LBJ Wants Arms Curb Body Kept

WASHINGTON (AP) — President Johnson asked Congress today to extend the life of the U.S. Arms Control and Disarmament Agency for four years to "assure the continuing leadership of the United States in the purposeful pursuit of peace."

Congressional approval of the recommendation, along with the President's request for \$55 million for the agency's expenses over the next four years, appeared certain.

Johnson told Congress a determined effort to halt the spread of nuclear weapons over the world is essential to the security of the United States. He made clear that nonproliferation is a foremost objective of his disarmament policy.

"EFFORT ESSENTIAL" Despite the vast defensive power of this country, the President said in letters to the House and Senate, the effort to stop the spreading of nuclear weapons "is essential to our security, for a continued increase and spread of modern weapons can actually decrease our security."

An accompanying letter by agency Director William C. Foster said the legislation will be required to keep the agency operating because the present authorization does not provide adequate funds beyond the end of the present fiscal year, June 30.

"Attempts directed toward arms control and other measures to lessen the threat of war

Odessa Hires Head Coach

ODESSA (AP)—The school board hired today the athletic director and head coach at McAllen as head football coach at Odessa High School.

He is Henry Watkins, 46. He succeeds Bradley Mills, recently released.

Odessa's Permian Basin school's coach, Jim Cashin, also was recently discharged by the board.

Watkins was chosen over 57 applicants. He got a three-year contract at \$10,871.

Large Turnout To Hear Gen. Momyer

With prospects of a large turnout, the chamber of commerce will hear the head man in the Air Force's training program Saturday evening at its annual banquet.

The affair, at which Lt. Gen. William Momyer, commander of the Air Training Command, will be the speaker, will be in the Goliad Junior High gymnasium. Don Newsom, who will cater the dinner, will start serving on or slightly before 7 p.m.

Gen. Momyer has risen steadily in the Air Force and is rated as one of its most able administrators and dynamic generals. In his address Saturday evening he will have something to say about the role of manned air-

craft in the future defenses of the nation.

John L. Taylor will turn over the reins of the presidency to J. Y. (Ike) Robb Jr. during the program. R. W. Whipkey, who has been a longtime and active supporter of the Air Force, will serve as master of ceremonies. The Jaycees, headed by Jack Orr, will make their annual outstanding young man presentation, and the Ambassadors Club will make an award for the top chamber salesman of the year. There also will be special entertainment in addition to dinner music played by Jack Hendrix. The invocation will be by the Rev. Robert F. Polk, pastor of the First Baptist Church.

Honors Are Announced At C-C Chamber Banquet

COLORADO CITY — James Hull won the Jaycee's Distinguished Service Award; Mr. and Mrs. Alfred Hackfeld of Lorraine were named the outstanding Mitchell County farm family; and Gus D. Chesney was named outstanding chamber of commerce member, at the 56th annual meeting of the Colorado City Chamber of Commerce last night.

New officers were installed at the banquet meeting, and a University of Houston professor told members they had a choice of working or perishing.

Hull is manager of the Lone Wolf Co-Op; the Hackfelds farm near Lorraine; and Chesney is vice president of City National Bank. Larry Kinard, 1963 recipient of the Jaycee award made the presentation to Hull.

program, held in the Civic House, was Don Butler. Special entertainment was provided by the Colorado City High School concert choir directed by Curtis Baker.

Dr. Leslie E. Munneke, University of Houston professor, was principal speaker, and urged local residents to contribute to community life, and listed four ways in which citizens may harm themselves and their communities:

"First," he said, "be a dreamer instead of a doer;" "Second, be an expert griper;"

"Third, adopt the 'They' philosophy, and," "Fourth, develop an attitude of cynicism, either on an individual or group basis."

Munneke said "it takes two—your chamber of commerce and

Cold Numbs North Half Of Country

By The Associated Press Winter's coldest weather numbed most of the northern half of the nation today from Minnesota into Maine. Snow and gusty winds brought added discomfort in many areas.

Weather Bureau officials said there appeared little indication of an immediate general break in the severe cold spell. Another mass of arctic air appeared headed into the northern Midwest.

The coldest weather of the season hit many areas in the Northeast, with temperatures dropping far below zero in northern sections of New England and in western and northern New York State.

The mercury dropped to record low and seasonal marks in many parts of the Midwest Thursday, including a bone-chilling 42 below zero at Hibbing and International Falls, in northern Minnesota. It was 34 below today at Hibbing, in the iron-range district, and International Falls, on the Canadian border.

In New York State, an unofficial low reading of 30 below was reported and an official mark of 25 below chilled Franklinville, in the western part of the state. It was -24 in Line Lake and -22 in Massena, the same reading which was reported at Montpelier, Vt.

Escort 'Copter Crash Kills 2 Americans

SAIGON, South Viet Nam (AP) — Two Americans were killed and two injured today when their helicopter hit a power line while escorting a road convoy nine miles north of Saigon.

The pilot, an enlisted gunner and a Vietnamese observer died in the crash. The co-pilot and another gunner were injured, and the co-pilot was reported in serious condition.

The crash apparently was accidental. No hostile ground fire was reported.

The deaths raised the number of American servicemen killed in Viet Nam from causes other than enemy action to 109 since December 1961. Another 249 have been killed in action against the Communist Viet Cong.

TERRORISTS ATTACK Communist terrorists Thursday night attacked downtown Thu Dau Mot, 15 miles north of Saigon, exploding two mines and throwing several grenades. At least five Vietnamese civilians were killed and 20 wounded. One of the blasts decapitated one of the terrorists.

There were indications in Saigon that anti-government demonstrations may soon be halted. Two representatives of a central Vietnamese student group opposing the civilian government called on the chief of state, Phan Khac Suu.

About 300 leading Buddhist monks have been meeting at their Saigon headquarters the past two days, planning new strategy. The monks apparently were intent on a continued anti-government line, but informants said the monks were trying to halt demonstrations.

The target date for the 20 per cent cut is reported as 1967.

The bulk of the reduction would come from about \$2 billion a year in direct payments to help stabilize farmer income and to hold down production of surplus crops.

CUT COSTS Secretary of Agriculture Orville Freeman, acting under instructions given him by President Johnson, is working with budget officials on ways to cut the costs.

Most of the payments go to growers who cooperate with the government's feed grain, cotton, sugar and wool programs.

Some Democrats in Congress plus others outside Congress

Sir Winston Suffers Cerebral Thrombosis

Medical Bulletin Cites Blood Clot

LONDON (AP) — Sir Winston Churchill has suffered a blood clot in the brain, a medical bulletin said today.

The medical bulletin, issued by his personal physician Lord Moran, said: "After a cold, Sir Winston has developed a circulatory weakness and there has been a cerebral thrombosis."

Sir Winston was 90 last Nov. 30.

"He's had a cold for several days," said Sir Winston's son, Randolph Churchill, from his country house at East Bergholt, Suffolk County.

SERIOUS ILLNESS "He has his ups and downs. At his age every illness must be regarded as a serious one," Randolph said.

In the past, he has suffered a number of illnesses and had at least two strokes. Invariably, he has bounced

back, and birthday after birthday for the last five years or more, he has been able to totter to the ground-floor windows of his London home at Hyde Park Gate, smile and give his famous V-for-victory sign to well-wishers congregated outside.

On his last birthday, Lady Churchill, Sir Winston's Darling Clementine, held her husband's arm as he moved slowly to the window. He looked extremely pale.

LEAD AWAY After he slowly made his V sign with the first two fingers of his right hand, Sir Winston was gently led away by his wife.

Lady Churchill will be 80 in April.

Sir Winston, over the years, has recovered from many illnesses and a fall in which he broke his hip. Londoners have come to know him as Indestructible Churchill.

Since his retirement from the House of Commons last July, Sir Winston has been out of the public eye. His appearance at his window on his birthday is the only time Londoners have seen him for months.

HAS COMPLAINED Friends said that of late he often has complained of being cold. Increasingly poor circulation is said to be responsible.

A source close to the Churchills said that he has, of late, been taking one or more hot baths daily as a means of improving his circulation.

Three weeks before Sir Winston's 90th birthday he attended a dinner at the Savoy Hotel of a club he founded in 1911 called "The Other Club." He had to be helped in and out of his car and assisted to and from the private dining room in which the dinner was held.

Foreign Aid Bid In Brief

WASHINGTON (AP) — Here is President Johnson's foreign aid message to Congress at a glance:

Total aid — \$3.38 billion, \$1.17 billion for military assistance and \$2.21 billion for other categories, "the smallest in the history of the foreign aid program" and \$136 million below last year's request.

Military aid — "Nearly three quarters of the money will go to 11 countries around the great arc from Greece to Korea. Over \$500 million will be deployed to meet the frontal attack in Viet Nam and Laos."

Viet Nam emergency fund — Asked for an additional open end authorization for use in Viet Nam if \$500 million proves too little to contain communism.

Alliance for Progress — \$580 million for aid to Latin-American nations, up \$70 million over last year.

Doubt Drapes Solon's Plan

WASHINGTON (AP) — Rep. Albert Watson of South Carolina submitted his resignation from Congress to Gov. Donald Russell Thursday, effective the day Russell calls a special election to fill Watson's House seat.

But Russell said that under the Constitution he cannot call an election until Watson resigns unconditionally. "I think the language is pretty plain," the governor said.

Watson was re-elected to the House last fall as a Democrat. He supported Barry Goldwater, the Republican candidate for president, at the same time. House Democrats stripped him of seniority. So he became a Republican and as a Republican intends to win his seat again.

Russell's position casts considerable doubt on Watson's plan.

Pioneer Thirty In Job Corps Start Training

THURMONT, Md. (AP) — The nation's first Job Corpsmen, the outlanders in President Johnson's war on poverty, began training today at a mountain retreat that housed depression youth of the 1930s.

The pioneer group, which includes 11 Baltimoreans and 19 youngsters from Virginia and Kentucky, will occupy sturdy chestnut log cabins built 30 years ago by the Civilian Conservation Corps.

The training site is in the isolated Catoctin Mountain National Park, about a mile from Camp David where two presidents frequently rested.

GETS APPLICATIONS The youths will be sworn in at Baltimore City Hall and then will board a bus for the 60-mile trip.

Marion Pines, a 40-year-old Goucher College alumna who is in charge of recruiting in Baltimore, says her office has had at least 750 Job Corps applications in the last six weeks.

"I've never seen anything like it," Mrs. Pines says. "Enthusiasm? That's the understatement of the year."

DREAM COME TRUE She said when the nine Negroes and two whites were told they would make up the first group from Baltimore, "the kids couldn't believe it. It was like a dream come true for them."

Most of the applicants, she said, are high school dropouts who see the Job Corps as a way of correcting a mistake. The corps is open to youngsters between 16 and 21 who are out of school and can't find a job.

CLOTHES, FOOD The corps houses, clothes and feeds them and gives them \$30 a month spending money during the training period which may last a year. An additional \$50 a month is put aside for the corpsmen to be paid when training is finished.

Mrs. Pines said preliminary plans called for the corpsmen to be trained in conservation, forestry and carpentry. She said Job Corps cadre will be looking for leaders among the first 30, which in addition to the Baltimore boys includes youths from Lecher County, Ky., and Wise County, Va.

Farm Aid Slash Eyed

WASHINGTON (AP)—Reports say the Johnson administration wants to trim \$1 billion from the more than \$5 billion a year being spent by the Agriculture Department for its farm-aid and other activities.

The target date for the 20 per cent cut is reported as 1967.

But reports being circulated in farm circles say Freeman is taking the position that, as a Cabinet officer serving at the will of the President, he can do nothing but attempt to carry out the President's will or resign.

There is no indication he will leave the federal payroll.

It is quite likely that the biggest cut in farm spending would be in payments to farmers, particularly to feed grain growers. The payments on these grains for the 1964 crop season are expected to run around \$1.2 billion.

Any reduction in agriculture expenditures would not come before the 1966 crop season. That's because 1965 crop programs already have been announced and are designed to continue the federal assistance level of the past year.

The American Farm Bureau Federation, which has fought some federal intervention in agriculture, says its program of lower price supports and fewer controls fits the Johnson spending goal.

Looks Out Window

Sir Winston Churchill, today reported suffering from a blood clot in the brain along with circulatory weakness and a cold, is shown here standing at the window of his home in London last Nov. 29, the day before his 90th birthday. (AP WIREPHOTO)

Oil Allowable Drop Ordered

AUSTIN (AP)—The Railroad Commission set the February oil allowable today at 29.4 per cent of potential, a percentage increase over January but not enough to hike the shorter month's production up to the January level.

On a 29.4 per cent allowable, February production is estimated at 2,583,822 barrels daily, compared to January when a 29.2 per cent allowable produced 2,938,083 barrels daily.

Last February, a 29 per cent order produced 2,919,705 barrels per day, greater than estimated production next month because

more wells were in operation a year ago.

The action came at a prorata hearing, at which two purchasers of Texas oil asked for an increase over the January factor.

Purchasers earlier had submitted nominations indicating February demand at 2,548,520 barrels daily, down slightly from January. The Bureau of Mines forecast for February demand is 2.5 million barrels, an increase of 10,000 barrels daily over January.

Nominations by percentage and barrels include:

- 30 per cent—Texaco 141,000 barrels.
29.5—Humble, 429,675.
29—Standard of Texas 37,800; Sun 107,088; Gulf 213,015.
28.5—Mobil 238,900.
28—Shell 170,000; Atlantic Refining 76,140.
27.5—Continental 26,000.
27 — Cities Service 82,000; Pan-American Petroleum Corp. 250,785; Phillips 122,571; Sinclair 101,000.

Training Of 30 In VISTA Starts

WASHINGTON (AP) — The domestic Peace Corps, dubbed VISTA for Volunteers in Service to America, takes another step forward today when 30 volunteers begin training in St. Petersburg, Fla.

War Waged On Smoking

WASHINGTON (AP) — Sen. Maurice B. Neuberger asked Congress today to accept the surgeon general's verdict that cigarette smoking is a health hazard.

Until Congress requires health

hazard warnings on cigarette packages and in cigarette advertising, the Oregon Democrat said in a prepared speech to the Senate, "it will be difficult to convince the great majority of smokers that the government takes the report seriously."

Introducing a proposed cigarette advertising and labeling law, Mrs. Neuberger complained that in the year since the report, "Congress has provided no funds for smoking education, no regulations to warn the smoker or potential smoker of the hazards of smoking and no laws to inhibit cigarette advertising campaigns."

208 DAYS Without A Traffic Fatality Drive Safely!

DEAR ABBY

Sit Where You Belong

DEAR ABBY: Where is a girl supposed to sit when she is on a date with a boy who drives a car with bucket seats? Would it be proper for her to sit in the middle, between the two bucket seats so she won't be so far away from her date? Supposing the gear shift is between the two seats? Please answer in the paper because I know other girls who have the same problem.

NOT CLOSE ENOUGH DEAR NOT: The girl sits in the bucket seat BESIDE the driver. The problem of distance between the girl and her date is a mere drop in the bucket compared to those she'll run into if she tries to occupy the "so girl's land" between the seats. Sit where you belong. He can't drive forever.

DEAR ABBY: I am 26 and the mother of four children. When I married (six years ago) I weighed 118 pounds, and wore a size 12 dress. I am five feet six and everyone used to compliment me on my figure. Today I wear a size 13 1/2 dress, and the last time I had the courage to get on a scale I weighed 188 pounds. I don't have to tell you how ashamed of myself I am. I have gone on every diet I've heard of and I've even tried to smoke, but it makes me sick. I just don't have the will power to stick with a diet. I've heard there is a club people join to help them lose weight. It's supposed to be something like Alcoholics Anonymous. People help each other. I need inspiration and encouragement from others who have the same problem. Or doesn't that work, either?

FAT AND DISGUSTED DEAR FAT: Nothing "works" unless you are willing to work at making it work. "TOPS" (Take Off Pounds Sensibly) is one of the most prominent clubs. Write to their headquarters at 2386 S. Howell Ave., Milwaukee 7, Wisconsin, for information about their chapters in other cities. Good luck.

DEAR ABBY: My daughter was raised in a good Christian home but you would never know it from the way she has acted since she was 14. She is 22 now and is going through her third divorce. She could never keep a husband because she was

so crazy about men. And the lower they were, the better she liked them. She is under a doctor's care now and the doctor told me my daughter runs with bums because of a "VITAMIN DEFICIENCY." Is this possible? CAN'T BELIEVE IT DEAR CAN'T: Your daughter's deficiency strikes me as more moral than physical, but maybe the doctor is right. After he fills her full of vitamins, you'll find out.

Problems? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to Abby, Box 69700, Los Angeles, Calif., for Abby's booklet, "How To Write Letters For All Occasions."

June Allyson Hospitalized

SUMMIT, N.J. (AP) — Actress June Allyson was hospitalized Thursday night after suffering what was described as a kidney stone attack in a playhouse dressing room.

She was reported in satisfactory condition and resting comfortably today at Overlook Hospital.

The 39-year-old petite blonde was stricken with vomiting and pains shortly before she was to go on stage at the Paper Mill Playhouse in nearby Millburn, a suburb 20 miles southwest of New York City.

Dr. Anthony F. Coppola, who was summoned to the dressing room said she'll probably be in the hospital for several days.

Moslem Faith Gains Adherents

ENUGU, Nigeria (AP) — The Moslem faith may be gaining new adherents faster than Christianity in Africa, the World Council of Churches' meeting here was told.

Reports presented Wednesday said large pockets of paganism — whose practitioners worship juju medicine men and their fetishes — also remain in Africa.

Jeanette MacDonald's Death Ends Brilliant Film Career

HOLLYWOOD (AP) — Actor Gene Raymond makes a mournful journey to Hollywood today with the body of his wife, Jeanette MacDonald, lovely songbird of a liling era in American movies who died of a heart ailment in Houston Thursday. She was 57.

MACDONALD

Her death brought an end to a brilliant stage and film career and to her 27-year marriage — a childless one. Her last words to Raymond came in a Houston hospital, where she had been flown Tuesday to undergo heart surgery.

"I LOVE YOU" "I love you," she whispered. "I love you, too," he replied. She died a few minutes later. The auburn-haired soprano had left her Beverly Hills home in serious but not critical condition as the result of a longtime cardiovascular ailment.

She had been operated upon in June 1963 by Dr. Michael E. DeBakey, who recently performed abdominal surgery on the Duke of Windsor. In December, she had an operation for abdominal adhesions at UCLA Medical Center.

She arrived in Houston by commercial airliner Tuesday and was rushed to Methodist Hospital by ambulance. Because of her weakened condition, open-heart surgery was postponed. A Hollywood spokesman said she was being fed intravenously when she died.

Nelson Eddy, Miss MacDonald's partner in a series of melodic films from "Naughty Marietta" (1935) to "I Married an Angel" (1942), said he was "shocked and deeply distressed" to learn of her death. Eddy once scotched the rumor that the Eddy-MacDonald team was as chilly in real life as another musical partnership, Gilbert and Sullivan. "There never was a feud," he declared. Miss MacDonald's career also

paired with other top stars — Clark Gable in "San Francisco," Maurice Chevalier in "Love Me Tonight," and "The Merry Widow," Allan Jones in "The Firefly" and Lew Ayres in "Broadway Serenade."

STARTED YOUNG. She was born in Philadelphia. She began singing and dancing at an early age, and first found success as a dancer. While appearing in Broadway revues she continued vocal lessons and reached stardom as a singer.

When sound came in, movie studios were seeking musical talent, and Miss MacDonald was signed by Paramount for an early talkie opposite Chevalier in "The Love Parade."

She achieved her greatest fame when Louis B. Mayer signed her to an MGM contract and later teamed her with a little-known opera baritone, Nelson Eddy. From the moment of their lyric duet of "Ah, Sweet Mystery of Life" in "Naughty Marietta," the team was an international sensation.

Burleson's Oil Import Curb Measure Analyzed

WASHINGTON (AP) — A bill by Rep. Omar Burleson, D-Tex., to limit oil imports by law would go further than any similar proposals put before Congress in recent years.

Burleson's bill would restrict imports, except for residual fuel oil, east of the Rocky Mountains to 10 per cent of the area's domestic production. That is the lowest ratio proposed to Congress for some years.

Experience has demonstrated, Burleson said in introducing his bill this week, that the present 12.2 per cent ratio is too high. The domestic oil industry has suffered a continuing decline for 10 years, he said, and as a result "we are not finding and developing adequate reserves of petroleum." In four of the last seven years, he added, "we found less crude oil than we used."

"Historically," he said, "the industry has found substantially more each year than was consumed and it is necessary we do so in the future if we are to remain strong in our position as to energy."

"We are adequately forewarned, therefore, that unless positive action is taken now, we will endanger the future security of the nation."

Burleson credited the present government program for control of oil imports — under which a 12.2 per cent ratio is the guideline — with "preventing a deluge of imports which . . . would have brought chaos to the domestic petroleum industry." He said the program has not fully served its objective "of keeping the domestic oil industry strong for national security reasons."

Thurmond Off One Of Panels

WASHINGTON (AP) — Senate Republicans today kept Sen. Strom Thurmond, R-S.C., on the Armed Services Committee, one of the two major committees he served on as a Democrat, but took him off the other one.

The South Carolinian, who switched from the Democratic to the Republican party in the last presidential campaign, had asked to stay also on his other committee, Commerce. But the GOP Committee on Committees instead assigned him to banking.

In each case, Thurmond was allotted seniority on the GOP side over all other new Republican members. He had asked to be given credit in seniority for his Democratic service on Armed Services and Commerce.

OIL REPORT

Wildcat Seeks Deep Section

A wildcat location has been staked to probe for the Ellenburger 11 miles southwest of Lamesa and four miles northwest of the Patricia (Spraberry) pool of Dawson County. Tidewater oil No. 1 Jerry Newbrough has been staked 660 feet from the north and 1,320 feet from the east lines of labor 12, league 270, Moore County School Land survey, to go to 12,750 feet with rotary.

Three new locations have been staked in the Howard-Glasscock field of Howard County, and one in the Iatan (San Andres) area of Mitchell County. Duncan Drilling Co. will drill No. 4-B, 5-B, Chalk and 6-B Chalk "B" wells in section 140-29, W&N survey, 12 miles south of Big Spring. Each will be on a 60-acre lease.

Mental Health Group Named

The city commission Thursday appointed a Mental Health Committee to represent Big Spring in seeking location of a mental health center here under the proposed development of some 21 such centers in Texas cities.

The committee, with one new member, is the same group which represented the city in seeking the school for mentally retarded children recently located at Lubbock. Ray Nichols, county commissioner, is the new member of the group.

The appointees include Dr. C. B. Marcum, Ed Carpenter, Dr. W. A. Hunt, R. W. Whipkey, L. M. Crow Jr., George Zachariah, Dr. Preston Harrison, A. G. Goodson, R. H. Weaver, Charles A. Wegg, Sam Anderson, Carroll Davidson, Jack Y. Smith, Arnold Marshall and Nichols.

The mental health centers have been proposed under statewide studies of Texas mental health facilities and would serve populations of about 100,000 persons, with a suggested range of about two hours driving distance of the persons served. The proposal includes the centers to handle out-patient facilities for diagnosis and treatment, plus some in-patient beds and programs for follow-up care. The centers would function in prevention, education, rehabilitation and other activities involving the mental health program of the state.

A constitutional amendment has been suggested to allow the state to use money for the development of such centers.

Lubbock Firm Has Low Bid

Service Machinery Co., Lubbock, will provide the Howard County Road and Bridge Department with a new motor grader. Contract for the machine was made Thursday. The company bid \$14,267 — lowest of the offers considered by the county commissioners. The county is trading in an old grader on the new machine.

WEATHER

NORTH CENTRAL TEXAS — Partly cloudy to clear tonight and Saturday. Slightly foggy to south late Saturday. Low tonight 30 to 40. High Saturday 44 to 50.
NORTHWEST TEXAS — Clear to partly cloudy tonight and Saturday. Slightly foggy to south late Saturday. Low tonight 30 to 34. High Saturday 40 to 46.
SOUTH CENTRAL TEXAS — Partly cloudy to clear tonight and Saturday. A little fog to north Saturday. Low tonight 30 to 34. High Saturday 40 to 46.
SOUTHWEST TEXAS — Partly cloudy to clear tonight and Saturday. A little fog to north Saturday. Low tonight 30 to 34. High Saturday 40 to 46.

TEMPERATURES table with columns for CITY, MAX, MIN. Rows include Big Spring, Abilene, Amarillo, Chicago, Denver, El Paso, Fort Worth, Galveston, New York, San Antonio, St. Louis, Sun sets today at 4:54 a.m., Sun rises Saturday at 7:47 a.m., Highest temperature this date in 1962: Lowest this date in 1962. east lines, and No. 6-B Chalk "B" spots 2,310 feet from the north and 990 feet from the east lines. All will be drilled to a contract depth of 2,750 feet rotary.

Standard Oil Co. of Texas spotted No. 25-1 W. L. Foster, 330 feet from the south and 1,320 feet from the west lines of section 6-29-18, T&P survey, 10 miles east of Coahoma on a 1,760-acre lease. Contract depth is 2,900 feet rotary.

DAILY DRILLING

DAWSON Humble Oil & Refining Co. No. 1 J. E. Dubose, spotted 2,600 feet from the north and 650 feet from the east lines of section 22-34, T&P survey, 12 miles east of Lamesa, was drilled ahead of 2,750 feet.

MARTIN Humble Oil & Refining Co. No. 1 D. C. Watson, 2 wildcat drills to test the Mosby in the Tex-Hanson field eight miles south of Lamesa, was being drilled to a total depth of 12,228 feet. Operator was preparing to take a driftdown test from unidentified formation at 12,215-228 feet. It is staked 1,650 feet from the south and 1,800 feet from the east lines of section 30-6, University and Survey as a wildcat.

MITCHELL Midland Operating Co. No. 1 Brennan, a wildcat being drilled to test the Combs in the Westbrook area, had drilled to 2,246 feet. Operator was preparing to perforate and fracture in an unreported formation. Spot is 2,213 feet from the north and 177 feet from the west line of section 3-28-18, T&P survey, six miles northwest of Westbrook.

BORDEN Gulf Oil Corporation No. WS-3 Canon Ranch Unit was completed a water supply well at 1,150 feet in the Jo-Mill (Spraberry) field. Spot is 250 feet from the south and 2,900 feet from the east lines of section 28-35-55, T&P survey.

Gulf Oil Corporation No. WS-2 Canon Ranch Unit was completed a water supply well at 1,350 feet in the Jo-Mill (Spraberry) field. Spot is 250 feet from the south and 2,900 feet from the east lines of section 28-35-55, T&P survey.

COMPLETIONS

BORDEN Gulf Oil Corporation No. WS-3 Canon Ranch Unit was completed a water supply well at 1,150 feet in the Jo-Mill (Spraberry) field. Spot is 250 feet from the south and 2,900 feet from the east lines of section 28-35-55, T&P survey.

Gulf Oil Corporation No. WS-2 Canon Ranch Unit was completed a water supply well at 1,350 feet in the Jo-Mill (Spraberry) field. Spot is 250 feet from the south and 2,900 feet from the east lines of section 28-35-55, T&P survey.

Baby's Bed Lost In Fire

At 11:55 a.m. Thursday, Ronnie Clanton was the proud father of a baby boy, so when he went home from work Thursday afternoon, he promptly changed clothes and went to Malone and Hogan Foundation Hospital to visit Mrs. Clanton and his new son.

Then at 10:20 p.m., his house at 407 E. Eleventh Place, was reported on fire. The blaze ruined, among other things, a new baby bed for the Clantons' son. Firemen called to the scene extinguished the fire, which started in a bedroom closet. The fire left the closet and the clothes inside a total loss, scorched and blistered the bedroom and left heavy smoke damage to the entire home, firemen said. Three rubber bowling balls in the closet burned, causing heavy smoke, firemen said, and contents in the residence were heavily damaged.

The Clantons named their new son Ronnie L. Clanton Jr. The boy weighed seven pounds, 14 1/2 ounces.

Toney Taken To County Jail

Charles M. Toney, 36, Lamesa, was placed in the Howard County jail here on a charge of murder with malice.

Toney, who has been in the Howard County Hospital Foundation since Jan. 1, was taken in custody at the hospital by sheriff's officers. Toney, recovering from a shot wound in the back of the head, was able to walk and talk, but had difficulty in both efforts. Bond has been set at \$5,000 in his case, but he has not posted bail.

Toney is charged with having shot and killed his wife Ruby Faye Toney, 19. She was killed in a room at the new Americana Motel. Wounded in the same affray was Thomas Hodgins, a porter at the motel. Toney is said to have fired a shot into the back of his own head after shooting his wife.

County Reduces '61 Road Debt

Wade Choate, county auditor, sent a check for \$21,187 to the First National Bank today in payment of part of the county road bonds voted in 1961. The payment brings the liquidation of the \$150,000 bond issue to the half-way mark. The unpaid balance is now \$75,000.

The 1961 road bonds were voted to provide funds to pay for right-of-way on US 87, which was widened from the north edge of Big Spring to the Martin County line by the State Highway Department.

Pretty Pat

Miss Pat Koren, 20, Rapid City, S.D., Miss Rodeo America 1963, is in Denver for the opening of National Western Stock Show. Miss Koren won the title in Las Vegas, Nev., and also walked off with the "Miss Personality" award. An outstanding rider, she trains

and shows her own horses, which she raises on her parents' ranch in the Black Hills of South Dakota. Miss Koren is a business administration student at Colorado Woman's College in Denver. (AP WIREPHOTO)

LBJ At Ranch Awaiting Canada's Prime Minister

JOHNSON CITY, Tex. (AP) — President Johnson, working and relaxing at his Texas ranch, awaited the arrival late today of Canada's Prime Minister Lester Pearson to put finishing touches on a pact to wipe out U.S.-Canadian auto tariffs.

Johnson and his visitor may be able to sign the agreement before Pearson leaves sometime Saturday. However, the U.S. Congress would have to pass special legislation before the agreement could be fully effective.

The pact, subject of months of negotiations, would abolish both countries' tariffs on new autos and new auto parts shipped across their common border. Johnson, who flew to the ranch with his wife Thursday night for a three-day stay, expected to have relaxed, informal talks with Pearson. Most work on their major item of business — the tariff agreement — was done in advance of the meeting.

FROM FLORIDA The two leaders have met face to face several times in the past 14 months, most recently at Blaine, Wash., on Sept. 16 when they signed a Columbia River treaty. Their meetings have been supplemented by seven or eight telephone talks.

Pearson was bound for the ranch from a Florida vacation. Johnson was here not only to entertain the prime minister, but to push ahead with the drafting of the inaugural address he will deliver next Wednesday after taking the presidential oath.

Only a few aides accompanied the Johnsons on the flight from Washington. Their two daughters, Lynda and Luci, did not make the trip.

AUTO TARIFFS Signing of the agreement on auto tariffs was postponed several times by last minute haggling over details. But only a few details remained to be worked out in advance of Pearson's visit.

The pact would abolish an American tariff of 6 1/2 per cent on vehicles and 8 1/2 per cent on most parts. The Canadian duties that would be scrapped range from 17 1/2 per cent on finished vehicles to 25 per cent on parts.

The latest figures, for the first time months of 1964, show \$455 million of American vehicle and parts sales to Canada compared with Canadian exports of \$46 million.

Pace Setters Get Long Vacation

The Southern Methodist Mustangs and the Texas Tech Red Raiders, pacing the 1965 Southwest Conference basketball race with perfect 2-0 records, don't have a thing to worry about until Jan. 25.

That's the date both will have plenty to worry about because they play each other at Lubbock to spoil one of the two perfect marks.

The Mustangs will be idle until the Tech game. The Raiders are host at Lubbock to the Phillips Oilers in a non-conference game this Saturday.

Four league teams see action Saturday. Texas A&M, the defending champion, and Rice meet at Houston while Arkansas and Baylor battle at Waco.

Arkansas is now in second place in the conference race with a 2-1 mark. Baylor, Texas Christian, Rice, Texas A&M and Texas are all tied up for third place with identical 1-2 league records.

Lamesa Asks Labor Survey

LAMESA (SC) — W. B. Beeson, president of the Lamesa Chamber of Commerce, has requested that James H. Strauss, district director for Texas Employment Commission, conduct a labor-market survey for Lamesa and Dawson County. This report would include a current survey of the labor force in Lamesa and Dawson County, active and potential.

Beeson said deposits in the two banks in Lamesa showed a drop of 5 per cent over the same period last year, but that savings in Dawson County were up over a year ago by about 8 per cent. Dawson County depends on agriculture for approximately 60 per cent of its income. The lower crop yield in Dawson County in 1964 has accounted for most of the drop in deposits.

Moore Reunion Set March 28

All residents of the Moore community — those who still live in that section of Howard County, and all others who have ever made their home there — are being urged to attend the 1965 annual reunion on March 28.

The celebration will continue all day and will be in the Howard County Junior College Student Union Building. Dinner will be catered and served at 12:30 p.m. A short program of entertainment and business will follow.

Plans for the reunion were set up at a recent meeting in the home of Arah Phillips. At that meeting, Miss Twila Lomax and Mrs. Zarah LeFevre were selected to accept reservations for the reunion.

Any person who wants to attend should get in touch with Mrs. LeFevre or Miss Lomax or write P. O. Box 444 stating the number to attend the reunion.

A request has been made that any Moore resident, who may know the present address of some former resident no longer in this area, send the information to the box listed. A mail invitation to this former resident will be dispatched.

Weather Forecast

Forecast: Figures show Low Temperatures Expected Until Saturday Morning. Related Precipitation Not Indicated—Consult Local Forecast.

Snow is due Friday night from Ohio valley eastward into mid and north Atlantic coast areas. Snow showers are due in parts of Rockies and Plains. Rain will fall in southern Atlantic states. It will be generally colder from central Plains eastward to Atlantic coast and milder in southern Plains. (AP WIREPHOTO MAP)

Sheriff Shifts Offices Around

You wouldn't know the sheriff's office in the Howard County Courthouse. It has been turned end-for-end, literally. Used to be (up to Thursday night) main entrance to the office was at the west end of the suite of rooms. Today, it is at the east end.

Used to be the radio dispatcher, receptionist and booking area was in the room to the extreme west. Today, the receptionist is in the room formerly occupied by the check department. The radio will be in there in a short time. This is the east end of the sheriff's quarters.

The check department is now in the room formerly used by the civil deputy. The old reception room is devoted strictly to receiving and booking prisoners, and the door which opens on the lobby at the west end is closed and used only for admission of prisoners.

The general public goes to the east end of the building now to do its business with the office. Sheriff Aubrey Standard announced several days ago that he wanted to make the change in office arrangement. He asked the county commissioners court for permission to tear out a partition in the east section of the office suite and also requested that the office be provided with its own radio transmitter. The commissioners have not authorized the partition removal nor the radio as yet. However, Standard has made the shift in operational departments. He said that the change was impelled to allow the handling of prisoners in a manner to keep them from coming in contact with the public. Under the old plan the prisoner was booked in at the same counter where the public was served.

Standard recently set up a Identification room on the fourth floor in the jail area. The ID department used to be on the first floor.

His office, under the new arrangement, is in the room formerly occupied by the camera and finger printing equipment. Lindy Oldfield, chief deputy, occupies the office formerly used by the sheriff.

Survivors include the widow, Mrs. Annie L. Graham, Big Spring; a daughter, Mrs. Jim Carpenter, Ozona; four sons, Capt. Graham, Big Spring, Martin F. Graham, Follett, Elder Joe S. Graham, Salt Lake City, Utah, Elder Charles Ray Graham, Uruguay, South America; a brother, Jeff Graham, Alpine; two sisters, Mrs. Kenneth Melard, and Mrs. Jack Knight, Marita, and 10 grandchildren.

Funeral services will be held at the Nalley-Pickle chapel at 2 p.m. Saturday. Elder Elton Wallace, first counselor, branch presidency, Church of Jesus Christ, Latter Day Saints, and Lt. David Shaw, second counselor of the branch presidency, will officiate. Burial will be in Big Spring City Cemetery under the direction of Nalley-Pickle Funeral Home.

Webb Awards High Total Of Contracts

The Webb AFB Procurement Office last month awarded almost one million dollars in construction contracts to local area contractors. Of this total, more than \$200,000 went to contractors in Big Spring.

Contracts awarded to the city's successful bidders by the Webb office include: One contract to Coffman Roofing, Big Spring, \$4,160; one contract to Cecil McDonald, Big Spring, \$8,733; three contracts to J. W. Little Construction Co., Big Spring, \$28,126; three contracts to Ray Dunlap Construction, Big Spring, \$42,923; one contract to D. D. Johnson, Big Spring, \$1,900; one contract to C. A. Service Center, Big Spring, \$1,687.36; and one contract to Z. E. Collier Inc., Big Spring, \$103,848.

Contracts outside of Big Spring went to H. G. Counts & Co., Midland, \$518,305.50; T. E. Shelborne & Son, Inc., Snyder, \$53,484; and Valente Ramirez, Abilene, \$15,319.64.

Howard County's first 1964 grand jury will convene on Feb. 9, according to tentative plans now being considered.

It will have at least 24 cases to consider — that many felony complaints are pending now, Travis Long, investigator for the district attorney's office, said. Additional cases will probably be filed between now and Feb. 9.

Wayne Burns, district attorney, said that the regular date for the grand jury — Jan. 25 — was not possible because the trial of Donald McDaniel, 19, charged with murder, is slated to open on that date in Stanton. Judge Ralph Caton of 118th District Court and Burns will both be in Stanton for this trial.

It is possible the Feb. 9 date may have to be changed. A civil jury docket is set to open in Stanton Feb. 8. It is possible some of the civil cases on the docket will be ready for trial; if this develops then the grand jury will be able to go ahead with its work.

If it is found that the court will be busy in Martin County the date for the local grand jury will have to be changed. There are two murder cases on the list of cases slated to be laid before the grand jury. One is against Charles M. Toney, for the charge of the Jan. 1 shooting of his wife, and the other is against Bertha Rene Altman, for the alleged fatal shooting of Oscar Gambell on Nov. 28.

Two persons received minor injuries in a two-car collision at Edwards Boulevard and Gregg Street Thursday.

Michelle McNeese, 3611 Connally, and Hazel Parker, 605 Main, were taken by Big Spring Ambulance Service to Malone and Hogan Foundation Hospital. McNeese was treated for lacerations of his head and a concussion and released from the hospital this morning, according to doctors.

Miss Parker, a passenger in a car driven by Jesse Melot, Midland, was taken to the hospital, treated and released. The vehicles, driven by McNeese and Melot, collided at the intersection shortly before noon.

Two other minor accidents were reported to police Thursday. A collision at FM 700 and Goliad involved cars driven by Coye Lee Burton, 811 W. 7th, and Billie D. White, Arlington, and an accident at Eleventh Place and Johnson involved vehicles driven by H. V. Crocker, 1707 Benton, and Ronald W. Westbrook, Northeast Second.

AUSTIN — One hundred nine University of Texas students are candidates for bachelors' degrees in education Jan. 23, the end of the first semester. Public exercises will not be held.

The list, made public by Dr. Wayne H. Holtzman, College of Education dean, includes: Mrs. James V. Massey (Elena Helen Patterson) of Big Spring.

Grand Jury To Meet Feb. 9

A Devotional For The Day

Whoever a man soweth, that shall he also reap. (Galatians 6:7)

PRAYER: We thank Thee, Lord, that when we invest the talent entrusted to us, we hear Thee say, "To everyone who has, shall more be given." Teach us to believe Thy words and follow Christ and thereby build our house upon a rock. In His name. Amen.

(From the 'Upper Room')

Dramatic Incident

A dramatic incident the other day called attention to one of the more striking medical advances of our time. This is the development of techniques for transplantation of parts of the human body. The potential significance of this can scarcely be exaggerated.

In the episode referred to, two pairs of human eyes were flown to India from Detroit, Mich. The eyes were to be used to restore sight in two operations in a hospital about 600 miles northeast of Bombay. Time was of the essence, since doctors said the eyes must be used within 36 hours

if the operations were to be successful.

The time factor may eventually be conquered. Already, blood and some body parts can be kept viable over a much longer period. It is not unrealistic to suppose that in the fairly near future banks of various organs will be as commonplace as blood banks have become in the past couple of decades. Though many problems still confront medical scientists working in this field, the time is surely coming when successful transplants of organs and other body parts will be routine surgical practice.

Training For Productive Work

Three new vocational courses — for appliance repair, office work and pre-vocational training on a junior high level — will begin with the new semester. While the value of these courses must await a reasonable period of trial, it seems to us that they point in the right direction, and therefore the board and administration are wise in providing for them.

While education is highly desirable — even imperative — in this increasingly complex age, not all education is purely academic or leads to degrees in the technical field. There are millions upon millions of jobs to be

filled which require less formal education than many will be able to acquire or are even equipped to absorb. Yet these positions demand sharp vocational skills, and by training young hands and minds to do these things, we put out young people in a position to bridge the discouraging gulf between the end of formal education and the settlement in a productive job.

Big Spring's schools have pioneered in on-the-job training, and we are pleased that the spectrum of vocational opportunities appears to be broadening.

David Lawrence

LBJ's Program On Education

WASHINGTON—The significance of President Johnson's message to Congress on federal aid to education may not be apparent immediately, but it represents a most radical change in the financing of public education in America.

ALL THE MONEY spent by the several states for public schools in 1962 amounted to \$18.1 billion, which was more than three times what was spent 12 years before. The federal government, which spent \$4.5 billion in 1964, now is planning to spend \$8.3 billion in 1965 and \$8.8 billion in 1966. This could mean that the federal government will eventually take over a larger and larger part of the educational burden, and that many states then will feel free to put their tax money into other projects.

ALTHOUGH Mr. Johnson's message didn't spell it out, the plan he proposes represents another important departure from existing practice. For the first time, federal money is going to be made available to help meet some part of the heavy financial burden on the Catholic Church and other denominations which maintain private schools. The phraseology of the message is abstract in many parts. But the meaning is unmistakably clear—the administration intends to aid education in certain respects irrespective of the amount of the previous quibbles about the "separation of church and state."

THERE IS ALSO a broad hint that a differentiation between students attending religious and non-religious schools will disappear in what are known as "supplementary centers," where special courses will be taught and instruction in certain subjects will be given "during the summer for economically and culturally deprived children."

The message further promises financial assistance "for the benefit of all children within the area served, including those who participate in

shared services or other special education projects."

The phrase "all children" means, of course, that students in parochial schools are included, especially in areas where the parents have low incomes.

THE PRESIDENT says in his message that "almost a million young people will continue to quit school each year—if our schools fail to stimulate their desire to learn."

It is not clear how the individual child can be given enough ambition to want to keep on attending schools. Nor is it explained how the improvement in the schools alone will influence the parents to keep their children in attendance.

THE MESSAGE would seem to raise the question as to whether direct assistance to the low-income families themselves might do more to increase school attendance than merely improving the schools.

Congress is going to be under plenty of pressure, from both those who want to see students from parochial schools aided still more and from those who do not want any federal money spent for this purpose. But President Johnson has attained one of his objectives. He has drawn attention to the need for better educational facilities in America, though he has not pinpointed the alleged neglect of education in the states, except in vague references to the amount of money spent in low-income areas of states.

THEORETICALLY, if Mr. Johnson's philosophy is taken literally, it would mean that the federal government would assume the function of equalizing the effects of the difference in income as between rich and poor individuals and as between rich and poor states.

Billy Graham

Does the Bible consistently maintain that human repentance must always precede Divine forgiveness? B.D.

Salvation is by grace. This means that it is unearned and unmerited. But the whole trend of Scripture teaches that man must be willing to be rescued and forgiven. In a court ruling at the turn of the century it was decreed that a pardon, even though signed by a governor of a sovereign state, is not effective unless it is accepted by the condemned.

God cannot forgive you unless you want to be forgiven. He cannot pardon you unless you wish to be pardoned. He cannot rescue you unless you want to be saved.

This is why the promise of redemption is always accompanied by a condition. The Bible says: "Let the wicked forsake this way, and the unrighteous man his thoughts, and let him return unto the Lord... for he will have mercy upon him and he will abundantly pardon." It is not that God requires any sort of human effort. But in the Divine ethic, grace is not imparted unless it is sincerely desired. Christ stands at the door of our hearts, knocking. But we must open the door. He offers forgiveness, but we must desire forgiveness, and the evidence of this desire is sincere repentance. It was the man who said: "God be merciful to me a sinner," who went up to his house justified.

A New Liner

LONDON (AP)—The proposed new 58,000 ton Cunard liner, so far called the Q-4, will be a three-class ship.

The successor to the Queen Mary will have first, cabin and tourist classes. It also will have three restaurants located above the main passenger deck.

The Q-4 is expected to cost about 22 million pounds (\$41,000,000).

Tom Jones

James Marlow

Influence Of 1964 Election

WASHINGTON (AP)—From the way Democrats and Republicans in Congress have chosen their top leaders in this new session you'd never guess the 1964 election might have had some political significance.

Yet, when President Johnson drowned conservative Sen. Barry Goldwater in history's greatest plurality, Republicans lost 38 seats in the House and two in the Senate. Was this a mandate for change?

Apparently not among Democrats or Republicans in Congress where change is slow, maneuverings are intricate, old favors are remembered, friendships can be stronger than ideology, and politicians in both houses seem slow to learn.

In the House, the depleted Republicans threw the conservative, 64-year-old Charles Halleck out of his job as his leader — he had held it six years — and replaced him with equally conservative Gerald R. Ford, 51, of Michigan.

FORD'S SUPPORTERS gave this reason for wanting the change: They thought Republicans needed a younger and more forceful "image" than the rather languid Halleck who, after his defeat, said: "That's how the ball bounces." Ford had been chairman of the House Republican Conference, or caucus. Promptly House Republicans filled it with Melvin R. Laird, 42, of Wisconsin.

Laird, who calls himself a "creative conservative," helped put together the 1964 Republican platform which so pleased Goldwater's supporters. In getting Ford's old job, Laird beat out Peter H. B. Frelinghuysen, 48, of New Jersey.

Frelinghuysen, considered more moderate if not more liberal, than Ford or Laird, was not discouraged. With the backing of Ford he then tried to get the job of Leslie C. Arends, 69, of Illinois, the assistant leader for 21 years.

THE CONSERVATIVE Arends was re-elected Thursday to his old job. This was the first major test of Ford's leadership when he backed Frelinghuysen. So it was as much of a defeat for him as for the New Jerseyite.

Just holding things together is hardly enough in this world to make you a hero. Whoever built a statue to a paper clip?

A WOMAN always should have something to look forward to. That's why a wise husband will be just like another, but most of them have this in common: Steady, daily exercises or physical therapy treatments are essential if the maximum usefulness is to be achieved.

With mild strokes, activity may return in a fairly short time. With more severe ones, months of steady, daily effort are necessary.

Mrs. M. W.'s letter can do a great deal of good if it will convince others that this daily therapy, continued, will in time bring results.

Dear Dr. Molner: In our family there is a need for a general practitioner, an eye-ear-nose-and-throat specialist, a urologist and a dermatologist. As I live on the north side of the city it would be convenient to have the general practitioner in my vicinity. Would you recommend one? — S. G.

One House Republican, Albert H. Quie of Minnesota, a leader of the younger members of his party, said this setback for Ford was "something of a disaster for the already weakened party."

In the Senate, the Republicans

changed nothing. They kept all their leaders, headed by Everett M. Dirksen of Illinois. He has become famous on television for his prose, sometimes doleful but always embroidered with classical allusions or nimble imagery.

Hal Boyle

Jumping To Conclusions

NEW YORK (AP)—Jumping to conclusions: A leader is a person born with a megaphone in his brain and a desire to shout his ability to the world.

Most great leaders in any field — whether they be politicians, soldiers, businessmen, evangelists, artists or rock 'n' roll singers — are to some extent megalomaniacs. This means they have a mania for great or grandiose performance, plus a feeling of personal omnipotence.

THERE ARE two types of megalomaniacs—the noisy ones and the quiet ones. If you have to work for one or another — and most people do — it is better to work for a noisy one.

You can always tell when you've satisfied the ego of a noisy megalomaniac; with a quiet one you're never sure.

No person is truly educated unless he looks up a word in the dictionary at least twice a week.

You hear a lot about romances between millionaires and hatched girls. But when it comes to marrying, most hatched girls wind up with musicians or bartenders.

Being cast up on a desert island all by yourself is pretty dismal, but the loneliest men in civilization are those who play golf with their wives on Saturday because they can't find three other guys to make a foursome.

Most wives, asked if they could live their lives again, say they would again marry at the same age. Most husbands say they'd remain bachelors at least five years longer.

It is possible to forgive a friend any success he achieves in life — so long as his kids have lower IQs than yours.

To Your Good Health

Physical Therapy Helps Stroke Victims

By JOSEPH G. MOLNER, M.D. Dear Dr. Molner: My husband had a stroke eight months ago. In reply to the letter about Mrs. C. S.'s husband who had a stroke four months ago, I give my husband therapy twice a day. He also takes another exercise with a sleeve ironing board.

He was in the hospital eight weeks. When he left I was given instructions on the treatments.

Mrs. C. S. shouldn't be discouraged. The swelling isn't all gone from my husband yet, but he is improving.

The stroke affected his right arm first, then his right leg, and two days later his voice. It also affected his right eye.

medical society and ask for the names of several qualified physicians in your part of the city.

He might be a general practitioner, or he might be an internist. Either can then guide you to specialists as needed.

Choose as your regular doctor one who is affiliated with a hospital in your vicinity because, when specialized care is needed, he will naturally tend to refer you to specialists on his staff.

For facts about the total health of you and each member of your family, Dr. Joseph G. Molner's new book, "Stay Well Every Year Of Your Life," (\$5.95) is now available at your book store.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Around The Rim

New Angle Of Attack

The war situation in Viet Nam is reaching a point where one hears all sorts of comments on what the United States should or should not do in the Southeast Asian battleground. Obviously the situation is far from favorable, and that would be true even if the U. S. was without question winning out in the conflict there.

TO MOST OF US, the combat in the rice paddies and jungles may seem far away and the details of the situation from week to week, certainly from day to day, may be only vague outlines defined by headlines or by newscasts heard on the radio.

Many different approaches have been tried in the effort by this country to develop an effective means of combatting the guerrilla tactics of the Communist Viet Cong. One of the more unique attempts has been an experiment, not highly publicized, of "borrowing" some of the rules given by Mao Tse-Tung for his guerrilla fighters. Taking men from the best available in the South Vietnamese militia, the experiment organizes them into cells for training. From 50 men, the total is cut to 39 as training progresses. The groups live and work in the village hamlets.

SOME OF THE BASIC ideas in this

training involve such simple steps as buying food from village residents and helping out with their chores, ways to establish communication with and become a part of the village people. Their combat comes only during the night, when the teams go out into Viet Cong territory. Four such teams are now in operation.

EACH TEAM must come to know as personal friends each family in the village, with the emphasis on kindness and respect for these people. Fledge cards "cribbed" from the Communists and given the South Vietnamese contain such instructions as to buy fairly for what they buy, return what is borrowed, pay for anything damaged and others. The reason for all this is the belief by U. S. officials that mistreatment of South Vietnamese soldiers of civilians is one reason the Communists have been able to recruit assistance and soldiers from the people faster.

HOW EFFECTIVE the experiment in borrowing some ideas and tactics from the North Vietnamese will work out is yet to be seen, but it has been described as a radical departure from previous guerrilla tactics used by the South Vietnamese.

—PRESTON MAYNARD

Richard Starnes

The Business Of Uplift

WASHINGTON — Any man with decent regard for the American way of life has to keep a sharp eye on trends in ladies' small clothes, for given free rein the lingerie trust is capable of excesses that paralyze the civilized mind.

There are few men who will ever forget the sleeping brassiere outrage, although everyone has conveniently forgotten the name of the modest folk hero who exposed the vile plot in time.

(THE SLEEPING brassiere was a bustenhalter which was designed to be worn under, in conjunction with, or in lieu of conventional female night dress. It requires no prodigy of insight to understand that widespread adoption of this unspeakable device might well have stopped the Great Society dead in its tracks.)

It would be a mistake, however, to underestimate the uplift industry on the basis of the sleeping bra fiasco. The wily engineers who make the command decisions in that trade understand the nation's bosom neurosis and they well know how to capitalize upon it. Under their hand, the field has gradually expanded until it now includes certain occult aspects of pneumatic, levitation, cable suspension, cantilever construction, and out-and-out fraud.

AS AN EXAMPLE of the shrewd intelligence of the men who operate the great international bra cartel one needs only to cite their bland refusal to panic when the topless bathing suit madness threatened to sweep (but in fact did not sweep) the country.

By then they knew enough about the average American female's endowment to know that at least 96 per cent of them would never permit themselves to be caught dead in topless bathing dress.

Motives of modesty had nothing to do with this, of course. It was more a simple calculation based on the relative production of A, B, and C sizes.

IN ANY EVENT, the brassiere industry knows it can never afford to rest on its laurels. The bosom will never go out of style, perhaps, but modes in pectoral adornment jolly well change. Ask anyone who has recently sought to sell a warehouse full of whalebone. The, uh, big thing in brassieres this spring will be a no-back model, for wear with backless evening gowns, and a front model. The latter is not entirely scandalous, although it does depend heavily on décolletage.

MOST ANTHROPOLOGISTS see fashions in such matters with rather more detachment than the layman. Primitive societies, for example those in Tahiti and Bali, are inclined to scorn such devices entirely, while highly-developed cultures, such as our own, develop a morbid preoccupation with them.

It is difficult to make dependable projections, vis-a-vis further developments on this front. The thoughtful student can only keep a weather eye out for trends and when he describes one try his best to make logical deductions from it. (Distributed by United Feature Syndicate, Inc.)

Marquis Childs

A New GOP Instrumentality

(Substituting for Marquis Childs) WASHINGTON—Almost against its will, the Republican party is being slowly reunited by a congressional wing that is willing to let others have the joy of "image-making" while it holds all the reins and actually runs all the show.

Senate Republican leader Everett McKinley Dirksen of Illinois bestrides the old GOP elephant with an elegant skill that can be fully appreciated only by his admiring opposite numbers among the Democratic pros.

IN A BIT of wheeling and dealing of rare acuteness, Dirksen, in association with House party leader Gerald Ford and certain backroom types, has largely closed the great crevices of division that had been left by the spectacular November defeat of the ticket headed by Barry Goldwater.

To be sure, Goldwaterites and anti-Goldwaterites have not yet been brought into what could be called real palpability. But Dirksen has got them talking to each other through a wonderfully grave new device to be called "the Republican Coordinating Committee" on which shortly they are all to be serving together.

THIS INSTRUMENTALITY is handed to the party by Dirksen with a solemnity that is both a triumph of dead-pan humor and a striking instance of the subtlety of Senate-type politics at its best. For the coordinating committee is to be important-sounding enough to please everybody, big enough to embrace every view — and diffuse enough so that no part of it will ever be able to encroach one inch upon the real power center of the party. This, of course, is to be occupied exclusively by the congressional leadership.

THE COORDINATING committee is to have 11 congressional members, plus five Republican governors, plus all five of the living former Republican presidential nominees: Alf Landon of Kansas, Thomas E. Dewey of New York, Dwight Eisenhower, Richard

Nixon — and Barry M. Goldwater. Dirksen thus finesse Goldwater into this organization in such a way that his detractors can hardly object to his presence without seeming vindictive beyond words. At the same time, scope is given to the anti-Goldwater people by the provision for the five governors; the Conference of Republican governors has been the principal avenue of attack upon Goldwater's continued titular leadership of the party.

DIRKSEN'S PLAN, therefore, makes certain the maintenance of a power balance within the committee so precisely weighted and poised that no faction can do any great harm to any other.

So it is that Dirksen and Ford and unsung allies — Sen. Thruston Morton of Kentucky, Reps. Mel Laird of Wisconsin and Bob Wilson of California and the recently deposed GOP House leader Charles Halleck of Indiana — have thrown some handsomely packaged tranquilizers to the angry Republican troops outside Congress. By the time these fellows find out what is not inside the package tempers will have cooled and there will be less inclination to dwell on the horrid past. (Copyright, 1965, United Feature Syndicate, Inc.)

Oliver's Phone

SPARKS, Nev. (AP) — Oliver Dondero has been dead for nearly two years. But there's still a number listed for him in the Reno-Sparks area telephone directory.

Several years back, Don Dondero, a commercial photographer, had trouble getting to the one family telephone for business because of its steady use by his two young daughters.

He decided to put in another telephone line for the girls to use. But there wasn't enough room allowed in the phone book to list both the girl's names for their number. So, the listing was put in the name of Oliver Dondero, a loved member of the family. This way, Don avoided the knotty question of which girl would have the privilege of having her name in the book.

After Oliver died, the photographer decided the household still needed two telephones. He decided to keep the second phone in the name of Oliver Dondero, in memory of the family's late pet water spaniel.

Not Amused

WELLINGTON, Kan. (AP) — Mrs. J. C. Smith discovered that one of her decorative concrete eagles on pillars in front of her house was gone. Pranksters who had hauled away the 150-pound ornament left two eggs in its place.

THROUGH THE CENTURIES...

Through cold, snow-covered fields, underneath ice-encrusted trees, the river runs its course.

This brings to mind the Christian Church. It was founded upon the teachings of Jesus who lived His life and did His work unperturbed by the coldness of many of His fellowmen and of the ruling officials. He knew that His work would stand because it was founded upon truth. It not only stood, but has flowed steadily on for centuries. It is still going on today in

His churches.

If you do not attend church services why not go this coming Sunday, and identify yourself with this steady flow of the best for which life stands?

There is always room in the river for one more drop of water. There is always room in the Church for one more worshipper.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are:

- (1) For his own sake.
- (2) For his children's sake.
- (3) For the sake of his community and nation.
- (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

MEMORIAL WINDOW To be installed in Webb AFB Chapel chancel

Memorial Window Planned At Chapel

A memorial window, to pay tribute to the memory of all Webb Air Force Base men who have lost their lives while serving at the base, will be erected in the base chapel in time for Easter services, if nearly \$300 more can be raised.

The Webb AFB Memorial Window Fund was established about a year ago. Total cost will be \$3,000, of which \$2,707.15 is in hand. Only \$292.85 more will install it by Easter. Contributions to the Memorial Window fund may be sent to the base chapel.

The stained glass window will adorn the southeast corner, within the chancel of the chapel. The basic design, in colors, was submitted by 2nd Lt. Lance C. Faust of Class 66-D.

Three elements are projected in the design: The burst of light

represents the Light of God shining on the Hand of God holding the earth, and upon the Air Training Command emblem. The inscription on the streamer will read: "Who Guard The Peace."

TEMPERANCE IS DISCUSSED

Sunday's International Sunday School lesson deals with the subject of temperance, although the word is used in connection with temperance in matters other than the use of alcoholic beverages.

Temptations were put before Jesus while he was undergoing a "conditioning" process in preparation for his work among men.

Jesus was sent into the wilderness to live without the benefit of the common luxuries of those days. He was also among animals.

He was tempted by the Devil three times, with all kinds of promises made to entice Jesus to "look away" from the Lord. His was to be a life dealing with worldly things, and the 40 days in the wilderness was to strengthen Him for that work.

The temptations placed before Jesus, just as they are among men, included satisfying the appetite after going hungry or thirsty; sensationalism such as throwing himself off the temple just to see if God would protect Him, and just for power, such as the promise of a kingdom if He would worship the Devil.

Gap In Missions

WEST NEWTON, Mass. (AP)—Acute shortages of medical personnel may force the United Church of Christ to "shut up shop" in some of its overseas clinics and hospitals, the denomination's missions executive, the Rev. Dr. Alfred Carleton, reports.

He says: "The day of the young missionary doctor going overseas for a lifetime of service is in danger of becoming a thing of the past."

Prayer Week

NEW YORK (AP)—Millions of Christians of all confessions on all continents will join in prayer Jan. 18-25 in the annual "Week of Prayer for Christian Unity."

What Is a Seventh-day Adventist?

A man in a hurry . . .

Believing that the coming of Christ awaits only the fulfillment of the gospel commission of Matthew 28:19, Seventh-day Adventists sponsor a world program of missions that has reached into nearly 200 countries, using more than 900 languages and dialects!

A man with a hope . . .

In a world smoldering in the uncertainties and conflict that Scripture applies to "the last days," Seventh-day Adventists hold calmly to the hope of Christ's promised return. This alone, they believe, is the solution to modern man's dilemma, for so the Bible says.

A man headed for outer space . . .

The return of Christ, Adventists believe, will mark the dawn of a bright new era on earth. Rather it will mark the destruction of all things earthly. But Christ will take those who have accepted Him back to heaven with Him until the earth can be made fresh and pure again.

Chanters To Perform Here

A variety of sacred music, ranging from the 16th century to the 20th century, will be included in the concert to be presented by the McMurry College Chanters from Abilene when they appear at the First Methodist Church in Big Spring Jan. 22.

McMurry Chanters, who annually tour various sections of the country, are now touring Southwest Texas and Southern New Mexico.

Paul Englestad, former director of the Texas Lutheran College choir, has been director of the McMurry College Chanters since 1963. He has earned reputation as one of the finest choral directors in the Southwest, according to Ted James, music director for First Methodist, who has been named chairman of arrangements for the concert. His attention to detail is evident at each concert and his singers strive to meet his standards for perfection.

"Our aim is not to sing a new song unto the Lord, but a better song," Englestad said. To

Mrs. O'Brien Writes Article

Emotions experienced while walking down the aisle of a church were the inspirations for an article in the February issue of "Home Life" magazine, a publication of the Baptist Sunday School Board, Nashville, Tenn.

Mrs. Bledsoe (La Homa) O'Brien, 1205 Gollad, Big Spring, wrote the article, entitled "Down The Aisle." She is an active member of the First Baptist Church, Big Spring.

"I got the idea for the story during the wedding of our older daughter," Mrs. O'Brien said. "I was filled with all kinds of emotions and recalled other times our children had walked the aisles of the church."

She cites such experiences as Bible school commencement, Christmas programs, funerals, weddings, and beginning a Christian life with "the important walk down the church aisle."

"Home Life" is a monthly publication with a circulation of over 900,000 copies.

Call To Courage

NEW YORK (AP)—The "most pressing need of each one of us is to be able to face life without losing heart," the Rev. Dr. Max Merritt, a Pasadena, Calif., Presbyterian minister, writes in a new book, "Newer, Louder Heart" (Doubleday). "We need a steady inner strength," he says, "to enable us to stand up to life in an upset world."

CHURCH CALENDAR

Episcopalians Name New Officers Of Church

Robert H. Dyer was chosen the new senior warden of St. Mary's Episcopal Church at the parish meeting Sunday. Harold Bull was selected junior warden. Five members were elected vestrymen: William H. Eysen, Ralph McLaughlin, Dr. Milton W. Talbot Jr., Dr. Charles Bainswater and Dr. Roscoe Cowper.

Six delegates named to the Council of the Diocese of Northwest Texas, to meet in Abilene in May, were Dr. Jack Burnett, Gene Nabors, John R. Anderson, Fred Doelp, C. Wesley Deats Jr., and Dr. Milton W. Talbot. Alternate delegates to the convention are Bennett Brooks, Conny Wade, William Eysen, Ralph McLaughlin and Jerry Mancill.

The Rev. Donald N. Hungerford, rector, announced the appointment of Mel Ivey to the staff as choir director.

The budget for St. Mary's Church, for 1965, was adopted. The amount, \$50,420, includes \$9,775 for missions and \$5,000 for building purposes. Reports were heard from the rector, Donald N. Hungerford; senior warden, Robert Dyer; junior warden, Harold Bull, and Day School board vice chairman, Dr. Milton W. Talbot Jr.

PASTOR AND FAMILY HONORED

Arbuckles Mark Tenth Anniversary In Lamesa

LAMESA (SC)—The Milo B. Arbuckle family was honored at a reception Sunday, following the evening worship services of the First Baptist Church, to mark the tenth anniversary of the Rev. Arbuckle's pastorate.

When the Arbuckles came to Lamesa 10 years ago the membership of the First Baptist Church stood at 1,200. Today it is approximately 1,900. During his first nine years in Lamesa there were 1,421 additions. An educational building has been added bringing the physical property of the church close to a one million dollar valuation; a new parsonage has been added, and additions made to the East Side Mission here, and an educational building erected at Permian Basin Baptist Encampment.

The Rev. Arbuckle, who has served 31 years as a Baptist minister, has pastored only three congregations, including

the local church. He came to Lamesa Jan. 15, 1955, from Frederick, Okla. His first church was at Ada, Okla., where he assumed the pastorate Sept. 1, 1933, while a freshman in college. At that time it had a membership of 18, and when he left 11 years later, there were 1,476 members.

Hosting Sunday night's reception for church members and friends of the Arbuckles, were members of the hospitality committee of the church, headed by Mr. and Mrs. Glen Jones. Receiving guests were Luther Standefer, chairman of the deacons, Mrs. Standefer; the Rev. and Mrs. Arbuckle and their son, Andy.

Guests were served refreshments from a linen-laid table which has as its focal point of interest photographs of the Arbuckles taken during their first year in Lamesa, and another recent portrait sitting.

Cotton Picker

Oleg Cassini picked black and white checked cotton for this suit with low-cut Peter Pan collar. The designer showed his spring collection to out-of-town press Monday. The fashion writers are previewing styles during a five-day program set up by Eleanor Lambert. (AP WIREPHOTO)

Conservation, Pollution Explored By Speaker

A variety program and film stressing the best uses of water in the garden and the problems of pollution. Mrs. Carl B. South spoke on the conservation of the soil, and in recognition of Arbor Day, Mrs. Hitt told of legends concerning famous trees. Films taken by the Rev. Hitt of the club's Christmas Caravan were displayed.

Genesis Studied By Church Circle

Mrs. Phil Grisham gave the Bible study from Genesis when the Sara Lou Henley Circle of Baptist Temple met Tuesday in the home of Mrs. James Page, 1162 1/2 E. 13th.

Mrs. George Harwood presided and Mrs. James Puckett worded the prayer and read the prayer calendar. For the closing thought, the group read the song, "Nearer My God to Thee", that was based on the experiences of Jacob at Bethel.

The next meeting will be held in conjunction with the Blanche Groves Circle when the mission study will be taught by Mrs. Barton Boyer Jan. 26. Mrs. Puckett will be hostess.

Altrusans Schedule Porter Randall Talk

A business session was held by 29 members of the Altrusa Club Thursday at Coker's Restaurant. Plans were made for the forthcoming visit of Porter Randall in March and Mrs. W. U. O'Neal, chairman of the project, requested a special session of her committee at the Downtown Tea Room Monday at noon.

Does Hold Installation

Mrs. A. D. Jenkins became president of the BPO Does at an installation service held Wednesday evening in the Elks Lodge.

Completing the new officer slate are Mrs. Kathleen Williams, first counselor; Mrs. Frank George, senior counselor; Mrs. Glen Gale, junior counselor; Mrs. W. C. Rogers, conductress; Mrs. Pauline Anderson, secretary; and Mrs. Grace Grandstaff, treasurer.

Also, Mrs. Hugh Nixon, inner guard; Mrs. J. D. Jenkins, three year trustee; Mrs. A. N. Rutherford, two year trustee; Mrs. J. M. Morgan, one year trustee; Mrs. J. H. Maepner, chaplain; Mrs. W. C. Ragsdale, assistant conductress; and Mrs. Jenkins, pianist.

Mrs. Joe Clark, supreme president, was the installing officer, and Mrs. W. C. Ragsdale was supreme conductress.

Refreshments were served by Mrs. A. D. Jenkins and the next meeting scheduled for Jan. 27.

Etiquette Discussed At Forum

Mrs. James Kenny gave a general discussion on etiquette as program narrator for the Junior Woman's Forum Thursday at the Flame Room of Pioneer Natural Gas Company. She stressed the varied aspects of table decor and manners. Preceding the session, Dr. R. B. G. Cowper gave a brief talk on cancer, diagnosis methods and treatment.

Plans were made to hold a Bowery Brawl dinner dance Jan. 23 at Cosden Country Club. The dance will be open to the public and tickets will be \$1 per couple.

Members made plans to attend some of the Little Theatre productions in Midland. Refreshments were served by Mrs. Bill Seals and Mrs. Kenny to 21 members. Individual tables and the buffet table were centered with tree limbs frosted with snow icing and adorned with candles and miniature birds. Silver appointments were used.

Variety Pairs Series Ends In Top Spot Tie

Series winners have been announced for the Variety Pairs duplicate games held Wednesday at Big Spring Country Club.

Speaker Compares Furniture Styles For Hyperions

Mrs. Ruth Bonneau, guest speaker from Midland, discussed decorating for members of the 1953 Hyperion Club Wednesday when the group met in the home of Mrs. R. H. Weaver, 434 Westover. Mrs. Hayes Stripling Jr. was cohostess.

The speaker told of the different periods in the history of furniture and how pieces can be combined in contemporary homes. She said the three general classifications included classic, country and contemporary. The classic period includes such examples as the Louis periods of the French, the English Heppelwhite, Sheraton and Chippendale. Country furniture embraces colonial, French provincial and Spanish styles. The contemporary furniture covers the extreme modern styles and the simple lines such as Lawson. A question and answer period followed the program.

Refreshments were served from a table covered with an orange cloth and appointed in copper. Mrs. E. Smyers, Midland, was a guest.

DISCUSSES PERSONNEL

College Heights Group Hears L. B. Porter

Mrs. Avery Faulk introduced Laine B. Porter to members of the College Heights Parent-Teachers Association Thursday when he spoke on helping pupils by providing adequate school personnel services. The meeting was held at the school.

Area leaders for the Mothers March Jan. 19 were announced by the president, Mrs. Floyd Williams. Mrs. Don Woods presented Cub Scouts from Den 3, Pack 138, who gave the pledge of allegiance. The devotion was worded by Mrs. Ray Dunlap.

Mrs. B. R. Fletcher announced \$46 in savings stamps was sold in December. Life membership committee members were appointed. They are Mrs. H. D. Stewart, Mrs. Tom Newton, Mrs. Dunlap and W. C. Blankenship.

Mrs. R. D. Dolan announced a study course, "Education for Family Living" will begin Jan. 22 in a combined session with Runnels and Boydston's units. The sessions will be from 9 to 11 a.m. at 604 Steakley and deal with the problems of adolescence.

Approximately 45 members voted to buy library books for the school as the project for the year. Mrs. Reagan Easley's first grade won the room count.

Plant Drying Methods Noted For Gardeners

The drying and painting of plant material was the program study presented by Mrs. Odell Womack to members of the Four O'Clock Garden Club Wednesday at the home of Mrs. Guy Cook, 1006 E. 21st.

The guest speaker stressed the good results obtained by using the new improved drying agent, silica gel, that is sold under a commercial name. The lightweight material is dried in the oven and then ready for use on delicate flowers that were previously unsuitable for drying.

In painting dried material, the speaker noted it was best to avoid glossy paints and recommended poster colors instead. New officers were presented by Mrs. Joe Horton, chairman of the nomination committee. Those elected were Mrs. B. E. Reagan, president; Mrs. B. W. Tubb, vice president; Mrs. J. E. Swindell, secretary; Mrs. Don Campbell, treasurer; and Mrs. Cook, council representative.

Mrs. Cook served refreshments to seven members and guests, Mrs. Roy Lynn, Mrs. Nelson Ball and Mrs. Womack. The next meeting will be Feb. 10 in the home of Mrs. Don Campbell, 2700 Larry, and the program will be a film, "Dahlia" from Dahlendale.

Teenager's Aims Cited

Mrs. Clyde Thomas Jr. spoke on the importance of group activity for young people in their approach to maturity Wednesday at the meeting of the Child Study Club. Mrs. Tommy Hart, 1750 Purdue, was hostess.

She said that such organizations as Girl Scouts, YMCA, Order of the Rainbow for Girls and church groups contributed to this development. Through these organizations they learned a love of outdoor life, a realization of religious potentialities and have Christian development under Christian influence.

Mrs. Don Hungerford gave a report on the club project of helping with the YMCA day nursery. Also, Mrs. Glen Allen, said there was need for clothing for pupils at the Special Education School.

Mrs. Lester Morton and Mrs. Thomas Vick will be hostesses at the Feb. 10 meeting.

Thursday Meeting Held By Auxiliary

The Kiwanis - Queens met Thursday at Holiday Inn for a luncheon with 12 members attending. Guests were Mrs. James Landis, Abilene, and Mrs. Betty Johnson, Midland. The next meeting will be Feb. 11, and Mrs. Robert Stripling and Mrs. Ed Corson will be hostesses.

Study Held On Operas Wednesday

Mrs. H. M. Jarratt, 429 Edwards, was hostess to the Music Study Club Wednesday when the group met to hold a special study on opera music. Mrs. Rene Brown, program leader, gave a resume of each opera from which selections were presented during the afternoon.

The hymn of the month, "From Glory Unto Glory" was led by Mrs. John Arnold. Mrs. Carl Bradley sang, "Ah! Malgré Moe" from "Alceste" by Gluck, and Mrs. Harrol Jones chose "Non So Più" from the "Marriage of Figaro" by Mozart as her vocal selection.

Mrs. Fred Beckham and Mrs. J. L. Christensen played waltzes from "Faust" by Gounod in piano duets. Mrs. L. L. Beauvais sang "Oh, Mio Babbino Caro" from "Gianni Schicchi" by Puccini, and Mrs. David Shaw presented the "Black Swan Song" from "The Medium" by Menotti.

Refreshments were served to 20 members by Mrs. Jarratt and Mrs. Beckham. The table, laid with an ecru lace cloth, was centered with a silver candelabra entwined with pink grapes and net. Guests were Mrs. Jarratt's parents, Mr. and Mrs. Judson Bailey.

Planters Name New Officers

Mrs. R. L. Collins was named president of the Planters Garden Club Wednesday when members met in the home of Mrs. Byron Smith, 615 Holbert. Other officers are Mrs. R. W. Trantham, first vice president; Mrs. S. P. Jones, second vice president; Mrs. Frank Wilson, third vice president; Mrs. R. O. Carothers, secretary - treasurer; and Mrs. D. H. Hine, council delegate.

A dual program was presented by Mrs. Carothers and Mrs. Collins. The planting and care of bulbs was discussed by Mrs. Carothers, who specifically described the growing of tulips, daffodils and hyacinths. Tulips can be planted now if the bulbs are first chilled for 24 hours in the refrigerator. Lillies and

Shows Entertain Visiting Relatives

KNOTT (SC)—Recent guests of Mr. and Mrs. Larry Shaw were her brother-in-law and sister, Mr. and Mrs. E. L. Lawson, Hobbs, N.M., and their daughter, Shirley, who is a student at Baylor College in Waco. Others were Mr. and Mrs. Roland Lawson and Billy of Patricia.

gladioli can be planted in February.

Mrs. Collins' discussion on border plants included violets, pansies, alyssum and thrift. They were all named as excellent early bloomers and fine for flower bed edgings.

Mrs. Hine presided at the session attended by nine members. The next meeting will be Feb. 10 in the home of Mrs. J. O. Murphy, 700 E. 12th with Mrs. E. O. Sanderson as cohostess.

Circle Chooses Prayer Partners

Prayer pals were chosen when the Martha Foster Circle of Wesley Methodist Church met Tuesday in the home of Mrs. Jerry Allen, with Mrs. W. D. Lovelace and Mrs. Rene Brown wording the prayer.

"Christianity Among Students Around the World" was the program given by Mrs. J. C. Ray. She was assisted by Mrs. Alta King and Mrs. Don Crockett. Mrs. Robert Tawater gave the devotion.

The Lalla Baird Circle met Tuesday with Mrs. Joe Jacobs to hear a program, "Christ and Teenagers" by Mrs. Fannie Kent and Mrs. S. R. Thurman.

East, West Await Match At Houston

By JACK HAND

HOUSTON (AP) — The American Football League's All-Star game, hurriedly transplanted to Houston from New Orleans when 21 Negro players claimed racial discrimination, will pit the pride of the Eastern Division against the best of the West Saturday afternoon at Jepsen Stadium.

Coach Lou Saban of the champion Buffalo Bills hunkered heavily on his own Buffalo players second place Boston Patriots to put the East in the win column.

Saban will start Babe Parilli, Boston quarterback, but he will have Buffalo's Cookie Gilchrist at fullback and the Bills' Elbert Dubenion and Ernie Walick at the ends. Larry Garron of Boston will be the running back and the elusive Charlie Hennigan of Houston at flanker.

Later in the game Saban will bring in his own quarterback Jack Kemp who led the Bills to a 20-7 victory over San Diego in the championship game at Buffalo Dec. 26. Tackle Stew Barber and guard Billy Shaw will be among the five Buffalo starters on offense.

The West has won all three previous games in the series, pulling out a 27-24 decision last year at San Diego in the final seconds. There was no All-Star game in 1960, the league's first year.

Chargers in the starting line-up — tight end Dave Kocourek, flanker Lance Alworth, running back Keith Lincoln, tackle Ron Nix and guard Walt Sweeney.

Lincoln suffered a broken rib on a crashing tackle by Mike Stratton of Buffalo early in the title game but he has recovered and will play.

Alworth missed the championship game due to a knee injury suffered in the last regular season game but he also is ready to go.

Lenny Dawson, top quarterback in league official statistics with 30 touchdown passes for Kansas City, will start for the West in what is expected to be a passing duel between Dawson and Parilli. Gino Cappelletti, league-leading scorer, will be one of Parilli's top targets, spelling Hennigan at flanker.

With Gilchrist to spearhead the running attack and Garron and Sid Blanks of Houston to help, the East appears to have a strong ground game. However, the West has Clem Daniels of Oakland and Lincoln in its big man backfield and Abner Haynes and Mack Lee Hill of Kansas City in reserve.

Ex-Bison

Buddy Glaspie, freshman from Stanton, will probably see his share of action when HCJC hosts NMMI in a Western Conference basketball game at 8 o'clock here tonight.

Goliad Wins All 3 Tilts Over Runnels

Goliad Junior High won all three basketball games in its cross-town series with Runnels here Thursday evening.

On the ninth grade level, Goliad charged from behind to nip the Yearlings, 48-46. The Mavericks took command after the Yearlings' star rebounder, Richard Belew, had fouled out.

At one time, Runnels held an eight-point lead in the contest but the Mavericks kept fighting back.

Wayne Johnson tossed in 16 points and Danny Clendenin 12 for Runnels while Norman Lundy accounted for 20 of Goliad's points.

In the eighth grade contest, Goliad's margin of victory was 28-24.

Ford Farris led Goliad in that one with nine points, the same number scored by Johnny Hedges of Runnels.

Runnels won the seventh grade contest, 28-19. Jackie Cranfield counted six points for Runnels while Steve Tidwell led Goliad with eight.

Ninth graders:
GOLIAD (48)—Malone 3-5; Gilstrap 0-2; Ryan 2-4; Willis 1-2; Clinton 4-3; Lundy 9-20. Totals 16-10-48.
RUNNELS (46)—Wilson 0-0; Belew 3-3; Gortman 0-0; Johnson 7-16; McGuire 0-0; Tubb 3-3; Clendenin 3-12. Totals 16-14-46.

Score by quarters:
Goliad 17 25 26 48
Runnels 14 29 40 46

Eighth graders:
GOLIAD (28)—Farris 2-5; Russell 3-7; Bethell 2-4; Newman 1-4. Totals 9-20-28.
RUNNELS (24)—Pattin 1-3; Ramirez 2-8; Hedges 3-3; Brooks 2-4; Perez 1-2. Totals 9-22-24.

Score by quarters:
Goliad 11 17 25 28

GOLIAD'S JERRY RYAN (24) RINGS THE BELL Belew (23), Tubb (13), Runnels, offer resistance

Longhorns To Oppose Midland 5 Tonight

Two teams now deadlocked with Abilene for the cellar position in District 2-AAAA basketball standings—Big Spring and Midland High—clash in Midland at 8 o'clock tonight.

Big Spring was picked to finish there in pre-season polls. Midland was listed among the favorites.

The Big Springers have beaten only Abilene Cooper in league play but looked to advantage in a game with Odessa Permian earlier this week, yielding by four points.

Cooper knocked off Midland, 84-79, earlier this week in a game that was determined in overtime.

Overall, Midland has a respectable 11-9 record while Big Spring stands at 6-12.

The league has only one undefeated team. That is Midland Lee, which has won four straight games. Lee has to go to San Angelo tonight. The Bobcats were tied for the top spot with Lee until Tuesday, when Odessa surprised the Bobcats by winning, 64-56.

Probable starters for Big Spring tonight will be Don White, only senior of the unit; Joe Jaure, Simon Terrazas, Paul Thomas and Robert Jackson. Bobby Griffin could go in Terrazas' place, if coach Allen

Simpson goes with the same unit he had last Tuesday.

Earl Barnes and Doug Russell are the standouts for Midland's club. Barnes is the third leading scorer in the district, with 78 points. Russell has scored 66 points.

Mack Lawrence, 6-5, will give the Bulldogs plenty of rebounding authority. Other Midland starters will probably be Crowe and Borger.

B teams of the two schools square away at 6 p.m.

Jayhawks Play Cadets At 8:00 Here Tonight

Howard County Junior College's Jayhawks come home tonight to square off with New Mexico Military Institute. Game time is 8 o'clock. At stake will be the Hawks' lead in the Western Conference.

The Big Springers now share the spot with that perennial challenger, San Angelo College. NMMI is well down the list but usually mounts a lot of fire power when WC plays get under way.

The two teams met previously in the Odessa Tournament. On their way to a tournament title, the Hawks felled the Cadets, 83-59.

However, coach Buddy Travis doesn't expect tonight's game to be anywhere nearly as easy a romp. The Roswell team has had time to jell and will field a tall, rangy club.

HCJC will carry an 11-5 won-loss record onto the court tonight. Along the way, HC has beaten teams from five states. Two of the school's five de-

feats have come against a senior college freshman unit—Texas Western. The others were administered by Ranger, Lon Morris and Cameron, Okla. The

LOOKING 'EM OVER

With Tommy Hart

Tournament dates at the Big Spring Country Club probably will not be determined until after officers are elected Jan. 21.

The women of the club, however, have already pinpointed their links dates. They'll hold a Couples Invitational (open to all golfers) May 2, the women's club championship June 29-July 1, a one-day women's invitational Oct. 5 and the annual Mr. and Mrs. tournament Oct. 17. Harriet Zike will serve as women's golf chairman this year.

Jerry Green, club pro, and his co-workers haven't been idle this winter. They've cleaned up the rough at the course, built cart trails (and have hopes that golfers will stick to them while playing), built a fence and hope to top-dress the greens next month.

Indications are the annual pro-ams at the court will be held in April and August again this year.

The club now has about 290 members, up from a year ago.

Wendy Green, the former assistant golf pro at the local club and a brother to Jerry, is back in Midland now after a lengthy stay on the West Coast.

He is hopeful of making a connection in the golfing industry in that area.

When Sid Gillman, present coach of the San Diego Chargers, took a Miami University (Ohio) team to the Sun Bowl in El Paso a few years ago, three of his players were Ara Parseghian, Paul Dietzel and Jack Faulkner.

Parseghian went on to coach Northwestern University and is now at Notre Dame. Dietzel, formerly at LSU, is now at West Point. And Faulkner was once coach of the Denver Broncos of the AFL.

Littler Leads In Home Town

SAN DIEGO, Calif. (AP) — There is a peculiar twist to the golfing career of Gene Littler, who led the way into the second round of the \$34,500 San Diego Open today.

Littler won the San Diego tournament in 1954 when he was still an amateur. But in the view of his hometown San Diego worshippers he has done little in their San Diego Open as a professional.

Of course, all Gene has done outside the county is win the U.S. Open, the rich Las Vegas Tournament of Champions three straight years, many other events and amassed a tidy nest egg.

The leaders:

Gene Littler	20-32-42
Bud Hultcher	22-32-44
Tommy Lema	22-32-45

Pro Circuit Won't Expand

HOUSTON (AP) — The American Football League will remain an eight-team league in 1965 and probably for at least two more years although it has scheduled an expansion meeting to consider 35 applications this year.

Commissioner Joe Foss said Thursday the AFL will investigate the various groups applying for franchises and then make up its mind when and if it wants to add any new clubs.

Foss said nine groups from Philadelphia, five from Atlanta, four each from Washington and Chicago, three from Milwaukee and two from Los Angeles have made inquiries. He also had heard from would-be owners in Miami, New Orleans, Birmingham, Seattle, Portland, Columbus and Cincinnati.

Under the terms of a new five-year \$36 million television contract with the National Broadcasting Co. it is reported each team will get \$750,000 in 1965, \$800,000 in 1966, \$850,000 in 1967, \$900,000 in 1968, and \$950,000 in 1969. There is an additional \$2 million expansion fund that probably would be split among new franchisees.

JIMMIE JONES
FIRESTONE
CONOCO
1501 Gregg
Dial AM 4-7601

Eddie Wolski, the Coahoma tackle, expects to study to become a teacher in college.

Camilo Pascual, the ex-Big Spring hurler, now imbroiled in a discussion over salary with the Minnesota Twins, prefers Miami but moved his home to Minneapolis the past year in order to cash in on his fame as a big league pitcher.

Camilo, who had a sore arm most of the time he was here, is a tough man at the bargaining table. He is supposed to have made \$46,500 for his work in 1964 and doesn't want to take a pay slice.

Pascual, like his brother, Potato, was a third baseman when scout Joe Cambria uncovered him in Cuba but he had a strong throwing arm and became a pitcher — by executive order.

Last year, he finished with a 15-12 won-lost record. Club owner Calvin Griffith figures anyone who doesn't win 20 games for him isn't worth \$46,500.

Camilo learned to speak fluent English long after he learned to pitch. He made his wants known here through an interpreter. But he learned well, once he did have time to tackle the language.

He was just emerging as a top pitcher in the big leagues when a reporter telephoned him at a Boston hotel at 7:00 o'clock one morning.

"Do you speak English?" was the reporter's first question.

"Not at seven in the morning," was Camilo's retort, and he hung up.

Under the terms of a new five-year \$36 million television contract with the National Broadcasting Co. it is reported each team will get \$750,000 in 1965, \$800,000 in 1966, \$850,000 in 1967, \$900,000 in 1968, and \$950,000 in 1969. There is an additional \$2 million expansion fund that probably would be split among new franchisees.

Dock Contract Vote Sought

NEW YORK (AP)—Delegates and shop stewards of the longshoremen's union are circulating petitions to hold a second vote on a proposed contract and thus pave the way for settling the Atlantic and Gulf coasts dock strike.

Rank-and-file rejection of the pact covering the 24,000 dock workers in New York was the main factor in triggering the five-day-old strike of 60,000 men in ports from Maine to Texas.

Federal officials have expressed their concern about the situation in several south Atlantic and Gulf Coast ports where no real bargaining has been conducted in several days. Longshoremen in those ports didn't even get to the point of voting on contracts — as the men here did last Friday, with a result that stunned top officers of their union.

Under customary procedures of the International Longshoremen's Association, approval of the contract here in a second vote would not end the strike. Contracts would have to be reached in the other ports also.

Webb's Newspaper Repeats As ATC Contest Winner

Webb AFB's newspaper, "The Prairie Pilot," was named the 1964 Air Training Command winner of the Class II base newspaper competition in the commercial enterprise division, for the second consecutive year.

In 1963 the Prairie Pilot took top honors in its class in ATC and then was selected as second best in the Air Force-wide competition. This year's announcement was made in a letter from Lt. Gen. William W. Momyer, commander of Air Training Command, to Col. A. F. Tautte, Webb AFB wing commander.

The letter stated in part, "... your base newspaper, The Prairie Pilot, has been selected as the best ATC newspaper in Class II (serving between 1,000 to 5,000 personnel) for 1964. This is the second consecutive year the Prairie Pilot has won this honor. The newspaper was acclaimed for its polished journalistic qualities, its value as a management tool, and its support of information objectives."

Commercial enterprise newspapers are those published by private contractors and financed by paid advertising. Editor of the award-winning 1964 issues of the Prairie Pilot was 1st Lt. David M. Hodson, the present Webb Information Officer.

Other ATC winners were the "Wingspread" from Randolph AFB, Texas, winner of Class III commercial enterprise; the "Keesler News" from Keesler AFB, Miss., winner of the Class IV commercial enterprise; the "Sheppard Senator" from Sheppard AFB, Texas, winner of the Class IV official category; and the "Recruiter" from Wright-Patterson AFB, Ohio, winner of the Class V official category.

Official papers are financed from either appropriated or non-appropriated funds and do not carry commercial advertising. Class III category is between 5,000 and 10,000; Class IV is over 10,000 base population; and Class V category serves more than one base.

Judges in the ATC contest were David Y. Burkett, assistant professor of journalism at Trinity University, San Antonio; Jack L. Finger of the public relation department of the City of San Antonio's Public Service Board; and 1st Lt. Richard P. Hine, ATC Office of Information.

The Prairie Pilot and the other ATC winning newspaper entries have been forwarded to the Secretary of the Air Force to compete in the 1964 Air Force Newspaper Contest.

Length of service awards for a combined total of 410 years of federal service were to be presented to 28 employees of the Veterans Administration Hospital in a ceremony at the hospital recreation hall this afternoon.

Two 25-year service pins were to be presented. Receiving the awards are James O. Whidden and Jim Carter, both of the hospital's dietetic service. The hospital's director, Donald D. Van Meter, was to award the pins.

Eight other persons were to receive 20-year service pins, presented by Chief of Staff Dr. Harry C. Ernsting. Included are Van Meter; Dr. Houston J. Zinn, chief of surgical service; Mrs. Zinn, physical medicine and rehabilitation service; H. C. Spivey and E. S. Stout, dietetic service; M. V. Torres, engineering division; and Dean Lagerstrom and James R. Johnson, both of business services division.

Fifteen-year service awards were to be presented by Dr. Jack Margolis, chief, medical service, to four employees, C. E. McDonnell, chief, medical administrative service; Mrs. Horace Smith, nursing service; Heriberto Rubio, dietetic service; and Feliciano Morales, housekeeping division.

Fourteen employees were to receive 10-year pins, presented by Mary J. Linder, assistant chief, nursing service. Included are Fidel Saldivar and Mrs. Mary L. Blackburn, dietetic service; Mrs. Howard Belk, Mrs. Fannie Clark, Mrs. G. J. Brown and Conrado O. Acosta, nursing service; Mrs. Estelle J. Hopper and Santiago Paredes, housekeeping; Mrs. Bill Green and Mrs. Henry West, medical administrative service; Dr. G. Edward Williams, chief, radiology service; Dr. James Roberts, surgical service; Benjamin Berry, engineering division; and Mrs. Bill Carlile, business services division.

Following the service awards, Mrs. W. A. Kunkel, R. N., was to receive a certificate of appreciation and a \$25 check for a suggestion improving the storage and administering of medications on all hospital wards.

1st LT. DAVID HODSON

Parents Face Murder Count

LUFKIN (AP) — Samuel Smith, 28, and his wife Bersie, 22, have been charged with murdering their 6-year-old daughter.

Their daughter, Pamela died Sunday night. An autopsy showed a brain injury from blows on the head caused death.

Commissioners Decline Most Of Pay Requests

Howard County Commissioners Court Thursday declined to go along with most of the requests that Sheriff Aubrey Standard laid before it.

The court declined to raise the base pay of Lindy Oldfield, who is Standard's chief deputy. It did not approve a plan to increase the pay of a second deputy who would be a sort of third-in-command in the office. It rejected the sheriff's request that the pay of two women employed in the check department be put on a parity with other elective offices.

It did grant Sonny Buzbee, jailer, a pay hike of \$50 a month. Sheriff Standard had suggested \$350 a month pay, with quarters but no food allowance, for the jailer. It would up with Buzbee's pay fixed at \$250, with quarters and, apparently, with food allowance.

The commissioners also declined to raise the pay of Mrs. Ruby Phillips, county welfare officer, and that of her secretary, Janette Wyatt. Mrs. Phillips continued at \$310 plus \$75 per month car allowance, and Miss Wyatt, who doubles as secretary for both Mrs. Phillips and for Bob Darland, county juvenile officer, continues to be paid \$250 for the dual job.

Lee Young, the elected constable from Justice of the Peace Precinct 1, who had appeared last Monday with a request that his pay be hiked from \$1 per week to \$200 per month, plus car radio and phone, was back. He had been told the commissioners would mull over the matter. He was informed today the court had decided to leave his pay as it is.

Wayne Burns, district attorney who had inadvertently omitted to include the car allowance for his investigator in a letter submitted last Monday, brought a corrected request before the court Thursday. Travis Long, investigator, was approved for an annual salary of \$5,040 plus \$1,200 a year car allowance. His salary is set up in the law which created the office for this county.

The commissioners also declined to raise the pay of Mrs. Ruby Phillips, county welfare officer, and that of her secretary, Janette Wyatt. Mrs. Phillips continued at \$310 plus \$75 per month car allowance, and Miss Wyatt, who doubles as secretary for both Mrs. Phillips and for Bob Darland, county juvenile officer, continues to be paid \$250 for the dual job.

Lee Young, the elected constable from Justice of the Peace Precinct 1, who had appeared last Monday with a request that his pay be hiked from \$1 per week to \$200 per month, plus car radio and phone, was back. He had been told the commissioners would mull over the matter. He was informed today the court had decided to leave his pay as it is.

Jones Elected President Of BS Savings

A new director, Billy W. Jones, was added to the board of Big Spring Savings Association at the annual meeting of stockholders Thursday afternoon. At the subsequent directors meeting, Jones was elected president.

Jones, now associated with Permian Savings & Loan Association at Kermit, will be here February 1 to assume duties as chief administrative officer with the local organization. He succeeds Russell W. Bennett, who resigned to take a position in El Paso.

Stockholders re-elected other members of the board: John Davis, E. P. Driver, R. W. Whipkey, L. B. Edwards, Joe Pond, H. W. Smith and Adolph Swartz. Directors subsequently re-elected Swartz vice president, Driver, secretary and treasurer, and Whipkey, chairman of the board.

Stockholders were given reports on the Association's past year of operations. Total assets of December 31 were \$5,409,644, up from \$3,885,208 a year ago. Savings and investments accounts totaled at the end of the year \$4,554,896, a gain from \$3,370,496 at the end of 1952. Mortgage loans amounted to \$4,501,847, an increase from \$2,951,957 during the year.

Judge Lowers Stonehill Bond

SAN ANTONIO (AP)—A federal judge from Philadelphia lowered the bond of international businessman Harry Stonehill to \$30,000 Thursday.

His bond originally was set at \$100,000 and later reduced to \$50,000.

Judge Thomas Clary of Philadelphia, sitting for Judge Adrian Spears, ordered the second reduction.

Stonehill, described by the government as a "vagabond millionaire," is charged in New York with shipping cigarette manufacturing equipment to the Philippines under a false bill of lading in 1961.

Maury Maverick Jr., lawyer for Stonehill, charged at a removal hearing that U.S. and Mexican officials kidnaped Stonehill in Mexico and whisked him to the United States.

Stonehill was arrested here Jan. 4 as he stepped off an airliner from Mexico City.

Judge Clary also changed the date for Stonehill's court appearance in New York City from Jan. 20 until at least five days after Jan. 22.

Stonehill's Chicago lawyer, Robert Dowling, explained he planned to attend President Lyndon Johnson's inauguration Jan. 20.

"I will not deny anyone the right to attend an inauguration," Judge Clary said.
