## Master Plan for the future of Our Children

One of the main objectives, and one of the main problems, in drafting the school's master plan program has been that of keeping it within the district's ability to pay at the current tax rate.

The administration proposes to do just that on the basis of best available present projections, in the issuance of \$5.5 million in bonds which is before district taxing voters Saturday.

First rough plans for school improvements ran in the neighborhood of \$8 million, and obviously this had to be reduced, under the present tax rate. There was considerable eliminating and trimming, until an estimate of \$6.8 million appeared. Still too high. The final retrenchments in planning brought the over-all figure to the present five and a half million.

This is what the fiscal analysis have said that the district can handle safely. This finding assumes that the bonds—to be issued as 30-year maturities, but with earlier callable dates—can be marketed for no more than 4 per cent interest.

The bond market is a variable factor, of course, but financial opinion is that the district should be able to get a rate well under this ceiling.

### Normal Growth In Valuations

The projection also assumes that the district will have a growth rate of 2 per cent per year in valuations—that is, new construction, additions, normal appreciation in some values, new items on the tax rolls. This seems to be generally accepted as a conservative estimate.

The projection does not take into consideration any sudden break-out in school population, which would cause facilities to be swamped before they can be built. The whole fiscal program is based on what may be considered sound growth, as based on the district's past history.

Tax valuations in the district—which will include those of the Gay Hill-Center Point areas—for 1965 are placed at \$106 million, in round figures. By 1974, the total is placed at \$126 million. An average tax collection of 95 per cent is anticipated.

Currently, the district is setting aside .276 cents of its \$1.70 tax rate for sinking fund requirements, that is, to pay off bonded debt. The fiscal schedule shows that this gradually goes up to pay for the new issues until it reaches 42 cents in 1969.

The remainder of the total tax rate, of course, goes for operating expenses. The fiscal projection is such that these can be met, again, through the ordinary growth of total taxable values.

### Safe Ratio Of Debt-Valuation

The state has a limit on what a school district can do in accruing debt, by maintaining a ratio of bonded debt to assessed valuations. The Big Spring district will remain well within this limit. This ratio in 1964 is 6.27 per cent. It is due to go in 1967 to 7.32 per cent. This is considerably lower than many neighboring districts which have invested heavily in new school construction.

The district has some "cushion" as a safety factor. One item is the fact that since 1960, the schools have been spending about \$75,000 per year out of operating funds on capital investment items. The new Kentwood school and part of Marcy were built without bonded obligation, as were several other major improvements. Thus, a potential \$75,000 per year would become available to meet higher operating costs which an enlarged program must inevitably bring.

There is also a return to be derived when bonds are issued, and before final payments must be made to contractors, etc., the money can be re-invested. This cuts down the ultimate interest cost.

### To Be Issued Over Several Years

It should be remembered that the bonds will be issued in increments over a period of years, as the building program progresses. Present plans are to issue \$3.5 million this fall, to start on the High School expansion. A second issue of \$1 million is projected for 1965-66, a third for \$1 million in 1967-68.

The Big Spring schools have had a tax rate of \$1.70 since 1961, when it was reduced from \$1.77. Valuation for assessment purposes has varied in years past, as high as 66 2/3 per cent in 1957-58, later was reduced to 60 per cent—the current level—as new valuations came on to the tax rolls.

Financial planning has been as thorough as any other phase of planning in the schools' master plan. The answer that this is something the district can handle, while obtaining the expanded physical system that must come for the schools to progress—and the whole community along with them.

## Rockefeller Raps Asia 'Bankruptcy'

ANAHEIM, Calif. (AP)—Gov. Nelson A. Rockefeller accused the Democratic administration today of "bankruptcy" in its policies in Southeast Asia.

Such bankruptcy, he contended, may be blamed for recent Communist successes in jungle warfare.

Rockefeller accused the Democrats of "temporizing, neutralizing, tranquilizing and rationalizing" in the face of the crisis marked by the Communist push in the strategic Plain des Jars in Laos.

The New York governor, in a statement in the midst of a campaign tour for support in California's fast-approaching primary, warned that if Laos falls, Thailand will be next and it may shake Malaysia's ties with the West.

Rockefeller urged these steps: 1. That the United States insist the neutrality it negotiated for Laos be respected by all signatories, and that it should no longer tolerate the use of that country as a sanctuary for

guerrilla action in South Viet Nam.

2. That the administration should make it clear it will support the territorial integrity of Thailand and should be prepared, if necessary, to offer U.S. military aid.

3. That if the Communist advance continues, the U.S. should move to secure the Mekong River Valley, the border between Laos and Thailand.

4. The U.S. should give "all practical support" to end the use of Laos as a sanctuary for the war in South Viet Nam.

Rockefeller said these actions might include immediate warnings that South Vietnamese planes would bomb Viet Cong supply lines in Laos unless that country quits allowing guerrillas to operate from there.

"It is high time," Rockefeller said, "the Democratic administration in Washington learns that the aggressor will never choose a point of attack where it is most convenient for us to respond."

## First U.N. Soldier Dies On Cyprus

NICOSIA, Cyprus (AP)—Turkish Cypriots were blamed today for the first fatality in the U.N. peace force on Cyprus.

U.N. headquarters announced a Finnish radio operator, Juhani Matikainen, 27, was killed Wednesday night in a two-hour battle between Turkish Cypriots and Finnish patrols.

A U.N. statement said Matikainen was hit by three bullets while sitting in his patrol car in fields near the Turkish village of Kanli, six miles northwest of Nicosia.

The car had accompanied a recovery team to aid another Finnish vehicle that broke down while providing an escort for farmers bringing in their harvest.

### 20 SHOTS

Turkish positions fired about 20 shots at the Finnish vehicle, the U.N. statement said. Lt. Col. U. Kettinen, commander of the Finnish battalion, rushed to the area with a platoon and two armored personnel carriers in response for a radio plea for help.

Though the Finns called out their identities, the shooting continued. The Finns returned the fire.

Matikainen was struck once in the head and twice in the chest. The firing stopped after he was hit.

Umit Suleyman, a representative of Turkish Cypriot vice president Fazil Kuchuk, expressed "deep regret" at the incident. He said he would conduct a full investigation and report to the U.N. force.

### WOUNDED

Troops of the peace force have been fired on a number of times since they took up their task on Cyprus in late March, but heretofore the few casualties have only been wounded.

A British soldier was shot in the leg in Nicosia April 24 and two other Britons were injured by an explosion May 1. None of the injuries was serious.

About 1,800 Finns are in the 6,500-man peace force. The other troops come from Britain, Canada, Ireland, Sweden, Denmark and Austria.

Traffic Death  
Drive Carefully!

## Seven Killed In Rampage

NASSAU, Bahamas (AP)—A man with a shotgun rampaged through Nassau's southern suburbs Wednesday night killing seven persons—including himself—and wounding six in a two-hour automobile foray.

"It was one of the worst nights in my experience," said Chief Criminal Investigator Stanley Moir.

Dozens of police, who had cordoned off a two-square-mile area and searched it in vain for the slayer, found Ruben Rolle, 30, in his home, dead of shotgun wounds. The weapon lay nearby.

Police Commissioner Nigel Morris said authorities did not establish a motive immediately, but "the first person he shot was his wife."

Police said Rolle went berserk, took a friend's automobile and roared through South Nassau, leaving a wake of bodies, and terrified telephone callers beseeching police help.

All those slain except Mrs. Rolle were men. The hospitalized people all were neighbors. Police hoped some would be able to give them an inkling of what touched off the shootings.

The bloody shooting spree indirectly brought about one additional death. Alfred Ginton, a resident who went to the aid of wounded victims, dropped dead apparently from a heart attack induced by excitement.

Rolle, a carpenter, and all his victims were Negroes.

**Hot Goodies By  
Ding-A-Ling Man**  
WASHINGTON (AP)—The friendly ice cream man—dubbed by police as the "ding-a-ling bootlegger"—has been arrested for dispensing too much cheer.

Police said the vendor, Andrew W. Townsend, 22, sold not only frozen goodies but also alcoholic beverages.

Authorities in nearby District Heights, Md., said they had been hearing about Townsend's dual merchandising role for two weeks.

# Adlai Pledges U. S. Support For Asians

## 6 Die In Post Wreck

POST, Tex. (AP)—Six persons, four of them children, were found dead today in the wreckage of their car which had plunged into a ravine along U.S. 84.

Highway Patrolman Henry Harden identified the dead as Mr. and Mrs. Gregorio Ramirez Rangel, both 27; Porfiria, 4; Sylvia, 2; Dora, 1; and Conrado, 3.

The family resided in Lubbock at 107 Avenue O.

A truck driver, sitting high in his cab, discovered the wreckage. Officers said it was not visible from the road to persons in vehicles with lower seats.

The accident happened 20 miles south of Post, a West Texas county seat 41 miles southeast of Lubbock.

Ranger Capt. Raymond Waters and Sheriff Grady Harris of Lubbock were traveling down the highway and were hailed by the trucker.

They called for ambulances, which took five bodies to a funeral home in Snyder and one to Post.

## Cuba Assault For Future

MIAMI, Fla. (AP)—The long-promised attack on Communist Cuba by the Revolutionary Junta, an exile group, appeared today to be something for the future—or a well-kept secret.

The junta, at the end of Cuba's May 20 independence anniversary on which it planned to have men fighting in Cuba, issued a statement which did not mention any attacks by its forces.

Rogelio Cisneros, chief in exile of the junta, told reporters one of the organization's objectives—harassing the Fidel Castro dictatorship—had been achieved, "especially from the point of view of psychological warfare."

A Havana dispatch said the military had been placed on alert, with all leaves canceled.

"The threats of attack have served a magnificent purpose in forcing extraordinary measures upon the Castro regime and doubtless producing widespread unrest and chaos in the already-floundering Cuban economy," said another exile leader.

There was a flurry of rumors about sabotage and minor forays by junta forces led by Manuel Ray. But the Havana regime's radio confirmed none of them. Exiles recalled, however, that it took Havana radio 15 hours to confirm last week's attack on a sugar mill by an exile group.

The junta's statement appealed to all Cuban exiles to help the fight to overthrow Castro.

"Popular victory does not come in the form of spectacular invasion," it added.

No action was announced by two other leading militant forces among the exiles, the Revolutionary Recovery Movement, which attacked the sugar mill, and the forces headed by guerrilla fighter Eloy Gutierrez Menoyo.

Various reports circulated in Miami about events purportedly occurring in Cuba but there was no confirmation from Havana.

## Meet Demands (A SCHOOL-A-TORIAL)

Does Big Spring want to grow by attracting new industry and business? It will have to show the prospective investor, employer and employee that here is a school system that can accommodate new families, and meet present day educational demands.

## Georgia Vote Bill Guided By Negro

ATLANTA, Ga. (AP)—A proposed change in election laws that could add thousands of Negroes to Georgia's voter rolls by making it easier to register has been steered through the state Senate by its lone Negro member.

An amendment offered by Sen. Leroy Johnson of Atlanta—the only Negro lawmaker in Georgia since Reconstruction, was approved Wednesday by the Senate 35-2. It would simplify questions posed to illiterates.

But House Speaker George T. Smith predicted that it will be at least two weeks before his chamber will get the proposal.

The Senate is not yet a third of the way through the long election code revision, which now includes Johnson's amendment, and the House also must finish work on a proposed new state constitution before taking up the new election rules.

The Johnson amendment provides that registrars approve prospective voters who answer correctly four of six comparatively easy questions. The amendment was substituted for a section that required illiterates to answer 20 of 30 more difficult questions correctly.

Less than one per cent of the Negroes applying under the 30-question standard have been able to register, Johnson said.

Johnson's amendment included these questions: Name the president of the U.S.; the vice president; the two U.S. senators from Georgia; governor of Georgia; members of the General Assembly who represent you, and the sheriff of your county.

The questions now used include: On what day and how often is the general election held in Georgia at which members of the General Assembly are elected; what is a Republican form of government; how does the Constitution of the United States provide that it may be amended; what does the Constitution of the United States provide regarding the suspension of the privilege of the writ of habeas corpus.

Smith declined to predict how the proposal might fare in the House, but said, "I think the 30 questions are ridiculous and there should be some changes. I'm in favor of something along that line, but I wouldn't want to be stuck with those exact questions before we get a chance to look at it."

However, the rural-dominated House probably will quickly return to the more stringent tests.

## 'Long As People Want Freedom'

UNITED NATIONS, N.Y. (AP)—U.S. Ambassador Adlai E. Stevenson pledged today that the United States will continue to defend southeast Asia against Communist attacks as long as the people of the area are determined to preserve their independence.

The chief U.S. delegate charged that the clear aim of the Indochinese Communist party and the Communist leadership of Viet Nam "is to take over control of all Indochina." Stevenson, who rushed back Wednesday from a European tour, told the U.N. Security Council that the United States has consistently come to the aid of peoples attacked from the outside.

### AGGRESSION

And it will do so again, he said. "Unless the lesson is learned once and for all by aggressors that armed aggression does not pay—that it will no longer work—that it will not be tolerated."

He asserted that the crisis in southeast Asia "has taken a turn for the worse."

"My government takes a very grave view of these events," he added. "Those who are responsible have set foot upon an exceedingly dangerous path."

The council debate originally was sparked by a Cambodian charge that the United States and South Viet Nam had committed aggression in recent border incidents. Both the United States and Viet Nam replied that the violations were accidental and that they wanted to settle the matter peacefully.

Meanwhile, however, the United States plunged into general exposition of the U.S. policy in all southeast Asia.

### ASK OUR HELP

Stevenson told the council: "The United States cannot stand by while southeast Asia is over-run by armed aggression. As long as the peoples of that area are determined to preserve their own independence and ask for our help in preserving it, we will extend it. This, of course, is the meaning of President Johnson's request a few days ago for additional funds for more economic and military assistance for Viet Nam."

"And if anyone has the illusion that the government will abandon the people of Viet Nam—or that we shall weary of the burden of support that we are rendering these people—it can only be due to ignorance of the determination and stamina of the American people."

He declared there is a very simple way to restore order in southeast Asia and to bring about the end of the U.S. military aid to South Viet Nam.

"Let all foreign troops withdraw from Laos," he said.

### DECISION

"Let all states in that area make the simple decision to leave their neighbors alone. Stop the secret subversion of other people's independence. Stop the clandestine and illegal transit of national frontiers. Stop the export of revolution and the doctrine of violence. Stop the violations of the political agreements reached at Geneva for the future of southeast Asia."

"The people of Laos want to be left alone."

"The people of Viet Nam want to be left alone."

"The people of Cambodia want to be left alone."

"When their neighbors decide to leave them alone—as they must—there will be no fighting in southeast Asia and no need for American advisers to leave their homes to help these people resist aggression. Any time that decision can be put in enforceable terms, my government will be only too happy to put down the burden that we have been sharing with those determined to preserve their independence. Until such assurances are forthcoming, we shall stand for the independence of free peoples in southeast Asia as we have elsewhere."

### SUGGESTIONS

Returning to the specific issue of Cambodia, Stevenson offered these three additional suggestions:

—That the council request Cambodia and South Viet Nam to establish a substantial military force on a bilateral basis to observe and patrol the frontier and report to U.N. Secretary General U Thant.

—That the bilateral force be augmented by U.N. observers and possibly placed under U.N. command to provide an impartial third party element "representing the world community."

—That an all U.N.-force be established to patrol the border. This would be more expensive, but if this was proved desirable "the United States will be prepared to contribute."

Stevenson branded as "malicious fairy tales, charges made by the Soviet Union on Tuesday that the United States was organizing military action against the people of the Indochinese Peninsula."

### HALTING REDS

The debate took place against a backdrop of intense diplomatic activity concentrated primarily on halting the Communist drive against the neutralist Laotian government of Prince Souvanna Phouma.

France declared that the only solution of the Laotian crisis is guaranteed neutrality. It urged that neutrality be extended to all southeast Asia, including Viet Nam.

## Righters See Enough Votes

WASHINGTON (AP)—Senate Democratic and Republican leaders claim enough votes are in sight to halt the Southern filibuster and pass the civil rights bill next month.

The optimistic forecast came from Sens. Hubert H. Humphrey, the assistant Democratic leader and floor manager for the bill, and Everett M. Dirksen, the Republican leader and chief architect of a package of amendments designed to win over undecided senators.

With the showdown put off until early June, the leadership called on the Senate Appropriations Committee and others to catch up on their big backlog of bills until the civil rights fireworks start again.

The Senate is no longer being called in two hours early, and Saturday sessions may be abandoned.

Humphrey told reporters, "We will most likely file a cloture petition early in June."

"As we see it," the Minnesotaan added, "we will have enough votes to obtain cloture on the package."

Dirksen, in a separate interview, said he too hopes that once the cloture petition is offered there will be enough votes to limit debate. But, he added, "I must acknowledge the margin will be narrow."

Cloture is a device for choking off debate in the Senate. It requires a two-thirds majority of the senators voting—67 if all 100 are on hand.

Sen. Richard B. Russell, D-Ga., leader of the Dixie forces fighting the bill, told a reporter: "Pressure is increasing daily on senators to support the bill. Pressure also is increasing for the gag rule."

## POST OFFICE JOB DELAYED BY APPROPRIATIONS PANEL

Big Spring's proposed new post office-federal building is "on the shelf" for at least another year.

Appropriation of funds for site acquisition was turned down by the House Appropriations Committee, Washington dispatches reported.

Up for decision was a proposal for \$380,000 for site, design, engineering, supervision, etc. The committee said that the federal building construction program is lagging two or three years behind the providing of money for sites and planning—regarded as a bad situation.

The federal facility here had been given an OK from the Public Works Committees of both House and Senate, but this meant no provision of money.

The General Services Administration, which has charge of construction of federal buildings, said acquisition of land and planning for the building would be delayed at least a year.

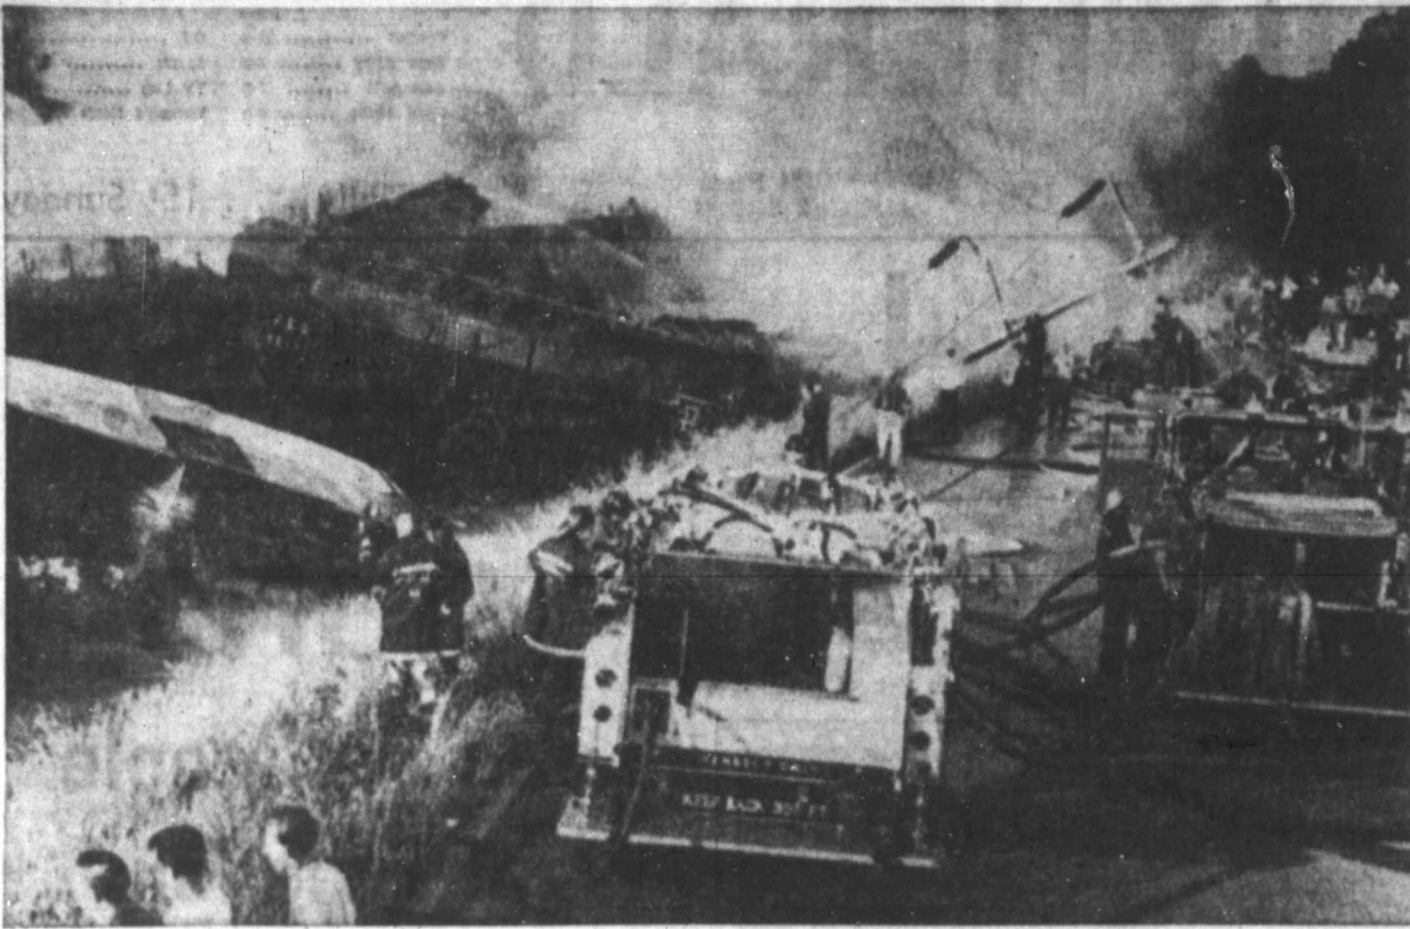

The original proposal was for a \$1,367,000 facility (the \$380,000 site development is included in this).

The Big Spring project was in a list of several projects turned down because of the building lag.

## Paramount Sues Actress Davis

HOLLYWOOD (AP)—Paramount Pictures Corp. has sued actress Bette Davis for \$7,000 damages, claiming she has refused to report for filming an added scene for the picture "Where Love Has Gone."

The suit asked that Miss Davis be restrained from working in any artistic endeavor.

MARYLAND FIREMEN BATTLE BLAZE SWEEPING TRAIN WRECK  
One killed, four hurt in crash spilling load of dangerous liquid nitrogen

## One Dead, Four Hurt In Wreck Spilling Nitrogen

LANDOVER, Md. (AP) — At least one crewman was killed and four others were injured early today when 17 cars of a Pennsylvania Railroad freight train carrying inflammatory liquid nitrogen derailed near this Washington suburb and caught fire.

Although a tank car carrying the liquid nitrogen ruptured, a team of 75 to 100 men from 15 fire companies brought the fire under control some two hours after it started.

Traffic on nearby highways halted at the time the fire broke

out, resumed as soon as the danger of the nitrogen catching fire had passed.

A spokesman for the Prince Georges County Police Department said one crewman was dead and that four had been injured, but that only one of the injured was hospitalized.

The Pennsylvania Railroad's office in Philadelphia identified the dead man as H. W. Edwards.

Cause of the crash, which police said occurred about 3:30 a.m. was not immediately known.

The Prince Georges Fire Department advised that Chief Walter Lanier of Company 22 of Tuxedo Cheverly had reported from the scene of the derailment that the fire had been brought under control.

Army chemical experts at Andrews Air Force Base, to the south of the crash area, said that liquid nitrogen leaking from a tank car posed no dan-

ger, the Prince Georges Fire Department spokesman said.

Landover lies about one mile outside the northeast boundary of the District of Columbia.

A spokesman for the Prince Georges Police Department said that as far as he knew, no nitrogen had actually leaked from the tank car.

Traffic on highways near the crash, which had been blocked as a precautionary measure, quickly resumed.

### Running Water

MEXICO CITY (AP) — New regulations for housing released Wednesday required for the first time that all houses must have running water. It was the first change since 1930 in sanitary housing regulations.

MOBILE, Ala. (AP)—A Mobile city detective insists this fish story is true—and he has a black eye as proof.

Charley Nail said he was proceeding in his boat through nearby Chalacochee Bay Sunday when a mullet leaped from the water and smacked him right between the eyes.

### Technical Aid

MEXICO CITY (AP) — Mexico is offering technical cooperation for a new Interamerican communications system through Central America. The ministry said linking of Central America to Mexico's present system, and thus with North America, is "indispensable."

### Eye Blackened By Fish, He Says

MOBILE, Ala. (AP)—A Mobile city detective insists this fish story is true—and he has a black eye as proof.

Charley Nail said he was proceeding in his boat through nearby Chalacochee Bay Sunday when a mullet leaped from the water and smacked him right between the eyes.

Mustang leads the stampede the big Ford started. This has been the hottest sales year in Ford Division history. We have a winner in the Super Torque Ford, a car so well built, so predictably tough, that competition-modified Fords took eleven of the last twelve NASCAR 500-mile races. Ford sales are up 17% this year. We have a luxury car that's taken off like a skyrocket: Thunderbird, with sales up 68%. Falcon is selling almost as many cars as Valiant and Chevy II combined. Fairlane continues to be a favorite in its own field. Now comes Mustang . . . turning the trend to Ford into a downright stampede. Mustang, by any measure of sales or excitement, is the most successful new car ever introduced in America—ever. When you see a stampede, it makes sense to find out what started it. That's something only your Ford Dealer can tell you about.

## Singer Judy Garland Shows Up Late, Aussie Audience Boos Her Off Stage

MELBOURNE, Australia (AP) — By the time the orchestra played "Over The Rainbow," the audience was hooting and Judy Garland had stalked off stage.

The sour notes didn't end with Miss Garland's concert Wednesday night.

The boxoffice was besieged for refunds today and the head of the Musicians' Union said the Australian orchestra that accompanied the singer had never been so humiliated.

Miss Garland herself commented, "I didn't like it, did you?"

The American singer's travail began when she arrived an hour

late. Her manager blamed it on a sore throat. "You're late" and "Have another brandy," hecklers shouted.

Despite some fluffed notes, most of the crowd of 7,000 was with her during the first half of the concert, her only performance in Melbourne. But some didn't appreciate her fidgeting with the microphone cable or her side banter.

"Sing, sing!" and "Get on with it!" a few shouted, and soon the auditorium resounded with slow, prodding clapping.

The audience's mood wasn't improved when Miss Garland took a half-hour intermission. She sang three more songs on

her return, but the lyrics were fragmentary and the customers began drifting to the doors.

Miss Garland curtly left without any farewell, letting the orchestra play "Over The Rainbow"—her theme—by itself. The musicians departed amid howls.

Miss Garland's manager, Karl Brent, said the audience should have accepted her apology for being late.

### Head For Resorts

MEXICO CITY (AP) — Tens of thousands of government employees headed for resort cities Wednesday to begin a ten-day spring vacation now being granted for the first time. Special trains were ordered to handle the increased traffic.

If you suffer from BACKACHE Agonies of Joint or Muscle Pain!

# Children Born In Foreign Lands Get Citizen Papers

This week 44 Webb Air Force Base dependents are receiving their certificates of citizenship, Capt. Margaret J. Wyatt, personal affairs officer, announced Thursday.

All 44 were born in foreign countries and certificates of citizenship are issued after application is made to the Immigration and Naturalization Service. Certificates are being distributed on a schedule all during this week, with Family Services volunteers assisting.

Certificate originals go to the parents while the duplicates will be filed at the Federal Records Center.

Children receiving citizenship certificates are Theresa Marie Bittner, Connie Jo Blackwell, Ronald Dean Blohm, Daniel Carl Burgess, David Michael Bussiere, Daniel Dennis Bussiere, Michael Warren Capper, Donna Marie Cubronich, Michael Carey Eichbrecht, Domingo Antonio Fernandez and Linda Cecilia Fernandez.

**CITIZENS JAMES RICHARD, DAVID ALAN SKELTON Sons of Capt. and Mrs. C. B. Skelton get certificates**

Also, Monty Curtis Fontenot, Theresa Louise Hall, Gail Roma Hatfield, Deborah Renee Jenrette, James Prentiss Jenrette, Michael Edward Lanning, Jan Lauer, Nancy Ann Laurine, Pamela Ann Ludwig, Linda Gay Lund, and Michael David Lund.

## Eddie In Mexico

MEXICO CITY (AP)—Singer Eddie Fisher, former husband of actress Elizabeth Taylor, arrived Tuesday for a short night club engagement.

# 1,000 Flights Per Week In Viet Nam War

WASHINGTON (AP)—Secretary of Agriculture Orville L. Freeman has called a meeting of the newly appointed National Rice Advisory Committee to meet with him and other department officials in Washington June 1 and 2.

The committee, composed of 15 growers, three millers, an exporter and a representative of consumers, advises the department regarding stabilization, export and other programs affecting rice.

Grower members of the committee include: Henry G. Chalkey of Lake Charles, La.; Theodore Cobena, Rayne, La.; Lester J. Crenek, Garwood, Tex.; Henry G. Hardee Jr., Gueydan, La.; William G. Johnson, Houston, Tex.; Marcus W. Mauritz, Ganado, Tex.; Joseph Mouton, Abbeville, La.; and David R. Winterman, Eagle Lake, Tex.

The miller members included: Richard E. Derby, Houston, Tex.; Gordon E. Dore, Crowley, La.; and Frank A. Godchaux III, Abbeville, La.

**JOHNNY LOUDER Valedictorian**

**ROBERT HAGGARD Salutatorian**

## Honor Pupils Are Announced

Grady School has announced that its 1964 valedictorian is Johnny Louder, son of Mr. and Mrs. Marshall Louder. His average was 94.42.

He nosed out Robert Haggard, son of Mr. and Mrs. R. F. Haggard, for the top honors in the school by .26 point. Haggard scored 94.16.

Both youths were members of the basketball team, champion of the bi-district.

Louder was named to one all tournament team and also the all-district team. He tied for first place in number sense in Interscholastic competition.

Haggard was on four all tournament basketball teams and named to the all-district team. He tied for second place in the individual spelling competition in the Interscholastic matches.

## Gun Dealer Aids Arrest

DALLAS (AP)—Kenneth Bruce Martin, formally charged Wednesday with the pistol slayings of Mr. and Mrs. Lenfred I. Strickland, reportedly was tracked down with the aid of a Dallas gun dealer.

Detective Capt. Will Fritz, chief of homicide officers, is keeping silent on specific leads that led to the 29-year-old doughnut baker Tuesday, less than 72 hours after the double murder Saturday night.

But sources agreed Wednesday it was Martin's .45 caliber pistol and specially designed ammunition that led detectives to him.

The Stricklands gave Martin a ride after he had car trouble late Saturday night. He told police he forced them to drive to Mountain Creek Lake, where he said he shot the husband. He said he intended to rape Mrs. Strickland but shot her twice instead. Her clothes were strewn about the area.

The Stricklands had four children.

Sources said Martin bought the murder weapon last month from a Dallas gun shop whose proprietor keeps names and addresses of all buyers. He saw newspaper accounts that the Stricklands were shot by a .45 caliber weapon and contacted police.

Dist. Atty. Henry Wade said he expects to press for an indictment of Martin by early June.

SAN JUAN, Tex. (AP)—Allen Mayo, 47, says he will lead a motorcade from the Rio Grande Valley to Dallas Thursday to combat what he calls a massive smear campaign against Dallas following the assassination of President John Kennedy.

Mayo, who is executive editor of Mayo Brothers Publishers International, said he did not know how many cars will be in the motorcade which will leave here and go through Donna, Weslaco, Harlingen, Raymondville, Victoria and Wharton, Victoria and Waco. The group is to arrive in Dallas Friday.

## Films Dispatched

MEXICO CITY (AP)—The Foreign Ministry is sending all embassies abroad documentary films of the recent visits of French President Charles de Gaulle, Holland's Queen Juliana and Japan's Crown Prince Akihito.

# Farm Bureau Head Sears Freeman For Low Income

NEW YORK (AP)—Charles B. Shuman, president of the American Farm Bureau Federation, said today the policies of Secretary of Agriculture Orville L. Freeman and his advisers are responsible for the current low level of farm income.

"One mistake after another" by administration farm officials is "costing farmers billions of dollars in lost markets and lower prices," Shuman said.

In a talk prepared for a meeting of the National Industrial Conference board, he said "It is becoming increasingly difficult to determine which side Secretary Freeman is on in President Johnson's announced war on poverty."

The Farm Bureau leader—a foe of government farm control policies advanced by the present administration—said the parity ratio indicating how well farmers are doing is the lowest in nearly 25 years. Prime cattle prices, he added, are at the lowest point since price-control days of 1946.

"Government tampering with markets and prices is the principal cause of the current trouble in agriculture," Shuman said.

He said mistakes included a

feed grain pricing program that encouraged over-expansion in the cattle industry, a boost in cotton support prices which put the fiber at a price disadvantage with synthetic fibers and domestic cotton mills at a disadvantage with foreign competitors, a new wheat program that will, he said, force bread prices higher, and a new cotton program which, he also said, will force higher farm program costs on taxpayers.

## General Dies

NEW YORK (AP)—Maj. Gen. John W. Morgan, 60, retired commander of the 98th Infantry Division who served in World War I and World War II, died Wednesday. At his death, he was board chairman of Charles P. Rogers & Co. of Yonkers, N.Y., bedding manufacturers.

# Employment Vital Point In Rights Bill

**EDITOR'S NOTE** — In the 11 weeks of the Senate civil rights debate, scores of amendments have been proposed to clarify, strengthen or weaken various parts of the bill. One provision attracting a major share of the suggested changes is the equal opportunity provision. The following article, the second of a three-part series on the bill's provisions, explains the equal opportunity title and the voter rights provision, as they stand now and some of the proposals for changing them.

WASHINGTON (AP) — In the 11 weeks of Senate debate and cloakroom bargaining on the civil rights bill, much of the attention has focused on the equal employment section.

It has attracted a large share of the scores of amendments proposed to change the bill.

The equal opportunity section, known as Title Seven, is one of two provisions which break ground for federal law. The other is the public accommodations provision aimed at discrimination in hotels and motels, restaurants and amusement places.

Republican and Democratic Senate leaders and administration officials have accepted a number of amendments to the job title as part of a whole package of changes. They hope the proposed changes will win the bill the two-thirds majority needed to break the Southern filibuster.

### NO PROVISION

Senate Republican Leader Everett M. Dirksen, chief author of the compromise package of amendments, is fond of pointing out there was no equal employment provision in the original civil rights bill submitted to Congress last year by the late President John F. Kennedy.

But Dirksen has said he can support its retention if his suggestions for changing it are accepted.

As the bill cleared the House, it would ban discrimination in any phase of employment or membership on the part of employers, unions or employment agencies on grounds of race, color, religion, national origin or sex.

It would apply to companies and unions with 100 or more employees or members in the first year, 75 or more in the second, 50 or more in the third, and 25 thereafter.

### COMMISSION

A five-member Equal Employment Opportunity Commission would be created to re-

ceive complaints. The commission is directed to try to settle any complaint by conciliation and persuasion. But if those methods fail, it may bring an injunction suit to end the discrimination.

Dirksen's agreed-upon package of amendments would modify this so that the commission could call on the attorney general to bring a suit only if a pattern of discrimination existed.

In individual cases, the aggrieved person would have to file suit, although the attorney general would be allowed to intervene.

Under the House bill, the federal commission could allow a state or local agency to handle a complaint if it found that the agency was functioning effectively.

Dirksen's amendments would strengthen power of the states by giving them exclusive jurisdiction of any case for a specific period. Thirty-one states now have fair employment practices laws of some type.

### ELIMINATED

Southern senators simply want Title Seven eliminated.

They argue that it would give the federal government far too much power to interfere in hiring, firing and promotions.

The voting rights section of the House bill, Title One, would extend the federal powers in this field contained in the 1957 Civil Rights Act.

It would require that identical standards be applied to all voters in elections for federal officials, provide that immaterial errors on registration forms must be disregarded, and require that literacy tests must be in writing unless the individual agrees to an oral test.

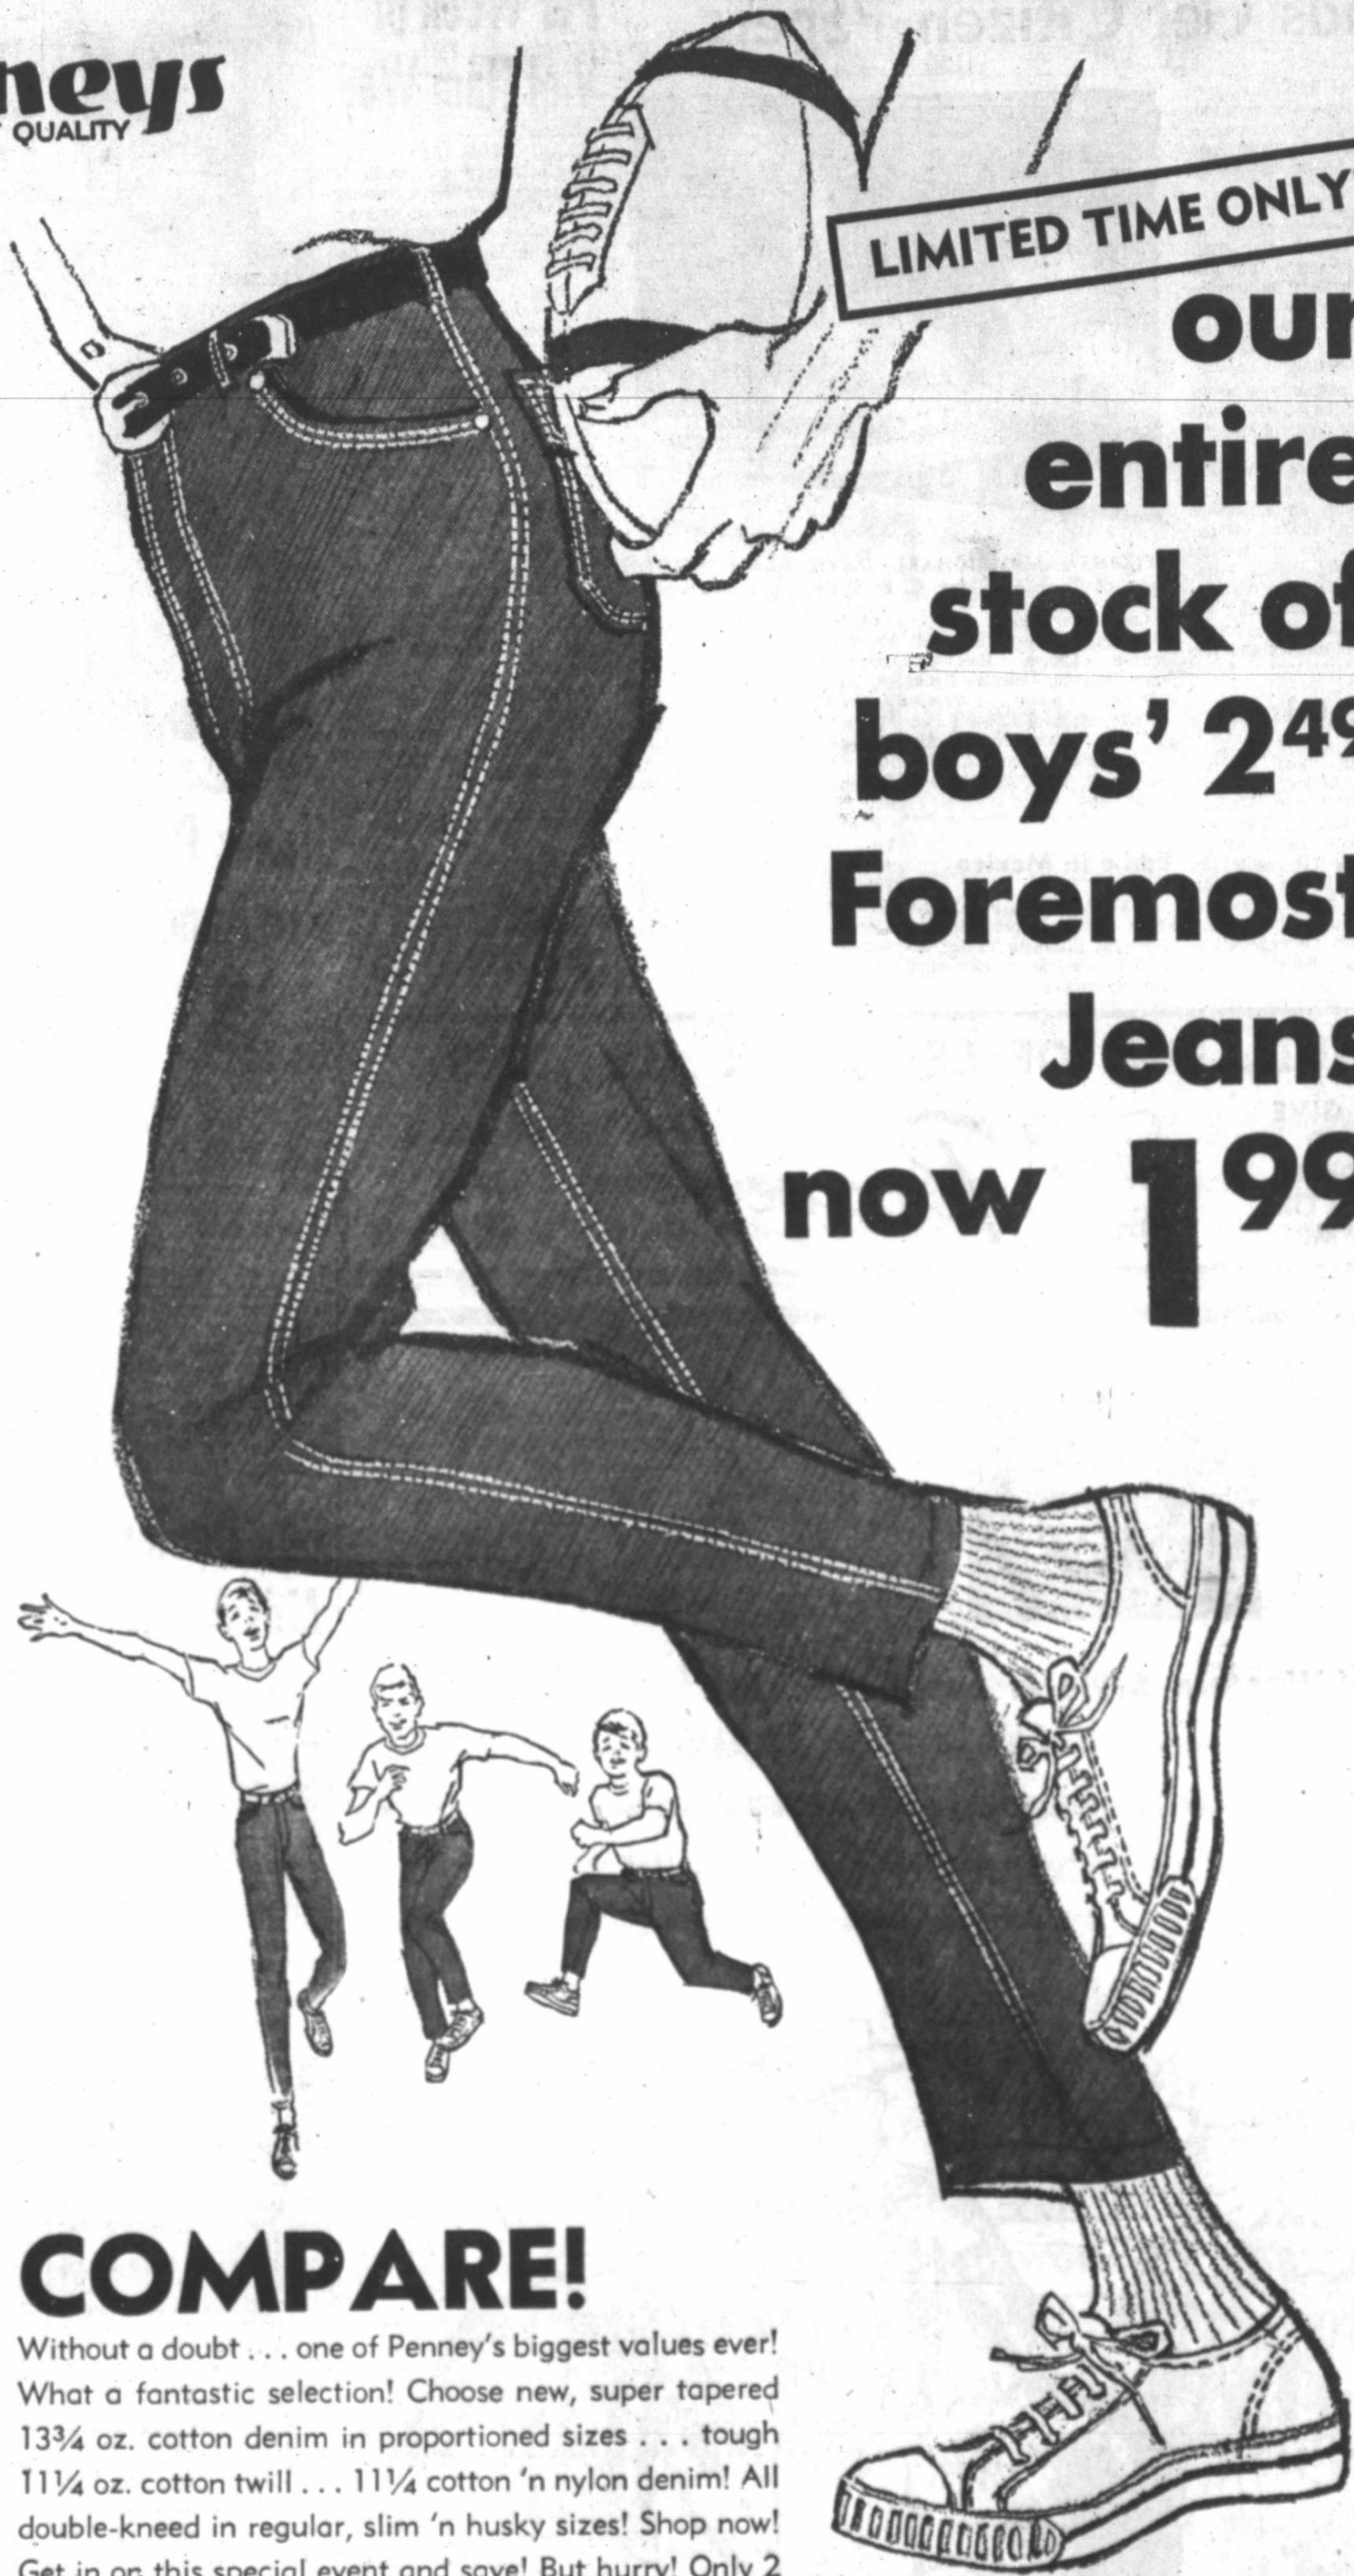

In voter discrimination suits brought by the attorney general under the 1957 law, the presumption is created by the 1964 bill that a sixth-grade education is sufficient to meet the literacy test.

The attorney general is allowed to request that a three-judge court be set up to hear such suits.

Southern senators bitterly attack the latter provision, contending it would allow the attorney general to shop around for a favorable court.

1♥ Double 2♥ 3♠  
4♥ Pass Pass 4♠  
Pass Pass Pass

Opening lead: Deuce of ♦  
West was highly critical of his partner's play to the first trick in defending against South's four spade contract. West's own performance left something to be desired, however, for he had it in his power to provide East with a clear-cut picture of how to proceed.

West opened the deuce of diamonds, the three was played from the dummy and East put in the jack, playing his partner to have led from a holding which included the queen. South, however, won the trick and proceeded on his merry way.

The jack of spades was led at trick two and West played the ace. He returned the ten of diamonds and declarer ruffed in his hand. A small spade was led to the king, leaving West

with the only outstanding trump—the queen.

Another diamond was trumped by South and a club was returned. West discarded a heart, inasmuch as it would have done him no good to trump. North's king of diamonds was ruffed with declarer's last spade, and he proceeded to lead the rest of his clubs. West could ruff with the queen of spades whenever he liked, but after cashing the ace of hearts he was thru. The defense was limited to two spades and one heart.

West contended that East should have played the ace of diamonds at trick one and shifted to a heart, which would have permitted West to take two tricks in that suit. West asserted that, since he did not lead hearts originally, he must have a tenace in the suit rather than a sequence of honors and, therefore, East should have been alerted to the necessity for obtaining the lead in order to make a heart play thru the declarer.

While there is merit to West's contention, he could have facilitated matters greatly by opening the ten of diamonds originally, rather than the deuce. Inasmuch as it was his desire to get East in for a heart play, rather than to cash diamond tricks, the lead of a high diamond was more apt to alert partner to his wishes.

If East plays the ace of diamonds at trick one and returns a heart, the defense will have their book in immediately with two spade tricks still to be scored.

# Annual Junior High Band Concert Planned Tonight

Goliad and Runnels Junior High bands will present the year's final concert at the city auditorium at 8 p.m. Friday.

The concert will be opened by the Runnels band, followed by the Goliad band. The finale will be a combined rendition of "Faith of Our Fathers," arranged by Henry and Walton. Doug Wiehe, high school director, will conduct this number.

The Runnels band, directed by L. E. (Joe) Burchfield, will open with the seventh grade beginners playing a selection of folk songs. The advanced band will then join to present the following numbers: March "Citerly Bell," by Sousa, arranged by Paul Herfuth; "Tango for Band" by Glenn Osser, and "Pageant," by Vincent Persichetti.

## LETTERS TO EDITOR

### Says Vote Saturday Is For Community's Youth

Due to production problems and the imminent "deadline," The Herald will be unable to publish any further letters on the school development issue.

construction even commenced. I salute Obie Bristow and Mr. Tollett for their fine letters.

DAVID H. HOPKINS  
Box 630

To the Editor:

An opponent of the school bond issue, speaking with the authority of a successful business man, certainly did not do the school bond issue any good. You just can't please everybody in a matter of this sort, but it will be a shame to void the bonds down. I am still proud of citizens like Dr. Hogan, Mr. Tollett, Dr. Rogers, Mr. Mabney, Mr. Brazel and others who stood up at the last community meeting and praised the hard work of others and spoke for the bond issue and for our youth.

The folks that have spent three to four years on this matter are pretty smart people, and believe me, they are better informed than I am; the writer is going to give them a vote of confidence, and he is not going to let family bias or any business connections or disconnections influence his judgment. Frankly, I might add that each and every voter will cast a vote for his children and for the youth of this community and not just for some buildings and additions to buildings.

I might add that three sites were considered along FM 700, but competent engineers said that the initial cost of the acreage plus the additional cost of leveling made these sites prohibitive. The cost approached the half-million dollar mark before

### Two Scout Meets Slated Today

Two important meetings, involving Scouts and Cubes are scheduled for 7:30 p.m. today. These are a Scout Leaders Roundtable meeting at the old student union building at HCJC, and Cub Pack No. 29 meeting at the Elbow School.

Garrett Patton will be in charge of the roundtable which will feature camp promotion. Members of the Order of the Arrow will discuss that order's regulations to camps.

"We now have 19 of 25 troops signed up for camps this year," Bill McCreedy, scout executive, said Thursday. "We are hoping for 100 per cent sign-up for the Lone Star District."

Cubmaster Don Murphy of Pack 29, sponsored by Cosden, will hold a meeting at the Elbow School inviting out all new boys interested in joining.

## WEATHER

Table with weather forecasts for North Central and Northeast Texas, South Central Texas, and various cities including Big Spring, Abilene, Amarillo, and El Paso.

FUNERAL NOTICE: MRS. EFFIE M. DAVIS, age 71. Passed away 7 p.m. Wednesday. Services pending.

RIVER-WELCH Funeral Home advertisement with logo and contact information.

Shasta Ford Meeting

These men headed a customer-relations dinner of Shasta Ford here Wednesday: (left to right) Pat Reynolds, Dallas, division customer-relations staff; Bob Brock, vice president of Shasta; J. E. Fort, general manager; Howard Pallus, Dallas district customer-relations manager; H. B. Stanaland, local public-relations and service manager.

### No Board Policy Fixed For Check Distribution

Payroll check handling in the entire Texas system of state hospitals and special schools is the subject of an auditor's recommendation stemming from Big Spring State Hospital.

State Auditor C. H. Cavness Wednesday singled out the local institution for its method of distributing payroll checks to employees, stating "We did not see any method of positively identifying the employees receiving the warrants other than the warrants knew most of them."

Dr. Preston Harrison, superintendent of the Big Spring Hospital, said that state audit officials were checking the local unit when the April 1 payroll was distributed, and that the method was discussed at that time with local officials.

Harrison said the Big Spring hospital's business office was following new instructions in accounting sent out from the system's central office at Austin.

Under the old method, employees signed receipts when they picked up their checks.

"We hate to delay their checks by mailing them," Harrison commented, "but that is one way of doing it. I assume the state board will work out a system, but so far it hasn't developed a policy." He added that at least two persons were on hand here to distribute the checks to insure better visual identification of the employees.

The shift of pedestrian traffic, which will last six weeks, in no way affects motor vehicles. They will continue to cross on the old bridge as usual.

The State Highway Department estimated the construction of the overpass is now about 56 per cent complete. Old is 18 per cent ahead of schedule.

Services Set For Maj. St. Cyr

Funeral rites for Maj. Frederick S. St. Cyr, 44, father of Mrs. Harold DeCuir of Big Spring, will be at 9 a.m. Friday in Goodfellow Air Force Base Chapel in San Angelo. Burial will be in the military cemetery in Fort Sam Houston.

Major St. Cyr, retired, died suddenly May 17 while visiting his daughter and her husband here at 4118 Parkway, Massie Funeral Home, San Angelo, in charge of arrangements.

Parents of pupils who will be new to the band program in the two junior high schools next year are invited to attend a meeting at both Runnels and Goliad schools from 7 p.m. to 9 p.m. today. Instrument rental or purchase plans will be explained to parents.

W. D. Caldwell, awarded contract to pave 12 miles of new highway for the county and to sealcoat eight additional miles, is finishing the prime coat on the old US 50 road east of Midway school. He began work Tuesday.

Caldwell was awarded the contract after Jones Paving Co., which had been originally selected by the Howard County Commissioners for the job, had failed to post performance bond, and the county cancelled the contract.

Billy Paul Thomas, road supervisor for the county road and bridge department, said that Caldwell was making rapid speed on the job.

Effie M. Davis, 71, 908 E. Second, resident of Big Spring since 1950, died at 7 p.m. Wednesday night. She had been in ill health for several years.

She was pronounced dead on arrival at the Cowper Hospital Clinic after she suffered a sudden turn for the worse late Wednesday afternoon.

Survivors include the husband, Horace B. Davis, 81, Big Spring; one sister, Mrs. M. R. Wilkanka, San Diego, Calif.

Mrs. Davis was a member of the John A. Kee Chapter of the Rebekah Lodge.

Funeral services will be held at 10 a.m. Friday at the Massie Funeral Home, San Angelo, in charge of arrangements.

Funeral services for Maj. Frederick S. St. Cyr, 44, father of Mrs. Harold DeCuir of Big Spring, will be at 9 a.m. Friday in Goodfellow Air Force Base Chapel in San Angelo. Burial will be in the military cemetery in Fort Sam Houston.

Parents of pupils who will be new to the band program in the two junior high schools next year are invited to attend a meeting at both Runnels and Goliad schools from 7 p.m. to 9 p.m. today. Instrument rental or purchase plans will be explained to parents.

W. D. Caldwell, awarded contract to pave 12 miles of new highway for the county and to sealcoat eight additional miles, is finishing the prime coat on the old US 50 road east of Midway school. He began work Tuesday.

Caldwell was awarded the contract after Jones Paving Co., which had been originally selected by the Howard County Commissioners for the job, had failed to post performance bond, and the county cancelled the contract.

Billy Paul Thomas, road supervisor for the county road and bridge department, said that Caldwell was making rapid speed on the job.

### Watch It! Foot Traffic Changes Sides On Viaduct

Pedestrian traffic on the Gregg Street viaduct will be shifted from the east side of the crossing to the west side of the structure effective at noon Friday. For 35 years foot traffic on the east side.

Highway department officials said that the change is being made so that Old Construction Company, contractors for the new overpass, can concentrate on the east side.

The shift of pedestrian traffic, which will last six weeks, in no way affects motor vehicles. They will continue to cross on the old bridge as usual.

The State Highway Department estimated the construction of the overpass is now about 56 per cent complete. Old is 18 per cent ahead of schedule.

Services Set For Maj. St. Cyr

Funeral rites for Maj. Frederick S. St. Cyr, 44, father of Mrs. Harold DeCuir of Big Spring, will be at 9 a.m. Friday in Goodfellow Air Force Base Chapel in San Angelo. Burial will be in the military cemetery in Fort Sam Houston.

Major St. Cyr, retired, died suddenly May 17 while visiting his daughter and her husband here at 4118 Parkway, Massie Funeral Home, San Angelo, in charge of arrangements.

Parents of pupils who will be new to the band program in the two junior high schools next year are invited to attend a meeting at both Runnels and Goliad schools from 7 p.m. to 9 p.m. today. Instrument rental or purchase plans will be explained to parents.

Effie M. Davis, 71, 908 E. Second, resident of Big Spring since 1950, died at 7 p.m. Wednesday night. She had been in ill health for several years.

She was pronounced dead on arrival at the Cowper Hospital Clinic after she suffered a sudden turn for the worse late Wednesday afternoon.

Survivors include the husband, Horace B. Davis, 81, Big Spring; one sister, Mrs. M. R. Wilkanka, San Diego, Calif.

Mrs. Davis was a member of the John A. Kee Chapter of the Rebekah Lodge.

Funeral services will be held at 10 a.m. Friday at the Massie Funeral Home, San Angelo, in charge of arrangements.

### Automotive Firm Invites Brickbats From Patrons

Shasta Ford Sales Inc. has satisfied customers in Big Spring. At least, that's the impression that was conveyed Wednesday evening at the Holiday Inn when the local Ford dealership had a customer-relations dinner.

Twenty local Ford owners were picked at random and invited for a steak dinner. Forget the hospitality, general manager J. E. Fort told them, and level with complaints on products or service.

"We want you what will help us the most," he said. But compliments came anyway, and even the beefs were sandwiched between verbal bouquets.

One woman, whose husband has been driving Ford products since 1920s, said she didn't know anything about other makes. Another said he couldn't comment on shop service because he seldom needed it. Another said he thought service had been improved, and several brought up mechanical and cost problems.

### Graduation This Weekend At Coahoma

COAHOMA (SC) — Eighth grade graduation exercises Friday at 8 p.m. will touch off a round of commencement activities here.

The baccalaureate service is set for the same hour Sunday and the commencement at 8 p.m. Monday. Buses will run through Monday.

For the eighth grade exercises, Felton Carr, band director, will play the processional and recessional music. Rev. Ray Copeland, Sand Springs Baptist pastor, will word the invocation and benediction, and Dan Oglesby, Midway Baptist pastor, will speak. Robb Ethridge, junior high principal, will present the class and W. A. Wilson, superintendent, will award the diplomas.

Sunday evening Lathan Wood will play the march music, and Bobby Kaiser, Sand Springs Church of Christ minister, will word the invocation. Following announcements by Supt. Wilson, the senior class members will furnish music. Cheryl Childers will present a piano selection, and the Rev. Jack McClelland, Presbyterian minister, will bring the sermon. Dan Burrow will play the processional.

Lathan Wood will provide the march music again Monday at commencement, and Rev. Harold Graves, Coahoma Baptist pastor, the prayers. Jimmy Shafer will deliver the salutatory and Dwayne Fraser the valedictory. Cheryl Childers will play a piano passage, then a quartet composed of Jean Lilly, Carolyn Wilson, Kay Porter and Bessie West will sing. After certification by W. A. Fishback, high school principal, and diploma awards by Clay Reid, board president, the class of '64 will sing the school song.

"We've got to improve on our product and we've got to sell more Fords. That's why men like me travel from coast to coast attending meetings such as this one."

Bob Brock, vice president of Shasta Ford, and H. B. Stanaland, public relations and service manager of the local dealership, were at the meeting along with Pat Reynolds, a customer relations staff man from Dallas, who was attending the meeting with Pallus.

Howard Pallus, Ford Motor Company's customer relations manager for the Dallas district (which includes 200 Texas dealerships) and one of 37 such men in the United States, was at the dinner to hear the candid reports from the owners. His monthly report to Detroit will include what local drivers liked and disliked.

"We are proud of our dealership with Shasta Ford," he told the customers at the conclusion of the dinner. "I wish all 6,500 of our dealers across the United States were just as good and had just as fine a public relations image with their customers."

Services for Henry Wilson Davis, Elida, N. M. brother of Earl Davis, Big Spring, were held May 15 in Elida with burial in the Elida Cemetery. Mr. Davis died of injuries he had received May 12 when a freak fire broke out in a service station. Another Elida resident was also fatally injured in the same fire.

Funeral services for Maj. Frederick S. St. Cyr, 44, father of Mrs. Harold DeCuir of Big Spring, will be at 9 a.m. Friday in Goodfellow Air Force Base Chapel in San Angelo. Burial will be in the military cemetery in Fort Sam Houston.

### Man Injured As Gasoline Fumes Are Ignited

R. C. Jones, 1203 Wood, burned in a flash fire at his home Tuesday night, was released this morning from Howard County Hospital Foundation. He suffered first degree burns over the upper part of his body.

Firemen said he had washed some work clothes in gasoline outside the house, then took them into the bathroom to rinse. Apparently gasoline fumes were ignited by the pilot light of the hot water heater in the bathroom, firemen said. In the flash fire which resulted, Jones received burns on his abdomen and face. He was taken to the hospital by his wife. Minor smoke damage occurred in the bathroom.

### Coahoma Quarter Horse Show Dates Announced

COAHOMA (SC) — The first annual Coahoma Quarter Horse Show will be held June 20 at the Coahoma Roping Club Arena, three-fourths of a mile east of Coahoma. The show will begin at 9:00 a.m.

There will be four halter classes for both stallions and mares, and three halter classes for junior and senior cutting, roping (all ages), junior and senior Western, and junior and senior Western pleasure.

All horses in the open division of the show must be registered in the American Quarter Horse Association or National Quarter Horse Breeders Association, or be eligible to show under the rules of the American Quarter Horse Association. The show is approved by both the American Quarter Horse Association and West Texas Quarter Horse Association.

Trophies will be awarded to the winner in each class, and to the champion and reserve champion in each division. Ribbons will be awarded in each class for second through sixth places.

Judge for the show will be Frank (Curly) Daugherty, Olton. General manager of the show is Gerald Oakes, vocational agriculture teacher at Coahoma. The show will be sponsored by the Coahoma FFA Chapter.

Scattered showers are due Thursday night in northwest Pacific states and the northern Plateau and Plains. It will be colder in extreme northeastern Atlantic states and warm-

er in Plains, Great Lakes, the Mississippi, Ohio and Tennessee valleys and the western Gulf region. (AP WIREPHOTO MAP)

W. H. (Hayes) Bacus, personnel officer of the Big Spring Veterans Administration Hospital, has been given a promotion and will assume similar duties June 29 at the VA center in Shreveport, La. The 49-year-old native of Newport, Ark., has had his present job since February of 1950, five months before the local hospital opened. He is the oldest employee in years of tenure at the VA hospital.

June 5 will be his last working day here. A graduate of Newport High School, he attended Texas Christian University in Fort Worth, where he received a BA degree. He served several years with an advertising company and the YMCA before joining the Navy for a five-year term that saw him mostly in the southwest Pacific as an aviation officer.

After being discharged, he joined the VA branch office in Dallas from 1946-1947 as a personnel assistant, before going to Lubbock in early 1948 to a similar post. Two years of service found him being transferred to the new VA hospital here.

He is in charge of the placement of all 300 employees at the hospital, not including the volunteers, who come under the supervision of Mrs. Ara Cunningham, director of Voluntary Services.

Bacus and his wife, Dott, have two children, 17-year-old Tommy, a senior at Big Spring High School, and 16-year-old Candy. The family is active in the First Methodist Church.

Bacus is a member of the Big Spring City Park and Recreation Board and the incoming president of the Big Spring Personnel Management Association. He will be installed at 7:30 p.m. today at Cosden Country Club.

### Road Blocked By Loose Gas

STANTON—Butane gas in underground storage in wells about six miles west of Stanton, was released when one of the wells blew out while being cleaned today. This posed a traffic problem on IS 20 for several hours.

The State Highway Department office said that the gas released from the storage well was settling in the area and in order to avert any possibility of mishap, traffic was being detoured around the area.

Traffic was turned north five miles west of Stanton on FM 1212 and returned to the highway beyond the danger point on FM 1208.

The highway department estimated that the situation would be cleared up by mid-afternoon Thursday.

No incidents had developed. Workmen were assigned to route traffic on the detour and other workmen were correcting the situation at the well.

Bigger And Better

Buster Mathis, a 295-pounder from Grand Rapids, Mich., forces his 195-pound opponent, Joe Frazier, of Philadelphia, to cover up in the heavyweight final of the Olympic boxing trials Wednesday night. Mathis, 19, and 6-3, hammered out a unanimous decision over the 26-year-old Frazier in the bout which was held at the New York World's Fair. (AP WIREPHOTO)

### Mathis Speedy For His Size, Says Coach

NEW YORK (AP)—The coach of the American Olympic boxing team doesn't want to go out on a limb until he sees what other nations have to offer but he believes "we have a good, solid team."

The 10-man team determined by the three-day Olympic Trials which ended Wednesday night, includes Buster Mathis, the 6-foot-3, 295-pound, 19-year-old giant from Grand Rapids, Mich.

Buster, known also as Little Big Daddy, delighted most of a crowd of 1,500 in the Singer Bowl at the World's Fair by outspeeding and outpointing Joe Frazier, the 195-pound knockout artist from Philadelphia, in the heavyweight wind-up of a rousing card of 10 finals.

"He's real fast for a big man," said M. Sgt. Freddie Lenn of the Camp Pendleton Marines, who will coach the Tokyo-bound boxers. "He makes good moves and jabs well. He's a good boy."

Competent observers, including pro managers Gus D'Amato and Gil Clancy, feel that Uncle Sam has a first-rate team.

## Musial Rates Card Over J. Robinson

By JACK HAND  
Associated Press Sports Writer

NEW YORK (AP) — If Stan Musial had it to do all over again, he would go to college before he played professional baseball.

Musial said he hated to think what would have happened to him if he had failed to make the grade in baseball. The former St. Louis Cardinal great made these observations and many others in his book "Stan Musial" as told to Bob Broeg, sports editor of the St. Louis Post-Dispatch.

The retired star, now director of President Johnson's physical fitness program, revealed how he moved from \$65 a month in Class D to a \$100,000 a year salary with the Cardinals. He told how he learned a lesson in negotiation when he pointed out to Stan Bredon he would have to "play harder" because Terry Moore and Enos Slaughter were in service in 1943.

Owner Bredon reprimanded him by saying, "I thought you were the kind of ball player who gave your all in every game." The lesson stuck with Musial.

The shock of the trade that sent Enos Slaughter from the Cards to the New York Yankees just before the 1954 season was reviewed. Musial told how he and Slaughter both cried on a street corner.

Stan recalled how he came close to finishing his career with the Pittsburgh Pirates but finally balked at asking the Cards to give him his unconditional release in 1960 just before the trading deadline.

Picking his personal all-star team, Musial rated teammate

### Babb Succeeds Elam As Coach

SAN ANGELO — Kent Babb, head baseball coach and B team football coach at Ysleta High School the past three seasons, has accepted an offer to succeed Johnny Elam as coach on the San Angelo Central High School staff.

Elam leaves after the current school year to become head coach and athletic director at Bishop High School.

Elam has already hired two coaching aides. They are Herb Bedford, ninth grade mentor at San Angelo Lee Junior High, and Ed Windebank.

## Boog Powell Leads Surge Of Orioles

By MURRAY CHASS  
Associated Press Sports Writer

Boog go Boom!

That might sound like baby talk, but it's carried the Baltimore Orioles into a virtual tie for first place in the American League.

Boog is John Powell, the Orioles' 22-year-old left fielder whose bat has been booming recently. He clouted a two-run homer Wednesday night in Baltimore's 8-3 triumph over Kansas City.

The victory put the Orioles even in games but 27 percentage points behind the Chicago

White Sox, who were idle Wednesday.

In his last eight games, Powell has slugged five homers, knocked in 12 runs and has batted at a .435 clip. His surge has raised his average .49 points to .233. His home run total is seven, his RBI mark 23.

Baltimore has won six of the eight games and 10 of the last 13.

Powell's two-run homer in the latest victory climaxed a five-run rally in the fifth and helped Milt Pappas to his third straight victory after two defeats.

John Kennedy and Harmon

Killebrew also were batting stars in the AL Wednesday. Kennedy smashed two home runs and a single as Washington trounced Detroit 10-3. Killebrew hit his 10th and 11th homers in Minnesota's 7-4 victory over New York. Boston nipped Los Angeles 4-3 in the other game.

Pappas limited the Athletics to five hits while his mates pounded Diego Segui and Jack Aker. Brooks Robinson drove in three runs, two with a double in the fifth when the Orioles chased Segui. The double and Powell's homer were off Aker.

Luis Aparicio stole three bases for the Orioles, giving him 17 in 20 attempts.

Kennedy's hitting helped halt Detroit's four-game winning streak. He hit a homer in the first and another in the fifth. He singled across a run in the eighth when three Tiger errors helped the Senators to five runs. Dick Phillips contributed two RBI to Washington's attack.

Bill Freehan and George Thomas slammed homers in the seventh for the Tigers off Claude Osteen, who evaded his record at 3-3.

Killebrew took the league lead in home runs with his pair. His first blast came with one aboard in the Twins' five-run first inning against Ralph Terry. He connected again in the eighth.

Tony Oliva also clouted a two-run homer in the first, helping Camilo Pascual to his fifth triumph against two defeats. Pascual held the Yankees to two runs until Johnny Blanchard smacked a two-run homer in the ninth.

Boston scored two runs in the seventh for its victory over Los Angeles. Ed Bressoud's single drove in Roman Mejias with the deciding run after Dalton Jones doubled home Bob Tillman with the tying run.

### Vets Defeat Devils, 3-2

VFW scored a run in the final inning to edge the Devils, 3-2, in National Little League competition here Wednesday night.

Kent Fish, who had reached base on a bobble, finally crossed the plate with the winning run on a single by Tony Burkhardt.

Each team collected seven hits and the Devils managed both their tallies in the first inning, when David Hanson and Carl Johanson spiked the dish.

Mark Powell had two hits for the losers, as did Danny Hollis for VFW.

The VFW now leads the league with a 5-2 won-lost record.

Team	W	L	St
VFW	5	2	1
Devils	2	5	0

### Yanks Edge By Dodgers

Cauley hit a double in the last of the sixth inning Tuesday night that brought home the winning run as the Yankees squeaked past the Dodgers, 5-4, in National Little League action.

His double was only one of four extra base knocks in the game as teammate Tommy Fletcher connected also for a double while on the Dodgers. Pearce had a triple and Danny Thornton a double.

Steve Tidwell was the winner while Johnny Mata was the loser.

Team	W	L	St
Yankees	5	1	1
Dodgers	1	5	0

### Moms Will Form Baseball Team

Mothers of all boys active in the American Little League here are being asked to meet at the league park immediately following tonight's game.

Purpose of the convales is to organize a baseball team consisting of the maternal parents, which would be conditioned to play either a team of mothers of the minor league unit or against outside competition.

### AFL Three-Game Playoff Talked For N. Orleans

KANSAS CITY (AP)—A New Orleans sportsman whose selling points are warm Southern weather and January television exposure will propose a three-game championship playoff to American Football League owners today.

The proposal will be made by Dave Dixon, a real estate man who is president of the New Orleans Professional Football Club Inc., a group seeking post-season pre-season games in New Orleans until a pro franchise can be obtained in either the AFL or National Football League.

Dixon was invited by the AFL owners to their meeting to dis-

### Billy Weatherall Leads Tigers With .545 Mark

(RECORD: W-L-B)

BILLY WEATHERALL

Outfielder Billy Weatherall leads the Big Spring Tigers in batting after seven games with a .545 average.

Weatherall has connected safely 12 times in 22 trips to the plate. Billy Pineda is the only other regular hitting as much as .500. He has five hits in 10 attempts for an even .500 mark.

Herbert Perez leads in home runs with two while Weatherall, Robert Hammock, Tom Arista, Eddy Nelson and Johnny Subia have one each.

Weatherall, Pineda and Arista have hit the only triples on

LOOKING 'EM OVER  
With Tommy Hart

Quite probably the 1964 National Junior College Track and Field meet was the most exciting one of them all.

Two points separated the champion, Phoenix, and runnerup HCJC and Howard County would have won it had the other teams given the expected help.

At it turned out, the also-rans sapped HCJC's strength where it hurt the worst. Phoenix had numerical superiority when the meet opened and made it pay off.

The handwriting went up on the wall in bold strokes when the resident Jayhawks suffered an unexpected defeat in the sprint relay. The local had reigned supreme in that event all season and there didn't appear to be any foe in sight capable of staying up with them but Victoria came along to capture first place in record breaking time.

The awesome number of points Phoenix piled up in such events as the pole vault (a first and second), mile run (second, third and fourth) and discus (first and second) simply was too much to overcome.

HCJC was considered the mild favorite in both sprints but Cecil Turner of Pratt, Kansas, came along to win the 100 and Gilbert Smith emerged triumphant in the 220 to do more damage to the HCJC cause.

The meet was anything but a rout for coach L. L. (Red) Lewis and his crew, however. The Hawks won first places in the 440-yard run, mile relay, broad jump and sprint medley relay and set records in three of the events.

Phoenix won five first places but set a record in only one event—the shot put. George Treadwell of the Phoenix crew came here touted for his ability in the discus. He proceeded to throw the shot farther than he ever had before but fell shy in the discus.

The final event of the evening—the mile relay—excited the crowd here as no single event has in the past, outside of the famed century duel between Dave Sime and Bobby Morrow.

The onlookers sensed a meet record try by HCJC. The Hawks' foursome of Bruce Teagarden, A. J. Williams, John Perry and Steve Langham gave them even more—a new world record for junior college relay teams with a 3:11.2 clocking.

Two heats were run in the mile relay, incidentally, and all the power was stacked in the first heat with HCJC, a factor that some observers reasoned might have pushed Phoenix to a fourth place finish and first place in the meet itself. Had Phoenix been running against Hutchinson, Kansas, sole entry in the second heat, the Bears might not have done so well.

Several teams which were to have run against Hutchinson were scratched at the last minute. As it was, Hutchinson never even placed.

All that, of course, is water under the bridge. The Hawks' classy mile relay team certainly gave the fans something to remember it by.

A minor rhuabar occurred in the meet Friday night when the barriers in the high hurdles were accidentally placed out of line—four feet as a matter of fact.

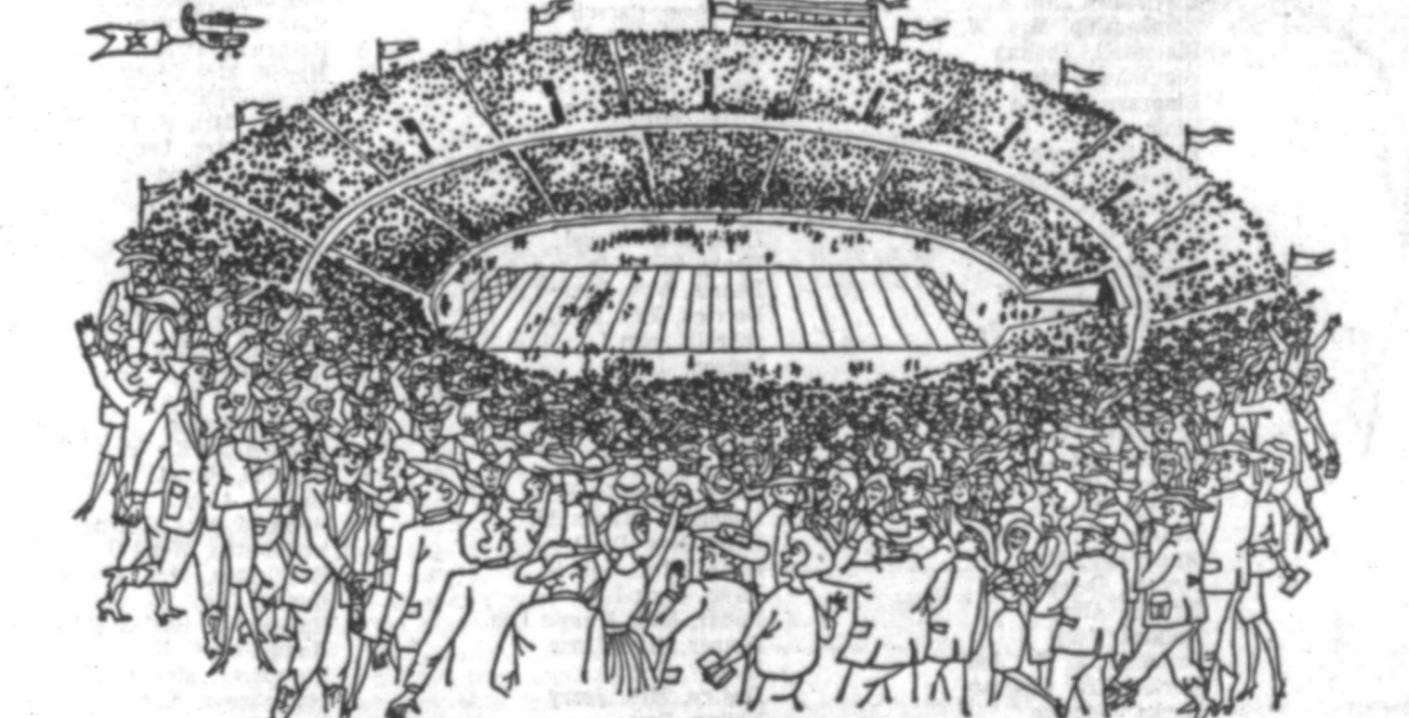

The Grand Rapids, Mich., delegation was most acid in its comments about the error. But Red Lewis and his co-workers did a splendid job of running off the meet and should be congratulated.

It was a labor of love with them. They inherited headaches the average citizen—not even the Grand Rapids people—would want and they pursued their chores cheerfully.

Garden City, Kansas, inherits the meet for a while. The school's delegation here conceded they don't have the facilities HCJC has and might have to stage their meet through trial and error.

It takes years to develop the rhythm to conduct a good meet and no one knows it better than Lewis and the ABCub members, co-sponsors of the big show here. The very necessary sense of timing won't come automatically to Garden City or any other host.

Contenders In National

Pictured above are members of the Yankee team, contenders in the National Little League here. Front row, from the left, they are David Wright, Tommy Fletcher, Lonnie Lass, Bobby White, Dee Highly and Lynn Cauley. Top row, Ricky Lamb, Steve Chapman, James Reddy, Glenn Scott, Steve Tidwell, Jackie Fletcher and David Pickle. (Photo by Danny Valdes)

# Mays Has Don'ts' And Giants Slump

By MIKE RATHET Associated Press Sports Writer  
"It can't go on," said Willie Mays. He's right. One of these days he's got to get a hit. Mays made the prediction less than two weeks ago when he was smacking the ball at a .478 clip, but it's just as apt now with Willie struggling to break out of a deep slump that has shriveled his average to .393. Mays went hitless for the fifth straight game and Juan Marchal had his 12-game victory string snapped Wednesday as the San Francisco Giants lost to Philadelphia 7-2 and tumbled into second place behind the National league-leading Phillies.

### ABSENTEE VOTING

## Here It Comes-- There It Goes

By SAM BLACKBURN

Look alive if you want to vote absentee in the June 6 second party primaries. If you're not quick on the draw, you may miss it.

In fact, you have just four days—count 'em—four days to vote absentee, starting May 27.

Not until someone took a look at the changes made by the last legislature in the Texas Election Codes did the zip-zip absentee period come to light.

Ordinarily the absentee voting period would have started 29 days before and closed four days before the election. An amendment to the election code, dealing specifically with the second primary, slices the absentee voting period in half. Alas, the courthouse here will be closed May 29 for observance of Memorial Day, which falls the following day on a Saturday. This chops another day off the voting period.

Under an election code amendment (Section 5.05, Subdivision 16 of the Texas Election Code) it is stated:

"Notwithstanding provisions of Subdivisions 3.4 of this section, absentee voting in each second (runoff) primary election held under provisions of Art. 13.05 of this code, shall begin on the 10th day preceding the

date of the election. In all other respects the procedures for absentee voting in the second primary shall be the same as in other elections."

**TERRY DENTON**  
Terry Denton Wins Award

COAHOMA (SC)—Terry Denton, a freshman in Coahoma High School and Greenhand member of the Coahoma Future Farmers of America chapter, has been selected as Star Greenhand of the El Rancho District.

The El Rancho District includes FFA Chapters from high schools in Odessa, Midland, Stanton, Flower Grove, Big Spring and Coahoma and is in the Area II Association of the FFA.

Selection is based upon the student's supervised farming program, leadership activities in the chapter, school and community, and his scholastic ability.

Terry will compete with other district winners for the Area II Star Greenhand Award to be made at the Area II Convention to be held in Midland May 29 to 30.

His supervised farming program includes eight projects completed or in progress, including programs in swine breeding, pork and beef production, and cotton and maize crop projects.

Terry is the son of Mr. and Mrs. C. A. Denton, S and D Springs.

**Fire Victims**  
MEXICO CITY (AP) — Two more workers died Wednesday from a fire in the San Juan de Aragon housing project. Others were hospitalized.

### Junior Volunteers

Interviews for junior volunteers wanting to work this summer at the Big Spring Veterans Administration Hospital are in progress and will continue through May 27, from 3:30-5 p.m. Mrs. Ara Cunningham, director of voluntary service, will conduct the interviews.

Democratic chairman, and for others interested in the election, this statement poses a problem.

First of all, it is clear that absentee voting is not permissible until May 27.

So even if the period extended to June 5, the day before the election and the 10th day from the time absentee voting began, only half the time normally allotted for such voting would be afforded.

But the real rub is in the latter phrases of the amendment . . . "in all other respects the procedures for absentee voting in the second primary shall be the same as in other elections."

**MAY 27-JUNE 2**  
In other elections, it is specified (Subdivision 3) that the latest possible date an absentee vote can be cast is at the close of business on the fourth day before the election. This means an opening date of May 27 and a closing date of June 2, with two days off for Sunday and Memorial Day.

Absentee voting is a popular way of balloting in Howard County. Although observers do not expect a heavy vote turnout for the June 6 runoff primary (due to the few races left undetermined) it is generally agreed there will be a brisk demand for absentee ballots.

In the first primary on May 2, there were 487 absentee ballots cast.

"More than one million Americans over the age 40 have glaucoma. Yet, only half of them are even aware that they are victims of this sneak-thief disease which takes sight without warning",

according to the National Society for the Prevention of Blindness.

"Guard against eye disease, eyestrain and poor vision with an annual, professional eye examination by a Doctor of Optometry," advises Dr. S. J. Rogers of Texas State Optical.

Consult your telephone directory for the TSO office nearest you.

## NOW... GREAT NEW ENCO EXTRA!

## PUT A TIGER IN YOUR TANK!

**New Power-formula Enco Extra gasoline** boosts power three ways . . . preserves the power of new engines . . . restores lost power to many older engines:

1. **Cleaning Power!** Dirt can clog even a new carburetor in a few months of normal operation—causing hard starting and rough idling. Your

very first tankful of New Enco Extra will start to clear away these deposits to improve power and mileage.

2. **Firing Power!** Spark plug and cylinder deposits can cause misfiring, pre-ignition and hot spots. New Enco Extra neutralizes these harmful deposits to help your engine fire smoothly and efficiently.

3. **Octane Power!** Octane requirements for new cars are up again this year. New Enco Extra has the high octane that most cars now need for full performance, smooth acceleration and passing power without knocking.

You'll get something extra for your money with New Power-formula Enco Extra—it's like putting a tiger in your tank! *Happy Motoring!*

State's motion for rehearing overruled: James William Hall, Jasper.

## Go Own Way, Says Romania

**VIENNA, Austria (AP)**—Romania's Communist regime, in a show of independence from the Soviet Union, is telling its people for the first time that they must go their own way to make communism work. Diplomatic reports today said that "away from Russian domination" rallies which have been held for about a month in factories and universities often result in anti-Soviet demonstrations protesting Moscow's influence and criticizing Soviet Premier Khrushchev. The meetings have the full support of the party, the reports said. The reports said the campaign is being staged to familiarize the Romanian people with the contents and aims of the April 22 party declaration in which the Bucharest regime pledged a policy of economic independence from Moscow and closer ties with the West. However, diplomatic observers stress that the atmosphere in Romania is far from open hostility toward the Soviet Union.

## North Race Liberalism Not Real, Says Cleric

**ATLANTIC CITY, N.J. (AP)**—Tall, ruddy and Texan, the Rev. Dr. Howard R. Moody—transplanted from the South to an integrated church in New York City's Greenwich Village—believes racial liberalism in the North is mostly skin-deep. "I just feel that when the chips are down the Northern white man, even though he professes to be liberal, really doesn't react any different than the Southern white," said Moody in an interview. Moody, 43, has told delegates to the American (northern) Baptist Convention that when the Negro revolution reached into the big cities of the North last summer it caused "the retreat of the white liberal in the North." The minister practices the liberalism he preaches. He was arrested last summer for kneeling in front of a cement truck in Brooklyn to protest job discrimination. "The past twelve months have been really revealing," he told a reporter. "It's not saying the North shouldn't care what happens in the South, but our self-righteousness has been exposed." When civil rights demands tightened in the North, Moody said, it became evident that there was no great difference in the white Northerner and the white Southerner. Northern liberals, he said, always were better prepared for "integration in the South than next door up north." "The Negro is a little bit fed up with the proclamations of the white liberals." Moody said the white "backlash" to the Negro's drive in the North has set back civil rights efforts. However, Moody—born in Dallas and educated in Texas, California and at Yale—believes the recognizing of true feelings is a necessary step toward ultimate solution of racial issues.

## Someone Picks On Police Car While Officer On Call

There were no traffic accidents Wednesday, but someone crashed into police patrol unit No. 207 (a 1963 model Chevrolet) while it was parked at the Nite Life, US 80 east, about 11:45 p.m., causing about \$20 damage to the trunk lid. Police said they received a report that a motorist backed into the patrol car. They located a car behind the Security State Bank. It had a bent left rear fender, tail light and bumper, police said. The mishap occurred while the patrolman was inside the Nite Life where the tavern had requested an officer to be present at closing time. About 5:30 p.m. Wednesday, a late model car owned by the Humble Company rolled out of a private driveway in the 2100 block of Alabama, and collided with the parked panel truck of M. B. Horn, 209 Runnels. Police did not estimate damage to either vehicle.

Note Anniversary

The Salvation Army Girl Guards and Sunbeams are celebrating their 48th anniversary May 18-24, and special activities have been planned each afternoon this week. Shown at the Mother-Daughter Tea Wednesday afternoon at the Citadel are, standing: Mrs. Billy Hand, Mrs. William Thomas and Miss Betty Hart. Seated are Debby Moore and Mrs. Gene Thompson. The girls will conduct services Sunday evening.

## WSCS Pursues Plan Of Christian Mission

WESTBROOK (SC) — The Women's Society of Christian Service of the Methodist Church met at the church Monday afternoon. Mrs. Bill Rees was in charge of the program, giving the devotion and reviewing the first lesson in "The Christian Mission in Southern Asia."

### Mission Program Given By Circle

Mrs. Robert F. Polk reviewed two chapters from the mission study book when the Anne Dwyer Circle of the First Baptist Church met Monday in the home of Mrs. Richard Grimes, 600 Linda Lane.

Mrs. Grimes read the prayer thought and Mrs. Monroe Gafford led a prayer for the missionaries. Participants in the program discussion were Mrs. Welby Jackson, Mrs. Bob Bradbury, Mrs. Max Green, Mrs. Grimes, Mrs. Gafford and Mrs. Billy T. Smith.

### HINTS FROM HELOISE

## Teens Prefer Easy Method

Dear Heloise:

I am a 15-year-old teen-ager and like all teen-agers I am kind of lazy, so thought that I should pass this on.

My friends and I all like hot dogs and hamburgers and a snack after a date, a picnic, or just an ordinary meal, we all find it depressing to say and hear, "Pass me the catsup," "pass me the mustard," etc.

Here's what we do now:

We chop pickles and put them in a jar (one could use pickle relish) add some catsup, mustard and chopped onions. We mix this all up and use a long handled spoon to spoon the mixture on whatever we are eating. This sure beats adding all these ingredients one by one and it goes over with a bang among our gang.

We think it would be much easier for the little kids to "glop" their own hamburgers and hot dogs this way, too.

Lazy Teen-Agers Club

Dear Heloise:

Please let me caution the ladies never to make or use an apron of inflammable material. Every year many women are horribly disfigured because their aprons or dressing gown sleeves catch fire and many die from burns received when loose fitting clothes are set on fire.

Never wear loose fitting clothes.

R. L. Galbraiths Announce Birth

Mr. and Mrs. R. S. Galbraith Jr., 906 Baylor, are parents of a daughter, Gwendy Leigh, born at 6:01 a.m., May 16, at the Malone and Hogan Foundation Hospital. The maternal grandparents are Mr. and Mrs. E. L. Stevens of El Paso and the paternal grandparents are Mr. and Mrs. R. S. Galbraith Sr., also of El Paso.

Miss Burnett Is Guest Here

Miss Ruby Burnett, Sacramento, Calif., is here visiting relatives including Mrs. J. T. Corcoran, Miss Pearl Cole and Miss Jo Cole. Miss Burnett is a former local resident.

## Anniversary Marked By Knott Family

KNOTT (SC) — The Rev. and Mrs. P. A. Mitcham observed their 25th wedding anniversary Sunday. Their guests were their son and daughter-in-law, Mr. and Mrs. P. A. Mitcham and children of Seminole and their son-in-law and daughter, Mr. and Mrs. P. Robbins and family of Anson.

Mr. and Mrs. Truman Morris were Sunday guests of Mr. and Mrs. Fred Ganes.

Mr. and Mrs. Herman Jeffcoat have returned from a weekend visit with their son and family, the Cleo Jeffcoats of Brownfield.

Judy Roman of Hardin-Simmons University, Abilene, is visiting her parents, Mr. and Mrs. E. L. Roman.

Weekend guests of Mr. and Mrs. J. D. McGregor were her

mother, Mrs. A. C. Billing and her sister, Orrian Billing of Foran, Mr. and Mrs. R. O. Armstrong and family of Albuquerque, N.M., Mr. and Mrs. J. L. Bedwell of Big Spring and Barbara McGregor of Midland.

Rev. and Mrs. Vernon King, Vernon Jr., Sharon and Jamie of Fort Worth spent Friday and Saturday nights with Mr. and Mrs. L. O. Free. They attended services at the First Baptist Church and were guests of Mr. and Mrs. V. L. Jones, Rev. King is a former pastor of the church.

Auxiliary Elects Officers Monday

New officers were selected by the Women's Auxiliary of the National Federation of Post Office Clerks Monday at a meeting held in the home of Mrs. Marvin Blackwell, 604 W. 16th.

They are Mrs. Bob Kinsey, president, Mrs. Buford Hull, vice president; Mrs. James Abbe, second vice president; Mrs. Eddie Engel, secretary; Mrs. Nile Cole, treasurer; and Mrs. Roy Tubb, reporter. Mrs. Blackwell was appointed scrapbook chairman.

Plans were made for the devotion to be presented by the hostess at each meeting.

Assistance Afforded Rest Home

Three circles of the Woman's Missionary Society of the East Fourth Baptist Church met Tuesday for visitations and mission studies.

JUDY BURDETTE CIRCLE — Members of the Judy Burdette Circle met at the Bennett House Tuesday afternoon to assist patients in table games.

KATE MORRISON CIRCLE — Mrs. T. B. Clifton, 704 Johnson, was hostess Tuesday afternoon to the Kate Morrison Circle for a mission study on spiritual life development. Mrs. W. R. Crowmover was the program chairman. Mrs. Ira Raley, a guest, gave the closing prayer, and Mrs. C. A. Tonn worded a prayer for the seven members attending.

ANITA LOWE CIRCLE — Literature was distributed and visits made to patients at the Bennett House by members of the Anita Lowe Circle Tuesday morning.

Union Finishes Mission Program

The Rev. J. W. Arnett completed the mission study book, "Spiritual Life Development," at the Tuesday meeting of the Woman's Missionary Union of Stadium Baptist Church.

Mrs. A. C. Faulkner, Rt. 1, was hostess to the six members present. Mrs. Rex Edwards and Mrs. Joe Peay worded prayers.

The next meeting will be held at the Westside Youth Center May 26 when the group will begin their community mission program.

Gay Hill Club Shown Basting

How to use pins when basting seams, sewing skirts and finishing waist bands was shown at the Monday meeting of the Gay Hill 4-H Club, Sewing Group One. Members met in the G. W. Murphy home with Jane Murphy, junior leader. Those assisting with the program were Sherry Jackson, Annette Couch, Susan Underwood and Ruby Nell Murphy. Darla Buchanan was hostess. Annette Couch will be hostess June 1.

Kentwood Society Holds Installation

Mrs. Kenneth Born chose "The Challenge of the Cross" as the installation service theme she performed at the Monday meeting of the Woman's Society of Christian Service at Kentwood Methodist Church. A cross flanked with candles and a globe of the world centered the worship center where new officers were invested.

Mrs. Frank Arner had charge of the pledge service. At the business session, plans were made to send a youth to the Leadership Training School at Camp Butman June 2.

The Night Circle served refreshments to 16 members.

Mrs. Parmenter Gives Luncheon

A covered dish luncheon was served Tuesday by Mrs. Henry Parmenter, Rt. 2, to the Esther Circle of Kentwood Methodist Church. Pledges for the year were completed and Mrs. Eddie McClain gave the last lesson in the foreign study program. Mrs. Don Campbell was appointed as the new circle chairman.

Refreshments were served at a buffet decorated with spring flowers.

The summer meeting will be on the third Monday of each month at the church.

## Mrs. Head Is Honoree

Mrs. Charles W. Head Jr. was the honoree at a farewell party held Wednesday evening in John H. Lees Service Club. Hostesses were members of the Servicemans Wives Club which Mrs. Head served as honorary president. Mrs. Randol Nichols represented the club in presenting her with a gift of appreciation.

The birthday of Mrs. Roy Messer was noted and she received a gift from the club.

Mrs. Leslie Carpenter and Mrs. Nichols served refreshments from a table covered with white linen with an overskirt of gold lace. The center flower arrangement was in shades of white, rose and blue, and crystal and silver appointments were used.

The next meeting will be June 3 when the club will tour the Big Spring Herald.

SUPPER SET AT CLUB

Mr. and Mrs. Mrs. Ty Allen, managers of Big Spring Country Club have scheduled a spaghetti supper Saturday evening for club members and their guests. Serving will begin at 8 o'clock, and music will be by the Dale White Combo.

Memorials Conducted By Ladies' Auxiliary

Services were held Wednesday afternoon at Carpenters Hall in memory of Mrs. Iva Johnson. Mrs. Roy Simmons, Mrs. Dave Jones and Mrs. O. T. Arnold. Members of the Ladies Society of the Brotherhood of Locomotive Firemen and Enginemen placed red carnations on a wreath as a part of the memorial rites.

Mrs. J. C. Cravens presided and eulogies were given by Mrs. Frank Wilson. The charter was undraped for Mrs. Arnold, and Mrs. Roy Williams presented piano selections.

Mrs. Evelyn Carter of Weatherford, daughter of Mrs. Arnold, was in attendance. Mrs. Sara Maude Houghton and Edward Johnson sent flowers in memory of Mrs. Johnson, and Mrs. Williams worded the closing prayer.

Mrs. E. A. Williams and Mrs. Wilson served refreshments to 21 members. The next meeting will be June 17.

GRAND INTERNATIONAL AUXILIARY

The Grand International Auxiliary to the Brotherhood of Locomotive Engineers held a regular meeting at Carpenters Hall Wednesday morning. Mrs. L. N. Brooks presided at the session where practice of chapter work was conducted. Eleven members attended.

Mrs. Roy Wilson Sets Recital Date

Piano pupils of Mrs. Roy Wilson will be heard in a recital Thursday at 8 p.m. in the Howard County Junior College auditorium. The public is invited.

Those appearing on the program will be Danny Wood, Cheri Ingram, Linda and Paula McClendon, Sheila Stepp, Penny Murry, Robert Lloyd, Janice Wilson, Sandra Stuller, Shiretta and Rhonda Ownby.

Also Betty Lou Little, Carolyn Hammond, Janice Honey, Pat O'Brien, Vicki Perry, Richard and Dana Sue Templeton, Jimmy and Howard Stewart, Esther Dennis and Floretta Rau.

K. Keelers Plan Month's Travel

L. and Mrs. Ken Keeler, 1615 Cardinal, will leave Monday for a month's vacation during which time they will visit their parents, attend the World's Fair, and college reunions.

Keelers parents are Mr. and Mrs. Elisha C. Keeler, South Salem, N. Y., and Mrs. Keeler is the daughter of Mr. and Mrs. James J. Sanders, Wayne, N. J.

They will attend reunions at the University of Rhode Island, Kingston, R. I., and Rensselaer Polytechnic Institute, Troy, N. Y.

L. and Mrs. Keeler plan to return here before June 26 when he will report to Webb Air Force Base as an instructor-pilot.

## Annual FHA Banquet Held

GARDEN CITY (SC) — The annual Future Homemakers of America Parent's Banquet was held Thursday evening in the Glasscock County School cafeteria. The home economics class of Garden City High School catered the affair where 89 guests were served.

"Singing in the Rain" was the theme used in table and hall decorations with blue, white and purple colors predominating in flower arrangements. The devotion was worded by Tavis Daniels.

A report on the state FHA convention held in Austin May 4-5 was given by Linda Clements, incoming president, and Carolyn Schraeder, delegate. Mrs. Bill Clements added highlights of the Austin trip.

Gail McDaniel, retiring president, was toastmistress for the evening and introduced commentators for the style show, Sharon Jacob and Olivia Stone, who described the first and second year homemaking dress ensembles. Comedy models of Paris originals were presented by Nancy Davee, Taylor Etchison, Dennis Seidenberger and Vernon Newsom.

Gifts and awards were made by Linda Clements to Mrs. Ronnell McDaniel, chapter mother; Michael Hoch, chapter beau; and Gail McDaniel and Nancy Davee, graduating senior girls. First degrees were presented to Violinda Torres, Danna Wersl, Paula Hardy and Brenda Clements. A junior degree went to Linda Clements.

A candlelight installation ceremony was conducted by the outgoing president. The new officers are Linda Clements, president; Tavis Daniels, vice president; Alice Hoelscher, secretary; and Lana Short, treasurer. Others holding offices are Sandra Seidenberger, degree chairman; Carolyn Schraeder, reporter; Sharon Jacob, parliamentarian; and Paula Hardy, historian.

Gifts of appreciation were given to Mrs. McDaniel and Mrs. Dorothy Cardwell, chapter advisor.

Shoe Workshop Held By Rebels

Mrs. Neil Norred demonstrated the covering of shoes and conducted a work shop for members of the Pound Rebels of TOPS at a meeting Tuesday evening at the Settles Hotel.

A weight loss of 16 pounds was reported by the group at roll call. Mrs. Bob Wilson read the minutes of the organizational meeting held a year ago. Visitors were Mrs. Jim Haller, Mrs. Bill Harverson and Mrs. T. M. Teal.

The next meeting will be May 26 at the First Federal Savings and Loan Association building.

Baptist History Told At Sessions

"For Liberty and Light" was the program theme used by Mrs. Bill Ford who spoke on the early days of the Baptist Church in the United States to members of the Woman's Missionary Union at the Sand Springs Baptist Church.

Miss Riggan To Marry In June

Mr. and Mrs. L. A. Riggan, 510 Benton, have announced the approaching marriage of their daughter, Remona Dorene, to Glen Watkins. He is the son of Mrs. Alta Watkins, 1006 E. 8th, and C. C. Watkins of Odessa. The wedding is set for June 6.

Budding Homemaker

Kathy Shaw prepares a roast for the family with the ease of a veteran cook. She often takes over the duties of meal preparation at the James W. Shaw home. The smart A-line shift she is wearing is another example of her homemaking talents.

# Kathy Shaw Proves Teenagers Can Cook

By MARY COCHRAN  
Kathy Shaw is a busy young modern who proves that an active teenager of today isn't always a stranger in the kitchens. On an average day she may dash home from school, pop a roast in the oven, do a bit of homework, and then take off for an evening session with a group of young 4-H chubbies she is instructing in their first unit of cooking.

The group will be having their first lessons in how to handle the tools of cooking, and making such interesting items as fudge or peanut butter cookies. Kathy well remembers when she was taking the same work five years ago. She has advanced to the unit four level now and her 4-H work involves more complicated dishes.

**SCHOOL LEADER**  
This busy 15-year-old is finishing the ninth grade at Gollad Junior High School where she serves on the annual staff, is treasurer of the Future Homemakers of America and holds the enviable position of being one of the Top Ten, a rating awarded by the school staff to pupils who are outstanding in citizenship and scholarship.

She is the Howard County 4-H Gold Star Girl for 1963-64 and serves her club as secretary.

Kathy has won quite a reputation with her friends for her cheesecake. Anytime there is a social event involving refreshments, everyone requests her specialty. In her unit work this summer Kathy will be preparing complete meals and parties for friends and family, and will get lots of practice in cooking skills.

Meat Balls Stroganoff is a favorite of Kathy's. This was the dish that won her a blue ribbon at a district show this year. In last year's event, that famous cheesecake of hers won a top prize in the Lubbock show and gave her a chance to compete in the state 4-H Roundup where she earned a third place award.

**SEWING SKILL**  
Sewing is another interest of this budding homemaker. Her skill in this field has won her several ribbons in competition. Last year, she was an alternate to the district dress revue.

Her summer schedule is a heavy one this year. Not only will she be doing club work but will take a summer homemaking course as well. Also, Kathy is planning to be a candy stripper during her spare time.

Tantalizing smells will be drifting from the family home every Saturday at 1806 Alabama for her family, the James W. Shaws, Joey and James. This is a project connected with her activities in the Future Homemaker's of America.

James has felt the influence of his sister's activities. This former Little Leaguer took a ribbon for his peanut brittle at the last 4-H Achievement Day celebration. He accompanied his sister to the district meeting in Lubbock this year to present an electrical demonstration.

Joey, in his first year as a Little Leaguer, is not yet old enough for 4-H work but will probably follow in the footsteps of his brother and sister.

The following recipes are favorites of Kathy's that you will want to try.

**STRAWBERRY COOLER**  
1 qt. ginger ale  
1 pt. strawberry ice cream

# Sandwiches Savored By Seventeen Set

Entertain teenagers with ease when you serve a Sandwich Loaf because it can be prepared a day in advance.

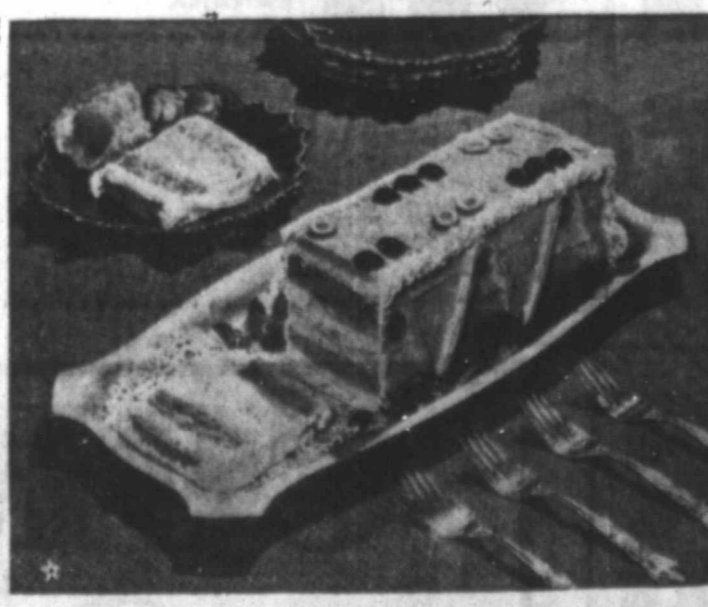

**PARTY SANDWICH LOAF**  
Trim crusts from an unsliced 1 1/2 pound bread loaf. Cut in 4 lengthwise slices. Butter slices. Spread bottom slice with Luncheon Meat Filling made by grinding 1 can (12 ounces) luncheon meat and mixing with 2 tablespoons pickle relish and 2 tablespoons mayonnaise.

Spread second slice of bread with cooked eggs, finely chopped 1/4 teaspoon salt, 1/4 teaspoon pepper, 3 tablespoons finely chopped green pepper, 2 teaspoons finely chopped onion and 1/4 cup mayonnaise.

Spread third slice of bread with one-half of cooked Meat Filling made by mixing together 1/2 cup ground cooked meat, 2 tablespoons finely chopped ripe olives, 1/4 cup minced celery, 2 tablespoons minced onion and 1/4 cup mayonnaise.

Place 1 thinly sliced, peeled tomato over filling. Top with remaining Meat Filling and fourth slice. Wrap in waxed paper and chill in refrigerator for several hours or overnight.

Place loaf on serving tray. Spread top with 2 cans (2 1/4 ounces each) of deviled ham. Frost sides with 12 ounces of cream cheese, softened with cream to spreading consistency, and decorate top with cheese fluted through a pastry tube. Garnish with olives. Makes 12 to 14 servings.

FROSTED LOAF  
A sandwich treat topped with deviled ham

# Tempt Tots With Treat

These cookies when freshly baked, will be a special treat for youngsters.

**BANANA OATMEAL COOKIES**  
2 cups sifted flour  
1/2 tsp. baking soda  
1 tsp. salt  
3/4 cup butter or margarine  
1 cup firmly-packed light brown sugar  
2 eggs  
1 tsp. vanilla  
1 cup mashed banana  
1 1/2 cups old-fashioned rolled oats  
1 cup coarsely chopped walnuts

Sift together the flour, baking soda and salt. Cream the butter and brown sugar; beat in thoroughly, one at a time, the eggs and vanilla. Add sifted dry ingredients; beat to blend. Stir in the mashed banana, rolled oats and walnuts.

Drop rounded tablespoonfuls of the mixture, a few inches apart, onto greased cookie sheets. Bake in a moderate (375 degrees) oven 12 to 15 minutes. Remove to wire racks with a spatula; cool.

If desired, cookies may be frosted with a thin confectioners' sugar icing flavored with lemon. Makes 5 to 6 dozen soft-type cookies.

# Baked Potatoes Deserve Topping

Offer both creamstyle cottage cheese and sour cream as a topping for baked potatoes; the former for the weight-watchers.

CHEESE AND BACON BOW TIES

# Crispy Treat From A Grill

Now is the time to get out the grill and plan for outdoor eating. You'll need a tasty snack for that buffet, so try easy-to-make cheese n' bacon bow ties. Thin-style saltines filled with cheese and wrapped in bacon strips sizzle on the grill (or in the oven) until golden brown. Serve them with your favorite cool beverage. Here's how:

**CRISPY CHEESE N' BACON BOW TIES**  
32 double crackers  
8 slices pasteurized process cheese  
16 strips thin-sliced bacon

Place half the crackers on a board, cover with half slices of cheese and top with remaining crackers. Wrap each cheese and cracker stack with a strip of bacon. Place, with bacon ends down, on rack in shallow pan. Bake in moderate oven, 375 degrees F., for about 25 minutes, turning once about midway, or until bacon is crispy but not too brown. Serve immediately. Yield: 16 bow ties.

# Good Buys For May

The perfect combination for the month of May—picnics and plentiful foods!

For what better items can be found for picnics than hamburgers, delicious grilled beef steaks or beef roast. Another really special picnic treat is smoked, barbecued or roasted turkey. You'll find both beef and turkey especially good buys during May.

Canned ripe olives, salad oils and milk and dairy products complete the May list of plentiful foods.

Milk production during the first two months of this year ran slightly higher than 1963. In addition, output over the next several months is likely to be near last year's levels. Such milk production promises increasing supplies of your favorite dairy foods.

Keep in mind that foods listed as plentiful usually reflect their abundance in lower price tags. So picnics, as well as all meals, can be flavorful, colorful and more economical when you make use of May plentiful foods.

# Simple To Make With Macaroons

An Italian dessert that will please any appetite is this easy-to-prepare specialty.

**BISCUIT TORTONI**  
1-3 cup fine dry macaroon crumbs  
1-3 cup milk  
2 tbsps. confectioners sugar  
1/2 cup heavy cream

Mix together in a small bowl the crumbs, milk and sugar; allow to stand for 10 minutes or so. Beat cream until stiff; gradually fold in macaroon mixture. Spoon into fluted paper baking cups set in muffin-pan wells; freeze.

Serve in paper cups. Makes 5 or 6 desserts if paper cups just fit into one-third-cup size muffin-pan wells.

To store a few days, remove frozen desserts from muffin pans and wrap appropriately before returning to freezer.

PACK A PICNIC

# Teeners 'Dig' King Size Hits

Youngsters' appetites, never dainty, assume awe-inspiring proportions during a day in the fresh air. King-size hero sandwiches, laden with canned meat, tomatoes, cheese and relishes, are hearty enough to satisfy the most ravenous teenager. Thirsts, of course, will be in proportion to appetites, so tote plenty of soft drinks to the picnic, hike, or barbecue.

**KING TEENWICHES**  
4 large Italian or French rolls  
Softened butter or mayonnaise  
Lettuce  
1 can (12 ounces) luncheon meat  
4 tomatoes, sliced  
4 slices Swiss cheese  
Olives, pickles, radishes, scallions

Cut rolls lengthwise; spread bottom halves with butter or mayonnaise. Cover with lettuce; top with luncheon meat, tomato slices and cheese. Spread top halves of rolls with butter or mayonnaise or favorite sandwich spread. Cover. On 4 skewers, thread olives, pickles, radishes and pieces of scallion; insert in sandwiches.

Yield: 4 servings.

# Seventeen Split Crunchy Tempter For Young Set

Before you serve something at a party, taste it yourself.

That popular rule, sometimes hard to stick to, is easy when it comes to "The Seventeen Split." This sweet confection of ice cream, crunchy peanuts, bananas, whipped cream and fudgy peanut butter sauce will be featured in department store restaurants throughout the country. All you have to do is order a split at one of these restaurants to preview your new party dessert. Here is the "Party-best recipe" for 24 splits:

**THE SEVENTEEN SPLIT**  
1 qt. maple-blended syrup  
2 cups (1 lb.) peanut butter  
12 medium-size bananas  
1 1/2 cups chopped dry-toasted peanuts  
1 gal. vanilla or chocolate ice cream

Whipped cream  
In a saucepan, slowly stir syrup into peanut butter. Stir occasionally over low heat until smooth and hot.

Split bananas once lengthwise, once crosswise. If cut long before the party, place bananas in orange juice.

Place two pieces of banana in each sundae or split dish. Top with one-third cup (two No. 24 scoops) of ice cream. Cover ice cream with one-fourth cup (two ounces) of warm sauce. Top with a generous mound of whipped cream, then garnish each serving with one tablespoon of chopped nuts.

# Cookie Cake For Freezing

Make a cake in the refrigerator instead of in the oven.

It's a snap to create a Frozen Cookie Cake with cookies and flavored whipped cream. Just layer cookies and cream in a coffee can, and when you reach the top, stop! Then chill the cake and freeze it till it's cold as ice cream. Take it out of the can, decorate, and it's ready and waiting for company.

For variety, use different kinds of cookies and flavoring. Vanilla snaps, almond extract and chopped nuts make Pistachio Cookie Cake; ginger snaps, vanilla extract and crystallized ginger add up to a Ginger Cookie Cake. Below is the recipe for Chocolate Peppermint Cookie Cake to serve six; to make it party size for 16, use a 10-inch spring form pan instead of a coffee can. While the cake is frozen, remove the sides of the pan to decorate. The large size requires seven boxes of cookies, double amounts of cream, sugar and extract. Use three-fourths cup whipped, flavored cream between each layer of cookies.

**CHOCOLATE PEPPERMINT COOKIE CAKE**  
2 cups (1 pint) heavy cream  
1/4 cup sifted confectioners' sugar  
1/2 tsp. peppermint extract  
Few drops red food color  
2 1/2 boxes (2 1/2 ozs. each) chocolate snap cookies  
1 square (1 oz.) unsweetened or semisweet chocolate  
Flavor and whip cream: Place cream, sugar and extract in

# Frosting Dips Prove Fun At Festivities

Be first with a new party idea—cookies and dips.

That's a suggestion for teen girls which offers recipes for a variety of dip-it-yourself frostings. Buy some plain non-crumby cookies like vanilla, coconut or oatmeal and a few toppings (chopped nuts, coconut, sprinkles). Add salty crackers to your list too; they taste surprisingly good with sweet dips.

For 12 people, choose three dips. A good selection would be Chocolate Fudge Dip made from creamy fudge frosting mix, Raspberry Dip with a cream cheese base, and Applesauce Dip made with yogurt. Add another flavor for every three couples more. Leftovers can be used for topping cake slices.

If you like, the dips can be made ahead and stored in the refrigerator in pretty dishes, all ready to put on a Lazy Susan or a buffet at party time. And party time for cookies and dips can be almost any time: As a snack, dessert, midnight sweet after the movies or a record party.

Here are directions for all the dips, from sweet chocolate to spicy applesauce:

**CHOCOLATE FUDGE DIP**  
1 pkg. creamy fudge frosting mix  
Soft butter (as called for on package)  
3/4 cup sour cream  
1/2 tsp. rum extract (optional)  
Place frosting mix in small bowl of electric mixer or a mixing bowl. Add butter called for on package, sour cream and extract. Beat at low speed until blended, then beat at medium speed until smooth and glossy. Turn into a serving bowl; chill. Let soften 30 minutes at room temperature before serving time. Here are some variations:

Caramel dip: Substitute caramel frosting mix for chocolate; add butter called for on package and sour cream, but omit the rum extract.

Orange Dip: Substitute creamy white frosting mix for chocolate. Use butter called for on package; reduce sour cream to one-third cup and add one-third cup orange juice concentrate. Use yellow and red food color to tint the mix to desired shade of orange.

Lemon Dip: Prepare as for orange dip, substituting lemon juice for orange juice concentrate. Tint yellow.

**APPLESAUCE DIP**  
1 container (8 oz.) vanilla yogurt  
1/2 cup applesauce or apple-berry sauce  
2 tbsps. brown sugar  
1/4 tsp. cinnamon  
1/4 tsp. nutmeg  
1/4 tsp. allspice

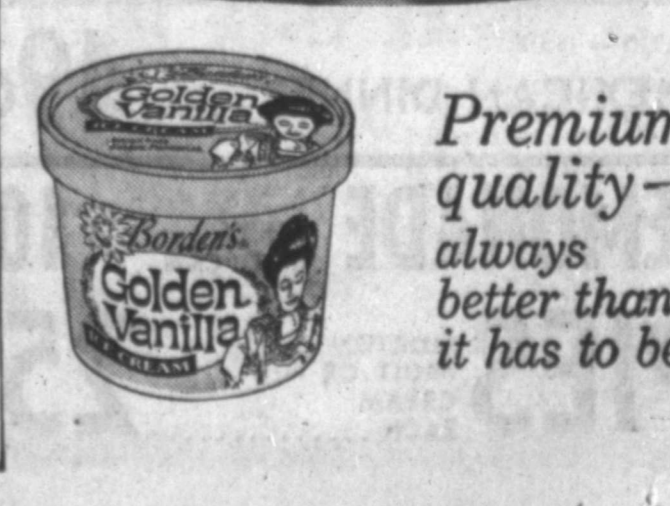

Combine yogurt and applesauce in a serving bowl. Mix the sugar and spices together; stir into yogurt mixture; refrigerate until serving time.

# Whipping Cream Smooth

# Borden's Golden Vanilla Ice Cream

There is as much difference in ice cream taste as there is difference in ice cream prices. Borden's Golden Vanilla Ice Cream tastes better because Borden's makes it from more costly ingredients—real vanilla flavor, lots of extra cream.

Premium quality—always better than it has to be

**Dear Abby**

**The Other  
364 Days**

DEAR ABBY: Who is supposed to give the corsage on Mother's Day? The husband or the children? I married a widow, and on the first Mother's Day after our marriage I sent her a lovely corsage. Her son sent her one, too. (This happens to be the first thing this son of hers ever gave her besides trouble). Well, she must have thought more of her son's corsage than she did of mine because she wore HIS, and left mine home in the ice box. I was very hurt although I didn't say anything, but the next year on Mother's Day I didn't send her a corsage and neither did her son. She was sulking all week. Do you blame me for not sending her a corsage after what happened to mine last year?

HUSBAND

DEAR HUSBAND: Poses on Mother's Day mean less than understanding and love the other 364 days of the year.

DEAR ABBY: I am 26 years old and am in love with a married man who is 33. He married very young and has one child. I have been in love with him for six years and seven months. When I met him he told me that his marriage was all washed up, so I had nothing to do with his miserable situation at home. He says as soon as his little boy is able to take care of himself he will get a divorce and marry me. His son is in the second grade now. I get awfully tired of waiting, Abby, and I'm not sure I could ever love another man. Can you give me some good advice? MIXED UP

DEAR MIXED: Yes, lose him. The chances you're taking are not worth the chance you have of marrying this man. And if you CAN love a man other than another woman's husband, you had better find it out—while you are still in the 26's.

DEAR ABBY: Speaking of naming children unusual names: I once heard of a woman who named her three daughters, PEARL, SAPPHIRE and ONYX. The first had a skin as smooth and white as a pearl. The second had eyes that shone like two blue sapphires. And the third was "onyx-pected."

CARL ON BASSOON ST.  
DEAR CARL: Thank you for your contribution to my collection of unusual names. Where were YOU when vaudeville died?

DEAR ABBY: In November of 1958 I wrote asking your advice about my husband, who cheated on me, beat me up and refused to take the responsibilities of a husband and father. At the time I had only one child. Today I have five and I am kicking myself because I didn't take your advice. You said, "Don't take him back until he has proved that he can stay away from other women, treat you with respect and hold a job." Well, each time I took him back I got pregnant. He continued to cheat on me and slap me around, pregnant or not. He also lost one job after another. How I wished I had listened to you. Print my letter to let other women know what can happen when they take a man back before he improves.

KICKING MYSELF

**Envoy Praises  
Yanks in Mexico**

MEXICO CITY (AP) — U.S. Ambassador Fulton Freeman this week praised Americans living in Mexico for improving relations between the United States and Mexico.

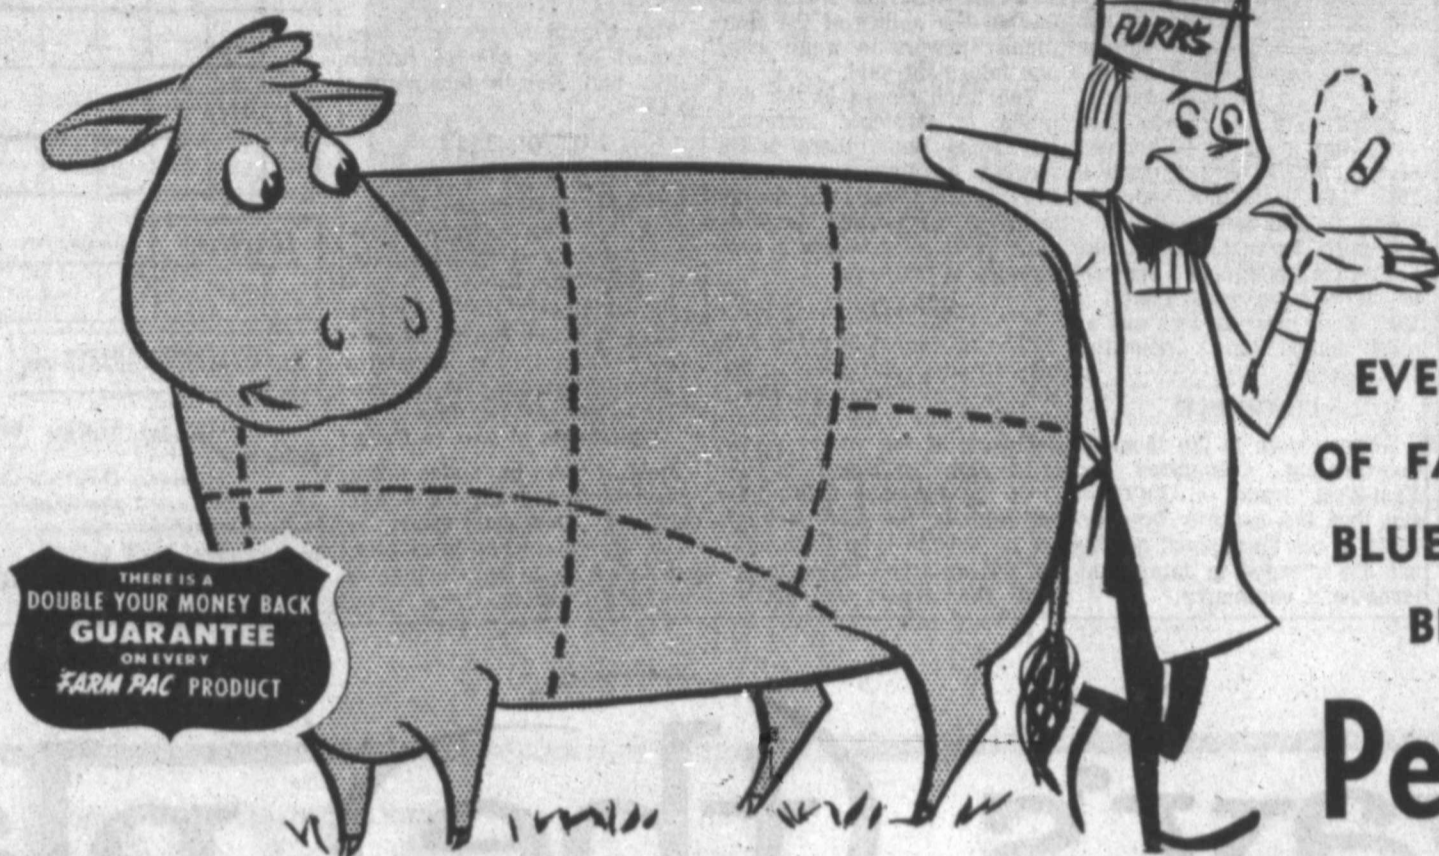

He said Americans by their actions here are "dispelling the fading and obsolescent myth that foreign investors are by their nature exploitative and avaricious."

Freeman spoke at the tenth anniversary luncheon of the Comité Norteamericano Pro-Mexico, known as "Operation Amigos." It is composed of American businessmen operating in Mexico.

He said American companies working through the committee are "demonstrating they are here not only to make money, but to play a significant and responsible role in Mexico's development."

MISS MOHAIR OF THE UNIVERSE AND FRIENDS  
Becky Crouch, Fredericksburg, travels over U.S. promoting fiber

### Don't Query Miss Mohair About Sheep

FREDERICKSBURG (AP)—There's only one way to wreck the sparkling sense of humor of Becky Crouch, the new Miss Mohair of the Universe.

This occurs when someone asks her what kind of a sheep mohair comes from.

The 19-year-old beauty from the Texas Hill Country expressed indignation mixed with a half chuckle.

"Anybody ought to be smart enough to know mohair comes from a goat," she said.

#### MERITS

For the next year, however, Miss Crouch will spend more time promoting the merits of mohair than explaining where it comes from. As Miss Mohair she will appear before the nation's leading designers and at fashion shows with a special wardrobe—made entirely of mohair, of course.

Her background qualified her for both activities. Her parents, Mr. and Mrs. John B. Crouch, live on a ranch near Fredericksburg. Her grandfather, Adolph Stielor of Comfong, long was called "the goat king of America."

"People who see me in mohair fashions might have had a laugh if they had seen me barefoot, tromping mohair into bags the day after I was selected a finalist in the contest," chuckled Becky in an interview.

#### FEEL OF IT

"I guess you could say I really got the feel of it."

Miss Crouch is a freshman at the University of Texas, where she is majoring in applied arts. She is an honor student.

"I like goats, but sometimes when there are too many orphans I'm tempted to change my mind," she said. "One of my jobs is to bottle-feed them."

She may have to yield her summer job as a counselor at Camp Longhorn near Austin. She was a camper nine years and has taught swimming the last three years.

Charles Dickey of Dallas is designing a complete wardrobe for Miss Mohair.

"It will consist of about 16 units, including every type of wearing apparel of mohair, ranging from travel and day-time to evening," Dickey says. "I hope to have it completed by May 24 in time to show buyers at the Dallas market."

He said Becky will go from Dallas to New York for two weeks of appearances before buyers from the United States and fashion editors of newspapers and magazines.

#### IN STORES

"Except for the coronation gown, the clothes Miss Mohair will model will be available in stores," Dickey said. "She has been scheduled for more than 100 appearances, including the West Coast for the first time, and possibly Mexico."

Texas produces 95 per cent of the nation's mohair, half the world supply. The United States, Turkey and South Africa are the only major producers of mohair.

"I'm looking forward to doing everything I can to promote mohair," Miss Crouch said. "I feel as if I have an appreciation of the life and struggles of ranchers, and a deep interest in fashions."

She added, smiling: "And best of all we raise mohair—and remember it comes from goats."

### LBJ Will Speak At Alma Mater

JOHNSON CITY, Tex. (AP)—City school officials said that President Johnson has accepted an invitation to speak to the graduating class of his alma mater, Johnson City High School on the night of May 29. Johnson was one of six students graduating from Johnson City High in 1924.

## Embargo On Strategic Items To Red Nations Still Holds

PARIS (AP)—Western trade with Communist nations is slowly and steadily rising, but the Western embargo on exports of strategic items is holding firm, according to the international watchdog group which keeps a close eye on the exchanges.

Exports to the Soviet bloc and China made up 4.2 per cent of the West's total exports in 1961, the last full year for which figures are available. Imports from the Soviet bloc and China made up 3.9 per cent of the Western world's total in 1961. Both these figures are almost double the comparative 1952 figure.

#### COMMERCE

Sources close to the 15-nation Coordinating Committee for East-West trade — COCOM — say that the controls over exports to the Communist nations are not intended to dampen international commerce.

"We are not waging economic warfare. The principal objective is to prevent the flow of strategic materials which could add to the ability of the Communist powers to wage war," one informant said.

The hitch comes in the definition of strategic materials. For some items there is immediate unanimous agreement. For others, long and heated technical arguments consume days every year before a compromise is reached.

#### STRATEGIC

"If you wanted to carry it to the extreme, you could say that buttons are a strategic item," explained one man who follows the work of the yearly review of the embargo lists.

"If the Russians didn't have any buttons, the soldiers might not be able to keep their pants up. But we aren't trying to prevent the export of buttons.

We're aiming principally at slowing down the development of industries with a war potential."

The United States has been ranked by the sale of British buses and French locomotives to Cuba.

#### NOT ON LIST

But Cuba is not on the list of Communist nations — Russia, China and the Eastern European satellites — covered by the COCOM export lists.

Nevertheless, the COCOM nations—all the North Atlantic Treaty Organization members except Iceland but plus Japan—have agreed not to ship arms or implements of war to Cuba.

Most of them have also taken measures to prevent trans-shipment of American goods to Cuba. But there has been little inclination to go any further in clamping down on Cuba trade.

## Presbyterians Debate Memphis Meeting Site

DALLAS (AP)—Texas Presbyterians scheduled a debate today on protests that the Presbyterian U.S. General Assembly chose a segregated church for its 1965 meeting site.

Two Texas ministers, a Houston church and a seminary professor lodged their complaint Wednesday with the Presbyterian U.S. Synod of Texas, which referred it to committee study until today's general discussion.

The church in question is the Second Presbyterian at Memphis, Tenn., whose pastor is the Rev. Henry Russell, a brother of Sen. Richard Russell, D-Ga.

In their protests, the ministers said the church refuses to admit Negroes to worship and has turned away demonstrators eight times.

The Rev. Eugene M. Grier of Brownwood and the Rev. W. Cunningham of Fort Worth asked for a special meeting of the General Assembly to reconsider its April 25 decision to meet at the Memphis church.

Spokesmen for Pines Presbyterian Church in Houston said meeting at the church would bring "much adverse publicity" to the entire denomination.

The Rev. W. Walter Johnson of Austin asked in a resolution that the Memphis church withdraw its invitation to the General Assembly if it does not revise its racial policy. He is a professor at Austin Theological Seminary.

The General Assembly confirmed its contract to meet in Memphis next year but voted to meet only in churches that accept persons of all races beginning in 1967.

The Texas synod, which represents 415 churches in Texas and four in New Mexico, voted Wednesday to employ a chaplain for the state prison system.

That's My Pop

George Wallace Jr. hoists a welcome-home sign while waiting for his father during the Montgomery airport late Wednesday. The 12-year-old son of Alabama's governor is something of a politician himself. He made campaign speeches for his father during the governor's race in 1962. (AP WIREPHOTO)

## Scranton Urges Help For Poor; Due Briefing

WASHINGTON (AP)—Gov. William W. Scranton of Pennsylvania gets a secret briefing on world affairs from the Johnson administration today and goes to Capitol Hill to urge Congress to assist poverty-stricken Appalachia.

In between, he sandwiched plans for a luncheon meeting with William E. Miller, Republican national chairman, although Scranton has insisted time and again he is not a candidate for the Republican presidential nomination.

Miller called the luncheon meeting "just a friendly get-together."

RECEPTION

Also on Scranton's agenda was a breakfast meeting with all Pennsylvania members of Congress and a late afternoon reception arranged by Pennsylvania Republicans.

Scranton was the only witness scheduled this morning by the House Public Works Committee in its investigation of the Johnson administration's \$225-million 10-state Appalachia program.

It was at Scranton's request that Johnson added \$10 million to the program to help mining regions of Appalachia, which includes West Virginia and parts of Pennsylvania, Ohio, Kentucky, Virginia, Maryland, Tennessee, North Carolina, Alabama and Georgia.

IN AFTERNOON

Scheduled to brief Scranton in midafternoon were Secretary of State Dean Rusk, Secretary of Defense Robert S. McNamara and John A. McCone, chairman of the Central Intelligence Agency.

President Johnson had offered

the world situation briefings to all announced and potential GOP candidates. New York Gov. Nelson A. Rockefeller was briefed last week. Sen. Barry Goldwater of Arizona and former Vice President Richard M. Nixon declined the offer. Sen. Margaret Chase Smith of Maine and Harold Stassen accepted, but have yet to receive their briefings.

Although he has said he is not a candidate for the nomination, Scranton has stated he would accept a sincere and honest draft.

## General's Bath Walled In Silk

DETROIT (AP)—Yes, that's correct. Silk wallpaper adorns the bathroom of an Army general's office.

On the other hand, said Maj. Gen. Alden K. Sibley, the office occupant, the wallpaper cost less than tiling originally planned for the bathroom.

And the bathroom's small — "barely adequate" for the 20 people who use it daily, the general said.

Gen. Sibley's office bathroom and other appurtenances of his Army Mobility Command at suburban Warren came up for congressional review at Washington.

Rep. John J. McFall, D-Calif., raised a question of the general's "exotic taste" in hearing testimony made public Wednesday.

A request for \$245,800 for additional modifications to Sibley's headquarters was under consideration.

Other headquarters items mentioned included a lavatory vanity, walnut paneling, vinyl tile, and \$2,264 in carpeting to place over the tile.

## Good Reading Still Stressed

WASHINGTON (AP)—Comic books, television and other forms of instant culture notwithstanding, American high school students still are getting substantial exposure to good literature.

That's the conclusion to be drawn from a recent survey by the Educational Testing Service. ETS asked 691 public, Roman Catholic and independent high schools across the country what major works of literature they offer their students.

Shakespeare, in this 400th anniversary of his birth, had the two top entries in all three categories — "Macbeth" and "Julius Caesar."

The most popular works of literature in the public schools, those taught in at least 30 percent of the schools surveyed, are: "Macbeth" 90 per cent, "Julius Caesar" 77, "Silas Marner" 76, "Our Town" 46, "Great Expectations" 39, "Hamlet" 33, "The Red Badge of Courage" and "A Tale of Two Cities" 33, and "The Scarlet Letter" 22.

## BE A GOLD BOND MILLIONAIRE

ENTER OFTEN — No Purchase necessary, no obligation, you need not be present to win. The Grand Prize Drawing to be held Thursday, June 4 on Channel 8 WFAA-TV, 4 P.M.

### We're Giving Over 7 1/2 MILLION FREE GOLD BOND STAMPS!

- 1st Prize . . . . 1,000,000 Gold Bond Stamps
- 2nd Prize . . . . 200,000 Gold Bond Stamps
- 100,000 FREE Stamps for the winner; 100,000 FREE Stamps to winner's group project
- 3rd thru 7th Prizes . . . R.C.A. Color Televisions

Weekly drawings in each and every Safeway Store. First Drawing May 23, Second Drawing May 30. Each Safeway Store will be giving away a total of 50,000 Gold Bond Stamps, 25,000 Stamps per week.

- \* 1st Prize . . . 10,000 Gold Bond Stamps
- \* 2nd Prize . . . 5,000 Gold Bond Stamps
- \* 3rd Prize . . . 2,000 Gold Bond Stamps
- \* 4th Prize . . . 1,500 Gold Bond Stamps
- \* 5th Prize . . . 1,500 Gold Bond Stamps
- \* 6th-10th Prize 1,000 Gold Bond Stamps

21" mahogany set with 90-day warranty.

Prices Effective Thurs., Fri. and Sat., May 21, 22 and 23, in Big Spring. We Reserve the Right to Limit Quantities. No Sales to Dealers.

## A Devotional For The Day

The harvest of the Spirit is love, joy, peace, patience, kindness, goodness, fidelity, gentleness, and self-control. There is no law dealing with such things as these. (Galatians 5:22-23. NEB.)

PRAYER: Our Father, we give unto Thee our whole being — mind, heart, and spirit. So possess us, we pray, that the fruit of the Holy Spirit will be the harvest of our lives. In Jesus' name. Amen.

(From the 'Upper Room')

## Exploit The Expose

The revelation that numerous microphones have been discovered imbedded in the walls of the United States Embassy building in Moscow comes as no surprise. From long experience, we have learned that anything goes with the Communists. It is, however, an affront. In this respect, it is as grievous attempt to intrude upon our privacy as was our U-2 flights over Russia. Not that protests will bring any sinners to the mourners' bench, but we should protest and protest again to provide the widest possible forum for exposing the Soviet's hypocrisy.

It's just possible that labor and management will heed the President's pleas. Restraint is certainly needed. What is more, the auto industry and its workers can no longer act as if their decisions are not clothed with the public interest. They may be confident that Johnson will not move as President Kennedy did in the steel price controversy, but the possibility that something more than a "jawbone" approach might be used if they ignore the public interest is bound to encourage a certain amount of reflection.

## Restraint Is In Order

President Lyndon B. Johnson is a believer in the "jawbone" approach to the problems of our time. It was in character, therefore, for him to call upon business and labor to exercise restraint in prices and wages. He even suggested that price cuts might discourage increased wage demands.

Immediately the auto industry jumped to the conclusion that he was calling for an automobile price cut. Spokesmen complained that new car sales might be hurt if customers held back hoping for cheaper car prices.

President Johnson had to soothe some ruffled feathers by denying that any specific suggestions on wages or prices had been made for the auto

## Richard Starnes

### A Costly War Laboratory

WASHINGTON—One of the arguments heard in support of American participation in the war in Viet Nam is that it offers our professionals a priceless laboratory where they can learn the black arts of guerrilla fighting at relatively small cost.

essentially the same sort of war that the French lost.

BUT THERE is more that needs to be said. In a war where Western technology is pitted against Eastern tenacity, we have handicuffed ourselves. Our laboratory in Viet Nam is equipped with second-rate equipment. In view of the state of self-serving excuses presently flowing from the Pentagon, this unhappy fact is not likely to change any time soon.

Nuclear stalemate, so this argument goes, has made conventional conflict passe. What's needed now is mastery of the poor man's war that has been imposed upon us by the circumstances of world revolution. Guerrilla war is an art form that is (and probably always will be) foreign to the West Point mind, just as it was to the gallant and woefully unprepared products of St. Cyr who were ushered into the darkness at such places as Dien Bien Phu.

THE TRUTH is that two airplanes—the piston B-26 and a training craft, the T-28—which have been used in Viet Nam are inferior to machines that have been in service since the Korean War. The F-50 and F-54, both high-performance jets, flew hundreds of ground-support missions in Korea, and if they were ineffective then an awful lot of tall stories were put out disguised as communiqués.

HOW GOOD is the laboratory theory?

## No Guessing

ANSONIA, Ohio (AP)—Thanks to a newly wired fire map, Ansonia's 24-man volunteer fire department has become more efficient.

Next comes the argument that the T-28 is used primarily because the Vietnamese trainee-pilots are not equal to the more sophisticated jets. Why not? Cambodians fly jets in combat operations—occasionally against South Vietnamese forces we've trained and nurtured. Thailand has a sizable jet air force, provided by the United States, and operates it with Thai pilots we've trained.

## Forgetful Day

LEOTI, Kan. (AP)—Muriel M. Hayden used a pair of pliers and a piece of wire to fish the ignition keys out of his closed and locked car.

THE REAL reason a wife likes to send her husband's clothes to the cleaner isn't to make him look neat. It's because this gives her a good excuse to go through his pockets.

## Timing Right

PARTRIDGE, Kan. (AP)—William Miller and his wife were watching a storm from their rural house when he saw his two-seater outdoor toilet fly past on a gust of wind.

ONE of the reasons we look forward to going to heaven is that no one has to ride on subways there.

## The Big Spring Herald

Published Sunday morning and weekday afternoons, except Saturdays.

HARTE-HANKS NEWSPAPERS, Inc., 710 Scott, Big Spring, Texas 77721

Entered as second class matter July 18, 1954, at the Post Office at Big Spring, Texas, under the act of March 3, 1879.

## Billy Graham

In my opinion prayer is selfish, just asking for something we want. T. E.

True prayer is not just sitting at the "wishing well," listing our wishes and wants. It is a two-way conversation, and the most important part is the "listening" to what God says to us. If one listens carefully when in communication with God he will hear: loving rebukes to the wrong in his life; specific directions for living; guidance for life's important decisions, and the assuring voice of God's mercy and love.

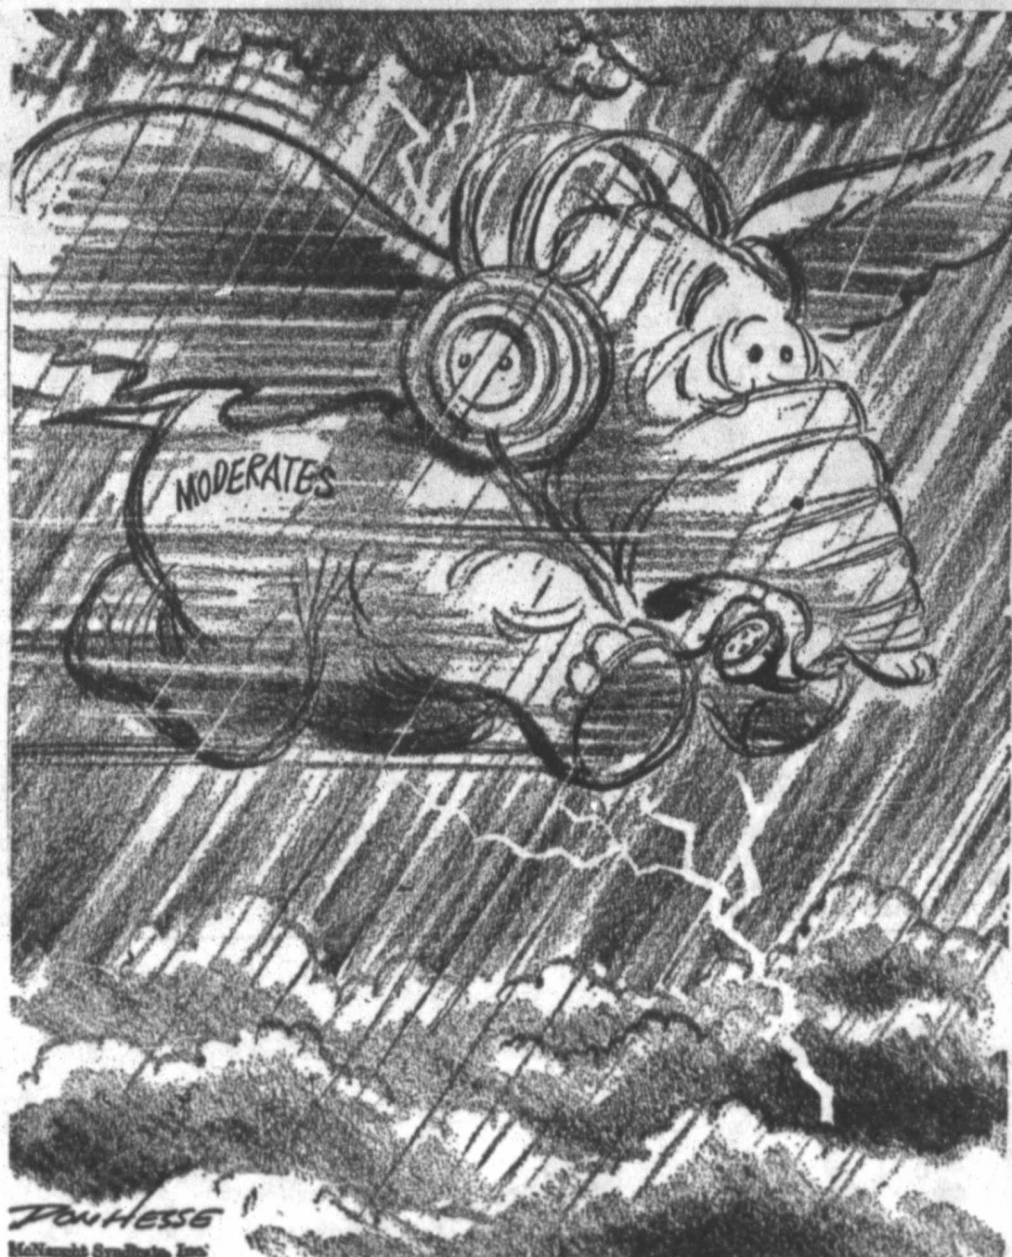

You have heard of people who "talked their way" out of a job, or out of a sale. Most of us "talk our way" out of the advantages of prayer. We spew out a deluge of vain desires, but fail to listen for the Divine voice. Yes, God speaks to us, if we will listen.

He speaks through His Word—this means reading and studying the Scriptures daily. He speaks to us through experience—He speaks subjectively through His Holy Spirit in our hearts. Stop—Look and Listen!

## Rescue Guide

DAYTON, Ohio (AP)—Researchers at nearby Wright-Patterson Air Force Base are experimenting with a "tumbling airfoil" designed to transmit radio signals from the scene of a plane crash.

The device, attached near the tail of the plane, is released by impact switches that flip the small radio far enough from the crash to be free of fire and explosion but close enough to guide rescue planes to the scene.

'OK GETTYSBURG - BUT WHERE DO I LAND?'

## James Marlow

### LBJ Running Like A One-Man Rescue Squad

WASHINGTON (AP)—"The presidency," the man said, "is no place for a timid soul or a torpid spirit." Later, he added this: "I strive to please."

The man is Lyndon B. Johnson, who will be in the White House six months Friday. He's been neither timid nor torpid. Anything but.

He's been so anxious to please he has acted like a one-man rescue squad for anything that ails the country.

HE'S BEEN the bounciest president since Theodore Roosevelt and more willing to stick his neck out than any president since Harry S. Truman. He went into the heart of the

segregation country — Atlanta — to make a speech on civil rights and was almost mobbed by happy Georgians.

He promised to shut down needless military bases and got surprisingly little bad reaction, although if there's anything a congressman doesn't like it is a base shut down in his district.

He asked business and labor leaders to dinner at the White House — but not at the same time — and asked the former to keep down prices and the latter to keep down wage demands.

BOTH GROUPS liked him, although this doesn't mean they'll do what he asked. This week the AFL-CIO said it wouldn't.

### Dogs Healthier But Bored

NEW YORK (AP)—Jumping at conclusions: Dogs eat better and live longer than they did a generation ago, but they have less fun out of life—just like many people.

skinny. Confidence men, on the other hand, often tend to be overweight — perhaps because most people unconsciously tend to trust fat men.

The quickest way to cure a human being of boredom is to give him an ailment of some kind, even if it is only a stomach ache. The quickest way to cure a dog of boredom is to put a single flea on him. It may keep him busy for days.

When a warden picks a convict to work around his home, he usually chooses one under sentence for murder. Why? Murderers are usually more trustworthy. They rarely steal.

IN LITERATURE, the businessman is often portrayed as a cliché-ridden near illiterate. In actual fact the average successful industrial executive can use language more effectively than the average college professor.

Fame and fortune wait today on the genius who can figure out some economic use for old hula hoops. Isn't there some way we can fit them into our foreign aid program?

THE worst braggart to put up with is the guy who not only kicked the cigarette habit—but boasts he did it without putting on a single pound.

MOST PICKPOCKETS are

## To Your Good Health

### Laminectomy Removes Pressure On Nerves In Vertebra

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: What is a laminectomy? I was told I had a "ruptured disc" and was operated on by a neurosurgeon.

I had been troubled with a back condition for more than a year. Now the severe back pains, and the pains in my legs have disappeared. I though my back gets aches. Will this condition continue or will it eventually disappear?

hair growth on your lip is NOT going to go away. In fact, since you are just finishing high school, you probably must expect it to become more pronounced. If bleaching makes it sufficiently invisible, that's your easiest answer. You can cut it off if you choose. Or you can have it removed by electrolysis, which will cost more, but a hair once removed by this method will not grow back.

I no longer have the mild case of asthma I had prior to the surgery. Do you feel that the operation cured it? — MRS. B.A.S.

Never take a chance on diabetes! For better understanding of this disease, write to Dr. Molner in care of The Herald for a copy of the booklet, "Diabetes — The Sneaky Disease." Please enclose a long, self-addressed, stamped envelope and 25 cents in coin to cover cost of printing and handling.

Separating each vertebra, or bone in the spine, is a padding of fibrous tissue called an "intervertebral disc."

When one of these discs becomes distorted or thinner (a "ruptured" or "herniated" disc) the nerve roots can be pinched at the point at which they emerge from the spine.

Laminectomy is the removal of a portion of the back of the vertebra to relieve this pressure on the nerve. And there went your pains!

Some milder discomfort (as

Dear Dr. Molner: Does everybody have the tuberculosis germ? Why is the skin test given? When it is positive, why do they need an X-ray and what does that prove? — E. E.

No, everybody does NOT have the germ. It is, however, very prevalent. A skin test is given to determine whether you have come in contact with the germ physiologically. That is, if your body has come in contact with the extent that it had to set up its defenses against the germ.

If not (the test is negative) we don't worry about TB in your case. If it is positive (you have come in contact with the germ to that extent), we take chest X-rays to look for spots on the lung indicating that the germ is active there—that, in short, you have TB.

TO MISS M. B.: This dark

## Around The Rim

### Board Decision Conscientious

I cover regular and called meetings of the Big Spring School Board for The Herald.

I also cover cafe, coffee shop, and street corner conversations where a lot of "shooting from the lip" about school board doings is practiced.

basis, or for four years. The board utilized every inch of ground it had at the high school.

THE ENLARGED high school had to be given priority over the rest of the program because room has to be made to accommodate the ninth grade to make a four-year high school. This is to relieve pressure on the junior high buildings, and permit enlarging and remodeling Runnels.

Few of these conversations "jibe" with what actually takes place in local school board meetings.

So, by spreading the proposed program over five years, utilizing the present base buildings, and making a four-year high school, the system can go along for a number of years yet, with one high school and two junior highs, providing a sound program, for a \$5.5 million turnkey job.

TRUTH IS, I had heard a lot of talk about the school board not knowing its job, and attended my first meeting with the idea that maybe all this talk about a big building program was out of proportion to the district's need, and its ability to finance.

NEXT CAME the discussion of what would be done if the bond issue is voted down.

After the third meeting I began to wonder where all the talk was originating. Nobody was attending meetings to hear what was going on, except those who came for specific purposes, and left as soon as their business had been attended to.

"We can do one of three things," members agreed. "We can limp along on what we have, with overcrowded buildings, too-heavy teaching load, insufficient equipment for an adequate program, and declining to a fourth-grade school, letting the kids know we don't care; or we can operate a half-day program by starting school at 7 a.m. and running to 6 p.m., with two sets of faculty members; or we can start more buildings with local maintenance funds—by raising the percentage of assessment from 60 to 100 per cent, and maintain the present tax rate to get 40 per cent more money (the board could do this without an election)."

WHEN I FIRST heard about this school building program there had been talk—very little by the board—about an \$8 million plus cost.

SOMETIMES there is talk about patrons not being able to find out what the taxpayers' money is being spent for. At board meetings there are some 20 pages showing bills paid and bills payable (and to whom and for what paid), and a complete picture of budgeted funds used and remaining. Any person can also go to the school office and look over these figures. All may not agree on expenditures, but none can say the spending is not recorded.

Now the \$8 million might be what we could conveniently use during the next few years, but let's get down to what we actually need," they told the architects. The new estimate came to \$6.8 million. The board took a look at that, and at the figures outlining the district's ability to finance without a tax raise. Nothing doing!

PERSONALLY I think Big Spring has a better than average school board, and I have sat in with a few in nearly 40 years. Patrons elected them and expect them to make decisions. These may not always be the same decisions some electors would make if they were on the board, but nevertheless, the decision made are honest, and intended to do the most good for school kids.

OK, WE NEED new buildings, additions, remodeling, athletic and PE facilities for high school, and junior high students, numbering up to 2,500, site development, and equipment and fixtures for all this," the board said. "Now what can we cut out of what we actually need and get along for a while without?"

PERSONALLY I think Big Spring has a better than average school board, and I have sat in with a few in nearly 40 years. Patrons elected them and expect them to make decisions. These may not always be the same decisions some electors would make if they were on the board, but nevertheless, the decision made are honest, and intended to do the most good for school kids.

Those six men and one woman, working, frequently past midnight, decided to cut every bit off that program that could be cut, yet still have a school system to give the kids a well-rounded educational program. This included provision for the state-required two years of physical education. Facilities were cut in half, and the kids will be required to take the two-year requirements on a half-time

### It's A 'Hot' War In Southeast Asia

WASHINGTON — Members of Congress are rubbing their eyes as they awaken to the fact that the United States is engaged in a "hot war" in Southeast Asia. Yet not a single resolution or law has been passed authorizing the use of America's armed forces in the conflict 7,000 miles away from our shores.

Nations. But all through that conflict, Russia supplied arms and ammunition to the North Korean forces.

The Constitution of the United States provides that only Congress can declare war. The executive has occasionally used military forces to safeguard American lives and property in foreign lands. But usually when such an affair takes on large proportions, the chief executive asks Congress for specific authority.

IF THE United Nations is to be the means through which international peace is to be maintained, then Southeast Asia would seem to be a region in which its influence should be brought to bear. Certainly there should be an investigation as to who is behind the military movements in Southeast Asia so the facts can be disclosed at least for discussion in the General Assembly. Many people in this country do not feel that American boys should be sent to Southeast Asia. But if there were an international expedition, the American government would unquestionably play its part and continue to contribute its share of the cost of the war.

He cut the budget and goes around turning out White House lights to save on electricity, although he's probably running up the biggest presidential telephone bill in history, calling people to get on the ball.

ODDLY ENOUGH, the whole subject of Southeast Asia has not been brought formally before the United Nations. Possibly this is due to the feeling that action in the Security Council would be blocked by the Soviet government. Even a discussion there, however, would be constructive, because it could mobilize world opinion and would fix the responsibility for war-making clearly on Red China and the Soviet government.

HE EVEN thought of people who like big muscles. He has a physical fitness program with Stan Musial, a baseball great, in charge. Or maybe you're a tightwad who wants tightwadism in government. He's thought of that, too.

ALTHOUGH the war in Southeast Asia appears at the moment to be local, it could spread. The charter of the United Nations declares, in effect, that it is the function of that organization to intervene in any situation that might develop into a larger war. But the problem in Southeast Asia has not been tackled effectively by the U.N., and hence this country is bearing the burden of a "hot war" against Red China.

He uses the telephone like a third arm. He gets little sleep, works day and night, and, so the rumor goes, holds his friends up by the ears to get things done.

THE hour of decision now is approaching, and certainly the continued loss of American lives in a war in which the best equipment has not been furnished and military support has not been adequately extended is bound to be an issue in the coming presidential campaign.

IN ONE SPURT he made 30 speeches in two weeks. He traveled the Appalachian trail twice, visited the World's Fair and shook hands with White House tourists. He dances as long as there's a woman left standing at White House shindigs, and holds news conferences on the spur of the moment or while trotting six times around his garden.

With all that said, the next question is: How's he doing? Fine, from all accounts. He's riding so high in popularity polls the Republicans, in this presidential election year, seem to have had some of the steam taken out of them.

With all that said, the next question is: How's he doing? Fine, from all accounts. He's riding so high in popularity polls the Republicans, in this presidential election year, seem to have had some of the steam taken out of them.

## From Abruzzi

L'AGUILA, Italy (AP)—Since Roman days the Abruzzi Mountains around this town east of Rome have been Italy's major source of saffron.

The perfume yellow powder obtained from the stigma of the fall-blooming crocus now is used as a food seasoning.

In ancient days Emperor Nero had saffron sprinkled on Roman streets to perfume them.

## Under Pressure

LIBERAL, Kan. (AP) — Police quashed the enthusiasm of four teenagers for big water pistols because of their victims' dry sense of humor.

Two men complained to police they were almost knocked down by a stream of water from a passing car. Police cordoned the car and found the four youths using a farm spray gun filled with water and backed by 100 pounds of air pressure.

Police confiscated the contraption and lectured the youngsters.

**Appaloosa Show Draws Large Crowd At Odessa**

ODESSA — The first annual West Texas Appaloosa horse show here Sunday drew 108 horses in 25 different classes. Awards of trophies, buckles and rosettes were contributed by Midland and Odessa businessmen and by club members.

Mr. and Mrs. Dick Bennett, Big Spring, gave a hand-tooled notebook to Son of Snow Cloud, a Houston horse, as the high point winner of the day. A hand-tooled billfold was given by Mr. and Mrs. Clyde Griffin to Texas Blue Northern, Comfort, for being second high point.

Among those who planned the show were T. Willard Neel, Big Spring, Bud Hanson, Garden City, George Vineyard, Midland, Happy Smith, Odessa, was superintendent; Clyde Griffin, Odessa, was ring steward; Mrs. Doris Griffin, Odessa, secretary; Dudley White, Midland, is the club president, and Buster Cole, Goldsmith, was the judge.

Among the winners were: Grand champion stallion, Wight Jr., owned by Boots & Saddle Ranch, Seattle; reserve champion, Sandlot Deer owned by Buddy Neff, Santa Anna.

Lines, owned by Jean and Jim Atkinson of Kenedy, was judged grand champion mare. Butler Super of the Zip Appaloosa Ranch, Fort Worth, was reserve champion mare.

In the gelding class, Jr's, Boy owned by Eugene Fulmerman was grand champion, and Mr. Texas Star was reserve champion.

Grand champion in the reining contest was Texas Blue Northern owned by Elizabeth Hobson of Comfort. Joker Star, owned by J. J. Blackman, Odessa, was reserve champion.

Winners of the cutting contest were Connor's Siss owned by Buddy Neff, Santa Anna, grand champion; Pam J. Garcia, owned by B. J. Blackman, Odessa, reserve champion.

First in the Western pleasure event went to Joker Jack owned by Jack Nevel of Corpus Christi and second was Joker by Texas Blue Northern owned by Elizabeth Hobson, Comfort.

Bobby Dell, owned by Gene Chandler of Odessa won the Hot Perce stoke race and second went to Apache Appaloosa, owned by B. C. Miller of Cayan.

Conroy Prairie stoke race winners were Pecos Cachita of the Astine Rocking A Ranch, Pampa, and second to Son of Snow Cloud owned by Dr. and Mrs. George Gayle, Houston.

Son of Snow Cloud was again declared the winner of the Trail Class while Butler Zip of the Zip Appaloosa Ranch of Fort Worth was declared second.

Champion rearing horse was Puntia's Rowlands, owned by Jean and Jim Atkinson, Kenedy, and reserve champion went to Jr's Boy, owned by Eugene Fulmerman, Wichita Falls.

A hand-tooled notebook donated by Mr. and Mrs. Dick Bennett, Big Spring, was given to Son of Snow Cloud from Houston as the high point performance horse of the show. A hand-tooled billfold was donated by Mr. and Mrs. Clyde Griffin to Texas Blue Northern from Comfort as the second high point horse.

**Must Anticipate Change, Connally Tells Convention**

AUSTIN (AP)—Change is no longer the slow process of evolution, says Gov. John Connally, and the time has passed when Texas can merely react to change.

"Failure to anticipate problems and plan solutions is failure to capitalize on the opportunities and the potential of the future," Connally said Wednesday night.

The governor spoke at the closing session of the Texas Hospital Association convention. Connally said change today "is revolutionary—swift, total, devastating, irreversible. It is difficult for many of us to fully comprehend what has been happening in Texas."

As an example, the governor cited the state's growth in population—from sixth place among all the states in 1960 to fifth place now and predictions that Texas will be No. 4 in 1975.

He praised the operations of hospitals under the "most severe stresses and handicaps," particularly Parkland in Dallas, where he was taken after being seriously wounded last Nov. 22.

"Few hospitals in our land have ever faced the intense pressure Parkland was subjected to on November 22 and in subsequent days. Yet its staff and personnel never let the situation get out of hand, never allowed the excitement of the moment to overcome reason and responsibility..." the governor said.

Connally, cut down by the sniper that assassinated President Kennedy as the two men rode with their wives in a Dallas motorcade, was in Parkland from Nov. 22 to Dec. 5 recovering from bullet wounds in the chest, wrist and thigh.

Prior to Connally's talk, T. H. Morrison Jr. of the Valley Baptist Hospital, Harlingen, was elected association president. Other new officers elected were W. B. Forster, Bexar County Hospital District, San Antonio, president-elect; David H. Hitt, Baylor University Medical Cen-

ter, Dallas, vice president; Gordon Epperson, Driscoll Foundation Children's Hospital, Corpus Christi, treasurer.

**Ten Arrested**

MEXICO CITY (AP) — Ten persons charged with the bombing of the home of Senate leader Manuel Moreno Sanchez and two others May 3 were jailed Wednesday pending trial. General Luis Gonzaga Hernandez Flores, a retired Army officer, said to have headed the gang, and nine aides were sent to the city preventative jail.

# Dallas Spitting Trial Near Jury

DALLAS (AP)—The aggravated assault trial of a young man who testified he pit into Adlai Stevenson's face and called him a traitor entered its final stages today.

The defense rested Wednesday and Judge Newton Fitzhugh recessed court until 9:30 a.m. (CST) to prepare his charge to the jury in the case of Robert

E. Hatfield, a 22-year-old dimpled salesman.

Hatfield is being tried on charges of spitting on one of Stevenson's escorts during the Oct. 24 demonstration here, Officer L. R. Larsen. An offense against a policeman carries a more severe penalty than one which might involve the United Nations ambassador.

On the stand Wednesday, Hatfield showed state's lawyer Ben Ellis how he walked up to Stevenson after a United Nations Day speech, called him a traitor and then spat. One woman swung a cardboard placard across Stevenson's forehead during the shouting and singing demonstration.

Hatfield denied spitting on Larsen and said he did not see the officer. Larsen testified he was a victim.

If convicted, Hatfield faces a maximum two-year jail term and \$1,000 fine.

The salesman also testified that his pretty brunette wife Barbara then pregnant, was holding his arm when he spat upon Stevenson. Mrs. Hatfield appeared briefly on the witness stand.

Hatfield said a cursing crowd gathered around Stevenson as he walked toward his car in a parking lot. Cubans whom Hatfield called anti-Castroites were picketing the ambassador's appearance, some of them "almost crying," he said.

Hatfield said he joined persons who were singing patriotic songs and were the target of penny-throwing by "hostile people."

Mrs. Cora Frederickson, 47, was charged in the placard-swinging incident. She failed to appear in court in January and forfeited a \$25 bond.

## Smith, Schmidt Signed By A&M

COLLEGE STATION (AP)—Texas A&M, already with the top freshman track team in the Southwest Conference, added some more punch for next season with the signing of a couple of junior college boys.

The junior college stars are Gilbert Smith, a 9.4 100-yard dash man, and William Schmidt, a 9.8 man, both from Blinn College.

Smith won the 220 yard dash in the National Junior College Track and Field meet held in Big Spring last weekend, at which time he was clocked in 21.6. He placed third in the 100, having been timed in 9.6. Schmidt had a leg on the Blinn sprint relay team, which finished fifth at Big Spring.

## Texas Methodist Unit Will Admit Negro Churches

SAN ANTONIO (AP) — The Southwest Texas Conference of the Methodist Church has endorsed a plan to abolish the Central Jurisdiction and absorb the jurisdiction's Negro churches into its conference.

The plan, adopted last month by the General Conference in a move to end segregation within the church, was supported Tuesday in a resolution at the area conference's annual meeting.

Six jurisdictions make up the Methodist Church in the United States. All but the all-Negro Central Jurisdiction are on the basis of geographical boundaries.

The 196th annual meeting of the Southwest Texas Conference opened Tuesday and will end Friday with the announcement of ministerial appointments for the coming year.

## Blinn Advances To Nationals

ABILENE — Blinn College of Brenham won a trip to the National Junior College Baseball tournament by defeating Amarillo College in both ends of a doubleheader here Wednesday, 4-1 and 10-3.

Blinn will carry an 18-4-1 won-lost-tied record to Grand Junction, Colo., site of the National tournament, with it. Amarillo finished with a 20-6 record.

The National tournament starts May 29 and extends through June 4.

## Scattered Moisture Falls In Far South Texas Area

By The Associated Press

Moisture ranging from light rain to thundershowers fell over far South Central Texas today, where downpours as heavy as three inches dropped Wednesday.

Other areas of the state were clear to partly cloudy, and warm.

The Weather Bureau said the thundershowers would spread to the west later today.

Rain fell most of Wednesday

from the Rio Grande Valley to San Antonio, with the community of Agua Dulce, west of Corpus Christi, recording 3 inches.

Early today, temperatures varied from Palacios' 75 degrees to 64 at Dalhart, Amarillo and Wichita Falls.

It was chilly from the Great Lakes region to the northern and middle Atlantic States today but fairly warm weather was reported in most other parts of the nation.

Showers sprinkled areas in the South and Far West but generally dry weather prevailed in most other sections.

The cold air and brisk winds which held temperatures to the 40s in some northern Midwest areas Wednesday cleared the skies of rain clouds and clear weather was reported in most of the chilly belt.

Temperatures in the 30s were reported in some northern areas from Michigan to Maine. Frost warnings were posted for parts of New England and northeastern New York, with scattered frost indicated in Lower Michigan, northern Ohio and the deep valleys of western Pennsylvania.
