FBI Probes Red Roles In Riot-Torn New York

NEW YORK (AP)—The FBI is probing possible Communist influence in the city's racial violence, which continued through the night in Brooklyn's Negro section and resulted in the critical wounding of two Negroes by police.

Acting Mayor Paul R. Screvane said the Harlem disorders had been incited in part by "fringe groups, including the Communist party."

He suggested that the FBI agents might investigate the source of money for some street rallies and for some of the "very inflammatory, anti-American...and seditious statements."

The FBI investigation began on orders from President Johnson.

QUIETER

Meanwhile, Harlem, where rioting started Saturday night following protest rallies over the fatal shooting of a Negro boy by an off-duty police officer, was relatively quiet Tuesday night.

In Brooklyn's Bedford-Stuyvesant section, police fired at looters. Dozen of store windows were broken.

About two dozen persons were arrested.

Mayor Robert F. Wagner cut short a European vacation because of the violence.

Wagner said he would look into the report of Communist influence. He said he did not believe federal troops or the National Guard would be needed to preserve order.

Police reported a number of the burglaries in Harlem, the big Negro neighborhood in Manhattan. A few shots were fired by police to disperse unruly gatherings. But there were no large crowds, demonstrations or anything like the weekend rioting in which one man was killed and more than 100 injured.

STREET RALLY
In Brooklyn, the trouble started after a Black Nationalist street rally that drew about 500 Negroes. Firecrackers exploded in the crowd and many people scattered in panic.

More than 200 police moved in to quell the disturbance. They fired more than 150 shots in the air. Bottles were thrown. Store windows were broken. Subways were ordered to skip the Franklin and Nostrand street stops for a time.

The crowd broke up after an hour or two and police began getting reports of looting throughout the section.

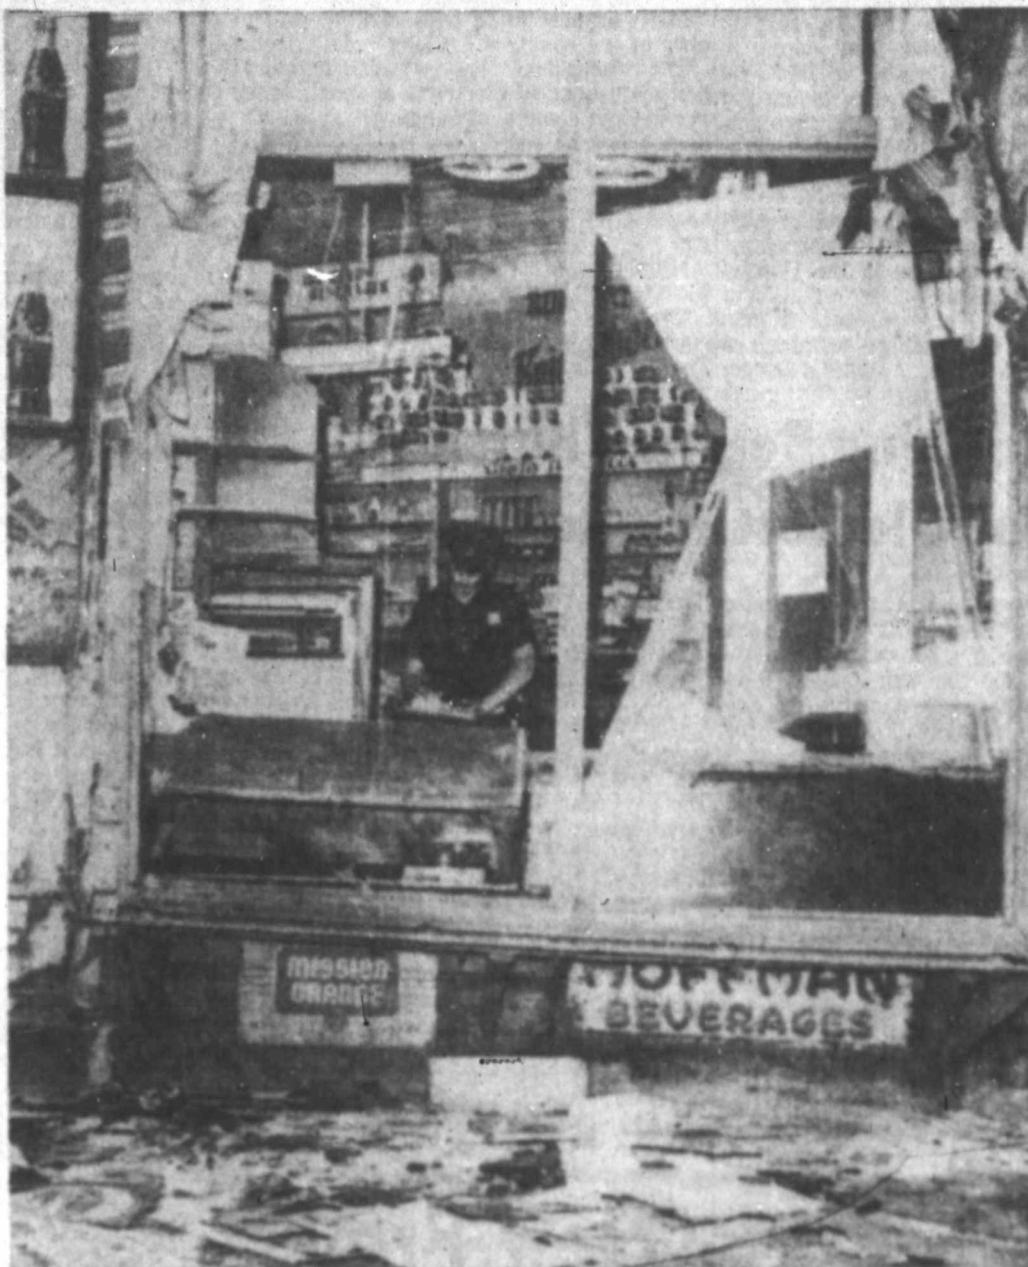

About 24 Negroes were taken into custody.

A police sergeant said Sumner Avenue was "all torn up," with many store windows broken.

Small crowds gathered at stores where burglar alarms rang in the night. They cursed police whenever patrolmen appeared.

At police headquarters in Manhattan about 250 white teenagers hurled rotten eggs at 16 members of the Congress of Racial Equality, who were picketing Tuesday night against what they called police brutality.

Deputy Police Commissioner Walter Arm, who was talking to reporters when the barrage

started, ran to escape it, but was hit on the leg.

The teenagers, who live near the headquarters, shouted "Go back to Harlem" and "Communists" at the pickets.

Civil rights leaders staged several demonstrations, but nearly all were outside the riot-torn Negro sections of Manhattan and Brooklyn. One leader in the Brooklyn chapter of the Congress of Racial Equality said the move was to protect CORE

members and others from "harsh tactics" of police.

Five demonstrators were arrested at City Hall.

Screvane, acting mayor in Wagner's absence, was asked whether there is evidence that Communists had fostered some disorders.

"I don't think there's any question about it," Screvane said. "Some of the people who have been involved in some of the meetings and rallies that have been called are known Communists, and I don't have any doubt about that."

"I would like to point out, however, that the whole rioting operation is directed toward the so-called fringe groups, including the Communist party and some of the other more radical groups, and not involving the rank-and-file persons living in the Harlem community. They're as frightened as people who live outside of the community."

Screvane also said that criminals and rowdy youths took advantage of the disorders.

President Johnson said in a statement issued in Washington that he telephoned Screvane. "I have told him," Johnson said, "of my willingness to cooperate in every way possible to help him in this time of agony."

"It must be made clear, once and for all, that violence and lawlessness cannot, must not and will not be tolerated."

George Reedy, White House press secretary, declined to specify what measures, beyond the FBI investigation, might be included in the offer of cooperation.

Deep Mud Hole Claims Three Victims

AKRON, Ohio (AP)—A young girl and a policeman and college boy who tried to rescue her sank and were presumed drowned Tuesday in a 40-foot-deep mud hole gouged in a four-lane highway when a sewer line collapsed during a heavy thunderstorm.

More than 100 policemen, firemen and volunteer workers toiled through the night trying to recover bodies of the three and the car in which the girl had been riding. Their job was complicated when soil on the sides of the crater kept crumbling. A sheet-metal casing was constructed at the scene to be lowered into the hole by a crane.

10-YEAR-OLD

Missing were Claudia Shidler, 10, Ronald D. Rotruck, 28, an Akron policeman for five years; and Hugh M. O'Neil, 19, a Georgetown University sophomore and summer employe at General Tire and Rubber Co. which was founded by his grandfather, William O'Neil.

Rescued from the hole before it enlarged and deepened to its present size were Claudia's mother, Mrs. Velma Shidler, and a neighbor girl, Janet Lewis, 13. They were hospitalized with injuries.

STEEP HILL
Mrs. Shidler told police she had taken the girls swimming and was driving down the steep hill during the rain. She said she saw the hole in the pavement, tried to swerve her compact car, but more pavement caved in under her.

O'Neil apparently was on his way to work and stopped to help. His wallet was found near the cave-in and his car was parked nearby with keys in the ignition.

Rotruck, first policeman on the scene, had climbed into the hole on a ladder but along with O'Neil was sucked under when more water surged into the cavity and caused additional cave-ins.

Texas' Beauty Delegate Named

LAKE WHITNEY, Tex. (AP)—Marilyn Hultquist, 18, of Brenham has been selected Texas delegate to the International Beauty Congress in Long Beach, Calif., Aug. 5-15.

The LaPorte girl was winner Tuesday night of the 10th annual Texas Beauty Pageant at Lake Whitney. She qualified for the contest as runner-up in the Sylvan Beach pageant.

None bolted the party. None said he would campaign for President Johnson.

Most said Tuesday they might back the Arizona senator if he clarifies or revises his views.

Sens. Jacob K. Javits and Kenneth B. Keating of New York announced their stands in separate news conferences.

Both supported Gov. Nelson A. Rockefeller of New York for the GOP nomination, and switched to Gov. William W. Scranton of Pennsylvania when Rockefeller withdrew.

STATE PLATFORM
Javits, who is not up for reelection this year, said he would work for a state platform along the lines proposed by Scranton forces for a national platform at the San Francisco convention. He said he hopes Goldwater will

do something to enable him to support the national ticket.

Keating said he hasn't decided if he will seek re-election this year, but if he does it will be as an independent Republican.

Rockefeller has said he would support the GOP ticket. But he sharply criticized the statement on extremism Goldwater made in his speech accepting the presidential nomination. Since then Rockefeller has made no further statement.

SUPPORT TICKET
One prominent New York Republican, State Senate Majority Leader Walter J. Mahoney, said he expected that "all Republicans will be able to support the Goldwater-Miller ticket as the campaign unfolds."

Other Republicans said they are holding off support of Goldwater. They included Gov. John H. Reed of Maine, Rep. Silvio O. Conte of Massachusetts, State Senate Majority Leader William E. Ozzard of New Jersey, Sen. J. Glenn Beall of Maryland, Mayor Theodore R. McKeldin of Baltimore, a former governor, and Rep. James G. Fulton of Pennsylvania.

Fulton said he felt more akin to President Johnson than to Goldwater but might write in a vote for Scranton.

IN FAVOR
Sen. Clifford P. Case of New Jersey said his mail is 20-1 in favor of his decision not to support Goldwater unless the Arizona modifies his views.

McKeldin said he understood new voter registrations in Baltimore are 10-1 Democratic, while the normal ratio is 3-1.

In Harvey, Ill., the Rev. Wilbur N. Daniel, Negro candidate for Congress on Chicago's South Side, said he would not support Goldwater.

In Seattle, Lou Kessler, former chief parole and probation officer for the state of Washington, filed as a candidate for governor opposing two GOP candidates he said had tied themselves to Goldwater's coat-tails.

Houston's Tax Office Probed
HOUSTON (AP)—An investigation is being conducted into some dealings in the city of Houston tax department.

So far it has turned up evidence of unexplained reductions in some tax assessments and the receiving of "gifts" by department employes, Mayor Louie Welch said Tuesday.

COMMANDOS HIT IN NORTH VIET

SAIGON, Viet Nam (AP)—South Vietnamese Air Force planes are dropping sabotage teams over Communist North Viet Nam and are training to extend their combat operations, the air force commander said today.

Air Commodore Nguyen Cao Ky told reporters at Bien Hoa airfield that Russian-made jets were attempting interception of the flights. He reported the North Vietnamese "have radar and very good anti-aircraft."

Ky said he has personally piloted a plane over North Viet Nam and that the raids continue.

"We keep very low and they can't hit us," he said. "The remarks were the first official statement that military operations are being conducted by the Saigon government directly against North Viet Nam."

The Communist Radio Hanoi repeatedly has broadcast announcements of trials of "spy commandos" captured in North Viet Nam. The latest trial reported was in April.

A U.S. advisor at the airport said: "Remember, to a lot of these young guys, North Viet Nam isn't another country. The border doesn't mean anything to them. It's more like northern Viet Nam."

A dapper, mustachioed officer in his mid-30s, Ky advocated immediate bombing of North Viet Nam.

Coincidentally with Ky's remarks, the flagship of the U.S. 7th Fleet, the cruiser, Oklahoma City, was on a goodwill visit to Saigon.

Ky told his airfield news conference he felt that Red China probably would move into the fight if North Viet Nam was bombed, but that South Viet Nam should go ahead anyway to combat Hanoi's work in support of the Viet Cong guerrillas.

Nominee Hits 'Vote Seeking'

WASHINGTON (AP)—A \$962.5-million anti-poverty bill pointed toward a head-on clash in the Senate today between the Johnson administration and Sen. Barry Goldwater, the Republican presidential nominee.

The many-sided measure, denounced by Goldwater as designed chiefly to get votes in this year's election, is being pushed by President Johnson as part of his declared war on poverty.

As Senate Democratic Leader Mike Mansfield of Montana called the bill up for action in the Senate, the House Rules Committee planned to resume hearings on a companion measure.

CONFIDENT
Administration leaders were confident the committee would clear the bill for action by the House, but several days of hearings were in prospect. Once the bill reaches the House floor, it will face stiff GOP opposition.

Among other things, the Senate bill would establish a job corps to help unemployed youths obtain new skills and work experience, finance most of the cost of community programs in such fields as health, welfare and vocational rehabilitation, set up a new Volunteers for America Corps to help operate various projects, provide loans and grants to low-income rural families and assist migrant farm families.

Goldwater criticized the bill Tuesday as "an attempt to reap political rewards from the American people's natural and humane desire to improve the lot of our less fortunate citizens."

He was joined by Sen. John G. Tower, R-Tex., in filing a minority report on the bill, which was approved by the Senate Labor Committee on July 7 by a 13-2 vote.

Goldwater and Tower termed the measure "a hodgepodge of programs treating only the results, not the causes of poverty."

And they said that "whatever its professed purposes, it seems designed to achieve the single objective of securing votes."

In contrast, the majority report said the bill marks "a commitment by the Congress and the nation to dedicate themselves to the elimination of deprivation and dependency in this land."

Nikita Blasts Republicans

WARSAW (AP)—"Clean our weapons, always keep our vigilance and stay on full alert," Soviet Premier Khrushchev told the Communist bloc Tuesday night after attacking Sen. Barry Goldwater and the Republican platform.

Khrushchev spoke at a celebration of Poland's 20th anniversary as a Communist nation after the U.S. and British ambassadors walked out in protest against attacks on U.S. policy by Polish Communist party chief Wladyslaw Gomulka.

Assailing the Republican platform as warlike, Khrushchev said it was adopted in San Francisco "in an atmosphere reminiscent of the fascist (Nazi) gatherings in Nuremberg."

"The candidate put forward for the presidency," Khrushchev continued without calling Goldwater by name, "made it clear that he wants to enter the White House under the slogans of unbridled anti-communism and war threats."

"The Soviet Union has already existed for 47 years. During this period we have seen various mad and half-mad men. We have never been afraid nor are we afraid of threats. We cannot be indifferent, however, toward threats."

More Cameras On Moon Shot

PASADENA, Calif. (AP)—Ranger 7 will carry more than cameras when it is launched at the moon next week. On it will be riding the hopes and perhaps the future of the men who made it.

After Ranger 6 hit the moon last February but failed for the fourth straight time to return close-up pictures of the lunar surface, scientists at its Jet Propulsion Laboratory birthplace came under severe criticism from the parent U.S. space agency and in Congress.

JPL operations since then have been overhauled and Ranger 7 has been subjected to minutely detailed tests.

Result: JPL chief William Pickering gives it a 50-50 chance, compared with the 1-in-4 chance given Ranger 6.

"We are more confident about Ranger 7—we give it one chance in two—because we have one more shot behind us and some changes have been made to improve the reliability of the craft," Pickering said in an exclusive interview.

"I believe the National Aeronautics and Space Administration is now convinced that this is a complex and difficult job, but that we will be able to get pictures of the moon from at least one of the next three shots."

Whether Ranger 7 succeeds or not, Pickering said, there will be no more launchings this year due to other commitments at the Atlantic range.

"But we fully expect to fly two more Rangers early next year," he said. "Ranger 8 is already assembled and work has begun on Ranger 9."

All day Thursday some 300 scientists and engineers here will go through a full-dress simulation of the flight in the laboratory's new \$14.6-million tracking center, which will launch the spacecraft after launch.

Peace Restored After Singapore Racial Riots

SINGAPORE (AP)—A daytime curfew enforced by more than 6,000 troops and police restored quiet today to Singapore Island after racial riots between Malays and Chinese in which 8 persons were killed and 341 injured.

Acting Prime Minister Tun Abdul Razak, who flew here from Kuala Lumpur, the Malaysian capital, announced the official toll from Tuesday night's violence at a news conference.

He said 157 persons had been arrested on various charges.

Razak said the curfew would remain in effect until further notice. It will be lifted for three and a half hours Thursday morning to give residents a chance to buy food and other necessities.

Singapore's streets were deserted except for patrols of soldiers and riot police. Security forces with fixed bayonets had pushed everyone off the streets who tried to ignore the daytime curfew.

During Tuesday night's fighting rioters attacked a U.S. consulate car in which Charles J. Rogers said the mob, which he believed was composed mainly of Chinese, smashed the car's windows and headlights with clubs and bottles. The Malay driver was cut by flying glass.

Nearly 100 riot police armed with clubs and tear gas guns were down from Kuala Lumpur today to join 5,000 police and two battalions of troops in the effort to keep the violence from spreading up the Malay Peninsula.

Ministers Ponder Action On Cuba

WASHINGTON (AP)—Urged on by a march of Cuban exiles, some of whom rioted briefly Tuesday, foreign ministers of Western Hemisphere nations considered today what steps to take against Cuban aggression.

Secretary of State Dean Rusk, pushing the United States request for action, was among the day's scheduled speakers.

A clash of several hundred Cubans with hastily summoned police marred what had started out as a peaceful demonstration by more than 5,000 Cuban exiles who came here to urge action against the Castro regime.

More than 400 metropolitan and park policemen, some on horseback and motorcycles, helped quell the disturbance which broke out when some of the marchers insisted on leaving the parade route to head to the Pan American Union building where the foreign ministers are meeting.

Two Cubans and a park policeman received hospital treatment and about 45 other Cubans were treated for cuts, bruises, exhaustion and heat prostration.

Three men and one woman,

arrested on disorderly conduct charges, were released after posting collateral.

In Miami, organizers of the march charged that "Castro people" infiltrated their ranks and were responsible for the trouble.

The parade had been organized to march from the Washington Monument to the Lincoln Memorial and back to support the cause of sanctions against Cuba. Some insisted on going on toward the meeting site.

Mounted policemen rode slowly into the crowd, forcing those in front back against others following. Many fell to the ground in the crush.

Aided by leaders of the march, police soon restored order and the crowds melted away.

Most of the demonstrators had appeared in a happy mood as they carried signs "Cuba si, Russia no," and "We save Cuba or we lose America." They had gathered here from Miami, New York, Baltimore and other East Coast cities as well as from Chicago.

Mossier Will, Additions On File For Probate

HOUSTON (AP)—The will and three codicils signed by slain Houston millionaire Jacques Mossier have been filed for probate. The documents were filed Tuesday in County Clerk R. E. Turrentine's office. Mossier's wife, nine children, and an aged brother and sister were named as beneficiaries of his estate, estimated variously as high as \$15 million. Mossier, 60, was found bludgeoned and stabbed 39 times in his plush Miami apartment early June 30. The documents probated were signed at various times from Nov. 11, 1961, to June 12, 1963. The second codicil, signed in Miami June 22, 1963, nominated Mrs. Candace Mossier, 45, the widow, as sole executrix and trustee of the estate, and cut off a trust bequest to Rita Johnson, a daughter of Mrs. Mossier by a former marriage. The codicil directed that the portion of Mossier's estate formerly for the Rita Johnson trust be given to Mrs. Mossier instead. In a final codicil, handwritten by Mossier under the signatures of witnesses to the second codicil, the Houston financier removed Walter J. Fountain, president of the Mossier Acceptance Corp., as a co-trustee and co-executor. The will disposing of Mossier's half of the community estate gave personal possessions and one-half of his separate estate to Mrs. Mossier. The rest of the estate was ordered divided into trusts for each of his four children by his first marriage, for Mrs. Mossier's two children by an earlier marriage and for four children Mr. and Mrs. Mossier adopted in Chicago in 1957.

Moutains Of Food Needed For Jamboree

VALLEY FORGE, Pa. (AP)—There will be no food shortage for the estimated 52,000 Boy Scouts who will camp out in historic Valley Forge Park during their sixth National Jamboree July 17-23.

It will take 100 railroad freight cars and hundreds of trucks to bring in the tons of meat, fish, vegetables, bread, cake and milk that will feed the boys and their leaders.

The entire feedbag will cost \$1.1 million. Hot dogs that will be served at two meals to the participating scouts would cover 22 miles, if laid end to end.

There will be 1.1 million cans, jars and packages of foods delivered in 47,000 cases. This alone weighs over 700 tons.

SMALL POOL
Milk? over 600,000 quarts—enough to fill a small swimming pool. And ice cream? A quarter of a million dippers full.

Butchers will cut up 200 steers to get 25,000 pounds of steak for the gala windup dinner on Thursday, July 23.

To cook the food around 16,380 campfires the boys will burn up 245 tons of charcoal.

There will be no dishwashing. The scouts will use 8.5 million paper cups and plates at meal-

time. Their only K.P. will be to clean the knives, forks, spoons and pots and pans they will cart from home as part of their camping equipment.

The jamboree isn't all eating.

Davis Services Set Thursday

STANTON (SC) — Services for Claude Davis, 61, who died in a Stanton hospital early Tuesday, have been set for 2 p.m. Thursday at the First Baptist Church of Stanton. The Rev. J. R. Williams, pastor of Courtney Baptist Church, will officiate, assisted by the Rev. H. L. Bingham, pastor of Klondike Baptist Church. Burial will be in Memorial Cemetery, Lamesa, under the direction of Arrington - Gilbreath Funeral Home, Stanton.

Mr. Davis was born at Edgemont, Ark., Jan. 5, 1903, and moved to Martin County in 1924 where he farmed in the Courtney Community. Survivors include the widow, three brothers, and two sisters.

Between meals the scouts — in what is billed as the largest gathering of free youth in the world — will exhibit their outdoor skills and participate in a multitude of activities.

They all checked in last Friday — some after sightseeing tours in New York Philadelphia and Washington — and pitched their two-man tents on the 1,900-acre site where George Washington's tattered Revolutionary War army spent the winter of 1777-78.

40 NATIONS
Already 765 scouts from 40 nations outside the United States, including 418 from Canada, are registered.

The major highlight of the jamboree—excepting the hoped-for appearance of President Johnson at one giant campfire gathering — was "American Heritage Day" on July 18. This climaxes a national program cosponsored throughout the year by the Boy Scouts and Freedoms Foundation.

Yanks Are In First As Orioles Drop Two

The New York Yankees trimmed Washington 7-1 Tuesday night.

Then they wound up on top of the American League when John Romano powered Cleveland to a 4-2, 8-5 doubleheader sweep over Baltimore and Vic Power came through with the big hit in the Los Angeles Angels' 2-0, 3-2 sweep over the Chicago White Sox.

Romano, a catcher the first game, was in the outfield when his third homer of the evening triggered an eight-run Indian uprising in the eighth inning of the Cleveland-Baltimore nightcap.

The big inning sent the Orioles reeling into second place, five percentage points behind New York.

Power was back at first base in the White Sox-Angels second game after an enforced 10-day layoff—the result of a run-in with umpire Jim Honochick in Los Angeles.

He came up in the seventh inning with two outs and cracked a bases-loaded single off Gary Peters that brought the Angels from behind and pushed the Sox into third place, one half game off the pace.

Boston defeated Detroit 7-5 on Dick Stuart's three-run homer and Kansas City nipped Minnesota 5-4 on Rocky Colavito's two-run double in other AL games.

Tom Tresh homered twice and doubled for the Yankees and Jim Bouton won his ninth game in 17 decisions with a four-hitter.

Tresh hit a solo homer, his 11th, in the second inning and connected again in the fourth with a man on. John Blanchard singled in two runs in the sixth and two more scored when Bouton's eighth inning fly ball fell for a double.

Chuck Hinton's sixth inning homer spoiled Bouton's shutout bid.

Romano caught the first game and drove in three runs with a pair of homers—his first in 14 games—and a double. He went to the outfield in the nightcap and Joe Azcue took over behind the plate as the Indians stacked their batting order with right-hand hitters against Baltimore southpaw Steve Barber.

John Powell had three hits in each game for the Orioles, including a first-game homer, his 28th.

The Angels' Bo Belinsky and reliever Bob Lee combined for a seven-hit shutout in the opener against Chicago. Felix Torres homered in the fourth inning and singled in the sixth.

Redwine Resigns At Shallowater

SHALLOWATER — Earl Redwine, head basketball coach at Shallowater, has resigned to accept a similar post at Paris, Ky. Supt. of Schools Weldon McCreary said Wednesday.

Applications are now being taken for the post and they should be sent to McCreary.

This past year, Redwine led Shallowater to the District 7-B title and most of the players will be back this year, so prospects are good for another strong team.

driving in both Los Angeles and Jim Fregosi's first inning homer in the nightcap gave the Angels a 1-0 lead but the White Sox came up with two runs on five hits in the bottom of the first.

Relievers Aubrey Gatewood and Bob Duliba blanked the Sox

the rest of the way and Power's hit, following a pair of walks and a single by pinch hitter Bob Rodgers, provided the victory margin.

Stuart's 24th homer snapped a 4-4 tie and upped his league-leading RBI total to 84. Bill Monbouquette weathered two home runs each by Norm Cash

and George Thomas for his third straight victory.

Colavito's seventh inning double brought Kansas City from a 4-3 deficit and helped hand the Twins their sixth straight setback. He also singled in a run as the Athletics pounded Camilo Pascual, who has lost six of his last seven decisions.

Action At Second Base

The Dodgers' Maury Wills is out at second base in the first half of a double play in the seventh inning in Los Angeles Tuesday night as shortstop Eddie Kasko of the Houston Colts fires to first base. Wills got aboard with a

single to center, but was out on the force play when Jim Gilliam grounded into the double killing. The Colts won the ball game 1-0 with Al Spangler's eighth inning homer. (AP WIREPHOTO)

Williams Provides Margin Of Victory

Billy Williams hit a two-strike pitch for a two-run homer that provided the Chicago Cubs with the runs they needed to whip San Francisco 2-1, Tuesday night.

Williams' homer, his 23rd, made the Cubs the latest entry in the National League pennant sweepstakes as they climbed over the 500 level with their fourth straight victory and eighth in 10 games, moving into contending position 7 1/2 games off the pace.

The Giants, meanwhile, continued their skid, losing their seventh in the last nine games and falling a full game behind front-running Philadelphia. The Phillies, also struggling, defeated Milwaukee 6-3 for only their fifth victory in the last 14 games.

Elsewhere, the New York Mets dropped third-place Cincinnati 3 1/2 games by beating the Reds 4-2, Pittsburgh rode Jerry Lynch's grand slam hom-

er to an 8-4 victory over St. Louis and Houston edged the Los Angeles Dodgers 1-0 on Al Spangler's homer.

The Cubs struck in the fourth against Gaylord Perry, now 7-7, when former Giant Joe Amalfitano doubled and Williams followed with his homer. That gave Bob Buhl his 12th victory against five losses although he needed relief help from Bobby Shantz and Don Euston.

The Giants scored in the sixth when Hal Lanier tripled and

came home on a wild pitch by Buhl, but Euston cut off their last threat, getting Jim Davenport and Chuck Hiller on soft flies with the bases loaded in the ninth.

Bobby Wine drove in two runs with a homer and single, Tony Taylor also homered and rookie Richie Allen stroked three hits as the Phillies slowed the Braves, who had won eight of 10 and 16 of their last 22.

Art Mahaffey, 9-4, started for Philadelphia but needed Jack Baldschun's relief help when the Braves loaded the bases with one out in eighth and the Phillies leading only 4-2. Baldschun got Hank Aaron to hit into a force play, then retired Joe Torre on a tap in front of the plate.

The Mets made it four straight victories over the Reds as Larry Elliot hit a bases-empty homer off Joey Jay, 4-8, in the second and walked before Jesse Gonder homered in the fourth.

Losers of games one and two meet at 5:30 p.m. Saturday for the consolation crown, while winners of games three and four tangle at 7:30 p.m. for the area championship.

Lamesa's stars are coached by Ed Evans and Derroll Rogers. Officials for the entire series have been drawn from the Lubbock association.

Trophies will be awarded to the top two teams and consolation champion.

Lamesa's all-stars include Jerry Beatty, Dale Boyd, Larry McWilliams, Brent Minnix, Steve Brown, David Knapp, Carlos Leal, Steve Fleming, Jerry Jernigan, Danny Hollmann, Jabbo Price, Russ Baldwin, Jackie Whitney, Freddie Landin is alternate.

Big Spring's Albert Fierro, one of 33 Texans comprising the state high school all-star team which will meet a Pennsylvania squad Aug. 1 in Hershey, Pa., traveled to Abilene Tuesday night on the first leg of his trip.

Wednesday morning he was slated to fly to Dallas with Abilene High's Rusty Harris, another member of the squad, and meet 22 others, all of whom will then fly to Baltimore by jet where a huge welcome is planned.

Each boy was to bring his own headgear and shoes with all the rest of the equipment being provided.

There have been no injuries and no departures from the training camp at California Lutheran College.

Sprinter Has Goal Of 1968 Summer Games

DALLAS (AP) — George Aldredge, considered to be Texas' greatest sprint prospect, is working for the Olympics.

But tracksters going after berths in this year's Olympic Games need't worry—George is aiming at the 1968 Olympics.

He is only 17 years old, is just a junior in high school and his coach says he thinks the boy was wise to pass up this year's Olympic trials.

"He is the finest sprint prospect I ever saw and could have made a good showing in this year's trials but I think he's too young for such an arduous campaign against veteran trackmen," says Floyd Hightower.

"George has a long time to compete. He will be only a junior in college by the time of the 1968 Olympics in Mexico City."

Aldredge goes to Highland Park High School of Dallas. He has just wound up a campaign that saw him run 100 yards in 9.4 on two occasions and 9.5 on four others.

He ran 9.5 with eight stitches in his foot.

Aldredge did the 220-yard dash around a curve in 26.9, which tied the national scholastic record. He ran 60 yards in 6.1 and 300 yards in 31.4. These two events were indoors. The 31.4 was faster than the Collegians could make—the 300.

He competed in 11 meets this season and won 22 of 22 races.

Lamesa Hosts Baseballers

LAMESA (SC) — Lamesa's Little League all-stars launch the Area 4, District 2, tournament here Thursday by meeting O'Donnell in the opening game at Little League Park at 5:30 p.m.

Other opening round action pits Crosbyton against Tahoka at 7:30 p.m.

Slaton will meet the winner of the Lamesa-O'Donnell game at 5:30 p.m. Friday, while Post goes against the other victor in the nightcap Friday.

Losers of games one and two meet at 5:30 p.m. Saturday for the consolation crown, while winners of games three and four tangle at 7:30 p.m. for the area championship.

Lamesa's stars are coached by Ed Evans and Derroll Rogers. Officials for the entire series have been drawn from the Lubbock association.

Awaiting District Tournament

Pictured above are members of the International Little League all-stars, who will compete in the district tournament in Andrews starting Monday, July 27. From the left, top row, they are Mr. Sanchez (manager), Johnny Sevey, Marlin Medina, Ted Coxy (president of the league), Mike Hudson,

Bryan Brewer and Jack Poole (coach). Second row, Dickie Poole (trainer), Charlie Huff, Gary Strickland, Greg McQuay, Dawson Brewer and Steve New. Front row, Tony Sanchez, Gary Hughes, Carl Dean and David Viruet.

Top Teams Have Various Problems

MILWAUKEE (AP)—Despite their worst slump of the season, the Philadelphia Phillies are riding out the storm in first place in the National League pennant chase.

"We just haven't played as clean baseball as we did in the first two months, but we're still leading the league and what can you do with a team like that," Manager Gene Mauch said Tuesday night after the Phils defeated the Milwaukee Braves 6-3.

"We played terrific baseball for the first two months, making a few mistakes, and something had to give," Mauch added. "I don't know of any team that ever went through a season without playing some giveaway. Now we just have to start playing the way we were—cleanly."

"The pennant race is no different now than when we teed off. The team that gets the pitching and makes the fewest mistakes will be in business in October."

The Phils cooled off the surging Braves with a 14-hit attack, including home runs by Bobby Vea and Tony Taylor, in capturing the opener of a three-game series. It was only the league leaders' fifth victory in the last 14 games.

The loss was just the fourth for the Braves in their last 14 outings, but it dropped them 6 1/2 games off the pace.

Seven of Philadelphia's last nine defeats have been at the hands of left-handed pitching. Apparently stung, the Phils belted Milwaukee southpaws Wade Blasingame and Billy Hoelt before picking up to unearned runs off right-handers Bob Tiefenauer and Chi Chi Olivo in the ninth inning.

"We knew from the outset we were vulnerable to left-handed pitching," Mauch said. "However, we started out by beating something like seven left-hand-

ers in a row. That was due mainly to our pitchers turning in better games than opposing southpaws."

Baltimore

BALTIMORE (AP)—Stu Miller is in a slump, and so are the Baltimore Orioles.

Going into July, with Miller at his best, the Orioles enjoyed a three-game lead in the American League pennant race.

On July 1, the 36-year-old relief specialist saved his 14th game for an Oriole teammate, and in addition he had a 4-1 won-lost record. Starting on April 28, he had allowed only five runs and 27 hits in 57 2/3 innings spanning 24 appearances.

But Miller served up a bases-loaded homer to Willie Smith of the Los Angeles to lose 10-6 on July 2. He has lost three more since, and the Orioles have tumbled into second place, five percentage points behind the New York Yankees.

In his 41st game of the season Tuesday, Miller allowed two singles, a homer, and a walk while retiring only one batter as the Cleveland Indians rallied for eight runs and an 8-5 second game victory to complete a twin-night doubleheader sweep.

"Let's see, since the All-Star game, we're 8 and 8," Oriole Manager Hank Bauer said after Baltimore dropped its first doubleheader of the season. "And Miller has lost three of them."

New York

NEW YORK (AP) — Gil Hodges is not one of those who thinks the New York Yankees are a sure thing to win the American League pennant—even though they moved back to first Tuesday night.

Before the meeting between his Washington club and the defending champions, the popular manager said he was more cer-

tain his Senators would not finish in the cellar than he was of the Yankees winning the pennant.

"The Yankees are having some trouble with their pitching," Hodges said. "If the Orioles and White Sox continue to get the strong pitching they have been getting, the Yankees are in for a lot of trouble."

It didn't work that way Tuesday night. Bob's the Orioles and White Sox lost doubleheaders while the Yankees defeated the Senators handily 7-1 behind the four-hit pitching of Jim Bouton.

That put the Yanks back on top, and Tom Tresh had a lot to do with it.

Tresh is currently on a hot hitting streak. He has connected safely in 15 of his last 30 at bats lifting his batting average to .275. During the eight days, he has hit four home runs and driven in 11 runs.

"I've changed to a heavier bat," the 24-year-old outfielder explained. "I had been using a 31 ounce bat until last week. In Cleveland, a week ago last Monday, I borrowed Phil Linz' 34 1/2 ounce bat and I hit two home runs that night."

"That bat felt good and I used it through last Sunday's games. Tonight I got in a new shipment of bats, four weighing 35 ounces and two weighing 37 ounces."

Cowboys Prep In California For August 8

THOUSAND OAKS, Calif. (AP) — The Dallas Cowboys, prepping for a National Football game against the Los Angeles Rams Aug. 8, held two heavy drills Tuesday.

Coach Tom Landry concentrated on blocking and pass protection in the afternoon session. Commenting on pass protection, he said:

"I feel we are in a much better position at this early stage than at any time in the past four years. A great deal of this is due to the fact that we have a nucleus of veterans who are familiar with the system and have been with us for a couple of years."

Landry scheduled two more heavy workouts Wednesday, including a full speed scrimmage in the afternoon.

Offensive linemen Jim Ray Smith and Tony Liscio and fullback Don Perkins drew praise for blocking. Observers likened their performances to mid-season form.

There have been no injuries and no departures from the training camp at California Lutheran College.

South Is Favored In All-Star Contest

FORT WORTH (AP)—The South threatens to rise again in the all-star football game of the Texas Coaching School here Aug. 6.

It's about time — since the South has won only one game in 10 years. Coach Jim Acree of Corsicana has the offensive guns to do it this time.

Two San Antonio boys are the reason for optimism. They are Warren McVea of Brackenridge and Linus Baer of Lee. They scored a total of 541 points last fall, McVea accounted for 315.

Each gained more than 1,300 yards running. McVea also is an adept pass - receiver. It probably means the South is going to pass-pass-pass so it can knock down the North in a hurry.

The South has other top hands. One is Jimmy Bailey of Conroe, who ran for 1,626 yards. Another is Danny Bigbie of New London, who went 1,350 yards.

Then there is Charles Wilson of Fort Arthur, who hammered out 1,600 yards in three seasons.

The key may be Ines Perez

of Corpus Christi Miller, who had 16 touchdown passes last season. His throwing ought to not only score touchdowns but make the South running game go even better.

Shooters Compete

VINCENT—The Mesquite Gun Club, which holds its matches on the range seven miles west of Vincent, will hold a large calibre shoot Sunday. Using a gun of 270 calibre or larger, each entrant will fire 10 shots at 100 yards from a bench rest. There will be competition in both scope and open classes.

'Agitators, Go Home,' Asks Barnett In Houston Talk

HOUSTON (AP) — Both Mississippi and the civil rights workers in the South would be better off if the "traveling agitators" would "simply go home," former Mississippi Gov. Ross Barnett said Tuesday night. In a speech his audience punctuated with rebel yells, Barnett described the integrationists as "bearded beatniks trying to stir up trouble." Barnett spoke before 2,000 persons in place of Gov. George Wallace, D-Ala., who at the last minute declined an offer by the Citizens Council of America in Texas, Inc., to speak. A representative of Wallace said since the governor has announced he would not be a candidate for the presidency, his schedule has been disrupted. PICKETING As Barnett entered the music hall in downtown Houston about 50 pickets, both Negro and white, paraded near the entrance. There were no incidents other than a few insults exchanged between integrationists and a dozen or so pro-segregationists who appeared as rival pickets. About 50 policemen were stationed at the Music Hall. Barnett spoke from a flag-lined platform. American flags were to his right, Texas flags to his left and a lone Confederate flag was in the center. Barnett, gesturing constantly with his right hand, drew applause after nearly every sentence of his 45-minute long speech. "We have hundreds of beard-

Dallas Reports Threats On Barry

DALLAS, Tex. (AP) — Two threats against the life of Sen. Barry Goldwater, the Republican presidential nominee, were reported here Tuesday. A switchboard operator at an automobile dealership said she received the calls Tuesday morning. The second came as police were being told of the first. Dallas Police Chief Jesse Curry said he had alerted Washington, D.C. police to the calls.

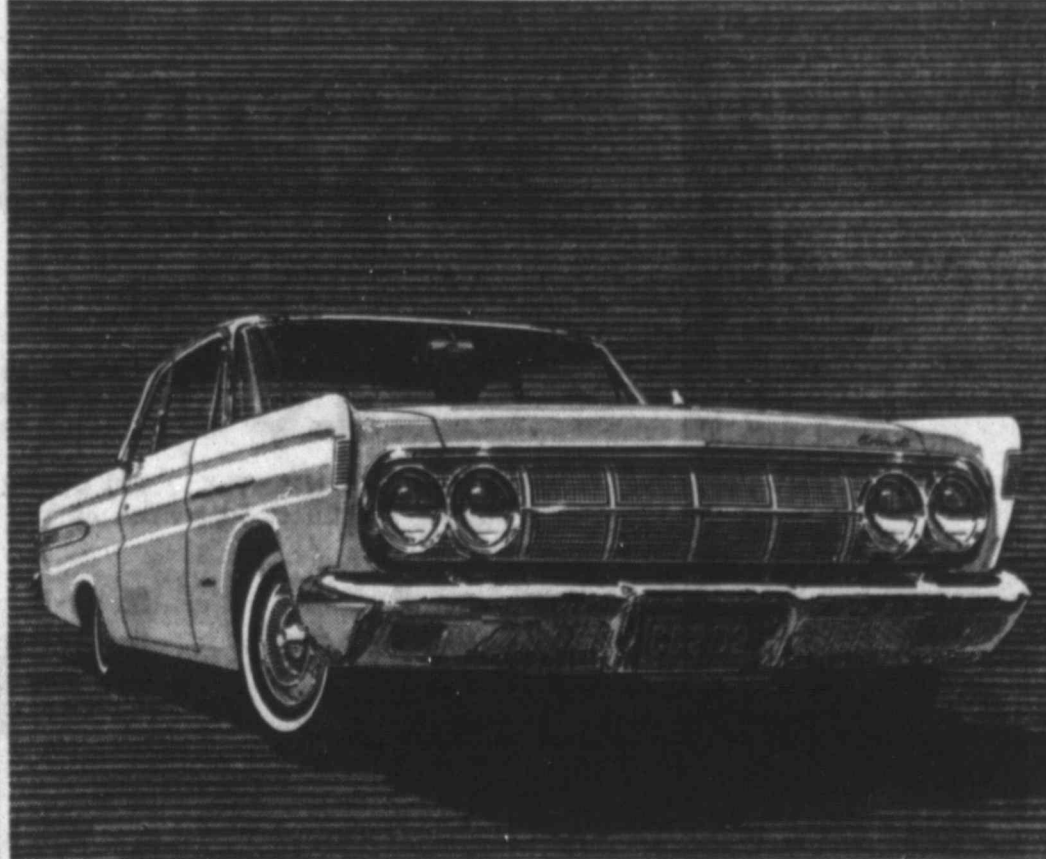

"Cataract, the clouding of the lens within the eye, is the greatest single cause of blindness in the country, and frequently afflicts older people", according to the National Society for the Prevention of Blindness.

"Guard against eye disease, eyestrain and poor vision with an annual, professional eye examination by a Doctor of Optometry," advises Dr. S. J. Rogers of Texas State Optical. Consult your telephone directory for the TSO office nearest you.

Lamesa Buys Second Texas Alert System

LAMESA (SC)—Lamesa City Council Monday accepted the low bid of \$29,965 from Sound Photo Equipment Co. of Lubbock for a voice alert warning system—the second one to be installed in Texas. Crockett has the only other system in the state and about a half dozen cities in the nation have adopted the warning method. Five other bids were received.

A federal grant will pay half the cost and the city and Dawson County commissioner's court will share the remaining 50 per cent.

Also discussed was the possibility of hiring a full-time paid Civil Defense director, but further study was decided.

In other action, Lamesa attorney Ray Renner was re-appointed as a director of the Canadian River Municipal Water Authority. He presently serves as the authority vice president.

Sand Springs Church Makes Building Plans

The First Baptist Church of Sand Springs is launching a plan of church finance Thursday at 7:30 p.m. in the auditorium of the church. The object is to raise funds for a new auditorium and other improvements, said the Rev. J. Dan Burrow, pastor.

The Rev. Philip C. McGahey will be here to work with the church in operating the Broadway plan which involves the issuance of six per cent Broadway church bonds. These will be available in \$1,000, \$500 and \$250 denominations, maturing serially from six months to 15 years. Total of the issue is to be \$30,000.

Sunday has been set as the time for beginning the program of expansion for the church. A prior claim of weekly church revenues has been pledged by the congregation for creation and maintenance of a sinking fund which Rev. Burrow said would pay in full the bonds and interest at maturing date.

This is considered as the first of four phases of development for the church and it includes a 192-seat auditorium, air conditioning, sanctuary and educational unit furniture. The second unit is to include enlargement of the sanctuary and addition to the Sunday school quarters. A third phase is set up for demolishing the present stucco and frame auditorium and educational facilities and their replacement with a new educational unit. The fourth stage is the final enlargement of the sanctuary if growth trends continue.

The church property is located on the north side of Interstate 20, about midway in Sand Springs. Membership of the church is 168, Sunday school enrollment 108. Serving with the pastor in the new program are R. L. Johnson (phone 391-5336), G. W. Hundson (4-4046), and Frank Jones (391-5336), who can answer questions about the church investment program.

Miss Haggerton Dies, Rites Held

COLORADO CITY (SC)—Miss Willie Edith Haggerton, 59, died Monday at 2 p.m. at the home of her mother, Mrs. Minnie Haggerton, with whom she lived. Miss Haggerton had suffered from a long illness.

She was born Nov. 5, 1905 in Coke County but had lived in Mitchell County for many years. She was a member of the Church of Christ.

Funeral was held Tuesday at 4 p.m. from the Kiker and Son chapel. Rev. Bobby McMillan, pastor of St. Luke Methodist Church, and Roy Holland, minister for the Twenty-Second Street Church of Christ, officiated. Burial was in the Spade Cemetery.

Blaze Quenched

DALLAS (AP)—Firemen were alerted today when a blaze was reported at the new First National Bank building under construction. They snuffed out a third floor trash fire which apparently was touched off by welding sparks. No great damage was done.

Alliance Sets Up Members' Accounting

MEXICO CITY (AP)—The Alliance for Progress will set up a new financing process to keep tabs on how member nations are spending Alliance funds.

The system, similar to the one used by the Marshall Plan in Europe's post-World War II recovery, will make further funds available to those countries making the most progress.

The new procedure was recommended Tuesday by the Inter-American Committee of the Alliance for Progress (CIAP) after a week-long meeting here.

Conference sources said privately that the committee wound up the meeting as a strong guiding hand for the Latin American aid program. State Department counselor Walt W. Rostow, the U.S. delegate, said "the alliance grew up" during the week.

The committee published a report containing a series of recommendations to bolster the Alliance.

Under the new financing system it will combine under a single body the formerly divided responsibilities for evaluating development programs and needs and recommending financial assistance.

The CIAP said the new process will speed up the processing of loan and grant applications and reduce the amount of idle Alliance funds. The Alliance now has an estimated total of \$2.3 billion committed but waiting to be distributed.

The CIAP report concentrated on moves to promote trade, seen as the key to Latin America's economic development. It recommended:

- Reports by the Alliance on national marketing conditions.
- Inclusion of national marketing projections in national Alliance plans.
- Establishment of an Organization of American States (OAS) office on national market affairs.
- Consultation with national and international agencies on trade problems.

Dr. Sam's Freedom Up Before Panel

AKRON, Ohio (AP)—Sam Sheppard's freedom was at stake today at a hearing by the 6th U.S. Circuit Court of Appeals.

The three-judge panel will hear arguments on a stay order that followed the convicted wife slayer's release from prison last Thursday on a writ of habeas corpus.

Since his release, the 40-year-old former Bay Village osteopath has married German divorcee Ariane Tebbenjohanns in Chicago and visited New York City.

Sheppard, his wife and attorney F. Lee Bailey were to fly to Cleveland this morning from New York. Sheppard and Bailey were to appear at the hearing. Mrs. Sheppard planned to accompany them to Akron.

The latest in a maze of legal moves was a motion filed in Cincinnati Tuesday asking that the order that freed Sheppard be set aside.

The order to cut short his freedom was signed by U.S. Appeals Court Judge Lester L. Cecil of Dayton. Paul C. Weick of Akron and Clifford O'Sullivan of Port Huron, Mich., will join Judge Cecil for today's hearing.

The stay order would cancel Sheppard's \$10,000 bond set by U.S. District Court Judge Carl A. Weinman of Dayton. In setting aside Sheppard's conviction, Judge Weinman said Sheppard's rights to a fair trial had been violated because of adverse publicity.

Sheppard spent nearly nine years in prison for the July 4, 1954 bludgeoning slaying of his pregnant wife, Marilyn. He claimed a "bushy haired intruder" did the killing. Sheppard was sentenced to a life term for second-degree murder.

The motion filed in Cincinnati was by Cuyahoga County prosecutor John T. Corrigan. Judge Weinman had given him 60 days to call for a new trial for Sheppard.

Snub Of Congo Weakens Africans' Angola Attack

CAIRO (AP)—Africa's kings, presidents and premiers probably did nothing more significant in their five days of oratory here than their snub of Premier Moise Tshombe of the Congo.

By that single act, the African leaders who finished their second summit meeting Tuesday threw their program for overthrowing the Portuguese rulers of Angola into jeopardy.

It is difficult to assess the accomplishments of the second summit meeting of the Organization of African Unity. The final communique was so vague that it is difficult to pinpoint anything.

MEAGER SOURCES
The government heads were so shielded from newsmen and conference sources were so meager with real information that it was impossible to determine how deep the discussions went.

But the rejection of Tshombe was unmistakable. Prodded by President Kwame Nkrumah of Ghana and President Ahmed Ben Bella of Algeria, the preparatory session of foreign ministers declared the Congo-

lese premier's presence was undesirable. Congolese President Joseph Kasavubu boycotted the conference in retaliation.

The Congo is the seat of the revolutionary Angolan government-in-exile headed by Holden Roberto. It is a staging ground for guerrillas who have infiltrated northern Angola, the Congo's southern neighbor.

Whatever Tshombe did as leader of the Katanga secession, he has become one of the Congo's authentic leaders, and will have to be reckoned with.

AGAINST ANGOLA

The Congo is the most strategically placed nation in Africa for any move against Angola, and the Congo does not win much by alienating its neighbor.

Only about half of Katanga's rich copper exports can be shipped abroad over the Congo's own transportation system. The rest must move through Angola and Mozambique.

Tshombe and Kasavubu cannot be enchanted by the idea of cutting out these export channels for a group of African leaders who humiliated them.

If the Congo ever succeeds in quieting its spear-throwing tribes and bringing a degree of sophistication to its belligerent politicians, it will become one of the two or three richest states in Africa. It will not have to submit to the intervention in its political life to which it has been subjected in the past.

The fact that Roberto is turn-

ing to Moscow, Prague and Peking in search of money and weapons may also have a sobering effect on the Congolese and other Africans.

A Devotional For The Day

They attempted to go into Bithynia, but the Spirit of Jesus did not allow them. (Acts 16:7. RSV.)

PRAYER: Almighty God, to Thee we turn for guidance. Direct our way this day. Help us to discover Thy will for us in all things and grant us the faith and courage to accept it. In Jesus' name. Amen.

(From the 'Upper Room')

The Best Course

One of our constituents suggests that a topic for an editorial would be to remind parents of the dangers of letting children wade in streams, ponds and lakes.

This year has produced a rash of drownings in this area. An examination of these cases reveal that almost without exception the younger victims have been wading and stepped into deep holes or wandered beyond

their depth limits. Sometimes they took another with them.

Wading is a splendid sport if parents do one of two things—watch the youngsters constantly while they are wading, or make sure that every child has on a life jacket before playing alone in the water. The latter course is a wise one regardless. Jackets may seem a trifle cumbersome, but we can't recall any drowning victims in this area who had them on.

Don't Misread 'Cures'

Readers who read too hastily, or incompletely, or without a thorough understanding of what they have read, are often the despair of writers and editors. Most of those engaged in setting down words to be put into print, hoping that they are expressing thoughts that are worth expressing, accept this occupational hazard and appreciate it as an obstacle to understanding between writer and reader which the former must do his utmost to overcome.

To medical researchers, the problem is far greater. When an important discovery is made in this field, the people who may benefit or be encouraged by the fact must be informed, but it is not always easy to see to it that they are not misinformed by what they only thought they had read. Every small, hesitant step forward that is taken in the long search for a possible future cure or preventive of cancer or some other disease results, upon announcement, in a rush to hospitals and doctors' offices with a demand for "the new cure."

self-misinformation sufferers fall under the influence of quacks who, though they may not claim curative qualities for the drug in question, will assure the eager patient that he can be cured by some other method or "remedy."

Three new drugs were reported, before a recent symposium of the American Chemical Society, to have been found possibly useful in the future treatment of arthritis, gout and other rheumatic diseases which affect about 11 million persons in the U. S. Indomethacin was reported as having proved, in adequate tests, to be free of harmful side effects which sometimes accompany prolonged treatment of some forms of arthritis with cortisone. Mefenamic acid and another combination called CI-583, were both reported, after abundant satisfactory trials, to be more effective than aspirin as pain-relievers and inflammation-reducers in the treatment of some kinds of rheumatism. None of the three is yet available commercially, even by doctor's prescription, though they all may be after more time has passed.

None can be, by any widest stretch of the imagination, considered a cure for arthritis or rheumatism. And the point is, of course, let's not make medical science's task any more complicated than it is by misreading what we read about it.

Risk Capital On A Compact Jet

LONG BEACH, Calif.—America's aircraft manufacturing industry, third largest in the nation behind motor cars and steel, runs up and down grade, along a fiscal roller coaster of paradoxes. It is a business in which technical success literally breeds financial failure. Every costly, swift and commodious new plane that goes into service retards the salability of the older models which are just beginning to pay off.

THE BEST airliners fail to make money. The Boeing Company's 707, which started out as a bomber and had a great deal of Federal money in the earlier stages, had not reached the break-even point in civilian sales as of this spring. The Convair-General Dynamics venture into the 880 and 990 series is described in the trade as a near financial disaster. Lockheed has experienced large write-off losses on the good-performance but bad-luck Electra. The Douglas DC-9 hasn't caught up to its company's heavy investment.

BUT STOPPING off from the San Francisco Convention to take a look at this industry which predominates in California, I have run into the sweet, sizzling smell of a success story—a new airliner, occupying an apparently inexhaustible market area, building up a large advance sale, and out-performing its foreign competitors who are the ubiquitous British and the wily French.

The Douglas plant in this city has sold Trans World, Delta and Bonanza Airlines, as well as foreign carriers in Canada and tentatively in Australia, an on-coming ship called the DC-9. It is a fast, two-engine jet, capable of carrying up to 80-odd passengers at the incredibly low cost of \$1 per passenger mile. The DC-9 is adapted to short runways, so that it will give 500 additional towns and cities the jet-service that is now available mainly for trans-continental and transoceanic flights, usually at airports far from the business sections.

Barry Loss Would Mean Fresh GOP Search

WASHINGTON (AP)—If Sen. Barry Goldwater loses the 1964 election the Republican party will have to search for a whole new batch of likely presidential prospects.

With the possible exception of Pennsylvania's Gov. William W. Scranton, the familiar figures of this year, and past years, seem washed out: Nixon, Rockefeller, Lodge.

Scranton at the end was Goldwater's only active rival for the Republican presidential nomination. He didn't make a glittering race of it.

EVEN ALLOWING for his late start, much of his effort

seemed wishy-washy and his campaign badly organized. But he is only 47. The presidential bug could bite him again although it took some biting this time to get him started.

Besides Goldwater and Scranton only Nixon, Rockefeller and Lodge seemed to have even a remote chance for the nomination. All were figures from the past.

Former Vice President Richard M. Nixon is only 51, which would seem to give him time for another try or two, except for what happened to him.

Although he lost the presidency to Sen. John F. Kennedy in

1960, it was so close he might have been in a favorite spot for the No. 1 role again if he hadn't failed in a try for the governorship of California in 1962. His balloon went down.

A CLOSE LOSS of the presidency is one thing. But to lose the gubernatorial contest could be, and in his case seemed to be, a fatal blow.

He probably didn't endear himself to Scranton or Goldwater. He called the former a puppet and tried to stir up opposition to Goldwater. The senator said he sounded "more and more like Harold Stassen."

New York's Gov. Nelson A. Rockefeller, 56, will be 60 when the 1968 election comes. But after what happened to him this year 1968 will probably be just a date on the calendar.

HE WAS THE one sturdy Republican who fought Goldwater through the primaries, campaigning hard. He beat the senator in Oregon, lost to him in California, and then dropped out when Goldwater's strength seemed too much.

This was his second frustration and second withdrawal. He made sounds like a candidate in 1960 but Nixon had such an inside track for the nomination that Rockefeller pulled out without even trying.

If nothing else, age alone would knock Henry Cabot Lodge out of the picture next time. He is 62 now, will be 66 then. He was very unimpressive this year, except for a short time after he won the New Hampshire primary over Goldwater and Rockefeller.

LODGE WON there without declaring himself a candidate and while he was still U.S. ambassador in far-off South Viet Nam. When Rockefeller beat him in the Oregon primary, that finished him.

He quit as ambassador to come home, he said, to help Scranton beat Goldwater. But he wasn't very dynamic after he got here. If he thought the lightning might strike him, he was probably the only one who did.

Yet, at the moment, there is no one in sight who could reasonably be said to be the man to replace these familiar figures from the past.

Hal Boyle

Those Things We'd Like To Do

NEW YORK (AP)—Life keeps a fellow so busy doing about half the things he ought to do that he doesn't have time to do a third of the things he'd like to do.

So he has to postpone his pleasures most of his life. He is too busy doing his duty to really enjoy himself.

I have no sympathy with people who retire unwillingly at 65 and then proceed immediately to die of boredom. To me they are stubborn and unimaginative.

WHEN THE WORLD removes them from the harness of the daily plodding, they take revenge by dying.

They live by the puritanical idea that work is given to man to keep him out of mischief. Without work they feel they have no mission in life.

I have just the opposite theory. I think the only purpose of work is to save enough money to spend the rest of your life in mischief and riotous self-indulgence. I believe that any kind of employment is a form of slavery and any man who submits to it an hour longer than he has to is an unenlightened fool.

I KNOW EXACTLY what I'm going to do with myself when I'm 65. Planned retirement has been my constant daydream ever since I started sweeping out a grocery store at the age of 19 and gained an early and lifelong distaste for honest labor.

As soon as the office gives me the farewell \$27.50 imitation

leather traveling bag and the \$1.95 goody lunch, I'm going to open the window by my desk and drop this typewriter six floors to the street below.

Then I'm going home to a little place in the country and sit motionless in the rocking chair on the front porch for a solid month.

Then I'm going to rock until I feel rested.

THEN I'M GOING to buy a barrel of bourbon and drink it while I read a thousand books in my library whose pages I have yet to turn.

Then I am going down to the Bowers and get an artist to tattoo on my chest a giant eagle, an American flag and the motto, "Liberty or Death."

Then I am going to start smoking cigarettes and learn to inhale.

Then I will run away from home.

"So long, kids," I will tell my weeping wife and awestruck grandchildren. "It sure has been grand knowing you, but there is no reason for making the arrangement permanent."

THEN I AM GOING to the beautiful island of Bali, a place I saw in my youth and have always had a hankering to return to.

And if, thereafter, you never hear from me, please don't worry. If a fellow can't find something to keep himself occupied with on Bali, he really doesn't deserve retirement.

Analysis One Method Used By Psychiatrists

BY JOSEPH G. MOLNER, M.D.
Dear Dr. Molner: What is the difference between a psychiatrist and a psychoanalyst?

My sister is in a very distressed mental state, and I have been told that a psychoanalyst merely talks and doesn't give any advice or treatment, while a psychiatrist gives advice. Please explain.—L. T.

Analysis is merely one of the methods used by psychiatrists. Not all psychiatrists employ it, as it requires long training. The psychiatrist himself has been psychoanalyzed.

Essentially, analysis is a long series of sessions. The patient talks about himself, what he feels, what bothers him, what he thinks about other people—everything.

With intelligence, skilled guidance, and probably luck (who doesn't need an average amount of luck, anyway?) this process in time gives the patient a perspective of himself. He begins to

see what really is troubling him. Once this insight develops, it is possible for him to see how he can overcome his problems.

Analysis is just a method, in depth, of making use of psychiatry, and an analyst is a person who uses this deep and laborious method. It isn't easy.

Now to get back to the original problem, if "L. T.'s" sister is in a "very distressed mental state," it is not smart for L. T. to try to make the decision as to whether analysis is advisable.

Rather, have the sister examined by a competent psychiatrist, whether or not an analyst. A good analyst is, first of all, a psychiatrist; a good psychiatrist, even if not an analyst, can distinguish between the patients who might benefit by analysis and those who can't.

And I might add this: Analysts (not to say non-analysts; psychiatrists) are so overloaded with work as it is, that you needn't

be disturbed about not getting a frank evaluation. If an analyst thinks analysis is not the answer, he'll say so.

What are ulcers? How should they be treated? What can you do to help rid yourself of ulcers and stay rid of them? For answers, read Dr. Molner's helpful booklet, "How To Heal Peptic Ulcers and Keep Them Healed." For your copy write to Dr. Molner in care of The Herald, enclosing a long, self-addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Around The Rim

A Drouth Is A Drouth Is A Drouth

It's not hard to get agreement on one thing—we seem to be in the midst of a drouth.

And there's small consolation in the fact that this is not altogether an unusual condition in this country.

Nor is there much comfort in difficulty in defining just what constitutes a drouth. Is it anything less than normal (18.48 inches) rainfall in a year? Some mighty good crops have been made on substantially less than that, and conversely, some years with greater amounts have gone down in the books as poor agricultural years.

NO RULE fits the picture perfectly, but as a rule of thumb I think that when a year produces less than 13 inches, we're going to be pinched. Perhaps the better gauge is the average during the growing season—May through September. The average for this period is 10.87 inches over a 60-year period. Cut this figure in half, and we're in deep trouble on the farms and ranches and like as not we're hurt even worse psychologically.

What we are going through is relatively mild alongside of some previous dry spells, for this is the first intensive and prolonged dry spell in several seasons. The rainfall total for the year is 5.8 inches, and half of that has occurred during our growing season. We still have nearly two and a half months to go before the verdict is written, but the next few weeks are really the critical ones.

ABOUT ONE in four years falls into the drouth year category if the criterion of 13 inches or less is used, and one in 15 if a super-parched guide of 10 inches or less is used.

The past 60 years have produced four notable dry periods, considering

not just one year but two or more dry years together. The period from 1909-12 produced an average of only 11.36 inches of rain, including 7.25 inches in 1910 which also had only 3.10 inches during the growing season.

One of the historic drouths was from 1916-18 with an average of only 10.94 inches, including 4.68 inches in 1918 (the all-time low) with 3.40 inches of this during the growing season.

Another shorter period was 1933-34 when the average was 11.68 inches. In 1933 when there were only 11.29 inches, but 7.93 inches fell during the growing season, so this part of the drouth was not too acute.

STILL ANOTHER dry period was 1946-48 with the average reduced to 12.81, but most of these growing seasons came up with six inches plus.

The worst spell of the 60-year period occurred in the early 1950s. It started in 1951 when rainfall eased off to 12.16, followed by 9.20 in 1952, then by 13.05 in 1953. The year 1954 brought respite with 13.42, largely due to three months which accounted for 14.79 inches of the total. Then 1954 dried again with 15.94 inches, and the drouth climaxed in 1956 with only 8.06 inches. Of this, a mere 2.94 inches occurred during the growing season. This was just about the worst such period on record.

THERE IS no fixed cycle. Once we thought that weather here tended to repeat itself every seven years, but this is not supported by the records. The drouths mentioned had spacings of seven, 17, then 13 and five years. About the only thing for sure—and this gives us hope—is that every drouth has been broken by a wet spell. Elemental, dear Watson, but refreshing. —JOE PICKLE

The Goldwater Philosophy

SAN FRANCISCO — Now that the howdy-you-old-hoss-thief wing has taken the Republican party into bondage, the conscientious observer must explore what—for want of a better term—might be described as the philosophy of Southwestern man.

Much has properly been made of the candidate's affection for a starkly simplistic view of the world, but it goes beyond that. It goes to the point that the senator often seems to be talking (and possibly thinking) about a world that has no existence in reality.

A SMALL EXAMPLE of this, but a significant one, occurred when Mr. Goldwater appeared on television shortly after the convention had formally surrendered to him. This, one would rationally suppose, was an appearance that must have been given some thought by the candidate. The occasion seemed to require a brief, gracious word of thanks to the delegates pending his formal acceptance the following day, and a pledge to justify the faith that had been placed in him.

THE CANDIDATE did approximately this, but the fatal penchant to keep talking, to keep explaining, to keep trying to make things clear even for such dim-bulbs as newspaper columnists would not let him stop. He suggested the nation was suffering from a want of moral fiber, or he seemed to be suggesting it, and to make his point he cited a recent episode in New York City's swirling cauldron of street corner violence. He alluded to the case of Arlene del Fava, a comely young secretary who used a switch-

blade knife to fight off a molester and was promptly arrested for violating New York's strict weapons law.

THE GIRL, said the candidate, would probably be punished, and her assailant, he supposed, would get a medal.

The trouble is, of course, that it never happened.

Hours before Senator Goldwater gave his cheerless estimate of what society would do with Miss del Fava and her assailant, society had already done the reverse. A New York grand jury refused to indict the girl on the weapons charge, and did indict her attacker. This news was not withheld from San Francisco. It was broadcast on scheduled radio news programs, it most certainly was available to the candidate's researchers—if he'd asked them to find out what had happened.

NO ONE CAN expect the candidate to stay informed on the disposition of a relatively minor police action that happened a continent's breadth away from this busy city, of course. But one can expect him to inform himself as to the facts if it was his intention to turn the episode into an illustration of what is wrong with the Republic.

To be sure, this is a minor gaffe. The candidate had had a long and wearing time of it, and was entitled to be tired. But, exhausted as he may well have been, it was a characteristic slip. He was not consciously dissembling, he was unconsciously seeing a mirror image of reality, a thing that had not happened, but a thing that his view of the world told him was likely to happen.

Informed Electorate Needed

EN ROUTE FROM SAN FRANCISCO—The tumult and the shouting are over, but the real battle has just begun. It isn't simply a debate between two rival candidates for the presidency. It is a struggle, by the use of all manner of communication media and party workers, to make millions of voters believe either that it will be a disaster to elect one nominee or that it means Utopia to choose the other.

But things aren't always as political manipulation makes them out to be. How bewildering, for instance, to watch on the TV all the emotional demonstrations for Governor Scranton and to hear him say harsh things critical of Senator Goldwater and of the platform, only to listen to him the next night imploring his own supporters to unite behind the party's nominee. Indeed, the Pennsylvania governor, in a speech written before the roll call of states but read after Mr. Goldwater was victorious, said:

"I SHALL WORK for and fully support the ticket chosen by this convention. Though many of us felt that the platform could be improved, all of us can find it acceptable."

Then what was all the furor about? This, it must be said in reply, is politics, and it wouldn't be half as ambiguous or misleading if the American people took the time to read, not just during a convention but through the years in between, the facts about their government and the practices of the politicians.

PARTY CONVENTIONS are sometimes spectacular, but they do not always reflect the wishes of the people—and yet it is not easy to know what the people want or how they feel. In sections of the press, moreover, there is too much emotional criticism and not enough objective analysis. Senator Goldwater has been portrayed, for instance, as an irresponsible, imprudent and impulsive man. He has been thus pictured by some writers and speakers in this country whose viewpoint is accepted as gospel by Euro-

pean editorial writers, and the latter now hysterically predict America is about to go down the drain.

Nor can it be said that an opposition party either here or in Europe always exercises forbearance when it comes to characterizing the incumbent. So, unfortunately, the coming campaign will be a battle of words—of invectives and innuendoes, of glowing promises and boastful pledges by both sides.

YET, WHEN the votes are finally counted, it will be found that the collective judgment, even if wrong, puts into the White House a man who feels the restraints of a trusteeship that includes concern for the lives and welfare not only of the members of his own party but of all the people.

As for international affairs, no man in the White House is ever going to precipitate war or do anything rash, but here again distortions can be spread. Words of appeasement, on the other hand, may sound as if they are pacific and prudent, but often they merely stimulate the potential enemy to take chances, and then war comes.

Both world wars of this century might have been prevented if some of the resoluteness which is often called "war mongering" today had been present then in the governments of Western Europe and in the United States, too.

MAYBE SOMEDAY presidential campaigns will stress the integrity and common sense of a candidate and not what he said in a speech years before or how he voted when he hadn't quite realized the true pressures of public opinion on a given issue. It is most important that there should be an informed electorate and a perceptive one. Otherwise, the wiles of party politics tend to blur the image of a system of government which, after all, must depend for its effectiveness on the support of patriotic and intelligent voters. CAROLYN CRAWFORD AND KATHY SHAW

Place First In Dress Review

Kathy Shaw and Carolyn Crawford were first place winners in the Howard County 4-H Club dress review held Tuesday evening in Fellowship Hall of First Methodist Church.

Kathy, 15, daughter of Mr. and Mrs. James W. Shaw, 1806 Alabama, placed first in the senior division with a three-piece suit of hot pink wool flannel piped in a lighter shade. To model the suit, she wore black suede accessories, a matching pink hat and a single strand of pearls. Kathy, a member of the Big Spring 4-H Club, has participated in 4-H activities for six years.

Carolyn, 13, daughter of Mr. and Mrs. Delaine Crawford, 2605 Carol Drive, won her first place in the junior division by showing a cotton stripe dress, suitable for wearing to school. The dress featured a fitted bodice, A-line skirt with box pleats at center front and back and a self-belt. Her accessories were a red scarf and black shoes.

Thirty-three 4-H Club members received awards which were presented by L. J. Davidson, commissioner of Precinct 4.

In the senior division, white awards went to Margie Newman and Margaret Zike; red awards to Linda Shaw, Jane Murphy and Sherry Thomas; and blue awards to Martha Robinson, alternate to the district contest, and Kathy.

White awards in the junior division went to Sherry Phillips, Jeanine Brady, Ruby Nell Murphy, Mary Lou Brown, Nancy Phillips, Velma Cozart and Carla Perry. Red awards were

Bridal Shower Fetes Mrs. Gilbert Tuesday

A bridal shower honoring Mrs. Tim Gilbert, the former Miss Louise Cooley, was held Tuesday evening in the home of Mrs. Ben Boadle at 171 Jefferson.

The bride's table was covered with a lace cloth over yellow and was set with silver and crystal appointments. The bride's chosen colors of yellow and white centered the table. Approximately 30 guests called from 7:30 to 9:30 p.m.

Hostesses were Mrs. Arvil Henry, Mrs. R. T. Merrell and Mrs. R. O. Warner. Members of the house party were Sandra Merrell, Jacquelyn Jones and Mrs. Robert Boadle.

Out-of-town guests attending were Mrs. C. J. Mignery, Abilene; Mrs. D. C. Stuffield,

Danny Tessier Visits Swartzes

Danny Tessier, 3, has spent ten days in the home of his grandparents, Mr. and Mrs. Adolph Swartz, 909 Mountain Park, while his parents, Mr. and Mrs. Ronald Tessier, Roswell, have vacationed in Mexico City and Acapulco, Mex. Danny's younger brothers, Eric and Mark, remained in Roswell.

Association Contributes To Fund

Members of the National Association of Letter Carriers Auxiliary, No. 1975, made plans to participate in the National Auxiliary parcel post sale at a meeting Tuesday evening in the First Federal Savings and Loan Association building.

Each member will send a package valued at \$1 to the national group for sale. The proceeds will be used on the scholarship fund.

Mrs. Alfred Moody, chaplain, worded the opening and closing prayers. Reports on the state convention were given by Mrs. Melvin Brown and Mrs. Melvin Daniels.

Refreshments were served to seven members by the hostess, Mrs. William Bronough. She was recipient of a special prize.

The next meeting will be held Aug. 18 in the First Federal Savings and Loan Association building with Mrs. Ronnie Schaffer serving as hostess.

Ice Cream Party Scheduled For Junior Auxiliary

Cathy Kemp was named sergeant at arms of the Junior American Legion Auxiliary meeting held Tuesday evening at the Legion Hut.

Reports were given on a party held at the Veteran's Administration Hospital Tuesday and a coffee Saturday morning. An ice cream party was scheduled July 30 at the home of Mrs. Joy Prescott, Forsan.

The group ordered a Junior Auxiliary banner and a U.S. flag. Ten junior members and four senior members were present. Judy Moore was a guest.

Pentagon Staffer Arrives Here

Maj. and Mrs. Andy Arcand and children, Tom, Cecelia and Teresa, of Washington, D. C., are guests here of her parents, Mr. and Mrs. Tom Rosson, 108 Lincoln. While here, the Arcands will visit, too, with the families of her sister, Mrs. Bob Myers, and her brother, Harold Rosson. Maj. Arcand currently is assigned to the Air Force staff at the Pentagon.

Charity Bridge Game Set At Midland Hotel

Two hundred cities will take part in the sixth nationwide duplicate charity game scheduled July 24. The charity game in this area will be held at 7:30 p.m. on that date at the Scharbauer Hotel in Midland.

Mrs. Elmo Wasson, local club director, has announced that everyone is invited to play, even those who have never played duplicate. Information may be obtained by calling her at AM 4-3622.

Everyone plays the identical hands, pre-dealt by computer but not prearranged. No matter where you play, in the entire nation, you'll encounter the same deals as will be played at the Summer National Tournament in session in Toronto, Can., July 24, according to Mrs. Wasson.

A printed analysis booklet will be given free to every participant immediately after the game. A staff of experts has prepared analyses of what they think is likely to happen on each deal. The results, printed under utmost security conditions, are furnished to every game director under seal that may not be broken until the game is over. Promptly thereafter, players receive a copy, discussing in full the hands they have just played.

Local, district and national winners will be named. In addition to the overall titles, there are major prize awards for first and second in each of the 23

American Contract Bridge League districts, as well as the usual local game awards.

Mrs. Wasson said that this will be the first time that the receipts will go to the ACBL's own charity foundation for beneficiaries to be selected by the trustees in amounts which they determine. The trustees are Benjamin O. Johnson, Spartanburg, S.C.; Jerry Lewis, Dallas; John E. Simon, St. Louis, Mo.; Sidney Fink, Cleveland, Ohio; and Gen. Alfred M. Gruenther, Washington, D.C., former supreme commander of SHAEF and recently resigned as president of the American Red Cross.

DONALD VAN METERS WILL HOST OPEN HOUSE SUNDAY

Mr. and Mrs. Donald Van Meter will host an open house Sunday on behalf of the Veterans Administration Hospital staff. The get-acquainted affair will be held in the director's quarters with calling hours to begin at 6 p.m. Assisting Mrs. Van Meter, as members of the house party, will be Mrs. H. C. Ernsting, Mrs. E. B. Breckenridge, Mrs. Sherman Goulding, Mrs. W. G. Hook, Mrs. Paul Kionka, Mrs. Jack Margolis, Mrs. Charles Miller, Mrs. Agustin Torres, Mrs. G. Edward Williams, Mrs. Cal Guilliams and Mrs. R. H. Alonzo.

Textile Painting Program Given At TOPS Session

Mrs. Norval Jones presented a program on textile painting and liquid embroidery to members of the Pound Rebels of TOPS Tuesday evening when the group met in the Flame Room at Pioneer Natural Gas Co.

The guest speaker illustrated her talk by demonstrating the use of textile pens on glass fabric and wood, pointing out that this hobby would be a help in keeping members from between meal snacks.

Mrs. L. A. Murphy was named as vice president to replace Mrs. Randal Bomel who is moving to Dover, Del. Roll call was answered by a weight loss or gain, and a total of 26½ pounds loss was noted. Reports on attendance, and weight lists were

Pot-Luck Supper Given By WSCS

Members of the Woman's Society of Christian Service of the Kentwood Methodist Church met Monday evening at the church for a pot-luck supper and workshop.

Mrs. Weldon Nuckolls was elected youth secretary at the business session conducted by Mrs. Henry Parmenter. Mrs. Henry Salley worded the invocation.

A collection was made to send two delegates to the School of Missions in Lubbock July 27-31. Mrs. Raymond Hamby and Mrs. Parmenter will represent the Kentwood WSCS.

A clean-up workshop was held in the kitchen by 17 members following the business meeting.

Mrs. Anderson Entertains Guests

Mrs. M. E. Anderson, 614 Dallas, has as her guests until Aug. 1, Mr. and Mrs. Jack B. Ewing and their children, Laura, Steve and Diane, of Douglas, Ariz.

Mrs. Anderson expects Mr. and Mrs. John Minter, Terry, Keren Sue and Johnny to arrive soon from Santhome, Venezuela, South America.

J. Smoot Children Host Two Visitors

Visiting Hank and Mary Smoot, children of Mr. and Mrs. J. Smoot, 204 Jefferson, are Rusty Steakley and Betty Wattenburger. Rusty's parents are Dr. and Mrs. H. Jene Steakley, Colorado City, and Betty's parents are Mr. and Mrs. B. M. Wattenburger, Amarillo. The guests will stay a week.

Auxiliary To Award Life Membership

Members of the American Legion Auxiliary made plans Monday evening to present a life membership to Mrs. H. D. Bruton. The business session, held in the Legion Hut, was conducted by Mrs. Leonard Barlow.

Mrs. Barlow will leave Thursday to attend the four-day Legion convention in San Antonio as a representative of the auxiliary.

A report on a party held for patients at the Veteran's Administration Hospital last week was given. Mrs. Foy Dunlap served refreshments to nine members and a guest, Mrs. Ada Vokes, Dallas. Mrs. J. G. Littlejohn won the special prize.

Boy Honored At Birthday Party

Perry Dean Hall was honored on his fifth birthday Monday with a party. His parents, Mr. and Mrs. Perry Hall, 1224½ E. 18th, were hosts to 10 adults and children.

A birthday cake topped with cowboys, knives and guns was served to the guests with homemade ice cream. Favors of balloons, hats and noisemakers were given to the children.

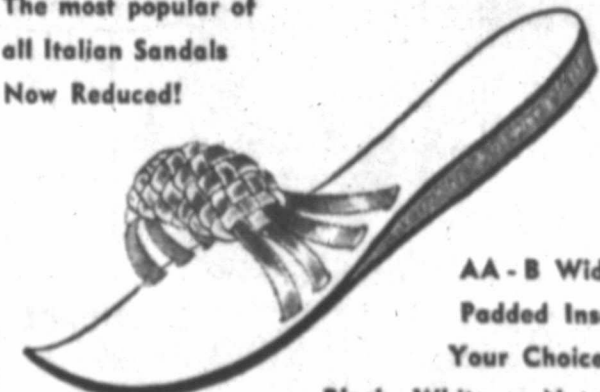

Bride-Elect

Mrs. Opal Durham of Lamesa is announcing the engagement and forthcoming marriage of her daughter, Janie, to Don Ray Dudley, son of Mr. and Mrs. B. E. Dudley. An Aug. 27 wedding is planned in Northridge Methodist Church in Lamesa with Rev. J. Edmond Kirby, of Abilene, uncle of the prospective bridegroom, officiating.

VALLEY FORGE, Pa. (Sp)—Boys from the Buffalo Trails Council marched to the National Jamboree arena along with 50,000 other Scouts from the world over and heard speeches by Chief Scout Executive Joseph A. Brunton and Lady Baden Powell, widow of the founder of Boy Scouts.

Testing Lamp Post Mast

Michael Ellison tests Hala, a 36-foot craft rigged like Chinese junk after mounting a Newport, R.I., street lamp post as foremast (right). Ellison broke mast in mid-ocean during 46-day solo crossing from England. Unable to afford new wooden mast he salvaged

aluminum street lamp knocked down by a motorist. He hopes to set sail for home and wedding with his sweetheart in a few days. Vane at left was part of automatic steering system to help in solo voyage. (AP WIRE-PHOTO)

Trustees Approve Remodeling Plans

Detailed plans and specifications for additions and remodeling of Big Spring High School were authorized by trustees at Tuesday night's meeting, following a report by the architects, Atmar Atkinson, Lubbock, who has been working on preliminary plans for several months, said drafting of final plans would require about five months.

Reunion Slated At Lubbock Park

A reunion for former residents of Jones and Taylor counties is planned for Sunday at Mackenzie State Park in Lubbock. Mrs. Lillie Worthan, 1707 E. 15th, announced today.

FORSAN OKS STOCK LAW

FORSAN—It will be unlawful for anyone to keep, or permit to run at large, any cows, horses, goats, sheep or pigs, in the corporation limits of the City of Forsan after Oct. 1. Mayor C. J. Lamb said the city commission approved, on Tuesday night, an ordinance prohibiting livestock.

Third Cook's Class Starts

A third class for training of restaurant cooks is now under way at Howard County Junior College.

Minor Damage In Car Mishaps Only minor damage resulted from two accidents which were investigated by police Tuesday. Police said the first mishap occurred in the 2100 block of Gregg about 4:15 p.m. Involved were Cooper Proctor, 1402 Sycamore, and Virgil Bennett, 1612 E. 17th. The second accident occurred at 5:30 p.m. on US 90 east near the IS 20 bypass. Involved were Kenneth Wall, 2808 Mann Drive, and Myria Great-house, Abilene.

LEGAL NOTICE

Notice is hereby given that on July 15, 1964, there was filed with the Federal Communications Commission, Washington, D.C., an application for assignment of the license of Station KSTZ, Big Spring, Texas, which operates on the frequency of 1400 kilocycles. Central of the corporation would pass to Mr. B. Winston Winkle who became a stockholder of the license corporation as a result of the corporation purchasing 75 shares each from Patricia James Withers and Robert W. Newgard, officers and directors of the corporation.

DEAR ABBY

No Chance For Change

DEAR ABBY: My husband's "baby" sister (some baby, she is 44!) is getting married again for the fourth time. She lost one husband at Pearl Harbor and two in the divorce court. She is planning a big church wedding. Her excuse is that Calvin (her fiance) has never been married before and HE deserves a lovely wedding. The truth of the matter is that all of hers were hurry-up affairs and SHE wants a lovely wedding. Besides, Calvin's people resent his marrying a divorcee and I hear they aren't even coming to the wedding. And you can just imagine how all our relatives feel about having to buy a FOURTH wedding present for the same person! How can I stop her? She doesn't listen to anybody.

ten to anybody, she is not about to listen to me. Stop wasting your energy. She is three times seven (doubled!) and doesn't want your advice or mine.

DEAR ABBY: Please don't think I'm crazy, but you are the only person I can ask. Is overweight hereditary? I am going with a girl who is a little on the heavy side. Her mother is so fat she has to go through the door sideways. And her grandmother is so enormous she has to be helped up out of chairs. I like this girl very much, Abby, and the thought of marriage has crossed my mind, but if she is going to turn out like her mother and grandmother, I don't know how happy I would be with her later on. What do you think?

DEAR ABBY: I am a single woman keeping company with a man who is separated from his wife, but not divorced. He has three children to support so he never has any money. He seldom takes me out, but he goes into a rage if I accept an invitation to go out with someone else. Don't you think he is a selfish person to take that attitude? I enjoy going places, but never make plans that will interfere with our date nights. I see no marriage in our future and, therefore, don't see why I should give up all my friends. Am I wrong?

DEAR ABBY: You are not wrong. The man is selfish, but you are foolish to continue seeing him, feeling the way you do. Lose him.

Injury Detailed

DALLAS (AP)—A woman who was found Monday badly injured and guarded by a mongrel dog told police Tuesday she apparently fell from a railroad trestle. She insisted she had not been beaten, as police had surmised. Listed only as Miss X when admitted to Parkland Hospital, the woman later identified herself as Mary Glascock, 44,

South Park Sets Integration Plan

BEAUMONT (AP)—Trustees of the South Park School District have ordered integration of the first eight grades beginning this fall and the last four grades beginning Sept. 1, 1965. The district is separate from the Beaumont School District,

where a stairstep integration plan is now being applied.

Contract Given

WASHINGTON (AP)—J. W. Bateson Co., Inc., of Dallas was awarded a \$12,844,000 contract Tuesday to build the main part of a new federal office building in Baltimore. Bateson was low among 10 firms bidding to put up the 17-story structure.

Police Give Party With Thugs Taken To Cleaners

NEW ORLEANS, La. (AP)—The police gave a party Tuesday night and a crowd of crooks was taken to the cleaners.

The party-goers included a number of persons wanted on charges of shoplifting, narcotics sales and burglaries.

The party—it was actually catered with food and refreshments costing \$104—capped a three-month undercover investigation.

The hosts were detectives Robert N. Frey and George J. Hughes, who three months ago opened a laundry shop just four blocks off busy Canal Street in the heart of the city's commercial district.

Informers passed word to the underworld that Frey, posing as Harry Long, the laundry operator, was a fence—criminal jargon for a man who buys stolen goods.

Police Supt. Joseph I. Giarrusso said Frey and Hughes actually bought \$47,000 in stolen property at a cost of \$11,000 from 53 persons, including several real fences.

Giarrusso, Mayor Victor Schiro, Chief Asst. Dist. Atty. Frank Klein and newsmen gathered at police headquarters Tuesday night to listen over the police radio to the party.

It started at 8 p.m. Frey met his first guest at the door and ushered him to a back room. Other officers handcuffed the guest, who stood staring unhappily at the refreshments as a photograph blared.

Sixteen of Frey's customers showed up. Another 14 uninvited guests came along and police said many were wanted in connection with other cases.

Then Giarrusso ordered sweeping raids on the homes of 10 known fences, where a number of other persons were arrested and a large amount of stolen property was recovered.

By early today, a total of 32 arrests had been made.

Frey said some of his customers brazenly brought large stolen articles such as lawn mowers, stereo sets, and televisions to him in broad daylight.

Frederick said some of his customers brazenly brought large stolen articles such as lawn mowers, stereo sets, and televisions to him in broad daylight.

Texan Dies, Four Injured In Wreck

FAITH, S.D. (AP)—Mrs. Harley Anderson, about 35, of Krum, Tex., was killed and four members of her family injured Tuesday in a car-pickup truck crash.

Mrs. Anderson's husband, 39, and their three children ranging in age from 11 to 4, were hospitalized at Rapid City, S.D. They were reported in good condition.

Officers said the Andersons' car crashed into a pickup truck which Harry Kruse, 50, was driving to watch his grandson ride a horse along a roadside ditch. Kruse suffered broken ribs.

The Denton County, Tex., family was returning from visiting relatives in Lantry, S.D.
