Quake Opens Earth

Quake Buries Village Of 400

SANTIAGO, Chile (AP) — A massive earthquake rumbled across central Chile Sunday, shattering a dam that buried a village of 400 people under a deluge of mud and water. At least 26 others were killed elsewhere, hundreds were injured and thousands were left homeless.

Only eight villagers were known to have escaped when the 230-foot-high dam burst, cascading two million tons of mud and water on the copper-mining village of El Cobre, 80 miles north of Santiago.

Between 60 and 70 farmhouses and cottages were swept away by the torrent that thundered into the valley beneath the dam.

GIGANTIC WAVE
"It was like a gigantic wave, more than 100 feet high, made of sand, mud and water," said one survivor, Carlos Munchel. "It came on top of us, but I managed to run to a nearby hill. When I looked over my shoulder the avalanche had passed already and then I could not see the houses any more."

Four Sought In Gem Haul
LOS ANGELES (AP) — A description of the getaway car is the only clue police say they have to four hooded gunmen who robbed a plush Wilshire Boulevard salon of \$500,000 in gems in five minutes.

The men fled in a 1964 metallic blue sedan after throwing a smoke bomb to cover their exit from the Laykin jewelry salon at the I. Magnin department store.

Even the car's license plates were stolen, police said, making tracing more difficult.

The men barged into the store Saturday morning, shouting to terrify customers and employees. One gunman forced at least a dozen persons to lie on the floor, while his confederates used steel rods to smash glass display cases. They scooped emeralds, diamonds, rubies and sapphires into a brown duffel bag.

Court Upholds Lock-Out Right

WASHINGTON (AP) — The Supreme Court ruled today that, when an impasse is reached in labor contract negotiations, an employer may bring economic pressure on a union by temporarily locking out his workers.

Must Shut Door All The Way

WASHINGTON (AP) — The Supreme Court ruled today an employer has "the absolute right" to close his entire business for any reason he pleases, but said the right does not include the closing of part of his business, no matter what the reason.

The decision specifically applied to Darlington Manufacturing Co., which shut down its plant in Darlington, S.C., in 1956. The National Labor Relations Board said the plant was closed to avoid dealing with the Textile Workers Union, but Darlington said the closing was for economic reasons.

Justice John M. Harlan delivered the 7-0 decision. Justices Potter Stewart and Arthur J. Goldberg took no part.

Harlan said that, even if liquidation of an entire business is motivated by vindictiveness toward a union, the closing is not an unfair labor practice.

As to Darlington, Harlan said the high tribunal disagreed with the U.S. Court of Appeals for the 4th Circuit that the right to close an entire business includes the right to shut down part of it, regardless of the reason.

Harlan said that, therefore, the case had to go back to the labor board for further proceedings on the point of closing part of a business.

U.S. Leads In Unmanned Space Feats

CAPE KENNEDY, Fla. (AP) — With the flight of the "Molly Brown," the United States gained ground on the Russians in the man-in-space race. With Ranger 9, this nation clearly demonstrated its lead in unmanned exploration of the universe.

The pair of spectacular launches from Cape Kennedy in the past week helped remove some of the sting inflicted by the Soviet feat of March 18 in which two men shot into orbit and one of them became the first man to step outside his capsule and take a stroll in space.

Most U.S. officials concede that the Soviet Union has about a two-year lead in the man-in-space sweepstakes. But they feel that U.S. development of the world's most powerful rocket, billions of dollars worth of new equipment and bolder decisions eventually will enable this nation to come out ahead in the race to the moon.

MILLIONS WATCH
American confidence is displayed in the openness with which the space agency conducts its programs. Several hundred newsmen from many parts of the world covered the Ranger-Gemini doubleheader. Millions watched on live television.

The public was told it could turn on television sets Wednesday and see Ranger 9's close-up moon pictures as they were transmitted. If the spacecraft had failed, the National Aeronautics and Space Administration would have had egg on its face. But it didn't—and millions of persons had ringside seats to one of history's most dramatic shows.

The openness contrasts with the secrecy which shrouds Soviet space efforts. When astronauts Virgil I. Grissom and John W. Young and their Molly Brown craft missed the landing point by about 60 miles, the world was told almost immediately. When cosmonauts Pavel Belyayev and Alexei Leonov missed their target by about 500 miles and landed in a snowbank last week, Soviet officials didn't even hint about it until two days later.

STARTED FIRST
The Soviet Union has built its space lead mainly because it started several years ahead of the United States to develop mammoth booster rockets capable of lifting heavy payloads.

The American space agency is counting on the huge Saturn 5 rocket to overtake the Russians and eventually beat them to the moon. NASA Administrator James Webb described the Saturn 5 as "very much larger than anything the Russians seem to be building that we know of." Even if the Russians had such a rocket ready to launch, he said, they still would have a long period of development ahead.

Crowds Turn Out In Rain For Spacemen

NEW YORK (AP) — Clouds masked the sky today as astronauts Virgil I. Grissom and John W. Young reached New York City to receive its classic outpouring of acclaim for American heroes.

The pair landed at La Guardia Airport, where crowds had waited in the rain for the moment. A police detail and armed forces honor guards also offered their salutes, along with cheers from spectators, as America's first dual travelers in space stepped from a plane.

It arrived from Florida, where the two had spent the weekend after their pioneering two-man orbital flight last Tuesday.

Boycott End Is Credited To Governor

JONESBORO, La. (AP) — Gov. John J. McKeithen's extraordinary effort to ease racial tension here ended a Negro high school boycott today.

The pupils voted to return to classes at Jackson High pending the outcome of conferences between a Negro parent-student committee and the Jackson Parish School Board.

FROM CAPITAL
McKeithen flew from Baton Rouge Saturday to hear Negro grievances and talk with leaders on both sides.

Negro leaders had predicted that this little north Louisiana town was potentially "another Selma."

The Ku Klux Klan fired some crosses here and elsewhere in Louisiana Saturday night and Sunday after the governor's visit but no incidents were reported. A Negro march to the city hall shortly after dark Sunday was quiet.

TOURS GROUNDS
McKeithen conferred with a Negro delegation at the high school, then toured the building and grounds.

The governor promised some immediate aid — particularly in regard to sending in new textbooks to replace those which are outdated or worn out.

Demonstrations in Jonesboro were triggered by the student boycott of all-Negro Jackson High March 8 after a false rumor that the football coach was to be fired for civil rights activities.

Bank Swindle Probe Likely

HILLSBORO (AP) — The Hill County grand jury is expected to investigate charges of bank swindling when it goes into session Tuesday.

R. L. Cowan, president of the Covington State Bank, swore out a swindling complaint Friday against Jesse Neagle, 25, Itasca car dealer.

Dist. Atty. Tom Beard said Neagle was released late Saturday after posting \$10,000 bond. Beard declined to disclose the amount of the alleged swindle. "All that will come out in the grand jury action," he said.

Officials of the Federal Deposit Insurance Corp. and the State Banking Commission have been investigating conditions at the Covington bank for several days.

Assault Charged, Woman Shot Twice

A charge of assault with intent to murder was filed in Justice of the Peace Jess Slaughter's court Sunday against Elmo Henry, 38, whom police arrested shortly after his wife, Mrs. Patsy Ann Henry, 26, was found with several gunshot wounds in her head.

She was found on the front porch of her residence at 428 Ryon Street after police received a call that she had been shot. Mrs. Henry was reported in critical condition Sunday night at Cowper Clinic-Hospital and her condition was described as fair this morning.

Henry was released on \$10,000 bond Sunday night. Officer Ted Lancaster said he arrived at the house shortly after 5 p.m. Sunday, and that Henry handed him a .32 caliber pistol.

Impeach-Wallace Drive Shapes Up

Civil Rights Workers Face High Barriers

SELMA, Ala. (AP) — Civil rights leaders say they will begin a move in about two weeks to have Gov. George C. Wallace impeached and to turn all of Alabama into one mass demonstration in their battle to register Negro voters.

"We're going to start our next campaign at the top and go down to the bottom," said the Rev. James Bevel in a speech to a Negro rally Sunday night.

He told the group that the drive to get Wallace out of office would be under way by mid-April.

WILL EXPAND
The civil rights movement also will expand shortly to the steel city of Birmingham, the port city of Mobile and to every town and hamlet in Alabama, said Bevel, who is one of Dr. Martin Luther King Jr.'s top spokesmen.

He declared that demonstrations also will be stepped up at Montgomery, the capital, and will be taken into the white residential sections of Selma in defiance of a directive from a federal judge if certain conditions are not met to the satisfaction of Negroes.

HUGE TASK
Civil rights groups face a monumental task in trying to get Wallace impeached as a majority of both state legislative houses must approve it. A resolution asking impeachment of the governor must be presented by a House member.

Alabama House Speaker Albert Brewer said the resolution must contain charges that the governor has violated some portion of the Alabama Constitution and usually would charge incompetence.

If a majority of House members then passed the resolution, a trial would then be held by the Senate with the chief justice of the Alabama Supreme Court presiding. Then, after charges are heard, the governor would be impeached only if a majority of the Senate voted for it.

"OUR HOMEWORK"
"If we do our homework, I believe that by Christmas we will have a new governor," said Bevel. "I would not be surprised if we had an election by then."

Bevel said he believes Alabama citizens, both Negro and white, are fed up with Wallace. He did not go into detail on what plan his group would use in trying to get the impeachment campaign going other than to mention the group would use a 30-day economic boycott and launch a handbill campaign.

In other developments Sunday: King, speaking in San Francisco, Calif., called for a nationwide boycott of all Alabama products and for the federal government to withdraw all its money from the state.

Cong Decides To Talk

With the persuasion of a Viet Cong-made spear pressed against his throat, this captured Viet Cong guerrilla decided to talk to interrogators telling them about a cache of Chinese grenades. He was captured with 13

other guerrillas and 17 suspects when two Vietnamese battalions overran a Viet Cong camp about 15 miles southwest of the Da Nang air force base. (AP WIREPHOTO)

U.S. Navy Bombers Pound Radar Installations Of Cong

SAIGON, Viet Nam (AP) — Forty-two U.S. Navy fighter-bombers struck again today at North Viet Nam's radar installations on Bach Long Island, following up a raid Friday against that military target in the Gulf of Tonkin.

Enemy ground fire downed a Skyhawk jet in the area. The pilot was reported rescued uninjured.

13th RAID
The attack was the 13th in a series of raids launched against North Viet Nam Feb. 7. Bach Long, only 80 miles west of Red China's Hainan Island and 100 miles south of the Chinese mainland, is the northernmost point to be hit.

The Bach Long radar station was first hit last Friday, in the 12th attack on North Viet Nam. The island is about 140 miles

southeast of Hanoi, 100 miles south of the Chinese mainland and 80 miles west of Hainan, a big Chinese island that is a base for MIG interceptors.

HALT SHIPPING
Six Japanese shipping firms decided today to halt sailing of their freighters to North Vietnamese ports because of increased risk to shipping in North Vietnamese waters. The six firms had 10 ships making monthly calls to North Viet Nam, hauling an annual total of about 500,000 tons of coal from North Viet Nam's Hongye mines to Japan.

A powerful Viet Cong unit smashed a government militia outpost 17 miles from the North Vietnamese border today, killing 24 defenders. The Communists also wound-

ed five of the defenders and captured one. Twenty-five weapons and a stock of ammunition were taken from the post.

YANK KILLED
A U.S. Army helicopter crewman was reported wounded by Communist fire in central Viet Nam Sunday, and a U.S. Marine helicopter pilot, Capt. William D. Reynolds of Santa Ana, Calif., was killed during an operation 11 miles southwest of Da Nang, site of the U.S.-South Vietnamese air base for attacks on North Viet Nam.

CRAFT DOWNED
The Marine's craft was shot down by Communist ground fire. As the pilot and his four passengers ran from the wreckage, a rotor blade flew off the helicopter and struck Reynolds.

About 1,000 Vietnamese army troops participated in the action, during which they took 30 prisoners. Vietnamese officers claimed five Viet Cong were killed.

A bolt of lightning set off a ring of 40 defensive mines around a U.S. Special Forces camp in central Viet Nam Saturday. A U.S. spokesman said 14 Vietnamese were killed and 78 other persons, including an American soldier, were injured.

Unofficial 'Vandalism Season' Starts Again

WASHINGTON (AP) — The unofficial "vandalism season" begins this week, an April-through-November period highlighted by the smashing of school windows.

The malicious destruction of school property costs local taxpayers millions of dollars a year.

The toll in New York City for the 1963-64 school year was \$1,254,989. In Chicago it was \$883,925. In Boston it was \$189,700.

THE WORST?
On another basis, says the report of a national survey by the Baltimore, Md., public schools, the nation's worst record may be in Richmond, Va.

However, this may reflect more on the thoroughness of some of the reports than on Virginia's capital.

Richmond reported vandalism damage of \$122,663, less than one-tenth of New York's, but it represents a cost of \$2.70 for each pupil enrolled.

Other per-pupil costs were \$1.20 in New York City, \$1.61 in Chicago and \$2 in Boston.

At the other end of the scale, Omaha, Neb., and El Paso, Tex., reported a per-pupil cost of vandalism of only three cents. The total dollar-cost of vandalism was reported as \$1,750 in Omaha, and \$1,520 in El Paso.

However, 83 per cent of Richmond's reported toll was due to arson. There was damage of slightly more than \$100,000 to one school alone, all of which was recovered by insurance.

The balance of the loss in Richmond came from larcenies and window breakage. Neither El Paso or Omaha reported any larcenies and Omaha, in fact, said all its \$1,750 damage was in window breakage.

Officers said Mrs. Henry had been shot twice, in the forehead and the throat. Mrs. Henry was taken to the hospital by Big Spring Ambulance Service.

LBJ Silent On Klan Bid

WASHINGTON (AP) — Two Klan leaders have asked for a face-to-face meeting with President Johnson following his denunciation of the organization as "hooded bigots."

There was no immediate comment from the President. A White House spokesman said the request made in a telegram sent by Georgia Grand Dragon Calvin F. Craig and Imperial Wizard Robert M. Shelton Jr. had been received and routinely referred to Atty. Gen. Nicholas Katzenbach.

LONELY STRETCH
Johnson attacked the Klan Friday when he announced the arrest of four Alabama members in the night-riider slaying of Viola Gregg Luizzo, 39, of Detroit, a white civil rights worker. She was shot on a lonely stretch of highway near Selma.

The President called for a congressional investigation and warned klansmen to quit and "return to a decent society — before it is too late."

Declared Johnson: "We will not be intimidated by the terrorists of the Ku Klux Klan any more than by the terrorists of the Viet Cong."

SEEK TALK
The Klan leaders said, however, they hoped to talk with the President about more than just that criticism.

Craig told newsmen in Atlanta it would be unfair of the President to ignore them since he has talked personally with civil rights leaders.

"We feel that the President has seen left-wing leaders so many times that it is only right that he recognize the right-wing leaders also," Craig said.

The presidential request for a probe picked up Republican backing during the weekend. It came from Sens. Clifford P. Case of New Jersey and Hugh Scott of Pennsylvania plus 21 members of the House.

House Democratic Leader Carl Albert of Oklahoma predicted Congress will uphold the President by acting swiftly on any legislation which he proposes.

LONDON (AP) — Dr. Roberto Arias, husband of Ballerina Margot Fonteyn, plans to return next fall to Panama, where he was gravely wounded in a political shooting last year.

Airman Beaten Rescuing Girl Returns To Scene
CHAMBLEE, Ga. (AP) — A young Georgian who tried to rescue a 15-year-old girl being attacked by seven Negro thugs returned to the Philadelphia subway later to look for an envelope he'd dropped during the fight.

Richard George, 23, found his envelope. In it, now bloodied, were copies of the Declaration of Independence and the Constitution.

"It was my first trip north," said George, a Navy Reserve airman and college senior.

"I'd just visited Independence Hall. I'd bought the Declaration of Independence and the Constitution to bring back to my young nephews in Atlanta.

ON GROUND
"I went back to the subway station platform where the attack occurred, and there the envelope was on the ground, all bloody."

The slender airman was beaten by the thugs when he went to the aid of the white girl in early March. He still has a sore nose and a black eye.

George was on liberty during his two weeks training at Willow Grove Naval Air Station at

Famed 'Burma Surgeon' Dies

RANGOON, Burma (AP) — Dr. Gordon S. Seagrave will be buried Wednesday at the Burmese hill hospital to which he devoted his life. The famed "Burma Surgeon" died there Sunday at the age of 68.

Burma's top heart specialist, Dr. Ronald Lwin, flew to Seagrave's bedside at the village of Namkham, 800 miles north of here, when the U.S. Embassy reported him critically ill last Wednesday. The embassy said Seagrave was suffering from a number of ailments, including a weak heart.

TOO LATE
"I arrived there too late," Lwin said. "His heart was failing and his general condition was very bad."

Seagrave lay in his sparsely furnished room, dressed in faded blue pajamas, on a narrow bed near a window. Nearby was an easy chair and in a corner the desk where he wrote his best-selling "Burma Surgeon."

While Seagrave's American assistant, Dr. Joseph Newhall, and the Burmese nurses labored in vain to save the old doctor, hundreds of villagers kept a grief-stricken death watch on the hospital grounds.

His son, Sterling, telegraphed the embassy in Rangoon: "Seagrave expired 6:30 p.m. EST Saturday — with his hospital staff at his side."

DIES PEACEFULLY
"He slipped peacefully into death," said Dr. Lwin. Sterling and another son, John, were with their father. His wife got the news in Baltimore, Md., where she is a sec-

retary at a private boys' school. She left Burma in 1949 with serious recurrent malaria and never saw her husband again.

"He feared the trip to the United States," Mrs. Seagrave said Sunday. "He feared something would happen on the trip."

The doctor once said: "The only way I can prove that I mean everything I ever said to the Burmese is that I die right here in Burma."

Seagrave was born in Burma March 18, 1897. His death ended 135 unbroken years of service to Burma by four generations of the family. None of his four sons entered the missionary field.

After taking his medical degree from Johns Hopkins University, he returned with his 21-year-old wife to the village of Namkham, five miles from the

Chinese border. From a rotting wood building, Seagrave built a hospital with 250 beds.

CARED FOR 5,000
It cared for 5,000 patients a year and treated an additional 10,000 as out-patients. It was the only medical facility for 400,000 persons in the area.

During World War II, Seagrave put his hospital at the disposal of Gen. Joseph W. Stilwell and was commissioned a major in the U.S. Army Medical Corps.

When the Japanese drove Stilwell out of Burma, Seagrave made the long retreat to India with him.

The Japanese destroyed his hospital, but Seagrave returned in 1949 to rebuild it, designing and constructing many of the cobblestone and cement buildings himself.

When the Japanese drove Stilwell out of Burma, Seagrave made the long retreat to India with him.

The Japanese destroyed his hospital, but Seagrave returned in 1949 to rebuild it, designing and constructing many of the cobblestone and cement buildings himself.

Airman Beaten Rescuing Girl Returns To Scene
CHAMBLEE, Ga. (AP) — A young Georgian who tried to rescue a 15-year-old girl being attacked by seven Negro thugs returned to the Philadelphia subway later to look for an envelope he'd dropped during the fight.

Richard George, 23, found his envelope. In it, now bloodied, were copies of the Declaration of Independence and the Constitution.

"It was my first trip north," said George, a Navy Reserve airman and college senior.

"I'd just visited Independence Hall. I'd bought the Declaration of Independence and the Constitution to bring back to my young nephews in Atlanta.

ON GROUND
"I went back to the subway station platform where the attack occurred, and there the envelope was on the ground, all bloody."

The slender airman was beaten by the thugs when he went to the aid of the white girl in early March. He still has a sore nose and a black eye.

George was on liberty during his two weeks training at Willow Grove Naval Air Station at

Silk For Sunday

The suit that goes to church—to club—or to the city with equal assurance of its excellent taste, is shown at left. Capoli-Leeds of Dallas tailors silk into a simple statement of a suit with overblouse, they bowed at the waistline for a dressmaker touch. At right, Broga-Jennings of Dallas borrows neat pin stripe fabric of Arnel and cotton, then adds feminine ruffles at neckline and cuffs to invest a unique shift with tailored practicality and "fair lady" charm. The fashions were shown at the Texas Fashion Creators Association press week in Dallas. (AP WIREPHOTO)

Casualty Yours

By JO BRIGHT

Every Sunday I silently thank Mr. and Mrs. Lee O. Rogers for the fleeting beauty of the shadowy silhouette their house and evergreens create against the first moments of morning.

On these days, my son, The Newspaper Boy, and I team up and try to see that our neighbors have something to scan during the longest minutes of the day — the time it takes coffee to brew.

Being a morning person, my protest against the intrusion of a five o'clock alarm is only a momentary annoyance. My partner, however, resists a little longer, dragging his tennis-shoed feet against keeping a rendezvous with the rising sun. Yesterday it was pure pleasure. The Newspaper Boy was out of town so Rebecca and I completed his appointed rounds.

The chill was gone, and the sun came up to see the air modestly draped like a moist lavender veil around the crest of South Mountain.

Everyone seemed to be sleeping late except Mr. Cliff Wiley who, with broom in hand, was sloshing a pail of water across the side steps. Said he and Mrs. Wiley were expecting company to arrive in a little while. Across the street, Mrs. Nina Carter's car was already gone, so I knew she was doing her usual Sunday morning chores at the office.

The Jack Y. Smith home was silent and still, and I paused there to touch a solitary daffodil — so pretty it looked artificial. Next door, at the Merrill Creighton's, my eye was caught by the sitting duck that rests on their window ledge, and I remembered the beautiful Malards that used to follow me around the barnyard when I was a child in Louisiana.

Spring will be with us even more next Sunday. The paper route will surely provide us with the nicest hour of the day.

Two others who must have enjoyed the weekend were Mrs. E. L. Powell and Mrs. Ty Allen who, with Mrs. C. L. Bast and Mrs. C. B. Bryant of Sweetwater, took first overall in the Team of Four games at the regional bridge tournament just ended in Lubbock. Heard they won about 22 red points.

Mrs. M. R. Koger told me something the other day that should interest people here who remember Maj. and Mrs. Willard A. Mason, formerly of Webb. Their pretty and talented daughters are now students at Middlebury College in Vermont where they are studying languages. Kathy pledged Delta Delta Delta and Linda is with Kappa Kappa Gamma.

Mrs. T. B. Clifton called and said she and her sister, Mrs. E. L. Patton returned Thursday from Yoakum where they attended funeral services for their oldest brother, Edwin Hillbun. They were joined there by

three other sisters and a brother.

Other travelers were Mr. and Mrs. Vernon Kent who came home Sunday. They had picked up his brother and sister-in-law, Mr. and Mrs. J. W. Kent, of Graham, and they all went to Electra to see their aunt and uncle, Mr. and Mrs. Julius Kent, who are 90 and 91 years of age. They stopped in Throckmorton and Rising Star before returning here.

The Joe Mosses are enjoying a visit from her parents, Mr. and Mrs. F. D. Reese of Austin, who plan to be here for at least a week or so.

Dr. and Mrs. Arch Carson are back from Dallas where they attended the Southern Clinical Medical meeting at the Statler-Hilton. She was planning to leave again to visit her mother, Mrs. Lawrence Brown, but was not sure she would get away yet.

Mrs. J. H. Eastham, 1015 Nolan, has a new grandchild, Gary Bryan, to brag about. She spent the past month with the parents, her son, Doug, and his wife, Phyllis, who live in Baytown. Mrs. Eastham drove around the NASA area and thought the country was beautiful.

Things were pretty busy around our town Saturday evening. Noticed Mrs. Chester Matheny and Mrs. Imogene Lloyd greeting guests at the Easter Seal dance at Cosden Country Club. Having dinner at the club were the Louis Wolfsons, the Jeff Browns, Maj. and Mrs. Charles H. Penn, Capt. and Mrs. J. H. Simonton, and Col. and Mrs. Edwin J. White Jr.

Saw others around town — but that's another column.

Summer Slacks Accent Waist

Designers found that there was room at the top when they styled the new slacks for spring and summer 1965. A great deal of attention has been paid to waistband and pocket details.

Some slacks come with their own belts — some matching, others in smartly contrasting solids and stripes. Others entail the wanted golf slack details — big pockets, big comfort, big style!

Some of the new slacks are made with waistbands that look like belts. Western-type pockets, polo pockets, L-shaped pockets, new self-supporting features, new fabrics and (to defeat those humid days ahead) permanent press.

Mr. and Mrs. Tommy Willis and daughter of Hobbs, N. M., were visitors in the home of his parents, Mr. and Mrs. S. J. Willis.

Visitors in the R. D. Anderson home in Ackerly were Mr. and Mrs. Burl Griffith, Mr. and Mrs. John B. Anderson and Nancy and Mrs. Betty Anderson.

Mr. and Mrs. Floyd Griffith and Jeff are living in McCamey having returned from an 18 month's stay in Gabuti, India. She is the daughter of Mr. and Mrs. J. D. Gilmore, and his parents are Mr. and Mrs. J. W. Griffith.

Margaret Turner was appointed to fill the unexpired term of the president, Elizabeth Ward, who has moved. Gerry Walker was elected vice president.

The group has completed Unit One on recreation, and will start a new unit on food at the Thursday meeting. Mrs. Mildred Eiland, home demonstration agent, attended.

Dear Abby

When Is The Time To Tell

DEAR ABBY: I have been reading your column ever since I can remember, and now I am a freshman at Columbia University. When I was in high school I recall having read something in your column about students who "tattled" on one another, and how you felt about tattletales. It made more sense to me than anything I have ever read on that subject. If you can locate that letter, please print it again. These are times when the question of "informing" on classmates who cheat is timely. Thank you.

DAVID AT COLUMBIA

DEAR DAVID: With the help of an efficient secretary, I located the letter. It was first printed on Nov. 14, 1961, and here it is:

"DEAR ABBY: In our class at school we got into a big discussion about "tattling" and we would like to know how you feel about this subject. Thank you.

HIGH SCHOOL STUDENTS

DEAR STUDENTS: For some reason, teachers, and even parents, teach young people that it is "unethical" or downright disgraceful for one child to tell someone in authority that another child has disobeyed, misbehaved or even broken the law. Is it any wonder we have hoodlums and vandals who count it a virtue not to "squeal"?

This is not to be confused with running to Mama or the teacher with, "Johnny hit me!" If children are to grow up with a sense of civic duty, they cannot be taught that it is "noble" to remain silent when they know who has destroyed public property or committed other serious anti-social acts. (It is their parents who must pay for such deeds.) Also, it is unfair that a guilty child should "get by" unpunished; the next time he will try something a little bolder. I think it's time we adults reviewed our attitude on "tattling."

DEAR ABBY: Is it impolite to ask for a recipe? A friend of mine recently attended a dinner party (all friends) and asked the hostess for her recipe for a dessert which she found delicious. The hostess replied, "I never give out my recipes." Was the hostess right in refusing? Or was my friend wrong for asking?

JUST CURIOUS

DEAR JUST: It is not "impolite" to ask for a recipe. Most cooks are complimented when their guests inquire. Those who refuse to give out their recipes (professional chefs excepted) are selfish. After all, but for the generosity of others, THEY would not have a collection of recipes themselves.

Troubled? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

Show Is Child Of Radio Hit

By CYNTHIA LOWRY, AP TV Radio Writer

NEW YORK (AP) — It was about 30 years ago that "Major Bowes' Amateur Hour," just a local radio program on New York City's WHN became a Thursday night network program — and promptly turned into a national rage.

CBS' "Original Amateur Hour," with Ted Mack as host, is the legitimate television child of the old Bowes radio show. Sunday night it devoted its time to an anniversary salute to the time-honored entertainment form.

Bits of old newsreel film showed us a few hapless contestants whose show biz careers fortunately were nipped in the bud. There was also a recording of the radio debut of "The Hoboken Four," one of whose members, named Frank Sinatra, went on to other pastures.

Over the years, narrator Ron Cochran said, Bowes' staff auditioned almost a million acts all over the country to present about 18,000 on the air. At one time the radio show had a rating of 46.7 — meaning that almost half the radio sets in the nation were tuned to the program.

The second half of the salute to amateur shows will be seen next Sunday and if it contains material half as interesting as the first one, it is well worth a look.

Glass Worker Strike Settled

ATLANTIC CITY (AP) — Union leaders accepted a new three-year contract Sunday night, ending an 11-day strike which idled 85 per cent of the nation's glass container industry.

A spokesman for the Glass Bottle Blowers Association said telegrams were being sent to all union locals advising them to return to work as soon as possible. Some 32,000 union members struck March 18 and 8,000 other workers were idled by the strike.

BACK TO WORK

A spokesman for the Glass Container Manufacturers Institute, which represents 22 com-

panies, said some of the 64 struck plants could resume operations tonight.

The contract offer was approved by a committee of 83 local union leaders. Ratification is not required by the members.

Lee Minton, union president, termed the contract "the best ever negotiated in the glass container industry." The contract provides for a package increase of 34 1/2 cents an hour, the union estimates.

It calls for hourly wage increases of 10 cents the first year, four cents the second and 10 cents the third. The current average hourly

wage in the industry is \$2.29.

OTHER TERMS

Other terms include: —A jointly administered retirement fund to which employers will contribute 1 1/2 cents an hour for medical, life and hospital insurance for retired workers and their spouses.

—A clause under which an employe at least 40 years old with 15 years of service, if laid off due to a plant shutdown, curtailment or automation, can move to another manufacturer and retain full pension credits.

Hart May Continue On Pro-Golf Tour

Wins Playoff Duel Sunday

WILMINGTON, N.C. (AP) — The Dick Hart golfing family, its bank roll enriched by \$5,150, piled into a trailer today with its destination uncertain.

Hart, a 26-year-old club professional from Hinsdale, Ill., had intended to head back to his club job after finishing his sixth winter golf tour. But winning the Azalea Open Tournament in an eight-hole sudden-death playoff Sunday with Phil Rodgers may change things.

Hart, who has been a pro for 10 years, entered the \$65,000 Greater Greensboro, N.C., Open Tournament which starts Thursday, after he outlasted Rodgers in their marathon duel.

He and his wife have two children. Hart has played the last six winter tours, with his goal to win about \$3,000 a year to meet expenses.

He came here a bit shy of that figure, having won \$2,015 since joining the tour at Los Angeles in January. But he won \$3,550 by beating Rodgers, and his fourth-round 69 was worth \$300 in bonus money for the day's low round. He and Bill Martindale, who also had a 69, shared the special \$600 jackpot.

Hart won \$1,000 earlier in bonus money after a second-round 65 over the 6,700-yard par 72 Cape Fear Country Club course. Rodgers won \$2,600 runner-up money.

Hart and Rodgers shot 276, a dozen strokes under par in tying after 72 holes. Joe Campbell, third at 278, won \$1,875.

Double Drop

When Dick Hart dropped a birdie putt on the 18th green Sunday at the Azalea Open in Wilmington, N.C., he let his putter drop also in a gesture of relief. The shot meant he tied with Phil Rodgers, then went through eight holes of sudden-death playoff before Hart won. (AP WIREPHOTO)

Oldest Mark May Topple In Relays

AUSTIN (AP)—One of the oldest records on the books in the high school division of the Texas Relays is in danger as hundreds of schoolboys converge on Memorial Stadium for the 38th annual meet Friday and Saturday.

Jourdanton's Barry Noble will be shooting Friday night at the relays' 19-year-old high jump record of 6-5 set by Vern McGrew of Houston Lamar.

Noble, who has won the 1963 and 1964 Class A state championship, cleared 6-6½ two weeks ago.

Durable records in the other three individual events appear to be safe again this year, including a 9.6 mark in the 100-yard dash set in 1944 by Charles Parker of San Antonio Jefferson.

Midland's versatile Ross Montgomery has the best time of the group with a 9.6 wind-aided clocking. L. J. Cohen of Corpus Christi Ray has turned in a 9.7. San Jacinto quarter-miler Conley Brown has turned in a 21.5 in his first 220-yard dash effort and could be a challenger to Montgomery and Cohen. Other top sprinters are Austin McCallum's Richard

day battle dangerous Texas at Dallas.

The week is filled with crucial games. Baylor and Texas, tied for second place, a game back of SMU, get together at Austin Wednesday.

Friday and Saturday Texas and SMU head up a bristling schedule that has all the teams in conference action. Baylor and Texas Christian meet at Fort Worth and Texas A&M and Rice clash at Houston.

Baylor plays Missouri in an intersectional game at Waco today while Texas A&M visits University of Houston.

Baylor and Missouri play again Tuesday. Those are the only non-conference games on the week's schedule.

SMU took over the undisputed lead last week and remained unbeaten in conference play by rapping Texas A&M 7-6 and Baylor 7-5. If it's the mark of a champion to take the close ones, SMU measures up.

Tuesday they play a make-up game with Texas Christian at Dallas. And Friday and Saturday

probably is the coming thing in international road racing competition.

Hall's Chaparral — which is a term for the road runner bird in Texas, Hall's home state — finished the 12-hour grind over the 5.2 mile twisting course with 197 laps, five laps ahead of the rest of the field. His average speed for the 12 hours was 84.723 miles per hour.

Rain which started falling in a torrential downpour around 4:30 p.m., Big Spring time, slowed his earlier pace of just under 100 miles per hour, eight m.p.h. more than the record set last year by a Ferrari.

Hall raced in the sports car category. The second place car, a Ford

prototype, driven by Ken Miles of Hollywood, Calif., and Bruce McLaren of New Zealand finished second at 192 laps and won the points toward the world's manufacturers title. A Ford-Cobra, produced by Shelby, won the grand touring division title with a fourth-place finish at 187 laps. The third place car was a Ferrari driven by David Piper of England and Anthony Maggs of Pretoria, South Africa.

Even When Wilt's Cold, 76ers Win

CINCINNATI (AP) — The Philadelphia 76ers do not necessarily need prolific scoring from Wilt Chamberlain. Neither does the so-called disadvantage of playing on an opponent's floor bother them.

The 7-foot-1 Chamberlain scored just 17 points Sunday, but still led his team to an impressive 108-94 victory over the Cincinnati Royals in their semifinal playoffs in the National Basketball Association.

The victory gave Philadelphia a 2-1 edge in the best-of-5 Eastern Division series. The fourth game will be played in Philadelphia Wednesday night and the 76ers can wrap up the series with a victory. Both Philadelphia's victories, however, have been here.

Baltimore also needs only one more victory to win the best-of-5 Western Division semifinals from the St. Louis Hawks. The Bullets moved into a 2-1 edge with a crushing 131-99 victory over the Hawks at Baltimore Saturday night. The Bullets-Hawks fourth game will be Tuesday night in Baltimore.

Steers Face Heavy Week

The Big Spring Steers face a long week of baseball beginning at 4 p.m. Tuesday when they take on the Lubbock Monterey Plainsmen at Steer Park.

Thursday, Friday and Saturday will find the Steers in the Eunice, N.M., baseball tournament. Eight teams are entered in the three-day meet.

Coaches Roy Baird and Tom King have not decided who will start on the mound for the Steers in Tuesday's game, but it could be Freddie Mears. Baird said they would have to figure out the pitching "or the entire week before naming a Tuesday starter. All pitchers, however, are ready."

Big Spring will start the tournament Thursday at 8:15 p.m. (MST) against Kermit. Monahan and host Eunice play in the second game Thursday at 8:15 p.m. Friday's action will see Portales, N.M., taking on Lovington, N.M., at 6:15 p.m. and Andrews vs. Snyder at 8:15 p.m. The championship game will be played at 8:15 p.m. Saturday. Times are Mountain Standard Time.

If the Steers win the first game they will play the winner of the Monahan vs. Eunice game Saturday afternoon.

GOOD PITCHING

Astros Short On Punch

COCOA, Fla. (AP) — Lum Harris is not the reticent type, but there is not much he can talk about when the subject is the Houston Astros.

There's good pitching, pretty fair defense and the magnificent new domed stadium in Houston. But aside from that the man who succeeded Harry Craft as the Astros manager can offer little in the way of newness.

"It's the same old story with our club," Harris said. "Good pitching and defense and short on punch."

There was more hope than resignation in Harris' voice, however.

"I think we will be better," he said. "How much, I don't know. A great deal will depend on our young players, like Joe Morgan, Ron Brand, Rusty Staub and Jim Wynn."

Morgan, a 5-foot-7 speed merchant who was voted the Texas League's Most Valuable Player last year, is expected to replace Nellie Fox at second base. Brand, a \$25,000 draftee from the Pittsburgh organization, apparently is the No. 1 catcher. Wynn and Staub will open the season in center and right field, respectively.

Morgan batted .323, hit 12 homers and 42 doubles, and drove in 90 runs at Oklahoma City. And he stole 47 bases.

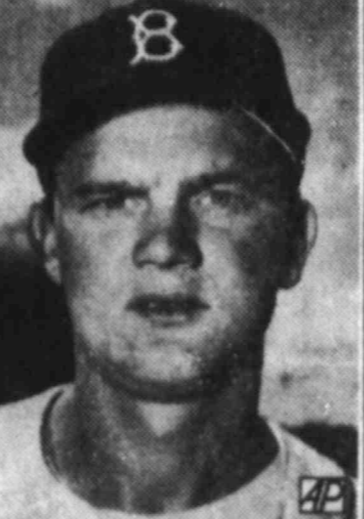

Al Spangler, a good defensive performer with little power, will be in left field for the fourth straight season. John Bateman and Jerry Grote will support Brand behind the plate. Mike White, Bob Lillis, Ernie Fazio and Jim Beauchamp are the reserves. Fox, now a coach, may return to active duty.

"As far as our pitching is concerned, we have virtually the same cast," said Harris. "It was good last year but it could be better because of our improved defense."

Bob Bruce, Ken Johnson, Dick Farrell and Don Nottbart continue as the front four. Don Larsen will be used as a spot starter. Jim Owens, Hal Woodeshick and Claude Raymond make up the bullpen.

Sports Scene

With HARDY PRICE

DON ZIMMER

It seems that not everybody is happy with the name of the Houston baseball club, the Astros. A lot of people have talked of how the name doesn't quite sound just right, but few have done anything about it.

One who has done something about it is the Rev. R. Mack McAfee, pastor of St. John the Divine Episcopal Church in Houston. In a recent letter to sportswriters throughout Texas, Rev. McAfee has appealed for aid for his cause. His opening paragraph follows:

"Like other Texans, Houstonians are a proud lot, and we need your help! Ever since the name of Houston Baseball was changed from 'Colt 45s' to 'Astros,' we continually have heard such phrases as: 'Astro-Nuts, Astro-Naughts, Astro-Nos, Astro-Nots and other less delicate combinations such as the one applied to the Amarillo farm club — 'the half-Astros.'"

Now it doesn't take too much imagination to figure out what would come over the air if an excited sportscaster were to flub that "less delicate combination."

Rev. McAfee suggests that we call Houston baseball the "Houston Astros," and here it is — "Lunar Ticks."

He goes on to say, "One of the two sportscasters, a rather rustic individual, for three years has worked toward establishing a trademark in this neck of the woods. During those three long years he has insisted on screaming into the mike, 'Now you chunkin' in there, Colt 45s.'"

It seems to me that he might work with more abandon if he yelled, "Now you chunkin' in there, Lunar Ticks" than he can with the present name. Also, the name Lunar Ticks lends itself to a fine family game."

Rev. McAfee has even gone so far as to make up a design for the Lunar Ticks and a list of Lunar Tick Daffynitions to go along with the new name. The design is above and the daffynitions follow:

Lunar Control: What the pitchers have when they stay within the strike zone.

Lunar Distance: Whenever the starting pitcher goes nine innings. (Which we might add is about as often as a lunar eclipse.)

Lunar Explosion: The way the \$2 million scoreboard goes on a 45-second tirade when Houston scores; when the opposition scores, the explosion is a minor one — "Tilt" flashes on.

Lunar Month: When 30 different men have played center field.

Lunar Star: Any player who bats 250 for at least a week.

Lunartize: What the players wear to travel, provided they match their lunarsox.

Lunartricks: The girls who show you to the wrong seat.

Rev. McAfee ends his letter in this way:

"Please know that, for purposes of reproduction in your paper, you not only have my permission to use the copyrighted design on the enclosed gummed sticker — you also have my blessing!"

We have used it. You know he might have something here.

Score Doubtful In Confusion

When does a batter hit a home run with two men on base, and only one run scores?

When does a batter hit a home run with two men on base, and only two runs score?

In the first instance, when Kansas City's Tom Reynolds slammed an apparent homer in the 10th inning with the game tied 6-8 Sunday, the hit gave the Athletics a 9-8 victory over St. Louis.

In the second instance, when Billy Williams of the Chicago Cubs socked an apparent homer in the seventh inning that snapped a 5-5 tie last Wednesday, the Cubs eventually edged the Los Angeles Angels 8-7.

To say the situations are confusing is an understatement. In fact, Sunday's incident was so confusing that the final score at first was determined to be 10-8. It was only after a long discussion that the score was changed to 9-8.

With one out and the score 8-8 in the 10th inning, Ed Charles was at second and Ken Suarez was at first. Reynolds rapped the ball toward the right-field fence and started running.

Charles and Suarez started running, too, but then held up when it appeared that the Cardinals' Tito Francona might catch the ball. Reynolds didn't slow up, though, and was 30 feet past Suarez by the time the ball skimmed over the fence.

After Charles and Suarez both crossed the plate, plate umpire Nestor Chylak signaled two runs. That's when the final score was given as 10-8. It later was changed under a provision of rule 4.11c:

"The batter hits a home run out of the playing field to win the game in the last half of the ninth or an extra inning, but is called out for passing a preceding runner. The game ends immediately when the winning run is scored."

In the Wednesday instance, the Cubs and Angels were tied 5-5 with none out in the fifth. With Glenn Beckert at third and Doug Clemens at first, Williams hit his second homer of the game over the right-field screen.

Here, too, Clemens held up

and was passed by Williams, who was called out and credited with a single. Beckert trotted home from third, and first-base umpire Ed Runge waved Clemens around the bases for a second run.

King Seeks Trade Boycott On Alabama

SAN FRANCISCO (AP)—Dr. Martin Luther King Jr., Nobel Prize-winning leader of the civil rights movement, says he will call for a massive economic boycott of Alabama products. King, speaking before news cameras for national television, said Sunday his Southern Christian Leadership Conference would soon call for an "economic withdrawal program."

Following the NBC program, "Meet the Press," King told a news conference he would discuss the plan with board members of the conference Thursday and Friday in Baltimore, Md.

SHUNS PRODUCTS
King said he would ask labor unions to refuse to transport or use materials grown or manufactured in Alabama and ask consumers to boycott Alabama products. He said he also would ask the federal government to withdraw funds from federal projects within the state and withdraw its funds on deposit in Alabama banks.

"I will call on the nation," he said, "to rise up in a firm action program. I would call first for something like a 10-day withdrawal. Then if nothing was done, I'd call for a repeat of the boycott."

Alabama Lt. Gov. James Allen said a boycott as proposed by King would be a short-sighted solution to the problem, would hurt Negroes "first and hardest" and "would create a reverse reaction from what he would expect."

NO COMMENT
In Washington, a White House spokesman had no comment. Alabama's Atty. Gen. Richmond Flowers termed the demand "wrong and unjust," adding "a great many people would suffer that were not to blame and probably the greatest suffering would be among the Negroes of the state."

Dr. Thomas Brigham, Alabama GOP chairman, said proposed federal legislation would cover King's goals.

"I kind of question his motives in bringing up new questions every 24 hours or so," Brigham said.

SOCIAL REFORMER
King said he expected Alabama growers and business leaders to bring pressure on Gov. George C. Wallace for social reforms.

Earlier Sunday in Grace Episcopal Cathedral atop San Francisco's Nob Hill King told the integrated congregation racial injustice is a "terrible cancer" that is "still the Negroes' burden and America's shame."

"Injustice anywhere is a threat to justice everywhere," he said.

"We must learn to live together as brother, or perish as fools."

Bryan Fire Loss Heavy
BRYAN (AP)—Fire destroyed the Montgomery Ward store and damaged five other businesses in downtown Bryan Sunday.

J. C. Jones, manager of Ward, estimated the store damage at \$750,000 to \$1 million, including about \$300,000 in merchandise.

The fire, the cause of which has not been determined, damaged the roof of a variety store next door to the Ward building. Five other buildings in the block had smoke and water damage.

A policeman saw smoke pouring from a ground floor window of the Ward store about 6 a.m.

Fireman from Bryan and College Station worked two hours before bringing the blaze under control.

Scuba Diver Disappears
WEBB CITY, Mo., (AP)—A scuba diver disappeared Sunday while trying to help police recover a car from an abandoned lead and zinc mine.

Roy Hunt, 23, was presumed drowned.

Police believe the car was the one that killed Benjamin Carl, 13, in front of his home in Webb City in a hit-and-run accident last Nov. 18.

Divers found the car on a ledge under about 70 feet of water.

World's Fair Set To Reopen
NEW YORK (AP)—Robert Moses, president of the New York World's Fair, says the exhibition "is on or ahead of schedule" for the April 21 opening of its second and last season.

BIG SPRING DAILY HERALD

SECTION B BIG SPRING, TEXAS, MONDAY, MARCH 29, 1965 SECTION B

Child Dies Of Accident Injuries

Little Mary Elizabeth Wise, 10, struck by an automobile as she ran across the street near her home last Friday, lost her fight for life Sunday at 10 a.m. She died of her injuries in the Cowper Hospital.

She became the third traffic victim of 1965 in the city, and the fourth person to die in an automobile mishap in Howard County during March. Her death brought the total traffic deaths this year, county and city, to five.

The child was the daughter of Ed Wise and Lillie May Wise, 1502 W. 5th. She was born in Big Spring June 1, 1954.

Services will be at 3 p.m. Tuesday in the Nalley-Pickle Rosewood Chapel. The Rev. Kenneth Andress, pastor of the Westside Baptist Church, will officiate. Burial will be in the City Cemetery.

Fallbearers are to be E. D. Sanderson, W. C. Ross, Don Smith and Elvis Caudill.

Survivors, in addition to her mother and father, are five sisters, Mrs. Christine Gattiff, No. 2005; Charlotte Jane Wise, Frances Delores Wise, Velma Marie Wise and Sharon Kay Wise, all of Big Spring; one

brother, Ray V. Wise, Big Spring; a half-sister, Mrs. Lillie Bell Martin, Big Spring; and her maternal grandmother, Mrs. E. H. Heffington, Big Spring.

Mary Elizabeth, in company with a sister, Velma Marie, and a cousin, Debra Alexander, sought to cross West Fourth Street at its intersection with Valley Street. Witnesses said that Mary Elizabeth ran into the path of a car driven by Mrs. Sandra Bell Guzzo, 907 Scurry, wife of Airman J.C. Joseph Guzzo. Guzzo was a passenger in the car. Police said the car was travelling at less than the legal speed limit. The Guzzos stopped their car immediately and attempted to aid the injured child.

At Cowper Hospital, surgery was performed and blood transfusion given. The child, unconscious from the time of the impact, did not regain consciousness.

Her fatal mishap was in the same general area where another child, Rosalinda Sandoval, 4, was killed in a similar accident Feb. 9. She was struck by a pickup truck in the 1700 block of West Third when she

ran into the street. Mary Elizabeth's accident was in the 1400 block of West Fourth.

The third fatality in the city also occurred on West Third. This was March 3 at the intersection of Third and Scurry. The victim was Albert D. Grantham, 58.

She says she has undertaken a personal program to alleviate the woes of having money — a new yacht club in Miami so glamorous the chrome-plated hinges are being gold plated so they won't clash with the golden plumbing.

Woes Of Having Money Eased

MIAMI, Fla. (AP) — "President Johnson is taking care of the poor. Well, I'm going to take care of the rich," Mrs. Carling L. Dinkler Jr., an Atlanta, Ga., socialite, said.

Cindy Coleman Wins First Place In Piano Meet

Cindy Coleman, eight-year-old daughter of Mr. and Mrs. Fred Coleman, 506 E. 16th, Big Spring, was a first place winner in a Sonata contest in Midland Saturday. The first, second and third grade school students performed the piano selection "Little Suite No. 1" by Hassler. She is a pupil of Mrs. Fred Beckham.

The annual Sonata-Concerto contest is sponsored by the Midland Music Teachers Association, and teachers enter their students by invitation.

First place winners performed at a recital Saturday night at

the First Presbyterian Church of Midland.

Betty McCann, daughter of Mr. and Mrs. T. H. McCann, 702 Highland, and also a pupil of Mrs. Beckham, won second place in the seventh, eighth and ninth grade category. Her selection was a Kuhlman Sonata—Op. 55 No. 3—allegretto grazioso.

One hundred and 25 students were entered in 24 categories in the competition Saturday.

Other students from Big Spring who entered from the fourth, fifth and sixth grade division were Pamela Wheeler, Connie Gary and Deborah Wash-

Federal Civilian Employees Decline

ment declined by 4,417 persons during February.

A report said it was the third consecutive monthly decline, and fixed the employment figure at 2,459,595.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers had astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation 110. At all drug counters.

Thurmond Likes To Be Republican

WASHINGTON (AP) — Sen. Strom Thurmond, conservative Southern Democrat turned Republican, says his new role fits him just fine.

The South Carolina senator switched his party allegiance in the midst of the 1964 presidential election campaign, declaring himself a "Goldwater Republican."

He is listed as a Republican in the new Congress.

How has the change affected him and his fortunes?

"The Republicans have treated me very nicely," says Thurmond. "The Democrats have shown no ill feeling."

President Johnson didn't even mention it when they met recently at a White House reception to which Johnson invited him and other legislators of both parties, Thurmond reported.

"I'D TALK BACK"

"I looked him right in the ball of the eye," Thurmond said, adding that he would have talked back if the President had reproached him.

"I would have told him that if he was standing by the principles of the Constitution he ought to stand for, it would have been different."

It's his feeling, the militant South Carolinian continued, that his switch was "more a case of the Democratic party leaving me, than for me leaving it."

He meant, Thurmond explained, that he believes the Democratic party has swung far to the left of the principles for which it stood when he joined it in his youth.

This wasn't his first real break with the titular Democratic leadership. In 1948 he was the States Rights party's nomi-

ICC Examiners Okay Rail Merger

WASHINGTON (AP)—Mergers of the Pennsylvania and New York Central railroads was recommended today by examiners for the Interstate Commerce Commission.

Strict conditions were laid down, one of which would require the two railroads to provide freight service over the lines of the New Haven Railroad.

But the examiners—contrary to expectations in the railroad industry—did not recommend that the merged Penn-Central system support the New Haven's bankrupt passenger operations "unless a plan is provided to offset the present operating deficits on a sound economic basis."

The merger, if approved by the full commission, would create a 19,631-mile system that would operate in 14 states, the District of Columbia and Canada.

MAJOR CENTERS

It would serve most major population centers between the East Coast and the Mississippi River.

Examiners Jerome K. Lyle and Henry C. Darmstadter, who conducted extensive hearings on the complex proposal, concluded:

Thurmond Likes To Be Republican

WASHINGTON (AP) — Sen. Strom Thurmond, conservative Southern Democrat turned Republican, says his new role fits him just fine.

The South Carolina senator switched his party allegiance in the midst of the 1964 presidential election campaign, declaring himself a "Goldwater Republican."

He is listed as a Republican in the new Congress.

How has the change affected him and his fortunes? "The Republicans have treated me very nicely," says Thurmond. "The Democrats have shown no ill feeling."

President Johnson didn't even mention it when they met recently at a White House reception to which Johnson invited him and other legislators of both parties, Thurmond reported.

"I'D TALK BACK" "I looked him right in the ball of the eye," Thurmond said, adding that he would have talked back if the President had reproached him.

"I would have told him that if he was standing by the principles of the Constitution he ought to stand for, it would have been different."

It's his feeling, the militant South Carolinian continued, that his switch was "more a case of the Democratic party leaving me, than for me leaving it."

He meant, Thurmond explained, that he believes the Democratic party has swung far to the left of the principles for which it stood when he joined it in his youth.

This wasn't his first real break with the titular Democratic leadership. In 1948 he was the States Rights party's nomi-

nee for president, in a break with President Harry S. Truman, the Democratic standard bearer.

"PROSPECTS GOOD" The senator now predicts good prospects for the GOP in the South. He said he finds the Republican party "more in accord with my own thinking" and he feels comfortable in it.

In the Senate, he said, "the Republican party and I voted the same 70 to 75 per cent of the time. It would have been easier if I could have voted 75 per cent with the party with which I was affiliated," but he said he couldn't do that conscientiously.

Any chance he might switch back to the Democratic party in the future? "I see no chance in the world," the senator replied.

The change of parties involved both gains and losses for him, Thurmond said.

He lost his seat on the Commerce Committee as its 4th ranking majority party member, and the chairmanship of its surface transportation subcommittee. He also wound up with less patronage, that is, jobs to fill.

ON PANEL But he gained a seat on the Banking and Currency Committee as its third ranking minority party member, and would keep that rank if the GOP again becomes the Senate's majority party. His GOP colleagues also made him the senior minority member of that committee's securities subcommittee.

The Republicans let Thurmond retain his membership on the Armed Services Committee and on its investigative arm, the preparedness subcommittee.

ICC Examiners Okay Rail Merger

WASHINGTON (AP)—Mergers of the Pennsylvania and New York Central railroads was recommended today by examiners for the Interstate Commerce Commission.

Strict conditions were laid down, one of which would require the two railroads to provide freight service over the lines of the New Haven Railroad.

But the examiners—contrary to expectations in the railroad industry—did not recommend that the merged Penn-Central system support the New Haven's bankrupt passenger operations "unless a plan is provided to offset the present operating deficits on a sound economic basis."

The merger, if approved by the full commission, would create a 19,631-mile system that would operate in 14 states, the District of Columbia and Canada.

MAJOR CENTERS It would serve most major population centers between the East Coast and the Mississippi River.

Examiners Jerome K. Lyle and Henry C. Darmstadter, who conducted extensive hearings on the complex proposal, concluded: "It is our belief that the overall benefits to be derived from

consummation of the proposed merger clearly outweigh any injury which has not nor cannot be protected through the imposition of conditions" (sic).

The examiners did not recommend inclusion of the financially troubled Erie-Lackawanna Railroad in the merged Penn-Central.

LEFT OPEN But they left the record open for 10 years to permit future consideration of such action if the Erie-Lackawanna is not successful in its attempt to be admitted to the Norfolk & Western Railway System. That system has indicated it will consider taking in the Erie-Lackawanna whenever the railroad's financial condition improves.

As another condition of the recommended merger, the examiners would require the Pennsylvania and New York Central to attempt to locate the Lehigh Valley Railroad—controlled by the Pennsylvania—in one of the other two major eastern railroad systems: the Norfolk & Western or the Chesapeake & Ohio-Baltimore & Ohio.

The condition was imposed, the examiners said, to bring about "the best possible competitive balance between the merged company and other eastern railroads."

Ku Klux Klan - Now And In The Past

WASHINGTON (AP) — President Johnson denounced the Ku Klux Klan as a "hooded society of bigots." Bigotry in America has a long history but not in all its forms as violent, cruel and lawbreaking as the Klan.

There have been three sets of Klans: the "Invisible Empire" which spread across the South after the Civil War; the Klan which spanned the country, North and South and from Maine to Oregon after World War I; and the present Klan.

In the first two stages the Klan used terror and violence ranging from beatings and floggings to lynchings. In the present stage Klansmen have been implicated in murders connected with Negroes civil rights drives.

Then, Chalmers says, one of the floggers, a Klansman minister, told the woman: "Sister, you were not punished in anger this evening; you were punished in a spirit of kindness and correction, to set your feet aright and to show your children how a good mother should go."

THE FIRST Klan, begun as a prank in 1865 to frighten newly freed Negroes with the hoods and white sheets of the members, developed into a South-wide society with sinister methods and a single purpose: white supremacy.

NEW YORK (AP) — Things a columnist wouldn't know if he didn't open his mail: The average U.S. husband outweighs his wife by 33 pounds. She tips the scales at 127 pounds — he weighs 165.

Membership was secret under the banner of "chivalry, humanity, mercy and patriotism." White supremacy was achieved by the 1870s — meaning Negroes were cemented into subservience — and the Klan pretty much faded.

The Klan at the time was not alone in its secrecy or its purpose. There were others like the Knights of the White Camellia, the White League, the Invisible Circle, Pale Faces.

AN OLD affliction: It is estimated that 75 million Americans have had hangovers. Scientists believe they are caused by the fact too much alcohol reduces the supply of oxygen to the brain.

In 1915 D. W. Griffith produced America's first spectacular movie, "The Birth of a Nation," based on Thomas Dixon's pro-Klan novel, "The Clansman." In Georgia that year the Klan was resurrected under a burning cross on top of Lookout Mountain.

Peace, it's wonderful: More than 40 million people in the United States own guns — and there are 20,000 federal, state, county, and municipal laws and ordinances dealing with firearms.

The NEW Klan was still for white supremacy and still against Negroes but now, like some other organizations of the past, it was against Catholics, Jews and immigrants.

Now let's see what happens when we cut the hair off short, or shave. If the hair or whisker grows normally, it just extends above the surface of the skin and becomes part of the beard.

Each day Americans use over 445 million gallons of petroleum and about 40 per cent of it goes into motor vehicles. The consumption of gasoline for all uses averages some 198 million gallons daily and during the course of a year automotive engines use about one billion gallons of lubricating oils.

Ingrown Hair Gets Trapped Under The Skin

An ingrown hair isn't necessarily confined to shavers or to men. A hair may be pulled out, or may be broken off below the surface of the skin. When it starts to grow, it can "stub its toe," so to speak. It may get trapped below the skin, and then have to curl up as it grows.

Taylor Reports Saigon Now More Hopeful

WASHINGTON (AP) — Ambassador Maxwell D. Taylor, who says he thinks "things are turning for the better" in Viet Nam, confers today with Secretary of State Dean Rusk and other top State Department officials.

Taylor returned Sunday from Saigon to meet with President Johnson in what was billed as a periodic, across-the-board review of the U.S. effort in the Southeast Asian country to halt Communist subversion and aggression. No time has been announced for the White House meeting.

Landing at Andrews Air Force Base outside Washington, Taylor reported that there is "an air of optimism at the present time" in Saigon about the antiguerrilla campaign against the Communist Viet Cong.

NOT RESIGNING

Taylor said he had no specific recommendations to make to the President. When questioned about a report he would resign, Taylor said "there is nothing to it."

The 63-year-old ambassador was chairman of the Joint Chiefs of Staff when Johnson named him to the Viet Nam post last June.

En route to Washington he conferred in Honolulu with U.S. Pacific commander Adm. U.S. Grant Sharp. When he arrived here he made these points:

On the campaign against the Viet Cong: "I'd say that the feeling of the people is that it is improving all the time."

MORALE IMPROVED
On results of the air raids against the north: They have produced "a very clear lift in morale" in South Viet Nam.

On the political situation in South Viet Nam: it has improved since the civilian Quat regime took over in February.

On the possibility of Red China sending in ground forces: "There are no indications of any sort" that such a Communist move is contemplated.

Although Taylor's optimistic views were not fully shared by officials here, the ambassador's predecessor in Saigon, Henry Cabot Lodge, also saw reason for encouragement.

With measures now being taken, Lodge said in a recorded television interview on NBC's "Sunday" program, matters are "going to improve as time goes on."

Referring to the U.S. and Vietnamese air strikes against the Communist north, Lodge said, "I believe the measures that we are taking against North Viet Nam are going to make them realize that this adventure of theirs is unprofitable."

Front Moves Across Texas

A cold front preceded by scattered thundershowers, considerable fog and drizzle moved across Texas Monday, and lower temperatures were expected in most portions by Monday night.

The weatherman has called for clear to partly cloudy skies over West Texas, but with considerable cloudiness elsewhere.

Showers were expected over the east and south portions Monday and Monday night.

Austin and Lufkin reported drizzle and fog during the early morning hours Monday, and the Dallas-Fort Worth, southeastern, and central Texas areas reported cloudy skies.

Except for the expected temperature drop, the weather for the state today is expected to be pretty much like the damp cloudiness the state experienced Sunday.

Temperatures in the early hours today ranged from 35 at Amarillo in the Panhandle to 72 at Brownsville in the Rio Grande Valley.

New Aircraft Design

A new aircraft design incorporating the best of the helicopter and the jet airplane has been designed by the Bell Helicopter Co., of Fort Worth, the firm announced. This drawing shows the proposed V/STOL trailing rotor aircraft as it would appear in helicopter flight, below, and at high speeds in jet airplane configuration above. Bell engineers call the plane a "training rotor" design because helicopter-type rotor blades mounted at the wing tips can be folded in flight to trailing positions behind streamlined pods. Speedy House Action On Measures Unlikely

WASHINGTON (AP)—President Johnson's chances of getting House action before Easter on three top-priority bills appeared today to be improbable, if not impossible.

The three measures on which the President wanted quick passage are a voting-rights bill, a \$1.3-billion aid-to-education measure, and a proposal for comprehensive health care for the elderly.

House leaders who had mapped out a rigid timetable to accommodate the President's wishes have all but tossed it out in the face of legislative realities.

The school measure, first of its kind ever passed by the House, was sent to the Senate in a night session last Friday. It is in the hands of the Senate Education and Labor Committee which has been friendly to school bills in past years.

The health-care bill cleared the House Ways and Means Committee last week but cannot go before the Rules Committee before Tuesday at the earliest. Indications were it would receive Rules Committee attention before Wednesday.

The committee is expected to hold a minimum of several days of hearings on the complicated and cumbersome bill before clearing it for House consideration.

HOUSE DEBATE? Administration leaders, while publicly hoping to get House

Plaints, Advice, Problems —It's Voice Of Consumer

WASHINGTON (AP)—While taking the pulse of the American consumer, Esther Peterson has raised the temperature of some top businessmen.

"The most pernicious threat to advertising today," the trade magazine Printers' Ink claimed last week.

No federal programs, including Mrs. Peterson's, are needed to protect consumer interests, said the president of the National Association of Manufacturers.

"Let's keep politics out of the pantry," added the chairman of General Foods Corp.

HAS ALLIES But, after a year as the Voice of the Consumer in the White House, friendly, fast-talking Mrs. Peterson hasn't lost any of her energy or enthusiasm. Despite the criticism, she has plenty of allies in high official and business posts as well as among the consumers. Her more formal title is presidential assistant for consumer affairs.

"I love being given an assignment in which I believe. I have to feel deeply about things I do," says Mrs. Peterson, 59, mother of four, who has been a labor lobbyist and teacher.

Both the consumer job, for which she is unpaid, and her \$27,000-a-year post as assistant secretary of labor are what Mrs. Peterson considers areas where things can be done "to materially improve people's lives."

HELP CONSUMER She still thinks she can manage to get the business community and the consumer together voluntarily to change market practices and give the consumer the information needed "to make wise choices in a complicated marketplace."

President Johnson has shown his confidence by recommending a steady increase for Mrs. Peterson's consumer office in his new budget. The boost, from \$188,000 to \$319,000 for the next fiscal year, would provide for five or six more professional

MRS. ESTHER PETERSON
Represents the "voice of the consumer"

what she has learned from talking to all sides.

ADVICE COMES After asking for them, complaints, advice and problems poured in on Mrs. Peterson from consumers. One woman enclosed a broken cold cream jar, revealing a heavy, content-concealing bottom. Another sent the wrapper from a frozen dinner, picturing two thick slices of meat. She said it contained just one thin slice.

The post office had no trouble delivering one letter addressed: "That Woman President Johnson Appointed to Look After the Consumer. Washington, D.C."

When her opponents among the Madison Avenue advertising men, such as Mark E. Cooper, president of the Advertising Federation of America, said she had created "unwarranted suspicion of American business," Mrs. Peterson noted: "You do not stir an empty kettle."

Two Perish In Accident

EUNICE, La. (AP)—Two persons were killed and two others were injured Sunday in a two-car crash five miles east of here.

The dead were Goldman J. Manuel, 60, of Jefferson Parish, and Mrs. Hazel Green Miller, 52, of Houston, Tex.

The injured were Arthur B. Miller, 53, husband of the woman, and Mrs. Robert Green, 74, also of Houston, a passenger in the Miller car.

President Relaxes In Catocin Hills

WASHINGTON (AP)—President Johnson relaxed Sunday at Camp David in the Catocin Mountains of western Maryland. The President and Mrs. Johnson flew to the camp by helicopter Saturday night and returned late Sunday evening.

Propaganda Of Cong Has Homey Touch

SAIGON, South Viet Nam (AP)—Pressing a campaign to win the allegiance of the people in the Vietnamese countryside, the Viet Cong are demonstrating a homey touch.

Known for their ability to live, work and fight on a people-to-people level, the Communist guerrillas appear to believe they have found in the family photo album the answer to the West's four-color propaganda brochures.

Recent secret material obtained through Vietnamese intelligence sources included albums containing pictures of family groups, sweethearts, religious meetings, funerals and political and military gatherings.

FROM BODIES

They were taken from Viet Cong prisoners and bodies and show clearly the degree of organization that has been achieved by the Viet Cong in some areas.

Many of the pictures in one album were of a religious meeting in "Phuoc Long district." This district is believed to correspond roughly to South Viet Nam's official Phuoc Long Province. About 80 miles north of Saigon, it includes the region known as "D" zone, where the Viet Cong have found a haven for years.

Banners in the pictures proclaimed the gathering was a "religious meeting of the Free Front of National Liberation of Viet Nam." The liberation front is what the Viet Cong calls their movement.

Shown in one picture were two men in the yellow robes of Buddhist monks. They were sitting cross-legged on the floor with cups of tea in front of them.

Another picture showed a man apparently representing the Cao Dai, one of Viet Nam's religious groups, who was addressing the meeting.

Other pictures were of an apparent political meeting in a tent-like structure, where Viet Cong flags and banners were displayed. Speakers were shown addressing the audience over microphones, while members of the crowd raised clenched fists in an expression of voting.

MORE MARTIAL Other pictures were of a more martial nature. One showed a group of well-equipped troops marching with the Viet Cong flag flying.

In many of the pictures, the subjects wore the black, pajama-type blouse and pants long associated with the Communist guerrillas. But the marching soldiers were in trim, khaki uniforms.

One thing they seemed to lack, either by choice or by circumstance, was footwear. All the marching troops were barefoot.

Informants said the photo albums undoubtedly were used by the Viet Cong to show on a personal level that they claim is their way of life. It is believed the albums are passed from hand to hand as guerrilla leaders work among the dwellers of South Viet Nam's hamlets and villages.

The campaign is low key, but people who follow such work closely believe it is effective.

Big Horse Race Hearing Tonight

AUSTIN, Tex. (AP)—Texas legislators indulge today in possibly the session's last big committee show—a hearing on the Texas Racing Association's bill to legalize pari-mutuel horse race betting.

House officials will be ready with extra sergeants at arms and chairs to handle the expected large crowd anticipated for the House State Affairs Committee hearing (at 7:30 p.m.).

STUDENT LOANS

In other action today, Rep. George Hinson of Mineola plans to seek further House action on a proposal to establish a \$75 million college student loan fund. Senators approved the proposal, but Hinson must decide whether to accept the \$25 million Senate cut in the fund.

Father Kills Three, Self

HUNTSVILLE, Ala. (AP)—Authorities say Joseph C. DeLashmit Jr. apparently fired fatal bullets into the bodies of his wife and two children, told a telephone operator what he had done, and then shot himself.

The 32-year-old employee of Brown Engineering Co., one of this space city's largest firms, died in Huntsville Hospital within 15 minutes after his wife Joan, 31, and son, John, 6, perished from gunshot wounds Sunday.

Bids On Bonds To Be Opened

GARDEN CITY—Bids will be received and opened tonight at a meeting of the Glasscock County Independent School district board of trustees for the sale of \$175,000 in school bonds voted by the district Feb. 20.

The 10-year general obligation bonds, when sold, will provide funds for new elementary classrooms, auditorium improvements, revamped heating system in the high school, improved lighting system in the elementary school and other remodeling.

Traffic Group To Meet Tuesday

A recommendation from the police department for fatality markers in the city and discussion of removal of parking from the north side of Fifteenth Street, between Scurry and Main, are among items to be considered by the traffic commission at 3:30 p.m. Tuesday in city hall.

On the agenda also are a discussion of traffic controls at Second and Gregg, and traffic sight hazards on corners in the city.

Heart Meeting To See Film

"The Good Old Days," a human interest film for the national program of the heart association, will be screened at 7:30 p.m. Monday for the Howard County Heart Association. The film features players who appear in television's "Donna Reed Show."

All members of the association are urged to be at the Malone and Hogan Clinic Library at 7:30 p.m. for the meeting. Dr. Donald Terry, president, will preside. Bo Bowen is the secretary.

Fire Breaks Out On Cargo Vessel

NEW YORK (AP)—Fire broke out today in the engine room of the cargo ship Leda Maersk, and was brought under control in less than an hour. There were no injuries.

Returned Here

Robert Crayton, wanted here for enticing a minor, was returned to Howard County Jail Sunday by Bill Whitton, deputy. Whitton took custody of the prisoner in Taylor, where he had been apprehended on a local warrant.

Stock Market Opens Higher

NEW YORK (AP)—The stock market opened higher in active trading today.

Gains usually were small.

On favorable news on their proposed merger, New York Central rose 3/4 to 57 1/2 and Pennsylvania Railroad was unchanged at 47 3/4.

Howard, Original Ruby Defense Attorney, Dead

DALLAS (AP)—Funeral services for Jack Ruby's original lawyer, Tom Howard, will be held at 2 p.m. Tuesday in Dallas.
Howard, 48, died Saturday night 30 minutes after being admitted to a hospital with a massive coronary.
Howard had complained of a pain in his upper back for several days.
Services will be at the Dudley Hughes Chapel.
He is survived by his widow, his mother, Mrs. Margaret Hale Howard, a son and three daughters.
George Senator, Ruby's roommate, took Howard to police headquarters to represent Ruby shortly after Lee Harvey Oswald was shot to death.
Howard appeared in court during the first few days of Ruby's murder trial, at which

Ruby was assessed the death sentence.
"Tom and (Melvin) Bell disagreed violently regarding how Ruby should be defended. He said he pulled out of the case when he felt the trial procedures would result in a conviction," said Mrs. Howard.
Howard, with his white Stetson and cigar, was a familiar figure at police headquarters and the county courthouse.
Dist. Judge Joe B. Brown, who presided at the Ruby murder trial, jailed Howard for an hour and a half in 1949 when Howard and an assistant district attorney tried to outshout each other during a trial.
In 1950 Howard and then Dist. Atty. Will Wilson exchanged a few blows when the state asked for a continuance of robbery cases against a Howard client and Howard said the state didn't have a case and didn't have the courage to dismiss it.
In 1951 Howard and Fred Bruner, then an assistant district attorney, paid \$50 fines for exchanging blows in Judge Brown's court.
In 1960 Howard received a six month suspended sentence and was fined \$2,500 in federal court for failing to file income tax returns for three years.
As a result of this conviction Howard was disbarred for six months.

Rights Victim Kin In Seclusion

DETROIT (AP)—The grieving family of an assassinated rights sympathizer remained in seclusion today as gestures of sympathy poured in from dignitaries and little people.

Vice President Hubert H. Humphrey visited on Sunday at the home of the slain Viola Gregg Liuzzo, 39-year-old mother of five who was felled on a dark Alabama highway last week.

EXPRESSES SYMPATHY
A spokesman for the family said Humphrey expressed condolences on behalf of both himself and President and Mrs. Johnson to Anthony Liuzzo, 51, and the children.

Charles (Chuck) O'Brien, a Teamsters Union business agent and friend of the family, told newsmen that Humphrey "then went over and hugged little Sally, who was crying."

"She can't understand why her mother was killed," said O'Brien.
Sally, 6, was one of three girls and two boys left motherless by the murder of Mrs. Liuzzo. Four members of the Ku Klux Klan have been charged in federal court in connection with the slaying.

MONEY, FLOWERS
O'Brien said money and carloads of floral offerings have been pouring in from across the nation.
The negotiators face a May 1 strike deadline.

accepted a pharmaceutical award, was the last of several dignitaries who paid their respects to the family Sunday. He was accompanied by former Gov. John Swainson, now Democratic national committeeman for Michigan.
Gov. George Romney stopped at the house Saturday and compared Mrs. Liuzzo to the French martyr, Joan of Arc. Both died for what they believed in, he said.
Requiem Mass has been

scheduled for Tuesday morning at Immaculate Haart of Mary Church, with burial to be in Holy Sepulchre Cemetery.

PSORIASIS AMAZING STORY

Pittsburgh, Pa. — "Doctored for psoriasis 30 years. Spent much money to no avail. Then used GHP Ointment and Tablets for 2 weeks. Scales disappeared as if by magic. In 6 weeks skin completely cleared and clean. First time in 30 years. Thanks for your marvelous products." This much abbreviated report tells of a user's success with a dual treatment for the outward symptoms of psoriasis. Steelworker Demand Eyed

PITTSBURGH (AP)—The basic steel industry learns today exactly what the United Steelworkers Union wants in a new

contract for its 450,000 members who work in the nation's steel mills.
The union's economic package—wages and fringe-benefit proposals and what it calls total job security—will be formally presented to four industry representatives.
The industry bargainers, headed by U.S. Steel Corp. Vice President R. Conrad Cooper, huddled behind closed doors last week in top-level talks with their eight USW counterparts led by President David J. McDonald.
The negotiators face a May 1 strike deadline.

ANSWERS TO BRIDGE QUIZ
Q. 1—As South you hold:
♠K 10 5 ♥AKJ 6 ♦AQ 5 3 ♣K 8
The bidding has proceeded:
South West North East
1♥ Pass 1♠ Pass
2NT Pass 3♥ Pass
?
What do you bid now?
A.—Three spades. This allows for all contingencies. If partner has a five card spade suit he might prefer to play the game in that suit. If his bid was based on a four card suit, he still has the option of returning to four hearts or three no trump.
Q. 2—As South you hold:
♠7 4 ♥8 4 ♦A 10 9 6 5 3 ♣A J 7
The bidding has proceeded:
West North East South
1♥ 1NT Pass ?
What do you bid?
A.—Three no trump. Your hand contains nine points which, with a six card suit, is ample to carry on to game. There is nothing to be gained by jumping in diamonds.
Q. 3—As South, vulnerable, you hold:
♠A 10 5 ♥AJ 10 6 3 ♦K J 7 5 ♣3
The bidding has proceeded:
West North East South
Pass 1♠ 2♦ ?
What do you bid?
A.—Two hearts. While it is tempting to double and exact from the enemy a suitable toll for what may have been an intemperate act, nevertheless such a step should be taken with caution when support for partner's suit is held. Vulnerability in this case militates against an early double. Chances for game are too bright to accept what might be an inadequate penalty. Were clubs and spades interchanged, we would favor the double.
Q. 4—As South, vulnerable, you hold:
♠9 8 4 3 ♥8 7 5 4 ♦K J 3 ♣K J
The bidding has proceeded:
North East South
1♥ Double ?
What do you bid?
A.—Two hearts. Your values are mild and should be shown at once. A pass is not recommended, for you may find it inconvenient to enter the auction on a later round.
Q. 5—As South, vulnerable, you hold:
♠4 ♥K Q 3 ♦K 3 2 ♣Q J 10 7 5 4
The bidding has proceeded:
East South West North
1♠ Pass 2♠ Double
Redouble ?
What do you bid now?
A.—One or both of the opponents appear to be taking liberties with the truth. There is little doubt that your side has a game, inasmuch as your partner was strong enough to make a take-out double at such a high level. Perhaps the atmosphere would best be cleared by passing and permitting partner to rescue himself from the redouble. If he bids hearts you will raise and, if not, you may contract for game in clubs.
Q. 6—As South you hold:
♠A 6 4 ♥8 7 5 2 ♦9 6 3 ♣8 6 2
The bidding has proceeded:
North East South West
2♦ Pass 2NT Pass
3♦ Pass ?
What do you bid now?
A.—Three no trump. Except for the ace your hand is worthless and no inducement should be offered partner to go past the nine trick level.
Q. 7—As South, you have a 60 part score and hold:
♠AK 9 8 6 3 ♥A ♦AK J 10 ♣6 3
The bidding has proceeded:
South West North East
2♠ Pass 2NT 4♣ ?
What do you bid now?
A.—Pass. This strategy is clearly indicated. Partner may be in a position to inflict a severe sting and he should be given the courtesy of the road. If he does not choose to double, he is obliged to proceed with the bidding inasmuch as your original bid was forcing to game.
Q. 8—As South you hold:
♠A 10 9 6 3 ♥7 2 ♦J 9 8 3 ♣K 5
The bidding has proceeded:
North East South West
1♠ Pass 1♣ 2♥
Pass Pass ?
What do you bid now?
A.—Two spades. Opposite a partner who has opened the bidding, you cannot afford to sell out so cheaply and, tho this is not strictly speaking a rebiddable suit, there is no other call available.
