

# Coordinated Dam Project Slated

STEPHENVILLE, Tex. (AP)—Sen. Ralph Yarborough, D-Tex., said Saturday the Proctor Dam reservoir is part of a coordinated plan for the growth and protection of Texas.

He said shortages of water are now the biggest economic handicap of Texas, and added: "The state cannot grow more than its water supply will allow and water cannot be taken for granted, be wasted or untreated for purity as has happened many times in past years."

The senator spoke at the dedication of the \$14.7 million reservoir about 25 miles southwest of here on the upper Leon River. It is a water conservation and flood control project.

The Brazos River Authority has assumed the cost of the water conservation of the dam. The federal government is paying for flood control.

Of the flood control aspects of the project Yarborough said: "Since it is above Belton reservoir, it will, strategically... allow Belton reservoir to store more water for use in dry periods."

"It will control floods originating on the upper 1,225 square miles of the watershed and provide flood protection for 40,288 acres of land between Proctor and Belton reservoirs."

He predicted the new reservoir will help to stabilize and improve the area's growing economy.

The Proctor reservoir is one of a series of such projects built in cooperation by the Brazos River Authority, the federal government and state and local interests to provide stored water and flood control on the Brazos River watershed.

It has space for 30,400 acre-feet for conservation, 310,000 acre-feet for flood control and 32,700 acre-feet for sedimentation. An acre-foot is 325,851 gallons.

## Lewter Lot Ordered In Receivership

LUBBOCK, Tex. (AP)—The Murchison-connected Lewter feedlot operation here was placed in receivership by court action Friday.

Dist. Judge Robert Bean made the decision in a suit brought by John Murchison and his brother, C. W. Murchison Jr. of Dallas against D. W. Lewter after non-jury hearings.

The plaintiffs had asked also for an accounting but Bean did not grant this.

Bean said he would appoint Tom Simmons, Jr., Lubbock cattleman and businessman, as receiver. Bean qualified his order by stating he was seeking the most practical solution to a situation aggravated by "hazy and uncertain agreements."

Lewter had testified that one or more of the Murchison group had advanced \$1,402,500 to the partnership in operation of the Lubbock facilities since 1955. He said \$716,938 has been repaid.

First National Bank President Roy Riddell testified that the Murchisons had established a line of credit with his bank of \$5 million for the Lubbock operation.

Lewter testified that Clint Murchison Sr. told him not to worry about the money he had lost and that "You don't know how to make money until you have lost \$1 million."

Lewter was farm agent for Howard County for many years before going to Lubbock to organize the feed lot operation, regarded as one of the largest anywhere. He is recognized as an expert in cattle finishing, and established an amazing record as Howard County agent in guiding 4-H Club members to cattle show championships.

JOSEPH FRANCIS BRYAN JR.

## Wanted For Kidnaping

Joseph Francis Bryan Jr., of Audubon, N. J., is wanted by the Federal Bureau of Investigation on charges of kidnaping a 10-year-old boy from his home in Mount Pleasant, S. C. Feb. 27. The boy's body was found in a wooded area near Hallendale Beach, Fla., March 31.

Bryan has worked as a cook and laborer. He is 26 years old, 5 feet, 10 1/4 inches tall, has fair complexion, blue eyes, and light brown hair. He has a half-inch scar over his left eyebrow, and a similar scar on the back of his right hand. Bryan was last known to be driving a yellow and white 1957 Mercury, bearing 1964 New Jersey license plates HWY 325. It is believed to be still in his possession. He has allegedly carried a revolver, has attempted suicide, and should be considered dangerous.

Any information concerning the whereabouts of the man should be given immediately to the nearest FBI office, whose telephone number is listed on the first pages of local telephone directories.

## Scouts Camp At Air Base

Approximately 360 Boy Scouts and 55 adult leaders, including three bus loads of boys from Snyder, arrived at Webb AFB Saturday for the beginning of a two-day invitational camp-out of the Lone Star and Lone Buffalo Districts.

The scouts began arriving at 9 a.m. Saturday and pitched their tents in the pavilion area. Scout activities highlighted the morning with a tour of the altitude chamber and a demonstration of the ejection seat coming between 12:15-2:30 p.m.

Among other events scheduled for the scouts Saturday were a survival movie, a helicopter demonstration at the fire drill area, a tour of the fire station, and a campfire.

After scout activities and an inter-denominational outdoor church service in the pavilion today, the scouts will break camp today.

## Tulsa Arrests CORE Marchers

TULSA (AP)—Police arrested 31 civil rights demonstrators Friday night at a cafeteria in an area which has been the scene of recent Congress of Racial Equality (CORE) activity.

Other demonstrators picketed a downtown cafeteria but made no attempt to enter.

The 31 demonstrators sat down inside Borden's Cafeteria in north Tulsa and refused the manager's request to leave.

Earlier, pickets paraded outside a bank in a north Tulsa shopping center to protest hiring practices. The bank is in a predominantly Negro area.

## QUESTIONS

A reader of this column has submitted some questions. The first one is this: "Is there any history which tells us of a church bearing the name 'Church of Christ' in the 16th century?"

I do not know. Furthermore, I do not need to know. History of the 16th century was all written by uninspired men; and even they did not cover everything that transpired.

The divine history of the church is found only in the New Testament; and it does not deal with the church, historically, past the first century. So, evidently God did not consider it

necessary for us to have the history of the church in the 16th century.

In the divine history of the first century, we do read of churches of Christ (Rom. 16:16; Acts 20:28; Matt. 16:16). This is the thing that matters. It is the Bible that we must go by. Be with us today. Sermons: "What Doth Hinder Me?" (10:30); "Power" (6:00).

## ONCE BLAIR HOUSE GUEST

# Super-Salesman 'Royal Prince' Gets Two-Year Texas Vacation

DALLAS (AP)—His royal highness, Crown Prince Adomole Kawama Lapola, says the U.S. State Department welcomed him with pomp and ceremony when he arrived in Washington five years ago on a "goodwill visit" from the African kingdom of Upper Volta. They insisted he stay in historic Blair House as a guest of the American people.

Now his royal highness will spend some time at the Texas prison in Huntsville.

Judge John Mead sentenced him Thursday to two years in the state penitentiary.

It developed that the prince was really Eddie Lee Woods, a 31-year-old Negro from Philadelphia.

"Everything went fine," Woods related. "I was paid to lecture in colleges about Africa and its problems. Then Upper Volta sent a minister to the United States. He pointed out Upper Volta was a democracy—not a monarchy—and, as a result, could not possibly have a crown prince."

Asst. Dist. Atty. Sam Paternostro, who recommended the prison term, said he doesn't know whether Woods actually duped the State Department or merely invented the story.

Paternostro said that Woods' 5-page police record, which lists arrests in 17 states, shows he was jailed in Washington for questioning by State Department officials.

The assistant district attorney said Woods boasted that he: Sold part of an Indian reservation to an Indian who lived on it. Persuaded a tourist to buy Sequoia National Park from him. Won \$15,000 on a television give-away show while posing as a Korean War hero. "He's a real super salesman," Paternostro said. "I wouldn't be surprised if he sold the penitentiary to some of the convicts there."

Woods posed here as Tshangana Kwando Zwandula, an African exchange student who was destitute and lonely. He needed a kidney operation, he said, but lacked money.

A Negro minister, Rev. Earnest Estell, took up a \$65 collection.

Woods pleaded guilty to theft by false pretenses. Then he made one request: Would officers take him to a bus station so he could pick up his princely robes stored there?

Sheriff Bill Decker said no.

# New Cotton Stabilization Outlined By Freeman

WASHINGTON (AP)—Secretary of Agriculture Orville Freeman announced Saturday provisions of a new cotton stabilization program for 1964 as they affect growers and domestic mills.

The provisions were drawn in line with the new wheat-cotton bill which President Johnson signed.

The cotton program will retain the 16 million acre planting allotment established last winter for this year's crop.

Growers will have four choices of operations as follows:

1. They can plant within their effective basic planting allotment—which would include any acreage re-allocated to them for allotments surrendered by other growers. These farmers will be eligible for price supports at 30 cents a pound, about 2.5 cents less than last year.
2. Growers can plant within what is called a domestic allotment designed to help to reduce production at a time when surpluses are large. The domestic allotment will be 33 per cent less than the basic allotment—that is, their share of the nation's 16 million acre allotment. For small farms—those of 15 acres or less—the domestic allotment will be 15 acres or their 1964 basic allotment, whichever is smaller.
3. Farmers can choose to participate in what is called an export acreage allotment. This means, they can plant their full basic allotment plus an additional 5 per cent of that allotment. These farmers would be eligible for the 30 cents support on cotton grown on their basic allotment, but for no support or payment on cotton grown on the extra 5 per cent. The latter cotton could be sold in export only without the benefit of any government export subsidy. Such growers would be required to post surety bonds assuring that this cotton was sold abroad.
4. The farmer can choose to ignore all allotments and plant as much land as he wants. But he would be ineligible for both price supports and payments. In addition he would have to pay a penalty of about 20 cents a pound on the cotton grown on land in excess of his basic allotment.

Heretofore, growers had two choices, compliance with the allotment with consequent eligibility for price supports, or non-compliance with penalties on excess cotton and ineligibility for price supports.

The new program carries a plan for equalizing price domestic mills and foreign buyers pay for U. S. cotton. Foreign buyers have been getting the benefit of a government export subsidy of 8.5 cents a pound. This has put domestic mills at a competitive disadvantage.

Between now and Aug. 1—the beginning of the 1964 crop marketing year, the department will make an equalization tax payment of 6.5 cents a pound to mills on all bales of cotton opened.

## Windy West Dry; East Planting Moving Well

COLLEGE STATION (AP)—Farmers in the eastern two-thirds of Texas made real progress plowing and planting during the recent good weather. High, dry winds in west and northwest sections dried up moisture and rain is needed there, said John Hutchison, director of the Texas Agricultural Extension Service.

The midweek cold snap further complicated the situation. Reports from the field, Hutchison said, still have not finally estimated the damage to fruit and other tender vegetation.

Moisture was short to very short in the Panhandle. Winds were causing damage. The condition of wheat generally is good. Greenbugs increased in southern counties. Livestock were generally in good condition.

**PUMPING SAND**

In the South Plains, irrigation wells in one county were reported as pumping sand since the Alaska earthquake. Farm agent W. H. Jones did not identify the county. Wheat is in good condition with some fields in the jointing stage. Sugar beets are up in some areas and early grain sorghum is being planted. Livestock are in good condition but ranges need moisture.

Half of the Rolling Plains needs moisture but grain growth is good. Wheat in several counties has reached the boot stage. Light to heavy damage has been reported from winter grain mites in several counties. Sorghum planting is general.

The moisture situation is good in North Central Texas. Grains are making good growth but need rain. Considerable corn and sorghum has been planted. Cotton planting is starting. Cold damage to fruit trees is expected to be light.

**DRYING WINDS**

Moisture in Northeast Texas is short to adequate. Winds have dried the surface and cold weather kept grazing vegetation and grain growth slow. The late March freeze did some damage to peaches and vegetables.

Lots of wind but no rain hurt far West Texas. Livestock feeding continued. Lambing and calving were under way; sheep shearing was in full swing. Some cotton was planted in the El Paso area.

West Central Texas is badly in need of general rains because high winds and lush vegetation growth have depleted the moisture. Grains are making fair growth but need rain. Ranges are about average.

## Sunday Closing Of Bars Ordered

CIUDAD VICTORIA, Mexico (AP)—Gov. Balboa has ordered all bars and liquor stores in Tamaulipas closed Sundays.

Amado Trevino, chief of press and tourism information, said yesterday the ban, invoked under a 25-year-old state law, became effective last Sunday.

He said the almost forgotten law was being enforced chiefly to stop the sale of alcoholic drinks in rural districts on weekends and also to protect the working classes and to halt an increase in the crime rate.

## Coin Auction Nets \$50 For Rehabilitation Work

The Howard County Rehabilitation center is \$50.00 better off as a result of a special coin auction sale sponsored by the Big Spring Coin Club at its regular meeting Thursday night. Members of the club donated rare coins to the auction. These were sold and all receipts donated to the Crippled Children's Crippled Children Foundation on the last day of National Coin Week. Two special displays featured the meeting of the club—an in-

teresting collection of Mexican coins, shown by Barlow and a display of Confederate currency exhibited by Dan Kester, club president.

Sixty-five lots were sold in the regular coin club auction with high prices posted. A roll of 1953 Philadelphia mint halves sold for \$195.

MADILL, Okla. (AP)—O. C. Barnes, 58, Marshall County attorney, was ousted Friday following his conviction on charges of maladministration and corruption in office.

## Class To Begin For Supervisors

A 15-hour course on "Effective Communication" will be held in Big Spring, Monday through Friday, by the Texas A&M University Engineering Extension Service.

Classes will be held from 6:30 p.m. to 9:30 p.m. daily in the Texas Electric Cooperative Co. conference room, L. E. Jenkins, instructor, announced.

Persons interested in the course may register at the first night meeting Monday, Jenkins said, although registration will be limited to 20 persons.

## Webb Troop Has Tour

A visit to Indian burial grounds and a look at cavalry weapons from Revolutionary muskets to modern atomic cannons were some of the highlights of a recent Boy Scout camping trip to the Wichita Mountain Wildlife Refuge near Lawton, Okla.

The boys who made the trip were 30 scouts of Troop No. 146. They were accompanied by adult leaders from Webb AFB.

The trip began March 27 from Webb AFB in three vehicles, including a bus and a 1 1/2-ton truck. Camp grounds were on the shores of Lake Jed Johnson in the Wildlife Refuge.

Star Scout Andy Wood was the only casualty. He was stung by a scorpion while collecting rocks for a fireplace. Older scouts walked around a lake. The traditional "snipe" hunt for new Tenderfoots was held before taps.

The boys motored to Fort Sill, where they toured a museum of historical items including Indian artifacts and cavalry weapons of the past and of modern times.

Other items in the museum were covered wagons, buggies, a blacksmith shop and a horse

## Tax Collections Top \$471,000

stable.

The scouts inspected an artillery caisson that was used for transporting the late President Roosevelt's body to its final resting place in Hyde Park.

Graves of both friendly and hostile Indians, including Geronimo and Cochise, were seen on a tour of the Apache Cemetery on the Fort Sill Reservation northeast of Lawton. Over 3000 graves are buried there. Boys took pictures of buffalo grazing.

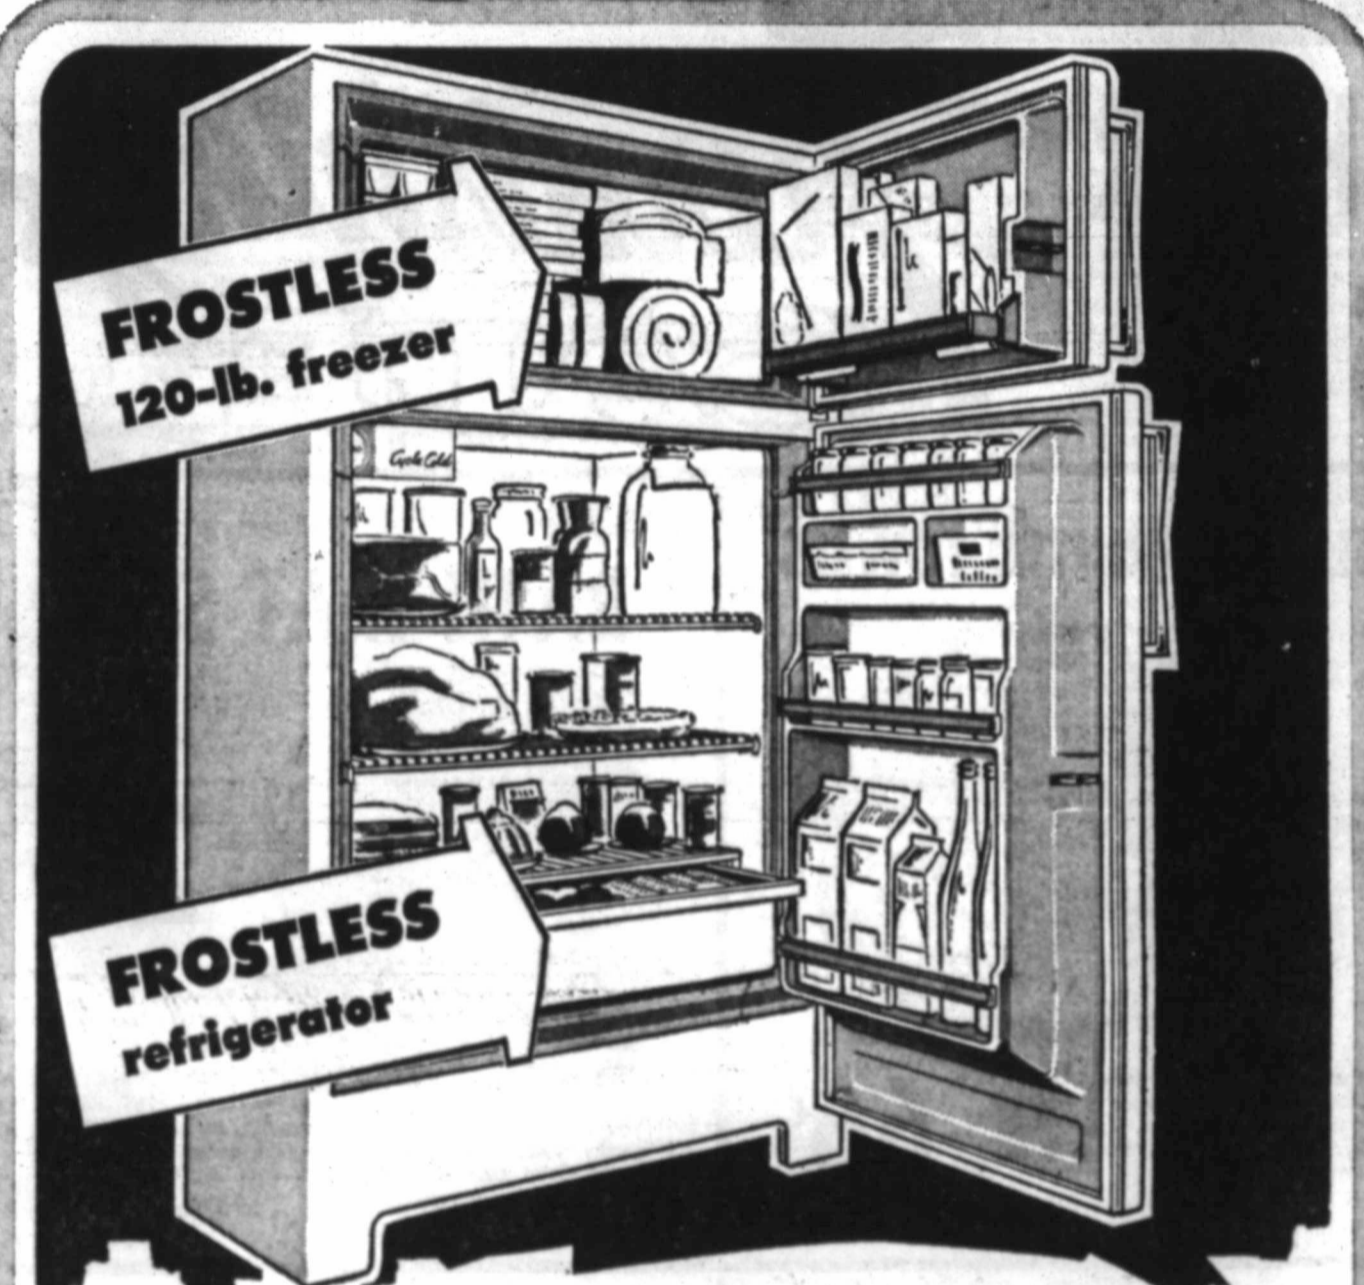

The final day of the trip—Sunday—saw the scouts and leaders visit the Holy City of Oklahoma to see the 39th presentation of the Passion Play of the Life of Christ.

Total collections in the office of Zerah LeFevre, county tax assessor-collector, for the period Feb. 1 through April 1 (the auto license plate buying period) hit \$471,981.84.

Mrs. LeFevre said the county officers salary fund benefitted by \$10,017.40 in commissions, the county road and bridge fund \$175,000 and the state \$236,964.44 from the collections.

### C-City Sets Tumbleweed Fiesta Dates

COLORADO CITY (SC)—The Colorado City Tumbleweed Festival is set for May 8-9, according to Fred Marberry, president of the Colorado City Tumbleweed Festival Association Incorporated.

This new corporation has taken over the direction and management of the annual Tumbleweed Festival which began five years ago as a project of the late Harry Snyder under the sponsorship of the Colorado City Chamber of Commerce and has continued each year under the sponsorship and guidance of that organization.

The Chamber of Commerce has turned over all of its Festival files and properties to the Association, which plans to continue the annual expansion of the colorful annual festival.

State Attorney General Waggoner Carr will be the guest speaker at the Dignitaries Luncheon, and both nights, will feature the contest for Tumbleweed Queen. The Texas Tech Chorus will sing on May 8th and the musical background for the beauty contest will be supplied by the Dwight Tomb combo, a local group.

The high school choral group under the direction of Curtis Baker will sing at the Friday luncheon.

## East Section Of IS 20 Gets Initial Primer Coat

The priming base for the IS 20 by-pass route in north Big Spring has started last week.

### Bulletin Gives Tips How To Cut Evaporation Loss

Farmers and ranchers concerned with losing water through evaporation now have new findings available to them on how to reduce this loss. A bulletin has just been released by the Texas Water Commission in Austin on "Research on Evaporation Retardation in Small Reservoirs, 1958-63," Bulletin 6401 authored by Dr. Wilmon W. Meinke, head of the Texas A&M Chemurgic Research Laboratory.

Early work on these studies was undertaken by a private research group headed by E. V. Spence, Colorado River Municipal Water District manager. Later, the findings were turned over to the A&M researchers. The study points out that evaporation losses from small farm and ranch ponds can be retarded effectively by use of a chemical film on the surface of the water. The cost of the water saved ranges from \$1.02 to \$2.45 per 1,000 gallons, and varies with the surface area and shape of the pond.

Numerous chemical com-

ponents were tested for their ability to decrease water losses. Long-chain fatty alcohols such as hexadecanol (cetyl alcohol) and octadecanol (stearyl alcohol), or mixtures of the two, were used in most of the field studies on evaporation.

In the drier areas of the state, evaporation retardation processes are welcome seemingly at any cost. Water losses in the State due to the evaporation range from approximately 10 inches per year in the Sabine River area to a maximum of 90 to 100 inches per year in the Big Bend area. In addition, rainfall in the state follows a similar unequal pattern: in the areas of least evaporation, rainfall averages 55 inches per year; in locations of maximum evaporation it rains an average of 10 to 15 inches per year.

first stage of the paving project from the Big Spring Experiment Farm east on the first leg of the by-pass.

Joe Smoot, senior resident engineer for the Texas Highway Department, said a preservative coat would be laid in about a week. This will be a single course asphalt layer designed to protect the highway base.

The two-inch hot mix layer will be laid in a month or six weeks, Smoot said.

Work on the east half of the project is some 30 days ahead of the west leg, but the west is progressing well.

Some work remains to be done on overpasses but will be completed in plenty of time to receive the final topping.

The priming coat being laid now will cover both main traffic lanes, interchanges and service roads.

IS 20 begins a north westward swing from old US 80 just east of the Bowl-A-Rama, and intersects the Snyder Highway at Northwest Twelfth Street. Then it swings to the west edge of town and back south across the west lane to intersect US 80 at the west edge of Webb AFB.

A BLACK RIBBON IS FORMING The priming base on the IS 20 by-pass route prelude to paving

### Tractor Company Hit By Prowlers

Prowlers broke into the Posey Tractor Co. building on US 87 north of town sometime Friday night. A cigarette machine was lugged from the office and beaten open. An undetermined amount of money was stolen and approximately 150 packages of cigarettes taken.

A. G. Mitchell, deputy sheriff, said the burglary was discovered Saturday morning when the establishment opened for business.

He said the prowlers had broken a window on the south side and had bothered nothing in the building but the cigarette machine. 5 m 11 footprints were found at the scene and the tracks of a dog. No arrests have been made.

### Classic Homes Open Today

A home show featuring a display of modern gas appliances in a Classic Home will be open to the public today. Area residents may tour the home and inspect the appliances between 1 p.m. and 6 p.m. Two homes will be open this week—at 4212 Hamilton and 3901 Dixon.

Both displays are examples of what residents can expect in a three-bedroom, landscaped Classic Home outfitted with the latest home appliances of the Pioneer Natural Gas Company.

Both houses have fenced back yards and two ceramic tiled baths. Financing includes FHA, GI, conventional, or arrangements can be made for a trade. Gas equipment to be shown includes built-in gas ranges, gas central heating, Rheem water heating, ducted bath heating, gas lights, and gas dryer accommodations.

Similar displays, including the front yard gas light were shown last week in the 3700 block of Hamilton. The public is invited to visit either or both of these houses today.

CLEAN-UP PICK-UP STARTED FRIDAY  
Supt. Skeet Forsythe, Driver Bill Reynolds, A. Hilario and Odder Johnson

## Clean-Up Campaign Starts, Residents Urged To Help

City crews began picking up trash in alleys in the Clean-Up, Paint-up, Fix-up Week which started Friday and continues through April 17. Trash will be picked up if placed in convenient places in the alley, and in sizes and lengths which can be handled easily by one man.

Skeet Forsythe, city street superintendent in charge of the garbage and trash pick-up crews, said his crews would pick up as much trash on regular runs each day as possible. He said the trucks would complete their regular routes, and might have to space out the trash pickups over several days, but that all would be hauled.

"We hope every one will get his trash in the alley as soon as possible," he said. "If they wait until the last of the week we may not get it all soon."

The civic development committee of the Big Spring Chamber of Commerce is behind the drive to make Big Spring a cleaner-looking city.

Dr. Lee O. Rogers, chairman, said this week that the move is to encourage residents and businesses to clean up the premises, fix up some older buildings, and paint up buildings, fences, and fixtures.

Ernest Lillard, director of public works, said crews would clean up alleys and rights-of-way, and other city property during the week, and that all six route trucks would pick up debris and trash.

The Big Spring Garden Club is active in beautifying public places in the city, including the area around the flag pole at the entrance to Howard County Junior College.

The civic development com-

mittee is asking residents to take extra pride in the appearance of properties during the week, and let the nationally-observed period speak out for the city as a "cleaner place to live."

"Big Spring is on the lookout

for industry and new business," Dr. Rogers said, "and one of the first things looked for in any new city is the physical appearance of all areas. The Clean-up, Paint-up, and Fix-up Week will give all an opportunity to help."

### WINGS OVER BIG SPRING

## Commercial Boardings Here Reported Higher

By M. A. WEBB

Trans-Texas Airways has announced that passenger boardings at Big Spring's Howard County Airport, during the first quarter of 1964, were up 170 per cent over the same period last year.

Max A. King, vice president of traffic and sales, said a total of 434 passengers boarded TTA's flights during the three-month period, compared to the 157 boarded by the carrier serving Big Spring during the first quarter of 1963.

Dr. F. W. Lurting, chamber aviation committee chairman, said boardings during January and March exceeded the minimum but that February was low. Boardings for the first eight days of April are above the five-a-day minimum required by the CAB.

A cooperative effort between Trans-Texas Airlines and the Aviation Committee of the Chamber of Commerce is toward better scheduling for air-

travel for Big Spring residents. The effort is directed particularly toward the Dallas, Austin and Houston area.

"In our discussions with them," Dr. Lurting, said "company officials have knowledge of the scheduling situation and are anxious to improve the schedules. We hope Big Spring residents will continue to use the service now provided, with the anticipation of a better program."

Trans-Texas has employed Joe D. Kirkpatrick, who will make his home in Midland, as sales manager for the West Texas-Eastern New Mexico district, which includes El Paso, Carlsbad, Big Spring, San Angelo, Midland and Odessa.

He will be responsible for organizing and executing the company's sales efforts in that district, as well as working with the cities to insure that the airline's schedules are compatible with the traveling public's needs, according to A. G. Kamel, TTA's assistant vice president of sales.

Flying has begun to pick up at Howard County Airport with better weather conditions and longer days coming along. The short winter days did not leave enough daylight between work hours and dark for much club member flying, but this has now changed and most members are using airplanes.

Webb Aero Club members up during the week showed: Cessna 150—Bradshaw, Kennard (1 and cross country), Cox, Hall, O'Day (4), Ford, Norrington (cross country); Colt—undergoing overhaul but will be back in service shortly; Tri-Pacer—Cox (2), Snell; Mooney—getting cleaned up.

Big Spring Flying Club members flying were: Colt—Warren, Neefe, Stanley; Skyhawk—Bartlett, Washburn, Roger (4), Mrs. M. A. Porter, Weaver, Clark.

## Rode Out Earthquake Under Chairs In Penney's Store

Former Big Springers, Airman I.C. and Mrs. Byron (Bo) Boeckel, were among the survivors of the recent earthquake in Alaska.

Airman Boeckel is the son of Bill and Chloe Boeckel, now living in San Antonio, Mrs. Boeckel, daughter of Mrs. Grace Odell, is the former Mary Ann Williams, 1960 graduate of Big Spring High School.

In a letter to her mother, Mrs. Boeckel recounts her experience during the quake.

"Well, they are getting the town cleaned up pretty fast. We are having to boil and purify our water. . . . It will be about two weeks before they will be able to chlorinate it. But we are lucky to have water, lights and heat at all. A lot of people don't even have a roof over their heads.

CONDEMNED  
"Penney's building was condemned. I think it virtually collapsed soon after the quake. Still don't know how we got out of that place alive. Glass was breaking, the building was weaving, and rocking boxes were flying everywhere.

"We were in the shoe department on the second floor. When it started, everyone thought it was just another tremor. But it continued and got steadily worse. Bo and I remained seated, and so did one woman with two or three kids, and a few of the employees stayed. Everyone else ran for the stairs. A few screamed. Then we crawled under the chairs. . . . They were bolted down. The quake seemed to last forever. Bo was sure the ceiling was going to come down on us, and I was sure the floor was going to fall out from under us. The lights had gone out and when we saw daylight break through, we both were sure we had had it. Kim (one of the Boeckel's two daughters) started crying and Bo finally got her quiet by talking to her and telling her over and over that it was all over. Debbie fussed a little.

LED OUT  
"When it was over, a salesman led us down the escalator and out of the building. I guess about a dozen had remained and

MRS. BYRON BOECKEL

were led out. The other lady who was with us in the shoe

department had lost one boot belonging to one of her little girls. But she said she thought they would come back some other time to get it. Another lady had been separated from her husband and baby before it hit and she didn't know where they were. I imagine they are together by now, guess we will never know for sure.

"The fire trucks were there by the time we got to the car. But there was no fire at that time.

"Then came the fun of getting out of town and getting home. Quite a few streets were torn up or blocked off. We smelled gas at one place. Guess everyone was still too stunned to smoke, because all it would

have taken was one cigarette or match and the town would have burned down.

"It was a relief to get home and find only a few things broken and a little bit of a mess. Compared to what we had just left in town, the damage was minor.

"We got about three hours sleep that night. Was afraid of fire and the tidal wave that was expected. We got lights the next morning and water that night.

MIRACLE  
"I have heard several say, after having seen Penney's, that it was a miracle anyone got out alive. It definitely is a miracle that the death toll wasn't in the thousands."

SOME PRESCRIPTIONS ARE COMPOUNDED

Because we take great pride in our profession, the opportunity to prove our skill in compounding prescriptions is a welcome one. Many physicians prescribe special mixtures for their patients and whether it be powders, capsules, pills, suppositories, ointments or lotions we can prepare them.

If we tell you it will take some time to fill your prescription, the odds are that your physician has requested a compounded medication. The finished product may look the same but a great deal of time, training, experience and effort have gone into it.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

### Ancient Flivver Wears Fancy License Plates

James S. Pedigo attaches 1964 special plates to his 1924 Model T — the only such plates available for really old, old motor cars.

## Special Tags Provided Certain Antique Cars

One of Big Spring's oldest automobiles now sports the fanciest license plates the sovereign state of Texas issues.

The car is a 1924 Model T Ford coupe (they used to call this model a "glass top") and is the proud possession of James S. Pedigo, 1504 E. 5th.

The ancient vehicle, still in shiny shape and possessed of the kind of innards to make a car collector's eyes glisten with pleasure, is now wearing special car tags which the state issues for truly antique cars. To qualify for such plates, the car involved must have been manufactured prior to 1925.

The plates are dark red with white lettering. This particular plate has the letter "H" and the numerals "54." An outline sketch of an old style automobile is at the upper left corner. Underneath are the words "Antique Auto." The lower line reads "Exp. 2-31-69." This latter phrase means Pedigo's elderly flivver is now properly tagged for five years.

"I saw a plate like this on a '1914 model White truck in Lubbock," said Pedigo. "The tag office at the courthouse here had a form I filled out and sent in. The fee is \$25 and the plates expire in five years."

Chief Deputy Helen Stanley in the tag office of Mrs. Zirah LeFevre, county tax assessor-collector, said that this is the first antique car plate to be issued by the office since she has been in the post. There are a number of other old cars here, but

## Taxpayers Urged To File Returns

Approximately 31,500 taxpayers in the Permian Basin area have not filed income tax returns, according to Joe Gordon, administrative officer of the Big Spring Internal Revenue Service office. Less than a week remains for the chore to be accomplished.

Gordon estimated that the same number of taxpayers in this area have already received refunds, averaging \$123 each. Some 6,300 are waiting refunds to be processed.

Gordon further pointed out that about 12,500 of the 31,500 taxpayers in the area who waited until the last minute to file have refunds due them rather than owing tax.

Gordon said he had these suggestions for taxpayers who have not filed:

1. File now.
2. Check your arithmetic closely.
3. Be sure to sign your return. Signatures of both husbands and wives are needed on joint returns.

### Genealogical Group Meets

The South Plains Genealogical Society will present a research workshop, Friday and Saturday, at the Municipal Garden and Arts Center, 4213 College Avenue, Lubbock.

Research books, statistical records and other materials of help in tracing family lineage will be supplied by the Society and its members. In addition, Mrs. Forrest B. Doshier, president of the Amarillo Genealogical Society, is sending to the South Plains workshop, her private library of some 100 research books.

Members of the South Plains Genealogical Society will be present to help persons who are just beginning, or just wishing to begin, the tracing of their family histories.

An added feature of this Spring Workshop, will be a small exhibition of "Americana" items supplied by members of the Society. Registration for the workshop will begin at 1 p.m. Friday, and at 10 a.m. Saturday. Fee for the entire day-and-one-half event is \$2.

when the Model T Ford was king that he wanted to own one.

"I found this one in Fredericksburg," he said, "about two and a half years ago. I hauled it home on a trailer and worked it over. I have driven it quite a lot. A lot of the driving, I might add, has been around and around the block here at the house—kids in the neighborhood never get tired of making that round."

The 1924 Ford was the big topic of conversation when it appeared. It had a highly doubtful improvement—a self-starter and a storage battery. The wisecracks of the day shook their heads in solemn condemnation — no self-starter would work, they said. It was just a fad. You'd still have to crank it just as you had the earlier Model T's.

Pedigo's veteran seems to disprove this pessimistic prediction. All he has to do is reach over, flip the ignition key and then pull out on the knob at the right hand side of the dash. When the engine starts, he flips the ignition switch back over to "mag" (short for magneto) to lessen the drain on his storage battery.

The new tags add a bright touch of color to the sober black finish of the old Ford. It was said the late Henry Ford, creator of the Model T, felt that to release a car in another color than black was just not the thing to do. So the old Model T's in their heyday and those that survive today are black.

## Construction Values Dip From Previous Year Totals

By BUCK SITTON  
Construction values dropped \$274,755 in value during the first quarter of 1964, compared with the first three months of last year.

both residential and business construction has leveled off at a high value of construction, after experiencing drops in both categories during the final quarter of last year.

### Congressman Speaks Out

WASHINGTON (AP) — Rep. Joe M. Kilgore, D-Tex., says it is apparent that Russia is "pushing hard to grab the world market for oil—and is making headway, and is using oil pricing as an economic wedge in trade with the free world."

At the beginning of 1964, the good news was increased residential construction. The year 1963 had presented the paradox of decreasing residential values and increasing business construction values.

Construction values in January and February of this year increased, but March values fell for both residential and business construction. However, the totals for March are higher than in the waning months of last year, indicating recovery from the fall in the last quarter of 1963.

The value of new residences for which permits were issued last month averages \$14,300, compared with an average value of \$12,321 for February.

This fact, taken together with a noticeable decrease in the value of individual construction

### Construction Values

# Douglas Brandon Awarded Caffarelli Merit Scholarship

**DOUGLAS H. BRANDON**  
... named scholarship winner

A 17-year-old Big Spring High School senior, who ranked first in his class of 350 in his junior year, has been awarded a 4-year Rocco C. Caffarelli Merit Scholarship to the college or university of his choice.

He is Douglas Henry Brandon of 1319 11th Place, son of Mr. and Mrs. Henry Frank Brandon. Announcement of the grant was made by Patrick H. Reagan, trust officer at Frost National Bank of San Antonio. The Frost Bank is trustee for the Caffarelli Trust. A total of 18 boys were awarded scholarships from the fund this year.

The Caffarelli Trust, provided for in the will of the late Rocco C. Caffarelli, a long time resident of San Antonio, is one of 220 organizations and businesses sponsoring the National Merit Scholarship Corporation, 1580 Sherman, Evanston, Ill.

Douglas, who plans to major in mathematics at Rice University, earned his scholarship in nationwide competition with more than 700,000 other high school students who took the 3-hour National Merit Scholarship qualifications test.

Douglas says his chief interests are math, physics, astronomy and literature. Because of taking more than the normal number of courses in his sophomore and junior years, he will graduate from high school in three instead of four years. He plans to earn a Ph.D. probably in the field of mathematics.

His scholarship is the result of a life-long dream of the late Rocco Caffarelli who provided that a substantial portion of the income from a trust created under his will was to be administered by Frost National Bank and be used for scholarships for deserving young boys in Texas. Caffarelli, a merchant's son, came to Texas from Italy with

other members of his family and began work in the retail business in Belton in 1903. Later he set up a wholesale grocery establishment on San Antonio's Military Plaza which grew to serve all of South Texas and part of Mexico.

The first three of his scholarships were awarded in 1961, 10 years after his death. The number rose to 12 in 1962 and 16 in 1963. This year there were 18 scholarships awarded from the trust. The sole method of

## Clark To Speak On Court Issues

AUSTIN (AP) — Justice Tom Clark of the Supreme Court will speak to the opening session Thursday of a three-day conference on Texas court problems.

More than 250 persons, half of them lawyers and judges, are expected at the conference, sponsored by two Houston foundations, the State Bar and a group headed by Clark, the Joint Committee for the Effective Administration of Justice.

## Board To Meet

The board of directors of the Big Spring Chamber of Commerce will have its regular monthly meeting Monday noon at the Settles Hotel. Among items coming before the board will be consideration of bids on signs on the new IS 20 approaches, and the organization of a delegation to an industrial conference in Austin.

# Travis Waller President Of Banking Unit

Travis Waller, assistant cashier of the State National Bank, was installed Friday evening as president of the American Institute of Banking chapter.

This and the address by Clay Garrison, vice president of the Empire State Bank in Dallas, were highlights from the annual AIB banquet at Cosden Country Club.

Tributes were paid to Carlton Chapman, State National vice president, who has headed the group for the past year. Garrison presented him with a past president's plaque. Previously, Chapman had handed the newly adopted AIB plaques to Larson Lloyd (1958), Jack Davis (1959-60), Chester Cathey (1960-61), Charles Dunnam (1961-62).

## SCURRY COUNTY

Garrison, who is a native of Scurry County, and is a member of the national AIB executive council, informed the group of new trends in the AIB training program. Courses are being broadened considerably and are being changed to meet the demands cited by members in a nationwide survey. More credit-equivalent will be given to college graduates who participate in the program, he said, and the road to completion of the series of training courses is going to be longer and rougher.

The AIB chapter which serves Big Spring, Snyder and Lamesa sponsors these training programs, and currently 30 bank employees are enrolled in courses. Waller is one of the present instructors in the training courses and W. S. Morrison the other.

## WIN PLAUDITS

Presidents of Howard County's banks—Lester Morton, First National, Larson Lloyd, Security State, Bill Read, Coahoma State, and Robert Currie, State National—were lauded by Chapman for their support of the program. Spring decorations were provided by a committee headed by Mrs. Ray Dabney.

Installed to serve as officers with Waller were Dick Ream, first vice president; Mrs. Tom Morrow, second vice president; Selma Roberts, secretary; Mrs. Bernard Rains, treasurer; Joe Pickle served as master of ceremonies and Rev. James Puckett gave the invocation. Abilene and Midland chapters had representatives present.

## Lloyd Going To Virginia Meet

Dr. R. Gage Lloyd, pastor of the First Presbyterian Church, will leave Monday for Richmond, Va. and a conference at the Presbyterian School of Church Education.

Dr. Charles E. S. Kraemer, who conducted a pre-Easter series of meetings at the First Presbyterian Church here several years ago, is president of the Richmond college. Dr. Lloyd is the chairman of assembly causes for the Texas synod. Each of the synods of the nation are sending a representative to Richmond to hear an explanation of the college needs.

## Area School Workshop Set

Some members of the Big Spring school board will attend an area workshop at Texas Tech Thursday from 3 to 9 p.m. Superintendent of Schools Sam Anderson will sit on a panel discussing school finance. M. D. Harris, president of the Lamesa board, will be on a panel of local school problems.

The workshop is one of a series being held in 1964 by the Texas Association of School Boards, in a cooperative effort with the colleges of Texas.

It is the fifth series in which colleges and universities have cooperated with school boards to provide local boards, school administrators, and interested citizens, with opportunities to study and discuss the issues and problems of the public schools.

The Lubbock meeting, to be held in the student union ballroom, will be presided over by Nat Williams, superintendent of Lubbock schools. Dr. Bertie J. Fallon, professor of education at Tech will orient the groups on the conference, and Dr. Dwight Kirk, Odessa superintendent, will deliver the keynote address.

Group meetings will be held after the keynote address, with superintendents and board members involved.

A dinner meeting is scheduled for 6:30-7:30 p.m., and Don Nugent, executive secretary of the Texas Association, will summarize the afternoon meeting with "A Look Ahead."

Six subjects will be discussed from 7:30 to 8:30 p.m. These will be: school board leadership for education, school program, professional personnel for the school, school finance, school-community relations, and local school problems.

## Anti-Litter Drive Begins

WACO—The first of 900 semi-trailer trucks will carry anti-litter messages this year as the Texas Highway Department opens a new phase of its campaign to keep highways free of litter.

J. H. Kultgen, Waco, member of the three-man Texas Highway Commission, joined in ceremonies initiating an intensive drive by Texas truckers to cooperate in the highway department's efforts to keep streets, highways, parks, and resort areas clean as well as save many of the tax dollars spent on cleaning up litter.

Twelve over-the-road trailers bearing on their tailgates big signs reading "Litter Costs You Tax \$\$\$" "HELP US KEEP AMERICA CLEAN AND BEAUTIFUL," were dedicated to the anti-litter campaign in ceremonies at Owens - Illinois Glass Company's plant here.

The trucks are part of the 900 over-the-road trailers operated by Central Freight Lines, Waco, that will carry the anti-litter message to Texas.

"The 900 trucks bearing the anti-litter message will travel more than 18 million miles this year on highways in Texas, as well as additional miles in other states," Kultgen said. "Millions of Texans should read the anti-litter message, and we hope, be inspired to heed its advice."

Extra slim winners in any competition. Trim, with the new dropped front pockets.

## Bill Coffey In New Job

COLORADO CITY — William H. (Bill) Coffey Jr., former Colorado City resident, has been promoted to the newly-formed Government Affairs Department of the Dow Chemical Corp. at its headquarters in Midland, Mich.

He is the son of Mr. and Mrs. Bill Coffey of Colorado City and was a 1942 honor graduate of Colorado City High. He received a bachelor's degree from North Texas State University and worked for several Texas and Oklahoma newspapers before joining Dow as a writer in 1956 and its Texas division plant in Freeport.

He was transferred to Michigan in 1960 to take charge of the firm's news and information service. A veteran of the Army Air Corps with service in the South Pacific during World War II, his new assignment will be to assist Dow in developing its governmental contracts and business.

Tenth Inning Homer By Moore Does It

Baxter Moore's inside the park home run in the bottom half of the tenth inning enabled the Big Spring Steers to nudge the Odessa Bronchos, 3-2, in a District 2-AAAA baseball thriller here Saturday afternoon.

G. MEARNS

MOORE

Julian Pressley, Odessa coach.

maintained O'Neil was off the mound and therefore an infielder—O'Neil was accused of faking a throw to first. The arbiters ruled otherwise. Odessa put runners aboard in each of the last three innings but Mearns was up to the challenge and was hard as nails when the chips were down.

Midland Rebels Defeat Cooper

ABILENE — Midland Lee won its second straight District 2-AAAA baseball game here Saturday, defeating Abilene Cooper by a score of 6-0.

Close But He's Out

Don Cox of Odessa is nipped at first base in the fourth inning of a high school baseball game with Big Spring here Saturday. Making the putout is Eddie Thomas of the Steers. Big Spring won the extra inning thriller, 3-2. (Photo by Danny Valdes).

John Hughes Winner In District Hurdles

ODESSA — Abilene Cooper won its first District 2-AAAA track and field championship in history here Saturday, scoring 115 points to 102 for runnerup Abilene.

finish. The Steers failed to score a point in last year's meet. Cooper qualified six, Abilene and Permian seven each, Midland two, San Angelo and Odessa two each and Lee one for the Regional meet.

Eagles Trounce Bulldogs, 5-1

MIDLAND — Fine relief pitching by Mike Murphy enabled the Abilene Eagles to defeat Midland High in a District 2-AAAA baseball game here Saturday, 5-1.

Summary: 20-yard high hurdles—1. Jeff Landou, Midland, 14.9; 2. Jack Springer, San Angelo, 15.4; 3. Tim Reid, Cooper, 15.5; 4. Bobby Baker, Big Spring, 15.8; 5. Jim Lupton, San Angelo, 15.8; 6. Joe Jaure, Big Spring, 15.9.

The Race Is To The Swift

The mile relay Saturday in the high school division of the District 3-B track meet in Memorial Stadium was one of the afternoon's closest races, at least in the early stages. The action above was at the end of the 440 yards as the first of three batons passes in the event was made. On the extreme left, Forsan's Dennis Gooch is on his way stretching back-

Horton Breaks Abilene Mark

ABILENE—Kirby Horton of Big Spring Goliad threw the shot put a record 56-10 1/2 in the ninth grade division of the Abilene Junior High School track and field meet here Saturday, beating the old record held by Edward Martindale of San Angelo by 1 foot 1/2 inch. Martindale set the mark in 1960.

Horton also finished third in the discus with a toss of 147-11. In ninth grade competition, this was the order of the team finish: 1. San Angelo Blackshear, 53; 2. Abilene Lincoln, 39; 3. Abilene Jefferson, 37; 4. Abilene Mann, 31; 5. San Angelo Lee, 28 1/2; 6. Abilene Madison, 23.7; 7. tie between Big Spring Goliad, Abilene Franklin, 12 each; 9. San Angelo Edison, 10; 10. Big Spring Runnels, 9 1/2.

Charged-Up Arnie Five Shots Ahead

AUGUSTA, Ga. (AP) — A gambling, charged up Arnold Palmer exploded three straight birdies in a thunderclap finish for a three-under-par 69 Saturday and shot into a five-stroke lead with one round to play in the Masters Golf Tournament.

heels at 211. Other of Palmer's sternest challengers, including defending champion Jack Nicklaus, fell by the wayside in an epidemic of late, pressure-proved bogeys — and it looked like a one-man show.

had nine strokes and five other players separating them from the front running Palmer.

Consecutive rounds of 69-68-69 over the demanding par 72 Augusta National course gave the comeback marvel from Latrobe, Pa., a 54-hole total of 206, 10 under par, and made him a virtual cinch to become the first ever to win four Masters.

Arnie's Army, making up most of the record throng of 40,000, was delirious.

Nicklaus, his big, booming game wild and unwieldy, shot a 71 and found himself tied at 215 with a ghost out of the past, Ben Hogan, who thrilled the gallery with some of his old wizardry for a third round three-under-par 67.

A wiry Australian outsider, Bruce Devlin, knocked in an eagle on the 15th hole for a 67 which put him closest to Arnie's

The new champion and the old

Down To The Wire

The 50-yard dash in the junior high division was one of Saturday's closest races at Memorial Stadium as District 3-B met to decide a 1964 track champion. The two boys above, Sterling City's Cole and Roe, came home in a dead heat, both boys showing times of :06.8 as they were both judged to be winners. Story on page 2-B. (Photo by Jimmy Townes).

Blum's advertisement with logo and contact info.

Retains Crown

SAN JUAN, Puerto Rico (AP) — Lightweight champion Carlos Ortiz, who had won three previous defenses by knockouts, turned crafty Saturday night and carefully carved out a unanimous 15-round decision in his title bout with veteran Kenny Lane.

PROPER GRADING procedures are explained by Mrs. Tom Farlow, right, of the English Department, to Beverly Womack, Beth Whitley and Susan Copeland. All three girls are preparing for careers in the educational field. The time they spend assisting teachers with paper work is invaluable and provides an introduction to the routine they will follow some day as instructors.

TAKING TEA during off periods on April 15 will be members of the senior high school faculty who will be guests of the student group. Getting a preview of the service they will re-

ceive from the hostesses are Richard Eubanks, history teacher, and Miss Donnita White of the home economics department. Serving are Nancy Haralson, Sonja Peach and Nancy Eastley.

# THIS WAY LIES WISDOM

(See Story Page 2-C)

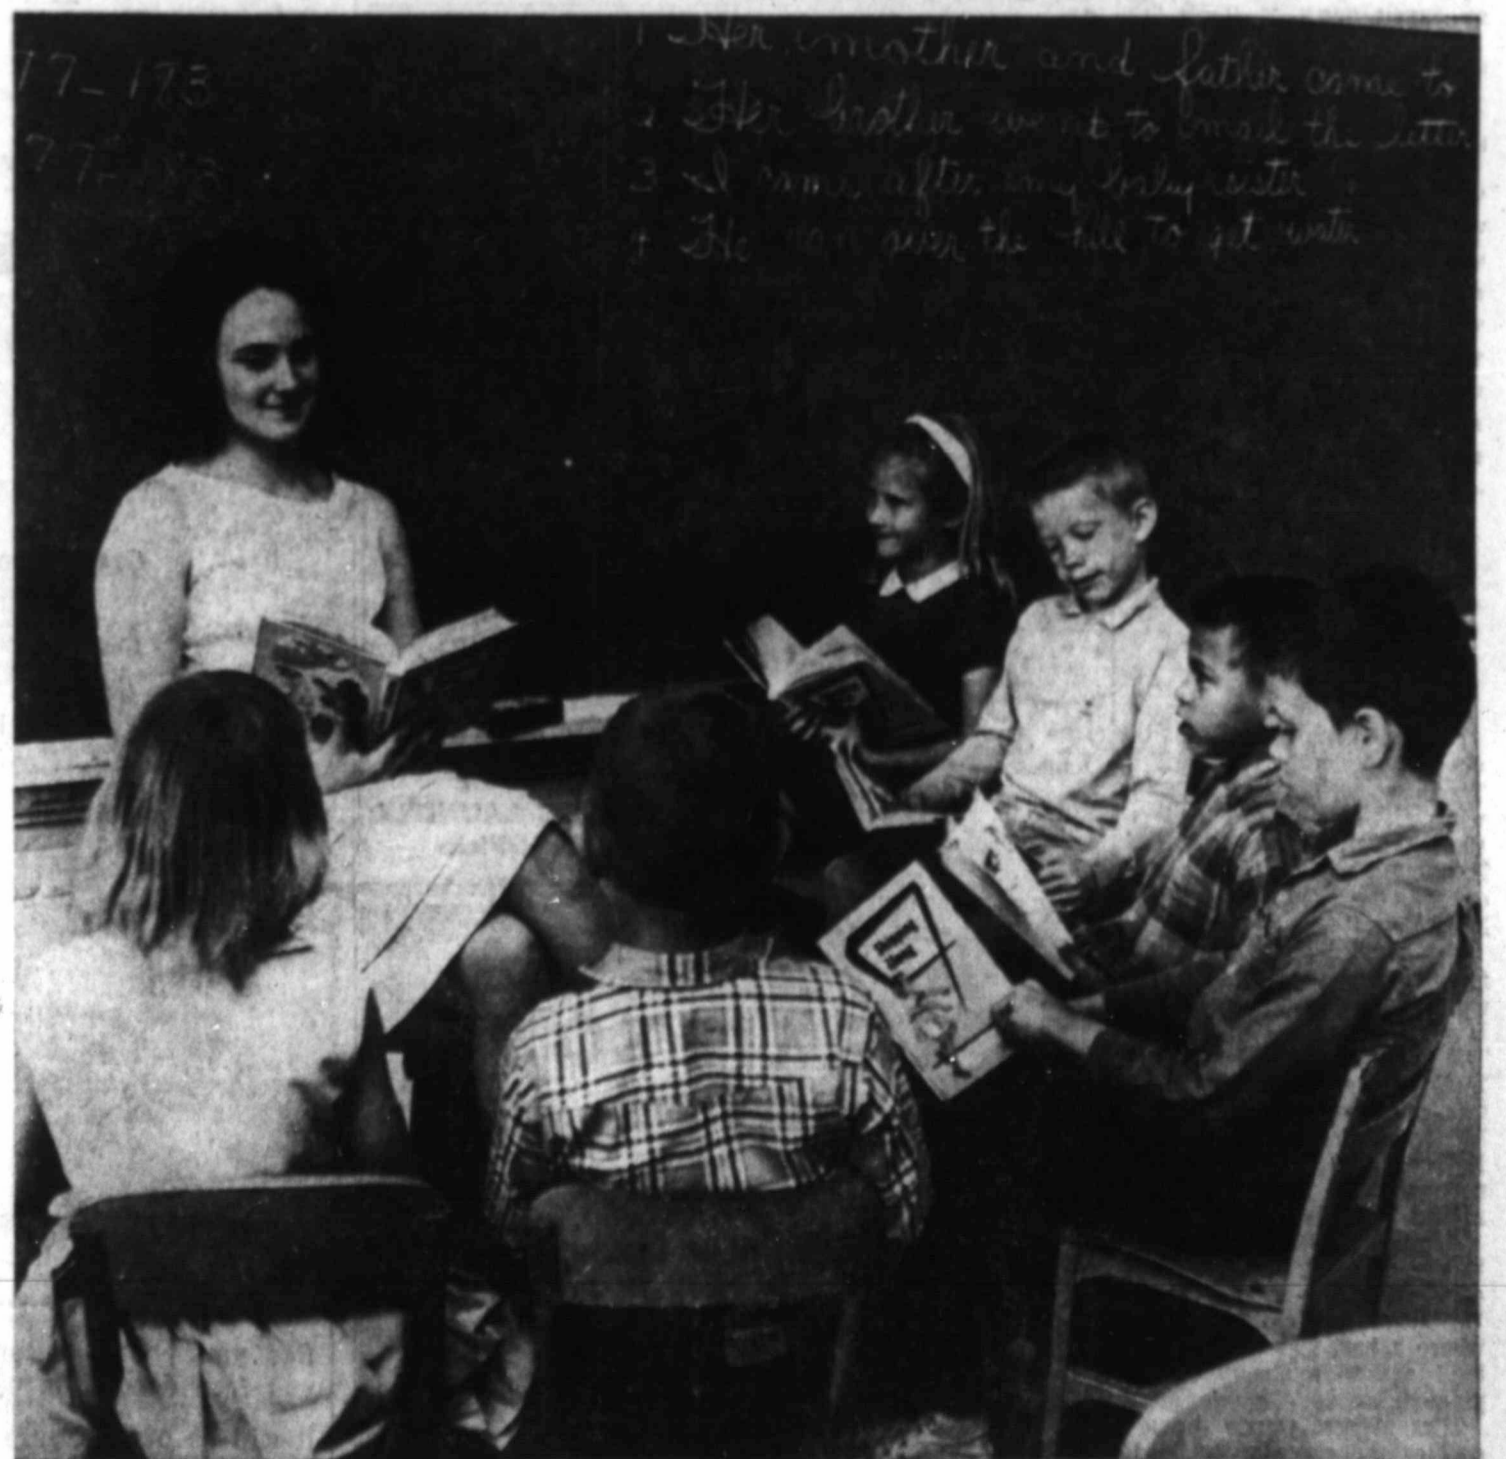

ACTIVITY INCREASES this month as special events are scheduled for students planning careers in teaching. Projects during the year include fund-raising ventures, conventions, and assisting teachers in classrooms. Climaxing the year's work will be a banquet during

which recipients for the scholarship and senior award will be named. John Castleman, a sponsor, discusses plans with Judy Marsh, Suzanne Peters, Judy Jones and Diana McEwen.

BRIGHTENING THE bulletin board at senior high school are posters, sketches and slogans bringing attention to Teaching Career Month being observed during April. Two officers of the B.

Reagan Chapter, Future Teachers of America, admire their handiwork. They are Susan Stephens, secretary, and Martha Glickman, president.

THE RECEPTIVE minds of eager children provide inspiration to future teachers who participate in the annual student teaching days at local schools.

Cecilia Pachall assisted this week at Washington Place Elementary School where she is shown with a reading group in Mrs. J. H. Fryar's class.

MRS. LARRY RICHMOND STROUD

## Stroud, Kelly Rites Spoken

Miss Karen Kay Kelly and Larry Richmond Stroud exchanged double ring wedding vows Friday evening in her parents' home at 3228 Cornell. The Rev. Al Seddon, pastor of St. Paul Presbyterian Church, performed the ceremony.

The bride is the daughter of Mr. and Mrs. Jim Layman and the bridegroom's parents are Mr. and Mrs. Price Stroud of Forsan.

### BRIDAL GOWN

The bride was attired in a white boucle suit styled with a semi-fitted jacket and slim skirt. She wore white accessories and a white glabella corsage showered with white satin leaf silhouettes.

Mrs. Julian Kelly served her sister-in-law as matron of honor, and wore a light pink tailored suit. Her corsage was com-

posed of pink and white carnations. Julian Kelly, brother of the bride, was best man.

The bride attended Big Spring High School and the bridegroom is a graduate of Forsan High School. He is associated with the Forsan Oil Well Service, and the couple will make their home at 502-B Eleventh Place.

### RECEPTION

A home reception followed the ceremony. The bride's table was covered with a white linen cloth centered with an arrangement of lilies and fern in a silver bowl. The two-tiered wedding cake was topped with a miniature bride and groom. Miss Linda Harkrider served.

Out-of-town guests were Mr. and Mrs. Ed Wilkerson and son, Jimmy, of Monahans. Mrs. Wilkerson is the bridegroom's sister.

## Month Is Designated For FTA

As Teaching Career Month begins, members of the B. Reagan Future Teachers of America at Big Spring Senior High School are aware of the importance of their future jobs. They are striving to accomplish their goals, which include learning about opportunities, responsibilities and the rewards of a teaching career. They are exploring their own interests in relation to teaching and trying to establish the characteristics of good teachers within themselves.

The group is learning how and where teachers receive training. This includes the cost, what scholarships are available and the number of years required to complete the required courses. Also, they study lives and influences of great teachers.

With these goals in mind, the FTA plans activities which are distributed through both semesters of the school year.

At the first of the year, an installation of new officers is conducted. Later, there are various projects designated to raise funds, help teachers and attend conventions concerning the educational field.

Before the school year ends, there is an opportunity for practice teaching in local schools and the annual banquet, at which sponsors present the Senior Award and the scholarship.

The scholarship is given every year by the Texas State Teachers Association, and a committee of eight, is appointed to select the senior recipient. Since the Big Spring Senior High School's Future Teachers of America chapter began in 1953, there have been many young people engaged in the pursuit of a teaching career who have participated in the organization. Current sponsors are John Castleman and Miss Helen Lidston.

## Garden Of Roses

## Miss Felts Marries James W. Norris

LAMESA (SC)—In a double ceremony at 8 p.m. Saturday in the chapel of First Methodist Church, Miss Roberta Jean Felts became the bride of James William Norris. Rev. Ross Dunn, pastor of Northridge Methodist Church, officiated the rites.

The bride is the daughter of Mr. and Mrs. Jack R. Felts of Route C, and the bridegroom is the son of Mr. and Mrs. Henry Norris.

The couple repeated nuptial vows beneath an archway decorated with pink and white roses with a background of woodwardia. Candelabras flanked the archway. Baskets of lilacs, roses and greenery completed the scene.

Mrs. Jack Felts, sister-in-law of the bride, presented traditional wedding music at the organ and accompanied Dick Amos, soloist.

### FORMAL GOWN

The bride was escorted and given in marriage by her father. She wore a full-length gown of white peau de soie featuring el-

bow-length sleeves and a portrait neckline. Her skirt featured a controlled front and back panel accented with deep pleats on each side. Her gown was highlighted with re-embroidered lace on the bodice and sleeves.

Mary Beth Lemons of Abilene served as maid of honor. Dick Norris of Big Spring served his brother as best man.

A wedding reception followed the ceremony in Fellowship Hall. Wedding guests were regis-

## P-TA SCHOOL SET TUESDAY

A school of instruction will be held by the Parent-Teachers Association on Tuesday from 1 to 3 p.m. at Wesley Methodist Church. All incoming officers and chairmen of the local P-TA groups are invited to attend.

## Parents Reveal Wedding Plans

LAMESA (SC)—Mr. and Mrs. M. H. Gibson of Ackerly announce the engagement and forthcoming marriage of their daughter, Marlene, to Thomas W. French Jr., son of Mr. and Mrs. T. W. French of Taft.

The wedding is set for May 8 in the Ackerly Church of Christ.

## Homemakers Set Citizenship Week

STANTON (SC)—The Stanton Future Homemakers of America are observing "National FHA Week." This week the theme is "Good Citizenship."

Thursday afternoon local FHA members were guests at a style show and tea sponsored by homemaking classes.

Officers for the Stanton FHA chapter are Carolyn Springer, president; Charlotte Kuhlman, vice president; Nanette Pardue,

secretary; Mary Glaspe, treasurer; and Brenda Bryant, song leader.

Linda Manning has recently been chosen as vice president of Area 2 of the Future Homemakers of America.

## Council Sets Fellowship

"You Are Important" was the devotion given by Rev. E. R. Thompson Thursday morning when the United Council of Church Women met at Park Park Methodist Church. Afterward, the group sang "Open Mine Eyes."

Mrs. A. C. Wilkerson presided for the business session, announcing that May Fellowship Day will be observed May 1. The observance will begin at 10:45 a.m. at Wesley Methodist Church with a salad luncheon to be served at 12 noon. Mrs. Joe Barbee is in charge of announcements which will be mailed to all local churches.

Appreciation was expressed to the city for the installation of a sprinkling system at the Westside Recreation Center where a barbecue pit has been built and 26 mulberry trees planted.

Miss Agnes Currie brought cookies and cupcakes to be delivered to the center. The meeting closed with prayer led by Mrs. Thompson.

# Miss Sherry Napper Weds James West

Miss Sherry Kay Napper became the bride of James Clifford West at 7:30 o'clock Saturday evening in the Phillips Memorial Baptist Church. The double ring ceremony was performed by the Rev. Warren Capps, pastor.

The bride is the daughter of Mr. and Mrs. Wallace E. Napper, 1025 Stadium, and the bridegroom is the son of Mrs. C. G. West, 1305 Sycamore, and the late Mr. West.

Miss Linda Whisenhunt, pianist, accompanied Miss Marilyn Lawson as she sang "Oh, Promise Me," "I Love You Truly," and "Because."

The rites were exchanged before an altar centered with a large basket of white gladioli and pompon mums and flanked with seven branched candelabra and fern trees. Pews were marked with white satin bows.

## SATIN GOWN

The bride, escorted and given in marriage by her father, wore a formal gown of white satin and Chantilly lace. The floor-length full skirt was softly tucked at the waist and topped by a fitted lace bodice styled with shallow V neckline. The long sleeves ended in petal points over the wrists.

The bridal bouquet was white glamelias showered with white picot streamers and carried atop a white Bible.

Miss Billie Kitching of Corpus Christi attended the bride as maid of honor. Her dark blue satin gown featured a bell shaped skirt. Bridesmaids were Cheryl Whittington and Suzanne Whatley. They were identically dressed in gowns of light blue satin. All carried yellow nosegays.

Duane Rogers served as best man, and groomsmen were Marion Newton Jr. and Eugene Coleman of Midland. Ushers, who lighted the altar tapers, were Terry Napper, brother of the bride, and George West, brother of the bridegroom.

## RECEPTION

Immediately following the ceremony, a reception was held in the Fellowship Hall of the church. The couple was assisted by the parents and feminine attendants in receiving guests.

The bridesmaids' nosegays formed a centerpiece on the refreshment table which was covered with a white organza skirt over turquoise linen. Crystal and silver appointments were used. The three-tiered, all-white wedding cake was topped with a miniature bride and groom. Guests were registered by Mrs. Susan Napps.

Attending from out of town were Mr. and Mrs. Ed Eberidge and Mr. and Mrs. Carl Smith, Odessa, and Mr. and Mrs. Doyle Matlock and Mrs. Ruth Napper, Lamesa.

## WEDDING TRIP

For a wedding trip to Lub-

MRS. JAMES CLIFFORD WEST

bock, the bride chose a cranberry red sheath and mohair jacket which she wore with white patent accessories and the corsage from her wedding bouquet. Upon returning, the couple will reside at the back of 1809 Johnson.

The bride is a graduate of Big Spring High School and the bridegroom attended Sands High School. He is now employed by Pittsburgh Plate Glass Co.

## Wedding Shower Held In Stanton

STANTON (SC)—Mrs. James Mashburn, the former Miss Judy Cain, was honored with a miscellaneous shower Friday evening at the home of Mrs. M. L. Koonce from 7 to 9 p.m. Gifts were on display.

Hostesses were Mrs. Jim Webb, Mrs. L. G. Tom, Mrs. Glenn Brown, Mrs. Henry Graves, Mrs. R. C. Thrillkill, Mrs. Carlos Brantley, Mrs. Prentiss Hightower, Mrs. Annie Herzog, Mrs. Marie Althart, Mrs. Harry Echols, Mrs. Truett Holder and Mrs. Johnny Barnes.

The honoree, who is the former Miss Janis Sparks, her mother, Mrs. R. A. Sparks, and her mother-in-law, Mrs. H. V. Crocker greeted 30 guests between 7 and 9 p.m. Mrs. Spivey had charge of the register.

The refreshment table was appointed in silver and crystal and covered with a white lace cloth over pink. An arrangement of pink and white lilies was used as a centerpiece. Mrs. Spivey and Mrs. Burleson served.

## Bridal Shower Fetes Mrs. Johnny Crocker

A group of hostesses honored Mrs. Johnny Crocker Thursday evening with a bridal shower in the home of Mrs. J. W. Hughes, 223 Mobile.

Those in the houseparty were

## H. W. Smiths Spend Weekend In South

Mr. and Mrs. H. W. Smith, 712 Dallas, left Saturday to visit their daughter and family, Dr. and Mrs. Frank Howell, Jack, Clem and Lesley, in San Antonio. A stop over in Austin is planned before they return home Tuesday.

## Lutheran Delegates Convene

Five delegates from Big Spring attended the Lutheran Women's Missionary League of the West Texas zone that met Thursday in Odessa. The spring rally was held at the Redeemer Lutheran Church.

Attending from Big Spring were the Rev. and Mrs. C. Wiederhoft, Mrs. Gus Oppgaard, Mrs. Paul Theimer and Mrs. W. F. Pachall.

The Rev. E. M. Hohle of Odessa was guest speaker and outlined the Lutheran Church in the American Society. Devotions were given by the Rev. A. H. Brutlag of Midland, and the Rev. Ben Rathberger of Andrews. A prayer was offered by Rev. Wiederhoft and the Rev. C. Vanderhyde of Pecos gave the benediction.

Mrs. Godfrey Cadra of Midland presided at the meeting where representatives from eight cities convened. The offering of the day was designated to the Lutheran student fund at Texas University.

Mrs. Ann Garret of Waco, president of the women's league, announced a West Texas zone meeting will be held June 17-18 in Odessa.

## Reviewer Presented

Mrs. Bill Davis reviewed the book, "Black Like Me," the story of James Howard Griffin's life with the southern Negro, for members of Alpha Chi Chapter of Epsilon Sigma Alpha. She related the author's experiences when he chose the role of the colored man and lived as one of them.

The group met Thursday in the home of Mrs. Albert Andre at 1015 E. 20th for a business session. By-law changes being considered for the district meeting April 19 in Midland were discussed.

The next meeting will be April 23 in the home of Mrs. Mike Moore, 211 Circle Drive.

## CODSEN CHATTER

### Fire Prevention Group Holds Safety Session

Cosden hosted a one-day meeting of the NPRA's Oklahoma-Texas fire and accident prevention group Friday. Paul Sol-dan, safety supervisor, handled arrangements for the sessions which attracted more than a score of men from the two states. He was assisted by Ed Fallon, NPRA representative.

Roy J. Roxburgh has returned to work after an extended convalescence.

Jack Holley is here this weekend from Augusta, Georgia, visiting Genie Smith.

Mrs. W. A. Moore and daughter Melana of Fort Worth are spending the weekend with Mrs. Moore's parents, Mr. and Mrs. J. A. Coffey.

E. H. Boullion Jr. will be in Denver, Colo., on Tuesday and Wednesday, attending a section-

## 'ROUND TOWN

By LUCILLE PICKLE

The most practical thing I have seen for dogs is a contraption which, for want of a better name, I shall call a car seat for the canine set. It is really a very simple thing but one of the most usable things as far as convenience is concerned that I have run across.

It is a small platform type thing, probably no more than ten inches wide and a yard long. It was covered with a red carpet or rough sort of material. The three little black and white toy terriers sat on it and rode comfortably, watching the road and the surrounding area seemingly with great interest. The platform was attached to the rear of the front seat, flush with the top.

CHAPLAIN and MRS. C. O. HITT left Thursday morning by automobile for Seattle, Wash., where they will visit their son and daughter-in-law, the REV. and MRS. HAROLD HITT. They plan to spend several weeks there.

J. B. PICKLE also left here Thursday morning on the first leg of a trip to Washington, D.C., where he will visit his son, J. J. PICKLE, who is a member of Congress.

Here for an extended stay in the home of her aunt, MRS. A. W. SHEELER, 505 Scurry, is MRS. AUSTIN EDMONSON of San Angelo. Mrs. Edmonson will also visit other aunts, MISS CARRIE SCHOLZ and MRS. T. E. O'KEEFE, and cousins, MR. and MRS. ALTON HENRY.

MRS. MAGGIE SMITH has rounded out eight weeks in the hospital where she is recovering from injuries sustained in an automobile accident early in February and her room is a thing of interest. MRS. ZUDORA PETERSON, who makes her home with Mrs. Smith, has solved the problem of keeping in view all of the greeting cards sent by friends of the injured woman. The cards number into the hundreds so Mrs. Peterson, with the help of some of the hospital orderlies, has taped the colorful and humorous cards to three of the walls. There are few duplications, probably not over two or three, and they have

ALEXANDER, formerly a member of our womans' department staff, informs that she is to join the journalism faculty at Texas A&I College in Kingsville next September. She also will work in the college news service. Currently, she is teaching at Robstown.

MR. AND MRS. B. L. VENUS

## Western Home Made By B. L. Venus Family

By MARY COCHRAN  
Mr. and Mrs. B. L. Venus celebrated their first wedding anniversary last week in their newly purchased home at 2500 Alabama. Newcomers to the city, they are putting down roots in West Texas.

One year ago, Mrs. Venus was living in her home city of Minneapolis, Minn., where she received her education and lived with her parents, Dr. and Mrs. M. J. Hollowood. She welcomes the mild climate of her new home state but has not adjusted as yet to sand storms.

Venus left his business con-

nections in Minnesota to come back to his native state of Texas and is affiliated with DeCoty Coffee Co. as a salesman. He is a native of Colorado City and spent two years in the Army where he was stationed at Fort Belvoir, Va. His only assignment out of the states was at Newfoundland.

Mrs. Venus is learning to sew and finds her new hobby more appealing since her husband presented her with a new sewing machine. She plays the piano for her own entertainment, a hobby she has had since her youth. Venus professes a

special interest in guns and deer hunting.

The couple plan to make an affiliation with a Baptist church when they have become better acquainted with the city.

## P-TA Told Of Indian Contrasts

Contrasts of the old and new in India were described by Miss Arah Phillips in a program and film presentation for members of the College Heights Parent-Teachers Association Thursday afternoon at the school.

Mrs. James Jones gave a devotion on the uses of fear in connection with scriptures from the book of John.

Mrs. Floyd Williams, president, announced that a school of instruction for chairmen and officers would be held Tuesday at Wesley Methodist Church at 1 p.m. The P-TA Council luncheon scheduled May 5 will honor retiring and incoming officers.

Miss Lillian Jordan's sixth grade won the room count, and 48 members attended.

## Stanton Rebekah Group Convenes

STANTON (SC)—Mrs. Granville Graves, vice grand of the Stanton Rebekah Lodge 287, presided at the Monday evening meeting at the IOOF hall a report of 36 visits was made.

Miss Sammie Laws, secretary, read the new program for the year for all the Rebekah Lodges in Texas. Mrs. Travis Robeson received the traveling gift.

## WEBB WINDSOCK

By MARILYN WILSON  
Mr. and Mrs. Larry Chandler from Oklahoma left Thursday after a week's visit with his brother's family, Lt. and Mrs. Robert Chandler.

Wives of Class 65-A held a joint meeting and baby shower for Mrs. Alan Bird and Mrs. Elmer Harris. Mrs. Bernard McGill was elected class coordinator.

A Mexican dinner was the recent pleasure of members of "D" flight, hosted by Lt. and Mrs. Thomas Edge of 65-F. Lt. Vincent Eckelkamp and Lt. William Olson enjoyed a recent dinner hosted by Lt. and Mrs. Edward Maney.

The bridge group of 65-F met at the home of Mrs. Donald Helliger April 2 and again at the home of Mrs. Carl Johnson, April 7.

Couples from 65-F enjoyed an evening of dining and dancing at the Officers Open Mess last weekend.

Due to the changes being

made in the Student Squadron Wives organization, this column will be reporting student news.

Wives of the 3561st PTS held their monthly meeting Thursday at the Officers Club, extending an informal welcome to Mrs. Charles W. Wahl, wife of the squadron commander. Wives of White Flight were hostesses. Mrs. R. C. O'Day presented Mrs. Wahl with a reading of original poems beginning with letters that spelled "hello there." Prizes were presented to Mrs. C. W. Semler and Mrs. John Kubin.

Mr. and Mrs. Elwood Carlson, City, Ind., arrived Tuesday for a few weeks visit with their son's family, Lt. and Mrs. John Carlson.

A farewell coffee for Mrs. J. L. Butera was held recently in the home of Mrs. John Larson, assisted by Mrs. Keith Ricks. Approximately 11 guests attended. The hostess gift presented Wilma was a sterling silver charm bracelet and an engraved charm. Capt. and Mrs. Butera were both honored at a picnic in City Park last Sunday afternoon by the members of Rescue Detachment 18. The Buteras left Thursday for Eglin AFB.

Wives of the 3560th PTS held their monthly meeting at the Officers Club Tuesday. Jaguar flight hosted the program, featuring a jewelry fashion show displayed by Mrs. Virginia Bryant. Mrs. Lyle Burry was introduced as a newcomer to Hammer flight. Mrs. Burry and Mrs. W. E. Holcomb were presented prizes.

Michael Smith, brother of Mrs. D. E. Wilson, is visiting from Muncie, Ind. Mike has enrolled at Big Spring High School as a sophomore. He will be here until school is out this spring.

Capt. and Mrs. James H. Simonton are enjoying a visit from her father, Charles E. Rouhambeau. He has come from Houston to work in this area.

Capt. and Mrs. Walton L. Shaffer returned Saturday from a two week vacation. They visited her family in Lafayette, La., just in time for crawfish season. They returned via Oklahoma City, where they will be living when they get out of service in June to go into a residency.

Pictures of the candidates running for OWC board positions are now posted in the lounge of the Officers Open Mess. Acquaint yourself with these ladies. Elections are in May.

## Grady P-TA Plans Show At School

STANTON (SC)—The Parent-Teachers Association of Grady School has announced that they will sponsor a variety show to be held April 17 at 7:30 p.m. at the Grady School.

Persons interested in participating in the show are asked to contact Mrs. J. C. Greenhaw or the Grady School office for information. Admission will be 50 cents for adults and 25 cents for children, and proceeds from the event will be used for a school project.

Program Presented By Mrs. Buckner

Mrs. Tom Buckner spoke on "Standard of Excellence" at the meeting of the Golden Circle Class of College Baptist Church Thursday. Mrs. Bob West, 1406 Virginia, was hostess, and Mrs. Paul Peterson worded the prayer. Seven members attended.

## To Marry

Mr. and Mrs. William C. Vance, 1805 Wallace Place, announce the engagement and approaching marriage of their daughter, Ella Leola, to Airman 2.C. Walter John Miller, son of Mr. and Mrs. Walter Miller, Rt. 5, Austin. The couple plan to be married June 6 in St. Ignatius Catholic Church at Austin.

## Veterans Sponsor Benefit

A dime-a-dip supper held Thursday evening at the IOOF Hall was jointly sponsored by World War I Veterans, Barracks 1474, and the Ladies' Auxiliary.

Approximately 80 guests viewed a film on India presented by Miss Arah Phillips. Jeff Walker conducted a sing-song, and Mrs. Tom Slaughter registered guests.

Proceeds from the affair will be used for special services at the Veteran's Administration Hospital and for service connected families.

The tables were centered with arrangements of roses, and refreshments were served by the ladies of the Auxiliary under the chairmanship of Mrs. Jeff Walker.

## Baby Shower Held For Mrs. Brady

COAHOMA (SC)—Mrs. Keith Brady of Coahoma was honored at a pink and blue shower held Thursday at 500 E. 9th in Big Spring. Hostesses were Mrs. Beverly Echols, Mrs. Edwin Dixon and Mrs. Helen Murphy. Twenty-five guests were registered.

## Flowers For Friends

Visitors this week in the G. A. Bridges home were Charlie Vest, and Mr. and Mrs. Hershel Vest of Brownfield, and Mr. and Mrs. Mary Bridges and Mrs. Vera Patterson of Big Spring.

Mrs. Eula Eubanks was a Big Spring visitor Wednesday.

# AVMA Group Head Feted At Luncheon

**By JO BRIGHT**

Mrs. D. A. Osguthorpe, president of the women's auxiliary of the American Veterinary Medical Association, has been a houseguest this week of Dr. and Mrs. Akin M. Simpson, 1600 Indian Hills.

Mrs. Osguthorpe, who is on a speaking tour, was honored Wednesday at a luncheon at the Big Spring Country Club.

Mrs. Simpson and her guest have worked together in the auxiliary for a number of years while Mrs. Simpson served as state president and editor of the auxiliary magazine. The publication, printed in Big Spring, had world-wide distribution.

**MRS. AKIN SIMPSON AND MRS. D. A. OSGUTHORPE**

**TRAVELS**  
Mrs. Osguthorpe travels extensively in attending to the duties of her office. Frequently, she is asked to speak before student auxiliaries (wives of students in accredited veterinary colleges) and considers keeping in touch with the younger members of the profession a duty of her own auxiliary. She holds the belief that every member of the organization should "be busy" in accomplishing its aims.

This includes active support of the Student Loan Fund, the auxiliary's oldest project; the Student Award Fund and furthering advancement of scientific research. To assist with the latter, the auxiliary has pledged to help collect contributions for the AVMA Fellowship Fund.

Dr. and Mrs. Osguthorpe live in Salt Lake City with their four children, Sue Ann, 19, Stephen, 15, Jerry, 11, and Karen, 9. She does the secretarial work and keeps records for her husband's business as well as managing the affairs of the national auxiliary organization. She is active in her church, the Church of Jesus Christ of Latter Day Saints, and in the Sugar House Rotary Annex, holding offices in each.

**HAS RANCH**

Besides that, she helps her husband manage a ranch on which there are 2,000 sheep, 200 head of range cattle and 100 milk cows. Also, she does a lot of flying with her husband who is a member of the Flying Veterinarians' Association.

"I used to do a lot of horse-back riding," she said, "but I don't find too much time for that anymore."

Mrs. Osguthorpe was the subject of the cover picture and lead article for the December issue of the Rocky Mountain Veter-

inarian. She expresses the opinion that a veterinarian's wife should be just like any other wife—active in her community and a credit to it.

After attending a meeting April 4-6 of the Women's Auxiliary to the New Mexico Veter-

inary Medical Association in Carlsbad, Mrs. Osguthorpe met with the student auxiliary at Oklahoma State University April 9. She and Mrs. Simpson both became members of the AVMA Auxiliary's Executive Board in 1959.

**Conclave Program Set By Peggy Potter Circle**  
Mrs. Charles Dobbs announced plans to the Peggy Potter Circle for serving the junior high fellowship groups of District II at their annual conclave to be held in Big Spring May 2. The group from St. Paul Presbyterian Church met in the home of Mrs. Birt Allison.

Circle duties for the month were assigned to Mrs. Leslie Redd, Mrs. Marshall Fields

**Ryans In Belton**  
COAHOMA (SC) — Mrs. T. E. Ryan and children of Belton are visiting in the home of Mr. and Mrs. Clovis Phinney Jr.

## Friendship Tea Given By Group

**COAHOMA (SC) —** A spring hat theme was used at the annual Friendship Tea held by the Mary Jane Club Thursday in the home of Mrs. Donak Duke.

A large yellow net ruffled hat was used in the living room where 70 guests were registered. Throughout the house straw bonnets were arranged in groups of three, and guests received miniature flower-decked name tag hats.

The refreshment table was covered in a white linen cloth and cut glass crystal appointments were used. A hat box was filled with an arrangement of pink carnations that spilled over the side, and the lavender and white cake was topped with tiny bonnets.

Out-of-town guests were Mrs. F. W. Burkholder, Fort Worth; Mrs. T. E. Ryan, Belton; Mrs. Hays Walker and Mrs. Burnie Holt, Lamesa; and Mrs. A. C. Bass, Mrs. Lowell Baird, Mrs. Irene McKinley, Mrs. Toby Purcell and Mrs. Janet Brigman, all of Big Spring.

## Service Family Visits Parents

**FORSAN (SC) —** Lt. and Mrs. Donald P. Davis, who have been in Florida for the past year, will arrive here Monday to visit with her parents, Mr. and Mrs. Sam Star. They will be here for two weeks.

Mrs. A. P. Morris of Snyder, mother of Mrs. J. W. Snelling of Forsan, died earlier this week in Snyder and services were held Friday afternoon at the Baptist church there. Attending from here were Mr. and Mrs. Snelling, Mr. and Mrs. Walter Gressett, Mr. and Mrs. W. E. Stockton, Mrs. Vera Harris and Mrs. H. H. Story.

## CAFETERIA MENUS

MRS. CHARLES WESLEY BUZBEE

## Pledge Vows In Home Rites

Miss Marian Alice Gilbert and Charles Wesley Buzbee were married Thursday evening in home of the bride's parents, Mr. and Mrs. Hubert Gilbert, 606 Holbert. The double ring ceremony was performed by the Rev. Warren Capps, pastor of Phillips Memorial Baptist Church.

The bridegroom is the son of Mr. and Mrs. D. R. Buzbee, 1314 Mesquite.

Following a program of traditional nuptial music by Miss Kay Whitefield, pianist, the bride was given in marriage by her father. She wore a formal gown of white satin, its bouffant skirt topped with a lace jacket styled with V neckline and fitted sleeves ending in petal points over the hands. Her waist-length veil of illusion fell from a white headband of flowers.

The bridal bouquet was of white carnations tied with white satin picot.

Attending the bride as matron of honor was Mrs. Bobby Edens, sister of the bridegroom.

Her full skirted, pastel blue gown featured a bouffant skirt, jewel neckline and elbow-length sleeves. She wore a corsage of white carnations.

The best man was Aaron Wilkerson.

### RECEPTION

At a reception following the ceremony, the bride and bridegroom were joined by their parents in receiving guests. Refreshments were served at a table covered with a white lace cloth and centered with an arrangement of chrysanthemums.

The three-tiered wedding cake was decorated with hearts and bells and was topped with a miniature bride and groom.

### SCHOOLS

The bride is a graduate of Big Spring High School, and the bridegroom, who attended Big Spring High School, is employed by Pat Patterson's Garage. The couple will reside at 3313 Ablene.

## Now Free Of Spots

So what if the waitress spills the soup? What difference does it make anymore if the beautician gets a shower along with her shampoo customer?

What's the problem if the stubborn kid spews most of his medicine on the nurse?

These things are taken with aplomb these days by waitresses, beauticians and nurses wearing the new uniforms on the market now, for they are water-repellent as the bottom of a boat.

Of course, they are a lot more malleable. In fact, the fiber is treated with an invisible protective coating long before the threads are woven into cloth, a process that does not change the texture or appearance of the materials in the least.

Yet the worry-free, liquid-shedding uniforms that result purportedly improve dispositions, and in the case of waiters and beauticians, improve their tips.

### Families Meet

COAHOMA (SC)—Mrs. Dove Britton has returned home after being hospitalized in a local hospital. Her son and family, Mr. and Mrs. Josh Crause from Brownfield, and her daughter Mrs. Earl Curry, and Wilma of Colorado City were recent visitors in her home.

## Winners Reported At Club

Master point day was held Friday at Big Spring Country Club with 10 tables in duplicate play.

North-south winners were Mrs. J. Gordon Bristow and Mrs. Elmo Wasson, first; Mrs. E. O. Ellington and Mrs. Ward Hall, second; Mrs. James Duncan and Mrs. R. H. Weaver, third; and Mrs. Fern Durham and Mrs. Hollis Webb tied Mrs. J. H. Havens and Mrs. Jack Irons for fourth.

East-west winners were Mrs. Eldridge Estes and Mrs. E. M. Bunn, first; Mrs. E. L. Powell and Mrs. R. R. McEwen Jr., second; Mrs. Fred Kasch and Mrs. Truman Jones, third; and Mrs. J. D. Robertson and Mrs. John Stone, fourth.

Winners of the team game were the Snyder group of Mrs. Brad Jones, Mrs. Prentiss Bass, Mrs. R. D. White Jr. and Mrs. J. R. McCrary. The local team that took second was Mrs. J. Gordon Bristow, Mrs. E. L. Powell, Mrs. Truman Jones and Mrs. Fred Kasch. The next team game will be May 11.

### HINTS FROM HELOISE

## Senate Soup Recipe Told

Dear Folks:

So many of you have asked if I could get the original recipe for the famous U. S. Senate Restaurant bean soup, and also the recipe for the soup served in the U. S. House of Representatives.

Well, I went to the Senate and ordered their soup for 25 cents a bowl. It was delicious. I then went to the House and tried their soup. Just as delicious but with a slight difference.

United States Senator Daniel B. Brewster (Md.-D) was good enough to get both recipes for us. Now wasn't that sweet of him?

The story goes that in 1904 Speaker of the House, Joseph G. Cannon of Illinois, came into the House restaurant and ordered bean soup.

Bean soup had been omitted from the menu that day, because it was particularly humid and hot in Washington.

"Thunderation, I had my mouth set for bean soup," he roared, "and from now on, hot or cold, rain, snow or shine, I want it on the menu every day."

And so it has been—bean soup on the menu every day since.

Now, we cannot find these recipes in any cook book, so be sure to clip them out so you will have them handy. We do

not keep back copies of columns. Here 'tis:

### FAMOUS SENATE RESTAURANT BEAN SOUP

Take two pounds of small Navy Pea Beans, wash, and run through hot water until beans are white again.

Put on the fire with four quarts of hot water. Then take one and one-half pounds of smoked ham hocks, boil slowly approximately three hours in covered pot. Braise one onion chopped in a little butter, and, when light brown, put in Bean Soup. Season with salt and pepper, then serve. Do not add salt until ready to serve. (Eight persons.)

### HOUSE RESTAURANT BEAN SOUP

2 pounds No. 1 white Michigan beans. Cover with cold water and soak overnight. Drain and re-cover with water.

Add a smoked ham hock and simmer slowly for about 4 hours until beans are cooked tender. Then add salt and pepper to suit taste. Just before serving, bruise beans with large spoon

MRS. HARRY SCHONAERTS AND MRS. A. F. TAUTE

## Tea Is Compliment To Mrs. A. F. Taute

Mrs. August F. Taute, wife of the Wing Commander, was honored at a tea Wednesday afternoon in the NCO Club at Webb Air Force Base. Hostesses were members of the NCO Wives Club.

Mrs. Taute, attired in a beige dress worn with a pearl necklace, was presented an orchid corsage. She greeted guests with Mrs. Harry Schonaerts, president; and Mrs. Jim Thomas, vice president.

A silver coffee service and crystal punch bowl were placed at opposite ends of the refreshment table which was covered with an ecru lace cloth. The centerpiece was a silver compote holding multi-colored tulips, flanked by yellow tapers in silver holders. The arrangement was presented to Mrs. Taute.

Presiding at the table were Mrs. Willis Parker, Mrs. Patrick Harvey, Mrs. Robert Prugh, and Mrs. Johnnie Clements. Guests were registered by Mrs. Amador Garza and Mrs. William Wheeler at a table graced with an arrangement of yellow roses. Other hostesses were Mrs. A. E. Phillips and Mrs.

## Flower Art Discussed At Forum

A demonstration and lecture on the art of arranging fresh and artificial flowers was presented by Horace Whiteside of Faye's Flowers at the Progressive Womans' Forum meeting Thursday morning.

Two new officer replacements were named. Mrs. Jack Lipscomb will be secretary and Mrs. Hugo Campbell will serve as treasurer.

Mrs. Lipscomb reported on new shoes that had been purchased for four patients at the Big Spring State Hospital in the "Operation Hope" project endorsed by the club.

A strawberry tree centered the refreshment table that was covered with a beige linen cloth. Silver and crystal appointments were used. Mrs. Jesse Jackson was hostess.

Mrs. Morris Robertson, 2806 Clanton, will be hostess at the next meeting scheduled April 23.

## Auxiliary Lunches At Country Club

A maypole centered the table at the Big Spring Country Club where members of Kiwanis Queens met for an informal spring luncheon Thursday. Mrs. J. C. Pickle and Mrs. Sherman Smith served as hostesses.

Mrs. Clyde Hollingsworth presided at the business session, and Mrs. Smith conducted a get-acquainted game. Eighteen members and a guest, Mrs. Glenn E. Faison, attended.

The next session will be held May 14 with the meeting place to be announced later.

## Republicans Set Lawn Party, Sale

The Republican Women's Club will have a spring lawn party and plant sale Thursday at 1:30 p.m. at the home of Mrs. Grant Boardman, 2514 E. 24th St.

Coffee will be served and entertainment provided, and the public is invited to attend. Anyone wishing to donate plants for the sale is requested to call Mrs. Boardman, AM 3-3715, or Mrs. John Hogg, AM 4-2978.

## Engaged

Mr. and Mrs. M. D. Cross, 700 Bell, announce the engagement and approaching marriage of their daughter, Carolyn Joyce, to John S. Stephens Jr. He is the son of Mr. and Mrs. John S. Stephens Sr., Rt. 1, O'Donnell. The wedding will take place on May 30 at 8 p.m. in the Wesley Memorial Methodist Church.

## Sorority To Convene In Midland

Two national officers, a regional officer, two province presidents, state officers and at least two former state presidents of Alpha Delta Pi Sorority Alumnae Association are expected for the association's state convention in Midland Friday and Saturday.

Mrs. Neal D. Cannon, Nacogoches, Grand Vice President of Alumnae, will address the convention at a luncheon Saturday.

Other association officers who will attend are Mrs. J. Lloyd Dittman, Houston, alumnae director of Region IV; Mrs. A. P. Dooley, Austin, president of Rho province; and Mrs. R. C. Mohr, Houston, president of Rho II province. Reservations may be made with Mrs. Cecil S. Aycocks, 2207 Seaboard, Midland.

## Teen Club Ventures Gain In Popularity

WILTON, Conn. (AP)—Night clubs for young people are burgeoning across the country.

One such venture started here because a young man remembered his own teen-age recreational needs.

"There is nothing to interest teen-agers here, and that's why they get into trouble," says Bob Peterson, 23. "Many young people go to night clubs out of town just for the atmosphere, as I did, and before you know it they are sipping beer or something."

The idea had already been tried and proven sound by hundreds of communities.

Peterson met with high school groups to organize plans. They rented a meeting house, made it more intimate by dangling 2,000 silver stars from the ceiling, put red and white striped fabric at

a senior. Christy Mattoon, 17, thinks the club is "great," but that a canteen is necessary too. "We've started a canteen going and we're planning to bring in members next week. We've ratified a constitution, and we have a board of governors. There are about 600 students in the high school, and they're all eager for more recreation."

Coin Collecting As Therapy

VA Hospital patients who are numismatics as a result of novel experiment in therapy: J. L. Petty, Audie A. Lidia (standing) John N. Stapleton and Druce R. Freeman. left to right, John B. McCann, Val Turney,

## Coins Are Therapy For VA Patients

Some collect coins for the possible profit the enterprise may ultimately produce for them. Others collect coins as art lovers collect rare paintings—for the satisfaction they get from owning some scarce and unusual coin.

Altogether there are 9,000,000 to 10,000,000 active coin collectors in this country and the number grows by hundreds daily.

### FIGHT FOR LIFE

Big Spring has one group of collectors who hope to benefit from the hobby in an entirely different way from their fellows—they collect coins as a part of their fight for life and health, and the hobby they have developed is a part of the therapy which it is hoped will improve their well being.

They are a group of patients in the Big Spring Veterans Administration Hospital, and now in their fifth week as coin collectors. The results to date have been encouraging.

One of the patients, who has developed into an avid numismatist, puts it this way: "It's a great way to filing a part of the time we have on our hands. And, chum, we have plenty of time to fill in."

### 14 PATIENTS

Last week, there were 14 patients engaged in the hobby. And standing about watching the 14 already in the game were a half dozen others. By next week some of these, probably, will be occupying chairs around the coin table in the VA Hospital TV room.

The Recreation Therapy Section of the Physical Medicine and Rehabilitation Service is responsible for the introduction of coin collecting in the big hospital. It was tried as a means of stirring patients' interest and providing them with something new to occupy their time.

The interest has been so great that the experiment is being watched with interest by officials. "This diversionary activity," observed one official, "is a type of therapy in which most individuals can participate, and is not restricted to any one group of individuals. It is entertaining, informative and challenging, and it is especially valuable for patients with long-term, chronic illnesses."

### ORIGINATED

This new activity was originated by R. E. Hoover, chief of recreation for the hospital. He hit upon the plan from conversations he had with enthusiastic collectors outside. He discussed the plan to make coin collecting available as a hobby for patients with his associates, and the present enterprise resulted.

He goes to town daily to get rolls of coins (usually pennies). The patients "buy" the coins.

That is to say—the collector gives the recreation director a certain amount for the number of pennies he wants. Then, with his comrades, he goes to the TV room. There, four card tables have been set up to form a sizeable square area. This makeshift table is covered with bed sheets. Chairs are placed around the table. Each morning these chairs are well filled.

The collectors, with their coin books (which the director also buys for them on their order) unwrap the rolls of pennies and begin systematically examining each coin. As one turns up which is missing from the collector's book, it is safely put in its proper niche.

### CHALLENGE

As one hospital official points out, the interest the patients show stems not so much from collecting coins for their monetary value, as from the challenge of trying to fill the book. The patients do refer to the coin catalog from time to time to evaluate a find, but for the most part, they are most interested in finding the pennies or nickels to round out their pages in the book rather than for any premium it may have.

"Any of you guys want a 1947 D?" a patient will ask. "I do," says a man at the other end of the table.

And the first man tosses the penny across the table. Since the patients began collecting, a few fairly valuable coins have turned up, but as a whole the collections being assembled are valued more by their owners for their completeness or near-completeness than for the price tag on any one or two coins.

### NO INTEREST

Two or three of the active participants are patients who, until the new hobby was offered, seemed to have no interest in any other recreational activity. The enthusiasm of the patients is deep-seated. One of the earlier members of the group, who was given a furlough from the hospital, made regular trips back to the hospital to attend sessions.

"The interest that this form of therapy has stimulated seems to be increasing, and it is expected that more and more patients will want to participate," a hospital spokesman said.

He pointed out that the owner of a local coin shop—Bill Kenny—has been cooperative. This man donates a weekly coin newspaper to the group. The newspaper is closely read and its articles discussed at length. An airman from Webb AFB recently spoke to the patients on coin collecting. He also brought along a display of Civil War coins and gold pieces. He included one "piece of eight" of pirate fame for the patient's inspection.

## State Volunteer Council Meeting Set In Denton

At least half a dozen persons will represent the Big Spring State Hospital at the State Volunteer Services Council spring meeting in Denton April 15-16. Heading the group will be Jack Y. Smith, who is chairman of the state council. Others planning to attend are Dr. Preston E. Harrison, superintendent of BSSH, Mrs. Hilda (Stormy) Weathers, coordinator of volunteer services; Mrs. A. A. Marchant, Mrs. J. R. Petty and Mrs. Emmett Grantham, volunteers. Possibly other volunteers will be able to attend.

## Seven Jury Cases Set

Seven of the 14 felony jury cases set for trial in 118th District Court the week of April 27 involve defendants charged with driving a motor vehicle while under the influence of intoxicating liquor.

District Judge Ralph Caton has set the cases to be tried starting at 10 a.m. on that date. Gil Jones, district attorney, is getting ready to try the matters on the docket.

A jury panel will be called to report at that hour. Defendants charged with DWI, second offense, to go to trial are Joe Earl Snow, Frank Barrett, Theodore Noel Flipplin, James Wesley Legate, Rudolph Q. Watson, Larkin L. Ashburn Jr., and Douthitt Clay Buchanan.

The other seven cases on the docket are: Aulten Vaughn, worthless check; Robert Field Cundiff, theft over \$50; Robert Driscoll, assault with intent to rob; John N. Martinez, burglary; Pantaleon Trevino Gonzales, failure to stop and render aid; Alfonso Aguilar Flores, burglary; E. E. Barber, forgery and passing.

report on highlights of the past six months. An average of 2,523 volunteers fill regular assignments in the schools and hospitals each month, she noted. Recorded hours given to these duties amounted to 216,531 during 1963. In addition, 43,433 persons were involved in special assignments such as Christmas, Easter and similar seasonal affairs. Two chapels—one at Austin

The spring meeting will develop the theme of "Melody of Life through Service," and several outstanding speakers will address the group. In addition, the theme will be underlined with appearances of a number of members of the music faculty at North Texas State University. The group also will tour the Federal Civil Defense Center. Most of the sessions will be held at Denton State School, now in its fourth year.

One of the highlights of the conference will be a joint session with the executive committee of the State Volunteer Services Council and superintendents of the state hospitals and special schools, including Dr. Harrison, and Dr. Sam Hoerster Jr., Austin, formerly of Big Spring. Mrs. Helen Colburn, Austin, chief of volunteer services, will

over the country," Sam Helwer, division of highways engineer, said. The division plans a freeway through Prairie Creek Redwoods State Park, about 20 miles north of Eureka.

OIL INFORMATION COMMITTEEMEN BRIEFED ON JOB  
Zone Chairman D. G. (Buddy) Whitten (left), outlines assignments to group

## Oil Information Panel Gets Its Assignments

Members of the Oil Information Committee serving Howard, Glasscock and Sterling Counties have been given their assignments by D. G. (Buddy) Whitten, area vice-chairman of OIC in charge of this zone. Whitten is district production manager for American Petrofina of Texas.

"We're not trying to sell or

propagandize the public," he explained, "but we are trying to furnish factual information about the oil industry, how it works, what impact it has on the economy and support of the area and state. We want to help the public to have a better understanding of this highly important industry."

There are eight general committees, plus the chairmen in Howard, Glasscock and Sterling Counties.

Jack Douthett is chairman in Sterling County and Earl B.

Seago is chairman of school activities there. Roy Thurston, Garden City, is chairman of the Glasscock community services and school committee.

George Oldham, seated left, is Howard County general chairman of the OIC committee, also he is chairman of the Chamber of Commerce petroleum committee. Others on the panel, seated left to right, are Arnold Marshall, public affairs; Gil Boatman, special events; John W. Rutherford, community services; D. G. Whitten; standing,

Hubert Stipp, schools; Joe Pickle, communication media; Jeff Brown, speakers. Not pictured are Bill Roark, films, and Mrs. Katherine Thornton.

Members of the committee are eager to assist others in arranging programs for clubs, general meetings, school classes and gatherings, Whitten explained. Some special events are planned for the year.

## Profits Rise In Petroleum For Past Year

TULSA (AP) — Profits of major oil companies rose an average of 13.9 per cent last year, a larger increase than was shown by either sales or production, the Oil and Gas Journal reported.

The trade publication said the industry is counting on general prosperity and efficiency to make 1964 another good year.

In a survey of the 21 largest oil companies to be published in its forthcoming issue, the Journal found profits up an average 13.9 per cent over 1962, sales up 5.1 per cent, production up 7.3 per cent and refinery runs up 5.3 per cent.

Profits in 1962 were up 7.9 per cent over the previous year, with gains of 7.2 per cent in sales, 8.8 per cent in production and 5.4 per cent in refinery runs.

A possible explanation for the 1963 showing is diversification, the Journal said.

"A growing volume of revenue no longer is dependent on the price vagaries of petroleum products," the magazine said. "More stable sources of income are being developed."

Nineteen of the 21 companies surveyed had better earnings in 1963. Nearly all recorded a drop in total employment.

## Teachers May Study Industry

One, and possibly two, teachers from the Howard County schools may participate in the petroleum workshop at the University of Houston this summer.

D. G. (Buddy) Whitten, area vice chairman of the Oil Information Committee, said that funds had been posted by 16 firms thus far to underwrite the expenses of one teacher. An amount sufficient to send a second teacher to the intensive short course is in sight if a few more individuals of firms subscribe.

The teacher (or teachers) chosen will have expenses paid to Houston for an intensive three-week course taught by experts in the petroleum industry. The experience carries with it three hours of graduate credit. The workshop is now in its seventh year.

Among those who have supported the program so far are Delta Electric Corporation, Cosden Oil & Chemical, Big Spring

## Lawrence Has Changed Jobs

HOUSTON — Kelley E. Lawrence Jr., son of Mr. and Mrs. Kelley E. Lawrence of 543 Hillside Drive, Big Spring, has been appointed petrochemical sales manager of Tenneco Oil Company.

Lawrence, 32, was previously senior petrochemical sales representative. He replaces Dewey Mark who is now director of LPG and petrochemical sales. Before joining Tenneco in 1960, Lawrence was manager of solvent sales of Cosden Petroleum Corporation. Mark was a research chemist and later head of chemical sales for Cosden.

A former resident of Big Spring, Lawrence attended both elementary and high school there. He attended Howard County Junior College before entering the University of Texas in 1949.

He and Mrs. Lawrence and their three children live at 12410 Rip Van Winkle in Houston. Mrs. Lawrence is the former Joyce Edwards, daughter of Mr. and Mrs. L. B. Edwards, Big Spring.

Tenneco Oil is the oil and gas exploration, production, refining and marketing arm of Tennessee Gas Transmission Company.

## REPORTS OPTIMISTIC Petroleum Stock Has Good Look

By MAX B. SKELTON  
HOUSTON (AP) — Stockholders of most major oil companies are being advised that prospects for 1964 are good.

Most annual reports are optimistic but warn of continued sharp competition and depressed products prices.

Standard Oil Co. of Indiana summarized the situation: "Prospects for the industry in 1964 are generally good, even with perennial difficulties with costs, prices and regulations."

Even though prices for crude oil and refined products continue under pressure... record levels in industry operations, along with further gains in earnings, appear likely."

Socoyn Mobil Oil Co. emphasized its forecast of a good year by saying it has earmarked a record \$475 million for 1964 capital and exploration expenditures.

Texasco said Free World demand for petroleum in 1964 should raise about six per cent, from two to three per cent in the United States and eight to 10 per cent in other areas.

Phillips Petroleum said expanding highway systems, trends to suburban living, increasing pleasure travel, and a rising general economy should cause 1963's strong demand for gasoline to continue.

Gulf reported record 1963 earnings but said gasoline prices averaged one-half cent below 1954.

"At Gulf's 1963 level of operations in the United States alone, one-half cent a gallon in the price of gasoline is equivalent to more than \$24 million a year in operating revenues," Gulf said.

Standard Oil of California said

there is indication of continued progress and growth in 1964 but such prospects are tempered by price and other industry problems persisting from 1963.

"To lessen the adverse impact of the cost-price squeeze on company earnings, management is expanding and intensifying its various programs for controlling and reducing the costs of doing business," the California report said.

Stockholders of Shell were told it is generally predicted 1964 will be another good year for the economy and the oil industry "although industry earnings may not show the same increases they did from 1962 to 1963."

Sinclair reported another 22 per cent increase in its earnings but said only two per cent of the gain could be attributed to better product prices.

### Course Scheduled

DALLAS—The American Association of Oilwell Drilling Contractors will hold a course on "The Management of Drilling Contractor Firms" April 13-17 on the campus of Southern Methodist University in Dallas.

## NPRA Men Are Elected

SAN ANTONIO, April 7—Peter N. (Nick) Gammelgard of Inverness, Ill., was elected president of the National Petroleum Refiners Association Thursday. Gammelgard is vice president for refining of The Pure Oil Co., Palatine, Ill. He succeeds L. E. Kincannon, executive vice president of the Rock Island Refining Corp., Indianapolis.

New officers elected at the Association's annual meeting in the St. Anthony Hotel here are: Vice presidents, R. C. Adam, Mobil Oil Co., New York; F. O. Koontz, Quaker State Oil Refining Corp., Oil City, Pa., and Paul N. Howell, Howell Refining Co., San Antonio.

New members of the Executive Committee: S. D. Breitweiser, Cities Service Oil Co., Tulsa, Okla.; Harry A. Brown, Sunray DX Oil Co., Tulsa; F. C. Moriarty, Marathon Oil Co., Findlay, O.; L. W. Robbie, Texas City Refining Inc., Texas City, Texas, and H. F. Wagner, Farmers Union Central Exchange Inc., St. Paul, Minn.

Executive vice president Donald C. O'Hara, Washington, and secretary-treasurer Paul D. Williams, Tulsa, were re-elected.

The association voted to hold its 1965 annual meeting in Houston, Texas, March 31—April 2, 1965. In 1966 it plans to return to San Antonio.

Cadillac  
AN INTERNATIONAL CELEBRITY ARRIVES AT THE FAIR  
The occasion is the New York World's Fair... the scene is the spectacular General Motors Futurama—and the car, of course, is Cadillac.  
And the Cadillac car is a standout attraction even in this distinguished international company. Drive any of eleven 1964 models and you'll discover why.  
There's Cadillac's magnificent and silent power. A 340-horsepower V-8 engine—most powerful in Cadillac history—generates performance so swiftly that we caution even long-time Cadillac owners to mind their speedometers. There is, in addition, the remarkable smoothness of our transmissions—an improved Hydra-Matic or new Turbo Hydra-Matic.  
There is the luxury of elegantly appointed interiors, together with the great convenience of power brakes and steering (plus power windows on most models) that have turned the 600-mile day into a restful reality.  
And there is also investment. Find a fine car, if you can, that returns more than your Cadillac when you choose to sell or trade it.  
Visit your Cadillac dealer soon. His selection of international favorites has never been more tempting.  
MORE TEMPTING THAN EVER—AND JUST WAIT TILL YOU DRIVE IT—SEE YOUR AUTHORIZED CADILLAC DEALER

## Don Knotts Takes Title Laurels In 'Mr. Limpet'

A mild little Brooklyn book-keeper turned into a "secret weapon" for the United States Navy and helped drive Nazi submarines out of the Atlantic during World War II. Incredible? Perhaps that's why the Warner Bros. motion picture dealing with this revelation is entitled "The Incredible Mr. Limpet." The new release opens Thursday at the Ritz Theatre.

Don Knotts portrays the unusual title role of Henry Limpet in the Technicolor comedy-musical which was produced by John C. Rose and directed by Arthur Lubin. Knotts is known as the nervous deputy on the Andy Griffith TV show. Don appeared with Griffith in "No Time for Sergeants" on Broadway and in the subsequent Warner Bros. film as well as

## It Can Happen— '7 Days In May'

"Seven Days in May," the best-selling novel with a big cast, is now an exciting motion picture headed by Burt Lancaster, Kirk Douglas, Fredric March, Ava Gardner and Edmund O'Brien. "Seven Days in May" opens Sunday at the Ritz Theatre.

"Seven Days in May," released by Paramount Studios, reveals the blow by blow struggle during one crucial week when the Joint Chiefs of Staff plot to overthrow the United States government by force. In truth, governments have been overthrown in dozens of countries all over the world; it has never happened in America... but it could.

"Seven Days in May" tells the tale of how such a devious plot could succeed when only one man and a handful of loyal supporters stand between the nation and anarchy. Burt Lancaster stars as an Air Force general, patriotic, and dedicated to duty, who honestly believes that his plan for taking over the White House by force is in the best interests of the country. Kirk Douglas portrays a sturdy Marine Corps colonel who accidentally stumbles on the conspiracy but finds himself powerless to interfere... until he finally reveals his suspicions to the President himself.

Fredric March, as the President.

'GEORGE WASHINGTON SLEPT HERE?' Sully Carr and Dan Whitmer in Little Theatre play

## King Arthur's Days Chronicled

**THE FAIR.** By Robert Nathan. Knopf, \$3.95.  
There is a misty, allegorical quality in Nathan's short novel, which begins at the Middle Ages, shortly after King Arthur's defeat at Salisbury Plain.

From a narrative standpoint, it is a story made by a handful of characters from a medieval keep which is about to fall to the Saxon marauders. They flee to the supposed safety of a priory. The little band includes the adolescent Penrhid, descendant of Irish royalty; her little cousin in Godwin; a very young squire, Thomas of Glen Daur; an abbott named Odo, and a nurse, Dame Margit. Not the least of this company is a guardian angel, Azael, who appears mysteriously to serve as protector for Penrhid. One of the personalities they discover is a Greek, Niclas, who has studied the ancient philosophers. Another is an old crone who is a

Druidess. This setting has given the author an interesting opportunity to explore and contrast the beliefs, attitudes and thoughts aroused by people who have been exposed to early Christianity, the old Celtic gods, the Druids, the Greek philosophers and the recently retreating Romans. Azael's participation in this adventure brings in the element of the supernatural — wild animals bow down to him—and there is a special quality about him (which should not be revealed here) that bears some connotations for our modern day.

Certainly this is a fanciful tale, valid on one level as a diversion for readers sated by modern sociological agonies in the form of fiction. But on another level, it carries some provocative thoughts about spiritual and intellectual values in both King Arthur's day and our own. —MILES A. SMITH

## STAMPS IN THE NEWS

**Dutch Issue Denotes 500th Anniversary**  
By SYD KRONISH  
The Associated Press  
Twenty-eight years before Columbus discovered America, the first meeting of the Dutch States General was held. To commemorate the 500th anniversary of this historical event, the Netherlands has issued a new 12-cent stamp. The stamp which is yellowish green was designed by T. Kupershoek at Amsterdam and depicts the Knight's Hall at the Hague. Above the building is the inscription in Dutch "Five Hundredth Anniversary States General 9 January 1964." Also reported from the Netherlands is a stamp commemorating the 150th anniversary of the foundation of the Kingdom of the Netherlands. This is a 5-cent value and the second in the series. Previously a four cent stamp was issued. Both have the same design featuring the arrival of the Prince of Orange at Scheveningen.

The U. S. commemorative stamp honoring John James Audubon is a best seller, announces the Post Office Department in Washington. In fact it has proved so popular that 20 million additional stamps have been printed. Only infrequently do plates go back on the press after the stamp run. This particular stamp was issued last December and depicted an Audubon aquaint of Columbia jays. The initial printing was 130 million. It was the third in the fine arts series of stamps based on the works of American painters. Earlier, Frederic Remington's "The Smoke Signal" and Winslow Homer's "Breezing Up" were also highly regarded. The 1964 stamp described in this column previously reproduces an oil by Charles M. Russell, artist of the Old West, and is a scene at cattle roundup time.

Italy has issued two new stamps honoring the 400th anniversary of the birth of Galileo. The 30 lire and 70 lire bear a portrait of the astronomer and a likeness of his signature. Another famous Italian to be honored philatelically is Michelangelo who appears on a 30 lire and 185 lire.

It was announced by Robert L. Davidson, president of the American Philatelic Congress, that plans are now being made for a Civil War Centennial Phil-

## Little Theatre Offers 'George'

The curtain will go up on the last presentation of the Little Theatre of Big Spring's 1963-64 season Friday and Saturday.

"George Washington Slept Here" spoofs the hopeful city-dweller who dreams of returning to old-fashioned family joys by taking a little place in the country. The would-be "nature boy" of this laugh hit is Newton Fuller, who buys a broken down farmhouse in Bucks County, Pa., one of those old stone houses that go back to Revolutionary days. The walls and floors are falling in, there are cows and horses in the kitchen, and water has to be carried up from a distant brook a bucketful at a time.

What with Japanese beetles and 17-year locusts, the noise attending the drilling of a well, a belligerent neighbor, and visiting relatives, the Fuller family discovers that getting away from it all in the country isn't quite the Utopia they had been led to expect.

As the bewildered Newton Fuller, Dan Whitmer will be playing the role created by Ernest Truex in New York. Joann Arnold will be seen as Fuller's pessimistic wife, and Jan Bevins as their daughter who thinks she's fallen in love with a summer theatre actor, Jay Lauer. Ron Carr will play Uncle Stan-

**DEAR ABBY**

**Keep Your Promise**

**DEAR ABBY:** By the time I was 17 I had broken all the Ten Commandments except "Thou shalt not kill." I got into trouble with a boy and he ran away. The Salvation Army took me in and I had my baby at the Booth Memorial Hospital. I decided to keep my little son. I worked as a waitress to support him. I started going with a kind, sober, hard-working man. I told him the truth about myself right off, but he didn't care. He married me and adopted my 10-month-old son. He treats us grand. I don't deserve this kind of happiness. One thing bothers me. Both my husband and I have dark eyes and dark hair. My son has blue eyes and bright red hair. People keep asking us how come. My husband made me promise I would never tell anyone the boy wasn't his. Why can't I say I was married before and the boy is my first husband's? **HATES TO LIE**

**DEAR HATES:** The boy is LEGALLY your husband's son. Blond and brunette parents can produce red-haired offspring. You owe inquisitive friends nothing. You owe your husband a great deal. Keep mum.

**DEAR ABBY:** My wife has frequently criticized me for not taking her arm when crossing the street. I say that it's the lady's place to take her escort's arm. All of the pictures I've seen of royalty, or continental personages of good breeding show the lady taking hold of the gentleman's arm.

I hate to see a great hulk of a man pushing some frail thing around as if she were on casters, or slightly intoxicated. I would appreciate your opinion.

**DEAR M.K.:** The gentleman should offer the lady his arm. If he does not, she may gently take his arm and ask, "May I?"

**DEAR ABBY:** Roger and I were married only 16 months. We decided that our marriage was a mistake, and since there were no children to consider there was no point in spending the rest of our lives in a loveless marriage. We got a divorce. Am I supposed to return Roger's wedding ring? How about my engagement ring? I put them in my drawer and have no desire to wear them. Would it be improper for me to sell the set? **DIVORCED**

**DEAR DIVORCED:** The wedding ring and engagement ring are yours to do with whatever you wish.

**DEAR ABBY:** The woman who wrote to say that her husband took over the grocery shopping reminded me that my husband did that trick almost 30 years ago. He got the bright idea that I was too extravagant in the grocery store. He bought all sorts of silly items and overlooked the essentials. I got disgusted, so I went to his shop (he ran a garage) and started ordering the mechanics around. I made a real nuisance of myself because I didn't know a nut from a bolt. My husband got the idea, and gladly promised to stay out of my business if I stayed out of his.

**Burglar Sounds Fatal For Child**

**PORT SUMNER, N.M. (AP)**—Kenneth Dorothy told a coroner's jury that he and his wife got up in the night to investigate the sound of breaking glass.

The two walked toward the source of the sound. Dorothy told officers he shouted, then fired a 22-caliber pistol into the darkness believing the disturbance had been created by a burglar.

The coroner's jury ruled the death of 3-year-old Kenneth Kay Dorothy was accidental.

**MEN IN SERVICE**

**Airman 3.C. Richard G. West,** son of Mrs. O. C. Mason, 2408 Carleton Drive, is visiting his family on a 15-day leave from Air Force duties. He arrived in Big Spring Thursday. A May, 1963 graduate of Big Spring High School, he entered the Air Force Oct. 20, 1963. He underwent basic training at Lackland AFB in San Antonio, and then was transferred to Amarillo AFB, where he recently completed training in an administrative school. He will report to Reese AFB in Lubbock upon completion of leave.

**RICHARD G. WEST**

**Pvt. Leonard Sampson,** son of Arlene McMurtrey, 916 Baylor Blvd., was home on 14-day leave. He enlisted in the Army last January and recently completed basic training at Fort Polk, La. He turns to Fort Polk to receive advanced individual training as a field communications crewman.

**PVT. LEONARD SAMPSON**

He was given a supper Thursday night at the home of his parents, Mr. and Mrs. Lee McMurtrey, 916 Baylor Blvd. There were games for the children, and "forty-two" for adults.

Attending were Mr. and Mrs. J. R. Bennett Sr.; Mr. and Mrs. Eugene Bennett and Jamie, Sand Springs; Mr. and Mrs. Jack Bennett; Mr. and Mrs. James Baird, Nancy and Cathy; Mr. and Mrs. C. G. McMurtrey, Larry, Tommy, Johnny, Kenneth and Caroline; Mr. and Mrs. James Skeen and Jimmie; Janice Kelly; Faye Sampson; Mr. and Mrs. Bill Bennett, Jody and Randy; all of Big Spring; Mr. and Mrs. Darrell Shortes, Darrell Gene and Bennett, Knott.

**PVT. FARREL FELTS**

**Pvt. Farrel Felts** recently left for Korea for a tour of duty in the Army. His wife, Nancy, lives with the serviceman's grandparents, Mr. and Mrs. James Felts, 1201 Wood.

Pvt. Felts went into service last October and received basic training at Ft. Polk, La. He is a graduate of Big Spring High School, and is the son of Mr. and Mrs. Jimmy Felts, Coahoma.

**Airman 2.C. Carl E. Howk,** has arrived at Eglin AFB, Fla. for duty with the new Air Force Tactical Air Warfare Center.

Airman Howk, an Air Force radio equipment repairman, and other personnel assigned to this recently activated facility, will help conduct tests of Air Force tactics and techniques designed to improve joint operations with ground forces.

The airman, a member of the Tactical Air Command's 727th Aircraft Control and Warning Squadron at Myrtle Beach AFB, S. C., before joining the center's staff, will participate in the tests leading toward an increased mobility for Army troops.

**Airman Howk,** formerly of Rt. 3, Colprado City, attended Colo-

rado City High School. He is a veteran of 10 years service. His wife is the former Addie Marie Klas.

**Airman 1.C. Remigio Rodriguez** has graduated from the Air Force Noncommissioned Officer Preparatory School at Sewart AFB, Tenn.

Airman Rodriguez, an Air Force aircraft loadmaster, is assigned to a Tactical Air Command unit. He was trained in management, leadership, security and human relations.

A former student at Georgetown High School, the airman entered the service in July, 1955. His wife, Lupe, is the daughter of Mr. and Mrs. Joe Solis, Lamesa.

and Mrs. A. W. Weaver, Big Spring, is scheduled to complete basic training April 10 at the Naval Training Center, San Diego, Calif. The nine-week training includes Naval orientation,

history and organization, seamanship, ordnance and gunnery, military drill, first aid and survival.

**Army Spec. 5 Raymond L. Sturgeon,** whose wife lives in Midland, was assigned March 19 to the 67th Medical Depot in Germany. Specialist Sturgeon, a son of Earnest Sturgeon, 810 Cherry St., Big Spring, 1959 and was last stationed in Terrell, Tex.

Sturgeon, whose mother lives in Midland, is a 1956 graduate of Carver High School. He is the son of Earnest Sturgeon, 810 Cherry St., Big Spring.
