Gregg Street Crossing Completed

Jake Roberts, state highway engineer, Ben Wilkinson, assistant engineer, Harless Terry, project superintendent, and Hanson Clark, project engineer inspect \$750,000 bridge.

'No Parking' Signs Going Up Today, Bridge Finished

City and county officers and State Highway Department officials made a brief inspection of the viaduct over the Texas & Pacific Railway Co. yards on Gregg Street at 11 a.m. today and the crossing was, to all practical purposes, declared finished.

along the center of the street from the bridge southward and a similar yellow marker will be placed on the north side today. Highway crews will then paint in the divider in each of the lanes. The plan is to transform Gregg Street into a four-lane highway from one edge of the city to the other.

on the street at once. Roberts described the viaduct as a major road improvement project in the area and sounded high praise for Oldt & Co. for the efficient manner in which the bridge was built. He was especially complimentary of how little traffic difficulty the construction developed. The new bridge was started Sept. 4, 1963.

NO PARKING SIGNS PUT IN SERVICE Gregg Street becomes four-lane highway today

Crews of state highway maintenance department immediately began putting up "no parking at anytime" signs on Gregg Street from the north to the southern city boundaries.

There was no ceremony in connection with the formal acceptance of the three-quarter million dollar project. Jack Roberts, district highway engineer, accompanied by Ben Wilkinson, Joe Smoot, Hanson Clarke and others of his staff, were joined by Mayor George Zachariah, City Manager Larry Crow, members of the Howard County Commissioners Court and a few spectators, for a walk to the middle of the structure.

A chilly wind which began to blow about the same time the group reached the scene discouraged a long look at the job. Harless Terry, project superintendent for Oldt Construction Co., was on hand and accompanied the group. Officials of the company had planned to be here, but did not arrive.

Roberts said that the crossing was not officially accepted in a legal sense because a slight amount of painting still remains undone. However, he said that to all practical ends, the structure is now finished.

The sandstorms of the last few days have handicapped the painter in his work on the structure. Otherwise, Terry said, the work would have been finished by today.

Clint Kent, maintenance engineer for the State Highway Department, said that he and his crew had about 150 of the "no parking" signs to erect. Standards are already in place and it is but a task of a few minutes to bolt the signs to the posts.

He said that city officials have told him that they will begin pulling the parking meters which are still in operation on parts of the street this afternoon.

A marker has been painted in the village of Old Westbury, N.Y. (AP) The zoning board of this Long Island village of 3,000 has rejected a petition for a college. The board says the school would disturb the peace, increase taxes and raise the crime rate.

Dr. Alexander Schure, president of the New York Institute of Technology, which sought to establish its main campus in Old Westbury, replied Wednesday: "It is difficult to find any kind of rationale in the village's decision. It has never been demonstrated that education is a cause of crime."

The institute had purchased the 275-acre estate formerly owned by C. V. Whitney for \$2.3 million.

Some Parents Bitter At AF Cheat Ousters

AIR FORCE ACADEMY, Colo. (AP) — "My boy didn't cheat — he just refused to be a stool pigeon."

That was the bitter reaction today of a parent of one of the more than 100 U.S. Air Force Academy cadets caught in the web of a classroom cheating scandal.

"I taught my boy since he was big enough to walk that he shouldn't snitch on the other kids," the parent, a Midwestern school teacher, added.

"COULDN'T SQUEAL" "He didn't do anything wrong. Another boy offered him an examination paper. He turned it down. This was a friend. My boy couldn't turn him in — and now he must pay for it."

Reactions from other parents were marked with similar sadness and bitterness. Thirty more cadets resigned from the Academy Wednesday, making a total of 65 who quit rather than face a court-martial. Thirty of the cadets involved are reported to be members of the varsity football team.

Many of the resigning cadets were returning home today. Most of them found loving and sympathetic rather than angry and punitive parents, a telephone survey by The Associated Press revealed.

NAMES LEAK No names of the involved cadets have been released officially and won't be, the academy said. Some leaked out, however, from other sources.

"We sent our boy to the academy with honor and integrity — what have they done to him?" said a mother on the West Coast, choking back the tears.

The father of a football player living in the Middle West was saddened by news that his son was coming home under a cloud.

"I'm not mad at him — I'm proud of him," the father said. "I know he is a good boy. He has been under severe pressure. He has done nothing wrong. We will welcome him with open arms."

Another father in the Southwest said his son had told him he had been offered the exam papers but had refused. However, the boy said he refused to tell on his classmates.

"NOT JUSTIFIED" "I can't justify the boy on that score," the father said. "He knew when he entered the academy there was an honor code."

The code stipulates that a cadet must not lie, steal or cheat and must not tolerate anyone who does. If he sees cheating and says nothing, under the code he is as guilty as the offender.

In the current scandal, it's been unofficially reported that a third-year cadet stole a key to a locker containing examination papers. He made copies of the papers and then obtained 10 fellow cadets to help peddle them to other students.

CAGERS DROPPED While the scandal was breaking, two varsity basketball players were dropped without explanation from the squad.

They were Scott Etnyre of Wilmette, Ill., and Jerry Yankee of San Antonio, Tex., both junior guards.

Asked the reason for the action, academy information officials said, "We can neither refute, confirm or reveal the status of any cadet."

In Wilmette, Etnyre's father, Roy, athletic director of New Trier High School, said his son had resigned and will return home this weekend.

"He did not cheat," said the elder Etnyre. "The way I understand it, he was approached by another cadet, and although he refused to accept the exam information offered him, he neglected to report the incident, which the code at the academy demands that he must do."

He is James Biggs, a Martin County farmer. At 12:15 p.m. the court was still in session and had not shut down for the noon recess.

Judge Ralph Caton said that if the 12th juror is obtained in time, he proposes to go immediately into actual trial of the case.

The selection of the jury has moved at a tedious pace since Monday. Of a special venire of 125 called for the case, 113 showed up and 92 were left when the excuses had been heard.

J. B. Shockley, who was the 91st member of the special venire to be interrogated, turned out to be the tenth juror to be seated. His selection came

Speak For Yourself Before It's Too Late

(EDITORIAL) Who will speak for you this year? Half of our population will speak for the other half when it comes election time unless there is a heavy increase in poll tax payments or acquisition of exemption certificates. You must have one of these in order to vote in any election which might come up this year—and there will be several, with possibility of other important ones. If you want some person you've never seen deciding these important issues for you, then don't bother. On the other hand, if you want to exercise your American heritage of a voice in government, get that poll tax now. After Saturday will be too late.

Time Short To Pay Poll Tax

Nearly 3,000 fewer citizens of Howard County have qualified themselves to vote in 1965 elections at this date than had qualified in 1964 at the same time.

Mrs. Zarah LeFevre, county assessor-collector, while saying that demand for poll taxes built up slightly Wednesday, reported only 4,146 poll tax and exemption certificates have been issued by her office so far this season. On this same date a year ago, the total was nearly 7,000.

She said that her office will be open for poll tax and certificate issuance Saturday. Deadline for payment of poll taxes expires on Jan. 31 which this year falls on Sunday. Normally, the tax office in the courthouse

Prince Charles Passes His Tests

LONDON (AP) — Prince Charles, 16, heir to the British throne, has scored well in his most important school examinations.

Charles, eldest son of Queen Elizabeth II, passed English language, English literature, history, Latin and French in the General Certificate of Education examination, considered a turning point in the lives of British pupils.

Eleven Jurors Selected For McDonald Murder Trial

STANTON—The eleventh juror to take his seat in the box in the murder trial of Daniel Odell McDonald, 19, was selected shortly before noon today.

He was a member of panel of 30 talesmen brought in by Sheriff Dan Saunders when the special venire of 92 was exhausted at 5 p.m. Wednesday.

He is James Biggs, a Martin County farmer. At 12:15 p.m. the court was still in session and had not shut down for the noon recess.

Judge Ralph Caton said that if the 12th juror is obtained in time, he proposes to go immediately into actual trial of the case.

The selection of the jury has moved at a tedious pace since Monday. Of a special venire of 125 called for the case, 113 showed up and 92 were left when the excuses had been heard.

J. B. Shockley, who was the 91st member of the special venire to be interrogated, turned out to be the tenth juror to be seated. His selection came

WASHINGTON (AP) — President Johnson, forecasting a fifth consecutive year of rising prosperity, assured Congress today that recessions can become obsolete in the "Great Society" era.

For long-range slump insurance, he asked Congress to streamline its tax-writing machinery to permit "rapid action" on temporary income tax cuts if recession threatens.

The President explained, in his annual economic message: "A time of prosperity with no recession in sight is the time to plan our defenses against future dips in business activity. "I do not believe recessions are inevitable."

HIS PLEDGE In exchange, Johnson gave Congress a pledge of his own — if economic growth unexpectedly falters in 1965 despite the 1964 tax cut and this year's proposed excise reductions:

"I shall be prepared to consider additional fiscal action." Johnson thus indicated that the taxpayers may get still another shot of tax-relief tonic this year — possibly more income tax rate reduction, or broader excise cuts — if last year's \$11.6-billion tax reduction, begins to wear off.

The 290-page report, third and last of the major White House messages to Congress, dwelt on no such possibility. Rather, it predicted for 1965 a record national output of around \$600 billion, along with unprecedented personal income and profits, some further drop in unemployment and continued price stability.

"We have come to our present state of prosperity without pressures or imbalances that would foretell an early end to our expansion," Johnson said.

"LOOK FORWARD" "Instead, we look forward to another year of sustained and healthy growth. The unfinished task of prosperous Americans is to build a Great Society."

Johnson asked the legislators to enact quickly his Great Society building blocks. All were outlined in earlier messages.

An increase in Social Security cash benefits, hospital care for the aged, doubled antipoverty appropriations, a billion dollars to revive Appalachia, extension of the minimum wage to two million more workers, more aid to education, stepped-up worker training, and improved housing and urban development programs under a new cabinet department.

But his No. 2 request — in order of emphasis in this message — was that Congress remove the 25 per cent gold backing for banks' deposits held by the Federal Reserve System. The similar gold "cover" for

the country's currency would be retained. If the economy goes on expanding at the present rate and thus generates more deposits and more currency, Johnson said, the entire stock of government-held gold could be frozen in these "arbitrary" reserves in two years or less.

Prompt action is therefore necessary, he said, to reassure the world that the United States always can make good its pledge to redeem in gold every dollar presented by another country.

"There can be no question of our capacity and determination to maintain the gold value of the dollar at \$35 an ounce. The full resources of this nation are pledged to that end," he said.

BULLETIN

WASHINGTON (AP) — President Johnson chose acting Atty. Gen. Nicholas Katzenbach today to be attorney general on a permanent basis.

U.S. Delegates To Churchill Rites Leave

WASHINGTON (AP) — The U.S. delegation to the funeral of Sir Winston Churchill headed for London today to pay America's final respects.

Chief Justice Earl Warren, leading the American group, said: "It is a great honor to represent our country. We are going over to pay our respects to this great man. I wish we were going in another capacity."

Warren, Secretary of State Dean Rusk and Ambassador David Bruce, who is already in London, are the official representatives of the United States at the ceremonies.

Aboard the special U.S. plane with the official delegates were former President Dwight D. Eisenhower; Undersecretary of State W. Averell Harriman, a former ambassador to London; Mrs. Lewis Douglas, wife of a former ambassador to London, and her daughter, Sharrman Douglas; and U.S. businessman Joyce Hall.

Cost Of Living Eases Upward

WASHINGTON (AP) — Living costs edged up one-tenth of one per cent in December, rounding out a year of what the Labor Department described today as a "moderate advance" in prices.

The December rise announced by the Bureau of Labor Statistics brought the government's consumer price index to 108.5. This means it cost \$10.85 in December to buy the same items that cost \$10 in the base period of 1957-59.

The total price rise in 1964 was 1.1 per cent. At the same time, the purchasing power of some 13 million factory workers rose about 4 per cent.

Last month, factory take-home pay hit an all-time high, for the second month in a row, of \$95.13 a week for workers with three dependents, and \$87.22 for workers with no dependents.

WADE CHOATE

Nominated To Alumni Board

Wade Choate, Howard County auditor, has been nominated as a member of the Southern Methodist University alumni board of directors from the West Texas district. Announcement of his nomination was made by the SMU Alumni Association of Dallas.

Choate has been instrumental in assisting two students obtain scholarships for athletic ability and two for academic ratings at SMU. He has also served as president and as secretary-treasurer for the Big Spring SMU Alumni Club.

When attending the school, Choate was a member of the Mustang Band, and of the Delta Sigma Phi Business fraternity.

He is a member of the board of directors of the Big Spring Junior Hi-Y Club at the YMCA and serves as adult advisor to the group. He is a member of St. Mary's Episcopal Church, and he and his family reside on Moss Creek Lake Road.

Awards Meeting

The city's exceptional service committee has not yet scheduled an additional meeting, committee chairman John Burgess said today, after a meeting scheduled for Tuesday was postponed. He said no meeting could be scheduled this week.

The committee was appointed in December and has met one time, with no action announced on any decisions on exceptional service awards to city employees.

Three Nabbed, Two Hunted In Reefer Case

BROWNSVILLE, Tex. (AP)—Three men were in jail today and officers searched for two more men charged with federal marijuana violations in the wake of three raids enlivened by gunfire.

The charges name Raul Martinez, 31; Luis Salazar Herrera, 24; Juan Dominguez Morales, 28; Mario Alvarado, 17, and Luis Falcon, 21.

FIRE SHOTS
City, state and federal agents arrested Martinez and fired two shots at Alvarado and Falcon as they fled through thick underbrush.

The officers seized 12 pounds of marijuana at the start of the raids about 5 a.m., Wednesday on Maya's small ranch north of Brownsville. The three men are half brothers.

Salazar Herrera was arrested in his car, in which officers said they found 13 pounds of marijuana. They told of taking 26 small packages from a refrigerator at his home.

VIOLATION CHARGED
Dominguez Morales was arrested at a motel where undercover agents said he was arranging a sale of marijuana.

U.S. Commissioner Otto Reichert set bond for four of the men at \$10,000 each and ordered Salazar Herrera held without bond. He is under a five-year suspended sentence for possession of marijuana.

MoPac Reports Earnings Up

ST. LOUIS — Missouri Pacific Railroad consolidated earnings increased to \$25,349,517 in 1964, compared with \$24,671,308 in the previous year, Downing B. Jenks, president, announced today.

This produced earnings equal to \$13.66 per share of Class A stock, compared with \$13.34 per Class A share in 1963, he said.

Through the use of generally accepted accounting principles, which adjust income tax benefits resulting from depreciation guidelines, 1964 consolidated net income would be \$15,727,852, or \$8.47 per Class A share, compared with \$14,837,452, or \$7.91 per Class A share in the previous year. (1963 net income is restated to reflect changes in investment credit resulting from the Revenue Act of 1964.)

Operating revenues increased by \$10,782,849 to a total of \$402,948,419, for the year. Operating expenses also rose from \$297,892,082 in 1963 to \$310,575,093 last year. Higher operating expenses were attributed to some rise in transportation costs for carrying additional traffic, but principally to an increase of more than \$8,500,000 in wages and fringe benefits coming during the year.

FAMILY WANTED Share Home With Foreign Student

WANTED: A family with a big heart and a place for one extra member for a period of slightly over nine months.

The Big Spring High School chapter of the American Field Service renewed its appeal today for families interested in having a foreign student become a part of the family for next school year. More applications are needed in order to meet the basic number of interviews which AFS requires for selection of a family.

The main qualifications are "a heart large enough to share a portion with another child from another land for a year and a mind open to different life and culture the student will bring with him, open to accepting him (or her) for his differences and not for his similarities..."

The family selected will house and board the guest for the school year, and may want to share in some incidental expense. The school chapter, however, underwrites most of this, and AFS gives the student a small monthly allowance. The home must have both parents who either have a child in high school or have had one there. Parents must be 37 years of age or older. Those interested are asked to contact the high school immediately because only about three weeks remain in which to complete applications and interviews.

Dissident Actor Will Ride Off Into Sunset

HOLLYWOOD (AP) — Now it turns out that Adam Cartwright will not end up on Boot Hill in "Bonanza." He'll merely disappear into the sunset.

Adam is played by Pernell Roberts, long the dissident member of the Ponderosa quadrivirate that includes Lorne Greene (Ben), Dan Blocker (Hoss) and Michael Landon (Little Joe). Pernell, stage-trained and serious-minded, has been at odds with the show's producers since the series began 5 1/2 years ago.

"SCRIPTS LIMP"
The actor has argued that the characterizations on the show are lame, the scripts limp and the general quality aimed at a common level. When he announced that he would leave "Bonanza" at the end of this season, it was reported he would be killed off in his final script.

"OF course they don't let me in on their plans," he remarked, "but I understand now that Adam will merely go away on some mission or other. I presume that another character will be introduced in my place."

URGED TO STAY
Pernell admitted that Mike Landon urged him to stay, and Dan Blocker has also made representations to him. No word from Lorne Greene.

"Lorne and I are not too compatible," Pernell commented. Despite the pleas of the two "Bonanza" brothers, he is unrelenting in his plan to leave. His departure date is Feb. 22, and Pernell views it as something of a holiday.

"NO PLANS"
His plans? "I have none right now. Certainly I would like to get back to the theater. I would like to do films and television, too, as long as I can do something that has depth and meaning to it."

At any rate, he has no worries about his immediate future. His original "Bonanza" contract called for \$1,250 per show. The ante has been raised each year, but he has deferred payments. As a result, he calculates his income will be at least \$500 per week for the next five years. Not bad severance pay.

Road Improvement Funds Given Okay

AUSTIN (AP)—Proposals to spend more than \$5.5 million in state funds for road improvements in the Dallas-Fort Worth area were approved Tuesday by the Texas Highway Commission.

Editors Will Hear AP Man

NEW YORK (AP) — Ben Bassett, foreign editor of The Associated Press, will speak at the annual meeting of the Texas Associated Press Managing Editors Association at Orange, Jan. 31.

As supervisor in New York of the news output of a staff of several hundred reporters working in virtually every country of the world, Bassett is well-informed on foreign affairs. He makes periodic tours of AP Bureaus around the world for a first hand view of the foreign news operation.

Bassett began work on the AP foreign desk in New York in 1943, and has been chief of the overseas operation since 1948.

Following a tour of AP bureaus in 20 nations, Bassett spoke with satisfaction of what he had learned: "The picture of close knit association I had previously seen between the American staffers and the nationals of the countries has been intensified. AP has become a genuinely worldwide service, blending talents of dozens of nationalities, and many races and religions."

Bassett will speak at noon Jan. 31, in the Jack Tar Hotel at Orange as part of a program planned for AP managing editors.

Bond Sales Short Of Quota

Sale of United States Savings Bonds increased in this district during December, but the year's total fell just short of a million dollars and well off the quota.

However, sales over Texas were up and the \$147,317,356 purchased amounted to 100.14 per cent of the 1964 goal for the state.

Sales in District 5 amounted to \$73,975 during December, reported Larson Lloyd, chairman. This brought the year's total to \$949,648, or 63.3 per cent of the \$1,500,000 quota.

By counties, the record for the month and the year, and percentage was: Andrews \$2,312 (\$35,165) 70.3; Dawson \$11,246 (\$97,760) 108.6; Gaines \$1,844 (\$60,711) 55.1; Howard \$35,955 (\$48,599) 70.5; Martin \$1,642 (\$23,676) 79.9; Mitchell \$8,650 (\$126,722) 55.0; Scurry \$12,296 (\$147,012) 45.0; Totals \$73,975 (\$949,648) 63.3.

Four Guilty Pleas Heard

Four pleas of guilty were heard in the Howard County Court Wednesday.

James Earl Ward, who was arrested under the alias of James Earl Hudgens, pleaded guilty to a charge of theft under \$50 and was fined \$10 and sentenced to 30 days in the county jail. Sheriff's officers said that Ward's real name was revealed when a relative came to the office to see what disposition had been made of the case.

Max Hernandez Jr., a minor (aged 17 years) charged with unlawful possession of intoxicants, was fined \$10 and sentenced to five days in jail.

V. C. Thacker, accused of writing a worthless check, fined \$1 and sentenced to five days in the county jail.

Edward W. Williams, charged with driving while under the influence of intoxicating liquor, drew the minimum fine of \$50 and three days in jail when he pleaded guilty.

Police To Step Up Enforcement In Parking Zones

Enforcement of overtime parking regulations in the 15-minute zones in front of the U.S. Post Office here will be stepped up, Police Chief Jay Banks said today.

"In the future, we're going to start spot marking of cars," Banks said, to increase enforcement of overtime parking in the zones.

"We've received a good many complaints on overparking in these zones," he said. The area has proven a problem especially during early morning hours, Banks said.

Some persons are parking in the "no parking zones" when they are unable to find spaces in the parking area, then complaining to the police department when tickets are given for being in the no parking zones.

Johnson Heeds Doctors; Will Not Go To London

WASHINGTON (AP) — President Johnson, heeding medical advice that he abandon hope of attending Sir Winston Churchill's funeral, has confessed "I don't have the bouncy feeling that I usually have."

Johnson, who said he hoped to get to his office sometime today, summoned seven reporters to his bedroom Wednesday night to announce he wouldn't be flying to London.

Instead, he said, the United States will be represented by Secretary of State Dean Rusk, Chief Justice Earl Warren and David K. E. Bruce, the American ambassador to Britain.

IKE GOING

In addition, he noted, such distinguished private citizens as former President Dwight D. Eisenhower would be present as guests of the Churchill family. Eisenhower was to fly to London with Rusk and the others.

Johnson's announcement ended three days of speculation prompted by his own statement Sunday that he wanted "very, very much" to go to the Churchill funeral. His stay-at-home decision came as a surprise to many newsmen who had got the impression from

White House medical reports that Johnson was feeling himself again.

The newsmen who saw the President agreed he looked sicker than they had expected. Hair disheveled, he lay in a four-poster, canopied bed speaking softly, coughing lightly from time to time and blowing his nose.

GIVE ADVICE

Standing in one corner were three doctors who had just given him a checkup and some advice to do no immediate traveling. They were Rear Adm. George G. Burkley, the President's personal physician; Navy Capt. James Young, an assistant to Burkley, and Dr. W. J. Gould, a New York throat specialist.

Johnson greeted the newsmen by saying:

"I have just been examined and gone over by Dr. Burkley and the other doctors here and it is their judgment that while I have made a substantial recovery from the virus infection, they would consider it inadvisable for me to undertake a long trip where I would be exposed, as I would be on the London trip, at this time." He said he

was "feeling fairly good" but still coughed, had a runny nose and some throat irritation.

"I don't have the bouncy feeling that I usually have," he reported, and added that the doctors wanted him to "take it easy for a few days on the theory that I am susceptible to a reinfection."

One reporter asked if there were any special reason why he had chosen Rusk rather than Vice President Hubert H. Humphrey to head the American delegation at the funeral.

"No," he replied.

Charged before U.S. Commissioner Ralph Fowler with transporting stolen cars in foreign commerce were Thomas Walsh, 20, Richard Milne, 18, and Peter Clarke, 24, all of Toronto, Canada. They were held under \$5,000 bond.

U.S. Commissioner William Costa ordered three other men held as material witnesses. They are Victor Caffarena, 39, of Houston, under \$5,000 bond; Manlio Dagoberto Galindo, 34, of Tegucigalpa, Honduras, and William Wood, 21, of Summerside, Prince Edward Island, Canada, under \$2,500 bond each.

Police said a 22-year-old man also was in custody but had not been charged.

MOTEL ARRESTS

Brown said the case began breaking about 10 days ago with the arrest of Milne and Walsh at a Houston tourist court. He said a routine check-

International Auto Theft Ring Alleged

disclosed the two cars they drove, bearing Canadian license plates, had been reported stolen.

Brown said most of the cars came from Canada and are shipped to the southern part of the United States for consignment in Honduras, Peru and other South and Central American countries.

Brown said each country had a "contact man" and police have the name of the Honduran agent.

Santa Fe Railway Reports Income Up

GALVESTON (AP)—The Santa Fe Railway Co. reported Wednesday its system, including wholly and majority owned subsidiaries, netted \$80.72 million income last year. This compares with \$71.30 million in 1963.

Ban On Surplus Food Sales To UAR Opposed

WASHINGTON (AP) — The Johnson administration has launched an all-out drive in the Senate to reverse the ban on sale of surplus food to the United Arab Republic voted by the House.

All 100 senators were invited but only about one-third attended a hurriedly called meeting Wednesday to hear Secretary of State Dean Rusk argue for a reversal.

The administration contends that if the Senate goes along with the House the effect would be to limit President Johnson's flexibility in dealing with UAR, President Gamal Abdel Nasser.

USURPATION SEEN

Senators said Rusk also argued at the closed session that the House action is an attempt to "usurp" the President's authority in the area of foreign policy.

The 204-177 House vote Tuesday was the first test in the new Congress of the overwhelming Democratic majority, and when the chips were down this majority blew apart. Voting for the ban were 128 Republicans and 76 Democrats; voting against the ban were 177 Democrats.

It was difficult to measure how much headway Rusk may have made Wednesday. It is also difficult to determine why the House did what it did, although some things are obvious.

RESENT NASSER

There is strong resentment against Nasser, who told the United States last month the UAR does not need America's money and "anyone who does not like our attitude can drink from the sea" — which translates roughly to "go to hell."

The combative stance Nasser takes toward Israel hurts him among those Congress members who view Israel as a democratic state and the UAR as a threat to stability in the Middle East.

What the House did was to amend an agriculture appropriation bill to bar shipment of surplus farm goods to the UAR. The author of the amendment, Rep. Robert H. Michel, R-Ind., said it covers \$37 million in wheat, tobacco and vegetable oils still to be shipped to Cairo under an agreement that expires in October.

New Rules On Cotton Crops

WASHINGTON (AP) — Individual farms will be allowed to plant up to 75 per cent of their total cropland to cotton in certain circumstances under new regulations announced by the Agriculture Department.

The new regulations announced Wednesday will allow such plantings if there are enough allotments not used by other farms.

Farms had been limited under a control program to planting cotton not in excess of 50 per cent of their total cropland.

Some cotton farms do not use their allotments every year and these are released for allocation to other farms in the same county.

Thus the effect of the new regulations is to raise the limit on the cotton acreage allotment a farm can receive.

Officials said a new limit could possibly result in a larger cotton crop but there is no assurance the new limit will be in effect for next year's crop.

Horses Tie For Honors

FORT WORTH (AP)—Vegas Boy, owned by Walt Gardner of Las Vegas, Nev., and Hollywood Cat, owned by Louis Dorfman of Celina, tied for top cutting horse honors Wednesday in the first go-round of the Fort Worth Stock Show.

Each horse stacked up 150 points. Tied at 149 were Hose Uno, owned by James Kenney of Carlsbad, N. M., and Mouse Trap, owned by Austin Franks of Pine Bluff, Ark.

Economy Shows Overheating Sign

NEW YORK (AP) — Managing the economy by a new set of rules in Washington may be up later this year for its first real test.

The idea in favor now with President Johnson, his economic advisers, and — they hope — with the Congress, calls for planned Treasury deficits because today's record prosperity still isn't as prosperous as ideally, it could be. And the idea calls for reliance on tax cuts as a quicker stimulant than increased government spending if the economy falters.

But to make recessions obsolete, the new economic management policy also holds that if more spending seems to be the cure it must be applied much more rapidly than in the past. In practice, this would give the President the authority to start spending programs as soon as unemployment takes a turn for the worse.

MID YEAR TEST

Midyear may see a test of this theory of fiscal management of the economy — of putting prosperity on a permanent basis — of making it more nearly all inclusive than it is today.

Many businessmen are predicting that the momentum that

has carried the present business upswing to the threshold of its fifth year, for a peacetime record, may run down by summer. Much of the momentum was generated by business itself.

A dded government stimulants, such as last year's tax cut, have already gone about as far as they can in putting more oomph in business.

SIGNS APPEAR

Signs of potential overheating — increases in inventories, prices, wages — are beginning to appear. This could undermine the mainstays of the present upswing: The unusual absence of the imbalances which have topped past booms.

The conflict between the government's fiscal handling of its long-standing imbalance of international payments by tightening short-interest rates and its domestic policy of easy money and credit for economic expansion may come to a showdown if the nation's economic growth rate does slow down.

The administration's answer to all these possible troubles ahead is that they can be avoided, and by the very fiscal policy it has been trying out. And it points to 1964 as evidence.

Analysis Put On Budget Proposal

WASHINGTON (AP)—President Johnson has proposed a \$1.5-billion reduction in excise taxes paid at the counter and factory.

But he also programmed a larger government check on payments to pay for health care and other benefits for the elderly.

The President's budget message to Congress did not say which of the excise taxes — which total \$2.5 billion — he would like to reduce, but it is known that he favors giving priority to the "massive" ones.

These add 10 per cent to the price of jewelry, cosmetics, furs and luggage and are paid at the counter. They bring in about \$200 million in revenue each year.

Dozens of other items — ranging from automobiles to light bulbs — are taxed 5 to 10 per cent at the manufacturing level.

The reductions would be offset by increased levies on highway users and aviation fuel.

Present law requires an increase in Social Security deductions in January, 1966. A person with a weekly paycheck of \$10 or more would then contribute \$100 per year instead of the present \$75.

Under the Johnson proposal, the figure would go to \$200, with \$100 earmarked for medical care. Employers would match these pay roll deductions.

The budget did not put a price tag on medical care since that program would not get under way until July 1, 1966, and it would be in the 1967 budget. The pay roll deductions would cover approximately 50 per cent of the program with the remainder to be paid from general revenues.

Johnson is expected to send his detailed recommendations on excise taxes to Congress within the next few months since many of the levies expire automatically at midnight if they are not re-enacted. He proposed putting all taxes which are not eliminated on a permanent basis.

Budget figures indicate that some \$250 million in excise tax cuts would not take effect before next January.

One reason for withholding information on excise levies is the concern of some economists that publicizing cuts in advance might cause consumers to hold up purchases.

Johnson said airlines should pay more taxes to help defray the cost of facilities provided to them by the government.

The 5 per cent tax on airline tickets would be made permanent. The 3-cent-per-gallon levy on gasoline used in airlines would be continued and a similar tax would be placed on jet fuel.

The proposed tax would be four cents on gasoline and jet fuel for nonairline aircraft.

The fast-growing air freight business would be taxed at 2 per cent.

Some \$200 million in additional revenue for federal highway programs probably would be raised by increasing the diesel fuel tax from 4 to 7 cents per gallon and increasing the use tax on heavy trucks from \$3 to \$5 per 1,000 pounds of weight.

Family Court Bill Among 300 Filed

WASHINGTON (AP)—House members dropped a list of bills covering subjects from family matters to fine arts, on Wednesday.

More than 300 bills were filed by the time chief clerk Dorothy Hillman closed her office for the day.

Major legislation includes a bill by Rep. Carl Albert of Portland to set up a commission to study and make recommendations on revising the Texas Constitution.

The 40-member commission would include appointees of the governor, House speaker, lieutenant governor and chief justice of the Texas Supreme Court.

Family matters include a bill by Rep. Hubert Hays of Amarillo to establish "family district courts" to administer justice to the family as a whole as well as to adjudicate disputes between its members and at the same time safeguard children whose health, welfare, rights, property and education might be threatened by such intra-family controversies.

Congressional and legislative redistricting proposals were introduced by several members, including Reps. V. E. Berry of San Antonio and Bob Eckhardt of Houston.

Other bills would require proof of property tax payment on an automobile before registration could be renewed and license plates issued.

Require a majority vote in special legislative elections.

Prohibit restraint of faculty members and administrators at state colleges and universities in their right to participate in politics.

Make supplementary appropriations of \$20,000 for mental health planning and \$20,000 for continuation of the screwworm eradication program.

Authorize temporary hospitalization of suicide-prone persons.

Allow a husband and wife to divide their community property by written agreement.

Outlaw common law marriages but continue recognition of such marriages occurring outside the state.

Protect newsmen from contempt citations for refusing to divulge their sources of information.

Other new bills would: Require proof of property tax payment on an automobile before registration could be renewed and license plates issued.

Require a majority vote in special legislative elections.

Prohibit restraint of faculty members and administrators at state colleges and universities in their right to participate in politics.

Make supplementary appropriations of \$20,000 for mental health planning and \$20,000 for continuation of the screwworm eradication program.

New Car Tags Three-Letter

DALLAS (AP)—There are going to be a lot of cars bearing license plates with "KKK" letter prefixes on Dallas streets this year.

In this case, however, the letters don't represent the common abbreviation for the Ku Klux Klan organization.

For the first time Texas is issuing auto tags bearing three instead of two letters, which are followed by numerals. Steady growth in the number of motor vehicles dictated the change.

Only Dallas County will receive "KKK" plates.

Analysis Put On Budget Proposal

WASHINGTON (AP)—President Johnson has proposed a \$1.5-billion reduction in excise taxes paid at the counter and factory.

But he also programmed a larger government check on payments to pay for health care and other benefits for the elderly.

The President's budget message to Congress did not say which of the excise taxes — which total \$2.5 billion — he would like to reduce, but it is known that he favors giving priority to the "massive" ones.

Some \$200 million in additional revenue for federal highway programs probably would be raised by increasing the diesel fuel tax from 4 to 7 cents per gallon and increasing the use tax on heavy trucks from \$3 to \$5 per 1,000 pounds of weight.

Widow Due To Testify

BOBY, Tex. (AP)—attractive young Mrs. Phyllis Aaron was expected to take the stand today in a murder trial growing out of the shooting of her husband John.

State testimony ended Wednesday after four witnesses were heard.

Mrs. Aaron, 25, is accused in the Oct. 29 shooting which took her husband's life Nov. 1.

A statement she signed four days after her arrest on murder charges was read into the courtroom Wednesday.

The young farm wife has been in jail since her arrest in lieu of \$10,000 bond. Her husband was a prominent farmer in this West Texas area.

A nurse and doctor testified Aaron could not talk because of head wounds on reaching a hospital. They said, however, that he shook his head "negatively and violently" to answer questions about whether he had been shot.

Pecos Crash Victims Listed

PECOS (AP)—A head-on crash on U.S. 80 killed all five occupants of two cars Wednesday. It happened 14 miles west of here in West Texas.

State police said an eastbound automobile driven by Roy Lilly, 71, of Los Angeles veered off the highway, swung back onto the road and collided on the opposite side with one driven by Mrs. Grace Whitney, 71, of Kipton, Ohio.

In addition to the drivers the crash killed Jay M. Whitney, also 71, in the Ohio car, and two companions of Lilly—Joan Faye King, 20, also of Los Angeles, and Laurel C. Pierce, 25, of Pittsburg, Calif.

State Water Basin Plan Awaits Additional Study

WASHINGTON (AP)—Plans along Texas' east Gulf Coast to for development of Texas water basins are not expected to reach the Reclamation Bureau until other state authorities complete studies of various proposals.

The bureau's Texas area engineer, Harry Burtleigh, was here about two weeks ago to discuss the Texas projects with officials.

State and regional plans seldom are sent to Washington before local authorities have a chance to make suggestions, a spokesman said.

TWO ASPECTS He said Texas authorities are concerned over two aspects of the state's proposed program: 1. Would sufficient fresh water still flow into Gulf of Mexico estuaries to prevent harm to shrimp and other sea life? Commercial fisheries operate in the area.

2. Would it be economically feasible in the foreseeable future to obtain fresh water from desalination in order to prevent a diversion from some watersheds into others?

DIVERT WATER A feature of the program, as outlined by a joint state-federal study commission more than a year ago, would be a channel to divert water from rivers

FAA Names Regional Head

WASHINGTON (AP)—The Federal Aviation Agency has appointed Henry Newman director of its Southwest region of office at Fort Worth effective May 1.

Newman, now deputy director of the agency's central region office at Kansas City, will succeed Archie League, who has been appointed director of FAA air traffic service here.

The FAA also announced award of its annual safety awards for aviation mechanics to J. R. Schneider, employed at the Tulsa, Okla., maintenance base of American Airlines, and to Harry A. Palmer, of Champs Aviation, Inc., Midland, Tex.

Demo Denies Job Switch

AUSTIN (AP)—Almost everybody concerned denied again Wednesday that state Democratic chairman Marvin Watson had resigned to become an aide of President Johnson.

Such rumors have been rife since Watson has worked in the White House several times, including periods during the National Democratic Convention and Johnson's inauguration.

Pat O'Keefe, headquarters director for the Texas Democratic Committee, said the group had received no resignation from Watson "and we don't anticipate any in the near future."

Watson himself said "absolutely not" when asked about such reports.

In Washington, press secretary George Reedy said the President "would like very much" to have Watson join the White House staff but Watson had not accepted such an offer.

Governor Urges Trimming Water Commission's Load

AUSTIN (AP) — Texas has enough good water to satisfy its future needs, Gov. John Connally said Wednesday, but the state faces "a period of critical challenge in the management of its water resources."

To meet this test, Connally recommended legislation making the Texas Water Development Board, now a part-time agency, responsible for all water planning, financing and developments in the state.

The Texas Water Commission, which now handles those jobs

facilities to transport water to wholesale consumers, and would set up a coordinating council of representatives from state agencies concerned with the development of natural resources.

BY SEPT. 1

When the research league recommended the reorganization plan, it said it could go into effect by Sept. 1 "or in an emergency by this summer."

The governor also requested an emergency appropriation of \$290,000 for the water commission.

Police Say Texas Theft Ring Smashed

MARLIN (AP) — Police say they have broken up a Central Texas burglary ring with the arrest of two men and a woman.

Society Compares Organ Systems

A program on comparison of three-stave and chord organ systems was presented members of the Big Spring Organ Society Tuesday at 607 Gregg.

Organ selections were presented by Roxene Larned and Betty Ross. A discussion on development of left-hand rhythm was given by George Laubmeier. Hosting the meeting Tuesday night were Mrs. J. B. Apple, Mrs. Don Williams and Mrs. A. A. Graumann. Mrs. I. G. Hudson is president of the group.

The society's next meeting is planned for Feb. 23.

More Jobs, Income Prospect For 1965

NEW YORK (AP) — The new year promises more jobs and more money to spend for goods and services that will be priced only moderately higher.

Here's the 1965 outlook for your job, pay, and taxes, and for the cost of food, clothing, shelter, cars, appliances and services: **JOBS** — Will increase in number but school dropouts will keep jobless ranks

large. Prosperity assures more jobs and a growing population will demand more goods and services. Retraining programs will help some of the unemployment lists, just as automation will displace still others now employed. The labor force will be growing faster this year and school dropouts will be even more of a problem. Changes in defense programs and spending will add jobs in some communities and lop them off in others.

PERSONAL INCOMES — Will go on rising, even if the pace slackens. Higher wage scales obtained up to now and in prospect for us will assure more spendable cash for many Americans. Higher interest rates will add to incomes of savers. Pensions and similar transfer payments have risen from \$33.6 billion in 1961 to \$38 billion in 1964. Stockowners are collecting \$5 billion more in dividends than four years ago, but rental income stays fairly stable. The total of personal income, which was \$417 billion in 1961 should rise above \$500 billion in 1965.

LIVING COSTS — Will be under greater pressure to rise faster. Since 1960 the costs of goods and services has grown at an average rate of 1.2 per cent a year, and the government's index stands near 109 per cent of the 1957-59 average as 1965 starts. A further rise is taken for granted, but the pace may quicken because production costs are going up, and as excess industrial capacity shrinks, the better the chance of making price increases stick. With much of the costs now built into the economy, the trick is to keep personal incomes rising even faster.

FOOD — Abundant supplies should hold prices to seasonal pattern of changes. But Americans will spend about \$2 billion more in 1965 than in the previous year. The food industry is counting on

servicing more customers and many of them with more to spend for higher quality. Farm prices have dropped but distribution costs keep retail prices high and the total bill may be around \$84 billion. The unpredictable weather can affect prices of specific crops.

CLOTHING — Prices tending higher. There is more pressure for moderate price increases in 1965 than in the recent past. Workers from the textile mills to the garment centers have been getting wage increases. Consumer demand is firmer and price boosts meet less resistance.

HOUSES — Another building boom could start before 1965 ends. But the slower pace that developed in 1964 seems likely to hold through most of the new year with a stronger demand still in the future. About \$26 billion is expected to be spent for new housing in 1965, the same as in 1964. Plenty of mortgage money should be available with rates about the same as in 1964. Building costs also should hold fairly steady.

TAXES — What Uncle Sam giveth, state and local collectors taketh away. Federal income tax rates will drop another notch in 1965. Congress seems likely to cut the total that citizens pay in various sales and excise taxes, and if Treasury collections stay healthy, Congress might even cut income taxes some more. But expenses of state and local governments are rising fast and many are searching for more revenue. The taxpayer rarely wins.

ADD IT UP — The first half of 1965 looks like a shinier version of 1964.

The consumer should be better off, and so should business. Just how much better will determine how the second half of the new year shapes up. If economic growth continues strong, its very momentum will prolong good times for many months.

Higher wage scales obtained up to now and in prospect for us will assure more spendable cash for many Americans. Higher interest rates will add to incomes of savers. Pensions and similar transfer payments have risen from \$33.6 billion in 1961 to \$38 billion in 1964. Stockowners are collecting \$5 billion more in dividends than four years ago, but rental income stays fairly stable. The total of personal income, which was \$417 billion in 1961 should rise above \$500 billion in 1965.

LIVING COSTS — Will be under greater pressure to rise faster. Since 1960 the costs of goods and services has grown at an average rate of 1.2 per cent a year, and the government's index stands near 109 per cent of the 1957-59 average as 1965 starts. A further rise is taken for granted, but the pace may quicken because production costs are going up, and as excess industrial capacity shrinks, the better the chance of making price increases stick. With much of the costs now built into the economy, the trick is to keep personal incomes rising even faster.

FOOD — Abundant supplies should hold prices to seasonal pattern of changes. But Americans will spend about \$2 billion more in 1965 than in the previous year. The food industry is counting on

servicing more customers and many of them with more to spend for higher quality. Farm prices have dropped but distribution costs keep retail prices high and the total bill may be around \$84 billion. The unpredictable weather can affect prices of specific crops.

CLOTHING — Prices tending higher. There is more pressure for moderate price increases in 1965 than in the recent past. Workers from the textile mills to the garment centers have been getting wage increases. Consumer demand is firmer and price boosts meet less resistance.

HOUSES — Another building boom could start before 1965 ends. But the slower pace that developed in 1964 seems likely to hold through most of the new year with a stronger demand still in the future. About \$26 billion is expected to be spent for new housing in 1965, the same as in 1964. Plenty of mortgage money should be available with rates about the same as in 1964. Building costs also should hold fairly steady.

TAXES — What Uncle Sam giveth, state and local collectors taketh away. Federal income tax rates will drop another notch in 1965. Congress seems likely to cut the total that citizens pay in various sales and excise taxes, and if Treasury collections stay healthy, Congress might even cut income taxes some more. But expenses of state and local governments are rising fast and many are searching for more revenue. The taxpayer rarely wins.

ADD IT UP — The first half of 1965 looks like a shinier version of 1964.

The consumer should be better off, and so should business. Just how much better will determine how the second half of the new year shapes up. If economic growth continues strong, its very momentum will prolong good times for many months.

Reaction Of Onlookers Nil In Outrage Cases

BALTIMORE, Md. (AP) — Four women underwent physical pain, indignity or both last year before the eyes of neighbors and passers-by.

A young woman named Kitty Genovese was stabbed to death in New York City.

Another young woman, nude and bleeding, struggled with her attacker on a New York doorstep. She told police she had been raped.

In Philadelphia, two youths snatched the purse of a woman as she lay injured and helpless after a traffic accident.

The fourth young woman gave birth to a baby on an Oklahoma City street in 34-degree weather.

In each case the incidents were seen by a number of persons who didn't lift a hand to help.

It is possible that they could not.

STRESS CITED
A Johns Hopkins Medical School psychiatrist says that besides a fear of getting involved some of the witnesses may have been frozen to inaction by the constant stress of crowded city living.

Dr. W. Horsley Gantt, who studied under the late Soviet scientist Ivan Pavlov, is the psychiatrist.

Dr. Gantt, associate professor emeritus of psychiatry and director of the Pavlovian Laboratory at the Johns Hopkins School of Medicine, feels that many people are thrown into "a nonreactive state," partly by the overstimulation that is part of big-city living.

"The more persons an individual meets," explained Dr. Gantt, "the more chance he has to react, to respond to commands, requests and demands for action."

"LEFT INCAPABLE"
"Reacting to a large number of people every day over a long

period eventually leaves the individual incapable of reacting appropriately to stress."

Pavlov — with a bell, a dog and food — established the conditioned reflex as a basis of behavior, which Dr. Gantt said was "the first step to understanding why people may fail to offer aid in an emergency."

Pavlov fed a dog as he rang a bell. After a time the dog just salivated when the bell rang whether or not the food was present.

"A dog can be starved almost to the point of death by a person commanding him not to take food," Dr. Gantt said. "It shows the effect of one individual on another."

"Strong reactions, depending on the presence of another individual — like the dog who won't eat — are universal throughout the animal kingdom."

"But if you overstimulate," said the psychiatrist, "then you can put the organism in a non-reactive state. It will react and react until it cannot react properly to any stimulus, no matter how strong."

Some reactions are pleasant or positive. Others are unpleasant or negative.

Pavlov called these reactions excitation and inhibition and said that when there is a conflict between the two a stress situation develops.

Dr. Gantt met Pavlov in the Soviet Union in 1922 and studied with him for six years. He has been at Johns Hopkins since 1929.

Rusk County Votes Down Bond Issue

HENDERSON (AP) — Rusk County residents voted down \$665,000 in public improvement bonds Tuesday.

Laotian Red Thrusts Felt

VIENTIANE, Laos (AP) — Communist offensives are under way in the northern province of Sam Neua and in south central Laos in Savannakhet Province, the Laotian National Army said today.

A communique said Pathet Lao forces strongly laced with Viet Minh elements and supported by four battalions of Viet Minh and Chinese Communists launched two offensives to clear up national army resistance pockets in west and southwest Sam Neua.

The province of Sam Neua is mainly held by Pathet Lao and borders on North Viet Nam.

The communique said four units had to abandon positions about 15 miles west of the town of Sam Neua and "carry on mobile defense in the sector."

Army posts in the Houa Muong sector, about 15 miles southwest of the town of Sam Neua, were "equally menaced" by six battalions of Pathet Lao and Viet Minh soldiers, the communique said.

At Kengkok, in Savannakhet Province, two Communist companies have been intensifying propaganda and sabotage, the communique said. It added that all Pathet Lao positions along the front have been reinforced.

A Bid For A Bucket

Don White, Big Spring guard, scores in on the basket in Tuesday night's District 2-AAAA cage thriller here with Midland Lee. The Midland team edged the locals, 67-65. White scored 16 points in the contest. (Photo by Danny Valdes)

Cincy Loses Cage Verdict By 61-59 Tab

By TED MEIER Associated Press Sports Writer

Jim Holstein paid a visit to his alma mater, the University of Cincinnati, Wednesday night. The Bearcats probably wished he had stayed in Bensenville, Ind.

Holstein brought his St. Joseph's College of Indiana team with him and the unranked small-college Pumas upset the Missouri Valley Conference Bearcats 61-59 in one of the biggest surprises of the college basketball season.

Little 5-foot-10 Tom Crowley won the game for the Pumas with a layup in the last two seconds after Cincinnati had tied the score at 59-59 on Ken Cunningham's free throw with 11 seconds on the clock.

It was a most satisfying victory for Holstein, who played for the Bearcats 14 years ago and is in his sixth year as coach of the Pumas.

The Pumas' unexpected triumph overshadowed the 117-96 romp of the St. Joseph's College Hawks of Philadelphia over touring Centenary.

The third-ranked Hawk, the only team of The Associated Press Top Ten to see action, upped their record to 14-1 and made it a milestone in the career of coach Jack Ramsay. It was the 290th victory against 65 defeats for Ramsay, in his 10th season as coach of the Hawks.

Cliff Anderson's 27 points paced the Hawks to their sixth straight since losing to Providence, Tommy Kerwin's 26 points led the Gents from Shreveport. It was the first game of a doubleheader at the Palestra. Villanova crushed Penn 75-46 in the second game. Big 6-11 Hank Finkel scored 28 points and grabbed 25 rebounds to lead the Dayton Flyers to a 58-72 home court triumph over Canisius. Sophomore Wes Bialosunkia of Poughkeepsie, N.Y., with 18 points, led Connecticut over Temple 71-60 at Storrs.

Alabama went two overtimes to defeat Georgia 72-67 and Arizona crushed Arizona State College 80-63.

Pistons Build Winning Streak

By The Associated Press

The lowly Detroit Pistons aren't sitting back and letting the Boston Celtics do all of the winning in the National Basketball Association.

Like the Celtics, the Pistons have a three-game winning streak following their 123-108 triumph over the Baltimore Bullets Wednesday night.

The Celtics won their third straight by dumping Philadelphia 115-95. In other games, St. Louis whipped New York 117-109 and Los Angeles turned back Cincinnati 119-112.

Of course, the difference between the Pistons and the Celtics is that before its present three-game streak, Boston won 23 of 25 games.

That gives the Eastern Division leaders a phenomenal record of 44-8 compared with 20-33 for Detroit, which is lodged in fourth place in the West.

Sauer Indicates He May Depart Texas

AUSTIN, Tex. (AP) — The pass receiver who says he wants to forego his final year of the professional football clubs over early signings focused today on George Sauer Jr., Texas.

LOOKING 'EM OVER

With Tommy Hart

Wayne Wilsher, recently hired as head coach of Coronado Lubbock's new high school, was also considered for the head job at Harlingen, where ex-Lubbock mentor Carl Spoonmore recently took over.

Wilsher, who began his coaching career at Class B San Perita, has a 73-12-1 won-lost-tied coaching record. He moves from Ingleside.

That \$11.2 million paid for 80 per cent of the New York Yankees by CBS was astonishing, when you consider the fact that not one square inch of real estate was involved in the deal.

Hank Watkins, new head football coach at Odessa High, will have six defensive starters and three offensive starters back from last season's team.

The outlook is better than fair at Odessa Permian, too, where Gene Mayfield takes over as mentor. Mayfield will be greeted by four defensive and three offensive starters from last year's club.

Mike Love, the big ACC back who played his high school football at Permian but whose parents currently reside in Coahoma, will probably give pro football a whirl after two more seasons of college ball.

Mike weighs 285 pounds now, figures he'll have to tip the scales at about 230 in order to be appreciated by the pros.

Love, the state's outstanding gridder his senior year in high school, once ran 96 yards for a touchdown against Corpus Christi Miller. His longest sprint last fall was about 50 yards but he didn't score that time. A defender rushed him out of bounds around the one.

He's never seen Big Spring's Johnny Hughes and Dub McMeans play but reasons they'll be a big help to the ACC cause, if they decide they want to become a part of ACC's scheme of things.

An American Research Bureau survey showed that more Houston people watched the Dallas Cowboys than their own Oilers when the teams competed on rival TV screens in that area several times in November.

However, Neilson Television Index ratings revealed that NFL games dropped eight per cent last season while the AFL games shot up 19 per cent.

Since the AFL games will be shifted to NBC next season, the NFL games may undergo more losses in interest among video viewers.

Sammy Baugh, the old Sweetwater Slinger, fresh from the TCU campus, completed 11 of 16 passes in his first pro football game in 1937 while leading the Washington Redskins to a 13-3 victory over the New York Giants.

The Los Angeles Angels will play the astonishing total of 202 baseball games this year, including 49 exhibition contests.

Norman Lundy, one of the regulars on the Gollad Junior High basketball team, failed to clear a scholastic hurdle and is ineligible for the game this spring.

Gollad, however, adjusted well and went to the finals in the Snyder tournament last weekend.

You probably won't be seeing Georgia Tech on TV's Football Game of the Week any time soon.

When the Atlanta school departed the Southeastern Conference, some officials within the circuit vowed not to throw any favors the school's way.

Big Spring Will Oppose Same Football Opponents

Big Spring will meet the same ten football opponents this year it faced in 1964, when it finished with a 7-3 won-lost record.

The Longhorns will open play Sept. 10 against Lamesa and then face Ysleta Bel Air and Snyder in non-district jousts on separate weekends before taking a week off prior to the opening of 2-AAAA play.

The Bovines will play home contests with Lamesa, Ysleta Bel Air, Midland High, Abilene Cooper and Odessa High.

All games will begin at 8 p.m.

The schedule:

Sept. 10—Lamesa, here

Sept. 17—Ysleta Bel Air, here

Sept. 24—Snyder, there

Oct. 1—Open date

Oct. 8—Lee (x), there

Oct. 15—Midland (x), there

Oct. 22—Abilene (x), there

Oct. 29—Cooper (x), here

Nov. 5—Permian (x), there

Nov. 12—Odessa (x), here

Nov. 19—San Angelo (x), there

(x) Denotes district game

Two Local Teams Enter Midland Cage Tourney

The Big Spring teams will enter the Midland Junior High Invitational Basketball Tournament Thursday, Friday and Saturday at the Austin Junior High Gym in Midland.

The Runnels 8th grade team will take on the powerful Odessa Ector team in the second game of the tourney at 1:40 p.m. today.

The Gollad 8th graders compete against Midland Carver in the last game of the day at 8:20 p.m.

Sixteen teams are entered in the three-day tournament. Runnels was its first game and will take on the winners of the Midland Austin-Odessa flood game at 8:30 p.m. Friday in the quarterfinals. If it goes into the consolidation bracket it will play at 7 p.m. Friday.

Gollad will meet either Odessa's Benham Junior High or another team in the quarterfinals.

Trophies will be awarded to first and second place winners and the consolidation winner. In addition 10 all-tournament awards will be made to outstanding players. Admission to each session is 25 cents for students and 50 cents for adults.

Consolation finals will be played at 6:30 p.m. Saturday while the title goes up for grabs at 8 o'clock.

Thursday's pairings include: Midland Austin vs. Odessa Flood, 11 a.m.; Odessa Ector vs. Big Spring Runnels, 1:40 p.m.; Lee vs. Odessa Bowie, 4:20 p.m.; Odessa Permian vs. Midland Lee, 7 p.m.; Odessa Crockett vs. Midland Gollad, 12:20 p.m.; Odessa Stockwater vs. Midland, 3 p.m.; Odessa Benham vs. Andrews, 5:40 p.m.; Big Spring Gollad vs. Midland Carver, 8:20 p.m.

AT AMARILLO

Simpson To Get Coach's Plaque

Allen Simpson, Big Spring High School basketball coach, goes to Amarillo Sunday where he will be awarded a scroll for having been designated as Panhandle Basketball Coach of the Year.

The ceremony takes place starting at 2 p.m. in the Amarillo YMCA as part of the Panhandle Hall of Fame rites. Simpson will be honored for having guided Canyon to the Class AA State championship last season.

Other coaches to be honored include: Jim Greenwood, Stratford, football; Ray Robinson, Booker, track; Scott Cantine, Amarillo High, tennis; P. G. Hisey, Amarillo American Legion, baseball; and Ken Hicks, Tascosa, golf.

Howard Lynch, one-time Amarillo coach, will be the seventh man to be inducted into the Panhandle Hall of Fame during the ceremonies.

Previous inductees into the shrine include Joe Fortenberry, West Texas State College basketball player; Blair Cherry, former Amarillo and Texas football coach; Bob Seeds, ex-major league baseball player; Cal Farley, one-time wrestler and founder of Boy's Ranch; Frank Kimbrough, former West Texas State football coach; and W. A. (Gus) Miller, ex-West Texas basketball coach.

Falcons Missing Two Cage Stars

AIR FORCE ACADEMY, Colo. (AP) — The U.S. Air Force Academy basketball team has lost two of its regular starters and leading scorers — Scott Elyre of Wilmette, Ill., and Jerry Yankee of San Antonio, Tex.

The two junior guards are no longer with the team. Bob Peck, sports information director at the Academy, announced Wednesday. Peck said no reason was given for the action.

Other officials of the Academy, including Coach Bob Spear, declined comment other than the stock statement: "We are unable to refute, confirm or reveal the status of any cadet until the current investigation is ended."

Yankee has missed the last four games because of mononucleosis, a blood ailment.

A 6-foot 160-pound speedster, he was leading the team with 94 points before he was stricken after the North Dakota game Jan. 4.

Steers Given Rugged Time

Texas expected a breather against little Trinity before its next Southwest Conference game with Southern Methodist in Dallas Saturday. It turned out to be a long, hard pant. Idle 15 days during mid-term examinations, the Longhorns huffed and puffed and finally blew down the Tigers 82-68 Wednesday night at San Antonio. The score was 41-41 at halftime. More non-conference games dot the remainder of the week's schedule for league members. Arkansas travels to Jackson, Miss., tonight to play Mississippi State, a Southeastern Conference power. The Razorbacks meet Georgia Tech in Atlanta Friday night. Baylor visits the University of Houston tonight. Saturday games pit Rice and Trinity in Houston, SMU and Texas in Dallas, Texas A&M and Houston in Houston, and Texas Tech and Texas Christian in Fort Worth.

Trinity led Texas twice, 65 and 7-6, and managed a tie nine times during the first half. After the intermission, however, Texas' Larry Franks hit a free throw and field goal, and John Paul Fultz added a field goal to give the Longhorns a five-point spread they never relinquished. Franks wound up with 24 points. Trinity's Pete Rancucci scored 22-19 the first half.

Will Football Pros Live Up To Promise?

By HAROLD V. RATLIFF Associated Press Sports Writer The Southwest Conference and Texas colleges have not been affected by premature pro football signings—premature by collegiate standards that is. But that does not mean they won't unless the pros decide to halt the procedure on their own. Surprisingly the pro leagues have indicated they will accede to the wishes of the NCAA and there will be no more collegians thrown out of bowl games because they already have signed contracts.

The National Football League immediately agreed that it not only would not sign the seniors before they played in bowl games but would apply this to the futures—players whose classes had graduated the year before but who were taking another year to wind up their college eligibility. The American Football League will do the same, from all indications, but it's first going to use it as an instrument for recognition.

The AFL attitude is that they didn't proceed properly in this matter—the NCAA, NFL and AFL should get together and make an agreement at a meeting. NFL AGREES This appears to be getting quite technical. The NCAA laid down some rules it wanted adopted. The NFL agreed and the AFL could do the same without further ado.

The AFL, which hasn't been able to get the NFL to even recognize that it existed, obviously forced the NFL to do what the AFL has been struggling for since organization in 1960. Pete Rozelle, the NFL commissioner, says he's willing to discuss such a meeting—the first step toward recognition of the AFL as a major league of football. The attitude of the pros last year had indicated they felt they didn't have to co-operate with the colleges. Those tremendous television contracts that guaranteed the pros financial independence apparently gave them the privilege of telling the colleges to fly a kite.

But the colleges, as usual, shied the pros they still have to depend on them and that they could make it very tough if the pros wouldn't co-operate to the extent that the colleges might conduct their athletic programs without interference. STEADY INCREASE The colleges have shown a steady increase in attendance each year since the pros started saying the fans liked their brand of football better and would turn from the collegians. The past season saw the colleges reach an all-time high.

Gonzalez Eyes Title Fight

HOUSTON (AP) — The manager of Manuel Gonzalez says he will try to arrange a welterweight title fight between Gonzalez and champion Emilio Griffith next April in Houston's \$24 million domed stadium. "I hope the title fight will be Gonzalez' next fight and it will be held here April 20," said Lou Viscusi.

Gonzalez, of Odessa, Tex., won a 10-round split decision over Griffith here Tuesday night in a non-title bout. Earl Gilliam, promoter of the fight, said he has started preparations to make a strong bid for a title fight between the two men.

Viscusi said that should Gilliam's plans fall through then he, himself, would approach the World Boxing Association about a Griffith-Gonzalez rematch with the title at stake. The domed stadium will be opened April 9 with a baseball exhibition game between the New York Yankees and the Houston Astros. Although the stadium seats 45,000 for baseball, it can seat up to 66,000 for boxing.

A crowd of 6,930 paid \$25-181.25 to see the controversial non-title scrap. Griffith's managers, Gil Clancy and Howard Albert, disagreed with the decision. "Viscusi said, 'I'm telling you, this boy is the next champion.' 'It was no contest so far as I was concerned,' said Clancy. 'In New York the fight would have been scored maybe 7-3-1 or 8-2 for Griffith.'

Chi-Chi Given Okeh To Use Thumb Brace

SAN FRANCISCO (AP) — Puerto Rican Juan (Chi Chi) Rodriguez set out today in defense of his title of the \$37,500 Lucky International Open Golf Tournament after a special ruling erased a threat to his career. Little Chi Chi thought for a time he might be through as a pro until tournament director Jack Tuthill of the Professional

Shockers Lose Two Standouts

WICHITA, Kan. (AP) — For reasons as different as day and night, fifth-ranked Wichita will finish the basketball season without two of its leading scorers. Nate Bowman, 6-foot-10 center with a 12.4 scoring average, was kicked off the team this week after failing a first semester course in anatomy.

All-America Dave Stallworth will use up his eligibility in Saturday's Missouri Valley Conference game against Louisville here. Bowman and his 6-9 stand-in, Gerald Davis, were jolted from the Shockers squad last week for what Coach Gary Thompson termed academic obligations.

The double loss will have its effect on the team, currently working on a 12-2 season and leading the conference with a 5-0 record.

Meredith Signs

DALLAS (AP)—Don Meredith, who somehow limped through last season with the Dallas Cowboys, has signed a new three-year contract. The club would say Wednesday only that the former Southern Methodist University quarterback received a boost in pay.

Meredith said: "I got what I wanted and I hope the club gets what it wants next season."

Meredith's original five-year contract, believed to involve \$27,000 a year, expired last December when it seemed Meredith was about to do the same.

Multiple injuries hampered him, but the Dallas NFL club said he has now recovered from a knee cartilage operation, his shoulder separation is responding to treatment and his two sprained ankles are "doing fine."

"There's a little raise in salary," Meredith said, "but the big thing is I'll be able to save my money this time. The terms are arranged with some fringe benefits."

Cowboy coach Tom Landry says a healthy Meredith could be the best of NFL quarterbacks.

Multiple injuries hampered him, but the Dallas NFL club said he has now recovered from a knee cartilage operation, his shoulder separation is responding to treatment and his two sprained ankles are "doing fine."

McCovey Eyes Better Year

By The Associated Press The San Francisco Giants hope better feet will mean bigger hits for Willie McCovey in the coming baseball season.

McCovey signed his contract Wednesday and said he feels fit, a healthy improvement over last year when he was plagued with injuries to his feet and legs.

The mammoth outfielder reportedly accepted a cut in pay following a season in which he batted .220 and hit 18 homers. He said he had been taking treatments for his feet and is looking forward to spring training.

Shortstop Tony Kubek, also hit with injuries in 1964, agreed to terms with the New York Yankees. He hit a career low of 229 last year and missed the World Series because of a sprained right hand. First baseman Mike Hegan also signed with the Yankees. The Philadelphia Phillies, who just missed meeting the Yankees in the Series, announced the signing of four players, including catcher Clay Dalrymple. The others are outfielder Alex Johnson and pitchers Rick Wise and Dick Beck. Cincinnati also signed four players — pitchers Billy McCool and Gerry Arrigo, first baseman Gordon Coleman and shortstop Leo Cardenas.

OIL REPORT

Martin Project Lists Potential

A Martin County completion for 184 barrels on potential pump, and a Dawson County location in the Patricia (Fusselman) area, were listed this morning.

John L. Cox of Midland No. 1 Sale, a half mile south of Stanton as a half mile east extension of the Southeast Martin County Spraberry trend area, pumped 184 barrels of 38 gravity oil, with eight per cent water, on reported gauges. The well had reported no gauges for several days.

Operator drilled to 7,980 feet, perforated between 7,953 and 7,936 feet, and fractured with 60,000 gallons. He formerly set 5 1/2-inch tubing on the bottom. The gas-oil ratio is 625-1.

Location is 1,980 feet from the south and east lines of section 23-36-1s, T&P survey. Forrest Oil Corporation has staked its No. 6 E. W. Harris

and others, to test the Fusselman in the Patricia area. Contract depth is 12,500 feet. It is spotted three miles west of Patricia where five producing wells are located on the south-east side of the pool, 3,422 feet from the south and 540 feet from the west lines of labor 16, league 268, Moore County School Land survey.

COMPLETIONS

GARZA Texas Oil & Gas Corporation No. 1 Post-Montgomery Estiba eight miles northeast of Post, was drilled to 3,520 feet and plugged and abandoned. Spore was 457 feet from the north and east lines of section 9-A, K. Aycock survey in the Post, NW (Giarza).

DAILY DRILLING

MARTIN John L. Cox No. 1 Bohamka, an old re-entered, was drilling ahead of 8,825 feet in sand and time. The original well, eight miles northeast of Stanton, was drilled to 7,893 feet and plugged and abandoned by American Republic Corp. Sept. 5, 1962. Spore is 320 feet from the north and east lines of section 34-35-1s, T&P survey.

STERLING

W. A. Moncrief and Champlin Petroleum Corp. No. 1 Fay Hildebrand, a wildcat to explore the Fusselman in the W&A pool 12 miles southwest of Sterling City, was making hole of 4,527 feet in time and shale. It was spotted 660 feet from the south and west lines of 4-A, GC&SP survey, 5 1/2 miles south of the depleted Wolfcamp strike in the pool.

City Studying Data Processing

A preliminary study is under way by the International Business Machines Corporation on possible use of data processing equipment in city hall, according to City Manager Larry Crow.

"We're looking at it and they are to tell us how it could fit into our operation," Crow said, especially regarding bookkeeping, billing and similar types of work.

"We're approaching this cautiously," Crow said. "Eventually we will go to some improved type of system." Crow said the firm will provide the city with information on how such equipment might be utilized in city functions here.

Angelo Jaycees Set Snake Hunt

SAN ANGELO — The first annual Rattlesnake Rodeo will be held here Feb. 4 and will be sponsored by the San Angelo Junior Chamber of Commerce.

A registration fee of \$1 will be required to take part in the event. Headquarters for the rodeo will be the San Angelo Coliseum. The Jaycees have made arrangements with area ranchers to hunt in virgin territory.

Prizes and trophies will be awarded in the following categories: largest total weight of rattlesnakes, the heaviest snake, the longest snake and the snake with the most rattlers. Proceeds from the event will be used for the San Angelo Teenage baseball fund and other Jaycee activities.

Students Back College Plan

ARLINGTON (AP) — Gov. John Connally's proposal to include Arlington State College in the University of Texas system drew quick support from students backing a projected change in the school's name.

The Arlington State students, organized into the so-called "Save Our School Committee," pledged support to the governor's plan.

Alms of the group are to prevent the name of the school here from being changed to Texas A&M University at Arlington and to seek its separation from the Texas A&M system.

Johnson said maintenance of wage-price stability is the key element in attacking the balance of payments deficit. "In addition," he said, "we must continue and intensify more specific attacks on the problem."

CURB OUTFLOW The administration will be alert, he said, to restrain any outflow of funds which results from higher short-term interest rates abroad.

Legislation will be proposed to give more favorable tax treatment to foreigners' investment in this country.

Secretary of the Treasury Douglas Dillon has said the government also is studying long-term bank loans to foreigners to determine whether a tax should be placed on this type of capital.

A provision of the interest equalization tax, which applies to foreign securities sold in this country, gives the President power to impose a similar levy on long-term bank loans.

Increased loans of this type are believed to have been a primary factor in the greatly increased dollar outflow in the final three months of 1964. The total deficit may have been as high as a billion dollars in the three-month period. Final figures have not been reported.

IMPROVES SOME This compares to about \$1.5 billion in the first nine months of the year.

Fragmentary information for this month indicates that the situation improved markedly after Jan. 1.

While the estimated \$2.5-billion deficit for 1964 was some \$500 million larger than officials had hoped, it still compares favorably with the \$3.3-billion loss in 1963. The deficit has averaged more than \$3.5 billion since 1957.

The gold loss of \$125 million in 1964 — including a decline of \$95 million in December — was the smallest since 1957 — primarily because of increased use of international monetary fund drawings and other arrangements to finance the deficit.

The commissioners said that they would speed up efforts to get this project under way. The chief problem now is the matter of funds to pay for land taken. A bond issue will have to be submitted to finance the job, as well as for right of way.

Entry winning best in show will receive the traveling club trophy, and prizes and ribbons will be given for other winners. Awards will be made Sunday at 4:30 p.m. Works selected by Miller will remain on display at First Federal Savings and Loan until Feb. 8.

J. Robert Miller, landscape and portrait painter from McMurry College art department, will judge the show Saturday morning. The collection will open to the public Saturday afternoon until 5:30 and Sunday from 1 to 5 p.m.

President Hints Restrictions In Flow Of Dollars Abroad

WASHINGTON (AP) — President Johnson hinted today that he is considering tougher measures to deal with a sudden spurt in the flow of dollars abroad.

He said in his annual message that the "adequacy of existing programs" would be reassessed and that the results of the study would be presented to Congress in a special message.

However, the message and the accompanying report of his economic advisers struck an optimistic note on the long-range outlook for the balance of payments.

Johnson said maintenance of wage-price stability is the key element in attacking the balance of payments deficit. "In addition," he said, "we must continue and intensify more specific attacks on the problem."

CURB OUTFLOW The administration will be alert, he said, to restrain any outflow of funds which results from higher short-term interest rates abroad.

Oanh Chosen Premier Again Of Viet Nam

SAIGON, South Viet Nam (AP) — Srongman Lt. Gen. Nguyen Khanh made Nguyen Xuan Oanh premier of South Viet Nam once again today and said he would soon set up a 20-member military-civilian council to "advise" the government.

Presence of Khanh-picked military men on the council would give him a channel to exercise control of the government.

Khanh showed continued antagonism to U.S. Ambassador Maxwell D. Taylor, who openly opposed interference by Khanh and his generals in Viet Nam's governmental affairs.

Taylor was out of the country Wednesday when Khanh ousted Premier Tran Van Huong in a bloodless coup. Asked at a news conference what Taylor's reaction to the coup had been, Khanh snapped: "Why don't you ask him?"

He added: "This is an internal problem. You know from my past actions how important I consider internal matters and national sovereignty. I'm sure the United States will accept any of our actions in the interests of the Vietnamese people, not putting the interests of any single individual above these interests."

His words were clearly aimed at Taylor.

RUSHES BACK Taylor, who rushed back to Viet Nam on hearing of the coup, has not commented officially. Privately American officials were angry and disappointed.

Registration for paintings submitted for competition in the Las Artistas Art Club membership exhibition will be Friday, 2 to 6 p.m., at the First Federal Savings and Loan Community Room. Only members of the club may submit entries, though any painter wishing to exhibit his work may join the group at the time of registration.

U. S. Hinting Red Link n Dock Strike

BALTIMORE, Md. (AP) — A Department of Labor official says he will ask the FBI to investigate possible Communist infiltration in the AFL-CIO International Longshoremen's Association, following a rejection Wednesday of a proposed contract by Baltimore dock workers. The Maine to Texas dock strike continues.

The workers voted 1,371 to 1,016 against accepting a contract offered by the Steamship Trade Association of Baltimore. The action insured continuation of the 18-day-outlet walkout under an IIA policy of no work at any port until agreement is reached at all. Sixty thousand IIA members are on strike on the Atlantic and Gulf coasts.

There was hope that negotiators representing some 6,000 workers from Brownsville, Tex., to Lake Charles, La., would reach an agreement with shippers shortly. But informed sources said it was doubtful that any agreement would be reached until at least Friday, because of a deadlock over guaranteed gang sizes.

Negotiators in New Orleans reached agreement Wednesday on a new contract and union spokesmen indicated the membership would vote on it Friday. The proposed contract reportedly was for the same 80-cent-an-hour package accepted by Port of New York dock workers and the one rejected by Baltimore longshoremen.

The chief difference in the contracts was that New York's provided for a gradual decrease in gang strength from 20 to 17 and a guaranteed annual minimum wage. The ones in Baltimore and New Orleans do not have the guaranteed wage clause, but both contain clauses guaranteeing gang size at their present strength — 20 in Baltimore and 18 in New Orleans.

HOPE FADES There was hope that negotiators representing some 6,000 workers from Brownsville, Tex., to Lake Charles, La., would reach an agreement with shippers shortly. But informed sources said it was doubtful that any agreement would be reached until at least Friday, because of a deadlock over guaranteed gang sizes.

The chief difference in the contracts was that New York's provided for a gradual decrease in gang strength from 20 to 17 and a guaranteed annual minimum wage. The ones in Baltimore and New Orleans do not have the guaranteed wage clause, but both contain clauses guaranteeing gang size at their present strength — 20 in Baltimore and 18 in New Orleans.

HOPE FADES There was hope that negotiators representing some 6,000 workers from Brownsville, Tex., to Lake Charles, La., would reach an agreement with shippers shortly. But informed sources said it was doubtful that any agreement would be reached until at least Friday, because of a deadlock over guaranteed gang sizes.

Negotiators in New Orleans reached agreement Wednesday on a new contract and union spokesmen indicated the membership would vote on it Friday. The proposed contract reportedly was for the same 80-cent-an-hour package accepted by Port of New York dock workers and the one rejected by Baltimore longshoremen.

Students Back College Plan

ARLINGTON (AP) — Gov. John Connally's proposal to include Arlington State College in the University of Texas system drew quick support from students backing a projected change in the school's name.

The Arlington State students, organized into the so-called "Save Our School Committee," pledged support to the governor's plan.

Johnson said maintenance of wage-price stability is the key element in attacking the balance of payments deficit. "In addition," he said, "we must continue and intensify more specific attacks on the problem."

CURB OUTFLOW The administration will be alert, he said, to restrain any outflow of funds which results from higher short-term interest rates abroad.

Legislation will be proposed to give more favorable tax treatment to foreigners' investment in this country.

Secretary of the Treasury Douglas Dillon has said the government also is studying long-term bank loans to foreigners to determine whether a tax should be placed on this type of capital.

A provision of the interest equalization tax, which applies to foreign securities sold in this country, gives the President power to impose a similar levy on long-term bank loans.

Increased loans of this type are believed to have been a primary factor in the greatly increased dollar outflow in the final three months of 1964. The total deficit may have been as high as a billion dollars in the three-month period. Final figures have not been reported.

IMPROVES SOME This compares to about \$1.5 billion in the first nine months of the year.

Fragmentary information for this month indicates that the situation improved markedly after Jan. 1.

While the estimated \$2.5-billion deficit for 1964 was some \$500 million larger than officials had hoped, it still compares favorably with the \$3.3-billion loss in 1963. The deficit has averaged more than \$3.5 billion since 1957.

The gold loss of \$125 million in 1964 — including a decline of \$95 million in December — was the smallest since 1957 — primarily because of increased use of international monetary fund drawings and other arrangements to finance the deficit.

The commissioners said that they would speed up efforts to get this project under way. The chief problem now is the matter of funds to pay for land taken. A bond issue will have to be submitted to finance the job, as well as for right of way.

Entry winning best in show will receive the traveling club trophy, and prizes and ribbons will be given for other winners. Awards will be made Sunday at 4:30 p.m. Works selected by Miller will remain on display at First Federal Savings and Loan until Feb. 8.

J. Robert Miller, landscape and portrait painter from McMurry College art department, will judge the show Saturday morning. The collection will open to the public Saturday afternoon until 5:30 and Sunday from 1 to 5 p.m.

All 17 Plead Innocent In Rights Deaths

Meridian, Miss. (AP) — The defense studied every legal angle today in an effort to block trial of 17 men charged with conspiracy in the murder of three civil rights workers.

Eleven defense lawyers have 15 days in which to file additional arguments to their claim that FBI agents "made a fatal mistake" in their investigation which would rule out key evidence.

The men were arraigned in federal court here Wednesday. They included Horace D. Barrette, 26, one of two defendants alleged to have given the FBI a signed confession.

All 17 pleaded innocent and remained free on bond. They were charged with conspiring to violently deny the civil rights of the slain trio.

The session included an attack on a CBS cameraman, Laurens Pierce of Montgomery, Ala., when he tried to film defendants as they emerged from the courthouse.

The 18th man indicted in the case, James Edward Jordan, 38, formerly of Meridian, will be arraigned in Atlanta — but not for several weeks.

The FBI said Jordan gave a full statement on the killings of Michael Schwerner, 24, and Andrew Goodman, 20, both white New Yorkers, and James Chaney, 21, a Meridian Negro.

Enrollment Reaches 702

Enrollment at Howard County Junior College through Wednesday was 702, Dr. W. A. Hunt, president, said this morning.

He said it was the best day the college had ever experienced, as far as registration was concerned, and he said the second semester load might come close to equating the 882 registered for the first semester.

Dr. Hunt said the enrollment for the second semester in all colleges usually dropped from the first.

"There were several waiting to register this morning," he said, "and tonight's session will bring more. Registration will continue through next week."

The president said with the number of full time students registering for this semester, and that the number would go well above the previous full time enrollments.

Longhorns To Go On Sale

The Longhorn, symbol of early Texas history, has been saved for the present generation. A first for the San Antonio Livestock Exhibition, Feb. 12-21, occurs when approximately 90 heads of Registered Longhorn cattle will be offered at auction.

Charles Schreiner III, president, who is one of the men instrumental in the organization of the Texas Longhorn Breeders Association of America, said that this would be the first sale of Registered Longhorns.

The sale is set for the auction barn on the Joe Freeman Coliseum grounds on Saturday, Feb. 20 at 1 p.m. The offering includes bulls, steers, cows with calf or at side, and heifers. Walter Britten is auctioneer.

All sale cattle will be on exhibit the 19th at the Coliseum grounds.

Several years back, with the Texas Longhorn near extinction, a well known group of cattlemen of Texas, Oklahoma and other parts of the United States organized the association.

The sale catalog and information on active and associate memberships may be obtained from the Texas Longhorn Breeders Association, 2818 N. McCullough, San Antonio, Texas.

Home Fire Kills Midland Man, 86

MIDLAND (AP) — Lee Bilyrey, 86, died Wednesday night as fire swept the two-room house where he lived alone. Firemen said the blaze apparently was caused by a heater that was too close to a wall.

The bidding:
South West North East
1♥ Pass 2♥ Pass
4♥ Pass Pass Pass

Opening lead: Deuce of ♠
South, the declarer at four hearts, put one over on his opponent in today's hand because East was not alert to the necessity for "cashing out."
West opened the deuce of spades and North's lone king won the trick. A trump was led and, when East followed with the three, South put up the king from his hand. The ace of spades was cashed and a small diamond was discarded from dummy.

Declarer led the queen of hearts and East was in with the ace. The latter shifted, somewhat belatedly, to a diamond. However, the defense could take only one trick in that suit and, as soon as the ace of clubs was dislodged, South had more than enough discards available.
If East had put up the ace of hearts when that suit was led from dummy, and played a diamond back immediately, declarer's contract would have been sunk before the latter had an opportunity to launch his attack. This line of defense will net one heart trick and two diamonds with the ace of clubs still to be scored.
There was an inherent risk in presenting South with an opportunity to enter his hand, for the opening lead had marked him with the ace of spades, and an immediate diamond discard was therefore in the offing.
The objection may be raised that, if West held the queen and a small trump, East's play of the ace of hearts might eliminate a guess for declarer in that suit. This, however, was only a hypothetical possibility, whereas the diamond stuff represented a real and present danger.

blets, in another room and at some.
Then she gave some to David and Ramona.
Irene was discharged from Clovis Memorial Hospital two days later. David and Ramona have remained, for the most part, in a coma. Doctors described their condition as very critical despite signs last night of slight improvement.
A decision is due today on whether to make a third complete change of blood in Ramona's tiny body.
Sen. Olin Johnston Recovering Rapidly
COLUMBIA, S.C. (AP) — Sen. Olin D. Johnston, 68, South Carolina Democrat, is recovering rapidly from an operation for the removal of an abdominal tumor last Friday, his doctors say.

Tots Still In Coma

CLOVIS, N.M. (AP) — "Tomorrow... maybe better tomorrow."

With these words, spoken in halting English, Mrs. Arturo Maestas expressed the prayer that her two children, David, 3, and Ramona, 21 months, will get better.

Both children have been unconscious since Saturday when they ate an undetermined number of aspirins.

Mrs. Maestas was giving another of her five children, all less than six years old, a bath.

Irene, 4, grabbed an aspirin bottle, containing about 80 ta-

New Texas Road Maps About Ready

AUSTIN—The 1965 edition of the Official State Highway Map of Texas, now rolling off multi-color presses for free distribution worldwide, makes new use of an old notion: A straight line is the shortest distance between two points.
The Texas Highway Department has this axiom to grind in its concept of short-line mileage computations appearing on the popular map for the first time this year. Mileages shown in the map's mileage chart will indicate the shortest distance between all principal cities in the state. Some of these short-line routes may include partial travel over farm to market roads.

While this innovation will have little significance for most cross-country travelers, it should be easily helpful in compiling short-line mileages for official purposes.
Also new on this year's map face: a welcome message in Spanish for Latin-American visitors, and a simplified table where they may easily convert miles to kilometers, gallons to liters.
Last year 764,000 copies of the map found their way to auto glove compartments — and homes of potential tourists — from Bangor to Bangkok. The Highway Department forecasts a circulation just as high or higher for the 1965 map.

VA Seeks New Hospital

WASHINGTON (AP) — The Veterans Administration has asked Congress for \$800,000 to plan a 760-bed hospital at San Antonio.

The hospital would be built in 1966 at an estimated cost of \$15.3 million.

For the fiscal year starting July 1 the VA has asked funds for three new hospitals and money to plan four others.
The VA is feuding with Congress over its proposed closing of 11 older hospitals and four domiciliary institutions. It contends better service will result for veterans.

JUMBLE — that scrambled word game

Unscramble these four Jumbles, one letter to each square, to form four ordinary words.

Space Strides Get Emphasis

WASHINGTON (AP) — President Johnson said today the national space program has made

"substantial strides in a very brief span of time — and more are to come."
"We expect to explore the moon, not just visit it or photograph it," Johnson said in a letter to Congress submitting his review of aeronautics and space activities in 1964.
"We plan to explore and chart planets as well," he said.

Snowy Blast, Gusty Winds Pound North

By The Associated Press
Another blast of rough wintry weather — cold, snow and gusty winds — hammered Northern areas of the nation today from the Rockies into New England.
Bitter cold hit northern Midwest regions, with temperatures far below zero. Near blizzard conditions swept eastern sections of Montana and north-central Wyoming Wednesday.
Temperatures in the coldest areas — northern Minnesota and the Dakotas dropped to between 20 and 30 degrees below zero. Cold-wave warnings were extended from southeastern Iowa and Arkansas to Indiana and Tennessee. Subzero marks were expected southward into northeastern Missouri and central Indiana.
Snow, fanned by brisk winds, swirled along the cold front from Lower Michigan to Nebraska and the northern Rockies. Three inches of snow fell in a six-hour period in

Muskegon, Mich., making a covering of more than one foot. Snow measured nearly two feet in Wyoming and more than one foot in Montana. Heavy drifting was reported in many areas and some major highways were closed.

Up to a foot of snow whitened areas east of Lake Ontario Wednesday and similar coverings were indicated in western areas of New York state during the day. Snow squalls and flurries peppered most of the eastern Great Lakes region and the northern Appalachians.
Meanwhile, fairly pleasant weather prevailed across most of the Southern half of the nation.
But in the Far West more rain, melting snow and rising temperatures sent some rivers overflowing and other streams to near flood stage in parts of Oregon and Washington.

DISTURBED SLEEP
Does kidney irregularity wake you up? Are you bothered with leg pains, backache, frequent or scanty flow due to functional kidney disorders? Help nature eliminate excess acids and other wastes. After 3 doses of BURETS. If not pleased your 2nd back at any drug store. LOCAL BUY AT BELL'S PHARMACY.

Varied Studies Held By Women's Groups

Women's activities were varied in church groups throughout the community this week.

SILVER HILLS BAPTIST
Mrs. C. L. Atwell gave a report on "The Ministry of Visitation" to members of the Women's Missionary Auxiliary of Silver Hills Baptist Church Tuesday when the group met with Mrs. John McChristian. The speaker told of the South Plains district WMA meeting held Jan. 12 in Pecos. Mrs. Ralph Grey worded the opening prayer, and Mrs. Daryl Wood gave the devotion. Mrs. Tex Cobb, president, was in charge of the session, and prayers and reports were given by Mrs. Jack Rinard and Mrs. Edgar Watkins. A donation of \$25 was given to the North American Baptist Association at Little Rock, Ark.

A gift of calling cards was presented to the pastor, Rev. Tex Cobb. A week of special prayer for missionaries was planned. Branch was served to the members, and Mrs. Atwell gave the closing prayer.

BEREA BAPTIST
Mrs. George O'Brien, guest speaker of the Women's Missionary Society, gave the last in a series of talks on soul winning and evangelism Tuesday at the Berea Baptist Church. A question and answer period followed.

Mrs. Duke Baker presided at the meeting and joined Mrs. Clarence Massey in wording prayers for the missionaries. Mrs. Joe Smitherman read the prayer calendar. Refreshments were served to the guest and nine members.

WESLEY METHODIST
Two Circles of Wesley Methodist Church met Tuesday for a program study on Christian unity. They met in individual groups and will hold a joint session Feb. 2 when Mrs. W. D. Lovelace will have a salad luncheon in her home.

MARTHA FOSTER CIRCLE
Mrs. Rene Brown was hostess to the Martha Foster Circle in a morning session. Mrs. Marshall Day discussed Chris-

Two Place High In Bridge Play

Mrs. Bob Coleman and Mrs. Roy D. Smith placed first and second respectively during games at the coffee-bridge held Wednesday for the Newcomers Club. The group met in the Flame Room of Pioneer Natural Gas Company at 9 a.m. with 16 attending. Four tables were in play, and the hostesses were Mrs. Mike Craddock and Mrs. Ted Ferrell. Mrs. Homer Westbrook was introduced as a visitor.

...ian unity among all churches. Mrs. Don Crockett gave the opening prayer, and Mrs. Lovelace worded the closing prayer.

Does Hold Initiation

Mrs. A. D. Jenkins, new president of the BPO Does presided for the first time Wednesday evening when the women met at 8 p.m. in the Elk's lodge hall. Pro tem officers were Mrs. Bill Ragsdale, senior counselor, and Mrs. Elmer Muekle, chaplain.

Mrs. Curtis Arnold was initiated to membership by Mrs. Jenkins, Mrs. W. R. Rogers, conductor, and Mrs. Joe Clark. Reports were heard from Mrs. Kathleen Williams of the card committee and Mrs. L. D. Jenkins. Mrs. Jenkins said that the club needs 2,100 more trading stamps to complete the silver service which will be used in the new club rooms. The DOES are collecting the stamps in order to secure 48 place settings.

The name of Mrs. Leland Graves was called for the attendance award, and the next meeting was scheduled Feb. 10. Fourteen members were served refreshments.

Two Circles Meet For Study Work

The Blanche Groves and the Sara Lou Henley Circles of the Woman's Missionary Union of Baptist Temple met in joint session Tuesday in the home of Mrs. James Puckett, 804 E. 13th. Mrs. Barton Boyer gave the study on the book, "Winds of Change," by Gerald Palmer.

Mrs. H. M. Jarratt told highlights on the life of the new state WMU president, Mrs. C. J. Humphrey, of Amarillo. Mrs. A. W. Page read the prayer calendar, and a prayer for missionaries was worded by Mrs. Puckett.

The Blanche Groves Circle served refreshments to 20 members. The next meeting will be a Royal Service program Feb. 2 at 7:30 p.m. in the home of Mrs. Jarratt, 429 Edwards Blvd.

Check Ticket Sales

It's time out for tea at the Garner McAdams home, 1313 Dixie, as officers of the Ladies' Golf Association check the sale of tickets for the antique show set Saturday at Big Spring Country Club. From left are Mrs. Bill Coleman, ticket chairman; Mrs. Adams, secretary; Mrs. John Davis, vice president; and Mrs. Joe Moss, president.

Treasure Collections Go On View At Club

The private antique collections of many local women are being carefully packed this week to be transported to Big Spring Country Club where "Treasures of the Past," will be shown during the tea from 3 to 6 p.m. Co-chairmen of the show are Mrs. Gil Gingold and Mrs. Z. M. Boykin, and the social chairman is Mrs. Jerry Spence.

Ticket sales have been brisk and are still available from LGA members or may be purchased at the door Saturday. The main showing will be in the ballroom of the club where displays will include both genuine antiques and treasured family heirlooms which have been carefully and beautifully crafted in days when such articles

were each considered a work of art. Officers of the LGA will welcome visitors as they arrive. In the receiving line will be Mrs. Joe Moss, president; Mrs. John Davis, vice president; Mrs. Garner McAdams, secretary; and Mrs. Jimmie Taylor, treasurer.

Relatives, Friends Visit In Westbrook Homes

WESTBROOK (SC)—Mr. and Mrs. Jerry Cunningham and daughter, Kei, of Winters were guests in the Troy Lankford home over the weekend. Mr. and Mrs. Allen Clifton and daughters, San Angelo, visited in the Herman Parsons home Friday. Mrs. Andy Hancock and children, Jerry, Phillip and Linda, all of Midland, visited her parents, Mr. and Mrs. Dalton Conway, over the weekend. Guests in the W. A. Bell home Saturday night were Mr. and Mrs. Charles Walker and Virginia, Odessa. Mrs. Willie Byrd is a patient

in Root Memorial Hospital this week. Mr. Leroy Gressett was in Monahan Monday to attend funeral services of Bob Lowe. He was accompanied by G. H. Sargent, Colorado City. Mr. and Mrs. Alvis Clemmer spent the weekend in Post with the Bob Hutchins, former residents of Westbrook. Mr. and Mrs. J. T. Smith and sons, Al and Eugene, San Angelo, were Sunday guests in the Keith Williamson home. Mrs. Williamson made a business trip to Big Spring Friday.

Names were announced Sunday of those who will contribute items for the show. Added to the list this week were Mrs. Anne Hardy, Mrs. E. W. Richardson, Mrs. J. B. Langston, Mrs. Marguerite Smith, Mrs. E. L. Collins and Mrs. Joe Carter of International City. The International Wives Club will furnish an exhibit of items from their native countries which will be shown in an "International Room," and furniture pieces will be shown in the foyer of the club.

D. M. Bardwell Home Scene For Reunion

FORSAN (SC)—Milton and Hubert Bardwell, students at Navarro Junior College, Corsicana, were weekend guests of their parents, Mr. and Mrs. D. M. Bardwell. They were joined by their brother, Jerry, of Hermleigh. Milton has recently received his discharge from the Marine Corps where he served four and one-half years. Mr. and Mrs. T. R. Camp and Leland Camp left for Mansfield upon receiving word of the death of a brother, A. B. Camp. Mr. and Mrs. M. M. Fairchild were in Levelland Sunday to attend funeral services of a friend, M. H. Davis. The Davis family are former residents of Forsan. Mrs. Clara M. Fletcher's guests have been her daughters, Mrs. Jimmy Porter and chil-

dren, Irving; Mrs. Freddie Stuart and sons, Roby; and Mrs. Fran Bordofsky and David, Big Spring. Mr. and Mrs. Ronnie Stockstill are visiting several days with his parents, Mr. and Mrs. Roy Stockstill. Bill Stockstill has been home from San Angelo where he is a sophomore at San Angelo Junior College. Mr. and Mrs. Freddie Park and son, Odessa, were Sunday visitors in the home of his parents, Mr. and Mrs. Henry Park.

New Date Named For Flower Show

The Council of Big Spring Garden Clubs met Wednesday in the home of Mrs. J. W. Trantham, 1319 Stadium, to make plans for the spring flower show. The date, previously set at May 1 has been changed to April 24. The place will be announced later. A pilgrimage will be held May 2 and the selection of yards to be displayed will be chosen at a later date. Mrs. Zack Gray, chairman of the flower show, reported on the work that has been done and appointed committee heads for the various sections of the show.

Dinner Honors Engaged Couple

Mr. and Mrs. Joe Pickle, 2803 Cactus, were hosts at a dinner party Wednesday evening honoring Miss Jane Harrington and Don Gregory who will be married Saturday in the chapel of the First Presbyterian Church. A buffet supper was served to 20 guests, and quartet tables were covered with white linen. At the honor table an antiques nosegay arrangement of flowers in lavender and fuchsia shades was displayed. The host gift to the honor couple was linen. This is one of a series of pre-nuptial affairs being given for the prospective bride and bridegroom.

Methodist Circle Has Racial Study

Mrs. Mike Simpson, 3207 Drexel, was hostess Tuesday to the Fannie Hodges Circle of the First Methodist Church. The program subject, race relations, was introduced by the leader, Mrs. W. C. House. A group discussion was held on the topic, "What Would You Do?" which dealt with special situations related to the general study topic. Mrs. House was assisted by Mrs. Marvin James. Refreshments were served to seven members. A general meeting will be Feb. 9 at the church.

Club Games Cancelled For Show

The duplicate games previously scheduled for Saturday at Big Spring Country Club have been cancelled this week due to the antique show which will be held then. The Team of Four games set for Wednesday, Feb. 3, will begin at 1 p.m. instead of 10:30 a.m. and it will be for master points.

There were eight tables in play for the Wednesday Variety Pairs Master Point play. North-South winners were Mrs. Paul Shaffer and Mrs. Ike Robb, first; Mrs. Truman Jones and Mrs. Floyd Mays, second; and Mrs. B. B. Badger and Mrs. Aya McGann, third.

East-west winners were Mrs. Morris Patterson and Mrs. Hudson Landers, first; Mrs. R. E. Dobbins and Mrs. Ward Hall, second; and Mrs. Elvis McCrary and Mrs. J. H. Fish, third.

Plan Trip To Lamesa

An invitation to visit the newly formed chapter in Lamesa was read Tuesday when the TOPS Pound Rebels met in the Community Room of the First Federal Savings and Loan Association building. Several local members plan to make the trip and serve as guest speakers for the new group.

The opening prayer was led by Mrs. William Harp, president, and the TOPS pledge was repeated in unison. Mrs. Harp announced that the Feb. 2 meeting would be a social gathering in the home of Mrs. Ted Folkerts at 7:30 p.m. The total weight loss was reported as seven pounds.

Following the business, the 10 members and a guest, Mrs. Charles Jeffrey, reconvened at the Red Barn for coffee.

Beauceant Plans On Official Visit

Final plans were made for the visit of the supreme president of the Social Order of the Beauceant when 19 members met at Masonic Hall Monday evening. A dinner will be held at the Blue Room at Cosden Country Club for the visitor, Mrs. Edwin C. Hinkley, Kansas City, Mo., on Feb. 10. Mrs. O. L. Nabors presided at the session, and work of the order was exemplified. Preparations were made for the coming visit.

Talk Given On Birth Defects

The study program presented to members of the Business and Professional Women's Club on birth defects was given in conjunction with the current March of Dimes campaign by Mrs. Buford Hull, chairman of the Mother's March, and Mrs. H. H. Stephens, area coordinator. The meeting was held at the Settles Hotel Tuesday.

Mrs. Hull told of the tremendous job ahead for the prevention and cure of more than 1,000 types of birth defects. She quoted statistics on the topic and pointed out that there are 51 MOD research centers in the

United States helping to find cures. Three of these centers are in Texas. Mrs. Stephens showed the film, "A Stranger to the World."

Hostesses were Miss Ruth Dyer, Miss Oma Buchanan and Mrs. Iva Hale.

Study Held Discussion

The Parent-Teacher study-discussion group from Boydston, Rannels and College Heights schools met Wednesday morning in the home of Mrs. Floyd Williams, 902 E. 15th, to study adolescents.

Mrs. Hulian Harris lead the discussion on "Social Graces and Disgraces of Adolescents." She said that children in grades six to nine want to know how to act at social and public affairs but don't want to be pushed into an advanced level where they are unable to cope with unfamiliar situations. Some children mature faster than others, and the individual must be considered in accepting social levels.

The next meeting, Jan. 29, will be held from 1 to 3 p.m. in the home of Mrs. R. D. Dolan, Silver Heels. Refreshments were served to 16 participants.

Collegian Visits During Vacation

COAHOMA (SC) — Shirlene Richters is visiting in El Paso with her cousin, Gail Jones, between semesters at HCJC.

James Coates returned Friday from Nubia where he attended a cutting horse school. Mrs. Leroy Echols has had surgery at Baylor Hospital and is in Room 720.

Election Planned For Organization Of Faculty Group

Mrs. Martin Landers, 2315 Alendale, was hostess to the Faculty Ma'am's Tuesday afternoon when the group met for a business session. Mrs. Bruce Frazier presided and appointed a nominating committee. They are Mrs. B. M. Keese, chairman, Mrs. W. A. Hunt and Mrs. Landers.

At the Feb. 23 meeting Mrs. Leslie Lewis, 2708 Rebecca, will be hostess, and Mrs. Bobby Smith, a native of England, will show slides on her homeland. Refreshments were served to 15 members at a table centered with an arrangement featuring a Valentine motif.

Webb Conducting Emergency Tests

Webb AFB is embarked upon a series of emergency alarm tests which will continue to Friday afternoon, the Civil Defense office was advised today. The sound signals are for testing during this period, the base advised, and this should not be cause for concern. A similar series of tests was run last week.

Dear Abby

Can You Top This?

DEAR ABBY: If things go well, I will become a great-grandmother before I reach my 51st birthday. Thinking this might be a record, I am trying to find out the age of the youngest great-grandmother. So far I've had no luck. Because your column is so widely read, if you'd be kind enough to print my letter, perhaps you could help me get this information. I would be most grateful. Thank you.

DOROTHY S.

IN COEUR D'ALENE, IDAHO
DEAR DOROTHY: The search is on! Anyone out there knowing of a great-grandmother who achieved that status before her 51st birthday, please contact this column.

DEAR ABBY: My mother, now past 70, has almost 100 descendants, but she repeatedly tells me that she will be "alone" on special holidays. My husband says, "Let's take her with us."

When my husband and I go out together, we enjoy each other's company. When we take Mama, he treks off for the entire evening and I am left alone to entertain my mother. I invariably become angry, and by bedtime I am not speaking to my husband. What do I do? Leave my mother alone and be angry with myself? Take her along and be angry at my husband? Or stay home and be angry with everybody?

SOUTHWICK, MASS.

DEAR SOUTHWICK: Next time your husband suggests taking your mother along, ask him if he intends to help entertain her. If he refuses, and you can't leave your mother home alone on special holidays without feeling guilty, then stay home with her. And you don't HAVE to be angry at anybody.

DEAR ABBY: My parents won't let me have a snake. I have a few books on snakes, and I know quite a lot about them. The name of the snake I want is the ROSY BOA. It is about three feet long and is something like a boa constrictor. It is one of the smallest of the tropical snakes, and it makes a fine pet. I have been wanting one for about two years now, and I can't understand why my parents won't let me have one. Please help me.

WANTS A ROSY BOA
DEAR WANTS: Perhaps it all started in the Garden of Eden, but the most vilified of all creatures is the snake. I have heard that they make "nice" pets, but I am willing to take anyone's word for it. Perhaps the reason your parents won't let you have one is because, even though it may be harmless, most people are terrified of snakes. This could pose a problem should you keep one as a pet.

DEAR ABBY: Please tell me what you think of girls who have their high school annual portraits taken with off-the-shoulder drapes, showing cleavage and a little pearl dangling down.

A MOTHER

DEAR MOTHER: Not much. Problems? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to Abby, Box 69700, Los Angeles, Calif., for Abby's booklet, "How to Write Letters for All Occasions."

Ex-Mayor Sentenced

HOUSTON (AP)—Sam Hoover, former mayor of suburban Pasadena, received an eight-year prison sentence Wednesday from a federal judge who said the attorney led the life of a "Dr. Jekyll-Mr. Hyde."

Judge Ben Connally also fined Hoover \$10,000 fine following an Oct. 22 Laredo conviction on four charges of filing false income tax returns.

Connally ordered that the federal prison commence after Hoover is released from state custody. If the state conviction stands, Connally's action means Hoover will have to serve enough of his state sentence to gain a parole before starting the federal sentence.

Hoover told Connally he had searched his conscience and had never knowingly or willingly defrauded the government or filed false tax returns.

"This isn't the time to tell me this was just an honest mistake," Connally replied.

MRS. EUGENE PETERS AND BEVERLY

Teenagers Enjoy Informality Of Eugene Peters Household

By MARY COCHRAN

There is an easy informality in the Eugene Peters household at 1000 E. 15th, where every member of the family is involved with a schedule of his own.

The teenagers dash in to make arrangements with Beverly who is 16 and a sophomore in high school. Perhaps it's for a volleyball trip or to make some plans for a school or Y activity. Often that visit extends over into mealtime and there are extra places at the dinner table.

Suzanne, a freshman at North Texas State University is often home for the weekend from Denton and the young people gather to exchange college notes and sample Mrs. Peters' cooking—samples that are always on hand.

NEAT HOME
Mrs. Peters manages all this plus running a shiningly neat home, though she is a full-time bookkeeper at the General Welding Supply. Each noon, Peters comes home from his work at the Jess Bailey Company to share a light meal with his wife, perhaps of chili or stew. The main ingredient for that dish may have been provided by Peters himself, for he is an avid hunter.

One of his highest praises for his wife is that she can keep deer meat in more ways than anyone he knows. Not only does she use her cooking skills on deer but also elk, antelope and even bear. In preparing wild game, one of her tricks is to cut away all fat and bone to eliminate the strong flavor. Often she relies on the chicken fried method for the tenderer cuts of meat. Sometimes she smothers the meat after browning it. She uses onion soup un-

diluted and simmers the dish for 20 minutes or an hour.

COOKING TRICK
In serving lamb roast, one of her pet tricks is to peel off the thin layer of skin surrounding the meat. This is a great aid to a better flavored roast, she feels.

In the summer adults and teenagers alike enjoy the sessions around the barbecue pit when Peters reigns supreme. The girls join in the cooking chores when schedules are tight, and cooking is often a family affair.

The family eats its main meal at night when there is a meat, salad and two vegetables always on the table. Chicken and pot roast vie with the wild game as family favorites. Though desserts are not a necessary menu

item, a moist fudge cake rates the highest.

Mrs. Peters finds that simple menus and well balanced meals are the best solution for keeping her family happy while she pursues her career—homemaking role.

Here are recipes she has found simple and savory.

HOT ROLLS
1 pkg. dry yeast
1 egg
2 tbsps. sugar
4 cups flour
1/2 cup water
1/2 cup melted shortening
1 tsp. salt

Melt shortening and set aside. Dissolve yeast in 1/2 cup warm water. Beat egg slightly, and mix with yeast. Add dry ingredients, sifted, and alternate with remaining water. Add melted shortening and stir until mixture leaves the sides of the bowl and the spoon. Cover and let rise until double in bulk. Knead on well floured board, and shape into rolls and let rise. Bake in hot oven until brown.

STEAK AND POTATOES IN GRAVY
1 lb. round steak
4 medium potatoes
2 tbsps. beef steak sauce
1/2 cup flour
2 cups milk
1 tsp. salt

Cut steak into four servings. Season with salt and pepper. Dredge in flour. Brown in two tablespoons fat. Add potatoes, peeled and sliced, milk, sauce, salt and pepper. Cover and simmer for 30 minutes or until potatoes are done.

FUDGE CAKE
2 ozs. bitter chocolate
3 eggs
1 cup flour
1 tsp. vanilla
1/2 cup butter
1 cup sugar
1/2 tsp. baking powder
1 cup pecans

Melt chocolate and butter and set aside to cool. Beat three eggs slightly and add sugar, mixing well. Add sifted dry ingredients, then add chocolate and butter, mixing well. Add pecans, and pour into a greased square pan and bake for 30 minutes at 350 degrees.

ICE BOX COOKIES
3 eggs
2 cups sugar (1 brown and 1 white)
1 tsp. cream of tartar
3 cups flour
1 cup shortening
1 tsp. soda
1/2 tsp. nutmeg

Cream sugar and shortening, add eggs and dry ingredients sifted together. Nuts and dates may be added for variety. Shape into roll and place in waxed paper and place in the refrigerator until chilled. They will store well in the refrigerator. Slice desired amount to be baked and cook in moderate oven.

Spanish Potatoes Combine Almonds
For a delightful vegetable dinner, serve spinach and broiled tomatoes with these Spanish potatoes crunchy with almonds.

POTATOES CASTELLANA
4 medium potatoes, peeled, thinly-slice
2 large onions, thinly-sliced
1 pimiento, cut in slivers
1/2 cup Spanish olive oil
1/2 tsp. saffron
1/2 tsp. salt
1/4 cup coarsely-chopped almonds

Place potatoes, onions, and pimiento in the olive oil over moderate heat, sprinkling with salt and saffron. (If leaf saffron is used, crumble into a powder between fingers.) Cover tightly; stir once or twice to prevent sticking. During last 5 minutes add chopped almonds. Serves 6.

Help For New Year Resolves

With the new year under way many resolutions have been made to watch the wasteline. Make it easy to keep that diet with special products. This chicken recipe is low-calorie and luscious.

CHICKEN DIVAN
1 tsp. butter
1/4 cup chopped onion
8 large mushrooms, sliced
1 tsp. all-purpose flour
2 tbsps. paprika
1 tsp. salt
1/4 tsp. pepper
1 1/2 cups reconstituted instant nonfat dry milk crystals (according to package directions)
2 cups (1/2-lb.) diced or canned chicken
2 10-oz. pkgs. frozen broccoli, cooked

Melt butter. Add onion and mushrooms and cook over low heat, stirring occasionally until tender. Add flour, paprika, salt and pepper and blend. Gradually add reconstituted instant crystals and cook over medium heat, stirring constantly, until slightly thickened. Add chicken and mix well. Arrange broccoli in buttered shallow 1 1/2-quart baking dish. Add chicken sauce. Bake in moderate oven (350 degrees F.) 15 minutes. (Calories a serving 147.)

For Tuna Divan, omit chicken and broccoli in above recipe. Substitute two 6 1/2-ounce cans chunk-style tuna, drained, and two 16-ounce packages frozen beans, cooked and drained. (Calories a serving 149.) Makes six servings.

Defrost Meats While Wrapped

The most common methods used in thawing meat are in the refrigerator, at room temperature or during the cooking process, as in roasting, for example. The important thing to remember is to thaw or defrost the meat in its original wrapping unless the cut is to be cooked from the frozen state. Defrosting in the wrapping results in more even thawing or defrosting.

Frozen roasts will require one-third to one-half again as long for cooking as thawed roasts. Be certain to allow for the extra time in your plans.

SAVE CALORIES Use substitute for Sour Cream.

Ersatz Sour Cream Boasts Few Calories

We've come upon a recipe that delights our weight-watching soul. If, while counting calories, you want the flavor and unctuous quality of sour cream on summer's cool crisp salads and appetizers, cold soups and fruits, you're bound to agree that this rule is a find.

What's the secret? A cottage cheese base plus an electric blender produce a calorie-mindful concoction—an ersatz sour cream. Look at the calories: sweet or sour, counts 50 calories per tablespoon. Our ersatz cream boasts only 16 calories per tablespoon.

Here are some ways (enjoyed in our household) to use the ersatz cream as a dressing and topping.

1. If you add it to a bowl of mixed greens—along with salt, freshly-ground pepper and herbs—you'll have a salad with an old-fashioned flavor.

2. Pass it as a dip for scallops (green onions), green pepper rings or strips and radishes.

3. Pass it with cucumber strips and rounds of tomato aspic (low calorie) as a first-course salad.

4. Use it as the dressing for a luncheon salad of sliced hard-cooked eggs and water cress sprays. Or chop both the eggs and the water cress and ar-

Dieter Finds Answer In Double-Duty Dish

Once upon a time when mothers talked of "double-duty recipes," they meant rules that could be easily adapted to the needs and tastes of young children in the family.

How life around the table has changed! Nowadays a double-duty recipe is likely to be one that may be adapted for one or more of the family's weight-watchers.

How do you make recipes serve calorie-wise double duty? Most cooks have tricks of their own, but to give you the general idea, here are suggestions for one category of desserts—those made with unflavored gelatin.

When you're preparing a regular chiffer fruit pie in a 9-inch pie plate, it won't spoil the pie to remove a half-cup of the filling and put it in a sherbet glass for a weight-watcher. The dieter will enjoy the sweet filling minus pastry and whipped-cream topping, and probably won't feel too deprived.

A second hint. Unflavored gelatin made up with fruit juice and a minimum of sugar may be turned into an 8-inch square cake pan and chilled until set. Then the gelatin may be cut into small sparkling cubes. For regular eaters (young and old), alternate the cubes in sherbet glasses with custard sauce, made from scratch or a mix; for weight-watchers omit the sauce.

A third suggestion. Make up the following basic small-size recipe for a jellied lemon mold in duplicate, but using sugar (and rum if you like) for one dessert, and a non-caloric sweetener for the other; chill, of course, in separate molds. Each of the four servings of the weight-watcher's dessert (including the accompanying

EVERYONE'S HAPPY Regular eaters get break with dessert

(peaches) will boast only 28 calories.

DOUBLE DUTY JELLIED DESSERT
1 envelope unflavored gelatin
1-3 cup sugar
1 1/2 cups cold water
1/4 tsp. salt
1/4 cup lemon juice
2 tbsps. white rum (if desired)
2 large peaches

In a small saucepan, stir together the gelatin and sugar. Stir in 1/4 cup of the water. Stir constantly over low heat until gelatin is dissolved. Off

heat, stir in the remaining 3/4 cup cold water, salt, lemon juice and (if used) the rum. Turn into one 2-cup or 4 individual molds. Chill until firm. Unmold and serve with pared, sliced, sugared peaches. Makes 4 servings.

Weight-watcher's version: Omit the sugar and instead use a non-caloric sweetener, following its package directions for the sugar equivalent and adding it to the dissolved gelatin mixture. Do not use rum and serve dessert with sliced peaches minus sugar.

Altering Eating Habits Needed As Year Begins

Looking for calorie-shy dishes? Here are some recipes for those who are trying to regain their pre-holiday figures.

TOMATO CELERY SOUP
2 cups soup stock or 2 bouillon cubes dissolved in 2 cups boiling water
1 cup finely diced celery or chopped cabbage

1/4 cup finely chopped onion
1 cup tomato juice
Salt and pepper to taste
Simmer ingredients in medium-sized saucepan until vegetables are tender. Serve hot. Yield: 4 servings containing no calories.

BORSCH
4 cups soup stock or 4 bouillon cubes dissolved in 4 cups boiling water
1/2 cup grated raw beets
2 tbsps. lemon juice
Pepper to taste

Cook soup stock and beets, covered, in medium-size saucepan 15 minutes; cool; chill. Add lemon juice just before serving; garnish with cucumber slice, if desired. Yield: 4 servings containing total of 10 calories.

ROCK-LOBSTER TAILS
4 rock-lobster tails (about 8 ounces each)
1 tsp. melted butter or margarine
1/4 tsp. onion salt
Salt and pepper to taste

Cut around under-shell membrane of rock-lobster tail with kitchen scissors; remove membrane; bend back tail until back shell cracks to prevent curling during broiling.

Place on broiler, shell side up; broil with top of shellfish 3 inches from unit or tip of heat 6 minutes; turn, brush fleshside with melted butter or margarine mixed with onion salt; sprinkle with salt and pepper; broil about 8 minutes or until lobster is cooked through. Serve hot with Lemon-Caper Sauce. Yield: 4 servings at 160 calories per serving.

ERSATZ SOUR CREAM
1 container (8 ounces) cream-style cottage cheese (small curd)
6 tbsps. milk
1 tsp. lemon juice

Put cottage cheese, milk and lemon juice in an electric blender; cover; blend on high speed about 30 minutes. Uncover; if the cheese is not all blended, stir down and blend about 30 seconds more. Turn into the cottage cheese container or another one; cover tightly; store in the coldest part of the refrigerator for several hours to blend flavors further. Makes about 1 1/4 cups.

4-B Big Spring (Texas) Herald, January 28, 1965

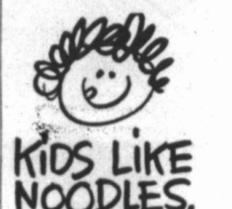

Canned Peaches Have Versatility

There's seemingly no end to the number of ways canned cling peaches go with meat.

Hot: Fill canned cling peach halves with a mixture of mayonnaise, grated Parmesan cheese and Tabasco; broil.

Cold: Fill chilled canned cling peach halves with a mixture of chopped onion and dill pickle, prepared mustard and cream cheese.

Spiced pickled: Heat syrup from a 1-lb. 13-oz. can of cling peach slices with 1/4 cup each sugar and vinegar and a teaspoon each whole cloves, allspice and peppercorns; bring to boil, then pour over peaches in sterilized jar. Cover and cool.

Mothers like Skinner Pure Egg Noodles. They have that good home-made look and taste because they're made with 100% amber durum wheat. Serve Skinner Pure Egg Noodles often. Kids like 'em. And so do grown-ups.

COMET RICE

CHEERS FOR CHERRIES Pretty dessert has low-calorie count

Cherry Snow Is Diet Dish

Perfect choice for a February party, diet-minded Cherry Snow will rate raves from all your guests, slim-Jims and would-be's alike.

In keeping with the modern trend toward serving luscious but low-calorie party refreshments, this recipe has been "de-calorized" to less than half its usual calorie count. Secret is in the use of the natural-tasting, calorie-free sweetener, to replace sugar. With its help, delicious sweetness is achieved without adding a single calorie.

CHERRY APPLE SNOW (Low-Calorie)
2 envelopes unflavored gelatin
1/2 cup cold water
1 8-ounce can artificially-sweetened applesauce
2 1-pound cans water-pack red

sour cherries, drained, and pureed.
2 tbsps. calorie-free sweetener
1 tsp. lemon juice
1/4 tsp. almond extract
2 egg whites

Soften gelatin in cold water. In saucepan, combine applesauce, pureed cherries, sweetener, lemon juice and almond extract; bring to a boil. Add softened gelatin, stirring to dissolve. Beat egg whites until stiff peaks form. Fold in the hot cherry mixture. (Mixture will appear slightly curdled.) Pour into a 6-cup mold; chill until set. (Two layers will form.)

Makes 8 servings. Each serving contains 75 calories; 4 grams protein; 0.5 gram fat; 16.5 grams carbohydrate. If made with sugar, each serving would contain 175 calories.

LBJ's Economic Quotes Pointed Up

WASHINGTON (AP) — Here are textual highlights of President Johnson's economic message to Congress today:

"I am pleased to report that the state of our economy is excellent; that the rising tide of our prosperity, drawing new strength from the 1964 tax cut, is about to enter its fifth consecutive year; that, with sound policy measures, we can look forward to uninterrupted and vigorous expansion in the year ahead."

CITES ADVANCE

"The record of our four past years has been one of simultaneous advance toward full employment, rapid growth, price stability, and international balance. Since 1960 a new factor has emerged to invigorate private efforts. The vital margin of difference has come from government policies which have sustained a steady, but noninflationary, growth of markets."

"The promise of the tax cut for 1964 was fulfilled. Production, employment and incomes jumped ahead. Unemployment was whittled down steadily."

"The task of economic policy is to create a prosperous America. The unfinished task of prosperous Americans is to build a Great Society."

"Purposeful expenditures,

Auto Industry Profits Good Amid Strikes

DETROIT (AP) — The U.S. auto industry ran into rough going in 1964 because of strikes and parts shortages, but still finished the year with near record production and sales figures.

Principal roadblocks in the industry's unsuccessful drive for an eight million unit production year were strikes at General Motors and Ford Motor Co.

General Motors was hit by a month long nationwide strike, followed by a series of local plant strikes. Ford had similar local strikes. The auto industry's labor picture was unsettled from Sept. 25, when the GM national strike was called, until Nov. 23 when the national Ford contract was signed.

The interruptions in auto production came just about the time the industry was getting into full production of its 1965 models.

STOPPAGE HURT

Chrysler Corp., first of the automakers to reach agreement

with the United Auto Workers on a three-year contract running to September 1967, escaped with little labor trouble this year but was plagued by some parts shortages, particularly seat springs, in its early week of 1965 car output.

In general, automotive circles described their 1965 line as "the year of the stylist." This was because in the minds of the motoring public, engineering changes were subordinated to changes in the over-all appearance of the cars.

BIG VARIETY

Buyers were offered a choice of 343 new models by U.S. auto makers. General Motors cars generally featured softer, curving lines and a racy look; Chrysler sharp, crisp lines; Ford and American Motors offered a bit more sweep and roundness, augmenting the cars' crisp lines.

Most models were a bit longer than their 1964 counterparts. The average wheelbase for 1965 was 121 inches and the average length 211 inches. In 1964, the average car had 0.56 inches less wheelbase and 1.9 inches less over-all length.

Basic car prices remained unchanged for the fifth straight calendar year, although there were adjustments in cost of some optional equipment.

HEALTHY PROFITS

In general, U.S. auto makers

rang up healthy profits. The big three producers at the three quarter mark — before strikes had much effect — all reported highest earnings for any nine months in their history.

Chrysler had earnings of \$125.8 million through Sept. 30, Ford of \$463.7 million and GM of \$1.36 billion. The GM figure was only 15 per cent under its all-time peak for a full year of \$1.59 billion set in 1963.

Chrysler Corp., which continued its strong comeback in 1964, continued its overseas expansion as it bought a substantial piece of Rootes Motors, Ltd. of England. General Motors and Ford enlarged their overseas facilities too. American Motors, not yet a heavy foreign investor, shipped or built approximately 17 per cent of its output overseas.

FREE WORLD

Free World auto production for the calendar year was estimated at about 16.2 million cars. This meant a continuation of the trend in recent years in which foreign production was greater than that of U.S. auto makers.

Students of auto industry trends were almost unanimous in predicting that U.S. car output will pass the eight million mark within the next year or two, with auto production of 22 million autos likely by 1970 in the non-Communist world.

Key Points In Message

WASHINGTON (AP) — Here are principal topics covered in President Johnson's economic message to Congress today:

Employment — Additional jobs created during past year for 1.5 million persons. Unemployment dropped from 5.7 per cent in 1963 to 5.2 per cent in 1964 and was 5.0 at year's end. Unemployment during 1965 "should average less than the 5.2 per cent of 1964."

Gross National Product — Advanced from \$84 billion in 1963 to \$82 billion in 1964. Gain of \$132 billion since the first quarter of 1961 represents an average growth rate of 5 per cent. GNP in 1965 should reach about \$69 billion.

Purchasing Power — Average weekly wage in manufacturing is \$106.55, a gain of \$3.89 during 1964 and of \$17.50 since early 1961. Average personal income after taxes is \$2,288, up 17 1/2 per cent in four years. Wholesale prices remain about the same as last year and four years ago.

Consumer prices, which have inched upward at 1.2 per cent a year since 1961, have increased by 1.2 per cent during the past 12 months.

Balance of Payments — Commercial exports have risen more than 25 per cent since 1960, bringing trade surplus to postwar record. Annual dollar outflow from aid and defense commitments has been cut a billion dollars. Special message to be sent to Congress covering balance of payments problem.

Monetary Policy — Pledges to maintain gold value of dollar at \$35 per ounce. Asks Congress to repeal "arbitrary requirement that the Federal Reserve banks maintain a gold certificate reserve against their deposit liabilities."

Taxes — Reports "promise of the tax cut for 1964 was fulfilled" by increase in production, employment and incomes and reduction in unemployment. Urges reduction or elimination of excise taxes worth \$1.75 bil-

lion a year, and says in event of unfavorable economic developments "I shall be prepared to consider additional fiscal action."

Manpower Policies — Urges improvement and expansion of Manpower Development and Training Act, extension of unemployment insurance and coverage of two million additional workers under minimum wage law.

Recession Policy — Says does "not believe recessions are inevitable" and that they can be headed off "if we are able to act promptly." Asks Congress to insure "that its procedures will permit rapid action on temporary income tax cuts if recession threatens." Says in event of recession "it may be appropriate to employ idle or potentially idle resources in sound programs of public expenditure."

Nationalist China Names Naval Chief

TAIPEI, Formosa (AP) — Vice Adm. K.K. Liu was named commander in chief of Nationalist China's navy today.

Liu, 50, succeeded Adm. Ni Yue-si, who was named executive vice chief of the general staff.

Defector Left Apology Note

SEOUL, South Korea (AP) — The U.S. Army said today that Sgt. Charles R. Jenkins of Rich Square, N.C., left a note apologizing to his mother "for the trouble I will cause you" before he defected to Communist North Korea three weeks ago.

"I know what I'll have to do," said the note Jenkins left in his quarters. "I'm going to North Korea. Tell the family I love them very much. Love Charles."

Jenkins was leading a patrol early on the morning of Jan. 5 through a wooded area in the demilitarized zone dividing North and South Korea. He told his men to wait for him, then walked off in the dark. When he failed to return, a search was ordered, but Jenkins could not be located.

The Army confirmed his disappearance and told of the note after North Korea's Pyongyang radio reported the defection. The broadcast Tuesday said Jenkins defected because he was disgusted with conditions in South Korea and believed conditions in the Communist North were better.

Jenkins, 24, is the fourth American soldier to go over to the North Korea Communists since May 1963. He joined the Army in 1958 and was stationed in Korea in 1960-61. He arrived last November for a second tour.

His mother is Pattle Casper of Rich Square.

Iran Seats New Premier

TEHRAN, Iran (AP) — Finance Minister Amir Abbas Hoveida took office today as premier following the death of Hassan Ali Mansour from an assassin's bullets. Hoveida pledged to advance the shah's reform program.

Hoveida made two changes in Mansour's cabinet and presented the new government to the shah. He named Javad Mansour, brother of the dead premier, as minister of state; and Gen. Hassan Pakrevan as minister of information.

Hoveida, 50, kept the Finance Ministry under his own supervision.

Mansour, 41, was shot last Thursday as he prepared to enter Parliament with new agreements with major oil companies on offshore explorations. Police are holding a 20-year-old part-time student, Mohammed Bokharai, as the gunman. They said Bokharai and a small group of Moslem fanatics he headed plotted the assassination.

March Slated In Stanton

STANTON (SC) — The Martin County March of Dimes annual Mother's March will begin at 6 p.m. today.

The march was scheduled for Monday night, but was postponed until today due to the sandstorm. Volunteer workers will meet at the Martin County courthouse in Stanton at 5:30 p.m. to receive identification badges and materials.

Mrs. Udell Morris is chairman of the drive, with Roy Pickett co-chairman and Cecil Bridges treasurer. Following the march, workers will be served refreshments at the courthouse.

Treasury Leaders Urging Caution On Excise Tax Cut

WASHINGTON (AP) — A million or more in the taxes of large corporations through administrative changes in depreciation rules.

—Consideration of income tax revision designed to close loopholes.

Treasury officials prefer a cautious approach to the vast array of excise taxes because of the possible effect on business. While enactment of a multi-billion-dollar reduction would give the total economy a strong stimulus, the expectation of a cut could hurt the sale of some consumer products during the period of congressional hearings, debate, and legislation.

FURS, JEWELRY

A minimum cut would be confined to elimination of the 10 percent retail tax on furs, jewelry, cosmetics, handbags, luggage and similar items. This would not have a great effect on buying habits.

However, if consumers felt the tax would be eliminated on automobiles, television sets, and similar large items enough purchases might be postponed to cause a slump in some industries.

OTHER MATTERS

Other matters which will keep administration economists busy in 1965 include:

- The problem of keeping more dollars at home.
- Consideration of a proposal to eliminate or reduce the silver content of coins to relieve a world shortage of silver.
- A possible reduction of \$250

tries. The saving on a lower-priced automobile would be more than \$250.

Although President Johnson received requests totaling \$108 billion for the 1966 budget, it seems likely that he will trim the total just below the \$100 billion mark.

KEY POINTS

Economy and efficiency in government have been major talking points for Johnson, and administration officials are predicting sharp cuts in the agency requests. Spending in fiscal 1965 is expected to total \$92.2 billion compared to \$97.9 billion the previous year.

The anti-poverty war and other new programs will put added strain on the new budget, but this will be partly offset by sizable economies in the Defense Department.

Exiles Skeptical

MIAMI, Fla. (AP) — Some Cuban exiles are not convinced that guerrilla leader Eloy Gutierrez Menoyo was captured, as reported by Havana radio.

Mental Health Board Asked By Connally

AUSTIN (AP) — Gov. John Connally has recommended a board of mental health to administer a new state agency working in that area.

Under this plan, the present board for Texas state hospitals and special schools would be abolished, and the mental health functions of the State Health Department would be included as part of an overall coordinated program in mental health.

The state tuberculosis hospital board, would be transferred to the health department.

"Equally significant," Connally said in his legislative address, "is the need for community-based facilities to serve patients in or near the communities where they live. I recommend legislation to provide state financial assistance to community and regional mental health centers."

On all programs for mental health and tuberculosis, the governor said, "our emphasis should be upon timely and intensive diagnosis, treatment,

training and rehabilitation so that these less fortunate citizens can be cured or their functions restored to the extent possible."

He recommended that funds be provided to construct two new schools in Corpus Christi and Lubbock, authorized by the last legislature, and that the Richmond state school be expanded to 1,700 beds during the next two-year fiscal period.

Excise Tax Deadline Near

The deadline for remitting Federal excise taxes to Internal Revenue is coming up. Manufacturers, retailers and other taxpayers required to file quarterly Federal excise tax returns, have until Feb. 1, to file returns and pay the tax for the calendar quarter ending Dec. 31, according to District Director Ellis Campbell Jr., Internal Revenue Service, Dallas.

Taxpayers liable for more than \$100 of the excise taxes listed on Form 720 for any month (except the third month of a quarter) are required to deposit full payments in a Federal Reserve Bank or an authorized commercial bank on or before the last day of the month after the month in which the tax liability occurred. Form 720 is available upon request from the Internal Revenue Service.

Senate Takes Up Appalachia Aid Measure

WASHINGTON (AP) — The Senate takes up today the administration's bill to aid the depressed 11-state Appalachian region. Democratic leaders hope to have it on its way to the House by nightfall with ringing Senate approval.

Before the \$1,092,000,000 measure, passed speedily by the Public Works Committee Wednesday, comes up for Senate debate the leaders will seek a vote on an administration bill to tighten control of water pollution. This, too, is expected to pass and be sent to the House.

DIED IN HOUSE

While expressing pleasure that both bills are ready so early, Democratic Leader Mike Mansfield of Montana noted, however, that the last Senate also approved them. They foundered in the House where they were not put to a vote.

The water pollution bill would authorize larger federal grants to help cities build sewage treatment plants, make available \$80 million for a research

program on better methods of handling sewage and strengthen government enforcement of anti-pollution measures.

The Appalachia bill, under study since the first year of the Kennedy administration, is designed to give an economic boost to a \$65,900-square-mile, 11-state area. The Appalachian states are West Virginia, Alabama, Georgia, Kentucky, Maryland, North Carolina, South Carolina, Ohio, Pennsylvania, Tennessee and Virginia.

The bulk of the money in the pending bill would be spent for new highways, but there also would be funds for a wide variety of other programs designed to boost employment and income.

Thieves Beat Dog Problem

GARDENA, Calif. (AP) — Thieves stopped at Hughie Cummings' auto wrecking yard when he bought a watch dog to guard the place — a 70-pound Doberman Pinscher "so vicious," said Cummings, "he even bit me."

But thefts started again Tuesday night, Cummings told Police Wednesday.

Someone stole the dog.

Estes Going Into Court On Charges

EL PASO (AP) — Billie Sol Estes is going to get out of jail again, but only to go before a judge on a pending criminal charge.

Deputy U.S. Marshal Jack Graves said Wednesday night that he and El Paso Sheriff Mike Sullivan will escort the former West Texas farm tycoon to Dallas for a hearing scheduled Friday. Graves declined to say when they will depart.

Estes will go before U.S. Dist. Judge Sarah T. Hughes in Dallas. She will hear motions and confer with counsel as a preliminary to his trial, set for March 1, on a charge Estes lied about his financial worth in qualifying to store surplus grain for the government.

The one-time Pecos promoter was jailed Jan. 19 after the Supreme Court refused to hear his appeal from a 15-year prison sentence for mail fraud and his bond was revoked.

Sullivan said Estes had thanked him for the way he was being treated and remarked that he was "doing just fine."

Estes shares a cell with three other federal prisoners.

Estes received permission to call his wife at their home in Abilene. He reversed the charges.

The sheriff said Estes spends much of the time reading a small Bible. When he reads aloud, other inmates appear quite attentive, Sullivan said.

Estes has been permitted only two visitors: Paul Stone and Stone's wife Erzell. Stone uses Estes' name in an import-export business here.

Term Meted For Murder

WHARTON (AP) — Pedro Quintanilla, 57, a Wharton County farmer, received a two-year prison sentence Wednesday for the pistol slaying of his daughter's suitor.

Jurors convicted him of murder without malice in a trial that lasted only one day.

Quintanilla testified that he shot Alvin San Miguel, 31, on the steps of Our Lady of Mount Carmel Catholic Church last August because he was angry over San Miguel's attentions to his daughter Pauline, 25.

She was talking to San Miguel after mass when he was shot in the chest with a .38 caliber pistol.

Quintanilla already has served six months of his sentence. He has been in jail since Moses San Miguel, a brother of the slain man, was wounded three days after the first shooting.

Moses San Miguel was shot as he drove into the yard of Quintanilla's farm near Wharton. He has since recovered.

Threat Breaks Syrian Strike

DAMASCUS, Syria (AP) — A three-day strike by Damascus merchants against the government's Socialist program broke up today under the threat of seizure and extreme punishment.

Shutters were raised once more in the old bazaar, and shops opened for business.

Although some of the merchants persisted in the strike, it appeared that the right-wing challenge to the leftward course of Syria's Baath party government had failed.

Workers guarded by troops used sledgehammers to break locks on shops that remained closed. Although the government had said it would seize all striking shops, the owners of the stores forced open today were allowed to retain their establishments.

Tuesday, 69 striking shops were confiscated, 11 more companies nationalized, and President Amin Hafez promised a cheering crowd of workers the government would "crush the heads and kill" the enemies of his regime.

An extraordinary military court Tuesday sentenced eight men to death on charges of sabotage and plotting against the state. The sentences have not been carried out, however.

Shell Announces Record Earnings

HOUSTON (AP) — Shell Oil Co. President Monroe Spaght reported record 1964 earnings Wednesday and said prospects are bright for 1965.

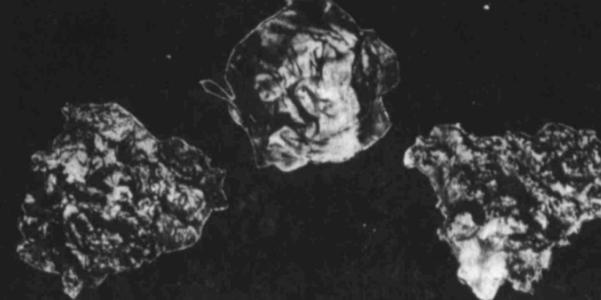

Spaght, from New York City, gave a preliminary estimate of \$198.2 million for Shell's 1964 net earnings, compared to \$179.9 million a year earlier. This is equivalent to \$3.27 per share of common stock, compared to \$2.97 in 1963.

SOMETHING NEW

What Happened In Big Spring Today?

There is always something new happening around town, in the county, state or nation. There is also news and happenings of the events in other nations. The Big Spring Herald is a paper for the entire family, from the youngest of the family to the Grandparents. Besides the informative news of the world, we also carry a complete coverage of the many specials, advertised by the merchants of Big Spring. So, as you can plainly see, anyone can benefit from reading the pages of the Herald daily.

Just for your interest, here are some of the types of news covered by the Big Spring Daily Herald. There is always news to interest the people of Big Spring regardless of their position in the community. We cater to the doctor, lawyer, merchant and chief. There is news to interest the oil men, the cattle men, the farmers, store managers, and even the teenagers get into the act with complete details of the events taking place on their campuses by reviewing the past week on the School Page in the Sunday issue of the Big Spring Daily Herald. Remember, in order to keep up on the latest of happenings in and around your community, be sure to read the . . .

Ocean Floor Drilling Spot Near Hawaii

WASHINGTON (AP) — An ocean area near Hawaii has been tentatively selected as the site for the historic attempt to drill a six-mile deep hole into the earth through the ocean bottom, the National Science Foundation announced today.

Drilling is expected to begin in 1968 at the earliest, the foundation said.

But preliminary, shallower drilling with scientific import of its own is expected to begin early in 1967 at six other sites in the Pacific. Drilling of the major hole is expected to take up to three years.

It's all a part of a venture known as "Project Mohole" — an attempt to gain knowledge of the earth's origin, structure, minerals-making and earthquake-brewing. The operation is expected to cost \$70 million in the first three years, including the cost of major equipment, and \$8 million a year thereafter until the job is done.

Dr. Leland Haworth, foundation director, said the foundation's "initial" decision to select the Hawaiian site was made on the basis of scientific information presently available.

He said this decision could be changed "should new information indicate that some as yet unidentified site would better fulfill our scientific objectives."

But other spokesmen for the foundation told a reporter it is highly unlikely a better spot will be uncovered before drilling begins.

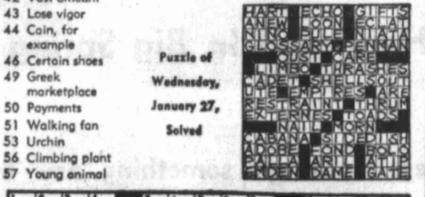

The Hawaii site is about 100 miles north-northeast of Maui in the Hawaiian Islands.

Mold Research For Grain Pushed

WASHINGTON (AP) — The Agriculture Department plans to broaden its research on a problem of mold accumulating in stored peanuts and grains if sufficient money is provided by Congress this year.

Connally Plan Passage Seen By Panel Head

AUSTIN (AP) — Rep. W. S. Heatly, Paducah, chairman of the House Appropriations Committee, said today he felt each item in Gov. Connally's joint legislative address had some merit.

"I think a large portion of his program will be enacted," said Heatly, "although it may not be in the exact form as he has requested."

Another committee chairman, Rep. Ben Atwell of the House Tax Committee, said "generally I endorse the whole program."

Heatly said he particularly liked Connally's proposal for three systems of colleges and universities. Atwell also said "I'm very strong for the higher education program."

Five Requirements For Dependents

Five requirements must be met to claim an exemption for dependents other than the taxpayer's children on the 1964 Federal income tax return, Joseph P. Gordon, administrative officer of Internal Revenue for the Big Spring office, explained today.

The dependent must (1) have received less than \$600 gross income; (2) have received more than half of his support from the taxpayer; (3) not have filed a joint return with wife or husband; (4) be a citizen or resident of the United States, or the Republic of Panama, or the Canal Zone, and (5) either have been a member of the taxpayer's household for the entire taxable year, or be closely related to the taxpayer.

Document No. 5013 which furnishes more detailed information on this subject is available upon request from the Internal Revenue Service.

Indian Turns Self To Torch

NEW DELHI, India (AP) — An Indian soaked his clothes with kerosene and burned to death in Madras today in the second fiery suicide protesting the change from English to Hindi as India's official language.

miles down the coast of the southeastern state, a college student was killed and another critically wounded when police opened fire on a rioting mob.

Despite pleas for calm by Prime Minister Lal Bahadur Shastri and other leaders, violence erupted for the third day in the port city of Madras and elsewhere in the tropical Tamil-speaking state. Hindi is almost unknown there and is a hated symbol of north Indian political supremacy.

A Hindu committed suicide Tuesday in Madras by burning

Filmland Adds Wax Museum

By BOB THOMAS
HOLLYWOOD (AP) — Now the tourists on Hollywood Boulevard will have something to look at beside the Grauman's Chinese footprints and the stars in the sidewalk.

An enterprising India-born Canadian named Spooey Singh has installed at Hollywood Boulevard and Highland Avenue a new attraction called Tussaud's Hollywood Wax Museum. Though it has no connection with Madame Tussaud's, the California version has the same mixture of gore and famous figures.

PREVIEW TONIGHT
The museum throws open its doors Friday. Tonight there is a preview, with "bloody marys and horror d'oeuvres" being served. To avoid the crush of free-loaders, I dropped by for a preview of the preview.

The curator of the museum, a motherly lady named Vera Grahn, was tending to last-minute touches — a spotlight here, a missing head there. She is an old hand at wax museums, having installed them in San

Francisco, Vancouver and at the Seattle World's Fair. With ill-concealed delight, she showed me through the chamber of horrors.

GLAMOR SECTION
I stepped over a bundle of bones and followed Mrs. Grahn to the glamor section of the exhibit. Here were the Hollywood greats of past and present.

We were joined by Mr. Singh, a full-bearded, turbaned Indian who has prospered in logging and sawmill enterprises in British Columbia. He explained that the lighting would be dimmer, to allow viewers more exercise of imagination.

The tour continued through the famous figures of history — Churchill, Roosevelt, Stalin at Yalta; a panorama of American presidents — "Kennedy and Johnson arrive tomorrow"; Queen Victoria, Disraeli, Gandhi, Art Baker.

Art Baker? What's he doing there? "He narrates the final scene of the Last Supper," Singh explained.

Road-E-O Set To Help MOD

Sunday from 1 to 6 p.m., a March of Dimes Road-e-o will be held at the College Park Shopping Center. All proceeds will go to the Howard-Glasscock Counties Chapter of the National Foundation for Birth Defects, according to Wade Choate, chairman.

Sponsors for this event is the Koffee - Breakers Citizens Band Radio Club. The Road-e-o is a competition of skill and techniques in driving and parking on a special course. Contestants will be in two classes of cars—large and small or economy and stock cars. Cost to contestants will be \$1 each.

The event is free to spectators and contributions to the March of Dimes made will entitle the donors to draw for prizes which will be held every hour. Anyone can enter the Road-e-o and there is no age limit.

Added attractions will be clowns and concessions with all profits going to the March of Dimes. Anyone wishing to enter should call Mrs. Donna Robertson, phone 394-3213 or Wilcox Radio Shop 394-3172.

12-B Big Spring (Texas) Herald, Thurs., Jan. 28, 1965

Presidential Disability Agreement Is Unchanged

WASHINGTON (AP) — President Johnson and Vice President Hubert H. Humphrey have put into effect the same agreement on presidential disability which their predecessors have had since the Dwight D. Eisenhower administration, the White House said today.

Nothing has been signed, no letters have been exchanged, but the agreement was worked out before the Jan. 20 inauguration. This was the report from

White House press secretary George E. Reedy.

Reedy said the pact is identical with those between Eisenhower and his vice president, Richard M. Nixon, between the late President John F. Kennedy and Johnson when the latter was vice president, and between Johnson and Speaker of the House John W. McCormack.

The agreement provides that in the event the president is unable to perform his duties, he would inform the vice president, if he were capable of doing this, and the vice president would become acting president until the inability to perform his duties ended.

Should the president be unable to communicate with the vice president, the latter would enter such consultations as he considered appropriate to decide, and become acting president if he determined this to be necessary.

In either event, the president would decide when his inability to perform his duties had ended.

Reverend Leon Wyss
NAZARENE REVIVAL
JAN. 25-31, 7:30 P.M.
Rev. Leon Wyss is the special speaker and singer for the Revival at the Church of the Nazarene, 1400 Lancaster. The meeting is sponsored by the youth of the Church. Each service will be filled with special music, spiritual songs, choruses, and a dynamic message from God's Word by Mr. Wyss, who has a unique delivery which appeals to both young and old. The date is January 25-31, 7:30 each evening, except Sundays (10:45 AM & 7 PM).
