Worm Always Turns

This year's sophomores were once called "green." So they adopted the motto: "We Are Not So Green Any More Because We Are Working Our Way Up," and will enter a huge nine-segment worm in Friday's parade.

Bonfire Launches Homecoming Plans

Big Spring homecoming activities will begin with a big pep rally and bonfire on the east campus of Big Spring High School at 6:30 p.m. today.

supper, sponsored by the senior class, will be held in the high school cafeteria, with the public invited. Tickets will be \$1 for adults and 40 cents for students.

will have special programs, while some of the class activities will be informal.

High school students have been gathering bonfire material for several days and a "pile" as big as a small house has been built.

Half-time activities at the game will include the crowning of the football, band, and homecoming queens.

Mrs. L. R. Mundt, Class of 1915, says no special program has been planned.

The parade, beginning at 4:30 p.m. Friday, will start at Sixth Street on Main. It will then move north on Main to Second, west on Second to Scurry, and south on Scurry to Sixth, and disperse.

The homecoming dance, for high school students and guests only, will be held at the gymnasium from 10:30 until midnight.

All exes are invited to a reception for the Class of 1925, with Mrs. Bob Satterwhite, chairman, in Room 3 at the Settles Hotel after the football game.

Groups, floats, and cars, in the order appearing in the parade, will be: Webb AFB Color Guard, "band queen," Steer band, "Music Man" car; Rainbow Girls, Amateur Radio Club, Boy Scouts, senior class, victory bell, Texas Little League, Ever-Ready Civic and Arts Club, Court Jesters, Goliad band, Goliad cheerleaders, Future Homemakers of America, Girl Scouts, Key Club, Class of '35, student council-homecoming queens, Officers Wives Club, junior class, Rummels band, Rummels cheerleaders, National Honor Society, Alpha Chi Sorority, sophomore class (worm), Future Teachers of America, Quarterback Club, International Wives Club (2 cars), Foreign Language Club, French Club, car, VIC car, YMCA car, student council.

This year's homecoming activities will include classes of 1915, '25, '35, '45 and '55. Some

Jap Riots Don't Keep U. S. Sailors On Sub N-Craft Moors Amid Protests

SASEBO, Japan (AP) — Crewmen from the U.S. nuclear submarine Sea Dragon went sightseeing unmolested in Sasebo today shortly after Japanese riot police broke up a leftist sit-down protest that fell far short of its organizers' estimates.

tra-left Zengakuren Students Association charged when police began forcibly hauling them off the four-lane street leading to the big American base. Many of the students wore crash helmets, and injuries apparently were limited to bloody noses, bruises and scratches.

No incidents involving Americans were reported. Police maintained a strong guard at the U.S. Navy base in the southern Japanese port. They were uncertain whether the demonstrators had withdrawn to regroup or had abandoned their protest because they failed to draw the 10,000 to 15,000 persons their leaders had predicted.

The major part of the demonstrators — mostly Socialists and leftist labor unionists — watched the student-police struggle but did not join in. After police had cleared out the students, the others left voluntarily.

3-DAY STAY The Sea Dragon, first nuclear-powered warship to visit the only nation ever atom-bombed, arrived this morning for a three-day recreational visit.

Navy men, including some crewmen from the Sea Dragon, began leaving the base soon after for routine shore leaves.

The visit brought strong reaction from opponents of the conservative government. Public demonstrations, however, have been minor compared to those that swept the country when the government concluded the U.S.-Japan security treaty in 1960.

The commander of the Sea Dragon, Capt. Douglas B. Guthe of Pawling, N.Y., told newsmen his crew was aware of the demonstrations, "but we see no reason why they should be bothered by a small minority."

All exes are invited to attend open activities, and go to the football game by class groups if included in the classes observing homecoming.

TRISKAIDEKAPHOBIA TIME Victims Dread Arrival Of Another Jinx Day

The Greeks had a word for it. (It seems the Greeks had a word for nearly everything.)

And if you are a victim of it, better make plans to stay in bed Friday.

lieve in witches and goblins. We have no fear of split salt or walking under ladders. Or, for that matter, of shiny black cats which parade with awesome dignity across our paths.

For this jawbreaker, (which you probably won't find in your dictionary) means "fear of Friday the thirteenth." If you look at your calendar, you will note that Friday (tomorrow) is the 13th. It will be the second Friday 13th of 1964. The first, in case you have forgotten, was in March. There were two Friday 13ths in 1963 — in September and December.

ONE IN '65 In 1965, however, only one Friday is so luckless as to occur on the 13th. The one jinx day of next year will be in August.

Despite the progress of man in the world of science and literature and in face of his debatable gains in humanity and intelligence, there are millions of otherwise very modern characters who look with consuming dread on all Fridays and with even greater fear when a Friday happens to fall on the 13th day of the month.

BULLETIN

NEW YORK (AP)—Police today reported that jewelry valued at \$111,000 has been stolen from the swank home of Mrs. Clarence H. Mackay, mother-in-law of songwriter Irving Berlin.

Drouth Crop Loss Persists

CHICAGO (AP) — Damages mounted in many segments of the nation's economy today as a long spell of unseasonably warm, dry weather showed no signs of a general, immediate break across wide areas from the Rockies to New England.

The severe drouth, termed by Weather Bureau officials as the worst in history in parts of the East and Midwest, has dealt crippling blows to farmers and dairymen.

Heavy, soaking rains are needed desperately to bring relief to thousands of farmers and to halt the mounting outbreak of fires in bone-dry forest and timberlands.

Most of the Far West was out of the dry belt. Heavy snow and rain pelted areas in the region earlier this week and today a new Pacific storm moved inland through Oregon, setting off more snow in the western mountains and spreading rain along the Pacific Coast.

East Hires Rainmaker

FITCHBURG, Mass. (AP) — Back when the country was younger, Pueblo Indians did a masked dance to bring rain. Hopi Indians snake-danced for rain. Tribal medicine men trotted out their strongest magic for the same end.

Now rainmaking is being tried again, this time in Massachusetts. No snake dancing is involved or magic — just science. But, as the Indian rain doctors found out, the results are uncertain, and even if rain falls, no one can be sure the rainmaking caused it.

MOSTLY FAILS Despite the continued efforts of a professional rainmaker, only .03 of an inch of drizzly rain has fallen on this drought-stricken highly industrialized city in the past 48 hours.

Dr. Wallace E. Howell, head of W. E. Howell Associates of Lexington, which has been hired by Fitchburg-area industrialists to make rain over the parched area, had four silver iodide generators in operation Wednesday.

Mistrial Declared In 1944 Fatality

CELINA, Tenn. (AP)—A mistrial was declared at the state's request in the second degree murder trial of Grover Jones for a Dec. 31, 1944, hit-and-run auto death today.

CELINA, Tenn. (AP) — The state requested a mistrial in the second degree murder trial of Grover Jones today because two defense character witnesses were related to members of the jury.

Judge John A. Mitchell took the request under consideration and did not announce a decision immediately.

The request climaxed the four-day trial of the 55-year-old Indianapolis handy man accused of driving a hit-and-run car which killed Newt Lee, 64, Dec. 31, 1944.

The state's case was based on an 18-year, 100,000-mile search by the victim's son, Wel by Lee, 51, who had vowed to find the man who killed his father.

The request was made after the all-male jury returned to the Clay County courtroom today. It received the case late Wednesday, deliberated an hour and informed Mitchell it couldn't agree on a verdict.

Arson Suspected As Blaze Kills 7

HOLYOKE, Mass. (AP) — Seven persons — five of them children — perished when a general alarm midnight blaze, believed to be arson, destroyed a five-story tenement today.

Pay increases now are more orderly. Price increases are regulated. But inflation still is at a dizzy pace. The cruzeiro is at the almost all-time high of 1,700 to the U.S. dollar after having steadied temporarily at 1,200 immediately after the revolution. Two years ago it was 600 to the dollar.

TARGET DATE Finance Minister Otavio Gouveia de Bulhoes has optimistically set next June as target date for checking the galloping inflation and stabilizing the economy.

Roberto Campos, economic planning minister, back from a money-hunting mission in Washington, said that Brazil needs a billion dollars to meet the deficit in its balance of payments in 1965 and 1966. More aid will be needed to grease the machinery of development necessary for the firm future of this nation whose population in less than a decade will total 100 million.

JOHNSON CITY, Tex. (AP) — President Johnson and the president-elect of Mexico, Gustavo Diaz Ordaz, meet informally here today.

The 53-year-old Diaz Ordaz and his wife were flying direct from Mexico City to Johnson's ranch near here for a day and a half of get-acquainted talks.

An elaborate barbecue spread awaited them. The President and Mrs. Johnson wanted to get the hands-across-the-border sessions started in a relaxed, friendly atmosphere.

EARLIER SESSIONS Earlier this year, Johnson met twice with Mexican Pres-

dent Adolfo Lopez Mateos — once in California for two days and again in September when the El Chamizal area at El Paso was returned to Mexico.

Officials stressed that this latest meeting would be unofficial and informal because Diaz Ordaz will not be sworn in until Dec. 1.

Handshakes and embraces — embracing a welcome guest — take the place of cannon salutes and honor guards. Afterwards there may be a joint statement but no formal communique.

WORLD PROBLEMS Government officials speculated the sessions would include important general discussions of international, Latin-American and bilateral problems.

Today's schedule called for the President and Mrs. Johnson to meet the Diaz Ordaz plane at the ranch airstrip. Some 250 guests will be on hand.

Then the President will lead his guests to the ranch barbecue picnic grounds under the oak trees along the Pedernales River that runs in front of the white frame and stone ranch house.

Rescued six

Another volunteer worker, Ronald N. Langlois, 19, said he was able to get into the burning building three times and rescue six or seven children. But, he said, on his fourth trip flames began circling behind him and he had to dash from an upper floor despite the screams of children.

The victims apparently were trapped on the upper floors when flames spread inside from the rear porch and raged up stairways.

FEDERAL CONTRACT To Odessa Firm

WASHINGTON (AP) — The Interior Department has awarded a \$44,244 contract to Franklin Supply Co., of Odessa, Tex., for 22,200 feet of casing to be used in five wells at the cliffside helium field near Amarillo.

A \$51,420 public health service grant went to Crockett, Tex., to help finance a \$171,400 sewer project.

Texas Family Approaches Record On Military Service

TYLER, Tex. (AP) — The Owen family of Texas can approach the national record for brothers in military service, but not quite reach the 10 recorded by the Thompsons of Lawler, Minn., and the Vaughns of Crawfordville, Ind.

The Owen family had eight sons in World War II, five of them in combat.

They are the sons of Mrs. George Owen and the late Mr. Owen.

The sons and their present residences: Ernest R. Tyler, Navy Euro-pean Theater; Newburn M., El Paso, Navy, Pacific Theater; the late Dan D., stationed with the Army in California; Buster C. Tyler, Navy, Pacific Theater; Willie John, Wichita Falls, Army, stationed at Ft. Bliss; Durwood R., New Orleans, Air Corps, stationed in the San Antonio vicinity; Lester R., Dallas, Army, Pacific Theater; and James J., Spring Valley, N. Y., Army, European Theater.

Kiwanis Oratory Contest Planned

Three finalists will be chosen Saturday in elimination contests for the First Annual Kiwanis Club Student Oratorical Contest.

The eliminations will be in the small auditorium at the Howard County Junior College starting at 10 a.m. The theme of each original oration is "American Free Enterprise—Our Hope for the Future."

The three selected as finalists Saturday will compete before the Kiwanis Club Thursday, Nov. 19, and the winner at that time will be presented with a \$100 cash prize. The second place winner will receive \$50 in cash and the third \$25.

The contest initiated this year was open to all HCJC students. Nine will compete Saturday according to Dr. Martin Landers, HCJC speech instructor, who has handled the entries at the college for the club.

The rules for the original orations provide the speech by a contestant must be delivered without manuscript or notes and cannot be shorter than seven nor longer than 19 minutes.

The entrants who will compete Saturday are: Gary W. Kendrick, William Boyd, Sandy Modgling, Ralene Snow, Edward Hart, Byrum Lee Jr., Lynn Palmer, Arnold Gibson and Shara Bryan.

The judges for the elimination contest have not been announced. Jim Thompson, Kiwanis Club member, is in charge of the club activities in the contest. He said that three judges are to serve in the elimination.

All Kiwanians are urged to attend the eliminations. The general public is also free to attend.

What's the catch? There isn't any. Plunk \$1701 into Frank Winterholler's hand and he'll plunk you into the seat of a new 1965 Volkswagen Deluxe Sedan. (Give him \$30 more, and you'll be plunked into a Volkswagen with matching leatherette upholstery.)

Of course, you'll have to buy license plates and pay local tax. But that is it. Sound a little too simple? Perhaps. But then the Volkswagen is a simple little car.

Space Woe: Air Pollution

LOS ANGELES (AP) — Scientists are becoming increasingly concerned about a little-publicized problem that must be solved before groups of men can stay more than a few days in space.

The problem is what to do with the hundreds of contaminants from men and machinery that can pollute air in space ships.

In tests in tightly closed chambers on the ground these contaminants have caused painful skin rash, violent nausea and impaired mental performance. On long trips they could accumulate in amounts that would prove fatal.

SEEK FILTER
Millions of dollars have been spent by industry and government agencies in an effort to identify and filter out these pollutants. The most ambitious project so far is a \$15-million facility in the Aerospace Medical Research Laboratories at Wright-Patterson Air Force Base, Ohio, where four glass-walled domes have been erected to study men under simulated space cabin conditions.

Co-Op Sales Continue High

Cap Rock Electric Cooperative continued to run about a month ahead of last year in its power sales, October operating statistics show.

The 4,348,185 KWH metered to members during October was slightly above the 4,264,999 for the same month a year ago, but it boosted to 73,836,031 KWH the amount entered through the first 10 months of the year. During the same period last year sales amounted to 67,387,145 KWH. A normal November is almost certain to push this year's total past the 76,190,380 metered during all of 1963.

CALLED OFF
Weber says all space-cabin simulation experiments so far have had to be called off within a few days because of accumulation of toxic elements in the closed atmospheres.

"This may be the reason Russia's recent three-man space flight, which was expected to last several days, ended after only 24 hours," Weber said in an interview. "Monitoring systems may have shown a buildup of contaminants and caused early cancellation."

Exploring Self, GOP Calls For Guide Group

WASHINGTON (AP) — The Republican party's self-analysis continued today with twin calls for a sort of "collective leadership" group to guide GOP fortunes.

Rep. Melvin R. Laird of Wisconsin and Gov. Robert E. Smylie of Idaho advanced the idea of a temporary party agency while Sen. Hugh Scott of Pennsylvania urged an immediate and independent audit of the national committee's campaign treasury.

The description "collective leadership" was provided by Laird, a prominent House Republican who was chairman of the platform committee at the party's national convention. He said a broad-based group is needed "to fill the vacuum of leadership" and to work toward "rebuilding of the party."

NO SCAPEGOATS

"This is no time to hunt for scapegoats, no time to indulge in intraparty bickering, no time to pursue personal ambition," he said in a statement. "Above all this is no time for anybody to read anybody else out of the Republican party."

Laird said the leadership group should include:

- Representatives of the Republican members of the Congress, Republican governors, other Republican officeholders at the state and local level, Republican National Committee members, Republican state and county chairmen, as well as

THRUSTON MORTON

publicans from private life in various fields of endeavor."

Similarly, Smylie, president of the Republican Governors Association, suggested Tuesday creation of an agency "somewhere between a formal convention and a continuous council" to keep the party platform up to date.

IN, OUT

The governor, who already has demanded that National Chairman Dean Burch resign, said the leadership group should include Republicans in and out of office. He suggested former President Dwight D. Eisenhower; Sen. Thruston B. Morton of Kentucky, a former GOP national chairman; Senate Leader Everett M. Dirksen of Illinois,

Dandelions Or Snow Shovel? Depends On Where You Are

CHICAGO (AP) — This is the season when any suburbanite worth his salt usually is moodily contemplating his snow shovel. Instead, many of them have dandelion problems.

In the eastern half of the nation, trees stubbornly clutch their leaves and flowers are blooming. Even the birds are confused.

The western United States has felt the coming winter's sting, but the mild temperatures and fair skies of Indian summer prevail from the Midwest to New England. Much of the sun-favored area also is trapped in a prolonged drouth.

In Chicago, a conservationist said the balmy November weather has kept the birds from their annual sojourn.

"The other day," Robert Mann said, "I saw huge flocks of blackbirds and bronzed grackles traveling east. They should have been flying south at this time of year. They seem to think it's still summertime."

"The flowers and the trees don't seem to know today is Nov. 11. Dandelions are blooming and leaves are still on buckthorn trees."

Indian summer, which has no definite beginning or end on the calendar, is a short period of especially fair days and chilly nights in late October or early November.

The season is caused by a large mass of warm tropical air. American Indians are credited by some sources with naming Indian summer as their favorite god, Cautaniowwit, god of the Southwest.

In New England and the rest of the East, temperatures have been in the pleasant 60's.

In the Midwest, the mercury has been flirting with summertime levels. The temperature reached 77 degrees Tuesday in Kansas City, Mo., one degree higher than the record for Nov. 10, set in 1927. Chicago had 72 Monday, one degree short of the record for that date.

Study Continued By Local Church Units

Topics and programs pertaining to the religious field were discussed this week as women of various churches held regular study meetings.

FIRST METHODIST WSCS

Mrs. Robert N. Hill reported that the Wesleyan Service Guild had completed the study of new nations when the Woman's Society of Christian Church met Tuesday morning. Mrs. Robert C. Hill presided and prayer was led by Mrs. Charles Bell.

A meeting of the Big Spring District of the WSCS was announced for today at 9:30 a.m. at Wesley Methodist Church, and members were reminded that the annual Christmas coffee for all women of the church will be sponsored by the society Dec. 8 at the First Methodist Church.

"The Spanish-American Visitors Speak" was the program presented under the direction of Mrs. G. E. Williams. She was assisted by Mrs. John Ritenour, Mrs. H. C. Ernsting, Mrs. Walter Osborn and Mrs. E. P. Driver. Mrs. Robert C. Hill gave a skit on improving programs.

Twenty-four members were present, and one visitor, Mrs. A. J. Chapman.

Webb Sets MP Games

The Master Point duplicate games will begin at 7:30 p.m. this evening in the Officers Open Mess at Webb Air Force Base. The announcement was made Wednesday at the Variety Pairs games held at Big Spring Country Club.

Eight tables were in play for the Master Point games, and lunch was served in the club at noon.

North-south winners were Mrs. R. E. Dobbins and Mrs. Ward Hall, first; Mrs. J. J. Havens and Mrs. Ray McMahen, second; and Mr. and Mrs. Joe Steyer, third.

Winners in the east-west position were Mrs. R. H. Weaver and Mrs. James Duncan, first; Mrs. Zell Smith and Mrs. Floyd Mays, second; and Mrs. Wally Slate and Mrs. Robert H. Dyer, third.

A Master Point game will be held Friday.

Tall Talkers Tell Homemaker Traits At Model Session

"The Successful Homemaker" was the program theme at the model meeting held Tuesday at Cosden Country Club by the Tall Talkers Toastmistress Club. Mrs. Lee Rogers served as toastmistress for the evening, and Mrs. Eugene Seija gave the welcoming address.

Mrs. James Hudson followed the theme of the session with a humorous talk, and Mrs. Seija's topic dealt with the more serious aspect of the subject. Mrs. James Brooks gave the table topics, and Mrs. Dick Wilson presented the lexicology. Mrs. Rogers gave the closing thoughts, and Mrs. Wilson served as evaluator.

Guests at the dessert meeting were Mrs. Clyde McMahon Jr., Mrs. Paul Vaughn and Mrs. Glen Phillips.

Pair Makes Trip

WESTBROOK (SC) — Mrs. Frank Oglesby returned to Hobbs, N. M., Sunday, following a visit here with relatives and friends. Accompanying her was Mrs. H. H. Armstrong, who will visit in the home of her son-in-law and daughter, Mr. and Mrs. C. E. Holler.

Club Studied Rhythm Types

Harmony and rhythm was the theme of the program presented Wednesday by members of the Music Study Club when the group met in the home of Mrs. James Manes, 26-B Albrook. Mrs. Robert Heinze presided, and named Mrs. L. B. Beauvais chairman of music for local hospitals. Mrs. Beauvais, Mrs. Heinze and Mrs. H. M. Jarratt reported on the 12th district Texas Federation of Music Clubs convention held Oct. 30-31 in Midland.

Mrs. Manes was program leader and played a piano selection, "Voiles," by Debussy.

Americans in North America was given by Mrs. Martin Staggs Tuesday for members of the Reba Thomas Circle of First Methodist Church. The group met with Mrs. Jeff Brown, 600 Highland, with Mrs. J. H. Fryer wording the devotion.

Mrs. Warden Mayes continued the program by listing the needs of Spanish-Americans in the United States, and Mrs. Ed Shive worded the prayer. The circle will meet at 7:30 p.m., Nov. 24 with Mrs. Fryer, 703 Tulane.

KENTWOOD METHODIST
The annual salad supper, which will be a Thanksgiving affair, will be held at 7 p.m., Nov. 16, at the Kentwood Methodist Church for all members of the Woman's Society of Christian Service. The announcement was made Tuesday morning when the Esther Circle met with Mrs. Mark Farmer, 807 Lorilla.

Five members of the circle assisted with the game party held Tuesday afternoon at Bennett House. Mrs. Bob Rybolt presented a film concerning Methodists in different areas of the world. Her program concluded with the singing of "Blessed Be the Tie."

The next meeting of the circle will be with Mrs. Campbell, 2700 Larry.

COLLEGE BAPTIST
"Frontiers of Advance" was reviewed by Mrs. Byron Orand when the Violet Orr Circle of College Baptist Church met Tuesday morning with Mrs. Shirley Walker, 635 Manor Lane.

The book told of various forms of secularism over the world and briefly described the advancement of modern science in the space age. Twelve attended. Mrs. Thomas Whitworth, 120 Barnes, will be hostess to the circle next Tuesday at 9:30 a.m.

Education Aims Given At Kentwood Meeting

"The prime objective of the school system is complete educational fulfillment for every boy and girl in America," said Miss Mary Foreman, elementary school counselor and speaker at the Kentwood Parent-Teachers Association meeting Tuesday.

"Together we help a child by increasing educational opportunities," she said and outlined those opportunities as having length, breadth, depth and height. Schools are being encouraged to lengthen the school day, year and span. A broadening by elevation of compulsory attendance includes stricter enforcement of attendance, addition of school personnel, and the attempted solving of the drop-out problem.

She noted depth can be achieved by a better training program for teachers, more effective teaching methods and the use of new educational media. The American dream of educational fulfillment is the height of the system.

A report on the proceeds of the Halloween Carnival was given, and Mrs. Howard Johnson presided at the business session. Visitors were Mrs. J. D. Westbrook and Mrs. R. R. Rothach.

Gift Shop Project Plans Made By Construction Club
Eleven members of Women in Construction met Wednesday at the Ranch Inn and planned to work at the Veterans Administration Hospital gift shop as a club project. Mrs. Johnnie Winham is chairman.

The recipient of a shotgun to be given by the club will be announced Dec. 22. Tickets will be available from club members.

Members and husbands will hold a party Saturday in the home of Mrs. Raymond Dyer, Kennebec Heights. The Christmas party scheduled Dec. 17, will be a formal dinner at Cosden Country Club. Mrs. Elzie Worthan, 1212 Mulberry, will be hostess to the group in her home following the dinner. Guests at the Wednesday session were Mrs. John Sullivan, Miss Billie Dickson and Mrs. Fred Clark.

Club Studied Rhythm Types

Mrs. Beauvais sang "Seguidilla" from Carmen by Bizet, and Mrs. Heinze selected "Polonaise in C Minor" by Chopin for her piano presentation. Mrs. John Arnold sang "Ein Ton" by Cornelius. Piano selections by Mrs. Max Maguire and Mrs. Charles Bell were "Diary of a Fly" by Bartok and "Stumbling" by Confrey. The final selection was the song, "A Feast of Lanterns," by Bartok. Mrs. David Shaw was the vocalist.

Assisting Mrs. Manes as hostess were Mrs. B. F. Meacham and Mrs. Shaw.

Bird Lore Discussed

Birds and their constructive and destructive characteristics was the program theme presented Wednesday by Mrs. J. O. Murphy to members of the Planters Garden Club. Mrs. R. L. Collins, 1461 Stadium, was hostess. The speaker told of the varieties of birds in this community, explaining their habits and identity.

The club project for the year will be to furnish a fund for a patient at the Big Spring State Hospital to cover miscellaneous expenses. Mrs. F. M. Latham presided at the business session.

At a table accented with a fall theme, refreshments were served to eight members. The next meeting will be held in the home of Mrs. E. O. Sanderson, 819 W. 7th. Members will exchange gifts and display Christmas decorations at the luncheon session.

Does Plan Food Gift

The assembling of a Thanksgiving basket for a needy family was planned by the BPO Does Wednesday when the group met in regular session at Elks Lodge.

Mrs. L. D. Jenkins, president, announced a box will be placed at the lodge for all who wish to donate food. The Does will furnish the meat and Mrs. Dudley Jenkins, Mrs. W. C. Ragsdale and Mrs. Glen Gale will serve on the committee. The group will sponsor a newly formed Brownie Scout Troop No. 68. Mrs. J. M. Maenner and Mrs. Earl Jenkins are the leaders.

The nominating committee gave its report, and elections will be held at the Dec. 9 session. Mrs. Ragsdale filled the first counselor's chair, and Mrs. Joe Clark was outer guard pro tem.

INSTALLATION HELD

Mrs. Huey Rogers To Head LVN Association

Mrs. Huey Rogers was installed as president of the Licensed Vocational Nurses Association Tuesday evening in the home of Mrs. Rufus Tuckness, 1313 Stadium. Mrs. Mournie Hulsey was cohostess. Mrs. Rogers installed the other officers as she reviewed the duties of each. They were Mrs. A. R. Jones, vice president; Mrs. Lewis Overton, secretary; and Mrs. Tuckness, treasurer.

Committee chairmen are Mrs. Jim Bennett, membership; Mrs. Willie Butler, finance; Mrs. Jack Cox, program; Mrs. Fred Winn, publicity; Mrs. Henry Thames, nominating; Mrs. Hack Miller, scrapbook; and Mrs. A. I. Johnson, yearbook.

WESTBROOK (SC) — Visitors in the Sam Oden home Sunday were Mrs. J. H. Wagner and Jack and Mr. and Mrs. C. C. Crow, Colorado City. Guests in the Oden home on Thursday were Mrs. Vernon Short, Wapello, Iowa, and Mrs. Claude Snowden and Mrs. Homer Jameson, Colorado City.

City Plan Explained By Lillard

The importance of the Master Plan in keeping pace with the rapid growth of Big Spring was outlined by Ernest Lillard Tuesday. The speaker, director of Public Works Department, presented the program to Scenic Chapter, American Business Women's Association, at the Settlers Hotel.

Mrs. R. C. LeFevre presided at the business session, and presented a citation from headquarters to Mrs. Leonard Burks, past president and recipient of the "Woman of the Year" award.

A Christmas party will be held Dec. 1 at 7:30 p.m. in Mrs. LeFevre's home at 308 W. 18th for members, their husbands and guests. Gifts will be exchanged, and Mrs. J. K. Cunningham will be in charge of the program.

Year books were distributed by Mrs. L. R. Grisham to 18 members at the dinner meeting. Guests were Mrs. L. H. Thompson, Kansas City, Kan., Mr. and Mrs. Lillard, Mr. and Mrs. Ross Darrow, Miss Ruth Beasley and Mrs. Nick Malarchik.

FOR FOUR O'CLOCK CLUB

Hybrid Seed Production Detailed In Film Story

"The Story Behind the Seed Packet" was the title of the film shown Wednesday at the Four O'Clock Garden Club session held in the home of Mrs. Joe Horton, 3300 Cornell.

The picture dealt with the study of hybrid seed production and the flower fields in southern California. Ten to 15 years are needed to produce a new variety of plant such as the new nonclimbing sweet pea. All pollination is done by hand in these commercial fields.

A letter of thanks was read from Mrs. Dale Smith thanking the group for their specimen flowers and niche arrangement furnished at the recent flower show school. Announcements were made of the Oasis Garden Club Caravan, the southern zone meeting in Odessa on Nov. 17, and the council flower show scheduled April 22.

Refreshments were served informally to six members and a guest, Mrs. Ben Hall. The next meeting will be Dec. 9 at the home of Mrs. B. E. Reagan. A guest arranger will show Christmas decorations and flowers at that time.

Gressetts Visited

WESTBROOK (SC) — Mrs. Willie Whitmore and Mrs. Orlean Cook, Colorado City, visited in the L. E. Gressett home Sunday. Mr. and Mrs. Gressett and son, Donald, of Silver were in Abilene Saturday.

Past Matrons Gather For Dinner Meeting

The Past Matrons of the Order of the Eastern Star gathered Tuesday evening at the Spanish Inn for a dinner meeting with 35 members present and two guests. Mrs. Steve Baker and Mrs. Carl McGlothlin.

Hostesses were Mrs. George Bair, Mrs. D. D. Dyer and Mrs. W. D. Peters, and the invocation was by Mrs. Fred L. Eaker. Mrs. Pyrl Bradshaw presided.

The birthday song was sung for Mrs. George Hall, Mrs.

Russell Stringfellow, Mrs. Rogers Heffley and Mrs. Bair. Named to the visiting committee were Mrs. George Pittman, Mrs. Paul Carroll and Mrs. Jim Allen. Mrs. Joe Hayden and Mrs. Eaker will be on the telephone committee.

Puzzle of Wednesday, November 11, Solved

Kelso Proves His Mettle Once Again

LAUREL, Md. (AP) — Kelso, king of the hill for an unprecedented four years, refuses to come down.

His ground seemed shaky in Wednesday's \$150,000 Washington, D.C., International horse race.

The old boy sent his would-be successor, Gun Bow, whose rider weakly cried foul, reeling by 4 1/2 lengths. Six foreign invaders were lost in the shuffle in the battle for the pinnacle.

Kelso's 7-year-old legs traveled the fastest time ever on an American track for 1 1/2 miles, 2:23.4-5.

The glorious triumph after three previous seconds in the same race gave pause to his owner and trainer who had been thinking of issuing an abdication decree in behalf of Kelso.

Mrs. Richard C. duPont, the owner, between crying and joy said, "I can't say anything definite about whether he'll run again."

"It shook up everything," said trainer Carl Hanford. "He's in such wonderful condition, it would be a shame to stop him now."

There is no reason to rush Kelso into retirement as long as he shows the life he did in the International. As a gelding, he has no future of producing children and racing for money is his last claim to fame.

He already has picked up \$1,893,362, more than any racing thoroughbred in history. He is the first to be voted best U. S. horse more than once with a fifth in the offing.

The 13th International was a two-horse Yankee race from the start and the closest at the finish was — 1 3/4 lengths behind Kelso — was Russia's Anilin.

Dragging in behind were Ireland's Biscayne, France's Belle Sicambre, Venezuela's Primordial, Italy's Veronese and Japan's Ryu Forel.

Acclamation of Kelso by the crowd of 37,800 was delayed for 20 minutes while the stewards considered a foul filed by Walter Blum, jockey on Gun Bow. The stewards didn't see it.

Blum admitted that Kelso didn't make physical contact with Gun Bow as the two squared away three-sixteenths of a mile from the finish.

"But I felt that he was intimidating me and made me change my course," said Blum. "If there was any possibility of a reversal of the decision, I owed it to the owners and the racing public to have the stewards look at the film."

Demos Open Big Scramble

WASHINGTON (AP) — Among conservative Southern-ready involved in a sectional ers. He claims to have pledged scrap over one of their leader- in one form or another from 39 ship jobs, Democrats appear to be heading toward a free-for-all 67 or 68 Democrats, depending on the outcome of a recheck in the new Senate.

What committee assignments to give Sen-elect Robert F. Kennedy of New York and other newcomers may prove more perplexing than the choice of an assistant leader to succeed Sen. Hubert H. Humphrey of Minnesota when he quits the Senate to become vice president.

A contest among Sens. John Q. Pastore of Rhode Island, Russell B. Long of Louisiana and Mike Monroney of Oklahoma for Humphrey's old job seems to be shaping up into a sectional battle.

Pastore, generally credited with being President Johnson's favorite for the job, appears likely to get the support of Eastern and New England members who lean toward liberalism. Long's basic backing is

Indictments On Pair Dismissed

DALLAS (AP) — District Judge Sarah T. Hughes has dismissed federal indictments against two associates of convicted insurance promoter Ben Jack Cage dealing with the manipulation of municipal bonds for the City of West Buechel, Ky., in 1954.

The dismissed indictments had named Leslie L. Gwaltney Jr. and Henry J. Sittes.

Cage fled to Brazil after conviction of embezzlement in Dallas in 1958. He was sentenced to 10 years in prison.

Cage remains as the lone defendant in the case.

Light Plane Crash Near Kin's Home Kills Texan

CORONA, Calif. (AP) — Dr. Roy E. Askins, 31, of Dallas, Tex., was killed Wednesday night when his light plane crashed in front of the home of a relative by marriage.

Askins was bound for his home after taking off under overcast skies.

Airport authorities said he ignored a warning to delay his takeoff.

Askins had visited a cousin, Dr. John Stallings, superintendent of the Corona Unified School District who had driven Askins to the airport.

The plane crashed in front of the home of Mr. and Mrs. Frank G. Shepherd of Norco, a community several miles north of Corona. Mrs. Shepherd is the sister of Dr. Stallings' wife.

Mrs. Shepherd heard the crash, walked out, saw the body of Dr. Askins, then looked up and saw the plane wreckage from which the Texan was thrown.

Secrecy Hit By Senator

WASHINGTON (AP) — Sen. Clifford P. Case said today the new House Office Building now nearing completion is a monument to the peculiar way Congress handles its internal affairs.

The New Jersey Republican said the secrecy which has shrouded facts and figures for construction of the building has thwarted even members of Congress from finding out more about the project.

ASKS DISCLOSURES
He again called for fuller public disclosure of governmental activities and expressed hope the new Congress will adopt legislation to require members to disclose their financial interests.

"The principle of public disclosure is central to the effective workings of our political system," Case said in a letter to constituents.

Case said the new House Office Building — named in honor of the late Speaker Sam Rayburn — began in 1955 with a \$2-million appropriation and is expected to cost more than \$95 million when the final figures are in.

The General Accounting Office, he said, began a review of the project only after a reluctant House leadership was unable to prevent a roll-call vote on the question.

NEW ROLE
Case noted that this is a new role for the accounting office which, as a creation of Congress, acts as financial watchdog over the executive branch.

SEN. CASE

Its review, Case said, is recognition of the legitimate demand for fuller public information about congressional activities.

Case and other senators introduced public-disclosure bills in the past several Congresses but none of them passed.

Case said, however, that they were discussed seriously in the Senate this year for the first time. "I hope that in the next Congress legislation can at last be enacted," he added.

A Devotional For The Day

"Peace I leave with you; my peace I give to you; not as the world gives do I give to you." (John 14:27. RSV)
PRAYER: O Lord, renew in us Thy peace and use us as ambassadors of Thy gospel of peace in this turbulent world. Help us to lead to Thee those who do not know Thy love for them and the peace Thou canst give. In Thy name we ask. Amen.

Hunting For The Breakthrough

The Atomic Energy Commission and Interior Department have, at President Johnson's request, come up with a recommendation for stepping up—even to a "crash program"—research and experimentation in sea water desalination.

The target is a process that will work under varying conditions, with small to large plants; and be economically competitive with conventional potable water supply sources and processing. The Interior-AEC report stresses that a scientific "breakthrough" to a new process—or to striking enough improvement in known methods as to amount to a new process is necessary.

The agencies report that they are getting about double the amount of promising ideas that present research

funds, facilities and personnel can check out. They recommend that Congress provide \$220,000,000 over the next 10 years for desalination research, which would be about double the budget for the past two years.

That, along with what private enterprise and other countries are doing, would appear to be a reasonable federal contribution to an effort that should prove to be of great benefit to all mankind.

That breakthrough is nowhere on the horizon, but this does not mean that it is not possible. Such marvels have been wrought in other areas that surely man can some day, somehow find a way to solve this problem which will bring down blessings untold to all the world.

A Good Project

Following the general election of a week ago, Cecil Riordan, general campaign chairman for the Democrats, announced that young workers in that party would undertake a service project, namely the removal of political signs from poles, walls, fences, etc.

This is something everyone, regardless of political leanings, can applaud.

So often, when campaigns are over,

tattered, weathered signs continue to mar the appearance of the city. It may be argued that signs should never be put up—but they have been, and the next time a campaign rolls around there will be others. So in the interest of civic pride, the next best thing is to have a cleanup after the voters have had their say. This little project might be an example to all of us for an autumn cleanup of other things which are unsightly.

David Lawrence The Voice Of 25 Million Republicans

WASHINGTON—Usually in national politics it isn't considered tactful or wise to slap the faces of 26,500,000 voters and tell them they are misguided conservatives and hence to blame for the defeat suffered when the other party gets 42,000,000 votes.

It is far more plausible for the 26,500,000 to ask in this case why the winning party was provided with such a substantial number of votes by citizens who voted Republican in 1960.

BUT TODAY Republican governors and other leaders in the party who call themselves "moderates" or "progressives" or "liberals" are proclaiming loudly that the "conservatives" must be repudiated and that control of the Republican party must be turned over, not to the 26,500,000 who supported the party ticket, but to the 8,000,000 who deserted the Republican nominee.

As a matter of fact, the reason why President Johnson won such an overwhelming victory is directly related to how many Republicans crossed over and supported the opposition party. Even several top-ranking Republicans running for office abandoned their party's nominee for the presidency.

THE REPUBLICAN party today is in a state of disarray due to the conflicting ambitions of individual leaders, and due also to the successful effort of President Johnson over the past several months in presenting an image of conservatism ranging from frugality in the public sector to friendliness to business in the private sector.

Whenever a landslide occurs, it can be taken for granted that there was an intensity and depth of feeling on the part of those in the majority which caused them to ignore also the candidates of their party for Congress and state legislatures. Straight-ticket voting is customary when there is a strong reason for supporting the top of the ticket and making sure he is elected.

THE AMERICAN electorate probably did more straight-ticket voting in last week's election than in any other in many years. The determination to avoid "changing horses in mid-stream" and to support the government's foreign policy so that there would be no risk of war undoubtedly influenced a tremendous number of voters.

While some Republican leaders now are urging that there be a return to "the mainstream," or to what the conservative Republicans call a "me-too policy," there is still a substantial number of Republicans who believe

lieve that the two-party system requires a difference rather than a similarity in the doctrines of the parties.

UNITY in the Republican party, however, will not be soon achieved by accusing the Republican progressives of disloyalty, any more than it will be accomplished by disparaging the earnestness and convictions of those who stood by the Republican ticket and who sincerely believed in Senator Goldwater's opposition to many of the radical spending doctrines of the Democrats.

Nor will unity in the Republican party be encouraged if in such matters as selecting a national chairman, there is a tendency to ignore the wishes of the 26,500,000 who did vote for the Republican ticket. Will control of the party be turned over to the 8,000,000 Republicans who crossed to the Democratic party on November 3? They changed a popular majority of less than 120,000 in 1960 for the Democratic presidential nominee into a majority of more than 15,000,000 in 1964.

CERTAINLY if the recrimination and bitterness continues, it may in 1968 cause a substantial part of the 26,500,000 who voted for Senator Goldwater to line up in opposition to any Republican nominee chosen by the less than 10,000,000 who failed to support the party's candidate in the 1964 election. All this could even result in the setting up next time of a third party, just as happened in 1912.

Billy Graham

Please explain I Corinthians 11:29 for me. D. S.

Many people approach the communion service without any self-examination. They are careless about their Christian conduct and as in the Corinthian church, some of them may even be guilty of immorality. Such people think that by taking communion they can somehow eat and drink forgiveness for their sins. This cannot be done. The Bible does not say that we are forgiven by taking the communion supper. This is rather an expression of our faith in Christ and our relationship to other believers.

The Bible says: "Wherefore whosoever shall eat this bread, and drink this cup of the Lord unworthily, shall be guilty of the body and blood of the Lord" (I Corinthians 11:27). One way you can do this is to take the communion without having recognized Christ as the Saviour from sin and having confessed Him as personal Lord and Saviour. Having done this, and having turned from your sin with a desire to serve Him, you would not be guilty of eating or drinking unworthily. Another way is to fail to examine yourself and make sure you are walking in all of the light He has given. Before each communion careful examination should take place—and all known sin confessed.

WHAT OTHERS SAY

When the Hughes Aircraft Co. takes the hired hands and others off to the Pink Pussycat in Hollywood to revive their failing morale, should the taxpayers of the United States be charged with the tab?

The Department of Defense thinks they should be and allows such "moral-building" expenditures in fixing the prices which the contractor charges the government. Rep. Porter Hardy Jr., who heads a subcommittee of the House, has some doubts. There remains this sticky business of hauling the force off to the Pink Pussycat for refreshment and revival. When the taxpayers need this kind of a boost, they go at their own risk and usually pick up the tab.

—WALL STREET JOURNAL

'AFTER YOU, DEAR COMRADE' James Marlow Slip Of Tongue By McNamara?

WASHINGTON (AP) — An official slip of the tongue by Secretary of Defense Robert S. McNamara shows how difficult

it is to maintain an official line at all times when the realities clash with that line.

"We have no plans at present to send further combat units to South Viet Nam," McNamara told newsmen in Texas after conferring with President Johnson about the budget and other matters.

It was McNamara's use of the word "further" that brought reporters up short. That word suggests the United States already has combat units in South Viet Nam.

Hal Boyle Little Acts, Big Results

NEW YORK (AP) — Small actions sometimes lead to great results in life.

A letter to Winston Churchill that cost 15 cents in postage started producer Jack Le Vien on his path to becoming one of the foremost film biographers of the day.

As a young Allied press officer in World War II, Jack had met Sir Winston during the prime minister's visit to the combat fronts.

In 1967, as editor of a movie news concern which he felt would soon go out of business, Le Vien decided it was time for a change of careers. He conceived the idea of a television series, a dramatic wartime narrative centered around Churchill.

"My friends all told me I was crazy," recalled Jack. "They said all the big studios would be way ahead of me, that Sir Winston wouldn't fool around with anyone as obscure in the field as I was."

"But I was stubborn. I didn't have enough money to fly to England and present my idea in person to Churchill, so I sat down and wrote him a one-page letter outlining it. I figured busy people won't read more than a page. The letter cost me 15 cents in postage."

Churchill replied courteously. After two years of discussion by mail, the former British prime minister met Jack during a visit here and they signed a contract.

"Sir, why did you choose me to become your film biographer?" Le Vien then asked. Churchill winked at him and said frankly:

"No one else ever bothered to ask me."

The series proved such a hit

—it already has brought in double the million and a half production costs—that Le Vien followed it up with a two-hour color film that tells the whole adventurous life of Churchill.

The project was a four-year labor of love for Jack, who prowled through a million feet of film in old archives for some of his material, much of it never shown before.

As a result of some 40 meetings with Churchill, who will be 90 years old this month, Le Vien has fallen willing victim to the famous Churchillian charm.

"He never haggles about terms," Jack said.

"His humanness, his sweetness, his sentiment—these are the things that impress me most about Sir Winston."

"Without doubt he's the kindest—and biggest—human being I've ever met, and he has no fear whatsoever of showing his emotions."

"You know, he's been married more than 54 years, but he never sits down at the table without first toasting his wife."

As the result of his success with the Churchill ventures, Jack also is producing a film on the life of the Duke of Windsor which the duke will help narrate himself.

"The duke is very considerate, too," said Le Vien. "When you go swimming with him, he runs up and gets the towels for the whole party. And he used to be a king!"

What lessons has he learned from his experiences?

"Audacity pays," said Jack. "As Churchill himself once observed, 'Audacity is the keynote of life.'"

Around The Rim Is There Now No Relief?

On review of the fare that has been offered up on television since the election campaign, I suspect the politicians deserve at least a draw in the competition for interest. At worst, the politicians gave us a bit of laughter, some irony, and even a tinge of pathos. At best, they were hilarious.

PERHAPS YOU GET another channel and missed some of these, but our set has brought in some fantastic programming of late. Mind you, we don't think horror is funny at our house, nor that heartbreak is to be treated lightly, nor that a talking horse can be the "fastest gun in the west."

There is one show that would have us believe that witches still roam the land, in rather lovely form at that. Even if it were true, it seemed odd to us that all her witch friends were ugly, and that she would be so short-sighted as to marry a Milquetoast character with a Walter Mitty complex.

AND ANOTHER one puts a lovely female robot in the limelight. We know little about this one, as it also has some over-rated fellow co-starred, whom we didn't even like when he was messing up the movies.

And Frankenstein's monster, who once scared the daylight out of us in the movie houses of old, comes up a bumbling comedian—sort of a latter day Red Buttons—complete with a family of assorted monsters all trying to cage the best lines in the script.

In our book, that's pushing extremism to the limit.

ONE PROGRAM had the entire human race of the future put electronically on a small wire in the head of a robot in order to protect the race from invasion from outer space. It seemed rather ridiculous to go to all that trouble, since the invaders vanished once their necklaces were pulled off, which turned out quite easy to accomplish. Even a charwoman managed it on several occasions.

TRUE, THE POLITICOS put on quite a garish show at times, but their programs were not filled with robots from the future, beautiful witches, or comic monsters—depending perhaps on your point of view.

In any event, we had a definite cut-off date for the politicians; after Nov. 3, that series was closed mercifully. Unfortunately, our current crop of programs might well be with us indefinitely. Some of them appear to be doing well in the "ratings," and whether that system is worthwhile or not, it influences the decisions on what will be offered on home screens.

ALL THINGS considered, the politicians are a bit more down to earth on occasion and most of the bugaboos they parade for our consideration usually turn out humorous despite the intent. Eventually they bring their series to an end, ratings or not. From that standpoint, at least, the politicians have the best programming.

—V. GLENN COOTES

Holmes Alexander Non-Communism Is Not Anti-Communism

WASHINGTON — In 1952, when Whittaker Chambers published his book, "Witness," the autobiographical account of the Alger Hiss trial, he heard from a couple of admirers whose reactions were startlingly unalike.

Senator Joe McCarthy seemed to think Chambers ought to be the most happy fella—he'd smitten the enemy hip and thigh, and made money from his book.

ANDRE MALRAUX, author of "Man's Fate," wrote to Chamber: "You are one of those who did not return from Hell with empty hands." McCarthy's crassness depressed the author, who really had been to Hell and back in his two-way journey into the Communist party. And Malraux's understanding moved Chambers so deeply that he could never answer the letter.

Chambers lived to a reasonably full age, dying at 60 in 1961, and was blessed with a wonderfully sympathetic wife and devoted children. But his last years were a torment of introspective despair, matched with physical pain and the knowledge of imminent death. His mental anguish rooted from the awareness that he had left the winning side (communism) to join the losing side (the West)—and that so few persons in the Free World were capable of knowing the danger.

IN HIS posthumous book, "Cold Friday," just published, Chambers dwells much on his own sufferings and on the macabre spectacle of the Western Civilization and Christendom taking the primrose path to the bonfire. He was horrified to see the Eisenhower administration encouraging "cultural"

exchanges with communism. It is merciful he did not live to see the Kennedy-Johnson regime making disarmament treaties and wheat deals, or live to contemplate the 1964 election, where the issues of appeasement, national morality and the disarray of the Atlantic Alliance came to naught.

CHAMBERS GIVES us in the medium of first-person journalism some needed guidelines for our times. This new book reiterates his sense of the total incompatibility—the necessary hostility—between the Western world and communism. He writes:

"The crux of this matter is the question whether God exists. If God exists, a man cannot be a Communist, which begins with the rejection of God."

Anti-communism sometimes takes on some crude aspects, which have come to go by the smear name of McCarthyism, but it will never be fooled. It will never be defeated by anything except brute force.

NON-COMMUNISM, which the Democrats and Liberal Republicans embrace, assumes that the Reds and the West can "reason together," in Mr. Johnson's favorite citation from the Old Testament. Chambers finds that non-communism will always come to terms with communism because they stand on common ground. Both are materialistic, hence lacking in morality and devoid of spiritual indignation against the ungodly.

Among other things, the '64 election was a mandate for non-communism; and the ghost of Whittaker Chambers walks in these winter nights.

Sam Dawson Americans Set To Borrow More

NEW YORK (AP)—Americans are set to spend more and borrow more the rest of this year, if present signs are borne out. And the boost this will give the economy is expected to carry over at least into next spring.

CONSUMERS currently are increasing both the amount spent and the percentage of their incomes parted with. The slowly rising cost of living accounts for only part of this outlay. And little fear of sharp increases in prices in the future is reported.

IN SEPTEMBER consumer credit also rose fairly sharply, as much of the increased spending was put on the cuff.

At the same time, business was raising inventories and this, too, is a form of betting on future prosperity. An even surer sign of confidence is the latest report on business plans to raise spending for new plants and equipment. Industrial leaders are counting on expanding markets.

POLLSTERS studying consumer intentions cite a significant rise in optimism during the summer months. They project this, plus gains in personal income totals, into larger dollar outlays in the months ahead. The University of Michigan's Institute of Social Research thinks the marked improvement in consumer sentiment between June and September is due more to actual increases in before-tax income of many Americans rather than to the gains in take-home pay from the federal tax cut. Its survey shows many consumers dismissing the tax cut as too small on a weekly basis to make much difference in their spending.

Earlier debt repayments and a savings increases have given many consumers a greater readiness this fall to spend. The institute thinks "the economy will be stimulated by substantial consumer demand during the Christmas season and also in the spring of next year when fiscal policy will provide a much smaller new stimulus than in the spring of this year."

GOVERNMENT figures for September show that the change from saving to spending and borrowing is already under way.

Installation debt rose \$513 billion to nearly \$57.5 billion. Other forms of credit brought the total of consumer credit to \$73.5 billion.

In the three summer months personal consumption spending hit an annual rate of \$404.5 billion. Personal savings dropped to 7.4 per cent of after-tax income, after rising to a higher than average 8.2 per cent in the April-June quarter.

RETAILERS, bankers, government economists agree that the American consumer now seems headed back to his usual course—his spending rising with his income, and his borrowing increasing with his improved confidence.

Retail sales figures show a 5.4 per cent rise in the average for August and September from the average for last December and January. Biggest gains were reported by durable goods stores, as they usually do when personal incomes are rising strongly.

How far this spurt in consumer confidence carries will have much to do with how long the current business upswing can extend its record-setting duration.

Special Clinic

COLUMBUS, Ohio (AP)—Children's Hospital has a special Clinic for Adolescents which treats emotional problems as well as physical ills.

The present director, Dr. Francis Eberly, says a broken romance or bad case of acne can cause a teenage stomach ache that is just as real as one caused by green apples or an overage hamburger.

"They really hurt, you see," he says, "but we have no magic medicine or pill to cure them. We talk to them, explain there is nothing seriously wrong, then try to get at the root of the trouble."

The clinic has its own staff plus consulting specialists and is the largest of its kind in the Midwest.

To Your Good Health There Are Two Main Types Of Nervous Systems

Dear Dr. Molner: When I become nervous, embarrassed or very tense, I break out in a rash that resembles hives on chest, face, upper arms and neck.

My skin becomes blotchy and I am very self-conscious. As soon as I start relaxing the rash begins to disappear, usually in 10 or 15 minutes, depending on circumstances.

Do you have any suggestions?
—G. R.

I wish you had mentioned your age. A trouble like this is quite common among young people but tends to disappear with maturity and self-confidence. (Some people, though, never get over blushing.)

Sometimes there is a second phase of the same sort of nervous reaction, around the menopause.

Your physician may be able to help.

You put your own finger on the key to the condition: The hives or blotches appear when you are tense or upset.

Remember that we have two main types of nervous systems. One is the voluntary system which we use to control our actions. The other is the autonomic system which operates quite independently of our will.

The autonomic system is affected by our emotions, psychological factors and some other stimuli. It raises "goose pimples" when we are cold, makes us perspire when it is hot, makes us shiver, our scalp tingle with fear or excitement. Our heart speeds up and glands pour extra adrenalin into our systems in time of danger.

And among other things, the autonomic system controls the blood vessels. In some individuals the nervous system is more sensitive in this regard. Anyway, that is the general explanation for blushing and similar manifestations, such as your nervous blotches.

As you learn not to let unimportant things upset your emotions, your autonomic system will react less vigorously.

It is possible also to give medications that will lessen the blush reaction—drugs of the belladonna group and others that quiet this special nervous system. These can be taken before any event that might cause anxiety. Unexpected situations might, of course, still catch you unprepared.

Finally, overactivity of the thyroid gland can predispose to this symptom. But if that were involved, there would be signs

such as nervousness, fast pulse and other indications pointing to that factor.

Dear Dr. Molner: My daughter has a terrific case of impetigo. I have had so much different advice on how to care for it that I am really confused. Nobody seems to agree on the same type of treatment.—MRS. F. F.

Impetigo is a staphylococcal infection of the skin. The usual treatment is with antibiotics which, of course, must be prescribed by your physician. Do as he says.

"Vitamin starvation" is possible even if you eat a lot. In order to check your diet to make sure you are getting necessary nourishment, write to Dr. Molner in care of The Herald for a copy of the pamphlet, "Vitamins—The Alphabet of Health." Please enclose a long, self-addressed, stamped envelope and 5 cents in coin to cover cost of printing and handling.

Dr. Molner is always glad to hear from his readers, and whenever possible he uses their questions in his column, but because of the tremendous volume of mail received daily, he cannot answer individual letters.

C-City Legionnaires Honor Post's Past Commanders

COLORADO CITY (SC) — Colorado City Legionnaires paid tribute to the 31 past commanders of the Hooker Pond American Legion Post in a Veterans Day observance, Wednesday morning at a breakfast held at the Baker Hotel.

Guest speaker Austin McCloud, 32nd district judge and a veteran of the Korean war, warmly praised Legion efforts in the field of youth and veteran welfare and drew applause with a statement concerning the forgetfulness of a people who no longer celebrate Veterans Day as a holiday.

Organization Praised For Good Relations

O. R. Rodricks, past president, and Charles McQuaid, publicity chairman, have returned from Austin where they represented Chapter 52 at the annual meeting of the Texas Public Employees Association.

Tom Jay Goss II, post vice commander, and veteran of World War II acting as master of ceremonies, read aloud a newspaper editorial "A Salute to World War I Men on Veterans Day," commenting that it was "well said," and presented cards of appreciation to the 31 past commanders present.

Former commanders of the Colorado City post are: Gilbert Quinney, Joe Fraser, Thomas R. Smith, Jack Helton, H. P. Ragan, J. B. Pritchett, Charles C. Thompson, John S. Williams, Roy E. Warren, A. F. King, M. J. Bransfield, Howard Rogers, John T. Howell, Floyd Quinney, Earl Bibby, Dr. Harry A. Logsdon, John Worrell, Leroy Gressett, Kenn Eastin, Dr. Oscar E. Rhode, J. A. Ferguson, Walter B. Grubbs, Tom Jay Goss II, J. A. Sadler, Jr., Lewis B. Elliott, Mert Cathcart, Raymond Uzzle, Charles M. Godwin, Howard Bynum, Robert H. Rattliff Jr., and John Wortham (Jack) Strain.

Present commander is Leroy Gressett, Westbrook.

Sweetheart

Linda Hamill, daughter of Mr. and Mrs. Farrell Hamill, 884 Belvedere, is the DE Club's sweetheart for the regional title at San Angelo next February. She is a 16-year-old junior at Big Spring High School, and is employed at Grant's.

Belli Booked

AUSTIN—"My Views on Texas Law and Courts" will be the lecture topic of San Francisco attorney Melvin Belli when he speaks Dec. 7 at the University of Texas. Belli, who defended Jack Ruby, convicted slayer of accused assassin Lee Harvey Oswald, will appear at 4 p. m. in the Texas Union Main Ballroom under auspices of the Texas Union Speakers Committee.

Former Resident Dies Wednesday

Word was received in Big Spring last night that Wheeler McCanley, former resident here, died at his home at 4517 N. Griffin Ave., in Los Angeles, Calif., early Wednesday morning of a heart attack. Services will be held Friday and burial will be in Forrester Lawn Memorial Park, Los Angeles. He was a nephew of Mrs. John Northington, Big Spring.

Kiwanians To Sell A Heap Of Merchandise

A small mountain of merchandise, running the gamut from a gift certificate to a slide rule, was being assembled Thursday afternoon for tonight's first Kiwanis Club Radio Auction. The merchandise has been donated by merchants and individuals. It will be sold by radio auction to the highest bidder in a sale which opens at 7 p. m. All profits beyond expenses go to the Kiwanis Club fund for the aid of needy boys and girls of the community.

Jury Hearing Case On DWI

Defense witnesses were testifying in the Howard County court trial of Monroe Alcorn, charged with DWI, at noon today. The case began Thursday morning. A jury was selected and the state presented its case, resting at 10:30 a. m.

Firemen Control Fire On Fifth

Firemen were called to 409 1/2 E. 5th today after police officers spotted a fire about 2:30 a. m. at the residence. The frame duplex home received heavy damage to a bedroom on one side and to contents, along with smoke damage in other portions of the house, firemen said. Cause of the fire had not been determined today. Owner of the home is Mrs. Nellie Tippie.

Stanton Man Hurt In Crash

A Stanton man, Wayne Doshier, was reported in good condition this morning at Cowper Clinic Hospital after his car struck a light pole in the 1200 block of West Third late Wednesday night. Hospital attendants said Doshier had no visible injuries, but was being X-rayed today.

Ebensberger Sings For Lions Club

Gary Ebensberger, director of vocal music at Howard County Junior College, favored the Downtown Lions Club with two selections Wednesday noon at the Settles.

Revival Time Moved Forward

Time of services for the revival at Kentwood Methodist Church will be moved forward to 6:45 p. m. Friday, the pastor, Rev. Henry Salley, announced today. The prayer groups will meet at 6:30 p. m. His father, the Rev. Homer Salley, Baird, will continue the theme of the week, "Days of Commitment" in the concluding service of the revival Friday evening. The breakfast service will be at the usual hour of 6:30 a. m. Friday. The evening time was advanced so that worshippers will be out in ample time to attend the Big Spring-Abilene football game if they choose.

Minor Injuries

A Big Spring woman, Mrs. Doyle Turney, 608 Caylor, was taken to Malone and Hogan Foundation Hospital with minor injuries after she was involved in a car accident east of the city Wednesday. Mrs. Turney was reported in satisfactory condition this morning at the hospital. The two-car collision occurred east on US 80.

Cited For Safety

Thomas Melton Newton, 19, senior, of Route 1, was cited as a safe driver Thursday by police for extra caution used in a school zone. The citation is part of the Optimist Club's sponsorship of Youth Appreciation Week.

Economic Growth

Small portion of the industrial complex is the refinery of Couden Oil and Chemical Company. Industrial plants like these are results of advanced technology, which in turn requires continued advanced education or training—all results in economic growth.

Education Helps Boost Nation's Economic Growth

(This is another in the series of articles noting the benefits of education, with the theme "Education Pays Dividends."—Ed.) Since World War II economists have used many research techniques to measure the correlation between education and economic growth. This research has produced one fact: education is not a luxury for a nation but a necessity for its economic, social and political health.

One of the lessons of history is as the German Chancellor, Von Bismark, once said: "The nation that has the schools has the future." Mrs. Alva Myrdal, Swedish ambassador to India, in 1960 reported her observations of the relation of education to economic growth.

Education has many facets which are hard or impossible to measure, but nevertheless affect the economy of a country. For example, social and political stability appear to be directly related to nationwide education. The fewer educational opportunities a people have, the more susceptible they are to an unstable political situation.

Proof of this statement is found in the rapid recovery of the nations of Western Europe following World War II. The lagging economic progress of less-developed countries is, in contrast, the nations of Western Europe had a large stock of educated and trained citizens as an important factor in speeding their recovery.

The United States Chamber of Commerce, a few years ago, conducted a study of the relationship of education to economic growth and published its findings in a report called "Education—An Investment in People." One of its statements is this:

Representative Edith Green of Oregon, chairman of the U.S. House of Representatives Special Subcommittee of Education, said: "Experience teaches that skipping on education is no bargain... in our increasingly complex world, the ability to get and hold a job becomes more and more dependent on the workers' level of education. The relationship between unemployment and education, or, rather, lack of education, is both apparent and appalling which says... we cannot afford... new ideas, knowledge, and democratic ideals and aspirations in every city and town in this country."

Poster Contest Announced For Hansel, Gretel

A poster contest promoting the Big Spring Little Theatre's December production, "Hansel and Gretel," is being held in the art classes of Goliad and Rannels Junior High Schools. Entrants will include students in the seventh, eighth, and ninth grade classes of Miss Clara Secret, Don Duncan and Mr. and Mrs. Harlan Sandidge.

U.S. Team In Malaysia May Ask American Aid

KUALA LUMPUR, Malaysia (AP) — An eight-man U.S. defense team arrived today to assess the military needs of threatened Malaysia with an eye to possible American assistance.

The team's leader, Philip W. Manhard of the State Department, said the United States would be prepared to consider long- and short-term credits for the purchase of arms and equipment.

During their two-week stay, the Americans will meet Malaysian military and defense ministry officials, and tour bases,

including those in the guerrilla-plagued Malaysian Borneo states of Sabah and Sarawak.

Details of what Malaysia is seeking from the United States and other friendly nations have not been announced but they are understood to include jet planes.

A Canadian defense survey team left for home today.

Red Confab Gets Delay

MOSCOW (AP) — Soviet leaders have agreed to postpone a showdown conference of Communist parties supporting them in the Soviet-Chinese dispute and instead hold talks in Peking early next year, Communist sources said today.

The proposed conference had been denounced by the Chinese as a step on "the road to doom." The conference was called by Nikita S. Khrushchev before his ouster.

His successor as Soviet Communist first secretary, Leonid Brezhnev, has agreed in talks here with Chinese Premier Chou En-lai to hold bilateral discussions instead, the sources said.

Nothing has been officially disclosed about the talks here in recent days and there was no confirmation of the report.

East German Communist party chief Walter Ulbricht and Premier Willy Stoph left for Berlin Wednesday. Polish chief Wladyslaw Gomulka left Tuesday night.

Teenage Winners

Trophies were presented to these three happy Miss Teenage America contestants in Dallas. They are, left to right: Arden Westbrook, 16, Miss Teenage Fort Worth, awarded Sportsmanship; Paula Rinearson, 17, Miss Teenage San Antonio, Personality, and Kathleen Ross, 17, Miss Teenage Pittsburgh, Congeniality, the 1965 Miss Teenage America will be crowned Friday night. (AP WIRE- PHOTO)

Three Teeners Win Cups; Selection Of Queen Near

DALLAS (AP) — A Pennsylvania girl and two from Texas won preliminary awards Wednesday in the Miss Teenage America Contest. Winning the congeniality title was Miss Paula Rinearson, 17, San Antonio, while Miss Arden Westbrook, 16, Fort Worth, won the Sportsmanship designation.

Each received gold loving cups. The shindig took place after a full day of interviews, a turtle derby, and rehearsals for Friday night's CBS telecast. In addition to dancing, there were plenty of pizzas to munch on in the Italian restaurant.

Any free time today was squeezed around 10 hours' rehearsing for the hour-and-a-half nationally televised show Friday, when the 1965 queen will be crowned.

Ten semifinalists chosen Thursday will perform their acts and participate in extemporaneous skits on the television show.

While the candidates finished their last poise, personality and appearance interviews, the chaperones toured Dallas' new Apparel Mart.

Kim Dawson, fashion coordinator for the pageant who owns a modeling agency, showed the women around what she affectionately calls her barn, a plush fashion showplace which opened in October.

One unexpected problem developed. Mothers kept getting lost.

When 10 out of 44 chaperones turned up missing from the bus, Kim rounded them back into the fold.

She complained good-humoredly. "The teens are easier to find than you mothers. At least they make a lot of noise. You get huddled in a shop with good-looking merchandise and don't make a sound."

New Criminal Justice Unit In Good Start

WASHINGTON (AP) — The little guy who stands in ignorant awe of the massive process of criminal law now has a lobbyist in Washington.

For the present, he is located in a drab, cramped cubicle on the fourth floor of the department whose traditional role has been to prosecute — the Department of Justice.

For the present, the little guy's chief lobbyist — Prof. James Vorenberg — spends two days a week on his Washington job, the rest of his schedule taken up with teaching criminal law at Harvard.

A START

But it's a start. That was what former Atty. Gen. Robert F. Kennedy had in mind, just before he left office two months ago, when he established an Office of Criminal Justice within the Justice Department.

Kennedy put it succinctly to an assembly of criminal lawyers last Aug. 10 when he announced the innovation. The office, he said, would insure "that the department over which I preside is more than a department of prosecution and is, in fact, the Department of Justice."

AN EMBRYO

The office is still an embryo. Under the direction of Vorenberg, it is still setting down the momentous questions it must ask and answer in its crusade to assure every American his full measure of equal justice under the law.

Was the jury fairly and legally chosen? Was the defendant convicted on Page 1 before he went to trial? Was it right to tap his telephone? Was he held by police too long without a lawyer — and too long before arraignment? Was he properly treated while authorities were determining his mental competency? Vorenberg and his handful of lawyers, plucked from around the department, know the answers will be a long time in coming. They'll come only after deep research, extensive consultation with federal, state and local officials, and countless conferences such as the one that focused national attention on the problems of bail last spring.

NOT MAGIC

"We're not here to propose a magic formula," the lean, dark-haired, 36-year-old Vorenberg told an interviewer recently.

Off The Sidewalk

Dallas policeman Charles Dyer orders Janie Green, 13, left, and Julie Jackum, 13, from sidewalk where they were riding their horses in downtown Dallas. The girls said they were riding from their homes in south Dallas

County to a local radio station. It was the girls' first attempt at riding the horses downtown, but officer Dyer was convinced that they should ride in the street—not the sidewalk. (AP WIREPHOTO)

Cafe Owner Claims Harassment By FBI

ATLANTA, Ga. (AP) — Cafeteria owner Lester Maddox, whose fried chicken and other Southern victuals are not for sale to integrationists and interstate travelers, said today that federal agents are ruining his business by tracking down and questioning his customers.

"Unless this harassment by the FBI is stopped, it is going to put me out of business," Maddox complained. "There won't be any need to go back into court."

The 49-year-old segregationist, who has barred Negroes from his place, has been ordered into federal court in contempt proceedings because of an injunction against his segregation policy. A hearing has been delayed until the U.S. Supreme Court rules on the 1964 Civil Rights Act.

PATRONS CALL

"About 100 persons have called me or contacted me and said they were questioned by the FBI for stopping here or eating at my place," Maddox said.

When he was placed under the court injunction last August, Maddox shut down his business, the Pickrick Restaurant. He opened again Sept. 28 under a new name, Lester Maddox Cafeteria, in the same building and again turned away Negroes.

His new policy of refusing to serve integrationists or interstate travelers is posted at two locations in the cafeteria. The Civil Rights Act says businesses serving or offering to serve interstate travelers come within the new law.

Maddox said that since FBI agents began questioning many of his patrons, his business had been dropping.

Complaint Brings A New 'Rolls-Royce' Across Sea

CREWE, England (AP) — Gordon Ignatewicz, a Canadian car fancier, found a scratch on his new Rolls-Royce. He packed it off from Toronto to the Rolls headquarters in London with a sharp letter of complaint.

The company dispatched another new Rolls — unscratched — across the Atlantic by mail. "We couldn't do this for everybody," said Dennis Williams, a company spokesman, "but Gordon is only 8 — and the car was a 4-inch model."

Gravitation Pull Shifts Satellites?

WASHINGTON (AP) — Space scientists say that long-known variations in the earth's gravitational pull may be responsible for the purported temporary joggling of U.S. satellites out of orbit as they pass over the Solomon Islands in the southwest Pacific.

The scientists said in interviews Wednesday they doubted that any truly mysterious forces are responsible for the deviations.

Rape Slaying Lead Found

NEW ORLEANS (AP) — Police Supt. Joseph Giarrusso says investigators have a slim lead in the brutal rape-murder of prominent Mrs. Lillian Harris.

Mrs. Harris, 41, died Wednesday from injuries inflicted 12 hours earlier by a robber who raped, beat and shot her in the head.

She was attacked in her expensive apartment on tree-lined Louisiana Avenue Parkway, one of the city's fashionable residential areas.

Mrs. Harris, wife of Louis Harris, a vice president of David Young Sales Co., and the Young Engineering Co., was found by her son, Seth, 13, when he returned home from school Tuesday.

She was lying face down on a blood-soaked bed. Her hands were trussed behind her back and she was bound about the neck.

Harris was out of the city on business. The Harris' other child, Myra, 16, reached home after her mother had been taken to the hospital.

Secretary of State Dean Rusk forecasts trouble ahead in Southeast Asia unless Red China decides to leave its neighbors alone.

"We have made it very clear we are not going to pull away and leave Southeast Asia to be overrun," Rusk said Wednesday in an interview recorded for the CBS television program "The United States and the Two Chinas."

"I'd drink if I could," she said. "That's what everybody else does. But I'd get sick."

Last week the Ventura County Board of Adjustment denied her petition for a zoning change which would have allowed her to keep more than four dogs, the legal limit.

"You should have heard what those people said about me and my dogs," Mrs. Pope said. "People. People are like sheep. I'm off people."

"Appeal? Why waste my energy? I need it to take care of my dogs."

Mrs. Pope, a widow for 40 years, must find a new place to live within two months — she doesn't know where yet — but she is too angry with her neighbors now to stay anyway.

"They spend their money on cans of beer," she said. "I spend mine on cans of dog food."

Mrs. Pope went into the real estate business after her husband died. She was 27. After rearing three children, she retired to live alone in a neat little home beneath a huge persimmon tree. Alone, that is, except for the dogs.

"They're all sick," she said. "But I know how to take care of them. Look at that one. A vet gave up on him five years ago and wanted to put him to sleep. 'To sleep? I don't put my dogs to sleep. These vets.'"

There isn't any. Plunk \$1701 into Frank Winterhalter's hand and he'll plunk you into the seat of a new 1965 Volkswagen Deluxe Sedan. (Give him \$30 more, and you'll be plunked into a Volkswagen with matching leatherette upholstery.)

Of course, you'll have to buy license plates and pay local tax. But that is it. Sound a little too simple? Perhaps. But then the Volkswagen is a simple little car.

Ross Montgomery Is New Rushing Leader

New rushing leader in District 2-AAAA is Ross Montgomery of Midland High, who has picked up 432 yards in 88 carries for a 4.9-yard average.

Trailing the big senior is Julio Guerrero of San Angelo, the former pace setter, who has 428 yards in 51 attempts for a robust 8.4 average.

Third is Chuck Loftin of Midland Lee, with 378 yards in 78 lunges for a 4.7 average. Benny Kirkland, Big Spring, has climbed to fifth with 354 yards gained in 55 efforts for a 6.5 average.

JUDY SMOKETTE AND FRIEND
Owner Gatlin Jones shows trophy

Local Dog Wins Trophy In Meet At Canadian

Judy Smokette, a year-old English pointer owned by Gatlin Jones of Big Spring, is looking for more fields to conquer after having taken down a championship trophy in the Panhandle Bird Dog Club show in Canadian, a five-day event which ended Nov. 9.

Judy Smokette's cup was for being judged best of class in the Amateur Derby. Jones plans to take her to the Texas Open, which starts in Paris, Texas, Nov. 27.

In field trials such as the one held at Canadian, dogs are judged on how they respond to orders and react to problems. Jones ran with her aboard a horse, using a whistle to give his commands.

In all, 128 dogs were in competition at Canadian. Of that number, 20 competed in Judy Smokette's particular division. The meet was recognized by the American Field Association.

Ernie Terrell Wants Action

NEW YORK (AP) — Ernie Terrell's manager called on the World Boxing Association today to get its heavyweight elimination tournament going.

"We've made no deals with anyone and Ernie Terrell is ready to fight anyone the WBA designates for the vacant heavyweight championship," said Julie Isaacson, manager of the contender ranked No. 1 by the WBA.

Isaacson made the statement in heatedly replying to a charge by Abe Greene, commissioner of the WBA. Greene said the boxing group's proposed elimination tournament was scuttled because the top-rated challengers were offered a deal to take on the winner of the Cassius Clay-Sonny Liston heavyweight title fight at Boston Monday night.

The WBA stripped Clay of title recognition for signing for the title defense against Liston, the man he dethroned last February. The WBA lists neither Clay nor Liston in its latest rankings. Terrell, of Philadelphia, tops the list.

"Greene's charges are absolutely not true," said Isaacson. The WBA, after stripping Clay of his crown, named Terrell, former heavyweight king Floyd Patterson, Cleveland Williams of Houston and Doug Jones of New York, to fight it out in a tournament to determine a successor to Clay. Since then, Jones, onetime top contender, has lost to Billy Daniels and George Chuvalo.

Clay has said repeatedly that after he beats Liston again he wants Patterson as his next rabbit.

FRED HUTCHINSON

Garland Bids For Big Win This Weekend

By HAROLD V. RATLIFF
Associated Press Sports Writer

Three defending state champions are expected to slam into the playoffs of Texas schoolboy football this week while another, playing in a different class, is due to hang in the race.

Garland, the subdued king of Class AAAA having to fight for its life to the final gun, can win its way back Friday night by beating Denton.

Garland was upset by Highland Park just when it was on a long winning streak and appeared headed for another title. But it so happened that Garland beat the team that could tie it for the district crown and will get the playoff spot if it doesn't lose against Denton.

Coriscana, the Class AAAA champion, moved up to AAAA this season and right now seems on the way to a district title that could put it into the playoffs again.

Coriscana meets Waco Richfield Friday night for the north zone championship of District 13. The winner clashes next week with Austin McCollum, the south zone champion.

Rockwall, swinging down the November trail with a 22-game winning streak, needs to beat Plano Friday night for the district championship so it can defend its state Class AA title in the playoffs.

Petersburg, 1963 Class A champion, also had trouble in the district campaign but should straighten things out Friday night when all it has to do is whip five-times loser Crosbytown.

It is a momentous week in the schoolboy race with 83 of the 96 district champions in the four classes that play to state championships to be known.

Class AAAA already has one champion — Nederland — and will decide probably seven more this week. That will leave eight district titlists to be determined when the campaign closes next week.

Class AAA has one champion champing at the bit—Cypress-Fairbanks. Ten more will be determined Friday night. There will be only five left to be determined.

Classes AA and A wind up the district race this week while AAAA and AAA have another week to go.

Only 25 undefeated, untied teams remain as the race rolls down the last mile. In only one instance do two of the teams with perfect records clash although that doesn't necessarily mean that the other 23 will escape defeat. Most have tough conference games.

Atlanta and Gladewater battle for the District 14 championship at Gladewater Friday night and the loser will drop from the unbeaten, untied list as well as out of contention for a playoff spot.

Even mighty Hull-Daisetta, the highest scoring and heaviest favored team in the state, must win a game in order to get into the playoffs. Hull-Daisetta plays Orangefield for the District 26 title in Class A.

Seattle won 25 games for Seattle of the Pacific Coast League in his first year as a pitcher and was named Minor League Player of the Year by The Sporting News.

His best pitching years at Detroit were 1949, when he was 15-7, and 1950, when he was 17-8.

On July 2, 1952, he replaced Red Rolfe as manager of the Tigers. In the next two years, his teams finished sixth and fifth and it was back to the minors in 1955 as manager of Seattle.

Seattle won the pennant that year and from 1956 into the 1958 season he managed the Cardinals. They finished fourth in 1956 and second in 1957. Once again, he went back to Seattle in 1959, but he moved to the Reds on July 9.

A sixth-place finish in 1960 was followed by a pennant in 1961, although the Reds lost to the New York Yankees in a five-game World Series. The Reds were a close third in 1962 and fifth in 1963.

Hutchinson was married in 1943 to Patricia Finley. They have four children — Rick, 20; Jack, 19; Patty, 16, and Joe, 9.

Huge Turnout Due For Cowboy Game

DALLAS (AP) — "Stranger things have happened in football," said Dallas Coach Tom Landry in assessing the Cowboys' chances of catching the leading Cleveland Browns in the Eastern Conference of the National Football League.

Landry made the remark at his weekly press conference Wednesday as forecasts mounted that the galloping Cowboys would draw their largest Cotton Bowl crowd in history Sunday against Philadelphia.

The closest the Cowboys have come to filling the 75,504-seat bowl in league play was in 1962 when 45,668 watched New York roll to a 41-10 rout of Dallas.

Upwards of 50,000 are expected to turn out Sunday. The Cowboys have won their last three games—all on the road—to set a club record.

Should the Browns lose their next three games while Dallas won its next three, the two clubs would be tied for the leadership with marks of 7-4-1.

Landry said he didn't think that was likely to come to pass. And it's stretching things a bit even to speculate in that manner, especially since St. Louis sports a second-place record of 5-3-1, substantially superior to the Cowboys' 4-4-1.

Landry pointed out that the Browns play Detroit and Green Bay next on their schedule "and that's a tough assignment."

In the main, though, he was simply going on the record with some praise for Dallas for good effort all around.

"Two things won us the game with New York Sunday," Landry said, referring to the 31-21 Dallas victory. "One was our alertness on defense and in the kicking game. The other was the pressure of the defensive line on Y. A. Tittle, never allowing him to throw on a set basis."

Dallas is doing well in the NFL, he said, "because for the first time we have become competitors. We can go on the field with any team and have an even chance of victory."

Landry cautioned, however, that Philadelphia is a tougher team than the clubs Dallas has played recently.

"We will have to play better than the past two weeks to win. Philadelphia is much better than last year."

Landry had special praise for the Dallas kicking game of late, with Georgia Tech rookie Billy Lothridge punting high enough that the Cowboys can develop excellent coverage.

He noted that Dick Van Raaphorst now leads the team in scoring with 48 points—18 conversions and 10 field goals.

Landry said it was doubtful that Jerry Tubbs, veteran middle linebacker, would play Sunday because of a knee injury.

But Tubbs says he will play anyway.

Cassius Has His Laughs At Expense Of Writers

BOSTON (AP) — Champion Cassius Clay is laughing at the boxing writers and other so-called experts who have installed challenger Sonny Liston as the favorite for their heavyweight championship bout next Monday.

"A thousand newsmen picked Liston before the last fight," he jeered, "but what happened?"

He noted Liston has been installed the favorite again and asked: "Don't they ever learn?" Clay, who prefers the name Muhammad Ali, insisted Wednesday he will have the last laugh.

"Liston's a slow, old man."

Bobcat Back Still Leader

Julio Guerrero's chief threat for individual scoring honors in District 2-AAAA is another San Angelo player, Jim Rucher. San Angelo has 56 points over the season, compared to 48 for Rich.

Tied for third in the race are Johnny Hughes of Big Spring and Jack Yarbrough of Abilene, each of whom has 38 points for the season, compared to 48 for Rich.

Big Spring's Benny Kirkland derby, with a total of 30 points.

DUNKEL COLLEGE FOOTBALL INDEX

EXPLANATION - The Dunkel system provides a continuous index to the relative strength of all teams. It reflects average scoring margin relative to index of opposition, and is weighted in favor of recent performance. Example: A 50.0 team has been 10 scoring points stronger, per game, than a 40.0 team against opposition of equal strength. It was originated in 1929 by Dick Dunkel.

Mustangs Could Profit From TCU's Example

By The Associated Press

It was at this time of year back in 1961 when the University of Texas football team was rated No. 1 in the country and had every intention of remaining undefeated and untied through the Texas Christian game.

But Sonny Gibbs and TCU had other ideas and they prevailed as he led the Frogs to a stunning 6-0 upset victory.

This year, Arkansas is No. 3 in the nation and can sew up the Cotton Bowl with a homecoming victory over Southern Methodist at Fayetteville Saturday. It would leave the Razorbacks only one game away from a perfect season.

It's not unlikely that Arkansas Coach Frank Broyles is using the 1961 Texas-TCU game as an example of warning to the Hogs. And it's equally probable that Hayden Fry is reminding the Mustangs—though they are in the SWC cellar—that of same game three years ago.

The two principals in the example — Texas and TCU — themselves clash Saturday at Fort Worth. The Steers, beaten only by Arkansas and rated No. 5 nationally, would still have a crack at the Cotton Bowl should they win and the Razorbacks lose.

But TCU would like nothing better than to spoil Longhorn hopes for any major bowl engagement this year. So the memory of the 1961 game will no doubt be evoked most of all this week at Fort Worth.

The other conference game on tap Saturday is Rice and Texas A&M at Houston. Texas Tech is host to Washington State at Lubbock and Baylor journeys to the University of Kentucky at Lexington.

Big Spring

Top Turnout Is Likely

The season's top home crowd is likely to see Friday night's District 2-AAAA contest here between Abilene High and Big Spring.

The demand for ducats here is stronger than it has been all season. As of 9 o'clock this morning, more than 900 adult tickets had been distributed by the school business office.

The tickets, priced at \$1.50 each, will remain on sale until 2 p.m. Friday and, of course, will be available at the gates.

Abilene asked for and was sent 500 adult and as many student tickets.

The paid turnout at last week's game here with Permian amounted to 5,243 and practically all of that throng was composed of Big Spring people.

Only 91 adult and 73 student tickets were distributed in Odessa for the game.

Don Crockett of the school business office said he had been informed San Angelo would be able to supply Big Spring with 3,000 tickets for the game next week.

Ponies Near 3-B Pennant

ACKERLY—Sands can clinch the District 3-B eighth-man football championship Friday night by beating or tying Vellman in Wellman.

The chore may not be easy. Although Wellman has won three, lost two and tied one, it has outscored the opposition, 190 points to 173.

Sands maintained exclusive possession of first place last week, although the Mustangs lost their first game of the conference season to Flower Grove, 19-15.

Flower Grove moved into a tie for second place in the district with Klondike, which was buried under a 48-0 score at the hands of Dawson.

The bidding:

Opening lead: King of ♠
Partnership cooperation is an essential ingredient to successful defense. West's failure to heed his partner's signal proved disastrous to their cause, for South, the declarer at five diamonds, was paying close attention to East's communication and was quick to capitalize on his opponent's lapse.
West's jump overall of two hearts is a preemptive bid, designating a good suit but not much defensive strength. East bid four hearts in order to put his opponents to the guess. He did not expect to suffer a substantial loss—even if he were doubted, and there was the

prospect that the opponents might overstep themselves.
West opened the king of hearts against five diamonds, and East, who greatly desired a spade lead, followed with his lowest heart—the four—to induce a shift. Also the play of a small card merely indicates a lack of interest in the suit led rather than a request for a specific lead. East reasoned that the appearance of the dummy as well as West's own holding would suggest the desirability of a spade play.
After the king of hearts held the first trick, West stubbornly ignored his partner's suggestion, and continued with the ace—presenting South with an opening on which he deftly capitalized.
Declarer ruffed in his hand and, being extremely skeptical of the prospects for a successful spade finesse, he decided to bank his prospects on an end play. The heart suit had already been eliminated, so he proceeded to strip out the clubs by cashing the A-K-Q.
When all the missing clubs appeared, South's preparations were completed, and he exited with a trump. East was in with the ace and he found himself confronted with the unpleasant choice of either leading directly into the ace-queen of spades, or else playing a heart which would permit declarer to discard his spade loser as he ruffed in dummy.

Courtesy Crusade In Africa Fades

JOHANNESBURG, South Africa (AP) — The adage that "courtesy costs nothing" is doubtless still true, but Margaret Malherbe has found it takes money to promote the idea.
Lack of public support has forced Mrs. Malherbe and 14 helpers to abandon a courtesy

Soviet Yields Before Peking

By The Associated Press
Red China's team in Moscow seems to have the new Soviet regime over a barrel in the struggle over what direction world communism will take.
Premier Chou En-lai and his delegation forced a concession from the Kremlin in return for extending the current chilly truce in the dispute. From its strong bargaining position, Red China appears to have forced the Kremlin to back away from its plans for a December meeting of international Communist leaders to prepare for a world meeting.
Instead, there are to be Soviet-Chinese talks in Peking early next year. But in the long run, this concession means little.

crusade aimed at reducing friction between the segregated racial groups of South Africa. She spent two years at it, and about \$1,400.
FUNDS GONE
Mrs. Malherbe, a Johannesburg housewife, says: "We are sorry to see the campaign abandoned, but our operation lasted only as long as funds were forthcoming. Now we have nothing left in the bank."
The courtesy campaigners distributed thousands of leaflets, posters and booklets urging shopkeepers, householders, business organizations and schools to encourage and promote interracial politeness.
The campaigners' courtesy code suggested that black and whites should:
Speak out against rudeness wherever found;
Refuse to accept service if others, regardless of color, have been waiting longer;
Refrain from calling a black servant or other employe by the name of Jim, Boy or Kaffir — African;
Challenge unfair condemnation of any particular racial group;
OFFENDS DIGNITY
Never ask a male African servant to wash or iron women's undergarments — it offends his dignity;
Treat Africans and other races with human dignity;
Teach children to be polite.
"Children are often the worst offenders," says Mrs. Malherbe. "The social structure of South Africa allows white children to be waited on hand and foot, not only by African servants but also by their parents. This way of life breeds thoughtlessness which leads to rudeness and, as they grow older, it becomes an established way of life which leads to friction between the races."
Mrs. Malherbe found promotion of racial good will no easy task.
South Africa's rigid apartheid laws are enforced by thousands of "whites only" signs. People are channeled into separate buses, trains, theaters and post office counters. There are thus few opportunities for contact by whites intent on promoting courtesy and good will among the racial groups.

Settlement Seen In Suit On Baker

WASHINGTON (AP) — A \$300,000 damage suit against ex-Senate aide Bobby Baker will probably be settled out of court next week, according to Washington attorney David Carliner.

Carliner said Wednesday that Baker and his attorney, Edward Bennett Williams, are out of town, preventing any decision until next week. Carliner represents Capitol Vending Co., which operates vending machines, in the suit.
Capitol's suit charges that Baker used his influence on Capitol Hill to have a lucrative contract taken away from the firm.

Prosecutions Nearing End In Nazi Horror

BONN, Germany (AP) — an effort was made to get all parties to agree to a common position. He said this failed because of resistance from the opposition Social Democrats.
Von Hase said the government will appeal to the world to provide information about war crimes so that legal actions can be started before the expiration of the statute.
He explained that an extension of the statute would be impossible because this would mean making an exception to legal principles to suit the government's convenience. He said that the Nazis had made a practice of this and the Erhard government did not want to imitate them.
The statute on war crimes began running in the three occupation zones at the time the state of war was declared ended. This accounts for the difference in the expiration dates.

This means that after the expiration next year of the 20-year statute, Nazi war criminals cannot be prosecuted in this country unless legal proceedings already have been started against them by then.
The statute on war crimes runs out on May 8 in the former British and French zones of occupation and July 1 in the former American zone of occupation.
Erhard's spokesman, government press chief Karl Guenther Von Hase, told a news conference that the cabinet reached its decision on the statute of limitations at last Thursday's meeting. He said it was not announced immediately because

Travel Writers Plan River Trip

BIG BEND NATIONAL PARK (AP) — Travel writers touring Texas were to take a float ride down the Rio Grande through Mariscal Canyon today.
The day's activities were also to include a horseback ride to the south rim of the Chisos Mountains or a bus trip to Santa Elena Canyon and the ghost town of Terlingua.

MAKE POINTS
The Chinese make these points:
The Soviet Union must refrain from dictating to other parties. The People's Daily said unity depends upon disappearance of "great nation chauvinism."
Moscow must treat Peking as equal.
Above all, Moscow must turn more aggressive in the international arena, must agree that the United States is the main enemy, and must agree to zero in on the Americans.

The Communist world, it said, is "duty bound to support actively the revolutionary struggle of all oppressed people and nations."

THE STAFF OF LIFE
Mrs. W. H. Ward Sr., master bread maker, likes variety

Mrs. Ward Creates Homemade Specialty

By MARY COCHRAN
The fragrance of homemade bread baking in the oven is a tempting perfume to young and old alike. Each day, delicious aromas float out of the kitchen at the farm home of Mrs. W. H. Ward Sr. who lives in the Moore community. She never serves commercial breads at the family table and each meal is a treat to all who dine there.

She has been practicing the art of bread making ever since her marriage. Friends who have been calling at her farm home six miles north of town since 1907 always find a special loaf of bread or hot rolls and homemade jelly awaiting them.

"When I first started out I made many mistakes but just kept trying," she said. Those who have attempted this rather difficult cooking skill have found that the consistency or "feel" of the dough is important. Mrs. Ward describes it as having a stretchy or elastic texture. Also, she says that properly worked dough has a "satiny shine."

Many bread recipes call for soda and salt. These can be left out, Mrs. Ward explained, if the diet prohibits them. For every portion of soda a substitute of a double portion of baking powder will work just as well. She has based her bread making on experience and experimentation.

LIKES CHANGE

Any new idea that comes along is a challenge to her. There are six children who have enjoyed her experiments and look forward to a meal at the home place. These include her oldest son, Luther Smith, who lives at home and operates the farm. Down the road a little way lives another son, Bill Ward, and his wife and son, Ronnie. Miss Anna Smith, dean of women at Howard County Junior College, and J. M. Smith and his wife live close by in Big Spring. Mrs. A. D. Dodson comes over from Snyder, and rarer visitors are Mr. and Mrs. Madison Smith and son, Gary, from Baltimore, Md.

Twenty-one years ago, she started the tradition of a breakfast on Good Friday for members of her home demonstration club at Fairview. There were six at that first breakfast and as the years passed and the get-togethers earned a deserved reputation for good food and fun, the guest list grew to include other friends. Now, when the call goes out that the breakfast event is due there may be 35 guests on the list.

The variety of tea breads on that festive table might include apple, tomato cheese, apricot, cranberry peach with walnuts, pumpkin, orange or oatmeal. For light breads, she serves oatmeal, bran mix, whole wheat, white, onion or a special dil and cottage cheese combination.

DAILY ROUTINE

On an average day, she gets up early and makes up her bread, letting it rise twice during the morning, and timing it so that it is ready for the noon meal. If lunch is late, she punches the dough down for the third time, scuffing at the idea that it will ruin the batter. She likes to save time by having a ready mix—homemade of course—always at hand. On her pantry shelves are canisters or jars containing an oatmeal mix for bread and rolls, a biscuit mix and a cornbread

mix. These she combines with different ingredients to make a large variety of dishes.

Jelly making is another cooking skill that the inexperienced often find difficult. She uses a commercial jel and cooks the fresh fruit mixture till it coats a wooden spoon and drops in "big blobs" back into the kettle.

Mrs. Ward is a native of Kentucky and came here at the age of 19. She has been swapping recipes with Texas friends since that time and shares some of her favorites in the following listing.

CHEESE LIGHT BREAD

2 pkgs. yeast
1/2 cup warm water
1/4 cup sugar
1/4 cup shortening
2 1/2 tsps. salt
1 8-oz. jar Wishbone cheese salad dressing
1 cup boiling water
2 beaten eggs
6 1/2 cups flour

Soak the yeast in the warm water. Mix with sugar, shortening, salt, salad dressing, boiling water and eggs. Add four cups of flour and work into dough. Add remaining flour until stiff dough is attained. Place in greased bowl and allow to rise. Push dough down and allow to

rise two loaves, let rise and bake in moderate oven.

OATMEAL MIX

7 cups sifted flour
3 1/2 cups sugar
1 1/2 tsps. salt
2 1/2 cups shortening
1 box quick cooking rolled oats
This mixture is the basis for making light bread or muffins and will keep for six months without refrigeration in a covered jar. When using mixes always stir the mixture from the bottom before using.

OATMEAL BREAD

2 pkgs. yeast
1/2 cup warm water
3 cups oatmeal mix
6 to 8 cups of flour
Soak yeast in warm water and set aside. Combine oatmeal mix and flour in bowl and add yeast mixture. Turn out on a board and work until smooth. Place in a greased bowl and allow to rise. Push down and allow to rise again. Turn out on board and work 4 or 5 minutes. Make in loaves or rolls, let rise and bake in moderate oven.

APPLE TEA BREAD

2 cups sugar
1 cup salad oil
4 tsps. sour cream
2 tsps. vanilla
4 cups flour
2 tsps. soda
1 tsp. salt
2 cups fresh chopped apples, unpeeled
1 cup chopped pecans
Mix sugar, oil and eggs. Add sour cream and vanilla. Sift dry ingredients together and add to egg mixture. Fold in apples and pecans. Bake in loaf pans at 350 degrees for one hour.

BISCUIT MIX

9 cups sifted flour or 10 cups soft wheat or cake flour
1-3 cup double acting baking powder
1 tsp. salt
2 tsps. cream of tartar
1/4 cup sugar
2 cups shortening
Combine dry ingredients and cut in shortening until it resembles a coarse meal. This will keep without refrigeration and makes 13 cups. For biscuits,

For Danish Delights Use Canned Biscuits

Americans have a special preference for Danish pastry. Country-wide these pastries vie for popularity with doughnuts, coffee cakes and other breakfast breads considered native to this country. Danish pastry has never been considered as "quick bread." Its making requires patience, time and effort. However, economists have developed recipes for simplified versions of Danish-style pastries. They are tailored to today's necessity for short-cut methods of food preparation.

The basic dough for this galaxy of Danish-style delights is prepared biscuits. Preparation and baking time is approximately 30 minutes from start to finish. The refrigerated prepared packaged biscuits are instantly ready for variety of fillings upon removal from their tubular packages.

The fruit varieties of purple plum, fig and prune are especially suitable for Sunday breakfast or brunch service. As are cheese, mincemeat, and almond flavored morsels.

DANISH-STYLE FRUIT PASTRIES

1 pkg. plain or buttermilk biscuits
20 cooked prunes, pitted and well drained
1 tsp. butter, melted
2 tsps. light corn syrup
1 tsp. water

Shape each biscuit into an oval about 2 1/2 x 3 3/4 inches; place on ungreased baking sheet. Place two prunes in center of each biscuit. Fold sides up and over; hold in place with toothpick inserted through top center. Brush with melted butter. Bake in very hot oven (450 degrees) about 10 minutes or until golden brown. Remove from oven. Remove toothpicks. Combine corn syrup and water in saucepan; heat until mixture begins to boil. Remove from heat. Brush on each pastry. If desired, drizzle a thin confectioners' frosting over top of each pastry. Other fruits may be used in place of prunes.

DANISH-STYLE CHEESE PASTRIES

1 cup (8-oz. pkg.) cottage cheese, sieved
1 tsp. flour
1 tsp. sour cream
1 egg, separated
1-3 cup sugar
3 tsps. butter, melted
1/2 tsp. vanilla extract
2 pkgs. plain or buttermilk biscuits
1/4 cup light corn syrup
2 tsps. water

Combine cottage cheese, flour, sour cream, egg yolk, sugar, 2 teaspoons of the melted butter and vanilla; blend well. Beat egg white until stiff but not dry; fold into cheese mixture. Press each biscuit between thumb and finger to about 3-inch diameter, depress center to form rim around edge; place on ungreased baking sheet. Place 1 rounded tablespoon of cheese mixture in center of each biscuit; brush edges with remaining melted butter. Bake in very hot oven at 450 degrees about 10 minutes or until golden brown. Remove from oven. Combine corn syrup and water in saucepan; heat until mixture begins to boil. Brush on each pastry. If desired, sprinkle with toasted coconut.

Cinnamon Mix

Small fry enjoy sprinkling sugar cookies, just before the cookies are baked, with a sugar-cinnamon mixture. For this topping, use a teaspoon of cinnamon to four tablespoons of sugar.

Stuffing Expands

Note to new cooks: Never forget that poultry stuffings expand during roasting and that the dressing should never be tightly packed when the bird is stuffed.

LUNCH HEARTILY

Combine pineapple-bran bread with salad, cheese, tea

Whole Bran Cereal Makes Tasty Loaf

Whole bran cereal mixed with sugar, and sprinkled onto this loaf before it is baked makes a delightful topping that sticks in place attractively during slicing. To slice, use a very sharp knife and a gentle sawing motion. This bread can be frozen, after being wrapped by the slice, or partial loaf. Excellent toasted!

PINEAPPLE-BRAN BREAD

1 cup whole bran cereal
1 cup syrup drained from canned pineapple or milk
3 cups sifted all-purpose flour
3/4 cup sugar
3 tsps. baking powder
1/2 tsp. soda
1 1/2 tsps. salt
3/4 cup chopped nuts
3/4 cup well-drained canned crushed pineapple
2 eggs, beaten
3 tsps. melted shortening or cooking oil
Combine whole bran and pineapple syrup or milk; let stand

15 minutes. Sift together the flour, sugar, baking powder, soda, and salt. Stir nuts, crushed pineapple, eggs, and shortening into bran mixture. Add dry ingredients and stir just until blended. Turn into a greased 9x5x3 inch loaf pan. If desired, sprinkle a mixture of 1 tablespoon sugar and 1 1/2 tablespoons whole bran over dough and press in slightly with back of spoon. Bake in a slow oven (325 degrees F) until done, about 1 1/2 hours. Cool bread in pan on rack 5 minutes; turn loaf out of pan and finish cooling on rack. Yield: 1 loaf.

Oven Technique

When you are oven-baking chicken pieces in melted butter, turn the chicken skin side down for the first half of the baking; place skin side up for the remaining baking time.

Sweeter Mustard Adds To Burgers

The old-fashioned mustard called for in this recipe gives these burgers special flavor; it can be homemade or one of the varieties now available in markets.

CHEDDAR HAMBURGERS

2 lbs. ground chuck beef
2 tsps. sweet-type prepared mustard
3/4 cup finely grated cheddar cheese
Butter or margarine
Salt and pepper

Make the beef into 12 flat patties. Spread a teaspoon of mustard over 6 of the patties; spread the cheese over the mustard but not to the edges. Cover with remaining patties; mold the edges together well with your fingers so they won't separate during frying.

Brown stuffed patties rapidly on both sides in a tablespoon or two of hot butter in a skillet; reduce heat and cook until meat is done as much as you like. Sprinkle meat with salt and pepper. Serve at once.

Beginners Will Find Muffins Easy Road To Baking Breads

By The Associated Press
Who's afraid of baking? According to our private survey, a good many young women admit that they're unpracticed at this art. At the donning of an apron, they'll cook France's Beef Bourguignon or America's Country Captain, but they will at the idea of baking from scratch.

If you are timid about baking cakes, cookies, puddings, pies or pastry, our advice is to start your baking career by trying your hand at muffins. Muffin-making is foolproof — if you don't overmix.

This muffin recipe produces such a pleasant and nutritious hot bread that even experienced cooks are likely to want to try it. Serve these muffins for breakfast, brunch, lunch, supper, snacks or what-have-you. But do serve them hot; it you bake them ahead, be sure to reheat them. And offer them with butter.

MUFFIN MAGIC
Simple-to-make muffins have sweet apple topping

APPLE-OATMEAL MUFFINS
1 cup sifted flour
3 tps. baking powder
¾ tsp. salt
1-4 cup firmly-packed light brown sugar
1 cup quick-cooking rolled oats
3 tps. butter or margarine, melted
1 egg
1 cup milk

12 thin unpared apple slices
1 tsp. granulated sugar
1-4 tsp. cinnamon
Into a mixing bowl, sift together the flour, baking powder and salt. Stir in the brown sugar and rolled oats. Add butter. In a small bowl, beat the egg enough to combine yolk and

white; add milk and beat to combine; add to sifted ingredients and stir only until they are moistened.
Fill buttered muffin cups two-thirds full. Place an apple slice on top of the batter in each cup; sprinkle with a mixture of the granulated sugar and cinnamon. Bake in a hot (400 degrees) oven for 20 to 25 minutes or until a cake tester inserted in the center comes out clean. If muffin cups are 1-3-cup size, recipe will make 12 muffins. Serve hot or reheat; pass butter.

Note: Do not overmix batter to prevent peaks and tunnels. Use a small ladle, if available, to pour batter into muffin cups to prevent overmixing.

Luncheon Specialty

Luncheon for the girls is this delightful rolled sandwich!

OVEN MUSHROOM ROLLS
½ pound medium-sized mushrooms
2 tps. butter or margarine
2 tps. mayonnaise (not sweet mayonnaise - type dressing)
¼ tsp. salt
¼ tsp. onion salt
Pepper
6 slices regular soft baker's bread (crusts removed)
Soft butter

Wipe mushrooms with a damp cloth; cut off a thin slice from ends. Slice and chop fine both mushroom caps and stems.

Cook mushrooms in 2 tablespoons butter in 9 or 10-inch skillet, stirring often, until soft. Mix with mayonnaise, salt and onion salt, add pepper to taste. (Makes about ¾ cup).

Spread about 2 tablespoons of mushroom mixture on each slice of bread; roll up. Spread tops of rolls lightly with soft butter. Bake on a cookie sheet in hot (425 degrees) oven until lightly toasted—about 10 minutes. Serve at once. Makes 3 servings—2 rolls for each portion.

Hard Sauce Tip

Some cooks like to add a little hot water to the regular butter, sugar and flavoring combination for hard sauce.

Scissors Trick

Sharpen scissors by cutting a piece of sandpaper, once or twice, with them.

BRINGS VARIETY
Skillet-baked raisin bread is nutritious

Skillet Bread Makes Quick, Easy Delight

Buttermilk, besides being good to drink "as is," can be used to make many tasty, economical and nutritious dishes, such as a Buttermilk Caraway-Raisin Bread. It is a delicious heavy-type bread that requires a minimum of preparation.

Ingredients for the bread can be combined quickly and baked in a large heavy cast iron skillet in just one hour. The finished product is superb, with the pleasant flavor of the caraway seed predominating. And since buttermilk is a rich source of calcium and riboflavin, the bread is as nutritious as it is tasty.

Serve this skillet-baked Buttermilk Caraway-Raisin Bread for breakfast, or with the main course at any meal. It's good with a coffee break, too.

BUTTERMILK BREAD
5 cups sifted flour
1 cup sugar
1 tsp. baking powder
1½ tps. salt
1 tsp. baking soda
½ cup butter
2½ cups white seedless raisins, washed and drained

Pudding Topper

Steamed puddings, served after a soup and salad supper, make a hearty contribution. To top the pudding, you might like to add minced preserved ginger to a regular hard sauce.

Hot Oven Needed

Beef tenderloin should always be roasted in a hot oven for a short period of time.

3 tps. caraway seeds
2½ cups buttermilk
1 egg, slightly beaten
Sift together flour, sugar, baking powder, salt and baking soda. Cut in butter with pastry blender or two knives until mixture resembles coarse corn meal. Stir in raisins and caraway seeds. Add buttermilk and egg to dry mixture, blending only until all of the flour is moistened. Butter generously a 11½-inch heavy cast iron skillet. Turn batter into skillet and bake in a moderate oven at 350 degrees one hour or until firm and browned.

Combine honey, milk and sugar in a 3-quart saucepan. Heat over medium heat, stirring constantly, just until sugar is dissolved. (Mixture will be lukewarm). Cool. Sift together the sifted flour, soda, salt. Add to honey mixture together with walnuts, shortening and egg yolks. Beat for two minutes (300 strokes) until well blended. Turn into 9x5x3-inch pan, which has been generously greased and lightly floured on the bottom only. (Or line with heavy waxed paper.) Bake in slow oven, 325 degrees, 75 to 90 minutes. Cool for 15 minutes, then remove from pan and let cool on wire rack.

Take Time For Honey Loaf Treat

There's nothing more appealing than a homemade fancy bread for breakfast and no fancy bread better than Walnut Honey Loaf.

Tangy walnuts and pure, golden honey are the flavor ingredients of the easy-to-mix loaf. But besides its ambrosial flavor, honey provides quick energy for those who partake of the bread.

Make a Walnut Honey Loaf or two the night before. The breads will be soft and fresh for days because of the unique ability of honey to absorb and retain moisture.

WALNUT HONEY LOAF

1 cup honey
1 cup milk
½ cup sugar
2½ cups sifted flour
1 tsp. soda
1 tsp. salt

Select Apples For Fall Fare

"Irresistible!" That's how Eve probably would have described the apple.

And apples of today have lost none of the charm apples down through the ages have possessed. In fact, today's specially developed strains are more irresistible than ever.

The pleasures of the apple are yours for the buying. October offers an unusually plentiful supply, reports the U.S. Department of Agriculture's Marketing Service.

Apple Pandowdy is a delicious home-spun favorite. To prepare the sauce: Combine in saucepan 1 cup brown sugar, ¼ cup flour and ¼ teaspoon salt. Stir in 1 teaspoon vinegar and 1 cup water... cook over low heat, stirring until thickened. Set aside. To prepare dough: Sift together 1 cup sifted flour, 2 teaspoons baking powder and ¾ teaspoon salt. Cut in 3 tablespoons shortening. Add ¾ cup milk and stir until moistened but still lumpy.

cream or cream cheese thinned with milk. Yields 6 servings.

Apple - Sausage - Sweets Casserole offers a tasty one-dish meal. Lightly brown 8 pork sausage links. Cut into slices, one 1-lb.-2 oz. can drained sweet potatoes and 3 pared, cored apples. Arrange slices in alternate layers of apples and sweet potatoes in 2-quart casserole. Blend 1 tablespoon flour, ¼ teaspoon salt, 1 tablespoon brown sugar, ¼ cup canned pineapple juice and ¼ cup water. Pour into casserole. Top with sausage. Bake at 375 degrees F. until apples are tender, about 45 minutes. Yields 4 servings.

Apple - Cheese Wedges are perfect party snacks. Dip unpared apple wedges into lemon juice and top with a sharp cheese spread or a mixture of Roquefort and cream cheese.

Arrange 5 cups pared, cored, sliced cooking apples in greased 12 x 8 x 2-inch baking dish. Combine sauce with ¼ teaspoon cinnamon, a dash of nutmeg, 1 teaspoon lemon juice, 1 teaspoon vanilla and 2 tablespoons butter or margarine, and pour over apples. Drop dough by spoonfuls on top of apples. Bake at 375 degrees until topping is brown, about 40 minutes. Serve apple pandowdy warm with sweet cream, sour cream, ice

New Twist For Crust

If you like to use corn oil in your cooking and baking, you'll be interested in this new pastry recipe.

LEMON PASTRY
1-3 cups sifted flour
½ tsp. salt
½ tsp. grated lemon rind
1-3 cup corn oil
2 tps. lemon juice
Mix flour, salt and lemon rind. Add oil; with a fork blend it into the flour mixture thoroughly. Sprinkle the lemon juice all over the mixture; mix well. Press dough firmly into a ball with your hands. Flatten dough slightly; at once roll into a 12-inch circle between two pieces of waxed paper.

Wipe pastry-making surface with a damp cloth to keep paper from slipping. Peel off top paper; place pastry in pan, paper side up. Peel off paper; fit pastry loosely against pan; trim ¼-inch beyond rim of pan; fold the pastry edge under and flute. Prick pie shell thoroughly and bake in a very hot (450 degrees) oven 12 to 15 minutes or until a light golden brown.

Cool and fill with vanilla pudding and fresh strawberries, or any other desired filling.

JUDGE WOODLEY

Bomb Slayer Loses New Freedom Bid

AUSTIN (AP) — Harry L. Washburn, convicted of the 1953 car bomb slaying of his wealthy mother-in-law, lost another bid for freedom Wednesday in the Texas Court of Criminal Appeals.

The court turned down a motion by attorneys to free the graying Washburn on a writ of habeas corpus. Lawyers contended the prosecution suppressed testimony that might have convinced a jury of Washburn's innocence. They argued that testimony of Mrs. Ruby Mitchell was suppressed.

Washburn was assessed 99 years in prison by a Dallas jury that convicted him of murder in the San Angelo slaying of Mrs. Helen Harris Weaver.

The appeals court said it is "in complete accord with the trial court's findings that no suppression of evidence has been shown."

Presiding Judge K. K. Woodley did not take part in the decision. Washburn's attorneys criticized Woodley for participating in the 1958 decision affirming the conviction, while not taking part in an earlier ruling that gave Washburn a second trial.

The court reversed the conviction given at Washburn's first trial in Waco, but affirmed a Dallas jury's decision that Washburn was guilty. The U.S. Supreme Court also upheld the conviction in 1959.

'Howlin' Mad' At Old Post

HONOLULU (AP) — In the entire U.S. Marine Corps, only one headquarters is named after a living man.

The headquarters is that of Fleet Marine Force, Pacific, near Pearl Harbor. The official name is "Camp H. M. Smith."

H. M. Smith is a retired, four-star general, better known as "Howlin' Mad" Smith, or just plain "Hoke."

The 82-year-old general returned to his old command post this week to help Hawaii Marines celebrate the 189th birthday of the corps in which he spent 41 years. He retired 18 years ago.

During World War II in the Pacific, Smith's name became almost as well-known as those of Halsey, MacArthur and Nimitz.

There are at least two schools of thought on how he came by his nickname.

Smith's version is that it is a play on his Christian name — Holland McTyeire.

Lt. Gen. Victor Krulak, the present commander of Fleet Marine Force, Pacific, said it stemmed from Smith's "consummate impatience" at the outset of World War II when he was anxious for the United States to attain a state of "operational and material readiness" in the least possible time.

Krulak said, "He did howl, and he was mad."

Smith led the Fleet Marine Force when it consisted of more than 250,000 men, the biggest Marine force in the corps' history.

A widower, Smith now lives in La Jolla, Calif. He makes a hobby of assisting underprivileged children and is a director of a home for needy youngsters.

Smith claims that every Marine on active duty who is over 40 years old at one time served under him.

Oil Pipeline System Sold

HOUSTON (AP) — Gulf Refining Co. announced Wednesday it has sold its crude oil pipeline gathering system in Lea County, N. M., to Shell Pipe Line Corp.

The system consists of approximately 232 miles of gathering lines and 38 miles of trunk lines in Lea County, and an additional 19 miles of trunk lines in Texas, extending to Wink.

Benefits And Taxes Hiked For Britishers

LONDON (AP) — The new Labor government announced today substantial increases in British pensions and unemployment benefits and a hike in income taxes to pay for them.

James Callaghan, chancellor of the exchequer — a post similar to secretary of the Treasury in the United States — told the House of Commons the additional welfare outlay would cost approximately 85 million pounds (\$238 million) a year.

He said the standard income tax rate would be raised from 7 shillings 9 pence (38.75 per cent) to 8 shillings 3 pence (41.25 per cent) per pound of taxable income to meet the additional cost.

Callaghan said the pension rate for a retired married couple would rise from 5 pounds 9 shillings (\$15.26) a week to 6 pounds 10 shillings (\$18.20).

Devastating Mudslides Point Up Vicious Cycle

LOS ANGELES (AP) — An avalanche of mud pours down a suburban street, wrecks a home and carries a housewife three-quarters of a mile to her death in a debris-filled catch basin. Why?

This tragedy, which occurred two days ago in adjoining Burbank, points up an old vicious circle: Half or more of the native ground cover in Southern California is dry—and highly combustible—from years of drought.

"Then a fire starts, you get these 100-mile-an-hour Santa Ana winds and it's impossible to stop," says Bob Singleton, public information officer for the county fire department.

The Santa Anas are hot winds flowing down coastal canyons from interior desert regions — the "devil winds" of California lore.

The fire strips hills and mountainsides of their protective covering of water-retaining brush and grass.

Then, when rain does come, as it did Monday, water, boulders, tree limbs and mud come pouring down on helpless homes, sweeping cars and sometimes people to destruction.

LOVE IT Why do people live in such danger areas? A county aide who lives on a

dead-end street in the Hollywood hills, overlooking the San Fernando Valley, says: "I love it. It's a little closer to living in the country, and much quieter than the flatland."

A county ordinance forbids building in areas "determined by the county engineer to be subject to flood hazard" unless there is provision for adequate drainage and other protection.

URGES CONTROLS This applies only in unincorporated county territory, however. What's needed, says Warren M. Dorn, county board chairman, is a uniform ordinance covering all of the county's 76 incorporated cities.

How can a repetition of Monday's tragedy be prevented? Authorities say it can be done by continuation of two programs: Fire prevention and flood control.

Bonn Will Curb N-Fleet Pressure

BONN, Germany (AP) — Chancellor Ludwig Erhard has decided that the West German government will stop pressing for the soonest possible creation of a multilateral nuclear fleet—MLF—an authorized statement said.

Africa Woman Displays Art In Top Salon

JOHANNESBURG, South Africa (AP)—It took an African woman artist just a few moments to break down some of this country's rigid apartheid practices.

Amid the red-carpeted luxury of one of Johannesburg's top art salons, 200 black and white followers of art craned their necks to view 100 paintings comprising the Gladys Mgudlandu exhibition.

She is the first African to hold a one-woman show of this type in South Africa. Racially mixed parties, such as marked the opening, are unusual in this country.

Miss Mgudlandu, who weighs 196 pounds and is known to her friends as the Africa Queen, was a long way from her African township home of Nyanga, in the Cape Province, but was equally at home among the arty Johannesburg set.

Prelate Asks Nun Habits Get Modern

VATICAN CITY (AP) — A leading European cardinal urged Wednesday in the Vatican Ecumenical Council that nuns get rid of outdated practices, saying the robes of many "are a cause of ridicule in the street."

Leo Jozef Cardinal Suenens of Brussels, Belgium, said a council document on nuns and religious orders can adapt themselves to modern life.

Cardinal Suenens said many orders "retain ridiculous complications, from past centuries, which give more of an impression of the Church growing old than of meeting the needs of today."

He cited the habit of nuns as one "complication." He said there was also "too much insistence for nuns to leave their houses with a companion when

CARDINAL SUENENS

5-C ciples for the "adaption to the demands of modern life" by the Roman Catholic Church's 12 million nuns and 800,000 priests and brothers of special orders.

Several speakers voiced concern over what they called the schema as not being clear enough on the status of the religious in the modern world, Ernest Cardinal Ruffini of Sicily and some others complained that it went too far in proposing renovation.

While some speakers, like Cardinal Suenens, attacked the schema as not being clear enough on the status of the religious in the modern world, Ernest Cardinal Ruffini of Sicily and some others complained that it went too far in proposing renovation.

A Ripping Good Time Coming Up

FRANKFORT, Ky. (AP) — The State Highway Department is making sure that a ripping good time will be had this month at dedication of 30 new miles of interstate road.

Commissioner Henry Ward will do the ripping. Instead of the traditional ribbon cutting, Ward will drive his car through large paper barriers to mark the opening.

Big Fall From Public Favor Hits Democrats In 'Bama

MONTGOMERY, Ala. (AP) — After each presidential election since 1952, the Democrats in Alabama have counted the returns and twitted the Republicans: "You're eligible to have a primary now, why don't you?"

A political party must get 20 per cent of the votes in a general election before it can have a primary, at state expense, the following election year.

The Republicans have been eligible since the first Eisenhower campaign of 1952. They kept right on nominating their candidates by convention — and getting a bigger vote each election.

ANOTHER STORY

This year, it's a different story. It's the Democrats who had to call in the mathematicians to see if they can hold a primary

Sub Chief Expects More Soviet Craft

PEARL HARBOR (AP) — The skipper of the Navy's submarine warfare forces in the Pacific says the Soviet Union is expected to send more subs into this area soon because of U.S. Polaris-armed warships in the area.

Vice Adm. John T. Hayward told a press briefing Tuesday that increasing numbers of Soviet submarines are expected in the Pacific this year or early next year.

Fortifications Due On Friday The 13th

NOVATO, Calif. (AP) — A little thing like Friday the 13th isn't interfering with Bank of Marin plans to open a new branch at Novato—not with what the insurance bank officers are packing.

Just to make sure no ill winds are blowing Friday, the officers announced they'll come fortified with a horseshoe, rabbit's foot, four-leaf clover and a Japanese good luck cat.

Act. They forecast a return to Democratic domination two years from now, but readily admitted their ranks are split by intraparty strife.

Some Democrats blamed Gov. George C. Wallace for his part in the presidential campaign and his refusal to support the national party.

The unprecedented defeat brought demands from the Democratic ranks for reorganization of the party; for a party registration law to keep Republicans out of the Democratic primaries, and for a return to the loyalty oath binding Democrats to the national ticket in future elections.

Texas Sailor Faces Charge

VIRGINIA BEACH, Va. (AP) — Two sailors were charged with armed robbery Wednesday in a \$10,000 holdup at Princess Anne Plaza Tuesday night.

They are Charles Cary Keith, 25, of Birmingham, Ala., and John W. Mapp, 29, of Levelland, Tex.

Both are stationed at the Oceana Naval Air Station.

The robbery occurred about 10:35 p.m. as Thomas L. Harp, an employe of Millers Department Store, prepared to deposit the money in a branch office of the Bank of Virginia Beach.

"At first I thought it was a prank," Harp said. "I was too stunned to be afraid and it never really dawned on me that they might shoot me. I didn't get scared until it was all over."

Puzzle Posed For Satellites

HONOLULU (AP) — Mysterious forces in the Solomon Islands in the Southwest Pacific are causing U.S. satellites to joggle temporarily out of orbit, according to Hawaii geophysicist Dr. George P. Woollard.

Woollard, director of the Hawaii Institute of Geophysics, said two Institute scientists are en route to the Solomons to try to solve the peculiar problem—which Woollard said is occurring in other places.

He said it appears the satellites are pulled earthward from their path over the Solomons by excess gravity.

Electronic tracking apparatus has picked up deflections in the orbiting patterns, he said. But it is not known how much the satellites deviate, he added.

Flag Swap At Pageant

MONTGOMERY, Ala. (AP) — "Oh, I wish I was in the land of — er — Britain?" seems to be about sum up what happened at the Southern Charity Horse Show here.

Part of the pageantry of the show called for the flags of the various governments which have held sway over Alabama to be paraded with the accompanying anthems of those governments.

First came "The Star-Spangled Banner," as Old Glory was carried into the arena by one horseman.

Then — naturally — came "Dixie," and another horseman entered the ring with his flag fluttering bravely in the breeze.

Unfortunately he was carrying the British Union Jack.

Somebody had swapped flags just before the show.

Crop Index Stays Same

WASHINGTON (AP) — The production index for all farm crops remained unchanged for the third consecutive month in October, the Agriculture Department reports.

As of Nov. 1 the index stood at 109, or 3 per cent below the 1963 level. The base figure of 100 is the yield in 1957-59.

The index, a composite for 28 major crops, also held at the level of the two previous months, 113, or 3 per cent below the 1963 high of 116.

Sorghum grain production was forecast at 483 million bushels, down 1 per cent from Oct. 1, or 17 per cent below 1963, and 12 per cent below average.

Rice production was estimated at a record high of 72.2 million 100-pound bags, 3 per cent higher than last year and 32 per cent above average.

Freight Volume Grows On Rails

NEW YORK (AP) — Things are humming on the railroad. Heavily laden trains are carrying factory products, coal, lumber, grain, ore and automobiles to mill, plant and market at a rate unmatched since the prosperous mid-1950s.

Wall Street has marked up stock prices to match the recovery of rail earnings from the 15-year low of 1961, and some stocks sell at double their lows of early in the year.

Still, pockets of financial misery persist, especially in the East. The Erie-Lackawanna, Reading, Jersey Central and a few other railroads are mired in the red.

Still, pockets of financial misery persist, especially in the East. The Erie-Lackawanna, Reading, Jersey Central and a few other railroads are mired in the red.

SHORT SYSTEMS
These are mostly lines burdened with short systems and money-losing passenger operations. Freight is a railroad's bread-and-butter.

Over-all railroad earnings are expected by financial analysts and Railway Age, industry weekly, to top \$700 million in 1964, hitting an eight-year high. This estimate allows for added payroll expense from prospective wage settlements with union employees. A charge against the current year of \$100 million to \$150 million could result.

Gains through mergers, stepped up sales, major equipment innovations, job elimination, automation, better freight car utilization and improved maintenance have contributed to the brightened picture.

Underlying everything else is swelling freight volume generated by 45 consecutive months of an expanding economy.

By the old-time yardstick of carloadings, freight traffic has climbed to a 5½ year high. But carloadings tell only part of the story.

55 TONS
A carload averages 55 tons of freight as against about 50 tons five years ago. This is because

Convictions Of Two Dismissed

AUSTIN (AP) — The Texas Court of Criminal Appeals threw out Wednesday the murder convictions for two men whose confessions were introduced as evidence during their trials.

The court said it was not proven in the original trials that the confessions were voluntary.

New trials were ordered for Pedro Camacho Lopez, sentenced to life imprisonment in the 1961 suffocation death of 9-year-old Velma Lozano in San Antonio, and a 10-year prison sentence assessed Stafford James Harris in the 1962 beating death of Edward Holmes in Harris County.

Both convictions had been affirmed by the appeals court, but the decisions were vacated by the U. S. Supreme Court on June 22. The Supreme Court sent the cases back for further proceedings "not inconsistent with the opinion of this court" in a New York case.

That opinion, recorded as Jackson vs. Denno, stated that the admissibility of a confession in a criminal case should not be left to a jury alone.

Threat Letter

ABILENE, Tex. (AP)—Three 19-year-old patients at the Abilene state school for the mentally retarded have admitted writing a threatening letter to President Johnson.

The letter was postmarked Abilene, Oct. 26, and was intercepted by the Secret Service.

Abilene Police Chief Warren Dodson said members of the police special services bureau, along with Secret Service agents from Dallas, conducted the investigation.

He said the youths signed their correct names to the five-page letter but gave a fictitious post office box number.

Writ Sought For Bond Sale

HOUSTON (AP) — The Trinity River Authority asked the Texas Supreme Court today for a writ of mandamus to have Atty. Gen. Waggoner Carr approve the sale of \$42 million in bonds.

The situation was brought about by a suit filed by two Houston residents to have the bond issue invalidated. The case was thrown out of court Tuesday, but the plaintiffs announced they would appeal the action.

Countries In Need Helped

WASHINGTON (AP) — The State Department is quietly offering training and research assistance to underdeveloped countries trying to meet problems of population growth, officials said today.

Okay For Pecos Pipeline Sought

WASHINGTON (AP) — The Federal Power Commission has announced that the Northern Natural Gas Co., Omaha, Neb., is seeking authority to build a \$3,250,700 pipeline in Pecos County, Tex., for new supplies of natural gas.

birth control plans, but is cooperating where governments or responsible private agencies seek help in training specialists in the population problem.

Latin America is coming in for special attention, because government experts regard the rocketing population rate there as a major problem.

U. S. foreign aid experts say some developing nations actually are losing ground in their struggle for higher living standards, despite financial help from the United States and their own governments. This, they say, is because population growth is at a higher rate than the economic development needed.

Thomas C. Mann, assistant secretary of state for inter-American affairs, and head of the U. S. Alliance for Progress agency, discussed the Latin American population problem in a speech this week.

State Department officials said the speech represented another step in a quiet but continuing campaign, under way since early in the days of the administration of the late President John F. Kennedy, to bring the problem out in the open.

Attempts To Settle U.N. Financial Stalemate Okayed

UNITED NATIONS, N.Y. (AP) — President Johnson Wednesday expressed a willingness of the United States to continue exploring through diplomatic talks all possible ways to settle the U. S.-Soviet deadlock on U. N. finances.

Johnson acted through his chief delegate to the United Nations, Ambassador Adlai E. Stevenson.

This was disclosed with the release of a letter from Stevenson to Chief S.P. Adebore of Nigeria, who wrote Johnson and the leaders of the Soviet Union, Britain and France Nov. 3. He asked that the big powers get together in an effort to resolve the U. N. financial crisis.

Stevenson's letter declared that as far as the United States is concerned "the current financial difficulties can be settled in any number of possible ways consistent with the charter."

It noted that the United States had held discussions with the Soviet Union and other members of the 21-nation working group on U. N. finances headed by Adebore.

Dear Abby

Remains 'In The Closet'

DEAR ABBY: My only brother died in California a few years ago and was cremated. When I visited his widow this summer, I asked to be taken to the place where my brother's ashes were kept. She opened the door of a closet which was crowded with junk, old luggage and boxes jammed in every which way. Finally she unearthed a shoe box and said, "Here it is." I was speechless. I didn't even open the box, but handed it back to her. I was shocked that my beloved brother's ashes were kept in such a place. I cut my visit short, but it's been on my mind ever since and I don't know what to do about it. My sister-in-law goes to church regularly and says grace before meals. Please put my mind at ease with some advice. Am I overly sentimental?

DEAR BEWILDERED: No. Apart from your sister-in-law's appalling lack of respect for her husband's remains, something else is cockeyed here. Each state has its own laws governing cremation and the disposition of ashes. And under the California Health and Safety Code, the ashes are not given out. They are either placed in an urn and kept in a bona fide cemetery, put in a mausoleum-type building, or buried in the earth (like a casket) with a marked grave. Ask your sister-in-law how come your brother's ashes are in a shoe box in her closet?

DEAR ABBY: My second wife and I have been married for 15 years. My first wife died. I had eight children by my first wife and none by my second. When my children introduce me to any of their friends, they say, "This is my father... and this is Mary." Mary has gone all out to be a good mother to my children and she has been a wonderful wife to me. All the children are married and have children of their own, so they could call us "Grandpa and Grandma." Or they could refer to Mary as their stepmother, or even "Mrs. So and So." What procedure should I use to get my children to refer to my wife in a more respectful manner?

DEAR GRANDPA: Why not call your children together and ask that they refer to your wife in a manner more pleasing to you? I vote for "Grandma" for the children and see nothing wrong with "Mary" the rest of the time.

CONFIDENTIAL TO D. H. K. IN SCOTTSDALE: If you want your dreams to come true, don't oversleep.
