Turkey Quits  
Multilateral  
N-Fleet Group

WASHINGTON (AP) — Turkey has pulled out of the proposed multilateral nuclear fleet, knocking another pin out from under the already wobbly project.

The notification was given Washington Wednesday, but officials say they are not surprised. The State Department has been aware of Turkey's lack of enthusiasm for about two months.

Turkey borders Russia, and officials speculated that Moscow's stiff opposition to MLF might have had something to do with the decision.

PICKS UP THORNS  
Uncle Sam's pet tiger already has picked up more than its share of thorns. France attacked MLF violently last month.

Britain's new Labor government has been working on alternative plans. Other Allies are cool. In fact, West Germany is the only major Western power to see MLF in the same light that Washington does.

Turkey's desertion is the first, however, and officials consider it a heavy psychological blow. Others, it is feared, might follow suit.

MLF is a proposal for a separate force of surface ships, equipped with nuclear-tipped Polaris missiles and manned by a mixed crew of Allied sailors. In this way America's allies would share in a nuclear force and yet proliferation of nuclear weapons would be avoided.

INDEPENDENT FORCE  
U.S. policymakers figure that major countries — West Germany is prominent in their thinking — would build an independent nuclear force of their own if they failed to share in atomic control.

Turkey was one of eight Allied nations studying the political, military, technical, and financial possibilities of the plan to launch the fleet of 25 vessels equipped with 206 Polaris missiles. An 11-man Turkish contingent is on the Ricketts, an American destroyer operating experimentally with a seven-crewed U.S. officials expect the Turks to be pulled out.

DELAY GRANTED  
President Johnson and Chancellor Ludwig Erhard of West Germany agreed last June that the charter creating the fleet should be ready by the end of 1964. A minor delay of a few weeks was granted last December when Britain's new leaders told Washington they needed time to prepare their proposals for a broader nuclear defense system, which would include British bomber planes and submarines.

Before Christmas, Johnson decided to forget about deadlines and leave it to the Europeans to work out a defense system on which they could agree. This meant a return to the original American concept that if the Europeans want a say in nuclear strategy, they themselves must find the means how to do it. It also meant, many specialists believe, a shelving of the idea.

Landslide  
Kills Two

VANCOUVER, B.C. (AP) — Two persons were killed today and five were missing in a landslide at the coastal lumber town of Ocean Falls, 300 miles northwest of Vancouver, police reported.

Ham radio operator Einar Carlson at Ocean Falls said further slides are feared.

The slide followed torrential rains and heavy snow runoff.

U.C.L.A. Given  
Art Collection

LOS ANGELES (AP) — Dr. Armand Hammer, chairman of the board and president of the Occidental Petroleum Co., has donated his private art collection, including works by Rembrandt, Frans Hals, Rubens and Lippi, to the University of Southern California in Los Angeles.

BULLETIN

WILLOW RUN, Mich. (AP) — An airliner crashed and burned at Willow Run Airport shortly after noon today. State Police said ambulances had been summoned. No further details were available.

Play In Sand

Sen. Edward M. (Ted) Kennedy kneels on the beach at Palm Beach, Fla., to play in the sand with his children, Ted Jr., 3, and Kara, 4. At right is his wife, Joan. Kennedy went to Florida following lengthy hospital treatment for injuries suffered in private plane crash last June. (AP WIREPHOTO)

Ticket Writing Gimmick  
Brings Police Reprimand

DALLAS (AP) — A radio patrol sergeant drew a strong reprimand last month, Police Chief Jesse Curry said, for offering whiskey as a prize to the subordinate issuing the most traffic tickets.

Curry discussed the incident Wednesday after it was mentioned by City Councilman Joe Moody in a continuing dispute over the police department.

PRESSURE CHARGED  
Moody said earlier that official pressure on policemen to write traffic tickets takes time which should go into investigation of more serious law violations in other categories.

According to published accounts, four officers under command of the unnamed sergeant handed motorists 90 traffic tickets in three hours.

Curry said the sergeant's offer of a fifth of whiskey as a prize was discovered in mid-December and the sergeant was told "in strong words" that he had displayed poor judgment.

A number of policemen, asking not to be quoted by name, told newsmen they shared Moody's view.

OUT IN OPEN  
"He's brought out into the open what we've been living with for years," one officer said.

"It's really bad the way they

pressure you to write tickets," a detective commented.

A Moody first brought up the matter at a City Council meeting Monday. Fellow councilmen directed City Manager Elgin Crull to bring them a report covering the situation at next week's session.

The oil companies claimed the defendants took petroleum from beneath Cities Service leases in Gregg County by slant drilling of oil wells.

The federal jury was asked to answer a number of queries. The first query was whether it believed the defendants had taken oil from beneath the plaintiffs' leases. The answer was "no," making the answering of the remainder unnecessary.

Defendants were Douglas Godfrey, J. W. Baton, Kelley Godfrey and Reid Allgood, all of Longview, and Kathryn Elizabeth Peterson of Kilgore, as independent executor of the estate of Jack Peterson, deceased.

Plaintiffs were Cities Service Co., Cities Service Oil Co. and Lutech Oil and Gas Corp.

Dismissed earlier as defendants were Carter Jones Drilling Co., Inc.; Carter Jones Drilling Co., a co-partnership; J. K. Maxwell; H. C. Jones; and W. T. Maxwell, all of East Texas. Testimony lasted about nine days.

U. S. Serves Atomic Note

WASHINGTON (AP) — Weapons specialists have told a group of congressmen that the United States is ready to resume atmospheric testing if other nations break the limited nuclear test treaty.

Spokesmen for the Atomic Energy Commission and the Defense Department talked to the treaty forbids all but underground testing.

The Congressional Military Applications Atomic Subcommittee Wednesday.

Deadline for payment of poll tax payment Jan. 31.

AUSTIN (AP) — State Banking Commissioner J. M. Falkner received today an application for a new state bank in Denison.

The Denison Bank and Trust Co. would have capital of \$300,000 surplus \$300,000 and reserves of \$150,000. A. D. Alexander Jr., of Dallas, was proposed as chairman.

Foreign Aid Request  
Marks Further Slash

President Asks  
For \$3.3 Billion

WASHINGTON (AP) — President Johnson asked Congress today for \$3.3 billion in foreign aid to promote the defense and economic strength of free countries.

Johnson's proposal—\$1.17 billion in arms aid and \$2.21 billion in economic assistance during the coming fiscal year—was the lowest such presidential request since the beginning of massive foreign aid under the Marshall Plan after World War II.

Johnson stressed continued efforts to streamline the program.

FOR WEAPONS

In a special message to Congress outlining the 1965-66 aid program, Johnson said more than a half-billion dollars will be used for weapons and economic help to counter Communist guerrillas in Viet Nam and Laos.

"Indeed, \$500 million may not be enough," the President said.

He said he would ask an additional open-end "standby authorization" for use if he decides later that more money is needed "to protect our interests there" against the Reds' "frontal attack."

The presidential message left undecided some touchy matters that are likely to come up in Congress as it begins work on the bills to set ceilings for, and name the amounts of, the aid programs for the coming year.

OTHER POINTS

The message did not say whether further aid will be going to Egypt and Indonesia, whose presidents have publicly scorned U.S. assistance.

Administration sources voiced hope that the legislators will not cut deeply into Johnson's program as they have into some other aid measures.

But congressional criticism has started already on some parts of the program — particularly aid going to Egypt and Indonesia. Presidents Gamal Abdel Nasser and Sukarno have publicly derided the United States.

NOW SMALL

Administration officials said direct U.S. aid to the two is now small and no decision has been made on whether to continue it.

Last year Johnson asked Congress for \$3,516,700,000 in new foreign aid funds and got \$3,250,000,000, a small cut compared with the more than \$1 billion lopped off the bill in some earlier years.

About two-thirds of the total is currently for economic assistance, one-third for military.

A big chunk — more than \$400 million — is going to Red-pressed South Viet Nam in both arms and economic aid. Latin America also is getting a large share under the Alliance for Progress Economic program. Other major aid recipients include India and the Iron Curtain countries from South Korea to Turkey.

Dean Of House

Rep. Emanuel Celler, D-N.Y., above, is the new dean of the House of Representatives in the 89th Congress. Celler, 76, is not the oldest member, but his 42 years of service is the longest, now that Rep. Carl Vinson of Georgia has retired after 58 years in the House. (AP WIREPHOTO)

Reds In Viet  
Far Better  
Armed Today

SAIGON, South Viet Nam (AP) — At an obscure village named Binh Gia 200 bodies of South Viet Nam's best-trained, best-equipped and best-seasoned combat troops lay in the brush and rubble.

In the last six days of 1964 they had faced the most powerful Communist onslaught mounted to date in the war in South Viet Nam.

The spectacle of these bodies being removed on ox carts and litters was a fitting symbol of the decline in military fortunes for the government and the United States.

As 1965 began, there no longer was much question in the minds of any Vietnamese or U.S. officials here that the war was being lost.

HOW FAST

The remaining uncertainties were how fast the war was being lost, and whether there still was a reasonable chance of reversing the tide.

The Vietnamese war always has been a hard thing to measure, because it is not a war for territory but for people and supplies. Some parts of Viet Nam are more or less controlled by the Saigon government, others are more or less controlled by the Viet Cong shadow government, and a third category is controlled by neither side.

These patterns of control, never known with any real certainty, change from day to day and even from hour to hour. It all depends on who has the strongest forces at any given point and time.

Increasingly, the advantage of numerical superiority is with the Viet Cong. The Viet Cong moves secretly to its intended battles in groups of twos and threes, joins together at the moment of fighting, and then dissolves again into little groups.

The government troops move in long columns with tanks and artillery and overhead planes and helicopters sticking mostly to roads.

STALKING TIGERS

President Ho Chi Minh of Communist North Viet Nam said before the French Indochina War began that his Communist guerrillas were like a tiger stalking the French elephant. The elephant is much larger and stronger than the tiger. Ho said, but by striking again and again, the tiger can make the elephant bleed to death.

The Viet Cong are using Ho's successful tactics now.

Because the war is so hard to measure, Americans have tried to draw conclusions and perceive trends from statistics. But until a little over a year ago, there were no reliable statistics.

Viet Cong fighting strength has grown dramatically and steadily during the past three years, despite their increasingly bloody losses. Most of this strength has been the result of local recruiting in South Viet Nam itself.

Army reports said the plane, on a reconnaissance mission, suffered an engine failure. The plane was destroyed.

Two U.S. Army men were injured today when their single-engine plane crash-landed at a rubber plantation south of Tay Ninh.

Helicopters flew the Vietnamese into the Soc Trang area for an assault on an estimated 800 Communist guerrillas. Reports said the Viet Cong did not stand and fight, and were fleeing.

Most of the Communist dead apparently resulted from air strikes preceding the troop attack. No casualties were reported among the government forces.

West Berlin police sources said today that stretches of electrified fence have been built at six different locations around the western half of the city.

Legislators Set  
For Bill Barrage

AUSTIN (AP) — Today was marked "work day" on calendars of the 59th Legislature.

There were indications, however, the work would consist mostly of more behind-the-scenes organization like that of the two opening days — and a probable quick adjournment until Monday.

Senators were first to complete their session — opening ceremonies and routines. Lt. Gov. Preston Smith announced assignments for the Senate's 24 standing committees Wednesday, clearing the way for introduction of bills.

SET FOR BILLS

Due to be SB No. 1 was the Legislative Budget Board's recommended \$3.5 billion appropriations bill offered by Sen. Dorsey Hardeman of San Angelo, head of the powerful Senate Finance Committee.

This measure was sent to a subcommittee for a study that will continue until Hardeman's group has completed public hearings and is ready to recommend its version of an appropriations bill, probably late in the session.

Smith said that by agreement with House Speaker Ben Barnes, the Senate will originate public hearings on an appropriations bill to prevent any delay.

The House, slowed in its opening routine by a last minute speaker's race, marks time while Barnes continues interviewing members for assignments to the 43 standing committees.

C-C Officers  
Take Office  
At Banquet

Officers of the Chamber of Commerce were installed at a luncheon meeting Wednesday at the Cosden Country Club, and they will take office officially Saturday evening at the annual banquet.

Over 300 had secured reservations for the banquet through Wednesday evening, and more were expected today and by noon Friday.

Speaker for the banquet will be the man who directs all the pilot training for the Air Force — Lt. Gen. William Momyer. There will be special entertainment by the HCJC music department, and the annual Jaycee outstanding young man award will be made at the banquet.

which starts at 7 p.m. in the Goliad Junior High gymnasium.

Many people who have indicated plans to attend have not acquired tickets or made reservations," said Carroll Davidson, Chamber manager. "As one means of appreciation for all that the Air Force has meant to our community in fine citizens and in other ways, we hope that many will avail themselves to hear one of the most effective administrators in the Air Force."

Subject to the annual banquet, those installed Wednesday included J. Y. (Ike) Robb Jr., president; E. H. Weaver, vice president; Clyde Hollingsworth, secretary; treasurer; Larry Crow; Bill Pollard; Dick Ream, George McAlister and Dr. John Fish, new directors.

Ruby Appeal Data  
Arrives In Austin

AUSTIN (AP) — Jack Ruby's appeal—three boxes of court material weighing 380 pounds—reached the Court of Criminal Appeals today.

The appellate court will consider the death sentence assessed Ruby for killing Lee Harvey Oswald, assassin of President Kennedy.

One of the first items pulled from the cardboard boxes was a snub-nosed .38 caliber revolver, the murder weapon.

TWO BOXES

Two boxes, about 3 feet high, were filled with newspapers tied with a string, and the other had the trial manuscript, statement of facts and exhibits, such as photographs.

Court clerk Glenn Haynes said a date for oral arguments before the state's highest tribunal for criminal cases will be let later today, probably for March.

Ruby was convicted March 14 of shooting Oswald to death in the basement of Dallas police headquarters Nov. 14, 1963, two days after Kennedy's assassination.

sination.

Ruby, 33, a former Dallas night club owner, is in the Dallas County jail.

BELLI TIRADE

The trial was marked by defense lawyer Melvin Belli's tirade against Dallas the court after the verdict was announced.

Belli contended Ruby was insane.

Belli, 37, was fired shortly after the trial. Since then, several famous lawyers were retained, then either quit or were dismissed by Ruby's relatives.

Phil Burleson of Dallas has been with the case since pre-trial days.

BY SUKARNO

Malaysia Issue Inquiry Sought

JAKARTA, Indonesia (AP) — President Sukarno called today for a new investigation by an African-Asian commission or by the United Nations of whether the people of North Borneo want to remain in Malaysia.

Sukarno said he would abide by the decision of either group and added, "Am I not peaceful?"

"I am for a peaceful solution of the Malaysia issue," Sukarno told newsmen, "but let us investigate the real feelings of the people of North Kalimantan."

North Kalimantan is the name the Indonesians apply to Malaysia's North Borneo states of Sabah and Sarawak.

Asked if he would agree to a second investigation by a United Nations mission in Sabah and Sarawak although Indonesia has withdrawn from the U.N., Sukarno replied:

"Yes, I am calling on (Malaysian prime minister) Tunku Abdul Rahman to come back. I shall abide by any decision of an Afro-Asian study commission. I will (also) abide by any decision of a United Nations commission."

# Burch Takes Rap For Barry's Show

By WALTER R. MEARS  
WASHINGTON (AP) — Outgoing Republican National Chairman Dean Burch took the rap for the conservative cause he championed in a campaign he did not control.

It was Barry Goldwater's show, and Burch was Goldwater's man. When the show flopped, only Burch was around to face the critics.

Goldwater and his influence were their real target. But the former senator was out of public view, and the key men in his campaign policy decisions were back in private life.

**HIS ARGUMENT**  
During the futile effort to keep his job, Burch argued that he was a technician, not a theoretician. And he insisted he had done his technical chores well.

But that was never the argument. To his liberal and moderate critics Burch was simply a symbol of Goldwater, a leader they never relished.

Every step Burch took in hope of holding on only tied him closer to Goldwater, without whom he would never have had the job in the first place.

Perhaps his status was best dramatized on the December day when Burch sat across the hall while Goldwater, former President Dwight D. Eisenhower and former Vice President Richard M. Nixon talked about his future.

**A NEWCOMER**  
A newcomer to top-level national politics, Burch could only turn to Goldwater for help in the effort to withstand his foes.

Each time the chairman did so, his own image as a symbol of the defeated presidential nominee and the party's conservative wing — an image Burch acknowledged — became more firmly set.

Aside from Goldwater and former Rep. William E. Miller, Goldwater's running mate, Burch had no top-level allies to plead his cause. As a newcomer he lacked the store of political contact and past-due favors that might have helped his losing campaign.

Ray C. Bliss, the man Goldwater finally accepted as a replacement, has his own store of alliances, built during 16 years as Ohio party chairman.

# Inauguration Coverage Set

NEW YORK (AP) — The three television networks will use their top newscasting teams to cover next Wednesday's presidential inauguration, an all-day affair followed by more coverage of the assorted balls in the late evening.

NBC, it seemed, originally had the greatest competitive advantage in the area of the social coverage. Nancy Dickerson, a member of its Washington staff, has an acquaintance with the city's political inhabitants which is as encyclopedic as that of Martha Rountree in the days before a television image

was considered important. Mrs. Dickerson moved from CBS to NBC last year. A friend and a favorite of the President and Mrs. Johnson, she has since scored a number of impressive on-camera scoops for NBC and recently emerged as a formidable Washington social leader after the President and his wife attended a party given by the Dickersons.

Mrs. Dickerson can be depended upon to identify the Washington bigwigs and to describe the women's gowns on Wednesday night.

CBS could not be bested in this area, so it has added Mrs. Angier Biddle Duke, wife of the former State Department head, to its Washington staff. Mrs. Duke's credentials in the social field are as impressive as Mrs. Dickerson's. She not only knows her way around

political and diplomatic Washington, but before her marriage to Duke was Robin Chandler, one of the panelists on "Leave It to the Girls," and a fashion writer. She, also, knows the Johnsons and has been helping Mrs. Johnson choose her inaugural wardrobe.

# Man Claims Self Defense

HOUSTON (AP) — Oscar Machado, 42, was shot and killed on a street Thursday. A 38-year-old man told police he shot Machado in self defense. No charges were filed. Investigators said the case would be turned over to the grand jury.

# Vet Land Board Member Named

AUSTIN (AP) — Killen Mayor Ted Connell, former national commander of the Veterans of Foreign Wars, was appointed to the Veterans Land Board Wednesday.

Gov. John Connally named Connell, 39, to succeed L. E. Page of Carthage. His four-year term will expire Dec. 29, 1968.

Connally appointed Aubrey Moore of Hillsboro a director-at-large of the Tri-county Municipal Water District, composed of cities in Hill, Bosque and Johnson counties. Moore succeeds Jack Altaras of Cleburne. He served as an Army officer for 30 years, retiring as a brigadier general in 1953.

# Hurt Former Rail Conductor Wins Damages

WICHITA FALLS (AP) — Harold Coffman, 49, former freight conductor, has been awarded \$100,000 for injuries.

A district court jury returned a judgment favoring the Hurst resident Wednesday, holding his employers were negligent. Coffman was conductor on a 12-car Fort Worth & Denver Railroad freight train Feb. 18, 1961, when the accident occurred. Witnesses testified that Coff-

man complained of a bad coupling on a car in front of the caboose before the train left Fort Worth but the yardmaster ordered the train to proceed. Near Alford, testimony revealed, the car became uncoupled from the rest of the freight, causing it and the caboose carrying Coffman to overturn. Railroad lawyers indicated they would appeal.

# Slaughter Sheep Feeding Declines

WASHINGTON (AP) — A further decline in the feeding of sheep and lambs for slaughter is taking place.

The Agriculture Department reported today that the number on feed Jan. 1 totaled 3,673,000, down 9 per cent, or 346,000, from a year earlier.

# Gun Tower On Man's Store Must Come Down

OKLAHOMA CITY (AP) — On top Bryon Gambulos' liquor store is a bullet-proof tower manned around the clock by an armed guard.

The State Alcoholic Beverage Board said Wednesday it had to come down. Gambulos said he didn't want to defy the board but he will go to court to keep his "watchtower."

"We feel the tower was done for one purpose — advertising," said Roy Tant, executive secretary of the Oklahoma Retail Liquor Dealers Association at Wednesday's hearing.

"If we allow this pillbox, we leave ourselves open for all kinds of gimmicks," added board member Archie Stout.

Gambulos' store was robbed of \$4,400 and during the Christmas holiday rush was bombed often has been at odds with other retailers because of his pricing policy.

Gambulos said he can't get insurance anymore unless he has the round-the-clock tower guard.

"And besides that," he added, "it's too dangerous. A night watchman could get knocked in the head walking around on the ground."

# Doubt Clouds Wheat Treaty

WASHINGTON (AP) — Uncertainty about future federal wheat stabilizing programs is casting a cloud over the international wheat agreement and its goal of stabilizing world prices and markets.

This agreement, in operation for 15 years, expires Aug. 1. Discussions of an extension are going on in international circles, particularly among major exporting and importing nations.

The pact seeks to stabilize the world market situation by employing a system of maximum and minimum world prices and a supplementary system of sales quotas for exporting countries. The agreement is designed to prevent cut-throat competition for world markets.

The U.S. government is none too pleased, however, with the over-all operations of the agreement. This country is the only one which has sought to control its production.

# STATE COURTS

AUSTIN (AP) — Texas Court of Criminal Appeals proceedings: Affirmed: Billy Joe Andrews and Johnny Stinebaugh, Hunt. Withdrawn: Estie Shaw, Gregg. Reversed: Gerald, Ervin, Lee Smith, Jesse Thornton Jr., Louis Gold, Eva Harrison, Lee Wilton, Higdon, Robert Ortega Flores, Juan Espinoza, Mrs. W. L. Wynne, and J. W. Sparrman, Lubbock. Bobby Roy Burns, Percy Chester Heister, William Thomas Nowell, Carole Ernie Jr., Duwayne Shortt, R. T. Tucker, and R. Tom Tucker, Smith. Appeal dismissed: Schneider, Gertrude, Jim Wells. Appellant's motions for rehearing overruled: Joe Edward Charter Jr., Harold McGruder and Crispin Pas Rodriguez, Lubbock. State's motion for rehearing overruled: Rudy Valdez, Calumet. Jesse L. Owens, Lubbock. State's second motion for rehearing overruled: Raul Villarreal, Hidalgo.

# Dock Union Raps Hiring

NEW YORK (AP) — A top leader of the striking longshoremen's union says it must get bivariate legislation ending the open hiring policy on the docks in New York.

"If we don't get the (hiring) register closed, we don't have a contract," says Anthony Scotto, a vice president of the International Longshoremen's Association.

Scotto, head of the 15,000-member Brooklyn local, largest in the ILA said this in a radio broadcast Wednesday night as union chiefs sought to end the Atlantic and Gulf coasts dock strike.

The strike of 60,000 members of the ILA in ports from Maine to Texas is in its fourth day, and losses to the national economy continued at an estimated \$20 million to \$25 million a day. An estimated 200 ships are strikebound in ports. More scheduled liner sailings were canceled here.

# Legislative Races Due

AUSTIN (AP) — At least 23 candidates will vie in special elections to fill two East Texas vacancies in the State House of Representatives.

They filed before the Wednesday midnight deadline for places left in Dist. 15-F by Byron Tunnell of Tyler, who resigned to accept appointment as railroad commissioner, and Dist. 11 by Joe Chapman of Sulphur Springs, who was named a district judge.

The candidates are: Dist. 15-F — John Dowell, Longview teacher; Charles Gyokas III, Tyler oil company land manager; Albert Yarborough, Flint teacher; Bill Wood, Tyler lawyer; Fred Head, Tyler lawyer; Herschel Pruitt, Tyler salesman; Walter Boyd Jr., Tyler lawyer; John Mobley, Kilgore oil service company executive; Samuel Turner Jr., Tyler educator and minister; Dick Heitzman, Tyler engineer; Mrs. Lillian Breckel, Tyler cafe operator; Ardon Moore Jr., Tyler lawyer; Gary Jackson, Tyler

lawyer and teacher, and Kenneth King, Tyler lawyer.

Dist. 11 — Tom Caldwell, University of Texas graduate student from Mount Pleasant; Tom Green, Sulphur Springs law student and radio announcer; Kearney Brim, Sulphur Springs lawyer; P. A. Thomas Jr., Mount Pleasant laboratory technician; Neal Solomon, Mount Pleasant insurance agent; Max Hightower, Mount Pleasant geologist; Odena Brannam, Wimbomboro merchant; Smith Gilley, Cumby lawyer, and Roy Ottinger, Talco steelworker.

**Pilot Plant Slated For Coal Conversion**  
WASHINGTON (AP) — Sen. Karl Mundt, R-S.D., said today engineers will start July 1 on design work for a pilot plant to convert lignite coal to pipeline gas.

The plant will be built in South Dakota.

## Traffic Officer 'Image' Scored

CLEVELAND, Ohio (AP)—A psychology professor thinks the public has the impression traffic policemen are "a bunch of stinkers."

Dr. Blake Crider, chairman of the Department of Psychology at Fenn College, outlined public impression of traffic policemen this week to a seminar of traffic officers at the Cleveland Automobile Club.

"The get-up of today's traffic cops is more like Hitler's Gestapo," said Dr. Crider. "Boots, leather jacket, pistol, helmet. An ordinary citizen is frightened of such an apparition."

Big Spring (Texas) Herald, Thurs., Jan. 14, 1965 3-A

## Plaintiff Testifies 'Estes Conned Me'

PECOS, Tex. (AP)—"I feel like I got conned by everybody," Russell Ramsland testified Wednesday in a \$4 million suit against Billie Sol Estes and others.

Most of the day was devoted to testimony by Ramsland, who took the witness stand for a second straight day. The defense asked if Ramsland had tried to conceal any papers used in dealings with Estes. He said he had not.

Ramsland is one of four Midland men suing for damages. They also ask to be relieved of

liability for \$1.3 million in tank mortgages purchased by the Walter E. Heller Co. of Chicago.

ON STAND

Barnes was quoted as saying that one of Estes' private pilots, Joe Henderson, came to the table as they lunched to report that "some of the tanks have arrived and are already on the farms."

HIS ANSWER

To a question about whether he ever tried to determine if the anhydrous ammonia tanks existed Barnes replied: "I don't know an ammonia tank from ammonia."

## Bonn Pushes Commission

BERLIN (AP)—The West German Cabinet met in divided Berlin today and decided that the Bonn government should continue to press for the formation of a four-power commission to deal with the German problem.

The United States, Britain, France and the Soviet Union should form such a commission in order to determine how to continue broader efforts toward reunification of Germany, a government spokesman said.

## House Speakership Victory Recalls Praise By Rayburn

AUSTIN (AP)—In Speaker Sam Rayburn's last summer, he took time out from overseeing the U.S. House of Representatives to praise a freshman member of the Texas House, Ben Barnes.

This week Barnes took over the most important state house post, the speakership.

Rep. Howard Green of Fort Worth recalled Rayburn's letter, written in 1961 shortly before his death. Green had sponsored a bill requiring a runoff for special congressional election, rather than the sudden death, top-man-wins procedure.

SENT PRAISE

Rayburn kept tabs on the bill. When it passed after a fight, he wrote friends in Texas praising the energetic young Barnes. He said without Barnes' tenacity in keeping after House members, the bill could not have passed.

Barnes was 22 then. Now, as a veteran of two terms, his technique has improved in behind the scenes buttonholing of members, much akin to tactics of another Rayburn friend, Lyndon Johnson.

This week Barnes has been talking with House members about their committee preferences.

**BEN BARNES**  
darkly handsome resemblance to his brother, the governor. Heads jerked when the names of two Jake Johnsons were read. Jake Johnson of Houston is new. His San Antonio namesake is beginning a third term.

## Signs Planned, FM Road Waits On County Action

State Highway Department will let a contract probably in March, for additional signs to more forcefully indicate IS 20 by-pass around Big Spring.

The new by-pass route, which offers through traffic a speedy passage past Big Spring, is already marked to a considerable degree, the department said, but there have been complaints of a need for more indicators. Warning lights at intersections are also to be installed.

This is the only pending highway project of any importance in state and federal road construction in the county at this time.

State Highway Department officials have said they would like to be able to get on with the north extension of FM 700, from IS 20 to the Snyder Highway. They point out that the funds have been available for this

three-mile strip of road for two years.

County commissioners are charged with obtaining right of way for the road. This has not been completed, the highway department reports. Until it is finished, contract for the FM road cannot be awarded.

## Rabies Stir Emergency

FORT WORTH (AP)—City health director W. V. Bradshaw declared a rabies emergency in Fort Worth today and said in effect that a city-wide quarantine will begin.

Bradshaw did not use the word quarantine, but he left no doubt that quarantine actions taken previously in three areas will now be expanded throughout the city.

"Since there is a potential rabies emergency," he told newsmen, "we are declaring it an emergency."

The health official said this City Council will be asked to approve \$12,000 in emergency funds to have all seven of the city pound trucks operating 13 hours a day, seven days a week.

He said 10 cases of rabid animals have come to light in the county in the last seven weeks.

## Road System Cost Climbs

WASHINGTON (AP)—The estimated cost of the interstate highway system has gone up \$5.8 billion since 1961, the Bureau of Public Roads said today.

A report to Congress on the \$41,000-mile national system said the total estimated cost is now \$46.8 billion compared to the estimate of \$41 billion in 1961.

Administrator Rex M. Whitton said about \$2 billion of the increase was due to higher estimated costs for land acquisition, engineering and construction.

"More than \$3.6 billion of the \$5.8 billion cost increase is accounted for by improvements incorporated into the system to provide increased service, safety, and longer highway life," he said.

The system, begun in 1956, is about one-third complete. It is scheduled to be finished in 1972.

## Garza Field Wells Bought

DALLAS (AP)—American Petrofina announced today the purchase of 30 oil wells in the Garza field in West Texas. The price was not given. The company said the reserves exceeded 2.1 million barrels.

Purchase was from Leland Long of Mineola.

## U.S. Warns U.N. Group

UNITED NATIONS, N.Y. (AP)—The United States is reported telling United Nations members that it will take a second look at the big sums it pours into U.N. projects if they let the Soviet Union keep its General Assembly vote without settling its peacekeeping debts.

Informants said U.S. officials were relaying this warning to delegates as the time nears for the threatened showdown over Soviet refusal to pay U.N. peacekeeping assessments.

There has been some talk of winding up the assembly's general policy debate next week and then adjourning until December. But the United States, Britain and other Western nations were reported opposed to this.

## He Says She's Husband-Beater

CLEARWATER, Fla. (AP)—A St. Petersburg man, 79, has asked for a divorce from his wife, 73, alleging that she had beaten him on numerous occasions.

Alfonso Lafazia also said in his Pinellas County Circuit Court suit that his wife, Eveline, whom he married in 1951, drinks heavily but is not habitually intemperate. He alleged that she still bears the scars of his last beating Nov. 6,

## Space Flight Boost Seen

WASHINGTON (AP)—An expanded program of two-man space flights during the coming year was forecast today by Sen. Clinton P. Anderson, D-N.M.

"I look for more Gemini flights this year than first planned," Anderson, chairman of the Senate Space Committee, said after an organizational meeting of this group.

Gemini is the two-man space project which follows the initial solo Mercury orbits by U.S. astronauts.

Anderson also predicted that spending by the National Aeronautics and Space Administration will level off now at about \$5 billion for the next several years.

# THE ASSOCIATED PRESS NEWS IN PICTURES

**TOUCH TEST**— Little Kelli Hammond gets an unexpected sensation as she figures an ice sculpture, part of art show held at Southern Colorado State College in Pueblo.

**HARDLY FRIENDLY**— A tiger cub snarls at the photographer as it and its twin sister settle down in their own den at the Whipsnade Zoo near Dunstable, England. The three-month-old cubs, named Margaret and Julia, have been separated from their parents.

**FARM FANTASIES**— At first glance under winter skies they appear to be a trio of giraffe-shaped monsters. But, in reality it's nothing more than a row of rice-harvesting wagons in a San Joaquin Valley rice field. Picture was made near Stockton, Calif.

**PEAK EFFORT**— Members of a Polish mountaineering expedition work their way across a ledge as they ascend Misou-Tau in Caucasus Mountain region of Soviet Union.

**WEATHER EXPOSURE**— Puddles of water, dimpled by rain drops, are the basis for this picturesque reflection of an umbrella-carrying pedestrian hurrying along the wet street in Washington, D. C. The United States Capitol building is in the background.

**HEADS GROUP**— Dale Miller of Dallas is the chairman of the committee planning the inauguration of President Lyndon Baines Johnson in Washington, D.C. on January 20, 1965.

**COOL CAPER**— Jacqueline Harbord, a professional skating champion, rehearses her slave girl role for a London ice production of "Ali Baba and the Forty Thieves."

**BOXED HAVEN**— Postman Ken Ogee utilized a mailbox as a temporary refuge when he was caught in a driving rain during his rounds at Palos Verdes Estates, Calif.

**PONTIFF**— This official portrait of Pope Paul VI, supreme head of the Roman Catholic Church, was released by the Vatican on the occasion of the Christmas season festivities.

**CAUGHT BY CAMERA**— A seagull, pictured at the moment of takeoff, is a graceful figure as it takes to the air from a low wall beside the Savannah river. The photographer "froze" the action by shooting at 1,000th of a second with a telephoto lens.

**CLEVER COVER**— Beneath the makeup of clown banging the drum is lovely Claudia Cardinale the Italian movie star taking part in show at the Paris Winter Circus.

**A SHINY PROCESS**— Employee keeps constant check on polyester plastic film being manufactured in a dust-free controlled room at new plant near Greer, S. C. The film can be used for magnetic recording tape, packaging, graphic arts and office supplies.

**'AGED' ON SET**— This lady of 80 who looks like Sophia Loren is in fact Sophia Loren — after a makeup man had transformed her for a movie being filmed in Paris.

**SIGHT TO SEE**— Slabs of ice broken into geometric patterns provide an artistic backdrop for black ducks winging low over the Illinois river southeast of Chillicothe. Their flight was peaceful since the Illinois duck hunting season has come to a close.

The bidding:  
West North East South  
1 ♠ Pass 1 ♥ Double  
1 ♠ Double Pass 3 ♣  
Pass 4 ♣ Pass 5 ♣  
Pass Pass Pass

Opening lead: Ace of ♥  
South's take-out double was a calculated risk attended with considerable danger, for he was ill-equipped to handle an enthusiastic response by partner in spades inasmuch as he was void in that suit. Fortunately West relieved South of any anxiety by bidding spades himself over the double.  
North's penalty double of one spade is possibly a shade aggressive but, holding eight high card points and three defensive tricks, he could not resist the temptation to act. South should have pulled in his horns by simply bidding two clubs, for he has been warned of a duplication of values in the spade suit.

West chose to open his partner's suit against the five club contract by leading the ace of hearts. When East followed with the four—which was the

lowest card outstanding, West promptly switched to the king of diamonds. East followed with the jack and declarer played the ace.

South cashed the ace of clubs and when West discarded a diamond declarer's outlook darkened considerably. If the clubs had been divided two-one as expected, he had intended to cross over to the North hand on the third round with the nine of clubs in order to discard his remaining diamonds on the ace-king of spades. Inasmuch as he had no other entry to dummy, it now appeared that declarer must go down to defeat.

South was tempted momentarily to lead the jack of clubs from his hand in an attempt to lure East into putting up the queen which would convert North's nine into a delayed entry. Presently he devised a slightly more subtle plan. He led the king of hearts and followed with the jack.

Observe that, if East takes this trick with the queen, he is end played. A club lead can be ducked around to dummy's nine and the return of either a heart or a spade will also provide declarer with access to the North hand.

East was highly skeptical of accepting any "Greek gifts" and he countered South's maneuver by permitting the jack of hearts to hold. Declarer now tried his final shot by leading the jack of clubs. East declined to accept this trick also, and South was forced to concede defeat. He ran down the trumps; however, West hung on doggedly to the queen-nine of diamonds—which took the last two tricks.

## Boy, 5, Kills Another, 8

PHILADELPHIA (AP) — A boy, 8, was shot and killed Wednesday by his neighbor, 5, police reported.

They said Michael Sullivan had died of shotgun wounds in the head and face after having been shot by Winston Burney Jr. during their lunch recess at elementary school.

The boys had quarreled over Burney's coat, police said. They said Burney had taken his father's shotgun from his living room, then stood on the front steps of his home and fired.

The boy will not be arrested because youngsters are not legally considered capable of forming intent until they are seven years old, officials said.

## Family First For Governor

DES MOINES, Iowa (AP) — Gov. Harold E. Hughes, being inaugurated for a second term today, had to take time out Wednesday to help free his granddaughter, 2, from a bathroom.

Tracy Otto had locked herself in at the home of her parents, Mr. and Mrs. Dennis Otto. Tracy's mother called the governor's mansion. When the telephone there was busy, she called the statehouse.

Hughes alerted a rescue squad and called Mrs. Hughes. She sent a worker from the mansion to the daughter's home, and he got Tracy out.

## Bridegroom, 80, Gets It Annulled

SANTA MONICA, Calif. (AP) — "I thought I was getting a sweetheart," said Jacob Brash in court, "but I didn't get one."

"I was warm, sweet and affectionate. But she chased me away. She even hit me in the mouth. She's larger than I."

"I wanted a sweetheart, not a friend."

Superior Court granted Brash an annulment Wednesday on the ground the six-month marriage to Mrs. Helen Brash was not consummated.

Brash is 80. His ex-wife is 73.

## Michigan Cons In Art Classes

JACKSON, Mich. (AP) — Will learning to wield an artist's brush help criminals from using more deadly implements when they get out of prison?

A rehabilitation expert at Southern Michigan Prison here thinks so. He's conducting art classes to prove his point.

The idea, says a psychologist, is that a prisoner tortured by pangs of hostility "works off these feelings on canvas before they develop into an explosive nature."

The program has been so successful that Dr. E. L. V. Shelley, supervisor of treatment for the State Corrections Department, hopes to expand it to other institutions.

Not only does painting help prisoners reduce hostility, Shelley says, but it also "helps them develop a sense of worthiness."

"They create something that other people recognize and appreciate," he explains. "Many

convicts have feelings they don't know how to express or are afraid to express."

"In their group, expressing feelings is a sign of softness," Shelley says. "But in art, they can let themselves go."

## Farms Dip In Number

WASHINGTON (AP) — The number of American farms declined last year to 3,479,180—3 per cent below the 1963 level. Not since about 1875 has the number been as small.

Reporting this today, the Agriculture Department estimated there will be a further decline of about 2.7 per cent in 1965. The 1963 total was 3,579,800. The 1965 total was forecast at 3,383,000.

Farm numbers reached a record of 6,812,000 in 1935. Thus in 30 years the number has been cut in half.

Discontinuance of small farming enterprises and merging of larger units with existing farms continued, the department said, as important influences in the reduction.

Farm acreage did not decline as much last year as the number.

## Private Plane Said Missing On Flight

DALLAS (AP) — State police were alerted today to be on the lookout for a private plane reported missing on a flight from near Beaumont to Redbird Airport in Dallas.

ber of farms. Land in operating farms was estimated at 1,158,505,000 acres, compared to 1,163,180,000 in 1963 and an indicated 1,154,545,000 for 1965.

The average size of 1964 farms was 333 acres compared to 325 in 1963, 288 in 1959 and an estimated 341 for 1965.

The estimated number of farms in 1964 and 1965, respectively, by states includes Louisiana 68,000 and 65,000, Oklahoma 88,000 and 85,000, Texas 210,000 and 202,000, and New Mexico 35,400 and 14,900.

## Twenty-Nine Shot, 1 Dies

GARDENA, Calif. (AP) — One of 29 persons whom police say were shot by a berserk gunman died Wednesday night at a hospital.

He was Arthur Adrian Archibald, 73, of Burbank. Police said he was one of the many wounded when Louis Koullapis, 70, shot up three poker parlors early Tuesday.

Archibald was in the Rainbow Club when the gunfire began.

Koullapis has been hospitalized with a broken collar bone which police say he suffered when they wrestled him to the ground 10 minutes after the shooting.

Police say Koullapis emptied six guns into the poker parlors before he fled. He was captured near his home.

Acquaintances of Koullapis, a retired machinist, described him as a loner.

## Credit Union To Meet Friday

Howard County Employees Federal Credit Union will hold its second annual membership meeting at 7 p.m. Friday in the Student Union Building at Howard County Junior College.

Walker Bailey is president of the Union which has 132 active members.

The Union recently announced a 5.5 per cent dividend for its members and likewise a 10 per cent interest refund to borrowers on its books.

## Hotel Wants To Purchase Gas Chamber

PORTLAND, Ore. (AP) — A hotel and night club operator wants to buy the state's gas chamber. The voters abolished the death penalty in November.

Hotelman Harvey Dick said he was not sure what he would do with the chamber, but he wants the state to set a price for it.

State officials are not sure they will. They noted that Oregon abolished the death penalty in 1914 but restored it in 1920.

Even the man who invented the gas chamber in 1933 had a suggestion.

"I'd put that thing on a ship and dump it 500 miles at sea. I don't believe in capital punishment and I never have," said Earl Liston, a retired engineer at Denver.

# Cold Stings U.S. Midriff

By The Associated Press

Bitter cold stung wide areas in the Midwest today but some relief from winter's coldest weather appeared possible. The temperature was near 40 below zero in sections of northern Minnesota and far below zero in other parts of the state and in eastern sections of the Dakotas and Wisconsin. The subzero belt extended into parts of Iowa, Michigan, Illinois and Indiana. The cold air headed into the Northeast.

Warmer air spread into sections of the Western Plains. Temperatures in western sections of Nebraska and the Dakotas and northwestern Montana were near freezing after several days of below zero.

The Weather Bureau said temperatures were expected to moderate in the northern and central Plains and Upper Mississippi Valley.

LIGHT SNOW Light snow fell along the leading edge of the cold air into New England, with rain mixed with snow in southern New England. Snow flurries, with gusty winds, whirled across areas in the Great Lakes. The lowest readings were 42 below zero at Hibbing in northern Minnesota and 41 below at

## International Falls, Minn., on the Canadian border. It was 50 at Key West, Fla., a spread of more than 100 degrees from the Minnesota readings. The 60s prevailed in most southern parts of Florida and Texas. Chicago had its coldest day since Dec. 31, 1963, 2 below zero.

## Mrs. Bracy's Funeral Today

Colorado City (SC) — Funeral services were to be held at 4 p.m. today at the Mount Zion Baptist Church in Colorado City for Mrs. Robert Bracy, 40, who died in a hospital here Tuesday night after a brief illness.

Mrs. Bracy was born in Colorado City Feb. 23, 1924, and married Mr. Bracy here in 1946. She was a member of the Mount Zion Church.

The Rev. C. C. Beck, pastor of the church, was to officiate at services. Burial was to be in Mitchell County Cemetery under direction of Kiker and Sons Funeral Home.

Survivors include the parents, Mr. and Mrs. Miller Holland, Colorado City; the husband; a son, Stanley, and two daughters, Sandra Lynn and Lanetta, all of the home; three step-children, Robert Bracy Jr., Midland, Jessie Lee Bracy, Banning, Calif., and Mrs. Mary E. Green, Dallas; a sister, Mrs. Emma Beldin, Colorado City; and one grandchild.

## CD Class Being Held

A civil defense training class, with instruction ranging from tornadoes to nuclear attacks, is being attended this week by some 120 staff members of the Big Spring State Hospital, Veterans Administration Hospital and several other state agencies here.

The 12 hours of instruction is being conducted at the Allred Building of the State Hospital, with certificates to be presented the class Friday.

The instruction includes storms or tornadoes, nuclear weapons, the three major types of nuclear radiation and analysis of the results of the nuclear attacks on Japan in 1945.

Instructing the class is Tom Nelson, a representative of the Texas Education Agency in Austin, which sponsors the course in schools and state agencies.

This week's class is the first such presented for government employees in Big Spring, although the course has been attended by thousands of persons in other Texas cities.

Title of the class is "Education for Survival." The class is being conducted in two sessions of two hours each for five afternoons this week. The instruction is divided into four sections, on natural disasters, nuclear weapons, radiation and effects and protective measures and planning.

Coordinator of the class here is Eldridge Estes, plant engineer for the State Hospital. Attending are 198 staff members of the State Hospital, 18 from the VA Hospital and four from the other state agencies here.

Concluding the week's classwork will be an examination on the material, Estes said.

## Youth Held After Wreck

A 17-year-old Montrose, Colo., youth was in city jail today pending further investigation after he crashed a truck into a car in the parking area of a lounge in north Big Spring Wednesday night.

According to police, the youth was being held today on charges of drunkenness and investigation of theft. The car, owned by Raymond Torres, received about \$100 damage, officers said.

## Funeral Pending For J. M. Trott

LAMESA (SC) — James Monroe Trott, 78, died at 1:30 p.m. Wednesday in a Lamesa nursing home. He was born in Georgetown Oct. 3, 1886, and had been a resident of Midland for 20 years.

Services are pending at Georgetown. Survivors are a daughter, Mrs. Mary K. Wrangler of Kingsville, and a sister of Houston.

### Touch Of Texas

Prime Minister Eisaku Sato of Japan sports a wide brim Texas-style cowboy hat as he leaves the White House in an automobile. Sato borrowed the hat from an aide after a conference with President Johnson, who presented two of the cowboy headgear to members of the prime minister's party. Sato wound up talks with Johnson Wednesday. (AP WIREPHOTO)

## Second Pleads To Drug Charge

Clayton Northcott, 33, Lamesa, pleaded guilty to a charge of possession of drugs illegally Wednesday. Judge Lee Porter, followed County Attorney Don Davis' recommendation that the man be assessed a fine of \$100, costs in the case, and 60 days in the jail.

Northcott is the second man to plead guilty in county court to the possession of illegal drugs growing out of the same incident. Three men were picked up by sheriff's officers several days ago. They allegedly had 200 tablets, identified as an illegal drug, in their possession.

No case was filed against one of the men. A second pleaded guilty and is serving his time in the county jail. Bond was set for Northcott at \$1,000, but he was unable to post bail. He decided Wednesday to plead guilty.

## Cedar Crest P-TA To Meet Tonight

The Cedar Crest Parent-Teachers Association will meet at 7:30 p.m. Thursday at the school to hear a panel discussion on "Together We Help the Child by Providing Adequate Pupil Personnel."

## Longshoremen's Strike In 4th Day

HOUSTON (AP) — The Longshoremen's strike entered its fourth day today and Port Officials said "nothing is moving."

## WEATHER

NORTH CENTRAL TEXAS—Fair tonight and Friday. A little warmer Friday. Low tonight 28 to 30. High Friday 37 to 40.

TEMPERATURES MAX. MIN. BIG SPRING ..... 34 28 Abilene ..... 35 23 Amarillo ..... 31 22 Chicago ..... 28 20 Denver ..... 27 20 El Paso ..... 41 29 Fort Worth ..... 37 23 Houston ..... 46 38 New York ..... 31 27 San Antonio ..... 34 28 St. Louis ..... 35 21 Sun sets today at 6:25 p.m. Sun rises Friday at 7:47 a.m. Highest temperature this date 78 in 1964. Lowest this date 11 in 1964. Maximum rainfall this date .39 in 1946.

MRS. HAROLD CANNING, age 39, passed away Tuesday at Dallas, Services Thursday at 2 p.m. at the First Christian Church, intersect of Rossboro, North Carolina.

MRS. W. C. PACELEY, age 71, passed away Wednesday at Big Spring. Services Saturday at 4 p.m. Rosewood Chapel.

MRS. ANNIE LANGFORD, age 85, passed away Tuesday at Big Spring. Services pending.

## Funeral Pending For J. M. Trott

LAMESA (SC) — James Monroe Trott, 78, died at 1:30 p.m. Wednesday in a Lamesa nursing home. He was born in Georgetown Oct. 3, 1886, and had been a resident of Midland for 20 years.

Services are pending at Georgetown. Survivors are a daughter, Mrs. Mary K. Wrangler of Kingsville, and a sister of Houston.

## 'Offbeat,' Says Pastor Of Night Life Figures

CHICAGO (AP) — Amid the gaudy neon lights which awaken Rush Street at dusk is a small desk lamp, illuminating in a second-story window a narrow white sign: "Night Pastor."

Behind it, six nights a week, sits the Rev. Robert H. Owen, minister to the "night people"—the bartenders, B-girls, musicians, cabbies and cooks of Chicago's near North Side entertainment strip.

Father Owen, 40, a Protestant Episcopal priest with a wife and six children, describes his work as an "offbeat ministry." His comments during an interview Wednesday bore out the description.

"This guy had just been rolled of \$500 and somebody referred him to me. I didn't get the \$500 back but I think I made him feel a little better about losing it.

"A young couple who had been living together for six months saw the sign in the window and came up out of curiosity. Three days later I married them."

"A lot of drunks wander in. They need to get some swill in them before they can talk about their problems."

## Church Burglary Charges Filed

LAMESA (SC) — A 41-year-old man, who gave officers a Fort Worth address, was arrested Tuesday on safe burglary charges following a break-in Sunday night at the First Baptist Church where \$97 in cash was taken. The Lamesa police department and Dawson County sheriff's officers arrested the man who allegedly had just been released from the penitentiary on a similar charge and conviction in Dallas.

Calvin C. Reed, the man charged, is in Dawson County jail and unable to post \$3,000 bond. The church was entered through a window, the knob knocked from the safe, and money taken. Entry was made to the First Methodist Church on the same night, and the office was ransacked. No money was taken.

## Pleads Guilty, Goes To Prison

Billy Golightly, charged with writing a felony worthless check, was sentenced to two years in prison Thursday morning. He pleaded guilty to the indictment against him before Judge Ralph Caton, 118th District Court, and the court followed the recommendation of Wayne Burns, district attorney, on the sentence. Golightly, who has been in jail since Sept. 3, was credited with four months and 11 days jail time.

## Motorist Hurt In Highway Crash

Edmond Jefferson Reece, 78, of Odessa, was taken to Malone and Hogan Foundation Hospital shortly after 4:40 p.m. Wednesday for treatment of injuries received in a one-car accident on US 80 west. Several stitches were taken to close a cut over his left eye, and he was held in the hospital for treatment of possible rib fractures. He also suffered bruised knees.

Highway Patrolmen who investigated the accident six-tenths of a mile west of Big Spring, said Reece was returning to Odessa from Lorraine, failed to make a curve at the intersection of IS 30 bypass and US 80, ran through a guardrail, and into an embankment.

## Three Get Minor Hurts In Wreck

Four traffic mishaps kept Big Spring officers busy Wednesday afternoon, with minor injuries reported in one collision.

Mrs. Mildred Sevey, of Stuckey's, West US 80, her son, Jimmie, 5, and daughter, Kay, 16, were taken by Big Spring Ambulance Service to Malone and Hogan Foundation Clinic for treatment of minor bruises.

The collision involved the car driven by Mrs. Sevey and a vehicle driven by Paul E. Figue, Webb AFB, at the intersection of West Third and South Gregg Streets.

Other mishaps reported Wednesday afternoon were at 908 S. Gregg, cars driven by Gregoria Flores, Lubbock, and Larry Broughton, 2106 Merrily; FM 700 and Goliad, Mrs. Evaline Bedwell, 2508 Seminole Drive, and James Elliott, Westbrook; and 200 W. 3rd, Leroy Peet, 1701 Scurry, and Sam Fisherman, 1400 Runnels.

## Zem Crow, 91, Dies Wednesday

LAMESA (SC) — Zem Crow, 91, retired farmer and resident of Dawson County since 1924, died in a local rest home Wednesday. He was born Sept. 10, 1873 at Kemp.

Services will be held at 10 a.m. Friday in the Second Baptist Church with the pastor, the Rev. Clifton Igo, officiating. Graveside services will be held at New Hope Cemetery in Jones County at 3 p.m. Friday. Pallbearers will be grandsons.

Survivors include two daughters, Mrs. Lucy Lobstein, and Mrs. Ruth Napper of Lamesa; two sons, G. L. Crow, Lamesa, and John A. Crow, Bay City; three sisters, Mrs. A. Ball, Stanton, Mrs. Charlie Metcalf, Seminole, and Mrs. Bertha Collier, Kemp; 16 grandchildren and 26 great-grandchildren.

## Dallas Woman Is Killed In Collision

DALLAS (AP)—A collision of a car and a dump truck killed Mrs. Gladys Booth, 62, Wednesday in North Dallas.

## Weather Forecast

Snow is predicted from the Rockies to the Lakes area Thursday night with rain and drizzle in the Pacific northwest. It will be colder in the eastern third of the nation with milder temperatures in the southern Plains and Plateau. (AP WIREPHOTO MAP)

# Sir Winston's Art Good But Not Great, Expert Declares

LONDON (AP) — Could Sir Winston Churchill have become the world's greatest painter? Gen. Dwight D. Eisenhower, himself an amateur painter, thinks it possible. "Just how good is Churchill as a painter?"

"Very good," says a distinguished member of Britain's Royal Academy of Arts. "But let's be fair. He's not a great painter and he would be the first to agree with me."

Asked about Eisenhower's appraisal, the academician replied: "Greatest painter in the world? I'm not sure what he means. Does he mean the greatest painter who ever lived? If Gen. Eisenhower means this, then the answer most surely must be—no."

STILL NO "If he means the greatest painter of his time, I must still say no. How do we know what would have happened had Sir Winston started painting at an early age? He only began when he was 40."

The Royal Academy man asked that he not be quoted by name — because of his respect for Churchill and because he doesn't want to get into controversy about a friend's work. "Sir Winston's painting has limitations," he added. "For one thing, his eye for color isn't as sure as it could be. He loves color so much that he sometimes lets it get out of hand. His work sometimes lacks discipline. Had he commenced painting at an early age he may have realized his limitations and taken up some other profession or occupation."

Then again, he is such an extraordinarily gifted individual, so unique, that he might have developed amazingly. To argue that he could have, or could have not, become the greatest painter in the world is silly, but it's an interesting silliness, especially on the eve of this great man's and good painter's 80th anniversary.

The Royal Academy recognizes Churchill's talent as an artist. The 196-year-old academy has given him the title:

## Charter Revision Committee Named

The city commission, in a called session this afternoon, appointed 18 Big Spring citizens to a committee to study revision of the city charter.

Comprising the committee will be John Currie, E. P. Driver, Bud Farrow, J. E. Hogan, Gil Jones, Jack Little, Jerry Mancill, K. H. McGibbon, Clyde McMahon Sr., Walton Morrison, Joe Pickle, Lee Rogers, Jack Smith, John Taylor, Jack Wallace and Roy Watkins.

City Manager Larry Crow said the list had been prepared in discussions with the commission and he had contacted the persons involved to ask if they would serve, with the list going again to the commission today for final approval.

The revision of the city charter had been recommended to the commission on Sept. 22 by City Attorney John Burgess.

## County Takes McDonald Bid

Howard County Commissioners had bought a Rambler automobile for the road and bridge department and was pondering which of five bids to accept on a motor grader for the same department at 11 a.m.

The commissioners accepted the bid of McDonald Motor Co. to supply the Rambler sedan to the department for \$1,770, with trade-in of a car already owned by the department.

Two other bids were opened — Shastra Ford, \$1,999.97 and Pollard Chevrolet, \$1,655.

The motor grader bids ranged from \$14,267 to \$19,000. No action had been taken at 11 a.m.

Two other bids were opened — Shastra Ford, \$1,999.97 and Pollard Chevrolet, \$1,655.

## Darland Keeps Juvenile Post

Bob Darland, county juvenile officer, has been reappointed to the post he holds for a new two year term, it was stated by Lee Porter, county judge. Porter is chairman of the juvenile board representing the county, schools and city. Pay for the officer remains the same, Porter said—\$500 plus car allowance of \$85 per month. Forty per cent of the cost of the office is paid by the county and the city respectively and 20 per cent by the school district.

Wade Choate's records, as county auditor, show that total expense of the juvenile office for 1964 was \$11,224. This includes Darland's salary, his car allowance, his secretary, who doubles as secretary for the county welfare office; telephone, travel expenses and other costs. Biggest item is travel, the records show. The expense for traveling, which includes trips, was \$1,274.

The members of the juvenile board are Porter, chairman, Sam Anderson, superintendent of the city schools; Roy Anderson, assistant city manager; Arnold Marshall, Mrs. R. B. Cowper, L. J. Davidson, county commissioner, and Dan Bustamante.

## Service Station Burglary Reported

A burglary of a Texaco Service Station at 901 Gregg sometime Wednesday night was reported to police today, with some \$25 in currency and change reported taken. Officers said a window was broken on the south side of the building to gain entry and a cigarette machine was broken open.

N. A. Baker, 2505 W. US 80, reported the drive shaft was stolen from his parked car, and Jerry Scott, Austin, told officers a watch valued at \$200 was taken from a motel room where he was staying overnight. Five radiators were taken in a break-in at 1011 W. 6th, Guy Heffington told police.

## Workover Site Is Completed

An old well worked over in the Vincent, West (Pennsylvania) field of Howard County, flowed 180 barrels of 44 gravity oil from an open hole at 7,438-89 feet through a 15-64-inch choke. There was no water. Gandy-McAuley, Inc. plugged the well back and redrilled to 7,480 feet because of junk interfering in the old perforations. The 2-A Willis Winters well, spotted 467 feet from the north and west lines of section 6-25, H&TC survey, was recompleted in the same reservoir for continued production, after 4 1/2-inch casing was set to 7,438 feet.

Lario Oil & Gas Co. has staked No. 4 Cairns seven miles west of Vincent in the East Vealmoor field and will drill to 7,700 feet rotary. The well is spotted 330 feet from the north and 1,980 feet from the east lines of section 18-27, H&TC survey on a 220-acre lease.

## Gales Buffet British Isles

LONDON (AP)—Severe gales and blizzards swept much of the British Isles today after the worst buffeting of the winter Wednesday night.

London had bright sunshine and blue skies, but an Air Ministry spokesman said the north and west coasts could expect "a rough time again."

Winds of more than 60 miles an hour held the 43,340-ton British aircraft carrier Ark Royal in Devonport harbor and prevented her sailing.

Twelve ships sought safety at the Kent port of Margate; and channel ferries ran late.

### Steers Point For Midland

The Big Spring Steers try to beat the lion again Friday night, at which time they venture to Midland to play Jay Spears' Midland High Bulldogs. The task won't be easy. The Bulldogs have been rough on all opposition this season and are still very much in the conference race.

Paul Thomas, 6-8 junior, leads the Steers in scoring after 18 games with a total of 200 points. Runnerup is Simon Terrazas, who has 188, while Joe Jaura is a close third with 175.

Individual scoring:

|                 |    |    |     |
|-----------------|----|----|-----|
| Paul Thomas     | 75 | 52 | 90  |
| Simon Terrazas  | 73 | 42 | 188 |
| Joe Jaura       | 73 | 31 | 175 |
| Don White       | 57 | 38 | 152 |
| Burch Foster    | 35 | 23 | 61  |
| Van Tom Whitley | 13 | 5  | 21  |
| Robert Jackson  | 8  | 4  | 20  |
| Paul Seiden     | 4  | 10 | 18  |
| Terry Fields    | 3  | 1  | 7   |
| Blay Griffin    | 2  | 0  | 2   |
| Arthur Voldez   | 1  | 0  | 1   |
| Russ Kimble     | 1  | 0  | 1   |

N.C. State, behind by 14 points at 45-31, reeled off a 15-1 spurt to defeat North Carolina at Chapel Hill. The Wolfpack took the lead for good at 57-55 on Larry Lakin's basket.

## Cage Great's Son Star At St. Jo's

By TED MEIER  
Associated Press Sports Writer

Like father, like son. Matt Guokas starred for St. Joseph's College of Philadelphia during the Mighty Mites era that brought national prominence to the Hawks in college basketball nearly 30 years ago. Now his 20-year-old son, Matthew G. Guokas, Jr., is helping the Hawks keep their lofty No. 4 spot in The Associated Press national rankings. Like his dad, the younger Guokas seldom is high scorer, but excels in defense and passing.

A 6-foot-5, 190-pound sophomore, the younger Guokas scored 12 points on six field goals Wednesday night as the Hawks set a Palestra team scoring record in crushing Seton Hall 115-81 in the opener of a Philadelphia doubleheader. In the other game LaSalle drubbed Duquesne 83-69.

Cliff Anderson, another sophomore, scored 29 points and Bill Oakes added 24 as the Hawks upped their season record to 13-1. They were the only team in The AP Top Ten to see action.

Rick Barry, the nation's leading scorer, threw in 54 points in leading the University of Miami Hurricanes to a 124-93 home-court victory over Florida Southern.

N.C. State came from behind

### AFL Studies Plan To Add To Schedule

HOUSTON (AP) — The football season isn't over yet. Always time for one more. The floating All-Star game of the American Football League will be played Saturday at Jeppesen Stadium. Already they are dreaming up games to lengthen next season.

The AFL is considering a proposal to add a new game in early August at New York's Shea Stadium between the league champion Buffalo Bills and the AFL All-Stars. No rookies would be involved.

As Ralph Wilson, owner of the Bills, and Sonny Werblin, the New York Jet owner who distributes \$400,000 bonus checks, both are in favor of the game—its chances are good. The league will take action later this week.

There will be no conflict between this game and the All-America game among pro rookies in Buffalo June 27 or the College All-Star game in Chicago Aug. 6.

In the Chicago game the National Football League champion Cleveland Browns play rookie all-stars from both leagues.

If the AFL goes along with the new game it will upset the training plans of its clubs. Each team would have to give up a number of regulars to form an all-star team just a few days before the exhibition season starts. The same clubs already will have lost rookies to the Chicago game.

Mike Holovak, general manager and coach of the Boston Patriots, says he is willing to cooperate if he can be shown that the new game is for the good of the league.

In the meantime, the two teams for Saturday's transplanted game are down to a one-day practice session after a series of double workouts.

Coach Sid Gillman of San Diego, who bosses the West team, has added defensive back Dick Westmoreland to replace halfback Billy Cannon, who has problems getting away from dental school. Gillman reports flanker Lance Alworth and fullback Keith Lincoln, injured in late season games, will be ready to start.

The East team, coached by Lou Saban of Buffalo, will have a strong Buffalo tinge to its attack. Both ends Elbert Dubenion and Ernie Warlick and fullback Cookie Gilchrist are Buffalo stars. So is Jack Kemp, the No. 2 quarterback behind Boston's Babe Parilli.

Wilson proposed in an interview Wednesday a common player draft by the AFL and the NFL. He warned "the two leagues must have some sort of an understanding on the draft before too many years for I see very serious storm clouds on the horizon."

Wilson said he planned to have informal talks with four friends who own NFL franchises and hopes these talks will lead to formal discussions by the two commissioners.

### Wilt Is Traded To Philadelphia

ST. LOUIS (AP) — Wilt Chamberlain, the highest paid player in the National Basketball Association, was traded to the Philadelphia 76ers by the San Francisco Warriors late Wednesday night after he had played for the West in the league's All-Star game.

The Warriors received forward Lee Shaffer, guard Paul Neumann, reserve Connie Dierking and an undisclosed amount of cash for Chamberlain, who pulled down a reported \$65,000 a year for his astronomical scoring and rebounding.

The trade ended weeks of rumors and speculation that Wilt was on the block with numerous clubs bickering for his services, including the New York Knicks and the Los Angeles Lakers.

The 7-foot-1 Chamberlain, who never has averaged less than 33 points a game in the NBA and presently is scoring almost 40 points a contest in his sixth year in the league, will join the 76ers for their game tonight against Baltimore in Philadelphia.

WILT CHAMBERLAIN

Neumann, Dierking and Shaffer, who sat out the season after a salary dispute with the 76ers, will be ready to play Friday for the Warriors against New York in San Francisco.

Lucas Snares The Ball

Jerry Lucas of the Eastern Division team in the National Basketball Association's All-Star game in St. Louis out-rebounds Bob Pettit of the West team in action Wednesday night. Lucas was named the most valuable player of the game, which ended in a 124-123 victory for the East team. (AP WIRE-PHOTO)

## East Scores Narrow Win In Pro Classic

By MIKE RECHT

ST. LOUIS (AP) — Even playing against Oscar Robertson and Jerry Lucas, Red Auerbach manages to guide Bill Russell and the Boston Celtics to the Eastern Division title year after year in the National Basketball Association.

But Red and Russell gave professional basketball fans a change Wednesday night of what might be if they could play with the Cincinnati stars, instead of against them. Not even a team of Western Division All-Stars managed to beat them.

The Big O, Big Bill and Luke took control of the 15th annual NBA All-Star game and led the East to a stirring 124-123 victory over the West after almost blowing a 20-point lead.

"Russell, Oscar and I played on that foreign tour this summer," Lucas said, "and we were used to a lot of the things we did on the court."

Lucas, who hit 12 of 19 shots for 25 points, grabbed 10 rebounds and won the Most Valuable Player award for the game. He attributed much of his shooting accuracy to being set up by Russell.

Luke scored 13 points in the first half and Robertson, notched 12. Russell clogged up the West's offense by forcing poor shots and bad passes, and the trio boosted the East to a 75-61 lead at intermission. When the margin grew to 20 several times in the third period, it looked like a runaway.

But with Russell in foul trouble and Lucas taking a breather, the West began to hit the mark and climbed within 110-107 as a record-breaking crowd of 18,713 roared its approval.

Only Oscar, who scored seven of the East's first eight points in the final 12 minutes, kept the lead until the big boys returned.

Lucas hit a basket for a 123-111 spread. Robertson dropped two more free throws with 1:15 left for the decisive points and a 124-117 margin before the West made its final, but futile, flurry.

After the game, Auerbach blamed fouls for the bit in the final quarter.

"We got the calls against us just as if we were playing on the road," he said. "That was the reason that the West almost caught us, because I could not use Russell as much because of his foul trouble. You saw what he did for us in the first half. The way he played, you didn't know there was a man on the floor named Wilt Chamberlain."

Chamberlain, traded by San Francisco to Philadelphia after the game, finished with 20 points, but had only eight in the first half and a number of his later baskets came as Russell was sitting on the bench.

In intra-conference play, Eastern Division teams in 1964 held a substantial edge over the West, winning 20 games, losing 11 and tying one.

However, the East has yet to win an All-Star game, losing by 47-27, 21-14 and 27-24 scores.

"They aren't that good," East end Gino Capelletti of Boston argues against the record. "We had a big lead last year and they beat us on the last play of the game. The year before the teams were pretty evenly matched."

### Broyles Shares Coaching Award With Parseghian

CHICAGO (AP) — One coach who went all the way, one who missed by two minutes and another who ranks as a real throw-back, have been named the Coaches of the Year by the American Football Coaches Association.

"I'm delighted," said Notre Dame Coach Ara Parseghian, who had to share the award with Arkansas' Frank Broyles when the balloting of the membership ended in a tie.

Outgoing president of the association, Len Casanova of Oregon, said the vote was counted three times.

"One ended in a tie, Broyles led on one and Parseghian led on another," he said. "So we got in a certified public accountant and he said it was a tie."

Clarence Stasavich of East Carolina College, one of only a handful of coaches still teaching the single wing, was named the small-college Coach of the Year.

"Of all the awards, this has to be the most pleasant—to be selected by your colleagues," said Parseghian, who previously had been named Coach of the Year by the Football Writers Association.

"No," said Parseghian in answer to a question. "I don't see anything wrong with the dual award. I think it's very fair. Look at it this way—Frank went all the way and I just missed by two minutes."

Parseghian, lured from Northwestern to rebuild Notre Dame's sagging football fortunes, surprised the football

FRANK BROYLES

world and delighted the legions of Irish alumni by winning his first nine games.

Then, ranked No. 1 in the nation, Notre Dame was upset by Southern California 20-17, Southern Cal coming from behind in the last two minutes.

Broyles led Arkansas to its first undefeated season in history, including a 14-13 edge over mighty Texas—the defending national champion—and closed out an 11-0 season with a Cotton Bowl triumph over Nebraska.

"Our teams are a lot alike," Parseghian said of Notre Dame and Arkansas. "You've got to have the offense, the defense, the bench, a quarterback and some luck. We had 'em."

## Runnels, Goliad Vie In Three Cage Games

Basketball teams representing Goliad and Runnels junior high schools come up for their long-awaited games tonight in local gymnasiums.

The seventh grade units will tangle in the Runnels fieldhouse starting at 4:30 o'clock. That contest originally was booked for the high school.

The eighth and ninth graders will be unveiled in the high school gymnasium, the eighth graders at 6 p.m. and the ninth graders about 7:30 p.m.

Runnels' ninth graders will carry a 5-4 record onto the court.

The club won't be at full strength, however, since Randy Foster, who hit seven straight shots from outside in a scrimmage against Lakeview earlier this week, is favoring a boil on his knee and may not get to play.

Such boys as Mike Garman, Wayne Johnson, Charley Tubb and Danny Clendenia are sure to see a lot of action for Runnels.

Goliad boasts a fine 7-3 win-loss record. The Mavericks' most recent victory came over Coahoma by a score of 57-33.

Don Malone, Dean Gilstrap, Tommy Ryan, Gregg Willis, Lonnie Clanton, Don Crockett, and Norm Lundy are among the youngsters Goliad will be counting on.

Foggy usually goes out the window in this series. Records mean nothing. The team that wants victory most invariably gets it.

Runnels' eighth graders have won five while losing six times while Goliad's eighth is 4-7. A large crowd is expected to watch the high school action.

### Spruill Named All-America

NEW YORK (AP)—Five Texans are on the 95-man All-American high school football team selected from 42 states by Scholastic Magazines, the national educational publications.

The Texas boys are guard Gene Mayes, Garland; center Skippy Spruill, Odessa; quarterback Charley Riggs, Galena Park; back Norm Bulaich, Lamarque; and Chris Gilbert, Spring Branch.

Jaure On Target

Joe Jaure (13, in black) of Big Spring watches the ball as it starts to drop through the hoop in Tuesday night's basketball game here between Big Spring and Odessa Permian.

Johnston, Permian; No. 30, Tim Heines, Permian; No. 50 out front, Alan Moravetz, Permian, while the boy at the right is Simon Terrazas, Big Spring. Permian won the 2-AAAA game, 52-45. (Photo by Danny Valdes)

# Western Miners Due To Be Entertaining

EL PASO — Football followers like to see the ball in the air so often that you think they are playing Annie-Overs, will, indeed, be royally entertained in 1965 by the Texas Western Miners.

# Time Nears For Permian Club's Amateur Trials

The stage is set for Friday's drawing for positions in the first Amateur Field Trial scheduled by the Permian Bird Dog and Sportsman Club, scheduled to start at 8 p.m. Friday in the Settles Hotel.

# Nelson Still No. 1 Scorer

Eddie Nelson continues to lead the HCJC Jayhawks in scoring with a total of 359 points.

# Cisco Is Rated Fifth In Poll

DODGE CITY, Kan. (AP)—Dodge City, the 1964 national champion, tops the first basketball coaches' poll of the season in the National Junior College Athletic Association.

# Lueders Athlete Is Tri-Captain

Table with 3 columns: Player Name, Points, and Assists. Eddie Nelson is the top scorer with 118 points.

# Compromise To End Bitter Sports Feud?

CHICAGO (AP) — A surprising twist to the end of the 59th National Collegiate Athletic Association convention may have opened the door to compromise of the long and bitter NCAA-AAU dispute for control of amateur athletics.

# LOOKING 'EM OVER

With Tommy Hart

Plainview's Ron Peret, who performed with distinction against the Big Spring Steers early in the basketball season, is averaging 27.7 points a game and probably will rate the all-state team, although his team doesn't stand much chance of getting out of district.

# Sands Enters Abilene Meet

ABILENE — Sixteen high school girls' basketball teams will compete in the 13th annual invitational tournament for girls at Hardin-Simmons University Feb. 4-6, Otto Polk, tournament director, has announced.

# Art Modell Asks Parrish To Quit

CLEVELAND (AP) — Pete Rozelle and Paul Brown, living at opposite ends of the country, quietly got about their business while arguments over them continue here between the owner of the Cleveland Browns and one of his players.

# Curtis May Join SMU Grid Staff

DALLAS (AP)—Chuck Curtis, the 29-year-old Garland coach with three state schoolboy football championships to his credit, apparently is going to join the SMU staff before the end of the week.

# Art Modell Asks Parrish To Quit

CLEVELAND (AP) — Pete Rozelle and Paul Brown, living at opposite ends of the country, quietly got about their business while arguments over them continue here between the owner of the Cleveland Browns and one of his players.

# Veteran Of Controversies In New One

CAMBRIDGE, Mass. (AP) — As a World War II paratrooper commander and later as United States ambassador to France, Gen. James M. Gavin became famous for jumping into trouble. Now, a private businessman, he's still leaping into controversies, such as his support for French President De Gaulle in the uproar over a multilateral force.

Gavin is an outspoken critic of this country's proposal for a multilateral nuclear force within NATO. He backs the position of De Gaulle that such a force would be a farce.

**LEFT ARMY**  
The ex-paratrooper, who left the Army as a lieutenant general after a dispute with Pentagon superiors over missile defenses, also has taken on the job of finding a solution to the power struggle between the nation's two biggest amateur athletic associations.

In 1961, when President Kennedy named Gavin ambassador to France, the appointment was criticized because Gavin didn't speak French.

As for the proposal to create a NATO fleet of surface ships armed with Polaris missiles and manned by crews from NATO nations, Gavin said in an interview with The Associated Press: "The MLF (multilateral force), as being discussed now, will be allowed to die quietly."

**"IT'S UNREALISTIC"**  
Gavin believes it is unrealistic to expect European nations to participate in a nuclear force in which the United States held sole control of the use of nuclear weapons.

"We will always maintain control of the button. . . I don't think Congress ever will give that away," he said.

Gavin and De Gaulle have maintained the friendship they established four years ago.

He described De Gaulle as "a man who is very friendly toward Americans in general. . . and who is strongly anti-Communist."

Last July, President Johnson asked the 57-year-old Gavin, who is president and board chairman of Arthur D. Little, Inc., an industrial consulting company, to seek a permanent solution to the differences between the Amateur Athletic Union and the National Collegiate Athletic Association.

Gavin expects to submit his findings to the President soon.

# Algeria Puts Off Summit Meeting

CAIRO (AP) — Algeria is postponing the second African-Asian summit conference scheduled for Algiers March 18, Algerian Ambassador Lakhdar Brahimi announced.

# Legal Custody Won By Pier

SANTA MONICA, Calif. (AP) — A judge has ended a week of courtroom battling between Vic Damone and his ex-wife, Pier Angeli, by making this ruling on custody of their son, Perry.

Miss Angeli gets legal custody of the boy.

He will live with her in Rome.

But, under new visitation rights, Damone will bring the boy here each July and August.

The boy will spend alternate Easter and Christmas holidays with Damone.

Damone, 35, has held temporary custody of the 9-year-old boy since he brought Perry here from New York Sept. 30. Miss Angeli, 32, charged him with contempt because, she said, he violated the custody agreement following their 1960 divorce which granted her Perry's custody.

Superior Court ruled he was not in contempt, however. The custody agreement was reached Wednesday.

The judge met privately with Perry and explained the settlement to him.

The youngster was in tears as he left the courtroom, his father's arm over his shoulder.

# Reports On Immigration

President Johnson has just recommended that Congress less immigration restrictions for the country. The proposal would do away with the quota system. (AP WIREPHOTO)

# Immigration Overhaul Hope Held Amid Snags

WASHINGTON (AP) — Sponsors of legislation recommended by President Johnson to revamp the nation's immigration law expressed guarded optimism today about making a breakthrough in the obstacle-ridden field.

Johnson's key proposal was to do away with an immigration quota system based on the national origins of the U.S. population in 1920. The system favors immigrants from Northern and Western Europe over those from other parts of the world.

**WORK SKILLS**  
In a special message Wednesday he urged Congress to abolish this system over a five-year period and allow admission of immigrants on the basis of needed work skills, family relationships and priority of registration.

Johnson's predecessors John F. Kennedy, Dwight D. Eisenhower and Harry S. Truman — tried without success to persuade Congress to eliminate or to overhaul the national-origins quota system.

Critics contend it discriminates against Italians, Greeks and other southeastern Europeans — to say nothing of Asians.

Whether Johnson will make any headway remains to be seen. But one Senate source said that he understands "the push is on this year."

**KENNEDY BILL**  
In the last Congress, a virtually identical bill submitted by Kennedy was backed by Johnson but got nowhere.

A House Judiciary subcommittee headed by Rep. Michael A. Feighan, D-Ohio, held hearings near the end of last year's session but took no action. Feighan is an outspoken foe of the legislation.

However, Rep. Emanuel Celler, D-N.Y., chairman of the House Judiciary Committee, said he is optimistic about getting the measure before the House for a vote this year.

# Phone Line Theft Alleged

ANDREWS, Tex. (AP) — A father and his son are accused of stealing 30 miles of telephone line.

Ralph Flowers, 59, and his son Richard, 26, were charged Wednesday with felony theft in the disappearance of the wire, which linked Goldsmith, Tex., and Hobbs, N. M. It was not in service at the time.

Southwestern Bell Telephone Co. said the line was worth \$6,500.

# Two College Students Killed

WEATHERFORD, Tex. (AP) — Two Abilene Christian College students were killed as two cars collided 11 miles west of here on U. S. 80 Wednesday.

They were Jacquelin Sprout of Belton and John Sasport, 21, of New York City.

Officers said Sasport was driving a car which collided with one driven by Grady Wartes, 47, of Bluffdale, Tex. Wartes was injured.

# Kurdish Kill Forty Iraqis

BEIRUT, Lebanon (AP) — About 40 Iraqi government troops have been killed in recent clashes with rebel Kurdish tribesmen in northern Iraq, informed sources report.

# 'NOTHING BUT SILENCE'

# Family Loss Haunts Sarge

SACRAMENTO, Calif. (AP) — To live in a home of silence is the hardest task still facing Sgt. Wayne Traxler.

The 17-year Air Force veteran tries to put sound into his small apartment with a new phonograph and his collection of three records.

"Nothing can replace the sound of seven children and a wife. "It is hard to forget," the sergeant says, "when there is nothing but silence. It is hard to learn to live alone."

On Sept. 4, Traxler was serving in South Viet Nam.

On the same day his wife, Doris, and his seven children were returning to Sacramento from a vacation in Santa Ana, Calif.

**OUT OF CONTROL**  
The car rounded a curve near Merced, Calif. It went out of control and plunged over a 40-foot embankment.

When the auto came to rest at the bottom of the deep decline, five of his children — Caroline, 17; Dwight, 16; Gilda, 13; Duane, 5, and Anastasia, 1 — were dead.

A few hours later in a nearby hospital his wife of 17 years died. So did his daughter, Charmagne, 8, and his son, Wayne, 7. There was none left.

Traxler was brought home from Viet Nam. Today he is serving with his old unit, the 552nd Airborne Radar Wing, at Sacramento's McClellan Air Force Base.

**"I'LL GO BACK"**  
"I'll go back anytime they want me," Traxler says. "I don't care where they send me."

The sergeant now lives in a three-room apartment near the base. One picture, of his oldest daughter in a party dress, is the only visible reminder of his loss.

The other pictures, the snapshots, the memories, are kept in a scrapbook, tucked away.

Like most service regulars, Traxler outwardly is a salty, tough veteran, accustomed to

# FAT OVERWEIGHT

Available to you without a doctor's prescription, the ODRINEX plan. You must lose weight fast or your money back. One of the basic problems of losing weight is your inability to stick to a planned diet. The ODRINEX plan contains a glycol lipid and is easily assimilated. When you take ODRINEX, you simply don't have the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food thus making it easier and more comfortable for you to diet. Your weight must come down because on your own dieting and less weight ODRINEX can be a powerful helper. The ODRINEX plan costs \$3.49 and is sold on this guarantee: If not satisfied for any reason just return the package to your druggist and get your full money back. No questions asked. The ODRINEX plan is sold with this guarantee by:

after he reaches the 20-year retirement plateau.

"After the accident," Traxler says, "Sargent Shriver, director of the Peace Corps, wrote and asked if at some future date I would be interested in working with the Peace Corps."

"This has become my aim. "I will go into the Peace Corps as soon as my service career ends, not quite three years ahead."

What type of job will Traxler seek with the corps? "Just let me work with children," he says. "I guess it is, or rather was, obvious that I liked kids. I want to work with them again, even if they're not my own."

Then Sgt. Traxler, a native of South Bend, Ind., hopes there will be no more silence in his home.

HINTS FROM HELOISE

Finds Simple Way To Prevent Splatter

Dear Heloise:

I found that after I fried something, I always had to clean the other burners on my stove because of grease splatters.

I got a bit weary of that (naturally), so now I use those throw-away pie tins to cover the other burners and they stay clean and splatter free.

The tins can be cleaned... which is much easier to do than cleaning the burners... or can be thrown away.

After all, they're free! Mamy B.

Or you could use those rectangular foil tins and have almost the entire surface of the stove protected from that splattering grease.

How about that? Heloise

Dear Heloise:

As a mother of seven children, I finally found a way to keep little girls' half-slips from slipping down and spoiling the effects of a pretty stand-out dress.

I measure a piece of white quarter-inch elastic over each shoulder, long enough to reach the front and back of said slip. Then I put a hook and eye on the slip and the elastic. When the child is sitting, the elastic will give; and when the child stands, the slip goes back into place.

The same idea will work if the child wears more than one slip at a time. It's sort of like suspenders... Mrs. P. J. Cardin

Dear Heloise:

I would like to tell you my little trick for opening boxes.

I keep an ordinary wooden clothespin handy, and in place of my thumb, I press the tab with the split end of the clothespin, and then raise it up.

The box is opened quickly and easily—and no more broken fingernails or sore thumbs! Mrs. M. Brown.

Dear Heloise:

For those who have trouble eating breakfast:

While visiting with my grandchildren, I noticed that they were expected to eat soon after

Methodists Slate Joint Meeting

The Wesleyan Service Guild of Wesley Methodist Church will meet with the Woman's Society of Christian Service Jan. 19 at 7:30 p.m. at the church.

Emotions Probed By Mrs. Shelby Parnell

Emotional problems that contribute to overweight were examined Tuesday by Mrs. Shelby Parnell who was the guest speaker at the TOPS Pound Rebels meeting in the Community Room of the First Federal Savings and Loan Association building.

Mrs. Parnell advised her listeners to minimize the problems by staying busy, taking prob-

lems one at a time as they occur in daily life, and avoid eating as a compensation when things seem to go wrong.

Mrs. Parnell was introduced by Mrs. Ray Woolverton.

A combined weight loss of 11½ pounds was reported during the session conducted by Mrs. William H. Harp, president.

The place for the Tuesday meeting is to be announced.

Methodists Slate Joint Meeting

The Wesleyan Service Guild of Wesley Methodist Church will meet with the Woman's Society of Christian Service Jan. 19 at 7:30 p.m. at the church.

The announcement was made Tuesday when the women met with Mrs. Robert E. Lee, 1604 E. 6th.

Mrs. R. O. Browder brought the last lesson of the Spanish American study.

The eight attending were led in prayer by Mrs. Browder and Mrs. Bob Severin who brought the devotion.

## Rocket Safety Barrier Hurdled

JACKSON PLATS, Nev. (AP) — This nation's nuclear rocket engine program has leaped an important safety hurdle. Scientists blew one up in a deliberate accident with no more damage or radioactivity than they expected.

## Navy Action Comes On Sub Safety

WASHINGTON (AP) — The Navy says it has acted on 20 safety recommendations aimed at protecting the lives of its men who cruise the ocean depths in submarines.

The Navy recommendations stemmed from an inquiry into the loss of the atomic submarine Thresher, which carried 129 men to their deaths in the spring of 1963.

The Thresher was lost shortly after undergoing a final overhaul at the Portsmouth, N.H., shipyard.

**STANDARDS SHORT**  
The Navy statement came after the Senate-House Atomic Energy Committee had said "practices, conditions and standards existing at the time were short of those required to insure safe operation of the Thresher."

The 20 recommendations, most of them highly technical, were made by a Navy court of inquiry. They had been kept secret since the investigation ended in June 1963, two months after the Thresher went down.

The congressional committee called for a "drastic change in the present military technical management concepts," and urged that Navy officers be assigned to technical responsibility as long as necessary to do a thorough job without hampering promotion opportunities.

The Navy statement made no comment on this. Several of the 20 recommendations dealt with ways to strengthen the piping systems of submarines.

The Navy court had suggested that the Thresher might have gone down because of the failure of piping in a salt water cooling system, thus admitting the ocean into her hull.

**NOW MANDATORY**  
It said 14 per cent of the 155 joints checked on the vessel failed to meet the standards of the then experimental ultrasonic inspection program. Such testing now is mandatory.

The shipyard found the Thresher fit by regular inspection standards.

**East-West Trade Eyed**  
WASHINGTON (AP) — Advocating a flexible trade policy toward the Reds, a State Department report suggested today that the Eastern European countries may be turning once again toward the West for a major share of their trade.

The report to Congress also disclosed that atomic power plants and engines were added in 1964 to the list of Western items barred from shipment to the Communists.

What to do about East-West trade, now under review by the administration and Congress, also was discussed. A 14-year-old law controls exports of strategic goods to the Sino-Soviet bloc.

U.S. strategists figure that Western commerce with Soviet satellites reduces their dependence on the Kremlin both economically and politically. President Johnson has called for building "new bridges to Eastern Europe" in trade and other contacts.

Only COMET, the Modern Rice, is both Vitafied and Enriched to protect your health while dieting. That may be one of the reasons hundreds of doctors have requested thousands of copies of the COMET RICE DIET for their patients.

More than 90% of those who reported that they followed the COMET RICE DIET faithfully state that they lost a pound a day, yet never were hungry. Weight reductions range from a few pounds to more than one hundred pounds, according to some users. Of course, some did not like the Diet. COMET makes no claims, no guarantees. See your doctor before dieting.

If you would like to try the COMET RICE DIET to see if you can lose weight without being hungry, send a COMET RICE Box Top and your name and address to:

COMET RICE • BOX 544 • DALLAS, TEXAS  
©1964 Vitafied and Enriched  
**COMET RICE**

what would happen if such an engine fell into the sea in a launching mishap.  
Salt water increases the number of fissions or atom-splittings per second in a nuclear-fueled reactor, and thus multiplies the explosive effect.

**BLOWN HIGH**  
Telephone poles 50 feet away were blown high in the air, and set afire by the 8,000-degree-Fahrenheit heat generated by the blast.

The flatcar on which the 12-foot-high, trashcan-shaped engine rested was crushed as if by a giant foot.

Dr. Keith Boyer, director of the test for the Los Alamos Scientific Laboratory, said a first look at radiation monitors indicated humans would have been completely safe 1½ miles away.

"People would be in much greater danger," he said, "if they were that close to a non-nuclear explosion of conventional fuel in one of the Saturn rockets being developed to take men to the moon."

Twelve miles away, at the boundary of the Atomic Energy Commission's atomic testing grounds 90 miles northwest of Las Vegas, the white cloud of radioactive particles blown southwest by the wind passed over the little community of Lathrop Wells.

**RECORD RADIATION**  
Planes flying through the radioactive cloud recorded the radiation at a rate of 2 milliroentgens per hour. It took the cloud 20 minutes to pass over, and an AEC spokesman said anyone in the evacuated town would have absorbed a dose of less than 1 milliroentgen. He said a safe limit has been established as 500 milliroentgens per year.

The reactor destroyed was a prototype, called Kiwi after the flightless New Zealand bird, of engines being developed to power manned flights to the moon and the planets.

**LBJ 'Distressed' At Dillon Rumor**  
WASHINGTON (AP)—President Johnson says it always distresses him to read stories to the effect that Secretary of the Treasury Douglas Dillon plans to resign.

**Joint Bid Low For Base Project**  
FORT WORTH (AP)—Fowco Construction Co. and Lewis A. Fowler of Corpus Christi jointly submitted the low bid of \$487,199 for construction of airfield pavements at Laughlin Air Force Base, Del Rio, Army Engineers said today.

## New Musical Show Is Tops

By CYNTHIA LOWRY  
AP TV - Radio Writer

NEW YORK (AP) — A lively, brassy, new musical variety hour roared like a tornado into NBC's evening schedule Tuesday night — a real toe-tapper for the folks at home, even the older ones.

"Hullabaloo," as it is called, was produced by, with and for the young crowd, and there certainly was nothing the matter with the music, the dancing or the singing. There was also interesting product background — including room for a 120-piece marching band that would

have made Ed Sullivan green with envy.  
If one must do a little carping it is to question the judgment of permitting those screaming teen-age girls in the studio audience. They even howled when they saw a tape reproduction of two British singing groups in action.

Their squealing not only was annoying to the living room audience, but obviously disturbed young Jack Jones, the show's host, to a point where he was stumbling over his lines.  
Jones, a singer with a pleasant voice and easy style, just doesn't get the squeals, probably because his hair shows signs of recent barbering and he wears ordinary men's clothes.

All in all, though, it was a rather exhilarating, bouncy penitency clause takes away the

## Thant Swings Ax At U.N. Barrier

UNITED NATIONS, N.Y. (AP) — Secretary-General U Thant sought today to salvage a foundering Asian-African plan to settle the stalemate over the General Assembly votes of nations which refuse to pay peace-keeping costs.

Thant held an emergency conference Tuesday night with Assembly President Alex Quaison-Sackey of Ghana after the United States announced it had rejected a provision of the Asian-African plan setting aside the U.N. Charter's Article 19. This

assembly vote of any member two years behind in its payments.  
**MORE PALATABLE**  
Informants said Thant and Quaison-Sackey hoped to persuade the 59-nation Asian-African group to make their plan more palatable somehow to the United States and to the Soviet Union in hopes of avoiding a showdown when the assembly returns from New Year's recess Monday.

U.S. sources said Thant was expected to confer with U.S. Ambassador Adlai E. Stevenson

to find out what concession if any the United States would be willing to make on the voting issue.

Thant was also expected to call in Soviet Ambassador Nikolai T. Fedorenko to see if there was any easing of the Soviet stand against paying part of their peace-keeping assessment.

**OK'S PROVISION**  
U.S. sources said Washington has accepted the Asian-African plan's provision for voluntary financial contributions toward the peace-keeping deficit of nearly \$86 million. "But we do not agree to a precondition in which you would just put Article 19 aside," said one source.

Article 19 would take away the vote of the Soviet Union, France and 16 other nations more than two years in arrears on their total assessments be-

cause of their refusal to pay peace-keeping dues.

The Soviet Union has indicated it would pay into a voluntary fund without disclosing the amount and provided its payment was not listed as a peace-keeping contribution. It also demanded that Article 19 be suspended and threatened to quit the United Nations if deprived of its assembly vote.

## British General Reviews Buildup

KUALA LUMPUR, Malaysia (AP)—The British army chief of general staff designate, Gen. Sir James Cassels, met Malaysian defense officials today and reviewed the Indonesian military buildup.

Dear Abby

Technically Speaking

DEAR ABBY: I know that technically, my sister's husband is MY brother-in-law, but does that make him my husband's brother-in-law, too? Also, my husband has three married sisters. I know that their husbands are my husband's brothers-in-law, but what are they, technically speaking that is, to me? And while I'm asking, are my aunts and uncles my husband's aunts and uncles, too? And how about cousins?

JUST TECHNICAL

DEAR TECHNICAL: Technically, your sister's husband is YOUR brother-in-law, not your husband's. And neither are your husband's brothers-in-law YOURS. Your aunts, uncles and cousins are not your husband's, technically. Nor are his yours. But (and this is a very big "but") in most healthy marriages, both husband and wife "take on" the relatives of their spouses as their own. And don't get too "technical" or you might give the impression that you are trying to disclaim relationship to your husband's relatives.

DEAR ABBY: I was unemployed when I met my wife, but she said she'd marry me anyway and she would work until I found a job I could handle with my bum back. We've been married 11 years, and I'll admit I haven't worked much, but it's because of my back. I've been to all kinds of doctors and not one of them has been able to help me, so they say it is all in my head and I am just lazy. I am NOT lazy and it is NOT all in my head. When I wake up in the morning my back feels like a locomotive ran over it. Now my wife refuses to give me any money. Can I sue for non-support?

BAD BACK

DEAR BAD BACK: A lawyer can tell you whether you can sue or not. It sounds to me like a case of not enough backbone and too much wishbone.

DEAR ABBY: You told the girl whose "wonderful" fiancé insisted on driving 90 and 130 miles an hour that you hoped she looked good in black. I liked your answer. I also had a "wonderful" fiancé who loved to speed. I knew it when I became engaged to him, but loved him too much to break off with him.

One night he was doing 85 on wet pavement and we skidded into a pole. My right leg was so badly mangled it had to be amputated near the hip. I was later fitted with an artificial limb, but I must use crutches, too.

After I lost my leg, my fiancé lost interest in me. He broke our engagement and married a girl with two legs. I have a good job, live in a nice apartment, but I don't have much fun. If it's true that "men seldom make passes at girls who wear glasses," it is truer that men rarely make clutches for girls who use crutches. While girls in love seldom listen to advice, my experience might help some girl break with a speed demon before she spends the rest of her life regretting it.

SORRY IN S. F.

Dallas Nazis Said Expanding

DALLAS (AP) — The Dallas Morning News, in a story today by Harry McCormick, says activities of the Nazi party in Dallas are "greatly increased." The story told of six arrests over the weekend after the men involved were found pasting swastikas on store fronts and in possession of Nazi literature. The men ranged in age from 19 to 37.

Capital Hotel Rooms Available

WASHINGTON (AP) — The Washington Board of Trade assured prospective out-of-town visitors this week that hotel and motel rooms are available in the Washington area for President Johnson's inauguration next week.

"In spite of what you have heard," it said in a statement, "you can get a hotel or motel room in the Washington area." It said there are more than 26,500 motel and hotel rooms in the metropolitan Washington area.

Business Trends Prompt Concern

NEW YORK (AP) — More business firms are testing price increases in the market place. More concerns are piling up stocks of materials and at a faster pace. These two moves, which in the past often have gone together, are making some of the professional economy watchers nervous. They fear that price boosts and inventory building together might be early warning signs of either inflation or boom and bust, or both.

But in each case — price increases and stockpiling — there are particular circumstances to mitigate the danger, or at least to explain their appearance just now.

FAST RATE

Inventories are growing at the fastest rate in a year. But sales have been rising swiftly, too. So

in December. And it sees the increases announced by the steel industry late in December as adding "to the recently emerging climate in which businessmen seem to be less reluctant to probe markets to determine whether price increases can be made to stick."

TRENDS WATCHED

Some other economists are keeping a close eye on inventory trends. The Commerce Department's latest figures show a sharp gain in November in all sectors, factory, wholesale and retail. Combined the stocks stood at \$108 billion, a gain of \$680 million in a month. But combined sales also rose 2 per cent in the month to \$73.5 billion. This brought the inventories down to 1.47 months' supply, compared with 1.53 month's supply in the like 1963 month. The ratio leaves the picture looking far from dangerous. Some of the November gain is attributed to stockpiling of steel by users who fear they might be pinched this spring if current labor negotiations hit a snag and lead either to a strike or to much higher prices.

Senate Panel Appointments Are Listed

AUSTIN (AP) — Lt. Gov. Preston Smith announced Wednesday Senate Committee appointments, leaning heavily on veteran members for chairmen. One freshman, Sen. Jack Hightower of Vernon, was named to a chairmanship. He heads the Labor Committee. Committee chairmen and vice chairmen, respectively, are: Finance: Dorsey Hardeman, San Angelo, and Mrs. Neville Colson, Navasota. State Affairs: Grady Hazlewood, Amarillo, and George Parkhouse, Dallas. Water: Parkhouse and Culp Krueger, El Campo. Redistricting: Louis Crump, San Saba, and Galloway Calhoun, Tyler. Oil and Gas: Calhoun and David Ratliff, Stamford. Elections: Martin Dies Jr.,

Lufkin, and Jack Strong, Longview. Constitutional Amendments: Abraham Kazen, Laredo, and Andy Rogers, Childress. Agriculture: Rogers and Bill Patman, Ganado. Banking: Bruce Reagan, Corpus Christi, and Criss Cole, Houston. Education: Bill Moore, Bryan, and Walter Richter, Gonzales. Game Fish: Tom Creighton, Mineral Wells, and J. P. Word, Meridian. Insurance: H. J. Blanchard of Lubbock and Cole. Jurisprudence: Charles Her-ring, Austin, and Creighton. Labor: Hightower and Roy Harrington, Port Arthur. Nominations: Krueger and Ralph Hall, Rockwall. Counties: Ratliff and W. E. Snelson, Midland.

Arms Control Message Due

WASHINGTON (AP) — President Johnson will send Congress a new statement on arms control Friday and a special message on defense next Monday. Johnson's plans were announced by House Speaker John W. McCormack, D-Mass., after a conference with the President. Johnson had planned earlier to send his space message to Congress on Friday.

National Lottery Bill Request Back

WASHINGTON (AP) — Rep. Paul A. Fino is asking Congress again to approve legislation which would create a national lottery. The New York Republican who calls himself the No. 1 congressional advocate of the lottery expressed hope that the success of the New Hampshire lottery would prod his colleagues into action.

Satellites Inform Ships Of Position

WASHINGTON (AP) — The Navy says some of its ships — including Polaris submarines — are using a new all-weather satellite system for automatic and precise determination of their position at sea.

# Jungle Doctor Living Legend As 90th Birthday Observed

LAMBARENE, Gabon (AP) — Dr. Albert Schweitzer's famous jungle hospital was thronged today as the man often called the world's greatest living missionary celebrated his 90th birthday.

Hundreds of well-wishers were still en route to the outpost three miles from Lambarene where Schweitzer has spent much of his life treating the sick of French Equatorial Africa.

The throng included black men, entire villages of grateful tribesmen, and white men, some 200 Europeans and a few Americans from outside Africa. They came by plane, river boat and on foot.

**STOOPED WITH AGE** Schweitzer, who has helped more than 60,000 persons at the hospital he founded 40 years ago and won a Nobel peace prize, is stooped and burdened with age.

But the old man with the bushy white hair and the drooping mustache still had his familiar twinkle as he told visitors:

"I assure you I feel wonderful. I am grateful you could come."

A living legend because of his humanitarian work, Dr. Schweitzer is also one of the controversial figures of Africa. Despite criticism from some Africans, he has refused to change either his methods or the crowded corrugated iron shacks that serve as his hospital.

"He treats our people like savages instead of bringing progress," a Gabonese official said recently.

**"KNOW WHAT'S BEST"** Dr. Schweitzer insists he knows what's best for Africans and will not change. He points

to the man from the bush who continues to come for help and to his staff of 50 men and women, some of whom come from the world's best hospitals.

Renouncing a successful career in Europe, he first came to Africa in 1913. Although he was to win recognition later as a missionary, he had already achieved greatness as a young man.

Born the son of a preacher in the Alsace village of Kayersberg, Schweitzer enjoyed a wide reputation in music, philosophy and theology before he turned to medicine at the age of 30.

As an organist, he attracted large audiences in European concert halls. As a scholar, he left a storehouse of knowledge on subjects ranging from music, German literature and Bach to studies of Jesus.

## Beast-Training Wife Of Clown Now A Mother

VENICE, Fla. (AP) — A pert Polish girl who has tamed scores of lions and tigers is taking a week off to train her 6-pound, 9-ounce boy, born Wednesday.

"Having a baby is considerably more complicated than working with the lions," she said through an interpreter at a hospital. "But I feel it was worth all the trouble."

A trouble it was, too, agreed Dr. Charles O. Becker, who said a translator was needed to aid in the delivery.

While Adela (Ada) Smejka, 24, and her boy, named Brunon Gerard, were doing fine, her husband, a clown with the Ringling Bros. and Barnum & Bailey Circus, carried on with his act at Miami Beach.

Adela has been training wild animals for four years and is currently a member of the Polish National Circus.

## Burton Says Citizenship Idea Is Liz's

LONDON (AP) — Richard Burton says Elizabeth Taylor's decision to renounce her American citizenship was her idea.

"I had nothing to do with it at all," the brunette beauty's Welsh husband said in an interview. "It was entirely Elizabeth's idea."

"She had dual nationality because she was born in London of American parents and had always used her American nationality. Then, about a year ago, she decided she would like to be British."

"While we were in the United States, Elizabeth applied for and got a British passport. She first used it when we came across on the Queen Elizabeth last October."

In October, Miss Taylor arranged with the U.S. Embassy in Paris to send a consular offi-

cial to her hotel so that she could renounce her American citizenship. The State Department refused to recognize her renunciation because it was not in the prescribed form. Miss Taylor refused to forswear allegiance and loyalty to the United States.

"She has been using her British passport since last October and it was apparently only last week in Paris that someone noticed it," Burton said.

Burton has just started work in the lead role of a cold-war espionage movie being filmed in London.

John Springer, Miss Taylor's press agent, denied that she wants to give up her American citizenship to escape American taxes on her earnings.

## Bill For Expansion Of Pikes Offered

OKLAHOMA CITY (AP) — Republican legislators took the first step in Gov. Henry Bellmon's "giant stride" program Wednesday with introduction of a bill to expand the state's turnpike system.

# Gen. West May Retire

DALLAS (AP) — Maj. Gen. Harley West of Dallas probably will retire March 31 as commander of the 49th Armored Division, State Adj. Gen. Thomas Bishop said Wednesday.

He made this disclosure while replying to a fresh round of criticism from Maj. Gen. Harry Crutcher, ousted by Bishop in November as Texas Air National Guard chief of staff.

West then affirmed that he will relinquish command of the division "in accordance with normal military personnel age policy."

Crutcher asserted that Bishop posted a new regulation after firing him as chief of the Texas Air National Guard in an effort to justify the discharge. He added that Col. Robert Pou-

Jr. of Dallas, Bishop's choice to succeed him, "is technically an illegal replacement—he is not a rated flying officer."

Bishop, in turn, said there was nothing unusual about the Crutcher case and he knew of no change in regulations posted Jan. 1.

The adjutant general said Pou will become only deputy chief of staff but will attend to duties formerly handled by Crutcher.

"We realize he is not a flying officer," Bishop said of Pou, "but I question the need for a flying officer in my headquarters anyway. We don't operate any airplanes."

## New Post For Prof

BERKELEY, Calif. (AP) — A sociology professor, considered an authority on collective behavior, held a new post today created to deal with the dispute which has spread unrest on the University of California's Berkeley campus.

He is Dr. Neil J. Smelser, 34, and the post is assistant in charge of student political activity.

Since October, demonstrations have rocked the campus — one leading to more than 800 arrests — over demands for freedom to advocate on campus such activities as civil rights work in the South.

The new acting chancellor, Martin Meyerson, told the Academic Senate that Smelser will "receive and consider" political grievances from students and will "examine the political problem in context of larger student problems."

Meyerson told the meeting of 300 faculty members that Smelser is the author of books dealing with "panics, riots and reform movements."

Smelser, a former Rhodes Scholar with degrees from Harvard and Oxford, teaches a course on collective behavior. Meyerson noted that the course was rated highly by an off-campus student political group which has been active in the recent turmoil.

## Texas Coast Gets Showers

Occasional showers peppered the Texas Coast late Wednesday and more were in prospect today.

The shower activity developed as a feeble cool front finished its southward push into the Gulf of Mexico.

It was at least partly cloudy across the south half of the state and clear elsewhere by morning.

Temperatures dipped to freezing and below in northern areas before dawn while readings remained in the upper 50s along the coast.

Top marks Wednesday ranged from 77 degrees at McAllen in the Lower Rio Grande Valley down to 48 at Wichita Falls in the Red River Valley.

Dry and slightly warmer weather was predicted for most sections of the state Friday.

## Farm Support Outlay Cited

WASHINGTON (AP) — Government outlays in carrying out farm price support and income stabilization programs totaled \$1,578,895,000 in the July-November period of the fiscal year ending next June 30.

An Agriculture Department report showed these expenditures, mostly for price support losses and purchases and payments to farmers for idling cropland, compared with \$1,215,108,000 in the like period a year earlier.

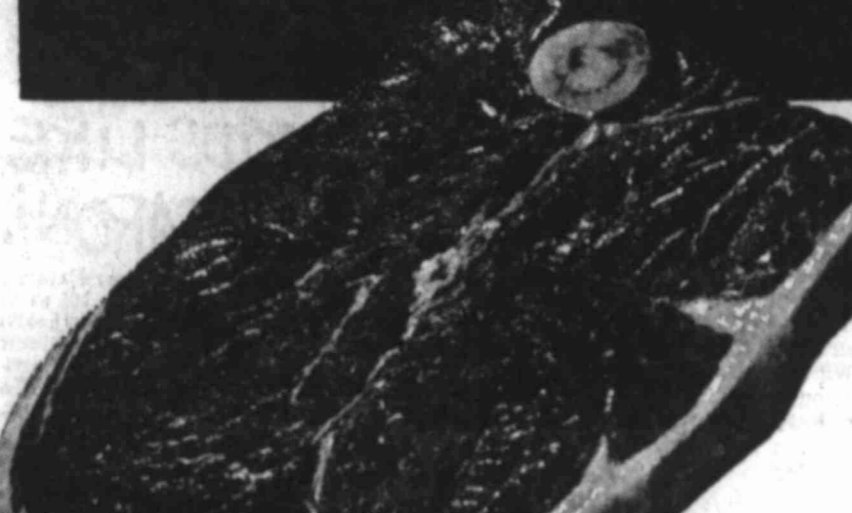

The biggest single outlay was \$496 million in payments to growers who participated in the 1964 crop feed grain program calling for reduced planting.

## 4-H Club Meets

KNOTT — The Knott 4-H Club held its regular monthly meeting at the school Tuesday with President Lawrence Long presiding. The motto and pledges were led by Kelly Joe Gaskins, and minutes of the previous meeting read by Larry Don Shaw. Refreshments were served to 15 members and parents.

# Mrs. Jones Fits Schedule Of Working, Meal Planning

By MARY COCHRAN

Many think a home cooked meal at noon is impossible for working women but Mrs. Relerce Jones, 1404 E. 14th, has disproved this theory. Also, she has provided the main meal of the day at noontime for her husband on the job and her daughters.

This requires a bit of doing and years of experience in finding short cuts to meal preparation. Mrs. Jones has been a receptionist at the Big Spring Clinic for 13 of those working years and has spent her noon hours in a veritable whirlwind of activity.

When Jones cannot leave his work at the service station, she cooks a full meal, places it in a divided pre-heated plate covered with foil, and serves him at his business. When her two daughters, Nita Jean and Betty Lou, were in high school, she picked them up on the way home so they could join in the family meal.

MRS. RELERCE JONES

**KITCHEN AIDS**

There are three pieces of equipment in the kitchen that have eased the burden of her meal preparation. They are the oven of her stove, an electric skillet and a pressure cooker.

She learned a long time ago that temperatures could be changed to fit her cooking times. If an oven dish or skillet meal was to be cooked at 350 degrees for two hours, she changed it to 250 degrees for three hours, thus scheduling a nice hot oven meal for noon. Baked beans, made the easy way, is an example of such a dish. When serving fish or pork chops, she simply wraps them in foil with a bit of butter added to the sea food and cooks at the above mentioned rate in the oven.

Frozen vegetables are quick and flavorful to the working homemaker. She cooks potatoes or rice in the pressure cooker in double time.

Sometimes before going to work in the morning she will fry a chicken in the electric skillet while preparing and serving the family a well rounded breakfast. At noon, a can of mushroom soup over the chicken and she has a very special another dish. This trick serves well with leftovers too.

**COMPANY TREAT**

When preparing for company, there are ways to save steps. She puts a ham on to bake at night and makes frozen lemon pie. The meat bakes while she is asleep and potato salad is quickly made, thanks to the aid of the pressure cooker. Baked beans are popped in the oven, and company fare is ready at the noon meal. These are festive occasions when the girls, now married and with families, gather for a visit. They are Mrs. Larry Knight of Big Spring and Mrs. Art Dodds, Bayside.

One company specialty is a wild rice dressing. Mrs. Jones combines this with the accompanying spice, chopped onions and boiled eggs.

Mrs. Jones, a West Texan by birth, has been cooking since she was a child. By the time she was 12 she was preparing

full meals and making her own clothes. She still enjoys sewing for her daughters and four grandchildren. The playing of records is an interest she shares with the family. She is serving presently as president of the Friendship Class at the First Baptist Church.

Here are some favorite recipes she has found easy to prepare and favored by the family.

**BEST BAKED BEANS**

2 No. 3 cans pork and beans  
6 slices bacon  
1/4 cup dark molasses  
1/4 cup brown sugar  
1 1/2 cups catsup  
1 small onion, chopped  
Cut bacon in small pieces and brown in skillet with chopped onions. In a large bowl combine beans, molasses, brown sugar and catsup. Mix thoroughly and bake two hours in 350 degree oven.

**BUSY DAY BARBECUE**

12 ounce can luncheon meat  
3/4 cup sliced onion  
1 cup catsup  
1/4 cup sugar  
1/4 cup Worcestershire sauce  
1 tsp. vinegar  
Cut one 12-ounce can luncheon meat in thin strips. Cook 3/4 cup sliced onion in a little hot fat till just tender. Add catsup, sugar, Worcestershire sauce, vinegar and salt. Add meat strips. Heat to boiling. Spoon over hot fluffy rice.

**FROZEN LEMON PIE**

2 eggs  
1/2 cup sugar  
1-3 cup lemon juice  
Rind of 1/4 lemon  
1 cup evaporated milk

1/2 cup graham cracker crumbs

Beat egg yolks in top of double boiler, add sugar (all but 2 tablespoons). Add lemon juice leaving one teaspoon out and lemon rind. Cook over boiling water until thick. Cool, then add egg whites beaten stiff with remaining sugar added. Empty milk into ice tray; freeze until crystals begin to form along edges. Pour into large bowl and beat until stiff; fold into custard.

Line two ice trays with cracker crumbs. Pour mixture into trays, sprinkle some crumbs on top, and chill until hard.

**SIRLOIN STEAK**

1 medium clove of garlic  
1 small onion, chopped  
3 tbsps. bacon fat  
4 bouillon cubes  
1/2 pint sour cream  
1 small can mushrooms  
2 lbs. sirloin steak  
3 tbsps. Worcestershire sauce  
Cut meat in small bite sized pieces, salt, pepper and flour. Brown meat. Dissolve bouillon cubes in one cup water. Add three teaspoons Worcestershire sauce, pour over meat and simmer for 45 minutes.

Add 1/2 pint sour cream, one small can mushrooms. Cook slowly for 30 minutes. This is good served over egg noodles.

**HAMBURGER SKILLET MEAL**

1 1/2 lbs. hamburger meat  
1 cup bread crumbs  
1 can whole kernel corn  
1/2 cup tomatoes  
Salt and pepper to taste  
Brown meat, bread crumbs

and onion in skillet. Add corn and tomatoes. Simmer in closed skillet for about 30 minutes.

This is a meal in itself or it can be served with a tossed salad.

**MEAT BALLS-VEGETABLES**

1 or 1 1/2 lbs. hamburger meat  
1/4 cup uncooked rice  
1 medium onion, diced  
1/2 green pepper, chopped  
2 medium carrots, grated  
1 small Irish potato, grated  
1/2 cup grated cheese  
1 tsp. salt  
1/4 tsp. garlic salt  
1 cup tomato juice  
1/4 cup catsup  
1/2 cup water

Place tomato juice, catsup and water in pressure cooker and heat. Combine other ingredients and mix well.

Shape into balls and drop into hot tomato juice mixture and cook in pressure cooker at 20 pounds pressure for 15 to 20 minutes. Or cook in covered baking dish in oven at 350 degrees for about one hour.

**Rare Combination Used In Dessert**

A delightful made-at-home frozen dessert.

**AVOCADO ORANGE SHERBET**

2 eggs  
1/2 cup each sugar and light corn syrup  
2 cups buttermilk  
1 can (6 oz.) frozen orange juice concentrate, thawed  
2 medium avocados

In a large bowl, beat the eggs well; gradually beat in the sugar, then the corn syrup. Mix in orange concentrate. Turn into a metal pan; freeze until almost firm—about 1 hour.

Turn into large mixer bowl; break up into small pieces; quickly mash avocado (to make 1 cup) and add; beat until smooth. Return to pan or serving dishes; freeze until firm—about three hours. Makes one quart.

**Rice Blend Goes With Wild Game**

Long-grain and wild rice, tossed together, make an ideal accompaniment of pheasant and duck, according to Margaret Spader, home service consultant. She recommends cooking each type of rice separately, over the automatic top burner.

Combine the two varieties and toss vigorously with two forks. Place in a buttered casserole with the tight-fitting lid. The rice can be kept warm in the gas oven. Set the oven control at 300 degrees and don't forget to fluff the rice again before serving.

Sprinkle freshly ground black pepper over the top.

## Meat Pie Has Spicy Beef Base

Hearty winter appetites readily cheer a Beef Onion Pie as you carry this culinary triumph to the table, all steaming with come-and-get-it goodness.

Meat pies are favorites for this season, but this one is different. It's crusted with the tenderest, flakiest pastry, and a unique and savory filling stars ground beef, sliced onion, green pepper and sour cream.

### BEEF ONION PIE

**Pastry**

2 cups sifted enriched flour  
1 tsp. salt  
1/2 to 3/4 cup lard  
4 to 6 tbsps. ice water

Mix flour and salt. Cut lard into flour until crumbs are about the size of small peas. Add ice water, a little at a time, mixing quickly and evenly through flour with a fork until dough just holds in a ball. Use as little water as possible. Roll out one-half of the dough to 1/4 inch thickness. Line a 9-inch pie pan, allowing 1/2 inch crust to extend over edge.

### Beef Filling

1 lb. ground beef  
1 cup thinly sliced onions  
1-3 cup chopped green pepper  
2 tbsps. lard or drippings  
2 tbsps. salt  
1/4 tsp. pepper  
2 tbsps. flour  
1/2 tsp. paprika  
1 cup dairy sour cream  
2 eggs, beaten  
2 tbsps. chopped parsley

Cook ground beef, onions and green pepper in lard or drippings until ground beef is lightly browned. Pour off drippings. Stir in salt, pepper, flour and paprika and cook 2 minutes. Combine sour cream, eggs and parsley and add to meat mixture. Mix well.

Pour into pastry-lined pie pan. Roll out remaining pastry, making several gashes to allow for escape of steam. Place over filling. Crimp edges. Bake in a moderate oven (375 degrees F.) 45 minutes or until pastry is browned. Makes 6 servings.

LIGHT AND LUSCIOUS  
Baked Apple Pancake has the quality of a light souffle

## Glamorous Pancake Aid To Budget Plan

Did all the extra holiday cooking put a big dent in the food budget? With the beginning of the new year and all the resolutions to cut expenses, take a long look at the menu plans and save those precious pennies in the kitchen.

We have no hesitation in recommending to you this Baked Apple Pancake — one of the most delectable dishes we've come upon. It takes no fancy ingredients, and it's inexpensive.

Serve this great dish, as light as a souffle but more durable, after a soup or salad lunch, or as a brunch or dinnertime dessert. Either way, we believe your tasters will enjoy it as much as did ours. If there should be any left over, we found it was delicious cold.

### BAKED APPLE PANCAKE

3 tbsps. flour  
1/4 tsp. baking powder  
1/4 tsp. salt  
2 large eggs (separated)  
5 tbsps. sugar  
3 tbsps. milk  
1 cup pared and finely diced yellow Delicious or Winesap apple

1 tsp. lemon juice  
1 tsp. butter or margarine  
1/2 tsp. cinnamon

Sift together the flour, baking powder and salt. Beat egg whites until foamy; gradually beat in 3 tablespoons of the sugar; continue beating, if necessary, until whites stand in stiff straight peaks when beater is slowly withdrawn. Without washing beater, beat yolks until thickened and pale yellow; beat in milk gently. Sift and fold into egg whites along with the apple and lemon juice.

Melt butter in a 10-inch iron skillet (or some other kind of heavy skillet with an oven-proof handle). Turn pancake mixture into skillet over the butter; spread evenly; sprinkle with the remaining 2 tablespoons sugar mixed with the cinnamon.

Bake in a moderate (375 degrees) oven until set and lightly browned — about 10 minutes. Cut into 4 wedges and serve at once with superfine granulated or confectioners sugar.

Cut into wedges and remove with wide spatula; serve at once. Makes four large servings.

KIDS LIKE MACARONI.

Mothers like Skinner Macaroni because it cooks firm but so tender. Skinner Macaroni cooks better, looks better, tastes better because it's made with 100% amber durum wheat. Serve it often. Kids like it. And so do grown-ups.

**SKINNER MACARONI**

## Make Apple Cobbler For Winter Goodness

Rolling into our markets daily now, the popular all-purpose Jonathans and broad-shouldered Red Delicious "eater" from Washington State's famous apple valleys signify that the new harvest is in full swing. Now you can treat the family to all their favorite apple dishes; too, you can have a bowl of crisp, fresh Washington Delicious apples handy for between-meal munching, after school snacking and late evening refreshment.

Although apple pie is said to be America's favorite dessert, there's many an apple devotee whose choice is a spicy apple cobbler. This homey and old-fashioned pudding-type dessert stars a batter baked atop fresh apples and is generally served warm.

One easily-prepared cobbler featured today combines a gingerbread batter with Jonathan apple slices. Apple-Walnut Cobbler boasts a lovely nut-encrusted top.

**APPLE-GINGERBREAD COBBLER**

3 apples  
3/4 cup sugar  
2 tbsps. lemon juice  
1/4 cup sugar  
1 cup pastry flour  
1/4 tsp. salt  
1/2 tsp. soda  
1/2 tsp. baking powder  
1/2 tsp. ginger  
1/2 tsp. nutmeg  
1/4 tsp. cinnamon  
2 tbsps. melted butter  
1/4 cup sour milk  
1/4 cup molasses  
1 egg

Wash, pare, core and slice the apples. Place them loosely in a casserole or baking dish; do not pack tightly together. Sprinkle with sugar and lemon juice. Place uncovered in a 450 degree oven for 10 to 15 minutes. While the apples are baking, mix the gingerbread crust by sifting

and blending the dry ingredients.

Then combine the liquids, the melted butter, sour milk, molasses and beaten egg. Lightly stir these into the dry ingredients; mix only lightly. Do not beat. Spread over the hot apples. Reduce the oven temperature to moderate (350 degrees) and bake from 40 to 50 minutes. Serve hot with plain cream or whipped cream.

Worth crowing about

**Make Leftover Turkey Into Festive Casserole**

With the day of the big bird upon us, there's a new and delicious way to transform leftover turkey into a mouthwatering main dish masterpiece, which by hearty flavor will answer every possible complaint that begins, "Turkey, again?" Oh, you'd better not tell your family it's called "Second-Time Turkey"—at least not until they taste this exciting noodle casserole.

**SECOND-TIME TURKEY**

1 10-oz. pkg. egg noodles  
2 cups leftover turkey  
1 can condensed mushroom soup

2-3 cup milk  
1/4 cup diced green pepper  
1/4 cup sliced stuffed olives  
1/2 cup grated cheese  
Crushed potato chips

Cook noodles as directed on package; drain. Blend condensed soup with milk. Add green pepper, olives and grated cheese. Combine noodles, turkey and soup mixture. Pour into greased casserole. Top with crushed potato chips. Bake at 325 degrees to 350 degrees for 30-35 minutes. Serves six. Average cost per serving: 26 cents.

## A Devotional For The Day

Let not your heart be troubled: ye believe in God, believe also in me. (John 14:1)

PRAYER: O God, our Creator and our heavenly Father who art always by our side, we thank Thee for this relationship and close companionship. We seek Thy grace this day to overcome our frailties; through Christ our Lord. Amen.

(From the 'Upper Room')

## Ticklish Issue

The President's unity theme may come in for severe testing on the federal-aid-to-education plan. In general, the proposal so far advanced skirts the ancient issue of church-state separation in dealing with the problem of aid to scholastics attending parochial schools. The degree of heat is apt to rise with the filing of specific bills to implement the administration's overriding aim that "every child must have the best education our nation can provide."

Some bills being talked will avoid this issue, some skirt it so far as possible, while some will seek to bring the matter in direct confrontation so that there can be a legal determination of the issue. Despite heavy Democratic majorities in both houses of the Congress, it is unlikely that the latter will prevail at this time for the simple reason the administration does not seem ready for this kind of test.

It is likely that the "shared time" idea will get the greatest consideration. This is a device where additional public facilities, particularly of a specialized nature such as science laboratories, language laboratories, libraries, etc., can be shared at different times by both public and private-parochial pupils. Theoretically, the arrangements for sharing will be worked out by local boards, but the character of the arrangement may be influenced sharply by the religious background of board members or the predominant religion of a community. Thus, this is touching on a prickly historical issue. Moreover, in light of recent Supreme Court decisions on prayer cases which basically are matters of religious import, an even more ticklish issue could be raised. The simpler and more equitable way might be in tax deductions, up to certain limits, for educational purposes.

## Curious Definition

What is competition? Most Americans were once fairly sure in their own minds about a definition. Now they cannot be sure.

Webster's International Dictionary gives the classic definition in these words: "The effort of two or more parties, acting independently, to secure the custom of a third party by the offer of the most favorable terms." It's neat, clean and reasonably exclusive.

But competition doesn't mean quite that, when used by some big businesses in the United States. Take, for example, the recent announcement by Armco Steel Co. when it joined National Steel Co. and others in posting "selective" price increases on some steel products. The price increase was

posted, Armco said, so the company "can remain competitive."

There is an Alice In Wonderland quality about this inversion of meaning. Competition now consists of raising prices in order to meet the higher prices of a competitor.

A company has a perfect right to raise its prices for any reason it chooses, charging all the traffic will bear. But it's a bit thick to attempt to justify higher prices on the grounds of competition. The British, at least, are a bit frank. They call it "price leadership," a euphemism to describe the pressure exerted by industry leaders to bring smaller segments of the same industry in line with prices posted by the leader.

## David Lawrence Unrestricted Campaign Financing

WASHINGTON — The "great society" is a Utopian objective, but the realistic truth is that it never will be achieved until something is done to introduce a "great morality," particularly in the environment of the government itself.

The evidence piles up that seats in Congress are bought, that private interests buy their way to the attainment of special favors in Congress, and that there are more efforts to get around than to obey the Federal Corrupt Practices Act, which governs elections.

CONGRESS IS reluctant to investigate itself, as the Bobby Baker case shows. But the image of Congress throughout the country is tarnished by such episodes. Despite all the talk of a "great society," the slogan isn't likely to be widely accepted as long as the government itself condones wrongdoing.

The existing law limits individual contributions in a campaign to \$3,000 to each "entity" of political organizations. Richard L. Ottinger, successful Democratic nominee for Congress from a district near New York City, is reported to have spent nearly \$200,000 to win his seat. Approximately 90 per cent of this sum was contributed by his relatives through the device of setting up 34 separate committees, in 22 of which the only contributors were immediate members of the candidate's family.

"WE STAYED strictly within the letter of the law," declared Mr. Ottinger. "The New York Times" commented:

"Undoubtedly he did. But what is legal can still be improper by normal standards of public conduct. The very future of this democracy depends upon some rough equality of access to public office, irrespective of financial background."

"MR. OTTINGER'S case is by no means unique. It is highly doubtful that the late President John F. Kennedy could have been nominated in 1960 if he had not had almost unlimited family funds at his disposal to spend in the nominating process. Both sides in the recent sena-

torial contest in this state and in other important senatorial races spent literally hundreds of thousands of dollars.

"The latest revelation in the Ottinger case only emphasizes once again—as we have tried in these columns to emphasize repeatedly—the urgent necessity for Congress to face up to the degrading implications of virtually uncontrolled political spending."

THE "NEW YORK Herald Tribune" said in an editorial:

"The trouble is, first, that these limits are so absurdly low as to be totally unrealistic; and second, that the laws have loopholes large enough to drive a Brink's truck through."

"The upshot is that candidates don't even try to conform to the spirit of the law; they simply twist their campaign organizations—and multiply their committees to fit its flexible letter. There may come a time, eventually, when the whole structure of campaign finances and campaign expenses reporting will be put on a rational basis, with realistic limits, proper incentives for small contributions and full disclosure. Then, perhaps, we'll have an enforced and enforceable law, which both permits the kind of expenditures needed and contains some safeguards against 'buying' an election."

IT BOILS DOWN to the fact that, if you are a rich man, you can easily finance a campaign to win a seat in Congress. If you are a poor man, you have to depend on contributions from others and often the contributors exact their pound of flesh in one way or another by demanding special favors.

Campaign financing is only one of the factors which have helped to produce the impression that Washington has a corrupt environment.

(Copyright, 1965, New York Herald Tribune, Inc.)

## Billy Graham

A lot of people have asked me if all the trouble and tension in the world is a sign of the end. Could you give me some passages in the Bible in reference to this? D.B.

Jesus' disciples came to him privately and asked the same question. They asked: "What shall be the sign of thy coming and of the end of the world?"

Jesus told them that certain signs would prevail when His coming was near.

He told them: "Many shall come in my name, saying, 'I am Christ,' and shall deceive many."

"And ye shall hear of wars and rumors of war... but the end is not yet."

"Nation shall rise against nation, and kingdom against kingdom, and there shall be famines and pestilences, and earthquakes in divers places."

"And many false prophets shall arise and shall deceive many."

"And then shall many be offended and hate one another."

"And because iniquity shall abound the love of many shall wax cold."

IF IT JUST ISN'T TOO LATE

## James Marlow Storm On Education Lessening?

WASHINGTON (AP) — President Johnson, like President Kennedy, has supported the separation of church and state tradition, but this week in his education program he proposed giving parochial schools some federal aid.

But he did this because of a rising tide of help to education in Congress, and did it in such a way that he may run into less storm than Roman Catholic Kennedy, who opposed such aid to Catholic schools.

Nothing he has done so far as president better shows Johnson's special technique of trying to cool off possible antagonists in order to make some progress, even if it isn't all he might like to have.

Kennedy made dismal progress in his first two years in trying to get Congress to approve a general aid to education bill, with particular emphasis on help for public grade and high schools.

CONGRESS HAD never passed a law providing such general aid. In 1961 and 1962 Kennedy emphasized he was not asking aid for parochial schools. Both times he said he considered such aid unconstitutional.

And both times he ran into opposition from the Catholic hierarchy which thought such aid should be given.

Francis Cardinal Spellman, Roman Catholic archbishop of New York, expressed it this way:

Passage of Kennedy's program would be the "eventual end of our parochial schools because we cannot compete with the federal government's support and subsidy of the public schools only." He said the program also would put an additional burden on Catholic taxpayers who got no benefit from it.

The opposition to aid for Catholic schools was equally determined. Under this combined pressure Congress did practically nothing for two years. The dam began to break in 1963.

ONCE MORE Kennedy proposed no help to church schools. Once more there was Catholic opposition. But by now Congress

had begun to yield under a third pressure: Rising educational needs.

In 1963 it passed such a number of important measures that Johnson, after Kennedy's death late in the year, said the Congress of 1963 would be known as the education Congress.

These were some of the steps taken:

Help for college construction; increased funds for vocational education; a boost in college student loan funds; grants to

help build new medical schools.

Nevertheless, not even that Congress touched the sizzling question of general aid for public grade and high schools, where the religious issue was most intense. And in 1964 Congress ducked this one again.

But the measures passed last year under Johnson's prodding were unprecedented in scope and number. Still, Johnson, like Kennedy, stayed away from the church-state issue as much as he could.

## Hal Boyle A Man's Past Never Dies

NEW YORK (AP) — Only memories can keep you young. Your face may get as wrinkled as a contour map of the Rocky Mountains. Age may snow white hairs on you. Time may slow you from a hop, skip and a jump to a tired crawl.

But all that is only on the outside. Inside you, the serene eye of memory enables you to look back and see yourself at any age you choose to be. At your own wish you can be a child again, an adolescent, a young lover, a warrior for your country, a young man on his first job.

THE PAST never dies, because all of us spend at least part of every day of our lives reliving it.

Your own past may be longer than you'd care to brag about if you can remember when—

The neighbors always brought food to your house when someone in it was ill or had died.

Fatty Arbuckle, the 350-pound comedian, was making \$5,000 a week in Hollywood before scandal clouded his name and fame.

More people used tooth powder than toothpaste.

A juvenile delinquent was a boy under 17 who went behind the barn and smoked cigarettes made of dry cornsilk rolled in paper torn from a mail order catalog.

A FATHER felt kind of crest-

fallen if his wife gave birth to a baby weighing less than eight pounds. The bigger the baby, the healthier it was supposed to be.

Everybody was expected to run away from home at least once before he got out of high school.

Few folks were afraid of a hobo if he knocked on the back door and asked for something to eat. But he usually had to chop some kindling or beat a rug before he got fed.

Nine out of 10 men carried toothpicks and a change purse in their pockets.

The \$2 bill was common.

You knew a widow was through with mourning and looking for a new husband when she started using henna on her hair.

A RADICAL was anyone who announced openly that he believed in the theory of evolution.

No woman felt her role in this world was complete unless she fainted in public at least once in her lifetime.

A well-bred lady always wore black stockings when she went swimming.

Lard was used as a food, an ointment for chest colds, and a hair pomade.

The motto of business was, "The customer is always right."

## To Your Good Health Histamine Headaches Aided By Desensitization

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: I suffer from histamine headaches. My doctor suggests that I take histamine shots. I am hesitating to start on them. What is your opinion?—MRS. F. S.

My opinion is that I don't know why you are hesitating.

Some people are unduly sensitive to histamine, which is a naturally occurring substance in the body, but if one is hypersensitive to it, it can cause trouble—headaches or other things.

I hope today's column will be noted by a lot of readers who don't have headaches but have other results from being hypersensitive—or allergic, as we call it.

One way of preventing histamine headaches would be to stop it from appearing in the body—but we can't do that!

So the next best way is to train the body to get along with histamine, to have a greater tolerance for it.

This is done by the injection of small amounts of histamine, amounts small enough so the body can accept them without causing a reaction. (In this case, the reaction is a headache.)

Very gradually the amount of histamine is increased. And tolerance grows. Presently the body is able to encounter moderate amounts without touching off a headache.

Exactly the same procedure is used for hay fever, which is a hypersensitivity or allergy to certain pollens. Small amounts of the pollens are injected until the body's tolerance gradually increases. At that point, the patient can encounter moderate amounts of pollen without getting hay fever. (But he will still get hay fever if he becomes overconfident and thinks he can expose himself to unlimited amounts of ragweed pollen with impunity.)

If I had histamine headaches, I most certainly would start at once on the program suggested to you. But I also would try to avoid heavy exposure to anything which, in your experience, has shown itself to cause a rise in histamine in the system.

Dear Dr. Molner: Is there danger in giving children too many baby aspirins when they have a cold? What would be an average daily dose for children

under five?—MRS. D. O.

Yes, too much can be given, but I don't want to set down any fixed amount as being safe.

The dosage of aspirin (and of most drugs) depends at least in part on the weight of the child, as well as on whether it is being given for only one day, or for several days in a row. It also depends upon what (if any) other medication is being given.

The only safe answer I can give is for you to have your own doctor establish the proper dose, and then stay within it.

Headaches! You can beat them. Write to Dr. Molner in care of The Herald for a copy of the booklet, "How to Tame Headaches." Please enclose a long, self-addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

Dr. Molner is interested in all his readers' questions, and whenever possible uses their questions in his column, but because of the great number received daily, he regrets that he cannot answer individual letters.

## Around The Rim

### Secure Your Right To Vote

It's only a matter of \$1.75 in money, but it gives you the say-so in the handling of millions of dollars. I'm referring to the poll tax, one requisite for voting during 1965.

No year is really an "off year" as far as elections go. At the very minimum, we will participate in four important elections—electing city commissioners, Big Spring school trustees, Howard County Junior College trustees, and county school board members. Collectively, these office holders spend millions of dollars every year.

In addition, each of these boards has the power to plan and call for bond issues, which, if approved, call for expenditure of these funds. All of which is to say, these are important posts deserving your careful consideration come election day. Your best chance to be heard regarding your own tax dollars are spent is on election day.

There is a chance there will be some bond issues called during this year. The county and the junior college could call for bond votes, maybe the city too. In any of these cases, you will want to be heard.

The deadline for getting qualified is

Jan. 31. No matter how strongly you may feel on some issue during the year, or how right you may be, it doesn't mean a thing if you don't vote. And to vote, you have to plunk down \$1.75 before the last day of this month.

The old saw about "paying to vote," is not a valid excuse for not paying a poll tax. The electorate pays for elections one way or another—there is no way to stage an election for free. The judges must be paid, the ballots must be printed, a hall must be hired, etc. So if there were no poll tax, then part of the money would come from some place else. In either case, it comes from your pocket. It's just as well the cost is direct.

And a portion of the poll tax money goes to many worthwhile uses, such as the state school fund.

But disregarding the meaning, for the virtues or bricksbats of requiring the tax in order to vote, the fact remains it is required. And the deadline nears, with its accompanying long lines at the county tax office.

Do yourself a favor and go early; do all of us a favor and go.

—V. GLENN COOTES

### Traffic Death Toll Goes Up

WASHINGTON—One of the things the Great Society doesn't much like to talk about is the cheerful dispatch with which it kills and maims its citizens in auto accidents.

The computers haven't finished their melancholy task of totting up the number who were gathered to their ancestors in highway accidents in 1964, but the final figure will be between 47,500 and 48,000. That is shameful, shocking testimony to human irresponsibility, of course, but it is even worse than that.

TOTAL INJURIES, for example, will be around 1.7 million, of whom about 19 per cent will result in permanent disabilities.

The 1964 harvest of traffic deaths represents a sharp increase over the previous year, when 43,564 found themselves on dat cold white table as a result of motorcar crashes. That is an increment of around eight per cent, and even the gross national product isn't rising at that dizzy pace.

THERE IS NO way of knowing what thoughts flash through the human consciousness in that last terrifying moment when the mind realizes that there is no way of avoiding the homicidal drunk whose vehicle is careening across the median strip. I should suppose, however, that the faces of loved ones never again to be seen might be a reasonable guess. Or perhaps it is just the numbed disbelief that life is ending in such a useless, meaningless fashion.

IT MUST, in any event, be a terrible indignity to be mashed into an unlovely pulp amid the twisted ruin of an auto. There is no escape from this life except through the dark portals of death, to be sure, but there are

more dignified ways of making the journey. Even death by disease can hold some constructive meaning, for each increases the sum total of scientific knowledge. There is no evidence that anybody has ever learned anything from the frightful carnage that takes place on American streets.

A large number of deaths and injuries could be prevented, if anyone gave a damn, by compulsory use of safety devices that are already known, proven, and cheap. Seat belts were disgracefully long in coming, and still are a poor substitute for the three-point belts that are standard equipment on many European cars. Improved door latches, better interlocking padding, better glass—the list of small but significant improvements that might easily be made is endless.

MOST RIGHT-thinkers are quick to chide Detroit for the shocking shortcomings of autos, but the indictment is not sound. There is no reason the auto makers should be concerned when no other organ of our society is.

Just like a kid marching off to war, the average motorist is convinced it can't happen to him. There is no reason to believe any one of the 48,000 who did not survive to see the dawn of the new year had any intimation that he was shortly to become a statistic. They were all optimists, just as the 50,000 or so who won't be here to welcome 1966 are optimists, meaningless fashion.

IT MUST, in any event, be a terrible indignity to be mashed into an unlovely pulp amid the twisted ruin of an auto. There is no escape from this life except through the dark portals of death, to be sure, but there are

## Holmes Alexander

### White Flag On Capitol Hill

WASHINGTON — Generals Westmoreland, Moore and Rowland, Colonels Austin, Fleming and Bertha, Lieutenant Colonels Gaby Reynolds and Andy Chapman, Commander John Roepke and Lt. Franklin Anderson, Staff Sergeants Crampton and Brown and Wild Bill Quatse—all of whom (and many more)—I talked with in Viet Nam, can win the war out there, but Senators Morse, Church, Gore—and others who are sounding off in Washington—can lose the war back home.

IT COMES right down to that. One justifiable reason for flying 22,000 miles and spending ten days in South Viet Nam is to be able to judge the continuing battle from afar. The fight that has raged in Binh Gia, 40 miles from Saigon, is the closest thing we've

had to the kind of war we've been trying for months to force.

The Red Viet Cong have been forced to come out in battalion strength. It speaks well for our military intelligence that we've been able to find them. It gives us advantageous use of our best weapons: air and artillery. It shows our Vietnamese allies fighting with grim determination and with the skills that our advisors have imparted.

FEW CAMPAIGNS can be rated as "decisive" until they're over. But when this one becomes part of history, I judge from the briefings and discussions I had out there that the probable results will be something like this: If we can clearly win it, we may have forced the war back into Phase One, where the enemy will suspend heavy fighting and resume sporadic terrorism which will amount to a "breathing spell" for the harassed people of South Viet Nam.

THIS WILL BE our opportunity to "negotiate"—if we must—from strength. Nobody on our side is talking of imposing unconditional surrender. But a relative cease fire, informal and partial, would allow some of our economic aid to sink and would revivify the Saigon civilian government, such as it is.

Contrariwise, if the Viet Cong can beat us down and can complete their subjugation of the Delta—now 60 per cent in their control—the battle may shift into Saigon itself, a city already internally besieged by plainclothed guerrillas; I would not expect Saigon to capitulate until a capitulation takes place in Washington, a city that is also internally besieged by those who would have us run up the white flag.

IF THE Communists win in Viet Nam, we will have suffered the heaviest loss since the fall of China to the Reds. But if we win—I was told out there by Samuel Wilson, our number two man of the U. S. Operations Missions—we have a chance to set up a buffer state that is comparable to West Germany in Europe. South Viet Nam is more than a rice bowl and a fish pond. There are coal and water power, valuable silicon sands, upland ranges for beef cattle, lowland areas which can be irrigated for money crops, ideal climate and rich soil, and a thousand miles of sea coast for world trade.

The senators who concede Viet Nam to the enemy may not know it, but they are doing their own country wrong.

### Budgeters Find Use For Heart

Are you in an economy-minded mood? This is the time for most food budgets to come in for a bit of a trimming, but appetite-appeal must stay high or the family won't eat.

Beef, pork, lamb and veal hearts are all excellent foods, whether judged from a nutritional standpoint or tastiness. Heart is at the top of the list among variety meats as an excellent source of protein, while remaining low in calories. It also furnishes iron, thiamine, riboflavin and niacin.

**BRAISED STUFFED HEART**  
Wash one beef heart and remove the hard parts. Fill the cavity with bread stuffing made by combining 2 cups of soft bread crumbs with 1/2 teaspoon salt, 1/4 teaspoon pepper, 1 teaspoon sage and 2 tablespoons chopped onion. Mix in 1/4 cup chopped celery and 1 beaten egg. Combine thoroughly and add just enough water to make a slightly moist stuffing.

Sew or skewer the heart to hold the stuffing inside. Dredge the stuffed heart in 1/4 cup flour seasoned with 1 teaspoon salt and 1/4 teaspoon pepper. Brown on all sides in 2 tablespoons lard or drippings. Lastly, add 1/4 cup water, cover tightly and bake in a slow oven (300 degrees F.) 3 to 3 1/2 hours or until tender. Add more water, if necessary. Makes 8 servings.

### Beef Ring, Succotash Pleases

When the lady in charge of the food dollar wants to stretch it farthest, what meat does she usually choose?

One at the top of her list is ground beef.

This most versatile of meats can come to the table in many different shapes. What about a meat ring instead of a loaf just for variety? Another change of style for ground beef comes in the form of individual servings when the meat mixture is baked in medium-sized muffin pans. For further variety, try it in individual loaves.

Meat loaf is actually an economy "roast" since it's cooked in the oven, uncovered, without water or other liquid added after it's ready for the oven.

#### EASY MEAT LOAF

2 lbs. ground beef  
1/2 cup grated carrots  
1 tsp. salt  
1/4 tsp. pepper  
1 tbsp. Worcestershire sauce  
1/4 cup chopped onion, if desired  
2 eggs, slightly beaten  
Combine ground beef, carrots, Worcestershire sauce, seasonings, onion and beaten eggs. Mix thoroughly. Pack in loaf pan, ring mold or muffin pans. Bake in a slow oven (300 degrees F.).

Allow 1 1/2 hours for loaf baked in a 1-quart ring mold; 1 1/4 hours for a loaf baked in a 9 x 5-inch loaf pan and 45 minutes for individual servings baked in medium-sized muffin pans. Makes 8 servings.

### Chicken Aids Pot Of Clam Chowder

New England clam chowder is one of our most popular native American dishes. Now along comes Frenchman Pierre Franey, with ideas on how to give clam chowder a continental touch. He combines it with leftover chicken for a quick, late-supper snack.

To a can of his concentrated clam chowder he adds 1/2 cup diced chicken, a chopped pimiento, 1/4 cup light cream or top milk, and a tablespoon of sherry wine. Heat thoroughly and serve over toast with a topping of toasted slivered almonds. Makes 2 to 4 servings.
