CONFLAGRATION PEPS UP FOOTBALL FANS
Homecoming bonfire rages as students cheer on high school campus

Fans Fired Up For Homecoming

Big Spring High School students and local football fans were "all fired up" following the homecoming bonfire on the east side of the campus Thursday evening. The Key Club, sponsors of the big bonfire, had a blaze big enough to light up the sky all over the east part of the city.

Park Gets Sprinklers

City Park crews are installing a sprinkler system in Hillcrest Park this week. Parks Superintendent Johnnie Johansen said the system would probably be completed today.

About 450 feet of three-inch pipe is being installed at the park. An additional sprinkler system is planned for the area of City Park around the main pavilion.

A starting time has not been definitely established for work on the overnight camping site approved this week by the city commission for the east portion of City Park, adjacent to US 87, Johansen said. Plans are to attempt to start work on the project within the next several months and possibly complete the site by next spring, he pointed out.

Considerable grading work will be necessary at the site, with plans including use of present shrubs and trees where possible. The camping area is planned to accommodate 12 camping parties and six trailers.

Mass Layoffs Loom Hours Away At Ford

LBJ Pledges Poverty Fight For Mexicans

JOHNSON CITY, Tex. (AP) — President Johnson, pledging to "take up arms" with Mexico in fighting disease, poverty, hunger and ignorance, pressed ahead today with final talks with Mexico's President-elect Gustavo Diaz Ordaz.

Diaz Ordaz, himself a landslide election victor who will be inaugurated Dec. 1 as the Mexican chief executive, was winding up a 27-hour stay at the Johnson Ranch.

Diaz Ordaz was to return with his wife to Mexico City after another formal session with Johnson and a private luncheon.

Plane Crash Fatal To 4

FREERPORT, Grand Bahama (AP) — A Texas plane, crashed on takeoff here Thursday, killing the pilot and three businessmen.

The pilot was identified as Daniel T. Culotta of Houston, Tex. With him were George C. McAlpin, executive of an oil company at Houston; Gerald W. Nicholson and Hershel E. Whitehead, both of Miami, Fla.

The plane, a Lockheed Lodestar, was registered to the Madrid Oil and Gas Corp. of Houston. Witnesses said it raced down the runway for takeoff, veered off on the grass, back onto the concrete and took off. It climbed steeply, the left wing dropped and the plane went down.

An attorney said Nicholson and Whitehead owned United Mechanical Contractors Inc., a Miami firm.

School Bonfire Blast Hurts Six

HOUSTON, Tex. (AP) — An exploding bonfire at a high school pep rally Thursday night injured six students. Witnesses said the 35-40 feet

Prince Set For Birthday

LONDON (AP) — Prince Charles—16 Saturday—is developing into an independent, conscientious and sensitive young man highly aware that one day he will be a king.

The heir to the British throne has grown up in the relentless glare of publicity. Yet he is extremely self-conscious about criticism, the kind he thinks is an invasion of his privacy.

Prince Charles' royal features were ruffled recently when some newspapers accused him of adopting a Beatle haircut. He is reported to have said, with the wounded feelings of an introspective schoolboy: "Beatle hair cut nothing. I was wearing my hair the way I do before the Beatles were heard of."

He was correct. His dark chestnut hair is abundant and not easily controlled.

LIKES BEATLES Charles is much in favor of the Beatles, however. More than a year ago the corridors of Buckingham Palace, Windsor Castle and Balmoral Castle were echoing with the quartet's blasts.

The banging and wailing came from the prince's room, from records he had bought at school, paid for from his hardy lavish pocket money.

When he is away from his school, tough Gordonstoun up in Scotland, the prince takes his records with him. He also owns a guitar.

RUSTLERS RUB IT IN

TUKWILA, Wash. (AP) — Cattle rustlers added insult to injury when they stole Vincent Scarcella's steers. They made him load the critters.

Police Chief Ed Boze said Scarcella reported it this way: He was awakened by voices in a pasture early Thursday, investigated and was ambushed by three men with a shotgun. The rustlers forced him to load seven steers into his own truck and drive to a lonely section of highway.

There the steers were transferred to the rustlers' truck. They whipped up the horsepower and drove off leaving Scarcella standing tall in the dust.

Complete Shutdown Threatens

DETROIT, Mich. (AP)—The strike-troubled Ford Motor Co. starts a huge layoff of workers across the country tonight in what Ford President Arjay Miller says may become a full shutdown by next week.

Week-old strikes by the United Auto Workers at eight factories, including key parts and stamping plants that feed the Ford car production setup, are held to blame.

If Ford closes all its 90 plants, a total of 160,000 hourly workers will be laid off.

25,500 STRIKE Ford, with 25,500 men on strike at the eight plants, announced a layoff tonight of 33,500 more at eight assembly operations and 16 manufacturing locations in several states, including key Michigan installations. This will be an immediate total idle of 59,000 men.

The company made its announcement late Thursday from Dearborn headquarters almost simultaneously with a union charge that Ford's "obstinate attitude" had prevented strike settlements.

Ken Bannon, director of the UAW Ford Department, issued a statement saying Ford "stubbornly refuses" to agree to terms at some plants which he said management already had accepted at other plants.

NO COMMENT Ford made no immediate comment on the charge.

The separate, local strikes bear an individual at-the-plant issues. Local agreements supplement the national Ford-UAW contract. Ford, like rival General Motors and Chrysler, came to national agreements with the union weeks ago, although GM was troubled into last week by local disputes, all now settled.

Ford and the UAW gave up Wednesday in efforts to settle four of the strikes in top-level negotiations here.

Brunette Wins World Title

LONDON (AP) — A statuesque British brunette danced into the early hours today to celebrate her coronation as Miss World of 1964.

She is Ann Sidney, 20, a hair stylist whose measurements are 36-24-36. She stands 5-foot-8 and weighs 132 pounds.

"The girls were wonderful. There was no bad feeling," said green-eyed Ann.

She collected \$7,000 in prize money and screen tests.

The annual affair in London's Lyceum Ballroom usually produces considerable squabbling among contestants.

After her selection from among five finalists, Ann attended a televised ball at a plush restaurant with the 41 other contestants.

Miss United States, Jeanne Quinn, was among the 16 semi-finalists but failed to qualify in the finals.

Ana Maria Soria, 25, a model from Argentina, took second place and \$1,400.

Ruling To Point Fate In Quackery Death Conviction

LOS ANGELES (AP) — An appellate court is deliberating today on a new legal concept of murder by fraud, and on its decision hangs the fate of Dr. Marvin Phillips, convicted of hastening a girl's death by quackery.

The charge against Phillips, 35, a chiropractor, is second-degree murder. Indications are that the case is the first murder conviction rising from a nonviolent fraud.

Defense Attorney Melvin Belli asked the District Court of Appeal for a new trial Thursday, contending a law defined medical quackery as a misdemeanor.

HELD WRONG "The district attorney's office has wrongfully parlayed a misdemeanor into a second-degree murder case," Belli said.

Phillips was convicted in Superior Court Sept. 4, 1962. He was accused of shortening the life of Linda Epping, an 8-year-old cancer victim.

Linda, daughter of Herman Epping, a North Hollywood tool designer, had a tumor growing out of her eye, a rare form of cancer which is usually fatal.

The prosecution said an operation was canceled on the strength of assurances of a cure.

Decide It's About Time

LONDON (AP) — Joyce Norton got broader over the years. Her bathtub stayed the same width.

For a year she campaigned to persuade her landlord — the Town Council of suburban Uxbridge — to give her a new tub.

During the year three council members, two other officials and one social worker called to inspect both the tub and Mrs. Norton.

Thursday night the council's housing committee decided to install a new and broader tub.

by Phillips, who treated the tumor with muscular manipulations, enemas and vitamin pills.

Linda died Dec. 29, 1961, about six months after the onset of the disease and five months after she was taken to Phillips.

The prosecution's main medical witness, Dr. Bradley Stratsma, who diagnosed the cancer, testified Linda's life could have been prolonged a minimum of two months had surgery been performed at the time Phillips entered the case.

A FELONY The murder conviction stemmed from Phillips' \$500 fee. Fraud involving more than \$200 is a felony in California.

And the law, as in most states, says any death growing out of a felony is murder.

Belli, who earlier this year defended Jack Ruby, slayer of accused presidential assassin Lee Harvey Oswald, argues there is no precedent for basing a murder charge on a nonviolent crime such as fraud.

The three-member appellate court took the appeal under advisement.

Silsbee Child Killed By Car

BEAUMONT (AP) — Frances Jackson, 6, daughter of Mr. and Mrs. Will Jackson of Silsbee, was killed Thursday by a car while she was crossing a street in front of a Silsbee school.

Corpus Christi Boy, 6, Drowns

CORPUS CHRISTI (AP) — Chris Haddad, 6, son of Mr. and Mrs. Emil Haddad, drowned Thursday in a swimming pool at his Corpus Christi home.

Whoopers Reach Texas

WASHINGTON (AP) — The Interior Department has announced that eight additional whooping cranes have arrived at their wintering grounds in Texas.

The new arrivals bring to 17 the number now at the Aransas National Wildlife Refuge on the Texas coast. Four are young cranes hatched this year.

Another young whooping crane, rescued by helicopter several weeks ago in the Canadian nesting grounds, now is recovering at the Monte Vista National Wildlife Refuge in Colorado.

This year, at least five young whoopers were hatched and have survived, the department pointed out. Last year's total recorded hatch was nine, of which eight survived.

Last spring, when the whoopers started their annual northward migration, the Fish and Wildlife Service put the number of wild whoopers at 32. Another seven are in the Audubon Zoo in New Orleans.

146 DAYS Without A Traffic Fatality Drive Safely!

Webb Personnel First To Meet United Fund Quota

Webb AFB personnel, in what has become a tradition, is again the first group to reach its goal in the United Fund campaign. Tuesday the base turned in \$11,518, subscribing almost five per cent more than its \$11,000 goal.

The report helped push the total drive to \$92,422, or 84 per cent of the \$109,366 target needed to help finance 14 local welfare and youth guidance agencies.

Other divisions reported small increases on the report today. The Out-of-Town Division is up to \$6,821, for 91 per cent of its goal. The Big Gifts Division has accounted for \$34,095, 85 per cent of its goal.

Special Gifts has \$8,208 for 82 per cent; Employees Division has \$21,420 for 79 per cent; Metropolitan Division, being conducted by the Jaycees, has \$2,404 for 48 per cent; and the

Area Division has 59 per cent with \$1,188.

The Public Employees Division, of which Webb is a part, has reached a total of \$18,284 for 83 per cent. Base personnel had a goal of \$11,000 and all

other public employees were shooting at another \$11,000. The latter section has reported \$6,766 for 61 per cent of its share.

Lester Morton, campaign chairman, expressed gratitude

to Col. A. F. Taute, wing commander, for the quota-busting record of the base. "Ie said the Webb AFB report is "one of the brightest achievements of the campaign this year."

"By exceeding our goal," Col. Taute said, "We have been able to play a significant part in furthering this cause. Each of us may take pride in this effort."

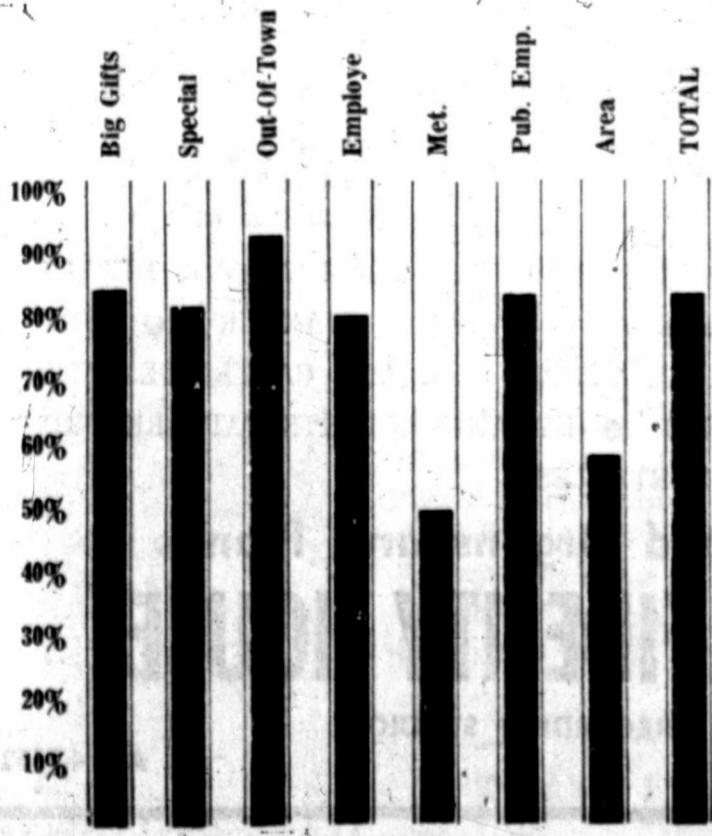

Eight of the 13 units at Webb AFB went over the 100 per cent mark. The two pilot training squadrons led all units in contributions. The 3560th PTS had a subscription of 157 per cent and the 3561st contributed 115 per cent. Three special activities helped put the base over the top. An officer-NCO softball game collected \$46; a Family Services cake sale added \$62; and the Red Cross gave \$25.

Project officers for the base effort were Lt. Col. Bedford Underwood and Maj. Robert B. Dittmer.

UF PROGRESS CHART

Estes Plans Venture In Ghost Town

EL PASO (AP) — Billie Sol Estes will enter a venture to make a tourist attraction out of a New Mexico ghost town, an associate of the bankrupt Pecos promoter announced.

Paul Slone, who became a partner of Estes several months ago in an El Paso import firm, said that the new opening of the town of Madrid, between Albuquerque and Santa Fe, will be one of many enterprises that he and Estes are planning.

Slone also said that Estes' home in Pecos may be converted into a restaurant.

Estes currently is making his home in Abilene while awaiting the outcome of his appeal to the U. S. Supreme Court of his 5-year term assessed after he was convicted in federal court of using the mails to defraud and conspiracy to defraud.

He is also under an eight-year sentence after being convicted on a state charge of inducing a farmer to sign a mortgage on a nonexistent fertilizer tank.

Slone said he and Estes plan to make a "clean-cut" tourist attraction out of Madrid and that the town would have horse back riding, a boys camp, possibly a motel, a curio shop, gun club and other attractions. Slone said signs at both ends of the town would proclaim: "Madrid, New Mexico — this is a Billie Sol Estes promotion."

Hearing Could Jail Billie Sol

DALLAS (AP) — Promoter Billie Sol Estes faces a hearing here Nov. 23 in federal court that could result in his finally going to jail.

The scheduled hearing is on a motion by the government to revoke Estes' \$10,000 federal bond.

U. S. District Judge Sarah T. Hughes set the hearing date Thursday after U. S. Atty. Barefoot Sanders and Estes' attorney John D. Cofer exchanged sharp letters over the former Pecos, Tex., tycoon's activities.

Sanders had warned Estes Sept. 25 that further travel outside the Northern District of Texas without permission might result in bond revocation.

TRIP CLAIMED
Sanders' request for a hearing stated that Estes was in Denver, Colo., twice last month.

Estes was released on the bond after charges alleged that he made false statements to a federal agency. Judge Hughes will hear the case early next year.

On Sept. 30 in a letter to Cofer Sanders repeated the warning.

Cofer replied complaining of Sanders' writing directly to Estes. Cofer told his client, he said, "to ask and follow our advice and not the advice or demands of the counsel on the opposite side."

He also said that the limitations in the bond were "wholly unreasonable."

Cofer pointed out that Estes "has prosecutions in both (Northern and Western) districts," and his state prosecution pending against him in the Eastern District of Texas.

CASES PENDING
He continued that Estes has a case pending in the Court of Appeals at New Orleans and two cases in the Supreme Court in Washington.

As further excuse for travel, Cofer said, Estes has businesses in all four federal districts in Texas and "has friends and acquaintances throughout the United States who believe in his innocence and who are contributing to the expenses of the

litigation which both the state and federal governments have been carrying against him." Sanders, in another letter, said that although "no discourtesy" was intended, he believed that "no breach of professional etiquette" was involved.

About the traveling condition, Sanders said that "this condition was not put in for Mr. Billie Sol Estes and it is not going to be waived for him, either."

Ball's mission fits into a pattern of consultations among Allied leaders on a variety of Atlantic Alliance problems ranging from economic difficulties to the critical dispute over proposed formation of a seaborne NATO nuclear weapons force.

Secretary of State Dean Rusk conferred with Netherlands and Belgian leaders here last week-end. Rusk is scheduled to attend a conference of NATO foreign ministers in Paris in December.

West German Defense Minister Kai-Uwe Von Hassel is in Washington talking with Rusk, Secretary of Defense Robert S. McNamara and other officials about the nuclear force issue and other defense problems.

Ball is scheduled to fly from Frankfurt to West Berlin Saturday to speak to the Fourth German American Conference, an assembly of distinguished citizens of both countries. He will also meet with Mayor Willy Brandt Saturday and attend the closing session of the German American conference on Sunday morning.

On Sunday afternoon Ball will fly to Bonn, the West German capital, where on Monday morning he will confer with Chancellor Ludwig Erhard and Foreign Minister Gerhard Schroeder. Tuesday morning he is due to confer with Walter Hallstein, president of the European Common Market. He will return to Washington in mid-week.

Participants, with 50 per cent or less casting presidential ballots, were in the South.

Leading the nation by percentage was Utah, where 76.9 per cent of the voting age citizens cast presidential ballots. Next were Minnesota with 76.4 per cent and Idaho with 75.3 per cent.

Native Texan Dies At 107

DENVER (AP)—Mrs. Fannie Kemp, thought by some to be Colorado's oldest resident, died Thursday at the age of 107.

In a newspaper interview last Nov. 2 Mrs. Kemp said she remembered slavery and the waning days of the Civil War. Mrs. Kemp said she was born near Palestine, Tex., three days before the outbreak of the Civil War.

She had no known relatives.

Dr. Hunt Goes To Cancer Meet

Dr. W. A. Hunt will be the official delegate for the Howard County Unit of the American Cancer Society at the annual meeting of the Texas division, ACS, to be held in San Antonio Nov. 18 and 19, at the Granada Hotel. Dr. Hunt is serving on the Special Gifts Committee of the local unit.

Road Job Letting Ends

AUSTIN (AP) — The Texas Highway Department concludes today its regular monthly letting of jobs on state highways and farm-to-market roads.

The department did not finish Thursday's letting and did not issue a total of the low bids. Totals are expected today.

Projects Thursday, by county, include:

Ellis: Interstate 35E, from 1.8 miles south of Waxahachie to 0.5 mile north of I. & G. N. Railroad, concrete paving, base, surface and signs, \$3 million.

L. H. Lacy Co., Dallas, \$2,175,883.

Ward: Interstate 20, from 4 miles west of Texas 18 to U.S. 80 east of Monahans, signing, 7.3 miles, Chaney Fence Corp., Florissant, Mo., \$26,177.

Pass Pass

Opening lead: Three of ♡
Altho North's trump holding is not very impressive, it played a key role in South's six heart contract as a means of transportation in developing the dummy's long suit.

The slam was a sound undertaking, even tho it took some time to uncover an adequate fit. It was necessary for South to use a round-about method to describe his 6-5 distribution—his eventual rebid of the spades showed a five card suit and the fact that he mentioned

the hearts first indicated that he had more hearts than spades. When North gave a delayed preference for hearts, South proceeded forthwith to a slam.

West—in an attempt to cut down the dummy's ruffing power—opened a trump. Declarer decided to establish North's diamond suit, so he put up the queen of hearts and immediately ruffed a small diamond in his hand.

The dummy was reentered by trumping a spade, so that South could ruff another diamond. The trumps were drawn with the ace, king of hearts, and a club was led to the king. The ace of diamonds was cashed and, on the next round, declarer ruffed out West's king to establish the suit.

The ace of clubs provided access to the dummy so that South could discard his remaining spades on North's good diamonds. Declarer succeeded in taking all 13 tricks.

Due to the shortage of communication between the two hands, it was necessary for South to time his sequence of plays carefully. Observe that if he wins the opening heart lead in his hand, for example, he will be unable to run the diamonds for, by the time that suit becomes established, there are no entries left to reach dummy.

Routine Matters Occupy Trustees

Trustees of Howard County Junior College considered routine matters at their monthly meeting Thursday afternoon at the college.

Among other things they approved expenditures of approximately \$1,200 for repair of the gymnasium roof, and \$369 in miscellaneous equipment for the cafeteria. The latter expenditure comes out of the student housing revenue funds. The board, checking some purchases, reaffirmed that unauthorized purchases will not be permitted.

The board approved Dr. W. A. Hunt, college president, and Ben Johnson, dean, attending the meeting of the Southern Association of Colleges in Louisville, Ky.

Revenues and expenditures are proceeding on the budget schedule, the monthly financial

statement showed. General fund revenues for the month of October amounted to \$141,781, of which \$56,474 came in local taxes and \$85,307 from the state. This brought to \$189,007 the general fund receipts for the first two months of the fiscal year. The interest and sinking fund received \$14,228, all from local taxes.

Expenditures for the month (and for the year in parentheses) include: General administration \$3,383 (\$6,440); general operating \$2,481 (\$5,312); instructional \$28,114 (\$48,511); public service \$922 (\$922); library \$2,399 (\$3,620); plant and ground maintenance and operation \$3,485 (\$10,154); auxiliary activities \$349 (\$451); school publications \$230 (\$1,219); athletics \$1,926 (\$3,524); capital outlay \$2,399 (\$2,399); totals \$50,693 (\$83,355).

There were no expenditures from the interest and sinking fund. The student housing (supported wholly by revenues) had receipts of \$6,036 in October, making \$49,646 for the first two months of the school year. Expenses in October were \$28,703, making \$29,999 for the two months. Big end of the expenditures was \$18,784 in bookstore purchases.

Farm Union Meet Heard Hank Brown

AUSTIN (AP)—The president of the Texas State AFL-CIO told the Texas Farmers Union convention today that organized labor and farmers are each other's best customers.

Speaking at the union's 61st annual convention, Hank Brown said, "We know that lower wages for us."

George Bickel, assistant to the president of the Rocky Mountain Farmers Union (Colorado-Wyoming), told the convention Texas cattlemen have lost more than \$200 million during the past 24 months because of abnormally low cattle prices.

like a pair of Siamese twins, and that separation is fatal for both of us."

Brown said, "We know that higher income for you means that you buy more of what we make. We know that lower spending by you means lowered wages for us."

George Bickel, assistant to the president of the Rocky Mountain Farmers Union (Colorado-Wyoming), told the convention Texas cattlemen have lost more than \$200 million during the past 24 months because of abnormally low cattle prices.

Truman New Star On TV With Series

By CYNTHIA LOWRY
AP News - TV Writer

NEW YORK (AP) — A peppery 80-year-old who has often appeared on television is making his formal debut this week as a television star. He is Harry S. Truman, former president of the United States, and the name of his series is "Decision: The Conflicts of Harry S. Truman." Twenty-six shows have already been completed.

The reason the series — an examination of his major decisions during the eventful years in the White House — has been launched without the usual fanfare is that it is sold to individual television stations around the nation, instead of to one of the three major networks.

Most of the 50-odd stations which have acquired the series have launched it this week, but on various nights and in various time periods.

The Truman series has been a long time in the making. The former president originally entered into an agreement with producer David Susskind to make 13 one-hour shows for network broadcast. Two were made and shown to the networks, which were not interested.

Ben Gradus, producer of the new shows, said the pilot films were made without strong documentation and amounted to a sociology of Truman. Besides, ABC had been disappointed by the low audience ratings of its fine series on Winston Churchill.

Truman, however, wanted a television series and ultimately the rights were acquired by Screen Gems. Gradus was assigned to produce the series.

"Mr. Truman had the final say — but I don't think he made more than five minor changes in the scripts," Gradus said. "His own book, of course, was the base of our research."

Slant Well Suits Filed

AUSTIN (AP) — Two more civil penalty suits have been filed for alleged slant well activity, Atty. Gen. Waggoner Carr said Thursday.

Named as defendants in both suits were J. C. Stroud and W. V. Stroud of Rusk County. G. M. Jordan of Kilgore also was named in one suit, involving one well in Rusk County.

M. M. Harding of Kilgore was named in the other suit, involving two wells in Rusk County.

\$1701

What's the catch? There isn't any. Plunk \$1701 into Frank Winterhalter's hand and he'll plunk you into the seat of a new 1965 Volkswagen Deluxe Sedan. (Give him \$30 more, and you'll be plunked into a Volkswagen with matching leatherette upholstery.)

Of course, you'll have to buy license plates and pay local tax. But that is it. Sound a little too simple? Perhaps. But then the Volkswagen is a simple little car.

Lamesa Taxpayers To Vote On School Bonds Saturday

LAMESA (SC)—Taxpayers of the Lamesa school district Saturday will decide the fate of a \$2,650,000 bond issue. The only polling place will be the school administration office, 212 N. Houston, which will be open from 8 a.m. until 7 p.m. J. P. White is presiding judge.

School officials hope the record absentee vote of 136 is an indication of the turnout Saturday. Predictions on the expected ballot count range as high as 3,000.

The election will determine the fate of a major expansion program, which includes:

- (1) Construction of a new elementary school in northwest Lamesa, which will also permit establishment of library facilities in each elementary school. Estimated cost, including equipment, \$450,000.
- (2) Addition of four classrooms to South Elementary School, more restroom facilities and expanded cafeteria. Estimated cost \$50,000.
- (3) Construct a 12-room wing at Central Elementary, convert the present junior high into a cafeteria for CE students. Cost estimated at \$200,000.
- (4) Convert the present high school into a junior high, remodel and expand the cafeteria, improve heating and lighting, obtain window shades. Cost \$85,000.
- (5) Expand North Elementary and V. Z. Rogers Elementary cafeterias, relocate maintenance and bus shops away from school sites. Cost \$65,000.
- (6) Construct a new senior high school, football stadium, fieldhouse and equipment. Cost \$1,800,000.

The present junior high building would not be abandoned, but could be used for special education, vocational and technical education, centralized storage, and possibly, centralized administration offices. The current LHS gym would serve the adjoining Central Elementary students.

Trustees cite continued growth of Lamesa and increased enrollment as the reason for the program, which would be sufficient to meet requirements through 1961-72.

Although it is proposed to start construction in the near future, a necessary tax increase of 33 cents on the \$100 valuation would not become effective until the last quarter of 1965. The tax hike will raise the rate from \$1.37 to \$1.70.

The big LHS auditorium would still be used for major school plays and other public functions. A smaller auditorium is included in the new high school plans, but it will be utilized primarily as a student activity and educational center.

While the election has generated considerable interest in Dawson County, there has been no opposition organized against the issue.

Rescuers Pluck Pilot From Raft

PATRICK AIR FORCE BASE, Fla. (AP) — A ship early today rescued a civilian pilot who bobbed for nearly 24 hours in a raft after his single engine plane crashed in the South Atlantic Ocean, the Air Force reported.

Radio reports from the ship said the pilot, Lowell Thompson of Spokane, Wash., was in good condition after his ordeal. The vessel, the S.S. Robin Sherwood, was to take him to Ascension Island, site of a U.S. missile tracking station.

The pickup scene was about 140 miles west of Ascension. The Robin Sherwood, a tracking base supply ship, reached the area Thursday night but was unable to spot Thompson because of darkness. It sighted him at dawn not far from the floating wreckage of his Cessna 182.

The Air Force information office at Patrick said Thompson, who owns a flying service in Spokane, was ferrying the plane under contract from Fort Lauderdale to South Africa.

Two E. Germans Flee To Freedom

GOETTINGEN, Germany (AP) — Two East German soldiers shot their way through the mined border area early today and escaped to West Germany, police reported.

Red Country Softens Stand

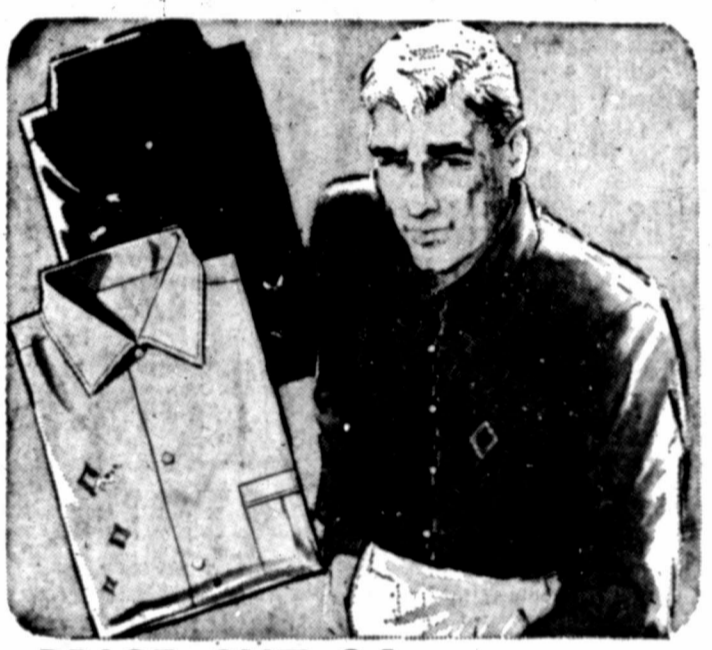

GENEVA (AP) — For the first time a Communist government is allowing Western organizations into the country to help people wishing to go to the West.

A council meeting of the Intergovernmental Committee for European Migration was told that the Yugoslav government is allowing voluntary Western organizations to operate inside its territory to help thousands of Yugoslavs to emigrate.

Most are going to Australia to join relatives, usually sons who fled Yugoslavia several years ago.

Society Manikin

Can't tell the real society girl from the store window manikin? That's because the dummy is society, too. Mrs. Michael Thomas looks at likeness of herself as a manikin at Sak's Fifth Avenue in New York where likenesses of some of the country's top drawer society gals stand in the store. (AP WIREPHOTO)

Thursday Tea Given For Mrs. Wilkerson

GARDEN CITY (SC) — The ranch home of Mrs. Artis Ratliff, was the scene Thursday afternoon for a baby shower and tea honoring Mrs. Marion Wilkerson, Mrs. Dick Mitchell was the hostess.

The honoree was presented a corsage formed of small roses and miniature baby items which she wore while greeting guests who called between the hours of 3 and 5 p.m.

Members of the house party were the honoree's mother-in-law, Mrs. Cecil Wilkerson, her grandmother, Mrs. Belle Wilkerson, Mrs. Bennett Moore, Mrs. Jerry Currie and Mrs. W. J. Currie.

The tea table was covered with an ecru lace cloth, and the centerpiece was of rosebuds and tiny dolls arranged in a silver bowl. Silver appointments were used in serving finger cakes laced with confection booties and punch.

Approximately 50 guests attended.

Legal Club Has Study

Mrs. Camille Patterson was in charge of the program at the Thursday dinner meeting of the Howard County Legal Secretaries Association held at Holiday Inn. She spoke on human relations in business, social and personal fields.

A resume of the West Texas Legal Secretaries Seminar held in Odessa Nov. 9 was given by Mrs. Milas Wood, Mrs. Joe Sharpnack and Mrs. Bill Pharr.

Mrs. Billy Flynn presided at the business session, and Mrs. Ray Null reported on the group's participation in the Lions Club Fun-A-Bama.

Mrs. Rommie Shaffer was introduced as a guest.

Upgrading Study Held

The increasing educational opportunities was the program study presented by Dr. C. L. Almsworth at the Boydston Parent-Teachers Association Thursday at the school.

Mrs. Jesse Majors presided and named the project committee. They are Mrs. Craig Campbell, Mrs. Ray Cantrell, M. R. Turner and Mrs. George Russell.

Mrs. Marion Tredaway reported on the fall workshop at Ackery that was attended by seven Boydston delegates. Mrs. Joel Roberts reported that \$265.65 was received in savings stamps sales and the honor award went to Mrs. Ray Cantrell's third grade. Also, Mrs. Cantrell's room won the room count, and 55 members attended.

YWA Installation Held At Mission

An installation service was conducted by Mrs. W. E. Anderson for the Young Women's Association at the La Fe Baptist Mission Wednesday.

A program for foreign missions was presented for the group, and each participant was costumed to represent a different country. Participants were Linda Salame, China; Hope Abreo, Switzerland; Alicia Aconsa, Holland; Mary Ann Abreo, France; Noemi Galan, Greece; and Vicki Barrera, Mexico.

Refreshments were served in Fellowship Hall to the members, Mrs. Efran Abreo, mission director, and Mrs. Anderson, associational director. The table was decorated with a cake bearing the YWA inscription.

New Slate Selected By Queens

Mrs. Roscoe Newell was named president of the Kiwanis Queens Thursday when the group met at the Holiday Inn. Assisting her will be Mrs. S. M. Smith, vice president, and Mrs. Byron Orand, secretary - treasurer.

Mrs. Clyde Hollingsworth presided and announced the group will help at the Kiwanis Club Christmas party to be held for children at the Westside Recreation Center. Also, the auxiliary will have charge of the decorations for the installation meeting of the Kiwanis on Dec. 5.

Sorority Plans Holiday Dance

The public is invited to attend a Christmas dance which will be held under the sponsorship of Alpha Chi Chapter of Epsilon Sigma Alpha. The announcement was made Thursday evening when the sorority met in the home of Mrs. Tom Hammond, 204 Circle.

"Winter Wonderland" will be the theme for the dance and buffet which will be from 9 p.m. to 1 a.m. with music by the Dale White Combo. Tickets are \$3 per couple and may be obtained from chapter members or by calling Mrs. Hammond at AM 3-2288.

The program, "Entertaining Texas Style," was given by Mrs. Frank Perry and Mrs. Dale Glasser. They mentioned that entertaining in Texas is done in a more casual manner than in the East and that barbecues are popular affairs whether large or small. Etiquette and proper attire for teas, coffees and dinners were described.

Mrs. Mike Moore was named chapter beauty and will compete with representatives of other chapters at the district meeting in Snyder.

The group was asked to meet at the Veterans Administration Hospital Dec. 19 to decorate the Christmas tree. This is the third year the chapter has undertaken this project.

Following the business session, work was completed on a poster which will be used today in the Homecoming parade, and a report was heard on the jewel pin ceremony which was held Tuesday at the Webb pavilion. At that time Mrs. James Cook and Mrs. Jackie Touchstone received

IN DALLAS

Altrusans To Present Donation For Officer

Mrs. Edith De Busk, Dallas, International president of Altrusa, will receive a gift of money from the 49 clubs in this area when the international meeting is held at Dallas in July of 1965.

The announcement was made at the Thursday Altrusa luncheon meeting at Coker's Restaurant where Mrs. C. R. Rhoades presided.

Each member was asked to donate \$2 in order that the gift might exceed \$2,000. The request came from Miss Etta Jane Butler, Houston, past district governor.

The money will be presented to Mrs. De Busk with three recommendations as to how it will be used.

Sponsor a series of lectures, (1) Donate it to the Freedom Foundation building fund, (2) Sponsor a series of lectures, or (3) Present it to the Altrusa International Foundation.

A report of the recent board meeting was given and members-dress names for the Christmas party which will be held Dec. 18 in the home of Mrs. J. B. Apple. The dinner meeting will begin at 7 p.m.

Mrs. P. B. Baldridge announced that the Thanksgiving dinner at the Big Spring Community Club for members and guests will begin at 7 p.m.

Twenty-eight members attended, including a new member.

TO OPERATE CONCESSIONS

The Runnels Junior High School Parent-Teachers Association will operate the concession stands at the Runnels-Gollad games Saturday. They will open at 5 p.m. and will sell hot dogs, corn chip pie, caramel apples, coffee and hot chocolate.

Child Study Club Hears Panel Study Wednesday

Representatives of the International Wives Club presented a discussion on children of other nations at the Wednesday meeting of the Child Study Club. Panelists were Mrs. Roy Dring, Mrs. Sam Mellinger, Mrs. Al Valdes and Mrs. L. J. Bishop.

Mrs. Glenn Faison, 513 Highland, was hostess, assisted by Mrs. R. F. Polk and Mrs. Don Grantham.

Mrs. Jack Burnett gave a project report noting that a record player had been purchased for the Lakeview YMCA kindergarten.

A letter of resignation from the club president, Mrs. W. G. Pool Jr., was accepted and Mrs. Glenn Allen was elected as the new leader. Mrs. Richard Grimes was welcomed as a new member.

The Dec. 9 meeting will be a luncheon at Cosden Country Club.

HINTS FROM HELOISE

Plastic Bags Used In Sewing Basket

Dear Heloise: I found I was wasting too much time searching for just the right shade of thread when I kept scads of spools in one drawer in no kind of order.

I finally solved my problem by making good use of a roll of clear plastic sandwich bags! Mrs. Addie Phillips

One can take two or three doilies of the same pattern and pin one on top of the other. Saves space and time.

On nice days the board can be taken outdoors and placed in the sun for fast-drying.

Mrs. M. H. Robison

furniture polish or wax so that when the bottle is set down on anything, it won't leave a mark or scratch.

The sock also catches any polish that might run down the sides of the bottle and prevents the bottle from slipping out of your hands.

Pauline Struble

HELOISE

Dear Heloise: Here's an easy way to block crocheted doilies. After laundering, pin them to your ironing board with rust-proof straight pins and leave them there until dry.

Dear Heloise: It seems many people have a problem getting catsup out of a full catsup bottle.

It's very simple! Just hold the bottle parallel to your plate and tap the neck of the bottle with your hand.

This allows air to get into the bottle and, in turn, allows the catsup to come out.

Jeanne Van Deusen

Dear Heloise: For greasiness popcorn, follow the directions on the package or can, but place a paper towel over the top of the pan before you put on the lid.

N. L.

Education Discussed

"The Ungraded Primary" was the topic of Mrs. H. H. Rutherford, principal of Marcy Elementary School when she was the guest speaker for the Thursday meeting of the Airport Parent-Teachers Association.

Mrs. Rutherford said that educators have to find new and better ways to teach or education will regress instead of progress.

The devotion was given by R. J. Rankin and the business was conducted by Mrs. A. J. Hooten, vice president.

The room count was won by the second grade class of Miss Mary Eckert, and the membership award went to Mrs. Marjorie Morris's fourth grade class. Sixty-three were present with Mrs. Gilbert Kiefer being given the attendance prize.

The next meeting will be at 7:30 p.m., Dec. 10. Refreshments were served by Mrs. D. H. Ringner.

Dear Heloise: Put an old sock on a bottle of

Dear Heloise: I have a son in the submarine service and I thought you might like to know that a piece of your wonderful nylon net is being used in the galley of his submarine.

The men in the galley particularly like it for removing egg from the dishes.

Rita R. Weaver

WMU Group Has Mission Program At Salad Supper

The Evening Circle of the Woman's Missionary Union of First Baptist Church met Thursday in the home of Mrs. Johnnie Winham, 608 Runnels, for a salad supper and mission study.

Mrs. F. C. Gambill presided and played a Korean national anthem. Mrs. H. L. Derrick led the program on the topic, "Intercessory Prayer." Also, she told of the Baptist missionaries work in Korea since 1949. Other program participants were Mrs. Ruby Billings, Mrs. Beulah Crabtree and Mrs. Winham.

Mrs. Omer Williams gave the closing prayer and reviewed the book, "Frontiers of Advance."

Pecos Family Tells Of Son's Arrival

Mr. and Mrs. John B. Stickels, Pecos, are the parents of a boy, David Rodney. He was born Nov. 11 and weighed 9 pounds, 1 ounce at birth. The maternal grandparents are Mr. and Mrs. J. C. Niblett, Ackerly, and Mr. and Mrs. James Stickels, Bloomington, Ind., are the paternal grandparents.

Sewing Club Sets Date For Dinner

Mrs. W. M. Gage, 1200 Nolan, was hostess to the Sew and Chatter Club Wednesday afternoon. Plans were made for the Christmas dinner party to be held Dec. 16 at the Spanish Inn. A gift exchange will follow in the home of Mrs. Tom Rossion Sr.

A donation was made by the group to the United Fund. Refreshments were served to 14 members.

Miss Burdette Feted At Pre-Nuptial Party

Miss Oleta Burdette, bride-elect of Robert L. Allen, was honored Thursday at a gift shower held in the home of Mrs. Howard D. Johnson, 2312 Rebecca.

Hostesses were Mrs. Johnson, Mrs. Claude McLeod, Mrs. Max Roberts and Mrs. John Stone. They presented the honoree an electric coffee maker and an ironing board.

The refreshment table was covered in white lace over blue

STEEL FRAMEWORK GOING UP FOR FIRST BAPTIST BUILDING
Huge crane sets up steel structures for educational building

Construction Well Along On Two Church Projects

Two major church building projects in Big Spring are well on their way with one nearly 85 per cent complete and the other about 25 per cent along.

The First Baptist Church construction on Marcy Drive in the Coronado Hills Addition has steel up above ground now, and the contractor is ready to pour a concrete grade beam to the north of the education building structure. This will rest on concrete piers to support the walls of the sanctuary.

J. W. Cooper, Odessa contractor, has spent a great portion of the time since beginning, preparing his foundations and grade. Steel framework on the two-level education building, which is on the south of the structure, began to rise this week. The framework for the sanctuary will not rise until the grade beams are in and set.

Piers for the sanctuary supporting structure required several hundred yards of concrete. The holes were belled at the bottom to limit their settling. The grade beams will rest on top of the piers, but will be cushioned to prevent cracking in case of pier settling.

Ideal weather has prevailed for all grade and concrete work, and the contractor expects to be well along in the construction of the sanctuary.

Traditional Values Are Emphasized By Dawsonites

O'DONNELL (SC) — A young farm couple has set a good example to the youth of this area of how happiness can result from traditional values of hard work, honest and Christian living.

Mr. and Mrs. Jack Minter received masters' degrees from Southwest Texas State College, and they both teach classes at the O'Donnell Church of Christ.

Parents of a 7-year-old daughter, LaRhea, and a 5-year-old son, Jackie Jr., the Minters have farmed in the area for six years. Mrs. Minter is the former Daphne Telchik.

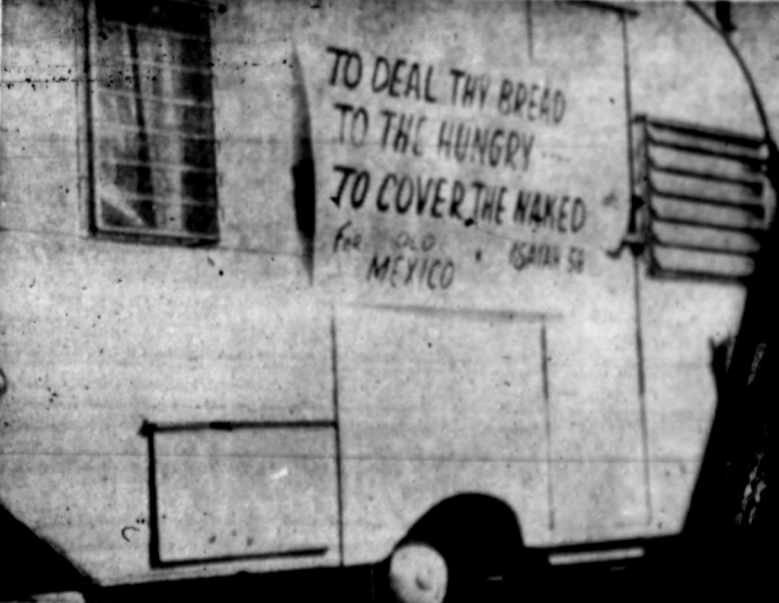

A native of Kansas, he served in the U. S. Army after graduation from high school and college. Following graduation from ACC, Minter taught science and math in Tahoka in 1956. The following year he and his wife returned to Huntsville College where they obtained their masters' degrees. After graduation, he rented a section of land from his father-in-law and started farming in 1957.

Earlier, the young farmer had convinced his wife's father to try skip row cotton planting and the older man has done it since. Jack, trying new methods learned at college, had a poor crop the first year when his cotton yielded 167 pounds of lint per acre. The next year the harvest averaged 623 pounds of lint and Minter rented an additional 320 acres. This year, with five prosperous years behind him and three new tractors plus other farm equipment, Minter bought 152 acres three miles from O'Donnell.

The former Kansan likes to see a deep break at least one-third of the total acreage. This helps conserve water and root penetration and control. He also employs weeding spikes rather than spikes to get better water penetration. He practices soil conservation methods and water control through contour terracing.

He said he believes organization is the key to success. Record keeping is the beginning and end of any business, and he has a record book for his farm. He lives by the slogan, "I'll get it or I'll kill it." He lives by the slogan, "I'll get it or I'll kill it." He lives by the slogan, "I'll get it or I'll kill it."

The Minters are also active in farm organizations and other community activities. In addition, to their church work, he is a substitute teacher in the O'Donnell school. Mrs. Minter is also a part of the project, helping to raise money for a college-operated day care center.

READY TO LOAD FOR MEXICO TRIP
Sig Rogers with his sleeper pickup

Businessman Plans Trip To Help Mexico

"I am making preparations for another trip to Mexico with clothing, food, and other items for the poor families living there," Sig Rogers said today. "I have been interested in this work for some 20 years, but I couldn't make many trips. Now I am promoting missions with in 25 miles of the border in Mexico."

Rogers said he finds satisfaction in this work, in giving the Christian message and helping to supply the physical needs as well. He said he is working with families with a great number of children. They need shoes and clothing for the children, he said. Work there is not plentiful, and pay is cheap.

He explained it is truly a sign field, and different from other missions. He is a member of the Big Spring church, and he is doing some of the work there. He is a member of the Big Spring church, and he is doing some of the work there.

Layman's Day Set Sunday

OLD ENOUGH!

Not old enough for a novel, a dictionary, an encyclopedia. But old enough for the Bible!

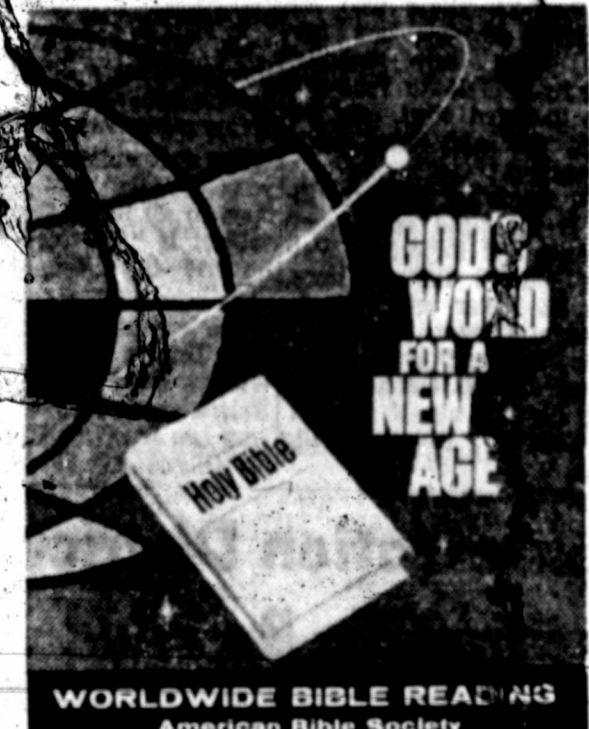

For in these very years before she fully understands its truth, a child learns to respect God's Word. Reverence is born. A sense of the importance of religion develops.

The passages must be short and sensibly chosen. Childish but searching questions must be answered. Mother and Dad will soon discover that explaining Truth to their child deepens their own comprehension.

Take advantage of a parent's own religious beliefs. Introduce your child to God. Make the Bible part of the family conversation and cooperate with the Church's program of religious education.

A child grows spiritually whose parents grow spiritually.

Kiwanis Auction Called A Success

Twenty-dollars worth of Kennedy half dollars brought \$30. In an eight pound jug, half-filled with pennies, nickles and a few quarters, sold for more than \$40 (which was what the change added up to) at the first Big Spring Kiwanis Club radio auction Thursday night.

While final figures are not available, Bob Travis, general chairman for the auction, said it appeared the club would show a profit of about \$600 to \$700 after all expenses have been paid.

Twelve Finish Cooks' Class

Twelve individuals, including the program's first woman graduate, were certified Thursday for having completed the cooks' training school at Howard County Junior College.

The eliminations will be held in the small auditorium at the college and the general public is invited to attend.

The three finalists who are selected by the judges will compete Thursday of next week at the regular luncheon meeting of the Kiwanis Club in the Settles Hotel.

Those receiving their certificates in the third class were John Bess and Robert M. Park of Midland, Edith E. Harre, James E. Miller and John L. Quarles of Odessa, Rudolfo C. DeLeon, George D. Buse, Albert A. Fine, Joe M. Garcia, Sammie C. Lopez, Pete M. Porras, and Robert C. Rivers of Big Spring.

Conservation District Petition To Be Filed

The Texas Water Commission will be petitioned soon to delineate the boundaries for an underground water conservation district to include all or parts of Glasscock, Reagan, Upton, Frio and Midland counties.

A decision to petition for a district was reached at a meeting in Big Lake Thursday of the Five-County Water Committee.

Tom McFarland, Lubbock, manager of the High Plains Underground Water Conservation District, discussed the functions and operations of an underground water conservation district.

Bernard Baker, Austin, head of field investigations for the TWC, explained details of organization and how boundaries of a district are delineated.

Other committee members present at the meeting were Reagan County Judge S. E. Stout Jr., Doris Blissard and A. W. Schreuder of Glasscock County, L. H. Farr III of Irion County, John Braun of Midland County, and Otis Holiman and R. J. LeFevre of Upton County.

Agents had been asked to assist in getting information on the forming of a district.

R. W. Jennings Funeral Set

Rupert Wayne Jennings, 57, of 1008 Bluebonnet Drive, died at 5:40 p.m. Thursday in a local hospital following a lengthy illness. He moved to Big Spring in 1939 from Dallas, where he married Marie Hawk June 20, 1937 in Durant, Okla.

Mr. Jennings was employed by Montgomery Ward here as manager of the tire department. He received his 25-year service watch last Oct. 23.

Survivors are the widow, Mrs. Marie Jennings of the home; two daughters, Mrs. Sandra Thomas, Lovington, N. M., and Mrs. Judy Gass, Big Spring; his parents, Mr. and Mrs. J. E. Jennings, Dallas; a grandson and a granddaughter.

Funeral services will be at 3 p.m. Saturday in Rosewood Chapel with Dr. H. Clyde Smith, pastor of the First Methodist Church, officiating. Burial will be in Trinity Memorial Park under the direction of Nalley-Pickle Funeral Home.

Telephone Old Timers

Four of the men pictured here have a cumulative total of 133 years service with Southwestern Bell Telephone Company. Among those at the Far West Texas chapter of the Telephone Pioneers of America meeting last night were, seated, E. G. Powell and W. D. Berry, and Harold Monroe, Fort Worth, the speaker, Wendell Faris and H. H. Redding.

Telephone Pioneers Hear Briefing On Stock Market

Fifty-two members of the Telephone Pioneers of America got a briefing Thursday evening on trading on the stock market.

Harold Monroe, financial editor of the Fort Worth Star Telegram, talked with the group at Texas Electric Service Company's conference room about some of the basics in buying and selling stocks.

A dinner affair was held preceding the program. In the chapter area, there are 112 members of the organization which has a requisite of at least 21 years service in the telephone business.

Pope's Crown Goes To Poor

VATICAN CITY (AP) — Pope Paul VI donated his gold and silver three-tiered beehive crown today to the poor of the world.

Vatican officials said his action symbolized the concern of the Roman Catholic Church for those "who suffer misery and hunger."

The Pope placed the tiara on an altar in St. Peter's Basilica during a special Mass honoring ancient St. John Chrysostom, revered alike by Roman Catholics of the West and Orthodox Catholics of the East.

Medical Society Meets Tuesday

The Permian Basin Medical Society will meet at the Big Spring State Hospital Tuesday evening for a 7:30 p.m. dinner session and scientific program.

The program will include demonstrations of improved methods of administering electro-coma-treatments, and the discussion of emotional problems with adolescents.

Woman Perishes In Vehicle Crash

HENDERSON, Tex. (AP) — Mrs. W. B. Stevens of Livingston died Thursday in a car-truck collision near this east Texas town. Two in the car with Mrs. Stevens were injured.

Four of the men pictured here have a cumulative total of 133 years service with Southwestern Bell Telephone Company. Among those at the Far West Texas chapter of the Telephone Pioneers of America meeting last night were, seated, E. G. Powell and W. D. Berry, and Harold Monroe, Fort Worth, the speaker, Wendell Faris and H. H. Redding.

Ralph Credits Fellow Demos

WASHINGTON (AP) — Sen. Ralph Yarborough, D-Tex., said today his election win was due primarily to his differences on basic issues with his GOP opponent and to support lent him by Democratic Texas congressmen.

He defeated George Bush, Houston oil man. Responding to a question as to how his contest was affected by the President's heavy vote in Texas, Yarborough said: "I think the President's endorsement helped. I think the President's strong race in Texas helped more than the endorsement."

"I had great help from the Texas delegation in the House," he also gave credit to Sens. Mike Monroney, Okla., and Russell Long, La. They made speeches in Texas in his behalf.

Rebels Maintain Americans Safe

NAIROBI, Kenya (AP) — Congolese rebel leaders in Stanleyville have assured Prime Minister Jomo Kenyatta of Kenya that foreign civilians there including 60 Americans, are in no danger.

Keese Returns From Meeting

B. M. Keese, registrar at Howard County Junior College, returned Thursday from Austin where he participated in the annual meeting of the Texas Association of Registrars and Admissions Officers.

Senator Sees African Lag

BATON ROUGE (AP) — Sen. Allen Ellender, D-La., says it may take 100 years to educate the natives of Africa "to participate in, and manage their own affairs."

Banker Of Note Dies At Age 88

LONDON (AP) — Sir Strati Ralli, 88, prominent banker, died Thursday. Ralli, born in New York of British parents, ran a family banking business.

Returns From Brother's Rites

Mrs. Lonnie Morris has returned from Torrance, Calif., where she was called on the death of her brother, Roy W. Cranfill, 59.

Mr. Cranfill, who was a pumper with Conoco at Forsan for about 15 years before going to California about a dozen years ago, had been knocked unconscious in a truck mishap in August. He died as result of his head injury Oct. 26. Burial was in Roosevelt Memorial Cemetery at Redlands.

Survivors include two sons, Kenneth Cranfill and Robert Lee Cranfill, both of Englewood, Calif.

Loot Found Of Burglary

An assortment of items ranging from a peanut machine to food were recovered by police this morning, shortly after a burglary was reported of the Ranch Burger, 511 W. 3rd.

Police said someone entered the firm through a window into the kitchen. The items were found behind a garage in the rear of the 600 block of West Fourth Street and returned to the eating establishment. No arrests had been made this morning in the burglary, according to police.

Officers arrested two youths Thursday in connection with a burglary reported Wednesday of the Co-Op Gin, Inc., 600 NE 2nd. Officers said an assortment of hand tools valued at about \$35 were recovered. A 15-year-old youth was turned over to juvenile authorities for investigation and the other youth released to his parents, according to police.

Charges were filed Thursday concerning two Big Spring men. A charge of theft over \$50 was filed with Justice of the Peace Jess Slaughter against Jimmy Cavitt, 19, in connection with a theft of two tires and wheels. Police said the items were taken from a car parked east of the Benton Street viaduct recently. Cavitt was released on \$1,000 bond Thursday.

A charge of theft over \$5 and under \$50 was filed in County Court on Carlos Martinez Franco, 22, in connection with a theft of a battery from a car in the 700 block of North Lancaster Wednesday.

Police today also were investigating the theft of two tires in the 4000 block of US 80 west.

Minor Mishaps

Several minor accidents were reported to police Thursday. Locations and drivers included Sixteenth and Scurry Streets, Billie Ruth Webb, 511 Abrams, and Mrs. Glenda T. Hibbitt, Snyder; and Eighth and Owens, Donna Fleming, Howard County Junior College, and Jimmy Cevallos, 207 N. Goliad. Another accident occurred when a car driven by Mrs. Vallie Long, 1306 Johnson, struck a mail box in the 2600 block of Rebecca Drive.

Mrs. Roxburgh's Funeral Pends

Mrs. Annie E. Roxburgh, 85, of 309 North Fifth, Coahoma, died at 3:30 a.m. Friday in a Big Spring hospital after a lengthy illness. Services are pending at Nalley - Pickle Funeral Home.

Mrs. Roxburgh was born Oct. 26, 1878 in Hill County. She was married to Charles Roxburgh, Dec. 12, 1900 in Granbury. They moved to Coahoma in 1951 from Dora, N. M. He died Sept. 26, 1959. She was a member of the Coahoma Church of Christ.

Survivors are three sons: Guy Roxburgh and Lloyd Roxburgh of Houston, and Roy Roxburgh of Coahoma; four grandchildren and three great-grandchildren.

VA Officers Meet Here Today

Representatives of the regional office of the Veterans Administration loan guaranty division at Lubbock, were to arrive here Friday noon for an area meeting.

Lending officers, brokers, agents and others from Lubbock, San Angelo, Snyder, Abilene, Colorado City, Midland, Odessa, Lamesa and several other points were to be here for the parley at the Cosden Country Club at 1:30 p.m.

The meeting will deal with procedures and regulations of the VA loan guaranty division, and it was to continue to about 5 p.m.

OIL REPORT Operator Ready To Set Pump

Southland Royalty Co. of Midland No. 2-B McDowell, in Glasscock County 12 miles north-west of Garden City, is preparing to run rig and set pump. The operator drilled to 2,442 feet on location west of the 1-B McDowell in the multi-pay McDowell (San Andres) field. He acidized perforations, from 2,366 to 2,374 feet, with 500 gallons and started swabbing. He recovered 15 barrels of slush acid water the first hour. He recovered an estimated three barrels of oil and five barrels of acid in the second hour, and shut in overnight.

He began swabbing again with the fluid level at 900 feet. In the first 30 minutes, he recovered 15 barrels of oil with no water, and in the second 30 minutes recovered 13 barrels of oil with no water.

Location is 330 feet from the south and 1,313 feet from the east lines of section 23-34-28, T&P survey.

DAILY DRILLING

BORDEN — Penroc Oil Corporation No. 2 Gulf Canon, 1,600 feet from the south and 200 feet from the west lines of section 24-35-50, T&P survey, was making hole of 2,525 feet to line. The wildcard is 14 miles west of Goli.

DAWSON — James E. Calloway No. 1 West Texas Mineral Syndicate, 10 miles southeast of Lamesa, has drilled to 4,775 feet on a running 4 1/2-inch casing. It spotted 600 feet from the north and 1,200 feet from the east lines of section 24-26-49, T&P survey.

El Cinco Production Co. No. 1 H. A. Jones, 2 1/2 miles north of Sporenburg, drilled to a total depth of 8,002 feet and perforated from 7,750 to 8,111 feet. Operator ran tubing with 4 1/2-inch casing to 8,382 feet. He treated with 500 gallons of acid and 32 steel shot. He recovered 400 barrels of oil and 172 barrels of load oil. He is now shut in.

Midwest Oil Corporation No. 2 G. B. Motley, two miles north of Sporenburg, drilled to a total depth of 8,002 feet and perforated from 7,750 to 8,111 feet. Operator ran tubing with 4 1/2-inch casing to 8,382 feet. He treated with 500 gallons of acid and 32 steel shot. He recovered 400 barrels of oil and 172 barrels of load oil. He is now shut in.

Garza — James G. Brown & Associates No. 2 Slaughter, was drilling at 4,915 feet in shale. It is spotted 1/2 mile east of the corner of North and Spruery. It discovered 12 miles south of 467 feet from the north and 1,100 feet from the east lines of section 20-2, T&O survey.

MARTIN — Humble Oil & Refining Co. No. 1-B Wolcott, was drilling ahead at 12,090 feet with no formation given. Location is 850 feet from the south and 4,000 feet from the west lines of section 250, Midland. It is spotted 1/2 mile north-west of Stanton.

STERLING — Texaco, Inc. No. 1 C. C. Reynolds, 16 miles west of Sterling City, drilled to a total depth of 2,650 feet and plugged back to 2,614 feet. Operator swabbed 29 barrels of salt water in six hours and was shut in. It is spotted 1/2 mile east of the south and 617 feet from the west lines of section 48-32-48, T&P survey.

HOWARD — Continental Oil Co. No. 30-A H. R. Clay, six miles east of Faron in the Howard-Glasscock (Seven Rivers) field, pumped 53 barrels of 28 gravity oil per day on initial production, with 12 per cent water. Total depth was 1,700 feet and operator set 4 1/2-inch casing to 1,699 feet. He acidized from 1,538 to 1,605 feet and perforated with 1,600 gallons. It is spotted 1/2 mile from the north and 130 feet from the east lines of section 139-29, W&NW survey.

HOWARD — Shell Oil Co. No. 7-B Dora Roberts A&B pumped 65 barrels of 32.5 gravity oil, with 12 per cent water, from perforations of 1,601-1,911 feet, with no treatment required. It is spotted 1/2 mile east and 330 feet from the south lines of section 156-29, W&NW survey. Operator drilled to 1,952 feet and set 4 1/2-inch casing at 1,950 feet.

MITCHELL — W. C. Russell No. 14 E. T. Strain, in the Sherman Ridge (1700) field pumped 32 barrels of 27.6 gravity oil on initial production. It is spotted 1/2 mile east and 10,000 gallons. Total depth was 1,756 feet with 4 1/2-inch tubing set on bottom. He perforated 1,625-1,722 feet. Location is 825 feet from south and 680 feet from north lines of section 10 Reiger survey.

GLASSCOCK — Continental Oil Co. No. 7-B Dora Roberts A&B pumped 65 barrels of 32.5 gravity oil, with 12 per cent water, from perforations of 1,601-1,911 feet, with no treatment required. It is spotted 1/2 mile east and 330 feet from the south lines of section 156-29, W&NW survey. Operator drilled to 1,952 feet and set 4 1/2-inch casing at 1,950 feet.

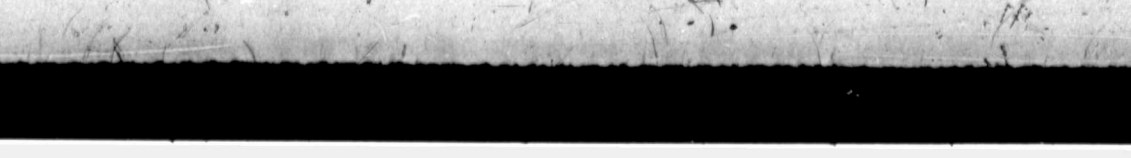

TECH FRESHMEN Defeat A&M — MIDLAND — The Texas Tech freshmen defeated the Texas A&M fish, 23-17, in a football encounter here Thursday night.

Bob Bearden, former Abilene star, played a big role in the win. He caught a 16-yard touchdown pass from Chris Alford and kicked a 29-yard field goal.

Tech led at half time, 17-2. Bill Sallee of A&M, a Midland product, scored on an 11-yard run in the third, then ran for the two extra points.

MARKETS

Table with market data including Livestock, Cotton, and Wall Street indices.

Weather Forecast Oklahoma, while rain mixed with snow will fall over the upper Mississippi valley. (AP WIREPHOTO MAP)

Burglary You Show

Police said someone entered the firm through a window into the kitchen. The items were found behind a garage in the rear of the 600 block of West Fourth Street and returned to the eating establishment.

Police today also were investigating the theft of two tires in the 4000 block of US 80 west.

COMPLETIONS

DAWSON — Cities Service No. 24-12 West Welch Unit, pumped 102 barrels of 28 gravity oil, with no water from open hole of 10,000 gallons. Total depth was 4,922 feet and operator set 4 1/2-inch casing with 15-1/2 inches of section 87-A, EL&RR survey.

HOWARD — Continental Oil Co. No. 5-B G. O. Chalk six miles east of Faron in the Howard-Glasscock (Seven Rivers) field, pumped 100 barrels of 31.7 gravity oil, with 12 per cent water, from perforations of 1,601-1,911 feet. Location is 825 feet from south and 680 feet from north lines of section 10 Reiger survey.

GLASSCOCK — Shell Oil Co. No. 7-B Dora Roberts A&B pumped 65 barrels of 32.5 gravity oil, with 12 per cent water, from perforations of 1,601-1,911 feet, with no treatment required. It is spotted 1/2 mile east and 330 feet from the south lines of section 156-29, W&NW survey. Operator drilled to 1,952 feet and set 4 1/2-inch casing at 1,950 feet.

MITCHELL — W. C. Russell No. 14 E. T. Strain, in the Sherman Ridge (1700) field pumped 32 barrels of 27.6 gravity oil on initial production. It is spotted 1/2 mile east and 10,000 gallons. Total depth was 1,756 feet with 4 1/2-inch tubing set on bottom. He perforated 1,625-1,722 feet. Location is 825 feet from south and 680 feet from north lines of section 10 Reiger survey.

Burglary Ring Youths Blame Show On TV

TEMPLE CITY, Calif. (AP) — Police said 12 high school students, accused of organizing a highly stylized burglary gang, say they got the idea from the new television series, "The Rogues."

Girl Needs To Be Told

DEAR ABBY: A 17-year-old girl has been our sitter for three years. She's a lovely, reliable, steady girl, and our children love her. Certain recent happenings have given rise to suspicion. First, our liquor supply has mysteriously diminished. Then, she's begun to CHAIN our front door, making it impossible for us to enter until she lets us in. And the last straw came this morning when I found a man's undershirt (several sizes larger than my husband's) wadded up behind the couch cushions. What do I do, Abby? If I tell her mother, the

girl will never sit for me again. I don't want to lose her. She is a gem in every way. CHICAGO MOTHER DEAR MOTHER: You seem only concerned with possibility of losing a sitter when a far more serious issue is at hand. A once "lovely, reliable, steady" 17-year-old girl is in danger of getting into serious trouble. Confront her with the evidence and have a frank, friendly and sympathetic talk with her. Impress upon her that she is flirting with tragedy, and any man who would be a party to such behavior is a worthless heel. She needs to be informed—not informed on P.S. And if she brushes you off, drop her and tell her mother why.

DEAR ABBY: As a working housewife with many friends and relatives, I find the accepted format of bridal and baby showers a problem for which I would like to offer a solution. The usual procedure is to gather for an evening of cards, games or some other form of entertainment, followed by refreshments and finally, opening the gifts. This means boredom, weariness, and too-late an evening for some. Why not serve dessert and coffee immediately after the guests arrive? Then open the gifts, and let those who have the time and energy for playing games go ahead and play them while the others make a quick and graceful exit? Thank you.

HALE'S SECRETARY DEAR SECRETARY: Your suggestion makes so much sense I wonder why others have never thought of it. (Or have they?)

DEAR ABBY: Inform the girl who was engaged to the serviceman who had just left for Germany that if she really must marry him sooner than she had planned, she should (1) get proof from her doctor, (2) present this proof to the Red Cross and enlist their help. They will contact her fiance and give him the information. And if he asks his commanding officer for an emergency leave, and tells him why, his chances of being flown home immediately (without cost) to marry the girl are excellent. The Red Cross and our military are unbelievably kind and cooperative in a crisis of this kind. I know.

"BEEN THERE" Troubled? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

Travel Group To Alamo City

SAN ANTONIO (AP)—Travel writers touring West Texas spent the night in Big Bend National Park and then flew into San Antonio today from Marfa. En route to Marfa, the writers traveled by bus along the storied Camino del Rio through picturesque Presidio. This afternoon, the writers were to be received at the Floresville area ranch home of Gov. and Mrs. John B. Connally, returning to San Antonio tonight to dine aboard Casa Rio Barges on the historic San Antonio River. The night's festivities wind up a 10-day West Texas tour for the group. Some will make a two-day tour of the Mexican state of Coahuila. The tour, following one over East Texas in the spring, was sponsored by the Texas Tourist Development Agency.

Good Relations Seen Continuing

MEXICO CITY (AP) — Mexican President Adolfo Lopez Mateos said Wednesday that he believes relations between his country and the United States will continue to be good. He credited the solution of several long pending disputes between the two countries and announced that an agreement in principle had been reached to stop excessively salt water of the Colorado River from reaching the Mexicali Valley in Bahia California.

Former Premier Of Sweden Dies

STOCKHOLM (AP) — Richard Sandler, 80, former premier of Sweden and president of the League of Nations in 1934, died Thursday after a brief illness. Sandler was Sweden's delegate to the United Nations in 1947-50.

GOP Fund Drive Ogles Little Man

WASHINGTON (AP) — Republican treasurer William Middendorf III says the GOP will turn once again to the man who answered the party's call for financial help — the little contributor.

CALEB BOGGS

"Historically, we've been the party of the rich guy," Middendorf said. "This time we went over to the other side. So we had to go to the broad middle-income field, and we went after it hammer and tong." Thus, he said, the party will continue a vigorous direct-mail campaign for the \$10-a-year sustaining contributions to help meet an estimated \$1.5 million budget next year.

PUSHES AHEAD

As the contributions drive pushed ahead, there were these other Republican developments: — Republican National Chairman Dean Burch was quoted by the National Broadcasting Co. as saying in a Jamaica interview that he won't be able to continue as chairman if the national committee votes "no confidence" in him at a meeting scheduled for January.

— Sen. J. Caleb Boggs of Delaware suggested that Sen. Thurston B. Morton of Kentucky would be a good choice for party chairman if Burch is replaced. Morton was chairman from 1959 to 1961.

On the financial front, Middendorf and other GOP officials make no secret of the fact that many traditionally Republican purses snapped shut following the nomination of Sen. Barry

Goldwater for president — although there still were some large contributions.

FLOOD OF RESPONSE

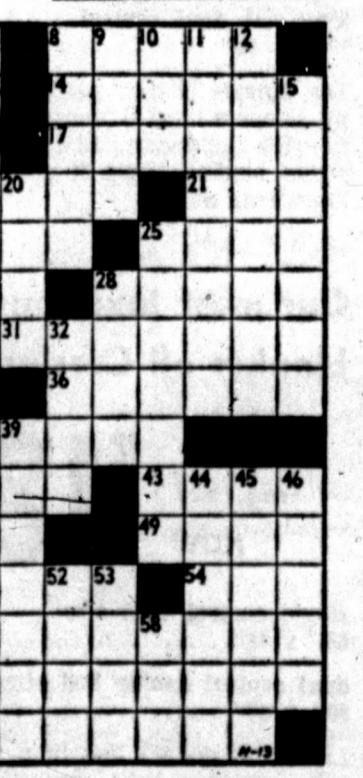

For a time during the campaign, the financial situation was bleak. But repeated televised appeals for funds resulted in hundreds of thousands of letters bearing contributions in the \$1 to \$10 range.

GOP officials won't say how much they got, but Middendorf said recently that 1.5 million persons contributed to the Republican campaign compared with 40,000 in 1960.

The net result: a surplus for the Republican National Committee. Middendorf won't say how much, but he scoffs at reports that it tops \$1 million.

Sprucing Up A Fire Hydrant

These city firemen give this fire hydrant, at Twenty-Third and Runnels Streets, a new coat of yellow paint. On-duty firemen are doing the painting, involving some 400 city fire plugs. Lt. H. H. Morris gives directions as fireman Donald Eggleton, left, and Robert Myers provide the paint for the hydrant.

Fire Plugs Are Painted

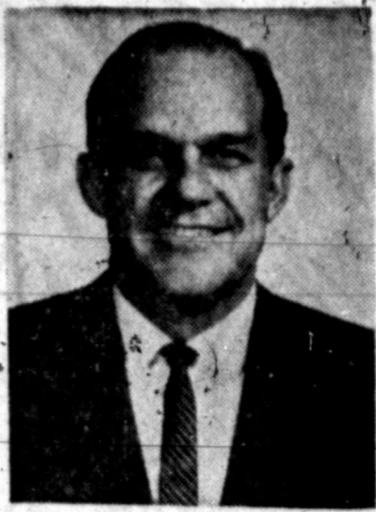

City firemen this week are putting new coats of yellow paint on the city's fire hydrants. On-duty firemen are doing the work, Fire Chief H. V. Crocker said, while maintaining radio contact from their trucks with fire stations.

Some 400 of the city's 500 hydrants are to be painted in the current project, Crocker said. The remaining plugs were repainted last year.

Some of the hydrants will have a red valve to denote need for a special fitting for hoses, firemen said, while the remaining plugs will be entirely yellow.

Grass and shrubs will also be cleared away from some of the hydrants, especially where shrubbery or trees close to the hydrants make it difficult for firemen to attach hoses.

The painting began Monday afternoon and evening and will continue for several weeks, Crocker said. The re-painting has to be done about once each four or five years, he pointed out.

JACK COX

Jack Cox Joins Firm

AUSTIN (AP) — Jack Cox has joined an investment firm dealing with Padre Island properties.

The South Padre Investment Corp., disclosed today that the former legislator has been appointed executive vice-president in charge of development.

Cox will move here from Houston to assume his duties.

Cox, a Republican who ran for governor in 1962, failed in a try for the GOP Senate nomination this year.

Report Helpful On Predicting Sediment Data

Designers of reservoirs now have another aid in predicting the extent of future sediment accumulation. It is the new report just released by the Texas Water Commission, "Suspended-Sediment Load of Texas Streams, Compilation Report, October 1959-September 1961," by E. A. Adey and H. M. Cook, Bulletin 6410.

The publication presents data taken at 39 sampling points on major streams in the state during the period October 1959 to September 1961. It is a supplement to Bulletin 6108, printed three years ago as a compilation of data taken at sampling sites for the previous 60-year period of record.

The Water Commission began its study of sediment transport in 1923. Hundreds of thousands of sediment samples have been collected and analyzed since that time. Copies of Bulletin 6410 may be obtained free of charge from the Texas Water Commission, P. O. Box 12311, Austin, Texas, 78711.

Food Shortage Eased In India

NEW DELHI, India (AP) — India's critical food shortage appears to be easing slightly.

Government spokesmen said 6,000 tons of rice had reached Kerala State and stocks in government grain stores had increased to 18,000 tons. They said a bumper winter rice crop is expected.

Harlingen Names New Chamber Head

HARLINGEN (AP) — David Alex, 27, who has been assistant manager of the Harlingen Chamber of Commerce for two years, has been named manager. He succeeds Pledger Cate, who resigned to become executive vice president of the South Texas Chamber of Commerce.

Old Belief Belied By Justice Clark

By TEX EASLEY
WASHINGTON (AP) — Supreme Court Justice Tom Clark, a Dallas lawyer before coming to Washington, belies an old belief that once on the bench of the high tribunal a man tends to lose the common touch.

The handsome, graying, 65-year-old Texan, appointed to the lifetime position in 1949 by President Harry S. Truman, is aware that some of the decisions in which he has joined have drawn bitter criticism. It was he who wrote the majority opinion in the school prayer case. And he participated in the unanimous 1954 vote in which the court held that segregation in schools is unconstitutional.

RECENT TIRADES
During an interview in his beautiful, oak-paneled chambers in the Supreme Court building across the street from the Capitol, he was asked what he thought of some recent tirades against the court and the billboard signs still to be seen in the South calling for the impeachment of Chief Justice Earl Warren.

"We welcome criticism," he replied. "It's in keeping with the tradition of the democratic system while we'd like for it to be constructive, it's their right. It gets a bit discouraging sometimes. Sometimes remarks are made that hit below the belt."

"But, I rather think that with most of the people, the image of the court now is better than it has ever been."

CAN'T PLEASE ALL
"Of course, it's a difference of opinion that brings a case to us, and when we reach a decision, you have to expect that it will make some people unhappy. That's always been the case. Thomas Jefferson, unhappy with an opinion handed down by John Marshall, told the chief justice to go enforce the law himself. And Teddy Roosevelt once told Oliver Wendell Holmes he never would let him in the White House. That was after a securities case decision."

Justice Clark, who ranks only behind Justices Hugo L. Black and William O. Douglas in seniority, was asked how he, as a native Texan, viewed the racial integration problem, "how it looked down the long road ahead."

"I think we have made considerable progress since I was a boy, in fact, remarkable progress during the past 20 years," he replied.

"GREAT PROGRESS"
"We've called for deliberate speed." In some cases it seems to have been a bit too deliberate. But in the South as a whole, there has been great progress. There will always be some discrimination, even by some Negroes among themselves. Our children will certainly see further changes for the better. I am very hopeful."

Justice Clark and his wife, the former Mary Ramsey, were married 40 years ago. They live in one of the older, but charming, apartment houses on Connecticut Avenue in Northwest Washington.

Delegation Due At Dedication

MEXICO CITY (AP) — Sen. Robert F. Kennedy, D-N.Y., is expected to head a delegation to help dedicate the 3,000-family John F. Kennedy Memorial housing project here Tuesday.

The housing project, consisting of 94 four-story reinforced concrete buildings, was built with the aid of a \$19 million loan from the American AFL-CIO pension fund. It will have 3,000 two and three-bedroom apartments to house 18,000 persons.

The U.S. delegation is expected to include George Meany, president of the AFL-CIO. Mexico's President Adolfo Lopez Mateos will head the Mexican group at the dedication.

Few Poll Taxes Being Issued

Poll tax receipts are not in heavy demand at the office of the Howard County Tax Collector. The total receipts issued since Oct. 1 is 628. In the same period, there have been 710 exemption certificates written.

The poll tax receipts and the exemption-certificates will be applicable in qualifying a holder to vote in 1965. Since 1965 is an "off" year politically, with few elections of interest, there is little call for the papers. Deadline for poll tax payment is Jan. 31.

Veteran Of Irish Battles, 65, Dies

DUBLIN (AP)—Robert Brennan, 65, veteran of the Irish independence battles and wartime minister of the Irish Republic in Washington, died Thursday.

Rains County Judge Dead

EL PASO (AP)—Rains County Judge Sam B. Braziel, 61, was found dead of a stroke in his hotel room here Thursday.

The body was found by an acquaintance who went to the judge's room to keep an appointment.

Braziel, president of the Texas County Judges and Commissioners Association, was in El Paso to make arrangements for the group's convention.

Justice of the Peace Charles Windberg said the East Texas man's doctor in Dallas told him that Braziel had been troubled by a heart ailment.

Rodehaver-Miller Mortuary in El Paso had the body Thursday night.

Czech Chief Is Re-Elected

PRAGUE, Czechoslovakia (AP) — The National Assembly today re-elected Communist party chief Antonin Novotny president of Czechoslovakia.

Novotny, 60, has held both top offices in Czechoslovakia since he was elected president in 1957. He was nominated for a five-year term by the party's Central Committee and the Communist-dominated National Front.

A Devotional For The Day

I must work the works of him that sent me, while it is day.
(John 9:4)
PRAYER: "O Lord, support us all the day long of this trou-
blous life, until the shadows lengthen, and the evening comes,
and the busy world is hushed, and the fever of life is over,
and our work is done. Then of Thy mercy grant us a safe
lodging, and a holy rest, and peace at the last; through Jesus
Christ our Lord. Amen."

(From the 'Upper Room')

Take Stock Of Stockpile

An investigation that the new Con-
gress could undertake, with probable
profit to taxpayers, would be a com-
prehensive, critical review of the
multi-billion-dollar, 25-year-old pro-
gram of stockpiling of strategic ma-
terials.
Current squabbling between Con-
gress' General Accounting Office and
the administration's Office of Emer-
gency Planning, over whether some
materials are being stockpiled un-
necessarily or excessively, suggests
that the big "stockpiling mess" of
1962 has not been cleared up.
In February, 1962, President Ken-
edy told a press conference that he
"was astonished to find that the total
stockpile now amounts to some \$7.7
billion... an amount that exceeds
our present requirements by nearly
\$3.4 billion." Subsequently, the Sym-
ington stockpiling subcommittee of
the Senate Armed Services Commit-
tee found considerable mismanage-
ment in the stockpiling program that
was advantageous to suppliers and

disadvantageous to taxpayers.
Strategic materials stockpiling was
begun in 1939 and served World War
II needs well. In 1958, stockpiling ob-
jectives were cut from estimated
needs for a 5-year war to those of a
3-year war. And since the 1962 in-
vestigation, some headway has been
made in surplus disposal and revision
of the program to new condi-
tions.
However, the stockpiling of strate-
gic materials has become question-
ably involved with foreign aid and
domestic price supporting. And it is
increasingly doubtful that its strictly
military purposes have kept up with
the vast and rapid changes in mili-
tary technology and strategic con-
cepts.
The 1962 investigation concentrated
on stockpile mismanagement and
windfall profits to suppliers. What ap-
pears to be needed now is a com-
plete re-evaluation of stockpiling
needs. Congress can and should find
satisfactory answers.

Illuminating Figures

The monthly newsletter from the
Missouri-Pacific lines recites some in-
teresting information.
The great St. Lawrence Seaway,
which backers predicted would be a
great boon by putting the Midwest
practically at tidewater, is not pay-
ing out as its backers forecast. By
the end of last year, traffic was so
far below estimates that the project
could not pay interest much less
scheduled principal payments. The
United States agency was said to be
\$10,000,000 behind on its payments

and its Canadian counterpart \$65,000,
000 behind.
Perhaps it is too early for a fair
judgment on the ultimate results, but
one straw in the wind on this half-
billion dollar program is that some
have proposed that tolls be abolished
entirely.
Nothing doing, so far as we are
concerned, because all of us had a
hand in paying for that project. Be-
sides, a few more years of operating
history may furnish some illuminating
figures on what we might expect from
the junior size proposal for the Trin-
ity Canal.

David Lawrence

The Continuing Threat In Cuba

WASHINGTON—The American peo-
ple have been led to believe in the
last two years that the United States
won a signal victory over the Soviet
Union as well as the Castro govern-
ment in 1962 when the two Commu-
nist regimes were supposed to have
dismantled the bases erected in Cuba
for long-range missiles.
But the truth is slowly coming out.
It now appears clear that the Soviet
Union and the Cuban government have
agreed to a military alliance which
permits Castro to fire surface-to-air
missiles at American planes and to
take other steps to thwart any at-
tempt by the United States to protect
its interests against Cuban trouble-
making in the South Atlantic area.
THE INFORMATION that Castro to-
day is in control of certain Soviet
missile bases came from the Cuban
dictator himself during the course of a
six-hour interview with Cyrus L. Sulz-
berger of "The New York Times," one
of the ablest writers on international
affairs in the field of journalism. Cas-
tro said:
"When our forces took over control
of the surface-to-air missiles the ar-
rangement carried with it an obliga-
tion not to proceed unilaterally by
shooting at U-2 flights. The commit-
ment we assumed was that all legal
means to put an end to U-2 flights
should first be exhausted; but this is
not a commitment for an indefinite
period. The surface-to-air missiles are
now under Cuban control."

THE STATE DEPARTMENT de-
clares that U.S. reconnaissance flights
over Cuba have been continuing, and
still claims it is insisting that all So-
viet military personnel should leave.
While the longer-range missiles are
believed to have been removed from
Cuba, other missiles remain. The sur-
face-to-air missiles are considered by
the State Department to be "defen-
sive" rather than "offensive." But
the fact that they can interfere with
U-2 flights made by the United States
constitutes a threat to peace, as there
could be at any moment an incident
which would involve a decision by the
Soviet Union to authorize the use of
its own military personnel in Cuba. In
the event such a crisis should arise,
the conflict would not be merely
with Cuba but with the Soviet Union
as well.

'IS ANYBODY FLYING THIS THING?'

James Marlow

Johnson To Chart Course

WASHINGTON (AP) — Presi-
dent Johnson is, or soon will be,
poring over a batch of special
reports he will use in charting
the course of his own adminis-
tration — and the nation — in
the years ahead.
From them Johnson intends to
draw up the blueprints for his
legislative plans that he will
hand to Congress in his State of
the Union address in January.
The reports are being drafted
by almost a score of task forces
he assigned weeks ago to such
long-standing problems as edu-
cation, transportation, the ur-
ban jumble, care for the elder-

ly, the economy and others.
MANY REFER one way or
another to his version of what
he calls the "Great Society," a
concept he first discussed pub-
licly last May in a speech at the
University of Michigan.
Abundance and liberty for all
with an "end to poverty and
racial injustice" is just the be-
ginning and the places to start
to build this "Great Society," he
said, are "in our cities, in our
countrywide and in our class-
rooms."
Much of his stress was on the
turmoil and problems of the

growing, tangled cities — the
slum, overcrowded schools,
snarled traffic, housing — and
he said "in the next 40 years we
must rebuild the entire urban
United States."
But the solutions, he said,
would not come from a massive
Washington project but required
"new concepts of cooperation —
a creative federalism — be-
tween the national capital and
the leaders of local communi-
ties."
SO FAR few details have leaked
out about the task forces' progress.
One group is reportedly
weighing the pros and cons of
various tax reduction plans. An-
other is said to be studying the
possibility of hitching Social
Security payments to ups and
downs in the cost of living.
Much of such social legisla-
tion — for aid to education,
medical care for the elderly
through Social Security, urban
affairs, for instance — have hit
hard walls of opposition in the
past.
Many Republicans and Demo-
cratic conservatives have
stormed at the hazards of "big
government and big spending."
But this time, Johnson has a
running start.

HIS PROGRAMS stand to re-
ceive the warmest reception in
Congress of any president's
since Franklin D. Roosevelt's in
the 1930s. Not only did Johnson
win the presidency on his own
with a landslide, he has a Con-
gress where the Democrats have
a top-heavy majority in the Sen-
ate and will rule the House with
their biggest majority since the
New Deal's high tide in 1938.
And one of the first battles for
the new Congress after it convenes
in January will be over
medical care for the elderly.
For years its passage has been
blocked in the House.
But this time administration
leaders think they'll get it
through.

Hal Boyle

Public School Automation

SACRAMENTO, Calif. (AP) —
For Northern California stu-
dents next year it'll be reading,
writing, arithmetic — and com-
puters.
Some 300,000 high school and
junior college students will have
the opportunity to learn first-
hand about the age of automa-
tion. And their teachers will be
freed from much of the paper-
work that now hinders class-
room work.
Core of the program will be a
data processing center that will
open in July 1965 in the Sacra-
mento Office of Education. A
smaller pilot center was tested
earlier in Richmond, Calif.,
schools.
"It's one of the most signifi-
cant advances in the education-
al field in recent years," said
Dr. Max Rafferty, state superin-
tendent of public instruction.
"Students will have an opportu-
nity to gain an understanding of
the potential and implications of
computers in our complicated
world," said Dr. Alvin Gross-
man, a data processing expert
for the California Department of
Education. "Also, the comput-
ing center will allow youngsters
to learn about employment op-

portunities related to the ma-
chines."
Rafferty said courses in pro-
gramming and systems analysis
and design will be an immediate
outgrowth of the center's activi-
ties.
The electronic computer com-
plex, developed by the Honey-
well Corp., will serve another
important function — it will
ease the load of paperwork and
reports that occupy the time of
teachers, counselors and admin-
istrators.
All connected with the pro-
gram agree that the system
could save the nation's taxpay-
ers millions of dollars by elimi-
nating duplication of data pro-
cessing services at the local
school level.
They anticipate that within
the next five to 10 years as
many as 10 regional electronic
computing centers will be in
operation throughout California,
hopefully setting a pattern for
the rest of the nation.
Primary funding will come
from local school districts which
will contribute 90 per cent of the
budget, with the federal govern-
ment kicking in 10 per cent. In-
itial cost will be \$200,000 for the
Sacramento County complex.

To Your Good Health

Surgery Corrects Most Cases Of Crossed Eyes

With all the modern knowledge
of eye surgery, they should not
be alarmed on this score.
Dear Dr. Molner: I am 15
years old and have been cross-
eyed since birth.
Can I be helped? My parents
will not consent to an opera-
tion. Is there any other way?
I have heard of eye trans-
plants. Would that be possible?
I have one good eye and the
school says my vision is 40-20.
I can only read big letters with
my bad eye. — J. D.
Your problem is one which
usually can be resolved — in
some cases eye exercises help,
if the condition is not too se-
vere. Most cases can be cor-
rected by surgery.
(An "eye transplant" does not
apply in your case. Actually,
all that is used in such opera-
tions is a small piece of the
cornea, or outer covering of the
eyeball, when the old cornea has
become scarred or too cloudy
for light to pass through.)
The cause of crossed eyes is
that the muscles are not bal-
anced. Therefore surgery in-
volves only the readjustment of
these muscles; it does not in-
volve the inside of the eye it-
self, and will not endanger your
vision.
I'm pointing this out particu-
larly because that may be what
has been worrying your parents.

problem about eight weeks now.
All he is taking is vitamin
shots. Should he have other
therapy? — MRS. R. W.
Bell's palsy is a form of neu-
ritis affecting areas of the face,
especially around the eyes. Be-
sides vitamins, one standard
measure is protection of the eye-
ball — mineral oil or drops
called "artificial tears." Eight
weeks is not a long time for
this sort of condition. You can
look forward to further improve-
ment. Physiotherapy (in the
form of electrotherapy or mas-
sage) may hasten recovery.
Emphysema can be controlled.
To learn how to live with this
serious lung disease, write to
Dr. Molner in care of The Her-
ald requesting a copy of the
booklet, "How To Control Em-
physema," enclosing a long,
self-addressed, stamped en-
velope and 10 cents in coin to
cover cost of printing and han-
dling.
Dr. Molner welcomes all read-
er mail, but regrets that due
to the tremendous volume re-
ceived daily, he is unable to
answer individual letters. Read-
ers' questions are incorporated
in his column whenever possi-
ble.

Around The Rim

Dobie's Dream

The recent death of J. Frank Dobie
removed from the literary scene one
of the most widely-known of western
writers, probably the one author of
Southwestern history and folklore
most familiar to the general public.
TWENTY-SIX YEARS ago J. Frank
Dobie, then an English teacher at
the University of Texas, had an idea
for a special room to be constructed
and furnished at the state's central
university as "a corner forever Tex-
as."
His vision was of a place, pre-
sumably in a library, furnished in
materials native to Texas and in keep-
ing with the state's past, with a col-
lection of books, pieces of art and
manuscripts of Texas history.
HIS IDEA is today being carried
out in the construction of the new
Academic Center Library at the
University of Texas, where a "J. Frank
Dobie Room" will house cultural and
literary materials, along with Dobie's
own mesquite mantelpiece over a
fireplace. The room will contain his
own collection of some 15,000 printed
items, not only on Texas but other
portions of the world, as well as his
collection of cattle brands. Manu-
scripts and letters concerning Dobie's
life and his work as an author will
also be placed there.
Dobie described the room 26 years
ago: "It would be something that be-
longed to Texas, out of the past and
for the delight of the future."
DOBIE THROUGH the years with
his books, newspapers and magazines
articles has contributed greatly to the

preservation of much of the authen-
tic flavor and heritage of the South-
west as a distinct section of the na-
tion. With the industrialized society
and the influx of persons from other
portions of the nation, it would be
difficult for Texas to lose an aware-
ness of its past. Along this same
line of thought, some persons
not native to the state have difficulty
perhaps understanding why Texans
have so much pride in the battle
fought on March 6, 1836, at the old
stone church of the Mission San An-
tonio de Valero, known to the world
as the Alamo.
J. FRANK DOBIE, Walter Lord,
Frank X. Tolbert, Walter Prescott
Webb and others have written of the
Southwest's history and heritage,
from the Alamo to the Mustang horse
and the Longhorn steer, both writ-
ten by Dobie in books probably des-
tined to be classics of the Southwest.
And it is Dobie who will probably
stand as foremost of writers on Tex-
as, though others as well have con-
tributed to helping keep such as the
Alamo from becoming a few mere
lines in school textbooks, forgotten
by the majority.
J. Frank Dobie's idea for a special
room at the University of Texas is
not in itself so important, but rather
his concept that the past is worth
remembering and thinking about in
adapting to the future. The same idea
was expressed by Santayana, that one
who forgets the past is due to repeat
it.

Our Tax Bills May Go Down

NEW YORK (AP) — Uncle Sam
and John Bull are taking opposite di-
rections on the tax trail this Friday
the Thirteenth.
For the British consumer and bond-
clipper the plan to raise some sales
taxes and levies on high bracket in-
comes will be unlucky.
But for many American shoppers
there are promises of tax cuts on a
number of items at the stores. And
for many American business firms
there's also hope of more cash in
the tills from still further relaxation
of tax rules.
THE BRITISH are raising taxes be-
cause sudden prosperity has sent both
consumers and industries on buying
sprees and thrown government fiscal
affairs, especially in foreign trade
payments, out of kilter.
Washington is talking of abolishing
excise levies on a number of goods
taxed at the retail sales level and
cuts on some taxed at the point of
production. The idea is to increase
sales by making goods cheaper to
the consumer, and thus to give the
economy another nudge upward from
its already highly prosperous level.
THE AMERICAN proposals might
give consumers anywhere from \$500
million to somewhat less than \$2 bil-
lion a year, and save businessmen
some \$200 million to \$300 million in
calculating corporate taxes.
The British schemes might cost
\$388 million a year through higher
corporate and personal income tax
rates and stiffer levies on such things
as gasoline.
The American tax cut proposals

stem from rising Treasury receipts as
both individual and corporate incomes
increase. So Uncle Sam feels wealth-
ier and more generous.
NOW THE government is more in-
terested in seeing the economy ex-
pand than in taxing consumers. The
federal income tax cut earlier this
year has stimulated consumer buying
to a still undetermined extent and
encouraged business to expand.
The hope is that all this will push
the economic growth rate high enough
to provide the new jobs needed to
trim the stubbornly high total of un-
employment and to counter the loss
of old jobs through automation and
technical advances.
THE IDEA that, if government
pours more money into the economy
by spending than it takes out through
taxes, the stimulant eventually will
more than offset the Treasury deficits
that result during the process.
Eliminating some excise taxes and
cutting others, and allowing business
firms to take speedier depreciation al-
lowances for tax purposes, are the
plans at the top of the list for the
incoming Congress. Still further low-
ering of income tax rates may come
later.
WHETHER IT all works out the
way the planners expect, many Amer-
icans will feel themselves lucky when
their tax bills go down. And the ad-
ministration seems confident that Con-
gress will like that and vote the tax
changes.

Marquis Childs

De Gaulle Threatens Alliance

ROME—A grave crisis in the At-
lantic alliance threatening its very
existence has been precipitated by
President Charles de Gaulle of
France. In an extraordinary docu-
ment circulated among the chancel-
eries of Western Europe on a top-
secret basis—the full measure of the
threat is made plain.
ONE OF Europe's wisest states-
men, a dedicated European but with
a realistic understanding of the road-
blocks, had the full de Gaulle treat-
ment in Paris recently. As he re-
ported it, the effect was positively
Wagnerian—an almost godlike belief
in his power to impose his own will
and, failing this, to see the structure
of a united Europe come tumbling
down.
Two main points emerged. They
were both phrased, behind the facade
of the splendid de Gaulle rhetoric, in
unconditional form:
1. IF THE United States pushes the
mixed manned nuclear force in co-
operation with Germany, de Gaulle
will take France out of the North
Atlantic alliance. This can mean not
merely the withdrawal of French
ground and air units—two partial
divisions and 27 squadrons—still com-
mitted to NATO but the end of all
participation in the alliance. Conceiv-
ably de Gaulle could head NATO to
move out its directive headquarters
and all other installations lock, stock
and barrel.
2. IF THE Germans do not yield
and agree to lower agricultural prices
the European economic community so
painstakingly put together will come
to an end. The so-called Kennedy
round of tariff talks at Geneva will
come to nothing and the way will be
open to tariff rivalries. Presumably
with France taking the initiative,
Europe would put up barriers against
the \$1.5 billion in American agricul-
tural exports that today come into
the continent. De Gaulle has long
been determined to make Europe self-
sufficient in food.
But, ominous as were these thun-
derbolts, behind them was an intima-

tion that de Gaulle's visitor found
even more disturbing. This was the
possibility that France might try to
strike a new and separate bargain
with the Soviet Union.
As was noted in the memorandum
of the conversation, de Gaulle in his
postwar term as head of government
in 1945 made a journey to Moscow.
He hoped at that time to come to
terms with Stalin.
THE MISSION to Stalin failed. But
de Gaulle seems never to have aban-
doned the possibility of a separate
agreement that would give France a
special status in relation to the Com-
munist bloc. De Gaulle's recognition
of Red China and the recent deal
for the sale of wheat to Peking on
credit terms would seem to fit into
the pattern.
At the center of de Gaulle's Jove-
like disdain for the multilateral force
and for the supra-nationality of the
European economic community is ob-
viously, as the memorandum shows,
his conviction that the Franco-
German treaty ranks above every-
thing else.
THE TREATY was the handiwork
of the French President and his close
ally, Konrad Adenauer. Pressed into
retirement at the age of 86, Ade-
nauer is still struggling for power be-
hind the scenes, accusing his suc-
cessor, Ludwig Erhard, of betraying the
Franco-German treaty. Whether
NATO can survive the disruptive
forces at work is a very real ques-
tion here in the Mediterranean pivot
of the alliance.

Point Made!

COVINGTON, Ky. (AP)—While
lecturing on driver license renewals,
Sheriff George Ratterman pulled out
his license to illustrate a point.
Onlookers gulped. So did Ratter-
man. The permit had expired more
than six months earlier.

THERE ARE NO IF'S

when you advertise in the
Big Spring Herald

There are a lot of good, solid reasons why every day more and more progressive businesses are using the Big Spring Herald display ads . . . display ads are inexpensive. You can easily afford to run an ad every day. You never miss a prospect as he comes into your store . . . display ads are flexible, easily changed to meet new selling opportunities . . .

But when it comes right down to it there is really only one reason for using the Big Spring Herald display ads. They get results. They increase your sales and profit . . . and that's what it takes to make your business a success, isn't it?

Decide today to put the amazing selling power of the Big Spring Herald display ads to work for you. It's easy, inexpensive and profitable. Dial AM 4-4331 now for an experienced account representative, and take ? out of your business.

By TOMMY HART
 The Big Spring Steers seek to enter the eye of the District 2-AAAA hurricane in an 8 o'clock game with Abilene's Eagles here tonight.

If they survive the impact, they'll be outbound into the other part of the storm against San Angelo next Friday night.

Largest crowd of the 1964 home campaign, probably 7,000 or more, will be in attendance—many of them old grads of the local school who have returned for Homecoming festivities.

In the eight games they've played to date, the Longhorns have left their fans more nervous than an eel with the St. Vitus dance. What they haven't supplied in the way of finesse, they've more than made up for in exciting, impassioned play.

Abilene is considered out of the conference race, having dropped 5 decisions in the series of long wars that have taken place within the race. However, the Eagles can conceivably tie for the top spot and Wally Bullington's teams have always been famous for refusing to give up on themselves when all seemed lost.

The Steers have been so tough on defense they wouldn't give the opposition the time of day if they owned a clock factory.

Abilene, with its great speed, is something else again, however. Big Spring has always had trouble with a ball club whose backs it has to catch and the Abilene backs run like cats caught in a sewing machine.

Big Spring went to Abilene last year very much in the run-

ning for the league flag and was mangled by the Eagles, 35-14. Bob Bearden and Rusty Harris, along with Tommy Wilson, saw to it that the Steers' hash was settled early.

The Longhorns are now riding on a far-from-inactive volcano. They occupy first place in the standings but deep rumblings can be heard from within the crater. It could blow at any minute.

Abilene would be in great shape in the league race, were it not for the Midland menace. Both Midland schools have pummeled the Eagles.

Abilene best (over season):
RUSHING—Gary Biggs, 519 yards in 103 carries for 4.9 average; Jacky Yarbrough, 472 yards in 103 carries for 4.6 average; Dennis Holt, 206 yards in 58 carries for 3.6 average.
PASSING—Dennis Holt, 25 completions in 63 attempts for 424 yards, 6 TD's; Forrest Lane, 11 completions in 29 attempts for 121 yards, 1 TD.
RECEIVERS—J. R. Edwards, 10 catches for 176 yards, 2 TD's; Gary Biggs, 9 catches for 174 yards, 3 TD's; Lee Fisher, 8 catches for 73 yards, 0 TD's; Randy Goldsmith, 6 catches for 126 yards, 2 TD's.

Mr. Helpful

A fine blocker and a good pass receiver, Rickey Earle (above) has proved to be invaluable to the Big Spring football team. Earle plays wingback for the Longhorns and will be in there when the locals take the field here against Abilene High School at 8 o'clock. (Photo by Danny Valdes)

Liston Wants Crown Back

BOSTON (AP)—The last 38 weeks have been the loneliest of all in the troubled life of champion Charles Sonny Liston. He figures he can change all that by regaining the heavy-weight boxing crown from Cassius Clay Monday night.

"I just want that title," said the man Clay calls that Big Ugly Bear. "That's all there is in all this world."

"When you wake up and find you're not the champ any more you're all alone. The guys with the big mouths are out talking about you, not to you, and what they say ain't what they said the day before. It's a big price to pay."

"Never mind what Clay has to say. I don't want to hear them or read them. Let him talk. A scared man talks like that. I'm going my way this time and I'm working hard."

"I'm going to get that title and keep it a long time. I'm going to like it and with it I won't be lonely."

Liston is building up an internal fury for the Boston Garden rematch of the Feb. 25 bout in Miami, where his injured left shoulder did not permit him to continue past the sixth round.

"No more press conferences," announced publicist Al Braverman at the Plymouth, Mass., training site. "Sonny's been cooperating as fully as possible all along. He's getting very edgy now, and he wants to be alone."

One ring observer watched Liston pummeling his sparring mates and commented:

"He's full up to here with viciousness," pointing to his forehead. "He's got so much viciousness inside him he's just got to let it out."

Busy Youth
 Bruce Gongola of Elmwood Park, III., High School, has no fingers on either hand but he plays football, dances, swims, plays trombone and makes model airplanes. He was born with his physical handicaps. (AP Wire Photo)

LOOKING 'EM OVER

With Tommy Hart

Homecoming football fans at Big Spring High School could be party to a historic football game tonight—the resident Steers could win their first Class AAAA championship or they could practically lose all chance for it.

The race more than likely will go down to the wire next week, however.

The Longhorns could wrap up the flag by (1) beating Abilene High and (2) having Odessa Permian knock off Midland Lee, Midland High bowl over Odessa High and Abilene Cooper deck San Angelo.

The odds are astronomical that such a combination of things will happen but any help the clubs like Permian, Midland and Cooper can extend the Longhorns will be appreciated by all concerned here, from head coach Don Robbins on down.

The Steers could lose out in the race, for all intents and purposes, by yielding to Abilene High and having Odessa High knock off Midland High.

A victory for the Bronchos over Midland would not clinch it for Odessa but it would probably give Bradley Mills' team the momentum it needs to go all the way.

Abilene High, Permian, Midland High and Cooper are out of the race, so all can be expected to play full throttle—without anything to pressure them.

A couple of coaches whose teams have already been eliminated may be fighting to retain their jobs. It appears two and maybe three of the coaches are definitely out, no matter what happens in the next two weeks.

The august old league could undergo more head coaching changes between now and next fall than anytime in its history—some of the more successful coaches are sure to get lucrative offers from other schools.

Ross Montgomery, Midland High's titanic fullback, returned a punt 92 yards for a touchdown against Cooper last week but the play was nullified by a penalty.

Clovis Riley, the Cooper mentor, says he detected not one but three clips on the maneuver.

A safety looms especially large in many a football game, not because it gives two points to the offending team but because the defending club has to kick from its own 20-yard line.

Such a thing happened to Abilene High against Lee the other night and the Eagles never quite recovered from the shock. Lee wound up with the ball at the 50, thereby finding itself in excellent field position.

Coahoma High, bound for the playoffs, boasts four defensive backs faster than Big Spring's speediest man.

The slowest defensive back on the Bulldog club has been clocked in about 10.1. That speed could carry Coahoma a long way in the playoffs.

A tall Texan fresh from the range, now training horses at Sunland Park in El Paso, was noticed recently wearing only one spur.

When a fellow trainer inquired about the single spur, the cowboy replied:

"Well, I figure when one side of the horse starts running, the other side will, too."

The late Dr. S. A. Penick of the University of Texas was noted as a great tennis coach but Dr. R. Gage Lloyd of Big Spring knew him as a professor of Greek, then later as a moderator of the Texas Synod and a great Presbyterian layman.

Dallas, Colts Are Favorites In Pro Games

By JACK HAND
 Associated Press Sports Writer

Baltimore should get even with the Minnesota Vikings Sunday for the Colts' only defeat of the season and the unbeaten Buffalo Bills should run their winning streak to 10 games at the expense of the Boston Patriots.

A lucky 10-1 record last week boosted the season batting average to 64-29-5 (39-21-3 in the National Football League and 25-8-2 in the American Football League). Let's take another dip: (all games Sunday afternoon).

NFL
 Baltimore 31, Minnesota 21—Ever since the Vikings rolled for 488 yards in the season opener and a 34-24 victory, the Colts have been waiting for another crack at Dutch Van Brocklin's gang. Probable loss of Raymond Berry will hurt Johnny Unitas' passing but Colts' defense has firmed since early season.

Cleveland 24, Detroit 17—Lions always jinx team for Browns but loss of Joe Schmidt is a severe handicap to Detroit with Jim Brown crashing up the middle.

Green Bay 31, San Francisco 14—Vince Lombardi has Packers on move and the 49ers aren't going to stop them even at home. Packers won first meeting 24-14 and should roll big on the ground with Jim Taylor and Paul Hornung.

St. Louis 21, New York 17—Despite Giants' 34-17 decision two weeks ago, Cards must win to stay in Eastern race. Pass blocking for Charley Johnson should stand up better than it did in New York with John Lovetere out of Giant rush line for season.

Dallas 17, Philadelphia 10—Cowboys on upgrade with three straight over Cards, Bears and Giants. Eagles have lost last two to Redskins and Rams.

Los Angeles 28, Chicago 21—Rams have running power to take advantage of absence of Bill George in Bears' linebacking department and pass defense to hold Bill Wade's short game within bounds. A word of caution! In their first meeting Bears won 38-17.

Washington 24, Pittsburgh 21—Redskins moving up with two wins in last three starts and 24 points in losing effort against Cleveland. Steelers have dropped four in a row since upsetting Browns.

AFL
 Buffalo 27, Boston 24—Bills have been just squeaking through in last three games but this is the big one. Pats thumped Bills in the playoff game last December and they haven't forgotten.

New York 30, Denver 14—Jets should win but not if they expect a pushover. The Broncos were rough on San Diego last week with the Chargers pulling it out late.

Grid Races Clearing Up

By The Associated Press

There are 96 districts in Texas schoolboy football and the 1964 champions of 83 of them will be known after this week's action tonight and Saturday.

District competition in Class AA and Class A will end this week. But Class AAAA and Class AAA have yet another week to go.

State playoffs in AA and A start next week and defending champion Rockwall of Class AA will be there by whipping Plano tonight. Petersburg, the Class A state champ, will ascend to the playoffs by getting past Crosbyton.

The only Class AAAA district winner already known is Nederland of District 11. But seven more will be determined this week.

In Class AAA, Cypress-Fairbanks has won District 10. Nine more teams will gain playoff berths tonight.

The other two defending state champions—Garland in Class AAAA and Corsicana in Class AAA—are on their way to district crowns but haven't nailed them down yet.

Garland will win District 7 tonight by beating Denton. Corsicana, which has moved up to AAAA this year, meets Waco Richfield tonight and the winner takes the north zone of District 13. Austin McCallum has won the south zone.

Most of the remaining 25 undefeated, untied schools face strong foes this week and two of them clash head-on: Atlanta and Gladewater in District 14.

Should Canton in East Texas hold Kaufman scoreless in the District 16 Class AA championship game, it will close out regular season play without a single point having been scored against it in all ten games.

Palmer, Nicklaus Enter Cajun Classic Tourney

LAFAYETTE, La. (AP)—Arnold Palmer and Jack Nicklaus will stage a stretch duel for the 1964 fairway money championship in next week's sixth annual Cajun Classic Golf tournament—11 in a 1 PGA event of the year.

Joe Black, PGA Tournament supervisor, notified Cajun Classic officials Thursday that Palmer would appear in the tourney, which starts Nov. 18 over the rolling, 6,700-yard Oakborne Country Club course.

Palmer leads Nicklaus by \$319 in official earnings on the golf-gold circuit this year.

Tourney officials upped the purse for this year's Cajun Classic from \$20,000 to \$23,000 and hope to add another \$2,000 to the pot by the weekend.

"This is like having a \$50,000 or \$60,000 tourney," said Luca Barbato, host pro at Oakborne and a member of the Cajun Classic's board of directors.

Palmer and Nicklaus usually don't even think about playing in a tourney with less than a \$50,000 purse.

Palmer has pulled down \$111,703 in official prize money this year. Nicklaus, winding up his second full year on the circuit, has picked up checks totaling \$111,384.

The two luminaries of the pro golf tour have just returned from the Far East and Australia. Nicklaus won the Australian Open.

Nicklaus appeared in the Cajun Classic last year and his third-place finish boosted his first-year earnings on the tour over the \$100,000 mark. He be-

In Traditional Battle Saturday Night

Pictured above are members of the ninth grade units of the Rannels and Gollad junior high school teams, who clash here in an 8:00 p.m. battle in Memorial Stadium Saturday. Gollad is at the top. From the left, on the line, they are Greg Willis, Lonnie Wright, Cary Banks, Chuck Smith, Butch Caldwell, Jerry Ryan and Don Malone. Backs are Don Crockett, Dean Gilstrap, Lonnie Clanton and Donnie Wiggins. Rannels' boys are pictured below. Front row, from the left, they are Charles Tubb, Carl Hinkle, Jimmy Minnick, Jimmy Wilson, Terry Anderson and Gilbert Santiago. Back row, Tommy Mauldin, Randy Foster, Junior Mendoza, Paul Biffle, Mike Gartman, Joe Roberts and Charles Smith. Seventh grade teams of the two schools open the program at 5 p.m. while the eighth graders square off at 6:30 p.m.

Porkers Can Sew Up Pennant Saturday

By The Associated Press

Several things of interest can happen Saturday in Southwest Conference football but only one is really important — will Arkansas nail down a tie for the championship and a spot in the Cotton Bowl?

The answer is in the positive on almost every hand as the odds forecast a smashing triumph of first place Arkansas over last place Southern Methodist.

The Methodists, trying to salvage a season of disaster, will be attempting an upset high in the Ozark hills, the ballcock of what may be Arkansas' finest team yet.

Anyway, the Razorbacks will be going after a record 10th straight victory.

Texas meets bitter enemy Texas Christian at Fort Worth in the second most important game. The Longhorns have a 7-1 record, are rated fifth in the nation and are prime prospects for a bowl game. They also still have hopes of at least sharing the conference championship.

An Arkansas victory would still leave Texas in position to tie for the title in the event Arkansas lost to Texas Tech next week—that is, if the Longhorns beat Texas Christian.

They are solid choices to make it but no more than in past years when the Horned Frogs proved to be their chief tormentors.

Texas A&M, all embued and stuff over finally winning one, will be swiping at Rice at Houston in a game meaning practically nothing in the conference race but a matter of pride for a couple of teams that can't point with much pride to their records.

Wind Up Campaign

The Stanton Buffaloes, several of whom are pictured above, wind up their 1964 season at a 7:30 o'clock game tonight at home with Plains. Head coach Bill Milam poses with three backs. From the left, they are Steve Milam, Allen Springer and Larry White.

Shorthorns End Play Saturday

One of the highest scoring B teams in Big Spring High School history plays its final game of the 1964 season here at 2 p.m. Saturday, at which time it squares off with the undefeated Odessa Permian team. Kickoff time is 2 o'clock, scene of action, Memorial Stadium.

The Big Springers have beaten San Angelo's Sophs. 36-14; Snyder, 20-0; Midland, 42-0; Lee, 42-6; and Cooper, 45-8. They have lost to Coahoma's A squad, 28-8; and Abilene, 30-6.

Coahoma Heavy Favorite Over Wylie Bulldogs

COAHOMA—Wylie's Bulldogs, limping along with a 1-8 won-loss record, move into Coahoma this evening to try and derail the Coahoma express. Kickoff time is 7:30 p.m.

Wylie was able to run up only 22 yards on the ground and 28 yards through the air against Aspermont.

Bunning Wins Rally Award

CINCINNATI (AP) — "Comeback of the year? Comeback from where? Where have I been?"

Bunning had a 19-8 record with the Phils this year and on June 21 hurled the major league's first regular-season perfect game in 42 years. It was against the New York Mets.

FOUR SCRIBES PICK ABILENE

Here's the way the writers around the area are picking tonight's football game between Abilene High and Big Spring. Scores are used where available:

- NAAMAN NICKELL, Odessa American: Big Spring 20 Abilene 14.

Excise Tax Cut Pushed

JOHNSON CITY, Tex. (AP) — President Johnson has decided to recommend a 1965 excise tax cut that may approach \$2 billion. It would stretch the spending money of almost every citizen in the land.

Secretary of the Treasury Douglas Dillon, an overnight guest at the LBJ Ranch near here this week, reported that Johnson had just agreed to a basic decision, first of all, to abolish all \$550 million of excise taxes added to the retail price of cosmetics and toilet goods, jewelry, furs, luggage and pocketbooks.

BORN IN WAR
These war-born taxes boost purchase prices by 10 per cent.

Best Restaurant in Town
Open 24 Hours
Ponderosa
Complete Menu 2603 Gregg AM 4-9781

In addition, Dillon told a news conference, Johnson will ask Congress in January to repeal or reduce still other excise taxes that would add "a good bit more" to the total size of the proposed tax cut.

Dillon said the maximum possible tax saving would be \$4 billion. And he emphasized that such a figure was sure to prove too high.

At another point, he spoke of possible action on 65 to 70 different excise levies that net Uncle Sam nearly \$2 billion a year.

Most experts believed the total tax cut to be recommended by Johnson — and this decision still was up in the air — would amount to somewhere between \$1 billion and \$2 billion.

Dillon said a final presidential decision would be delayed pending a last-minute reading of the economic outlook and possible inflationary influences.

Dillon said he thought "this would be a rather easy bill to pass" in Congress and he expected the proposed tax cuts to take effect next July 1.

RETAIL SALES
Dillon, who talked to newsmen at the White House press center in Austin, 65 miles east of here, said repeal of all excises on retail sales — Johnson "agreed that was the minimum of what we should do" — would save shopkeepers a lot of book-keeping.

Dillon wouldn't commit the administration on specific manufacturing excises — collected from manufacturers and passed on to consumers — that might be repealed or cut.

Protests By Pony Express

DALLAS (AP) — A "Pony Express" rider stopped in Dallas this week and stuffed more letters into his bulging saddlebags.

The rider was a member of the Communications Workers of America.

Riding from Brownsville to St. Louis, he is picking up letters and petitions addressed to Southwestern Bell Telephone Co. officials there. They call for the firm to revise its pay formulas.

President J. W. Holbrook of CWA Local 6215 handed a sheaf of letters and petitions to the horseman when he paused near the west edge of Dallas.

"We feel there is discrimination by the company against its employees in the smaller cities and towns," Holbrook said. "We decided this was an effective manner to call attention to our views."

Switching from horse to horse as his mount becomes tired, the rider will follow Highway 75 into Oklahoma.

Erase Mexico, U.S. Border?

FORT WORTH (AP) — The border line between the United States and Mexico must be erased and traffic signals standardized before the two countries can live as neighbors, a Mexican tourist official said today.

Mario Serrano Araiza, delegate of the federal and state tourist bureau in Mexico, said countries have to understand traffic and living customs before they can understand each other.

Serrano is here for the 21st International Good Neighbor Council assembly that opened Wednesday.

He said in an interview that failure to understand a foreign country's traffic system could be dangerous.

"In the United States, the pedestrian always has the right of way," he said. "But in Mexico, the car is given a preference because we find it's more trouble to handle a speeding automobile than for the pedestrian to handle himself."

Birth Control Move Leader Doubtful Of Population Curb

TUCSON, Ariz. (AP) — Margaret Sanger, founder of the birth-control movement, has little hope that the population explosion will be controlled.

"I just don't see how we can control the birth rate until we get the government to agree that this is something that should be taken seriously," said Mrs. Sanger in a recent interview.

"Other countries feel that if our country is against it, it must be bad," she continued. "Americans would be much more acceptable when they go abroad to work on this problem, if we could get our government to okay it under population control."

Mrs. Sanger, who once challenged President Dwight D. Eisenhower to debate whether birth control is a proper concern of government, advises her country to follow Japan's example.

TO JAPAN
"The first time I went to Japan, I didn't get anywhere," she said. "But when I went back after the war, I found that quite a movement had been building up. We could do well to copy the Japanese on this."

However, she is not so optimistic about finding a solution to India's population problem.

"The difficulty there is the language," she explained. "Even Mr. Nehru didn't speak all the languages of India."

Mrs. Sanger said she is encouraged by what she sees as a change in the attitude of the Roman Catholic Church.

But what the birth-control movement still needs most of all is education, she said. "Education is needed mainly among the poor and illiterate. I began the movement really because of them."

PUBLIC ISSUE
When she began her crusade to make birth control a public issue and a private possibility

Church Award To Van Cliburn

LOUISVILLE, Ky. (AP) — Internationally-acclaimed pianist Van Cliburn received the churchmen of the year award Thursday night from the lay associates of Southern Baptist Theological Seminary in Louisville.

"I do believe in Christ and

I believe very strongly in Christian principles," Cliburn told the 200 persons at the dinner.

He called the Christian philosophy "the ultimate simplicity of love and projection of peace."

Cliburn's father, an oil executive and Baptist deacon, and his mother were present for the award. Cliburn grew up in Shreveport, La., and moved to Kilgore, Tex. when he was in high school.

The pianist was introduced by the Rev. James Middleton of Shreveport.
