Congress To Open Session Tuesday

WASHINGTON (AP) — Congress opens Tuesday what promises to be a politically charged election year session with the emotion-packed civil rights issue offering a lead to President Johnson's leadership. Johnson is expected to place heavy emphasis on passage of a broad civil rights measure opening new doors to Negroes along with an \$11 billion tax cut, health care for the elderly and other domestic proposals in his State of the Union message Wednesday.

That it was "just a beginning" of the 88th Congress and that the second session would confront them with "some of the most difficult decisions which this or any Congress is likely to be required to reach." The House Rules Committee begins hearings on civil rights Thursday. If they drag on, advocates of the bill are expected to push a discharge petition to bring it before the House. The petition had been signed by 170 of the necessary members when the House adjourned.

Multimillionaire Slain; Sister-In-Law Arrested

NEWPORT BEACH, Calif. (AP)—Police today probed the slaying of multimillionaire William W. Bartholomae, seeking to unravel the chain of events that left him stabbed to death in the blood-spattered kitchen of his luxurious bayfront home. Booked on suspicion of murdering the 70-year-old yachtsman was his brother's wife, Carmen Gallardo Bartholomae, 25, a former Spanish dancer.

a bathrobe and pajamas, entered the kitchen. Carmen was standing at the kitchen sink preparing breakfast. "He didn't look good," she said. She said she remembers holding two knives and seeing Bartholomae "tumbling" before she fainted. She remembers nothing more until she awoke later in a hospital. Informed that Bartholomae had died, Carmen told Police Chief James Glavas: "He was such a good man. He was so good to Charles and me." Carmen was hospitalized under police guard.

LBJ Returns To Pitch In On Tough Job

WASHINGTON (AP) — President Johnson was back at the White House desk today, preparing for what may be a grueling January-to-December job: Trying to get Congress to enact his legislative program. Johnson will fire his opening salvo Wednesday when he outlines his objectives in a State of the Union message. He is expected to urge the passage of key elements of the Kennedy administration program carried over from the last session—civil rights, tax reduction and health care for the elderly—and add some requests of his own.

Relaxed after a 12-day work-and-play vacation at his Texas ranch, the President scheduled a conference with Secretary of Defense Robert S. McNamara and George Bundy, presidential adviser on national security affairs. In his first days in office, Johnson was pretty much immune from political criticism. But now that the moratorium which followed President John F. Kennedy's assassination is over, political criticism is once more in vogue.

Johnson has promised economy in government without hampering the nation's space and defense efforts. Legislators will want to know how he intends to manage this.

In the last days at his ranch, the chief executive put in long hours on a budget that he has said will be in the neighborhood of \$100 billion and on his State of the Union message. How these are received may indicate how much cooperation the one-time Senate Democratic leader is likely to get from his former congressional colleagues.

Reds Elude Saigon Trap

TAN AN, Viet Nam (AP)—An estimated two battalions of Communist guerrillas slipped through encircling South Vietnamese troops before dawn today after battering back a day-long airborne assault. The Viet Cong sent a wall of machine-gun fire against U.S. helicopters and knocked out an armored personnel car before retreating from their fortifications. The crew of the car was killed by a shell from a recoilless cannon. American pilots in rocket-firing helicopters believed they killed about 60 guerrillas, although only two bodies were found. One had a Russian rifle. The Viet Cong usually remove the bodies of their dead when they retreat.

Withycombe Dies At Interstate 20

Brig. Gen. Howard James Withycombe, 47, wing commander of the 3500th Pilot Training Wing at Webb AFB, was killed instantly at 6:20 p.m. Sunday in a two-car collision on an access road 5.4 miles east of Big Spring.

Two hunting companions were injured gravely, but four young people in another car were given emergency treatment and released. Pinned in Sam Mellinger, 41, clothing store operator, suffered a badly fractured left leg, a broken arm and severe lacerations about the chin when he was pinned in the wreckage of Gen. Withycombe's Volkswagen. His condition at Malone and Hogan Foundation Hospital was described Monday morning as slightly improved but grave. Clyde Waits Jr., 59, retired jeweler, was in Howard County

Hospital Foundation with extensive head injuries. He had a comfortable night but his condition was serious. Jimmy Parks, state highway patrolman, one of the investigating officers, said Waits had been thrown out of the small car upon impact.

Occupants of the second car, a 1961 Chevrolet station wagon, escaped with minor bruises. Sandra Gross, 13, and her sister, Karen Gross, 14, were given first aid. Robert Wayne Pherigo, 13, driver of the car, and Charles Pherigo, 14, were not injured.

Parks said that his investigation showed the three Big Spring men had been quail hunting. They were en route home in Gen. Withycombe's Volkswagen. Traveling west on the northside service road, they passed through Sand Springs and approached the point where the service road feeds onto the main westbound lane of IS 20.

The four youngsters from Coahoma were traveling east on the same service road. Parks said Robert Pherigo told him that he saw the Volkswagen approaching and he believed it would come to a stop before turning south onto the highway. Instead, the two cars crashed almost head-on.

The Volkswagen was demolished. The general was apparently killed instantly. Waits was thrown out, but Mellinger was trapped in the wreckage. AMBULANCES Ambulances were called. River-Weich ambulance took Gen. Withycombe first to the funeral home and then to Webb AFB. Another ambulance took Waits to the Howard County Hospital Foundation. Mellinger was taken to Malone and Hogan Foundation Hospital in a Nalley-Pickle ambulance.

Gen. Withycombe's death was the first 1963 highway fatality in Howard County.

No Malaysia Buildup Seen

SINGAPORE (AP) — British Defense Minister Peter Thorneycroft said tonight he sees no immediate need to bring in fresh British troops to help guard Malaysia's Indonesian-threatened Borneo border.

Thorneycroft emphasized that neither will Britain seek military assistance from Commonwealth partners Australia and New Zealand.

He spoke at a news conference shortly after arriving from the Malaysian capital of Kuala Lumpur where he had urgent talks with leaders there on the tense Borneo situation.

There had been speculation Britain might strip its forces committed to the Atlantic Alliance in Europe to help meet defense commitments here and in Cyprus.

Thorneycroft said Britain plans to honor its defense obligations to Malaysia "to the hilt." He said he had no doubt about Indonesia's "aggressive role" in the Borneo regions of Sarawak and North Borneo, former British territories that joined Malaysia over Indonesia's objections last Sept. 16.

JAKARTA, Indonesia (AP)—The administration of President Sukarno had told President Johnson the Malaysian crisis forms a major obstacle to better Indonesian-American relations, highly placed sources disclosed today. The informants, who declined to be named, said the American view was conveyed in a letter from Johnson which U.S. Ambassador Howard P. Jones handed to the Indonesian leader last week. Indonesia opposes the neighboring Federation of Malaysia. The United States has declared it backs the Malaysia concept. The American view has been that the three nations involved in the crisis — Indonesia, Malaysia and the Philippines — should get together and discuss their problems in a peaceful manner.

Barry Vows Treaty Repeal 'If It's To Our Advantage'

WASHINGTON (AP) — Sen. Barry Goldwater launches his campaign for the White House tonight—after vowing that if he gets there and finds it "to our advantage" he will renounce the limited nuclear test ban treaty.

and you were able to renounce the treaty, would you do it?" he was asked. "If it appeared to be to our advantage to test in the atmosphere, yes, I would do it," he said. Despite his stand on the treaty, Goldwater said he would not close the door on disarmament negotiations with the Soviet Union.

Goldwater for demanding withdrawal if Red China is admitted, and Goldwater said the governor goes further. "He says that I have advocated getting out of the United Nations and I can't recall ever having said that."

The Arizona senator, his sights trained on the Republican presidential nomination, makes his first speech as a candidate tonight before a GOP fund-raising dinner in Grand Rapids, Mich.

Goldwater, who calls the United Nations "a debating society, at best," said in Hartford, Conn., Oct. 24 that the United States should stay in the world body and try to improve it. But he did call for withdrawal when the United Nations moved to put down the Congo's secessionist Katanga province.

Goldwater said the United States could not "live in the United Nations with the charter having been ignored if Red China is admitted." Rockefeller has criticized

Goldwater also took a crack at President Johnson, calling his government economy drive a show with little substance. "He is putting up a good front," the senator said. "The neon lights are blinking and the tilt balls are rolling, but he is not an economizer."

Goldwater, one of 19 senators who voted against ratification of the treaty that outlaws nuclear tests in the atmosphere, under water and in outer space, said in the NBC television interview program "Meet the Press" that his vote on the test ban was sound.

"I still think it is of no advantage to the United States," he said. "The treaty had more accrual of good to the Soviets than it did to the United States." "But if you were President,

Death Smashes Brilliant Career For Commander

Untimely death Sunday ended a brilliant military career for Howard J. Withycombe, who two months ago became a brigadier-general in the United States Air Force at the age of 47. He was the first commander assigned to the Webb command to wear this rank.

Withycombe, a second year man at the Air Force Academy in Colorado Springs; and his mother, Mrs. Faye Withycombe, San Jose, Calif.; a brother, Merle Withycombe, San Francisco, Calif.

Memorial services for Gen. Withycombe will be conducted in the Webb AFB chapel at 11 a.m. Wednesday, with Chaplain Benjamin F. Meacham in charge. The funeral will be held in the Air Force Academy Chapel and interment will follow at the Air Force Academy Cemetery at Colorado Springs, Colo. Exact time and date of funeral will be announced. An Episcopal minister will be in charge of these rites.

From every side came expressions of shock and grief at the general's untimely passing. Mayor George Zachariah spoke for the City of Big Spring in saying: "The city administration of Big Spring joins all of its citizens in expressing profound sorrow at the untimely passing of one of our distinguished citizens, Brig. Gen. Howard J. Withycombe.

The honor guard will be made up of cadets from the 18th Squadron and the 1st Squadron. The 18th squadron was sponsored by Gen. Withycombe; his son Keith is a member of the 1st Squadron.

Although he had been in our midst only a short time, he had exhibited the wonderful characteristics of friendliness and civic leadership, and took an interest in all our local affairs. He carried on the spirit of amicable relationship which has existed between the Big Spring civilian community and the military establishment, and his presence will be missed. Condolences are extended to all members of his family."

Pallbearers will be from both squadrons and are listed as follows: 18th Squadron Cadets Tim Brown, John Tait, Berry Cox; 1st Squadron, Cadets Edwardo Castello, Wes Darrell, Charles Miller.

Back in the States in 1946, he was pilot and operations officer for the "Brass Hat" squadron flying VIPs from Washington National Airport. The next year he went to Air Command and Staff College at Maxwell AFB, Ala. was made commandant of students and then director of flying at Mather AFB, Calif. before going to Washington in 1949 for a three-year stint in the office of the Assistant Secretary of Defense (Manpower and Personnel). The engagement was only 30 miles southwest of Saigon. It was fought in view of passengers in buses and cars along the main north-south highway. "As usual, they slipped by us last night," a Vietnamese officer said. "We just didn't have enough men to seal them in."

Honorary pallbearers are being selected. Gen. Withycombe is survived by his widow, Mrs. Audrey Lewis Withycombe, his college sweetheart; two sons, Howard J. (Jim) Withycombe Jr., a student at Texas Christian University in Fort Worth and Keith

East Germany Slams Gate Of Hope Shut

BERLIN (AP) — The East German Communists sealed the Berlin wall again today, ending 17 days of joyous family reunions and heart-breaking partings.

hopes the West Berlin government could negotiate a new agreement with the Reds in talks scheduled to start this week.

A record number of more than a quarter million West Berliners poured into the Communist zone Sunday — the last day for visits under a Christmas agreement negotiated between the West Berlin city government and the Communist East German regime. The crossings started Dec. 19.

The Western Allies, who are responsible for the security of West Berlin, have given their blessings to the talks. But they have warned Mayor Willy Brandt not to jeopardize the Western stand against recognition of the East German Communist regime.

The crush was so big that tens of thousands returning to West Berlin were still waiting at the snow-covered Communist checkpoints when the visiting period expired at midnight.

"FREE CITY" The Communists have tried to use previous talks to support their theory that there are three Germanys—East, West and a "free city" of Berlin.

Several trips Authorities said 1,318,000 permits were issued for crossings, but many West Berliners made several trips. "The honeymoon is over," observed a Westerner. But there were flickering

Court To Ponder Schools' Closing

WASHINGTON (AP) — The Supreme Court agreed today to rule on requests that it take prompt, final action to reopen public schools in Prince Edward County, Va., on a desegregated basis by next September.

The Prince Edward racial controversy has been in courts since May 1951. It was one of the original school desegregation cases decided by the Supreme Court in 1954.

In 1955 the Supreme Court returned the case to lower federal courts with instructions that they enforce with all deliberate speed the 1954 decision outlawing school segregation. More litigation followed in federal and Virginia state courts.

LONG DELAY

The Supreme Court, in an unsigned order, said that "in view of the long delay in the case" since the 1954 decision, and the importance of the questions presented, it will hear arguments March 30 on the case.

The Supreme Court's order noted it was taking this step without waiting for final action in the case by the U.S. Circuit Court.

Negro parents had petitioned the Supreme Court to dispose of all issues "in such convenient haste" as to give the county school board time to reopen schools next fall.

CASE IS RIPE

Supporting the Negro parents, the Justice Department in a memorandum to the Supreme Court said, "this case is ripe for decision now."

Atty. Gen. Robert Y. Sutton of Virginia told the Supreme Court in a brief it should abstain from action until the U.S. Circuit Court in Richmond had opportunity to take up the case again and rule on it in the light of a Virginia Supreme Court decision Dec. 2, 1962 that the state has no legal obligation to operate free public schools in Prince Edward.

Button's brief said state and county officials took the fundamental position that establishment, maintenance and operation of the public schools is a local matter.

Starr Grand Jury To Eye Shooting Of Tax Assessor

RIO GRANDE CITY, Tex. (AP)—The Starr County grand jury was sworn in today, with one task, the investigation of County Tax Assessor-Collector Juan J. Porras.

Dist. Atty. Sam Burris of Abilene said he would present the case.

Porras was found dead at his father's small home about five miles west of here.

Investigators said a shotgun was near the body. He was shot under the chin.

Justice of Peace Ignacio Gutierrez ruled the death as suicide. Porras, 47 and a bachelor, was serving his second term.

County Atty. Randall Nye said shortly after the shooting that he had some doubts about the death.

"We have doubts now," said the county attorney. "That is why we are investigating. I have been out to the scene. There are several perplexing circumstances in my mind."

Nye said his doubts were based partly on physical evidence and "knowing the background of the man."

Crisoforo Munoz, who was appointed to succeed Porras, said he had found no irregularities in the office since he had taken over.

He said representatives of the state controller's office completed an audit of state funds in the office last week and said they would make a report to their Austin headquarters.

Munoz said he had no idea what the report would say. He said he does not expect to testify before the grand jury.

Mothers March Scheduled Jan. 20

The annual Mothers March, the largest single effort of the National Foundation to solicit funds for the March of Dimes, has been set for the evening of Jan. 20.

Plans for the 1964 campaign were put into final form at a meeting of directors Friday. Numerous other programs have been scheduled to allow every person in the city to participate in the campaign in some form.

Three stalwarts of the drive will be featured Wednesday on a program scheduled by the local television station. The panel, which will tell of the work done by the National Foundation, will consist of Jim Wright, chairman of the board of directors; David Read, campaign chairman; and Don Robbins, who heads the teen-age program.

All during the month various women's clubs will hold coffees, with proceeds going to the March of Dimes. Heading this group is Mrs. Tommy Hammond, the mother of a child who was born with a heart defect. The local unit assisted the Hammonds with medical expenses by paying \$1,300 in medical bills incurred in a Houston hospital.

Another month-long activity will be a bowling tournament with proceeds going to the drive. Further information can be obtained from the Bowl-A-Rama. Mailers will be sent out Jan. 13. Another major event will be a penny parade to be held by the local television station Jan. 22. The time has not yet been announced.

High school students will canvass the city selling commercial bakery bread the afternoon of Jan. 26. Prizes will be awarded the top three salesmen.

The worthless check department in the office of Miller Harris, county sheriff, filed 20 misdemeanor check charges and three felony check cases against as many defendants in December, the monthly report of the department reveals.

There were 195 worthless checks turned in to the department for processing. The department was able to collect 111 of these checks for a 57 per cent average.

Total collections for the month were \$2,528.49 paid to the office and \$272.38 payments made directly to the merchants. This brought gross collections to \$2,800.87 for the month. This figure compares with \$4,222.96 collected in December, 1962.

Club Members Sell Stock. Four Howard County 4-H Club members came back from the Sandhills Quarter Horse and Fat Stock Show this last weekend \$1,784.88 richer than when they left earlier in the week.

The money came from the sale of four of the steers the members had exhibited. Mary Thornton's 950-pound steer sold for 45 cents a pound at the auction which climaxed the show Saturday night. She received \$427.50. Gary McNew sold his 839 pound steer for 57 cents a pound—\$478.24.

Robert Haney's 786 pound steer sold for 53 cents a pound—\$416.58—and Linda Foster received \$462.57 for her 907 steer. The price was 51 cents a pound.

P-TA Courses Enable Parents To Keep Pace

By JO BRIGHT

The National Congress of Parents and Teachers, long recognized for promoting the welfare of children and youth, has added another object to its established goals—adult education.

The congress maintains that it is not enough when parents provide a child with study table, books and other tools of learning. The missing ingredients may be incentive and inspiration.

A tendency of most parents is to make vivid comparisons to the good old days when they were a high school student. They claim to remember that they studied very hard, paid close attention, behaved themselves, and very rarely got into difficulty. A story like that is not very effective when your child views you as the bed sleeping when he gets up to go to school.

Neither is it very effective if your child rarely observes you reading a good book, or creating some art or literature. How long has it been since you wrote a poem?

A conference speaker recently noted that the meaning of the word philosopher comes from the Greek and is made up of two words, one meaning lover and the other meaning wisdom. In the original sense of being "lovers of wisdom" it is a parent's job to make their children into philosophers.

To do this they, too, must become lovers of wisdom. The first step is to become interested in learning something worthwhile. By showing an interest in good learning, children see that it means a great deal to you—that it will mean much to them.

OFFERED HERE

In Big Spring, a national policy is being followed by the National Congress of Parents and Teachers in offering adult education courses for parents who, for their own sake as well as their child's, want to keep up with a changing society.

Mrs. Hulian Harris, 2908 Cindy Lane, speaks with infectious enthusiasm of the local program. She is the Education for Family Living chairman of the P-TA City Council.

"Each Parent-Teacher Association is urged to have an Education for Family Living Chairman," she said. "They offer at least one 12-hour study course a year to their members, and more may be offered if the unit desires. Also, the city council usually offers one or two study courses each year. These courses are open to all units."

An Education for Family Living certificate is given to each member completing the study course.

The P-TA was organized nationally in 1897 and in Texas in 1909. Local records date from the time the city council was organized in 1923. Ten local units are among the 2,600 groups now active in Texas.

Available last year to the estimated 2,500 local P-TA members were courses on safety and emergency rescue, fire prevention, narcotics, obscene literature, mental health, legislation, and association history. Nine

schooled participated in the course on civil defense.

Offered, almost since the formation of the organization, are the four-hour procedure, parliamentary and leadership courses. Along with a Membership School of Instruction these courses are given at least once and usually twice a year.

Locally, there are spring and fall workshops, and the 1963 fall workshop in Colorado City drew an attendance of 89.

TYPICAL

Typical of members taking advantage of the courses is Mrs. Jesse Majors, mother of three school-age children and a member of both Boydston and Runnels P-TA units. Active for eight years, she is serving as publications chairman for the council. Mrs. Majors has accumulated almost 70 hours of study course time.

According to Mrs. Harris, the national and state P-TA magazines are excellent sources of

MR. AND MRS. CLAUDE C. KELLY

Anniversary Noted By Claude C. Kellys

STANTON (SC) — Mr. and Mrs. Claude C. Kelly, observed their 50th wedding anniversary recently with open house at their home. Married Dec. 28, 1913, the couple have lived here for most of their married life.

Hosts for the reception were their five children, Ohmer Kelly and Wallace Kelly, Stanton; Mrs. C. F. Ross, Alpine; Mrs. J. W. Stephens Jr., Abilene; and Mrs. N. M. Clark, Andrews.

The Kellys have nine grandchildren and three great-grandchildren. The refreshment table was laid with a lace cloth over gold linen and the flower ar-

rangements were of gold. The cake had the lettering of the 50th wedding anniversary. Miss Diane Stephens and Miss Kay Clark, great-granddaughters, presided at the guest book. One hundred and twenty attended.

Hosts for the reception were the late Mr. and Mrs. John Atchinson.

Kelly is the son of Mrs. J. H. Kelly and the late J. H. Kelly. Guests were from Ft. Stockton, Lamesa, Andrews, Hamilton, Abilene, Alpine, Big Spring, Electra, Lubbock, Fort Worth and San Diego, Calif.

Mrs. Bass Is Hostess For Coffee

Mrs. A. C. Bass, 106 Washington, was hostess Sunday afternoon at a New Year's Tea honoring members of Susannah Wesley Sunday school class and their guests. Calling hours were from 2:30 to 5:30 p.m.

Out-of-town guests were Mrs. Harold Robb, Dallas; Mrs. C. P. Gary, Mrs. W. R. Motley, Mrs. J. A. Sadler and Mrs. E. H. Winn, all of Colorado City.

Mrs. Bass and Mrs. Harwood Keith greeted guests as Mrs. Champ Rainwater, at the organ, presented various selections.

Refreshments were served to 50 guests. Mrs. W. E. Moren presided at the punch service and Mrs. Keith poured coffee.

A pink felt cloth decorated in pink poinsettias, green leaves and sequins covered the table. The centerpiece was a pink net pompon flanked by pink candles.

Bridge Played By Newcomers

Newcomers gathered for bridge at the Flame Room Friday evening with Mr. and Mrs. John Fry, the host couple. D. W. Johnston placed high, and low was won by Bob Parker.

Refreshments were served to 24 members in the six-table session.

The next game will be held Feb. 7 in the Flame Room, Pioneer Gas Co.

Hair Ribbons Pressed In Convenient Way

Dear Heloise:

To keep a little girl's hair ribbons always pressed when you wash them, wrap them around empty thread spools and allow them to dry that way. The ribbons are always self-pressed.

Also, it is an easier way to keep them sorted and in order, and they never get wrinkled. — Mother

I am a disgusted seamstress. I have taken out and replaced so many zippers that I would like to caution your readers to read the fine print on zippers before buying them. They often state "Iron as nylon" or "Do not use hot iron."

It might save someone not only the trouble of going to town again and trying to find a metal zipper, but the expense, time and energy of replacing it. Read your label, gals. Let's stick by each other. — Seamstress

Dear Heloise: I clean my clothespins by putting them in a pail of water and pouring half a cup of household bleach over them. I let this stand sometimes as long as overnight.

After they are bleached, put the pail under your water faucet and let the cold water run over them and tumble gently and the bleach is rinsed off. Remove and lay on newspapers. The newspaper takes up the heavy moisture. Later, put them on the clothesline to dry.

When tomatoes are plentiful, did you know that they can be frozen whole and are absolutely delicious in homemade soup? Just defrost them before placing them in the kettle. — Mrs. Een Weisz

Member Of Garden Club Is Honored

A coffee honoring Mrs. Bill Younger was held Saturday morning in the home of Mrs. Jack Cook, 1706 Harvard. The farewell affair was attended by members of the Rosebud Garden Club who presented the honoree with a silver tray.

Mrs. Younger, a long-time member of the club, will be leaving soon to join her husband who has been transferred to Abilene. He is employed by McAllister Trucking Co.

Coffee was served from a polished table where an arrangement of burgundy chrysanthemums formed the centerpiece. Appointments were of copper and china.

Mrs. Younger has been one of the most active members of the club and has served in various offices.

Chargers Ground Out 51-10 Boston Victory

SAN DIEGO, Calif. (AP)—The San Diego Chargers have established to the eminent satisfaction of most precincts, and to the acute dissatisfaction of Boston, that they are the finest team in the American Football League.

And San Diego Coach Sid Gillman declared Sunday—after the Chargers won their first AFL title by demolishing Boston 51-10—that his club wouldn't disgrace itself in a game with the National Football League champions.

To which AFL Commissioner Joe Foss added that a football World Series between the AFL and NFL champions may be only a year or two away.

For the present, the suggestion that the Chargers are ready for the Chicago Bears is likely to provoke nothing more than an interminable debate. But it was clear Sunday that the Chargers were ready for something substantially better than Boston.

The Chargers gained 610 yards rushing and passing. San Diego's Keith Lincoln, in the greatest performance ever given by an AFL running back, made 206 yards as a rusher, 123 more as a pass receiver and 20 as a passer. That gave him the astonishing sum of 349 yards gained in a single game and made him almost the unanimous choice as the game's outstanding player.

Foss, asked about the possibility of a title game between the AFL and NFL champions, told The Associated Press:

"It wouldn't surprise me if such a game were to come about within a year or two. And it wouldn't surprise me if we started playing exhibition games next summer."

Foss expected a close game Sunday. But it took the Chargers less than five minutes of the first quarter to score enough points to win.

What happened was that Boston's defense started with a red dog and wound up with a red face.

JOE FOSS

The Patriots led the league in total defense this season and had great success with the red dog or blitz rush. On a sloppy field in Boston, the Patriots contained Lincoln and Charger half-back Paul Lowe and lost to San Diego by a single point, 7-6.

But the field was dry Sunday and the Chargers quickly neutralized the blitz by using pitch-outs and lob passes to the outside. Several times the Boston rushers broke through the line beautifully, then discovered that the play was not in front of them but to the outside, where the Patriots had nobody waiting.

On such a play Lincoln took a pitchout from quarterback Tobin Rote and ran 67 yards for the second San Diego touchdown. The Chargers had the game won then, with 10:48 to play in the first period.

San Diego's defense held Boston to 75 yards rushing and to 196 yards passing. The Charger offense meanwhile, gained 318 yards rushing and 292 passing.

The Patriots led the league in total defense this season and had great success with the red dog or blitz rush. On a sloppy field in Boston, the Patriots contained Lincoln and Charger half-back Paul Lowe and lost to San Diego by a single point, 7-6.

But the field was dry Sunday and the Chargers quickly neutralized the blitz by using pitch-outs and lob passes to the outside. Several times the Boston rushers broke through the line beautifully, then discovered that the play was not in front of them but to the outside, where the Patriots had nobody waiting.

On such a play Lincoln took a pitchout from quarterback Tobin Rote and ran 67 yards for the second San Diego touchdown. The Chargers had the game won then, with 10:48 to play in the first period.

San Diego's defense held Boston to 75 yards rushing and to 196 yards passing. The Charger offense meanwhile, gained 318 yards rushing and 292 passing.

Golfdom's Kathy Whitworth

Kathy Whitworth, second leading money winner on the women's tour in 1963, will be one of two top linksters on hand Thursday at the Big Spring Country Club for a golf clinic and nine-hole exhibition match. Also present will be Carol Mann. Both girls are being sent here by the Wilson Sporting Goods Co., on whose staff they serve as advisors.

Packers Slap Browns, 40-23

MIAMI, Fla. (AP)—The No. 1 and No. 2 ground gainers of the National Football League, were called upon to run the ball only 25 times between them.

Brown gained 56 yards and Taylor 44. Both were overshadowed by Earl Gros of the Packers who netted 89 yards in 11 carries for a 7.3 average, the best of the game.

Starr, voted the day's outstanding player, hit Tom Moore with a touchdown pass that went for 99 yards to break the series record, and connected with Ron Kramer on an 18-yard scoring throw in the first quarter.

It was the Packers' first appearance in the Playoff Bowl, a consolation game between the runners-up of the NFL Eastern and Western Divisions.

Undoubtedly the most prominent peeper was Arnold Palmer. The money-winning king was just three strokes back of 34-year-old Harney.

Immediately behind the gray-haired golfer of Worcester, Mass., were Bobby Nichols and Jimmy Clark. Harney had a 54-hole score of 209, Nichols and Clark 210.

Jay Hebert was alone at 211 and then came Palmer, along with Al Geiberger and Al Balding.

Harney fired a brilliant 66 Sunday which included the biggest shot of the day, a seven-iron blast that traveled 155 yards and plopped in for an eagle two on the 14th hole.

Palmer's jinx rode again at the ninth hole, the one he took a 12 on in 1961, seven strokes over par.

But Palmer got into no more trouble and his two birdies gave him a round of 39-33-72, and a chance for today's \$7,500 first prize.

'Mud Bowl' Ends In North Winning

HONOLULU (AP)—The Hula Bowl looked more like the Mud Bowl this year, but the nation's top collegiate stars put on a first-class show anyway.

The North All-Stars, behind Penn State quarterback Pete Liske, upset the South 20-13 Saturday night as 18,177 fans braved a tropical downpour at Honolulu Stadium.

"I've never seen a field as sloppy as this one," said Len Casanova, the veteran Oregon coach. "But these kids put on an amazing game in spite of it."

There was no tarpaulin and the gridiron was a sea of mud following several rainstorms in the past three days. It rained off and on during the game.

Liske directed the North's offense most of the way and was voted as the outstanding back of the game. He completed seven passes for 99 yards and also

plunged over for his team's second touchdown which put the Northerners ahead to stay.

With Liske at the helm, the North marched 85 yards in the second quarter for a 6-0 halftime lead.

Liske hit Pitt's Paul Martha with a 14-yard pass play which carried to the eight and two plays later Michigan State's Roger Lopes, a Honolulu native, went over for the score.

The South took the opening kickoff of the second half and went 73 yards in 12 plays with Charley Taylor of Arizona State skirting end on a 26-yard touchdown run after taking a pitchout from Baylor's Don Trull.

University of Southern California's Pete Beathard kicked the extra point and the South led 7-6.

But Liske brought the North back, connecting with Burka

Martha and Ohio State's Paul Warfield on pass plays and dove over from the top for the score. The Penn State quarterback then ran into the end zone on a rollout for a two-point conversion.

The North scored again on a 10-yard pass from Purdue's Ron Digraivio to Burke early in the fourth quarter before the South tallied again late in the game due to some brilliant passing by Trull.

Replacing Beathard at quarterback, Trull hit U.S.C.'s Hal Bedsole on passes of 22 and 21 yards, then flipped a nine-yard scoring pass to the Trojan's Willie Brown.

Tempers flared on several occasions. In the final minute, Scott Appleton of Texas and Harrison Rosdahl of Penn State were ejected for fighting. Earlier, Gary Kirner of U.S.C. was sent to the sidelines for slugging Navy's Johnny Sal.

WEST POINT, N.Y. (AP)—Paul Dietzel hasn't done the job he was hired to do—crack Navy's football domination over Army. But he came close once, and he's going to have plenty of time to turn the trick.

Army has given Dietzel a new contract that makes the handsome Ohioan one of the most secure men in the precarious college coaching business.

Boxer Has High Hopes STOCKHOLM (AP)—Former world heavyweight champion Floyd Patterson today enters a road which he hopes will lead to another chance at the world heavyweight boxing title.

Patterson, who lost his title to Sonny Liston, has prepared carefully for the match against Italian heavyweight champion Sante Amonti. He has spent some weeks in the famous Swedish sports training resort of Valadalen far north where he did his roadwork, plodding through deep snow, and even went skiing for the first time of his life.

The boxing gala will start at 11 a.m. EST.

KENTUCKY SLIPS

Top Quints Fall In Court Upsets

Old Man Upset whistled Dixie Saturday night and led the Southland's top basketball powers, Kentucky and Vanderbilt, into the sea for the first time this season.

The spectre, playing havoc with national rankings for the second successive week, drew assists from Kentucky-killer Georgia Tech, 76-67 victor over the top-rated Wildcats, and Tennessee, surprise 57-55 winner over sixth-ranked Vandy.

The Kentucky and Vanderbilt setbacks in Southeastern Conference openers left UCLA, Davidson and DePaul with the only perfect records among major college fives and vaulted the Bruins, No. 2 in last week's Associated Press poll, into the heir-apparent role.

UCLA walloped Washington State, 121-77, for victory No. 11 and its 13th straight in a carry-over from last season. The Bruins' unbeaten string is the longest in the nation after Vanderbilt's run of 15 was broken by Tennessee.

Seventh-ranked Davidson defeated West Virginia, 93-82, and unsung DePaul thumped Western Kentucky, 99-82, in a bid for national acclaim.

Loyola of Chicago, replaced by Kentucky in the No. 1 spot last week, got back into the 100-plus point groove with a 127-85 romp over Morehead State. The Ramblers, No. 3 and 10-1, equalled their all-time scoring output as Vic Rouse, Jack Egan, Les Hunter and Ron Miller all hit for 20 points or more.

Fifth-ranked Michigan defeated Northwestern, 85-73, in a Big Ten opener, and Duke, No. 9, overpowered North Carolina State, 91-70, while two other members of the top ten, Cincinnati and Oregon State, were knocking each other off in a weekend set.

The fourth-ranked Bearcats, now 8-3, edged the eighth-ranked Beavers, 87-53, Friday. OSU's seven-foot Mel Combs evened matters Saturday with a 38-point performance that helped riddle Cincinnati, 82-61. Oregon State's record is 11-2.

Villanova, No. 10 and 9-1, was idle Saturday.

Dear Abby

**It's The Old
Come-On**

DEAR ABBY: A friend took me to a card reader yesterday just for fun, and I haven't been able to sleep a wink since. Although I don't have any confidence in this woman's ability to read the future, she knocked me right off my feet. She said that my husband was going to die shortly, that he had been having blackouts at work but didn't want to tell me for fear of worrying me. She said I shouldn't let on that I know because it might upset him and he might die sooner. She also said someone wished me bad luck and she could break the spell by selling me some good luck charms at \$10.00 each for myself and my children. (I didn't buy any. I think she's nuts.) She charges \$5.00 a reading. I'd like to report this woman. But where?

DISTURBED

DEAR DISTURBED: Start with your local District Attorney. The "reader" sounds like a public nuisance. The "friend" sounds like an enemy.

DEAR ABBY: I am a 14-year-old girl who has been wearing eyeglasses since I was 6. I have to wear them all the time now, for reading, writing, watching TV and for seeing things far away, too. My problem is the ugly red marks I get on my face. Do you know of any creams or treatments that will take off those terrible red marks?

MARKED

DEAR MARKED: Go to your optician and ask him to check your eyeglasses. If they fit properly, they should not make ugly red marks on your face.

DEAR ABBY: I read your reply to "JERSEY IN KOREA," who was having such a rough time being true to his wife back in the States. He must be in the Army or Air Force. I am a Marine Sgt., who is away from my family, too, and it will be a long time before I get home, but I'm not having that problem. You see, Abby, my father was on the road a lot when I was a kid and I asked him that same question. His answer to me has been my comfort these lonely nights. "Son," he said, "can you see me eating from the garbage can when I can look forward to a good meal served by your sweet and clean mother?"

Sincerely,
JIM, U. S. M. C.

DEAR ABBY: My son thinks it is improper to give his intended wife an engagement ring until after she has received her final decree of divorce from her present husband. I disagree with him, especially since they have plans to marry immediately after the decree is granted. We have decided to go along with your opinion. Thank you.

TO-BE

DEAR HAPPY: I agree with your son. Get it off your chest. For a personal, unpublished reply, write to ABBY, Box 3365, Beverly Hills, Calif. Enclose a stamped, self-addressed envelope.

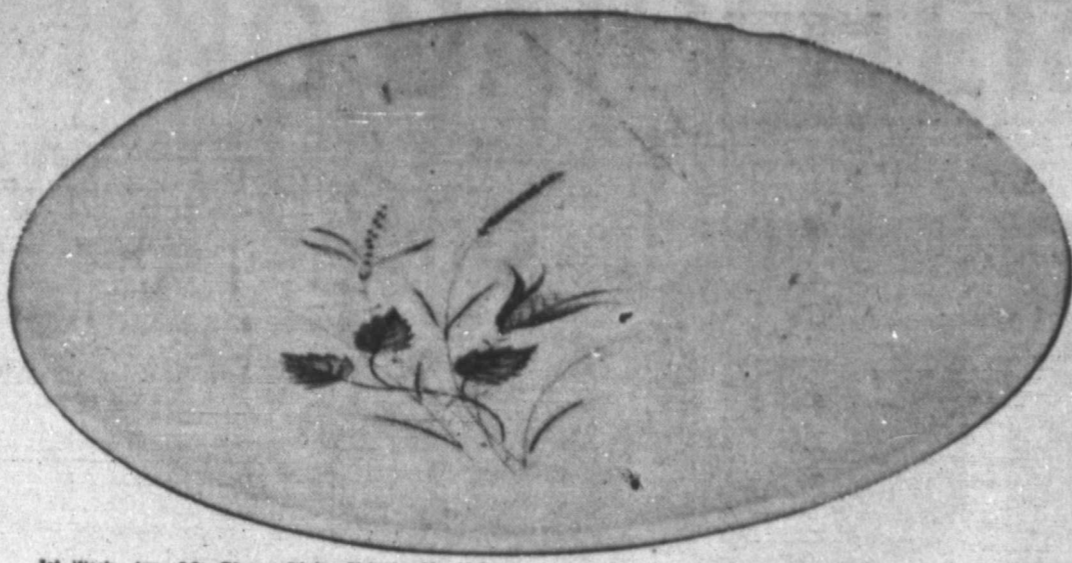

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly Hills, Calif.

**Cooley Hits
Cotton Plan**

WASHINGTON (AP)—A proposal to retire cotton acreage would seriously hurt the cotton belt extending from Virginia to Texas, Sen. Harold D. Cooley, D-N.C. said.

Cooley, chairman of the House Agriculture Committee, said the proposal by the Department of Agriculture would "wreck or severely damage the economy of many localities in the old cotton belt."

He predicted Congress would reject the proposal, announced Thursday. Cooley said the department plans to recommend a cotton acreage retirement program for 1964, 1965 and probably for 1966 in an effort to hold down cotton production and prevent a surplus buildup. He quoted a department spokesman as saying that under the program cotton producers would be paid in kind from commodity credit corporation stocks for voluntarily reducing acreage below their allotments. There would be a minimum diversion of 20 per cent and a maximum diversion of 50 per cent under the proposal, Cooley said. A farmer with 15 acres or less could place all of his allotment in the reserve.

Carl Sandburg At 86 Plans 'A Little Address To God'

FLAT ROCK, N.C. (AP)—Carl Sandburg, winner of the Pulitzer Prize in history and poetry, plans to lay aside his pen for a moment today, his birthday, "and make a little address to God, thanking Him for the 86 years."

Then, said Sandburg, he'll go back to work on the second volume of his autobiography and perhaps on some poetry.

It will be a quiet day on Sandburg's farm near Flat Rock, N.C.

U. S. Schools Spend \$21 Billion This Year

WASHINGTON (AP)—The nation will spend more than \$21 billion to educate the 41.7 million youngsters enrolled in the public schools in 1963-64, the National Education Association reported today.

The NEA's annual report on school statistics estimated there are 35,814,754 pupils enrolled in public elementary schools, 14,907,911 enrolled in public high schools, and 35,000 unclassified enrollees in grades kindergarten through 12.

The total of 41,757,665 is almost 1.5 million greater than the 40,390,049 enrolled last year.

The NEA noted there is some inflation in this figure because pupils enrolled in two or more states during the school year were counted more than once.

—The number of classroom teachers has increased by 4.1 per cent, from 1,512,653 in 1962-63 to 1,574,818 this school year.

—The average salary of classroom teachers has increased by \$231 to an annual figure of \$5,583.

—The number of high school graduates is near the 2 million mark. The NEA estimates there will be 1,947,318 graduates this year, compared with 1,732,243 in 1962-63.

Alaska, with an average of \$8,150 leads all the states in teacher salaries. The NEA said however, that because of higher living costs in the newest state, the Alaska figure is about equal to \$6,113 elsewhere.

Other leading states in average salaries are California \$7,375, New York \$7,200, Connecticut \$6,775 and Illinois \$6,645.

The lowest teacher salaries are in the South: Mississippi \$3,830, Arkansas \$4,031, South Carolina \$4,350, Kentucky \$4,400 and Alabama \$4,615.

The state-by-state figures on expenditures for pupils in average daily attendance range from a low of \$241 in Mississippi to a high of \$705 in New York.

The total outlay of \$21,201,199,000 includes \$16,896,948,000 in current expenditures, \$413,679,000 for other programs such as community services, summer schools, community colleges and adult education, \$3,211,735,000 for capital outlay and \$678,837,000 for interest on school debts.

Total expenditure on the public schools for the 1962-63 school year was \$19.7 billion.

Other highlights:

—Cost per pupil on the basis of average daily attendance is \$455 annually, \$22 higher than last year's \$433. This is in current expenditures only, and does not include capital outlay, interest on school bonds and other programs.

GENERAL CONTROL

Current expenditures include amounts spent for general control, instruction, operation, maintenance, fixed charges, and such services as health, transportation, food and attendance.

Mrs. T. A. Hickman Dies, Funeral Set Tuesday

COLORADO CITY (SC)—Mrs. T. A. Hickman, 91, pioneer Colorado City resident who came west for her health in 1905, died Sunday afternoon in the Root Memorial Hospital after an illness of several days.

Mrs. Hickman was born Sept. 9, 1872 in Georgia, but moved to East Texas as a young girl. She married T. A. Hickman in 1924 in Dallas County. Although she told of being in ill health as a youngster, she was as "bright as a button" on her 91st birthday in September, and spoke of going back to see the "red hills of Georgia." Her husband was a peace officer for many years and was city marshal at the time of his death in 1937. A son, Dick Hickman, served the city as marshal and chief of police 34 years.

Services will be held at 2:30 p.m. Tuesday at Kiker and Son Funeral Home Chapel, Fletcher Cauthen, minister of the Northside Church of Christ, will officiate, assisted by The Rev. Rush Barnett, pastor of the First Christian Church. Burial will be in Colorado City Cemetery under the direction of Kiker and Son Funeral Home.

Mrs. Hickman is survived by two sons, A. O. Hickman and Dick Hickman, Colorado City; three daughters, Mrs. Hallie Yarbrough, Albany, Ga., Mrs. Elliott B. Dixon and Mrs. Emmie Moore, both of Colorado

City; two sisters, Mrs. Mattie Rucker, Macon, Ga., and Mrs. Emma Littleton, Waco; six grandchildren and six great-grandchildren.

Phill Horton Dies Sunday

COLORADO CITY (SC)—Phill Horton 76, of Loraine, died in the Johnson Hospital in Loraine Sunday. He was born Nov. 5, 1887 in Redias but had lived in the Loraine area 43 years. He was a retired farmer and a member of the First Methodist Church in Loraine.

Funeral was to be held today at 4 p.m. at the Loraine Methodist Church, with Rev. Frank Storey, pastor, officiating. Rev. Jim Turner, pastor of the Loraine Baptist Church, will assist. Burial will be in the Loraine Cemetery under the direction of the Kiker and Son Funeral Home, of Colorado City.

He is survived by his widow, and three sons, John Horton of Corpus Christi, injured in a Saturday accident near Eden and now in a San Angelo Hospital, Robert Horton, Abilene, and Tommie Horton, Ackerly.

HOLLYWOOD (AP)—The 16-year-old daughter of actress Bette Davis was married twice in the same week—both times to the same man.

Barbara Sherry married Jerry Donahue, 27, and actress Suzanne Pleshette, 25, were married by a judge who said he hoped they "retain humor, frankness, and above all, patience."

The ceremony was performed Saturday in a Beverly Hills hotel.

Donahue met Miss Pleshette while working on a film.

TOKYO (AP)—Gen. Wallace M. Greene Jr., new commandant of the U.S. Marine Corps, told a news conference in Tokyo there are no plans to reduce or redeploy the 100,000-man corps.

A Devotional For The Day

If we walk in the light, as he is in the light, we have fellowship one with another. (1 John 1:7.)
PRAYER: Dear Father, we thank Thee for the fellowship we have with all who belong to the body of Christ. May we use every opportunity to share with others what Thou hast done in our lives. For the sake of Christ. Amen.

The Profession Loses A Leader

A severe loss to Texas, and a major one to its newspaper leadership, has occurred in the tragically sudden passing of Millard Cope, publisher of the San Angelo Standard-Times.

It is in the field of newspapering, to which he had dedicated his entire life, that Millard Cope's influence has been most widely felt. He published newspapers in four different communities, developed them into progressive voices of these respective communities, and left each place a better town than he had found it.

He had the great talent of equating any news event with the local impact, recognized that a newspaper must first serve its own area and serve it honestly and judiciously.

His rare skills were recognized in his own profession, whose members honored him with notable offices—including the presidency of the Southern Newspaper Publishers Association.

and a directorship in the worldwide Associated Press. In addition to his professional skills, he possessed a rare warmth of personality that attracted, held, and developed friendships. Millard Cope was admired by colleagues throughout the nation not only for his abilities but also for his rich and rewarding character.

A native Texan who loved his state and its heritage, Millard Cope devoted much time and energy to preservation of the state's history. While he was doing this, he was recognizing the state's potentials, and worked just as diligently to develop them.

He was blessed with foresight, a fine human understanding, and tremendous energy. He has been an honorable son of the state, and in every respect a distinguished contributor to the improvement of its journalistic voice. The profession has lost a leader.

A Year Of Flux

The past year has passed into history, in the words of C. L. Sulzberger, New York Times bureau chief in Paris, as one of drift in a world of flux.

Russia hasn't solved its basic internal difficulties, nor its external disputes with Communist powers as China and Yugoslavia, or its version of the Common Market. The United States has not solved things with a degree of finality, nor managed to resolve the situation in South Viet Nam, the Yemen mess, or crystallize relationships with either enemies or friends.

"This flux, this ebb and flow so typical of 1963," he wrote, "sweeps the world ignoring ideologies. An increasing number of statesmen resign themselves to the need to ride, not master tides."

"Communism again during the past year continued to suffer from centrifugal dissolution caused by differ-

ences in living standards among Communist countries, by the force of unquenched nationalism. Likewise, the democratic world drifted in 1963 with no firm course.

Another writer, John Chamberlain, puts his finger on what he thinks is one cause of the malaise, at least as it applies to the free world. It is, he says, too great a store being put in the "great expectations."

"What we need," he says, "is not a revolution of rising expectations but a revolution in individual accomplishments. Do what you can with what you've got' is a better slogan than 'jam tomorrow.'" He perceives that the preoccupation with expectations still has a long time to run. It is well to aim high, to expect much, but it is not wise to founder in a vague preoccupation of these ultimate goals and do little or nothing about now.

Holmes Alexander Enemies Make The Man

WASHINGTON—
"You have no enemies? . . .
If you have none,
Small is the work that you have done;
You've hit no traitor on the hip;
You've dashed no cup from perjured lip;
You've never turned the wrong to right —
You've been a coward in the fight!"

In older and better days than these, school children were taught the verities of life from jingles such as this one, source unknown. I hope Lyndon Johnson learned it in school because pretty soon in the New Year the President will have to depart from his role of the Artful Compromiser and start to break some heads. Despite the aura of unanimity that seems to prevail, the President does have his detractors. Here is what some of them are saying:

favorable press clippings. That's going to wear pretty thin after a while."

So the carping begins. Some of it is catty and niggling. Some of it is criticism in depth of the President's personality and methodology. Taken together, it shows that Johnson has his ill-wishers even at a period of political cease-fire, and it indicates they will be more numerous and vocal as the campaign year advances.

FOR IT'S HARD to see how Johnson's come-let-us-reason-together approach can indefinitely reconcile the appeasers and the actionists who are on opposite sides of the Cuban question. It doesn't seem likely that the moderates and the radicals of the Civil Rights issue can continue the truce when the bill reaches the floors of Congress. Today Johnson is pleasing the economic conservatives, and the big spenders are quiescent—but for how long?

MIDWEST REPORTER: "Oh, boy, this is going to be a long, long Administration. I trailed around with Lyndon when he took some ladies on a White House tour. We're going to get awfully tired of the Johnson spiel."

Rival columnist: "Lyndon's already beginning to tell people how much better he'll handle Latin America than Jack did."

ON THE LAST DAY of the 1963 Senate session, Aiken of Vermont remarked with asperity that the President's commission to investigate Foreign Aid, a group headed by Under Secretary of State George Ball, was a case of men investigating themselves. So, by the way, is the Federal Commission under Chief Justice Warren a case of the Federal government investigating itself on the failure to protect Mr. Kennedy's life. Senator Hruska of Nebraska was audible from the press gallery, saying something about the President running his end of Pennsylvania Avenue, and letting Congress run its end.

NOTHING, perhaps, is quite impossible to genius, and Johnson's arts of conciliation will take him a long way. But Voltaire's dictum that a man is known by the enemies he makes is still valid. Perhaps we won't know Johnson's full capacity as President until the heads begin to fall.

Billy Graham

During President Kennedy's funeral we heard a great deal of the future life. Since no one has ever died and returned to tell us what the after life is like, how can we be sure it exists.

D. C.

In the sixteenth chapter of Luke Jesus tunes us in on a conversation between two people who had died, one going to heaven, and the other to hell. One talked of the joys and comforts of heaven, the other of the torments of hell. They talked of a "great gulf" between heaven and hell, and the impossibility of passing from one to the other.

Jesus also died, arose again, and warned us of the danger of "him who is able to destroy both body and soul in hell."

MAKING IT HARD TO CLOSE THE BOOK

James Marlow Johnson's Dealings With Congress Critical

WASHINGTON (AP)—President Johnson, up against two tests since he took office, has worked on one from the beginning and starts in earnest on the second one Tuesday. His destiny is interlocked with both of them.

The first—how to keep himself in the public eye and mind, favorably, to get elected next November. President Kennedy had almost three years to do this. Johnson has less than a year. He has been working overtime at it.

The second—how to get work out of the Congress. It has been criticized for laziness and stall-

ing. It is perhaps the most criticized Congress in this century. It shows not much sign of embarrassment.

HE WILL help himself politically by staying in public view with statements, pronouncements, programs and camera appearances. He will hurt himself politically if he can't get his programs through Congress.

No wonder, if numbers are the yardstick. In the House his Democrats outnumber Republicans 256 to 178 and in the Senate 67 to 33. But at this time in American politics and history the numbers are part of a myth.

The myth is that there are only two political parties. Actually there are several, although all huddle under the test of one party or the other. Each is made up of liberals, conservatives and reactionaries.

FOR THIS reason—because the various groups shift and team up, ignoring party labels on specific issues—political programs often get ignored or slaughtered.

It is ironic that the more successful a president is—say in foreign affairs, in guiding the economy to prosperity, in giving the people through his leadership a sense of safety and well-being—the less he'll get from Congress.

The old-fashioned male who still believes woman's place is in the kitchen may be dismayed to learn that our girls spend some nine million hours a week in the nation's beauty shops.

To Your Good Health Two Major Categories Of Heart Trouble

By JOSEPH G. MOLNER, M.D.
Dear Dr. Molner: What is rheumatic heart? How does it differ from other heart trouble?
—F. S.

Rheumatic heart, belying its name, hasn't much if anything to do with rheumatism or arthritis.

There are two major categories of heart trouble, plus a number of others which aren't as frequent. The two are:

1—Blood circulation to the heart muscle is impaired, so the organ can't work as vigorously as it should. This is what causes the "heart attack" type of case.

2—The heart muscle may be essentially all right, but there is trouble in the heart itself. The valves may not be functioning properly.

Rheumatic heart is in the second category. The patient gets a streptococcus infection. The germ, before it is thrown off, may (not always does) inflame one or more of the valves in the heart. It may affect the muscle as well, at times.

Then, as the inflamed areas heal, scar tissue forms. This, in turn, prevents the valves

from opening and closing as precisely as they should. In order to pump as much blood as is needed, the heart has to work harder. In time the heart tires because of this extra load.

The damage may be small or great. The consequences of rheumatic heart may be trifling, or may be fatal. Or anything in between.

Rheumatic heart usually begins in childhood or in early life, possibly because some people are sensitive to that type of infection. But most certainly repeated attacks by the germ, repeated cases of rheumatic fever, multiply the damage.

The other main type of heart disease, involving circulation to the heart muscle through the coronary arteries (hence the term "coronary" for a sudden heart attack) is usually confined to older people.

I'll add this simile. Compare the heart to a pump supplying water to a farmhouse in the country. If valves or washers are defective, the motor of the pump has to work overtime to push enough water through the leaky system. That's rheumatic heart disease.

On the other hand, the pump itself may be good, but the electric motor which runs it has a defective winding or some faulty contacts, and can't run strongly enough. That is the second type.

If the pump part is faulty, and the motor is overloaded too much, in time the motor overheats and has trouble, too.

Dear Dr. Molner: My daughter had a cancer of the breast removed at the age of 42. Now the doctor wants to remove her ovaries, but she feels that this is too much, as she is still recovering from the first operation. Is there a greater chance of cancer in the other breast if the ovaries are not removed?
—A. K. S.

Removal of the ovaries reduces the hormone secretion—and while the sex hormones do not cause cancer, they may speed the growth if it does occur. It comes down to a matter of rather delicate judgment on the physician's part, but yes, removal of the ovaries is a wise precaution in appropriate cases.

Around The Rim Those Holiday Songs

One thing and another:
A fellow should be grateful for small favors. I got through the recent holiday season without once hearing a rendition of "White Christmas."

On the subject of Christmas songs, I see that 37,500,000 records of the number, "Rudolph, the Red Nosed Reindeer" have been sold and the fellow who dreamed it up many years ago (Johnny Marks) gets two cents for each disc.

WHEN A BOY asked his father what middle age meant, the sire put it very aptly. Said he:
"Middle-age, Junior, is when you're grounded for several days after flying high for one night."

IN COLD WEATHER, the best way to treat your car is to get in it and go. So says an automotive engineer, who should know.

The best way to warm up an engine when the temperatures are down is to run it under load at moderate speed. In other words, don't race the engine or leave it running.

THE BATTLE is joined between the

people who warn of cancer dangers and the cigarette manufacturers, who insist all such tests are inconclusive.

I've never used tobacco but they say the finest cigarettes in the world are made in this country. Having been in the presence of some tobacco users in foreign lands who pull on their own weeds, I can attest to that just by the smell.

Can you imagine the reaction then of Iranian people who were ordered not too long ago that they had to switch to home-produced brands or face arrest and prosecution.

The government passed such a law to protect the local industry and save the country's foreign exchange.

It's enough to make a body give up smoking.

A SELF TORTURE I wouldn't recommend is gazing at yourself in a three-way mirror. It only happens to me when I venture into a store to purchase or examine a piece of haberdashery but I find I never look at all like I picture myself. Why don't they build mirrors that flatter people?
—TOMMY HART

Inez Robb Lash Applied To Congress

It has been some time since I have seen a copy of Hobo News, Variety, my sorority's house organ, or the Phi Beta Kappa quarterly. But it is dollars to doughnuts that within recent issues all four have, in one way or another, put the blast on Congress.

IF NOT, they are only publications in the United States that have failed to throw a roundhouse punch at Congress within the past four or five weeks. Never before have so many tossed so much at so few. And now, as the 88th Congress begins its second session, never have so few criticism so disdainful of so much criticism from so many constituents.

Like 'Ol Man River, Congress just goes rollin' along, impervious to demands for action, speed, modernization and reform. It is as delighted with its own image as was Narcissus, who pined and died of self-love.

STRONG HINTS that this could be the fate of Congress pop up in magazines and newspapers of every shade of Democratic, and independent Republican opinion.

What was once the good, gray Saturday Evening Post (and now a tart termagant) recently cried: "The Congress of the United States is in deep trouble. More than ever before, the public attitude toward Congress is a mixture of indifference, amusement and contempt . . . when the citizens of a democracy begin to hold their legislators in contempt, democracy is itself in danger. Never before in history has Congress talked so much to accomplish so little."

holiday letter ("not printed at government expense") to his constituents says:
"The road ahead (for civil rights legislation) is still long, arduous, and full of roadblocks, not the least of which is a certain Senate filibuster early in 1964. The possibility that the House will not complete floor action this year (1963) because of the delay in the Rules Committee is another indication of the needlessly slow pace of Congress and the inadequacies of the Congressional power structure."

BUT CONGRESS listens to no one, not even its own eminent members who have been urging Congressional self-reform for years. Sen. Joseph S. Clark (D., Pa.) and Sen. Clifford P. Case (R., N.J.) have been valiantly trying to get the legislature to brace up, modernize its procedures and reform.

But if the Messrs. Clark and Case were King Canute and Congress were the sea, the new broom the two Senators propose to wield could not be more futile. Only Congress can reform itself, and its urge to self-reform is approximately that of a self-confident chorus girl who has just received her fifth diamond necklace with mink coat to match.

FOR THIS reason—because the various groups shift and team up, ignoring party labels on specific issues—political programs often get ignored or slaughtered.

It is ironic that the more successful a president is—say in foreign affairs, in guiding the economy to prosperity, in giving the people through his leadership a sense of safety and well-being—the less he'll get from Congress.

THE REASON: Congress seems to have reached a point where it is reluctant to act unless there is a crisis or unless it is under great public pressure in some particular moment of public need.

But when things are going well, in the fields outside Congress, the less action can be expected. That's about the best explanation that can be offered for congressional delay on a tax cut and civil rights in 1963.

This year being an election year there will be a special incentive for both House and Senate to do more than last year so those seeking re-election can point to something when they go to the voters next November.

IF PUBLIC confidence in the legislative process has been damaged and if Americans hold Congress in contempt it is largely because the first session of the 88th Congress conducted a silent filibuster and failed in its duty to legislate on great public issues. If the second session is as deliberately unproductive, not only will Congress be in trouble but, much more to the point, so will the nation.
(Copyright, 1964, United Feature Syndicate, Inc.)

David Lawrence 'Police State' In The District

WASHINGTON—Maybe the news ought to be hushed up, though Moscow would soon learn the truth anyhow—namely, that within the last three days a form of "police state" has been established in the District of Columbia.

The capital of the United States is supposed to be governed by laws passed by Congress. The three commissioners are appointed by the President, but they have no authority to write laws. They nevertheless have just promulgated a "law" which imposes fines and jail sentences on any citizen—whether he be a property owner or a real-estate salesman or in the real-estate business—who refuses or fails to sell or rent "housing accommodations" to "any person because of the race, color, religion or national origin of such person."

ALMOST ALL of the states of the union have not gone that far. Indeed, the Supreme Court of the United States in 1948 upheld the right of citizens not only collectively but individually to dispose of their property to whomever they pleased and to select a purchaser by any process of choice they cared to exercise.

The Supreme Court, in this case—known as Hurd v. Hodge—declared that, while a group of citizens in Washington, D. C., might enter into an agreement not to sell their property to certain purchasers, such an agreement could not be enforced in the courts on any dissenting signature. But nowhere in the case is there any prohibition against the right of an individual to sell to whomever he wishes.

amended and that the action has been rendered necessary because, among other things, there is a "clear relationship between poor housing conditions and the health and comfort of the occupants, and the effects of such conditions also constitute a danger to the property of both whites and Negroes."

The Washington "Star" says editorially:
"FINALLY, the mere existence of the district ordinance is bound to affect thinking in the suburbs to some extent. And in the final analysis, this may be the most important effect of all. For despite the injustices which no doubt exist within the District, the goal of providing more and better housing for Negroes will not be fully realized until the barriers also are relaxed to a greater degree beyond the city limits."

But the nearby states of Maryland and Virginia have not passed any law interfering with the right of citizens to use their own discretion in whatever sales of their property they may wish to make, nor is there any statute before Congress which goes that far.

Dear Dr. Molner: My daughter had a cancer of the breast removed at the age of 42. Now the doctor wants to remove her ovaries, but she feels that this is too much, as she is still recovering from the first operation. Is there a greater chance of cancer in the other breast if the ovaries are not removed?
—A. K. S.

Removal of the ovaries reduces the hormone secretion—and while the sex hormones do not cause cancer, they may speed the growth if it does occur. It comes down to a matter of rather delicate judgment on the physician's part, but yes, removal of the ovaries is a wise precaution in appropriate cases.

THE WASHINGTON "Post" in an editorial says:
"No one can expect this new law to have a sudden and radical effect upon Washington's overpriced housing market for Negroes. The uniformly white neighborhoods in the city are usually the expensive ones, and the ordinance cannot reach economic segregation."

But such a prediction now is surrounded by doubt. For if the District commissioners can pass a "law" as an amendment to "police regulations" demanding that citizens dispose of their property in accordance with the dictates of the commissioners, then there is no reason why economic help cannot be demanded by citizens who cannot afford "adequate" housing and who would be assisted through taxpayers' money made available for that purpose.

THE DISTRICT commissioners cannot, of course, disburse public funds on their own initiative. They must have a law of Congress behind them, and it seems unlikely that Congress would appropriate money to subsidize residents of the District so that individuals with low incomes may enjoy more adequate housing in the better sections of the city, where most of the government officials reside.

Pope Paul Issues Stirring Appeal For Church Unity

BETHLEHEM (AP) — In a stirring appeal from the birthplace of Christ, Pope Paul VI called today on Christians to unite and bring to all believers the "supreme blessing and honor of a united church."

As his historic three-day pilgrimage in the Holy Land neared its end, the 66-year-old pontiff issued greetings of good will to all men—Christian and non-believer. Departing from his prepared text, he called on the world's chiefs of state to press for peace.

The Pope urged Roman Catholics to do all they can to revitalize their Church in the quest for unity and appealed to non-Catholic Christians to join in the cause.

OBLIGATION

"Today the will of Christ is pressing upon us and obliging us to do all that we can, with love and wisdom, to bring to all Christians the supreme blessing and honor of a united church," he said.

The Pope journeyed the winding road from Jerusalem to Bethlehem on the Feast of Epiphany, commemorating the visit of the three Wise Men to the manger and the first manifestation of Christ to the Gentiles. Pope Paul was the first

spot where Christ was born. The Pope's voice was loud and resonant as he uttered the ancient words of the Mass. Loudspeakers carried it to the crowd in the church above and to the throng outside.

After the Mass, the Pope made his address in the presence of the 12 persons with him in the grotto. His words were carried by loudspeaker to worshippers in the Church of St. Catherine above and to the crowd outside.

"This is the historic hour in which the Church must live her profound and visible unity," the Pope said.

"It is the hour in which we must correspond with the wish of Jesus Christ that they may be perfectly one, so that the world may know, Father, that it is Thou who has sent me."

The pontiff reiterated what the late Pope John XXIII had made clear when he called the Vatican Ecumenical Council for Christian unity — that the Roman Catholic Church would not abandon what it considers basic truths.

UNDERSTANDING

"Yet we declare once again," said Pope Paul, "that we are ready to consider every reason-

Services Held Today For Angelo's Millard Cope

SAN ANGELO (AP)—Funeral services were held today for Millard Lewis Cope, 58, widely known publisher who died Saturday of a cerebral hemorrhage.

Cope, publisher of the San Angelo Standard-Times since 1962, was a director of The Associated Press. He was stricken at home as he left for work.

Rites were held at 3 p.m. in the First Presbyterian Church of San Angelo, with Dr. B. O. Wood, pastor emeritus, and Dr. Harold Odum, pastor, officiating.

Burial was held in San Angelo's Fairmount Cemetery.

A top official of the Harte-Hanks Newspapers of Texas, Cope started his career early as a paper boy in Sonora. When he was 15, he did odd jobs for a Sonora weekly, the Devil's River News, and became the town's correspondent for the San Angelo Standard-Times while in high school.

He attended Howard Payne College at Brownwood, where he was president of the Texas Intercollegiate Press Association. Cope was graduated from the University of Missouri School of Journalism in 1927.

He joined the San Angelo Standard-Times as state editor in 1928, and two years later was named publisher of the Sweetwater Reporter.

Lyndon's Backslapping Leaves Ralph Happy

AUSTIN (AP) — U.S. Sen. Ralph Yarborough, D-Tex., made no secret of the fact today he was just about the happiest unannounced political candidate in Texas.

En route back to Washington Sunday, President Lyndon Johnson stopped by Yarborough's modest tan brick home to sip coffee, shake hands with the neighbors, and pat the Texas senator on the back.

"He wished me success," Yarborough told newsmen later, a wide grin on his face. "It was a very wonderful visit. I'm very happy, very happy."

Just over a week ago there were widespread but unverified reports that Yarborough would be opposed in this year's Demo-

cratic primary by former Congressman Lloyd Bentsen Jr., Houston, who might have the support of Gov. John Connally and of Johnson.

Johnson and Yarborough feuded several years ago over federal appointments in Texas. Yarborough has said the "very violent disagreement" came about when Johnson contended he should share in patronage appointments because he was favored by Texans in 1960 for both the vice president's job and for re-election as senator.

TEXAS FIGHTS

However, on Dec. 28, Yarborough held a press conference in an Austin hotel, just a few floors above the White House staff headquarters. He said he did not think Johnson would take part in any Texas Democratic fights this year. He said he felt their relationship had improved considerably since Johnson became President.

Six days later, Bentsen announced he would not oppose

Yarborough and cancelled already completed arrangements for a statewide public relations man and a state headquarters building.

Sunday, Johnson delayed his return to Washington almost an hour while he visited the mansion and wished Connally continued quick recovery from wounds received in the assassination of President Kennedy.

Then the presidential caravan roared off to the predominantly Republican neighborhood in west Austin where Yarborough lives. He signed a long line of autograph books presented by youngsters, kissed a couple of babies, and stood in a receiving line to shake hands with about 125 of Yarborough's friends and neighbors.

HANDSHAKE

The Yarboroughs' Negro maid, Mrs. Georgia Stegger, went through the receiving line and got a handshake and a Happy New Year's wish from the President.

"That's the most wonderful pleasure I ever had," she said.

Near the end of the visit, Johnson and Yarborough stepped to one side of the room and talked in low voices. They smiled often, laughed once, and took turns clapping each other on the shoulder.

At the door, Johnson kissed Mrs. Yarborough on the cheek.

"Now Opal, don't you get out in that cold wind. You stay right here. I've had a wonderful time," he said.

The caravan roared off. Yarborough said he planned to return to Washington today for the opening of Congress.

Quiet Prevails As Auburn Integrates

AUBURN, Ala. (AP) — Auburn University's first Negro student, Harold A. Franklin, began studies today with a class in Russian history after breaking segregation barriers without trouble last weekend.

Franklin, 31, registered without incident Saturday. He spent a quiet weekend at his dormitory. A university spokesman said the 6-foot Franklin had several visitors, including some white students.

"Everything is fine," Franklin told an Associated Press reporter who telephoned him Sunday night.

Four Auburn students were suspended Sunday after state troopers caught them removing campus signs warning unauthorized persons to keep off the grounds.

Franklin got a dormitory room under an order issued Friday by U.S. Dist. Judge Frank M. Johnson Jr. in Montgomery.

The judge ordered Auburn to provide campus housing for Franklin. Johnson earlier had directed the state university to admit Franklin to its graduate school.

Franklin arrived under strict security enforced by 100 state troopers and local police officers. The only outward reaction in this east Alabama town of 18,000 was some jeers by a few students when Franklin went to the registration center.

Mexican Town Converts Water With Sun's Power

PUERTO PENASCO, Mexico (AP)—A plant to convert salt sea water into drinking water through the use of solar energy was opened Sunday in this tiny town.

Govs. Luis Encinas of Sonora and Paul Fannin of Arizona presided and cited the plant as a step in man's progress.

The plant can produce up to 8,000 gallons of water a day at a cost of between 50 cents and \$1 for each 1,000 gallons.

The University of Arizona built the \$250,000 plant in cooperation with the University of Sonora.

The water will be used by the 5,200 residents of Puerto Penasco, on the Gulf of California about 60 miles from the Mexico-Arizona border.

The town has been bringing its drinking water from Mexico, almost 200 miles away.

Commission Will Hear Six Requests

The planning and zoning commission will consider six requests for zone changes at a meeting set for 5:15 p.m. Tuesday at City Hall.

Al Mlich, agent for the Kentwood Development Corporation, has requested a change from an MF (multiple family) to an NS (neighborhood service) zone for a 150-foot tract at the southeast corner of Birdwell Lane and Twenty-Fifth Street. The property would be used for a service station.

J. Y. Robb Jr., agent for South Mountain Land Co., is asking a change from IF-2 (single family residential) to R (retail) for a 32.57 acre tract south of Marcy drive and east of US 87. A shopping center would be developed on the land.

Mrs. Samuel R. Myers is requesting a change from IF-2 (single family residential) to NS (neighborhood service) for her property facing Sixth Street and located between McEwen and Linda Lane for use as a beauty shop.

Hank McDaniel wants a change from R (retail) to PRC (planned recreational center) for a 1.78 acre tract south of Avondale Drive and east of Wasson Road for use as a miniature golf course.

W. A. Moore Jr., agent for S. A. Wilson, L. D. Rockwell and G. F. Smith, has asked for a change from GR (general residence) to NS (neighborhood service) for three tracts bordered by North Nolan, IS 20, North Goliad and Northeast Eleventh. A service station would be built on the site.

Ed Fisher has requested the commission to approve a specific use permit for a planned retail district on a one-acre tract in the 2000 block of Birdwell Lane. The affected property already has been zoned for retail, and a commercial building would be erected on the site.

Owners of property within 200 feet of the affected property have been notified of the public hearing.

Adair Attacks Raging Blaze

CARLSBAD, N.M. (AP)—Fire fighter Red Adair laid siege today to one of the state's worst gas well fires.

Adair and his crew of two moved onto the well site, 20 miles north of Carlsbad, in iron-roofed bulldozers and began clearing away debris left by Thursday's explosion that started the fire.

As the bulldozers worked, a steady stream of water was pumped against the towering column of flame to reduce the heat.

The water was being pumped from a nearby asphalt lined pit which was filled Sunday by tank trucks. Adair said an endless stream of trucks worked through the day to fill the reservoir with 30,000 gallons of water.

If the area is cleared of debris today, Adair said he would be ready to move in.

The flame is fed by 60 million cubic feet of gas per day and towers as high as 250 feet.

"We're going to shoot it out," Adair said.

Once the area is cleared, he said, a boom will lower an explosive to the edge of the burning gas with great precision. Shot at just the right angle, the explosion will sequester the fire by depriving it of oxygen.

Adair once brought an African well fire under control at a cost of \$13 million.

"They're all hell," he said of gas or oil fires.

Unofficial estimates have placed damages and loss from the fire in the Indian Hills gas field near Carlsbad at more than \$400,000.

Group Studies Cotton Excess

WASHINGTON (AP) — The International Cotton Advisory Committee said today the large world supplies of cotton are a matter of concern in most producing areas despite improved demand prospects.

The committee is an inter-governmental organization of 40 cotton producing and consuming countries.

"At this early date, it appears more than likely," the committee said in a cotton situation report, "that there will be a further sizable increase in the carryover supply of cotton at the end of the season Aug. 1. On the basis of present estimates, the increase could be of the order of 2 million bales which would bring the total world carryover to 24 million bales, the highest level since 1956."

Most increase in world surplus stocks in recent years has been in the United States. In recognition of this, the Johnson administration may urge Congress for a new cotton land diversion program to help trim the U.S. output.
