CREEK BED YIELDS CROP OF CASH Deputy Sonny Buzby and \$654 in currency

Boys Find Cash Bundle

By SAM BLACKBURN If someone doesn't do a convincing job of proving ownership and can explain just how things got the way they are, Larry Callihan, 14, and his brother, Alton, 12, will be \$654 richer.

King's Funeral Delegation Set

WASHINGTON (AP) — President Johnson announced Saturday his wife, Lady Bird Johnson, and former President Harry S. Truman will head a U. S. delegation to the funeral of King Paul I of Greece.

Reviewing The Big Spring Week

With Joe Pickle Saturday's announcement by Texas Electric Service Company that a \$30,000,000 addition would be made to the generating facilities near Colorado City is important news.

Two Dallas Jailbreakers Still At Large Saturday

DALLAS (AP) — "You can't win them all," Mayor Erik Jenson said Saturday as he reflected on the bizarre escape Friday of seven prisoners from the county jail building where Jack Ruby is on trial for his life.

Tahoka Man Dies, Two Hurt In Crash

David Ortega, 19, Tahoka, died about 5:45 p.m. Saturday and his brother and another man were seriously injured when their car left FM 1584 about three-fourths of a mile south of Vealmoor and crashed through a fence and utility pole west of the road.

U.S. Aid Pledged

SAIGON, Viet Nam (AP) — Secretary of Defense Robert S. McNamara pledged Sunday the United States will stay in Viet Nam as long as necessary and provide whatever aid is needed to beat the Communist guerrillas.

Most Of State Damp, Muggy

By The Associated Press A damp, muggy weekend started over most of Texas Saturday and little change was in store for Sunday.

NO LOSS REPORTED

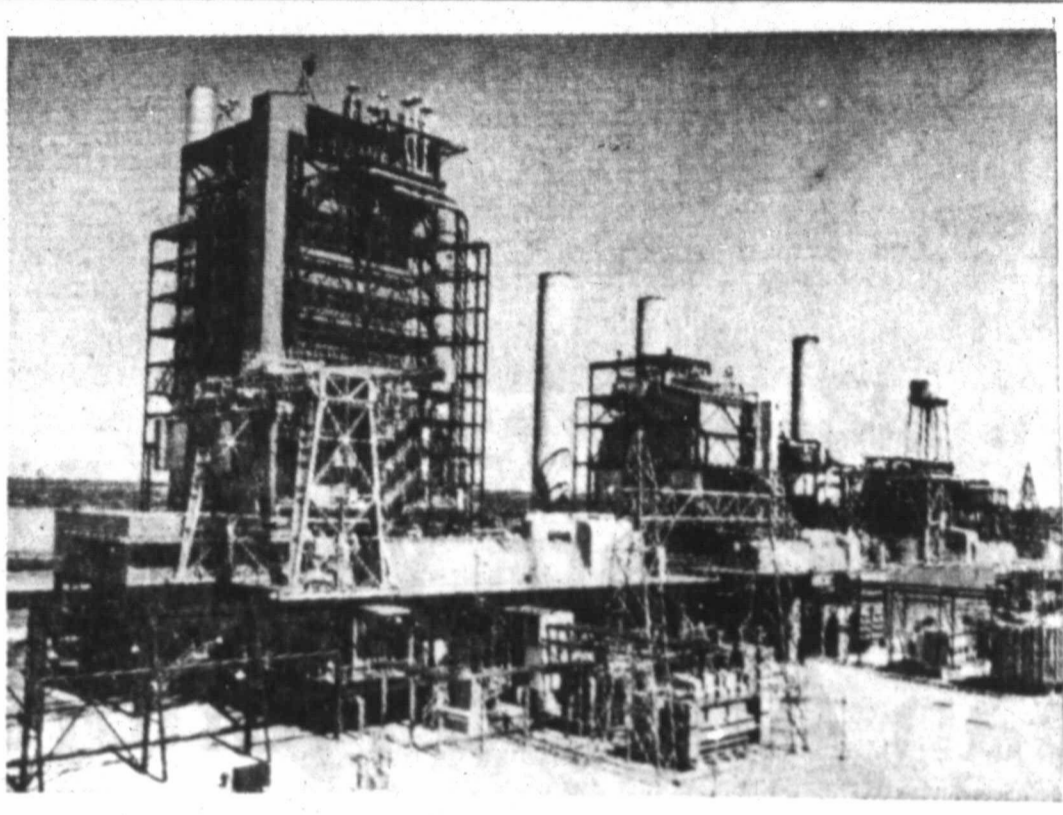

Officers have no reports of any missing money to fit the description of the loot found by Larry and Alton.

MOVIE SETS

Sidewalks outside the court building resembled movie sets as deputies gingerly trailed an escapee trying to gain freedom by walking a woman hostage down the sidewalk.

President Reports A Rising Optimism

Planning New Budget Cuts

MORGAN CREEK POWER PLANT NOW Will be expanded by \$30,000,000 addition

TESCO Plans Huge C-City Addition

COLORADO CITY — Texas Electric Service Company will build a half-million kilowatt electric generating unit as an addition to its Morgan Creek Power Plant near here, Beeman Fisher, president of the company, announced Saturday.

ON CYPRUS

Greeks Release Turk Hostages

NICOSIA, Cyprus (AP)—Joy, despair and anger mingled among Turkish Cypriots as they welcomed back 49 hostages freed Saturday by the Greek Cypriots of President Makarios.

KILLED

Afraid, violence persisted. Dispatches told of shooting in the port of Pafos, 60 miles southwest of Nicosia, and at Trikomo, 30 miles east of this city.

NATURAL GAS

Natural gas to fire the big boiler of the new power generating unit, as well as the boilers of the five existing units, will be supplied by a pipeline being completed by the Odessa Natural Gasoline Company from near Crane to the Morgan Creek Plant and by the Lone Star Gas Company system.

FOUR RECAPTURED

Four of the fugitives were recaptured shortly after the break. A fifth was apprehended Saturday. Two were at large.

BACKBONE LINE

This "backbone" line, now operating at 138,000 volts; is capable of transmitting large blocks of power. A double conductor or "bundled" second circuit is now being added to this line between the Morgan Creek Plant and Odessa.

WASHINGTON (AP) — President Johnson argued Saturday that "the buoyancy of the tax cut" already is boosting employment. And he announced new steps to trim his already reduced budget.

Johnston began his seventh news conference—broadcast live by television and radio networks from the historic East Room of the White House—by stating that greater-than-normal February increases in employment reflected the expectation of the \$11.5-billion tax cut.

NEW FIGURES He reported also that new figures on businessmen's plans to expand their investment in modern plants and equipment will be released Tuesday and "will confirm rising business optimism."

Politics figured in the 30-minute session, too, with a series of questions dealing with a campaign to solicit write-in support in Tuesday's New Hampshire primary for Atty. Gen. Robert F. Kennedy as a potential Democratic vice presidential nominee.

Johnston said one reason for primaries is to "ascertain the sentiment of the public." And he said the New Hampshire results will be "very interesting."

But Johnston emphasized that the No. 2 man on the Democratic ticket "will be selected after the president has been nominated, and after his suggestions and recommendations have been sought."

DE GAULLE In the foreign field, Johnson declared he would be very happy to meet with French President Charles de Gaulle and he sees "no irreconcilable differences" between the United States and France. He predicted the two countries would be together "when the chips are down."

Johnson mentioned no date for seeing the French chief, however. Aides indicated Johnson was making a friendly gesture in the direction of Paris—with whom Washington has been at odds—rather than lining up a specific meeting at this point.

As for Soviet Premier Khrushchev, Johnson said he sees no reason for a personal meeting at this time.

He said he would welcome a meeting with Khrushchev if there were matters which could be best handled in that way, but he regards communications between himself and the Soviet chief as adequate at this time.

In response to a specific question whether he is planning any

trips overseas before the election, Johnson said he was not. The President, who sent Congress in January a \$97.9-billion budget for the new fiscal year that begins July 1, said that total will be trimmed further by additional cuts in the federal payroll.

PAYROLL CUTS Johnson said payroll estimates included in the budget will be reduced by some 7,000, to produce an estimated annual saving of \$42 million.

While the amount involved is small in relation to the total budget. It was evident Johnson was delighted with the results of efforts to curtail federal spending.

Speaking rapidly, in contrast with his usual slow pace of talking, Johnson opened his news conference with a series of announcements lasting for 10 minutes.

The President said he was reappointing Walter Tobiner as a commissioner of the District of Columbia.

Johnson said he is also reappointing Lawrence K. Walrath as a member of the Interstate Commerce Commission for a seven-year term. He will serve as chairman.

He also announced appointment of James Robertson to the Federal Reserve Board.

ON TV Johnson said he would accept an invitation to appear on television next Sunday, on a show to be taped next Saturday. The ground rules will be the same as for a similar program of conversation with TV reporters conducted by the late President John F. Kennedy.

White House mail has been running 10 to 1 in favor of the tax reduction, Johnson said, and the stock market has reflected the upswing of business optimism. The Dow-Jones index of industrial shares, he noted, has moved from 711 on Nov. 22—the day he took office—to a record 806 Friday.

JACKIE Johnson announced he signed an executive order Saturday creating a committee for the preservation of the White House. He said Mrs. John F. Kennedy was the principal moving force in this matter for the past several years, and she would serve on the seven-member committee.

Johnson said he would be glad to explore the possibility of further wheat sales or a long-term trade agreement with the Soviet Union. He said he knows of few things the Soviet Union has that this country needs, "but it is a subject we would be willing to pursue."

Jury Convicts 3 Sinatra Kidnapers

LOS ANGELES (AP)—Two of the defendants in the Frank Sinatra Jr. kidnaping case drew life terms, plus 75 years, Saturday after all three were convicted by a federal court jury. Sentencing of the third man was delayed indefinitely.

SIX COUNTS Barry Keenan and Joseph Amsler, both 23, were convicted on all six counts. John Irwin, 42, was acquitted of aiding and abetting the other two in taking the victim across the Nevada-California line at gunpoint.

Before the judge passed sentence, the defense attorneys conferred for about 10 minutes in the courtroom.

Attorney Morris Lavine, speaking for his client, Amsler, said he would present grounds for a new trial after Amsler was sentenced to life, plus 75 years, on all six counts.

Amsler got five years on count one—conspiracy to kidnap the victim across the California-Nevada line, imprisonment for his natural life on count two—the actual physical abduction of the victim—and 20 years each on counts three, four and five—aiding and abetting Irwin in making three ransom demands by telephone to the elder Sinatra.

After the polling of the jury, Judge William G. East of Portland, Ore., congratulated the jurors thusly: "Having heard your verdicts and having heard the same evidence that you did, I see that you have reached the same verdict that I did."

The verdicts ruled out the defense contention that the kidnaping was staged for publicity.

Party Leaders Meet Monday

By GARTH JONES
Associated Press Writer

Texas political party leaders headed for Austin Sunday for sessions Monday that may change the looks of the May 2 primary ballots.

Statewide candidates scattered in campaign tours that picked up speed daily. Several aspirants plan to be in Austin for talks to the state Democratic and Republican executive committees.

In addition to certifying statewide candidates for the respective primary ballots, the party leaders will decide whether to include a number of suggested public opinion polls or referendum.

The most likely ballot survey which would not be binding on anyone, apparently is a proposal that would let those voting in the Republican primary express their views on GOP presidential prospects.

Another proposal, to be made

to both parties, wants Texas voters' opinions of the sale of liquor by the drink.

Gov. John Connally, seeking re-election, is the main speaker at the state Democratic committee's luncheon Monday. Jack Crichton, sole Republican candidate for governor, will speak at the Republican state committee's luncheon, along with several other statewide candidates.

During the past week activity picked up in all races, particularly the Senate and the congressman-at-large campaigns.

Brief high spots:

Senate: Jack Cox, Republican, idled for more than two weeks with a kidney ailment, resumed his campaign Friday with two Houston speeches. Gordon McLendon, Democrat, returned to the campaign trail from a Houston hospital after treatment for burns to his eyes received while making political television films.

Sen. Ralph Yarborough, the incumbent, sent word that his planned weekend campaign trip to Texas would be shortened by Senate deliberations on the farm bill. George Bush, Republican, made a Dallas-Austin-Houston swing and criticized plans for a new federal agency to handle the drive against poverty.

"We're up to our armpits in bureaus right now," Robert Morris, Republican, cancelled North and West Texas speaking engagements after his mother died.

Congressman-at-large: Bill Hayes, only Republican candidate, said Texas' congressional districts will be reshuffled the way President Johnson wants them. "Absurd and ridiculous," said Robert Baker of Houston, Democratic candidate, who said he is getting support from many members of the Political Association for Spanish-Speaking Organizations (PASO). "Foul attack," said Dan Sullivan, Andrews Democrat, who says he has PASO's endorsement "on the Texas team with President Johnson."

School Year Dates Fixed

The first day of classes in Big Spring public schools will be on Aug. 31 when the 1964-65 school term opens. The official calendar was adopted by the board of trustees at the February meeting.

In-service teacher training will be held Aug. 25-28. The total pupil days in school will run to 178 while teachers will spend 186 days in teaching, reporting, and in-service training.

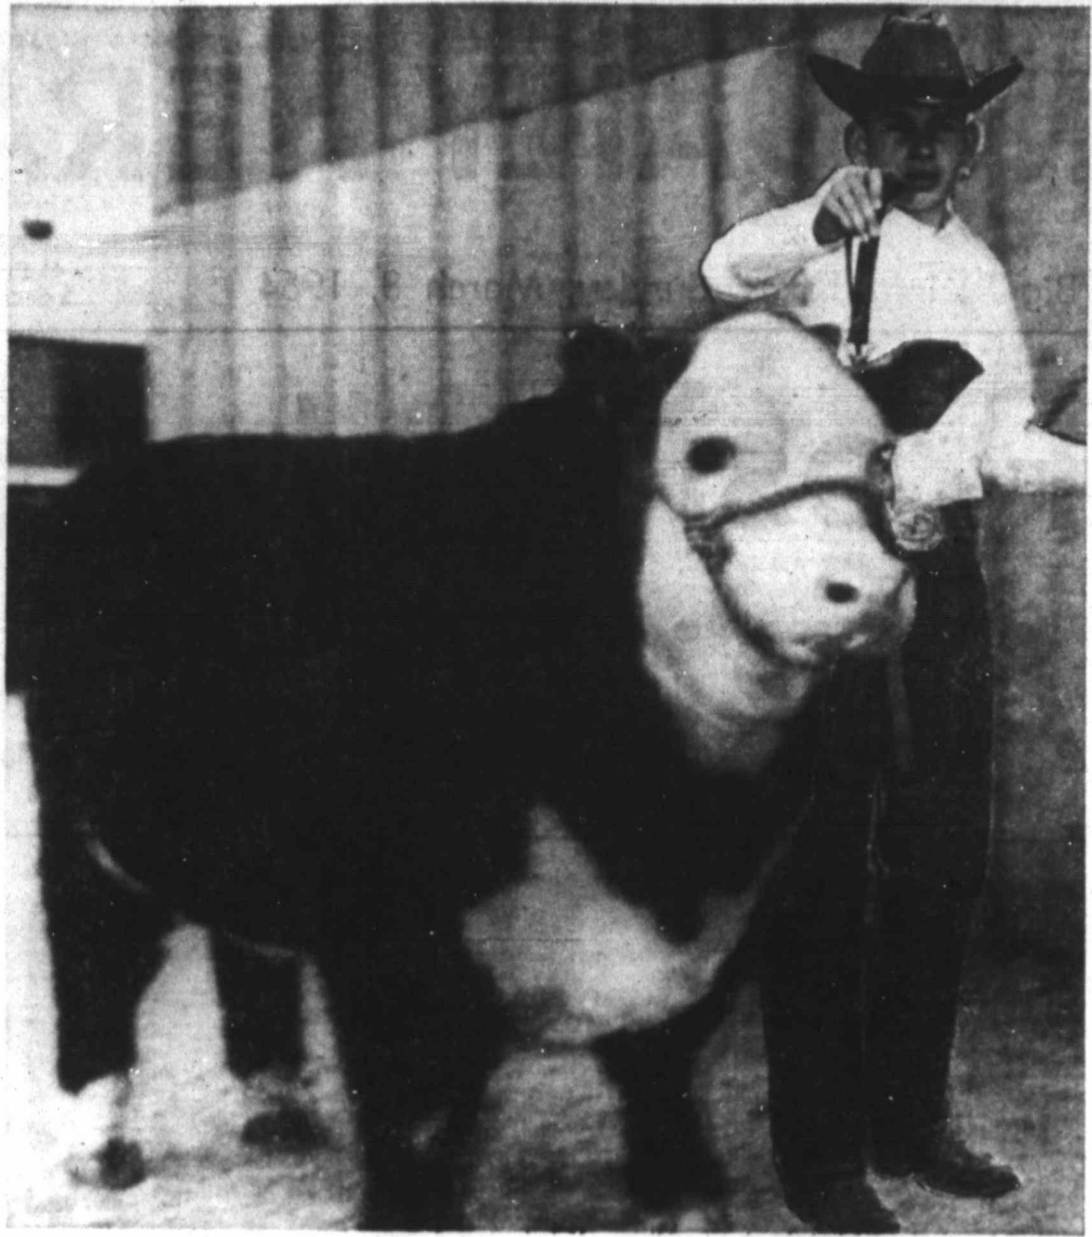

The first semester will end on Jan. 14. Teachers will complete grade records on Jan. 15 while pupils have a holiday. The last day of classes will be on May 26. Teachers will prepare reports May 27, and students will get report cards May 28.

Holidays to be observed will be: Sept. 7, Labor Day; Nov. 26-27, Thanksgiving; Dec. 22, Christmas; New Year; and April 16-19, spring holidays. Pupils will also be off March 5 while teachers attend the District IV TSTA convention.

The six-week reporting periods will be: Aug. 31-Oct. 9; Oct. 12-Nov. 20; Nov. 23-Jan. 14; Jan. 18-Feb. 26; March 1-April 9, and April 12-May 26.

Electrical Board To Meet Tuesday

The City Electrical Board will meet at 7 p.m. Tuesday in the inspection office at City Hall. Tests for Master Electrician or Journeyman will be given upon request, according to Homer Ward, city electrician.

MARK BARR SHOWS HIS GRAND CHAMPION STEER
Tops San Angelo event and wins showmanship award

Mark Barr Wins San Angelo Honors

Mark Barr, youthful Vincent 4-H Club cattle feeder, grabbed the highly coveted grand championship of the San Angelo Fat Stock Show Friday.

His 930-pound Hereford was declared best of the show by Judge Frank Newsom, Alpine. The victory was over 135 selected Herefords in the three weight divisions.

Mark also won the beef cattle showmanship award and received a spur clip as a token of this honor.

It was nothing new for young Barr to win the purple in a stock show. Two years ago, he showed the county champion in the Howard County show. Last year, he and his younger brother, Maxwell, jointly owned the steer which won the grand championship.

However, his victory in the Tom Green County show was

something a little out of the ordinary.

NINE PLACE
The Howard County 4-H Club group took 10 steers to the San Angelo exposition. Nine placed in the competition — lowest placing of the lot was a 10th place in the medium weight division.

Young Barr's steer won top place in the heavy weight division as a first victory. Maxwell Barr's steer placed 5th in that weight class. Sixth and seventh places, respectively, were to two other Howard County 4-H clubbers—Dolores Lankford, fifth; and Sharon Harrison, sixth.

Robert Haney placed fourth

in the medium weight, Terry Soechting, fifth, and Mary Thornton, sixth. John Middleton was ninth and Regina Haney tenth.

HELBIG ELATED
Herb Helbig, county farm agent, was elated.

"It was a remarkably fine accomplishment for our club boys and girls," he said. "The competition was keen and some very fine animals were shown. Mark's steer is an outstanding animal, and we had hoped it would do pretty good."

Mark Barr is the son of Mr. and Mrs. James Barr, Vincent. He is the grandson of Ed Carpenter, former county judge, and now state representative from this district. Mark is 14. His 4-H Club activity record began in 1960. That year he showed a fifth place steer at Texas State Fair in Dallas. In 1961, Mark showed a ninth place steer at Odessa and at Abilene. He showed a fourth place steer in El Paso that year and one of his lambs wound up third in the county show.

The following year, he showed a fourth place steer at Abilene, took third place at Odessa and came home to win the grand championship of the local show.

In 1963, he and his brother, Maxwell, shared ownership in the grand champion.

Mark has won several achievement awards in other fields as a club worker.

Water District Has Gains

Water deliveries during February reflected continued gains for the Colorado River Municipal Water District. The 676,353,016 gallons metered to member cities and other customers represented at 18.62 per cent gain over February a year ago.

A large part of this gain, however, was represented in a new contract to furnish Sun Oil Company. The 64,633,000 gallons delivered to this customer was a large part of the 78,750,068 gallon increase to oil field repressuring projects.

The member cities took 413,688,000 gallons, a gain of 6.29 per cent over February of 1963. Odessa drew 224,160,000, up 11.11 per cent; Big Spring 150,909,000, down 1.89 per cent; Snyder 38,619,000, up 15.07 per cent. The oil companies together took 262,665,016 gallons of water in February.

Deliveries for the first two months of the year amounted to 1,411,162,034 gallons, an increase of 20.17 per cent over the comparable period a year ago.

Fall Results In Damage Suit

A damage suit against the American Bus Lines has been filed in 118th District Court by a Lubbock couple.

The plaintiffs are Mr. and Mrs. Albert Fore. Their petition alleges that Mrs. Fore slipped and fell in the bus station here on Feb. 3, 1963. She claims she was injured and asks \$30,000 damages.

Demos Planning Political Rally

Howard County Democratic Club will plan a mammoth political rally at its meeting Monday night in the Howard County courtroom. The rally, according to Frank Sabato, president, will be in April and plans now are to hold it at the Howard County Junior College Student Union building. All candidates will be invited and a number of state office candidates are also to be asked to attend. Details will be worked out at the 8 p.m. Monday meeting.

Speaker Monday night will be Dan Sullivan, colorful former district attorney of Andrews, who is a candidate for congressman-at-large.

According to Frank Hardesty, county Democratic committee chairman, Andrews is regarded as one of the most effective political speakers in the current campaign.

All members of the club and all Democrats are invited to be present Monday.

SUCCESS

"For if after they have escaped the pollutions of the world through the knowledge of the Lord and Saviour Jesus Christ, they are again entangled therein, and overcome, the later end is worse than the beginning. For it had been better for them not to have known the way of righteousness, than, after they have known it, to turn from the holy commandment delivered unto them. But it is happened unto them according to the true proverb, The dog is turned to his own vomit again; and the sow that was washed to her wallowing in the mire" (II Pet. 2:20-22).

So, after escaping sin, one

Redistricting Committee Plans Public Hearings

AUSTIN (AP)— Sen. George Moffett of Chillicothe, chairman of a group of legislators studying congressional redistricting, said Saturday the committee plans public hearings.

Moffett is chairman of a committee of the Legislative Council, a research staff guided by 15 lawmakers appointed by presiding officers of each house.

The committee solicited suggestions from the chairmen of both parties and county chairmen of both parties in San Antonio, Dallas, Houston and Fort Worth.

Gov. John Connally requested the study several days after the Supreme Court issued its ruling Feb. 17 in the Georgia redistricting case. The court ruled that all districts must be as nearly equal in population as possible.

The Supreme Court, affirmed on March 2 a Houston court ruling that Texas must redistrict

to give city dwellers a bigger voice in Congress, but gave the state a chance to seek delay of redistricting until after 1964 elections. State officials must present their delay request by April 1 to the Houston court.

Moffett said maps of metropolitan areas are being prepared. They show a breakdown of population by census tracts. The maps will be used to divide cities entitled to more than one congressman, a problem which Connally said is one of the controversies which could not be solved in a 30-day special legislative session.

Connally made the remark in

explaining why he feels redistricting can be accomplished only in a regular 140-day session.

Legislators, Connally said, would have to decide what part of a city should be separated from the largest part entitled to one congressman, and what adjoining counties to attach to the smaller part to in order to create a district with enough people to approach the average of about 416,000.

The city-dividing issue will affect San Antonio and Fort Worth, each entitled to more than one, but not two, congressmen; and Dallas, entitled to more than two, but not three, congressmen. Harris County probably will fill three districts.

Cap Rock Has Gain

Cap Rock Electric Cooperative has established a healthy lead in power service for the first two months of this year.

During February, Cap Rock metered 5,396,528 KWH to its members, well above the 4,351,333 for the same month last year. This brought to 10,250,976 the power sold for January and February, considerably ahead of the 7,640,811 for the first two months of 1963.

At the end of February the system had 2,425 miles of line energized, a gain of eight for the month and 54 for the year. There were 5,473 members connected as of Feb. 29, an increase of 23 for the month and 551 over last year.

Champ Repeats In Spelling

Patrick Rupel, 11, a sixth grader at the Immaculate Heart of Mary Parochial School and who won the school spelling championship in 1963, has repeated.

He won again Friday and will once more represent his school in the Howard County Second Annual Spelling Bee March 21.

The alternate for the school is Richard Scott Egan, Richard, 9, is a fourth grader with a knack for words. He gave Patrick a tough battle for the title Friday, but lost out in the fading moments.

Patrick is the son of Mr. and Mrs. Maurice Rupel, 2611 Carol. Richard is the son of Richard Scott Egan, 2710 Rebecca.

Both Patrick and Richard plan to study the word list steadily from now until the County Bee.

Only Forsan Junior High School (Elbow) has yet to select its champion. This will be done this week, it was announced.

Red Aphrodite

Restoration worker N. Nemanova is at work removing the lime from an ancient Greek statue of Aphrodite found on Russian soil. Scientists are trying to figure out the time of the statue and, if possible, something about its history.

Charming Goddess Found By Russians

MOSCOW (AP)—A charming little statue of Aphrodite, goddess of love, death and war, has been found on the Black Sea coast near the town of Taman. The statue, about two feet high, is obviously of Greek origin and is highly prized by Soviet archaeologists. Little sculpture of such quality has been found in Russia although there were Greek colonies along the Black Sea for a thousand years before Christ. The little goddess is nude to the thighs and is as dainty as a flower. Soviet specialists are working the lime off the marble statue, accumulated during an estimated 2,000 or more years during which it may have been covered. It was found, lying face down, by an archaeological team working on an old city site just where the Sea of Azov pours into the Black Sea. The head and hands are missing but careful digging is going on in the hopes of finding them.

LETTERS TO THE EDITOR

Thinks Yarborough Will Have No Trouble Here

To the Editor:
I was, to some degree, shocked to see Dr. Floyd Mays' letter to the editor supporting Gordon McLendon for U. S. Senate. Dr. Mays and his wife have in recent years been active workers and office holders in the Republican party here in Howard County, and now he is interested in the Democratic primary.

After some checking though, I find no inconsistency in Dr. Mays' position in that Gordon McLendon actively supported the Republicans in 1952 and 1956, and makes a statement just this week in Dallas that he could be a Republican.

I am sure that the negative program of his opponent will not worry Ralph Yarborough, when the only charge they make against him is that he smiles. I am sure the voters of Howard County will continue to support Ralph Yarborough as they always have in the past. Even in 1952, when Senator Yarborough only carried four counties in the state against Alan Shivers, the voters in Howard County supported him.

Sincerely yours,
FLOYD E. YOUNG
Rt. 1, Box 166 A
Big Spring, Texas

To the Editor:
Letters written by Mr. Arnhardt and Mr. Blansitt regarding "Dr." Hargis and his "Christian Crusade" show they have no real understanding of

the issue stated by Mr. Brazel. How can anyone say "Dr." Hargis is a humanitarian and concerned about human rights is beyond me. "Dr." Hargis is an avowed and rabid segregationist and received much of his support from the John Birch Society. He, and they, belong to the ultra-right wing segment of our society which is just as much a threat to our society as the leftists, but even more so because they masquerade under the guise of "Americanism," "patriotism," and often "religious conscience." They play on and depend upon the prejudices, fears, weaknesses and ignorance of a good many people in this country. Just because a person attacks such groups doesn't make him a Communist. To think so shows a good deal of prejudice, ignorance and immaturity. I would suggest that people become more informed on groups that preach certain ideas regarding Americanism while at the same time they are putting out a vicious anti-Negro, anti-Jew, anti-Catholic philosophy. That isn't Americanism by any stretch of the imagination and "Dr." Hargis falls into that distorted group. Let's do some thinking and become informed before we support groups which are based on and owe their existence to lies, hate, fear and prejudice. Let's not become lambs being led to the slaughter.

Instructor Pilots Get Master Rating

All of the instructor pilots of Red Flight of the 3560th Pilot Training Squadron at Webb Air Force Base have earned master's degrees of instruction.

A master's degree of instruction is awarded only when an instructor pilot records at least 1,000 hours of total jet flying time, 800 of which must be recorded as instructor time. All time must be free of accidents attributable to pilot error. It takes approximately 24 months for an instructor to earn this coveted degree.

Red Flight instructor pilots have recorded more than 22,400 hours of military flying time, which is over a 2,000 hour average for each instructor. More than 15,400 hours have been

flowed as instructor pilots, all of which has been free of accidents attributable to pilot error. The 11 Red Flight instructors have a cumulative total of 440 months of instructor experience; 6,000 hours of it in the T-38 aircraft they are presently flying.

Instructors contributing to this record with their awards displayed behind them are: front row (left to right)—Lt. Chuck Porter, Lt. Buddy Blake, Capt. Sam Colquitt, flight commander, Capt. Burt Huffines, assistant flight commander, and Lt. Ross Pike; back row: Capt. Gene Westback, element leader; Capt. Roger Counts, Capt. John Stewart, Lt. Ron Brown, and Lt. Art Warren.

MASTER INSTRUCTOR PILOTS AVERAGE OVER 2,000 HOURS

SPRINKLING SYSTEM PIPE Recently Installed At City Golf Course

Four City Improvement Projects Are On Schedule

Work on four city projects costing about \$300,000 is progressing on schedule, said Ernest Lillard, director of public works.

The 15 - segment Phase IV paving project is the most expensive job now being done for the city. It has a total cost of \$187,309.36. The city's share is \$82,542.54, and the cost to property owners is \$104,766.82.

Included in this project are about 19,000 square yards of paving on Birdwell Lane and about 15,000 square yards of paving on Twenty - Fifth Street. Lillard estimated paving could begin March 20. The call is "in" on every street in the project, he said. The Hugh Daniels Construction Co. is contractor for the work.

Most of the exterior work on the two new fire stations is completed, and the contractor (J. W. Little Construction Co.) has begun work on the inside, Lillard said.

The cost of both stations is

about \$77,000. One of the structures is being erected near the Airport school and the other building is going up on the golf course near Wasson Road.

At the golf course, workmen have replaced 4-inch pipe on the front nine with 8-inch pipe, Lillard said. The 4-inch pipe was not large enough to provide a sufficient flow of water to the back nine, he explained.

A sprinkling system for the back nine of the golf course is the biggest item in several park department projects that will cost about \$75,000. The sprinkling system and repairs to a concrete storage tank in the main City Park will cost about \$23,000 of the total \$75,000.

Park employees also are installing a sprinkling system in Birdwell Park. Lillard estimated work there is more than 50 per cent complete. The ditches have been dug and the instal-

lation of 4-inch pipe already has begun, he said.

City crews began sealing the cracks on the 1,000,000 gallon capacity storage tank Wednesday. Previously, the tank had been cleaned.

Excavation work for the entrance road at Webb AFB is half completed, Lillard said. The city is building a one-way access road west of the entrance road for in-bound traffic. Another one-way road, east of the entrance road, will be used by out-bound traffic, and the main road between the two access roads will be for two-way traffic.

Cost of the base entrance project is about \$4,000. The city is doing most of the work, however a private firm will do the paving, Lillard said.

The \$150,000 Eleventh Place Extension project should get under way in about a week, Lillard said. W. D. Caldwell, contractor, is waiting for equipment before beginning work.

EXTERIOR COMPLETED At Airport Fire Station

Barry Figures He 'Has It Made'

CONCORD, N.H. (AP)—New Hampshire Republicans wrestle with a highly complex ballot in a presidential primary Tuesday which could produce some spectacular fireworks in this New England bellwether state.

New York Gov. Nelson A. Rockefeller is challenging Sen. Barry Goldwater, R-Ariz., for the lead in the GOP popularity balloting.

At stake in the voting are only 14 of the 655 delegate votes needed to win the Republican nomination in San Francisco next July. But involved is the

matter of the prestige that will accrue to the winner of the nation's first 1964 primary contest.

As the situation shapes up, Rockefeller could benefit by pulling close to Goldwater—or even topping him—in a battle where the Arizona senator reputedly had a 2-1 advantage when campaigning began in January.

For Goldwater, a share of the vote larger than that of any of the other five individuals who figure in it one way or another would demonstrate that a Western conservative Republican of

his stripe could command a solid core of party support in the Northeast.

Rockefeller makes no last-minute claims but Goldwater told a news conference confidently as he carried on his final day of campaigning "I have it made." Outwardly less certain of the result, Rockefeller scheduled campaign appearances in the state Sunday and Monday.

Texas Farmers Battle Elements

COLLEGE STATION (AP)—Texas farmers are fighting the elements. Boggy fields in some sections, dry ones in others and poor growing conditions in most of the state kept farm activity slow, John Hutchison, director of the Texas Agricultural Extension Service, said at midweek.

Cool weather hampered cotton, grain sorghum and corn planting in South Texas. Wet fields stopped farm work along much of the coast.

General rains are needed in the Panhandle, South Plains and Far West Texas, Hutchison said. Runoff to fill stock tanks is needed, especially in Northeast Texas.

Moisture ranges from short to adequate over the Panhandle. Wheat is improving slowly. Wheat pastures are still short but cattle have made a good comeback since the big snow.

The shortage of moisture is hurting dryland grains in most of the South Plains but warmer weather is helping growth where moisture is available. Preplant irrigation is in progress. Sugar beet planting will begin next week. Cattle were in fair to good condition as calving and feeding continue.

Moisture was adequate in most of the Rolling Plains (Vernon). Grains improved some, but slowly due to the cold. Grazing improved some, but slowly due to the cold. Grazing has increased. Livestock feeding still is necessary.

Moisture in North Central Texas varies from short to adequate. Grains are still in trouble with medium to heavy damage from mites. Little grazing

is available. Ranges were far below average. Feeding is still on and farmers are busy springing coastal Bermuda grass. Most land is in excellent condition for planting.

Recent scattered rains helped but cold weather held back clovers and grains in Northeast Texas. Rust and mites damaged many fields of oats. Cattle are weak, calves are smaller than average and some cattle losses are being reported because animals are too weak to get out of the mud around low stock tanks. Gophers have been doing heavy damage to pastures. Tomatoes are going into the cold frames. The need is for rain and warm weather.

High winds are taking all of the surface moisture and Far West Texas needs a good general rain. A pickup in irrigated grain growth came with warmer weather. Feeding, shearing, calving and lambing are continuing.

Showers of up to half an inch helped West Central Texas but grains are making slow growth due to the cold. Weeds and grass are providing some grazing for sheep and goats. Pastures are far below average. Livestock has taken considerable shrinkage but no unusual losses have been reported. Livestock feeding, plowing, goat shearing, lambing and calving are major chores.

Moisture is adequate in Central Texas but frosty mornings hamper grain growth. More grazing was available but warm weather was needed. Livestock were in fair condition, feeding continued. Goat shearing is under way.

Moisture was adequate but bad weather held up field work in East Texas. Livestock were in fair condition and being fed.

The outlook in South Central Texas brightened with the rains. Oat pastures, flax and ranges are much better. Cattle are beginning to improve. Planting conditions look favorable. Corn

and grain sorghum planting will begin in the south as soon as fields dry.

The upper Gulf Coast area was soaking wet. Pastures are green and oats are making good growth. Cattle are thin and feeding is continuing. Peaches, peaches and plums are blooming.

Moisture in the Coastal Bend and Valley is adequate, but

short in other far South Texas counties. Oats and flax are making good progress. Spinach, cauliflower, cabbage, turnips, carrots and green onions are being harvested in the Winter Garden and Valley. Citrus trees are blooming and making good growth. Ranges are below average, feeding continues but livestock are in fair to good condition.

January Business Rises To A Record High Mark

AUSTIN (AP)—Texas business rose in January to a record high, University of Texas researchers said Saturday.

A Bureau of Business Research statistician, Francis May, said January business burst upward from a six-month period of steady showings during the last half of 1963.

The January showing is 4 per cent above January, 1963 and 4 per cent above last December.

Among the 20 largest cities, Lubbock had the highest increase from December, 32 per cent.

San Angelo business increased 17 per cent, Wichita Falls 14, Texarkana 10 and Amarillo 9 per cent, all from December to January. Decreases were registered by Austin, 4 per cent, and Cor-

pus Christi, 1 per cent.

Second to Lubbock in listings of January business activity was Texarkana, followed by Austin, Amarillo, Houston and Dallas, all above the statewide average.

January business showed increases in retail sales, building permits issued, industrial production, nonagriculture employment and average weekly earnings in manufacturing. Retail sales increased 2 per cent from December to January, mostly from a 4 per cent increase in nondurable goods sales. Urban building permits increased 16 per cent from December to January, mostly from a 39 per cent increase in issuance of nonresidential building permits.

Industrial production increased 1 per cent from December to January, as did nonagriculture employment. During the same period, average weekly earnings in manufacturing rose 2 per cent.

No changes were reported in oil production, oil runs to stills electric power consumption or manufacturing employment.

Farm Bureau Has Conclave Here

Presidents and secretaries of Farm Bureaus in several counties of this area got a briefing on legislation and other farm matters here Thursday.

Meeting at the Farm Bureau offices, officials talked general farm problems with Claude Anderson, San Angelo, district director.

The group did vote to hold the bureau queen contest in Midland this year, probably in late August. Heretofore, the contest has been held at Howard County Junior College.

Among those sending officials were the chapters in Gaines, Dawson, Midland, Martin, Tom Green, Coke, Menard, Mitchell, Howard and Scurry counties.

ANYBODY NEED A GOOD, VENERABLE, SPARE BRIDGE?
 Contractors put Big Spring landmark up for sale

Want To Buy A Viaduct? Dependable One For Sale

By SAM BLACKBURN
 To paraphrase the famous "trademark" of the late Joe Penner, early day radio comic: "Anybody wanna viaduct?"

If so, there's a perfectly good one for sale. It is the familiar bridge over the Texas and Pacific Railway yards on South Gregg, which has faithfully served the residents of this community for 35 years.

Old Construction Co. and Glade Inc., contractors who are replacing the old crossing with a superduper modern passageway have placed advertisements offering the old bridge for sale.

If the structure could speak, it would probably ask: "So what else is new?" Being torn down and removed to a new location is old hat to this venerable mass of steel.

In this post is not known, but apparently an end to its usefulness at that site was at hand.

At any rate, the Texas and Pacific Railway agreed to bring this 250-foot span from Louisiana to Big Spring as a part of its share of the cost of a viaduct over its busy railway yards.

The crossing was becoming a major problem for oil-booming Big Spring. It was a bottleneck on State Highway 9. Traffic on the highway was teeming and so was rail traffic in the yards. The solution was to build a viaduct over the sprawling tracks.

THREE WAY DEAL
 Records show that the city, the railroad and the county agreed to build the crossing on Aug. 15, 1928. The agreement was signed by County Judge H. R. Debenport, City Mayor C. W. Cunningham and J. L. Lancaster, president of the Texas and Pacific. It was provided originally that the railroad would bear 70 per cent of the cost. On Feb. 25, 1930, when the contract was approved, the T&P share had been

reduced to 50 per cent.

It is possible that the railroad's agreement to provide the Atchafalaya bridge may have reduced its cash outlay. There are no specific references to the importation of the old bridge in the minutes of the county commissioners court, however.

Final cost, as shown in the contract approved in 1930, was \$144,000. Meantime, the State Highway Department had agreed to put up \$25,000. The railroad came through with \$70,000 (and the bridge). City of Big Spring kicked in \$21,000 and Howard County \$28,000. (The county's share ultimately became \$35,000. The records show that the county issued 35 \$1,000 "viaduct" warrants bearing 6 per cent interest.)

TWO WARRANTS LEFT
 Mrs. Frances Glenn, county treasurer, said the 34th warrant will be cancelled May 1. The 35th and final warrant will be marked paid May 1, 1965.

Presumably, from old blueprints which are now in the possession of Old Construction Co., this firm went to Point Coupee Parish, dismantled the bridge over the Atchafalaya River, and brought it to Big Spring.

It was reassembled into its present 250-foot long span and made the prime element in the new viaduct.

The Old Construction Co. Glade Inc. advertisement offering the old bridge for sale describes it as being a 250 foot span, with 18 foot clear headroom, a truss height of 45 feet from roadway to top. It has a roadway width of 24 feet with a 5-foot walkway on one side outside the truss.

JULY DELIVERY
 The ad also says the bridge will be ready for delivery about July 1964.

Itself will be 581-feet long and the approaches will bring the over all length to 1,384 feet.

\$300,000 PROJECT
 When all work has been completed the total cost will be close to \$300,000. The new bridge will feature two 28-foot wide traffic lanes with a 4-foot wide median in the center. Walkways for pedestrian traffic are provided. The floor of the present viaduct will be incorporated into the new structure. Work is being carried on in such a way as to keep the old crossing open to traffic at all times.

The contract calls for completion of the job in 300 working days which would make it ready for use sometime late in October 1964.

Meantime, if you have any use for a good reliable bridge with a half century or more of dependable service back of it—contract Old Construction, 201 N. Gregg. They have just the thing for you.

Postal Receipts Continue Decline

Big Spring postal receipts for February were \$29,737.49. E. C. Boatler, postmaster, announced. This compared with \$49,906.81 for February 1963 and continued to reflect diminishing figures for the local postoffice this year as compared with last.

The post office has shown a decrease of nearly \$20,000 in receipts for the first two months as compared with the same period a year ago. January receipts this year were \$43,015.69. January 1963 total was \$52,848.52.

PAIN — A BUILT-IN WARNING SYSTEM

Your body is truly a most miraculous creation. Not only is it more complicated than any man-made machine, but when something is functioning incorrectly a built-in warning system tells you to have it checked at once.

When you experience pain, your warning system is at work. Usually by the location and the intensity of the pain your physician can quickly diagnose the problem and call for a remedy. This remedy will be one of the more than 4,000 medicines we regularly stock in our pharmacy.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

Final Booster For Heart Fund

Buddy Martin, representing the Knights of Pythias, deposits \$51 to the Heart Fund before the final formal appeal ended Saturday. Receiving the contribution are Mrs. Tommy Hubbard, who directed the county-wide appeal, and Dr. Reuben Koenig, president of the Howard County Chapter. Some few contributions are still coming in by mail.

Local Heart Chapter Ends Formal Drive With \$2,137

The Heart Fund drive in Howard County, including the Heart Sunday door-to-door canvass, the heart canisters placed in business houses, and mail contributions, totaled \$2,137.26, Mrs. Jean Hubbard, general chairman, reported Saturday.

This was under last year's total of \$2,400, Mrs. Hubbard said.

Sixty per cent, or \$1,282.35 will remain in Howard County for use of the local unit. The balance goes to the Texas Heart Association where the money is used for seven purposes.

The funds are divided as follows: Research 37.69 per cent; public education 16.10; community service 11.95; professional education 11.15; fund raising 9.49; organization and development 7.52; and administration 6.10.

While the greatest percentage of the Heart Dollar was spent on research by the American Heart Association, more than half of the \$2,137.26 was returned to Texas in the form of research grants and fellowships. The American Heart Association is the largest non-governmental source of aid to studies in the cardio-vascular field.

Expenditures in the other fields were for: professional education, which means keeping physicians, nurses, medical technicians, teachers, dietitians, and others up-to-date on the latest developments in care and treatment of heart and blood vessel diseases; public education to guard against diseases; community services aimed at helping a heart patient to be a gainful member of society; campaign costs, including fund raising and advertising; and organizational cost for development of new heart associations in unorganized areas.

HARLEY R. SEUSER
Seuser To Visit Realtors Here

Harley R. Seuser, regional representative of the National Association of Real Estate Boards, will spend next Thursday here consulting with local realtors and other business leaders, according to Marie Rowland, president of the Big Spring Board of Realtors.

Seuser's office is in Chicago. During his visit here, he will meet with the officers of the Big Spring Board of Realtors and address a meeting of the board at the Cosden Country Club.

Prior to his service with the Realtors Association, Seuser conducted his own real estate office 15 years. He has served as a director and president of the Walworth County (Wisconsin) Board of Realtors, as president of his local Chamber of Commerce, and on the legislative committee of the National Association of Real Estate Boards.

Welch Closes Moving Firm

T. A. Welch, operator of a house moving, heavy hauling, truck equipment, and small house sales business at 1609 East Third and Fourth streets, sold out lock, stock and barrel, Friday. He had been in the business in Big Spring for 18 years.

"I am going to rest a while," he said. "The equipment and stock will all be moved off the block. Some of it has already been moved."

Welch auctioned everything he had used in the business, including permits for heavy equipment, oil field machinery, and house moving. The permit carried an amendment for house moving within a 150-mile radius of Big Spring.

He placed no restrictions or reservations on the sales, and said he was well satisfied with the price received for equipment and items which had an original value around a half million dollars.

Baton Twirlers Schedule Meet

Dallas will host the National Baton Twirling Senior Ensemble event at the Eighth Annual Southwestern AAU Championships, March 21, at Walnut Hill Recreation Center, Midway and Walnut. This event is open to all amateur twirlers.

For the first time Southwestern AAU will be offering corps competition, military marching, flag, boys solo, a breakdown in solo of novice, intermediate and advanced, and an event judged on poise and beauty titled Miss AAU Queen. A juvenile division has also been added to the ensemble event. Mrs. Barbara Dalton, 3985 Park Lane, Dallas, Texas 75220, (phone FL 1-4474) has complete details.

Rising Prices Could Bring Next Threat To Economy

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Rising prices of coffee and gyrations in the price of sugar mean more to the average family than increased prices of steel and aluminum products. And so do any boosts in commutation or other transportation costs and any increase in medical fees or hospital insurance.

So nervousness over a possible widespread increase in the price of goods and services is being evidenced increasingly. Nor does it help to learn that Britain, having prospered mightily after a cut in taxes, is now threatened with inflation, as are the increasingly affluent economies of many continental European nations.

The United States also is trying a tax cut to boost economic growth. And the pundits, both on Capitol Hill and in banking and industry, are assessing its possible effects on the prices of commodities. These have stayed remarkably stable in recent years.

The upward trend in the cost of living has been traced rather to the increased charges for services and the greater costs of distribution of goods.

The Joint House-Senate Economic Committee is of two minds about the effect of the American tax cut. The \$11.5-billion slash, meaning additional consumer buying power, will just boost economic growth but won't set off another inflationary trend—so says the Democratic majority.

Aberegg Files For Coahoma Council

COAHOMA — L. R. Aberegg, operator of the Welcome Well Service, filed Friday for a place on the ballot for the Coahoma city council.

He brings to five the number seeking three places.

Three incumbents, Bill Read, banker, Wendell Shive, gin operator, Ted Fowler, oil agent, have filed for re-election.

Previously, W. A. Brimberry, real estate operator, had filed for a place on the ballot.

Boone Horne Leads Cancer Fund Drive

Boone Horne has been named campaign chairman for the Howard County Unit of the American Cancer Society. Dr. Louise Worthy, president, named several committee chairmen Friday to get ready for the fund drive in April.

The house-to-house campaign will begin April 21, while special gifts and individual business drives will start earlier.

Other committee chairmen and co-chairmen named were: Special gifts, Mrs. K. H. McGibbon and Mrs. Clyde Angel; independent business solicitations, Bob McEwen; house to house, Mrs. Lee O. Rogers and Mrs. Jess Wilbanks; headquarters, Mrs. Diane Butler, and publicity, Winston Wrinkle and Mrs. Bruce Wright.

The Cancer Society pulled out of the United Fund, Dr. Worthy said, "because state headquarters have found that the Cancer Society loses its identity, as well as its educational and informational value, formerly found in the house-to-house campaigns."

"When operating under the society's own impetus," she said, "workers are able to distribute literature, and answer questions vital to the average person who may have no other means of getting information or who may not be interested enough to find out otherwise."

The Howard County unit, formerly well organized, died for lack of interest because it lost its identity in coming under the United Fund. More people are contacted and given information when the unit operates on its own," she said.

Other committee chairmen will be named later, Dr. Worthy said after Friday's noon meeting. Chairmen will set up training meetings, choose captains and block workers, and lay out districts.

Cemetery Beautification Project Making Headway

Thanks to generous help from a number of people, who have furnished time, skill, labor, materials and money, the project to beautify the cemetery at Big Spring State Hospital is getting off to a good start.

Prime obstacle in a program to improve the plot which now has 156 graves was water supply. Contributions, it was reported Saturday by O. C. Shapland, general chairman, now have made it possible to order 2,300 feet of main. This material is due in a week or so, and digging for the water line should start in about 10 days. Shapland said some more help is needed to complete the ditching, and any contractor who might help is asked to contact him.

When water is made available to the plot, plans are for a general cleaning and planting program under supervision of garden clubs. It is also planned to mark the graves, and a neat design of concrete block with slanted face, which will carry a bronze plate with the name of the deceased, has been completed. These markers may be poured from forms simply, Shapland said.

The cemetery, which has been in a neglected state, has been a topic of concern of the State Hospital Volunteer Council for some time. Now, said council chairman J. H. Burnett, real progress is being made.

Shapland said a great deal of credit for carrying the project this far goes to W. C. Williams of Williams Sheet Metal, and Ralph McLaughlin of the Saunders Company.

Contributors who have helped with materials, money, equipment, labor and in other ways include:

Cosden Oil & Chemical Co., Saunders Company, Williams Sheet Metal, Burton-Lingo Co., Caldwell Electric, Fred Coleman, Fiveash Plumbing, Higginbotham - Bartlett, Jeter Sheet Metal, McKinney Plumbing, Clyde McMahon Concrete, Trinity Memorial Park, Western Glass and Mirror, Big Spring Hardware, Cabot Carbon, Edwards Heights Pharmacy, Freeland Austin, General Welding, Hester's Sheet Metal, J. D. Jones Construction, Jimmie Jones Conoco Station, Nalley-

Pickle Funeral Home, S. M. Smith Butane Co., Southwest Tool & Supply, Swartz, Tompkins Oil Co., Wilson Bros., Dyer Plumbing.

Also, I. G. Hudson, Weldon Watson, Charles McQuaid and E. Estes.

International Wives Sponsor Contest Entry

The International Wives Club of Big Spring has voted to sponsor an entry in the Miss Big Spring beauty contest this year. Mrs. Roy Drannen, president, made the announcement, adding that the girl entering would be announced later.

The Miss Big Spring beauty contest is sponsored annually by the Jaycees, and the International Wives Club is the third club voting to sponsor an entry for the 1964 show on April 4.

The Shift In Spring Fashion . . .

Crisp and handsomely textured, this shift outdoes itself in appeal. The sleeveless shift has the wonderfully relaxed styling that makes shifts so popular — you can wear this one as is or you can add the string belt for a well-defined waistline. You'll never find a nicer way to look — for any number of springtime occasions. And you'll wear this shift straight through the summer, too!

Dwight suffered a cut finger but his twin escaped injury.

Scouts' Jamboree Quota Is Filled

So great has been the response that the Buffalo Trail Council quota of 148 boys and 12 leaders for the Jamboree Expedition in July is all filled. Only changes now will be by alternates.

Carl Campbell, Big Spring, who headed up this project, said several other places could have been filled. As it was, the council teamed to help fill up one troop from the El Paso area.

The trip will be made in four air cooled buses leaving July 6 and touring through Kansas, Missouri, Illinois, Canada, the World's Fair at New York, Delaware, Virginia, North Carolina, Tennessee and Arkansas. The return is set for July 26.

For eight days the boys will be camped at Valley Forge where the National Jamboree is being held.

Early in June, representatives from the council and from the bus company will cover the projected tour route to arrange for accommodations. Seven bus loads with 280 Scouts and leaders from Lubbock will make the same tour.

The Lone Star District has Jamboree Troop 45, and Lester Goswick will be scoutmaster. Craig Campbell and Rev. Grady McCullough, Van Horn, will be assistant scoutmasters.

Mark Alexander, James D. Johnston as senior patrol leader. Other local boys are Raymond Tollett, Danny Hooser, Jason Tollett, Don Johnston, Hartman Hooser, Roger Kionka, Lloyd Williamson, Steve Stinson, Wesley Wright, Walter Campbell, Mike Alexander, James Earnest, Robert Campbell, Jerry Spring, Russell Long of Big Spring, and Robert Lively, Sterling City, Scouts from Marfa, Pecos, Alpine and Snyder will round out Troop 45 making a

total of 37 Scouts and three leaders.

Troop No. 44, will be made up from Scouts of the Odessa-Midland area. Louis Michaelson will be scoutmaster, with William Bosworth and Pat Peterson of the Midland area as assistant scoutmasters.

Troop No. 46 will have boys from Andrews, Midland, Odessa, Stanton, E. H. Wilkie, Andrews, will be scoutmaster, Harold Wilson Jr., Andrews, and Dick Harris, Midland, will be assistant scoutmasters.

Troop No. 64, will comprise boys from Midland, Odessa and other areas. Dan Blair, Odessa, will be scoutmaster, and W. T. Schneider and Joe Payne of Midland will be assistant scoutmasters.

All of the Adult Leaders have been carefully screened by the Jamboree committee. All are long-time Scouters and know how to handle such a long tour and we are of the opinion that our Troops will put our area on the map — all along the tour and at the National Jamboree," said Mr. Campbell.

Budget Up But Rate Due To Stay At Same Level

City Manager Larry Crow and city commissioners have held two informal meetings within the past month to discuss the city budget for next fiscal year. Commissioners, at their last meeting on Feb. 25, set the public hearing for the budget on March 24.

Although no official action was contemplated or taken at the two informal meetings, Crow pointed out the proposed expenses for the general fund are \$1,342,582, compared with \$1,277,363 budgeted for 1963-64. General fund expenditures this year will be under the budget, at about \$1,259,843.

Crow estimated expenditures in the water and sewer revenue fund at \$903,399 for 1964-65, compared with this year's budget figure of \$883,297. Actual expenditures for this year will total \$858,070.

This means a tax hike is not necessary to handle the budget for next fiscal year, although operating expenses for each department will rise.

The city manager said a job

classification and pay scale survey authorized by the commission may result in recommendations for some pay raises. As of now, however, no pay raises are contemplated.

Crow said there would be no layoffs and no salaries will be cut. A few transfers within the departments will result in a "tightening up" of operations, he said.

Although no formal action was taken, commissioners recommended adjusting the city manager's salary from \$12,900 per year to \$14,000 annually.

The largest increase in department operating expenses is proposed for the fire department. Two new stations are under construction, and 12 additional firemen will have been hired by April.

According to Crow's tentative figures, the fire department budget will be hiked from \$227,004 to \$280,617.

Crow said about \$15,000 extra will be figured for the public works department to cover possible street paving not included in bond programs. Tentatively, the budgeted amount for paving would increase from \$183,272 to \$200,000.

Changes within the police department would allow for the transfer of another person to the radio dispatcher's desk, boosting the total number of dispatchers from three to four.

Bridge Benefit On March 18

A big card party benefitting the Howard County Rehabilitation Center is being planned for Wednesday, March 18, it was announced Saturday.

There will be tables for bridge, canasta and rook. Admission will be \$1 and net proceeds will go to the center.

Gift certificates have been posted as prizes by Hemphill-Weils (\$20), Blum's (\$15), and Zack's (\$10).

The affair will be staged at Cosden Country Club starting at 1:30 p. m. and bridge will be on a rubber basis. Groups of players may make their own table, or tables will be made from those who come to the party.

Mrs. W. K. Edwards Jr., is the general chairman of the party, and committees are at work arranging details and seeking large participation.

Forsan Pack Has Blue-Gold Dinner

FORSAN (SC) — Pack 29 had its blue and gold banquet Friday evening in the school cafeteria. Mr. and Mrs. Don Murphy were in charge of the affair and were assisted by den mothers.

Rev. Darrell Robinson was guest speaker and talked to the Cubs and their parents about steadiness and balance in a child's life. He emphasized physical, mental and spiritual training as "the three-legged stool." Approximately 85 Cubs and parents attended the meeting. Several advancements awards were made.

NCAA 5's Await Start Of Playoffs

By The Associated Press
Chicago Loyola, surprise winner of the national collegiate basketball championship last Tuesday as one of 37 teams seeking top honors in two major college post-season tournaments.

LOOKING 'EM OVER

With Tommy Hart

Charley West, the Big Spring athlete headed for San Angelo College, says he'd also like to play basketball there but likely will be deprived of the chance. He more likely will come out for baseball.

Bill McDonald of Miami, who hopes to get the rematch between Clay and Liston, has indicated he would keep his ticket price range at \$50, \$100 and \$200 next time. A Miami writer vowed in his column prior to the fight that anyone who paid \$250 for a ringside seat was a mental midget.

Cardinals Wanted Ex-SMU Back

Scott Appleton, the great University of Texas line-man who visited here last week, along with Tommy Ford, made 18 tackles against Oklahoma University last fall. Coaches Delnor Posa and Jimmy Marcus and Sam Scroggins of Westbrook were among area coaches attending the State Basketball tournament in Austin this weekend.

Pascual Has Great Pitching Record

Coach Buddy Travis never voices a complaint about it but HCJC is never given a break in the pairings meeting for the annual Region V tournament. The Hawks, whether they are seeded first or go unranked, invariably wind up in the tougher bracket.

Webb Will Take Registrations

Webb Air Force Base Little League registration will be held from 10 a. m. to 1 p. m. March 21 at the Youth Center, Ted Coxe, International Little League president, announced.

Steers Split Double Bill With Ponies

ANDREWS — The Big Spring Steers made a successful debut in their 1964 baseball season by knocking off the Andrews Mustangs, 4-1, here Friday afternoon.

A Big Spring team composed almost exclusively of sophomores then dropped a second contest to the Mustangs, 5-3.

Charles Burdett fashioned the mound victory in the first game, scattering seven hits. The Longhorns made the most of eight hits. Jim Hamilton and Mike Agee each had two safes for the Longhorns while Charley West and Howard Bain each drove in two runs.

Burdett fanned four and issued only two walks. In the second game, the Longhorns were kept away from the plate until the last inning. J. Thomas collected the only hit for Big Spring up to that point.

Box score for Steers vs. Andrews game 1. Includes batting averages, fielding percentages, and totals for both teams.

His financial differences with Mignoseta settled, Camilo Pascual turned his concentration to day toward becoming the first American League pitcher in 10 years to win 20 or more games in three consecutive seasons.

Terrell Wins Over German

NEW YORK (AP) — Tall Ernie Terrell sat there in his dressing room in Madison Square Garden and surprised absolutely no one. "I want Cassius X," proclaimed the third-ranked heavyweight who had just failed—thoroughly, completely and absolutely—to distinguish himself in a dreary, highly unprofessional 10-round decision over Germany's Gerhard Zech.

Barnes Is Man To Watch In Regional At Dallas

DALLAS (AP)—Four basketball stars will be in the spotlight Monday night when Creighton meets Oklahoma City and Texas A&M plays Texas Western in Midwest first round games of the NCAA tournament.

Butts Seeks To Nail Down Libel Verdict

ATLANTA (AP) — Attorneys for Wallace Butts, former Georgia football coach and athletic director, filed a motion in Federal Court Saturday asking denial of Curtis Publishing Co.'s request for a new trial in Butts' \$3.06 million libel judgment.

Curtis, which publishes the Saturday Evening Post, asked for a new trial last week claiming that testimony of two key witnesses for Butts was false.

Butts sued Curtis for \$10 million because of a Post article claiming Butts and Paul Bryant, Alabama's football coach, conspired to rig the 1962 Georgia-Alabama football game.

William H. Schroeder, an attorney for Butts, denied Curtis' charges in his motion filed Saturday and said the allegations "constitute a continuation of defendant's piffling design to trifile with this honorable court."

Schroeder denied in his motion that the testimony of Bryant and Rose was false.

Young House, 19-year-old Big Spring native, has set a new junior college record in the pole vault with a leap of 15 feet, 1/2-inch.

He is the grandson of Mrs. Marvin House Sr., Big Spring, and the son of Marvin House Jr., El Paso.

Kenny first came into prominence as a vaulter while attending Hoover High School in Glendale.

New Coach

JOHNNY DEC, 46, former head basketball coach at the University of Alabama, has been named head coach at Notre Dame.

Baylor Nudges Cougars, 4-3

HOUSTON (AP)—Jerry Hall's line single to centerfield scored Gary Price from third base, Saturday and beat the University of Houston for Baylor's Bears, 4-3.

Miears Boys Fashion Hill Victories Here

Big Spring handed Andrews a double defeat in baseball action here Saturday, turning the trick by scores of 6-4 and 8-3.

Bain Legs It Home

Howard Bain, third baseman for the Big Spring Steers, is shown crossing the plate with his first inning, first game home run hit against Andrews here Saturday afternoon.

Ex-Big Springer Breaks Vault Record On Coast

Kenneth House, 19-year-old Big Spring native, has set a new junior college record in the pole vault with a leap of 15 feet, 1/2-inch.

McIlhany's Club Triumphs, 18-6

COLLEGE STATION, Tex. (AP) — Dan McIlhany's Maroons beat Jim Willenborg's Whites 18-6 in a controlled scrimmage Saturday as the Texas Aggies completed their seventh day of spring football drills.

The Steers crashed out seven hits, including a triple and home run by Howard Bain, in the first set-to and six in the second.

Bain's home run blast into right field occurred in the initial inning with two mates aboard. He waited until the fifth frame to unload his three-batter.

Ralph Page clubbed a bases-empty home run and a double for the visitors in the first go. Jim Hamilton crashed out two singles for Big Spring in the second engagement while Allen Clanton drove in a brace of tallies.

Andrews threatened seriously in the sixth inning of the opener by loading the sacks but Robert Goodlet saved the day for Freddy Miears when he made a long running catch of Steve Brannon's fly ball to retire the side.

The day started out cool and windy but fine weather prevailed by the time the action ended.

Both teams saw fit to use an abundance of players. The Steers made use of a dozen players in the opening game and 18 in the afterpiece.

The Longhorns will be idle until next Friday, when they catch Snyder here in a single game. They square off with Colorado City here twice next Saturday.

FIRST GAME: A'w's (6) ab r h bi Steers (6) ab r h bi... BOWDEN 2b 4 0 0 0 Moore ss 2 1 0 0... WARREN 2b 2 1 0 0 Hamilton c 3 1 0 0... MORGAN cf 1 1 0 0 West c 2 2 1 1... Dixie Senators Ready For Fight

WASHINGTON (AP) — Dixie senators are organizing again into three teams to carry on the marathon battle against the administration's civil rights bill scheduled to start Monday.

They expect this system, perfected in round-the-clock sessions ordered in 1960 by President Johnson when he was Senate majority leader, to work as well as it has in past civil rights fights.

BEGINS MONDAY

The big debate will begin Monday with a motion by Majority Leader Mike Mansfield of Montana to proceed to consideration of the 10-point, House-passed bill.

The Southerners have made clear they plan to debate this motion at length. A double filibuster thus is possible—on the motion to consider the bill and again on the bill itself.

But if past precedent is any guide, the Dixie forces will yield after a week or so and permit the bill to be brought up. They have reasoned in the past it would be easier to obtain closure—the Senate's debate shut-off procedure—on this motion than on passage of the measure.

As for the bill, however, the Southerners argue that it is much more far-reaching than the 1957 and 1960 civil rights measures which they finally permitted to pass without a bitter-end fight.

NO SURRENDER

They say they will not surrender on the 1964 bill under any foreseeable circumstances.

But as their resistance has mounted, so have the pressures for new legislation. These stem largely from Negro demonstrations in all parts of the nation

in recent years.

The Senate is opening its debate exactly four weeks after the bill cleared the House 290-130.

Sen. Richard B. Russell, D-Ga., will be in command of the Southern forces as in many previous fights. The same three senators who served in 1960 will captain the Dixie teams—Lister Hill, D-Ala., Allen J. Ellender, D-La., and John Stennis, D-Miss.

In that year Johnson ran the

Senate around the clock for six days and nights but finally called a halt when Southern resistance showed no signs of weakening.

This year Democratic leaders have said they will not resort to round-the-clock pressure.

Some talk of compromising has come from Republican Leader Everett M. Dirksen of Illinois who may emerge as the key figure in a final settlement of the issue.

Annual Drive Set At Webb

The 1964 National Health Agencies and Federal Service Joint Crusade will open at Webb Air Force Base March 10, and continue until March 31.

National Health Agencies in the campaign are National Association for Mental Health, National Association for Retarded Children, National Cystic Fibrosis Research Foundation, National Multiple Sclerosis Society, National Society for Crippled Children and Adults, Society for the Prevention of Blindness, United Cerebral Palsy Association, American Cancer Society, American Heart Association, Arthritis and Rheumatism Foundation, and Muscular Dystrophy Association of America.

The Federal Service Joint Crusade is for the support of CARE, Radio Free Europe, American - Korean Foundation and Project Hope.

Webb's project officer is Maj. John C. Wood Jr.; assistant project officer is 1st. Lt. Richard Hill

Senators around the clock for six days and nights but finally called a halt when Southern resistance showed no signs of weakening.

This year Democratic leaders have said they will not resort to round-the-clock pressure.

Some talk of compromising has come from Republican Leader Everett M. Dirksen of Illinois who may emerge as the key figure in a final settlement of the issue.

Dirksen is drafting less far-reaching substitutes for the public accommodations and fair employment sections of the House bill, but has not disclosed details.

C-C Directors To Meet Monday

President John L. Taylor has called a meeting of officers and directors of the Chamber of Commerce for noon Monday at the Settles Hotel.

Your attendance is an assurance to the other directors, officers, and the community, that you are sincerely interested in the continuous effort toward the betterment of Big Spring.

Taylor said, "and we hope you will be present."

Reports will be heard on the Go-Kart races at Webb AFB over the weekend; from Carlton Chapman on his visit to Washington, D.C. on insect pest control; about the March 19 workshop in Odessa, and on the progress being made on the Christmas decoration drive to raise around \$10,000.

Garrett Ranch Manager Dies In Air Crash

Austin Moody, manager of the Garrett Angus Ranch in Longmont, Colo., died Thursday afternoon when his airplane crashed into a 9,000-foot peak near Elko, Nev., during a snowstorm. Horace Garrett, a director of the Big Spring First National Bank, is owner of the ranch. The family was notified Thursday.

Friends said Moody left Thursday afternoon en route to the Fuller Ranch near Santa Barbara, Calif. According to Mrs. Garrett, Moody was to attend a cattle sale at the Fuller Ranch. She said Ambassador 30th, their prize Angus bull, now retired, was to have been shown at the sale. The bull has won prizes at Houston, Fort Worth, Denver, Colo., Lexington, Ky., and elsewhere.

The remains were recovered Friday afternoon from the wreckage. Search parties from Elko were held up about 24 hours by the snowstorm.

The body will be returned to Longmont, where funeral pends. Surviving are the widow, Mrs. Raye Moody; one son, Jay Moody, a senior at Longmont High School; and one daughter, Kitty, a student at Lamar Junior College.

St. Patrick Dance

Immaculate Heart of Mary Parish will hold a St. Patrick's Day Dance at the Parish Hall on March 17. Dancing will be from 9 p.m. to 1 a.m. and music will be furnished by Dale White's orchestra. Tickets are \$1.50 per person and may be purchased at the door. This is a Parish benefit function and is being put on by all societies of the parish.

Check Collection Volume Dips From Previous Months

Of 299 worthless checks processed during February by the Check Department of the Howard County Sheriff's Office, 172 have been paid off, the monthly report just reflects.

This represents 58 per cent of the total, and the money turned in to be repaid to the merchants who cashed the bad checks was \$2,523.75. This compares with \$3,073.58 collected in February 1963 and \$3,608 for the same month in 1962.

The bad check writers paid in \$2,231 to the sheriff's office and \$292.81 directly to the merchants.

Twenty cases alleging misdemeanor worthless check writing were filed in the Howard County court. Two felony check cases were filed in the district court.

Total collections by the department since its establishment now stand at \$78,680.66.

Band Draws Appreciative But Modest Size Crowd

The 83-piece North Texas State University concert band, under the direction of Maurice McAdow, drew an appreciative audience of around 500 at the municipal auditorium Friday night. Three encores followed the last number scheduled for the concert.

Douglas Wiehe, Big Spring High School band director, directed the first number following the intermission, a John Phillip Sousa march "Hail to the Spirit of Liberty." He said he had never heard the number played before.

Three Big Spring High School graduates were introduced to the audience during the concert, and one, Mrs. Virginia Lumpkin, was featured in a special section number. She was one of the soloists in "Concertino for Percussion and Band." She is the daughter of Mr. and Mrs.

James L. Rankin, 1003 Lancaster.

Also playing in the band were Sylvia Edwards, daughter of Mr. and Mrs. W. K. Edwards Jr., 2512 E. 24th, playing in the flute section, and Eric Brewster, son of Mr. and Mrs. Rudolph Brewster, now of Odessa, in the bass clarinet section.

The NTSU band was on a week's tour, playing 12 concerts in nine cities.

Some of the featured numbers rendered during the concert were: "Soliloquy and Dance," by James Niblock; "Comedian's Gallop," by D. Kablevsky; "Overture to Candide," Bernstein; "Viva Mexico!—Fiesta of the Charros and Parade," by Morrissey; "Modern Moods for Brass Sextet," by Dietz, featuring five horns; "Rondo Concertante," by Tut-

hill, featuring two solo clarinets with band, and parts doubled; "Midnight in Paris," and others.

"Looks like we didn't quite break even on the concert," Walter Stroup, president of the Band Boosters, said Saturday morning, "but we believe the concert was worth the cost."

Band Boosters had hoped to add to the California trip fund. Stroup also reminded the public of the sale of the candy bars (50 cents) by band and choir members, to add to the trip funds. The candy arrived Friday and the hefty bars will be all over the city early this week.

Slaps, Pinches

WINNIPEG, Man. (AP)—The Manitoba Liquor Control Board put it up to the night spots: either give scantily clad waitresses more maneuvering room or make them wear more clothes.

The aim was to discourage "slappers and pinchers," a commission spokesman said.

Girl Scout Week To Start With Reception

By JO BRIGHT

The 4,900 members of the West Texas Girl Scout Council will be among the more than three and one-half million Girl Scouts throughout the country celebrating Girl Scout Week from March 8 through March 14.

Local Girl Scouts will be hostesses at an open house this afternoon from 2 to 5 p.m. in the Girl Scout Little House, 1401 Lancaster. Saturday was designated as Girl Scout Sabbath, and the next week will feature neighborhood and troop celebrations. The days and special classifications are Monday, homemaking; Tuesday citizenship; Wednesday, health and safety; Thursday, international friendship; and Saturday, outdoor day.

"A Promise in Action" is the theme both of Girl Scout Week and of the Girl Scout's 52nd birthday, which occurs on March 12. This date marks the anniversary of the first meeting of the first Girl Scout troop in the United States, which was founded in Savannah, Georgia, on March 12, 1912, by Mrs. Juliette Gordon Low.

The Girl Scout Promise has touched the lives of more than 20,000,000 American girls and

YVETTE FISHER

women. It is a simple promise, but its implications are deep, it reads:

On my honor, I will try:
To do my duty to God and my country,
To help other people at all times,
To obey the Girl Scout Laws.
From the Girl Scout Promise

evolve the ten Girl Scout Laws which project the concepts of loyalty, honesty, courtesy, cheerfulness, cleanliness, usefulness, and kindness. The Promise and Laws provide a code of ethics easy for young people to understand and apply in their daily lives.

Mrs. Russell Bennett is chairman for Girl Scout District 5, a part of the 16 county West Texas Girl Scout Council.

Serving with her in Big Spring are four neighborhood chairmen. They are Mrs. R. W. Rossell, Neighborhood 1; Mrs. R. D. Tindol, Neighborhood 2; Mrs. B. F. Larson, Neighborhood 3; and Mrs. C. W. Head, Neighborhood 4.

Other adults include the troop leaders of the approximately 40 active troops, their co-leaders and troop committee members. Col. Charles W. Head Jr. serves on the council board as camp chairman; Dick Ream serves as a member at large on the council board and Joe Ackley is on the council finance committee. Mrs. Larson Lloyd handles local publicity.

Club Lists Duplicate Winners

Eleven tables were in play for the duplicate bridge games following the Ladies' Golf Association luncheon Friday at the Big Spring Country Club.

North-south winners were Mrs. A. Swartz and Mrs. B. F. Yeargin, first; Mrs. Malcolm Patterson and Mrs. E. L. Powell, second; Mrs. Ben McCullough and Mrs. Anne Hardy, third; and Mrs. R. E. Dobbins and Mrs. Fern Durham, fourth. Winners in the east-west position were Mrs. John Stone and Mrs. Wally Slate, first; Mrs. James Duncan and Mrs. Fred Kash, second; Mrs. R. H. Weaver and Mrs. Elmo Wasson, third; and Mrs. J. W. Atkins and Mrs. Myrtle Lee, fourth. Players were reminded that the Winners Game will be held Monday evening at the Webb Officers Club. This is a change from the previously announced date.

Birthdays Noted For Members Of Webb Group

Two members of the Servicemen's Wives Club were given presents and a birthday celebration Wednesday at the group meeting in the John H. Lees Service Club at Webb.

The honorees were Mrs. Robert Brown and Mrs. James Fontenot, and Mrs. Jim Hayes was a guest. Games were played and refreshments served.

Mrs. Albert Haley was elected representative of the club at the Base Nursery Council. The next meeting March 18, will be a tour of the Bennett House and all wives of non-commissioned officers and airmen are invited to attend. Mrs. Randol Nichols, AM 3-4226, will be glad to answer telephone inquiries.

Birthday Noted

GARDEN CITY (SC) — Mrs. Sidney Hirt celebrated her son, Ronnie, with a party on his 14th birthday at the 4-H Club Barn. Refreshments were served to 15 club members and Oliver Werst.

Quigley's Floral Shop

1512 Gregg AM 4-7441

Meet Madame President

Mrs. Alvin Huskey III is president of the Kentwood Parent-Teacher Association. She is serving an organization and school that is in its first year of existence.

MRS. ALVIN HUSKEY III

Huskey is affiliated with the Cosden Oil and Chemical Company, and she is in the registrar's office at the hospital at Webb Air Force Base.

There are three children at the Huskey residence at 2501 Fisher Street. They are Skipper, 10, who is a fourth grader; Jay, 7, in his first year of school; and Kathy, 18 months old.

The family has lived in Big Spring for seven years and are originally from Moran. They take an active part in their home church, the West Highway 80 Church of Christ.

Fishing ranks high on their hobby list, and the collecting of Indian artifacts and arrowheads fill many leisure hours for the Huskeys.

Sewing Club Has Tuesday Session

Pioneer Sewing Club Tuesday afternoon. Hand work was done by 13 members and a guest, Mrs. H. H. Story. Mrs. G. L. Monroney will be the March 17 hostess.

AT HD CLUBS

Master Mix Recipe Provides Program

"Master Mix Quick Meals"

was the program presented for area home demonstration clubs this week. Emphasis was placed on the economy of time and money when a master mix was kept on hand for pie crusts, biscuits, hush puppies and corn bread. Also, the use of a pudding mix was suggested.

The master mixes can be made in large quantities and stored in the cabinet for use within six weeks or frozen if they are to be kept longer. Refreshments made from the mixes were served.

COLLEGE PARK CLUB
Mrs. Paul Bruns and Mrs. Robert Coleman presented the program for the College Park HD Club when it met with Mrs. Boyce Hale, 4102 Dixon.

Mrs. Bruns, Mrs. Coleman and Mrs. A. D. Nanny were named to serve at the concession stand during the Herford sale March 11.

Plans were made to attend the county-wide tea March 24 in the Community Room of First Federal Savings and Loan Association building.

Eleven were present, including a new member, Mrs. Herman York. The March 17 meeting will be with Mrs. Brandt Baize, 1601 E. 5th.

KNOTT CLUB
The cooking demonstration was given by Mrs. Sonny Shroyer and Mrs. Billy Gaskins when nine members of the Knott HD Club met Tuesday in the Shroyer home. Tools were shown which are needed to prepare the mixes.

Roll call was answered with "Better Breads of Your Own Making."

Members brought cookies to be served at the state hospital along with those brought by women of the Mount Joy Baptist Church. Those who will serve the cookies are Mrs. Robert Nichols, Mrs. J. D. Martin, Mrs. Earl Newcomer, Mrs. Gerald Wilborn and Mrs. Her-

man Jeffcoats.

Pepper and vanilla were sold and the set quota reached.

Plans were completed to assist at the FFA and 4-H stock show to be March 10-12. Mrs. Billy Gaskins was named delegate to the District 2 meeting in Floydada April 30.

"An Edible Quiz," a question game on foods, was played.

All were invited to attend the county-wide tea at 2 p.m. March 24, in the First Federal Savings and Loan Association building when three guest speakers will present a program on education.

The next regular home meeting will be April 14 in the home of Mrs. O. B. Gaskins when Mrs. Delaine Crawford will present a program.

FAIRVIEW CLUB
Mrs. Shirley Fryar was hostess Tuesday to 12 members of the Fairview HD Club and a visitor, Mrs. L. A. Yater. The devotion was given by the hostess.

Plans were made for the club's participation in the 4-H stock show and sale.

The program on the use of mixes was given by Mrs. Frank Wilson who distributed recipes and served Corn Meal Upside Down Cake.

Mrs. F. O. Sorrells, 1401 Dixie, will be hostess March 17.

AIRPORT CLUB
The Airport HD Club met with Mrs. William Dorrough, 1404 Lancaster, where Mrs. Roy Spivey and Mrs. Omar Decker demonstrated the use of a mas-

Zesty Salad

Summer refresher: fold finely diced cucumber and celery into tomato aspic and serve on salad greens as a first course. Pass a topping of sour cream mixed with chopped chives.

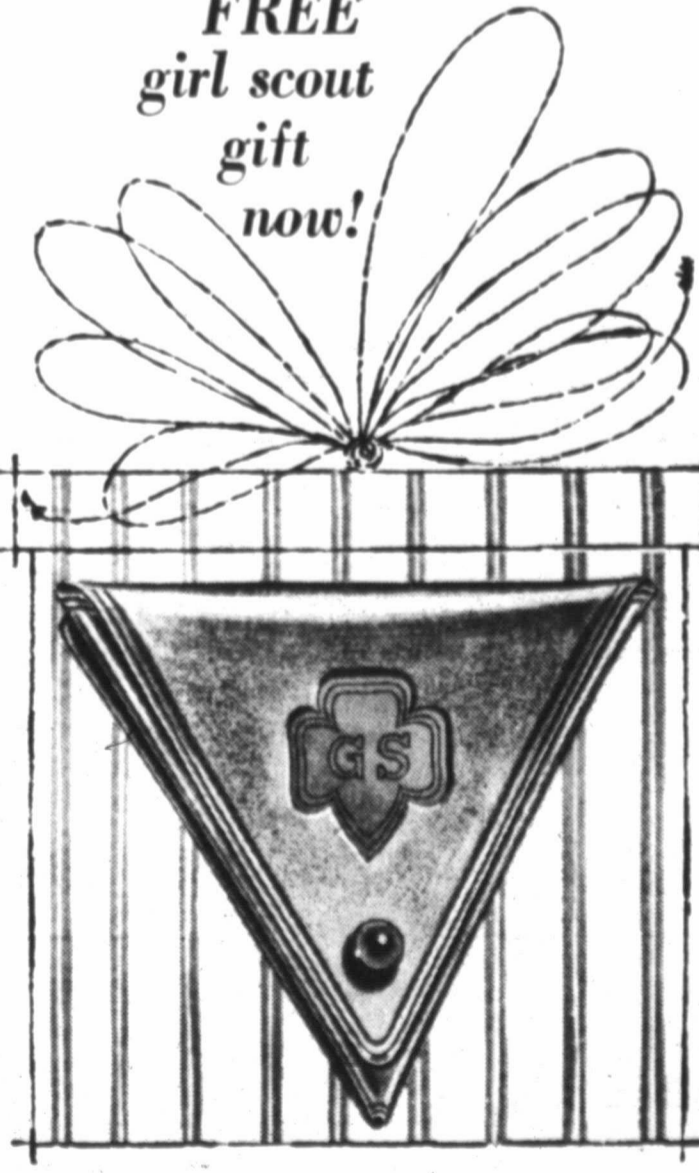

Sachet

Spring — open season for the open look is in this distinctive pairing of covered toe and open back linked by a charming arrangement of straps. A pairing of textures, too, patent and subtly textured calf.

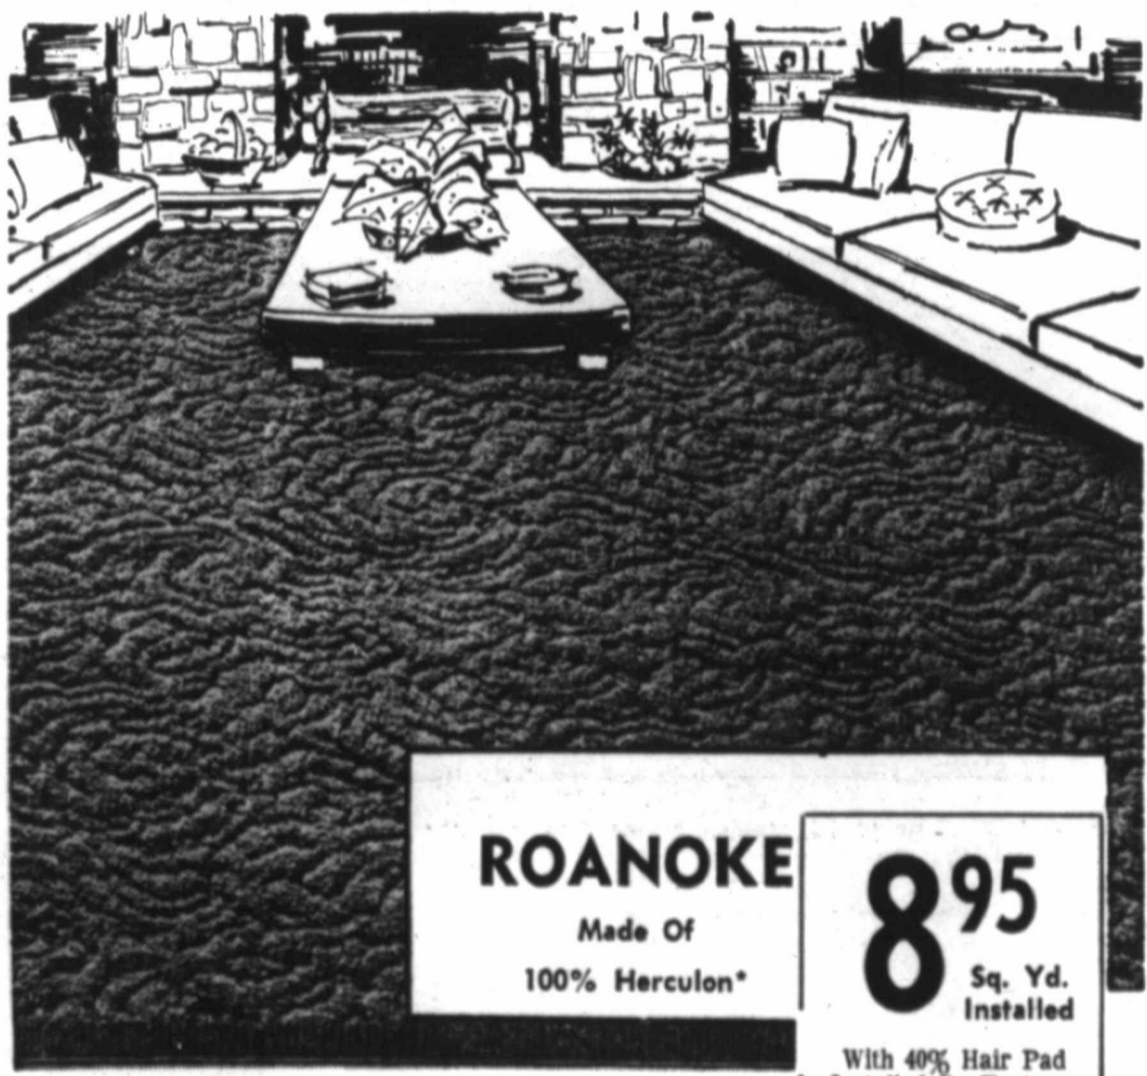

March 12 marks the 52nd anniversary of the Girl Scouts. To celebrate this special birthday, we have a free souvenir for you. Just imagine a change purse to carry coins in one side and magically remove from the other side! Attractive gold pinseal grain vinyl with emblem on front flap.

Melody

In tune with fashion for spring, this beauty red patent leather. The handbag is a perfectly match. The handbag is a perfect match. The handbag is a perfect match.

Handbags Get Biggest Hand

The biggest hand in the East-ent, waxy, embossed and suede leathers. Fashion detailing in a feminine mood enhances this spring's handbags, from the pouch and the box bag to the envelope. Cut-outs, with contrasting or embossed leather underlays, are used to charming effect. Scalloping, dainty brushed gold hardware, and self-leather trim are other style notes used to point up the beauty of the leather texture.

Moppet

Marvelous looking and marvelous fitting is this shoe—as stylishly implies as its name. It is of black patent leather accented with matted calf and in bleached bone, navy or red patent leather. The facile opening handbag completes the ensemble.

Tiptoe Through The Tulips In New Leather Gardening Shoes

You may now tiptoe through the tulips, the roses and even the crabgrass in new lightweight leather gardening shoes this spring and summer. Specially tanned leather shoes have been developed to give you both stylish service and a featherlight feeling while planting, pruning and putting to your heart's content. Available for both men and women, gardening shoes come in an expanded range of smart styles, including moccasins, slip-ons and ties, reports Sho Fashion Service Leather Industries of America. You'll step with ease from spraying the begonias to sprinkling the lawn in shoes with super-flexible "split leather" uppers. "Split leather" is the flesh side of a cattlehide which has actually been split, providing a light, yet rugged leather ideal for footgear to garden by. Weekends spent manning the power motor call for a shoe with built-in protection. Even the toughest lawn jockey will appreciate a pair of the new safety lawn shoes, equipped with a standard industrial steel toe plate. Sewn into the leather where it can't be seen or felt, the plate, which is made to withstand weights up to a ton, preserves toes from possible crushing, bruising or lacerations. Male or female gardeners will appreciate the low-cut lines and light weight of the new steel-toe lawn shoes, totally unlike the heavy boot-like industrial safety shoes. These casually-styled lawn shoes are available in brushed and smooth split leather in a varied selection of colors. Though the summer may simmer, your feet and your gardening shoes will stay cool and dry. It's the leather itself that does the ventilating—through its millions of natural pores. Tough, non-skid leather soles give extra protection against backwrenching slips on wet grass, or cuts from glass, rocks and other sharp objects.

Glow Of Night Lights Costs Only Pennies

Dear Heloise: It really makes no difference what you are, widow, bachelor, mother with a bunch of kids, or just afraid. Those little old night lights that you can buy in any dime store are fabulous for lots of places (besides the baby's bed). This is the type light that you can plug into any socket, but people always think they are only for babies. I keep one burning in my kitchen all night and it takes very few kilowatts. I just plug it in where my waffle iron and coffee pot go!

Hints from Heloise

Just look in your dime store for a night light. There are types to fit anyone's fancy. . . . Oldest sheet to tuck in at the top. If the sheet is pulled quite tightly when tucking it in, it will stay in place. For Hollywood beds with no headboard, I mitre the corners at the head of the bed. . . . A Reader. Dear Heloise: One does not have to be a seamstress to beautify a tablecloth that has a hole in it! Take a left-over scrap of colored percale and simply snip out a flower, a monogram or a picture of a teapot, etc., and sew it daintily over that unsightly hole. You will be quite pleased with the new look. . . . Florence B. (Write Heloise in care of the Big Spring Herald.)

I keep another one in the bathroom, so that my children can find the bathroom at night without turning on the big light. I keep another one in the stairway socket so that those who walk up and down the stairs at night can SEE each step. And I have found that it saves money by unplugging that big kilowatt light in our closet and screwing in a socket, then plugging one of these little lights in! This can burn all day and all night since it's only around seven kilowatts (and, dear Heloise, don't ask me what that means. I've been down to the light company and they told me it means it costs less money than those other lights). I do not have to pull that chain or punch a switch every time I go into a closet. It gives off just enough light. Believe me, any man who pays the electric bill will appreciate this. It's inexpensive to run and costs practically nothing.

Relatives, Friends Have House Guests

FORSAN (SC) — Mr. and Mrs. D. L. Knight were recent visitors in the home of her sister and family, the C. A. LaDuques of Levelland. Mr. and Mrs. J. H. Cardwell are away for several days visiting relatives in Dallas. Mr. and Mrs. R. D. Anderson and children from Ackerly were guests of his mother, Mrs. Bettye Anderson. Mr. and Mrs. O. W. Scuddy and Berny are at Possum Kingdom with his brother and family, the M. Scuddys, on a fishing trip. Mr. and Mrs. Charles Hall and children of Odessa are the weekend guests of her parents,

Mr. and Mrs. A. P. Oglesby. Mr. and Mrs. T. A. Rankin of Colorado City have been visitors this week at the Jesse W. Overton home. MRS. BILLY CARL REID

Reid, Rogers Vows Pledged In Coahoma

COAHOMA (SC) — Wedding vows were exchanged Saturday evening by Miss Linda Mae Rogers and Billy Carl Reid. The double ring ceremony was performed by the Rev. Darrell Robinson at the First Methodist Church, Coahoma.

Joliete Rogers accompanied his daughter to the altar that was decorated with an arch entwined with orchid and white pompons and greenery. Baskets of orchid and white stock were arranged on each side of the altar and flanked with candelabras and palms.

Mrs. Marquette Weise of San Antonio, aunt of the bride, accompanied Mrs. Larry Pherigo who sang the bride's musical selections, "Because," and "I Love You Truly."

The wedding gown of Chantilly lace was fashioned with a bouffant skirt and long petal point sleeves. The Sabrina neckline was jeweled with sequins and pearls. Her elbow-length veil of silk illusion fell from a queen's crown of openwork pearls with teardrops and pearl sprays. She wore a string of pearls and the traditional bridal items of something borrowed, new, blue, a penny in her shoe.

The white Bible she carried was topped with an orchid and streamers of white carnations.

Miss Reba Graves, Coahoma, served as maid of honor in an orchid dress with a bolero-type bodice of Venetian lace. It was styled with a rounded neckline and a full overskirt of silk organza. She wore a veiled petal hat, and her flowers were orchid and white pompon chrysanthemums in a cascade arrangement.

Miss Jolene Rogers attended her sister in a costume identical to the maid of honor. Dana Kay Sargent of Monahans, cousin of the bride, was the flower girl and wore an orchid dress with an overskirt of silk organza. She carried a basket of red rose petals.

Phillip Reid, Coahoma, served his brother as best man. Ushers were Donnie Bush, San Angelo, cousin of the bride, and Travis Reid, Coahoma, cousin of the bridegroom. Bobby Rogers and Royce Reid, brothers of the wedding couple, were ring bearers.

The bride chose a three-piece suit of black wool knit and pink accessories for her traveling costume. Her hat was styled of pink petals and she wore a corsage of orchids from the bridal bouquet.

The couple will be at home on

A. J. Cunninghams Start Vacation

GARDEN CITY (SC) — Mr. and Mrs. A. J. Cunningham left Tuesday morning for an extended vacation. They will visit relatives in Los Angeles and San Francisco, Calif.

To Marry

Mr. and Mrs. R. J. Wennik, 909 Runnels, announce the engagement and approaching marriage of their daughter, Mary Kay, to Benny Frank Pitzer, son of Mr. and Mrs. P. K. Pitzer, Rt. 1. The couple will be married March 27 at the Church of the Nazarene.

Country Club Affair Honors Miss Hefley

Miss Camille Hefley, bride-elect of Lyman B. Newman Jr. was the honoree at a coffee held from 10 a. m. to 12 noon Saturday in the Big Spring Country Club. The couple will be married March 28.

Mrs. Hefley, wearing a pale blue raw silk sheath, greeted guests with her mother, Mrs. Rogers Hefley, and the prospective bridegroom's mother, Mrs. Lyman B. Newman of Amarillo. The honoree's corsage was of white gladiolus and the mothers wore white carnations.

Hostesses were Mrs. H. H. Rutherford, Mrs. James Wilcox, Mrs. Frank Vandell, Mrs. Roy Green, Mrs. Amabel Lovelace,

wheat rolls, butter, syrup and milk.

FRIDAY — Tuna salad, macaroni and cheese, black-eyed peas, lettuce, tomatoes, homemade bread, butter and jelly.

Hostesses Entertain In Coahoma

COAHOMA (SC) — Mr. and Mrs. Pat Roberts of Midland visited in Coahoma Tuesday with Mr. and Mrs. Alton Denton, Miss Letha Nell Roberts and Mr. and Mrs. Johnson B. Hall.

Mrs. C. C. Currie of Monahans has been visiting here with Mrs. Burr Brown.

Mrs. Thelma Thomas is a patient at Medical Arts Clinic and Hospital.

Mr. Jack Pipes is a patient at Hendricks Memorial Hospital in Abilene where she is having therapy treatment.

The Coahoma Bridge Club met Tuesday in the home of Mrs. E. L. Collier. Mrs. Winnie Dodson won high score and Mrs. Marion Hays was second.

Mr. and Mrs. Roscoe Buchanan, Mr. Sam Buchanan, and Jack Buchanan are in Temple to go through Scott and White Clinic.

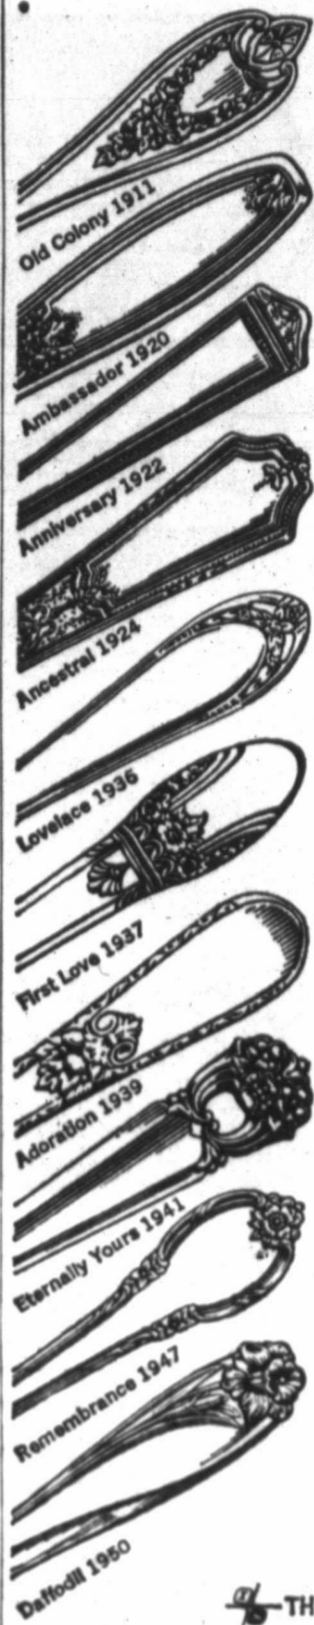

Other members of the house party were Mrs. G. T. Hall, Mrs. Herbert Keaton, Mrs. K. H. McGibbon and Mrs. Wofford Hardy.

Gracing the serving table were white umbrellas showered in blue streamers and banded in blue carnations. Mrs. Lonny Hamby, Mrs. Hayes Stripling Sr., aunt of the honoree; Miss Mary Jo Henderson of Lubbock and Miss Sally Newman, sister of the prospective bridegroom, alternated serving.

Guests were registered by Miss Barbara Thomas of Lubbock at a table featuring a white cart done in pastel spring flowers.

All members of the house party wore corsages fashioned of lily of the valley tied with blue ribbon.

Miss Jan Fields Is Married Saturday To C. J. McKaskle

Miss Jan Fields became the bride of Charles J. McKaskle at 8 o'clock Saturday evening in a single ring ceremony in the Westside Baptist Church. The Rev. Kenneth Adress, pastor, performed the nuptial rites.

The bride is the daughter of Mr. and Mrs. Ted R. Fields, Rt. 2, and the bridegroom is the son of Mr. and Mrs. Mon McKaskle, Star Route.

A semi-circle of cathedral tapers formed the background for a sunburst of gladioli, stock and fern which centered the altar. Flanking the arrangement were seven-branched candelabra holding white tapers, and fern trees were placed beside the aisle markers. Pews were marked with white satin bows.

Mrs. Ralph Walker, organist, accompanied Mrs. Joe Dunn as she sang "I Love You Truly," and "Because." As the "Wedding Prayer" was sung, the couple knelt at the altar on a white prie dieu. Also, Mrs. Walker played the traditional nuptial selections.

Escorted and given in marriage by her father, the bride wore a formal gown of white peau de soie. Re-embroidered appliques of lace sprinkled with seed pearls and brilliants accented the molded bodice and extended down the unpressed creases of the skirt front. The applied sleeves ended in petal points over the hands and fastened with tiny self buttons matching those at the back of the bodice. The skirt, which extended into a chapel train, was accented in the back with a double bow centered with a fabric rose. Her waist-length veil of illusion was held by a crown of pearls and crystal drops. She used the traditional items that were old, new, borrowed and blue.

The bridal bouquet, carried atop a white Bible, was formed of a white orchid encircled with Frenched carnations.

ATTENDANTS

Miss Mary Fields attended her sister as maid of honor, and Mrs. Joe Fields, Lubbock, sister-in-law of the bride, was the matron of honor. Bridesmaids were Miss Floydine Moss and Miss Gloria Smith. All were dressed identically in emerald green peau de soie. The dresses featured rounded necklines, elbow-length sleeves, cored waistlines and semi-belled

MRS. CHARLES J. McKASKLE

skirts. Their veiled, emerald green hats were trimmed with tiny bows of green velvet ribbon, and their gloves were white. Each carried a nosegay of white carnations and satin leaves backed with tulle.

Bill McKaskle was his brother's best man. Groomsman were Joe Fields, Lubbock, and Walter Fields, brothers of the bride, and Larry Bailey, Walter and Terry Fields, also a brother of the bride, served as ushers and were assisted by Van Tom Whatley in lighting the altar tapers.

RECEPTION

The reception was held, immediately following the ceremony, in the Fellowship Hall of the church. The bride and bridegroom were joined by their parents and the feminine attendants in receiving guests.

The refreshment table, covered with white lace over green linen, was centered with an arrangement of white candles, spider mums and greenery. Appointments were of silver and crystal. The three-tiered wedding cake, frosted with white roses and pale green leaves, was topped with a miniature bride and groom. Mrs. Jack McKinnon and Mrs. Ray McKinnon baked the cake.

Guests were registered by Miss Susan LaMartina, Garden

City, a cousin of the bride. Presiding at the serving table were Miss Janice Plowman and Miss Linda LaMartina, Garden City, cousin of the bride. Others in the house party were Mrs. E. L. Newsom and Mrs. Maud Seal.

Out-of-town guests were Mr. and Mrs. Loyd Hair and Linda of Roscoe; Mr. and Mrs. Deck Coleman, Vincent; Mr. and Mrs. W. H. Coleman, Luther; Mr. and Mrs. Claude McKaskie and daughters and Mrs. Macie McKaskie, Midland; Mr. and Mrs. W. A. Fields, Garden City; and Mr. and Mrs. Richard Davis, Mathew and John of Lubbock.

Guests attended from Big Spring, Elbow, Garden City, Lees and Lenorah.

WEDDING TRIP

When the couple left on a wedding trip to points in Texas and Mexico, the bride was wearing a toast linen dress with modified dolman sleeves and slim skirt. Her veiled pill box hat and gloves were a toast color and the auburn brown trim on her tapestry pumps matched her handbag. She wore the orchid corsage from her bouquet. Upon returning, the couple will reside on the Star Route at Stanton.

The bride is a graduate of Forsan High School where she was salutatorian, school favorite, and participated in sports and clubs. She attended Howard

Complimentary Affairs Honor Miss Fields

Miss Jan Fields was the honoree at a miscellaneous shower held Thursday evening in the Forsan Junior High School cafeteria at Elbow.

Miss Fields, wearing a grey wool dress and black silk pumps, was presented a corsage of white carnations. Honored guests were her mother, Mrs. Ted Fields; her fiancé's mother, Mrs. Mon McKaskle; her sister, Miss Mary Fields; and a close family friend, Miss Janice Plowman.

Hostesses were Mrs. J. B. Petty, Mrs. Ernest Newsom, Mrs. Maud Seal, Mrs. Pete Sherman, Mrs. Arlin Briggs, Mrs. Pearl Cauble and Miss Mable Dunagan.

The refreshment table was

covered with green linen with an overlay of white net centering the table was a white lovebird on a white satin base. Appointments were of milk glass and silver. An arrangement of white flowers and greenery graced the table where guests were registered by Mrs. Briggs. Mrs. Sherman served punch and the white cake decorated with wedding bells. Gifts were displayed at two tables.

GIFT SHOWER

Miss Fields was honored at a lingerie shower Monday afternoon when close friends gathered in the home of Mrs. Howard McChristian. Co-hostess was Mrs. Aury Moore.

Crystal and silver appointments were used on the white lace covered table where cake and punch were served.

Fashions For Lads Are Smart

The lassies are not alone in following the fashion lead set by grown-ups toward restrained shoe styling. Lads will be marching right beside their Dads in the Easter parade wearing their own youthful versions of trim oxfords, brogues and boot-shoes in lightweight smooth and grained leathers.

The handsewn leather moccasin in waxy or glove leathers continues to be a year-round winner with the young male. Constructed with leather upper and leather sole, the moc is rugged enough to withstand the most punishing treatment—including life with a typical American boy.

The sleek lines of the leather slip-on puts the zing into spring for young party-goers. Slip-ons may be highlighted with gored insets or decorative closings at the sides, and come fully lined in leather for a smooth, comfortable fit.

Judy Cain Plans Stanton Wedding

Mr. and Mrs. Herman O. Cain, Stanton, announce the approaching marriage of their daughter, Judy Caroline, to James Donald Mashburn, son of Mr. and Mrs. Elmer Mashburn, Stanton.

The wedding will be held March 24 at 8 p.m. in the First Baptist Church, Stanton. The Rev. W. H. Ulman will officiate.

Gardening Gloves Aid Pretty Hands

To help you out of a thorny situation, wear a pair of split leather gardening gloves when trimming rose and barberry bushes. With gauntlets ready for use in a gardening apron or tool basket when needed, you can work from sunup to sundown and still have well-groomed hands and nails.

Four times as resistant to penetration as any other glove material, split leather is safest for picking up bits of broken glass. Hoing and weeding chores may not be blissful, but they will be blisterless when your hands are encased in soft leather gloves. The supple leather allows full freedom of movement for wielding pruning shears, hedge clippers and grass scissors.

Blending Needed

If you want mealy pastry for a chicken or meat pie, be sure to blend together thoroughly the flour and shortening.

Engaged

Mr. and Mrs. Wayne B. Smith, 5235 Catskills, Wichita Falls, announce the engagement of their daughter, Nancy Charlene, to Edward Beverly Herndon Jr. He is the son of Mr. and Mrs. E. B. Herndon Sr., of Sweetwater. The couple plan to be married June 1, in the First Methodist Church at Sweetwater. The Smiths are former local residents.

Couple United In Ceremony Performed At Lubbock

Miss Cindy Becker and Ray Bryan Adams Jr. exchanged wedding vows at 7 o'clock Saturday evening in the First Christian Church at Lubbock. The double ring ceremony was performed by Dr. Dudley Strain.

The bride is the daughter of Mr. and Mrs. A. C. Becker Jr., 2614 Ridge Road, Lubbock, and the bridegroom is the son of Mr. and Mrs. R. B. Adams Sr., Rt. 1, Ackerly.

The ceremony was performed before an altar where branched candelabra, entwined with carnations and greenery, held white tapers. Bernie Howell, organist, played traditional nuptial selections.

The bride was escorted to the altar and given in marriage by her father. Her princess style gown was of ivory peau de soie and re-embroidered Alencon lace, fashioned with portrait neckline, fitted bodice and matinee sleeves. Appliqued lace medallions enhanced the bodice and bouffant skirt which extended into a wide chapel train. A silk bow accented the bustle back. The bridal veil was English illusion sprinkled with tiny pearls. She carried a wedding bouquet which was a cascade of gardenias and stephanotis tied with satin ribbons.

ATTENDANTS

Mrs. Bill McClure of Tulla was her sister's matron of honor. Miss Ginalu Holmes, Lubbock, was maid of honor. Bridesmaids were Miss Sudie Halsey, Lubbock; Miss Cynthia Johnson, Fort Worth; Miss Ann Robinson, Plainview; Cynthia Newton, San Antonio; and Mrs. Ken Talkington, Dallas, sister of the bridegroom. Flower girls Pamela and Connie McClure of Tulla, neices of the bride.

The feminine attendants were dressed identically in floor-length dresses of antique gold brocade satin, designed with rounded neckline, short sleeves and modified belted skirts. They wore matching headpieces and carried cascades of white glamelias.

Attending the bridegroom as best man was John Byram, Abilene. Groomsman were Burns Hamilton, Lubbock; Pete Laney, Hale Center; Delbert Shirley, Waco; Jerry Brock and Ron Arrington and Joe Becker, brother of the bride, all of Lubbock. The ushers were Toby Foster and a Bud Charlie Roberts, both of Lubbock.

RECEPTION

Family Travelogue

Mr. and Mrs. Harry Mack Brown and their children, Jana and Mark, do some armchair traveling as they pore over the family photograph album. Pictures of their travels in the United States bring back many pleasant memories and fascinate the youngsters.

H. M. Browns Leave Camp Life, Buy Home

By MARY COCHRAN

The Harry Mack Browns have been residents of Big Spring for two weeks only and already are established in their new home at 2707 Carol. His work as an engineer has taken them to many places, and this is the first time that they have joined the ranks as home owners.

They are looking forward to a change from the company camp life they knew at their former home six miles out of Shidler, Okla.

Brown is connected with Phillips Petroleum Co. where he serves in the producing division at the Permian building. He lists nine years in the company with the exception of a two and one half year term in the Air Force. He carried the rank of lieutenant and was a photo, radar intelligence officer.

During that period, the couple lived in several parts of the country but regard Virginia as one of the most interesting places they lived. It was there seven years ago that their son, Mark, was born. They recall the

beauty of the state and appreciate the opportunity they had to witness the Jamestown Festival where they saw Queen Elizabeth and President Eisenhower. They also toured the colonial city of Williamsburg.

It was in September of 1963 that Miss Sue Ball of Duncan, Okla., married the boy who lived in the next block. This was the same boy she had watched in high school where he played on the football team, the basketball court and the baseball diamond.

Brown received his engineering degree at Oklahoma State University at Stillwater, Okla. There he became a member of Sigma Nu fraternity. Mrs. Brown spent two years at New Mexico University, Albuquerque, N. M., and is a member of Pi Beta Phi.

Brown, a sports fan, is going to be torn in his loyalties between Texas and Oklahoma when the next football season rolls around. The couple enjoy bowling and bridge and he will be looking for golf foursomes as soon as they are settled. She

plans to attend the Newcomers Bridge Club.

Their daughter, Jana, 3½, was delighted last week when her two grandmothers from Duncan visited and helped them settle in their new home. The visitors were Mrs. A. C. Bailey and Mrs. H. M. Brown.

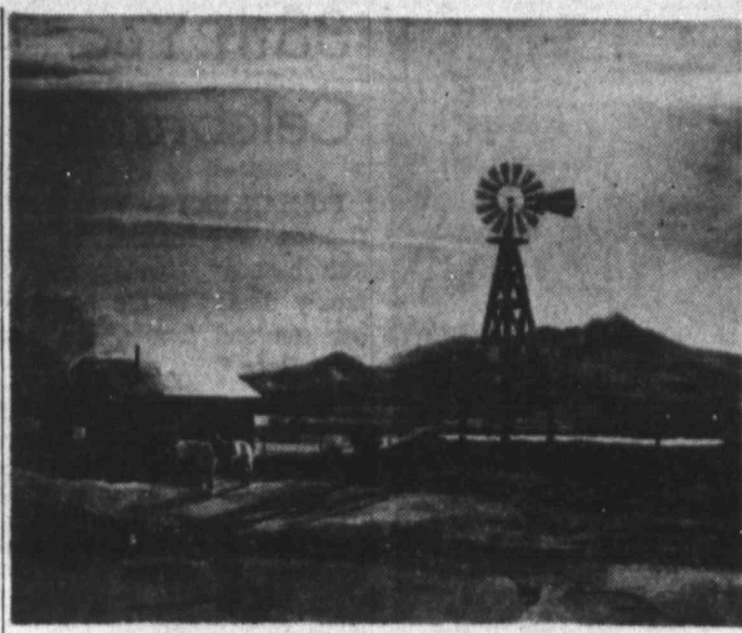

Miss Wool Pageant Scheduled

In a recent joint statement from Odessa, Texas Sheep and Goat Raisers Association representative James Baggett of Ozona, and Chamber of Commerce president Winston Barclay announced that this year's Miss Wool of Texas Pageant would be held in Odessa on June 20.

This is the 13th annual pageant and will feature the newest fall fashions of Texas designers. The 12 Miss Wool finalists will model some 50 garments entirely designed and manufactured in Texas. The new Miss Wool of Texas will receive a 50 garment wardrobe, a \$500 participating scholarship, and use of a new automobile.

Kim Dawson, coordinator for Fashion Features of Dallas, who will coordinate fashions for the pageant, commented that the pageant was the official fall showing for Texas designers and manufacturers, and that those attending would be the first to see the newest fall fashions.

Any requests for applications should be made to The Miss Wool of Texas Pageant Committee, Post Office Box 3626, Odessa, Texas.

Hurd Painting In Gallery

Peter Hurd's "The Late Visitor", shown above, is one of several paintings by him—as well as those of 34 other artists—which will be included in a new Collector Gallery to be opened Thursday and Friday of this week in Midland, at 511 West Texas Street. The new gallery will feature some of the most important names in Fine Arts of the past and present. The opening exhibition will include works of other great Southwesterners, John Meigs and Manuel Acosta. The public is invited to visit the new gallery.

Art Gallery Opening Planned This Week

A notable addition to Fine Arts in the Midland-Big Spring area will be the opening this week of the Collector Gallery in Midland. Opening dates are Thursday and Friday, and the public is invited.

The exhibit will be at the Baker Company location in Midland, 511 West Texas St.

Attending on the opening days will be John Meigs and Manuel Acosta, well known Southwestern artists and both represented in the collection. Following the opening days, the Gallery will be open five days a week, and constant additions to the collection will be made throughout the year.

The somewhat unusual combination of office equipment with fine art has come through a natural progression. Two years of contacts and preparation was the foundation for the first such gallery, in Lubbock. With the help of John Meigs, the Baker people were able to enroll the support of many famous Southwest and U.S. painters, whose works are seldom seen in this part of the country, in a commercial presentation.

The opening of the Lubbock project was so successful that the sponsors have been working to fill the demand for outstanding works, the high standard set for the gallery. In addition to paintings, sponsors have obtained through East and West Coast sources original bronzes, Chinese scrolls, and original sculpture.

Featuring work by such

Business Outlined To Credit Women

The problems of operating a small business were discussed by Mrs. Modesta Simpson Thursday at the luncheon meeting of the Big Spring Credit Women's Club.

Mrs. Earl Hughes introduced the speaker who pointed out that the need for tact and diplomacy was important in making customers understand credit reports.

Mrs. E. O. Worthan, president, and introduced a new member, Mrs. Ernest Welch. Twenty-six members were present for the meeting at the Wagon Wheel.

FORSAN-P-TA WILL MEET

The Forsan Parent-Teacher Association meeting will be held Monday at 7:30 p.m. in the high school cafeteria.

COSDEN CHATTER

Harris Leaves Tuesday For Area Meetings

T. A. Harris Jr. will be in Austin Tuesday, visiting the State Highway Department laboratories. The remainder of the week will find him in Houston attending an octane meeting of the ASTM Texas Regional group.

Ray Richey is getting along nicely after having been hospitalized this week.

Buck Drake and Joe Sharpnick have been in Amarillo attending the regional basketball tournament.

Fred Jones, formerly of the refinery truck department, is in Malone and Hogan Foundation Hospital.

Mr. and Mrs. J. M. Dalton were in Monahans Friday for the wedding of their daughter, Delores, and Billy Joe Andrews.

Rites were read in the Church of Christ.

The Gorman Finleys have as weekend guests the Kermit Hubbards of Abilene. Finley and Mrs. Hubbard are brother and sister.

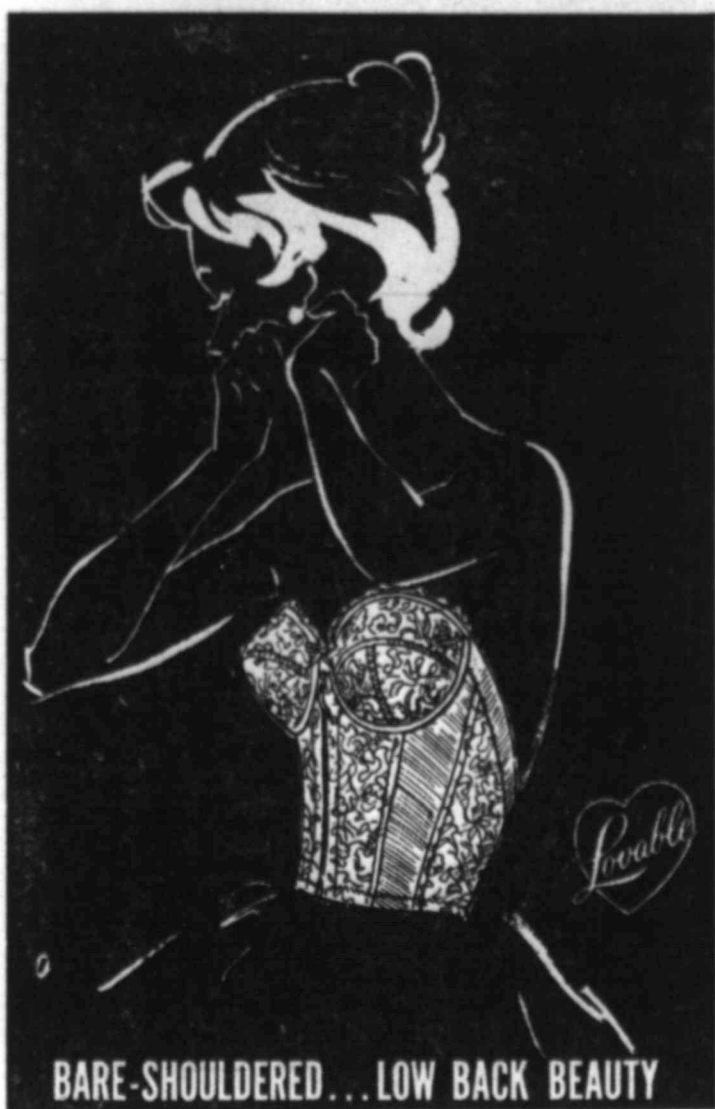

Molly Hefner was in San Angelo Friday for the tennis tournament.

Jerry Jenkins is in Canada on business.

Friday was Mrs. Bobby Fuller's last day with the company. She will devote all her time to homemaking.

Mr. and Mrs. David Henry and the Pat Griggs are skiing in Ruidoso, N.M. this weekend.

Mrs. Ed Harris has transferred from the downtown office to the engineering department.

Governor And Debutante

Texas Governor John Connally visits with Jean Elaine Pierce, who was one of the debutantes presented at the annual Colonial Ball given during the recent celebration in Laredo. Daughter of Col. and Mrs. Charles H. Pierce, Jean was a junior high school student in Big Spring during the time her father was Pilot Training Group command-

88th Year Celebrated

FORSAN (SC) — Mrs. G. W. Overton was honored on her 88th birthday Monday with a family dinner in the home of her son and family, Mr. and Mrs. Jesse Overton.

Mrs. Overton, known to many as Aunt Belle, was a 15-year-old girl when she moved with her parents to this area from Ireddell. She now lives only a few miles from where the family originally settled. Mrs. Overton has lived in her home 5 miles west of Forsan approximately 60 years.

There were two sons in the Overton family, Jesse and Ruben. Both Ruben and Mrs. Overton's husband are now deceased. She has three grandchildren and five great-grandchildren who all live near her. They are Mr. and Mrs. Jess Louis Overton and three children, Mr. and Mrs. Mac Robinson and their two daughters, and Miss Lavell Overton.

Until one year ago when her health became impaired, Mrs. Overton was active in her church and sewing club.

Simpson Is Guest

Wade Simpson of Midland was the guest of his mother, Mrs. Modesta Simpson, on Sunday. They spent the afternoon with his grandmother, Mrs. Tom Good, at Vealmoor.

Council Cites Group Plans

Committee work was reported at the Howard County Home Demonstration Council meeting held Monday afternoon in the Community Room at First Federal Savings and Loan Association building.

Mrs. W. N. Norred read the devotion and reported for the education committee. She announced that S. M. Anderson, superintendent of schools, will join Chaplain Max Maguire and Ralph Caton in presenting a countywide program March 24 at the Community Room. The study will concern school dropouts, dating practices and teenage marriages. Club presidents were asked to make reservations with Mrs. Norred by March 20.

A letter from the state hospital was read inviting all members to an orientation meeting at the Allred building Tuesday at 8:30 a.m.

Mrs. W. L. Gaskin, finance committee, reported the distribution of pepper and vanilla for sale, and assigned food to be prepared for the Junior Fat Stock Show this week. Mrs. John Sutherland, recreation, asked members to read selections from the reading list. Also, she conducted a food quiz during the session.

REPORTS NOTED
Mrs. Sonny Shroyer, reporter,

outlined methods for filling reporter forms and detailed a club visit to the Big Spring Herald. Mrs. Frank Wilson, Texas Home Demonstration Association chairman, announced that the district meeting will be April 30th at the First Baptist Church, Floydada. Mrs. Norred, Mrs. Gaskin and Mrs. Wilson were elected delegates. Alternates are Mrs. Ila Mae Dunning, Mrs. A. C. Hale and Mrs. Roy Shortes. Mrs. Norred was named THDA chairman for 1965.

The council voted to donate to a gift for the outgoing district director. The council meeting time was changed from 2 p.m. to 1:30 p.m.

SEWING CLUB
Mrs. Delaine Crawford told of the sewing club she is conducting at the Lakeview YMCA, with the help of Miss Audrey Klaus, her new assistant agent.

Refreshments were served to 28 members and guests. Mrs. Johnny Green, Mrs. Buck Sitton, Mrs. Crawford and Miss Klaus. Mrs. Carl Mangum was introduced as a new member of the council and the president of Wesson Road HD Club.

The hostess table was covered with a white linen cloth and decorated with a St. Patrick motif. A green hat and shamrocks were used for the centerpiece. Mrs. Green and Mrs. Sitton served.

SQUADRON SCROLL

Celebration Planned For St. Patrick's Day

Are ye yearnin' to see ol' Ireland and the wearin' of the green? Class 65-C wives are and they are going to do something about it Thursday afternoon at 2 p.m. when they host the Student Squadron meeting. They may not be able to transport a blarney stone to the Officers Club but there is bound to be a lot going on. Decorations and refreshments will follow a Saint Patrick's Day theme and Mrs. Terry Patterson, a Big Spring artist, will present the program, "Choosing Art for the Home".
Thursday's meeting will be the last one for the wives of 64-F. Their husbands will be graduating March 26 and leaving Webb for further training.

WEBB WINDSOCK

By MARILYN WILSON

At the monthly meeting of the OWC Board Tuesday, Mrs. I. L. Patton presided for the last time. Capt. and Mrs. Patton will be leaving many friends as they return to civilian life and make their home in Fort Worth. Fortunately, they will still be within visiting range.

Mrs. R. L. Sandner now assumes the duties of OWC president. Mrs. Patton presented the gavel at Thursday's luncheon before the membership and guests.

The board approved the following list of representatives to make up the nominating committee: Mrs. J. B. Baird and Mrs. R. Rader, Air Base Group; Mrs. O. J. Knutson and Mrs. B. R. Underwood, DCT; Mrs. W. B. Blackwell and Mrs. J. K. Fletcher, 3560th PTS; Mrs. E. O. Westback and Mrs. J. M. Wilson, 3561st PTS; Mrs. D. E. Wilson and Mrs. J. G. Short, Hospital; Mrs. W. E. Wood and Mrs. J. L. Crane, 331st FIS; Mrs. J. E. Bold and Mrs. W. D. Largent, M&S; and Mrs. W. J. Kopecky and Mrs. H. B. Ferguson, 3560th Student Squadron.

This month's Hi and Bye Coffee, hosted by Class 65-D, has been changed to Wednesday, March 25, due to the previous scheduling of graduation for Class 64-F.

There is a real need for Grey Ladies. An orientation class will be held March 9-11 from 9 to 11:30 a.m. in Ward 3 of the Base Hospital. Contact Mrs. Tom Normile at AM 4-8776 for further information.

Last minute change in plans turned a regular bridge night into a fun night to remember for Mrs. I. L. Patton. Eating pizza and playing bridge at the Officers Club, Carol's bridge club honored her with a farewell party. As a remembrance she was presented a pair of Dansk candlesticks with tapers. Also taking home high honors was Mrs. Patton; second high, Mrs. R. L. Sandner.

Visiting from Burlington, Iowa, this past week were the parents of Lt. R. S. Friedman, Dr. and Mrs. Donald S. Friedman. Arriving this week-

Class 65-F arrives tomorrow so this month's Student Squadron meeting will be the first for them. Let's help them feel at home.
Mrs. K. W. Irwin, 64-H, held a baby shower at her home Wednesday evening in honor of Mrs. Robert Donceel. Lt. and Mrs. Donceel became the parents of a daughter, Harold Dene. Feb. 4. Prizes were won by Mrs. Q. B. Newman, Mrs. J. A. Schwefel and Mrs. L. R. Conder.
Lt. Dennis Rose was surprised with a birthday party in his honor Friday evening at the base pavilion. The well kept secret was planned by his wife, Janet, and the party was attended by Class 65-D members, their wives, and friends.
Lt. and Mrs. Calvin Anderson were visited last weekend by his brother and sister-in-law, Capt. and Mrs. W. E. Anderson. Captain Anderson graduated with Class 64-D at Moody AFB and completed survival training at Stead AFB. He is on his way to Tampa and an assignment in the F-4C.
Lt. and Mrs. Robert Horning, 64-H, are being visited this weekend by his brother-in-law and sister, Mr. and Mrs. Roger Hayward, of El Paso. Lt. Horning's parents, Mr. and Mrs. Walter Horning, are also visiting. They will return home to Revere, Minn., this week.

The March Hi and Bye Coffee will be held at 10 a.m. Wednesday, March 25, in the Officers Club. Please take note of the change of date. The Student Squadron Board meeting will be held Monday afternoon at 1:45 in the VIP room at the Officers Club.

end is another visitor from Burlington, Miss Pauline Siefken.
Mrs. Al Swearingen hosted three tables of bridge in her home recently for the medical wives monthly session. Taking high was their guest, Mrs. Phil Hines, second high, Mrs. W. L. Shaffer.

Driving from Big Spring to Colorado Springs, Colo. and Sioux City, Iowa and back in one week, was a recent experience for Capt. and Mrs. Roger Counts. The trip was due to the death of Mrs. Counts' mother. They have returned and Mrs. Counts is now assuming the duties of third vice president to fill the vacancy left by Mrs. T. A. Nelson. Mrs. Nelson resigned to make preparation for the transfer that takes Capt. Nelson and family to Elgin AFB, Fla. after four years here with the 331st FIS.

Lawettes Convene For Table Games

A Texas motif was used for decorations at the meeting of the Lawettes Thursday evening in the Community Room at the First Federal Savings and Loan Association building.

Hostesses were Mrs. John Wolf, Mrs. Graydon Howell, Mrs. Avery Falkner, Mrs. Charles Marstrand, Mrs. Ronnie McCuiston and Mrs. Melvin Daratt. Table games were played by nineteen members.

BIG SPRING DAILY HERALD

SECTION D

BIG SPRING, TEXAS, SUNDAY, MARCH 8, 1964

SECTION D

County's Stock Show Will Begin Here Tuesday

Howard County FFA and 4-H Club Fat Stock Show, now in its 27th year, gets under way Tuesday at the Howard County Fair barns.

The show continues through Thursday with the big auction sale of that night as the grand climax of the three day event.

Herb Helbig, county farm agent and general superintendent of the show, said that he estimated the entry list will match that of the show last year. He said the quality of the lambs and steers is high and

that competition promises to be exceptionally keen.

Sponsors

These annual shows, first staged in 1937, are jointly sponsored by the Howard County Junior Livestock Association and the Big Spring Junior Chamber of Commerce.

Charles Biel is president of the Jaycees. Alton Maywitz is the Jaycee show sales chairman. The committee under Maywitz has been busy lining up buyers and planning for the auction. They hope the grand champion of this year's show can bring a price comparable with the \$1,175 paid in 1963 for the prize steer shown jointly by Mark and Maxwell Barr of Vincent.

The Barr brothers are said to be seeking another championship this year. Mark won the 1962 title as well as sharing title honors last year with his younger brother. Prize money totalling \$148 has been set up for the lamb division, \$198 for the steer division plus \$25 for grand champion and \$15 for reserve champion.

Trophies, too

Trophies and ribbons will be awarded to winners. Prize money for lambs will be paid for the first 10 places in each breed and weight class. Prize money in the steer show will be paid through 10th place in the light, medium and heavyweight divisions.

Showmanship trophies will go to the best lamb showman and the best steer showman.

Activities begin at 8 a.m. Tuesday. All lambs and steers must have been weighed and tagged at the barn by noon.

Wednesday at 9 a.m. W. M. Day, Upton County farm agent, will begin judging lambs.

At 2 p.m. Wednesday, Ray Sims, Coleman County farm agent, will begin judging the steers.

SOMETHING NEW
The big auction sale will be at 7:30 p.m. Thursday night. Immediately prior to the auction, the annual barbecue for

buyers and for exhibitors will be served at the fair barn.

Something new is planned this year at the sale. Buyers who bid on animals will be singled out by a committee of 4-H Club girls and each buyer will be adorned with a bandanna handkerchief.

Helbig will be aided by Truett Vines as assistant show superintendent; Ray White and Ed Seay, as assistant superintendents in charge of steers; J. W. Overton and Gerald Oakes, as assistant superintendents in charge of lambs. M. H. Boatler is official weigher for the show.

This year, as last, an entry fee of \$5 per head will be charged for steers and \$2 per head for lambs. These fees must be paid at the time the animal is weighed in at the show.

OPEN TO ALL
The annual Howard County junior shows are open to any boy or girl under 21 years of age who is properly enrolled in 4-H Club or FFA work.

The number of animals to be sold at the auction will be kept down to a considerable extent. No exhibitor will be permitted to sell more than one lamb or one steer at the sale.

All exhibitors must accompany their animals through the sales ring at the sale. Only possible exception would be the illness of an exhibitor and in this case the superintendent must approve the person to represent the exhibitor.

HE WASTED NO TIME
Ken Harrod, New Assistant County Agent

New Assistant Hits Ground A-Clipping

"I met him at the door, shook hands with him and then handed him a pair of clippers and suggested that he go to work."

Herb Helbig, Howard County farm agent, thus described the official welcome accorded Ken Harrod, 22, who checked in Monday morning as assistant county farm agent.

Young Harrod, a native of Wewoka, Okla., where his father is manager of an Angus ranch, succeeds Lovell Kuykendall, who resigned several weeks ago as local assistant agent to become agent at Brady.

Helbig explained that this is the busy season for his office. Last week, Howard County 4-H club boys and girls are in San Angelo competing in the annual San Angelo Fat Stock show. This week, the 27th Annual Howard County FFA and 4-H Fat Stock show opens.

Harrod arrived just in time to lend a hand with the stock for San Angelo and getting the local show on the road.

Harrod is a graduate of Oklahoma State University. He was presented his degree in animal husbandry and agriculture education in 1963. He accepted a position as assistant agent in Harris County 10 months ago and served there until the opportunity came to move to Big Spring.

He is married and he and his wife, Kaye Lynn, whom he met in college, have a one-month old daughter, Karrie Lou. Mrs. Harrod is a graduate elementary teacher.

The Harrods have established a home on IS 29 four miles east

Hogs Were Fed Booze In Bread

MONTGOMERY, Ala. (AP)—Alabama farmers have been advised to be suspicious if their hogs stagger around in a peculiar manner.

State Agriculture Commissioner A. W. Todd issued the warning. Saying a theft ring broken up recently had been feeding hogs loaves of bread soaked in bootleg whisky. When the hogs got too drunk to stand, Todd said, "they were loaded into the back of cars and trucks without squealing or commotion."

Puzzle of Friday, March 6, Solved

DEAR ABBY
Still Firm On Chastity

DEAR ABBY: You have always insisted that the white wedding gown and veil are symbols of chastity and virginity, and should be worn only by brides who have earned them. Now you quote from St. Thomas Aquinas, and seem to have wavered from your original stand. I certainly believe in the forgiveness of sins; that even the sinner is truly repentant. But this forgiveness does not remove the consequences of the sin. The unchaste woman may be forgiven by the Lord, but she still loses her right to the symbols of virginity. I urge you to remain firm in your original position. Our young people must learn that there are certain penalties for unchastity and rewards for purity.

A CONCERNED PASTOR
DEAR PASTOR: I remain firm in my stand, and waver not the slightest. I printed the Catholic point of view.

Mental Clinic Idea Studied

Members of the Public Health and Safety committee of the Chamber of Commerce took another look last week at the possibility of a mental health clinic.

James Cape, chairman of the subcommittee on this proposed project, said that material was being digested and that he would be ready to report at the next meeting.

The committee also planned to further study the possibility of some safety signs on US 80 through the city. Red Williams, W. W. Brown and Paul Soldan were named on a subcommittee to check with city officials about the possibilities.

City Manager Larry Crow reported that the city had served initial notice in eight instances under a new ordinance requiring action on real property declared a nuisance. Owners have been given notice to make the buildings safe and sanitary or else demolish them. They are located in all parts of the city. Crow said also that the vacant lot cleaning program would be launched earlier this spring than last year. Under this program, the city gives notice and if owners do not respond, the city cleans the property and charges for it.

High Rating

A 95.6 per cent overall up-grading rate has been attained by Detachment 2, 2053 Command Squadron at Webb AFB. This includes upgrading through classification boards and Skill Knowledge Tests. Statistics recently compiled by T. Sgt. James E. Stewart, unit training NCO, cover a 30-month period.

New Tax Law Summaries Are Now Available

WASHINGTON (AP) — Summaries of the principal changes under the new income tax reduction law are now available at post offices and banks, an Internal Revenue Service official said.

The two-page instruction sheet also contains income tax rates which will apply to 1964 income. The instruction sheets are designed to help taxpayers who must file estimated income tax forms and are not related to the forms most taxpayers must file before April 15 to cover 1963 income.

YOU SAVE ENOUGH TO BUY

WHEN YOU DRY WITH GAS

TWO MONTHS SUPPLY OF MILK

SAVE ON INSTALLATION AND MAINTENANCE, TOO. A GAS clothes dryer costs less to install and maintenance costs are the lowest of any dryer. A GAS burner, the heart of your dryer, carries a lifetime guarantee.

When you dry your clothes with GAS, you can save \$24.00 a year on your utility bill! That's enough to buy twenty-five gallons of milk... a two months supply for an average family of four. You get quality performance, too. GAS dries your clothes faster... yet gently... and leaves them as fresh as springtime.

STAMP NEWS

United Nations To Issue New Commemorative

By SYD KRONISH
 AP Wirephotos

The second commemorative stamp of the year to be issued by the United Nations will honor the U. N. Conference on Trade and Development and will have first-day ceremonies March 23. This is the date the conference convenes in Geneva.

The international conference, with an estimated 1,500 participants and observers, will consider problems involved in the expansion of trade and take practical steps to meet the special needs of developing nations. It will continue until June 15.

The new stamp has a basic design of arrows pointing in two directions, denoting a global flow of trade. The 5-cent stamp will be red, yellow and black. The 11 cent will be olive green, yellow and black. The marginal inscriptions will consist of the U. N. seal with the text "Trade and Development" around the top of the seal.

Collectors desiring first-day covers may send their remittances to cover the cost of the stamps to be affixed to the U.N. Postal Administration, United Nations, New York, N. Y. 10017. The outside envelope must be clearly marked "FDC-TRADE." A filler of medium weight should be placed in each envelope. Requests should be mailed as far in advance as possible.

Canada has announced the issuance of a new stamp showing a modern jet taking off from a Canadian airport. While the stamp bears a flight motif and was designed primarily for airmail letters to the U. S., it will not be specifically an airmail stamp. It replaces the blue "Canada Goose" design. The value of the new stamp is 7 cents.

U. S. Postmaster General John A. Gronouski has released the design of a new postal card honoring the U. S. Customs Service. The 4-cent card in red, white and blue commemorates the 175th anniversary of the founding of the Customs Service, an agency within the Treasury Department. A map of the United States in blue forms the background for the new card. A band of white bisects the map, into which is set in red and blue the word "Customs." Under this are the words "175 Years of Service." Crossed U. S. flags appear upper left and in the Gulf of Mexico appears "4 cent U. S. Postage." The card which is based on a design by New York artist Gerald Kurtz, was first issued in Washington Feb. 22.

Argentina has issued a 4-pesos commemorative stamp honoring its fourth National Folklore Festival. The stamp depicts a reproduction of the "Payador" (Wandering Minstrel) by Juan Carlos Castiglino. Soon to be issued by Argentina will be stamps honoring the 18th Olympic Games in Tokyo, 15th Congress of the Universal Postal Union, memorial to Pope John XXIII, United Nations Day and

'64 CHEVROLET—THE GREAT HIGHWAY PERFORMER

Nothing feels steep in a Chevrolet Impala (including the price!)

A hill is just something to admire the view from when you're driving a '64 Chevrolet. With engines up to a 425-hp V8*, getting from one side to the other wouldn't be much easier if somebody had put a tunnel there.

And if Chevrolet can go over a whole mountain so you hardly feel it, you can imagine how it goes over plain old bumps. Jet-smooth, of course. We put a big coil spring at all four wheels (not to mention 700 or so sound and shock absorbers throughout the body and chassis) to soak them up as fast as they come. As you'd expect, Chevrolet turns in its usual fine performance with everything inside that big beautiful Body

by Fisher, too. All kinds of stretch-out room and wide thick-cushioned seats that let you get in a full day's driving without fatigue. Yards of deep-twist carpeting and elegant fabric and vinyl upholstery that make you feel good just being there.

With all its looks and luxury, you can see how anyone might get the idea that this great highway performer is a high-priced car. Unless, of course, they happened to look first at its reasonable Chevrolet price.

And your Chevrolet dealer will be happy to show you that, wherever you drive, the price is probably what you'll feel least of all.

THE GREAT HIGHWAY PERFORMERS Chevrolet • Chevelle • Chevy II • Corvair • Corvette

February Potential Shows Sharp Drop

New potentials in February dipped sharply from January as 1,231 less barrels of new oil was indicated on test.

In February, 38 oilers finished 3,816 barrels, including 217 barrels of oil in discoveries. The total was down almost a fourth from the previous month's 5,047 barrels.

Howard County showed twice as many completions as any other area county but was second in potential as Dawson County led in amount of new oil produced. Howard County had 13 new projects brought successfully to completion for 970 barrels, while Dawson had six completions for 1,293 barrels on potential.

BORDEN
Borden County was the only one in the local eight-county area which failed to record any successful completions during February. Two new projects were filed, however. One is in the Koonsman field and the other in the Good, Southeast field.

DAWSON
Six oilers accounted for 1,293 barrels of new oil in Dawson County during February. One is the explorer previously mentioned, three are in the growing Ackerly field and the other two are in the Lamesa, West and Tex-Hamon fields.

There were eight new locations. Two are prospectors, two apiece are in the Ackerly and Lamesa, West fields and one each are in the Spraberry Trend Area and the Wells field. One project in the Triple D was found dry and abandoned.

GARZA
Four completions were seen in Garza County during February, with two of the projects in the Dorward accounting for 118 barrels of the 129 barrels of new oil produced. The other completions were in the Post and Duffy Peak fields.

Three new locations were filed, one a wildcat, while the remaining two were in the Dorward field. No projects were plugged and abandoned.

Oil Production Unpredictable

HOUSTON (AP)—A petroleum economist says it is rather foolish to forecast how much crude oil will be produced in the United States 30, 40 and 50 years from now.

Richard Gonzalez says the United States has sufficient oil reserves for many years, but that ultimate total production will be determined by economic factors rather than by physical limitations.

"We should quit wasting time on predictions of ultimate production and concentrate attention on the outlook for the next 20 years," said Gonzalez, a frequent member of oil industry expert panels which testify before committees of Congress.

About 145 billion barrels of oil have been produced in the United States since 1959. Gonzalez, a director of the Humble Oil & Refining Co., said current estimates of ultimate U.S. crude output range from 170 to 500 billion barrels.

Government Asks For More Control

By CHARLES HASLET
WASHINGTON (AP)—A renewed request by the Federal Power Commission for more power over the natural gas industry brought a quick challenge from within the industry this week.

The commission, in its annual report to Congress, asked early action on two proposals for amending the Natural Gas Act.

One would give the commission jurisdiction over gas sales in interstate commerce directly to industrial users. The other would broaden the commission's powers to gather and publish information on all facets of the natural gas industry.

The Independent Petroleum Association of America promptly applied a "seriously misleading" tag to the commission's report.

The report, the IPAA said, seeks "to lull Congress into believing, contrary to fact, that FPC regulation of gas producers is proceeding efficiently, expeditiously, to the satisfaction of the industry, and in the best interest of consumers."

To turn that frown into a big smile (with background music played by a ringing cash register) send your sales messages out to your best prospects with inexpensive, far-reaching Classified Ads.

The people reading Classified Ads are ready-to-buy! They already "want" something and are seeking out offers to decide where to buy it. Don't miss out on this ready-made audience. Give them a "sales-talk in print" and cash in on plus business.

AREA STATISTICS

Table with columns: COUNTY, FIELD, PAA, Locations, Completions, Potential. Includes sub-headers: FEBRUARY, BORDEN, DAWSON, GARZA, MITCHELL, HOWARD, STERLING.

GLASSCOCK
Glasscock County registered 219 barrels of new oil in February as three Spraberry Trend Area projects came in successfully. Two other completions were noted, one a wildcat for 110 barrels (the most successful area wildcat) and the other in the Howard-Glasscock field.

Two new projects were filed with the Railroad Commission, one a wildcat and the other in the McDowell field.

HOWARD
Out of Howard County's 13 completions, nine of the projects were finished in the Howard-Glasscock field for 344 barrels of the 970 total. Two more completions came in the Hutto while the other two were in the Luthers, Southeast and the Snyder fields. The Luthers, Southeast project yielded 336 barrels.

Six locations were filed, three apiece in the Howard-Glasscock and Snyder fields.

MITCHELL
Mitchell County had two completions, both in the Iatan-East Howard field which netted 91 barrels. This was the lowest total of new oil produced in any of the eight counties with the exception of Borden County which showed no completions.

Eight locations were filed, four coming in the Iatan-East Howard field, while the last two were in the Sharon Ridge 1700 and in wildcat territory. No holes were plugged and abandoned.

STERLING
Sterling County had four completions in different formations which accounted for 243 barrels of new oil. Wells were finished in the Triple M, Parochial, East, Clark, and in a wildcat project to the Ellenburger. The Triple M project accounted for 177 barrels of new oil.

New Location To Be Drilled Near Welch

One new location has been filed with the Railroad Commission in Dawson County. Apache Corp. will drill No. 1 N. P. Cochran on 5,500 feet by rotary tool in the Welch (San Andres) field. The project spots 600 feet from the north and 1,980 feet from the west lines of section 1-C-39, PSL survey. It is two miles east of Welch on a 190 acre lease.

Rotary Rigs Decrease

The weekly Friday survey of rotary rig activity in the Permian Basin Empire conducted by the Reed Roller Bit Company showed 202 units in operation, a drop of nine from the 211 reported the prior week.

This also was a drop of 25 from the 227 reported in the region on the comparable survey for 1963.

The county-by-county tabulation, with last week's figures in parenthesis, is: Andrews 12 (16), BORDEN 1 (1), Chaves 1 (1), Cochran 1 (1), Coke 1 (1), Concho 2 (1), Crane 6 (4), Crockett 5 (5), Culberson 0 (1).

DAWSON 7 (9), Ector 20 (15), Eddy 5 (15), Gaines 10 (8), GARZA 2 (3), GLASSCOCK 1 (0), Hale 1 (1), HOWARD 1 (1), Kent 7 (2), Lea 37 (45), Lynn 1 (0), Midland 2 (1), MITCHELL 2 (3), Nolan 1 (1), Pecos 11 (14), Presidio 1 (1), Reagan 1 (1), Reeves 8 (3), Roosevelt 2 (3), Runnels 5 (5), Schleicher 2 (3), Scurry 3 (3), STERLING 2 (2), Stonewall 5 (2), Terry 1 (6), Tom Green 3 (1), Upton 4 (5), Ward 7 (10), Winkler 8 (11), Yoakum 12 (11).

Producers Show Gain Over Figures Of 1963

TULSA, Okla. (AP) — U. S. oil production for the first two months of this year is about 1.7 per cent above that of the same period of 1963, the Oil and Gas Journal said today.

Production of crude oil and lease condensate through Feb. 29 averaged 7,578,500 barrels a day, up 129,500 a day over the average for the first two months of last year, the magazine said. Output last week averaged

Pipeline Companies Will Face TIPRO

AUSTIN (AP)—The Texas Independent Producers and Royalty Owners Association (TIPRO) has raised again the issue of whether a pipeline company can drop its common carrier status and accompanying regulation by the Railroad Commission.

TIPRO filed with the commission a request for a hearing to investigate a five-cent per barrel "marketing and service charge" imposed on producers Feb. 1 by the Permian Corp. of Midland.

Permian's charge affects producers in its 212-mile long North Texas system in Archer, Wichita and Wilbarger counties. About 2,800 barrels of crude move daily through the system, the state's sixth largest.

TIPRO was joined in the complaint by the North Texas and West Central Texas Oil and Gas Associations and four producers: Clyde Gibson, Charles Kings and Bradley Streeter of Wichita Falls and Grardige Corp. of Breckenridge.

Permian claims it is a private carrier not subject to commission regulation. A similar claim was made by another West Central Texas gatherer, the Rock Island Oil and Refining Co., but a common carrier subsidiary was formed by Rock Island after TIPRO complained of the action to the commission. TIPRO has not pushed the complaint.

The Rock Island controversy led to an investigation by a legislative committee headed by Rep. Maurice Doko of Wichita Falls. Gov. John Connally said he would appoint a committee to investigate if price deteriorations continue.

"We're wondering if this isn't that next price cut the governor was talking about," an independent spokesman said of the Permian case.

"We want to see if this charge

is a tariff to be paid by purchasers or a price cut to be paid by producers. If it is a price cut, we anticipate notifying the governor," the spokesman said.

Representatives of TIPRO, North Texas and West Texas Oil and Gas Associations met with Doko last week and agreed that further investigations are needed. Doko has held several hearings, including one in Abilene.

The Permian situation is important to independents not only because they want a commission determination on the question of abandoning common carrier systems, but also because Permian operates many smaller systems across the state and they fear a spreading of the problem.

The case is an outgrowth of a transition in the oil industry which has not been accompanied by a transition in the statutes, independents contend.

When most oil laws were written 30 or 40 years ago, the common operation was one with single ownership and operation of production, gathering and refining, a setup allowing total regulation by the state. Since then, independent gatherers have become dominant, dividing the integrated system and posing new problems of regulation, inde-

West Texas Ranks Third

West Texas ranks third among the various regions of the state in the number of rotary rigs making holes, according to a report released to the American Association of Oilwell Drilling Contractors by Hughes Tool Co.

Although showing a drop of six rigs from last week, West Texas total of 88 was second only to West Central Texas' 125 and the 111 figure shown by land rigs in South Texas and the Gulf Coast.

Texas has 449 rigs making holes, a number that tops the nation. Louisiana is second with 251.

"Such transfers operate to withdraw the statutory protection of ratable taking and of prohibition of discrimination from those producers who are captives of the pipeline system to which they must sell."

These are not just ordinary shoes. The "UNIMOLD" and "DURASHINE" features make them outstandingly different.

KINGSWAY
SHOES FOR MEN

Here at last is a shoe that can perform double duty. The Durashine treated leather uppers practically take care of themselves, resist scuff and scrape marks. New full dress appearance, easy to restore with soap, water and the whisk of a cloth. The Unimold wonder sole in normal conditions will outlive the life of the shoe. The sole is mar-proof — positively will not mark expensive floor coverings or rugs. See these wonder shoes now at Anthony's.

Men's Sizes 6 1/2-11 A-B-C-D Widths 6 88
Boys' Sizes 3 1/2-5 C And D Widths 5 95
Youths' Sizes 12 1/2-3 C And D Widths 4 98

- Here is why these shoes are superior SEVEN WAYS
- 1. The soles and heels will outlast the uppers and the shoes (under normal wearing conditions) may be outgrown before soles are outworn.
- 2. The DURAMOLD PROCESS molds the sole and heel to the upper in a seal that repels dampness.
- 3. Sole and heel are molded in one flexible piece.
- 4. No sole stitching to rot or tear, much stronger than ordinary construction.
- 5. Sole and heel are non-marking and are embedded with slip-resistant grid.
- 6. These shoes are lighter weight than ordinary shoes.
- 7. The upper leather, with new Durashine Process treatment, is exceptionally resistant to scuffing, scraping, straining. Shoes have a smooth satiny appearance, stay new-looking longer.

Shamrock '64 Flight Slated For March 17

By M. A. WEBB
The annual St. Patrick's Day flight into Shamrock has been scheduled for March 17, and all loyal Irishmen and fun-lovers are invited. Transportation will be furnished from the airport to the 8 a.m. breakfast at the Wrangler Restaurant.

The program will include a parade, with floats and colorful bands, at 11 a.m. The crowning of Miss Irish Rose will be at the National Guard Armory, and the evening's dance will be held at the same place, starting at 9 p.m. "Bring your own tie-downs," Airport manager Art Price, said. "We have our airport in good condition, but may be short on these if enough airplanes are flown in."

Additional flights made were for Pagen and Simmons (2).
William T. Piper, pioneer light plane manufacturer, often called the Henry Ford of aviation, is concerned about the lack of sufficient airports. He says, in the March issue of Air Progress: "The way to make flying a big industry is to increase the utility of aircraft. Flight schools are training pilots to make better use of planes as practical vehicles. The government is perfecting systems of air navigation and safety. All this teamwork will not make the airplane fully useful unless the people in each community are on the team."

Five members of the Big Spring Flying Club used the club's two airplanes during the week, with two cross country flights scheduled. Flying the Colt on a cross-country was Jo Polone. The Skyhawk was used by Dr. M. A. Porter, Bob Coffey and Bob Brock for local flights and by Doug Warren for a cross country.

FAA administrator Najeeb Halaby says this nation now has a fleet of more than 85,000 private aircraft, and the fleet is growing year by year.

Prepare Records Early, Says Fisher

Don't wait until retirement to plan it, Erven Fisher, district manager of the Social Security office here, advised. Get together this information and have it ready for the day when you will need it, he said:

Proof of your age; evidence of earnings—(If you work for wages, your Form W-2, Withholding Tax Statement, for the year before you apply; if you have your own business, a copy of your complete federal income tax return for the past year and the cancelled check showing payment of the social security tax will be needed; if your wife is applying at the same time, she will need proof of her age.

Plan to make application at least 60 days before your actual retirement. If you have any doubts about getting the proofs you will need, the Social Security representative can help you resolve these well ahead of the time your first check is due, Fisher said.

District Court Case Load Drops

Sixty-six fewer cases of all kinds were on file in 118th District Court on the last day of February than on the last day of January, Fern Cox, court clerk, said Friday.

Sharpest decrease in the district court case load, Cox said, is the number of criminal cases. The month opened with 66 cases and three new ones were added. The end of the month saw the total diminished to 38.

Rascals Are Due

Tuesday, the Harmonica Rascals will make two appearances at the John H. Lees Service Club at Webb AFB. Times for each performance are 8 and 9:15 p.m. The act has been in show business over 34 years.

cases. This brought the maximum to 943.

However, cases tried or dismissed brought the load down to 879 when the month ended.

The month began with 218 divorce actions pending in the court. During February, 26 new divorce petitions were filed. Sixteen divorce decrees were granted, and the divorce docket wound up 10 cases greater than when the month started.

There were no annulment suits filed nor dismissed so the total—nine—was unchanged. No new tax suits were filed and none disposed of and the total remained at 157.

The month began with 443 civil suits, other than divorce, annulment and tax cases, on file. Twenty-three new cases were filed. Thirteen were disposed of by the court, and six dismissed. Total on Feb. 29 was 447.

Webb Aero Club members used three of the four airplanes during the week. The Cessna 150 saw the most flights by Vettergren, Kennard (2), Simmons, O'Day (4), and Pagen. Suell flew the Tri-Pacer twice, and Winston took the Mooney up twice.

Mayor Wants Clerk's Job

DERBY, Conn. (AP)—Mayor John L. Bartimole would rather be city clerk.

The two-term Democratic chief executive applied to the Board of Aldermen for the vacant city clerk's job.

As part-time mayor of this city of 12,500, Bartimole gets \$4,000 a year. The city clerk's job pays \$5,800.

Cadillac

THIS OWNER LOVES IT!

THIS OWNER LOVES IT!

THIS OWNER LOVES IT!

The three pictures above illustrate one reason for their enthusiasm. The top car is a 1963 model... the center car is a 1962 Cadillac... and the lower car is four years old. The styling through the years has evolved and refined, but each is unmistakably a Cadillac.

These owners share a common knowledge. Not even most new motor cars offer the degree of pleasure and reliability that come with a previously owned Cadillac.

First, there is Cadillac's renowned craftsmanship, which results in a car of unusual endurance.

Next, consider value. The equipment on a Cadillac of older vintage is still extra cost on most new cars... and includes such features as Hydra-Matic, power steering, power brakes, power windows on most models... plus many Cadillac engineering advancements that still have not found their way into other new 1964 cars.

And don't overlook Cadillac's reputation for operating economy—comparable to many smaller cars.

So when you make your next motor car investment, new or used, consider only one name—Cadillac.

DON'T YOU READ BEFORE YOU BUY?

Newspaper ads. Magazine ads. Catalogs and brochures. This is where sales get started. This is where people turn to ferret out the facts which allow an intelligent buying decision.

People can linger with a printed page: two minutes, five minutes, ten. They can come back to it again and again. They can compare one product with another. They can study styles, features,

sizes, prices at their own pace. They can rip out a printed ad, save it, show it to friends, make notes on it, clip coupons. They can and they do. Don't you? If you've something to sell, it

will pay to promote it in print —where people on the brink of buying can get their hands on it. Print makes *sense* because print makes *sales*.

MIDLAND-ODESSA CHORALE GROUP INCLUDES AREA'S BEST VOICES. Varied program predicted as one of the season's highlights here.

Sidney Poitier To Play Othello

NEW YORK (AP) — David Merrick, one of Broadway's busiest sponsors, is going to salute Shakespeare's quadricentennial with a production of "Othello."

Sidney Poitier is slated to portray the Moor of Venice in the venture, which is marked in for November debut. The director is to be Tony Richardson.

Midland Chorale Performs Tuesday In Concert Series

The Midland Symphony Association chorale, comprised of 70 of the area's finest voices, will be heard in the fourth of the current Big Spring Concert Association series Tuesday evening.

Many who have heard this group under the direction of Dr. Lara Hoggard, who also conducts the Midland symphony, believe this will be the surprise package of the season. Considering the season already has produced such luminaries as Mindy Carson in "Mary, Mary," Celeste Holm, and the San Antonio Symphony, this is quite a testimonial.

LOCAL SINGERS

The audience may take some special local pride, for several Big Spring personalities are connected with the chorale. Jack Hendrix, chairman of the Howard County Junior College music department, is the accompanist. Among the singers are Joyce Bradley, Marilyn Newsom, Ira Schantz, James A. Fletcher, Mel Ivey and Hubert Murphy.

Curtain time for the varied program will be 8:15 p.m. in the Municipal Auditorium. Admission is by membership.

This is only the second season for the chorale, but it has nine appearances scheduled. Soon after he came as conductor of the Midland-Odesa symphony, Dr. Hoggard visited the area in quest of musicians and singers. Quickly he selected from 150 top instrument players, but the interest in the chorale was overwhelming. He had the formidable task of having audition for 400 voices. From this number, he chose about four score singers. All are singing for the joy of it, and

some travel 150 miles to rehearsals and for concerts.

EXPERT CONDUCTOR
Dr. Hoggard is a native of Kingston, Okla., and took his academic degree at Southeastern (Okla.) State and his master and doctorate at Columbia University. Without benefit of a formal lesson, he won a piano contest at age 11, went on to win a young composers contest at 17 with a violin sonata. He has been teaching since he was 18. In between, he has studied extensively, conducted the U.S. Navy Band-Symphony and was assistant conductor for Fred Waring for seven years.

Dr. Hoggard organized his own chorale group in 1952 and toured the country before going into music research prior to taking the Midland-Odesa job. He has conducted over 300 choral workshops, hence he is regarded as one of the foremost choral directors in the country.

Tuesday's fare will range from fifteenth to twentieth century liturgical works, madrigals, motets, choral tone poems, and themes.

WEEK'S PLAYBILL

RITZ
Sunday and Monday
DEAD RINGER, with Bette Davis and Karl Malden.
Tuesday through Saturday
MAN'S FAVORITE SPORT, with Rock Hudson and Paula Prentiss.
Friday Midnight Show
STRAIT-JACKET with Joan Crawford.

STATE

Wednesday and Thursday
ISLAND OF LOVE, with Robert Preston.

Friday and Saturday
THE RAVEN, with Vincent Price and Boris Karloff; and **DAY OF THE TRIFFIDS**, with Howard Keel.

Farce Stars Rock

For the first time in a career that includes 46 film roles scattered along a ladder of success that has established him as the number one male boxoffice star in Hollywood, Rock Hudson has wrapped himself up in a farce comedy.

"But I've done broad comedy before," says Rock, with a grin. "When I first got into the movies, some of my most serious attempts at acting turned out that way."

The comedy is "Man's Favorite Sport?," playing Tuesday through Saturday at the Ritz Theater, and it's been the pet project of producer-director Howard Hawks ever since he ended a three-year hiatus in Europe and returned to Hollywood.

Of course, comedy is no new experience to Rock. He has enjoyed tremendous boxoffice success with such comedies as "Pillow Talk," "Come September" and "Lover Come Back." However, all were sophisticated comedies. In "Man's Favorite Sport?" Rock does fall into lakes, streams, gullies and bedrooms. He drives sports cars upside down, gets stuck in sleeping bags, is caught by a speckled bass while fishing, and chased by a bear on a motorcycle.

"Slapstick comedy is physically tougher than any film western," says Rock. "I know now why Howard Hawks suggested I go into training for three weeks before filming began. The movie is in color—and I'm appearing mostly in black-and-blue."

With him in the comedy farce are three gorgeous dolls—brunette Paula Prentiss, blonde Maria Perschy and red-haired Charlene Holt—who tend to prove that "Man's Favorite Sport?" isn't anything fishing. Their presence actually fits the theme of broad comedy as it flourished back in the silent days when Mack Sennett surrounded his fabulous Keystone Kops with bathing beauties.

Macabre Drama

Bette Davis has just killed her twin and, in this scene from "Dead Ringer," begins removing the clothes so that she can impersonate the other. Miss Davis stars in both roles. Karl Malden and Peter Lawford are co-starring.

Bette Davis Plays In Ritz Feature

A new Bette Davis picture is always entertainment news. When it's a picture where the noted actress fills dual roles—estranged twin sisters, one rich and just-widowed, the other a poor spinster who kills the first and takes over her existence—that is a film event.

This event is "Dead Ringer," opening Sunday and playing through Monday at the Ritz Theatre with Miss Davis starred, and Karl Malden and Peter Lawford co-starred.

"Dead Ringer" not only presents Bette Davis in two paired performances but served to repeat certain facts of her life. The film was directed by Paul Henreid, one-time stage and screen idol who starred opposite her in two pictures, "Now, Voyager" and "Deception." Appearing in "Dead Ringer," the first movie she has made since "What Ever Happened to Baby Jane?" restored her to her former place as one of America's top 10 screen luminaries.

Karl Malden, in "Dead Ringer," plays a Los Angeles police detective in love with the poor sister. His suspicions after the murder lead, without his realizing so, to her arrest.

Peter Lawford is seen in "Dead Ringer" in his most villainous role to date, that of the blackmailing paramour of the rich sister while her husband still lived.

How many ways does exercise help your child?

We're all aware of the more obvious benefits of exercise—to develop strength, skill, agility. But exercise has other important benefits. For instance, it is good for the heart and blood vessels. Indeed, daily, vigorous activity may be the most important factor in preventing or delaying heart disease. Moreover, the better a youngster's physical condition, the more likely he is to do well in his studies. And the physically fit boy or girl certainly measures up to challenging or competitive situations with a sureness that the under-developed child often lacks. Don't you agree that your child should have both the immediate and the long-range benefits of exercise? Won't you see to it that his school has a daily program that can improve every child's fitness? For more information, send for the free leaflet offered by the President's Council on Physical Fitness, Washington 25, D. C.

Published as a public service in cooperation with The Advertising Council and the Newspaper Advertising Executives Association.

Midnight Show

Joan Crawford stars in "Strait-Jacket," a thriller about an axe murderer. The film is scheduled at the Ritz as a Friday the 13th, midnight show.

Plenty Of Chills For Friday Midnight Show

Plenty of chills are promised in the Friday the 13th thriller at the Ritz Theatre, scheduled for a midnight screening.

Joan Crawford, one of Hollywood's most glamorous screen queens, is starred in "Strait-Jacket." She plays an axe murderer, and the picture vividly depicts axe murders.

Producer-director William Castle directed this taut suspense shocker from the screenplay by Robert Bloch who wrote "Psycho," one of the most successful thrillers ever filmed. Miss Crawford, whose memo-

riable portrayal of "Mildred Pierce" won her an Academy Award, has the support of a cast including Diane Baker, Leif Erickson and Howard St. John.

"Strait-Jacket" is the story of a convicted murderess who, after 20 years in a mental institution, is released to live with her brother, his wife and her own daughter in a world grown strange, at once kindly and fearful, hopeful and haunting.

In the new dimension of this familiar yet alien world, violence pursues Miss Crawford as she tries to sort fact from fancy, reality from nightmare, and to prevent her own past from ruining her daughter's future. A series of brutal murders is climaxed by a startling, stunning denouement.

In "Strait-Jacket," producer-director William Castle, tells what reportedly is a truly spine-titling terror tale.

MEN IN SERVICE

Army Pvt. George M. Dorries, 19, son of Mrs. Alice A. Laird, Route 1, Big Spring, completed an eight-week general supply course under the Reserve Enlistment Program, Feb. 28, at Fort Polk, La. During the course Dorries received instruction in the receipt, storage and issue of supplies and material.

He entered the Army in October, 1963 and received basic training at Fort Polk, La. Dorries attended Coahoma High School and was employed by Jones Brothers Construction, Odessa, before going on active duty.

Glenn Hartwell Jr., son of Major and Mrs. Glenn Hartwell Sr., 68 Ent Drive, has enlisted in the U. S. Army for three years. He has reported for processing and basic training at Fort Polk, La. Following his training he will be sent home on a short leave before receiving his advanced training in Armor, for which he enlisted.

Army Spec. 4 Billie B. Ford Jr., son of Mr. and Mrs. B. B. Ford, Rt. 1, Big Spring, is home on a 30-day leave after returning from a 13-month tour with a missile battalion in Korea. He enlisted last July, received his basic at Fort Polk, La. and attended a communications school for eight weeks. He is now assigned to the 5th Administration Company, at Fort Carson, Colo.

Army CWO Donald F. Montgomery, 35, son of Mr. and Mrs. Perry Montgomery, Star Route 2, Lamesa, participated with other members of Battery C of the 43d Artillery's 6th Missile Battalion in a one-week missile firing exercise at McGregor Missile Range, N. M., near Fort Bliss, Texas. The exercise ended Feb. 9. He entered the Army in March 1961. A 1946 graduate of Lamesa High School, he attended Oklahoma University, Norman, Okla.

Army Sgt. Audery W. Fields, 23, son of Mr. and Mrs. James M. Fields, 502 Young St., Big Spring, and more than 1,400 members of three 2nd Armored Division units were airlifted from Fort Hood to Germany during the period Feb. 12-16 to take part in Exercise Long Thrust X.

The exercise is a continuation of operations designed to airlift entire units to Europe to bolster NATO defenses and to demonstrate U. S. capability to reinforce combat units in West Germany.

Sergeant Fields, a squad leader in Company A, 1st Battalion of the division's 50th Infantry at Fort Hood, entered the Army in June 1961. He is a 1959 graduate of Big Spring High School and attended the University of Houston.

Ronnie L. Anderson, missile technician seaman, USN, son of Mr. and Mrs. Alfred F. Anderson, 2302 Roberts Dr., Big Spring, is participating aboard the attack aircraft carrier USS Kitty Hawk in a coordinated U. S. Nationalist Chinese amphibious exercise called "Operation Backpack" being conducted off the coast of Taiwan. The exercise, with over 40,000 men and 140 units participating, will culminate in an amphibious assault on beaches of southern Taiwan, and will demonstrate the effectiveness of the United States Seventh Fleet to rapidly move a significant combat force to a troubled area in order to assist an ally.

Cadet Moffitt D. Smith, son of Mr. and Mrs. H. M. Smith, 2702 Rebecca, Big Spring, has been accepted in the advanced corps of the Air Force Reserve Officer Training Corps (AFROTC) program at the Texas Technological College. He also has been promoted to the rank of cadet second lieutenant.

Smith, who is a student at Texas Tech, is a member of Delta Tau Delta.

Two Lamesa men, Wells T. Doyle and James R. Stewart, have been promoted to the cadet rank of second lieutenant in the Air Force Reserve Officer Training Corps (AFROTC) unit at Texas Technological College. Both have been accepted into the advanced corps of AFROTC and are preparing themselves for commissions in the Air Force upon graduation.

Doyle is the son of Mrs. Jimmie Doyle, Lamesa. A graduate of Lamesa High School, is a member of the "T" Letterman's Association. Stewart is the son of Mr. and Mrs. Lester L. Stewart, 2210 S. First Place.

Cadet Stanley H. Martin, son of Mr. and Mrs. C. H. Martin, Loraine, has been accepted in the advanced corps of the Air Force Reserve Officer Training Corps (AFROTC) program at Texas Technological College. He also has been promoted to the rank of cadet second lieutenant.

have a happy Easter
