Spare Yanks, U.S. Plea To Rebels Says

NAIROBI, Kenya (AP)—Congolese rebel leader Christophe Gbenye announced today the execution of American missionary, Dr. Paul Carlson has been postponed until Monday, Stanleyville Radio reported.

LEOPOLDVILLE, the Congo (AP)—The United States appealed directly to Congolese rebel leaders today to protect medical missionary Paul Carlson and other Americans and to permit their safe evacuation.

U.S. Ambassador G. McMurtre Godley directed the appeal to rebel President Christophe Gbenye's headquarters in Stanleyville, where about 60 Americans and nearly 800 Belgians are "prisoners of war."

LIKELY MONITORED
Godley presumably sent the appeal by radio or through an intermediary. The United States does not have direct contact with the rebel capital 775 miles northeast of Leopoldville.

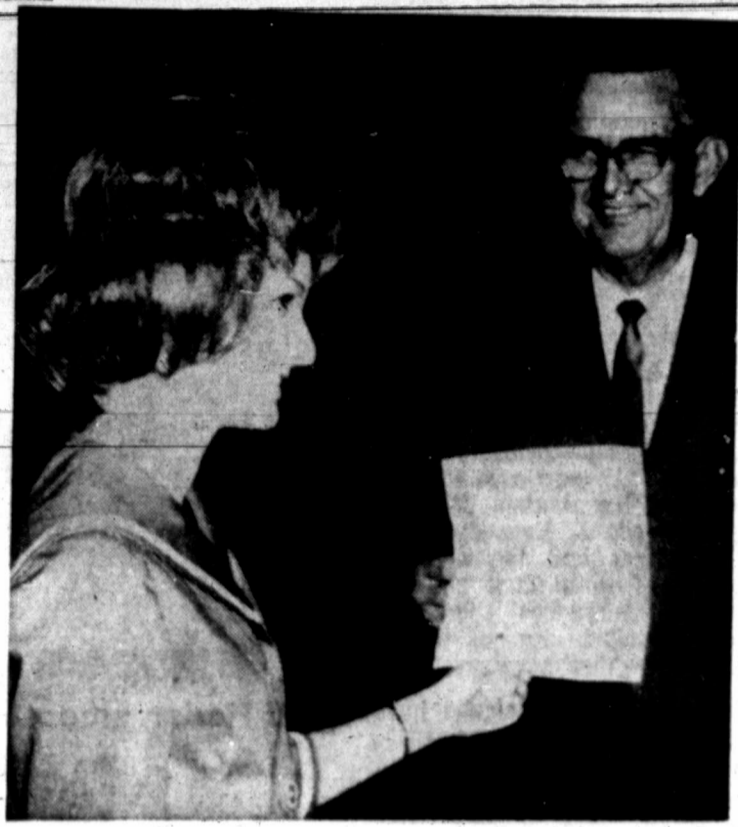

The United States said it holds the rebel authorities "directly and personally responsible for the safety of Dr. Carlson and of all American citizens in areas under your control."

"As you know," the message continued, "this government along with other nations has fully supported the unsuccessful efforts of the International Committee of the Red Cross and the OAU (Organization of African Unity) ad hoc commission to get your agreement to an ICR humanitarian mission in Stanleyville and to arrangements to protect and evacuate innocent civilians."

ADVISING KENYATTA

"We continue to stand ready to cooperate fully in such humanitarian efforts and to discuss arrangements through these organizations. We are so advising the chairman of the OAU ad hoc commission (Prime Minister Jomo Kenyatta of Kenya) and urge you to communicate with him in this matter."

A broadcast from Stanleyville Tuesday gave the first indication that Carlson was still alive. The rebels had announced early Monday that the 36-year-old doctor from Rolling Hills, Calif., had been convicted of espionage and sentenced to die at noon that day. The broadcast Tuesday said that Gbenye met Monday with the U.S. consul to discuss the question of prisoners of war and that rebel officials who defended Carlson at his trial were present.

Schools Over The Top

Supt. Sam Anderson presents check for \$4,249 to United Fund Secretary Kitty Hopper Wednesday morning. Quota for Big Spring schools was \$4,100.

School System Goes Over Goal

Another Big Spring group surpassed its United Fund quota Tuesday, and coupled with several other reports, helped push the annual drive to \$93,932 for 86 per cent of the goal.

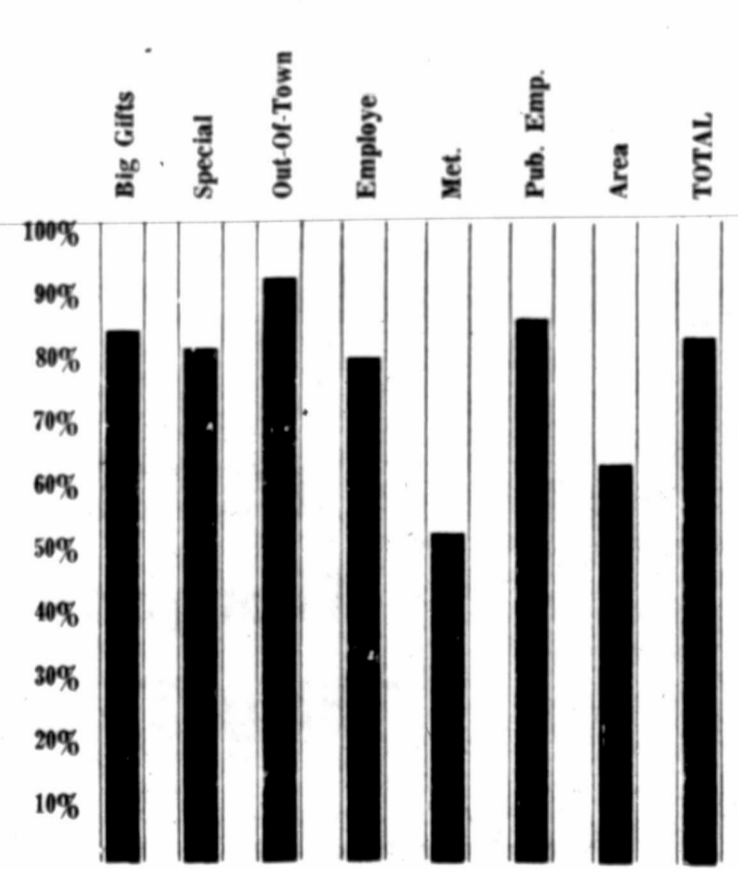

Sam Anderson, for the Big Spring schools, turned in \$4,249 to put that group over its \$4,100 goal in the Public Employees Division. Employees of the school district had paid or pledged \$3,899, but an additional \$350 by students put the system in the select group of quota-busters for the campaign this year.

The service station group in the Metropolitan Division came in with its first report, \$142.50. This put the division past the halfway mark, as it has a total of \$2,568 for 51 per cent. The Jaycees are conducting the effort in this division.

The Out-of-Town Division continues to lead the various divisions, with 91 per cent, \$6,821. The Public Employees Division has 87 per cent, with \$19,117. Of this, the Webb section is still turning in money and has built up its total to \$11,943.

The Big Gifts Division has 86 per cent of its goal in hand, with \$34,305; Special Gifts has 82 per cent, \$8,288; Employees Division has 80 per cent, \$21,607; and the

UF PROGRESS CHART

Plane Plunge Kills All 10

ARGENTIA, Nfld. (AP)—All 10 men aboard a U.S. Navy patrol plane returning to fog-shrouded Argentia Naval Base were killed Tuesday night when it plunged into the sea.

The four-engine P3A Orion was approaching on instruments when it crashed three miles west of the field. Persons on shore reported seeing a fire and hearing an explosion.

Two tugboats, two crash boats, a rescue helicopter and a Coast Guard transport found no trace of the aircraft.

The P3A, a military version of the Lockheed Electra, is equipped for antisubmarine warfare and carries an array of detection gear, torpedoes and depth charges.

Identifications of the men were withheld.

Maiden Trip For Carrier

NEWPORT NEWS, Va. (AP)—Looking as mighty as the nation she's named for, the aircraft carrier America eased away from her berth today and headed for the open water and her first sea trials.

Two tugs pulled her from Pier 8 at the Newport News Shipbuilding & Dry Dock Co. and into the James River. Thousands of persons lined the river bank as she moved slowly toward Hampton Roads.

Viet Terrorist Bomb Levels Cafe, Wounds 18 Americans

SAIGON, South Viet Nam (AP)—A terrorist's bomb demolished a restaurant at the Saigon airport today, wounding 18 Americans and at least four Vietnamese.

One American Air Force officer was badly wounded. He was sitting outside the restaurant in a bus when concrete fragments smashed into it.

The other injured Americans were 11 U.S. airmen, three Army men and three civilians.

First reports indicated they were in the area of the restaurant, not in the building, and were only slightly wounded.

LEVELS CAFE
The explosion virtually leveled the Air Viet Nam restaurant situated a few buildings

from hangars containing U.S. Air Force jets.

American and Vietnamese security men at first thought the airport was under a Communist mortar attack similar to that which killed four Americans and wounded 72 at the Bien Hoa air base two weeks ago.

A few minutes before the explosion an Australian air force plane had arrived from Singapore with flood relief supplies for central Viet Nam.

'COPTER ARMADA
An armada of 115 U.S. helicopters was landing at the airport as the explosion took place. They had been engaged in the biggest airlift of the Vietnamese war, carrying troops into Communist territory north of Sai-

Texas Rains Flooding Homes, Stalling Cars

TORTURE TRUNK EXPOSED

Italians Expel Two Egyptian Abductors

ROME (AP)—The Italian Foreign Ministry today ordered the immediate expulsion of two Egyptian diplomats caught trying to ship a bound, drugged prisoner to Cairo in a trunk labeled "diplomatic mail."

Rome police said they had information the victim, Moroccan-born Josef Dahan, 30, had been a spy for the United Arab Republic some years ago and more recently for Israel.

The police said Dahan was an Israeli citizen. The Israeli Embassy said it had no record of him.

HUMAN CARGO
Police said the "diplomatic trunk" had almost certainly been used before for human cargo.

The Foreign Ministry sent for the U.A.R. ambassador to protest and to order the expulsion of the two embassy first secretaries who tried to load the trunk aboard a U.A.R. airliner bound for Cairo.

Dahan denied that he had spied for either of the two Middle East rivals, police said. A linguist with bleached blond hair, he told police he had worked for a time as an interpreter at the U.A.R. Embassy.

TRUNK HALTED
The locked trunk was halted

Wife Of Former VA Manager Here Dies In Arkansas

Friends here have been advised of the death, in Fayetteville, Ark., of Mrs. L. B. Andrew, wife of the first manager of the VA Hospital in Big Spring. He has for many years been manager of the VA facility at Fayetteville.

Mrs. Andrew succumbed after a long illness. The funeral service is to be held Friday at 2 p.m. in the Trinity Methodist Church in Fayetteville, with burial in a cemetery there. It has been requested that in lieu of flowers, memorials be made to the Trinity Methodist Church.

The Andrews came here in 1950, when the VA hospital was completed, and he directed its formal opening and its first years of operation. The couple established a warm relationship with the community and made many friends here. Their tenure here was about two years, after which they went to Fayetteville.

at Rome's Fiumicino Airport Tuesday night while it was being shipped as diplomatic mail. Police arrested the two first secretaries who were with it but released them because they had diplomatic immunity.

Customs officials heard faint cries of help from the trunk. When police opened it, they found an almost unconscious man strapped to an apparatus that looked like it came from a medieval torture box.

The trunk was lined with leather and had a tiny seat, built-in shoes and ankle clips to hold the feet in place, and a metal neck clamp and a kind of

crash helmet to hold the head steady.

The newspaper Il Tempo called Dahan a spy and said the case was "an almost cinematic drama which developed in the political and racial rivalry existing for years between Egyptians and Israelis."

"According to unconfirmed reports," said Il Messaggero, "the prisoner of the U.A.R. Embassy may have certainly been born in Morocco of Spanish parents but might be of Israeli nationality. The name Dahan sounds unmistakably Jewish."

"We know nothing; we know nothing," said a spokesman at the U.A.R. Embassy.

Police said Dahan told them he was approached by two men from the U.A.R. Embassy on Rome's Dolce Vita Street, the Via Veneto, Monday night. They invited him to a cafe for drinks.

After several drinks, Dahan was quiet as saying, they eased him out of the cafe, slugged him, injected him with some kind of drug and dragged him into a car before he lost consciousness.

Nixon, Japanese Premier Huddle

TOKYO (AP)—Former Vice President Richard M. Nixon conferred today with Prime Minister Eisaku Sato on a wide range of subjects involved in U.S.-Japanese relations.

Stock Market Continues On Record High Ground

NEW YORK (AP)—The stock market surged further into record high ground in heavy trading early this afternoon.

Blue chip leadership again paved the way for the market's advance which was now bringing it within halting distance of another "magic number"—900 in the Dow Jones industrial average.

DuPont, Sears, Roebuck and General Electric were among the front runners.

Early gains by motors, however, were pared away as the session continued. Oils were lower as a group. Many market wheelhorses were unchanged.

But enough of the "key stocks" were strong so that the averages got a powerful kick to higher levels.

The Associated Press average of 60 stocks at noon was up 1.5 to 331.8, putting it just above its last record closing high. Industrials were up 2.6, rails up .7 and utilities up .3.

The Dow Jones industrial average at noon was up 6.65 to 802.04.

Prices were irregularly higher in fairly active trading on the American Stock Exchange.

Ike Winds Up Golf Vacation

AUGUSTA, Ga. (AP)—Former President Dwight D. Eisenhower wound up a vacation of several weeks at the Augusta National Golf Club and returned to his farm near Gettysburg, Pa., Tuesday.

Police said Dahan told them he was approached by two men from the U.A.R. Embassy on Rome's Dolce Vita Street, the Via Veneto, Monday night. They invited him to a cafe for drinks.

After several drinks, Dahan was quiet as saying, they eased him out of the cafe, slugged him, injected him with some kind of drug and dragged him into a car before he lost consciousness.

Police said Dahan told them he was approached by two men from the U.A.R. Embassy on Rome's Dolce Vita Street, the Via Veneto, Monday night. They invited him to a cafe for drinks.

Engineers Will Meet Thursday

Members of the Permian Basin chapter of the Texas Society of Professional Engineers will have their monthly session Thursday at 6:30 p.m. in the Sands Motel at Midland.

The November meeting traditionally is given over to a membership survey. Eight new members were accepted into the chapter last month, according to O. H. Ivie, Big Spring, president.

Left to serve the town are two other passenger trains—Nos. 26 and 27. No. 26, eastbound, arrives in Big Spring at 2:40 a.m. Train No. 27, westbound, arrives at 5:15 a.m. This means no day time passenger trains will be in Big Spring after tomorrow.

Railroad officials pointed out that Tuesday morning, only one passenger boarded Train 21 out of Big Spring.

FEW PASSENGERS
"Frequently," said one railroad officer, "the trains have been making the run from El Paso to Dallas with as few as

five or six passengers."

This situation, he added, is not new. There has been a steady drop in passenger demand for a good many years.

This left the trains with only revenue from carrying mail and express. The railroad points out that the Post Office Department has been working on a plan to truck mail between points in this area for sometime.

"Even before the company asked to discontinue the trains," said one officer. He pointed out that the post office has already put a truck mail delivery

(See TRAIN, Pg. 7-A, Col. 8)

City To Lose Day Time Passenger Train Service

Left to serve the town are two other passenger trains—Nos. 26 and 27. No. 26, eastbound, arrives in Big Spring at 2:40 a.m. Train No. 27, westbound, arrives at 5:15 a.m. This means no day time passenger trains will be in Big Spring after tomorrow.

Creeks Swell, Streets Blocked

Continuing rains fell across mid-sections of Texas today, flooding some homes in the Bowie area and swelling creeks and rivers.

Prairie Branch, near Bowie in North Central Texas, measured 6.25 inches this morning. Bowie had 5 inches

and the neighboring towns of Newport and Sunset reported 4 inches.

Water entered homes, stalled cars and blocked at least three streets in Bowie. Brushy Creek, near Sunset, spilled from its banks covering portions of Farm 2749.

OVER 5 INCHES
Brownwood, in West Central Texas, received 5.35 inches in 24 hours while Baird reported a 7.29 inch fall the past three days.

The rains filled some creeks in West Central Texas for the first time in two years.

Lake Hubbard near Breckenridge was expected to rise two feet from a 5.17-inch rain in its watershed near Baird.

The weather generally in Texas continued to be dominated today by a stalled-out cool front that stretched from dawn from Tyler down through Waco and on out to the Big Bend Country.

MORE SHOWERS
Forecasters at the U.S. Weather Bureau said rain and some drizzle would be general over most of the northern half of the state today and spotted with a few showers in South Central Texas.

Precipitation in Northwest Texas should end by tonight, the Weather Bureau said, with clearing conditions sweeping southeastward over most of Northern Texas by Thursday.

SECOND FRONT
The stationary front bisecting the state produced temperature differentials of 40 degrees Tuesday afternoon. For example, maximum readings ranged from 46 at Amarillo and Dalhart to 87 at Presidio and Laredo.

A second front had reached the upper Panhandle early today and most of Texas by tonight. Early morning readings ranged from 36 at Dalhart to 73 at Laredo, the warmest point in the United States, according to Weather Bureau figures.

Like the size of marbles pelted Pleasant Grove six miles south of Anson.

U.S. Plane Shot Down

WASHINGTON (AP)—A U.S. F100 jet fighter plane which was escorting a reconnaissance plane over Laos has been shot down. Rescue operations for the pilot are under way, Secretary of Defense Robert S. McNamara announced today.

The fighter was one of two aircraft escorting a RF101 photo reconnaissance plane in operations similar to those begun last summer at the request of the Laotian government to detect infiltration of North Vietnamese personnel and equipment into Laos.

McNamara told a news conference that the incident occurred about midnight, EST, in the "panhandle" part of Laos in the south central section.

LBJ Park Faces Property Conflict

AUSTIN (AP) — "Lyndon B. Johnson State Park" officially exists today, but there is controversy over acquiring the necessary land and over the reason for the park's creation.

The Texas Parks and Wildlife Commission—including longtime Johnson friend and business associate A. W. Moursund of Johnson City—unanimously adopted a resolution Tuesday creating the park across Ranch Road 1 from the "Little White House."

"Acquisition of the land" by purchase or condemnation as the case or cases may be, is ordered by the resolution.

COURT FIGHT
Earl W. Sweeney, a retired Houston contractor who lives with his wife on a 70 1/2-acre peach farm across the road from Johnson's ranch house, promised a court fight if offered less than he thinks his land is worth.

"If they don't meet my requirements, I'll fight to the last ditch," he said.

Sweeney said he feels the park was designated to head off plans by three Travis County men to open a curio and snack shop across the road from the main gate of the LBJ Ranch. He said he had given the men an option

to buy land for the shop for \$25,000.

"I believe that's the cause of all of it," Sweeney said.

One of the men, Don Davol of Round Rock, agreed.

"I don't guess we are going to put a curio shop in. They just didn't want us to put one in," Davol said.

Another of the partners in the venture, Abner L. Jones of Austin, said, "I heard rumors this might happen, but not this fast. We kind of expected some repercussions, favorably or otherwise. It looks like otherwise."

NO CONNECTION
Commission members said there was no connection between the curio shop plans and the decision to create the park.

Moursund estimated about 200 acres are involved. The commission said in an official statement the park would comprise "from two to three hundred acres and

possibly more." The area is rolling farm and grazing land, broken by peach orchards, mesquite trees and some ancient live oaks.

J. Weldon Watson, executive director of the Parks and Wildlife Department, said the tract includes "the land directly across Ranch Road 1 from the LBJ Ranch bounded on the east by the Lutheran Church and cemetery," on the south by U.S. 290 and on the west by a community road. The park site is about 1 1/2 miles long.

Roadblocks were set up last Saturday barring traffic on Ranch Road 1 along Johnson's property whenever the President or First Lady went outside the ranch house. A Secret Service agent attributed the traffic interruption—which once lasted 1 1/2 hours — to "security reasons."

BUSINESS TRUSTEE
Moursund said in answer to a reporter's question that plans for the park had been discussed with neither the President nor the Secret Service.

Moursund is trustee for the Johnson family's business interests.

As to financing, Watson said no money is presently available from state funds, and an official statement said "financing is expected to be enhanced by public donations."

Moursund said the land now has "more than one owner," but did not elaborate. Johnson leases part of the property, he said, and "I guess he is going to lose that lease."

Firemen said the blasts apparently started in a photograph shop and fed on the inflammable store of ingredients used to produce inks and varnishes.

Workers told of being hurried through the air by the blasts, which set the plant ablaze and touched off nearby gasoline tanks. The factory is in a large industrial complex at suburban Uccle.

Detective Fairlee Morgan reported Tuesday that the boy said his father lived in Montgomery, Ala., and his mother lived in Mobile in a house belonging to relatives.

The boy was quoted as saying he thought his mother would have to go to Montgomery if the house burned.

The fire was stopped before much damage was done to the small frame house.

The bidding:
South West North East
1NT Pass 3NT Pass
Pass Pass

Opening lead: King of ♠
South, the declarer at three no trump, subjected himself to unnecessary mental anguish when he overlooked a method which could have converted an apparent guess into a sure thing.

West opened the king of spades which was permitted to hold the trick. He continued with the queen on which his partner discarded the deuce of clubs as South ducked again. The jack was led next as East shed another club and declarer finally played the ace.

South could count eight top tricks with the possibility of scoring a ninth via a successful finesse in either hearts or clubs. In order to force sev-

eral discards from his opponents, which he hoped might reveal the lay of the land, declarer proceeded to run the diamond suit.

East discarded two hearts and two more clubs, while West gave up, in turn, the deuce of hearts and the nine of clubs. South in the meantime had thrown his last spade. The moment of decision had arrived and declarer elected to go with the heart finesse. When West turned up with the king, he cashed the setting tricks in spades.

Exactly how declarer should have been influenced by the discarding does not concern us here, for the fact of the matter was that he had a simple method available to eliminate the guesswork completely. If West is stripped of his diamond holding and then given the lead with ♣ spade, he must eventually play either a heart or a club himself — thus presenting South with a free finesse for his ninth trick.

It is suggested that declarer take the second spade lead and then cash three rounds of diamonds, preserving a late entry. No the dummy in that suit. With the diamonds now eliminated, a spade is led with complete assurance, for West can take no more than four tricks in the suit, and South can conveniently discard the ten of hearts from his hand on the last spade and await the fruits of his end play.

Awards Won By 29 Papers And Stations

PHOENIX, Ariz. (AP) — Twenty-nine newspapers and broadcasting stations were honored today by The Associated Press Managing Editors Association for outstanding contributions to The Associated Press news report.

Award of citations to the 25 newspapers and four radio-television members of the news cooperative was announced at the annual APME convention here.

ALASKA QUAKE
Five of the awards stemmed from coverage of the disastrous Alaska earthquake of March 27. Other awards were related to coverage of the assassination of President John F. Kennedy, racial disorders and the disappearance of three civil rights workers, tornadoes which struck Missouri, Kansas and Texas, and other news events.

The citations were signed by Sam Ragan, APME president and executive editor of the Raleigh (N.C.) News & Observer and Times; and Charles T. Alexander Jr., chairman of the APME Member Citations Committee and managing editor of the News & Journal, Wilmington, Del.

Recipients were:
News and newspaper coverage: Anchorage (Alaska) Daily Times; Fairbanks (Alaska) Daily News-Miner; Jonesboro (Ark.) Evening Sun; Hattiesburg (Miss.) American; (Charleston S.C.) Evening Post; Dallas (Tex.) Morning News; Dallas (Tex.) Times Herald; Wichita Falls (Tex.) Times and Wichita Falls Record News; Green Bay (Wis.) Press-Gazette.

NEWS HANDLING
News coverage: Station KENI and KENI-TV, Anchorage, Alaska; WRIN, Rensselaer, Ind.; WDSU and WDSU-TV, New Orleans, La.; Biloxi-Gulfport (Miss.) Daily Herald; Meridian (Miss.) Star; Rapid City (S.D.) Daily Journal; Greeneville (Tenn.) Sun; Fort Worth (Tex.) Star-Telegram; KEY, Provo, Utah; Wenatchee (Wash.) Daily World.

Newspaper coverage: Oakland (Calif.) Tribune; Ottawa (Kan.) Herald; Detroit (Mich.) Free Press; Foster's Daily Democrat, Dover, New Hampshire; Daily News, New York City; New York Journal-American; Democrat & Chronicle, Rochester, N.Y.; Times-Union, Rochester, N.Y.; Salt Lake (Utah) Tribune; Milwaukee (Wis.) Journal.

Poor Human Relations Ups 'Neurotic Reactions'

PHILADELPHIA (AP) — Ever wonder why the boss is unreasonable sometimes in the morning?
Or cranky?
Perhaps even hostile?

A prominent psychiatrist says you probably can blame it on that argument he had at breakfast with his son or his wife.

Dr. Francis J. Braceland of Hartford, Conn., former psychiatrist in chief in the U.S. surgeons general's office, says the executive can't check his personal problems — like that early morning argument at home — at the parking lot. He has to bring them into the office.

Dr. Braceland told a conference sponsored by the Society for Advancement of Management: "The hazards which the executive brings into his office with him are in many instances more difficult for him to cope with than the ones he encounters there."

The boss with poor human relations, said Dr. Braceland, tends "to increase neurotic and psychosomatic reactions all around him."

This results in high labor turnover sometimes, he added, pointing out that "from 60 to 80 per cent of all dismissals in industry are due to social incompetence rather than industrial failure."

Dr. Braceland, in his prepared remarks, suggested that "for an official to be badly maladjusted is worse than if he had the measles."

"One of the disadvantages of many modern industrial set-ups is that all too often work fails to provide emotional satisfactions which men need in their occupation."

Dr. Braceland said a boss's personality covers a wide range and insisted "there is no invariable executive type."

Instability From Progress Noted

HOUSTON (AP) — The startling scientific progress in recent years has "warped our attitudes and threatened our stability," says Rep. George Mahon of Lubbock, chairman of the House Committee on Appropriations.

"I suspect that we are suffering from a change of rhythm," he told a group of scientists last night. "Too much has happened too suddenly."

Mahon addressed the Robert A. Welch Foundation's annual research conference.

He said the scientific age is here to stay, and America will have to learn to accept a certain amount of confusion and frustration, along with the progress.

"Science has been pressed into the service of those who would enslave mankind," he said. "Those who would keep men free must employ the same force. Whatever else that may mean, all of us know it means the expenditure of money."

He said 15 cents of each budget dollar today goes for research and development.

"Developments of one kind or another have captured the public imagination and importantly influenced public attitudes and government spending."

"We laymen have been quite unsure of ourselves in this area. In no other field is the rightness of any given level of expenditure more unprovable or more imprecisely measurable."

Minister Indicted In Assault Case

CHIPLEY, Fla. (AP) — The Washington County grand jury has indicted a white minister from Slocomb, Ala., for the rape of a Negro girl.

The Rev. Trim Finch, 46, listed as pastor of the Free Will Baptist Church in Slocomb, was named in the indictment, returned Tuesday after two days of testimony.

Police said the 16-year-old alleged victim had been hired by Finch as a baby sitter.

Puzzle of Tuesday, November 17, Solved

Use Of Immigration Law For Importing Labor Hit

WASHINGTON (AP) — A labor conference Tuesday. Imported Mexican workers in the Southwest and British West Indies workers in Florida will be most affected by the expiring laws.

Father Vizzard noted that President-elect Gustavo Diaz Ordaz of Mexico visited President Johnson at his Texas ranch last week and reported later that among other things they talked about the migrant worker program.

HELP IN FIGHT
Father Vizzard said the rural life conference, made up of 41 national, civic, church, farm and labor groups, helped in the fight in Congress to prevent extension of the foreign migrant laws, but: "What seemed to be one of our most important victo-

Legislation to extend two laws permitting foreign laborers into the United States during harvest time was killed in Congress. The laws expire Dec. 31, and the Labor Department has scheduled public hearings to determine new rules for letting the workers in under the Immigration Act.

"It is now becoming apparent that the growers are determined to continue to demand and get the equivalent of a slave labor force," said the Rev. James L. Vizzard, S.J., chairman of the National Catholic Rural Life Conference.

"To me it is a profound embarrassment and humiliation that our federal government feels it is obliged to cooperate with them in this disgraceful venture," the Jesuit priest told

ries is threatening to turn into ashes in our mouths." When the program expires, all migrants must come in under the immigration law after the secretary of labor certifies they would not hurt the U.S. labor market.

College Fund Plan Adopted

AUSTIN (AP) — The Texas Commission on Higher Education has adopted a state plan to provide Texas' public and private colleges \$11.7 million in federal funds next year.

The plan, if approved by the U.S. commissioner of education, will permit the state to take part in the Higher Education Facilities Act.

Dr. Lester Harrell, director of the commission, said of \$11.7 million, junior colleges should get about \$2.7 million and senior colleges \$9 million.

The plan is a compilation of technical data for determining priority schools on a point system. Applications for funds will be accepted until Jan. 15, and allocations are expected to be made in early March, Harrell said.

He said about 90 Texas schools are eligible for participation in the plan—22 public senior colleges, 32 public junior colleges and 36 private schools.

Urgent Rail Talks Persist

CHICAGO (AP) — Railroad and union officials resume negotiations with federal mediators today in attempts to reach an agreement in a long wage dispute and head off a nationwide strike.

Some 140,000 non-operating employes of six shop craft unions are set to strike at 6 a.m. local time Monday. The walk-out, a spokesman for the unions said, would halt service on 187 major railroads and terminal switching companies which handle most of the country's rail traffic.

Francis A. O'Neill of the National Mediation Board said no progress was made in Tuesday's talks with union and rail officials in a wage dispute which started nearly 18 months ago.

KEEP PLUGGING
"We're just working back and forth," O'Neill said after meeting with officials. "We'll just keep plugging along."

A tentative agreement was reached Tuesday with the Brotherhood of Locomotive Firemen and Enginemen, representing about 28,000 firemen, hostlers and engineers on 163 major railroads.

The agreement, similar to one announced Monday by the 130,000-member Brotherhood of Railroad Trainmen, provides a 9-cent-an-hour wage hike for firemen and hostlers and a \$1.75 increase per basic day for engineers.

M. W. Hampton, assistant president of the BLFE, said the proposed contract follows the

Huxleys, Darwins Have Family Ties

NEW YORK (AP) — The Huxleys and the Darwins, long united in scientific and literary association, now have family ties.

Mrs. Schenck Huxley of New York has announced the marriage Saturday of her daughter, Angela Mary, 24, to George Pember Darwin, 36, in London. The couple will live in London.

Darwin is a great-grandson of biologist Charles Darwin, who developed the theory of evolution.

The bride is the great-granddaughter of T.H. Huxley, outstanding defender of Darwin's theory.

Soviet Minister Visits With Thais

BANGKOK, Thailand (AP) — Soviet Deputy Foreign Minister Nicolai Virubin arrived today for a 24-hour visit. He and Foreign Minister Thanat Khoman were expected to discuss promotion of cultural relations between their countries.

Sunny Feature Has Dark Side

MADRID, Spain (AP) — Spain's sunshine—one of the most attractive features for the increasing flow of tourists — is beginning to worry the Spaniards.

A long drought has reduced the level of water reservoirs 50 per cent. Authorities in some areas are contemplating water rationing.

Madrid, which consumes 700,000 cubic meters a day, has a 40-day supply. A number of places report no rain in more than five months.

Tax-Angry Homeowners To Gather

LOS ANGELES (AP) — When Dr. Frankenstein's monster grew too hard to live with, a torchlight parade of peasants in Transylvania marched up to the doctor's door and declared: "This darn thing has gone too far."

Something along this line seems to be shaping up in Los Angeles. It's beginning to look like anti-monster-marching time. The monster: property taxes. And guess who's on the side of the marchers? The tax assessor.

HATES TAXES
Thousands of angry homeowners, mad over their tax bills, are due to arrive by bus and car at the civic center Thursday at 9:30 a.m. — which, fortunately, is too early for torches.

The question is: Where is Dr. Frankenstein?

Don't look for him in the office of County Assessor Philip E. Watson.

Because Watson, 39, a boat-rocking, hard-nosed tax man, hates taxes — and what he terms the present unfair tax structure — as much as any of the apologetic property owners.

Watson says he is willing to go out on the street himself to pass petitions to get a state constitutional amendment on the next ballot that would put a lid on the rise of property taxes.

"We are already in the danger zone of excessive taxation," he told a news conference Monday. "During the past 10 years, property taxes have tripled."

There is no Dr. Frankenstein, according to Watson's view, because no one person created the present tax system; like Topsy, it just "grow'd."

Receives Fellowship
Dr. Preston Harrison, superintendent of the Big Spring State Hospital (right), congratulates John L. Batey, chief pharmacist, on his appointment as a fellow of the American College of Apothecaries. (Photo by Preston Maynard)

Batey Named To Select Fellowship

The chief pharmacist of the Big Spring State Hospital, John L. Batey, has been appointed to a fellowship in the American College of Apothecaries, an organization including some 900 pharmacists in the United States.

Dr. Preston Harrison, superintendent of the hospital, said in announcing the appointment that the recognition was a high honor for a young man in the pharmaceutical profession. Batey graduated from the University of Texas School of Pharmacy in August, 1963, and became chief pharmacist at the hospital here last September.

He is one of 30 pharmacists, of about 7,000 working in Texas, who have received appointment to the group, which Batey said is similar to the American College of Surgeons fellowships. Two other Big Spring pharmacists, Wayne and Norman Gound, are also fellows of the organization.

Batey received a letter of notification concerning the fellowship from the organization last week. Appointment is based upon a nomination from one other fellow of the group, two other pharmacists, a pharmaceutical manufacturing company, and the executive secretary of the

state pharmaceutical association. An individual must also complete certain post-graduate study requirements and attend post-graduate seminars and other meetings concerning the profession, Batey said.

Batey has received bachelor of arts in bio-chemistry and bachelor of science in pharmacy degrees from the University of Texas. He worked for about four years as a bio-chemist at the Austin State Hospital and also served a one-year internship as a pharmacist there. Formerly of San Angelo, he is a member of the American Pharmaceutical Association and the Texas and American Societies of Hospital Pharmacists.

Co-Op Rate Cut Hearing Slated

WASHINGTON (AP) — Southwestern Public Service Company's proposal to reduce wholesale electric rates to 15 rural cooperatives will be heard Jan. 16 by the Federal Power Commission.

Houstonian Sells Interest In Mill

CHICAGO (AP) — John F. Maher of Houston has sold his 30 per cent interest in the Chicago Mill & Lumber Co. for a \$1.5 million capital gain to a law firm, Pritzker & Pritzker.

Wake up rarin' to go

without nagging backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain — you want relief — want it fast! Another disturbance may be mild bladder irritation following wrong food and drink — often setting up a restless, uncomfortable feeling. Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. For convenience, ask for the large size. Get Doan's Pills today!

Doan's

Astronaut Glenn Taking Flight Training Course

EL TORO, Calif. (AP) — It's back to school for Col. John H. Glenn, Jr., the first American astronaut to orbit the earth.

Glenn checked in at the El Toro Marine Air Station Tuesday for a two-week refresher course in flight training. Purpose of the course is to restore his status as an unrestricted pilot.

Glenn has been grounded since a bathroom fall earlier this year impaired his sense of balance.

Glenn plans to retire from the Marine Corps in January to enter private business. He will

continue working part time for the National Aeronautics and Space Administration.

Jungles Combed For Infiltrators

SINGAPORE (AP) — Malaysian forces combed the outskirts of Singapore and the marshy jungles of the southern Malay mainland for Indonesian infiltrators today.

Police said seven Indonesians captured Monday night in a remote area of Singapore Island, had slipped ashore three days ago.

Whooper Count May Climb To 41

WASHINGTON (AP) — The Interior Department is optimistic that the wild whooping crane population may grow to 41 this year, after first arrivals of the cranes at the Aransas National Wildlife Refuge in Texas.

Thirteen more whoopers, including four young, arrived Tuesday to bring the total at the refuge to 30.

It has also been established

that at least nine whooper chicks survived this year.

The known wild flock now stands at 31. The Interior Department said that 32 cranes flew north to the Canadian nesting grounds last spring. If all return and all this year's known chicks survive, the wild crane population would grow to 41.

Seven other whoopers are in captivity at the Audubon Park Zoo in New Orleans.

A Devotional For The Day

I will not leave you comfortless: I will come to you. (John 14:18)

PRAYER: Jesus, our Lord and Savior, grant unto us this day the joy of walking with Thee, our unseen companion but a very real one. How lonely life would be without Thee! Abide with us. We pray in Thy name. Amen.

(From the 'Upper Room')

Trimming The Excises

President Johnson's decision to ask the first session of the 89th Congress for a broad cut in federal excise taxes should be popularly received by business, consumers — and the states.

The proposal has just about everything going for it. It combines tax relief and tax reform with national policy to stimulate economic expansion and an improvement in federal-state relations.

Certain to go, and soon, for Congress cannot resist the political attractiveness of their repeal, will be the \$50 billion in war-born luxury taxes on cosmetics, toilet goods, jewelry, furs, luggage and pocketbooks.

These have become, under changed conditions, nuisance taxes on necessities that depress consumer demand and are a bookkeeping annoyance to business. They should have been repealed long ago.

How many other federal excise taxes — mainly those that manufacturers pass on to consumers — will be repealed or reduced depends on the state of the national economy and federal budget at year's end. The probability is that the administration will ask that the \$15 billion annual bill for federal excise taxation will be cut by nearly \$2 billion.

Besides scrapping inequitable and outmoded levies, the federal excise cuts should serve to help continue through 1965 and beyond the economic expansion which the federal income tax cut last February seems to be generating now. Of considerable importance, too, the repeals and reductions will take federal pressure off of a tax source on which all the state governments — either through state excises or general sales taxes — are heavily dependent.

11-20-19 8-5-18-5

It came much quicker than most people ever thought it would. A numerical code has triumphed over the old-fashioned habit of addressing letters to people.

Proof positive was furnished by Robert Maitland of New York City in a letter to the editor of the Christian Science Monitor. He received promptly a letter from England addressed as follows:

2410
320E42
10017
U.S.A.

The first number was that of Maitland's apartment, the second was his street address, and the third his zip-code number.

If names are to be supplanted completely by numbers, we suggest that the clock be turned slightly and a more elegant obituary adopted as follows:

MMCCXX
CCXX E XLII
XXVII (typographical difficulties prevent the proper inclusion of a bar over the first X denoting 10,000) U.S.A.

David Lawrence

'Resegregation' In The Capital

WASHINGTON — "Resegregation" in public schools is still going on in the nation's capital. The October 1964 census figures just issued by the school authorities here show that, since the "Supreme Court" "desegregation" decision in 1954, the number of white students has declined from 43 per cent of the total school population to 22.4 per cent. The number of Negro students, on the other hand, has increased again in the past year, and now is 77.6 per cent of the total, as compared with 57 per cent in the 1953-54 school year.

MANY OF THE schools in Washington, nevertheless, are still virtually all-white or virtually all-Negro. There are only a few schools which can be said to be truly "integrated" in the sense that a substantial proportion of pupils of both races are in attendance at the same schools. Meanwhile, numerous white students have enrolled in private schools here or have moved into public schools in Maryland or Virginia, where the Negro population is not as large.

In terms of actual enrollment, there are only 17,673 white students in the public schools in Washington today, compared with 44,897 in October 1953. As for the Negro students, there are now 125,016 in the schools, in comparison with 58,936 in October 1953.

THE SUPREME COURT'S objective — namely, to give all Negro pupils an opportunity to sit in classrooms with white students — has not

been realized. In fact, the opportunities would seem to be diminishing, and "resegregation" is, in effect, taking place as some of the schools in the last 10 years have again become virtually all-white or all-Negro.

The Supreme Court of the United States ruled in 1954 that "segregation of children in public schools solely on the basis of race, even though the physical facilities and other 'tangible' factors may be equal, (does) deprive the children of the minority group of equal educational opportunities."

IN SOME CITIES in the North, the local authorities have undertaken to use bus transportation so as to transfer students from one neighborhood to another in order to achieve a kind of racial balance. It has been the subject of court litigation by protesting parents of some pupils.

Little attention, however, has been given to the supplementary opinion of the Supreme Court of the United States rendered in May 1955, which said that the courts may consider transportation systems and attendance areas in compact units to achieve a system of determining admission to the public schools on a non-racial basis, and revision of local laws and regulations which may be necessary in solving the foregoing problems.

RESIDENTS OF THE District of Columbia, by a constitutional amendment adopted in 1961, gained the right to vote in presidential elections and gave a majority of more than six to President Johnson in the recent election. The President appoints the district commissioners and is virtually the mayor of the city. Congress acts with the same authority as a city council or board of supervisors does in cities or counties in other parts of the country.

The voters in the district cannot by themselves bring about racial balance in the schools. They are dependent upon the President and members of Congress, but in this year's campaign the Democratic party scored an overwhelming majority in the country with the argument that it was interested in civil rights and equal opportunity and an adherence to what has been called "the law of the land."

Billy Graham

Please explain the verse in the Bible that states you have to hate your family in order to follow Christ.—P.A.

It sounds demanding, doesn't it? The Scripture reads: "If any man cometh unto me, and hateth not his own father, and mother, and wife and children, and brethren, and sisters, and his own life also, he cannot be my disciple" (Luke 14:26). One of the most effective ways to get a point across is to use the strongest expression possible. This Jesus did. We know He didn't advocate hating anyone, for then this verse would contradict the whole message of the Bible. You must understand it in the light of the rest of the Bible.

What Jesus actually says is that our love for Him must be supreme. It can have no rival. But we find in practice that though we love Him above everyone else, we do not therefore truly hate everyone else. Look at the sun shining in its strength, then light a match and hold between the rays of the sun and your eye. The light of the match will be like darkness. That is how our love for Him should compare with our love for everyone and everything else.

He must be first in our lives if we are to follow Him. The greatest need among modern Christians is to pay the full cost of discipleship.

HIPPETY HOP

James Marlow

Rotten Boroughs To Go

WASHINGTON (AP) — Mark Twain used to tell a story about a trainload of state legislators who were going on a picnic.

The train was held up by bandits. Having relieved the bandits of their valuables, the legislators proceeded to their picnic.

This, of course, is not an accurate description of modern state legislators. For one thing, they lack the old-time vigor.

But many of them are putting up quite a fight — a fight they cannot possibly win — a fight to preserve "rotten boroughs."

The term rotten borough derives from British parliamentary history. The big dictionary defines a rotten borough thus: "An election district that has many fewer inhabitants than other election districts with the same voting power."

THIS EXACTLY describes the situation now prevailing in most states of the Union. There has been a tremendous growth in the population of cities and suburbs, especially the latter, but the outmoded rural folks still control — or at least exercise a veto power — in most state legislatures.

In some cases the state constitutions called for mandatory reapportionment after each census but legislators blithely ignored this requirement, in some cases for as long as 60 years.

A lawyer from one of those states requested more time from the Supreme Court.

"How long do we have to wait?" asked Chief Justice Earl Warren, with the air of a man who is tired of waiting.

Now the law of the land — as pronounced by the Supreme Court — is "one man, one vote" — that is, legislative districts have to be equal in population, as nearly as practicable.

SO THERE is nationwide ferment, special sessions of legislatures, with federal courts breathing down their necks. The idea of the controlling rural folks is to reapportion in such a way as to give up as little power as possible.

New Jersey has come up with a plan — not quite new because it was tried in New Mexico but promptly slapped down as a violation of the state constitution. One aim of this plan is to retire any legislator to private life.

It provides for weighted voting in the state Senate, that is the senator from populous Essex County would have 19 votes, as against one for the senator from Cape May County.

To Your Good Health

Suggestions For Taming Migraine Headaches

By JOSEPH G. MOLNER, M.D.
Dear Dr. Molner: I have read your booklet, "How to Tame Headaches," but I still have one or two migraines a week. By keeping a record I notice that I have had one every weekend for several months.

The villains seem to be anger, menstrual periods, and a condition described by you as "a feeling of pressure because you have a great many things to do and it bothers you because you can't get all of them done as perfectly as you wish."

I've truly tried to get rid of my perfectionist attitude but can't seem to do so entirely. Can I really conquer this?

I hate to be gulping pills all the time. I take thyroid, iron and birth control pills, and some my doctor gave me for migraines.—MRS. W. S.

You've obviously made a valiant effort to pinpoint the things that trigger your migraines, and this isn't always easy to do. Neither is it easy to achieve a sudden change in your perfectionist personality — it's the way you are put together emotionally.

Here are my suggestions: Figure out how much you really must do during the day, and be careful not to cram too much into the schedule. Leave a margin of extra time to take care of the unexpected things that come up. But the goal is to leave some free time in the afternoon or evening, or both, to do what you feel like doing. Or do nothing! If some things are not done, or the silver still needs a more thorough cleaning, it can be done tomorrow. Not today.

That weekend pattern of headaches may well be significant. If you customarily eat fish or seafood on Fridays, it might pay to be suspicious of them. They have an allergic effect on some people, and could possibly be a factor in touching off these headaches.

Or, possibly, there may be some family situation, recognized or suppressed in your mind, causing a subtle rebellion at (for a guess) having the whole family around all the time on the weekend.

The pills your doctor gave you are probably an ergotamine preparation. They should not be taken continuously but rather periodically as needed. They may not do much good after the headache has developed. They are effective mainly if taken at the first "aura" or signs that a migraine is shaping up.

Occasionally birth control pills trigger headaches in some women; thyroid tends to be helpful. But the weekend pattern you noted would minimize the chance of either of these being strongly involved.

As to preventing migraines, some medications are beneficial. Specifically, tranquilizers or mild sedatives, taken just before the weekend, or before menstrual periods, may help. Another is methysergide maleate, ("Sansert") which can be taken daily, and helps with certain types of headaches, especially migraines.

All of these, especially the latter, should be taken only under your doctor's direction.

But I'd also keep looking for the situations which trigger the attacks.

Dear Dr. Molner: Can twins be conceived at different times?—MRS. W. H.

Yes. Not identical twins, but fraternal twins. The fertilization of the two might be separated by hours, or even a very few days.

NOTE TO MRS. L. O.: For rectal polyps, yes, I consider it "dangerous to just leave them." Unlike polyps in some other parts of the body, some of these have a tendency to become malignant.

Around The Rim

Banana Diplomacy

Heredity may account for some of my interest in Fulton-South Fulton, which straddles the Kentucky-Tennessee line near its western terminus. My father's clan came from those parts, and naturally we think it is a little special.

Located in the midst of a tobacco, corn, cattle and hardwood culture, it is one of the least suspecting places for bananas and an inter-Americas exchange of good will.

IN EARLY October the two Fultons put together the second annual International Banana Festival, if you please, and they did it up ripe. Fulton is about midway between New Orleans, the country's biggest banana port, and Chicago, its division point for the Illinois Central, which is the largest single banana carrier, and is also the hub of five rail lines which fan out into the eastern half of the nation. Every month 2,000 to 2,500 cars of bananas roll up from the port to be re-iced at Fulton. So to say thanks and point with pardonable pride, the banana festival was created.

BUT WHAT could a community 2,000 miles away from the nearest banana plantation do for such a festival? Plenty, and if you need convincing, hold your banana straw while I recapitulate a few of the headlines and activities.

First off President Lyndon Johnson dispatched W. Averil Harriman as his personal representative to welcome Gonzalo J. Facio, ambassador from Costa Rica, and join in laying a wreath of acacia (flower of friendship) on the Avenue of the Americas where flew the flags of nine banana producing nations along with the U. S. and Kentucky and Tennessee flags. Oliver Saussie, director of Central American Affairs for the State Department came, as did Jose Antonio Correa, ambassador from Ecuador, Jose Garcia, representing the Pan-American Union, Gov. Edward T. Breathitt of Kentucky, and many other celebrities.

THERE WAS the inevitable beauty pageant with Vanda Kay Van Dyke, Miss America, to crown the winner, assisted by Miss Carol Glasston, the festival queen, Rita Munsey, Miss Tennessee, and Wilma Lee Bleivins, American Dairy Princess. Dave Overton, Nashville television personality,

did the honors at the show. Nor was this all the entertainment, for Al Hirt and his band were featured along with comedian Jerry Van Dyke, plus a marimba band from Guatemala for an Inter-American Fiesta, and "lingo" (bingo in Spanish).

One of the crowning events was a two-mile parade with some 75 entries, and 35 high school and military bands. There was an arts and crafts exhibit, which drew "top banana awards" and returned Guatemalan displays, including a demonstration of weaving.

THE AFFAIR opened with a banana pancake breakfast, and Quaker Oats sent Aunt Jemima to take part. Dub Barnette duplicated his feat of "the world's largest banana pudding" by stirring up a little concoction of 3,000 sliced bananas, 350 pounds of vanilla custard, and 850 pounds of boiled custard, serving it free. Druggists and others naturally stressed banana splits.

There was another kind of banana split — this with a machete in the hands of Central American plantation workers who tested their skill with the bludgeon-knife. Governors and congressmen vied in a banana shoot — with bows and arrows. Youngsters had a banana derby. Older athletes took part in a banana olympics, and teams from Costa Rica, Ecuador and Honduras had a soccer tournament. Illinois Central sent down some equipment for handicapped races.

ALL DURING the festival there were showings of a film on raising of bananas. The Fulton News put out a 24-page special section on the festival and its activities, and Jose Otano conducted Spanish lessons over the air in advance of the big event. Brenda Bennett won a \$25 prize for the best essay on "Why It Is Important That We Have Friends in South America" just to prove it wasn't a once-a-year promotion. Fulton residents took on a "baby blanket brigade," sending blankets to hospitals in Central America, and vowed to promote good will between the United States, Honduras, Panama, Costa Rica, Guatemala, Ecuador and other points south. That's what I call banana diplomacy.

—JOE PICKLE

Richard Starnes

Taking Charge At The Funeral

WASHINGTON—Every proper family has one — the obsequious male kin who comes forward in time of bereavement and takes charge of things.

He may be an otherwise untalented uncle, or a sallow, meandering nephew striving with might and main to become a career ne'er-do-well. But when Grandma's gallstones reach a critical mass and the old lady is gathered to her ancestors, there will always be someone with a genius for disaster who will step into the breach and see that the cranky old bat is properly tucked away.

THE REPUBLICAN party hasn't had much luck recently, but the news isn't all bad. For all its fealty to incompetents in high places, the GOP has found the right man to see to all the unpleasant tasks collateral with interment. There will be the telephoning of friends and family, notifying the newspapers, warning the village embalmer against too lavish use of rouge—the duties are many and important, and they require a man who understands death.

Richard Milhous Nixon is such a man. The endless disasters that have attended him and his enterprises have fitted him for the undertaking that surely will be the capstone of his career. He has stepped forward to see to the arrangements.

THE OLD GIRL always insisted she wanted to be laid out in pink organdy, but he will gently and firmly rule against it. She was 110 years and a bit when she finally turned in her lunch bucket, he will murmur, and something in dove grey with a bit of lavender at the throat will be more suitable.

Same with the hymns. She said time

and again she wanted to be carried out to the sound of strong men singing "Brighten the Corner," but there again the family can depend on R. Milhous to press his fingertips firmly together, stare at the ceiling and say, well, no, something like "Rock of Ages" would be far more appropriate.

NO ONE who has not endured the problems of disposing of the mortal clay of a political party can really appreciate what Nixon will mean in the months to come.

It is good that he has the aptitude of the grisly task at hand, and it is good that the nearest-of-kin have had the mother wit to recognize it. They paused, the sorrowing kith did, from dashing madly about in the fashion of barnyard hens who have sighted a hawk, and almost as a man agreed that the job was one for Nixon.

Rep. Robert P. Griffin, a Republican lawyer from Michigan, said it best. "Nixon is the logical person to provide the interim leadership," he said, quelling the mourners. "He has earned the respect of all elements of the party and has the stature to call them together."

IT IS A felicitous choice, all in all, and those who knew and cherished the late deceased should welcome it. There are those who still insist that the old girl's wayward step-grandson, Barry, ought to attend to the arrangements. But not many agree, for it was Barry's fool notion to give the old dear that cask of scuppernon wine that fetched her. The doctor did the decent thing and put gallstones on the death certificate, but everybody knows it was the scuppernon that did her in.

Holmes Alexander

The Dynasty Will Carry On

WASHINGTON — If there is a cease-fire period on our political calendar, it is the one between the election and inauguration of a President. This period is more peaceful still when there is no interregnum — no gap in rulership — and when the same administration remains in power.

FOR MYSELF, I have stopped reading newspapers and started reading books, stopped seeking interviews and have made myself content with musing. It has seemed to me that the badly-beaten Barry Goldwater had better take the veil of elder statesmanship and write his memoirs. The conservative cause will have to find itself new leaders, establish a new party, become reconciled to many years of constructive opposition and dream no dreams of foreseeable glory.

WHAT WE MUST contemplate now is a power struggle between two factions of the Democratic victors. If we hadn't been distracted by Goldwater's valiant but futile effort to arouse the people against the accumulation of power in President Johnson, we might have paid more attention to a tussle that began almost as soon as the last notes of the bugle drifted into silence above the grave of John Ken-

edy. For the planning and the forces which went into putting a Kennedy in the presidential office reached back many years — and will go forward for many years. Lyndon Johnson became President by accident. But John Kennedy got there by a design which has not disappeared with his death.

Nobody who has followed American politics for the past generation needs to be told how the remarkable self-made multimillionaire, Joseph Patrick Kennedy, planned to make his namesake President, changed plans when Joe Jr., was killed and worked for the elevation of the second son. Few who were watching failed to note how Robert Kennedy, then Attorney General, had to be beaten off the vice presidency by the one man in the country who could do it — President Johnson. It was not the dynamics of democracy that drew Bob Kennedy to New York, but the dynamics of dynasty. The voters of the Empire State were only passive instruments in keeping him in public life. His self-determination, which is an admirable, personable trait, but not a manifestation of democracy-in-action, brought him back to Washington where he heads a clique in the oncoming 89th Congress — and heads a fight that soon will be claiming national attention.

OIL REPORT

Operators Pick Out Three Sites

Three locations were staked early this week in Howard, one in Dawson County. Howard locations are in the Snyder (Clear Fork) field, Iatan-East Howard field and the Howard-Glasscock (San Andres) field. The Dawson well is in the Tex-Hamon (Fusselman) area.

Three Meted Sentences In Bank Robbery

WACO (AP) — Three men accused of robbing the First National Bank of Whitney received 10-year prison sentences from Federal Dist. Judge Homer Thornberry Tuesday.

Sentenced were James Paul Coker, 23, J. B. Coker, 29, and Clifford George Collins, 36, all of Fort Worth.

Three men held up the Whitney bank the morning of May 1 and escaped with \$23,000. They were arrested the same afternoon by state highway patrolmen and the loot recovered.

The trio pleaded guilty last week.

Midland's support of the Colorado River Municipal Water District amended application for a second lake on the Colorado River was assured again Tuesday.

E. V. Spence, manager of CRMWD, met in Midland with Mayor Hank Avery to report on all plans for the project which is up for a hearing Dec. 14 in Austin before the Texas Water Commission.

Mayor Avery assured Spence again of his plans to appear at the hearing and testify in support of the amended application. The entire Midland council, which previously had voted unanimously to work toward becoming a customer of the CRMWD's proposed new water supply, may also attend the hearing, along with the city manager.

Tuesday's conference was the first of a series in which Midland officials hope to determine the projected water needs of the city and to discover how much water will be available through the proposed lake. Some previous estimates pegged the Midland demand at as much as 10,000,000 gallons per day as a supplement to its ground water supplies.

Spence explained to the mayor or the reasons involved in seeking to change the projected location of the dam from extreme southern Mitchell County to a point above Robert Lee in

IRANIAN PRINCE VISITS AGAIN Raymond L. Tollett, Prince Farman-Farmanian, Bruce Bates of Phillips International

Prince Farman Of Iran Visits Friends Tuesday

A prince of Iran paid another, although brief, visit to Big Spring Tuesday, "because I have friends here."

He is Minouch Farman-Farmanian, a cousin of the shah of Iran and a director of his country's oil interests. In that role he is a world traveler and has made many trips to the United States to inspect oil methods and activities.

He came to the U.S. this year to attend the annual meeting of the American Petroleum Institute ("I always like to go to the API"), and then became a guest of Phillips Petroleum Company for a tour of that company's installations. However, when the trip got as far as Texas, Prince Farman made a point of making a stop in Big Spring.

He was escorted here by Bruce Bates, with Phillips International and with offices in New York. They were guests of Raymond L. Tollett, president of Cosden Oil & Chemical Company, at a dinner party at the Cosden Club Tuesday night, attended by Cosden officials and their wives and a few close friends of Tollett.

It was simply a meeting of old friends. The Prince has visited Cosden people twice before, in 1954 and 1958. Tollett and Cecil Guthrie, local operator, in turn, have been guests of Prince Farman at his homes in Iran.

The Prince and Bates planned to leave today, taking off from the Terminal airport because of weather, and were to go to Phillips installations at Borger and Bartlesville, Okla.

The Prince and Bates planned to leave today, taking off from the Terminal airport because of weather, and were to go to Phillips installations at Borger and Bartlesville, Okla.

Patient Not Seriously Hurt In 3-Story Jump

A patient at the Veterans Administration Hospital here, who jumped from a three-story window late Tuesday night, was returned to the hospital this morning, apparently with only minor bruises.

Appeals Court Backs Slanted Well Verdict

AUSTIN (AP) — The Third Court of Civil Appeals upheld an Austin jury's verdict against three East Texas oilmen penalized \$12,800 for drilling a slanted well.

The decision retains for the state a persuasive tool for use in winning agreed judgments against oilmen named in civil penalty suits.

The court ordered retrial of the state's contention that the three oilmen also should be fined for 10 years' production from the well. The jury found the three and another oilman should be penalized \$292,000 for the 10 years' production.

The court, ruling on what it termed "the most vital question" of the case, said that the state did not have to prove intent to deviate the wells.

The court reversed this portion of the lower court decision. Eighteen of more than 100 such suits filed by the attorney general since the 1962 investigation have been disposed of by agreed judgments bringing the state almost \$1 million.

All but one of the judgments followed the Oct. 30, 1963, jury verdict against H. M. Harrington Jr., Charles Lutes, Reid Allgood and J. W. Baton, all of Gregg County.

The jury found that the Wood County well operated by the four during 1952-62 was bottomed under a neighbor's lease, in violation of state laws and Railroad Commission rules, at a point 1,600 feet from the surface location of the wellbore.

Harrington, a Longview attorney, argued his appeal Oct. 7, charging 35 points of error in the trial in Dist. Judge Herman Jones' court.

"WRONG RULE" Harrington argued the state offered no proof on the number of days of drilling and operation of the well, and that no judgment should have been entered because the penalties were based on those figures.

Harrington also contended the state invoked the wrong rule in seeking penalties. Instead of a statewide rule providing for each day's illegal operation as a violation, a field rule with only a single violation possible should have been used, he said.

Also, Harrington contended, the instruments used for the directional well survey were inexact.

Harrington argued the state offered no proof on the number of days of drilling and operation of the well, and that no judgment should have been entered because the penalties were based on those figures.

Harrington also contended the state invoked the wrong rule in seeking penalties. Instead of a statewide rule providing for each day's illegal operation as a violation, a field rule with only a single violation possible should have been used, he said.

TRAIN

(Continued from Page 1)

system in operation effective Nov. 14.

The discontinuance will mean important job problems for a considerable number of persons. Some of these live in Big Spring.

Port Worth, for example, the normal train crew comprises a fireman, engineer, conductor, brakeman and baggageman. En route, there are four changes of engineers—eight in all serve on a run from El Paso to Fort Worth.

One conductor, brakeman and baggageman serve from El Paso to Big Spring. A new crew boards the train here and works on to Fort Worth. This means that 28 jobs on the two trains themselves will disappear with the discontinuance of the two trains.

LESS JOBS Most of the men on the runs, it was said by rail officials, are senior workers and will continue to have employment. However, as one put it, "ultimately it shakes down that somebody will be out of a job."

Meantime, the railroad workers have more than one issue to ponder. Not only will the two Eagles cease to fly effective tomorrow afternoon; there is a scheduled strike of railroad workers slated for 6 a.m. Monday.

"If this strike hits," said one railroad official glumly, "it won't be just Nos. 21 and 22—it will stop all trains of all kinds."

Midland Gives Assurance Of Application's Support

Midland's support of the Colorado River Municipal Water District amended application for a second lake on the Colorado River was assured again Tuesday.

E. V. Spence, manager of CRMWD, met in Midland with Mayor Hank Avery to report on all plans for the project which is up for a hearing Dec. 14 in Austin before the Texas Water Commission.

Mayor Avery assured Spence again of his plans to appear at the hearing and testify in support of the amended application. The entire Midland council, which previously had voted unanimously to work toward becoming a customer of the CRMWD's proposed new water supply, may also attend the hearing, along with the city manager.

Tuesday's conference was the first of a series in which Midland officials hope to determine the projected water needs of the city and to discover how much water will be available through the proposed lake. Some previous estimates pegged the Midland demand at as much as 10,000,000 gallons per day as a supplement to its ground water supplies.

Spence explained to the mayor or the reasons involved in seeking to change the projected location of the dam from extreme southern Mitchell County to a point above Robert Lee in

Transplant Twins Gain

DALLAS (AP) — Little Mary Freeman, who has been in ill health from a defective kidney all her 10 years, is feeling fine after an operation in which she received a kidney from her twin sister.

"Nancy," she called out to her twin in an adjoining room, "That kidney you gave me is doing pretty good."

The doctors agree and say the girls will probably go home by Saturday and be back in school by next week. Mary is expected to gain rapidly from her present 37 pounds with a functioning set of kidneys.

The girls are the daughters of Mr. and Mrs. D. C. Freeman of Fort Worth.

Fish, Chicken Supper Planned At Garden City

GARDEN CITY — A catfish and fried chicken supper as a homecoming feature will be served Friday evening by the Garden City Senior Class as a preliminary to the Garden City Sterling City game which will be played that night.

The supper will be served in the school lunch room starting at 5:30 p.m. Serving will continue through 7:30 p.m. After the game, the class will feed the football team.

Tickets are on sale for the supper at \$1 for adults and 50 cents for children.

All profits from the dinner will be used to defray expenses of sending the senior class on a trip to Colorado next spring.

Funeral Set For Mrs. Rosales

Mass for Mrs. Juana Garcia Rosales, 92, of 604 N. Main, will be celebrated at St. Thomas Catholic Church at 7:30 a.m. Thursday. Rev. Robert McDermott will officiate. Burial will be at 4 p.m. in the Big Spring City Cemetery with graveside rites conducted by Rev. James Delaney. Nalley-Pickle Funeral Home will be in charge of arrangements.

Mrs. Rosales, a resident of Big Spring since 1906, died at a local hospital early Tuesday after a brief illness.

She was the widow of former employee of the Texas & Pacific Railway Co.

Survivors include one son, seven daughters, several half-brothers and half-sisters, and 23 grandchildren.

Five Andrews Men Injured

JAL, N.M. (AP) — Red Adair was returning to New Mexico today to fight an oil well fire that started Tuesday night in a rig explosion that injured five workers and caused equipment damage estimated at \$200,000.

Adair is the world famous oil field fire fighter from Houston, who snuffed out a spectacular gas well fire last January in the Indian Wells area south of Artesia.

One of the men injured in the explosion at the rig eight miles north of Jal, Luther Miller, 42, of Andrews, Tex., was under treatment at the Jal hospital for second degree burns on the face and neck. The others, Roy Hobbs, 23, Robert Hicks, 37, Bobby Kirkham, 26, and Jerry Rhodes, 22, all of Andrews, were released after treatment for minor injuries.

"All the fire departments in this part of the state couldn't put this one out," one fireman at the site said.

A Jal policeman, Bobby Snell, 25, said a 110-foot pillar of flame was shooting out of the well, at a site where Noble Drilling Co. of Midland, Tex., was drilling for Continental Oil Co.

MANNING RIG The damage estimate was made by a Continental engineer, who also said the fire would burn off about 150 barrels of oil per day.

The injured men were manning the rig when the explosion occurred.

Hobbs said Hicks, the driller, was lowering the 3,300-foot pipe into the hole when water, gas and oil started blowing back up through the pipe.

Hobbs said he started down from the derrick to help cap the pipe but the explosion occurred before they had the cap in place.

DAILY DRILLING

BORDEN Permco Oil Corporation No. 2 Gulf Canyon was making a 2 1/2 inch and 4 1/2 inch depth of 1,800 feet from the south and 500 feet from the west lines of section 23-30, T&P survey 14 miles west of Goli.

DAWSON James G. Calloway No. 1 West Texas Mineral Syndicate, 10 miles southeast of Lamesa, drilled a total depth of 8,775 feet, set 2 1/2-inch tubing, and was moving off the rotary rig. Location is 640 feet from the north and 1,900 feet from the east lines of section 24-25-4n, T&P survey.

EL CINCO Production Co. No. 1 H. A. Seraff, drilled to 4,788 feet and set 2 1/2-inch tubing. He spotted 1,000 feet and was waiting on cement. It was spotted 1,960 feet from the north and 1,900 feet from the west lines of section 27-36-4n, T&P survey.

WESTCOAST Oil Corporation No. 2 G. B. Motley, two miles north of Spang, was flowing load. He recovered a total of 967 barrels of oil with 2 1/2-inch tubing. Location is 640 feet from the north and 1,900 feet from the west lines of section 11-35-4n, T&P survey.

GARZA James G. Brown & Associates No. 2 Slaughter, drilled to 4,970 feet and set 2 1/2-inch tubing. Operator was preparing to drill out cement. He spotted 1,000 feet from the north and 2,100 feet from the east lines of section 20-2, T&P survey 12 miles south of Post and one location west of the discovery.

MARTIN Texaco, Inc. No. 2X State of Texas, 25 miles northwest of Stanton, drilled to a total depth of 13,270 feet and set 2 1/2-inch and 2 3/4-inch tubing. It is preparing to perforate 11 intervals. Location is 640 feet from the north and 1,900 feet from the east lines of section 17-7, University Land survey.

STERLING Texaco, Inc. No. 1 C. C. Reynolds, drilled to a total depth of 2,600 feet and set 2 1/2-inch tubing. He spotted 1,000 feet and was waiting on cement. It was spotted 1,960 feet from the north and 1,900 feet from the west lines of section 40-33-4n, T&P survey, 16 miles west of Sterling City.

COMPLETIONS

BORDEN Gulf Oil & Refining Co. W-1224 Canon Ranch Unit, in the Jo-Mill (Sparberry) trend 15 miles southwest of Goli, pumped 27 barrels of oil, with 77 per cent water on initial potential. Operator drilled to 1,000 feet, plugged back to 7,570 feet, set 5 1/2-inch tubing of 7,399 feet and perforated between 7,447-7,522 feet. He produced 1,000 gallons. The well spotted 770 feet from the south and 1,900 feet from the west lines of section 40-33, T&P survey.

HOWARD Continental Oil Co. No. 18-A, H. R. City, 1,450 feet from the north and 900 feet from the east line of section 13-17-2n, W&N.W. survey, drilled to 1,100 feet and tested for several days. It is preparing to plug and abandon. It was spotted 850 feet from the south and 400 feet from the west lines of section 200, Motley County School Land Survey.

STERLING Texaco, Inc. No. 31-B Sterling Field, 15 miles northwest of Sterling City, drilled to 7,450 feet to test for the Wolfcamp and Wolf B sands. It was prepared to plug and abandon. Location was 467 feet from the north and 1,900 feet from the west lines of section 3-31-4n, T&P survey.

WEATHER NORTH CENTRAL TEXAS—Occasional rain and thunderstorms tonight and Thursday. Cooler in east and south tonight. Low tonight 46-54. High Thursday 52 in northwest to 64 in southeast.

NORTHWEST TEXAS—Occasional rain and thunderstorms tonight and Thursday except ending late Thursday in southwest. Low tonight 46-54. High Thursday 52 in north and 58-60 in south.

SOUTH CENTRAL TEXAS—Considerable cloudiness through Thursday with occasional showers and new showers. A little clearing in north Thursday. Low tonight 62-72. High Thursday 65-75 in north and 58-60 in south.

SOUTHWEST TEXAS—Mostly cloudy through Thursday with occasional rain or drizzle and thunderstorms. A little clearing in north and 58-60 in south Thursday 50s in north to 80s in south.

ROBERT PRESTON Actor, Spouse Said Separated

NEW YORK (AP) — Robert Preston and his wife have separated, says a spokesman for the actor.

A Recorder Squeals On 2

EVANSVILLE, Ind. (AP) — A stolen recording device squealed on two teenagers. Detective Sgt. Gerald Baggerly following a tip Tuesday, went to the apartment of Jack Smith, 19, and John Wingert, 18. There he found the recorder, 10 cartons of cigarettes and some foreign coins. Baggerly said when he flipped on the machine, it reported it had been stolen from the First Presbyterian Church. The detective said the youths had recorded the confession during a party when someone asked where they got the machine.

LABOR STRIKES

Plant Hiring Jobless Miners Forced Out

WILLIAMSON, W. Va. (AP) — Friday. Company officials in the state's southwestern section, an area of high unemployment since coal mine shutdowns began several years ago. At the peak of production the factory's work force numbered 126. It had dropped to 75 in recent months. Company officials said some contracts were canceled when production dwindled because of strikes. The plant is at nearby Varney

U.S., Brazil Ratify Extradition Treaty

WASHINGTON (AP) — The United States and Brazil formally exchanged paper Tuesday ratifying an extradition treaty they signed Jan. 13, 1961. When the treaty goes into effect Dec. 17, it will complete extradition arrangements between the United States and every nation in the western hemisphere. Secretary of State Dean Rusk and Ambassador Juracy Magalhaes exchanged the ratification papers in a brief ceremony at the State Department. Rusk called it a "symbol of the expanding ties of friendship between our two countries." Magalhaes said, "I have the same feeling — it is a mark of the friendship between your country and mine."

BENJACK CAGE

The treaty lists 33 common crimes generally subject to extradition. It provides that persons will be returned to their home country if charged with or convicted of such offenses as murder, rape, kidnaping, bigamy, arson, piracy, burglary, robbery, forgery, counterfeiting, embezzlement, larceny, perjury and smuggling. Extradition will not be granted when the offense is purely military or of a political nature. However, criminal acts aimed at the overthrow of bases of political organizations will not be held as political crimes or offenses. Brazil had become a haven for a group of Americans wanted in the United States in connection with financial crimes. They included Lowell M. Birrell of New York, Earl Belle of Pittsburgh, Edward Gilbert of New York and Benjack Cage of Dallas, Tex. All returned voluntarily to the United States except Cage. Cage was convicted of insurance fraud in Dallas and sentenced to 10 years imprisonment in 1957. He fled to Brazil while awaiting an appeal and has since become a Brazilian citizen.

4-H Committees Are Selected

The Big Spring 4-H Club organized committees for the coming year in a meeting at the Howard County Courtroom Tuesday night. President Mack Frazier appointed committee chairmen. Named were Ronnie Anderson, programs; Karen Thomas, recreational; Mike Alexander, devotional; Margaret Zike, refreshments; and Sherry Thomas, telephone. The meeting Monday was attended by 27 youths and 15 adults. Next monthly meeting of the club will be Dec. 15.

Animal World Hints Mild Winter, But Get Ready . . .

WASHINGTON (AP) — A close study of many factors, including the jet stream, a polar bear's fur, the stockpiling activities of squirrels, and the laws of chance, points today to an unescapable conclusion: The coming winter may be abnormally mild, but prepare for the worst.

The U.S. Weather Bureau flatly refuses to say what the winter will bring. Weather science is not yet that good, it says. The most it will hazard is a 30-day outlook, issued twice a month.

Now if the bureau could know now what the jet stream will be doing next January it might become bolder. James F. O'Connor, bureau meteorologist, made a valiant effort to explain the jet stream in words understandable to an amateur.

ACROSS U.S. It is the core or nucleus of a broad band of westerly winds which sweep across the Pacific and the United States, west to east. They fly high, at an altitude ranging from 10,000 to maybe 40,000 feet.

Trouble is, you cannot count on them to fly straight, they meander, they snake around in their journey.

If they snake northward in the winter, over the Yukon for example, much of the United States can look for earmuff weather. If they meander southward, the storms imbedded in them, or swept along by them, they may pick up a lot of water vapor over the Gulf of Mexico. This could mean umbrella weather later for many Americans.

Next stop was the National Zoo where Snow Star, a polar bear, proved equivocal. It's true she has a remarkably thin coat for a polar bear, but her keeper, Albert C. Smith, had a theory about that: "I think she keeps rubbing her hair off by scraping against the sides of her pool."

ANIMAL WORLD

Elsewhere in the animal world, some confusion has reigned. Squirrels hereabout have been seen chasing their tails as though it were springtime; they don't seem to be stashing away many acorns. In Illinois, blackbirds and bronze grackles were observed on a wrongway flight, eastward instead of south.

The laws of chance are not much help. If you toss a penny, and three heads — bad winters — come up in a row, you might expect that a tall — mild winter — would appear next. But it's a 50-50 chance that it might be another head. One thing scientists are gen-

WEATHERED

Redistrict Plan For Curtailing Liberals Urged

DALLAS (AP) — A former commander of the Texas National Guard has proposed that big-population counties in Texas be divided up into separate state senatorial districts to the benefit of conservatives and the detriment of liberals. Gen. Preston A. Weathered of Dallas told a meeting of the East Texas Chamber of Commerce Tuesday that such a development would hurt conservatives as little as possible in the wake of re-districting.

"I think we have to recognize that as time goes by, the centers of large population will be predominantly liberal," the retired commander of the 36th Division told some 170 business leaders and legislators at a meeting. He said that as things stand now, recent Supreme Court decisions would cause Harris County to have four state senators instead of one, Dallas County three instead of one, and Tarrant and Bexar counties two each instead of one.

Successor To Humphrey In Senate Named

ST. PAUL, Minn. (AP) — Walter F. Mondale, 36, who will be the new U.S. senator from Minnesota, is a product of the youth movement that has pervaded Minnesota politics since World War II.

He was appointed by Gov. Karl Rolvaag Tuesday to succeed Vice President-elect Hubert H. Humphrey when Humphrey resigns, probably around the end of the year.

Mondale promised to work closely with the Johnson administration. He was only four years out of law school when he was appointed attorney general in May 1960.

In Washington, he will team with Sen. Eugene McCarthy, also a Democrat.

Mondale, who led the Democratic ticket in 1962, will get his next voting test in 1966. His appointment is for only the remaining two years of Humphrey's term.

Pew Death Held Suicide

MIAMI, Fla. (AP) — Walter Crocker Pew Jr., 41, great-grandson of the founder of Sun Oil Co., was found dead Monday on a deserted road in Everglades National Park.

Police said it was suicide. There was a note, but details were not released.

The windows of his 1953 automobile were rolled up, the ignition turned on and a flexible piece of metal tubing connected to the exhaust pipe through the floorboards. A park ranger discovered the body.

Pew's worth was undetermined. He was in the process of divorcing his second wife, Miriam Horwitz Pew, 35, of Miami. She said in 1963 that Pew had an annual income of \$50,000 and was worth \$4 million. She sued him for \$16,214 charging neglect in caring for her and their child Wendy, 6.

TAKE A NUMBER (we'll find the city)

Give your Long Distance calls a flying start . . . use Area Codes I

When you place a Long Distance call with the operator, give her the Area Code of the city you want, then give her the number you're calling. You'll save yourself precious waiting time on the line. You'll get your call through faster, easier.

Area Codes for most cities are listed in the front section (white pages) of your telephone directory. Or you can get them from the Long Distance operator—any time—and jot them down for future reference.

HINTS FROM HELOISE

Cleaning Tips For Sneakers

Dear Heloise:

I have a suggestion for college coeds who are concerned about the interior condition of their sneakers. When one attacks the cause of a problem, one can usually manage to eliminate it. But since we cannot do without our feet, I have a better suggestion.

HELOISE

Both the dirt and odor are caused by perspiration. Something absorbent should be worn to collect this perspiration. Golf socks are great. They are short and don't show above the shoe. Many girls now wear these because they want the bare-legged look without wearing stockings. Powdering the inside of the shoe with talcum is also a good idea.

But the sneakers that are beyond-hope-at-present should either be discarded (heaven forbid!) or disinfected. The latter can be done by making a soapy solution of soap powder and ammonia.

Pour a sufficient amount into each shoe, with some water, and let stand an hour or more.

Rinse well, then let dry thoroughly.

After this, do as mentioned above. A Fellow Student

Girls, ammonia is great for this but I don't know how many of you are allergic to it. I hope none.

However, this idea is excellent. Be sure to fill the shoe with water first, then pour it out and refill with the above solution.

I also suggest you take an old toothbrush and scrub the inside of the shoe while it is partially filled with this solution. Be sure to rinse well.

Do NOT use bleach in the water with this method! Never mix bleach with ammonia. QUITE DANGEROUS... Heloise

I had no leftovers. But one day is enough to remind one of the quickly passing years! Valeda Savard

Dear Heloise: When I visited a doctor's office recently, I noticed an idea that could work in any home. He used towel racks to keep the furniture from bumping the walls and woodwork.

Towel racks with rubber suction cups would be ideal, and movable, in case you wanted to change your furniture arrangement.

This idea would be especially useful in homes like mine with rough plaster walls. No more worn spots! Mrs. Ronald Hansen

Dear Heloise: My 14-month-old son used to give me a bad time when I had to give him aspirin.

But I have found a solution I would like to share with other mothers. Since my son loves marshmallows, I now put one baby aspirin inside a miniature marshmallow, put three or four marshmallows in my hand, and he eats them all, including the one with the aspirin. Mrs. Claire Saffian

Dear Heloise: I place my dishwashing sponge over the drain in my sink when I drain the water after washing dishes. This keeps any precious silver, etc., from slipping down the garbage disposal (my stopper is the now-popular solid disc type), but the sponge still lets the water run out.

I also put the sponge over the drain when I run the disposal and it keeps the potato peelings and such from flying out. Addie Barry (Write Heloise in care of the Big Spring Herald.)

CLASS SETS PARTY DATE

A chili supper will be held Thursday at 7 p.m. at Trinity Baptist Church by members of the Friendship Seven Class. Family members will be guests, and a social hour will be held following the dinner.

Texas Travels Noted By Knott Residents

KNOTT (SC)—Mr. and Mrs. Louis Harrell have been visiting their mothers, Mrs. W. W. Harrell and Mrs. W. J. Hogue, in Abilene. Also, they visited her brother and wife, Mr. and Mrs. Lee Hogue, in Eunice, N. M., and the Rev. and Mrs. G. W. Turner in Lovington, N. M. Rev. Turner is a former pastor of the First Baptist Church of Knott.

Guests in the Vernon Sutphen and K. C. Langham homes this week are Larry Sutphen, Dallas; Ronnie Sutphen, Franklin, La.; Leon Oakes, Water Valley; Tommy Carstensen, Odessa; and Lavada Ray, Lamesa.

Mr. and Mrs. Cecil Allred

Cockrells Honor Pair On Sunday

KNOTT (SC)—Mr. and Mrs. M. A. Cockrell honored her mother, Mrs. A. E. Cockrell, and their son, Spot Cockrell of Big Spring, with a birthday dinner Sunday. Attending were Mr. and Mrs. F. E. Cockrell and family, Flower Grove; Mr. and Mrs. Billy Wayne Cockrell, Big Spring; Mr. and Mrs. C. G. Dittman and Mr. and Mrs. Earl Freeman.

Indiana Residents Visit Son Here

Alrman 2.C. and Mrs. Larry McMIndes, 217 Kindie, have as guests, his parents, Mr. and Mrs. Elvin McMIndes, Lafayette, Ind., who will return to their home Thursday. Traveling with the senior McMIndeses are Mr. and Mrs. Fred Baxter, also of Lafayette.

This is the first time the McMIndeses have seen their twin grandsons, Micheal Phillip and Mitchell Earl McMIndes, born Aug. 29. The infants' maternal grandparents are Mr. and Mrs. T. P. Morris, 1008 Nolan.

After Five Club Holds Plant Study

The growing of chrysanthemums and their culture was discussed by Mrs. Bill Tubb at the Tuesday meeting of the After Five Garden Club. She spoke to 16 members on the National Chrysanthemum Society and displayed specimens she had grown. Mrs. D. G. Thomas, 907 Mittel, was hostess.

Mrs. Enoch Smith presided and told of the council project to apply for the Sears Award for landscaping at the Allred Building at the Big Spring State Hospital. The club endorsed the program.

Refreshments were served at a table centered with an arrangement of bronze and yellow chrysanthemums presented by Mrs. Fannie Clark.

Pink, Blue Party Held In Coahoma

COAHOMA (SC) — Saturday morning in the home of Mrs. H. B. Beard, Mrs. James Renfro was honored with a pink and blue coffee. Hostesses were Mrs. Beard, Mrs. Ruth Smith, Mrs. Tolley Hale and Mrs. O. A. Madison.

The table was covered with a pink cloth with an overlay of net, and an arrangement of pink and white chrysanthemums was the centerpiece. Mrs. Madison sat at the register table where guests pinned name suggestions to a ribbon covered spiral tree.

Mrs. Letha Allen served the 30 guests that called. Mrs. Renfro was presented a white carnation corsage.

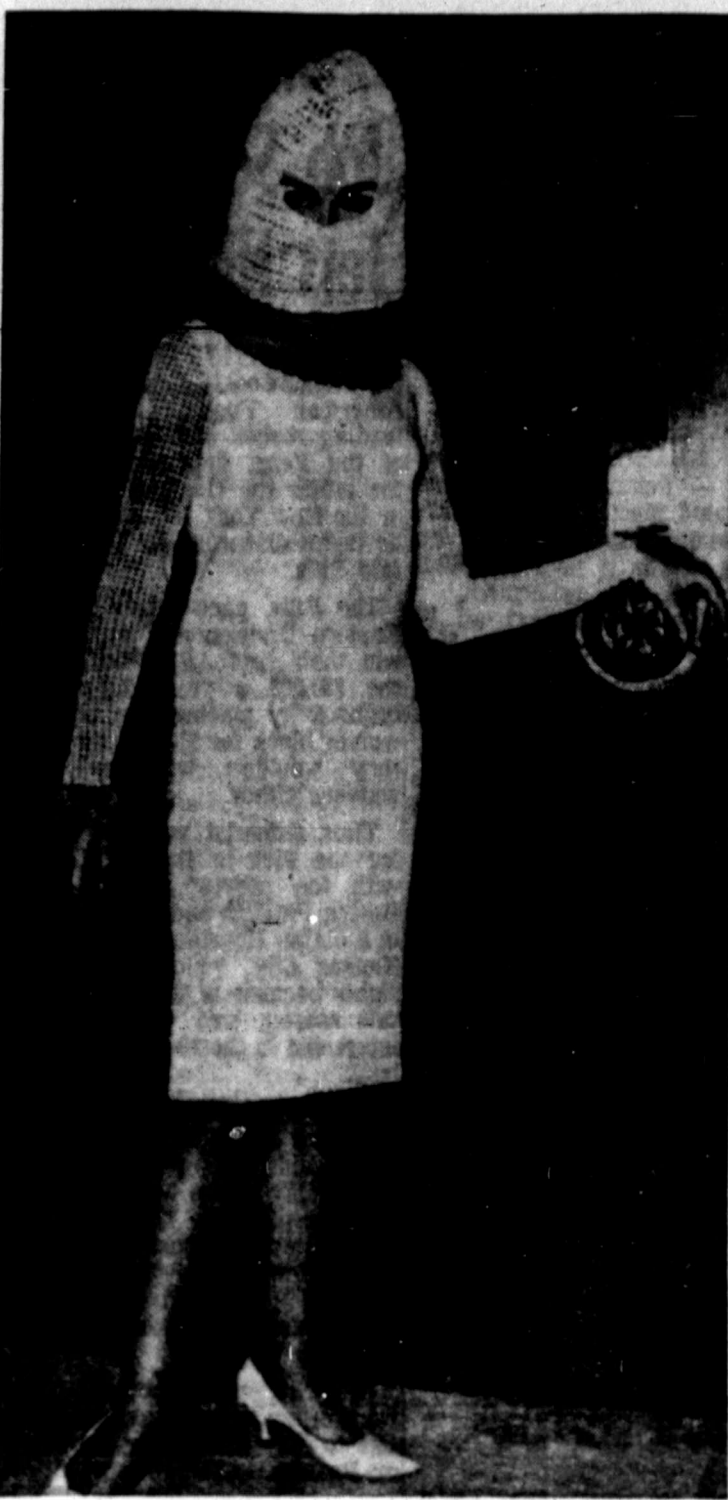

Elks Plan Annual Holiday Dinner

The annual Thanksgiving dinner for members of Big Spring BPO Elks Lodge is to be held at 1:00 p.m. Sunday in the lodge rooms at the Crawford Hotel, it has been announced by Hanson Lawhon, exalted ruler.

All Elks and their families are urged to attend and, if they desire, may bring a gift of canned food to go into a Thanksgiving basket which the Does will distribute to a needy family Thanksgiving morning.

Reverse Sheets

To insure longer wear for sheets, it is a good idea sometimes to place the narrow hem of the under sheet at the head of the bed, as sheets wear out most quickly just below the pillow where the sleeper's shoulders rest against them.

Crocheted Cunning

Model Tara Glynn displays a Phil Rose creation, a knit with hand-crocheted sleeves, complete with a helmet-type hood. Rose went to Hong Kong for this outfit, being shown at the opening of California resort and spring wear press week in Beverly Hills, Calif. Tara wears a gold necklace from Tiffany's. (AP WIREPHOTO)

Organ Society Group Hears Members Play

Local musicians were heard in classical and popular selections Tuesday evening when the Big Spring Organ Society met at 7:30 at 1307-B Gregg.

George Laubmeier presided in the absence of the president, Mrs. Imogene Lloyd.

Following a brief business session, the program began with selections by Merry Lee Dibrell and Kent Fish. Classical and popular piano numbers were

Kitchen Gift Party Held At Millers

A kitchen shower honoring Mrs. Mike Yoder was held in the home of Mrs. Jolene Miller, 1702 E. 15th, Tuesday at 7:30 p.m. Mrs. Miller was assisted by her daughter, Debbie.

Guests registered on a wooden rolling pin, and the hostess gift was salad molds and cookie cutters. The honoree was attended in a yellow shift and wore a corsage made of kitchen utensils.

Mrs. Foy Dunlap assisted her daughter, Mrs. Yoder, in receiving the 25 guests who called.

The refreshment table was laid with an ecru lace cloth and decorated in the fall theme. Appointments were silver and crystal.

The Yoders are making a home at 507 Runnels following their marriage Nov. 7.

Re-Elect Slate For Auxiliary

An election of officers was held at the Tuesday meeting of the National Association of Letter Carriers Auxiliary in the First Federal Savings and Loan Association building. Mrs. Melvin Brown was re-elected president.

Others renamed to office were Mrs. Melvin Daniels, vice president; Mrs. Bill Bronough, treasurer; and Mrs. Jessie Crane, parliamentarian. Mrs. Ronnie Schafer was elected secretary and Mrs. Willard Hendricks, chaplain. Mrs. J. B. Langston served as teller.

A hat sale will be held by the organization Dec. 3-5 at the First Federal Savings and Loan Association building as a fund raising project. The hats will

cost \$4, and the public is invited. Sales will be conducted from 6:30 to 9 p.m. Thursday and Friday, and the Saturday session will be from 1 to 5 p.m.

The auxiliary will decorate the Christmas tree in the chapel at the Veterans Administration Hospital. A progressive dinner for members and their husbands is set for Dec. 11.

Mrs. Billy Gage will be hostess at the Dec. 15 meeting at the First Federal Savings and Loan Association building when secret pals will be revealed.

Mrs. A. W. Moody gave the opening and closing prayers for 14 members, and Mrs. Langston won the traveling gift.

Mrs. Whirley Honored At Birthday Celebration

WESTBROOK (SC) — The home of Mr. and Mrs. J. D. Inglehart was the gathering place Sunday for relatives and friends celebrating the birthday of Mrs. M. J. Whirley. The honoree, mother of Mrs. Inglehart, was 81.

Those present were Mr. and Mrs. E. L. Jones and Mr. and Mrs. Jabe Whirley, all of O'Donnell; Joe Whirley, Coahoma; Jim Hallman, Odessa; Mr. and Mrs. Ralph Walker and Mr. and Mrs. D. M. Smith, Ralph Mack, Donna Georgeann, all of Colorado City; Mr. and Mrs. R. D. Burrow, Austin; Mr. and Mrs. James Quinney, Debra, Linda and Mark, all of Abilene; Mr. and Mrs. Geno Jones and Byron, Tahoka; and Mr. and Mrs. C. E. Rich, Bruce, Daryl and Vee Inglehart.

Mr. and Mrs. Altis Clemmer

spent the weekend in Clyde, Cisco and Abilene.

Mrs. Ira Hambrick is a patient in Root Memorial Hospital, Colorado City.

Darlene Lankford, daughter of Mr. and Mrs. Troy Lankford, has been dismissed from the Root Memorial Hospital.

Mrs. Elvis Evans of California, formerly of Westbrook, has been visiting friends in the community.

Christmas Program Seen By Rebekahs

Regal Lady

That's the impression inspired by this silver and gold evening dress by Hannah Troy. Miss Troy's fall collection included other elegant gowns such as this when it was previewed by style reporters in New York for the semi-annual fashion press week program arranged by the New York Couture Group. (AP WIRE-PHOTO)

A salute to Christmas and donations to various Christmas funds highlighted programs seen this week by Rebekahs.

JOHN A. KEE LODGE
A representation of Christmas as celebrated in different areas of the world was seen Tuesday evening by 54 members of John A. Kee Rebekah Lodge who met at the lodge hall. Mrs. Carl Wilhite, noble grand, presided.

The program was under the direction of Miss Laurel Grandstaff who presented lodge members as they appeared in costume and spoke briefly of the country they represented. A film was shown in conjunction with the program.

Participants and the countries they represented were Mrs. Jones Lamar, British Isles; Mrs. Ray Doty, Scandinavia; Mrs. H. F. Jarrett, Germany, Belgium and Austria; Mrs. Roger Miller, Holland; Mrs. Wilhite, Switzerland; Mrs. John Cate, France; Mrs. O. G. Burns, Greece; Mrs. Joe B. Evans, Armenia; Mrs. Homer Petty, Spain; Mrs. J. C. Pye, China; Mrs. Lee Thackrey, India; Mrs. Jim Ferguson, Pakistan; and Mrs. Grady Sudberry, United States.

Mrs. Morgan Martin presented a program of Christmas music, and Mrs. Elmo Martin sang "Silent Night."
"An Introduction to Thanksgiving," was given by Mrs. Odell Buchanan, and Mrs. Cate read the proclamation which was read when the holiday observance began. The group joined in singing "White Christmas."

During the business session, officers were nominated and will be elected in December. The lodge will buy a bond for the TB fund drive and send a donation to the orphan's home to help purchase a bus.

Fifty-four attended and were told that six new members will be initiated Dec. 8.
BIG SPRING LODGE
Members of the Big Spring Rebekah Lodge No. 284 en-

dorsed the Christmas campaign of the assembly president, Mrs. Georgia Woods, to buy food, clothing and special items for the Rebekah sponsored homes at

FORUM SETS BRIDGE DATE

The Woman's Progressive Forum will meet Thursday at 10 a.m. in the home of Mrs. Hugo Campbell, 2609 Clanton, for their regular bridge session. No meeting will be held during Thanksgiving week.

Birthday Dinner Held In Tom Castle Home

KNOTT (SC) — Mr. and Mrs. Tom Castle honored their son, T. J. Castle, and Mike Fryar with a birthday dinner Sunday. Out-of-town guests were Mr. and Mrs. Dale Bryant and sons, Stanton, and Mrs. Lola Pags and Mr. and Mrs. Frank Barn, Big Spring. Mrs. Castle was the honoree that same evening at a birthday supper in the home of Mr. and Mrs. Lonie Rhodes.

Susan Hudkins, Lamesa, spent the weekend with her grandparents, Mr. and Mrs. Mike Davidson. Other Sunday guests were Mr. and Mrs. David Davidson and family of Lamesa.

W. A. Jackson is a patient in the Andrews Hospital. His children, Mr. and Mrs. John Jones

Mrs. Martin Has Study For Group

Mrs. W. B. Martin, 1604 Wood, presented the program and served as hostess to the Ruth Group of the First Christian Church Tuesday evening. Her study was taken from the book of Matthew.

Mrs. Lawrence Murphy, program chairman of the TOPS Pound Rebels, at the Tuesday meeting introduced Miss Rita Shanklin who gave a demonstration on cosmetics and told of the need for facial exercises during a dieting campaign. Mrs. Morris Rea served as a model when the group met in the Student Union Building at Howard County Junior College.

Following the club prayer, 22 members reported a total weight loss of 24½ pounds. The winner of the monthly contest will be announced at the next meeting and awarded a turkey. The session will be Nov. 24 in the Flame Room at Pioneer Natural Gas Company. Election of officers will be held on Dec. 1. A report on the weekly exercises classes was made. The day sessions are held in the gymnasium at Webb Air Force Base on Tuesdays and Thursdays, and the night classes are conducted in the Permian building on Mondays and Thursdays.

Opti-Mrs. Discuss Charity Project

Mrs. Jack Price presided for the Opti-Mrs. Club meeting held Tuesday at Coker's Restaurant. During the dinner a new charity project was discussed which will be announced soon.

Invitations to the Christmas party for members and their husbands will be mailed, and the next regular meeting will be in January with Mrs. L. H. Sims.

Give Books Room

If you value your books, don't crowd your bookshelves. The bindings may break apart from the pressure if you jam them too tightly together. Also you may scratch the covers when removing and replacing books.

TOPS See Cosmetics Application

Mrs. Lawrence Murphy, program chairman of the TOPS Pound Rebels, at the Tuesday meeting introduced Miss Rita Shanklin who gave a demonstration on cosmetics and told of the need for facial exercises during a dieting campaign. Mrs. Morris Rea served as a model when the group met in the Student Union Building at Howard County Junior College.

Save Blanket Nap

It's the nap that keeps your blankets warm. Ironing ruins this valuable warm-giver, wears it out. Only the binding should be pressed and that with a warm, not hot, iron.

Programs Dominate Church Unit Meetings

Church circles were concerned this week with recognition of outstanding members, the founding of missions and the study of dominant religions.

FIRST BAPTIST
Special recognition was given to Mrs. Della K. Agnell at the Tuesday meeting of the Anne Dwyer Circle of the First Baptist Church. Mrs. Bob Bradbury, chairman, presided and noted that the Woman's Missionary Union yearbook had been dedicated to Mrs. Agnell. Mrs. Welby Jackson, 2502 Lynn, was hostess.

Mrs. Monroe Gafford finished the review of the book, "Frontiers of Advance." Members were reminded that the week of prayer for foreign missionaries will be held Dec. 7-11 at the church. Mrs. J. E. Hardesty worded a prayer, and Mrs. Agnell read the prayer calendar.

The next meeting will be Dec. 15 in the home of Mrs. Max Green, 1902 Main.

God's mercy. Also, she read the prayer calendar.

Plans were made by the 12 members attending to donate a Thanksgiving basket for the community missions project.

KENTWOOD METHODIST
Mrs. Don Campbell, 2700 Larry, was hostess to the Esther Circle of the Kentwood Methodist Church Tuesday. A general discussion was held on the Monday meeting at Coker's when a representative of the Methodist Mission Home at Waco spoke.

Mrs. C. W. Parmenter gave the closing prayer and announced the Nov. 24 meeting would be in her home at 712 Birdwell.

Miss Sandra Phillips Feted At Gift Shower

Miss Sandra Phillips, bride-elect of Stanley Haney, was the honoree Tuesday evening during a pre-nuptial shower held in the home of Mrs. Reagan Easley, 613 Bucknell.

Hostesses were Sue Grant, Sherry Stevens, Beverly Womack, Peggy Spier, Nancy Easley, Kay Dyer and Cheryl New.

The prospective bride's chosen colors of red and white were used in decorations throughout the entertaining area and on the refreshment table where 40 guests were served. Centering the white linen cloth was an arrangement of red carnations en-

circling a small bride doll, and table appointments were of silver and white milk glass.

Honored guests were Miss Phillips' sister, Mrs. Arliss Yater, and her fiancée's mother, Mrs. S. M. Haney. The couple plans to be married Dec. 5. Calling hours were from 7 to 9 p.m.

Take Time For Eyes

With well groomed eyebrows one of the most important features of today's makeup fashion vogue, it is to every women's beauty advantage to give her brows the loveliest, most flattering appearance possible.

To achieve attractive results, follow these basic tips:
Eyebrows should fit the face that wears them, so for the best guide follow your natural brow line and then improve upon this basic shape. For variations of style, study those worn by fashion models. If your eyebrows grow wild, control them with tweezers, but for beauty's sake, keep the arch high by plucking from below only.

Be sure you are taking only stray hairs and don't forget the area between the brows. The natural place for eyebrows to start is directly in line with the inside corners of the eyes.

Before shaping and coloring, be sure the entire brow is clean and free from makeup. A sure way to remove any particles is with an eyebrow brush or a clean mascara brush.

Now, to shape and supplement the natural line of your brows use the new technique which consists of a new kind of eyebrow makeup in compact form and a specially designed brush that has a tapered, wedge-tip. The new makeup creates a natural fashion-look and the brush makes it possible to color and shape the brows quickly, easily, and effectively.

For best results, fill in the color with hair-like strokes, emphasize the arch of your brows and if needed, extend the line slightly.

Range Variation.
You can use either a moderate or a hot oven when you are roasting Cornish game hen. Take your choice!

Ruby Hears Verdict

Jack Ruby, shown listening to judge pronounce him guilty for the murder of Lee Harvey Oswald, has changed considerably in nearly a year behind bars. The once well-groomed, dapper night club operator is now a sloppy, befuddled man who has been declared a pauper. He is confined to a constantly guarded, blocked-off section in a hallway of the Dallas County Jail. (AP WIRE- PHOTO)

Once Dapper Ruby Now A Sloppy, Befuddled Pauper

DALLAS, Tex. (AP) — A year now is a sloppy, befuddled man behind bars has taken a heavy toll on Jack Ruby. The once well-groomed, well-exercised night club operator now is a sloppy, befuddled man who apparently suffers from delusions of persecution. He is confined to a blocked-off section of a hallway inside the Dallas County Jail, a stone's throw from where President Kennedy was assassinated last Nov. 22. Ruby has been in jail since Nov. 24 when he shot Lee Harvey Oswald, the assassin of the President. Since March 14 he has been under the death sen-

Art Club Plans Show

Plans for a December Christmas party and a January membership exhibition were discussed by 12 members of the Art Club Tuesday night as they met with Mrs. Don Bohannon as hostess. Barbara Crenshaw and Judy Caddell will provide the December program.

The membership exhibition will be Jan. 29-31 at the First Federal Savings and Loan Association building, and the winning work will remain on display a week. Mrs. W. L. Patton and Mrs. W. H. Crenshaw are co-chairmen.

Texas Fine Arts Association announced that two local artists, Mrs. Terry Patterson and Mrs. Bill Unger, have work included in a traveling circuit, from the July State Citation Exhibition in Austin judged by Raymond Entenmann, Fort Worth Art Center, and Robert Massey, Texas Western College, El Paso. The selection of paintings will be displayed at Howard County Junior College April 22-May 17.

Mrs. Harlan Sandidge showed a selection of work tracing her development as a painter, and pointed out that no painter ever reaches a plateau of perfection. Each must continue to modify his approach to his work, to adapt and change as his awareness of good painting is developed.

U. S. Bishops Lead Debate

VATICAN CITY (AP) — The Roman Catholic bishops of the United States came into their own at the almost-finished third session of the Vatican Ecumenical Council, leading the debate on several major topics and reflecting traditional American values.

American prelates have spoken out in St. Peter's Basilica more than 30 times since September to urge a strong council stands on such matters as religious liberty; racial equality; forthright clearance of Jews from any special blame in the Crucifixion; church-state separation; relieving world hunger, and the right of governments to have defensive nuclear arms.

The five cardinals and 285 archbishops and bishops of the United States make up the second largest national hierarchy in Roman Catholicism, exceeded only by Italy's 430 prelates. They represent 44 million Catholics, almost equal to the entire population of Italy.

"SILENT CHURCH" At the initial council session in 1962 they were largely listeners and followers. Critics suggested they might go down in history as "the silent church" if they remained on the sidelines. At the second session in 1963 they began to emerge with self-confidence and sign up on the speaking list to present their viewpoints, often in the name of many or all of the U.S. bishops. At this current third session they moved into the spotlight.

Cardinals Richard Cushing of Boston, Albert Meyer of Chicago and Joseph Ritter of St. Louis all arose Sept. 23 to voice a plea for freedom of conscience in every man in following the religion he believes. For Cardinal Cushing it was a rare appearance before the council's microphones. "The church must become the champion of religious freedom," the 69-year-old cardinal insisted in his booming Latin with Bostonian overtones. He won a burst of applause despite council rules against it.

PERSONAL RIGHT Cardinal Meyer said "nothing else done at the council will have much importance" if the declaration on religious freedom of conscience failed to win approval. Cardinal Ritter stressed "the interior, natural, native right" of every person to his religious beliefs. Cardinal Cushing created an even bigger stir in the council five days later. Again opposing the outlook of conservatives, largely from Italy and Spain, he urged the council to put back into a declaration on Jews a deleted phrase that the Jewish

people bear no special guilt for the Crucifixion. "Far be it from us to set ourselves up as judges in the place of God," Cardinal Cushing declared as many prelates moved into the aisle from their seats for a better look at the fiery American in action. Cardinals Ritter and Meyer also spoke again that day. Their stand, backed by Bishop John J. Wright of Pittsburgh, was endorsed by several European and Canadian prelates.

SIX TIMES Cardinal Meyer addressed the council six times this fall, more than any other American prelate. James Francis Cardinal McIntyre of Los Angeles became ill at the session's opening-day ceremonies Sept. 14. He returned home two weeks later after attending a few of the daily meetings but not speaking before the assembly. Francis Cardinal Spellman of New York arrived in Rome late, after a bout of sickness. He spoke Oct. 20 during debate on the council's modern world problems schema, and asked that the document not be weakened. On Nov. 17, the New York cardinal urged the council to declare itself in favor of public funds for religious schools, saying, "Justice and equity demand that a proper portion of public funds be given to religious schools."

The American bishops were silent during council debate of the church's position on birth control and marital love, where several Europeans and the Montreal Cardinal Paul Emile LeGere pressed for a re-examination of traditional church restrictions. RACIAL BIAS The Americans pressed for all-out condemnation of racial discrimination when the modern world's schema arrived at a discussion of human dignity. Archbishop O'Boyle of Washington was applauded in the council hall when he said Oct. 28 — in the name of the almost 200 U.S. bishops then in Rome: "Discrimination is not a sociological problem but a moral problem, a cancerous evil." Bishop Andrew Grutka of Gary, Ind., said equal opportunity was essential in all of man's economic and social life. "Just as no one looks for beauty in a garbage dump, no one can expect to find virtue in a slum," he said.

Attendance Up Some 50 persons attended the meeting this week of the Big Spring Junior Chamber of Commerce, after an effort was begun by the group to double its membership. Bob Boyd, of Cabot Corporation, presented a program for the group at the meeting at Holiday Inn Monday.

Minor Accidents Are On Blotter Several minor accidents were reported to police Tuesday and this morning. A collision at Northwest Fifth and Gregg Streets Tuesday involved an unidentified car and a vehicle driven by Mary R. Paredes, 1107 N. Scurry. Cars driven by Darlene N. Thomson, 1603 W. 4th, and Glenn R. Whitley, 1502 Phillips Road, collided at Eleventh Place and Austin Street. An accident early this morning in the 600 block of Rannels Street involved cars driven by Virgil Graham, Ackerly, and Ann Zayrlon, 4105 Dixon.

Smoke Damage Firemen were called to 1301 Pickens early this morning when gasoline being used to clean a bathroom floor caught fire. Minor damage to the home, owned by Bruce Dennis, was primarily due to smoke, firemen said.

Congress Panel Staffers' Paid Tour Is Challenged WASHINGTON (AP) — Two Republican congressmen have questioned the propriety of a 19-day tour 10 congressional committee staffers are making of Air Force bases in the Pacific — at taxpayers' expense. Some of the staffers on the Air Force-sponsored tour work for committees with little or no connection with military matters. "This kind of operation seems to run counter to (Secretary of Defense Robert S.) McNamara's pledge to reduce spending in the Defense Department," said Rep. Frank T. Bow of Ohio. A high-ranking member of the House Appropriations Committee, Bow said: "It will be interesting when the Defense Department's budget comes in next year to find the cost of and the reasons for a trip of this kind."

OPPOSES IT Rep. William G. Bray of Indiana, a member of the House Armed Services Committee, said he favors foreign trips by congressmen — and staff members — when they serve a useful purpose. But of this trip, Bray said: "I can't see any justification for it and I think it's one of the expenses that could be cut down." The Air Force furnished The Associated Press Tuesday with some facts about the tour and the names of those on it after Capitol Hill sources had made the trip known. Acknowledging that it is footing the bill, the Air Force said it has not calculated the cost. The congressional staffers — no Congress members are making the trip — stay in quarters at the bases where available and in hotels where not available, the Air Force said. They are being transported in a military version of the Constellation, a four-engine propeller-driven craft.

PURPOSE OF TOUR "General orientation and familiarization" with military activities and facilities in the Far East is the purpose of the tour, the Air Force said. Committees represented include the Senate subcommittee on Constitutional Rights, the House Post Office and Civil Service Committee, and the Senate subcommittee on Investigations. Some of the subcommittees deal directly with military operations and government procurement. The tour, from Nov. 5 to Nov. 24, includes air bases in Canada, the Aleutians, Japan, Korea, Okinawa, Formosa, Hong Kong, Manila, Guam, Wake Island and Hawaii.

Kiwanis To Hear Finalists

Guy Kendrick, Hereford; Ralene Snow, Oakland, Calif.; and Don Boyd, Big Spring, the three finalists in the Big Spring Kiwanis Club's first annual Howard County Junior College Oratorical Contest, will compete for the championship and cash at the club luncheon Thursday.

These three students were selected last Saturday at the elimination contests held at HCJC. The subject is "American Free Enterprise—Our Hope for the Future."

Thursday noon, the three students will deliver their original orations and the judges will select the first, second and third place winners. First place award will be \$100, second \$50, and third \$25. V. Ward Jackson, president of the club, urged all Kiwanians to be on hand to hear the three young speakers.

Kendricks is a sophomore at the college, majoring in social science. Ralene Snow is a freshman majoring in interior decoration. Boyd is a freshman majoring in education.

Realtors Pick Officer Slate

Bill Sheppard was elected president; George Elliott, vice president; Barbara Elsler, secretary; and Thelma Montgomery, treasurer, of the Big Spring Board of Realtors at the Monday meeting held in the Downtown Tea Room. Directors are: Harold Talbot, George Elliott, Mrs. W. D. McDonald, Bill Sheppard, Mrs. Hattie A. McCleskey, with retiring president, Mrs. Marie Rowland, to serve three years. Mrs. Helen Shelly was elected reporter. The names were submitted by the nominating committee, made up of Elliott, chairman, Mrs. McDonald and Sheppard. The board has 21 members. The next regular meeting will be held Dec. 7.

County Trying DWI Charge Leo Williams, charged with DWI, was on trial in Howard County Court Wednesday morning. A jury had been selected and the testimony of the state was being presented at noon. Williams is alleged to have been involved in a drunken driving episode Oct. 11, 1964. His is the first case to go before a jury at the second week of the current county jury docket. Another case is tentatively slated for trial Thursday. The docket will be closed out as of Friday afternoon.

Glasscock Achievement Day Program Saturday GARDEN CITY — Glasscock County 4-H boys and girls will conduct contests, put on demonstrations, and show their projects here Saturday at the annual 4-H Achievement Day. Events will begin at 9:30 a.m. in the gymnasium building where demonstrations will be given on getting steers, heifers and lambs ready for showing. There will be a blocking contest for lamb feeders. Girls will set up their achievement exhibits starting at 10 a.m. with divisions in foods, clothing

and miscellaneous. The foods division is open to canned, cooked or miscellaneous food products. Clothing is open for skirts, blouses, dresses, and sports wear. The miscellaneous division will include lamps, pillows, accessories or crafts. At 1:30 p.m. the showmanship contests will be held with awards in the lamb and in the steer-heifer classes, both for juniors (12 years and under) and seniors (13 and over). A new feature will be a dog show at the same time, and it is open to any boy and girl in Glasscock County. Dogs must be on a leash or rope, and they will be judged on grooming, appearance and smartness. There also will be a showmanship contest.

Highlight of the day's activities will be the presentation of Gold Stars and other achievement awards. The program is due to be completed by 3 p.m., according to Oliver West, county agent.

DEAR ABBY

Handling Handicaps

DEAR ABBY: The letter from Mrs. S. regarding her disfigured daughter brought back memories of an incident which occurred when I was in the fourth grade. As I look back now, I realize how much wisdom and understanding our teacher showed. She chose the most popular boy in the class...

ing is to read aloud. If you children laugh at him, or make fun of him when he stutters, it will make his stuttering worse. If you show no signs of noticing it, you will help him tremendously. It is up to you children. I am depending on you. Spread the word to every boy in the class. I was the girl chosen to get the word to all the girls. As I recall not one person in the class ever violated the trust the teacher placed in us. Needless to say, the new boy improved. MRS. R. E. R.

Editors Cite Five Texas Newspapers

PHOENIX, Ariz. (AP) - Five Texas newspapers received citations from The Associated Press Managing Editors Association today for outstanding cooperation with The Associated Press in covering news.

The citations went to the Dallas Times Herald, the Dallas Morning News, the Fort Worth Star-Telegram and the Wichita Falls Times and Record-News. The Dallas and Fort Worth papers were honored for their participation in covering the assassination of President Kennedy, the Wichita Falls papers for their coverage of a tornado there April 3.

NEWS, PICTURES In identical citations, the APME membership participation committee said the Dallas newspapers' "whole hearted protection on both news and pictures of the assassination of President Kennedy and the murder of Lee Harvey Oswald added immeasurably to the Associated Press' outstanding coverage of one of the great tragedies of American history."

The Star-Telegram's citation said the newspaper's "prompt assistance, especially in pinning down the identification and background of Lee Harvey Oswald, proved of great benefit in the Associated Press' outstanding coverage of the assassination of President Kennedy."

TORNADO COVERAGE The Wichita Falls citation said that "when a tornado hit Wichita Falls on April 13, 1964, killing seven persons and injuring more than one hundred, staffers of the Wichita Falls Times and Wichita Falls Record-News provided immediate and outstanding coverage in news and pictures for other members of The Associated Press."

The five Texas newspapers were among 29 members of The Associated Press honored by the APME at its annual convention. The Associated Press, world's oldest and largest news agency, has more than 3,000 domestic newspapers and radio-TV stations as members, all sharing in a cooperative effort to cover the news.

DEAR ABBY: Regarding the woman whose daughter had been badly disfigured in an accident and was fearful of returning to school while in dire need of plastic surgery:

My neighbor had a son who had a dental problem and he was worried about going back to school wearing the necessary brace-type appliance on his head. His teacher had him get up before the class and explain what it was all about. There was never one bit of ridicule or rudeness from the children once they understood the problem.

If that mother would go to school and speak to the class and explain what had happened to her daughter and how they hoped to correct it in the future, I'm sure she would find the children very sympathetic and extremely kind to the child. Young people are amazingly cooperative when put to the test. THELMA J.

DEAR ABBY: I know it's bad psychology to keep after my teenage daughter to stand up straight, but her lovely figure is spoiled by the way she stands. She either has one hip sticking out, or one toe turned in, or she stands with her shoulders stooped and her stomach sticking out. I hate myself for constantly criticizing her in front of others, but how else can I get her to pay some attention to her posture and improve it? ON EDGE

DEAR ON: Don't ever criticize your teenaged daughter in the presence of others. Humiliation never improved anyone. Explain how important good posture is to the impression one creates. Work out a few signals between yourselves as a silent reminder to improve her posture. (Smooth your hair, or touch your left eyebrow.) She'll appreciate your consideration and you'll get your point across painlessly.

Fate Seen Up To U.S., Soviet

LOS ANGELES (AP) - British historian Arnold J. Toynbee says "the United States and Russia are just 15 percent of the world, but can decide the world's fate."

Toynbee, in Los Angeles to accept an honorary degree from California State College, told a news conference that nuclear war is a real possibility, but that it might be avoided if the United States and the Soviet Union unite to control arms.

Contending that the two countries have a tremendous "common interest," Toynbee said:

"I would like to see them take extreme action. It's not good democracy but it is good for survival. If they can agree quickly, they can control the world. If not, China will control the world."

Orient Policy Decision Due

WASHINGTON (AP) - Assistant Secretary of State William Bundy expects a decision on U.S. Far Eastern policy to be made within the next few weeks.

Bundy, assistant secretary for Far Eastern affairs, said here that while the basic situation in Southeast Asia has not changed as a result of the recent U.S. election, one thing has changed: The mandate given President Johnson.

Bundy spoke to a meeting of the Women's National Democratic Club. Pointing to principles affirmed by Johnson for the Far East, Bundy mentioned the basic U.S. aim of peace and the struggle for it. "There can be no doubt of our determination to see it through," he said.

Bundy said the United States would continue to play a major role in the Far East.

Tshombe Mercenary Army Girds For Attack On Rebels

KINDU, Congo (AP) - Premier Moise Tshombe's white mercenary army has set up a base in this north-central Congo town for an assault on the rebel stronghold of Stanleyville.

There is no definite indication when the attack on rebel leader Gaston Soumialot's headquarters, 250 miles to the north, will come.

"Much depends on the weather," said one mercenary officer. "Rain is our great enemy and this country favors the rebels and their guerrilla tactics. If we get bogged down on the road we could find ourselves in real trouble."

READY PUSH The mercenary forces, mostly Belgians, South Africans and Britons, are preparing their equipment for the push. Steel sheeting seized from a local factory is being bolted to trucks as makeshift armor. Captured rebel machine guns have been mounted on battered jeeps.

COMMUNIST Chinese arms have been found among supplies taken from the rebels. Ammunition cases bore Chinese characters. Red China is backing the rebels of the eastern Congo. U.S. Hercules freighter planes fly almost daily into Kindu from Leopoldville with supplies for the central government army.

COPTERS PATROL American helicopters piloted by Belgian crews make hourly patrols over the Kindu area. U.S. troops guard the aircraft at Kindu Airport.

1939 Lincoln recently through his father, R. Lionel Barrows, inventor of an automatic pin-setting machine for bowling. The elder Barrows said he had got the Lincoln from a friend, Merton Barrows of nearby Topsfield, who is no relation, by putting up a 1919 Model T Ford and \$1,500.

Barrows drives a shiny, black, 12-cylinder Lincoln limousine that's 19 1/2 feet long and fitted out like a living room. It has leather upholstery, teakwood paneling, foot pillows, chromium fixtures, window blinds, an intercom system and a roll-down window that separates the passengers from the chauffeur.

"This is the greatest," said young Barrows today. "We didn't know such comfort when I was driving my 1932 hot-rod with no hood and no roof. We've had as many as 17 in the car. At drive-in theaters we invite young people from other cars to join us and sit around in a crowd. We've had football rallies, birthday parties and even smokeouts in the car. For the unknowing, Barrows explains that a smokeout is when a bunch of guys sit around in the car smoking cigars and cigarettes with all the windows up and the blinds down. Ron Meltzer, 17, another companion, said of the smokeouts: "It occupies us. It's better than sitting around getting into trouble."

Barrows said he isn't trying to compete with the school buses, "but the more kids I pack into the car the more there are to chip in for gas." "They don't make 12-cylinder cars any more. This car is a 1939 model, and it's not exactly gentle on gas consumption. I bet I don't get eight miles a gallon on it. We've ordered as much as 20 gallons at one time, and the gas tank wasn't even full. And the other day when the oil was changed it took 11 quarts." Young Barrows obtained the

enchanted. Others just could not make the grade as hard-rock miners."

JOINT STORY The story is being written jointly by federal and state employment services and two independent unions, the United Mine Workers of America and the International Union of Mine, Mill and Smelter Workers.

The coal fields of Appalachia are among the most depressed areas of the nation. Employment has plummeted from about 450,000 in 1948 to 125,000 today, and with increasing automation there is little chance of reversing the trend.

Was Pope John Heavy Smoker?

NEW YORK (AP) - Was Pope John XXIII a heavy cigarette smoker or only an occasional user?

Associates of the late Roman Catholic pontiff say he usually limited himself to a cigarette or two, after dinner. "He was a chain smoker," says Thomas J. Deegan Jr., chairman of the World's Fair Executive Committee.

Deegan told of an audience he had with Pope John, and said the Pope smoked one cigarette after another during their half hour conversation.

Mrs. Nhu's Bill Is Paid

BEVERLY HILLS, Calif. (AP) - Mrs. Ngo Dinh Nhu's wear-old bill at the Beverly Wilshire Hotel has been paid by South Viet Nam.

A check for \$1,100 from the Vietnamese Embassy in Washington was received by the hotel. Mrs. Nhu stayed at the hotel for nearly two weeks with her daughter and a maid. She was there when the government headed by her brother-in-law, Ngo Dinh Diem, was overthrown. Her husband and Diem were killed.

Mrs. Nhu now lives in exile in Paris.

Shift Of Coal Miners Pushed

WASHINGTON (AP) - It isn't easy for families to pull up stakes, but to combat unemployment the government is helping recruit hundreds of jobless Appalachian coal miners for the Montana copper mines. So far, officials are pleased with the results.

Said a Montana Employment Service report recently: "Many of the new miners have already earned more in one month than they made in an entire year in a series of odd jobs back home."

But, the same report pointed out: "The story did not have a happy ending for all of the new arrivals. Some of them soon became lonely for the old familiar haunts and a few more dis-

enjoyed. Others just could not make the grade as hard-rock miners."

JOINT STORY The story is being written jointly by federal and state employment services and two independent unions, the United Mine Workers of America and the International Union of Mine, Mill and Smelter Workers.

The coal fields of Appalachia are among the most depressed areas of the nation. Employment has plummeted from about 450,000 in 1948 to 125,000 today, and with increasing automation there is little chance of reversing the trend.
