbarn in a

project to buy additional seats for the building. Jerry Kozak and Alex Perez will vie in the opening event of a four-match program, which includes women wrestlers.

Wrestling Comes To Friona Monday Night

Something new for Friona will be on tap Monday, when the Progressive Study Club brings professional wrestling to the city for the first time.

The Community Center-Showbarn will be the site of the matches, which begin at 8:30 p.m. Four matches have been scheduled, under the direction of Jerry Kozak, Amarillo promoter.

There will be no advance ticket sale for the matches. Tickets will go on sale at the Community Center box office at 6 p.m. Monday evening. Ringside seats will sell for \$3.00. General Admission tickets will be \$2.50, and children's tickets will be \$1.50.

Some of the top wrestlers from this region will appear on the program. The main event will see "Dirty Dick" Murdock square off against New Jersey's Jim Dillon. Murdock holds the International Heavyweight wrestling crown, second only to the World's Heavyweight wrestling title.

Although the match is a non-title affair, Dillon is one of the top contenders to both titles, and a win over Murdock

would bring him a step closer to an important championship match.

Two more of the sport's top heavyweights have been signed for the semi-final. Nick Kozak, a world traveler, will be in contention against Super Patriot. The masked man, one part of a team of national fame, prefers tag action, but is as powerful and tough in individual competition as he is in team action.

Girl wrestlers will also come to Friona. Miss Marie La Vern, the Texas Women's Champion, has been matched against a former three-time title-holder of the women's belt, pretty Kay Noble.

This again is a non-title match, but will pit two opponents wishing to show well. Formerly from Ohio, Marie comes from a wrestling family. Her mother and father are both in the wrestling ranks, as well as a younger brother.

In the opening event, a well-known Mexican mat veteran, Alex Perez, takes on a popular area wrestler, Jerry Kozak. This is scheduled for a one fall scrimmage.

Proceeds from the program will go to buy chairs for the Community Center. The program should last around 1½ hours. The study club will operate a concession stand, featuring hot dogs, popcorn and favorite soft drinks.

The promoter plans to bring the ring to be used by the wrestlers, as well as portable bleachers to be used inside the community center.

REV. DAVID PLUMB

New Pastor Here Sunday

Rev. David Plumb has been named pastor of Friona's Union Congregational Church. The new pastor will be in charge of services at the church this Sunday.

A native of Minnesota, Rev. Plumb, 27, is a recent graduate of the United Seminary in Minneapolis. This will be his first pastorate.

Rev. Plumb and his wife Kathy are in the process of moving into the church parsonage at 210 West Sixth Street. They have no children.

All members and friends of Union Congregational Church are invited to attend services at the church Sunday. Worship service begins at 11 a.m.

Deadline Announced For Queen Entries

Jay Beene was named this week to replace Dale Cary as co-chairman of Friona's Maize Days celebration October 1-5. George Rushing is the other chairman.

Cary, immediate past president of the Friona Chamber of Commerce, has resigned his position with Production Credit Association, and will be moving from the city.

Deadline for entering queen

contestants in the Maize Queen contest was announced as Tuesday, August 27. Rushing said. He encouraged businesses and organizations planning to enter contestants to contact their choices early, and call or come by the Chamber office to register their entry.

Janet Woodard will serve as chairman of the queen's contest this year. The queen competition will be held the night of Thursday, October 3.

Industry Presentation Set Friday In Austin

Representatives of Hi-Pro Feeds and the Friona Chamber of Commerce & Agriculture will be in Austin next Friday, July 26, for the Governor's Industrial Expansion Awards presentation.

Hi-Pro Feeds' expansion program during 1973 was entered by the Chamber of Commerce in the awards competition, which is under the Texas Industrial Commission, and is one of five winners chosen from across the state.

Attending from Friona will be Ron Davenport, general

manager of Hi-Pro Feeds; Jack Carrothers, president of Friona Industries, and Percy Parsons, president of the Friona Chamber of Commerce & Agriculture.

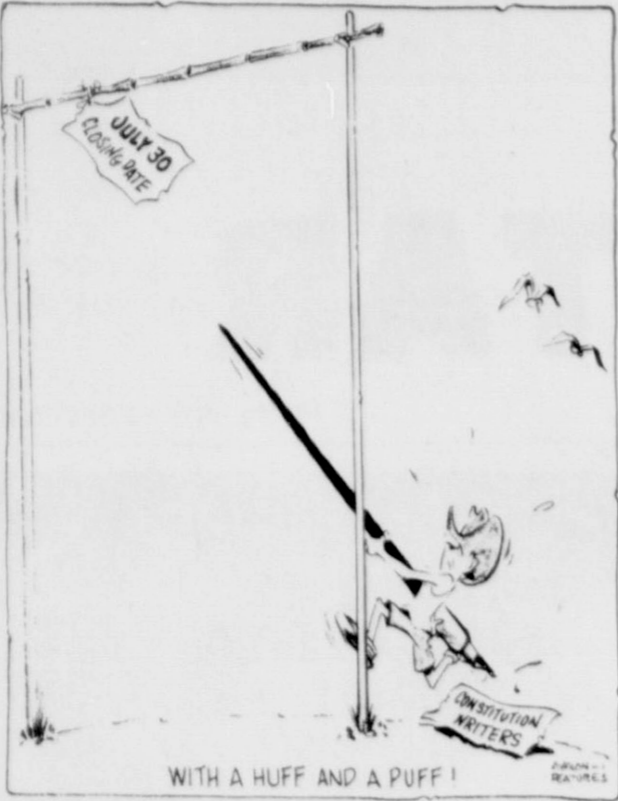

The awards presentation is to be made at about 11:30 a.m. Friday, at Governor Dolph Briscoe's office. Representatives of the press will be on hand for photographs of the presentation. The group will then be guests for lunch at the Governor's Mansion.

In previous years, the Governor has made the

presentations at a Governor's Conference in Austin, but the Texas Industrial Commission, at the governor's request, voted to reduce the ceremonies to the winners this year due to the fuel shortage. Approximately 600 industrial leaders had taken part in previous ceremonies.

When the industrial expansion award winners were announced in April, it was pointed out that competition was particularly close.

Hi-Pro Feeds was cited for [Continued on Page 2]

Friona Flashbacks

...from the files of The Friona Star

45 YEARS AGO—JULY 19, 1929

W.W. Standford of Amherst, has leased the J.T. Browning feed mill here and will put it in operation at once, grinding all kinds of feed for the public. He will also install a special mill for grinding meal.

The large storage building recently erected on Washington Avenue between Sixth and Seventh Streets by Fallwell Brothers, is now roofed and part of the siding has been put on. A number of large bins have been arranged in the building which are now being filled with wheat growers by the owners of the building.

40 YEARS AGO—JULY 13, 1934

On Monday of last week, Mrs. Ray Springer and Mrs. Oscar Bell, who have been operators at the local telephone central office for the past two years, relinquished their positions there and the city is now being served by two new operators. The new operators are Miss Ruth Staggs as chief operator, and Mrs. Velma Lippard as assistant, both of Ropesville.

35 YEARS AGO—JULY 14, 1939

According to information reaching the Star office, the Lubbock Poultry & Eggs, a Lubbock institution, has rented the J.B. Weir building commonly known as the Corner Filling Station, at the corner of Main and Sixth Streets and will open there a general produce station. The building is being repaired and improved.

30 YEARS AGO—JULY 21, 1944

A charge of murder with malice and forethought was filed here this morning against J.W. Fox, 51-year-old day laborer, in connection with the fatal shooting of C.F. Jones, 45, of Silverton, Oklahoma. The shooting occurred last Wednesday night around 11 o'clock in front of the Jones shack, south of the City Water Works, after J.W. Fox, accompanied by his son and Allen Johnston, went to the home of Jones and called him out. Johnston and C.F. Fox, son of J.W. Fox, were released early this week. No charges have been filed on either of these men.

20 YEARS AGO—JULY 15, 1954

Dr. Lee Spring officially began practice at the Parmer County Community Hospital, Tuesday. He will be in association with Dr. Paul Spring and Dr. Tom B. Smith. Indicative of community growth and increased activity here, postal receipts of the Friona post office took a considerable jump the first 6-month period this year to reach a total of \$9,291.14.

15 YEARS AGO—JULY 16, 1959

J.T. Gee, vocational agricultural instructor since 1935, has resigned from that position effective August 31, to accept the position as principal of the Friona Elementary School. A strip about four miles wide and 12 miles long east of Lazbuddie was battered by high winds and hail that came barreling out of a small thunderstorm about 4:30 Wednesday afternoon. Cotton in the storm's path was destroyed and feed was badly damaged by the hail.

10 YEARS AGO—JULY 16, 1964

The Tex-Mex Communications Company warned this week that it will not tolerate any further vandalism to its tower two miles north of Friona. A representative of the company said this week that a total of approximately \$1500 in damages had been suffered by the tower in the past year. Such damage is a violation of the Federal Communications Commission rules as a public carrier, and is punishable by a \$10,000 fine and 10 years in jail.

5 YEARS AGO—JULY 17, 1969

The Friona area will be host on Friday to the largest delegation of Washington legislative officials to ever visit the area, when Congressman Bob Price brings a special delegation for a visit to Missouri Beef Packers. Teachers in the Friona Independent School District will receive \$500 above the new state recommended minimum salaries, according to a motion passed by the district's board of trustees at their meeting last Saturday.

Injured Youth Progressing

Johnny Spring, 13-year-old son of Dr. and Mrs. Paul Spring, continued to show "slow improvement" this week at Northwest Texas Hospital in Amarillo.

The youngster remained in a semi-conscious state since his accident here July 7 at the local roping arena in which he was dragged by a horse.

The most significant change,

according to a family member, is that the youth has been able to drink liquids.

However, since our report in last week's Star, it was learned that Johnny sustained a slight skull fracture, which is another cause for concern.

The equivalent of 75 million acres of food crops in the U.S. is lost annually to pests, even with the use of pesticides.

Star Lites--

Poisoning Possible If Wrong Corn Eaten

A possible health problem exists for residents of Parmer County, it was pointed out this week by a member of the Parmer County Community Hospital staff.

Dr. Robert Alexander warned that field corn which has been sprayed with the herbicide Furadan will contain a residual that can be poisonous to human consumption.

"Due to the unusually large amount of corn in our area this year, and due to the extensive use of the chemical, we could very easily have some poisonings in Parmer County, if people are not careful where they get their corn," Dr. Alexander said.

Some farmers have made an effort to post warnings in fields where herbicides have been used, but due to the increased acreage of corn this summer, it would be virtually impossible to post warnings at every field that might be dangerous for human consumption.

Another angle to the

Furadan situation is that it is very potent, and a good antidote has not been discovered. It is so potent that some people working in the application process have been affected.

FARM FACTS

Agriculture is the nation's biggest business, and three out of every 10 non-farm jobs are in some way related to farming.

Cotton's large net foreign exchange earnings are important to the nation's economic health.

Agriculture is far ahead of other industries in efforts to protect the natural environment. Long before other citizens became aware of the need to stop pollution, farmers were devoting much effort and expense to develop crop-care methods to protect the environment.

More than \$13 billion is invested in land and equipment to grow cotton.

The Parmer County Historical Committee is announcing the forthcoming publication of "A History of Parmer County," and is making available a pre-publication discount for collectors who wish to take advantage of the early purchase price.

Between now and September 15, the book may be purchased for \$13.50 per copy, plus tax. After September 15, the cost of the book will be \$16.00 plus tax.

A coupon telling where to mail the order is being printed in this issue of the Star.

Nelson Lewis is in charge of the county history. The book is being published by Nortex Press of Quannah. The book will be a hard backed, cloth-bound volume, 8 1/2 x 11 inches and will contain approximately 300 pages. It is illustrated by dozens of photographs, many of which have never before been published.

Services Held For Brother Of Frionan

Funeral services for Eugene Frederick Young of Pueblo, Colo., relative of several area residents, were held Wednesday afternoon of last week in the Assembly of God Church at Littlefield. Officiating was Homer P. Goodwin of Hereford, an Assembly of God minister. Burial was in the Littlefield Cemetery.

Mr. Young, 61, died Friday, July 5, at his home. A former Littlefield resident, he was a farmer and a native of Oklahoma.

Survivors include a daughter, Mrs. Barbara Morris of Albuquerque, N.M.; three sons, Bill Young of Amarillo, Eugene Young Jr. of Pueblo, Colo., and Donald Young, address unknown; four brothers, Noah Young of Friona, Joe Young and Bud Young, both of Dimmitt, and W.P. Young of Littlefield; five sisters, Mrs. Della Waggoner of Oklahoma City, Okla., Mrs. Mary Stowers of Stratford, Mrs. Corda Carter of Dumas, Mrs. Nova Melton of Fort Worth and Mrs. Millie Capps of Farwell; and six grandchildren. Mrs. Capps is a member of the Bovina Church of Christ.

Summerfield Sets Social Aug. 1

The annual Summerfield homemade ice cream social and reunion will be held Thursday, August 1 at 8 p.m. at the Henry Kuper home at the corner where Highway 1057 intersects with Highway 60.

Anyone ever having lived in the Summerfield area is invited to attend the social.

Economists predict that 1974 will be the second-best year on record for farmers with net income around \$24 billion, said Agriculture Commissioner John C. White.

The chapter headings are the work of area artists who were kind enough to volunteer their talents.

The histories of incorporated towns and rural communities constitute a major portion of the book. Other chapters deal with the world-famous XIT Ranch, the man for whom the county was named, and articles concerning the business and social life of those who settled before 1930.

An entire section is devoted to family histories and is arranged alphabetically for the convenience of the reader.

Beet Farmers To Get Payment On July 31

Holly Sugar Corporation will make an additional sugar beet payment on the 1973 crop, July 31, 1974.

Growers producing sugar beets for the Shoup Factory at Hereford, Texas, will receive an average of \$2.61 per ton. This will bring the total that the 1973 growers have received for sugar beets to more than ten million dollars.

Growers are receiving the benefits from the stronger sugar prices because of the participating contract that they have with Holly Sugar Corporation. Growers will get

their final payment on the 1973 crop, October 31, when all of the sugar has been sold.

"The 1974 crop is making good progress in spite of the drought that the area is experiencing. We have not had any leaf spot in the area yet this year, but we are recommending that growers have a preventative spray program," said a Holly Sugar Corp. representative.

Grower interest has been on the increase for growing sugar beets in 1975. Interested growers that have not been in contact with Holly Sugar about beets in 1975 should contact the Agriculture Department. The agricultural staff will work with interested growers in selecting fields and making fertilizer recommendations based on soil analysis.

Friona Has Connections With "Texas" Performers

Residents of Friona have close connections once again with "Texas," the musical drama of the Texas Panhandle by Paul Green which plays in the Palo Duro Canyon State Park.

This is the spectacular story of the Texas Panhandle in the 1880s, which has played to more than half a million people.

Members of the company with ties to Friona are Carl Evans, son of Herbert S. Evans, 1110 Etta; Sherry White, niece of Mr. and Mrs. D.C. Herring, and Mark Ryan, nephew of Mr. and Mrs. Dave M. Thompson.

Evans is in the production for the second year. He is a singer and dancer, and plays the part of Preston Sheffy in the production.

While in high school at Friona, Carl appeared in several school productions, and was on the all-star cast in "Of Poems, Youth and Spring." He has also appeared in "Matchmaker," "Alice in Wonderland," "The Golden Grotto," "Okla-

homa," and "Six Characters in Search of an Actor."

Carl attends Texas Tech University, majoring in business, and is a member of Phi Eta Sigma, which he serves as treasurer.

Miss White, who was born in Friona prior to moving to Hereford at an early age, was chosen as "Miss Hereford" in 1972, and earned the title of "Miss Lubbock" in 1973. She was a finalist in the "Miss Texas" pageant in 1973.

Sherry also attends Texas Tech, where she is a member of the Tech Choir, Madrigal Singers, Music Theatre and Mortar Board. She also has a number of credits, specializing in musical productions.

Ryan, a member of the technical staff, was head lighting technician at Plainview High School for four years, and also starred in several productions.

He designed and constructed the first low voltage lighting system to be used at PHS.

Carl Evans

Ten Accidents Investigated In Parmer Co.

The Texas Highway Patrol investigated ten accidents on rural highways in Parmer County during the month of June, 1974, according to Sergeant W.E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and twelve persons injured.

The rural traffic accident summary for this county during the first six months of 1974 shows a total of 57 accidents, resulting in no persons killed and 40 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for June, 1974, shows a total of 466 accidents resulting in 19 persons killed and 261 persons injured as compared to June, 1973, with 559 accidents resulting in 27 persons killed and 331 persons injured. This was 93 less accidents, eight less killed, and 70 less injured in 1974 at the same period of time.

The 19 traffic deaths for the month of June, 1974, occurred in the following counties: three in Dallam; two each in Motley and Potter; and one each in Hutchinson, Foard, Oldham, Sherman, Swisher, Wilbarger, Clay, King, Lamb, Lubbock, Palo Pinto and Yoakum.

When riding a horse, it's always best to face that part of the animal where the ears are kept.

Red Leaf Cotton May Be Answer

Cotton plants with red leaves may be a weapon against the boll weevil, according to the National Cotton Council.

Besides adding color to the fields, red-leaf plants may cut the use of pesticides by half or more when combined with strip-trap planting practices.

Strip planting is alternating rows of red plants with normal green plants. On the green plants, where weevils tend to concentrate, pesticides were used as normal, beginning in July.

On the red leaf plants, researchers at Louisiana State University found that spraying with insecticides was not necessary until late September.

Scientists have known for 40 years or more that red-leaf plants were pest resistant but the plants also were associated with lower yields. By cross-breeding red plants with different types of green plants, LSU agronomists have come up with a plant having both pest resistance and a competitive yield in some types of soil.

ON MISSIONS

History Presented In Motion Picture

A new motion picture just released by the Texas Highway Department proves again that factual history can be as fascinating as fiction.

Titled "The Missions of Texas," the film focuses on that epic era of state history, and explores 10 of the ancient Spanish missions where Texans can walk in the past today.

Settings for the colorful chronicle range from shadowy pine forests to the blazing West Texas desert. Filmed on locations at Weches, Goliad, El Paso and San Antonio, the film invites viewers to visit sites that were old before the United States existed.

"The Missions of Texas" introduces proud Spanish conquistadores and humble padres. It traces the legends of Indians and Texas frontiersmen. Most of all, the new film is a reminder of Texas' rich mission heritage.

Ricardo Montalban, who combines his acting talents with an abiding interest in the cultural history of the New World, narrates the 15-minute film which was made especially for television. It joins other Texas travelogues circulating for TV broadcast and currently being seen by more than nine million viewers throughout the nation each year.

The film is the first in a series of quarter-hour movies being planned by the Highway Department. Each will focus on a special aspect of Texas scenery, history, or recreation.

A professional treatment in 16 mm sound and color, "The Missions of Texas" is available for free showings to schools, civic clubs and historical organizations, as well as for television broadcast. Prints may be borrowed from the Texas Highway Department, Travel & Information Division, Box 5064, Austin 78763.

FARM TOUR...Charles Hough [back to camera] explains his minimum tillage operations to a group from the Agriculture Research Station at Bushland and Soil Conservationists from the Amarillo area. The group made several stops in the Friona area looking at minimum tillage operations.

ONION CROP...Harvest of vegetables in the area was underway to a great extent the past week. Cabbage and onions were being brought to market by the truckload. The youngster shown above holds onions from a field near Bovina on the Ralph Roming farm that was making a good yield of onions.

ON HIGH PLAINS

Irrigated Stubble Provides Pasture

An estimated two and a half million acres of irrigated corn and grain sorghum stubble should be considered along with winter wheat acreage for cattle grazing on the Texas High Plains, says John Shipley, agricultural economist with the Texas Agricultural Experiment Station.

Researchers at the North Plains Research Field at Etter have developed comparative beef gains for grazing crop residues during the fall and early winter months compared to irrigated wheat. These data were collected both with and without supplemental feeding, Shipley says.

Studies showed that stocker steers weighing 350 to 450 pounds gained 1.8 pounds per day when grazing out irrigated wheat from mid-November to

mid-May. The stocking rate per acre was 1.5 animals from November to mid-March, then two animals per acre until graze-out.

Shipley reports that the same weight steers only averaged 1.4 pounds per day on the winter wheat pasture from mid-November to early March, but when fed two pounds of milo per head per day, their average daily gain jumped to 1.7 pounds during that period.

The scientist adds that the same weight cattle grazing irrigated wheat and corn or grain sorghum stubble on a one to one acreage ratio gained only 1.1 pounds per day without supplemental feed.

Another test using corn stubble and grain sorghum stubble showed that when fed four pounds of 20 percent

protein supplement mix per head per day, the cattle gained 1.3 and 1.6 pounds daily, respectively. Shipley figures that the 1.6 pounds gain from the grain sorghum stubble may have been higher than would normally be expected due to an exceptionally large amount of grain left in the field in 1972-73.

In 1973-74 studies, the amount of supplement as varied at two, four and six pounds per head per day grazing out grain sorghum stubble from November 30 to January 17. Stocking rate was 2.5 animals per acre. There was no difference in average daily gains at the three different levels, Shipley says. The gain was 1.7 pounds per day.

"The profitability of utilizing corn and/or grain sorghum stubble with supplemental feeding will depend upon the

Market News Reporter Stationed In Hereford

Market news reporter Jim Morrow has returned to the Hereford area and has geared up for reporting on the fruit and vegetable market in the Panhandle, Agriculture Commissioner John C. White has announced.

Morrow set up his office July 1, moving from the Lower Rio Grande Valley to follow the seasonal harvest and keep buyers and sellers apprised of shipping point prices and other conditions.

Along with providing written reports, the TDA Hereford office will offer up-to-the-

minute information on the fruit and vegetable market through automatic telephone answering equipment. Those interested in the latest market prices and volume of trading may dial direct, 806-364-0121, on a 24-hour basis.

"Constantly changing weather conditions, labor difficulties, and other industry problems make immediate information on the fruit and vegetable market more vital than for any other commodity," Commissioner White said.

The Hereford office will be in operation until the first heavy frost, around the first of October.

price of the protein supplement mix and the price of beef," the researcher concludes. "With a knowledge of these two prices and the average daily gains that might be expected, a more sound economic decision can be made regarding the utilization of these crop residues."

FARMERS PROTECT SOIL, WATER
American farmers and ranchers spend millions of dollars every year to protect our soil and water supplies and to stop pollution.

IN TEXAS HERDS

Federal Payments Approved By USDA

Texas cattlemen with brucellosis reactors in their breeding herds now are eligible to receive federal indemnity payments provided by the U.S. Department of Agriculture [USDA], when infected animals are marketed for slaughter.

The indemnity will be paid only on reactors found in complete official herd tests—not in tests at sales yards—points out Dr. E.S. Cox, area director of USDA's Animal and Plant Health Inspection Service (APHIS), Austin.

"The decision to make the payments was made at the request of the Texas Animal Health Commission, to strengthen efforts to eradicate brucellosis," Dr. Cox said.

All states now participate in USDA's brucellosis indemnity program. At present, about 99 per cent of the nation's cattle are free of brucellosis. But the remaining one per cent continue to threaten our livestock industry, Dr. Cox points out. A large percentage of the infected herds are in southern and southeastern states.

The indemnity will be paid on reactors bled on or after July 1. The amount will be \$50 on grade cows and \$100 on registered cows and bulls. No indemnity is allowed for grade bulls, steers or spayed heifers.

Reactors will be branded with the letter "B", not less than two inches nor more than

three inches high, on the left jaw. They also must be identified by a metal tag with "reactor number" in the left ear, and must go to slaughter directly after the test. Indemnity claims will be initiated by state or federal regulatory officials or accredited veterinarians, subject to approval for payment by APHIS Veterinary Services. Instructions for preparing claim forms will be sent to these offices soon.

Dr. Cox suggested that first payments under the indemnity program may be delayed as much as 90 days after claims are received.

FRIONA PARTS & SERVICE

County Bank Deposits Top \$37 Million Mark

Bank deposits in Parmer County's three banking institutions as of mid-year 1974 showed, encouragingly for the local economy, a nice 22.5 per cent gain over figures for the same time a year earlier, and a phenomenal 53 per cent increase over two years ago.

Deposits at the banks as of the close of business on June 28, 1974, amounted to \$37.2 million. This was an increase of \$6.9 million over the same date a year earlier, and a gain of \$12.9 million from the same date in 1972.

Friona State Bank led the way with deposits of \$18.5 million. Security State Bank of Farwell had deposits of \$12.8 million, and First State Bank of Bovina had \$5.9 million on deposit.

Total assets reported by the three Parmer County banks amounted to \$42.4 million on June 28. This was an increase of 20.3 per cent over the figure of

\$35.2 million on June 30, 1973.

The actual figures as published on the bank's mid-year quarterly statements showed deposits on June 28 standing at \$37,246,184.37. A year earlier, this figure had been \$30,396,549.88.

In total assets, the June 28, 1974 figure came to \$42,382,726.21. A year ago, the comparative figure was \$35,210,952.68.

Loan totals for Parmer County's banks came to \$21,971,509.33. This was up by \$2,214,335.25 over the corresponding time a year earlier, or 11.2 per cent.

Official totals for the three banks are listed below. The 1974 totals are listed first, followed by the 1973 figures.

DEPOSITS—June 28, 1974	
Friona	\$18,526,573.11

SCS News

The Parmer County SWCD has backed a bill which brings the land use regulation down to the county level. The local SWCD believes that the local county people are best suited to know what their own land is best suited for.

The state council meeting of the Soil Conservation Society of America spent two days in Fort Worth this past week discussing pros and cons of land use planning. Herb Evans and Edwin Livengood from Friona attended the council meeting.

Land use planning is not commonly understood in Parmer County. Land use planning is the designation of land use by a regulatory body. This is a coming thing in the future. Land use for farming, industrial use, feed lots, residential uses, or any other use will be designated by some regulatory body.

There is legislation in Washington pending now for this to be done by the federal agencies. There is legislation pending in Austin for this to be done by a state agency.

Lightning Tips

In Texas, spring means thunderstorms and thunderstorms mean lightning. The Texas Safety Association, noting that lightning is the thunderstorm's worst killer, says the first rule of lightning safety is to stay indoors.

Also, advise safety experts, stay away from electrical appliances while the storm is overhead. Avoid open doors or windows, fireplaces, radiators, stoves, metal pipes and sinks, and don't use the telephone.

If lightning catches you out of doors, stay away from metal objects. Keep clear of fences, telephone or power lines, pipelines or structural steel fabrication. It is also unsafe to handle flammable material in open containers during lightning storms.

Seek shelter in buildings when possible, and remember that automobiles offer excellent lightning protection. Otherwise the best course is to lie low in a cave, ditch or canyon.

District Governor Re-Named To Post

Mrs. Joe Nagy of Lubbock was reappointed district governor of the Beautify Texas Council at the Council's annual meeting held here June 18 and 19.

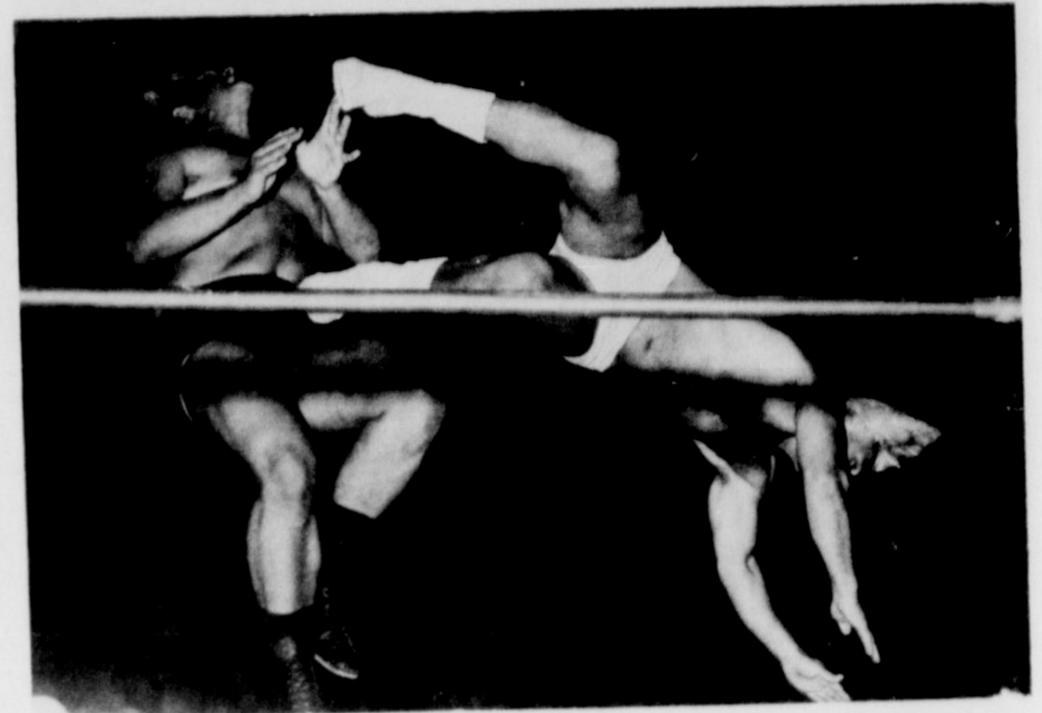

The district Mrs. Nagy represents includes Parmer, Castro, Swisher, Bailey, Lamb, Hale, Floyd, Cochran, Hockley, Lubbock, Crosby, Yoakum, Terry, Lynn, Garza, Gaines and Dawson counties.

Mrs. Nagy formerly taught music education at Texas Tech University. She is president of the Texas A&M Mothers Club, an active member of Community Concerts, Monterey High School PTA, First United Methodist Church, and various charity drives in Lubbock throughout the year. She is the

wife of a practicing attorney in Lubbock and the mother of two children.

As the Beautify Texas Council district governor, Mrs. Nagy will encourage the formation of beautification and cleanup organizations in her district and will encourage cities and towns in the area to enter the competition for the Governor's Community Achievement Award.

The Beautify Texas Council is a statewide voluntary organization composed of private citizens and representatives of industry, state and local governments, civic and garden clubs, and is dedicated to making Texas a cleaner, healthier, and more beautiful state.

THE FLYING MULE...or is it the drop kick? Not being a wrestling specialist, we're not sure. But the above action photo is just a sample of the action that will be in store Monday night at the Community Center

when wrestling comes to Friona for the first time. The matches are sponsored by Progressive Study Club and promoted by Jerry Kozak of Amarillo.

Friona

Senior All-Stars Lose To Tucumcari

Friona's Senior League All-Stars were eliminated in two straight games Monday and Tuesday by the Tucumcari All-Stars, being edged out 7-6 in Tucumcari on Monday, and then falling at home, 12-3 Tuesday night.

Walks and two hit batsmen plagued the team in their Monday loss, and on Tuesday the squad was "all thumbs," committing a total of seven errors, including three in Tucumcari's three-run third inning in which they took the lead for good.

Friona had grabbed an early 1-0 lead when Tommy Serna

reached base on an error and Brian Snyder singled him home. Tucumcari tied the score in the second, but a good throw by outfielder Raul Brailiff to Robert Salazar at third base nipped Rusty Simpson who almost had a triple.

However, the roof caved in on the Friona team in the top of the third with two outs when the players couldn't find the handle on the ball, and committed three errors in four plays. Tucumcari salted the game away with six more runs in the sixth, earning those with six hits, to take a commanding 12-2 lead.

Brailiff's three hits were the only bright spot for the Friona team.

In the Monday night game, Friona had a 6-3 lead after four innings but saw their lead slip away, as Tucumcari scored four runs to eke out a 7-6 win.

and Jesus Mata struck out to end the rally.

In the fourth, Salazar again walked to start a rally with one out. Tommy Serna flew out to centerfield, but Brian Snyder singled, and Gerald Shelby tripled to left field to score the

two runners. Brailiff walked to keep the rally going, but Shelby was thrown out trying to score.

Walks were the downfall of the Friona all-stars, as they served up seven free passes and two hit batsmen.

After hacking away at the

lead, Tucumcari tied up the game in the fifth with three runs, aided by two Friona errors.

In the bottom of the seventh, a leadoff double, a stolen base and a single ended the game with Tucumcari on top, 7-6.

SENIOR STARS...Shown are the senior league all-stars who competed in the playoffs this week. In the back row are Forrest Harding, coach, Mitchell Smiley, Jody Menefee, Gerald Shelby, Waymon Lee, Mark Neill, Jesus Mata, Paul Ortiz and Kenneth

Cary, manager. In front are Raul Brailiff, Brian Snyder, Tommy Serna, Ruben Salazar, Cipi Aragon and Edward Castillo. Not shown were Ronnie Cary and Keith Martin.

Major Stars Competing In Tourney

The Friona Major League All-Stars were competing in the district tournament at Texico this weekend.

Friona was to meet the winner of the Clovis Evening Lions vs Clovis Southwestern All-Stars in a game Friday at 6 p.m.

If Friona wins their opening game, they would play the winner of the Bovina vs Texico-Farwell contest Saturday at 8:30 p.m. Friona time. Other members of the district competing in a tournament at Tucumcari at the same time include Clovis National League, Cannon Air Force Base, Clovis American League and two teams from Tucumcari.

The winning team in each division will meet in a playoff at Texico-Farwell Thursday of next week with the champion advancing to the New Mexico State Tournament.

Members of the Friona Major League all-stars include-Ernie Castillo, Tirso Carrillo, David Fleming, Roger Peace, Chito Caballero, Robert Caballero, Ben Landrum, Kyle Barnett, Tony Rios, Chuck Nichols, Cruz Holquin, Gary Looper, Ernie Aguirre, and Martin Mercado. Alternates are Bobby Thompson, Randy Richards and Joe Ortiz.

BY 15-4 COUNT

Six Packs Top Clovis For 16th Season Win

The Friona Six Packs scored their 16th win of the season at Clovis last Sunday, downing the Clovis Chicanos, 15-4. It was Friona's second win over the Clovis team this season.

The Six Packs scored eight runs in the eighth inning to break the game wide open.

Chaco Arce was the leading hitter for the Friona team with three hits, two singled and a double.

The Clovis nine had a 2-1 lead in the third when Friona sent eight men to the plate to take a 5-2 lead. Frank Castillo walked. Lupe Ruiz doubled, a pair of errors followed, and Arce singled to score two more runs, and Friona was never headed again.

Errors again helped the Friona cause in the eighth

inning, when Juan Fuentes and David Davila reached base on errors. Castillo singled, Ruiz again doubled and Delgado singled to make the score 10-4. Before the inning was over, four more runs had scored, and the score became 14-4.

Manuel Quintana went the distance for Friona and gained credit for the win.

The previous Sunday, the team had suffered only their third loss of the season at Edmonson to the Four Aces, 11-5.

Manager Frank Castillo said the Edmonson team had one of the best teams Friona has faced this season, including a number of boys who have played college baseball.

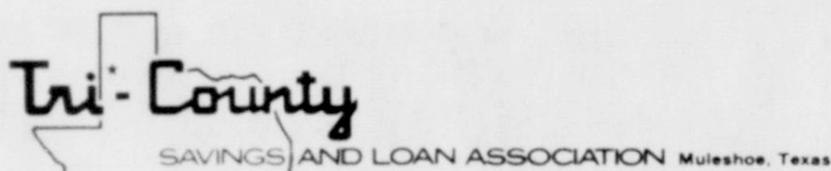

Friona got off to a bad start, trailing 7-0 after two innings,

and that was too much to make up. Castillo and Fuentes showed the way at the plate for Friona with a pair of hits apiece.

LITTLE LEAGUE WRAPUP

Two Leaders Stumble In Final Week's Play

Two of the four league champions faltered in their season windup games in Friona's Little League program. Ethridge-Spring fell to Hi-Pro, 17-7, in the Minor League, and Piggly Wiggly whacked Bill's TV, 24-14 in T-Ball play in games last Thursday. Ironically, both leaders lost games that were halted by the ten-run rule.

Actually, Bill's TV already had become the winningest team in the program with ten victories, and ended up with a 10-2 slate for the season.

In the Senior League, Pioneer Cattle Order Buyers made up for a disappointing season record-wise by taking a 12-9 win over Hi-Plains Feed Yard in the windup game in that league on Friday.

Behind the pitching and

batting of Edward Castillo, Pioneer stormed to a 12-4 lead, and then had to hold off a last-inning rally to win by a 12-9 score.

Castillo gave up seven hits and struck out nine in the six innings he worked, and Ernest Mills staggered but finished up the game on the mound.

Sammy Felder thrilled the large crowd attending the season windup game by socking a home run out of deep centerfield for the winners with one out in the sixth. It was only the second home run hit out of the park by a Little Leaguer. Sherley Grain had finished the season on Thursday, making their season record a fine 9-1 by whacking Benger Air Park, 19-2.

Ruben Salazar and Gary Stone combined to limit the losing Flyers to just one hit. Salazar pitched the first four innings, and gave up only a leadoff single to Bobby Aragon in the fourth inning. Aragon

came around to score one of Benger's two runs after a walk and an error.

Stone pitched the last two innings, and accounted for five of the six outs by strikeouts.

In the Major League, Friona State Bank closed out with an easy win over Friona Star in their last game of the season, and Reeve Chevrolet-Olds nailed down second place in the league with a 17-12 win over Friona Feed Yard on Friday.

A 13-run first inning turned the trick for Reeve, which finished with a 7-5 season record, to 5-7 for Friona Star.

The B-J Bees turned back Parmer County Implement Co., 13-2 in the final Minor League game on Friday, and claimed runner-up honors in league standings with a 6-6 record. The B-Js won their last three games of the season to earn the honors. Two other teams, Hi-Pro and Parmer County, stood at 5-7 in the balanced league.

Tasty Cream pounded Friona Parts, 29-13 in the windup

game in the T-Ball League on Friday. The winners had four players scoring five runs each.

SAFE AT THIRD...Cornell Evans of the Tucumcari All-Stars, beats the throw to third base as Friona All-Star Edward Castillo takes the peg. Tucumcari scored three runs in the third and six in the sixth to beat the local stars Tuesday, 12-3 and win the best of three series.

Trophy Races Set Sunday

The Bovina Jaycees will again sponsor cycle races at the Bovina Moto-Cross Track Sunday afternoon, according to Ken Horn, president.

Starting time for the trophy races will be at 1 p.m. Admission will be \$1.50 per person and 50 cents for children under 12.

A concession stand will be operated on the grounds. A complete public address system has been installed and was available for the last event there. Restrooms have also been constructed at the park by the Jaycees.

The second in a series of three racing events, with a total purse of \$700 to be awarded during the last event slated for Bull Town Days week, was held Sunday, August 7. Horn reported that 75 riders competed making it "the best race we've had thus far."

Engagement Announced...

PAMELA ROSE SUDDERTH AND DENNIS GAYLON CHAPMAN...Mr. and Mrs. Don Sudderth of Bovina announce the engagement and approaching marriage of their daughter, Pamela Rose, to Dennis Gaylon Chapman, son of Rev. and Mrs. T.H. Chapman of Amarillo. The couple will exchange wedding vows at 8 p.m. Friday, August 23, in the United Pentecostal Church of Friona. The bride-elect is a 1973 graduate of Franklin High School. The prospective groom, a 1972 graduate of Western Apostolic Bible School in Stockton, Calif., is assistant pastor and choir director of the United Pentecostal Church in Waco.

Tina Marconato, Ronald Brookfield United In Double Ring Ceremony

Tina Maria Marconato of Tucson, Arizona and Ronald Gene Brookfield of Friona exchanged wedding vows at 6 p.m. Saturday, June 29 in Catalina United Methodist Church, 2700 East Speedway Blvd., Tucson, Arizona.

The bride's parents are Mr. and Mrs. P.A. Marconato, 5264 West Flying Circle, Tucson. The groom's parents are Mr. and Mrs. Floyd Brookfield, 1208 West Seventh Street, Friona.

The double ring ceremony was performed by Reverend Fritchsey of Tucson before an altar decorated with two staircase candelabras holding white tapers and baskets of fern, white and yellow gladiolas

and baby mums. An altar with white tapers backed the white satin kneeling bench.

Traditional wedding music was presented by Mr. D. Williams, church organist, who accompanied soloist, Mrs. Pauline Stringer, as she sang "The Wedding Song" and "Because."

As the bride was escorted to the altar and presented in marriage by her father, she

wore a formal length gown of rose paint quipure satin and lace with a portrait neckline and long tapered sleeves with a satin detailed skirt and attached train. Her short circular mantilla veil was edged with matching quipure lace.

She carried a cascade bouquet of baby white carnations, white ivory rose buds, baby's breath and

English ivy.

Carrying out tradition, she wore her grandmother's wedding ring for something old. Something new was her wedding gown. Something borrowed was the white hair clips and she wore the traditional blue garter.

Mrs. Richard Browning, sister of the groom from Dallas, was matron of honor.

Bridesmaids were Mrs. Debbie Marconato, sister-in-law of the bride, Mrs. Bernadette Helms and Jackie Miller, all of Tucson.

The bridal attendants wore floor length gowns of yellow polyester crepe designed with sweetheart necklines, puff sleeves trimmed with rose bud lace and A-line skirts. They wore white picture hats trimmed with white daisies.

The matron of honor carried a cascade bouquet of white carnations, roses and yellow baby mums. The bridesmaids carried round nosegays of white carnations, roses and yellow baby mums with baby's breath.

Caroline Spencer of Tucson was the flower girl.

She wore a floor length dress of yellow polyester crepe accented with a yellow ribbon belt and wore a picture hat matching those worn by the other attendants. She carried a basket of yellow mums, white daisies and baby's breath.

Paul Pijanowski of Tucson served as ring bearer. He carried the rings on a white satin and lace heart-shaped pillow.

Richard Browning, brother-in-law of the groom from Dallas, was best man.

Groomsmen were Tony Marconato, Tucson, brother of the bride, Tim Herring of Friona and Frank Wagner of Tucson.

Guests were seated by Allen and Jimmy Oakes, Jeff Hudgins and Randy Kinchen, all of Tucson.

The bride's mother wore a pale pink formal length gown featuring an empire waistline, long sleeves, v-neckline and ruffles on the bottom of the sleeves. She wore white accessories and a corsage of white baby carnations, rose buds and velvet leaves.

The groom's mother wore a formal length pink chiffon over pink satin dress with a waist of pink silver crystalline. The dress featured a long sleeved wicket jacket of pink and silver crystalline edged in wide silver lace. She wore a corsage of white baby carnations, rose buds and white velvet leaves.

A reception followed the ceremony. The reception was held at the Tucson Woman's Club House.

A sit-down supper was served to about 350 guests.

The three-tiered wedding cake was frosted in white with yellow roses and the traditional miniature bride and groom on top.

The bride and groom cut the cake. The cake was then served by caterers to the guests.

Special out-of-town guests were Mrs. Tim Herring, Friona, and two aunts of the bride, one from Canada and one from British Columbia.

For a wedding trip to

Mrs. Ronald Brookfield

Ruidoso, New Mexico, the bride wore a sky blue and white suit and a white picture hat with white accessories.

hosted the rehearsal dinner at the Doubletree Inn, 445 South Alvernon Way, Tucson, on Friday night, June 28.

The menu included lover's salad, top sirloin, home-baked bread, broccoli hollandaise, baked potatoes and grasshopper pie. The dinner was served to thirty-one guests.

Mr. and Mrs. Brookfield are at home at 2121 North County Club Road in Tucson.

REHEARSAL DINNER

The Floyd Brookfields

Wayne Baxters

Become Parents

A baby girl was born to Mr. and Mrs. Wayne Baxter on Friday, June 27 in Wanganui, New Zealand.

They named her Sally Michelle. She weighed eight pounds, two ounces and was eighteen and one-half inches long.

Sally is the first child for the couple.

Grandparents are Mrs. Bessie Hawker of Neill, Australia and Mr. and Mrs. J.A. Baxter of Rotoria, New Zealand.

The mother was a former exchange student that lived with Mr. and Mrs. E.G. Phipps while she attended Friona High School.

Local Clubs Win Four TFWC Awards

Seven members from Friona Woman's Club and Modern Study Club attended the Caprock District Orientation in Lubbock recently.

Texas Federation Woman's Club Awards were presented to area clubs.

Modern Study Club took one first place and two second place honors. They won first on its Standing Committees in Publicity and Public Relations. The second place awards were earned in the Education Department on Leadership Development and in the Arts Department on Cultural Heritage.

Progressive Study Club won

second place in Communications on Visual and Performing Arts.

Members attending from Modern Study Club were Mrs. Lois Miller, Mrs. Glenn Reeve Sr., Mrs. J.T. Gee and Mrs. Dan Ethridge.

Mrs. C.W. Dixon, Mrs. Roy Daniel and Mrs. John Benger attended from Friona Woman's Club.

Mrs. Lois Miller, immediate past president of Modern Study Club, will serve as chairman of the Caprock District Poet Laureate Contest next year.

Mrs. C.W. Dixon is chairman of Subscriptions for General and Texas Clubwomen.

LIBRARY CORNER

Being Texan is something most Friona folks are proud of and if you have summer company coming you might like to try some new dishes sure to please from "The Texas Cookbook."

From barbecue to banquet, the book is an informal view of dining and entertaining the "Texas Way" prepared by Mary Faulk Kooek.

Author Kooek has owned and operated a restaurant in her home, Green Pastures, in Austin for many years. At the suggestion of friends, family and guests, she decided to write this cookbook, combining her extensive knowledge of the culinary arts with her long familiarity with Texas hospitality. Traveling from Brownsville to Pecos, Beaumont to El Paso, she collected recipes for hundreds of specialty dishes to include with her own tried-and-true favorites. The result is Texas to the core.

Recipes are presented for such typically Texas fare as pinto beans in chili paste, fresh-baked Spoon Bread, and the fabulous Venison Sausage which appeared on breakfast menus at the LBJ Ranch. Recipes are given by the author and then the person who gave them to her is discussed. Or the area of the state from which the recipe originates may be commented upon. So, if you don't want to cook, you may learn much about Texas by reading on.

Ms. Kooek gives the menus for various parties she has catered or been to and tells how each thing was prepared and

comments on things that she felt very original. Regardless of your political party, the author recommends Republican Doughnuts. Or you might like Democratic Rice.

A chapter is given each city or locality the author visits and collects recipes from. In Amarillo, recipes come from Judge and Mrs. Carl Periman, the Rudy Baumans, the Weymouth Ranch and the Jay Taylors. That's the closest to Friona Ms. Kooek gets, but you'll enjoy her recipes and the friends she meets over the state.

If you have a particular book you'd like, let Billie Fairchild get it for you through the Inter-Library System. With one call to Amarillo, the book will be on its way to you.

James Blouchs

Have Baby Girl

Mr. and Mrs. James Blouch, 1300 North Walnut, Apartment 45, became the parents of a baby girl on Saturday, July 13 at 3:04 p.m. in Parmer County Community Hospital.

The new arrival was named Angela Michelle and weighed nine pounds, fifteen ounces. Angela is the first child for the couple.

Grandparents are Mr. and Mrs. Rufus F. Melton of Friona and Mr. and Mrs. Cyril Blouch of Midwest City, Oklahoma.

Great grandparents are Mrs. Annie Nunn, Colorado City, Texas and Mrs. Ralph Quarry, Cleona, Pennsylvania.

Mrs. Blouch is the former Gail Melton.

County Court Parmer County, Texas

Diann Singleterry Weds Gordon Stokes

Diann Singleterry became the bride of Gordon Stokes in a double ring ceremony Tuesday, July 2 in the home of the bride's parents, Mr. and Mrs. Louis Singleterry of the Rhea community.

The bridegroom is the son of Mr. and Mrs. Arthur Stokes, also of Friona.

Rev. Wayne McLemore of Forrest Heights Baptist Church, Clovis, New Mexico, performed the wedding ceremony.

The bride wore a floor length gown of heart floked white daeron. Her chapel length veil was attached to a heart-shaped headpiece accented by pearls and trimmed in lace. She carried a bouquet of white miniature mums with white streamers.

Carrying out bridal tradition, the bride wore pennies minted in the years of the bride and groom's births in her shoes.

For something old, she wore a necklace. Her bridal gown served as something new and something borrowed was the veil belonging to Cindy McCormick. She wore the traditional blue garter.

Janette Lee attended her sister as matron of honor. Johnny Stokes attended his brother as best man.

The matron of honor was attired in a floor length gown of heart floked orchid daeron. She wore an orchid garden hat accented with a deep purple ribbon. She carried a miniature bouquet identical to the one carried by the bride.

A reception followed the ceremony.

The table was covered with

Scott Lillard

Attends LCC

Scott Lillard, son of Mr. and Mrs. C.L. Lillard of Route 1, Box 13 in Friona, has enrolled for the second summer session at Lubbock Christian College.

Lillard is a 1973 graduate of Friona High School. At LCC he is a freshman business administration major and is active in the LCC Aggie Club and a member of the varsity track team.

LCC is now a fully accredited senior college offering liberal arts and pre-professional programs.

white lace over an orchid cloth and was centered with a single white carnation tied with a purple ribbon in a crystal bud vase.

The two-tiered wedding cake was decorated in white and edged with orchid bells and flowers. Crowning the top tier was a heart-shaped frame centered with wedding bells and bands.

The cake and purple punch were served by Beverly Duncan, Karen Box, both cousins of the bride, and Janette Lee.

Following a wedding trip to Oklahoma, the couple resides at 910 Virginia in Friona.

LARRY D. JOHNSTON

Larry Johnston

Earns Special

Honors At A & M

Larry D. Johnston of Friona has earned "Distinguished Student" ranking at Texas A&M University, announced Registrar Robert A. Lacey.

The undergraduate honor is awarded students who have excelled academically. Recipients must earn at least a 3.25 grade point ratio (out of a possible 4.0) during the most recent grading period.

"Distinguished Student" ranking is limited to 10 per cent of TAMU's undergraduate enrollment.

Johnston, a senior agricultural economics major, is the son of Mr. and Mrs. James D. Johnston of Friona.

Mr. And Mrs Gordon Stokes

White, musician; Lucy Jones, color bearer; Kate Smith, right supporter to noble grand and Thelma Jones, left supporter to noble grand.

Also, Joyce Wilkins, inside guardian; Jessie Sisk, outside guardian; Carolyn Dement, right supporter to vice grand; Ethel Bengier, left supporter to vice grand; Linda Barker, past noble grand; Lauretta Brook-

Library Board

Elects Officers

Friona's Library Board met for their regular monthly meeting at Friona Public Library on Wednesday, July 17.

Highlight of the meeting was the election of officers for 1974-75.

Mrs. J.G. McFarland presided over the meeting. Eight members were present.

New officers are Terry Brown, chairman; Mrs. J.G. McFarland, vice chairman; Mrs. Billie Fairchild, secretary and Mrs. Ethel Bengier, treasurer.

Out-going officers are Rev. Albert Lindley, chairman; Mrs. J.G. McFarland, vice chairman; Mrs. Billie Fairchild, secretary and Mrs. John Gaede, treasurer.

Friona's city commission will approve the board's election.

Committee members, whose three year terms are expiring are Mrs. Dan Ethridge, Rev. Albert Lindley and Steve

Friona Jaycee-ettes

Help Form New Club

The Friona Jaycee-ettes met Thursday, July 11 at the Friona State Bank Community Room. The four members attending were: Nita Galyon, president, Pat Cupell, Carol Dennis and Nancy Mingus.

Four Bovina Jaycee-ettes were also present. They were: Mrs. Winston Allison, Mrs. Glenden Sudderth, Mrs. Lowell Boozer and Pat Turner.

Mrs. Bill Blackburn, the area vice president from Amarillo, was the special guest speaker. The club slated several projects for the club to work on. The main project is the extension of a new club at Bovina.

On Tuesday, July 9, five Friona club members met with eight prospective new club members in Bovina at First State Bank for the purpose of establishing a club there.

Following the program, the Bovina group voted to become a Jaycee-ette chapter and accepted the constitution and by-laws.

The Bovina club met Tuesday, July 16 with prospects for twelve charter

members.

Those assisting in the organization of the Bovina club were Mrs. Albert Cupell, Mrs. Paul Galyon, Mrs. Don Dennis, Mrs. Don Gatlin and Mrs. Ernest Mingus.

Attending from Bovina were Mrs. Winston Allison, Mrs. Bob Turner, Mrs. Ken Horn, Mrs. Ronnie Sudderth, Mrs. Radford Venable, Mrs. Lowell Boozer, Mrs. Jerry Wright and Mrs. Joe Jones.

Antique Club

Met Monday

The Friona Antique Club met Monday, July 15 in the home of Orma Flippen.

The group discussed the forthcoming publication of the History of Parmer County.

Pictures of the 1966 and Maize Days parade were shown by Mrs. Flippen, as well as pictures made in the Raymond Adams and Jim Baxter homes.

Refreshments consisted of sandwiches, cheeses, jello salad, cantaloupe, apple pie, tea and coffee.

Attending were Ruth and Opel Jones, Tommy and Wanda Jones, Mrs. Jerry Zachary and children, Mrs. Lottie Bales and one guest, Mrs. Hazel Weir.

The club's next meeting will be the third week in August.

MRS. RICHARD GILMORE...Mr. and Mrs. Maynard Agee of Friona, announce the marriage of their daughter, Krystal Kay, to Richard Gilmore, son of Mr. and Mrs. John Gilmore, also of Friona. They exchanged wedding vows on Friday, July 12. Their attendants were Stella Delgado, Bovina, and Michael Anderson, Friona. The couple is now residing in Friona.

DID YOU KNOW THAT VALLEY WATER DRIVE CENTER PIVOT SPRINKLERS ARE NOW AVAILABLE IN HEREFORD AND SURROUNDING AREAS?

The Valley Water Drive is the original, yet for over 20 years it has been going around producing record crops for farmers. Every year it has been improved and modified to meet new standards of performance under every conceivable condition.

Opposed to electric systems, Valley Water Drives can save you up to \$15,000 over a 10 year life span, because:

- \$3,000 to \$7,000 lower initial cost than electric systems.
- 95 per cent maintained by owner or operator due to simple mechanical construction.
- Requires no expensive service calls by highly trained and licensed technicians [necessary on electric systems]. Average yearly maintenance costs less than \$150 [quarter section].
- All parts are small and inexpensive.
- Swivel axles for towing are standard equipment.
- Valleys are run by power source already available, no additional power source required.

Valley Water Drives can make you money and pay for themselves because:

- Reduced irrigation labor costs [1 man can operate 8-10 Valleys].
- Water applied to crops at the right time boosts yields.
- Fertilizer can be applied through the system.
- Valley Sprinklers conserve precious water.
- Valley Water Drives are totally galvanized with a 10 year corrosion warranty.
- Valley Water Drives reduce time required to irrigate a quarter section.
- Local service and parts.

Contrary to popular belief, the Valley Water Drive Sprinklers do not require additional water pressure or gallons per minute for operation. As with all center pivots, water pressure is necessary to obtain the desired rain pattern and of course the advantage to large wells is simply to irrigate more land more rapidly. Valley Water Drives can operate on as little as 350-400 gallons per minute [depending on the land and type of crop]. The water used to drive the Valley is in itself insignificant but it is returned to the rain pattern and used to help irrigate your crop.

Valley's 10 year lease program and options such as high speed valves, reverse units, high crop tower extensions, freeze kill switches, hi-low pressure kill switches and automatic stop controls make the Valley Water Drive Sprinkler an exceptional value.

Valley Water Drive Center Pivot Sprinklers are currently available for delivery in mid August.

Bazaar Scheduled

By Bovina Club

The Bovina Jaycee-ettes, a group which organized this week that it would be permissible for two organizations, or individuals, to share a table and split the costs.

Deadline for entering the bazaar will be Friday, August 9. Tables may be reserved by sending a \$10 check or money order to Mrs. Jerry Wright, Box 275 in Bovina, or by calling Mrs. Wright or Mrs. Joe Jones at 238-1521 from 8 a.m. until 5 p.m., or 238-1337 and 238-1226 after 5 p.m.

Free space will be offered to residents of the community who wish to display, but not sell, any arts or crafts. Persons desiring further information are asked to contact Mrs. Wright or Mrs. Jones.

CowBelles

Man Booth

In Amarillo

Mrs. Lawrence Martin and Mrs. Redge Priest represented the Riata CowBelles Saturday, July 13 in Amarillo at a beef promotion booth in Sunset Center.

CowBelles from the Panhandle area set up a booth in Sunset Center for the weekend to give away literature about beef.

Five choice pieces of beef were also given away, plus two free steak dinners for two at restaurants in Amarillo.

Hundreds of people registered for the beef and were told about "Beef the Best Buy."

An Irish tramp approached a prosperous looking individual one day, soliciting alms. When he saw the man put his hand in his pocket the tramp cried out, "May the blessing of God follow you all your life." But when the wealthy one pulled out only his handkerchief, the tramp immediately added, "... and never overtake ye."

**On The Farm
In Parmer County**

By R. MACK HEALD
County Agent

MANY PRODUCERS in Parmer County have expressed concern that their corn hybrids are tasselling earlier than normal by as much as two weeks. In some instances the plant height is less than usual also. The big question is what effect on yield, if any, will result from this precocious development.

Several factors may be contributing to the early tasselling according to Dr. Frank C. Petr, Area Agronomist with the Texas Agricultural Extension Service. The main factor is early planting coupled with the relatively warm temperatures that occurred in May. In addition to long day length corn requires a specific number of heat units to pass from one development stage to the next. This season the heat units required to push the corn into the tasselling to reproductive stage were accumulated at an earlier date. Genetic factors also help to govern the earliness of tasselling and silk emergence. Some hybrids apparently are reacting to a combination of these factors.

Moisture stress will also have a tendency to speed up plant development. This is nature's way of assuring some seed production and propagation of the species under adverse conditions. Plant nutrition also has an effect on the tasselling and silking dates. Usually the presence of adequate to excess nitrogen will delay the reproductive process. A deficiency of phosphorous likewise delays reproductive development while an adequate phosphorous supply encourages silking and tasselling especially when there is a good balance with other plant nutrients.

The plants that are tasselling have already produced their full complement of leaves but they may be somewhat smaller in size and the internodes of the stem are shorter. This may have little effect on yield if a normal size ear has been initiated. Examination of the developing ear in a recent survey of several corn fields indicates that the number of kernels per ear will be about normal.

To obtain the maximum potential yield it is important to maintain an adequate moisture supply by applying nitrogen as needed. Severe moisture stress interferes with pollen production and release. Without adequate pollen missing kernels will be evident on ears with a subsequent reduction in yield. Moisture stress may also cause wilting and drying of the silks. When this occurs before pollination, the pollen is unable to move down the silk to effect fertilization of the ovary which leads to the development of the seed.

This early reproductive development of the corn crop will have several advantages to the producer. The crop will reach its peak irrigation requirement well ahead of the sorghum crop. Earlier development also helps to evade corn borer damage and may help to reduce weather-related harvest problems.

**Research Foundation
Schedules Events**

The 18th Annual Field Day and Open House at the High Plains Research Foundation has been scheduled for Thursday, September 12. This important agricultural event is traditionally held on the second Thursday in September.

A large equipment show, along with other farm-related products, will also be on display. Anyone interested in displaying materials on this day should contact the High Plains Research Foundation, Olton Route, Plainview, or call 889-3315, Halfway, Texas.

Field tours will begin at 1:30 p.m. and continue throughout the afternoon on 20 minute intervals. There will be no stops on the tour this year, in order to allow interested persons to view as many of the research projects underway as possible. A weekly series of articles will be released to give area citizens a preview of what will be seen on the field tours.

Facilities to eat lunch will be available, and a shaded rest area will be set up for the convenience of visitors. Other information concerning Field Day will be available weekly.
