Crew Of 29 Off Disabled Vessel Safe

LONG BEACH, Calif. (AP) — All 29 crewmen of the stricken freighter Archangelos were en route to Balboa, Panama Canal Zone, today after their rescue by another vessel off Mexico's Baja California coast.

Fate of the 7,000-ton ship was not definitely established, although the Coast Guard here said all indications were that it had sunk. The scene was 24 miles west of Magdalena Bay and 700 miles south of Long Beach.

The rescue vessel, the Liberian ship Evaros, reached the area early Sunday. It was one of four vessels diverted to the rescue operation after the Archangelos, also of Liberian registry, sent out two distress calls Saturday night.

Upon reaching the scene, the Evaros radioed: "All the crew — 29 men — of the SS Archangelos have been saved. No one missed."

Teachers Say Gains Made, End Walkout

LOUISVILLE, Ky. (AP) — Striking teachers ended their eight-day-old walkout today, claiming success in their efforts to improve the city school system.

A spokesman for the Louisville Federation of Teachers said it would attempt to boost its membership and added: "We are convinced the system would be worse next year had we not attempted to wake up this community."

REFERENDUM The board of education is planning to offer the public another referendum to raise teachers' pay as soon as possible after the first of the year, but the LFT said it would oppose the proposal unless it is included in the plan.

The teachers left the classrooms after voters turned down a referendum that would have increased teachers' pay through a tax raise.

The teachers walked out in support of a demand for an annual pay raise of \$1,500 — five times that which they would have received under the Nov. 3 referendum.

Joseph F. Casella, of Belleville, N.J., said at a meeting attended by 75 teachers Sunday that the LFT was calling off the strike and urging all teachers to return to the classrooms.

DENIED AS AGENT The Louisville Education Association, which represents about two-thirds of the city's 1,892 teachers, was refused permission by the Louisville Board of Education to act as the bargaining agent. The LEA staged a one-day walkout that closed all Louisville schools.

The LFT plans to circulate petitions asking the board to arrange for an election in which the teachers would decide which agency would represent them.

Voluntary Plan On Farm Aid Seen Periled

WASHINGTON (AP) — Those political and agricultural leaders who have been saying that the pendulum is swinging away from strong federal farm aid programs may find themselves out on a limb.

The landslide victory by President Johnson over his Republican rival, Sen. Barry Goldwater of Arizona, may well change the direction of those programs.

Four years ago, the late John F. Kennedy ran on a Democratic farm plank that promised a system of mandatory farm controls designed to manage farm production so that surpluses would no longer be produced. But Kennedy as president did not have the strength in Congress to put over his program.

As a consequence, Kennedy and his successor, Johnson, turned to voluntary control programs under which more than \$1 billion a year was paid farmers for reducing production of surplus-plagued crops.

But this voluntary approach has been running into danger signals. City congressmen are beginning to get tired of voting money for such programs. There have been estimates that effective voluntary programs might in time cost upwards of \$3 billion a year.

Johnson himself has told farm officials he wants to hold down spending on farm programs. His big victory, coupled with increased Democratic strength in Congress, may well influence him to revive the mandatory approach urged by Kennedy four years ago. The cost to the government would be greatly reduced.

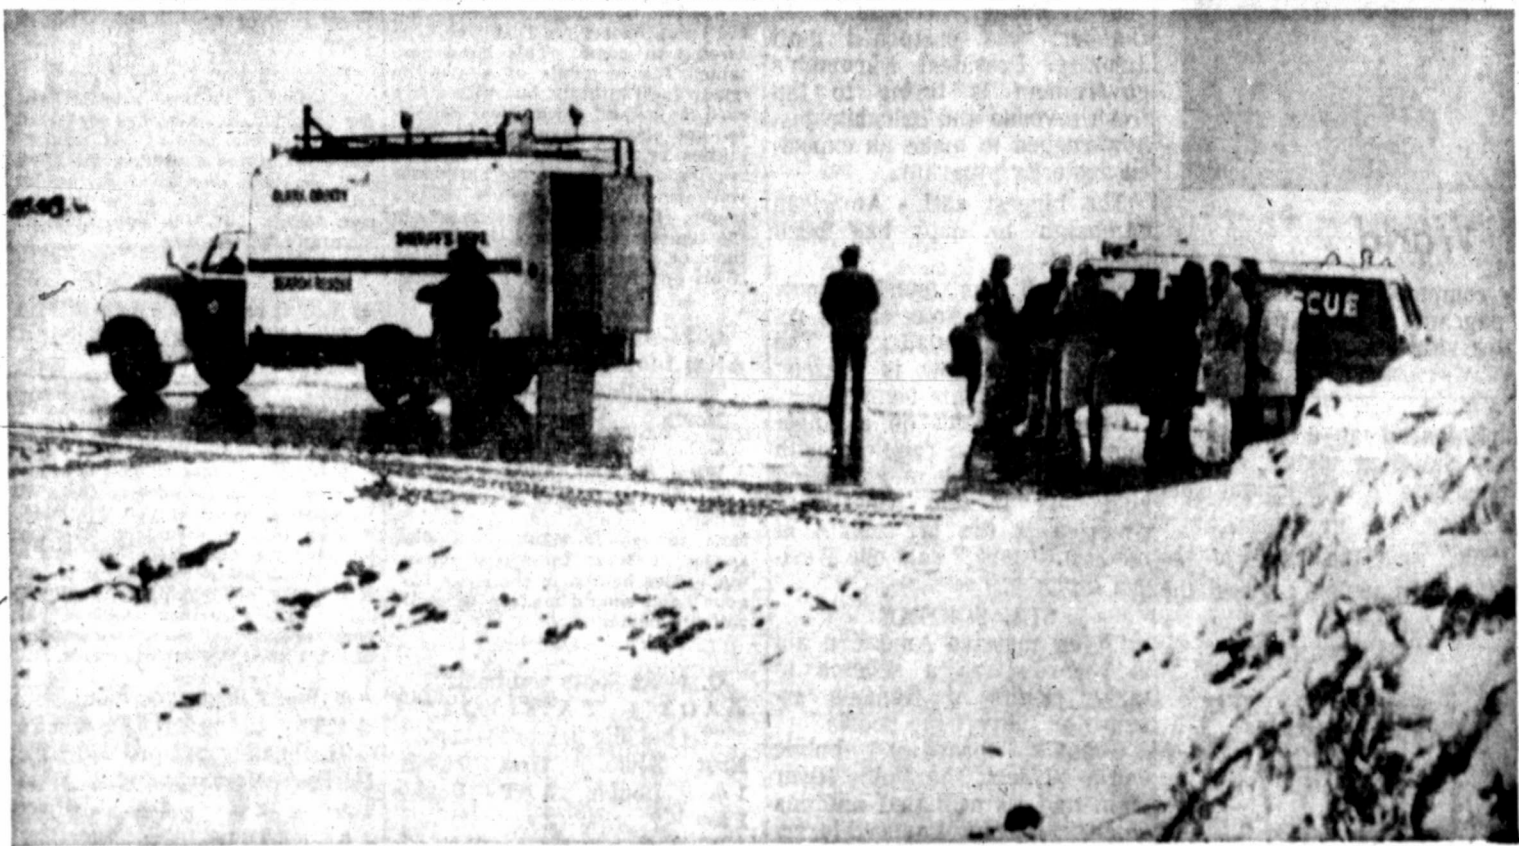

Certainly, urban congressmen would be expected to favor the mandatory control approach over the more costly voluntary method.

But Johnson would face a sharp controversy over interpretation of the highly favorable vote he got in important rural areas of the Midwest and West.

Even before all the votes were tabulated, some farm groups were claiming that producers had given overwhelming endorsement to strong federal farm programs. The rural vote given the Democratic ticket was the largest since the Roosevelt New Deal days of the 1930s — days that brought government intervention in agriculture.

But the American Farm Bureau Federation, the kingpin of farm organizations opposing federal farm programs, lost no time after the election results became known in challenging the claim that farmers voted for Johnson because of his party's traditional backing for effective farm control measures.

Hundreds Of Autoists Stranded In Blizzards

Search Headquarters For Missing Plane

This is the command post established by authorities on the snow-covered desert just outside Las Vegas, Nev., today to coordinate attempts to locate a missing Bonanza airliner with

28 persons aboard whose wreckage was found today. It disappeared last night during a snowstorm. (AP WIREPHOTO)

Plane Rams Snowy Peak In Storm; All 28 Perish

LAS VEGAS, Nev. (AP) — Wreckage of an airliner that hit a mountain peak in a storm last night was found today. Sheriff's deputies said all 28 persons aboard were dead.

The project Bonanza Airline plane vanished during a snowstorm just before it was due to land on a flight from Phoenix.

Searchers spotted the wreckage shortly after dawn. Helicopters flew to the scene and began flying bodies to a lower level.

NEAR VEGAS The scene is about 16 miles southwest of Las Vegas near the railroad community of Arden.

The terrain is so rugged in that area that jeeps could not reach the scene.

The plane was a Bonanza Airlines project en route to Las Vegas' McCarran Field from Phoenix, Ariz. It carried a crew of 3 and 25 passengers.

The plane vanished from the McCarran Field radar screen at 8:24 p.m. while approximately eight miles south of the city.

Thirty sheriff's units rushed to the area. The plane was heading northeast, dropping down into the mountain-rimmed Las Vegas valley for an instrument landing.

Sheriff's officers said Bob Baker, a Las Vegas man, told them: "I was driving on Highway 91 between 8 and 8:30 p.m.

when I saw a Bonanza plane, 70 to 100 feet off the ground, heading southeast. There were no landing lights on. One landing gear was down."

Baker's location was about where the plane was last sighted on radar but his sighting gave the plane a different direction: south instead of north.

SEARCH STARTED Sheriff's jeeps and squad cars gathered on Highway 91 — the road between Los Angeles and Las Vegas — near the railroad-siding settlement of Arden, where Baker said he had seen the plane.

The season's first snow was falling heavily as the search was launched. Soon after the F27 disappeared McCarran Field was closed to traffic. Another Bonanza plane, Flight 104, landed north of the city at Nellis Air Force Base.

Six to eight inches of snow covered the open desert country near Arden, and higher drifts stalled many rescue-party cars.

The highway and the railroad run through the bottom of the 4,500-foot-high valley, which is within sight of the neon glow of the Las Vegas strip to the north.

Most of the valley is open country where a plane could possibly survive a forced landing.

Drifts Pile Up; Thirteen Persons Lost

PHOENIX, Ariz. (AP) — A snowstorm that blitzed the Rocky Mountains Sunday brought blizzards to northern Arizona and spilled wintry weather across normally mild central and southern deserts.

Hundreds of motorists were stranded, hunters marooned and 13 persons reported missing as the late-afternoon blizzard struck the Kingman area in Arizona's northwest corner.

ROAD CLOSED Arizona 93, the main route from Phoenix to Las Vegas, Nev., was closed by the highway patrol after at least 100 cars were stranded about 15 miles south of Kingman.

Sheriff Floyd Cisney said he'd never seen a heavier storm so early in the year.

Deputy Pearl Misak said, "There was about four inches of snow on the ground and the wind piled up drifts as high as two feet on both U.S. 66 and State Route 93."

Motels filled up as the stranded motorists poured into Kingman and many were taken into private homes.

No serious injuries were reported there, but a Prescott school teacher, Callie Mae White, 20, was killed when her car skidded off snowy Arizona 69 about 30 miles south of Prescott.

GET CARS ROLLING

The main highway from Phoenix to Flagstaff, 140 miles to the north, was closed for more than six hours before the patrol got some 500 cars rolling early today.

The patrol summoned all its heavy equipment and called on private wreckers to help pull cars back on the road. Chains were necessary on nearly all northern Arizona routes today. Flagstaff reported nine inches of snow and Prescott eight.

Snows and chilling rains spread across central and southern Arizona, with snow mantling higher mountains and leaving a four-inch cover to surprise residents of Ajo, near the Mexican border.

Reapportionment Edict Vacated

WASHINGTON (AP) — The Supreme Court handed to the Pennsylvania Supreme Court today the job of seeing that the state's legislature adopts a reapportionment law meeting the federal "one-man-one-vote" standard.

The highest tribunal, in a unanimous action, vacated a decision by a special three-judge U. S. District Court for the middle Pennsylvania district that had declared invalid legislative apportionment acts of Jan. 9, 1964.

The high court's order said the federal decision had to be vacated in favor of action ordered by the Pennsylvania Supreme Court. The state court had ordered the General Assembly to write a new reapportionment law in time for use in the 1966 state election.

Ecumenical Hears Plea

VATICAN CITY (AP) — The 2,000 Roman Catholic prelates entered the final week of the current session of the Vatican Ecumenical Council today and heard an appeal for donations to the poor of the world, just as Pope Paul VI gave away his own jeweled crown.

Archbishop Percile Felici, secretary general of the Council, told the assembly in St. Peter's Basilica that a number of cardinals gave the Pope money for the needy after the pontiff's dramatic gesture last Friday.

The archbishop said many council fathers had asked how they could "participate" in Pope Paul's action. "The very best way would be to give offerings to the Pope for the poor," Archbishop Felice said. He asked that such contributions be sent to the Vatican secretariat of state.

He appeared to be talking of cash contributions although at past council sessions some prelates suggested that bishops turn in their rings and pectoral crosses as a way of raising money for the poor.

Shotgun Blast Kills Man, 27

BEAUMONT (AP) — Leamon Lee White, 27, was shot to death here Sunday night.

Police said a shotgun blast at the home of Arthur Watson, 38, tore into White's chest. Watson told police he discovered a man in his patio. He said he told the man to halt and fired when the man disobeyed. Watson was charged with murder but released on his own recognizance.

N.Y. Reception For Van Cliburn

NEW YORK (AP) — About 1,000 persons attended a private reception Sunday for pianist Van Cliburn on the 10th anniversary of his debut here.

The host was Henry Steinway, president of the piano firm, in Steinway Hall.

Bonn Plans To Try For New Red China Contacts

BERLIN (AP) — West Germany wants to renew official contacts with Red China in the spring, a top official of the Bonn government reports. An exchange of trade missions could result, but the chief goal is political.

Talks between the two governments would not take place until Chancellor Ludwig Erhard explained his position to President Johnson, the official said.

"Now that the American elections are over, we can move ahead in our dealings with Red China," he added.

West Germany and Red China signed a one-year trade agreement in 1957, but it was not renewed. German and Chinese officials held preliminary talks earlier this year. The Chinese Communists said then they were willing to sign a new trade agreement with West Germany providing for an exchange of trade missions and including a clause stating that West Berlin is considered economically and politically part of West Germany.

West Germany already has trade agreements containing such a clause with the Communist governments of Poland, Hungary, Romania and Bulgaria. This has undermined the Soviet and East German position that Germany is divided into three separate units — East and West Germany and West Berlin.

Some West German officials have said an exchange of trade missions between Bonn and Peking would have little trade significance but would be politically important.

Freezing Drizzle Hits Texas Sector

By The Associated Press

Freezing drizzle fell at Dalt in the Panhandle Monday as a cold front moved leisurely through Northwest Texas. Colder weather was in the future for most of the state.

The temperature was 31 degrees when the freezing moisture fell.

The Weather Bureau reported a sharp drop in temperatures behind the cold front—but said the readings were not below normal even in the colder area.

Ahead of the front, temperatures were unusually warm for this time of year. Humidity was high.

Shortly after dawn, the cold front had reached a line from Henrietta and Stamford to Lamesa. It moved very slowly.

The front triggered rain and was expected to cause still more moisture as it moved southeastward.

WARMING TREND

A warming trend was expected Tuesday in northwest Texas and throughout the state by the end of the week.

Overnight rainfall totals included Dalhart 4.3 inch, San Antonio 4.2, Amarillo 4.9, Childress 3.8, Mineral Wells 1.2, and less than a tenth of an inch at El Paso, Houston, Waco, Abilene, San Angelo, Wichita Falls, Texarkana, Lufkin and Junction.

Hero's Statue To Get Toes

HOUSTON (AP) — The state monument attributed to Andrew Jackson that "the world will take care of Sam Houston's fame" has been proved once again.

Luis Bartolome Somoza, a sculptor from Buenos Aires, Argentina, arrived Sunday to repair as a gift the missing toes of the Texas hero's statue at his graveside in Huntsville, Tex.

Somoza will go to Huntsville Tuesday for his first look at the gray granite statue on which Jackson's words are engraved.

The Walker County Historical Survey Committee started the statue restoration project.

Somoza heard of the committee's need for a sculptor through a Houston Post story Feb. 19.

He wrote to the newspaper's editors and offered to make the trip at his own expense and to donate his services.

The committee will pay only for the gray granite needed for restoring the 53-year-old statue.

Execution Of Missionary By Congolese Rebels Due

LEOPOLDVILLE, the Congo (AP) — Dr. Paul Carlson, an American medical missionary who refused to abandon his Congolese patients behind rebel lines, is to be executed in Stanleyville today, a rebel broadcast announced.

The rebels charged Carlson, 36, was a major in the U.S. armed forces. (In Washington the Pentagon said Stanley is not a military man.)

U.S. Embassy officials in Leopoldville said Carlson, 36, belonged to the Protestant mission Evangelique de L'Ubangi which has its headquarters at the Covenant World Missions in Chicago.

FORMERLY IN NAVY They said Carlson's only military experience was a two-year hitch in the Navy between 1946 and 1948.

Carlson was captured by the rebels on Sept. 21 at Yakoma, north of Stanleyville on the Congo's border with the Central African Republic. He had radioed earlier that he intended to stay behind to treat sick and wounded.

Christophe Gbenye, self-proclaimed president of the Communist-backed "Congolese Peoples' Republic" in Stanleyville, announced last month that Carlson was being held in the rebel capital, awaiting trial.

In Chicago, Dr. Arden Almqvist, executive secretary of Covenant World Missions, said Carlson "definitely is not a spy."

"Part of his difficulty may be that we have radio communication between our various mission stations and we have transmitters," he said.

VIEWED AS SPY? "It's possible the use of the transmitters or rebel knowledge of that fact that he has one may be interpreted by them to mean that he is spying."

Carlson is the first white foreigner rebel leaders have ordered executed.

Thousands of Congolese have been murdered. Central government troops who recaptured Kindu, capital of Maniema Province, found the foot of a monument to the late Patrice Lumumba, the Congo's extremist first premier blackened and cracked by heat where rebels had burned hundreds of Congolese alive.

KILLED DAILY Messages filtering out of Stanleyville say batches of Congolese are killed there each day at the foot of a monument to Lumumba.

More than 1,000 foreigners are still in the rebel zone, including more than 60 Americans.

BULLETIN

MOSCOW (AP) — Two new members have been elected to the all-powerful Presidium of the Soviet Communist party central committee, from which Nikita Khrushchev was removed last month, official sources said tonight.

GIVE THE UNITED WAY

U.S. Craft Said Downed

TOKYO (AP) — Radio Peking said Monday an unmanned American high altitude reconnaissance aircraft was shot down over south central China Nov. 15.

The broadcast gave no further details. Monitors of Chinese Communist broadcasts here noted that it was the first time that Peking claimed downing a pilotless high altitude plane.

The Chinese Communists have claimed shooting down 10 American and Nationalist Chinese planes over the mainland from February 1958 till July 1964.

149 DAYS Without A Traffic Fatality

Drive Safely!

Shutdown By Ford Feared

DETROIT (AP) — Ford Motor Co. studied its next move today in a parts-shortage situation which it says could lead to a system-wide shutdown of its 90 plants by the end of the week.

Approximately 58,000 of Ford's 160,000 employees remained idle in strikes or layoffs at factories across the country as negotiations continued with the United Auto Workers Union.

Included were 16,700 workers affected by local-plant strikes which were reduced to five over the weekend.

Pressmen Kept Out

DETROIT (AP)— Newspaper pressmen, on strike here more than four months, tried to report for work at the Detroit Free Press today, but could not get in.

The pressmen continued their strike against the Detroit News. Management took a position that the strike against both papers still was continuing.

"The strike will end at both papers on the same day with the signing of a new contract," said the publishers.

IDLES 34,000

Ford, blaming a car-parts shortage from key manufacturing plants, laid off 34,000 men last week. At that time a string of local-plant strikes was idling 24,100 workers.

Both company and union expressed hope that all the strikes could be settled before a scheduled meeting between management and the UAW's national bargaining committee Thursday.

The union ordered its national Ford committee to Detroit to assist in negotiations after top-level talks had produced no agreements.

Local agreements at the plant level supplement the national agreement between Ford and the UAW, which was reached Sept. 18. The present local strikes began Nov. 6.

DISPUTES LINGER

Two weekend settlements, at the Sheffield, Ala., aluminum foundry and the Chicago Heights, Ill., stamping plant, left five disputes remaining in the interlocking nationwide plant system of the country's second-largest automobile producer.

The unsettled disputes were at two car and truck-assembly

plants in Wayne, Mich., parts plants at Ypsilanti and in Michigan's Sterling Township, and the Buffalo, N.Y., stamping plant.

Members of Pressmen's Local 13, on strike since July 13, voted unanimously at a meeting Sunday to cease its Free Press picketing and return to work stations at the Free Press despite a prior publishers' declaration there would be "no work for them."

Representatives of other unions, laid off in the strike, said their members also would report for work at the Free Press. The Detroit Newspaper Publishers' Association, labor contract bargaining representative of both papers, called the union's proposal "only the latest in a series of attempts to drive a wedge between these two newspapers."

Freeman Frazee, local 13 president, said after the pressmen's 3½-hour meeting that the union's motive in ending the Free Press strike was to help return other Free Press employees to work and to assist consumers and business with the approach of the Christmas season.

None Fooled, Says Truman

NEW YORK (AP) — Former President Harry S. Truman says "the only thing barring Douglas MacArthur from the White House was Douglas MacArthur himself."

He says Gen. MacArthur, who died last April at 84, was aiming for the presidency, but "he didn't fool anybody and least of all did he fool me."

Truman's comments came in the second of a series of taped television programs scheduled to be shown over 50 stations across the nation this week. The copyright text was released Sunday by Screen Gems, Inc.

Truman fired MacArthur as Far East commander during the Korean War in a dispute over policy.

He said that at that time MacArthur's view "had become accepted Republican policy."

"I was sure of that," he said. "I was sure that's what MacArthur was aiming for. He was trying to get himself in good with one of the big parties of the government of the United States, so that he could be president of the United States."

"He didn't fool anybody," Truman added. "Douglas MacArthur, had he stuck to his military duties, might well have been an occupant of the White House. The only thing barring Douglas MacArthur from the White House was Douglas MacArthur himself."

Refugees Wish To Return Home—After Castro Falls

MIAMI, Fla. (AP) — "Volveremos" is the militant slogan of thousands of refugees who pine for Cuba without Fidel Castro.

The Spanish word means simply "We will return." Exiles shout "Volveremos!" at anti-Castro rallies. They paste it on windows of their American cars and apartments.

"We will go back when Castro falls," 270,000 exiles tell each other as they get jobs, start businesses, learn English, wed and buy homes in their land of refuge.

But Castro already has weathered nearly six turbulent years in power.

The Cuban Economists' Association in Exile feels that the return of the majority of the refugees will be delayed, at best.

The association recently interviewed exiles in the United States, host to most; Latin America and Spain.

Dr. Jose Alvarez Diaz, former Cuban treasury minister, reported these conclusions:

"About 90 per cent want to return to their homeland."

But from the survey "We reach the conclusion that only 30 per cent of them would go immediately upon Castro's overthrow regardless of the situation inside Cuba. Forty per cent would return when there was evidence of political stability and economic prospects. Another 20 per cent would go back only when they could obtain in Cuba an income similar to what they are getting now."

"Ten per cent, with residence now in this and other countries, would not return."

Exiled Cuban Supreme Court Justice Francisco Alabau Trelles said he believed that neither marriage, jobs, property ownership nor other stateside developments would deter more than 10 per cent of the refugees from going back to Cuba if they could. And he said the remaining tenth probably would drift back gradually.

Like many of their compatriots, Alvarez Diaz and Alabau

Trelles reject the idea that Castro can last. Both agreed, however, that even if Fidel were whisked from the scene tomorrow, returning exiles would have to cope with economic and political chaos in rebuilding their country.

What do rank-and-file refugees see ahead for themselves in relation to Cuba?

Three who were queried have been through the exile mill before. Andres Ramon Fernandez Diaz, 49, a diesel mechanic; Mario Massip, 45, a labor union official; and Manuel Gonzales Ramos, 42, a bus driver, fled into Miami, exiled from the Fulgencio Batista regime in the 1950s. All hustled happily back to Cuba on Castro's takeover, and all trekked back to Miami disillusioned with Castro.

"When Castro falls I hope to be there," Fernandez Diaz said. "I want to help in the reconstruction of my country."

Massip said, "When Fidel goes down, I hope to be in Cuba and be one of the Cubans who overthrew him."

Gonzales Ramos recalled,

along, and I will wait to see what happens before I go back to Cuba again."

DOES GETTING UP NIGHTS MAKE YOU FEEL OLD?

After 25 common nights of bladder irritations often occur and may make you stress and nervous from too frequent passages both day and night. Secondly, you may lose sleep and suffer from depression. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating terms in uronic acid urine and by analgesic pain relief. Get CYSTEX at drugstore. Feel better fast.

Burch Fights Ouster Talk

WASHINGTON (AP) — Sen. Barry Goldwater's support of Dean Burch's claim that he has "a four-year contract" to head the Republican National Committee pushed bickering Republicans today toward a showdown over control of their party machinery.

Burch said Sunday he will fight back if anyone tries to oust him.

Among others, Gov. Nelson A. Rockefeller of New York, former Ambassador Henry Cabot Lodge and Sen. Jacob K. Javits of New York made it clear they will use all the influence they have to force a change in leadership of the national committee.

Goldwater said on his return Sunday night from a Jamaican vacation after his defeat by President Johnson that the party should honor Burch's "contract." Goldwater picked Burch for the chairmanship after his own nomination at the San Francisco convention and the committee in turn elected the Phoenix, Ariz., lawyer.

Burch has scheduled a January meeting of the national committee at which he has said he would stand or fall on a vote of confidence.

ARE DIVIDED

An Associated Press survey showed that the comparatively few national committee members willing to express an opinion were about evenly divided on whether the chairman should step aside because of his part in the election campaign. Many members of the committee said something must be done to rebuild the party, but not many were specific about what form this should take.

Veteran politicians had expected Burch to save his \$30,000-a-year job by some conciliatory statement that he would serve all party factions as a non-policy-making director.

This would have followed the pattern of Goldwater's statement that the Republican course in the next four years will be carved out by GOP members of the Senate and House under the leadership of Sen. Everett M. Dirksen of Illinois and Rep. Charles A. Halleck of Indiana.

Burch, accompanying Goldwater on his return, said that as chairman he would be "mechanic and technician, not a creator of policy." But, he added, he had been elected for a four-year term, intends to serve it out and if anybody thought to oust him, he would fight back.

Goldwater backed up this statement with the observation that Burch was under contract to the party.

NIXON STAND

Former Vice President Richard M. Nixon told newsmen on his arrival in Tokyo Sunday that a GOP comeback hinges on finding new leadership "that is acceptable to all elements within the party, from Goldwater at

JACOB JAVITS

Another Wool Drop Expected

WASHINGTON (AP) — The Agriculture Department predicted today another drop in U.S. shorn wool production next year due to a continued decline in sheep numbers. It said prices likely will be slightly less than those received early in 1964.

But it said mill consumption of apparel and carpet wool probably will increase in 1965 from 1964, which was the lowest since 1958. This will mean increased imports of wool and wool products.

Sears Slates Extra Dividend

DALLAS (AP)—Sears, Roebuck and Co. directors proposed today a 2 for 1 stock split and declared an extra year-end dividend of 35 cents.

The action came at a board meeting in Dallas.

Also declared was a quarterly dividend of 45 cents. Both the regular and special dividend will be payable Jan. 2 to stockholders of record Nov. 27.

Rockefeller said on the ABC "Issues and Answers" television program that he expects a change in national leadership of the party, and made it plain that he had Burch in mind.

The New York governor said that choice of a new chairman was the responsibility of the national committee, of which he is not a member.

Lodge said on NBC's "Meet the Press" program he doesn't think that in reorganization the Republicans ought to read anybody out of the party. But he said he believes there ought to be established a permanent advisory council of leading Republicans such as he said had been suggested by Sen. Thruston B. Morton of Kentucky, a former national chairman.

ALIEN PLAN

Lodge, who was Nixon's running mate in 1960, said that a suggestion by Goldwater that the parties ought to be realigned on a liberal and conservative basis was "totally foreign to the two-party system."

Writing in the New York Times, Javits said that Republicans must reorganize their party on a basis where it will appeal to middle-of-the-road voters. He deplored what he described as an excursion by Goldwater into the "extremist" area in the campaign.

Unless the Republicans reorient their course, Javits said, "Democrats will be running against Sen. Goldwater and the 1964 platform for years to

Guys and Dolls

Mr. and Mrs. Jimmy Dalton take a fling at the "Charleston" as the Howard Johnsons test the "Black Bottom" dance steps in celebration of the "Roaring Twenties" dance held Saturday from 9 p.m. to 1 a.m. in the

Settles Hotel ballroom. The Eagles Auxiliary presented the party as the first in a series of fund-raising projects to support charitable organizations.

Eagles Auxiliary Has Gay Twenties Dance

In the gay atmosphere of the "Roaring Twenties," members of the Eagles Auxiliary and their escorts danced to the music of Paul Warren and his Starlighters Saturday evening in the ballroom at the Settles Hotel.

Costumed couples attended the first in a series of parties to be given by the recently organized auxiliary. Mrs. Ray Adams served as chairman of the dance party. She was assisted by Mrs. Howard Johnson, Mrs. Bill Cochran and Mrs. Gladys Miller.

The dimly lit scene, reminiscent of the speakeasies of the early twenties, was decorated with a large banner proclaiming the Roaring Twenties theme and festooned with golden slip-

pers and garters. Ornate glass lamps illuminated the ballroom. Straw hats and loud vests were the favored costume choices of the male escorts and their ladies glittered gayly in ruffled and fringed frocks. A highlight of the evening was a parade of the gaily dressed couples who vied for the costume prize.

The grand winners were Mr. and Mrs. Jimmy Dalton representing in authentic costumes. The floral print of flounced chiffon worn by Mrs. Dalton was topped with glittering beads and accessorized with silver buckled shoes. The Howard Johnsons, second place winners, chose red for their costume color. A fringed frock accented the brunette beauty of Mrs. Johnson

D.L. Sullivans Will Live In Colorado City

WESTBROOK (SC)—Mr. and Mrs. David Laverall Sullivan are at home at 1232 Walnut, Colorado City, following their marriage Nov. 7 in the First Baptist Church at Westbrook. The Rev. S. L. Yielding performed the ceremony with Mrs. James E. Henderson, organist, playing the nuptial music.

The bride is the daughter of Mr. and Mrs. Donald J. Henderson, Rt. 1, and the bridegroom's parents are Mr. and Mrs. Herman Sullivan.

The bride was given in marriage by her father and wore a gown of white peau de soie, the bodice overlaid with lace. The gown featured a belled skirt, scalloped neckline and petal point sleeves. A chapel train was attached to the lace-covered cummerbund, and her fingertip-length veil was dotted with seed pearls.

The bridal bouquet of twelve white roses was carried with a white, lace-covered Bible.

The maid of honor, Miss Vickie Jarratt, wore a frock of mint green with matching circle hat and carried a single white rose.

The Rev. Kary Lee Sullivan, Abilene, was best man, and Tommy Bryant and Larry Mac Bell were ushers.

The reception was held in the fellowship hall of the church where Miss Vickie Sullivan, the bridegroom's sister, registered guests. Another sister, Miss

MRS. D. L. SULLIVAN

Lynda Sullivan, served the cake, and Miss Kathie Henderson, sister of the bride, presided at the punch service. Assisting were Mrs. Altis Clemmer and Mrs. N. J. McMahan.

The wedding trip was to Abilene.

Both the bride and bridegroom attended Westbrook High School and he was a student at Howard County Junior College prior to his employment with Scottie Construction in Colorado City. The rehearsal dinner was hosted by the bridegroom's parents.

Mrs. Tommy Hutto Visits Louisiana

Mrs. Tommy Hutto, 801 W. 15th, left today for Monroe, La. to be with her father, V. L. Sawyer, who will have surgery on Wednesday.

The Huttos were visited on the weekend by their daughter, Tommie Lou. She is a student at North Texas State University in Denton, and was in Big Spring to attend the homecoming celebration.

Candy Bacus Gets Musical Honors

Mr. and Mrs. W. H. Bacus, former residents of Big Spring, have announced their daughter, Candy, has been selected to play with the Shreveport Symphony Orchestra in April at a benefit concert. She was awarded this honor for her playing of the Beethoven C Major concerto.

Also, she will play on April 25 with the Northwestern State College orchestra. She is a pupil of Mrs. Nena Plant Wideman, benefactress of the Shreveport benefit, and a former pupil of Mrs. Anne Gibson Houser.

Bride Feted At Shower Saturday

Mrs. Bobby Leatherwood, the former Miss Judy Engle, was honored at a bridal shower Saturday in the home of Mrs. Joy Harmon, 405 Edwards Blvd.

Assisting Mrs. Harmon were Mrs. Lloyd Curry, Mrs. Ben Hitt, Mrs. G. W. Williams, Mrs. Eldon Cook, Mrs. Denver Yates, Mrs. Robert Wilson, Mrs. J. C. Thomas, Mrs. C. C. Cunningham, Mrs. J. D. Kendrick and Mrs. Dick Davis. The hostesses presented the honoree with a steam iron.

The bride, attired in a white wool sheath and a white carnation corsage, was assisted in receiving the guests by her mother, Mrs. Charles J. Engle, and the bridegroom's mother, Mrs. Cecil Leatherwood. The mothers wore corsages of yellow carnations.

Refreshments were served to 30 guests between the hours of 2 and 4 p.m. at a table decked in the bride's chosen colors of yellow and white. The white cut-work cloth covering the refreshment table was centered with an arrangement of yellow and Talisman roses. Yellow tapers in a wall hanging behind the serving area were tied with yellow streamers of satin that cascaded to the centerpiece. A cake of yellow and white completed the decor, and appointments were of crystal and silver.

and her husband's red vest added dash to his attire. Mr. and Mrs. Ray Adams were third place winners, sharply attired in black. His awning striped vest of red and white contrasted with her heavily fringed dress of flapper style.

Judges for the contest were Mrs. W. H. Reed, Mrs. E. L. Cochran and Carroll Davidson. Celebrants included Mr. and Mrs. A. M. Farris, Mr. and Mrs. Ted Coxey, Mr. and Mrs. R. F. Dorsey, Mr. and Mrs. Elmer Dyer, Mr. and Mrs. Tommy B. Stephens and Mr. and Mrs. J. H. Stephens.

Among the 150 guests were a group of out-of-town guests from the American National Insurance Company who were in Big Spring for the weekend. V. A. Whittington, Maxey Carey and Cleo Richardson joined the festivities.

Bejeweled and saucily attired, flappers included Mrs. Cochran, Mrs. Mildred Smith, Mrs. Gladys Ogle and Mrs. Miller.

XYZ Club Makes Christmas Plans

Members of the XYZ Club met Friday at the Spanish Inn for a dinner meeting and business session. Mrs. Weldon Bryson presided and announced the club will join the ABC Club at a Christmas Party Dec. 19 at the Big Spring Country Club.

The refreshment table was centered with an arrangement of fall flowers and berries. Miniature turkeys completed the decorations. Three guests and 19 members attended.

Upright Volumes

Always store books upright; leaning them strains the bindings. Use book-ends on partially filled shelves to keep them erect. Volumes that are too tall for the shelves should be laid flat—never on the fore edges or backs.

Chill Aids Tapers

Chill candles in the refrigerator for 24 hours before using them on the table. They will burn evenly and will not drip.

Teens, Adults Figure Reasons For 'No'

By VIVIAN BROWN
AP Newsfeatures Writer

A 17-year-old high school junior says that every girl she knows is permitted to go on weekend trips with boys, but that her parents do not approve of such shenanigans and are putting her "in a bad position with" the crowd.

"They make me look like a child, and a child they don't trust at that. I think it is selfish of parents to give the impression they won't let you out of their sight for fear you'll do something wrong. It's an old-fashioned idea anyway that kids need to be chaperoned. They certainly can't have any fun with adults breathing down their necks. Why don't parents realize they are old-fashioned, things have changed a lot since they were young?"

The point is that parents realize things haven't changed much since they were young. That's why many can't be coerced into going along with some adventures. They know the temptations, heartbreaks

and problems of young people that exist in every generation. Most parents do trust their own children. It is the companions they are often suspicious of.

"One father says that many young people get into problems unwittingly, and then are afraid to confide in their parents. He gives this illustration: "Our younger daughter asked permission to spend a dance weekend at a boy's college with three girl friends. They were to be put up at a dorm, so all parents agreed it was a fine idea.

"Well, anyway, my wife and I decided that we'd drive in the direction of the college on Sunday and pick up the girls to save them a train trip home. "When we called the dorm, we were shocked to find they weren't there. "We located them in a crummy hotel in the town, and found that the boys couldn't get them into the dorm, had made reservations at the hotel and didn't tell the girls for fear the parents would worry.

TRAVEL TALKS Milk Cartons Make Freezer Containers

Dear Heloise:

I have discovered a way for freezing liquids, such as sauces and gravies, that saves space in my freezer.

I line the inside of a milk carton or a can whichever shape I want, with a plastic bag, fill it with the liquid and then put it in the freezer. After it is frozen, I take the plastic bag out of the milk carton (or the can) and have a nice uniform package. I can also see what it contains.

Before pouring in or freezing hot liquids or sauces, I let them cool.

Vegetables and other foods can be frozen by this method. The square packages save more space in a freezer than the round ones do. They can be stacked neatly into a freezer or freezer compartment.

Faithful Reader

Dear Heloise:

This is for women who give themselves home permanents:

Instead of using the waving lotion when rolling the hair (as the directions call for), which tends to make my hands slippery and my hair hard to manage, I roll the hair up while it is still damp—from being washed.

Then, I put on the waving solution, really saturating each curl, and using the whole bottle at once. Hence, a more even curl because all the waving solution goes on at one time. I then proceed according to directions.

Try it, Heloise.

Donna McCormack

Dear Donna:

Guess you wonder why your letter didn't appear before now. I didn't need a perm when you wrote it. I recently tried your method and find it great. It didn't make my hair the least bit kinky.

I only did one thing differently. I dampened the neck curls with the solution as I was rolling them because my hair usually has a tendency to straggle in that area.

Also, I found your method easier because I could start rolling from the top of the head instead of parting it off and starting at the neckline.

Heloise

Dear Heloise:

On sunny days when I don't need my clothes dryer, I take dry clothes off the line to make room for more, and store the dry clothes in my dryer.

When I am ready to sprinkle the clothes, I just pull them out of the dryer and sprinkle them on top of it. Gets the clothes out of the way, too, and no laundry basket, piled high, is sitting around.

Fran Stergar

(Write Heloise in care of The Big Spring Herald.)

Will Marry

The wedding of Miss Mary Lera Thornton and Jimmie Lee Schuelke has been scheduled for Dec. 19 in the Wesley Methodist Church. The bride-elect is the daughter of Mrs. J. T. Thornton Jr., Snyder Highway, and the late Mr. Thornton, and the prospective bridegroom is the son of Mr. and Mrs. Fred Schuelke.

Sunday Nights During Pre-TV Era Viewed

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — Television has become such a household staple that parents often are nonplussed when their children inquire how they spent their evenings "in the olden days."

We all had a chance to find out — and for many of us, to remember — Sunday night when NBC presented a 55-minute radio program recalling some of the high moments of the golden pre-television era.

CANTOR, BOWES

There was Eddie Cantor singing his closing song, "I Love to Spend Each Sunday with You," and Major Bowes quieting the applause for an amateur contestant in his calm voice.

Stars of the show were Edgar Bergen and Charlie McCarthy, who started in radio 31 years ago with a coffee sponsor — when coffee came in paper bags.

In the background you could hear a real, rich roar of laughter from the studio audience. In many a home Sunday night, there must have been nostalgic smiles.

That brings us to the incredible two hours of special programs on network television this past weekend which concentrated on the Beatles.

CROWD SCENES

On Friday night CBS presented some film made during the singers' American tour — and I've made better home movies myself. The shots were mostly confused crowd scenes, full of bobbing heads, and the sound track was loaded with squeals and an occasional snatch of a song. Carol Burnett read a dull narration with a remarkable lack of enthusiasm.

Then Sunday night ABC cleared an hour for something called "Around the Beatles," in which a number of young British rock 'n' rollers wailed, bobbed and shook their long locks while a mob of youngsters howled and screamed and clapped their hands.

Ah, me! Nelson Eddy sounded pretty good on the radio Sunday night and at least his feminine admirers swooned silently.

Soviet Balks On Flights

BERLIN (AP) — The Soviet Union said today its representatives in the Berlin air safety center would not accept any flight plans on Western "international" flights to this isolated city.

In a statement, published by the official East German news agency ADN, the Russians said they could therefore not be held responsible for the safety of Western planes flying to and from West Berlin on international routes.

ADN said the statement came from the Soviet representative in the Berlin air safety center. It singled out specifically the direct London-Berlin flight inaugurated last Sunday by a British European Airways.

The statement said such BEA daily flights were violating the air space over East Germany unless they were registered with the East German authorities. The East Germans protested the establishment of this route but the first flight into Berlin and subsequent flights were made without incidents.

The Soviet government has already stated that such flights "can only be undertaken with prior agreement with the appropriate authorities of the East German Democratic Republic."

Pan American Airways also flies an international service into Berlin, connecting the Communist-surrounded city directly via jet with New York.

Although Pan Am was not specifically mentioned, the statement apparently also concerned that line since the statement talked about "international airlines" which were allegedly violating East German air space.

The East Germans and the Russians protested against the Pan Am flights, which began last summer, but so far no interference has been reported.

The statement reiterated that the only flights to Berlin which are legal are those undertaken to supply and maintain the Western Allied military garrisons in the city.

The Western Allies, however, maintained that any plane registered to the governments of the United States, Britain or France has the right to fly in and out of the city and that flight plans would be filed only with the Russians and not with the East Germans, a regime not recognized by the West.

There was no immediate comment from the Western Allies.

Driver Killed, Another Dies After Wreck

LAMESA — Emilio Garza Ruiz, 18, of Rt. 1, O'Donnell, was dead on arrival at Medical Arts Hospital following a two-car accident 15 1/2 miles northeast of Lamesa about 6:30 p.m. Sunday. A. L. Dempsey, 67, also of Rt. 1, O'Donnell and father of the driver of the second car involved in the collision, suffered a heart attack and died after arriving at the accident scene.

Lorenza Ruiz, 22, sister of the dead youth, was being treated in the hospital for severe head lacerations Sunday night. Eddy M. Dempsey, 42, driver of the second car, apparently was not seriously injured and did not require medical attention.

After the Ruiz and Dempsey automobiles side-swiped, Dempsey's car traveled about 600 feet across a plowed field. His parents drove by about 15 minutes after the accident occurred. The father saw the car and started walking across a plowed field toward it and suffered the attack.

Funeral arrangements for both Ruiz and Dempsey are pending at Branon-Phillips Funeral Home in Lamesa.

Hull And Phillips Sell No. 3 Store

A new food service store partnership has begun operation at 501 W. 3rd, formerly the Hull and Phillips No. 3 Food Store, with the opening of "Your Friendly Food Center."

Dwain Henson and Bill Coggin are co-owners and operators of the new store, which will continue products previously offered at the store.

Henson has some 16 years experience in food store operations in Stanton, owning partnerships in several stores there at previous times. He was also in the men's clothing business in Big Spring for a time during 1960.

Coggin has previously been a dairy products and ice distributor in Stanton and has been in farming for the past four years.

"We will try to keep prices as low as possible and try to give the best service possible," Henson said. "Anything anyone calls for which we don't have, we will get for them."

The store will continue a complete grocery line, with meats, produce, dairy products, fresh and frozen vegetables and cosmetics. Scottie stamps will also continue as a feature of the store.

Market manager for the store is Roy Brown, who has been in meat market work in Big Spring since 1945, with 10 years experience in similar work in Lub-

bock. Brown is a resident of Big Spring and an elder in the Fourteenth and Main Church of Christ.

Coggin, a Stanton resident for several years, is a member of the Masonic Lodge and the Baptist church. The family includes two children, Patricia and Billy. Henson plans to move to Big Spring in the near future. The family includes two children, Brenda and Gary.

Two other full-time employees are included in the store, Mrs. Ethel Forgas and Billy Hutchison.

Rains Follow Indian Dance

CHICAGO (AP)—Indian dances were performed hundreds of years ago in attempts to bring rain, make crops grow and insure success in battle.

Hundreds of American Indians did their ritual dances this weekend for another reason — to raise money for their city-dwelling kinsmen who are new to the white man's ways. About 10,000 Indians live in Chicago.

It may have been incidental, but a two-month Illinois drought was eased somewhat a day-long rain Sunday.

Publisher Meet Hears Connally

BOCA RATON, Fla. (AP)—Gov. John Connally of Texas said today Southern leaders must "adjust to inevitable change" wrought by the civil rights act and redouble efforts "to establish reasonable relationships among men."

In a speech for the Southern Newspaper Publishers Association, Connally said the act is now law, and that any president bound by his constitutional oath "is going to enforce the law."

"We could make no greater error," he said, "than to devote our resources to a course leading up a blind alley, to the neglect of work in behalf of growth and development so essential to the South."

opening session of the SNPA convention, which has drawn 650 publishers, wives and associates from allied businesses in 14 states to Boca Raton. The meeting continues through Wednesday.

It was just one year ago, a few days after the SNPA's 60th convention, that President Kennedy was assassinated and Connally gravely wounded in Dallas.

"There has been too much unjust criticism of the press from certain elements—people you might associate for lack of better words, with the far left or far right."

Art Stolen In War II Sought

NEW YORK (AP) — Thousands of art treasures looted in Europe during World War II are still being sought throughout the world, the New York Times said today.

The newspaper said its survey showed that hundreds of art-

scholars, museum directors, private galleries and police agencies are watching for stolen works.

Miss Ardella R. Hall, arts and monuments adviser of the State Department from 1945 to 1962 when the office was disbanded, is quoted as saying:

"The recovery work will continue for many, many years. The department, as well as the National Gallery, the Library of Congress, and the Department of the Army,

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H®.

School Prayer Ruling Upheld

NEW YORK (AP) — Associate Justice William J. Brennan Jr. of the U.S. Supreme Court says the court's decision

JUSTICE BRENNAN

Man Beats Odds, Lives

AUGUSTA, Ga. (AP) — A doctor gave Ghent Brewer less than a 50-50 chance to live when he was brought into a hospital with his jugular vein, windpipe and neck arteries severed.

Brewer, 34, beat the odds, partly through first-aid measures applied by policeman Paul Perdue and an off-duty fireman, N. A. Henderson.

The paving contractor, who went home Sunday, was injured Oct. 30 when his pickup truck hit a tree and overturned. Brewer's head and neck went through the windshield.

Perdue, on duty a block away, rushed to Brewer's aid and applied pressure to the neck wound. Henderson saw the accident from his home and ran to help.

In a three-hour operation at the hospital, it took 50 clamps to stop the flow of blood. Surgeons placed 250 stitches around Brewer's neck.

on school prayer was "faithful to our society's judgment."

The court enjoined governmental institutions from requiring prayers in the public schools.

Brennan, speaking Sunday night at the Jewish Theological Seminary of America, said many persons "have voiced concern that the prayer decisions portend the elimination of religion from every vestige of public life."

But, he said, in the religion clauses of the Constitution "our collective society has pronounced its own judgment that its governmental institutions may not officially involve religion in such a way as to prefer, discriminate or oppress a particular religion or religion in general."

The 125-pound buck with five-inch antler points apparently wandered miles from its Everglades habitat after it was wounded. Carolyn, 10, and Alan Hasker, 6, found the deer lying on their lawn Sunday. It was dead. Mrs. Charles Hasker said she didn't want it.

"I've never had deer," she said. "I wouldn't know what to do with it."

Police called the Westbrook garage to make the pickup. Mrs. Westbrook knew what to do. In quick order, the deer was skinned, dressed and iced.

"We're cooking a piece of hindquarters now," she said.

Mrs. Westbrook's husband and three sons weren't home to enjoy the meat.

They were in the Everglades — hunting deer.

Typhoon Aims At Viet Coast

SAIGON, South Viet Nam (AP) — Another typhoon bore down today on South Viet Nam's central coast area, still not recovered from floods in which nearly 7,000 persons drowned and hundreds of thousands were left homeless.

The new storm was expected to hit the coastal resort of Nha-Trang where Typhoon Joan caused wide devastation earlier this month. Emergency measures were taken in the city of 55,000, where several U.S. installations are located.

A U.S. weather expert said Kate, third typhoon to strike the central coast this fall, is expected to cause heavy damage despite precautions.

In the flood area, U.S. military sources said Viet Cong guerrillas were waylaying villagers at roadblocks and seizing food.

A Defense Ministry spokesman said the Communists killed 150 Vietnamese soldiers last week and made off with 236 weapons. He said the Viet Cong suffered 138 dead and 49 captured and lost 60 weapons.

A U.S. helicopter pilot was wounded by Viet Cong ground fire Sunday while attempting to get flood victims out of an isolated region in the Qui Nonh area. On Saturday a U.S. Army officer was wounded when his armored carrier hit a mine in Vinh Binh Province.

Dear Abby

Just Don't Rub It In

DEAR ABBY: I am 21 and a college senior. I could have had many dates last year but a boy on campus monopolized all my time and ruined my chances with everyone else. At the end of the semester I told him I wasn't sure I cared enough about him to continue dating him in the fall. I said we shouldn't see each other over the summer, but should think it over and talk about it again when school resumed. He said he loved me and always would but he'd abide by my wishes.

When we returned to school he immediately started dating another girl. I called him and told him I wanted to talk to him. (I was going to tell him I DID love him.) When he came to see me, he brought the other girl along. I knew then that it was all over between us. Now everyone is saying that HE dropped ME for HER. This is hurting my reputation and I think it's his place to tell our friends that I dropped HIM. What do you think?

NOT DROPPED
DEAR NOT: All right, so you weren't "dropped" — you were freed. But don't expect him to put an ad in the paper. Your pride may be bruised but your reputation won't suffer.

DEAR ABBY: Six months ago I took a course in "scientific massaging" and I passed the examination without any trouble. I massage as a side line to earn extra money. I enjoy massaging because it brings relaxation to many. I massage men, women and even children. I carry my own table and go to their homes by appointment. My problem is my wife. She does not want me massaging ladies. I say that my work is like a doctor's and there is no reason why I shouldn't massage ladies. What is your opinion?

MASSEUR
DEAR MASSEUR: Your wife apparently fears that your lady clients may be getting a treat instead of a treatment. Such fears could be caused by her own feelings of inadequacy. Keep assuring her that she has absolutely nothing to worry about. (P.S. The little woman is jealous—but don't rub it in.)

DEAR ABBY: That lady who wrote about the "Open House" shower, where an ad was placed in the newspaper and anyone who wanted to come was welcome, was a piker compared to someone in my husband's family. Listen to this: One of the girls had to get married, so all her aunts got together and gave her a combination BRIDAL and BABY shower! Practical, I suppose, but wasn't that the absolute limit?

OWOSSO, MICHIGAN
DEAR OWOSSO: I'd say they exceeded the limit. Speed and otherwise.

Problems? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to Abby, Box 69700, Los Angeles, Calif. for Abby's booklet, "How to Write Letters for All Occasions."

More Rights Bills Doubtful

WASHINGTON (AP) — Sen. Ralph Yarborough, D-Tex., said Sunday he doesn't foresee any additional civil rights legislation until the law has been fully tested.

The Texan also said he believed his vote for the 1964 civil rights bill represented "the true spirit of the South."

The senator said he was a Southerner and "I had no qualms about voting for the bill."

He spoke on Radio Press International's program, "From The People."

Years Reduce Bone Breaks

BILLINGS, Mont. (AP) — Old bones may be brittle but they don't break as often as young bones on skis.

That's what Dr. L. Bruce Anderson of Billings reported to Wyoming and Montana doctors after making a five-year study at the Grizzly Peak ski run near Red Lodge, Mont.

The number of broken legs per capita, decreases with age but "maybe older people are just more cautious skiers," Anderson said.

Greet Relatives As Wall Opens

An East Berlin mother embraces her daughter who came to the Soviet sector today with a pass issued under a new East-West agreement. At right, a little East Berlin boy hugs his aunt, who lives in the West. Thousands of West Berliners streamed through the Berlin Wall as Communists opened it for the second time in three years. (AP WIRE- PHOTO)

Changes Seen Shaping Czechoslovakian Future

PRAGUE, Czechoslovakia (AP) — This country is shot through with a ferment of economic and social change that could shape its whole future, even politically.

President Antonin Novotny announced full support of the Soviet Union and Nikita Khrushchev.

But something new has come. It had to. After a preliminary upsurge from the low point following the war, industrial production steadily lost momentum and in 1963 actually fell behind 1962.

To try to turn the tide, party leaders, backed by young economists, have drafted an economic plan which aims to reshape the entire industrial structure.

A Czech official, in a good position to estimate what is coming, says of the new plan: "It will bring a change which will not necessarily alter the relationship of Czechoslovakia with either the Soviet Union or the United States, but it will bring internal changes of great importance to the economy of the country — and much besides."

NEW PLAN

The new plan calls for a progressive elimination of Moscow-style centralized economic controls and a large play to individual initiative.

Many Czechoslovaks, both official and non-official, have sensed the deterioration painfully. Of all the socialist states, they had the highest standard of living during the past 30 years. Moreover, of all the socialist states, they had and still have the closest contracts with the West, with long frontiers adjoining booming West Germany and Austria.

Their condition was brought sharply home to them recently when the Czechoslovak television service arranged a debate

Ever wonder what your United Way gift is doing?

It's working many wonders—like these

Your once-a-year United Way gift keeps working all year long to help make our community the healthy, happy place we want it to be. The agencies and services that rely on your gift touch so many lives! Because of your generosity, a child found security and love for the first time. A teenager was helped onto the right path. A family was kept together. Because you pledged once last fall, the United Way, our community is a better place today—and will be tomorrow. One Gift Works Many Wonders/THE UNITED WAY

D. M. Cogdell Dies Sunday. Rites Today

SNYDER — David Munsey Cogdell, 80, West Texas rancher, oilman, philanthropist and self-described "old-time horse-trader," died at 2:30 a.m. Sunday at his home south of Snyder. He is said to have built his wealth from a single pig, a gift from his father, a Methodist minister.

Funeral was scheduled for 4 p.m. today in the Trinity Methodist Church with the Rev. Elton Wyatt of Petersburg, former pastor, and the Rev. Ross Dunn, present pastor, officiating. Burial was in Snyder Cemetery under the direction of Bolger Funeral Home.

Mr. Cogdell was born March 24, 1884 in Holly Springs, Miss. He moved to Palo Pinto County in 1890, to Taylor County in 1913, and to Scurry County in 1919. His ranching interests, through the years, were in Taylor, Scurry, Kent, Fisher, El Paso, Briscoe, Armstrong, Cottle, Childress, Castro and Floyd counties. He had been an independent oil driller the past 12 years and recently had been drilling on his properties in the Snyder area. He was a director of Fort Worth National Bank.

He and Mrs. Cogdell had contributed large sums of money and land to churches and hospitals. Included in the long list of those helped were Cogdell Memorial Hospital, Snyder; Grace Lutheran Church, Snyder; Methodist Church, Snyder, and White Hospital, Temple.

He was a student of the Bible and was able to discuss it with scholars and officials of church schools.

Surviving are the widow; two daughters, Mrs. Jonisue Bowen and Mrs. Charlotte Eigenbotham; three sons, D. M. Cogdell Jr., Floydada, W. M. Cogdell, Silvertown, and Marion Cogdell, Los Angeles, Calif.; a sister, Mrs. E. T. Pitzer, Abilene; four brothers, R. G. Cogdell, Holland Cogdell and Earl Cogdell, all of Abilene, and W. A. Cogdell, Snyder; and 11 grandchildren.

Palbearers were Jake W. Phillips, Sterling Williams, Dr. Carl A. Dillaha, Dr. John W. O'Banion, Gene Dulaney and John Boren, all of Snyder, Dr. Thomas F. Hartley of Temple, Horace Holley and Ernest T. Pitzer, both of Abilene, and Frank Floyd of Floydada.

Quakes Rumble On West Coast

SAN FRANCISCO (AP) — A brief, lasting but about four seconds series of earthquakes rumbled along a nine-county area along California's central coast Sunday night, centered in the sparsely populated Santa Cruz Mountains about 90 miles south of San Francisco.

A University of California seismologist said the heaviest shock registered between 5 and 5.5 on the Richter scale which placed the destructive 1906 San Francisco earthquake at 8.25.

The shocks in San Francisco were the city's worst since a 1957 tremor with a Richter magnitude of 5.5 injured 31 persons and caused several million dollars damage.

Sunday night's shocks were

Wreck Stops Hunting Plans

Deer hunting plans of a Denver City couple fell apart early today when they were involved in a two-car collision three miles south of Big Spring on US 87.

As a result of the crash, Mrs. Marian Collins, 37, is in the Howard County Hospital Foundation. Her husband, James Robert Collins, 40, was not hurt but their car was damaged several hundred dollars. The husband was also issued a ticket for not stopping for a school bus. Mrs. Collins is not believed seriously hurt.

Highway patrol officers said the accident occurred at 7:30 a.m. Raymond W. Martin, 23, 1305 Mt. Vernon, seeing a school bus ahead of him, had brought his car to a halt as the law requires. Collins and his wife came on the scene and Collins' car crashed into the rear of Martin's car. Damage to Martin's vehicle was less than that sustained by the Collins' car.

The patrol officer said there have been numerous complaints all over the county in recent weeks of motorists who ignore the state law requiring all cars to come to a complete stop when a school bus is loading or unloading children.

Highway patrol officers are stepping up their check of violations of this law, it was said and arrests will be made where an offender is located.

Two Injured In Accidents

Two persons were taken to hospitals for emergency treatment after an accident in the 4400 block of West US-80 Sunday afternoon.

William Gary Thompson, Webb AFB, was taken to the Webb Hospital, treated and released, according to hospital attendants. Mrs. T. W. Edwards, a passenger in a car driven by Judith Marie Edwards, both of Odessa, was taken to Cowper Clinic-Hospital. Mrs. Edwards received minor contusions and a laceration of a knee, according to hospital attendants, and was released today after treatment at the hospital.

Both Thompson and Miss Edwards were driving west on US 80 when the cars collided, according to police.

Two juveniles were turned to juvenile authorities after a car driven by one was involved in two accidents Sunday. The first accident occurred one eighth mile west of Big Spring on US 80, with the car driven by the juveniles leaving the scene. The second accident occurred on a city park street, west of the tennis courts, with the car again leaving the scene. Police arrested the youths later at Northeast Sixth and Runnels Streets.

Three cars were involved in a minor accident Sunday afternoon in the 1800 block of South Gregg, a car driven by Paula Jo Murdock, 1103 E. 19th, and two stopped cars, driven by Mrs. Hedy R. Burnett, 123 Mobile, and James W. Entekin, Larissa. Another minor collision Sunday involved two cars at 2500 Wason Drive, driven by Royce E. Gregory, 1017 Stadium, and Ronald Wayne Westbrook, Box 882.

Teague Wins Show Prizes

Young Guy Teague, member of the Big Spring Coin Club, who competed Saturday and Sunday at the Odessa Coin Club show, proved the hit of that event, according to W. E. Wozencraft, another Big Spring collector.

Guy, who displayed his U. S. money collection, won first place in the junior division. That was honor enough, he felt. However, the Odessa club members had other views.

There was a special trophy the club had posted for the best display by a junior member of the club.

The officials decided that this should be Guy's, too. They met in special session, enlisted young Teague as a club member, and declared his exhibit the best shown by a local member. Then he was handed the special trophy.

Teague is the son of Mr. and Mrs. M. K. Britton. Wozencraft's display of paper money won him a first place in the Odessa show.

Mrs. Barbee Dies Sunday

Mrs. Minnie Barbee, 73, of 110 Goliad, died at 11:50 p.m. Sunday in a local hospital after a short illness. She had been a resident of Big Spring since 1907.

Services will be held Tuesday at 3 p.m. in River-Weich Funeral Home chapel. Dr. H. Clyde Smith, pastor of the First Methodist Church of which Mrs. Barbee was a member, will officiate, assisted by the Rev. Marvin James, assistant pastor. Burial will be in Big Spring City Cemetery under the direction of River-Weich Funeral Home.

Mrs. Barbee was born Oct. 12, 1891 in Lawton, Okla., and she was married to S. M. Barbee, an engineer for Texas & Pacific Railway Co., March 7, 1911. He died Nov. 4, 1950.

Mrs. Barbee had been active for many years in the auxiliary of the engineers, and she had many friends among the T&P fraternity.

Survivors include three daughters, Mrs. A. D. Meador, Mrs. Cecil Nabors, and Mrs. H. H. Stephens, all of Big Spring; five grandchildren; three great-grandchildren; three sisters, Mrs. Cora Rudd, Big Spring, Mrs. Maria Wason, Azusa, Calif., Mrs. Nell Hall, Duncan, Okla.; a brother, Floyd Hollingsworth, Oklahoma City.

Suspect Taken To Identify Loot

A suspect in the recent theft at the Big Three Wrecking Yard on North Birdwell road, is in Midland today to identify some of the loot taken from the yard, Aubrey Standard, deputy sheriff, said. He said a deputy took the man to Midland Monday. Radiators were the bulk of the stuff taken in the break-in.

Kenneth Fulton, wanted here on a charge of forgery by alteration, has been arrested in Oklahoma City by a U. S. marshal, Standard said. Fulton allegedly changed an American Express money order from \$1 to \$41 and cashed it in a local store. The man is wanted in several places, Standard said, so it is uncertain when he will be returned here.

Panel Of Jurors Report For Work

A jury panel reported to Howard County Court at 1:30 p.m. today to launch the second week of the current criminal docket. Wayne Burns, county attorney, and Judge Lee Porter said it was not certain which of several cases tentatively docketed for the day would be called up. The docket will continue through this week, Porter said.

No Clues In Hit-Run Mishap

Officers have no clues in their investigation of a hit and run mishap Sunday afternoon, it was said today.

Highway patrol said that Albert W. Steele, 41, of 4500 Parkway, was en route to the Go-Cart Track west of town and was turning off IS 20 near the city limits to get on the service road. Another vehicle crashed into his pickup, Steele told officers, and then sped away. He had no time, he said, to get the license number or even a good description of the second vehicle.

Peace Corps Plans Call For Medics

NEW YORK (AP) — Sargent Shriver, director of the Peace Corps, says the corps is starting a program to send hundreds of doctors abroad on health projects.

Shriver said Sunday that 100 doctors worked overseas as volunteers or on assignment from the U. S. Public Health Service last year.

Death Fumes Stalk Family

INDIANA, Pa. (AP) — Triple-death tragedy has struck a western Pennsylvania family for the second time in 10 years. Five-year-old twins and a baby girl of Mr. and Mrs. Harry Treese were found dead Sunday morning in a car parked near the family home in the Indiana County community of Marion Center, B. D. 1; apparent victims of auto exhaust fumes.

Three other children in the family were killed by fumes Oct. 23, 1954, when the family lived at Beckers Point, also in Indiana County.

Vatican Meet Moves Into Windup Push

VATICAN CITY (AP) — The current session of the Vatican Ecumenical Council entered its final week today with word from Pope Paul VI that important church doctrines must be issued before the session ends.

It promised to be the most hectic week for the 2,000 council fathers since they started this third session Sept. 14.

The cardinals, archbishops, bishops and patriarchs may have to meet in the afternoons as well as the mornings to get documents ready for the ceremonial closing Saturday.

ISSUE SCHEMATA
It seemed virtually certain that Pope Paul would be able to issue two council schemata as full Church decrees next Saturday.

One blaze a new path for Roman Catholic relations with other Christians. The other establishes the principle that all bishops share collectively with the Pope in governing the church.

Final voting on the first schema, titled "De Oecumenismo" — On Unity — was completed last Saturday, leaving only the formality of a vote in public meeting before promulgation.

For the other schema, "De Ecclesia" — On the Church — final voting on a series of minor changes will take place Tuesday and Wednesday.

These two schemata are of outstanding significance to the Christian world. Christian unity is a major goal of the Ecumenical Council. Pope Paul has termed the issue of shared papal-episcopal power the council's weightiest task.

JUMBLE — that scrambled word game

Unscramble these four Jumbles, one letter to each square, to form four ordinary words.

DUMON **HOLAT** **RAWTEY** **UNDIPT**

Now arrange the circled letters to form the surprise answer, as suggested by the above cartoon.

IT NEVER ON

(Answers tomorrow)

Saturday's Jumbles: **BROOK ROACH HYBRID PODIUM**
Answer: *What inflation usually means — A DROP IN THE BUCK*

Delta Defect Slows Plans On Satellites

CAPE KENNEDY, Fla. (AP) — America's scientific satellite program has been slowed seriously by problems with a new third stage on the once reliable Delta rocket.

Three Delta launchings scheduled in October and November apparently will be delayed until 1965. They are the Tiros 9 weather satellite, an orbiting solar observatory and an Explorer radiation-sensing payload.

These delays in turn will cause postponement of follow-on Delta shots. Only two launching pads here are available for the rocket, the workhorse booster for medium-size satellites.

SEEK SOLUTION
The National Aeronautics and Space Administration's Goddard Space Flight Center is trying to solve the third-stage problem. It also is looking for a possible substitute motor.

The third stage, called the X258, is 59 inches tall, weighs 576 pounds and burns solid fuel. It has been used four times on Delta rockets and not once has it performed as intended. However, three of the satellites achieved orbit, and two — the Syncom 3 communications payload and the first Interplanetary Monitoring Platform — IMP-1 — are operating as planned.

An Explorer ionosphere-study satellite failed to orbit and IMP-2 achieved such a low orbit that most of its instruments are not providing useful data.

A space agency spokesman said engineers believe the X258 is "tipping-off" and "coning." Tipping-off is a term to describe a slight jar when the X258 separates from the second stage, knocking it off line. Coning means that it travels in spiral fashion instead of on a straight line.

BEYOND CAPACITY?
The demanding missions assigned to the Delta rocket may have extended the stage beyond its capability.

IMP-2, for example, was to have shot into an orbit with a high point of 161,000 miles. It reached only 59,000 miles. The X258 has performed satisfactorily on four occasions, however, when it has been a segment of a smaller Scout satellite rocket, whose assignments call for low orbits which are relatively easy to achieve.

Goose Due Death Blame

HOUSTON, Tex. (AP) — An investigative board was expected to report today that a goose caused the fatal crash of astronaut Theodore C. Freeman's plane Oct. 31.

One of the birds reportedly pierced the cockpit of Freeman's T38 jet trainer and struck the astronaut in the face.

Flights of geese were observed flying close to the ground that day, and workers at the crash scene reportedly found feathers among the wreckage.

Freeman, 34, was approaching Ellington Air Force Base for a landing when, at 300 to 500 feet, the canopy of his swept-wing craft suddenly flew off. The plane crashed nose down.

Signals Check Ocean Canyon

DURHAM, N.C. (AP) — The first direct evidence confirming existence of the "Hatteras submarine canyon" was reported by Duke University scientists Sunday.

Dr. Robert Menzies, director of the university's oceanography program, said sonar soundings from the university research ship Eastward indicated the chasm in the Atlantic Ocean floor off Cape Hatteras is several hundred feet deep and may be several hundred miles long.

The canyon has been an object of speculation for more than 20 years.

Texas University Law Prof Dead

AUSTIN (AP) — A longtime law professor at the University of Texas, Dr. George Stumberg, 76, died Sunday.

Violence Toll In Texas 38

Traffic accidents—some on rain-slick highways—killed 21 persons in Texas over the weekend, contributing to a toll of 38 deaths from various forms of violence.

The Associated Press kept a list of the deaths from 6 p.m. Friday until midnight Sunday.

Paul Henry Smith, 16, of Oak Cliff in Dallas was shot to death at his home Sunday night. Police said the youth had been talking to a girl on the telephone and told her he was going to do something drastic.

Judy Thompson, 11, was struck by a car and killed Sunday as she rode her bicycle on Farm 2419 southeast of Palestine.

Emilio Garza Ruiz, 18, was killed Sunday when two cars collided near O'Donnell in West Texas. Al Dempsey, 67, suffered a fatal heart attack as he rushed to the accident scene upon learning his son, Eddie Dempsey, 42, was involved. The son suffered slight injuries.

Gary Condray, 17, of Longview died in a hospital Saturday from a wound suffered when a rifle he was cleaning discharged.

HIT BY CAR
Alberta Ray, 2, daughter of Mr. and Mrs. Roscoe Ray, was struck by a car and killed Sunday as she ran across a highway in Rosharon, Tex., to join her father.

Herman Carr, 56, of Weatherford was killed Sunday when his car went out of control and hit a utility pole in Fort Worth.

Roy McBroom, 61, was found shot to death Sunday at his home in Bailey, ten miles south of Bonham.

Gilbert Villastrigo, 24, and Eneida Ramos, 28, were found shot to death Sunday night in the backyard of a San Antonio residence. The bodies were found by a neighbor.

Pedro Vasquez, 70, was fatally injured Sunday night when struck by a car as he walked across Interstate 35 south of San Antonio.

Wayne Alexander Martin, 76, was struck and killed by a car north of Houston Saturday night. Martin had just stepped from his car after being involved in a minor collision.

Payton Strickland, 43, was stabbed to death in Houston Sunday. Police arrested a 26-year-old Negro at the scene.

Albert Ray Johnson, 5, son of Mr. and Mrs. Charles Ray Johnson, died Sunday of a bullet wound in the head. Police said a pistol the boy was holding accidentally discharged.

Mrs. Parry Paschall, 52, was found shot to death in her Fort Worth home Sunday in what was ruled a suicide.

OKLAHOMA STUDENT
Gary Joe King, 20, McAlester, Okla., a student at Stephen F. Austin College at Nacogdoches, died early Sunday when a car flipped over on a curve six miles north of Lufkin.

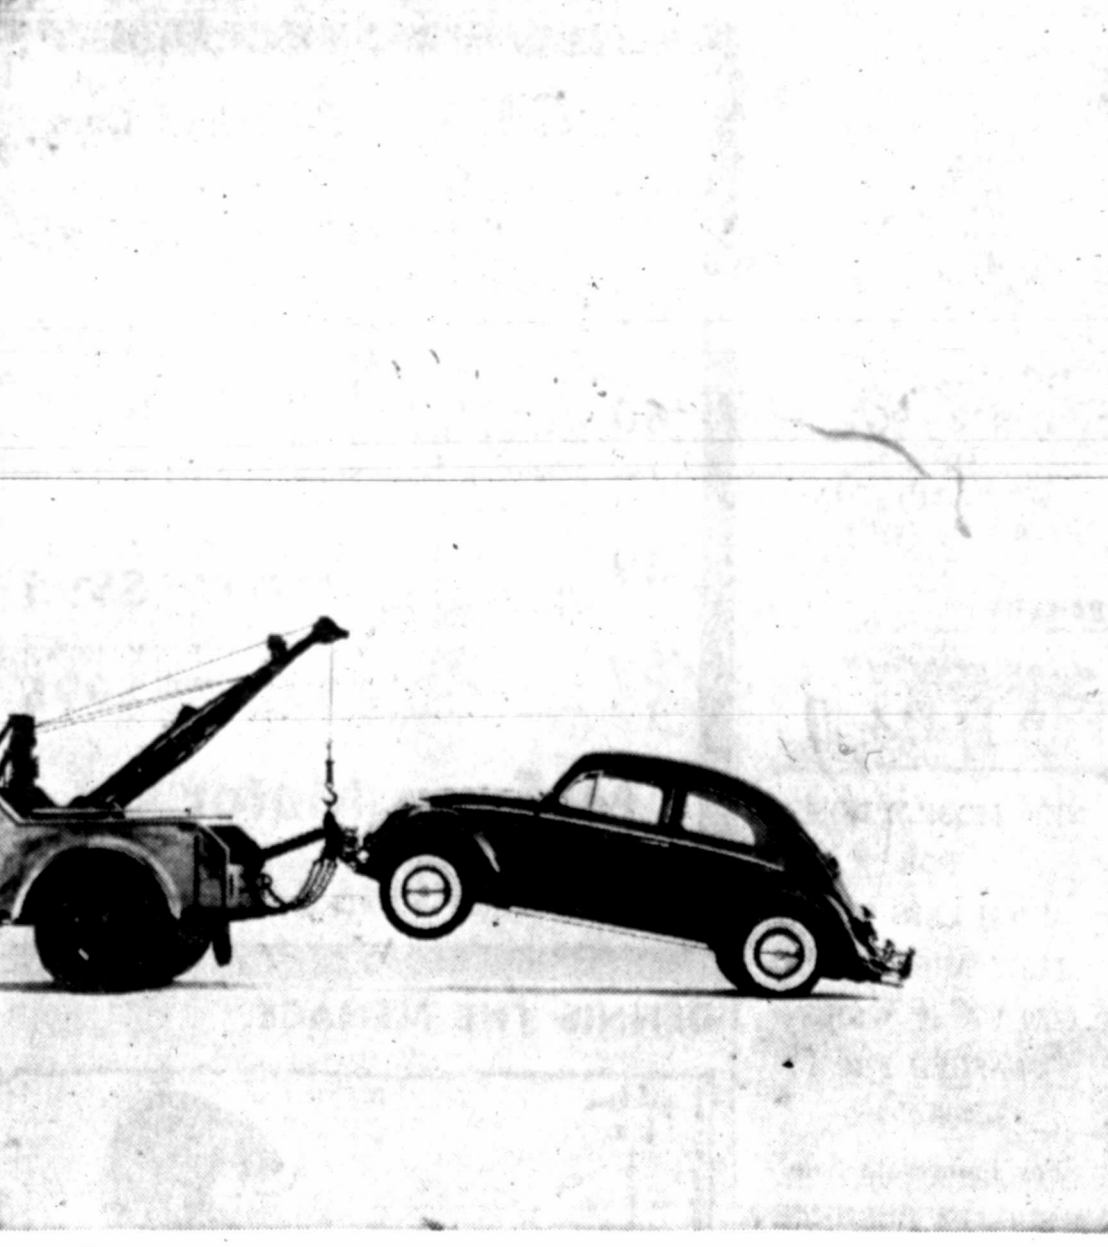

Claudia B. Sullivan, 50, of Denton was killed early Sunday in a four-car accident on U. S. 77 six miles north of Waxahachie. Eight other persons were injured.

William Borboja, 8, San Benito, was killed Saturday night when struck by a car.

Charlie L. Bosdick, 71, of Alto was killed and his 69-year-old wife was fatally injured Saturday night when their car collided with a highway patrol car south of Rusk. Mrs. Bosdick died Sunday in a hospital.

William Jennings Bryan Newman of Mesquite died Saturday in a shooting at Dallas. A woman was arrested.

Joe Thomas Sample, 40, died in a shooting Saturday in Dallas. Calvin Bradford, 32, was found shot to death Saturday in his car at Dallas.

What if it poops out in Paducah?

A thing like that could happen, even to a Volkswagen. After all, it's only human.

And with your luck, it would happen at least 500 miles from home. In Paducah (Ky.) or Brewer (Me.) or Ketchikan (Alas.).

Alas. You may be far from happy, but you'll never be far from help. There is a VW dealer in each of those towns (and in 804 others in 50 states).

So if you want to find out how good VW service is, break down and call us.

You won't wait long for parts. All 5,008 are on hand or on tap.

And when a part is improved, it usually fits our older cars too. So a '64 clutch, for instance, is right at home in a '53 VW.

And the mechanic won't need all day to install the clutch (the way he would for most cars). Our car is made so the work only takes 2 hours. And many repairs are finished even faster.

Because the Volkswagen was designed as if it was expected to poop out every week.

And then it was built so it wouldn't.

Grisly Mutilation Case Investigated

NEW YORK (AP) — A woman's tattooed torso, along with her head and right arm, were

found Sunday in a Bronx lot — American background, 25 to 30 years old, about 5-foot-2 and about 130 pounds.

Medical examiner Dr. Charles H. Hochman said death was caused by manual strangulation. He said the woman had been dead about a week but that the body had been in the weed-choked lot not more than two days.

The head and limb apparently had been sawed off, Hochman said.

The remains had tattoos on both shoulders, the left breast and the arm and thumb. The woman apparently was of Latin

Will Restore Ford Theater

WASHINGTON (AP) — The old Ford's Theater building is to be closed on Nov. 30 so that work may start on restoring the interior to its appearance the night of April 14, 1865, when President Abraham Lincoln was assassinated.

Work will take about two years, said Secretary of the Interior Stewart L. Udall. Congress has voted \$2,730,600 for the restoration.

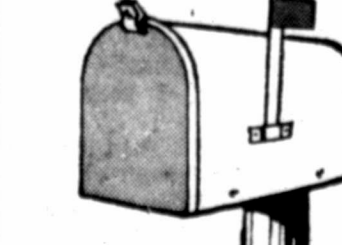

The building now houses the Lincoln Museum and has little to indicate that it was once a theater. During restoration the museum items will be placed in storage but later will be on display in the theater basement.

Cab Drivers Vote Strike In Dallas

DALLAS (AP) — Cab drivers here have voted to strike Nov. 30 unless an agreement is reached on a new contract with City Transportation Co.
