## Santa Arrives Here Thursday

Pre-school aged children will have an opportunity to see Santa Claus at 2 p.m. Thursday as he boards a stage-coach at the Texas & Pacific Railway Co. depot to make the trip down Main Street to the east side of the courthouse. The stage coach will be drawn by four Shetland ponies and driven by Old Buck, a driver out of Old West traditions. The parade from the depot to the square will be led by the Big Spring High School band. As Santa reaches the square he will greet the pre-school children and pass out candy and balloons, assisted by members of the ABC Club. "I hope parents of pre-school children will be down in time to visit with me before 3:45 p.m.," Santa said. "When school is out the kids of that age will be coming down for a visit and I hate to miss anyone. I will have to be leaving around 5:30 p.m."

The stage coach and ponies will be brought to Big Spring for Santa's use by the Flying "W" Egg Ranch of Ozona. Old Buck, the driver, will accompany them. Candy for the youngsters, to be passed out by Santa and his helpers, will be provided by Meads Bakery, and balloons by the Borden Milk Company. "Santa has sent word that he wants to visit with all the children in Big Spring, and this will be an opportunity to see him and put in your order for Christmas," Edith Gay, chamber of commerce secretary, said this morning. Chamber Manager Carroll Davidson said the stage coach would be standing south of the T&P depot at 2 p.m. and that parents could bring their children to that area to see Santa Claus climb aboard the coach for the trip to the courthouse square.

## Home Christmas Lighting Contest Plans Announced

Any resident of Big Spring, including Webb Air Force Base, may enter this year's Christmas Home Decoration contest, the chamber of commerce office announced today. Texas Electric Service Co. is offering three prizes for placings selected by the judges on the night of Dec. 21. "Whether you rent or own your home, or live in a multi-unit dwelling, you are eligible to enter the contest if you live in Big Spring," the chamber announcement said. "Other information and entry blanks can be obtained by calling us at AM 4-4641."

Texas Electric Service Co. has prepared a pamphlet of "Suggestions for Decorating Your Home With Light for Christmas," and other items, and they are available at the chamber office in the Permian Building. They are designed as aids in home decorations and lighting. Prizes offered this year will be: a Ready-Light, installed at your home; an electric blanket, and an electric fry-pan. Judging will be done on a point system (with 100 points possible) as follows: artistic merit—up to 30 points, in the use of regular lights, use of spot and flood lights, and use of other lights such as fluorescent, reflector, color, and others; Lighting techniques—up to 30

## Baker Refuses To Yield Data

WASHINGTON (AP) — Bobby Baker, former secretary of the Senate Democratic majority, refused today to turn over subpoenaed documents to senators investigating an alleged political payoff from a government contract. He said they "might tend to incriminate me."

Insurance man Don B. Reynolds in sworn testimony Tuesday pictured himself as the "bag man" for Baker and politician Matthew H. McCloskey in a deal to secretly funnel money from a stadium construction contract here into the 1960 Kennedy-Johnson campaign fund.

The Senate Rules Committee had served Baker with a subpoena commanding him to bring to its hearing any documents which would shed light on the allegations. In a strained voice, Baker testified that he had complied by bringing the documents to the hearing, but that he must

## U.S. Readies Stepped-Up War In Viet

WASHINGTON (AP) — Ambassador Maxwell D. Taylor, armed with fresh orders from President Johnson, will fly back to South Viet Nam shortly to work out new plans for intensifying the war against Communist guerrillas.

Presumably, prospective new military actions could include air strikes against the Communist supply lines that run from North to South Viet Nam through the mountainous jungles of Laos.

**DETAILS SECRET**  
A White House statement reporting on the conference Johnson held Tuesday with Taylor and other top policy advisers withheld details on prospective actions.

Significantly, however, the statement emphasized Red use of the supply lines through Laos and said there is evidence of increasing support to the Viet Cong rebels from Communist North Viet Nam. The statement also said that Taylor would "consult urgently" with the South Viet Nam government on what should be done to improve the war effort.

Against the background of mounting expectation of decisions on whether the war should be broadened beyond the boundaries of South Viet Nam, the White House statement summarized military, political and economic conditions in the country and said:

"The meeting reviewed the accumulating evidence of continuing and increased North Vietnamese support of the Viet Cong and of North Vietnamese forces in, and passing through, the territory of Laos in violation of the Geneva accords of 1962.

**URGENT CONFAB**  
"The President instructed Ambassador Taylor to consult urgently with the South Vietnamese government as to measures that should be taken to improve the situation in all its aspects.

"The President reaffirmed the basic U.S. policy of providing all possible and useful assistance to the South Vietnamese people and government in their struggle to defeat the externally supported insurgency and aggression being conducted against them."

Taylor returned to Washington from Saigon a week ago for consultations, and in an interview with Life magazine in advance of his return said air strikes against the Red supply lines in Laos could contribute to the eventual defeat of the Viet Cong guerrillas. He also said there could be advantages in attacking bases in North Viet Nam that are sources of infiltrating supplies and trained men.

**MEN AND SUPPLIES**  
The White House statement, while spotlighting the passage of men and supplies through Laos, made no reference to the bases in North Viet Nam. This was generally taken as an indication that if the military operations of the U.S.-supported South Vietnamese are now to be broadened the first phase at least would be concerned with trying to cut the flow of supplies and reinforcements rather than bombing the bases.

"respectfully refuse" to surrender them. "I specifically invoke this (constitutional) right against self-incrimination," Baker said, and invited the committee, if it has any evidence of unlawful actions on his part, to turn it over to a grand jury "sitting three blocks away."

**LIGHTS OFF**  
On demand from Baker's attorney, the lights for television were turned out before questions were put to Baker.

Attorney Edward Bennett Williams argued that the lights served as a distraction and a harassment of Baker. Baker, former secretary to the Senate Democrats, gave only his name and address before the request for a television blackout produced an argument among committee members. The television lights were turned off during testimony of the day's first witness — William M. McLeod Jr., who testified that he had complied with a subpoena for knowledge of a political payoff from the stadium construction.

# Human Crush Greets Pontiff In India City

## Over Million Welcome Pope

BOMBAY, India (AP) — A gigantic, fervent sea of humanity surged around Pope Paul VI as he arrived today, saying "we come as a pilgrim, a pilgrim of peace of joy and love." After the longest mission ever undertaken by a pontiff, the Pope for 1½ hours, over a distance of 13 miles was encompassed by hundreds of thousands. They pressed against his car and at times seemed almost to spill over it. Police estimated there were 100,000 at the airport and more than one million along the way.

**TOPS THEM ALL**  
It was an enormous reception, in the view of veteran observers surpassing any in recent Indian history. All around, covering the fields and hills and running forward like a stampede, the vast landscape of humanity sought to keep abreast of the motorcade.

The pontiff, 67, riding in an open white Lincoln convertible, alternately smiled and looked about in wonderment, waving almost continuously and occasionally pressing a dark hand stretched to him. Security guards on either side pushed and shouted to hold back the crush that often slowed the car to a crawl.

Pope Paul called his trip here a "journey of peace and love" and of "friendship and brotherliness." "All men are brothers under the fatherhood of divinity," he said on his arrival. There was no single incident, although police had been prepared for hostile acts from fanatical Hindu sects opposed to the papal visit to attend the 38th International Eucharistic Congress.

Wearing a white skull cap, a red silk stole and a red brocade cape at the end of the 4,000-mile journey, Pope Paul walked down a 40-foot red carpet spread from the ramp of the plane. Waiting to greet him were Prime Minister Lal Bahadur Shastri, a Hindu who was said at first to have opposed the Pope's visit to Hindu India; and Vice President Zakir Hussain, a Moslem. "We rejoice in the honor of meeting you," the Pope said in his address to Shastri and Hussain. After praising India for its

## Ringo Starr Loses Tonsils

LONDON (AP) — Ringo Starr, the Beatles' drummer, had his tonsils removed today. A hospital spokesman said his condition was satisfactory.

Hundreds of fans of the 24-year-old mophead telephoned a special number — Covent Garden 2332 — for news of their favorite. The recorded voice of Anne Collingham, an employee of the Beatles' manager, told them the good news. Ringo expects to be in the hospital about 10 days. "One thing is certain," he said. "Nobody is getting my tonsils as a souvenir. Believe me, I'm going to have them burned."

## Quits Marines For Business

ing of the movie "My Fair Lady." It was announced that Lefevre has resigned his commission to join the New York investment firm of Merrill, Lynch, Pierce, Fenner and Smith. (AP WIREPHOTO)

## County's Cotton Allotment Increased By 282 Acres

Howard County cotton allotment for 1965 is 4 of one per cent greater than the allotment for 1964.

Gabe Hammack, secretary of the Howard County Agricultural Stabilization and Conservation committee, announced that the ensuing year's allotment has been pegged at 71,699 acres—compared with 71,417 for the current year. Hammack said that the 776 cotton farmers in the county will be mailed their allotment figures on Friday of this week.

Hammack said he estimated an average of 95 per cent of the allotted cotton acreage is planted each year. Some minor adjustment could be made in the total later on, if additional unclaimed acreage from other areas are allotted to this county. This year's crop, hit hard by drought, is still largely to be harvested. The total estimated production is likely to be under 15,000 bales, most observers say.

To cope with the crisis that the short crop created, the government this fall put into operation for the cotton growers a plan called "domestic quota program." Under this plan, the cotton farmers were given an opportunity to plow up a third of their planted acres and then be compensated at the rate of approximately \$9 average per acre for the unplowed-up remainder. Most of the farmers signed for the plan. As a result, payments are being made or have been made to 566 owners and farmers on 339 farms. The total payment to date is \$220,273—paid on 22,899 acres. Many of the checks have already been mailed. Other farmers, Hammack said, asked that their payment be deferred until after Jan. 1—for tax purposes. He also announced that the

ASC payments for wheat diversion have been made. Five shared in payments for 311 diverted acres. The total payment made was \$5,994. The feed grain diversion payments made for the current year totalled \$198,983, Hammack reported. These payments were for 17,585 acres on 278 farms.

northern Midwest areas with 11 below in Grand Forks, N.D., one of the lowest readings. At least two deaths, both in Maine, have been attributed to the storm. A 72-year-old Stoddard, Maine, woman died apparently of exhaustion, after struggling through foot-deep drifts. Near Presque Isle, Maine, Elmer K. Stackhouse, a snowplow operator, was found dead as the storm abated. Hundreds of Maine motorists were stranded Monday night as the swirling snow piled ever deeper on highways. About 100 persons crammed into a service station at Machias. At Presque Isle every hotel, motel or rooming house space was taken by

## Big Snowstorm Paralyzes Sector In Northeast U.S.

PORTLAND, Maine (AP) — The first major snowstorm of the season along the Atlantic Coast has virtually paralyzed parts of Maine with up to two feet of snow. It battered shipping from New Jersey to Nova Scotia and endangered many lives.

Wintry weather also prevailed across the northern half of the nation from the Rockies to the western slopes of the Appalachians, with snow and cold. Freezing weather again nipped areas deep into the Southland, with the mercury dropping to 24 in Macon, Ga., and 29 in Tallahassee, Fla., Montgomery, Ala., and Albany, Ga. The below zero belt covered

travelers blocked by the storm. Sections of U.S. 1 were clogged by snow or by traffic jams of up to 50 cars and trucks.

## Jury Rules For Defendant

A jury of seven women and five men deliberated an hour in 118th District Court Tuesday afternoon and returned a verdict awarding the defendant (who was also cross-plaintiff) \$2,500 damages against the original plaintiff in a damage suit tried in the court.

The case was styled Anne Brown Wolf vs. Gladys Ruthann Beatty and grew out of a collision in front of 1704 W. 4th on Sept. 9, 1962. Mrs. Wolf had sued for \$17,292. Mrs. Beatty, now Mrs. Tharp, had sued as a counter-action.

The jury held for the latter in their decision. The case is the only one which is to be tried this week of the 25 the judge had set down for disposition. Three others, which had been announced ready Monday, fell by the wayside and Wednesday morning Judge Ralph Caton, presiding, excused the jury panel from further duty.

## President Breaks Ground For Kennedy Art Center

WASHINGTON (AP) — President Johnson, presiding at ground breaking for a national cultural center that will perpetuate the name of John F. Kennedy, said today it will "bring together the worlds of poetry and power — to the benefit of each."

The \$46 million center will give Washington, for the first time, a focal point for cultural activities and the arts comparable with those of other national capitals. Far too often, Johnson said, American actors and singers and musicians must travel to other countries to be heard. Now, he said, they will have a stage in the capital of their own nation.

GIVE THE UNITED WAY

**DEAR ABBY**

**Decision  
On Dogs**

DEAR ABBY: My problem is a very dear friend whom I've had for many years. She recently lost her husband and lives alone with her small dog. When

my husband is on the road, I invite her to spend the night with me. We have a one-bedroom apartment with a large double bed. This friend lets her dog sleep with her at home, so naturally when she's here she does the same. I fixed up a "bed" for the dog on the floor, but he wouldn't sleep there. My bed has begun to take on a doggy smell and my husband is complaining. My friend is very sensitive so I have to be careful not to say anything that might hurt her feelings. What can I do? I wouldn't give up her friendship for the world.

**TRUE FRIEND**

DEAR FRIEND: If your friend enjoys sleeping with her dog, that's HER business. And if you don't mind sleeping with her AND her dog, that's your business. But you owe your husband more than you owe your friend, and if you don't know that, you belong in the doghouse. I admire your loyalty, but your husband's complaint is legitimate, so tell your friend she can't have her dog in YOUR bed, or you'll "lose" YOUR husband.

DEAR ABBY: Is there anything wrong with a girl going with a man who is LEGALLY separated from his wife? I am almost 19 and my parents have told me that they do not want me to go out with this perfectly wonderful man (he is 27) because, as far as they are concerned, he is still MARRIED and will be until he is DIVORCED. They say I will hurt my reputation if I am seen with him. Abby, he is working on getting a divorce and he says that he is sure he can get one eventually, so I don't see WHY I shouldn't date him in the meantime. I would like your opinion.

**TROUBLE AT HOME**

DEAR TROUBLE: If you have marriage in mind, you could wait a long time before this man's divorce comes through. And it may never happen. Your parents are thinking of your welfare and future happiness. I agree with them.

CONFIDENTIAL TO "C" at HALL HIGH: A good friend of mine said, "A team is where a boy can prove his courage on his own. A gang is where a coward goes to hide." The friend is an authority on teams. He is Mickey Mantle.

**Inner Turmoil  
Scars Unions**

WASHINGTON (AP) — Some of the nation's top labor leaders have been getting kicked around in a series of internal union rows enlivening the labor scene recently.

Electrical Workers President James B. Carey and United Mine Workers chief W.A. Boyle are being challenged for their jobs after conventions marked by shouting, shoving and fist-swinging.

United Steelworkers President David J. McDonald and Textile Workers head William Pollock apparently have squelched their opposition for the present.

**POWER BATTLE**

The Building Service Employees International Union shows the scars of a bitter power struggle between President David Sullivan and former President William L. McFetridge over a union-financed apartment development in Chicago.

Some observers add United Auto Workers President Walter P. Reuther to the list, contending that internal opposition led to the General Motors strike against Reuther's wishes.

Do these internal squabbles indicate widespread rank-and-file unrest in the labor movement?

**"ARE DEMOCRATIC"**

"All it proves," says one national labor spokesman, "is that unions are democratic institutions."

Officials of the individual unions involved in the various disputes soft-pedal them as of little consequence.

**Bracero Issue  
Quiz Resumes**

WASHINGTON (AP) — The Labor Department will resume hearings in Miami, Fla.,

Wednesday on whether the government should halt or restrict importation of foreign farm workers.

The hearings were called to consider proposed new standards for importing foreign farm labor after two special federal programs expire Dec. 31.

After that date, any such workers could enter this country only under the Immigration Act and only if the secretary of labor certified they would not hurt wage levels and working conditions of U.S. workers.

Chiefly affected are workers from Mexico—called braceros—and the British West Indies.

After hearings in Miami, in Dallas Friday and in San Francisco next Monday, the transcripts will be sent to Secretary of Labor Willard Wirtz for consideration when labor standards and other regulations for importing workers under the Immigration Act are formulated.

**LBJ Interest  
In Station Bid**

WASHINGTON (AP) — Approval for sale of a Lafayette, La., television station to a company in which the family of President Johnson has an interest has been asked of the Federal Communications Commission.

FCC records show the application was filed Nov. 10 for purchase of KLFY-TV (Channel 10) in Lafayette by Texhoma Broadcasters, Inc., for \$2,559,000 and assumption of \$134,311 in obligations.

Stockholders of Texhoma are listed as M. N. Bostick of Waco, Tex., president, with 20 per cent, and KWTX Broadcasting Co. of Waco, with 80 per cent. Texas Broadcasting Co., largely owned by the Johnson family, owns 29 per cent of KWTX. Johnson's wife and two daughters own most of Texas Broadcasting. Their holdings were placed in trust soon after he became President.

Camellia Broadcasting Co., Inc., of Lafayette now owns the Lafayette Channel 10 station.

**Leads In Benefits**

The United States Chamber of Commerce survey shows oil industry leads all others in fringe benefits to employees, representing an average of \$1,977 per employee, amounting to an average 30.4 cents per payroll hour, and 28.9 per cent of the total payroll.

**It's Shark  
Vs. Shark**

TALLAHASSEE, Fla. (AP) — The Florida Board of Conservation is pitting shark against shark in an effort to steer them away from commercial fishing nets in the Florida keys.

Sharks are caught with heavy baited hooks and a flat board is attached to the line. The board slows the wounded shark and tires him. Other sharks, smelling blood, attack their weakened comrade.

Commercial fishermen on both the Atlantic and Gulf sides of the keys have reported uncommonly big schools of sharks tearing into their nets in search of food.

### 'Music Man' Ready For Thursday Opening

More than 150 high school students, aided by several teachers, have climaxed work on their most ambitious undertaking to date — Meredith Willson's "Music Man," which opens Thursday. At left, Prof. Harold Hill (Pat Hamilton) tells the natives that there's "Trouble in River City." Listening are Dennis Thompson, Wayne McChristian, Don Hal Haney, Peany Frazier, John Seitzler, Randy Cockrell, Linda Fowler, Janie Osburn. Sec-

ond from left, the travelling salesman talk shop and about Prof. Hill. They are Jimmy Dawes, Deats Beard, Hollis Webb, Benny Benson. In the third picture, Mickey Crow (Mrs. Paroo) gives Amariyllis (Debbie Coates) her music lesson. At right, three chattering young ladies — Virginia Coleclazer, Barbara Adams, Cynthia Pond — take part in "Iowa Stubborn." (Photo by Jimmy Townes)

## High School Production Of Musical Opens Thursday

After weeks of work and practice, the Big Spring High School drama and music departments will present "Music Man," one of the all-time musical favorites, at 8 p. m. Thursday in the high school auditorium.

Two other performances will follow at the same hour Friday and Saturday.

Lights at BHS have burned late on recent nights as crews worked frantically to have everything, from their lines and songs to the scenery, just right for the opener. They are anxious to eclipse the success of "Oklahoma," their first ambitious undertaking last year and also the first on anything like the scale of "Music Man."

It has been a student affair all the way—from acting and staging to the making of the scenery, publicity, costumes, lighting effects, makeup, and even a 12-piece orchestra.

Tickets for the gala musical play may be had (for \$1.25 adults and \$1 students) from cast members, or at the ticket office in the auditorium foyer.

Pat Hamilton plays the part of the glib-tongued swindler, Prof. Harold Hill, who becomes ensnared in his love for Marian Paroo, the librarian, played by Charlene Mac Donald.

Others in the cast and their roles are: Marshall Cockrell (Mayor Shinn), Pax Bunch (Eulalie Shinn) Beverly Green (Zaneeta Shinn), Benny Benson (Marcellus Washburn), Mickey Crow (Mrs. Paroo), John Seitzler (Tommy Dillias), Dick Swend (Constable), Deats Beard (Charlie), Debbie Coates (Amariyllis), Hollis Webb (Olin Britt), Don Haney (Oliver), Dennis Thompson (Ewart) and Ron Growden (Jacey Squire).

In all, some 150 persons have taken part in preparations for the show. This includes a chorus of 30 members, plus six dancers.

Among the tunes calculated to make the list go away hum—

ming them are "Goodnight My Someone," "Oh, Yes I Love You," "Lida Rose," "Gary, Indiana," "Seventy-six Trombones," and several others.

Meredith Willson's celebrated play, written in conjunction with Frank Loesser, had 173 weeks on Broadway, making it one of the top 10 musicals. It is the story of a con-man who gets off the train in River City, Iowa, and proceeds to sell uniforms and instruments on the pretext of organizing a brass band. Before he can skip with the money, he falls in love with

### Overman Receives Competency Award

A foreman in the city public works department, D. W. Overman Jr., has been awarded a certificate of competency by the Texas State Health Department, based on completion of a 40-hour period of study in sewage treatment plant work.

Overman has been an employe of the city for three years and completed a school conducted at Lubbock during November, passing an examination on the course of study. The school was one of a series conducted by the State Health Department, Texas A&M University and the Texas Water and Sewage Works Association. The study emphasizes skill in treatment plant operation and an understanding of the work's importance to community health.

Overman is a foreman in the sewage maintenance and construction portion of the city public works department.

### City To File Lawsuit Brief

An answering brief will be filed today or Thursday for the City of Big Spring in the lawsuit filed last week by Shiflet Brothers General Contractors of Abilene, City Attorney John Burgess said today.

Burgess said a full petition for the city would be filed at a later date in the case, which was filed in 118th District Court here. The lawsuit involves the city sewage treatment plant construction contract, with the contractor asking \$214,709.35 in additional costs and \$135,000 in damages in the lawsuit.

### Firms Facing Labor Suits

A suit has been lodged in federal district court in Pecos against Wohl Shoe Company and Barnes and Company alleging failure to comply with the Fair Labor Standards Act.

Wohl Shoe Company has its home offices in St. Louis, Mo., but does business in Texas. Barnes and Company headquarters in Midland but also operates stores in Big Spring and Odessa. The complaint alleges irregularities in minimum wages and overtime pay, inadequate records, contending 13 employes are entitled to \$2,224 in back pay. The secretary of labor is seeking an injunction against the firms in order to require compliance. The concerns have the option of contesting the case.

### Judge Pickett To Speak For Scout Banquet

Judge Perry D. Pickett, Midland, will be the speaker for the annual banquet of the Lone Star Boy Scout district Tuesday evening at Cosden Country Club. There will be no regular meeting of the district committee this Thursday because the banquet meeting will take its place, said Raymond L. Tollett, district chairman.

Arrangements for the meeting have been completed, said Bill Crocker, chairman of this activity, and a large attendance is anticipated. Unit leaders will be recognized.

Judge Pickett is the presiding magistrate of the 142nd Judicial District and has been on the bench for the past 10 years. He carries one of the heaviest case loads of any district judge in Texas.

Nevertheless, he finds time to be active in civic work, including membership in the Buffalo Trail Council executive board. Midland honored him several years ago as its outstanding young citizen, and he also served as mayor from 1951-53. He is a graduate of Masonic Home in Fort Worth and holds his bachelors and law degrees from the University of Texas.

### WTSU Choral Performs Here

The 44-voice University Choral of West Texas State University, Canyon, was to present a 30-minute program of sacred music, Christmas carols and novelty selections at Big Spring High School this afternoon.

The concert here is one of a series being presented by the group in West Texas cities, including Odessa, San Angelo, Sweetwater and Snyder.

The program also included compositions by the choir director, Dr. Houston Bright. Accompanying the group was the WTSU brass and percussion company, formed from members of the school's concert band.

### Spence, Ivie Attend Confab

E. V. Spence, general manager, and O. H. Ivie, assistant general manager, are in Austin today participating in a statewide water planning conference convened by Gov. John Connally.

Spence plans to remain over Thursday when the municipal section of the planning group will meet. Today's parley concerns itself primarily with federal, state and major water districts. One object of the series of conferences (one still to come on oil and industry) is to develop a plan for meeting water needs at the year 2000.

### Fewer Cases Are On File

Despite a busy month, in which 64 new cases were filed, the District Court Clerk's records show there are 10 less cases pending in the 118th District Court today than there were on Oct. 31, Fern Cox, clerk, reported.

Total cases on file — civil, criminal and tax suits — now stands at 1,187. When the month opened, the total was 1,197. During the month, it mounted to 1,261, but dispositions pulled the final figure down to 1,187.

Twenty-eight new divorce petitions were filed in November. The month opened with 277 such cases on file. It ended with 268 pending. The court granted 20 divorce petitions during November. Sixteen divorce suits were dismissed in the month. Annulment cases began with 10 on file and wound up with the same number. None was filed and none was disposed of.

Tax suits, which began with 375 on file, wound up with the same number on hand. No new suits were filed.

There were 486 civil suits, other than divorce, annulment or tax cases, on hand when November began. Nineteen new suits were filed, 10 jury cases were heard and 16 were tried before the court. Eight others were dismissed. The total as of Nov. 30 was 471.

Seventeen new criminal cases were filed in the month to bring the total to a high of 66 for the period. Three were tried before the court, one was dismissed. This left 62 on file — which compared with 49 as of Nov. 1.

## Firemen Need More Work

A call for additional toys for the annual firemen's toy campaign has been issued by Fire Chief H. V. Crocker.

"More bikes, tricycles and wagons are especially needed," Crocker said.

Vehicles which can be repaired, repainted and turned into usable items may be turned in to any city fire station, Crocker said, and the items are needed right away so firemen at the city's six stations can complete the repair work and repainting before Dec. 20, when the toys are turned over to the Salvation Army for distribution to underprivileged children of the city.

Firemen have been working on an assortment of bikes, trikes, small wagons, dolls and other toys since Nov. 23. An array of new and used parts have been sorted out and prepared for use in rebuilding the bikes and trikes.

In addition to vehicles which can be repaired, firemen need items which can be utilized for spare parts, Crocker pointed out.

## Concert Program Turns Out A Bundle Of Joy

Big Spring Concert Association season ticket holders got just what they expected last night at municipal auditorium.

Several hundred playgoers, planning on a relaxing evening of "fun" theater, left the audience knowing they had received a full measure of amusement for their money.

"Never Too Late," as interpreted by stage veterans Lyle Talbot and Penny Singleton with a fine supporting cast turned out to be a bundle of joy.

The comedy hit, written by Summer Arthur Long, has been running on Broadway for over two years and is making its mark as a favorite of road show companies who will keep the play alive for years to come.

A delightful piece of set design by William and Jean Eckart depicted the three-story home of Harry and Edith Lambert. The serenity of the middle-aged, typically suburban family is about to be disturbed by the incongruous discovery that they are to become parents — again — after 24 years.

As the harried but radiantly happy wife, Miss Singleton charmed the audience from the very first scene with the winsome smiles of a woman who knows a marvelous secret and can hardly wait to share it with her husband, grown daughter and son-in-law.

The news proves much less than that to the young adults in the family and devastating to Talbot, who did a superb job as the stunned husband. The old story of impending parenthood — with a new twist — began as a quiet joke but ended with the delighted audience sharing the anticipation — and hoping for twins.

The two supporting roles were handled most capably with a light touch by Judith Barcroft and Tom Connolly, as the Lambert's daughter and son-in-law who shared their parents' home as well as the mixed emotions of the head of the house concerning his fantastic "luck" in becoming a father at 60. Other members of the cast, especially Larry Fletcher as Mayor Crane, performed their roles like the seasoned performers they were, and by the time the final curtain fell, the audience was looking forward to the blessed event. A sequel might be just as much fun. — J.B.

## Youth Hurt In Car Wreck

Joe Don Musgrove, 21, of 1312 Stadium, is in the Howard County Hospital Foundation with serious facial lacerations suffered at 6:20 p.m. Tuesday in a one-car accident on FM 821.

Highway patrol officers said that Musgrove, believed alone in his 1959 Triumph convertible, left the highway at a curve on FM 821 at a point 8.1 miles south of IS 20.

The car crashed into the fence and was almost demolished. The top was torn from it and the fence kept the vehicle from plunging into the pasture.

Highway patrol officers said that the driver was in the hospital before the wreck was reported to them.

Here in Big Spring police said they had been looking for the car or one believed to be in connection with a hit-run mishap at FM 700 and Westover Road at 5:30 p.m.

The second car in this episode was driven by Thomas R. Mabry, 2702 Central. Damage to his car was estimated at \$50.

The hospital reported that Musgrove's condition was satisfactory today.

WHEELER-DEALERS BLAMED

Movies' Garbled Plots Criticized

HOLLYWOOD (AP) — "Are movies going to pieces?" asks an article in the Atlantic Monthly by Pauline Kael, who proceeds to answer, yes. Miss Kael, who is billed as an author, lecturer and authority on films, criticizes the growing lack of logic in movies, even the most expensive ones. She cites the swift and unexplained ending of "Bridge on the River Kwai"; the garbled plot of "Whatever Happened to Baby Jane"; the utter confusion of "55 Days at Peking"; the sudden clairvoyance of Cleopatra in the film of that name; the puzzling story turns of "The Cardinal."

Postal Receipts Rally

Postal receipts in November at the Big Spring Post Office showed a small rally and wound up \$200 ahead of the receipts for the same month a year ago. E. C. Boatler, postmaster, said that receipts for the last month were \$31,581.61. For November, 1963, the receipts were \$31,375.20. The slight increase in receipts for the month was regarded as encouraging since the entire year for 1964 has shown a lag over the 1963 period. The 1964 total for the first 11 months is still \$42,000 behind the total for the same 11 months in 1963. This year's receipts through November are \$398,896.61. For the first 11 months of 1963, the receipts were \$440,838.26. If Christmas business hits a new high, some of the sag in receipts for the year can be erased, Boatler said. However, December last year was a good month, and this year's Yule rush will have to be exceptional for the month to do much toward making the year look as good as 1963.

Water Rights Testimony Ends

EDINBURG, Tex. (AP) — Dist. Judge J. H. Starley closes the books today on testimony in the historic Rio Grande water rights case, one of the most tortuous, drawn out and costly water controversies in the nation. Starley, the third judge involved in the case's eight-year history, likely will hear closing arguments next month. The influence of European film makers has been chaotic. Working on scant budgets, Italian and French directors have been able to indulge their own whimsies. The results are often incomprehensible to the general public, but hailed by highbrow

Barry Plans Republican Summit Meet

WASHINGTON (AP) — Sen. Barry Goldwater said today he plans to meet soon with Gen. Dwight D. Eisenhower and Richard M. Nixon for a "general discussion" of the Republican party's future course. The defeated GOP presidential nominee said in an interview on his return to Washington from Phoenix, Ariz., that he doesn't know where the summit conference discussion will lead. But he indicated he is willing to cooperate with the former president and the former vice president in trying to bring peace among the bickering factions of the Republican party.

EARLY MEET

Goldwater said the meeting originally had been scheduled for next Thursday at Eisenhower's office at Gettysburg, Pa., but had to be delayed because of Nixon's trip to Japan. He added, however, he hopes it can be fitted into the schedules of all three principals before his return to Arizona next week. Goldwater made it clear he would encourage the formation of the kind of advisory council suggested by some GOP governors and other party leaders to bring all factions into the formation of future party policy.

STANDS PAT

Goldwater remained adamant in his opposition to the replacement of Republican National Chairman Dean Burch, his personal choice for the job after the San Francisco nominating convention. "They are not going to throw Burch out," he said. "They don't have the votes." This opposition by the presidential nominee to any replacement of the national chairman at this time was concurred in by congressional Republican leaders who think it is too early to take such drastic action.

Clinic Set At Y Here

Coaches and players from four colleges and 15 high schools and junior high schools will be in Big Spring Saturday morning for a United States Volley Ball Association clinic at the YMCA beginning at 9 a.m. More than 100 from this area are expected. Jim Gilbert, YMCA physical director, and Dave Widner, Midland YMCA physical director, will direct the clinic. Barbara Harwerth, Dallas, who was on the U.S. Women's Olympic volleyball team in the recent Tokyo contests, will be at the clinic, Gilbert said.

Harvesting Of Cane Launched In Cuba

HAVANA, Cuba (AP) — The Castro regime began harvesting Cuba's 1963 sugar cane crop today, a month earlier than usual, hoping to finish before the spring rains. The future may not be entirely bleak. But it is true that the movies — as opposed to the cinema — need to be returned to the audiences whose devotion and enthusiasm made them great. Miss Kael predicts gloomily: "Cinema, as I suspect, is going to become so raffish, so private in meaning, and so lacking in audience appeal that in a few years the foundations will be desperately and hopelessly trying to bring it back to life, as they are now doing with the theater."

Cold, Near Drouth Scourge In Texas

Near drouth conditions and unusual cold plagued some Texas points in November but generally the state's rainfall and thermometer readings were above average. Plainview recorded a Nov. 30 low of 14 degrees. El Paso received no rain and Brownsville, Corpus Christi, Laredo, Lubbock and Midland-Odessa less than an inch. Heavy hail damaged Hondo, and tornadoes struck near Cleburne and Lufkin. Cold fronts spread moisture from the Panhandle to the Gulf of Mexico during November's first and third weeks. Heavy rains fell in the north central and south central portions, bringing monthly totals to 5 or 6 inches in some places. Fort Worth measured 6.23 inches of rain for its wettest November in 18 years.

BOWIE GAUGE

Bowie, in North Central Texas, gauged 7.48 inches in 48 hours and Poteet, south of San Antonio, received 5.80 inches in 24 hours. Lesser amounts fell on the High Plains, across East Texas and along the coast. Average temperatures were above normal despite strong cold fronts that barged across the state Nov. 21 and 30. The state's first significant freeze occurred Nov. 21, the Weather Bureau reported. Two persons drowned Nov. 18 in North Central Texas as heavy rains caused flash floods. At Hondo, southwest of San Antonio, a severe hailstorm caused considerable property damage Nov. 3.

Rusk, Soviet Envoy Huddle

UNITED NATIONS, N.Y. (AP) — Secretary of State Dean Rusk scheduled a second meeting with Soviet Foreign Minister Andrei A. Gromyko today in an effort to win Soviet agreement to help pay for peace-keeping operations of the United Nations. A last-minute accord Tuesday postponing a showdown at the General Assembly opened the way for basic financial negotiations starting at a luncheon meeting of Gromyko and Rusk at the headquarters of the Soviet U.N. mission. U.S. sources expected other East-West issues would come up also, including disarmament, trade and a U.S.-Soviet consular agreement. The U.N. money issue had top priority. At their first meeting Monday, Rusk and Gromyko skirmished over procedure in what was termed an inconclusive session. U.S. diplomats contended the United States gained more than it lost in Tuesday's compromise under which the General Assembly is going ahead with routine debate. Voting on important matters was put off to allow time for the backstage financial talks. AT ISSUE At issue is the Soviet Union's refusal to pay her U.N. assessments for the Congo and Middle

# Frank Howard Likely To Go To Houston

**By CHARLES MAHER**  
**Associated Press Sports Writer**  
HOUSTON (AP)—Baseball's ranking intellectuals have resolved the momentous question of what constitutes a legal catcher's mitt. While nothing is likely to overshadow the celebration that will surely follow such an event, there is still some curiosity about where Frank Howard, and Bo Belinsky, among others, will be playing next season. Despite expressions of doubt by some club executives, these rumbles persist at the winter baseball meetings: — Howard, the 6-foot-7 outfielder of the Los Angeles Dodgers, will be traded to Houston for third baseman Bob Aspromonte and pitcher Ken Johnson, or to Milwaukee for third baseman Ed Matthews, or to Kansas City for outfielder Rocky Colavito. — Belinsky, the calamity-prone left-hander of the Los Angeles Angels, will be traded for one or more Philadelphia Phillies. There was also a rumor Tuesday that San Francisco would trade pitchers Bob Shaw and Billy O'Dell to the New York Yankees for catcher-outfielder John Blanchard. But that one was vigorously denied by both clubs.

About the catcher's mitt: The playing rules committee outlawed the Big Berthas used to catch some knuckleball pitchers. The committee decided the mitt may be no more than 38 inches in circumference. A conventional mitt is 33 to 34 inches. The Big Berthas, described by committee chairman Charles Segar as "burlesque gloves," are up to 45 inches. Said Houston General Manager Paul Richards, who designed the first Big Bertha for knuckleballer Hoyt Wilhelm a few years back: "I don't think anything should be done about the mitt because it wasn't hurting anybody. Ninety-nine per cent of baseball's appeal stems from its simplicity. But we keep trying to complicate it."

Turning to trade talk, Richards said he doubted Houston would make a deal for Howard. Dodger General Manager Buzzie Bavasi said he and Richards would talk today, but Richards said they'd already done considerable talking without accomplishing anything.

## Sands Mustangs Win Two Games

**ACKERLY**—Sands swept both ends of a basketball double header from Forsan here Tuesday night. Arlen White's boys turned back the visitors, 54-49. In the girls' game, Sands finished on the long end of a 53-50 score. Eddie Herm waxed warm for

## Griffith Gets Easy Victory

**LONDON** (AP)—Welterweight champion Emile Griffith heads for New York today with another easy victory over a Briton, another fat purse and a miner gripe over officiating. The 26-year-old New Yorker floored Dave Charnley three times in stopping the British lightweight champion in 1:56 of the ninth round of a non-title 10-rounder at Wembley's indoor stadium. Griffith, a native of the Virgin Islands, completely outclassed his lighter, 29-year-old opponent.

For his efforts—which were booed at times by the crowd of about 8,000—Griffith collected about \$20,000. Only last Sept. 22 he earned \$56,000 in the same arena for soundly drubbing Welshman Brian Curvis in a 15-round title defense.

## Queens Decision Odessa, 66-35

**ODESSA**—HCJC's Jayhawk Queens won their second basketball game in three starts, beating Odessa College, 66-35, here Tuesday night. Patty Jones led the Queens with 23 points. The HCJC team returns to play at 6:30 p.m. in Big Spring Monday, at which time it hosts H-SU.

**ODESSA** (66)—Patty Jones 8-7-23; Marjorie Cox 5-2-12; Shirlean Richters 8-5-31; Gayle Bailey 1-2-2; Kay Peacock 2-2-2; Marsha Morrow 0-0-0; Connie Johnson 1-4-4. Totals 23-20-46. Score by quarters: HCJC 13-24-23-26; Odessa 10-14-13-8.

## Lee Rebels Win Over Lake View

**SAN ANGELO**—Midland Lee lashed San Angelo Lake View, 86-60, in a basketball exhibition here Tuesday night. The Chiefs trailed by only four points, at 35-31, at the half but were outscored in the third period, 29-5. Mike Krizzell led Lee with 28 points.

## Bobcats Defeat Killeen, 62-33

**KILLEEN**—San Angelo Central won its first basketball game of the season here Tuesday night, turning back Killeen by a score of 62-33. The Cats have played three games. Ralph Sheffy led San Angelo in scoring with 15 points while Willie Allen had 10.

## Stanton Buffs Decision Kats In Two Games

**STANTON**—The Stanton Buffs won their third basketball game in four starts by kayoing Garden City, 57-37, here Tuesday night. The Stanton girls made it seven wins in eight starts by turning back Garden City in the preliminary game, 29-19. In the boys' contest, Dink Polson tossed in 20 points for Stanton while Harold Cain followed with 10. The Buffs built up a 38-19 lead at half time.

Michael Hoch paced Garden City with nine points while Vernon Newsom had eight. In the girls' engagement, Janelle Pate accounted for 13 of Stanton's points. Brenda Jacob led Stanton with 12. Both Stanton teams are entered in the Tahoka tournament this weekend. The girls play Crosbyton at 2:30 p.m., the boys the same school at 3:30 p.m.

**GARDEN CITY** (57)—Hoch 24-9; Ethison 12-4; Sanderberger 0-2; Newsom 3-2-8; Chandler 2-2-4; Hirt 1-0-2; Shafer 2-0-4. Totals 57-37. Score by quarters: Stanton 18-38-43-57; Garden City 10-17-24-37.

**ARLINGTON**—Jim Oldham, former HCJC cager, scored four points as Arlington State lost a 103-85 decision to Baylor University here Tuesday night.

## Sayers, DeLong Are Inked By Pro Clubs

**By The Associated Press**  
Money talks—and makes college coaches scream. It spoke to Kansas halfback Gale Sayers and Tennessee college Steve DeLong, giving the Chicago Bears of the National Football League a split Tuesday with the rival American League as the multi-million-dollar pro football war continued.

Sayers and DeLong—both picked on the first round of NFL draft by the Bears—went different ways. Chicago won the battle for Sayers against the Kansas City Chiefs but lost DeLong to the San Diego Chargers in the first major breakthrough for the younger league. Meanwhile, both leagues came under fire from college coaches for signing futures—players who still have a year of college eligibility remaining but who are eligible to be drafted.

## LOOKING 'EM OVER

With Tommy Hart

In the light of what Midland High did to Ysleta earlier in the season (26-0) and what happened to Odessa High at Ysleta last weekend, you'd have a hard time convincing anyone here that the best team represented District 2-AAAA in the playoffs. The Big Spring club finished second to Odessa by half a game in the standings but for a 'lost weekend' against Midland Lee would have won it all. A lot of the Steers had been felled by the flu bug that particular week.

Kansas State University football officials have expressed interest in Big Spring's quarterback, Benny Kirkland, and may offer him a scholarship. Kirkland developed faster than any other player in the league the past season and deserves a chance to play college ball.

Dodge City, Kansas, Junior College (the defending national basketball titlist) fielded three All-American players against HCJC in the Garden City, Kansas, tournament last weekend and had to go out to win.

Carl Head, one of the All-Americans, was limited to three field goals by the Hawks. No opposition has ever done that to Head before in his basketball career.

Centralia, Ill., the team HCJC knocked off for third place in the meet, was rated eighth in the nation before the Hawks beat it, 81-71.

Against Dodge City, the Hawks hit 41 per cent of their shots from the field and grabbed off 23 rebounds against a much taller team.

Against Centralia, they hit 45 per cent of their field goal tries and came down with 38 rebounds, compared to 30 per cent and 27 rebounds for Centralia.

Northeastern Colorado, a finalist against Dodge City in the meet, beat Centralia by a score of 78-74 in the semifinals.

Needless to say, coach Buddy Travis of HCJC feels much better about his team than he did when he started out on the trip. He knew the Hawks could play better than they did against Ranger in their opener but he wasn't quite prepared to see that much improvement in a team.

Any way you look at it, this has to be the year of the upset in football, especially on the college level. So many underdogs have won the bookmakers are getting gun-shy.

Edward Andrews, who usually plays the scrawling heavy in movies, was once a football tackle at the University of Virginia, at a time the Cavaliers were known as an easy mark.

Coach Emory Bellard, the San Angelo football mentor, recently announced he was awarding 35 varsity letters to members of this year's football team.

Of that group, 14 return next season. Included in the group are Julio Guerrero, Gerald Turan, Frankie Stringer, Jim Schiller, Gary Mullins and Terry Collins, all backs, and Jimmen Mike Wills, Butch Halbert, Larry Biggs, Bobby Montelongo, Harold Smith, Jerry Drones and Gary Heffin.

Bellard expects the team to be a championship contender again next fall.

The Big Ten conference set an all-time attendance record the past season, luring 2,885,576 through the turnstiles. That averages out to 58,889 a game.

whose college class was graduated and thus are eligible to be drafted.

The two cases involved Los Angeles State tackle Walt Johnson, signed by the NFL's Cleveland Browns, and Arizona State halfback Larry Todd, signed by the Oakland Raiders of the AFL. Coaches from each team said they were considering official protests.

"They don't have any business signing a boy when he has a year to play," said Los Angeles State Coach Homer Beaty. "They wasted so much money in the boy's face he couldn't turn it down. They have no regard for the boy or his coach."

Browns President Art Modell said "it's ridiculous" in the charge of waving money at Johnson and said Cleveland "found out he had no intention of going back to school. The Browns never have and never will take people out of school to play football."

Todd's coach, Frank Kush, charged the Raiders talked to the player throughout the season and implied this was unethical since the coaching staff was not contacted.

The American League, meanwhile, signed its first No. 1 pick in direct competition with the NFL when DeLong agreed to a San Diego contract. DeLong said he was "very honored to be considered by both clubs. The offers were about the same but I decided to go with San Diego."

The split kept the NFL out front of the AFL in signing first-round draft choices. NFL clubs have signed five No. 1 selections and lost only DeLong. The AFL, meanwhile, has signed three of its top picks and also lost three to the National League.

## Ponies, Steers, Bears Notch Cage Victories

**By The Associated Press**  
Southern Methodist scored an impressive victory and Texas and Baylor showed scoring power to burn as the Southwest Conference basketball season moved in Tuesday night. Two other teams, Arkansas and Texas A&M, the defending champion, took inter-sectional defeats to put the league behind the first crack out of the box.

SMU beat highly rated Oklahoma City University 89-76 with a couple of sophomores showing great promise to go along with the steady influence of veteran Bill Ward, who threw in 20 points.

The sophs are Charles Beasley and Denny Holman, who led a last half scoring spree. They were too much for Jim Ware, OCU's star who outscored everybody with 23 points.

Texas hit a sensational 57 per cent from the field to beat Texas Wesleyan despite the fact that two Wesleyan players—David Weber and Larry Phelps—led in scoring with 26 points each. Jimmy Clark topped Texas with 20.

Spencer Carlson flipped in 25 points to pace Baylor to its record school score and victory over Arlington State. The Bears also had four other players in double figures.

Texas Christian won its first game in almost a year, breaking a 15-game losing streak by bashing Austin College 91-66. The Frogs had to overbalance sensational Jerry Popp to do it. Popp scored 32 points, the most for anybody.

Texas went on a scoring binge by strapping Texas Wesleyan 104-84 and Baylor whipped Arlington State 103-85.

The Aggies gave Memphis State a tough game for a half but in the final period State pulled away, once gaining a 17-point lead. Memphis State won 82-73 with John Hillman scoring 22 points. John Beasley managed 18 for A&M.

Arkansas ran up a 14-point lead but couldn't hold it and Kansas whipped the Razorbacks 65-60. The Razorbacks threatened in the last half, too, but couldn't quite overtake hustling Del Lewis.

A win there would return the Longhorns to play at 6 p.m. Friday against the Pampa-Adrian survivor. A loss would have the Steers back in action at 12 noon Friday.

In other first round games Thursday, Borger opposes Muleshoe at 4 p.m.; Midland Lee tries Phillips at 3 p.m.; Dimmitt tangles with Brownfield at 6 p.m.; Plains tries Littlefield at 7:30 p.m.; San Angelo mixes Levelland at 9 p.m., and Andrews tests McAdoo at 10:30 p.m., all on Thursday.

The tournament continues through Saturday night.

## Wolves Trounce Roscoe, 56-51

**COLORADO CITY** (SC)—Colorado City defeated Roscoe High, 56-51, in a non-conference basketball game here Tuesday night. The win brought the Wolves' record to 2-1 while the Plowboys have a 1-2 record.

Ronnie Hillhouse was high-point man for the game with 18, and Larry Holderman had 17 for the Plowboys.

The Colorado City B team won its game, 48-25, with Gary Parker scoring 13 points for C. City and Jerry White nine for Roscoe.

# Weeks Ahead Look Bright In Steel Field

NEW YORK (AP) — The steel industry sees busy schedules in the final weeks of the year despite shutdowns in some customers' plants and stiff labor demands looming in steel's own.

The United Steelworkers Union is starting to map its campaign for spring negotiations. First it may have to settle a leadership fight in its ranks. And the fight is likely to increase its demands, whoever wins. Management already was on notice that the union's asking price would be much stiffer than last time.

Labor shutdowns in many auto plants this fall have held up steel shipments to these big customers. But steel production schedules so far have been affected little. Other customers have kept the mills busy. And orders on hand will keep many working near capacity for weeks ahead. Many companies will be using new equipment that eases production costs — and lifts profits.

**LOOK BRIGHT**  
The final weeks of the year, and the early ones of next year, look bright indeed.

Pressure for steel price increases continues strong, although held in check just now by White House frowns.

The upcoming bargaining with the steelworkers doesn't make the steel executives' task easier, nor does the uncertainty as to the outcome of the union's internal power struggle.

And customers aren't too happy either. The worst possibility they face would be a strike. Another outcome would be a labor settlement so generous that it would increase steel production costs and intensify the pressure for a price raise.

Either way customers stand to lose. And many already have started building up their steel stocks a bit, just in case.

If this movement gathers speed, as the fight in the union develops, and as the final labor demands take shape, steel mills would find themselves operating at full tilt for many weeks or even months.

Steel executives know, however, that this over-activity would only lead to a letdown when customers start to live off their built up stocks.

And the industry doesn't relish such ups and downs.

**UNFILLED ORDERS**  
Right now, though, the big stack of unfilled orders at the mills seem to be based quite solidly on real demand by customers who want to turn the metal into various industrial and consumer goods.

The auto industry reports sales strong — that is, as strong as strike-crippled production permits. It expects to make up much of its lost production in the weeks ahead. And hopefully it asserts that disappointed auto buyers will be lining up again when all cars are available.

The appliance industry also boasts of good sales and continuing demand. The construction industry continues to hum, except for a slight slowdown in home building. Railroad equipment makers see their revived prosperity lasting for some time.

# NAACP Drive Seen Boosted

JACKSON, Miss. (AP) — Negro leaders today said there was friction among civil rights groups in Mississippi but not enough to disrupt the movement.

Aaron Henry, president of the state unit of the National Association for the Advancement of Colored People, said he expects the result will be more NAACP activity in the state.

Henry, a Clarksdale druggist, was commenting on reports that the Coordinating Council of Federated Organizations was on its last legs.

Henry said some branches of the NAACP had complained of "negative experiences" with COFO workers — but that he expects the council to remain an active factor.

In New York, NAACP executive director Roy Wilkins said a recommendation had been received that the Mississippi NAACP pull out of COFO but that no action will be taken prior to a board of directors meeting Jan. 4.

Reports were that the NAACP and the Rev. Martin Luther King's Southern Christian Leadership Conference were now counted out of COFO.

In Chicago, the Rev. Dr. King said: "SCLC has not withdrawn its support from COFO and has no intention of doing so."

COFO was formed by the NAACP, SCLC, the Student Non-Violent Coordinating Committee and the Congress of Racial Equality.

North and South consumed several rounds of bidding to reach a four spade contract that was a distinct underdog.

It should be pointed out on their behalf, however, that seven of North's 11 points—in hearts and clubs—were a duplication of values. If North had the ace of clubs instead of the king-jack, for example, the odds would be considerably improved. Or, if South's doubleton were in clubs rather than hearts, he would stand a better chance.

West opened the five of hearts and East cashed the king and ace of that suit. From the bidding, it was apparent that declarer had at least 10 cards;

in spades and diamonds so that, if the defense were to garner a trick in clubs, it must be done at once. East accordingly shifted to a club and was duly rewarded for his analysis when West produced the ace. If East does not lead the suit, declarer can discard his lone club on the queen of hearts.

With the defensive book in, West exited with a heart putting South in dummy. The latter's prospects apparently hinged on picking up both the king of diamonds and the queen of spades, which was something of a long shot. South observed a way to improve the odds slightly before he began his finessing chores.

On the queen of hearts, he discarded his ten of diamonds. He then cashed the king of clubs in order to dispose of the queen of diamonds. This elaborate unblocking was necessitated by the shortage of entries to dummy.

He was now ready to try the diamond finesse and the jack of that suit was put thru successfully. He cashed the king of spades next and finessed his jack on the return. When the jack held and East's queen fell under the ace on the next round, declarer was home.

Observe that, if South does not take both of his discards, choosing instead to repeat the diamond finesse, West will ruff in the second time to defeat the contract.

Today, the husband is in jail. To one wife he is Theodore J. Smith; to the other, he is James B. Ellis.

## WED MODEL

He married his first wife, Jacqueline, 22, a model, May 12, 1961, using the Ellis alias. In May 1962, she left him for a modeling job in New York City.

Two months later, Smith, 25, a house painter, met a girl named Elaine, a secretary. They were married—as Mr. and Mrs. Theodore J. Smith—six months later and lived happily in Chicago until last April.

Then a Chicago friend telephoned Jacqueline Ellis in New York and told her that her husband had another wife.

The husband came home one night after work and found Mrs. Ellis and Mrs. Smith waiting for him.

As Jacqueline Ellis put it, "He was quite upset and begged one of us to stay with him."

## TELL HIM OFF

After both wives told Theodore what they thought of him, they left him. Jacqueline Ellis returned to New York City and two months later, Elaine Smith, 21, got together with Mrs. Ellis to talk about their problem. They decided to room together.

Theodore was arrested in Chicago on a parole violation charge and is being held in the Cook County jail on a charge of bigamy filed by his two wives. They came to Chicago Tuesday after learning of his whereabouts.

Elaine said she had filed an annulment proceedings. Jacqueline plans to file divorce charges against Smith.

# Extradition Of Convicted Man Denied By Arizona

PHOENIX, Ariz. (AP) — Gov. Paul Fannin has refused to extradite convicted burglar Jimmy Decker to Texas.

In a letter to Texas Gov. John Connally, Fannin said Decker has made a "determined effort to rehabilitate himself and is now a respected citizen in his community."

Decker, 35, an auto mechanic, was leading a peaceful life last fall when the 10-year-old conviction came back to disrupt things.

He was convicted of a 1954

burglary in Vernon, Tex. He left the state while appealing the jury's verdict.

Decker subsequently was convicted in New Mexico for breaking and entering and postal theft.

While on probation in 1958, a Texas attempt to get him back was refused by U. S. Dist. Judge Carl Hatch of Albuquerque.

WARSAW, Poland (AP) — Five poles believed to have circulated propaganda favorable to the Red Chinese have been given a secret trial and sentenced to prison on charges of spreading "false and slanderous information."

# State Assistance At \$122 Million

AUSTIN (AP) — The Texas Department of Public Welfare dispensed \$221,197,689 to an average of 263,517 persons on public assistance rolls during the fiscal year that ended Aug. 31.

In an annual report to Gov. John Connally the department said Tuesday its caseload in all assistance categories except aid to the blind increased during the year.

# NGPA Wins Fifth Award For Safety

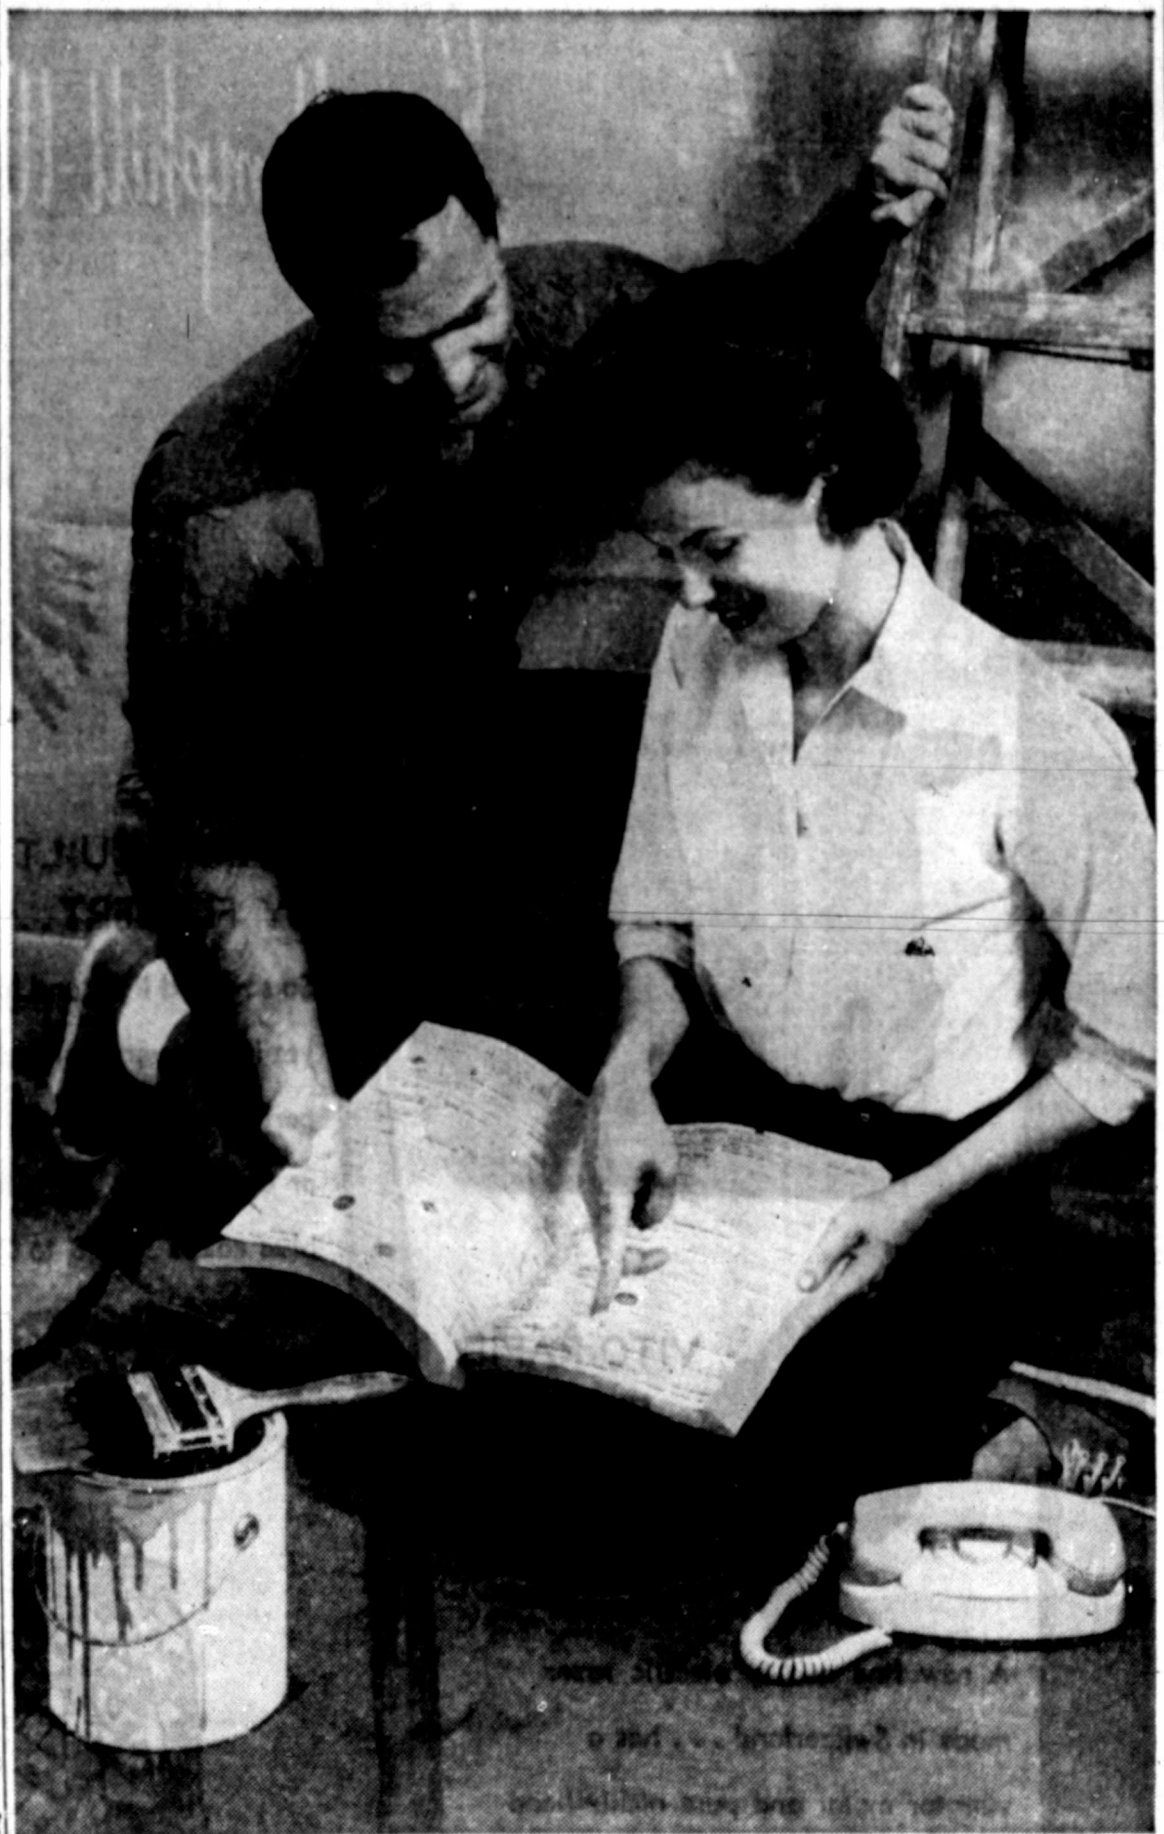

For the fifth year in a row, the National Gas Processors Association has been named a winner of the National Safety Council's Association Safety Award.

It is one of 15 associations, representing various industries in the United States and Canada, cited by the council for significant achievements in over-

all safety programs and continued progress toward reduction of accidents.

Howard Pyle, council president, in congratulating NGPA stated, "Your contribution to safety in industry not only deserves this recognition, but what you have done adds immeasurably to our knowledge of successful safety work."

Formal presentation of the award plaque will be made to NGPA at its 44th annual convention, scheduled March 24-26, 1965, in Dallas.

# Fatal Case Held Non-Contagious

HUNTSVILLE, Tex. (AP) — Doctors reported Tuesday that the death of a Sam Houston State Teachers College student resulted from a non-contagious type of meningitis.

The school's clinic had given about 500 students precautionary shots of penicillin, sulfanilamide or erythromycin earlier because physicians at first believed it was a highly contagious form.

Rebecca Thompson, 18, of Houston died Sunday while home for the Thanksgiving holiday. She left the campus here last Tuesday.

U THANT

## Thant Credited With Accord At Assembly

UNITED NATIONS, N.Y. (AP) — The launching of the twice-delayed U.N. General Assembly without a head-on clash between the United States and the Soviet Union was seen today as a victory for Secretary-General U Thant.

Delegates said Thant's patience and persistence brought the big powers together Tuesday for one more try at getting the assembly under way without a blowup over the issue of the Soviet Union's unpaid peacekeeping dues and its assembly vote.

### POLICY TALK

As diplomats sat in the General Assembly hall waiting for the 19th session to begin, representatives of the four big powers met in Thant's office and agreed to limit the opening weeks to general policy debate and noncontroversial issues.

During that time a 21-nation committee will try to reach some solution of the issue raised by Soviet refusal to pay any Congo or Middle East peacekeeping dues and the U.S. contention that it should lose its assembly vote as a financial delinquent.

Today's assembly agenda appeared noncontroversial enough with a parade of speakers slated to welcome Malawi, Malta and Zambia, which were admitted Tuesday to bring the U.N. membership to 115.

### Foiled Safe Burglar Held

HUNTINGTON BEACH, Calif. (AP) — David Pehrson, who literally put the finger on himself, is in police custody today.

"I'm wanted in Minnesota," Pehrson, 31, told the desk sergeant Tuesday, holding up a bandaged left hand.

Officers said Pehrson explained that he bungled a safe burglary last Nov. 13 in Hopkins, Minn. He said the safe he was trying to move slipped off a dolly and severed the second finger.

While he waited in Orange County jail, police said, confirmation came from Hopkins sheriff's deputies. Yes, a burglary warrant had been issued.

Detectives had found the finger at the scene and had taken Pehrson's print from it.

### Gurkha Patrol Kills Guerrillas

KUCHING, Malaysia (AP) — A British Gurkha patrol killed six Indonesian guerrillas in a jungle clash in Malaysia's Borneo state of Sarawak, a military spokesman said today.

The 3 pence red and the 6 pence blue are of identical size and show the Aotearoa in flight. The 1 shilling aqua depicts the Aotearoa flying over a map of the islands. Each stamp bears a portrait of Queen Elizabeth and the inscription "First Airmail Fiji-Tonga 1939 October 1964."

Belgium has issued two new semipostals depicting the church of St. Michel and bridge, and the ancient Dominican Abbey of Ghent which is beside it. The additional values on these stamps will be used in the restoration of the ancient building "Pand." The 2 franc plus 1 shows "Pand" as it appeared when it was the Dominican Abbey, dating back to the 13th Century. The 3 franc plus 1 illustrates the two buildings as they are today.

The Japanese postal authorities report the issuance of a new 10 yen stamp commemorating the inauguration of the new Tokaido Trunk Line Railroad and a 40 yen stamp for International Letter Writing Week. The design of the railroad stamp features a super express electric train. The letter writing issue shows a scene called "Hodogaya of Tokaido Highway" with Mt. Fuji in the background.

France has issued two new stamps. A 1 franc shows a fragment of the "La Dame in L'licorne" tapestry. The other stamp, a 25-centime, marks the cooperation between France and the French-speaking countries of Africa and Madagascar. It depicts the clasped hands of black and white with the word "cooperation" below. Beneath this illustration is a map of Africa with the island of Madagascar off the coast. At the top center is a map of France.

But all the affable silver-haired senator will say is that he has had no direct contact with anyone from Hollywood. "Of course," he mused with tongue-in-cheek during an interview, "There's a dearth of mature stars in Hollywood now."

## Hoover Tells King FBI Sifting Klan

WASHINGTON (AP) — J. Edgar Hoover told Dr. Martin Luther King Jr. Tuesday that the FBI has infiltrated the Ku Klux Klan and other racist groups much as it did the Communist party, it was learned after the two had chatted in the FBI director's office.

And, King told reporters after the 1 1/4-hour session, Hoover indicated arrests will be made in the next few days in the slaying of three civil rights workers near Philadelphia, Miss.

REQUESTED CHAT — King requested the meeting and Hoover agreed to it. There was no comment from the FBI director afterward, but King, a leader in the Negroes' drive for equal opportunities and rights, told newsmen: "I might say the discussion was quite amicable."

Last month, Hoover departed from his general practice of not granting interviews and told a group of women reporters King was "the most notorious liar in this country."

King, a minister and a winner of the Nobel Peace Prize, had claimed FBI agents in Georgia, because they were Southerners, did not investigate complaints from Negroes.

Later, the Negro leader said Hoover "has apparently faltered under the awesome burden, complexities and responsibilities of his office."

"IDENTITIES KNOWN" — Hoover's disclosure of FBI infiltration into racist organizations is the first in this effect. His comment that arrests in the Philadelphia slayings will be made in the next few days follows an FBI announcement of last week that "we know who is responsible."

Last Aug. 4, FBI agents found the bodies of the three rights workers — Michael H. Schwerner,

recently built earth dam five miles southwest of the Mississippi city. They had disappeared June 21.

## A Devotional For The Day

I find it to be a law that when I want to do right, evil lies close at hand. (Romans 7:21, RSV)

**PRAYER:** O God, we know that, within our hearts, the evil would defeat the good if we were left to ourselves. We thank Thee that in Jesus Christ Thou hast entered the battle on the side of good and on the cross He won the fight for our salvation. May His victory be ours this day. We ask in His name. Amen.

## Curious Case

A curious case came out of a federal district court in Florida over the weekend when a jury held that cigarettes are reasonably safe and wholesome for human consumption. Actually this was the affirmative finding of the jury in response to the question propounded by the court.

Nevertheless, this was enough to prompt a tobacco industry spokesman to observe that this is "welcome news" and "a good sign for tobacco in the face of the surgeon general's report."

The foreman of the jury later announced he was giving up cigarettes on the strength of the testimony he had heard about their harmful effects.

All of this is very interesting, but it leaves unanswered the critical question of how a lay jury can qualify to answer what is essentially a complex medical matter. The fact that 12 men tried and true says it doesn't alter what appears to be damning evidence contained in the surgeon general's report.

The litigation developed when the estate of Elwin M. Green, who in his lifetime smoked three packs of cigarettes per day, filed for damages from a tobacco company. At first the case was tossed out on grounds the company did not then know it was making a harmful product, but subsequently a court held that the company marketed its product with an implied warranty.

Perhaps it would have been simpler and more sensible had the court submitted the question of whether an adult can recover for damages when he knowingly and habitually partakes of a product he knows is potentially harmful.

## Space Effort

It is a fair guess that most Americans consider space undertakings pretty much the province of the United States and the Soviet Union. It is easy to fall into this way of thinking, since all the great space exploits have been achieved by one or the other of those countries.

The fact is that considerable research and development work in the field of space is going on elsewhere. This was brought into focus the other day when the European Space Research Organization quietly announced that it plans a major re-

search center at Noordwijk in the Netherlands. The organization includes Britain, France, West Germany, Denmark, the Netherlands, Belgium, Spain, Sweden and Switzerland.

The pity is that there cannot be more international cooperation, not only between the United States and Russia but also among the ESRO group and others, in learning about space and how to penetrate it. For this, the venturing beyond our own globe, should uniquely be an enterprise in which all mankind takes part.

### On Breaking Ties With Russia

WASHINGTON — The suggestion is being advanced here that perhaps this is the time to consider a severance of diplomatic relations between the United States and the Soviet Union.

The American embassy in Moscow has just been stoned, and a mob has threatened the safety of embassy personnel there. The American seal was torn from the building. It is reported by observers that the Soviet police knew this demonstration was government-inspired and at first they appeared to tolerate the disorder. The Afro-Asian students, who are in Moscow as guests of the government there, would hardly have ventured to engage in such a deliberate attack if it hadn't been encouraged, or at least acquiesced in, by the Soviet authorities.

APART, HOWEVER, from the violation of diplomatic immunity at the American embassy, the whole structure of diplomatic relations with this country has been torn apart by the amazing note sent by the new Soviet premier accusing the United States of "military intervention" in the Congo. Yet the sole object of the few days' mission by the Belgian paratroopers, who used American transport planes, was to rescue hundreds of human beings—citizens of the United States as well as those of other countries—who were being threatened with death by Communist-backed rebels.

IT IS BEING asked now of what avail are the continued efforts of the United States in prolonged talks with the Soviet Union to achieve agreements on a variety of subjects when there is such a flagrant disregard by the Moscow government of the basic principles of humane conduct. How could the word of any such government be trusted hereafter in view of this treacherous record?

Even worse has been the clandestine support given by the Communist regimes in Moscow and Peking to military operations throughout Southeast Asia. These two governments now have pledged "the necessary military assistance" to North Viet Nam, which means an intensified war in Southeast Asia. The United States government, in accordance with international law,

has been furnishing aid at the request of the established government in South Viet Nam, whose people are the victims of guerrilla warfare conducted by the Communists.

THERE IS EVIDENCE that the Red Chinese today are active on all continents, and that a military understanding exists with the Russian Communists.

One comment is by Adolf A. Berle, former U.S. ambassador to Brazil, who said in a public speech last week that concealed attempts by Communist forces to take over Latin-American nations "is one of the real triumphs of Russian propaganda." He declared that the Communist movement in Latin America "assists sincere revolutionists, but promptly follows them with arms and troops provided by one or another of the Communist powers."

THESE ACTS of aggression are known to the American government through its own intelligence sources. There is no longer any doubt that the Moscow government and the Peking government are working hand in hand against the United States in all parts of the world. Under such circumstances, the continuance of diplomatic relations with the Soviet Union is con- sidered to be regarded here as a sign of weakness which can only give the impression that the United States will not take any decisive action to thwart the Soviet-Chinese acts of aggression.

IT HAS OFTEN been argued that the severance of diplomatic relations is a meaningless gesture. But it does have a moral effect throughout the world. It could have a very definite impact on the American businessmen as well as on those of other countries who have been talking of furnishing long-term credits to the Soviets and of expanding trade.

## Billy Graham

My friend says I'm not really a Christian even though I love God because I can't stand people who are selfish and critical. Do you think it's possible I'm not a Christian, even though I think I am?

L. W. It is a contradiction when we say that we love God, but do not love people. The Bible says: "He that loveth not, knoweth not God, for God is love." Gripping, hatred, and bigotry are spiritual malignancies that can only be cured by the Great Physician. You should look upon those who are suffering from these with pity and compassion, but instead you are critical of them. This is a pharisaical spirit, and the spirit that Jesus condemned so often.

You ask if it could be that you are not a Christian — I would say you are a Christian — in name, but not in deed. To decadent Christians the Bible says: "Thou hast a name that thou livest, but it is only a name, and not buttressed by a righteous life, then it becomes meaningless. In fact, false Christianity can be a blight on society."

Your Christian responsibility is to "adorn" the name you have taken and make it ring with fidelity. The Bible says, "Not purloining, but showing good fidelity; that they may adorn the doctrine of God our Savior in all things."

### Fog Stays Over Viet Dilemma

WASHINGTON (AP) — The South Viet Nam or any other country under the protection of the Southeast Asia collective defense treaty which asked for help in defense of its freedom.

Although Johnson said "the United States intends no rashness and seeks no wider war," this resolution was a green light. The fact that he referred to it Tuesday could mean he now intends far more drastic action, than anything this country has attempted yet.

This doesn't mean the two men didn't reach a decision on how to save Viet Nam and perhaps all Southeast Asia from communism. But they were very careful in the vaguely worded statement not to say so.

By their very vagueness they left themselves enormous room for a far tougher American policy — if that's what they have in mind — but this becomes understandable only if you can remember the background.

The White House statement said: "The President reaffirmed the basic U.S. policy of providing all possible and useful assistance to the South Vietnamese people and government in their struggle to defeat the externally supported insurgency and aggression being conducted against them."

"IT WAS noted that this policy accords with the terms of the joint congressional resolution of Aug. 10, 1964, which remains in full force and effect."

When North Vietnamese PT boats attacked two U.S. destroyers in the Gulf of Tonkin last August, Johnson promptly ordered American planes to retaliate by bombing North Vietnamese coastal bases, patrol boats and oil installations. That was Aug. 4.

This attack spread over five hours and 100 miles of coast. The next day Johnson asked Congress to give him advance approval for any steps he thought necessary in the Southeast Asia predicament. Congress obliged.

It approved a resolution authorizing Johnson to "take all necessary steps, including use of the armed forces," to assist

South Viet Nam or any other country under the protection of the Southeast Asia collective defense treaty which asked for help in defense of its freedom.

Johnson said "the United States intends no rashness and seeks no wider war,"

but this resolution was a green light. The fact that he referred to it Tuesday could mean he now intends far more drastic action, than anything this country has attempted yet.

MEANWHILE, IT'S not just the Red guerrillas who are frustrating the Americans' efforts so far. The South Vietnamese themselves are doing it, slowly sinking their country into chaos with their own instability and riots against their government.

### Santa Target Of Jibes

NEW YORK (AP)—Remarks a department store Santa Claus gets tired of hearing:

"Last year I told you I wanted a bike and ya brought me a pair of roller skates, ya bum. This year I want ya to get it straight. Bring me a bike."

"Let me down! Let me down! I want my mama!"

"We like you to show enthusiasm, Roscoe, but don't you think you're overdoing it a bit? Just kiss the children — and let the mothers alone."

"Hey, fellow, I have to play Santa Claus for my kids on Christmas Eve. How about letting me in on a few secrets of the trade?"

"Of course, they ain't real whiskeys. When he takes you up on his lap, give them a big pull —and I betcha they'll come right off in your hands."

"No, Johnny. You mustn't punch Santa in the stomach. He's a nice man."

"Would you mind keeping an eye on my little boy while I go over to the lingerie department,

has given the impression of a man reluctant to do anything different from what has been done in the past and what has been done was limited even though the war crumbled day by day.

Johnson's hesitancy about broadening the war is understandable, although hesitancy may lose it. If, for instance, North Viet Nam were bombed, Red China might come to its aid, thus turning a small war into an American-Chinese war.

AND WHAT OF the traditional vow that goes see - here - now - I - am - no - cheeseparer - but - for - the - pity - sake - can - we - let - some - small - element - of - sanity - creep - into - this - matter - of - Christmas - expenditures? That one done and done, with all its customary force and effect?

Splendid. And what of the banked fires in the long war against eggnog? Are they simmering quietly, swatting only one wheeze of disdain before they spring into a raging conflagration that will sweep eggs, cream, nutmeg, brandy and all the other ingredients of the ghastly mess away in one glorious holocaust?

AND WHAT OF our campaign to compel all and sundry to call by its proper name the poem which is almost universally miscalled "The Night Before Christmas"? Deck the halls until you are blue in the face, sir or madam, but pray call Clement Moore's amiable verse by its square title, which is "A Visit From St. Nicholas." While we are on the subject of the cultural concerns of Christmas, is it possible this year we could banish that red-nosed Rudolph to some appropriate limbo north of the 80th parallel? And maybe send the groaner and his "White Christmas" along to keep him from being lonely?

"The kid next door told me that Santa Claus is really your father, but you sure don't look much like my old man to me."

"When he bends down to pick up the next little girl, Jimmy, you sneak up behind him and put this tack in his chair. I double-dog dare you."

"You ought to have had better sense than to eat a garlic bread sandwich, Roscoe. I'm afraid I'll have to dock you half a day's pay. The kids won't come within a mile of you now."

"How are you fixed for blades fatsu?"

### Burger's Exercises Recommended For Leg Cramps

By JOSEPH G. MOLNER, M.D. Dear Dr. Molner: I have suffered from nocturnal cramps in the calves of my legs and long muscles of the shins.

My doctor's advice me to "take quinine" but I have never had any directions for it. At times I take benadryl. I am a poorly-controlled diabetic, have a heart condition, arteriosclerosis and prostate trouble.

The leg cramps are becoming a great problem. — JOHN B. You do indeed have a collection of troubles, but it is quite possible and quite understandable that the leg cramps give you more misery than the others combined. They are not as serious, of course, but more annoying.

Quinine and benadryl both are prescribed for leg cramps, but they aren't the only measures. I'm surprised that you didn't ask your doctors about the dosage, but I guess that's something that people sometimes forget.

The customary amounts for this purpose are three to five grains of quinine on retiring, or the smaller amount after dinner and again at bedtime; and, for benadryl, usually one

capsule on retiring. Several other drugs also are sometimes prescribed for leg cramps, depending on the cause.

It is true that cramps due to arteriosclerosis (hardening of the arteries) frequently are difficult to control. A combination of various treatments may be effective, even though some are quite simple.

Excessive smoking can contribute to spasm of the blood vessels, hence further limited circulation and muscle cramps. If you smoke — stop.

Burger's exercises, which are very simple, may help the circulation, too. I've known of cases in which this alone has put an end to leg cramps that were not too severe basically.

Dear Dr. Molner: What foods contain the "trace elements" of boron, iron and iodine? — MRS. J. W.

Most trace elements are contained in a wide variety of foods. For those you name: IRON: This may be called a "trace element" because the body needs more than just a trace of it. Many sources: Beans,

peas, beef, wheat or other cereals, whole eggs, leafy vegetables, such as kale, spinach, etc., dried fruits such as prunes and apricots.

IODINE: Needed for the thyroid. Sea foods are the chief source, but in fruits and vegetables the amount varies depending on where they are grown. More in coastal areas, little or even none when inland. (For practical purposes, iodized salt provides an ample amount.)

BORON: Little is known of the need for this. Eggs and milk are among the commonly used foods which contain it.

For facts about the total health of you and each member of your family, Dr. Joseph G. Molner's new book, "Stay Well Every Year Of Your Life," (\$5.95) is now available at your book store.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

## Around The Rim

### Gittin' Up Ain't The Same

When you sleep under an electric blanket and wake up to a comfortably heated home and step out on a warm carpet, it's hard to realize that not so many years ago winter had its crisper moments early in the morning.

One of the big differences is that houses are built much better now. The walls are insulated and windows and doors fit much tighter and are weatherstripped. Consequently, a lot less of frigid air seeps into the house.

ADEQUATE GAS supplies and thermostats have made automatic levels of heat and hot water possible through central heating units. And, as mentioned, if you turn the heat down overnight, you can always turn up the electric blanket and keep warm as toasty.

Less than a generation ago, you had to be in a hotel to have these comforts. EVEN WHEN NATURAL gas first came to town three and a half decades ago, there was the problem of getting out of bed to light the space heaters, which, while an improvement over most stoves and fire places, were primitive and inefficient by modern standards. Moreover, they were fighting a constant battle against cold air oozing in from the outside and heat rising to the top of high-ceiling rooms.

Prior to that era, the business of getting started in the morning required an iron will. Usually the head of the house, or one of the boys if he had been promoted to this chore, had to crawl out from several layers of covers, touch a bare foot to a cold, pine floor. This was about as humane as trying to stick the feet into re-rigerated shoes.

THE STOVE HAD to be shaken first, and usually it took vigorous action to get the ashes past the grate so that a draft could be effected. (Most of the time the ash hopper was so full the shaking did little good.) Then followed a couple of wads of newspaper, topped by several slivers of kindling. Once this was fired, the damper was opened and flames began to roar. Perhaps a few more sticks of kindling were added, and the stove began to turn a rosy red and radiate some of the most delightful heat imaginable.

HERE CAME the ticklish point of adding coal, which most people burned. Adding too much at once could stifle the fire, and too little wouldn't do the job. If mesquite grubs or oak were burned, the problem was trying to wiggle and shove big pieces into the stove door. Sometimes the piece had to be angled so that the top part would slide up the stove pipe until the bottom could be eased through the door. This wasn't altogether easy, for you not only ran the risk of barbequing your mitts, but too vigorous poking might shove the stove out of line or knock the pipe loose. And no one has lived until they have experienced a stove pipe being knocked loose.

TO BE SURE, getting started in the mornings had its frigid moments, but the rewards were great. What grander feeling is there than turning your chilled back to a rosy stove, or warming your shoes before putting them on? Besides, none of us had heard of the fairy tale of central heat and automatic controls, and what we hadn't dreamed didn't seem to bother us.

—JOE PICKLE

### There's The Salvation Army—

WASHINGTON—The annual argument over open windows in the master bedroom at Crestfallen Manor, annually lost about this time every year, reminds one prudent householder to look to his winter check list.

Snow tires on the pickup? Spouse briefed on method of applying skid chains to the Flinders? Both vehicles sated with anti-freeze?

AND WHAT OF the traditional vow that goes see - here - now - I - am - no - cheeseparer - but - for - the - pity - sake - can - we - let - some - small - element - of - sanity - creep - into - this - matter - of - Christmas - expenditures? AND WHAT OF our campaign to compel all and sundry to call by its proper name the poem which is almost universally miscalled "The Night Before Christmas"? Deck the halls until you are blue in the face, sir or madam, but pray call Clement Moore's amiable verse by its square title, which is "A Visit From St. Nicholas." While we are on the subject of the cultural concerns of Christmas, is it possible this year we could banish that red-nosed Rudolph to some appropriate limbo north of the 80th parallel? And maybe send the groaner and his "White Christmas" along to keep him from being lonely?

"The kid next door told me that Santa Claus is really your father, but you sure don't look much like my old man to me."

"When he bends down to pick up the next little girl, Jimmy, you sneak up behind him and put this tack in his chair. I double-dog dare you."

"You ought to have had better sense than to eat a garlic bread sandwich, Roscoe. I'm afraid I'll have to dock you half a day's pay. The kids won't come within a mile of you now."

"How are you fixed for blades fatsu?"

FIREWOOD all split and stacked . . . oops. Firewood is a delicate subject this year. You see, being an especially prudent householder, my holdings include debts on two houses, one of which is accompanied by an orchard containing 100 apple trees that are, so to speak, around the bend. We'll get us a chain saw, I said with visions of cords of apple wood dancing in my feeble imagination, and we'll cut down the orchard and . . . and . . . and what happened was the proprietress of Old Hollow watched one tree felled, said it was too sad to contemplate, and continued to purchase fireplace wood from a hiram whose rustic rapacity is legendary.

AND TO RETURN to our pre-take-off check list, we must not neglect to commend the good ladies and gentlemen of the Salvation Army to all citizens of charitable instincts. I have never been a down-and-outer, at least not yet, but as a wayward youth I once found myself on the beach in a strange and not very friendly port. It was about this time of year, in fact, and it was the Salvation Army that kept body and soul together, no questions asked and praying optional. Make bad jokes about the sweet lassies in their poke bonnets playing bad cornet music if you must, but don't miss the chance to lay some folding money on some truly noble spirits.

THAT SHOULD do it. We are cleared for take-off, and the only other traffic in the area is a fat old boy in a sled shooting practice landings on rooftops. (Distributed by United Feature Syndicate, Inc.)

### Some Irony In Goldwater's Defeat

WASHINGTON — You don't kick a man when he's down, but Barry Goldwater's friends are bending over to examine his condition.

"He's relieved," one of them told this reporter. "Not relieved because the hard grind of the campaign is over, but relieved that he didn't win."

THE FRIEND didn't mean that the most outspoken and worst-beaten conservative since Alf Landon had lost faith in his programs for halting the growth of Federal Government at home and halting communism abroad. These are imperative reforms in domestic and foreign policy. President Johnson himself has already dismantled some useless military bases and is planning a further tax cut. The President has pulled some triggers in Southeast Asia and the Congo. Could Goldwater with his stress on military preparedness have closed those bases? Could he with the reputation of being "trigger-happy" have taken the actions that Mr. Johnson took?

GOLDWATER'S LACK of faith was not in his cause but in himself. He often said, and he deeply felt, that he lacked the "education" to deal with the multifarious problems — the economics of taxation is one of the toughest — which pile up for decisions at the White House.

The Goldwater whose campaign advisers now admit they "couldn't tell him anything" and whose impatient boredom would cause him to break into their briefings to "argue back," is the same man who would stop in a crowd to listen intently to a fellow ham-radio operator.

THESE WERE not warm friends cooling off, but warm friends heating up over memories of a common disaster. They still feel he was the only Republican in sight to carry the conservative banner, and that he fought a great and necessary battle which he lost without being disgraced.

But they can see a certain comic irony in it all. One friend recalled a scene from Charlie Chaplin's old movie "City Streets." In that funny-sad picture play, Charlie comes upon a boulevard where a red flag has been posted as a danger sign. He picks up the flag in curiosity, and then is alarmed to find himself surrounded by a crowd. In terror, Charlie starts to run. He is followed by more and more people. He thinks they are chasing him but actually they are following the revolutionary flag — and soon all the cops and respectable citizens in town have turned out to put down the disturbance.

THIS, SAID a Goldwater friend, was the Goldwater parable and travesty. Barry did pick up the conservative banner, did attract a following and did try to run away from those who insisted he become the GOP standard-bearer. But, by then, it was too late. The movement which caught him up and carried him on to the nomination was beyond control — and the organized forces which assembled to mash the conservative uprising were overwhelming. ## A Sales Seer

TUSCALOOSA, Ala. (AP)—A University of Alabama marketing researcher has developed a method by which a computer can calculate a sales forecast in less than half an hour. The job formerly took several days. Dr. Morris Mayer, associate professor of marketing and a developer of the new system, said sales forecasting is the bedrock foundation of all retail decisions. The forecast helps management decide on merchandise and operating expense budgets, projected personnel needs and changes in physical facilities.

## Book Reviewed For Tuesday Meetings

Three circles of the East Fourth Baptist Church Women's Missionary Union met Tuesday to study the last chapter of the book, "Frontiers of Advance." The book explained the missionary tasks at home and abroad.

All circles will meet at the church Dec. 6-13 for a week of prayer. The sessions will be held each day at 9:30 a.m. with the exception of Wednesday when the groups will attend the

evening worship service at 7:30 p.m.

### KATE MORRISON

Mrs. Billy Rudd was hostess to the Kate Morrison Circle and read the prayer calendar. Mrs. Corrine Hollis presented the opening prayer. Mrs. B. D. Rice and Mrs. R. E. Wilson were the mission study speakers. Five members and the WMU president, Mrs. Arnold Tonn, attended.

### ANITA LOWE

Mrs. Robert Adkins, 1808 Settles, was hostess to five members and three visitors, Mrs. W. A. Allen, Mrs. Tonn, and the Rev. L. D. Green, when the Anita Lowe Circle met in her home.

## Christmas Signs Told

"Christmas Symbols Around the World" was the program topic of Mrs. Bob Cozart at the Tuesday meeting of the Esther Circle of Kentwood Methodist Church. The women met with Mrs. F. E. Pringle, 2713 Larry where Mrs. C. W. Farmer gave a Christmas devotion.

As Mrs. Cozart described holiday customs in various parts of the world children modeled typical costumes of the countries.

There will be a children's program at the church Dec. 20, and a salad supper Dec. 21 for members of the circle. Mrs. Harold Pearce, 1515 Vines, will be hostess.

Fourteen members attended and were told that Mrs. Gene Shaefer, 3703 La Junta, would be hostess for the next regular meeting.

## Collegians Make Thanksgiving Trip

COAHOMA (SC) — Tom and Jeanine Hodnett were home from their colleges for the holidays with their parents, the Jim Hodnetts, in Vincent.

The Joe Swinneys had his parents, the A. J. Swinneys, as guests for Thanksgiving. Also, visiting them were his brothers, Don, Howard and Eddie, and their families.

The Dan Clarks spent Thanksgiving with his mother, Mrs. Letha Clark, in Arlington.

In Abilene for the holiday were Mr. and Mrs. Bill E. Read, Eddie and Mesha, to visit her parents, Mr. and Mrs. Floyd Ray, and Read's mother, Mrs. Pearl Read.

## Tithing Discussed At WMU Session

A stewardship program, "The Test of the Tithes," was given by Mrs. Ollie Deming and Mrs. B. B. Ford at the Tuesday meeting of the Woman's Missionary Union at the First Baptist Church in Sand Springs.

Mrs. Denning read the prayer calendar, and Mrs. Melvin Atwell worded a prayer. Mrs. Dan Burrow was in charge of the business session when plans were made for a Christmas program Dec. 6 with special emphasis on the Lottie Moon offering.

## See Comedy

A packed auditorium enjoyed an evening of light comedy Tuesday as "Never Too Late" was the second program in this year's series presented by the Big Spring Concert Association in the municipal auditorium. Shown above are Mr. and Mrs. Charles Tompkins and Mr. and Mrs. Tom South, season ticket holders. In photo at left, Mrs. Bill C. Coleman, Mrs. J. M. Hill and Mrs. E. P. Driver chat in the lobby before curtain time. The play, which featured Lyle Talbot and Penny Singleton in the lead roles, will wind up the current tour with an extended run in Philadelphia, Pa.

## Study Held On Genesis By Circle

A Bible study on Genesis was conducted by Mrs. Phil Grisham Tuesday at the meeting of the Sarah Lou Henley Circle of Baptist Temple. Mrs. Joe Newnam, 1409 E. 18th, was hostess.

Mrs. Kenneth Twomey read the calendar of prayer, and Mrs. James Puckett worded a prayer for the missionaries. The week of prayer for foreign missions will be held Dec. 6-13. Refreshments were served to 10 members and a guest, Mrs. H. M. Jarratt.

Mrs. Bobby Morgan will be hostess at the Dec. 15 meeting.

## CLUB PLANS SOCIAL HOUR

A special social hour has been scheduled Friday from 11:30 a.m. to 12:30 p.m. by the Ladies' Golf Association at the Big Spring Country Club. The luncheon will be served at the regularly scheduled time of 12:30 p.m. Duplicate bridge will follow at 1:30 p.m.

# Runnels Hears Holiday Music

The Runnels Junior High School band and choir presented a musical program Tuesday evening for members of the Parent-Teachers Association who met at the school. Hubert Murphy directed the choir, and Joe Burchfiel conducted the band.

Mrs. Dwight McCann presided, and the invocation was worded by Roy Watkins. Mrs. McCann and Mrs. S. E. Johnson reported on the state convention in Dallas which was followed by a city council report by Mrs. Jesse Hernandez. She said that the Mothers' March of Dimes has been tentatively set for Jan. 19, 1964.

Mrs. J. H. Homan announced that an Education for Family Living course will be offered in January, and Dwight McCann, treasurer, gave a resume of projects and expenses.

Truett Newell, principal, said that the new fans had been received and would be stored for use next summer.

The members and guests, numbering 175, who were served refreshments by Mrs. L. B. Mauldin, Mrs. Hernandez and Mrs. Homan.

## Play Seen By WMU

"Worship Through Giving" was the program at the Woman's Missionary Union when the group met Tuesday at Stadium Baptist Church. The study was presented in playlet form with Mrs. J. W. Arnett and Mrs. Ed Broadway giving the dialogue.

Mrs. Rex Edwards and Mrs. L. H. Simms continued the program theme on giving through the church as a missionary endeavor and spoke on commitment, currency and cooperation.

Mrs. C. L. McKinney gave the call to prayer, and Mrs. Edwards worded a prayer for the missionaries. Plans for a week of prayer for foreign missions will be held Dec. 6-13 at 9:30 a.m. each morning with the exception of Wednesday when the group will meet in the evening worship service at 7:45 p.m.

Mrs. McKinney worded the closing prayer for the six members in attendance.

## Annual Christmas Party Held By Business Club

Mrs. R. C. LeFevre, 308 W. 18th, was hostess Tuesday at the annual Christmas party and buffet of the Scenic Chapter of the American Business Women's Association. Mrs. J. K. Cunningham, director of volunteer service at the Veterans Administration Hospital was the guest speaker.

The program, "Service at the Christmas Season," dealt with true stories from five Big Spring institutions: Big Spring State Hospital, Bennett House, Howard County Rehabilitation Center, Salvation Army and the VA Hospital. She told of people who have shared their time with others less fortunate than themselves and had made their lives more meaningful by sharing.

Mrs. Cunningham told of the Christmas Store sponsored by the American Legion where patients at the VA Hospital can shop and send gifts without cost.

A style show was presented by the members. Models were Mrs. Lambert Misk, Mrs. Roy Bedford, Mrs. W. V. Seals, Mrs. Royce Satterwhite, Mrs. R. F.

Bloom, Mrs. Leonard Burks and Mrs. Ron Darrow.

A gift exchange was held, and members made plans to name a boss of the year at the next meeting.

The refreshment table was laid with a red net cloth over taffeta, and centered with an arrangement of gold flowers and candies. A Merry Christmas inscription completed the table decor, and place cards were red with white glove book markers. Red poinsettias and a Christmas tree completed the room decor.

Visitors were Mrs. Cunningham, Miss Sue Fortenberry; Miss Pat Thomas and Miss Katherine Crenshaw. Seventeen members attended.

The next meeting will be held Jan. 5 at 7:30 p.m. in the Settles Hotel and will be a dinner session.

# School Teacher By Day, Broadway Girl By Night

NEW YORK (AP) — Dede Thomas doesn't see what's so unusual about being a school-teacher by day and a Broadway chorus girl by night. The red-haired Dayton, Ohio lass, 25, who appears in "What Makes Sammy Run?" spends two or three days a week doing substitute teaching at Manhattan's Junior High School 79. "I don't think this is really extraordinary if you look at the number of hours in the day," she says.

**FULL DAY AHEAD**  
"I'm at the theater only three and a half hours in the evening and I get home about 11:45. It's not as if I worked in a cocktail lounge until four in the morning. I usually get up at 6:45 a.m. and that leaves a full day ahead."

She says that her husband, Jimmy Campbell, wasn't very enthusiastic about the idea. "But," she explains, "I said to him, 'Jim, I have all this time — what am I going to do with it?' and he agreed."

Their schedules almost coincide. He plays in the orchestra of the Broadway hit, "Hello Dolly," in the evening and attends

# Estes, Group At Potential Resort, Now Ghost Town

ALBUQUERQUE, N.M. (AP) — Billie Sol Estes and a group of businessmen were to visit a ghost town today and study the feasibility of making it a resort. The party spent Tuesday night in Albuquerque and left this morning for Madrid, in the mountains north of here. Estes would not comment on whether a lease has been obtained on the old mining village. **PLANS OFFICE** Among the businessmen was Dave Jungerman, who said his company manufactures moisturizer masks. He said he is associated with Estes and plans to establish an office at Madrid. Another member of the party, Sam Powers, Albuquerque inventor, said the convicted fertilizer king was helping him promote toys for handicapped children.

Others in the group included Mrs. Estes; Frank Mirabel and his wife of El Paso, Tex.; Sammie Burke, Las Cruces, N.M.; and Paul Stone of El Paso, a partner in the proposed Madrid operation. **IS CONSULTANT** Estes said his only business association with the party was "as a consultant for these people."

U.S. Dist. Judge Sarah Hughes in Dallas gave Estes only three days leave from Texas to visit New Mexico. Estes told a newsman in Dallas recently that consideration would be given to reviving a famed Christmas lighting display at Madrid. It was discontinued during World War II.

**Having Tax Trouble**

Internationally famed singer Joan Baez, of Carmel, Calif., smiles upon approaching Internal Revenue office in Salinas, Calif. The Internal Revenue Service has filed a \$50,182.48 lien against her for non-payment of 1963 income taxes. Miss Baez, a pacifist, objects to use of tax money for defense spending. (AP WIREPHOTO)

rehearsals and acting classes during the day. When Dede was a dance major at Ohio State University, she carried a full study load and danced every night. "I guess that's where I got into the swing," she says.

**JOINS CHORUS**  
After working as a secretary in New York for a short time, she got a teaching license and taught physical education and hygiene. Then she joined the chorus of "Bye Bye Birdie."

Being on tour with the show didn't put a stop to her teaching. "We had seven kids in the show," Dede explains, "and they needed a tutor, so I volunteered. When 'Birdie' closed, I came back to New York. There wasn't much happening on Broadway, so I took another job teaching."

# Methodists, Communists In Quiet Fight

LES OUAHDIAS, Algeria (AP) — The Methodist Church and the Soviet Communist party are waging a quiet battle for souls in this little upland village in central Algeria.

The Russians have arrived in numbers, assisted by groups from satellite countries. Matched against them are the Rev. John Paolini, from Cranbury, N.J., and his wife, Marilyn. He has been a Methodist minister for 10 years, four of them in Algeria and the past 14 months in this village.

The Russians have started building a village for Algerians not far from here. The job started with considerable fanfare six months ago but has slowed down. Young Russians, Yugoslavs, Czechs, Bulgarians and Algerians are living in tents near a wooden headquarters which displays pictures of Alex. N. Kosygin, new premier of the Soviet Union, and Todor Zhivkov, premier of Bulgaria.

Young men come from the Soviet Union and satellites to work two to four months constructing the village. The aim is to build a model farm village with tile and brick apartment houses instead of the rock houses usual in this part of the country. They are running a small school, teaching French to Algerian teenagers who didn't write any language at all. Signs in the headquarters urge everybody to work for communism and against corruption, capitalism and dishonesty. One of Algeria's President Ahmed Ben Bella's slogans urges Algerians to be ready to die for the country.

Paolini has his home a short distance away, in the village. Russians have called on him and he has visited the Soviet camp but they don't see much of one another. He runs a library where he teaches French and English to Algerians. His wife teaches a kindergarten and primary class. In a little church he preaches in French and a translator converts it into Kabyle since this is Kabyle country — an old center of resistance against the French.

"I tell them stories from the Bible," he said. "They like the stories where the good people triumph over the bad."

Many of those Bible stories also are in the Koran, and they sound familiar to some of the 150 or so villagers who crowd into the church on Sunday.

Young people come to his library located conveniently in a main street of the village. It is far better stocked than the library in the Soviet camp, but he would like more illustrated American magazines.

The Soviet camp will contain a small hospital. The Methodists have been running a hospital at Zeouin, also in the Kabyle country, for more than 30 years.

The Russians are expected to bring in machinery to show the villagers modern farming. That will make an impression, but so far the pastor is doing all right.

# Court Orders Dionne Quint In

MONTREAL (AP) — Marie Dionne Houle, one of the Dionne quintuplets, has been ordered to appear in municipal court on Dec. 7 on a charge of common assault.

Mrs. Houle, 30, is charged with committing assault "on the person of another female," understood to be a baby-sitter. Details were not disclosed when the charge was filed in court.

Marie is the wife of Florian Houle. They have two children.

# Scholarship Announced

Big Spring Association of Life Underwriters will award a \$50 scholarship to some boy or girl of the Big Spring High School at the end of the 1965-66 school year. The association members are putting up the money and will have the recipient selected by school officials and teachers. Announcement was made of the scholarship gift by Walter Stroup, president. The association held its December meeting Tuesday noon at the Cosden Country Club. Twenty-two of the 32 members were in attendance.

Guest speaker for the day was Bob Melton, with the American Founders Insurance Association. His office is in Odessa. He discussed policy service and other phases of insurance work.

The next meeting of the association will be on the first Tuesday in January. The association was organized last February.

# Read Going Into Insurance Sales

SAN ANGELO (SC) — Officers of the Texas Sheep and Goat Raisers Association announced Tuesday that David Read has resigned as executive secretary to become associated with the Terrell-Gandy Insurance Agency in San Angelo.

A former state legislator from Big Spring, Read was employed by the TSGRA executive committee in January to succeed Tom Wallace.

Yestel Askew of Sonora TSGRA president, said Read had agreed to continue with the association through the 40th annual convention Dec. 10-12 in Dallas. He and other association officers hope to announce Read's successor before the annual meeting.

# Castro References Snipped From Film

COLOMBO, Ceylon (AP) — Ceylon's Foreign Ministry has cut references to Fidel Castro from the Kennedy memorial film "Years of Lightning, Day of Drums."

# Belli Accepts Texan's Case

SAN FRANCISCO (AP) — Melvin Belli, who unsuccessfully defended Jack Ruby in Dallas, has agreed to represent Dykes Askew Simmons, a Texan who faces a 30-year prison sentence in Mexico.

Simmons was convicted and given a death sentence in Monterrey for what Belli described as a "viciously brutal murder in which two Mexican children and an adult were hacked to death in 1959."

The death penalty was commuted to 30 years in prison by the governor of Nuevo Leon after the Supreme Court of Mexico upheld the death sentence. Simmons said he would rather die than spend 30 years in a Mexican jail. His home is in Fort Worth.

"Simmons says he was 50 miles away when the murders occurred," Belli said. "They arrested him under very strange circumstances. Simmons denies he committed the murders."

Belli said he would fly to Mexico City before Jan. 15 on another legal matter and will confer afterward at Monterrey with the imprisoned Texan.

"I don't know what we are going to do," Belli said. "But Simmons wrote me asking if I would represent him. I told him I would. After I see him in Monterrey, I will know better what procedure he will follow."

# Court Upholds Death Penalty On Midlander

AUSTIN (AP) — The Texas Court of Criminal Appeals upheld today the murder conviction and death sentence given James Lee Marion in the October, 1963, death of Mrs. Fred W. Turner Jr., wife of a wealthy Midland oilman.

The high court said it found no error in the 22-year-old Midland Negro's trial, in which a Lubbock jury found him guilty of pistol whipping Mrs. Turner to death.

The trial was transferred to Lubbock to avoid prejudice surrounding the sensational case in Midland.

Attorneys for Marion argued he was held for a month, during which a confession was obtained from him, before he had a lawyer. Dist. Atty. Joseph Mims of Midland said at a hearing, however, that Marion was urged to call an attorney but, according to police, declined and said, "I just want to get it over with."

Mrs. Turner's husband made a fortune in oil and was best known nationally as the owner of Tom's Lee, winner of the 1959 Kentucky derby. He has died since the slaying.

# Baptist Board Budget Okayed

ATLANTA (AP) — A record \$6.8 million budget for 1965 has been approved by the Home Mission Board of the Southern Baptist Convention.

The budget, which sets aside \$4.3 million for the missions division, includes \$240,000 for continued missionary efforts inside Communist Cuba.

Southern Baptists plan to support 2,369 missionaries next year in the United States, Cuba, Panama and Puerto Rico.

At its annual meeting Tuesday night, the board voted unanimously to move its nine-member evangelism division from Dallas, Tex., to Atlanta by June 30, 1965.

The decision follows a trend of recent years to locate all administrative offices in Atlanta. The evangelism division will be housed in the eight-story office building owned by the board in Atlanta.

# Stock Prices Turned Mixed

NEW YORK (AP) — Stock market prices were mixed at the opening today. Trading was fairly active. Most changes of key issues were small.

Opening blocks included Chrysler, up  $\frac{1}{4}$  at 60 on 10,000 shares; American Telephone, up  $\frac{1}{4}$  at 69  $\frac{3}{4}$  on 7,000; Bethlehem, up  $\frac{1}{4}$  at 35  $\frac{1}{2}$  on 1,500; and General Electric, up  $\frac{1}{4}$  at 90  $\frac{1}{2}$  on 3,000.

# Former Model Court Bailiff

WICHITA, Kan. (AP) — If so the thought developed to necessity is the mother of invention, Dist. Court Judge William C. Kandt has one of the neatest necessities ever to adorn a court room.

She is Mrs. Robert A. (Sylvia) Steele, 30, a statuesque former fashion model, who took over Monday as court bailiff, a job generally thought to be only for strong-armed men.

Kandt, a veteran of the state court bench, said hiring the attractive brunette is a practical solution to his growing need for a secretary and receptionist.

State law permits him to hire only a court reporter and a bailiff.

BISHOP EUGENE SLATER

## Methodists Meet Thursday

Bishop Eugene Slater of the San Antonio area of the Methodist Church will be the preacher for the Big Spring District Conference at the First Methodist Church at 7 p.m. Thursday. The Rev. Lloyd V. Hamilton, district superintendent, will preside over the conference, representing 37 churches with 33 pastors and more than 14,000 church members.

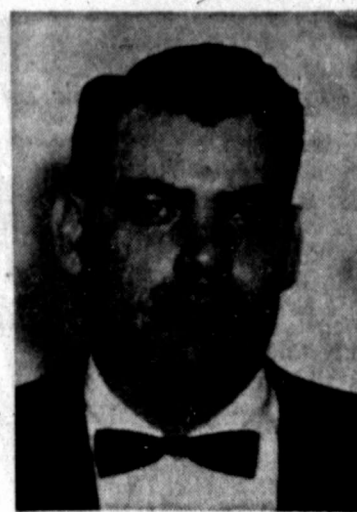

leadership of District Lay Leader Reagan Legg of St. Luke's Methodist Church, Midland. The ministers and wives Christmas dinner will be at Coker's Restaurant at 5 p.m. Methodists will hear a composite report of the district, and reports from local churches will be printed. They will also hear reports from the district staff as well as from representatives of some of the leading Methodist institutions.

## Commissioning For Rayburn Sub

NEWPORT NEWS, Va. (AP) — A telephoned message from President Johnson was to highlight the commissioning ceremonies here today for the Polaris submarine Sam Rayburn.

Johnson was present for the keel laying ceremonies here Dec. 3, 1962, for the Rayburn, named after his political mentor, the late Sam Rayburn of Texas.

## White Joins VA Hospital

THOMAS S. WHITE

A Topeka, Kans., man has joined the staff of the Veterans Administration Hospital here as clinical social worker. He is Thomas S. White, who held the same position with the VA Hospital in Topeka.

He holds a master of social welfare degree from Washington University in St. Louis. He has also been a staff member of the Illinois Institute for Juvenile Research in Champagne, Ill.

For the past six years he has been in social work with the Topeka facility. He received his bachelor's degree in 1955 from Wichita University and the MSW in 1957.

He served in the Navy two years during the Korean War and is a member of the National Association of Social Workers. The family includes three children, Julie, Tessie and Lewis. White is replacing Miss Mau-

rine Van Cleave, who left the VA several months ago to accept a position with the Bureau of Indian Affairs.

## Knitting Male Starting Over

SAN PEDRO, Calif. (AP) — Clive Manley dropped a whole row of stitches — mentally, that is, when he returned to his parked car.

Someone had stolen his knitting needles, three sweaters and a pattern book from the unlocked vehicle, he told police Tuesday.

The sweaters were going to be a Christmas present "for my old gray-haired mother." Manley said sadly. "There's nothing to do but to start all over again. But I sure will miss that old pattern book. It can't be replaced."

Manley learned to knit more than 20 years ago, while a World War II prisoner of the Japanese. He weathered the ridicule of his fellow Navy officers and he never gave up his hobby.

## China Communists Free British Sailors

HONG KONG (AP) — The Chinese Communists released Tuesday a British naval officer and eight British sailors whose cutter strayed into Chinese waters during a camping trip.

## CHEMISTRY PROF

She worked as a secretary to a chemistry professor while studying business law at Southern Methodist University. Between classes, on weekends and between office jobs, she worked as a fashion model.

Mrs. Steele joked about taking judo lessons and noted that her height helps in demanding respect.

"I'm 5-feet, 10½ inches barefoot," she said. "Sometimes high heels make me about 6 feet, 1-inch."

Kandt assured her she won't need any judo.

"The availability of deputies and police officers make it unnecessary for her to escort people to and from jail," he said. "She may, on occasion, have charge of people waiting to come into court."

## Enrollment Near For Scuba Divers

The first meeting to organize the YMCA Scuba diving course will be held at 7 p.m. Friday, according to Jim Gilbert, physical director. Enrollment will go on during the next week until the full class of 30 is organized.

The course in Scuba (self-contained under water breathing apparatus) diving will run for 12 weeks, Gilbert said, and will be at 7 p.m. each Thursday. Only advanced swimmers may qualify and they must pass a test to be approved by the instructor, Bob Chambers. He is a certified YMCA Scuba diver instructor.

The fees for the entire course are \$8 for Y members and \$14 for non-members. Further information on the course may be had from the YMCA at AM 4-8821.
