### Serenity Now **Likely Over For Congress**

WASHINGTON (AP) — The domestic tranquility of Presi-dent Johnson's relations with the 89th Congress is about to be sundered by arguments over forthcoming legislation.

Under constant prodding from the President, the Senate got off to its speediest start in years. But the House hasn't been as diligent in passing bills and the Senate has about run out of retreads-measures similar to those it passed last year but on which the House didn't act.

**TOUGH ONES** Now comes the tough ones; bills which are certain to arouse considerably controversy. The considered judgment of Senate Democratic Leader Mike Mansfield of Montana, as expressed in an interview, is that the pace established in handling four major bills can't last.

"We are arriving at the period when new matters have to be considered and some of them are going to be very controver-sial," Mansfield said. "We will work as speedily as we can, but we can't keep up the pace we have set."

The Senate has passed bills to provide aid to the Appalachian area, to combat water pollution, Set For Trial This Week area, to combat water pollution,

two liquor regulation bills, but a third-which would permit wholesalers to sell malt liquor and ale directly to consumers -met stiff opposition.

All three measures went to a

Several package store operators told the House Liquor Reg-ulation Committee they favored Rep. Dewitt Hale's bill to close their stores two hours earlier, at 8 p.m.

There also was no opposition to Rep. Bill Rapp's proposal to let breweries circulate one brand of ale, malt liquor or beer without a label inspection fee but charge an annual \$500 fee for additional labels.

Rep. Gus Mutscher of Brenham had trouble with his bill. James Leggett of Fort Worth, representing the Texas Retail Package Store Association, said the measure would "put the wholesaler in competition with us on ale and malt liquor. They are already selling beer off the docks to consumers at the same price they're selling to us." Another retailer said the measure was for the benefit of wo or three distributors in each town at the expense of thousands of retailers.

### HE SPENDS MORE TIME AT HOME **Turner Finds Being Aide** In Cage Game More Fun

#### By HARDY PRICE

Why does a successful coach turn his back on a head coaching position and accept an assistant coaching slot?

"It was taking too much time away from my home," was the answer given by Verdell Turner assistant basketball coach for the Howard County Junior Col-Jege Jayhawkers.

During a four year tenure, 1954-58, as head coach of the Schreiner Institute basketball jeam, he won 65 per cent of his games

In 1958 Turner returned to his alma mater, Texas Tech, on a teaching fellowship to receive his master's degree in math. Upon finishing his work he remained at Tech for two years as a teacher in the math department, before coming to HCJC in January of 1961.

VERDELL TURNER

"I have always enjoyed coaching and I like the combination here real well," said Turner. Beside his duties as assistant coach, Turner teaches five math

classes Turner began his basketball career in Lubbock, playing for Lubbock High during the years 1944-47. Although his team never won district, Turner was a regular for three years and his last two years was chosen alldistrict center.

He then attended Texas Tech, where he played on the fresh-man five in the 1947-48 season. Laying out during the 1948-49 school year, Turner returned in 1949 to become a sophomore starter for Tech.

His coach was Polk Robison now athletic director at Tech, whose team played in the old Border Conference. During his sophomore year his position was changed to forward and for three years he failed to start in

only four games. Tech's loftiest finish in the conference was second. Turner was named to the second team all-conference squad his senior year. While at Tech he ma-jored in Physical Education and minored in math.

After graduating from Tech in 1952, Turner accepted a po-sition as math teacher and Bteam basketball coach at Perryton.

At mid-term of his first year Turner took over the varsity. He stayed at Perryton for two years and his record there, "was not good enough to talk about.

In 1954 he went to Schreiner. His first season there his team ended the year with a 19-4 record. "That was my best season," he recalled. His team was in the old Pioneer Conference with San Angelo, Arlington, Wharton and Tarleton.

"Two years we were run-ner-up to Angelo and the third year to Arlington," said Turner. Besides coaching the junior college basketball team at Schreiner, Turner also taught math and coached the high school football team.

Of basketball Turner says that teamwork is the key. "But there is no substitute for desire and determination. If you have those two you have teamwork," stated Turner.

Looking back on his playing days Turner recalls one game that stands out in his memory. In 1951 North Carolina State was ranked number four in the nation.

Tech was also ranked, but Turner does not recall just where. "We played them in Raleigh and beat them two points. It was the game of the week and was broadcast nationally. They sure didn't like it," said Turner.

Another game Turner remembers was against Arizona State in Phoenix. His jaw was broken during the game.

A native of Arkansas, Turner came to Texas with his parents in 1935. The 36-year-old coach and his wife Beverly have three children, Treva 5, Kent 4 and Dana 3.

"An athletic program is vital to an education. Kids learn teamwork, victory as well as defeat and how to get along with others. It's all teamwork, said Turner.

#### LOOKING 'EM OVER

### Newsmen Blame The Racists

#### By TOMMY HART

Louisiana newsmen in for the Houston baseball bash last week said the decision of the Negro athletes to create an incident before the American Football League's All-Star game at

New Orleans was planned a long time in advance by the NAACP in order to humiliate a great city, that the NAACP made use of one of the league's bad actors to head the cast and added that the weak-willed AFL front office hurt both cities in voting to move the game to Houston . . . Our informants also insisted that they like money so well that no New Orleans

night club owners

would ever turn away customers, no matter what the color of his skin might be . . . Satchel Paige, the venerable Negro hurler, popped up for the press party held in the Houston domed stadium Monday and said he could have lasted another ten to 12 years in such an arena . . . Howie Pollet, former St. Louis Cardinal coach, now on the Houston staff, said of the Red Birds' sweep to the National League championship last year: "We had our 'off' days happening at the right time the last two weeks of the season, giving our pitchers the proper amount of rest. The Phillies didn't get the same break" ... Manager Lum Harris of the Astros raised a few eyebrows when he said he wouldn't be surprised to see Milwaukee win the National League pennant this year . . . Paul Richards, general manager of the Astros, stated he thought Milwaukee would be in a much better bargaining position for another major league team if the city let the Braves move to Atlanta this year . . . Richards also said that he believed science could develop an artificial grass better suited to baseball than real turf, that the artificial grass available now had bet-

**Carroll Shelby** 

ter traction than growing turf . . . The Hous-ton club clubbed only 20 home runs over the right field fence in their old stadium over a period of three seasons.

Asked who they regarded as the better baseball player, Willie Mays or Hank Aaron, the Houston players present for last week's party leaned toward Aaron, for the most part Don Nottebart, the Colt hurler, said he preferred to face Mays at the plate in a clutch situation . . . The Astros also said that Frank Robinson of the Cincinnati Reds also deserved a place right at the top in any list of National League greats.

The 1965 Big Spring Junior High Track and Field Meet has been cancelled, due to a lack of suitable dates, but it will be resumed next year . . . About the only time the cinder show could be held this year is on April 17 and that falls on Easter weekend . . . One of West Texas' better known amateur pugs is turning pro shortly . . . Benny Kirkland and Rickey Earle, Big Spring footballers, are visiting East Texas State College at Commerce on invitation this weekend . . . Several coaches expressed surprise when Kenneth Watson rather than Flop Jackson was hired as Bum Phillips' coaching successor at Port Neches recently . . . When basketball teams of Sands and Flower Grove get together, form usually goes out the window . . . With a playoff between boys' teams of the two schools looming, it might be prudent to look at the record: Sands has beaten the Dragons three times in four starts this year, and both times in conference play . . . Floyd Patterson softened his story about carrying an injured hand into the George Chuvalo fight. He learned he could lose his license for failing to report it to the New York Boxing Commission . . . Patterson and Chuvalo will earn considerably more loot for that replay of their fight you'll be seeing on TV today . . . Patterson will get 321/2 per cent of the loot, Chuvalo 20 per cent . . . At \$40,000 a year, Meadowlark Lemon is already making more than the Harlem Globetrotters ever paid Goose Tatum . . . Steve Herron, the Rotan football phenom who appeared in a playoff game here two years ago, quietly transferred from Texas Tech to Howard Payne at midterm.

### **Bisons Claim** Second Place In 5-A Chart

4-8 Big Spring (Texas) Herald, February 14, 1965

PLAINS-The basketball seaon for District 5-A is over for another year with Seagraves the district champ with an 8-2 record.

Stanton is runner-up with a 6-4 record. Three teams, O'Donnell, Plains and Tahoka, are tied for third with 5-5 records and Wink holds the cellar position with a 1-9 record. Stanton closed its season on a

winning note Friday by downing Plains 70-56. Dink Polson was high man for the Bulldogs with 22 points. Lowe hit 11 for Plains. Stanton trailed at the half 34-26, but poured in 44 points in the last half to take the victory. Stanton also won the B-team game 48-45. Carl Holloway hit 17 for the winners while Roy Rollins had 11 for the losers. The B-team has a 17-1 record With four games remaining. ### **Buie's Stars Booked Here**

Boyd Buie's Harlem Stars will meet a group of Big Spring All-Stars in a basketball exhibition at 8 o'clock here Monday, March 15, in the high school gymnasium

Admission prices have been pegged at \$1 for adults and 50 cents for students.

In reality, two games will be played that night. The 7 p.m. open will pit the high school faculty against the junior high teachers.

The entire show is being sponsored by the Junior class, with proceeds going to class projects.

The Stars have been drawing well all over the country.

Buie is a one-armed wizard who amazes the spectators with his court feats. The Stars conacumen.

tember and will play in about 40 states before they're through for the year, as well as several foreign countries.

Buie himself stands unique in a game where the loss of an arm and the subsequent loss of balance and dexterity invariably proves to be an insurmountable obstacle.

Imagine trying to dribble around on a fast break with one arm, or taking a lightning pass at top speed for a lay-up shot. Buie does it all so gracefully that at first a spectator doesn't realize he is short one arm. Buie formerly played with the Harlem Globetrotters. He cut out several years ago to organize his own team.

Among others playing with the Stars are Taylor (Loudthe Stars are Taylor (Loud-mouth) Billingslea, a real clown on the courts; Henry (Brick-head) Johnson, who can palm a basketball in each hand; Cur-tis (Youngblood) Williams; James (Big Daddy) Batiste and Babby Los Hill

Bobby Joe Hill. Williams stands 6-5 and hails from California. This is his

bra Ford race cars he builds Ford. The firm turned out 750 of the

sleek little Cobras last year, all but 150 of them for street driving. Those built for racing went to tracks in a dozen countries and into Shelby American's own extensive run at the world road racing title.

Shelby, showing some grey in his tousled hair, has been around race cars virtually all of his life. He first went to a race track at the age of four.

He was sweeping out a garage in Dallas, where he was born, at seven. At 13 he was driving sprint cars.

centrate on comedy rather than third season with the club and comes out," he says. "When I he is rated a very funny fel- was a little boy I already had They began their season in low, as well as a talented play- made up my mind to build my Alaska the last week in Sep-er.

"I learned early that in racing, it's not how fast a car goes **CURTIS WILLIAMS** into a corner but how fast it

racing championship in 1964 and had warned Illini Negro athletes title gone to an American-built "to limit their coeducational BRONTE - Bronte's Longracer. And the team came with groes." The coaches were not winning note by taking a 81-61 win over Water Valley here Shelby, a race driver himself David D. Henry, university Friday night in a District 83-B

Shelby, a race driver himself until four years ago, has his president and a university ath headquarters in a sprawling president, and a university ath- Tad Richards lead the Longlex in this city near Los letic spokesman, both declined horns with 25 points. Barney Angeles. In 1964 he did nearly to comment on the resolution Sisco hit 23 for the losers. Bronte \$7.5 million worth of business- because they said they had not also won the girls game 71-54 nearly \$5 million cf it in the Co- seen it, and the B-team game 61-16.

### minnflo adds springtime freshness

NNESP

Fresh . . . colorful . . . delightful . . . your home can blossom with new glamour when you apply Minne-sota's amazing Minnflo Latex Flat Wall Paint. You save nearly 25%, tool Best of all, Minnflo is easy to apply-covers in one coat, no drips or runs and there's no objectionable odor. Dries fast, too. Easy water cleanup. Over 1200 colors to choose from . . . colors just right to give weary walls Springtime freshness.

Published as a public service in cooperation with The Advertising Council and the Newspaper Advertising Executives Association.

surrounding communities. Dad can always find out how his favorite team played their last game or find just the items he has wanted to buy. Mom, of course, can read the many feature items on new recipes, or find out how that special garment was made that she saw someone wearing last week by reading the society section of The Big Spring Herald. She can also do her shopping at home by reading the advertisements in The Herald, therefore saving her time and energy. Let's not forget the young folks in the family. They can be entertained with the comics in The Big Spring Daily Herald every day, with the comics in color every Sunday.

### DRAWINGS OFF THE BOARD Texas Oil Museum To Be **Built On Ranger Site**

32,763,141

RANGER, Tex. (AP) - Preliminary architectural drawings of the proposed Texas Oil Museum to be built in Ranger tentatively on a 25-acre site south of the city on the old hand-laid brick highway once known as the "Broadway of America" - have been completed.

Charles Fox, executive director of the project, said copies of the plans have been shown to oil industry leaders in the Fort Worth-Dallas area.

Site for the museum, now owned by the Ranger Chamber of Commerce, would later be deeded to Texas Oil Museum, Inc., an independent, non-profit corporation formed here last

According to preliminary plans of Earl E. Koeppe, Fort Worth architect, the museum edifice will be 250 feet from end to end with an open entrance 44 feet wide separating two exhibit buildings each 106 x 50 feet.

A second floor housing an office, lounge, conference room and kitchen will be located over the center of the structure.

FIVE OIL DERRICKS Outstanding features of the museum design are five aluminum oil derricks which will protrude through the flat roof. A 66-foot derrick with a 20x20-foot base will be in the center over the open entrance area. Stairs to the second floor would be built inside the base of that

derrick. Two smaller derricks, each 40-feet high, are shown on each of the two exhibit buildings. Their bases, 10x10 feet, would be glassed in from the floor to ceiling, with flowing water fountains and floral displays inside.

Flood lights will be erected on the crowns of the five derricks to light the front area and also the large block-long mall at the rear. On each side of the mall will be erected replica buildings of the old roaring oil boom era as seen in Ranger and neighboring cities and communities in the field, scene of one of the most fabulous and highly-publicized petroleum ex-plosions in the history of the industry.

#### **OLD RIGS**

At the rear of the mall and at the end of the historic boom town block will be an old cable tool rig and other pieces of oil field equipment used during the peak of the early oil play in this area.

Fox said that the cost of the oil museum building has not yet been determined. James Van Gorder of Fort Worth, wellknown engineer, will make a determination of cost in the near future.

Fox said, oil industry lead-ers will be shown the prelimi-nary design plans and as a re-sult some additional changes may be made.

Fox said the cost of the building probably would be about 1 million dollars.

a study of the amount of moneys being spent in the program. "We are always interested," he added, in any energy source that could at some time in the not distant future replace oil as a source of energy and therefore, as I have said before, have already taken steps to help in whatever way possible to help stop the flow of govern-ment capital into this program." W. E. Turner of the Texas Independent Producers and Royalty Owners Association replied the proposal was being transmitted to the chairman of the group's legal and engineering committee for evaluation and that it may be "given an airing" at the next policy session.

his neck We don't have any.

We know a lot of people are leerv of used cars because many of them look over-used and over-priced.

Ours are clean, bright and thoroughly reconditioned. We can sleep at night after we make a sale.

What about prices?

They're not rock bottom. But they're fair.

Still, we know that if you can beat our deal you'll go elsewhere. We're not about to let that happen.

Why not let us show you a great used-car lot in action. Take advantage today of our Seventh-Week-in-Business Celebration Special."

#### 4-C Big Spring (Texas) Herald, February 14, 1965 Class Has Program **On Prayer**

Sixteen members and a guest Miss Nell Brown, were present for the Berta Beckett Class luncheon and program at the First Baptist Church Thursday. Mrs. L. S. Patterson worded the invocation prior to the meal. Mrs. H. H. Squyres was in charge of the devotion which placed special emphasis on prayer. She chose the model prayer, "The Lord's Prayer" as the foundation of her devotional thoughts. The speaker also read excerpts from Dr. John R. Rice's book, "Giving and Receiving." The author is associated with Decatur Baptist College.

Mrs. Patterson gave a resume of a story "The General Next to God," by Richard Collier which ran recently in Reader's Digest. Mrs. Daisy Smyth lead in prayer for class members who are ill.

During the business session which was presided over by Mrs. J. P. Dodge, it was re-vealed that the class had contributed \$35 to the Lottie Moon Mission offering

The March 11 meeting will be held at the church and will also be a luncheon.

#### Sweetheart Meal **Given For Group Of Baptist Youth**

### Miss Beverly Horn Weds In Webb Chapel Ceremony

#### MRS. DAVID MOHN

#### Meet Madame President

Mrs. Sam Mellinger is being cited this week as president of two organizations, the International Wives Club and the Lawettes. The former is a social group that is made up of women born and reared in other countries who are now making their home permanently, or temporarily, in Big Spring. Many of the women have husbands stationed at Webb Air Force Base.

The Lawettes' membership is composed of women who's husbands are either active or reserve police officers.

Mrs. Mellinger was born in Morocco, the daughter

of Mr. and Mrs. Albert Skerran who now make their home in Tel Aviv, Israel. She attended schools in Morocco and later went to junior college in Paris, France. She was a student at La Boutique, a modeling school there, and returned to Morocco as a part time model

She came to New York in 1959, and came here to see a friend who's husband was stationed at Webb AFB when she met her future husband. She and Mellinger were married July 17, 1960, and they have one son, Victor Michael, 2.

The Mellinger family lives.

### HD CLUBS Club Members See Skit On Poison Gas

A skit being given this month the next hostess will be Mrs. Did You Have Your Last Checkat area Home Demonstration Lloyd.

clubs is entitled, "Foolish Kates at the Pearly Gates." The short play stresses that the mixing of cleaning agents can be deadly. CENTER POINT CLUB The Center Point HD Club Mrs. Carl Hollingsworth, Mrs. Ernest Lillard, Mrs. L. J. Da-

It stressed that bleaching agents or solutions should never be mixed with toilet how clean. be mixed with toilet bowl cleaners, ammonia, lye, rust remov-

er, vinegar or oven cleaner. To play it safe, it was suggested that the bleach not be mixed with any other cleaning agent because poison gases may be liberated that can cause serious injury or death.

LUTHER CLUB

The skit was presented Thurs day for the Luther HD Club in the home of Mrs. John Blackburn where five members took part. The devotion was by Mrs. J. L. Lloyd, and Mrs. Pauline Hamlin was named nominee for delegate to the district meeting April 27 at Tahoka. Mrs. W. E. Coley, Winters,

was welcomed as a visitor and

school cafeteria.

SHOWER SET FOR FAMILY

The public is invited to attend a miscellaneous shower at 2:30 p.m. Thursday for. Mr. and Mrs. Ralph Flowers whose home burned this month. The shower will be held in the Salem Baptist Church where women of the R-Bar and Coahoma communities will serve as hostesses.

visitors were introduced as Mrs. H. S. Hanson and Vickie Lillard. A report was heard from Mrs. Vernon Kent on the council meeting. Refreshments were

served to 12 members and the visitors, and the gift was won by Mrs. Davidson. Mrs. Griffith will be hostess to the group Feb. 23.

FORSAN CLUB Mrs. Gordon Hodnett was hostess to the Forsan HD Club Thursday when Mrs. Delaine Crawford was the guest speaker. The women planned to furnish 500 cookies which will be served March 3 to patients at the Big Spring State Hospital.

The next meeting will be Feb. 25 with Mrs. Lewis Sales when Mrs. Crawford planned to Father's Night Noted when Mrs. Crawford planned to return to finish a demonstra-tion.

#### A Devotional For The Day

Blessed are the undefiled in the way, who walk in the law of the Lord. (Psalms 119:1)

PRAYER: Eternal Father, we are grateful that Thou didst create us and place us in this world that is held together by Thy divine laws. We are grateful that Thou didst send Jesus Christ to fulfill the law and to write it within our hearts. Open our hearts and the hearts of our nations to Thy will. In Christ's name. Amen.

(From the 'Upper Room')

#### Time To Take A Look

Although there are some plans be-ing considered for separating lanes of traffic for the stretch on FM 700 east past Goliad, it is not too early to give some serious thought also to the matter of some control for the Goliad-Marcy (FM 700) cross traffic.

Marcy is carrying an increasing amount of traffic, which necessarily moves at a lively clip to fulfill its purposes as an arterial road. There is reason to believe that with the completion of the Highland Shopping Center, the flow may become even more intense

**Opening of Highland South Addition** and its increasing development has made Goliad a heavily travelled

street, a through artery from South Mountain northward to the downtown area

The speed of traffic on Marcy, plus the slope of the approaches to it on either side from Goliad, make crossing and turning an extremely hazard-ous business. This is compounded occasionally by two lines of traffic ap-proaching from Goliad in which one lane is almost completely blinded to what may be coming down Marcy. This has all the ingredients of a dangerous situation which will of its

own accord only become more pre-carious. Perhaps the time has come to sit down with state highway people and discuss this situation.

#### We're Doing Better

Final figures from the tax collectors office show that 7,561 qualified as voters for 1965. Because over-age exemptees living outside of Big Spring do not have to obtain exemption certificates, the potential voting strength may be somewhat high-

While this total is only about 75 per cent of what it was a year ago when a presidential election was coming up, the final figure is gratifying. It would be wonderful if we could have as many qualified voters any year as we have in presidential election years, but not all people cherish their right to vote that deeply. However, to have nearly 8,000 persons able to lift their voices on any decision that might come up this year is reassuring. We are doing better all the time, and we stand to have more representative expressions from

the populace.

#### David Lawrence Time To Break With Moscow

WASHINGTON - The United States has every justification for severing diplomatic relations with the Soviet Union and sending home all personnel of the Russian embassy in Washington. Not only has the American embassy in Moscow been stoned and the safety of American diplomats jeopardized-with the full approval of the Communist regime itself-but the Soviet premier has pledged military aid to the North Viet Nam government, which has been attacking and killing American citizens.

AMERICANS ARE in South Viet zitimate mission-at the

tack on the United States embassy. This is an act which destroys what-ever faith had been placed in the friendly intentions of the Soviet government. It is difficult to see how President Johnson now can carry out any plans for a visit to Moscow. How can there be improvement of "cultural" relations or other exchanges as long as the Soviet government is sending arms and supplies to the North Vietnamese to kill American citizens engaged in defending the South Viet-namese government, whose independence was supposedly guaranteed by the Communists themselves?

THE SEVERANCE of diplomatic

In his state-of-the-dollar message to Congress, President Johnson was most persuasive when he said: "The strength of the dollar is backed by the world's most productive and efficient econ-

omy . . .; the world's largest supply of gold. . .; the world's strongest creditor position. . .; the world's most favorable trade position.

No sober, thoughtful interna-tional banker, businessman or economist - surveying the wealth of the United States could come to any other conclusion. . .

We were at dinner. Both the

Bumped into Dan Cupid the other day. "Hi-ya, Kewp," I said airily. "How

are the old slings and arrows of outrageous fortune?" Kewp is not one to take his work

lightly. On the contrary, pretty serious bout it all.

"DON'T BE tossing phrases at me," he said. "I keep busy, although things aren't what they used to be."

"Seems to me I've heard that one before, too, old buddy," I replied. "But before we get into your prob-lems may I say that you look older than you did when I last saw you. Jowls drooping a bit, there, and a bit of a paunch, pal."

"Humph! May I say that, in es-sence I am a mythological person, and what you see could be a reflection of yourself. How come your forehead is so much higher, and what kind of muscle is that dripping over YOUR belt?

"HAPPENS TO ALL of us, chum, if we stick around, you know," I tried to pass that one off. "Mythological, eh? You going to try to give me the Santa Claus bit?"

"Well, you could do with a little of the faith of children," he said.

"ALL RIGHT, all right," I replied. "Skip it. I accept the fact that you have love potion in your armament, and that when you hit the kids they usually stay hit. You and that guy Mendelssohn sure have done a lot for the wedding business. A couple of things have puzzled me, though. Why is it you show up only in the dead of winter, and at that, rather scantily attired, if I may put it modestly?" He replied, "You have got to get back to the Santa Claus bit on that one. He's busy all year, you know, only shows on Christmas. I am on the firing line—if you follow that—all the time. It just happens that Valentine Day is my day. Everybody has a spe-

cial day or week, you know. National left-handed screwdriver week, national dog food week, national come in out of the rain week, and all that sort of thing. This is my day."

"CHECK, KEWP," I said. "Mow em down as fast as you like. Though I would think you would have a little trouble in these West Texas dust storms.

"Oh, I know how to allow for wind-

age," he said haughtily. "And a good thing, too," I told him. "Else there would be no love in these parts. But you said things aren't what they used to be. Aren't young lovers the same? What's your problem, pal?"

"WELL, IT used to be easy to hit 'em when they were strolling down the garden path, or sitting in the movies together, or rocking in the porch swing, or even driving in a buggy. Today-everything is so fast. The prospective lovers are zooming around in cars, jetting all over the country, spilling themselves on skis. I tell you, takes the fastest arrow in the west to wing 'em."

"Aaw, Kewp," I offered. "You gotta keep up with the times. That old bowstring looks like it's been used a million years. Develop yourself a missile arrow. Put a little jet engine where the feathers are. Get yourself in the space age."

"LOOKS LIKE I'll be forced to. The exploding population has been no help, either. There are so many more targets. A fellow just can't keep up any more

"Uh-huh, I told you, you were get-ting old," I quipped. "Why don't you retire and let some younger Cupid take over?"

"We mythological folk never re-tire!" he exclaimed. "Love is here to stay, didn't you know?" "Yeah, I hope so," I said.

-BOB WHIPKEY

#### Art Buchwald The Junked-Car Standard

WASHINGTON - President Johnson is trying to beautify America. President De Gaulle is trying to make us go back on the gold standard. Fort Knox is in terrible shape. What does it all mean?

It means the United States has to find something besides gold to support its currency.

THE ANSWERS has been staring all of us in the face for years. The biggest problem America faces today

with junked cars to kingdom come. No one could ever catch up with us. At first there may be cries of dismay from our allies. The French will complain that since their cars are so much smaller than ours they would suffer financially from a junked car standard.

THE SWISS, on the other hand, would complain because everyone would be sending their junked cars to Switzerland to be deposited in their numbered accounts. The British and Germans would have to go along with us, particularly had long bee the needs of l if we hinted that the junked car standard was aimed at wrecking the French economy. The Italians never junk their cars. lads in remote organization Scouts, orga We would have to give them long Scouts of Am term junked car credits. BUT THE ONES who would be standard. He will give everyone 30 days to bring in their junked cars. hurt the most would be the Russians and Chinese, who have no junked During that period he will order the cars at all to speak of. Economists whom I discussed the idea with can't see any flaw in the

ganization for

request of the existing government. The attacks on them are, therefore in violation of international law and constitute a flagrant act of war by the North Viet Nam government. Since the Soviet Union lines itself

up with a government which has made war upon American troops, the question now arises whether reprisals or retaliatory actions against the North Vietnamese will be adequate. For the real enemies are Red China and the Soviet Union, both of which have come out in the open in support of the military operations against an independent government in South Viet Nam.

THESE ACTS of aggression will unquestionably continue and aggravate the situation further unless the United States is ready to call for a showdown between this country and the Communists. What is needed is action by the entire Western Alliance. There certainly is little to be gained by the United States in continuing to supply economic, military or financial aid to countries which are unwilling to take the side of the United States and present a united front to the world against aggression.

There have been in recent months various plans to expand and enlarge trade relationships between the United States and the Communist-bloc countries, which means, of course, that products which are forbidden to be transported directly to the Soviet Union and Red China are then shipped indirectly to those same countries.

MANY BUSINESSMEN, both in Europe and the United States, who are mostly interested in making money have been arguing that trade with Communist areas should be expanded. But this trend developed before the wanton attacks on Americans in South Viet Nam and on the American embassy in Moscow. Under present circumstances, an economic embargo becomes a logical weapon in order to force some kind of international cooperation that will restrain the enemy from further acts of aggression.

MORE IMPORTANT, however, than any other factor is the treachery committed in Moscow, where the government itself instigated a mob at-

#### **Billy Graham**

It is impossible for me to go to church as there is none near where I live. Is there any way I can do my duty as a Christian and join in fellowship with believers? R.D.S.

The church is the normal center for Christian fellowship and expression. There you can join in prayer and study of the Scriptures for your spiritual growth and enjoyment.

But God is an understanding God who always takes into account our circumstances and knows when they are beyond our power to direct and control. First, you should definitely pray that if possible, He would lead to a place where you can enjoy the blessing of fellowship. Then until such a change is possible, you should plan to study your Bible regularly and systematically. Get the helps available in one of the Bible Study courses provided by Bible Colleges Develop your personal prayer life, especially praying for those who are engaged in the proclamation of the Gospel. Your stewardship is also a vital part of your Christian life. Plan to share in the spread of the work of God through systematic giving.

Above all, don't be too dissatisfied with your present situation. God may want you right where you are for some important mission that no other person can do. Ask Him to give you insight and understanding in the matter.

> Rational behavior is a luxury On the very day the President Just as in those tense days in 1950 this is the "rally round our gallant leader" stage. If Korea is any guide stampeded into panic by vague An expanding increase in miliit will be short-lived. Within a few months Korea had become "Truman's War" and it was the central issue in the 1952 Presidential campaign. on dollar expenditures abroad.

**PRESIDENT JOHNSON** has gone to great lengths to clue the Republican leaders in on the initiation of the new phase. One of the complaints against President Truman was that he had not consulted the opposition in advance of the big decision to intervene. But in the showdown his precautions will make little difference.

Unless this new phase quickly produces evidence that we are starting to "win" in Viet Nam the hard liners such as Gerald Ford, the Republican leader in the House, will quickly move to attack.

THERE IS no reason to believe that the bombings in the north will check the Viet Cong attacks. Nor is there any reason to think that these bombings of bases and supply lines will make attacks like Pleiku impossible. Eighty per cent of the materiel the Viet Cong use is American — taken from the South Vietnamese forces.

Most of the speculation about Com-munist reaction has concentrated on the Soviets and the presence in Hanoi at the time of the bombing of Alexei Kosygin. Will he or won't he, can he or can't he, restrain the Viet Cong from further assaults such as that at Pleiku? This makes interesting reading but it may be entirely irrelevant.

**MOST OF THE evidence indicates** Red China is the real power in pushing the war from the north. North Viet Nam is for Peking another pawn in the overriding aim which is to drive America out of Asia. In that game the destruction of Hanoi, if

plan. Their only regret is that they hadn't thought of it themselves.

Even if it doesn't solve our monetary problems, it will take care of our junked car problems and, as far as President Johnson is concerned, half the battle will be won.

Best of all, it will give President De Gaulle something more to think about.

### **Rosson Hopes To Revive** Memory Of Lone Scouts

#### By SAM BLACKBURN

Sometime in the future-pos sibly in 1966-the U.S. Post Office Department may issue a special commemorative stamp honoring the Lone Scouts of America

If this occurs, considerable credit will go to Tom Rosson, 108 Lincoln. Tom, for the past year, has been waging a oneman campaign to get the post office department to issue such a stamp. He has letters from the postmaster general, as well as other high officials, assuring him that his suggestion will be given consideration. Unfortunately, the postmaster general wrote, all commemoratives for 1965 have already been sched-

Big Spring (Texas) Herald, Sunday, Feb. 14, 1965 3-D

### **Merit Scholarship Tests Scheduled For March 15**

The 1965 Merit Scholarship Scholarshp stipends are based Qualifying Test, for Big Spring on financial need. Minimum High School students who wish award is \$100 and the maximum to be considered, will be given awarded to freshmen in 1964 at the high school cafeteria was \$757 annually. Saturday, March 13, beginning

at 8:30 a.m. Wayne Bonner, high school counselor, said the qualifying test is a three-hour examination of educational development. It is the first step in the eleventh annual competition for four-year merit scholarships pro-vided by the National Merit Scholarship Corporation and by sponsoring corporations, founda-

tions, colleges, associations, unions, trustees and individuals. The test scores of students examined in March will be reported to their schools before May 15. Scores are used by counselors in many high schools to help students make decisions about college attendance and fields of study. Many students, who do not expect to win a scholarship, take the test in order to learn more about their

### Valentine Queen Is **Presented At Festival**

**By MARTHA JORDAN** 

Goliad's annual Valentine Fesival was held Friday evening in the gym, from 7:30 to 10:30 Thomas Land crowned Ann Garrett, ninth grade, as queen. The court consisted of Queen Ann, escorted by Bobby Plow-man; Princess Jane Thompson, eighth grade, escorted by Cliff Cook; and Princess Ginger Adams, seventh grade, escorted by Riley Faulkner. Bobby Polk, Goliad band president served as master of ceremonies. Crown bearer was Ashley Calvert.

Dean's List At

da Lile. Each of the three candi-dates will be backed by the grade she represents, and the grade which supports its queen with the most money awards its candidate the title of Twirp Queen. One of the events for fund One of the events for fund One of the events for fund

raising activities. Proceeds be able to purchase an annual from the festival are used to when they are issued in the finance various school projects spring. Any student who wishes benefiting the entire student to have his name stamped on his annual may do so for an body.

WHAT DOES IT ALL

In the well-known city where this young fellow is growing up crime has shown a steady increase for more than a decade. And many of the convicted offenders aren't old enough to vote. Rough-looking "kids" loiter on the street corners with nothing to do. Smooth-looking "kids" flash by in cars with no place to go. The police patrol certain beats with dogs - humanity alone cannot cope with the situation.

But this young fellow must grow up nevertheless. And for him . . . for the community . . . for the nation . . . tomorrow depends on how he grows up!

It all adds up to the most crying need of our time: early, continuing, determined moral and religious instruction. It demands spiritual awareness in our homes. It requires resolute, sacrificial support of our churches.

In every city, village and hamlet an awakened nation is mustering its total spiritual resources . . . seeking God's help ... and seeking yours ...

# Cowboys Gave Him Straight Talk Idea

8-D Big Spring (Texas) Herald, Sunday, Feb. 14, 1965

By MAGGIE SAVOY NEW YORK (AP) - Half century ago a seedy bunch of sun-weathered cowhands rode up to the portals of the University of Texas and knocked on Prof. Alvin Johnson's office door

"There's no future in cowpunching," they braced the young economics professor. Do you think you could teach is enough to make money?" Dr. Johnson thought he could. and although there were some questions about academic rules,

**ALVIN JOHNSON** 

In 1919 Dr. Johnson, after the continuing education of the their brilliance, and told them wandering around the academic educated. They scraped together to teach exactly what they be
