Airliner Carrying 72 Blown Apart

Burns After Crash

TWA's flight 800 Boeing 707 jetliner burns airport in Rome's Fiumicino suburb today. after a take-off crash at Leonardo di Vinci (AP WIREPHOTO)

American Jet Dead About 50

ROME (AP) — A TWA four-jet airliner with 72 persons aboard burst apart in explosions today as it was about to leave Rome's Leonardo Da Vinci airport at Fiumicino. About 50 persons were reported killed.

Trans World Airlines in New York said the plane

hit a truck. Capt. J. E. Frankum, TWA vice president, said the jetliner at the time was trying to abort its take-off.

"Unfortunately, there was a truck in the vicinity of the runway," he added. Reports of the number of survivors brought to Rome hospitals varies from 20 to 25. Most were reported in grave condition.

55 PASSENGERS

The TWA office in Rome said the plane carried 55 passengers and a double crew of 17. Among the passengers were 26 TWA employees and their families.

It was TWA flight No. 800 from Kansas City, Mo.; Chicago, New York, Paris and Milan to Rome, Athens and Cairo.

There were conflicting reports on the time the explosion occurred. While some persons said the blast occurred just as the plane lifted off the ground, others said it exploded while on an approach strip just before reaching the runway to begin its take-off.

Nuclear Force Called Reversal

WASHINGTON (AP) — Sen. George McGovern, D-S.D., says the proposed multilateral nuclear force of the North Atlantic Treaty Organization "is a reversal of the trend toward peace and arms reduction set in motion by the nuclear test ban treaty in 1963."

WARREN PANEL RELEASE

Johnson Account Of Assassination Given

WASHINGTON (AP) — The sense of sickening shock, the "sharp," painful and bitter con-

cern for the heroic lady widowed by the assassin's bullets, the sad, hurried steps to assure continuity in the nation's leadership.

These are recounted by President Johnson in a statement given to the Warren Commission investigating the assassination of President John F. Kennedy.

Johnson's account of the dark day in Dallas last Nov. 22 was given to the Warren Commission in the form of a statement last July. It was incorporated in one of the volumes of testimony on which the commission based its report last Sept. 27. Now some of the supporting volumes of evidence have just become available to The Associated Press.

The about-to-be president had little opportunity to see what was going on when the shots from Lee Harvey Oswald's rifle ripped into Kennedy and Texas Gov. John B. Connally, two cars ahead of Johnson's car. A Secret Service agent was sitting on top of him.

As Johnson tells it: "I was startled by the sharp report, or explosion, but I had no time to speculate as to its origin because agent (Rufus) Youngblood turned in a flash immediately after the first explosion, hitting me on the shoulder and shouted to us all in the back seat to get down."

Mrs. Johnson and Texas Sen. Ralph Yarborough were riding with Johnson in the back seat. "I was pushed over by agent Youngblood. Almost in the same moment in which he hit, or pushed me, he vaulted over the back seat and sat on me. I was bent over under the weight of agent Youngblood's body toward Mrs. Johnson and Sen. Yarborough. I remember attempting to turn my head to make sure that Mrs. Johnson had bent down. Both she and Sen. Yarborough had crouched down at agent Youngblood's command."

It was at 1:20 p.m. that Johnson learned from Kenneth O'Donnell, a Kennedy aide, that he had succeeded to the presidency. "He told us that the president had died," Johnson said. "I

American Airliner Crashes

A four-jet TWA jetliner model 707, like the plane above, crashed on take-off from Rome's Fiumicino airport today. There were 86 passengers aboard the flight, No. 800, which started in Kansas City, stopped at

Chicago, New York, Paris, and Milan en route. It was headed for Athens and Cairo. The tragedy took a heavy toll in human lives. (AP WIREPHOTO)

Murder Confession Rapidly Falling Apart Here Today

John Marvin Peters' unusual confession, that he is the slayer of five persons, was rapidly coming unglued Monday.

If the 29-year-old burglar and car thief has killed any of the five he claimed Saturday to have murdered, that one victim is an unidentified man whose skeleton may or may not be in a lonely canyon near Ruidoso, N. M.

Mike Frankovich, with the crime section of the Illinois State Police, here from Chicago, talked for an hour with the 120-pound Peters relative to the latter's claim he killed three women in a Chicago park.

Frankovich emerged from the interrogation room shaking his head and smiling. He turned back into the room and told the prisoner, who sat huddled in a straightback chair: "Peters, you have to be honest with yourself or you can't be honest with us. Understand?"

The Chicago detective was the last of a small parade of officers who were brought here by Peters' statement Saturday in which he told Sheriff Miller Harris, he had killed a woman in Marshall in May, 1955, three women in a Chicago park in March, 1960 and a man near Ruidoso last June 28.

It was thought that Peters could have been implicated in the sensational murder of three Chicago housewives in Starved Rock State Park, Ill., on March 14, 1960. Frankovich was the officer who led the investigation of this crime, and who secured the conviction of a man for the murder of one of the women. It was held possible this convicted killer may have had an accomplice, and Frankovich's visit here was to check out the possibility that Peters could have been that accomplice.

The Chicago detective said that, in his opinion, Peters' story is entirely without foundation.

This morning, Gil Jones, district attorney, who had no part in the questioning of the prisoner Saturday or Sunday, said: "I arranged for Peters to be committed to the Big Spring State Hospital for examination as to his mental condition several weeks ago. In fact, I asked that he be checked right after the grand jury had indicted him for burglary. The State Hospital can handle only one week for this type of examination, and it happened that Peters' case has not come up at the institution. I feel the man is mentally ill."

After they had talked with Peters for some time, the two officers said there was a "possibility" he might be telling the truth. A searching party was at work in an area just at the outskirts of Ruidoso Sunday looking for the body of a man, Peters said gave him a ride in a pickup truck and whom he shot to death. "He has narrowed the area

where he said he hid the body to half a mile square," said Atwood. "He knows the country around Ruidoso. We know he was in the area on that date and we also know that the pickup truck had shotgun shells in it when Austin arrested Peters for speeding about 15 miles toward El Capitan on that date.

"Peters said the shotgun was in the pickup. We did not find it in the pickup, but we are going to do some more looking."

Peters thought he had killed a man named Frederick Jones, of Midland, officers said. Jones was the owner of the pickup, which was stolen in Midland. Jones was not the victim, if there was one, however. The New Mexico officers went back home by way of Midland where they talked with Jones.

A short time after the shooting, that Peters says ended the life of the unknown truck thief, Austin stopped Peters for speeding and for other traffic violations, and told him to drive on ahead of the patrol car to El Capitan.

"Suddenly," said Austin, "he jerked the truck to the side of the road and plunged it over a steep embankment and into a deep ravine. He crawled out of the wreckage and went running across the canyon. I chased him down. He fell on the ground and began yelling to me 'Shoot me! Shoot me!' He was pretty badly banged up in the wreck. He told me that he had wrecked the truck in an effort to commit suicide."

A. J. Bailey, an uncle of the prisoner, told officers Sunday that his nephew was working for him in Big Spring in May of 1955 and could not have been in Marshall at the time of the Walker killing.

NEW MEXICO Two New Mexico officers, Darrell Austin, state police, and Clyde F. Atwood, undersheriff of Lincoln County, were in Big Spring Sunday to look into the story Peters had told of shooting a man to death near Ruidoso last June 28.

After they had talked with Peters for some time, the two officers said there was a "possibility" he might be telling the truth. A searching party was at work in an area just at the outskirts of Ruidoso Sunday looking for the body of a man, Peters said gave him a ride in a pickup truck and whom he shot to death. Demos Cautious On House Rules

WASHINGTON (AP) — Some top-level Democrats are counseling colleagues to proceed with caution in considering major changes in the House rules when the new Congress meets in January.

They are apprehensive that the House, with Democrats outnumbering Republicans 295 to 140, may become "a runaway house" and pass legislation neither sponsored nor desired by the administration.

SHIFTS PROPOSED Numerous changes in the rules have been proposed, mainly by spokesmen for Democratic liberal groups, and all are aimed at expediting President Johnson's legislative program. But their application would not be limited to Johnson bills.

Officially, House leaders have not expressed publicly their feeling about the proposed changes. In private conversations they have voiced some misgivings. As a result, there may be only a few relatively minor changes approved by the Democratic caucus preceding the opening of the House on Jan. 4. More far-reaching alterations could be made later in the session if the need arose. A majority vote of the House can change the rules at any time.

WEAKEN GRIP Most of the proposed changes would weaken the grip of the Rules Committee on bills approved by other committees having jurisdiction over legislation. The Rules Committee has no legislative jurisdiction. It serves as a legislative clearing house. Most legislative measures cannot reach the House floor for a vote unless the Rules Committee approves. There are ways

under existing rules to bypass the committee, but they seldom are effective and the committee can delay House action indefinitely if a majority of its members want to.

Tunnell Swears House Members

AUSTIN (AP)—House Speaker Byron Tunnell swore in 43 House members today, telling them they face many problems that should make the next legislature a historic session.

After remarks by Lt. Gov. Preston Smith, Atty. Gen. Waggoner Carr and Secretary of State Crawford Martin, Tunnell expressed confidence in the 1965 Legislature and reminded new members to fill out their income tax withholding forms.

French Quints Said Healthy

PARIS (AP) — Quintuplets — three boys and two girls — were born today to Mrs. Monique Sandor, 27, at a clinic in suburban Asnieres, attendants reported. All were reported in good health.

The babies weighed an average of just over 2.5 pounds each. The Sandors already were the

parents of two children—4 and 6 years of age. The manager of the clinic said Mrs. Sandor had been delivered of five babies during a two-hour period.

Attendants at the Bourguignon Clinic — a small, modern clinic in suburban Paris which specializes in maternity cases — said the quintuplets were in generally good condition.

One attendant said, "Four are in excellent condition, but the fifth was not as lively."

Officials at the clinic said the quintuplets were transferred to the Paris Centre de Puériculture where presumably facilities were more extensive for the care of the infants.

Newsmen were not immediately able to locate the father, Raymond.

Billie Sol Estes Ordered To Jail

DALLAS (AP) — U.S. Dist. Judge Sarah Hughes forfeited the \$10,000 bond of convicted promoter Billie Sol Estes today and told the United States marshal to take him into custody.

It marked the first time that Estes had been confined since his first arrest by the FBI March 29, 1962. U.S. Atty. Barefoot Sanders made the motion for bond forfeiture because, he said, Estes had travelled outside the 100-

county jurisdiction of the federal court. That violated the condition of the bond, Sanders claimed. Sanders charges that Estes made two trips to Denver, Colo., after Sanders wrote him and his lawyer warning them that the government would seek forfeiture of bond and placing Estes in jail if Estes left the district again.

LEOPOLDVILLE, the Congo (AP)—The Congolese rebels said today they have granted a stay of execution to American medical missionary Dr. Paul Carlson pending the outcome of diplomatic negotiations outside the Congo with the United States. A broadcast indicated the stay was for only 24 hours.

This report was made in a broadcast by rebel leader Christophe Gbenye. The rebels in Stanleyville had scheduled Dr. Carlson's execution for today. Central government troops led by white mercenaries resumed their advance on rebel Stanleyville. They captured the town of Lubutu, about 120 miles southeast of the rebel capital.

AWAIT RESULTS In a Stanleyville radio broadcast heard in the Central African Republic, Gbenye added: "We expect results of the first negotiations before 24 hours." Gbenye was speaking of talks in Kenya on the fate of Dr. Carlson and about 1,000 white hostages held by his forces. A good road links Lubutu with Stanleyville, and the attack force expected to encounter lit-

tle opposition. "Under normal circumstances you can reach Stanleyville from Lubutu in four or five hours driving," a military source in Leopoldville said. Observers predicted Stanleyville would fall this week unless the commando units run into unexpected resistance. Rebel Foreign Minister Thomas Kanza arrived in Nairobi Sunday for talks with Kenya Prime Minister Jomo Kenyatta on the fate of 1,000 white hostages in rebel territory. They include 60 Americans and more than 600 Belgians. Kenyatta told newsmen after Sunday's talks that Kanza told him: "All foreign civilian prisoners of war are alive."

MURDER CASE Figure No-Billed DALLAS (AP)—Sidney Perry, 23, charged as an accessory in the slaying of Times Herald reporter James Koethe, was nobilled today by the Dallas County grand jury.

Prevailing Signs Indicate Teacher Rebellion Spread

WASHINGTON (AP) — The teacher rebellion which erupted across the nation this fall is not a sometime thing. Every sign points to its continuation and its spreading to other sections.

— T. M. Stinnett of the 900,000-member National Education Association: "The teachers in this country finally are fed up to the teeth with the shabby treatment they've been getting. They're going to do something about it."

— Albert Shanker, president of New York City's United Federation of Teachers, AFL-CIO: "Teachers have developed a sense of their own dignity and worth. No longer will they tolerate the kinds of conditions they have been putting up with for years."

NOTHING NEW Teacher rebellion is nothing new in this country, but never before has it been so bitter and so widespread.

Strikes and walkouts have been called in Pawtucket, R.I.; Louisville, Ky.; Catossa County, Ga., and in Louisiana and Oklahoma.

Warnings flags are flying in New York and New Jersey, and

in the hundreds of overseas schools operated by the Defense Department. There is watchful waiting in the state of Utah, where the teachers appear to have won their fight. Salaries are the big issue, but not the only one. Teachers also want better working conditions, including smaller classes, and a stronger voice in setting education policy.

NOW IN OPEN Only a few years ago, teachers confined their grumbling to the confines of the faculty lounge — if they had one — or the privacy of a professional meeting. Today they seem willing and able to challenge the local school board, as in Pawtucket; protest a statewide election, as in Oklahoma; take on the governor and legislature, as in Utah and Louisiana; or even go to the mat with a powerful branch of the federal government, as in the case of the overseas schools.

Death Of Mabank Man Accidental KERENS, Tex. (AP) — Wort Thomas, 64, a Mabank carpenter was found dead Sunday night in a burning bedroom. He was at the home of a nephew, John Schultz. A justice of peace ruled accidental death.

Cafe Holdup For \$211 Laid To Moneyed Widow

NEW YORK (AP) — The beneficiary of a \$300,000 trust fund, accused of staging a \$211 holdup with an antique pistol, has been sent to Bellevue Hospital for observation. Judge Ludwig Glowa ordered the test Sunday for Mrs. Carol Dillon, 55, widow of an advertising executive, after her attorney

told him: "We don't have a criminal here, we have a patient." Mrs. Dillon, who lives in Manhattan, was arrested shortly after the Saturday night holdup at a Manhattan delicatessen. Police said the robbery weapon was an unloaded 1859 pepperbox pistol.

Cotillion Holds Holiday Party

By JO BRIGHT
The first of this season's Christmas dances was held Saturday evening at Big Spring Country Club where guests were welcomed by 13 host couples from the Cotillion Dance Club.

Greeting the arriving couples were Mr. and Mrs. Roger Brown, Mr. and Mrs. Jimmy Jones, Mr. and Mrs. Jack Little, Mr. and Mrs. Toots Mansfield, Mr. and Mrs. Ralph McLaughlin, Mr. and Mrs. Don Newsom, Mr. and Mrs. W. E. Ramsey, Mr. and Mrs. Ike Robb, Mr. and Mrs. Donald Robbins, Mr. and Mrs. Hayes Stripling Jr., Mr. and Mrs. Paul Schaffer, Mr. and Mrs. Wes Shouse and Dr. and Mrs. Milton Talbot, Mr. and Mrs. E. H. Boullion were chairmen.

The George Atwood orchestra played for dancing from 9 p.m. until 1 a.m.

The increasing popularity of long dinner dresses and ball gowns was evident with almost half the women choosing this style for the festive evening. Mrs. Boullion chose a dramatic long gown of black peau de soie, with embroidered flowers circling the lower part of the skirt, which she wore with a matching scarf. Mrs. Schaffer was pretty in a gown of white with crystal beading edging the neckline, and another whose chose white was Mrs. Carl Marcum whose short cocktail dress was full-skirted.

The short skirt was preferred, too, by Mrs. James Tidwell. Her filmy dress of coral chiffon was tied with a draped V neckline and was belted with bright gold. Long rhinestone earrings added a bit more sparkle.

Telling everyone about their new grandchild, Dr. and Mrs. Clyde E. Thomas Jr. were enjoying a rare evening out. Mrs. Thomas was wearing a short sleeveless formal of white lace, scalloped at the neckline and banded with pink satin at the dropped waist. At the same table, Mrs. James Currie of Garden City looked charming in a dress of deep pink fashioned entirely of tiny tucks. Her jewelry was a single strand of pearls. Mrs. Jerry Currie chose a cocktail dress of bright green which complimented her blonde coloring.

Nearby were Mr. and Mrs. E. C. Bell. Her dress and slippers were of rose satin and her multiple strand pearl necklace was worn with matching ear-clips. They chatted with Mr. and Mrs. Jimmie Jones. Mrs. Jones was attired in a simply styled dress of nubby white wool which set off her chunky gold necklace.

Attractive Mrs. W. E. Ramsey wore shining black—a simple sheath that glittered with sequins. In contrast, brunette Mrs. Kimball Guthrie was a picture in white. Her long gown

was threaded with gold and bowed at the back waistline from which fell a flowing panel. The rhinestone clip at her shoulder matched her drop earrings.

Mrs. Grant Boardman danced in a long gown of pale blue lame complemented by elbow-length white gloves, and Mrs. Harold Davis jitterbugged a bit in a red, scoop-necked dress, also worn with white gloves.

Pretty Mrs. Thomas Normile looked the picture of femininity in a gown styled with full skirt of white satin topped with a black lace bodice and banded at the waist with red velvet. Saying hello to friends nearby was Mrs. Art Warren, her long black two-piece gown featuring a shell top dotted with jet beads.

Across the room were Mr. and Mrs. Gene Nabors, just back from a trip to Rome. Mrs. Nabors' sheath, with tiny straps, had a background of white printed with large flowers in shades of blue. Mrs. Pete Cook wore a print, too. Hers was of black with large red flowers and tiny shoulder straps.

Mrs. R. H. Weaver was gowning in a long two-piece dress of turquoise, and Mrs. B. Broadrick wore white with matching sweater sprinkled with crystals.

Guests Arrive

Mr. and Mrs. James Tidwell, right, are greeted by host couples, the Roger Browns and the Jimmie D. Joneses as they arrive at Saturday's Cotillion Club dance. With the Tidwells are Capt. and Mrs. Thomas Normile.

Host Couples

Several of the host couples for the holiday dance relax in the lounge at Big Spring Country Club. From left are Mrs. Roger Brown, Mrs. Jimmie D. Jones, Mrs. E. H. Boullion Jr., Boullion, Brown and Jones.

Miss Janice Steagald Marries T. A. Grant

The wedding of Miss Janice Marie Steagald and Cpl. Thomas A. Grant was solemnized Sunday morning in a double ring ceremony performed by the Rev. Byron Orand, pastor of College Park Baptist Church. The vows were exchanged in the home of the bride's grandparents, Mr. and Mrs. Ernest Rainey, 903 E. 16th.

The bride is the daughter of Mr. and Mrs. W. A. Steagald Jr., 905 E. 16th, and the bridegroom is the son of Mr. and Mrs. Dave Grant, Coahoma.

The bride chose a white wool knit sheath with long, fitted sleeves and a jewel neckline which she wore with a veiled white and gold brocade pillbox. In carrying out the traditional customs, she wore an old ring belonging to her grandmother and birthdate pennies in her slippers. The something new was her wedding dress, to which she pinned a white orchid corsage. She carried a white Bible, a gift of her grandparents.

Attending the bride as maid of honor was her sister, Miss Linda Kay Steagald. Her long-sleeved red velvet dress was worn with a matching headband and slippers and her corsage was of peppermint carnations.

Dave Grant served his son as best man.

Following a wedding trip to an undisclosed destination, the couple will make a home in DeRidder, La., near Camp Polk where he is stationed with the Army.

Both the bride and bridegroom are graduates of Coahoma High School. He attended Howard County Junior College and was employed in the circulation department of the Big Spring Daily Herald.

Sister, Daughters Visit Dorn Home

COAHOMA (SC) — Mr. and Mrs. Melvin Dorn have had visiting in their home her sister, Mrs. Delbert Hopper, and daughter, Carolyn, of Sterling City.

Visiting in the DeWitt Shive home is their daughter and her children, Mrs. Fred Willis, Teri and Ron, all of Odessa.

Elmo Daniels is a patient at Root Memorial Hospital, Colorado City.

In Hawley for the weekend are Mr. and Mrs. G. W. Hudson. They are the guests of their daughter and son-in-law, the H. R. Hays.

Does BLADDER IRRITATION MAKE YOU NERVOUS?

After 25,000,000 cases of Bladder Irritation affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondary you may lose sleep and suffer from headache, backache and feel old, tired, depressed. In such instances, CYTETEX usually brings fast, relaxing comfort by curbing irritating germs in urine, acid urine and by analgesic pain relief. Get CYTETEX at drugstore. Feel better fast.

OES Head Honored At Brunch

Mrs. A. G. Eitzen, worthy matron of the Laura B. Hart Chapter of the Order of the Eastern Star, was honored Saturday morning during a brunch held in the home of Mr. and Mrs. J. B. Apple, 419 Westover.

Assisting Mrs. Apple as hostesses were Mrs. M. C. Lawrence, Mrs. J. H. Eastham and Mrs. Raymond River who welcomed 26 guests including several women from Odessa.

Mrs. Eitzen, attired in a green shirtwaist dress of silk from Hong Kong, was presented a corsage of white chrysanthemums and J. B. Apple gave her a decorated ice bucket filled with gifts including perfume and handkerchiefs.

The buffet table was covered with a handmade Jamaican cloth designed with alternating squares of white linen and lace. Complementing the silver coffee service and trays was a large arrangement of white chrysanthemums in a silver vase. Calling hours were from 10 a.m. until 12 o'clock noon.

Californians Visit With Mrs. Winn

Guests of Mrs. Fred Winn, 1310 Virginia, are her son and daughter-in-law, W. G. Winn, and their four-month-old son, Allen Fred, of Inglewood, Calif. This is the first trip here for the child who was named after its grandfather, the late Mr. Winn.

Mrs. Winn is expecting her parents, Mr. and Mrs. J. S. Atchley, of Hatfield, Ark., who will visit with her during the Thanksgiving holidays.

Mu Kappa Has Party

The Blue Room of Cosden Country Club was the scene Saturday evening of a holiday buffet dinner and dance for members of the Mu Kappa Chapter of Epsilon Sigma Alpha and their husbands.

Host couples were Mr. and Mrs. B. R. Newton and Mr. and Mrs. Troy Love.

A permanent arrangement of chrysanthemums, sea moss and oak leaves graced the serving table with the autumn theme carried out on the dining table with fruit and leaves.

Bridge was played, following the dinner, with high score going to E. H. Lawhon and Mrs. Jack Wilson and low score being won by Woody Rutledge and Mrs. Richard Egan. The evening concluded with dancing in the ballroom.

W. C. Phillipps Visit In Andrews

COAHOMA (SC) — Mr. and Mrs. W. C. Phillipps are weekend guests in the home of her brother-in-law and sister, Mr. and Mrs. Leslie Bassinger, in Andrews.

Mr. and Mrs. Leroy Echols and Mr. and Mrs. Ray Echols were visitors in the home of their cousin, S. P. Echols, in Andrews.

Mrs. Clay Bedell has been released from the Malone and Hogan Foundation Hospital.

Fred Adams and Miss Allie Rand Adams were in Midland Monday to attend the funeral of the infant son of their nephew, Darrell Adams. Two residents of Sand Springs are patients at Malone and Hogan Foundation Hospital. They are Mrs. Bob Kirby and Mrs. John Hurbert.

Cold Front Pushes Into South Texas

By The Associated Press. Light rain pelted Gulf coastal areas early today as a cold front pushed through South Texas...

GOP Declines At State Level Across Dixie

WASHINGTON (AP) — After four years of strenuous effort to build a two-party system in the South, Republicans saw their strength at the state level decline in President Johnson's landslide victory...

Although Sen. Barry Goldwater carried five Southern states and the GOP scored a net gain of four Southern House seats, Republicans lost ground at the local level where they were trying to broaden their base for the future.

A survey of 13 Southern and border states showed that in the Nov. 3 voting, Republicans lost a net of 31 seats in state Houses of Representatives. If the turnover they won 10 and lost 41 they previously held.

In state Senate races, they lost four seats and gained four, leaving them just where they were.

The states covered in figures compiled by the Senate Republican Policy Committee's staff as part of its breakdown of election returns included Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia and West Virginia.

Counting present lineups in Alabama, Kentucky, Louisiana and Virginia, which held no legislative elections this year, Republicans now hold less than 1 per cent of the House seats and slightly more than 8 per cent of Senate places in the various states.

English Bank Discount Rate Upped 2 Pct.

LONDON (AP) — The Bank of England discount rate was raised today from 5 to 7 per cent.

The action was taken to help turn the tide of Britain's trade deficit, which the government says may reach 800 million pounds — \$2.25 billion — this year.

A spokesman for the bank said the change was made "primarily to strengthen the international position of sterling," which has been under severe attack in world currency markets.

The rise is the highest since July 25, 1961, when Conservative Chancellor of the Exchequer Selwyn Lloyd instituted a period of austerity in an effort to halt another payments crisis.

The basic cause of the financial difficulties is that Britain is spending more abroad than she is selling and the deficit is growing.

The new Labor government instituted a 15 per cent surcharge on all imports except food and raw materials earlier this month in an effort to reverse the trend.

This brought the regime into conflict with most of Britain's suppliers, especially her partners in the seven-nation European Free Trade Association — EFTA.

The first danger sign of weakness of sterling came on Friday when the pound declined to \$2.784, the lowest level in eight years and the floor at which the

Bank of England must step in and buy to prevent the pound going lower. The pound reacted sharply to the raising of the discount rate and rose five-eighths of a cent to \$2.784.

Georgia Politicos At Johnson Ranch

JOHNSON CITY, Tex. (AP) — Lyndon B. Johnson entered the second year of his presidency today by entertaining a blue ribbon delegation of Georgia politicians at his ranch home.

The Georgians, representing the political power structure of one of the six states Johnson lost in the Nov. 3 election, arrived Sunday in response to a presidential invitation to drop in for several days and do some deer hunting.

Politics also was certain to figure in the conversations among Johnson, Gov. Carl Sanders, Democratic Sens. Richard B. Russell and Herman E. Talmadge, Judge Robert Russell of the Georgia Supreme Court, former Gov. Ernest Vandiver and Democratic State Chairman J. B. Fuqua.

first family to the services was one of Johnson's old political allies, Gov. John B. Connally of Texas, who was wounded in the flurry of shots that killed Kennedy in Dallas last Nov. 22.

Now fully recovered, Connally and his wife, Nellie, returned to the ranch with the Johnsons.

The President also sent off a telegram to John Nance Garner on the former vice president's 96th birthday. Johnson extended to Garner "my warmest affection."

A year earlier, one of John Kennedy's last acts had been to make a birthday telephone call to Garner, who lives in Uvalde, Tex.

LBJ SUPPORTER

Sanders was an all-out Johnson supporter in the election campaign, to the point where he possibly endangered his own political future in a state where Johnson's advocacy of the 1964 Civil Rights Act was the key factor in Georgia going Republican for the first time.

Talmadge and Judge Russell joined Sanders in accompanying the President on his campaign travels in Georgia. Sen. Russell was absent.

Some of the Johnson properties in this Central Texas Hill County — notably the Scharnhorst ranch not far away — abound in deer. The hunting season opened here 16 days ago. So far as is known, Johnson has yet to try his luck.

MEMORIAL SERVICES

Sunday the President and Mrs. Johnson made a helicopter trip to Austin, 65 miles to the east, to attend interdenominational memorial services for the late President John F. Kennedy at University Methodist Church. Accompanying the somber

TSO guarantees absolute accuracy in filling your ophthalmic prescription.

Select your frames from hundreds of fashionable styles and colors.

Consult your telephone directory for the TSO office nearest you.

Have you priced a tiger lately?

Take the GTO, for instance. The greatest tiger of them all. Even real tigers cover when this baby speaks. It loads 335 horses under that hood. Plus bucket seats, Carpeting, Real walnut dash. And like that. Yet it sells for less than a lot of pussycats with imitation stripes. And of course the GTO's optional 360-hp engine puts it so far out in front of the pack that it gets kind of lonesome. Then there's the Le Mans. Same kind of pizzazz. Same kind of crackle. Only with slightly smaller teeth. But don't worry. It can still handle the pussycats. If you haven't priced a tiger lately, you'd better. Now.

We're building Wide-Tracks again! See them all at your authorized Pontiac dealer now!

New Air Gun Devised For Seismic Work

COLLEGE STATION (AP)—The dynamite blasts used in studying the underground rock formations without ever digging into the earth may be out of date some day.

Texas A&M University marine geophysicists have a new air gun to use instead of dynamite charges.

Earlier forms of the air gun and an electric arcing device have been tested in recent years for marine seismic work. Land crews continue to use explosives although some use a device that drops a heavy weight to the ground, setting off vibrations.

The new air gun obtained for Texas A&M marine seismic work discharges bursts of compressed air. The gun and its rig with a total weight of 100 pounds lets off an explosive "whoomp" every second while instruments aboard the ship record the pattern of sound waves rock of the earth.

SUDDEN RELEASE

The rig trailed behind the ship uses the sudden release of 12.5 cubic inches of air compressed to 3,000 pounds per square inch to produce the sound.

"In the last 10 years there has been lots of study of sound sources," John Antoine, a Texas A&M research scientist and marine geophysicist, said. He is a veteran marine scientist and the co-author of papers with Dr. Maurice Ewing, director of Lamont Geological Observatory of Columbia University.

RESEARCH CRUISES

Antoine and Jim Gilmore, a Texas A&M research engineer, plan to use a Columbia research vessel for another in a series of cooperative A&M-Lamont geophysical research cruises of the Gulf of Mexico. A few months ago Lamont researchers sailed with the Texas A&M group.

"Explosives are expensive and considered rather dangerous," Antoine said succinctly. The new air gun is towed about 50 feet behind the research vessel at a depth of 10 feet. Also trailed in the water is a string of hydrophones—listening devices.

"You can hear a low whoomp. It's not sound so much as feel," Antoine said of the sensation as the air gun blasts. A large bubble rises to the surface after the explosion.

"You should be able to fire the air gun every second or so, while with explosives 30 seconds is a good rate," the A&M research scientist said. Thus a great deal more data can be obtained.

Guild Strikes Albany Papers

ALBANY, N.Y. (AP)—The AFL-CIO American Newspaper Guild struck Albany's two daily newspapers Sunday, but a skeleton news staff published one edition of this morning's Times-Union.

Printers, pressmen and members of other craft unions crossed the guild picket lines and reported for work.

Officials of Capital Newspapers, a division of Hearst Corp., said they would continue publication of the Times-Union and the afternoon Knickerbocker News.

Management and guild spokesmen said no new negotiations were scheduled on the dispute over weekly pay increases, work schedules and contract length. The strike began at 2 a.m. Sunday.

The Times-Union has a daily circulation of 68,797 and Sunday circulation of 116,106. The Knickerbocker News circulation is 54,678 daily.

The Times-Union called upon supervisory personnel and executives to fill in for the strikers. A 38-page Monday issue came out behind the normal first-edition time.

Under the previous contract, newsmen in the top classification received a minimum of \$135.50. Other salaries varied by jobs.

Milk Less Radioactive

WASHINGTON (AP)—The Public Health Service says the amount of radioactive strontium 90 detected in milk continued to decline in August.

The August national average was 22 picocuries per liter of milk daily, compared with 26 in July and 30 in May and June. A picocurie is one millionth of one millionth of the radioactivity from one gram of radium. The Federal Radiation Council has established an intake of 200 picocuries a day, averaged over a year, as an acceptable health hazard.

Three-Foot Snow Hits Lakes Sector

By The Associated Press

Clearing skies promised relief today to the eastern edge of the Great Lakes region where weekend storms dumped up to three feet of snow. Only flurries were predicted for today.

Dry weather prevailed throughout most of the rest of the nation, except in the Pacific Northwest. Snow continued to accumulate in the mountains there, and rain drenched lower altitudes. Cape Blanco, Ore., had 1 1/4 inches of rain Sunday afternoon and evening.

In the East, 3 1/2 inches of snow was reported over the weekend at Tug Hill, N.Y., and as much as two feet of snow piled up in other spots on the eastern and southern shores of Lake Erie and Lake Ontario. More than 200 motorists were stranded Saturday in western New York and two women were killed there in weather-connected highway accidents.

Southwesterly breezes raised temperatures to near normal in the middle of the United States after two very chilly nights.

Temperatures early this morning ranged from 1 degree above zero at Houlton, Maine, to 75 at Key West and West Palm Beach, Fla.

Rail Strike Postponed

CHICAGO (AP)—Postponement of a nationwide strike scheduled for 6 a.m. today will allow rail traffic to move as usual this Thanksgiving week.

But negotiations between the railroads and three unions will resume next week in Washington.

The three non-operating shop craft unions put off the threatened strike for at least a week Sunday after receiving an urgent request by Secretary of Labor W. Willard Wirtz.

Later Sunday, J. E. Wolfe, chief negotiator for the railroads, telephoned Judge Joseph Sam Perry of U.S. District Court that the carriers were dropping an injunction petition which sought an order barring the strike.

Both sides accepted Wirtz's suggestion to resume talks in Washington Nov. 30. The unions, representing 49,000 employees, are the International Brotherhood of Electrical Workers, the Sheet Metal Workers' International Association and the International Association of Machinists.

Sixteen Boys Escape Fire

GREENVILLE, Tex. (AP) — Fire destroyed a cabin at the Boles Home Sunday. The 16 boys living in the building escaped unharmed.

Gayle Oliver, superintendent of the home which is supported by the Churches of Christ, said the fire apparently started with an explosion near the attic central heating unit.

Thousands Climb To Eternal Flame

WASHINGTON (AP) — Shivering with cold but warm in remembrance, some 30,000 Americans climbed the long slopes of Arlington National Cemetery Sunday to the eternal flame that burns above John F. Kennedy's grave.

Some wept, some knelt, some touched rosaries. Some pushed the wheelchairs of the aged, others trundled baby carriages bearing infants who were unborn when, a year earlier, the young president was assassinated.

day was an armful of wildflowers from the sandy soil of Kennedy's beloved home at Hyannis Port, Mass. They were sent by the widow, Jacqueline, who was in seclusion in New York with her children.

The wildflowers were laid at the foot of the grave by Mrs. Kennedy's mother, Mrs. Hugh D. Auchincloss. She was admitted to Arlington at 7:10 a.m., 10 minutes before the gates were opened to scores of men, women and children who were waiting at dawn despite a temperature 10 degrees below freezing.

daughters of President Johnson, Luci Baines and Lynda Bird, each carrying a long-stemmed yellow rose. They knelt and placed the flowers, one on each side of the widow's bouquet.

There was a floral piece, also, from the President.

Then, at quarter-hour intervals through the day, came Boy Scouts, military units, church groups, government officials, foreign emissaries, Supreme Court justices and devoted members of the late president's White House staff. And continu-

ously, a slow-moving stream of ordinary citizens. By sunset the grave was banked deep in blossoms and 30,000 visitors had passed the grave, cemetery officials estimated.

NUNS, BROTHERS

There were many nuns and Catholic brothers paying tribute to the nation's first Roman Catholic president. But, as it happened, it was the floral tribute of the embassy of Israel that was being placed on the grave at 1:30 p.m., the moment Lee Harvey Oswald shot the president in Dallas on Nov. 22, 1963.

Big Spring (Texas) Herald, Mon., Nov. 23, 1964 5-A

Since then, nearly 8 million people have made the pilgrimage to the sloping patch of Virginia land, enclosed by a white picket fence, that overlooks the broad Potomac and the nation's capital.

Sunday, many of them — like the late president's brother, Sen.-elect Robert F. Kennedy, D-N.Y. — came direct from religious services where clergymen spoke of John Kennedy's struggle for peace, racial justice and an end to poverty.

Top Reverent JFK Shows Lead On TV

By CYNTHIA LOWRY
AP TV - Radio Writer

NEW YORK (AP) — Special commemorative programs on the first anniversary of John F. Kennedy's death were important segments in all network television schedules Sunday. Without exception, they were put together with reverent hands.

NBC's memoir, "John F. Kennedy Remembered," was a thoughtful, slow-moving and impressive hour. At the outset, the narrator invited us to return along the route that carried the assassinated president from the Capitol building to Arlington Cemetery a year ago.

As the camera moved slowly along empty city streets to the recorded sounds of the muffled drums in the Kennedy funeral cortege, it paused at places where Kennedy had spoken and, once again, we heard him speak—mostly informally.

The camera work, much of it made at night with infrared film, was magnificent. So was the portrait of the thoughtful, civilized man that emerged.

At the same hour, ABC presented an infinitely more personal, informal portrait of John F. Kennedy.

A number of people who knew him well — from a primary school teacher to White House associates — sat before microphone and camera and reminisced about the Kennedy they had known. Gen. Maxwell D. Taylor was so affected by his recollections that he wept openly before the cameras.

As they talked, motion picture and still photographs were showing an active man who loved the outdoors, the sea, his children and enjoyed life.

The unpretentious ABC approach seemed to this viewer the most rewarding for it showed the qualities — wit, style and grace — that gave his short administration its special luster, especially in retrospect.

elated

Partly by the season. But, pleased with herself, too, because her Christmas shopping's done... wrapped... paid for. No horde of scattered bills to spoil the festivities. MONEY took care of that through a convenient, budget-planned Christmas Loan from S.I.C. Want to raise your spirits? \$200... \$5,000 worth? Get the money you want for all holiday expenses. OIL REPORT

Third Producer Makes 7 Barrels

The third well in the Carter multi-pay shallow field, five miles north of Garden City, potentiated on pump for seven barrels of 29 gravity oil, with 75 per cent water. Operator did not treat.

The J. C. Carter (formerly Duncan Drilling Co. of Big Spring) No. 2 Carter, was completed as a northeast extension to the San Andres trend. Operator set 5 1/2-inch casing at 2,688 feet and perforated 2,635-68 feet. Location is 467 feet from the west and 1,127 feet from the south lines of section 8-33-3s, T&P survey.

DAILY DRILLING

BORDEN - Penroc Oil Corporation No. 2 Gulf Canon, a wildcat going to 10,300 feet with rotary seeking the Fustelman, was making hole at 4,970 feet. No formation was given. It spotted 1,800 feet from the south and 990 feet from the west line of section 4-33-5n, T&P survey, 1/2 mile west of Gail.

DAWSON - Midwest Oil Corporation No. 2 G. B. Motley, two miles north of Spearburg, had swabbed for four hours, with no gauge reported. Operator has shut in and is waiting on pumping unit. Location is 460 feet from the south and 1,980 feet from the west lines of section 11-35-2n, T&P survey.

GARZA - James G. Brown & Associates No. 2 Slaughter, 12 miles south of Post and one location west of the discoverer in the Northeast Spraberry - Koonsman field, was drilled to 4,970 feet. Formation was swabbing 8 1/4 barrels of fluid per hour, with 15 per cent water. He still lacks approximately 100 barrels to the west. It spotted 467 feet from the north and 2,100 feet from the east lines of section 20-2, T&NO survey.

MARTIN - Texas, Inc. No. 2-X, State of Texas, drilled to 13,270 feet, was shut in on the Devonian formation and was swabbing potential in the Ellenburger through a 64-inch choke. Casing pressure was 1,330 pounds. Location is 25 miles north-west of Stanton on the 4-2nd Devonian pool, 2,173 feet from the north and 975 feet from the east lines of section 17-17, University Lands survey.

STERLING - Texas, Inc. No. 1 C. C. Reynolds, 14 miles west of Sterling City, had drilled to 2,650 and plugged back to 2,615 feet. No gauge or production report. It spotted 2,500 feet and acidized perforations with 500 gallons, and was preparing to test. Location is 467 feet from the south and 617 feet from the west lines of section 48-32-4s, T&P survey.

Mrs. Hunter Dies Sunday

COAHOMA — Mrs. William A. Hunter, 65, of 105 South Ave., Coahoma, died suddenly at her residence at 1:30 p.m. Sunday. She had been in failing health for about 10 weeks. Mrs. Hunter had lived in Coahoma since 1934, and was a member of the First Baptist Church.

She was born Jan. 18, 1899 in Scurry County. She was married to W. A. Hunter in Colorado City Sept. 11, 1920. Services will be at 2 p.m. Wednesday in the Nalley-Pickle chapel. The Rev. H. B. Graves Jr., pastor of the First Baptist Church, Coahoma, will officiate. Burial will be in Trinity Memorial Park under the direction of Nalley-Pickle Funeral Home.

Survivors include the husband, W. A. Hunter, Coahoma; two sons, James W. Hunter, Big Spring, Jack A. Hunter, San Diego, Calif.; two daughters, Mrs. Dimple Sue Fleming, Vista, Calif., Mrs. Diana Lou Mason, Upper Marlboro, Md.; her mother, Mrs. W. A. Johnston, Dunn; two brothers, Marcus Johnston, Dunn, Francis Johnston, Dallas; a sister, Mrs. Lorena Mattson, Dunn, and nine grandchildren.

Shadow To Rescue

PALM SPRINGS, Calif. (AP) — A fireman fought a fire at this desert community by casting his shadow.

Sunlight fell on two statues holding small mirrors in the window of a lamp shop Sunday. The mirrored light hit a patch of carpeting, which began to smolder.

A passerby called firemen. The firemen decided that, instead of breaking the window, they would telephone the owner to unlock the door, then move the mirrors and stop the smoldering.

Rookie fireman Robert McNelly was assigned to stand between the sun and the mirrors and make shade. The carpet arrived, the smoldering carpet was extinguished, and McNelly was released for other duties.

Outdoor Training Session Scheduled

Scoutmasters, assistants, troop committeemen and other adults are being urged to sign for the outdoor training session scheduled here Dec. 4-6.

The \$4 registration fee can be paid to W. T. McRee, Scout executive, or mailed to Buffalo Trail Council office in Midland. The program, arranged and directed by R. L. Cranford, Big Spring, will include about 20 demonstrations of specific outdoor activities. Each member attending will get a book with resource material catalogued for each of these and other materials. So far about a dozen men have signed, but three or four times this many are expected. All leaders taking the course will be organized into patrols, and the entire operation will be patterned after a Boy Scout troop.

Reward On Hifler Aide

FRANKFURT, Germany (AP) — The price on Martin Bormann's head is \$25,000.

West German authorities have promised that reward for information leading to the arrest of Bormann, one of Adolf Hitler's top lieutenants during the Nazi regime.

TWC Selects Advisory Panel

Members of the consulting advisory panel for state water planning has been announced by the Texas Water Commission. They are Joe Kilgore, Austin; Mason Lockwood, Houston; William F. Guyton, Austin; Marvey Banks, San Francisco, Calif.; and Allen Kneese, Washington, D.C.

Joe D. Carter, chairman of the TWC, said the members were selected to give the panel a complex of nationally and internationally recognized authorities. The committee will meet periodically to review aspects of work to be undertaken, or that which has been completed. Initially, the panel will review the entire approach to planning, the specific work phases, and the scheduling of work.

Kilgore, an attorney, recently completed five terms as congressman from the 15th (lower Rio Grande Valley) District, and he will serve as chairman. Before going to Congress, he was a member of the Texas House for several terms.

Lockwood is past national president of the American Society of Civil Engineers; Guyton is a ground water hydrology consultant; Banks is vice president of an engineering firm which developed the California water plan; Kneese is a regional resources economist and is a former Central Texas resident.

Kiwanis, Rotary Lunch Together

Big Spring Kiwanians will forego their regular Thursday luncheon and will dine with the Big Spring Rotary Club Tuesday noon instead, Ward Jackson, president, announced.

The cancellation of the regular meeting is due to Thursday being Thanksgiving day and members will want to have their noon meal with their families on that date.

All Kiwanians are invited to join Jackson at the Tuesday noon luncheon of the Rotarians in the Settles Hotel dining room.

Italians Ballot In Local Elections

ROME (AP) — Italians voted for the second and final day today in nationwide local elections that could bear on the future of Premier Aldo Moro's harassed government.

Martin Gold Star Winners Mary Wilson, 18, daughter of Mr. and Mrs. James A. Wilson of Courtney, and Butch Robnett, 15, son of Mr. and Mrs. Ed Robnett of Stanton, were announced as Gold Star Winners for 1964 at the Achievement Day ceremonies in Stanton Saturday night.

City To Decide On School Plan

The city commission will consider a master plan proposal for the development of the area around Big Spring High School, bids for a 54-block paving project, Social Security for the police and fire departments, and several other items in a session at city hall Tuesday at 7 p.m.

Two off-premises consumption permits for wine and ale and one on-premises consumption permit transfer are also on the agenda. The high school area proposal has been drawn up in meetings between city and school officials during the past several weeks.

The plans include possible closing of Eighth Street, additional right-of-way for Owens and State Streets, and paving Tenth Street. If the city commission okays the Social Security resolution,

the fire and police departments will hold an election on the question, with the members voting in favor being placed under Social Security, according to City Manager Larry Crow. New members of the departments would be placed under the system.

The on-premises consumption request is for 700 N. Lancaster, requested by Ernesto Longorio, and is a transfer from a permit for 303 N. Lancaster. The off-premises permits involve wine and ale only, with sale of beer already approved at the sites. The requests are for 311 NW 4th, Bill Henkel, and 212 N. Gregg, Scotty F. Bell.

The paving bids opened last week include W. D. Caldwell, Big Spring, \$166,713; Western Pavers, Lubbock, \$174,048; Jones Brothers, Odessa, \$190,557; and H. G. Counts, Odessa, \$198,706. All bids except that for Jones Brothers, for plant-prepared hot mix or for a penetration mixture. The Jones firm bid only on first alternate.

A request will also go to the commission for establishment of an exceptional service recognition program for city employees. The program would recognize suggestions made to improve economy and efficiency, exceptional performance regarding accident prevention and outstanding public service, Crow said.

Also slated for discussion is a returned check problem which, according to Crow, involves hot checks received by the water department. Crow said the commission would be requested to authorize a returned check charge.

A resolution is also included on the agenda requesting the highway department to continue maintenance on US 80 through the city. A routine ordinance concerning an amendment to paving assessments and two second reading zone changes are included.

Center's Directors To Pick Officers

John Gary and Jim Thompson will make reports and officers will be elected by the board of directors of the Howard County Rehabilitation Center Tuesday, meeting in the chamber of commerce offices at 5:15 p.m. Members are urged to attend.

B&PW Meet Set

The Business and Professional Women's Club will meet in the ballroom of the Settles Hotel at 7:30 p.m. today.

Bauer Cub Pack To Be Organized

Organization of a Cub pack, sponsored by Bauer School, will be held at the school house at 7:30 p.m. today.

Boys 8-9-10 years of age, with their parents, are urged to be on hand for the meeting. A session last week had good attendance and potential leadership was on hand, so the organizational details could be completed today.

Weather Forecast

Snow is expected from the northern Rockies to northern New England Monday night and showers and drizzle along the Gulf coast. Temperatures will be colder from the north-

Steamy Mekong Delta Spawns Viet War Strategy

PHU MY, South Viet Nam (AP) — Three government intelligence operatives, dressed in civilian clothes, walked casually through Phu My's pagoda market, brushing past food vendors and trinket stores.

They halted suddenly on seeing three other young men, also in civilian garb, approaching them.

In Phu My, where a military and political battle has been waged all this year between the government and the Communist Viet Cong, young men not in uniform are a rarity.

Closing in quickly, one of the strangers drew a knife. Another reached deep into his pocket, possibly for a pistol. The government operatives fled to the nearby river, dived in and swam to a government post. Their assailants were Viet Cong intelligence men probably in Phu My on a mission similar to theirs, one of the government operatives said.

They ran because they were carrying a list of agent's names that had to be kept from the Viet Cong.

LEVEL OF BATTLE — This incident illustrates the level at which the battle for the allegiance of Phu My's 5,000 people is being waged.

Here in the steamy Mekong River Delta, the plans and strategies formulated by American and Vietnamese authorities in Saigon appear simply — in the digging of a well, the building of more barbed wire fences, and the dispensing of medicine.

The Viet Cong strategy is equally simple at this level — undo all that the government has done. The Communists got a good start after the collapse of the Diem regime. During November and December 1963, they occupied Phu My and made it over.

The government reoccupied the area in late December, but the pattern all this year has remained the same. The more fences erected round paddyclods and hamlets, the more cut barbed wire

Heart's Work Load Detailed

WASHINGTON (AP) — If you live to be 70, your one-pound heart will have chucked up a lifetime job equivalent to carrying a 10-ton load 10 miles.

That was the illustration given Sunday by one of the nation's top heart specialists in describing the "fantastic amount of work" done by the human heart — and the difficulties in trying to develop an artificial, robot heart to duplicate it, even temporarily.

Dr. E. Cowles Andrus, professor emeritus of Johns Hopkins University Medical School, told a news conference he believes a crude artificial heart could be developed in several years.

But he said a robot heart useful in treating cardiac disease shapes up as achievable only "in the more distant future."

Police Cast Net For Seven Fugitives In Prison Digout

WALLA WALLA, Wash. (AP) — Seven convicts, including three convicted murderers, crawled to freedom through a tunnel Sunday night from their maximum security cell block at the Washington State Penitentiary.

The Washington State Patrol and Oregon State Police set up roadblocks for the seven, all veterans of previous jailbreaks.

Harold Schoesler, a correctional officer at the prison, said the men had dug through a cement floor in the cell block and tunneled about 40 feet to a point

outside, "right as close to the wall as they could get."

SIX MONTHS — "They'd probably been at it for six months," Schoesler said. He said he did not know how they got through the cement. Warden Bob Rhy said homemade shovels were found in the tunnel.

"The men were not armed when they left, unless possibly they had homemade knives," Schoesler said. "They would have no firearms at any rate. Apparently they left on foot."

State patrol dispatcher Willy Johnson described all seven men as dangerous. The tunnel was discovered between 9:30 and 10 p.m. The men had last been seen at dinner about 6 p.m.

Rhy said the tunnel was just big enough for the men to squeeze through.

IDENTIFIED — The men were identified as Vertis James Barrett, 35, Arthur St. Peter, 39, Neil C. Wallen, 28, John L. Mullenix, 33, Harold Thomas, 38, Donald Maseros, 23, and Richard Eugene Loux, 26.

Maseros was serving a life term for first-degree murder in the slaying of a service station attendant during a holdup in Seattle in 1961; Thomas was serving life for second-degree murder in a jealousy shooting at Auburn, Wash., in 1963. Wallen was serving a life term for murder from Spokane, Wash.

St. Peter, Thomas and Loux participated in a daring break from the King County Jail in Seattle in 1961. They were among eight prisoners who lowered themselves out a 10th-floor cell on a rope made of sheets. One fell to his death. Seven reached the ninth floor, made their way out of the building and were captured. St. Peter was sentenced as an habitual criminal and Loux for auto theft.

EX-WRESTLER — Barrett is an ex-wrestler whose left arm was amputated at the elbow after a guard winged him with a rifle as he was attempting to escape over the wall of the prison in January 1963. He was sentenced in 1962 for second-degree burglary, the latest in a string of convictions which have kept him in jail for more time than he has been out of it.

Mullenix, serving time for armed robbery, escaped from the Grant County jail in Ephrata, Wash., in February 1963.

New Cooks' Class Begins

A new class in the Cooks' School at Howard County Junior College started this morning with a full registration of 20. Two women and 18 men make up the new class which will run nine weeks at the college. This class follows one which graduated 12 members Friday.

Roy E. Corey, chief employed to teach the class in a cooperative effort between the Texas Employment Commission and HJCJ, is now teaching his fourth class.

Leon Kinney, employment commission manager, said all but five of the new class are from out of the city. They are enrolled from Pecos, Odessa, San Angelo and Midland.

"These classes seem to be getting better all the time," Kinney said. "The interest is picking up and, of course we are trying for perfection in getting full enrollment for each class."

Industrial Group To Review Work

The industrial committee of the Big Spring Chamber of Commerce will meet at 5 p.m. Tuesday in the conference room. A review of activities so far in 1964 will be brought up, including efforts to secure industries and plans for the coming year will be discussed.

George McAlister, chairman of the committee, said sub-committees would make reports to be included in the final meeting in December.

Bank Lobby Has Bust Of Kennedy

MONTREAL (AP) — A plaster bust of John F. Kennedy by sculptor Paul L. Kennedy for the 1956 Hungarian anti-Soviet revolt, is a featured display in the lobby of the Royal Bank Building in Place Ville Marie. It is to be cast in bronze and placed as the sculptor's tribute in the Kennedy Memorial Library at Harvard.

Take Your Choice - The Hard Or Easy Way

Those rugs and carpets can be cleaned with a brush, like the lady on the left is using, or they can be cleaned with the Blue Lustre shampooer being used by the housewife on the right.

With the latter you can stand up straight and let the shampooer do the work. They rent for \$1 per day with the purchase of Blue Lustre from Big Spring Hardware.

New Rosewood Chapel Provides For Privacy

Nalley-Pickle Funeral Home, of turning over all arrangements to them, with the assurance that everything will be carried out in the minutest detail to present a lasting memorial. Coy Nalley and J. C. Pickle, owners, have recently added

the new Rosewood chapel, where memorial services are held with the solemnity and understanding most needed by families in the time of their bereavement. The sanctuary has been built with the knowledge that comfort, quietness and friendly service is most desired and appreciated when planning becomes difficult for relatives.

Following more than a quarter of a century of service to the people of Big Spring and surrounding area, Nalley-Pickle Funeral Home owners have kept pace with the demand for efficient service and comfortable facilities in keeping with the confidence of those served in the past, and others to be served in the future.

The new chapel has been designed to provide privacy for the family during the service; to protect those attending services from inclement weather with a sheltered entrance; comfort in air conditioned rooms during the service in summer, and controlled heat in the winter, and ample parking, with entrance ways from three streets.

Nalley-Pickle Funeral Home is a member, by invitation, of the National Selected Morticians, a worldwide organization which keeps members informed of the latest developments in the profession.

Any information needed may

be had by calling the professional employees and owners at AM 4-6331. The funeral home is located at 906 Gregg Street.

They Back What They Sell

Charlie Creighton and Dalton Carr, at Creighton-Tire Co., have sold Seiberling Tires for cars and trucks for many years. Seiberlings are well suited to this area and the famous "Sealed Air" puncture proof tires give guaranteed service. "Your Tire Headquarters" is located at 601 Gregg, and Creighton Tire Co. invites you to sample their service.

Refrigeration Service Tops At Hargraves

Hargrave Refrigeration, 201 Benton, and with a plant in Lamesa, features sales and service on all types of air conditioners, meat display boxes, freezers, ice makers, drink dispensers, vegetable cases, and market, drive-in, and cafe equipment.

Cecil Hargrave, owner, says: "If it refrigerates, we repair it," and the firm uses that as its motto.

The firm also sells Thermo-King truck air conditioners and truck refrigeration units, in addition to servicing all makes. He maintains 24-hour service for refrigerated trucks on the highway, and a call will bring a service man in a hurry. The Big Spring night phone is AM 4-8068.

LOOKING 'EM OVER

With TOMMY HART

Big Spring has finished no lower than second in District 2-AAAA football the past three seasons. No other team can make that claim. Big Spring has beaten the ultimate champion in 2-AAAA each of the last two years. No other team can make that claim. Coach Don Robbins, as always, got a lot of mileage out of his talent. His Steers were picked to finish fifth (and in some cases the cellar), and wound up a strong second, only a half game out of the lead. Midland Lee did somewhat better than it was expected to do but only slightly, failing to break even in conference competition.

No other club finished higher in the standings than it was supposed to. Is there any doubt but that Robbins has done the coaching job of the year in 2-AAAA—and perhaps the entire state?

Robbins' three-year coaching record here is 20-9-1. He hasn't had a losing season. In four years here, he has never been associated with a team that has had a losing season.

The improvement came abruptly, too. Prior to 1961, the Steers had never won a District 2-AAAA game.

Nick Pino, the Santa Fe N.M. seven-footer who was sought by half a hundred colleges around the country, has lived up to his press clippings at Kansas State, according to his basketball coach, Tex Winters. However, Winters may still red-shirt him this season. Winters has another bow standing 6-10 and one who is 6-8.

Incidentally, two out-of-state boys, Mike White of Tulsa, Okla., and Richard Balducci of St. Louis, have been named captains of the Kansas State freshman football team, of which Big Spring's Kenny Chrane is a member.

Martin County's Melton McMorris is looking for fights in this country for Salvador Ibarra of Juarez, who recently notched his ninth straight win by belting out favored Carlos Arias in the fourth round of a bout in Juarez.

Buddy Travis, the HCJC cage mentor, won't be able to scout the Ranger College team in its game against Odessa College tonight. He's committed to deliver the principal address at a sports banquet in Estelline. However, Buddy's able assistant, Verdel Turner, will look in on the game. Ranger plays here tomorrow night in the home opener for HCJC's Jayhawks.

Eddie McHugh, Coahoma's great halfback, has peerless credentials for the Class A All-State football team.

The compact senior scored 165 points in 11 games, gained 1,288 yards in 104 carries for a 12.4-yard average, punted 25 times for a 38.1-yard average, caught a dozen passes for gains totaling 148 yards, intercepted ten enemy aerials, returned three kickoffs for 133 yards and rushed back ten punts for 504 yards. His longest touchdown run was a 91-yard punt return.

And his coach, Spike Dykes, says McHugh was more valuable to the team on defense than on offense. He backed the line for the Bulldogs when the other side has the ball and comes on like gangbusters when the opposition aimed the play his way.

They say Tulane University may quit football entirely if it is forced out of the Southeastern Conference.

The SEC is putting the squeeze on the Green Wave, because it always shares the pot with any bowl team out of that area and is unable to ever put any money back in.

Jerry Graves, the former All-State center for Big Spring, has coached the Crockett Junior High football team to the City championship in Odessa with an unbeaten record. The team was scored on only once over the year.

Lamar Tech Hopes For Bowl Spot

The Southland Conference has wound up football business for the year and its champion, Lamar Tech, and runner-up, unbeaten but twice-tied Arkansas State, can hope for bowl spots. They might get into the NCAA small college bowl setup. Only two games were played last week and both were non-conference affairs. Arlington State beat West Texas State 20-16 and Lamar Tech downed Southwest Missouri 14-7. Lamar Tech finished with a 6-2-1 season record. Arlington State was 3-4-1.

Nicklaus Winds Up On Top

LAFAYETTE, La. (AP)—The 1964 championship of the PGA circuit was decided on the very last putt in the year's final tournament.

Big Jack Nicklaus edged Arnold Palmer on a 15-foot putt—not his or not even Palmer's, but one missed by Gay Brewer Jr.

Had Brewer sunk the ball on the 18th green of the Oakbourne Country Club course in Sunday's final round of the \$25,000 Cajun Classic, Palmer would have retained the money championship he had won the two previous years.

The putt cost Brewer \$200. He'd have won \$2,100 by finishing alone in second place, but he had to settle for a tie with Nick-

laus, while Palmer finished third.

The showdown for top money honors of the year overshadowed the blazing triumph of Miller Barber, who won the Cajun Classic — his first official tour victory ever — by five strokes.

While the temperature hovered just above freezing and most players hovered just above par, and higher, Barber, a balding 33-year-old Louisiana native, fashioned a 68 and a 67 in the marathon windup Sunday.

Sunday's 36 holes was scheduled after rain washed out the opening round of play.

Nicklaus' \$1,900 prize money here boosted his earnings to \$113,284 — \$81.13 more than Palmer made.

HIGH MONEY WINNER

Mickey Posts Another Record

BILOXI, Miss. (AP)—Like Alexander the Great, Mickey Wright has run out of worlds to conquer.

With her six-stroke victory in Sunday's tour-closing Mary Mills tourney — her 11th of the year — the 29-year-old Dallas blonde becomes the girls' all-time high money winner.

Miss Wright celebrated her 10th year as a golf pro this month. In those 10 years, she has now won \$178,994 — including her \$29,900 prize money this season.

She jumped past Betsy Rawls, whose winnings total \$173,411. Mickey has now captured more tournaments (63), shot the lowest competitive round (62), the lowest 72-hole total (275), and won the most open titles (4) and LPGA championships (4).

So, what's left? "I'll be trying to break that scoring average of 72," she said. "I think it was about 72.30 this year. This to me is the criterion of how good a real golfer is."

Wearing a windbreaker and warming her hands in gloves in unseasonably brisk 40-degree weather, Miss Wright fired a one-under-par 70 Sunday to win the \$12,500 Mills tourney. She got \$2,550.

Mickey's 54-hole total of 215 gave her a comfortable six-stroke victory over little Marlene Hage, whose opening-day 69 was the tourney's only other sub-par round.

LPGA President Shirley Englehorn, who had been tied with Mickey Wright for the second-round lead at 145, ballooned to a 77.

Miss Englehorn finished with a 222 to share third with Ruth Jessen, the tour's second high 1964 money winner at \$23,431 and runner-up tourney winner with five.

STATISTICS VERSUS SCORES Steers' Defense Helps Tell Success Story

Big Spring Steers closed out one of their more successful seasons Friday with a convincing 18-6 victory over the San Angelo Bobcats, but the 7-3 record was good for only second place in the District 2-4A race.

The Steers lost their three games by a margin of 29 points, but over the season they scored 138 to the opposition's 86 points.

Statistically, the Steers lagged in several departments, but only mildly except for yards rushing. The Big Spring ground game, admittedly weaker than in former years, gained 351 yards less than the opposition, but passing slowed 257 yards in favor of the Steers, leaving a net deficit of only 74 yards offense.

However, the Steer story was told largely on defense, and where as in passing, there they held the opposition to 58 completions, or about 5 percent of their tries, and intercepted 13 enemy aerials while losing only 7 by this route. Three of these came in the Abilene game and helped knock the Steers out of the race.

Big Spring made seven less first downs. The Steers kicked 48 times for an average of 36.5, but this respectable average was better than that looked because of accuracy and time-

liness of the toe-work by John Hughes. Kirkland set the pattern for the league with his 85 completions out of 183 attempts for an average gain of 11.2 yards. He had six TDs in the process. His completion rate was 46 percent.

Wayne Nail, pressed by Ricky Earle in catches, led with 23 yards. Earle, however, gained 244 yards and Nail 216. Ronnie Smith caught one 20-yarder to set the best average.

Hughes was the leading gainer with 427 yards, an average of 4.4 yards, and he got four TDs. Kirkland challenged him, carrying 97 times for 3.3 yards average and racked up 5 TDs. This is the way the season's chart looked:

BASKETBALL TIME

Hawks To Open Season Here Tuesday Evening

Basketball fans will get their first glimpse of the 1964-65 edition of the Howard County Junior College Jayhawks at 8 p.m. Tuesday when Ranger JC comes to town.

Not much is known about the Hawks, either, until they take the boards. Three sophomores will be in the starting lineup, and they should provide a lot of stability. They are Eddie Nelson, Keith Bond and Tom Carter.

The other position, however, will be given over perhaps to freshmen, although Keith McKeever, sophomore, could get the nod over Kurt Papp. Charles Bass or Larry Morris, both freshmen, will vie for the other starting spot.

Charles Price, freshman, and Jim Flowers, sophomore, also will see considerable action, coach Buddy Travis indicated. Season tickets are still on sale and can be had from the Jayhawk Exes with Ray Crooks, Charles Warren and Al Kloven selling the ducks for \$3 for 11 home games and \$1.50 for students. So long as they last, the tickets may also be had at the HCJC business office or at the game Tuesday evening.

Ranger invades Odessa this evening to open the season for Odessa JC.

Big Spring (Texas) Herald, Mon., Nov. 23, 1964 9-A

Colts Clinch Western Title, Gino Retires

The Baltimore Colts are planning a retirement party for Gino Marchetti that promises to be more exciting than the one they gave him when he retired last year.

The prize defensive end helped prepare for the festivities Sunday as the Colts whipped Los Angeles 24-7 and clinched first place in the National Football League's Western Conference.

The victory, their 10th straight since losing the season opener to Minnesota, brought the Colts their first conference title since 1958 and 1959 when they also won the league championship.

Immediately after the game, Marchetti announced this was his last season. But retiring is nothing new to the 37-year-old veteran of 13 years in the NFL. He quit after last season, only to be convinced to return for another year.

Even though his bones might not appreciate his decision, Marchetti himself must. Instead of going out on a third-place team that won eight games and lost six, he will retire — if he actually does — after a championship game.

The Colts most likely will play the Cleveland Browns, who lost to Green Bay 28-21 Sunday but still hold a 1½ game lead over St. Louis in the East with three games to play.

Marchetti led a Colt blitz that constantly kept the Los Angeles quarterback on their backs. Roman Gabriel was dumped six times for 56 yards in losses and Bill Munson five times for 46 yards, a total of 102.

"What a great game they played," said Baltimore Coach Don Shula of the defensive unit. In other games, St. Louis crushed Philadelphia 38-13, Detroit tied Minnesota 23-23, Pittsburgh annihilated New York 44-17, Chicago edged San Francisco 23-21 and Washington trimmed Dallas 28-16.

Lenny Moore, who has scored touchdowns in more consecutive games than any other NFL player in history, put the Colts in front with an 18-yard scoring romp in the first quarter. It was the 14th straight game in which he has scored.

Johnny Unitas set up the touchdown with a 62-yard pass to John Mackey. Jerry Hill scored what proved to be the decisive touchdown on a 17-yard run in the third quarter. Los Angeles finally scored in the fourth quarter on Munson's 21-yard pass to Bucky Pope.

Green Bay used a fumble by Jimmy Brown to help hold Cleveland's magic number at two. Any number of Cleveland victories and St. Louis losses totaling two will give the Browns the Eastern title.

Tascosa, Odessa Favorites In First Round Of Playoffs

Amarillo Tascosa, Dumas, Dublin and Hull-Daisetta are the favorites as the Texas schoolboy football campaign enters the state playoffs full-fledged this week.

Classes AAAA and AAA are just starting while Classes AA and A have entered the second round.

Tascosa, unbeaten, untied power of the Panhandle, gets the nod in Class AAAA although this division is the only one having a defending state champion.

Garland, top dog in AAAA last season, is in the playoffs with a defeat on its record, showing the Owls can be had.

Tascosa's first round foe is Fort Worth Castleberry and the two meet at Fort Worth Saturday.

Garland makes its start against Texarkana, a team that lost three games during the regular season.

Odessa tests Ysleta, Fort Worth Paschal meets unbeaten, untied Hillcrest of Dallas, Houston Jones rolls against Spring Branch, Nederland clashes with Galena Park, Waco Richfield

tangles with McAllen and San Antonio Highlands takes on San Antonio Burbank in the other first round games.

Odessa, Tascosa, Garland, Hillcrest, Spring Branch, Galena Park, McAllen and Highlands will be favored.

Dumas heads up Class AAA but meets another unbeaten, untied team in the opening round when the Demons clash with Andrews at Lubbock Thursday. It might be Dumas' toughest battle in the drive to the finals.

Sweetwater meets Wichita Falls Hirschli, Weatherford plays Bonham, Palestine tackles Athens, Vidor engages Dyres-Fairbanks, Lamar Consolidated plays Deer Park, Austin Laffler battles San Marcos and Kerrville is the foe of Pharr-San Juan-Alamo.

Athens and Palestine already have played this season. Athens won 27-8 but went into a spin after that and lost to Jacksonville 21-0. Palestine clipped Jacksonville 8-7.

Dublin, unbeaten, untied and unwarmed in 11 games, has emerged as the choice in Class AA but it's shaky. If Dublin

BIG SPRING DAILY HERALD

SECTION B BIG SPRING, TEXAS, MONDAY, NOVEMBER 23, 1964 SECTION B

Assassination Site Thronged

DALLAS, Tex. (AP) — Beginning at dawn and continuing until late in the night, people thronged Sunday around the spot where John F. Kennedy was assassinated one year ago.

About 200 to 300 persons were watching when the clock atop the Texas School Book Depository flashed 12:30 p.m., the time the president was shot Nov. 22, 1963, by Lee Harvey Oswald.

At 1 p.m., the moment Kennedy died in Parkland Hospital one year ago Sunday, there was silence and stillness, as Mayor Erik Jonsson had requested for a sign of public respect.

HALTS TRAFFIC
A policeman stepped into the street, raised a gloved hand and halted traffic for one minute. A tall, middle-aged man, not quite sure what he should do, removed his hat.

Hundreds and perhaps thousands thronged throughout the day to the site.

They came at dawn and as late as 10:30 p.m., when one man using a flashlight added his wreath to the dozens of remembrances.

Churches were filled for memorial services. Possibly the largest was at Sacred Heart Catholic Cathedral, attended by Protestants, Catholics and Jews.

"At the going down of the sun and in the morning, let us remember him," said the Rt. Rev. Msgr. William F. O'Brien.

Persons were turned away from the cathedral 10 minutes before the service.

Assisting in the Mass was the Rev. Oscar L. Huber, the 71-year-old priest who administered the last rites to President Kennedy Nov. 22, 1963.

WREATH AT GRAVE
In another service, two uniformed policemen placed a wreath at the grave of Patrolman J.D. Tippit, killed in the search for Kennedy's assassin.

In a Dallas hospital lay Marina Oswald, the assassin's widow who has been a patient several days with a stomach disorder.

U.S. Envoy Will Resign

JAKARTA, Indonesia (AP) — U.S. Ambassador Howard P. Jones said today he will resign soon to become chancellor of the Center of Cultural and Technical Interchange at the University of Hawaii.

Jones, a veteran of 14 years in the diplomatic service in Asia, said he had not yet submitted

his resignation to President Johnson but that he had informed Indonesian President Sukarno of his intention to leave.

Jones has been ambassador to Jakarta since February 1958. He is a close friend of Sukarno.

Stock Mart Opens Mixed

NEW YORK (AP)—The stock market opened mixed today. American Telephone was off 1/8, and Chrysler was off 1/4. Unchanged were Douglas and Radio.

Westinghouse was off 3/8, Ford rose 1/8, Ward gained 1/8.

Assembly Plant To Resume Output

DALLAS (AP)—Ford's Dallas assembly plant, idled since Nov. 6 by strikes, will resume full production Tuesday.

Ford Set To Turn Out Cars

DETROIT (AP) — With the last of its local strikes settled, Ford Motor Co. planned to begin turning out automobiles again today.

The first of 80,000 laid off or strike-idled employees returned to assembly plants and manufacturing units as Ford prepared to rejoin the production race on 1965 model cars.

Ford, crippled since Nov. 6 because of what it called parts shortages resulting from United Auto Workers Union walkouts, had lost production ground to its rivals, General Motors and Chrysler.

In what the company called the cumulative effect of the parts shortage, the last assembly line had closed down Friday night.

PARTS PLANT
The strike at a key parts plant in Sterling Township, Mich., was disposed of Sunday. Strikers at the 6,500-man plant ratified an agreement reached earlier.

Settlement also were announced at the two Wayne, Mich., assembly plants — last of the nine which went on strike. Their 3,000 employees were called to ratification meetings today.

All nine local plant strikes had been over local agreements to supplement the national Ford-UAW agreement of Sept. 18.

Over the weekend the company sent recall-to-job telegrams to thousands of workers over the country.

FULL OUTPUT
Company officials said full production and complete recall of all 80,000 men likely would not be possible before Nov. 30.

The big stamping plant at Chicago Heights, Ill., reopened Sunday night.

By authoritative estimates, Ford lost 70,000 units of passenger car production during the strikes. Ford's normal capacity is about 10,000 cars a day.

Atlantic Refining Acquires Wells

DALLAS (AP)—The Atlantic Refining Co. said today it has acquired 43 net oil wells in three southeast New Mexico fields. These presently are producing about 500 barrels per day.

The properties are in the Empire Abo, Red Lake and Shugart fields in Eddy County. Sellers primarily were William Hudson, Bob Johnson and Paton Brothers, all of Artesia, N.M.

A Devotional For The Day

Let every thing that hath breath praise the Lord. Praise ye the Lord. (Psalms 150:6)
PRAYER: O God of all nations and peoples, we humbly thank Thee for all those who have helped provide our food and shelter. Help us, we pray, to share our blessings with those in need. Through Jesus Christ our Lord we pray. Amen.
 (From the "Upper Room")

A Housing Dream

The American dream of a home of one's own has to a great extent been realized. The system of guaranteed loans under the Federal Housing Administration and the Veterans Administration programs, plus long-term mortgages, have made it possible for millions of young people to own their own homes.

Rising costs of labor and materials now threaten to curtail drastically the home-buying market, however. Building codes which sometimes contain unnecessarily restrictive provisions on the use of materials, and the growing cost of land and home construction are gradually diminishing the market for new homes.

What can be done about it? Gov. Terry Sanford of North Carolina asked himself that question. He sent a memorandum to his state's Board of Science and Technology.

"Why can't we find a way to build a sturdy, movable, three-bedroom house using new materials and processes at a cost of about \$2,000?" he asked.

In a preliminary report to the governor the board suggested that a three-bedroom house, using new materials and processes, can be built for a little more than \$2,000, or certainly less than \$4,000. Much research and experimentation has already been done in this field, but no one has gone to the trouble of consolidating the information, the board found.

Thereupon Sanford recommended that a full-scale study be launched at a cost of approximately \$50,000.

An independent scientific research group known as the Research Triangle Institute, somewhat similar to the Texas Research League, has taken a look at the question and expressed the opinion that this low-cost home is feasible. "There is a profit to be made," one of its researchers said.

The possibility of a three-bedroom home costing less than \$4,000 is an exciting prospect for many families who have been frozen out of the market by rising labor and materials costs.

Delaware Plan

Delaware has a new idea for choosing presidential electors. Attorney General David P. Buckson says that his state will bring suit in the Supreme Court to outlaw statewide voting. He would substitute voting by congressional districts, with two additional electors being chosen by the whole state.

If Delaware wants to do this, the Constitution seems to permit. Article II, Section 2, reads, "Each state shall appoint, in such manner as the legislature thereof may direct, a number of electors equal to the whole number of senators and representatives to which the state may be entitled."

Before the Civil War South Carolina had the legislature choose the electors, the people not being thought

suitable for the task. In 1892 the Michigan legislature, temporarily Democratic in a Republican state, directed that electors be chosen by congressional districts, not at large. The Democrats thus got five of the state's electoral votes, though Michigan went Republican. The next legislature, Republican, went back to the old plan.

The purpose of the scheme is to favor rural districts. Yet because of malapportioned legislatures, such districts already are overrepresented in Congress. The plan would also be an incentive to gerrymandering. Probably much better plans can be developed, but there ought to be some better scheme which would more nearly reflect the popular will.

Before the Civil War South Carolina had the legislature choose the electors, the people not being thought

Marquis Childs Painful Decision In Viet Nam

WASHINGTON—The gap between appearance and reality was never wider than the one that exists today over the fateful reappraisal of American policy in Viet Nam.

Surface clues suggest progress toward a workable substitute for the jerry-built disaster that now passes for U.S. policy in Southeast Asia.

THE CHERILESS truth, however, is that the administration has at last run out of time in which to indulge itself in the luxury of doing nothing. As recently as 30 days ago President Johnson still hoped for a miracle that would somehow render his inherited non-policy viable.

He knows now that there will be no such miracle, and that he must soon choose between a number of unacceptable alternatives that have been proposed by soothsayers from the State Department, CIA and the Joint Chiefs of Staff.

INDICATIONS ARE that his decision will come within days.

Southeast Asia expertise has become a major industry in Washington, and every ordained expert has his own solution to the problem. The riddle is not as simple as deciding whether to stay there or get out. Probably most informed American policy-makers would vote in favor of getting out—a face-saving exit could be arranged.

Only 8 Tons

COVINGTON, Ky. (AP)—"I never had a day like this one," Lawrence Jackson told his boss after returning to the city garage.

Jackson was driving an asphalt roller down a steep hill and tried to shift into a lower gear. Nothing happened.

The roller picked up speed, split a fire plug—spouting a 20-foot gusher—and sheered off a utility pole.

Later, a city truck was towing the eight-ton roller back up the hill, with Jackson again in the driver's seat. The cable snapped and the roller began moving again. Jackson finally stopped the vehicle by guiding it into a tree.

NEW BLOOD MIGHT HELP

James Marlow State Legislator A Forgotten Man

WASHINGTON (AP)—In all the talk about ending poverty, building the "Great Society" and so on, one element of the population is being overlooked. These forgotten people — who really need succor — are our state legislators.

Squalid is the only word to

describe the conditions they subsist in. Miserable pay. Sometimes no office to work in. A man has to read his mail standing up in a corridor. And he can't even think, he's so busy warding off the hordes of lobbyists that beset him.

Take New Hampshire. This

state has the third-largest parliament in the English-speaking world — 424 members. England's Parliament is the biggest and the U.S. Congress second.

Do you know what the New Hampshire legislators are paid? The laughable sum of \$100 a year. It is true they don't work anywhere near full time on the job, but you can easily consume \$100 in cigars in smoke-filled rooms these days.

OR TAKE Connecticut. Some of the solons there, when called upon to transact the state's business, have applied for and got unemployment compensation. The legislators' pay in Connecticut was, until two years ago, \$300 a year, but now has been raised to \$2,300 for a two-year term.

This subject is to the forefront now because of a tremendous, fundamental revolution going on in American politics. The U.S. Supreme Court has ruled, with finality, that state legislatures, mostly controlled up to now by rural elements, must be apportioned according to population — "one man, one vote."

THE HOPES of the backers of this great change are that the states now will resume the role the Founding Fathers envisioned for them — a powerful role in which they would solve their own problems without running to the federal government for help. Such problems as mass transportation in the cities, remedies for urban blight, for poor educational systems, and so on.

The Johnson administration is thinking of turning over to the states billions of dollars in federal taxes. But what will happen to this money in the states where legislatures, meeting for only short terms, have no adequate committee systems or staffs to plan programs, no really sure-fire safeguards against outright thievery?

To Your Good Health Cysts Can Produce Soreness In Breast

By JOSEPH G. MOLNER, M.D.
 Dear Dr. Molner: I am concerned about swelling and soreness of the breast. Do you think I am foolish in wanting to have X-rays to determine whether it is cancer? The doctor found no lumps. I am 45 years old and had one breast removed several years ago because of cysts—MBS, A.M.M.

In these days of cancer-consciousness, I cannot blame women for being alarmed. I certainly will not say you are "foolish" about it. However, you may be unduly frightened.

About one woman in four has what is called cystic disease of the breast, to some degree. This is not truly a disease at all. Rather, some of the countless small glands of the breast can become closed and hence form cysts. Many women never notice this.

But the cysts can sometimes produce soreness. This usually is in the outer areas of the breast tissue. It is more common in the age bracket of the late 30's and 40's, and usually decreases a few years later with menopause. The tenderness also comes and goes, depending on the phase of the menstrual cycle—more sore just before a period.

The fact that your doctor found no lump is extremely sig-

nificant. A cystic breast may often have areas of firmness which can be mistaken for a "lump," unless you know what to look for.

Cancerous lumps are usually distinct, and not painful. They are firm rather than cystic or fluid-filled.

Where no lump has been found, I see no reason for X-ray. Examination every six to 12 months should be adequate precaution (and, of course, a pelvic examination and "pap smear" to guard against trouble in that area).

Mammography (X-ray of breasts) is an excellent method when it's necessary. Recent figures show it to be accurate in 92 per cent of instances in defining malignant (cancerous) lumps, and 88 per cent in defining benign (non-cancerous) lumps.

A distinct lump (as opposed to cysts) should be X-rayed or removed for biopsy. (That does NOT mean removal of the entire breast; just the lump.)

Cysts, in severe cases, can be painful indeed, and sometimes removal may be necessary for that reason.

Dear Dr. Molner: Please explain lingual tonsils, cause and treatment.—MRS. H. Lingual tonsils are perfectly

natural. Anybody can have them. It is only if they cause some trouble that anything need be done.

There is a ring of tonsil tissue at the opening of the throat. On the two sides are the tonsils with which we are most familiar. High behind the nose are the adenoids—although actually these are "tonsils," too. At the base of the tongue, on either side, are smaller clumps of tissue called lingual tonsils or "tongue tonsils."

Unless they become infected, or unduly enlarged, they should be left alone. They do not cause the trouble encountered with the other tonsil groups.

Diverticulosis is a bulge in the digestive tract. To become more familiar with the subject, write in care of The Herald for my booklet, "Don't Let Diverticulosis Throw You," enclosing a long, self-addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Around The Rim

Protection For The Postman

One thing and another: That dog repellent some postmen around the nation are carrying is called "Halt" and is a mixture of a cayenne pepper extract and mineral oil and was thoroughly tested in several major cities.

It comes in an aerosol capsule about the size of a fat pencil. The dog which takes a shot of the spray doesn't cry out—he merely beats a hasty retreat. There are no lasting ill effects.

In the last fiscal year, postmen in this country suffered the astonishing total of 7,000 dog bites, costing the government about \$1 million in hospitalization, compensation and other expenses.

Of course, to make the chemical effective, the user has to draw quick and aim well. If you see anyone practicing such a draw, you can pretty well conclude it's the mailman.

DID YOU leave the polls recently, as I did, hoping you voted for the ones you wanted to?

It's not always easy to mark a ballot the way you want to.

DID YOU know it's becoming fashionable again in this state to hunt with hawks and falcons—not FOR them, mind you?

A Dallas dealer says he is selling about 200 of the vicious birds each month as Texans revive a sport known to be almost 4,000 years old.

REMEMBER Jack Shea, the Dallas resident who wrote that article for Look magazine entitled "Memo from a Dallas Citizen," sharply criticizing the civic leaders of Dallas for failing to oppose extremist organizations.

The assassination of President Kennedy provoked him into writing the article. Chiefs in the concern which employed him came around and warned Shea never to get involved in such a controversial subject again. The image of the company, and all that, you know.

Shea, a man of high principles and a great deal of charm, resigned his position not long after that. He now resides in San Francisco, where he is employed by the advertising agency of Robert B. Freeman and Howard Gossage, which henceforth will be known as Freeman, Gossage and Shea, Inc.

SOMEONE remarked recently (was it you):

"You'll feel a lot better once you get used to feeling nervous about everything."
 —TOMMY HART

Holmes Alexander

The Birthright To Truth

WASHINGTON — Secretary Willard Wirtz, I guess, hadn't heard that the slogan-making season closed on November 3rd. On November 14th he announced for something called "Operation Birthright" — implying that the Great Society owes American babies to be born with a silver certificate of employment in their mouths.

IT TURNS OUT Mr. Wirtz meant that the 3.5 million American youths who become 18 years old in 1965 have a "right" to expect Society (not the government, really) to provide them with opportunity (not a ready-made job, actually). About 500,000 of these 3.5 million youngsters won't go to college and 300,000 of the dullards and laggards are statistically doomed to unemployment.

TO PUT IT another way, the Great Society is being geared for the survival and comfort of the unfit. The federal programs for manpower training, job-making, job placement and woodland conservation are all intended to help the helpless and provide for the slothful. Since we already have many families who are now in their third generation of public dependency, it's at least a question as to whether this system is self-liquidating or whether it's self-perpetuating. But if, as I suspect, the system will breed the ideology of government reliance, then I wonder where we're going to find Americans with the fortitude to face a future which looks to be even more competitive than the rugged past has been.

I REACH this gloomy conclusion about our economic horizon on facts and figures that come out of Mr. Wirtz's own Labor Department. Everybody knows that automation goes on in good times and bad, but the chilling truth is that the job-devouring technology thrives much better in periods of privation than in prosperity.

Although the Great Society arbiters would like to point to a rainbow at the end of the decade, the statistics are not encouraging. The Labor Department recently issued a study of employment prospects in 36 major industries. Only 14 of 36 were listed as "may expand by 1970," and much of the optimism in these projections does not stand up when you read the fine print. Seven industries are labeled "uncertain" as to job expansion and the rest are rated as "may decline."

WELL, WHAT IS the government's duty toward youth? If these were wartime battles, the leaders would certainly tell the troops that the going would be tough and that nobody had a "birthright" to survive. These struggles after jobs may not be warlike, but they will be bitterly contested. And if there's any American "birthright," it should be the knowledge of truth — which is, generally speaking, that the winner takes all and that no government can save much worth taking for the loser.
 (Distributed by McNaught Syndicate, Inc.)

David Lawrence

Not Intended As Super-Force

WASHINGTON — On the surface, it may look as if the current controversy between J. Edgar Hoover, director of the FBI, and Martin Luther King Jr., head of a leading Negro organization, merely concerns a question of veracity about incidents in Albany, Ga., in connection with the handling of complaints by Negroes and "civil rights" workers in that city. But the issue goes deeper. It involves the effort of organized groups to pressure governmental agencies into taking action to meet protests based upon passion and emotional feelings, rather than on the rules of law which require substantial evidence before arrests can be made.

THE EFFORT to convert the FBI into a political agency is not new. It has been evident in the activities of other pressure groups from time to time. Sooner or later, the FBI will have to be made an agency separate from the Department of Justice, unless the department itself becomes an independent agency.

For when it comes to the operations of the law, the citizens expect enforcement to be fair and impartial. The FBI cannot arrest a person merely on suspicion unless there is evidence to support such action. There are penalties for making false arrests.

A CASE which illustrates the caution that the FBI exercises can be cited in connection with the investigation of the murder of three "civil rights" workers in Mississippi a few months ago. The FBI, according to information which has been given out by high officials, has collected in that case certain information of an incriminating nature. But the making of arrests has been deferred in order to gather data which could make it possible to obtain convictions.

Law enforcement is not merely a matter of using the FBI as a national police force such as is found in totalitarian countries. The federal courts have in recent years, for example, released prisoners on the ground that they were improperly interrogated before they were arraigned.

IT IS A small wonder that J. Edgar Hoover seemed to give vent to impatience when he talked to a group of women reporters last week on the general subject of law enforcement. Mr. Hoover was particularly bitter about some of the activities of the Rev. Martin Luther King Jr. The FBI chief said that Mr. King had told members of his organization not to report acts of violence to the FBI

in Albany, Ga., because the agents there are all Southerners and would not do anything about such complaints. Mr. Hoover's reply was that the majority of FBI agents in the South are northerners, and that four of the five agents in Albany were born in the North.

THE FBI director conceded that there have been difficulties with local authorities, some of whom, due to their prejudices, are lax in law enforcement involving violations of "civil rights." But the FBI has no authority over the state and local police. In cases where the local police cannot be relied upon, the FBI may increase its forces.

Somewhat the same dilemma confronts the FBI in connection with the measures that might have been taken to protect the late President Kennedy against assassination. It is natural for the FBI director to resent the criticism of his agency made in the report of the Warren Commission. For, as Mr. Hoover told his press conference this week, it is impossible to take out of circulation "every individual who might threaten the safety of the president" when the chief executive makes a public appearance, especially when he rides down city streets in an open automobile. The implication that somehow the FBI was responsible for the failure to prevent Lee Harvey Oswald from shooting Mr. Kennedy is resented by the FBI men who know the facts.

THE TRUTH is that the FBI and Secret Service combined do not have sufficient personnel to carry out the kind of precautions which, the Warren Commission report intimated, might have been taken in Dallas. The same thing applies to "civil rights." Unless a huge national police force is built, or until certain cases can be prosecuted which will furnish an example to the nation and have a deterrent effect, it is not likely that the FBI, by merely making a number of arrests without ample evidence, will be able to solve the major problems of law enforcement.

BE THANKFUL FOR TURKEYS
Golden brown and tempting is the festive holiday bird

Traditions Of Thanksgiving Demand Turkey, Trimmings

Stuffing recipes that include tangy, fresh apple flavor may be traced back to our American heritage — and beyond that time. We're familiar with these classics, or the traditional use of apple quarters to flavor a duck or goose. But occasionally a new approach adds uniqueness and interest to a menu.

The first, "Herbed Rice in Apple Cups," presents a flavorful, individual serving of rice in apple cups, cooked in spicy apple juice. This will take the place of the usual bread stuffing, and is particularly suited to buffet service.

"Baked Apple Surprise" incorporates two different stuffings in

scooped-out apples; mashed sweet potatoes, or a mushroom stuffing, allowing guests a pleasant choice. The fresh apple flavor permeates the stuffing in each case, and is a natural foil for the richness of goose, duck or turkey.

HERBED RICE IN APPLE CUPS

2 cups apple juice
1 stick cinnamon
8-10 whole cloves
4 Winesap apples
1 1/2 cups water
2 chicken bouillon cubes
1/4 tsp. rosemary, crumbled
1/4 tsp. thyme, crumbled
2 tbsps. parsley, chopped
3/4 cup long-grain rice
Bring apple juice to boil in a

saucepan; add cinnamon and cloves and simmer for 10 minutes. Cut tops from apples and scoop out centers, leaving a half-inch thick cup. Place apple cups on their sides in pan, cover and simmer gently for about 5 minutes, or just until tender. Turn frequently to cook evenly. If cups are not to be used immediately, wrap in plastic wrapping and refrigerate. Remove spices from juice and refrigerate juice.

Just before serving, bring juice to a boil, add apples, turning them in liquid just until heated. Bring water to a boil; add seasonings, parsley and rice. Cover tightly and simmer for about 20 minutes, or until tender. Pile rice lightly into apple cups and serve on platter with poultry or game.

2 cups water
2 sticks (1 cup) butter or margarine
2 tbsps. poultry seasoning
2 tbsps. instant minced onion
1/2 tsp. instant minced garlic
2 bags (8 ozs. each) dry seasoned stuffing

Combine bouillon cubes, water and butter or margarine in a saucepan large enough for mixing stuffing. Heat until butter or margarine is melted. Stir in poultry seasoning, instant minced onion and garlic. Add dry seasoned stuffing. Mix lightly with a fork. Stuff loosely into the crop and body cavities of a 10 to 12-pound turkey. Close openings with skewers and lace tightly with a string. Cook, using your favorite method of roasting turkey.

CRANBERRY PUNCH

4 qts. cranberry juice cocktail
1 qt. orange juice
1 12-oz. can frozen lemonade concentrate plus 5 cans water
4 cups pineapple juice
Lemon sherbet

Mix ingredients. Chill and serve in punch bowl with lemon sherbet floating on top. Serves 48 (makes approximately three gallons).

PREPARE AHEAD
With cheese filled coffee cake special

Lemon Flavors Holiday Cake

Get ahead of yourself! About a week before Thanksgiving, bake a delightful yeast-risen coffee cake and store in your freezer. Then it will be on hand to serve during the holiday weekend for a company brunch or with tea or coffee for drop-in friends.

FILLED COFFEE CAKE

1/4 cup milk
1/4 cup sugar
3/4 tsp. salt
2 tbsps. butter or margarine
1/4 cup warm water
1 package active dry yeast
1 egg (slightly beaten)
2 1/2 cups (about) flour
Cottage Cheese Filling
Lemon Frosting

Scald milk; remove from heat, stir in sugar, salt and butter; cool to lukewarm. Pour warm water (110 to 115 degrees) into a large mixing bowl; add yeast; stir until dissolved. Stir in lukewarm milk mixture, egg and 1 1/2 cups of the flour; beat until smooth; add enough

more flour to form a soft dough. Turn out on prepared pastry cloth; knead until smooth and elastic — about 8 minutes. Place in lightly greased bowl, turning to grease all sides. Cover; let rise in warm place (85 degrees) until doubled in bulk — about one hour. Punch down. Roll dough into an oblong (18 by 10 inches).

Spread Cottage Cheese Filling over bottom two-thirds of dough. Fold top third of dough down to cover the center third, and fold again to cover bottom third. Seal edges. Place on greased cookie sheet. Shape into a ring; insert one end into the other; seal. With a sharp knife, make 2 circular cuts over entire top surface, cutting through 2 layers of dough. Cover; let rise in warm place until doubled — about 50 minutes. Bake in moderate (375 degrees) oven about 25 minutes. Cool on wire rack. Cover top with Lemon Frosting.

Cranberry Juice Is Glamorous

Let your freezer store cranberry party aides for the holidays. Freeze Cranberry Popsicles for the children's party. These can be easily made in paper cups. Insert sticks before the cranberry juice freezes solidly.

For an adult party freeze fruit juice punch in ring molds to float on chilled cranberry juice cocktail. Add bits of fruit for added color. Cranberry juice cocktail can be frozen in cubes, too, to add to fruit punches.

Here are favorite cranberry holiday punches for the punch bowl.

CHEER PUNCH

1 cup sugar
1 qt. cranberry juice cocktail
2 cups orange juice
1 cup pineapple juice
3/4 cup lemon juice
2 cups gingerale
Lemon, lime or pineapple sherbet

Stir sugar into cranberry juice until dissolved. Pour into punch bowl with other fruit juices over ice. Add gingerale. Float small scoops of sherbet on top. Makes 20 (1/2 cup) servings.

WHITE CAPPED COCKTAIL

1 qt. cranberry juice cocktail
1 pkg. Whipped Topping Mix
1/4 cup rum or 1 1/2 tps. rum extract
Nutmeg

Chill cranberry juice cocktail. Prepared whipped topping mix as directed on package. Fold in rum or rum extract. Fill cocktail glasses 2-3 full with chilled cranberry cocktail. Top each with 2 tablespoons whipped topping and sprinkle with nutmeg. Makes 12-16 servings.

MILK PUNCH

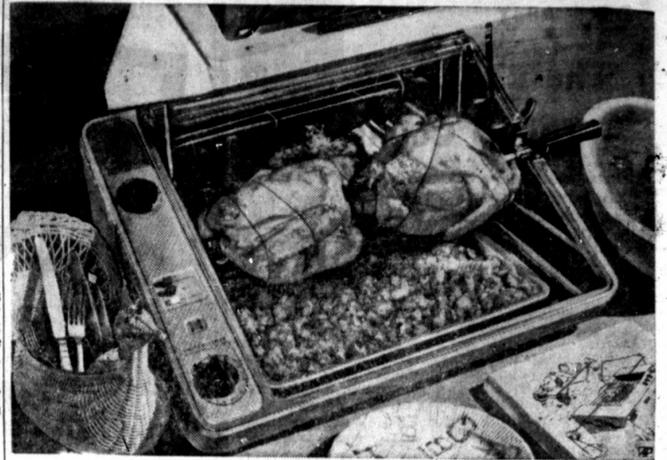

1/2 cup ice water
1/2 cup instant non-fat milk crystals
2 tbsps. lemon juice
1/4 tsp. orange extract
1/4 tsp. nutmeg
1/4 cup sugar
1 qt. cranberry juice cocktail

Combine ice water and milk crystals in ice cold bowl. Whip with cold beaters until soft peaks form (3 to 4 minutes). Add lemon juice. Beat until stiff (3 to 4 minutes). Fold in sugar. Pour cranberry juice cocktail into punch bowl; fold in whipped milk mixture. Serves 8.

CRANBERRY PUNCH

4 qts. cranberry juice cocktail
1 qt. orange juice
1 12-oz. can frozen lemonade concentrate plus 5 cans water
4 cups pineapple juice
Lemon sherbet

Mix ingredients. Chill and serve in punch bowl with lemon sherbet floating on top. Serves 48 (makes approximately three gallons).

TRY THE ROTISSERIE
Brown baby turkeys the easy way complete with stuffing

Make Holiday Board Sparkle With Tempting Baby Turkeys

If you've been tempted by the plentitude of baby turkeys to put a couple of them on a rotisserie, you have probably discovered that directions for spit-roasting them are few and far between.

So here are the specifics. If you follow them you should have two delightfully brown and juicy birds.

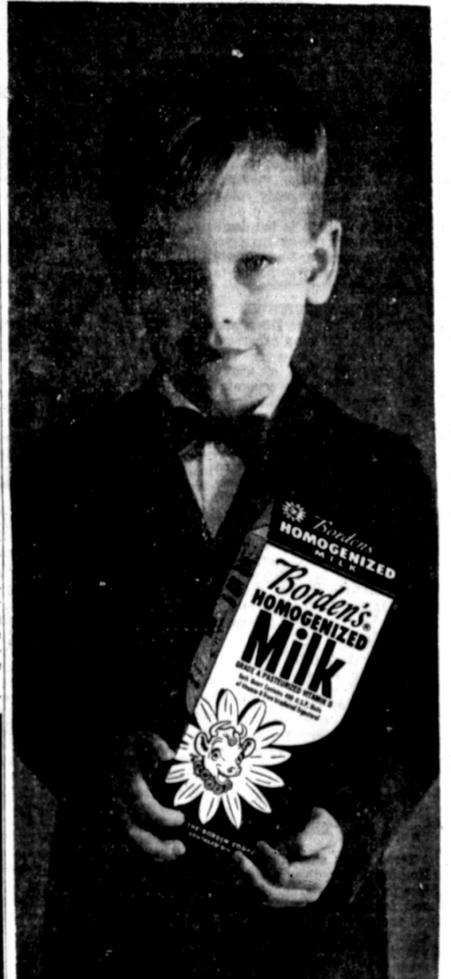

BABY STUFFED TURKEYS

2 fryer-roaster turkeys (about 5 lbs. each ready-to-cook weight)
1 bag (8 ozs.) herb-seasoned stuffing
Soft butter or margarine

If turkeys are frozen, thaw; wash, drain and pat dry. Prepare stuffing according to package directions. Spoon equal quantities of stuffing into each body cavity (about 2 cups in each). Place small piece of foil over exposed stuffing and tuck into body cavity to hold stuffing in place. Tuck tail and drumstick under band of skin or tie them together. Place turkeys, one breast up and the other breast down, on rotisserie spit so they rotate smoothly. Push spit between branches of the wishbone near the tip toward the tail end of bird so that tip emerges between drumsticks an inch.

The other bird should be placed on spit in the opposite direction. Flatten wings against sides, then tie the wing tips over the breast; bring cord over drumsticks and tie them together, hiding them to spit at the same time. Be sure skewer prongs are firmly in place in bird and screwed tightly. Place spits in rotisserie. Spread turkeys with butter and start the cooking. Follow manufacturer's di-

rections, or your own tried and true method, for heat—probably medium. If turkeys brown too rapidly, reduce heat; the rapid-browning parts may be covered with pieces of foil. Cook until thickest portions of drumsticks are quite soft when pressed between fingers and thick white meat just above wing joint is fork tender—about three hours.

Why is Borden's the milk for children?

Because it's checked for quality 23 times.

Every day, the most accurate tests known to dairy science are made in the Borden's laboratory. On top of that, we taste-test Borden's Milk ourselves, before it's accepted and after it's bottled. All told, there are 23 different tests on every batch of milk! And they're all part of our promise to children: "If it's Borden's, it's got to be good."

DEAR ABBY

The Little Things Count

DEAR ABBY: When there are so many IMPORTANT problems in the world, why do you bother with silly complaints like, "My

husband insists on wiping his hands on my dish towels"? I think you could use the space allotted to you to answer more serious problems.

DISAPPOINTED IN EUGENE, ORE.

DEAR DISAPPOINTED: Very few marriages fail because of one great big earth-shaking problem. A collection of minor irritations tends to build up, and then . . . BOOM, marriage on the rocks!

DEAR ABBY: We are so pleased and proud that you gave nationwide attention to our MASON SCHOOL BLOCK PLAN. If other parents want to adopt it, there is no limit to the amount of pain and brutality we will have spared innocent children.

All that is required to make this plan work is one responsible mother in every block who will volunteer her home for a few hours each day as an "island of safety." School children are instructed to seek refuge in any home with the "BLOCK PLAN" sign in the window, should they be bullied by other children, chased by a dog, followed by a stranger, or become suddenly ill. Anyone wishing free information on how to organize this plan may write to: MASON PUBLIC SCHOOL, OMAHA, NEBRASKA. Sincerely yours, GEORGE LAITNER

GEORGE WALLACE

Doomed Men Wait It Out

MONTGOMERY, Ala. (AP) — Death lives in a steel-barred cell in a closely guarded wing of Kilby Prison. He has 18 roommates.

Twelve condemned Negroes and six white men convicted of murder or rape wait as their numbered days fade away. Unless the courts or Gov. George C. Wallace intervene, they are doomed to die in a gaudy yellow electric chair.

Some have been in the death cell for years, living from reprieve to reprieve. Some, newly convicted, have just begun to wait it out.

EXHAUST REMEDIES

Three convicted as killers and one as a rapist have exhausted their remedies in court, and now only the hope of mercy from the governor separates them from death.

The 14 others have appeals pending in the courts. In Alabama, all death sentences automatically are reviewed by the State Supreme Court, and sometimes by federal judges as well.

The governor has the power to commute the death sentence to life imprisonment. By refusing to intervene further after the execution had been delayed 11 times, Wallace ordered a white man, James W. Cobern, to die for a robbery in which a woman was slain.

PUT OFF

In every other death case awaiting his verdict, the governor has put off the decision. He once told a condemned man during a clemency hearing, "I have agonized over such matters, but it is a decision the governor must make."

That was last Sept. 8, when a Negro, Caliph Washington, 24, begged him, "Please spare my life."

Three times since then, Wallace has left the Negro slayer's fate in doubt by granting three and four-week reprieves, without announcing his ultimate verdict. Washington, who was convicted of killing a white policeman at Lipscomb, Ala., near Birmingham when he was 16, now is under sentence to die Nov. 20.

Since he first walked into the death cell on Jan. 26, 1960, the Negro's execution has been postponed 12 times — by former Gov. John Patterson, by Wallace, and by the courts.

Some of his reprieves have come only hours before he was to die.

Cobern's execution a few moments after midnight last Sept. 4 was the first electrocution in Alabama in more than two years.

When Wallace became governor in January 1963, seven men were waiting in death row. One, Cobern, has been electrocuted; another won a new trial and received a life term.

HAVE CHANCE

Fifteen others doomed by trial juries have come into prison since Wallace took office.

Of the 18 in death cells now, five white men and nine Negroes still have a chance to beat the sentence in court. But for Caliph Washington, Leroy Taylor, William Bowen and Drewey Aaron, it's up to the governor to say whether they live. Bowen is white; the other three are Negroes.

DEAR ABBY: I would like to know what is proper concerning a widow wearing her wedding ring. My father died two years ago and my mother has started dating.

Now she no longer wears her wedding ring. But she wears her engagement ring on her right hand. This has upset me. I think it looks as though she is divorced. Shouldn't a widow continue to wear her wedding ring until she remarries again? UPSET

DEAR UPSET: No. Only a widow who has no interest in dating continues to wear her wedding ring. It communicates to all eligible men that she is neither available nor interested. Widows who would like to date, and eventually remarry, leave their wedding rings in the drawer.

DEAR ABBY: The letters written by those jealous second wives who married widowers prompts this letter:

I married a widower who had two small boys. We live 400 miles from my parents, but I miss them less because of "her" parents, whom I call "Mom and Dad." "Her" wedding picture is in a twin frame with mine on the table in our entrance hall. My husband carries "her" pictures along with mine in his wallet. If these petty, jealous women didn't want reminders of the first wife, they never should have married widowers. My husband was married to "her" for 12 years and I wouldn't want him to forget her if he could. She is gone and her husband and children are now mine to love and care for. No intelligent person could ever be jealous of the dead. HAPPY NUMBER TWO

Troubled? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

New Bounty Set For Guerrillas

KUCHING, Malaysia (AP) — The government of Malaysia's Sarawak State on Borneo has issued a new scale of prices for Red terrorists and Indonesian guerrillas. It pays a civilian \$1,667 for action leading to a capture of a high-rank Communist or Indonesian; \$1,333 for information leading to death of same; \$333 for rank and file types, dead or alive.

PAUSE TO REMEMBER

Nation Pays JFK Tributes

NEW YORK (AP)—A cluster of white rosebuds and jasmine lay among hundreds of other floral offerings on a grave in Arlington National Cemetery. A somber President and Mrs. Johnson, both dressed in black, attended a special memorial service in Austin, Tex. Air Force planes flew over Cape Cod in the missing buddy formation — one position vacant. In these and many other ways a thoughtful nation paused Sunday to remember, and pay tribute, on the first anniversary of President John F. Kennedy's assassination.

AROUND WORLD
The tragedy that had reached around the world was relived in solemn ceremonies, as hundreds of thousands put aside part of their day for their own private ways of remembering. Mrs. John F. Kennedy sent a small spray of wildflowers to the grave. They were delivered by her mother, Mrs. Hugh Auchincloss. The President's widow remained in seclusion with her two children, Caroline and John Jr., at their weekend Long Island residence.

The mother of the 35th president, Rose Kennedy, attended two Roman Catholic Masses at Hyannis Port, Mass., where the Kennedy family has its summer home. Sen.-elect Robert F. Kennedy and his sister, Mrs. Sargent Shriver, knelt by the Arlington grave to lay roses on it, and to pray.

"GOD'S GIFT"
In Boston about 3,000 persons, including Patricia Lawford, the late president's sister, and state dignitaries, attended a memorial Mass celebrated by Richard Cardinal Cushing. He called the slain president one of "God's greatest gifts." Tens of thousands stood in silent prayer at New York's Kennedy Airport and in Dallas

at the hour of Kennedy's death. World leaders again issued declarations of sorrow, as so many of them had exactly one year before. In Bonn, Mayor Wilhelm Daniels laid a wreath at the John F. Kennedy Bridge across the Rhine River. Dutchmen flocked to Amsterdam's Kennedy Avenue to look at a bust of the late president which was unveiled Sunday.

King Correct, Negroes State
WASHINGTON (AP) — President Johnson was told today that other Negro leaders share the view of Dr. Martin Luther King Jr. that the FBI has not provided protection for Negroes in the South. Six leaders of Negro organizations met with Johnson to discuss various problems and see what lies ahead. The session lasted about an hour.

Afterward, Roy Wilkins, executive director of the National Association for the Advancement of Colored People, told reporters they had expressed themselves incidentally about King and the FBI. He said "the President simply listened and gave no comment and no opinion."

WILKINS

Traffic Heavy On New Span

NEW YORK (AP) — The spanking-new Verrazano - Narrows Bridge spanning the entrance to New York Harbor climaxed the first 24 hours of its life with a monumental traffic jam.

Police reported that so many sight-seers had flocked to the structure Sunday they caused a four-hour traffic jam, with cars backed up for miles on both approaches.

Traffic officials said about 100,000 cars had crossed the span in the first 24 hours. It is the world's longest single-span suspension bridge and Staten Island's first structural link with the rest of New York City. It connects Staten Island with Brooklyn.

Cable Snaps, Power Off

FRIDAY HARBOR, Wash. (AP) — "The Thanksgiving turkey is probably out the window unless they use charcoal broilers or something, but otherwise we're getting along fine."

R. E. Hartzog, editor of the Friday Harbor Journal, summed up the situation Sunday as Washington's San Juan Islands faced several weeks of power rationing.

An underwater cable from the mainland broke Thursday night, cutting off the supply of nearly 6,000 power users. The break was tentatively located Saturday. William Frans, Bonneville power administration area manager, said it is impossible to tell how long the repair job will take, but it will be weeks.

BUT NOW I SEE HOW BRIGHT AND SUNNY IT REALLY IS TODAY...

... SINCE I'VE CLEANED MY GLASSES!

TERRY

NOT MANY WOMEN OUT HERE HAVE THEM, BUT I SHOULD HAVE RECOGNIZED IT ANYWAY—A WIG BOX!

CH, NO!

DAZZLED TERRY ACQUIRES MARYA OF HAVING PONE VIOLENCE TO HER SISTER, PENNY. FINDING IT, SHE FINDS IN THEIR ROOM, KARLA'S ODDLY SHAPED TRAVELING CASE, OPEN!

TERRY, YOU SAID YOU SAW A WOMAN TRY TO KILL THAT STUPID RUSSIAN, IKOFF, A WOMAN WITH HAIR LIKE MINE!

TERRY, YOU MUST BELIEVE ME! I NEVER SAW IKOFF UNTIL WE CAME HERE ON BANGALORE'S TIGER HUNT!

MY HEAD... YOU'RE TRYING TO CONFUSE ME.

SMITTY

A CRICKET, STENO?

YES! SEE HIM! HE LIVES IN AN TYPEWRITER! I CALL HIM RUDY!

SAV, WHO IS THIS RUDY I HEAR ABOUT? IS HE ONE OF THE BEATLES?

NO, BUT YOU'RE GETTING WARM!

MOON MULLINS

KAYO, TAKE THIS NOTE HOME. I'VE WRITTEN YOUR FOLKS YOU'RE HAVING TROUBLE WITH EVERYTHING IN SCHOOL EXCEPT RECESS.

KAYO! MARCH RIGHT BACK IN HERE!

WELL?

I WAS SORTA HOPIN' IT COULD BE OUR LITTLE SECRET.

Offer Made To Forgive Raid Vandals

CHADDS FORD, Pa. (AP) — "This is the way I have chosen to try and make some good come out of this unfortunate incident," said artist Andrew Wyeth as he announced he would forgive vandals who damaged his studio last Oct. 31, if they "come to me personally and make restitution according to their conscience and ability to pay; give solid evidence that they understand the personal harm in their act and would never repeat it. Any who do not fulfill these to me will be prosecuted."

Wyeth said state police had told him they have the names of about 20 of a gang of some 50 youths who sacked his studio, smashing and damaging art works. Wyeth said eight had visited him Saturday to apologize, pleading their lives "lacked excitement and real things to do."

Monorail Off To Flying Start

TOKYO (AP) — The new 8.2-mile double-track monorail system linking Haneda Airport with the center of Tokyo has carried its first million passengers. It opened Sept. 17 and makes the trip nonstop in 15 minutes.

Catholic Liturgy Change Nearing

NEW YORK (AP) — A layman in a dark business suit stood facing the Roman Catholic congregation and read from the Scriptures, "Brethren ... may you walk worthily ... growing in the knowledge of God."

The setting was an image of things to come next Sunday in Catholic parishes throughout the country — a new mode of active communal worship with about half of the Mass being said in English.

In the forerunner here, the people rose after reading of the Epistle and in unison intoned a psalm in English instead of the priest alone doing it in Latin.

"Out of the depths I cry to you, Lord, O Lord, hearken to my voice! Alleluia."

Then following more Scripture came another unfamiliar experience — hymn singing. "Now thank we all our God with hearts and hands and voices ..."

The service, at Manhattan's Corpus Christi Church Sunday foretold some of the sweeping changes to be inaugurated a week hence in the nation's approximately 17,500 Roman Catholic parishes.

They change then to a new liturgy, much of it for the first time in the people's language rather than Latin, and the congregations join actively in prayers, responses, litanies and song.

Authorized by the Vatican Council in Rome last year and set in motion in this country by the American bishops, the reforms are considered among the most significant and widespread in impact in the Church's history.

They will make for heightened resemblances between Catholic and Protestant worship.

Aimed at transforming the generally silent Catholic congregations into vigorous and vocal participants, the changes assign to them many overt functions heretofore reserved only to the clergy.

Twenty-Four Perish In State Violence

By The Associated Press
A total of 24 persons died in Texas violence over the weekend, including 18 in traffic accidents.

The Associated Press count of the fatalities extended from 6 p.m. Friday until midnight Sunday.

Ovell McAdams, 73, of Round Rock died late Sunday night in a Breckenridge hospital after a two-car collision in Williamson County which also fatally injured 10-month-old Katherine Ann Belz Saturday. The child's parents, Mr. and Mrs. Wayne Belz of Taylor, and another man were injured.

Phipps Carnegie Kemp, 52, of Cleburne was stabbed to death at a Cleburne residence Sunday night.

Jose Jesus Gomez, 60, of Robstown, Tex., was killed and two companions were injured Sunday at the Luby gasoline plant of the Pan American Petroleum Corp. near Robstown. The men were installing insulation on a 52-foot tower when the plank on which they were standing broke. They fell 32 feet onto some tanks.

BURNS TO DEATH
Earnest E. James, 64, burned to death late Saturday in a Fort Worth fire apparently ignited from a cigarette.

Rosa Flores, 5, died Saturday when she dashed into the path of a car driven by her brother in Alvin.

Mark Anthony Hughes, 3, fell into a swimming pool near his mother's Houston apartment Saturday and drowned.

Albert Calloway Mullins, 27, of Sweetwater, was killed and nine other persons injured Friday night in a three-car accident near Brenham.

John O. de la Cruz, 41, was shot to death Saturday in Houston. Police charged Thomas Benfrow, 52, with murder.

Mario Gutierrez of Miguel Aleman, Mexico, died Saturday in a collision of two cars and a school bus. Twelve other persons were hurt, two critically.

Two Southern Methodist University students were killed early Saturday in Dallas when their car hit a concrete wall. They were Richard M. White of Birmingham, Ala., and Chester M. Knight II of Houston. Three other students were injured.

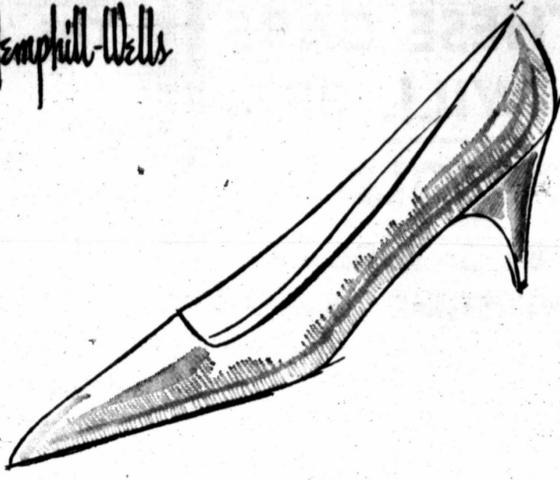

Eddie Ripple, about 60, was struck by a truck and killed Friday night while walking along U.S. 75 near Denison.

Juan Thomas Rubalcaba, 18, and William E. Christian, 17, were fatally injured Friday when their car struck a sign near Port Aransas and crashed into a building.

Three persons were killed late Friday in a head-on collision north of Navasota. They were Mrs. Ellen Dian Sanford, her 17-month-old daughter Patricia, both of Bryan; and Jeffrey Hall, 66, of Navasota.

AUTOS COLLIDE
O'Dell Hines and O. B. Gilliam were killed Friday night when two cars collided outside Mount Pleasant.

Taylor Sees Air Strikes As Key To Viet Victory

SAIGON, South Viet Nam (AP) — U.S. Ambassador Maxwell D. Taylor believes that U.S. air strikes against Communist bases and supply lines in North Viet Nam and Laos could contribute to victory in South Viet Nam.

He also believes that the outcome of the anti-Communist guerrilla war is "very much in doubt."

The ambassador's appraisal made in an interview with Life magazine, set off speculation that he might recommend an escalation of the war when he meets this week with President Johnson in Washington. Taylor flies home Wednesday.

WILL TO WIN
"Military action outside the country, just as pure military action inside the country, will not win in itself," Taylor cautioned in the interview. "Let us say generally that the issue is very much in doubt. The winner will be the one that has the ultimate will to win. But the military aspect is only one piece of it."

U.S. policy-makers, dissatisfied with the way the war has been going, have been studying the possibility of extending to the north to check support of the Viet Cong. Some observers fear Communist China then might take a direct hand.

Taylor said the Communists have grown in strength despite heavy losses. Gen. William C. Westmoreland, commander of U.S. forces in Viet Nam, said in the Life interview that body counts show 12,000 Viet Cong have been killed so far this year compared with 6,000 government casualties. He said actual Communist losses probably totaled 18,000.

SERIOUS RIOT
"It is absolutely inconceivable to me that the Viet Cong could ever militarily defeat the armed forces of South Viet Nam," Westmoreland said.

Saigon was hit Sunday by its most serious antigovernment riot since Premier Tran Van Huong took power two and a half weeks ago. Huong ordered police and paratroopers to use tear gas to disperse a march of

1,000 Buddhists on the government palace. were killed but the government denied this.

An earlier Buddhist demonstration in which a score of persons were injured and 40 arrested touched off the palace march. Police swung clubs and kicked with heavy boots to scatter the dissidents calling for Huong's resignation. The Buddhists claimed four persons

Single Grave For Youths

ALBUQUERQUE (AP)—Four Albuquerque youths killed in a Texas traffic accident will be buried Wednesday in a single, 12-foot long, 7½-foot wide grave dug by members of their church.

The independent Pentecostal Church congregation said the single grave was dug by parishioners to save money. Three of the youths were children of the pastor, the Rev. Marcus Eyllio, who reportedly receives \$30 per month for his services.

The dead include the Eyllio children, Pat, 23, Joe, 20, and Mary, 17, and Johnny Torres, 17. Another killed in the truck-car accident near Fredericksburg Friday was Arthur Garcia, 14, of Lubbock, Tex.
