

Builds Model Of LBJ Home

Harold Woods, Stonewall service station owner and official in the chamber of commerce, measures the spot for the chimney on the model of the LBJ Ranch house he is building. Woods has spent about 500 hours constructing the three-quarter-inch-to-the-foot scale model of President Johnson's

home, working from original plans, photographs and measurements furnished him. The model will be put on a chamber of commerce float and exhibited in about 30 parades throughout the state. (AP WIRE-PHOTO)

Texas Indians Seek State Commission

AUSTIN (AP) — Indians on Texas' only reservation are trying diligently to attract tourists. They've even reversed a ban the missionaries put on dancing more than a century ago.

A weathered Indian who heads the tribal council on the Alabama-Coushatta reservation in East Texas testified Wednesday for a bill to create a state commission for Indian affairs.

Matthew Bullock of the Alabama tribe said its 550 members want to be self-sufficient. An Indian affairs commission would be the first step toward eventual independence, he said. Walter Broemer, superintendent of the reservation near Livingston, predicted a million-dollar tourist industry drawing 400,000 visitors annually could be built up within six years.

"JOBS FOR ALL" "Every member of the tribe could have a job... with an income of about \$3,000 a year," Broemer said. Many now earn less than \$100 a month, mostly working with the timber industry. "We desperately need job opportunities... and we can get them with this commission," Broemer said.

Missionaries taught the Indians that their ancient ritual dances were evil, he recalled. "and until this year we haven't danced on the reservation." The policy was changed in the interest of tourist promotion. OPEN TO VISITORS The 4,400-acre reservation is open to visitors six days a week. Tribal council members voted to respect Sunday as a day of rest even though this meant potentially less tourist trade, Broemer said.

Gov. John Connally and House Speaker Ben Barnes support the bill to create the commission. The reservation now is governed by the State Hospitals and Special Schools Board, which is being abolished later this year. The tribal council could issue revenue bonds to improve the reservation, subject to the commission's approval. Broemer said the Indians first tried to capitalize on the forests around their homes. When they decided the timber industry was growing less lucrative, they turned to tourists.

ARE RESTRICTED Government agencies were reluctant to provide development loans, however. Although the Indians own the land, they are restricted on its use. A new commission could solve this dilemma, Broemer said. At the urging of Gen. Sam Houston, the Texas Legislature set up a reservation for the Indians in 1854. Most people forgot about them after that, the bill's sponsors said. The commission would be composed of three East Texans named by the governor for six-year terms. "This is a tourist natural," said Rep. Emmett Lack of Kountze. "It will help all of Texas, most especially East Texas."

County Shy Of Its Share Howard County is still shy of the quota set for it in the current drive for funds to battle screwworms, Herb Helbig, county farm agent, said today. The deadline for sending the money to headquarters is at hand. Some ranchers have turned in their contribution. Others have not, Helbig said. He urged all who intend to give to the fund to do so at once. He estimated the total is several hundred dollars under the goal. The money will be used to carry on the screwworm eradication program until federal funds are available. The time to begin is now, he said, since the possibility of screwworm infection increases with hot weather.

Pair Charged With Attack GLADEWATER (AP) — Two Negroes were charged Wednesday night with shooting a Glade-water man and woman and with raping the woman. Jerry Stanford and his companion were attacked one mile southeast of here about 1:30 a.m. Wednesday. The suspects were jailed at Longview, 23 miles east of here. Officers identified them as ex-convict Johnny Clemens, 19, and Cecil Head, 27, both of Glade-water. Although in serious condition, the young woman was able to tell investigators what happened after she had thumbed a ride to a hospital.

Direct Cancer Crusade Efforts

Volunteer workers are contacting business firms in the city for contributions to the April Cancer Crusade, Mrs. Clyde Thomas, Randall Polk and Mrs. Rube McNew are shown discussing work in the April Cancer drive, which continues through next week.

Cancer Drive Progressing

The April crusade of the Howard County Association of the American Cancer Society is moving into its final weeks, with some 40 volunteer workers continuing to contact business firms this week for contributions. The independent business section of the drive will conclude this week, with a door-to-door residential campaign set throughout the county next Tuesday. "We hope to reach every business in the city," Mrs. Larson Lloyd said of the business drive. Mrs. Lloyd is general chairman for the cancer crusade, with Mrs. Rube McNew and Mrs. Clyde Thomas co-chairmen of the business division. Mrs. Lloyd said both downtown and suburban businesses are being contacted. Workers are being organized this week for the door-to-door solicitation Tuesday, with Mrs. C. J. Haral-

son chairman of that portion of the drive. Forsan, Sands, Coahoma and other county areas will be included in the Tuesday drive. "Our goal is \$5,000 for the crusade," Mrs. Lloyd said. She said more than \$2,000 had been received through the special gifts division, which was conducted earlier this month under the chairmanship of Raymond Tollett. Numerous donations through the memorial fund have been received this month, Mrs. Lloyd said. Mrs. M. M. Edwards is chairman for the fund. Mrs. Lloyd said volunteer assistance had been given the crusade by a number of persons. The Alpha Chi chapter of Epsilon Sigma Alpha sorority has prepared packets for the door-to-door crusade and Girl Scout Troop 378 has distributed posters to business firms in the city.

Urges Businessmen To Take Leadership Role

KILLEEN — Businessmen should take a leadership role in the development of the "Great Society" contemplated by the administration, Dr. Carl H. Madden, director of Economic Research of the Chamber of Commerce of the United States, said. In an address entitled "The Economics of the Great Society," delivered before the annual convention of the East Texas Chamber of Commerce, Dr. Madden said the business community is "standing at the crossroads," and added: "The Great Society will be built. It may be a free society, or it may be a repressive society, great in name only. As citizens, businessmen, I think, have but two choices. They can either be passive and led or active as leaders."

Recalling that President Johnson "has shown that he listens to and respects business opinion," he said: "Business can provide leadership and help to build the truly great society, or it can continue to focus simply on economic advancement, on generating additions to the national economic pie, which will be used to finance whatever the administration's Great Society may become. Commenting on the economic policies envisioned by the "Great Society," Dr. Madden said: "Generally the attitude is more pro-business for the short-run; yet, the specifics emerging in many areas of programs and legislation show a clear long-run potential for a greatly expanded federal role."

Declaring that the problem in extending the role of the federal government "is one of balance," Dr. Madden said an im-

Clown Murder Puzzles Officers

NEW YORK (AP) — An Easter holiday crowd of thousands in Madison Square Garden roared with laughter at the slapstick antics of the circus clowns, unaware that the top clown was missing.

At the same time, the bludgeoned body of Paul Jung, 64, chief clown of the Ringling Brothers Barnum and Bailey Circus, was found in his hotel room a half block away. A circus official had gone to the hotel when Jung failed to appear for the morning show Wednesday. A bell captain opened Jung's room door and found the body.

IN PAJAMAS Clad in pajamas, it was under a bed spread. His hands were tied behind him, his head and face bashed in. "I never knew Paul to have an enemy in the circus and he's been with us since 1917," said circus executive Henry Ringling, North. "He was the guy everybody liked."

Police today still sought a motive. Thirty detectives were assigned. They questioned 15 other circus performers who lived at the same hotel. Hundreds more were questioned in the gaudy backstage of the cavernous

Garden while the afternoon show went on.

There was no sign of a struggle in the hotel room and no weapon was found. There were eight full cans of beer in the room although Jung didn't drink.

CHECK STORES Police were checking stores in the neighborhood, hoping to learn who had bought the beer. The motive did not seem to be robbery, although Jung had made much money from the gag gadgets he designed for circuses all over the world. In Tampa, Jung's wife of 22 years said she couldn't imagine why he was murdered.

Troop 11 Has New Leaders

New leaders have been named for Boy Scout Troop 11, sponsored by the Northside Methodist Church. They are Randall

William Vaeth, scoutmaster; John D. Lunt, and Alan Robert Trent, assistants. Troop 11 grew to almost 30 members under the direction of the former Scoutmaster, Lt. Vincent J. Eckelkamp. He has been transferred to Arizona as an officer in the Air Force. "Lt. Eckelkamp did a fine job with the boys," the Rev. Ramon Navarro, pastor of the church, said. "Boys, parents and troop

committeemen are grateful for the work he and his assistants did." The troop meets every Monday at 7 p.m. in the classrooms at the Northside Methodist Church, 600 N. Goliad, and leaders are working to send some of the boys to summer camp. "Every boy of the community, who is of age and is not a member of another troop, is invited to join Troop 11," Rev. Navarro said.

Aggies Told About Exciting Progress

The Aggies got together again Tuesday evening to pay tribute to their departed comrades and to hear reports of exciting progress in Aggieland.

The occasion was the tradi-

Jobless Aid Bill Advances

AUSTIN (AP)—Proposals for major changes in jobless benefit laws were approved Wednesday by a Senate committee.

One change provides a disqualification period of four to eight weeks for those who voluntarily quit a job or get fired for misconduct. Unemployment compensation could not be drawn during this period.

"There is no need of this," asserted Sen. Charles Herring of Austin. "The Texas Employment Commission has the authority to disqualify these people right now but they don't want to do it. They want to make us do it."

There have been complaints in past years of some college students working in the summer then drawing unemployment compensation while attending school that winter.

Television Actor Fined For DWI

CAMARILLO, Calif. (AP)—Actor William Hopper, who plays investigator Paul Drake on the Perry Mason television show, paid a \$276 fine Wednesday after pleading guilty to drunken driving.

Nations' Differences Pinpointed By Student

After almost a year in Big Spring High School, Klaus Limbacher of Wessel, Germany, has one impression of this country.

It's not the wealth, the standard of living or the "unlimited possibilities of the country," but "the friendliness, the open-face character, the humor of the people of America."

Pat Gathright To Speak For Borden Assembly

GAIL—Pat Gathright, maker of the flagpole made famous in the photograph of the flag raising on Mt. Suribachi, Iwo Jima, will speak to students of Borden County School in an assembly Monday morning.

Coordination On War Front Poses Puzzler

SAIGON, South Viet Nam (AP)—The deepening involvement of the United States in the Vietnamese war is daily bringing Washington and Saigon closer to a decision both have been trying to avoid—whether to create a joint command.

In practical terms such a joint command probably would have little effect on current relations between the allies. Maj. Gen. Tran Van Minh, the Vietnamese armed forces commander, said Wednesday: "Creation of a joint command would not be very surprising. As it is, we are working very closely and in consultation with the Americans."

ARE 'ADVISERS'

So far Americans have served in Viet Nam only as advisers or in supporting roles. They do not command Vietnamese troops at any level. The only commands Americans hold are over other Americans.

Rubber Union Votes On Pact

AKRON, Ohio (AP)—United Rubber Workers vote today on contracts covering 50,000 employees of Firestone, Goodrich and Goodyear.

The agreements reached Wednesday provide across-the-board increases of 15 1/2 to 16 1/2 cents an hour over two years, plus fringe benefits which both sides say will bring the total value up to about 28 cents an hour.

POSE DIFFICULTIES

Top Vietnamese officials say privately they think the use of American combat units could pose some major difficulties.

Luci Reigns At Festivity

NORFOLK, Va. (AP)—It became apparent quickly that Luci Baines Johnson would be very much herself in her regal role as queen of the Azalea Festival here.

Grand Jury Votes 16 Indictments

Sixteen indictments, including two indictments of persons charged with armed robbery, were handed Judge Ralph Cannon in District Court, at 4:15 p.m. Wednesday by the Howard County Grand Jury.

The grand jury had begun work Tuesday morning. Eleven members of the body were on hand when the final report was submitted.

JUVENILES

The grand jury also heard testimony by a number of witnesses, including juveniles, of incidents where boys and girls had been able to buy wine and beer. The Texas Liquor Control Board officers had asked the grand jury be advised of the growing prevalence of this practice in the Big Spring area.

NOT INDICTED

A number of other cases which were laid before the grand jury did not result in indictments.

DANIEL RIOS

Daniel A. Rios, murder with an automobile in connection with the traffic death March 31 of Albert Grantham.

POSE DIFFICULTIES

Buried cable:

\$10,000,000 in new life insurance for your telephone this year

Put telephone wires underground and you've put them in a safe place. Safe from wind, rain, hot weather, cold weather, stormy weather. Safer from the slow death of ordinary weathering. Safer from man-caused damage, too. All around safer from the kinds of trouble which most often affect the talkability, hearability and dependability of your phone service.

That's why this year Southwestern Bell is spending \$10 million burying hundreds of additional miles of telephone cable underground. In effect, buying life insurance for your telephone service.

There's another tangible benefit, too. Because of this buried cable construction program, new jobs will be created. Some in the telephone business (which already has 52,179 persons on the payroll), but most important, an estimated 500 new jobs among the hundreds of firms which sell supplies, services and materials to the telephone company.

This is a 1965 communications bonus from Southwestern Bell. Part of a massive construction effort (our biggest ever) to make the world's best telephone service even more useful, dependable, convenient and valuable seven days a week, good weather and bad.

Mozambique Status Still Is Multiracial

LOURENCO MARQUES, Mozambique (AP) — Two schoolboys skip through a dusty schoolyard, one black hand clasped in a white one.

An African farmer jabbers in Portuguese across an irrigation ditch to his white Portuguese neighbor amid the green rice stalks.

On the busy streets of Lourenco Marques, shoppers of almost every shade known to man elbow each other amicably.

Here, in lush, tropical Mozambique, and across the continent in Angola, another Portuguese province, may rest the last chance for a genuine, multiracial society in Africa.

The Portuguese, who came to both shores of Africa more than 400 years ago, say they are determined to foster and maintain it.

The 35 member states of the Organization of African Unity want every foot of African soil under African or Arab rule.

SUPPORT REBELS With the aid of Algerian and Communist Chinese arms, the OAU has been supporting rebellions inside the northern frontiers of both Angola and Mozambique.

The Portuguese answer was to send more than 100,000 troops to the two territories, known as "provinces" in Lisbon and "colonies" to the nationalist leaders of black Africa.

What chance has Portugal, a nation of 10 million, of repeating in Africa what is known to Portuguese as "the glory of Brazil"?

Portuguese officials say they can handle any army the OAU could send against them in the immediate future. But poverty, ignorance and tribalism are major problems in Angola and Mozambique, as in independent nations to the north.

SCHOOLS GROW Education was not a bright spot in Angola and Mozambique during the first centuries of Portuguese rule. Now schools are going up. Both Angola and Mozambique have universities.

The spending of about \$120 million annually to defend the northern border areas has taken funds needed elsewhere. But schools, hospitals, factories and farm settlement projects testify to the new energies being released.

♣ A Q 7

The bidding: West North East South 3♥ 4♦ Pass 4NT Pass 5♦ Double 6♣ Pass Pass Pass

Opening lead: Eight of ♣

When South heard his partner overcall at the four level over West's preemptive opening bid, his thoughts were directed toward big things—particularly since his own hand was worth 19 points and he held a virtually self-sufficient suit. He checked back for aces and, when he had reassured himself that the opposition was not in position to cash two fast tricks, he proceeded to six spades.

East's double of five diamonds convinced West that his partner had that suit well under control, and he decided to pursue a neutral course by opening the eight of spades. The trump lead was quite effective, for it deprived declarer of any reasonable chance to ruff a heart in dummy. He, therefore, proceeded to draw trump by continuing spades for three rounds.

Altho the missing diamond honors were clearly located in the East hand, prospects for establishing North's diamond suit were extremely remote, due to the fact that dummy was short of the necessary entries. However, inasmuch as it was his only chance, South proceeded to cash the ace of diamonds and continued with the queen.

East covered with the king and declarer ruffed as West discarded a heart. The ace of clubs was played on which West followed with the nine. It appeared that he had—at most—one more card in that suit and, if it was the jack, South offered a way to develop an extra entry to the dummy.

Declarer continued with the queen of clubs and, when West played the jack, North overtook with the king, for his ten became the master card in the suit. The ten of diamonds was put thru and South ruffed out East's jack. Dummy was re-entered with the ten of clubs and, after the nine of diamonds picked up the eight, the diamond suit provided enough discards to take care of South's losing hearts. Declarer took all 13 tricks.

Military Aid To South Viet Boosted To \$330 Million

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara announced Wednesday that military aid for South Vietnam will be increased from \$207 million to \$330 million in the present fiscal year.

He made the announcement as he left a White House meeting at which he reported to President Johnson on his trip to Honolulu and conferences there with top strategists on the Vietnam situation.

McNamara said that U.S. attacks on North Vietnam have slowed but not stopped Viet Cong infiltration into South Vietnam. He also said they have been damaging morale of the Viet Cong forces.

'COPTER GUNS McNamara indicated that what he called the very substantial increase in military aid for South Vietnam will go into such things as helicopters and firepower.

The primary purpose of the Honolulu meeting, he said, was to review the action that this country can take to support expansion in South Vietnamese military strength, by up to 160,000 troops.

The secretary said substantial evidence has been found of increased infiltration from the north in the last few months and this adds up to an unfavorable ratio of manpower.

This, he said, can be offset partly by added mobility, which helicopters would help provide, and through stronger firepower. So these will continue to be expanded, he said.

RED ORIGIN He said that contrary to some recent press reports almost all captured Viet Cong weapons are Communist blue origin—almost 100 per cent of the large items, he said.

Asked whether there was any

assessment from military consultants on what would happen if the Chinese Communists came into the war, McNamara replied in the negative.

And he repeated that it must be assumed that surface-to-air missiles will be introduced among the North Vietnamese.

"We have ways and means to take care of them if they are," he added.

He declined to spell out the ways and means.

McNamara met with Johnson and with Secretary of State Dean Rusk and presidential assistant McGeorge Bundy at the White House.

TWO EMERGE The two Cabinet members came out in the lobby afterward and talked with reporters.

Rusk agreed that there has been evidence of morale problems in North Vietnam as shown by diaries and desertions. McNamara said there were 126 defections in one week,

Short Rail Line Slated

AUSTIN (AP) — A glass firm disclosed here the incorporation of a new short-line railroad in Texas.

Owens - Illinois Glass Co. of Toledo called the railroad "essential to the construction of a projected pulp and paper mill in Orange County."

River & Northern Railroad Co., the new railroad will be a 30-mile line in Jasper, Newton and Orange counties of Southeast Texas.

Construction will begin as soon as the Interstate Commerce Commission authorizes it.

The railroad would be built from Bessmay in Jasper County to an intersection with the Southern Pacific, where the SP turns south in Orange County, about two miles west of the Louisiana border.

Texas Airport Groups Return

WASHINGTON (AP) — Delegations from Dallas and Fort Worth returned home Wednesday after meeting with Civil Examiner Ross Newmann to discuss a regional airport.

Newmann told reporters after the four-hour session:

"I think we've made some progress. It was an amicable and friendly meeting."

He would not discuss anything that went on.

The two groups will meet again within a week. Newmann then will go to Texas to meet with them.

A recent CAB order directed Newmann to participate in negotiations on the site of a regional airport to serve Dallas and Fort Worth.

Newmann said his trip to Texas will have no time limit. He said if it becomes apparent that no agreement can be reached, however, he will reopen the record in the case as the CAB ordered.

"It is obvious to me that there has been some advance over what the situation was a year ago," he said. Newmann handled the hearings in the case.

Replacement Named For Indicted Judge

LEVELL, Tex. (AP) — Hulan Moreland was named Hockley County judge Wednesday. He succeeds L. G. Owens, who resigned Monday after a grand jury indicted him on charges of theft and misappropriation of public funds.

PAMPA, Tex. (AP)—An oil well fire destroyed well servicing equipment valued at \$250,000 near here.

Nine men working on what was described as a "hot oil terminal job" escaped unhurt.

Officials of the Halliburton Cementing Co. said about 15 per cent of their Pampa operation was destroyed by the fire.

Equipment destroyed included an oil unit owned by Triangle Well Servicing Co. of Pampa, two Halliburton well servicing units, a Halliburton fire truck and two large trailer tanks filled with oil.

The well is in hill-studded country 27 miles southeast of Pampa.

Exercise Set In China Sea

BANGKOK, Thailand (AP) — France will take part in a naval exercise of the Southeast Asia Treaty Organization next month despite its decision to snub the alliance's meeting of foreign ministers, SEATO headquarters announced today.

The announcement said 28 ships together with aircraft would participate in Exercise Sea Horse May 1-24 in the South China Sea. Pakistan is the only member of the eight-nation alliance not represented.

College Research Expert Succumbs

HOUSTON (AP)— Dr. Ellard Yow, 46, a Baylor University college of medicine researcher, died of Hodgkins disease Wednesday.

He began and headed the infectious disease laboratory at Houston's city-county charity hospital and more recently at Methodist Hospital.

BUDGET GONE TO THE DOGS?

BIG SPRING HERALD CLASSIFIED ADS ARE THE ANSWER

Every day wise families turn to Classified Ads to quickly convert the things they are no longer using into the extra cash they need.

Look around your home. What about that musical instrument no one plays — the baby furniture your children have outgrown — or the power tools that somehow never seem to get used anymore? Right now cash buyers are watching for these things (and many more) in the Classified Section of Big Spring Herald.

Decide now to start winning your "battle of the budget" with a money-making Herald Classified Ad. Make out your list and dial AM 4-4331 today between 8 a.m. and 5:30 p.m.

U.S. Aide Reports Quick Stock Profit Of \$14,500

WASHINGTON (AP) — Assistant Secretary of Commerce Herbert W. Klotz, mentioned as one of a dozen persons who benefited from a tip on Texas Gulf Sulphur Co. stock, says his quick paper profit amounted to about \$14,500.

Klotz was mentioned Monday

The Commerce Department official did not say if he had sold the 2,000 shares of stock. He bought them at \$29.70 a share, he said, after receiving a tip from Miss Nancy Atkinson, now Mrs. Francis Brown, who was then working at the federal pavilion of the New York World's Fair.

Klotz said she stated that a long-time family friend, Kenneth H. Darke, who was employed by the company, had told her family that the company had very good immediate and future prospects.

The stock closed at \$37 a

share on April 16, 1964, the day on which announcement of the ore discovery was made. It is now selling for \$68 a share.

"In my official capacity with the Department of Commerce I have never had nor could be expected to have any dealings with the Texas Gulf Sulphur Co. or its officials," Klotz said.

Construction Due On Ammonia Plant

BEAUMONT (AP)—Construction of one of the world's largest ammonia plants will be started here by the Du Pont Co. this summer.

Budget Chief Kermit Gordon Resigns Post

WASHINGTON (AP) — Kermit Gordon, director of the Bureau of the Budget since December 1962, is resigning about June 1 to become vice president

of the Brookings Institution, a private research center.

He will be succeeded by Charles L. Schultze, who quit less than 10 weeks ago as assistant budget director and was told by President Johnson: "I hope that I may call on you for help in the future because we have much unfinished business to see to."

Schultze, 40, left the government Feb. 12 to resume his teaching career as a professor of economics at the University of Maryland.

Applicants Fall Short

WASHINGTON (AP) — The American Farm Bureau Federation says migratory farm labor contractors are having trouble meeting the Labor Department's operating requirements.

Under new legislation, the contractors must obtain a certificate of registration from the

secretary of labor before he may enlist workers in one state for work in another.

The Farm Bureau said many contractors seeking certification have been unable to obtain the insurance protection the new law requires. The insurance is to protect enlisted workers against damages arising out of their transportation from job to job.

It said many contractors appear to be reluctant to be fingerprinted, as required by the law.

Hay Market

Mrs. Josephine Naron, 58, deals with two customers over a load of hay in her Hay Lot near the Stockyards in Fort Worth. Mrs. Naron operates probably the largest hay market in Texas with trucks rolling into her yard daily from eight different states. The feminine little lady doesn't consider the hay business just a man's world. "I love it, it's my whole life," says Mrs. Naron. (AP WIREPHOTO)

Southern Presbyterians Discuss Church Merger

MONTREAT, N.C. (AP) — Southern Presbyterians moved today into discussion of merger with the Reformed Church in America after electing a Texas layman as titular head of their \$45,000-member denomination. Opening its annual meeting Wednesday night, the general assembly of the Presbyterian Church in the U.S. named Samuel Patterson, 65, of San Antonio moderator. He succeeds Dr. Felix Gear of Atlanta. Patterson, a white-haired elder at Northwest Presbyterian Church in San Antonio, won in a runoff with Dr. Paul Jones, a pastor from Memphis, Tenn. The vote was 250-199 on the second ballot after the 449 commissioners eliminated two other nominees—the Rev. Sam Hay, president of Stillman College at Tuscaloosa, Ala., and Dr. Sidney Gates, a pastor of Columbus, Ga. Although Patterson is considered a liberal or progressive by many Presbyterians, he rejected any label. "I'm sensible," he said after pumping several hundred hands at a reception.

Stanley Hardware Sets Big Opening

A grand opening is planned Friday and Saturday at Stanley Hardware Co., 203 Runnels, marking the firm's completion of a host of building improvements, from a modernized exterior to a remodeled interior. A grand opening sale is planned for the two days at the store, which has been in business more than 21 years at the location.

The firm completed recently the changes, which included a bricked-in north wall, new ceiling and floor, new interior painting, fluorescent lighting and air conditioning.

"We would like for the people to know about our store and come in and see it," said J. R. Stanley, who with Homer T. Shankle owns and operates the firm. "We have made many friends and a host of customers over the years. We have appreciated the opportunity to serve them, and we hope to continue serving them efficiently."

The store's grand opening will be conducted during its regular business hours of 8 a.m. to 5:30 p.m. "Many of the items in the sale are priced below our cost," Stanley said.

The firm's remodeling changes included a bone-white color scheme inside, the white vinyl ceiling and asbestos tile flooring, a gray-tinted glass wall on the west front and the new system of "washed air conditioning." Some 5,000 square feet of sales space is included in the store, including a carpeted television display area at the north wall. The bricked-in north wall has added to the interior display area.

A modern, well-lighted appearance has been created in the extensive building changes at the firm. The merchandise includes appliances, radio and television sets, refrigerators, ranges, heaters and evaporative air conditioners, garden and lawn supplies, hand and mechanical tools, power tools and other items.

Veteran Actor Wessel Dead

STUDIO CITY, Calif. (AP) — Friends have disclosed the death from an apparent heart attack of Richard Wessel, veteran character actor and comedian who appeared in an estimated 400 movies and television films. Wessel died in his home here Tuesday — his 52nd birthday.

Boston Rights March Looms

BOSTON (AP) — Negotiations have broken down in attempts to arrange talks between Dr. Martin Luther King Jr. and the school committee as the city prepares for a civil rights march of an anticipated 25,000 persons.

And end to slum housing and racial imbalance in schools are the goals of the march.

Dr. King arrives today and will be greeted at the State House by Gov. John A. Volpe, who has promised to take action in the racial imbalance issue if the school committee does not.

HOUSING TOUR
Dr. King, a leader of the national civil rights movement and winner of the Nobel Peace Prize, also planned a tour of housing and schools in the predominantly Negro Roxbury section during the morning and an address before the Legislature in the afternoon.

The city went ahead with preparations for the massive parade Friday and the Boston Common rally, which civil rights leaders expect will attract about 50,000 persons.

Delegations from some 30 communities surrounding Boston indicated they would be on hand. Traffic officials were taking steps to avoid tieups in the areas affected by the parade, particularly downtown where the march ends.

A force of 350 extra police was assigned to accompany Dr. King and to be stationed along the route. The march will begin at a playground in Roxbury, then proceed along Huntington and Massachusetts avenues and finally pass in front of City Hall and the school committee offices before reaching the Common.

Mayor John Collins agreed to meet with Dr. King and a delegation of a dozen or so in his City Hall office.

Three state representatives, Royal Bolling, Michael Haynes and Franklin Holgate, all Roxbury Democrats, and State Sen. Beryl Cohen, a Brookline Democrat, said they plan to march.

Possible Use Of Tear Gas Deployed

SEOUL, Korea (AP)—Former President Yun Po-sun asked the U.S. Army commander in Korea today to see that tear gas and "other poisonous chemical weapons" supplied by the United States are not used in suppressing Korean demonstrators.

MRS. HERMAN LEE WRIGHT

Miss Linda Bristow Weds H. L. Wright

Miss Linda Bristow became the bride of Herman Lee Wright, Hobbs, N.M., in a ceremony held at 8 o'clock Tuesday evening in the Birdwell Lane Baptist Church. The double ring rites were conducted by the Rev. Cal Sims.

Parents of the couple are Mr. and Mrs. H. H. Wright, 1613 E. 16th, and Mr. and Mrs. J. V. Bristow, Vincent Rt., Coahoma.

Vows were exchanged before an archway of greenery flanked by baskets of white gladioli and five-branched candelabra. Mrs. Cal Sims, organist, and Mrs. Bill Hambrick, pianist, accompanied Mrs. Nile Cole and Mrs. Rip Lewis as they sang "Whither Thou Goest," and Mrs. Cole was soloist for "Because."

PEAU DE SOIE

The bride was given in marriage by her father and wore a white peau de soie and lace gown with full bell skirt accented by a ruffled lace bustle and chapel train. The bodice was styled with a scalloped neckline and fitted sleeves ending in petal points at the wrists. Her jewelry was a single strand of pearls, and a crown of pearls held her shoulder-length veil of illusion.

The bridal bouquet was an orchid encircled with feathered white chrysanthemums and a showered with satin picot.

Attending the bride as maid of honor was Miss Zaida Bodine of Ackerly. Bridesmaids were Mrs. Roosevelt Shaw, Sand Springs, and Mrs. Woodie Caffey, Stanton. They were identically gowned in sleeveless red dresses of satin brocade styled with round necklines and bell skirts. Their headpieces were veiled velvet bows, and each

Convention Plans Told

Plans were announced to attend the District 2-A convention in Sweetwater Friday and Saturday by members of the Evening Lions Auxiliary when they met Tuesday evening in the Downtown Tea Room. Eleven members and one guest, Mrs. Bill Thompson, attended.

Hostesses for the meeting were Mrs. John Smith and Mrs. G. W. Birrell.

The next meeting will be in the home of Mrs. H. B. Crocker, 1707 Benton. May 18, Mrs. Davy Yater will serve as cohostess.

Luncheon Hosted By Mrs. J. F. Skalicky

Mrs. Mary Cordie, grand vice president, and Mrs. J. H. Lange from San Antonio, were guests at the covered dish luncheon held Wednesday for the officers of the Ladies Society of the Brotherhood of Locomotive Firemen and Enginemen. Mrs. J. F. Skalicky, 1623 E. 17th, was hostess for the 16 members, assisted by Mrs. Frank Wilson.

carried a long-stemmed white carnation.

The best man was Bob Kinzey, and groomsmen were Joe Wright and Roy Tubb, brothers of the bridegroom. Serving as ushers were Jimmie Bristow, Vincent, and Wayne Bristow, Lubbock, brothers of the bride, and Milton Lewis, brother-in-law of the bridegroom.

Dianne Cole, niece of the bridegroom, was the flower girl and was dressed identically to the other attendants. Jay Shaw, Sand Springs, nephew of the bride, was the ring bearer, and the tapers were lighted by Cheryl Lewis and Steve Daves, niece and nephew of the bridegroom.

For a wedding trip to an undisclosed destination, the bride wore a turquoise silk suit with black and white patent accessories and the corsage from her bouquet. Upon returning, the couple will make a home at 1221 Starling, Hobbs, N.M.

The bride is a graduate of Sands High School and the Childers School of Hairdressing and

Cosmetology. She formerly worked at the Peacock Beauty Salon. The bridegroom attended Big Spring schools and served for four years in the Navy. He is now employed with Famariss Oil and Refinery in Hobbs.

RECEPTION

A reception honoring the couple was held in the fellowship hall of the church. The bride and bridegroom were joined by their parents in receiving guests who were registered by Miss Judy Kelly, Vincent.

Members of the house party were Mrs. Clarence Daves and Mrs. Wayne Bristow, Lubbock. Guests attended from Roby, Rotan, Odessa, Lubbock, Ackerly, Vincent, Big Spring, Comanche and Hobbs.

The refreshment table was covered with white lace over red linen and centered with a massive bouquet of red roses. The three-tiered white wedding cake was topped with a miniature bride and groom, and the appointments were of crystal and silver.

AT COUNTRY CLUB

Bridge Luncheon Club Announces Winners

The Variety Duplicate Luncheon Club met Wednesday at the Big Spring Country Club with nine tables in play.

North-south winners were Mrs. J. J. Havens and Mrs. Ray Mahen, first; Mrs. B. B. Badg-

Families Observe Sons' Birthdays

FORSAN (SC) — Mike Murphy was feted with a party honoring his 10th birthday by his mother, Mrs. Don Murphy and grandmother, Mrs. Paul Kennedy. Nineteen fourth grade pupils attended the complimentary affair. Games were played and favors were Easter eggs and bubble gum.

Mrs. R. D. Cowley honored her son, Stevie, with a party for his fifth birthday. Thirteen guests attended the party and Easter egg hunt. His grandmothers, Mrs. G. L. Monroney and Mrs. S. C. Cowley, assisted as hostesses. Other mothers helping with the refreshments were Mrs. Mac Robinson, Mrs. Earl Beeson, Mrs. Bobby Calley and Mrs. J. L. Overton.

Following the luncheon a business meeting was held in the Woodmen of the World hall at 3 p.m. Mrs. C. L. Kirkland presided, and Mrs. Lina Williams was initiated as a new member.

Mrs. M. E. Anderson, chaplain, worded the prayer and a new password was given. Refreshments were served by Mrs. J. C. Cravens, Mrs. Sid Woods and Mrs. C. D. Coats.

er and Mrs. Ayra McGann, second; Mrs. Dan Greenwood and Mrs. E. G. Patton, third; and Mrs. Anne Hardy and Mrs. Ben McCullough, fourth.

The east-west winners were Mrs. J. H. Holloway and George D. Pike, first; Mrs. D. A. Brazel and Mrs. Joe Hayden, second; Mrs. R. H. Weaver and Mrs. James Duncan, third; and Mrs. C. A. Jones and Mrs. D. S. Bethune, fourth.

Players were reminded that Saturday's Master Point games will begin at 1 p.m. at the club.

Pounds Lost Told By TOPS Rebels

Fourteen members attended the Tuesday evening meeting of the TOPS Pound Rebels held in the Flame Room of the Pioneer Natural Gas Company. A total weight loss of 13½ pounds was reported.

Mrs. William Harp led members in the TOPS pledge, and plans were discussed for the state convention to be held in Dallas April 23-25. Mrs. Walter Goodwin will have a part in the program. Others planning to attend are Mrs. Alma George, Mrs. J. H. Falton and Mrs. Alton Scott.

The next meeting will be April 27 in the Community Room of the First Federal Savings and Loan Association building.

Jan Shrum, Mark Cockrell To Marry

LAMESA (SC) — Mr. and Mrs. Lee Shrum announce the engagement and approaching marriage of their daughter Jan, to Mark Cockrell, son of Mrs. Gene Dumas of Freeport. The couple will marry June 5 in the First Assembly of God Church in Lamesa.

Wives' Club Celebrates Birthday

Mrs. James E. McCleur's birthday was honored by members of the Servicemen's Wives Club when they met Wednesday evening in the John H. Lees Service Club.

The evening was spent playing children's games of darts, cards, and words. White elephant prizes were awarded to Mrs. R. E. Gonzales, Mrs. Richard Davis, Mrs. Robert Brown and Mrs. McCleur. Mrs. McCleur was also awarded the attendance prize.

Mrs. Gonzales served refreshments to ten members.

Members discussed the film on cancer which they had seen Wednesday afternoon in the Webb Air Force Base theater.

The next meeting will be May 5 in the service club.

Scavenger Hunt Set

A scavenger hunt, to be held Friday evening, was announced by the National Association of Letter Carriers' Auxiliary No. 1975 when it met in the Community Room of the First Federal Savings and Loan Association Building Tuesday evening. Mrs. Willard Hendrick will be hostess for members and their husbands who are invited to the hunt.

Mrs. Wendall Payte was hostess, and was awarded the white elephant gift.

Mrs. A. W. Moody was in charge of the business session and distributed order books for selling products for the fund-raising campaign.

Members brought pitcher pads and old hosiery to be given to the Veterans Administration Hospital for use on water trays and in physical therapy.

Mrs. Payte worded the closing prayer.

Take Examination For Jewel Pin

Mrs. Robin Howell, 3711 Conally, was hostess Monday evening to members of Mu Kappa Chapter of Beta Sigma Phi who were eligible to receive the jewel pin. The women took the written and oral examination for their second degree. Those to receive the pin are Mrs. Alan Alexander, Mrs. W. T. Rutledge, Mrs. Clois Snell, Mrs. E. O. Westback and Mrs. John M. Wilson Jr. Refreshments were served by the hostess.

Honors Newcomers

Mrs. Roy D. Smith, president of the Newcomers Club, works with committee chairmen to plan the Sunday afternoon tea to welcome women who are new residents here. Seated are Mrs. Luke Fortenberry, Mrs. W. Earl Ezzell and Mrs. W. J. Wilkinson. Invitations will not be mailed but all newcomers are invited to attend the affair in the Gold Room at Big Spring Country Club. Calling hours are from 3 to 5 p.m.

Oasis Group Shown Design

Different types of table decorations and settings were featured at the Tuesday morning meeting of the Oasis Garden Club. The salad luncheon event was held in the home of Mrs. Carl B. South, 1733 Yale, with Mrs. J. D. Leonard as cohostess.

An oriental coffee table setting, by Mrs. J. R. Hamilton and Mrs. H. McClure, displayed dolls from Thailand, black ebony elephants, and appointments in teakwood and crystal.

Pottery in pink and turquoise, woven place mats and fresh garden flowers carried out the Colonial breakfast table theme by Mrs. James Hughes, Mrs. Jerry Don Hughes and Mrs. C. B. Wash.

Mrs. Toby Cook and Mrs. J. D. Leonard showed an informal luncheon table for a bride, set with yellow and white pottery on a brown linen cloth. Miniature yellow flowers accented the centerpiece. A formal buffet table, featuring an elaborate silver candelabrum and bouquets of purple heather, was displayed by Mrs. W. R. Douglass and Mrs. Joe B. Johnson. Appointments were in silver, white and purple. A white and gold china tea

service, belonging to Mrs. Paul Kionka, highlighted the coffee table setting. This service was made in Scotland over 100 years ago for Mrs. Kionka's great-grandmother. Spring flowers in yellow and lavender enhanced the design. Mrs. Richard Shaver assisted in making this arrangement.

Twenty-two members attended and exchanged gift plants. Plans were announced for the annual picnic for students of the Special Education School May 20, in Birdwell Park.

Further plans were made for the club flower show May 12 in the fellowship hall of the First Presbyterian Church from 1:30 to 3:30 p.m.

Counties Play A Tax Game?

AUSTIN (AP)—Former Bexar County Commissioner Sam Jorrie says all Texas counties play a game with the state ad valorem tax, using the same rules—keep as much money as you can.

"Who can send the least money to Austin—that's the game played by county tax assessors—collectors," he told the House Constitutional Amendments Committee.

Jorrie was one of three San Antonio witnesses supporting a proposal by Rep. Glenn Kothmann of San Antonio to phase out the ad valorem tax over a seven-year period.

AMOUNT VARIES

Using large charts, Jorrie showed the committee that the state ad valorem tax on a \$34,000 home varies from \$34.50 in Tyler to 10 cents in Pampa, both far below the \$132 the state should receive.

He said in 1961 the state got only 3 per cent of the ad valorem tax it should have collected.

"What to do?" he asked, and answered:

"1. Get the state out of the property tax. 2. Give it to the local governments."

BACK MEASURE

Walter Goodwin and Steve

Spaugh, both of San Antonio and representing the 700-member Taxpayers League, also backed the measure. It was sent to a subcommittee.

None of the witnesses offered any solution to the problem of raising \$40 million a year, the estimated loss by the state if the ad valorem tax is abolished. Committee members asked each witness for a recommendation.

"If you want this tax abolished, come up with some suggestions and let's get you boys on record, and we'll all go down together," said the chairman, Rep. John Allen of Longview.

Women Inmates Will Get Color

JACKSON, Tenn. (AP)—"Brighter days" are ahead for women inmates of the jail.

Mayor George Smith has ordered bars and walls in the women's section painted a "bright, pleasant orchid" color. The walls have been what Smith termed a "cold, hard gray."

Delayed-Blast Bombs Bared

SANDIA BASE, Albuquerque, N.M. (AP)—The United States has developed nuclear bombs which will, when dropped by low-flying planes, survive impact and explode by delayed fuse.

The time lapse allows the planes time to escape the blast area.

These so-called "day-down" weapons, designed for hit-and-run attacks, are girded in armor tough enough to smash against rock or concrete without damaging the nuclear explosive.

Testing the hide of these new weapons is an assignment being

Carried Out at Heavily Guarded Laboratories and Areas in the Foothills of the Rolling Sandia Mountains. The Site is a Key Atomic Support Base of the Atomic Energy Commission and the Armed Forces.

Gains Made On Peace Meeting

KUALA LUMPUR, Malaysia (AP)—Japanese diplomats are making headway in their efforts to arrange a peace meeting between Malaysian Prime Minister Abdul Rahman and Indonesian President Sukarno.

Informed sources said Rahman is still pressing for a halt to Indonesian guerrilla activity as a precondition.

Sukarno is said to want Philippine President Diosdado Macapagal to attend.

Springtime Gets Blame In Killings

NEW YORK (AP)—A prominent social scientist offered a possible explanation today for the outbreak of recent family slayings: Something snaps inside frustrated people in the spring.

"Spring always is a bad time for these things," Dr. Alfred McClung Lee said in an interview.

"All life is reawakening in the spring, the roads are open and these people can't use them," he said. "Life is frustrating. It is a time of inadequacy for them."

"They have to lash out at someone and often they do it against those to whom they are most devoted."

Lee, 58, a professor of sociology and anthropology at Brooklyn College and author of many sociology textbooks, quoted a line from Thoreau on the subject: "Most men lead lives of quiet desperation."

But the sociologist stressed that his theory is only a general one and not meant to provide any answer for the slayings of entire families in recent days.

Heat Wave Due To Stay

By The Associated Press

Brow mopping weather hung on in Texas today.

An April heat wave cooked up the year's warmest temperatures Wednesday and no letup was in sight. Readings ranged up to an unofficial 106 degrees at Slator, southeast of Lubbock.

Top official marks included Wink 100, Lubbock, Midland and San Angelo 98, Childress 97, Abilene and Presidio 94, El Paso 93, Alpine and Laredo 92, Mineral Wells and Wichita

Falls 91, and Amarillo and Junction 90.

Clouds steered clear of all sections over the state today. Partly cloudy skies were expected for Friday and forecasts called for a few showers in the north part of the Texas Panhandle.

Senate Confirms LBJ Nomination

WASHINGTON (AP)—The Senate has confirmed President Johnson's nomination of Palmer Hoyt, editor and publisher of The Denver Post, as a member of the U.S. Advisory Commission on Information.

Confirmation came Wednesday on a voice vote.

DEAR ABBY

A Change Of Plans

DEAR ABBY: My fiance and I were engaged last summer with plans to be married on June 6th. His mother passed away very suddenly two weeks ago and now we are wondering if we should go through with our original plans for the wedding. We planned to have it in our church with a large reception and wedding dance afterwards. His two sisters were going to be my bridesmaids, but now they don't think they should. His side of the family had relatives come in from both coasts for the funeral and now some of them say they can't come back again in June for our wedding. I am so upset. What do you think we ought to do? His father thinks if we want a big wedding with a lot of merrymaking, we should put it off a year. Or else have a very quiet ceremony in June as scheduled. What is proper?

PLANS DASHED

DEAR PLANS: Under the circumstances, there should be a minimum of merrymaking, if you marry, as scheduled in June. Let your clergyman help you revise your plans. He will know what is "proper."

DEAR ABBY: Can a single girl wreck a home, if it is not really a "home" in the true sense of the world, but merely a "peaceful co-existence?"

LIZETTE

DEAR LIZETTE: Let's not quibble about the choice of words. A single girl CAN wreck a "peaceful co-existence" — which amounts to the same thing.

DEAR ABBY: We have a five-year-old retarded son who is living at a school for the retarded. We tried very hard to make him happy with us, yet keep him from completely dominating our home, but it was impossible since he was hyperactive. I came close to a nervous breakdown, as I have four normal children besides him to care for. I saw him for the first time Sunday, after a required three-week waiting period. For the first time in his life he looked "beautiful." The strain of living with a normal family had kept a pinched, unhappy look on his face. The easy atmosphere of living with

River Crest Floods Town

Rising Mississippi floodwaters carved a half-mile swath in Dubuque, Iowa, stayed at a record crest in La Crosse, Wis., and aimed their force at Illinois today.

La Crosse dug in for two more days of record flooding that prompted Gov. Warren P. Knowles to comment, "That's enough to make you cry."

The 17.7-foot crest was 7.7 feet above flood stage and 2.4 feet higher than the record of 1952.

Dubuque, a city of 57,000 at the Iowa-Illinois-Wisconsin junction, fought to stave off waters that were expected to crest at 26 feet Friday or Saturday.

The water covered a seven- or eight-block area of factories, small businesses and some homes. It covered parking meters and forced residents to flee their homes by boat.

LEGAL MATTER

Gov. Harold E. Hughes of Iowa said he was asking legal advice on whether police could evict some 1,000 South Davenport residents who refused to leave their homes despite warnings of rising water.

Hughes estimated flood damage at \$15 million and said the waters have forced from their homes some 3,000 persons.

At Hudson, Wis., just above the St. Croix River's junction with the Mississippi, ice chunks severely damaged a \$600,000 marina. The floes swept 100 docks as far as five miles downstream. Tugboats hauled away docks that jammed against the Interstate 94 bridge. Damage came to \$200,000, a spokesman said.

DISASTER AREAS President Johnson declared as disaster areas the tier of Wisconsin counties that took the Mississippi's worst beating. The state's toll comes to two dead, one missing, some 14,000 persons affected and damage totaling \$18.7 million.

Civil Defense authorities estimated that some 3,000 Illinois residents had left their homes from the northwest tip to the middle of the state's western border. The great danger area, they said, was just north of the Quad Cities—Rock Island, Moline, East Moline, Ill., and Davenport, Iowa.

No flood deaths have occurred in Illinois. Damage estimates would be impossible, Civil Defense authorities said.

Court To Hear Star's Divorce Dismissal Plea

SANTA ANA, Calif. (AP) — Actress June Allyson told a judge that barber Glenn Maxwell hit her, wrote bad checks for gambling debts and abused her in front of her children.

Miss Allyson, 43, divorced Maxwell, 33, Tuesday. A few hours later Maxwell asked for dismissal of Allyson's divorce decree, and the court set Friday morning for a hearing.

SIGNED PAPERS

The actress' attorney, Sydney Williams, told newsmen that Maxwell had signed papers agreeing to a default decree.

The couple married Oct. 12, 1963, and separated last Aug. 3. The actress met Maxwell when he was the barber for her late husband, actor Dick Powell.

Maxwell is scheduled to appear April 27 on a charge of disturbing the peace during a quarrel with Miss Allyson April 11. He is free on \$50 bail. He filed Monday a cross-com-

plaint for divorce, alleging he had suffered mental anguish because of alleged heavy drinking by Miss Allyson. He asked a share of her salary and said it is \$20,000 a month.

PLANS TRIP

Miss Allyson told newsmen she'll stay with Los Angeles area friends for a few days and then "just take a trip somewhere."

Maxwell, a Newport Beach barber, has been living at the couple's home there. He said he has been suffering from tuberculosis.

Miss Allyson's two children by Powell, Pamela, 16, and Richard 13, are at the home of friends. Powell died of cancer Jan. 2, 1963.

Nuclear Expert Heads TCU Unit

FORT WORTH (AP)—A nuclear physics expert has been named president of the TCU Research Foundation and dean of the university's graduate school. Dr. Leigh Secrest, 37, formerly chief scientist at General Dynamics' Fort Worth plant, will assume the dual position July 1.

Not Surprised At Informers, Klan Declares

ATLANTA, Ga. (AP) — Top Ku Klux Klansmen say they are not surprised by FBI claims the hooded orders have been infiltrated but they say government agents should spend more time seeking Communists.

Calvin Craig, Georgia grand dragon of the United Klans of America, Knights of the Ku Klux Klan, said the case of Gary Thomas Rowe Jr. of Birmingham was nothing new.

WAS "TIPSTER"

Rowe was reported to be the tipster who provided the FBI with information which resulted in prompt arrests in the slaying of Viola Liuzzo, the Detroit mother of five killed March 25 after the civil rights march from Selma to Montgomery.

Both federal and Alabama authorities have declined comment on the Rowe report.

BLAMES INFORMERS

"Actually," said Craig, "we feel that some of the crimes charged to the KKK have been done by FBI informers to create

a state of hatred against the organization when true klansmen were not involved."

He suggested the House Un-American Activities Committee investigate what he called the "Communist element involved in the Selma-to-Montgomery march rather than starting a probe of the KKK."

Youths Drown

ABILENE, Tex. (AP)—Johnny Chapman, 20, tried in vain to save Tommy Dodson, 13, Wednesday as they swam in Ft. Phantom Hill Lake. Both drowned.

Planes Get Fog Relief

PORTLAND, Ore. (AP) — A commercial airline says there is a way to get through the winter fogs which tie up many airports.

For this you need a small plane with a hole in it and some ground-up dry ice.

When fog stops the airliners, up goes the small plane. Once over the airport, the pilot begins showing the dry-ice pellets through a hole in the side or bottom of the plane.

United Air Lines says that more than 80 per cent of the time a corridor opens in the fog, big enough to allow liners to land and take off. Sometimes the corridor lasts all day.

It took nearly 20 years to convince United Air Lines officials.

Last winter United tried it 74 times at 6 airports and it worked 60 times. Some 5,300 passengers got through, including 2,000 on rival lines.

The procedure has been used at Medford, Ore., for 15 years. United has used it successful-

degrees. This is called super-cooled fog.

This is what they believe happens:

When dry ice pellets are released, they begin to turn to gas. This takes heat from the air. In this intense cooling, moisture begins to collect into ice particles and to descend. They pick up other particles and eventually turn into a light snow. No fog remains.

A General Electric scientist in Massachusetts discovered the effect in a glass chamber in 1946.

Rep. Carpenter Still Improving

Condition of Rep. J. Ed Carpenter, who is suffering from a recent heart attack, is continuing to improve. Mrs. James Barr, his daughter, advised from Austin that Rep. Carpenter continues to rest well and that both his pulse and blood pressure are normal.

After suffering the attack while at his desk in the House of Representatives on April 12, Rep. Carpenter rallied, then during the weekend had a setback. His condition gave cause for serious concern during the weekend, but now physicians feel he may be over the hump. He is at Seton Hospital.

Celebrity Bigamy Trial Set July 6

ROME (AP) — Actress Sophia Loren and movie producer Carlo Ponti were ordered today to stand trial in a Rome court July 6 on bigamy charges.

They were originally charged in June 1962, but no trial date was set pending the outcome of other legal action on their tangled marriage case.

WITH COMPLICITY

Ponti, who was married previously, was charged with bigamy.

The producer and Miss Loren could receive prison terms of up to five years if convicted.

Action on the criminal charges was held up while a civil court decided the status of their Mexican proxy marriage in 1957.

DECLARED VOID

In February the Italian Civil Court, accepting the stand of the state prosecutor and rejecting the Ponti-Loren arguments, ruled that the Mexican proxy marriage was null because Ponti already was married at the time.

Ponti obtained French citizenship early this year, reportedly in hopes of straightening out the marriage situation. Divorce is not possible in Italy, but is in France. Miss Loren recently said her greatest desire was to straighten out the marital situation and then have children.

Texas Lawyer In U.S. Post

WASHINGTON (AP) — Another old Texas friend of President Johnson, lawyer Jake Jacobsen of Austin, has joined the White House staff.

Press Secretary George Reedy said Wednesday that Jacobsen, 46, will serve as legislative counsel. He will work with Lawrence O'Brien, special assistant for congressional relations, and special counsel Lee White.

Jacobsen returned to Washington with Johnson Monday. The President had been saying for weeks that he wanted Jacobsen on his staff.

Reedy said Jacobsen will receive about \$25,000 a year. Most White House aides draw \$28,500, O'Brien makes \$30,000.

A native of New Jersey, Jacobsen has lived in Texas since his graduation from the University of Texas law school.

He is a former secretary of the Texas Democratic executive committee and was administrative assistant to Price Daniel while Daniel was U.S. senator

Queen's Birthday Party Hilarious

LONDON (AP) — Queen Elizabeth's birthday party turned into a hilarious vaudeville act Wednesday night before a widely cheering audience in a London theater.

The queen obviously loved every minute of it.

Wednesday was the queen's 39th birthday, and Prince Philip took her and a small party to see Irish comedian Spike Milligan in a play based on the Australian novel 'Obolomov.'

ROYAL GUESTS

Among the royal guests were actor Peter Sellers and his Swedish wife, Britt Ekland. Milligan and Sellers are old buddies and soon turned the play into a double act, with Milligan gagging from the stage and Sellers from the royalty row in the stalls.

Milligan stopped the show just after the opening curtain as an embarrassed foursome arrived late and took seats just in front of the queen.

"Turn up the house lights,"

cried Spike. "Start everything again."

"That's cost you your knight-hood," he told the blushing late-comers.

CALLS SELLERS

Then he cried: "Is there a Sellers in the house?"

Sellers, sitting between Prince Charles and Princess Margaret, yelled, "Yes."

"Why," demanded Milligan, "Does Prince Philip wear red, white and blue braces (suspenders)?"

Sellers quickly swung into the old vaudeville routine with "I don't know. Why does Prince Philip wear red, white and blue braces?"

The classic reply to that ancient chestnut is "to keep his pants up," but whatever Milligan said was lost in the audience's laughter.

In the final scene Milligan, playing a Russian landowner who had taken to his bed rather than face the world, was joined between the sheets by his pretty housekeeper. The star waved a warning finger toward 16-year-old Prince Charles and shouted: "Philip, get that lad out of here."

KICKS SLIPPER

Milligan also threw in an imitation of Queen Victoria, kicked a slipper into the audience, narrowly missing Prince Philip's head, and appeared for his final curtain call with a sword with which he invited the queen to knight him.

Her majesty declined, and instead Milligan and others in the cast were invited back to the birthday supper at Princess Margaret's home in Kensington Palace.

Oil Import Slash Urged

WASHINGTON (AP) — Sen. Russell Long, D-La., called today for a reduction of oil imports and military purchases of foreign oil as one way of helping the balance of payments deficit.

Such a step, he said, also would help correct "a worsening economic climate" in the domestic oil industry.

In a Senate speech, Long urged the administration to cut oil imports by 250,000 barrels daily. The present average is 2,200,000 barrels.

OTHER PLAN

He also asked that the government divert to domestic sources half of the 200,000 barrels daily of light petroleum products now purchased abroad by the U. S. armed services.

Three steps Long said, would reduce the balance of payments deficit by \$75 million without retarding the growth of foreign oil production or the inflow of funds to the United States from foreign oil operations.

Long said a \$75,000-barrel increase in the domestic oil market would be reflected in production in his state and would give Louisiana \$6 million yearly in additional oil severance taxes and another \$2 million in royalties.

WOULD BENEFIT

Other oil states, he said, would benefit similarly.

He described a recent \$27 million cut in foreign military oil purchases as "only token action" and said: "I am hopeful the department will continue to examine this problem and make real and meaningful adjustments before the next fiscal year."

Long said a cut in the oil import level by 250,000 barrels daily would reduce the cost of oil imports by \$250 million yearly and this would be reflected correspondingly in the balance of payments deficit.

Carr Speaker At Monument

SAN JACINTO MONUMENT (AP) — Atty. Gen. Waggoner Carr says problems of the space age demand courage and energy equal to the pioneer Texans who won their freedom at San Jacinto.

He paid tribute Wednesday to the bravery and determination of the men who defeated Santa Anna's Mexican army April 21, 1836. Carr spoke at the base of the towering San Jacinto Monument, erected where the battle was fought.

Under Gen. Sam Houston, 700 to 800 Texans attacked the forces of Gen. Antonio Lopez de Santa Anna as his 1,600 men took an afternoon siesta. Nine Texans were killed. Mexican casualties totaled 630 and 730 were taken prisoner.

Carr said one of the main purposes of marking San Jacinto Day is "to renew in our hearts and minds the principles and ideals of freedom for which they (Texas soldiers) fought."

About 1,000 persons attended the annual ceremonies at the San Jacinto Battlefield State Park 25 miles east of Houston.

Blowing Dust Held No Cause For Alarm Yet

FORT WORTH (AP) — The Southwest and some states to the east had choking, damaging dust storms during two periods last year, one sending an irritating cloud as far as Pennsylvania. But experts say there is no need for alarm yet.

"One of the worst dust storms in 10 years," said a soil conservation official.

"But," said H. N. Smith, head of the Texas Soil Conservation Service, "it hasn't been as bad as the dust bowl days of the 1930s." Nor is it likely to be. Smith said the situation is "bad but not catastrophic."

LACK OF RAIN

Lack of rain left land in sandy states in a condition to blow. One good, general rain could carry the land through May. Powerful spring winds subside then.

The situation is this:

Kansas: More than 475,000 acres damaged by wind erosion and more damage could occur.

New Mexico: Eastern area moisture well below average, but only one day of damaging winds so far.

Oklahoma: Half the wheat crop destroyed in one western county and some damage elsewhere. Farmers hope spring rains will halt further erosion.

THIRST EASED

Colorado: Snows and the absence of violent winds have greatly eased the soil erosion threat.

Texas: Up to 1,864,880 acres, largely crop land, damaged this year, compared with 137,670 a year ago. Rains badly needed in exposed areas.

The sand and dust storms in January and February revived fears of "dust bowl" conditions of the 1930s when five counties and parts of 11 others in five states turned into virtual sandy deserts.

Smith called the Jan. 25 sand storm in the South Plains severe.

"The Big Spring Conservation Research Center said the storm had an intensity of 10 to 15 tons per acre of soil lost. The normal allowable rate is five tons per acre per year."

He said extensive damage was done to county roads, rural houses, cars and wheat.

"Severe dust storms also occurred Feb. 22, 23 and 28 in the Texas Panhandle and winds reached a velocity of 75 miles per hour. Plowed but unplanted land, thousands of acres of growing wheat, automobiles and roads were damaged in Dallam, Hartley, Moore and Sherman counties," he said.

"This late winter blizzard swept dust and snow high into the air. The dust was so thick it discolored the snow to a light pink."

SOIL DAMAGE

The Feb. 22-23 storms damaged soils and late planted wheat in Sherman, Hansford, Ochiltree, Lipscomb, Wheeler, Collingsworth, Donley, Gray and Hemphill counties.

A spokesman in the regional SCS office in Fort Worth said a less severe storm struck the Lubbock area last month.

"Dust was thick enough that headlights had to be turned on on main highways, and visibility was very poor," he reported.

Will the blowing dust continue all spring?

"That depends on the wind velocities," Smith said. "If we have normal wind velocities we will have blowing dust. If we have 24 to 30-mile an hour and above winds, we will have severe blowing."

"These conditions will prevail until the middle of May."

He said three million acres are "in condition to blow." Smith said the most serious sections in Texas are the areas of Lubbock-Muleshoe, Spur-Guthrie, Midland-Odessa and north and west of Pecos.

Soil blows, he said, "because of the lack of something to break the velocity of winds, the lack of organic matter in the soil, the lack of growing crops or crop residues and vegetation on the surface, and because of sandy soil."

What is being done to prevent blowing soil?

"Farmers and ranchers are cooperating with soil conservation districts, assisted by the SCS," Smith said.

"They are putting the most corrodible soil back to grass. They are trying to provide as much vegetated cover as possible on the soil through growing crops or last year's stubble or residue, by leaving grain sorghums cut high and by emergency tillage."

Demos' Copter Use Cost Was \$2,019

WASHINGTON (AP) — The Democratic National Committee paid \$2,019.38 for the use of military helicopters by President Johnson during the 1964 presidential campaign.

The Defense Department said this today on response to an inquiry.

Steelmakers Bracing For Strike May 1

PITTSBURGH (AP) — Governing bodies of the United Steelworkers Union meet today under darkening strike clouds.

The wage policy committee was expected to sanction a May 1 strike against the basic steel industry. A walkout would idle 425,000 workers.

A meeting of the union's executive board was scheduled earlier.

REJECT OFFERS

Negotiators for both sides said Wednesday that after weeks of bargaining they have gotten nowhere in attempts to write a new national steel pact. They rejected each other's proposals.

Steelmakers are bracing for a strike. Preliminary shutdown instructions have gone out to mill superintendents.

Negotiators are separated by a 13-cent an hour gap. The 11 major producers offered five cents. The union demanded 18 cents.

The hard-and-fast positions have plunged steel labor relations to the lowest point since 1959's epic 116-day strike. The intervening years were peaceful, if not cordial.

CRIPPLE ECONOMY

A shutdown of the nation's vital steelmaking facilities could cripple the booming economy — either in fact or psychologically.

In the past, especially in strike years, the union used the wage policy committee's "strike" mandates as weapons in continuing negotiations. For that reason, a "strike" vote doesn't necessarily mean there will be a strike. The union's idea is to show the companies it isn't kidding.

Steelmakers say that all they would get for an 18-cent an hour boost would be assurance—that the union would not strike for 3½ months.

FOCAL POINT

A focal point of the argument is the government's 3.2 per cent productivity figure. The government surveyed all U.S. industry and concluded, generally speaking, that annual 3.2 per cent wage hikes would not be inflationary.

Tuna Industry Solving Woes

LOS ANGELES (AP) — The American tuna industry is solving most of the problems that have plagued it in recent years. Since World War II, it has had to face the competition of an ever-burgeoning Japanese industry.

For the last decade three Latin-American countries — Peru, Ecuador and Chile — have tried to restrict it, by extending their territorial limits 200 miles out to sea — over the world's richest tuna fishing grounds.

DEATH SCARE
 And two years ago, the deaths of two Detroit women after eating a can of tainted tuna sent a fright through the canning industry.

The industry has reinstated the tuna with a \$10-million promotion program. Diplomacy overcame the 200-mile gambit. And this year, due to a curious mixture of economic factors, Japan is losing its grip in the American tuna market.

A steady element in every crisis has been the well-developed American taste for tuna. Last year consumer demand approached an unprecedented one billion cans and sales so far this year indicate it may go ever higher.

The Japanese have always been at a disadvantage in the American supermarket because a 45 per cent tariff on vegetable oil forces him to pack his product in brine.

Most Americans don't like saltwater tuna, so the Japanese turned to Western Europe where the oil tariff doesn't exist.

Suddenly tuna is a popular dish in Italy. Ten years ago Italians didn't import 10,000 tons. This year they will purchase over 50,000. Even in Japan, the consumer has evolved a taste for the fish in something other than its raw, dry state — as a smoked, highly spiced sausage — not yet available in America.

So where the Japanese accounted for 28 per cent of the tuna being processed in American canneries in the first quarter of 1964, in the same period this year, they will account for only 19 per cent.

"SHORT CHANGED"
 The individual U.S. fisherman, however, feels he has been short changed. He works aboard one of 143

vessels, most of them California based. In the winter his catch will be dropped along the West Coast at San Pedro or San Diego, Calif., or Astoria, Ore. In the summer months he may feed canneries in Maryland, Massachusetts or Maine.

But as long as foreign competition exists, he is forced to price the catch at world levels. In the early 1950s a ton of premium tuna drew \$340; today it sells for \$270.

"That's too low," says one San Pedro fisherman. "Meanwhile my cost of living has risen and I'm working just as hard."

Widow Learns Of Viet Death

DALLAS (AP) — Mrs. Robert Walker of Dallas was visiting her former home near Mineola in East Texas when she learned that her husband, a helicopter pilot, had been killed in Viet Nam.

Until she could get back to Dallas, the word was kept from her six children—triplets Eddie, Michael and Gregory, 3; Marion, 7, Rhonda, 9, and Karen, 11.

She said recently letters from Capt. Walker, a 10-year Army veteran, contained no hint of discouragement or any premonition.

The Defense Department informed her he was killed April 19. Mrs. Walker heard a newscast before she got the message.

Dallas Children Burn To Death

DALLAS (AP) — Timothy Rath, 4, and his sister Susan, 2, burned to death Wednesday night as fire destroyed their parents' frame home in Oak Cliff.

The parents are Mr. and Mrs. Douglas Rath. Firemen said the children were alone in the five-room house. They had been left with an older brother and he had gone to a grocery store.

Nation's Weather Not Changed Much Today

By The Associated Press
 The nation's weather pattern showed only minor changes today, with rain again in scattered areas in the Northeast, Midwest and Far West.

Cool weather also was reported in some of the wet spots in northern New England and northern Midwest cities, with temperatures near or below freezing.

Rain or showers dampened the Dakotas and along coastal areas of Washington and Oregon. In the wet belt in the Northeast, gusty winds buffeted Mt. Washington, N.H., ranging up to 60 m.p.h.

The mercury soared to above 100 degrees Wednesday in Southern Texas and Southern California, with record high temperatures for April 21 reported in sections of the Plains. Top marks were 104 at Presidio, Tex., and 103 at Blythe, Calif. Record marks for the date included 98 at Lubbock, Tex., 93 at El Paso, Tex., 89 at St. Louis,

88 at Columbia, Mo., and 87 at Kansas City, Mo. Early morning temperatures ranged from 27 at Traverse City, Mich. to 83 at Blythe.

Johnson Names Canal Emissary

WASHINGTON (AP) — President Johnson is naming a special ambassador to handle negotiations on a possible new canal linking the Atlantic and Pacific oceans.

He is John N. Irwin II, 51, a native of Keokuk, Iowa, who lives in New York. Irwin is a former assistant secretary of defense for international security affairs.
