ARCHITECT'S SKETCH OF HEALTH AND REHABILITATION CENTER Two units to be housed separately, under Roberts Foundation Grant of \$170,000

Health, Rehabilitation Center Is Nearer Reality

A long-anticipated public project moves toward reality, with announcement today that bids are to be taken for the construction of a health and rehabilitation center in Big Spring.

located on a half-block tract facing Lancaster Street, extending from Second to Third. Two parcels of land are being acquired, a quarter-block from the M. C. Stulings and a quarter-block from the Colorado River Municipal Water District.

including adequate site acquisition, and working out details with the city and county. Although the public agencies take title to the facility, the Rehabilitation Center operates as a welfare agency, supported largely by gifts and free-will payments for services rendered.

therapy room, speech therapy room, physical therapy room, private treatment cubicles, and a hydrotherapy room, including a full-body immersion unit, and a wading pool.

The new facility will make possible the broadening of services and treatment offered by the Rehabilitation Center, which for a long period has been budgeting for modern equipment to go into the building.

BIDS ON NOV. 5
It is planned to put out notice to bidders immediately, said Gary & Hohertz, architectural-engineering firm handling the building, and bids are to be opened Nov. 5.

GOP Blasts 'Spy' Story

WASHINGTON (AP) — Democratic charges that the Republicans paid a Democratic party employe \$1,000 for supposedly confidential information have been labeled "a nonsensical story" by GOP National Chairman Dean Burch.

Burch called the story, unfolded at Democratic National Committee headquarters Tuesday, an attempt by Democratic Chairman John M. Bailey to divert attention from the Bobby Baker and Billie Sol Estes cases and the indictment of former Democratic Gov. Foster Furcolo of Massachusetts.

But Bailey said earlier in a statement: "I never thought I would see these bizarre ideas put into practice by the Republican National Committee in the midst of a presidential campaign — particularly a campaign where the Republican candidate has had so much to say about morality and ethics."

The payoff charge was leveled at the office of Wayne Phillips, assistant publicity director for the Democratic Committee. He called newsmen to his office to meet Louis Flax, a 39-year-old teletype operator in the committee's communications center.

Then he passed out a copy of an affidavit signed by Flax and dated Oct. 12.

The gist of Flax' affidavit: He was contacted on Sept. 28 by an unidentified caller who hinted he would be paid for turning over information on Democratic campaign plans; then the was threatened, presumably with the fact that he had a prison record which he hadn't told the Democratic party about; he met with two high ranking Republican officials, one of them executive director John Grenier.

116 DAYS Without A Traffic Fatality Drive Safely!

More Money From Webb AFB

Military and civilian personnel at Webb have an enviable record, year in and year out, in the community's United Fund effort, and Webb's drive is going strong again this year.

A new report was made Tuesday from the base, to bring its total gifts up to more than \$3,500. T-Sgt. Richard M. Clark and Airman 1.C. Thomas T. Taylor are shown here as they made the latest base report to Angy Glenn, Joyce Menard and Denale Daugherty, workers at the UF office.

United Fund Leaders Push For Greater Momentum

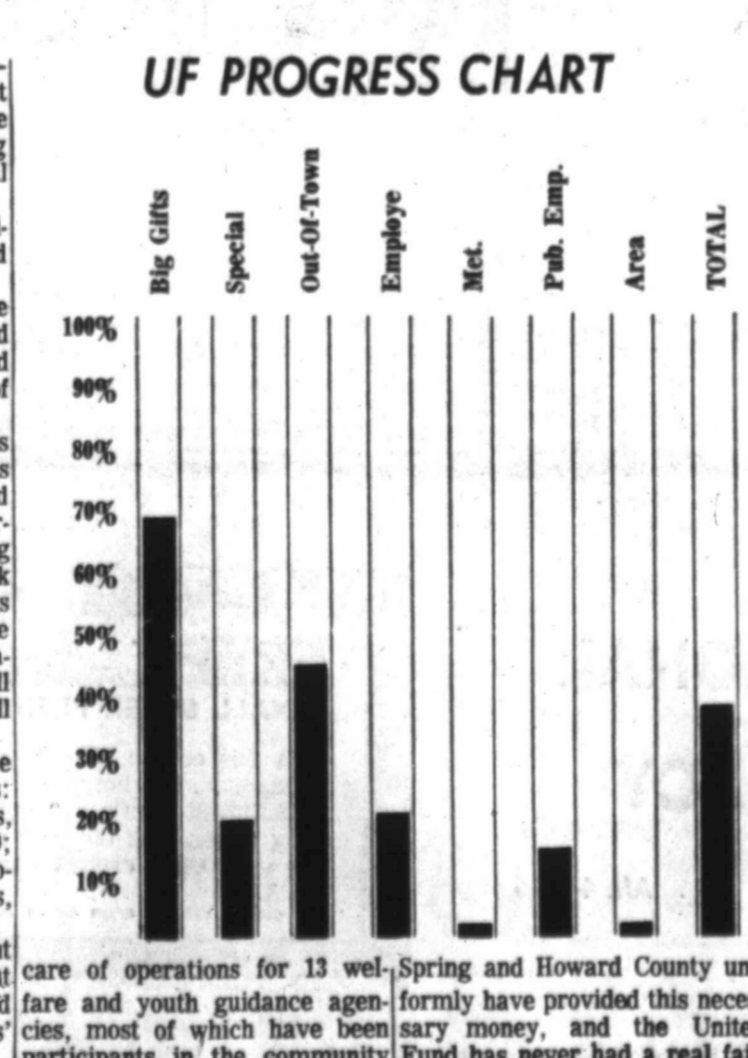

The United Fund is rolling—but the effort now is to give it more momentum, so that there will not be a long, dragging process in reaching the goal line.

This was the word from various leaders as they started daily tabulations. Latest report from the office was that a total of \$41,437 had been received in payments and pledges. This is 38.5 per cent of the total of \$109,366.

"This is not quite as good as we had hoped for, but neither is it a discouraging future," said Lester Morton, campaign chairman. "We are busy now asking all division leaders to check with their captains and workers so that canvassing will be made promptly. There is every reason to believe that this week will see important gains on all fronts."

Figures released showed the following totals by divisions: Big gifts, \$27,610; special gifts, \$2,058; out-of-town gifts, \$3,330; employe division, \$5,789; metropolitan, \$25; public employes, \$2,599; area, \$25.

Some divisions can account for more money than this, but the totals are those as tabulated by actual report from workers' cards.

care of operations for 13 well-known and youth guidance agencies, most of which have been participants in the community endeavor for many years. Big

Auto Kills Boy Scout

HOLLIDAYSBURG, Pa. (AP) — A car rammed into a troop of Boy Scouts marching along a road Tuesday night, fatally injuring one scout and hurting six others.

Thomas Daugherty, 12, of nearby Lakemont, died of a head injury about two hours later in a hospital.

Police charged the driver, Samuel C. Lingenfelter, 37, of Williamsburg, with drunk driving. The charge was made before the boy died.

Police said the accident occurred after dark while 25 members of Troop 55 of the Zion Lutheran Church of Hollidaysburg, led by their scoutmaster, were marching double file alongside one side of the road.

The car came from in front, and struck the boys, police reported.

Lingenfelter was jailed in lieu of \$100 bond.

Court Ousts Rights Case

SALT LAKE CITY (AP)—The first suit brought in Utah under the new civil rights act has been dismissed in U.S. District Court on grounds the law does not cover taverns and bars.

Theodore Cuevas, a Negro, charged that the 73 Inn discriminates against Negroes in violation of the public accommodations section of the law. Cuevas claimed he was ordered from the tavern last summer and was arrested when he refused to leave.

Judge A. S. Christensen, dismissing the case, said he was not ruling on the constitutionality of law. "I simply held," he said, "that a beer tavern not selling food is not a place of public accommodation within the definition of the act."

Actress Divorces Her 3rd Husband

SANTA MONICA, Calif. (AP) — Actress Arlene Dahl has divorced Christian R. Holmes, heir to the Fleischmann yeast fortune, and her third husband. Superior Court granted the divorce Tuesday.

LBJ Threat Tip Leads To Arsenal

Police Quiz Two, Hunt Third Man

CORPUS CHRISTI, Tex. (AP) —Officers, checking an informer's tip of a threat to the life of the President, turned up guns and Nazi flags Tuesday night. But authorities said after a night of probing they believe owners are innocent of any plan to harm the chief executive.

Sheriff Johnnie Mitchell said two men questioned during the probe were to be turned over to federal authorities for investigation regarding the firearms.

Mitchell said he is searching for a former mental patient he did not name.

President Johnson is scheduled to campaign here next Sunday.

Those questioned were Julius Schmidt, 29, an ex-convict of Corpus Christi, and Jerry Bird, 27, of Calallen, Tex.

Sheriff Mitchell said today that "I don't believe Schmidt knew he was to be contacted. I don't think he knew anything about an assassination attempt."

RELATES CASE
He said Bird was questioned because he had two rifles, neither of which would shoot, Mitchell told this story:

The informant quoted the former mental patient "as saying he wanted to do away with the President and he needed a fully automatic weapon—a machine-gun or a rifle."

The informant said the ex-patient said he believed Schmidt owned such a weapon.

The sheriff said "There is a great possibility that this could be serious."

He added, "As far as a plot is concerned, I believe it was just one man involved."

Mitchell said the former mental patient for whom he is searching once lived in Corpus Christi, "but he has been in and out of the city recently."

STAGE RAIDS
Simultaneous raids were made on the home of Schmidt and that of his mother, where the son lived until last August.

Mitchell said 25 deputies gathered up machine guns, automatic pistols, high-powered rifles, a knee mortar, a rocket launcher, live hand grenades, about 20,000 rounds of commercial and ic pistols, high-powered rifles, homemade ammunition, swords, several Nazi flags, World War I and II German helmets, a German medal and Army uniform, photographs of World War II Nazi leaders and books by Adolf Hitler.

FIND GUNS
Some of the guns were at the home of Schmidt's mother because he lived there with his wife and small son until last August, the sheriff said.

He described one rifle with telescopic sight as "capable of drilling a nail at 1,000 yards."

Yanks Even Series, 8-3

ST. LOUIS — The New York Yankees turned to their home run punch to defeat the St. Louis Cardinals, 8-3, in the sixth game of the 1964 World Series here Wednesday.

The series winner will be determined in a game at St. Louis Thursday, at which time Bob Gibson and Mel Stottlemyre will probably be the opposing pitchers.

Roger Maris and Mickey Mantle hit back-to-back home runs in the sixth inning to give the American League champions a 3-1 lead and the Yanks added five more in an eighth inning outbreak which featured Joe Pepitone's bases-loaded home run.

Pepitone's four-master came with Mantle, Elston Howard and Tommy Tresh on base. The blow came off the Cardinals' fourth pitcher of the day.

The Cardinals scored first in the opening inning when Curt Flood led off with a single, advanced to third on Lou Brock's single and scored as Bill White bounced into a double play.

The Yankees tied it in the fifth on a double by Tresh and Jim Bouton's single.

'Copter Falls, Two Perish

HOUSTON (AP)—A helicopter used by radio station KODA in giving morning and afternoon traffic reports over the city of Houston crashed in flames shortly after 8 a.m. today. Both occupants aboard the craft were reported dead at the scene.

The two aboard were identified as an announcer, Ted Carr, and the pilot, Bill Holmes.

The mishap occurred north of the downtown area.

L. S. McDowell III Named To Directorate Of Bank

The McDowell continuity with the First National Bank in Big Spring continues.

Lorin McDowell III Tuesday was appointed to the directorate of the bank, at a meeting of the board, to fill the vacancy left by the death last week of his father, L. S. McDowell Jr.

There has been a McDowell on the board since the bank was organized in 1890. The present director's grandfather, L. S. McDowell, and a great-uncle, J. I. McDowell, were among the founders and original directors.

L. S. McDowell served as both president and chairman of the board of the institution before his retirement in 1942, when L. S. McDowell Jr. went on the board.

Lorin McDowell III also carries on the ranching tradition of the family, has been occupied in this activity since his graduation from college, working with his father while residing on the ranch in Glasscock County.

The younger McDowell was born in Big Spring, graduated from Garden City High School, then attended Texas A&M and obtained his degree from Texas Tech.

He was graduated cum laude from the School of Agriculture, standing second in his class. He was a member of Phi Kappa Phi, national honorary fraternity, and of Alpha Zeta, honor agriculture society.

As a youngster he was active in 4-H Club work, and had some prize steers during the years that Durwood Lewter was leading Howard Countians to top places in the major livestock shows.

McDowell was married in 1958 to Nellie Jo Welch, who had finished school at Forsan, and they have two sons, Lorin McDowell IV, and Allen Blain McDowell.

Truman 'Fair' After Tub Fall

KANSAS CITY (AP)—Former President Harry S. Truman, who suffered two fractured ribs and a head cut in a fall at his home, was reported today to have spent a "fairly comfortable night."

The Research Hospital medical report issued this morning said he has some pulmonary congestion on the left side, but it added it is "not unusual in injuries of this type."

Truman was taken to the hospital late Tuesday after he slipped on a bath mat and fell into the tub as he was ready to bathe.

Dr. Wallace Graham, Truman's physician since 1945, said his patient also would undergo a routine physical checkup.

A maid in the Truman home at Independence said she heard a noise, checked and found Truman in the tub.

Isbell Batters Cuban Homes, Aims Toward U.S. Mainland

MIAMI, Fla. (AP) — Hurricane Isbell struck a savage blow at Cuba's Pinar del Rio Province, drove thousands of Cuban families from their homes, and roared on today toward the Florida Keys and the U.S. mainland.

Havana Radio said houses and buildings collapsed under the battering of 100-mile-an-hour wind, rain and tide in Cuba's westernmost province.

Only one death, a child, was mentioned in broadcasts monitored in Miami, but they indicated that Isbell may have finished a job started by Hurricane Hilda in August — destruction of Cuba's second biggest money crop, tobacco.

Havana itself, the radio said, "will be battered by howling winds and torrential rains" before the hurricane is through with Cuba.

The Miami Weather Bureau said the storm's eye would pass through the 70-mile stretch of water between Key West and the Dry Tortugas.

Gathering constantly greater strength from warm Gulf waters, Isbell was expected to crash into the southwest Florida Gulf Coast tonight and sweep across the Everglades to the Atlantic side.

San Juan y Martinez, Cuba, site of the main plantations which produce Cuba's famous tobacco, was heavily damaged.

It was the second straight year that Fidel Castro's faltering economy had been staggered by tropical storms. Last year, Hurricane Flora stalled over the island for four terrible days, destroying whole towns, villages and crops.

EARLIER BLOWS
Earlier this year, Hurricanes Hilda and Cleo had dealt heavy blows to sugar, tobacco and other crops and to the island's livestock.

Sustained winds of 80 miles an hour, and gusts up to 100, raged around the eye.

Planes at the Key West Navy base were flown out of the storm's path and ships left port to ride out the blow at sea.

Colonel Tells Of Kidnaping By Terrorists

Puffing on a cigarette, U.S. Air Force Lt. Col. Michael Smolen is interviewed by newsmen in Caracas, Venezuela, yesterday as his smiling wife sits behind him. Col. Smolen was released late Monday after being kidnaped and held prisoner for 86 hours by a Castro-

Communist underground ring in a move to make propaganda for their underground war against Venezuela's democratic government. Venezuela police announced last night that they had arrested seven members of the gang. (AP WIREPHOTO)

Accused Leader, 6 Others Of Red Kidnap Ring Nabbed

CARACAS, Venezuela (AP)—Police held today a society artist they said masterminded the kidnaping of U.S. Air Force Lt. Col. Michael Smolen. They said six other members of the Castroite - Communist kidnap gang also were under arrest.

Luis Vera Gomez, director general of the Interior Ministry, said Angel Luque, 30, a Spanish-born abstract painter, was "the brains of the kidnaping." He said Luque's littered two-room studio had been used to hide Smolen during the 86 hours the gang held him.

ANOTHER KIDNAP
Gomez said Luque's studio also was used to hide Argentine soccer star Alfredo Distefano in another propaganda kidnaping by the Red underground last year.

Police said they suspect Luque also was connected with the kidnaping of American Army Col. James Chenault last November.

They also thought he might have been involved in the theft of five French impressionist

paintings valued at \$650,000 in January 1963.

Distefano and Chenault were released unharmed and the paintings were recovered.

Smolen, 45, of Chandler, Ariz., was released unharmed Monday night after two of the gang were arrested. The arrests of three other gunmen accused of abducting Smolen and of Luque and his wife, Titania, identified as a Russian or Yugoslav, came Tuesday.

WAR PLOT
Police said Smolen, a World War II combat pilot who is deputy chief of a U.S. Air Force mission in Venezuela, identified one of his captors.

Security Police Chief J. J. Patino Gonzalez said his men learned on Sunday that Smolen was being held in Luque's studio but did not move in for fear that shooting would follow and the American would be hurt.

Luque, a slender man of medium height, was arrested with his wife in the studio. Their penthouse residence is half a block from Smolen's residence, where the colonel was grabbed as he left for work Friday.

Girl Posts Bond In Robbery Try

TYLER (AP)—Linda Ford, 18, posted \$1,000 bond yesterday on a charge of trying to rob a post office.

"I just wanted to show Mr. McKittrick (the postmaster) my gun," she said at arraignment.

J. M. McKittrick is postmaster at Judson, near Longview. He said Miss Ford entered the post office Monday afternoon, worked the bolt on a rifle, and said:

"Sack up the money."

He said she poked the rifle through a window at him. McKittrick said he jumped from the window and telephoned the Gregg County sheriff's office.

State Patrolman Tom Arnold arrested her moments later for speeding.

Ex-Governor Is Indicted In Alleged Bribe Attempt

BOSTON (AP)—Former Democratic Gov. Foster Furcolo of Massachusetts has been indicted for allegedly conspiring to arrange a bribe.

The 53-year-old lawyer, who was governor from 1958 to 1960, was accused of conspiring with four members of the Governor's Council in 1960 to arrange payment of a bribe to gain reappointment of Anthony Dinatale as state commissioner of public works.

The four councilors also were indicted Tuesday in the closing minutes of the life of a special grand jury that has returned more than 150 indictments against 40 persons most of them present or former state officials, and 10 corporations. The jury was in session 8 1/2 months.

WINS ACQUITTAL
One of the 40 indicted has been acquitted.

Furcolo said the charge against him was "obviously political" since it was brought three weeks before the election. The aim of the investigation by the Massachusetts Crime Commission, which compiled the evidence presented to the grand jury, "was to get something on me at any cost," Furcolo said.

"If the accusation is not political, I challenge the prosecution to guarantee me a trial before election day," he said.

Chief Justice G. Joseph Tauro of the Massachusetts Superior Court promised that civil sessions would be closed down if necessary to provide judges for speedy trials.

Furcolo first entered public life in 1948 when he was elected to Congress at the age of 37. He was re-elected in 1950 but resigned during 1952 to accept appointment as state treasurer.

Elected to a full two-year term in that post in the 1952 election, Furcolo then tried for the U.S. Senate. He was defeated by Republican Sen. Leverett Saltonstall.

TWO TERMS
After his two terms as Massachusetts governor, Furcolo tried again for the Senate but failed to win the Democratic nomination.

Furcolo returned to private law practice after his 1960 defeat. His wife, Katherine, died early this year of cancer.

Indicted for conspiracy with Furcolo Tuesday were Democrats Ernest C. Stasius of Fairhaven, Michael J. Favulli of Worcester, Raymond F. Sullivan of Springfield and Joseph

R. Crimmins of Winchester. All except Favulli are still members of the Governor's Council. The Governor's Council in Massachusetts consists of eight persons and approves most gubernatorial appointments and state contracts.

Jew Crucifixion Blame Repudiated By Church

ST. LOUIS (AP)—In one of the bluntest proclamations of its kind, a major church was on record today as repudiating any special blaming of Jews, now or in the past, for Christ's crucifixion.

The action, taken by the House of Bishops of the Protestant Episcopal Church, dealt with an issue that has locked Roman Catholicism's second Vatican council in prolonged discussion.

A similar declaration, absolving Jews of any special blame for Christ's death, was proposed last year before the Vatican council, but subsequently was altered to refer to subsequent generations of Jews.

At the current council session, however, a strong force of Roman Catholic bishops and cardinals have demanded restoration

of the original position, denying that any particular blame rests on Jews of any time. The matter remains unresolved.

As the Protestant Episcopal convention went into its fourth day, its lay-clergy branch, the House of Deputies, authorized trial use of a new collection of prayers and scripture at special weekday communion services.

Nobel Peace Prize To Negro Leader

OSLO, Norway (AP) — The 1964 Nobel Peace Prize was awarded today to Dr. Martin Luther King Jr., Georgia-born Negro who became a civil rights crusader in the United States.

"Martin Luther King has consistently asserted the principle of nonviolence," the Oslo Nobel Institute said in its statement announcing the award.

King, son of an Atlanta Baptist minister and himself an ordained minister, provided his fellow Negroes with a powerful new weapon molded and shaped from the teachings of India's Mahatma Gandhi in the fight for Negro civil rights.

TOPS \$53,000

King's award, rumored for months, will amount to 273,000 Swedish kroner — \$53,123 — this year. The cash prize and the Nobel gold medal and diploma will be handed to King at ceremonies in Oslo Dec. 10.

King was born in Atlanta, Ga. in 1929 and went to the Crozer Theological Seminary, Chester, Pa. He took his doctor's degree in theology at Boston University and served later as a Baptist minister.

In 1955 he was chosen to lead the Negro boycott of the Montgomery, Ala., city buses. Since then he has served as a leader in the Negro fight for civil rights, as president of the Southern Christian Leadership Conference.

"MAN OF YEAR"

King was made "Man of the Year" by Time magazine in 1963 and this year was made an honorary doctor at Yale University and was awarded the John F. Kennedy Prize by the Catholic Council for Cooperation Between the Races in Chicago.

He was the 12th American to be awarded the peace prize. In addition, the American Friends Service Committee got it once.

Johnson Off On East Trip

WASHINGTON (AP) — President Johnson leaves today on a two-day campaign swing into New Jersey, Pennsylvania and New York.

The first speech of his trip was scheduled for a shopping center near the airport at Teeterboro, N.J. From there, he flies to the Wilkes-Barre — Scranton airport in Pennsylvania for an early afternoon party rally.

Then he heads for New York, where he will attend a dinner tonight honoring the memory of Alfred E. Smith.

His schedule, as announced by the White House, has no activities listed between 1:45 p.m. when he reaches La Guardia airport, and the 8 p.m. Smith dinner. Presumably, however, he will use the time to get together with various state Democratic leaders.

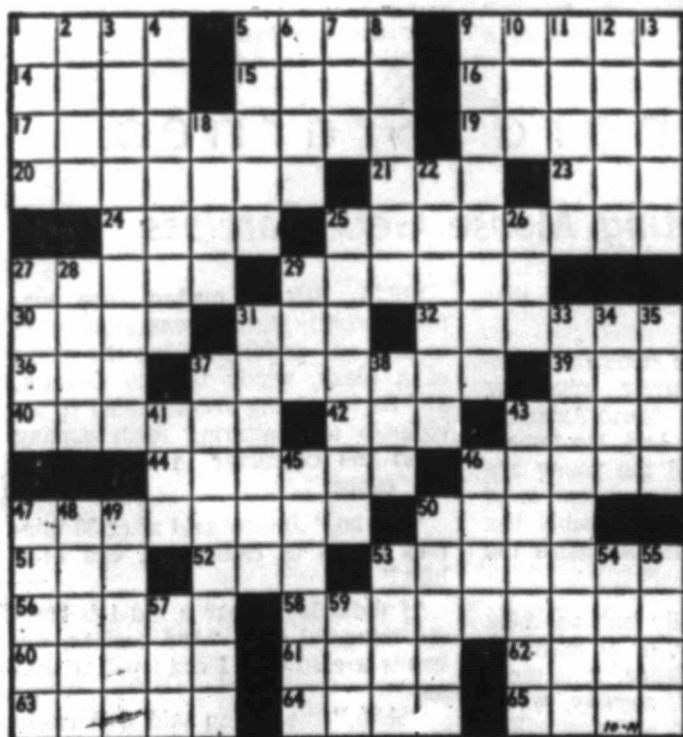

The President will spend the night at the Waldorf-Astoria, leaving for upstate New York early Thursday for speeches in Rochester and Buffalo. He will return to New York City for an appearance at a Brooklyn rally and a speech Thursday night at a Liberal party rally.

Two-Car, Truck Crash Kills Texan

BELTON (AP) — A crash on U.S. 190 involving two cars and a dump truck Tuesday killed James Bull, 26, of Temple and injured Emmett Orr of Waco.

Super-soft, luxurious velvotone flannel is pre-shrunk, strong and long wearing. Wonderful for suits or separates. Rich colors. 54". REG. 89¢ rayon and acetate dress weight flannel; washable, crease-resistant. 44".

A Devotional For The Day

Jesus answering said, Were there not ten cleansed? but where are the nine? (Luke 17:17)

PRAYER: O God, save us from the sin of ingratitude. As Thou dost so freely give, enable us in loving gratitude to receive. So may Thy gifts become our own and our lives be the tokens of our praise. This we ask in Jesus' name. Amen.

(From the 'Upper Room')

Devious Policy

One of the most excruciating ailments of recent years has been the inability of diplomats generally to understand Nikita S. Khrushchev. No one has been able to get him on a couch and explore his subconscious.

At the moment diplomats are trying to find out what Khrushchev is up to in Asia. They note that he is critical of the U.S. presence in South Viet Nam. At the same time he is making substantial shipments of arms to India while President Achmed Sukarno of Indonesia is visiting in Moscow in search of arms in his battle against the British and others in Malaya. If this isn't ambivalence, what is it?

Well, Khrushchev cannot execute a 180-degree turn and fail to be sympathetic with "national liberation" moves in South Viet Nam. He can, it is presumed, explain arms shipments to India on the grounds that India is nonaligned—at least nonaligned with Communist China. In Southeast Asia

he can safely egg Sukarno on without tweaking the U.S. beak.

Perhaps the truth is a bit different. Khrushchev is having a difficult time in a difficult world, in common with President Lyndon B. Johnson and others. The gospel of Marx and Lenin is no longer a simple one which separates true believers from infidels. Almost everybody has had a hand at examining and revising the lexicon. It is becoming increasingly difficult to tell the difference between a capitalist and a deviantist.

As one of the world's most avid fishermen in troubled waters, Khrushchev cannot bear to see any opportunity going unseized. He obviously doesn't want a nuclear war, but he is willing to take substantial risks in promoting "indigenous" revolutionary movements. He has trouble with the capitalists and he has trouble with the Communists. He has his hands full. But intrigue is his forte and he cannot resist the temptation to indulge in it.

State And The Property Tax

Gov. John Connally's suggestion that the next session of the Legislature start getting the state completely out of the property-tax field was well received by the Texas County Judges and Commissioners Association meeting here. And it should have the support of the city, school and special district officials and taxpayers generally.

Actually the state has been withdrawing in steps since 1933 from ad valorem taxation, once its leading revenue source. Adoption of the state general sales tax has reduced property-tax revenue from 4 per cent to 2.7 per cent of total state receipts. It is, as Connally says, a good time to make the final move, but that will not be easy and it cannot be done abruptly.

Connally's proposal follows the recommendation of the 56th Legislature's Tax Commission on State and Local Tax Policy, reported to (and ignored by) the 58th Legislature in 1963. The commission found that it would take constitutional amendment and about a four-year "phase-out" period for the state to abandon property taxation.

Arrangements would have to be made to cover the college and state

buildings bonds and other commitments secured by ad valorem revenue, and the commission outlined workable ways to do that. The commission also argued that the Legislature would not provide replacement revenue for the school system until constitutional amendment abandoning property taxation forced it to—but could then.

The commission's two basic arguments for the state getting out of the property-tax field were that this source should be turned over fully to financially hard-pressed local governments and that the state cannot equitably supervise ad valorem tax assessments. Tax equalization at the county level would be easier and likelier if state receipts were not involved, as county tax reform is now penalized by requiring more money being sent to the state.

Replacing the \$40-million-plus state property-tax revenue, mainly for state school aid, is the problem the Legislature will be most reluctant to face. But if that is done in stages, over a reasonable phase-out period, it should not be too difficult, fiscally or politically. And the 59th Legislature meeting next January should start the years-long process.

David Lawrence 'Non-Aligned' Means Against U.S.

WASHINGTON — American influence in the world suffered a humiliating defeat and Soviet imperialism got a big boost as the heads of 47 governments in Asia, Africa and the Middle East demanded by formal resolution, adopted at a "summit conference" in Cairo over the weekend, that the United States give up its naval base in Cuba and lift its economic blockade of that country.

THESE 47 NATIONS call themselves "non-aligned," but this is an obvious misnomer as the strongest of the group have received large amounts of military aid from the Soviet Union. The United States has extended "foreign aid" and some military help to many of these same nations, especially by Indonesia, but this didn't seem to sway the participants in the Cairo meeting. For the declaration adopted was plainly anti-Western and is so characterized in the news dispatches.

Oddly enough, these governments which call themselves "democratic" and claim to be opposed to imperialism nevertheless pursued a totalitarian tactic when they not only denied a vote at the meeting to Premier Tomba of the Congolese government in Central Africa but tolerated his imprisonment in Cairo by President Nasser of Egypt, the host to the conference.

A LONG RESOLUTION covering many points bearing on the ideological struggle between Red China and the Soviet government was approved, and it used the phrases often proclaimed by Moscow. Plenty of words of denunciation were uttered against "colonialism" but not a word was spoken on the subject of totalitarianism. Yet many of the newly organized governments in Africa, as well as the government of Indonesia, rule with the same iron hand of dictatorship that is condemned in theory but accepted in practice.

taxpayers' money to help such countries. This is to some extent due to the use of these funds to purchase American goods. But the end result is to weaken the position of the United States in the world. Some of the countries like Indonesia hold a strategic position in a military way, and this could be troublesome because of submarine bases conveniently arranged for Communist naval operations. America, incidentally, has spent a good deal of money on Indonesia—perhaps close to a billion dollars—but hasn't derived any appreciable benefit from the policy.

THE BIGGEST farce is the use of the term "non-aligned," which today means aiding the Soviets to carry on their intrigues against the West. Nor does the formula of "neutrality" any longer cover merely the interests of the individual countries which participated in last week's conference at Cairo. For these same governments now do not hesitate to become involved in Cuba, which is far distant from their territories. The only object this can have is either to show hostility to America or to scare the Washington government into offering more and more bribes in the form of "foreign aid."

SOME DAY, perhaps when the presidential campaign in the United States is over, they may develop in Congress a determination to investigate the whole "foreign aid" business and let the American people know the facts about their involvement inside the so-called "non-aligned" countries which somehow always become "aligned" with the Communists whenever Moscow or Peking pulls the strings.

Billy Graham

I see that you believe in hell. How can an intellectual person believe in such a medieval concept? I really didn't know that any educated preachers believed in hell any more.

F.L.

I am surprised that a modern person like you does not believe in hell. You can see it all around you—in the empty, purposeless lives of people who have no faith and no cause. You can see it on television any evening—in the modern jungles where men drink, lust, cheat, and kill their way into hell. You can read about it in the newspapers—where men rob, embezzle, and lie their way into hell by the hundreds and thousands. Ask the doctors, the psychiatrists, and the clergymen, if they believe in hell, and they will tell you that it is all around us. The Bible also teaches there is a future hell for those who reject God's mercy!

But the good news of the Gospel is that we need not live in hell, nor go to hell. The Gospel is that man is free to choose heaven or hell. You can be good by the grace of God, or good for nothing without Him. You can be a saint or a bum. Hell is not necessarily something people want, but the road that leads there, they deliberately take. It is the road that leads away from God.

James Marlow Campaigns Not Gentlemanly

WASHINGTON (AP) — A gentlemanly debate on a high plane is the ideal but not the real in a presidential campaign, as this one and some others show.

Tuesday Sen. Barry Goldwater, while being charged with racism in this campaign by 726 fellow-Episcopalians, was criticizing President Johnson's religious practices.

He said Johnson's visiting "church after church and city after city" on Sundays was a "political travesty of the Lord's day."

This is the latest in a hardy genre list of criticisms Goldwater has dumped on Johnson.

The President has made mostly indirect cracks at his rival.

American voters may have forgotten it, because of all that has happened since then, but they watched pretty much the same thing in the 1960 race between Vice President Richard M. Nixon and Sen. John F. Kennedy.

Some of the very words those two men used against each other four years ago have popped up again.

NIXON SAID Kennedy was a "deadly risk" and an "immature, rash, impulsive man" making dangerous statements. And he compared Kennedy's

promises to a "carnival confidence man selling... quick medicine to an unsuspecting public."

Kennedy wasn't any kinder to Nixon.

He suggested "someone had better cut the cards" before Nixon dealt. And he pictured Nixon as a baleful kind of individual whose political "career has often seemed to show charity toward none and malice toward all."

Nixon, to Kennedy, was the "triggle-happy" leader of a "wrecking crew."

Democrats this year, and some Republicans before the campaign began, applied "impulsive" and "triggle-happy" to Goldwater who all through this campaign has been insisting he is neither and this week he told NBC:

Hal Boyle Politico-Wearing Jibes

NEW YORK (AP) — Remarks a political candidate gets tired of hearing:

"Remember, Jerry, if you lose this one the only thing left you can run for is — dogcatcher."

"The printer says that if we don't get up the money for your election cards now he'll throw them down the sewer himself."

"One of his troubles is that he gives his speech better when he talks in his sleep than he does when he's awake."

"I think the only votes he's sure of so far are those of people who read billboards along with their lips."

"Maybe if we got him to speak in a cemetery we could corral a few ghost votes."

"Now try to get this through your head: At the first stop you munch on Italian salami and some pizza pie. You ask for some bagels when we hit the garment district. And when we pause at Yorkville you say a few kind words about the sauerbraten your mother used to make."

"You don't campaign on issues anymore. You campaign on your stomach. Why should anybody vote for you if you don't eat the same kind of food he does?"

"Why should we let our tiger debate his opponent on television? That would only let the

public find out how little either of them know."

"If I deliver you the 3rd precinct, what's in it for me? I'm not one of those college boys who go into politics just to improve their health."

"Before we stop off at the next factory, kid, rub a little grime on your paws. You can't win the workingmen's vote with clean hands."

"Don't waste any more time kissing babies. Kiss the old ladies. If they like it, they won't forget you on election day."

"See that messy little guy chewing a cigar on the front platform? Cozy up to him real good. He can help us. He knows where half the political skeletons in town are buried."

"Promise 'em what you think they'd like to have, Jerry. After we win the election we can always think up reasons why we can't deliver."

"Tell your wife to hide that fur stole. We're going through a poor district."

"It looks like this is a real intellectual audience. It doesn't make any difference what you advocate — just so you keep it on an international level, and make it sound real highbrow. If you know any big words, go ahead and use them."

"So that's our candidate! Well, all I can say is that if his brains match his ears, we've got a winner for sure."

To Your Good Health Gynecomastia Appears In Male Adolescence

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Within the last few months my 13-year-old son has developed a lump or swelling in both breasts about the size of a walnut. He says there is no soreness.

Since he is a very thin boy, it is even more obvious and embarrassing when he goes swimming or is wearing knit shirts that cling.

Should he be examined, or is this just one of the changes he is undergoing at his age?—MRS. F. R. B.

Since it is on both sides, it sounds very much like a condition called gynecomastia, or enlarged breast tissue in a male. A recent study of more than 2,000 teen-age boys revealed this to be present to some degree in a little more than one-third. These boys were in that same approximate age bracket.

The condition is thought to be related to the hormone imbalance which can take place at puberty.

You may want to call it to your doctor's attention, but for your peace of mind, it disappears in one or two years as the boy matures and hits his stride, physiologically speaking, as a male.

Dear Dr. Molner: Please send me your leaflet on "Vitamins, the Alphabet of Health." I enclose five cents in coin and a long, stamped, self-addressed envelope for it.

Which vitamins are most beneficial for chronic bronchitis and chronic paranasal sinusitis? This condition, according to doctors, is caused from allergies.—MRS. J. P.

The leaflet is on its way, but there are no special vitamins that affect allergies. Or, for that matter, there are relatively few ailments which are caused by a lack of vitamins. Hence there are relatively few ailments which will be helped by particular vitamins.

Vitamins are necessary for general good health. They are necessary for vigorous health. But they are not a medicine.

Note to "CONFIDENTIAL": Your troubles are far in ex-

cess of the annoying but natural problems of menopause. The extreme crying spells and thoughts of self-destruction don't fit with that. But they DO sound like a psychological depression, which can't be solved by mere sedatives or tranquilizers. Go to a psychiatrist, because this sort of problem, frightening and dangerous, can be solved by some of the newer drugs, and guidance and advice.

Hemorrhoids can be cured! If troubled with fissures, fistulas, itching and other rectal problems, write to Dr. Molner in care of The Herald requesting a copy of the booklet, "The Real Cure For Hemorrhoids," enclosed a long, self-addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Around The Rim Postlude For Prognostication

Lots of people save clippings, and occasionally they mail them back to the newspaper. Occasionally, these are hurled in the teeth of the editor, confounding him with his own words in the light of current happenings.

Most often, however, the clippings are accompanied by a note saying that this particular item brought comfort, joy or satisfaction. Sometimes they refer to a prediction or project which came to pass.

SUCH IS ONE received the other day with a note "1958, Shadows of Prognostication." Reference was to an editorial which was headed "FM-700 Tie-Ins Urgently Needed," and which pointed out that the new south aerial loop needed to be accessible to other streets in order to be of maximum value. At that time, for practical purposes, the road which was on the verge of completion, went from Birdwell Lane without access. In fact, the Birdwell Lane connection was over a dirt road for a distance of three blocks from Morrison to FM-700. Virginia was two blocks removed, and Gollad lacked about three long blocks being connected by paving.

SINCE THEN, although it came slowly in some instances, the Gollad tie-in has been made with a wonderfully wide, paved street which will serve well as this intersection handles more and more traffic as it constantly is doing. The Virginia Street paving has been extended south to intersect with FM-700, and so has the Birdwell Lane paving south from Morrison to the loop. Here again the paving has been made wide and is proving a blessing at a tremendously busy intersection. For all of this we are grateful.

BUT LET US quote from the 1958

editorial on what seems a little unfinished business: "There is something to commend the extension of Settles Street to FM-700 for consideration, for here a 6-block gap could be opened and paved, plus paving from Sixteenth Street where present surfacing terminates. This would put south traffic in the neighborhood of the Eleventh Place shopping centers... Baylor Boulevard, the magnificent diagonal which bisects College Park Estates, should be extended a block and a half south to connect with FM-700. These would provide some logical and well spaced tie-ins, without which the public may look upon the southeast loop as a traffic promise land—so near and yet so unattainable."

OF COURSE, the connections at Gollad, Virginia, Birdwell and Eleventh Place have made the route something of great value. South connections at Gollad and Birdwell have opened up vast new areas of residential development, far exceeding the predictions made in seeking county and city participation in right of way purchases.

YET THERE remains the need for some additional extensions to tie to FM-700, notably the ones mentioned five years ago. Settles dead ends now, but there is no overpowering reason why it could not be opened through by exchanging some property and purchasing other. Baylor Boulevard is in increasing need of extension across a gap between its terminal at Eleventh Place and FM-700. This road has been opened on the south side of FM-700 as the east boundary of the Kentwood area and eventually as the route over and beyond South Mountain. Closing this gap would be a good start.

—JOE PICKLE

Holmes Alexander Orders To Shoot

WASHINGTON—Only one American President ever took his position as Commander in Chief so literally as to assume it on a battlefield. He was James Madison, a very unilitary bookworm. The battle he joined reared in the British invaders putting the torch to the White House in 1814.

THE GREAT generals who became President—Washington, Grant and Eisenhower—understood that delegation of battlefield authority for a commander to act—and act fast—was the wisdom of statesmanship. Every wartime President—Madison, Polk, Lincoln, McKinley, Wilson, Roosevelt and Truman—either knew in the first place or learned by experience that their duty was to call strategic signals from the rear, but not to call "Fire!" or "Charge!"

THE DISPUTED issue between President Johnson and Candidate Goldwater is described in the foregoing resume of Commanders in Chief responsibility. Mr. Johnson believes that the modern possibility of instant nuclear war requires him to "pull a Madison" that is, to take initial battlefield action. Mr. Goldwater feels that the instant nature of nuclear warfare is a further and imperative reason why a President should delegate a trigger-pulling authority—and should delegate it in advance, with no safety-catch on the trigger to inhibit the field commander.

MR. JOHNSON is concerned by the high probability chance of "war by accident or miscalculation"—the necessity of split-second reaction to a hostile volley or to threat of a

hostile volley. Wherever the President goes, he is accompanied by an aide who carries the "football," which is the electronic key or code that would activate our nuclear weapons. But when President Kennedy lay mortally wounded, and more recently when President Johnson was on a political campaign flight, the "football" was not available for the quick hand-off to the only man who could have accepted it. Speaking on September 6th at Seattle, Mr. Johnson explained the safety-first, action-second sequence of nuclear response:

"COMPLEX CODES and electronic devices prevent any unauthorized action... Two or more men must act independently and must decide the (presidential) order has been given... An elaborate system of checks and counter-checks, procedural and mechanical, guard against any unauthorized nuclear bursts. In addition, since 1961, we have placed Permissive Action Links on several of our weapons. These are electro-mechanical locks which must be opened by secret combination... and we are extending this system."

All this procedural delay and inhibition is contemporary Madisonism. It orders the tide of battle to suspend until the President rides to the field, accompanied by aides and Cabinet advisors.

SENATOR GOLDWATER'S much-maligned argument is that one or more theater commanders, appointed by the President and confirmed by the Senate, should have advance orders to shoot when the situation warrants it.

Richard Starnes A Mating Moose Gets Careless

WASHINGTON — Now about that moose.

A moose is a large ruminant mammal of the deer family, inhabiting forested parts of North America. The male is called a bull, the female is called a cow, and the young are called calves. The word moose is of Algonquian origin, and probably has something to do with the noise the animal makes.

THE NOISE actually isn't anything like a moo, however, or at least not in my limited experience. It is more a grunt, in the bull, anyway, which suggests that instead of being called moose they ought to be called something like gruse.

Except during the mating season, which occurs in the fall, the moose is very shy. But when on errands of romance, the bull moose becomes fierce, noisy, aggressive and, fortunately for moose hunters, careless.

THIS HAS LED to the business of moose-calling. In moose-calling, an Indian guide imitates the sounds made by a lowland cow, whereupon the bull, devilish fellow that he is for two weeks out of every year, clatters out of the bush. At that point the hunter, who until now has been quietly freezing in the bow of the guide's canoe, is supposed to shoot the moose.

It happened that my guide, an Indian from North Bay, Ontario, whose name is Jim Couchie, is a virtuoso moose caller. If ever a symphony of moose callers is organized, Jimmy will be concert master, and possibly even conductor. He makes a noise that would make you swear you were hearing a female moose sobbing out a letter to Ann Landers. Jimmy can also use a canoe paddle to make a slurping noise in the water, and this is supposed to sound like a dainty cow prancing along a beach in search of, ah, companionship.

WELL, SIR or madam, one evening recently Jimmy was alternately calling and paddling along the shore of a bleak, windy lake in Ontario, and he was being accompanied by an obligate of chattering teeth coming from the character in the bow of the canoe.

"Oh, ho," Jimmy said after 30 minutes or so of calling, "I can hear him."

"I d-d-d-don't hear a d-d-d-dad-ratted thing," I said. "And besides, my hands are so cold I can't pull a trigger."

"Shhh," the Indian said with ready sympathy. "He's right around that point."

HE TURNED the canoe so silently that the click of the rifle's safety being disengaged sounded like a clap of thunder. We passed the tiny tongue of land and from the stern Jimmy signed in triumph. "There he is," he said, "a big bull."

The moose finally emerged from the misty circle in the Remington's telescope sight and the rifle slammed into my shoulder twice.

"Oh, ho," the guide murmured in relief. "You got him good." He padded furiously until we were within 100 yards of the animal and then magically held the canoe steady for one more shot, necessary now only to dispel any lingering doubt.

LATER THAT NIGHT, sitting over a whisky and a red-hot iron stove in a disused trapper's cabin, I asked Jimmy what he thought about the ethics of killing animals for sport.

"It tastes just like very good beef," he said after a moment of introspection. "Roasts, steak, stew meat, and the liver best of all. You'll see. An animal like that can keep a family alive for half a winter."

New Look For Evening

An evening gown of beige jersey with a turtle neck collar, worn with a belt decorated with tortoise shell, was a hit in Nina Ricci's fall and winter collection shown in Paris. It is covered with a soft brown leather coat embroidered with gold, and worn with black suede shoes. (AP WIREPHOTO)

Council Representative Chosen By Sorority

Mrs. Darel Highley was chosen representative to the Big Spring State Hospital volunteer council when the Xi Mu Chapter of Beta Sigma Phi met Monday evening with Mrs. James R. Shannon, 1418 Tucson. Also a donation of \$10 was made to the hospital's Christmas party fund.

Mrs. Highley reported that members are gathering and mending garments which will be given to children who need clothing in order to attend school.

Mrs. Horace Rankin presided, and Mrs. Rayford Gillman announced that the BSP city council would meet Oct. 15.

Two speakers were heard on the program. They were Mrs. Robert Blessingame, who spoke on "The Polar Region" and Mrs. James Cape, whose topic was "Down Under."

Refreshments were served to 11 members by Mrs. Highley, the cohostess. Mrs. Cape will be hostess for the Oct. 26 meeting in her home at 2518 24th where the guest speaker will be Chaplain Max Maguire of the state hospital.

Mrs. Hila Weathers read selections from Carl Sandburg, and Mrs. Eugene Selja chose Ogdon Nash selections for presentation. Mrs. Lee Rogers gave the invocation and was valuator. The closing thought was given by Mrs. James Brooks.

Slimmers

A sporty pair: the smart pull-over topping the shapely slacks. No. 3367 comes in sizes 14 1/2, 16 1/2, 18 1/2, 20 1/2, 22 1/2, 24 1/2. In size 16 1/2 and 35-inch fabric, pull-over takes 2 1/4 yards; pants, 2 3/4 yards. No. 3325 comes in sizes 12, 14, 16, 18, 20. In size 14 and 35-inch fabric, pullover takes 2 1/4 yards; pants, 2 3/4 yards.

Send 35 cents plus 5 cents postage for this pattern to IRIS LANE, Big Spring Daily Herald, Box 1490, New York 1, N. Y. Add 15 cents for first class mail and special handling.

Free pattern is waiting for you. Send 50 cents for our Fall-Winter Pattern Book which contains coupon for pattern of your choice.

About-Face Done At Miller Theater

NEW YORK (AP)—An about-face set of portraits of American Presidents is being displayed at Henry Miller's theater where Helen Hayes is appearing in "The White House."

A poetry theme was used at the Tall Talkers Toastmistress Club meeting held Tuesday at Cosden Country Club. Mrs. Dick Wilson served as toastmistress.

A panel discussion on evaluation was held by Mrs. Robert Bateman, Mrs. A. J. Grill and Mrs. Lewis Vale. Table topics were given by Mrs. Larson Lloyd, and Mrs. Grill conducted a voice drill.

Mrs. Hila Weathers read selections from Carl Sandburg, and Mrs. Eugene Selja chose Ogdon Nash selections for presentation. Mrs. Lee Rogers gave the invocation and was valuator. The closing thought was given by Mrs. James Brooks.

Poetry Read By Toastmistresses

The Parents' Night affair is fun and, certainly, informative. We all have a closer feeling with our schools when we visit along with the teachers and the other parents.

COOK BOOK SALE SET

The Future Teachers of America met Tuesday at the Big Spring High School to distribute cook books that members will sell. The book, "My Favorite Recipes," will sell for \$2. The proceeds will be used to support club projects. Freddie Kay Woods, AM 4-7192, is sales manager.

Panel Program Held At Washington P-TA

Mrs. Carl Rihard was panel moderator at the program, "To gether We Help a Child," presented Tuesday at the meeting of the Washington Place Parent-Teachers Association at the school. She was assisted by Mrs. Cecil Hamilton, Mrs. J. F. Fort Jr. and Miss Kathy Seddon.

Gray Lady Graduates Presented At Webb

Gray Lady graduation exercises were held Tuesday afternoon in the Officers' Open Mess at Webb Air Force Base with 20 women receiving caps from Capt. Sarah Graham.

The welcome was extended by Col. A. F. Taute, and the class was presented by Robert W. Whipkey, chairman of the Howard - Glasscock Counties Chapter, American Red Cross.

Whipkey distributed certificates, and Mrs. Vallie Parker, executive secretary, presented a pin to each graduate.

Col. Mount E. Frantz, base hospital commander, accepted the class, after which Mrs. Peggy Normile and Mrs. Jody Blackwell led the group in the Gray Lady Pledge.

Graduates are Romana Baur, Debbie Bruce, Kathy Drinnon, Helen Harvey, Sara Hunter, Karla Fiechsig, Carol Jerman, Donna Kenitzer, Marsha McKenna, Penny McKinley and Carol McWhorter.

Also, Denise Miranda, Sandra Perdue, Elaine Perry, Pat Sjolander, Pat Thornton, Barbara Vega, Lloyd Wasserott, Wendy Williams and Betty Zeller.

Clarence Hunnicutt, field director, American Red Cross, presented the special awards. Receiving stripes for 75 hours of service were Lou Brooks, June Cox, Cleta Gough, Cherrill Moss, Peggy Normile and Rosanne Seegers.

The invocation and benediction were given by Chaplain Thomas D. Holland and Chaplain B. F. Meacham.

New members of the circle are Mrs. Lewis Cerrone, Mrs. Morris Farrow, Mrs. Warden Mays and Mrs. Ted James.

Mrs. W. D. Duggan, hostess, served refreshments to 17 members.

Altar Society Has Tuesday Meeting

Mrs. Bill Sneed presided at the Tuesday meeting of the Altar Society of Immaculate Heart of Mary Catholic Church held in the parish hall.

Mrs. W. E. Brewer was elected vice president and Mrs. J. E. Settles served as secretary pro-tem at the session. Plans were made for a Christmas bazaar and chili supper to be held Oct. 25 with Mrs. Dick Egan serving as chairman.

The Rev. Francis Beazley spoke on "Our Lady Fatima and the Rosary," and announced special services for Monday and Wednesday at 7:30 p.m.

Refreshments were served by Mrs. Jim Reidy and Miss Carrie Scholz.

'ROUND TOWN

By LUCILLE PICKLE

Things are big this year at Goliad Junior High. Perhaps they have been as big each year but those of us who have children there for the first time were impressed.

The choir, directed by DON MORTON, gave excellent numbers and seemed to enjoy their work as did the band under the direction of RUSSELL MCKIS-KI. When they played "Yellow Rose of Texas" most of those about me thought of John Wayne with his trooper's hat turned up in front leading the riders into the west. "Wayward Winds" brought to mind Roy Rogers when he was the top singing cowboy.

There may be others but two of the teachers at the school who are local products are MRS. LYNN CALVERT, student council sponsor, and JOE DAWES, science teacher.

The Parents' Night affair is fun and, certainly, informative. We all have a closer feeling with our schools when we visit along with the teachers and the other parents.

MRS. BUCK RICHARDSON had a pleasant surprise Tuesday when MR. and MRS. E. V. McCULLUM of Tulsa, Okla., stopped for a short visit en route to Midland. Mrs. McCullum is the former CORINE DAY, daughter of the late Rev. Robert Day, and Mrs. Day. He was First Baptist pastor here for several years. Mrs. Day is now residing in a rest home in Tulsa after making her home in Bryan for many years.

Several college students made it home Friday for a weekend with their parents and to see the big ball game with Odessa.

COOK BOOK SALE SET

The Future Teachers of America met Tuesday at the Big Spring High School to distribute cook books that members will sell. The book, "My Favorite Recipes," will sell for \$2. The proceeds will be used to support club projects. Freddie Kay Woods, AM 4-7192, is sales manager.

Holiday Inn Scene Of Open House

The Patio Room and terrace at Holiday Inn was the scene Tuesday evening for an open house hosted by Mr. and Mrs. O. T. Brewster in observance of their first year in Big Spring.

Guests were served from a hospitality center on the terrace and were seated at quarter tables near the pool. The buffet table in the Patio Room was centered with a tall arrangement of gold and bronze chrysanthemums and autumn leaves were scattered about the table. A side arrangement was made of pumpkins, apples and clusters of white and purple grapes.

Members of the house party were Mr. and Mrs. C. T. Domm, Mr. and Mrs. Miller Harris, Mr. and Mrs. John Smith, Mrs. Herman Smith, Mr. and Mrs. Frank Steffin, Mrs. Merline Stotiak, Mr. and Mrs. Bill Coleman, and Mr. and Mrs. D. R. James and Mr. and Mrs. Harvey Wright, all of El Dorado, Ark. The feminine house party members wore corsages of white carnations.

Calling hours were from 6:30 until 8:30 p.m., and the guest list included 128 couples.

HALLOWEEN THEME

Past Matrons Club Has Dinner In Tea Room

A Halloween theme was used at the Tuesday meeting of the Past Matrons Club at the Downtown Tea Room, and hostesses were Mrs. J. T. Allen, Mrs. George Pittman and Mrs. Glenn Cantrell.

The refreshment table was accented with jack-o-lanterns and pyracantha. Steamers of orange and black completed the decor, and place favors were bottles of perfume.

Mrs. Dewey D. Dyer gave the invocation. Mrs. Pyle Bradshaw, president, appointed the visiting committee. To serve are Mrs. Elmer Boatier, Mrs. Dalton Mitchell and Mrs. Hayes Stripling Sr., and Mrs. Rose Stringfellow and Mrs. Minnie Michael were named telephone committee chairmen.

Three contests were conducted during the social hour for 27 members and line officers of Chapter 67, Order of the Eastern Star. Cards were sent to members who are ill.

Mu Zeta Has Party

A progressive dinner party held Tuesday for rushees by Mu Zeta Chapter of Beta Sigma Phi, was followed by a bridge session.

The first course was served in the home of Mrs. Dertie Everett, 2703 Lynn, followed by the main course at Holiday Inn. Mrs. Don Bailey, 2301 Alabama, served the third course to 12 members and guests. Rushes were Mrs. Alan Swearingen, Mrs. Ronald Gregory, Mrs. Arthur Clonts, Mrs. J. E. Shillingburg, Mrs. Jack Thomas and Mrs. Les White.

The next meeting will be Oct. 19 in the home of Mrs. Everett.

Methodist Guild Has Spanish Study

The Wesley Methodist Guild held a Spanish American program Tuesday evening. The group met at the church to go in a group to the Spanish Inn for dinner. The business session was held in the home of Mrs. Robert Lee, 1604 E. 16th, where Spanish decorations were displayed.

Mrs. R. O. Browder gave a report on the book, "Death of a Myth," and gave nine Spanish American proverbs. The devotion and closing prayer were given by Mrs. Bob Severin for six members and a guest, Mrs. Ray Eckler.

Raccoons Return

The old raccoon coat, collegiate symbol of the roaring '20s, is back in style again, but slimmer, sometimes shirred at the waistline with a chevron-cut to those shaggy pelts.

Church Organizations Begin New Activities

Church circles, societies and classes met in the various churches and homes Tuesday to continue studies, name new chairmen or elect officers.

EAST FOURTH Three circles of the East Fourth Baptist Church met separately for mission study Tuesday. The groups reviewed the first two chapters of the mission study book, "Frontiers of Advance."

The Kate Morrison Circle met in the home of Mrs. R. E. Wilson, 1306 Pennsylvania. Mrs. Billy Rudd read the calendar of prayer, and Mrs. Arnold Tom worded prayer for the nine members. The study was given by Mrs. Wilson.

Mrs. Jim Barrett, 2613 Carol Drive, was hostess to the Anita-Lowe Circle. Mrs. Harold Cain gave the prayer calendar and prayer for missionaries. The mission study was conducted by Mrs. Elmer Dickens. Mrs. Robert Adkins, 1808 Settles, will be hostess Tuesday. Nine members attended.

The Judy Burdett Circle met at the home of Mrs. Morris Sewell, 3900 Hamilton, with Mrs. Monroe Casey presenting the study to eight members. Mrs. Don Cannon gave a prayer for the missionaries, and Mrs. Pete Sanderson read the prayer calendar.

The Kate Morrison and Judy Burdett circles will meet at the Bennett House Oct. 20 at 3 p.m., to assist residents in table games.

BEREA BAPTIST The first fall meeting of the Woman's Missionary Society of Berea Baptist Church was held Tuesday morning at the church, when officers and chairmen were named.

Those who will be serving for the year are Mrs. Duke Baker, president; Mrs. James Gardin, vice president; Mrs. Robert Fitzgibbons, treasurer; and

Mrs. Clarence Massey, secretary.

Chairmen are Mrs. Beth Brannon, program; Mrs. O. C. Mason, social; Mrs. Joe Smitherman, prayer; Mrs. Dick Johnson, community missions; Mrs. Vaughn Martin, stewardship; Mrs. E. G. Rainey, publicity; Mrs. Roy Collins, enlistment; and Mrs. Chester Faught, mission study.

A panel group discussed the WMS and its function. Participants were Mrs. Bill Banks, Mrs. J. R. Townsley, Mrs. Martin, Mrs. Brannon and Mrs. Baker.

BAPTIST TEMPLE The women's class of the young adult department of Baptist Temple met Tuesday to select a name for the group and elect officers. The group chose the name, "King's Daughters," when they met in the home of Mrs. H. D. Henry, 1803 Wallace.

Mrs. Alvis Harry conducted the business session, and Mrs. Bob Newsom worded the opening prayer. The teacher is Mrs. Tolbert Grisham.

Refreshments were served to 18 members at a table decorated with a Halloween motif. Mrs. Jim McClure gave the closing prayer.

The November meeting will be held in the home of Mrs. Benny Oil Scissor Blades

If you are using a kitchen scissors for cutting caramels or other hard-type candy, you may wish to grease or oil the blades.

Reunion Opens Mitchell Fair

COLORADO CITY—The annual Old-Timers' Reunion, beginning at 8:45 a. m. Thursday with registration in the Historical Museum, will kick off the Mitchell County Fair. Plaques will be awarded to winning guests.

Robert W. Whipkey, publisher of the Big Spring Daily Herald, will be the speaker at the reunion when the program gets under way at 10:30 a. m. He is a native of Colorado City.

Plaques will be presented to the oldest old-timer present; to the old-timer who has lived longest in the county; to the youngest Mitchell County old-timer; to the old-timer who has come the greatest distance to attend the reunion; and to the couple married the longest.

Harry Ratliff, secretary of the old-timers reunion, said chairman for the entertainment features are Mrs. J. W. (Jim) Watson and Mrs. Witt Hines. All citizens of the county are invited, and former citizens requested to attend.

Exhibits will be up in the fair building and judges have been appointed to make a ribbon awards. These judges will be from out of the city.

Judges for the Women's and Youth's Division will be Mrs. Aubrey Russel, district Home Demonstration Agent, Lubbock, and Bula Moudy, Home Demonstration Agent, Lamesa. Handling the Arts and Crafts division exhibits will be Mrs. Sam Shaw, Sweetwater.

Sterling Lindsey, Coké County Agriculture Agent, Robert Lee, will judge agriculture division exhibits; horticulture division flower show exhibits will be handled by Mrs. J. E. Price, Lorraine, Mrs. S. L. Terry, Snyder, and Mrs. Diane Hargrove, Snyder.

The carnival rides opened Monday night and will be available through Saturday night for all wanting to attend.

The girls' rodeo will be held at the rodeo arena Friday night, sponsored by the Western Riding Club. Events will include pole bending, barrel races, goat roping and tying, ribbon races and others. Exhibition square dances will be staged in the arena by the Do-Si-Do Club.

A feature in exhibits will be the "horse size" steer weighing over a ton and a half.

The girls' rodeo will be held at the rodeo arena Friday night, sponsored by the Western Riding Club. Events will include pole bending, barrel races, goat roping and tying, ribbon races and others. Exhibition square dances will be staged in the arena by the Do-Si-Do Club.

Parents' Night Draws Crowd

Goliad Junior High patrons turned out approximately 1,500 strong Tuesday evening for the annual Parents' Night sponsored by the student council.

Parents, many of them accompanied by their children who are pupils at Goliad, were treated to a program in the gymnasium, then had time to visit with teachers in the classroom.

Soc Walker, principal, said he and other faculty members, as well as the council, were delighted at the response. He urged parents to visit whenever possible. He also stressed that the office is anxious to help parents at any time, either to set up conferences with teachers, make contact with pupils, or provide other services.

Mrs. Lynn Calvert, student council sponsor, presided at the gathering in the gymnasium and introduced Thomas Land, president of the council, who gave the welcome. Responding was Zack Gray for the parents.

Dean Goldstrip, president of the choir, told about its membership and activities and presented Don Morton, director, and the choir. In turn, Bobby Poff, president of the band, briefed the parents on the band program and the concert band and its activities before director Russell McKisick led the musicians in several numbers. Both the choir and band were roundly applauded.

The council was introduced to the audience, and then boys members served as guides during the classroom visitation period, and girls served refreshments in the cafeteria area.

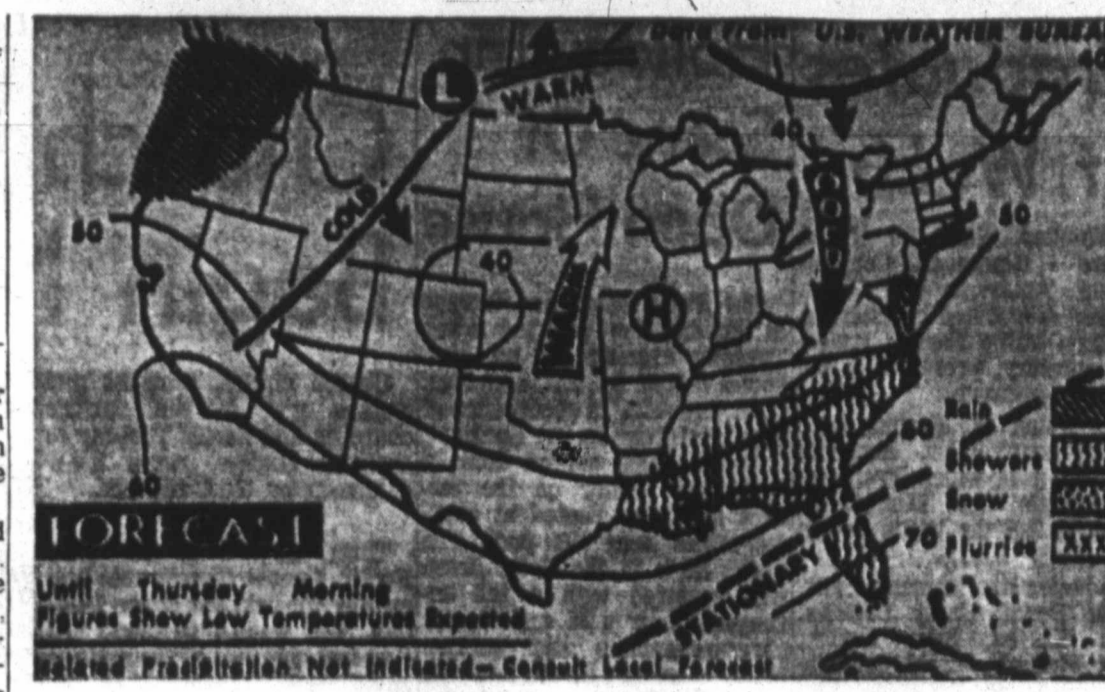

Archer Speaks On Visual Aids

GAY HILL—About 75 parents and teachers were present at Tuesday night's meeting of the Gay Hill P-T-A. Principal George Archer spoke on visual aids, and the sixth grade, taught by Delmar Turner, presented plans for the United School Fund drive.

Committees were appointed to handle plans for the school's fall festival on Nov. 7. Mr. and Mrs. George Archer were named as delegates to the state convention of the Congress of Parents and Teachers in November.

Minor Mishaps

Four minor accidents were reported on city streets Tuesday. Locations and drivers involved were East Third and Benton Streets, Eugene H. Halfmann, 3704 Calvin, and Emmett W. Nail, 3605 Connally; Gregg and Twenty-First Streets, James E. Rasco, 1408 Robin, and Jessie H. Phares, 1304 Dixie; 1514 Stadium, Mrs. Alice R. Gale, 1512 Tucson Road, and Robert W. Griffin, 1520 Stadium; and an unidentified car and a U.S. Government vehicle which was parked on the south side of the 100 block of East Second Street.

Scattered showers are expected Wednesday night in the south Atlantic states and the Gulf coast region, while rain is predicted for the northwest Pacific states. Warmer weather will prevail over the central Plateau and Plains areas and the lower north Atlantic states. (AP WIREPHOTO MAP)

Commissioners Give Okay To Most Recommendations

The city commission Tuesday night approved one recommendation from the planning and zoning board while turning down another, approved three traffic commission recommendations and gave second and third reading approvals to several other ordinances.

The commission unanimously approved a motion asking a change from general residence to commercial zone for two lots at the corner of Galveston and Sixth Streets, in the Jones Valley Addition. The change had been previously approved by the planning and zoning commission after a request from the owner, W. S. Birdwell, who had indicated plans to operate a refrigeration shop at the site.

Commissioners pointed out that the change would be a "spot" zoning action and that policy of not approving such zoning would be violated by an approval.

Approved was a change from one-family to retail for a 4.9-acre tract at the northeast corner of E 20 and US 87. The tract, owned by Keaton & McGibbons, Inc., has been planned as a site for a truck terminal, including a truckers' motel and restaurant.

The three traffic commission recommendations okayed include a signal light at Fifth and Scurry Streets, a no parking zone one-half block east on both sides of the 100 block of East Fifteenth Street and a school crossing zone at FM 700 and Goliad.

The signal lights were recommended for the intersection after a traffic study in July showed more than 5,000 cars passing through the intersection during a 12-hour daylight period.

The school crossing zone had been requested by homeowners in the area. The zone was approved by the commission, but

Heart Ills On Agenda

Heart Surgery Specialist Dr. David J. Turell, Houston, will speak to the Permian Basin Chapter of the American Society of Safety Engineers at 7:30 p. m. Thursday. The dinner meeting will be held at the Holiday Inn, Odessa, and the Midland-Odessa personnel group will meet with the chapter.

Dr. Turell's appearance is being sponsored by the Texas Heart Association, and the ASSE chapter invites any one in the area interested, either as an employer or as employee working in the field of safety engineering, to attend.

Rehabilitation of the cardiac patient is considered of primary importance since only about five per cent of men die of their first coronary attack, and three out of four of the remainder are able to go back to normal productive lives. The chapter is seeking to present more information on this percentage.

Dr. Turell is a specialist in the rehabilitation of heart attack patients, and he will cover some of the problems encountered in their rehabilitation in the relationship between employer, employee and the doctor in the patient's comeback following an attack. The legal liability of a company which employs such a person will be discussed.

Adoption Agency Work Explained

Jerry M. Newbold Jr., spoke to members of the First Presbyterian Church at a family night supper Tuesday, on the Presbyterian Children's School and placement agency at Itasca.

Newbold talked on the management of the school and gave a description of facilities and work, supplemented by colored slides. The school is operated primarily for orphaned children, and the placement agency works toward bringing about adoptions.

Released After Liquor Charge

Artis D. Molett, 29, Lamesa, charged with transporting liquor, has been released from county jail on \$500 bond. He was charged by the Big Spring office of the Texas Liquor Control Board.

Released After Liquor Charge

Hurlus Joe Johnson, 27, of 1108 NW 8th, who is under indictment here for burglary and for other charges, has been returned to the county jail from Lamesa. He is slated for trial at next week's criminal jury docket. He was sentenced to four years in Dawson County for an indictment against him there.

Released After Liquor Charge

Ismael Valdez, 21, of 303 NW 5th, has been returned to Big Spring from Huntsville where he was in state prison. He was returned on a bench warrant to stand trial next week for an indictment charging him with possession of marijuana.

Released After Liquor Charge

Two thefts were reported to officers Tuesday. Glenn Lingenfelter, 57-A Chantre Drive, told police a tire and wheel were taken from inside his car while parked at the Bowl-A-Rama on east US 80 about 5 p. m. Four hubcaps were also reported taken from a car owned by Rennie Ward, Route 1, while it was parked on a lot in the 400 block of Main Street.

Released After Liquor Charge

James G. Brown & Associates No. 1-8, Slaughter, a well casing, the Ellenburger 12 miles south of Post, was drilled in time of 5,870 feet and 11 1/2 days. It is 400 feet from the north and west lines of section 6-2, T&M No. 20, 2 1/2 miles southeast of the Ellenburger discovery, and three-quarters of a mile from the depleted Red Loford (Brown) discovery.

Hospital Volunteers To Be Feted Thursday

A spotlight of recognition will center Thursday evening on a select group of Big Spring and area residents—those who have contributed more than 34,000 hours of work at the Big Spring State Hospital during the 1963-64 fiscal year.

The fall meeting of the volunteer services council provides the recognition of persons and organizations, whose work this past year put the Big Spring State Hospital at the top for total hours contributed by volunteers at 11 such institutions in Texas.

Some 55 individual workers will receive pins, lapel buttons and hour-bars for their services in the volunteer program at the hospital.

For the first time, 27 special certificates of appreciation, engraved on parchment scrolls, will be presented various clubs, organizations and some individuals who have maintained regular weekly scheduled projects at the hospital.

The entire program is open to the public and begins at 7:30 p. m. in the auditorium of the Alford Building.

The Big Spring hospital volunteers have averaged 234 persons working per month, also highest of the 11 state hospitals last year, with an average of 34 organizations giving monthly assistance. A total of more than \$78,000 has been contributed to the hospital program through the volunteer projects, including more than \$20,000 in prizes and other gifts, such as food.

The Big Spring hospital also ranked first among 21 mental hospitals, special schools and tuberculosis hospitals in the total number of hours contributed last year by regular workers, more than 26,000; and second in total hours contributed by both regular and occasional workers, with 34,000 hours.

Volunteer program at the hospital includes aid given through a broad range of projects, including work in the music therapy program, letter writing, clothing, the library, personal assistance to patients and other areas.

In the program Thursday night, two volunteer workers will receive recognition bars for 7,000 hours contributed by each at the hospital. One person will

Paving Plans Win Council Approval

A major paving project tagged at a cost of about \$182,000 received city commission approval Tuesday night, with commissioners setting Nov. 19 to receive bids for the work.

The commission approved preliminary plans and specifications for the project and also authorized city officials to advertise for bids on the construction.

Actual construction on the paving is expected to begin in early 1965, after a contract is let in November or December. The preliminary estimates presented to the commission Tuesday night by city engineers included several streets added since earlier estimates. Blocks on Settle Street from Third to Sixth Streets, on Nolan Street from Nineteenth to Twentieth Streets and on Thirteenth Street from FM 700 to the present fire station tract were added to the original plans.

About 55 blocks are included in the revised paving project. One other block not included in the revised plans presented to commissioners at the session was also included, Nolan Street from Eighteenth to Nineteenth Streets, after it was pointed out the block would be the only unpaved one on that section of Nolan after the project.

The preliminary estimates presented to the commission included a total cost of \$182,290, with the city paying an estimated \$30,792 of the total.

The project is the fifth and final paving phase in the current Master Plan bond program. Streets included in the program are, in addition to the streets added: Mesa Street, from Eleventh Place to FM 700; State Street, from Sixteenth to Nineteenth Streets; Nineteenth Street, from Virginia Avenue to

Paving Plans Win Council Approval

the west end of the street; Northwest Fifth Street, from Glasgo to Main Streets; North Ninth Street, from US 87 to SH 390; Northwest Tenth Street, from North San Antonio Street to US 87; North San Antonio Street, from Northwest Fifth Street to IS 20; North Aylford Street, from Northwest Third to Northwest Fifth and from Northwest Fifth to US 87; Nolan Street, from Nineteenth to Twentieth Streets; Virginia Street, from FM 700 to Phillips Road; and Settle Street, from Third to Fourth Streets and from Fourth to Sixth Streets.

The estimated cost to the property owners was placed at \$151,497. In addition to the some \$30,000 estimated as the city's cost for the construction, an additional \$36,000 was estimated for other costs to the city for the project, including engineering, utility adjustments, right-of-way costs and others.

Paving Plans Win Council Approval

The city commission Tuesday night approved one recommendation from the planning and zoning board while turning down another, approved three traffic commission recommendations and gave second and third reading approvals to several other ordinances.

City Authorizes Study Of Sewer Line Bids

The city commission tentatively accepted a low bid of \$345,500 on the construction of the Beals Branch sewer line and authorized Forrest and Cotton, Inc., a Dallas consulting engineering firm, designers of the line, to make additional studies concerning the construction.

The commission did not take formal action on the bids Tuesday night, but only indicated that the low bid was agreeable, subject to the study by the engineering firm of the low bid company in respect to its being prepared to carry out the planned project here.

The engineering firm will also later recommend one of six bidders on supply of equipment for two lift stations planned as part of the completed line.

City Authorizes Study Of Sewer Line Bids

The low bidder on the construction was the Great Plains Construction Company, Inc., of Lubbock. The company did not bid on installation of the lift stations.

R. B. Hodgson & Company, Inc., had submitted a bid of \$325,218 and Clyde Construction Company a bid of \$491,372, both bids for both the construction of the line and the inclusion of lift stations. Each had stated it did not wish to bid for only one phase.

A representative of the Forrest and Cotton firm, Ross Jacobs, discussed the bids and methods of proceeding with plans with the commissioners. Commissioners asked Jacobs to present recommendations at the next commission session on the lift station equipment.

Bids on the lift station equipment, for station one and station two, were: Bowles & Edens Supply Co., \$24,672 and \$16,286; Key Welding & Construction Co., \$20,800 and \$15,360; Smith & Loveless, \$26,269 and \$16,673; Texas Vitrified Pipe Co., \$23,375 and \$16,926; Davco Corporation, \$21,733 and \$16,215. The bid allowance for the two stations was \$28,000 and \$20,000.

Some \$370,000 was allocated through the city Master Plan program for the addition to the sewer system, which is designed to relieve presently-crowded lines as well as provide a greater capacity for future needs. First designed as a gravity

C-City Will Buy Museum

COLORADO CITY (SC)—The Colorado City Council heard a report Monday night from R. H. Ratliff, president of the Colorado City Museum Association, concerning the association's progress in preparing its properties for city takeover.

In October, 1963, the council expressed interest in acquiring the museum, and Ratliff, as president of the association, was instructed to obtain releases on museum exhibits, so that the city would not inherit any lawsuits with the acquisition of the museum items.

Ratliff and others have been working on this project since that time and Monday night, Ratliff showed the council a sheaf of completed releases, and stated that many of the items were outright gifts.

The council indicated that it would consider paying Ratliff approximately \$2,185 for the items owned by the Museum, that being the amount of notes owned by the Museum to the City National Bank. The museum, which rents its quarters from the American Legion for \$50 per month, also owes the American Legion approximately \$1,500 in back rents.

The council told Ratliff to prepare a bill of sale for those items actually owned by the museum and that it would consider the purchase.

The council also approved an ordinance closing a dump ground along the Colorado River near downtown Colorado City, and set a penalty of \$200 for violation. The ordinance becomes effective Nov. 1. Councilman Skeet Harkins said citizens would be permitted to dump rubbish at the city's dump ground northwest of Colorado City.

Stanton Exes Set Homecoming

STANTON — A homecoming get-together is being planned for the class of 1958, Stanton High School, at 5 p. m. Friday, prior to the Stanton-O'Donnell football game.

The visitation for graduates and husbands and wives of the class will be in the study hall of the new high school.

About 40 persons are expected to attend, John Anderson, vice president, said. The group will have a section of the stands reserved for it at the game also.

The homecoming activities planned Friday include the crowning of the football sweetheart at half-time ceremonies.

DAILY DRILLING

Humble No. 1 Ira Robinson, total depth from 3,300 feet and acidified tubing 10,000 gallons. Operator fractured with 10,000 gallons of refined oil and 40,000 gallons of sand and is prepared to test. It is 60 feet from the south and 1,800 feet from the west lines of section 11-24, T&P survey, nine miles south of Lamesa. Coastal States Gas Producing Co. and McCordland Corp. No. 1-42 Norris, was drilling in time of 5,870 feet and 11 1/2 days. It is 400 feet from the north and west lines of section 6-2, T&M No. 20, 2 1/2 miles southeast of the Ellenburger discovery, and three-quarters of a mile from the depleted Red Loford (Brown) discovery.

Blagrove Elected Bureau Prexy

Douglas Blagrove, Rt. 1, Ackerly, was elected president of the Howard County Farm Bureau at a meeting of directors Tuesday night. Arlis Yater, Big Spring, was elected vice president, and Jimmy Taylor, Big Spring, was named secretary.

Directors were elected, or re-elected, at the annual meeting held Saturday night at the Fair Barns. Directors elect the Bureau's officers.

Directors named were: Precinct 1, Darwood Blagrove and Larry Shaw; Precinct 2, Ralph White and Donald Lay; Precinct 3, Neal Fryar and Ross Hill; Precinct 4, J. L. Baugh and James Bart.

Blagrove Elected Bureau Prexy

Hospital Volunteers To Be Feted Thursday

receive a bar for 4,500 hours, two for 3,500 hours, one for 2,500 hours, two for 2,000 hours, one for 1,500 hours, three for 1,000 hours and 13 for 500 hours. An additional 30 persons will be cited for 100 hours.

Persons from groups and organizations who have contributed to the volunteer program will also be cited at the service Thursday, with descriptions of the work done by each.

Reports will also be presented on several projects under way, the hospital cemetery improvement, the All-Faith Chapel and Halfway House.

Dr. Preston E. Harrison, superintendent, will comment on the volunteer work and Mrs. Hila Weathers, coordinator of volunteer services, will present the report from the recent Tyler meeting of the Texas Volunteers Service Council. Dr. Jack H. Burnett Jr., chairman of the council, will preside.

Actual construction on the paving is expected to begin in early 1965, after a contract is let in November or December. The preliminary estimates presented to the commission Tuesday night by city engineers included several streets added since earlier estimates. Blocks on Settle Street from Third to Sixth Streets, on Nolan Street from Nineteenth to Twentieth Streets and on Thirteenth Street from FM 700 to the present fire station tract were added to the original plans.

About 55 blocks are included in the revised paving project. One other block not included in the revised plans presented to commissioners at the session was also included, Nolan Street from Eighteenth to Nineteenth Streets, after it was pointed out the block would be the only unpaved one on that section of Nolan after the project.

The preliminary estimates presented to the commission included a total cost of \$182,290, with the city paying an estimated \$30,792 of the total.

The project is the fifth and final paving phase in the current Master Plan bond program. Streets included in the program are, in addition to the streets added: Mesa Street, from Eleventh Place to FM 700; State Street, from Sixteenth to Nineteenth Streets; Nineteenth Street, from Virginia Avenue to

the west end of the street; Northwest Fifth Street, from Glasgo to Main Streets; North Ninth Street, from US 87 to SH 390; Northwest Tenth Street, from North San Antonio Street to US 87; North San Antonio Street, from Northwest Fifth Street to IS 20; North Aylford Street, from Northwest Third to Northwest Fifth and from Northwest Fifth to US 87; Nolan Street, from Nineteenth to Twentieth Streets; Virginia Street, from FM 700 to Phillips Road; and Settle Street, from Third to Fourth Streets and from Fourth to Sixth Streets.

The estimated cost to the property owners was placed at \$151,497. In addition to the some \$30,000 estimated as the city's cost for the construction, an additional \$36,000 was estimated for other costs to the city for the project, including engineering, utility adjustments, right-of-way costs and others.

Paving Plans Win Council Approval

The city commission Tuesday night approved one recommendation from the planning and zoning board while turning down another, approved three traffic commission recommendations and gave second and third reading approvals to several other ordinances.

New Ecumenical Session Sought

VATICAN CITY (AP) — Pressure mounted in the Vatican Ecumenical Council today for a fourth session of the worldwide assembly of Roman Catholic prelates next year. Progressives have been op-

posing the conservative drive for a quick ending of the session. The two-year-old council now is in its third session. A strong conservative current advocating caution in Church renewal measures has been reported trying to end the council with this session.

Progressives have opposed, saying this would limit debate and possibly council action itself on such key documents as a schema on modern world problems including birth control and disarmament.

A progressive-conservative struggle came to a head Tuesday with Pope Paul VI accepting a complaint from 15 progressive cardinals that conservatives were trying to restrain council action on the Jews, religious liberty, shared papal authority and the modern world schema, a semi-official source said.

FBI Mum On Agent

DALLAS (AP) — The Federal Bureau of Investigation maintained an official silence Tuesday to a report that a Dallas-based agent, James P. Hosty Jr., who investigated Lee Harvey Oswald prior to the assassination, had been suspended for 30 days and reassigned to Kansas City.

This information about Hosty was attributed to "unimpeachable sources" in a copyrighted news story carried by the Dallas Times Herald.

The agent's supervisor here, agent-in-charge Gordon Shanklin, declared flatly: "I'll make no comment on it at all."

An FBI spokesman in Washington withheld comment, saying that they never discuss personnel.

The report said that Hosty, whose wife is expecting their ninth child, would not draw pay during the suspension.

The report added that the action was the direct result of the Warren Commission's criticism of the FBI in its report on the assassination of President John F. Kennedy.

Cotton Classing Office Opens

LAMESA (SC) — The seasonal cotton classing office of the U. S. Dept. of Agriculture opened here Monday under the supervision of Joseph N. Breward.

The opening is later than usual due to the late harvest. Breward headed the classers here last year and was ultimately cited by the USDA for an outstanding job. He will be joined by another classer, Wendell Wilbanks of Dallas, later this week. Peak manpower here last year was 10 classers in addition to other personnel.

Accused Due On Stand In Slaying At Bandera

EL PASO (AP) — William McKnight, 23-year-old graduate student at Texas A&M, was expected to take the stand today in his trial for murder in the slaying of Kelly Parker.

Parker was shot in 1962 at Bandera.

Court attaches expected the case to go to the jury Thursday. J. O. McKnight of Kerrville, father of the defendant, testified Tuesday that he was "looking for a whipoorwill" when the shooting occurred.

The elder McKnight said he believed his son and Bernice Flach of Bandera were married in Mexico until the day of the shooting. While they were en route to Bandera from Kerrville, he told the court, his son informed him there never had been a marriage ceremony.

The defense contends the younger McKnight and Miss Flach were common law husband and wife.

McKnight told the jury of his son's coming home distraught from Austin and saying that "Bernice is leaving me." He testified he agreed to go to her parents' home in Bandera with his son, who wanted to effect a reconciliation.

In Bandera, he continued, Miss Flach talked to his son for awhile and then went into the house to bring out Parker, whom she introduced to the father.

A state witness, James Trimble of Kerrville, told the court

he had been dating Miss Flach four or five times a week. He said he met her at a dance and introduced her to Parker.

Met Opens 80th Season

NEW YORK (AP) — Australia's Joan Sutherland performed gloriously and the audience was glittering and glamorous as the Metropolitan Opera opened its 80th season this week.

The Met will move after one more season to a huge new opera house in Lincoln Center.

It was no debut for Miss Sutherland, well-entrenched in the role of "Lucia di Lammermoor." The opera was first heard at the Met, with Marcella Sembrich, during its first season and has been played more than 200 times since.

Performing ably with Miss Sutherland were Sandor Konya as Edgardo and Robert Merrill as Ashton.

Udall To Address Conservation Body

Billy Mills Can't Be Passed

Mohamed Gamoudi of Tunisia presses his hand to arm of Lt. Billy Mills of the U.S. team as he tries to squeeze past the marine, who pulled a major upset in winning the 10,000-meter Olympic race in Tokyo today. Mills survived the jostling to earn the victory and the gold medal, running the race in 28 min-

Mills' Surge Boosts U. S. Medal Harvest

By TED SMITS Associated Press Sports Writer TOKYO (AP) — Gritty Billy Mills, a Marine from Coffeyville, Kan., won the 10,000-meter run Wednesday in one of the greatest upsets in Olympic history while American swimmers and divers continued to dominate their sport and pushed the leading Yankee medal harvest to 19.

Mills, a 26-year-old crew-cut Marine lieutenant, was timed in an Olympic record 28:24.4 after pulling away from world record-holder Ron Clarke and one of the finest 10,000-meter fields ever assembled.

His victory was the first ever at that distance for the United States. It helped build the U.S. medal count to seven gold, seven silver and five bronze.

Other U.S. gold medal winners on this fourth day of the 18th Olympiad were: 1. Ken Sitzberger, River Forest, Ill., who won the springboard diving with a total of 159.9 points and led a 1-2-3 American medal sweep.

2. Cathy Ferguson, Burbank, Calif., who took the women's 100-meter backstroke in world record time of 1:07.7. Ginny Duenkell, West Orange, N.J., was third in 1:08.0.

3. Dick Roth, Atherton, Calif., who won the men's 400-meter individual medley in world record time of 4:45.4. Roy Saari, El Segundo, Calif., was second in 4:47.1 and Carl Robie, Drexel Hill, Pa., fourth.

4. The U.S. 400-meter freestyle relay team, also in world record time of 3:33.2. The team was made up of Steve Clark, Los Altos, Calif., Mike Austin, Rochester, N.Y., Gary Ilman, San Jose, Calif., and Don Scholander, Lake Oswego, Ore.

Mills, considered far out of his class against one of the finest 10,000-meter fields ever assembled, stayed with the leaders all the way, took the lead to stay on the 20th lap of the six-mile-plus test of courage and endurance, then sprinted home, winning by about four yards.

In the vast confusion surrounding the finish, Clarke, the Australian world record-holder, was believed to have finished second, but the official results placed him third behind Tunisia's virtually unknown Mohamed Gamoudi.

Steers, Bucks And Alabama Are Favored

By HAROLD CLAASSEN Associated Press Sports Writer

TOKYO (AP) — The emblem of the Olympics is five interlocking rings, representing five continents. That gives any football selector plenty of room in which to run around — in circles.

Last week's average of .661 made the season's record .670. From a slightly Oriental viewpoint, here are the coming weekend's winners:

Texas over Arkansas: If there is one college football team that can jump from the frying pan into the fire, week after week, it is this year's Longhorn aggregation.

Ohio State over Southern California: Coach Woody Hayes of Ohio State doesn't concentrate on non-conference foes but he will want to show the television viewers his new off-tackle play. Tom Barrington is a handy-dandy.

Alabama over Tennessee: The Volunteers have nobody who can equal Joe Namath.

Notre Dame over UCLA: The Irish line suddenly has become respectable.

Michigan over Purdue: The Wolverines have oodles and oodles of talent, including quarterback Bob Timberlake.

Nebraska over Kansas State: The Huskers can run and run and run.

Kentucky over Louisiana State: The Wildcats, thin in numbers, will be trying to make up for that awful thumping given them by Florida State.

Auburn over Georgia Tech: If Jimmy Sidle and his playmates are going to hit high gear this year, this should be the game.

Syracuse over Penn State: Syracuse didn't issue the same number 44 to halfback Floyd Little that previously had been worn by Jimmy Brown and Ernie Davis just because he passed freshman English.

Gammoudi was timed in 28:24.8, Clarke exactly one second slower.

Mills was considered a rank outsider in the field while the top U.S. hope was little Gery Lindgren, 18-year-old Spokane, Wash., sensation.

Lindgren, however, was badly hobbled by an ankle he twisted just two days earlier in practice. He competed, but finished far back in the pack.

Mills' amazing performance dominated this fourth day of the 18th Olympiad in which the United States pushed an expected number of athletes through a variety of track and swimming heats and trials.

Probably the biggest disappointment came in the javelin where Norway's world record holder, Perje Pedersen, failed to make the finals.

The event was won by Pauli Nevala, a Finn, with a throw of 271 feet, 2 1/2 inches. Gergely Kulcsar of Hungary was second and Yan Lusis of Russia third.

England's Mary Rand broke the world record with a leap of 22 feet, 2 1/2 inches in winning the women's broad jump.

Lee Roughest Foe Yet, Says Baird

Steer scout Roy Baird described Midland Lee, next football opponent of the Big Spring Steers, as the "toughest team a lot like Snyder" in a talk-

made before a large crowd of Quarterback Club members here Tuesday night. Baird said the Rebels have six backs who have averaged more than four yards each per carry.

set up four different kinds of defenses, use a lone safety with good results in a kicking situation and "have hit well in all four games they've played to date."

The Lee line averages 187 pounds per man (considerably heavier than Big Spring but lighter than Odessa, Big Spring's foe last week) and the backfield 164 pounds.

The Lee primary boasts three outstanding linemen, according to the Steer scout, in right end Randy Hill, a 190-pounder; left guard Tommy Casbeer, 195; and Terry Schreiner, 195-pound left tackle.

Bucky Kimble, Lee's versatile, crafty quarterback, moves occasionally to a flanking position, especially after scouts look at the Big Spring defensive alignment and saw Odessa receivers get far behind Steer back men on two occasions.

The ball was overthrown to the Odessa receivers on both occasions or would have gone for touchdowns.

Lee is a seasoned ball club, boasting 30 seniors and nine starters back from last year.

The Rebs do nothing unusual with the ball but boast a good scoring punch, Baird revealed, and are very sound on defense.

They try to stick to ground plays where possible but will take to the air if they get behind. They run the power series from the tandem right and left, both to and away from the halfback.

They are more dangerous on their wide plays, with the quarterback keeping or pitching to the halfback on the belly option plays. They will put a man in motion and run to and away from that player.

Coach Don Robbins said the Steers had been badly crippled by field injuries and illness and said the club was going to have to suit out its full complement of players and play at least as good as it did in the Odessa game to win.

Ace linebacker Don White and guard Gary Phillips — both standouts in the Odessa games — are bed-ridden with the flu and Johnny Hughes is out with a bad ankle. Larry Nipp, who plays right behind White, is out of school, too.

In addition, coaching aide Allen Simpson went home with a virus Tuesday and Robbins himself had the symptoms last night.

Larry Callihan also has finger trouble and will see limited action, if any at all.

The Buffaloes will try to even their record in the game with the Gorillas. The Buffs, coached by Oscar Boeker, have defeated Gall and Coahoma's B team and have lost to Dawson, Jayton and Grandfalls-Royalty.

STANTON — The Stanton Buffaloes are climbing hard drills for their ensuing football game, which takes place here Friday starting at 7:30 p.m.

The Buffaloes, one of the surprise clubs in West Texas, open their District 5-A season with O'Donnell, coached by Allen Holladay, is winless in five starts this year and has been outscored by the opposition, 144 points to 20.

LOOKING 'EM OVER

With Tommy Hart

Of course, the Longhorns can't afford to look back this week if they hope to prosper in the 2-AAAA race.

All reports coming in from the west say that Midland Lee — which visits here Friday night — has its best team in its brief history.

The Rebels have mauled some pretty fair teams this fall and relish the taste of victory. They are in the mood to win their first game in history from Big Spring. In Bucky Kimble and Dick McFarland, the Rebs boast two of the better backs in West Texas high school circles.

If you want a tipoff on Lee's potential, let's compare some scores: Lee mauled El Paso Austin, 36-0. That same team gave Ysleta Bel Air all it could handle before losing last week, 16-14. And Bel Air is the team that fought Big Spring down to the wire before losing, 13-6.

Lee won't be nearly as big as was Big Spring's foe last week but the Rebs can move more quickly laterally than Odessa. Ability of the Bronchos to defend against plays aimed outside cost them a win here.

Fans attending local games would get more out of the play, perhaps, if the ball carriers and the tackles were identified over the loud speaker after each play.

That service is offered in virtually every high school game in the area but, for some reason, hasn't been started here. People purchase game programs, true, but they dislike the thought of digging down through the list of names to see who did what on every maneuver.

The public address operative, of course, would have to have the help of a couple of spotters but that would be easily arranged.

Such a service would contribute so much to the game. The playing field here should also have hash marks at the appointed places. That could be accomplished with a minimum of effort.

Hash marks are a big help to the officials working a game and they certainly make it easier for the working stiffs in the press box who have to chart the activity.

Bobby Dodd, the veteran football coach at Georgia Tech, uses a refreshing approach toward the game. Says he: "I'm the luckiest coach in the business, so if you have a bad break on the field don't let it bother you. We'll get a couple of good ones to balance it off before the game is over."

Norman, Okla. (AP) — "I'ding in four others. His effort feel lots better if we had won the game," said Oklahoma University's Carl McAdams when asked how it felt to be named The Associated Press' Lineman of the Week.

McAdams, 6-foot-3, 215-pound center-linebacker, referred to the Sooners' 28-7 loss to Texas last Saturday.

In that intersectional contest, McAdams, a junior, made 13 unassisted tackles and helped in five others. He beat out Dwight Kelley of Ohio State for the weekly award. Kelley made 10 tackles in the Buckeyes' 26-0 thrashing of Illinois.

Meadow Girls

Pictured above are members of the Meadow High School girls' basketball team, which meets Forsan at 7 o'clock Saturday evening in one of two games climaxing the first annual Region VI-B basketball clinic at Howard County Junior College. The Bronchos are coached by Bill Alexander. The other game, down for 9 p.m., sends Garden City against Cotton Center. The clinic itself gets under way with registration at 8:30 a.m.

LAMESA (SC) — Gordon Brown, former Chicago Cardinal football player, has assumed his duties as executive director of the Lamesa Area Club of America. Brown and his family moved from Russellville, Ark.

The youth director is a graduate of Louisiana Tech, where he starred as a defensive end. He also held the same position for the Cardinals and the Calgary Stampede of the Canadian Professional Football League.

Stanley Felts, who trailed him in that order. In the iron sight class, Felts was first, followed by Skeeter Davidson and Horace Reagan.

In all, 20 shooters took part in the competition. The next matches will take place Oct. 25, at which time a deer hunters' special is scheduled — ten shots offhand at 200 yards. No aid except slings can be used. Any gun legal for the shooting of deer can be employed.

Breedlove Aims To Hold Record

BONNEVILLE SALT FLATS, Utah (AP) — A jubilant Craig Breedlove has regained the title as the fastest man on wheels and obviously was determined today to keep it as long as possible.

For another, he said he had reserved the track at these western Utah salt flats until Oct. 26 and plans to keep it every minute of that time.

It's possible winter weather could set in by that time, forcing other contenders to wait until next year. The salt flats is one of the few places in the world that are suitable for record speed runs.

Even if Breedlove can keep the record for only two weeks, that will be longer than the past two record holders — Art Arfons of Akron, Ohio, and Tom Green of Wheaton, Ill.

Arfons, who had the old record of 434.02 m.p.h., said Tuesday he is confident he can beat Breedlove's mark. He has another reservation in for the flats for Nov. 8 but wants to come sooner.

Breedlove, who set one land speed record last year, sped across the salt flats Tuesday in times of 442.59 and 498.13 in two runs over the one-mile track. The record time was computed from total time and distance of both runs.

For another, he said he had reserved the track at these western Utah salt flats until Oct. 26 and plans to keep it every minute of that time.

It's possible winter weather could set in by that time, forcing other contenders to wait until next year. The salt flats is one of the few places in the world that are suitable for record speed runs.

Yanks Hoping For Near Miracle In St. Louis

By JOE REICHLER Associated Press Sports Writer ST. LOUIS (AP) — The proud New York Yankees, straining to avert their second straight World Series disaster for the first time in 42 years, were hoping for a near miracle as they faced the front-running St. Louis Cardinals in the do-or-die sixth game today.

Down three games to two — just one away from elimination — Yankee Manager Yogi Berra pinned his hopes on the right arm of 25-year-old Jim Bouton in a return mound engagement with Cardinal veteran southpaw Curt Simmons.

The two hooked up in the third game with Bouton the winner, 2-1, on Mickey Mantle's dramatic ninth-inning home run at Yankee Stadium. The blast came off reliever Barney Schultz' first pitch.

Even should the Yankees win today, a Herculean task still faces the American League champions. They are admittedly shy on pitching because of the uncertainty of Whitey Ford's physical condition.

On the other hand, Cardinal Manager Johnny Keane's pitching is in fine shape.

Simmons, of course, will be pitching with his normal four-day rest. Should a seventh game be necessary, Keane has the choice of one of three pitchers — southpaw Ray Sadecki, right-hander Roger Craig or Bob

Gibson, who struck out 13 in a brilliant winning performance in the fifth game Monday.

Ford's condition has Berra worried. The veteran southpaw, who aggravated an old knee injury in an opening game loss in St. Louis, hasn't worked since. He did no throwing at all in New York's workout at Yankee Stadium Tuesday and must remain a doubtful quantity.

Lee Game Ducats Go On Sale Here

Tickets for the Big Spring-Midland Lee football game, which will be played here Friday night at 8 o'clock, went on sale at the School Business Office this morning and will remain available there until 2 p.m. Friday.

A total of 500 adult and as many student tickets were dispatched to Lee for sale. The adult ducats sell for \$1.50 each.

acknowledge, however, that the Cards were now in the best shape they've been in the entire Series.

"Knowing we can win by taking one of two is bound to give us the edge," he said. "But I'm not underestimating the Yankees. They're a tough ball club."

"We've gotten the breaks so far but we've taken advantage of them. We've also had a few bad breaks but we've overcome them. The Yankees haven't."

"Take Tom Tresh's game-tying home run off Gibson in the ninth inning Monday. That was enough to knock out almost any club. But we bounced right back with three runs in the next inning."

"It's a good thing we did. I don't think Gibson could have pitched much longer. He was a tired young man at the end."

Noodle Hosts Cats Thursday

WESTBROOK (SC) — The Westbrook Wildcats play Noodle in their first basketball game of the season in Noodle Thursday.

Sam Scroggins coaches the Westbrook boys while Herman Parsons is mentor of the girls. The Westbrook teams travel to Barnhart next Tuesday for two contests.

WESTBROOK (SC) — The Westbrook Wildcats play Noodle in their first basketball game of the season in Noodle Thursday.

Ex-Pro Gridder Now In Lamesa

LAMESA (SC) — Gordon Brown, former Chicago Cardinal football player, has assumed his duties as executive director of the Lamesa Area Club of America. Brown and his family moved from Russellville, Ark.

The youth director is a graduate of Louisiana Tech, where he starred as a defensive end. He also held the same position for the Cardinals and the Calgary Stampede of the Canadian Professional Football League.

Stanley Felts, who trailed him in that order. In the iron sight class, Felts was first, followed by Skeeter Davidson and Horace Reagan.

In all, 20 shooters took part in the competition. The next matches will take place Oct. 25, at which time a deer hunters' special is scheduled — ten shots offhand at 200 yards. No aid except slings can be used. Any gun legal for the shooting of deer can be employed.

♥ 16
♦ 7 5 2
♣ A Q 10 5 2

SOUTH
♠ None
♥ A K 7 6 3
♦ A Q J 9 8 6 3
♣ None

The bidding:
North East South West
Pass 1♣ 2♣ Pass
3NT Pass 6♣ Pass
Pass Pass

Opening lead: Six of ♣.
Careful play paid a handsome reward to South in his six diamond contract when this deal came up during the Nationals held in Toronto recently. The extreme freak held by South proved a stumbling block to even the more experienced partnerships. North was reluctant to take a preference for one of South's suits, and the latter was usually permitted to choose the final contract. Where the deal was played in hearts, South was restricted to 11 tricks unless he made a safety play in the trump suit. Only by leading a small heart from his hand toward the dummy's jack-four can declarer limit West to one trick in the suit—the queen. Cashing even one high heart will prove fatal to South's efforts.

One player obtained a fine match point score by fulfilling a six diamond contract—reached on the sequence presented in the diagram. East opened the bidding with one club, and South, who was determined to get to game, informed North of his intentions in the only way possible—by overcalling in the opponent's suit.

North was obliged to keep the bidding open until game was reached, even if he held a bust. Inasmuch as two no trump would have been a forced response, North bid three no trump to show partner that he had a fair hand. South proceeded directly to six diamonds.

West opened the six of clubs and East put up the ace which declarer ruffed. South played the king of hearts and, when the ten appeared from East's hand, declarer must proceed with caution. If he tries to cash the ace of hearts, his contract will go on the rocks. East will ruff in and South cannot avoid the loss of another heart trick, subsequently.

Declarer made provision for unfavorable distribution by leading a small heart from his hand after the king held. West won the trick with the queen; however, there was no way to prevent South from establishing the suit by ruffing the next round of hearts with dummy's king of diamonds. After trumps were drawn, the ace of hearts picked up West's nine and declarer's hand was high.

Oilmen Laud Colleague For Efforts

DALLAS (AP)—"If there ever was an industry spokesman for the oil business," said one Texas oilman, "it's Jake Hamon."

Hamon is a highly successful Dallas independent oilman who won't watch television—he says it's "stultifying"—but reads 20 books a month.

In July, Interior Secretary Stewart Udall appointed Hamon chairman of the National Petroleum Council. He has held a host of oil positions, and is the only independent member to be chairman of the American Petroleum Institute.

Hamon, 62, was born in Lawton, Okla., and went to the University of Chicago to become a lawyer at 18. He quit school and has been in the oil industry since.

His organization drills about 100 wells a year in Texas and Oklahoma. Hamon shows no signs of shifting down to a lower gear.

"You have to keep going," he says. "An oil well starts to die the day you find it. Anytime you get complacent in this business, you're dead."

In a recent interview, Hamon said he loved to watch bullfighting and listed reading as a weakness.

He said he got to know the late American author Ernest Hemingway casually in Spain and sometimes sat with him at bullfights and drinks later.

"He was a nice guy," Hamon said.

"SHARE BLAME"

A unifying voice in the petroleum industry, Hamon counsels the independents not to blame all their troubles on the major companies. He told producers at a meeting:

"If we keep passing resolutions, fighting a mong ourselves, having more than one spokesman at the national level and indulging in self pity, we must be prepared to see crude prices keep on sliding until they reach \$2 a barrel."

Speaking on producers' demands that the government restrict imports of residual oil, Hamon said:

"We should eliminate all quotas and restrictions of residual oil and allow it to come in freely. I'm tired of incurring the wrath of the Eastern and New England consumers just to keep up the price of coal."

Hamon said the independents' troubles are two-fold: Too much importing of crude oil and too much production of domestic crude.

He advises that producers ought to keep their excess productive capacity in check and that allowable crowding between states should be eliminated.

Death Of Fraud Suspect Probed

HOUSTON (AP)—Police probed today into the death of an embezzlement suspect for whom a \$10 funeral wreath was purchased before they discovered the body.

Homicide detective Lanny Dixon said the body was sprawled across a king-sized bed, a .22 caliber pistol lay near the body. He had been shot in the mouth.

DeRose was a former branch manager for the Borg-Warner Acceptance Corp. and was indicted by the Harris County grand jury last year.

FBI agents arrested him in Honolulu last May on charges of

unlawful flight to avoid prosecution and he was returned to Houston. Since then he has been free under \$5,000 bond.

Police said they believe DeRose shot himself in the mouth and he died between 3:30 a.m. and 4 p.m. Tuesday.

The body was discovered 10 to 12 hours later by Paul Hunt, 22, who told officers he went to check after DeRose failed to open a lounge which he operated. Hunt works at the lounge.

Dixon said just before police arrived, a business associate of the dead man entered the apartment and carried away a strong box containing \$328. He was arrested as a material witness.

Officers said the man spent \$84 of the money, including \$10

to purchase a funeral wreath for DeRose.

At the time the indictments were returned against DeRose, a bachelor, it was disclosed he had deposited \$96,501 in his personal bank account from 1959 to 1962—more than three times as much as he was being paid by his company.

Oklahoma Leads Oil Output Gain

TULSA (AP)—Oklahoma added 20,000 barrels a day last week to lead the nation's oil production gain of 16,530 barrels daily to a total of 7,570,070, the Oil & Gas Journal reports.

The Journal said Oklahoma's production totaled 558,700. Louisiana production averaged 1,522,150 barrels daily, up 5,720.

Production declined in Texas, down 2,150 barrels daily to 2,629,500.

Arkansas produced 73,200, Colorado 91,900, and New Mexico 395,100.

Huge Cargo Ship Leaves Beaumont

BEAUMONT (AP)—The largest ship ever to dock here, the SS Manhattan, has left

for Pakistan with a 40,000-ton wheat cargo.

The Manhattan, tall as a 10-story building, has a draft of 37 feet. The ship channel is only 36 feet deep, and the vessel left a one-foot trench in the channel as it pulled out.

Miller Asserts Victory Coming

SCRANTON, Pa. (AP)—Moving into the final three weeks of the campaign, GOP vice presidential nominee William E. Miller said here that he and Sen. Barry Goldwater "are really on the final march to victory in November."

Everything that Republican presidential candidate Goldwater has been saying "has now proved to be in fact true," Miller told an airport rally of 200 under cloudy skies in chilly weather. "There has finally come an end to the distortions."

For example, Miller said, Goldwater has overcome Democratic contentions that he was opposed to Social Security and has demonstrated that he favors strengthening that program.

PLANE TRIP

Miller flew from Washington aboard his campaign plane, "The Niagara," for the first stop in a two-week campaign swing that will take him to more than 30 cities in nine states.

From the airport rally, he headed for a tour of the depressed areas in this northeastern Pennsylvania region, which

is part of Appalachia.

In a speech prepared for a luncheon, Miller questioned President Johnson's support of the Appalachia bill, designed to improve economic conditions in a broad area of high unemployment.

Miller said, "We wonder how sincere Lyndon Johnson was in his alleged sponsorship of the Appalachia bill, especially when he has demonstrated that legislation he wants passed invariably is passed by the tremendous pressure that only he can exert upon the Congress."

FOUR CITIES

Gov. William Scranton had no plans for taking part in the Miller visit to Pennsylvania, which calls for stops in four cities.

Scranton traveled with Miller during an earlier visit to the state by the vice presidential candidate.

Water Unity Called Vital

AUSTIN (AP)—Atty. Gen. Waggoner Carr said here all units of government, private enterprise and individuals must work together to insure Texas' continuing fresh water supply.

He warned that "too frequently we ignore or fail to inform ourselves of potential clashes between the state and federal systems until they occur."

Then Carr, speaking at the annual convention of the Texas Water Conservation Association, said that court cases have indicated the "federal government could constitutionally encroach upon every phase of water resources in Texas."

"The welfare of individual citizens and many local areas within our state require private and local investments in water resources be encouraged," he said.

Brig. Gen. R. H. Free commander of Army Engineers at Dallas, said currently authorized federal and local projects are not sufficient to meet Texas' rapidly growing demand for water. He said the state urgently needs a "sound, sufficient and well-directed program of (water) developments."

XB10A Bomber Hits 700 M.P.H.

EDWARDS AIR FORCE BASE, Calif. (AP)—Test pilot Al White put the XB70A bomber through its paces here, hitting speeds in excess of 700 miles an hour and an altitude of 35,000 feet. It was the third test for the trouble-plagued controversial ship.

White told newsmen he was sure the 185-foot long bomber will reach its designed maximum altitude of 80,000 feet and top speed of 2,000 m.p.h. Monday's test was the highest and fastest of the three flights.

"Not exactly 'cum laude,' am I?"

Republican Dinner Hears Eisenhower

GETTYSBURG, Pa. (AP) — Former President Dwight D. Eisenhower says his fellow Republican, presidential candidate Barry Goldwater, "could not be held accountable" for every statement he made as a senator.

"For a long time he was a free-wheeling senator and could not be held accountable for everything he said. Today, there is nothing flip, no impulsiveness about him."

THE ONLY THING SMALL ABOUT THE GOTHAM HOTEL IS

the building

And don't let our size mislead you! You receive big service at the Gotham. Our courteous, experienced staff of 275 are devoted to serving you every need. You enjoy extravagant comfort in our magnificently decorated rooms and suites. And there's a world of convenience in our Fifth Avenue and 55th Street location... theatres, shopping, transportation... all just minutes away. As a matter of fact, we go far above and beyond the limits of ordinary service when it comes to our guests. Reserve your room now at New York's biggest "little" hotel. It's all so easy. Simply dial Area Code 212, Circle 7-2200 or write the Gotham Hotel today.

The Gotham

Fifth Ave. and 55th St., New York, N.Y. 10019, Harold V. Varr, V.P. & Gen. Mgr. Reservation offices in many leading cities, so check your telephone directory.

DEAR ABBY

The Love Of Money—

DEAR ABBY: My husband is a very good provider, but he has made money his god. He thinks he can do no wrong as long as he isn't taking the bread out of his family's mouth. I caught him out with another woman, and he said, "So what? I've never spent a dollar on her. She drinks, he thinks it is all right because he has an expense account and can drink on company money. He has never denied me anything I wanted, I will say that for him. But I wish I could get it through his head that I would rather have more of HIM and less of his money."

BIG SHOT'S WIFE
DEAR WIFE: Since he has never denied you anything, ask him for one more personal favor. Ask him to lay out \$25 an hour for an explanation of why he thinks a fat bank account buys him immunity from decent behavior. In this way his "god" could really help him.

DEAR ABBY: When a fellow asks a girl for a date, is it all right for the girl to ask him where they are going? Also when a girl and her date go to different schools and their schools play each other in basketball or football, whose side do they sit on? Please put your answers in the paper as I am having a big argument with somebody over the answers.

O. O.
DEAR O. O.: Yes, it is proper for a girl to ask the boy where they are going. How else would she know whether to dress for a movie or a wiener roast? They sit on the boy's side. He's the host—unless, of course, she has come up with the tickets.

DEAR ABBY: I notice that you, too have heard from "IN

LOVE," who says she is in love with her doctor. She states that her doctor has no such feelings for her, and she is so right! I am her doctor. Please tell "IN LOVE" to quit sending me those birthday cards and other messages, which she addresses to me at one of the hospitals where I visit. I have no mail privileges there, and the stuff is simply readdressed and sent to my home or office. I have one heck of a time explaining that it is from "one of those nuts." (Anyway, how did she learn my birth date?) In short, I don't want any mail I have to worry about. Sign me,

EMBARRASSED IN CINCINNATI

Troubled? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

Prize Plane Ride Is Fatal

ONTARIO, Calif. (AP) — Walter Olson, 12, worked for weeks selling subscriptions to his newspaper.

First prize was a ride in a private airplane for the most sold.

Walter won. Arthur Bachmann, 31, a policeman and private pilot, took Walter up for his ride. Walter's kid brother, Melvin, 10, wangled a ride, too.

Heavy ground fog was moving toward the field when Bachmann radioed for landing instructions. Ten minutes later the plane hit a power line five miles from the airport and crashed in a field.

Walter and Bachmann were dead. Melvin underwent extensive surgery for a broken back, arm and leg.

Booklet Tells Of Redecorating Hospital Ward

AUSTIN—The redecoration of a ward at Terrell State Hospital and the subsequent renovation in the mental patients' attitude and outlook is described in a pamphlet published by the Hogg Foundation for Mental Health at The University of Texas.

"Experiment in Living" tells the story of an experiment undertaken by volunteer members of the National Society of Interior Designers to create an attractive home-like environment out of stereotype dormitory surroundings.

With the help of the hospital's staff and patients, the decorators acquired new living room furniture, repainted walls, made new curtains and bedspreads, set up a TV room and redesigned bathrooms to give more privacy.

And just as a new hat uplifts a woman's spirits, the redecoration of the hospital ward produced an immediate improvement in the patients and in the operation of the ward.

The pamphlet was written by Mrs. Dorothy Schloss, Richardson, coordinator of volunteer services at Terrell State Hospital and an active participant in the redecoration project.

"Experiment in living" (price 25 cents) may be ordered from the Hogg Foundation for Mental Health, University of Texas, Austin, Texas—78712.

Candidate's Wife Setting A Trend?

DETROIT (AP) — Mrs. William E. Miller may have set a new campaign trend while making a public appearance in Detroit on behalf of her husband, the Republican candidate for vice president.

She playfully tweaked the whiskers of Stanley Olejarczyk, 82. Both were participating in a Pulaski Day parade.

Humphrey Wants U.S. To Show 'Excellence'

NORTHAMPTON, Mass. (AP) — Sen. Hubert H. Humphrey took his campaign into New England Tuesday, lectured college students on what he called the issue of the campaign, and declared the nation needs to "turn itself to the pursuit of excellence."

Some 3,000 or 4,000 students — most of them girls — massed at the Smith College athletic field to welcome the Democratic vice presidential nominee.

LOOKS TO FUTURE
Humphrey, a former political science professor, said the issue of the campaign is whether the country will choose a leader who welcomes the future or one who rejects it.

In the crowd of students were some sign-waving supporters of Sen. Barry Goldwater, the Republican presidential candidate.

Humphrey launched one of his

hardest attacks on Goldwater, saying that the Arizona's vote against the test ban treaty was the "vote for death, for trouble and for war, if war should come."

Humphrey also said that "the nonsensical talk about loss of freedom comes from sick and disorderly minds."

After his speech at the playing field, Humphrey accepted some questions from the Goldwater supporters. One demanded to know his views on President Johnson's voting record on civil rights before he became president.

LBJ ON RIGHTS
Humphrey said that as Senate majority leader, Johnson had pushed through the first two civil rights acts since the Civil War.

Then he was asked about Johnson's vote as a senator against anti-lynch measures, and Humphrey, addressing himself to the Goldwater supporters, said some people feel "that no one has the right to grow and mature" and they become attached to a leader who has just that weakness.

Bigamy Laid To Husband

DALLAS (AP)—Mrs. Carolyn Winkle said she was all shook up when a caller told her that her husband, Bobby, had another wife and three children.

"He told me he had never been married," Mrs. Winkle told investigators.

Prosecutors said the caller knew what he was talking about. They said Winkle didn't get a divorce from Mrs. Frances Winkle, whom he married at Pilot Point nine years ago, before he married Carolyn at Lewisville, Aug. 7.

Police filed a bigamy charge.

Demolition Crew Uncovers Snakes

RADFORD, Va. (AP) — Demolition workers backed off when they uncovered a nest of about 20 poisonous copperhead snakes in a building they were tearing down. The fire department came to the rescue and burned the building down.

Rites Dedicate JFK Monument

DALLAS (AP) — Friends of John Kennedy heard a wish expressed here that the monument before them point the way to peace, progress and prosperity for all men everywhere.

The prayer was given by Anglican Bishop Cuthbert Beardsley.

He spoke at a ceremony in front of the Dallas Trade Mart dedicating to the memory of the late president an 8-foot monument created by a bronze eagle.

It was a quiet ceremony and about 200 persons gathered under a rain-soaked canopy appeared thoughtful.
