900 In One

Nine hundred children at Omaha's Hillside School in Nebraska will convey Valentine's Day greetings to their parents with this 5-by-5-foot heart. It is made up of 900 small paper hearts, each with the name of a Hillside pupil. The "heart of hearts" will be displayed at a parents' meeting. The young admirers are Karen Cain, right, and Marc Delman. Both are 9. (AP WIREPHOTO)

## Water Supply Plans Pushed

WASHINGTON (AP) — High-ranking U.S. officials said Saturday President Johnson's Guantanamo orders are designed to free the U.S. naval base from further minor Castro annoyance and to deter any major Red move to expel the Americans.

At the same time, they said the United States will increase in the next few weeks its efforts—so far unsuccessful—to discourage Western Allies' trade with Cuba. It will be argued anew that trading with a militant Castro is different from general trade with the Communist bloc and should be cut down.

U.S. strategy was decided at Friday's two lengthy sessions by Johnson and his top advisers at the White House.

## Reviewing The Big Spring Week

With Joe Pickle

We can all be proud of Howard County citizens for their response in qualifying as voters during 1964. Latest figures show 11,212 either paid poll taxes or secured exemption certificates before deadline time. In addition, a number of those 65 and older who reside outside the city limits do not have to have exemptions. So the apparent voting strength is something like 11,500. This could be increased by those registering later for federal elections only.

Howard County Junior College has set a new record for the spring semester. Although final totals will not be tabulated until early this week, the 725 signed is more than for any previous spring semester. These figures revealed an interesting development—while enrollment from Webb AFB declined by 16 per cent (from 179 to 159), other enrollment increased by 22 per cent (from 473 to 575). The overall increase was 11.1 per cent (652 to 725).

Marvin Springer, the Master Plan consultant on city planning, addressed some 40 representatives from the downtown area last week. His message was essentially the same as in previous sessions, only more urgent. Boiled to the essentials, it was this: "get together, and get going."

Among the first place winners at the (Austin) Headliners (See THE WEEK, P. 6-A, Col. 2)

An authority in a position to know what went on said a key consideration was whether Prime Minister Fidel Castro's cutoff of water to Guantanamo Thursday, ostensibly in retaliation for U.S. seizure of 38 Cubans for fishing in Florida waters, was part of a broader conspiracy to force the United States out of Guantanamo.

The U.S. strategists did not know at the time whether the Castro act was an isolated step or part of a broader move perhaps undertaken with the active backing of Moscow.

Saturday they still did not know for sure, but they had received no further indication that there was a concerted Communist pressure drive against the big U.S. facility at Cuba's eastern tip.

Cuban President Osvaldo Dorticos said specifically Friday the water incident is not part of a campaign to evict the Americans. And Castro denied any intent to fight for the base.

But in order to counter both possibilities, the Johnson strategists decided to make more than just a limited response to the water cutoff. The idea was to serve notice that Castro could not tamper lightly with the U.S. base and to deter any broader Red move against Guantanamo by indicating U.S. readiness for action.

This was done by the Johnson order to make Guantanamo self-sufficient in its water supply and labor force.

## Panhandle Snow Melts

Great snowpiles in the Panhandle turned slowly into soaking moisture for the wheat and ranges Saturday as warmer weather took over.

The blizzard that left up to 26 inches of snow and six deaths in Texas had caused great inconvenience in the Panhandle, but the needed moisture left immense benefits.

Head counts through the areas that were snowbound in the middle of the week disclosed apparently few cattle deaths. Ranchers said the winds didn't get high enough and the temperatures stayed high enough to prevent heavy losses.

Travel was swiftly returning to normal.

By early afternoon, temperatures throughout the Panhandle snow area were above freezing and the residual snow was melting. Amarillo had 34 degrees. Dalhart, in the northwest Panhandle and usually the state's coldest spot, had 45 degrees as the warmer weather moved in.

# U. S. Problems Sputter In Two World Hot Spots

IN CYPRUS

## British Fly In Fresh Troops

LONDON (AP) — President Johnson dispatched a crack trouble-shooting team here Saturday for urgent negotiations with Britain on the increasingly tense Cyprus situation.

The President acted almost simultaneously with publication of a sharp rejection by Prime Minister Sir Alec Douglas-Home of Soviet Premier Khrushchev's charges that Britain and the United States planned invasion and occupation of the embattled Mediterranean island.

OFFENSIVE

Douglas-Home called the allegations "as offensive as they are unfounded."

The prime minister and Foreign Secretary R. A. Butler will fly to Washington for consultations Wednesday with Johnson on Cyprus and other pressing problems.

Britain flew 500 fresh troops into strife-torn Cyprus Saturday as Prime Minister Sir Alec Douglas-Home spurned Soviet Premier Khrushchev's charges that the Western powers plotted a military invasion and occupation.

Meanwhile, Undersecretary of State George W. Ball and three top aides were ordered across the Atlantic to be in instant touch with British officials here.

Reports were current in diplomatic circles that Britain and the United States had new proposals for Cyprus President Makarios designed to meet his objections to the proposed 10,000 peacekeeping force drawn from members of the Atlantic Alliance including the United States.

Informed sources said some form of new plan was actually already under discussion by the Cyprus government in Nicosia.

Khrushchev's direct incursion into the situation was one of the factors increasing tension on the island. Britain landed 500 fresh troops Saturday to relieve some of the tensions who have been trying to keep order since bloody rioting broke out Christmas between Greek and Turkish Cypriots.

MAJOR INTEREST

The U.S. State Department stressed once again that the United States has "a major interest in the maintenance of peace in the eastern Mediterranean."

Informed sources said some form of new plan was actually already under discussion by the Cyprus government in Nicosia.

## Judy Garland Hurt In Fall

NEW YORK (AP) — Authorities at Mount Sinai Hospital said singer Judy Garland was brought to the institution Saturday night suffering with a mild concussion brought about through a fall in her Manhattan apartment.

A hospital spokesman said the 41-year-old entertainer was brought to the hospital in an ambulance and that her condition was good.

Miss Garland is under the care of Dr. Kermit Osterman. The hospital said the singer slipped and fell in the dressing room of her residence.

Last Feb. 14, Miss Garland was hospitalized in Carson City, Nev., suffering with a slight paralysis of the left side.

EXTRA COPIES

## Profile of a President

In today's Herald there is a special magazine devoted to the story of a great Texan.

"Profile of a President" tells in story and pictures of the exciting and colorful career of Lyndon Baines Johnson.

This is a warm and personal account of many events which carried a Texas farm boy from the hill country to the White House.

"Profile of a President" is something to be treasured by every Texan—indeed every American.

Additional copies will be available—starting Feb. 10 and while the supply lasts—at a cost of 20¢ per copy. Got yours at the Herald office promptly.

Receives Medallion

Gov. John Connally received a medallion from Eagle Scout Herbert D. Teel Jr., of Lubbock, at the annual meeting of the Boy Scouts in Austin Saturday. The Governor received the report of scouting in Texas for the past year and was presented with the medallion bearing the likeness of the late President John F. Kennedy. (AP WIREPHOTO) (More on Scouts in Section D of today's Herald.)

SCHEDULED FOR MONDAY

# Oswald's Mom To Testify, Ruby Wants Trial Moved

## To Shed New Light On Case

FORT WORTH, Tex. (AP)—Marguerite Oswald goes before a presidential commission in Washington Monday determined to shed new light on her son's role in the slaying of President John F. Kennedy.

Mrs. Oswald, 56, a practical nurse, is scheduled to testify at 10 a.m. before the seven-man Warren Commission investigating the Nov. 22 assassination.

"I definitely have documents and papers that will throw a different light on the matter," she said before leaving Fort Worth.

"The commission wants everything I have, and I have quite a bit. I have documents that nobody else has, that they couldn't possibly have."

"I feel there will be new evidence produced."

Mrs. Oswald is expected to contend, as she has done frequently, that "trumped-up charges" pinpointed Lee Harvey Oswald as the sniper who fired three shots into the presidential motorcade as it moved through a downtown Dallas street.

The attack left Kennedy fatally wounded and Texas Gov. John Connally critically wounded.

## Military Fund Gets A Boost

WASHINGTON (AP)—An extra \$92 million earmarked for development of a new bomber and a manned interceptor plane was approved Saturday by the House Armed Services Committee. Secretary of Defense Robert S. McNamara did not ask for the money.

The committee threw in the additional sum in authorizing \$16.9 billion for military procurement, research and development.

It was the largest authorization ever sent to Congress by the Pentagon because for the first time all research and development funds were included in the same package. These amounted to \$6.3 billion.

The committee cut \$270.5 million from the Defense Department request, all in research and development areas. The procurement \$10.6 billion—which buys the nation's guns, ships, submarines, planes and the like—was not touched.

This is a breakdown of the research and development cuts: Army—\$62 million. Navy and Marine Corps—\$121.5 million. Defense agencies—\$22 million. Air Force—a net cut of \$65 million.

A subcommittee had recommended an Air Force slice of \$157 million, but the full committee added in the extra \$92 million for the bomber and interceptor, so the net decrease was \$65 million.

## Prosecutor Opposes Move

DALLAS (AP) — Jack Ruby's lawyers will start trying again Monday to convince a Dallas judge that the killer of accused presidential assassin Lee Harvey Oswald can't get a fair trial here.

Prosecutors said in advance they'll argue stoutly against defense demands for the murder case to be heard somewhere else in Texas.

It will be up to Dist. Judge Joe Brown to decide. First, however, the rival lawyers will question at least part—and possibly all—of 176 witnesses summoned for Ruby. On the list are civic, business and church leaders,

public officials, educators and newsmen.

Unless the jurist grants a change of venue, Ruby is due to go on trial just a week later, on Feb. 17. His lawyers say he'll plead temporary insanity.

Ruby, 32, is the Dallas strip joint operator who shot Oswald before a nationwide television audience Nov. 24. Oswald, 24, a Communist sympathizer, was accused of firing the shots which killed President Kennedy and a Dallas policeman two days earlier.

Ruby's legal staff — headed by Melvin Belli of San Francisco and Joe H. Tonahill of Jasper, Tex. — contends that "Dallas County cannot judge Ruby fairly while the state, the nation and the world judge Dallas."

Among other things, the defense contends prospective Dallas jurors well informed about the case to return an impartial verdict.

HARDEST

"It will be hardest of all on Ghanaians if they are removed," Harvey said, "because they probably can't leave the country at all."

The other deportees were expected to leave over the weekend.

Seidman, 43, said he intended to go on teaching somewhere else in Africa and resume his New England law practice later. He said Ghanaians students were as intelligent as any "and they write better English than most students in the United States."

IN GHANA

## Four Americans Are Kicked Out

ACCRA, Ghana (AP) — Six teachers at the University of Ghana are being deported on grounds of subversive activities, the government announced on Saturday. Four of them are Americans and two of the four are Negroes.

The announcement over Ghana radio said, "Investigation into recent events reveals they were indulging in activities prejudicial to the security of the state."

SHOUTING

Earlier, more than 2,000 followers of President Kwame Nkrumah's Convention People's party swept over the university campus in suburban Legon shouting slogans and carrying such signs as, "Down With Bookism."

These events came four days after hundreds of progovernment demonstrators marched around the U.S. Embassy in Accra charging the embassy with spreading rumors and waving signs that read, "Down with Yankee imperialism." The government expressed "deep regrets" Friday night at that demonstration.

The Americans ordered out are:

—Dr. William B. Harvey, dean of the university law faculty since September, 1962, on leave from the University of Michigan in Ann Arbor.

—Robert Seidman, a law professor, from South Norwalk, Conn.

—Louis H. Schuster, a Negro professor of business administration, from New Haven, Conn.

—Dr. Wendell A. Jeanpierre, a Negro instructor in the French language, from New Orleans.

OTHERS

The others being deported are the Rev. J. V. Steward, an Anglican chaplain from England, and Gaston Greco, another French-language instructor believed to be a Jamaican.

The deportation orders were issued a week ago, but university authorities got them held up awhile. University Chancellor Conor Cruise O'Brien, an Irishman, also said he tried to get them withdrawn. He would not comment further.

In Washington, the State Department said, "The United States deprecates the action of the Ghana government as striking a hard blow against academic freedom." It said that before returning to Washington on Friday for consultations, U.S. Ambassador William P. Mahoney Jr. had protested against the impending deportations.

TO ROME

Schuster left Ghana on Friday night, headed for Rome. He told a reporter here he had a mimeographed order to leave on grounds of state security. He said it was not specific and he had no idea what it meant.

"I have had only three public contacts here—my two classes in the university's school of administration and one public lecture on business management," Schuster said.

He is on the faculty of Tennessee State Teachers College in Nashville and came to Africa on Nov. 25.

Harvey, 41, has had malaria and pleurisy. He expected to stay on the campus several more days to recover. His wife and a son are with him. He said there were four other Americans still on the law faculty. He was sorry, he said, for those ordered out, because unlike him, not many others had jobs to go back to.

# House Bogs Down Saturday In Civil Rights Bill Tussle

WASHINGTON (AP) — The House bogged down in fights over women's rights, religion and the aged and failed to complete action Saturday night on the key job equity section of the civil rights bill.

Against Republican opposition, the House put off a final vote until Monday. The Republicans had hoped to be free to attend Lincoln Day rallies next week.

A long day on which the leadership hopes to push the bill to a final vote was spent instead on the fringes of the controversial section aimed at providing equal employment opportunities for Negroes.

First, after a wide-ranging discussion of the differences and similarities between men and women, the House voted 168-133 to broaden the proposed ban against women.

Then, after an equally circuitous route, it voted to exempt from coverage of the proposal all church-related schools,

largely on the argument that otherwise, they might have to hire atheistic janitors.

The House defeated, 123-94, an amendment by Rep. John Dowdy, D-Tex., that would have brought discrimination on the grounds of age under the bill, too.

Religion was brought in again on an amendment by Rep. John M. Ashbrook, R-Ohio, adopted 137-98, which provided that no employer could be forced to hire an atheist under the provision

BULLETIN

THE HAGUE (AP)—Prime Minister Victor Marijnen disclosed Sunday that Princess Irene has chosen to give up her right of succession to the throne of Holland in order to marry Spanish Prince Don Carlos de Borbon y Parma. (See story, Page 6-A.)

Rep. Howard W. Smith D-Va., offered an amendment as to sex and it attracted the solid support of the Southern opponents of the omnibus bill, most of the women members of the House and a large number of Republicans.

Rep. Graham B. Purcell Jr., D-Tex., proposed exempting church-related schools. It was strenuously opposed at first by the bipartisan bloc favoring the bill, but Rep. Emanuel Celler, D-N.Y., floor manager of the bill, finally capitulated and accepted it.

The three side trips took more than eight hours to complete, after which the Southerners made a half-hearted attempt to knock the whole title from the bill, thus making the measure ineffective. An amendment by Rep. Phil M. Landrum, D-Ga., to accomplish this was defeated, 159-90, after only a desultory debate.

# First Cotton Ginner Here Had Profitable Operation

By SAM BLACKBURN  
Sometime in the future, when the history of Howard County is compiled, the historian will find an acute need for a little more information about one William Dering.

Dering played a major role in Howard County's agricultural picture soon after the turn of the century. For a fleeting interval, he was the holder of a monopoly which must have been most profitable to him in that dim time nearly 60 years ago. He was the county's first cotton gin owner.

The deed records of the Howard County clerk show that Dering had a gin in operation on Lots 7, 8, 9, Block 115 in 1906. Apparently he had built the gin and probably operated it first in 1905. In 1906, this same enterprising operator had set up a second gin at Coahoma.

**TIMES HAVE CHANGED**  
Part of Howard County's 1963 cotton crop

**HOWARD COUNTY COTTON YARD IN 1910**  
Old photo shows start of crop in this county

**GOOD THING**  
To show what a good thing Mr. Dering had even in that distant time—consider the cotton production from Howard County fields in 1905. The records show that the crop that year amounted to 3,839 bales. Since Mr. Dering had the only gin in the county and since travel then was slow and difficult, it is likely that all 3,839 bales of that year's cotton were ginned at his plant.

In 1963, the total cotton production was close to 45,000 bales. There were 13 gins in Howard County competing for the ginning. In counties adjacent to this, other gins were operating. Assuming that all of the county's crop was ginned at the Howard County gins, the average bales handled by each plant was only 3,460 bales. Mr. Dering in that dim day of the past, ginned about as much cotton as any one of his modern counterparts handled last year.

Cotton has been a major crop in Howard County for nearly 60 years. There is no accurate record of who was the first Howard County farmer to plant cotton. As far back as 1887, the late L. S. McDowell Sr., is conceded to have grown the earliest cotton in this area but not in this county. He carved out 25-acres of his ranch just across the Glasscock County line that year, and began experiments with grain sorghum. With his grain he planted a small plot of cotton. He was not impressed with the results, it seems, and afterward confined his limited farming operations to sorghums.

**FIVE BALES**  
In 1889, however, other landowners began looking into cotton as a Howard County crop and the county that year produced five bales. The production climbed to 300 the next year and reached 450 bales in 1901.

In the following three years cotton production was nearly at a standstill. In 1902, the crop was 324 bales. 305 in 1903, and 850 in 1904. The following year, a good one, weatherwise, saw the crop jump to 3,839 bales but in 1914, 11,400 bales were produced. This was the year Dering established his gin.

Three years later, the fields had truly become king and there had been seasons which saw ginnings of more than 50,000 bales— one year, 1949, showed 66,071 bales—the records then come upon 1952 when total production for the county was 1,390 bales.

Again four years later, total crop for the county was only 3,500 bales. The past eight years, however, have been kinder to cotton growers. In 1957, the crop was 24,000 bales. The following year it was 34,000, followed by 35,000 and then 37,000. In 1961, a banner year, it had a crop of 45,757 bales. In 1962, production dropped nearly 29,000 bales to 26,890.

**GOOD SIDE**  
Last year, back on the good side, will show a total ginning report of close to 45,500 bales.

As cotton has become increasingly important to the county's agricultural economy, the farmers have kept pace by employing steadily improved economies. The federal government's intervention into the labor problem cut off the flood of Mexican National pickers who formerly harvested each year's crop. Undaunted, the farmers turned to mechanized pickers.

Last season, perhaps 90 to 95 per cent of the crop was harvested by strippers. In the year ahead, this same pattern will be followed.

Farmers have become experts on insect control but are now perturbed by two new problems. One is the fear that the customary insecticides are losing their potency and the second is a grave threat that boll weevils may be invading this area. Until last season, this pest was virtually unknown in Howard County fields.

## UF Members Meet March 2

Annual membership meeting of the United Fund of Big Spring and Howard County has been scheduled for March 2. The session will be at 5 p.m. in the Chamber of Commerce offices.

Every person who contributed to the United Fund is a member, and president Lee Rogers said all these are urged to attend.

The membership will select a group of new trustees to replace those whose three-year terms are expiring. Trustees subsequently will meet to elect new officers of the fund-raising organization.

## Has Surgery

H. J. (Sunbeam) Morrison underwent surgery at the Medical Arts Hospital in Dallas Saturday for removal of a throat tumor. Reports indicated that the surgery was successful and that Morrison was resting well with good hopes of complete recovery. Mrs. Morrison is staying at the White Plaza Hotel while he is in the hospital.

## HIS FRIENDS

We often sing, "What a friend we have in Jesus." We know that He is our friend. But the question is, are we the friends of Jesus? No doubt we would quickly say we are. To question it, is likely to insult us. Yet it must be questioned. While our intentions are good, we are not always good friends to the Lord.

Jesus said, "Ye are my friends if ye do whatsoever I command you" (Jno. 15:14).

Obedience is the test of this friendship. We are not his friends if we do not obey him. Indeed, we are not his friends if we pick and choose the commands we are willing to obey. We must obey **WHATSOEVER**

## Crop Pegged At 43,015 Bales In '63

Texas Employment Commission office here will report Howard County cotton production for 1963 at 43,015 bales.

This is the total reached by the office after a check last week of the ginning reports of the 13 gins in this county and of a number of gins adjacent to the county where Howard County grown cotton was handled.

The gins in the county probably handled well over 47,000 bales of cotton but, the difference represents cotton produced in Martin, Borden, Glasscock, and Mitchell counties which was brought into Howard County for ginning.

By the same token, 2,107 bales of Howard County grown cotton was sent to gins outside of the county.

Indicative of the heavy load of out-of-county ginning a local plant can be called upon to do is the case of the Lomax plant. The total ginnings at this plant were 5,432 bales. The gin reported that 2,584 of this total consisted of Howard County cotton. Most of the remainder came from Glasscock County.

A few of the gins said they would still have a few scattered bales of cotton to handle. However, as a general situation, the 1963 cotton crop is now in the cotton yards.

The 43,015 bale total reported by TEC is well ahead of the 42,500 estimate the agency had posted for the county. The quality of the crop has been excellent and all things considered, the year has been a good one for the cotton farmers.

TEC report on the 1963 cotton crop in Martin County is 54,328 bales. This is slightly under the expected production from that county.

Glasscock County, on the other hand, produced considerably more cotton than it had been expected to turn out. Its final crop report is 12,677 bales.

## Inspection Held

An inspection for Big Spring Masonic Lodge No. 31 was held Friday night at the Masonic Temple. It was conducted by Knight George Riggs, representative of the Right Eminent Kaplan Andrews and Grand Commander of the Grand Commandery of Texas. Some 60 Knights were present for the inspection.

## VA HOSPITAL Call Goes Out For Blood Donors

A call for a new kind of volunteer—blood donors—was made Thursday afternoon during a quarterly meeting of the Veterans Administration Voluntary Service Advisory Committee of the Big Spring VA Hospital.

Dr. H. C. Ernsting, chairman of the committee and acting director of the hospital, asked committee representatives to determine if any of their members are interested in donating blood for transfusions to veterans at the hospital. They were urged to turn in the names and addresses of interested individuals to the director of volunteers by Feb. 26. Laboratory Service will contact them, determine their blood type and will call them whenever blood donations are needed.

Effective Monday the hospital will no longer accept free cigarettes and other tobacco products for distribution to VA patients and members, Dr. Ernsting said. Simultaneously, the hospital will institute an educational program designed to bring to the attention of patients and employees the hazards of smoking as outlined in the report of the Advisory Committee to the Surgeon General of the Public Health Service.

Dr. Ernsting said the report shows that death from coronary artery disease is 70 per cent higher for smokers than for non-smokers, 500 per cent higher from chronic bronchitis and emphysema and 1,000 per cent higher from lung cancer. He suggested that substitutes such as stationery, stamps, shampoo, hair oil, etc. be given to patients instead of tobacco products.

Rex Bishop, coordinator of physical medicine and rehabilitation, asked that old nylon hose, plastic bags about 8 x 10 inches in size and strips of material for weaving hot pads be given to the hospital. The weaving is used by Occupational Therapy to improve manual dexterity of some patients.

A balance of \$130 was reported for the Indigent Patient Fund by Grover Shaunty, chief of social work service. During the last quarter the fund was used to help 41 patients, providing them with \$113. Mrs. Ethel Crenshaw, who was instrumental in establishing the fund, Mrs. Leonard Barlow and R. R. McKinney were appointed to a committee to work with Shaunty in administering the fund.

April 20 was selected as the date for the annual Recognition and Appreciation program for adult volunteers. The program will begin at 7:30 p.m. During 1963 a monthly average of 128 volunteers served 11,825 hours. The total for all volunteers was 13,020 hours.

Recruiting of junior volunteers will begin April 20, Mrs. Ara S. Cunningham, director of volunteers, said. Interviews will be held from May 11-25 each day from 3:30-5 p.m. at the volunteer office.

An abbreviated orientation and training course for new volunteers will be given Monday at 1:30 p.m. at the hospital. All persons wishing to serve as stationery, stamps, shampoo, hair oil, etc. be given to patients.

## AMAZING PSORIASIS STORY

Jan. 18, 1960 — Pittsburgh, Pa. — "Doctors for psoriasis 30 years. Spent much money to no avail. Then used GHP Ointment and Tablets for 2 weeks. Scabies disappeared as if by magic. In 4 weeks skin completely cleared and clean. First time in 30 years. Thanks for your marvelous products." This much abbreviated report tells of a user's success with a dual treatment for the outward symptoms of psoriasis. Full information and details of a 14-day trial plan from Canam Co., Dept. 290K, Rockport, Mass.

WHITE PLAGUE VICTIMS  
These 13 Garza children are all believed to have tuberculosis

## Tuberculosis Hits Thirteen Children

Thirteen children, all members of one family and ranging in age from five months to 15 years, will be admitted to the State Tuberculosis Hospital at San Antonio Monday.  
X-rays made of the lungs of the 13 youngsters Friday by doctors here all showed definite evidence that the boys and girls had the dread disease. In one or two instances, the doctors said the x-ray signs might indicate inactive cases but in the others, they ruled there was conclusive proof of the presence of active tuberculosis.  
By a strange quirk of fate, neither the 36-year old mother nor the 34-year old father showed any signs of being tubercular.

### COW POKES

We're not trying to see what all we can git in here with her!"

## Local People Suffer Loss As Car Rifled In Chicago

Big Springers on an emergency visit to Chicago last week found the city inhospitable to an expensive degree. The locked trunk of their car was broken open and clothing and other items running into high value were stolen.  
The loss included four suitcases full of clothing, a new typewriter, a fur coat and a stamp collection valued at \$3,000.

Mrs. George W. (Helen) Dawson and her daughter, Mrs. Bental Hamby, went to Chicago to be with Dr. Dawson, who had been residing in an apartment there and who suffered a stroke, rendering him unconscious for several days.  
The women made arrangements to put him in a VA Hospital, and to close up his apartment, advertising the furniture for sale. Just as movers completed vacating the apartment and they had their car packed ready to return to Big Spring, they made a final check on the apartment. During the few minutes they were in the building, the car parked at the curb was rifled. Chicago police did considerable investigating, but with no promising results, Mrs. Dawson said. The stamp collection was Dr. Dawson's.  
She and her daughter have returned. He said Dr. Dawson is to undergo a series of tests in the Chicago hospital.

## Y Workers Still At It

Late reports for the participating membership drive of the YMCA Saturday morning brought the total collected to \$10,853.50, nearly \$300 over the amount collected by the end of the drive Friday.

"Our records indicate that about 420 cards are still in the hands of workers, so the goal is still within sight," Curtis Mullins, general secretary, said. "We hope to close the gap quickly when the mop-up work begins next week."  
The goal for the three-day drive was \$15,000.

Most valuable players for the four teams competing during the drive were Mrs. Jimmy Harper, who scored 94 points in membership, Frank Hardsen with 87, John Berry with 84 and Jimmy Taylor, 37. The Red Raiders, which boasted 10 players with more than 10 points, led in the competition.

Another segment of the current Y campaign, the sustaining membership group, had far better success. It went over its goal of \$10,500 by \$212 on last count and more is expected to be added before the drive ends. That group is headed by Clyde McMahon Sr.

## Club Told About Base Finances

T. Sgt. Richard M. Clark, non-commissioned officer in charge of Accounting and Finance at Webb AFB, fulfilled a speaking engagement before members of the American Business Club Friday noon at the Settles Hotel.  
Clark explained the functions and acts of the various departments with which he is affiliated at Webb.  
He spotlighted attention on the fact that the annual Webb payroll of approximately \$8,000,000, along with allotments totaling about \$4,000,000 has to be processed through his department.  
It must be itemized correctly, he added, because the armed forces leave no margin for error when it comes to auditing financial reports.

Sgt. Clark said the military personnel in his department would be substantially reduced in the near future due to the fact that the Air Force has "gone computer-minded."  
Guests present for the meeting included Jack Haralson, Clyde Hollingsworth and Morris Rhodes.

## Fires Snuffed Out

Firemen Saturday extinguished a fire of undetermined origin. It occurred about 2:20 p.m. on a vacant lot in the 100 block of Presidio. A fire, believed to have been set by children, caused heavy damage to a Texas and Pacific Railway trestle on a spur track at the north end of the T&P yard about 5:30 p.m. Friday, firemen said.

## Garrett Aims At Big Sweep

With a collection of grand champions in hand, Horace Garrett heads for San Antonio this week with his classy pair of Aberdeen Angus cattle.  
If Ambassador Beaver Dam 30 and Lucy 131 come through at San Antonio, they will have a chance for a season's sweep. Only Houston will be left of the major spring shows.

On the current circuit, Ambassador Beaver Dam 30 and his half-sister, Lucy 131, have captured the grand championships at the Great Western in Denver, Colo., at Amarillo, the Southwestern at Fort Worth (a repeat of the previous year). Last year Garrett did not show them at San Antonio, but Beaver Dam was champion of the Angus bulls at Houston then.

Previously, the two fared well at the International at Chicago. Beaver Dam had been ailing shortly before the show, but he came through to win the championship of the senior class missing out on the grand championship. Lucy was champion of her class and reserve of the show. At the American Royal in Kansas City, Beaver Dam captured the grand champion Angus bull honors, then at the Lexington, Ky. show, Beaver Dam 30 won the coveted futurity special championship—a title which covered best of show for both bulls and cows. Lucy 131 was top cow in the Angus division.  
This young sire with a fantastic record is the son of KF Bardolier 4th and of Queenmere

## Motorists Are Lagging Behind For Inspections

Less than one-fourth of the motor vehicles in Howard County which must have an inspection sticker attached before April 15 have so far complied with the law.

Through Thursday, only 3,387 of the county's 22,100 registered vehicles were listed as having been inspected. This is 24.2 percent of the total.

However, Howard County is well up at the top in the num-

ber of vehicles inspected as compared with other counties in the area. Only two counties have more vehicles, percentage-wise, than Howard County. They are Tom Green with 35.2 and Reagan with 29.6.

The cost of the inspection sticker is \$1.  
There are dozens of authorized inspection stations in the county. They are located in service stations, garages and similar establishments.

Failure to have an inspection sticker on a car after April 15 makes the owner of the car liable to a fine of not less than \$1 and not more than \$200 and costs. The inspection period opened Sept. 1.

## Pack 48 Sets Busy Schedule

Cub Pack 48 has a busy schedule for February. It starts today when they meet in front of the sponsoring First Presbyterian Church in order to attend in a group. The pack and leadership will be recognized at the morning service.

On Monday, Tuesday and Wednesday, Cubs and Boy Scouts will participate in school flag raising ceremonies, at 8:25 a.m. at Marcy and College Heights and at 8:30 a.m. at Park Hill.

The Pack's annual Blue and Gold Banquet will be held Feb. 27 in the Fellowship Hall. Dr. R. Gage Lloyd, minister, will give the invocation and Harvey Hooser the address. Dr. Lloyd, Hooser and W. T. McRee will judge the "Genius Kids." A new den will be inducted as a program highlight.

During this week, the pack has a display on Cubbing at Mellinger's Store, Third and Main.

### May Plan To Assist Campaign

Gil Jones, district attorney, is puzzled.

He points out that in the years he has prosecuted felony cases he has had certain defendants threaten him bodily harm. He has had one defendant, whom he tried and who was given a death sentence, congratulate him on the excellence of his prosecution.

Last week something new arose and Jones is wondering just what it adds up to.

James R. Sims, charged with rape, was brought before the court to enter a guilty plea. When the state had completed its case, Jones recommended that Sims be sentenced to 15 years in the penitentiary — which sentence was pronounced.

As the defendant left the courtroom, he paused at the judge's desk where a small stack of Jones' political campaign cards were stacked. He picked up a handful and systematically counted off 15 of the cards — one for each year of his sentence. He thrust these in his shirt pocket, replaced the other cards he held on the stack and marched out after the jailer.

Jones is pondering just what the man proposes to do with the cards.

## Election Assessments To Be Made Monday

Precinct chairmen for the 16 voting boxes in the county will meet with Frank Hardesty, county Democratic chairman, Monday at 10 a.m. in the Howard County courtroom to determine primary assessment costs to be levied against candidates in the forthcoming elections.

Hardesty said Saturday it seems certain the costs can be kept at three per cent of the annual salary of the office sought in contested races. Offices where no opposition has filed will be assessed at four per cent.

**AVERAGE COST**

This will mean the average county office seeker will be required to kick in with \$218 if in a race where there are two or more candidates. If there happened to be only one candidate after the post (which is not the case for any county office at stake this year) the fee would be \$288.

One exception will probably be made this year in a county office contest. This, Hardesty said, is in the case of the race for district court clerk.

Fern Cox, incumbent clerk, seeking re-election, was appointed to the office in January, 1963. His appointment was until the next general election

which means the appointment expires next November. Cox and his three opponents are contesting for election to the post for a two year term. In other words, Hardesty pointed out, whoever wins this race will have to campaign for re-election again in 1966.

"We intend to assess district clerk candidates only one half what we are assessing other candidates for county offices.

**NO OPPONENT**

The one candidate who has no opponent for office is Walter Grice, justice of the peace. The assessment against Grice will be at four per cent. It will be levied against his new salary which becomes effective Monday, retroactive to Feb. 1. Grice and Jess Slaughter, his fellow justice, asked an increase in salary of \$22.50 a month which was approved by the county commissioners. This becomes effective Monday. Hardesty said the assessment would be four per cent of \$3,900 which is Grice's new salary.

In the case of the two county commissioner races, the levy will be at three per cent against the total income the office brings the office holder. This is \$5,414.40—\$4,514.40 salary and \$900 per year car allowance.

In the race for sheriff, the levy will be three per cent of \$7,200 as will be the case of contests for county tax assessor-collector and county attorney.

**DIFFERENT**

In the case of the race for district attorney, in which Gil Jones, incumbent, is seeking re-election, opposed by Wayne Burns, county attorney, the filing fee will be much different. The office sought involves Howard, Glasscock and Martin counties.

The salary is \$7,500 per year. The rule is that each county can assess a fee against the candidate based on one third of the annual salary. Hardesty said that in this county, the assessment would be three per cent of one third of \$7,500 or \$75.

However, in Martin and in Glasscock County, where there are few candidates seeking office, the assessment is to be at 10 per cent of one third of the annual salary. This will mean that Jones and Burns must each pay \$250 in both Martin and Glasscock counties, bringing the total filing fee to \$575 for each candidate.

Hardesty pointed out that the three and four per cent assessments in this county are unusual. The majority of the counties in this part of Texas have a much higher fee for candidates. Many assess flat 10 per cent of the annual salaries.

**FACTORS**

Hardesty has pointed out that the large number of candidates in the races in this county, the fact the committee is able to make use of public buildings and schools for elections, thereby evading rent, and the county road and bridge department cooperates in hauling election supplies to the various voting places, is the reason that election costs are kept down.

He said that after the Monday meeting at which the committee will peg the fees, he will notify each candidate of the amount he owes. The candidate must have his money in Hardesty's hands by next Saturday. Any candidate who fails to do so will forfeit his place on the ballot.

Hardesty said there are two races on the ticket for which no assessment fee will be levied. These are for the two constable's posts. Lee Young, constable of Precinct No. 1, is seeking re-election unopposed; Freddie Paul Hartmann and R. R. Black are candidates for constable, Precinct 2 (Coahoma). The present constable for this precinct is Tom Birkhead, who did not file for re-election.

**SMALL SALARIES**

Hardesty pointed out that the salaries of these offices is \$1 per year. He observed that as

### Only 8 New Non-Paid Poll Receipts Issued

The problem of how to handle the voters who declined to pay poll tax, but who hold the special non-paid receipts empowering them to vote for federal officials only, does not appear to be a major one in this county.

Mrs. Zarah LeFevre, county tax assessor-collector, said that only eight such receipts have been issued so far and there is little interest being displayed in the matter.

A 30-day interval on which these special voting receipts can be issued opened Feb. 5.

Frank Hardesty, County Democratic Committee chairman, said that in elections to be held in this county this year, voters who present the special non-paid receipts will be handed ballots by the election precinct judge on which all races, except those involving federal officials, will be blocked out.

These permits provide the voter with the privilege of voting for President, vice president, U. S. senator or congressman but do not permit him to vote in any state, county or local election.

Such receipts can be issued only to voters who have not paid a poll tax this year and who otherwise would not be eligible to claim an exemption certificate.

### Coahoma Band Boosters Schedule Talent Show

COAHOMA—Registration for entry in a talent show to be held here by the Band Boosters Club must be in no later than Wednesday, according to Mrs. H. J. Robertson, chairman.

The contest will be held at 7:30 p.m. Saturday. It is open to any amateur who wishes to take part.

By Saturday, some 19 entrants had registered for the four divisions of pre-school through fifth grade, grades 6-8, high school and adult. First place winners in each division will receive a \$5 gift certificate. Ribbons will go to second and third places.

Proceeds from the show will go to purchase instruments, new band uniforms and other equipment.

Persons interested in entering the competition should contact Mrs. Robertson, Mrs. Marion Hays or the Band Boosters at Box 440, Coahoma.

### MEN IN SERVICE

Pfc. Benjamin T. Vest, son of Mr. and Mrs. J. T. Vest, Route 3, Colorado City, is participating in Exercise Polar Siege, a 12-day field training exercise in Alaska scheduled to end Feb. 10.

More than 10,000 U. S. and Canadian military personnel are taking part in the exercise, the largest ever held in Alaska. Polar Siege is taking place over 2,400 square miles of wilderness and is the first cold weather test of the Army's new infantry brigades organized last year under the Army-wide reorganization of combat units.

Vest is a paratask clerk in Headquarters Company, 4th Battalion of the 171st Brigade of the 9th Infantry regularly stationed at Fort Wainwright, Alaska. He is a 1962 graduate of Loraine Independent High School.

Army Privates Charles L. Belvin 18, son of Mr. and Mrs. Arthur L. Belvin, Colorado City, and Lewis M. Thomas, son of Mr. and Mrs. Truett Thomas, 425 Westover Road, Big Spring, with nearly 3,000 other soldiers of the 25th Infantry Division's 2nd Brigade Task Force began leaving Hawaii by air Jan. 23 for Okinawa to participate in Exercise Quick Release. The month-long exercise is scheduled to end Feb. 25.

Task Force personnel are carrying only essential light combat equipment. Heavy equipment, including artillery weapons and tanks, will be issued from ships of the Military Sea Transport Service, a forward floating depot, after the men deplane on Okinawa.

This new logistical approach being tried for the first time in the Pacific Command, is expected to speed the movement of troops to trouble spots and to reduce airlift requirements during an operation's initial stages.

Thomas is a radio telephone operator in Company A, 1st Battalion of the division's 8th Infantry at Schofield Barracks, Hawaii. He entered the Army in December, 1962 and completed basic combat training at Fort Hood. The 25-year-old soldier is a 1957 graduate of Big Spring High School.

Belvin, a rifleman in Troop A, 3rd Squadron of the division's 4th Cavalry at Schofield Barracks, Hawaii, entered the Army in August, 1963, completed basic training at Fort Polk, La., and arrived at the barracks early in January. He is a 1963 graduate of Wallace High School.

**GUS OCHOTORENA JR.**

Spec. 4. Gus Ochotorena Jr. is leaving soon on his new assignment with the Army in Korea. He has been with Company G CET 8612, an electronic testing unit in Arizona. He will be with an engineering construction company in Korea. Specialist Ochotorena attended Big Spring High School and completed work for his high school certificate in the service. Prior to entering service on Feb. 21, 1962, he was employed by Cannon Shoe Store. His parents, Mr. and Mrs. Gus Ochotorena Sr., reside at 405 NW 11th.

Robert N. Sartan, aviation ordnanceman airman apprentice, USN, son of Mr. and Mrs. Oscar T. Tate of 1393 Stanford, graduated Jan. 31 from Aviation Ordnanceman School at the Naval Air Technical Training Unit, Jacksonville, Fla.

He learned the fundamentals of the aviation ordnance field, including guns, munitions and rockets. He will now be assigned to the Gunnery Department of a ship or air station.

### Consultants To Visit VA Here

Two area consultants for the Big Spring Veterans Administration Hospital will make their first visits in more than two years. Both men are from Dallas. They will make routine evaluations of the effectiveness of their specialties during their one-day stops here Monday.

The two men are Dr. R. L. Stubblefield, consultant in psychiatry, and Dr. James R. Maxfield Jr., consultant in radiology. Dr. Maxfield was here last in December, 1961. The last area visit in psychiatry was in May, 1961, by a consultant other than Dr. Stubblefield.

**To Speak Here**

On the occasion of National Electrical Week, Eldon Mahon, Fort Worth, vice president of Texas Electric Service Company, will speak this week at several civic club luncheons. These include the Big Spring Jaycees, Optimist Club, and the Downtown and Evening Lions Clubs. He will discuss the electric industry, its progress, growth, and its future.

### Kilgore Names New President

KILGORE (AP) — Randolph Watson, 50, has been named president of Kilgore Junior College by the trustees.

He succeeds Cruise Stark July 31. Stark will be president of the new Grayson County Junior College in North Texas.

Watson has been dean for over 10 years.

**Champ Brings Over \$4,000**

COLORADO CITY—It pays to be a winner.

Robert Cooper, Colorado City member of the Mitchell County 4-H Club, proved it in a big way Friday at the 35th Annual Southwestern Livestock Show in El Paso by selling his Grand Champion steer for a record \$4,35 a pound and a total price of \$4,028.10.

The 11-month-old 926-pound Hereford steer was purchased by Lone Star Brewing Company of San Antonio and Oklahoma City.

Young Cooper, a 15-year-old freshman at Colorado City Junior High School, also was awarded the Calf Showmanship Trophy. His calf had captured top honors in the Hereford medium weight class before it was selected as Grand Champion of the show.

## YOUR CHEVROLET DEALER HAS MORE TO OFFER:

**luxury cars, thrifty cars, sport cars, sporty cars, big cars, small cars, long cars, short cars, family cars, personal cars 45 DIFFERENT MODELS OF CARS**

Why one stop at your Chevrolet dealer's is like having your own private auto show

And if we had room here we could go on and list all the engines Chevrolet offers, ranging up to an extra-cost 425-hp V8 in the big Chevrolet. And all the different transmissions. And the umpteen different exterior and interior color choices. And the models with bucket seats and those without. And the hundreds of different accessories, including the new extra-cost AM-FM radio. But that's best left to your Chevrolet dealer. That and exactly how reasonable the price can be for you to be able to enjoy so much car.

## How Texans Cast Votes In Senate

WASHINGTON (AP) — How Texas congressmen voted:

On passage, 77-21, of the \$11.6 billion tax cut bill: For—Yarborough. Against—Tower.

On tax bill amendment, defeated 61-34, to provide for automatic suspension of the \$11.6 billion tax cut if government spending exceeds \$100 billion in any year: For—Tower. Against—Yarborough.

On amendment, adopted 56-25, to eliminate from tax bill the more liberal treatment of capital gains in House-passed version: Against—Tower. Not voting—Yarborough.

On amendment, adopted 47-41, to reduce exemption on income earned outside of the U.S. by U.S. citizens living outside U.S.: Against—Tower. Not voting—Yarborough.

On amendment, rejected 45-48 to provide for deduction for certain expenses of higher education: For—Tower. Against—Yarborough.

On amendment, rejected on a tie vote, 47-47 to allow tax deduction for earned income by a working college student: For—Tower. Against—Yarborough.

On amendment, rejected 33-61 to reduce 27½ per cent tax depletion allowance for oil and gas producers to 20 per cent in three steps: Against—Yarborough. Tower.

On amendment, rejected 33-59, to repeal 10 per cent excise tax on live theater admissions: For—Yarborough. Tower.

On amendment, rejected 44-47 to retain present 4 per cent dividend credit but to limit such credit to \$500 for an individual: For—Tower. Against—Yarborough.

On amendment, rejected 45-48, to repeal retail excise tax on jewelry and furs costing less than \$100 and to repeal all such taxes on luggage and cosmetics: For—Tower. Against—Yarborough.

## Woodard Trial Opens Monday

Emmie Woodard 42, charged with murder with malice, goes on trial Monday in 118th District Court. Judge Ralph Caton has called a special venire of 150 to serve in the case.

Woodard, who has been at liberty on \$10,000 bond since the slaying on Oct. 25, is accused of killing Herbert Lee Tillis, 30, as climax to a quarrel over a 25 cent pool game bet.

The shooting occurred in front of a pool hall at 312 NW 4th. Tillis, who was felled as he stepped out of the building, was shot twice. One bullet struck him in the body. The second was fired into his head at close range.

He died 2½ hours later in a local hospital. Woodard posted bond shortly after the shooting and has been at liberty since.

Gil Jones, district attorney, said that Woodard's case is now the only case slated to be called for trial. Until Tuesday of last week, two cases were docketed before the court and special venire. One was that of James R. Sims, accused of rape, and the second the murder charge against Woodard. Sims pleaded guilty Thursday which left the Woodard case the sole matter before the court.

The veniremen are to report to the court at 10 a.m.

## Engineers Set Annual Banquet

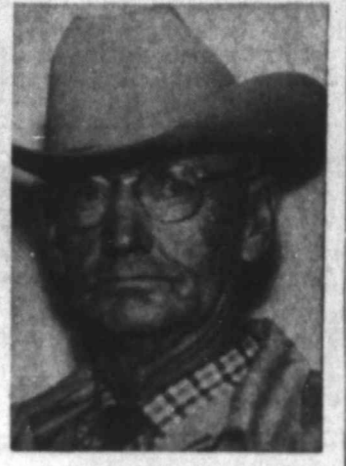

Members of the Permian Basin chapter of the Texas Society of Professional Engineers will have the annual "Engineer of the Year" banquet Saturday evening at the Ranchland Hills Country Club in Midland.

William J. Murray Jr., independent oil operator and petroleum engineer, will be the speaker. Murray, a graduate of the University of Texas, served 16 years as a member of the Texas railroad commission.

Last year's award winner was E. Dale Scarth, Midland. Other winners were Donald C. Klein, Odessa, S. Wade Howell, Odessa, Henry E. Nunn, Midland, Kenneth Esmond, Odessa, and E. V. Spence, Big Spring. Reservations are being handled locally by O. H. Ivie, chapter president.

## Psychiatric Nurse Institute Slated

The nursing and medical staff of the Big Spring State Hospital will sponsor a one-day Psychiatric Nursing Institute here Feb. 19, according to Mrs. Ott-

J. C. (SLIM) SKELTON

## Files For Borden Sheriff's Post

GAILE—J. C. (Slim) Skelton, resident of Borden County for more than three decades, has announced his candidacy for sheriff of Borden County.

Skelton is a resident of Murphy community in southeast Borden County, and he has been a Borden citizen 35 years. This is his first time to seek public office.

Skelton announced his candidacy subject to the Democratic primary.

## THE WEEK

(Continued From Page 1)

awards last weekend was Bill Burrus, a former Herald staff member. Burrus is medical and science writer for the Dallas Times Herald now and he won for his series on the plight of emotionally disturbed children.

Big Spring Independent School District trustees are wrestling with a big problem — how to keep most of what they have planned for a much larger central high school plan and other units, and yet pull the costs down from four million dollars to somewhere between three and three and a half million.

The city has started work on improving the access road to Webb AFB. This is set up as a four-lane road with diving median and a traffic light control near the base entrance. It can come none too soon. How serious mishaps have been avoided at the FM 700 and access road intersection is something of a miracle.

Speaking of miracles, you would have to put something of this tag on the HCJC Hawks' victory over South Plains College in Levelland last Tuesday.

SJC captured a rebound and inexplicably tried for a goal with four seconds remaining. Dick Ebling grabbed the rebound but thought the game was over. He heard Terry Williams racing down court, threw the ball as hard as he could, and Williams grabbed and threw for the winning goal. One second remained. Then Friday with less than a minute left, the Hawks squeaked past Odessa JC by one point. And to think they would do this to us during Heart Month.

And indeed with the heart symbol of Valentine to help impress it on the public's mind, the local Chapter of the American Heart Society is pressing its appeal for funds to fight the greatest killer of all — cardiovascular disease.

In one of those million-in-one

John Jolley, director of nursing. The workshop will offer nurses an opportunity to expand their knowledge of care for the mentally and emotionally ill by presenting current information on psychiatric nursing. It is open to all registered professional nurses.

More than 60 applications have already been received from as far away as Terrell and Austin. Others include Abilene, San Angelo, Lubbock, Odessa, Midland, Andrews, Snyder and El Paso. A special invitation to participate was extended to nurses in the Big Spring area.

A host of speakers have been engaged for the workshop. They include Beatrice Carruth, who is director of the Associate Degree Nursing program at Odessa College; Josephine Lamb, chief of psychiatric nursing for the Board for Texas State Hospitals and Special Schools; Glen Rollins, a special consultant with Mental Health Services from the Department of Health, Education and Welfare, Dallas.

Others include Dr. Phillip Roos, superintendent of the Austin State School; and Mrs. Phoebe M. Hommel, director of nursing service for the Department of Public Health in Fort Worth, as well as local speakers Dr. Frankie Williams, clinical director, and Dr. Preston E. Harrison, superintendent, from the hospital.

There is no registration fee. Dinner at the hospital will cost 51 cents.

## Two More Men Held In Burglaries

Police have acquired more suspects in cabin burglaries at Lake J. B. Thomas dating back to 1960, and involving property valued at thousands of dollars. Two men surrendered at the police station Saturday.

Detectives said two men, 18 and 23, walked into the station about 1:30 p.m. Saturday and signed statements concerning burglaries at the lake.

One of the men is the cousin of a suspect arrested earlier. Both new suspects will be transferred to Borden or Scurry County, where charges will be filed, according to detectives. They said all of the suspects eventually would be transferred to one of the neighboring counties.

Horace Lee Atkinson, 20, Route 1, was transferred to Scurry County Friday, detectives said. He and Kendal Webb Jr., 19, 905 Abrams, and William Clark, 17, 905 Abrams, were arrested a week ago at Sterling City.

John Jacobs, 19-year-old airman who was arrested here Wednesday, has been charged with burglary in Borden County, detectives said, adding bond has been set at \$3,000.

The number of suspects now behind bars totals seven, not including a 14-year-old youth, who was turned over to Juvenile Officer Bob Darland here following his arrest last week in connection with the burglaries, detectives said. Only four remain in jail here.

Sheriff's deputies from Scurry County arrested Jack Dorton, 18, Sand Springs, Thursday night in Dickens, investigating officers said. He was charged with burglary Friday morning by Wayland Holt, district attorney of Scurry County. He signed a statement concerning the theft of generators from Pollard Chevrolet and attempted burglaries at two other Big Spring firms, investigating officers said.

A Weatherford, Tex. man, his wife and another man have signed statements concerning three burglaries of the same cabin at Lake Thomas, officers said.

The investigation of the burglaries is being conducted by Detectives Jack Jones and Wayne Tollett of Big Spring, Texas Ranger John Wood, Deputy Sheriff Norman (Slim) Sneed of Borden County, Skeet Schoelling, superintendent of Lake Thomas, and authorities from Scurry, Martin and Mitchell counties.

Officers said 17 burglaries at the lake have been cleared with recent arrests. Other burglaries and thefts in the five-county area eventually may be cleared, according to investigators. Property stolen from cabins around the lake has been recovered, although most of the items taken had been disposed of, detectives said.

## SPEARS TO SPEAK HERE

Franklin S. Spears, Texas senator for the 26th District, San Antonio, will be guest speaker in the county courtroom at 3 p.m. Monday during a meeting of the Howard County Democratic Club, according to Frank Sabbato, club president.

Spears, now in his second term of office, is considered one of Texas' most promising young senators. He will be introduced by Rep. Ed Carpenter.

Also on hand for the meeting will be Dan Sullivan, Andrews, who is now making the race for congressman-at-large. Sullivan is the former district attorney at Andrews.

The public is invited, Sabbato said.

Greeting Papa

Princess Irene of the Netherlands and her fiancé, Spanish Prince Carlos de Borbon Y Parma Saturday stood ready to meet with her father, Prince Bernhard, in Madrid. (AP WIREPHOTO)

## Princess Takes Fiance Home

THE HAGUE (AP)—Princess Irene and her Spanish fiancé flew to the Netherlands from Madrid Saturday night in a daring gamble to win the Dutch government's blessing in the face of throne-shaking opposition.

The plane bearing the princess, 24; Spanish Prince Carlos de Borbon y Parma, 33; and Prince Bernhard, Irene's father touched down at the Soesterberg military airfield.

Irene's mother, Queen Juliana and her sisters, Crown Princess Beatrix, Margriet and Christine, all were on hand for the drive to Soestwijk palace.

At Madrid, where the announcement of the betrothal was made, Irene insisted that Carlos, a claimant to the throne of Spain, accompany her back to the Netherlands. Her father blessed her and embraced Carlos.

The gaiety of the Madrid scene was not transported to The Hague. Several thousand Hollanders hovered around the palace gates. Most of them

wore worried expressions. The crisis in the royal family had apparently reached down to the man in the street.

The announcement of the engagement capped a week of rumors and political controversy about the princess. Her conversion to Roman Catholicism from the Protestant faith of the Dutch Royal house and choice of a Spanish suitor could cost her her place as second in line to the crown worn by her mother, Queen Juliana.

Prettiest of the family's four daughters and outranked only by her sister Beatrix, 26, Irene is 24. Prince Carlos is 33. He is a tall, Oxford-educated man who has been a coal miner, a parachute champion and a captain of aviation in the French army.

The prince is the son of the head of the Carlist branch of the Spanish royal family, Prince Xavier, 74.

Chances of Carlos ever reaching the Spanish throne, however, appear remote. Generalissimo Francisco Franco seems to favor the branch descended from the last king, Alfonso XIII, if and when the monarchy is restored. That branch is headed by Don Juan de Borbon.

## Hamm's Group In Annual Meeting

HOUSTON — Annual sales meeting of the Theo. Hamm Brewing Co., brewers of Hamm's beer, was held here Saturday, the first such meeting to be held in Texas.

Over 300 Hamm's wholesalers from Texas and Oklahoma attended. William C. Figge, St. Paul, president of the company, was principal speaker.

A series of district conferences, to discuss sales and advertising programs, is scheduled this week. They will be at Dallas Monday, San Antonio Tuesday and Midland Wednesday.

## Road Worker Injured Friday

Pete Gomez, Colorado City construction worker, received severe head wounds about 2:30 p.m. Friday when he was struck by a piece of construction equipment.

He was injured while working on a construction job about 20 miles southeast of Big Spring off FM 821. Gomez was taken to Malone and Hogan Foundation Hospital by River-Welch ambulance, then to a hospital in Lubbock.

Officials here said the man had a cut in the back of his head and possible internal injuries.

## Coahoma Girls Ring Up New High For Heart Fund

A handful of Coahoma FFA freshmen girls outdid themselves Saturday as they brought in more money for the Heart Fund through lapel tag sales than the entire county did last year.

Five girls from that area turned in \$94.50 in sales and donations, compared to only \$90 from the county-wide sale during 1963.

Twenty members of the Rainbow Girls, who sold tags in the downtown Big Spring area, added \$113.40 to bring the total to \$207.90. The annual sale of lapel tags is conducted each February to focus attention on Heart Month.

The Big Spring workers were headed by Mrs. Orbin Daily. They worked in two shifts—one group from 10 a.m. to noon and the other from noon to 2 p.m. They had headquarters at the Settles Hotel.

Working here were Rita Saunders, Kay Trupp, Lana Satterwhite, Henri Ann Perry, Janna Bass, Donna Woods, Fran Smith, Regina Rhoads, Mary Newton, Linda Olsen, Deanna Morris, Terry Land, Reba Davis, Judy Stocks, Sheryl Gambill, Judy Daniel, Sara King, Carol

## Sanderson Native Dies

Mrs. Stella Parker Mussey, a resident of Sanderson for half a century, died in a Big Spring hospital Friday evening following an illness of about three years.

Funeral will be at 2 p.m. Monday at Sanderson, with burial in Evergreen Cemetery there, under the direction of River-Welch Funeral Home. Mrs. Mussey was born Oct. 10, 1895, at Sonora. She was 68. She was a member of the First Methodist Church in Sanderson. Survivors include her husband, Reuben Mussey Sr., Sanderson; two sons, Reuben Mussey Jr. and Joseph W. Mussey, both of Pecos; one daughter, Mrs. Benjie Prejean, Groves; two sisters, Mrs. Vera Clark, Sanderson, and Mrs. Zola Bode, Sonora; two brothers, Lawton Parker, Rodeo, N.M., and Millard Parker, Sanderson; and six grandchildren. She was preceded in death by one son.

## Cattle Wait For Haylift

AMARILLO (AP) — Four big military planes began an emergency haylift Saturday to deliver feed to snowbound cattle north of Amarillo in the Panhandle.

A rancher went on each flight as spotter, pointing out stranded clusters of livestock over an estimated 200 square miles of rangeland still covered by 8 to 10 inches of snow. Drifts four to five feet tall dot the area.

"I'd say there are 15,000 to 25,000 cattle which have had very little to eat — at least half of them nothing — since Monday," reported Lt. Col. J. K. Barton of the National Guard's 36th Division, who was in charge of operations on the ground.

Gov. John Connally ordered the haylift on recommendation of Maj. Gen. Thomas Bishop, state adjutant general.

Barton said individual stockmen who were able to break through deep drifts and reach roads open to travel brought word of the cattle's plight.

The four Texas Air National Guard planes are C119 transports from Ellington AFB at Houston. They started flying here at noon and the first hay flight took off at 1:15 p.m.

Although ranchers reported livestock in danger of starving because of snow, The Amarillo News said it appeared losses re-

sulting directly from the storms would be negligible.

Information gathered by the newspaper accounted for 62 cattle struck and killed by trains at one point, and 13 at another in the Texas Panhandle. The animals drifted onto the tracks during blizzard conditions. There was no word of any dying from exposure.

CAPT. GEORGE C. BAIRD

## Capt. Baird Assigned Here

The new chief of the Transportation Division at Webb Air Force Base is Capt. George C. Baird, who comes here from his previous assignment as an instructor of the Missile and Nuclear Transportation Safety course at Sheppard Air Force Base.

Capt. Baird's home state is Tennessee. He is a graduate of Central High School at Bolivar, Tenn., and has attended Memphis State University and Midwestern University at Wichita Falls.

Air Force life started for Capt. Baird in December, 1950. He spent the first five years of his career as an enlisted man. In 1955, while serving as a staff sergeant and aircraft loadmaster in Japan and Korea, he made his decision to attend OCS.

Capt. Baird graduated and received his commission in 1955, and was then assigned as an aerial delivery officer at Ardmore Air Force Base, Oklahoma. In 1959 he went overseas as the 322nd Air Division liaison officer in Tripoli and Libya.

The captain is married to the former Barbara Fitzgerald and they have four boys: Mike 8, Mark 7, Kevin 6, and Brett 1½. Capt. Baird will attend the University of Omaha this summer to obtain a degree in social science.

## Dr. Judd Named Lecture Speaker

ABILENE — Dr. Walter H. Judd, former member of congress from Minnesota and keynoter for the 1963 Republican national convention, will speak three times during the Lois and Lee Davis Lectures at Hardin - Simmons University, Feb. 17-20.

He will deliver his first lecture at 10 a.m. Monday, Feb. 17; will speak again at 10 a.m. Tuesday, and also will address a gathering of Abilene civic leaders at 7:30 p.m. Tuesday. In addition, he will participate in a panel discussion with H-SU students at 10 a.m. Wednesday, Feb. 19.

Bill Moyers, assistant to President Lyndon Johnson, had been scheduled to participate in the lectureship with Dr. Judd but he told university officials a meeting between Johnson and the President of Mexico in California at that time would prevent his attendance.

## Coahoma Girls Ring Up New High For Heart Fund

Hughes, Merry Lee Dibrell and Ayn McGlothlin.

Working the Coahoma area were Randy Woods, Janet Lacy, Carolyn Bedell, Terry Edens and Marilyn Bedell. Mrs. Ralph White was in charge of the Coahoma campaign.

## Mrs. Smith Rites Today

COLORADO CITY (SC)—Mrs. Margie Smith, 75, died in a nursing home here Friday afternoon after a long illness.

She was born Feb. 11, 1888, in Alabama, but had lived in Colorado City since 1897. She was a member of the First Methodist Church and married Frank M. Smith in Colorado City in 1910. Her husband preceded her in death in 1949.

Funeral will be held at 4 p.m. today at the First Methodist Church in Colorado City with the Rev. Darris Egger, pastor, officiating. Burial will be in the Colorado City Cemetery, under the direction of Kiker and Sons Funeral Home.

Surviving are two sons, Frank Smith Jr., Tatum, N.M., and John E. Smith, Andrews; one daughter, Mrs. Edna Beller, Albuquerque, N.M.; three brothers, Pete Ellis, Andrews, Roiden Ellis, Fort Worth, and Van Ellis, Pecos; three sisters, Mrs. Beulah Callan and Mrs. A. R. Wood, both of Colorado City, and Lula Seale, Arrey, N.M.; and seven grandchildren.

## C-C Directors Meet Monday

A monthly luncheon meeting of the board of directors of the Big Spring Chamber of Commerce has been called for noon Monday at the Settles Hotel. John Taylor, chamber president, urged all board members to be present.

## Public Records

BUILDING PERMITS  
Don Wiley, 323 Cornett, enclosure garage to make den and build patio cover in rear, \$600.  
Felix Garcia, 811 N. Galois, build an addition to residence, \$1,520  
Bob Heine, 354 Highland Drive, build two residence with attached garage, \$28,000.

Weather Report

Report from the U.S. Weather Bureau Saturday showed snow flurries over parts of Michigan and Ohio and over parts of the Dakotas, Minnesota and Nebraska. There was rain in the extreme Pacific Northwest. It was cold in the Northeast and mild in the West and in the Southeast. Meanwhile, snows in the Texas Panhandle were melting, although cold temperatures were expected Sunday night with a warming trend today. (AP WIREPHOTO MAP)

## WEATHER

NORTH CENTRAL AND NORTHEAST TEXAS: Fair and little change in temperature Sunday and Monday. High Sunday in the 60s.

NORTHWEST TEXAS: Fair Sunday and Monday. A little warmer in central and north portions both afternoons. High Sunday 43 in north to 63 in southeast.

SOUTH CENTRAL TEXAS: Clear to partly cloudy and a little warmer Sunday and Monday. High Sunday 65-75.

SOUTHWEST TEXAS: Clear to partly cloudy Sunday and Monday. A little warmer through Monday night. High Sunday in the 60s.

OKLAHOMA: Clear to partly cloudy through Sunday night. A little warmer in extreme northwest Sunday. High Sunday 47 in northwest to 60 in south.

HIGHWAY SURVEYING TEAM Studies terrain for new FM 700 route

## Engineering Begins For New Route Of FM 700 West Leg

Joe Smoot, resident engineer for the Texas Highway Department, Friday said the proposed route of the new FM 700, now being planned, is considerably different from the present route. The highway, under the plan, would continue northwest from the National Guard army rather than going directly west along the present route. Smoot said the new route would go across the Edwards Estate north and east of the rodeo grounds and link with US 80 west about one block east of the present connection.

BLADES ACCESS ROAD Four-lane entrance to Webb AFB

## Base Road, Golf Links Projects Are Launched

The city began work on two projects Friday. Work began early Friday morning on the widening project for the access road to the Air Base, according to city officials, who said roadway base is being prepared on the east side of the street. The packing of caliche is the next step. Installation of a sprinkling system for the back nine of the golf course began Friday afternoon. The access road project in-

## March Of Dimes Drive Collects Another \$440

The March of Dimes collected \$440 last week, \$380 from a bowling tournament and \$60 from Garden City residents. Don Ferguson took the top money and trophy in the tournament held at the Bowl-A-Rama. He scored a high of 718 pins to take the \$25 prize. Sonny Buzbee, with a 701, took the second prize of \$15 and Harvey Hooser won \$10 for a 698. Donations from Garden City residents were turned in Friday to Jim Wright, chairman of the Howard-Glasscock County 1964 March of Dimes. The drive is not yet over in Glasscock County, Mrs. Ronald McDaniel, chairman of that area, said. It will remain open for another week. She urged persons to leave their donations with the grocery store, drug store or with her.

### Horsemen Meet

The Howard County Youth Horsemen Club will meet at 7:30 p.m. Monday at the courthouse to elect new officers and to discuss plans to buy land for a clubhouse.

## Jerry Power Wins Regional Contest

Jerry Power, a first year Distributive Education student from Big Spring High School, was judged the outstanding student at the regional DE Day contest held Friday at San Angelo.

The 17-year-old junior's winning demonstration of sales techniques brought him two trophies, two ribbons, a medal and marked him as a strong candidate for honors at the state DE Day contest to be held in San Antonio Feb. 28-29.

The son of Mr. and Mrs. L. J. Power, 808 Birdwell Lane, Jerry has been working part-time at A. J. Prager's Men and Boys' Wear store here since May. He works in the store in the afternoons after attending morning DE classes.

A handsome, serious student, Jerry credited much of his success at San Angelo to the training given him by his employer, A. J. Prager.

Demonstrating actual techniques employed to sell suits, Jerry won the salesmanship trophy in competition with some 40

other DE students from the West Texas area. The Big Spring student also won a blue ribbon and a gold medal by taking first place in the salesmanship contest. The other trophy and ribbon won by Jerry were for being designated the outstanding DE student in the contests.

Asked what kind of suit he "sold" in the contest, Jerry replied, "grey shark-kin." Then, smiling, he added, "100 per cent wool." Contestants were judged on friendliness, dress, greeting customers and other techniques of salesmanship. Contests also were held in job interviewing, credit letter writing, business speaking, advertising layouts and copy writing. The team contest in window display advertising was won by Central High School of San Angelo.

Accompanying Jerry to the regional contest were George Rice, DE instructor at Big Spring High School, Jo Beth Pettus, John Bennett and David Berry.

Jo Beth, a junior student, was the local candidate for DE Sweetheart. John, also a junior, competed in the business speaking and personnel interviews. Berry is president of the DE Club.

TAKES TOP AWARD Jerry Power, D. E. student

Bayer Leads Player By One At Phoenix

By JACK STEVENSON Associated Press Sports Writer PHOENIX, Ariz. (AP) — Huge George Bayer knocked in a 10-foot putt for a birdie on the 18th hole Saturday to take over the third-round lead in the \$50,000 Phoenix Open Golf Tournament.

His 65 for the day put him at 202 for 54 holes. South Africa's little Gary Player had come in minutes earlier to drop a 50-foot eagle putt on the same 535-yard par five hole for a 66 and 203 over this par 71 Phoenix Country Club course.

The two emerged from a traffic jam which included 10 top players at one time during the warm sunny afternoon.

Little-known Bobby Brue led after 45 holes but slipped on the back nine, missing a three-foot putt on the 17th and finishing at 67 and 204.

Bayer, a 250-pounder standing 6-foot-5 and now playing out of Incline Village, Nev., played a steady round after starting one stroke off the 136-midway pace of Tony Lema.

Bayer didn't go over par on a hole. He had birdie putts ranging up to 20 feet on his six-under-par round that went with an opening 69 and second-round 68.

Jack Nicklaus carded a 68 for fourth place at 205. U. S. Open champion Julius Boros at 207 was tied with three others. Boros shot a 70, Dave Marr and Bob Rosburg 69s and Lema, the champagne man, a 71.

Gene Littler made a strong bid with a 31 on the par 36 front nine, but dropped to 38 with three bogies on the final nine. He tied at 208 with British Open champion Bob Charles and Don Whitt, who each carded 71s.

Also making an early charge was Arnold Palmer, winner of the Phoenix event the past three years. Followed by a huge gallery, Palmer shot 31 on his first nine and then dropped to 38 for 69 and a third round 211, well down the list.

Following Saturday's play the field was cut to the low 60 pros for Sunday's finals. A score of 217 or better was needed to stay in.

Tommy Jacobs, winner of last week's Desert Classic at Palm Springs, Calif., joined Lucky International winner Juan (Chi) Rodriguez on the sidelines. Jacobs had 73 Saturday and 218. Rodriguez was eliminated at the midway point.

Also out was 1963 Vardon Trophy winner Billy Casper with 75 and 219 and Canada's George Knudson who had 76 and 220. Knudson and Don Fairfield were the only players to finish in the money in all 1964 tournaments to date.

Fairfield, leader of the first round, stayed in with a 72 and 210. Former U. S. Open and Phoenix champion Jack Fleck went out at 76 and 220.

Tournament Surprise

Bobby Brue, a lucky alternate starter, sends his tee shot off the 18th tee in the Phoenix Open Golf Tournament Saturday, a \$50,000 event. Brue carded a four-under-par 47 for

the day and is two strokes behind leader George Bayer's 54-hole 202 going into today's final 18 holes. (AP WIREPHOTO)

Forsan Wins Double Bill From G. City

GARDEN CITY — Forsan defeated Garden City in both ends of a basketball doubleheader here Friday night.

The boys won, 54-45, after the girls had handed the Bearkittens their first loss in conference play, 71-57. Each girls' team now has a 6-1 league record and Forsan is 2-2 overall.

The boys' teams fought furiously in the first half but Forsan pulled away with a 15-point third period. Kenneth Soles led Forsan with 18 points while Gary Pagan of Garden City was the game's top scorer with 20. Overall, the Forsan boys are 13-8.

Bettye Conger popped the cotton for 32 of Forsan's points in the girls' game. Of that number, she hit 14 from the penalty line. Sandra Rister followed with 20.

Judy Hirt kept Garden City in contention with 29 points while Beverly Jacob tossed in 20.

In the back courts, Judy Hughes, Patsy Gooch, Susa B Elrod and Valyncia Corway all sparkled for the Buffalo Queens.

The Forsan teams go to Water Valley for games Tuesday night.

In the girls' game, the Garden City team grew ice cold in the second and third periods, hitting only 15 per cent of its shots in that stretch.

Table with columns for 'Girls' game', 'FORSAN (71)', 'GARDEN CITY (57)', 'Score by quarters', and 'Boys' game'. It lists scores for various games and players.

CAGE RESULTS

Table listing 'Texas A&M 72, Arkansas 64', 'Texas 79, TCU 63', 'Texas Tech 85, SMU 83', etc., with scores for various teams.

Malaise Leads Tech To Win Over SMU

DALLAS (AP) — Dub Malaise came through with five clutch points to pull Texas Tech to a tense 83-83 victory over Southern Methodist and second place in the Southwest Conference basketball race Saturday.

The speedy little fellow, who put on a great exhibition of ball-handling and shooting under the basket, sank a layup with 5:19

to go to put Tech ahead 80-79. He made it 82-79 before SMU could get back into the scoring column.

But Tech held the lead the rest of the way although SMU pulled within a point three times.

Malaise wound up with 25 points to top Texas Tech scoring.

Southern Methodist led 50-47 at the half but early in the second period ran into a cold streak that saw it go almost four minutes without a point.

Meanwhile Tech was getting eight and although SMU later gained the lead back six times on the great outside shooting of Gene Elmore, it couldn't hold up against the efforts of Malaise and Glen Hallum.

Elmore wound up with 35 points, 18 of them in the second half.

SMU and Tech were tied for second place in the conference race going into this game.

The score was tied 10 times and the lead changed hands 17 times in the thrilling game that had a crowd of 6,500 in a continuous uproar.

Tech shot at a sensational 53.1 per cent pace while Southern Methodist did 43.4 in the run-and-shoot game in which both teams pulled out all the stops.

Ex-Big Springer After Ball

Archie Clayton (nearest camera), a TCU center who lived in Big Spring several years ago, goes after a loose ball in the first period of a Southwest Conference basketball game at Daniel Meyer coliseum in Fort Worth Saturday. Playing behind Clayton is Larry Frank of Texas (49). Texas was the game, 79-62. (AP WIREPHOTO)

Steers Slam TCU, 79-62

FORT WORTH (AP) — Texas expanded a five-point halftime lead into an easy 79-62 Southwest Conference victory over Texas Christian Saturday.

It was Texas' second conference victory in six games and TCU's sixth straight loss.

Texas was led by 6-8 post man John Paul Fultz, who scored 17 points in the second half uprisings and had 22 for the afternoon. TCU's leader was Gary Turner, a sophomore forward, with 20 points.

TCU hit 46 per cent in the second half.

Twice TCU had four point leads in the first half, but never led in the second.

Texas, with Fultz hitting inside and Larry Franks and Jimmy Clark gunning from long range, had a 15 point lead with five and a half minutes left in the game.

Texas' biggest lead in the first half was five points achieved just before the buzzer.

Hornets Win, 52-43 WYLYE — The Aspermont Hornets defeated Wylie Friday night, 52-43, and took undisputed possession of District 8-A as the Merkel Badgers lost in an upset to Jim Ned. Aspermont is leading the loop with a 9-2 district mark.

Buffaloes Deflate Sonorans, 81-53

By PAT WASHBURN STANTON — Showing a sudden flair for the exciting, the Stanton Buffaloes introduced a new type of basketball to West Texas Saturday afternoon and rolled with express-train weight and speed to a powerful 81-53 district 7-AA defeat of the Sonora Broncos.

After a routine three quarters of almost even play which saw the Bisons finally eke out a bare 47-42 lead over the Ponies, the Buffaloes suddenly became a different quintet as they threw off all wraps of care and went into a full-speed fast break.

Stanton's lightning-quick change of offense caught the Broncos completely off guard, and becoming shook, they started missing every shot in sight. They were also handicapped by having to leave a man near the center court at all times to try to stop Stanton's gung-ho full gallop charge down the court.

The result was marvelous for Stanton. Sonora couldn't score until only 6:32 remained in the game and the Bisons had rolled to a 56-42 advantage. And when Sonora finally scored on a jump shot from 29 feet out by Bill Elliott, it didn't slow the

Buffaloes' charge. By the time the final whistle had blown, the Bisons had amassed 34 points in the last stanza in one of their greatest hardwood exhibitions of the year.

For the third game in a row, Ronald Hartsell led the Buffaloes in scoring, this time garnering 27, with 23 of those points coming in the last half when he became hot from the outside.

Three other Bisons were in the double figures — Mickey Alien and James Lewis with 15, and Donnie Thompson with 14.

But one of the biggest men on the court for the Bisons scored only two points. Larry Merrifield had an off-day and pumped home only two free throws. But he hustled all the way, stealing the ball many times, and received special praise after the game from head coach Doyle Edmiston.

Bill Elliott was high for the visiting Broncos, having 26 points, while Tino Noriega totaled 11 and Maxie Debre 10.

This was the Bisons' sixth win in seven district starts, and raised their season mark to 21-5. In an earlier game, the Stanton B team won, 51-49, after overcoming a third quarter lead by the Sonora Broncos and sending the game into overtime, after regulation time ran out and the score was knotted at 47-47.

It left the B team tied with Crane for the loop lead with a 6-1 record.

Cass Wants Right To Picket Sonny

MIAMI BEACH, Fla. (AP) — Cassius Clay, boxer, poet, ticket-seller, recording artist and prophet, says he will appear before the Surfside City Council Tuesday night and plead for permission to picket the training halls of heavyweight champion Sonny Liston.

Clay made the decision Friday, when Wylie B. Barefoot, police chief of Surfside, refused to admit Clay and his aides to Liston's camp.

They had made the trip in a bus plastered with signs that said: "If Liston keeps up this five, I'm cutting it to five."

"Bear season opens Feb. 25. And, as usual, 'Cassius Clay, I'm the greatest.'"

Five is a reference to the

number of rounds Clay says it will take him to whip Liston in the heavyweight title match on Feb. 25.

Clay calls this activity part of psychological warfare, according to his press agents. They contend it is working. For instance, the publicity man said that Liston was irritated by Clay's trip Friday and looked sloppy while sparring with Leoitis Martin.

Liston cut his workout short and, without showering, slipped out the back door, the publicity man said.

It was the second day in a row that Clay skipped a workout.

STANTON (81) — Merrifield 6-2; Allen 4-2; Tote 4-0; Hartsell 13-27; Dale Thompson 0-0; Hicks 0-0; Totals 32-74.

SONORA (53) — Elliott 8-20; St. Clair 9-0; Gomezack 1-2-4; Broye 3-0-4; Doree 4-2-3; Howell 2-0-4; Wuest 0-0-0; Noriega 4-3-1; Totals 25-11-53.

Score by quarters: Stanton 13 20 47 81; Sonora 12 20 42 53.

Queens Take Double Wins

ABILENE — The Howard County Junior College Queens topped Hardin-Simmons Saturday in Abilene, 53-45, as Jo Ann McWaters paced the win with a 25 point effort.

Annie Wilson also hit in the double figures for the locals as she garnered 19 points. Smith was high for Hardin-Simmons with 14.

In an earlier game Friday night in Weatherford, the Jayhawk Queens got a win over the Weatherford Junior College crew, 49-45, in a game that went into overtime.

Wilson led all scorers with 18 points.

Table with columns for 'FRIDAY'S GAME', 'HCJC (49)', 'Weatherford (45)', 'SATURDAY'S GAME', 'HCJC (53)', 'Hardin-Simmons (45)'. It lists scores for various games and players.

MATSON SETS SHOT RECORD

FORT WORTH (AP) — Giant Texas A&M freshman Randy Matson shattered the Texas indoor shot put record Saturday night with a hefty toss of 61 feet 6 1/2 inches.

SUNLAND P/K RACE RESULTS

We think you'll be back soon!'.

Volleyball Squad Loses In Odessa

ODESSA — The Big Spring High School girls' A and B volleyball teams traveled to Odessa Friday and met defeat in two separate tournaments.

In the Permian Basin Tournament, the A team lost to Crane, 15-10 and 15-2, to knock them out of the tourney.

The B team lost in the Queen B Tourney to Crane, 15-10 and 15-1. The locals won one game by a 15-2 score.

Odessa Pro-Am Meet Is Set To Begin July 30

ODESSA — The Pro-Am Tournament Committee of the Odessa Country Club has announced July 30-Aug. 2 as the dates for this year's tournament (the 18th annual).

The Odessa Pro-Am, a 72-hole, best ball, partnership meet is a \$15,000 event and the professional on the winning team will collect \$2,500.

The 1964 tournament field will be limited to 100 teams. Automatic invitations will go to the professionals on the low 30 teams and ties in the 1963 meet. The tournament committee will

name enough pros to bring the field to 60. The tournament chairman will name enough pros to bring the field to 60. The tournament chairman will then name 10 pros.

The remaining 30 places will be determined by an 18-hole qualifying round prior to the tournament.

The 1963 tournament was won by professional Ned Johnson of Dallas and Marty Fleckman of the University of Houston. Only professionals receive invitations to play in the tournament. They, in turn, select their amateur partners.

# HC Jayhawks Cling To Hopes For Title

ODESSA — Howard County Junior College fanned its hopes for a Western Conference basketball championship alive by defeating Odessa College, 68-67, in a dingdong battle here Friday night.

Odessa rallied late in the contest to almost snatch the victory out of the flames.

Two free pitches by Tom Carter in the final minute of play counted a field goal by Chic Keifer after a gratis pitch by Terry Williams had moved the HCJC, which entertains Frank Phillips College of Berger in another conference just Tuesday night, now boasts a 9-1 conference record. The Hawks have lost only to San Angelo within the league.

Odessa outgunned the Hawks from the floor, getting 26 baskets to 22 for HCJC. The Big Springers made good on 24 of 26 opportunities from the penalty line, compared to 15 of 19 for Odessa.

The Wranglers, who now have lost seven straight conference jousts, had two starters—Buddy Othick and Gus Buchanan—foul out and three other Odessa hands had four infractions against them when the end came.

Williams led the HCJC scorers with 19 points while Carter had 18, Keith Bond 15 and Jim Oldham 12.

Odessa was led by Othick and Buchanan, who accounted for 17 and 15 points, respectively.

In a previous game with Odessa, HCJC had won by 20 points.

The game was the second the Hawks had won by a slant-point.

The Hawks couldn't get started. They were eight minutes before they scored a two-pointer and trailed by as much as 12 points at one time. The Big Springers' biggest lead was six points. At half time they led by a 35-32 tally.

The Hawks rarely used their stall during the game but Odessa tried it late in the contest and almost swung the issue with it.

Oh, You Kidd!

Billy Kidd, 20, of Stowe, Vt., is shown in action Saturday in the men's slalom at the Winter Olympics in Lizum, Austria, near Innsbruck, in which he took second place. Kidd and Jim Heuga of Tahoe, Calif., took silver and bronze medals in the event, the first time Americans have won medals in men's skiing at the Olympics. (AP Wire-Photo via Cable)

## Odessa Rips Angelo, 78-74

ODESSA — The San Angelo Bobcats jumped out to an 8-0 lead Friday night but it proved to no avail as the Odessa Bronchos bounced right back with eight points by Don Cox and roared on to take a 78-74 win over the defending District 2-AAAA champs.

Terry Trippet, Odessa ace, led all scorers with 25 points, while teammate Cox tallied 22 in the win. Jim Bob Lupton had 22 for the Bobcats.

# Ninth Winter Games Will Wind Up Today

By TED SMITS, Associated Press Sports Writer

INNSBRUCK, Austria (AP)—The snowless, accident-plagued, highly policed ninth Winter Olympic Games come to a close Sunday with the spectacular 90 meter ski jump at Berg Isel Stadium.

Russia ran away with the honors with France, Finland, Norway, Germany and Austria distant runners-up.

Terry McDermott, Essexville, Mich., boosted American pride by winning the 500 meter speed skating race in the Olympic record time of 40.1 seconds and then Saturday Billy Kidd, Stowe, Vt., and Jimmy Heuga, Tahoe City, Calif., two 20-year-olds, started the ski world by winning second and third in the men's slalom—first medals ever for American men in skiing.

Other American medalists in one of the best showings of the Winter Olympics were Jean Saubert, Lakeview, Ore., tied for second in the ladies' giant slalom and third in the special slalom, and Scott Ethan Allen, Smoke Rise, N. J., third in figure skating.

The police were everywhere, tangling frequently with press, spectators, and even contestants. In one of the most spectacular episodes, three American team members were arrested, accused of stealing an automobile and resisting police.

The arrests were unprecedented in Olympic history.

They were Bill Marolt, 20, Aspen, Colo., skier, and George Farmer, 25, Seattle, Wash., and Mike Hessel, 21, Eugene, Ore., members of the toboggan team. The auto turned out to be one they had permission to use, and after spending two nights in jail they were all fined. Farmer and Marolt were given suspended prison sentences, and Hessel was acquitted of the main charges.

Individual honors in the games went to Lidia Skoblkova, a 24-year-old dimpled Russian with a smile she can turn on or off at will and who is all steel inside. She won all four medals in ladies speed skating, a feat never before accomplished at the Winter Games.

She was closely pressed by a teammate, Claudia Boyarskikh, who won the 5 and 10 kilometer ladies ski race and anchored Russia's winning ski relay team.

Eero Maentyranta of Finland won gold medals in the 15 and 30 kilometer ski races.

Sixten Jernberg of Sweden stamped himself as the greatest Nordic skier of Olympic history by winning the 50 kilometer race on top of numerous honors in previous Games, and then adding a second gold medal by anchoring Sweden's winning relay team.

Two athletes were killed in pre-Olympic training, and constant bickering attended the toboggan and bobsled races where thaws made the runs hazardous.

All the time, there was a scarcity of snow. Alpine slopes were bare and brown for the first time in 60 years. Austrian soldiers brought in the white stuff and packed the ski trails to make competition possible.

# Foster Duels John Roderick

DALLAS (AP)—Three duels between teammates will highlight the annual Dallas Indoor Track and Field Meet Saturday, Feb. 15.

Billy Foster of Southern Methodist, who tied the world's indoor record for the 60-yard dash in six seconds, and John Roderick, the SMU football player who was sprint champion of Southwest Conference freshmen last year, will hook up in a blazing 60.

Roderick didn't run against Foster at Lubbock last week but expects to be in shape to give the Methodist flash competition plenty here.

Fred Hansen and Warren Brattlof of Rice will tangle in the pole vault—a duel between 16-foot leapers.

Randy Matson, the Texas A&M freshman star, will go against Danny Roberts, Aggie senior, in the shot put. Matson is the first Texan to throw the 16-pound shot over 60 feet. He set the record last week at Lubbock with 60 feet 3/4 inches. Roberts has been only six inches away from 60 feet.

Another top duel matches Ray Saddler, Texas Southern's crack quarter-miler, with James White, the Dallas schoolboy sprinter now at Texas A&M, in the 300-yard dash.

The mile run will have Laurie Elliott of University of Houston, Mickey Wade of Southern Methodist and Richard Roma of Texas, who last week set a Lubbock record with 4:24.6.

Larry Thorne of McMurry, who does the 880 in 1:49, and Robert Beels, University of Houston freshman, match strides in the 1,000-yard run.

Bill Miller, former McMurry College star, has entered the broad jump and will be aiming at the indoor record of 25 feet 7 set by Ralph Boston of the Los Angeles Striders at Lubbock.

There also will be a women's division with the girls running both the 60-yard dash and 60-yard hurdles. Janice Rinehart of Snyder, who holds the 60-yard dash record of .71, will head the feminine field.

There will be 168 individual entries, 140 of them coming in the college division. The open and university classes will have the 60-yard dash, 60-yard high hurdles, 300-yard run and 500-yard run, with the open class also scheduling the 1,000-yard run and the university division including the two-mile and mile relays.

Lee Downs Birds, 83-62

MIDLAND—The Midland Lee Rebels won their second District 2-AAAA contest of the season Friday night as they upset the Abilene Eagles, 83-62.

The Rebels were led by Mike Frizzell, a 6-5 junior, who pumped home 14 field goals for a 28 point effort for the night to lead all scorers. Steve Lineweaver led the Warbirds with 13.

LEE (83) vs Abilene (62)

Player	P	F	M	P	T
Frizzell	14	2	2	1	33
Lineweaver	13	2	2	1	30

Royal Is Given Raise In Pay

AUSTIN (AP)—Darrell Royal, college football's coach of the year in 1963 when he guided the University of Texas to the national championship, has donated professor's robes, at least in theory.

University regents Friday conferred the title of full professor for life on Royal and raised his salary \$4,000 a year to \$34,000. This was the first time such action has been taken at the university.

Royal, 39, will remain as athletic director and head football coach at the school, the state's largest, with an enrollment of about 20,000.

Only a few professors on the campus make more money than Royal will be receiving.

Lorraine Thunders Gets 86-B Crown

LORAIN—The Lorraine Bulldogs swept into the District 96-B basketball crown Friday night as they decimated Friday, 95-59.

Stanley Moore led the winners with 26 while Bob Hart had 21 for Ira.

## LOOKING 'EM OVER

With Tommy Hart

Dave Sime, the remarkable Duke athlete who beat Bobby Morrow in that celebrated Race of the Century here in the late 50's, is now in his first year of residency at the Bascom-Palmer Eye Institute in Miami, Fla. . . . After three years there, he'll graduate as a neuro-ophthalmologist—or eye surgeon to the layman . . . Sime thought first of becoming a neurosurgeon (like TV's Ben Casey, a brain surgeon) . . . He changed his mind, he said, because neurosurgeons lose too many of their patients—most of them are beyond saving when the doctors get to them . . . Eventually, Sime will transplant eyes . . . Now 26 years of age, Dave has no regrets about skipping athletics for medicine . . . He was drafted by the Detroit Lions after only one year of football at Duke and reportedly was offered up to \$65,000 in bonuses by big league baseball teams . . . Sime shoots golf in the mid-80's but he prefers tennis, says now he wishes he had concentrated on the game rather than baseball when he was younger . . . Sime, whose race here was covered by writers from all over the country, including two men from Sports Illustrated magazine, says too much indoor running is not good for an athlete because the boards are bad for the legs and not many indoor tracks are equipped to handle the dashes right . . . Sime says his greatest thrill probably came in the Washington Star games in 1956, when he won the 100 in 9.5, tied the world record in the 70-yard dash and won the 80-yard dash . . . He'll probably make Florida his permanent home . . . Sime, Morrow and Bill Woodhouse met in a howling sandstorm here early in April under the aegis of the American Business Club . . . Had it been pretty weather, the event probably would have filled Memorial Stadium for the first and only time in its history . . . There was that much interest in the event . . . As it was, over 3,500 attended.

### Indoor Track No Test, Says Lewis

Ken Coleman, the boy who beat HCJC's Steve Langham in the 60-yard dash in the Lubbock Indoor Meet last week, is a junior in Texas Tech. . . . The 60 is not Langham's best event—he excels in the quarter—but Coleman probably could not match strides with the Jayhawk in an outdoor event . . . Red Lewis, the HCJC mentor, says his boys have no chance to show what they can do in an indoor meet like the one at Lubbock . . . "Running out of doors is so different," he explains . . . The Hawks, who could have their greatest team in history shaping up, will see outdoor action for the first time Feb. 25, at which time they run at Fort Worth . . . Then come the Border Olympics at Laredo, where the Hawks always prosper . . . On the subject of track, the high school here will never have an outstanding team until the program is pushed in the junior high schools and lack of facilities are hamstringing the coaches on that level . . . Two more cinder tracks, at least, are needed here . . . Some of the people close to the schools here are coming

### Jim Rich Is Moved To Halfback

A well-known West Texas athletic figure, never a resident here, is well known for his gambling habits and the bank rolls he flashes . . . You'll be able to see the Sonny Liston-Cassius Clay fight Feb. 25 in the Odessa Ector County Coliseum, if you care to pay \$6.50 for ring-side tickets, \$5.50 for box seats or \$4 for general admission . . . Tickets are on sale in the lobby of the Lincoln Hotel in Odessa . . . Patrons are guaranteed 25 minutes of fights, no matter how the featured event turns out . . . The University of Miami has appeared in seven games in the past nine years and may make it again this fall, when the Hurricanes meet California . . . Jim Rich, an all-district fullback for the San Angelo Bobcats last fall, is being moved to halfback in spring workouts . . . ### Tigers Romp By Wolves

SNYDER — The Snyder Tigers handed Colorado City its eighth loss of the season in district play Friday night as the Bengals roared to a decisive 86-53 victory in 3-AAA action.

For the Wolves, who have as yet to win a district contest, Freddie Fox and David McKay were high with 18 apiece. Leslie Brown pumped in 24 to lead the winners.

### Reed Honored

DALLAS (AP)—Howard Reed, who led baseball's Class AAA League with 19 pitching victories last year, was named Texas' Minor League Player of the Year Saturday.

### Jarrin' John's Son Set To Give Football A Try

HASKELL, Tex. (AP)—The son of one of the Southwest Conference's most illustrious football players—Jarrin' John Kimbrough of the Texas Aggies of 1939—is looking toward his start on the road to equal fame.

Johnny Kimbrough, who's bigger than his dad, will report to spring training at Southern Methodist Feb. 17. He's a sophomore.

It always had been figured that Johnny would go to Aggie-land but the youngster, who wound up his high school career here in 1962, chose Southern Methodist.

His father didn't suggest any school that he should attend. In fact, Johnny said his dad didn't particularly want him to play football anywhere.

Johnny took music lessons for 10 years and he said "I think he sorta wanted me to play in the band."

But Johnny won't be playing "Peruna" in the Mustang band. Instead, he will be trying for fullback on the SMU varsity.

That's why he went to SMU. All of the Southwest Conference schools sought him, but Johnny says they kept talking about him being a lineman be-

# Nerveless Kids Boost America

INNSBRUCK, Austria (AP)—A couple of nerveless, 20-year-old whiz kids of the ski slopes, Billy Kidd of Stowe, Vt., and Jim Heuga of Tahoe City, Calif., boosted American prestige sky-rocketing with an unprecedented silver-bronze finish in the men's slalom Saturday in the fading Winter Olympic Games.

Kidd, a mild-mannered New Englander not long out of high school, won second place and Heuga, a slight, 145-pound University of Colorado student, captured third for the first skiing medals ever won by U.S. men in this giant snow and ice spectacle.

Both were beaten by just a fraction of a second—the flick of a flashing ski—by Peppi Stiegler of Austria in two runs down ice-slick Birgitzkogel Mountain.

Stiegler, a blonde athlete of 25, was timed in 2 minutes, 11.13 seconds for his two shots down the gate-dotted courses, measuring 513 and 503 yards.

The Soviet Union's hockey team clinched the championship and another gold medal for its country by beating Canada 3-2 in a hard-skiing, furiously-paced battle, marked by a third period fight among the fired-up players.

The Russians, completing the round robin tournament with a perfect 7-0 record, succeeded the United States, which never came close to matching its dramatic Cinderella performance of the 1960 Games at Squaw Valley, Calif.

The Yank puck-chasers closed on a high note, beating winless Switzerland 7-3 for their second victory in seven games and a fifth place finish, but the game was marked by unpleasantness.

A fight between Dave Brooks of St. Paul, Minn., and Swiss defenseman Max Ruegg broke out in the second period. Brooks threw Ruegg's stick into the stands and, as a result, drew a match penalty—the first of the tournament—and had to leave the rink.

Mufflers, Tailpipes And Shocks Installed Free If Purchased At Goodyear

# January Potential Gets 1964 Off To Good Start

For the first time in more than a year, area drillers brought in more than 5,000 barrels of new potential during any single month.

In January, 41 oilers finished pushed potential totals for the year to 5,011 barrels, including 36 barrels of discovery oil. January more than doubled the 2,387.42 barrels accounted for by the 30 new wells of the previous month. It is the highest recorded since November, 1962, which had 5,069 barrels.

Martin and Dawson counties accounted for most of the oil as 11 new projects were brought to completion in Martin County for 2,548 barrels and another seven in Dawson County had total potential of 1,272 barrels. Dawson County's figure included 36 barrels of new potential from wildcat territory with completion of Aikman No. 1 Riddle, about 14 miles southeast of the Spraberry in the San Andres formation. It is about 1 1/2 miles southeast of the Spraberry field.

Dawson County also paced the area in locations staked, having seven of the 24 total. There were eight projects abandoned.

filled with the Railroad Commission, that being in the Post field. Garza was one of the two counties to have no sites plugged and abandoned during the course of January.

**GLASSCOCK**  
Glasscock County was the only one of the eight counties that had no new locations last month. Five completions were in the Fool's Creek field while the remaining three are in the Spraberry Trend Area. These five sites, accounted for 176 barrels of oil.

One hole, a wildcat, was abandoned.

**HOWARD**  
Howard County in January showed seven oilers producing 259 barrels of new oil. Six of the wells are in the Howard-Glasscock field, with the last producer being in the Iatan - East Howard area.

Four locations were spotted, three coming in the Howard-Glasscock field. The other site is in the Snyder field. One hole was plugged and abandoned, that being a wildcat.

**MARTIN**  
Martin County showed the most completions for the month of January as 11 producers also turned out the largest amount of new oil, 2,548 barrels. Seven of the wells are in the Spraberry Trend Area, which alone accounted for more oil than any other county—1,528 barrels. The other others were — two in the Rueben field, and one in the Mabee and Ackery fields.

Two new locations were filed, both in the Spraberry Trend Area. Only one project was plugged and abandoned.

**MITCHELL**  
Five oilers accounted for 202 barrels of oil in Mitchell County during January. Four of the sites are located in the Iatan-East Howard field while the last site was in the Maude field. Five new locations were spotted, all in the Iatan-East Howard field.

**STERLING**  
Four completions were recorded in Sterling County during January, producing 420 gallons of new oil. The Durham, Herrill, Spade and Triple M fields each had one completion.

Three new locations were filed, two of them prospectors. The other is in the Fool's Creek area. One wildcat was plugged and abandoned.

**BORDEN**  
Borden County was the only one in the local eight-county area which failed to record any successful completions during January. Two new projects were filed, however. One is a prospector and the other is in the Vealmoor field.

Two wildcats were plugged, along with a Von Roeder field site, to give the county the lead in that department.

**DAWSON**  
Seven oilers accounted for 1,272 barrels of the new oil total of January. One was the explorer previously mentioned, five are in the growing Ackery (Dean sand) field and the seventh is in the Lamesa, West field.

There were seven new locations, most of any of the local eight counties. One is a prospector, two are in the Welch field and the Ackery, Patricia, West, Triple D, South and Welch, Southeast fields each gained one explorer was a duster.

**GARZA**  
Two completions were registered in Garza County during January, with 170 barrels of potential being added. The oil came from the Post and Rocker "A" fields.

Only one new location was

## Cardinal Man Is Promoted

D. E. "Pat" Ramsey has been appointed general sales manager of Cardinal Chemical, Inc., Odessa. Formerly he was with the H&B Oilwell Cementing Division of Cardinal in Monahan.

Until 1959, Ramsey served a major acidizing and fracturing company as West Texas district engineer, district manager, then as manager of operations in the Tulsa, Okla., headquarters.

In 1959, Ramsey became a stockholder and general manager of H&B Cementing. The company was purchased by Cardinal Chemical in December.

## Hutto Field Outpost Preparing To Final

Brandywine Oil Corp. No. 9-1 Development, Ltd. — Hutto, outpost to the Hutto (Wolfcamp) field and previously slated as a Pusselman wildcat, will be completed in the Wolfcamp.

Originally a farmout from U.S. Smelting, the project has been taken over by U.S. Smelting for the completion attempt.

According to unofficial sources, the project is now flowing at an estimated rate of 10 barrels an hour on one-quarter-inch choke after treatment through perforations between 7,367-421 feet. A 14-foot interval of that section was selectively perforated at one-foot intervals and the formation was treated with 500 gallons of breakdown acid, 500 gallons of mud acid and 1,000 gallons of regular acid. Tubing pressure was 200 pounds.

Operator drilled to the Fusselman but decided to pull back for the completion attempt in the Wolfcamp, which looked better.

The project is 2,250 feet from the north and 2,310 feet from the east lines of section 9-81-1s, T&P survey, eight miles east of Big Spring.

## Atlantic To Make Soft Detergents

The Atlantic Refining Company has announced plans to convert all of its detergent manufacturing facilities to the production of biodegradable (soft) detergent.

The company also reported plans to construct a new plant at its Port Arthur refinery to produce straight-chain alkylate, a raw material for soft detergents.

The new unit at Port Arthur is scheduled for completion in the last quarter of 1964. Production of the finished detergent sulfonates will continue at the firm's Philadelphia refinery.

## Spence To Speak At Annual Meet

E. V. Spence, general manager of the Colorado River Municipal Water District, has been invited to be on the program of the annual meeting of the Texas Water & Sewerage Works Association.

The session will be held March 1-6 at Texas A&M University, and Spence's address will be March 4.

## Andrews Test Has Oil Show

Socony Mobil Oil Company, Inc., No. 1 Ralph, Andrews County wildcat has encountered more signs of possible production in the Wichita-Albany.

A one-hour drillstem test at 7,923-72 feet recovered 186 feet of heavily oil and gas-cut drilling mud and 538 feet of 27-gravity oil. Flowing pressure was from zero to 200 pounds. Final shut-in bottomhole pressure, with no time given, was 2,990 pounds.

The venture now is taking a drillstem test on the same formation at 7,972-5,061 feet. It is 25 miles west of Andrews, 1 1/2 miles northwest of the Block A-50 (Wichita-Albany and Ellenburger) field and 600 feet from north and 1,980 feet from east lines of section 21, block A-40, PSL survey.

The prospector, contracted to 11,500 feet to explore the Ellenburger, found its first gas and oil in the Wichita-Albany at 7,450-7,766 feet and has logged shows from there down through the present level of operations.

## Conoco Plans Big Production Budget

HOUSTON — Continental Oil Co. will invest approximately \$16,000,000 in exploration, production and marketing activities in Texas during 1964, L. F. McCollum, president, announced Saturday.

McCollum said that the \$16,000,000 investment does not include the annual company payroll of \$16,500,000 for some 1,830 employees in Texas, nor does it include maintenance and other normal operating expenditures.

"Conoco plans to drill more than 90 exploratory and development wells in Texas during the year at a cost of approximately \$8,000,000," he added.

"The majority of these will be wells needed to develop existing fields."

## Ard Finals Spraberry Well In Dawson County

The Lamesa, West (Spraberry) field in Dawson County picked up another producer at week's end with completion on pump of Ard Drilling Co. No. 1, 8,020 feet and perforated between 7,979-85 feet.

The project made 137 barrels of 38-gravity oil, along with 44 per cent water and a gas-oil ratio of 820-1, on initial potential after fracture treatment with 20,000 gallons. The venture is at elevation 2,990 feet KB, total depth is 8,020 feet and operator set 5 1/2-inch casing at 8,020 feet and perforated between 7,979-85 feet.

Location is 2,173 feet from the north and 467 feet from the east lines of section 10-36-5N, T&P survey.

## Texans Head ACS Program

Two native Texans, Dr. Tommy J. McCord and Dr. Alvie T. Davis, will present a paper at the February meeting of the American Chemical Society Saturday afternoon at the Kokarot Lodge Science Auditorium in Alpine.

Both are with Abilene Christian College. Dr. McCord received his bachelor's degree from ACC and a masters and doctorate from the University of Texas. He is currently an associate professor of chemistry at ACC, where he is engaged in several research projects. He has received several grants, including a \$40,000 grant from the Robert A. Welch Foundation as a co-investigator with Dr. Davis.

Dr. Davis received his bachelor's from ACC also and his doctorate from Texas University. He is also an associate professor at ACC.

About 20 persons from Big Spring are expected to attend the meeting. Jesse Looney, who is accepting reservations here, said. He can be contacted at Cosden Oil and Chemical Co., AM 4-4661.

Included among the activities are a golf tournament, campus tours, a Valentine Dance and a barbecue.

## Rotary Activity Keeps Showing Improvement

Rotary drilling operations in the Permian Basin Empire picked up slightly during the past week, showing an increase of three on Friday's Reed Roller Bit Company tabulation. The total was 207 rigs, compared to 204 the previous Friday.

The count is four shy of the 211 recorded on the survey for the comparable week in 1963.

Lea County, N. M., with a decrease of one, from 45 a week ago to 44, remained in first place. Ector and Pecos counties were tied with 15 each for second place. Andrews County, which last week had 15, dropped by one to slip into third place.

In the local eight-county area, Dawson maintained its pace-setting position with seven rigs, an increase of one. In all, the area slipped by one rig to 17.

A look at the Basin, county-by-county, follows. The previous week's figures are in parentheses.

Andrews 14 (15), BORDEN 2 (2), Chaves 1 (1), Cochran 0 (1), Coke 2 (1), Concho 0 (1), Crane 11 (9), Crockett 5 (4), Culberson 3 (1), DAWSON 7 (6); Ector 15 (13), Eddy 10 (8), Fisher 3 (3), Gaines 11 (9), GLASSCOCK 3 (2), Hockley 1 (0), HOWARD 2 (2), Irion 0 (1), Lamb 0 (1), Lea 44 (45), Loving 1 (0), Lubbock 1 (1); MARTIN 1 (2), Menard 1 (0), Midland 2 (2), MITCHELL 1

## Shell Makes Large Grants

Eleven colleges and universities in Texas will share in the \$1,415,000 education budget announced by the Shell Companies Foundation Incorporated.

Shell assists of \$1,500 each to be used in the professional development of faculty and for other special projects go to Austin College, Baylor University, Houston Baptist College, Howard Payne College, Southern Methodist University, Texas Christian University and University of St. Thomas.

Rice University will receive two Shell grants of \$7,500 each to be used to strengthen graduate teaching or research programs.

Shell Fellowships of about \$5,000 each will be awarded to outstanding students or young teachers doing postgraduate academic work at the University of Houston, Texas A&M University, and two to the University of Texas.

Shell Foundation support will go to a total of 195 colleges and universities throughout the United States. The Foundation has also announced a donation of \$20,000 to the United Negro College Fund.

## Atlantic Earnings Up

PHILADELPHIA — The Atlantic Refining Company has reported net income of \$44,013,000 or \$4.38 per share, for 1963, compared with \$46,705,000, or \$4.75 per share, in 1962.

The figures for both years reflect the pooling of interests of the Hondo Oil and Gas Company, acquired Oct. 1, 1963, and five minor subsidiaries.

Sales and other operating revenues of the fully-integrated oil company reached an all time high of \$624,297,000, a five per cent increase over 1962 revenues of \$595,165,000. Henderson Supplee Jr., president, said, resulting from record highs in petroleum and chemical product sales, domestic natural gas sales and domestic production of crude oil and natural gas liquids.

## Fusselman Has Shows

Texaco Inc. No. 148-NCT-A W. E. Connell, Ector County explorer seven miles southwest of Penwell, surfaced gas and recovered oil from an unidentified zone, possibly Fusselman.

A one-hour drillstem test was run at 8,295-8,327 feet. Gas came to the top in eight minutes. There was no gauge or estimate on the volume.

Recovery was 250 feet of gas and oil-cut drilling mud, 4,340 feet of 41.4-gravity oil and 60 feet of muddy salt water.

Thirty-minute initial shut-in bottomhole pressure was 3,464 pounds, flowing pressure was from 210 to 749 pounds and one-hour final shut-in pressure was 3,185 pounds.

The project now is running logs. It is an east offset to H. L. Brown Jr. and Ashmun and Hilliard Oil Co. No. 1 Connell, recently completed discovery of the Sonny B (Wolfcamp and Fusselman) field.

The location is 1,980 feet from north and 660 feet from east lines of section 22, block B-16, PSL survey.

# S.M. Wood Rites Today

**COLORADO CITY (SC)** — Solomon M. Wood 69, retired Colorado City farmer was dead on arrival at a Sweetwater hospital early Friday morning after suffering a stroke at the home of a son, Horace Wood of Sweetwater.

Mr. Wood was born Aug. 9, 1894 at Comanche and moved to Mitchell County near Lorraine in 1919; later moving to Colorado City. He married Maud White in 1919 in Weatherford; she died in 1963. He was a member of the Central Baptist Church and a veteran of World War I. Funeral will be held today at 2 p.m. from the Kiker and Son Chapel. Burial is to be in the Colorado City Cemetery.

He is survived by three sons, Curtis O. Wood, Redondo Beach, Calif., Horace Wood, Sweetwater; and Morris Wood, Colorado City; two sisters, Mrs. S. W. Taylor, Sweetwater, and Mrs. E. J. Dunlap, Abilene; seven grandchildren and one great-grandchild.

## Younger Voters Want Receipts

Younger voters seem to be the ones who favor the employment of the new non-paid poll tax receipts.

While only seven such receipts have been written by the office of the county tax assessor-collector so far, the ages of those applying for the papers indicate the group most likely to make use of the receipts are the young and early middle-aged.

Of the first seven to be issued these receipts, which entitle them to vote for federal officials only, are 28, 28, 31, 37, 30 and 32.

These special voting receipts went into use Feb. 5, March 5 is the last date on which they can be issued.

## Co-Op Chalks Up Good Start

Cap Rock Electric Cooperative got off to a good start on its new year with a record January power sales.

During the month, the system metered 4,854,448 to its customers, which was up more than 700,000 from December and was far above the 3,289,478 for January of 1963.

At the end of the month there were 2,417 miles of lines energized, a gain of four for the month and 50 more than a year ago. The number of members connected stood at 5,450, a drop of 19 from the December peak but 351 more than for the end of January a year ago.

"There's something I have to tell you about my credit rating..."

MISS FRANCES TURNER

### Coming Marriages Fill Social Calendar

The season of sweethearts finds numerous weddings and engagements on the social calendar.

Mr. and Mrs. Walter W. Turner, 111 Eliana Claire, San Antonio, are announcing the approaching marriage of their daughter, Frances, to Kenneth Myrick, son of Mr. and Mrs. R. L. Myrick, 1107 E. 17th Street. The nuptial rites will be performed Feb. 15 in San Antonio.

Other bride-elects, shown at upper right, are Miss Jan Stockton, Miss Cindy Becker and Mrs. Loretta Matthews.

#### REGULAR SESSION

### Bridge Players Set New Individual Game

A new game has been added to the Big Spring Country Club duplicate schedule, it was announced Friday by Mrs. Elmo Wasson, duplicate bridge chairman for the Ladies' Golf Association.

The game will begin next Wednesday at 1 p.m. and will be held weekly thereafter under the sponsorship of the LGA. All country club members are invited to play without fee; non-members are invited to play with an entry fee of \$1 each.

The games will be directed by Mrs. Wasson and conducted as an individual game. Players need not bring a partner and are not obligated to play a regular schedule. The game will last approximately three and a half hours.

Instructions about the game will be given before the game begins, however, interested players may receive more information by calling Mrs. Wasson at AM 4-8362.

Next Friday will be Master Point day and will be the half-way mark for the Scrambled Series.

Twelve tables were in play Friday. North-south winners were Mrs. A. Swartz and Mrs. Ty Allen, tied for first and second with Mrs. Ray McMahan and Mrs. J. H. Holloway; Mrs. Hollis Webb and Mrs. J. W. Atkins, third; and Mrs. Joe Herbert and Mrs. Joe Hayden, fourth.

East-west winners were Mrs. Charis Patterson and Mrs. Charles Tompkins, first; Mrs. Hudson Landers and Mrs. Malcolm Patterson, second; Mrs. E. O. Ellington and Mrs. Harry Williamson, third; and Mrs. Gerald Harris and Mrs. Don Newsom, fourth.

Engaged

Mr. and Mrs. W. E. Stockton, Sterling City Rt., announce the engagement and approaching marriage of their daughter, Jan, to James Spearath. He is the son of Mr. and Mrs. Erno Spearath of Sisterdale. The marriage is scheduled for March 14 in the First Presbyterian Church.

To Be Married

A home wedding is planned March 28 for Mrs. Loretta Matthews, 2304 Allendale Road, and Johnny Staucup of the Big Spring Veterans' Administration Hospital.

Engagement Told

Mr. and Mrs. A. C. Becker Jr., 2614 Ridge Road, Lubbock, announce the engagement and approaching marriage of their daughter, Cindy, to Bryan Adams, son of Mr. and Mrs. R. M. Adams of Rt. 1, Ackerly. The couple plan to be married March 7 at the First Christian Church in Lubbock.

### Fashions Stretch

LOS ANGELES (AP) — If those clothes on the rack look too small this spring, men, don't worry. They'll stretch.

Everything fashionable will be cut slim and trim. But if you're not built that way, clothes will pull in to fit sunken chests and stretch to accommodate paunches.

That's the 1964 male fashion look, decreed in a preview Thursday by the National Association of Retail Clothiers and Furnishers.

The colors—light, bright, bold plaids and checks. The fabrics—the new stretch kind, that mold the body and don't wrinkle. Some are iridescent. And almost all the fabrics drip-dry.

Other fashion notes: stretch shirts of cotton and nylon blends, self-belted slacks and washable shoes.

### P-TA BOARD WILL MEET

The District 16 Parent-Teacher Association board meeting will be held in Sweetwater Monday. The meeting will begin at 9:30 a.m. in the Health Building.

### Leon Byrds Tell Birth Of Daughter

WESTBROOK (SC) — Mr. and Mrs. Leon Byrd, 1113 Grayson St., Hobbs, N. M., are announcing the birth of a daughter, Angella Ann, born Jan. 30. Both parents are graduates of Westbrook High School. Maternal grandparents are Mr. and Mrs. Lee Dorn, and paternal grandparents are Mr. and Mrs. Alvin Byrd, all of Westbrook.

Mrs. Dorn is in Hobbs with her daughter and family. Other visitors of the Byrds at Hobbs were Mr. and Mrs. Alvin Byrd, Westbrook; Mr. and Mrs. Charles Candler and children, Monahans; and Dale Byrd, Lubbock.

New for Spring . . .

Traditional elegance . . . a treasure of correlated furniture

## TRIUNE by Drexel

THE NEW FURNITURE CLASSIC

Triune, the distinguished new collection by Drexel, is based on traditional themes . . . interpreted in a contemporary manner. Triune's very name reveals its three-century legacy. Out of the 18th century comes the soft Sheraton influences of delicate moldings and graceful fluting. The regal arches and sabre leg motifs were inspired by 19th century Regency designs. And from the 20th century come countless functional advantages. Designers Henry and David Warren employ genuine mahogany woods with walnut burl accents. A single dining room piece or an entire grouping is also available in two exclusive colors . . . Triune white and Triune blue. Come discover these treasures of Triune . . . masterfully correlated for your living, dining and bedrooms.

For your home decorating, we offer you free decorating counseling.

It will be our pleasure to assist you at any time.

# Miss Cox Becomes Bride Of B. G. Kizer

Wedding vows were exchanged by Miss Fatsy Ann Cox and Bobby Glenn Kizer at 7 o'clock Friday evening in the home of his parents, Mr. and Mrs. W. J. Kizer, 1202 Johnson St. The Rev. William Irwin officiated.

The bride is the daughter of Mr. and Mrs. A. S. Cox, East Highway.

The ceremony was performed before basket arrangements of white gladioli, stock and emerald fern. Mrs. William Irwin, pianist, played various nuptial selections and the traditional wedding marches.

The bride, given in marriage by her father, wore a long-sleeved suit of pale blue knit featuring a boxy jacket. Her headband with bluish veil was of winter white and her slippers of white lizard.

The bridal bouquet was a cascade arrangement of Frenched carnations showered in satin picot and tulle leaves. Bridesmaids were Miss Jeri Lynn Cox, sister of the bride, and Miss Carolyn Walling. Both wore blue dresses and carried Frenched white carnations tied in yellow satin.

Hanson Levell served as best man.

MRS. BOBBY GLENN KIZER

## RECEPTION

Immediately following the ceremony, a reception was held in the home. Parents of the bride and bridegroom joined them in receiving guests.

The refreshment table was covered with white linen and centered with an arrangement of white stock and acacia. The three-tiered wedding cake was topped with a miniature bride and groom. Miss Judy Williams served cake and punch to the guests.

## WEDDING TRIP

When the couple left for a wedding trip to an undisclosed destination, the bride was attired in a dark blue wool sheath with which she wore the corsage from her wedding bouquet. The bride is a graduate of Big Spring High School and is employed as a cashier at Shasta Ford Co. The bridegroom attended Big Spring High School, Howard County Junior College and is associated with Pioneer Natural Gas Co.

## BOOSTERS TO MEET

A meeting of the Choir Boosters has been called for 7:30 p.m., Monday evening, in the senior high school library. Initial plans will be discussed on raising funds for the choir to travel to California.

## Salad Supper Held By Parish Workers

Members of the Parish Workers of St. Paul Lutheran Church met Thursday evening at the church for a Valentine salad supper. The meeting theme was "Zealous and Wise Mission Work," and the devotion was led by Mrs. Moran Oppgaard. Decorations followed the Valentine theme. The tables were in red and white and centered with a Valentine tree. A variety of salads was furnished by the members.

Mrs. August Graumann was appointed chairman of the Lenten fellowship. Members were asked to furnish cookies when called upon to serve. Secret pals for the past year were revealed; for the next year they will be known as prayer pals and will be remembered with cards and prayers. Donations may also be made in their honor to mission work. Twenty-seven attended, and Mrs. Roger Wright won the door prize. Guests were Mrs. Nell Hensen, Mrs. Gus Oppgaard, Mrs. Wayne Heise, Mrs. William Davis, Mrs. John Culberson, Mrs. Raymond Kaddatz, Mrs. Bill Bolstad, Mrs. Lillie Sebelius and Mrs. Cuma Monen.

## WEBB WINDSOCK

**By MARILYN WILSON**  
 The monthly meeting of the OWC Board was held Tuesday afternoon at the Officers' Open Mess. Mrs. L. L. Patton presided, announcing that the Wives Club purchased the "O" in the March of Dimes Drive. A \$12 membership was voted for the Friend of Youth Drive sponsored by the YMCA. A \$100 donation was given the Base Nursery to be used at their discretion for items such as new high chairs, toys, diapers, and curtains. These donation are not normally budgeted items, but were taken from surplus funds in other accounts.

A reminder now to get out and sell your tickets to the Red Stocking Revue, Feb. 21 and 22. Only 12 days until curtain call. At a Meet - the Director Party Tuesday evening at the Officers' Open Mess. Mr. Joe Landis, director - representative of Jerome Cargill Company of New York, outlined a description of the numbers on the program. He then demonstrated his teaching techniques to the eager volunteers from the audience. A demonstration of the talent available was supplied by a chorus line from the wives of the 331st FIS: Mrs. R. N. Hancock, choreographer, Mrs. J. A. Nelson, Mrs. R. Leffler, Mrs. J. A. Murphy, Mrs. E. M. Bunn, Mrs. R. B. Durant, and Mrs. Carl Blough, the audience participant. The MC-director was Lt. R. N. Hancock. Introduced as maharajah candidates were Winston Wrinkle

and Charles Lusk. A formal tea honoring Mrs. August F. Taute, wife of the new Wing Commander, is planned for Feb. 27 from 3 to 4:30 p.m. Mrs. Taute will be receiving from 3 until 3:45 p.m. OWC Bridge Feb. 20 will be hosted this month by the 331st wives. Seen on the slopes at Ruidoso recently were Lt. David Vaughn, Dr. and Mrs. Pat Healy, Major and Mrs. Hal Halverson and Capt. and Mrs. Robert Hartzog.

Beginning Friday, Feb. 7 from 9:30 to 10:30 a.m. at the Tumbleweed Terrace Youth Center, Mrs. J. H. Simington will be conducting a weekly gymnastics session for all who are interested, with volleyball at the gym on Tuesdays. There is a \$15 charge for 3 months. Because of numerous stag parties within White Flight the wives decided to retaliate with an all night bridge session at the home of Mrs. Tim Thomas. The evening was still young when Capt. Thomas returned to report that the IP's refused to be thrown in Mesquite Lake, thereby breaking up the party. After losing a tie breaking game of volleyball to the IP's, the students were too pooped to insist. Due to the recent transfer of Lt. and Mrs. Howard Lynch, Mrs. J. M. Wilson Jr., will be assuming the duties of publicity. Please phone all news to me at AM 4-7864 or Mrs. Robert Hartzog at AM 3-4631. Thank you.

# Couple Pledges Vows In Lubbock Ceremony

Miss Rosemary Ann Donica became the bride of Paul C. Dinsmore in a double ring ceremony performed at 7 o'clock Friday evening in the Second Baptist Church at Lubbock. The Rev. Bob Hearn officiated for the nuptial rites.

The bride is the daughter of Mr. and Mrs. L. H. Donica, 710 Goliad St., and the bridegroom is the son of Mr. and Mrs. J. B. Dinsmore of Fort Worth.

Therced candelabra lighted the altar as Mrs. R. T. McRae, pianist and sister of the bride, played "The Lord's Prayer."

The bride, given in marriage by her father, wore a white wool sheath, featuring a gathered neckline and short sleeves. Her flowers were a white gardenia and miniature roses.

Mrs. Jere Sink of Canyon was the matron of honor, and Mrs. Charles Steele, Lubbock, was the bridesmaid. Ralph Dinsmore served his brother as best man and Mike Donica was the usher.

A graduate of Big Spring High School, the bride was graduated from Texas Technological College in 1963. She is a member of Gamma Phi Beta, Sigma Tau Delta, and Sigma Delta Pi. She is teaching now at R. W. Matthews Junior High School in Lubbock.

The bridegroom attended Arlington Heights High School and is a senior electrical engineering student at Texas Technological College. He was president of the Saddle Tramps in 1963 and is a member of Alpha Phi Omega.

MRS. PAUL C. DINSMORE

The couple will reside at 2123 5th St., Lubbock.

## Credit Club Hears Talk By R. Ream

Richard J. Ream, vice president of First National Bank, was guest speaker when the Big Spring Credit Women's Club held a luncheon meeting Thursday at the Wagon Wheel. The speaker was introduced by Mrs. J. B. Apple, program chairman.

Using the topic, "Decision of Credit," Ream said that in extending loans, the three main things to consider were character, capacity and collateral.

During a brief business session conducted by Mrs. E. O. Worthan, members voted to provide a YMCA membership for a child.

Mrs. Reba Baker reported that she had talked by telephone to Mrs. Moree Sawtelle, hospitalized in El Paso, who said she was feeling much better. Cards may be sent to Mrs. Sawtelle at Providence Memorial Hospital.

Twenty-four members attended and four guests, Mrs. Ernest Welch, J. B. Apple, the speaker, and Mrs. Tacoma Draper, mother-in-law of Mrs. Bill Draper.

## COSDEN CHATTER

### Attend Play In Midland

Mrs. Leslie Green, Lynn and Paula Pat were in Midland last Sunday for the matinee performance of "The King and I," produced by the Midland Community Theatre, Inc.

Roy Roxburgh remains at the Howard County Hospital Foundation, where he has been quite ill.

J. A. Coffey will be among the group attending the Annual Conference of Junior College Trustees and Administrators, Monday and Tuesday at Austin.

Mrs. O. K. Bibb and Tert are in Fort Worth this weekend visiting her mother, Mrs. C. D. Downing. They also planned a stop in Killeen to visit other relatives.

Mrs. Truman Thompson and family of Brownfield were visitors in the Jimmy Gilmore home recently.

Service department personnel gathered Friday at noon for a covered dish luncheon. Among the guests were several former associates.

Science classes from Rannels Junior High toured the refinery this week in several groups.

## TETE-a-TETE

by kathleen dozier

This weekend Dottie and Truman Jones are in Dallas to meet their grandchildren who will return to Big Spring with them for a visit while their parents, the Jake Jacobs, are vacationing in Nassau.

The J. R. Hatches have gone to Roswell to visit their son, Dickie, a cadet at NMMI. While there they plan to see the Raymond Tolletts' son, Ray, and the Obie Bristows' son, Keith, also NMMI cadets. The occasion was to help Dickie celebrate his birthday tomorrow.

Lucille and Zollie Boykin braved the wintry weather this weekend, headed northwesterly to Ruidoso and the ski country, and I understand that Merle and Lloyd Wasson departed in the same direction. The couples have high hopes for reaching their respective cabins up the canyon road from Ruidoso.

Betty and Ike Robb left by plane Saturday for Santa Monica, Calif., and during their absence her parents, the O. B. Canons of Longview, are having the grandsons, Ike, Bennett and Scott, all to themselves. Also, they are enjoying Ike's and Betty's wonderful new home in the Highland Addition.

It's been great—two and a half years in Big Spring. Today when you read this I'll be in Arkansas and on route to a new home in Pine Bluff. For a traveling companion I've taken along one of you—Isabel (Mrs. J. Y.) Robb—who plans to visit on the way with her friend, Virginia (Mrs. Ralph) Buchanan, formerly of Big Spring and

now of Mountainburg, Ark. . . . Certainly I depart richer by far than when I arrived, and leaving here yesterday I experienced the same sinking feeling I had when I rode into town that first, blustery September morning—that maybe-this-is-a-mistake sort of thing. Contributing to this doubt and hardly conducive to departure were those wonderful parties during the past two weeks given by Juanita (Mrs. Cui) Grigsby, Lucille (Mrs. Joe) Pickle, Iris (Mrs. Raymond) Tollett with Helen (Mrs. Charles) Head and Mary (Mrs. Lee) Rogers, Isabel Robb and the Gene Spences, Emaline (Mrs. John) Hodges, Marie (Mrs. Jack) Haralson and Margaret (Mrs. Larson) Lloyd, Estelle (Mrs. J. Gordon) Bristow and Marge (Mrs. Champ) Rainwater. Then there was the dinner party with the women of the office Monday evening, lunches with Lucille (Mrs. Zollie) Boykin and Gena (Mrs. George) Franks and Marguerite (Mrs. Jack) Price, not to mention the lovely calls, cards and gifts from others.

These things I will not forget, nor will I forget any of the kindnesses, hospitality and friendship extended to me throughout the past couple of years. And say, if you ever get to Pine Bluff I'd be mighty proud to welcome a West Texan.

When Betty and Gene Nabors served supper one night the delicious food was topped by the beautiful organ music furnished

by Gene who played all my favorite tunes. Added to the delectable music was Dale White who played his guitar and gave his own rendition of "Long Tall Texan."

## SQUADRON SCROLL

# Coffee To Compliment Mrs. E. L. Masters

By BARBARA HORNING  
Wives of the 3560th and 3561st Pilot Training Squadron are invited to attend a coffee Thursday morning at 10 o'clock in the Reception Room of the Officers Club in honor of Mrs. Masters, wife of Col. Elmer L. Masters, deputy commander for training.

February's Student Squadron meeting has been canceled but the Student Squadron Board will meet Monday at 1:45 p.m. in the VIP room at the Officers Club.

Class 65-B wives have added three new members to their roster. They are Suzanne Jones who was married to Lt. Van Jones in Big Spring Dec. 21; Beverly Black who was married to Lt. Frank Black in Thomas, Ga., Dec. 27; and Melinda Bartlett who was married to Lt. Barney Bartlett in Studio City, Calif., Dec. 28.

Mrs. Clement Twiford held a plastics party at her house last week for the wives of 64-G and Genelle Gann was introduced to the class. She and Lt. B. W. Gann were married Dec. 27 in Corpus Christi and she arrived in Big Spring last week after finishing the semester at Del Mar Junior College. Genelle is finishing her sophomore year at Howard County Junior College.

Lt. and Mrs. Robert Horning of 64-H are being visited by her mother, Mrs. Paul Bushong of Dayton, Ohio. Mrs. Bushong who is here visiting her first grandchild, Lori Anne, born Jan. 20, will return home tomorrow. Mr. and Mrs. Bushong arrived two weeks ago but Mr. Bushong had to return home last week.

Lt. and Mrs. David Sanderson of 64-G have Mr. and Mrs. Philip Taylor of Des Moines, Iowa, as house guests. The Taylors stopped Friday evening on their way to California and will be spending a few days with the Sandersons. Lt. and Mrs. Emil Droze, 65-E, are being visited this week by her mother.

A surprise shower was held at the home of Mrs. Eugene Parker for the wives of 64-G in honor of Mrs. Malcolm Whitten. Cake, cupcakes and soft drinks were served at the party following a class meeting. New officers were elected with these results: Mrs. Eugene Parker, coordinator; Mrs. Harry Fenstead, assistant coordinator; Mrs. E. M. Oswald, secretary-treasurer; Mrs. Rodney

Maker, telephone chairman; Mrs. B. W. Gann and Mrs. George Brower, telephone committee; and Mrs. Richard Johnson, reporter.

Mrs. Evan Wood was honored with a baby shower Thursday evening by the wives of 64-H. Mrs. J. A. Swann was the hostess.

The OWC Benefit, Red Stockings, is in need of a rehearsal pianist. If interested, contact Carol Patton at AM 3-3233. If you are selling tickets for the show, report your progress to Mrs. Frank so she can turn in the first record.

## Pre-Nuptial Affair Is Honor For Mrs. Burgess

Mrs. Beatrice Burgess was honoree at a pre-nuptial shower held Thursday in the home of Mr. and Mrs. A. C. James. Silver Heels, Hostesses were Mrs. Tawanna Plourde and Mrs. James.

Guests were served at a table decorated in the Valentine theme with the white milk glass punch bowl centered on a red heart edged in lace. A white felt scalloped cloth covered the serving table, and silver and milk glass appointments were used.

Approximately 25 guests greeted the bride-elect who wore a two piece black suit with a sequined jacket.

Mrs. Burgess will be married Feb. 14 to S. Sgt. Bonny Keith Mainord at Webb Air Force Base Chapel.

## Methodist Class Holds Luncheon

A Valentine luncheon was held by the Suzannah Wesley Sunday school class of the First Methodist Church Friday in Fellowship Hall.

Mrs. W. E. Moren, president, introduced Rev. Hugh H. Hunt of Lubbock who gave the invocation. The devotional was presented by Ted James.

The U-shaped tables were decorated with Valentine flowers and Mrs. Felton Smith and her committee served lunch to 32 guests.

Special guests were Rev. and Mrs. H. Clyde Smith, Rev. Hunt, Mrs. Gayle Bell and Mrs. Mary Brown. Mrs. W. D. McDonald gave the closing prayer.

# LGA Event Held At Club

Mrs. Gil Gingold presided for the Friday luncheon of the Ladies Golf Association held at the Big Spring Country Club. Mrs. Gingold introduced her guests as Mrs. Grant Boardman and Mrs. Zell Smith. Guests of Mrs. Zollie Boykin were Mrs. George Franks and Mrs. E. W. Dozier.

Approximately 25 persons were served at the T-shaped luncheon table which was spread with red linen and marked with brandy snifters holding red carnations, white hearts and fern. The snifter stems were tied with red satin ribbon forming bows and lovers knots. Also, in keeping with the Valentine motif, a pedestaled, cupid bowl was filled with white mums, fern and red tulips edged in white, to center the officers' table.

Members received year books backed with green felt and decorated with white golf balls and red tees. Mrs. Elmo Wasson announced plans for a new duplicate bridge group, and Mrs. Gingold reminded members of the LGA Valentine coffee honoring the officers' and directors' wives. The event is slated for Thursday from 10 until 12 a.m.

Before adjourning, Mrs. Ralph Caton's name was drawn for the door prize, the centerpiece arrangement of flowers.

## Donna Bryant Visits Parents

WESTBROOK (SC) — Donna Bryant visited her parents, Mr. and Mrs. Ralph Bryant between semesters at Hardin-Simmons University where she is a freshman student. Mrs. Bryant took Donna to Abilene Tuesday where she will enroll for the second semester. They were accompanied by Mrs. Troy Lanford and Mrs. N. J. McMahan.

MRS. BOBBY GENE EVANS

# Evans-Watkins Vows Exchanged In Evening

Marriage vows were exchanged by Miss Peggy Sue Watkins and Bobby Gene Evans Friday evening at 7:30 o'clock in the Silver Heels Baptist Church. The double ring rites were read by the Rev. J. H. Shirley Watkins and Mrs. Bob Brasel, sisters of the bride.

The bridegroom was attended by his brothers, Jimmy and G. G., and Kenneth Rea. Pat Fortune and John Kennemur were the ushers.

The bride is the daughter of Mr. and Mrs. E. P. Watkins, 1605 Owens, and Evans is the son of Mr. and Mrs. G. W. Evans, 1101 Wood.

A program of wedding music was presented by Mrs. John Birdwell, pianist, and Elmer Harris, vocalist. Selections included "The Voice that Breathed O'er Eden," "O Perfect Love," "Clair de Lune" and "Trauerli."

Given in marriage by her father, the bride wore a formal gown of white embroidered silk organza over taffeta. The full skirt was detailed with small sprays of embroidered leaves and flowers which were repeated on the long tapered sleeves and bodice. Her waist-length veil of illusion was secured by a coronet of seed pearls and sequins. She carried a hand-styled bouquet of white gladioli and satin leaves with a white Bible.

Mrs. Bill Stafford, the bride's sister, was matron of honor. Her dress of pastel blue corduroy

was styled with elbow length sleeves, pleated skirt and moid bodice. She carried a nose-gay of white mums. In identical dress were the bridesmaid and bridesmatron, Miss Shirley Watkins and Mrs. Bob Brasel, sisters of the bride.

The refreshment table, covered with blue linen and an overlay of lace, featured the wedding cake, topped with miniature bride and groom figurines.

Out of town guests were Mr. and Mrs. Jim King of Wingate; Mrs. Annie King, grandmother of the bride, Wingate; Mr. and Mrs. K. H. Watkins, Colorado City; Mrs. Jack Knowlton, Colorado City; Mrs. Bill Thompson, Colorado City; Mr. and Mrs. Carrell Watkins, Andrews; Mr. and Mrs. L. C. Trowbridge and Mr. and Mrs. W. H. Martin, San Angelo.

## Bride-Elect Honored

Miss Jan Thomas was honored at a pre-nuptial shower held Tuesday evening in the home of Mrs. Marvin Woodruff, 1709 Settles. Hostesses were Mrs. Dell McGuire and Mrs. W. M. Dorough.

The table was covered with a white linen cloth and a punch bowl based on a red heart served as decoration. Silver and crystal appointments were used. The bride-elect wore a two-piece yellow suit.

Special guests were Mrs. Zenobia Hare, mother of Miss Thomas, and Mrs. O. K. Fortune, mother of the prospective bridegroom. Approximately 50 guests called between the hours of 7 and 9 p.m.

Miss Thomas will be married Feb. 14 at the Church of Nazarene to Osborn Kermit Fortune. Rev. B. A. Patton of Dallas, uncle of the bride-elect will perform the wedding rites.

TO RESIDE HERE

After a wedding trip to an undisclosed destination, the couple will reside at 1105 Wood St. For traveling, the bride chose a pastel blue suit and a black accessories. She wore the corsage from her bouquet.

A graduate of Big Spring High School, the bride is a student at Howard County Junior College. Also a BSHS graduate, the bridegroom attended Jacksonville Baptist College. He is now employed with Pioneer Natural Gas Co.

Daughter Born To H. L. Hydes

WESTBROOK (SC)—Mr. and Mrs. H. L. Hyde, Houston, are parents of a daughter, Genita Yvonne, born Jan. 30. Paternal grandparents are Mr. and Mrs. Bill Yarbrough, Westbrook. Mrs. Yarbrough is in Houston with her son and family.

## Hyperions Give Tea

The 1953 Hyperion guest day tea was a Wednesday event. Twenty-six guests attended the annual affair held in the Gold Room at Big Spring Country Club.

Mrs. Thomas C. Seebo reviewed the book, "Ministry of Angels—Here and Beyond," an autobiography by Joyce Snell. The program dealt with the author's revelations of Christ and angels during her nursing career in India.

Mrs. Pete Cook, past president, presided at the tea table where an arrangement of Birds of Paradise, iris and chrysanthemums was displayed. Silver appointments were used. Hostesses were Mrs. Hays Stripling Jr., Mrs. Kimbell Guthrie and Mrs. John M. Hogg.

# 'ROUND TOWN

By LUCILLE PICKLE

Chicago may be a wonderful town as the song says but to MRS. GEORGE DAWSON and her daughter, MRS. RENDAL HAMBY, it's quite a bit less than that.

Two weeks ago Mrs. Dawson was called from jury duty here to the bedside of her husband, DR. GEORGE DAWSON, who is under treatment in Chicago. She and her daughter left immediately by automobile for the Windy City.

When his condition improved a week later he was transferred to Hines VA Hospital and the two women set about closing his apartment in Chicago. When the movers packed their belongings, they packed the car, locked it and went back in the building for a last minute check, giving the janitor the keys. Although they were gone approximately 20 minutes it was a costly 20 for them. They got into their car, parked at the side of their hotel, and had started on their trip home down Congress Expressway when the turtle lid flew up. Mrs. Hamby got out to put it down and found their four suitcases, clothes, typewriter, money and a \$3,000 stamp collection had been purloined away.

Of course they reported their loss to the police but they came back home minus their good coats and, to add insult to injury, they ruined the tires on the car and had to buy a new round.

To say they were glad to get back home is the understatement of the year. They have little desire to go back to Chicago.

MR. and MRS. D. T. WALKER, Lake City, Colo., are visiting this weekend with her mother, Mrs. I. Slusser.

Can this be a trend of the times? I have received a shower invitation for a woman I have never met or seen from six hostesses, none of whom I have ever heard of before. And it was sent to my home mail box.

Late in November, when our No. One boy was at home shortly before going to Illinois, he and I took a short ride about the city to see what had been going on, building-wise, in our city. One of the areas visited was the residential development just below South Mountain. We had climbed up the hill and were inside one of the new houses the site of which has been cut out of the mountain-side. He stood for a long time looking out over the area and finally said "They surely have messed up our old hiking ground."

It wasn't only his old hiking ground. I remember in my preteen years how my friends and I hiked to either South Mountain or Scenic Drive just about every Saturday that the weather permitted. Our little group consisted of LOUISE HAYES (Mrs. Ernie Keeffer of Malibu, Calif.), VALERA SLIGH (Mrs. Harold Lytle, San Bernardino, Calif.), EVELYN MERRILL (Mrs. George Minear, Midland) JAIME BARLEY (Mrs. Kelly Burns) and IRENE SHOCKLEY whom I have lost track of.

We didn't have the sleek skinny pants the youngsters look so

that to the east of it is almost solid with houses. And Scenic Drive was at one time the south border of town... now it's right in the middle of numerous residences and businesses. Ah, Progress.

A LACY LOOK OVER FOAM-CONTOURED SHAPING!

"LACE 'N' LOVELY" BRA BY LOVABLE... ONLY \$1.50

Foam-contoured cups to shape you smoothly, lavished with the luxury of lace over gleaming satin. Stitched anchor band, elasticized to stay in place, gives you the utmost in freedom and comfort. In fashion's most heavenly colors. Ask for Style 944.

A Devotional For The Day

Who can discern his errors? clear thou me from hidden faults. (Psalms 19:12. RSV.)  
 PRAYER: "Search me, O God, and know my heart! Try me and know my thoughts! And see if there be any wicked way in me. And lead me in the way everlasting!" For Jesus' sake. Amen. (From the 'Upper Room')

Reservoir Of Leadership

The observance of Boy Scout week reminds us once again of the importance of schooling our youth in the virtues of good citizenship and character.  
 Do you realize that the men who first entered Scouting are now in places of great responsibility, that in less than a decade a generation which should have been exposed to Scouting will be running the country?  
 It is somewhat in vogue now to beat the drums and wave the banners of patriotism, but staunch, fruitful dedication to the service of the nation is not conjured like the product of a pep rally. It is carefully shaped and forged as a labor of love and obligation, slowly but persistently.  
 The master ingredient is leadership—unselfish volunteer leadership of wholesome adults.  
 This is something that most anyone can give. It is something which the average person most certainly ought

to give, especially if he feels that he cannot make substantial monetary contributions to the program.  
 While the call is by no means restricted to this segment of our community, there is a rich reserve of leadership among our hourly worker citizens. Most of them are on a five-day week, and sometime in the future as technology and other factors are brought to bear, this may be shortened further. Why not invest this extra time in boys, and thus in the future of the country? Shift work is no excuse for not volunteering, for some of the most effective and diligent volunteers have found this no handicap. Self convenience is no excuse, either, for some things, debt to the future and obligation to our country are more important than personal comfort. Among this backbone of our community there is enough potential leadership to revolutionize the opportunities for our youth.

Moments Of Truth

As a community, whether in schools or city or county, we may be facing several moments of truth this year.  
 Since the historic city Master Plan bond election of 1960, there has been a respite of bond votes except in one of the smaller independent school districts.  
 Now there is the prospect of not one but at least three bond votes before the year is out. The total outlay of these could be as much as four and a half million dollars. This would mean roughly an annual obligation of a quarter of a million dollars in principle and interest.

This will call for some soul searching and penetrating economic analysis. All of the things projected may be necessary, but urgency of need should be established clearly in the public mind. Not only should the future be considered soberly, but also the rate at which it might unreasonably be expected to unfold. The effects on rates should also be weighed, but there is a saturation point for ad valorem levies, and a hurtful point for those on fixed retirement incomes. If issues can pass these tests, they doubtless will fare well. If not, they may deserve a lesser fate.

Marquis Childs

The Lesson Of India

WASHINGTON — If he were able and willing to speak frankly, a figure still on the world stage could utter some home truths about the De Gaulle neutrality ploy.  
 Failing in health, his hold on his country weakened, Prime Minister Nehru saw his own dream of neutrality for India mocked. More than a decade ago he was saying the same things about Red China that President De Gaulle said in his recent press conference.  
 YOU HAD TO recognize that the Communists were in control of the mainland. They had their own internal problems which would preoccupy them for a long time to come. To bring them into the world family through diplomatic recognition, trade and admission to the United Nations would temper their hostility.  
 That was India's line expounded by Nehru and his one-time adjutant, V. K. Krishna Menon. It was Nehru's reason, the rivalry with Pakistan and personal antipathy to one side, for indignantly rejecting John Foster Dulles' appeals to join up with the West.  
 INDIA'S REWARD for repeatedly championing China was soon fore-shadowed. The Red Chinese took over Tibet and the harried Dalai Lama nar-

rowly missed capture by escaping over the Indian border. With this ruthless envelopment the military power of Red China was an ominous cloud suspended over the Indian subcontinent.  
 The reward proper came when the Chinese attacked in October, 1962. The attack had been thoroughly prepared. A network of roads had been built, almost certainly with extensive use of slave labor, through high mountain passes considered almost impenetrable.  
 THERE COULD no longer be any illusion about Peking's intention. The Indian people rallied in patriotic fury. Britain and America sent military aid with promises of more to come and so did the Soviet Union. The assault was blunted before it spilled out onto the plains of Assam.  
 But this was not the end of the story as reports from India now make clear. The Chinese still hold from 12,000 to 14,000 square miles of Indian territory in the area of Ladakh. That is not, however, the real menace.  
 IN THE NORTHEAST an estimated 150,000 Chinese troops are stationed on the Indian frontier. They have ample supplies for an invasion. Many more roads have been built through well high impassable terrain and troop transport is greatly improved. This, in short, a dagger pointed at the vulnerable population centers of the South with the little states of Sikkim and Bhutan as pawns.  
 The Indian government is divided between those who believe another Chinese attack is coming in the near future and the opposing school that sees no invasion attempt in the foreseeable future. The latter have a brutal logic on their side—why should the Chinese attack when the threat alone achieves so much?  
 IN INDIA there is deep discontent over stiff new taxes to pay military costs that had been comparatively minor under the neutrality policy. Inflationary price rises feed the unrest and the deep disillusion over the consequences of past errors in judgment.  
 What better way to undermine the Indian effort to develop a modern industrialized state by democratic means? The success of the Indian experiment, as opposed to the ruthless dictatorship of Red China, has always been held in the West as vital to the future of Asia. China's strategy is to disrupt and destroy that experiment. A final irony is that Peking is now playing up to Pakistan which spurred neutrality and joined the futile Southeast Asia Treaty Organization to receive substantial American military help.

AFTER ALL the grievous errors the West has committed since the Indo-China settlement of 1954 it may be that a face-saving "neutralization" is the only way out of the war in Viet Nam on which the United States has staked so much. But there should be no delusion about how high the cost will be.  
 When he came into the Presidency in 1953 General Eisenhower inherited a war in Korea the United States could not win and could not afford to seem to lose. Eisenhower finally accepted the expedient of partition and a militarized dividing line. Unfortunately in the war President Johnson has inherited that same expedient has been tried in vain.

Billy Graham  
 I have a friend who says she doesn't know when she became a Christian, but she knows she IS a Christian. Is this possible? Y. M. Yes, I believe that it is. The Bible says: "The wind bloweth where it listeth, and thou hearest the sound thereof, but thou canst not tell whence it cometh, and where it goeth; so is every one that is born of the Spirit."  
 One may not know just what time the sun came up, but that doesn't keep him from knowing the sun is shining. And one may not remember the day nor hour when one fell in love, but you can be sure you are in love.  
 For all we know, God may have established His beachhead in our hearts, long before we recognized Him or accepted Him. His invitation is extended to everyone at all times. "The spirit and the bride say come, and let him that heareth, say come." In a sense He never lets us alone. But it is only when we respond that the assurance of His Presence becomes real to us.  
 If there is a doubt about your salvation—then make it a definite day and hour! This will add to your assurance. You could receive Him now!

Many Factors Affect Interest Rates

In his Economic Report to Congress, President Johnson made clear that he would be deeply wounded if rising interest rates—tighter money—interfered with his panoramic vista of 1964 prosperity.  
 His declaration, "it would be self-defeating to cancel the stimulus of tax reduction by tightening money," has been quoted repeatedly as a directive to William McChesney Martin Jr., chairman, and other members of the Federal Reserve Board. But, as the Russian proverb has it, "Man does what he can, God does what he will."  
 God, in the context of American monetary policy, is the world environment—not Mr. Martin, not American banks, and not domestic economic tendencies.

THE PRESIDENT may propose, but the heads of state and the heads of central banks elsewhere will influence and shape interest rates and monetary policy here. No head of state and no central bank is complete master of his own counting house—not even a totalitarian, such as Premier Khrushchev, who has to sell gold to buy wheat. It was always so, ever since men of one country began doing business with men in other countries.  
 Secretary of the Treasury Dillon well recognized this in his testimony before the Joint Economic Committee. First, he disputed the contention of many American commercial bankers that interest rates ought to rise. Commercial bankers are under the influence of their particular environment.  
 THEIR "free reserves"—the reserves on which they expand loans and investments—have diminished to \$100,000,000 (see chart). To them money is tight and therefore they feel a rise in price is justified.

Country	Latest Discount Rate
Japan	5.84 Pct.
Denmark	5.5
Austria	4.5
Sweden	4.5
Belgium	4.25
Canada	4.0
France	4.0
United Kingdom	4.0
Netherlands	4.0
United States	3.5
Italy	3.5
Norway	3.5
West Germany	3.0
Switzerland	2.0

Second, however, Secretary Dillon noted that America's monetary decisions were subject to foreign influences. If other nations allowed interest rates to go up—if central bankers made money tight in West Germany, or France, or Belgium—this country could not remain in splendid isolation.

If INTEREST rates abroad were more attractive, foreign businessmen or foreign bankers might cash in their dollars. This would draw off gold. Presumably then interest rates would go up here.  
 As if to underscore Secretary Dillon's caveat, the Central Bank of Sweden has just boosted its discount rate from 4 per cent to 4.5 per cent. Earlier in January, the Bank of Netherlands' rate went up from 3½ per cent to 4 per cent.  
 Most central-bank rates today "pull" against the dollar and the gold stock, as you can see:  
 Domestic conditions also tug on interest rates. Business is expanding. Loans are increasing. Commercial banks, savings banks and savings and loan associations are scrambling after money.  
 A NEW MONEY market medium has been created—certificates of deposit. They are bought and sold like Treasury bills. A corporation contracts, say, to keep a million dollars with the Philadelphia National Bank or the Bank of America or the First National City of New York for three, six or 12 months. If the corporation needs cash, it can sell the certificate—at a discount from its face value. Meanwhile, it has earned interest on its money.  
 Think of what this can lead to. Banks are required to hold only 4 per cent in reserves with the Federal Reserve Bank against time deposits. Against demand deposits, large city banks need 16½ per cent as reserves. Therein lies a potential squeeze.

BANKS HAVE issued more than ten billions in C.D.s—certificates of deposit. Suppose two billion of these were converted to demand deposits. Required reserves of banks would increase by \$250,000,000—two billion multiplied by 12½ per cent. The Reserve Board would have to feed out extra reserves or run head-on into conflict with President Johnson's admonition that credit must not be permitted to "cancel the stimulus of tax reduction."  
 If this were to happen when foreign interest rates were rising, when there was an external pull against the dollar, the Reserve Board would be like the mule equidistant between two bales of hay. Which to move toward first?

Around The Rim

—And Keep Your Matches Dry

An outfit has sent along a broad sketch on what it calls the evolution of lighting. The outfit, as you might guess, manufactures various electric lamps, among other things, and obviously wanted its name in the paper.  
 But the company's research has not gone back far enough for some of us thorough scientists. True, the publicity piece says that "lighting has been since man's development since creation," and you can't argue with that.  
 BUT IT SAYS that the caveman hit upon a lighted splinter to illuminate his dark abode. Then he remembered that animal fats sputtered and flared in his cooking fire, so he found a rock with a hollow in it, filled the depression with melted animal fat and dropped in some moss for a wick. Thus was the lighting industry born. I dunno. I heard a couple of other versions.

young man into a proposal of marriage before he really saw the light.  
 But let's get on with practicality. Nobody has really lived unless he has had the chore of trimming wicks in a kerosene lamp, and also that one of keeping the lamp chimneys clean of soot. This used to be as standard a household assignment as putting out the cat and winding the clock.  
 IT WAS achieved for sure when a household affluence the eminence of having the house wired for electricity, and the lamps were replaced by those dim, flickering incandescent bulbs that screwed into a brass socket on which was a black turn switch, and which dangled from the open ceiling at the end of a green twisted cord.  
 It is something of a mystery that these lights were always so high that only the head of the house could reach the switch, without a step ladder. Probably designed so that reckless youngsters wouldn't get themselves electrocuted.

OH, WELL, seriously, lighting has come a long way, just like everything else, and today we have those silent wall switches, and those lights that come on when it gets dark and go off when it gets daylight, and I don't know what else.  
 One point is, though, that when the power does go off—which isn't very often, thank goodness—we have to revert to the candle which is not so far removed from the caveman's sputtering animal fat, after all. For who has a flashlight that has a working battery when the lights fall? Just don't sell the candle short, that's all.  
 —BOB WHIPKEY

ONE WAS that this Sir Isaac Newton was lying under a tree and an apple fell off and bumped him on the noggin. It was such a blow that he saw the proverbial stars, and cried, "Eureka, this must be light!"  
 Another was that old Jonah, as he was spewed out by that big fish after three days and nights in the critter's belly, threw his arm over his eyes and said, "Wow, something's blinding me!"  
 I GUESS the company that sent out the publicity was talking about more practical kinds of lighting. It didn't mention those moon beams that cast their golden rays upon a glimmering seashore, thereby trapping many a

The Agitators In Panama

WASHINGTON — President Eisenhower, though a strict Constitutionalist by nature, got the wrong advice in September, 1960, and probably exceeded his executive authority by ruling that the flags of the United States and Panama were to fly side by side in the Canal Zone.  
 Whether or not he breached the Constitution by altering a Treaty without Senate ratification, Mr. Eisenhower definitely did ignore some pertinent Congressional advice. The House Subcommittee on Inter-American Affairs had reported a month prior to the flag-flying episode that to raise the Panama ensign in the Zone "would represent a basic change in treaty interpretation."  
 IF WE ARE seriously looking for explanations of the continuing Panama crisis, we must charge President Eisenhower with too much softness, charge President Kennedy with too much promising and charge President Johnson with not finding any suitable alternatives of his own.  
 The chairman of a subcommittee reporting on the situation, Rep. Armistead Selden (D-Ala.), who has been the moving spirit in criticism of American concessions and overpromising, is hard at work to find other reasons for our failure. Selden says:

ment the attack upon the Zone. Here are the five radio stations with Selden's comments upon their ownership:  
 RADIO TRIBUNA: It is controlled in part by Congressmen Thoma King and Homero Valasquez. "I'm not a Communist," says the Alabama Congressman, "they are close enough to the party line to be indistinguishable."  
 Radio Mia: It is directed by Ramon Pereira, a pro-Castro propagandist.  
 Ondas Ismeras, Cadena Universal and Radio Panama Continental: These three are non-Communist, but anti-American.  
 Here are the six newspapers with Selden's comments:  
 CRITICA: Leftist-edited and controlled by the Harmodio Arias family.  
 La Hora: Anti-U.S.A., and controlled by the same family.  
 Panama America: Controlled by the same family and run by a rabid nationalist of the Panama elite.  
 El Dia: Edited by President Chiari's secretary, anti-Communist and nationalist.  
 El Tiempo: Edited by the rabid anti-U.S. politician, Aquilino Boyd.  
 LA ESTRELLA de Panama: Anti-Communist and generally pro-U.S., except on Canal policy.  
 The Panama press is hostile to us because, as a private enterprise, and something of a monopoly, it finds Yankee-baiting to be popular, profitable and quite safe. It is this situation which must be changed—by some policy of strength—before we can look for improvement in Panama. (Distributed by McNaught Syndicate, Inc.)

"THE REAL catalysts of the tragic riots of recent weeks in Panama were the Communists... and those Panamanian officials who aroused the people's emotions, and then could not contain them."  
 Selden was not talking in a vacuum. He has supplied me with a list of the news media which enabled Communists and Panamanian politicians to inflame the mobs and fo-

WASHINGTON — Perhaps a "presidential prayer breakfast," such as is held here annually, may seem like a paradox. But the name describes a meeting of more than 1,000 persons, most of them in the government, who sat down together in the ballroom of the Mayflower hotel at 8 o'clock Wednesday morning to pray together.  
 Since Chief Justice Earl Warren himself was at the head table, the event could hardly be criticized on constitutional grounds, and President Johnson took particular pains in his speech to point out that there is a difference between prayer that is voluntary and prayer that is directed by the state itself. He said:

power of prayer recognized  
 to the spiritual theme. It began with a song from the Navy choir, and the invocation was delivered by George Hayes, a prominent Negro layman. The audience was greeted by Lt. Gen. M. H. Silverthorn, U. S. Marine Corps (retired), who is president of the International Christian Leadership.  
 REPRESENTATIVE Jeffery Cohelan of California, head of the prayer breakfast group in the House of Representatives, read a lesson from the Old Testament, and Senator Wallace F. Bennett of Utah, a member of the breakfast group of the Senate, read a lesson from the New Testament.  
 Governor Mark Hatfield of Oregon made an impressive talk on the meaning of prayer, and then Dr. Bill Graham delivered an impassioned address on the need for spiritual help in these troubled times.  
 THE WHOLE occasion was an extraordinary one. Not a word of politics—implicit or explicit—was expressed. Nor was there any comment on the policies of the government. The meeting was devoted entirely to the encouragement of prayer breakfast groups throughout the country. These are voluntary meetings held by small groups in every city and state. The movement was founded by Dr. Abraham Vereide, who also initiated the breakfast groups at the Capitol in the two houses of Congress more than 20 years ago.  
 None of these meetings are directed by any governmental body, and the prayers are the voluntary action not only of persons in public office but of their friends and acquaintances in all walks of life. (Copyright, 1964, New York Herald Tribune, Inc.)

To Your Good Health

Violent Allergy Attacks Can Be Deadly

By JOSEPH G. MOLNER, M.D.  
 Some attacks of allergy are dangerous; they can be deadly. Not often, perhaps, yet frequently enough so that people who are highly sensitive to certain things should be aware of the possibility.  
 Angioneurotic edema is a form of hives, but it involves the deeper tissues instead of the outer skin.  
 A relative of a close friend had a narrow brush with this form only last summer. He was staying at a cabin in the woods, and one day passed a field of ragweed.  
 His breathing became difficult (due to swelling of tissues at the opening of the windpipe) and he collapsed. Such attacks can be fatal, and at times have been.  
 In this case a relative was also a nurse. Things happened so fast that she wasn't entirely sure of the situation, but she was alert enough to know that adrenalin would help.  
 She was right—and he quickly recovered. It is altogether like-

ly that her quick thinking saved his life.  
 In other cases (often with penicillin, if the person has become sensitized to it) the feet may be so swollen and painful as to make walking impossible. It is the same sort of reaction, except centered in another part of the body.  
 The difference between severe allergy and anaphylactic shock is, for practical purposes, a matter of degree.  
 About 75 per cent of us have occasional bouts with allergy: Hives, the sneezes, itchy, digestive disturbances, or such minor examples.  
 About 10 per cent have substantial allergic symptoms of one kind or another. And a few encounter frightening experiences, or worse. So keep that in the back of your mind, in case you begin to develop, particularly, severe interference with breathing in connection with allergic exposure.  
 Dear Dr. Molner: If a woman with diabetes became pregnant

but did not keep her blood sugar under control for the first ter of degree. Some individuals are so intensely hypersensitive that contact, particularly by injection, causes such a severe shock to the whole system that death occurs or is imminent.  
 Penicillin reactions are sometimes in this category. Another example is insect stings. While this is not common, they nevertheless cause more deaths, in the temperate zones at any rate, than bites from poisonous snakes. In such instances immediate use of adrenalin or steroids may sometimes be the only remedy between the patient and quick death.  
 I hope these examples will not panic anyone, but they do emphasize that in some instances the danger can be extreme. Even aspirin, for instance, can cause unpleasant reactions in months, would this affect the child?—MRS. H.  
 The big dangers are that the mother will not be able to carry the baby to full term or that the infant will be stillborn.

"WE WHO HOLD public office are enjoined by our Constitution against enacting laws to tell the people when and where or how to pray.  
 "All our experience and all our knowledge proves that injunction is good. For, if government could ordain the people's prayers, the government could also ordain its own worship—and that must never be.  
 "The separation of church and state has served our freedom well because men of state have not separated themselves from church and faith and prayer.  
 "I BELIEVE that these annual prayer breakfasts serve a most useful purpose in both reminding and reassuring the people that those who hold their trust are themselves godly and prayerful men and women.  
 It was impressive to see in the audience such an array of government officials and some ambassadors. The Speaker of the House was there, as well as senators and representatives from both political parties. Senator Frank Carlson of Kansas presided. Businessmen, lawyers and public officials from various states, including some governors, also participated in this non-political affair. The occasion was sponsored by the International Christian Leadership, and the audience was comprised of Catholics, Protestants and Jews.  
 The program was devoted entirely

Tall Sorghum  
 COLUMBIA, Mo. (AP) — Sorghum grows even taller in Missouri than corn. University of Missouri scientists have grown some 17 to 18 feet tall, yielding nearly 21 tons of silage per acre.

FESTIVE REVELERS

# Revelers Celebrate Carnival Season

**By JO BRIGHT**  
The Big Spring Country Club was as festive as any Bourbon Street ballroom when over 100 costumed couples gathered there Friday evening for the Masquerade Mardi Gras.

Arriving guests walked under clusters of balloons in the lobby and past a paper mache King Rex that nodded greetings to all entering the ballroom. A mural depicting carnival revelers formed a colorful background for the buffet table. Bright balloons and crepe paper balls were suspended from the ceiling where merry-makers danced to the music of the Dale White Combo.

Host couples were Mr. and Mrs. Bennett Brooke, Mr. and Mrs. Ralph Gossett, Mr. and Mrs. Hank Gwyn, Mr. and Mrs. Harry Blomshield, Mr. and Mrs. Rich Anderson, Dr. and Mrs. M. W. Talbot Jr., Dr. and Mrs. E. V. Swift and Mardes Clayton.

Costumes were gay and gaudy as barbarous pirates mingled with shy Southern Belles. A quartet of banded "Beetles" was composed of Jim Bill Little, Harold Jones, Paul Shaffer and Dr. Wesley Strahan, whose wives formed their fan club. Mrs. Bill Head batted her lengthy lashes at likely lads— as did her shady lady-friend, Col. Head. Frank Powell came as a Judo expert and his wife as Japanese, while Mr. and Mrs. Ralph McLaughlin were rigged as Raggedy Ann and Andy.

The Moon Maid met her match as Mrs. Carl Marcum danced with her husband who wore an authentic space suit. Primly proper were Dr. and Mrs. Lee Rogers who had fun as the Farmer Browns. Mr. and Mrs. Larson Lloyd arrived rather expectantly to chat with Mr. and Mrs. Horace Garrett—a Southern gentleman and his lady.

Mr. and Mrs. Gil Gingold went noticeably native and were watched with wary eye by such as the Jack Galleys who represented flaming youth in blazing blazers. Ike Robb was a blond and bouncy cheerleader while his tiny wife looked ready to tackle anything in her red and white football uniform.

Les Beauvais came as Nero and his wife a willing slave. Dr. and Mrs. J. H. Fish looked every inch the Roman general, Julius Caesar, and his wife. Tossing their sultan's togas were Don Newsom and Adolf Swartz. Mrs. Newsom was a maharani and Mrs. Swartz a colonial dame. Mrs. Eva Pyeatt

CARNIVAL CLOWNS

bustled about as a very merry widow making her mile.

Glimpsed across the room were Col. and Mrs. Rex Fryer in oriental attire and Mr. and Mrs. W. E. Ramsey, fooling no one as the Flintstones. Looking rather Latin were Jerry Worthy, Connie Wade, Tommy Jordan and E. H. Boullion Jr. Mrs. Worthy wore an oriental dress; Mrs. Wade, a Spanish costume; Mrs. Jordan was a Grecian goddess, and Mrs. Boullion's mantilla made her a charming senora.

Bill Anderson was a handsome harlequin and his friend, Carol Branch, made a pretty page. Dr. Fred Lurting portrayed a painter, while his wife chose a Geisha gown. Another slick-talking senior was Dr. B. Broadrick who introduced his wife as "my seester." Representing that Cuban was Jerry Jenkins as Castro and his wife as "Miss Revolution." Mr. and Mrs. K. H. McGibbon were a jolly Swiss couple and Dr. and Mrs. Roscoe Cowper were quaint in a Dutch disguise.

## Mrs. Bright Named Woman's Page Editor

The appointment of Mrs. Merry Jo Bright as editor of the Herald's woman's department was announced Saturday.

She succeeds Mrs. E. W. (Kathleen) Dozier who resigned to become editor of the Pine Bluff (Ark.) Commercial woman's pages. Mrs. Dozier left today for her new assignment.

The promotion of Mrs. Bright, who has been serving as a member of the woman's department, was announced by Joe Pickle, managing editor. Mrs. Ennis Cochran will become her associate in the department.

Mrs. Dozier joined the Herald in September of 1961 and became woman's editor in February of 1962. She has been active in several club and civic affairs. In December, her Herald pages won third place in the J. C. Penney-University of Missouri Journalism Awards for woman's news.

Mrs. Bright has been with the Herald since the autumn of 1959, working first in the advertising department. In the fall of 1962 she transferred to the editorial department and was named Mrs. Dozier's associate.

A graduate of Port Arthur High School, she attended the University of Houston where she took a general academic course, including journalism. She became secretary to a Sears store manager, then worked in the foreign commerce department of the Second National Bank in Houston before joining Pioneer Air Lines as a stewardess until her marriage. Fourteen years ago she came to Big Spring.

She has membership in the First Baptist Church, Washington P-TA, Spoudazio For Study Club, Cosden Country Club, Texas Mental Health Association, Volunteers Council of the Big Spring State Hospital, the Beta Sigma Phi, Band Boosters, American Institute of Banking, and is a past member of the Ladies Golf Association. For several years she was a leader in the Girl Scout program locally.

MRS. JO BRIGHT

MRS. ENNIS COCHRAN

ally. She and her two children, Becky, 13, and Bruce, 11, reside at 201 Jefferson. If she had time for a hobby, it likely would be flying, for she earned her pilot's license in 1948.

Mrs. Cochran has an extensive background in newspaper work. More recently she has been serving as advertising manager of the Prairie Pilot, Webb AFB paper, and since Jan. 1, 1962, as editor of the Cosden Copper. A native of

### Duplicate Club Winners Told

Seven tables were in play for the Thursday evening duplicate session at Webb Officers Club. North-south places were won by Mrs. J. D. Robertson and Mrs. E. G. Patton, first; Mrs. Riley Foster and Mrs. Rogers Hefley, second; and Mrs. Anne Hardy and George Pike, third. Placing in east-west position were Mrs. R. E. Dobbins and Mrs. Bill Emerson, first; Mrs. Ayrta McGann and Mrs. J. D. Holloway, second; and Mrs. Ward Hall and Mrs. Fern Durham, third.

DeLeon, Mary Cochran attended Texas State Women's University at Denton and later took her degree in costume design at Oklahoma State University in Stillwater. Subsequently she attended Tobe-Coburn school of merchandising in New York, majoring in newspaper advertising as well as fashion marketing.

During her high school and college days, she worked on the school papers, and after graduation she became society reporter for the Daily Oklahoman in Oklahoma City, moving two years later to the city desk for a year and a half.

Mrs. Cochran was a member of Chi Omega and Theta Sigma Phi (women's professional journalism sorority). Spoudazio Foru, the Planters Garden Club (for a time she wrote a gardening column for the Herald), Las Artistas and the Texas Fine Arts Association (she was trustee for this district) and has won a number of ribbons for her paintings.

Mr. and Mrs. Cochran have resided in Big Spring since 1947 and they live at 901 E. 16th with their children, Katy, 15, Linda, 12, and Mary Kay, 7.

### Chaplain's Work Told To WMS

WESTBROOK (SC) — The Women's Missionary Society of the First Baptist Church met Tuesday morning for a Royal Service program entitled "The Chaplain And His Work" which was led by Mrs. Royce Moore, program chairman. Call to prayer was given by Mrs. Homer Rice.

Mrs. Hoyt Roberts conducted the business session for the five members present. The next meeting will be Feb. 11 at 9:30 a.m. at which time Mrs. Willie Byrd will teach the book "Apogee" which precedes a Week of Prayer program for home missions.

# HD Clubs Hear Talk On Line And Design

Mrs. Delaine Crawford, HD agent, presented the program, "Line and Design in Clothing," at four club meetings this week.

**FAIRVIEW CLUB**  
Mrs. Doc Wallace was hostess to the Fairview Home Demonstration Club Tuesday afternoon at her home, Gail Road. Those present included 14 members, four visitors, Mrs. S. L. Baker, Mrs. Delaine Crawford, HD agent, Miss Audrey Klaus, assistant agent, and Mike

Stack of Merkel and a new member, Mrs. H. C. Robinson. Following a devotion by Mrs. Wallace a council report was made by Mrs. Frank Wilson. Cookies for the state hospital were brought by the members who voted to have a bake sale before Easter. The revised constitution and by-laws were read and adopted.

Mrs. Crawford presented a program on "Lines and Designs in Clothing," stressing illusion

created in lines and variety of proportions. She illustrated her lecture with slides.

The next meeting will be in the home of Mrs. J. A. Sutherland, 1000 Bluebonnet, Feb. 18.

**COLLEGE PARK CLUB**  
Mrs. Bob Coleman was elected club nominee for the district convention in Floydada when the College Park HD Club met with Mrs. John Birdwell in Silver Heels.

Twelve members heard the

program on clothing by Mrs. Delaine Crawford and were introduced to her assistant, Miss Audrey Klaus.

Mrs. Paul Bruns, Mrs. Coleman and Mrs. Fred Simpson, food leaders, will attend a training meeting Feb. 21.

The scheduled program on hat-making Feb. 27 will be followed by an all-day workshop and luncheon. The next meeting will be Feb. 18.

**LOMAX CLUB**  
Six members of the Lomax HD Club and a guest, Mrs. Grady Cross, met Thursday morning with Mrs. Gene Perry. Roll call followed a devotion by the hostess.

Mrs. Neil Fryar gave the council report which preceded the clothing program by Mrs. Delaine Crawford, agent.

Mrs. J. L. McIvain will be hostess Feb. 20.

**ELBOW CLUB**  
The Elbow HD Club met in the Forsan Junior High School cafeteria Thursday afternoon to hear the clothing program by

Mrs. Delaine Crawford and meet her assistant, Miss Audrey Klaus.

Mrs. Hugh Clark was hostess to the ten attending.

The Feb. 20 meeting will have Mrs. J. P. Gordon as hostess.

**AIRPORT CLUB**  
Mrs. R. B. Covington Sr. was hostess to the Airport HD Club which met in her home at 1313 Harding. Thirteen members answered roll call and heard a devotion by Mrs. W. M. Dorrough.

Mrs. Roy Spivey announced that a Pot Luck Supper will be held at 7 p.m., Feb. 14 in the home of Mrs. D. W. Decker, 1402 Harding.

Members will send cookies to the state hospital the first Wednesday in March.

Mrs. Ernest Miller gave a program on citizenship which was written by Lewis Timberlake.

The door prize was presented Mrs. Ila Mae Dunning and Mrs. Decker announced as hostess for Feb. 18.

# Forsan Club Has Program

The Forsan Study Club met health unit trying to serve a community. It is chartered under the Texas Commission on Alcohol. It is a fact that about 4 per cent of the adult population of any community are alcoholics or problem drinkers and every problem drinker affects at least five people directly and many more indirectly.

Alcoholism is no respecter of persons—it strikes the brilliant and illiterate, the rich and poor, people in all phases of life.

Mrs. Vanderford stated that she believed that a good way to help solve the problem of alcohol is through education. The film shown was "To Your Health." This film showed the problem drinker, gave facts

The refreshment table was laid with a white cloth covered with red hearts. A red heart and cupid centered the table and silver and crystal appointments were used. Eighteen members and the guest speaker were served by the hostesses, Mrs. Douglas Smith and Mrs. Bobby Calley.

The next meeting will be the annual tasting buffet Feb. 20 at 6:30 p.m. in the Forsan School cafeteria. The meal will be \$1.00 for adults and fifty cents for children under 12. Recipes will be sold for 10 cents each. Members are urged to have their two dishes at the cafeteria by 6 p.m., Feb. 20. A door prize will be given.

## Law Requires Boy Scouts To Be...

### Scout Week Observance Is Launched

Hundreds of boys began the observance of Scout Week Friday by donning their uniforms as Cubs, Scouts and Explorers, and they continue it today by attending—in many instances—church either as a group or individually in uniform.

During the week a number of units will have special observances, including several Blue and Gold banquets for Cub packs. There are family affairs, usually on a "pot luck" supper basis. The Cubs, of course, present the program.

Some troops plan camping events during the week, and a number of packs have started or planned special visitations to places of local interest.

This marks the 54th anniversary of the Scouting movement in the United States, and it happens to be the 53rd in Big Spring. Scouting was less than a year old when the late C. S. Holmes, at the urging of the late Mrs. B. Reagan, got a charter for the new program for boys — the Boy Scouts of America.

Since 1911, that same troop (No. 1) has had a continuous existence, and thus from this standpoint in rates as the oldest in Texas and one of the oldest in the nation. Hundreds of boys have come up through its ranks, and many community leaders have been members. Adm. John Quinn was a Troop 1 member as was Capt. Robert Hatley, USN, Congressman J. J. Pickle and many others who have attained responsible positions after leaving Big Spring.

### ... Trustworthy

By JERRY McGUIRE  
Troop 300

"Trustworthy" is a big word in the minds of most Scouts. It means being able to be depended upon to do anything that may be asked of you.

When a Scout is asked to do something, he always says he will do it — that is if it is a reasonable task to be done.

The person who asks the Scout to do a task knows that the boy, if he lives up to the Scout law, will keep his word.

holding a door for an elderly couple, a man removing his hat in the presence of a lady, or a girl helping her younger sister.

When you witness these acts of courtesy you know that these people, no matter what age they may be, are true ladies and gentlemen. But when you see someone do a discourteous act you wonder why they are this way. If you are a courteous person you know that it is one of the most fruitful things a person can do.

No matter how small or insignificant an act of courtesy may seem, someone will remember you for it and be thankful to you.

### ... Kind

By JERRY LEE PRICE  
Troop 4

"A Good Scout is Kind," is one of the 12 points of the Boy Scout Law and, probably, the most important.

A Scout is kind to every one. He often helps elderly people in various ways, such as reading to them, bringing them something extra special to eat at Christmas and Thanksgiving, and by helping them when they are sick. Being kind to people includes your own family, too. Be kind to your brothers, sisters, and parents, and they will do the same for you.

Being kind is not restricted to people. You should be kind to animals, too. All animals are not harmful, but then all animals are not tame. When you receive a gun, don't start killing

everything in sight. You can be kind to plants and trees, too, by not killing them and not throwing knives at trees. By being a Boy Scout and living up to the 12 points of the Boy Scout Law, you can achieve the true meaning of being "kind."

### ... Obedient

By PHILLIP GRESSETT  
Troop 179

Being obedient means to obey your parents, Scoutmaster, patrol leader, and all other duly constituted authorities, such as your elders.

Obedience also means being willing to obey. The Bible says to obey your parents, and also your elders.

When I think of obedience, it reminds me of the Bible. Obedience means a lot to me because I like to obey my mother, my father, and my elders. For example: When your best friend comes over, and your mother or father tells you to do something, and you say no, or don't do it, he then loses interest in you, or just doesn't like to hang around with you.

The Lord wants us to obey our mothers and fathers as we obey Him. You will make a lot more friends, your mother will be proud of you, and so will the Lord.

Being obedient means to obey your parents, Scoutmaster, patrol leader, and all other duly constituted authorities, such as your elders.

### ... Cheerful

By TIM L. WHITTINGTON  
Troop 136

Cheerfulness is a common word, but cheerfulness is a very meaningful word, too. In trying times a cheerful smile or word can mean a lot. Cheerfulness is patience also,

for it takes patience to be cheerful in trying times. Things run a lot smoother with just two magic words — patience and cheerfulness.

Cheerfulness is personal. A saying goes that "The suit of clothes makes the man," but I think that the cheerful smile is what makes the man.

Cheerfulness is also feeling. A bright, sunny day is often an example of cheerfulness. In some ways a cheerful smile is like that sunny day. Cheerfulness greatly affects the feelings of those around you.

Cheerfulness is surely a wonder-worker.

### ... Thrifty

By RANDY HOOVER  
Troop 39

Thriftiness is the ninth point of the Scout law. A good Scout must be thrifty not only with his money, but also with his time and ability.

A good Scout doesn't waste his time on worthless things. He uses his ability for worthwhile things and saves his money to use for important things. A good Scout learns to budget his money.

A boy can't learn too young to obey this point as well as the other points of the Scout law.

### ... Brave

By ROBERT MORAN  
Troop 7

I feel, about the word brave, the same as it says in the Scout

book. It says that "he (Scout) has the courage to face danger in spite of fear, and to stand up for the right against the coaxing of friends, or the jeers or threats of enemies, and defeat does not down him."

I think being brave also means that when you make a mistake and have to admit you were wrong, it takes lots of "guts" to admit it and apologize for it.

In other words, I respect and admire boys and men like that. I always try to admit and apologize for mistakes that I do. It sometimes takes lots of courage for me to speak the truth and nothing but the truth. It takes backbone to defend a friend when he is under attack by others.

The highest award a Scout can receive is the Honor Medal for life saving. It's not the only way to get an Honor Medal. It is given if the deed required real heroism and was done at the risk of the Scout's own life.

I have never been where there was a real bad accident. I guess if I were there, I would try to remember all that our Scoutmaster has taught us.

### ... Clean

By STEVE LEWIS  
Troop 3

The eleventh point of the Scout Law is: "A Scout is clean."

I believe that this is one of the most important points of the Scout Law, because a Scout is affected by this point almost all the time.

Few people wish to associate with a person who is physically dirty and, although many people with filthy thoughts find companions of their own kind, a dirty mind can scarcely be of any value. Eventually such thinking will become an obsession. The detrimental effects may even spread to other people who feel that they must be "one of the crowd."

Therefore, how can anyone who hasn't even the power to avoid obvious corruption of their own minds and bodies, have the power to repulse the sly invasion of Communistic beliefs, or be expected to vote in or help govern, a great country

such as the United States? Surely, without clean living people our country cannot stand.

### ... Reverent

By ALLEN CARLILE  
Troop 216

Daniel Webster says the word "reverent" means "to show deep respect."

The Scout Law says a Scout is reverent toward God, is faithful in his religious duties, and respects the convictions of others.

I think that a boy should believe in God and live by the Ten Commandments, and obey the Scout Law; that he should believe strongly in his convictions, but respect the rights of others to believe as they want to, even if he thinks they are wrong.

Then, through his reverence toward God, his country, and his fellow man, he may convince the disbelievers that his way of believing and doing is right.

A boy, Scout or not, is always right if he believes in God and follows his teachings.

### ... Loyal

By JOHNNY GOSWICK  
Troop 9

A Scout's loyalty starts in his home. He shows that he is proud of his parents, and appreciates what they do for him. Maybe his home isn't the finest in the neighborhood, but if he shows respect to his home, every one else will, too.

A Scout is loyal to God and his country. As a Scout, he shows respect for his country's flag, for its laws, and for its government and institutions. He proves his loyalty by helping in his community.

The success of his patrol or troop depends on the loyalty of each member.

### ... Helpful

By MIKE WHEELER  
Troop 9

If a Scout is alert he can be very helpful. There are many helpful things he can do, such as helping an elderly person, helping in home duties, or saving someone's life.

A Scout must go out of his way to do a good deed. He must do at least one good deed daily, and shouldn't receive any money for doing it.

### ... Friendly

By DICKY GRIMES  
Troop 5

Friendship is a valued possession. To get it you must offer it.

Be nice, courteous, and smile, offer help when needed, give advice when asked for it. This is being friendly.

Being friendly is like a mirror — it will look back at you. A true friend is irreplaceable.

There are friends, and there are friends. If you are a friend, you usually have friends. The time when a person is a true friend is when he, himself, shows he's friendly.

### ... Courteous

By GORDON MARCHANT  
Troop 4

Everywhere you look you can see examples of courtesy: a boy

### Scouting Grows More Popular

Scouting is becoming more popular in Big Spring churches, members of the Big Spring Pastors Association were told during a regular meeting.

Because of the renewed interest, plans are now being made to provide a Scouting organization for any church desiring his services, Bill McRee, area Boy Scout executive, said.

Sixteen members were present at the Mount Bethel Baptist Church for the meeting. The Rev. Homer Rich, pastor of the First Assembly of God Church, and Capt. William Thomas, commander of the Salvation Army Post, were received as new members.

We Would Like This Year To

## SALUTE

AMERICA'S  
DEN MOTHERS

These dedicated ladies, all serving as volunteers, give boys their first introduction to the fun and wonders of Scouting. After three years under such leadership the Cub Scout becomes a Boy Scout. His next step forward is Exploring. All are programs of this great movement.

BOY SCOUT WEEK  
FEB. 7-13

We are pleased to pay homage today to the millions of Boy Scouts, Cubs and adult leaders over the nation. We are fortunate here in Big Spring to have so many dedicated men and women leading this vital program for boys. Scouting is ideal training for life with its strong emphasis on God, Country and Home. The lessons learned in youth mold these fine young men into tomorrow's civic, business and national leaders. They all deserve a special pat on the back.

# James Gooch Represents District In Austin Report

James Gooch, son of Dr. and Mrs. Joel M. Gooch, 1000 Birdwell Lane, has been chosen by the Lone Star District Explorer Cabinet to make the annual report to the governor. He left Friday for Austin. The report, from each council, is a part of National Boy Scout Week activities, beginning Sunday.

Elmer Giles, Air Explorer Advisor for Squadron 236, said James was chosen on the basis of his interest in Scouting activities since he was eight years of age.

"James is a member and vice president of Air Squadron 236. His interest in Scouting started when he was eight years of age and became an active Cub Scout. He went through Webelos and into the regular Scout program. He has shown leadership abilities through the years in various phases of Scouting on local and district levels," Giles said.

"Mental alertness, a vital part of the Scout oath, has a meaning for James, and his school grades reflect this awareness. He is a member of the Wesley Methodist Church, and of the high school band.

Dependability is another quality noted in his work, both with the local squadron and in

JAMES GOOCH

the district program. He served as Junior Counselor for the summer at Camp Kiowa, Adobe Walls Council, and is now secretary for the Explorer Cabinet, Lone Star District.

"His interest in the Scouting program became national when he attended the National Jamboree in 1960. Since that time he has kept in touch with various groups from other states, and is keenly interested in their program.

"James has attained the rank of Eagle, holds the Emergency Service award, and was chosen for the Order of the Arrow. With each step upward he has shown his awareness of responsibility, both to and for the program. Leadership in the field of Scouting is always needed. We hope this may well become Jim's field of service," Giles concluded.

# Finds Many Virtues In Exploring

By ROBERT SNEED  
Sea Scout Ship III

My Exploring experiences have taught me respect for the flag of our country, our National Anthem, and the democratic way of life. Exploring has brought to me a certain amount of self-confidence in the things I undertake through my Sea Explorer unit.

I also feel that, being a member of the Sea Explorers, and Ship III, I have learned to better understand the American way of life. I have learned, through the help of my advisor, the Scout oath and laws, and the Explorer code, what is expected of me as an American citizen, and also to better respect the rights and property of others.

Exploring, as in any other group of this nature, brings one in contact with people from all walks of life and, through this close association with others, one finds himself more tolerant and patient with conflicting opinions and customs.

Exploring is not, as some teen-agers think, for "sissies." On the contrary, it is rather for those who are willing to exert themselves a bit more to— as stated in the Scout Oath—"Keep myself physically fit!"

SNEED

# Scout Oath Outlined

By DANNY HOOSER  
Troop 381

The Scout Oath means that I will be on my honor at all times, and will do my best to God and my country.

The Scout Oath also means that I will obey the Scout laws, help other people at all times, and keep myself physically strong, mentally awake, and morally straight.

HOOSER

# SCOUT AT 12

# Late President Was 1st White House Scout

It was 1929, and a 12-year-old lad, John F. Kennedy, had just joined Troop 2 in Bronxville, N. Y.

He was, his scoutmaster remembered, a personable lad but a bit shy. Nevertheless, he thought this a good time to approach his father about the matter of his allowance, which had been 40 cents per week. The allowance, had been used for playthings of childhood, he wrote, "but now I am a Scout and I put away my childish things. Before I would spend 20 cents of my 40 cents allowance, and in five minutes I would have empty pockets and nothing to gain and 20 cents to lose. When I am a Scout, I have to buy canteens, haversacks, blankets, searchlights, a poncho—things that will last for years and I can always use, while I can't use chocolate marshmallow sundae ice cream, and so I put in my plea for a raise of 30 cents for me to buy Scout things and pay my own way around."

Later still, as President of the United States, he cited these qualities as "perseverance . . . you come to understand something about nature and something about our country. After many years of observation, I really believe that the experience you have . . . is the best possible training you can have to equip you for later life. What you are doing now will prepare you to play a significant and responsible role in maintaining the freedoms of the United States . . . The same revolutionary beliefs for which our forbears fought are still at issue around the globe—the belief that the rights of man come not from the generosity of the state but from the hand of God."

A year before this man, the first Boy Scout ever to become President, was cut down by an

assassin's bullet, he said: "I strongly believe in Scouting . . . it's a source of great strength to us. I'm very appreciative to all the adults who give leadership. I would recommend it to sons and daughters of every American family."

# Boy Scout Sunday Today

Cub Scouts, Boy Scouts, and Explorers of the Lone Star District, Boy Scouts of America, will attend their own churches in uniform with their parents this Sunday.

The occasion is Boy Scout Sunday, a highlight of Boy Scout Week, Feb. 7 to 13, observing the movement's 54th anniversary.

Joe A. Moss, vice chairman of the Lone Star district, said that Scouts and Explorers receive religious awards provided by the various religious bodies.

"These are not Boy Scout awards," Moss said. "They are awards given by churches and synagogues after the boy has worked very closely with his minister, priest, rabbi, ward bishop, or religious counselor, no matter where he has his Scouting affiliation. The awards help Scouts and Explorers to grow spiritually. 'It helps them practice duty to God, to be reverent, and to be faithful in their religious duties.'"

While not a religious teaching movement, the Boy Scouts of America believes that no boy can grow to a successful manhood without a firm belief in God.

Each religious award requires the Scout to learn the history of his church, become familiar with the Scriptures, and take an active part in his church or synagogue service as well as give personal service to special projects assigned by his minister, priest, or rabbi.

The first of these awards, the Ad Altare Dei Award, established in 1941, encourages Scouts of Catholic faith to learn more about their church. A few years ago the Roman Catholic Church developed the Parvuli Dei Award for Cub Scouts, and the Pope Pius XII Award for Explorers.

The Pro Deo et Patria Award was developed by the Lutheran Church. The general Protestant group then adopted the God and Country Award.

Working with the National Council of Churches, the National Association of Evangelicals and the large number of Protestant churches not connected with either of these associations, is a Protestant committee which set the requirements

# Outing In Scouting Makes It

A favorite saying in Scouting is that it's the Outing which makes Scouting the great game it is.

Packs, troops and posts took innumerable hikes and overnight camps last year, but the long-term camp — which helps gauge the effectiveness of the "outing" in scouting — showed a good record for the Buffalo Trail Council. There were 1,900 Scouts and Explorers who were in long-term camp in 1963. Fifty-one per cent of those enrolled had a long-term camp experience. By troops, 79 per cent of the units participated in some degree in long-term camp events.

There were five Eagle Scouts who attended the World Jamboree in Marathon, Greece. Sixty-five delegates attended the West Range Order of Arrow conclave held at Canyon, Texas.

Explorers took part in a winter camp at the Scout Ranch and others took part in the Explorer delegate conference in Waco.

In the six district camporees (weekend affairs) of the council, 6,000 boys participated. There were 1,500 Order of Arrow members in two council conclaves. The grand total of attendance by those in scouting and friends of scouting for district expositions and circuses was 13,650.

# Millions Of Scouts Mark Anniversary

Throughout the nation, in every city and town and most villages and hamlets members of 136,800 Scouting units — totaling 5,410,000 boys and adult volunteers leaders — will mark the anniversary on the unit level.

The theme of the celebration is "Strengthen America—Scouting Can Make the Difference." Through the unit "birthday parties" parents, public officials, and neighbors will see Scouting in action and learn more of the depth of its "program of emphasis."

"The Boy Scouts of America for 54 years has enjoyed success and public acclaim," said Joseph A. Bruton, Jr., the Chief Scout Executive, "for its part in the training of American youth in character values, citizenship skills, and attitudes, and physical fitness.

"Over these years, we have grown and flourished," Bruton stated, "because each of us involved has had a deep conviction of the worth of Scouting

to boys and to America and because we resolved to act upon our convictions.

"A two-month Strengthen America's Heritage program in June and July will recognize the heritage of freedom we enjoy today. Our units will arrange for American Heritage campfires on Saturday, July 18, when 100,000 campfires will be burning all over America to feed the flame of freedom in the hearts of millions of Scouts, their parents and friends."

Buffalo Trail Council expects to be represented by some 150 boys and leaders at the Sixth National Jamboree of the Boy Scouts of America which will see 50,000 camping together at historic Valley Forge, Pa., from July 17 to 23 in a 1,900-acre tent city.

In addition, Explorers are going to the Philmont Scout Ranch—the 137,000-acre national camping area near Cimarron, New Mexico, for unforgettable adventures on the slopes of the great Rocky Mountains.

# Committees Plan For Future Events

District operating committees looked past the immediate observation of Boy Scout Week at the regular monthly meeting Thursday to plan for other events affecting boys of the Lone Star District. Special emphasis was put on the district first aid meet Feb. 28 at Rannels Junior High gymnasium under the direction of Paul Soldan, health and safety chairman. Deadline for entering teams (of five boys) from troops and posts will be Feb. 14, he said. Scouts and Explorers will compete in separate divisions.

## Air Exploring Is Challenging

By JOHNNY ARRICK  
Air Squadron 236

I am exposed in Scouting, to various fields. When we join Air Explorers we have a chance to adopt a field of our choice. Air Exploring appealed to me because I enjoy the various aspects of aviation. I have the opportunity to learn skills in aviation and navigation. In aviation I am exposed to the procedure in which an aircraft is flown. In navigation I am learning how to use navigational instruments, such as charts, maps, and computers.

ARRICK

With Scouting behind me, with its various moral and character building traits, I now accept this

new challenge laid before me. The Exploring program never lets me forget these traits which, in time, will help me to become a better citizen. Along with the moral and character building aspects, Explorers are exposed to many social activities. Among the activities in which I participate are Explorer dances, whang-dings, and others, sponsored by my squadron. Our squadron has taken many trips. We try to make these trips both educational and recreational. I have a chance to travel to places I would like to see, and do things I have always wanted to do. Exploring is a wonderful thing for boys who like to learn about new things and accept new ideas. You learn about all these fundamentals in Exploring. They help you succeed in your later life as an American citizen.

### 'BE PREPARED'

## Boys Striving To Live Up To The Scout Motto

By JESS PHARES  
Troop 4

The Scout motto, "Be Prepared," means what it says, and a Scout lives up to this motto.

A Scout is prepared for all emergencies, is able to think quickly, and will get acquainted with the situation set before him in time of an emergency. A Scout is never taken by surprise. He is always ready physically, mentally and morally for any danger.

PHARES

Scouting is the most helpful step in First Aid. A Scout is taught to be prepared, and to help as much as he can until the situation is taken under control by a more skillful person.

A Scout will never panic under any circumstances. He will be prepared, and will always have confidence in himself. He will do his job to the best of his knowledge and be

pleased with it. A Scout is prepared for all emergencies. His motto is respected by a Scout, and he will remember and obey it always.

## Gains Marked In Membership

The Lone Star District of the Buffalo Trail Council showed a slight gain in boy membership last year. It has its sights set on a substantial gain for this year. At the end of 1963 there were 649 Cubs, 607 Boy Scouts, and 185 Explorers, a total of 1,441 boys registered. A year before the figures had been 688 Cubs, 553 Scouts and 199 Explorers, a total of 1,442. Thus, there was a substantial loss in the number of Cubs, where the largest membership habitually is, and a hefty gain in the number of Boy Scouts.

This year the district, which includes Howard, Glasscock and Sterling counties, is aiming at a total boy membership of 1,517, comprised of 708 Cubs, 613 Scouts and 196 Explorers. Actually, district chairman R. L. Tollett and organization and extension chairman Joe Jackson are hopeful that the final figures will be greater than this.

## Invitations To Urge Sponsorship

Upwards of a score of institutions in Big Spring will have new invitations this month to sponsor units of Scouting.

Bill Crooker is general chairman of the Together Dinner, an occasion which brings together representatives of these institutions to explain to them the need for more scouting units as homes for the boys wanting scouting. For those who are interested in performing this service to the community and to boyhood, teams will be present to explain the simple steps for organizing a unit.

Assisting Crooker in planning the affair Feb. 18 at Cosden Country Club is Joe Jackson, chairman of organization and extension.

They have pledged two dozen organizers to make direct contacts with prospective institutions and to invite them to attend the Together Dinner.

The Lone Star District is seeking a minimum of eight new units this year.

### Program Reaches Much Of Potential

At the end of 1964 in the Buffalo Trail Council, which stretches from Mitchell County to the Rio Grande, there were 5,742 boys of Cub age (8-10) registered in the program. This was 46.9 per cent of the potential.

There were 4,434 boys of scout age (11-13), or 42.1 per cent of the potential.

There were 817 boys of Explorer Age (14 and above) registered, or 8.8 per cent of the potential.

## D. T. Parkhill Named To Lead Midland Area

Earl McKeehan, scout executive, and L. E. "Pat" Patterson, council president, have announced the employment of David T. Parkhill as district scout executive for the Mustang Spring (Midland) District.

Parkhill has a long experience in Scouting and has been a teacher in Odessa Senior High School for the past seven years. He is a graduate of North Texas State University with a B. S. degree in biology and chemistry.

He was a Scout for 10 years, attaining the Eagle rank, and has served as an adult Scout leader the past 15 years. He has served as an assistant cubmaster, assistant scoutmaster, Explorer advisor and neighborhood commissioner. Parkhill has completed Woodbadge training and holds the Scouters' Key. He also has been active with the National Rifle Association as rifle instructor and instructor trainer. He is a member of Texas State Teachers Association, Kiwanis International, Alpha Phi Omega (scout fraternity) Phi Delta Kappa (educational fraternity) and is listed in Who's Who in American Education.

Parkhill and his wife, Tommie, have three children, ages 8, 7 and 2 years, and they reside at 2017 West 6th, Odessa. Parkhill will attend the National Training School for Scout Executives at Schiff Scout Reservation at Mendham, New Jersey with the class starting Tuesday. After completion of this training school he will report for work on April 1.

## Pat Patterson Heads Council

The Buffalo Trail Council, which serves boys in the Cudding, Scouting and Explorer programs for a vast expanse of West Texas, is headed by L. E. (Pat) Patterson, Midland.

Vice presidents are Dr. Bryan Wildenthal, Alpine; T. A. Roach, Andrews; O. O. Whittten, Wink; and Mark McLaughlin, Snyder; treasurer, Luther Jay Jr., Midland; commissioner, G. N. Hughes, Midland. Among those on the 75-member executive board are these from this area:

Jack Alexander, Carl E. Campbell, Col. Charles W. Head Jr., Dr. W. A. Hunt, Ben F. Johnson, Sam McComb, Sam Anderson, Joe A. Moss, Joe Pickle, Champ Rainwater, R. J. Ream, Sherman Smith and R. L. Tollett of Big Spring; James E. Payne, Colorado City; Hicks Allen, Lyle Deffebach, W. G. Holt, Rev. Harry Vanderpool, D. C. Worley, and Harold Lackl of Snyder; O. B. Bryan and Bob Deavenport of Stanton. The board meets at least once every quarter.

## Cub's Promise Covers Six Areas

By BRIAN MAYES  
Cub Pack 100

The Cub Scout Promise covers six areas to which a boy must gear his thinking and his actions to fulfilling his obligations. These include the promise, doing his best, his duty to God, his duty to his country, being square, and obeying the Law of the Pack.

MAYES

**Promise**—When you promise to do something, you mean you will do it. Even if it is hard, you keep your promise. **Do My Best**—When you say, "I'll do my best," you mean "I'll try as hard as I can." Cub leaders do not expect you to be perfect. They want you to do your best.

**Duty to God**—This means you practice your religion at home, in the church, in everything you do.

**Duty to Country**—Your duty to your country is to be a good American. Our country's laws protect the right God has given to people around the world.

**Be Square**—This means to be fair to everyone. A Cub is fair to everyone so everyone will be fair to him.

**Law of the Pack**—The law covers the four ideas. If you use these ideas you are obeying it.

### P-TA To Meet

Gay Hill's Parent-Teacher Association will meet Tuesday night at 7:30 at the school. An executive meeting will be held at 7 o'clock. The third grade, under Mrs. A. J. Beckmeyer, will be in charge of the program, and a social hour will follow the business meeting.

### Hearing Slated On Pay Increase

An open hearing on a proposal adopted by the Howard County Commissioners Court increasing the salaries of the two Big Spring Justices of the Peace by \$22.50 per month is slated Monday morning.

The commissioners approved the raise and authorized the required legal advertisement of the action. The pay increase will be retroactive only to Feb. 1.

Walter Grice and Jess Slaughter, the two justices of the peace, appeared at the salary setting session of the court in January with their plea for a salary adjustment.

The \$22.50 per month increase will bring the annual salary for each of these offices to \$3,900 a year.

### Strengthening America

We wish to express our appreciation and admiration for the Boy Scouts of America . . . Never before has an organization done so much visible good for so many youths.

## Scouting Helps Lower Juvenile Delinquency

HOUSTON, Tex. (AP)—Robert Pomeroy, Boy Scout district executive, was confronted one evening by the razor-sharp point of a switch blade against his stomach at a troop meeting in this city's tough downtown section.

The wielder of the knife was a young hoodlum who didn't want his street friends becoming Boy Scouts.

Pomeroy disarmed the boy, who fled on his bicycle. A week later he returned to a troop meeting. According to a report made later, he had been impressed by the Scout executive's fearlessness in disarming him. After a few weeks he joined the troop and Pomeroy says, "this was just a few months ago, but already he has come a long way as a Scout."

This is not an isolated incident, according to Ray W. Sweazey, director of the Urban Relationships Service of the National Council, Boy Scouts of America.

Sweazey says that Scouting, which is observing its 54th year

## Training In Leadership Helps Adults Guide Boys

One of the geniuses of the Scouting program is that no one has to be a professional to work with boys.

However, Scouting does carry on a program of leadership

in the United States, reaches about 25 per cent of the boys in the country, but only 19 per cent of the boys in the depressed "inner-city" areas of U.S. cities.

"The objective of our present drive is to bring our program to more boys in these areas where Scouting is most needed," he says. "We are working closely with housing officials, urban renewal authorities, settlement and neighborhood houses, churches, schools, civic organizations and the police."

Sweazey said one of the most effective means of penetrating hard-pressed urban areas is through close cooperation with the Public Housing Administration. Housing and local Scout officials jointly survey the Scouting potentialities of a given neighborhood. They determine the number of active and potential Scouts and the availability of meeting places. Committees of parents are formed to sponsor troops; adult leaders are trained; local businessmen, churches and civic organizations are asked to lend a hand.

training for the adults who work with the lads. Thus, the experience of over half a century is passed on to help make leadership easier and more effective.

Last year, in the Buffalo Trail Council, 51.2 per cent of all leaders had completed the basic training course. This included 52.9 per cent of all cubmasters, 54.9 per cent of all scoutmasters and 38.8 per cent of Explorer advisors. Even the commissioners who work with unit leaders had their training program.

Many leaders went into advanced training, and 25 earned the coveted Scouters Key. Thirty-four scout leaders trained in Woodbadge, the elite training section in camping and outdoor activities as well as troop program.

fort. Other activities have required many hours of labor.

The parts played by Scouts in national disasters, like hurricanes and floods, have been spectacular. Small acts are hardly noticed, but add up to quite a bit when you do them every day.

A good turn is done cheerfully and without a thought of reward, and yet you will find yourself richly rewarded. You will grow in knowledge and it will make life a little easier for someone else. It will make you feel good, too.

### GOOD TURN

## Often Earmark Of Good Scout

By BILLY OWEN  
Troop 301

Whenever you do something good every day, people will recognize you as a Scout.

Scouting stands for helping others. While you are doing this you are supposed to do your best. This has been the custom ever since Scouting was started.

On a national scale Scouting has been a quick, all-out effort.

Gilbert Gibbs, George Weeks and all the folks at Gibbs & Weeks are great believers in the work accomplished by the Scout movement. We congratulate you on your 54th anniversary.

Boy Scout Week, Feb. 7-13

**Gibbs & Weeks**  
Men's and Boys'

## Three Brothers Get Awards In Church Today

Three brothers, Robert Lavender, 16, Kenneth Lavender, 13, and Stephen Lavender, 13, sons of M. Sgt. and Mrs. William Lavender, Webb Village, have earned the God and Country Award in Scouting. The awards were presented along with framed letters from Dr. W. R. White, president of Baptist Association of Texas, to the three brothers at the 11 a.m. service at Hillcrest Baptist Church today. The Rev. H. L. Bingham, pastor, made the presentation.

The three brothers, with Scouting experiences since joining the Cubs, spent almost a year working on requirements for the God and Country awards, which require much study of the Bible.

Their father is Scoutmaster of Troop 3, sponsored by the Kiwanis Club of Big Spring. He has been a Scout leader 7 1/2 years.

Robert has been in Scouting for nine years, Kenneth six years, and Stephen five. Each was a Cub three years.

Kenneth and Stephen, both 13 years of age now, are not twins. There is 11 1/2 months difference in their ages.

Mrs. Lavender is a vocational nurse. The family holds memberships in the Hillcrest Baptist Church.

## Wide Variety Of Activities In Program

By BUDDY OWEN  
Explorer

To me, exploring is a wide variety of enjoyable and exciting activities, in which all Explorer Posts participate.

In our Explorer Post we have what I think to be a well-rounded program. Our leaders are trained and experienced in outdoor life, and in handling boys.

Although we are under adult supervision, we run our meetings and plan our activities.

I think any boy who has never been a member of an Explorer Post is missing a wonderful and beneficial experience in life.

## Church Slates Chili Supper

An annual chili supper sponsored by the Wesley Methodist Men will be held from 6-8 p.m. Tuesday in Fellowship Hall at the Wesley Methodist Church.

Chili, beans, home-made pie, coffee and milk will be served. Tickets, at 75 cents each, may be purchased in advance from the Methodist Men. They will also be available at the door.

## Scouting Is Carried To 1,400 Boys In District

The program of Scouting is carried to over 1,400 boys in this vicinity by more than two score units, but responsibility for seeing that it is carried out falls to the district committee.

This group meets once a month under R. L. Tollett, chairman, for consideration of plans by seven operating committees. These are headed by Erven L. Fisher, advancement; Lige Fox, health and safety; Joe Pickle, public relations; Joe M. Jackson, organization and extension; Champ Rainwater, finance; Harry Blomshied, leadership training; Frosty Robison, camping and activities.

The district commissioner is Jack Guley, who has a staff of about 30 men helping him relate the activities of the district committee to the 49 packs, troops and posts.

Other district officers are J. A. Moss, Jack Alexander and Joe Pickle, vice chairmen; Col. Charles W. Head and Joe A. Moss, council board members from the district.

## Advancement Holds Interest

Advancement is one of the elements of the Scouting program which stimulates a boy's interest, and at the same time it becomes a partial gauge of a boy's progress.

In the order of their rating, these rank advancements were earned by Cubs (boys 8-9-10) last year in the Buffalo Trail Council: Wolf 1,498, Bear 736, Lion 484 and Webeles 208, a total of 2,926. The latter rank gets its name from a culmination of the other three ranks (Wolf, Bear, Lions) and is a step into Boy Scouting.

Among Boy Scouts, 946 advanced to Second Class, 461 to First Class, 288 to Star, 87 to Life and 43 to the highest rank of all—Eagle. This makes a total of 1,805. Explorers had advancements of their own.

Increased advancement is one of the major emphases of the council this year.

## Training Can Carry Over To Daily Life

By SAMMY SHELTER  
Air Explorer

During my years in Exploring I have learned many valuable and helpful facts that have helped me in my daily life. Exploring has now become a big part of my life.

During the years I have been in Exploring, I have reached the rank of vice chairman of the Lone Star District Council.

Therefore I urge all boys between the ages of 14 and 18 to choose Exploring as a way to develop your better qualities.

NEWS FROM THE SCHOOLS

Big Spring (Texas) Herald, Sun., Feb. 9, 1964 5-D

## Honor Society To Initiate

By CAROLYN WILSON

The Coahoma National Honor Society met Wednesday to discuss plans for the annual induction ceremonies. The induction is scheduled Tuesday morning during home room period. Inductees and probationary members have been screened by the faculty. Plans have also been made for ordering pins, diploma seals and bands for seniors to wear at graduation ceremonies. The bands will be kept by the high school for future use.

In a meeting Tuesday the Student Council planned the election of two new Council members to fill the vacancies left by two graduating officers. A new date for "Parents Night" was discussed. There will be a meeting of all students and their parents. The class having the most parents present will win a prize. A Student Council meeting will be held.

## WRA Plans Activities

By CLAUDIA RICHARDSON

The Women's Recreational Association at HCJC has many activities scheduled for this semester. WRA members will be supporting the pep rally and bonfire Feb. 19. The Jayhawks play San Angelo Feb. 21 in the HCJC gym. They will serve as hostesses

called this week to elect a Boy and Girl of the Month. FFA and FFA will meet Monday at 7 p.m.

All Bark assignments are due Monday. The next edition will be out Friday. The CHS senior class is now making preparations for their annual senior trip. Last week the senior class dined by two more with the graduation of Janis Lilly and Chuck Ogle. The class now has 17 members who plan to make the trip. The Bulldogs played some exciting games in the Coahoma gymnasium Tuesday. The boys team played the Roscoe Plowboys. The CHS girls played the HCJC Jayhawk Queens and won the game after a dual overtime. Sandie Clanton, a senior, scored 33 points. Friday night the teams traveled to Roscoe. Tuesday night the CHS teams host the Jim Ned Indians. In the last meeting with the Indians, both the boys and girls were beaten by only one point. This is the last game for the Bulldogs.

## Forsan Selects Beau Nominees

By BETTY CONGER

Nominees for FFA Beau were elected Monday during a FFA meeting. A boy was elected from each class. Selected from the senior class is Donnie Gooch; junior class, Donnie Simpson; sophomore, Jackie Shoultz; freshman, Larry Callihan. The Beau will be revealed at the Beau Banquet Feb. 15.

The FFA members balloted on a voting delegate and a member to answer roll call at the Area II meeting. Paula Gordon, president of Forsan chapter, will serve as the voting delegate; Dena Parker, vice president, will answer roll call.

The Forsan basketball teams went to Robert Lee Jan. 31 to play their fifth district game. The girls came out victorious with a score of 54-44. The Forsan boys were defeated in the last minutes of play by a score of 53-51. Tuesday Forsan played

Water Valley Tuesday. An assembly program was presented by the third grade under the direction of Mrs. Helen Danford Wednesday morning. The program, "This is America," depicted the historical development of the United States from its discovery to the present day. Each stage of development was given by groups in colorful costumes. Narrators were Turla Coffman and Gayla Moore. Background music was played by Mrs. Thomas Spell.

## Future Homemakers Give Money To Council

By SHARON SMITH

The BSHS Future Homemakers of America gave the Student Council its first one hundred dollars for an exchange student. Sue Buras, Mary Thornton and Peggy Spier presented the gift to Baxter Moore, president of the Student Council.

The students of Big Spring High School paid tribute Wednesday morning to Ronnie Pierce, student who died this week. The band members attended his funeral in a group. Seniors who have not signed the diploma list should do so by Monday at the latest.

Mr. Mel Ivey, BSHS choir director, accompanied Dick Sweden to Houston Wednesday. Dick will participate in the All State Choir.

Coach Herman Smith gave the pep talk Friday about school conduct.

Douglas Brandon, a senior

## BSHS SOPH WINS RECORD

Susan Baker, a Big Spring High School sophomore, is winner of the free record this week. Susan lives on Route 1, Big Spring.

Each week a student from one of the schools whose column appears in the Megaphone wins a 45 rpm record. Entry blanks are found in the school office.

Winners can get their certificates for the records at the Big Spring Herald Office. The records are given by the Record Shop, 211 Main, Big Spring.

## Seniors Work On Yearbook

By GLYNDA FLEMING

Sands seniors are working on the final section of the Mustang school yearbook. They have been promised spring delivery.

The Sands girls basketball team was in Abilene last week for the 13th annual Hardin-Simmons Girls basketball Tournament. Coach John Turn-

er and his team traveled to Abilene Thursday for their first game. Mrs. Turner and many other fans were also in Abilene for the game.

The boys and girls play their final basketball games Tuesday with the Klondike Cougars in the Klondike gym. The boys won last record now stands 3-1 in district play. The girls' record is 8-1.

"A" Quizzes were given last week and lunch bills were posted.

Students are looking forward to the joint FFA-FFA Banquet. It will be held in the Sands cafeteria. Mr. and Mrs. Keith Bray are the sponsors for this event. The banquet will not be a dance as published earlier.

Ronnie Hope, sophomore, and Billy Sanderson, freshman, are new students at Sands High this semester. FFA girls are selling a salad cookbook of favorite recipes of home economics teachers.

## Two Young Texans Named By Panel

Young Texans for the month of December and January are Jerry Thomas Akers and Johnny Walker. Jerry is president of the student body at John Tyler High School in Tyler, church worker and football letterman. Johnny is president of the Student Council at Lubbock High, Eagle Scout and an athlete.

They were chosen for the Troy V. Post Award of the Texas Optimist Clubs by a panel of prominent Texas citizens. They will compete with other winners for valuable scholarships.

Goliad Yell Leaders

These Goliad seventh graders led school spirit for seventh grade teams this year. They are Gayle Coleman, Brenda Henson, Greonne Reagan, and Elizabeth Moore.

## Goliad Coach Picks Girls Volleyball Teams

By DENISE HEAD

After many tryouts the three Goliad volleyball teams were selected. Ninth grade team members are Sherri Alexander, Donna Cobb, Susan Daniels, Betty Jo Hollis, Beverly Peters, LaDonna Stocks, Sonia Hudgins, Lucy Keene, Barbara Mesker, Elaine Miller and Sally Wade. Carol Morris and Kay Stitzer are managers. Eighth graders are Maria Benitez, Teresa Conner, Judy Fletcher, Beth Hayworth, Helen Heckler, Sandra Holeman, Sharon Houchin, Carolyn McChristian, Candy Marcum, Suzanne Milch, Robbie Smart, Brenda Smith, Karla Wadsworth and Sonia Whittington. Cheryl Colclazer and Nancy Mathis are managers. Seventh grade team members are Gwyn Bonner, Jan Cole, Reba Davis, Suzanne Fisher, Corky Grantham, Patricia Guynn, Pam Hayes, Liz Healy, Brenda Henson, Elizabeth Moore, Pam Merrell, Treonne Reagan, Curlee Rogers and Jane Thompson are managers. The ninth grade will play a game against Runnels Tuesday in the Goliad gym at 5:00 p.m. They play another game against them Thursday at Runnels.

The ninth grade art classes are now working in cardboard printing, large canvas stretching and the casting of clay figures. Eighth grades are painting still life, using values and intensities; the seventh grades are doing mood paintings. Still life paintings which they have done are now on display in the foyer.

Miss Agnes Currie, Mrs. Jebeeth Corvin and Mrs. Cornelia Gary attended an English workshop Saturday. The meeting was held in Lubbock and was sponsored by the West Texas School Study Council. Dr. Oscar Haugh from the University of Kansas was the main speaker. All Eng-

lish teachers met with Mrs. Norma Diedenharn at senior high Thursday afternoon. Mrs. Diedenharn, a consultant for Harper-Rose Company and a former English teacher, spoke on the problems of a fused language arts program.

Wednesday Don Morton, choir director, and R. E. McKiki, band director, left for a music

## FFA Prexy Visits FG

By BECKY HAGGARD

The Future Farmers of America state president visited Flower Grove Monday and spoke to the high school and eighth grade.

Tuesday night the basketball teams went to Gail to watch the Gail-Klondike game. Wednesday morning during activity period class meetings were held.

Flower Grove grade school basketball teams entered the Sands basketball tournament last weekend. Fran Creighton and Mike Waldrop won trophies. The teams are entered in the Courtney tournament. They played Klondike Thursday night.

The high school teams played Dawson Thursday. The last game of the season will be played Tuesday at Loop.

convention in Houston. They will return Sunday.

At a recent meeting the FFA girls elected Shirley Averette to register them in the Area II meeting to be held in Midland, March 21. Linda Pritchett is the voting delegate and Jo Frazier will answer the roll call. They had an interesting program given by different members of the Student Council on "How Our Student Council Operates."

The ninth grade class presented the book "Leaves of Gold," to the library in memory of Mr. D. L. Gilstrap. Mr. Gilstrap was the father of Gordon Gilstrap, a ninth grade student. The Student Council gives the library a book in memory of the deceased parent of any Goliad student.

## Cotham Is Second In Tournament

Perry Cotham Jr., son of Mr. and Mrs. Perry B. Cotham, 1209 E. 17th, Big Spring, has won second place in the After-Speaking divisions of the 15th annual Intramural Forensic Tournament at David Lipscomb College, Nashville, Tenn.

Cotham is a graduate of Grand Prairie High School and is a 16th quarter student at Lipscomb majoring in Bible. He is a member of Pi Kappa Delta, Mission Emphasis, and Debate Squad, and holds the office of president of the Campus West-erners. Lipscomb is operated, staffed, and supported by members of the Church of Christ.

## Julia Vaughn Is Chosen Runnels Basketball Queen

By JAN CAMPBELL

Julia Vaughn was crowned Basketball Queen during halftime of the ninth grade game with Goliad Monday night. She was escorted by Jimmy Carver. The two runners-up were Jenny Bean, escorted by Gary Rogers, and Sherry Hampton, escorted by Ronnie Anderson. Julia was presented a bouquet of red roses and the two runners-up received red and white corsages.

The ninth grade basketball team played the faculty Wednesday afternoon in an exciting game. The faculty won by a mere two points in the last few seconds of play.

Several teachers from Runnels journeyed to Midland Saturday to attend the workshops there. Teachers who made this trip were Mr. Doyle Sparks, Mrs. Letha Green, Mrs. Carole Summers, Mr. Frank Medley, Mr. David Smith, Mr. Hollis Lloyd and Mr. R. T. Newell, principal. These teachers attended workshops on biology, foreign languages, algebra and math. There will be six of these workshop days, each on a Saturday.

Miss Velma Biagrove and Mrs. Opal Tanner, ninth grade language arts teachers, traveled to Lubbock Saturday to attend the language arts workshop. Mrs. Gary Sims' eighth grade science classes toured the Corden refinery this week. They have also been working on their science projects.

The Runnels eighth grade basketball team won the first place trophy in the basketball tournament held here last week. This trophy has been placed in the trophy case.

The fifth edition of the Round-

Up went on sale Friday morning.

The Runnels FFA Executive Council met Monday. Plans are being made for the Executive Council to go to the Crippled Children's Center for a Valentine party.

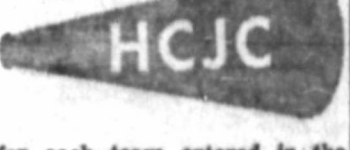

The Runnels band will participate in the annual band concert Feb. 25. The band will travel to Andrews Feb. 29 to compete in the Andrews Music Festival. Mr. Joe Burchfiel, band director, went to Houston this week to attend the Music Convention. Hollis Webb from high school directed the advanced band during Mr. Burchfiel's absence.

The Student Council met Tuesday morning and decided to have a Masquerade Ball in May in place of a spring formal. This event will be held May 8. Petitions for next year's Student Council president, vice president, secretary and treasurer will begin circulating Monday. Only students who will be ninth graders next year may run for president. The other three offices may be filled by students who will be eighth or ninth graders. These petitions will close Friday and the election will be held the following week.

Mrs. Doris Gambill, choir teacher, attended the music convention in Houston this week. Students in the seventh and eighth grades have been busy working on learning how to spell each word in the spelling manual for the Howard County Spelling Bee.

The seventh, eighth and ninth grade volleyball pictures were made Tuesday afternoon. The volleyball teams have been practicing all week after school.

The Parent-Teacher Association met Tuesday afternoon. The ninth grade Spanish Club will meet Thursday night. For the time being, plans for the trip to Mexico have been cancelled.

for each team entered in the Regional B Basketball Tournament Feb. 28-29. WRA is sponsoring the First Annual Howard County Cap Rock Volleyball Tournament March 12-14. The girls will make a trip this spring probably to Balmorea or Artesia, New Mexico. The group also plans a dance after the Clarendon game Feb. 24. Basketball Queen will be presented at this game.

Phi Theta Kappa meets Wednesday in the SUB parlor. All members should attend. Plans will be made for the initiation of new members.

The annual Valentine Dance sponsored by the Lass-O Club is scheduled Friday in the SUB. The Continentals will provide the music. Lass-O Beau will be revealed.

Mr. Jack Hendrix, chairman of the music department, attended the annual meeting of the Texas Music Educators Association in Houston. The geology club, Rocca Rocca Hanna is planning a trip to Colorado, the Guadalupe Mountains, or Carlsbad Caverns later this spring.

## New Pay Day

Effective in April, Webb Air Force Base civilians will be paid from Sheppard AFB, under a new program. All employees will be paid the same day every two weeks rather than the present system of half the employees being paid each week.

## Y Clubs In Drive

By NANCY HEDLESTON

The big news around the YMCA this week is the membership drive. Everyone is working diligently to make the drive a success. Members of the Hi-Y and Tri-Hi-Y are working to promote the drive. If there is any teen-ager or family who is interested in becoming a member of the YMCA, call the YMCA or get in touch with a member of the Y.

The YMCA has many fine opportunities to offer the teen-ager as well as the entire family. Those associated with the Y predict that this will be the biggest year yet.

The Hi-Y Council is sponsoring a dance Feb. 29. The Chevies will play. This group has received several write-ups in various papers. They should offer fine entertainment.

All Staters

Pictured above are the All State Band and Orchestra members from BSHS. They are, left to right: Arlon Hughey, 1st chair alto clarinet, concert band; Tommy Bacus, 4th chair cornet, concert band; Bill Davis, 6th chair trombone, orchestra; Kathy Seddon, 4th chair flute, orchestra; Susan

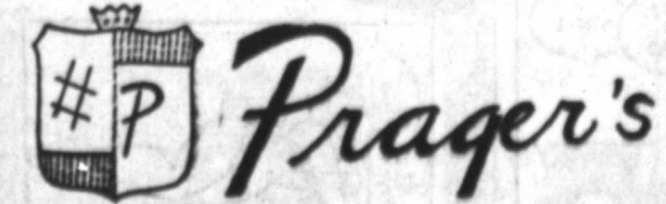

Ivie, 1st chair utility drums, reading band; Jimmy Burleson, 4th chair oboe, orchestra; Waineta Palmer, 1st chair French horn, youth orchestra; and John Lawson, 4th chair trombone, concert band.

First Prize Winners

Winners have been declared in the poster contest sponsored by the Big Spring Little Theatre to advertise "The Emperor's New Clothes," coming performance slated for Feb. 14-15 at the Municipal Auditorium. Showa are first place winners, and, at left, the Grand Prize winner, Linda Kay Thompson, daughter of Mr. and Mrs. Kenneth Thompson, Silver Heels Addition. Linda's brother, Clay, also took a second place prize. Others are, left to right, lower row, Kenny Grisham,

son of Mr. and Mrs. Kenneth Grisham, 2400 Merrily; Dixie Harrison, daughter of Mr. and Mrs. Billy E. Harrison, 802 E. 14th; Vance Blackwell, son of Mrs. Mona Blackwell, 710 Lorilla, and, back row, Steve Burnett, son of Dr. and Mrs. Jack H. Burnett, 2500 Morrison; George Coker, son of Mr. and Mrs. J. C. Coker, 3232 Cornell, and Richard Martinez, son of Mr. and Mrs. Frank J. Martinez, 1603 Bluebird.

# Linda Thompson Wins First Place In Poster Contest

The youngsters got a chance to participate in making "The Emperor's New Clothes," next performance of the Big Spring Little Theatre, a success and to walk away with prizes while they were at it.

Winners of a poster contest open to all elementary grade children were announced Friday. In all, more than 100 entries made it to the judges table from 13 local elementary schools. Mrs. Ronald H. Carr, chairman of the poster committee, said,

# Comedy, Suspense Highlight Charade

"Charade," a Technicolor blending of romance, comedy and suspense starring Cary Grant and Audrey Hepburn, opens today at the Ritz Theatre in Big Spring.

From its opening shots at the smart ski resort at Megeve in the Swiss Alps to its sophisticated amour in Paris, "Charade" is a cinematic charmer, a suave suspense yarn that fizzles with witty dialogue and blase love-making.

In Paris in the spring a sinister mystery begins its trail across the city. Audrey Hepburn is threatened by three American hoods who believe she knows the whereabouts of a gold hoard stolen by her late husband. Summoned to the American Central Intelligence Agency, she is informed that four former GI's, including her husband, buried a fortune in Army funds somewhere in Germany with an agreement to share it after the war.

The gold has been dug up, her husband slain and, believing that only she knows where the money is, the thugs mark her for murder.

Cary Grant is the smoothie who offers his help to a lady in distress. The suggestion of a quarter million cash in the offing appeals to his protective instincts. Neither Miss Hepburn nor the audience are sure of his intentions. They may not be honorable but they are assuredly attractive. Grant is the charade, the smoothest, best dressed riddle an anxious widow could trust with her life, her love and maybe her cash.

Walter Matthau as a CIA man and James Coburn, George Kennedy and Ned Glass as a homicidal threesome rate high in cast credits.

## WEEK'S PLAYBILL

### RITZ

Sunday through Thursday

## Full Cast Arranged For 'Emperor's New Clothes'

Rehearsals are currently under way for "The Emperor's New Clothes," a children's comedy which will be staged Feb. 14-15 at the Municipal Auditorium.

Curtain will go up at 8 p.m. each of the two evenings. A 2 p.m. matinee is also scheduled on the 15th. Children are being offered a special admission price of 25 cents.

Heading the cast are Ernie Lee as Zar, Pat Hamilton as Zan, Bill Anderson as the rogue Han, and Mr. and Mrs. Jerry Kasher as the Emperor and Empress.

Others are Sue Burnett, Taine; Sharon Tally, Ling; Mrs. Ronald H. Carr, Mong; Marshall Cockrell, Fah; Donald Davis, the gong boy; Dan Kester, the general; Norma Wade as an old woman; Lisa Burnett as a child; Rita Simonton and Jackie Wilson as dancers; and Clark Fraser, Joe Ellen Fivesh, Marilyn Wade and Anne Talbot as weavers.

Mrs. Charles Carothers is directing, assisted by Joanna Paterson. Charles Carothers is the producer.

### Show Off For Director

Some of the local talent which will be featured in "Red Stocking Revue" here Feb. 21-22 took the opportunity Tuesday to show Joe Landis, producer, the talent he will have to work with in the show. Left to right are Prissy Hancock, Sue Nelson, Libby Loeffler, Bev Murphy, June Bunn and Joan Durant.

Enjoy your coffee break here. Hot, delicious, fresh coffee and homemade cinnamon rolls will hit the spot morning or afternoon.

## New Stamps Honor Four Indian Heroes

Four new stamps honoring famous national heroes have been issued by India, reports the World-Wide Philatelic Agency.

One stamp honors Metaji Subhas Chandra Bose who is noted chiefly for organizing the Indian National Army during World War II. This stamp features a bust of Bose.

Another stamp pays tribute to the well-known Indian poet, Purandaradasa, who lived during the 15th and 16th centuries. The poet is depicted standing in front of a temple.

A third issue honors the 26th meeting of the International Congress of Orientalists in New Delhi and features a view of the statue of Diplaxmi. The fourth stamp is for Utkalmani Pandit Gopabandhu Das.

"WILDERNESS"

The U. S. Post Office Department has announced that the winner of its art competition for the design of a "Battle of the Wilderness" commemorative postage stamp is Bernard Harold Christenson of Brielle, N.J. The new stamp will be the fourth in the series marking the Civil War centennial. Christenson's depiction of the Virginia battle was judged best of 34 designs submitted by nine invited artists.

The five-cent multicolored stamp will be first issued on May 5 with ceremonies at Fredericksburg, Va. Although no illustration has been received, the design will feature three cannoneers silhouetted against a bleak sky. It is interesting to note that the winning artist is himself a stamp collector and always wanted to design a new stamp. Now his wishes have come true.

HONORS JFK

Columbia is the first foreign nation to announce a commemorative stamp honoring the late President John F. Kennedy. As remarked in this column earlier, there will no doubt be scores of nations throughout the world which will be issuing similar type postal issues. The Columbia stamp will be a 10-cent airmail and will simultaneously honor President Kennedy and the Alliance for Progress which was inaugurated by the late President.

The design will feature Mr. Kennedy's portrait and the Alliance for Progress emblem in its natural colors.

## Six Flags To Open In April

Six Flags Over Texas will commence its 1964 operating season April 18, according to an announcement by Angus G. Wynne Jr., president.

After the opening weekend, for the first time in the park's history, Six Flags will be open every Friday evening in addition to the regular Saturday and Sunday spring schedule. Operating hours have been set for 5-11 p.m. on Fridays and 9 a.m. to 10 p.m. on Saturday and Sunday.

Six Flags experienced its third straight record breaking year in 1963 as over 1,400,000 visitors from all 50 states visited the park. Attendance forecasts for the 1964 season are that the park will draw an estimated 1,500,000 visitors.

**Airman Wins**

Airman S. C. Robert A. Clewell has been awarded first prize in the Webb Air Force Base cost reduction symbol contest. In addition to a congratulatory letter from Col. Rex D. Fryer, (left), Wing Commander. He received a \$25 Savings Bond. The winning symbol of Airman Clewell has been submitted to Headquarters, Air Training Command, where it will be judged against all other entries in the command competition. The ATC winner will receive \$100, and be eligible for the grand prize of \$500, which is given by Headquarters USAF.

**Spellers Getting Ready For Contest**

Boys and girls in the schools of the county are getting ready for the classroom and school elimination Spelling Bees in connection with the Second Annual Howard County Spelling Bee set March 21. There has been a brisk demand for the practice spelling books used in the contests. The books are available at the Herald office at 15 cents a copy. The books, titled "Words of Champions," contain the official lists to be used in the Spelling Bees at all levels. Here in Big Spring the elementary schools and the two junior high schools have already acquired copies of the practice book and are well along with plans for classroom eliminations. Elbow (Forsan Junior High School) was the first school in the county to get in action. It will probably soon hold its classroom eliminations. Coahoma schools are getting into action, according to school officials. Parish school of the Immaculate Heart of Mary Catholic Church is reported to be grooming spellers to represent it in the county matches. The County Spelling Bee, at which the county champion will be determined, will be in the Howard County Junior College Auditorium March 21. School champions from each school in the county will compete. The winner will be sent to Lubbock to the Regional Spelling Bee against the champions of 22 West Texas counties. Winner at Lubbock goes to Washington in June to compete for the national title.

**Gets Assignment**

Dr. W. A. Hunt, president of Howard County Junior College and recently named to the Commission on Colleges for the Southern Association of Colleges and Schools, has been given a specific assignment. Gordon Sweet, executive secretary of the Southern Association, notified him that he had been selected to serve on the commission's committee on standards and reports. The commission screens applications by colleges for admission and helps develop programs for higher education.
