MARVIN HUNTER, Jr., Editor

## Premier Refining Company Breaks Ground For Latest Refining Process At Ft. Worth Refinery

Officials of Premier Oil Refining Co. of Texas participated in ground breaking ceremonies on October 10, at their Fort Worth refinery, site of the new Platforming process which is expected to be completed and in operation shortly after the first of the year.

R. P. Hargis, president of Premier, together with L. G. Dufilho, general superintendent of Premier refining operations, who will supervise the construction work, N. Y. Jones, administrative refinery superintendent at Arp, J. E. Bullock, administrative refinery superintendent at Baird, Lawrence Connelley, refinery superintendent at Fort Worth, and Elmer Smith, superintendent of Premier's Longview refinery, were on hand to remove the first few scoops of earth which signals the beginning of construction on the Platforming.

In a statement to the press, Mr. Hargis emphasized that the Platforming process will be of extreme importance to the refining operations of Premier, as well as to the jobbers and dealers handling Premier Ranger and Sky Ranger gasolines. It will also prove of special interest to the motoring public who are demanding the finest in motor gasolines.

The Platforming process was discovered and developed by Universal Oil Products Company of Chicago, for the purpose of improving the quality of motor fuels. The first Platforming unit was placed in operation just a little over a year ago and has proved to be an ideal method for converting present motor gasolines into higher quality products with octane numbers even better than those of the usual premium grade gasolines. This means that the high quality motor fuels now being produced by Premier will be substantially improved when the new process is placed in operation.

Mr. Hargis also proudly pointed out that this will be the first Platforming unit to be built in the State of Texas. Other units now under construction are located in the states of Michigan, Pennsylvania, and Oklahoma, but Premier is the first Texas refiner to install the process.

As explained in a prepared release, Platforming is a process that reforms gasoline already produced from crude oil. Initially, this gasoline is obtained through a method of distillation, which is a process of boiling it out of the crude oil. Generally there is an excess amount of gasoline which is known as straight run, and refiners have found it difficult to find suitable

markets for the low octane products. Other reforming processes have been in operation but previous to the discovery of Platforming no process had been found completely satisfactory.

The heart of the Platforming process is a specially developed catalyst containing percentages of platinum. We usually associate this expensive metal with precious jewels, but for Premier it will mean increased quantities of the highest quality gasoline possible to produce. This platinum catalyst discovered and manufactured by Universal Oil Products Company promotes an unusual reaction and provides such a substantial increase in octane ratings that the product called 'Platformate' is tops in high quality automotive engine fuel.

In commenting on the process and its significance to customers of Premier Oil Refining Company of Texas, Arch M. Ault, general sales manager, said that even though Premier Ranger and Sky Ranger gasolines have always been quality products, Platforming will make them better than ever with a road performance rating that is far above gasolines now available to the motoring public.

Mr. Ault pointed out that there are several test methods commonly used for evaluating the quality of gasoline. Of these methods, the Road Test Method is most significant in that it measures the quality of the gasoline as it is tested under actual driving conditions on the road. Previously, gasolines have not performed on the road as would be expected from evaluations obtained through laboratory test methods. However, with the advent of Platforming, gasolines produced by the process have shown a better road performance rating than would be expected from predictions based on laboratory evaluation methods.

Mr. Ault further stated that the Platforming process will permit Premier to increase its production of high quality Premier Ranger and Sky Ranger gasolines. As a result, the company will be in a position to provide increased supplies to its present jobbers and dealers, and to further expand its operations through additional jobber and dealer outlets. Premier's decision to install Platforming is important to the users of Premier gasolines because the improvement in these products will afford better performances at both low and high speed driving in both the older and newer automobiles. Motorists with high compression engines will find a significant difference when Pre-

mier dealers begin marketing the new product. The product produced by Platforming is low in sulfur content with a low gum forming tendency. It is particularly stable and has a pleasant odor. All of this means that automotive engines using gasoline produced by Platforming will stay cleaner and perform better.

Premier refineries at Arp, Baird and Longview will be provided with ample quantities of the new product for distribution to their individual marketing areas. These refineries will supply straight run gasoline to the Fort Worth refinery and in turn will receive gasoline processed by Platforming. This means that all Premier customers regardless of location will be able to buy, sell and use Platformed gasoline.

The unit being installed at Fort Worth will have a capacity for 1500 barrels per day. Construction will be carried on as rapidly as possible and the company hopes to have the unit in operation shortly after the first of the coming year. Jobbers, dealers and the motoring public will be continually advised of the progress at Fort Worth, and Premier is making every effort to get the unit on stream at the earliest possible time so that this new and different type of gasoline will be available to all motorists in the areas that Premier Ranger and Sky Ranger gasolines are sold.

### GRAMMAR SCHOOL SPONSORS AN ART EXHIBIT

The Colonial Art Company of Oklahoma City will present an art exhibit, under auspices of Baird Grammar School, in Baird next week, Monday, October 16 through Friday, October 20, both days inclusive. The exhibit will be shown at the American Legion Hall and tickets are now on sale by pupils of the Elementary School. Pictures will be given the school by the art company for the funds taken in from the sale of tickets. The pictures will be hung in the new elementary school building.

The exhibit will consist of about 150 copies of world famous paintings. The exhibit will be educational and since the Baird school receives pictures for all funds raised, local people will want to attend the showing.

J. H. Shrader, principal, made the remark that the exhibit will encourage the interest in art among the pupils of the school, and will result in some fine pictures for the class rooms.

### Public Is Invited To Farm Meeting

A. G. Black, secretary-manager of the Callahan County Farmers Co-op, announced this week that the annual meeting of the co-op will be held at the Clyde high school auditorium on Tuesday night, October 24th. The meeting will begin at 7 p. m. and Zeke Williams and his Western Band will entertain the audience for the first hour.

At 8 p. m. the business meeting will begin, at which time the annual reports will be read, as well as other matters that pertain to the business operation of the co-op.

Bob Norrell, cashier of the First National Bank of Baird, will be the speaker for the occasion. His subject will be "Co-operation." Mr. Norrell is a good speaker whose natural humor and sound logic is always enjoyed by those who hear him.

It is very important that the membership attend this meeting. An attempt was made earlier this year to hold the annual meeting, but there wasn't enough of the membership present to carry on the meeting. This is especially important for stockholders of the co-op, and they have an extra special invitation to attend the meeting on October 24th. The stockholders, their families and friends are welcome and urged to attend.

Callahan County Farmers Co-op is a lively, growing organization that has made wonderful progress since it was organized only a short time ago. It has made this progress by the efforts of its stockholders and those who operate the business. It is now well established and by the continued efforts of the stockholders it has a chance to become greater. Plan now to attend the annual meeting on October 24th, and learn more about the business affairs of the co-op.

### EULA RESIDENT IS FOUND DEAD

E. W. Rudloff, 79, since 1935 a resident of Eula, was found dead of a heart attack at 11:15 a. m. Friday, October 6th, at the home of her daughter.

Mr. and Mrs. O. J. Witte, her daughter and son-in-law, with whom she lived at Eula, drove into town in the morning, and when they returned, found her dead in a chair.

Mrs. Rudloff had lived all her life in New Ulm, about half way between Austin and Houston, until she came to Eula to live with her only daughter.

Mrs. Rudloff was born April 3, 1871, in New Ulm. She married E. G. Rudloff, who died in 1915.

She was a member of the Eula Methodist Church.

Funeral services were held Sunday in Sealy, Texas.

Survivors besides Mrs. Witte, include three sons, E. W. Rudloff of Houston, L. L. Rudloff of New Gulf, and Edgar Rudloff of LaGrange; a niece, whom Mrs. Rudloff reared, Mrs. B. L. Davis of Fort Madison, Iowa; eight grandchildren and three great grandchildren.

### D. G. BELL, PIONEER COWBOY BURIED WEDNESDAY

Funeral services were held at the Moran Church of Christ Wednesday at 3 p. m. for David Green Bell, 85, who died at the home of his daughter, Mrs. W. A. Pool, at Tuscola Tuesday about 3:15 a. m. Mr. Bell had been in failing health for four years.

Burial was in the Moran cemetery after services at the church with Herbert Love, minister of the Church of Christ at Big Spring, officiating. He had been a member of the Church of Christ for more than fifty years.

Born at Gainesville, Georgia, in 1865, he came to Texas in 1891. In 1901 he married Laura Etta McCannell and they made their home since that time at Moran. Until his death Tuesday, he was one of the few remaining early day cowboys of this region. He loved cattle and the open range. For several years, before he became ill, he worked for Ed Hayden of Moran and C. B. Snyder of Moran and Baird.

Among the survivors are three sons: Aaron M. Bell of Ranger, Leldon Bell of Perrin, and Homer L. Bell of Breckenridge; and two daughters, Mrs. W. A. Pool of Tuscola and Mrs. Mellie B. McCrary of Freeport; 8 grandchildren and 3 great grandchildren. His wife preceded him in death last Christmas.

Mr. and Mrs. Ben Nunn visited The Star office Saturday to renew their subscription and to participate in the contest.

## Farm Hand Faces Attack Charges

The trial of J. T. Jones, Jr., a worker on a farm in the western part of Callahan county, who was arrested Wednesday of last week on charges of criminally assaulting a former Callahan county woman who now resides in Abilene, will be opened in the October term of 42nd district court which convenes here Monday. Jones was questioned in connection with a similar attack on another woman about a year ago.

Jones' arrest climaxed an 18 hour search by officers after the victim's husband reported the incident early Wednesday of last week. Even before the offense came to light, Abilene police cars were in the vicinity near the Abilene airport investigating reports of hearing a woman's screams.

Conviction on a charge of criminal assault carries a penalty of from five years imprisonment to life sentence or death, according to announcement made by District Attorney Wiley Caffey.

The woman, about 26, told her husband, a disabled veteran of World War II, of the attack in which she suffered injuries to the neck, after she made her way to their home in the north part of Abilene.

The woman, mother of one child, told officers that she had a flat tire about six p. m. Tuesday just west of the Abilene airport, as she was returning from her parents' home in Baird.

"I had just pulled the car off to the side of the highway and was examining the flat when the man drove up from the same direction and offered to help," she said.

The woman said her attacker took the wheel off and drove into Abilene to have the tire repaired. Then he returned and put the wheel back on her car while she stood by.

Jones is reported to have then ordered her into the car, demanding, "you're coming with me." When she refused, he grabbed her and they struggled at the edge of the highway.

"The lady put up a terrific fight before he almost choked her into unconsciousness," said Detective George Sutton, one of the arresting officers. In the struggle, the woman's wrist watch and pearls were ripped from her body.

The victim's screams were heard by another woman, whose home is located near the scene. These screams were reported to the highway patrol headquarters in Abilene and relayed to the Abilene city police, and it was upon this report that prowl cars were patrolling the area even before Jones was taken into custody.

The charge alleges Jones forced the woman into his car and, wheeled the machine back east, drove past the airport on U. S. Highway 80 and turned off on a country lane and forcibly attacked the victim.

Police said Jones returned the woman—in a frantic state of mind—back to her own car and sped off. She managed to drive her car home, where she informed her husband of the attack.

The young mother suffered bruises on the body and about the throat. She was examined by the family physician.

Abilene detectives, after hearing her story, began an immediate roundup of suspects. In questioning the woman, however, police were furnished an overall description of the attacker and began checking police identification files.

She later identified a photo of Jones from police files showed her by the detectives as being her attacker. His description was given to patrol cars.

Wednesday morning, Detective Sutton, the district attorney, and Callahan County Sheriff Joe Pierce went to Jones' home on his employer's farm to make the arrest. Voluntarily, Jones came back to Abilene with the officers and again was identified by his victim.

He was questioned in the office of District Attorney Caffey. He refused to make a statement admitting the Tuesday night attack, Caffey said.

### SON IS BORN

Mr. and Mrs. W. C. Sneed of Colorado City are parents of a son, born October 6, in an Abilene hospital. The new arrival has been named Philip Weldon. Mrs. Sneed is a sister of Charlie and Harry Campbell.

## Contest Prizes On Display at Star Office; Votes Begin Coming In For Contestants

The prizes displayed at the Baird Star office by the editor, Marvin Hunter, pictured above, will be given to the three contestants receiving the most votes in the Baird Star's subscription contest which ends November 29th. The contestants are listed on the front page this week with their vote shown opposite their name. Contestants will be permitted to enter the contest and try for these fine prizes until next Wednesday at 6 p. m. At that time all contestants who have less than 1,000 votes will be automatically dropped off the list, and then it will be a scramble to the finish to see who the winners will be.

The valuable prizes consist of a Hotpoint Automatic Electric Range from Black's Farm Store, a combination Philco Radio-Record player from Anderson Appliance Store, and a 10-ft. Norge refrigerator from Morgan's Appliance Store. The three beautiful appliances have a combined value of more than \$1,000. The contestant who receives the largest number of votes at the end of the contest will have first pick of the prizes. The next pick will be given to the contestant with the second largest number of votes, and the third high contestant will receive the third prize.

Votes are counted each Wednesday at 6 p. m. and the score will be published that week in the Baird Star. Our subscribers are asked to watch the score-box and help their favorite contestant win by clipping the coupon at bottom of the front page and voting it before next Wednesday. Each new or renewal subscription turned in is good for 200 votes. A combination subscription to The Baird Star and any one of the other publications mentioned in the page ad is good for 500 votes. We are in hopes of adding 1,000 new subscribers to our mailing list. Everybody can participate in this contest.

### JAMES WALLS STATIONED AT SHAW AIR BASE

James Walls, son of Mr. and Mrs. W. V. Walls, left Saturday for Brooks Field, San Antonio, after receiving his call into the Air Corps. Walls will be stationed at Shaw Air Base, Columbus, S. C. He was in the Air Corps three years and nine months during World War II. He has been employed by T&P Railroad for the past few years.

Congratulations to a wonderful lady, Mrs. Martha Gilliland, who was 93 years old October 6th. Her daughter, Mrs. Vida Hill had a lovely birthday cake for her. Mrs. Gilliland and E. C. Hill celebrate their birthdays on the same day.

Look at the date opposite your name on the margin or wrapper of your Baird Star. It tells when your subscription expires.

### BOX SCORE of Contestants in the Baird Star Subscription Contest Support your favorite by paying your subscription and voting the 10 free vote coupon today.

Mrs. Mae Florence	100
Mrs. Everett Hughes	100

### BEARS HAVE OPEN DATE THIS FRIDAY NIGHT

The Baird Bears have been working hard since the season opened and with the open date for this Friday night, they will get a much needed rest. When next Friday, October 20, rolls around they will be feeling fine and ready to tackle Moran at Moran's own field.

Many Baird football fans will go to Dallas this weekend to see the games between Texas-Oklahoma and S.M.U.-Oklahoma A&M. This plan works out nicely for those who want to attend the big games without missing any of the home games.

Supt. K. H. Rowland reported this week that the Santa Anna game netted \$129.17. With a gross of \$156.85, the Carbon game netted the local team \$92.22. Carbon was guaranteed \$100 to play the game at Baird, so Baird actually lost \$7.78 in the windup. Had Baird traveled to some other town to play, it would have meant a loss, so this was a choice between two losses, and most local people are glad the game was played at home.

### LUNCH ROOM MENUS FOR OCTOBER 16-20

Monday — Red Beans, Hashed Brown Potatoes, Mixed Vegetable Salad, Bread, Cherry Pie, Cheese Slice.

Tuesday — Beef Pie, Lima Beans, Peach Half and Cheese Salad, Peanut Butter Cookies, Bread, Iced Cocoa.

Wednesday — Meat Loaf, Buttered Carrots, Cole Slaw, Bread, Butter, Pear Preserves.

Thursday — Steak and Gravy, Baked Corn, Cut Green Beans, Bread, Peanut Butter Cracker Sandwich, Apple Cobbler.

Friday — Macaroni and Cheese, Cole Slaw, Creamed English Peas, Buttered Rolls, Orange Ade, Ice Cream.

Mrs. C. T. Clay and boys, of Big Spring, were weekend guests of her parents, Mr. and Mrs. W. H. Boatwright.

Clip this Coupon, write in the name of your favorite Contestant, and deposit it in the ballot box, or mail it to The Baird Star.

**FREE 10 VOTES FREE**

For \_\_\_\_\_ who is a contestant in THE BAIRD STAR SUBSCRIPTION CONTEST Must be voted before 6 p. m. Wednesday, October 18, 1950

STANDING, left to right, is Lawrence Connelley, R. P. Hargis, N. Y. Jones, and J. E. Bullock; in the foreground is L. G. Dufilho, left, and Elmer Smith, right.

**"THE ASPHALT JUNGLE"**  
YEAR'S HIT THRILLER

Seven men meet their fate in M-G-M's gripping new drama, "The Asphalt Jungle," outstanding attraction on the Plaza screen Tuesday.

Directed by John Huston, winner of two 1949 Academy Awards, this realistic, pulse-pounding

story of crime and punishment holds a relentless grip on the spectator. It is told in brilliantly conceived camera terms and offers an unforgettable group of underworld characterizations in depicting the seven men who hold life and freedom cheap in their desperate quest for easy money.

Sam Jaffe enacts the notorious jewel thief who interests slick criminal lawyer Louis Calhern in a master-mind million-dollar robbery to take place in a large Midwestern city. Jaffe and his accomplices, small-time stick-up artist Sterling Hayden and wily, hunchbacked James Whitmore, together with a sniveling bookie and an underworld genius at safe-cracking, plan and execute the daring robbery. Calhern is to dispose of the million dollars worth of loot. It is when the crooked lawyer plots with his pal, a disreputable private-eye, to doublecross the others that

the forces of the law and the wheels of retribution turn to prove once again that there is neither honor nor gain among thieves.

There is never a wasted moment, the story's suspense and dramatic pitch are engineered with fascinating skill, and the integration of background with arresting action is remarkably effective.

A uniformly fine cast is also of great aid in making this picture a far cry from the usual cops-and-robbers opus. Sterling Hayden makes his return to the screen an event in the role of the handsome, quiet, stick-up man who seems a misfit in his profession and whose ironic end explains why. Louis Calhern is superb as the arrogant but frightened criminal lawyer driven to a last, desperate stand by and ailing, nagging wife and a luxury-loving girl friend. Jean Hagen enacts a seamy girl who befriends Hayden in his doomed, last-minute flight from police. James Whitmore play the hunchback! Sam Jaffe offers a moving portrait of a jewel thief with an unexpected philosophy on life.

Mr. and Mrs. Glen Roeker spent three days in Dallas last week.

Mr. and Mrs. R. L. Elliott, Sr., spent the weekend at Merkel with Mr. and Mrs. R. L. Elliott, Jr., and family.

**Rowden Round-Up**  
Irene Mauldin  
Community Activities Reliably Reported by The Star Reporter.

Mr. and Mrs. Joe Jones of Admiral were visitors of Mr. and Mrs. W. F. Jones Wednesday night.

Visiting in the home of Mr. and Mrs. Walter Rose and Grandmother Miller Sunday were Mr. and Mrs. Billy Rose and son Bruce, and Ernest Sikes of Abilene. Also visiting them in the afternoon were Mr. and Mrs. Calvin Miller and children and Rev. and Mrs. Charlie Myrick.

Patsy Crow and Dale Gibbs visited with Mr. and Mrs. Warren Price Sunday afternoon.

Mr. and Mrs. Vonille Gibbs and Judy visited Mr. and Mrs. Bill Hazel Saturday night.

Visiting Mr. and Mrs. Gene Mauldin and family Sunday afternoon were Mrs. Lee Horner and Wallace of Abilene, Mr. and Mrs. Chief Horner and baby daughter, and Mrs. W. F. Jones. Mr. and Mrs. W. F. Jones visited their daughter, Mrs. Walter O'Dell and family in Admiral Friday.

Having Sunday dinner with Mr. and Mrs. Claude Stephens were Rev. and Mrs. Charlie Myrick and Danny.

James Lawrence attended the Dallas State Saturday.

Office ruled forms. The Star.

**NEW DISNEY SHOW**  
CHARMS GROWN-UPS

When Walt Disney planned his widely-discussed magical musical all-cartoon feature, "Cinderella," in color by Technicolor, which comes to the Plaza on Sunday and Monday, he aimed for pronounced adult appeal in the production in addition its all-over family appeal.

His treatment of the famous fairy tale embraces continuous dynamic action and a kaleidoscope of scenes ranging from the Royal Ball to the cute sequence in which girl mice shoo boy mice out of Cinderella's bedroom so that the girl mice and the birds can help Cinderella with her morning bath.

Romance is deftly incorporated in the whole production. In the past Disney has avoided stressing romantic scenes in his pictures. But now he has permitted Prince Charming to exchange a honeymoon kiss with Cinderella, one that is as fervent and warm as any enjoyed by any romantic couple on the screen. Humor also runs riot in "Cinderella." One of the laugh highlights is the sequence in which Jaq and Gus, the mice, outwit Lucifer, the cat, to obtain trimmings for a dress for Cinderella.

Suspense is built up when the birds and mice unite to thwart Lucifer and effect the release of Cinderella from the tower room in which she has been locked by the stepmother to keep her from Prince Charming.

**Who Runs America?**

**RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today —keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!**

**IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.**

**FREEDOM COMES UNDER ATTACK.** The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

**But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.**

**THE PEOPLE WEIGH THE FACTS.** In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

**They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.**

**THE "GRASS ROOTS" SIGNALS CONGRESS.** In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organ-

izations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

**And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!**

**Today** among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

- General Federation of Women's Clubs
- American Farm Bureau Federation
- National Grange
- Veterans of Foreign Wars
- National Conference of Catholic Charities
- American Protestant Hospital Association
- American Legion
- National Association of Small Business Men
- United States Chamber of Commerce
- National Association of Retail Grocers
- National Retail Dry Goods Association
- American Bar Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proud security of a free and self-reliant people!

**THE VOLUNTARY WAY IS THE AMERICAN WAY!**

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today

in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

**HEALTH FACTS**

AUSTIN — It is the statutory duty of the Texas State Department of Health, through its Bureau of Vital Statistics, to provide for the registration of the births and death occurring in Texas.

On the statistics made from the vital records much of the planning for the welfare of the people of Texas is done. The number of births credited to the county or city of the residence of the mother can be used in planning hospitals and medical care. The medical certification of the birth record furnishes the Division of Maternal and Child Health, with a list of children who may need additional care, because of prematurity, congenital malformation or birth injuries. The birth certificates are used in establishing dependency benefits for veterans or members of the armed forces. They

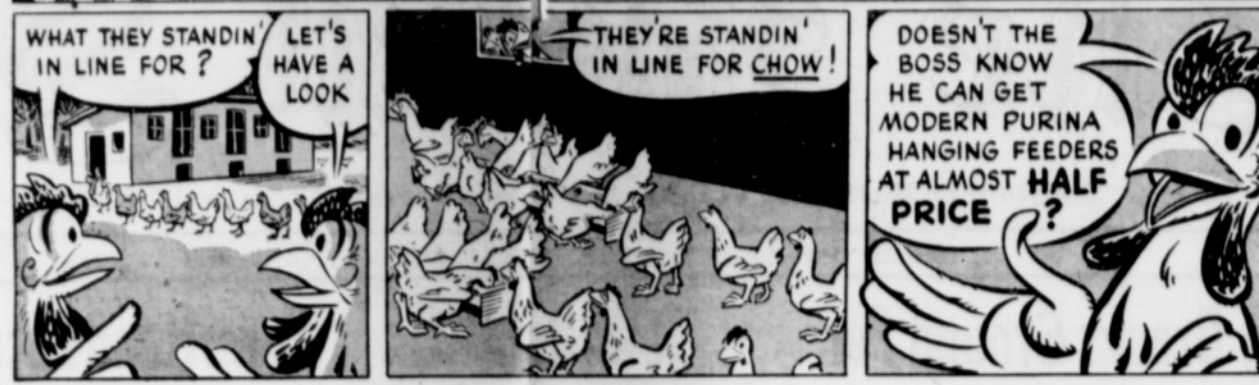

are also used in proving relationship in settlement or insurance claims and inheritance matters.

The statistics made from causes of death as gathered from medical certifications on death records are used in the prevention of disease, for control of epidemics, and immunization programs for children of pre-school and school ages. Leading causes of death statistics furnish data for study and research which will lengthen life expectancy and improve health during the expected time.

Mortality statistics and the expected length of life are considered when determining insurance premium rates.

A rise in the number of deaths from diseases bred of filth can institute immediate action by the Bureau of Sanitary Engineers.

**HUGE GAS RANGE EXHIBIT IS STATE FAIR FEATURE**

Thirty-six different brands of gas ranges—all lined up to form one of the largest displays of its kind ever assembled under one roof—may be seen at the Natural Gas Building during the State Fair of Texas to be held in Dallas, October 7-22. This mammoth presentation of modern gas cooking equipment for the home will be housed in the "Big Room" of the building where radio and television stars will entertain with song and piano numbers at a free show.

The exhibit will present all makes of gas ranges sold in the Southwest, thus helping a visitor find the range of her choice without shopping from one store to another. Natural Gas Building representatives point out that persons attending the exhibit will be free to inspect the ranges and literally "tear them apart" if curiosity prompts.

One range will be completely equipped for actual cooking should a person have the urge to put a range to the extreme test. However, that person must supply the food to be cooked, it was pointed out. Attendants will be available for demonstra-

tion and explanation of the cooking equipment but they will not attempt to close sales on the exhibit floor, the building representatives stated.

Jimmy Jeffries, "round man of radio," top flight entertainer and connoisseur of good food, will present his ideas on what it takes to make good food and food good. His "medicine show" woven around the advantages of modern gas cookery will be held in the "Big Room" and will include Claire Stewart and Gloria Yates, radio and television stars who will sing and play the piano.

"Lone Star" cookies, made from a new recipe prepared by members of the home economics staff of Lone Star Gas Company will be served at the conclusion of each show. Copies of the recipe for the cookies, baked in the form of the Texas star, will be available to visitors. Other features in the Natural Gas Building will be two "New Freedom" all-gas kitchens introducing the three new colors in kitchen decorating: terra cotta, morning blue and dusk blue; an array of model floor plans built around gas air conditioning for small and large homes; a model laundry room equipped with a gas clothes dryer, automatic gas

water heater, large clothes hampers and ample shelf space; forced air central heating plants and floor furnaces and a display of gas refrigerators.

Spacious lounges, comfortable chairs, free ice water and clean rest rooms will be available to Natural Gas Building visitors. The building is air conditioned by gas units that use the same flame to produce either cooling or heating by the "flick of a tiny switch."

**PREVENT RUST IN COOLING SYSTEMS**

DETROIT — Prevention of rust and corrosion in automobile cooling systems is important for continued good service of the car, E. L. Harrig, manager of the Chevrolet service and mechanical department, said.

"Judging from the limited use of corrosion inhibitors with water it is apparent that many motorists do not realize the seriousness of this problem," Harrig said. "In the winter, the standard anti-freeze products contain inhibitors which prevent corrosion. But the problem is even more serious in warm weather or in southern climates because of higher operating temperatures."

cooling system is the most serious cause of corrosion. Harrig cited other causes as presence of corrosive mineral salts in the water, exhaust gas leakage into the cooling system, use of unneutralized acid or alkaline cleaner solutions and the use of certain acid-containing stop-leak preparations.

Radiators should be flushed and cleaned before use of anti-freeze or corrosion inhibitor solutions. In cold climates, the inhibitor in the anti-freeze solution is adequate and should not be mixed with other inhibitors. In spring, the system should be drained and flushed, and an inhibitor added for summer. However, if the permanent-type anti-freeze (ethylene glycol) is used, it may be left in the cooling system during the summer.

In warmer climates, the cooling system should be flushed and cleaned every spring and fall, and a fresh filling of a good corrosion inhibitor added.

Mr. and Mrs. A. R. Dallas and Rev. J. L. Carter visited Rev. Carter's daughter, Mrs. John Cofer and Mr. Cofer at Walters, Oklahoma, Sunday.

**SUTPHEN MOTOR COMPANY BAIRD, TEXAS**

Mr. and Mrs. James Waggoner of Texas City are here to be with his mother, Mrs. Arthur Waggoner, who is ill in an Abilene hospital.

Mrs. T. P. Bearden and Mrs. Frank Bearden visited Frank Bearden, who is ill in a Fort Worth hospital, from Friday until Sunday.

**FIREMEN FEAST ON DOVES AT GILBERT HINDS HOME**

Once a year members of the Baird Volunteer Fire Department, their wives and friends, gather at the home of Mr. and Mrs. Gilbert Hinds for an annual dove feast. This event took place this year on Thursday night, September 28, and a glorious time was reported. Some of the firemen go a-hunting for the birds through the season and save them for the annual feast. The barbecue pits were crowded with golden brown doves and seasoned like none other than Gilbert Hinds can season them. The crowd, including members of the Baird city council, enjoyed the friendly association and the delicious food, and upon leaving at a late hour proclaimed their pleasure at being present. The dove barbecue is an event looked forward to from one season until the next by a host of people.

**OLD FASHIONED GARDEN CLUB MEETS OCT. 3RD**

The Old Fashioned Garden Club met Tuesday, October 3, at 4:00 p. m. at the home of Mrs. Leslie Rickerson. Presiding for the business meeting was Mrs. Hubert Ross, president. The program for the afternoon consisted of two short talks. Mrs. C. Z. Anderson gave an interesting article on how to use wallpaper to achieve more charming effect in the home. Mrs. Rickerson spoke on bulbs; when and how to plant them, both for inside the home and in the garden.

Others present were Mrs. W. V. Walls, Mrs. W. D. Boydston, Mrs. D. J. Anderson, Mrs. L. L. Blackburn, Mrs. L. C. Cash, Mrs. W. Clyde White, Mrs. Felix Mitchell, Mrs. Ace Hickman, Mrs. D. C. Cox, Mrs. E. C. Fulton and Betsy Hickman.

**BIRTHDAY PARTY HONORS JANE ANN GARDINER**

Jane Ann Gardiner was honored with a party on her third birthday, Friday, Oct. 6th, at Mrs. Sidney Foy's Nursery School. Jo Ann's mother, Mrs. Frank Gardiner, served a beautiful circus birthday cake, ice cream and drinks to the following: Raymond Allman, Edwin Ault, Ann and Tommy Barton, Ann Grey Fairly, Martha Ferguson, Freddie and Sidney Sue Foy, Jane Ann and Nancy Gardiner, Jud Gilliland, Nancy Johnson, Carleton Ray Jones, Robert Martin, Sharon Melton, Scotty Mitchell, Becky Owen, Tommy Sue Pruitt, Cathy Ann Ricks, Janet Ross, David Sutphen, Cheryl Sue Sims, Wally Sorrels, Mary Joe Thompson, Butch Wagner, Frank Windham, Vicki Wilson, David Yarbrough, Richard and Dyer Windham, Carlie Sue Hunter and Ilean McIntosh.

Mr. Gardiner took pictures at the party.

Mrs. John McClendon returned home with Mr. and Mrs. Bates Baugh to Brownwood Sunday, for a week's visit.

**4-H CLUB BOYS ATTEND STATE FAIR**

Twenty-three Callahan County 4-H Club boys and three adult leaders rode a special chartered bus to the State Fair in Dallas on 4-H Club Day October 7. In addition to being 4-H Club Day, it was also Rural Youth Day and FFA Day and there were around ninety thousand boys and girls present at the Fair. This large group was given free admission to the grounds, and a free lunch at noon by the Rural Youth Committee of the Dallas Chamber of Commerce.

4-H Club boys who made the trip on the chartered bus were: Floyd Wood, Ev Wood, Pudgy Young, Alton Payne, Curtis Allphin, Leslie Nichols, James Tyson, Jack and Roger Corn, and Glen Kerby, Billy Edwards and James Warren, all of the Baird 4-H Club; Thurmond Atchley, Wayne Putnam, R. T. Baker and Joe Ward of the Denton 4-H Club; Jamie Ray Fry, Hubert Donaway, John Doyle Isenhower, Ray and Hall Green, Noble Wall, and Dan Reed of the Putnam 4-H Club; and Joe Frazier of the Clyde 4-H Club.

Adult leaders who rode the bus with the boys were L. G. Kerby of Baird, L. L. Atchley and R. E. Putnam of Denton.

**CPL. BILLY WAYNE COX KILLED IN ACTION**

Corporal Billy Wayne Cox, son of Mrs. A. M. Casselman of Denton Valley, was killed in action in Korea September 22. Corporal Cox was in World War II. He served three years in Germany. He was returned to the States and was stationed at Camp Carson, Colorado. He was called back to active duty in late summer.

Billy Wayne was born May 14, 1927, at Strawn. He had lived in Abilene and Oklahoma all of his life, going to grade schools in Oklahoma and went to school at Denton Valley during his high school days.

He is survived by his mother, Mrs. A. M. Casselman; stepfather, A. M. Casselman; two half-brothers, Loren and Skeeter Casselman; two half-sisters, Sue and Jeanie, all of Denton. He is also survived by his father, Sam Cox, of California.

**CARD OF THANKS**

We wish to express our heartfelt thanks to all our friends for the many courtesies, the beautiful floral array, and the many deeds of kindness shown at the death of our loved one, Jane Patton Hall. Our special thanks go to Dr. Griggs and the entire hospital staff. Your thoughtfulness has meant so much to us in this hour of sorrow. May God's richest blessings be upon each one of you.

Mrs. Ludie H. Owen  
Mrs. E. L. Orr  
Mrs. Bessie L. Hall

Cpl. G. E. Davis, Jr., who has been stationed in Newfoundland, called his father Wednesday night from Tucson, Ariz. Cpl. Davis is in the Army Air Corps.

**LT. HENDERSON HOME ON FURLOUGH**

First Lt. J. P. Henderson was called home from Tague, Korea, because of the serious illness of his father, J. G. Henderson of Cross Plains. Lt. Henderson is Personnel Officer for the 8th Army at Tague. He was stationed in Yokohama, Japan, for six months before going to Tague a month ago.

Henderson, who has served in the Army for eleven years, is a nephew of Mrs. J. T. Lawrence of Baird.

**CARD OF THANKS**

I wish to extend my sincere thanks to my many friends who were so thoughtful of me while I was in the hospital. I want to especially thank the blood donors and those who sent the beautiful flowers and get well cards. Every kind deed was appreciated and will never be forgotten.

Mrs. W. P. Bonner.

**EULA BUYING MOWER FOR CEMETERY USE**

The Eula community is raising funds with which to buy a power mower to be used in taking care of the cemetery. The cost of the mower is about \$215.00, and those in charge are soliciting the donations from everyone who would like to help in this work. If more money is received than is needed for the purchase of the mower, it will be used in the maintenance of the cemetery. Those who are interested in sending a donation are asked to send it to Mrs. Ella Farrar, treasurer, Baird, Texas.

Mr. and Mrs. E. C. Hill of Houston, were weekend guests of their mother, Mrs. V. E. Hill. Their little daughter, Eleanor, returned home with them after visiting her grandmother the past three weeks.

**RECIPE OF THE WEEK**  
By Mary Lee Taylor  
**Thrifty Peach Bavarian**  
Broadcast: October 14, 1950

**Ingredients:**  
1/2 cup Pet Milk No. 2 1/2 can  
2 1/2 cans cling peach halves  
1 1/2 cups peach juice  
1 pkg. lemon gelatin  
2 tablespoons lemon juice  
1/2 teaspoon grated lemon rind  
few grains salt

Chill milk until ice cold in a 2-qt. bowl. Drain peaches; save juice. Rub with vegetable oil a deep 8 or 9-in. round pan. Arrange 6 peach halves, cut side down, in pan. Chill. Heat peach juice to boiling. Stir in gelatin until dissolved. Remove from heat; stir in rest of ingredients. Chill until slightly thicker than unbeaten egg whites. Whip chilled milk with cold rotary beater until stiff. Beat in gelatin gradually. Pour over peaches. Chill until firm. Turn out; garnish with Maraschino cherries, if desired. Makes 6 servings.

\*If there's not enough juice, add water.

**You Will Need:**
