Pennsylvanian Reef Topped In NE Garza Wildcat Exploration

Continental Oil Company No. 2 Swenson Land & Cattle Company, Northeast Garza County wildcat, 20 miles northeast of Post, topped the Canyon lime reef in the Pennsylvanian at 6,843 feet, with an elevation of 2,380 feet.

That gives the prospector a datum of minus 4,463 feet on that marker.

It had penetrated to 6,862 feet in the lime and was preparing to run a drillstem test at 6,832-62 feet.

Location is 1,900 feet from north and west lines of section 43, block 2, H&G survey.

None of the formations so far penetrated by this exploration have shown any signs of production.

Glasscock Project Set To Plug Back

R. R. Herrell No. 1 Marshall Cook, Central Glasscock County wildcat, four miles west of Garden City, which developed salty-sulphur water in the Ellenburger in a drillstem test at 10,775-10,962 feet, is to plug back and test in the Spraberry sand of the lower Permian.

That formation had some interesting shows of possible production in the Spraberry sand above 9,065 feet.

None of the horizons between the Spraberry and the Ellenburger carried any indications of oil or gas.

Location is 600 feet from north and east lines of section 5, block 34, T&P survey, T-4-S.

SW Nolan Wildcat Prepares To Test

Sun Oil Company No. 1 Eunice Farramore, Southwest Nolan County wildcat, six miles southwest of Maryneal has cemented 5 1/2-inch casing at a plugged back total depth of 7,050 feet, to allow making production tests of the Caddo lime.

That section developed good shows of oil and gas in drillstem tests between 6,998 feet and 7,038 feet.

The wildcat drilled to a bottom of 7,281 feet in the Ellenburger. That formation showed slight indications of oil and gas, but it also made considerable amounts of salt water.

Operator then plugged back and set the casing to make the tests in the Caddo.

Location is 600 feet from south and 500 feet from west lines of section 55, block 1-A, H&C survey.

Terry Stepout May Be In Lime Reef

Honolulu Oil Corporation and Union Oil Company of California, one-half mile south stepout from the Union No. 1 Laura Cotten, discovery of the Brownfield, South-Canyon field in East-Central Terry County, reported a tentative, unofficial top of the Pennsylvanian lime reef at 9,225 feet on an elevation of 3,252 feet. That gives it a minus datum of 6,673 feet.

The project is at total depth of 9,940 feet and operator is preparing to core.

Union No. 1 8 1/4, a producer in the Brownfield, South-Canyon field found the top of the reef at minus 6,644 feet and is the highest well on top of the reef in the field.

Union No. 2 8 1/4, drilling well in that area, topped the reef on a minus datum of 6,667 feet.

The Honolulu venture is about five miles southeast of Brownfield and 600 feet from north and west lines of the north half of the southwest quarter of section 72, block 7, D&W survey.

It is projected to 10,500 feet to explore the producing zone found in the Union discovery.

Humble Completes E-C King Discovery

Humble Oil & Refining Company No. 69 Bateman trust, discovery in East-Central King County from the Strawn, has been completed for a daily natural potential of 136.03 barrels of 37.5-gravity oil and no water.

The potential was gauged through a 9/64-inch choke. Production (Continued On Page Eight)

Korean Problem Dumped Into Lap Of UN Assembly

NEW YORK—(P)—The United States and five other countries Monday formally asked the United Nations Assembly to take up as an urgent matter the Chinese Communist intervention in Korea.

The request was made in a telegram to UN Secretary General Trygve Lie. Diplomatic quarters said it might be taken up by the Assembly's 14-nation Steering Committee either Monday or Tuesday.

The telegram was signed by the chief delegates of the United States, Britain, France, Norway, Cuba and Ecuador. These were the six countries which sponsored the Soviet-voiced Security Council resolution calling upon the Peiping regime to withdraw its troops from Korea.

There was no indication whether the same resolution would be submitted to the Assembly or whether it would be revised in an effort to brand the Chinese Communists as aggressors. This may be decided after consultations in Washington between Prime Minister Attlee of Britain and President Truman.

Under Assembly rules, the question first must go to the Steering Committee; if this body recommends its inclusion in the agenda, it then goes before a plenary meeting of the Assembly. A two-thirds majority of the Assembly itself is required to put the issue on the work sheet for a full airing.

Midland Ministerial Association Elects Officers For 1951

The Rev. F. W. Rogers, pastor of the Church of the Nazarene, was elected president of the Midland Ministerial Association for 1951 at its annual officer election meeting held Monday morning in the First Presbyterian Church. Mr. Rogers, who succeeds Dr. R. Matthew Lynn, First Presbyterian pastor, as association president, is starting his sixth year in Midland. He long has been active in affairs of the association.

The Rev. J. B. Stewart, pastor of the Asbury Methodist Church, was named vice president, and the Rev. W. R. Mann, Presbyterian field missionary, was re-elected secretary-treasurer.

Christmas Plans
Members present at the Monday session mapped plans for the association's Christmas activities. Radio talks will be given by the Rev. Howard Hollowell, First Methodist pastor; the Rev. Robert J. Snell, Trinity Episcopal rector; and the Rev. Lewis Waterstreet, assistant pastor of the First Presbyterian Church, on December 20, 21 and 22. Special newspaper articles will be prepared by other ministers.

A Watchnight Service, open to the public will be held December 31 in the First Methodist Church, under the sponsorship of the Ministerial Association.

British Chief Arrives For Crucial Talks

WASHINGTON—(P)—British Prime Minister Attlee arrived here Monday for talks with President Truman aimed at finding a common policy in the world crisis and averting the threat of a global war.

Attlee's big, four-engined British airliner "Cathay" rolled up on the National Airport apron where President Truman, Secretary of State Acheson, Defense Secretary Marshall and other officials were waiting at about 8:45 a.m.

After the greetings, Attlee made a statement for the newsmen there. He said his aim in the talks with Truman—which are to get underway Tuesday—is to align our policies in the new and troubled situation in the world and to find the means of upholding what we both know to be right.

He accused the Communist bloc of trying to "drive a wedge between our two peoples."

A harsh, cold wind, driving low, wet clouds, swept over the port as the British and American leaders talked for a minute or so before the President returned to his waiting automobile.

Greet Officials
In the meantime, the British leader had greeted all the American officials he knew, including Acheson, Marshall and W. Averell Harriman, the President's foreign affairs adviser, and also Ambassador Sir Oliver Franks and other diplomats from the British Commonwealth countries.

Attlee looked jaunty when he stepped briskly down the stairs from the plane with hand outstretched to Truman.

From the airport, President Truman returned to his office, where he had an engagement to see Senate Democratic Leader Lucas of Illinois and other party leaders.

Truman's schedule for the day also included an early afternoon conference with Secretary Acheson. They customarily meet on Mondays to review weekend developments.

Attlee and his party of advisors went to the British Embassy.

Truman Desires 'Educational Aid' For Korean Vets
WASHINGTON—(P)—Congressional leaders Monday quoted President Truman as saying he wants veterans of the Korean fighting to have the "GI educational aid" that was given veterans of World War II.

After a White House conference, House Speaker Rayburn (D-Texas) also said Truman had urged action on legislation to:

1. Create a Civil Defense Administration.
2. Provide federal aid for training of additional medical men.

Truman signed an order last week to establish a Civil Defense Administration and appointed former Gov. Millard Caldwell of Florida to head it. But the Administration wants legislation to give the administrator much broader powers than Truman can give by executive order.

The educational benefits Truman proposes for Korean veterans allowed the veterans of World War II to return to school with tuition and basic costs paid by the government.

W. J. Tompkins Dies In Hospital

Funeral services for W. J. Tompkins, 43, will be held at 9:30 a.m. Tuesday in the Newlie W. Ellis Chapel here. Tompkins, a resident of Midland for three years, died of a heart ailment Saturday night in a Midland hospital. Interment will be at Tye, Texas.

Tompkins is survived by the widow and two daughters, Shirley Tress and Betty Sue of 1004 South Johnson Street; two brothers, T. H. Tompkins of Kingsville and Dewey Tompkins of Corpus Christi, and a sister, Mrs. G. B. Cartrell of Myrtle Beach, S. C.

The Rev. Smoot of Monahans and the Rev. A. L. Teaff of the Calvary Baptist Church here will be in charge of services.

Tompkins was employed by Guntter Construction Company as a truck driver. He had worked for Guntter six years. He came to Midland from Monahans, where he also was in the employ of Guntter.

Tompkins was admitted to the hospital Friday.

'House' Burns But No One Homeless

A house burned down Sunday in the 1700 block of West Louisiana Street but it left no one homeless.

It was vacant, firemen reported.

And, besides, it was only a child's playhouse.

Defeat, Retreat Is Bitter Pill For GI's

By HAL BOYLE

WITH AMERICAN TROOPS IN KOREA—(P)—They were coming back down the roads that led to home.

But they were coming down them in defeat instead of victory. And every mile was more bitter than the one before. For these were miles they had had to win—and now they were losing them.

And the dream of going home receded farther with each passing mile—like a mirage of heaviness fleeing a heart that no longer dared to hope.

It was a different withdrawal—different from that made last Summer by many of these same men. Then they had fallen back in the firm faith that the might of America and other lands would come in time to save them and help throw back and destroy the enemy.

Thus the American Eighth Army came back from the broken offensive launched on November 24, aiming to reach the Manchurian border and end the Korean war.

A giant yellow paw was at its back. Before it stretched only the prospect of fresh fighting in old foxholes the men would rather forget than return to.

But in retreat and defeat—as it had been in its few brief weeks of victory—it was an army to be proud of.

Seen from the air, its march held both magnificence and pathos. There was a biblical pageantry about it.

In a plane at 4,000 feet the great retreat looked like a scene from an silent movie epic or a vast and timeless tableau in colored wax.

Everything seemed frozen—gray clouds . . . the evergreen mountains . . . the yellow roads . . . the dusty battle cars . . . the whiteclouds of refugees wading the rivers or huddling together on the hills . . . the endless columns of troops in olive drab.

But as the plane came lower the tableau surged with swarming life. The battle cars became jeeps and trucks and weapon carriers and artillery pieces and trailers and ambulances carrying back wounded.

And the tiny figures became people—a tired infantryman limping behind his outfit, a shivering Korean carrying his mother on his back through knee-deep water fringed with ice, a group of soldiers from a parked convoy thawing out around a roadside fire.

AUTO HERMIT—Doctors were puzzled over how and why Edward Andras, 26, remained in his snow-bound auto for a week just 200 feet north of busy Chester Avenue in Cleveland, Ohio, apparently without any nourishment.

Andras, who thought he was in the car only one day, may have spent most of the time in a semi-conscious state brought about by hunger and freezing temperatures, doctors theorized.

New Storm Sweeps Up East Coast

An intense storm gave the weather-harried East another drubbing Monday, and 5,000 Californians were driven from their homes by flood waters.

The weather was building up a similar, but less intense, copy of the destructive storms that battered both coasts a little more than a week ago with loss of 297 lives and damages in excess of 100 million dollars.

The eastern storm was sweeping north through Virginia, bringing the prospect of five inches of snow in Central Pennsylvania and in Central and Eastern New York, except for the coastal strip. Rain was forecast for the coast. Flood threats plagued areas in Ohio, Maryland, Virginia and West Virginia.

Flood threatens West.

The Ohio River, swollen by rain and melting snow, was expected to go out of its banks in the upper Ohio Valley Monday night or Tuesday. However, the forecast of colder weather cheered lowland residents. A freeze would slow the runoff of waters.

On the West coast, flood waters poured into North Central California. (Continued On Page Nine)

Christmas Dollar Day Is Big Assist To Santa Claus

They were all out Monday—Christmas shoppers from Midland and other Permian Basin Empire cities—taking advantage of the Dollar Day specials offered by Midland merchants.

The downtown section was crowded even before the stores opened, and the shopping tempo increased as the Dollar Day progressed. Most stores were more than busy and clerks were hard-pressed to wait on the hundreds of customers who were combining Christmas and Dollar Day shopping to the satisfaction of all concerned.

Traffic was heavy throughout the day, reaching a peak during the busy noon hour. Policemen were doing an excellent job in keeping the traffic moving.

Dollar Day was a big assist to Santa Claus, as evidenced by the number of packages being carried from stores to cars by scurrying men, women and children.

Merchants, observing the crowds and listening to the jangling of cash registers, predicted the December Dollar Day will establish a new pre-Christmas shopping record here.

Everyone seemed to be in good spirits. It was a big day, a gala occasion. It was Christmas Dollar Day in Midland.

67 Billion-Dollar Budget Outlay Seen

WASHINGTON—(P)—Secretary of the Treasury Snyder said Monday government outlays may jump 50 per cent to a \$67,500,000,000 total in the next fiscal year starting July 1.

He said this may be the result of "vast increases in defense costs" that will require "very substantial tax increases."

Snyder, appearing before the Senate Finance Committee, urged enactment of President Truman's \$4,000,000,000 excess profits tax bill. He said a substitute bill recommended by the House tax-writing committee would raise only \$3,000,000,000 annually.

Police Find \$10,000 Cash, Jewelry In Car After Speeders Jailed

SHERMAN—(P)—One of two men arrested here Monday seized a policeman's pistol and attempted to break out of headquarters but was captured. In the scuffle, Patrolman Johnny Gorman suffered a broken rib.

The men were arrested for speeding but officers found about \$10,000 and a large amount of jewelry and watches in their car.

Police identified the pair as J. Paul Scott, 25, and Dan E. Scott, 21. They gave their address as "in and out of Texas." Their car bore Kentucky license plates.

Tenth Corps Faces Threat In Northeast

TOKYO—(P)—United Nations forces threw up a rear guard shield 10 miles north of Pyongyang Monday to protect their bitter retreat south through that tense former Red Korean capital.

Little fighting was reported in that northwest sector. But Lt. Gen. Walton H. Walker, U. S. Eighth Army commander, said the Red Chinese had rolled five armies of 15 divisions—up to 150,000 men—south of the Chongchon

Man Held After Fatal Accident In Stolen Truck

A Midland man was being held by authorities in Monahans Monday after one person was killed and another injured in an automobile accident there in which a truck, stolen in Midland a short time earlier, was involved.

Midland police said the truck had been taken from a service station at Wall and Colorado Streets but had not been reported stolen at the time of the accident.

Killed in the Monahans crash was Blake Dee Baker, 43, Oklahoma City. His son, 17-year-old James Baker, a passenger in the automobile, suffered multiple bruises and shock.

Monahans officers said the truck was in a collision with the Baker car after veering across the highway.

Chest Drive \$1,148 Short

Campaign workers of the 1950 Community Chest drive are looking forward to announcing: "Reached Quota!"

That would be when \$45,386 in contributions is reached.

Monday's report was \$44,238, which leaves \$1,148 to go. This is compared with the weekend report of \$44,122 and \$1,264 to go, a gain of \$116.

★ IN HOLLYWOOD ★ Even Durante Is Pug-Nosed To Screendom's New Cyrano

By ERSKINE JOHNSON NEA-Staff Correspondent HOLLYWOOD — Behind the Screen: It will make Jimmy Durante seethe, but I've got to report Jose Ferrer's nose-view of every other Hollywood actor from behind the knockwurst-shaped beaver he wears in "Cyrano de Bergerac." "Everybody else looks pug-nosed to me," he announced. Jose has been scotching all over the country getting in licks for the picture. He's cooked omelets on TV programs slanted toward housewives, stammered out plugs between commercials, and has even played stooge to a talking duck on a disk jockey program. Saw Nose To Nose On It The publicity boys dreamed up a dilly for Jose in Dallas, Texas—the presentation of one of the plastic snozes he wears in the film to the mayor. Jose took it in stride. He shrugged: "The mayor had been tipped off. He was philosophical about the whole thing. It was just one more job that he had to do."

"Only Nature Heals" Chiropractic Proves It. CAN CHIROPRACTIC CURE ME? is a question often asked. The answer is: ANYONE can get well providing there is no permanent tissue damage. The reason being, HEALTH IS THE RESULT OF NORMAL NERVE FUNCTION. To prove to yourself that this is true, look at it from this logical viewpoint: a dead body will not react to pills, poisons or adjustments. Why? Due to the fact that there is not any nerve function in a dead body. This being true, then the basis of good health is a nervous system carrying on its functions in all its phases, normally. IF YOU ARE EXPERIENCING PAIN AND DISCOMFORT IN ANY FORM, YOUR NERVOUS SYSTEM NEEDS ATTENTION. CHIROPRACTIC HAS THE FORMULA FOR CORRECTING MALFUNCTIONS OF THE NERVES. Mother, Three Small Children, Die In Fire

EMMITSBURG, MD. — (AP) — Mrs. Grace Elizabeth Willis and her three small children were burned to death Sunday when flames, thrown through a log house by an oil stove explosion, trapped them on the second floor and consumed the building. Her husband, George Bernard Willis, 71, and two of his brothers were on the first floor and escaped. Carroll Willis, one of the brothers, made it to the top of the steps in an effort to reach the trapped woman and children, but flames drove him back and he escaped by jumping from a second story window. The dead children were Richard Bernard, six, Roland Eugene, three and Charles Edward, one.

Eleanor Unaware Of Threat On Life As She Gives Talk

NEW YORK — (AP) — Mrs. Franklin D. Roosevelt spoke at the Waldorf-Astoria Hotel Sunday night—apparently unaware she had been threatened with death if she appeared. Shortly before her scheduled appearance at the annual dinner of the Beth-El Hospital, police said they received an anonymous telephone message. "A man with a gun is going to shoot Mrs. Roosevelt if she appears tonight," the caller said. Uniformed police and plainclothesmen were mobilized at nearby stations and sent to the scene. Some guarded the speaker's table, others mingled with the 1,200 guests in the ballroom, and still others manned the surrounding balconies. There was no untoward incident. On leaving, Mrs. Roosevelt was escorted to a waiting auto by five policemen and driven several blocks to her town residence at the Park Sheraton Hotel.

Flier Dies In Burning Jet Rather Than Risk Lives Of Motorists

DALLAS — (AP) — A National Guard flyer Sunday elected to die in his flaming jet fighter rather than risk the lives of scores of Sunday drivers. First Lt. James Arthur Bradley of Dallas was killed when he flew the burning plane off the Hensley Field runway and over about 100 automobiles parked at the end of the strip. He crash landed in a thinly populated area just beyond the field. Lt. Col. B. M. Taylor, base commander, said he would recommend Bradley for the congressional medal of honor because the lieutenant's action probably saved many lives. An internal explosion in the F-84 jet set it afire on the take-off. Officers watching said Bradley could have stopped this takeoff and escaped. But the automobiles, filled with spectators, were parked at the end of the runway. He flew the plane over the cars rather than risk plowing through a wire fence and into them. Bradley, 23, was a veteran of 120 combat missions in World War II. He was married and the father of two young children. He was attached to the 191st Fighter Squadron of the Texas Air National Guard.

The North Elementary Pre-School Study Group held its organizational meeting Thursday in the home of Mrs. Ted Lowe. The group is sponsored by the North Elementary Parent-Teacher Association.

Topics chosen for study during the year include "Music and the Young Child," "The Selection of Books for the Different Ages from Four to Six," "Discipline—What Is It?" "Health Problems of the Young," "Avoiding Behavior Problems," "Troubled Parents—Troubled Child," "Playthings and Play Therapy" and "Spiritual Guidance Starts Early." Later it is planned to show a film on "Human Growth."

The two principal objectives of the group, as announced by Mrs. Lowe, chairman, will be to learn more about the job of being a parent and to learn to understand children and how they develop.

Other chairmen are Mrs. Preston Lea, co-chairman; Mrs. J. J. Black, membership chairman, and Mrs. L. W. Leggett, resource material and personnel chairman.

The next meeting will be a get acquainted gathering for mothers and children to be held December 13 in the home of Mrs. J. J. Black, 801 West Kansas Street. Santa Claus will be present for the children. The regular meetings will begin in January.

Membership in the group is open to anyone who is interested. Persons wishing to join should call Mrs. Lowe.

Those attending were Gary Spivey, Evelyn Schaefer, Wardena Strauss, Bobby Stewart, Florence Marberry, Billy Pomeroy, Fred Durham, Caroline Drippelman, Julia Marberry and Anita Frizzell.

Rankin WSCS Has Special Program

RANKIN—A unique program in the form of a panel discussion was presented by the WSCS at the Methodist Church recently.

The program was a part of the study from the book, "The Christian Vocation," and the topic for discussion was "How I Can Be a Better Christian on My Job?"

Various vocations were represented by Dr. J. C. Bredehoff, physician; D. S. Anderson, banker; J. W. Robbins, rancher; Don Cochran, minister; Myrna Holman, home demonstration agent; Mrs. C. J. Molcomb, business woman; Mrs. Herbert Hurn, teacher; Mattie McDonald, telephone operator, and Mrs. D. O. McEwen, housewife.

The devotional following the panel was led by Mrs. R. H. Johnson.

Sorority Gives Tea

Beta Sigma Phi gave a tea Sunday for Mrs. Sam Preston, newly chosen sponsor of Xi Alpha Mu chapter. The tea was held in the home of Mrs. W. Iley Pratt.

The tea table was centered with an arrangement of pyracantha and foliage. Corsages of Fall flowers were worn by the house party.

Mrs. F. R. Schenck, director of the Iota Beta chapter, and Mrs. W. D. McMurry, sponsor of the Iota Beta chapter, poured.

Elizabeth Knox, Reta Beights, Mrs. Preston and Mrs. Pratt were in the receiving line. Mrs. Charles W. Reeder presided at the guest register.

All members of Beta Sigma Phi were invited.

Jamboree Scouts To Receive Gift

PHILADELPHIA —(P)— Every one of the almost 50,000 Boy Scouts who jammed nearby Valley Forge last July in Scoutdom's biggest jamboree is going to get a gift memento of the visit from the publisher of the Philadelphia Inquirer.

The Inquirer said Monday Walter H. Annenberg, editor and publisher of the Philadelphia Morning Daily, has had printed a booklet called "Jamboree 1950." It is a 48-page, leather-bound book of pictures and story recalling the events of the huge rally.

The date of distribution was not announced.

SEVEN CALL FOR DANCE — Mr. and Mrs. J. L. Daugherty and Mr. and Mrs. W. E. Chapman were hosts to the Sashaway Square Dance Club at its Friday meeting in the Midland Officers Club. Callers were Mr. and Mrs. Hal Shaner, J. L. Daugherty, B. R. Mathews, Mrs. E. W. Halfast, Mrs. Ralph Troeth and C. W. Blalock.

Theater Announces Production Staff

The production staff for "Arms and the Man," the last play of the 1950 season, has been announced by the Midland Community Theater. The George Bernard Shaw comedy will run from Tuesday through Saturday beginning at 8:30 p. m. in the City-County Auditorium. The special performance for negroes will be held at 8:30 p. m. Monday.

Baptists Attend Leadership Clinic

The Young People's Workers in the Pecos Valley Baptist Association met recently in McKinney for a leadership clinic. The clinic was conducted by Ruth Thornton, state young people's leader.

The program began at 10 a. m. with call to worship followed by a prayer by the Rev. Clifford Tension of Ozona. Mrs. Pat Watts, associational young people's secretary, gave the devotional.

Miss Thornton discussed and explained the new young people's counselor's books. After emphasizing Focus Week she gave the requirements for young people's counselors.

On display were helps of all kinds for each phase of young people's work, including programs and suggestions for parties and banquets. Fifty-eight workers registered.

Study Club To Have Christmas Meeting

The day and night groups of the Star Study Club will have a Christmas party and covered dish supper Wednesday in the home of Mrs. Jack Anderson, 1306 West Louisiana Street. Mrs. J. C. Carlson will be co-hostess. Mrs. Fred A. Wycott will be program leader.

Members are asked to bring covered dishes. And also to bring their gifts for Essie Berryhill, the study club mother in Arlington. Gifts will be wrapped and addressed for mailing at the meeting.

CITY MANAGER BACK FROM HOUSTON MEET

City Manager W. H. Oswald was back at his desk in the City Hall Monday after attending the annual conference of the Association of International City Managers, held last week in Houston. Oswald termed the Houston conclave "most worthwhile and most enjoyable."

Advertise or Be Forgotten

Stage manager for the production will be Betty Gaines. Others working behind the curtain are Stan Shaeffer and Russell Ford, construction; Bill Laird, lighting; Waring Bradley, painting; Peg Fitzgerald, Bobbie Perry, Mary Jones and Fran Schneider, costumes; Marilyn Braselton, Phyllis Gifford and Mrs. V. Midland Girl Named Dormitory Songleader

BOULDER, COLO.—Peg Minear, daughter of Mr. and Mrs. Roy Minear of Midland, Texas, has been elected songleader of Harding Hall in the freshmen women's residence halls at the University of Colorado.

She and her fellow officers are filling an increasingly important position in campus life. They are learning to handle the reins of leadership while freshmen.

Under a plan inaugurated this Fall in their residence halls, the freshmen women govern themselves almost completely. Residence hall officers, elected each quarter, deal with disciplinary problems, such as enforcing "quiet hours," plan social functions, and confer with the manager of the residence halls about housekeeping problems. They are given advice and assistance by upperclass women student directors, who live in the residence halls with them.

'United We Stand, Divided...'

This is a time for the free nations of the world to stand up and be counted. It is a new and greater test of their moral fiber than the one they met so well at the outbreak of the Korean war.

Red China's intervention in Korea is tending to divide the western powers. France and Britain, pre-occupied with their own vulnerability to attack by Russia, are not anxious to see the United States and its helpers tied up in a long war with the Communist Chinese.

Leon Dennen, foreign correspondent for NEA, reported in a recent dispatch that a split in the North Atlantic front is exactly what the Kremlin is striving for. Once the unity of the West should go, Russia would feel free to move more boldly in its course of conquest.

If, as seems likely, this is indeed the Soviet aim, the free nations must guard desperately against a break in ranks.

The Communists respect only strength and force. Where they do not meet it, they push in. The free world has the might to resist their further encroachment; but only when all its members combine in a solid front.

It is not too late to avert disaster for freedom, despite the counsels of despair heard in many quarters. The liberty-loving peoples of the earth can save their heritage if they will jointly resolve to do so, and proceed with utmost speed to carry out programs which must stem automatically from that resolve.

If any are really too weak or fearful to engage in this great enterprise, it is better that we know it now rather than count upon help we won't get.

At root this crisis is a moral one. Do people who have known real freedom prize it enough to fight for it if necessary? Or are they so beaten down by repeated wars and endless economic distress that they are content merely to live, however ignobly?

Each country must answer these questions with a clear "yes" or "no." A "maybe" isn't good enough. We need to know who is lined up on our side in this struggle.

And once the choice is made we must all face promptly and realistically the task of defending the free portions of the earth. Some crucial, fateful decisions lie ahead. The biggest is how to balance our strength between Europe and Asia. But they cannot be made with sureness until we have learned the names on the roster of freedom.

Some men call golf clubs by number and others by names we don't dare print.

Paying on the installment plan makes months seem shorter and years longer.

JACOBY ON BRIDGE

By OSWALD JACOBY

Everybody knows some bridge player who is very proud of being conservative. "When I bid 'em, I've got 'em," he will say smugly. This is very fine when our hero has the tickets. But his caution costs him a lot on certain hands, and the peculiar thing is that he will never know what he has missed. The hand shown today is a typical example.

There was nothing much to the play at five clubs. The defenders could take the trumps and the ace of diamonds, but nothing else. North and South scored 700 points for the rubber and 100 points for the trick score at five clubs. Thereupon East dismissed the hand from his mind and went on to bigger and better things.

Now let's see what might have happened if East had been less conservative. After all, East even-

usually bid three spades — why couldn't he bid three spades right over North's double? The effect of such a bid might well have been devastating.

What would South do if East jumped immediately to three spades? Could he take a chance on four diamonds? North might have a shaded takeout double, with a good heart suit (for which South had only two-card support) but poor diamonds. The hand might be a poor fit; and South's normal tendency would be to play safe by passing, especially since he was vulnerable against non-vulnerable opponents.

Suppose that three spades happened to be passed by South and West. What would North do? He would wonder whether or not he was being robbed, but he wouldn't dare investigate any further. If his partner had a poor hand, he could neither beat three spades nor make any contract of their own. So North also would play safe by passing.

West would wind up playing the hand at three spades — which he would make. It's a lot better, of course, to make a part score of your own than to let the opponents take the rubber. As a matter of fact, even if North or South closed his eyes and plunged in with a bid over three spades, West might still survive at five spades instead of giving up the rubber. He would know that East had good spades but nothing else for the immediate jump to three spades.

The sacrifice would cost only 300 points, far less than the value of the rubber. East's actual bidding suggested that he had some defensive values, so that West (who had two aces) was justified in hoping to defeat five clubs.

Confusion Muddies Record On Excess Profits Proposals

By PETER EDSON

WASHINGTON—Backtracking and confusion have muddied up the record on excess profits tax legislation. This is the number one priority business before the lame duck session of Congress.

Before the election, congressmen were all steamed up about the need for an excess profits tax. When they had to face the voters to explain why it was necessary to provide for price and wage controls, pass big military appropriation bills and extend the draft laws, then they were eager to say that they also had made provision for taxing the so-called war profiteers. Now that the election is over, there has been some hedging on the excess profits tax issue.

Looks at the record, President Truman's July 19 message to Congress, requesting income tax increases to finance the defense effort, didn't mention excess profits taxes but implied they might be needed later. Senator George and Republican Senator Millikin of Colorado proposed putting off the issue until next year. This finally carried in the Senate 43 to 36 because there was some dispute as to how much the O'Mahoney bill would raise—\$3,000,000,000 or maybe only \$30,000,000.

House Started Ball Rolling Meantime, in the House, 32 Republican congressmen signed a statement in favor of immediate passage of an excess profits tax. Rep. Herman Eberharter of Pittsburgh introduced a resolution to direct tax committees to prepare an excess profits tax for the present session of Congress. This passed by a vote of 331 to 2. The two opposed were Democrat Cox of Georgia and Nicholson of Massachusetts.

In the end, something close to the Eberharter proposal was enacted as part of the interim tax bill passed on September 22. It directed that an excess profits tax bill "shall be prepared" and "shall be reported" to the 81st Congress in session. It was further provided that this bill should be retroactive to either July 1, 1950, or Oct. 1, 1950.

Final passage of this tax bill was 328 to 7 in the House and apparently unanimous, on a voice vote. In the Senate, Representative Eberharter said he considered the votes bound the Congress to complete enactment of an excess profits tax this year.

But after election this sentiment seemed miraculously to change. Arguments on the issue, however, bowed to fairly simple concepts. In favor of the excess profits tax, it can be said that in the defense effort, some firms and individuals will make a lot more money than others. Some will lose. As a matter of justice, it is argued that when the government has to raise a lot of money from business, the people with the high incomes can best contribute more.

Good And Bad Records Against these theories have been raised what are said to be practical questions. How do you measure "excess" profits? If you figure the average income in the best three out of the last four years as a base, then some companies will have had good records and some will have had bad. The aviation industry would have a low average base in this period. Television would be high. General Motors would have a high average for a base. Ford's average would not be so high. Ford and the aviation industry therefore would have to pay more excess profits than GM.

When I had put a bullet through my hat mistakin' it for my head, an error I can't account for to this day. The Army doctor chuckled. "This cop knows his psychology better than they teach it in the medical schools." The policeman continued: "What happened to me, missin' my brains that way, was probably a miracle just like the baseball which busted your window. I've never taken a drink since. And I've lived a very useful life, if I do say it myself, just like you're goin' to. You have to go right on doin' your job whatever it is. When a miracle happens to anybody it's a sign there is something they still have to do, something important that the Almighty needs 'em for. Father Mahoney says that folks who are livin' on borrowed time like you, and me are especially useful to God because He can ask 'em to do things that are too dangerous for regular people."

WHILE he was talking the officer had found the baseball. With it in his hand he went to the window. "Hey, kids, come and get your ball—all but you, Willie. You run over to our house and bring back mother. Tell her I need a strong woman who is a good cook, a marvelous nurse and is as beautiful as a movie star. That ought to fetch her."

"Everything," declared the Army officer, "seems to be under control, soldier. We can leave now."

"I think I'll stay, sir. She's my wife and I'd like to be with her. 'Okay, son, but don't you worry. She's going to be all right. She won't do anything like that again; if she believes what the cop told her and she (will. He convinced me."

Slowly the medical officer began to fade away into the air, the way he had done when Carl, Eddie and the rest of the boys in the squad had first met him at the beach. Presently the captain wasn't there any more. Carl, Eddie and the boys were there at all to the policeman. Kirsten herself had only been aware of Carl for the moment or two when she stood between life and death.

(To Be Continued)

THE STORY: Twelve called me and a medical officer, all was confusion. And themselves in Westway, where all but one had lived before they were killed. One of the killed, Carl Peterson, goes to his wife, Kirsten, and she's her taking her own life by gas. For a moment Carl holds her in his arms, then a window is broken by keys playing baseball nearby. Carl's arms are empty.

KIRSTEN was still speaking Carl's name but the voice came from the sprawled body on the table. When she moaned pitifully and gasped for air Carl bent over her but she no longer knew what he was trying to comfort her. Through the broken window Carl could see the three little boys in a frightened huddle. They had started to run but the policeman had called them back. Carl could hear him telling them that they would have to pay for the window and never play baseball in that lot again.

"I'll get your ball for you," he promised, "but I'll not be havin' you knockin' home runs through the neighbor's plate glass."

A moment or so later he rang the doorbell, just as Max had done. When no one answered he came around to the side of the house and peered in.

He gasped but wasted no more time. For a man of his age and weight the policeman managed to climb into the room with considerable agility although he did tear his uniform trousers a little on a piece of window-pane.

It seemed as if he knew just what to do. In a matter of seconds he had the front and back doors and every window in the tiny

house open and had turned off the gas. By that time Kirsten was beginning to regain consciousness. She was trying to struggle to a sitting position. "Stay where you are, girlie," counseled the policeman. "Be quiet and you'll be all right in maybe a half hour."

"You'd better call a doctor," suggested Carl. "She ought to have medical attention."

"The cop knows his stuff. He'll take care of her okay, soldier."

CARL turned to look at the Medical Corps captain who hadn't been there a moment before. The officer smiled at him. "You asked for a doctor so I showed up. But I came principally to take care of you. I've never lost a husband yet, if I may be permitted to repeat one of the corniest cracks of my profession."

Oil Flows Through Arabian Pipe Line

SIDON, LEBANON —(AP)—The 760-mile pipe line of the Arabian American Oil Company, a monument to American engineering skill, was in business Monday.
Oil was flowing through the 3200-5000-foot construction from the rich Saudi Arabian fields to tankers in the Mediterranean off Sidon—eliminating a 3,000-mile tanker voyage from the Persian Gulf up through the Suez Canal.

FIRE DESTROYS MARANK SUNDAY SCHOOL ANNEX

MARANK, TEXAS —(AP)— Fire destroyed the Marank First Baptist Church's Sunday School annex Sunday just before the children were scheduled to enter the annex. Firemen kept the blaze from spreading to the main structure.
Deacons voted unanimously to begin replacing the burned structure at once.

AF Qualification Tests Modified

Armed Forces qualification tests for the Air Force have been modified, according to an announcement Monday by Sgt. Shelby Wheeler, head of Army and Air Force recruiting here.
Wheeler announced the lowering of required grades on the qualifying test by 10 points. This new ruling applies to men with no prior military service who are interested in joining the enlisted ranks.

These Folks Once Suffered, Too!

Mary Helen Deomes was rundown and fatigued due to a lack of Vitamins B₁, B₂, Iron and Niacin. Mrs. Verna Riley, suffered stomach distress due to a lack of Vitamins B₁, B₂, Iron and Niacin. Mr. Grady Thomas suffered from nagging pains due to a lack of Vitamins B₁, B₂, Iron and Niacin.

TODAY THEY HAVE RELIEVED THE CAUSE OF THEIR SICKNESS

Aches and Pains, Stomach Disturbances, Indigestion, Fatigue, Due to a Lack of Vitamins B₁, B₂, Iron and Niacin

Why Settle for Symptomatic Relief When HADACOL Has Helped People Like These with Such Deficiencies

Mrs. Dennis Deomes, 111 Florence Street, Hot Springs, Arkansas: "My little girl has taken four 5LS size bottles of HADACOL. She is three years old, was pale, nervous, had no appetite. Didn't care to play like other children. At night, she would awaken many times frightened and nervous. She would only sit around days and was very sick to cry. I was worried, because she was so pale and had no appetite at all. Then, I had heard of the wonders that HADACOL had done for so many people, both young and old. So I decided to give it to my little girl. I did so, and the third day after she began taking HADACOL, she was more cheerful and began to eat. She awoke hungry on the 3rd morning, and has been both eating and sleeping fine ever since, and isn't nervous at all. She is as cheerful as any child can be. Thanks to the makers of HADACOL, we are a HADACOL family. My little girl's name is Mary Helen Deomes."

Mrs. Verna Riley, 14 Missouri Avenue, Jeffersonville, Indiana: "I had been sick off and on for a long time. I am now 51 years old. After I heard about HADACOL, I have taken two bottles. I do not have that fullness in my stomach and I can eat anything I wish. I sleep much better at night now. Myself, I wouldn't do without HADACOL. My family also takes HADACOL."

Mr. Grady Thomas, Route 1, Somerville, Alabama: "My age is 59. I was sick for a long time. Could not sleep at night. After taking three bottles of HADACOL, I feel much better and now I can sleep all night. My wife says she believes I could sleep a week. I can do a full day's work on my farm. Before taking HADACOL, I couldn't work more than an hour or two at a time. I am very thankful for learning about this product."

Mrs. Marjorie Mullins, Jewellville, Virginia: "I feel like HADACOL has helped me in many ways. My health was very poor, till I decided to give it a trial. I got one economy size bottle. It helped so much, I decided I wouldn't be without it. So now I am on my 5th large bottle. Before I took it, I wasn't able to do my housework, and care for my family. Every month, I would have to give up and think I was going to die. But thanks to HADACOL, I never feel those weak spells any more. I tell my neighbors about it. I do my housework, my washing and never feel better. I am 43, but don't feel like my age is getting me down now. I am the mother of eight children and have been a widow for 10 years. I worked hard and sent my children to school, and now they are old enough to help me."

Lloyd E. Schultz, 646 Erie Avenue, Houston, Texas: "Before I took HADACOL, I did not know what it was to sleep for over an hour at night. Since using HADACOL, I sleep all night without pain. I have taken three bottles of HADACOL and the relief has been wonderful. I have started on my fourth bottle."

Mrs. C. E. Strack, 685 1/2 West Second Avenue, Pine Bluff, Arkansas: "Before using HADACOL, I was rundown, nervous, and had upset stomach. My friends could not understand the way I was acting. After I took HADACOL, I felt better than I have ever felt. I am not at all nervous and my friends have remarked at the change in me. I am forever grateful for what HADACOL has done for me. I wish to let the whole world know how much I praise HADACOL."

Bessie Hollingsworth, Box 8, Simms, Louisiana: "I am ten years old. I have been sick for a good while. I was nervous. I could not sleep at night. I did not want to study my school lessons. Then some of my friends told me about HADACOL. Now I have taken only three bottles of HADACOL. I can say that HADACOL has helped me a lot. Now, I can sleep. I am not so nervous. I do not have to get my school lessons. I want to thank my friends for telling me about HADACOL."

SENATOR DUDLEY J. LEBLANC, Whose Tireless Efforts For Relief Of Suffering, Have Brought Humanity Today's Great HADACOL

Senator LeBlanc in all of his political activities has always championed the cause of the oppressed, and the poor and underprivileged.

He was the first candidate for Governor to advocate a specific Old Age Pension... and today in Louisiana he is known as the Father of the Old Age Pension. In the course of his long, lone fight he has had his critics, but to those who opposed him he has continually stated, "If you do not believe in Old Age Pensions, remember the motto of the Lord himself—'Honor thy Father and thy Mother that thy days may be long upon the land which the Lord thy God giveth thee.'"

Senator LeBlanc is known as a friend of the veteran. He introduced and successfully passed the law that created the State Service Commission whose duty it is to see that every service man receives his just compensation from both State and Federal governments. His activities in public life in behalf of the working man are too numerous to mention here.

It was only natural that in his sincere desire to serve the people, that Senator LeBlanc would seek and find a product that would tend to assist the poor and ailing, that would help them lead a more happy and contented life. His tireless study and effort resulted in today's wonderful HADACOL.

Why Wait? Why experiment, why give up, why suffer from a lack of Vitamins B₁, B₂, Iron and Niacin? Why not make up your mind to start taking HADACOL today with the positive assurance that it will help you if you suffer from such deficiencies or if you are simply tired and lack your money? You have to be satisfied, and since Senator LeBlanc has proven by his past activities that he is your friend, you know you can depend on what he says and what he does. Ask for HADACOL now. Trial size 5LS; large family or hospital size \$2.50.

Be sure substitutes. There's only one true HADACOL.

DADDY RINGTAIL

Daddy Ringtail And Flower In The Show

Daddy Ringtail slid down to the ground from the monkey house. The Huffen Puffen, the friendly Wolf, was waiting on the Elephant Path, and away they walked through a wonderland of snow and ice that covered the trees and bushes in all the forest.

The sun twinkled and sparkled with a blinding light as from a thousand diamonds. Everything was

coated with ice, and bent almost double beneath it. Once in a while a breeze came to rattle the leaves and branches together—cracking the ice in little pieces. So the world that day was strange and beautiful and glittering cold.

Well, then, you can imagine Daddy Ringtail's surprise when suddenly beside the Elephant Path—there on a patch of ground where there was no snow—a flower was growing as merrily as

had the flowers escaped the cold? The reason is something that may be will sound even as strange as the flowers themselves, but I'll tell you about it just the same.

Boiling water came up from down inside the earth. It bubbled along through a cave in the earth just close enough to the top of the ground to warm the air and melt the snow and bring forth flowers like a Summer day. Then the boiling water bubbled on through the cave and on back down inside the earth to be gone forever.

It wasn't play-like. It was really true. And you, when you grow up, if you haven't already, may travel to see those strange and wonderful things of all the world like flowers in the snow. Happy day!

(Copyright 1950, General Features Corp.)

though upon a Summer day. The flower was a pale yellow in the middle with petals of palest blue around it. It filled the air with the sweet smell of a meadow in the Spring.

Yes, and as our friends looked, they saw that the flower had many brothers and sisters and cousins here and there in places where the ground was bare of snow.

This was a strange, strange thing they were seeing. How could the ice be everywhere except here and there where the flowers grew? How

American Carabines Aid British Troops

SINGAPORE (AP)—British troops and security forces are using American carabines in their jungle war against Communists in Malaya.

The British bought the arms in the United States in a cash deal, but more substantial military aid may soon be forthcoming if the United States grants a "British appeal" for \$5,000,000 to buy equipment.

British officers regard the American carabine as an "A-1 weapon" in the battle against terrorists. The automatic carabines are equipped with magazines of 15 or 30 rounds of 30 caliber bullets. In addition to lightness, the barrels of the carabines are short—a decided asset for soldiers and police who often have to hack their way into jungle lairs of Communists.

King's Row

By LARRY KING

Now to go way out on a limb: The Kermit High School Yellow Jackets will win the Class A state championship.

Until we saw the Yellow Jacket team's performance against Coleman last Saturday, we were doubtful that Kermit would advance very far in the playoffs. But now we are sold on the Yellow Jackets. Not that they won by a landslide score—it wasn't that at all. The score was only 13-6. But the factor that impressed us was the way Kermit won.

First of all, the Kermit team took advantage of a break to score its first touchdown. When a Coleman punt moved short and out of bounds in the Bluecat end of the field, Kermit cranked up and drove for a touchdown.

Kermit led until the fourth quarter, when Coleman's spread formation clicked off enough passes to drive for a tie score.

Then with the score tied at 6-6, Kermit drove 73 yards along the ground for a touchdown. During this winning drive the Yellow Jackets picked up seven straight first downs. Prior to the drive they had only four for the day.

—KR—
That was the thing that made us think the Kermit team will go places—it drove back when it had to for an important six points.

There was nothing flashy or sensational about the winning touchdown. The formula was simple. First Rick Spinks, then Wayne Culvahouse and Pat Haygood would blast into the line and come out with four to 13 yards. The Kermit line was doing something it hadn't done all day—opening holes in the Coleman forward wall—because it had to do so in order to win.

Kermit is powerful and fast enough. It has no passing game to speak of. But if it can grind out the yardage a la Midland Bulldogs as it did in the final minutes against Coleman, it will need no passing. The winner of the Yellow Jacket-Levelland game this week will go all the way.

Coleman had a fine boy in Billy Baker, senior quarterback. Baker completed 17 of 33 passes—and but for the inability of his receivers to hang onto the ball would have completed many more.

The Bluecats ran a spread formation that had Kermit in a stew. They spread their ends and backs from sideline to sideline. Baker was alone in the slot behind center. He had to get the ball off in a hurry as the Kermit forwards were rushing him badly. But he would flip the ball to a short man and usually find a teammate open. The gains were short, averaging about six yards. But they paid off in a lot of yardage. Licked in manpower, the Bluecats turned to trickery—and almost pulled one out of the fire.

—KR—
There was quite a bit of confusion in the polling of sport scribes of District 3-AA for the loop's all-district team. All the papers ran an all-district eleven and some of the writers sent different selections to each paper.

It seems that in order to be diplomatic, the scribes would send names of several Midland boys to the Midland paper, several Odessa boys to the Odessa newspaper, and so on. Midland placed four men on the eleven with that prevailing—Lamesa placed four in its paper. The Tornados only got two, the way scribes sent their votes in here.

So the typewriter boys were to send in their official votes Monday—and send the same list to every paper in order to avoid confusion that cropped up last week.

—KR—
DOTS AND DASHES—Levelland, the team opposing Kermit in the Class A quarter-finals this week dropped its first two ball games of the year. . . . Both were to District 5-A elevens. . . . Seminole turned the trick 7-0. . . . Pecos beat 'em 18-0. . . . Kermit took Pecos 20-12 and smacked Seminole 27-0. . . . But fans say the Levelland team has improved a lot. . . . Kyle Rote was placed on Look magazine's All-America eleven. . . . Grantland Rice picked the Look mythical eleven. . . . Stanton and Rochester will play their regional championship battle in Abilene Friday. . . . Kickoff time is 2:30 p.m. . . . We can't help pointing this out: Our frantically futile football forecast called the turn on all nine games we ventured a prediction on last week. . . . And we hit the 21-0 Port Arthur-Port Neches score right on the nose. . . . Maybe we should quit while winning. . . . Dunny Goode snagged four important passes for the H-SU Cowboys in the 28-13 upset of Texas Tech last Saturday. . . . The end of the Row!

Baytown At Port Arthur Top Tilt On AA Schedule

By HAROLD V. RATLIFF
Associated Press Sports Editor

Port Arthur's mighty Yellowjackets, basking in the No. 1 rating all season, meet the toughest foe they could have picked in the feature battle of the Class AA school-boy football state playoff this week.

The undefeated, untied Yellowjackets clash with hard-riding Baytown at Port Arthur Friday night. Baytown lost its first game but since then has been a powerhouse, scoring more points than any other team in the playoff first round.

Port Arthur is one of four undefeated, untied teams left in the state. Pampa, Breckenridge and Texarkana are the others.

Pampa and Breckenridge will be favored to reach the semi-finals of the upper bracket (the top eight districts) but it is not possible for Texarkana and Port Arthur to do that in the lower bracket. These two teams, if victorious in the first round, will clash in the quarter-finals.

Texarkana plays Conroe at Conroe Friday night. Pampa engages Wichita Falls, the defending state champion, at Wichita Falls Saturday. Breckenridge engages San Angelo at San Angelo Saturday.

Austin (EP) At Lubbock
The first round playoff schedule: Friday—Temple at Austin, Texarkana at Conroe (night), Baytown at Port Arthur (night), Alice at Harlingen (night), Saturday—Pampa at Wichita Falls, Austin (El Paso) at Lubbock.

20 Golden Gloves Regional Centers Set Up For 1951

FORT WORTH — (AP)— Twenty regional centers, one less than last year, have been set up for the 1951 Texas Golden Gloves program. Luffkin will not stage a tournament this year, but fighters from that area will compete in the Houston meet sponsored by the Houston Post.

The 20 centers are: Abilene, San Angelo, Bryan, Amarillo, Austin, Beaumont, Brownwood, Corpus Christi, Dallas, El Paso, Fort Worth, Harlingen, Houston, Lubbock, Odessa, Paris, San Antonio, Tyler, Waco and Wichita Falls.

The state meet will be held February 14, 15, 16, 17 and 18 at Will Rogers Memorial Coliseum here.

The eight Texas winners will be sent to the Chicago Tournament of Champions in February.

Snead Sacks Top Money Of \$2,000 In Miami Tourney

MIAMI, FLA. — (AP)— The remarkable Sammy Snead, golf's big money man, has added another \$2,000 to his 1950 winnings to clinch again the title of top money winner of the year.

The White Sulphur Springs, W. Va., veteran racked up his eleventh major victory of the year Sunday as he coasted to a five-stroke win in the \$10,000 Miami Open Golf Tournament with a 13-under-par 287.

The \$2,000 top money brought to \$35,788.83 Snead's official PGA winnings for the year. In addition, he has won \$7,067.50 from unofficial tournaments, another \$12,000 from exhibitions and another \$35,000 or \$40,000 from various enterprises—including his syndicated newspaper column.

A pair of young up-and-coming pros, Jack Burke, Jr., and Dick Mayer, deadlocked for second place at 272.

Purple Cagers To Play Crane Tuesday

With an eye toward the opening game Tuesday night against the Crane Golden Cranes, the Midland Bulldog basketball squad ripped through a workout Friday and rested over the weekend.

The Bulldog hoopers were to return to the court Monday in a light workout before the game with Crane. Crane has been known for its tough teams in the past and Coach Red Rutledge expects to find a rugged foe in the Crane five Tuesday night.

Coach John Higdon's "B" eleven will see action against the Golden Crane "B" at 6:30 and the varsity tilt will follow.

Five lettermen will lead the Purple cagers in the 1950-51 curtain-raiser. They are Centers, Ralph Brooks and Corby Moss, Guard Reed Gilmore and Forwards Buddy Johnson and Norman Drake.

Seven Undelected Class A Outfits In Quarter-Final Tilts

By The Associated Press

Seven unbeaten teams and one that came back from defeat are in the quarter-finals of the Class A high school football race.

Five of the clubs boast perfect records, while New Braunfels and Wharton battled to a scoreless draw early in the season. This is the only blot on their records.

Levelland, from the High Plains of West Texas, dropped three games during its regular season. But the Lobos smashed defending state champion Littlefield in district play and have brushed easily past two playoff foes.

The quarter-final tilts are:

Levelland vs. Kermit at Odessa Saturday afternoon; Arlington vs. Mt. Vernon at Commerce Friday night; LaVega vs. New Braunfels at Waco Friday afternoon; Pearsall vs. Wharton at Pearsall Friday night.

The New Braunfels-LaVega tilt matches the two highest scoring teams in the playoff. And both boast stout defenses.

This is the third straight year New Braunfels has reached the quarter-finals. In 1948 it went to the finals before losing and last year was knocked out in quarter-final play by Mexia, the team that lost to Littlefield in the finals.

Levelland advanced by beating Shamrock last week 34-14; Kermit by trouncing Coleman 12-6; Arlington by defeating Olney 13-7; Mt. Vernon by downing Athens 31-7; LaVega by crushing Jacksonville 38-7; New Braunfels by walling Georgetown 36-6; Wharton by blanking French (Beaumont) 21-0; and Pearsall by beating Sinton 14-0.

Ezz, Barone In Title Go On Tuesday

CINCINNATI (AP)—The spotlight of the boxing world will center on Cincinnati Tuesday night as Ezzard Charles and challenger Nick Barone battle it out in the first heavyweight title fight in Ohio since 1931.

It will be the third time since 1919 a heavyweight championship bout has been held in Ohio.

On July 4, 1919, Jack Dempsey won the title from lumbering Jess Willard in Toledo in three rounds.

On July 3, 1931, Max Schmeling, then champion, knocked out Young Stribling in the fifteenth round.

When the smooth-working negro enters the ring at Cincinnati Garden Tuesday night, it will represent his fifth title defense since winning the NBA version of the championship on June 22, 1949 from Joe Walcott.

Joe Louis tried a comeback and Charles accommodated him in his last bout. He defeated the slow-gaited former champ in a 15-rounder Sept. 27, 1950.

His opponent Tuesday, the rough-and-tough Nick Barone, has the advantage of youth on his side. Barone is 24 to Charles' 29. He isn't a big fellow, however, and probably will be outwheeled by about five pounds at 180.

The odds favor Ezzie by about five to one.

Bob Smith Sacks Up SWC Rushing Lead By 500-Yard Margin

DALLAS (AP)—Five individual championships have been decided in Southwest Conference football.

Bob Smith of Texas A&M has clinched ball-carrying honors, Fred Benner of Southern Methodist is No. 1 passer, Gilbert Bartosh of Texas Christian is the total offense champion, Larry Isbell of Baylor is the top punter and Harold Riley of Baylor is the front runner in pass-receiving.

There still is a game to play—Texas vs. Louisiana State at Austin Saturday—but none of the leaderships can be changed.

Smith has romped to 1,302 yards on 199 carries and is more than 500 yards ahead of Byron Townsend of Texas, the runner-up.

Benner has completed 108 passes in 192 attempts for 1,361 yards. Isbell, in second place, has connected with 91 out of 186 for 1,220 yards.

Bartosh has rolled up 1,735 yards rushing and passing for total offense honors. Smith, the second-place man, has 1,302.

Isbell has averaged 41.1 yards on 56 kicks. Yale Lary of Texas A&M is second with 38.7 on 57 boots.

Riley has caught 35 passes for 539 yards. Benny White of Southern Methodist is second with 26 for 468 yards.

The punt-returning championship won't be settled until Saturday. Johnny Curtis of Baylor tops the field now with 12 runs for 292 yards—an average of 24.3. Lary is second with 232 yards on nine returns and Bobby Dillon of Texas is third with 259 yards on 12.

Texas A&M leads in team offense with 3,867 yards in 10 games. Southern Methodist is second with 3,619 for a like number of contests.

In defense Texas has allowed only 251 yards per game to lead the way. Baylor is second, giving up 256.8.

Captured U. S. Guns Help Chinese Baffle UN Forces In Korea

WASHINGTON (AP)—The Pentagon has been advised that the Chinese Communists used some late-model, American-made arms in turning back Gen. Douglas MacArthur's offensive in North Korea.

This was reported Monday by responsible military authorities who said the newest model 3.5-inch tank-buster bazookas were included among the identified arms of the Communists.

These had been sent to Korea by air in the early stages of the fighting to stop the tough Russian T-34 tanks which spearheaded the original North Korean invasion.

Those turned against the UN forces in recent days presumably were captured last summer when the UN was defending the Pusan bridgehead.

Reports on other arms are incomplete but officials said the Chinese are relying heavily on weapons which were made in the U. S., as well as in Russia, China and Japan. Ditto in Indochina.

The same is true of Ho Chi Minh's Red guerrillas in Indochina. It was a shell from a one-time American field gun which signaled last April the start of French retreat from the China frontier. It gave notice that Ho's forces had been supplied with artillery by their Chinese allies and Vietnam border outposts no longer could be held by lightly armed defenders.

Virtually all the U. S.-made weapons were captured from the Chinese Nationalists as they retreated from the mainland. Between V-J Day and Generalissimo Chiang Kai-Shek's withdrawal to Formosa last year, the United States gave military aid officially estimated at \$1,000,000,000.

It has been estimated that 80 percent of the Nationalists' American equipment fell into Communist hands.

Film To Be Shown At MGS Meeting

Members of the Midland Geological Society will meet in the Crystal Ballroom of Hotel Schaubauer Tuesday at 12 noon for the semi-monthly luncheon of the organization.

"High Over the Border," a sound film which dramatizes the annual migration of wild fowl and other birds over the Americas, will feature the entertainment program, J. S. Galley, program chairman said.

Max David, president of the organization will preside at the luncheon.

All Six Members Of Family Killed In Apartment Fire

STUEBENVILLE, OHIO (AP)—Because dazed parents refused to toss their four children from a second floor porch during a fire, all six perished, two neighbors said Monday.

The tragedy occurred at Dillonvale, Ohio, about 15 miles southwest of Steubenville. The entire family of John Gall, 39, proprietor of Johnny's Inn there, suffocated.

The fire broke out early Sunday in the first floor of the building, where the inn is located. Gall's family lived in the apartment of the second floor. The apartment was not damaged.

The smoke seeped up and killed Gall, his wife, Anna, 33, and children Patricia, nine, Barbara, four, Joann, six, and John, Jr., one year, as they huddled in the bedroom.

Two neighbors, Frank and Andrew Rose said they saw Gall standing on a porch on the second floor shouting for help.

"We called to John to throw us the children but he shook his head."

West Berlin Voters Again Hand Stinging Rebuff To Russians

BERLIN — (AP) — West Berlin, anti-Red political fortress 100 miles behind the Iron Curtain, knocked out communism again Sunday with a record 90.4 per cent vote in municipal elections.

Disregarding Red threats and a Communist boycott, 1,504,414 of 1,684,061 eligible Berlin voters cast their ballots, complete official returns showed.

The dominant Socialists lost a third of their previous strength to the runner-up Christian Democrats and Free Democrats. The Socialists polled 653,974 votes, the Christian Democrats 360,829, the Free Democrats 337,477.

United Front

But leaders of all three parties, headed by Socialist Mayor Ernst Reuter, pledged they would continue their three-faction city coalition as a united front against Russian aggression.

The huge turnout of Berlin voters, surpassing the 86.3 per cent who cast ballots during the Soviet blockade two years ago, astonished the Russians and the Western powers alike.

Kremlin propaganda had branded the poll "an American war election" and called on a wide slice of citizens to abstain under the implied menace of reprisals.

Cautioned by anti-Soviet leaders that "if you don't vote, you vote Communist," Berliners jammed the polls in such numbers some stations had to remain open almost an hour after closing time. Some invalids came on stretchers.

British Chief—

(Continued From Page One)

Sunday night, continued through Saturday and were expected to go on until the scheduled first session between Truman and Atilie at noon Tuesday.

Key legislators of both parties were given a separate briefing. Senate and House leaders and top men on the Foreign Relations Committee were called to the State Department at 9:30 p.m. Sunday. Grim and silent, they left for home more than an hour and a half later.

Several termed the situation "very serious" and said they had pledged not to talk to newsmen. They referred questions to the State Department, which was silent.

Danger, Uncertainty

There also was unusual activity around United Nations headquarters in New York. The U. S. alerted the UN General Assembly to be ready to deal with the intervention of Chinese Communists in Korea. The action followed a flying trip which chief U. S. Delegate Warren R. Austin made to Washington Saturday.

On every side American officials said the present situation is loaded with danger and uncertainty. There persists some talk of a slight possibility of negotiating an arrangement with the Chinese Communists if their military forces in Korea can be stopped by Gen. Douglas MacArthur's battered UN forces.

At the same time there has been increasing concern here over the evidence from Korea that huge bodies of hard driving Red Chinese troops are committed to the fight and that their purpose may well be to try to drive MacArthur's badly outnumbered units out of Korea entirely.

Alliance Under Strain

Pending some break in the military uncertainty, one way or the other, Truman and Atilie may open their talks without knowing precisely what kind of situation they will have to deal with.

What makes this doubly dangerous is that all reports from London of Atilie's mission tell of his intention to advocate that an agreement be sought with the Communists, both Chinese and Russian. That course is likely to find little favorable response in Washington.

In other words, there appears now to be the greatest strain on the Atlantic Alliance since it was formed two years ago. American officials said firmly this would not be allowed to develop into a split and that ways would be found of reconciling British and American differences.

Atilie, like the President, has made his approach to the hastily arranged Washington talks through emergency conferences with his advisers and with the French leader, Premier Rene Pleven.

They were reported to have agreed that Atilie must urge upon Truman the view that the war in Korea should be kept bottled up there at almost any cost—that is, that war with Red China must be avoided—and that the Western powers should express readiness to meet with the Soviet Union on world issues.

Diplomats here conceded that the Western Europeans, sitting behind the thin military defenses which the Russians were understandably fearful.

Yet Washington appears strongly opposed either (a) to showing any kind of weakness in relation to Korea or (b) any lack of determination to stick to the United Nations commitment there, or (c) to resume bargaining with Russia in the Big Four Foreign Ministers Council at a time when the Western powers are in a weak position.

Congratulations To

Mr. and Mrs. Woodrow A. Wilson, Route 1, Buxton, are reported to have a daughter weighing four pounds, nine ounces.

WINTER ADDS TO KOREANS' WOES—Their homes destroyed by war, Korea's thousands of refugees find existence much more difficult now that a severe winter has set in. The thinly-clad Korean woman at right must break through heavy ice on the Changjin River to get water to fill her clay jar.

Three Scientists, Two Red Leaders Face Indictments

WASHINGTON — (AP) — Three scientists who worked on the atomic bomb and two men identified as veteran Communist organizers were indicted Monday for contempt of Congress.

The indictments returned by a federal grand jury named Steve Nelson, 47, Communist Party organizer for Western Pennsylvania, who allegedly set up a Red cell in the wartime University of California Radiation Laboratory.

Marcel Scherer, 51, like Nelson linked by the House Un-American Activities Committee with Red infiltration of the radiation laboratory.

David Joseph Bohm, 33, Giovanni Rossi Lomanitz, 29, and Irving David Fox, 30, scientists who worked in the radiation laboratory in connection with development of the atomic bomb.

All five indictments were based on refusal to answer questions by the House Un-American Activities Committee.

Bleak War News Depresses Market

NEW YORK — (AP) — The bleak retreat of United Nations forces in Korea brought on a selling wave in Wall Street Monday with stock prices dropping \$1 to as much as a \$3 a share.

The flood of selling orders swamped reporting facilities right after the opening.

Down more than \$1 were U. S. Steel, General Motors, Chrysler and Southern Pacific. Off more than \$2 were Texas Company, Atlantic Refining, Goodrich and American Smelting. Loss of more than \$3 was shown by Atlantic Coast Line Railroad.

Two Persons Hurt In Traffic Crash

Two persons were injured early Monday when the automobile in which they were riding crashed into a parked truck in the 500 block of North Big Spring Street.

Treated at Midland Memorial Hospital were Steven and Clare McKee, who live at 1805 South Big Spring Street.

McKee suffered eye and chest injuries while his wife received lacerations on an ear and knees.

Good Night's Sleep On A Full Stomach

The thief who broke into Walter Burns' home Sunday night must have gotten a good night's sleep on a full stomach.

Burns, who lives at 103 North Jefferson Street, told police the thief took two pillow slips, four sheets and "four or five pounds of meat."

Wasn't Kidnaped, Just Visiting

The resident of a Midland tourist court excitedly called police early Sunday.

She reported her three-year-old daughter had been kidnaped.

The alarm was spread but the child turned up a short time later. She had been visiting with a next-door neighbor.

Stanton News

STANTON — A recent meeting was held at the courthouse to receive rural telephone applications.

The West Texas Telephone Cooperative is taking the applications to determine the number of prospective customers to be served. A. A. McKinney, president of the cooperative, stated that the REA loan to set up the telephone system can be approved as soon as enough signed applications have been filed to warrant making the loan.

Mrs. R. F. Cozby, who underwent major surgery recently, now is convalescing at her home.

An Eagle Patrol was organized at a recent meeting of the Boy Scouts here, under the direction of Scoutmaster Dee Carter. Courtney Clements and Granville Graves were appointed to lead the unit. At the next Scout meeting there will be a uniform inspection.

Mr. and Mrs. F. P. Roberts of Morton recently visited with Mr. and Mrs. E. M. Massey and Loree. Class Has Social.

The Friendship Class of the First Baptist Church held a regular monthly social at the home of Mrs. L. O. Free recently.

The son of Mr. and Mrs. L. E. Turner is in the Stanton hospital. He suffered a broken leg recently.

Fire Destroys Rex Mardi Gras Floats, Costumes

NEW ORLEANS — (AP) — A repeated general alarm fire destroyed the floats and spangled costumes of the 1951 Rex Mardi Gras parade early Monday.

The blaze that leveled the Rex organization's Mardi Gras den at Callopie and Magnolia Streets here did damage estimated at \$100,000 and sent one fireman to a hospital.

A spokesman for the organization said it would be impossible to rebuild the floats in time for the carnival parade and it was extremely doubtful if the Rex organization would appear on the streets at all next Mardi Gras.

The Rex parade usually is one of the largest and most magnificent of the carnival season. It is staged Mardi Gras Day at the height of the festival.

Changes Announced In Bus Schedules

Five changes in Greyhound Bus schedules which will affect Midlanders will go into effect Tuesday, Midland Greyhound officials announced Monday.

The two most important changes involve express buses. The east-bound bus which has been leaving the station at 1:34 p.m. will depart at 1:42 p.m. under the new schedule. This bus goes direct to Dallas.

The west-bound express for Los Angeles has been changed from 2:45 to 3 p.m. The 10:03 p.m. west-bound bus has been discontinued.

Two other minor changes have been made in the east-bound schedule. Departure time for the 2:37 a.m. bus has been re-scheduled for 1 a.m. and the 2:32 p.m. run has been discontinued.

Moscow Ambassador Flies Home For Talks

BERLIN — (AP) — Admiral Alan G. Kirk, U. S. ambassador to Moscow, stopped in Berlin Monday enroute by air to Washington for diplomatic conferences.

The ambassador said the consultations with State Department authorities would keep him in the U. S. for a month or more.

Andrews News

ANDREWS — A. L. Rhodes, Bill Betenough, Russell Fowler and Cotton Goodman, after returning from a successful hunting trip, furnished venison for a barbecue for the Brotherhood of the Church of Christ recently. J. H. Peoples, minister of the Church of Christ of Monahan, gave the invocation.

Mrs. C. L. Pool, who is moving to Goldsmith, was complimented with a coffee recently in the home of Mrs. C. L. Summerwell in the Phillips Camp. Mrs. Hugh Sawyer was co-hostess. Mrs. Pool was presented several going away presents.

Tall Tales About Texas Unnecessary, Kiwanians Are Told

Truth is stranger than fiction so Texans don't have to go around inventing tall tales about their native state.

That's the belief of Nelson Puett, who appeared Monday as the principal speaker at the luncheon meeting of the Kiwanis Club in Hotel Scharbauer.

The published and unpublished history of Texas, he said, "is so fabulous there's no reason to invent those tall tales."

Puett talked on "Unpublished Texas History" and related many incidents he had encountered but which never found their way into the history books.

He pointed out that Texas boundaries once included parts of Oklahoma, New Mexico, Kansas, Colorado and Wyoming.

"The federal government paid the state of Texas \$15,000,000," he said, "to relinquish those boundaries."

"But they did not pay one cent for Texas to relinquish its rights to territory along the Gulf Coast. This territory extends 10 1/2 miles out into the Gulf and that's why we now have the dispute over the Tidelands."

fornia and Western Nevada for the second time in two weeks. The storms and floods caused \$25,000,000 damage in this area two weeks ago.

In California, 3,000 persons were evacuated in the Linda-Hammon-ton area to nearby Marysville and 1,000 from the northern suburbs of Sacramento. Another 1,800 were evacuated or alerted in the Kings River bottomlands near Fresno.

Many of the refugees at Marysville had been driven there only two weeks ago in the previous flood.

Finish That Christmas Shopping And Get Those Packages In Mail—Advice Of PM

Finish your Christmas shopping for distant friends quickly and get the package in the mail. That's the urgent plea of Postmaster N. G. Oates.

All Christmas parcels for distant states should be in the mail Tuesday, the postmaster says. Packages for nearby points should be posted by December 9 to ensure delivery before Christmas.

December 15 is the suggested date for out-of-state Christmas cards, and a week before Christmas for last-minute local greetings.

"If everyone waits and the mailings all come in together at the last minute, we will be swamped," the postmaster declares. "In addition to heavy Christmas mailings, the post office must handle the regular mailings including increased commercial shipments at this time of year."

The postmaster advises that post office windows are most crowded at lunch time and late in the afternoon. He recommends mailing packages before 10 a.m. and between 1:30 and 3:30 p.m. to avoid long lines and aching feet.

The postmaster renewed his appeal that packages be wrapped stoutly, using stiff corrugated fiberboard, strong outer paper, and heavy twine. Fragile items must be individually cushioned in a strong box to prevent breakage.

Properly Wrapped
A package isn't properly wrapped to withstand the Christmas rush unless it can be tumbled down a chute, tossed some distance into a mail sack, and then have other loaded mail sacks piled on top of it.

As a precaution, the postmaster suggested repeating the address inside the package in case the outer wrappings get torn. However, written messages should not be placed in packages.

"Early and careful mailing is a courtesy to your post office workers, the postmaster points out.

"Early mailing is also an assurance that your Christmas gifts and cards will arrive while the Yuletide spirit is still at its height. Remember, Christmas falls on Monday this year, which means a three-day holiday for many folks!

"Few things are so pointless as a Christmas greeting received in time for New Year's, or a New Year's greeting received about the time the last fine resolution is broken and forgotten. So please mail promptly this Christmas."

'Picture Of Month' On Display At Bank Here

A beautiful and eye-appealing painting, "Ballarina," by Pal Fried, is on display as the December "Picture of the Month" at The First National Bank. Officials at the bank said the painting is attracting much favorable comment.

Born in Budapest, Artist Fried studied in Paris under Lucien Simone, before traveling for years in Spain and Africa. After his return to Paris, he concentrated upon portraiture, becoming a recognized master.

A highly versatile painter, his canvases are popular in the United States.
