Insurance For Autos Shows Dip

AUSTIN (AP)—The Insurance Board disclosed today proposed new auto insurance rates. These indicate an average statewide reduction of 1.2 per cent.

The board said the lower rates, taking effect Aug. 1, would result in an annual premium decrease of \$3 million. A total of \$363 million in auto insurance was sold in Texas last year.

The rates were reviewed by the board for industry spokesmen at an annual hearing. The board's proposals are based on 1963 auto insurance losses. Industry comments will be considered by the board before it finally sets the rates.

Statewide averages show a decrease of .3 per cent in bodily injury premiums and an increase of 9.6 per cent for property damage liability premiums. The combined bodily injury and property damage liability insurance rate change is an increase of 3.8 per cent. Collision insurance experience indicated an average decrease of .5 per cent in rates for that type of coverage.

On a statewide basis, 1963 liability rates were increased 6.2 per cent and collision rates were 8.4 per cent over 1962.

Other board statistics indicate a decrease of 15.5 per cent in rates for comprehensive coverage, and an increase of 8.7 in rates for medical payments coverage.

Bodily injury and property damage insurance rates proposed by the board for private passenger autos not driven by men under 25, not used for business but driven to or from work, for minimum financial responsibility coverage of \$10,000 for injury or death to one person, \$20,000 for injury or death to two persons and \$5,000 for property damage, are by territory (counties):

- 1. Harris, down from \$72 to \$71. 2. Dallas, up from \$59 to \$62. 3. Bexar, up from \$44 to \$46. 4. Tarrant, up from \$47 to \$49. 5. El Paso, remains at \$55. 6. Orange, remains at \$55. 7. Nueces, remains at \$49. 8. Bowie, down from \$45 to \$41. 9. Gregg, Rusk, Smith and Upshur, down from \$43 to \$41. 10. Lubbock, up from \$45 to \$49. 11. Taylor, up from \$39 to \$41. 12. Webb, up from \$65 to \$62. 13. Grayson, up from \$39 to \$42. 14. Potter and Randall, up from \$39 to \$41. 15. Cameron, Hidalgo, Starr and Willacy, down from \$37 to \$36. 16. LBJ Sends Marines To Mississippi

Search Spreads For Rights Trio

WASHINGTON (AP) — President Johnson ordered 200 Marines to join the search today for three civil rights workers missing in Mississippi.

The President's order was announced by George E. Reedy, White House press secretary, who said the Marines were being moved into the search area near Philadelphia, Miss., from Meridian, where he said they had been based.

Asked how long the troops had been at Meridian, and whether they had been brought there on a stand-by basis, Reedy referred all inquiries to the Defense Department.

In addition to the 200 Marines, Reedy said, eight military helicopters will join an augmented force of FBI agents, federal marshals and state patrolmen in hunting for the three youths who vanished Sunday night. Their fire-gutted station wagon was found Tuesday on the edge of a swamp near Philadelphia.

Reedy said the Marines were ordered to make a complete and intensive survey and search.

Asked whether the troops were armed, Reedy said, "They're there solely for searching."

Before ordering military units into the search, Johnson conferred with FBI Director J. Edgar Hoover and Burke Marshall, assistant attorney general in charge of the Justice Department's civil rights division.

Reedy was asked whether Gov. Paul B. Johnson Jr. of Mississippi had asked for the troops. He replied: "This is a cooperative effort. There has been complete cooperation at all levels."

Reedy added that it was not a case of people standing off looking at each other with drawn bayonets.

Reedy said the Marines were ordered from Meridian to Philadelphia because they were "the nearest convenient people" to the search scene.

Although he suggested that the troops had been in Meridian for at least several days, he referred all detailed inquiries on that subject to the Pentagon.

PHILADELPHIA, Miss. (AP) — Federal and state officers renewed their intensive search at daybreak today for three missing civil rights workers and planned dragging operations in several bodies of waters in this east-central Mississippi area.

As fear mounted that the three workers would not be found alive, a highway patrol spokesman said searchers would check all buildings, out buildings and recent excavations.

"There is still no indication, no definite leads for us to go on," said Art Richardson, public information officer for the Mississippi Highway Patrol.

Grady Gilmore, public relations director for the patrol, said earlier: "It is hard to believe that three people could just be swallowed up without somebody hearing or seeing them."

The trio was last seen Sunday night.

The charred hulk of the station wagon they used was found by FBI agents in a swampy area near a lonely road late Tuesday.

Allen Dulles, sent to Mississippi to gather information for the White House on the missing workers, conferred at Jackson with Gov. Paul B. Johnson.

Medicare Hopes Switched To Senate By President

WASHINGTON (AP)—President Johnson's chances of getting his medical care program now hinge on the Senate—and perhaps on his ability to persuade key House members later.

The President lost round one Wednesday when the House Ways and Means Committee shelved the Social Security health program.

The committee, however, did vote for a 5 per cent increase in cash payments to Social Security retirees.

If Congress acts promptly, passing the bill in July, the October pension checks could reflect the increase.

\$77 AVERAGE

Social Security retirement now averages \$77 for an individual, with a top of \$127. A wife 62 or older means an additional 50 per cent. A tax boost to pay for the increase would go into effect Jan. 1.

When members of the American Medical Association's House of Delegates meeting in San Francisco heard of the committee's decision against the plan they stood up and cheered.

The AMA has been one of the strongest and most vocal opponents of the medical care plan and its president, Dr. Thomas A. Welch, said, "We are confident that this decision is in keeping with the attitude of the majority of the American people."

Rep. Cecil R. King, D-Calif., co-author of the health plan, seized the initiative in shoving it when it was obvious that a vote would mean defeat.

NO RECORD

As a result, if the House finally does get a medical care plan from the Senate, there will not be a record of committee rejection. King's motion was to con-

fine the present bill to retirement matters.

Then, in what appeared on the surface to be a reversal of roles, Democratic liberals on the committee voted against a Republican move to make the Social Security retirement increase 6 per cent instead of 5 per cent. They defeated this move, 12 to 12—a tie loses un-

der committee rules.

The theory was that the cost of a hospital plan would have to be added to the price for retirement increases. By keeping these at the 5 per cent level, some supporters of the health plan reasoned, they might make it possible for the Senate to superimpose health benefits without requiring an impossibly high tax rise.

CIGARETTE LABELS

Court Battle Probable, Says Tobacco Industry

WASHINGTON (AP) — The tobacco industry today denounced the new federal rule on cigarette labels and advertising as unlawful, unwise and unfair and said "we shall oppose it in the courts if necessary."

The rule, announced Wednesday by the Federal Trade Commission, would require tobacco manufacturers by next year to include a warning in cigarette labels and advertising that smoking may cause death from cancer and other diseases.

The industry's firm opposition to the rule was made clear by Bowman Gray, chairman of the board of the R. J. Reynolds Tobacco Co., as he testified before the House Commerce Committee.

LITIGATION

A court challenge could mean years of litigation on whether the FTC rule could go into effect.

Paul Rand Dixon, chairman of the FTC, told the committee he hopes the industry will comply voluntarily, but he added: "They can take this rule to the

nearest court and ask for a review. I'm satisfied this will happen."

Later, Sen. B. Everett Jordan, a Democrat from tobacco-producing North Carolina, said: "I have been in touch with leaders and representatives of growers, warehousemen and manufacturers and these groups have already agreed to take the matter to the courts immediately."

AUTHORITY

And Albert G. Clay, president of the Burley Auction Warehouse Association, questioned the commission's authority to enforce the ruling. He said he thinks the manufacturers will take steps immediately to challenge it.

The FTC, in the rule announced by Dixon Wednesday requires all cigarette manufacturers to label their products by Jan. 1 with a warning "that cigarette smoking is dangerous to health and may cause death from cancer and other diseases."

Ward Hall Dies, Funeral Friday

Ward R. Hall, 54, member of the Colorado River Municipal Water District and a former city commissioner, died at 2:50 a.m. today of a heart involvement.

He had entered the hospital at 10:30 p.m. Tuesday after having suffered an attack. He had been in semi-retirement several years, having suffered a severe attack half a dozen years ago.

Services will be at the Nalley-Pickle Funeral Chapel at 3 p.m. Friday with his pastor, Dr. H. Clyde Smith, minister of the First Methodist Church, officiating. Burial will be in Trinity Memorial Park. The casket will be open until time for services, and then closed and not reopened.

Mr. Hall had been a resident of Big Spring 36 years and had been active in business and civic affairs.

During his last year as city commissioner, he was mayor pro tempore.

After his initial serious illness, he became semi-retired but did deal in some real estate development. He held a tract of land in the eastern part of the city.

Born in Humboldt, Kans., Dec. 12, 1909, he came to Big Spring in 1928 from Coleman. For many years he was associated with his father, the late George W. Hall, in the operation of a car wrecking service. Following his father's death, he directed operations of the business.

He served in the Air Force during World War II, having been stationed at the Big Spring Bombardier School. In April, 1955 he was elected as a member of the Big Spring City Commission and was re-elected in 1957. Mr. Hall also served as mayor pro tem from April, 1958 until his retirement from office the following year.

City commissioners then named him to the board of directors of the Colorado River Municipal Water District in January of 1960 to succeed the late Curtis Driver, and he had been an active member since then, serving on the district's recreation committee.

Mr. Hall was a member of the First Methodist Church, the Elks Lodge, the American Legion, and was on the board of the Howard County Hospital Foundation.

He was married Dec. 19, 1936 to Nell Davis, and for a number of years they have made their home at 1700 Runnels. Beside Mrs. Hall, he is survived by one daughter, Linda Elaine Hall, of the home; his mother,

WARD R. HALL

Mrs. George W. Hall, B. I. Spring; a brother, Harold Hall, Big Spring; and a sister, Mrs. Conrad (Harrlette) Reeves, Abilene.

Pallbearers will be Stanley Wheeler, Stanton, Maurice Coaker, W. E. Ramsey, Everett Lomax, Lee Porter, H. W. Wright, Raymond Tollett, and R. W. Whipkey. All friends will be considered honorary pallbearers.

Johnson Wants Viet Efforts Beefed Up

WASHINGTON (AP) — President Johnson has passed the word to aides that along with the assignment of his new top command team to South Viet Nam, he wants the whole U.S. mission in Saigon beefed up as much as possible.

In taking a new look at the Southeast Asian crisis because of the resignation of Ambassador Henry Cabot Lodge, Johnson is said to have determined that the time has come for the United States to make a major effort, as some officials phrase it, "to turn the war around."

Some top authorities believe the firm leadership of South Vietnamese president, Maj. Gen. Nguyen Khanh, is beginning to show results, that improved U.S. techniques in training South Vietnamese forces is also showing results and that the ill effects in disorder and damaged morale of the political upheavals of last fall and winter are beginning to be overcome.

stood, had expected that Lodge, the kingpin of the U.S. organization and effort in South Viet Nam, would remain on the job until August. But Lodge decided for what he has called purely personal reasons that he had to leave almost at once. He said he wanted to help Pennsylvania Gov. William W. Scranton in his effort to win the GOP presidential nomination. Johnson announced Tuesday the acceptance of the resignation which Lodge submitted last Friday.

At the same time, and according to a principle that had previously been adopted that there should be no gap between Lodge and his successor, Johnson announced an unprecedented combination of talents and experience would be sent into the U.S. Embassy at Saigon—with Gen. Maxwell D. Taylor, leaving the chairmanship of the Joint Chiefs of Staff, to become ambassador, and Deputy Undersecretary of State U. Alexis Johnson to become deputy ambassador.

Already on the scene was Lt. Gen. William C. Westmoreland, who a few days earlier had taken over as chief of U.S. military forces from Gen. Paul D. Harkins.

Grand Jury Votes 23 Indictments

Howard County Grand Jury for the June term of 118th District Court turned in 23 indictments against as many individuals in its report to Judge Ralph Caton Wednesday afternoon.

Included in the indictments were those against Ramon Torres, Jose Flores Martinez, Ismael Patiño and Nicholas Paradez, accused of rape. The quartet is alleged to have criminally assaulted a 14-year-old Latin American girl on the night of April 19.

Also indicted was J. C. Valdez, on a charge of attempted rape. He is accused of attempting to assault his 13-year-old daughter April 2.

Two indictments alleging illegal possession of narcotics were returned. Lorenzo Cevallos was billed, but his codefendant, Jesse Angel Cevallos, was not indicted.

The police alleged they apprehended the Cevallos with a quantity of heroin in their possession June 13.

Ismael Valdez, accused of having a marijuana cigarette in his pocket when arrested on another charge April 26, was also indicted.

Cornelius McCloud Jr., alleged to have robbed Robert T. Carpenter, a filling station attendant, March 23 by menacing him with a knife, was billed by the jury.

Not indicted was Mrs. Heerstein Rowell, charged with assault with intent to murder. Mrs. Rowell was said to have shot John Hipolito with a pistol as climax to a family quarrel over a stolen dog on the afternoon of May 26.

Others indicted included Thomas Allen Mead, burglary, in connection with a break-in at Gound's Pharmacy Nov. 4; Wilbert R. Darnell, burglary, in connection with the theft of groceries from Marvin's Grocery in Sand Springs, April 14.

Donald Lee Varner, forgery and passing; Clarence Reed, forgery and passing; Benjamin Franklin Curry, DWI second offense; Lloyd O'Dell, forgery and

passing. Jesus Raymond Loya and Robert Villareal, accused of the May 9 burglary of the McMahon Concrete Co. office, were indicted.

Ralph Hendrix Williams and Wayne Bartlett were indicted for theft over \$50; Virgil Nail was indicted for DWI second offense, and Emmett C. Hartmann, for failure to stop and render aid.

Stephen Estes Roberts and John B. Ewing Jr., charged with theft by bailee, were indicted but no bill was voted against Barbara L. Roberts, charged with the same offense.

Hurlie Joe Johnson, charged with burglary of Bud and Joe Liquor Store on June 4, was indicted for the offense.

A charge of assault with intent to murder, pending against Earl Mays, was reduced to aggravated assault and the complaint transferred to the county court. Mays was alleged to have beaten his wife, Nita Van Mays, with a rifle.

Merrill Johnson, charged with DWI second offense, had his complaint reduced to a misdemeanor and transferred to the county court.

The grand jury did not indict Paul Smith Linder, charged with DWI second offense; Almus Henry Hill, attempted burglary; Don Kirkpatrick, theft by bailee; Jerry Swain, worthless check; Penny Mattingly, worthless check; and Robert Pearson, worthless check.

Sgt. Fudge Given Honor

At the wing staff meeting at Webb Air Force Base, Col. A. F. Taute, wing commander, presented Sgt. Patrick W. Fudge, flight surgeon's office, with a check for a \$50 U.S. Savings Bond and a congratulatory letter from Lt. Gen. Robert W. Burns, commander, Air Training Command.

Cub Olympics Set Saturday

Scores of Cubs will match skills in athletic events Saturday at the old football stadium at 5:30 p.m., when the annual Cub Scout Olympics will be held.

There will be competition in the 30-yard dash, javelin throw, shot put, broad jump and 80-yard relay. In addition, demonstrators will have a special contest.

Pageantry will mark the event, for the olympics will open with entry of a runner bearing the flame to light the olympic torches. After awards have been made from the olympic pedestals, a ceremony will mark the extinguishing of the olympic torches.

Among those who have charge of the various contests are J. W. Dickens, George Weeks, Garner Thixton, Charles Conroy and Warden Mayes. Rev. James Puckett, East Fourth Baptist pastor, will word the invocation.

Mattress Fire

Firemen extinguished a mattress fire at the Joe Nixon residence, 601 Runnels, about 7:45 p.m. Wednesday. Only the mattress was burned, according to firemen, who said the blaze apparently was caused by a cigarette.

Controlled Explosion Emphasizes Safety

A Texas Railroad Commission representative, Hugh F. Keepers, shows how a flash electric motor or wiring can cause a flash explosion around liquefied gas products. Looking on are K. H. McGibbon, Big Spring, (left) and Clifford Dunn, the Texas Butane Dealers Association. The explosion chamber was part of instruction at a one-day clinic on safety here today.

Petroleum Dealers Attend Safety Clinic Here Today

Petroleum dealers from cities in a 100-mile radius of Big Spring attended a one-day clinic on safety in handling liquefied petroleum gas in Big Spring today.

More than 25 persons were attending the sessions, in the First Federal Savings & Loan Building.

Instructors from the Texas Railroad Commission, Texas Butane Dealers Association, Texas Department of Public Safety and several private firms are conducting the clinic. K. H. McGibbon is local co-ordinator.

The afternoon program was to include sessions on safety in venting and on the highway and a program on storage valves, fittings and safety devices. The clinic was to conclude at 4:30 p.m.

Railroad Commission representatives displayed an explosion chamber which simulated a flash explosion from a faulty electric motor or wiring as part of the clinic's safety instruction.

The morning sessions included a welcome by McGibbon and talks on characteristics of liquefied gas and safety precautions.

Ways to comply with suggestions made Monday by visiting executives and industrial specialists for Big Spring's future industrial development were discussed by members of the Chamber of Commerce Industrial committee Wednesday.

E. E. McKinney and Bill Layfield told the commission they had a problem in common—difficulty in getting into and out of their property. McKinney's entrance is on Thorpe Road, north of his home; Layfield's is west on Clanton.

The two tracts were incorrectly given to a reporter as being in Western Hills, but this is not the case. They are west of the subdivision, one being a seven acres (out of Tract 11) and the other five acres (out of Tract 11), Kennebeck Heights. All of the lots in Western Hills have ingress and egress on paved streets and dedicated alleys.

Ways Studied To Attract Industry

The city is waiting on delivery of two dump trucks before beginning its seal coat program, according to Ernest Lillard, director of public works.

One 10-cubic yard capacity truck already has arrived, and two 8-cubic yard trucks, have been ordered, he said. The city commission recently authorized purchase of the trucks.

Commissioners also, acting upon a recommendation from Lillard, rejected all bids on the seal coat program. He contended the job could be done with city forces at a significantly lower rate than the bids that were received.

Lillard said all that is needed now is a spreader box and a roller. This equipment, already budgeted in the street program, will be rented. He estimated the project can be completed in about eight days at a cost of about \$15,000. Work should begin about July 6 or July 13, he said.

Admits Charge Minor Accidents

Roy Harrison, charged with shoplifting, admitted Wednesday that he took four pairs of scissors and a billfold from a local variety store. He pleaded guilty to a misdemeanor charge pending against him and Lee Porter, county judge, sentenced him to serve 60 days in the county jail. It was the third jail sentence for shoplifting levied against Harrison. He drew 60 days in November, 1959, and a 30 day sentence in July, 1963.

Coin Club Names New Officers

COAHOMA (SC) — New officers of the Coan Coin Club have been announced. Clay Bell is the president, Bill Kennedy is the president, Bill Kennedy, Big Spring, vice president; Mrs. Andy Wilson, secretary; Mrs. Clovis Phinney Sr., treasurer; Mrs. Leonard Kinder, reporter. Two new members, Roy Bell, Big Spring, and Wayne Lillard, were added to the rolls at the last meeting. The club meets in the Coahoma High School library.

Weather Forecast

Until Friday Morning Figures Show Low Temperatures Expected

Shower and thundershowers will prevail Thursday evening over the south Atlantic states and in an area from the southern plateau into the Rio Grande Valley. It will be cooler over the northern and central Atlantic states while warmer readings will prevail over the Mississippi, Ohio and Tennessee valleys. Little temperature change is expected west of the Mississippi. (AF WIRE PHOTO MAP)

Two Jailed For Scuffle During Wade-In Attempt

ST. AUGUSTINE, Fla. (AP) — Two persons were arrested today after a fight broke out during another attempt by Negroes to integrate the St. Augustine Beach.

The Negroes were escorted to the beach by state troopers and were met again by a group of whites standing shoulder to shoulder.

One Negro attempted to go through the line and was struck by a white man. Both were taken into custody.

The Negroes asked state officers to break up the line of whites and allow them access to the water. The officers refused.

When the Negroes attempted a flanking movement and the whites started to cut them off, the state trooper in charge ordered the beach cleared and the Negroes retreated to their cars.

The demonstration was the latest maneuver of integrationists whose leader, Dr. Martin Luther King Jr., has pledged no letup in a drive for racial desegregation at St. Augustine.

King returned Wednesday after a week's absence to resume command of demonstrations by his Southern Christian Leadership Conference.

Wednesday night, a parade of about 100 Negro and white civil rights demonstrators met twice with about 300 marching white segregationists, but several hundred policemen kept the groups apart.

Police arrested four civil rights demonstrators during the wade-in on St. Augustine Beach.

Rites Set For Mrs. Juarez

Mass will be read at 8:30 a.m. Friday in Sacred Heart Catholic Church for Mrs. Beatrice Juarez, 44, 506 NW 8th, who died at 2:35 a.m. Thursday in a local hospital after a lengthy illness.

Mrs. Juarez had been a resident of Big Spring 27 years. She was born March 20, 1920 in San Antonio.

The body will lie in state at the residence until the service Friday. Mass will be read by Rev. J. P. Delaney, pastor of the Sacred Heart Catholic Church.

Mrs. Juarez was a member of the church. Burial will be at 9 a.m. Friday in City Cemetery under direction of Nalley-Pickle Funeral Home.

Survivors include the husband, S. G. Juarez, and four daughters, Margarita Juarez, Cruz Juarez, Carmen Juarez, and Vicky Juarez, all of Big Spring.

Watch For Kids, Chief Banks Says

Police Chief Jay Banks today asked motorists to be especially careful at this time of year.

"Children are out in the streets and in the parks in greater numbers during the summer," he said. Because of their age, children sometimes are not as careful as an adult in crossing streets, and they tend to forget to watch for cars while playing games, he added.

The chief said parents in the Kentwood Addition called him Wednesday, complaining of teenagers who were driving recklessly in the area.

"This type of driving is especially hazardous to children," said Banks. He reminded motorists to watch for children at all busy intersections, but particularly near churches and schools.

Maxwell Barr Wins Honors

SNYDER — A Howard County youth won second place honors in individual judging at the Texas Junior Hereford Association field day near Snyder Saturday. Maxwell Barr placed second with 289 points out of a possible 300.

Some 500 persons attended the field day at the Winston Brothers Ranch near Snyder.

A Knott contestant, Larry Shaw, won third place in a public speaking contest. Top Scurry County contestants in individual judging were Bob Daugherty, Phylanna, and Janet Martin, Snyder.

J. C. Sales, Stanton Hereford breeder, was a judge for the events. Bobby Sales, Stanton, demonstrated grooming and showing of Herefords.

A Howard County 4-H member, Mark Barr, talked on "We are proud of our association," as part of the program. John Jarrell, Ezel-Key Grain Co., Snyder, presented engraved trophies to winners of field day divisions.

Myers' Death Date Friday Expected To Be Postponed

In southern Missouri, Miss Wernicker was shot to death and her body left in the heavily wooded countryside near Thayer, Mo. The shooting near Thayer followed the next day.

Ultimately Myers was tried for the DeKraai murder and found guilty by a jury in Rusk, where the case had been shifted on a change of venue. The jury decreed death for the itinerant Illinois cafe cook. The appeals court set aside the verdict on a ruling the jury had misconducted itself in considering the verdict.

Another attempt to try Myers was made by Gil Jones, district attorney, at Tahoka but the case could not get off the ground. Jones then contacted Illinois authorities and Sheriff Joseph came to Big Spring and took custody of Myers.

Meantime, Donna Marie Stone, the girl friend, had been sent back to Illinois after the Rusk trial of Myers. She pleaded guilty to the part she had in the slaying of Carol Ballard. She was sentenced to an indeterminate term in the reformatory in Illinois.

What happens next in the much litigated Myers' case remains to be seen.

It appears most doubtful that he will take his seat Friday morning in the electric chair as Judge Fleming had sentenced him to do.

Upstarts Bid For Success

By JOHN GALE
Associated Press Sports Writer
WIMBLEDON, England (AP)— Wimbledon tennis championships — packed so far with hairbreadth escapes — are also living up to their colorful reputation as an arena for giant killers.

With only three days play complete, three of the men's seeds already have been vanquished.

In addition, the personal ambitions of several much fancied players including the reigning champion Chuck McKinley from San Antonio, Tex., have been rudely threatened by brush and young up-and-comers on the international tennis circuit.

The perils of Pauline have nothing on Wimbledon these days. Any ranking player can expect trouble in almost any round.

McKinley's close shave came at the height of battle with Tom Koch, the 19-year-old Brazilian prospect who is rated in some quarters as a top player of the future.

At two sets all with Koch leading 1-0 and 40-30 against service in the fifth, the champion struggled to survive. He made it — but with not much to spare — 3-6, 6-3, 6-4, 5-7, 6-4.

The record contrasted oddly with McKinley's Wimbledon performance last year when he went through the tournament without dropping a set.

The three seeded players already out are Dennis Ralston, No. 5, from Bakersfield, Calif.; Italy's Nicola Pietrangeli, No. 7, and Australia's Martin Mulligan, No. 8.

Pietrangeli and Mulligan both succumbed tamely in straight sets — the Italian losing to Pierre Barthes of France 6-3, 7-5, 6-4, and the Australian going deep under to his compatriot Bob Hewitt 6-4, 6-2, 6-4. The girls'...

HOOK FINDS IT ROUGH

TACOMA, Wash. (AP)— Denver's Jay Hook, former National League hurler, pitched nine innings of no-hit baseball Wednesday night only to lose the game in the 10th when he yielded a single to Tacoma's Jay Ward and a double to Carl Boles that gave the Giants a 2-1 victory in a Pacific Coast League game.

ants looked pretty fragile. Even No. 1 seed Roy Emerson of Australia dropped a set against a tooth-and-nail fighter from Yugoslavia, Nicola Pietrangeli. The final score was 6-3, 11-9, 3-6, 6-4.

Harris Plans Future Well

CLEVELAND (AP)— Arnie Palmer and Jack Nicklaus used the National Amateur Championship as a stepping stone to golfdom's golden glory — and now comes Labron Harris Jr., 1962 king of the play-for-fun group, to make his bid.

The 22-year-old Harris, a mathematics graduate of Oklahoma State University, where his dad has been golf coach since 1941, has a dollar sign in his eye in his realistic approach to the game.

"I like to play golf, and I wouldn't have much chance to do the money won list, Harris said. 'The next 10 years would be required for me to get myself up in some sort of business, and I'd have to give all my time to it. But I think I can make a good living at golf. If I can't I'll find out in a hurry.'"

Noting that Nicklaus and Palmer, both former amateur winners, were currently 1-2 in the money won list, Harris said, "They are great golfers. You can't compare my game to theirs."

Harris did not play in Wednesday's pro-amateur preliminary in which Don Fairfield got a big break and \$800.

Fairfield was not among the 50 pros certified by the PGA but was called in off the practice course to replace injured Ed Furgol. Fairfield and three public links partners carved out a best-ball 59 despite a 77 by Don and it stood up for the big prize.

In the individual scoring race, Bill Collins, Harold Kneace and Bobby Nichols picked up \$833 for scores of 69.

Barrera Winner Over J. Moreno

CORPUS CHRISTI (AP)— Humberto Barrera was on his way back up the fistic ladder today.

The bantamweight, who quit fighting 13 months ago when he was beaten by Manny Elias of Phoenix, started a comeback Wednesday night with a sixth-round knockout of Jose Moreno of Monterrey, Mexico.

At the time of his defeat he was ranked No. 10 among the world's bantamweights. Barrera and Moreno each weighed 124 pounds.

Riled Dodgers Rout Redlegs

By DICK COUCH
Associated Press Sports Writer
Walter Alston didn't appreciate the beating his Los Angeles Dodgers took in the National League All-Star poll the other day but it's unlikely he'll demand a recount.

Alston will take base hits over ballots any day and the Dodgers have been on a hit rampage since their shutout in the NL player vote for the 1964 Classic. The Dodgers, pummeled throughout the early part of the season, exploded for the second time in three days Wednesday, burying Milwaukee 15-4 behind a 19-hit barrage good for 32 title bases.

The offensive binge was the biggest thus far for the world champions, topping their 15-hit output in Monday's 10-9 victory over the Braves.

The contributions of Maury Wills and John Roseboro to Wednesday's rout undoubtedly soothed Alston's feelings further. The manager was particularly miffed when neither was named to the first or second All-Star teams.

Wills stroked four singles and drew a walk in five times at bat, scored three runs, drove in one and stole his 24th and 25th bases. Roseboro hit a home run, his second of the season.

Elsewhere in the NL, Philadelphia outlasted Chicago 9-5. San Francisco shaded Cincinnati 2-1, Houston trimmed St. Louis 7-5 and Pittsburgh topped New York 3-1.

The Dodgers' assault on five Milwaukee pitchers helped Dean Drysdale breeze to his 18th victory. The big right-hander chipped in with a single and double and drove in a run.

The victory left Los Angeles one victory short of the 500 mark and 2½ games behind fourth-place Cincinnati. It also bolstered Alston's case for adding several Dodgers to the All-Star squad he'll manage against the American League on July 7.

John Herrstein's seventh-inning home run proved decisive for the league-leading Phillies, who blew an early 5-1 lead.

Smith's Torrid Bat Big Help In Angels' Surge

By MURRAY CHASS
Associated Press Sports Writer
Willie Smith is in a rut, and the Los Angeles Angels hope it gets even deeper.

Smith, a refugee from the pitcher's mound, delivered the game-winning hit for the third consecutive night as the Angels whipped Washington 9-5 Wednesday.

The newly converted outfielder drove in five runs with a homer and a triple, lifting Los Angeles to its eighth straight victory, longest streak in the majors this season and longest in the team's 3½-year history.

Smith's latest performance was an abbreviated one — he didn't enter the game until the fifth inning. Still he raised his batting average 21 points to .340 and increased his RBI total to 15 in 50 times at bat.

Despite his monotonous onslaught, Smith proved he is fallible. When he appeared as a pinch hitter in the fifth, he reached first base only because of an error.

And after lashing the triple, he was picked off third by catcher Mike Brumley as Bob Dooliba struck out.

In other AL games, Baltimore defeated New York 7-4, Chicago trounced Boston 8-1, Detroit battered Kansas City 9-5 and Minnesota nipped Cleveland 3-2 after losing 12-3.

Kiwanis Wins By 7-3 Tally

The pace-setting Kiwanis finished with a flourish to defeat the Optimists, 7-3, in Junior Baseball league competition here Wednesday night.

The Kiwanis club was blanked until the fourth, when Armstrong crossed the plate. The leaders then proceeded to score three times in the fifth and three more in the sixth.

Charles Burdette was credited with the mound win while John Watkins was saddled with the defeat. The Optimists' pitcher, Tommie G...

Hicks Will Run In AAU Meet

CORPUS CHRISTI (AP)—Roy Hicks, the former Corpus Christi schoolboy track star, is going to the National AAU meet Friday and Saturday to see if he can qualify for the Olympic trials.

Hicks has been bothered with a pulled leg muscle and hasn't been up to his early season performance when he ran the 120-yard high hurdles in 13.4. He is a top high jumper but will have to forego this event in the AAU because of the leg injury.

He has been in the Army and received the injury just before he got out.

LOOKING 'EM OVER

Following is what probably should be regarded as a partial list of former Big Spring High School athletes who are now coaching athletic teams:

- B. B. Lees, head coach at Eastern New Mexico University, Portales, N.M.; Bobby Hayworth, Lubbock Monterey varsity assistant; Hugh Cochran, head basketball coach, Odessa High; Bobby Savage, head football coach, Des Moines, Iowa, East High; Tabor Rowe, head football coach, Wink High School; Gordon (Moe) Madison, head basketball coach, Odessa Ector High; Jerry Graves, head football coach, Odessa Crockett Junior High. Can anyone add to the list?
- For a couple of years, local linksters who have occasion to play New Mexico courses have been bringing back stories of a prodigious golfer named Bill Mullican, who calls Alamogordo, N.M., home. It appears now that young Mullican will enroll at Odessa College this fall. Coach Jimmy Russell says he has Mullican all lined up. The two will play together in the upcoming Odessa Pro-Am.
- In event you've lost track of Clyde (Bulldog) Turner, the former pro football great, he operates his own ranch at Picoke, near Gatesville, Texas. Turner is also on the promotional staff of Paleface Park, a five-eighths-mile racing oval 27 miles west of Austin. The all-time all-pro center was the first rookie ever to coax a salary of more than \$2,400 per annum from George Halas of the Chicago Bears. Bulldog's most recent brush with football came when he served as coach of the New York Titans of the AFL in 1962. He received three-quarters of a year's pay for not coaching the club in 1963 but had to go to court to collect the money. Harry Wismer, who had hired Turner, had entered a petition for bankruptcy and for a time it appeared Turner or anyone else was going to get any money out of the defunct organization. Turner and Big Spring's L. L. (Red) Lewis were in school at the same time at HSU and played the same position on the football team. HSU's coach, Frank Kimbrough, took a dim view of Turner's off-campus demeanor one year and took him off scholarship. Bulldog continued to play for the Cowboys but divided time equally at the position with Lewis. Bill Herron, Odessa High School's new head football coach, attended public schools at Bronte, where he won four varsity football letters. In 1954, he was hired as head basketball coach at Seguin High School but went into the business world instead. He's been at Odessa since 1958. The rumor keeps recurring that the Milwaukee Braves will move to Atlanta, Ga., in 1965 unless they draw a million customers at home this year. That isn't likely to happen. The word around Atlanta is that the deal is set, with an Atlanta TV station already having guaranteed the Braves \$5.5-million during their first five years of operation. The station reportedly is already in the process of lining up a Southeastern network. If that sort of money is being offered, then the Braves' television arrangement will rival that made for the Los Angeles Dodgers and the New York Yankees.

ance classes for adults, and halter and performance activities for youngsters. Prizes include trophies or belt buckles for first place winners, ribbons for other places and trophies for grand champions, reserve champions and all-around performance.

Judges for the show will be Jim Niece, Lovington, N. M., and Clyde Miller, Fluvanna. Entries may be made by mail to V. W. (Corky) Ogden, Gail Route, Luther telephone EX-4240 at Luther or on the grounds Sunday before competition begins.

The show has the sanction of the American Quarter Horse Association, Golden Spread Quarter Horse Association, National Cutting Horse Association and the Quarter Horse Association of West Texas.

'Dead' Pennsylvania Dutch Language Shows Fresh Vigor

HELLERTOWN, Pa. (AP)—For a language believed by some linguists to be dying out, Pennsylvania Dutch is showing extraordinary vigor.

One who scoffs at the idea that the dialect is doomed is Robert Hoppes, 72, a retired teacher and a prime mover in a crusade to perpetuate Pennsylvania Dutch in speech and in print.

Hoppes and his colleagues say it is necessary to get rid of some notions about the language that they say have been spawned chiefly by opportunists among those catering to tourists.

The Pennsylvania Dutch known to the public is largely an assortment of rustic dialogues, homely aphorisms and mixed-up domestic instructions.

SAMPLES
Here are samples of what scholars call phony folk lingo, a mock mixture of Dutch-English:

"Look the window out and see who's coming the yard in."

"Pop's on the table still, and half et."

"The old ones is all (meaning gone, finished, the end) and the new ones ain't (meaning arrived) yet."

"We grow too soon oldt and too late schmart."

These are cited as true examples of the mating of the dialect with English in the Pennsylvania Dutch country.

"Outen the light." Outen is a word that does yeoman service.

WONDERFUL
"He is wonderful sick." "Wonderful" is widely used in the sense of very, exceptional, etc.

"Make the door open." "Eat your mouth empty once."

"I'll eat up and down," meaning on the run.

Hoppes, for 46 years a teacher, athletic coach and school principal, is of Pennsylvania Dutch descent. All his formal education, including higher learning at Kutztown State, Muhlenberg and Moravian, has been close to Pennsylvania

Dutch roots and traditions. Hoppes is secretary of the Hellertown Chamber of Commerce, an officer of several Pennsylvania Dutch organizations and active in the Pennsylvania Dutch Folklife Society.

The areas of the state heavily populated by the Pennsylvania Dutch are to no small degree bilingual, in somewhat the same

way South Africa is, with its English and Afrikaans.

WIDESPREAD
Pennsylvania Dutch is used in all forms of social communication. It is widespread in business and professional life. It is employed in church services. A grasp of the dialect and some familiarity with the background of the people who use it are needed for an appreciation of the extensive Pennsylvania Dutch writing that is part of the regular journalistic fare in many thousands of homes.

Some radio stations feature weekly Pennsylvania Dutch programs.

Although this state is the stronghold of the Pennsylvania Dutch, originally mostly immigrants from the Palatinate region of Germany, settlements were made also in New York, Delaware, Maryland, Virginia, North Carolina, Kentucky, Illinois, Michigan, Iowa, Wisconsin, Kansas, Ohio, Georgia, Indiana, Oklahoma, North Dakota and Canada, especially Ontario.

DEAR ABBY
The Fresh Secretary

DEAR ABBY: My husband is a highly respected professional man. My problem is his secretary. When I telephone my husband at his office, she always gives me some fresh answer, such as, "Yes, I'm sure he's here because I am sitting on his lap."

DEAR ABBY: Our son, who is married and living out of the city, has never given his father anything for Father's Day. Nor has he ever remembered me with so much as a card or a telephone call on Mother's Day. Our birthdays and anniversaries are ignored also. We never fail to send him, his wife, and their children lovely gifts for all occasions. Knowing that friends and relatives would ask me what our son sent us for an occasion that called for a gift, I would buy something very costly and pass it off as a "gift" from our son. He will pay for them in the end, however, because I have been keeping track of the cost, and instructions have been left in our will that after Dad and I are gone the cost of those items shall be deducted from whatever we leave. I thank you.

DEAR ABBY: I have been going steady with this girl for 14 months and I have kissed her only 11 times. Do you think this is good? Anyone else does that in ten minutes. I am 16 and she is 15. She doesn't have any reason to be afraid of me because I am not rough or anything like that. She told me over the phone last night that she wanted to break up with me. I started to cry on the phone and I told her that I loved only one girl, and she was her. Should I let her go and look for someone else? I can't make up my mind.

DEAR LOSING: Perhaps you are still a little too young to go "steady" with anyone. Why not play the field and date several girls and make comparisons?

DEAR ABBY: Is it or is it not in good taste to apply makeup at the table after dining in public? I once sat at a table with a young woman who took out jars and tubes of creams and paints, as well as an as-

Meal Time For A Friend

Two-year-old Michelle DeBrock of Siren, Wis., feeds a new friend, a week-old fawn found wandering near a lake by two fishermen. They turned the fawn over to Michelle's father, Russ DeBrock, who is a Wisconsin game warden. DeBrock plans to keep the deer until it is able to feed itself and then turn it over to a deer farm. Idea Saves Money, Makes Carports Safe

Two airmen in the Civil Engineering Section at Webb AFB, have pooled their ideas to eliminate a safety hazard in Webb Village and save several thousands of dollars.

S. Sgt. Ralph W. Gray, White Rock, S. D., and Airman I. C. Joe W. Hamilton, Abilene, developed a method whereby carport fences could be made to last an additional five years as well as hold them against high winds.

Since the fencing was installed in 1959, dry rot had weakened the wood supporting posts causing a safety hazard to occupants. Several of the fences have been blown over by high winds. The heavy redwood partitions are about six feet high.

Sgt. Gray and Airman Hamilton conceived the idea of fabricating "U" bolts out of 5-16th inch steel rods that would permanently hold the partitions to the steel carport posts. Installation of these bolts is now complete.

Of the 344 sections of fencing in the family housing area of Webb Village, a number had become loose. These wobbled dangerously during high winds. One section of fencing had blown down, causing considerable damage. The cost to replace the posts, re-assemble the fence, re-paint and re-set in concrete, added up to about \$84 per unit.

It is estimated that the life expectancy of the fences has been doubled due to the installation of the "U" bolts. Based upon the repair costs for the fence that was blown down, savings in labor and materials amounted to several thousand dollars this fiscal year.

Airman Held For Car Theft

Police are holding a Webb AFB airman, who allegedly drove an automobile to Midland Wednesday without the permission of the owner.

Arrested in Midland, the airman was returned here Wednesday night by Capt. L. A. Hiltbrunner, Big Spring police department. A charge of theft by bailee will be filed against the man, according to officers. They said the suspect took the automobile from Capital Auto Sales, 403 W. 4th, about 3 p.m. Employees of the firm thought he was taking the car to a bank to see about a loan. Instead, he drove to Midland.

A 3-horsepower motor valued at \$57 was taken from the equipment room of Nalley-Pickel Funeral Home, 906 Gregg, sometime after June 14, police said. Jimmie Jones, 1308 Princeton, is owner of the property.

Patrolman Bob Armstrong killed a rattlesnake with a shovel about 5:30 p.m. Wednesday. The snake had run under a house in the 700 block of Anna.

Animal Warden Bob Baker placed a cat under observation after it reportedly bit a child. Police said John Billups, 109 NE 9th, reported the incident.

A Few Handy Tips For Vacationing In Mexico

MEXICO CITY (AP)—Over a million Americans a year head into Mexico. This country is increasingly well equipped to handle tourists with new hotels, restaurants, even green patrol cars to assist motorists who are in difficulty.

But Mexico is a different country with different customs—one reason tourists head this way—and a few tips on what to expect may come in handy.

If you're coming by car—and a majority do—you'll want to remember that mileage is in kilometers. You'll see signs saying Xochimilco is 80 kilometers away, or that the speed limit is 100 k.p.h.

One kilometer is .62 miles. The 100 k.p.h. speed limit is about 62 miles per hour.

Gasoline you buy by the liter, not the gallon. Four liters equals about one gallon. Don't get upset when the service station gauge starts reading up around 50.

"Allo" means "stop" and if you're looking for a parking lot, it carries the awesome word "estacionamiento."

Then there's the matter of money. One peso is eight cents. To convert your bill at a restaurant or wherever into cents, multiply by eight. Ten pesos is 80 cents.

Mexicans don't like the peso belittled. You won't after you buy a few things. Mexico is no longer a cheap cousin.

But some Americans still get the feeling, when they handle a

handful of 100-peso bills, that the money isn't real. They ask "How much is this in real money?" and even guides begin to simmer a bit.

Which brings up the subject of tipping. A fair average is 15 per cent. Under-tipping makes enemies, and so does over-tipping because the natives think you're showing off.

Almost everyone—except the taxi drivers—expects a tip, called a "propino" (pro-peeno). When in doubt—tip.

As for clothing, a safe bet is to dress as you do back home. You'll get more respect in a tie than a T-shirt. Slacks for women are frowned on except in rare cases.

This is the rainy season, so don't forget a raincoat.

If you plan to spend much time in Mexico City, remember it's a mile and a half high and can get chilly at night.

Most tourists do a lot of walking, so don't forget walking shoes. And women need a scarf or something similar to cover the head when visiting churches and cathedrals where a head covering is required.

Except in the large department stores, haggling over prices is customary and saves money. If you plan to visit several parts of Mexico, don't spend all your budget in Mexico City—you may get better prices in the provinces or smaller towns.

If you want to be popular, learn to say "gracias" (thanks) and that in Mexico you're a "NorteAmericano" from the "Estados Unidos," not an American from America. Mexicans are Americans too.

3-Months-Old Girl Found Safe After Kidnaping

BELOIT, Wis. (AP)—A 3-month-old girl abducted from a Beloit home Monday night was recovered unharmed early today by police officers who found the baby in a car with a young woman and two men.

Police Chief Howard G. Bjorklund said Kimberly Jo Wulf, daughter of Mr. and Mrs. Shirley H. Wulf, apparently was taken from the Wulf home by the sister of a baby-sitter who had been left in charge of the

Wulf children in the absence of the parents.

Margaret Ruth Converse, 19, of Beloit was named in a federal kidnaping warrant. She was held pending arraignment before a U.S. commissioner at Madison.

Arrested with Miss Converse in the automobile with the baby, Bjorklund said, were David R. Hayes, 28, Shellsburg, Iowa; and Jerome B. Kerrigan, 55, Ada, Okla., identified by police as carnival workers. The chief said they were held without charge as material witnesses.

Authorities said Miss Converse told them she was the mother of two children herself but had lost custody of them in Michigan, but refused to provide details.

Two Beloit police officers, Dennis Paglew and Joe Lomax, stopped an automobile at an intersection at 4:35 a.m. today, and found the baby in Miss Converse's arms. The child was taken first to a hospital where an examination showed she was in good condition.

Police, FBI agents and sheriff's officers had joined in the search for the child Tuesday night after the baby was first reported missing.

Miss Converse and the two men said they had driven to Dubuque, Iowa, and had just returned to Beloit.

Mr. and Mrs. Wulf, who have six other children, ranging from 15 years to 2 years, were in Charleston Heights, S.C., when the abduction occurred. Wulf had gone there on business Friday night. Their eldest son stayed with his grandmother and the other children were left in the care of 17-year-old Lillian Converse, a sister of Margaret.

Bjorklund said Margaret apparently went to the Wulf home and took the baby while her sister was absent. The chief said Lillian told of looking for her sister and the baby all day Tuesday and finally notified police about 6 p.m.

Senate Group OKs Projects

WASHINGTON (AP)—A bill authorizing \$1,523,002,000 in military construction to start July 1 was approved Wednesday by the Senate Armed Services Committee.

The figure was nearly \$67 million less than approved by the House March 18.

A list of Texas projects and amounts involved follows. Unless noted otherwise, the figures approved by the Senate committee, and in the bill as passed earlier by the House, are the same. Where changes were made by the Senate committee, the House-approved figures are in parentheses.

Texas

Army: Aeronautical Maintenance Center, \$888,000; Ft. Bliss \$721,000; Ft. Hood \$11,726,000 (\$11,836,000).

Navy: Auxiliary air station, Chase Field, \$368,000; Auxiliary Air Station, Kingsville, \$149,000.

Air Force: Amarillo AFB, \$4,354,000; Biggs AFB, El Paso, nothing (\$153,000); Dyess AFB, Abilene, \$353,000 (1,058,000); Lackland AFB, \$4,509,000; James Connally AFB, Waco, \$215,000; Laughlin AFB, Del Rio, \$1,550,000; Perrin AFB, Sherman, \$233,000; Randolph AFB, San Antonio, \$888,000; Webb AFB, Big Spring, \$779,000; Sheppard AFB, Wichita Falls, \$1,191,000.

Wedding Rites Held In Lamesa

LAMESA (SC) — Miss Judy Nell Damron became the bride of L. T. Hemphill Sunday evening in the chapel of the First Baptist Church here. Rev. Dorman Kinard, Lamesa, officiated at the double ring ceremony. The bride is the daughter of Mr. and Mrs. Fred Damron and the bridegroom is the son of the late Mr. and Mrs. Fred Hemphill. The bride wore a two-piece, street-length dress fashioned of nylon lace over taffeta. A pill box had held her veil of silk illusion. She wore white accessories, and carried a bouquet of white feathered carnations. Miss Pamela Cochran was maid of honor, and Don White served as best man. The bride attended Lynwood, Calif., schools. The bridegroom attended Lamesa and New Orleans, La., schools, and is employed by Lamesa Meat Co.

Plans Set By Circle

An organizational meeting was held by the Fannie Hodges Circle of the First Methodist Church Tuesday morning in the home of Mrs. Hugh Duncan, 1600 Tucson.

New officers for the coming year were named. They are Mrs. Duncan, chairman; Mrs. Bill Riviere, co-chairman; Mrs. M. A. Cook, treasurer; Mrs. Charles Beil, spiritual life; Mrs. Gary Sims, mission study; Mrs. C. R. Moad, Christian social relations; Mrs. Bob Hoover, fellowship; and Mrs. Mike Simpson, local church.

Mrs. Riviere had charge of the program on "What Does a Christian Woman Read and When?" She illustrated the talk with a display of books and detailed some hints for reading. The devotion was presented by Mrs. Hoover for eight members.

The next meeting will be Sept. 22.

Mrs. V. Potter Details Ceramic Work At League

Mrs. Virgil Potter, Midland, gave a talk and demonstration on the making of ceramics to the Ladies Home League of the Salvation Army Wednesday afternoon in the Citadel.

Wife of the commanding officer of the Salvation Army in Midland, Mrs. Potter told 12 members how to pour molds and showed greenware and various fired and glazed pieces.

Mrs. W. M. Thomas said that the group may begin work on ceramic projects which could be used to make money for the Mexico offering for children's homes.

Mrs. J. R. Kirby conducted a business meeting during which Mrs. Thomas told the group that the Mexico offering was to be turned in at the fall Home League Rally in Dallas. Tentative plans for a fund-raising ice cream and cake supper were made.

Mrs. Charles Morrell gave the devotion. Mrs. Kirby won the prize of two ceramic jam jars given by Mrs. Potter.

Nine Pledge Service For State Hospital

By JUDY BARNEYCASTLE

Pledges of service from nine youthful workers has assured a good summer program for the Junior Volunteer Service at Big Spring State Hospital. The nine recently completed an orientation course conducted by Mrs. Hila Weathers, volunteer coordinator, and will provide full or part time work for the hospital.

Karen Gay of Cheyenne, Wyo., has pledged eight hours a day until the end of July. She is the 16-year-old granddaughter of Mr. and Mrs. Morris Gay, 625 State, and is spending the summer here with them. Karen is a junior in high school, makes good grades, and her favorite courses are science and mathematics.

"I have been interested in medicine ever since I was a little girl," she said. "I decided to work here at the hospital this summer to see if I am interested in psychiatry. I will probably go to college somewhere in Wyoming and take pre-med courses."

PLANS COLLEGE The blue-eyed blonde likes West Texas but finds it different from home.

"The week before I came here it snowed in Cheyenne—not a very big snow, but enough to cover the ground," she said.

The Junior Volunteer Service chairmen are Mrs. Bennett Brooke, Mrs. Clyde E. Thomas Jr. and Mrs. Jerry Curry. Others who took the orientation are Mickey Crow, Mariann Williams, Andrea Askins, Melva Burton, Judy Jarvis, Nancy Thomas, Susan Magee and Terry Stretch.

The young workers perform a variety of tasks at the hospital under the supervision of Mrs. Weathers.

"They may work one day in the library and the next in my office or another office typing and filing," said Mrs. Weathers. "One day last week they sorted, labeled and took 500 magazines to the library. They also sized and labeled 22 pairs of pants, 22 dresses and three suits."

HOPE HELPERS "Some of them will also be working on an Operation Hope project for which a person vol-

unteers one hour a week for three months to spend with a patient who doesn't have visitors or mail. The volunteer walks and talks with the patient for this hour regularly each week. This lets the patient know that he or she has a friend who cares enough to spend some time each week with him.

"It is amazing," continued Mrs. Weathers, "how the patients respond to these volunteers. The patient may not say anything to the volunteer for the first day or so, but the third or fourth time the patient is waiting for the volunteer to get there."

The volunteers will also write letters for the patients, walk the patients who could not get outside otherwise, brush hair and give manicures to the women patients.

"I enjoy working with the junior volunteers because they are all usually so bubbly and seem to enjoy life so much. You have to enjoy life and enjoy people before you can work out here successfully," Mrs. Weathers commented.

The Sands High School chapter of Future Homemakers of America was represented at the Area I officers' workshop by nine students.

Making the trip to Texas Tech in Lubbock June 16-18 were Beth Ingram, Vickie Brinson, Sheryl Nichols, Linda Shaw, Robbie Brown and Terry Hambrick. Mrs. Keith Bray, chapter advisor, accompanied the students.

While at the conference the delegates stayed at Weeks Dormitory. They attended group discussions concerning the offices which they hold. Also, they exchanged ideas about their chapter problems with the other delegates.

B&PW Has Installation Ceremony

New officers for the Business and Professional Women's Club were installed Tuesday evening during a dinner meeting at Cosden Country Club. The installing officer was Mrs. Norman Johnson, outgoing president of the Business and Professional Women's Club in Lamesa.

Taking office were Mrs. Bert Affleck, president; Mrs. Cass Hill, first vice president; Mrs. Herbert Smith, second vice president; Mrs. Garland Morrison, recording secretary; Mrs. J. T. Gilmore, corresponding secretary; and Mrs. Robert Smith, treasurer.

Vocal selections were presented by Mrs. David Barlow of New York City, accompanied by her mother, Mrs. Nell Frazier. The invocation was by Mrs. Affleck.

Twenty-seven members attended and three guests, Mrs. Sam Blackburn, Mrs. Bill Johnson, Lamesa; and Mrs. Auda Stanford, Pueblo, Colo.

The next business meeting will be July 2 at the Wagon Wheel Restaurant.

Wedding Ceremony Has Garden Setting

Miss Zelma Darr and Rod Linuel Crowder were married Saturday evening in a garden wedding held at the home of Mr. and Mrs. O. C. James, 1307 Princeton, uncle and aunt of the bridegroom.

The bride is the daughter of Mr. and Mrs. Ferris Darr of Midland, and Mr. and Mrs. R. G. Crowder of Alpine are parents of the bridegroom.

The ceremony was performed by Curt Wise, brother-in-law of the bridegroom and minister of the Church of Christ in Alpine. The couple exchanged vows before a fan shaped trellis en-

twined with greenery, white blossoms and ribbons. In a semicircle on each side of the trellis stood each lamp decorated with white bows and nestled in greenery and flowers.

Entering the garden with her father, the bride wore a pale pink dress accented with white lace. Her short veil was attached to a pink pill box, and she carried an arrangement of pink flowers atop a lace covered Bible.

Miss Janie Darr served her sister as maid of honor. She wore a pale yellow dress and her headpiece was a yellow flower with matching veil. Newlin James, cousin of the bridegroom, was best man.

Mrs. Newlin James and the maid of honor served the traditional wedding cake and punch during a reception held following the ceremony. The table was covered with a pink crocheted cloth and was centered with an arrangement of pink and white flowers flanked by crystal candelabras holding white tapers.

The bride is a graduate of Midland High School. The bridegroom attended high school in Alpine and received a BA degree from Sul Ross College there.

The couple left for a trip to Colorado where they will remain during the summer. Out-of-town guests were Mr. and Mrs. Malcolm James of Snyder.

Mrs. C. C. Lewis To Visit Stultings Mr. and Mrs. M. C. Stulting, 705 W. 17th, will have as their guest this week Mrs. C. C. Lewis, Fort Worth.

Newcomers Meet At Coffee-Bridge The Newcomers Club held a coffee-bridge Wednesday morning in the home of Mrs. D. W. Johnston, 2910 Runnels. Mrs. Nan Salyer assisted as cohostess. Game prizes were won by Mrs. Terry Bull and Mrs. Jack Blizzard. Mrs. Earl Henderson was a guest.

Parliamentary Skit Seen By Chapter A humorous skit on parliamentary procedure was presented by a panel of members of the National Secretaries Association at the chapter meeting held Tuesday evening at Cosden Country Club.

Participants were Miss Marguerite Cooper, Mrs. S. Gorman, Mrs. Jerry Callahan, Mrs. Herbert Heath, Mrs. Bob Darland and Mrs. Camille Patterson. The commentator was the president, Mrs. Bill Stone.

The next meeting will be a salad supper to be held at the First National Bank July 28 at 7 p.m.

Team Of Four Games Set At Country Club Mrs. Elmo Wasson has announced that Team of Four games will begin next Wednesday at 11 p.m. at Big Spring Country Club. There will be no morning game on that day.

Mrs. Ayra McGann and Mrs. B. B. Badger placed first during the Variety Club games Wednesday morning. Second place went to Mrs. Ben McCullough and Mrs. Ann Hardy with third place going to Mrs. Joe Hayden and Mrs. Ray McMahon.

Players welcomed who were participating in the games for the first time were Mrs. Ken Monroe, Mrs. David Glasser, Mrs. Roy L. Rider and Mrs. Larry Rachuy. An invitation has been extended to wives of personnel at Webb Air Force

SPECIAL TOUCH
Mrs. J. I. Knox gives her daughter, Sue, a cooking tip

Southern Philosophy Dominates Homemaking In J. I. Knox Home

By MARY COCHRAN
True to her southern heritage, Mrs. J. I. Knox considers the art of homemaking a necessary part of every young woman's education. The southern woman doesn't sit on a cushion and do nothing as some writers would have you believe, she said.

"How well do you do things in your home — cooking, sewing, arranging flowers — that is important," said this native of Lebanon, Tenn. She learned this lesson early in life from her mother and has followed those teachings in her home at 1313 Lexington.

There is a daughter, Sue, who is following in her mother's footsteps. While Mrs. Knox served tall glasses of ice tea and told of her life as a homemaker, her 17-year-old daughter was busy making a new high-style summer frock.

"The little extras make a simple meal something special," said Mrs. Knox who is known to all her friends as Lucy. Every summer she goes back to Tennessee where she makes wild blackberry jam, chowchow, pepper hash relish and other extras to spark the family meals.

FAMILY SPECIALTY
Another specialty from her native home is sugar cured ham. Her father, W. O. Helton, personally sees to the curing of the meat. He covers it with molasses, pepper and ashes and tends it through the long smoking

process. These hams will last for months without special storing. In fact, there is usually one hanging in a closet at the Knox home throughout the year.

Pickled peaches and homemade mixed pickles are also delicacies available when dining with the Knoxes. She makes apple sauce that is mouth-watering. Starting with McIntire or Roman Beauty apples, Mrs. Knox cores and quarters the fruit but does not peel them. She cooks them in a small amount of water with just enough sugar for sweetening. Nutmeg is added for spice, and on special occasions, concentrated frozen orange juice is used to give a special fresh fruit flavor.

There is always a hot bread at mealtime. Buttermilk biscuits and corn bread muffins are family favorites. Mrs. Knox feels that the plainest menu is good if you serve hot bread and some special relish or jelly. Chicken casseroles or chicken and dumplings are often the main course selection.

Fried fresh corn is a summertime favorite. The kernels are cut from the cob with a very sharp knife and sliced thinly. Shave the vegetable three times for tenderness, said Mrs. Knox. The vegetable is then ready to fry slowly in butter or bacon drippings and milk.

Fresh green beans and new

potatoes make delightful summer fare, this homemaker feels. When leaf lettuce is in season, friends and family compliment her witted salad. To the fresh green leaves she adds a hot mixture of bacon drippings, vinegar, salt, pepper, young onions and radishes. Crisp crumbled bacon completes this tasty dish that is mixed just before serving time.

PORK PREFERRED
When Knox takes time off from managing the Big Spring Glass Co. and the Knox Boat Co., he often reigns at the barbecue pit. Pork is the favored meat. Spare ribs, ham or other pork cuts are tenderly cared for over a low slow fire. To complete the meal, cabbage slaw and boiled or baked potatoes are served.

Another menu favorite at the Knox household is chicken casserole with mushroom soup and onion seasonings, fruit salad, baked potatoes and English peas. Mrs. Knox likes to cook many of her foods ahead and store them in the freezer. The chicken dish lends itself to this treatment very easily.

The Knox family has lived in Big Spring for 18 years and have become "southern-westerners." They have created a home that is genteel and friendly. The following recipes are specialties of the house you will want to test.

KARELIAN STEAK
1 lb. beef chuck, lean
1 lb. lamb shoulder, lean (deer meat as a substitution)
1 lb. pork shoulder, lean
6 large onions, peeled and sliced thin
Salt
Powdered allspice
1 cup brown sauce
Beef bouillon
Make the brown sauce by melting 2 tablespoons butter in a saucepan, blending in 2 tablespoons flour, and cook over low heat, stirring, until mixture browns lightly. Pour in 1 cup milk and cook and stir until mixture is smooth and thickened. Season with salt and pepper.
Stir part of the canned beef bouillon into the brown sauce. Cut the meat in 1-inch cubes. Arrange the meat and onion slices in alternate layers in a lightly buttered casserole. Dust each layer with salt and lightly with allspice.
Pour brown sauce mixed with bouillon over the meat and add remaining bouillon, then enough water, if needed, to cover meat and onions. Cover tightly and bake at 275 degrees for 5 to 4 1/2 hours.

AUNT LA VINA'S CAKE
2-3 cup butter
2 cups sugar
3 eggs, separated
3 squares unsweetened chocolate
3 cups sifted all-purpose flour
1 1/2 cups buttermilk
1 tsp. soda
1 tsp. vanilla
Cream butter; gradually add sugar. Beat in egg yolks and while mixing gradually add the slightly cooled melted chocolate. Add soda to the buttermilk and, alternately with the flour, mix into chocolate mixture. Add vanilla, then fold in the beaten egg whites. Pour into greased and floured pan (9-inch) and bake at 350 degrees for 20 minutes.

Start Sauce Cookery, Try Bechamel Sauce

Ask a homemaker of today to make a bechamel, veloute, bernaise or a beurre noir sauce, and if she's adventuresome she may be willing to try.

The secret's in the sauce and a budget cut of meat or a leftover vegetable comes to the table looking rich and tasting like a million dollars. As a beginning, try bechamel. It's worth the effort.

BECHAMEL SAUCE
In a saucepan, heat five tablespoons butter, and saute in it four tablespoons minced onion. Do not allow onion to brown. Stir in four tablespoons flour, and gradually blend in three and one-half cups very hot milk. Cook until smooth and thick, stirring frequently. (A flat-surfaced rubber pot scraper from the dime store is an excellent tool for stirring and beating.)

Transfer to a bowl, and cover. Rinse out saucepan. Melt two tablespoons butter in it, and add one-quarter pound of lean, chopped or ground veal. Stir, and cook, but do not allow meat to brown and darken. Season with a sprig of thyme. (Powdered thyme will darken sauce too much.) Add a pinch of white pepper, salt to suit taste, and one-fourth teaspoon freshly grated nutmeg.

Cook for 10 minutes on low heat, then add to sauce in bowl, and blend thoroughly, using a wire whisk. Return to saucepan, and cook over very low heat or in a bain-marie (over hot water) for one hour, stirring frequently.

Strain through fine sieve. Discard veal residue. Dot surface of sauce with bits of butter, which will melt and prevent a film from forming on the sauce's surface. When cool, add two well-beaten egg yolks, and beat in vigorously with rubber spatula until smooth as velvet.

Reheat this sauce at serving time, but never allow it to boil.

HOW TO USE BECHAMEL
Bechamel was designed for versatility. It performs well with foods ranging from eggs to veal. Add horseradish to it, and serve

with boiled beef. For lamb, add dill, Rhine wine, lemon juice, and sugar to a bechamel. With shrimp or sole, use a bechamel with grated cucumber.

Bechamel supplies a proper background for flavorful additions of mustard, pickle relish, barbecue sauce, herbs, wines, mushrooms, chopped olives, chopped liver, glace de viande, asparagus, broccoli, and celery root. Combine it with lemon, extra butter, fresh tarragon or parsley, and you have created a maitre d'hotel sauce.

Add butter, cream, finely chopped shallots, lemon and egg yolks—and voila! You have made a sauce maitre, used traditionally with cooked mussel but suitable for almost any fruits de mer.

Spark Vegetable Dish, Add Apples

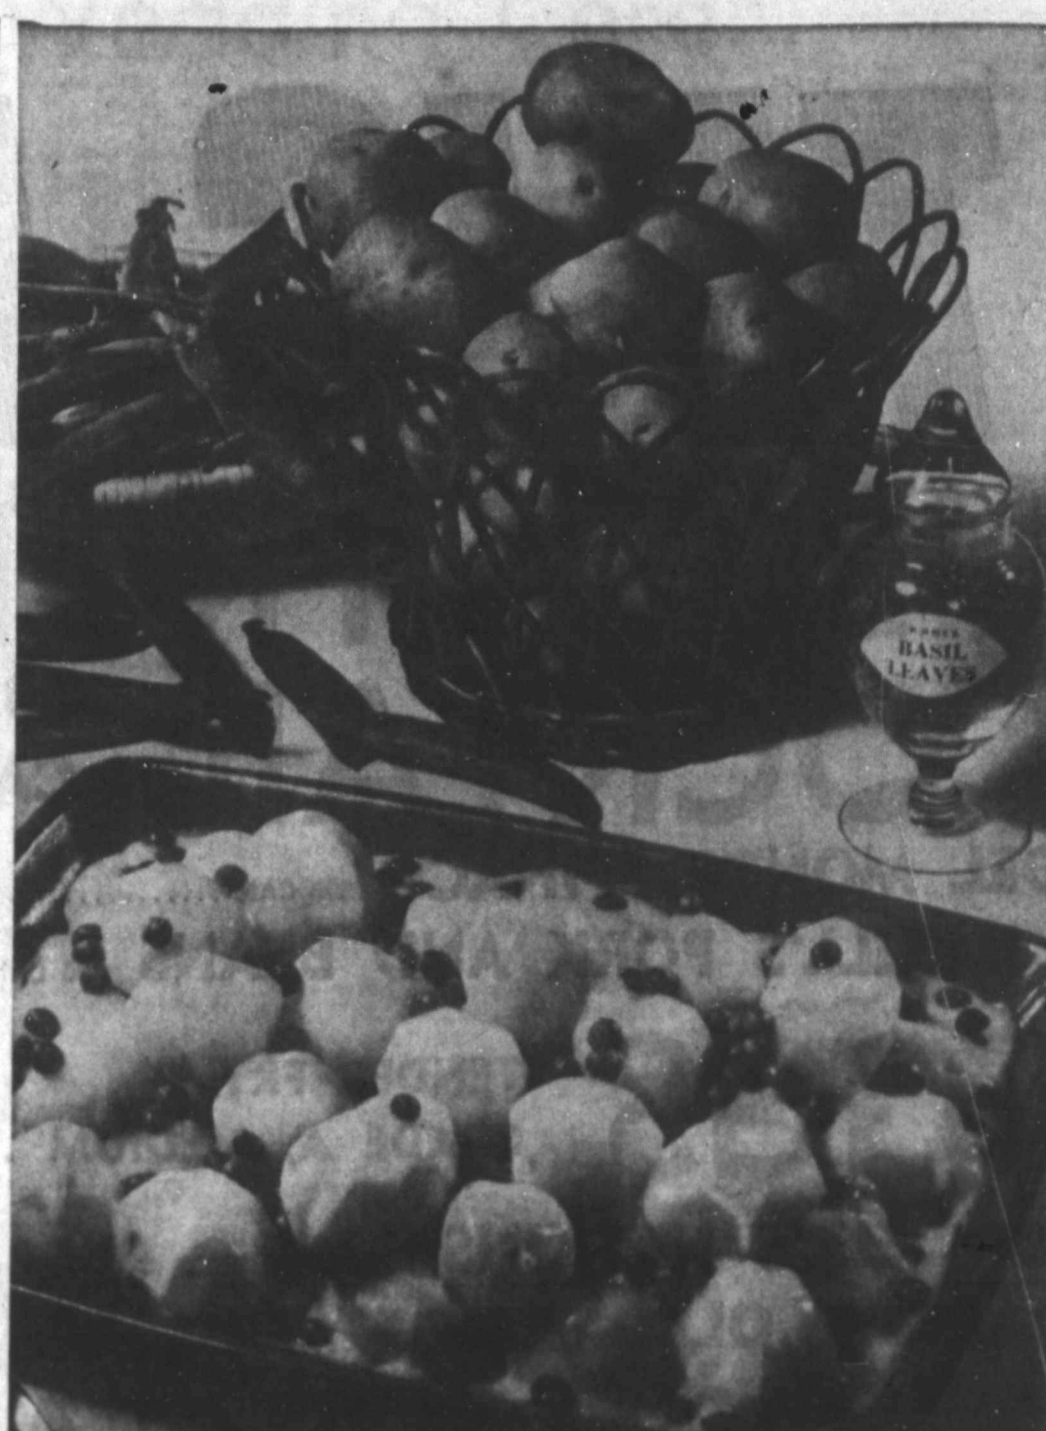

This interesting dish appears in both Norwegian and Dutch cuisine.

APPLE-GREEN BEANS
2 tbsps. butter or margarine
2 tbsps. flour
1 1/2 cups hot water or cooking liquid from snap beans
2 large golden Delicious apples, pared and cubed (3/4 inch)
1 tbsps. each sugar and lemon juice
1 lb. snap beans, cut in thin strips and cooked
Salt

In a medium saucepan over moderately low heat melt the butter and stir in the flour; add hot water; cook and stir constantly until slightly thickened.

Add apples and cook gently until tender. Carefully mix in sugar, lemon juice and beans with salt to taste; reheat. Serve in sauce dishes if you like. Makes 6 servings.

The variety of apple suggested holds its shape and has a pear-like flavor when cooked this way.

POTATOES AND PEAS
... combine to make sparkling, taste-tempting delight

New Potatoes, Peas Make Tasty Treat

If there's anything which whets the appetite it's new potatoes such as the baby round and whites. New potatoes, a ham slice, fresh asparagus and fresh rhubarb pie: That should put the man of the house in good humor. The housewife, too, for new potatoes are a true convenience food, with skins so delicate they need no peeling. (However, do scrape or peel them, if you prefer.)

New potatoes are not storable and must be rushed straight from the field to the consumer in a matter of days, at most two

weeks. At this point, the vitamin C content of the potato is at its highest.

NEW POTATOES AND PEAS
12 small new potatoes
1-inch boiling water
1 tsp. salt
1/4 cup (1/2 stick) butter or margarine
4 tbsps. flour
2 cups potato stock and milk
1/2 tsp. salt
1/2 tsp. basil leaves
1/4 tsp. ground black pepper
1 cup cooked green peas
Wash and scrape potatoes. Place in a saucepan with boil-

ing water and salt. Cover, bring to boiling point and cook 25 minutes or until potatoes are tender. Drain if necessary, saving the water to use in cream sauce. Melt butter or margarine. Blend in flour. Cook about one-half minute or until bubbly.

Pour potato cooking water into a measuring cup and finish filling with milk. Add to the butter or margarine-flour mixture. Mix well. Stir and cook until of medium thickness. Add salt, basil, black pepper and peas. Heat one to two minutes. Makes 6 servings.

CRUNCHY DELIGHT

Toffee Need Not Cost Dearly If Homemade

By The Associated Press

Here's a bargain. When you buy toffee crunch in small bars it's on the expensive side. But you can make a big batch of the candy for a little over a dollar.

We doubt that there's a sweet more popular. Take it along to a party, send it to deserving relatives or youngsters away at school. Or make a pan full just to have on hand for enjoyment at home.

The first step in the candy's preparation takes time. Low heat is necessary while the sugar dissolves. So draw up a stool to the range and prop a book in front of you: stir and read.

Or make up the candy when a couple of neighbors drop in for morning coffee. Enlist their aid.

This toffee crunch stands up nicely at room temperatures. Refrigeration, we found, eventually changes its texture.

TOFFEE CRUNCH
1 1/2 cups margarine
1 3/4 cups sugar
1-3 cup light corn syrup
1 1/2 cups chopped walnuts
4 ozs. semi-sweet chocolate
1/2 cup finely chopped walnuts (if desired)

Melt margarine in 2-quart saucepan. Add sugar and cook over low heat, stirring constantly, until sugar is completely dissolved — this will take about half an hour. Stir in corn syrup. Cook over low heat, without stirring, until mixture reaches 290 degrees on a candy thermometer, or until 1 tea-spoon of mixture is brittle when dropped into 1 cup very cold water.

Remove from heat. Stir in 1 1/2 cups chopped walnuts just until mixed — do not overmix. Pour immediately into ungreased 13 by 9 by 2-inch baking pan. Cool. Place chocolate over hot, not

Sundae Topping Has Fresh Fruit
A fresh fruit sauce for ice cream lends that homemade touch.

FRESH PINEAPPLE SUNDAY
1 large ripe pineapple
1 1/2 cups sugar
1 tsp. vanilla
Vanilla ice cream
Pare and slice pineapple; dice fine; there should be about 4 cups packed down. Add sugar and allow to stand at room temperature until sugar dissolves. Bring to a boil and let bubble for a few minutes. Cool; stir in vanilla; chill. Makes about 3 cups. Serve over vanilla ice cream.

EASY OVEN CHICKEN
Marinated in barbecue sauce

Indoor Cooks Like Easy Chicken Dish

Barbecue sauce is here to stay, in the kitchen as well as at the outdoor grill. Cooks keep finding many ways to use this savory concoction.

One of these is to marinate chicken in the sauce, coat with crumbs and then bake. This is a nice main course for an informal gathering because the chicken can be marinated and crumbed ahead and refrigerated. Then about an hour before dinner it's drizzled with melted butter or margarine and put in the oven. All the hostess has to do is to turn the chicken once midway through the baking.

EASY OVEN CHICKEN
2 boiler-fryers (2 1/2 lbs. each) cut in serving-size pieces
1/2 cup bottled barbecue sauce

1 tbsps. Worcestershire sauce
1 1/2 tbsps. celery salt
1/2 tsp. onion salt
2 cups fine cracker crumbs
1/2 cup butter or margarine, melted
Wash chicken and dry on paper toweling. Stir together the barbecue sauce, Worcestershire sauce, celery salt, and onion salt. Dip pieces of chicken in the mixture; stack pieces in a bowl; pour any remaining sauce over chicken.
Refrigerate and marinate for 2 hours or longer. Dip pieces in cracker crumbs. Place in a single layer in a well-greased shallow baking pan. Let stand 30 minutes. Spoon melted butter evenly over pieces. Bake uncovered in a moderate (350 degrees) oven, for 1 hour or until

Oil Governors Ask Plank Backing Depletion Rule

BILLINGS, Mont. (AP)—The Democratic and Republican parties have been asked by the governors of five oil states to adopt national platforms that would include at least indirect endorsement of the petroleum industry's controversial 27 1/2 per cent depletion tax allowance.

A resolution signed by the governors Wednesday asked that current federal tax provisions be continued and that the party platforms recognize a need for sound national policies to encourage full development of the nation's petroleum resources.

Gov. Jack M. Campbell, D-N.M., said the governors of 28 other states which are members of the Interstate Oil Compact Commission also will be asked to sign the resolution.

FINAL SESSION

The document was not part of the official proceedings of the 33-state commission's mid-year meeting but it was drafted and signed during the final session of the three-day meeting.

Signing with Campbell, the

compact chairman, were Govs. Matthew E. Welsh, D-Ind., Clifford P. Hansen, R-Wyo., Tim Babcock, R-Mont., and Henry L. Bellmon, R-Okla.

The governors wrote a 136-word resolution they said should be included in the platforms of both national parties.

"The public policies of the United States government are a determining factor in the economic climate for the development and conservation of the nation's mineral resources," the resolution said.

"Current federal tax provisions (should) be continued and maintained in the public interest to recognize the unusual and varying characteristics of risk and depletion of capital values in the development and production of minerals."

NIXON BACKING

Vice President Richard Nixon

endorsed oil's 27 1/2 per cent allowance in the 1960 presidential campaign. The late President John F. Kennedy called for an over-all study of depletion allowances.

Such allowances apply to more than 100 items, including gravel, but only the oil industry benefits from the maximum 27 1/2 per cent allowance.

Bellmon said oil and gas drilling operations in the United States have declined 24 per cent since reaching a peak of 58,000 completions in 1958. This decline has caused some states to produce more oil than discovered. Domestic reserves have declined two of the last three years, Bellmon said these trends must be reversed.

"There must be a dedicated bipartisan effort by all leaders in government to become in-

formed on the energy needs of this nation and the vital necessity of a national policy under which a healthy petroleum industry can adequately and perpetually meet these needs," Bellmon said.

NATURAL GAS

The commission approved a resolution withdrawing the compact's endorsement of an area formula the Federal Power Commission adopted in 1960 to set ceiling wellhead prices for natural gas sold into interstate commerce. The resolution renewed an earlier plea that Congress enact legislation exempting such gas from federal controls. Proceedings the FPC began in early 1961 on its first area price case still are under way.

Another resolution called for a substantial reduction of oil imports.

Manhattan Section 'Fortress Of Fear'

NEW YORK (AP)—Part of Manhattan's upper West Side has become a "fortress of fear" for many of its inhabitants, a survey reports. The area is racially mixed.

Joseph Lyford, who made the survey over two years for the Center for Democratic Institutions, says "It's like a combat zone."

"The survey indicates," he said Wednesday, "that dope addiction, muggings and other crimes have gotten out of hand. This has been the case for some time."

He said a "paralyzing and constant fear for personal safety" caused many residents not to venture outdoors after dark in the racially mixed neighborhood.

The survey consisted of a poll of a 40-block area between 86th and 96th Sts. from Central Park West to the Hudson River and a second poll that took in a wider area of about 65 blocks.

Hundreds of residents were questioned.

On June 17 a lawyer was robbed and shot to death in the service elevator of his apartment building on 90th St. The assailant has not been found.

A few weeks ago two Columbia University teachers were assaulted and robbed by hoodlums on streets near the university.

Lyford said that more than half of the 400 people polled in one part of the survey "were tremendously worried about muggings, theft and other types of violent crime."

He said the residents' answers indicated the crime problem was becoming insurmountable.

He said the Puerto Ricans, who make up 39 per cent of the 60,000 inhabitants of the 40-block area, are establishing a "stable healthy community and are moving toward a middle-class economy."

Mrs. Feaster's Funeral Set

COLORADO CITY — Services will be held at 10 a.m. Friday in the First Baptist Church for Mrs. Arthur F. Feaster, 62, who died about 4:45 p.m. Tuesday a few minutes after being admitted to a local hospital.

Mrs. Feaster first came to Mitchell County more than 50 years ago and was a resident of the Buford community. She married Arthur F. Feaster Dec. 7, 1917 here. Mr. Feaster died Dec. 12, 1956.

Mrs. Feaster was born April 28, 1902 in Tennessee.

Burial will be in Colorado City Cemetery under direction of Kiker & Son Funeral Home.

Survivors include three sons, Aaron, Dwayne and Ronald Lee Feaster, all of Colorado City; two daughters, Mrs. Mildred Willis, Grand Prairie, and Mrs. Joy Cotton, Buford; two sisters, Mrs. Eldes H. Jones, San Bernardino, Calif., and Mrs. Jim Leonard, Yucipia, Calif.; 14 grandchildren and one great-grandchild.

T&P Appeals Tax Findings

Texas & Pacific Railway Co. was the only firm to appeal from the findings of tax engineers of Pritchard and Abbott on tax valuations in the Big Spring School District to the equalization board.

Jack Venable, representing the railroad, sought an adjustment on assessments levied against several shop buildings owned by the company, but long unoccupied and unused. No announcement was made whether the board granted his appeal.

Venable and the engineers from Pritchard and Abbott could not reach a decision on the property in question.

The equalization board representing the school district was composed of Bill Sheppard, J. D. Elliott, and Lawrence Robinson.

Oil companies, utility concerns and other property owners who were at the special session worked out their disagreements over tax valuations with the Pritchard and Abbott staff.

The hearings closed shortly after 2 p.m. Wednesday.

Dr. Reddick Gets New Job, Title

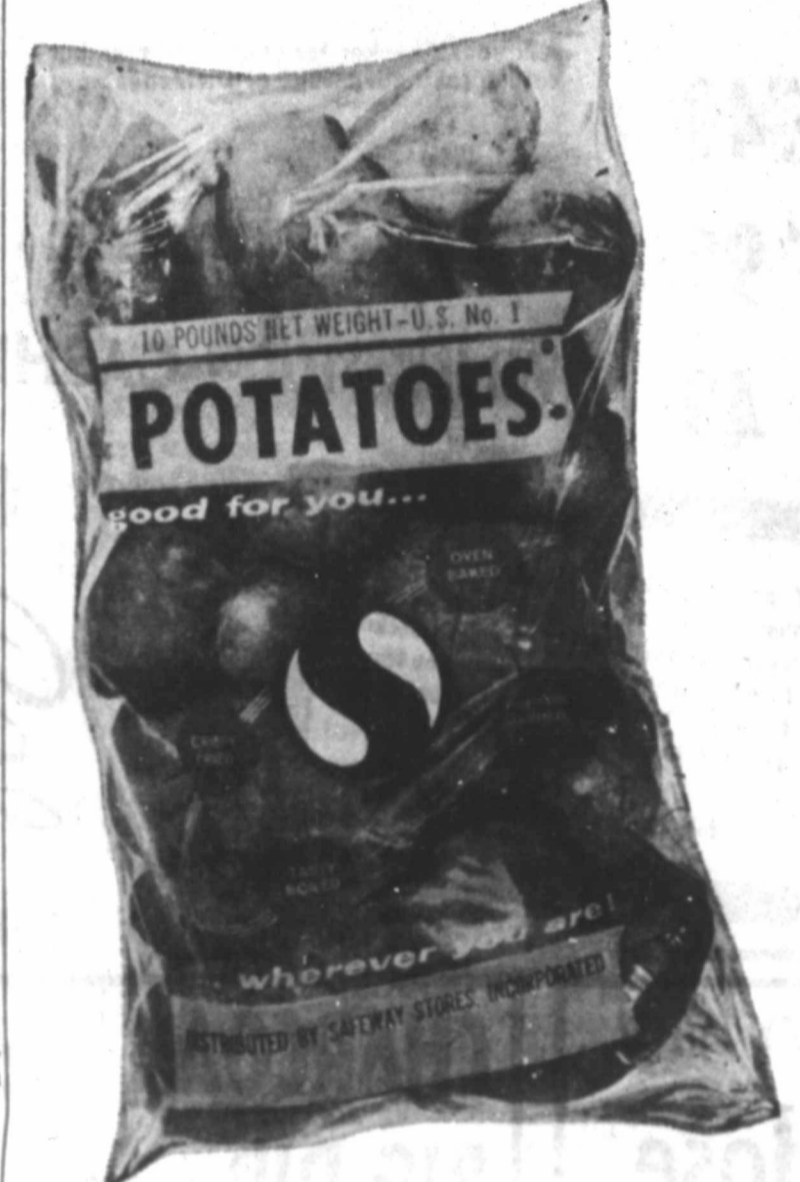

AUSTIN—Dr. DeWitt C. Reddick, University of Texas School of Journalism director, takes on an additional title Sept. 1, preparing for the official establishment of UT's new School of Communication.

During the 1964-65 academic year, Dr. Reddick will be director of both the School of Communication and the School of Journalism. Thereafter, he will be director of the School of Communication, in which journalism will become a department with a new chairman.

The School of Communication, opening in September, 1965, will bring together in a new administrative unit instructional programs in journalism, radio-television and speech all now in the College of Arts and Sciences. The school also will have a bureau of communication research and radio-TV-film production unit.

Seniority Ignored As New Chief Of Staff Appointed

WASHINGTON (AP) — In the news from Washington: WASHINGTON (AP)—Passing over 43 senior generals, President Johnson has named Lt. Gen. Harold K. Johnson, a veteran of the Bataan death march and of battles with the Red Chinese in Korea, as the Army's new chief of staff.

As the vice chief of staff, the President picked Lt. Gen. Creighton W. Abrams, 49, who served with Gen. George Patton's 4th Armored Division in World War II.

Abrams also was well down the seniority list—34th among the lieutenant generals.

The shifts in the Army command came about because the present chief of staff, Gen. Earle G. Wheeler, is being promoted to chairman of the Joint Chiefs of Staff, replacing Gen. Maxwell D. Taylor, named ambassador to South Viet Nam.

WASHINGTON (AP) — House leaders have worked out an agreement that should bring passage of the civil rights bill next week—and may mean Republicans will get the two-week convention recess they have demanded.

After a series of meetings Wednesday, Rules Committee Chairman Howard W. Smith, D-Va., consented to call a committee meeting Tuesday to clear the way for House action on the bill.

Smith, a strong foe of the civil rights measure, said he called the meeting only because "a majority of the members of the committee will, under the rules of the House, convene the committee unless the chairman does so."

Smith said he expected the committee to hold a hearing on the Senate changes in the bill

and act on it all in the same day.

WASHINGTON (AP) — The Senate defeated Wednesday a last-minute effort to reduce by 10 per cent the \$2.67-billion "Apollo Project" for putting a man on the moon by 1970.

Then the Senate approved 78 to 3 a new authorization of \$5,246,293,250 for the over-all program of the National Aeronautics and Space Administration for the fiscal year beginning July 1. The measure now returns to the House.

Mexico Election Quiet Prevails

MEXICO CITY (AP) — Just prior to the July 5 presidential elections Mexico "radiates an atmosphere of quietness and trust," the acting secretary of the interior (gobemacion) said today.

Speaking after his weekly meeting with President Adolfo Lopez Mateos, acting secretary Luis Echeverria said more than 13 million persons registered to vote.

A new president will be elected to replace Lopez Mateos for the next six years.

Echeverria said all propaganda activities will cease three days before the election. Candidates from the main parties are scheduled to make their last appeals to the voters shortly after that.

The main contestants are Gustavo Diaz Ordaz, candidate of

the incumbent Institutional Revolutionary Party, which has not lost a presidential election in more than 30 years, and Jose Gonzalez Torres, of the rightist Party of National Action.

Both are lawyers and have campaigned vigorously.

Diaz Ordaz has just completed his last electoral tour through his native state of Puebla.

Gonzalez Torres is to make his last formal speech in Mexico City Sunday morning. He will speak from a platform erected in the middle of one of Mexico City's busiest intersections—the "Caballito" or "little horse" statue, where four active thoroughfares converge.

Ballot counting is not usually completed and its results disclosed until several weeks after the election, when the electoral college meets and the ballots are submitted to the Federal Congress.

Killed By Shot

NAVASOTA (AP)—A 14-year-old Navasota boy, Jimmy Lee Hamilton, died Wednesday after he was shot once in the stomach with a shotgun. A ruling of accidental death was returned.

Doomed Man Sets Wedding

MONTERREY, Mexico (AP) — A Fort Worth man, condemned to die before a firing squad after a murder conviction, plans to get married soon.

The prisoner is Dykes Askew Simmons, about 35, and the only American ever sentenced to death by a Mexican court.

The death verdict has been appealed, and many observers believe the sentence will be commuted to life imprisonment.

Sources at the U.S. Consulate in Monterrey said the bride-to-be is Beatrice Bragg, a trim red-haired widow from Ohio. Her husband died not long ago in West Virginia. Mrs. Bragg is said to be in her early thirties.

Simmons told friends he has known her since childhood.

Nuevo Leon is one of six of Mexico's 29 states that has a death penalty. It has not been imposed for decades.

Simmons was convicted in Monterrey four years ago after three young members of a popular family were murdered. His lawyers say the evidence against him was circumstantial.

A dentist, Raul Perez Villagomez, was driving home with two sisters and a brother after a visit to Texas. On the highway between Laredo, Tex., and Monterrey, the car broke down. A man drove up in another car and allegedly shot Martha, 21, Hilda, 19, and Juan Manuel, 14.

Martha and the boy died at the scene and Hilda lived for 17 days.

As she lay dying, she gave testimony that led to the capture of Simmons, who was picked up 130 miles away and tried at the heat of the temper-flaring emotionalism.

Bids Asked On Webb Project

Contractors interested in bidding on the modification of the medical food inspection building, Number 606, at Webb Air Force Base, are invited to obtain copies of the invitation to bid and plans and specifications from the base procurement office, Webb AFB.

Bids will be received until 2 p.m., July 24, in the base procurement office. Plans and specifications must be returned to base procurement within five days after bid opening.

The work consists of furnishing all plant, labor, materials and equipment and performing all work in accordance with specifications, schedules and drawings to modify the medical food inspection building. Principal features include demolition, installation of frame and gypsum wall board partitions, installation of new asphalt tile floor, plaster treatment of walls and ceiling in designated areas, installation of metal cabinets, plumbing and fixtures, air conditioning and heating system, interior electrical work, interior painting, exterior painting and exterior utilities.

The contractor will be required to begin work within 30 calendar days after notice to proceed and complete all work within 90 calendar days after date of receipt of notice to proceed.

Request for bid sets must be received in base procurement on or before July 15.

Reds Funneling Aid To Zanzibar

ZANZIBAR (AP)—The Soviet Union, Communist China and East Germany are pumping men, money and machines into Zanzibar.

President Julius Nyerere of the new Republic of Tanganyika and Zanzibar is trying to assert his authority in the island 25 miles off the East African mainland.

Zanzibar's own president, Abid Karume, 59, a Moslem, probably has no deep love of communism. But the island leader, a seaman for 22 years, seems unversed in the ways of Communist infiltration.

Karume is the idol of the Zanzibar Africans and the island's most powerful single personality.

HAVE POWER

Asked this month about Communists in positions of authority in Zanzibar, he replied: "What are one or two men? I have the power and I have my own eyes and ears."

Karume cites generous Communist aid as an indication of the bloc's friendship and says

anyone who helps Zanzibar is welcome.

Some 150 technicians and experts from the Communist bloc are believed to be working in Zanzibar.

British civil servants have been replaced. East Germans have taken over the Finance Ministry and are helping run the radio station, Information Min-

istry, schools and medical services. They are doing preliminary work on projects to rehouse thousands of Africans huddled in squalid shanties outside Zanzibar town.

AGRICULTURE

The Red Chinese are firmly ensconced in the agriculture department and are planning rice growing and other farm schemes to reduce the island's dependence on cloves.

China has granted Zanzibar an interest-free loan of \$14 million, much of which will be in the form of equipment and services.

Soviet technicians have taken over running of the harbor and providing officers for Zanzibar's two coastal passenger ships. Soviet instructors are training about 400 recruits in the use of their new Soviet equipment.

Some of this was displayed at the big May Day parade, "but you didn't see all of it," says Maj. Ali Mahfoud, the army's Havana-indoctrinated second in command.

TRAINING

The army largely is officered by Zanzibaris of Arab origin and small groups have been sent behind the Iron Curtain for further training. Other Zanzibaris reportedly are being sent to Indonesia.

As a result of Nyerere's influence, Zanzibari troops have discarded their Cuban-style caps and uniforms and now wear the standard green berets and uniforms of the Tanganyika forces.

Communist literature is everywhere. The Soviet Embassy hands it out to school children. The works of Mao Tse-tung crowd bookshops.

The United States embassy has also been permitted to reopen its reading room since Zanzibar and Tanganyika agreed to unite.

Western diplomats are hopeful Karume's African nationalism may come out on top and that Western presence may slowly be re-established.

Finances Bog College Study

AUSTIN (AP)—Gov. John Connally's higher education study committee, bogged down over differences on financing Texas colleges, spent all day Wednesday in what was planned as a final session without agreeing on a final report.

"We argued too much," explained committee Chairman H. B. Zachry of San Antonio, who said the 25-man group will wind up its study July 13 and 14.

The committee had planned to submit a preliminary report to educators and other interested persons about June 1.

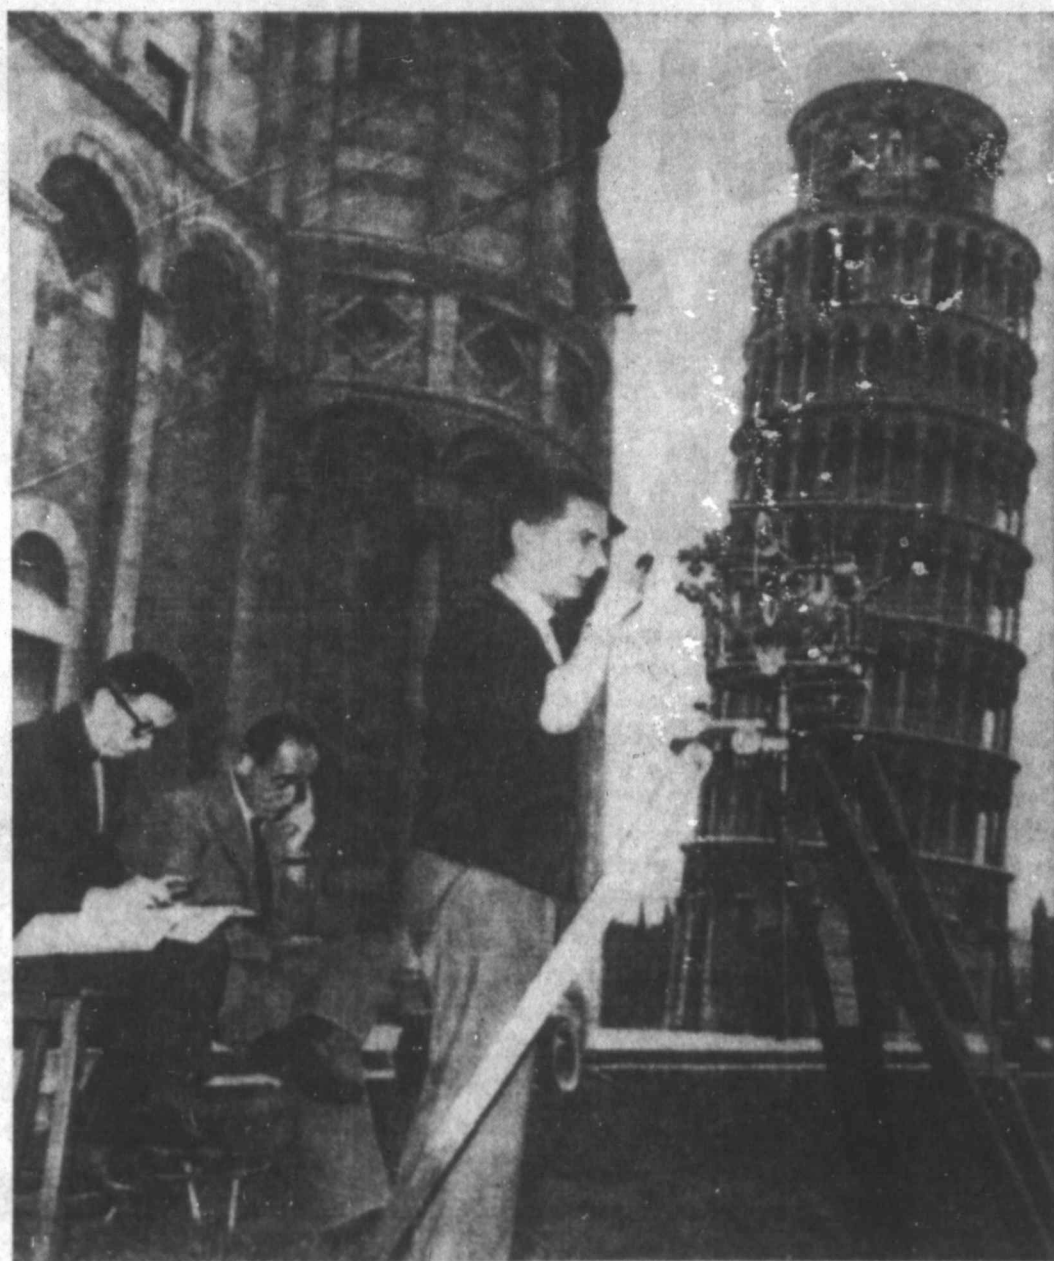

"It's difficult to get everything into proper perspective, particularly when it's based on estimates and not facts," Zachry told newsmen after a closed session attended by Connally.

Zachry cited salary rates as one difficulty in the committee's plan to project college spending over the next 10 years.

Zachry said the committee will not recommend sources, such as tuition, with which to finance higher education improvements.

Zachry said the committee still plans to propose a new coordinating board for all senior and junior colleges, to replace the Texas Commission on Higher Education and take on some duties of the State Board of Education.

Zachry said the committee's concept of a coordinating committee began without consideration of the existing commission's powers and was designed to do a certain job.

He Knows The Angles

Prof. Silvio Ballarini of the University of Pisa takes a reading as he measures the degree of tilt of Pisa's famed leaning tower, background. The famed landmark in central Italy is 14 feet, 3 1/2 inches off center at the top of the 180-foot tower. By Prof. Ballarini's

calculations the tower has tilted a full millimeter in the past year and at that rate might fall over before another century has passed. The device used to measure the 614-year-old structure is a theodolite, which indicates the degree of angle of the tilt. (AP WIREPHOTO)

Third Victim

FORT WORTH (AP)—A third victim has died from injuries suffered in a car wreck Friday that killed two persons outright. William Weavers, 28, of Dallas, died Wednesday in a Fort Worth hospital. His wife remains in poor condition. Killed Friday were Mr. and Mrs. Claude Sherwood of Frederick, Okla.

U.S. 'Inside' On Reclamation Job

CAIRO (AP)—American engineers are believed to have the inside track in bids for a vast but little-known project rating next to the Aswan Dam in importance to Egypt.

While world attention focuses on the Soviet Union's role in helping build the dam, three American firms are hoping to reclaim a 312,000-acre tract in the Nile River delta south of Port Said that would feed another half million Egyptians. The area now is uninhabited swamp and desert.

The project would tie in with the Aswan Dam and enable Egypt to use the regulated flow of the waters more effectively. The United States, if the American bid wins, might take some edge off the Soviet propaganda victory in building the dam after the United States withdrew support for the project in 1956.

Reliable sources said President Gamal Abdel Nasser's United Arab Republic government has signed a nonbinding letter of intent to hire the three firms to undertake the reclamation scheme, known as the Valley of Port Said and Sahlia Desert project.

The firms are the FMC Corp., with executive offices at San Jose, Calif.; the Utah Construction Co. of Salt Lake City; and the Morrison Knudsen Co. of Boise, Idaho. FMC, which has just completed a 25,000-acre project northwest of Cairo, is handling negotiations.

Government sources said Nas-

ser has told U.S. diplomats the Sahlia Project has No. 1 priority in his country and first call on Egypt's foreign currency earnings.

Vying with the Americans is a European combine of Italian, British, French, West German and Dutch firms working jointly with the Suez Canal Authority. The Egyptian builder of the dam, Osman Osman, also has bid for the job.

The American bid is reported to be in the neighborhood of \$223 million—believed about two million below Osman's figure. Two-thirds of the money in the American venture would come from local currency, derived from American aid shipments of wheat to Egypt, which amount to about \$150 million a year. The remainder would depend on private or international financing from such bodies as the International Development Agency, an affiliate of the World Bank.

The Europeans have sweetened their bid with an offer of 15-year financing. Engineers figure the job would take six or seven years. It would mean building roads, canals, villages and mosques as well as pumping and irrigating stations. Eventually about 31,000 families or nearly one per cent of Egypt's burgeoning population would be settled on the reclaimed area.

Jaycee Meet Nearing End

DALLAS (AP)—Awards, election of officers and an address by Texas Gov. John Connally today wind up the four-day convention of the U.S. Junior Chamber of Commerce.

Nearly 9,000 persons have attended the meetings and extra activities, which included merrymaking in the streets of downtown Dallas until late Wednesday night.

Connally will speak at an awards luncheon just prior to the election of a new president. Candidates are Stan Ladley of Oklahoma and Ron O'Brien of Iowa.

Ten national vice presidents were chosen this morning. Officers will be inaugurated at an evening banquet, followed by formal installation and a ball.

The Jaycees stormed downtown streets during the parade of states Wednesday, then carried on the bell-ringing and drum-beating after the parade ended.

Mississippi Jaycees marched in Confederate uniforms and New Yorkers wore the Union dress suit.

Connecticut's delegation, after bolting Alabama Gov. George Wallace's keynote talk Tuesday, marched singing "I'm a Yankee Doodle Dandy."

Michigan's float featured autos, Idaho's a big potato, and the Nevada Jaycees threw dice. Louisiana's steamboat float led the long parade because their Jaycees scored highest in activities during the last year.
