Auxiliary Prepares Poppies

Thirty members of the American Legion Auxiliary met this week to prepare the hundreds of poppies for distribution Saturday in Big Spring. Mrs. Foy Dunlap, left, and Auxiliary President Mrs. Dave Cauthran, were among those working around the tables. Poppy Day will find members of both the Auxiliary and Junior Auxiliary on the streets of Big Spring.

## Poppy Poster Contest Ends

Three winners have been announced in the American Legion Auxiliary Poppy Day poster contest. Mrs. Zella Rea, chairman, said. Eloise Kendrex, Runnels Junior High, won first place; Cindy Dittrich, Goliad Junior High, was second, and Gail Arrington, Goliad, was third.

## Pet Lion Must Go

ABINGTON, Pa. (AP) — The Abington Township commissioners have ruled that Howard Sautter's pet lion has to go.

Sautter's full - brown, 300-pound lion, Leo, has been living in his backyard for about 21 months. He keeps Leo either in a cage in the yard, or in the garage.

Sometimes, Sautter goes out on jobs in his tow truck with the lion sitting on the seat beside him.

A petition was presented to the township commissioners Wednesday night. It was signed by 55 of Sautter's neighbors. They asked that the lion be banished.

Sautter, 53, a former race car driver now operating a service station and garage, wasn't at the meeting. Informed of the commissioners' action, he denied a charge the lion roared at night. He said it used to, but he rigged up an intercommunication system, so that he could talk to Leo from his bedroom.

When Leo roars, Sautter says, he talks with him through the intercom, calming him down.

## Military Use Of Space Eyed

HOUSTON (AP)—A top military space expert said today that the U. S. must consider military uses of space.

Brig. Gen. Joseph Bleymaier, deputy for manned systems, said, "to assure that our national strategy for defense is not outdistanced by technological progress, potential military uses of space, for us, or against us, must be considered, investigated and explored."

The 2,000 space scientists and engineers attending the third manned space flight meeting heard Dr. George Mueller, associate administrator of the National Aeronautics and Space Administration, say Wednesday that the civilian space agency was undertaking military missions for the Defense Department.

Bleymaier said military space application could range from space communications to satellite inspection to manned space flights for extended periods of time.

## Prelates Ask Catholics To Fight Poverty

VATICAN CITY (AP)—Prelates at the Vatican Ecumenical Council — and a layman from America — appealed today for the Roman Catholic Church to take action to fight world poverty and hunger.

The appeals included proposals for Church-organized agencies working with laymen and national governments to help rescue the poor of all races and religions from misery and neglect.

The council fathers in St. Peter's discussed the issue of poverty and hunger in their debate on modern world problems.

Joseph Cardinal Frings of Cologne, Germany, recommended that episcopal conferences around the world organize their own international relief agencies, supported by contributions of the faithful.

## Chou Bound For Moscow

MOSCOW (AP) — The Kremlin appealed today for an end to "nationalist narrowmindedness and discrimination" in world Communist ranks as Red China's Premier Chou En-lai and other foreign Communist chiefs converged on Moscow for talks with the Soviet Union.

The appeal published in Pravda, the organ of the Soviet Communist party, was clearly intended to serve as the keynote for the first big gathering of Communist rulers since Nikita Khrushchev's downfall last month.

"The Communist party of the Soviet Union calls for an implacable struggle against the appearance and survivals of any kind of nationalism and chauvinism and against tendencies toward national narrowmindedness and discrimination," Pravda's editorial said.

In their bitter feud with the Chinese during Khrushchev's time, the Soviets accused the Chinese of fomenting a schism in the Communist world with nationalist, chauvinist policies. The charge has been indirectly aimed at some East European Communists, most notably the Romanians.

The Chinese premier headed a seven-man delegation to the celebration Saturday commemorating the 47th anniversary of the Bolshevik revolution.

It will be the first high-level meeting between the Soviet and Chinese Communists since peace talks between the two parties broke down in Moscow in July 1963. After that the conflict between the two nations sharpened and split the world Communist movement.

# Romney Emerges As Strong Man In GOP

## Demo Bailiwick Left Shattered

WASHINGTON (AP) — Michigan Gov. George Romney emerged today as the strong man at the ballot box of a Republican party shattered by President Johnson's towering presidential election victory.

In the almost incredible vote avalanche in which Johnson registered strongly in nearly every precinct outside five Southern states and Arizona, Romney won re-election by cutting deep into Democratic Detroit, upping his previous support in Negro districts and winning 40 per cent backing

from those who voted for the Democratic President.

Defeated GOP presidential nominee Barry Goldwater has said he does not intend to yield the reins of the Republican party. But he conceded that he thinks the GOP will pick "another man to run" in 1968 "and as of now that would be fine with me."

### "DUMP BURCH"

It would require considerable reorientation for Goldwater to gravitate to the support of Romney for this somewhat politically dubious honor four years hence. The Arizona senator said during the campaign he could understand why some "moderate" Republicans didn't support him. But he listed Romney as an unfathomable "Mormon preacher."

Romney, who wouldn't back Goldwater, actively because of the latter's vote against the Civil Rights Act, already was on the offensive. His state's GOP national committeeman, John Martin, called for the dumping of Goldwater's personally selected chairman of the Republican National Committee, Dean Burch.

Burch, clinging to his \$30,000-a-year job, found some "encouraging" signs in a debacle in which Goldwater won six states and 52 electoral votes to Johnson's 44 states and overwhelming 456 Electoral College ballots.

The GOP national chairman said the election had established a "true two-party system in the South" — which the Democrats debated hotly; had won more than 26 million voters to "the conservative philosophy" and had ended the campaign "fiscally sound and strong."

### OVER 41 MILLION

Johnson, with more than 41 million votes from 98 per cent of the nation's polling places, was playing the part of the magnanimous winner. He had rolled up about 61.4 per cent of the total vote.

At his ranch near Johnson City, Tex., the President and his wife welcomed Sen. Hubert H. Humphrey of Minnesota, the vice president-elect and his wife for a brief visit before the Humphreys set off on a vacation trip to the Virgin Islands.

Johnson's observation on the election results was: "I doubt that there ever has been so many people saying so many things alike on Election Day."

Senator-Elect In His Dancing Days

Republican senator-elect George Murphy is pictured dancing with child star Shirley Temple in a motion picture production called "Little Miss Broadway" and filmed in the '30s. In Tuesday's election Murphy defeated

his Democratic rival, Pierre Salinger, for a seat in the U.S. Senate, becoming the first movie actor to attain such a high national office. (AP WIREPHOTO)

## U. S. Set To Fire Mars Spacecraft

CAPE KENNEDY, Fla. (AP) — The United States prepared today to launch Mariner 3, a robot explorer, on an intended 8½-month journey to Mars to take pictures and collect scientific data.

A powerful 10-story-tall Atlas-Agena D rocket was set to blast off this afternoon to start the

complex payload across 350 million miles of space for a brief encounter with the planet next July 17.

### SEEK CLOSEUP

If successful, the unmanned U.S. spacecraft will sweep within 8,600 miles of Mars and provide the first closeup information ever obtained about the planet. Many astronomers believe Mars harbors a basic form of life, such as vegetation.

The National Aeronautics and Space Administration said Mariner 3 will not be able to detect life but is to gather information needed to design life-seeking capsules which the United States hopes to land on Mars in 1969.

Because Mars is in a favorable position for a launching from earth only one month out of each 25 and because of the importance of collecting information about the planet for future shots, the space agency scheduled two identical payloads for firing in the present November favorable period.

Mariner 4 is being readied on an adjoining launch pad. Its firing date, possibly as early as next week, will be determined after analysis of early results from Mariner 3.

### SEES SUCCESS

Mariner project manager Jack N. James of NASA's Jet Propulsion Laboratory said there was a better than 50 per cent chance of obtaining significant data about Mars with the twin shots.

James said that the 138,000

parts in each Mariner would have to function for nine months in space; the craft must obey radio commands sent to them from earth stations, millions of miles away; and must be able to transmit photographs and scientific information from 150 million miles in space.

Key information sought is the density of the Martian atmosphere. Mariner 3 is supposed to collect it during a swift 60-second penetration of that atmosphere before skimming past the planet into orbit about the sun.

## Johnson, Humphrey Turn Cowpoke For Celebration

JOHNSON CITY, Tex. (AP) — President Johnson and Hubert H. Humphrey, his vice president-to-be, hit it off in fine fashion as they wound up a Texas Hill Country huddle today.

### (Picture on Page 2-A)

Lounging around the LBJ Ranch 15 miles west of this hamlet founded by the President's grandfather, the nation's two top Democrats celebrated Tuesday's landslide victory.

They looked much like peas in a pod as they hiked around the 400 presidential acres and rode horses in Western garb.

Humphrey, a one-time drug-gist, looked anything but that as he moseyed around the ranch on a horse which, from all appearances, was tame and well behaved.

The President greeted Humphrey and wife, Muriel, with an elaborate Texas barbecue Wednesday.

Hardly had the Minnesotan landed on the LBJ property when he was clapped into Western pants, Western jacket, Western boots and Western hat and, with a mite of encouragement, enticed to climb aboard the horse.

All this coincided with the barbecue served buffet-style at folding tables set up in a metal

hangar, painted brass green, beside the taxi strip at the Johnson City municipal airport — the ranch runway.

Afterwards, Johnson took Humphrey in tow for a tour of his birthplace, reconstructed on the property, and other landmarks which he delights in showing to visitors.

Both were in a holiday mood and obviously enjoying their visit.

Privately, they talked about the future of the vice presidency — an office often scorned — and

looked ahead to the legislative program the Johnson-Humphrey administration will offer to the nation in January.

Both men are graduates of the Senate and hope that, with this background, they can work in tandem to promote the "Great Society" proposals that will bear the LBJ brand.

Humphrey was scheduled to fly to Washington late today. The Johnsons plan to spend several more days at their ranch.

## Missing Plane Search Pushed

LA JUNTA, Colo. (AP) — A 6,000-square-mile area Wednesday. A similar search was resumed today.

In the plane were Ernest Marmon, 38, Max McNeil, 45, and Mac Green, 37, of Dallas, executive of the Dr. Pepper Co., a soft drink firm; Gregg Sherry, 36, a Chicago advertising man, and J. A. Williss of Dallas, the pilot.

CAP search units were organized as well in New Mexico and Texas.

## Clarence Hunnicutt Retires From Red Cross Service

A brief ceremony this morning recognized Clarence W. Hunnicutt, who is retiring from the American National Red Cross service after 22 years. Since June, 1962, he has been ARC field director at Webb AFB.

He is being succeeded at the Webb post by Miss Evelyn Long, who comes here from Fort Sam Houston, San Antonio.

Brief expressions of appreciation for his work were voiced

to Hunnicutt by Col. A. F. Taute, wing commander at Webb, and by Robert W. Whipkey, chairman of the Howard-Glasscock Red Cross chapter.

Hunnicutt's work as a field director (working with military establishments) includes 13 years overseas. He began his career in 1942 after serving with the Army at posts in Oklahoma, Mississippi, Louisiana, New Jersey, and Pennsylvania.

He arrived in England in 1943 and remained in Europe until 1947, with ARC duty in England, France and Germany.

Hunnicutt took a release from ARC and went into school teaching. He served as a high school principal in Wyoming from 1947-48, then returned to ARC service and went overseas to Okinawa in January, 1948. He returned to the U. S. in 1951 and served with the Army at Camp Wolters, Texas.

He returned to the Far East in January, 1954 and remained there until July, 1958.

Hunnicutt returned to the U.S. during the summer of 1958 and was assigned to Webb AFB in October. This was the first of his two assignments here.

He opened the Webb Field Office here in March, 1963, went to Sondrestrom Air Base in Greenland. He had an 18-month tour there and in September, 1961, he came back to the southwest — this time to New Mexico's White Sands.

Nine months later, Hunnicutt came back to Webb and he remained here as field director until this month.

Hunnicutt was born in Oklahoma in Muskogee County and received his elementary and secondary education in that state. He was graduated from Oklahoma State University (then Oklahoma A&M) with a bachelor of science degree in education. In 1935 he received his masters degree from the same school. He also had a year's graduate work at Oklahoma University.

Red Cross Man Retires

Clarence W. Hunnicutt holds certificate of appreciation from the American National Red Cross, in recognition of 22 years of service, as he retires from ARC work. He has been serving (a second tour here) as field director for the Red Cross at Webb AFB. He is pictured with Miss Evelyn Long, who will succeed him in the Webb post, and Mrs. Valie Parker, acting executive secretary of the local Red Cross chapter.

Award Of \$115,000 To Boy For Leg Loss

BARRACKVILLE, W. Va. (AP) — Jack Rice is an average teenager except for one thing — he plays football with artificial legs.

Jack, 16, lost his legs just below the knees seven years ago when he was run over by a Gulf, Mobile & Ohio Railroad freight train near Nilwood, Ill. Despite that, he has been a regular on the Barrackville High School football team for three seasons.

A Circuit Court jury in Chicago awarded Jack \$115,000 Monday in a personal-injury suit against the railroad.

Jack moved with his family to this northern West Virginia coal-mining community three years ago. He is the son of Mr. and Mrs. George Rice, who also have five daughters.

RUBBER FEET After the accident, doctors fitted Jack with a plastic sleeve just below each knee, over the remaining part of the lower leg, and joined it with an artificial rubber foot.

Each limb has only one joint, at the arch of the foot. The artificial limbs are lined with rubber socks. Regular size eight shoes fit over the artificial feet. "They don't bother me a bit,"

Jack says, "I'm just not quite as fast as some of the other guys."

Jack said when he first tried out for the team, "I heard people say a few times that I couldn't play."

WANTED TO "But I didn't pay any attention — I didn't care what they said."

"All my life I've wanted to play football."

Jack started as a defensive guard but now is a linebacker.

Coach Nathan Crezenti says Jack is a "hard-nosed, smart player, extremely popular with his teammates."

An A and B student, he hopes to attend college next year and take a pre-medical course.

Father Of 10 Found Hanged ELSA (AP)—A father of 10 children was found hanged to death Wednesday at his home near here in the Lower Rio Grande Valley.

A justice of the peace ruled suicide in the death of Emilio Rodriguez, 66.

Gene Tunney Son Wins After 'Kayo'

RIVERSIDE, Calif. (AP)—he chose to seek office. He also took a firm and politically risky stand against Proposition 14 on the California ballot, which called for a state constitutional amendment nullifying California's anti-discriminatory Rumford Act.

The 30-year-old attorney and his father, former heavyweight champion Gene Tunney, who retired from the ring undefeated, were watching the election returns in a Riverside hotel room.

Young Tunney recalled: "Two hours after the polls closed, it was announced on television that I had lost, that I had no chance. Not even an outside chance."

"GOT BACK UP" "I said, 'Oh, brother, I guess. I guess this is it.' But dad told me, 'It isn't too late. Remember I was knocked down in my rematch with Jack Dempsey, but I got back up, and won.'"

Some boxing writers contended that Tunney was allowed 14 seconds to recover, instead of less than 10. His son went on to win, too, but it took him 14 hours.

Early results showed Republican Pat Minor Martin, 39, far ahead. It wasn't until early Wednesday that Tunney began to forge ahead. The final semi-official tally: Tunney 85,489, Martin 76,334. The two-county area has nearly a half million residents.

Young Tunney faced the so-called carpetbagger issue — he was a relative newcomer to the two-county inland district where

prise editorialized today that much of the credit for Tunney's victory was due to public dissatisfaction with Rep. Martin's two years in Washington.

Carbon Black's Impact On Industry Explained

The impact of carbon black on industry and of Cabot Carbon on Big Spring was highlighted by Robert S. Boyd, assistant plant manager, in an appearance at the Downtown Lions Club Wednesday noon at the Settles.

Black has had its use for a long time, particularly in inks and paints, he explained, but it was not until 1910 when it was milled into rubber and revolutionized the automobile tire industry. It added new toughness and tensile strength that multiplied the 5,000-mile potential by several times.

Yet the discovery was quite by accident. Tires until then had been largely red or gray, but one maker specified black. Carbon black was used as pigment, but the tire turned out to have an entirely different margin of safety and durability, and both the rubber and carbon black trades were on their way. Today 90 per cent of black output goes to the automotive industry. Other uses include inks, paint, explosives, plastics, etc.

Godfrey L. Cabot established his black company in 1882 and today the international concern has assets of over 150 million and sales of \$105 million. Big Spring has one of its five black plants. In addition, Cabot has a division for oil and gas production and processing, for machine manufacture, gun tubes, pigment division for making carbon-polyethylene and other plastic tubes, an oxide division, and one for making Walsolite for ceramics and paint.

The Big Spring plant makes an oil-gas furnace black at the rate of 120,000,000 pounds per year, spending about \$2,000,000 for supplies and services and another \$750,000 in payroll for 94 employees.

Young Farmers To Meet At Ackerly ACKERLY—Young farmers of Ackerly and Knott will hold a supper-meeting at Lottie's Cafe in Ackerly at 8 p.m. Nov. 10.

Henry C. Ball, vocational agriculture teacher at Sands High School, said the meeting was set to build up the interest in agriculture classes and the Young Farmer group.

"There is no age limit to the membership, and if you have a son now in agriculture classes, or one planning for the future, it will be to your advantage to attend," Ball said.

"Interested persons are urged to contact me, as agriculture teacher, or James Billingsley, Eugene Clanton, or Dean Hall. We should be notified by Nov. 6 if possible. Bring a neighbor," Ball added.

Leadership By Barry Said Gone MADRID, Spain (AP)—Gov. Nelson A. Rockefeller indicated today that he considers Sen. Barry Goldwater's leadership of the Republican party finished.

Asked whether the defeated presidential candidate should continue to lead the party, New York's Republican governor said: "That has been sufficiently answered in the elections."

He told newsmen it is absolutely necessary to "revitalize the Republican party in the state." He said he had already begun such an effort in New York.

Rockefeller and his wife arrived from New York today for a week's vacation in Spain.

Thank You Although I didn't win the election, I want to express my appreciation to the voters of Precinct 3 for the fine turnout and especially for the votes given me. I will always be grateful for your support and confidence shown me and for the gracious and courteous way you received my candidacy. From the bottom of my heart, thank you.

## A Devotional For The Day

God be merciful to me a sinner. (Luke 18:14)  
**PRAYER:** Our Father, help us to see that looking back and fretting over the past will bring us nothing but regret. Give us the strength and courage to look into the future and to act by accepting Christ as our Saviour and serving Thee. We pray in the name of our Master who taught us to pray, "Our father who art in heaven . . . Amen."  
(From the 'Upper Room')

## Triumph And Responsibility

The American people have accorded Lyndon B. Johnson and Hubert H. Humphrey an unprecedented percentage of the popular vote for President, which, translated to electoral votes, is second only to the historic second term sweep of Franklin D. Roosevelt in 1936.

This is a tremendous honor for Mr. Johnson, native son who has continued to make Texas his home. Considering the vilification to which some subjected him, the victory must be doubly sweet to the President.

As the triumph is unprecedented, so is the responsibility imposed upon President Johnson in his new administration. Besides his personal victory, he has been undergirded with additional help in both the Senate and the House so that most of his proposals should find somewhat smoother sailing. His hand in the smoothening of nations has been strengthened.

Yet the attrition of the minority carries with it a responsibility to govern with self-restraint. This does not dilute the responsibilities of leadership, but it does call for a special consideration of those things which will make for fiscal strength, service to all the people, and articulation of freedom throughout the world.

Pundits will speculate for months, perhaps for years, on the meaning of the landslide victory for the Democratic team. Perhaps the proportions of

the margin will put extremism in proper perspective and bring reasonable conservatism into clearer focus.

One of the anomalies of the campaign and the election has been the shift by high income and middle income brackets to the Democratic side despite the consensus of polls that there has been a conservative tide in the nation's political philosophy. One observer attributed the shift to a belief in enlightened conservatism rather than conservatism in a strait-jacket.

With his demonstrated ability to sense the balance between programs which are the visible expressions of the semantics of liberal and conservatism, President Johnson has an opportunity to steer a steady course that will promote the unity for which he so fittingly has appealed.

The wounds and scars of the campaign are deep, some of them lamentably and unnecessarily so, but they must be bound up and given a chance to heal in the balm of charity and love of country. The race to achieve our destiny is so swift that we dare not attempt to run it with the millstone of rancor and discord around our necks.

The President has our prayers for strength and divine leadership as he faces the most awesome task in the world.

## We Can Get Together

Here's one thing everyone in Big Spring can agree upon — enthusiastic backing for our football team Friday evening.

This may seem like the same song, second or third verse, but here it is the shank of the season and the Steers — picked by writers on other papers to finish in or near the cellar — are tied for the league lead.

The big reason for this is that nearly every game our boys have been playing harder and better than they know how.

And one of the big reasons for that is that fans have loyally and loudly supported them from the stands.

We hope they can count on you again Friday evening at Memorial Stadium. We know we can count on them to give all they have — and just a little bit more.

### Our Loss Of Prestige Abroad

WASHINGTON — The presidential campaign has passed into history, and the voters this week will have had their chance to participate in the only poll that really counts. One big question that remains unanswered is: What will be done to restore America's prestige abroad?

Now that words can be spoken and written without fear that they will be construed as related to the campaign, the truth about the world situation must inevitably get the attention of the American people, and the government here must disclose what is really happening, as, for instance, in Viet Nam.

ONE OF the clearest expositions of what is happening has come from the pen of Major General Max S. Johnson, retired, who until recently was the head of the U. S. Army War College. He is an objective and dispassionate observer. He has just completed a 30,000-mile trip, visiting U. S. military outposts in Viet Nam and other troubled areas in Asia, Europe and the Middle East. Writing in the current issue of "U. S. News and World Report," he says:

"America's prestige, and with it America's influence in the non-Communist world, is on the wane almost everywhere. That is the uncomfortable impression this correspondent got from talking with U. S. and allied officials — military and civilian — over a two-month period just before the sudden developments in Russia and China.

"TODAY, THE common saying in Saigon seems to be: 'Our plan is right, our methods are O. K., but the execution is bad.' By execution, the local observers mean the Vietnamese execution of U. S. plans. But this attitude is forgetful of the blow given to purposeful planning by last year's talk about an early victory and a return home of U. S. forces."

"Nearby, the actions of other countries of Southeast Asia are an indication of the drift — the turn of Cambodia away from the U. S., President Sukarno's increased militancy in Indonesia and his closer ties with Communist countries, North Viet Nam's temerity in attacking the U. S. Navy

with a handful of torpedo boats in the Tonkin Gulf.

"TRAVELING ON to Europe, you then visit the capitals of close U. S. allies in the North Atlantic Treaty Organization. There you get the impression of a great alliance in trouble, with U. S. prestige and influence clearly on the decline from their level of only a year or two ago.

"France's President Charles de Gaulle appears to be stirring up anti-U. S. feeling over the issue of control of nuclear weapons from Washington.

"To the south, in Athens and Ankara, the United States is losing ground for another reason — the question of Cyprus.

"IT'S THE same story in North Africa. NATO planners report that they are concerned about the forthcoming loss of Wheelus Air Base in Libya, where U. S. leases are apparently not going to be renewed. . . . Libya appears to be following the lead of Morocco, which cancelled U. S. rights to use the network of American-built bomber bases in that country.

"Everywhere, the United States is losing its former prestige. It remains the strongest nation by far in the non-Communist world, but it is letting the impression take hold among its allies around the world, and even among its own representatives abroad, that it no longer has a firm foreign policy, and instead is fumbling in the dark."

NOW THAT the campaign is over, there is a call for frankness as well as bipartisanship. The viewpoint of the many American officials, on both the military and civilian side, who are serving abroad must be carefully examined, because it is no secret that most of them feel uneasy, uncertain and worried about the policy-making back home.

## Billy Graham

I expected marriage to be beautiful and sublime; but after two years of it I find it something else again. My husband is cold and grouchy and I seem to be forever complaining. Do you really think Christ could help us personally?

H.P.

A home is intended to be a haven of rest in a world of unrest, and with Christ in the home, it can be a refuge from life's storms.

Members of a household, unfortunately, by nature are selfish. Our likes and dislikes are not always the same. One wants to eat early, another later. One wants to watch a Western, the other, a musical or TV. Hence, tensions are set up, and discord follows.

Christ has power to bring peace to the home, for He strikes at the centers of selfishness. He makes us considerate of others. He helps us to consider the viewpoint of other members of the family.

With His Presence prevailing, home becomes more than a place of room and board—it is a place where sharing is an ethic, and where peace is a reality. This is not to say that there is never any discord in a Christian home. But it is to say that discord is short-lived, and the goal is harmony instead of self-fulfillment.

### Johnson Faces Foreign Affairs

WASHINGTON (AP) — A wholly new President Johnson here and abroad — everyone else — new and abroad — will have to develop now that he has been elected to the White House on his own for a full four years.

This is in handling foreign affairs, a field where his experience has been very limited until now. It's a reasonable guess he will try to perform here as he did on the American political scene so long.

It can be simply stated: Try to get all you want but compromise if necessary to make some progress.

As vice president, he was never more than a shadow, a good-will ambassador, of President John F. Kennedy who ran foreign affairs with a strong hand of his own.

After he became President, and until now, Johnson made no overseas trips. For one thing, there was no vice president if anything happened to him.

FOR ANOTHER, he apparently felt he had a fulltime job establishing himself at home and trying to get his programs through Congress. He did so well it was his success here that laid the base for his presidential campaign.

As President he had foreign problems to deal with, but from within the White House, and never as a first-hand participant in solving them on the scene, as might be done through conferences.

He'll still have to worry about his programs in Congress, but the Democrats are even stronger there as a result of the elections. There will now be a vice president, just in case, and the foreign field can't be pushed aside longer.

One of the first moves, probably, will be visiting foreign leaders, perhaps taking part in some kind of conference on the NATO alliance which is getting shakier, and perhaps summit talks with the Russians.

THIS WILL be the first time in

### Memory, The Golden Key

NEW YORK (AP) — Memory is the golden key.

It unlocks the door to the past and enables you to step from a hurried yesterday back to a more leisurely yesterday. It gives life a growing spaciousness.

You've got a lot to look back upon if you can remember when:

The greatest traffic hazard was a runaway horse, or a couple of young bloods racing rented buggies late on a Saturday night.

A daredevil was a fellow who was willing to go up in a balloon.

You could always tell a sport. He wore pointed, bright tan shoes — and they always were polished.

The racy conversation in the town barbershop immediately turned to a discussion of the weather when the leading banker entered for a haircut.

You could win a reputation as a wit by saying things like, "Everybody makes mistakes — that's why they put erasers on pencils."

The best way to find out what was going on in the community was to go sit on the courthouse steps and listen to the loafers.

The local Western Union telegrapher and the phone operator knew more juicy secrets than even the doctor.

On Sundays a small boy knew he'd probably be bawled out for only one thing — squirming in church.

Everybody wanted to belong to the white collar class, because they were supposed to make more money.

In an emergency it was possible to call either a physician or a plumber and get him to come to your house that same day.

The average drugstore sold more liver pills than it did aspirin tablets.

Only retired farmers and Civil War veterans wore beards.

Nobody knew what the new styles for next year would be until the mail order catalogs arrived.

A good carpenter could earn as much in a week then as he does in a day now.

In a city restaurant if you ate your peas with a knife, they pretty well knew you came from the country.

Many people lived their whole lives through and never learned how to write a check. If they didn't have the cash to pay for it, they did without it.

In large families every child's dream of glory was to get a suit or a dress that hadn't been worn by someone else.

You were safer from street robbery with \$50 in your pocket than you are with \$2 now.

Those were the days.

## To Your Good Health

### Simple, Good Deodorant

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: After reading your suggestions on deodorants I bought a 25 per cent solution of aluminum chloride and mixed it half and half with toilet water. I made a very pleasant and effective deodorant. When I put it in a spray bottle, it clouded somewhat but otherwise performed nicely.

Would a mixture of this type be safe for the glands? I notice that many of the leading deodorants contain aluminum chloride.

M. C.

There's no danger in such a mixture. All you are really doing is diluting the solution down to one-half, and adding a scent and—doubtless—a little alcohol which could account for the cloudiness.

Medically, the active ingredient remains aluminum chloride—a preparation which is astringent. It gets results by controlling excessive perspiration. You can spray it on, swab it on, paint it on.

Manufacturers of deodorants have devoted a lot of effort to evolving scents, consistencies and packages that will appeal to the largest number of customers.

For people with excessive perspiration problems, a plain solution of aluminum chloride is excellent, and the strength can

be varied to suit the condition and the individual. If a strong solution is irritating, it can easily be diluted with plain water.

If you prefer it mixed with toilet water, there's no reason why you shouldn't, and we hereby pass your idea along to others.

Dear Dr. Molner: As a suggestion to mothers who want their children to clean their plates, for which there can be several good reasons: Give the child a smaller portion, and a second, still smaller portion if requested. I personally am distressed at the enormous quantities of good food wasted, mostly through lack of training and awareness.—MRS. A. L.

Your suggestion is excellent except for one thing. The people who need it most won't use it because it is too simple. Crazy world, isn't it?

Dear Dr. Molner: Would you tell my son what he is doing to his health? After a big meal, he eats snacks and drinks bourbon on the rocks all evening.

He is 43 years old, six feet tall, and weighs 235 pounds. His waistline is 48 inches and he can't sleep nights.

I beg him to see a doctor but he refuses even to talk about it. He is a business man, and

eats heavy lunches and washes every bite down with a gulp of beer. He drinks at least four cans of beer with his meals. I think he is shortening his life. Thank you.—MRS. C. A. B.

Of course he is shortening his life. Statistics show that each overweight pound shortens life a little bit, and 50 extra pounds mean that life is shortened by quite a lot. Ten extra pounds can be a trifle harmful; 20 extra pounds can be perhaps four times as bad. And so on.

Besides, the alcohol (bourbon and beer) can damage the liver, the bladder, sometimes the brain, or other organs. I agree with you: Your son is shortening his life.

At the age of 43 he is not going to change because of anything we tell him to do. After stating facts, from then on, we'll just have to love him for being a good son and let him decide what he wants to do.

Never take a chance on diabetes! For better understanding of this disease, write to Dr. Molner in care of The Herald for a copy of the booklet, "Diabetes—The Sneaky Disease." Please enclose a long, self-addressed, stamped envelope and 25 cents in coin to cover cost of printing and handling.

## Around The Rim

### Crowded Goldfish Bowl

The "sigh of relief" for this week was won hands down for Tuesday, and the end of a long, tiresome political campaign finally arrived. Now, if we can survive the endless retelling of the facts, along with some shallow interpretation by the various commentators, coming up in the next few weeks, the election of 1964 can be put safely away into the history files—and none too soon.

ASIDE FROM the various personalities and so-called issues of the campaign, the high point came to our household when we went down to vote. We always enjoy the balloting process as our precinct has a fine bunch of people in it, and we, with provincial pride think, the best judges in the county. They run a tight ship and inevitably help in any legal manner.

But this year, the officials were closeted (the precise word) in the tiniest of rooms in which to hold an election. This is despite the fact it is one of the county's largest precincts. And to make matters worse, the voting booths, which the county grudgingly provided a year or so ago, were set up outside the room.

ONE OF THE judges solemnly answered our query:

"I'm sorry. It's illegal for you to go out there and use the booths to vote." They did the best they could. There were several tables in the room and they were spaced as far apart as possible. But with the big turnout of this precinct, the tiny room was hopelessly overcrowded.

No one in that precinct had the privilege of a secret ballot Tuesday. Voters trying to mark their ballots had a problem trying to find a place at the tables. I suggest that the voters in the precinct deserve better accommodations; and the judges deserve more room to work.

IF THE PRESENT polling place does not have adequate facilities to handle the election, it would seem the county commissioners would be concerned enough to find a better place. Within a block of this polling place, there are three other public buildings that could be used for voting. Indeed, one of them often is used.

There was considerable dragging of feet before the voting booths were provided in this county. And now that they have it, it is curious that a place is appointed for voting that cannot accommodate the relatively small booths. But whether booths are used or not, the small room provided in our precinct Tuesday was simply too small for even the judges to find ample elbow room.

THERE HAS BEEN much said in recent years about the great and wonderful privilege of the secret ballot in our nation. We hold this ideal up to the nations of the world as an example of our way of life. The politicians recently spent millions of dollars expounding the virtues of this method of selecting our nation's leaders.

Yet in Howard County in 1964, the voters of one precinct had no more privacy than the quarterback in a football game. I doubt that it would require much time or effort for the county commissioners to find a suitable polling place for the voters of this precinct—or any other precinct that may have an inadequate arrangement. But whatever it takes, the commissioners should find time in their busy schedules to put an end to this mockery of the secret ballot.

### The Fiasco At Bien Hoa

WASHINGTON — The real story of the attack on the American air base at Bien Hoa is one that is not likely to be told.

The bombardment, which took four American lives, destroyed several million dollars' worth of airplanes and dealt another blow to our dwindling prestige in Southeast Asia, could not have been possible without the collaboration of elements within presumed friendly forces.

MORTARS ARE crude weapons. They are chronically inaccurate, and must be laid by the process rifleman call "Kentucky windage" — i.e., instinct, and correction after each round until the fire falls on the target area. The same mortar firing the same type of ammunition will vary significantly with different batches of ammunition. Old ammunition (and the rounds dropped on Bien Hoa were 20 years old) is particularly unreliable.

This means that the fire from the Viet Cong mortars had to be corrected after the first few rounds. The only way that could be done was with the help of a spotter inside Bien Hoa air base. It is doubtful a Viet Cong infiltrator could have penetrated the inner security screen maintained by American forces, which leads to the conclusion that the devastating fire was directed by a spotter already inside the base.

THIS FACT alone is not shocking. Armies as poorly motivated as South Viet Nam's are easy to penetrate and subvert. But the clear implication of betrayal becomes more compelling when it is coupled with the lack of any effective counter measure by South Vietnamese forces on perimeter guard. Several hours apparently elapsed before any pursuit was undertaken, although the enemy battery was less than a mile outside the base.

It is not stated when Bien Hoa had its last previous night alert, but it is customary to hold such exercises frequently. Traditionally the alert includes certain defense measures as old

as warfare itself. Friendly batteries fire illuminating ammunition, aggressive patrols move out to engage the enemy, and internal security forces mobilize to protect aircraft and fuel dumps from sabotage.

ALL THIS IS, or should be, standard procedure. But so should it be routine to place the \$1.25 million B-57s inside revetments. Indeed, the aircraft would have been just as effective a deterrent had they been parked at Bangkok, in Thailand, about 15 jet minutes away from Bien Hoa. The airplanes had not undertaken a single combat mission; they were clearly on display at Bien Hoa as a part of the witless policy of bluff and bluster that has been part and parcel of the American war effort in Viet Nam since the beginning.

IT IS PLAIN that changes are due in South Viet Nam. Two important pieces of information were casually passed out during the Bien Hoa flap. First, the White House let it be known that consideration was being given to sending additional U. S. forces to South Viet Nam. And next, it was learned that American dependents in neighboring Cambodia had quietly been airlifted to safety in Thailand.

These signs are unmistakable. Our South Vietnamese allies have never been dependable, and are less so now. Talk is heard of beefing up U. S. forces, which means the frayed fiction of "advisers" will be shelved, and we will admit that our people are fighting a war.

IT ADDS UP to a step-up in the face of the war. Perhaps it will not grow to Korean proportions, and perhaps it will only require a brief, sharp engagement to shake the patient plotters in Hanoi into realistic negotiations, but it seems at least a good guess that a great many more American men are fated to spend Christmas in Viet Nam than are there now.

### Of Man River Keeps Rollin'

WASHINGTON—After every national election, it wouldn't hurt us to recite Lincoln's sentence in a letter to James C. Conkling: "The Father of Waters again goes unvexed to the sea."

Honest Abe was rejoicing that Union victories had reopened the Mississippi heartland to the national pursuits of peace and commerce, but in modern times there is another Old Man River that keeps rollin' along—the stupendous American economy.

WARS AND hard-fought elections, depressions and federal spending sprees, undoubtedly raise or lower the water level by a couple of feet, to our passing delight or discomfort. But the changes are not as important as the continuity. The energies of the American people, although frequently disturbed and distracted by political meddling, most often seem to run right along their normal channels.

We are justified when we lustily demand that the fass-budgets let economic nature take its course. But we are wise when we contemplate how little the sweating and straining of national planners and marplots really affect the fixed laws by which the economic universe runs.

IF THERE EVER was a time when small enterprise in America might have felt caught in a pincer movement, this election season was it. Yet in its release of October 20th, the National Federation of Independent Business announced that a September field survey had revealed a "surge of optimism" among the proprietors of 45

million small, private concerns. Despite the encircling turmoil, one-fourth of those businessmen who responded to the poll said they intended to expand.

None of this optimism implies that independent business wasn't adversely affected by the racial rioting which took place in July and August, or did not feel the stimulation of the tax cut earlier in the year. But the controlling factor was the indefinable "climate" which told old-timers that business was good and getting better.

BACK IN THE spring of 1962 President Kennedy threw all the prestige of his office into an attempt to fix an unofficial price-control on steel. There never was a clearer confrontation of Big Government and Big Business, and it was Big Business which made the first defiant move. Roger Blough of U. S. Steel Corp., blandly raised the price by \$6 a ton, and several other large companies followed. Mr. Kennedy used his press conference of April 11th to exhortate Blough and "a tiny handful of steel executives" for daring to "show such utter contempt for the interests of 185 million Americans"—by which he meant himself, their President.

IT IS TRUE that the steel companies temporarily fell back before this blast, but it was no more than a tactical retreat. Mr. Blough retorted that the President simply didn't understand that a proper cost-price ratio in doing business is also in the popular interest.

# Mite Of GOP Solace In Governor Results

WASHINGTON (AP) — About the only solace Republicans could find in Tuesday's election returns was in the 25 governorship races. There they had a net gain of one.

Particularly satisfying to the Republicans was the defeat of two Democratic governors seeking re-election, Albert Rosellini of Washington and John W. Reynolds of Wisconsin. Rosellini ran for a third term, Reynolds a second.

In addition, the Republicans took over the Massachusetts state house when former Gov. John A. Volpe staged a political comeback to defeat Lt. Gov. Francis X. Bellotti.

# Texas Baptists Pray For LBJ

TEXAS CHRISTIANS (AP) — Texas Baptists offered a special prayer today for President Johnson, asking God's guidance upon him for four years.

More than 4,000 attending the Baptist General Convention of Texas adopted a resolution and sent a telegram to the President expressing concern "about the moral decline in our beloved nation."

Since all the races except for Arizona were in states carried by President Johnson over Sen. Barry Goldwater, the Republican victors in the races for governor displayed good tie-backing ability.

Nowhere was this more clearly demonstrated than in Michigan where George Romney, who had refused to endorse Goldwater, easily defeated Rep. Neil Staebler, former Democratic national committeeman.

Utah elected a Democratic governor for the first time in 16 years when Calvin L. Rampton, Salt Lake City attorney, won over Mitchell Melich, former state legislator.

Victors included Gov. John B. Connally of Texas, close political associate of President Johnson, and losers Richard Kleindienst, who is close to Goldwater, in Arizona.

# Republican Romney Caught Amid Demos

DETROIT (AP) — While talk of the 1968 presidential nomination and Republican rebuilding flutters around Michigan Gov. George Romney, he faces a home-state challenge that could make or break his national future before he even considers it.

Romney won overwhelming re-election Tuesday despite a Michigan landslide for President Johnson and found himself at the fore of GOP survivors.

He also found himself confronted with a state legislature of nearly two-thirds Democrats in each house — a jarring shift from the Republican majorities of Romney's first term.

The silver-haired former American Motors Corp. president said the Republican party must "broaden and unify." At the same time, Romney seemingly must broaden and unify his own administration program even beyond party bounds to have a chance for a successful second-term record.

He said he would work on a bipartisan basis and hoped for reciprocity. The beaten Democratic gubernatorial candidate, Neil Staebler, talked of cooperation.

The governor insisted that he has not considered seeking the 1968 nomination. He said a draft was "a very presumptuous thing to discuss."

# North Central U.S. Cooler

By The Associated Press

Cooler air spread into north central sections of the nation today with more chilly weather in many areas in the Northeast and West.

Temperatures again dropped into the 20s and lower in the northern Plains, the Rockies and New England. The cool air was expected to extend from the eastern Great Lakes to Texas.

The arrival of cool air in north central areas followed several days of mild weather in many cities. Readings Wednesday included 74 in Alpena, Mich., 73 in Chicago and Lansing, Mich., and 71 in Detroit, record high marks for Nov. 4.

More heavy rain doused areas in Texas, including nearly three inches in the Houston area. The wet belt extended into Oklahoma. Earlier heavy rain drenched areas in Kansas.

Early morning temperatures ranged from 20 in Aberdeen, S.D., to 75 in Miami.

# Bloody Violence Rages In Bolivia

LA PAZ, Bolivia (AP) — Fighting continued in La Paz Wednesday night as militia units loyal to deposed President Victor Paz Estenssoro resisted the nation's new military regime.

Paz said the head of Bolivia's new military junta, Gen. Alfredo Obando Candia, "is the best of the lot. He was not mixed up with the others, but Barrientos will doubtless try to become president one way or another."

Obando is commander of Bolivia's armed forces. He told the nation the junta will hold power as briefly as possible and will hold new elections.

Paz served as president until 1956, but the constitution barred his re-election. He was elected again in 1960 and changed the constitution to permit his re-election last May. Opposition parties boycotted the election and charged that the government stuffed the ballot boxes to get the 90 per cent vote which Paz claimed.

ECONOMIC WOES

Paz also had been beset by deepening economic troubles and militant opposition from the tin miners' union led by his former vice president, leftist Juan Lechin.

Tin miners and students organized antigovernment demonstrations two weeks ago and at least 17 persons died before Paz's military restored control. Paz broke diplomatic relations with Communist Czechoslovakia, claiming its embassy in La Paz helped foment the disturbances.

# Two Dallas Officers Fired

DALLAS (AP) — Police Chief Jesse Curry has fired two patrolmen who reportedly jailed a man for driving without a license after they tore up his valid driver's license.

Dismissed were policemen R. E. Nash, 26, and N. E. Pace, 27, both assigned to the radio patrol division.

Nash and Pace denied the charges brought against them by the police department.

A 21-year-old Dallas man said Nash and Pace arrested him, took him to the Trinity River bottoms Oct. 18 and ripped up his license, leaving the pieces strewn about on the ground. He was then booked into jail for driving without a license.

The complainant also said he was beaten by the officers while he was handcuffed but a health department physician could find no evidence of a beating.

# Medicare, Appalachia Boosted

WASHINGTON (AP) — The widened Democratic margin in Congress could brighten chances for two key Johnson administration proposals — health care for the elderly and aid to the depressed Appalachian region.

The White House is certain to read the landslide victory of President Johnson as a mandate to push harder for both measures, sidetracked in the last session.

Final returns indicate a net gain of two Senate seats for the Democrats — and more significantly — about 40 House seats.

In the 88th Congress, the Democratic Senate edge of 66 to 34 already was so big that the majority party could push through even its most controversial programs.

SOCIAL SECURITY

The proposal to provide medical care for older Americans by boosting Social Security taxes cleared the Senate by five votes. The \$1-billion Appalachian aid bill was approved by a wide margin.

But the health plan was rejected in a conference with the House and House leaders decided against bringing up the Appalachian legislation, a sure sign that they feared defeat despite a 257-178 margin.

The new congressional lineup encouraged Democrats to believe they could put through these long-disputed measures:

- Creation of a Cabinet department of urban affairs or, as it has been called more recently, a department of housing and community development.
- Revision of the immigration laws to knock out the long-standing national origins quota system.
- Extension of the Wages and Hours Act to include some types of service workers long excluded.
- Establishment of some form of national standards for the

# Brawling Teenager Riot Triggers Looting Spree

NEW YORK (AP) — Three thousand teenagers rioted here outside a theater where a rock 'n' roll show was being staged. Looting of stores followed.

The crowd — practically all Negroes — went wild because many were asked to stand in line to get tickets for the second, late-night show and because the crowd couldn't get into the theater quickly enough to suit it, police said.

Fists flew, and liquor and wine bottles were hurled. Police reserves answering a riot call drove the brawling crowd away from the theater.

Some of it broke up into small bands and went marauding in the business section of Jamaica, Queens. Windows of 17 stores in a 15-block area were smashed, and some of the stores were looted.

# He Was Magic, Says Jackie In Reflections

NEW YORK (AP) — "I with him and seen our children should have known," writes Mrs. John F. Kennedy of her late husband, "that it was asking too much to dream that I might have grown old with him and seen our children grow up together."

In a tender reflection, written for Look magazine to mark the approaching first anniversary of President Kennedy's assassination, she begins, "It is nearly a year since he has been gone."

"Now I think that I should have known that he was magic all along. I did know it — but I should have guessed it could not last. I should have known that it was asking too much to dream that I might have grown old

"So now he is a legend when he preferred to be a man. I must believe that he does not share our suffering now. I think for him—at least he will never know whatever sadness might have lain ahead.

"He knew such a share of it in his life that it always made you so happy whenever you saw him enjoying himself. But now he will never know more — not age, nor stagnation, nor despair, nor crippling illness, nor loss of any more people he loved. His high noon kept all the freshness of the morning—and he died then, never never knowing disillusionment."

# Leaders Retain Top Spots In 2-4A Play

Midland's Bobby Cutshall made inroads into Benny Kirkland's passing lead in last week's game but the Big Spring quarterback continues to lead all District 2-AAAA aerialists by a wide margin.

Kirkland has completed 43 of 87 aeriels for total yardage of 453. Cutshall has made good on 29 of 71 tosses for 306 paces. Kirkland has thrown for three touchdowns, Cutshall none.

Julio Guerrero, San Angelo, remains the top ground gainer with 372 yards picked up in 41 lunges with the ball for a 9.0-yard average.

Not too far removed from the top spot is Midland's Ross Montgomery, who has 328 yards in 64 efforts for a 5.1 average.

Kirkland is fourth in the rushing department, with gains of 282 yards in 37 carries for a 7.6-yard average.

The leading pass receiver is Mark Lawrence, Midland, who has caught 19 for gains totaling 176 yards, none for a touch-down.

Guerrero has ten fewer pass receptions but his receptions have gone for 278 yards and five touchdowns.

John Scott, Cooper, is the No. One punter with an average of 38.8 yards while Guerrero leads all scorers with 44 points.

The individual statistics:

## Yearlings, Mavs Both Play Here

Football teams representing both Goliad and Runnels junior high schools will see action in contests at the old stadium this evening.

The Runnels seventh open play with Snyder Travis in a 5 p.m. engagement while Goliad's ninth will seek to regain its momentum after losing to San Angelo Edison last week, 44-0, in the other contest this evening.

Goliad's contingent, which has a 4-1 record for the year, challenges Sweetwater at 7:30 p.m.

In a previous meeting between the two teams, Goliad won a 28-16 decision.

Runnels' seventh graders are 3-1 for the year. In a previous battle with Travis, Runnels won a 14-0 decision.

Three other junior high teams will play road engagements.

Runnels ninth graders visit Snyder for a 7:30 p.m. imbroglio with Travis.

Runnels will be seeking to end a losing skein that has extended through six games. The Yearlings won their opener, 6-0, but since have lost to Snyder Lamar twice, Travis (28-20), San Angelo Lee, Sweetwater and San Angelo Edison.

Runnels and Goliad close out their season next week by playing each other.

Runnels' eighth graders, 4-2 for the season, visit Snyder for a 6:30 p.m. engagement with Travis while the Goliad eighth graders play Sweetwater there at 6:30 p.m.

Goliad's eighth has the best record of any junior high team in the city, having won six games in a row after losing their opener to Snyder Lamar.

# Miami, Navy And Spartans Hit By NCAA

NEW YORK (AP) — The NCAA has barred Miami of Florida from participation in its annual post-season basketball tournament and slapped Michigan State and Navy with probationary sentences for recruiting violations.

The steps were taken Wednesday by the NCAA's 18-man policy-making council, which at the same time fired the first salvo in renewing the battle with the Amateur Athletic Union over the right to sanction track and field competitions.

Four member schools — Western State of Colorado also was involved — were penalized by the NCAA for "excessive financial aid and recruiting violations," but only Miami was barred from post-season activity.

The ruling, which places Miami on probation for one year and bans the school from the NCAA basketball tournament as well as other major post-season affairs "cooperating with the NCAA," came about because of an incident last year.

The council said a representative of Miami's athletic interests gave a basketball player five room and board and paid for his air travel for several trips made in 1963.

Miami President Henry King Stanford said the violation was unintentional but the school respects the decision and will abide by it.

Michigan State was placed on probation for three years but additional sanctions were suspended because the school corrected the violations after the 1958-59 college year.

Navy received a one-year probation with no additional penalties.

Neither the Spartans nor the Middies is banned from post-season activity under the ruling.

Western State was reprimanded and censured because it gave a wrestler a grant of tuition and fees after he already had a job.

Daytona University was restored to full rights and privileges after completing two years on probation for a basketball recruiting violation.

When the council finished handing out penalties, it turned to the AAU and signaled the end of the truce which had been arranged by the late Gen. Douglas MacArthur. The truce was to have lasted until the end of the Tokyo Olympic Games.

The right to sanction events has been the disputed point in the struggle between the two groups and has continued for more than three years. The AAU claims the sole right to sanction meets.

The member institutions of the NCAA will support only those meets and tournaments which have obtained sanctions from the established sports federations in basketball, track and field, baseball and gymnastics.

# District Titles Go On Line This Week

By HAROLD V. RATLIFF  
Associated Press Sports Writer

District champions will fall in place from Panhandle to Gulf this week as the Texas schoolboy football race decides almost half its field for the state playoffs.

Classes AAAA and AAA, which have three more weeks to go, will determine only a few titles. Nederland expected to wrap up its crown in AAAA, and Pecos battles Andrews for one of the spots in AAA.

But Classes AA and A are in their penultimate week and at least 28 district champions of the 64 to be determined will be known by Saturday night.

Few of the rated teams appear to be in danger except in Class A where two of them meet each other.

The clash of George West with Three Rivers not only will decide the District 29 championship of Class A but could produce the eventual finalist from the south.

George West made it to the finals last season and was an early favorite to go all the way this time. But Three Rivers, a traditional foe, has arisen to cast strong doubts on a return to the playoffs for George West.

Petersburg, the Class A state defending champion, makes its big bid for the district title. Already beaten once, Petersburg still can take it by winning its next two games. The one this week is with Lorenzo, a tough one to hurdle.

Garland, defending champion of Class AAAA, is in a virtual tie for first place in its district with Mesquite, a team the Owls beat. So they can win the title by taking their next two games. Friday Sherman is the opposition.

There is no defending champion of Class AAA but Dumas is a heavy favorite to win the title Corsicana boasted last season.

## Franks Retains Two Assistants

SAN FRANCISCO (AP) — Manager Herman Franks will operate the San Francisco Giants in 1965 with two assistants consisting of a board of strategy consisting of two hold-over coaches from the Alvin Dark regime, plus newcomer Charley Fox.

The baseball club announced Wednesday that pitching coach Larry Jansen and veteran major league Harry (Cookie) Lavagetto have been signed again. Whitey Lockman was not retained.

Fox, 43, has spent 23 years in the Giants organization as a player and minor league manager. Last season he piloted Tacoma, Wash., which finished fifth in the Pacific Coast League's Western Division.

Prior to announcement that Franks would replace Dark as manager, there was speculation that Fox was the choice for the job.

## Mickey Wright Is Midland Favorite

MIDLAND — Mickey Wright remained a solid favorite in the \$10,000 Tall City Open Golf tournament, a women's tournament which got under way at the Hogan Park course here today. The tournament continues through Sunday.

Mickey is the leading money winner on the tour. A pro-am precedes the 54 holes of play today.

Leading the list of challengers will be Sandra Haynie of Fort Worth, who took first place in the Las Cruces, N. M., Ladies Open golf tournament Sunday with a 54-hole total of 208, achieved with round of 71, 68 and 69.

Miss Haynie, who has been on the tour only three years, finished with four birdies on the final six holes to nip Betsy Rawls by two strokes.

Kathy Whitworth of Jal, N. M., was third with 212 and Shirley Englehorn was fourth. Miss Wright was fifth.

All of these golfers plus such other prominent players as Cliff Ann Creed, Marlene Hagg, Marilyn Smith, Mary Mills, Carol Mann, Kathy Cornelius, Judy Torluenne, Jo Ann Prentice and Judy Kimball will participate in the 54-hole tournament.

Althea Gibson, former Wimbledon tennis champion who now is playing on the pro golf tour, will be in the Tall City field, according to Sam Coker, tournament chairman.

Leading the parade of local amateur entries in the three-day tournament is Jeanie Butler, a member of the Odessa College women's golf team and reigning women's state amateur champion.

Jimmy Gamewell, pro at the Hogan Park course, reports that the fairways and greens are in excellent condition. The women will find the greens large and well contoured.

It is anticipated that par will be 71.

There will be \$1,000 for top finishers in the one-day pro-am which will precede the regular tournament and then \$9,000 will be divided up among top players in the LPGA competition.

Gamewell, who was in Las Cruces last week, said most of the golfers arrived in town Wednesday.

# Permian Still A Contender

ODESSA — Dan Brinlee, who plays regularly at end on defense for Odessa Permian, is the only Panther who will miss Friday night's District 2-AAAA game with Big Spring.

Brinlee is out with a knee injury and probably will not return to competition until the final game of the season against Odessa High.

After a poor first half, Permian was overpowering in the final half of its game with Abilene Cooper last week. Permian won the game, 29-22.

Permian is still in the running for the conference flag and can tie Big Spring in the standings by winning Friday night's game.

The Panthers showed to their best advantage two weeks ago, when they knocked off Midland High, 3-0, with some fine defensive play.

San Angelo and Abilene High defeated the Panthers but not without major efforts.

# Aspermont, Coahoma High Scoring Foes

COAHOMA — Between them the Aspermont Hornets and the Coahoma Bulldogs have won 15 of the 16 games this season and the single reversal, suffered by Aspermont, was by a single point in a Class AA school.

The opening game of the season, 7-6. The two teams clash at 7:30 p.m. here Saturday, with the championship of District 6-A at stake. Aspermont has averaged 30.5 points a game, to a mere 5.4 for the opposition.

Await Saturday Bout

Coaching aide Arlen White of Sands High School is shown with three boys who man backfield positions on the Sands eight-man team, which plays Flower Grove at 7:30 p.m. Saturday in Ackerly. The Ponies can win the right to represent District 3-B in the playoffs by toppling Flower Grove. The boys are Roger McCasland and Eddy Herm (standing) and Glen Harrell. The game will highlight homecoming activities for the school.

# Big Changes Are Due In Baseball

By JOE REICHER Associated Press Sports Writer

PHOENIX, Ariz. (AP) — Baseball commissioner Ford Frick's long dream, expansion of both the National and American leagues into 12-team circuits, will get a full airing here in a three-day summit meeting of club owners and general managers starting today.

The expansion theme is high on the agenda, along with a number of other important items such as the proposed switch of the Milwaukee franchise to Atlanta, presentation of a weekly television baseball spectacular for the 1965 season and completion of a new concept in minor league operations.

A broadening promotional effort and a change in the present bonus rule. Another important piece of business likely to be discussed, although not on the agenda, is the commissioner's plan to...

Frick already has notified owners he will not seek re-election when his current seven-year term expires next September.

A preliminary committee headed by the two league presidents, Joe Cronin of the American League and Warren Giles of the National, has been screening candidates to succeed the 70-year-old Frick.

Whatever possible action may be taken here, it is hardly likely anything will be made public until the annual winter league meetings at Houston at the end of this month.

It was learned, however, that Frick will attempt to convince the owners of the necessity of expansion in the near future, possibly by 1966.

The commissioner has preached such a plan for some time but the recent action taken by the Braves and agitation by several other clubs to shift their franchises have caused him to move his target date closer.

It is Frick's plan to create new major league teams in Seattle, Oakland, Dallas-Fort Worth, and either Atlanta or Milwaukee, depending upon where the Braves eventually wind up.

The commissioner is certain to meet with serious opposition, especially from Cronin and Giles, who do not feel the time is right.

The promotional endeavor was discussed at length at a general managers' meeting in Pennsylvania last week.

The general managers, it has been learned, brought back some bad news to the owners, to the effect that the proposed Monday night TV spectacular idea has hit a snag.

# Shofner May Be Out For Year

NEW YORK (AP) — Del Shofner, star pass catcher of the New York Giants, may be lost to the National Football League club for the rest of the season because of stomach ulcers.

Shofner sat our last Sunday's St. Louis game with a liver virus and severe cold. He entered St. Elizabeth's Hospital Sunday night for rest and examination. Blood tests revealed the aggravated ulcer condition.

Shofner, who has been troubled with ulcers throughout his career as a pro, reported to the Giants' camp underweight at 170 pounds. He missed the Giants' opener with a pulled hamstring muscle and hurt his left thumb against Cleveland two weeks ago.

He will remain in the hospital from 10 days to two weeks. Joe Morrison inherits his split end spot in the Giants' offense.

# Two Bisons Due To Miss Game

FORSAN — Two Forsan regulars will not see action when the Buffaloes open their District 5 eight-man football season here at 7:30 p.m. Friday against Garden City.

The missing boys will be junior end Doug Franklin, who recently underwent an appendectomy, and sophomore halfback Larry Callihan, who has had the flu.

# New To Top Spot

ABILENE, Tex. (AP) — Louisiana Tech, with a 7-0 record and a sterling defense, heads the rankings of the teams for the Pecan Bowl game here Dec. 12.

**Anderson Is Rugged Hand**

LUBBOCK, Tex. (AP) — Being highly rated and having the opposition key its defense for him hasn't slowed down the Wild Horse of the South Plains—Donny Anderson.

Anderson is the versatile star of Texas Tech, who reported with confidence to the varsity football team last season, then proceeded to live up to his press clippings.

But there was some feeling that, due to his success last year and his pre-season buildup, opponents concentrating on him would prevent normal improvement.

Especially was this feared by those who considered that some of Anderson's success might have been due to opponents watching All-America end David Parks.

Well, it just hasn't worked out that way. Anderson already is ahead of last year's figures.

He has accounted for 1,101 yards in total offense for the Red Raiders and is drawing raves from all the coaches, scouts and writers.

Anderson has rushed for 624 yards in seven games—an average of 4.5 per try. He has caught 20 passes for 248 yards. He has returned 12 kickoffs for 229 yards.

He's 18 yards ahead in rushing over last year when he did 609 yards in 10 games and has caught five more passes.

He hasn't yet had as big a game as last year against Southern Methodist when he ran for 109 yards. But you can blame the weather. In the hail and rain in the game with Southern Methodist this season, he went for 86 yards. The entire SMU team was minus three yards rushing.

**Deminguez Wins Over Juarez**

CORPUS CHRISTI, Tex. (AP) —Henry Deminguez of Houston still was Texas lightweight champion today and he didn't have to work very hard to keep his crown.

He knocked out Benito Juarez, 131, of Austin in the third round of a scheduled 12-round championship fight Wednesday night. He didn't do too well in the first two rounds against Juarez in the first attack but at 1:25 of the third he nailed Juarez with a short right to the chin and that was it.

**Brewed The Hard Way**

Women taking the Girl Scout leadership training course, which ended Wednesday, get a taste of outdoor cookery as they practice the basic skills of camping. Grateful for the hard-earned campfire coffee are Mrs. Calvin Cook, Stanton; Mrs. Charles Butts, Big Spring; and Mrs. Billy Vaughn, Forsan.

## Training Period Ends For Scout Leaders

A five-week leadership training course was concluded Wednesday afternoon at the Girl Scout House with 20 area women receiving certificates of completion. The course was conducted by Mrs. D. M. Costlow of Stanton, district advisor, and Mrs. Larson Lloyd. Receiving their certificates were Mrs. Waymon Clark, Mrs. Ray Davidson, Mrs. P. A. Fowler, Mrs. Jack Horn, Mrs. Earl Lusk, Mrs. James S. Pedigo, Mrs. Gerald Bennett, Mrs. Jack Little, Mrs. Thomas B. Stephens, Mrs. Henry Thames and Mrs. Billy Vaughn.

### Plans Announced For Prayer Day

The "World Day of Prayer" observance was discussed by the Esther Circle of Kentwood Methodist Church when the group met Tuesday morning with Mrs. Noel Stuller, 2308 Marshall. The event will be Friday at Wesley Methodist Church. The announcement was made that the fall district meeting of the Woman's Society of Christian Service will be Nov. 12 at the First Methodist Church. Members were reminded, too, that the revival at the Kentwood church would begin Sunday. Mrs. Henry Parmenter led the opening prayer, and the meeting closed with prayer by each of the 12 attending.

### Prayer Explained At Altar Society

The Rev. Robert J. McDermott spoke on the importance of prayer and the different kinds of prayer to 26 members of the Altar Society of St. Thomas Catholic Church when the group met Wednesday in Fellowship Hall. Also, he noted that November was the month for special devotion to the holy souls in purgatory. Miss Agustina Molina presided and appointed a committee for the Christmas party. Mrs. Leo Gonzalez is chairman. A special meeting Nov. 18 will be held for a budget planning session under the chairmanship of Miss Molina.

## Council Hears S. M. Anderson Discuss Educational Opportunity

"Increased Educational Opportunities," was the topic of a talk by S. M. Anderson, superintendent of schools, when he spoke Tuesday morning to members of the Big Spring City Council of Parents and Teachers. The speaker was introduced by Mrs. R. E. Ray, president. The meeting began with a devotion by Mrs. Jesse Majors, and M. R. Turner led the group in prayer. Anderson said that the prime objective of the school system is complete educational fulfillment for every boy and girl in America, explaining that in the 1930s approximately 30 per cent of the students did not finish school. Educators of that era were not particularly concerned, he said, because youngsters could get a job at that time without a high school education. Today, 60 to 70 per cent finish high school, and this sounds like progress, he noted, but due to automation and technology, those who do not finish high school now are practically unemployable. Anderson said that the State Board of Education has the responsibility of being provider of the educational opportunities for the students of Texas. To measure its efforts, he used the words, length, breadth, depth and height. In describing "length" he said that schools are being encouraged to lengthen the school day and year, and let the span include public kindergarten, the public junior college and summer school. For "breadth" he said the compulsory school attendance age should be elevated, attendance should have stricter enforcement, more school personnel should be employed, an attempt should be made to meet the needs of children of migrant workers, and efforts should be made to solve the problem of school dropouts. Anderson said that "depth" could be achieved by a better training program for teachers, more effective methods of teaching, and the use of a variety of new educational media and the training of teachers to use them. The last item was "height" which educational opportunities can and must reach. He said that equal educational opportunities for all children is the "American Dream." To make it a reality, he said that our system counts heavily on the Parent-Teachers Association as a channel of communication.

### BUSINESS

Mrs. Luke Fortenberry reported that all P-TA units had completed the telephone vote campaign, and Mrs. A. W. Gerhart said that \$445.50 in savings stamps had been sold in October. Mrs. Ray announced that the bus, taking delegates to the state convention in Dallas, will leave the Trailways Terminal at 8 a.m. Nov. 10. Also, she urged all members to bring a gift for a needy child to the December meeting. It was noted that National Education Week will be Nov. 8-14. Refreshments were served to the 35 attending with the Boydston and Kentwood units serving as host groups.

## Date Given For Next MP Game

The Variety Pairs bridge group will have a Master Point game next Wednesday at 10 a.m. at Big Spring Country Club. The announcement was made Wednesday when seven teams were in play for the Team of Four Games. Winning teams were Mrs. J. Gordon Bristow, Mrs. E. L. Powell, Mrs. Fred Kasch and Mrs. James Duncan, first; Mrs. J. J. Havens, Mrs. Ray McMahon, Mrs. Anne Hardy and Mrs. Ayra McGann, second; and Mrs. Hayden Griffith, Mrs. Jack Irons, Mrs. E. O. Ellington and Mrs. Elvis McCrary, third. Players were told of an increase in points given for Master Point games according to the schedule released by the American Contract Bridge League which was effective Nov. 1. The starting time for Friday's game will be 1:30 p.m.

## Flower Art Outlined

"The Use of Chrysanthemums in Arrangements" was the program topic presented by Mrs. J. Gordon Bristow at the Wednesday meeting of the Big Spring Garden Club. A workshop on arranging flowers was held by 16 members following the program. The group met in the home of Mrs. A. C. Bass, 106 Washington. She was assisted as hostess by Mrs. J. E. Brown, who furnished the flower display of the month, an arrangement of white chrysanthemums and Michaelmas daisies. Also, she showed an arrangement of Circus floribunda roses. Refreshments were served at a table covered with a cutwork linen cloth and centered with a cornucopia of fall fruits and chrysanthemums. Mrs. Garner McAdams served and presided at the business session. Mrs. J. I. Balch, Western Hills, will be hostess at the Dec. 1 meeting.

## Hyperion Group Tells Of Hobbies At Meeting

A round-table discussion on hobbies was given by members of the 1965 Hyperion Club Tuesday at Cosden Country Club. Each member detailed her hobby and brought items of display if possible. The topics included sewing, needlepoint, antiquing of flowers, refinishing furniture, coin collecting and knitting, the most popular leisure pursuit of members.

Mrs. Travis Carlton was in charge of the program, and Mrs. Bill Johnson presided at the business session. A donation of \$30 was made to Texas Federated Women's Clubs, Inc., for the Western District scholarship fund, headquarters endowment and maintenance, Latin-American scholarship, Musical Penny fund and Penny Art fund. Also, a donation of \$10 was made to the Howard County TB Association. New members welcomed were Mrs. H. C. Ernsting and Mrs. Bill Wilson. Mrs. R. E. Dobbin, Pampa, was a guest. Refreshments were served to

### Elliotts End Trip

Mrs. and Mrs. J. D. Elliott, 201 E. 16th, have returned home from a trip to Las Vegas, Nev. They were joined by her brother and sister-in-law, Mr. and Mrs. Jack Hardesty, of Los Angeles, Calif.

MRS. FRANCES LYTLE

## Birthday Observed By Mrs. Frances Lytle

Mrs. Frances Lytle was 87 years old Wednesday, and the occasion was marked by a continuous stream of well-wishers who visited her at the Bennett House. Friends presented Mrs. Lytle with a large birthday cake, edged with blue frosting and topped with pink roses, which was served to callers and members of the home staff as they stopped to chat.

### Remodeling Plans Set By Chapter

Plans to remodel the Masonic Lodge kitchen were made by Big Spring Chapter 67, Order of the Eastern Star, when the group met at the lodge Tuesday evening. Mrs. C. J. Chapman, Mrs. Charles Graham and Miss Dorothy Driver were named to a committee to meet with the Masons on the remodeling project. Mrs. Graham, worthy matron, presided and told of attending the 82nd session of Grand Chapter held Oct. 26-29 in San Antonio. The theme at the convention was "Building a Pinnacle of Life," and 3,988 voting delegates attended. Mrs. W. D. Peters and Mrs. Pyrie Bradshaw also attended the state meet.

Mrs. Harry Lees and Mrs. George Hall served refreshments to the chapter. The next meeting will be Dec. 10 in the home of Mrs. Jimmy Morehead, 704 Highland.

### Methodist Circle Has Myth Study

A study on the book, "Death of a Myth," was held by the Reba Thomas Circle Tuesday at the First Methodist Church. Mrs. Edward C. Shive, program chairman, and Mrs. Lige Fox reviewed from the book, and Mrs. O. G. Hughes talked on the life of Columbus dealing with an understanding of Latin America. Mrs. W. D. Duggan gave the opening prayer, and Mrs. J. H. Fryar presented a devotion on the parable of talents.

Refreshments were served to 13 members at a table decorated with an arrangement of bronze chrysanthemums and covered with a white cloth. The next meeting will be in the home of Mrs. Jeff Brown, 600 Highland, on Nov. 10 at 7:30 p.m.

### Jaycee-Ettes Set Holiday Project

Plans were made by the Jaycee-Ettes Tuesday to furnish a Thanksgiving basket for a needy family. Mrs. Charles Bell and Mrs. Ted Ferrell were hostesses at the meeting held in the First National Bank building. Mrs. John McDaniel and Mrs. Sherrill Farmer are in charge of the Thanksgiving project.

Mrs. Louis McKnight was named vice president of the organization. Yearbooks were distributed, and a donation was made to the Christmas Seal fund. Mrs. Ronald White and Mrs. Dave Brooks were welcomed as new members, and Mrs. Robert Pusey and Mrs. John Fry were guests. Twenty attended.

## Holiday Celebration Held In Westbrook

WESTBROOK (SC) — Forty persons attended the Halloween masquerade party sponsored by members of the Puth Sunday school class of the First Baptist Church Saturday evening in the County Barn. Selected as having the best costumes were Royce Moore and Mrs. Sam Oden. Musical selections were given by Hoyt Roberts on the guitar and violin. Games were directed by Mrs. Charles Rame and Mrs. Troy Lankford. Refreshments were served.

Guests in the home of Mr. and Mrs. W. C. Hutchins were her sister, Mrs. Maud Lafoon, of Lawn and Mr. and Mrs. Bob Hutchins and children of Post. Mr. and Mrs. Dalton Conaway spent the weekend in Midland with their daughter, Mrs. Andy Hancock, and family. Mr. and Mrs. D. J. Barber were weekend guests of their son-in-law and daughter, Mr. and Mrs. Harold Gainey, and sons.

Mr. and Mrs. Otha Conaway spent Sunday with the Stewart Dixons in Big Spring. Richard Clemmer and Laverell Sullivan were home from Odessa for the weekend and returned Sunday.

Mr. and Mrs. Charley Oliver spent Sunday night in Lamesa with the T. O. Robinsons.

Mrs. J. A. Moody, Mrs. Fred Howk, Mrs. Jansen Jones and sons, Abilene, and Mrs. Witt Hines and granddaughter, Doris, were Sunday guests of Mrs. A. C. Moody.

Mrs. Keith Williamson, Mrs. Hoyt Roberts, and Mrs. Witt Hines, Colorado City, were in Abilene Monday to attend funeral services for Mrs. J. A.

TASTE OF NEW ENGLAND  
Fish chowder proves hearty fall favorite

## Feature Fish This Fall For Flavor Favorite

Fall is a good time to feature fish on your menus. After the big summer catches the supply is plentiful and prices low.

Fortunately, fish can be prepared so many interesting ways there is no danger of "sameness" in your meals.

One rule to follow in preparing this nutritious food is to avoid over-cooking. There is no such thing as tough fish, requiring long, slow cooking to tenderize. Fish is cooked when it flakes easily when tested with a fork. Beyond this point, cooking causes the fish flesh to become increasingly dry and chewy.

Try some of the following recipes to make your family enthusiastic fish-eaters.

**FISH CHOWDER**  
2 white onions, minced  
1/4 clove garlic, minced  
1/4 cup chopped celery  
2 tbsps. minced green pepper  
2 tbsps. butter  
2 large potatoes, diced  
2 tbsps. salt  
1 lb. cod, haddock, pickerel or whitefish  
1 1/2 cups tomato juice  
Dash of cayenne  
Dash of sage  
1/4 tsp. thyme  
2 1/2 cups boiling water  
Cover fish in pan of cold water. Bring slowly to a boil and simmer, covered, 5 minutes. Drain, reserving stock and remove skin and bones from fish. Sauté onions, garlic, celery

and green pepper in butter in large saucepan about 4 minutes.

Add potatoes, boiling water and salt. Boil until potatoes are soft.

Then add fish, stock and bring to a boil. Boil about 15 minutes. Add tomato juice, cayenne, sage and thyme to soup mixture and again bring to a boil. Makes 4 portions.

**COD FILLETS**

2 pkgs. (12 ozs. each) quick-frozen cod fillets  
1/2 tsp. salt  
1-3 cup sardines, mashed  
2 tbsps. melted butter or oil from sardines  
2 tbsps. chopped onion  
1 tsp. chopped parsley  
Place frozen fillets in greased shallow baking dish. Combine remaining ingredients and spread over fish. Bake in 400 degree oven until done, about 40 minutes. Serves 6.

Chill. Break tuna into pieces. Arrange tuna and onions on lettuce in salad bowls. Serve dressing with salads.

**OYSTER STEW**  
1 pint oysters  
1/4 cup butter or margarine, melted  
1 qt. milk  
1 1/2 tbsps. salt  
Dash of pepper  
Paprika

Heat oysters in liquor until edges curl. Add butter, milk, salt and pepper; bring almost to boiling point. Garnish with paprika. Serves 6.

**SCALLOP KABOBS**

1 lb. scallops  
1/4 cup butter or other fat, melted  
1 tsp. salt  
1/2 tsp. paprika  
1/2 tsp. pepper  
10 slices bacon  
1 1/2 cups pineapple chunks, drained  
Remove any shell particles from scallops. Cut large scallops in half. Combine butter and seasonings. Dip scallops in butter mixture. Fry bacon slowly until cooked but not crisp. Drain on absorbent paper. Cut in thirds, crosswise. Using 6 long skewers, 7/8 inches each, alternate scallops, bacon and pineapple until skewers are filled. Place skewers across a baking pan, 10x6x1 1/2 inches across. Bake in a very hot oven, 450 degrees, for 20 to 25 minutes, turning once during baking to brown the other side. Serves 6.

## Combined Seafoods Create Fine Colonial Pie For Cold Weather

As thoughts turn to our forefathers, an interest in colonial dishes is revived. Modern homemakers find there is no need to improve on some of the old-time recipes that have survived for generations.

One dish of historical interest that is just as tasty and hearty as ever is colonial pie made with shrimp, oysters and white fish, artfully blended with seasonings and topped with biscuits.

**COLONIAL PIE**  
3 tbsps. shortening  
1 tsp. minced onion  
1/4 cup minced celery  
1/4 cup flour  
1 1/2 cups hot milk  
1/2 cup cream  
2 tbsps. chopped parsley  
1 pint oysters and juice  
1 tsp. salt  
1/4 tsp. cayenne  
1/4 tsp. dried thyme  
2 cups cooked, flaked whitefish (1 pound fillet of a white-fleshed fish will make 2 cups)  
1 cup shelled, deveined shrimp  
Golden biscuits

In a saucepan, melt shortening and in it sauté onion and celery for 3 minutes, or until onion is transparent. Stir in flour and gradually stir in hot milk.

Cook, stirring, until sauce is smooth and thickened. Stir in cream, parsley and juice drained from oysters. Season with salt, cayenne and thyme.

In a greased 1 1/2 quart casserole, put half the flaked fish and pour over it 1-3 of the sauce. Add remaining flaked fish and pour over the top of the remaining sauce.

REVIVE HISTORY  
Serve a deep-dish fish pie complete with biscuits

Top with golden biscuits and bake at 425 degrees F. for 20 to 25 minutes or until the biscuits are well browned. Makes 6 to 8 servings.

**BISCUITS**  
2 cups sifted flour  
2 1/2 tbsps. baking powder  
1 tsp. salt  
2-3 cup milk  
Combine flour, baking powder and salt in mixing bowl. With a pastry blender or two knives

## Give Dash To Franks

If you have a daughter whom you want to initiate into some of the delights of cooking, let her make Festive Frankfurters. They'll delight her friends at their next party!

To flute the mashed potato mixture onto the frankfurters, it's not necessary to use a pastry tube. However, a teenager may enjoy using a tube, especially if it's a first experience and she likes the frilly touch.

This meat entree might also be served on a simple supper menu adding a cooked vegetable or salad, fruit or cookies as dessert.

Instant or heated leftover mashed potatoes may also be used in this recipe.

**FESTIVE FRANKFURTERS**  
8 frankfurters  
2 tbsps. prepared mustard  
2 cups heated seasoned mashed potatoes  
1/4 cup chopped parsley  
1/4 cup chopped parsley  
1/4 cup minced onion  
1 tsp. chopped pimiento  
1/4 tsp. pepper  
1/4 cup grated American cheese  
4 tbsps. melted butter or margarine

Split frankfurters and spread with prepared mustard. Combine potatoes, parsley, onion, pimiento, pepper and cheese.

Tube or spoon potato mixture on frankfurters and brush with melted butter or margarine. Place on broiler rack and broil at a moderate temperature, approximately 4 inches from heat, for 8 minutes or until lightly browned. Makes 6 to 8 servings.

Canned salmon and seasonings go haute cuisine

## Take Cue From Chefs In Preparing Salmon

"Why can't American women learn to make a decent white sauce? They use the sauce constantly in scalloped and au gratin dishes, but it usually looks and tastes like library paste." That's the plaint of critics of our cooking.

As American cooks are becoming better acquainted with the great dishes of the world, they are learning to use the methods of first-world chefs.

In making a sauce of this sort, a chef often varies the cooking liquid. Americans are used to dumping in milk and calling it a day. Chefs are likely to use beef, veal, chicken or fish stock for part of the milk; and they may wind up by adding a little cream. It's astonishing what a small amount—2 to 4 tablespoons—of cream can contribute.

**SALMON AU GRATIN**  
1 can (1 lb.) salmon  
Milk  
1/4 cup butter or margarine  
1/2 cup finely chopped onion  
1/2 cup sliced mushrooms  
6 tbsps. flour  
1/4 tsp. salt  
1/4 tsp. white pepper  
1/4 cup heavy cream  
2 tbsps. pale dry sherry  
1/2 cup grated Parmesan cheese

Drain salmon liquid into a pint measure and add enough milk to make 2 cups; heat to simmering. Break up and reserve salmon.

In a saucepan, melt the butter over low heat; add onion and mushrooms; cook until onion is wilted—about 5 minutes. Stir in flour, salt and pepper. Add the simmering milk mixture; cook and stir until thickened; cover and cook for 5 minutes, keeping heat very low. Stir in cream and sherry; remove from heat.

## Try Shrimp For Color

This shrimp paste hails from the South. It's such a pretty pink color, it's just right for a party.

**SHRIMP PASTE**  
1 lb. small shrimp (cooked and cleaned)  
1/2 cup (1/4 lb.) butter  
Salt and pepper to taste

Put the shrimp through the fine blade of the food chopper. Cream butter with a spoon; mix in the shrimp thoroughly, adding salt and pepper. Pack into one 1 1/2 cup mold or into three 1/2 cup molds; chill, covered, for at least several hours.

Unmold with the help of a spatula, running it around the edges and down to the bottom of the mold or molds. Serve with Melba toast or crackers.

## Blueberry Specialty

Blueberry pie, made with frozen berries, is a delectable reminder of summer.

**WINTER BLUEBERRY PIE**  
Pastry for a two-crust 9-inch pie

3 to 3 1/2 cups frozen unsweetened blueberries  
1 tsp. grated lemon rind  
3/4 cup sugar  
3 tbsps. flour  
1/4 tsp. salt  
2 tbsps. butter or margarine

Line pie plate with half the pastry. Separate but do not thaw berries: Mix lemon rind, sugar, flour and salt; mix with berries. Turn into pastry-lined pie plate; dot with butter.

Cover with top crust, having a high upstanding edge. Bake in a very hot (450 degrees) oven 15 minutes; continue baking in moderate (350 degrees) oven about 40 minutes.

## Serve Skillet Delicacy For Spicy Supper Treat

For a Sunday night supper try shrimp in a skillet.

**SKILLET SHRIMP**  
1 lb. medium-sized or large shrimp

2 cups water  
1 1/2 tbsps. salt  
1/4 tsp. peppercorns  
1/4 tsp. whole allspice  
Leafy tops of 1 or 2 ribs of celery

1 small carrot (sliced)  
1 bay leaf  
4 tbsps. butter or margarine  
1 clove garlic (crushed)

Wash shrimp in cold water; drain. Put water in a medium-sized saucepan with salt, pep-

percorns, allspice, celery tops, sliced carrot and bay leaf; bring to simmering, cover and simmer (do not boil) 3 to 5 minutes, depending on size of shrimp.

Shrimp flesh will be opaque when cooked through.

Allow shrimp to stand in liquid until cool. Drain, shell, devein and slice in half lengthwise. Heat butter and crushed garlic in 10-inch skillet until butter melts and is very hot. Add shrimp and toss over moderate heat a few minutes or until hot through. Serve at once. Makes 3 servings.

MRS. STANLEY BALLOU AND GLORIA

## Mrs. Ballou Discovers Planning Important In Homemaking Chores

By MARY COCHRAN  
Grandmother was a specialist in her homemaking duties. She had a family to feed, a house to care for and sewing to do. In those past generations she tried to gain recognition in some special field, perhaps for the best pickles at the county fair or the finest stitchery at the quilting bees.

The modern woman of today does not have time for this specialization, for her field of activities is so much greater and often the organization of her homemaking chores is one of her biggest problems.

Mrs. Stanley Ballou has developed the adaptability needed for our busy world and makes use of modern conveniences in her kitchen to serve nutritious meals on a round-the-clock basis. The warming oven serves her well when her son, Wesley, is having a late session at football practice, or the daughter, Gloria, deeply involved with her activities as a senior in high school, cannot be at home at a special time. Perhaps both children are gone at meal time to feed their 4-H Club and FFA lambs.

**PLANS IMPORTANT**  
The planning of meals is important to Mrs. Ballou. She relies on casserole dishes that lend themselves so well to split-schedule living and manages to get all the nutritional needs into her daily menu. When she leaves her job as secretary at Couden during the noon hour, she makes a trip to their home at 2501 Carol to put a roast or one-dish meal in the oven for the evening meal.

That noon hour is important, for she dines with her husband, a representative for New York Life Insurance Company, and plans what the evening activities will be. He may have an appointment, they both may be scheduled to attend the Quarterback Club where she serves as secretary and treasurer, or she may be attending Desk and Derrick Club.

**FOR BALL GAMES**  
There is a complete shift of duties on the weekend for they attend all the football games on

Friday nights and have a chance to let down a bit from the work week. Brunches are a favorite with this family on weekends, when Mrs. Ballou has the time to fix a special late morning meal, and the entire family can gather to rehash the week's events.

**ADAPTS LIFE**  
This homemaking has had plenty of training in adapting her life to the family activities. For 24 years, they were in the Air Force and moved a number of times during that period, one two-year period being spent in Casablanca, Morocco.

In that foreign post, food was flown in from the continent, and it took a bit of planning to feed her family. She has learned to rely on simple meals and constantly adjusts her menus to the regional dishes that prevail in the area where they live.

Now they are established West Texans, having spent six years in Big Spring, the longest period of time in any one community. Mrs. Ballou retired last year, ending his military career as a captain at Webb Air Force Base. They purchased a home and are active members of the community.

Mrs. Ballou shares some favorite recipes that she finds fool-proof and easy to cook.

**PORK CHOP CASSEROLE**  
4 loin or shoulder pork chops  
1 tsp. salt  
1/2 tsp. pepper  
Flour  
2 tbsps. shortening  
2-3 cup rice  
3 cups boiling water  
4 thick slices tomato  
4 rings green pepper  
4 thin slices onion  
Flour chops, season and brown in hot fat. Place in casserole. Wash rice and cook five minutes in water. Place slice of tomato, ring of pepper, and slice of onion on each chop, salt and pepper. Pour rice around chops, and bake in moderate oven one hour.

**BROWNIES**  
1-3 cup shortening  
2 squares unsweetened chocolate, melted  
1 cup sugar  
2 well-beaten eggs

## Create Creole Fish Gumbo

Famous Creole cookery originated in the Bayou country of Louisiana. This unique and different way to prepare food was the result of a mingling of French, Spanish and Indian civilizations. The first French settlers brought to the Bayou country food patterns of the French school of culinary art, sponsored by Louis XIV. The Spanish people superimposed their own highly flavored food on the French cuisine. The Indians contributed their methods of using the native okra and file. It was the Louisiana cooks, however, and their skill in combining these various influences that created Creole cookery.

Creole Gumbo is a delicious example of Creole cooking. It is made of many ingredients and the served over rice placed in a soup bowl. This gumbo recipe uses the roux (fat and flour browned) as do most Creole recipes.

**CREOLE SHRIMP GUMBO**  
3/4 cup cooking fat  
3/4 cup flour  
1 cup chopped onion  
1 cup diced celery  
1 cup chopped green pepper  
1 No. 303 can tomatoes  
1 large clove garlic, finely chopped  
1 tsp. salt  
1 tsp. thyme  
1/2 tsp. red pepper, more if desired  
5 cups water  
1 1/2 cups uncooked white rice  
1 1/2 tps. salt  
3 cups water

1 lb. fresh or frozen shrimp, peeled and cleaned.  
Melt the fat in a large skillet over a low heat. Put all the flour in one end of the skillet and gradually blend the fat into the flour. Cook slowly, about 20 minutes, to a deep brown color. Stir constantly. If possible, use a long handled spoon as the mixture gets very hot. Stir in the onions, celery and green pepper. Cook slowly, stirring occasionally, until the vegetables begin to be tender and somewhat transparent. This takes about 15 minutes.

Stir in the tomatoes, garlic, the 1 tablespoon salt, thyme and red pepper. Pour into a soup kettle or a large saucepan holding at least 4 quarts. Add the 5 cups of water. Cover and simmer 30 minutes.

While the gumbo cooks, put the rice, 1 1/2 teaspoons salt and 3 cups water in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat as low as possible. Cover with a lid and leave over this low heat 14 minutes. Remove saucepan from the heat but leave lid on until ready to serve, at least 10 minutes.

After the gumbo simmers, 30 minutes, add the shrimp. Cover and simmer until the shrimp is pink and tender, about 15 to 20 minutes.  
To serve, place helpings of the hot cooked rice in soup bowls. Top with gumbo. This recipe makes 6 to 8 servings, about 2 1/2 quarts of soup.

## Add Spice For Fish Baking

A robust flavored fish dish that may be served to guests.  
**SPICY BAKED FRANCES**  
3 lb. fish (suitable for baking) cleaned and cut into 6 slices  
1-3 cup butter or margarine  
3/4 cup chopped onion  
1 1/2 cups chopped celery  
1/2 cup chopped green pepper  
1 can (10 1/2 oz.) condensed tomato soup  
1 1/4 cups tomato juice  
1 tsp. salt  
1 tsp. chili powder  
1 tbsps. catchup  
1 tbsps. Worcestershire sauce  
2 bay leaves  
1 clove garlic (bruised and inserted on toothpick)  
1/2 lemon (thinly sliced)  
Arrange the fish slices (dipped in lightly seasoned flour) cut side down in a baking dish that they just fit in one layer and that is at least 2 inches deep. In a medium skillet over low heat cook the onion, celery and green pepper in the butter until partly softened, about 10 minutes.

Mix in all the remaining ingredients except the lemon; simmer about 10 minutes. Pour over fish; place lemon on fish. Bake in a slow (325 degrees) oven about 45 minutes. Remove garlic. Makes 6 servings.

## Casserole Popularity Earned

No matter what meat you select, beef, pork, veal or lamb, steaming casseroles are always extra-good eating.

Here's a delectable ham combination that strikes a new note in casserole cookery. Ham cubes are combined with frozen green beans, rice and onion in a unique way. Browned rice gives the dish a rich and interesting flavor.

Ham in Casserole presents an excellent way of using leftover ham. The 2 1/2 cups called for in the recipe amount to about 1 1/4 pounds of boneless meat.

**HAM EN CASSEROLE**  
2 1/2 cups cooked ham, cut in 1/2-inch cubes  
1 cup uncooked rice  
1/2 cup chopped onion  
2 tbsps. lard or drippings  
1 cup boiling water  
1 pkg. (9 oz.) frozen cut green beans  
1 can (10 1/2 ounces) consommé  
Cook rice and onion in lard or drippings, stirring constantly until rice is lightly browned, about 5 to 10 minutes. Add ham, boiling water, frozen green beans and consommé to rice mixture. Heat until green beans are broken apart.

Mix well and pour into a two-quart greased casserole. Cover tightly and bake in a moderate oven (350 degrees F.) 1 1/4 hours. Makes 6 servings.

## Stuff Rolls With Tuna

This dish is easy to prepare for that end-of-the-week meal.

**BAKED TUNA ROLLS**  
1 can (6 1/2 to 7 oz.) tuna  
2 hard-cooked eggs (chopped)  
2 tbsps. minced green pepper  
2 tbsps. minced onion  
1 tbsps. drained capers  
2 tbsps. minced pimiento-stuffed olives  
2 tbsps. sweet pickle relish (drained)  
3 tbsps. mayonnaise  
6 frankfurter rolls  
Drain tuna and mix well with all the remaining ingredients except the rolls. Split the rolls in half lengthwise but not all the way through and spread split sides with soft butter.

Fill rolls with tuna mixture; wrap in foil. Bake in moderate (375 degrees) oven about 20 minutes or until hot through. Serve at once. Makes 6 servings.

## Cauliflower Gets Pickle Treatment

This is a quickly-made pickle that adds zest to meat or fish.

**PICKLED CAULIFLOWER**  
1 large head cauliflower  
1 cup boiling water  
1 1/2 tps. salt  
1 cup each sugar and distilled vinegar  
1 bay leaf  
12 cloves and 12 allspice  
Separate flowerets from cauliflower and wash in cold water; use any small green leaves. In a 10-inch covered skillet in the boiling water with 1/2 teaspoon of the salt, boil the cauliflower until tender; drain; turn into a shallow container.  
In the clean skillet over low heat stir together the remaining 1 teaspoon salt, sugar and vinegar until sugar dissolves. Tie spices in a double-thickness of cheesecloth and add; bring to a boil and simmer 5 minutes. Pour over cooked cauliflower; add spice bag; cool; cover and chill. Remove from marinade before serving.

## Eggplant Delight

Ever French-fry eggplant? To do so, pare the vegetable. Cut the eggplant into strips, just as you would do for French-fried potatoes. Roll the strips in seasoned flour and fry in hot deep fat until they are tender and brown.

## Aid To Carver

When you are serving roast turkey, always put an extra serving plate beside the carver so that he can fill his plate as he slices.

# GOP's 'Big Year' Is A Brutal One

By The Associated Press  
 What was to have been the "year of golden opportunity for Texas Republicans" has resulted in unmitigated disasters.

Tuesday's Democratic victory led by native son Lyndon Johnson at the head of the ticket was so total and sweeping that a county commissioner is the only Republican holder of public office in Dallas County, heretofore a bastion of GOP strength.

"I feel like the lone survivor of the Lusitania," said Frank Crowley, the Dallas County commissioner.

The "year of golden opportunity" remark was made to a GOP gathering in September 1963 by Peter O'Donnell of Dallas, state party chairman and an early leader of the "Draft Goldwater" movement.

GIVE READING  
 "The 1966 elections are going to give a reading on a lot of things in the state," O'Donnell said Wednesday. He said Arizona Sen. Barry Goldwater lost his bid for the White House because the American people were unwilling to change presidents twice in less than a year.

He added that he was disappointed that the campaign centered around nuclear weapons and morality in government.

rather than a liberal-conservative debate.

Tad Smith, captain of the Goldwater-Miller effort in Texas, said the Democratic victory did not "represent a repudiation of either the conservative philosophy or the Republican party."

Smith said his surveys showed that Texans voted against Goldwater because of a mistaken belief that the senator was "trigger happy and impulsive."

He also castigated "blind, straight-ticket voting" that was a material factor in the rout of Texas Republicans running on the ticket with Goldwater.

TOWER REMAINS  
 After the ballots were counted, Texas GOP strength dropped from 10 members to one in the state legislature and from two members to none in the U.S. House of Representatives. Only Sen. John Tower remains in Washington and he wasn't up for re-election.

"I expect the administration to mount a considerable effort to defeat me in 1966," Tower said yesterday, adding that it was yet too early to assess his chances to stay in the Senate.

"I think we lost those two (congressional) seats because of the strength of the top of the Democratic ticket in the state," the Wichita Falls legislator said. Tower expressed optimism over the chances for a fast Republican comeback.

George Bush, the 40-year-old Houston oilman who became the first Republican Senate candidate in history to poll a million votes in Texas despite his defeat at the hands of Sen. Ralph Yarborough, also was optimistic.

"I'm sure that conservatism is the thing that got beat in Texas," Bush said, but he added that the task of GOP rebuilding shouldn't prove too formidable.

"There is no denying the fact that with a Texan at the head of the ticket it is hard for the Republican party to carry Texas. If Hubert Humphrey were president, there is no question in my mind that the Repu-

## 'Power Struggle' In GOP Dispelled

LOCKPORT, N.Y. (AP) — William E. Miller flatly disagrees with those who say President Johnson's landslide victory was tantamount to a "complete repudiation of the conservative policy" and will bring a "power struggle" within the GOP.

The defeated Republican vice-

presidential candidate said Wednesday that there was no way, under national committee rules, that unhappy Republicans could oust the GOP national chairman, Dean Burch.

He said, however, it was natural that, as a result of Johnson's 15-million plus plurality, there would be calls for Burch to quit and for conservatives to yield leadership of the party to others.

The GOP would, he said, hold its present course.

Miller's comments followed those of his running mate, Sen. Barry M. Goldwater.

Earlier, Miller had blamed part of the GOP's crushing defeat on a lack of party unity that "weakened the ticket from top to bottom."

Miller, Burch's predecessor as national chairman, said he planned to return to his home here and practice law sometime after his term in the House of Representatives expires Jan. 1.

## Little Trouble During Voting

WASHINGTON (AP) — The Justice Department reports it received about 50 election complaints during Tuesday's voting. It said most were minor.

A department spokesman Wednesday called this a relatively small number, which he attributed to advance public notice by U.S. attorneys across the nation that they were standing by to handle quickly any trouble that occurred.

The complaints came from 26 states — not identified — and included broken voting machines, reported threats against poll watchers and attempts to slow down voting by Negroes.

## Senate Has 1st Brothers Team

BOSTON (AP) — For two hours the U.S. Senate's first brothers' team in 161 years swapped quips and digs at a hospital bedside.

It was the day after election, and U.S. Sen-elect Robert F. Kennedy, D-N.Y., hustled to New England Baptist Hospital Wednesday to exchange congratulations with his younger brother, Sen. Edward M. Kennedy, D-Mass.

Bobby emphasized he was only visiting Boston, a joking reference to campaign charges he was a car-puncher in New York.

Ted, who scored a lopsided election victory for a six-year term in the Senate, kidded Bobby about his smaller margin in the New York election.

TALK, LAUGHTER  
 Their meeting was loud and full of laughs. Bobby brought along his wife, Ethel, and Ted's wife, Joan, completed the quartet.

Reporters waiting outside the

room had trouble distinguishing which brother was talking. One newsman explained, "They both sound so much the same, it's impossible to tell."

He added, wistfully, that both sound just like their older brother, the late President John F. Kennedy. Ted now holds the Senate post once occupied by his older brother John.

During talks with newsmen, Ted said, "I think I asked Bobby if he was ruthless."

ONE OF CHARGES  
 That was another reference to one of the charges made against Bobby during the New York election fight against Republican Sen. Kenneth B. Keating.

"Oh, no," Bobby interjected. "He's been getting pretty fresh since he's been in the hospital. He had to have his wife campaign for him."

Ted has been hospitalized since last June when his back was broken in a plane crash. He expects to leave the hospital before Christmas.

## 'Cleopatra' Box Office

HOLLYWOOD (AP) — Twentieth Century-Fox says that "Cleopatra," its \$44-million gamble that movie spectaculars are here to stay, is approaching the break-even point.

Furthermore, says a studio spokesman, "It will definitely make money."

The film is playing to capacity houses throughout the world and could be one of the all-time grossers in history, Fox said.

"It could hit a world box-office gross of \$125 million," the spokesman said hopefully.

## Now It's Midlander Against Demo Herd

AUSTIN (AP)—Frank Cahoon gallops into the Texas Legislature next January, the lone Republican among 180 Democrats.

"This is my first office," the Midland, Tex., oilman said rather wistfully. "Those guys will ostracize me."

Cahoon, 30-year-old former Wichita Falls resident, didn't plan to take on the whole Democratic herd when he decided to bid for election a few months ago.

But the big election stampede of President Lyndon Johnson cleared the state legislative corral of five GOP incumbents from Dallas County, and Cahoon was on his own.

Only once before was the Republican delegation a minority of one in the State House. That was in 1951 when a single Republican won a seat from Dallas County.

His narrow victory over Democrat Harry Lawson may have bolstered family pride.

The folks haven't been able to forget that in 1932 Cahoon's

uncle, Orville Bullington, lost the Texas governor's race to colorful Ma Ferguson by some 210,000 votes.

A better known political figure connected to the Cahoon family is Sen. John Tower, Texas' Republican member in the Upper Chamber in Washington.

Tower married a niece of Cahoon's uncle — Bullington — which, Cahoon figures, makes Cahoon and the senator second cousins by marriage. Or something. (Let those 180 Democrats figure that one, he says.)

So the Cahoons and their cohorts actually own the Republican party in Texas, as with the state house, no U.S. congressmen from Texas are Republicans.

### Gains Made By Negroes In Election

CHICAGO (AP) — Negroes won seats in four state legislatures for the first time in Tuesday's elections and scored gains in other state and local contests, an Associated Press survey shows.

They also gained at least 10 seats in legislatures of 10 states where Negroes had previously served.

There were also these firsts:

- Tennessee — First Negro member of the General Assembly since the Reconstruction era after the Civil War.
- New Jersey — First Negro assemblyman from outside the Newark area.
- Colorado — First Negro district judge.
- Alabama — First Negroes elected to four county offices in Macon County.
- The highest ranking Negro seeking re-election, Republican Atty. Gen. Edward W. Brooke of Massachusetts, piled up a 2-1 margin over Democratic State Sen. James W. Hennigan, who is white.
- Brooke did not endorse Republican Barry Goldwater for president.
- Most of the winning Negroes ran as Democrats, some as independents.
- Negroes elected to state legislatures that had been all-white included:
  - Two members of the Iowa House of Representatives.
  - A state senator in Delaware and one in Kansas.
  - Three members of the Oklahoma House of Representatives.
- Taking seats for the first time in the Iowa Legislature will be Mrs. Willie Stevenson Glanton of Des Moines and James Jackson of Waterloo. Both are Democrats.
- Herman N. Holloway, former state representative, became the first Negro elected to Delaware's Senate. He is from Wilmington, and a Democrat.
- In Oklahoma, E. Melvin Porter, an official of the National Association for the Advancement of Colored People in Oklahoma City, won a seat in the state Senate, while John B. White, Archibald Hill and Curtis L. Lawton were elected to the House of Representatives. Lawton is from Tulsa, and the other two from Oklahoma City. Both cities received increased representation in the legislature after reapportionment this fall.
- A. W. Willis, a Memphis, Tenn., lawyer who had represented James Meredith in his legal battle to enter the University of Mississippi, was elected to the Tennessee Assembly.

## President Likely To Tackle NATO Rift In Early Move

WASHINGTON (AP) — One policy may be to send a high-level representative — perhaps Hubert H. Humphrey — to Europe to talk with French President Charles de Gaulle and other Allied leaders about the split in the North Atlantic Treaty Organization.

CHARLES DE GAULLE

In administration quarters there is persistent speculation that Johnson may ask Vice President-elect Humphrey to undertake the assignment, perhaps in company with Undersecretary of State George W. Ball, the State Department's top expert on Allied problems.

There is also talk that Johnson may ask Ball alone to carry out such a mission.

Speculation that Johnson will send an emissary to Europe increases as it becomes more and more unlikely that the President himself will go there this year. During the campaign he spread the word that he might find some occasion to

address a NATO meeting in November or December. He was represented as being deeply concerned about splintering Allied unity in Europe.

#### VITAL TALKS

Actually the post-election period will bring talks in Washington of considerable importance to the alliance. Belgian Foreign Minister Paul-Henri Spaak is due here next week for consultations with Secretary of State Dean Rusk. Spaak, a former secretary-general of NATO, has been one of the European leaders most actively interested in trying to find solutions for NATO's divisive problems and for the severe economic disagreement between France and West Germany within the European Common Market.

#### BRITISHER COMING

In about a month, British Prime Minister Harold Wilson plans to come here for talks

with Johnson. He is anxious to find some formula for shifting Britain's nuclear weapons for to NATO and he would like to modify the U.S. plan for a NATO nuclear navy toward which the British have been cool for several years.

The key personality in the discussion which could tear NATO apart is De Gaulle.

He is threatening to drop out of the Common Market unless West Germany comes to terms quickly on a European grain price plan. He has also implied that so far as France is concerned U.S. success in carrying through the plan for a NATO nuclear navy would split NATO wide open — the implication being that France would virtually withdraw from the alliance.

### Two-Car Crash In Valley Fatal

ALTO BONITO (AP) — A 70-year-old Sullivan City man was killed Wednesday in a two-car collision 15 miles south of Rio Grande City. Two other persons were hurt.

Killed was Felipe Garza. His death marked the 71st of the year in the Lower Rio Grande Valley from traffic accidents.

## Television Sets On More Now

NEW YORK (AP) — The average television set — and there are now almost 62 million of them in almost 52 million American homes — was in use for 5 hours and 36 minutes a day during the two-week period ending Oct. 11, according to the latest Nielsen estimate. A year ago the estimate for the same period was 5 hours and 6 minutes.

That statistic pretty well demolishes the frequently expressed opinion — maybe it is just a wish — that the vast audience after all these years is finally becoming more selective about its viewing. It looks as if we are watching it more, even if we do hear more complaints about enjoying it less.

As far as our favorite viewing hours are concerned, the Nielsen figures indicate that between 6 and 7 p.m. some 41 per cent of our sets are turned on. Between 7 and 8, it climbs to 54 per cent and moves up to around 64 per cent during the

### Second Negro On School Board

HOUSTON (AP) — A second Negro has been elected to the Houston School Board.

Asberry Butler Jr., 31, a lawyer, defeated two opponents, including Lesley Walker Jr., for a place on the seven-member board that supervises the nation's sixth largest school district.

Mrs. Charles White, wife of a Negro dentist, became the first Negro ever elected to the board in 1958. She was re-elected in 1962.

### Former Mayor Asks New Trial

HOUSTON (AP) — Former Pasadena Mayor Sam Hoover's attorneys have filed a motion for a new trial in his income tax fraud conviction.

Hoover was convicted last month in federal court at Laredo of charges that he did not report his total income from 1957-60. He is scheduled to be sentenced next Monday.

### Mexico Seizes Struck Airline

MEXICO CITY (AP) — Planes of the strike-bound Mexicana Airlines, taken over by the government temporarily, were operating on scheduled flights again today.

President Adolfo Lopez Mateos issued the decree to take over the airline early Wednesday. A spokesman said the move was designed to avoid a situation similar to one last year in which a strike grounded the company's planes for a month.

He said talks to end the strike will continue and government intervention will end when the strike is settled.

The strike began Sunday when 2,200 ground personnel walked out in a dispute over their demand for a 20 per cent wage increase. The company offered 15 per cent.

### Texans Log Record Vote

DALLAS (AP) — A record 2,582,205 Texans voted in Tuesday's general election, the Texas Election Bureau said.

The bureau's final tabulation made Wednesday gave President Johnson 1,633,117 votes, 63.1 per cent of the total.

Barry Goldwater received 944,873, or 36.7 per cent. The other 2 per cent — 4,215 votes — went to Joseph Lightburn, Constitution party candidate.

The Election Bureau at 5 p.m. Wednesday had counted returns from all 254 counties, 195 complete, with 5,416 of 5,525 precincts, 5,383 complete.

In 1960 the state vote was 2,311,944, then a record. John F. Kennedy received 1,167,932 votes in his race against Richard Nixon for 50.3 per cent of the total.

### District Meeting

The Lone Star Boy Scout District will have its monthly meeting at Cosden Country Club today at 7:30 p.m. Continued attention will be given the fall membership roundup, which is due special emphasis within the next 45 days. Plans for special events will be talked, and officers for the next year will be elected, said R. L. Tollett, chairman.

# Housing Vote Contest Due

SAN FRANCISCO (AP) — The decision of California voters on a controversial housing initiative seemed certain today to be headed for the courts to test its constitutionality.  
 And officials in Washington announced immediately after Tuesday's vote on Proposition 13 that California will receive no more federal money for urban redevelopment.  
 While they gave President Johnson a whopping 1.3-million vote victory over Sen. Barry Goldwater, Californians went even further in giving Proposition 13 a 1.5-million vote edge.  
 The proposition nullifies most of the Rumford Act, passed by the legislature in 1963 to outlaw racial discrimination in most state housing. The proposition leaves it to the discretion of landowners to decide to whom they would sell or rent.  
 Sacramento attorney Nathaniel Colley, regional counsel for the National Association for the

Advancement of Colored People, said he will file suit "with-in one week" in California Supreme Court asking that certification of the results of Proposition 13 not be accepted.  
**Film Toughie Playing Pope**  
 BERGAMO, Italy (AP) — Rod Steiger, screen tough-guy, plays Pope John XXIII in a movie being filmed in Italy.  
 Work began Wednesday at Sotto il Monte, Pope John's hometown.  
 The director of the Italian-French production said Steiger will not use any special makeup in portraying the portly, peasant priest. He is interested more in capturing Pope John's spirit than in striving for a close physical impersonation.

# U.S. Turnout 'Falls Short'

WASHINGTON (AP) — Still incomplete returns from Tuesday's election indicate that the total voter turnout fell far short of the predicted 71.1 million but probably topped the 1960 total.  
 With 173,152 of 175,756 polling units counted, President Johnson had 42,038,243 votes to 26,449,960 for Sen. Barry Goldwater, a two-party total of 68,488,203.  
 In 1960, the total of presidential votes for all candidates — Democrat John F. Kennedy, Republican Richard M. Nixon and minor parties — plus those cast for unpledged presidential electors in Louisiana and Mississippi totaled 68,832,778.  
 The 2,604 precincts still unreported come mostly from sparsely settled areas, which probably have about 200 votes each.  
 This would mean the present totals will be swelled by about half a million votes from these 2,604 precincts, plus the minor party vote estimated at about 200,000 based on the 1960 totals.

# Democrats Grab Control Of 5 State Legislatures

NEW YORK (AP) — Democrats ousted Republicans from control of both houses of the legislatures in five states, took over one house in five more states, and scored gains in a dozen others.  
 The GOP picked up a few legislative seats in several states, notably California.  
 The big Democratic victories Tuesday were in New York, Michigan, Indiana, Iowa and Utah.  
 The Democrats took over one house in Colorado, Wisconsin, Montana, Wyoming and North Dakota.  
 New York — Democrats won the Senate 34-24 and the Assembly 88-62, to get control of both houses for the first time in 30 years. The GOP leaders of both houses were defeated in their districts. With present Republican margins of 33-25 and 85-65, Gov. Nelson A. Rockefeller is expected to call a quick special session to reapportion the districts before the Democrats take over.  
 Michigan — Latest returns gave the Democrats margins of 72-28 in the House and 23-15 in the Senate, reversing the GOP majorities of 58-42 and 21-11. The Democratic sweep followed a reapportionment, but Democratic leaders have promised an effort at harmony with GOP Gov. George Romney.  
 Indiana — Democrats won both houses for the first time since 1936, taking the House 77-23 and the Senate 35-15. The GOP margins had been 56-44 and 25-24 with one vacancy due to death.  
 Iowa — The Democrats won both houses for the first time in 30 years, taking the Senate 35-24 and the House 124-101. The GOP controls the present legislature, elected before a reapportionment, by 38-12 in the Senate and 79-29 in the House. The reapportionment added seats.  
 Utah — The Senate will be Democratic 15-12 and the House 39-30, reversing GOP margins of 13-12 and 34-30 in the 1963 legislature. A reapportionment added seats.

Colorado — The Democrats captured the House 42-23, reversing a 41-24 GOP majority, but the Republicans gained one in the Senate to boost their margin to 21-14. Officials of both parties said the GOP would have lost more except for the recent redistricting which it controlled.  
**Commissioners Canvassing Votes**  
 Howard County Commissioners Court began canvassing the votes cast in Tuesday's general election at 10 a.m. today.  
 The commissioners are required by law to canvass the returns as soon after an election as practical, and the deadline for submission of the certified results to the state is specified in the law.  
 Approximately 9,700 votes were cast in the election in the county's 16 voting boxes.

**GETS 35-YEAR SERVICE PIN**  
 Cuin Grigsby, (left) is congratulated by C. R. Anthony  
**Grigsby Gets Anthony's 35-Year Service Pin**

Cuin Grigsby, local manager of the C. R. Anthony store, received his 35-year service pin from C. R. Anthony recently. "The Chief," as Mr. Anthony is called, takes over the presentation duties when service time reaches 35 years. Grigsby was also complimented for his contribution in training managers. Nineteen young men have received their training in the Big Spring store and have gone out to stores of their own.  
 When Grigsby started with the Anthony chain in 1929 there were only 41 stores. He worked in the afternoons and attended Oklahoma A&M College in the mornings. There are now over 300 stores in the chain.  
 Only one other manager, now active, has received this solid gold set with seven diamonds, 35-year service pin. Grigsby has been a close friend of the Anthony family throughout his career as a manager. The Big Spring store is rated as a leader, and one of the most profitable operations in the system.  
 Grigsby serves, in addition to his management of the local store, as district manager over other stores in this area.

### Young Taft Loses; Waits Vote Canvass

COLUMBUS, Ohio (AP) — Sen. Stephen M. Young, who said "the heck with it" and went to bed thinking himself a loser election night, faces a second term as U.S. senator from Ohio.  
 Republican Rep. Robert Taft Jr., who held a premature victory celebration when it appeared he had survived the Johnson landslide and unseated Young, says he'll wait for an official canvass of the voting before deciding whether to request a recount.  
 Young, a 75-year-old hard-line Democrat, told friends in Washington Wednesday night that he had tried unsuccessfully election night to call Taft and personally concede the election.  
 At about that time, Taft was telling a news conference, "I think I've established some independence (sic) of my own," alluding to his father, and the late "Mr. Republican" Sen. Robert A. Taft.  
 But at midday Wednesday, the lead went over to Young for good. Final Network Election Service figures gave him a 13-074-vote margin.  
 Taft said: "In view of the extremely close race and the surprising results in certain areas, I will await the official canvass before making a final statement or decision (on a recount request)."

**Dear Abby**

**Write 'Finis'  
To The Story**

DEAR ABBY: We were high school sweethearts, but he went away to college and then married an out-of-town girl. In the meantime, I married someone else, too. After many dull years, I filed for divorce. I had no children, thank heavens. Fate brought him back to visit his parents this summer, and it was just like old times. He is more handsome than ever. He had his two teen-aged sons with him and I loved them immediately. There was nothing out of the way—just good, clean fun. Besides, we were with our parents most of the time. He told me he wasn't happy with his wife, but will not divorce her because of the boys. When they went home, the boys started to correspond with me, but their mother put a stop to it. How narrow-minded can you get? Don't you think children have a right to choose their own friends? How can I set her straight?

HOME TOWN SWEETHEART  
DEAR SWEETHEART: You can't "set her straight" so don't try. She considers you a threat, with good reason. This is not simply a matter of children "choosing their own friends." If you "love" the boys, and it was actually all "just good, clean fun," write finis to the chapter and close the book.

DEAR ABBY: I have a weak muscle (or nerve) in one eye and it makes me look cross-eyed. A local eye doctor said it was too slight to correct surgically for cosmetic reasons, but it is driving me out of my mind. Abby, I can't look at anybody any more. When I ask my family how bad they think it is, they say they don't even notice it. But I know they just don't want to tell me the truth because they are afraid of hurting my feelings. Maybe THEY can't notice it, but when a small child asks you WHO you are looking at when you are looking directly at HIM, something must be wrong. How can I get the truth? NEEDS TO KNOW

DEAR NEEDS: Ask a few people on whom you can rely to tell you the truth. Then go to another doctor and ask him. Even though the eye is only slightly off, if it bothers you excessively, perhaps surgery should be performed for your peace of mind, which is every bit as important as for cosmetic reasons.

DEAR ABBY: What do you think of a man who will eat the outside of a cake and the inside of a pie, and leave the less desirable parts for his family? JUST WONDERING

DEAR JUST: I think he is a gluttonous galoot. And if he's yours, you have my sympathy.

Problems? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

**Child Leads Meek Police**

SHREVEPORT, La. (AP) — Eight-year-old Denise Bowman was more than an hour late returning home from school Wednesday and her mother telephoned police for help.

Four squad cars sped to the area. Patrolman D. D. Welch soon found Denise walking toward her home. He stopped and asked her to get into the car.

Denise refused.

"My mama told me not to talk to strangers or get into a car," she said.

Welch followed her home in the patrol car.

**Democratic Solon Leads In Alaska**

ANCHORAGE, Alaska (AP) — Absentee ballots apparently hold the key to the winner of Alaska's lone seat in the U.S. House of Representatives.

With 320 of the state's 356 precincts reported Wednesday night, Democratic incumbent Ralph J. Rivers led Republican Lowell Thomas Jr., 30,466 to 29,991. About 4,500 absentee ballots will be counted next week.

Thomas, son of the explorer and news commentator, is making his second attempt to unseat Rivers, who has represented Alaska since statehood in 1959.

# Brine Disposal Case Recessed

AUSTIN (AP)—The Superior Oil case, which Texas oilmen are watching for a guideline on regulation of their brine and waste disposal, is in recess until Nov. 29.

Testimony ended Wednesday and Dist. Judge Herman Jones gave lawyers more time to submit briefs before final arguments.

Superior and three intervenors

seek an order prohibiting the Texas Water Pollution Control board from regulating oil field salt water and waste disposal. Superior contends the Railroad Commission, one of the intervenors, has exclusive jurisdiction.

Others joining Superior are Sun Oil Co. and George Mitchell and Associates.

The board says the 1961 law creating the board is broad enough to include regulation of oil field waste disposal. Atty. Gen. Waggoner Carr so held in 1962, but reconsideration of the suit was under way this spring when the Superior suit was filed.

Orders are already in effect prohibiting disposal of salt water in unlined pits in several northwest Texas counties.

# Peking, Soviet Getting More Comradely?

MOSCOW (AP)—A new phase of great importance to the rest of the world may be opening in Soviet-Chinese relations.

Moscow and Peking have quit saying nasty things to each other. Premier Chou En-lai is leading a high-powered Chinese team to Saturday's Revolution Day celebration in Moscow.

But the Kremlin remains on "the road to doom," Peking's definition of the Soviet course toward a world Communist meeting. And national interests of the two big Communist powers remain different.

**EASE DISCORD**  
There is no sign of the radical thinking that would be necessary for a change in the Soviet or Chinese outlook toward other countries.

There is, however, a possibility of agreement to handle Soviet-Chinese differences in a more comradely fashion than was done when Nikita Khrushchev led the Soviet Union. His ouster Oct. 14 by less excitable men created the possibility.

The new Soviet leaders have indicated they intend to go ahead with Khrushchev's plan for a meeting to prepare for a world Communist conference, and then to hold the conference. But they are silent on his timetable, Dec. 15 and mid-1965.

**SEEK GAINS**  
The new Soviet leadership has gone out of its way to proclaim a desire for improved, peaceful relations with the West. Such relations are a natural development of the drive to better economic conditions at home and to avoid mutually destructive nuclear war.

# Vote Looms In Pakistan

KARACHI, Pakistan (AP)—At a village railroad station in the rice country of East Pakistan, a slender, silver-haired woman stood in the doorway of her coach and smiled at the crowd screaming: "Long live the mother of the nation!"

In a desert town 1,200 miles away in West Pakistan, a tall, ruggedly handsome man strode to the microphone and raised his hands to quiet the cheering throng gathered to hear him speak.

These two, both popular, are Fatima Jinnah and President Mohammed Ayub Khan, and one of them will be elected president of this nation of 100 million for the next five years.

**NATIONAL SCOPE**  
The election, starting this month, is the first on a national scale since this Moslem nation became independent in 1947.

Miss Jinnah, wispy 71-year-old sister of Pakistan's founder, the late Mohammed Ali Jinnah, is the presidential candidate of the combined opposition, five parties ranging from far left to far right. She is about the only thing they agree on.

Ayub, 61, urbane field marshal who seized power in a bloodless coup in 1958, is running under the strong-president constitution he promulgated in 1962 in ending four years of martial law.

**NEXT MARCH**  
Basic Democrats, chosen directly by the people, compose an Electoral College which will vote next March for president and members of the National and Provincial assemblies.

Actually, the election represents a contest between rival systems as well as candidates.

Miss Jinnah says Ayub's authoritarian regime amounts to a dictatorship. She wants to restore the parliamentary type of government.

Ayub says restoring parliamentary government would bring back the pre-1958 days when governments fell frequently, corruption was rampant, the economy was adrift and the people sank deeper into poverty.

**START MADE**  
Ayub has restored political order in the country and made an impressive start on the awesome task of economic development. But per capita income is about \$73 a year, among the lowest in the world.

Ayub is expected to defeat his opponent, mainly because of his greater strength in West Pakistan. Some experts also feel that the Basic Democrat system he initiated tends to favor the incumbent.

# Solid Foundation For Alliance Eyed

WASHINGTON (AP)—Asst. Secretary of State Thomas C. Mann says it is necessary "to sacrifice short-term political advantages and personal gain" in order to lay "solid and enduring foundations" for the Alliance for Progress.

# International Confab On Cambodia Muddled

WASHINGTON (AP)—Soviet Ambassador Anatoly Dobrynin discussed with Secretary of State Dean Rusk Wednesday the possibility of an international conference on Cambodia and its border problems.

Department press officer Robert J. McCloskey noted that Cambodia's Prince Norodom Sihanouk had proposed a conference a month ago. The

proposition has been discussed by interested governments from time to time since, the press officer said.

# Barry Out Clowning

PHOENIX, Ariz. (AP)—Sen. Barry Goldwater dashed off a wry family joke Wednesday about his loss to President Johnson.

Goldwater drove to Scottsdale, near his home, to buy some paintings. One was a Mark Coomer painting of a clown weeping.

He bought it for his daughter Peggy, saying she likes clowns.

He put this card with it: "I voted for Barry."

The bidding:

Pass Pass

Opening lead: Seven of ♠  
South's one no trump response to his partner's take-out double holding only five points in high cards does not meet with our approval. Altho he has the opponent's suit well stopped, South should have a little better hand for his bid—one no trump in this situation designates about eight or nine points. Inasmuch as he has no real suit of his own, and a pass would be unthinkable, it is suggested that South respond in the cheapest available three card suit—hearts. Partner should be trusted to base any subsequent actions on his own holding.

West opened the seven of diamonds against three no trump, and dummy's queen won the trick as East dropped the nine.

South observed that his work was cut out for him inasmuch as he lacked entries to spade plays from his own hand.

The queen of spades was led at trick two and West won with the ace. A diamond continuation appeared risky, so West shifted to the ten of clubs. Dummy played the king and returned the jack of spades. East was in this time and led back the queen of clubs.

South won the trick with North's ace and cashed the ten of spades on which West discarded a diamond. From East's failure to return a diamond when he was in, declarer concluded that West had started with a six card suit. He also appeared to be marked with both the king and queen of hearts as part of his opening bid. If declarer's assumptions were correct, then a profitable series of end plays were in the offing.

The jack of hearts was led, putting West in with the queen. The latter was down to all red cards and, being reluctant to lead a diamond, he exited with the nine of hearts. North's ten was played, holding the trick. The ace was cashed, dropping the outstanding hearts, followed by dummy's four which was established as a thirteenth. West was down to three cards—the K-10-8 of diamonds. A diamond was led and ducked into his hand, forcing him to surrender the last two tricks to South's ace-jack. In all, declarer won three hearts, three diamonds, two clubs, and one spade for nine tricks and game.

# Westbrook Festival Set

WESTBROOK (SC)—The annual Harvest Festival, sponsored by the High School Senior Class, will be held Nov. 14, beginning at 6 p.m. Booths and concessions stands, including cake walk, bingo, fishing, and other forms of entertainment will precede the crowning of the King and Queen of the High School, and Prince and Princess of the grade school. The crowning will climax the evening of entertainment, with all classes taking part.

High school class candidates are: seniors — Larry Bell and Janella Williamson; juniors — David Rich and Darlene Lafkord; sophomores — Harrell Green and Me-Lissa Killough; freshmen — Raymond and Brenda Rich.

Grade candidates for Prince and Princess are: Eighth grade — Donnie Jarratt and Sue Bell; seventh — Danny Whitehead and Rebecca Matlock; sixth — Mike Moorehead and Sandy Anderson; fifth — Gaylord Rich and Susan Yelding; fourth — Randy Anderson and Donnie Rich; third — Tim Oden and Sandra Rich; second — Rodney Moore and Melanie Parsons; first — Earnest Reyes and Connie Christian.

Senior class sponsor is Mrs. Charles Maughon.

# Grand Jury Pushes Work

Howard County grand jury, empaneled Wednesday morning, was pushing ahead with its work today. Attendants said the grand jurors expect to finish up their investigations and submit their report to the court sometime this afternoon. They had several cases yet to consider Thursday morning and the third floor corridor was still well stocked with witnesses waiting to be called into the grand jury room.

The grand jurors had 25 major felony cases on tap when they were ordered to work Wednesday. One of these involved a defendant accused of bank robbery. Two involved men charged with armed robbery.

The grand jury for the October term is headed by R. W. Andrews as foreman. Members are M. C. Grigsby, Pat Boatler, Jeff L. Brown, James E. Felts, O. H. Derrington, J. D. Elliott, W. O. McMeans, I. G. Hudson, M. J. Spruill, J. W. Fryar Jr. and Alvin Walker.

# Cabot Employes Favor Local Union

Eligible employes at Cabot Carbon Corp. Wednesday voted 40-30 to have Local 826, International Union of Operating Engineers represent them, according to the National Labor Relations Board spokesman that conducted the voting. All eligible employes voted, and there was one contested ballot.

Following a five-day waiting period, the board will certify the local union as bargaining agent for Cabot employes here, and the way will be open for the local and the company to negotiate a work contract.

# Five Congress Races Undecided

WASHINGTON (AP)—Five congressional races — one for the Senate and four for the House — were still undecided today, two days after the election.

In the close Senate contest Democratic Sen. Howard W. Cannon of Nevada may have to await the official canvass some three weeks from now to learn whether he withstood the challenge of Republican Lt. Gov. Paul Laxalt.

The outcome will determine whether the new Senate will consist of 68 Democrats and 32 Republicans, or be split 67 to 33.

The House contests, all involving incumbents: Alaska, at large — Absentee ballots probably will decide the issue between Democratic Rep. Ralph J. Rivers and Republican Lowell Thomas Jr.

Missouri, 7th District — Absentees likely to choose between Republican Rep. Durward G.

Hall and Democrat James A. Thomas.

New York, 15th District — Final tally between Democratic Rep. Hugh L. Carey and Republican Luigi R. Marano awaits canvass by the Board of Elections.

New York, 30th District — Republican Rep. Carleton J. King has lead of only 148 votes over Democrat Joseph J. Martin and Gov. Nelson A. Rockefeller has ordered voting machines sealed pending a recount.

# Cambodia Drops Scout Movement

TOKYO (AP)—Cambodia's Boy Scouts Association has been dissolved after the chief of state, Prince Norodom Sihanouk, charged the scout movement was linked with "our deadly enemies," Communist China's New China News Agency said today.
