

Trying For Summer Jobs

Charles R. Meeker Jr., standing, producer-director of Six Flags Over Texas special shows, looks over a group of 41 young performers selected from colleges and universities who are in the final auditions for roles in the park productions this summer. Forty will be selected for roles in the Crazy Horse Saloon and the Campus Revue shows when the park opens for the 1964 season later this month. (AP WIREPHOTO)

Cancer Drive Date Is Set

The Howard County Unit of the American Cancer Society will conduct a house-to-house campaign for funds beginning at 5:30 p.m. Friday, April 24. Mrs. Lee Rogers will be campaign director of the house-to-house drive. Captains, assigned the task of recruiting workers for the various neighborhoods, are:

Worth Peeler — Mrs. Dwan Henson; Mrs. Tommy Gage and Mrs. Marvin Saunders; Kentwood — Mrs. William Bodin; Highland Park — Mrs. Roy Pipes; Hillcrest Terrace — Mrs. Tommy Hubbard; Washington Place — Mrs. Rube McNew; South Ward — Mrs. Luther Coleman; Highland South — Mrs. Lonnie Coker; Douglas Addition — Mrs. Neil Norred; Western Hills — Mrs. Granville Hahn; Indian Hills — Mrs. Jim Zack; Park Hill — Mrs. Hubert Stipp; Airport — Mrs. Ila Mae Dunning; and, Edwards Heights — Mrs. Bennett Brooke.

Mrs. Archie Butler, publicity, said an advance drive for special gifts already is in progress under the direction of Mrs. Clyde Angel and Mrs. K. H. McGibbon. No specific goal has been set for the campaign. The Howard County Unit of the American Cancer Society was organized in December.

Twelve Morris Offices Open

DALLAS — As a display of Texas Republican primary organizational strength, volunteer workers for senatorial candidate Robert Morris opened campaign headquarters in 12 Texas cities at 1 p.m. Saturday and promised more in the near future.

ROBERT MORRIS

Morris headquarters openings, complete with "Morris Day in Texas" celebrations and telephoned pep talks from their candidate, were held simultaneously in Amarillo, Austin, San Antonio, Fort Worth, McAllen, Corpus Christi, El Paso, Midland, Odessa, Wichita Falls, Longview and Beaumont. Earlier, headquarters were opened in Dallas, Irving and Houston. Still another is scheduled to open in Lubbock April 10, Morris said.

"This is proof that I am winning this race for the senatorial nomination. I am campaigning on the issues and the people are responding," Morris told his supporters.

Morris said he has established complete volunteer campaign organizations in more than 70 Texas counties, and that he has actively campaigned in more than 140 counties.

Wheat, Cotton Bill Due For Debate Wednesday

WASHINGTON (AP)—Political and farm circles are speculating on what action the Johnson administration might take to support wheat prices should its wheat and cotton bill lose in Congress.

The House is scheduled to take up the Senate-approved bill about April 8. The vote is expected to be close. Both sponsors and critics are predicting victory.

A defeat could have widespread repercussions throughout the agricultural economy as well as in industry, if not offset by some alternative action.

FACE LOSS
Secretary of Agriculture Orville L. Freeman has said that if the measure is killed, wheat growers face a loss of \$450 million in income which last year was around \$2.5 billion. He has said, too, that it would deprive at least 40,000 persons of jobs that otherwise would be available.

The secretary has said also that wheat prices—which averaged around \$1.85 a bushel for the 1963 crop—would drop to a farm level of about \$1.26—which would be the new government price support level.

GOP To Have 9 Voting Boxes

Howard County Republicans will have voting boxes set up in nine precincts for the May 2 Republican primary. Ralph Gossett, Howard County Republican chairman said Saturday. Not all voting precincts in the county will have boxes.

Precincts, polling places, and election judges include:
Precinct 2 — Kentwood Elementary School, Archie Stephens, judge;
Precinct 3 — New fire station, Wasson Road, Paul Meeks, judge;
Precinct 4 — Big Spring High School library, W. J. Sheppard, judge;
Precinct 7 — Home of L. H.

chances. Although farm law would require that the price support be dropped to 50 per cent of parity price of wheat should no new legislation be enacted, the Agriculture Department has other weapons for minimizing the price and income decline. The 50 per cent of parity price support—which would be available only to those farmers who planted with this year's reduced allotments—would be about \$1.26 a bushel on a farm average basis.

The biggest department weapon is the power to set the price at which it will sell government surplus wheat. At the present time, its sales price is 105 per cent of the price support plus handling charges. On the basis of the \$1.26 support, its sales price would start off at harvest time at about \$1.33 and would increase about a cent monthly to cover storage charges.

RAISE PRICE
But a number of farm and congressional leaders want the department to raise its sales price. Sen. Hubert H. Humphrey of Minnesota, assistant Democratic leader in the Senate, long has been urging that it be raised to 115 per cent of the support, plus handling charges. So has the American Farm Bureau Federation, the big farm organization which opposes the administration wheat plan, and the National Farmers Union, a backer of the administration farm proposals.

A government wheat sales price of 115 per cent of support plus handling charges would be about \$1.45 at harvest time and would advance as the season

advanced to cover storage costs. Humphrey and other backers of the higher government sales price contend the latter would go a long way toward stabilizing 1964 wheat at around \$1.50 a bushel.

MARKET PRICE
The government sales price plays an important role in determining market prices because, from time to time, the trade must turn to government stocks for needs for milling and export, particularly at times when growers are holding back new-crop wheat for higher prices.

Many political leaders believe that the Johnson administration could ill afford to refuse to use this device for stabilizing wheat at higher prices. Refusal to use this authority could become a big issue in the presidential campaign in wheat areas.

Some farm leaders believe that once the issue of the new farm bill is settled, wheat prices will strengthen. They contend that administration backers, in efforts to drum up House votes for the wheat-cotton bill, have been talking down prices by describing the probable dire effects of the measure's failure.

NATIONAL PLAN
Should the wheat plan fail, Freeman would be faced also with a decision as to what to

do about another national wheat control plan for the 1965 crop. Such a referendum would have to be held late this spring. A year ago, growers soundly rejected the same plan that would have to be submitted for the 1965 crop.

Administration leaders freely concede they are not eager to take on another such referendum, particularly ahead of the presidential election. It is being predicted freely that the administration would avoid another referendum at this time by making a determination that—in view of uncertain world supplies and threats of drought in this and other parts of the world—the 1965 crop would be grown free of rigid controls.

ALLOTMENTS
It would, they say, set voluntary acreage allotments designed to prevent overproduction and limit price supports for the 1965 crop to those complying with these allotments. The supports would have to be at about the 1963 crop level of \$1.82.

Freeman—speaking in advance of the critical House vote on the wheat-cotton bill—has said he doubts he could escape a referendum. But should the bill fail, he would be expected to review the situation.

URGENT!

No accountable man, anywhere, escapes the obligation to repent. "And the times of this ignorance God winked at; but now commandeth all men every where to repent" (Acts 17:30). All yield; else they will die in their sins. The unconverted man must repent. "Repent ye therefore, and be converted, that your sins may be blotted out" (Acts 3:19). This was addressed to the unconverted. The following Scripture was addressed to a man who had been converted, then had sinned. "Repent therefore of this thy wickedness, and pray God, if perhaps the thought of thine heart may be forgiven thee" (Acts 8:22). Verse 13 shows that this man had truly believed on Christ before this. Without repentance there is no forgiveness. Without forgiveness one dies in his sins. One dying in his sins cannot go where Jesus is (Jno. 8:21).

Planting Increases, But Problems Cropping Up

COLLEGE STATION (AP) — Planting increased in Texas the past week as moisture and labor problems began to show up, director John Hutchison of the Texas Agricultural Extension Service reports.

He said damage from last week's freeze in North Texas has not been fully determined. Some damage to fruit and tender vegetation did occur, he said.

Range conditions improved over the state and livestock reported from bloat and nitrate poisoning. Feeding declined as grazing improved.

CRITICAL

The moisture situation was critical in South Texas except in the Coastal Bend. Cotton planting is practically complete, except in the Winter Garden. Vegetables are making good growth. Livestock are in fair to good condition.

Moisture is adequate in South Central Texas and livestock are making a rapid recovery. Ranges have good grazing. Corn and grain sorghum planting is active. Cotton planting is well along in the south.

Some cotton, corn, sorghums and hay crops were up to good stands in the Upper Gulf Coast and Southeast Texas District. Planting was general. Pasture vegetation is making good growth and livestock are picking up weight. Some losses from bloat and nitrate poisoning are reported. Pecans are budding and peaches, pears and figs are developing in a normal manner. Moisture is adequate in East Texas and some ranges are up to normal for this season. Livestock marketing is normal.

VARIETY

Central Texas farmers had a variety of weather during the past week — frosty, cloudy and sunshine. Moisture is adequate. Oats are making good progress and furnishing grazing. Livestock have been removed from the fields to be harvested. Prospects for a fruit crop are good. Half of the corn and sorghum had been planted. Ranges are providing moderate to good grazing. Livestock are improving. Goat shearing is about over and sheep shearing has started. Moisture is adequate in West Central Texas where grains made good growth. Ranges are fair to good. Feeding declined and livestock are gaining.

Rains helped far West Texas but grass growth has been slow. Calves and lambs are fine. Onions are growing off well. Ir-

rigated grains are making good growth.

A fourth of the corn was planted in Northeast Texas; tomatoes were being moved from the hotbeds to cold frames. Truck crops were planted. Cattle are responding to improved grazing. Warmer weather is needed.

Moisture in North Central Texas is good. Corn, sorghum and some cotton is being planted. Grains made excellent progress. Ranges improved tremendously with the rains and warm-weather. Livestock were in fair condition with feeding declining.

In the Rolling Plains, grains made good growth. Limited acreages of sudan and sorghums have been planted. The cold caused some damage to fruit.

An acute shortage of labor in the South Plains could affect vegetable production this year. No solution is now in sight. Most sugar beets have been planted. Some corn has been planted. Planting of potatoes and onions is active. Ranges are fair to

good.

Moisture in the Panhandle is generally short. Wheat was making good growth but need-

ing rain. Preplant irrigation was

under way. Cattle were in fair to good condition and feeding was continuing.

Party Held For Hospital Patients

A birthday party was held at the Big Spring State Hospital Friday afternoon in the auditorium of the Allred Building to honor 11 patients who have birthdays during April.

More than 250 patients were on hand to take part in a sing-song, and the free punch and

cupcakes which were made by the Women's Society of Christian Service of Kentwood Methodist Church.

On hand from the church to help with the program were: Mrs. Eleanor Roberts, Mrs. Margaret Ann Hamby, Mrs. Lucille Cozart, Mrs. Billie Badger, and Mrs. Betty Sue Nobles.

The birthday parties come once a month and are an activity of Big Spring's United Council of Church Women.

City crews put the final touches on the entrance road to Webb AFB Friday, laying curbs for the two inside lanes. Incoming traffic presently flows along the access road (far right) while outbound motorists use the access road (extreme left). The main divided highway will open in about two weeks when State road workers finish connecting FM 700 from the east to the base entrance road.

Zales Marks Birthday

Zale Jewelry Company this month observes its 40th anniversary, entering its fifth decade as the world's largest retail jewelry firm with 346 stores in operation. Thirty more are in the planning stage.

It was in 1924 that Morris B. Zale, present chairman of the board, opened a new store in Wichita Falls. He boldly announced to the public: "Pay no money down and take a year to pay."

What made it even more astounding, Zale also undertook a strong program of consistent newspaper advertising — a novelty idea in the jewelry business during the 1920's.

It didn't start out at top speed. In fact, 10 years ago on the occasion of the company's 30th anniversary, there were only 43 stores in operation, one of them the Big Spring store. In the 10 years since that time, 303 stores have been added, emphasizing the fact that Zale's philosophies have indeed paid dividends. Sales, still 60 per cent in diamonds, now top \$67 million annually.

Released On \$1,000 Bond

Leslie B. Clemmons, 30, charged with contributing to the delinquency of minors by buying beer for two girls and two boys, has been released from Howard County jail on \$1,000 bond. He was charged before Justice of the Peace Walter Grice, who set the bond Friday.

The charge was filed by the Texas Liquor Control Board. The complaint alleges the defendant bought beer which was given to two girls, aged 15 and 16 years, and two boys aged 17 and 19 years.

This is the second complaint of this nature to be filed by the LCB in a week. Earlier a woman grocery store operator was charged selling beer to minors. She immediately posted bond.

The LCB has announced it has been receiving increased complaints of minors being provided with intoxicants.

Medical Program Is Not All Free

MOSCOW (AP) — Soviet authorities keep saying that Soviet medical care is the world's best, and that it is free for everyone. The fact is that certain sectors of the Soviet medical program are not free.

Soviet Premier Khrushchev's new Communist party program, issued in 1961, said the party would provide — by 1981 — "free medical services for all citizens, including the supply of medicines and the treatment of sick persons at sanatoria."

To learn precisely what is free, and what is not free, an interview was requested with top Soviet medical officials. After a wait of several weeks, permission was granted for an interview with Alexei Safonov, chief of the Soviet Medical Services Board.

The first question was: "Could you please tell us what Soviet medical services are free, and which must be paid for?"

Replying with a booming, self-assured voice, Safonov began: "As you know, medical services in the Soviet Union are free. Then he spoke for approximately 30 minutes, listing in detail precisely what medical services are free — hospitals, clinics, doctors, etc.

When he stopped, having apparently exhausted the list, he was asked again: "Which Soviet medical services are not free? Is medicine free?"

Yes, he replied, it is free in the hospitals.

Are prescriptions obtained from drug stores free? "No," Safonov admitted reluctantly.

Are eyeglasses free? Another reluctant, "No."

Are false teeth free? "No."

"But," he quickly added, "all these things cost less than their actual value."

He was then asked why Britain, a capitalist country, was able to provide these things as part of its national health service while the Soviet Union—the world's first Communist country—did not.

"When a person becomes 70 years old he will probably need a walking stick. Must we pay for the stick?" he replied.

First Marker Is Dedicated

MANSFIELD, La. (AP)— Lt. Gov. Preston Smith of Texas dedicated Saturday the first of several state markers where Texans fought out-of-state battles during the Civil War.

The federal defeat at Mansfield April 8, 1864, Smith said, "saved Texas from the physical ruin wrought by the war in every other Southern state, and was Texas' most important campaign."

Smith discussed Texas' participation in the Civil War, calling it one of "recognition, re-education and education. We are not trying to refight the war but are striving to see that the true facts fit into the proper perspective in our glorious history."

Texas' Confederate units included 45 regiments and 12 battalions of cavalry; 23 regiments and four battalions of infantry and one regiment of heavy artillery and three of light artillery.

Nationalism Charged By Both Sides In Squabble

By HENRY S. BRADSHAW
MOSCOW (AP) — The clash between the Soviet Union and China is primarily a rivalry for dictatorship over the world Communist movement, if what the two protagonists say about each other is true.

In bitter counter accusations each of the two Red nations attributes to the other a desire to use the Communist movement for greater national glory.

And with both professing faith that eventually the whole world will be Communist, this becomes their struggle to see who might rule the earth.

Bond Sales Picking Up

But each denies the accusation of the other that it is in fact trying to use communism as a national tool.

That is a falsehood, "nothing but a new version of that old fable" of the West about communism being a "hand of Moscow," according to Premier Khrushchev's chief spokesman in theoretical squabbles.

The spokesman, Mikhail Suslov, denounced such Chinese accusations in a speech made secretly Feb. 14 and published Friday. It was in answer to six months of Peking's bitter blasts and most particularly a Feb. 4 Chinese editorial.

That editorial said the Soviet Communist party regarded other Communist parties "as pawns on their diplomatic chessboard. Khrushchev insists on fraternal parties' dancing to his every tune without knowing whence or whither."

"Every remark and every word of Khrushchev's are imperial edicts, however wrong or absurd they may be," it added.

Lies, all lies, said Suslov, proclaiming a Soviet belief in majority decisions by Communist parties that bind the whole movement. In this light, he called for a world Communist meeting, apparently confident that the Soviet Union has a majority.

In his counterattack, Suslov said the Chinese are "opposing the Communist movement in all the basic questions of strategy and tactics" with a merger of ideological wrongheadedness and "nationalistic, great power aspirations."

The Chinese, Suslov said, are out to establish "a sort of separate international bloc" under their own control. The main purpose is "subordinating at all costs the Communist and national liberation movement to their

great power, egotistical interests."

NEW STALIN
Joseph Stalin is dead and gone, and good riddance, Suslov said, but now Mao Tze-tung is trying to set himself up as a new Stalin. And like Stalin in his day, the Chinese leader would "sit aloft, like God, above all the Marxist-Leninist parties and set

arbitrarily all matters of their policy and work."

That sounded just about like what Peking says Khrushchev is doing, although the Chinese also denounce the Soviet premier for dragging down the image of Stalin and criticizing his ways.

The latest rounds of the dispute, including a Chinese blast four days ago asking for Communists to repudiate Khrushchev, include other overtones.

Chinese jealousy of the Soviet Union's better economic position has been visible in Peking's statements. And Suslov jibed at

the Chinese for calling a nuclear weapon merely a "paper tiger" but nevertheless being willing to sacrifice economic progress in order to make one.

PURITY
Suslov and the Chinese devoted lengthy attention to quoting Marx and Lenin in an attempt to establish their ideological purity and the opponent's deviation.

But if each can be believed, this is a raw power struggle in which communism is merely a weapon each would like to wield.

Sales of United States Savings Bonds, off to a slow start in January, picked up momentum during February, Larson Lloyd, district chairman, reported Saturday.

February sales for the district amounted to \$104,546, far above the \$68,000 for January. During the first two months of the year sales aggregated \$172,606, or 11.5 per cent of the district's annual quota, Lloyd pointed out. On a state basis, sales amounted to \$28,293,907 for the first two months, or 18.8 per cent of the quota. Area I sales stood at \$1,992,714 in February and \$2,290,405 for the year, or 16.6 per cent of quota.

February sales (cumulative sales in parentheses) and percentage of quota for counties in the district follow:

Andrews	\$2,531 (\$3,993)	7.9
Dawson	\$10,593 (\$13,705)	15.2
Gaines	\$2,793 (\$17,874)	16.2
Howard	\$50,418 (\$30,449)	12.3
Martin	\$1,387 (\$3,130)	10.4
Mitchell	\$16,837 (\$24,843)	10.8
Scurry	\$19,987 (\$28,612)	8.9

Death Increase

Two Heads Are Better Than One

This is really not a freak of nature nor is it a two-headed flamingo. It's two flamingoes each standing on one leg while one checks the ground and the other merely bends its neck. They were photographed at Audubon Park Zoo in New Orleans. (AP WIREPHOTO)

McDonald Will Attend Confab

Cecil D. McDonald, Big Spring, has been invited to be a conferee at the Texas Conference on Judicial Selection, Tenure and Administration at Austin, April 16-18.

He will join some 240 other laymen and lawyers to spend three days studying problems of the Texas courts and judicial system. Chairman W. Harry Jack, Dallas, said it will be the first state study of its kind in nearly a century. Conference sessions will be held at the University of Texas School of Law.

The State Bar of Texas will sponsor the conference. Assistance will be the joint committee for the effective administration of justice, headed by Associate Justice Tom C. Clark of the U. S. Supreme Court; all Texas law schools, the Texas Civil Judicial Council and the American Judicature Society.

Big Spring (Texas) Herald, Sun., April 5, 1964 5-A

Being Marooned Turns Out Fun

LARAMIE, Wyo. (AP)—Being marooned atop Sherman Hill in a blizzard turned out to be fun for 100 passengers in three buses.

Wyoming shared their packed lunches with the others. A creamery truck driver, also stranded, passed out free milk. Instead of only three or four hours Friday, bus driver Don Tipson said, "we could have sat up there for a couple of days."

Hilburn's Announces They Are Now

After nearly 18 years, Loyd McGlaun and Hilburn's is saying goodbye to the wonderful people of Big Spring. We have decided to close out in an explosion of bargains that you will be talking about for years! Brand new 1964 General Electric Appliances priced to really save you money. You may buy on

terms, too, at bank rate financing and the appliances are fully warranted and guaranteed. Come in tomorrow for sure and expect to save big money on refrigerators, ranges, televisions, stereos and many, many other items. But hurry, our stock won't last long at these low prices!

Politicians Wary Of Canada's 'Diaper Dole'

OTTAWA (AP) — Two men, both 26, work at the same machine. They get the same salary—but one has \$24 extra a month to spend. One is a bachelor while the other has three children and can note that this is the 20th anniversary of Canada's "baby bonus."

Canada pays monthly checks toward the support of children under 16.

Twenty years ago critics dubbed this family allowance program "the diaper dole" and called it a brazen political bribe to win votes.

Today the program takes about seven cents out of every dollar spent by the federal government. It is part of Canadian life; no politician dares suggest any change except an increase.

As it stands now, the program pays \$6 a month to help support each child under 10 and \$8 for children 10-16. The government mails 2.6 million checks, made out mostly to mothers, for \$45 million. They go to support 6.7 million children, over one-third of Canada's population. The average payout is \$16.67.

Parents of a child born today can expect at least \$1,296 in

monthly payments by the time he is 16.

Regardless of income all parents and guardians are eligible for checks if they have custody of the child and maintain his support, if the child meets school attendance requirements and if he does not hold a full-time job. Provisions are made for immigrant families and for individual payments to children awaiting adoption.

When parliament approved the program in 1944, cynics predicted papa would spend the monthly windfall for beer and mama for a new hat. There was talk of Indians buying raisins and yeast for a monthly batch of home-made hooch.

During 1945, the first year of

allowances, milk consumption increased by 40 million gallons a month. Monthly production of children's shoes doubled.

Hooky, formerly viewed as fun, began to cost families money. So many kids flocked back to school in rural Nova Scotia and Saskatchewan that some districts had to enlarge classrooms. Ontario courts handled 1,084 truancy cases in 1944. By 1952 the figure had dropped to 189.

After years of refusal, Newfoundland joined confederation as Canada's 10th province in 1949, largely through the lure of federal welfare benefits. Fathers learned they could earn as much in family allowances as they could in a year of cod fishing.

Zanzibar Seen As New Cuba

DAR ES SALAAM, Tanganyika (AP)—Refugees from Zanzibar are picturing the spice island as a new Cuba, with fabled fortunes for Africa.

The old slave-trading center off the coast of Tanganyika is reverting to arbitrary arrests and detention, confiscation of property and denial of human rights.

Refugees reaching the African mainland say Zanzibar's revolution, inaugurated with a massacre two months ago, is in full swing under a cover of "African socialism."

The revolutionary government of Zanzibar has gathered in "freedom fighters" from Mozambique, South Africa and Southwest Africa. Others seem certain to follow as the island is fitted out for its task of subversion and infiltration of the African mainland.

Communist arms and equipment already have been landed there, fleeing residents say. The

Soviet ship Faisabad called at the island recently to pick up 500 tons of cloves purchased by the Soviet government.

Before loading the cloves, the Faisabad was unloaded in great secrecy at night. The British dock foremen were excused from the unloading work. Almost all British civil servants on the island are being asked to leave before April 30.

Diplomats here, watching the growing campaign against white-dominated southern Africa, see a Communist-held Zanzibar as an ideal spot for training and indoctrinating guerrillas.

Refugees say the feeling on the island is that the days of President Abeid Karume are numbered. Karume, leader of the Afro-Shirazi party and a moderate African leader with no Communist leanings, has served as front man for the revolutionaries. He issues increasingly severe decrees voted by the Revolutionary Council.

He'll Fight For His Home

Stephen Anthony, 34, shows a gas mask he says he's prepared to use if sheriff's deputies resume their attempt to evict him from his home near Hollywood Bowl in Hollywood. He's also got a shotgun, carbine and 300 rounds of ammunition. The property has been condemned to make way for the Hollywood Museum, but Anthony says that was illegal and he isn't moving. "I am defending my home within the limits of the law," he says. (AP WIREPHOTO)

Winthrop Files For Governor

LITTLE ROCK, Ark. (AP)—Winthrop Rockefeller, brother of Nelson A. Rockefeller and a gentleman farmer in Arkansas for 10 years, announced Saturday as a Republican candidate for governor.

The announcement surprised no one. It was a logical conclusion to a five-year Republican push to get Rockefeller to run. His mostly likely opponent is Gov. Orval E. Faubus, a five-term Democrat who is expected to announce for re-election this week.

If the race materializes it will pit a man born in a creekside cabin in the Arkansas Ozarks against a scion of one of America's wealthiest families.

But Faubus is a veteran politician with the advantage of being a Democrat in a state which has not elected a Republican to a major office since Reconstruction.

And the rich man is a political beginner who has never placed his name and reputation before the voters.

Roy Black Joins Police

Roy R. Black, resident of this area since 1951 when he was a member of the cadre sent to Webb Air Force Base to reactivate the field, began training for his new duties as dispatcher for the Big Spring police department Saturday.

He was retired from the Air Force in July, 1954, and has been assistant director of the Big Spring-Howard County Civil Defense.

Black is married, and he and Mrs. Black have one married daughter, Mrs. Royce (Carol) Coyle, Big Spring.

Black had announced and filed, as a candidate for Constable, Precinct 2 in the Democratic Primaries May 2. He has notified Democratic Chairman Frank Hardesty that he has withdrawn from the race, although his name will appear on the ballot. He has also notified W. D. Berry, Civil Defense director, that he has resigned as assistant director.

Black is a native of Philadelphia, and was reared in Sacramento, Calif., where his parents still live. He retired from the Air Force as a captain. He was a medical administrative officer.

His new duties, as police dispatcher, required his withdrawal as a candidate for constable and his resignation as assistant Civil Defense director.

Police Chief Jay Banks said Black's employment as dispatcher became official Saturday morning.

Police Spruce Up Bus For Scouts

A refurbished school bus, purchased by the police department for Boy Scout Troop 301, has received a coat of new paint, which sports the colors of police uniforms: brown over grey.

Sponsors of Troop 301 for the past two years, the police department purchased the bus—a 1960 model—for \$800 some time ago for use by the scouts.

There are 16 members of the troop. Harvey Hooser Jr. is Scoutmaster of the Troop, and John Scott, a patrolman with the police department, is assistant scoutmaster. Scott painted the insignia of the police department on the back of the bus.

Both sides of the bus were painted with the emblem of the Boy Scouts of America. Cy Nabors, local sign painter, put the new coat of brown and grey on the bus. The paint was purchased by the police department.

The newly painted colors were prominently displayed Saturday. Hooser, the scoutmaster, drove the bus to a point between Big Lake and McCamey, where the scouts conducted a hunt for arrowheads.

The troop camped Saturday night near Best and was to return Sunday afternoon. Hooser said the boys would visit Sonora Caverns during the trip if it is open at this time of year.

Col. Glenn Is Resting At Home

HOUSTON, Tex. (AP)—Lt. Col. John Glenn, who quit the manned space program to run for the U.S. Senate only to be thwarted by a head injury, is convalescing at home today in nearby Seabrook.

He said he has no plans "except getting better."

Glenn checked out of an Air Force hospital at San Antonio Friday and was driven home by automobile. He said he was glad to be back and felt he could recuperate at home as well as in a hospital.

The ex-Marine fighter pilot was five days away from launching his active campaign for the Democratic senatorial nomination from Ohio when he fell in his Columbus apartment Feb. 26 and struck his head against a bathtub.

The accident happened five days before he was to retire from the Marine Corps. Now he says he will remain in the corps until he is fully recovered.

Living Longer

TOKYO (AP)—The Japanese are living longer because of adequate nourishment in the postwar period. A government welfare white paper said average life spans reached 66.2 for men and 71.2 for women in 1962. The U.S. averages are 67.3 and 73.9, respectively.

Stalinists Drummed Out Of Russia's Communist Party

MOSCOW (AP)—Three old hard-line Stalinists have been drummed out of the Soviet Communist party.

The three, who for years ranked among the world's most powerful men were former Premier Georgi Malenkov and V. M. Molotov and former First Deputy Premier Lazar Kaganovich.

All were known as disciples of the Stalin line, particularly Molotov, who has sided with the Communist Chinese in their ideological struggle with the Soviet Union.

Malenkov, Molotov and Kaganovich lost their government posts in June 1957 when Premier Khrushchev ousted them in a struggle for control of the Communist party and government apparatus.

Although the 22nd Congress of the Communist party in 1961 voted the ouster of the three ex-leaders, their long-awaited final disgrace came to light only Friday in Pravda.

The party newspaper disclosed their expulsion—one of the severest penalties that can befall a Soviet politician—in publishing theoretician Mikhail Suslov's 10,000-word denunciation of the Chinese Communists.

CHARGED

Suslov charged that evidence had been uncovered that Malenkov, Molotov and Kaganovich had tried to purge the wives of Communist party officials persecuted by Stalin.

"Is it to restore such inhuman practices," he asked, "that the Chinese leaders are so concerned about? Is that why they show such sympathy for people who have been expelled from our party?"

The sentence announced obliquely the expulsion of the three once-revered chiefs, top members of an "anti-party" group which Khrushchev banished in 1957 on learning they were plotting to seize power.

TOOK OVER

Malenkov, premier from Stalin's death in 1953 until Feb. 8, 1955, was reduced by Khrushchev to the rank of minister of electric power stations. He later dropped farther from sight when he was sent to manage a power station in Siberia.

Malenkov was Stalin's right-hand man in the Central Committee of the party and also took over as first secretary on Stalin's death. The party post, actually the most important, was soon surrendered to Khrushchev, a relative newcomer then.

Molotov, an old revolutionary and comrade of Lenin, was the first editor of Pravda and a top figure in the party when Khrushchev was still a coal miner. He became the Soviet Union's first premier in 1931 and was later foreign minister at many international conferences.

Supervisors' Class Planned

COLLEGE STATION — Texas A&M Engineering Extension Service will conduct a 15-hour course for supervisors in the Big Spring area April 13-17.

The course, "Effective Communication," will be taught by L. E. Jenkins, of the extension service's supervisory development staff.

Objectives of the course are to help supervisory personnel recognize poor communication with associates and how to overcome it.

The course is one of several conducted by the extension service over Texas. Classes will be held from 8:30 to 9:30 p.m. daily Monday through Friday. Jenkins added. The meeting place will be announced later.

Miss Wool Cries

A 19-year-old Kansas State beauty, Suzi Beck of Manhattan, Kan., was chosen "Miss Wool of 1964," over 20 other beauties in the national contest and was crowned at a pageant in San Angelo Friday night. In second place was Iona Martin, 20, of Slinger, Wis. Third was Kippy Lou Brinkman, 19, of Richland, Wash. The new queen received a large wool wardrobe, and a two-week trip to New York City, where she will appear at the World's Fair. Beginning Aug. 1, Miss Beck will start a two-month tour to publicize wool fashions. (AP WIREPHOTO)

School Trustees To Meet Tuesday

Ten items are on the agenda for consideration by the Big Spring school board at a special meeting Tuesday at 7:30 p.m. These will include discussion of a baseball park on a portion of Boydston campus, conference with the school's architect on proposed new building and remodeling under a proposed bond program, conference with the school's fiscal agent on a bond financing program, canvassing school board election results, organization of the board, and other items.

The baseball park has been proposed by a large group interested in a new park on a part of the Boydston school campus and a small area owned by the City of Big Spring. The proposal is opposed by the Boydston P-T-A, and the board anticipates groups from both sides. The discussions will lead to final disposition of the matter and, if approved, will involve a joint discussion with the city commission.

Atmar Atkinson, architect, will have more detailed plans involving new construction, additions, and remodeling of present buildings, in the five-year expansion program needed for the Big Spring schools.

the timing program for the sale of bonds to cover the first phase which includes construction of additions to the high school.

The board will also consider plans for the proposed bond election; discuss a proposed meeting with the city commission; consider approval of a contract for a new driver education car from Shasta Ford Sales to replace the present car; discuss action to be taken at the regular meeting April 14 for appointment of a board of equalization, and set June 24 as a meeting date for the board.

Blast-Proof Cable Gives Nation Survivability

By ROBERT HOLTON

NEW YORK (AP)—A wrist-thick cable now worming its way underground across the nation may provide the only direct transcontinental telephone communication in the event of a nuclear blast.

The 3,218-mile cable is much like six others already in transcontinental operation except that it is buried five feet underground instead of the normal 3 1/2 feet.

It also differs from the other lines because all its relay and other stations are sunk deep underground in concrete co-ops.

"Let's say that this cable will be blast-proof," said a spokesman for the American Telephone & Telegraph Co. "A direct nuclear blast certainly would cut it, but I doubt that anything short of that would do it."

He said the cable is being so

located that it will be out of any of the nation's prime target areas.

The cable now is in use between a point in upstate New York and Fairfield, Kan. It is scheduled for completion to the West Coast sometime late this year.

The Pacific Telephone Co. already has laid the cable and installed relay and other equipment along much of the 612 miles it will cover in Southern California.

Over-all cost was set at \$200 million—the most expensive project of its kind in the United States.

"This is not a government-sponsored project, rather it is another step taken by the Bell System to insure survivability," the company said.

The project was begun in upstate New York in 1960.

Charged In Robbery Of Mrs. Howard Payne

HOUSTON, Tex. (AP)—Police charged two men with armed robbery Saturday after the wife of a construction executive was held prisoner in her home and robbed of \$40,000 in jewelry and clothing.

Mrs. Howard Payne said she was tied to a chair while two gunmen ransacked her home Friday, forced her to write a \$1,000 check and then escaped with the jewelry and clothing in her car.

Mrs. Payne's husband is vice president of Brown and Root.

She freed herself and stopped payment on the check. The bank teller was cashing the check when the call came, but managed to get the money back.

Bobby Thornton, 21, a cook and Michael Cooper, 18, an unemployed longshoreman, were arrested several hours later and charged.

Mrs. Payne, who was not injured, said the men appeared through a garage doorway. One flashed a revolver against her head. Later, she said, they forced her into a bedroom and tied her to a chair using her husband's neckties.

Police said the gunmen erred at least four times:

They forced Mrs. Payne to make out a \$1,000 check, payable to one of them. He gave his real name.

One man gave the \$1,000 in cash he received from the bank back to the bank teller.

The bank teller got the man's name and address from the identification used to cash the check.

Allowed another customer at the bank to trail the check-casher and the customer recognized one of the men.

Science Show Set On Tech Campus

LUBBOCK — The "Final Countdown" is under way for the West Texas Museum's special space show. "From Arrowheads to Aerospace," April 12 through May 31 on the Texas Tech campus in Lubbock.

Visitors to the museum during the two-month period will have the opportunity to "preview the future," as well as the present, with offerings of travel and exhibits of satellites, missiles and communications in space.

A special attraction of the show will be the Space Kitchen, designed and produced by General Electric under direction of food research department of Libby, McNeil and Libby Co.

The kitchen presents problems in space feeding and concepts of zero gravity. In addition, visitors will be able to sample the reconstituted food which is the proposed food of future space travelers.

Other films will include "Our space system equipment to be manufactured in Lubbock, plus the Cosmic Rays," "About electric componentry applicable to space, communication address," "Project Apollo—Man's vances, electronic oven devices, Flight to the Moon," "Before moon surface relief models, and Saturn," and "John Glenn film entitled 'Space Scientists.'" an address made to recent Sci-

The "Final Space Administration will provide a prototype of the Mercury Capsule, models of satellites and panels depicting NASA's role in national support, career opportunities, international co-operation and the Gemini-Apollo program.

NASA will also show one of the chimpanzee couches used in test programs before man was put into orbit. In connection with this, there will be a film on the training of the chimps for these flights.

Southwestern Bell Telephone Co. will furnish their Scientific and Defense display, which includes missile guidance systems, transistors, Bell solar battery, "White Alice," Project Mercury, Defense Early Warning (DEW) Line, the National Warning System, and satellite communication.

They will also exhibit a model of Telstar, a telephone mu-

seum, and a full explanation of how the telephone works.

Other films will include "Our Mr. Sun," "The Strange Case of the Cosmic Rays," "About Time," "The Unchained God-ess," "Project Apollo—Man's vances, electronic oven devices, Flight to the Moon," "Before moon surface relief models, and Saturn," and "John Glenn film entitled 'Space Scientists.'" an address made to recent Sci-

Getting Ready For The Big One

Argentine boxer Gregorio Peralta sharpens his right on the speed bag at a New Orleans gym after his arrival in New Orleans Friday. He is in the final week of training for his Friday, April 10, title bout with Willie Pastrano for the light heavyweight championship of the world. (AP WIREPHOTO)

Nicklaus And Palmer Head Masters Field

By WILL GRIMSLEY
Associated Press Sports Writer

AUGUSTA, Ga. (AP)—Jack Nicklaus, the big Golden Bear, and Arnold Palmer, the Charger, renew their battle for No. 1 world golf honors as co-favorites here next weekend in the 28th Masters Tournament.

These two par-shattering slug-gers head an elite field of 99-56 top U. S. pros, 15 U. S. amateurs and 28 foreigners—expected to tee up Thursday in the four-day, 72-hole test over the beautiful but exacting Augusta National course.

It is the year's first major championship—a re-awakening of the golf season after the drab winter lull, staged in a carnival atmosphere which brings devotees swarming into this Georgia city by the thousands.

Luis Rodriquez Defeats Jesse Smith In Florida

MIAMI BEACH, Fla. (AP)—Luis Rodriquez mixed his lightning-like speed with years of ringmanship to score a unanimous decision over Jesse Smith of Philadelphia in a listless 10-round fight Friday night.

For Rodriquez it was his 56th ring victory in 59 appearances. The former Cuban fighting out of Miami outboxed the Philadelphia all the way.

Nobody was hurt seriously in the dancing duel, although Rodriquez suffered a slight cut over an eye. It was quickly patched up.

Smith, one-time sparring partner for Sonny Liston when the former heavyweight boxing champion was looking for a speedy opponent, now has won 36 fights in 45 appearances. He came out of this one unscathed after taking countless left jabs to the face and body.

There were no knockdowns and if the nationwide television audience saw Smith go down in the fifth it was because he slipped, went to his knees and was up before referee Jimmy Peers could begin counting.

The biggest ringside audience since the Ralph Dupas-Sugar Ray Robinson fight last spring—except for the Cassius Clay-Liston fight in the Convention Hall next door last February—saw the fight.

Houston Again Knocking On Door Of Southwest

By HAROLD V. RATLIFF
Associated Press Sports Writer

University of Houston, a bustling young giant, is making another bid for membership in the Southwest Conference.

It tried first in 1948 when it was only two years old in football. The application remained on file until 1952 when the conference decided it would receive no more bids except by invitation.

Baylor sponsored Houston but it was turned down.

Now Houston, almost a decade later, is in a better position to try again. It hasn't said what school will sponsor it this time but obviously it has somebody or it wouldn't have announced plans to apply.

Houston is the second largest college in the state. It grew from 13,500 to 17,500 the past year. It anticipates that there will be 25,000 students by 1970.

It now is state sponsored, has a rounded athletic program and records indicate it would outdraw half the present members of the league in football.

There are obstacles, the same as in the past. It has to fight to get into the conference in 1956.

One point advanced then was that the league would be too large and it would cut down on the inter-sectional games since there was a round-robin schedule in the conference.

It did cut down on inter-sectional games but must not have hurt the conference because it has attained its highest attendance average in history—35,833 per game the past football season. And it obviously played enough inter-sectional games to compete for the national championship. Texas has just finished winning it.

The past football season saw Houston with its worst record in

OU's New Coach Is Eternal Optimist

By NORMAN ROWLAND
NORMAN, Okla. (AP)—Gomer Jones, an old timer at coaching but a rookie at being the top man, is an optimist.

This may seem strange to many Oklahomans—and especially to University of Oklahoma football fans.

But Jones is pinning high hopes on 1964—his first as the replacement for fabulously successful Bud Wilkinson, now a candidate for the Republican nomination for U.S. senator.

What would be a good year for the Sooners, already one of the nation's most successful football teams?

"Well," says Jones in a soft but unhesitating voice, "beating Texas would be a good start."

A triumph this year over nationally top rated Texas Longhorns would, almost without saying, make Jones even more popular among Sooner backers.

Even Wilkinson, whose Oklahoma coaching record of 145 victories, 29 losses and four ties was tops among active coaches, failed to run the Longhorns out of the Cotton Bowl.

In 17 years under Wilkinson, Oklahoma won nine and lost eight in the annual rivalry. And to the horror of Sooner fans, Texas won the last six.

The 1963 Texas victory was particularly unpalatable to Oklahomans. The Sooners were rated No. 1 in the nation when the game started. But the Texans weren't impressed and handed the Sooners a 28-7 beating.

Jones won't build a season around one game, no matter how much he'd relish a victory over the Longhorns. But just to mention it brings a broad grin leaning across his face.

The 50-year-old Jones was the reluctant choice of university regents to succeed Wilkinson when the famed grid coach switched to a career in politics.

But Jones, Wilkinson's top assistant for 17 years, got strong backing from Wilkinson, university President Dr. George I. Cross and a determined block of Sooner fans who flooded regents with telephone calls, telegrams and letters.

The new head coach is called by his first name by most everyone, but to some he is affectionately called, "The little round man."

"I'd just as soon forget it but I know that no harm is meant," he says with a grin. "I'm short and I'm stocky, so it just sort of figures."

He traces the nickname back to 1948. "The players had a nickname for everybody. I was the little round man and Bud, of course, was 'The Great White Feller'."

Seventeen of last season's top 22 Sooner players are returning, and although Jones insists no one has a berth on the first two units guaranteed, he concedes the big problem is in the future.

"Since we have a predominantly senior team, we'll have to have some sophomores come through for us this fall and get the experience," Jones said. "That's why we had to have a good recruiting season—why it was so paramount that we spend so much time on recruiting."

Sooner recruiting lagged during the period preceding Wilkinson's resignation—and the week's lapse until regents selected Jones.

Observers felt that the uncertainty of Wilkinson's future after the 1963 season hampered

Oklahoma's recruiting program. But Jones says if any ground was lost, it has since been regained.

"We did real well," Jones said concerning Sooner recruiting. "We signed a majority of the boys in the state we were after and we got about our average from Texas."

Jones seems pleased with practice sessions thus far and is anxious over the prospects of quarterback Mike Ringer.

Ringer, a sophomore, showed promise in the Sooners' first two games last season but missed the remaining eight games because of an injured right elbow. There have been two operations, but whether Ringer can play this season is uncertain.

"The boy is a tremendous athlete," Jones said. "It will be a big boost for us if he can come back."

Golf Tournament

A women's invitational golf tournament will be held at the Big Spring Country Club April 8 with 23 clubs entering players.

In the match play event, all foursomes will be teeing off between 9-11 a.m. There will be a \$2 entry fee.

USSR Far Back In Oil Production

HOUSTON (AP) — A spokesman for the domestic oil industry says petroleum offers an excellent comparison of the economic systems of Russia and the United States.

Frank Ikard, president of the American Petroleum Institute, says American oilmen have operated in a free economy 104 years and have made a great abundance of inexpensive energy widely available.

Three days after Ikard made his remarks, the National Petroleum Council issued a report that added emphasis to Ikard's charge Russian oil is being used primarily as a politico-economic weapon.

reliance on coal and Russian life is a small shadow of what Americans have come to regard as theirs by right.

Ikard said Russia has placed emphasis on petroleum development only within the last few years but is using its oil primarily as a politico-economic weapon instead of improving the Russian citizen's way of life.

The committee said Russia oil available for export now is about 965,000 barrels a day and should grow to 1,400,000 to 1,700,000 a day by 1970.

oil said the volumes of Soviet oil available for export to Western Europe and other areas will increase steadily.

The committee said Russian oil available for export now is about 965,000 barrels a day and should grow to 1,400,000 to 1,700,000 a day by 1970.

It said Russia's oil reserves and drilling programs are adequate to support a goal of producing at least 7,000,000 daily by 1970.

Experience Counts

F. A. Locke, Odessa, is no stranger to the West Texas oil fields. He's in his 11th year in the business. At the present, he is the motor man on the Robinson Brothers rig No. 2 out of Midland that is drilling tight F. E. Shaheen & Sons No. 1-17 Vera Wade Choate. It's a Howard County wildcat four miles southwest of Coahoma. (Photo by Pat Washburn)

'Year Of Promise' Seen In Sun Oil

J. Howard Pew, chairman and Robert G. Dunlop, president, regard 1964 as a "year of promise" for Sun Oil Company.

"We plan to back that belief with record expenditures of \$151,200,000 for modernization, expansion and the search for new reserves of oil and gas," they said.

In 1963, Sun's comparable expenditures were \$90,500,000. Mr. Pew and Mr. Dunlop said the company entered 1964 "with most of its significant operations moving ahead at record levels."

to Canada and great strategic importance to the North American continent," the report says.

"But," it adds, "the prospect has been confounded by a massive technological puzzle. Aside from frigid temperatures and the remoteness of the area, the oil is heavy and it is intermixed with sand as thoroughly as coffees in a can of grounds."

Last month, the Oil and Gas Conservation Board of Alberta Province endorsed the application of Great Canadian Oil Sands, Ltd. to proceed with a project to produce 45,000 barrels per day of synthetic crude from the sands.

Cosden Employees Will Attend Refiners' Meet

The annual meeting of the National Petroleum Refiners Association, April 6-8 in San Antonio, will have a number of Cosden Oil & Chemical Company people in attendance.

Among them will be R. L. Tollett, who from 1951 to 1953 was president of the Western Petroleum Refiners Association which merged with the National Petroleum Refiners Association in 1961 to form NPRA.

Completions Hit 51 In Past Week

AUSTIN (AP) — Gas well completions in Texas totaled 51 the past week, the Railroad Commission said Saturday.

The year total is 781, compared to 653. Oil well completions totaled 148, bringing the year total to 2,336, compared to 2,407.

Price Cuts Will Be Talk Of Meeting

OKLAHOMA CITY (AP)—Independent oilmen associations in Texas, Oklahoma and Kansas will meet today to talk over fighting a possible spreading of crude oil price cuts.

The groups are the Texas Independent Producers and Royalty Owners, Kansas Independent Oil and Gas and Oklahoma Independent Petroleum Associations.

The Kansas association has taken a stand against developments which have lowered the price of 40,000 barrels of Kansas crude daily from \$3.05 to \$3 per barrel since March 24.

Trade Commission to hold a conference to examine oil product pricing practices and related crude price effects; and petition the Interior Department for action on the imports program.

At the state level, the Texas Association has asked, and Gov. John Connally has agreed, to investigate if price cuts spread.

The association also has before the Texas Railroad Commission a request for a purchasing company questionnaire to enable the commission to "spotlight 'distress oil' situations which thwart meaningful market-demand proration and sometimes precipitate purchaser proration and other discriminatory practices contrary to state conservation statutes."

"The newest round of crude oil price cuts is another indication that excessive oil imports are bringing chaos to the domestic oil industry, undermining normal relationships between independent producers and the larger integrated companies, and needlessly injuring the economies of oil producing states and their government," Street said.

Both the immediate effect of price cuts and the underlying causes. So significant do we consider this threat there is no responsible course we will not pursue to deal with it."

There were 204 rotary drilling rigs in operation in the Permian Basin Empire according to the weekly Friday survey of Reed Roller Bit Company, an increase of one over the 203 reported a week ago.

The county-by-county totals, with last week's figures in parenthesis, are:

- Andrews 6, (7); BORDEN 4, (2); Chaves 2, (2); Cochran 1, (0); Concho 1, (0); Crane 1, (0); Crockett 3, (4); Culberson 2, (0); DAWSON 5, (4); Ector 13, (16); Eddy 8, (10); Fisher 1, (1); Gaines 12, (12); GARZA 1, (1); Hockley 4, (2); HOWARD 3, (4); Irion 1, (0); Kent 2, (5); Lea 40, (38); Loving 1, (2); Lubbock 1, (0); Lynn 2, (2); Midland 4, (2); MITCHELL 4, (3); Nolan 3, (1); Pecos 15, (15); Presidio 2, (2); Reagan 0, (1); Reeves 5, (4); Roosevelt 2, (1); Runnels 3, (5); Schleicher 1, (0); Scurry 2, (2); STERLING 4, (3); Stonewall 2, (1); Sutton 0, (2); Terry 4, (1); Tom Green 2, (1); Upton 5, (6); Ward 9, (11); Winkler 10, (10); Yoakum 8, (11).

Deep Drilling Sets Records For 1963

The lure of rich reserves in the deep horizons offset rising costs as the petroleum industry continued U.S. deep drilling at record levels, both in dollar outlay and deep hole completions, during 1963.

Petroleum Engineer's 19th annual deep well survey shows 271 deep wells were drilled last year at a cost of some \$188,617,000. This compares with 254 costing \$168,800,000 a year earlier.

Prolific South Louisiana, the longtime deep drilling empire, figured in all the national gain last year, recording 233 completions, 30 more than in 1962.

Several records were set last year. Pure Oil Co. established the world's deepest gas production at 19,876-20,752 feet from a far West Texas wildcat, No. 1 W. C. Tyrrell.

last year was the largest in five years and marked the 10th year running that drilling in this category showed a rise. A breakdown of footage and wells drilled puts the average national deep hole depth at 16,241 feet, off substantially from the 17,000-foot average of 1962.

Of the 271 deep wells drilled nationwide last year, 128 or 47 per cent found production. This compares with the average success ratio for all drilling of about one in 10.

The increase in deep drilling comes at a time when overall drilling continues on a decline trend. Industry estimates indicate that total U.S. completions in 1963 were off between 2000 a 2500 from 1962.

The increase in deep drilling

Drilling Operators No. 3 Ross Foster, a water injection well, was finished at a total depth of 2,350 feet and an elevation of 2,485 feet. Operator set 4 1/2-inch casing at 2,230 feet. Location is 2,310 feet from the north and 2,305 feet from the west lines of section 24-22, H5TC survey.

Drilling Operators No. 5 Ross Foster, a water injection well, was finished at a total depth of 2,350 feet and an elevation of 2,485 feet. Operator set 4 1/2-inch casing at 2,230 feet. Location is 2,310 feet from the north and 2,305 feet from the west lines of section 24-22, H5TC survey.

Drilling Operators No. 5 Ross Foster, a water injection well, was finished at a total depth of 2,350 feet and an elevation of 2,485 feet. Operator set 4 1/2-inch casing at 2,230 feet. Location is 2,310 feet from the north and 2,305 feet from the west lines of section 24-22, H5TC survey.

Drilling Operators No. 5 Ross Foster, a water injection well, was finished at a total depth of 2,350 feet and an elevation of 2,485 feet. Operator set 4 1/2-inch casing at 2,230 feet. Location is 2,310 feet from the north and 2,305 feet from the west lines of section 24-22, H5TC survey.

DAWSON
Gordon Knox & Assoc. No. 7 J. M. Green, 1,980 feet from the east and 550 feet from the west lines of section 43-34-46, T&P survey pumped 361 barrels of oil at a gravity of 40.9. Gas-oil ratio was 1,219.1 on the project which was fractured with 40,000 gallons. Operator set 4 1/2-inch casing at 8,714 feet and perforated between 8,510 and 8,542 feet. Flow is 2,804 feet and the total depth is 8,715 feet.

GARZA
Shell Oil Co. No. 1 A C A Bird is plugged and abandoned at a total depth of 1,126 feet. Location is 1,930 feet from the north and 1,980 feet from the west lines of section 19-8, H5GN survey.

STERLING
H5HT Operators No. 5 Ross Foster, a water injection well, was finished at a total depth of 2,350 feet and an elevation of 2,485 feet. Operator set 4 1/2-inch casing at 2,230 feet. Location is 2,310 feet from the north and 2,305 feet from the west lines of section 24-22, H5TC survey.

THE OUTLOOK
When will the trend in deep drilling level off? Not during 1964, probably, if the predictions of the operators themselves hold true. A spot check with several of the larger operators revealed that deep holes will play a prominent role in their operations for several years to come.

The Petroleum Engineer predicts a deep drilling increase to a total of 300 wells for the first time in 1964, with about 260 of them coming in Louisiana.

GEORGE ZACHARIAH

Keep In Harness A SMOOTH-WORKING TEAM

Big Spring is fortunate to have sound and progressive direction of its municipal affairs from the membership of the present City Commission. These men are working in harmony, are devoted to the best interests of all the citizens, are conscientious of their responsibilities, and are providing able leadership with an orderly program.

They are familiar with current city projects and problems, are continuing to carry

out Master Plan developments according to design and with a conservative attitude.

When we are fortunate enough to have in harness such a smooth-working team, then we say - let's keep that team!

Your vote and support are respectfully solicited in next Tuesday's City election, for George Zachariah, Arnold Marshall and Squeaky Thompson.

(Political advertising paid for by Big Spring business men interested in the city's progress.)

... WE ARE AS ONE ...

A tradition will be revived at 1 p.m. April 11, when members of five local study clubs will gather for a luncheon in the ballroom of Cosden Country Club. This will be the first joint luncheon sponsored by the group in several years.

The clubs, all federated, are the Spoudazio Fora Study Club, Big Spring Progressive Forum, Junior Woman's Forum, Woman's Forum and Modern Woman's Forum.

Guest speaker for the affair will be

Mrs. P. B. Storie of Andrews, president of the Western District, Texas Federation of Women's Clubs. During the program, recognition will be made of local women who are serving in district offices.

"The Song of Solomon" is the theme chosen for the luncheon and will be used in decorations placed throughout the dining area. Approximately 100 women are expected to attend.

DECORATIONS LEND a festive air to any gathering, and representatives from each study club will search for the "something" different that will please the eye at this year's luncheon. Mrs. L. B. Maulden, right, heads the decorating

committee and met this week with Mrs. Jesse Jackson in a preliminary session to exchange ideas for the main theme. Other committee members are Mrs. Ennis Cochran, Mrs. J. R. Redden Jr., Mrs. V. E. Jones and Mrs. Don Robbins.

WOMEN'S NEWS

BIG SPRING DAILY HERALD

SECTION C

BIG SPRING, TEXAS, SUNDAY, APRIL 5, 1964

AN INTERESTING and timely program is being arranged by vice presidents of the sister clubs who will present the president of the Western District, Mrs. P. B. Storie, Andrews, as guest speaker. Meet-

ing here are Mrs. Ernest Welch, Mrs. W. W. Lansing, Mrs. Paschal Odom and Mrs. T. G. Adams. Not shown are Mrs. Don Wiley and Mrs. Jack Y. Smith.

A BIG PART of the credit for reviving the traditional forum luncheon goes to the club presidents. From left are Mrs. Bill Draper, Mrs. Bill C. Coleman and Mrs. Jack F. Johnson. Heading other clubs are Mrs. Don Wiley and Mrs. C. W. Parmenter.

RESERVATIONS WILL be made and seating planned by the club treasurers. Chairman of the reservations committee is Mrs. A. C. Boss, seated at left. With her are Mrs. Max Green, Mrs. Escol

Compton and Mrs. Dudley Jenkins. Mrs. Melvin Lindsey and Mrs. M. A. Cook were unable to be present.

CO-CHAIRMEN WHO are guiding preparations for the luncheon are Mrs. Don Wiley and Mrs. Bill Draper, shown above. Serving as treasurer is Mrs. Jack F. Johnson, and publicity is being coordinated by Mrs. Bill C. Coleman.

Miss Baxter Weds Gary J. Greenwood

Miss Dina Baxter and Gary James Greenwood were married at 8 p.m., March 28, in an informal double ring ceremony in the chapel of the First Methodist Church in Comanche. The Rev. Plez Todd officiated.

The bride is the daughter of Mr. and Mrs. G. B. Baxter, Comanche, and the bridegroom is the son of Mr. and Mrs. D. L. Massey of 8109 Redwood, Fort Worth.

Given in marriage by her father, the bride was attired in an antique white brocade Chanel type suit and wore a matching flower hat with short veil. Her accessories were bronze, and she carried a bronze orchid atop a jeweled Bible.

D. L. Massey of Fort Worth, served as his stepson's best man. Ushers were Edward Seay and Jack L. King, Comanche, both brothers-in-law of the bride.

Matrons of honor were Mrs. Edward Seay and Mrs. Jack L. King, both sisters of the bride. After the wedding, an informal supper was held at the home of the bride's parents on the Fort Worth Highway for the members of the wedding party and families.

After a short wedding trip the couple will be at home at 2004 Clover Lane, Fort Worth.

The bride lived here with her brother-in-law and sister, Mr. and Mrs. Seay, while attending Big Spring High School. At Arlington State College she was a member of the Business and Economics Club and the Vaqueros. Also, the bridegroom attended Arlington State College and belonged to the Sakkara Club.

MRS. GARY JAMES GREENWOOD

Out-of-town guests included Mr. and Mrs. Truett Vines, Mr. and Mrs. Roy Baird, Miss Dean Terrazas, Johnny Turner and Lewis Kilgore, all of Big Spring; and Mrs. Orville Cox of Sylvester.

Four generations were represented at the wedding. They included the bride, her maternal grandmother and grandfather, Mr. and Mrs. C. S. McDonald of Comanche, and the bride's niece, Julie Seay of Big Spring.

Bablers Return To States Noted

COAHOMA (SC) — Mr. and Mrs. C. H. DeVaney have received word that their son-in-law and daughter, Lt. and Mrs. Myron J. Babler who are stationed in France, will return to the states in May. On their return, Lt. Babler will be stationed with the Air Force in Columbus, Ohio. Mrs. Babler plans to enroll at the University of Ohio this fall.

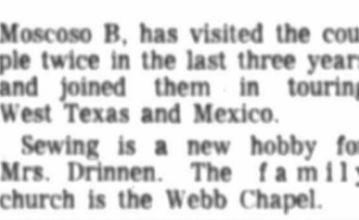

Mrs. Romy Mays and her son, Dennis, are patients at Cooper Clinic and Hospital.

Mr. and Mrs. Ray Swann have as their guest this week, her sister from Texarkana.

Mr. and Mrs. Bill Easterling and children, Jamie and Leisa, were recent visitors in Abilene with her parents, and in Avoca with his parents.

Best Family Meets In Coahoma Home

COAHOMA (SC) — Mr. and Mrs. Wes Ashley of Odessa visited this weekend in the home of their nephew and family, Mr. and Mrs. Bill Best. Mrs. Georgia Best of Abilene, Best's mother, also visited them this weekend.

MRS. ROY DRINNEN

Moscoso B. has visited the couple twice in the last three years and joined them in touring West Texas and Mexico.

Sewing is a new hobby for Mrs. Drinnen. The family church is the Webb Chapel.

Physical Training Presented

James Blake presented two students, Valynia Conway and Wanda Albertson, in a program on physical fitness at the Thursday meeting of the Forsan Study Club held in the Forsan School cafeteria.

He detailed the school's activities in connection with the physical fitness program outlined by the late President Kennedy. The girls demonstrated activities and exercises.

Mrs. J. C. Ferguson presided, and Mrs. L. T. Shoults worded the devotion. Mrs. W. M. Romans reported that reservations for the dinner to be held at the Big Spring Country Club May 7 must be made by May 4. A committee was named to choose the outstanding senior girl who will receive an award from the club.

Thirteen members and three guests were served at a refreshment table covered with a white cloth and centered with bar bells and a spring flower arrangement. Silver and crystal appointments were used. Mrs. M. M. Fairchild and Mrs. H. H. Story were hostesses.

A flower arrangement workshop will be held at the next meeting scheduled for April 16.

Newer Dishpans

Deep plastic dishpans are now made with easy-lift handle rims, more generous capacity for dishes and suds, and flip-out compartments for soaking silverware.

Golf Luncheon Held At Club

A spring theme dominated the Ladies Golf Association luncheon held Friday at the Big Spring Country Club. The tables were decked with pyramids of daisies and runners of ivy and a mass arrangement of Dutch lilies and snapdragons centered the head table.

Mrs. Gil Gingold presided and gave recognition to the decoration committee composed of Mrs. John W. Davis and Mrs. Garner McAdams. She announced that the couch for the foyer has been purchased and delivery date set for the near future.

Mrs. Floyd Mays reported that the Women's Invitational Golf Tournament has been scheduled for Wednesday, and golfers from 23 surrounding towns are planning to enter the tourney. Also, a plan has been developed by the golf committee to give a collection of trading stamps May 1. Free golf lessons will be offered to members every Tuesday from 10 to 11 a.m. during the month of April.

Mrs. R. L. Heath said that the pool committee will purchase a grouping of wrought iron furniture for the club pool and lounge chairs for swimmers. The group will operate a concession booth during the two future major golf tours.

Guests were Mrs. B. E. Clayton of San Antonio, Mrs. Janie Nootbaar, Mrs. M. C. Grigsby and Mrs. Charles W. Head. Mrs. A. Swartz was winner of the special prize.

Mrs. Harold Rosson presided at the election of new officers. They are Mrs. Frank Rice, president; Mrs. Bob Simpson, vice president; Mrs. Anna Steen, second vice president; Mrs. Luther Bean, secretary; Mrs. J. C. Thames, treasurer; Mrs. Brooks, worship chairman; and Mrs. Joe B. Johnson, service chairman.

It was announced a book review will be held April 16 and Mrs. Herman Smith will present Alan Drury's book, "A Shade of Difference," in the church basement at 7:30 p.m. The public is invited.

Journalism Affair Held

Mrs. Bill C. Coleman and Mrs. J. M. Hill left Friday to attend the Celebrity Breakfast to be held at the Ridgela Country Club Saturday morning in Fort Worth.

The affair was sponsored by the Fort Worth Professional Chapter of Theta Sigma Phi, journalism sorority.

Mrs. Hill joined her mother, Mrs. A. B. Crawford of Granberry, who was honored last year by the group and given an award for her contribution to the field of journalism. Mrs. Hill and Mrs. Coleman plan to return today.

ELECT OFFICERS

Panel Discussion Held For Circle Meeting

The Esther Circle, under the leadership of Mrs. M. B. McFall, presented the program at the Thursday meeting of the Christian Women's Fellowship of the First Christian Church.

The program, "Follow Where the Feet Have Trod," was presented in panel form with the devotion, prayers and music combined in the theme. Participants were Mrs. John Black Jr., Mrs. Curtis Driver, Mrs. Don Williams, Mrs. Robert Clark, Mrs. Jimmie Calmes, Mrs. Lloyd Brooks and Mrs. Don Wiley.

To Marry

Mr. and Mrs. Vergil Stone, 2837 Locust, Colorado City, announce the engagement of their daughter, Janet Carol, to Ronald Rodgers, son of Mr. and Mrs. L. R. Rodgers, Sinton. The wedding will be held at the First Christian Church in Colorado City June 27.

Sister Visited, Son Returns To School

COAHOMA (SC) — Mrs. Maggie Holland from San Angelo is visiting with her sister, Mrs. Edna Lay.

Doyle Warren, son of Mr. and Mrs. George Warren, has returned to Lubbock where he is attending Texas Technological College. Doyle made the Dean's Honor Roll this semester.

Meet Madame President

Mrs. Roy E. Drinnen, president of the International Wives' Club, finds time from her duties as homemaker and mother, to serve as publicity chairman of the Catholic Women of Webb and to work as a Gray Lady at the Webb Air Force Base Hospital where she has totaled 150 hours of service.

"We have traveled all over the United States and find Big Spring the friendliest city we know," said this native of Panama City, Panama. Big Spring also stands out to Sgt. and Mrs. Drinnen as the birthplace of their son, Roy E. Jr., who is now three years old.

Mrs. Drinnen received her elementary and high school education at the Immaculate Heart of Mary school in Panama and attended the Assumption Convent College in Hertfordshire, England. During her college years she was with her brother, Leopoldo Algner, who was in the diplomatic service in England.

The Drinnens were married in Panama in 1950 and came to the states in 1954. Mrs. Drinnen's mother, Mrs. Antonio

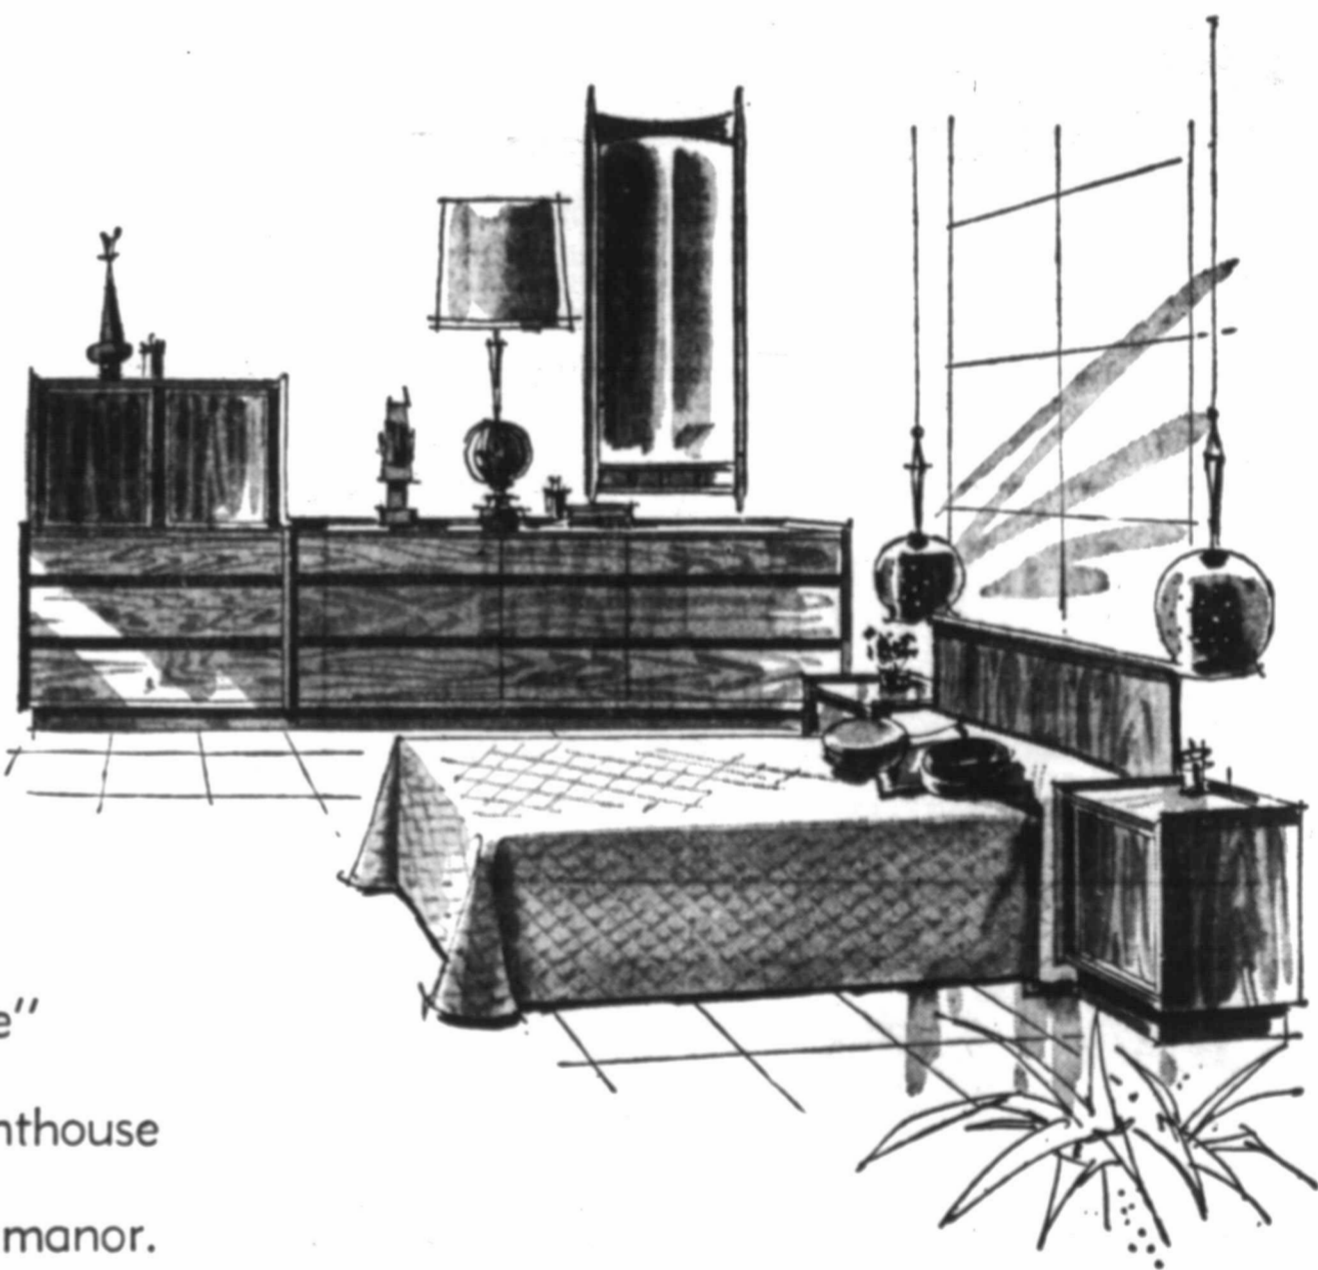

MRS. ROY DRINNEN

Moscoso B. has visited the couple twice in the last three years and joined them in touring West Texas and Mexico.

Sewing is a new hobby for Mrs. Drinnen. The family church is the Webb Chapel.

...elegant new contemporary Decorator Collection

equally "at home" in the swank penthouse or the suburban manor.

Delightfully NEW on the horizon in home decor, Esprit reflects the spirited ideas of young homemakers. The inspired use of galleries, sculptured mouldings and ebony black accents create an elegant, refined classic look you'll love to live with. Fronts of superbly grained walnut veneers blend with solid walnut, highlighted by a true oil hand-rubbed finish. Dustproof, nylon leg domes, easy glide drawers and doors are typical of quality.

Travels Listed, Visits Reported By Hosts

FORSAN (SC)—Visitors in the Paul Kennedy and Don Murphy homes were Mr. and Mrs. James Kennedy, Richard, Terry and David of Seminole.

Mrs. Nell Draper, a former resident, now of Big Spring, has spent the past four and one-half months in Thermal, Calif. She has returned home and visited with friends here.

Mr. and Mrs. Gordon Hodnett, Buford and Linda Kay were visitors in Clovis, N. M., with her parents.

Airman 2.C. and Mrs. Gary Wiggins and Debbie of Wichita Falls have been guests of her parents, Mr. and Mrs. C. L. Gooch, Donnie and Patsy.

Mr. and Mrs. A. P. Oglesby have had several guests. They were Mrs. Frank Oglesby and Mrs. S. T. McElhatton of Westbrook, Mr. and Mrs. Albert Oglesby of Odessa and Mr. and Mrs. Pete Green and sons of Ackerly.

Cleo C. Wilson of Wichita Falls paid his parents a brief visit during the week while on a business trip.

Mrs. Frank Davidson has been visiting her daughter and family in Abilene this week and plans to be in Morton at her son's home next week.

Mrs. Charles Riffe is home with his parents, Mr. and Mrs. Willie Riffe, after living at Shephard for the past 15 months with his sister and family.

Visiting their parents, Mr. and Mrs. L. T. Shoults, are Mr. and Mrs. C. L. Girdner Jr. and children from Spur; Mr. and Mrs. Jimmy Shoults and children, Big Spring, and Mr. and Mrs. Buster Gribbs and children and Joyce Shoults of Abilene.

MRS. DAVID BARRETT GIVENS

Givens, Alsup Vows Solemnized Friday

Miss Betty Ree Alsup and David Barrett Givens were united in marriage at the First Methodist Church in Stanton Friday evening. The bride is the daughter of Mr. and Mrs. Guy W. Alsup, Stanton, and the bridegroom is the son of the late Mr. and Mrs. Harry Givens of Joliet, Ill.

Rev. Claude LeMond performed the double ring ceremony before an altar arrangement of white gladioli and spiral candelabrum flanked by baskets of white chrysanthemums and gladioli.

Wedding music was played on the organ by Mrs. William Minnerly of Midland, and Mrs. Glenn Brown of Stanton was the soloist.

Diane Garrett and Ann Pease of Midland, gownned in light turquoise fitted shifts, lighted the bridal tapers. They were matching caps and carnation wristlets.

The bride was attired in an aqua blue Italian silk two-piece gown styled with a cowl neck, line, and a matching pillbox hat. She carried a white orchid corsage.

Mrs. Russell Huckaby of Midland served as matron of honor in a gown of turquoise. Her corsage was styled of white feathered carnations.

William Arthur Given of Bartlesville, Okla., served his cousin as best man, and ushers were Ken Williamson, Richard Stump

Parents Announce Daughter's Birth

Mr. and Mrs. Tony Parrish, Kirkland Air Force Base, Albuquerque, N. M., are parents of a daughter, Laura Michelle, born April 3 at the base hospital. The infant weighed 6 pounds 11 1/2 ounces.

The maternal grandparents are Mr. and Mrs. George Waring, El Paso, and the paternal grandparents are Mr. and Mrs. Emory Parrish, 1403 Princeton.

End Red Ink Spot With Vinegar Aid

Red ink spots can be removed by first washing with sudsy water and then rinsing with vinegar diluted with water.

Conference Held By Presbyterians

COAHOMA (SC) — The Coahoma Presbyterian Church hosted the District Two Conference at the church Thursday. Sixty-eight attended the luncheon and afternoon workshop. Mrs. Charles Read served as district program chairman. The theme for the conference was "Christian Worship." Fred O. Brewster, minister of the First Presbyterian Church in Colorado City, gave the devotion.

Mrs. Charter Hale, president of the local Presbytery, gave the welcome and Mrs. Wilson Page of Eldorado, gave the response. Mrs. J. J. McClendon sang "How Great Thou Art."

Wedding Plans Told By Parents

Mr. and Mrs. Elmer A. Thomas, 1232 Avenue P., Anson, have announced the engagement and approaching marriage of their daughter, Joyce LaVerne, to Eugene Boaz, son of Mr. and Mrs. H. H. Boaz, 431 Avenue K of Anson.

The wedding will be held June 12 at 8 p.m. in the First Baptist Church of Anson. The prospective bridegroom is attending Howard County Junior College and Miss Thomas is presently attending Draughton's Business College in Abilene.

Coahoma HD Club Hears Agent Talk

COAHOMA (SC) — The Coahoma Home Demonstration Club met Thursday in the home of Mrs. Hannah Thompson. Mrs. Delaine Crawford, Howard County agent, gave a demonstration on selection, use and care of small, non-electric cooking appliances.

Bottle Cover

898

Here is a cute way to present baby a pair of nursing bottles, one four ounce and one eight ounce. For the older tot, it may be stuffed with cotton and head sewn on to form a soft washable toy. Pattern No. 898 gives the instructions.

Our new 1964 Needlework Book contains a fine selection of crochet, knit, embroidery, quilts, etc., and includes instructions for four designs and also coupon entitling you to any pattern of your choice, free. Send 50 cents.

Send 25 cents plus 5 cents postage in coins for this pattern to MARTHA MADISON, care of Big Spring Herald, Box 1490, New York 1, N.Y. Add 15 cents for first class mail.

Sportswear Has Firm Foundation

Sportswear's newest foundation goes to great lengths to help milady look well in ski pants, riding breeches, tapered slacks and leotards — without curbing her freedom of movement.

The breeze-weight undergarment starts at a lightly banded waistline and continues on down to the ankle. A stretch strap slips under the instep to prevent riding up.

Send 25 cents plus 5 cents postage in coins for this pattern to **MARTHA MADISON**, in care of The Big Spring Herald, Box 1490, New York 1, N.Y. Add 15 cents for first class mail.

Transplant Of Garden Reported

A \$250,000 garden, including 20-foot palm and coconut trees, date and fig trees and exotic flowers, was shipped from Miami to Grand Bahama Island by chartered freighter to landscape a new hotel.

In a series of trips, the ship also carried yews, silver buttonwoods, Queensland umbrella trees, 300 privet hedge plants, 500 morning glory plants, and enough grass seed to sow five

acres of lawn. There also were jasmine, bougainvillea and iris, day lilies, bird of paradise, monkey-apple and Spanish bayonet plants.

The plants were set in a temporary area pending transplanting to the Lucayan Beach Hotel's 16-acre garden.

Houseguests Noted By Forsan Families

FORSAN (SC)—Mr. and Mrs. J. W. Snelling had as their guests, her sister, Mrs. Audrey May, and Mrs. Wilma Bolinger of San Antonio. The Snellings recently visited in Snyder with her mother, Mrs. A. P. Morris, who is recuperating from an injury.

Mr. and Mrs. James Craig and children were guests of their

parents, Mrs. Vera Harris and Mrs. J. M. Craig.

Mr. and Mrs. J. D. Gilmore were in Abilene early in the week with a daughter and family, the Charlie McGuires. Mrs. Gilmore remained for a longer visit.

Mr. and Mrs. L. B. McElrath were in Winters to attend fu-

neral rites for her aunt, Mrs. Mollie Smith.

Mrs. John B. Anderson has been dismissed from Malone-Hogan Foundation Hospital where she was a surgery patient.

Timmy Philley, son of Mr. and Mrs. Fran Philley, has been dis-

missed from Medical Arts Clinic and Hospital.

Mr. and Mrs. Kenneth Cowley have been deep-sea fishing at Corpus Christi.

Milton D. Bardwell has been home for a visit with his parents, Mr. and Mrs. D. M. Bardwell. He is based at the Corpus Christi Marine base.

Mr. and Mrs. Bob Wash attended the funeral rites of her father, Bill Archer, in Seagraves recently.

Mrs. Paul Ventre and daughters, Kerry and Natalie, of Sherman Oaks, Calif. have been visiting her parents, Mr. and Mrs. J. P. Kubecka. They were joined by Ventre on the weekend and left for home today.

Big Spring (Texas) Herald, Sun., April 5, 1964 5-C

Time Was When This Was Cheap

CORNWALL, Ont. (AP)—A glimpse of life in Ireland and Canada 135 years ago is provided by a letter in the possession of Mrs. John S. Morgan, 89-year-old resident of this eastern Ontario city.

It bears the address: Mr. Hugh Adams, Fourth Concession of the Township of Cornwall, Upper Canada, America.

And it was written by Mrs. Morgan's great-great-grandparents to her great-grandparents, who had left Lismulligan, Ireland, in 1827.

It mentioned that butter was selling at 14 cents a pound and potatoes at 20 cents a hundred while pork was priced at 10 cents a pound in Ireland but added that "all other things are cheap."

The father explained that he was unable to determine whether the ship taking the Adamsses to Canada had arrived safely. The trip took six weeks and the letter, written in April, reached its destination in August.

Women Plan To Wear Mantillas

NEW YORK (AP)—Mantles and mantillas will be worn by more than 100 women volunteers who will act as hostesses for the Vatican Pavilion.

The mantles will be crisp, opaque sheer cloaks worn over the ladies' own garments, according to Eleanor Lambert, appointed by Francis Cardinal Spellman to supervise selection of all Vatican apparel. Frothy white fabric over their heads will complement the mantles.

Girl guides will wear skirts, jackets and berets similar to the Swiss guard.

LAZILY GETTING FAT
Some of 2,000 head of cattle on feed at Howard County Feed Lot

Feed Lot Has Fed Out 5,000 Head Of Cattle

By M. A. WEBB
Howard County Feed Lots, located nine miles north of Big Spring on the Snyder Highway, which has been in operation for little more than a half year, has fed out around 5,000 head of cattle. The lot is operating at about 50 per cent of its 4,000-head capacity, and maintaining a steady business.

John Cowser, general manager, and C. C. Rippey, animal husbandryman supervising the feeding, said cattle had been fed out and shipped to Fort Worth, Dallas, Houston, Lubbock, and Sweetwater, and that a good portion had been sold locally to packing houses. Casey Packing Co. is the largest local buyer.

110 DAYS
"Feeding takes from 100 to 120 days," Rippey said, "with 110 days being the average time to produce high good, or low choice grades. Animals in the 450- to 550-pound weight are considered the best for starting on feed. The market sometimes calls for lighter weights."

Most of the cattle are from local cattlemen, and Herefords are predominant. There are also Angus, Santa Gertrudis, Hereford crosses and other breeds on feed at the lot.

Rippey said the cattle market was "rough," but that cattlemen were optimistic.

"We are convinced that we can have a year-around business here," he said. "There are plenty of cattle available in the area if breeders become accustomed to selling finished beef. We can bring in cattle if there are not enough locally, but we have not tried it yet."

AMPLE FEED
The feed supply is ample within a 50- to 60-mile radius for operation of the lot. A small amount of corn is being imported since West Texas is not a corn producing area. Molasses, used in mixing the feed to proper specifications, comes from Corpus Christi, with a little from El Paso.

Cattle are vaccinated and given antibiotics as they are brought in. They are weighed

in, examined by a veterinarian, vaccinated, and then put in the lots.

"Our mortality rate has been low," Rippey said. "The veterinarian checks all cattle every day. Any suspicious animal is treated immediately and, if necessary, separated from the others."

The management said the system is still operating as originally planned. Feed is mixed scientifically and cattle are fed out on a custom yardage basis.

VISITORS
"We have had a lot of visitors since opening the lot," Rippey continued. "Some are interested in how the system is operated; some are comparing ours with other lots. The majority of the visitors are local, and we welcome them at any time. They may look at our facilities, lots, and cattle, and we are always glad to answer questions. They may find us too busy, at times, to spend as much time visiting as we would like, but we still welcome any one interested."

Local Cat Makes Good Back East

By SAM BLACKBURN
It's not easy to make the columns of the New York Times. It is not easy, either, to crash the pages of the Los Angeles Herald-Examiner.

And it isn't easy to become an accepted member of the exclusive Harvard Club in Gotham. Yet a former Big Springer has won these honors.

HARD WAY
And he made it the hard way, too. He is the black cat with white spots formerly owned by the Kenneth Perrys, now of Darien, Conn., but recently of Big Spring.

Perry was transferred to New York to be chemical product manager for Cosden Oil and Chemical Co. The Perrys, when they moved from their home at 2103 Alabama, took Bootsie Mitten, (that's the cat) with them. Now Bootsie is a resident of the exclusive Harvard Club and has rated extensive publicity in the metropolitan press of the nation.

But let Phillip H. Dougherty, New York Times writer, tell the story.

COLUMN
Writes Mr. Dougherty: "The newest resident member of the Harvard Club of New

York is a mixed-breed tomcat from the wide open spaces of Texas who couldn't make it socially in Darien, Conn.

"Bootsie Mitten, a 2-year-old black cat with white spots, has rounded out his third week at the club.

"He sprawled in front of one of the fireplaces. He curled up in a leather-covered chair in the grand hall. He played with a stuffed mouse on the first landing of the main staircase.

"But mostly he hid out in the ladies' powder room. He usually stays there until dark, when he emerges to stalk the wary Harvard Club mice.

"In spite of the fact that he has the run of the place and has cultivated a taste for crabmeat and other goodies from the club kitchen, Bootsie had not been sent to the club as a reward. He had been exiled.

WELL ADJUSTED
"When he was in Big Spring, Tex., and a 100 per cent outdoor cat, Bootsie was well adjusted."

"But when he transferred East with the Ken Perrys and their daughters, Martha, 9, and Kathy, 6, something happened to him. Perry was transferred East by Cosden Oil and Chemi-

cal to be chemical product manager here.

"In Fairfield County, Conn., Bootsie exhibited a suburban syndrome. According to Mrs. Perry, he released his pent-up hostilities by scratching Kathy.

"When the Perrys learned through friends that the Harvard Club needed a cat (the last one was last seen entering an air conditioner in the bar last summer), Perry drove Bootsie down to the club here.

OFFICIAL
"Official announcement of the club's newest and only live animal—there is an abundance of mounted heads—was made in the March bulletin of the club.

"Opinion of the membership elicited was varied but calm. Most were in the cat's corner. "Bootsie has no counterpart at either Yale or Princeton Club."

"A telephone call to the Yale Club produced: 'No cats—no comment.'

"At the Princeton Club, however, a staff member, informed of Bootsie's prowess with rodents at the bar, asked 'were they sitting on the stools?'"

Dr. Blasser Takes State Hospital Residency Post

The Big Spring State Hospital has a new resident psychiatrist. He is Dr. Jacob C. Blasser, native of Panama, who is in his second year of resident study leading to the doctor of psychiatry degree.

A young bachelor (29), Dr. Blasser's parents were immigrants to Panama from Germany. He attended undergraduate school in the Canal Zone and at Emory University, Atlanta, Ga., graduating from the University of Panama Medical School in Panama City in 1961.

Dr. Blasser, following his graduation, served one year as an intern at Santo Tomas Hospital in the Canal Zone before beginning psychiatric residency training in July of 1962 at

Baylor University. His first year of resident training was taken in various hospitals in Houston, that are affiliated with the residency program of the Baylor College of Medicine. Dr. Blasser said he would return to Houston to complete his third year of resident training after three months training and work in Big Spring.

Asked about his profession, he said, in his opinion, there are three areas of mental health that have received increased attention: encouraging families of patients who do not really belong in a mental institution to assume the responsibility of care, operation of post-treatment centers such as Halfway House, and seeking public acceptance of mental illness without stigma.

Postal Receipts Show Decline

Postal receipts continued to show decrease this past month over March 1963. A. A. Porter, assistant postmaster, said March receipts were \$36,859. For the same month in 1963, receipts were \$39,479.61.

For the first three months this year, Big Spring postal receipts are \$23,296 less than for the same three months a year ago.

The three months total this year is \$99,639.08. In 1963, the total was \$133,235.

Observers say that part of the loss is probably due to the change in mailing operations of Cosden Oil and Chemical Co. In the past, about \$5,000 a month additional revenue was derived at the local post office as result of mail sent out by Cosden.

Easter Seal Campaign Collects Over \$3,000

Some 450 volunteer workers collected \$3,027.68 for crippled children and adults in the month-long Easter Seal Drive, which concluded at the beginning of April.

The annual campaign this year netted about double the amount of last year's drive, according to Jim Thompson, director of the Howard County Crippled Children's Center — main beneficiary of the Easter Seal Drive.

Thompson said 77 per cent of the money collected will remain in the county. It will provide crippled children and adults with braces, crutches, wheel chairs and corrective shoes, he said.

The Crippled Children's Center may be a misnomer, for anyone with a physical handicap or crippling disability is eligible for treatment at the center. Surgery for crippled persons also is paid for with mon-

ey collected by volunteer workers.

The other 23 per cent of Easter Seal Drive funds is sent to the state and national Crippled Children's Fund, where it is earmarked for expenditure on research and the operation of summer camps.

Chairman of this year's drive was Mrs. Rube McNew. Thompson and Mrs. Imogene Lloyd handled publicity, and the volunteer workers included Boy Scouts, Girl Scouts, FHA Girls, Cosden employes and Rainbow Girls.

The donations were collected through door-to-door campaigns and a number of programs including coffees, bridge parties, etc.

For instance, Ray White, Mrs. Buford Hull and Mrs. Dwight McCann were in charge of door-to-door collections in Sand Springs were handled by Mrs.

Many Towns Not Ready For Industry

COLORADO CITY (SC)—Jack Springer of Abilene, executive vice president of the West Texas Chamber of Commerce, was the Colorado City Lion's Club Friday.

Springer said that although most communities were seeking industry, many were not ready for it.

"In this phase of the WTCC program, we're principally engaged in getting the community ready for industry. Many communities display complete unreality in their approach to industry," Springer said.

He added that despite all the fringe benefits such as cheap sites and low taxes offered to industry, that "the only reason an industry locates anywhere is to make money."

The most important factor in providing a favorable climate for attracting industry, Springer said, is the quality of business leadership in the community.

The key factor in locating Minnesota Mining in Brownwood, Springer added, was the quality of the business leadership in Brownwood. "Minnesota Mining people were well pleased with the handling they had received from the business leadership of Brownwood, including bankers, utility people and other businessmen."

Springer also spoke of the desirability of attracting tourist dollars. "When we swap dollars back and forth at home, we may not make much money, but the tourist dollar is a new dollar!"

Loyan Walker, WTCC staff member accompanied Springer to Colorado City.

Jobs Increase

AUSTIN (AP) — The Texas Employment Commission reported today that total employment in the state increased 10,300 to 3,516,900 by Feb. 15. Unemployment dropped 6,900 to 195,900.

Still Time To File Claim For Homesteads

Most property owners in the county have already claimed homestead exemptions, according to Mrs. Zirah LeFevre, county tax assessor-collector, but there may be a few who have not as yet exercised that privilege.

Most property owners, she said, signed an official homestead claim when they paid their taxes or their poll tax.

Others, whose taxes are paid by mortgage companies, have come in and signed claims. Some, perhaps, have not as yet signed the forms.

The taxpayers of Texas have until April 30 to make such claims just as they have that same deadline for rendering property for state and county tax purposes.

By claiming his homestead exemption, the taxpayer can save himself about \$12. The saving is strictly on his state tax.

It takes only a few seconds to check the lists and make certain the taxpayer has claimed his homestead.

Springer also spoke of the desirability of attracting tourist dollars. "When we swap dollars back and forth at home, we may not make much money, but the tourist dollar is a new dollar!"

Loyan Walker, WTCC staff member accompanied Springer to Colorado City.

JUMBLE — that scrambled word game

Unscramble these four Jumbles, one letter to each square, to form four ordinary words.

WHYSO [] [] [] [] [] [] [] []

TUFON [] [] [] [] [] [] [] []

NACAMI [] [] [] [] [] [] [] []

TOGIER [] [] [] [] [] [] [] []

Print the SURPRISE ANSWER here [] [] [] [] [] [] [] []

Now arrange the circled letters to form the surprise answer, as suggested by the above cartoon.

(Answers Monday)

Jumbles: **FORCE PANIC CARBON DUGOUT**

Yesterday's Answer: **The only way some husbands manage to buy anniversary presents on time — ON CREDIT**

NEED ACCURATE RECORDS?

Federal Income Tax Forms for 1963

Let First National Lend a Hand

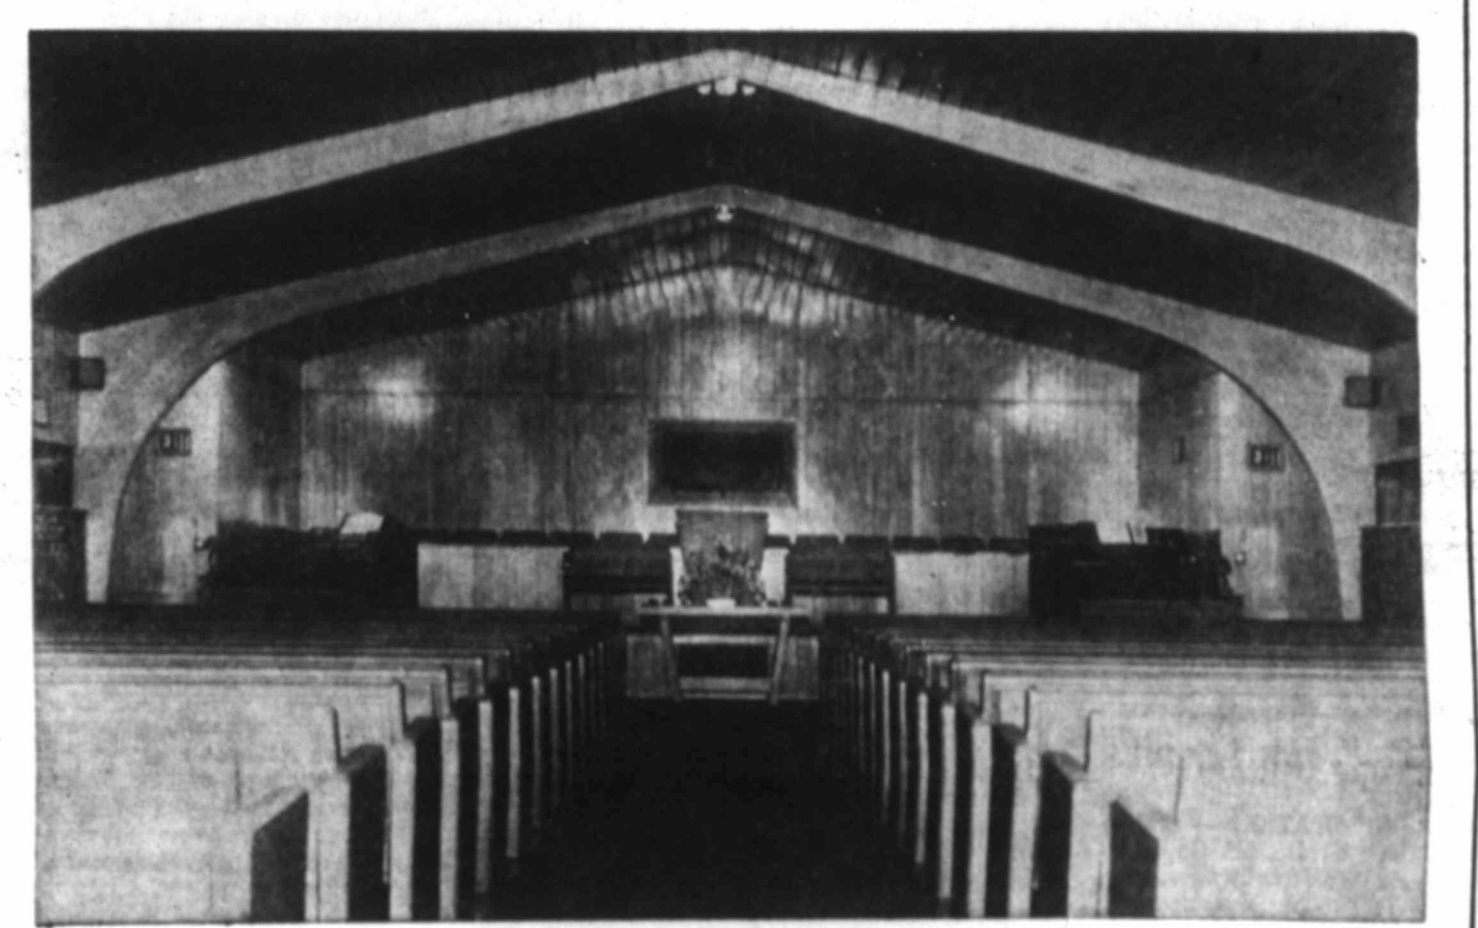

When it becomes time to calculate your income tax, only accurate, unquestionable records will suffice. The easiest method of maintaining accurate, acceptable records is through use of a First National checking account. You will find your checking account convenient and time saving as well as proof of payment.

Why not open your First National checking account today? If you wish, we will supply FREE personalized checks for your use.

Meet Betty Rains, one of First National's friendly, helpful personnel.

FIRST NATIONAL BANK

4th & Main - Big Spring
MEMBER F. D. I. C.

Congratulations to Members of the Birdwell Lane Baptist Church on the completion of your new building

The Birdwell Lane Baptist Church cordially invites you to share in the dedication of their new building during services today. Although they are most proud of this fine new plant, they are humble and grateful that they have been privileged to prosper and grow in the Lord's service.

Their church was started 12 years ago with an initial congregation of only 12 members. Their roll now numbers 100 persons.

They would welcome you at their Sunday services.

OPEN HOUSE SUNDAY AFTERNOON

Morning Worship 11:00 A.M. Evening Worship 6:30 P.M.
Laying of the corner stone at 3 P.M.

We are proud to have had a part in building this fine plant

COW POKES

By Ace Reid

"Hey Jake, you'd never catch that hat if this wuzn't such a mild day!"

DEAR ABBY

Malodorous Smokers!

DEAR ABBY: My beds aren't made yet and my dishes are still in the sink, but I must sit down and get this off my chest. All this baloney about lung cancer has fallen flat. People will go right on smoking on the chance that it might not hit them. But I know something that is true of everyone who smokes that should convince people to quit. Now I've been to college and I realize this doesn't sound very polite, but I am going to say it in plain language. SMOKERS STINK! Their clothes, their hair, their skin and their breath just plain smell bad. All the money spent on perfume and deodorants is wasted. Most smokers don't notice it on themselves, but it bothers everyone within two feet of them. If you are a heavy smoker, the next time you go to kiss your child, or grandchild ask him how he likes it. He will tell you the truth.

Open Houses Set Sunday

Classic Homes and Pioneer Natural Gas Company are combining talents for an open house to be held Sunday from 1 to 6 p.m. in Suburban Heights.

Two typical Classic Homes featuring gas appliance displays will be open for inspection. The homes are located at 3707 and 3709 Hamilton. Both homes have three bedrooms, two ceramic tiled baths and a paneled den. Visitors may see a gas operated oven, broiler and burner combined in one unit, plus the gas-operated central heating and water and bath heaters. Gas lights are in the front yards of both houses. Bill Tidwell, utilization representative for Pioneer Gas Company, and representatives of Classic Homes, invited the public to attend the open house.

Curb, Gutter Work Is Next

State Highway Department is bringing road bed up to grade and is ready to put in curb and gutter on two blocks of roadway near the main entrance to Webb AFB. Clint Kent, maintenance superintendent for the State Highway Department here, said that the state work will tie into that being completed by the city on the approaches to Webb. The state will widen the two blocks from 24 to 48 feet and pave the segment, Kent said. The city has been busy for sometime building its part of the approach from FM 700 southward to the main gate of the base.

Stanton City Election Tuesday

STANTON (SC)—The Stanton City election will be held in the basement of the First Methodist Church Tuesday.

men are seeking re-election for two year terms. S. W. Wheeler will be seeking a two-year term as mayor. Delbert Franklin, Sam Houston and Albert Johnson are seeking two year terms as city councilmen. All three are incumbents. The polls will be open from 8 a.m. to 7 p.m.

OLD VIC ON THE AVENIDA JUAREZ—SOLD OUT! "To be or not to be..." "Ser o no ser..." Hamlet, translated into Spanish, was a recent standing-room-only success in Mexico City, as were plays by Molière and Tennessee Williams. At various times, the Old Vic and U.S. Actors' Studio have played to packed houses. And in the plazas of Guanajuato, classic Spanish dramas are presented during a yearly festival. Original Mexican drama and musical comedies, sidewalk art exhibits, performances or the corps of ballet—Mexican cultural fare is as richly varied as the cuisine at its famous international restaurants. In the many galleries filled with vital modern art... in a concert of the National Symphony at the Palace de Belles Artes... in the historic dances performed by the international award winning Ballet Folklorico Nacional... throughout Mexico are elements of the two great traditions which Mexicans have blended into their modern national culture—the learned Maya-Aztec and the European, strong with Renaissance spirit. Knowledge of our modern neighbor is important today. Send for the free 16-page booklet, "Know Mexico," Box 1900, New York 19.

DEAR ABBY: After reading the mailman's complaint that the women on his route wouldn't leave him alone, and then the young meter reader who said that most of the housewives had designs on him, I began to wonder what mailmen and meter readers had that carpenters don't have. I have worked in side and outside of houses for 30 years, and I have dealt with the lady of the house, directly, and I never once had this problem. Should I be insulted? CARPENTER: No. Maybe nobody else has had it either. DEAR ABBY: Maybe times have changed since I was a meter reader 25 years ago, but I was told that if I could not safely reach the meter to read it (vicious dogs or half-clad women) I should report it to the company, and they would send an estimated bill. OLD-TIME METER READER: DEAR ABBY: What was the good-looking young meter reader, who had so much trouble beating off the love-starved housewife, doing in the house anyway? The meter is on the OUTSIDE. CYNIC: DEAR CYNIC: Maybe he just wanted to meet her. Sincerely, EX-SMOKER DEAR ABBY: I have noted with amusement the letters from mailmen who claim they have had to employ a lot of fancy footwork in order to stay clear of those love-starved housewives who meet them on the porch and try to lure them inside. I have delivered mail for a long time, Abby, and if a woman comes to her door clad in only a bath towel (and some have) it doesn't bother me a bit. You see, I am a lady mailman! OHIO

ONLY 20? BIG DEAL, OTIS. I CAN GET 30 OR 35 SHAVES FROM ONE BLADE.

HAW! YOU CAN START BRAGGING WHEN YOU MATCH THE MILEAGE I GET FROM A BLADE, MOON.

103 SHAVES.

Farmers Warned To Watch For Screwworm Attacks

It is screwworm season again and ranchers and farmers are warned that there is still danger of attacks by this enemy. "Despite the tremendous strides in Texas in the past two years to eliminate the screwworm as a major evil," Herb Helbig, county agent, pointed out, "the war is not yet ended." The enemy is on the move again, he said, and outbreaks of screwworm infestation have been reported in McCullough County and other areas.

He was alarmed, he said, at hearing a large number of ranchers and farmers, lulled into a sense of security by last year's phenomenally low number of screwworm cases, are using no smears, sprays or other screwworm preventatives and many are allowing their animals to go unchecked and untreated. This practice, he warned, could quickly explode into screwworm cases all over the county.

He urged all livestock owners to check their stock, and if they find any evidence of screwworm activity, to report the case at once to his office. He said that any maggot which resembles the screwworm should be brought in and he would send it to a laboratory for identification.

MEN IN SERVICE

Charles Ray Leek, son of Mr. and Mrs. Charles Leek, 4216 Parkway Road, Big Spring, is home on leave after completing recruit training at the Naval Training Center, San Diego, Calif. He enlisted in the high school graduate seaman recruit electronic training program.

CHARLES RAY LEEK

Pvt. Judson Beck, 22, son of the Rev. and Mrs. Haskell D. Beck, 1504 Johnson, has just been assigned to Fort Bragg, S.C., for training in heavy artillery operation. He enlisted in the Army here in January and has just completed his basic training at Camp Polk, La. Young Beck is a native son and a graduate of Big Spring High School. He also attended Howard County Junior College. He was active in music in both his high school and college years here.

PVT. JUDSON BECK

Evelyn S. Pope, journalist second class, U.S.N., daughter of Mrs. Kitty Andrews, 310 Austin, Big Spring, recently reported for duty at the Naval Training Center, Bainbridge, Md. The center, a schools command, is the site of the Navy's Postal Clerk, Radioman, Yeoman and Fire Control Technical Schools. It is also the only recruit training center for WAVES.

degree, attended Texas A&M College and Sul Ross College at Alpine. He received his commission in 1951 upon completion of Officer Candidate School. His wife, is the daughter of Mr. and Mrs. Bryan B. Porter, 905 Walnut St., Colorado City.

Capt. Eddie K. Norris, Colorado City, has been cited at Homestead AFB, Fla for his part in helping his squadron win selection as the most outstanding unit of its kind in the Strategic Air Command (SAC).

Army Spec. 4 James A. Miller, 20, whose parents, Mr. and Mrs. W. R. James live at Lamesa, participated with other members of the 7th Infantry Division in Exercise Spring Thaw, a six-day field training exercise in Korea ending March 21.

Specialist Miller, a chief fire direction center computer in Company A, 2nd Battalion of the division's 31st Infantry in Korea, entered the Army in April, 1961 and arrived overseas in October, 1963. Miller was graduated from Lamesa High School in 1961.

Where screwworm infestation is proved, sterile male screwworm flies from the laboratories will be immediately flown in and released. This is the program which has had such effective results in coping with the pest so far. He said the agencies directing the campaign against screwworms have reported that screwworms have been eliminated from the overwintering areas in the Southwest. However, there is danger of new cases from screwworm flies which have migrated into the U.S. from Old Mexico. Cases caused by migratory flies, if not promptly dealt with, could permit the screwworm to revive in Texas.

FREQUENT
"Inspect your livestock frequently," Helbig suggested. "Treat all wounds found and keep a sharp lookout for screwworm infestation. Any larvae samples found should be brought to my office. I will send them to the laboratory for identification and if they turn out to be screwworms, sterile flies will be air-dropped in the area."

Approved shipping vials and the proper report forms are available at Helbig's office.

New Renaults On Show Here

Renault's 1964½ line of the Dauphine, R-8 and Caravelle sports series has arrived at Nixon and Madewell Motor Company. A new sports convertible, foreground, with a more powerful engine, accompanied the 2¼-passenger sports coupe, next in line. The roomy R-8 family sedan, featuring rugged construction, improved interiors and a smooth, quiet ride, and the Dauphine

automatic transmission model, as well as the manual-shift model, are also available. The Dauphines feature the new luxury interiors, but keep the exterior styling, in line with the tradition. Nixon and Madewell Motor Company, Big Spring's newest, is located at 911 W. 4th.
