## Martin's Chamber Salutes Service

STANTON — Awards for outstanding service to the community, in all lines, were presented to eight individuals and groups at the annual Chamber of Commerce meeting Monday night. Dinner was served to 184 in the Cap Rock auditorium. Fifty-seven guests from neighboring cities were recognized.

Young Farmer

Jim Franklin of the Valley View Community won the Outstanding Farmer award, which was presented by Jake Hodges in recognition of Franklin's farm activities, community service, and family cooperation. Stanley Wheeler, Stanton mayor, received the award as outstanding civic leader, from Ellmore Johnson, toastmaster. Wheeler told the audience that no one man could achieve the things for which the award was given.

**COMBINED EFFORTS**  
"I don't believe any one man could deserve this recognition," he said. "It had to come through the combined efforts of other citizens of our community. Tonight I am the proudest man here, as a citizen and a father. My son has been honored in becoming your new president," Sen. H. J. (Doc) Blanchard,

Roy Kelley, son of Mr. and Mrs. Owen Kelley, gets award from Sen. H. J. (Doc) Blanchard, for work with irrigated cotton. He produced nine bales from five acres of land.

Lubbock, presented the agricultural awards to young farmers in the dryland division the first

place award went to Buddy Stuart, who also won the award last year. The irrigated land award went to Roy Kelley, who raised nine bales of cotton on five acres.

Mrs. Arthur Wilson, representing the National Federation of Music Clubs, read a letter from the federation presenting the Stanton Chamber of Commerce with the Award of Merit for its part in activities during National Music Week in 1963.

**SERVICE AWARD**  
Outgoing president Roy Pickett told the audience of the work done by the Chamber last year giving special recognition to the directors who worked faithfully in promoting all projects set up during the year. He also received an award for services from the directors.

"We managed to end the year in the black," Pickett said, "even though we had a bottle of red ink standing by and the lid off at times. Only through concerted efforts could we have done that."

The auditorium was decorated and prepared by Stanton Garden Club, and the meal served by the local chapter of Beta Sigma Pi.

## U.N. Strives To Rescue Missionaries

LEOPOLDVILLE, the Congo (AP) — U.N. helicopters and missionary planes continued desperate efforts today to rescue Christian missionaries threatened by rebel guerrillas in the southwest Congo.

At least four missionaries, including an American woman, have been killed by bands of warriors armed with poison arrows, spears, homemade bombs and primitive guns.

About 130 Americans and Canadians, including several children, have been stationed at Protestant missions in the threatened area. The U.S. Embassy in Leopoldville said 21 Americans and 14 Canadians, including 10 children, had been rescued.

**RED CHINA**  
As the terror spread, the Congo government said it had documentary proof Communist China is supporting the uprising. The leader of the rebels is former Education Minister Pierre Mulele, 34, who spent several months in Peking last year.

Mulele was ambassador to Cairo under the Communist-supported Stanleyville regime of Antoine Gizenga, who was imprisoned after the collapse of his secession. Mulele slipped back into the Congo last summer after a year and a half of exile.

Diplomats fear Red China may try to turn the jungle uprising into a major revolt by arming Mulele's men with modern weapons.

**SPREADING**  
The rebellion is centered in agricultural Kwila Province, 250 miles east of Leopoldville, but the terrorism is spreading to the neighboring Kasai and Kwango regions near the Angola border. Fewer than 600 government troops are in the province opposing several thousand guerrillas.

U.N. helicopters airlifted 16 persons from a Catholic mission at Kisandji Monday in the third mercy flight since the attacks began. Unconfirmed reports say a priest and nun were killed at Kisandji last week.

The confirmed victims of the roving bands were three Belgian Roman Catholic priests and an American Baptist missionary, Irene Ferrel, 43, of Jerome, Idaho.

Miss Ferrel was killed by a rebel's arrow at the Baptist mission's center in Manguku last Friday night.

A companion, Ruth Hege, 58, of Wellington, Ohio, was wounded in the arm during the attack. Miss Hege sent a letter by African runner disclosing her friend's death and pleading for rescue.

**Goofed Rocket Readied Again**  
CAPE KENNEDY, Fla. (AP) — The first two-stage Saturn 1, believed to be the world's most powerful rocket, sits on its launching pad today because somebody forgot to plug.

Monday's mistake, which caused postponement of the test launching until Wednesday, also cost American taxpayers several thousand dollars.

Neither the National Aeronautics and Space Administration nor the Air Force could produce the exact amount the neglect cost the taxpayers. Estimates of salaries involved for the 200-man launching pad team was \$18,000.

The Air Force, which operates the Atlantic Missile Range, said it cost the space agency about \$20,000 an hour for use of the range—fuel, range safety, tracking and other support facilities during the final hours of the countdown.

The operation ties up five Air Force Service aircraft assigned to recover performance-recording cameras which are to be ejected from the rocket during flight. No estimate was available on the cost.

The Air Force emphasized that all agencies which use the missile range are geared to absorb such costs because of the number of missile shot postponements, caused by technical or weather reasons.

The countdown on the Saturn 1, which is to boost the heaviest satellite ever sent aloft, had been under way 11 hours when it was discovered that a line which funnels liquid oxygen oxidizer to the fuel tanks was not delivering. Technicians then found that someone had forgotten to remove a test device called a "blind flange."

NEGRO DEMONSTRATOR SACKED INTO PADDY WAGON  
Officers break up screaming protesters at Atlanta restaurant

## Militant Negroes Vow New Atlanta Protests

ATLANTA, Ga. (AP) — Militant civil rights leaders planned today for more mass protests of segregation after more than 100 persons went to jail Monday in street demonstrations.

A siege of the downtown area for the third night by marching, milling demonstrators, mostly Negro students, heightened the worst racial crisis in years for this city.

Despite mounting arrests, now nearly 200, youth leaders said they would continue the mass onslaught, centered on a segregated restaurant.

Police officers declared a state of emergency Monday night in the busy downtown area surrounding LeB's, a restaurant which refuses to serve Negroes.

Demonstrations began with about 50 pickets walking around the block on which LeB's is located.

When they refused to disperse they were hauled off to jail. Cheers and applause came from hundreds of white spectators.

Three hours later, demonstrations resumed. About 150 circled city jail twice, then walked several blocks to join about 50 others in marching around the block at LeB's for nearly two hours. Police stopped them.

Chanting and singing, the demonstrators massed in a narrow street a block from LeB's. Paddy wagons drew up and near-bedlam ensued.

Some of the crowd leaped eagerly into the vehicle. When the next paddy wagon pulled up, demonstrators went limp. Hoisted bodily into the vehicle by white and Negro policemen, the demonstrators kicked, screamed and struggled wildly.

They pounded and kicked inside the paddy wagon. Policemen were hard pressed to keep their balance as the mass surged and milled about them with yells and chants.

Hundreds of white spectators milled about the sidewalks. Policemen kept them moving. Demonstrators staged protests later at the jail and some were arrested. Police threw a

cordons around entrances to jail property.

Negro comedian Dick Gregory, jailed Sunday and released on his signature, was arrested again.

When the next paddy wagon pulled up, demonstrators went limp. Hoisted bodily into the vehicle by white and Negro policemen, the demonstrators kicked, screamed and struggled wildly.

## Peking Sets Price For Recognition

TOKYO (AP) — Red China served notice today it expects France to break relations with Nationalist China as the price of establishing diplomatic ties.

In the first comment on the simultaneous announcements on Monday that Red China and France were establishing diplomatic relations, Peking said it does not recognize a two-Chinas concept.

Thus Peking seemed to blow up President Charles de Gaulle's hope of maintaining relations with both the Communist and Nationalist regimes under a two-Chinas policy.

**WOULD BREAK**  
A Red Chinese Foreign Ministry statement broadcast by Radio Peking said Red China, in agreeing to enter into diplomatic relations with France, understood that Paris would break with Nationalist China.

This is contrary to what French official sources had said. They insisted Peking had not asked to end relations with President Chiang Kai-shek's regime on Formosa.

Nationalist China denounced French recognition of Red China, but stopped short of breaking off relations.

In Tokyo, visiting U.S. Secretary of State Dean Rusk stoutly supported Nationalist China in a speech. Later he told reporters in referring to French recognition of Red China:

**MILITANCY**  
"We have no doubt about the militancy of Peking (Peking). We think it would be a serious matter for the authorities in Peking to believe that a policy of militancy pays dividends, that it is profitable because on that issue may turn the peace of the world."

Rusk accused Red China of violating its pledges to keep the peace in Southeast Asia.

In his speech to the Japan-America Society, Rusk declared the United States recognizes only Nationalist China and "will never abandon the 12 million people on Taiwan (Formosa) to Communist tyranny."

Red China's foreign ministry statement noted that "according to international practice, recognition of the new government of a country usually implies ceasing to recognize the old ruling group overthrown by the people of that country."

Rusk spelled out the U.S. attitude towards Peking's Red rulers at a dinner winding up a U.S.-Japan Cabinet conference on trade and economic problems.

"Peking still insists upon the surrender of Taiwan as the sine qua non of any improvement whatever in relations with the United States," Rusk said.

"We are loyal to our commitments to the government of the Republic of China."

**INDICTMENT**  
In a detailed indictment of the Communist regime, President Johnson's No. 1 Cabinet official declared:

"Peking has violated the Geneva agreements of 1954 on Indochina and the Geneva agreements of 1962 on Laos. It incites and actively supports aggression on Southeast Asia.

"Peking attacked India and occupies a position from which it continues to threaten the subcontinent of South Asia.

"Peking is attempting to extend its tactics of terror and subversion into Latin America and Africa.

"In other words, Peking is demonstrating every day that it has nothing but contempt for the most elementary condition of peace: Namely, leave your neighbors alone.

**MILITANCY**  
"Free nations must not reward the militancy of Peking or give Communists anywhere any ground for hope of profit from the use or threat of force."

## Judge Tells C-C Freedom On Trial During Sixties

STANTON — "The present decade will be one of the most significant in our history," District Judge Perry Pickett, Midland, told the annual Martin County Chamber of Commerce meeting Monday. "We will determine whether or not we want to be half-slave or half-free, or live half in the light or half in the dark."

"Our forefathers formulated the most notable document ever framed in the history of man. They had the proper sense of values in the lives of citizens regarding freedoms, and they left it all to us to determine whether we want to maintain those freedoms in their proper perspective.

**SENSE OF VALUES**  
"Some now feel that there has been an erosion of these freedoms through apathy or fear," he continued. "They are out of focus or out of perspective because we are getting away from the sense of values. We do not remember that they were bought and paid for by sacrifice of blood of men who

were not free then."

The judge described the family unit, as often seen in his court when divorces are sought, and cited the dissolution of the family units in a large number of American homes.

"During most of the divorce proceedings," he said, "there is an average of three children involved. The questions most often asked by one or both of the parents is not 'What will happen to the children?', but rather 'Who will get the Cadillac?' or 'Who is going to get the boat?'"

**TO SUFFER**  
"When the family unit breaks down, the country as a whole

is going to suffer, and we lose the sense of values as far as our freedoms are concerned," he said. "These losses permeate the social structures of our communities and we begin looking for outside aid to do the things we should do ourselves. We must make up our own minds whether or not liberty is of more value than aid from the government."

"We must keep our feet on the ground and practice a proper sense of values," the judge pointed out. "We must forever be cognizant of them, and be willing to work for them, and then our nation will be great," he concluded.

## Cop Tells Of Bribe

CHATTANOOGA, Tenn. (AP) — A nervous Nashville policeman admitted today he knew of an attempt to bribe a juror in James R. Hoffa's 1962 conspiracy trial. But, he said, he did not report it to his superiors.

James T. Walker, the policeman, was cross-examined by defense lawyers in the jury-tampering trial of the Teamsters Union president and five other men. All are accused of trying to influence jurors in the earlier trial in Nashville.

Referring to conversations he said he had with Thomas Ewing Parks, one of the six on trial, Walker said: "Parks told me: 'We'd be willing to pay up to \$10,000 to Mr. Fields.'"

Walker referred to Gratin Fields, a juror who was removed during the 1962 trial. He did not identify "we." Walker, Parks and Fields all are Nashville Negroes.

Asked by Parks' lawyer, Jacques Schiffer of New York, if he reported the conversation to Nashville police superiors, Walker replied, "No."

Then, turning to U.S. Dist. Judge Frank Wilson, Walker said he did tell federal authorities about the meetings he said he had with Parks.

He explained that he did not report the matter voluntarily because, he said, nothing illegal occurred in his presence.

Walker, returning to the stand this morning to continue testimony begun Monday, is the fourth government witness to be called. He began testifying immediately after Hoffa's lawyers stopped J. C. Tippens of Nashville, a key government witness, from testifying Monday. The judge sustained defense arguments that no basis had been laid for Tippens' testimony.

## U. S. Pondering Troops To Cyprus

WASHINGTON (AP) — The United States is seriously considering sending a contingent of troops to Cyprus, as proposed by Britain, but U.S. officials said today more information will be needed before they can make a final decision.

The State and Defense Departments are asking the British for precise information on the number of men they think should be assigned to the mission and how long they might be involved in the troubled Mediterranean island.

Efforts are being made to determine exactly what Greece and Turkey think of the proposal and the extent to which they will cooperate in peace-keeping measures.

**THREE MISSIONS**  
At least three consultative missions are busy with the prop-

osition which could involve U.S. men in a new foreign commitment.

1. Lt. Gen. Sir Geoffrey H. Baker, vice chief of Britain's imperial general staff flew here Monday from London for urgent conferences with Defense and State department officials. He started these talks today, meeting with Asst. Secretary of Defense William Bundy.

2. U.S. Gen. Lyman L. Lemnitzer, NATO commander for Europe, left his Paris headquarters today for a short visit to Greece and Turkey—two NATO allies caught up in direct conflict over Cyprus. It was assumed that possible U.S. action in the Cyprus crisis, with its potential for actual warfare between two of the European allies, was the reason for his trip.

3. Sir Geoffrey Harrison, deputy

undersecretary of state at the British Foreign Office, opened a long-scheduled series of talks Monday with State Department experts on African and Near Eastern affairs. Discussion of the Cyprus problem is the most urgent of the issues involved in these talks.

Press dispatches from London today quoted officials there as saying that Britain believed several NATO countries should contribute about 500 men each to a peace-keeping force in Cyprus.

Diplomatic officials here said the British government feels that the issue of peace in the island is one of the utmost importance for all the NATO countries, including the United States, and that the responsibilities for trying to preserve order should be shared.

# Mrs. Wood Files For District Clerk

Mrs. Winnie R. Wood, announced Tuesday that she is a candidate for the office of district clerk of Howard County, subject to action of the Democratic primary.

A native of Howard County and member of a pioneer family, Mrs. Wood also is an experienced legal secretary.

She is the daughter of the late Mr. and Mrs. W. A. Prescott and is the wife of Milas Wood. They own their home at 3209 Eleventh Place and have one child, Kathie, 13, who attends Runnels Junior High. Mrs. Wood is a member of the Wesley Methodist Church and a charter member of the Howard County Legal Secretaries Association. She began her career as a legal secretary for W. A. Morrison, when he was serving as county judge, and has had 14 years in this field. In addition, Mrs. Wood was employed for two years by the military intelligence.

In announcing her candidacy, Mrs. Wood made this statement: "The office of District Clerk is an important part of our system of jurisprudence, and it follows that a competent and conscientious clerk can lend efficiency to our courts. "My training and experience as a legal secretary has made me familiar with the duties and obligations of the District Clerk. I am confident that I am qualified by background to serve as your District Clerk and that I can and will carry out all of the duties promptly and well. I honestly and sincerely believe that efficiency can be combined with courtesy and concern for the public in such a way that the

MRS. WINNIE WOOD

people will be equally and justly served and the court will be aided in its function. "I am asking the voters of Howard County to give me the opportunity to serve in this important post. I shall attempt to see each voter personally and earnestly ask for his or her vote. Should I fail in this, it will not be intentional but simply because time will not permit it. I will work just as hard to be a good District Clerk as I do to ask your support."

## Nehru Undergoes X-Ray Testing

NEW DELHI, India (AP) — Prime Minister Nehru, who suffered a mild stroke 20 days ago, visited a New Delhi medical institute Monday to have X-rays taken, spokesman said. The visit was part of a routine watch that doctors are keeping on Nehru, according to the spokesman.

## Jackie Dines With Brando

WASHINGTON (AP) — Mrs. John F. Kennedy dined on Monday night with her sister, Lee Radziwill and actor Marlon Brando at a restaurant on Embassy Row.

It was a quiet occasion in which the group, with Brando's business manager, George England, making a fourth, had a corner table. As they left after their three-hour dinner they tried to avoid newsmen and photographers. The former first lady and her sister left together in a chauffeur-driven limousine. Brando and England left a few minutes later.

An obvious attempt was made to keep the small dinner party from attracting the attention of other guests in the restaurant, which specializes in French cuisine. Secret Service men assigned to protect Mrs. Kennedy since the assassination of President Kennedy last Nov. 22 remained close by. Other diners came and left. From all appearances they failed to notice that Mrs. Kennedy and friends were at a corner table.

Earlier in the evening, Mrs. Kennedy had received at her nearby Georgetown residence Queen Frederika of Greece and the queen's daughter, Princess Irene.

The queen and the widow of the assassinated president met last October when Mrs. Kennedy was on a vacation trip to Greece and the off-shore Greek islands.

# Prosecution Picks Jury For Beckwith

JACKSON, Miss. (AP) — Byron de la Beckwith's murder trial resumes today with the prosecution satisfied he had seated 12 jurors who "believe it is a crime for a white man to kill a Negro."

Beckwith, 43, a dapper ex-Marine from Greenwood, Miss., is accused of lying in ambush for Negro civil rights leader Medgar Evers and shooting him in the back at Evers' home here last June 12.

Dist. Atty. William L. Waller, 37, accepted 12 white male jurors at the end of a night session. They now come under interrogation by the defense.

Seven Negroes on the 200-man special venire were not among those called. Most of the sparse audience of about 35 were Negro. A big crowd urged by Negro leaders did not materialize.

Everyone who entered the heavily guarded courtroom was first searched, then had to sign name and home address to an admission list.

Evers, 37, was state field secretary for the National Association for the Advancement of Colored People.

He was cut down by a sniper with a high-powered rifle during the midst of an NAACP drive to crack rigid racial barriers in this segregation stronghold.

The defense battery — which includes former Gov. Ross Barnett's law partner, Hugh Cunningham — was financed by a \$12,900 fund gathered by the Citizens Council.

## Lakeview YMCA Sets Tax Clinic

A series of instructions on how to fill out returns will be given in an income tax clinic set for the Lakeview YMCA.

The first will be at 2:30 p.m. Feb. 8 and will continue for four other Saturdays at the same time. Mrs. Henriette Montgomery will instruct the one-hour sessions. Lakeview Y members may take the series for \$1.50 and non-members for \$3.

DEAR ABBY

## Ignore The Gossipers

DEAR ABBY: An elderly neighbor lady and dear friend of mine recently passed away, leaving a bachelor son sort of helpless for his meals. I have been giving him his evening meal in my home and then inviting him to watch television with me afterwards as I am a widow and lonely, too. He in turn does some chores around my house, takes me to church and sometimes to shop (as I have no transportation and he drives a car). His mother and I were very close friends, and when she knew she was growing weaker, she asked me to care for him. He is a good Christian man and there is no marriage or love talk between us, as I am 18 years older than he. We each have our separate means

and consider one another just good companions, and nothing more. But, Abby, dear, the gossips are going at us so fiercely. If you think I am doing wrong, please tell me in your column. A BELIEVER IN FAITH

DEAR BELIEVER: Continue helping one another and enjoying the mutual companionship. When one walks tall and straight, he should not worry if his shadow is crooked.

DEAR ABBY: I am in the ninth grade and the dentist has told my parents that I need braces. I don't think I do. I like my teeth the way they are and none of my friends thinks they are so bad, either. My parents say I will be glad later on, but I still don't want them. I am popular in school and am afraid I wouldn't be with wires on my teeth. Please tell me what you think.

AGAINST BRACES DEAR AGAINST: Get the braces. Your popularity rating won't go down if you have to smile through a bird cage. And the rest of your life you'll have an attractive mouth and a song in your heart.

DEAR ABBY: I read somewhere that the gentleman should always precede the lady INTO a taxicab so she won't have to climb across his feet. How about getting OUT of a taxi? Should the man let the lady out of the taxi and then get out himself so he won't have to climb across HER feet?

CONFUSED DEAR CONFUSED: The gentleman should let the lady get into the taxicab first, and she should slide over so that when he gets in HE will be near the door. That way HE can get out of the taxi first and help the lady out.

CONFIDENTIAL TO "BUFFALO BILL": Do not resent growing old. It is a privilege denied to many.

Get it off your chest. For a personal, unpublished reply, write to ABBY, Box 3365, Beverly Hills, Calif. Enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to ABBY, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "How To Write Letters For All Occasions."

# Flaming Object Leaves Fort Worth Wondering

FORT WORTH (AP) — A flaming object fell from the sky west of here Monday night and left authorities wondering what it was.

Oscar Monnig, an authority on meteorites, went to the scene and ruled out a meteorite.

Leo Baggerly of the Texas Christian University physics department concurred.

The object was spotted bobbing slowly across the sky by Mr. and Mrs. Ronald Jones. They followed it about eight blocks to the home of Mr. and Mrs. Melvin Lewis.

"It hovered over the house," Jones said. "Then fell and burst into flames, setting fire to the Lewis' lawn."

After alerting the Lewis

family and extinguishing the fire, they found particles of a brittle, metallic-type material, charred and smelling of sulphur.

Monnig obtained samples of the object. He estimated the total weight at less than an ounce.

## LAST HALF

The open letter to a pastor friend, which began yesterday, concludes today: "I hope you will not be disappointed in not seeing a public review of your last two letters. If I reviewed every letter received, there would be no time for writing on subjects other than those found in such letters; and I would be leaving it to others to determine the subjects discussed in these articles. I am afraid such a practice would not be of the greatest benefit to my readers."

"However, I do plan to review some things in your last letter, as I think it will be of interest and value to my readers. It will "round out" this discussion on instrumental music.

"With kindest personal regards, and in the interest of unity and New Testament truth, I am yours sincerely, T. H. Tarbet."

## Defense Rests Case In Trial For Murder

HOUSTON (AP)—The defense has rested its case and rebuttal testimony was expected today in the 22-day-old murder trial of Jack W. Bonds, 42.

Bonds is charged with the Jan. 18, 1963, slaying of William John Walden III, 15, a boy friend of Bonds' stepdaughter.

A county juvenile case worker, Mrs. Ophie Parrish, testified Monday that Bonds' daughter, Beverly Chambers, then 15, was "an incorrigible juvenile delinquent."

Mrs. Parrish read a statement and a long list of runaways, school truancies, malicious mischiefs and other misdoings from probation department records for 1962.

### NOT TO JURY

She was not permitted to read this record to the all-male jury, however.

Earlier Monday, the jury had heard Mrs. Ola Mae Bonds, Beverly's mother, testify that she took a small ax away from her daughter about two weeks before the death of Walden.

"Bill Walden called me about the same time and said, 'I'll get you, you old bag,'" Mrs. Bonds testified.

"Beverly had misbehaved, and I disciplined her, and Bill called the next day and said, 'If you bother Beverly again, I'll kill you,'" the mother testified.

When she found the ax in a chest of drawers in Beverly's bedroom, and questioned her daughter about it, Beverly told

her mother she intended to give it to one of her boy friends to kill her parents with, Mrs. Bonds testified.

Beverly, now 16 and married to Scott White of Pearl, Miss., is the mother of a month-old son.

Bonds, an elevator mechanic, did not take the witness stand as defense lawyer, Percy Foreman, said he expected to use Bonds in rebuttal testimony.

**FIRST REBUTTAL**  
The state's first rebuttal witness Monday was Tommy Wilson, 17, a friend of Beverly and Bill Walden.

Wilson has made a written statement describing how Bonds pulled out his pistol and shot Walden in the head after cursing him.

Foreman has attempted to show that Bonds was taunted beyond endurance by threats from Walden and his teenage pals and their attention to Beverly.

### TODAY IN WASHINGTON

#### Breadwinners Must Find Work, Says LBJ

WASHINGTON (AP)—In the news from Washington: BREADWINNERS: President Johnson said today a successful war against poverty must begin by finding a productive place in the American economy for all family breadwinners.

The White House released a statement by Johnson along with a report prepared by the Labor Department analyzing labor problems of men and women primarily responsible for the support of families.

The report estimated that the welfare of about 63.3 million Americans is affected by unemployment of family heads.

ECHO: The space agency isn't sure but thinks its new Echo II communications satellite may not be keeping its proper spherical shape.

It reported Monday that early telemetry records indicate the huge balloon has deflated more rapidly than anticipated.

Meanwhile, scientists continued to bounce radio signals off the 135-foot diameter balloon as a prelude to transmission of radio-telephone and radio-telegraph messages via the satellite between the Soviet Union and the United States.

The satellite was launched Saturday from Vandenberg Air Force Base, Calif.

RICKOVER: The Senate has confirmed the retirement with the permanent rank of vice admiral of Hyman G. Rickover—the father of America's nuclear submarine fleet.

But the 64-year-old Rickover is not retiring. President Johnson said he will remain as head of the naval reactors' program.

Sen. George Aiken, R-Vt., told the Senate "there can be no retirement for a man of the heart and spirit of Admiral Rickover." Senate Democratic leader Mike Mansfield called Rickover a distinguished American who has served his country with "courage, distinction and patriotism."

#### Public Works Projects Listed

WASHINGTON (AP)—The Community Facilities Administration Monday announced these Accelerated Public Works grants for Texas, the total cost of the projects in parentheses: Mission, \$270,350 (\$541,700), improvements and extensions to water works; Teague, \$40,000 (\$80,000), street improvements; Jasper, \$350,000 (\$700,000), water and sewer improvements; Marlin, \$22,500 (\$45,000), new central fire station; Jefferson County Drainage District No. 6, \$110,000 (\$220,000), drainage facilities; Griffing Park, \$161,500 (\$323,000), street improvements; Orange County, \$155,300 (\$310,600), street improvements.

Opening lead: Deuce of ♣.

The inaugural E've Ribbon Pair Championship, held in Miami Beach at the Fall Nationals just concluded, was won by my good friend and frequent teammate B. J. Becker partnered by Mrs. Dorothy Hayden of New York. The event received its name from the fact that entries were restricted to those players who had placed high in major events over past year.

In the hand presented today, Becker and Mrs. Hayden earned a top score with the East-West cards by inflicting a severe penalty on a somewhat incautious opponent.

West was confronted with something of a dilemma on the opening. With 14 high card points, the hand qualifies as a mandatory opening. To bid

one heart might lead to rebid complications if partner responds at the two level. The one club opening indeed facilitates the rebid—but is subject to the objection that the suit lacks a high honor.

East jumped to three clubs which is forcing to game. South's vulnerable bid of three spades has little to recommend it against the strong bidding of the opposition. It can only serve to offer the opponents a fielder's choice on the hand, since partner can hardly be counted on to produce any substantial values.

West doubled three spades. With four gilt-edged defensive tricks, it appeared that a penalty might easily prove more profitable than any game that could be scored.

A low club was opened and East covered North's jack with the queen. East cashed the king and queen of hearts next, and then shifted to the queen of diamonds. This was followed by another diamond and West took the king and ace of that suit as East discarded his remaining heart on the third diamond.

With six tricks already in, West led back a heart. East was careful to trump with the ten of spades, forcing out declarer's king. South now had to lose two trump tricks to West and the final result was an 1,100 point setback. This easily exceeded the game in no trump which East and West could have made if left to their own devices.

## Rockefeller Opens Push For California Backing

SAN FRANCISCO (AP)—Gov. Nelson A. Rockefeller, with a friendly nod from the state's leading Republican officeholder, opens his quest for California's big bundle of votes in the presidential race today.

Sen. Thomas H. Kuchel, R-Calif., timed his long-awaited endorsement of the New York governor for the start of a three-day visit by Rockefeller to get his state campaign going.

Rockefeller's scheduled arrival from New York shortly before noon will launch him on a busy round of activities. He'll open his San Francisco headquarters, attend a private lunch and then drive across the Golden Gate Bridge for a country club reception in Marin County. He'll leave by train tonight for two more days in the Los Angeles area.

Kuchel, 54, opposed for renomination in 1962 by many of the Republicans now backing Sen. Barry Goldwater, declared in his statement that Rockefeller offers the "constructive forward-looking alternative" the GOP needs to defeat President Johnson.

The assistant Senate minority leader was chairman of the 1960 California delegation pledged to former Vice President Richard M. Nixon. It has been almost taken for granted that he'll head the Rockefeller slate of 86 delegates on the June 2 presidential primary ballot.

## De Gaulle-Lyndon Meeting Remote

PARIS (AP)—The possibility of President Johnson and President Charles de Gaulle meeting this year seems to be remote, informed sources said Monday.

Diplomatic exchanges on a possible meeting were said to have stopped about three weeks ago. At that time Johnson declined a French suggestion that he go to the French island of Martinique to meet De Gaulle when he travels there in March after his trip to Mexico.

### Accept Fashion Help While Growing Up

By LYDIA LANE  
 HOLLYWOOD — "Most people have some type of beauty problem," Kathy Kersh said. "Mine was bad posture. It bothered my family to see me slump, and they kept telling me to stand up straight. But what they didn't realize was that the way I stood was an outward sign of my lack of self-confidence. In desperation they sent me to a modeling school. That was my turning point."  
 Kathy is a regular in CBS-TV's "My Favorite Martian." She believes that she never would have won the role without the training she received at modeling school.  
 "I learned to do everything right. When you know that your make-up is right, your hair is well cut and dressed becomingly, that you sit and walk with coordinated movements, something inside of you makes it easy to hold your head high."  
 "You can't accomplish any of these things overnight. You can't correct bad posture without work. You can't appear to make-up correctly the first time you try. But when you know that you can eventually reach your goal, it is more fun working for it."  
 "When you are growing up it is helpful to have fashion guidance. You don't have to accept everything the experts tell you. But by listening to their advice and reading fashion magazines, you will form your own ideas."  
 "Careful grooming is a must whether you are applying for a job or charming your husband to be or are already married. You can buy the most beautiful clothes in the world, but if your hair, nails, teeth and undergarments lack attention, the effect is ruined. Actually, you owe it to others as well as yourself to look your best."  
 "You sound as if you have all your problems solved," I told her.  
 "No," she answered, shaking her pretty head. "I certainly haven't. I still love to eat. So I have to watch my figure."

### 'ROUND TOWN

By LUCILLE PICKLE

We've survived Christmas, New Year's Day, the year end sales and now another milestone has been reached and successfully passed by most . . . the first semester of school, elementary, secondary and college. If things didn't go smoothly during the last part of old 1963 we always had new 1964 to look forward to and so it was with the first semester of the school year. Now it is the second semester and it's time to get started on that good resolution to make things better "next semester."  
 At the V. J. BELDA home the past days have been busy ones what with the daughters, BONNIE and DIANNE, getting ready to go back to college and their parents preparing to make a move to California. Too,

### Guild Members Hear Devotion By Mrs. Lindsly

"What Can We Do About Our Gullit?" was the devotion given by Mrs. Richard Lindsly when St. Monica's Guild, St. Mary's Episcopal Church met Friday morning in the parish house. Her talk was based on a sermon by the Rev. William M. Elliot Jr. of Highland Park Presbyterian Church in Dallas. Following a brief business discussion, led by Mrs. Les Beauvais, the introduction to the new study was given by Ruel L. Howe, is entitled "The Creative Years."  
 Mrs. Don Grantham, hostess, served refreshments to nine members. Mrs. Don Lester will lead the study at the Feb. 14 meeting.

### British Wives Will See Cavern

A trip to Carlsbad Caverns will be taken in May by members of the British Wives Club. Initial plans for the trip were made Monday evening in the Flame Room of Pioneer Natural Gas Co. Mrs. Glenn Sanborn presided.  
 The group will give away a box of Valentine chocolates Feb. 10 as part of the project to increase the distress fund.  
 Game prizes were awarded to Mrs. George Adams, Mrs. Don Broadwater and Mrs. James Smith.  
 The hostesses, Mrs. Cathy and Mrs. Adams, served refreshments to 11 members. The next meeting will be Feb. 10 in the Flame Room.

### Space Age Influence Explained

How the dance has been introduced in worship services was told by Mrs. W. A. Laswell Friday when she spoke to members of the Modern Woman's Forum.  
 The group met at 3 p.m. in Coker's Restaurant to hear the program, "The Effect of the Space Age on Fine Arts." Assisting with the presentation was Mrs. M. A. Cook.  
 Mrs. Laswell discussed music, read poetry and showed paintings by local artists. Modern themes, as depicted by Mrs. Richard Patterson, were shown with realistic paintings done by Mrs. Cook.  
 Mrs. Fred Whittaker was the hostess, and Mrs. C. W. Parmenter conducted the business session. A Valentine party is scheduled at 3 p.m., Jan. 31, at the Westside Center, where favors and refreshments will be provided for the children.  
 The next meeting will be Feb. 14 with the place to be announced.

### Students Return Home For Semester Holiday

FORSAN (SC)—Guests of Mr. and Mrs. D. L. Knight have been a nephew and niece, Ronnie and Pat LaDuque, whose home is in Seminole. They were visiting between semesters. Ronnie attends A&M College Pat is a student at South Plains Junior College.

 The Crownover's daughter, Kay, and her guests, Bettie Keller and Karen Schroeder, were home from Texas Tech for the observance.

### Police Officers Talk To P-TA On Narcotics

Sgt. Stanley Tropashka, assisted by Patrolman John Scott of the Big Spring Police Department, spoke to the Forsan Junior High School Parent Teachers Association Monday evening at the school. Their topic was "Narcotics." Using a kit, Sgt. Tropashka showed the barbiturates which usually begin addiction. From barbiturates, he said, the addict goes to the hard narcotics. He explained dope pushing and told how the pushers try to addict young people because they will be customers for a longer period of time.  
 Junior high students were urged to attend the program, and afterward they displayed their hobbies.  
 Refreshments were served by Mrs. Douglas Mikell and Mrs. H. C. Tidwell of the hospitality committee.

O. J. Byrd was honored on his 80th birthday Sunday in the home of a son-in-law and daughter, Mr. and Mrs. W. R. Crownover, 1816 Benton St. Twenty-eight family members and friends were present to note the occasion.  
 Byrd, a retired carpenter and building contractor, was born in

### Dance Plans Set By VFW Auxiliary

The VFW Auxiliary completed plans for a Valentine dance Monday evening. Meeting at the Post Home, members were introduced to a new member, Mrs. Bobby Clark.  
 The dance was set for Friday, Feb. 14, sponsored by the auxiliary. Music will be provided by the Texas Plainsmen of Midland, and Mrs. Tim Jones was named as publicity chairman. Mrs. J. G. Littlejohn is the co-chairman.  
 Also discussed was the District 25 spring convention to be in April at Alpine.

### Menu Planned At Westbrook

This is the menu planned this week at Westbrook School.  
**WEDNESDAY:** Barbecued hash, buttered squash, congealed pineapple salad, bread, butter, cake squares, milk.  
**THURSDAY:** Hamburger steak, cream gravy, new potatoes and green beans, Harvard beets, wheat rolls, butter, syrup, milk.  
**FRIDAY:** Red beans with salt pork, fried okra, relish plate, corn bread, butter, apple crisp, milk.

### Mu Kappa Has Tasting Dinner

Each member brought an unusual dish to the tasting dinner held Monday at 7:30 p.m. in the home of Mrs. Bob Newton, 4011 Dixon, for Mu Kappa Chapter of Epsilon Sigma Alpha.  
 Centering the buffet table was an arrangement of yellow spring flowers in a milk glass banana bowl.  
 Following the dinner, Christmas cards were cut into tags to be used by the National Kidney Foundation. Anyone having used cards may contribute them to the project by calling Mrs. Newton at AM 4-7916. Also, the group stuffed and addressed envelopes for the Texas Heart Association fund drive to begin next month.  
 Among the 13 attending were Mrs. Bob Grimes, a new member, and Mrs. Robin Howell, a guest. The Feb. 10 meeting place will be announced.

### Plans Told

Mr. and Mrs. J. W. Blackstock of Lamesa announce the engagement and forthcoming marriage of their daughter, Mary Jo, to Delbert Ingersoll, son of Mrs. Della Ingersoll of Muskogee, Okla. The couple will be married in Lamesa April 19.

### HINTS FROM HELOISE

## Father Lists Needed Items For New Baby

Dear Heloise:

Being a father of five and knowing that there are many new families who are expecting their first "arrivals," I would like to express my opinion of what is and what isn't necessary when parents are on a tight budget.  
 All the fancy equipment is real pretty. But don't buy it unless you can afford it.  
 Necessary items are:  
 Stroller, a baby bed with a good mattress, and a car bed.  
 Most car beds are a combination now, and, later on, can double for a car seat. We found this was wonderful because we could carry it from room to room when the baby first arrived.  
 Diapers (and heaven forbid, men, if your wife wants seven dozen . . . buy them. If you don't have this many you will find yourself washing them to tide you through the weekend . . .) and little T-shirts and those knitted nightgowns are the most. One can never have enough. And they don't have to be ironed.  
 About the furniture: We listened to our in laws! (Believe it) and we bought an unfinished chest of drawers. These are quite inexpensive. Watch your sales in the papers.  
 My wife and I sanded and painted this chest ourselves. It was real fun. One day we would sand, next night paint. I removed the knobs from the chest of drawers and replaced them with kids' blocks (with the A.B.C.'s—bought at the dime store) and this pleased the wife. I saved the original knobs to replace later . . . as our children grew. Be sure to paint these knobs at the same time you refinish the chest so they will match. When the child grows up (and children do) and wants things standard, all you

have to do then is remove the baby blocks, and put the original finished knobs back on.  
 We also bought a secondhand baby bed, rocker (through the want ads) and refinished them to match our unfinished furniture. Sure saved our budget.  
 Feeding tables? We bought a secondhand high chair. Took up less room in our small home. Later, as the child grows, the feeding tray can be removed and the highchair pulled up to the breakfast table and the little fellow is one of the crowd!  
 As the "gift from heaven" keeps growing . . . cut a few inches off the legs of the highchair and pull it up to your table.  
 Heloise, my wife and I love you dearly. Thanks for all the budget savers you have given us. I hope to repay you by passing along our hints so that other mothers and fathers may prof-

it by our experience.—Daddy of Five.  
 Listen, ladies, when you take a frozen pound of hamburger or a slab of meat wrapped in plastic out of your deep freeze, instead of ruining a fingernail trying to open it, or grabbing a knife and cutting the plastic open, just try running the package under the hot water faucet for a few seconds.  
 The plastic opens perfectly . . . as if it had never been sealed. It then may be laid on your drainboard and used later to make your hamburger patties on, or to pour flour on for dipping that chicken-fried steak. Then all that has to be done is to throw the plastic wrapping in the garbage.—Heloise  
 (Mail letters to Heloise in care of the Big Spring Herald).

### IRRITATION

By HALVARD T. HANSEN, D.C.

Neuritis is one of the most painful, nerve-racking experiences know to man. The pain is boring and stabbing. The victim is unable to get any rest or sleep. Every movement means suffering. There is loss of power and feeling.  
 A local inflammation of a nerve is called simple neuritis. It is localized in one spot and is usually caused by pressure on a nerve at a point of exit from the spine. Pressure on a nerve near the surface of the body, such as the shoulder or elbow, will result in numbness and tingling.  
 Repeated constriction and pressure may result in inflammation of the affected nerve. The nerve sheath or neurolemma may squeeze the sensitive

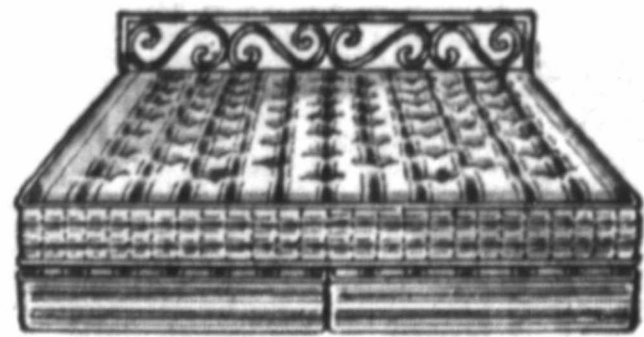

nerve fibers and form adhesions. This will aggravate the neuritis and develop in a chronic stage. Blows, falls, contusions and long exposure to cold will result in a similar way. The spine should be checked in ALL cases.  
 If you are still suffering from a similar condition or discomfort, have your spine checked at the Hansen Chiropractic Clinic — across from Piggly Wiggly, AM 3-3324, as this woman did:  
 This woman complained of pains in the left leg (Sciatic nerve), left arm, shoulder and neck. Extremely nervous with headaches in the right temple, gas bloating and constipation complicated by insomnia from her aches and pains. Now, after correction of her spinal nerves, she enjoys freedom from her pains and aches. No 7173. You can have the same health when your spinal nerves are freed from nerve root irritation.

# Cooks Class Is Honored

Perman Basin Restaurant Association members Monday evening honored graduates of the first cooks' school, trained here under the Manpower Development and Training program. Half of the class went directly into employment and several others were making contacts.

Seventy-nine restaurateurs and guests participated in the dinner affair at Holiday Inn. Dr. W. A. Hunt, president of Howard County Junior College, where the course of training is offered, presented the certificates. Roy E. Corey, instructor, and Marshall Box, director of vocational education at HCJC, assisted in the ceremony.

Leon M. Kinney, manager of the Texas Employment Commission office, urged association members to assist in the recruitment of trainees for the second class starting at HCJC Feb. 10. If this second session is equally effective, a third may be undertaken in May, he said.

During the 12 weeks of kitchen experience at HCJC, the men were schooled not only in food preparation, but also in cost control, meat cutting, pastry cooking and other basic skills, said Corey.

Employers and trainees both were cautioned to remember that the products of the class were not finished chefs, but that training on the job would be a continuing process. Joe

# March Of Dimes Drive Has Collected \$3,700

Activities completed last weekend have boosted the total collected in this year's March of Dimes campaign to nearly \$3,700, according to Jim Wright, head of the 1964 effort.

"We are doing better than last year, when just over \$6,000 was collected, but we had hoped to be a little farther along than we are now. The drive ends with January," Wright said. "It is important now for local residents to insert a check into

mailers left with them."

About half the mailers distributed have been returned.

The Mothers March, with all tabulations complete, brought in \$2,765.06. By school, collections were: Airport \$211, Bauer \$75.93, Boydston \$305, Cedar Crest \$110.75, College Heights \$492.12, Gay Hill \$110.21, Kentwood \$184.76, Lakeview \$61.50, March \$211.12, Park Hill \$363.73, Runnels \$94.59 and Washington \$545.35. This is about \$150 more than the 1963 drive collected.

# Girl Arrested In Car Thefts

A 12-year-old girl who police said has stolen three automobiles since Dec. 31, was in city jail Tuesday facing a car theft charge.

She was arrested about 11:45 a.m. Monday, minutes after a car owned by Plains Machinery Co., Amarillo, was reported stolen. Police said Don Andrew Neal, Odessa, driver of the car, told them the vehicle was taken from the parking place on the west side of the courthouse.

Officers spotted the car traveling west on US 80 west and gave pursuit. As they pulled alongside the girl drove the stolen automobile into the police patrol car, causing minor damage to both vehicles, police said.

She was arrested following the collision, according to police, who said she admitted taking two other cars within the past month.

Police said the girl is suspected of taking a car owned by Mrs. Joe B. Barbee from the County barn Dec. 31. This vehicle later was recovered.

According to police, the girl also took a car owned by Robert Lukarski, employee of Parker and Parker Construction Co. The car was taken Jan. 4 from the Andrews Highway at Odessa near a construction job and later was found abandoned after it had crashed into a tree in the 700 block of Northwest Eighth, police said.

# Three Days Left To Pay Taxes Without Penalty

Only three days remain to pay taxes due the Big Spring Independent School District before penalties will be assessed for late payment, J. O. Hagood, tax assessor-collector, said today.

After Jan. 31, a penalty of 1 1/2 per cent will be levied on each unpaid account.

"This may not appear like much of a penalty, but it can be significant if the amount owed is large," Hagood said. "There are still several large taxpayers who have not paid yet."

Hagood said about 85 per cent of the current taxes have been collected. Through December 31, \$1,143,081.67 had been paid. In addition, \$1,712.44 had been paid on delinquent accounts.

# Services Slated For Mrs. Padgett

Services were to be held at 2:30 p.m. today at the Forsan Baptist Church for Mrs. William Henry Padgett, Forsan, who died Sunday in a local hospital.

The Rev. Carl Lee, pastor, was to officiate, assisted by Darrell Robertson. Burial was to be in Trinity Memorial Park under the direction of Nalley-Pickle Funeral Home.

Mrs. Padgett was born April 30, 1898 in Robertson County and was married to W. H. Padgett Jan. 19, 1919 at Seale. The family moved to Forsan in 1959 from Nocona. She was a member of the Forsan Baptist Church.

Survivors include the parents; maternal grandparents, Mr. and Mrs. L. E. Brunckow, Onaga, Kans.; paternal grandfather, Earl B. Durbin, Paw Paw, Ill.; and paternal grandmother, Mrs. Donna K. Paldy, Elk Grove Village, Ill.

# Bond Program To Be Reviewed

The status of bond sales for the Master Plan program will be reviewed by Thad Keenan at a meeting of the City Commission, set for 7 p.m. Tuesday.

Keenan is a representative of the first National Bank of Dallas—the city's fiscal agent.

City Manager Larry Crow said the city may sell up to \$470,000 in bonds in either February or March. This time of year is most favorable for the sale of bonds, he said.

The construction of a four-lane divided highway from FM 700 to the entrance gate of Webb AFB also will be discussed by commissioners. Preliminary plans call for the access road to be divided by a median, Crow said.

Other items on the agenda are: discussion of a radio maintenance contract, consideration of the purchase of a ditching machine, and consideration of zone change requests by Ike Robb and W. A. Moore.

# Bulls Wins Acquittal

The state failed to prove its case of negligent homicide against Bransford Bulls, Kermit, a jury in Howard County criminal court ruled at 6:30 p.m. Monday night. Bulls was acquitted.

The case, which was started nearly two weeks ago and then recessed for 11 days, resumed Monday before Lee Porter, judge. The same jury which had heard the earlier stages of the trial was back in the box.

After considerable delay, while the litigants argued procedure in the chambers of the judge, the case moved ahead. Bulls, a safety man for the Cabot Carbon Co., elected not to offer testimony but to attack the state's contention he had committed an offense.

The jury agreed with the defendant. It ruled him not guilty. John D. Nixon Jr., a resident of Coahoma, was killed in a car accident near the Cosden refinery on IS 20. Bulls was driver of the second vehicle in the crash. A charge of negligent homicide followed.

# Country Club Meeting Tonight

Stockholders of the Big Spring Country Club will convene for their annual meeting at 7:30 p.m. today in the Club Ballroom, according to R. L. Heith, secretary-treasurer.

Purpose of the meeting is to elect three new directors and to consider other matters which may come before the body.

# LETTERS TO THE EDITOR

## Urges Traffic Signal, Abe Lincoln Assessed

Recently (1-13-64) there was a wreck at East Third and Birdwell Lane. The people who travel that route daily, know how much traffic there is during the rush hours.

I talked to one of the city officials last summer, and was informed that a traffic light would be installed as soon as possible at this intersection. A traffic light is needed at Third and Birdwell just as bad as one is needed at Fourth and Birdwell, or any other intersection of this type in Big Spring.

I wonder if we are going to have to wait until someone is killed at this intersection before a traffic light is installed? I realize that the city must get permission from the State to

install a traffic light, because this is a State highway, but I think immediate installation of a traffic signal would be a way of preventing future accidents and saving lives.

Thank you,  
MRS. WILLIAM W. TUCKER  
East Highway 80

To the Editor:  
I am an admirer, not a worshiper, of Abe Lincoln. All great men are great only in some respects. No one can be termed the greatest. Some unheard of person might be greater.

Thomas Gray says in his Elegy — "Full many a flower is born to blush unseen and waste its sweetness on the desert air."

In order to appreciate him, it is not indispensable to maintain that he always said or did the right thing. He was more interested in saving the union than in abolishing slavery. At the present time it is not certain the final verdict of history will justify the Civil War. Slavery was abolished when its abolition became desirable as a war measure.

In my judgment his (Lincoln's) greatness consisted in his accurate knowledge of human nature, his genius for working successfully with all kinds of people; his kindness; his lack of malevolence toward the rebels and his enemies.

## Grand Jury Begins Work

Only twelve members of the 118th District Court grand jury panel reported for duty Tuesday morning, and these 12 were promptly qualified as grand jurors.

The grand jury, with Tom South as its foreman, immediately adjourned to its rooms at the east end of the third floor of the courthouse. Gil Jones, district attorney, said he had 33 matters he would lay before the grand jury and it was possible, "if the grand jurors wanted to work hard," to get the task completed late Wednesday afternoon.

Four of the original panel had been excused by Judge Ralph Caton prior to the organization of the grand jury. This left the minimum number and fortunately none asked to be excused.

Grand jurors, in addition to the foreman, are Al Atton, Jack Davis, W. S. Crook, Tom A. Guin, George Oldham, Jack Y. Smith, Harold L. Davis, George W. Bair, Mrs. Curtis Driver, Mrs. Clyde Thomas Jr., H. M. Fitzhugh and R. E. Collier.

The grand jurors were busy with felony matters at noon.

## Graveside Rites For Youngster

Graveside rites were to be held at 3 p.m. today in Trinity Memorial Park for Timothy Allen Durbin, two-week-old son of Airman I. C. and Mrs. Ronald E. Durbin, 2505 US 80 west.

The infant died at Lackland Hospital in San Antonio Monday morning. He had been flown there immediately after birth because of a heart defect.

The Durbins had lived in Big Spring since November, 1962, when Airman Durbin was stationed here at Webb AFB. They attend the Lutheran Church.

Chaplain B. F. Meacham, Webb AFB, was to officiate at the rites, with burial under the direction of Nalley - Pickle Funeral Home.

Survivors include the parents; maternal grandparents, Mr. and Mrs. L. E. Brunckow, Onaga, Kans.; paternal grandfather, Earl B. Durbin, Paw Paw, Ill.; and paternal grandmother, Mrs. Donna K. Paldy, Elk Grove Village, Ill.

## Funeral Pending For Mrs. Brown

Funeral is pending at River-Peel Funeral Home for Mrs. Pearl Brown, 66, who died in a Lubbock hospital today about 10:30 a.m. She had been ill since Jan. 17 and was taken to Lubbock last Wednesday.

Mrs. Brown was born in Mason County Sept. 14, 1897. She and her husband made their home in Seminole after moving there from Vincent about 10 years ago.

Survivors include her husband, Ben Brown; a daughter, Mrs. Mary Fortson, Big Spring; her mother, Mrs. J. T. Joiner, Big Spring; a brother, Willie Joiner, Big Spring; and three grandchildren.

# Maude Field Gets Fourth Producer

DOB Oil Properties has completed the fourth well in the Maude (Clear Fork) field in Mitchell County by potentiating No. 1, J. D. Barber for 22 barrels of 24-gravity oil. This venture is six miles southwest of Westbrook.

Operator drilled to 3,304 feet and set 4 1/2-in casing at 3,283 feet. Perforations are at 2,557 feet, and 3,117 feet. The project also made 56 per cent water and had a gas-oil ratio too small to measure. No acid treatment was reported.

It spots 2,173 feet from the north and east lines of section 18-28-1s, T&P survey.

# Seeks Clear Fork

L. E. Foster will try to pick up Clear Fork production about one mile west of the Herrell (Grayburg) area and 16 miles west of Sterling City at No. 1 Glass, a 2,700-foot wildcat spotted in Sterling County. Location is 725 feet from the north and 660 feet from the west lines of section 1-32-5s, T&P survey.

# Field Extended

The Ackerly (Dean sand) field has been extended one-half mile to the west with completion of Conoco No. 1 F. W. Beckmeyer. The well flowed 208 barrels of 39-gravity oil, with no water, on initial potential. It flowed on 22-64-inch choke and made 102,000 cubic feet of gas daily. The project also had a gas-oil ratio of 490-1.

After drilling to 8,730 feet in lime from ground elevation 2,758 feet, operator set 4 1/2-in casing at 8,439 feet and produced from an open hole section from 8,500-730 feet. The formation was fraced with 40,000 gallons and 40,000 pounds of sand. Location is 2,105 feet from the south and 1,980 feet from the west lines of section 43-34-3n, T&P survey, about five miles northwest of Ackerly.

# Files Post Site

Tom W. Landers, Longview, has filed No. 2-G I. N. McCrary in the Post (Glorieta) field in Garza County. It is projected to 3,000 feet by rotary tool and spots 1,263 feet from the south and 2,699 feet from the east lines of section 2, Holmes, Driver and Long survey.

In Mitchell County, the section has been corrected on two latan - East Howard projects. Holley-McKenney et al No. 3-A T. L. McKenney, has been corrected to section 45-29-in, T&P survey. The No. 4-A McKenney, by the same operator, is also changed to that section.

# Aviation Group Discusses Improvements At Airport

Various proposals for improving and popularizing the Howard County Airport, and an effort to get better scheduling on Trans-Texas flights for Big Spring were advanced by the aviation committee of the Chamber of Commerce, on its first 1964 session Monday afternoon.

The committee called for revitalizing the airport advisory committee, a liaison group which in the past worked with the County Commissioners Court on various programs for maintenance and improvement of the airport. It has not functioned for some time.

Pointing out that the airport is the "doormat" of the city

the facility which leaves first and lasting impressions on many people arriving here, committee members said they felt many improvements should be made. They want the advisory committee to work with the County Court on such projects.

The group also voted to invite the Texas Air Tour to make an overnight stop in Big Spring when the 1964 itinerary (probably for October) is mapped. Special entertainment would be arranged. The Texas Air Tour had Big Spring as a stop in 1959.

A sub-committee headed by Jack Gulley was asked to continue contacts with Trans-Texas Airways to see if more convenient flight times might be arranged. The matter of fares (affecting first class) will also be inquired into.

F. W. Lutting, chairman, presided at the meeting. There were about ten present.

# Burglars Busy

Burglars forced entry at Girder Electric and Refrigeration Service Company, 209 Austin, Monday night and removed a radio, a typewriter, a calculator, two pipe wrenches, three electric drills, an electric shaver and 12 bottles, detectives said. Entry was gained through a rear door.

## Double Poll Plan Breeds Confusion

By The Associated Press  
The federal poll tax ban amendment was scheduled to receive official White House attention in a ceremony today, but Texans cannot get free poll tax receipts until later this week.

The ceremony moves Texas a step closer to the confusion of two sets of poll taxes, voters and ballots.

The final step is expected Wednesday or Thursday, when federal printers record the White House ceremony.

On that day, Texas tax collectors can open new counters to register Texans who have no poll tax receipts or exemption certificates and want to vote free only on candidates for federal office.

Harried tax collectors, already besieged by puzzled citizens, plan special precautions against issuance of two poll taxes to one person and predict the snafu will decrease poll tax payments.

### WON'T PAY

"I'm afraid, coming as it does now, many people won't pay their poll taxes or get their exemptions," said Reed Stewart, Fort Worth assessor-collector.

To make sure all tax collectors begin the 30-day registration period on the right day, state officials plan to have telegrams in the collectors' offices close to opening time of the day the official notice is published in Washington.

Texas legislators made the publication date a trigger to put into effect a stopgap law to provide for coexistence of the poll tax and the free registration system.

The free registration system features poll tax receipts marked "poll tax not paid." Holders of poll tax receipts and exemption certificates—available only through Friday

are not affected by the registration system, a fact tax collectors find citizens are slow to grasp.

### QUESTIONS

Collectors in Fort Worth, Dallas and Houston report frequent questions on whether both types of receipts are needed. Precautions against double registration will be taken in Houston and Dallas by use of affidavits or certificates.

"We can't afford to have people voting twice in the national elections, and we are going to be put to a lot of extra work to avoid duplications," said Harris County collector Carl Smith.

"We won't have much time (to cross-check for duplications)," said Dallas collector Ben Gentle. "When they come to register, it will be necessary to obtain an affidavit that they do not also possess a poll tax receipt. It is the only protection."

## State Officials Studying Defunct Money Order Firm

AUSTIN (AP) — The State Banking Department is left with a \$25,000 bond, an incomplete file and an uncertain course in the case of a bankrupt California money order firm.

No one knows how many Texans hold worthless money orders.

Atty. Gen. Waggoner Carr has deferred action until he gets a full report from the banking department.

Three members of Carr's staff met for several hours Monday with Deputy Banking Commissioner H. L. Bengston without reaching a conclusion on what moves the state should make regarding the collapse of American Security Currency, Ltd., of Los Angeles.

Bengston said he just learned Monday that the firm is in receivership. A bankruptcy petition was filed Jan. 16, he said.

Several persons who sold the orders, as well as several customers who found the money orders were worthless, have contacted Bengston, but he could offer no help.

"We don't have jurisdiction to

investigate — we feel we've done what we are compelled to do under the statute," Bengston said. "It amounts to an incomplete file for us."

Bengston said the firm sold money orders through 317 drug stores and supermarkets in Texas.

Under a law passed by the last legislature, firms selling money orders are required to post bond and be licensed by the State Banking Department.

Of 45 firms doing business when the law took effect, 44 were licensed by Bengston. American Security applied on the deadline, Sept. 23, but posted only \$25,000 bond instead of the required \$250,000.

Bengston advised the firm to increase the bond, but received no reply. The firm was allowed to continue sales while its application was pending, under terms of the new law.

The law makes no provision for disposition of the bond, he said.

It provides that persons who

directly or through other per-

sons violate the law are guilty of a misdemeanor offense and can be punished by a fine of \$100 to \$500 or 90 days in jail or both.

## Convinced Lee Shot Kennedy, Says Young Oswald Widow

DALLAS (AP) — Lee Harvey Oswald's young widow says she's convinced her husband killed President Kennedy. Her statement Monday drew immediate challenge from the mother of the accused assassin.

Marina Oswald, 22, Russian-born blonde who married Oswald in the Soviet Union, said in a copyrighted interview with KRLD AM-FM-TV in Dallas:

"I don't want to believe... but I have too much facts, and facts tell me that Lee shot Kennedy."

She added that she knew nothing about her husband's alleged plans, and called the Nov. 22 assassination "a very bad surprise for me."

MARINA OSWALD TALKS DURING FIRST INTERVIEW. Widow of accused presidential assassin wants to stay in U.S.

**FIRST STATEMENT**

It was Marina's first statement to a newsman since Oswald was buried. He was shot Nov. 24 by night spot operator Jack Ruby, who now awaits a murder trial tentatively scheduled Feb. 17.

Her mother-in-law, Mrs. Marguerite Oswald, 56, asserted almost at once in a broadcast interview with Dallas Station KBOX that Marina "has been in seclusion too long."

The elder Mrs. Oswald attributed Marina's conclusion about Oswald's guilt to her association with Secret Service agents, who have provided protective custody for the daughter-in-law the past two months.

**OPENLY CRITICAL**

Mrs. Marguerite Oswald has been openly critical about Marina's seclusion. The young widow and her two small daughters are living at an undisclosed spot in the Dallas-Fort Worth area.

In halting English without aid of an interpreter, Marina said she is not under arrest and is

### Cubans Rally On Panama Demands

HAVANA (AP) — More than 25,000 persons attended a demonstration Monday night at which leaders of the Cuban Workers Federation demanded that the United States get out of the Panama Canal Zone.

Union leaders proclaimed support for Prime Minister Fidel Castro's offer to help Panama if the United States cuts off aid.

### Author Succumbs

SAN DIEGO, Calif. (AP) — Stuart N. Lake, 74, an author whose biography of Wyatt Earp was the basis for an award-winning television series about the legendary frontier marshal, died Monday.

free to "go shopping or any place I can go."

Prior to the remarks from Marina, Oswald's mother disclosed she saw her daughter-in-law Sunday at the grave of the accused assassin. Secret Service agents kept them from speaking, the mother said, and whisked Marina and the children away in a car.

Mrs. Oswald said she believes "the facts" on which Marina has decided her husband's guilt came from Secret Service agents.

**INNOCENCE**

"For a long time I have believed that a profound effort has been made to change her belief in Lee's innocence," the mother said.

"I feel sorry for this girl. But I think Marina has been in seclusion too long."

Mrs. Marguerite Oswald also was critical of an announcement from Washington that her lawyer will not be allowed to cross-examine witnesses before a presidential commission investigating the assassination. Marina will be the first to testify.

"My son has not had the opportunity to be able to prove his innocence and he will always be the accused," Mrs. Oswald said. "This thing has not been handled properly. It has not been handled in the American way."

Marina in her interview thanked donors across the nation who have contributed \$35,000 to her family.

**BIG HEARTS**

"American people have very big hearts," she said. KRLD reported a trust fund has been set up for her.

Marina was interviewed at

her home. CBS carried the interview nationally.

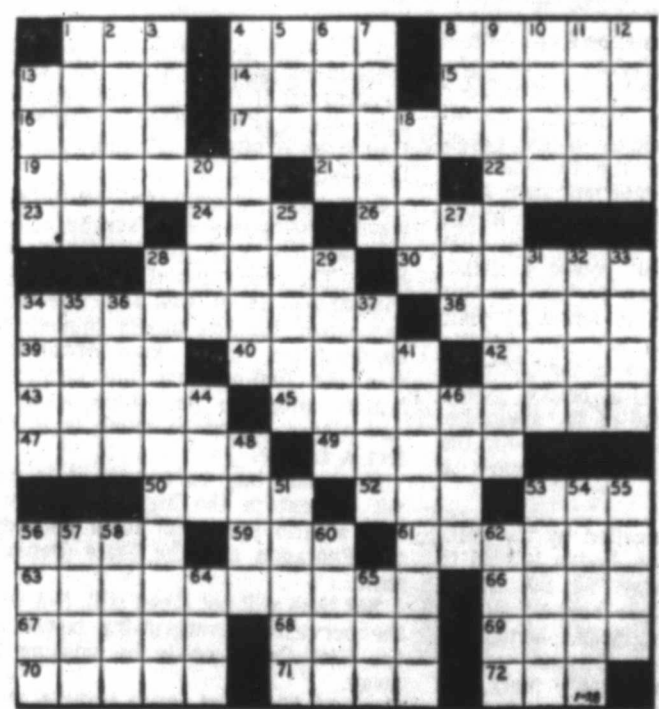

She was serious over questions about Oswald, but she smiled while talking about her children and her daily activities.

"I'm busy with my children all day," she said. "I try to clean house, wash diapers and little bit cook, and play with children outside."

She would like to become an American citizen, Marina said, and continue living here with her children, Junie, 2, and Rachel, 3 months.

## U.S. Files Lawsuit Against Ex-Ambassador's Firm

BOSTON (AP) — The Department of Justice has filed a \$4.9-million damage suit against three firms, including one headed by Matthew H. McCloskey, former ambassador to Ireland and treasurer of the Democratic National Committee.

McCloskey, appointed to the Dublin post by President John F. Kennedy in 1962, resigned recently to help the Democrats raise funds for this year's campaign.

man said McCloskey would have no comment on the suit.

The suit, filed Monday in U.S. District Court, asked \$4,918,577 from McCloskey & Co. of Philadelphia, charging the firm with extensive defects in construction of the 15-story, 920-bed Veterans Administration Hospital in the Jamaica Plain section of Boston.

The company was awarded a \$10,563,000 contract in 1950. The hospital was completed in June 1952.

Also named in the suit were Charles T. Main Inc. of Boston, engineering consultants, and the Boston architectural firm of Shepley, Bulfinch, Richardson and Abbott. The government said these two firms were paid \$619,000.

Additional damages of \$2.5 million were sought from Aetna Casualty and Surety Co., which wrote the performance bond for the McCloskey firm's work.

## A Devotional For The Day

When I was a child, I spoke like a child, I thought like a child. I reasoned like a child; when I became a man, I gave up childish ways. (I Corinthians 13:11. RSV.)  
PRAYER: O God, who through Jesus Christ dost clearly reveal the dimensions of maturity, help us to trace His footprints and to be captured by His spirit. In His name we ask. Amen.  
(From the 'Upper Room')

## Hear What You Want To Hear

Don Yarborough's entry into the Democratic nomination gubernatorial contest proves one thing—an "swing" candidate always hears what he wants to hear. A couple of weeks back Yarborough sent up a trial balloon, and the response, he said, was so overwhelming that he felt obliged to make the race. It requires an abundance of naivete to swallow that; a decision to undertake a campaign of this magnitude just isn't conceived and shaped this rapidly.

Earlier he had been getting a lot of advice, a substantial amount of it for him either to try for some other post or to bide his time. This was not exactly what he wanted to hear, so now that the volume has been turned up on the other tune, he has heard the call.

From his point, it is not altogether a logical decision except as it keeps alive his name on a statewide scale. We may be misquoting the public

feeling, but it does not stand to reason that if he was beaten—even by a close margin—in the primary two years ago when John Connally was having to stretch hard among fragmented forces, that he could expect to do better this time. On the contrary, as governor, Connally is in a much stronger position on account of a record and a program as well as the advantage of being in the public eye and as a near victim of the assassination tragedy. Don Yarborough's militant backers and advisers may reason that a lively Republican primary will drain off some of the governor's conservative support in the Democratic primary, but they are mistaken to consign his strength to only one segment of voters. If the governor wins, as we now feel he will, Don Yarborough will have become a sacrificial lamb to the acrimonious attitude of a minority.

## What's So New?

The new dollar bill, a Federal Reserve note instead of a silver certificate, is worth neither more nor less than the old one. It does represent some debasement in the art of engraving, though. More bay leaves and berries have been added in place of intricate scrolls and curlicues.

But it's the same George Washington.

ton, the same engraving with ornamentation which appeared on the silver certificates.

What's the new dollar worth? The same as the old one on Jan. 1, 1964, about 50 cents in terms of purchasing power of the 1939-40 dollars. And what's so new about that?

### What Is Poverty?

WASHINGTON — The word "poverty" has been in the headlines a great deal recently. President Johnson has stressed plans for relieving poverty. But apparently an acceptable definition of just what the word means has not emerged.

There are, of course, various degrees of poverty, just as there are various kinds of prosperity. This correspondent has come into possession of a rather remarkable letter which discusses poverty. It was written a few days ago by a woman who lives in a small town in the Middle West. She is the mother of 11 children and her husband earns a modest income. She poses an interesting question which indicates the wide area of human relationship which is sometimes covered under the heading of "poverty." Excerpts from the letter are as follows:

"POVERTY, wherever it exists, is very real; and, except where it is self-induced, it is very wrong. Under proper investigation, many cases will be found where rehabilitation and temporary outright handouts could prove to be the wisest course of action, even by the federal government.

"I don't like the present drift toward the welfare state, but I don't like implications that poverty is a 'political hallucination.'

"I AM AWARE, through personal observation, that many cases of poverty are self-induced and deliberately propagated. I am also aware that many other cases are the result of misfortune or illness. There are those who not only have no 'bootstraps' but don't have the ability to pull themselves up by the same. Some means of aiding this group should be found—preferably outside the government.

"It would be quite humane at least to provide people with the opportunity for self-help.

"TO GIVE YOU some background of what kind of reader takes this kind of attitude, I am informing you of the following:

"(A) I have 11 children—four sets of twins.

"(B) Our income has been as low as \$5,000 a year and sometimes up to \$7,000. Because of deductions, we have not had to pay federal income tax for 15 years.

"(C) We almost entirely own our very modest four-bedroom home.

"(D) WE OWN two cars—well, they do sort of run. We have modern household appliances, adequate clothing, four bicycles, many books, a bed for everyone (complete with bedding), stereo-radio-phonograph (our only bed, besides the house and a couple of patient doctors).

"(E) Our diet is simple but adequate and well balanced—usually, Occasionaly we receive surplus food—due to seasonal employment.

"(F) My husband is a nominal Democrat. I am a nominal nothing with strong leanings toward the Republican party.

"(G) WE PAID out about \$100 a medical expense in 1963. My husband was hospitalized for three months. I was hospitalized four times for two weeks each. Only very sound management kept us from going into debt. Temporary county aid helped some, but had we continued for any length of time we would have become truly poverty-stricken with long-range ill effects, particularly on the children. To whom could we have turned?"

The foregoing letter illustrates the problems that confront some citizens of the country, who would be at a loss to know where to go for help in an emergency. The tendency nowadays is to turn to the government, either federal, state or local. There are a number of notable relief projects carried on by government, but there are persons who do not like to "go on relief" or to accept aid from the government.

THE WOMAN who wrote the letter quoted above apparently feels that careful management can avoid hardships, but it is the sudden emergency that has many a family worried. This is really the essence of the problem with which many communities today are confronted.

How long could one be a backslider and not be lost? O.B. Your question sounds as though you want to defer getting right with God as long as possible.

You should know that Christianity is not just a fire insurance policy to keep men from hell. Jesus said: "I am come that they might have life, and that they might have it more abundantly." Christianity is not merely something to die by; it is a way of life; something to live by.

If you had an abscessed tooth, I don't believe you would ask: "How long can a person have an abscessed tooth without dying?" You would seek out a dentist and do something about it. Strange, isn't it, that we are more concerned about the health of our bodies than we are the health of our souls.

A backslider, one who has once known what it means to walk with Christ, is the most miserable man in the world. But alas, there are many, who like Esau, have sold their birthright for a mess of pottage.

Go back where you laid down your Christian cross and take it up and follow the Savior. Then, and only then, can you know peace of mind and soul! Start with repenting of your sins—then "believe" that they are forgiven—then, as Christ forgave Peter who denied Him.

## New Squeak

WICHITA, Kan. (AP) — Mechanic John Brock found a new squeak when he checked a customer's car for trouble.

He dismantled the car's generator and found a mouse with its foot caught in the mechanism.

## Goat At Large

HAYS, Kan. (AP) — Police got his goat and it cost Hays City Commissioner Tom Boone \$15 to get it back.

A goat belonging to Boone wandered into town and began chasing children. Police picked up the animal and Boone was charged with permitting a goat to run at large.

He had to pay a \$15 fine before police would return his goat.

### Red China Promises To Make 1964 Turbulent

WASHINGTON (AP) — The Red Chinese are either backing down on their resistance to a "two-China" policy or they are going to try to use American allies and friends, and even neutrals, to put this country in a box.

The problem of Red China promises to make 1964 a mixed up, goofy, and turbulent year. It started Monday when France recognized the Red Chinese, meaning it recognized them as the legitimate rulers of all mainland China.

France did this against the expressed wishes of its American ally which backs Chiang Kai-shek who claims his Nationalist government on Formosa is the only legitimate government

both of Formosa and the mainland.

FROM A realistic standpoint this is a fiction and has been for years. The United States got thrown into it and then got stuck with it.

The Reds defeated Chiang and his armies and drove him from the mainland to Formosa 100 miles offshore in 1949 after this country had given up helping him, because his "government was corrupt and useless.

He has been on Formosa ever since and could never get back to the mainland without American help, which isn't being given him, although this country is pledged to defend him from a Red Chinese invasion.

THE REDS not only control the mainland, with its 700 million people, but show absolutely no sign of losing control. There are 11 million people on Formosa.

When Chiang first fled to Formosa, the United States washed its hands of him, said it wouldn't defend him from Red China's attack. It made him an ally, and agreed to defend him, only after the Korean War began.

Now comes the odd part, the only point on which Chiang and the Reds agree. Both insist Formosa and the mainland are not two separate Chinas but just two parts of one China.

BOTH CLAIM to be the legitimate rulers of the one big China. Everything gets murky after that.

Forty-eight countries now recognize the Red Chinese, including some of this country's North Atlantic Treaty Organization allies: Britain, Norway, Denmark, the Netherlands. Now suddenly there appears to be a switch.

Red China is accepting recognition from France which also recognizes Chiang's government. It may be they hope outraged Chiang will disown the French recognition, although this country insists he must not.

If such a hope is not the real basis for the Reds' acceptance of the dual French recognition, then the Communists seem to be abandoning their long-stated policy against the "two-China" recognition.

WHAT COULD they hope to gain? If other countries flock behind France, particularly American allies, in recognizing Red China it should weaken this country's anti-Communist China position and cause trouble with friends.

For years this country has failed in trying to isolate the Red Chinese from the rest of the world, diplomatically and economically. Why the American attitude?

Several reasons: Anger over Red China's part in the Korean War; hostility of Red China to this country, particularly because of American support and defense of Chiang; the fear that the more influential and respectable Red China becomes, the more Southeast Asian countries will lose their will to resist communism.

### 'Self-Respect' Typifies Peck

NEW YORK (AP)—What one word best sums up the meaning of life to you?

This is my favorite question in interviewing people because I have often found their replies provide a simple key to what they're really like.

Here was the answer of Academy Award winner Gregory Peck: "Self-respect."

The question seemed to have touched a responsive chord in Peck, who worked his way up from a concession barker at the last New York World's Fair to his present status as a star in Hollywood.

ALTHOUGH he played a psychiatrist in his latest film, Peck thinks the flight to the headshrinker's couch is being abused by many people who aren't in real mental distress.

"The fun and challenge of living is to meet a standard of excellence. I don't like the increasing unnecessary dependence on psychiatric counseling," he said.

"I think the whole idea is to work these things out for yourself—even though it takes until you're 50 to overcome your prejudices and reach a level-headed point of view.

"PART OF the whole idea of life is to be able to do this for

yourself. You have to learn to live without crying on someone else's shoulder.

"A measure of a person is how he can handle the problems of existence on his own—and without self-pity. That, to me, is the point of the whole thing.

"If you turn this over to someone else and say, 'handle this for me,' you're defaulting on the whole idea of living.

"The most noteworthy thing about Hollywood right now is the cold war going on in the search for good script material. It's a real competition, full of espionage.

"Picture-making is utterly dependent on good stories. It's the writing that counts."

Peck, who has had a rare record of success, thinks an actor should be philosophical if a film venture turns out to be a turkey.

"YOU TRY to do your best as a matter of pride," he said. "But, a move after all, although it reflects and interprets life, is still only a movie—a comment on living and dying.

"If you do make a bad one, the nice thing about it is that everyone wants to forget it—and they sweep it under the rug as soon as possible."

### Be Frank With Children About Sex

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: My problem is a common one I suppose, but it does concern me very much. I have waited for some time for my daughter to ask how a baby gets in the mother.

Although she has asked other questions and I have answered them as honestly as I can, she seemed to avoid that one. I just hoped that when she finally would ask, I could answer her honestly and in a way that wouldn't worry or scare her.

Well, she asked this morning and my mind just went blank. I'm so ashamed that I couldn't handle it better. I put her off with the excuse that I was afraid she would be late for school, and I'd talk about it when we had plenty of time.

My daughter is 12 years old and very easy to talk to, as we have discussed all sorts of things concerning growing up. She knows how a baby is born

(I had a new baby a few months ago).

I would appreciate any advice you can give. Or maybe I am making a big problem out of nothing—MRS. R. L.

It seems to me as though you had a case of "buck fever," like the hunter who looks forward to his first shot—and then freezes. Or the person who prepares for a speech or a concert or whatever, and is so well prepared (and so keyed up) that he is briefly paralyzed when the awaited moment finally comes.

Yes, I think you are making too much of the incident. Children, being logical, are almost always easy to talk to when their parents conscientiously try to be honest and sensitive.

One little stumble doesn't destroy that! Your bright daughter will ask again when the question crosses her mind, and that will be that.

Dear Dr. Molner: Can Addison's Disease be cured? If neglected until the skin has become bronze (almost black) can the patient expect to regain good health and vitality? What are the chances of survival when a thyroid deficiency complicates the case?—D. B.

ADDISON'S Disease is not cured in the sense of complete recovery—like measles or pneumonia. Yet with cortisone-type drugs and adequate salt intake, it can be controlled, just as diabetes can be controlled but not cured. In many cases the presence of the tuberculosis germ (in the adrenal glands rather than in the lungs) is a causative factor. Hence the future prospects depend on controlling this germ.

Thyroid deficiency can be one of the complications in this disease, and should be treated with appropriate doses of thyroid substance.

## Around The Rim

### Better Read Than Seen

I have not met too many authors. By authors I mean men and women who have written books which have been published.

I may be doing the tribe a gross injustice, but the authors I have met, as a rule, have been a pretty mill-run bunch of folk.

I know one writer who turns out swashbuckling westerns. His heroes are keen-eyed, lean and lanky. They wear their pistols swung low, and they're quick of temper and quick of draw.

YET HE IS CHUBBY, soft spoken. He wears thick-lensed glasses, and I doubt seriously if he knows how to shoot a pistol.

I knew an author who once won one of the most coveted prizes in literature. His books were enthralling. The stories were almost historically accurate in their detail.

He was a sad faced fellow who was so timid that he was almost inarticulate in a crowd. He walked about as though he expected someone to attack him. If you asked him a question about anything except what was in his books, he would begin to turn red and start to stammer.

YOU CAN'T identify an author as such by his appearance. A cub reporter who worked for me years ago wrote and sold a half dozen books. He won a big cash prize for the best first novel of a certain year.

His news stories for the paper were terrible. Time and again I had to make him rewrite a simple account of some incident because he had so mangled the details they made no sense.

ONE OF THE MOST successful writers of whodunits is the sister of a famous newspaper columnist. He is the authority for the statement that 1) his sister cannot spell a word over three syllables 2) that she hasn't the slightest understanding of punctuation.

She writes her stories and then

turns the manuscript over to her competent secretary. This secretary, I am told, can't write a simple story by herself. However, she does know how to spell and is an expert on sentence structure. She reads the author's story before it goes to the publisher, and the finished result is great.

WRITERS I have met seem to have little skill and evaluating their own work. What they may think is grand writing is often sheer tripe. What they think is rubbish may be the finest stuff they have ever done.

One truly great author had this problem. Mark Twain never sent a piece of copy to his publisher until a very personal and private committee had gone over it. He had the good sense to know that this committee—his wife was a member—had far better judgment than he had as to the merit of the work under consideration. If they said it was bad, it was discarded even though Twain felt that he had outdone himself.

THIS PECULIARITY is a problem of all sorts of writers. Many times I encounter examples of it in stuff that I write. I have won a number of awards in the past for articles which, to my way of thinking, were much inferior to others I had offered in competition and had rejected.

I used to believe that if I took a lot of time, wrote with extreme care, did extensive research and then, once the first draft had been finished, rewrote the thing again. I was on the road to good writing. Many times that which the writer beats out under the pressure of deadline and in the rush of despair may prove to be his best.

AS A GENERAL rule, from what I have seen of authors, it would be better if they could stay locked in their ivory towers so that their readers might never know what colorful hacks their favorites really are.

### Let's Not Change Our Minds

WASHINGTON — Last year Congress stood firm in its tracks and fired a shot heard round the world. It reduced foreign aid by about 33 per cent (the largest previous cut had been 19 per cent).

YOU'D HAVE thought that the message was clarion-clear, but last week the Share America lobby, represented by Democratic Senators Fulbright, Monroney and Clark, were around with a New Frontier blunderbuss that is calculated to shoot holes in structures which the same Congress enacted no longer ago than Christmas. Largely because of combat fatigue, and resentment growing from last year's exhausting session, 33 Senators were absent on the key vote, and all but a corporal's guard were absent from the explanatory debate. Anyhow, the bill (S. 2214) passed the Senate.

IT IS A BILL of legislative trickery to undo much of last year's work and to override much Congressional control of foreign assistance. The bill increases our participation in something called the International Development Association (IDA) in which we put up about 42 per cent of the funds and retain only about 26 per cent of the voting power. The bill authorizes an international banking institution to make loans to backward nations that pay no interest for the first 50 years. Worse, it effectively thwarts these decisions taken in 1963 under the AID bill.

1. A DECISION to deny aid to foreign countries which expropriate American property or annul American contracts—as in Brazil and Argentina.

2. A decision to deny aid to so-

cialized projects in foreign countries where there is unnecessary competition with the Free Enterprise system—notably the Kokoro Steel Mill in India.

3. A decision to use sound business practices under AID. The new bill would permit foreign nations to borrow, interest free, from the American taxpayer, and then to earn profits as high as 12 per cent on the same money.

4. A DECISION not to subsidize Latin American governments until they make certain internal reforms—no such condition attaches to IDA loans.

The IDA plan originated four years ago when the Eisenhower Administration discovered with horror that we had acquired a ruinous rate of loss in our balance-of-payments. In order to get wealthy allies to join in foreign aid, we set up this international association as a subsidiary of the World Bank.

SENATOR SYMINGTON remarked on the Senate floor how a tariff-waiving action in Canada on automobile parts was now calculated to cost at least 600 jobs in Missouri. The point was not labored in debate, but the IDA bill is, I think, the first one of the new session which raises a searching question.

Can the Johnson Administration wage war on poverty in America, retaining current jobs and creating new ones, if we march American dollars for foreign assistance, not foreign investment, to the ends of the earth? The 88th Congress didn't think so in 1963, and there's nothing about Leap Year to suggest a change of mind.

### We're Losing In South Viet Nam

WASHINGTON—Certain painful decisions must be taken in the very near future about the m'ppy state of confusion and uncertainty that is South Viet Nam.

The bright glow of optimism periodically generated by statements from military commanders, notably General Paul Harkins, can no longer conceal the grim facts of life. The war against Communist Viet Cong guerrillas is not being won. Judging by recent reports it may for all the large expenditure of American men and money be well on the way to being lost.

A COMPLICATION, and this brings up one difficult decision, is the presence in Saigon of an ambassador whose Presidential candidacy is already a sizable cloud of the political horizon. Either the President or the Secretary of State will soon have to write Henry Cabot Lodge Jr. a sort of "Dear John" letter, saying that while we still think you're a noble, public-spirited citizen to take on this job, you will have to make up your mind whether you are a candidate for President or an ambassador.

That may not come before March 10 when a full slate of 14 "favorable to Lodge" delegates will be on the ballot in the Republican primary in New Hampshire.

IN SAIGON, bedeviled by the complexities of the war, Lodge is said to be largely unaware of the rising boomlet. He regards himself as the general of a hot war, struggling with the conflicting demands of the ruling Vietnamese military junta, the Central Intelligence Agency, General

Harkins and the American military in a dawn-to-midnight struggle. Lodge has a reserve commission as a major general in the Army and has always been something of a military buff.

SEVERAL NEW factors make a re-appraisal of the war itself imperative. One is the growing disillusion on Capitol Hill over support of a conflict that has the look of a bottomless pit. The disaffection is thus far expressed for the most part in private. It is a reflection of the "why do we go on pouring money down a rat hole" attitude that boiled up in the foreign aid controversy.

ANOTHER FACTOR is President de Gaulle's initiative in the Far East. Recognition of Peking is only the first step. Even prior to that move de Gaulle had offered French aid to Cambodia.

But most important of all is the report of a recent field survey which got far too little attention here at home. The conclusion of the joint U.S.-Vietnamese team was that the war can never be won unless immediate changes are made. Most disturbing was the finding that the strategic hamlet program on which Harkins and others staked so much is in effect a failure.

If anyone has an answer it is not yet evident in the high-level papers that shuffle back and forth between the Pentagon and the State Department.

But time will not stand still. Not will the pervasive, evergrowing power of the Viet Cong recede by wishing it away.

## No Word Received Here Yet On New Poll Tax Receipts

No special non-paid poll tax receipts will be issued by the office of Zerah LeFevre, county tax assessor, until official word of the date to begin such issuance is received by her office. However, she said that she is prepared for the program. A supply of poll tax receipt forms on which will be stamped "poll tax not paid—for use in federal elections only" is on hand. She pointed out that the persons who want these special receipts will have 30 days from the date the comptroller notifies her office to begin issuing such receipts in which to obtain them. She also pointed out that deadline for payment of poll tax is Friday. And that any voter who has paid his poll tax or who has been issued a regular exemption certificate, is eligible to vote not only in federal elections but in all elections which may be held in this county in 1964.

Today's poll tax receipt business continued brisk in her office. Through Monday afternoon, there had been nearly 7,000 men and women in the county who had qualified themselves to vote in all elections. There had been 5,314 poll tax receipts and 1,620 exemption certificates issued through that date. Meantime, Mrs. LeFevre

warned military personnel that the change in poll tax requirements relative to federal elections does not alter their situation. These persons are eligible to vote only in the county in which they entered service or in the state from which they enlisted—the new development in no way changes their status. In connection with exemption certificates Mrs. LeFevre called attention to an error in published explanations as to persons eligible for such permits. An applicant for an exemption certificate must be a qualified elector who had passed his 60th birthday prior to Jan. 1, 1963 or a "new" voter who was not 21 on Jan. 1, 1963 but who will have reached that age before the election this year. Certain new residents, too, are eligible for exemption certificates which will entitle them to vote in all elections in the county.

With the establishment of the two types of poll tax receipts, two separate rolls will have to be set up for the information of the election officials, Mrs. LeFevre said. One will be a list of the voters who paid their poll tax or who were issued exemption certificates and are eligible to vote in all elections. The other will be the list of voters who hold the "non-paid poll tax receipts applicable in federal voting only."

"One thing should be kept clearly in mind," said Mrs. LeFevre. "You only need one kind of poll tax receipt. If you are a paid poll tax receipt holder you are eligible to vote in all elections and do not need a special 'non paid' receipt for federal elections. If you are the holder of a 'non paid' receipt your right to vote in Texas elections is limited to those in which the selection of a president, vice president, U. S. senator or congressman is at stake."

## Firemen Answer Three Calls

Fire of undetermined origin burned clothes and caused heavy damage to a clothes closet at the E. J. Russell residence, 1700 Morrison Drive, Tuesday morning.

Firemen also extinguished a blaze at the "66" Truck Stop, US 80 west about 4:45 a.m. New battery boxes on a Stauffer Chemical Co. truck caught fire, firemen said.

Burning trash caused a grass fire about 4:30 p.m. Monday on a vacant lot at 400 NE 7th, according to firemen.

## Mrs. Kinard Dies Tuesday

Mrs. Sallie Kinard, 84, 600 Eleventh Place, died at 7:21 a.m. Tuesday in a local rest home. She had been in failing health for a number of years, but had been ill only a few days. She had been a resident of Big Spring since 1965, and was the widow of J. A. Kinard who died in 1955. She was born in Magazine, Ark., Nov. 7, 1887. Services will be held at the Baptist Temple at 2 p.m. Thursday, with the pastor, the Rev. James Puckett, officiating. Burial will be in City Cemetery under the direction of River-Welch Funeral Home.

Survivors are: three sons, Daucey Kinard and Dewey Kinard, Big Spring; and Dorman Kinard, Lamesa; five daughters, Mrs. Corene Nutter, Los Angeles, Calif.; Mrs. Ora Martin and Mrs. Lillah Jacks, Houston; Mrs. Bertha Davidson, San Antonio; Mrs. Verma Martin, Odessa; 15 grandchildren, 27 great-grandchildren, one great-grandchild; two sisters, Mrs. Ora Todd, Garland, and Mrs. Mattie Wright, Big Spring.

## MEN IN SERVICE

Haley H. Haynes, son of Mr. and Mrs. A. H. Haynes, 800 W. 17th, and Douglas R. Napps, son of Mr. and Mrs. Charles V. Napps, 1311 E. 17th, both of Big Spring, are scheduled to complete basic training Feb. 7 at the Naval Training Center, San Diego, Calif. The nine-week training includes naval orientation, history and organization, seamanship, ordnance and gunnery, military drill, first aid and survival.

First Lt. Lawrence E. Huggins, Chillicothe, Ill., has graduated from the Air Force pilot instructor course at Randolph AFB.

A rated Air Force pilot, he was trained to teach student pilots to fly jet trainer aircraft. His course here included flying, academic and military training. His wife, Alice, is the daughter of Mrs. Edna Minter, 1313 Colby, Big Spring.

Army Pfc. Sam Hartfield, son of Mr. and Mrs. Clarence Hartfield, 1109 NW 8th, Big Spring, was assigned to the 4th U. S. Army Missile Command in Korea, early in January. Hartfield is assigned to the 1st Missile Battalion of the command's 2nd Artillery.

The 19-year-old soldier entered the Army in June, 1962 and was last stationed at Fort Bragg, N. C. He is a 1962 graduate of Big Spring High School.

Pvt. Mary A. Chavarria, whose parents, Mr. and Mrs. Louis C. Ramirez, live at 622

NW Third, Big Spring, completed an eight-week clerk typist course at the Women's Army Corps Center, Fort McClellan, Ala., Jan. 17. During the course, Pvt. Chavarria received instruction in general office skills, military correspondence, and Army administrative procedures.

She entered the Women's Army Corps in August, 1963, and is a 1963 graduate of Big Spring High School.

Jerry D. Bilbrey has been promoted to technical sergeant in the Air Force. Sgt. Bilbrey, a jet engine technician, is assigned to the 43rd Field Maintenance Squadron at Carswell AFB. His wife, Mary Evelyn, is the daughter of Mr. and Mrs. E. L. Hodges, 202 W. 14th St., Big Spring.

Army Pfc. Weldon R. Menix, son of Mr. and Mrs. C. A. Menix, Lamesa, and other members of the 7th Infantry Division took part in Exercise SNOW STORM in Korea.

The 21-year-old soldier, assigned to Company B of the division's 7th Aviation Battalion, entered the Army in January 1963, completed basic training at Fort Polk, La., and was last assigned at Fort Huachuca, Ariz.

Menix is a 1961 graduate of Sands High School in Ackerly. Before entering the Army, he was engaged in farming.

Lt. Charles David Ewing was recently promoted on the South Atlantic Force staff of Rear Admiral J. A. Tyree Jr. Lt. Ewing serves as the Admiral's aide and flag lieutenant. The twenty-seven year old lieutenant from Big Spring began his seagoing career after graduating from the U.S. Navy's Officer Candidate School at Newport, R.I.

Lt. Ewing first sailed aboard the USS Mauna Kea, an ammunition ship in the Pacific Fleet, serving as communication officer and navigator. More recently, he has participated in an African good-will cruise and circumnavigation of the South American continent in an anti-submarine training cruise with the navies of South America.

All in all, he has visited some 37 ports around the world, during his four years in the Navy. He is planning to return on leave in the near future to Big Spring to visit his brother and mother, Mrs. J. B. Ewing.

## Hampshire Voting Looms As Rat Race

WASHINGTON (AP) — Its come-one-come-all aspects indicated today that New Hampshire's March 10 presidential primary may end up ranking first in confusion as well as first in the nation.

Sen. Margaret Chase Smith, R-Maine, 66-year-old veteran of somewhat more limited political wars, joined the overflowing list of GOP presidential nomination aspirants with the announcement Monday her name will go on the primary ballot.

What was perhaps more disturbing to New York Gov. Nelson A. Rockefeller and Sen. Barry Goldwater, R-Ariz., was the filing of a delegate candidate for former Vice President

Richard M. Nixon. John L. MacDonald, a Manchester advertising man, predicted a full delegate slate for Nixon. The man who lost a hair-line decision to the late President John F. Kennedy said he would accept a draft for a second nomination but wouldn't campaign for it.

With this in mind, MacDonald said that Nixon's name may not go on the preferential ballot list where those of Rockefeller, Goldwater, Mrs. Smith will be listed. But he added that there may be a write-in for Nixon.

The former vice president's name is well known in New Hampshire, where he polled 65,000 votes in 1960. Presumably he, Mrs. Smith and several others will provide alternatives for Republican voters who don't want either Rockefeller or Goldwater.

Supporters are talking of injecting Henry Cabot Lodge, the 1960 GOP vice presidential nominee, and Gov. William W. Scranton of Pennsylvania into the primary balloting. Former Minnesota Gov. Harold E. Stassen planned to file today.

## Assassination Figure Dies

MONTERREY, Mex. (AP) — The man charged with assassinating President Venustiano Carranza 44 years ago died Sunday, reportedly poverty stricken and friendless.

He was Gen. Rodolfo Herrera, 84. He was buried today.

According to Mexican history, Carranza had been ousted and was fleeing to Veracruz with a reported 5 million pesos in gold and silver. From there he had planned to go into exile abroad. His train was attacked by a man who had pledged loyalty. Carranza and a few intimates then took to horses and headed for Tampico.

Rodolfo Herrera was a local chieftain in the area and offered his services as a guide.

Herrera led Carranza as far as Tlaxcalantongo, a remote Indian village on the side of a pueblo mountain, and gave him a bed in a wooden hut. He promised to guard him during the night.

According to history books, however, Herrera murdered him May 21, 1920, and told Carranza's followers their leader had committed suicide. There was not enough proof to convict him.

Adolfo de la Huerta was declared provisional president.

Herrera recently told reporters that the full truth about the matter would not be made public until after his death.

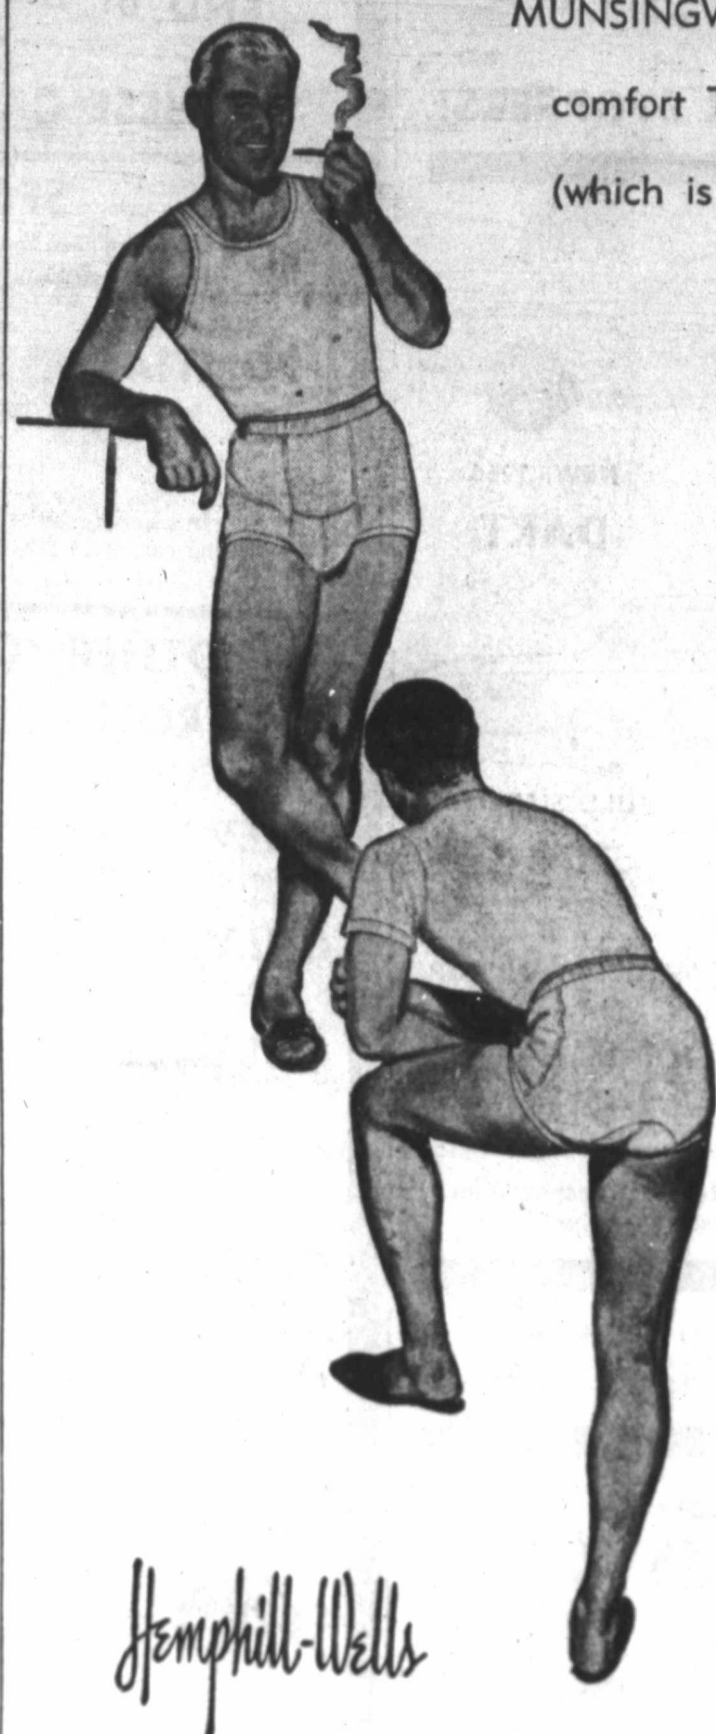

He had lived here in retirement the past 30 years.

## Oil Production Shows Decrease

TULSA (AP) — U.S. oil production fell last week, the Oil and Gas Journal said today. Average daily production last week of 7,547,810 barrels was down 49,716 a day.

Oklahoma output of 539,800 barrels daily was down 36,600. Colorado was down 3,300 to 98,700.

Arkansas produced 76,000. Louisiana 1,526,130. New Mexico 299,500 and Texas 2,625,300.

## Torres Asks New Hearing

Joe Torres, facing a 15-year sentence in the state penitentiary, is making one more effort to stay outside the prison walls.

He filed a motion for rehearing on his appeal before the Texas Court of Criminal Appeals Friday. This was the last day that Torres had in which to file such a motion.

Torres was found guilty Feb. 18, 1963, of the murder of Andrew Garcia Perez. Perez was shot to death in a tavern April 18, 1962. The jury in 118th District Court assessed his punishment at 15 years in the state penitentiary.

## Sweetheart City Swamped By Mail

LOVELAND, Colo. (AP) — Valentine mail is pouring into the Sweetheart City, postmaster Fred Brewer said Monday.

Chamber of Commerce volunteers place a special cachet on these cards, letters and packages for remailing before the Feb. 14 Valentine date.

Last year more than 100,000 pieces of Valentine mail went out with the Loveland postmark. On each piece is stamped the picture of Cupid and a Valentine verse.
