Low Bidder Gets Webb T-41 Pact

Contract for the Air Force T-41A light plane program here was awarded Wednesday afternoon to Central American Airways Flying Service, Bowman Field, Ky., at \$14.74 per flying hour.

Official notification went to Central American from Lt. George Podrasky, Webb AFB procurement officer, who has directed all details in connection with the contract.

Central American has elected to utilize Howard County airport for the program. The County Commissioners Court has opened bids for a new building facility to be leased to Central American, and may award a contract this week.

House Cool To Texas Senate Expansion Plan

AUSTIN (AP)—A Senate proposal to enlarge its membership from 31 to 39 and extend senators' terms from four to six years got a rough House reception Tuesday night in committee.

"I don't see any reason for men who have not restricted effectively for 60 years getting a bonus of two years extra for not doing it," said Rep. Bob Eckhardt of Houston.

"There is absolutely no question but that this would ease the Senate's redistricting problems," said the House sponsor, Rep. Terry Townsend of Brady. He said he wasn't authorized to encourage any division of the two provisions.

NOT CONCERNED
"I'm not really concerned about easing their pain," said Rep. Bill Hollowell of Grand Saline. "Is there any reason why their pain should be eased when the House members will be redistricted at the same membership level?"

If 100 House members approve, voters would get the proposal at a special election Aug. 7, five days after the federal court deadline for legislative reapportionment.

Hundred Years Ago Tonight Lincoln Shot

WASHINGTON (AP)—Standing inside Ford's Theater, amid the rubble of reconstruction work, a historian muses fancifully:

"Could it be that the ghost of George Washington was the first to exact punishment from the assassin of Abraham Lincoln?"

SHOT IN HEAD
One hundred years ago tonight, John Wilkes Booth, hard-drinking actor, stole into a box where Lincoln was enjoying the play "Our American Cousin," and shot him in the back of the head. The wounded president was carried across the street to a boarding house, where he died the following morning.

After firing the fatal shot, Booth stabbed a military aide. Then he vaulted over the balustrade of the box to the stage 11 feet below.

In his jump, one of the spurs Booth was wearing caught on a picture of Washington which decorated the box. It also tore the edge of a flag draped above the picture.

When Booth hit the stage, a bone in his left leg was broken.

Four-Year Term Bill Clears Panel

AUSTIN (AP)—After weathering stormy criticism, a House committee cleared 12-7 Tuesday night a measure that, if finally approved by voters, would let Gov. John Connally run for a third term of four years.

The measure also would give four year terms, instead of two years, to those of lieutenant governor, attorney general, comptroller, land commissioner, agriculture commissioner, and treasurer. It also would have the effect of giving a four year term to the secretary of state, who is appointed by the governor.

If finally approved by two-thirds of both houses, the pro-

LBJ Pledges Try For Flood Assistance

ST. PAUL, Minn. (AP)—President Johnson told citizens of flood-ravaged Minnesota today he intends to see what the federal government can do to provide prompt and effective assistance to victims of the flooding.

(Earlier story on Page 10-B)

The President flew here from the South Bend-Elkhart area in Indiana after touring scenes of destruction left by Palm Sunday's death-dealing tornadoes.

The President said he knows it is the will of the American people that assistance be provided by the government to the citizens and the communities faced with the task of rebuilding.

"Our purpose is to see what the federal government can do to provide promptly and effectively the appropriate assistance available under the established federal program to assist the families and communities suffering from these natural disasters," Johnson said.

New Synthetic Anticancer Agent Tested

DETROIT (AP)—Development of a new type of experimental anticancer agent—a chemical with molecular "claws"—was reported today to the American Chemical Society.

The synthetic drug has proved effective in destroying or slowing a wide variety of cancers in animals. It has yet to be proved useful in man.

It's a new form of a class of chemicals known as thiosemicarbazones, and is dubbed "KTS" for short. It has an unusual ability to pick up, or "chela," certain trace minerals present in the body, such as copper, in a claw-like action. It apparently needs copper to give it antitumor activity.

HUMAN TESTS
Tests of whether it would be safe for use in man have been started in a few presumably hopeless cases of cancer, reported Dr. Harold G. Petering of the Upjohn Co., Kalamazoo, Mich.

But Petering said at a news conference at the 149th national ACS meeting that the human tests being conducted at Roswell Park Memorial Institute, Buffalo, N.Y., are only preliminary ones to evaluate safety.

He indicated that the tests are not expected to provide any gauge of whether the substance would be effective against cancer in man.

Petering elaborated on a formal report he and researcher Garretie J. Van Giessen, also of Upjohn, prepared for the meeting.

The scientist said, in answer to a question, that the research left unanswered questions, including exactly how the drug works against animal tumors.

TUMORS GO
But he said the substance, in animal tests, has:

1. Caused complete disappearance of a number of tumors experimentally transplanted into rats and mice—including malignancies of the pancreas, intestines, stomach, muscle and bone.
2. Produced "very marked inhibition (slowing of growth)" of some such tumors that had developed naturally in other test animals.
3. Lowered the incidence of tumor recurrence when sprinkled into wounds made by surgical removal of animal tumors.
4. Shown no evidence of causing significant harm to normal tissue in animals.

Fluoridation To Resume In Town

ANTIGO, Wis. (AP)—City Councilmen, weary of hearing how Antigo's second-graders have 183 per cent more cavities than they did four years ago, voted 11-1 Tuesday night to resume fluoridation of the municipal water supply.

Fluoridation, which first was started in the city in 1949, was ended in 1960 after a public referendum. Resumption comes after another referendum April 6, demanded after the State Board of Health released a survey showing the increase in dental decay among school children.

Twister Victims Gird For New Devastation

More Flooding Due In Midwest

By The Associated Press

The battered Midwest, stricken Sunday by the worst tornado barrage in 40 years, braced today for fresh devastation from flooding.

The rain and ice-swollen Mississippi River, stirred to life by the spring thaw, spilled downstream at record heights, periling scores of communities.

The Red Cross estimated that 31,000 persons were affected by flooding in five states—Minnesota, Wisconsin, Iowa, North Dakota and Illinois.

HARDEST HIT

Hardest hit was Minnesota, where disaster workers and volunteers battled in around-the-clock vigils to extend dikes as the waters rose every hour.

Life was disrupted in St. Paul, Minn., population 350,000, businesses were shut down, schools were closed and transportation was crippled.

Flooding was blamed for 11 deaths, millions of dollars damage and the evacuation of thousands of families. The river, to crest at a record 27 feet late Thursday or Friday, was expected eventually to drive 21,000 St. Paul residents from their homes.

DOUBLE ASSAULT

President Johnson scheduled an inspection tour in a six-state area of the Midwest today to view for himself the results of nature's double-barreled assaults on property and life.

The President was to make on-the-ground tours in Indiana, Ohio and Minnesota and aerial surveys in Illinois, Wisconsin and Michigan.

Where there was no flooding in those states, there was the bitter task of cleanup in the aftermath of the Palm Sunday tornadoes that claimed 248 lives, injured an estimated 5,000 and caused more than \$235 million damage.

HELP ON WAY

Help was on the way for the tornado-lashed states. The Small Business Administration designated parts of Michigan, Wisconsin, Ohio and Indiana as disaster areas. President Johnson was expected to offer wholesale federal relief funds for the repair of public facilities and, in some cases, to also provide assistance for farmers and businessmen.

Despite plywood extensions, the muddy Mississippi poured into St. Paul. Six feet of water covered runways at the downtown airport.

Succession Plan Voted

WASHINGTON (AP)—The House has approved a proposed constitutional amendment designed to insure the smooth flow of presidential power when a president becomes physically or mentally disabled.

Storm Inspection

President Johnson arrives in Indiana—Making his first stop at South Bend for a brief address as he began a tour of sections of the Midwest hit by devastating tornadoes and floods. Johnson could find only one phrase to express his feelings after picking his way through splintered wood, broken glass and

tumbled cinder blocks in neighboring Dunlap, Ind., where 27 persons died in the Palm Sunday tragedy. "I'm sorry," he said. He later decided the government must be ready to assist in "every useful way." Earlier story on page 10-B. (AP WIREPHOTO)

New Marine Battalion Lands On Viet Shores

DA NANG, South Viet Nam (AP)—A new landing of U.S. Marines brought the total number of leathernecks in South Viet Nam today to more than 8,000 guarding American installations and personnel.

Light rain fell as a battalion of 1,400 Marines moved ashore from the transports Henrico, Union and Cook and the new amphibious assault ship Vancouver.

Rain and low clouds delayed for several hours movement of the Marines by helicopter to Phu Bai airport, 35 miles to the

Selma Trial Set In May

SELMA, Ala. (AP)—Three white men indicted on charges of first-degree murder in the civil rights slaying of the Rev. James Reeb of Boston face a possible May trial.

Circuit Solicitor Blanchard McLeod said the trial will be placed on the docket of the regular session of Dallas County

Ed Carpenter Is Stricken

Ed J. Carpenter of Vincent, Howard County's Representative to the State Legislature, is in an Austin hospital in fairly good condition after suffering chest pains Tuesday.

Carpenter is a former county judge of Howard County and is now serving his second term as a state legislator from this district.

It was reported that Carpenter had suffered a heart attack shortly before the house convened Tuesday. His deskmate, Rep. Lloyd Guffey of El Campo said that Carpenter was in his office when the pains began.

Mrs. James Barr of Vincent is his daughter. Efforts to contact her by phone were unsuccessful Wednesday. It was presumed she had gone to her father's bedside.

north near the city of Hue. The weather lifted late in the morning, and the troop movement began.

About the same time government troops launched a helicopter assault on a company of Viet Cong about 12 miles south of the Marines' landing beach.

CONG KILLED
Initial reports said a government ranger and five Viet Cong were killed, and two rangers were wounded.

The Viet Cong made no attempt to interfere with the Marine landing. Three government rangers were reported wounded and several guerrillas killed during a clearing operation in the area Tuesday.

Taking up positions around Hue, the new arrivals will guard an important air strip there and provide security for approaches to bustling Da Nang air base, the staging area for many of the U.S. and Vietnamese planes striking against North Viet Nam.

The Marines waded ashore, took up defensive positions on the beach and then began to relax.

COMBAT GEAR
Some of the Marines in full combat gear took photographs of their buddies.

Arrival of the 3rd Battalion of the 4th Regiment, formerly stationed at Hawaii, put four battalions of Marines in the extreme north of this war-torn country.

The Marine buildup began Feb. 7, when the 1st Battalion, Marine Hawk anti-aircraft missiles, was ordered from Okinawa to protect the Da Nang air base. Early in March two battalions of Marines were brought in as additional security for the base and the Hawk batteries. A third battalion arrived over the weekend.

The Marines also have two companies of combat helicopters in South Viet Nam and a squadron of 18 F4 jet fighters—the 1,800-mile-an-hour Phantoms—stationed at Da Nang.

The Marines also have two companies of combat helicopters in South Viet Nam and a squadron of 18 F4 jet fighters—the 1,800-mile-an-hour Phantoms—stationed at Da Nang.

The men, all of Selma, are O'Neal Hoggie, 30; his brother, William Stanley Hoggie, 36; and Elmer Cook, 41. A fourth man, R.B. Kelly, 30, was not indicted.

The three and Kelly also have been charged in federal warrants with violation of Reeb's civil rights. They had been free under city and federal bonds totaling \$12,500 each.

RIGHTS WORKER
Reeb took part in civil rights activities in Selma during the early part of March. The white minister was beaten on a city street the night of March 9 and died two days later.

Hare told the grand jury that racial troubles have created a state of national anarchy and insanity. He reviewed Selma's racial unrest in a charge to the jury, composed of white men.

President Johnson was expected to offer wholesale federal relief funds for the repair of public facilities and, in some cases, to also provide assistance for farmers and businessmen.

Despite plywood extensions, the muddy Mississippi poured into St. Paul. Six feet of water covered runways at the downtown airport.

Nearly eight feet of water

filled the basement of the city's railroad station. The nearby freight yards were swamped under two feet of water. No rail traffic was moving.

Below Minnesota, river cities began to prepare for the battle against the Mississippi River. At Hannibal, Mo., merchants sandbagged basement windows and warehouses.

Grain terminals along the river's edge suspended operations. Railroads curtailed passenger and freight service in low areas.

IN WISCONSIN
In Wisconsin, the Red Cross opened warehouses in La Crosse to store the belongings of flood victims. More than 235 families were evacuated from nearby French Island. A flood center was opened at Prairie du Chien, 60 miles to the south.

SHOWERS
Showers, none of which was important, teased thirsty Howard County farmers and ranchers Tuesday night and stirred hopes that perhaps the end to the spring drought may soon be broken.

No reports of any important rain were received. Moss Creek Lake estimated the total at .25 inch for the heaviest fall in that area. Lee Porter, county judge, who lives near Indian Hills Addition, said he gauged .30 inch. North and east of the judge's house, near the Veterans Administration Hospital, gauges showed .20.

The U.S. Experiment Station reported only .01 inch.

The shower moved in shortly after sundown and was brought to its brief climax by a noisy and vivid prelude of lightning, thunder and gusty winds.

The Texas Electric Service Co. said its switch plant gauge showed .16 inch. Eskota had .30 inch and a trace was reported from Morgan Creek. Sweetwater had .07. Apparently no rain fell at Chalk.

Coahoma said it had a shower of little importance.

Arthur Stallings, Lomax, said only a light sprinkle fell at his farm.

Although Dawson County had good rains over most of the county, the moisture did not extend into the Knott and Ackely community.

No important rains fell in Glasscock County, but there were reports of heavier showers north of Garden City than fell in Big Spring.

WASHINGTON (AP)—The House has approved a proposed constitutional amendment designed to insure the smooth flow of presidential power when a president becomes physically or mentally disabled.

By a 368-29 margin, the House moved to plug a gap left in the Constitution by the Founding Fathers. On a roll call late Tuesday, 246 Democrats and 122 Republicans voted for the proposal, 21 Democrats and 8 Republicans voted against it.

MINOR CHANGES
The Senate, which passed a similar amendment two months ago, must accept minor changes made by the House or work out a compromise before congressional action is completed.

Three-fourths of the states—38—must ratify it before it would become the 25th amendment to the Constitution.

House action brought close to the finish years of work by many leading lawyers and constitutional experts to provide a constitutional method for guarding against a break in the exercise of presidential duties.

The amendment actually deals with two problems, filling a vacancy in the office of vice president, and fixing a procedure for having the vice presi-

dent assume the powers and duties of the chief executive's office when the president is disabled.

FILLING VACANCY
The proposed method for filling a vice presidential vacancy is to have the president appoint one, subject to confirmation by majority vote in the House and Senate.

This provision came under the heaviest attack in the House, with some members arguing it "downgraded the speaker" by removing him from the line of succession to the presidency.

The speaker would still be next in line if the offices of both the president and vice president were vacant, but a vice president succeeding to the presidency could name another vice president, so the likelihood of both offices being vacant is remote.

Speaker John W. McCormack, D-Mass., strongly supported the amendment and said during the 14 months he spent next in line to President Johnson he felt "great concern about the vacuum in the matter of determining the incapacity of the man in the White House."

A proposal to strike that provision from the amendment failed by a vote of 140 to 44.

Christ's Fold Grows Fervent

EDITOR'S NOTE — For 49 days after the Crucifixion of Christ, his decimated following remained inactive in a kind of numb lethargy. Then, on the 50th day, the Jewish feast of Pentecost, commemorating God's gift of His law to mankind, something happened. This, another part of a series about post-Resurrection events, concerns that astounding day.

By **GEORGE W. CORNELL**
Associated Press Religion Writer

The hosts of humanity paused that day, and pondered. It was an unlikely thing. Twelve shabby renegades shouted their exhortations in the streets, and the population heard.

Men tried to turn away but their feet would not carry them. Joseph Bar-Nabas, a wealthy, studious young Levite, could neither comprehend nor deny the surging response within him.

PENTECOST
It was Pentecost, the Jewish festival of the bringing of first fruits, the eighth of Sivan, in the 15th year of the reign of Tiberius. Jerusalem swarmed with pilgrims of every nation and tongue.

And a crew of lawless rogues whose leader had been crucified seven weeks before cried their outrageous claims in the public thoroughfares, and hearts — by the hundreds — paused and pounded. Bar-Nabas beheld it, as in a daze.

At the "broad place" near the Damascus Gate, a throng massed around the lean-boned Galilean, John, called Son of Thunder. He stabbed a finger at sky and earth. "The Father has sent His Son as the Savior of the world!"

"He was in the world... the world knew Him not!" The voice spilled over them, a relentless tide. "By this we know love, that He laid down His life for us... Love casts out fear... He has given us of His own Spirit!"

FOMENTERS
The fomenters held forth on every hand — in the crowded market plaza, under the porch of Bethesda pool, on the pavement before the synagogue of the Alexandrians, and in the teeming outer court of the Temple.

Bar-Nabas recognized most of them, having seen them skulking about the house of his sister, Mary, who in her sentimental widowhood had embraced the cult. It had worried him. But now, with this uproar, worse might befall.

In the Temple quadrangle the rough tones of the fishmonger, Peter, beat like a drum roll. "God hath made Him both Lord and Christ, this Jesus whom you crucified."

IMPROBABILITY
The reckless improbability of it could not have been greater. A condemned cause! A "criminal's" progeny! The very word, "crucified," was anathema in the mouths of Israel. Yet this rabid nest had set the city agog.

The man, Peter, dropped his arms and stood there, a silent moment, an unruffled mastery on him, and then resumed speaking, slowly, deliberately. "Give ear to my words. For these men are not drunk, as you suppose, since it is only the third hour of the day." Plainly, simply, that was so; not even the morning meal came before the third hour, much less wine.

Something else, like bridled thunder, rode the morning air. Bar-Nabas, ever since rising at dawn from a fitful sleep, had felt the strange compulsion of it, like a humming in his ears. As he ventured into the streets, it intensified, even as he struggled against it.

NO INKLING
Initially, he had no inkling of its cause. And then he had come first upon that firebrand John atop some box or stone in the gateway square, his livid face flung back, extolling the slain Jesus. "In Him was life, and the

life was the light of men! The light shines in the darkness." That weird vitality charged the air, gripped the listeners. "This is the victory that overcomes the world."

Bar-Nabas knew then the sense of his forebodings, that his sister and her son, John Mark, might be brought into jeopardy. For on this most volatile day of the year, the outcasts she harbored had loosed their wild foray.

Surely the authorities would speedily strike it down. Yet in Bar-Nabas, and around him, the questions buzzed. "Are not all these who are speaking Galileans? And how is it that we hear, each of us in his own native tongue?"

SAME EFFECT
Whether only impression or objective reality, it had the same pervasive effect. It gripped each person in his own condition, an all-emcompassing, universal speech like the Greek Koine, yet much more than that.

Indeed, these rough Galileans spoke their native language, yet accompanied by an infinite clarity, a strength and transport which overcame divisions, as if one tongue had diffused into many, or many had combined into one.

"What does this mean?" the people explained. Bar-Nabas found himself remembering an ancient prophecy of Joel. "... I will pour out My spirit on all flesh... your old men shall dream dreams, and your young men shall see visions..."

SWEAT
With a start, he realized that the man, Peter, was reciting that very augury, in his eerily expansive idiom. The thought, rather than the sound, had reached Bar-Nabas, or both. He broke into a sweat, and the stabbing inflections went on, the strange magnetism of those voices.

"The day of the Lord!... The great and manifest day!... A profound tension had fallen over the crowd, muffled, held in leash, like some stifled outcry. Finally it came, "What shall we do?" The sun blazed in Bar-Nabas' eyes, and around him the stricken plea resounded. "What shall we do?"

"Repent and be baptized," Peter cried, "every one of you in the name of Jesus Christ for the forgiveness of sins..."

TENDERNESS
A tenderness enfolded Bar-Nabas; he tasted the breath of spring, and he dropped to his knees, conscious that many others had done likewise.

Three thousand were baptized that day. The fold of Christ, shrunken after the Crucifixion to a tiny, fearful band of 120, suddenly had swelled into a fervent multitude. Thus the work commenced, not gradually, but with an abrupt, radical stroke.

Never had the impact of Jesus been so great. Crushed on the cross, His sway surged stronger than ever. No names are listed of the many converts that day, but subsequent records make clear that one of them, either that day, or shortly afterward, was Joseph Bar-Nabas, the scholarly young candidate for the Levitical priesthood.

He sold his property, gave the proceeds to the poor and became a powerful, eloquent evangelist. He served as a co-missionary with Paul (after that impassioned toiler joined the cause), and worked later with his young kinsman, John Mark, extending the tidings from city to city.

That fresh wind that arose in Jerusalem carried men into paths which they had never expected to take. (Tomorrow: The Incorrigibles.)

British Send Over A 'Female Beatle'

By **BOB THOMAS**
AP News TV Writer

HOLLYWOOD (AP) — Heavens to Betsy Ross! The British invasion continues apace.

The "bloomin'" British have commandeered the Oscars, captured Broadway and collected the record business. Now they're sending us female Beatles!

One, anyway. If she is the advance scout for more to come, maybe we'd better abandon any resistance now.

BEGUILING MISS

The girl in question is called Cilla Black, which isn't her name at all, any more than Ringo Starr's is his. She is really Priscilla White, but by any name she's a beguiling miss with a quick smile and a burnt-orange "fringe." British for bangs, that encroaches on her eyebrows.

A bit of a wonder, she is. Cilla managed to do the impossible and break up the male hold on England's pop music industry.

"I did it with a number called 'Anyone Who Had a Heart,' and it was the first No. 1 song by a girl in three years or more,"

reported Cilla, who was on her first trip to America to perform on the Ed Sullivan and "Shindig" shows. "Now there are thousands of girl singers in the business."

BY ACCIDENT
She got into it by accident. Born in Liverpool during the Battle of Britain, she grew up amid the spawning ground of the new sound in pop music. Working as a clerk by day, at night she prowled the cellar clubs whence came the flood of rock 'n' roll stars now dominating the record field.

One night she was listening to an outfit called Rory Storm and the Hurricanes, whose drummer was to be known as Ringo. "They passed me the mike just for a giggle," said Cilla, "so I sang along with them. My friends were impressed, and I started singing with the other outfits around Liverpool."

When the Beatles hit it big, they mentioned Cilla to their manager, Brian Epstein. He heard her, seemed unimpressed, but two months later started booking her all over England. The result?

ZIALE'S BUYS FOR LIQUIDATION \$75,000 BANKRUPT STOCK OF KING'S JEWELERS OF LUBBOCK

BOUGHT FROM THE UNITED STATES DISTRICT COURT
BANKRUPTCY #BK-5-53

For nearly 40 years, King's Jewelers has been a leading Lubbock jeweler. Their entire retail stock has been purchased from the United States District Court. The entire stock has been bought by Zale's for liquidation and a part of this quality stock has been brought to Zale's Big Spring. Diamonds, watches, silver, jewelry, special gift items—everything is now drastically reduced for immediate liquidation. This is your chance to save up to 50% and more. Buy now for spring brides, for Mother's Day, graduation and Father's Day. Use your Zale's Charge Account—charge it—take it with you or \$1⁰⁰ holds it in layaway.

DEAR ABBY

**Just Keep
On Walking**

DEAR ABBY: I am a girl who turned 15 last week, but I am very mature for my age. Physically, I mean. I like a boy who is a senior at school and he is real neat. He has started to walk me home from school every night and we always take the long way by walking through the park. My mother is afraid I will get into trouble if I keep letting this boy walk me home every night. Do you think there is any danger?

DEAR MOTHER: If you could rent a piano long enough to let the child prove her interest, Father may become convinced. If that won't sell, how about folk or understanding friends nearby, how about the school, the church, or the "Y"? I think the little girl should have a chance, too.

DEAR LIKES: Not if you keep walking.

DEAR ABBY: For several years Jayson and Rita and my husband and I have been very good friends. We see each other in the evenings about two nights a week. Jayson is a salesman, so when he is in my neighborhood he frequently drops in for a cup of coffee. It's all perfectly innocent, I assure you, but lately he has been coming over much more often. My children remarked that their playmates have mentioned it. I suspect the neighbors are talking because they see his car in front of our house so many afternoons.

Now that I think about it, I'm not quite sure how I would like it if MY husband called on a married woman in the afternoon. How can I tell Jayson it would be better if he didn't drop in any more? I hate to hurt his feelings.

DEAR ONLY: The best approach is the direct one. Tell Jayson that his visits have become neighborhood gossip, and it would be better for all concerned if he discontinued his afternoon drop-in visits.

DEAR ABBY: What do you think of a father who won't buy his child a piano even though he could get one wholesale? Our 13-year-old child has begged for a piano for years. She hasn't done very well in school and I am sure it's partly due to the fact that she is brooding about not being able to learn how to play the piano. She's promised that she would practice, but her father says, "I know how much you'll practice after the newness wears off. Besides, we can't afford one." We are not rich, but we could afford a piano, I know.

A CONCERNED MOTHER

**Johnson Party
Talk Usually
Serious Kind**

WASHINGTON (AP) — President Johnson, who was reported once as warning aides to avoid cocktail parties, has become Washington's most celebrated party-giver.

Tuesday night, for instance, Johnson arranged a White House doubleheader — a reception for supporters of the new education law, and a cocktail party for some 30 senators.

These were parties with a difference, however. More time and energy was devoted to serious talk than to eating and drinking.

Purposeful talk about affairs of state is the hallmark of most Johnson parties. The purpose is to win friends for administration policies.

Johnson is most persuasive

when talking informally in a relaxed setting. That's why he likes to do business at parties.

PEOPLE RECEPTIVE

The President knows, too, that an invitation to the White House is enough to make many people more receptive to what the chief executive has to say. He also knows some people become even more receptive if they get a drink along with a speech.

Other presidents have followed the same sure-fire formula, but perhaps none with such dedication as Johnson. This year he has been host at parties for every member of Congress, the governors of the states, mayors of the biggest cities and scores of businessmen, labor leaders, civil rights workers, educators and others.

WIVES INVITED

On most occasions, wives have been invited, too. While speeches were made by the President, Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara, Lady Bird Johnson was showing movies to the wives and taking them into the family quarters to plumb the depths of the sofas.

**Morals Case
Pair Indicted**

MINERAL WELLS (AP) — A laundry truck driver and his wife have been indicted on six counts of morals violations.

William Stone, 27, and his wife, Jeannette, 23, were accused in connection with experiences related by a girl, 13, on the night of March 26. Stone and his wife were charged with rape the next day.

Officers said the girl was attacked late March 26, by "a man assisted by a woman." The child ran out of the house into the darkness.

Unable to find the girl, for whom they were baby-sitting, the Stones called police. While Patrolman M. B. Parker and Police Sgt. S. O. Knight, cruised the neighborhood, the child, who had been hiding nearby, ran to the police car, asked for help, and "she told them what had happened to her," the sheriff said.

**Aftermath To
Twisters Grim**

TOLEDO, Ohio. (AP) — A friend took Mrs. William Jones to buy new shoes for a funeral today.

The Toledo preacher's wife, like hundreds of other Ohioans, lost all her possessions in Sunday's terrible twister here.

But she lived. Her father, grandmother and 11 others in this area were killed.

Tuesday, a friend helped Mrs. Jones, 33, buy the shoes. Her husband was searching the debris of their home for anything of value.

NINE DIED

Their efforts, and heartbreak, were typical across the state:

— In Pittsfield, 100 miles away, the phone still rings in Robert J. Diederick's shell of a house — one of the few places with walls in the town of 50 residents where nine died. Diederick looks at his decimated herd of cattle—20 of 40 head killed.

— At Radnor, a central Ohio town of 300 people, neighbors rounded up the 300 unattended hogs of Paul Zeigler and took them to market. Zeigler, hurred 500 feet by a tornado, was treated and released at a hospital.

His wife, Gertrude, had hold of his hand as they sought shelter in the basement. She was killed.

— In Amherst, near Pittsfield, Richard Kay, 43, came out of sedation and said: "We were lucky. We were the main survivors of the whole community." Kay's mother was killed, but he, his wife and four children lived.

BLOWN AWAY

— At Lima, Dennis Miller, 38, hospitalized with a back injury, recalled how his house trailer was carried three miles by the storm. Miller and his family took refuge on the floor of a nearby brick building. It fell on them, but he says, "We were very fortunate. We had somebody with us, I'll tell you."

What will the survivors do now, without homes and clothing?

"I suppose I'm being dramatic, but knowing the people, Pittsfield will be back again," said Kay.

Brazen shades in a cotton tapestry print suits the sassy look of young moderns today. This bright sleeveless skimmer has a charming cowl neckline that is faced in solid contrast.

Xi Mu Gives Linen To Home

Sheets, towels and pillowcases later. Also, it was stressed that have been donated by Xi Mu Chapter of Beta Sigma Phi for use at the Halfway House. The announcement was made at the Monday evening meeting of the group in the home of Mrs. Horace Rankin, 3208 Auburn.

Members were reminded that the state hospital volunteer council meeting will be Thursday, Mrs. Darel Highley will be the chapter's official representative to the meeting.

An invitation was read from the Preceptor Delta chapter inviting the women to take their ritual at a date to be announced.

Gift Event Fetes Cheryl Hallmark

LAMESA (SC)—Miss Cheryl Hallmark was honored Saturday afternoon with a gift tea in the parlor of the First Methodist Church. She is the bride-elect of Nelson Hogg.

An arrangement of blue irises and white stock, accented with white bells, centered the serving table. Blue and white flower arrangements were used throughout the room.

Cecelia Wilson, Jo Beth Davis, Debbie Jobe, Linda Hunt, Lynn Sellars and Judy Lippard alternated at the refreshment table. Approximately 200 guests were registered during the evening.

Receiving guests with the honoree were her mother, Mrs. W. L. Hallmark, Pam Hallmark, the prospective bridegroom's mother, Mrs. F. C. Hogg; Mrs. Joe Tarbert and Barbara Staggs.

Medical Auxiliary Schedules Coffee

LAMESA (SC) — Plans were made by the Medical Arts Hospital Auxiliary to host a membership drive coffee April 22, when it met recently. The event will begin at 9:30 a.m.

Committee chairmen named were Mrs. Don Bristow, refreshments; Mrs. B. B. Bratcher and Mrs. Bunk Smith, decorations; Mrs. W. W. Miers, floral arrangements and Mrs. Bill Jones and Mrs. William Goolsby, program.

District Officer Talks To Mu Kappa Group

Mrs. Boley Embrey, district president was the guest speaker Monday evening when Mu Kappa Chapter of Epsilon Sigma Alpha met with Mrs. B. R. Newton, 4011 Dixon.

Fourteen members and

rushes attended the model meeting to hear Mrs. Embrey tell the value of ESA in a talk entitled, "The Glow of the Candle." She described personal experiences and stressed what a woman's membership in the sorority could mean to the individual, her home and community.

Rebekahs Welcome Visitor

Mrs. Sadie Freed, Portland, Ore., Rebekah Lodge No. 239, was welcomed as a guest of the Big Spring Rebekah Lodge No. 284 at the Tuesday evening meeting, Mrs. J. A. McCall, noble grand, presided.

The charter was draped for Mrs. Maud Buzzard, past president of the Rebekah Assembly of Texas.

Ten members of the lodge attended the District Two association meeting held in Crane Saturday.

This lodge will host the October 2 meeting of the association.

Mrs. Mildred Hastings, district deputy president from Stanton, will attend the April 27 lodge meeting on an official visit.

Twenty-seven members reported 35 visits to the sick.

Founding Observed

Mrs. L. S. Bonner presented the program on the 147th anniversary of Oddfellowship to the Tuesday evening meeting of the John A. Kee Rebekah Lodge.

Mrs. LaVerne Rogers, noble grand, presided at the meeting held in the lodge hall.

Mrs. J. C. Fye, funeral marshal, draped the charter for Mrs. Maud Buzzard, past president of the Rebekah Assembly of Texas. Those assisting her were Mrs. Charlie Boland, Mrs. Ray Doty, Mrs. Kyle Cauble, Mrs. Jones Lamar and Mrs. H. F. Jarrett.

A clown doll was sold, with proceeds going to the orphanage in Corsicana and the IOOF Home for the elderly in Ennis.

Mr. and Mrs. Ralph Barnes, Dayton, Ohio, were welcomed as guests.

Refreshments were served to 39 members by Mr. and Mrs. Lamar, Mr. and Mrs. Jarrett, Mrs. Cauble and Mrs. Grace Grandstaff.

Lamesa Students Present Recital

LAMESA (SC)—Students of Mrs. Lorene Groves were presented in a recital Sunday at 2 p.m.

Participating in the program were Wanza Allen, Kaki Tinsley, Pat Tune, Douglas Spurlock, Kay Morris, Carol Crawford, Jennifer Henson, Jerita Jones, Carol Mayfield, and Connie Ray.

Mrs. Groves recently attended the National Music Teachers Association convention in Dallas.

Methodist Circles Set Easter Plans

Circles of the Wesley Methodist Church met Tuesday morning in homes of members.

Mrs. George Sutton was hostess for the Martha Foster Circle, and gave the opening prayer. Plans were made for serving a birthday party at the Big Spring State Hospital. An Easter program was presented by Mrs. Marshall Day, Mrs. Don Crockett, Mrs. Donna Guinn, Mrs. Jerry Allen and Miss Helen Ewing. The closing prayer was worded by Mrs. Rene Brown.

The Lalla Baird Circle met in the home of Mrs. Doyal Miller. Mrs. Jesse Barker gave the opening prayer. Plans were made for an Easter egg hunt at Westside Center. Mrs. Jim Sharp worded the closing prayer. New members welcomed were Mrs. John Waddill and Mrs. W. C. Talafuse.

Roswell Visitors Here For Easter

WESTBROOK (SC)—Mr. and Mrs. J. V. Hendricks and daughters, Sherrill, Pamela and Eileen of Roswell, N.M., will spend the Easter holidays with her aunt, Mrs. Altis Clemmer and family.

Birth Announced

WESTBROOK (SC)—Mr. and Mrs. Wayne Pruitt are the parents of a daughter, born Sunday April 2, in Root Memorial Hospital, Colorado City. Mrs. Pruitt is the former Brenda Putman.

Patient Released

WESTBROOK (SC) — Mrs. Margaret Powell has been dismissed from Root Memorial Hospital in Colorado City.

Wives Club Constructs Baskets

Easter baskets were made for a class at the Special Education School when the British Wives Club met in the home of the president, Mrs. Horace Doyle.

Farewells were said to Mrs. Harold Hopkins and Mrs. Dameron Moore who will be moving soon with their husbands to England. Moore is retiring from service and Hopkins is being transferred. The two women were presented silver bracelets with charms as a memento of their life in Texas and membership in the club.

Mrs. Doyle read a letter from the state hospital inviting club members to attend the spring meeting of the volunteer council. During the social hour, refreshments were served from a table laid with a hand-embroidered Irish linen cloth and appointed with china and silver.

Mrs. Robert Cooley of Wichita Falls was introduced as the guest of Mrs. John Strong.

Mrs. Doyle will be hostess for the April 26 meeting.

Kentwood P-TA Group Studies Modern Math

Teachers of each class explained their grade level of modern math to the Kentwood Elementary Parent-Teachers Association meeting held Tuesday evening in the school.

Mrs. Howard Johnson was in charge of the meeting. Those explaining the courses were Mrs. Lee Freeze, first grade; Mrs. Doris Peters, second; Mrs. Jerry Dudley, third and Mrs. Gene Rohatsch, fourth.

Mrs. Robert Boadle gave a report on the spring conference held at Cosden Country Club March 17.

Members agreed to change the regular meeting time to the

Queen Named For Monday Diet Club

Mrs. Clim Shanks was named Monday Diet Club Queen at the Monday evening meeting in the Student Union Building of Howard County Junior College. She has lost five pounds during the last week.

Eleven members attended and reported a total weight loss of 27 pounds. They related ways and ideas that had been successful for them in losing weight.

Games were played and prizes awarded to winners.

A salad supper will be held in the Club Room of the Wagon Wheel Restaurant April 19 at 7:30 p.m.

Jeanne Hodnett Gets College Beauty Title

COAHOMA (SC) — Mr. and Mrs. Jim Hodnett of Vincent have received word that Jeanne was elected queen of her dorm during Beautification Week at Canyon. Each boys dorm elects a beautification queen from each girls dorm.

Mrs. Thelma Thomas returned Sunday from a four day visit with her niece, Mrs. Bill Stone, of Sunray. Mrs. Thomas was accompanied there by her sister, Mrs. Russell Davis, of Sparenberg.

Kenneth West, son of Mr. and Mrs. Paul West, was honored with a party on his seventh birthday on Saturday at 2:30 p.m. Nine guests attended and balloons and candy were given as favors. An Easter theme was carried out in decorations.

Linda Stephan from Hereford will spend the Easter holidays with Jeanne Hodnett. Tom Hod-

Baptists Hold Study

Mrs. J. L. Baugh presented the program on the Baptist World Alliance when the Woman's Missionary Society of Salem Baptist Church met Tuesday afternoon. Others participating in the program were Mrs. Sam Foster, Mrs. Grady Walker, Mrs. E. E. Lowe and Mrs. H. W. Musgrove.

Birthday Party Honors Youngster

Bobby Bodily, 2, son of Mr. and Mrs. Robert Bodily, 1201 Ridgeroad, was the honoree at a birthday party Monday afternoon. Mrs. Robert Chase assisted in serving the 10 children and their mothers. Favors of Easter baskets, balloons and hats were given.

Recent visitors in the Bill Howell home in Sand Springs were Mrs. Howell's parents, Mr. and Mrs. C. O. Jones, of Boswell, Okla., her brother, Johnny Jones, of Boswell, Okla., another brother, C. N. Jones, of Amarillo and her sister, Mrs. J. W. Close, of Dallas. They all attended funeral services for Abe Jones of Odessa.

Members of the Alpha Chi Chapter of Epsilon Sigma Alpha attended the District 8 meeting in Andrews Sunday. Mrs. Boley Embrey, district president, was in charge of the program to elect and install officers.

Mrs. Mickey Clark, Andrews,

Meet Noted By Nurses

A report of the state convention held at Austin in March was given to the Texas Nurses' Association meeting Tuesday evening. Twelve members and one guest met in the Community Room of the First Federal Savings and Loan Association building.

Members giving a report of the meeting were Mrs. Fannie Clark, Mrs. Bessie Love and Mrs. Charles Condray.

In the nursing care study, burn, stroke, emphysema and Rena Homotransplant patients were discussed. It was pointed out that emphysema, or lung congestion and deterioration, was second to heart disease in fatalities.

Plans were discussed for Texas Nurses' Week May 9-15. The next meeting will be held in the Veteran's Administration Hospital May 11 at 7:30 p.m.

Priest Stresses Easter Meaning

What Holy Thursday, Good Friday and Holy Saturday should mean to Catholics was detailed by the Rev. Robert J. McDermott when he spoke Tuesday to the Altar Society of St. Thomas Catholic Church.

As Rev. McDermott spoke on the significance of Holy Week services, he stressed that no game activity would be held in the church basement until after Easter.

Attendance prizes went to Mrs. Fidel Saldivar, Mrs. Juan Perez and Mrs. Merezildo Fierro.

June Nuptials Set For Sharon Smith

Mr. and Mrs. A. J. Smith, 2706 Rebecca, are announcing the engagement and approaching marriage of their daughter, Sharon LaRue, to Jack Raborn Roden Jr. The prospective bridegroom is the son of Mrs. Ann Moore, Austin, and J. R. Roden Sr., Hurst.

The wedding will be an event of June 12 in the First Methodist Church with the Rev. H. Clyde Smith officiating.

Sew And Chatter Members Honored

Birthdays of Mrs. S. H. V. Crocker and Mrs. S. R. Nobles were honored by the Sew and Chatter Club when it met Saturday afternoon. Thirteen members met in the home of Mrs. Ruby Rowe, 1300 Johnson.

A salad plate was served, and members spent the afternoon piecing quilt blocks.

The next meeting will be in the home of Mrs. Tom Rossen, 108 Lincoln, April 21 at 3 p.m.

Waco Doctor Rites Conducted

PORT NECHES, Tex. (AP)—Funeral services were held here today for Dr. Horace Aynesworth, 88, a Waco eye, ear and nose specialist for 50 years who retired in 1959. He died at a Port Arthur hospital Tuesday.

Did you know that ... Even if you have your eyes examined by an eyesight specialist other than one at TSO ...

your prescription for glasses or contact lenses can still be filled at Texas State Optical, using only finest quality lenses and frames — at reasonable cost, too.

TSO guarantees absolute accuracy in filling your ophthalmic prescription. Select your frames from hundreds of fashionable styles and colors.

Consult your telephone directory for the TSO office nearest you.

LBJ Not To Use New Cars

WASHINGTON (AP) — President Johnson has no intention of using two new armored cars for which the House voted \$322,000, Secretary of the Treasury Henry H. Fowler advised Congress Tuesday.

The secretary told a Senate Appropriations Committee the President did not know of the plan to buy the two cars until he read about it in the newspapers. He said Johnson would continue to use "the special protective armored vehicle reconstructed from an existing automobile by the Ford Motor Co. and turned over to the Secret Service, without cost, as well as another existing specially constructed protective vehicle assigned from another federal government source for this use."

Boost Eyed Of Minimum Wage

WASHINGTON (AP) — Vice President Hubert H. Humphrey says he is confident the Johnson administration will seek to increase the federal minimum wage from its present level of \$1.25 per hour. "I am quite confident there will be an adjustment and that it will be upward," Humphrey said Tuesday in a speech to AFL-CIO officials.

Aid Rushed To Evacuees

MINNEAPOLIS, Minn. (AP) — Up and down the vast expanse of the Mississippi, the Minnesota and other rivers across this state, there are thousands of homes up to their doors in flood water. You look and try to imagine what you would do if it were your home, but most of all you wonder about whose home it is and where the occupants have gone.

So does the American Red Cross.

AID RUSHED
At each community where the

Agency Fund Bill Passed

WASHINGTON (AP) — The House has approved and sent to the Senate a compromise bill that authorizes spending \$30 million to run the Arms Control and Disarmament Agency for the next three years. The House vote Tuesday was 314 to 65. The compromise splits the difference between the House bill authorizing \$40 million for four years and the Senate measure authorizing \$20 million for two years. The administration had asked for \$55 million over four years.

Two Astronauts Start Vacations

HOUSTON, Tex. (AP) — Virgil I. Grissom and John W. Young have ended the long process of relating every detail of their historic three-orbit space flight March 23 and will start vacations this week. After almost a year of continuous training, the Gemini astronauts and their backup pilots, Walter M. Schirra Jr. and Thomas P. Stafford, now can relax.

Grissom will fly fellow astronaut L. Gordon Cooper's private plane to Gunnison, Colo., Thursday and the 39-year-old Air Force major, his wife and two sons will spend 10 days at Crested Butte, where Grissom has a ski cabin. Young, 39, a Navy lieutenant commander, will go to Florida for his vacation.

It's mostly the same story elsewhere. The Red Cross registers evacuees by the thousands, but when you look for someone with a story to tell, all you find is a card file.

There have been a few emergency evacuations, a few stories of families living in churches or other temporary shelter for some time.

But it seems that everyone in Minnesota has a relative or a close friend on high ground. The evacuation of a community may come at midday or in the middle of the night — whenever officials decide it's time to get the folks out. They are always orderly evacuations. Usually the residents have carted their belongings to second floors or attics before they leave.

WORK ON DIKES
The men or boys of a family forced out of its home usually can be found working on dikes — if they volunteer in time. At the most critical time of high water, a community generally has more volunteers than jobs for them to do.

The Civil Defense centers are always crowded. A few key personnel appear busy. The rest stand around. There's unemployment even among dike workers during high-water time.

Girl's Death Laid To Encephalitis

ANDREWS, Tex. (AP)—Doctors said here that non-contagious encephalitis caused the death of Judy Yocum, 8, daughter of Mr. and Mrs. J. C. Yocum of Andrews. She died Sunday.

Britain's Wilson And Thant Lunch

NEW YORK (AP) — British Prime Minister Harold Wilson, back in the United States for his

second visit since taking office six months ago, has lunch today with U.N. Secretary-General U Thant.

The war in Viet Nam presumably will be a key luncheon topic.

Clean-up Week Set May 10-15

The week of May 10-15 has been set aside as spring Clean-up, Paint-up, Fix-up week in Big Spring.

The civic and beautification committee of the Chamber of Commerce approved this date at a meeting Tuesday afternoon in the chamber conference room. However, plans will be made to enlist support and to publicize the special week well in advance of the actual dates.

During the week itself, the City of Big Spring will pick up trash and refuse stacked in the alleys or at garbage collection points. Dr. John E. Hogan, chairman, urged residents to take advantage of this free service.

Raymond Smith will serve as general chairman of the clean-up campaign. While every effort will be exerted to get total community participation in the

May 10-15 effort, it was emphasized that this will serve as the springboard of a year-long clean-up and beautification program.

Several ideas of tidying the city were discussed at the meeting, but the committee decided to concentrate on the impending cleanup. All organizations, clubs, churches and other groups will be asked to take note of the effort.

Mrs. Bennett Dies Tuesday

Services for Mrs. W. W. (Pop) Bennett, 78, former Big Spring resident, are set for 2 p.m. Thursday in Nalley-Pickle Rosewood Chapel with Rev. Billy Rudd officiating. Burial will follow in Trinity Memorial Park.

Mrs. Bennett died about 11 a.m. Tuesday in Parkview General Hospital in Midland. She was born Aug. 30, 1892, in Midland County, and came to Big Spring in 1930 from Stamford. She married W. W. Bennett Sept. 7, 1912, in Haskell County. He preceded her in death in 1956 at which time she moved to Midland to live with a daughter.

Mrs. Bennett was a member of the First Baptist Church in Midland and attended the East Fourth Street Baptist Church while living in Big Spring. She was a member of Big Spring Rebekah Lodge 284.

Survivors include a daughter, Mrs. Paul C. Floyd, Midland; three brothers, C. R. Bird, Fort Worth, L. R. Bird, Stamford, Willie Bird, Dallas.

Funeral services will be held at 2 p.m. Thursday at the Nalley-Pickle Rosewood Chapel with Rev. Billy Rudd officiating. Burial will follow in Trinity Memorial Park.

Survivors include a daughter, Mrs. Paul C. Floyd, Midland; three brothers, C. R. Bird, Fort Worth, L. R. Bird, Stamford, Willie Bird, Dallas.

Rainmaker Scores First

LAMESA—Don Brunton, rainmaker, who has a deal with Dawson County farmers to dump 18 inches of rain on the parched fields and pastures of the county by Sept. 1, has about an inch less moisture to produce now.

Rains which pattered down on the county Tuesday night brought his first official moisture and moved him a little nearer to the day when he might collect the \$15,000 fee called for in his contract.

Rains ranged from half inch to 1.11 inches in Lamesa. The official gauge showed 1.11. In Welch community, the rainfall was from .30 to 1.50 and 15 miles west of here, an inch to an inch and a half was gauged.

The heaviest rain was three miles east of Lamesa where 1.75 inches were reported. Patricia, 20 miles southwest, had 1.25 inches on the O'Brien place.

The five-year average for all of April is .42 inch and, last year no measurable precipitation was recorded.

The rains were accompanied by wind which gusted to 75 miles an hour. There was some hail, a vivid electrical storm, and echoing thunder. Some radio and television sets were put out of action in parts of town.

Battles City

Miss Victoria Welcher, 78, (right) says the city of Houston owes her \$385 because of overcharges on her water bill dating back to 1944. Her niece, Mrs. Paul E. Ross, (left) explained Miss Welcher's problem to the city council. The tiny woman built her own water line from the city system to her home and the city later erroneously permitted three other homes to hook on the line. Water to all homes went through Miss Welcher's meter and she as well as the other users paid. The error was discovered during a street widening project. Now, says Miss Welcher, she wants her money back. (AP WIREPHOTO)

Chas. Chamberlain Joins Police Department Today

Appointment of one new police patrolman and pending appointment of another was announced this morning by Police Chief Jay Banks, replacing two officers leaving the department.

Banks said Charles Chamberlain, a Big Spring fireman since November, 1963, had been appointed to the patrolman vacancy left with the resignation of Robert Broughton.

Broughton resigned to accept a position with a Dallas firm, Truth Verification, Inc., a company which screens applicants for large business firms, Banks said. Banks said Broughton would primarily be connected with operation of a polygraph for the firm. While with the department here, he paid his expenses to attend a polygraph school at Texas A&M University during July of last year.

He had been a patrolman here since 1962 and was previously employed by the Howard County sheriff's office and the Odessa police department.

Chamberlain, 28, is a resident of 1505 Tucson, married and a graduate of Reagan County High School. He also attended Big Spring High School and his parents are Mr. and Mrs. Lynn Chamberlain, Sterling City route.

He served in the U. S. Army from October, 1961, to October, 1963, as a medical librarian, and was employed by the Texas & Pacific Railway Co. for a time before entering service. He attended Tarleton State College and Howard County Junior College.

In the other personnel changes, Banks said Delbert Donovan, a patrolman, left the department Monday and a replacement would be named shortly.

He said an applicant from the screening list was being investigated today concerning credit and character background, and if approved would probably begin work this week with the department.

Northside Methodist Church (Spanish speaking) has set Holy Week services beginning today at 7:30 p.m. in the church at 600 N. Goliad.

Other services will be held at the same hour through Friday, and Easter services will be at 11 a.m. and 7:30 p.m. Sunday, said the Rev. Ramon Navarro, minister.

Methodists Set Easter Services

Northside Methodist Church (Spanish speaking) has set Holy Week services beginning today at 7:30 p.m. in the church at 600 N. Goliad.

Other services will be held at the same hour through Friday, and Easter services will be at 11 a.m. and 7:30 p.m. Sunday, said the Rev. Ramon Navarro, minister.

Methodists Set Easter Services

Woman Blown From Home Tells Ordeal

HILLSDALE, Mich., (AP)—"And they thought I had a bad heart," an 80-year-old widow said today as she told how she was blown 700 feet into a lake by a tornado.

She survived by clinging to wreckage from her home.

Mrs. Hugh Norris, who lived alone, said she was sitting in her two-story frame home at nearby Baw Beese Lake Sunday night when a storm struck.

"The house shook and made a lot of noise," she said. "The lights went out. So I went up stairs to my bedroom and found I couldn't open the door."

"I went back downstairs, lit two kerosene lanterns and started writing a letter. I just couldn't sit there and do nothing. Then the noise started again. The table began to tip. I fell down. I can't remember when I felt the water. It kept coming up until it reached my chin."

Realizing she was in the lake, Mrs. Norris managed to reach a large piece of floating debris which once had been part of her home.

"I called and called. There was no answer. Then I heard voices calling," she said.

The voices were those of Dr. D. D. Walker and Larry Raymond, neighbors of Mrs. Norris.

Dr. Walker said that when he managed to locate where the voice was coming from out of the night-shrouded lake he walked out into the water until it reached his neck. He found Mrs. Norris and carried her back to shore.

Mrs. Nichols Bitten By Snake

STANTON (SC)—Mrs. Billy Nichols, 32, of the Tarzan community, reported resting well at Physicians Hospital and Clinic here this morning, after she was bitten by a rattlesnake at her home late Tuesday night.

Mr. and Mrs. Nichols and their 13-year-old son were returning to their home from attending a baseball game when the snake, reportedly between the screen and the rear door of the house, bit Mrs. Nichols on the heel.

The family rushed to the Stanton hospital, where she was given emergency treatment.

English And Japanese Motorcycles All Lined Up

These motorcycles are on display at Bevell Brothers Shop on North Birdwell Lane, and run from 50 cc. to 246 cc. models which give economical transportation, riding pleasure

and stability. The Triumph and Yamaha manufacturers incorporate features that stand up dust free in this area.

World's Finest Pleasure Comes From Cycle Riding

Some of the finest riding—business or pleasure—comes from riding motorcycles. Economical operation, comfort, speed, ease of operation, and real pleasure, come from the new models of Japanese and English made motorcycles at Bevell Brothers out on Birdwell Lane just off the Snyder Highway.

The Bonneville Speedmaster (T120R), the Bonneville "TT" Special (T120C), and the Highway Trophy (TR6SR) are all models with many new technical features introduced for 1965. These add to your motorcycling enjoyment. There is longer fork travel; extended action fork springs for better handling over rough terrain; modified new accordion fork boots are trimmer, neater looking; modified rear brake pedal and straight-pull brake rod now tucks neatly inside the left rear engine mounting plate and left rear shock absorber, providing more braking leverage and easier stops; engine crankcase modification provides instant top-center location; insures more accurate ignition timing and saves time in servicing; small streamlined mufflers are lighter with improved styling; new tough-duty clutch plates provide better torque transfer.

On the "TT" Special (T120C) only, is the new "Ascot TT" racing exhaust system of low-level "tuck under" design, with no muffler, provides better torque, improved clearance. It has new 11-1 pistons with large deep valve pockets for use with oversize inlet valves and Jomo racing camshafts to give maximum speed-tuning adaptability.

The Sports Tiger (T100SC) is a 500 cubic centimeter overhead valve twin cylinder job, and is tops for sheer sports fun. It is light and quick, since its engine develops nearly 50 brake horsepower, providing the best possible power-to-weight ratio and catlike acceleration. It handles like a lightweight and offers over 100-miles per hour performance. There are two models to choose from.

These models are in stock at

Bedell Brothers for a demonstration.

Then there are five new models of the Yamaha cycles, made in Japan. These range from the 125 cubic centimeter Yamaha YA-6, the most advanced 125 ever made; to the YDS-3, with 246 cubic centimeter displacement, with separate oil supply system; down to the 55 centimeter YJ-1, and the 80 cubic centimeter YG-1K.

The YDS-3 model is good for sensational performance, with a speed range from 90-100 miles per hour, and is a record breaker from a standstill to 90 m.p.h. It is a quarter-mile drag record holder of 95.74 m.p.h. for 250 cc cycles. The model has separate gas and oil tanks requiring no mixing of fuel; has automatic pump-feed oiling system; brand new 5-speed gearbox; racer-type oversized double shoe brakes.

The Yamaha YA-6 is the first motorcycle in the world with Autolube, Yamaha's exclusive automatic lubrication system, which overcomes the inconven-

ience of pre-mixing. The flow of fuel and lubrication is controlled by the engine revolutions and throttle opening. The cycle's jet-like acceleration and power gives 70 to 80 miles per hour performance with ease, with 154 miles per gallon on flat road. The 2-cycle engine has a self-starter, and kick. It weighs only 264.5 pounds.

The YJ-1 has a speed range of 50-55 m.p.h. and gets up to 213 miles per gallon on a flat road. It has the big bike style at a low price, and is an all-steel machine for maximum safety.

The safety and engineering award winner is the YG-1K, with a speed range of 55-65 m.p.h. It also has separate oil and gas tanks, with no pre-mixing, and has perfect dust and water-proof double safety brakes.

Call Bevell Brothers at AM 4-4126 for information and a demonstration of the latest models of both the English and Japanese-made cycles. They are economical.

Haston Equipped For Wiring Your Buildings

As the need for more appliances grows in the home, the owner should consider, also, the need for more and better electrical circuits to prevent fires or wire damage—and at times damage to some equipment.

An overloaded circuit, for instance, with a deep freeze plugged in, can kick off the circuit breaker or blow a fuse, allowing a "stopped" freezer to get hot and damage contents.

Haston Electric, at 1606-B Gregg, can look over your old circuits and tell you whether they will serve the purpose or not if you plan to add appliances. He can run new circuits, or add to those you have, as well as replace those now used but which are not sufficient.

Save costly damage or fires by calling Gene Haston at AM 4-5103 for an estimate on a brand new job or a rewiring job. Maybe your television set

will even work better.

Spring Brings Out All Kinds Of Pests; Mack Moore & Son Eliminates Them All

As the weather warms up all kinds of pests begin showing up around homes and business buildings. Some are nuisances inside the house and others are damaging to buildings.

Mack and Max Moore, who operate a pest control service in Big Spring, render guaranteed services in ridding the premises of these pests. They have made a policy of keeping up with all the latest developments in pest control and know the chemicals needed to eliminate termites, moths, roaches, and other

"bugs." If you have had smoke damage, and the house and furniture carries the odor, Mack Moore & Son can help with this by using the proper deodorizing materials.

Then there is always the problem of "disturbed skunks," especially under houses with raised floors. This odor can be eliminated and the premises made to smell like no skunk had been around.

When the exterminators are through with their jobs they

leave the premises clean, with no "under house" trash thrown around the yard.

When it becomes necessary to go inside the house and force pest control chemicals or gases into the walls, they go on the job with clean hands, shoes, and clothing, and leave the interior of the house the same way.

The necessary drills, spray equipment, and pressure tanks are always available on equipment used for any purpose.

Insects and other pests, after a certain length of time, be-

come immune to chemicals, but the pest control firm keeps abreast of new chemicals, to insure guaranteed results.

If termites have undermined your floors—even in concrete—Mack Moore & Son know just what to do to kill them out and control future infestations. Home owners often do not know these damaging pests are around until some part of the house gives way, so a thorough inspection should be made as soon as possible. Call Mack Moore & Son at AM 4-8190 or AM 3-6514.

It's Time To Catch Those House-Damaging Pests

Mack Moore & Son have the equipment and know-how to get those termites, other pests, and unwanted odors elimi-

nated from your premises. As the weather gets warmer the pests begin to get more active and should be eliminated.

MARVA COX

Marva Cox To Represent Grady

STANTON (SC)—Marva Cox, age 18, daughter of Mr. and Mrs. Glen Cox, was selected to represent the Grady Lions Club in the Lions Club District Queen Contest to be held April 23-24 in Sweetwater. The winner of the Sweetwater contest will be the representative of Lions Club District 2A at the state convention to be held in June at Beaumont.

Miss Cox is active in school activities. She was a cheer leader this year, and horseback riding is her hobby. She plans on attending Texas Tech beginning the second semester this summer.

Zoning Board Vetoed, FM 700 Change Okayed

Reversing a recommendation from the planning and zoning commission last week, the city commission voted Tuesday night to approve the first commercial zoning on FM 700, for a 150 by 200-foot tract located south of Baylor Boulevard.

The planning and zoning commission last week termed the change "spot zoning" and voted to reject the requested change, commenting that the city commission had asked that the practice not be followed in zoning decisions.

The area is zoned residential. It is owned by Hartman Hooser and is near the southeast city limits, on the south side of FM 700. Hooser and Raymond Smith, representing Gandy's Creamery, now located at 404 NW 8th, appeared before the commission to appeal the vote last week by the planning and zoning board.

DISTRIBUTION SITE
They told the commission the creamery planned to buy the property and build an office-milk distribution center at the site. Smith said the firm would spend about \$50,000 on the site, that it would be fenced and paved, and that the building would not be detrimental to the area.

"Our city planner has recommended against this type of zoning," Mayor George Zachariah commented in referring to the spot zoning.

According to Public Works Director Ernest Lillard, who presented commissioners a memo on the requested change, City Planner Marvin Springer had asked that no strip zoning be placed on FM 700 and any commercial development on the road be restricted to a specific area with a physical boundary. According to Lillard, Springer had previously said that the area involved in the change was

not a good location for commercial zoning.

No commercial zoning had been placed on FM 700, while some retail and neighborhood service zones now border the road. Hooser said that no objection had been presented by property owners in the area to the change and that some had expressed support of the request.

He said he felt it better to request the city to approve a small tract for a change to commercial zoning, rather than ask for the larger tract which he owns at the site to be zoned commercial at one time.

Commissioner Arnold Marshall said he would favor the change due to the nature of the business.

OTHER TYPE
"If this was another type of business, I don't think I would vote for it," Marshall said. "I'm not for spot zoning."

Commissioner John Stanley said he felt the location near the edge of the city, rather than within the major part of the city, affected the change.

Commissioners commented that they felt the change would not be detrimental to the area.

Showers Due To Continue

By The Associated Press

Patches of showers and thunderstorms wheeled across parts of North and East Texas again today.

Warm south winds fanned most of the state and the shower activity developed first over a broad area of Northwest Texas. It was cloudy in all sections.

Another belt of light moisture moved toward the northeast in a line from near Waco to near Tyler, passing through the vicinity of Cooper and Mineola.

Well before daylight thunderstorms lined up between Wichita Falls to a point 55 miles northeast of Abilene and marched eastward.

Numerous showers and thunderstorms collected also from just east of Wichita Falls northeastward into South Central Oklahoma.

Still more showers were expected tonight and into Thursday over about half the state's northern areas.

A little cooler weather was expected by Thursday in Northwest Texas. Continued warm was the prediction down south.

Top temperatures Tuesday ranged up to 99 degrees at Presidio in far West Texas.

Destroyed By Fire
PLAINVIEW, Tex. (AP) — Fire destroyed one building and severely damaged another, both unoccupied, in an apartment complex Tuesday. The loss was estimated at \$200,000.

Truman Puts War Blame On Leaders

NEW YORK (AP)—Harry S. Truman, 20 years after he became president, says he is bothered by conditions in a world without peace — and he places the blame on the world's leaders.

Truman spoke Tuesday night after receiving the 25th anniversary award of Freedom House. It cited him for decisive leadership which gave hope to a "battered world."

BY WARREN
The bronze plaque was presented to Truman by Chief Justice Earl Warren who said of the former president: "He has furthered the cause of freedom not only in this country, but throughout the world."

The dinner was attended by 1,200 persons, including six former Truman Cabinet members.

In his acceptance speech, Truman, who will be 81 on May 8, said of the current global un-

rest and bloodshed: "Of one thing we are certain. It is not the fault of any one people — or group of people. The fault lies with their leaders."

MAIN HOPE
"We have reason to hope that the solution will come from the people — who will make themselves heard and defy those who would lead them to strife and

aggression. This — and a strong United Nations — are our main hope to avert another catastrophe."

Freedom House is a non-partisan organization devoted to promoting principles of freedom. Previous winners of its award were Dwight D. Eisenhower and Sir Winston Churchill.

Spray new Caparol when planting your cotton to control weeds.

Spray new Caparol* in a band or broadcast when planting your cotton for effective, early-season control of most annual broadleaf weeds . . . like carelessness (pig-weed), annual morning glory, cocklebur, lambsquarter and many other problem weeds.

You'll also get control of many grass-type weeds, such as crabgrass and goosegrass.

Early-season weed control with Caparol means you'll be able to eliminate that first, slow cultivation. So you won't be plowing out or covering up young cotton. All it takes is moisture to move Caparol into the soil.

You can also apply new Caparol after your cotton is up six inches or higher, or at layby. Just direct the

spray to the base of the plants and apply to weeds no larger than two inches in height.

Whatever program you decide on, you'll have no soil residue carryover to harm next year's spring-seeded crops when you use Caparol.

Ask your local supplier or custom spray applicator for new Caparol.

Geigy Agricultural Chemicals, Division of Geigy Chemical Corporation, Ardsley, New York.

Whether you cook electrically...

You'll enjoy cooking that's clean and cool because it's FLAMELESS

There are many ways to cook electrically . . . from the versatile electric range for big meals to smaller appliances such as the electric rotisserie and electric frypan. Regardless of which method you choose, you'll enjoy two big advantages that are exclusive with flameless electric cooking. You'll enjoy the cleanliness of electric cooking because the heat used is as clean as electric light. And you'll enjoy cooler cooking because there are no open flames to waste heat into the cooking area. See your electric appliance dealer soon. Start cooking the clean, cool, modern way . . . with flameless electricity.

♣ K 9 7 4 2

The bidding:
North East South West
1♦ Pass 1♠ Pass
2♠ Pass 3♣ Pass
4♠ Pass Pass Pass

Opening lead: Eight of ♠
South chalked up his game contract in spades by scoring his trumps separately. Once his plan became obvious, however, a little more alertness on the part of the defense would have diverted him from his goal.
West opened the eight of hearts and East put up the jack—South won the trick with the king. A diamond was led to the ace and a small diamond

was ruffed in the closed hand. A club was played next and, when West ducked, the queen was put up as East dropped the jack.

Another diamond was trumped by South and dummy was put in once more with the ace of hearts to ruff the last diamond as both defenders followed suit. Declarer cashed his ace of spades for the eighth trick and then exited with a club. West was in with the ace and continued with ten of clubs. North ruffed with the nine of spades and East over-ruffed with the jack. East cashed a heart trick, but the forced spade return from the queen-five into dummy's king-ten gave South the last two tricks and his contract.

West could have extricated his partner from the fatal end-play by putting up the ace of clubs when South first led that suit at trick four. Declarer is deprived of a vital entry to dummy and cannot ruff out all of the diamonds. If South attempts to continue the stripping process, East can ruff the second round of clubs, cash his heart trick and then exit with a diamond waiting to score the setting trick in the trump suit.

Attacks On North Viet Seen Slowing Up Reds

WASHINGTON (AP) — U.S. officials said today American bombing attacks in North Viet Nam are causing substantial trouble for the Hanoi government and are interfering with Communist infiltration of men and weapons into South Viet Nam.

They said the raids are affecting morale and in time will damage the prestige of President Ho Chi Minh's government.

Just a fortnight ago, Washington's official assessment of the

effect of the raids was about the opposite. Officials were saying they doubted the Communists' ability to infiltrate men and supplies into Viet Nam had been crippled.

Just a week ago, exactly two months after the series of bombings had been launched, U.S. authorities were reported still awaiting some sign that the attacks were "turning Hanoi's mind around."

The revised estimate of the results of the steadily intensified bombings was given to American editors and broadcasters attending a national foreign-policy conference at the State Department.

Girl, 13, Killed In 2-Car Crash

EL PASO (AP) — Martha Geck, 13, was killed in a two-car collision Tuesday. She was en route to school in a car driven by her mother, Mrs. Pauline Geck. The mother and a sister were injured.

U.S. 17th Air Force Commander Named

WIESBADEN, Germany (AP) — Maj. Gen. Henry G. Thorne Jr., today was named as commander of the U.S. 17th Air Force, succeeding Maj. Gen. John K. Hester who died Thursday from a brain injury received in a parachute accident.

Talks Finish Annual Meet Of Pipeliners

DALLAS (AP)—Next year's annual pipe line conference will return to Dallas.

This was announced at the closing session today of the meeting sponsored by the transportation division of the American Petroleum Institute.

The pipeliners wound up the three-day meet with roundtable discussions of varied subjects.

HEAVY DEMANDS
Laying the giant Colonial pipeline involved 17,000 parcels of land and resulted in heavy and varied demands for right-of-way, they were told Tuesday.

Besides the 17,000 separate negotiations with landowners along the 2,900-mile route, the operation also required about 3,000 permits for crossing highways, railroads, city streets, rivers and utilities, Fred Collins said.

Collins is manager of the right-of-way department and assistant secretary for colonial Pipeline Co. in Atlanta, Ga.

TO NEW YORK
Colonial's pipeline stretches 1,600 miles to deliver petroleum products from Houston to the New York metropolitan area, with an additional 1,300 miles of spur lines.

Collins said Colonial authorized 659 condemnation suits, of which about 220 were settled after the landowner was put on notice.

Sentiment Not Enough

KANSAS CITY, Mo. (AP) — State Sen. Jasper Brancato won't be able to give his daughter and future son-in-law a liquor department as a wedding present. The school board won't allow it.

Joseph Conova, the bridegroom, owns a food store. Brancato wants to put a liquor section in it but needed Board of Education permission because the store is within 300 feet of the Greenwood Elementary School.

The Greenwood Parent-Teacher Association objected. So did 91 parents who signed a petition.

The board decided not to waive the requirement even for such sentimental reasons as a wedding present.

Late Easter Favors Sales

NEW YORK (AP) — Bad weather has put a crimp in Easter buying in many areas but merchants generally are optimistic that their cash registers will ring up record sales.

The late Easter — it comes three weeks later than in 1964 — was a favorable factor. "It's always better for business when Easter is late," said a Denver merchant. "A woman is less apt to be in the mood to buy a flowery spring hat when it's snowing."

"We would have fallen on our

TEA Slates Four Meets

AUSTIN (AP) — The Texas Education Agency plans four meetings to clear away confusion over compliance with the Civil Rights Act.

Tentative dates for the meetings are April 22 in San Antonio, April 23 in Dallas, April 24 in Tyler and April 29 in Houston.

School superintendents will be invited to confer on faculty desegregation and other matters with a representative of the U.S. Office of Education.

State Education Commissioner J. W. Edgar, back from a conference with Washington officials, said Tuesday the U.S. Office of Education has his agency's statement of compliance with the act.

Edgar made the trip to give additional details on how Texas schools and the agency will comply. Acceptance of the statement assures Texas of continuing to receive about \$40 million annually in federal funds.

Federal officials have approved only 60 or 70 such statements from 1,200 Texas school districts. Most do not meet demands for information on plans for assigning faculty without regard to race.

faces if Easter had been early this year," said an executive of Filene's, which has 10 department stores in the Boston area. "People are like crocuses. They don't come out until the sun gets warmer."

Only a few retailers contacted in a nationwide Associated Press survey said that the heavier income tax payments which many people faced due to underwithholding had affected sales.

"Business has been — in one word — lousy," said an executive of a big Philadelphia store. "Unfavorable weather. The late Easter. Then there is this IRS (tax) thing, which must be fouling up the affairs of millions of people, and certainly not helping the economy."

BIG PICKUP
In New York, David Yunich, president of Macy's, big department store chain, said, "We have noted an upsurge that indicates a big pickup this month and I expect Macy's New York to turn in about a 3 to 4 per cent increase for March and April" over the like period of 1964.

Bernard Zients, executive head of Gimbel's, another major New York department store chain, said he expects a "wonderful" Easter business and indicated the present trend shows "all the earmarks" of a gain over last year.

Rich's, Inc., Atlanta, Ga., department store, expects a 6 per cent gain over last year, according to its president, Harold Brockey.

Edward Marcus, vice president of Nieman-Marcus department store in Dallas, Tex., said: "We haven't seen that the income tax underwithholding has made any difference yet, but it might as the days get close to Easter. Styles and colors are about the same with the exception that they're a bit younger this year."

SALES UP
An executive of a leading Seattle, Wash., department store reported sales running between 10 and 15 per cent

REV. JIM HOOTEN

Rev. Hooten Preaches Here

The Rev. Jim Hooten, a missionary pastor and preacher home on leave after three years in East Africa, will be the preacher for the Airport Baptist revival beginning Friday.

Rev. Hooten attended North Texas State University and was graduated from Southwestern Baptist Theological Seminary in Fort Worth with a bachelor of divinity degree, and has pastored several churches in Texas, including the East Baptist Church in Cisco.

Morning services will be held Monday through Friday at 10 a.m., April 19-23, the Rev. Ronnie Bostick, pastor, has announced. Regular morning services will be held on Sundays, April 18 and 25.

Evening services will be held at 7:30, preceded by a prayer meeting at 7 p.m., from April 16-25.

Clydale Chapman, Big Spring, will be in charge of the choir and singing.

Ministers Swap Local Pulpits

The Rev. V. Ward Jackson, pastor of the First Church of God, will be the guest minister at St. Paul Presbyterian Church at a Maundy Thursday Communion Service, at 7:30 p.m., April 15. Communion is open to all professing Christians in good standing in their respective churches, and visitors are welcome.

The topic of Rev. Jackson's message will be "Communion: A Time of Remembrance." Louis Loveless, choir director of St. Paul Church, will sing "Were You There When They Crucified My Lord?"

As a part of a mutual exchange of good will between churches, the Rev. E. A. J. Sedon, pastor of St. Paul Presbyterian Church, will be guest speaker tonight, at 7 o'clock, at the First Church of God. His topic will be "Thine Is the Kingdom." The public is invited.

Mrs. Tollett Returns Home

Mrs. R. L. Tollett, who has been a surgical patient in Houston, is returning home today for further convalescence. She has been in Methodist Hospital for the past month where she twice underwent vascular surgery. Tollett is accompanying his wife on the plane.

Police, Firemen Vote On Social Security

Police and fire personnel of the city of Big Spring will ballot Thursday at the Central fire station and police headquarters on adoption of Social Security. The voting will be from 1 to 5 p.m.

The referendum was called by the Texas Department of Public Welfare, after the city commission approved requests from the two departments' personnel for the vote.

In the police department voting, the system will be adopted for all members if a majority approve it. In the fire department, those who vote for the system will be placed under it

Board Shuffles Personnel Policies

One new policy was revised for recognition of retiring teachers, and a new policy for maternity leave was adopted by Big Spring school trustees Tuesday night.

The retiring-teacher policy, adopted in 1963, set up a gift of \$50, and Supt. Sam Anderson said the selection of such gift often presented a problem. The policy stated that teachers serving a minimum of 10 years in the Big Spring schools would receive a plaque or scroll, and that teachers serving a minimum of 20 years would receive a gift of \$50 and a maximum of five days in accumulated sick leave.

NEW POLICY

The new policy will give: Teachers who have served a minimum of 10 years in the Big Spring schools, an award of \$50 in cash and five days accumulated sick leave; for teachers who have served a minimum of 20 years, an award of \$100 and 10 days accumulated sick leave.

Anderson pointed out that the board did not have a policy applying to pregnant teachers, and how long they might stay in the school room. He said the matter had been left to the administration, but that the rising number of teachers becoming pregnant, and the differences of opinion among them about continuing their teaching, had reached the point where a definite policy should be adopted.

"An administrative policy which has been in effect for several years," Anderson pointed out, "says that when a teacher is 'noticeably pregnant'—this being at the time she begins wearing maternity clothes, or obviously should do so—she would be expected to resign. She would also be expected to notify her principal of her condition and should not begin a semester that she could not complete. In general this has worked out rather satisfactorily, and most teachers have resigned approximately in their fifth month of pregnancy (if not before), and not later than the sixth month."

ADOPTED

After studying three separate policies, all of which are being used in various school districts, the board adopted the following policy:

The board of education does not grant leaves of absence for maternity reasons.

Teachers becoming pregnant during a semester will be allowed to complete that semester unless it is determined to be in the best interest of the teacher or the school system for her to resign prior to that time. The teacher is obligated to notify her immediate superior as soon as pregnancy is known.

A teacher may not begin a semester (fall, spring or summer), if she knows she is pregnant. If it is determined that a teacher was pregnant when a semester began, she may be asked to resign immediately upon such determination.

A teacher who resigns for maternity reasons may not re-enter full time employment as a teacher until she presents a certificate from her physician that she is physically able to continue her teaching.

Teachers who resign for ma-

ternity reasons will be considered for re-employment as vacancies in their field occur."

The new policy will become effective Sept. 1, 1965, and will apply to teachers who have already received their contracts for the 1965-66 year, as well as new teachers coming into the system.

CONCERNED

In the discussion of the policy the board members were concerned with the effect upon elementary children of changing

teachers during the year.

The school district has been approved for setting up a vocational course in the building trades program. Anderson said the course, if approved by the board, would depend upon the demand and upon employment of a qualified teacher.

A minimum of 30 students would be required to set up the course, each to take three hours per day.

The board approved the offering if conditions can be met.

Steel Union Negotiators Huddle Anew

PITTSBURGH (AP) — Top negotiators for the United Steelworkers Union were called to a meeting today to decide whether to extend the May 1 basic steel contract deadline, press for day and night bargaining or gear for a strike.

The negotiators met for two hours Tuesday with union President David J. McDonald to consider ways of ending a deadlock in the steel talks. Sources present said the alternatives were boiled down to those three.

There was no real sentiment, sources said, for eliminating any of the union's major economic demands. It is estimated

these would cost more than \$1 an hour over three years.

Talks have been deadlocked on the industry's refusal to make a counter offer. The industry considers the demands preposterous.

McDonald said nothing specific was decided at the union meeting.

McDonald declined to comment on reports that the Labor Department in Washington felt the union was ready to grant a contract extension.

The union has several times refused industry pleas for an extension, saying such talk was premature.

The industry has pressed for

an extension because of the union's bitter election campaign for president between McDonald and I.W. Abel, the union's secretary-treasurer.

Official election results are not expected for several weeks, although Abel reportedly has won by several thousand votes.

Girl, 11, Perishes

CORPUS CHRISTI (AP) — Lila Parker, 11, of Robstown was killed and her 4-year-old sister injured Tuesday when a car struck the bicycle they were riding. The parents are Mr. and Mrs. C. D. Parker.

DON'T YOU READ BEFORE YOU BUY?

Most people do. For nothing can tell you as much about a product as a message in print. Print shows colors best. Styles, too. And comparative prices, special uses, designs, shapes. Shows them as no other medium can. That's why your customers—and your competitor's customers—look to print when they're really ready to buy. If people can paint with your product, sit on it, eat it, serve it to company, walk on it, wear it, freeze foods in it, or drive it... better put it in print. Print makes sense, because print makes sales.

W. H. HARRINGTON—DIXIE, HENCO & SONS

Baseball Entanglement

Pete Ward of the Chicago White Sox scores in the third inning of Tuesday's game against the Baltimore Orioles in Baltimore after a sacrifice fly by Ron Hansen. Center fielder Paul Blair's throw to the plate eluded catcher John Orsino and Ward was safe. No error was charged on the play. In foreground is Bill Skowron of Chicago, the next White Sox hitter. (AP WIREPHOTO).

Don Massengale Is Leader At Houston

HOUSTON (AP)—Six players broke par Tuesday as 54 professionals and two amateurs qualified for the \$55,000 Houston Golf Classic.

Don Massengale, a young pro from Jacksboro, Tex., bogeyed the first hole but shot four birdies for a 35-33-68 on the par 36-35-71 Brae Burn Country Club course.

Eighty-two players sought the 54 available berths in a starting field of 144. Those who fired 77 or lower qualified.

The Classic will be played on the par 71 Sharpstown Country Club course, starting Thursday.

Howard To Miss Week Of Play

LOS ANGELES (AP) — Elston Howard of the New York Yankees has joined five other catchers sitting on the sidelines with the baseball season only two days old.

Howard's injury — a pulled muscle above the elbow of his throwing arm — will keep him out of action at least a week.

Howard was unable to lift his arm on the Yankees' plane when they left Minneapolis after the opening game Monday. An examination Tuesday disclosed

Braves Hopeful Of Big Fan Turnout For Debut

MILWAUKEE (AP) — Milwaukee's Atlanta-bound Braves launch their 13th and final National League season at County Stadium against the Chicago Cubs Thursday in a unique test of fan reaction to a lame-duck baseball club.

Spurred by a campaign declaring that "the eyes of the nation are upon us," many fans plan to forget for a day their bitterness toward the Braves owners and attend the opener. With 19,000 tickets sold, an attendance of some 30,000 is expected.

Teams Inc., a civic group dedicated to obtaining another major league team for Milwaukee after the Braves move to Georgia in 1966, paid \$35,000 in buying out the stadium for the first game. The group, which needs a turnout of 25,000 to break even, has made a major promotion of the game.

With their headquarters already established in Atlanta, the Braves' owners have virtually ignored Milwaukee.

Bronchos Nipped By Midland Lee

ODESSA—Midland Lee center-fielder Bucky Kimble hit a 375-foot home run in the ninth inning to give the Rebels a 5-4 decision over Odessa High in a 2-AAAA baseball game here Tuesday.

Lee scored single runs in the third, fifth, sixth, seventh and ninth innings. Odessa tied the game in the bottom of the seventh to send the game into extra innings.

HELP!

Have we got troubles? Don't ask! There we were, minding our business and tending to our little distillery in our own quiet way. SUDDENLY THE ROOF FALLS IN! Overnight, everybody discovers our rare old Sippin' Whiskey. We're a hit! We're also way behind in our orders.

The trouble is Ezra Brooks is so sippin' good, you buy it faster than we can deliver it.

So if your liquor store is out of Ezra Brooks, take heart. More is on the way.

Keep asking for it. Or play it safe and leave your order. Today. It's worth waiting for.

Ralph Terry Shines In Win Over Angels

By MIKE RATHET
Associated Press Sports Writer

The baseball season is just two days old, but Ralph Terry of the Cleveland Indians already has reached his prime goal.

Making his debut with the Indians, the 29-year-old right-hander pitched his first complete game since last July as he checked the Los Angeles Angels on four hits for a 7-1 victory Tuesday night.

It was an impressive start for

the hero of the 1962 World Series who was traded away by the New York Yankees last October to complete the deal for Pedro Ramos and went to spring training with only one aim:

"I'd just like to win one game, and go on from there."

But that wasn't all he said. He didn't directly point an accusing finger at the Yankees but said he felt they "gave up on me. When they did use me I got the job done. I thought I pitched well enough. But I think I could have worked a little more. I thought I had salvaged the job."

Terry, however, went off to the Indians, taking with him the memories of his 23-victory season in 1962 and obviously convinced that he was capable of producing a better record than last season's 7-11 mark.

Terry walked only one, struck out two and had a two-hit shut-out until the Angels pushed across a run in the eighth inning. At one stretch, he retired 14 batters in succession.

Elsewhere in the American League, Al Kaline drove in five runs in Detroit's 11-4 walloping of Kansas City and the Chicago White Sox made the most of Baltimore mistakes for a 5-3 victory over the Orioles.

Flood conditions postponed the New York-Minnesota game. Washington and Boston were not scheduled.

The Indians backed Terry's pitching with 12 hits, including a two-run homer by former Angel Leon Wagner. Larry Brown also drove in two runs, with a double and a single. Three errors by the Angels didn't help loser Fred Newman.

The Tigers put it away in a hurry against the A's, scoring seven runs in the first two innings. Diego Segui, who started for Kansas City, gave up just one hit but walked six and allowed four runs before Detroit continued the assault against Jose Santiago and Fred Talbot.

Kaline singled across two runs in the second and slammed a three-run double in the ninth. Hank Aguirre got the victory with relief help from Dennis McLain.

The White Sox scored four runs in the first three innings with Most Valuable Player Brooks Robinson the goat for the Orioles.

Robinson's wild throw in the third inning enabled John Romano to score Chicago's third run and let Pete Ward reach third base. Ward scored the eventual deciding run on Ron Hansen's sacrifice fly.

Gary Peters got the victory while Steve Barber took the loss.

Minor Leaguers Launch Activity On All Fronts

COLUMBUS, Ohio (AP) — Baseball's minor leagues are heading into their 20th post-World War II season, and their head man, Phil Piton, says, "We're optimistic."

"We feel we've turned the corner," he said, pointing to last season, when the minors showed their first over-all attendance increase since the baseball boom days immediately after the war.

Attendance dipped below 10 million in 1963 but went back over that figure last year.

Piton is president of the National Association of Professional Baseball Leagues — the formal name for the minors — now comprising 19 leagues, with headquarters in Columbus. The line-up is virtually identical to last year's when 20 leagues operated, since two will merge to form this summer's Florida Rookie League.

Several circuits open their seasons this weekend, including the International, Pacific Coast, Texas, Southern and Carolina Leagues. Three member leagues in Mexico are already under way.

New cities in the minor league line-up include many trying baseball comebacks, such as Toledo, Vancouver, Amarillo, Montgomery and Newport News.

Tickets For Links Match Are Put On Sale Locally

Tickets for the May 3 golf exhibition at the Midland Country Club, featuring four of the world's top linksters, are on sale here through Charles Dummam at the First National Bank.

The ducats cost \$5 each. Part of the proceeds of the local tickets sold will go to the Howard County Heart Fund.

Featured in the 18-hole match will be Arnold Palmer, Bobby Nichols, Bob Charles and Doug Sanders.

The linksters will play the exhibition between the Tournament of Champions at Las Vegas, Nev., and the Colonial Invitational at Fort Worth.

The professionals will tour a 7,200-yard course where par is 72. All proceeds from the match above expenses go to the Heart Fund.

The golf stars will take part in a clinic starting at 12 noon, then tee off in the match an hour later.

The caliber of the Midland course is so high that the MCC was considered for the National Amateur championship.

Course record is held by Dr. Cary Middlecoff, who shot a 65. The unofficial course record

BOB CHARLES from regular tees is a 61, fired by Nichols.

Nichols, who was once medalist in the Big Spring Invitational, has been on the pro tour since 1960. He won the PGA crown last year. He now plays out of Corona, Calif. Last year, he won slightly over \$75,000 on the tour.

Lions To Bid For 4th Title

COMMFRCE—A second track meet within four days sends East Texas State University to Stephenville for quadrangular affair Wednesday afternoon with the Lions seeking their fourth team title of the season.

Easter holidays will give the defending Lone Star Conference champions a brief rest before the Drake Relays in Des Moines, Iowa, on April 23-24.

The Tarleton Invitational will be a record-molding affair as it is the first track and field meet held at Tarleton State since the college became a four-year institute in 1961. In addition to East Texas and Tarleton State, Hardin-Simmons University and Midwestern University will make their bid for the team crown.

Sprint champ R. L. Lasater, tuning for the conference meet next month, took the 100 in 9.5 and the 200 in 21.4. The Big Spring senior knocked 1 second off his best time of the season in the 100.

Partnership Meet Set April 25

Another partnership tournament is being sponsored for April 25 at the Big Spring Country Club, it was announced Thursday.

One of the partners must have a 10 and under handicap and the other 11 and over. The entry fee is \$2.50 per player, and competition is open to members of the Big Spring Country Club, the Big Spring Golf Association and Webb AFB.

Permian Beaten By 1-0 Tally

MIDLAND — Midland pitcher Robert Winstead hit a single in the fourth inning to drive in Bobby Cutshall and give the Midland Bulldogs a 1-0 win over Odessa Permian in a District 2-AAAA baseball game here Tuesday.

Midland is now tied for the district lead with a 2-1 record while Permian stands 1-2. Alan Moravick was the losing pitcher.

Permian..... 002 003 0-0 5 0
Midland..... 000 100 1-1 4 2
Moravick and Young; Winstead and Lawrence.

Triangular Set For 4:30 Today

Howard County Junior College Jayhawks, the Big Spring Steers and the Lubbock Christian College Pioneers will run a practice track meet today at 4:30 at Memorial Stadium.

Jayhawks competing will include star quartermiler Steve Langham, hurdler Harley Bynum and weightman Jim Napier. Running for the Steers will be Johnny Hughes, District 2-AAAA 180-yard low hurdles champ; Joe Jaure, second place finisher in the district 440-yard run and the sprint relay team of Hughes, Jaure, Kirby Hodnett and Marvin Hall.

Tigers Trounce Brownfield, 4-3

SNYDER — Snyder downed Brownfield, 4-3, here Tuesday in a District 3-AAA baseball game that went nine innings.

Snyder scored first in the first inning, but Brownfield went ahead in the fourth, only to be tied up in the fifth by Snyder. Roy Kiser scored the winning run in the ninth when he came home on a wild pitch.

Brownfield..... 001 200 000-3 5 1
Snyder..... 200 010 001-4 7 3
Collier and Ervin; Owen, Wall and Goy.

Sweetwater Wins Over Lamesans

LAMESA — Sweetwater dropped Lamesa here Tuesday, 6-5, in a District 7-AAA baseball game.

Lamesa was leading 5-1 going into the seventh inning but could not contain Sweetwater as the Mustangs pushed across five big runs.

Buried cable:
\$10,000,000 in new life insurance for your telephone this year

Southwestern Bell
1965: Your Bonus Year for Telephone Service

Put telephone wires underground and you've put them in a safe place. Safe from wind, rain, hot weather, cold weather, stormy weather. Safer from the slow death of ordinary weathering. Safer from man-caused damage, too. All around safer from the kinds of trouble which most often affect the talkability, hearability and dependability of your phone service.

That's why this year Southwestern Bell is spending \$10 million burying hundreds of additional miles of telephone cable underground. In effect, buying life insurance for your telephone service.

There's another tangible benefit, too. Because of this buried cable construction program, new jobs will be created. Some in the telephone business (which already has 52,179 persons on the payroll), but most important, an estimated 500 new jobs among the hundreds of firms which sell supplies, services and materials to the telephone company.

This is a 1965 communications bonus from Southwestern Bell. Part of a massive construction effort (our biggest ever) to make the world's best telephone service even more useful, dependable, convenient and valuable seven days a week, good weather and bad.

EVERYBODY READY?

ALMOST, PAPA.

SIT WITH ME ON TH' WAY BACK, NYNA. WE CAN GET FRIENDLY.

YOU HEARD WHAT PAPA SAID, MOON.

Club Hears Rev. Lloyd

Dr. R. Gage Lloyd, pastor of the First Presbyterian Church, brought a brief message to Rotarians on the meaning of Holy Week and Easter at Tuesday's meeting. Roy Cornelison, program chairman, introduced the speaker.

"During these days we commemorate the most important week of the year," Dr. Lloyd said. "We must remember that at least half of the details of Christ's activity are recorded during the last week of the Master's life.

"He cleaned up the Temple to make it a real place of worship; observed the feast of the Passover to remind many of the love and care provided by the Lord over His people; initiated the Last Supper; was buried, and was resurrected.

"Every Easter offers us the opportunity to take an inward look to see if we are 'occasional' Christians. We can find out how we are getting along in life and then try to renew our faith," he continued.

The speaker recalled the words of a recent prayer he heard in which the man praying said: "If we would but look up and fasten our eyes on the Cross, we would have no trouble with our devotions, our morals, and our faith."

The fact that Christ came down from the cross, was buried for three days, and then came forth from the grave, is reason enough for men to appreciate the full meaning of this Holy Week, the speaker said.

Special Class Explained To P-TA

Three members of the special education staff told about the program of working with exceptional children when they addressed the Gay Hill P-TA meeting Tuesday.

Participating were Mrs. Roscoe Newell, Mrs. Bill McRee and Larry Bristow. The first grade pupils of Evelyn Norris also appeared on the program.

Elected president of the P-TA was Mrs. W. J. Crow. Other officers named and who will be installed at the May meeting were Mrs. James Ellison, vice president; Mrs. Freddie Blacklock, secretary; Mrs. Billy Ray Brooks, treasurer. Eighty individuals attended the meeting.

Lakeview YMCA Slates Barbecue

May 1 has been set for the date of the traditional spring barbecue dinner of the Lakeview YMCA.

Charlie Merritt, who will prepare the barbecue, said that tickets would be \$1 and any profits would go to the Lakeview branch. The affair is sponsored by the board of managers, and tickets will go on sale immediately. Merritt urged residents everywhere to support the membership affair.

Hamilton Funds Reports Dividends

Record-breaking quarterly distributions of more than \$18,231,000 will be paid April 30, 1965 to investors in Hamilton Funds, Inc. it was announced by Hamilton President A. R. Tyrone. The 69th consecutive dividend is payable to shareholders of record March 31, 1965.

For the last quarter of the current fiscal year ending April 30, the Board of Directors declared an ordinary income dividend of four cents per share, bringing total ordinary income dividends during the past 12 months to 14 1/2 cents—high ever paid per H-D share. Also declared was a realized securities profits distribution of 21 cents per share, which is 50 per cent higher than last fiscal year and the highest ever paid by the Fund. Total distributions for the year of 35 1/2 cents per share are 27 per cent above fiscal 1964.

World Trade's Health At Stake With Report

NEW YORK (AP) — American businessmen and bankers are hoping to hear from British Prime Minister Harold Wilson today and Thursday just what his Labor government plans to do with the time it has bought at considerable cost.

The United States has more than just neighborly curiosity in the answers. At stake are the

close ties of the dollar and the pound sterling, and of the American and British roles in maintaining a healthy world trade.

What happens to the pound sterling can affect the dollar, since both are cast as reserve currencies in many other nations. A weakened British economy can affect our trade with British Commonwealth countries and our relations with other trade groups, especially the European Common Market.

Most agree now that Britain has staved off the immediate financial dangers threatening it at home and abroad.

PROTEST POUND
It did so first through a \$3-billion fund put up last fall by the United States and other nations on which it could draw to protect the pound sterling from speculative raids that threatened its devaluation.

The second time-buying move was the just-announced British austerity budget to meet the immediate dangers to the British home economy and also to the pound, which was again under attack despite the \$3-billion bail-out fund.

The austerity program has rallied support for the pound and given Britain needed time in which to tackle its underlying troubles.

The question that American businessmen and financiers would like to hear Wilson answer during his visit here is how the Labor government proposes to get British industry and trade into line to meet the problems that have been piling up in recent years.

PRICES WAY UP
The British economy hasn't grown at the rate of its neighbors on the continent. But prices of its products have risen sharply. British export trade has suffered in comparison with European, Japanese and American.

The cost of production has risen steadily in Britain. While factories across the Channel were putting in new equipment and new methods, the islanders have tended to stick to their old machines, old labor methods.

American industrial executives visiting the United Kingdom have reported it takes more workmen to turn out the same amount of goods than it does either here or in the Common Market countries. Getting British management and labor to change its thinking and its ways will be quite a problem for the Labor government, if it plans to tackle it.

PROBLEMS CORE
The core of Britain's monetary

Johnson Flies To Inspection Of Flood Area

WASHINGTON (AP) — President Johnson flies today to Midwest areas ravaged by floods and tornadoes. He is carrying a promise of quick federal aid in rebuilding.

Johnson planned to make on-the-ground inspection trips in Indiana, Minnesota and Ohio and survey from the air damage in Illinois, Wisconsin and Michigan.

The President was bound first for South Bend, Ind., and was driving from there to nearby Elkhart County where at least 65 persons were killed in a tornado last Sunday.

TOUR DIKES
In the Minneapolis-St. Paul area, Johnson planned to tour sand-bagged dikes erected

against the Mississippi River flood that is expected to reach record proportions by Friday.

The chief executive's final stop before his early-evening return to Washington was Toledo, Ohio, where he was to visit suburban areas struck by a tornado.

Johnson was prepared to promise state and local officials that the federal government was ready to expedite federal disaster relief funds that could mount into the millions of dollars. The money would be used for replacing or repairing roads, bridges and other public facilities and, in some cases, to provide assistance for farmers and small-business men.

RELIEF OFFICIALS
Accompanying him on the hastily arranged trip were relief officials and a large delegation of Congress members.

Twice last year, Johnson made similar inspection trips to disaster areas — last spring to flooded sections of the Midwest and in the fall to hurricane-hit parts of Florida and Georgia. Parts of Minnesota already

have been designated major disaster areas by Johnson and thus eligible for federal help. Governors of the other states affected by the floods and tornadoes are expected to apply soon for similar assistance.

Airlines Approve Ban On Movies

MONTREAL (AP) — Eighty-one of the world's airlines have voted to ban movies and closed circuit television on their international flights, the International Air Transport Association announced. But they retained the right to offer audio entertainment to passengers through individual head sets.

Three airlines which now offer in-flight movies have agreed to discontinue them gradually. They are Trans World Airlines, Pakistan International Airlines and the Philippine Airlines.

Inevitable Cliche Bit Too Dramatic

By CYNTHIA LOWRY
AP TV Radio Writer

NEW YORK (AP) — There were long sequences in Tuesday night's episode of "Combat" on ABC when an art-loving demolition expert, mortally wounded, was deciding whether to blow up a cave full of art treasures and a German observation post or to jeopardize the lives of 5,000 American soldiers advancing on the fort.

His decision was inevitable, of course, although a viewer could have wished the script writer might have resisted the inevitable B-movie cliche.

As the dying man set the explosive charge and was about to push the button, he gazed

mournfully at a huge stone statue and murmured: "Forgive me." And then, from the eye of the marble figure streamed a single tear — of blood.

Those doughty infantrymen of "Combat" have been crawling across France for three years now and excessively dramatic scenes like this have been gratifyingly rare.

The two heroes who alternate in the leading roles — Rick Jason and Vic Morrow — usually look on the brink of exhaustion, unshaven and totally war weary. Somehow each week they manage to escape unscathed, ready to attack the next machine gun post or capture another platoon of enemies.

Hate Groups Held Menace

SACRAMENTO, Calif., (AP) — The California Legislature has before it today a report of the state's top law enforcement officer that several small violence-prone groups — "the misfits and maladjusted of society" — threaten the peace and security of California, continually plot armed activity and should be outlawed.

Atty. Gen. Thomas C. Lynch told the legislature here that five groups now active in the nation's most populous state "have lost faith in our system of government. They continually plot armed activity while skirting outright sedition."

Lynch cited "complete separation and segregation" of American Negroes as the demand of the militant Black Muslims. Members, he contended, "possess a deep and fanatical hatred for the white race."

He said Black Muslims in California reportedly are training with weapons.

Anti-Negro and anti-Jewish feelings are the trademark of the other four organizations, Lynch reported. They are the American Nazi party, National States Rights party, the California Rangers and the Minutemen.

Third Man Dead Of Blast Injuries

FORT WORTH (AP) — A third man died of injuries suffered in a Feb. 26 explosion at the Allied Feed Mill in Fort Worth. The latest victim was William Stafford, 59, of Alvarado.
