Speedy Okay In House Seen For Medicare

WASHINGTON (AP) — Most members of the House Ways and Means Committee favor sending the administration's health care plan to the House for a vote, an Associated Press survey showed today. Final House action may come in 60 days.

The 25-member committee for years was the graveyard of health care legislation. But now, the survey found, 15 of the members either definitely or probably favor action to send such a bill to the House for a vote.

The chairman, Rep. Wilbur D. Mills D-Ark., said he looks for action on a health plan tied to Social Security in time for a House vote in March.

CARE FOR AGED

President Johnson asked Congress Thursday to enact a multiple health program, with care for the aged at the top of the list.

The proposal also includes a new \$1.2-billion system of 32 regional medical complexes to fight heart disease, cancer, stroke and other diseases, contribution to medical and dental school operating funds and scholarships for students in the health arts.

Congressional reaction was most pronounced on the issue of health care for the aged.

TWO DEVELOPMENTS

The dramatic change in prospects for favorable committee action results from two developments. The Ways and Means Committee was reconstituted with two more Democrats and two fewer Republicans, reflecting the Democratic electoral sweep, so the division now is 17 to 8. Under the former division, 10 Republicans kept a solid front against the proposals.

The other big bonus the health Security health programs, Mills agreement in principle with administration plans for financing and administration of the program.

Cabinet Agency On Housing Seen

DALLAS, Tex. (AP) — Establishment of an urban housing department with Cabinet rank "is inevitable now that we have a Congress that should be more receptive to it," Federal Housing Administrator Robert C. Weaver said Thursday.

Byron Tunnell New Railroad Commissioner

AUSTIN (AP) — Gov. John Connally appointed Texas House Speaker Byron Tunnell of Tyler as Railroad Commissioner to replace Ernest O. Thompson, who resigned.

Tunnell, 39, was considered a virtual certainty to win re-election as Speaker when the legislature convenes Tuesday. He has served eight years as a legislator and is a firm conservative.

Connally said Tunnell's resignation as a legislator has been accepted and the governor will call a special election in Gregg and Smith counties, District 15F, so a successor can be elected soon.

BE SWORN IN

Tunnell said he probably will take the oath of office for his new job Monday.

"For one reason I want to get in touch with some people," he said, a broad grin on his face. "My daughter, father and some other important people are not even aware of this at the moment." Tunnell said he was first

Chilean Asks For Red Ties

SANTIAGO, Chile (AP) — Foreign Minister Gabriel Valdes recommends that Chile establish closer ties with the neutralist and Communist nations as part of an expanding world role.

"Chile must be an active element in the creation of a new world community, in which the underdeveloped countries of the so-called third world will play a decisive role," he said in a foreign policy address to the Senate made public Thursday.

Hinting at closer ties with Red China, he said that Chile "has a destiny open toward the Pacific and, in a future which is not far away, continental China will open itself to exchanges in this area."

However, Valdes pledged the moderately leftist government of President Eduardo Frei to continue Chile's alliance with the United States. Chile received \$17 per capita in U.S. aid last year, the highest in Latin America.

Liz Attempts To Renounce Citizenship

PARIS (AP) — Elizabeth Taylor has attempted to renounce her American citizenship and sources here said today the action is pending.

The informants, who refused to be identified by name, said the London-born actress had planned to adopt British nationality. Her husband, actor Richard Burton, is a British citizen.

The sources said Miss Taylor attempted one formal renunciation during the filming of a new movie in Paris last October but balked at the phrases: "Abjure all allegiance and fidelity to the United States," a mandatory part of the oath of renunciation.

Miss Taylor later was advised that the renunciation was invalid since the phrase to which she objected was deleted.

According to the sources, she said she did not want the phrase included in her renunciation because, while she was renouncing her U.S. citizenship, she still felt the United States had been good to her and she did not want to imply by signing to such language that she bore the United States any ill will. The actress now is on vacation in Gstaad, Switzerland, and could not be reached for comment.

Locker Yields Priceless Gem

MIAMI, Fla. (AP) — The priceless Star of India sapphire was recovered by New York detectives today from a locker in a Miami bus station.

Shortly afterward, the officers and Allen Dale Kuhn, one of three Miami men accused of the sensational theft of the 563-carat gem from New York's American Museum of Natural History, jumped aboard a New York-bound plane at Miami International Airport.

PHONE TIP

Information about the Star of India's recovery came from an unofficial but well-informed source, who gave these details: An anonymous telephone tip led the officers to the downtown Miami bus station where the gem and some of the 21 other gems taken in the burglary were found.

It was reported that the De-Long ruby was not in the locker. This was one of the three most famous gems taken, along with the midnight sapphire.

Shortly before 8 a.m., Kuhn and his four escorts dashed from a compact automobile at the airport.

With a detective running interference, they made for the loading ramp of Northeast Flight 38.

Kuhn was not handcuffed. It was learned that the detectives checked into a motel near the University of Miami late Thursday, after a day of hunting for the stolen gems. Kuhn reportedly made a deal to find them in exchange for leniency.

HUNG UP

The telephone call came shortly after midnight. A voice gave the location of the locker and hung up.

The detectives raced for the bus station and found a bag partly rotted as if it had been buried or exposed to dampness.

A glint of fire shown through the rotting fabric. It was the fabled Star of India. Nestling next to it was the midnight sapphire.

It was not learned what other jewels were recovered.

Kuhn and the detectives came to Miami Tuesday in search of the gems.

Cold Front Alert Given

A cold wave warning was issued today for the Texas Panhandle.

Occasional light snow was forecast for the upper Panhandle and Red River Valley tonight and early Saturday.

A Pacific cold front was expected to move into Northwest Texas during the afternoon.

Ahead of the front, springlike warmth held on throughout Texas. Light rain fell between Mineral Wells and Gainesville.

Reapportioning Districts Shaped

Legislative Full Council To Get Plan

AUSTIN (AP)—A special legislative council committee on congressional redistricting continued closed door meetings today to draft final details of a reapportionment plan.

The seven-member committee is winding up a nine-month study of the complexities involved in dividing Texas into congressional districts of approximately equal population.

Texas must accomplish the reapportionment by Aug. 1 under federal court order.

CONNALLY REQUEST

Gov. John Connally requested the study shortly after the U.S. Supreme Court issued its "one-man one-vote" doctrine for congressional districts last February.

Rep. Gus Mutscher of Brenham, a committee member, said Thursday the group expects to submit its recommendations to the full legislative council Monday afternoon.

While there are some disagreements to be worked out, he said it is probable the committee will recommend districts with a less than 5 per cent deviation from equal population.

The committee carried its investigation into several metropolitan areas, including Dallas, Houston, Fort Worth and San Antonio. It is giving considerable weight to local testimony on the shape new districts should take, Mutscher said.

ACROSS LINES

Recommended districts will cut across county lines in some instances, he said, because some counties have more than enough population for one congressman but not enough for two.

One problem still worrying the committee concerns situations in which two incumbent congressmen may be thrown into the same district, Mutscher said.

Whatever the full council, recommendations, as the research and bill drafting arm of the legislature, will be purely advisory in nature. Introduction of legislation is by individual members.

Texas congressional districts range in population from 216,371 in the late Speaker Sam Rayburn's Dist. 4 to the 951,527 in Dallas County, Dist. 5.

Wilson Plans High Confab

LONDON (AP) — Prime Minister Harold Wilson said Thursday night he is planning his first conference of prime ministers of the British Commonwealth.

"I am already in touch with my colleagues to find out their reactions to this proposal," he told an anniversary dinner of the Commonwealth Correspondents' Association.

A commonwealth meeting probably would not take place before July at the earliest, government sources said. The last Commonwealth conference was held last July.

Vegetable Oil King Guilty

NEWARK, N.J. (AP)—Bankrupt vegetable oil king Anthony DeAngelis changed his plea from innocent to guilty today on three counts of an 18-count federal indictment involving him in a \$100-million conspiracy.

The stocky, 49-year-old DeAngelis retracted his earlier plea and entered the new one before U.S. Dist. Judge Reynier J. Wortendyke Jr.

DeAngelis had been indicted with four other men last March on charges of conspiring to circulate \$100 million in fraudulent forged vegetable oil warehouse receipts.

The five allegedly conspired to use the receipts as collateral for loans for the Allied Crude Vegetable Oil Refining Corp. of Bayonne, N.J., of which DeAngelis was president.

The firm filed for bankruptcy in November 1963 and its collapse set off a chain reaction of bankruptcies or reorganizations involving at least a dozen other firms, including two old-line New York brokerage houses. A multimillion-dollar scandal came with the crash.

Burch Eyes GOP Comeback; Foes Declare He's Through

WASHINGTON (AP) — Republican presidential nominee Dean Burch insisted today he can help build a GOP comeback, but his foes claimed the votes to oust him and to put Ray Bliss in his place.

"I seek to remain as chairman because this nation needs a two-party system," Burch said in an address prepared for the National Press Club. Only "a political miracle," he said, could have elected a Republican president in 1964.

Bliss, the Ohio State GOP chairman, was silent.

DEMAND OUSTER But one top Republican said the forces opposing Burch have the National Committee votes to demand his ouster. This source said they have settled on Bliss as the man to succeed him.

Counseling party unity and cautioning against "the dictates of radicalism in any form," Burch said he wants and intends to remain in the chairmanship for which he was tapped by Re-

publican presidential nominee Dean Burch. He did not say what they were.

BAD ENVIRONMENT

But he added: "The political environment for any Republican presidential contender in the year 1964 could hardly have been worse."

"I reflect on no person, nor engage in the defense of none, when I say that it would have been a political miracle for any contender on our national ticket to have won in such a year," he added.

He said the party can make a comeback.

British Strong In Malaysia

SINGAPORE (AP) — British armed service spokesmen confirmed today that Britain's military strength in the Malaysian area is at its highest peak since the end of the Korean War.

The spokesmen were commenting on London reports that British and other Commonwealth troops in Malaysia now total 50,000.

A rapid buildup is under way to counter a threat from Indonesia which is reported massing forces in bases surrounding Malaysia.

A navy spokesman said Far East ships number more than 70 and include such power-packed vessels as the aircraft carriers Eagle and Victorious, the commando ship Bulwark, guided missile destroyers and fast-moving frigates.

Six warships, four of them minesweepers, are being taken out of mothballs and added to the fleet.

Book To Be By Ruby Trial Judge

DALLAS, Tex. (AP) — His publishers say Dist. Judge Joe B. Brown, in a book about the Jack Ruby trial due out next July, will discuss "the peculiarities of the Texas laws that played a part in the much disputed final verdict."

The jurist said Thursday, however, that "it's nowhere near finished."

WANTS OUT OF PRISON

First 'Gideon Case' Petition Filed Here

Howard County's first "Gideon case" has been filed in 118th District Court.

It is a petition for a writ of habeas corpus to bring about the release of a Howard County prisoner in the state penitentiary serving a life term as an habitual burglar.

He is Felix Dominguez, 40, who was found guilty of the offense against him by a jury in 118th District Court early in October, 1960. The jury assessed his punishment at life and was sentenced by Judge Ralph Caton to serve that term on Oct. 9, 1960.

He now seeks his release, alleging that he is illegally detained since at one of the prior trials on which the habitual complaint is based, he was tried and convicted without being represented by an attorney.

GIDEON CASE

His plea is based on the holding of the U. S. Supreme Court in the now famous "Gideon case." Gideon, a convict in Florida, appealed to the U. S. Supreme Court on a writ of habeas corpus asking his release alleging that he had been deprived of his rights by being tried and convicted without counsel in a Florida court. The Supreme Court sustained his plea and he was released. Thousands of convicts, since the Gideon case was heard, have followed its procedure and have been released from prison.

Dominguez is the first Howard County defendant to take action. It is not anticipated too many such cases will arise in the local court.

The late Charlie Sullivan, who was the first judge of the 118th District Court, made it his inflexible rule that no defendant appear in his court without counsel. Gil Jones, who was dis-

FELIX DOMINGUEZ

March 11, 1943, for which he was sentenced to two years for burglarizing the residence of Alma Housh; April 30, 1946, for the burglary of the John Nutt residence and for which he received 12 years, and a third conviction April 25, 1956, when he was given seven years for burglarizing the W. M. Ellige residence.

He charges in his petition for a writ of habeas corpus that in the first two convictions he was deprived of counsel but he does not mention the third conviction.

The records of the court show that at his first conviction, his attorney was the late J. L. Sullivan.

A check of the records fails to show any attorney appearing for Dominguez in his second trial on April 30, 1946.

Carroll Smith was the attorney appointed by the court for Dominguez at his third trial April 25, 1956.

HAD ATTORNEY

Dominguez was represented by Wayne Basden at his trial in October, 1960 on the habitual burglar indictment. It was this trial which brought the life sentence against him which he is now serving.

The jury in the habitual trial returned a verdict in which it held that the defendant had been found guilty of burglary in the Alma Housh and John Nutt residence burglaries. No reference is made in the verdict to the Ellige conviction.

In his petition, Dominguez cites only the two earlier convictions and alleges he had no attorney in either.

The petition, drawn up in prison on forms obviously prepared for convicts who want to make use of the Gideon case provisions, is now being studied by Judge Caton.

Young Fry Deserve Individual Hair Cuts

By VIVIAN BROWN

A little girl's hairdo should match her age, says Eric Knudson, hair expert who deprecates "mommy" style hairdos on small fry.

A haircut and simple adornments—bows or other accessories in all a little girl needs to "look adorable," he says.

"A most interesting experience for a hairdresser," he says, "is to figure who to please—mother or daughter. Both have set ideas. Little girls like long straight Alice-in-Wonderland styles. Mothers like pony tails or curly hair. Neither Alice or pony styles are good for little girls," he observes.

In his travels around the country as a hair adviser to (the John Breck Company) makers of hair preparations, he has noted the tortuous effects of the pony tail.

"The friction of a pony tail or braids between scalp and pillow is particularly bad. Many pony tails cause infection because of the continuous pull and irritation at the back of the head. Braids wouldn't be bad if mother would brush out the hair before bedtime, but I'm afraid some mothers become lazy about it," he says.

Charming Cuties

Three young sirens model the easy care hairdos designed by Eric Knudson. They shine in simple styles suited to their own age.

FREQUENT HAIRCUTS

The reason Eric doesn't favor the long Alice style is that the hair is not cut often enough.

"Around seven a little girl loses her baby hair. But some mothers let a child's hair grow for three years before they cut it. Frequent haircuts, even at three and four years of age,

make for better hair later. It will be stronger, too."

One problem is that mothers of curly-haired children, blondes in particular, don't want to cut off the hair because at about seven or eight, the hair changes color. Once you cut it the blondeness and curls are gone. It is inevitable that the hair

will be cut, so cut it as soon as possible, he says. There are new body permanents that may be given so that hair can be shampooed and never set.

CONSIDERS SHAPE

Eric, 28, a Norwegian, has a masters degree in hair dressing. His courses in Norway included related subjects—anatomy and physiology and he applies these theories to his little friends when he plans a hairdo.

"A thin little face should never be made pathetic by wearing long, stringy hair. A short blunt-end hair cut will help make her face look fuller. If her neck is short, her hair should be shorter at the neck. If she has a long neck the hair should be left a bit longer. Children with fat faces look better in very short haircuts with thinned bangs. And I never put curtains on a child's face," he says. "Curtains" are hair draped over both cheeks. Children need to be free of such nuisances, he says.

He likes the old-fashioned Buster Brown hairdo for little girls. But bangs shouldn't be too heavy for delicate faces. He prefers a light fringe of bangs on children with small features.

"Hair should never look so heavy that it appears to overwhelm a little girl," he says.

Computers Growing In Popularity

Mrs. J. B. Apple discussed credit bureau computers and their growing popularity in the bigger organizations when she spoke to members of the Credit Women's Club Thursday at the Settles Hotel.

She noted that the larger bureaus feel the original expense of the machines will be absorbed in the savings through prolonged use. A pilot study on their use was conducted by the Credit Bureau of Greater Houston, and the Odessa Credit Bureau is using them in West Texas.

Mrs. Loyd Wooten presided, and Mrs. Noel Hull worded the closing prayer.

The next meeting will be Jan. 21 at the Settles Hotel.

Baby Show Plans Set

Plans for the annual baby show at Webb Air Force Base were made by the Servicemen's Wives Club Wednesday when the group met at the John H. Lees Service Club. The show will be an event of Jan. 31 announced Mrs. Dennis Barton, president.

Mrs. Robert Brown presented the nominating committee's slate of officers to be elected in February. Also, in February, a fashion show will be sponsored by the wives club. Chairmen are Mrs. Garton and Mrs. Edwin Knox.

A social meeting will be held at the service club Jan. 20.

Christian Women Study Religion, Science Thursday

Martin Landers, instructor in the speech and drama department at Howard County Junior College and interim minister at Lenora, spoke at the meeting of the Christian Women's Fellowship in the parlor of the First Christian Church Thursday. His topic was "Science and Religion."

The Lydia Group invited all members to attend their monthly meeting Jan. 18 at 7:30 p.m. when the Rev. Ramon Navarro will speak. All women of the church were invited to the CWF meeting Feb. 5 for a potluck salad luncheon and work session in the church kitchen.

Mrs. Anna Stien introduced the program, and Mrs. Frank Rice presided. The Rose Anna Parks Group served refreshments to 35 members and guests.

Knitwear Style Show Presented By Officers' Wives At Luncheon

A skit entitled "Knits and Knitwits" emphasized the theme of the knitwear fashion show held Thursday at the Officers' Wives Club meeting. The luncheon session was hosted by the 3560th Pilot Training Squadron wives at the Officers Open Mess.

Handmade knit sweaters fashioned by the members in a variety of styles and yarns were modeled for members and guests with the commentary furnished by Mrs. J. D. Arnold. Models were Mrs. L. W. Burry, Mrs. J. D. Speight, Mrs. R. G. Piland, Mrs. J. M. Fitzsimmons, Mrs. D. S. Bethune, Mrs. L. L. Shane, Mrs. J. H. Simonton and Mrs. E. Gifford.

A humorous skit dealing with the trials of conducting a knitting class was narrated by Mrs. Arnold. Participants were Mrs. Robert Jerman, Mrs. T. J. Ueyeyama, Mrs. E. M. Hudgens, Mrs. Q. B. Newman, Mrs. W. E. Holcomb, Mrs. R. G. Castle, Mrs. W. A. Cottrell and Mrs. D. T. Drinnan. This original comic presentation was written by Mrs. R. A. Gray and Mrs. G. A. Fortner.

KNITS SHOWN
In the fireplace room, where members and guests registered, a display of handknit garments were displayed. These included sweaters, doll clothes, baby

blankets and afghans. In keeping with the knitwear theme, a tree covered with vari-colored yarn dolls was on display in the dining room. The individual tables were centered with dolls wearing handknit garments, and the programs at each place setting were styled as sweaters glittering with sequins, beading or knit trim.

Mrs. Robert Hartzog presided at the session, bidding farewell to wives who will be leaving the base soon. These included

Duplicate Games Played At Webb

Six tables were in duplicate play Thursday at Webb Air Force Base at the Officers Open Mess. The session next week will be Master Point day, it was announced.

A tie for first and second place was held by Mrs. J. H. Holloway and Mrs. Ayra McGann, Mrs. John Stone and Capt. Ron Kibler. Third place went to Mrs. Anne Hardy and George Pike, and Mrs. A. Swartz and Mrs. Elmo Wasson won fourth.

Mrs. Jay L. Lauer and Mrs. Fortner. Guests were Mrs. T. Ueyeyama, Mrs. C. E. Harlow, Mrs. W. T. Tonjes, Mrs. E. L. Cochran and Miss Mary Duggan.

Wives who were attending their first luncheon were Mrs. E. S. Emmons, Mrs. R. A. Gray, Mrs. T. J. Dix, Mrs. R. A. Seger, Mrs. G. A. Glad, Mrs. D. M. Werking, Mrs. T. E. Harrelson, Mrs. R. K. Churchill and Mrs. L. L. Hurst.

PRIZE WINNERS

Attendance prizes were awarded to Miss Duggan, Mrs. Ellsworth and Mrs. James Barnhart. Mrs. Roland Travis won the flower arrangement of white spider chrysanthemums and red carnations that was used as an accent at the speaker's table. A luncheon certificate was given to Mrs. J. B. Gordon.

Mrs. T. R. Preston was chairman of the luncheon affair and Mrs. Holcomb had charge of the entertainment. Decorations were arranged by Mrs. H. R. Bryan, Mrs. G. W. Young, Mrs. B. L. Swartz and Mrs. Elmo Wasson. R. W. Hunter.

Gardeners Hear Talk

The modernistic trend in dried arrangements was detailed by Mrs. Dale Smith Thursday afternoon for members of the Spaders Garden Club who met in the home of Mrs. Don Grantham.

Miss Bo Bowen presided, and a nominating committee was named to include Mrs. Smith, Mrs. W. D. Caldwell, Mrs. Jimmy Morehead and Miss Bowen. Mrs. Jan Tally was welcomed as a new member.

Mrs. Zack Gray, 1305 Pennsylvania, will be hostess to the club Feb. 11.

Cafeteria Group Hears Miss Dorothy Buhr

Miss Dorothy Buhr, San Francisco, Calif., was guest speaker Thursday afternoon for the meeting of the Big Spring Chapter of Texas Food Service Association. The Marcy Elementary School food staff served as hostesses in that school's cafeteria.

Miss Buhr is a graduate home economist and director of the school lunch program of the California Raisin Advisory Board and the Pineapple Growers Association.

She was introduced by Mrs. R. L. Jones, president, and spoke on "Trayful Ideas." In demonstrating her talk she prepared a complete meal which was served buffet style to the

members. Miss Buhr said that mothers should use new ideas in making food more attractive to children so that they will learn to accept and like new foods as they are introduced into the diet.

During a brief business session committee reports were heard and the next meeting scheduled at the Gollard cafeteria Feb. 11. The attendance prize went to Mrs. N. L. Childress, and 26 were present.

The snowman theme was used in cloths which covered the table and the figurine which served as the centerpiece.

3♣ 3♦ Double Pass
4♦ Pass 4♥ Pass
6♣ Pass Pass Pass

Opening lead: King of ♠
South took full advantage of a totally inept defense to land a vulnerable slam contract.
South opened the bidding modestly with one club. Although he has enough winners for a demand bid, he lacks the required four defensive tricks. Observe that, with a holding that contains only 14 high card points, there is no real risk that one club will be passed out.
West overcalled with one heart and North made a free bid of one no trump, which denotes a balanced hand of about average strength with a sure stopper in the opponent's suit. South's jump to three clubs is forcing. After partner's free bid, West now showed his second suit and North made a penalty double.
South was not interested in defending against a low level contract. He had visions of reaching a slam and, in order to inform partner of his intentions, he now made a cue bid of four diamonds, designating first round control of that suit. When North showed the ace of hearts, South did not dally any further, proceeding directly to six clubs.
A heart opening would have assured the defense of a profit on the deal, however, West elected to lead the king of diamonds despite South's cue bid in that suit. Declarer ruffed and confidently expected to make a claim momentarily — until West showed out on the first round of trumps.
South continued with the king of clubs and then gave East his trick in the suit. A heart return at this point would still have defeated the contract, for it breaks a vital communications link between the declarer's hand and the dummy. East continued his partner's futile attack, however, by returning the seven of diamonds.
South ruffed in his hand, cashed three spades and then proceeded to lead out his remaining trumps. As the last club was led, West was down to the king-queen of hearts and the ace of diamonds, while the dummy retained the ace-jack of hearts and the queen of diamonds. If West gave up a heart, North would take the last two tricks in that suit. The discard of the ace of diamonds is equally fatal, for it establishes dummy's queen as the fulfilling trick.
Despite the fact that West failed to open a heart originally, East should surely have shifted to that suit when he was in order to make a play that would have good hearts, the defense might as well abandon hope, for declarer can always play that suit himself.

AF Veteran Posts Bond In Spy Case

NEW YORK (AP) — Robert Glenn Thompson, 29, a husky Air Force veteran, faces a possible death sentence on charges that he sold military secrets to the Soviet Union with the aid of three Russians.
One of the Russians named as a co-conspirator in the three-count federal indictment Thursday, was ordered expelled from the country by the State Department. He is Boris V. Karpovich, a counselor in the Soviet Embassy in Washington.
Thompson pleaded innocent at his arraignment on charges that he furnished military data to Soviet agents from 1957-1963 and received payments totaling \$1700. U.S. Atty. Joseph E. Hoey commented that payments listed in the indictment were only samples and that there were many more.

POSTS BOND
Thompson was released in \$15,000 bail by U.S. Dist. Judge Walter Bruchhausen in Brooklyn. No trial date was set.
His German-born wife, Evelyne, 26, whom he married while serving with the Air Force Office of Special Investigation in Berlin, was at the arraignment. They have three children, Patricia, 9, Karen, 6, and Dean, 2.
"I don't believe any of these charges," Mrs. Thompson told newsmen. "My husband would never have done anything like this against his country. He will be cleared."
The indictment alleges that Thompson was involved in an espionage network obtaining information for the Russians on U.S. military installations, missile sites, code books and intelligence and counterintelligence activities, including the identity of American agents. The government alleged 13 overt acts.
The spy operations were said to have occurred in East and West Berlin and later on Long Island where Thompson lives, and in New York, Detroit, Washington and Great Falls, Mont.
OPERATES STATION
Thompson, a native of Detroit, operates a service station on Long Island, where he also runs an independent fuel oil business. He joined the Air Force in 1952, and served in West Berlin, Labrador and several bases in the United States before his discharge in 1958.
Thompson's arrest by four FBI agents at noon Thursday, came as hardly a surprise to him.
"Thompson knew he was under investigation, having been questioned as long as a year ago," his attorney, Sidney Sieben, told the court.
Despite a court martial, Thompson remained in a position of trust with the Air Force in Germany.

Apollo Moon Spacecraft Plan Balked In Revision

HOUSTON, Tex. (AP) — The U.S. plan to orbit three astronauts in an Apollo moon spacecraft in 1966 suffered its first setback today with announcement of major schedule changes.
Also caught in the revisions was the third Saturn manned mission, which was replaced by an unmanned earth orbital test of the lunar excursion module — LEM — which will carry astronauts to the moon's surface.
SMALL DELAY
Dr. William A. Lee, head of the Operations Planning Division at the Manned Spacecraft Center, said the delay in the first three-man orbital flight should be small.
"Instead of making the launch earlier in 1966," he said, "it will be later in 1966."
Because of the closeness of the schedule, however, problems could send the mission into 1967, observers pointed out.
Original planning called for two unmanned sub-orbital flights of the powerful Saturn IB rocket. The third, assuming no major setbacks occurred on the previous two, was to be flown by three astronauts.
BOOSTER TEST
Lee said the third flight now was scheduled to be a test of the second-stage booster, called the Saturn 4B, and its propellant tanks, which hold liquid hydrogen and oxygen.
To save weight, the Apollo spacecraft will not be used — only a nose cone, Lee said.
The tanks carry 223,500 pounds of fuel and will be filled in earth orbital trips using the three-stage Apollo spacecraft; the tanks will be only partly filled, Lee said, to reduce weight.
THIRD STAGE
The Saturn 4B will be the third stage on the mighty Saturn 5 rocket and will hurl itself and the Apollo spacecraft into earth orbit.
After four and one-half hours circling the earth, the Saturn 4B's engine will be started and its 200,000 pounds of thrust will fling the spacecraft toward the moon.
"We need to know how the fuel acts in a weightless condition," Lee said. "The only way we can do that is to send it into space."
BRIGHTER SPOT
The Saturn I family of rockets has been one of the brighter spots in the U.S. space picture. The 1.5 million-pound thrust rocket has been fired seven times without mishap. The Saturn IB is an advanced and more powerful model.
Lee said the unmanned earth orbital test of the LEM replacing the third manned mission was scheduled for 1967.

Plaintiffs Push Case On Estes

PECOS (AP) — More witnesses for the plaintiffs were due to appear today in a \$4 million damage suit brought by four Midland men against Billie Sol Estes and others.
Testimony so far has centered around mortgages on fertilizer tanks which later were found nonexistent.
The role of a Fort Wayne, Ind., mortgage brokerage agent, Robert Graham, was brought up Thursday.
SEEK LINK
Lawyers for the plaintiffs sought to link Graham, who is president of General Leasing, Inc., with Walter E. Heller Co. of Chicago, a defendant in the suit. Counsel for Heller maintained, however, that Graham never worked for the Chicago firm.
Introduced into evidence was a deposition by the late Harold Orr of Amarillo, another defendant, in which Orr was quoted as saying: "Graham said he had Heller 'in his pocket.'"
Testimony was offered in an effort to show that much of the worthless mortgage paper that Estes discounted to loan companies went through Graham in his capacity as a middle man.
W. F. Wynn, one of the plaintiffs, testified that Graham was present when he and the other three plaintiffs signed \$2.4 million worth of fake mortgages at the behest of Estes. Of this amount, \$1.3 million was taken by Heller, about \$1 million by Pacific Finance of Los Angeles, and the rest by Kuykendall Investment Co. of Lubbock.

Other plaintiffs are J. C. Barnes Sr., J. C. Barnes Jr. and Russell Ramsland.
They ask in the suit that damages be awarded and that the \$1.3 million in mortgages held by Heller be cancelled on the ground that they didn't know that the collateral — ostensibly steel fertilizer tanks — was nonexistent.
They contend the Heller firm and Estes knew there were no tanks.
Heller lawyers maintain the firm assumed the tanks existed when it bought the mortgage paper at a discount.

TV Show Will Aim For Young Audience

By CYNTHIA LOWRY
AP TV — **Bea, Winnie**
NEW YORK (AP) — When television's 1964-65 season is far behind, it may be remembered as the year when programs designed for younger viewers finally moved into prime evening time.
Television first recognized the viewing preferences of the teenagers with pop music programs like Dick Clark's "American Bandstand" usually presented during the late afternoon hours. Viewers in the college-age married group particularly relished country and folk music shows like ABC's "Hootenanny" and "Shindig."
Now NBC will launch a new big-budget musical variety hour next Tuesday. Called "Hullabaloo," it will make a strong play for youthful audiences — young talent, new dance crazes, new song fashions the new sounds.
Even the producer Gary Smith is young — 29. Host of the first show will be Jack Jones, also in his 20s.
The first show was taped Wednesday night before an audience consisting largely of teenagers. In spite of lectures and admonitions they dissolved into the usual screaming and squealing when a British singing group — "The Zombies" — appeared.

Health Program Seen As Tribute

NEW YORK (AP) — President Johnson's call for a broad health program is in part a tribute to the past triumphs and sparkling new skills of modern medicine.
He proposes bold steps to solve 1965 problems of health and medical care.
But those problems exist, or are more urgent, partly because of rapid advances in medical science, especially since 1945. The President is saying, in effect, that our economic-medical-social machinery is out of date in adjusting to the new potentials for everyone's health. There are some basic reasons.
NO LONGER
Infectious diseases once were our prime killer. But no longer, thanks to antibiotics and other drugs that save children and adults.
More Americans are living into middle age and beyond, thereby inviting newer enemies. Now the main killers — taking seven out of 10 American lives — are heart disease, strokes and cancer. Chronic and costly diseases are far more common.
Medical and clinical research is reacting vigorously against these threats.
At its best, American medicine is the best in the world. Surgery, radiation and rehabilitation techniques are performing seeming miracles.
MORE SERIOUS
But the distribution of this best and newest knowledge is becoming an ever more serious matter. How can it be made available so most people can benefit? The knowledge is coming mainly from laboratories, not from medical schools, hospitals

and clinics. Part of it derives from the fact that specialists — in medical, mental or dental disease — can determine from many patients what are the best methods of diagnosis, treatment or cure, with the least hazard. But there is a time-lag before promising techniques are adopted by doctors elsewhere.
Along with everything else, costs of hospitalization are rising. Nurses, hospital personnel and doctors want to share in advancing income scales.
Older people, on reduced income or on pensions, fall victim to chronic or lingering illness.
DEMAND FOR MEDICS
A growing population requires more doctors, and more medical schools. Education in a medical school, or in any college, costs more now. Alumni give money to try to take up the slack between costs and fees paid by medical students.
President Johnson's message outlines some steps toward solving such problems.
Johnson's specific proposals may be adopted, rejected, or amended by Congress.
The certainty is that the modern problems, born of medical advances and human wants, are here, and must be resolved in some manner.

Hotel Row Leads To Actor's Arrest

LONDON (AP) — The Savoy Hotel confirmed today that a row in actress Ava Gardner's suite led to the arrest of actor George C. Scott.
"It happened before Christmas," said a spokesman for the hotel. "Miss Gardner and Mr. Scott were staying at the hotel at the time."
"Mr. Scott apparently went to Miss Gardner's suite. There was a row and hotel employees escorted Mr. Scott from the suite and the hotel."
He declined to elaborate, saying, "it's not the sort of thing we want to be expansive about."
Police arrested the actor outside the hotel on a charge of drunkenness. He was fined \$1.40 the next day.
Neither Miss Gardner nor Scott are still in London. Scott, 36, was here in connection with the premiere of a new movie, "The Yellow Rolls-Royce." Miss Gardner, 41, was on a private visit.

Ex-Governor Dies At 97

PERRY, Okla. (AP) — Henry Simms Johnston, 97, Oklahoma's seventh governor, who helped organize the state 58 years ago and who was impeached from office during its turbulent days, died suddenly Thursday.
The tall, thin lawyer was elected governor in 1927 and was impeached two years later. Most of his difficulties arose because his secretary had kept legislators away from him at the office.
Johnston called out the National Guard and thwarted some attempts of the legislators to convene in an impeachment session. He was ousted on a charge of general incompetency March 20, 1929. Nine other charges were dropped.
His death came one week after the Indiana native had observed his 97th birthday and as the current House of Representatives received a proposal to soften the impeachment.

Pay, Jobless Aid Bills Due

WASHINGTON (AP) — President Johnson plans to put minimum wage and unemployment compensation legislation ahead of organized labor's pet project — repeal of the "right-to-work" section of federal law.
But, a high administration source says, repeal of section 14B of the Taft-Hartley Act is still of "very real political and economic concern" to Johnson, even though he may not get around to proposing it until next spring.
Section 14B permits states to enact so-called "right-to-work" laws that prohibit labor contracts from requiring compulsory union membership.
Its repeal is organized labor's No. 1 goal in the new Congress. Although he will not present a separate labor message to Congress, Johnson is considering a number of other changes in labor laws. But high sources indicated there is no change in the administration's opposition to cutting the federal standard work week from 40 to 35 hours — another prime aim of organized labor.

Innocent Plea In Death Case

GUNNISON, Colo. (AP) — A Texas man pleaded innocent Thursday to killing another Texan last Nov. 15.
Edward O'Neill, 28, of San Antonio entered pleas of innocent and innocent by reason of insanity at the time Ronald Westerman, rancher and oilman from Lorenzo, Tex., was slain.
Dist. Judge George Kemp ordered O'Neill to the state psychiatric hospital at Denver for an examination.
Dist. Atty. Marsh Seraphine said Bexar County authorities told him O'Neill was wanted in Texas on murder and forgery charges.
Westerman's body, stripped of underclothing, was found beside a road 8 miles east of Gunnison. He had been on his way to Ouray, Colo., where he was a partner in a motel.

College Baptist To Dedicate Plant

The College Baptist Church congregation will hold its first services in the new sanctuary Sunday at 11 a.m.

Following the worship service, a noon luncheon will be served to members and guests, and at 1:30 p.m. the new sanctuary will be dedicated.

More than 400 are expected for the Sunday School service at 9:45 a.m., and at least 600 for the morning worship service.

The new sanctuary is built to accommodate 800 persons. The Rev. Byron Orand, pastor, says lights are equipped with controls for dimming, a modern sound system, gold carpet, built-in cushioned pews, individual choir furniture, and a new Hammond organ.

DR. JAMES LANDIS

"This is sure to be the highest hour in the life of our church," Rev. Orand said. "Our people have looked forward to this day with keen anticipation and we hope to fill the new building to overflowing the first day we use it. The members of College Baptist Church have worked hard the past year preparing for the move into the building and in raising the need-

ed money for the building fund.

All former members and friends of the church are invited to participate in the activities of the day. The Rev. H. W. Bartlett, first pastor of the church, will deliver the evening message at 7:30. Those wishing to have their

new meal at the church may bring guests. Cost will be \$1.35 for adults and 90 cents for children. A Midland catering service will provide the meal. The church will begin a revival Sunday to continue through Jan. 17.

Baptists Plan Annual Parley

DALLAS — More than 10,000 preachers and laymen from throughout the state are expected to attend the annual Texas Baptist Evangelism Conference here Jan. 15-20.

Some of Southern Baptists' foremost preachers and Bible scholars will speak, said Dr. C. Wade Freeman, director of evangelism for Texas Baptists.

Dr. Wayne Dehoney, president of the 104-million-member Southern Baptist Convention, will bring the closing address at the first general session on Monday, Jan. 15. Others speaking at the session include Gregory Walcott, lay evangelist and TV-motion picture actor; and the Rev. Eual Lawson of the Southern Baptist Home Mission Board's Division of Evangelism. The conference will close at noon Wednesday with an address by Charles Howard, professor emeritus of Campbell College, Buies Creek, N. C.

Maturity Marks Missions In Africa

Rapid maturity marks the transition in Christian missions in Africa since the end of World War II.

A new kind of mission has been evolving south of the Sahara—increasing top direction by African-born and African-educated ministers, assumption of local financial responsibility, zestful interest in strengthening their missions, eagerness to make Christian ideals influential in their nations, buoyant hopes for the future, and thorough commitment to Methodism's current quadrennial program of "One Witness in One World."

Although there are only 135,000 Methodists in Africa below the Sahara, they are determined to witness zealously to the 175 million people, says a report in "Together," Methodism's monthly magazine for families.

At the recent quadrennial meeting of the church's Africa Central Conference, two Africans were elected bishops — Bishop John Wesley Shungu and Bishop Escrivao Zunguze. Collaborating with them will be Bishop Ralph E. Dodge and Bishop Harry P. Andreasson.

The four episcopal areas embrace Southern Rhodesia, Angola, Mozambique, the Republic of South Africa, and the Congo Republic (Leopoldville). Methodists in Central Africa are providing generous help for the tremendous influx of refugees in various places, particularly the Congo. With the current wave of na-

CHURCH CALENDAR

Nazarenes Plan To Read Bible Through This Year

The congregation of the Church of the Nazarenes plans to read the Bible through during 1965.

The weekly reading references will also be the scriptural background from which the pastor, Rev. W. M. Dorough, will bring his messages. Thus, cooperation in the program, will correlate the congregational reading and the pastoral preaching.

Scripture references for each week's reading include both Old Testament and also New Testament references, with a reading of the Psalms spread throughout the year, and one of the four Gospels to appear once each quarter. The devotional scripture reading for the mid-week prayer meeting service will be chosen each week from the reference for that week.

A different layman will read a brief scripture passage in each of the major public services each week.

At the end of the year, recognition will be given those who complete the reading of the Bible through. To encourage broader participation, the weekly Bible reading references are printed on the back of the church news bulletin which is mailed to each member every week, and is given to anyone else who requests it.

FOLLOW ME, JESUS SAID, AND HIS DISCIPLES CAME

The kind of men Jesus chose for His disciples are described in the Sunday School lesson for Jan. 10. "Follow Me" is the title, taken from Matthew 4:12-25.

While Jesus was walking by the Sea of Galilee, he saw two brothers, both plain fishermen, casting their nets in the daily task of earning a livelihood. He simply called to them and they followed. None of His disciples were highly educated, but all were working men, who had no time for finding fault, or engaging in so-called "religious arguments."

It was significant that Jesus chose men who knew how to work and took life seriously. They would face a hard future and must use the faith shown in accepting Him.

Jesus took His followers and went all over Galilee preaching, teaching in synagogues, and healing sickness and disease. The disciples were called upon to use their faith on many occasions in helping to spread the "gospel according to Christ."

It was also significant that those without faith, who simply found fault with Jesus and His teaching, could not be healed. The influence of those people eventually led to the crucifixion of Christ. They were the ones who shouted, "Crucify Him," before Pilate.

Buses Put Church On Wheel Schedule

NEW ORLEANS (AP) — From fall to next summer, six specially equipped buses will serve as "missions-on-wheels" among workers on sugar cane plantations and waterfront docks of south Louisiana.

The buses, owned by New Orleans Baptist Theological seminary, contain equipment for portable worship services—organ, record player and public address system. The buses are manned by seminary students.

Last year, the roving evangelical teams traveled more than 13,600 miles on such field mission assignments.

Lesson Of Tragedy

NEW YORK (AP)—Commending the Warren Commission report as a "masterful document," Archbishop Iakovos, head of Greek Orthodoxy in the Americas, says the events it describes should serve as a continuing reminder that there "are fierce forces, unfortunately almost irresistibly prevalent today, which must be combatted with every ounce of our will and strength, vigilantly and with every resource of spiritual faith."

Men's Society Elects Officers

The Men's Society of St. Thomas Catholic Church held the regular monthly meeting Tuesday night at the church hall in the basement. All officers were re-elected for the coming year.

Fidel Sandivar is president; Carmen Gonzalez, vice president; Joe Rivera, secretary, and Telesforo Plerro, treasurer.

The Rev. Robert McDermott, spiritual director, thanked the group for their work and cooperation during the year. He said the men serve as ushers during services and take care of the game parties each Sunday night.

Rev. McDermott also talked on the new liturgy of the Mass, and ended the meeting with prayer. Refreshments were served.

Commentary Due Jan. 21

"The Oxford Annotated Apocrypha: Revised Standard Version," designed to meet the needs of students, clergy, and the general reader for a concise yet authoritative commentary on the 15 books of the Apocrypha, will be published by Oxford University Press on Jan. 21.

Besides supplying an introduction to each of the books, as well as the complete text of the Revised Standard Version of the Apocrypha, the edition contains a special introduction to the Apocrypha in general. Readers will find a brief and clear history of the reception given these books in the various Christian churches, as well as evidence of the widespread influence of the Apocrypha in literature, art and music.

Three-dimensional endpaper maps, prepared by the cartographic department of the Clarendon Press, Oxford, England, offer a helpful geographical background for the study of the Apocrypha. The comprehensive index to the annotations directs the reader's attention to noteworthy persons, places and ideas in the Apocrypha. The annotations contain many useful references to the books of the Apocrypha and the Bible Chronological tables of the Seleucid Dynasty and the House of the Maccabees are also included.

Church Members?

PIERRE, S. D. (AP) — Although three-fourths of the residents of this state capital city claim church membership, only two-thirds of them are actually members of local churches, a survey conducted by 19 cooperating churches discloses.

African Fraternity Behind The Curtain

BERLIN, East Germany (AP) — Enrollment of Protestant theology students in East German universities has increased to 592, up 38 from the previous year, according to a Statistical Year Book issued by the East German government. In 1961, there were only 494 Protestant theology students in the Communist-ruled area.

Youngsters Win Hatful Of Honors At Odessa

Three first places, one second place, and two third places were scored by the Howard County 4-H Club members at the Odessa Sandhills Fat Stock Show this week for an exceptionally fine start of a new show season.

Herb Helbig, county farm agent, said that there were 228 steers in competition and that the quality of the animals was good.

He said that he was delighted with the showing made by his group.

First place honors were awarded to Maxwell Barr for his medium heavyweight steer. The County 4-H Club pen of five was rated best in the show and took a first place. The county clubbers also won a first place in cooperation with J. C. Sale, of Stanton, in the best three steers bred by a single breeder with an assist from Debra Stanley, Seminole. The county also had the pen which won third best steers of one breeder — again with an assist from Miss Stanley.

Miss Stanley's steer made up the best pen of three. In the third place pen, Maxwell and Mark Barr, with Miss Stanley, were the exhibitors.

Steve Foster won a second place with his heavyweight steer. Miss Lanford won a third place in the same division, and Mark Barr took a third spot in the lightweight division.

David Taylor, Big Spring FFA member, showed a third place Hereford in the mediumweight division.

Helbig said that none of the top winning club steers will be sold at the Odessa Auction and that they will be entered in other shows to be attended later on.

The County 4-H Club lambs failed to win any top honors, he said.

Officers Check On Activities

Sheriff A. D. Standard and County Attorney Des Jon Davis are taking a longer look at the possible activities of two Lamesa men arrested here early Thursday for alleged possession of illegal drugs.

One of the men, Robert Owen, 21, pleaded guilty to the charge against him Thursday afternoon and Judge Lee Porter, on Davis' recommendation, fined him \$100 and sentenced him to 30 days in the county jail.

Earlier, Clayton Northcott, 37, had made a statement alleging the 200 Benzadrine tablets seized were his and that his companions had no part in the matter. He had pleaded not guilty before the court, however, and bond had been set at \$1,000. He had not posted bond at noon today.

Garry W. Owens, 30, the third man arrested, denied any part in the drug deal, and Davis said that, after investigation, charges against him were not filed and he has been ordered released.

Deputy Leaves County Post

Mrs. Claudia Brown, who has been a deputy in the automobile tax office of Mrs. Zirah LeFevre, county tax assessor-collector, ever since Mrs. LeFevre has held the post, has resigned her job.

She will become associated with the office of Clyde Hollingsworth, public accountant, effective Monday.

She will be replaced on Mrs. LeFevre's staff by Mrs. Don (Velma) Myers, Rt. 1, Big Spring. Mrs. Myers has already begun her new duties.

Mrs. LeFevre said she regretted Mrs. Brown's resignation, but that the new job was a definite advancement for her former deputy.

Officers of the Big Spring Police Department are deployed in a riot control formation as part of a training class given this week. Police Chief Jay Banks instructs the men on a riot control situation as part of the concluding class today. The Federal Bureau of Investigation has assisted the department in providing the instruction.

Training Class Winds Up This Week In Riot Control

A week-long training course in mob and riot control for all commissioning officers of the Big Spring Police Department was completed today.

Field tactics and formations have been emphasized in the class this week, Police Chief Jay Banks pointed out.

"This is a follow-up on the initial instruction previously given our officers on this subject," Banks said.

An agent from the Federal Bureau of Investigation in Dallas, Leo Robertson, has conducted the class.

Dawson Plans Hereford Sale
LAMESA (SC)—Plans are being made for the second annual Great Southwestern Polled Hereford Bull Sale which will be conducted from the Dawson County Fairgrounds beginning at noon Jan. 23. Walter S. Britten will be auctioneer.

Sale catalogs are available from Joe Weedon, secretary of the Texas Polled Hereford Association, Grosvore, Tex.

Seventy-five head—the largest number of serviceable age bulls ever assembled in the Southwest will be offered for sale singly or in pen lots.

Cattle will be sold to the highest bidder and the auctioneer will settle bid disputes. Health certificates will be delivered to the purchaser at the time he pays for the cattle. All cattle have been tested for tuberculosis and bangs.

Transfers of ownership will be made by the Texas Polled Hereford Association and the American Polled Hereford Association. All bulls must be in place and on an exhibit by 9 a.m., Jan. 23. Grading begins at 8 a.m. on the sale date.

Assisting with the sale locally is the Lamesa Chamber of Commerce and the Dawson County Fair Association.

Arrested For Credit Fraud
Police officers arrested a Negro man Thursday afternoon after he reportedly used a credit card belonging to another person to purchase a rifle at the Sears store.

Officers Stewart Dickson and Texas Liquor Control Board agent, Harry Hubbard, learned the man had left the city on a bus, stopped the bus and arrested the man. The man was held for investigation of a violation of the liquor laws.

A theft of some tools and a tool box from the trunk of a car parked at 185 NE 8th was reported by Raymond Uribe, owner, Thursday.

Strike Hits Detroit Hotels
DETROIT (AP)—Thousands of hotel guests shifted for themselves a good deal today, victims of reduced services in a combined strike and lockout at nine major hotels.

Maids, waitresses, porters, some bartenders and other helpers to the visiting traveler were off the job. About 2,300 were idle.

Seven of the nine hotels locked out their workers Thursday after members of the Hotel, Motel and Restaurant Employees and Bartenders International Union struck two other hotels.

Slides Sent To Houston Show
Twenty colored slides, taken of the "big spring" here, and of fishing, boating, water skiing, and other activities around Lake J. B. Thomas, were received this week at the Chamber of Commerce office on request of Manager Carroll Davidson.

The slides were mailed this morning to the West Texas Chamber of Commerce for use at the Texas Sports and Recreation Show in Houston. They are to let sports and recreation-minded persons know what West Texas has for them.

Damage Suit Asking \$175,000
A suit asking \$175,000 damages has been filed in 118th District Court.

The petition, in which A. C. Bailio and Jewell Bailio are the plaintiffs, named Gerard P. Melancon as defendant.

The suit stems from a two-car collision Feb. 10, 1964, on East Tenth Street. Mrs. Bailio was injured in the collision, the petition charges.

Red Cross Class Course Planned
LAMESA (SC)—A standard course in first-aid will be taught in the Red Cross office, 309 N. Houston, beginning Feb. 1. Classes will be taught on Monday, Wednesday and Friday from 2 to 4 p.m. Mrs. Bowen Cox will instruct.

Classes will be taught on Tuesday and Thursday from 7 to 9 p.m. at the Lamesa National Bank Community Room.

The course is sponsored by the local unit of the Red Cross. Chairman of the Chapter is Mrs. Alma Wiggins.

Tryouts Tonight For 'Bus Stop'
Tryouts will begin at 7:30 p.m. tonight, and again at 2 p.m. Saturday, at the Prairie Playhouse in the city park for the next production of 'The Little Theatre of Big Spring.' Parts for three women and five men are open, as well as for backstage help.

Jack Richards will be the director of the play, "Bus Stop," and parts are open to anyone qualifying, regardless of membership in the Little Theatre group.

Mrs. Leonard Dies, Funeral Is Set
Mrs. Charilla Leonard, 94, died Wednesday night at the Golden Age Home in Lockhart where she had lived since July, 1960. She was born on May 24, 1870 in West Virginia.

Services are set for Sunday at 1:30 p.m. in Pitts Funeral Home, Bolivar, Mo.

Survivors include a granddaughter, Mrs. William Hilliger; son-in-law, Bernard Lamm; four great-grandchildren and several nieces and nephews.

Ex-Husband Of D.A.'s Woman Assistant Jailed

FORT WORTH (AP)—Prosecutors promised further steps today to keep the ex-husband of Dist. Atty. Doug Crouch's woman assistant behind bars. The man was jailed after a guard was shot at the Crouch home Thursday.

Crouch, disclosing his family had left home here for an undisclosed hideaway, asserted Thursday night: "It's not safe for anyone if that man is on the street."

Robert MacLain, 40, a Fort Worth lawyer, was charged with assault to murder after a guard at Crouch's home was wounded in a pre-dawn gun battle. He is the divorced husband of Mrs. Shirley MacLain, a willowy redhead who is a prosecutor on Crouch's county courthouse staff.

Crouch accused MacLain of threatening his life. The district attorney said earlier that shots were fired at his house previously this week, he had received threats by telephone and vandals had damaged his car.

The district attorney mentioned also that a Dec. 16 fire destroyed his farm home near Granbury, in Hood County.

DENIES IT

After his arrest MacLain denied exchanging shots about 4 a.m. with Earl Sanford, 38, a special investigator guarding the Crouch home. Sanford, wounded in the stomach, was reported in fair condition at a hospital.

MacLain, jailed overnight in lieu of \$15,000 bond, was not available for comment on Crouch's subsequent remarks.

Asst. Dist. Atty. Fred Fick said that before MacLain could post bond as expected today, he would file further complaints accusing the prisoner of possessing a bomb and carrying a pistol. Fick said he would ask \$50,000 bond on the bomb charge.

In Hood County, Sheriff J. L. Williams invoked an old statute and charged MacLain with "cutting and destroying a fence." The sheriff said this complaint was based on the fact that four fences were found cut the night Crouch's farm home burned.

Fort Worth officers arrested MacLain near the outskirts of the city soon after the gunfire outside the Crouch home here.

Crouch told newsmen that the Cadillac in which officers arrested MacLain was "a rolling arsenal—I've never seen anything to compare with it."

PELLET GUN

Investigators said they found in the car a pellet gun, a 9-mm. automatic, Army 45 pistol, 300 Savage automatic rifle, .357 magnum pistol, .30 caliber pis-

tol, .38 caliber snub nose revolver, a 22 revolver, a Mauser 7.65 rifle, a bayonet, an antique battle ax, five Molotov cocktails in soft drink bottles, a meat cleaver, a hunting knife, a Samurai sword, a throwing knife, a Japanese sword, an Argentine sword, two wire cutters, lighter fluid and towels, binoculars and a book on the art of torture.

A young Wichita Falls man arrested with MacLain was released after questioning.

Crouch said two men drove to his home and alighted from a car. Sanford stepped from behind a tree, ordered them to halt and was wounded in a burst of gunfire. The men leaped back into the car and sped away.

An examining trial for MacLain was continued until Monday by Justice of the Peace W. W. Matthews. The state said it wanted time to present medical testimony concerning MacLain's condition.

The MacLains were divorced last March and Mrs. MacLain joined Crouch's staff in July. She served previously as an aide of former Dist. Atty. Howard Fender.

City Workers Finish Class

Two city public works employees, Fred C. Overman and Santiago Pacheco, have received Texas State Department of Health certificates of competency after completing training in management of sewage treatment plant facilities.

Overman has been an employee of the city for about 11 years and is assigned to water distribution. He has previously earned several certificates for water treatment. Pacheco has been employed by the city about a year and a half is assigned to the city sewage treatment plant.

The two men passed examinations in connection with plant management and the importance of the work involving public health. Actual work experience, attendance at state and regional short schools on plant management and the examinations are required in the training.

The training program is a joint effort of the health department, Texas A&M University and the Texas Water and Sewage Works Association.

Three Injured In Car Crash

Three persons were taken to local hospitals with minor injuries after a two-car collision Thursday at the intersection of Nineteenth and Nolan Streets.

Conditions of James Berset, 1703 Jennings Drive, and Richard L. Butterfield, a passenger in the car driven by Berset, were reported much better today at Cowper Clinic-Hospital, with each having minor injuries, according to attendants.

The driver of the other vehicle involved, Mrs. Lucille Masker, 1812 Main, was taken to Medical Arts Clinic-Hospital with minor injuries. Both vehicles received considerable damage, according to police.

One other minor mishap was reported to police Thursday. A car driven by David Frederick, 3505 W. 80, collided with a parked car, owned by W. J. Dieblis, Kentwood Apartments, at 1608 Gregg.

Two Merchandise Firms Merge

A merger has been announced of two firms in which Big Spring Hardware is a stockholder for hardware merchandise.

Walter H. Allen Co., Inc., of Dallas, a dealer-owned wholesaler for the hardware business, and Cotter and Co., Chicago, warehouse distributors, marketers and merchandisers for hardware, are involved.

Big Spring Hardware has been a stockholder in the Allen Co. for a number of years. The Allen firm was founded in 1934 and now contains members in Texas, Arkansas, Louisiana, Oklahoma and Eastern New Mexico.

The Cotter firm included 1,100 member stores, before the merger. The 1965 sales of the merged firm has been projected at more than \$90 million, according to J. W. Atkins, co-owner of Big Spring Hardware, who said some additional lines of merchandise would now be available through the store here from the merged firm's operation. A meeting was held Wednesday at Holiday Inn here for 30 dealers in this area who are stockholders in the firm, for explanation of new procedures.

Lamesa Hosts FTA Meeting

LAMESA (SC)—The V. Z. Rogers Chapter, Future Teachers of America, of Lamesa High School, will be cohostess with Odessa Junior College Chapter for the district FTA association meeting Saturday. Chapters from Andrews, Big Spring, Colorado City, Crane, Kermit, Lorraine, McCamey, Snyder, Seminole, Odessa, and Midland are expected to attend.

Registration will begin at 9 a.m. in the Lamesa High School auditorium. Workshops will be held during the morning session. Billy E. Snow, state consultant for Future Teachers of America, will be speaker. A business session, at which district association officers will be elected, will be held in the afternoon.

Highlight of the meeting will be the selection of Mr. and Miss Future Teachers of America. They will be entered in state competition later. Lamesa candidates are Lynn Sellers and Rodney Davis.

Services Today For W. McAdams
Services for W. J. McAdams, 79, former Big Spring resident who died at Celina after a long illness, were set for 2 p.m. today, with a Celina funeral home in charge of arrangements.

Mr. McAdams moved from Hill County, where he was born Oct. 18, 1885, to Big Spring in 1928. He engaged in construction, farming and ranching until 1948. Mrs. McAdams, the former Miss Clara Cox was, for many years, an English instructor in Big Spring high school and also served on the school board.

Other survivors include a daughter, Mrs. W. J. Barnes, Big Spring; two sons, Garner McAdams and Tom McAdams, both of Big Spring; four grandchildren and six great-grandchildren.

Ailing Cardinal Hospitalized
CHICAGO (AP)—Albert Cardinal Meyer, Roman Catholic archbishop of Chicago, was hospitalized early today with what was described as gall bladder trouble.

Arrests Made After Blast Near Princess

ABBEYLEIX, Ireland (AP) — Police rounded up suspected members of the outlawed Irish Republican Army today after an explosion put out the lights and broke windows at the country mansion where Princess Margaret is visiting.

No one was hurt in the explosion, which occurred in a power transformer about three miles from the mansion. It apparently was part of an IRA campaign to make the sister of Queen Elizabeth II feel unwelcome in Ireland.

Irish security forces said at least seven men were arrested, six in Waterford and another in Kilkenny. It was not known if any of them were implicated in the transformer explosion.

They were to be held at least until the princess leaves for home on Sunday.

One report said a group of Republican extremists threw a bomb at security men in a fight south of Abbeyleix.

The explosion Thursday night blacked out Abbeyleix House, an 18th century house, several hours after the princess and her husband, Lord Snowdon, arrived there to visit his brother-in-law and sister, Viscount and Viscountess de Vesci.

Police said saboteurs threw a heavy wire across high voltage cables near the De Vesci's mansion. The resulting short circuit set off the explosion. The town of Abbeyleix and the surrounding countryside were blacked out.

Old Oil Issues Before Congress

WASHINGTON (AP) — The old familiar issues of regulation of natural gas producers, fuel oil imports and tax depletion allowances are again before Congress.

Bills dealing with these questions were introduced this week. There is some disposition to regard introduction of the natural gas bill as mainly an effort to keep the subject before Congress.

U.S. REGULATIONS — Outlawing of utility type federal regulations of producers. — Keeping the federal government out of gas conservation matters.

Twice Congress has passed bills to remove independent gas producers from federal regulations. One was vetoed by President Eisenhower in 1956 and one by President Truman in 1950.

Rep. H. R. Gross, R-Iowa, reintroduced this week a bill to reduce the 27 1/2 per cent tax depletion allowance for oil and gas operators to 15 per cent.

Similar measures never have gotten before the House for action in the past. In the Senate several proposals to reduce the allowance have been voted down.

Mob Attacks On Embassies Prompt Study

WASHINGTON (AP) — Secretary of State Dean Rusk is reported to have ordered a study on what should be done about mob attacks on American embassies and libraries overseas.

As the new Senate opened for legislative business Tuesday, influential support quickly mounted for an aid law amendment introduced by Sen. Stuart Symington, D-Mo., to cut off U.S. assistance to any country which fails to take necessary precautions to protect U.S. property.

Lethal Food Fed Seals

TULSA, Okla. (AP) — Pre-packaged foods proved fatal to two seals at Mohawk Park Zoo. An autopsy ordered after the seals had died showed their stomachs were lined with plastic which had blocked their digestive processes, it was disclosed Thursday.

The plastic was traced to a pool-side cooler where fish wrapped in plastic bags were sold to patrons as zoo food. Some of the customers apparently fed the seals the fish still wrapped in the bags. The concession has been closed.

Rural carriers are not required to perform service on foot when roads cannot be traveled with the vehicles normally used, but they are expected to make every reasonable effort to serve as many of their patrons as possible without physical exertion or added financial cost.

If excessive detours are necessary to effect delivery of mail, customers should temporarily relocate their boxes on a new line of travel, arrange to receive their mail through other patrons' boxes, or make other arrangements for their mail until travel on the roads affected can be resumed.

PITTSBURGH (AP) — The AFL-CIO United Steelworkers and the basic steel industry will suspend negotiations for a new labor contract until after the USW elections next month, it has been learned.

Announcement of the suspension until at least Feb. 15 was expected today. The election is Feb. 9.

Help Asked For Rural Mail Carriers

Two Big Spring area postmasters have jointly asked the patrons of rural mail routes to help mail carriers make deliveries during bad winter weather.

The statement, issued by E. C. Boatler, postmaster at Big Spring, and Mrs. Wanda C. Russell, acting postmistress at Ackery, points out this is the season when weather could make mail delivery on rural routes difficult.

The Big Spring post office has five rural and star routes delivering this and adjacent counties. There is one mail route operating out of the Ackery office.

The two postmasters said that approaches to rural boxes should be kept open by the patrons and that obstructions to the delivery of mail on rural and star routes should be removed or minimized to the fullest possible extent.

Where rural boxes pose a problem, the carrier may leave form 4056, "Your Mailbox Needs Attention," a notice to keep box approaches clear by promptly removing all obstructions, including snow, which may make mail delivery difficult or impossible.

Unless approaches are clear it may be necessary to temporarily withhold delivery of mail, the postmasters pointed out.

Thoughts for THINKERS
Keeping the law of Ten Commandments won't get you into heaven. But breaking them may keep you out! Here is a nice distinction! How can this be?
The answer is that heaven is a gift, not something to be earned. It is the gift of God made at the price of His Son's life. In Christ the simplest or vilest sinner may find salvation from the death decree. He has only to believe, in faith to lay hold of the gift.
But in order to believe, the sinner must first know the Saviour. To know Him is to love Him. To love Him is to follow Him, to observe His precepts. Jesus said, "If ye love me, keep my commandments." John 14:15.
The keeping of God's commandments when we love Him becomes a pleasure, a natural act rather than a process of attempting to earn salvation by works. It becomes something we want to do in order to demonstrate our love, in order to avoid wounding Him further. "He that saith, I know him, and keepeth not his commandments, is a liar, and the truth is not in him." 1 John 2:4.
This is where faith becomes inextricably linked with works, for here works become the outgrowth, the fruit of loving, of knowing Jesus. Even as we demonstrate our love through deeds to our fellowmen, so through deeds we demonstrate our love to God.

State Water Plan Asked

AUSTIN (AP) — The Texas Research League recommended today reorganization of state water administration. The report said state prestige is staked on the success of its water planning.

The league proposed direct state financing of some water development projects and a shift in planning functions from the State Water Commission to the Water Development Board.

"The prestige of the state, its governor, its state water agencies and its water leaders has not been placed irrevocably behind the effort to make an effective state water plan and to assume the responsibilities for leadership in Texas water development. In a very real sense, state government is on trial. And the odds against success are very long," the report said.

Gov. John Connally asked the water commission in August to begin work on a comprehensive state water plan. He asked the legislature to vote \$740,544 for the study.

Longhorns, Cooper Vie Here Tonight

Big Spring tries again tonight to notch its first District 2-AAAA basketball win and this time catches Ablene Cooper at home.

Tipoff time is 8 o'clock. B teams of the two schools clash at 6 p.m.

Cooper is still very much in contention for the conference championship, having broken even in its two starts. The Cougars, coached by Bill Villines, were upset by Midland Lee earlier this week, 83-70, after opening with a win over Odessa High.

Big Spring has lost both its conference games — to Lee and Odessa — and is 5-11 for the year. The Steers outshot the Bronchos from the field but were badly beaten at the free throw line.

Mickey Wisco, 6-6 1/2, is the scoring threat of the Cougars. He poured 37 points through the hoop in a recent game with Hobbs, N. M.

DON WHITE

John Green, with a 16-point scoring average, Gary Maltos and Mike Simmons are the other starters for the Cougars, who have an average record of 8-4.

Bill McCook will see a lot of action for Cooper and could start in place of Simmons. Allen Simpson, the local coach, will probably open with a lineup consisting of Don White, Simon Terrazas, Butch Foster, Paul Thomas and Joe Jaure.

Cooper's margin of victory over Odessa was 74-44. The Cougars lost to Lee by an 83-70 tab.

The Longhorns have beaten one Class AAAAA club, Ysleta Eastwood, this season. Their other successes have come at the expense of Farwell, Phillips, Lampasas and Andrews.

Coach Simpson reasons his Steers are going to have to master defense, if they are to contend against other 2-AAAA teams.

The Longhorns have been showing improvement along that line but not enough.

All Stars On Hand For Links Classic

LOS ANGELES (AP) — Open carries the largest purse in its history.

Guess who is the favorite. You are thinking maybe J. C. Goosey? Possibly James Black? Roger Ginsberg? No. Fellow name of Arnold Palmer.

Along with Palmer are such luminaries of the game as the U. S. Open champion, Ken Venturi, who won this one in 1959; Champagne Tony Lama, the British Open champion; PGA champion Bobby Nichols, and virtually all the other top money winners of 1964.

The Rancho Municipal Golf Club course, par 36-35-71, whose 6,800 yards have been well drenched by recent rains, is the tournament site.

Whether the other pros like it or not—and missing are Jack Nicklaus, whose only major win last year was the most money, and Gary Player of South Africa—Palmer is the general pick to pocket the \$12,000 winner's purse next Monday.

Paul Harvey was a surprise winner here last year, with a 72-hole total of 280.

Palmer thinks it will take 275 to do it this year.

"I know that seems a little low," he said, "especially since Harvey won with 280, but you ask what I would take and I say 275."

Later he admitted with a smile that he had a practice round of 66, five under par, at the Los Angeles Country Club's north course, one of the toughest in the nation.

"That was pretty good, I guess," he conceded.

Incidentally, J. C. Goosey, Jim Black and Roger Ginsberg are not fictional golfers by any means. J. C. cut a pleasant figure out here a few years back but unfortunately—goil writers in particular—J. C. has faded into obscurity and his native hills of Tennessee.

South Slight Favorite In Game At Honolulu

HONOLULU (AP) — The South All-Stars, led by Craig Morton, Gale Sayer and Larry Eldkins, rate as slight favorites over the North in the annual Hula Bowl game Friday night.

And, the South gained more of an edge Thursday when Len Cassanova, co-coach of the North, pulled out of the game and flew back to the mainland.

Despite weather forecasts for showers, an all-out passing duel is expected, with California's Morton facing two formidable opponents in Jerry Rhome of Tulsa and Bob Berry of Oregon.

For the first time in its 19-year history, the Hula Bowl will be nationally televised. The game will be video-taped here with the tape flown immediately to Los Angeles for editing and showing Saturday afternoon on the mainland.

Heavy rains Thursday morning turned the Honolulu stadium field into a quagmire and forced both teams to cancel their scheduled practice sessions.

The teams limbered up along Waikiki Beach and later held skull sessions at their hotel.

The South gets the edge mainly on the strength of its explosive backfield which includes Eldkins of Baylor at flanker back, Sayers of Kansas at halfback and Jim Grisham of Oklahoma at fullback.

Grisham and Oklahoma tackle Ralph Neely, both originally barred from playing here for signing pro contracts prior to the Gator Bowl, are now scheduled to see action for the South according to promoter Mackay Yanagisawa.

Casanova had shared the North coaching chores with Wayne Hardin, recently resigned as head coach at Navy and Frank Broyles of Arkansas is coaching the South.

Hardin said Casanova was unavoidably called back to a meeting of the American Coaches Association in Chicago.

Hawks Launch Meet Action

HCJC's Jayhawks go to Lawton, Okla., tonight for a first round game in the All-States Basketball tournament.

The Jayhawks, 9-5 on the season and fresh from an impressive Western Conference victory over South Plains, meet rugged Garden City at 7:05 p.m. over KBST.

Originally, the Hawks were ticketed to oppose Cameron, Okla., but the pairings were redrawn.

Nationally ranked Garden City is slightly favored to topple the Hawks. HCJC returns to competition in the Western Conference next Tuesday, at which time it will be in Amarillo.

Probable starters for HCJC tonight include Jim Flowers, Eddy Nelson, Keith Bond, Tom Carter and Kurt Papp.

Lobos Again Rated Tops In Basketball

By TED MEIER
Associated Press Sports Writer

Ira Harge has graduated. So have Claude Williams and Mike Jacco. Nevertheless the New Mexico Lobos again are in the forefront of college basketball teams.

Coach Bob King's boys from Albuquerque won their 10th straight and upped their record to 11-1 by whipping Arizona State 69-48 Thursday night. At this rate the Lobos may better their 23-6 record of last season when they tied for the Western Athletic Conference championship and finished runner-up to Bradley in the NIT.

Dick Ellis, a junior from Indianapolis, led the Lobos to their home-court victory with 10 points.

Davidson, No. 10 in The Associated Press poll, also made it 10 in a row and 11-1 over-all by downing NYU 82-73 in the feature of a doubleheader at New York's Madison Square Garden.

And fourth-ranked St. Joseph's of Philadelphia similarly made its record-11-1 by crushing Lehigh 85-55 at Bethlehem, Pa. The Hawks and Davidson were the only teams in the AP Top Ten to see action.

Davidson had to come from behind in the second half to beat NYU. The Wildcats, down by 53-47, were rallied by big Fred Hetzel. Held to two points in the first half, Hetzel led an 11-point spurt that put Davidson on top. He finished with 12 points.

Iona upset Duquesne 63-61 in the Garden first game on Warren Isaac's 40-foot long shot with just two seconds left to play.

Bradley, Utah State and Arizona all came through on the road. Bradley came from 10 points back to edge Tulsa 71-49 helped by Chuck Buescher's 10 points in the clutch.

Namath Says He'll Make Major Effort

MOBILE, Ala. (AP) — "I'm gonna try like hell." Joe Namath's steel gray eyes flash fire when he is reminded of the derisive remarks of football veterans over his fantastic \$400,000 contract—and the suggestion that he could prove the game's biggest bust.

Frank Ryan, quarterback of the National League champion Cleveland Browns, commented facetiously that if a rookie quarterback with a bum knee is worth that kind of money, "then I must be worth a million."

Even more bitter words came from Namath's future teammates on the New York Jets of the American League—quarterbacks Dick Wood, Mike Taliaferro and Pete Liske.

"I don't see how anybody coming out of college is worth that much," said Wood. "Sounds impossible," added Taliaferro. "I'd lie if I didn't say I was disappointed," complained Liske.

HANNER DOUBTFUL
Dave (Hawk) Hanner, 10-year tackle of the Green Bay Packers, said he didn't believe Namath or any other bonus baby in pro football would be willing to pay the price.

"Pay the price?" Namath blurted today, talking between practice sessions for Saturday's Senior Bowl game. "This guy hasn't spent four years at Alabama or he'd never make a statement like that."

"You don't play four years under Coach Bryant (Paul Bear Bryant, the Alabama coach) without paying the price. You give every gut you have or you don't play."

LOOKING 'EM OVER

With Tommy Hart

The Cleveland Browns notwithstanding, I think the St. Louis Cardinals would up as the best team in the National Football League and undoubtedly will be the team to beat in the 1965 race.

The Cardinals, with Big Spring's Charley Johnson at the controls, looked like the much hungrier ball club in that Playoff Bowl game against Green Bay in Miami last weekend. The Packers merely appeared to be looking for a pay day.

Some of the metropolitan scribes are now labeling Johnson as a "superstar of the future." If he hasn't yet arrived, and I think he has, 1965 should be his year to shine.

Johnson also made a fine post-game appearance on Frank Gifford's show. He was very much at ease in front of the cameras, more so perhaps than Gifford.

The college coaches may have a beef coming about the early signing of some of their football talent but I doubt it. They strain at the leashes to draw off the talent from high school ranks, and, in many instances, jeopardize the eligibility of some of the athletes who might engage in other sports.

If the pros are in danger of killing the goose that laid the golden egg on the college level, the college people set a good example for them by scrambling for talent among the prep schools.

A common draft conducted by both leagues might solve a lot of the recruiting problems but there are people in the NFL who still won't admit the existence of the other circuit.

A group of Chicago people have offered \$1 million a year for 40 years for parking rights to a proposed new sports center there.

The parking rights would, of course, extend 24 hours a day the year around and help in developing commercial building around the area.

Some of the Chicago people want to locate the sports arena in the area where it would wipe out some of the city's notorious Skid Row.

Big Spring's Boyce Hale, one of the city's better known basketball officials, has been transferred by his company to Burger.

Hale says he has been promised plenty of employment in cage officiating in that area, a hotbed of basketball. There is a possibility he'll live in neighboring Phillips rather than Burger itself.

Hale is of the opinion that officiating is becoming more complex because coaches — consciously or unconsciously — are planning offense to screen out arbiters and thereby hide infractions. The stratagems will often cause officials to rotate about the court opposite from the way they're supposed to. When that happens, the arbiters are prone to get "lost" and it becomes difficult for them to cover all phases of play.

Boyce is committed to officiate in the Girls' State Tournament at Austin again this year. He hopes to gain employment in the Boys' State meet for a year or two before he quits for good.

Boyce is one of only four Big Spring officials who have been consistently hired to work Class AAAAA games this year.

Garland High School's football team played before 233,427 paying customers on its way to its second consecutive Class AAAAA championship the past season. That averages out to more than 18,000 a game for 14 games.

Garland's home stadium seats less than 12,000.

The city gets a second high school next year, so the football prosperity there may come to a temporary halt.

Gilmer Takes Coaching Job At Detroit

DETROIT (AP) — Harry (Cowboy Hat) Gilmer, onetime Alabama collegian forward passing sensation, is the new coach of the Detroit Lions of the National Football League.

The Lions and millionaire owner William Clay Ford signed Gilmer Thursday to a reported \$35,000-a-year contract at a secret meeting at club headquarters.

Gilmer, lured away from the Minnesota Vikings where he was a top aide to coach Norm Van Brocklin for four years, succeeds the resigned coach George Wilson, victim of the Lions' coaching upheaval last month.

The 38-year-old Alabamian, star of the great Crimson Tide teams of the middle and late 1940s and who set records galore for his era, was grabbed up by the Lions less than three weeks after Wilson's resignation following the firing of all his five assistant coaches.

Ford, of whom fans here were critical for his handling of the pre-Christmas coach removals, said he was happy to get Gilmer.

The Lions reportedly received the approval of the Vikings before they made their tender to Gilmer. The clubs were said to have talked together beforehand and the Vikings gave the Lions a go-ahead in their effort.

On one score surely the Lions have added to club roster.

Goliad Fives Win In Meet

COLORADO CITY — Big Spring teams broke even in four games in the Colorado City Junior High basketball tournament here Thursday evening.

Quintets representing Big Spring Goliad flogged Snyder Travis teams on both levels of competition. The eighth graders won, 34-28, after the seventh graders had prevailed, 33-29.

Big Spring Runnels lost two games, yielding to Snyder Lamar in each instance. In the eighth grade division, Lamar's margin of victory was 27-24. In the seventh grade outing, the Snyder club earned a 26-19 victory.

Goliad's seventh graders meet Lamar at 1:00 o'clock today while the eighth grade Mavericks play the same school at 2:15 p.m.

The two Runnels contingents do not see action again until Saturday. The seventh graders meet Travis at 10 a.m. tomorrow, the eighth graders the same school at 11:15 a.m.

Local Boys Plan Visit To SMU

Three Big Spring football players, one of whom performed for the Steers in 1963, will visit the SMU campus in Dallas this weekend.

They are Baxter Moore, a star here two seasons ago is set on transferring from Texas Tech to SMU; Johnny Hughes and Don White.

Another area footballer who will visit the campus is Eddie McHugh, Coahoma's all-state back.

Goliad Defeats Coahoma, 57-33

Goliad's ninth graders rallied after a slow start to defeat Coahoma Junior High, 57-33, in a basketball exhibition here Thursday evening.

The win was the seventh in ten starts for the Mavericks. Norman Landy led Goliad with a 21-point output.

The Mavericks could hit only eight per cent of their shots from the field the first half and trailed at the intermission, 20-18.

Goliad meets Runnels in the high school gymnasium Jan. 14.

Ninth graders:

DEAR ABBY

A Chance To Help

DEAR ABBY: There's a fatherless family in our neighborhood. The mother works and the children more or less shift for themselves.

The eldest is a 17-year-old girl who has no supervision whatsoever. She smokes and drinks and my college-age son told me not to let my 19-year-old brother because you wouldn't believe what goes on over there.

I hate to have to tell our boy that I have nothing against Johnny (not his real name) but because his home atmosphere is so bad I don't want him to associate with Johnny any more. I realize that it's not Johnny's fault that his environment is

poor, but I'm afraid he will be a bad influence on our boy. How can I forbid my son to play with Johnny without appearing snobbish? It's practically impossible to keep them apart. They are in the same grade at school and live in the same block. Other mothers in the neighborhood share my problem and we need an answer.

UNSOLVED PROBLEM
DEAR PROBLEM: Tell your son that if he wants to play with Johnny, Johnny will have to come to HIS home. But under no circumstances is he to go to Johnny's. Perhaps your son could be a good influence on Johnny. And if you cultivate Johnny's friendship and win his confidence, you might be a tremendously positive factor in building his character. It's not enough simply to refrain from doing evil. Seize every opportunity to do good and make the most of it.

DEAR ABBY: What is your opinion of people who offer to take you on a "tour" of their homes when you visit them? In my opinion it is showing off. I have had this happen with people who have modest homes, and also with people who have better homes. Either way I feel it is wrong. If a person has a simple home, why show off the ordinary things that everybody else has? On the other hand, if they have a better home, isn't it bragging and in poor taste to show off what they have to people who have less? I would like your opinion.

AGAINST HOUSE TOURS
DEAR AGAINST: Most people offer their friends a "tour" of the house because they assume their friends are interested in seeing it. (And they usually are!) I do not consider it "showing off" but if YOU do, don't offer a "tour" of your home. But don't condemn those who do.

DEAR ABBY: You be the judge. My wife and I recently were married and we have opposing views on affection. We are both in our early 30's and have been married before. My wife claims that I don't show her enough affection and, by her standards, I don't. I was brought up in a series of orphanages and foster homes, and affection was not a part of my life. I never kissed people hello, goodbye and goodnight. My wife and her family are constantly kissing each other. I suppose I should try to be more affectionate, but it doesn't come easily to me. Maybe this should be addressed to your husband, as you girls seem to have a thing about hugs and kisses.

DEAR DEFENDANT: No one is born affectionate. It is acquired and can be taught. Make a practice of always kissing your wife hello, goodbye and goodnight, and after a while it will come easily to you, too. Affection begets affection.

Bills Offered By Hundreds

WASHINGTON (AP) — Congress barely opened its doors and the bills spilled in by the hundreds.

Measures to enhance "the nation's anadromous fish" swim side by side with those that would make Daylight Saving Time mandatory, would direct the Navy to name its next cruiser the Brooklyn, would change the date of Memorial Day, would give veterans with wooden legs or arms a clothing allowance, would consider putting the nation on the metric system of weights and measures — and more. Many more.

SOMEONE CARES
No matter how odd sounding or what wrong the legislation is designed to right, each measure is important to someone and likely will get a hearing of some kind — even if brief.

Some of the bills have gone through the legislative mill before and been tossed aside only to return again.

A bill introduced by Rep. Robert McClory, R-Ill., is such a one. It would provide for a study of the pros and cons of adopting the metric system.

McClory introduced this one in the last session too. "Why it didn't get to a hearing I just don't know," he said. "There is some opposition among the large manufacturing companies. They are fearful they might have to retool."

OTHER LANDS
He argued that if the metric system were adopted "it would be much easier to relate our technology with other parts of the world."

There are a couple of measures asking to make Columbus Day a legal holiday, and Rep. Richard Fulton, D-Tenn., is trying to arrange a three-day holiday every spring by changing the date of Memorial Day from May 31 to the last Monday in May.

Divorce Of Filibuster, Rights Matters Sought

WASHINGTON (AP) — Southern senators sought today to divorce the fight over the Senate's antifilibuster rule from the civil rights issue.

They said their opposition to changing the present rule requiring a two-thirds majority of senators voting to cut off debate could no longer be tagged as just an effort to block civil rights legislation.

"In view of the far-reaching civil rights law passed last year under the existing two-thirds cloture rule," said Sen. Willis Robertson, D-Va., "there is virtually nothing left for Congress to do in that field."

He said that if a bipartisan group of senators succeeds in its efforts to impose a tighter debate — limitation rule, the action may rise up to haunt these senators in the years ahead.

Sen. George D. Smathers D-Fla., said "It would be most unfortunate for this rules issue to be interpreted as a civil rights fight."

He said he regards the civil rights issue as water over the dam with the passage of last year's bill.

In the current rules scrap Smathers said, it is a question of little states vs. big states the protection of minority groups, and "what kind of Sen-

ate we are going to have."

Two proposals for changing the two-thirds rule to make it easier to choke off filibusters were introduced in the Senate Wednesday.

One offered by Sens. Clinton Anderson, D-N.M., and others would permit debate to be shut off by a three-fifths majority of senators voting.

The other proposed by Sen. Paul Douglas, D-Ill., a majority of the Senate membership, or 51 of the 100 senators, could cut off a filibuster.

McMeans To Visit Rice U.

A Big Spring High School senior, Dub McMeans, son of Mr. and Mrs. W. O. McMeans, 2910 W. 7th, will visit Rice University in Houston Friday in connection with a scholarship offer by the university. The university is providing McMeans, who plans to study medicine, with the trip. He will leave from Midland Air Terminal Friday to visit the school.

I DEFINITELY HEARD A NOISE DOWN THERE IN THE GORGE LIKE SOMETHING FALLING.

MAYBE SAWYER IS DOWN THERE STUMBLING AROUND.

THEN HE'S STILL ALIVE.

WE'LL HAVE TO CLIMB DOWN THERE AND MAKE SURE.

WITH THE WOODCHIPPERS OUT OF SIGHT, BUZ CLIMBS DOWN FROM THE TREE.

GASOLINE ALLEY

Oh no! Not again!

We can't stop every five minutes to feed that crazy seal, Chipper! Let her bark!

sure, and get pinched for disturbing the peace!

We'll be lucky to make it to school by midnight!

She's not hungry!

Maybe she needs you know—to go for a walk!

HERE IT IS, MR. WILSON! THE PACKAGE OF FROZEN PEAS THAT MRS. ADAM ACCUSED EMMA OF STEALING!

BETLE BAILEY

I CAN'T UNDERSTAND IT. I WAS SURE I'D CATCH BEETLE LOAPIN' IN THE SHADE OF THIS TREE!

I GUESS I MISJUDGED HIM.

PEANUTS

YOU HAVE VERY NICE HANDS, VOLET.

THANK YOU.

I THINK NICE HANDS ARE IMPORTANT FOR A GIRL.

I DON'T LIKE MY HANDS... THEY'RE TOO SKINNY.

WHAT CAN YOU DO TO GAIN WEIGHT IN YOUR HANDS?

DICK TRACY

YES, ONE'S DEAD--THE OTHER'S WINGED.

ON YOUR SCREEN YOU'LL SEE THE FROZEN BODY OF OUR AMATRIX, TRINKA.

GREAT WORK, TRACY.

College Merger Proposal Fought

DALLAS (AP) — Opposition to all-out merger of Arlington State College into the Texas A&M system apparently was growing in the Dallas - Fort Worth area today.

State Sen. Don Kennard of Fort Worth revealed Thursday that a group of ASC supporters opposed to the proposed merger and asked Gov. John Connally for a conference.

He said the group wanted to discuss "how our proposals for ASC dovetail with Gov. Connally's plans for improving higher education in Texas."

Businessmen of the area and Arlington State students make up the group seeking the Connally conference, Kennard said.

Meanwhile, Gifford Johnson of Dallas said another meeting of the education committees of the chambers of commerce of Fort Worth and Dallas was planned, Johnson is chairman of the Dallas group.

ASC alumni spokesmen and leaders of the school's Save Our School Committee also plan a meeting with Tarrant County legislators. No date has been set.

Rep. Jack McLaughlin said the alumni - legislator meeting probably would be held this weekend and would concern itself with legislative action to separate ASC from the A&M system.

Cotton Curbs Seen Violated

LITTLE ROCK, Ark. (AP)—Agriculture Department officials have revealed an Arkansas investigation which one spokesman said was comparable to the probe resulting in the 1962 Billie Sol Estes scandal.

The inspector general's office of the department is moving teams of investigators into the 66 cotton producing counties in the state to check overplanting of allotments.

Arkansas farmers will produce an estimated 1,580,000 bales of cotton valued at \$273 million this year.

Cotton is growing under strict allotments in an attempt to curb an ever growing surplus. The government guarantees farmers who observe the allotments certain benefits, such as price support. It provides strict penalties for those who do not.

The department apparently feels that large numbers of the allotments are not being observed.

Stevens Sarrapede of the office of the inspector general in Washington said teams of five or six investigators were being moved into the state, driving unmarked cars with Texas license plates. He said the teams operate from the regional office at Temple, Tex.

A. C. Mowery, state ASCS manager, would not say whether he had been informed of the probe.

World Population Explosion Faced

WASHINGTON (AP) — In careful but clear language, President Johnson has given new impetus to the U.S. government's role in the struggle to contain the explosive growth of the world's population.

He said: "I will seek new ways to use our knowledge to help deal with the explosion in world population and the growing scarcity in world resources."

As far as could be determined it was the first time a president had used a major address to comment on the scope of the problem and the need to solve it.

The late President John F. Kennedy, at a news conference on April 24, 1963, said the United States should support making information about the reproductive cycle available to the rest of the world. He also endorsed studies in the fields of reproduction and fertility.

IS ENTANGLED
 Johnson didn't mention birth control, but this inevitably is entangled in any significant effort to limit population growth. In developing areas of the world, it is frequently a battle just to expand food production fast enough to keep up with the population growth.

The State Department is already offering training and research assistance to underdeveloped countries trying to meet problems of population growth by aiding governments and responsible private agencies in training specialists.

Special attention is being given to Latin America. State Department officials say one member of each U.S. mission there has been designated to deal with governments and other agencies dealing with the population problem.

Farm Program Cost Cut Eyed

WASHINGTON (AP)—President Johnson's declared goal of reducing costs of federal farm programs would have its first impact on agriculture in 1966—assuming of course that Congress approves his recommendations.

The first indication of how Johnson would reduce these costs—which now run around \$5 billion a year for price and income stabilization purposes—is expected to come in a special message on agriculture to Congress late this month.

Most of the farm programs

for 1965 have already been announced with White House approval. These programs seek to maintain farm income at the 1964 level and do not—as some farm groups who backed the President in November have urged—attempt to increase farm returns.

Indications are that there may not be complete agreement on Johnson's farm program goal within the administration. Top Agriculture Department officials disclosed that what Johnson had to say about agriculture in his message was not what the department had recommended that he say.

These officials said they believe the Budget Bureau wrote the farm portion of the message.

Freeman recently predicted the administration will recommend an extension of present stabilization programs for cotton, feed grains, wheat, wool and sugar crops. All are due to expire Dec. 31.

Freeman said there would be proposals for some modifications.

Most of these programs offer government price supports and payments for reducing acreage. One way of cutting costs of these payments would be to put a limit on the amount that

Easy To Pay Poll Taxes

Big Spring Kiwanians, who have not as yet paid their 1964 poll tax to qualify themselves to vote in elections of this year, will have opportunity Thursday to make such payments at the regular luncheon of the club.

It was announced that a representative of the office of Zirah LeFevre, county tax assessor-collector, would be at the luncheon prepared to issue receipts to any Kiwanian who wishes to pay his tax at that time.

Deadline for payment of poll tax is Jan. 31. Relatively few citizens have paid their poll tax so far. Failure to do so will bar a citizen from participating in any elections which may be held during the year. Civic organizations are pushing for as many citizens as possible to qualify themselves for voting.

Pentagon Says Airman Alive

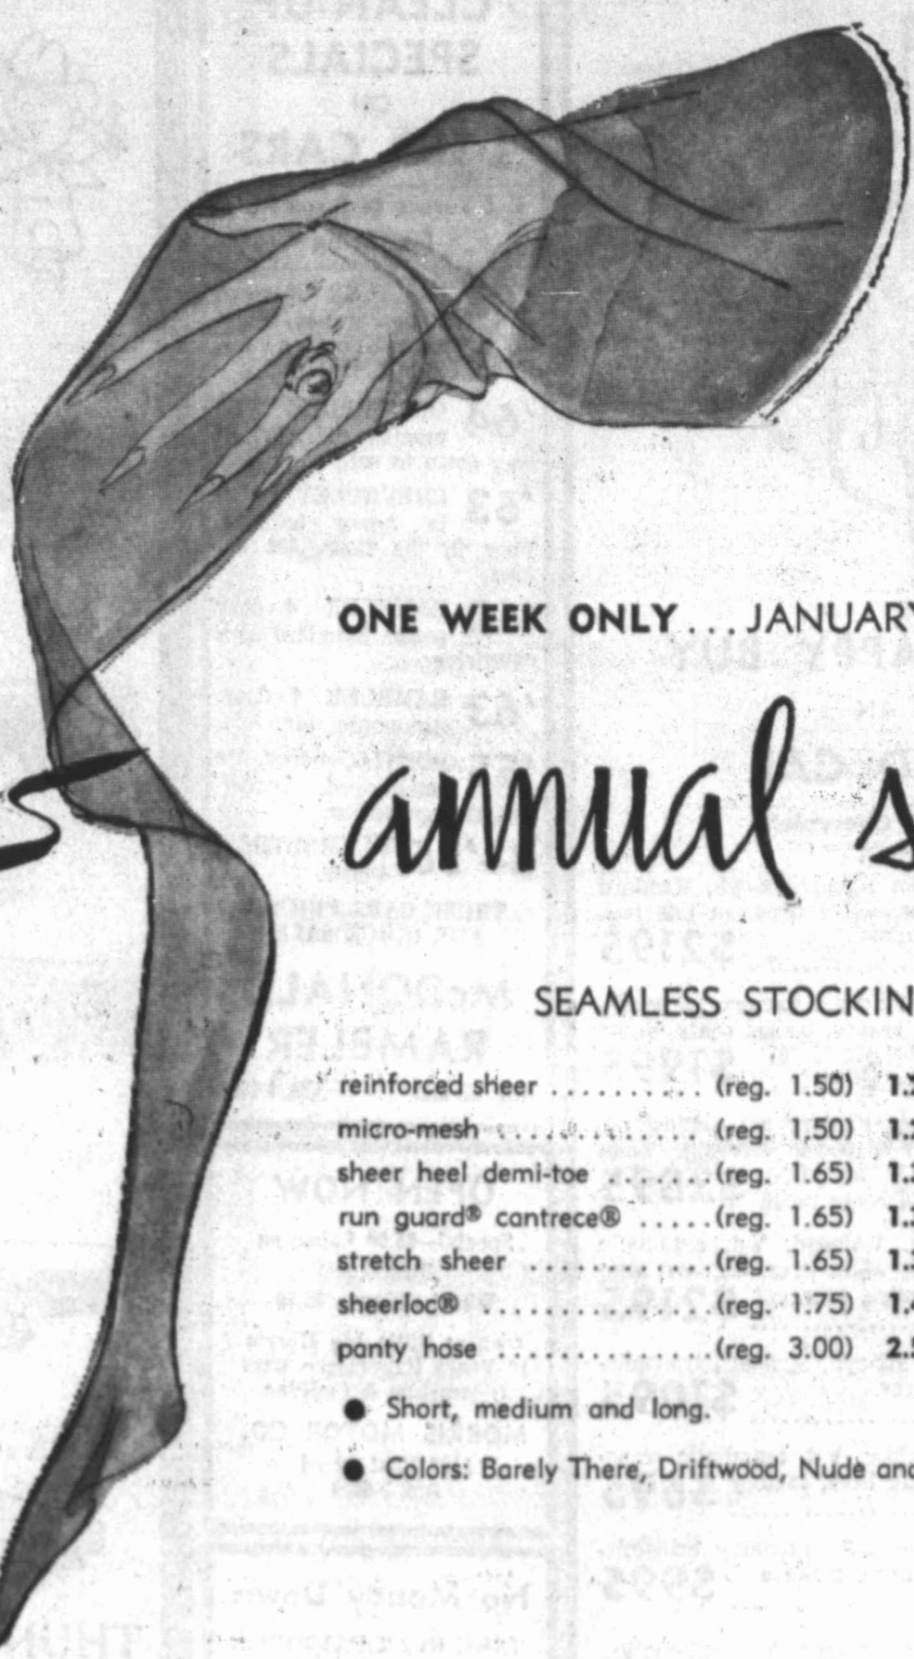

WASHINGTON (AP) — The Pentagon says Air Force M. Sgt. Donald H. Hiller, serving in South Viet Nam, is alive and well.

Hiller's mother, Mrs. LeRoy Hiller of Richmondville, N.Y., said Wednesday night that she had received word by telephone from a "casualty control officer" that her son had been killed in action.

A spokesman at the Pentagon said Thursday night, however, he knew of no title of casualty control officer and said next of kin almost always are notified in person or by telegram.
