Paratrooper Unit Arrives In Viet Nam

SAIGON, South Viet Nam (AP) — The advance unit for 3,500 American paratroopers arrived in Saigon today. The balance of the three airborne battalions was expected within a few days.

The paratroopers are the first U.S. Army combat ground unit assigned to Viet Nam. U.S. and Vietnamese officials said they would "increase security at key installations and press the war more effectively."

SIXTY MEN Sixty men were in the advance unit. U.S. officials declined on security grounds to say when the main force would arrive. But they said they would be stationed at Bien Hoa, a big air base 12 miles northeast of Saigon, and at Vung Tay, a coastal city 40 miles southeast of Saigon.

The new arrivals comprise most of the 173rd Airborne Brigade stationed on Okinawa. U.S. officials said the airborne contingent would bring

Reapportionment Measure Set Before Panel

AUSTIN (AP) — A congressional reapportionment bill, with districts varying not more than 6 per cent from equal population, was ready today for House committee action.

The House Redistricting Committee scheduled an afternoon meeting to decide whether to send the measure out for debate.

Rep. Gus Mutscher, chairman, said 80 per cent of the 23 districts vary from equal population by not more than 4 per cent, with 6 per cent the biggest deviation.

Districts of equal size would have 416,508 people. The Supreme Court has decreed that congressional seats be apportioned on an equal population basis—the "one-man one-vote" principle—and a federal court in Houston gave Texas until Aug. 2 to do the job.

The plan gives Houston three congressmen to itself, Fort Worth one, Dallas two and San Antonio one. Dallas, Fort Worth and San Antonio surpluses each would go into two other adjacent districts.

General Tells Korea Reds U.S. Flights Will Continue

PANMUNJOM, Korea (AP) — Maj. Gen. William P. Yarborough told North Korea today that the United States will continue its patrol flights over the Japan Sea and will take appropriate measures to protect its aircraft.

Yarborough, senior U.S. member of the Joint Military Armistice Commission, made the statement at a commission meeting which discussed an attack Wednesday by two North Korean MIGs on a U.S. RB47 reconnaissance plane.

The American said "Russian and North Korean aircraft are also engaged in similar flights near Japan and South Korea but they have never been attacked by our side."

North Korean Maj. Gen. Park Chung Kook charged that the American plane had violated North Korean air space and said it had been shot down.

Yarborough said the plane had never been closer than 50 miles to Communist territory and called the attack "vicious and unwarranted." He ridiculed the Communist claim that it had been shot down.

The Defense Department said in Washington that the plane was damaged but landed safely in Japan.

Cambodia Said Breaking Ties With America

PARIS (AP) — The French Radio said today in a broadcast from a correspondent in Phnom Penh that Cambodia has broken off diplomatic relations with the United States.

The correspondent said no official reasons were given. He speculated, however, that they include a series of frontier incidents along the South Vietnamese border which Cambodia blames largely on the United States.

The French correspondent said he understands that despite the diplomatic break consular relations would be maintained.

U.S. Wheat Clogging Up India Ports

NEW DELHI, India (AP) — The United States is shipping aid wheat to India faster than it can be passed out to hungry people whose lives depend upon it.

A massive wheat clog is developing in India's old-fashioned ports and the nation's bureaucracy is unable to line up enough trains or trucks to get the grain to villages in the interior.

U.S. experts who surveyed India's distribution system were appalled by what they found.

India's seven leading ports, they reported, can handle 650,000 tons of grain per month under normal conditions. In an emergency, they can unload 780,000 tons.

Yet, 1,119,000 tons arrived in April and the same amount is expected in May.

Normally, the United States ships 600,000 tons a month but even this has strained port facilities.

IN INDIA The April-May crush resulted from a huge number of ships freed from American coast ports when the U.S. longshoremen's strike ended in March.

But the American experts say the major reason for the clog lies in India.

They found, for example, that a 22,000-ton ship is the largest that can berth in Bombay. Calcutta cannot take anything with a deeper draft than 22 feet.

Tankers of 100,000 tons are drastically cutting shipping costs and unloading times in major ports of other countries.

No giant tankers can be used in India unless smaller ships unload grain outside the ports.

Under study is a proposal to take four 10,000-ton Liberty ships out of America's mothball fleet and station them outside Bombay harbor to unload the big fellows.

Shipowners put a surcharge on cargo destined for India because their ships will be idle in port for days or weeks before unloading.

American experts feel initiative could solve the port problem.

"First," an American said bitterly, "we have to get port officials out of the tea rooms. The men on the docks will work if they're told what to do."

OUT OF STYLE Better scheduling, so that 15 ships don't arrive in the same port the same day, would help.

The Americans also complain about unloading procedures that went out of style elsewhere 75 years ago.

In one port they found wheat being bagged on shipboard, lowered over the side, carried on the heads of coolies to a distant train, and then unbagged and put inside.

In another port the Americans were surprised to find 16 three-ton mechanical unloaders on a wheat ship.

HELOISE BOOKLETS

Demand has been very strong for the handy paperback booklet, "Heloise's Housekeeping Hints," which is selling at The Herald office for only 50¢ plus 1¢ tax. This is the same book that sold 350,000 copies as a hardcover at \$3.95.

Some copies remain Housewives — and everyone of them will find this volume of invaluable aid — will want to get one. They will make fine small remembrances. Get your copy of "Heloise's Household Hints" at The Herald today. If mailing is required, add 10¢ to the 51¢ price.

Latin Support Urged In Dominican Action

Arrives For Dominican Session U.S. Secretary General U Thant arrives at Kennedy International Airport in New York Sunday night after cutting short a European tour because of the crisis in the Dominican Republic. The Soviet Union called a meeting of the U.N. Security Council after the United States sent troops to the revolt-torn island country. (AP WIREPHOTO)

El Salvador Shaken By Severe Earthquake

WASHINGTON (AP) — The Central American nation of El Salvador was shaken by a severe earthquake early today and one report to Washington spoke of fatalities among villagers living near San Salvador, the capital.

There were no known injuries to U.S. citizens.

An amateur radio operator in San Salvador said the quake "caused a few deaths, possibly three or four, according to reports."

The operator identified himself as Ken Morris.

"As quakes go, I would say it was not too severe," Morris reported in a transmission heard by a ham operator, Charlie Schiffer in Miami, Fla.

WALLS CAVE IN "From reports, the damage was not too extensive, but we won't know definitely for a number of days. Quite a few walls caved in, but this was only in the older houses in the poorer districts."

The U.S. Embassy in San Salvador advised the State Department that the earthquake described as severe, struck about 4:05 a.m. CST.

The embassy said the shock had an intensity of 7.7 on the Richter scale.

Some buildings in the capital were described in the initial report as having suffered minor damage.

VILLAGES HIT The State Department was informed that the suburban villages of Santo Tomas and San Marcos had been hit by the shock.

The embassy report did not speak of fatalities.

The tremors are continuing, the report said.

Earlier today, Pan American Airways in Miami received a report from the pilot of an Aviateca Guatemalan Airlines plane.

The pilot said he overflew the runway had been torn up by an earthquake.

The pilot said the airport building appeared to be badly damaged, PAA said. He continued on and landed at Guatemala where attempts to make contact with El Salvador proved fruitless.

Youthful Revelers Driven From Galveston Beaches

GALVESTON, Tex. (AP) — Thousands of youths reveling in an unofficial splash day in this island city were driven from two beaches Sunday by officers armed with clubs, shotguns, rifles and tear gas.

Lawmen from the Galveston police, the sheriff's office and the Texas Rangers cleared the East and Stewart Beach areas.

The young crowd, which included many college students, hooted at officers as they left in their cars.

One youth yelled to Barnes, "I guess you know this will end splash day."

The officer replied: "That's fine. You might as well get in your car and go home. We don't want you here."

In years past Galveston had had an official splash day to mark the opening of the beach season. The annual celebration was discontinued after several years in which officers had trouble maintaining order.

THOUSANDS ARRIVE But the thousands observed their own splash day over the weekend. Officers estimated that the crowd on the Beaches Sunday numbered between 5,000 and 30,000.

About 350 charges were filed between Friday midnight and 6 p.m. Sunday, police said. Most of the charges were for minors drinking, drinking during prohibited hours on Sunday, disturbing the peace and littering of beaches.

Independence means more than freedom from British rule or from the rule of any other former colonial power," said Wilson. "It means freedom from aggressive outside interference."

Britain is supporting the new Federation of Malaysia against Indonesia. Wilson pointed out that the British government has more soldiers in Southeast Asia today than any other non-Asian country.

But he said if Malaysia and the Asian members of SEATO told Britain that they no longer needed her help, "nobody would be more pleased than the British government and the British people."

Johnson Presses Diplomatic Drive

WASHINGTON (AP) — With 4,500 U.S. troop reinforcements pouring into the Dominican Republic, President Johnson pressed a diplomatic drive today to win Latin-American support for his newly announced determination to prevent "Communist conspirators" from turning the embattled Caribbean island country into a second Cuba.

"Our goal, in keeping with the great principles of the inter-American system, is to help prevent another Communist state in this hemisphere," the President told the nation Sunday night in a historic policy pronouncement.

"And we would like to do this without bloodshed or without large-scale fighting."

REDS TAKE OVER He declared that Communist leaders, "many of them trained in Cuba," had captured the rebel movement that began "as a popular democratic revolution."

Even as the President spoke, two special envoys were meeting with officials in Latin capitals. Other American representatives here and in Santo Domingo, center of the civil war, were working with the Organization of American States for an end to bloodshed and a Dominican future which would, in Johnson's words, be free of "Communist dictatorship."

Johnson announced in his televised speech that the multiple tasks of protecting lives, distributing food and medical supplies, and assisting U.S. and other refugees to leave the country were more than the 9,500 U.S. Marines and Army men already in the island could handle. He said he had ordered 4,500 more to land at the earliest possible moment raising the total to 14,000.

EVACUATE 3,000 Since the Marines first landed Wednesday night, he said, they have evacuated more than 3,000 persons from 30 countries. Some 5,000 others, including 1,500 U.S. citizens, were waiting to come out, Johnson reported, adding: "We must get on with that job immediately."

No official here would say how long U.S. forces would remain in the Dominican Republic. The United States has told Latin-American leaders it would welcome troops from their countries. Such contingents, internationalizing the force, might mean early withdrawal of some U.S. units.

But the U.S. action in sending Marines into a Latin country for the first time in a generation has drawn sharp criticism elsewhere in this hemisphere. Johnson's special emissaries, roving Ambassador W. Averell Harriman and former Alliance for Progress chief Teodoro Moscoso, faced tough problems on their missions.

RESPONSE TO PLEA Johnson said the Marines initially had been sent into the Dominican Republic late Wednesday in response to an urgent cable from Ambassador W. Tapley Bennett at Santo Domingo calling for immediate landing of U.S. forces to save the lives of thousands of Americans and citizens of other countries.

"I knew there was not time to talk, to consult, or to delay," the President said. "For in this situation delay itself would be decision — the decision to risk and to lose the lives of thousands of Americans and thousands of innocent people from all lands."

The President's declaration that a military buildup was necessary for security on the Caribbean island, came as rebel fighters made a new attack Sunday night on U.S. troops despite the declared cease-fire.

Rebels hurled grenades at American positions and hammered away with fire from automatic weapons. The outburst lasted about an hour.

No new casualties were reported on the American side. It was uncertain whether answering fire by U.S. forces caught any of the rebels.

LISTS CASUALTIES The Defense Department in Washington has reported two Marines and two paratroopers killed, and 21 Marines and 21 paratroopers wounded since American forces began landing last Wednesday.

Addition of the 4,500 fighting men ordered in by the President will bring the total of U.S. Marines and Army men to 14,000.

Rebel groups broke the cease-fire after American units took over the front lines from weary troops loyal to the new military junta.

Dominican Gen. Jesus de los Santos said his forces were pulled back because they were exhausted after a week of skirmishes.

MOVING IN The rebels charged the American troops actually were moving in on them slowly.

A U.S. spokesman said American forces were maintaining a strictly impartial attitude. He said they are safeguarding an international zone of refuge and in that sense they are in the "front line."

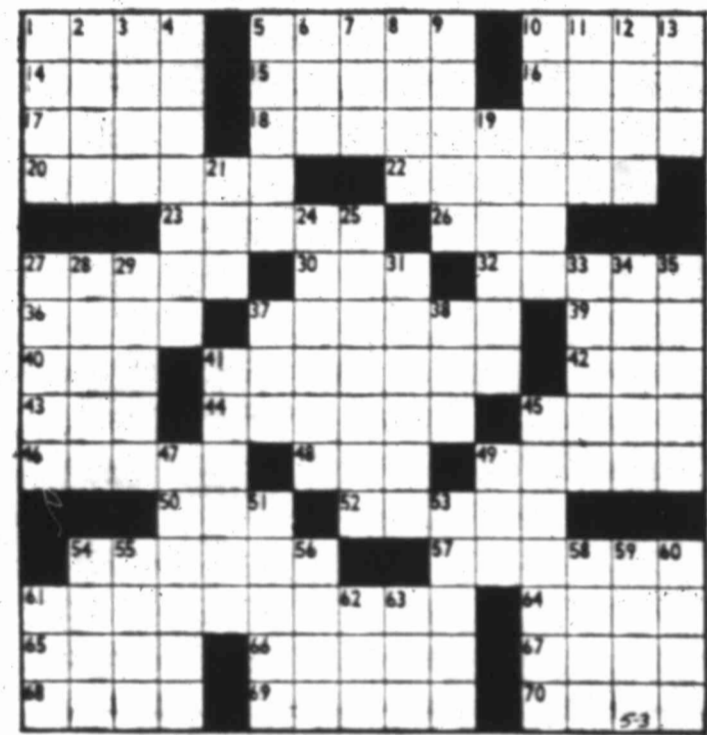

Soldier Killed One of first-U.S. Army victims in Dominican Republic fighting was Gerald S. Kellerman, 24 (above) who was killed by a sniper's bullet Saturday. His parents, Mr. and Mrs. Donald C. Kellerman of Hollywood, Fla., said he was home three weeks ago and they didn't know he had been sent to the Dominican Republic. (AP WIREPHOTO)

Puzzle of Saturday, May 1, Solved

# Violence Claims 32 Lives In Texas During Weekend

By The Associated Press

Violence took the lives of 32 persons in Texas over the weekend, including 18 who died in traffic accidents. Mild weather over the state brought weekend crowds to beaches and fishing spots and five persons drowned. The death toll also includes six who were shot to death and one who was fatally stabbed.

The Associated Press violent death count began at 6 p.m. Friday and ended at midnight Sunday.

James Lewis Owens, 43, Cisco, was killed Sunday night when his car hit an embankment between Mingo and Strawn in Northwest Texas. He was thrown from his car and was crushed when the vehicle rolled over him.

**CRITICALLY INJURED**  
George William Newbury, 67, Fort Worth, was killed in a two-car accident at an intersection near Lake Worth Sunday night. His wife was critically injured and five adults and seven children in the other car were slightly injured.

Four-year-old Michael Peavy was struck and killed by a car in Fort Worth Sunday night. Police quoted witnesses as saying the car which hit the child sped from the scene.

James Dorman Pruitt, 23, of Garland was shot to death early Sunday in an East Dallas apartment. Officers held a 21-year-old woman for questioning.

Shirley Davis, 3, was killed when a truck rolled over her in Odessa Saturday.

Joseph James Wright Jr., 38, of Andrews, died Saturday when his car turned over on a highway near Andrews in West Texas.

Virgil R. Baker, 47, civilian

**TRAGIC OUTING**  
David Williams, 2, of Graham drowned while on a family outing at Lake Graham Saturday.

Shirley Davis, 3, was killed when a truck rolled over her in Odessa Saturday.

Joseph James Wright Jr., 38, of Andrews, died Saturday when his car turned over on a highway near Andrews in West Texas.

Virgil R. Baker, 47, civilian

**PAIR DROWN**  
Gene Sloan, 34, and his daughter, Linda, 8, drowned Sunday in Benbrook Lake, southwest of Fort Worth. Benbrook police said the girl disappeared after stepping into a deep channel and the father drowned trying to save her.

**PAIR DROWN**

Melvin L. Steakley, 37, a Houston newspaper religious editor, was shot to death by a pistol trap rigged to the steering column of his small foreign car early Saturday. The pistol discharged as he stepped into his car.

Mrs. Peggy Bowden, 34, of Fort Worth, shot and killed herself in Fort Worth Friday.

Lt. Col. Oliver P. Premo, Corpus Christi, died when his car turned over near Corpus Christi Saturday.

Leslie Roy Good, 25, died when his car crashed at Mesquite, near Dallas.

J. W. Trim, 48, Conroe, drowned Friday while fishing on Lake Louis west of Conroe.

Ezell Pinkston, 54, of Dallas, was shot and killed Saturday in Dallas. Police arrested a woman.

Aubrey Nell Johnson, 3, and Clifton Harriman Jr., 2, burned to death in a fire in a car at Port Arthur.

George David Bass, 70, Gainesville died in a one-car crash near Colleyville Saturday night.

**TRAGIC OUTING**  
David Williams, 2, of Graham drowned while on a family outing at Lake Graham Saturday.

Shirley Davis, 3, was killed when a truck rolled over her in Odessa Saturday.

Joseph James Wright Jr., 38, of Andrews, died Saturday when his car turned over on a highway near Andrews in West Texas.

# Hawk Missile Due Here For Open House

Probably the most exciting single display at Webb Air Force Base on Armed Forces Day Saturday will be the Army's Hawk Missile.

The HAWK, (Homing All-the-Way Killer), is a Surface-to-Air guided weapon effective at all altitudes from tree-top level to 50,000 feet. Its homing system is claimed to be able to pick out the reflection from a moving target at low altitudes from a mass of signals reflected by ground objects such as hills, buildings and trees.

The HAWK display will be mounted on a launcher, and the crew will show the public everything the missile does short of launching.

Webb's observance will feature an air show and many interesting exhibits and displays. This Power For Peace demonstration will be the largest show of military might ever seen in the West Texas area. The gates of the base will open at 9:30 a.m. and a parade featuring the Lowry Air Force Base Band and honoring a graduating class of Air Force pilots will start the festivities at 10 a.m. There will be hot dog and soft drink stands throughout the display area.

Col. A. F. Tauter, commander, invites and encourages the public to be the guests of Webb Air Force Base on this special day.

# New Way Found To Stop Hair Loss, Grow More Hair

HOUSTON, Texas — If you don't suffer from male pattern baldness, you can now stop your hair loss... and grow more hair. For years "they said it couldn't be done." But now a firm of laboratory consultants has developed a treatment that is not only stopping hair loss... but is really growing hair!

Naturally, they would not offer this no-risk trial unless the treatment worked. However, it is impossible to help everyone. The great majority of cases of excessive hair fall and baldness are the beginning and more fully developed stages of male pattern baldness and cannot be helped.

Webb's observance will feature an air show and many interesting exhibits and displays. This Power For Peace demonstration will be the largest show of military might ever seen in the West Texas area. The gates of the base will open at 9:30 a.m. and a parade featuring the Lowry Air Force Base Band and honoring a graduating class of Air Force pilots will start the festivities at 10 a.m. There will be hot dog and soft drink stands throughout the display area.

Col. A. F. Tauter, commander, invites and encourages the public to be the guests of Webb Air Force Base on this special day.

# Pastor Believes Aroused Fanatic Slew Reporter

HOUSTON (AP) — A close friend of slain newsman Melvin Leon Steakley said Sunday he thought the killer was a fanatic aroused by Steakley's writings.

The Rev. Mr. Freddie Gage, a friend of Steakley since the late 1950s, said he felt Steakley's newspaper articles on church integration incurred the murderous anger of "some crackpot."

"Mel was what I consider a sincere integrationist," said Gage. "He really took a jab at some of the churches for failing to practice what they preached."

Gage cited a recent article by Steakley, the Houston Chronicle's religion editor, calling attention to the segregation of the Baptist churches in Houston.

Mrs. Steakley also said she thought her husband's death was the work of a "religious nut or a fanatic."

Steakley was killed Saturday by a .32-caliber bullet fired by a pistol taped to the steering column of his car and wired to discharge when the clutch pedal was depressed.

Police said they would take some hairs found on the tape to Texas A&M Monday for nuclear activation analysis.

Officers also are seeking copies of a crank letter sent to Steakley and 17 others, including Baylor University President Abner V. McCall and Evangelist Billy Graham. The letter criticized Dr. K. Owen White, pastor of the First Baptist Church, who failed recently in an attempt to integrate the church. Police hope copies of the crank letter will have the author's fingerprints.

Steakley was killed Saturday by a .32-caliber bullet fired by a pistol taped to the steering column of his car and wired to discharge when the clutch pedal was depressed.

# How the Savings Bonds you buy help our State grow

— a message from our Governor

Chances are you live a little better because of the U. S. Savings Bonds program—because so many people in our State buy Bonds and eventually redeem them to buy things for which they have saved.

During the last 24 years, many billions of dollars have flowed back into the economy of the State and the Nation in this way.

These dollars have benefited our merchants, manufacturers and builders. And in so doing have created jobs and improved earnings for countless workers—in our cities and farming communities alike.

The people of our State and America today hold a record total of over \$48 billion in Series E and H Bonds... money that will someday be spent in worthwhile ways to help us grow further.

I urge every one of you to help your future and the future of our State by investing regularly in U. S. Savings Bonds.

*John Connally*

### Little Advance Notice On LBJ Delivery

WASHINGTON (AP) — President Johnson's forceful report to the nation on the Dominican situation got none of the tub-thumping build-up usually arranged for such events. As a result, it surprised almost everyone.

Although important presidential pronouncements normally are well trumpeted many hours — even days — in advance, the White House announced Sunday night's television-radio address accounted for a Johnson slip-up barely an hour before Johnson began talking.

#### ONLY CBS

The White House gave the speech such a soft sell that, for a time, it seemed none of the major television networks would risk scrapping prime-time programs to carry it live. In the end only CBS did.

There was no official explanation for the lack of advance salesmanship.

Like many Johnson speeches, this one was revised almost up to the moment of delivery. Seconds before the President stepped to the podium in the White House television studio — which doubles as a movie theater — technicians were making changes in the text prepared for his television prompting device.

Perhaps last-minute haste accounted for a Johnson slip-up in midspeech. Suddenly he began repeating two paragraphs he had delivered earlier. Obviously aware of his blunder and much discomfited, he shuffled through his manuscript text, hesitated and almost stammered as he tried to find a way out of his predicament.

#### BACK ON TRACK

He finally managed to get back on the track rather gracefully.

Johnson entered the studio with his daughter, Luci, 16, and, before beginning his speech, saw that she found a seat among the newsmen on hand.

Actually, there was no shortage of seats. Because of the lack of advance notice on a Sunday night, barely a dozen reporters showed up for the event. Two Johnson television-radio statements last week had attracted dozens of newsmen.

### Electricity! It's Coming

YOUNG, Ariz. (AP) — It's been quiet in this isolated mountain community in eastern Arizona since the end of the Pleasant Valley War in the 1880s, one of the West's more bitter feuds.

But things are beginning to stir again and come Halloween this area of some 200 residents will really be lit up — with electricity, that is.

For that's when residents — mostly cattle ranchers and summer visitors escaping the desert heat — will be able to give up their candles, kerosene lamps or gas-powered generators and plug in electricity.

Work is starting on a 21,000-volt power line from atop the Mogollon Rim down through 13 miles of heavy timber to the town.

The Pleasant Valley War stemmed from a feud between the Grahams, who were cattlemen, and the Tewksburys, who raised sheep. Before it was over at least 12 men died in bush-wackings and one pioneer ranching family was wiped out.

### TMA Names New President

SAN ANTONIO, Tex. (AP) — Dr. James Murphy of Fort Worth was named president-elect of the Texas Medical Association at the conclusion of its annual convention here Sunday.

The association also approved a resolution re-affirming its belief in "the doctor-patient relationship free of interference by third parties." Earlier it had rejected a strongly worded resolution offered by the Harris County delegation that threatened to boycott government's medicare plan.

Dr. Murphy will head a slate of officers to serve with the incoming association president, Dr. David Wade, an Austin psychiatrist.

Others selected were Dr. Howard Dudgeon, Waco, vice-president, Dr. C. A. Rowley, Amarillo, secretary and Dr. Howard Smith, Marlin, treasurer.

Dr. Walter Walthall, San Antonio, was re-elected to the board of counselors. He was also chosen as alternate delegate to the AMA convention in June in New York City.

Dr. J. Layton Cochran, San Antonio, was named as the TMA delegate to the New York City meeting.

## Bankers Urged To Get Interested

Get deeply interested in banking or get out of it, Mrs. Jackie Greer, Houston, told the more than 100 persons attending the eighth annual American Banking Institute chapter banquet Saturday.

## Third Police Academy Set

Plans are being made for the third session of the Southwest Academy for Law Enforcement, May 31st through June 25th, at Howard County Junior College.

Plans for the session have been completed, including some 160 hours of classroom and field training. Registration fee for the session will be \$50, including a dormitory room and expenses of school materials and ammunition.

Banks said the session's plans included early dismissal on Fridays to allow officers to return to their departments to work on weekends. He said this arrangement was a particular help to smaller departments, where other personnel have performed extra duty during weekdays.

## Ban On Cuba Travel Upheld

WASHINGTON (AP) — "The Supreme Court ruled today the secretary of state has the constitutional power to bar American citizens from traveling to Cuba.

The State Department refused permission for the trip under a travel ban imposed in January 1961. Zemel sued, but a special U.S. District Court in New Haven ruled against him in a 2-1 vote.

## Youngsters Picket Beach

NEWPORT, R.I. (AP) — Youngsters aged 8 to 15 are picketing fashionable Bailey's Beach with such signs as "Is This East Berlin" and "Roses Are Red, Violets Are Blue, Once It Was a Beach, Now It's a Zoo."

## Nuns Instructed To Shun Marches

IPSWICH, Mass. (AP) — Richard Cardinal Cushing has told about 1,000 Sisters of Notre Dame that the nuns place is in the classroom — not marching in street demonstrations.

## Odessa College Measure Barely Fails To Advance

AUSTIN (AP) — The Senate failed by one vote today to bring up for discussion Sen. Pete Snelson's bill to establish a Permian State College in Odessa.

## COMPLETIONS

DAWSON. Austral Oil Co., Inc. 1-32 Morris, 1,800 feet from the south and west ends of section 22-34, T-12P survey, was plugged.

New Hope  
Mary Kathleen Coats, 18-month-old daughter of Mr. and Mrs. Jimmie Coats of West Monroe, La., plays with a stuffed toy in her hospital bed at the Children's Medical Center in Dallas. The little girl underwent an unusual operation — one which doctors call a "transposition of the great vessels" — to correct a blood flow mixup. Surgeons said records indicate it was the second of its kind in the U.S. Mary Kathleen was reported recovering rapidly. (AP WIREPHOTO)

## Showing Irregular On Stock Market

NEW YORK (AP) — The stock market put on an irregular performance today with trading moderately active early in the day.

## Copter Pulled Out Of Lake

GRAPEVINE, Tex. (AP) — A helicopter that sank into Grapevine Lake last month when it ran out of gas was brought to dry land Sunday.

## Private Makes It To Altar With Officialdom's Aid

CLEVELAND, Ohio (AP) — They got Pfc. Donald Tanski to the church on time, but it took some help from U.S. Sen. Stephen M. Young and the White House.

## Block, Bridle Club Honors 3 Saturday

LUBBOCK — Texas Tech's Block and Bridle Club broke with long-standing tradition at its annual banquet Saturday night in Lubbock's Holiday Inn Parkway.

## Texas Airman Held In Death

WIESBADEN, Germany (AP) — An American airman is being held in the slaying of another airman over the May Day weekend, the U.S. Air Force said today.

## Negro Student To Return To America

IBADAN, Nigeria (AP) — James Meredith plans to end his studies here and return to the United States after a trip through East Africa, the Middle East and Europe, starting in June.

## FOUND ANNOYANCE

He showed irritation at Nigerian papers which said he found scholastic haven here when no U.S. university would take him because he was a Negro.

## LARGEST GROUP

"I am very much convinced that race problems around the world rest on the shoulders of Negroes in the United States. They are the largest homogeneous group of blacks in the world and are in the most powerful country. The great burden of solving racial problems rests with American Negroes," he said.

## Large Turnout Sees Mrs. Smith's Work

SNYDER — West Texas turned out in large numbers here yesterday for the conclusion of a two-day showing of paintings of Emily Guthrie Smith, celebrated Fort Worth artist.

Most of the pictures on exhibition were in a field in which she is perhaps best known, that of children. There were, however, at least three landscapes and one still life of yellow tulips. In these areas, Mrs. Smith demonstrated an adeptness at capturing the feeling and mood of inanimate scene. Her picture of a cloud over a western hilltop was striking, as was the canyon walls in another picture with its almost forbidding background. The seascape was done with delicateness, but the flower picture stood out with remarkable delineation.

## States Banning Union Shop Contracts Rapped

WASHINGTON (AP) — AFL-CIO President George Meany said today that states with laws barring union shop contracts — including President Johnson's home state of Texas — are "the most backward in the nation."

## Psychological Problems Of Cows Pointed Out

BERKELEY, Calif. (AP) — Cows worry about their social status in the herd, says a University of California professor of animal husbandry.

### Sam Rayburn Reservoir To Be Dedicated

LUFKIN (AP) — The largest and perhaps most controversial reservoir built in Texas will be dedicated Saturday in this wooded section of East Texas. It is the Sam Rayburn dam and reservoir, named after the late House speaker from Texas who once vetoed plans to name the Lake Texoma dam for him. Thus it developed that the largest reservoir of all will bear his name—a selection made after his death.

President Johnson has been invited to the dedication. Rayburn was his political mentor and their ties were close.

If he accepts, he will be the second President to dedicate a Texas dam. Dwight D. Eisenhower dedicated Falcon Dam between Mexico and the United States in 1953 as a symbol of international cooperation.

The gigantic reservoir was born in controversy. The Lower Neches Valley Authority wanted the dam and reservoir built to its present size with a capacity for generating hydroelectric power.

On the other side of the dispute was the Neches River Conservation District and other groups.

The conservation district fought for a reservoir half the size of the one to be dedicated Saturday, with smaller conservation reservoirs stretching out upstream.

It and others said the hydroelectric installation and the acres for water needed to keep it operating would not pay themselves out from the sale of power. It also objected to the covering with water of farms and commercial timber.

The issues were taken to the federal courts where opponents of the plan were defeated.

The dam is on the Angelina River, 10 miles northwest of Jasper. The dam and the reservoir land cost \$61 million, and construction is about 92 per cent complete.

**POWER SALE**  
Sale of power is expected to bring income of nearly a million dollars a year.

The reservoir, now collecting water, will cover 114,500 acres at normal level, rising to 172,800 acres in time of flood.

It is likely to remain the largest reservoir in acreage wholly within Texas for some time.

Toledo Bend's reservoir, partly within Louisiana, will cover 181,800 acres at normal level when completed. Texoma, partly in Oklahoma, covers 95,400 acres at normal height. Falcon, partly in Mexico, covers 78,000 acres at normal level.

The Neches River Conservation District said a dam covering 84,000 acres would have been sufficient if there were no hydroelectric production.

The dam is earth filled, 19,440 feet in length. This is more than 3.5 miles. The ground breaking was Sept. 2, 1957. The reservoir will have a shore line of 560 miles in five counties.

### Jury Probes Triple Killing

KINGSVILLE, Tex. (AP)—The Kieberg County grand jury Monday was to consider the murder charges filed against two California youths arrested after three Texas fishermen were slain.

District Attorney Nelson Sharp said he would present the charges against Paul Krueger, 17, of San Clemente, Calif., and John Phillip Angles, 16, of Hollywood, Calif.

Angles was arrested at Kerrville when officers found he was carrying a pistol. His story about the slayings led to the discovery of the bullet-riddled bodies of the three fishermen near Riviera on the Texas coast.

Krueger, who was arrested in Mexico, is now in jail at Corpus Christi. Angles is being held in the Kieberg County jail here.

### Blaze For The Birds

LEWISTON, Idaho (AP)—The congregation of the Lewiston Orchard Methodist Church was in the midst of the third verse of the opening hymn at their 11 o'clock Sunday service when the pastor interrupted the singing.

"The church is on fire. Let's all leave very carefully," he announced.

The congregation fled out, and looked for the fire. The blaze was located—in a bird's nest atop a large, 30-foot cross built into the front of the church.

A fire engine from a station half a block away doused the conflagration. The congregation went back to resume the hymn.

DEAR ABBY

Better Use  
Mending Tape

DEAR ABBY: I had better prepare you for a problem you never had before. Our 19-year-old daughter is getting married next month and we are giving her a church wedding with all the trimmings. I hope you won't think we are terrible, but my husband and I have never been married legally. We have lived together common law, but no one knows this. I know I will feel guilty in that church when my daughter is being married if my husband and I don't get married before she does. My husband says I should forget it as this state recognizes common law marriage and, besides, it is too much red tape. I'd like your opinion.

NOT MARRIED  
DEAR NOT: It will be worth the "red tape" which, in reality, is "mending" tape. Talk to your clergyman about a quiet ceremony for you and your husband. And don't worry about shocking him. He's heard everything.

DEAR ABBY: I am tired of reading articles on how women should "treat" men. The women are told to diet, get new hairdos, wear feminine clothes, get interested in sports, always smell fresh and sweet, and flatter a man's ego. Baloney! We women have pride, too, you know. I am a lot more attractive in many ways than most of my married friends, and I have a lot of love to give. But here I sit — starving for affection. Men are the dumbest animals in the world.

PROUD IN LOUISVILLE  
DEAR PROUD: The only way to get love is to give it, and pride has nothing to do with who makes the first move. The dumbest animal in the world is the one who has a bale of hay in front of him, but starves to death because he's too proud to eat it.

DEAR ABBY: I recently flew from Florida to New York just to see "HELLO, DOLLY." I had purchased my tickets six months in advance. The play was everything I had anticipated, but a man sitting behind me knew the entire score and he sang along with every number. It was maddening.

The next evening I paid \$5 to see "MY FAIR LADY." I had never spent that much on a movie in my life. Would you believe it, Abby, again a man sitting behind me sang all the numbers with the cast. That this happened two nights in a row was really too much. Won't you please say something in your column to silent such songbirds?

MARION  
DEAR MARION: With pleasure. Now will everyone who knows the score please refrain from voicing it?

CONFIDENTIAL TO BETTE S.: You are right. I have yet to come across a "new" problem. All the problems people face today can be found in the Bible, complete with their solutions — if only people were wise enough to read and heed.

Problems? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a

Amusement  
Park Slated

ABILENE, Tex. (AP)—A \$2 million amusement park to be known as "Old Abilene Town" is to be constructed in this West Texas city.  
The park, to be located on 40 acres northeast of Abilene, is the project of two Abilene restaurant men—Mack Eplean and W. N. Casey. It will depict Abilene in the days when it was a thriving cattle center of the Old West.

Two Flee Jail  
In Brown County

BROWNWOOD, Tex. (AP)—West Texas officers are seeking two prisoners who escaped from the Brown County jail Sunday and fled in a car stolen from near a church.  
The two were identified as Jerry Gage, 28, charged with felony theft, and Eugene Wilson, 34, charged with burglary.  
They escaped by holding a knife to the throat of jailer Doug Jarvis and forcing him and a trusty into a cell.

Firemen Conquer  
Blaze On Freighter

HOUSTON (AP)—Almost 100 firemen fought a blaze in the number one and two holds of the SS Billiton, a 7,400-ton Dutch freighter, for two hours in the Houston Ship Channel Sunday before bringing it under control.

Mississippi  
Flood Worst  
On Record

By The Associated Press  
Soggy dikes held back the powerful thrust of the swollen Mississippi River in the Hannibal, Mo.-Quincy, Ill., area today as residents of other communities up and down the river waited for the worst spring flood in history to run its course.  
"A flood of this magnitude is calculated to occur only once in

100 years," the Interior Department reported, confirming that the flood was the biggest on record.  
The flood, which began in Minnesota and Wisconsin during March when snow began to melt, has taken 14 lives and caused \$150 million damage in five states.  
In the Hannibal-Quincy area, the river is on the rise again toward a predicted crest Tuesday.  
Only 23 families have been evacuated from low-lying areas in Hannibal. About 100 persons have fled their homes in Quincy.  
Hannibal has no levee protecting its population of 20,000. The water had begun falling in a 15-block industrial area which has

been flooded for about a week and most of the streets are passable.  
A broken levee Saturday night five miles south of Quincy, a city of 45,000, took some of the pressure off the Hannibal area.  
After the levee break, floodwaters ran 15 feet deep across 7,700 acres of farmland. It increased the amount of land under water in Adams County, Ill., to 25,000 acres. More than 20,000 acres were covered upstream in Henderson County, 70 miles to the north.  
When the levee broke, the river began receding.  
RIVER DROPS  
The Mississippi dropped Saturday night at Quincy from Wednesday's record high of 24.8 feet to 23.5 feet. The high in

Hannibal was 24.6 Friday, but it fell to 23.6 early Sunday.  
The river began rising again, however, and the U.S. Weather Bureau predicted a crest Tuesday of 24.7 feet in Quincy and 24.5 feet in Hannibal.  
The Mississippi has been over flood stage — which is 16 feet — since April 6.  
Upriver from the Quincy-Hannibal area, several small towns were hammered by the floods.  
Officials feared that battered levees would not hold in the Illinois towns of Keithsburg, with 963 residents, and in Hull, population 535. Most of Hull's residents have been evacuated.  
Gulfport, Ill., was marked only by the peaks of roofs and treetops. The 250 residents fled two weeks ago.  
Sandbagging continued in Ni-

Big Spring (Texas) Herald, Monday, May 3, 1965 9-A  
ta, Ill., across the river from Fort Madison, Iowa.  
QUAD CITIES  
Water receded at the rate of three inches an hour in the Quad Cities area of Davenport, Iowa, and Moline, Rock Island and East Moline, Ill.  
Officials have said the crisis will be over when the crest passes Quincy and Hannibal and the waters level out in the wider channel of the lower Mississippi.  
Government officials said the record water discharge in St. Paul, Minn., exceeded the previous maximum flood in 1952 by 38 per cent.  
A spokesman for the Geological Survey in St. Paul said,

"During the April 12-21 period at St. Paul, the Minnesota and Mississippi rivers discharged more than 800 billion gallons of water, enough to supply the needs of two cities the size of New York for about a year."  
Russian Serious  
Following Fall  
NEW YORK (AP) — A Russian United Nations official remained in serious condition today from injuries suffered when he fell three floors from a window of his Manhattan apartment.

# Tarzan Still Most Durable Money Maker Of Film Stars

ACAPULCO, Mexico (AP) — Down here swinging through the trees is the first star in movie history who has a chance of grossing a billion dollars at the boxoffice.

Is it Charlie Chaplin? Elizabeth Taylor? John Wayne? Aye-eeeeeeeeeeeeeeeeeeeee! No!

It's Tarzan! Producer Sy Weintraub, who owns the Tarzan gold mine, discloses that Tarzan-movies have grossed more than \$750 million. Closest competitor is Wayne with \$325 million.

Of course, there have been 14 Tarzans and only one Wayne and Tarzan has been around for 47 years and Big Duke for only 35.

**MORE DURABLE**  
Tarzan is the most durable and commercial of movie stars. No Tarzan picture ever came close to losing money. All have

shown the kind of profit that makes bankers swoon. Johnny Weissmueller, who hasn't been Tarzan for more than 25 years, still gets three-fourths of his fan mail as Tarzan.

"There's one theater in Egypt that's been playing my Tarzan movies for 30 years," comments Weissmueller. "And I had no piece of the action."

Until a few years ago, Tarzan was known every place but Africa, which is supposed to be his home tree.

Then Weintraub defied Hollywood convention and took him from a Culver City back lot to the African jungles.

**ADULT FANS**  
"Tarzan in real jungles out-grossed Tarzan in Hollywood jungles," says Weintraub. "That's why we're down here in Mexican jungles."

The new Tarzan is different. He swings through the jungles

and talks with chimps, elephants, lions and the rest. He can also wear a \$300 silk suit, talk like James Bond and make sophisticated women flip.

"There seems no end to what Tarzan can do," says Weintraub. "We've found that adult Tarzan fans outnumber kid fans two to one. That's why we decided to make him articulate this time. If it doesn't work, we can always give him laryngitis."

**NEW TARZAN**  
The new Tarzan, who out-Bonds Bond, will be seen in "Tarzan 66."

Latest — No. 14 — Tarzan is Mike Henry, handsome line-backer for the Los Angeles Rams. Mike, who normally weighs 228 pounds, had to lose 20 pounds for the cameras.

"It's great now but wait till those blockers from the Green Bay Packers make an end

sweep. They'll destroy me at this weight," says Henry.

Henry, a native of Los Angeles, had been acting for some time between football chores. He read that Weintraub was looking for a new Tarzan, one who could behave in polite society, do the Watusi and be an Adonis in Bond Street tailoring.

"I got the job," says the grid star, "by just calling up Weintraub and telling him his search was over."

"I had more trouble casting the lion and leopard," says the producer.

**FROM FAILURE**  
Historically, there's a basis for this new kind of Tarzan.

The late Edgar Rice Burroughs was a failure in everything he tried, so much so that he even was reduced to writing a book on "How to Write."

Then, he came up with the fictional character of Tarzan, the son of an English nobleman who was killed, leaving his infant son to be reared by apes in darkest Africa.

Tarzan, specializing in good deeds and righting wrongs, getting into one bizarre predicament after another, became one of the richest literary properties in history.

# BIG SPRING DAILY HERALD

1-B BIG SPRING (TEXAS) HERALD, MONDAY, MAY 3, 1965 1-B

## Plans Firm For Clean-Up Week

With more hoopla than a three-ring circus, Big Spring will kick off its spring clean-up campaign one week from today.

Half a dozen events have been arranged for downtown by Raymond Smith and his special task-force committee to dramatize the beginning of the all-out effort to brighten Big Spring.

City fire sirens will sound at 11 a.m. May 10 to signal the official start, and this will set in motion a wave of activities including Mayor George Zachariah with a broom, shovel and pushcart for a bit of street cleaning. City crews also will hose down a street, and Jaycees will appear in work togs with brooms to help scrub the street and gutters. Like Robb, chamber of commerce president, and John L. Taylor, past president, will be on hand with golf bags filled with clubs, but with rakes, hoes and other instruments recommended for use in beautification of the city.

Nancy Haralson, who is Miss Big Spring, is due to be aboard

one of the city's trucks.

There will be other activities during the week to keep Big Spring alerted to the job of cleaning up, painting up, fixing up. City garbage trucks will have signs, worded in Spanish and English, reminding residents to clean up. Fact sheets about clean-up week will be distributed through the schools, and youngsters will take these home. Lakeview school will have a shrub and flower planting activity. At least one neighborhood group will undertake a clean-up effort on a street or block basis.

Efforts will be stepped up to acquaint citizens with the garbage container ordinance. Factors will be asked to encourage the community-wide clean-up, service clubs will hear announcements, and a number of merchants will put on sale items such as paint, rakes, hoes and other things needed to tidy up a place. The city, as usual, will haul away collected trash free of charge.

## Drunk Flying Problem Seen Of Big Scope

WASHINGTON (AP) — Federal aviation officials fear they may have a bigger drunken flying problem among private pilots than they ever suspected.

The basis for this concern, a House Appropriations subcommittee was told, were the findings of some 50 autopsies conducted on crash victims.

"To our great surprise, there has come out of these autopsies a much more serious drunk flying problem than we understood there to be before," said Najeeb E. Halaby, in testimony March 2 before he resigned as Federal Aviation Agency administrator. The testimony has just been made public.

**PRIVATE PILOTS**

Halaby stressed that he was talking about private pilots, not airline pilots.

"The problem on air-carriers, as far as we can ascertain, does not exist. The airline pilots do not drink," he said.

For the past several years, he explained, there have been about 500 fatal crashes each year killing 900 to 950 persons in general aviation.

"We thought that the average pilot, with the amount of experience he had had and the respect he had for the elements, just would not drink before flying," said Halaby. "We now find that one-third of the sampling we have taken of these fatal accidents in the year 1963 were probably under the influence of alcohol."

## Youth Listed Drowned Found Dazed In Field

SAN ANTONIO (AP)—A San Antonio college student who was missing for two days and feared drowned in Medina Lake was found Sunday lying in a field near the lake, dazed and suffering from shock.

The youth, Kenneth Baker, said he was rendered almost helpless while fishing alone Friday when he dived from a boat and hit a submerged stump.

He said he floated to shore on a life jacket and, in a dazed condition, tried to climb a hill, but fell and knocked himself unconscious. He said he awoke after dark and tried to walk to a road but again passed out.

Baker's father, alarmed when his son hadn't returned by Saturday morning, contacted authorities. Divers scoured the bottom of the lake Saturday in the area where the youth's boat was found.

Rescue operations were about to resume Sunday morning

when three fishermen found Baker beside a road.

The youth, badly sunburned and in shock, was treated at a hospital for several hours Sunday and released.

## Youth Saved By Webb Airman

An unidentified young spectator at a Little League baseball game Saturday was apparently saved by Sgt. John Tripp, Webb AFB.

Tripp, manager of the Highland Scotties, said the game between his team and the Plowboys was over when the little lad apparently fell from one of the dugouts at Cosden Park.

"I understood that the boy had a heart condition or something, and when he starting turning black something had to be done," said Tripp. The sergeant applied mouth-to-mouth resuscitation to the lad, and he began breathing.

"It took about 45 seconds to see that he was breathing again, just about three good lung-fulls," said Tripp. Miller and another man then took the boy to his parents' car, but in the confusion, never got the name of the boy.

## Shah And Empress Stop Over In Paris

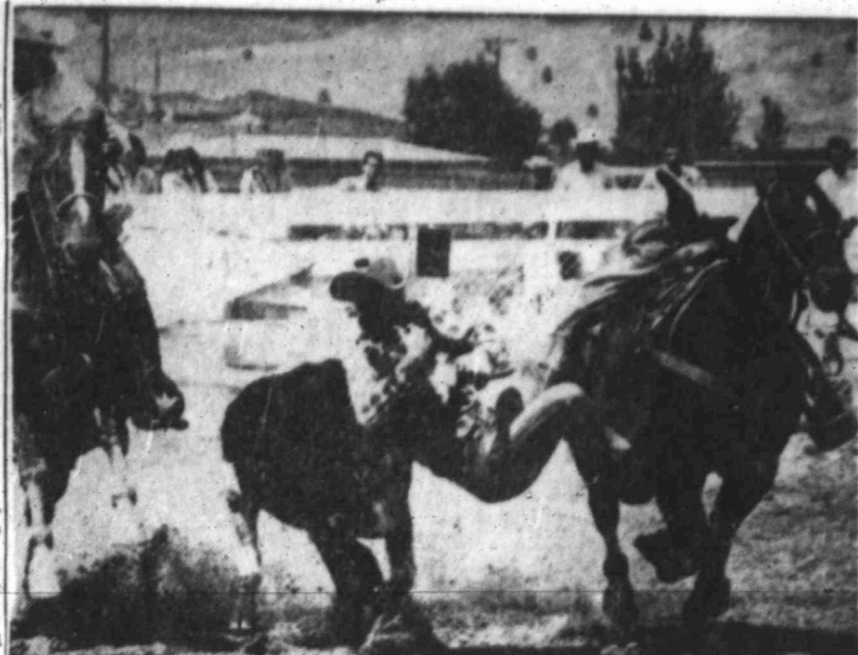

PARIS (AP) — The Shah of Iran and Empress Farah Diba arrived Sunday for an overnight stopover on their way to official visits in Brazil, Argentina and Canada.

# America Lives High On Credit

How the standard of living has improved in the United States was explored by Mrs. J. B. Apple when she spoke Thursday at the luncheon meeting of the Big Spring Credit Women's Association.

Mrs. Apple said that America is a "credit way of life." As an example, she said there are at least 50 million who charge gas, and that 75 per cent of all cars are purchased on some form of credit. Eighty-five per cent of all household goods are bought on credit and that six out of 10 citizens have at least two or three accounts at retail stores.

Mrs. Apple noted that a higher percentage of homes are being owned because good credit enables people to purchase with a smaller down-payment. She said that credit unions alone have loaned 45 million dollars and that there are now 60 billion in short term loans out that do not include home loans. Despite the impressive figures, Mrs. Apple said that the average American family keeps its credit under control. An open discussion followed her talk.

The program was given in observance of International Consumer Credit Week.

The 21 members present included a new member, Mrs. C.

W. Mahoney, and guests welcomed were Mrs. Bob Bradford, Mrs. Houston Cowden and Mrs. Richard Hughes. Mrs. Elzie Marchbanks received the capsule prize, and the next meeting was scheduled May 6 at the Settles Hotel.

## Party Held For Couple

A gift shower honoring Mrs. Jacqueta Hodges was held Thursday evening in the Flame Room of Pioneer Natural Gas Company. Mrs. Hodges will be married May 7 to Charles Arbuckle.

Host couples for the affair were members of the Eleventh and Birdwell Church of Christ and the West Highway 80 Church of Christ. The women alternated with the hostesses duties, and 78 guests signed the register during the evening.

A miniature wishing well, adorned with white flowers and wedding bells, centered the white linen-covered refreshment table where silver and crystal appointments were used. The white cake was decorated with blue flowers.

Wedding gifts were presented to the honored couple and the wishing well was filled with coins.

Formally Initiated

Four new members were welcomed during Saturday evening's Founder's Day program for the Beta Kappa Chapter of Delta Kappa Gamma, an international society for women

educators. Joining the group were, from left, Mrs. A. L. Martin, Mrs. Marvin Tatum, Mrs. Bill Gage and Miss Elzada Herring.

# Beta Kappa Initiates Four New Members

The Beta Kappa Chapter of Delta Kappa Gamma had its annual Founder's Day program and initiation Saturday evening in the Blue Room of Cosden

Country Club. Members and initiates were served a buffet dinner and were seated at tables decorated with massive arrangements of red roses. Immediately following the dinner, a brief business session was conducted by Mrs. Rogers Heffley.

The chapter scholarship, given each year to a member of the chapter who attends summer school, was awarded to Mrs. J. H. Fryar.

The members and initiates adjourned to the Teenage Room for the traditional candlelighting service honoring the founders of the international society. The program was led by Miss Mary Foreman as the purposes and objectives of the organization for women educators was reviewed.

Miss Movelda Rhine, chairman of the committee on ceremonies, presided at the formal initiation ceremony for Mrs.

Bill Gage, Miss Elzada Herring, Mrs. A. L. Martin and Mrs. Marvin Tatum. The women were presented with red roses and greeted by each of the members.

Hostesses for the dinner were Mrs. Cecil Hamilton, Mrs. Paul Sweatt, Mrs. Fryar, Mrs. Roy Green, Mrs. Cass Hill and Miss Eulalia Mitchell. Approximately 50 attended.

# Fora Hears Speaker List Fashion Types

Eight types of female figures which fashion designers consider in their styling were described by Mrs. J. W. Dickens when she discussed "The Couturier Look" for members of the Spoudazio Fora Study Club.

Mrs. Dickens said the term "oval" is applied to what designers call the perfect figure but that the majority of females fall into other figure types.

In noting today's fashion trends, she said that in Britain fancy slips are being worn under plain sheer shifts, and in Rome, solid colors are favored over prints this season. In the United States, the casually "sloppy" look will be popular for the summer holidays and the informal activities they include.

Mrs. Bill Lansing presided for the business session as the installation dinner was set for May 25 in the Blue Room at Cosden Country Club. The dinner will begin at 7 p.m. and secret pals will be revealed during the evening. The arrangements are under the direction of Mrs. H. O. Hudgins, and Mrs. James Jones and Mrs. Charles Lusk will be in charge of the installation ceremony.

Mrs. Bill Coleman reminded members that the Tasting Bee will be in her home at 1100 Lloyd at 7:30 p.m. May 11. Each member is to provide a foreign, or exotic dish for the guest affair.

Mrs. Ben Irwin, 1606 Vines, was hostess and served refreshments to eight members. Mrs. Ennis Cochran will be cohostess for the May 11 meeting.

## P-TA Luncheon Planned Tuesday

A Parent-Teachers Association luncheon has been announced for Tuesday at 11:45 a.m. at Coker's Restaurant. The meeting is in honor of the incoming and outgoing local unit officers and all council officers and chairmen. Following the luncheon there will be a school of instruction for council officers and chairmen only.

## Place High For Saturday Games

Five tables were in play for the Saturday afternoon duplicate games at Big Spring Country Club. Winners were Mrs. Hayden Griffith and Mrs. Jack Irons, first; Mrs. B. B. Badger and Mrs. Ayra McGann, second; and Mrs. Tom South and Mrs. Fred Luring tied for third and fourth places with Mr. and Mrs. Joe Steyer.

Players were reminded that the Team of Four games will begin at 1 o'clock Wednesday, and the Friday games will begin at 1:30 p.m. instead of 1 p.m. because of the monthly Ladies Golf Association luncheon.

## MARRIAGE ANNOUNCED

### Newlyweds Will Make Home In Beaumont

The announcement is being made here of the marriage of Miss Judy Carol McCorvy and Gary Ross Reaves, grandson of Mrs. D. C. Duncan, 310 Austin, and Mr. and Mrs. Herbert Reaves, 601 E. 12th.

The bride is the daughter of Mr. and Mrs. Robert McCorvy,

of Port Arthur and the bridegroom, who resides in Beaumont, is the son of Mr. and Mrs. H. M. Reaves, Shreveport, La.

The couple was married March 12 in a Presbyterian Church in Houston, and the marriage was blessed Easter Sunday at 2:30 p.m. in a ceremony at St. Matthias Episcopal Church in Shreveport. The Rev. Jack D. Russell presided, and a reception followed the ceremony.

The couple will reside in Beaumont where he is on the staff at Lamar State College of Technology and she is a student. He received a masters degree from Sam Houston State Teachers College and participate in Columbia University's "Teachers for East Africa" program.

## Graduate Honored

Lilton Trantham, son of Mr. and Mrs. J. W. Trantham, 1319 Stadium, was honored at an end-of-school barbecue Saturday at the family home. The high school senior was joined by 15 school friends for the party.

PANORAMA OF 'BIG SPRING COUNTRY'  
Special table for 1930 Hyperion's local history program

# Big Spring Panorama Accents Scene For Hyperion Luncheon

A massive square green-covered table was the setting for a "Big Spring country" panorama as special decor for Saturday's luncheon session of the 1930 Hyperion Club, held in the Gold Room of the Big Spring Country Club.

The table, arranged by Mrs. Adolph Swartz, featured a replica of the "big spring" and the actual marker which describes the historic spot. It also was dotted with small hills, western grass and cactus, miniature covered wagons, cowboys and soldiers—all to depict the early day atmosphere of the town. At the other end was a simulated air strip with miniature jet

planes parked. Cactus spines were devised to hold place cards.

The novel arrangement was the background for the program, "From Covered Wagons to Jets." R. W. Whipkey was speaker for the program, and gave a capsule history of the community, from the time of the discovery of the "big spring" to today's need for city improvement. He spoke of the frontier days, the railroad era, the oil boom which brought much city growth, and the post-war development period.

He was introduced by Mrs. Bill Currie. Mrs. R. B. G. Cowper was a hostess for the luncheon,

along with Mrs. Swartz. There were 20 members present.

A business session following the program was conducted by the president, Mrs. Arch Carson. Committees to serve for the next year were named. They were program, Mrs. M. R. Koger, chairman, Mrs. Morris Patterson and Mrs. Charles Weeg and telephone, Mrs. E. L. Powell, Mrs. Cowper and Mrs. C. M. Phelan.

For the delight of the American housewife and her long-suffering husband, here is the best of Heloise. No home should be without her!

## Sample Hints

- "To keep ice cubes from sticking to the bottom of the tray after some have been removed, put aluminum foil in the bottom of the tray. Cubes come out easily."
- "Contour sheets will go on the mattress much easier if you fix diagonally opposite corners first. Try it!"
- "Dip a raw potato into scouring powder to scrub the corners of rusted cake and pie pans."
- "Use stale beer to set your hair. It gives 'body'. Just dampen the hair and roll. The hair will not retain the beer odor when dry."
- "If you want to be real fancy when having company, put a few dabs of cologne on a piece of cotton and wipe the phone. This leaves it shiny and free from dust, and it retains a delightful fragrance. The alcohol in the perfume also acts as an antiseptic!"
- "Try making a small roast beef and a small roast pork together. The meats pick up the taste from each other and the gravy is out of this world."
- "Having trouble drying your crinoline petticoats? Just put them over an open umbrella! Great!"
- "When cutting marshmallows or chopping dates, if you dip your scissors into water and cut them wet, the goodies won't stick."

**Downtown Tea Room Convenient For Diners**

Mr. and Mrs. Dee Bennett operate two Tea Rooms to feed those who want to "eat out", or who work and do not have time to prepare their own meals — noon or evening. A choice of four or more meats, and all the vegetables, salads and desserts, plus a drink, are available cafeteria style, for \$1 at the Downtown Tea Room, 508 Main, and the home location, 1301 Scurry. For special parties and efficient catering service, call the Bennetts at AM 4-7644.

**Byron's Can Handle Any Move, No Matter Where**

Byron's Storage and Transfer, 106 E. 1st, features local and long distance moving, and has a bonded and sanitized warehouse for storage of household goods for future moving. The building is also fire-proof.

Fast, modern vans are driven by men who know their business and who make safe moving a pleasure for any one changing locations. The firm is an agent for United Van Lines and can pack household goods for shipment to any part of the United States and Canada.

If you plan to move across town Byron's Storage and Transfer, owned by Byron Neel, can relieve you of a lot of worries and hard work by taking over the entire process. You just walk out with the clothes on your back and let experienced men take over the task of getting everything moved to your new address with the greatest efficiency.

If the move is across the state or nation, the housewife can call Byron's Storage and Transfer, tell them when they can start packing, and when the household goods are needed at the new location. The family can go ahead or follow with the feeling that everything will be in place when needed.

Kitchen utensils are packed securely, with no danger of breakage. Glassware, mirrors, pictures, lamps, and all fragile items are wrapped and packed securely, and labeled for identification on opening.

Furniture and belongings from

each room in the house can be unloaded, unpacked, and placed in similar locations in the new home. Dresser drawers and closets will be handled with crates, boxes, or wardrobes, so that everything will go back in the same location.

If a drawing of the new house, with numbered locations for furniture and appliances, is furnished, everything will be placed as marked to prevent the necessity for future moving about.

If you prefer to do your own packing, Byron's can provide the proper boxes, crates, barrels, wardrobes and everything that goes with the move, and you can label your cartons for proper locations or identification in your new home.

On the other hand, if you must move your household goods out of your present home, and they must wait until you find a place to live in another community, Byron's warehouse is a safe

place, and the cost is within the reach of every one.

Everything is bonded and insured, and sanitized to prevent damage, and the building is fire-proof.

Byron's Storage and Transfer will give you an estimate on the cost of moving your household goods and other items, whether it be across town or across the nation, or overseas. Telephone AM 4-4351 for information and the estimated cost.

**Texas Electric Service Co. Provides Special Services**

Texas Electric Service Co. has made a practice of providing many other needed and helpful services. In addition to supplying power to customers, community service is one of the most outstanding, with several areas. Specialists are employed by TESCO and these are available to home owners and business men for aid in such areas as agriculture, commercial cooking, air conditioning, home builders, appliances, lighting, and home service.

COMMERCIAL COOKING — Texas Electric Service Co. has a man who works closely with food service industries to help restaurant operators obtain the benefits of modern electric cook-

ing equipment. He has demonstration equipment which can be installed and used by food service operators to dramatically demonstrate the superiority of cooking electrically.

HOME BUILDERS — TESCO has a specialist who works with residential building contractors. He will offer consultation on the latest innovations in appliances, inspect homes to award Gold or Bronze Medallions where the quality of construction warrants, and is generally available to the home building industry to offer the assistance of TESCO in the solution of their problems.

AGRICULTURE — TESCO employs a specialist in agriculture who works with the Agriculture Committee of the chamber of commerce, 4-H Clubs and FFA groups, county agents, and farmers and ranchers. His purpose is to assist in improving the agricultural income of the area through showing how people may farm better electrically. He is available to assist in planning farmstead wiring, to present courses of training to student groups on adequate wiring and motor controls.

AIR CONDITIONING — Design and application of electric heating and cooling equipment is featured through a specialist employed by Texas Electric Service Co. This man is competent to make heat gain and heat loss studies, recommend types of insulation, make operating cost estimates and give advice when service problems exist.

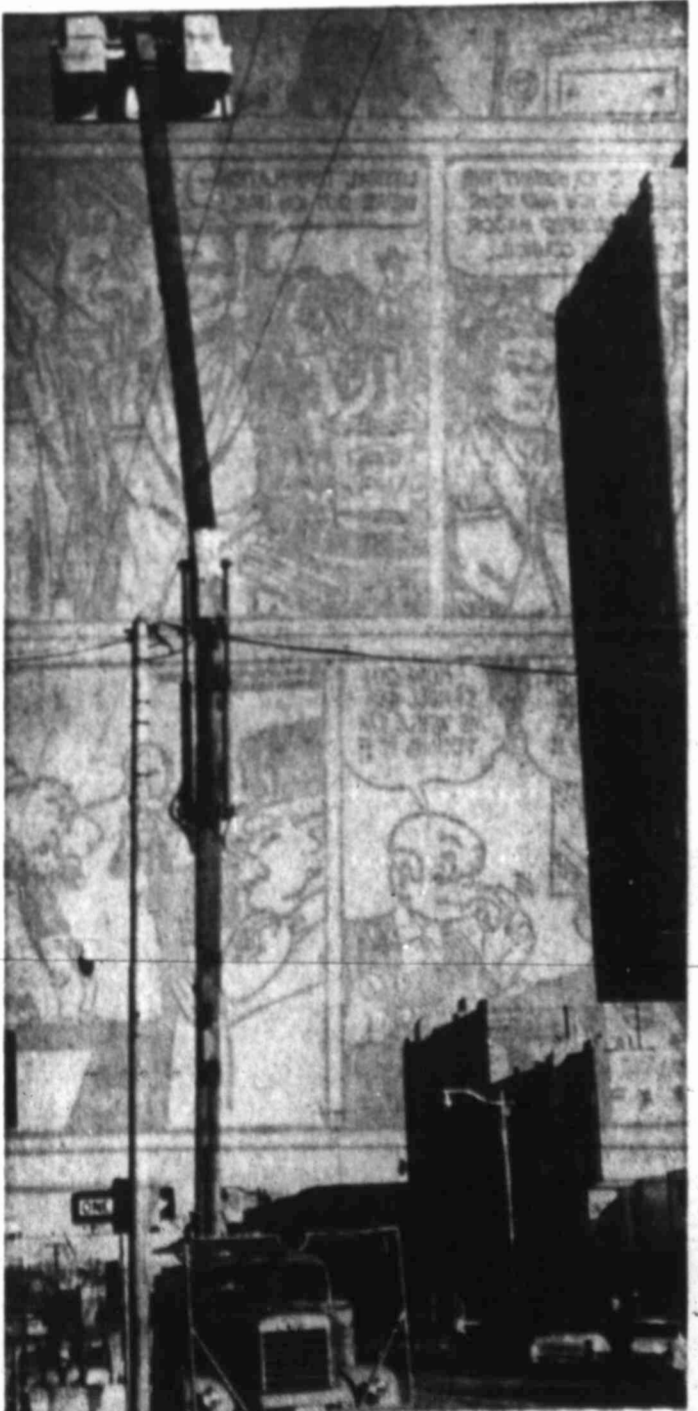

APPLIANCES — TESCO has a specialist who coordinates the

company's appliance sales promotion activities with the sales efforts of the appliance dealers. In cooperation with the dealers, he prepares monthly analyses of appliance sales. Modern appliances from various dealers are always on the floor at TESCO's showroom.

HOME SERVICE — TESCO has a graduate home economist who is available to make home calls to assist a homemaker with appliance problems. She also presents training programs to homemaking classes in the public schools and works with 4-H Club groups.

LIGHTING — TESCO has a skilled lighting specialist who is available to design a complete lighting system or to suggest improvements in existing lighting systems for residential, commercial or industrial customers.

All of the above services are furnished without charge to residents, businessmen and farmers and ranchmen in the area served by Texas Electric Service Co.

**Ready For Any Emergency**

This hydraulic lift, with workman's bucket on a 60-foot beam, is ready to make a run to any break, short, transformer, or other trouble for Texas Electric Service Co. It has gone a long way in speeding up service work in high places, and eliminates many of the pole-climbing spikes formerly used.

**Mother's Day Gifts Are Available From Carver's**

With Mother's Day coming next Sunday many Big Spring residents will be looking around for an appropriate remembrance. Carver's Drive-In Prescription Pharmacy at 310 Main carries a good line of candies, cosmetics, and other items to make a mother proud.

A convenient display in the store is the counter reserved for Pangburn's chocolates. These quality candies are boxed in several sizes appropriate for gift-giving on special occasions or to keep in the home for quick energy snacks.

Milton Carver, owner, emphasizes the fact that their candies are always fresh. The air conditioned building keeps an even year-around temperature.

Then take a look at the cosmetic counters and you will find all the well-known brands most desired by particular women.

These items come in sets or individually.

As a licensed pharmacist, Carver believes in regular checkups by your family doctor to insure good health. To help do this he keeps abreast of the latest developments in prescription drugs and trusted patent medicines. Carver and Jack Magee compound prescriptions with care, and save you money by not offering "free" delivery services. They feature a drive-in window for conveniences of customers.

# City Returns To 'Fill' Method Of Disposal

**By PRESTON MAYNARD**  
 A sanitary land fill operation is being planned by the City of Big Spring in canyon-land north of the city, to soon replace the burning dump which the city has used for many years east of FM 706.

Big Spring will join Midland, Lubbock, and Abilene as West Texas cities using the land fill type of garbage disposal. Several years ago, the city launched a similar plan, but abandoned it later.

Use of a canyon area has been promised the city without charge. Public Works Director Ernest Lillard said, and the city commission Tuesday approved advertising for bids for a tractor-loader unit to be used in the operation.

**REASONS**  
 Scarcity of land and nuisance problems involved in the burning-dump operation are reasons for the change, Lillard said. If land is selected for a burning dump that is far enough away from residential areas to prevent the nuisance problem of unsightliness, smoke and odors, Lillard said, the cost of hauling to such areas then becomes a considerable factor.

**DOG TRAINING**  
 A new class in obedience training for dog owners has been announced by the Big Spring Kennel Club, for 7:30 p.m. Monday at the College Park Shopping Center parking area. At the same time graduation exercises will be held for the class just completing the course.

There is no need to bring your dogs to enroll in the new class, Bruce Wright, spokesman, said. "All you have to do is to see what takes place in the classes, and register. The training sessions cover about an hour each week for 12 weeks."

The public is also invited to see what is done in obedience training. They can see what the dogs can do and how they can be trained properly. Wright said. "People are trained in obedience to their animals. Most errors in teaching obedience are made by people instead of the dogs."

Other information may be received by calling Mrs. Dorothy Lynn, new training director, AM 2440, or Bruce Wright, AM 4822.

Now Instructing Students  
 R. E. McClure, left, who received his instructor's license Tuesday, has joined Howard Loyd at Howard County Airport as an instructor.

## Work Begins On Hangar For New Flying School

**By M. A. WEBB**  
 Work has started on the new office building-hangar for use in training Webb AFB pilots in the new T-43A light propeller driven aircraft at Howard County Airport. Ray Dunlap, contractor, has set forms for the foundations and is having other preliminary work done.

The building will be used by Flying Service in its contract with the U. S. Air Force for training student pilots before they are given jet aircraft training in flying.

R. E. McClure, who started his flying just eight months ago (2), Morrill (4), Morrissey (3), when he joined the Howard County Flying Club, has now completed training and has his instructor's license. One of the old features about his progress is that he received three licenses on the 27th day of each month. His private license came on Nov. 27, 1964; his commercial on March 27, 1965; and his instructor's license April 27. All done in 30 days of flying time.

McClure will assist Howard Loyd, Howard County Airport manager, in his instruction of student pilots, to give Loyd more time for his charter and ambulance service.

The 35-year-old McClure has already started his instructional work at the airport.

"It's cheaper to find places closer to the city so the hauling distance is less," he said. "And there is no nuisance problem with a land fill."

"With a burning dump, we have to wait for the wind to be blowing just right before setting the fire. Then the wind can still change and cause problems."

The land fill is operated on a theory of compacting for a series of cells, Lillard explained. As each truck carrying garbage comes to the area and ejects its load, the tractor unit compacts the garbage and works it into a thin layer, placed on an uphill slope. The layers as compacted are about two feet thick, with the additional garbage dumped behind the area where the tractor works, he said.

**LAYERS**  
 A minimum of six inches of dirt is placed between each layer, and after the final layer is placed at each area, about two to three feet of topsoil is placed over the compacted series, he pointed out.

To prevent problems arising from high winds, the tractor would be in use throughout the day as trucks dump and a portable net wire fence will be placed around the area each day. Each afternoon, the tractor will prepare a deeper area in which trucks hauling during the night will dump, according to present plans.

The land fill stops any insect problems and discourages varmints. Many cities are now changing to the land fill method due to the costs of hauling further distances to a burning dump, Lillard said.

**HAULING COSTS**  
 "They're being forced to. The hauling over distances runs operational costs up tremendously. Of course, it costs money to operate a land fill, but the nuisance problem is also resolved," he said.

The cost of operating the land fill is primarily that of the purchase and operation of the tractor unit, Lillard said. The unit to be considered is budgeted by the city at about \$29,000.

The area involved in a land fill will be raised to a level adequate for a useful piece of property, Lillard said he would not necessarily advocate building on such land, but that under property controlled circum-

stances this might be possible. "It can be used as farm or ranchland, however," he said. Baylor University at Waco has practice football fields constructed over a land fill area and some cities have used such areas as park sites.

"The City of Midland built a public works garage and warehouse on top of a land fill," he said. The football field site in Waco is within a short distance

of a prominent residential district and near Baylor Stadium. **NOT OBJECTIONAL**  
 "It's not objectionable even during the construction period. He said the primary inconvenience would involve trucks hauling to and from the area.

"In West Texas, we have more of a problem because of high winds," he pointed out. "We will have to keep trash from blowing." By keeping the tractor available at the site and by use of the portable fence, he said the wind problem could be resolved.

Any disadvantages other than the trucks would result only if a land fill was not properly operated with the correct compaction and coverage.

Operation of the fill will begin after the city purchases the tractor unit, Lillard said, or probably in about 90 to 120 days.

COAHOMA (SC)—First graders in the Coahoma and Midway elementary schools for the 1965-66 school year will be given their first taste of schoolroom activities May 6. Children who will be six years of age by Sept. 1 are being asked to go with their mothers to the school they will attend.

They will report at 10:30 a.m. and will have a briefing period from 10:30 to 11 a.m. on what will be expected of them when school starts, along with preparations needed before that time. From 11 to 11:30 a.m. they will have lunch in the canteen, at 11:30 a.m. they will be in the classrooms with first grade teachers, where they will go through three phases of classroom work. They will go home at 1 p.m.

## Pre-School Session Set

**ROSWELL TO LOSE MISSILE SITES**  
 WASHINGTON (AP)—The Air Force said Saturday it plans to dispose of the Atlas F strategic missile complex near Roswell, N. M.

Twelve missile sites are in the complex. These sites, acquired in 1960 and 1961, are no longer needed because the missile is obsolete, Air Force Secy. Eugene Zuckert said.

## DWI Case On Docket

E. P. Smith, who was tried in County Criminal Court some weeks ago, is slated to go before the court again Wednesday. He is charged with DWI. In his first trial, Smith acted as his own attorney and the case terminated in a hung jury.

Judge Lee Furter has reset the matter for Wednesday and has called in a panel of 60 jurors to serve in the court.

Also set for this week—Thursday and Friday—are three complaints against George T. Thomas, local attorney. Thomas is accused in two complaints

## WPI Case On Docket

with aggravated assault and in a third with carrying arms. Dee Jon Davis, county attorney, was out of town Friday and could not be contacted to find out if any changes had been made in plans to try the cases.

Other cases are on the docket for trial May 10, 11 and 12. These cases include charges against Wayne Basden, another local attorney, charging aggravated assault in two instances. His cases have been set down for 1:30 p.m. May 10. Cases on May 11 are all DWI charges. The defendants are Clifton B. Hollis and Charlie O'Daniel.

Also set for this week—Thursday and Friday—are three complaints against George T. Thomas, local attorney. Thomas is accused in two complaints

ANGUS CALVES FATTEN ON WINTER RYE  
W. W. Posey, foreground, firm believer in use of Cover Crops

## Cover Crops Save Soil From Spring Wind Damage

"I have consistently made half a bale of cotton per acre planted solid behind rye," said W. W. Posey. As owner of Posey Tractor Co. and cooper with the Martin-Howard Soil Conservation District, he is a firm believer in winter cover crops.

A cover on the soil helps the land in many ways. The cover crop prevents the sand from blowing. It improves the organic matter in the soil and helped Posey produce a cash income.

The Soil Conservation Service encourages the use of crops to cover bare soil. When land is not protected, several plowing operations are necessary to keep it from blowing. Each operation costs at least one dollar per acre. With only one of two operations, however, a cover can be put on the land and reduce further expense.

Posey drilled 150 acres of rye last September on his farm in the Center Point community. He fertilized the grain with 50 pounds of anhydrous ammonia per acre. Posey stated that he grazed the pasture with 42 calves for about 30 days. Then from November to March, an average of 65 head of cattle remained on the rye. The cattle were rotated between different of the fields to give the rye a rest and to regain vigor.

"Thirty days ago, I turned 20 head of heifers in on the rye that were poor as snakes and now they are slick and fat," said Posey. He also explained that other cattle put on the rye in the winter made good weight gains.

"I might add that all this was done on less than three inches of rain," said Posey.

## Soto Fails In Escape Try

Higinio Soto, the diminutive Puerto Rican who didn't do too well in an attempt at bank robbery last October, failed about as badly shortly before noon Friday when he tried to escape from the custody of a deputy sheriff.

Soto, 28, under indictment for robbery by assault in connection with the holdup of the Security State Bank, made a run for liberty when he was being taken to a dentist for treatment at Fifth and Johnson.

A. G. Mitchell, deputy sheriff who had Soto in custody, yelled for the fleeing Puerto Rican to halt. When he failed to do so, Mitchell fired a shot over the prisoner's head. After a second shot, Soto stopped and fell to the ground—unwounded. Mitchell picked him up and put him back in the official car and returned him to jail.

A. N. Standard, sheriff, said that Soto has been having tooth trouble, and that he had an appointment with the dentist for Friday. He has been taken to the dentist on numerous occasions and had given no trouble, Standard said.

The prisoner is a highly nervous individual, the sheriff added.

ed. He was "so shook up" after the frustrated escape attempt, Standard said, that the dental appointment was cancelled.

Soto has been in jail since he entered the Security State Bank on the morning of Oct. 28 and presented a note to the teller ordering her to hand him the cash. She did so and he left the scene—riding away in the same taxi he had used to reach the bank.

He was apprehended a few minutes later near the Big Spring State Hospital. The money taken was in his pocket and a small pistol he had bought by assault, but the first indictment was found to contain an error and the recent grand jury voted a new indictment against him.

## Pakistan Plans Neutral Course

KARACHI, Pakistan (AP) — President Mohammed Ayub Khan served notice Saturday that Pakistan will pursue its path of neutralism regardless of how Washington views it.

He defended his recent visits to Peking and Moscow as promoting peace and searching for a "meeting ground for the major powers whose interests clash in Asia."

Clearly referring to the United States, he said: "It is unfortunate that our efforts in this direction have occasionally been misunderstood by some of our friends. A little reflection will show that in doing so we are promoting the interests of those who are struggling for peace in this region."

## Amish Set To Restore Barns Tornado Downed

SHIPSHEWANA, Ind. (AP) — A barn a day has become the byword of scores of Amish and Mennonite volunteers who streamed into northern Indiana to aid victims of Palm Sunday tornadoes.

Amish around Lancaster, Pa., organized a 150-man force to come to Amish communities in Lagrange, Elkhart and St. Joseph counties to repair and replace homes and farm buildings.

The first group of 50 arrived last week and started the priority work of rebuilding the huge two-story barns characteristic of the sect. An advance survey crew set the goal of one barn restored a day.

**OTHERS COME**  
Other volunteers of both the Amish and Mennonite faiths have come from Illinois, Iowa, Ohio, Michigan, Virginia, Maryland and Canada.

Identified by their strict codes of conduct and plain dress, followers frown on modern labor-saving machinery. Nevertheless, the complete devastation in some communities has lessened compliance. The bearded volunteers are manning power saws to get the job done more quickly. They welcome the friendly neighbor farmer who supplies a bulldozer.

The Lancaster volunteers are living with Amish families who escaped the vicious storms that left 134 persons dead and hundreds injured in Indiana. They stay through the week returning home on Friday.

Leaders plan to shuttle alternating groups of about 50 workers by bus each week until the reconstruction is complete.

**CONTRIBUTE SUMS**  
The Amish do not subscribe to commercial insurance institutions, but maintain their own based mainly on muscle. Families contribute small sums to a central committee for purchasing supplies when destruction hits. The principal ingredient is the labor which is volunteered.

Another relief agency is the Mennonite Disaster Service. Its volunteers put in 6,342 man days of labor in the first nine days after the April 11 disaster. They have worked on about 200 houses and farms.

## DEAR ABBY The Mystery Of Death

DEAR ABBY: I am a Sunday school teacher. One of my pupils' mothers told me that a few years ago you had something in your column in reply to a child who had lost his baby brother. She said your answer explained death beautifully on a child's level. If you recall such a letter, I would appreciate your printing it again. Thanking you in advance, I am,

Sincerely yours,  
LOVES CHILDREN

DEAR LOVES CHILDREN: I do recall such a letter because of the many requests I had from clergymen requesting permission to reprint it in their church bulletins. And here it is:

"DEAR ABBY: My Sunday School teacher says that God is everywhere. Please put this letter in the paper and maybe he will see it."

"Dear God: Why did you let my brother die? When he was hit by the car my mother prayed to you to let him live but you wouldn't. My little brother was only two years old and he couldn't have sinned so bad that you had to punish him that way. Everyone says you are good and can do anything you want to do. You could have saved my little brother but you let him die. You broke my mother's heart. How can I love you?"

PETER

"DEAR PETER: Your question is one that has troubled religious men for thousands of years. One great thinker wrote a book about it. It is called 'JOB' and is part of the Bible. It says that the suffering of innocent people is something we cannot understand. But this much is sure: Death is not a punishment. It is one of life's mysteries. Speak to your minister, Peter. Communicate with God by praying, and He will help you in your search for wisdom and goodness and help make Mommy happy again."

DEAR ABBY: I never thought I would be writing a letter to you, but my wife always reads your column so I hope you will print my letter.

I have a lovely wife and three small daughters. BUT my wife wears PANTS seven days a week from the time she gets up until she takes her bath and puts on her P.J.'s. I work in a plant with all men so I see pants all day and I would love to see my wife in a dress when I get home in the evening, and I hate those pants on Sunday. I know pants are nice for cleaning or doing the laundry, but she has so many cute dresses I wish she would wear them once in a while. Also, I don't believe it is

Reddy Is Ready

With the aid of three fellow Downtown Lions, Phil Hines makes like Reddy Kilowatt in anticipation of the annual light bulb sale of the club, Monday and Tuesday. Rev. James Puckett, Frosty Robison, general chairman, and Lt. Robert Hammerie get the bulbs all screwed in Hines' sockets and promise to have him lit up for the Monday kickoff. All net proceeds go to the club's charity, youth work and blind-sight conservation fund.

## Entries Sign In For Annual Rodeo Parade

Three floats have been officially entered in the parade preceding the Big Spring Rodeo; three queen contestants have been entered, and a number of riding clubs and sheriff's posses will be on hand, according to the Big Spring Chamber of Commerce office.

More are invited to enter, especially floats. Edith Gay, secretary, said. Those desiring to enter may call the chamber of commerce office, AM 4-4641.

Floats entered by sponsoring agencies are: Webb Air Force Base; Women in Construction; and Big Spring Kennel Club.

Queen contestants, entered Friday were: Dee Ann Donham, sponsored by the Odessa chamber; Kay Phillips, Brownfield, entered by the Terry County Sheriff's Posse, and Alice Mae Zant, entered by Andrews County Sheriff's Posse.

Riding clubs entered are: Andrews County, Scurry County, Dawson County, Martin County, Terry County, Ector County, Lynn County, Fisher County, all Sheriff's Posses. Winters Riding Club, Stanton Rangers (girls) and Howard County Youth Horse

### Firemen Snuff 20th Story Fire

HOUSTON (AP) — Firemen spent three hours Saturday fighting a fire on the 20th floor of the 45-story Humble Oil building.

Intense heat and the hidden location of the blaze hampered them.

A desk, trash can and a filing cabinet burned. The heat caused a water pipe to burst, causing some water damage.

### Judge Blames Boys' Parents

CLEVELAND, Ohio (AP) — It's your fault, a juvenile court judge has told the parents of three teenagers police say stole

\$15,000 worth of loot from their neighbors in fashionable suburban Pepper Pike.

"This whole affair can be blamed on the rank carelessness of the parents," Judge Walter G. Whittlatch told the parents Friday.

The boys, who authorities said admitted 11 burglaries, appeared in court.

"Strange guns and property in the house — and no questions?" Judge Whittlatch asked the parents.

One of the women replied she thought her son had bought the property.

"And all the kids in Pepper Pike have guns," she said. The loot included television

sets, cameras, precision tools, rifles, antiques, and lathes. Some was sold to school chums, some kept in the boys' homes and some thrown away, authorities said.

One of the boys has an IQ of 132. The others have above average intelligence, according to

### Shot To Death

DALLAS (AP) — Ezell Pinkston, 54, was shot to death Saturday with six bullets. A woman was arrested.

## Sessions Set To Orientate Pre-Schoolers

All children in Big Spring, who will be six years old on or before Sept. 1, will have their first opportunity to see what school is like May 4 and May 11, when the pre-school roundup for the 1965-66 first graders will be held.

Orientation of next fall's first graders is the purpose of the roundup. Principals, first grade teachers, school nurses, and other personnel will present the program to the parents and children.

The time for all programs, except for those attending Marcy Elementary School, and Kentwood Elementary, will be at 2:30 p.m. Tuesday. Kentwood's program will be at 3 p.m. The pre-school program for Marcy will be at 2:30 p.m. May 11.

The only students who will register during orientation programs will be those interested in summer school for non-English speaking pupils. These will register at Kate Morrison and Bauer elementary schools.

First graders will register at the schools in their attendance area next Sept. 7, including those new to the school district, according to C. L. Ainsworth, director of educational services.

"We would like to urge all junior high and high school students, coming into the Big Spring district during the summer, to check immediately with the schools they will attend, so that schedules may be arranged," he said. "We have pre-registered those already in school and their schedules are known by them and the schools."

First grade students and parents attending the orientation sessions will be assembled in a room where they will be given information and instructions. The parents will receive booklets with helpful hints and pointers, along with information and regulations about school. These include age of admission, requirement of birth certificates, immunization for smallpox, diphtheria, tetanus, whooping cough, and polio, (all required), and an immunization card, signed by a physician.

Following the briefing period children will go to the various first grade rooms where they will observe classroom activities.

## Dies In Crash

DALLAS (AP)—Leslie Good, 25, died Saturday after his car crashed at nearby Mesquite. Good may have fallen asleep driving.

## Late April Weather Has Been Largely Unfavorable

COLLEGE STATION (AP)—Late April weather has been unfavorable to most Texas farmers, says John Hutchison, director of the Texas Agricultural Extension Service.

General rains would be welcomed over wide areas of the state, he said. An increasing number of district farm agents reported a shortage of labor. The eastern half of the state is in the best condition, Hutchison said. The driest areas are in the west and northwest. Grazing has been good where moisture was sufficient to keep cool season vegetation growing.

Children's Play Set

The story of a lame prince who is crowned a king by his fairy godmother, "The Little Lame Prince," will be enacted on the stage of Municipal Auditorium Wednesday, presented by the National Children's Theatre of Dallas. The play is sponsored by the Washington Place P.T.A.

## P-TA Sponsors Children's Play

The stage production of the children's fairy tale, "The Little Lame Prince," will be presented at Municipal Auditorium Wednesday at 4 p.m.

The National Children's Theatre of Dallas will present the show, the second of two being sponsored here this year by the Washington Place P.T.A.

Tickets will be sold at the door the afternoon of the performance, at 50 cents per admission. Season tickets were sold last fall for the two productions by the Dallas group.

The play is the story of a lame prince who was banished by a wicked uncle and sent to live in a solitary tower on a barren plain. A fairy godmother appears, bringing a traveling cloak which allows the prince to fly over the world. An estimated 100,000 children see the productions each year by the theatre, which tours an area ranging from Texas to

## Work Begins On Next Play

Rehearsals are underway for the Big Spring Civic Theatre production of "The Man Who Came to Dinner" May 14 and 15 in the Municipal Auditorium.

The play is the story of a witty, cosmopolitan radio celebrity who is deposited on a small town family when he is injured in a fall on the front steps of their home.

The lead role in the production will be played by Ron Carr, a veteran of numerous civic theatre productions.

Mrs. Norman Spencer Jr., director of the play, has announced the cast, which includes Sally Carr, as Mrs. Stanley; Hillary Sherred as Miss Preen; Jimmy Townes, Richard Stanley; Carol Odum, June Stanley; Kieran Doherty, John; Gloria Gale, Sarah; Regina Hine, Mrs. Dexter; Pat Jones, Mrs. McCutcheon; Gene Mikeska, Mrs. Stanley; Jo Ann Arnold; Maggie Cutler; Bob Bateman, Dr. Bradley; Joyce Town, Harriet Stanley; Louis Loveless, Bert Jefferson; Christine Tatum, Lorraine Sheldon; Clark Frayser, Sandy; John Arnold, Beverly Carlton; and David Carreiro, Banjo. Others who will double in several parts are Mike Koulakowski, Joe DeSousa, John Thomas, Larry

Sharp, Jerry Cottrell and Curt Dotson.

Co-producers are Louis Loveless and Johnny Economy and Lois Davis is assistant to the director.

A boys choir will appear in one scene, directed by Hubert Murphy. The choir will be composed of Roger Dixon, Keith Gum, Monty Hall, Bobby Heath, David Morton, Graham Pitcock and Steve Smith.

Charles (Swift) Burdette, in command all the way, pitched Big Spring to a 5-2, District 2-AAAA baseball victory over the Midland Lee Rebels here Saturday afternoon.

BURDETTE

Burdette, now 5-3 on the year, yielded only three hits and did not surrender an unearned run. The Steers staked him to all the insurance he needed by getting three tallies in the opening inning.

Braves, Devils Chalk Up Wins

The Braves and Devils were victors Saturday night in National Little League play with the Braves downing the Yankees, 8-3, and the Devils taking the measure of the Cardinals, 19-9.

Table with 4 columns: Team, AB, R, H, E. Rows include Braves vs Yankees (8-3) and Devils vs Cardinals (19-9).

Wolves Outlast HCJC Hawks, 8-7

COLORADO CITY — The Colorado City Wolves eked out an 8-7 victory over the Howard County Junior College Jayhawks Friday in a non-conference baseball game.

crossed on a wild pitch and a hit place in the standings by beating the Bronchos. Pinch runner Terry Smith made it home for Big Spring in the sixth on a one-baser off the bat of Pate. Anderson had doubled to open the inning and Smith had gone in to run for him.

Lee put two runners aboard in the seventh after two runners had been retired but Burdette forced the last man to roll out to the second baseman.

Dick McFarland started on the mound for Lee and worked until one was out in the seventh, when Al White took over.

Anderson and Pate each drove out two hits for Big Spring, which collected seven in all. Tuesday afternoon to Odessa High, and can tie for second.

Steer Tracksters Break Two Records At Hobbs

HOBBS, N.M. — Big Spring's entries in the State Track Meet next weekend in Austin set two new meet records at the annual Hobbs Invitational Track Meet Saturday night.

Table with 4 columns: Player, AB, R, H, E. Rows include Burdette, Anderson, Lee, White, Pate, Smith, Mears, McFarland, Johnson, Newton.

the Steer points. Terry Williams, former Howard County Junior College athlete, raced to a 9.2 in century for Texas Western College, TWC and McMurry held a dual meet with in conjunction with the high school meet. Williams' effort is just one-tenth off the world record of Olympic star Bob Hayes. His brother Zeke Williams was second with a 9.3.

Perhaps the most notable effort was put forth by the sprint relay team of Hughes, Kirby Hodnett, Marvin Hall and Joe Jaure, who ran a 42.0 to break the old record of 42.2 set in 1963 by Odessa Permian.

The Steer foursome outran a powerful Monahans quartet, which had a 41.8 clocking to their credit last week. Monahans ran a 42.1 and Snyder was fourth with a 42.2, with Hobbs fourth and Permian fifth.

Davis Is Hurt

LOS ANGELES (AP) — Tommy Davis of the Los Angeles Dodgers, the National League batting champion in 1962 and 1963, suffered a fracture and dislocation of the right ankle sliding into second base in the fourth inning of Saturday night's game against San Francisco.

though he ran second to ACC's Albert Van Troba. Troba was timed in 4:15.9 while Reyna was caught in 4:19.0.

As expected, Steve Langham of HCJC won the 440-yard run with a 48.5 effort.

Cisco wasn't officially entered in the meet but managed to win the 440-yard relay and the broad jump.

Results:

SHOT PUT—1. Herriott, HCJC, 46.9; 2. Napier, HCJC, 45.2; 3. Moore, ACC, 43.7.

POLE VAULT—1. Hobson, ACC, 14.3; 2. Taylor, ACC, 13.9; 3. Canway, HCJC, 13.3.

BROAD JUMP—1. Moore, ACC, 22.2; 2. Napier, HCJC, 21.0; 3. Knapp, ACC, 20.10.

DISCUS—1. Moore, ACC, 156.6; 2. Napier, HCJC, 152.3; 3. Herriott, HCJC, 135.4.

HIGH JUMP—1. Lancaster, ACC, 5.10; 2. Hobson, ACC, 5.4.

440-YARD RELAY—1. Cisco (Frank Biggers, Roger Moore, Curtis Carter, Isaac Barnes), 3:19.4; 2. HCJC, 3: ACC, 4:1.

MILE RELAY—1. Cisco (Frank Biggers, Roger Moore, Curtis Carter, Isaac Barnes), 3:19.4; 2. HCJC, 3: ACC, 4:15.9; 3. Walter Reyna, HCJC, 3:19.0; 4. Martinez, HCJC, 3:19.0.

440-YARD DASH—1. Steve Langham, HCJC, 48.5; 2. Randy Samuels, ACC, 50.0; 3. Isaac Barnes, Cisco, 51.0.

100-YARD DASH—1. Ken Knapp, ACC, 16.2; 2. Curtis Carter, Cisco, 17.1; 3. Bill Everett, ACC, 17.5.

200-YARD DASH—1. Tom Carter, HCJC, 38.0; 2. Frank Lancaster, ACC, 39.1; 3. Pat Hubbard, ACC, 39.5.

880-YARD RUN—1. Bill Byrnes, ACC, 1:59.2; 2. Bobby Sorenson, HCJC, 2:00.0; 3. Lynn Johnson, ACC, 2:01.0.

100-YARD DASH—1. Ken Knapp, ACC, 16.2; 2. Frank Biggers, Cisco, 17.1; 3. Bill Everett, ACC, 17.5.

1/2-MILE RUN—1. Walter Reyna, HCJC, 1:12.0; 2. Dove Piper, ACC, 1:13.0; 3. Pat Hubbard, ACC, 1:14.0.

1/4-MILE RUN—1. Pat Hubbard, ACC, 1:14.0; 2. Dove Piper, ACC, 1:15.0; 3. Tom Carter, HCJC, 1:16.0.

Team totals—ACC 74, HCJC 51.

## Locals Share Pro-Am Loot

SWEETWATER — Five Big Spring players shared first place awards in the pro-am tournament preceding the 30th annual Lake Sweetwater Invitational Golf tournament here Friday.

Spot Cockrell of Big Spring teamed with Jim Feagan, Lubbock; Robert Caffey, Big Spring; and Marie Rinker, Midland, on one of the four-somes.

Another team was composed of Charles Shepherd, Coleman; and Bobby Rutherford, Bud Snell and Bob Hawkins, all of Big Spring.

The third team tying for first place consisted of Dick Stovall, Bobby McLeod, Daphne Hays and Carl Wilson, all of Abilene.

The winning teams finished with a low-ball score of 54. Merchandise awards in the amount of \$19 was awarded to each of the teams.

Windy Green, formerly of Big Spring and now of Midland, and Gale Shed, Abilene, turned in the low medal score among the pros with 71's.

A total of 96 entries paid fees for the tournament, 18 of them from Big Spring.

The Big Spring entries were Jimmy Patterson, defending 1st in the tournament, Tommy Wilkerson, Bernard Rains, Charles Bailey and Frank Powell, all of whom rated the title fight, and Novis Womack, Bobby Rutherford, Bill Patton, Jackie Thomas, Ferris Hammond, J. W. Massingale, Cockrell, Dan Coates, Tommy Young, Snell and Doyle Paris.

# Modern Pros Tearing Top Courses Apart

By JAMES W. MANGAN - FORT WORTH (AP) — Ralph Plummer, a foremost golf course architect, says he believes pro golfers are so efficient they are outperforming the courses. And he's not thinking only of Jack Nicklaus.

Plummer held this opinion long before big Jack humbled the Augusta National Course in winning the Masters this year with a 17-under-par total for 72 holes.

"Augusta has been continually changed to keep up with the top players," Plummer said in an interview, "but it looks like they didn't do enough this year. If the officials had elected to narrow the fairways by letting the rough grow up, as they do in the Open, the scores would have been much higher. Of course, Nicklaus was hitting the ball so perfectly I think they might have given him a saliva test."

In Plummer's view, improved golf equipment and superior playing technique have gradually given the pro golfers an advantage that must be offset by continued tightening of tournament courses. He said many of the younger pros have been playing competitive golf since high school, and perfected solid game while in college.

Plummer, 64, has the tanned, weathered look of a man who works outdoors most of the time. A native of Fort Worth,

he has built 82 golf courses since 1927.

"I've built them in mesquite thickets in West Texas, rice fields in Louisiana, and swamps in Jamaica," he said, leaning back in his chair at the Colonial Country Club, site of the \$100,000 Invitational May 6-9. Plummer worked on the Colonial course in 1935, when mule-drawn wagons brought in dirt and fertilizer. He considers it one of the toughest layouts in the country, and predicted a 4-under-par total for 72 holes would take top money this year.

PRICES RISE

Once a par shooter who could beat some of his contemporaries by using only a putter from tee to green, Plummer rarely plays anymore, although he delights in watching others hit the ball inside and out to build a course.

"You must have water. You can impound it, you can dig wells, you can use a city supply. But you must have it. Then prevailing winds must be considered. You try to lay out the course with cross winds, so the players can try to control the ball rather than merely fight the wind."

HITTERS LIKED

"Everybody loves a hitter today, so you have to build a course that will measure more than 7,000 yards for the pros, but at the country club in Salt Lake City cost \$15,000, and the third hole at the Tryall Course the club members.

I built in swamps at Montego Bay, Jamaica, cost \$30,000.

Plummer is now working on the \$500,000 Great Southwest Course in Arlington, a layout he designed in consultation with Byron Nelson, one of the all-time greats of golf. This course, opening in July, "will be one of the best," Plummer declared. It will have a completely automatic underground watering system including 500 pop-up sprinkler heads and 100 miles of wiring, operated by a time clock.

The Champions Course in Houston is Plummer-designed, as are the DAC Country Club, Northwood and Preston Trail in Dallas, Ridgeway and Shady Oaks in Fort Worth, and the Midland (Tex.) Country Club.

What are the prime considerations for an architect? "You must have water. You can impound it, you can dig wells, you can use a city supply. But you must have it. Then prevailing winds must be considered. You try to lay out the course with cross winds, so the players can try to control the ball rather than merely fight the wind."

Plummer's first course was the 9-hole Edinburg Country Club, built in 1927 for the millionaire sheriff of Hidalgo County. It cost \$20,000.

"Today it often takes that much money just to build one hole," he said. "One green I built at the country club in Salt Lake City cost \$15,000, and the third hole at the Tryall Course the club members.

# Palmer's 206 Leads By Three Strokes

LAS VEGAS, Nev. (AP)—Arnold Palmer played it safe and sound Saturday, shooting a one-under-par 71 and posting a 54-hole score of 206 to lead his fellow golfers by three strokes or more in the \$75,000 Tournament of Champions.

Dick Simpson who provided the sensation of a hot windy afternoon when he shot a 30-on-the-

CASPER MAKES RUN AT THE LEADER Bill gets birdie on seventh hole

## Half Hundred Teams May Tee Off In Tournament

Approximately 40 to 50 couples are due to tee off this morning in the Couples Invitational Golf Tournament at the Big Spring Country Club. The tournament is being sponsored by the Big Spring Ladies Golf Association. Couples started teeing off at 7:30 a. m. No one will be allowed to tee off after 1 p. m.

## Cardinals Edge Pirates, 3-2

ST. LOUIS (AP)—Phil Gagliano singled across Bill White in the seventh inning, giving St. Louis a 3-2 victory over Pittsburgh Saturday.

## Braves Deflate Phillies, 6-2

MILWAUKEE (AP)—Felipe Alou drove in two runs with a pair of singles and Lee Maye cracked his second homer within 24 hours in helping Milwaukee to a 6-1 victory over Philadelphia Saturday.

## Steerettes Win Title At Abilene

ABILENE — Big Spring won the Class AAAA State Girls' Volleyball championship by defeating Pampa here Saturday. The Steerettes had earlier turned back Fort Worth Richardson in the meet.

## Bob Lee Big Help In 3-1 Win Over A's

KANSAS CITY (AP)—Bob Lee, who never has been scored on in relief by Kansas City, stopped the Athletics over the final three innings Saturday, preserving a 3-1 triumph for Rudy May and the Los Angeles Angels.

Palmer actually gained one stroke over Rodriguez and Sanders, who trailed by only two strokes when play began Saturday.

## Buford Stars As Twins Fall

CHICAGO (AP)—Don Buford, who homered earlier, raced home on Cesar Tovar's error in the eighth inning Saturday, boosting the Chicago White Sox past Minnesota 2-1 behind Joe Burford's six-hit pitching.

## Ford Pitches Yank Victory

NEW YORK (AP)—Whitey Ford pitched a strong 9-4 victory for the New York Yankees over Baltimore Saturday as the defending American League champions climbed back to the 500 mark.

## Snyder Bengals Win Behind Wall

SNYDER — Snyder's Tigers took advantage of erratic play on the part of Brownfield to defeat the Cubs, 4-2, in a District 3-AAAA baseball game here Saturday. The win was the seventh without a loss within the league for the Tigers.

## Relay Mark Is In Jeopardy

Track Entries Poised To Attack State Marks

The state meet last year but it could be another story this year. Both boys have cleared 15-foot this year several times. Sammy Maddox, the high hurdle star from Dallas Kimball, is in a class all by himself with a 13.8. Last week in the regional meet he raced to a 13.9 clocking. His closest competitors will likely be Jerral Landers, Bell (Fort Worth), with a 14.1 and Mike Robbins, Waco University, with a 14.2.

## McComas Tosses No-Hit Contest

ABILENE — Roger McComas hurled a no-hit game as Odessa Permian thrashed Abilene High, 4-0, in a District 2-AAAA baseball game here Saturday.

## Sam Mosly Named Coach At Ozona

OZONA — Sam Mosly was named Friday as the new head football coach for Ozona High School. Mosly has been the head coach at Elgin in District 18-AA for the past three years.

# No Penalties Likely In SW's Spring Meet

COLLEGE STATION, Tex. (AP)—Texas is expected to come off probation but there's not a chance of anybody being penalized at the spring meeting of the Southwest Conference.

With the statement that "the overall recruiting situation is reported to be better than it has for several years," Secretary Howard Grubbs said he expected the session that opens at Texas A&M Thursday to be one of the quietest on record.

A startling contrast with the last two during which SMU was put on two-year probation with sanctions, Texas and Arkansas were given indefinite probation and Baylor and Texas Tech were reprimanded, all for recruiting violations.

Texas was penalized at the May, 1964, meeting, and told the probation would be lifted within a year if it corrected the situation. Texas said it took such steps even before the penalty.

SMU can't be cleared until May, 1966, and in the meantime can't participate in a bowl game.

Arkansas was given its probation last December and must wait until next December to have it removed.

Neither Texas nor Arkansas is prohibited from playing in bowl games.

The NCAA paralleled the actions. Grubbs said no reports into inquiries of alleged rules violations would be made to conference officials. This indicated there was nothing to be investigated at this time despite rumors that one of the remaining three members that had not been touched as yet would be called on the carpet.

The three are Texas A&M, Rice and TCU. AAM was the one reported likely to be investigated and that a basketball recruiting case was involved.

But Grubbs professed no knowledge of the somewhat vague rumor.

While nothing of an explosive character was expected to come from the deliberations of the faculty representatives, this did not mean it would be a short meeting, Grubbs said.

There are many items to be handled, much of it involving implementation of new regulations, which takes considerable time.

## Hawks Defeat Stars, 4-3

The Hawks scored a run before a man could be retired in the last inning to nudge the Stars, 4-3, in an American Little League game here Friday night.

The game opened the season for the Hawks while the Stars are now 1-1.

Gary Travis scored the winning run for the Hawks after he singled. He finally came home on a fielder's choice by Mike Carroll.

Zane Anderson, the winning hurler, hit a double for the Hawks while Terry Price and Rick Aslin each had two singles.

Pete Shaffer had two one-basers for the Stars.

J. M. M. try 3:00 Carrill rbs 4:30 Price 3:30 Aslin 3:30 Shaffer 3:30 Grimes 3:30 Miller 3:30 Hummel 3:30 Travis 3:30 Phillips 3:30 Campbell 3:30 Bryson 3:30 Griesham 3:30 Burdett 3:30 Totals 23 3 Totals 18 4 14 Stars 310 Hawks 300

## Giants Outlast Indians, 9-6

The St. Thomas Giants pulled out a come-from-behind victory Friday night and defeated the Hull & Phillips Indians 9-6, in Texas Little League action.

Giants 9:00 Indians 9:00 Totals 310 300

# Cager Weds A Girl He Couldn't Beat

By FRANK ECK SOUTHERN PINES, N.C. (AP)—If you are a single young man who has been advised by a doctor to take up golf to strengthen a damaged limb, it might be best to begin the game with some hacker. But Warren (Bullet) Bell had to be different. He had been a seasoned basketball pro with the old Fort Wayne Pistons, often playing with a taped left shoulder to protect a three-way dislocation. A fellow could get hooked starting in a new sport with a female and that's exactly what happened to the former Findlay, Ohio High School athlete. He had grown up around Findlay with Peggy Kirk who became the best amateur woman golfer in the area. Bell, a gentleman even then, didn't bother learning the rules and since they didn't even wager a soft drink on the outcome nothing like keeping score dawned on him. After all it was his first round of golf and the lady, then 21, was doing him a favor.

course and lodges here he was practically broke. "To be exact," says Bullet Bell. "I had \$97 in the bank. But I didn't have to look far for a golf pro. Peggy got the job." They now have three children—two young daughters and a young son.

FEELS LUCKY Bell feels fortunate indeed.

PEGGY KIRK BELL Knows a golf pigeon

especially about his family and his golf. Two years ago Bell and Bob Davies, another former basketball star from Seton Hall and the old Rochester Royals, won the Carousel golf championship at Pine Needles. "Once in a while my shoulder bothers my swing," admits Bell. "It contains the muscle of a dead man," he adds as though this is an everyday occurrence. Dr. Vernon Dodd, then the chief surgeon at University (Ohio State) Hospital performed a transplant, taking a muscle from the leg of a clinic patient who had died in 1940. Dr. Judd Wilson, well known for knee operations on athletes, assisted. "You ought to be writing about Peggy and not me," Bell insisted. "She'll be playing in the Women's Open at Atlantic City this summer and it's amazing how she gets in her practice between the lessons she gives to men and women. "Furthermore, Peggy has had a 67 over Pine Needles and best I could do was a 70." It's a 6,905-yard course, too. Bell designed all the buildings on the 240-acre layout. "I'm happy if he just takes care of the place like he has," says Peggy Kirk Bell. "I feed the children, transport them to and from school, and if I make a few Ladies PGA tournaments this summer we'll all go along

## BOWLING BRIEFS

**MEN'S MAJOR LEAGUE** Results—Byron's Storage over Nabors Paint Store, 4-3; Mers Electronic Supply over NCO Open Mess, 3-1; Hester's Office Supply over Tacco, 2-0; Jones Construction over Pioneer Natur-Gas, 3-1; Team 10 over Caden, 3-1; Neel's Transfer split with Custom Upholstery, 2-2. ## City Tourney List Is Small

Entries in the Big Spring City Golf Tournament have been slow, according to Shorty Gideon, municipal course manager. Only 20 players had turned in qualifying rounds by Saturday, with the deadline set for Tuesday. Only one former champion, Charlie Bailey, 1963 winner, had entered. He turned in a 76 for his qualifying round. Gideon said he expected to have a large number of linksters on the course today for qualifying rounds. "We should have four flights by Tuesday and if I don't get as many as three, we'll call it off," he said. Last year 84 took part in the tourney. Bernard Rains is the 1964 champ. Play will start May 6 and continue through May 16. Each flight will have two weekends to complete play. First places, runnersup and consolation winners will receive prizes for their efforts.

# Matson Sets Record Despite Sore Knee

AUSTIN, Tex. (AP)—Texas A&M's Randy Matson, unchallenged king of the shot put, makes you wonder what he could do if he was feeling good. Friday, with a sore knee and feeling tired, Matson lofted the 16-pound iron ball 69 feet 3/4 inch, more than a foot farther

than his pending world record. With a grunt which could be heard several hundred yards away, Matson uncorked his mighty heave on his second throw in the preliminaries of a three-way Southwest Conference meet between Texas A&M, Texas and Rice.

about three weeks ago, and it's been hurting more and more," he said. Matson came back with a fine discus throw, but it was anticlimactic after his performance in the shot put. His best in the discus was 195-10 1/4, surpassing the collegiate record of 193-4 set by Bill Neville of Occidental in 1964, but below Matson's pending mark of 201-5 1/2, set earlier this spring.

## Texas PGA Has Own Course

DALLAS (AP)—The Texas section of the PGA has joined with the Pecan Valley Golf club of San Antonio where it will make its official home, Texas PGA president Earl Stewart announced Saturday. It will be the only section in the nation with its own golf course.

Executive secretary George Albach of Lufkin will move to San Antonio and have his office at the course. There now are 342 members of the Texas section—the all-time-high—Stewart said. The Texas PGA tournament, a 72-hole affair, will be held at the Goose Creek Country Club at Baytown Sept. 30-Oct. 1, 2, 3. The Texas Cup Matches, sending a team of amateurs against a team of professionals, will be Sept. 27-28 as a forerunner of the tournament.

## Drake Favorite

DENTON, Tex. (AP)—Drake is a strong favorite to make it three track championships in a row when the Missouri Valley Conference track and field, golf and tennis meets are held here next weekend.

## LOOKING 'EM OVER

# Anderson May Miss All Drills

By TOMMY HART Before spring football workouts had even started at the local high school, the training field had claimed another victim . . . Ronnie Anderson, an up-and-coming, 157-pound junior halfback, limped to the doctor with what appeared to be strained ligaments in his ankle. He'll probably miss all the workouts . . . The field, needless to relate, isn't in the best of shape . . . More and more, professional sports are becoming a playground for big-business concerns which get a maximum amount of free publicity and can use the exercise for tax writeoffs . . . A nationally-known electrical outfit is dickering for the Boston AFL entry . . . It's just a question of time before the labor unions get into the swim . . . Then Jimmy Hoffa will start reading the riot act to the baseball and football commissioners . . . Sunland Park, which recently ended its 1964-65 racing season, will raise the value of its Thoroughbred Futurity to \$25,000 next year and will deal out \$150,000 for its Quarter Horse Spectaculars . . . Joe Namath, the Alabama quarterback, may have to undergo another knee operation . . . Things have deteriorated to such a point that his career with the New York Jets is actually in jeopardy . . . His knee has locked on him twice in routine exercises . . . You can see the May 25 Sonny Liston-Cassius Clay fight on closed circuit television at the Paramount Theater in Abilene, if you're so amind . . . The price wasn't available at this writing . . . Guard-linebacker Phil Payne and end Mike Hall have been named co-captains of the 1965 Stanton High School football team . . . Look for another coach in a spring sport to be fired out of the Odessa school system . . . The head coaches over there are cleaning house and bringing in football men to replace them . . . In so doing, they're de-emphasizing other sports in order to concentrate on football, with the blessings of the school board.

Ex-Big Springer Billy Maxwell fired a final

round 72 in the Texas Open at San Antonio and missed the money by two strokes . . . He wound up with a 282, the same score shot by Henry Ransom, the Texas A&M coach . . . Cleveland's baseball attendance, spearheaded by that 44,000 turnout opening day, will probably go over 1,000,000 again this year — unless the Indians collapse utterly in the American League race . . . The Washington Redskins sought to obtain the controversial Texan, Joe Don Looney, from the Baltimore Colts, but the price was too high . . . Had he been alive and in his athletic prime today, Rev. Billy Sunday probably would have forsaken the pulpit to stay in baseball, since his lifetime batting average of .265 would have been respectable today — Sunday didn't hit too well against the devil, either . . . Don Taylor, the Hermleigh boy who has run the low hurdles in 19.5 this season, would like to attend HCJC . . . He'll be in the state meet next weekend . . . Representatives of Howard County have orally offered to provide the equipment needed to clear and level the land if directors of a small-fry baseball organization can talk the city into leasing a practice baseball area near the City Cemetery and the State Highway Department property . . . Rogello Reyes, the ring tiger in the stable of Martin County's Melton McMorries, won an April 20 fight in the Juarez bull ring against highly regarded Buffalo Hernandez . . . Hernandez, a pro since 1958, has had over 40 fights against some of the top boys . . . One of his wins came over Joe Brown, the former world's lightweight champion . . . Reyes kept the panicky Hernandez on the run all the way and the referee finally stopped the fight in the third . . . Big Spring will have its biggest representation in the State Track and Field Meet next week since 1942, and could be fielding its best team ever down there.

The "RED HOTS"

All diked out in their selling togs, New Car Salesmen, Bill Emerson, Art Blessingame, Walter Smith, David Hodnett, Jackie Hopper, Ford Caperton, Jimmy Felts and C. Y. Clinkscales, are pictured with New Car Sales Manager Jack Lamb. They're all peeved at dealer, Bill Pollard, for setting their quota too low. Jack Lamb says, "Why that's only 25 more units than the Used Car Department's Quota. We're going to beat them 75 units."

The "HOT SHOTS"

Pictured with Used Car Sales Manager, H. J. "Red" Holland, are Used Car Salesmen, Buster Davidson, Bo Crawford, Gene Allen, Richard Pachall and Skeeter Collins. Red Holland says "Beat us 75 units? why they won't beat us 25 units, in fact, we're going to sell more used cars in May and June, than the New Car Department does new cars. Why we're so "red hot" that our ties and pants have turned red."

# Keynote For Living

By JO BRIGHT

National Music Week, which always begins on the first Sunday in May and continues through Mother's Day, will be observed for the 42nd year on May 2-9 under the sponsorship of the National Federation of Music Clubs, a non-profit organization dedicated to music. This year's theme is "Make Music Your Keynote for Living." "Music is the language of all peoples and one of the greatest forces in creating peace and harmony," Mayor George Zachariah noted in proclaiming May 2-9 as National Music Week in Big Spring.

"The National Federation of Music Clubs—dedicated to encouraging young

(See KEYNOTE, Pg. 5-C, Col. 1)

Photos by Ken Good

THE MADRIGAL SINGERS, a specialized group within the Big Spring High School Choir, was formed this year by Mel Ivey, director, and has been heard on various programs including the school's recent stage production of "Hamlet." The group hopes to acquire period costumes for use in the future. Shown on the front row are Cynthia Pond, Larry Harp and Barbara Cook. In the second row are Pat Hamilton, Sheryl Gambill and Dick Sweeden, and the back row is composed of Don Hal Haney, Virginia Cloclazer and Benny Benson.

MAKING MUSIC their keynote for living are members of the Music Study Club who form the National Music Week Committee. Headed by Mrs. H. M. Jarratt left, they are Mrs. J. L. Christensen and Mrs. L. L. Beauvais, standing, and Mrs. Rene Brown, seated. Planning this week's programs with them is Don Morton, choir director at Galiaid Junior High School.

LADIES PLANNING A LUNCHEON are Mrs. C. B. Marcum, Mrs. Harrol Jones and Mrs. Delnor Pass. With them, right, is Miss Marilyn Lawson, who has received the Music Study Club's scholarship to Howard County Junior College. She will be an honored guest at the Saturday luncheon at Holiday Inn, where the guest speaker will be Mrs. J. S. Knauer of Midland, district president for the National Federation of Music Clubs.

PLEASED TO PERFORM for programs at the service clubs this week are members of the Music Study Club who are also requested to assist in musical affairs throughout the year. Having a practice session are Mrs. J. L. Manes, pianist, and from left, standing are Mrs. David Shaw, Mrs. Charles Beil and Mrs. Gerald Terreau.

THE SOUND OF MUSIC fills band halls as hundreds of students are encouraged to further their musical educations with the benefit of instruction and facilities offered by the public school system. At Big Spring Senior High School, band members practice their parts daily under the direction of Doug Weihe, and occasionally find time for a little informal warm-up before serious playing begins. Tuning up here are Dale Pless, Beth Weeks, Linda Fenley, John Green and Jonnie Goswick.

## WOMEN'S NEWS

Big Spring Herald

SECTION C  
BIG SPRING, TEXAS  
SUNDAY, MAY 2, 1965

### Speaks At Luncheon

Admiring the unique centerpiece at the home demonstration club Friday luncheon are Mrs. Neil Norred, Mrs. C. R. Berkley and Miss Patsy Reynolds. Mrs. Norred, a member of the City HD Club, served as chairman for this year's luncheon, and Mrs. Berkley is the

state president from Odessa. Miss Reynolds was the guest speaker and is the Family Life Specialist from Texas A&M University. The luncheon theme was "Old Folks at Home."

## HD Luncheon Speaker Explores Retirement

"Mutual understanding of problems, and humor in some situations are necessary ingredients in co-existence with the elderly," said Miss Patsy Reynolds, guest speaker at the Friday luncheon sponsored by the Howard County Home Demonstration Club Council. The theme of the Big Spring Country Club luncheon was "Old Folks at Home," and it was attended by 80 representatives of the area HD clubs and their honored guests.

### To Marry

Mr. and Mrs. Chester L. Burton, 811 W. 7th, announce the engagement and approaching marriage of their daughter, Melva Joyce, to Thomas H. Toy, son of Mr. and Mrs. Joseph H. Toy of Clifton Heights, Penn. The wedding is scheduled for June 5 in the Eleventh Place and Birdwell Lane Church of Christ with Richard Williams, minister, officiating.

### Mrs. Keith Lloyd Honored At Party

COAHOMA (SC)—Mrs. Keith Lloyd was honored Tuesday with a pink and blue shower in the home of Mrs. Tommy Williams. Cohostesses were Mrs. Elton Davis and Mrs. Edward King. A corsage of baby socks was presented to Mrs. Lloyd. Fifteen guests were served from a table covered with a pink cloth with an overlay of lace centered with a stork.

## Meticulous Woman Can Shed Years

With proper skin care and use of make-up today there is little need for a woman 45 and older to appear 10 to 20 years older than she is. There is little excuse for a 20 century woman not to have clean, well-groomed hair and a sparkling, clear complexion.

The older woman does have special make-up problems. Often these stem from not knowing what colors now flatter her skin tone the most. If you are fair and once were a blonde or a light brunette, choose foundation and face powder with pink tones. Use rose beige tone shades if you were a true brunette.

The new brush-on rouges check many mature women from putting too much rouge in round ugly spots. Brush rouge over your foundation from the hollow of the cheeks, over the cheekbones and toward the temple. Then apply powder over this with a cotton ball and brush away excess.

Select light delicate lipsticks such as pinks or soft reds. These are more in keeping with the mature woman's skin tone. Harsh lipstick tones, blotches of rouge and heavy eye make-up detract from rather than enhance her complexion.

### Drapery Cleaning

Before clearing draperies, mark each pair with a different color thread. It makes matching them a simple job when re-hanging.

### Plans Told

Mr. and Mrs. John Collerson Mott, Stanton, have announced the engagement and forthcoming marriage of their daughter, Nettie Jean, to Richard Daniel Scudder. He is the son of Mr. and Mrs. Louis Scudder, 330 Harman, Duncanville. The wedding will be performed at 7:30 o'clock, July 10, in the First Baptist Church at Stanton.

### Water Seedlings With Gentle Care

Never pour water on small seedlings in window boxes in such a manner that you wash the tiny plants away.

Instead, use a wet sponge and squeeze it over the tiny plants in droplets too small to damage fragile plants.

## Society Sets May Date For Picnic

A picnic supper was planned for May 11 when the Big Spring Organ Society met Tuesday at 7:30 p.m. at 607 Gregg. Mrs. I. G. Hudson conducted the business meeting as the group agreed to discontinue meeting during the summer months. The picnic will be held at the Pat Boatler home in Silver Hills.

The program, "Teaching Tips," was given by George Laubmeier, who distributed instruction sheets and played favorite selections requested by members.

Six new members were welcomed.

comed. They were Mr. and Mrs. Boatler, Mrs. William E. Row, Mrs. Caribel Laughlin, Mrs. Reba Meadows, Mrs. Marshall McAdams and Roy Rogan.

Refreshments were served by Mrs. Hudson and Mrs. Earle Reid to the 22 members and guests, and the evening ended with impromptu playing by those attending.

## Sprague & Carleton

for Heartwarming Living

This is the Grafton Bedroom . . . in Solid Rock Maple by Sprague & Carleton . . . featuring the stately Spindle Bed accompanied by the exclusive Cabinet Night Stand with large Bookcase Top. Matching perfectly is the 6 drawer Chest on Chest. Then to complete the ensemble, the 52" Double Dresser with Framed Mirror adds both convenience and charm. See this grouping today.

Typical of the authentic styling of Sprague & Carleton is the Oval Extension Table and Mate's Side Chairs shown here. Hand crafted from the hardest and finest grained of North American woods, this magnificent dining room setting is made complete by the 2 drawer Welsh Cupboard Base with matching Hutch Top. Like all of the 350 Early American designs by Sprague & Carleton, these pieces have been finished with the exclusive Mapelux finish that is highly resistant to stains, heat, scratches and even spilled nail polish! It's America's Most Beautiful Maple. See it today.

### Engaged

Mr. and Mrs. R. D. Lane, 1482 Stanford, are announcing the engagement and approaching marriage of their daughter, Sandra Ann, to Airman 3. C. James Allen Payne, son of Mr. and Mrs. William Albert Payne, Nordheim. The couple plans to be married July 3 in the Crestview Baptist Church with the Rev. R. B. Murry officiating.

### Reducers' Delight

Low-calorie cranberry juice and low-calorie whole berry cranberry sauce, when served with meals, will make you forget you're on a diet. They're good!

### California Travelers Visit In Coahoma

COAHOMA (SC) — Visiting here with Mrs. Susie Brown is her son and family, Mr. and Mrs. James Brown, and son, Mike, from Oakland, Calif. They are en route to Germany.

A. D. Greenfield is a patient at the Howard County Hospital Foundation.

Harold Fraser is a patient at the Malone and Hogan Foundation Hospital.

Mrs. A. W. Yell is visiting here with her sisters, Mrs. A. C. Hale, Mrs. Ruth Shive and Mrs. Mary Grace Holden. Mrs. Yell, whose home is in Brownwood, is on an extended visit here and with relatives in New Mexico and Arizona.

Grover J. Bright flew to Dallas Tuesday to attend a special school on business management sponsored by the Mobil Oil Co.

Mrs. Maudie McGregor is a patient at the Malone and Hogan Foundation Hospital and is reported to be improved.

### Plant Life Striking

Favorites in Europe for many years, striking anthurium plants, cousins in the pineapple family, are being seen more and more in U. S. house plant collections.

Professional growers in all parts of the country, particularly in Ohio and Pennsylvania, are now producing several attractive varieties of anthuriums, in both flowering and foliage types.

The flowering varieties will keep on delivering blossoms all year, if kept in a not too moist condition, in porous red clay flower pots, and watered only when the top soil feels dry to the thumb.

### Marriage Announced

Mr. and Mrs. R. B. Bledsoe, Ackerly, are announcing the marriage of their daughter, Sueljen, to Airman 3. C. Walter Landon, son of Mr. and Mrs. Wilbur Landon, Baltimore, Md. The couple were married at 7:30 p.m. Friday in the First Christian Church in Lamesa and reside in Ackerly.

### HINTS FROM HELOISE

## Preheat Casseroles For Quick Cooking

Dear Folks: If you are in a hurry to make scalloped potatoes, meat loaf, etc., try this method whether you use one of those new freezer-to-oven dishes or a cast iron skillet.

After mixing your ingredients, put the casserole over a low fire on your stove until the bowl and all of its contained vittles are warm and THEN put it in your oven.

Do you know it will start cooking faster? Wow! Try it.

The reason is: you usually put a cold bowl and its contents into the oven, and it will not start cooking until the bowl and the contents get warm.

By heating it first, it starts cooking immediately because it takes very few minutes for your oven to reach its proper degree. I leave the baking dish on top of the burner until the food barely starts to bubble, then pop it in the oven.

Saves time especially when I'm in a hurry. Heloise

Dear Heloise: Here is an idea that might help the busy mother of little girls when shampooing day comes around.

Buy an adjustable, lean-back, canvas lawn chair (child's size). Place the chair in the bathtub, then with a rolled up towel for a neckpad and a shower hose (from the dime store), the

child can lean back and enjoy her shampoo, just like in the beauty parlor. . . . Nancy R. LaRive

Dear Heloise: Frequently, a letter appears in your column asking about the removal of odors in homes.

There is one product that I have found to be more effective than any other . . . oil of wintergreen.

This oil is marvelous to keep the house free from stale odor of tobacco. If a small amount is placed on a wad of cotton, it will absorb all smoking odors.

Another wad of cotton soaked in wintergreen can be placed in a clothes closet. In the kitchen, it eliminates odors from frying or when cooking cauliflower or cabbage.

Everyone who comes in remarks on the fresh clean smell of my house.

A pat of appreciation for your column from . . . Pat

Dear Heloise: I have three towels on my kitchen wall—one for the dishes, one for the hands, and one for the glasses, cups and teaspoons.

The latter is not of cotton, but of pure linen, in order to keep the glasses lint-free, crystal-clear, and diamond sparkling. . . . N.M.

Dear Heloise: I wear bifocals for reading, but they get in the way when I'm cooking.

I keep a large magnifying

glass on the kitchen counter for reading recipes and cooking instructions. . . . Mrs. Thomas P. Clarke

Dear Heloise: I have a pastel telephone that is always collecting dust (inside the dialer), so I use a child's toothbrush and dial from zero once or twice . . . that does it. . . . P. Davis

### HELOISE BOOK IS NOW AVAILABLE

You can now get the best-selling HELOISE'S HOUSEKEEPING HINTS for only 50 cents plus 1 cent sales tax. The paperback edition contains 10 chapters, 168 pages, hundreds of valuable hints. It contains every word found in the \$3.95 hard-cover edition which has sold over 350,000 copies. Pick up your HELOISE books at The Herald office. (Write Heloise in care of the Big Spring Herald.)

MRS. HERBERT HARRELL HICKS

## Couple Recites Vows In Dallas Ceremony

Miss Tommie Sue Lovelace at the hemline. A detachable and Herbert Harrell Hicks exchanged wedding vows at 7 o'clock Saturday evening in the chapel of Oak Lawn Methodist Church in Dallas. The double ring ceremony was performed by Dr. Fred R. Edgar and a small tailored bow enhanced the natural waistline of the center front.

The bride is the daughter of Mr. and Mrs. Tommie Lee Lovelace, 711 Washington Blvd., and parents of the bridegroom are Mr. and Mrs. John B. Hicks, 2916 Lester, Texarkana. The bridegroom's brother, Bob Hicks, Texarkana, was the best man, and Ronny Russell, Grand Prairie, and John Black, Dallas, were ushers.

For a wedding trip to Hot Springs, Ark. the bride wore a pale blue three piece suit of linen with a small pillow hat in matching shade, and bone accessories. Upon returning, the couple will reside at 311 Moore Hall, Southern Methodist University, Dallas.

The bride is a graduate of Big Spring High School and attended Howard County Junior College. She is now employed by the Trinity Portland, Cement Division, in Dallas.

The bridegroom is a graduate of Texas Senior High School in Texarkana and attended Texas Wesleyan College at Fort Worth. He is a graduate of East Texas State College at Commerce where his fraternity was Delta Sigma Phi. In June he will enter Perkins School of Theology at Southern Methodist University.

## Presidents Honored By BPO Does

Past presidents of the BPO Does were honored at 7 p.m. Wednesday during a salad supper held at the Elks Lodge.

Mrs. A. D. Jenkins presided, introducing the honorees as Mrs. Glen Gale, Mrs. Joe Clark, Mrs. Bill Rogers, Mrs. O. L. Grandstaff and Mrs. L. D. Jenkins.

During the business session, Mrs. L. D. Coff served as chaplain. Reports were given by the card, membership, entertainment and ways and means chairmen. The new jewels of office were worn by the participants for the first time.

The women agreed to sell Texas recipes books as a fund-raising project.

Tentative plans were made for a Mother-Daughter banquet which will be under the direction of Mrs. Rogers and Mrs. Clark.

Refreshments were served and Mrs. Hugh Nixon's name was called for the attendance prize.

## Mesquite Turns Into Money Tree

A mesquite tree sprouted money in a Friday afternoon farewell party for Mrs. Curtis Roberts. The party was given by the teachers of the Airport Elementary School.

The school auditorium was the scene of the surprise party that was attended by 23 teachers. Refreshments were served by Mrs. John R. Harley and Mrs. Otis McBride.

## Artist Plans Exhibit Today In Coahoma

COAHOMA (SC) — Cecile Adams Foster of Sudan will present an exhibition of paintings and crafts at the Coahoma Insurance Office, today.

Mrs. Foster is well known in Lubbock where she has been active in art circles for ten years. Since 1955, when the South Plains Art Guild sponsored her in a group showing of paintings at the West Texas Museum in Lubbock, she has participated in both competitive and invitational exhibitions presented by the Texas Water-color Society; Texas Fine Arts Association; Beaumont Art Museum; Delgado Museum of New Orleans; Sun Carnival, El Paso; Kaguna Gloria Museum, Austin; Lubbock Women's Club; Helen Kendall King Museum, San Angelo; Women's Club, Midland; Fine Art Center, Canyon; and West Texas State University Library, Canyon.

Although Cecile Foster has gained wide acclaim as a watercolorist, her dynamic oil paintings are also included in numerous permanent collections, including that of the Roswell Fine Arts Center, Roswell, N.M. In the current show viewers will see techniques used to create the vivid hues of old

Mexico which depict the subjects that Mrs. Foster sketched on her recent trips to San Miguel. The public is invited to attend the showing of Mrs. Foster's work from 2 to 5 p.m.

The egg came before the chicken. Birds are and offspring of reptile stock that was laying eggs millions of years before the first prehistoric bird flew, the National Geographic says.

Egg Before Chick

**Sets Date**

Mr. and Mrs. E. J. Brown, 5646 Beach St., Riverside, Calif., are announcing the engagement and approaching marriage of their daughter, Diana Christina, to Richard B. Clark, son of Mr. and Mrs. Joe Clark, 706 Tulane. The couple plans to be married August 11.

**Keynote**

(Continued from Page 1)

musicians, to increasing musical knowledge and to advancing American music—is joining forces to direct attention to the dynamic influence of music in every day living. Therefore, I call upon all our citizens to reflect upon the importance of music in our lives and to take part in the activities of this special week as a means of enriching the cultural life of our city," he said.

The Music Study Club is leading the local observance of National Music Week by participating in or arranging musical programs for various groups.

This afternoon at 2 o'clock club members will appear at Bennett House to perform to the accompaniment of Mrs. Louis Heinze, pianist. Mrs. Carl Bradley will be heard in vocal solos, and a vocal sextet will be Mrs. B. F. Meacham, Mrs. L. L. Beauvais, Mrs. Gerald Terreau, Mrs. Harro! Jones, Mrs. John Arnold and Mrs. J. L. Christensen. Performing in a duet will be Mrs. Arnold and Mrs. Terreau.

At 3 o'clock, patients at the state hospital will be entertained with vocal numbers by Mrs. Bradley, Mrs. Arnold, Mrs. Terreau and the sextet. Their accompanist will be Mrs. H. M. Jarratt, and Mrs. Heinze will present a piano solo.

Patients at the Veterans Administration Hospital will hear club members Tuesday at 2 o'clock. On the program will be Mrs. James Manes, pianist, and Mrs. Rene Brown, vocal soloist. A saxophone solo will be given by Mrs. Charles Bell.

Appearances at service clubs and the TV station will be made by high school band members, under the direction of Doug Wiehe, and high school choir members, under the direction of Mel Ivey. Other performers will be Mrs. David Shaw, vocalist, who will be accompanied by Mrs. Manes, and saxophone numbers will be heard from Mrs. Bell.

Saturday's observance will be a club luncheon at Holiday Inn where Mrs. J. S. Knauer, Midland, district president, will be the guest speaker. An honored guest will be Marilyn Lawson, the club scholarship student at Howard County Junior College.

Climaxing the week will be the Sunday concert at 3 p.m. in the high school auditorium when a program will be presented by choirs from Gollad and Runnels Junior high schools.

**'Dry' Shampooing**

An easy way to prepare "dry" suds for shampooing upholstery is to beat up a mixture of soap or detergent with a little warm water. Make sure the lather is so stiff that no liquid remains at the bottom of the bowl.

**'ROUND TOWN**

By LUCILLE PICKLE

The past week has been a busy and a pleasant one for MRS. ANNE HARDY who is entering a long time friend, MRS. PAUL WASHINGTON of Oklahoma City. The two women were high school friends in Dallas. To compliment the Oklahoma, Mrs. Hardy's daughter, MRS. JIM BOB CHANEY and MRS. J. H. HOLLOWAY invited more than 50 friends in for coffee at the Chaney home Thursday morning. Thursday evening MRS. CUIN GRIGSBY was hostess for a party at her Lake J. B. Thomas cottage, and Friday night MRS. B. B. BADGER cooked up a tremendous Mexican dinner for the visitor and her hostess. Those who know say no one cooks enchiladas like Ora Badger.

Saturday Mrs. Washington and Mrs. Hardy along with Mrs. Chaney will go to Odessa where they will be the luncheon guests of MRS. "CHOP" VAN PELT, former Big Spring resident who was responsible for Mrs. Chaney coming to Big Spring prior to her marriage.

During the week Mrs. Hardy will accompany Mrs. Washington to Fairplay, Colo., where she will see after some interests there.

Real Friends of the Library are members of the Las Artistas who are going to buy some really good books on art and place them in the Howard County Library. The members reasoned that the books were much more expensive than the individual artists could afford, so the club will buy them, place them in the library so not only the members but others as well can reap the benefit of the club's gift.

MRS. ROY LASSITER is in Arlington, Va., where she is visiting relatives and to have a family get together for the next two weeks. She left here by train Friday and was to meet a sister, MRS. GRACE MODGEL-ESKI of Barstow, Calif., and a niece, MRS. FRANK BARTON of Wink, both of whom arrived by air. They will be guests in the home of another niece, MRS. J. E. McSWAIN, whose husband is to leave for a tour of duty in Germany in July. Mrs. McSwain plans to join him later.

The group has tickets for a congressional tour of the White House for May 6 which Mrs. Lassiter is looking forward to. Also Mrs. McSwain gave advance notice of the beauties of Washington, D. C., and the surrounding states this time of the year, although they will miss seeing the cherry blossoms.

I read where wine could be made from dandelions. Little as I care for wine regardless of what it is made from, I could have made a killing by selling dandelions from a yard here several years ago. That householder would have been happy to know that the ornery weeds were good for anything other than plaguing him.

When the coffee for MISS CLAUDIA SELF was given Thursday morning one of the hostesses, MRS. H. R. JARVIS, couldn't be here from her home in Houston because of the end of school activities of her younger daughter, Judy, who is graduating from high school there.

HAROLD (Booger) HARVEY who lived here a number of years ago and still visits relatives here each summer, has recently taken over the duties of president of the Alice Optimist Club.

MRS. TOM ASHLEY is in Eau Gallie, Fla., where she is visiting her son-in-law and daughter, MR. and MRS. HOWARD HOUSER.

MR. and MRS. HORACE REAGAN spent several days this week visiting an elderly aunt of Mr. Reagan's in Brady and then spent some time in San Angelo.

The FRIEND TALBOTTs made a business trip to Lubbock Thursday.

Grandchildren have figured in the news life of the W. F. TAY-

**Coahoma 4-H Club Hears Talk**

COAHOMA (SC) — The 4-H Club met Monday evening at the high school library with Elaine Webb presiding. A talk and demonstration on "Money Management" was given by Martha Couch of Gay Hill and a demonstration on "Tractor Safety" was given by Bruce Nichols and Kelly Gaskins of the Knott 4-H Club.

Refreshments were served to the three adult leaders, Mr. and Mrs. Donald Webb and Mrs. Harold Harrington, and to the 19 members, eight adults and ten visitors.

**Decorator Uses Common Salt**

Common table salt is used by decorators to hold artificial flowers in an arrangement. Pour the salt into the container, pour cold water over the salt, and arrange the flowers one at a time. When the salt dries, it solidifies and holds the flowers in a permanent arrangement.

**Revolving Rack**

If your closet is small, a revolving clothes rack such as those used in department stores will help you to save space. These now are available in sizes small enough to permit you to double your present clothes-hanging capacity.

**Plans For May Day Fellowship Banquet**

WESTBROOK (SC) — Plans were made for a May Day fellowship banquet in the Monday afternoon meeting by the Methodist Woman's Society of Christian Service. The Rev. C. T. Jackson completed his program of study on the book of Genesis. Mrs. D. B. Humphreys returned home Friday from Dallas where she had undergone medical care. Mrs. Mollie Van Horn and Mrs. Pauline O'Keefe of Odessa were here Sunday afternoon visiting Mrs. Margaret Powell who is in Root Memorial Hospital. Guests in the Sam Scroggins

home during the weekend were his mother, Mrs. W. L. Carnahan of Plains, and James Burleson and children, Chuck and Debbie, of Odessa.

Mr. and Mrs. Ernest Ferguson and Kenneth of Lubbock visited in the Attila Clemmer home Sunday.

**Limit Wash Load**

When laundering wash-and-wear, it is desirable to limit the machine load to half its normal capacity. The less crowding during sudsing and rinsing, the less chance of setting wrinkles.

# WEBB WINDSOCK

By MOLLIE HARTZOG

Election time is here again and although we do not require poll tax, we do require payment of dues before voting, so be sure your husband has not pinched pennies and pre-empted the privilege of your picking the people you prefer. Deadline on luncheon reservations is Tuesday noon and the meeting will be a closed one, that is, members only. Taking reservations are Mrs. D. L. Frederick AM 3-4769, and Mrs. R. F. Vega AM 4-4547. Voting may be done at the door beginning at 12:30 p.m. but in so doing you miss out on the chance of voting for nominees from the floor. The candidates for president have now dwindled to just two, Mrs. Tim Thomas and Mrs. Glenn Phillips, due to possible transfer of the third candidate, Mrs. R. L. Counts. Transfers usually seem to pick the most inopportune moments when it comes to organizing the OWC.

### TRANSFERRED

Transfers have also done some unsettling in the Student Squadron and that group soon will lose three of its longer staying members. Mrs. James Marlin and Mrs. Alan Grill depart soon for San Antonio, and Mrs. S. E. Berry leaves soon for Indiana, although that is a transfer to civilian life, too. These ladies were honored with a spring luncheon at Mrs. R. C. Hammerle's home at Ent Drive. As the occasion of departing friends is unfortunate, the event was attended by the unlucky number of thirteen guests. Most of us are resigned to the losing of friends in the military and of course there is always the chance of bumping into them again in some unexpected place or time which is

half the fun of military life. The luncheon guests did celebrate in style amid spring bouquets and luscious confections of strawberries and whipped cream.

Tuesday at noon the Panhellenic Group will sponsor a luncheon at Holiday Inn for members of national sororities which are affiliated with National Panhellenic Council. If you are in doubt whether your sorority is an eligible one, call Mrs. M. R. Koger, AM 4-5864, who is also the reservations chairman for the affair. Several Webb wives are anxious to meet more of their sorority sisters from other colleges and universities.

There were some strange noises heard recently on Gunter Drive but on investigation proved to be guests heading for a soiree at the home of Capt. and Mrs. James Marlin. The noises were caused by artful dodging of neighborhood ducklings, small bunnies, and the Marlin's dog who was vainly watching the tempting morsels go by. It seems that neighborhood has a bunch of soft-hearted parents whose children in turn were able to wheedle their little hearts desires for Easter. Once safely inside the Marlin home, the guests were able to relax, wine and dine and view the proceedings with little alarm. Original plans called for the party to be held on the patio but it seemed better all things considered to withdraw to safer, quieter rooms. For all of that, it turned out to be a lively and successful evening for all concerned.

### ORIENTATION

Family Services is sponsoring an orientation May 4 and 5 from 9 a.m. until 12 o'clock noon at the Service Club. Free nursery and refreshments will be available.

The wives of Classes 65-G feted the wives of 66-G and they are all demolishing watermelons while we sit here pounding a typewriter. The affair might be termed a watermelon bash but as reported to us, Mrs. Larry Snow was not letting any melon go to waste and was unanimously awarded first prize in melon consumption. The home of Mrs. Thomas Brady was chosen with regard to its large Nora Clayton Linda Perry, a backyard and high fence, all voice student, also was heard on the program.

### Mrs. Sidney Long Presents Recital

Piano students of Mrs. Sidney Long of Gail were heard in recital at 8 p.m. Wednesday in the auditorium of the high school at Gail. Those awarded silver trophies were Brenda Jackson and Diana Curry, and others who performed were Jerri Hodnett, Sandra Hancock and Nora Clayton Linda Perry, a backyard and high fence, all voice student, also was heard on the program.

MRS. FRANK T. MARTINEZ

## Miss Chavez Weds Frank T. Martinez

In a morning ceremony Saturday at St. Thomas Catholic Church Miss Grace Chavez became the bride of Frank T. Martinez.

Parents of the couple are Mr. and Mrs. Antonio Martinez of 1902 N. Runnels St. and Mr. and Mrs. Arcenio Chavez, 3916 Victoria, Abilene.

The altar was decorated with an arch of white flowers trimmed with the crest with white wedding bells. The background was of fern and other greenery. The Rev. Robert McDermott officiated.

Mrs. Leslie Green was organist for the nuptial ceremony.

**FORMAL GOWN**  
Given in marriage by her father, the bride wore a formal gown of white peau de soie fashioned with scoop neckline, molded bodice and long sleeves that tapered over the hands. The bodice was trimmed with Alencon lace motifs and fastened with covered buttons. The detachable train was held to the modified belle skirt. A peau de soie bandeau bow lavished with lace and pearls held a pure silk butterfly veil. She carried a bouquet of feathered carnations centered with an orchid corsage.

The matron of honor, Mrs. Albert Deanda, wore a white floor-length brocade dress fashioned with a scooped neckline and cap sleeves and short jacket. Miss Aurora Morales, Miss Betty Dominguez, Miss Lupe Martinez, sister of the bridegroom, Miss Sulen Yanez and Miss Beatrice Torres were bridesmaids and wore floor length pink dresses. The junior maids, Rosalinda Zubiate and Josie Mendez wore aqua dresses in the fashion of the bridesmaids.

Albert Deanda was best man and groomsmen were Luis Sanchez of Midland, Humberto Hernandez, Manuel Gutierrez, John Fierro and Adolfo Larrea.

Cathy Chavez, the bride's niece, was the ringbearer. When the couple departed for a wedding trip to an undisclosed destination, the bride wore a lime knit suit with white accessories. She wore the orchid corsage from her wedding bouquet. The couple will make a home at 296 NE Tenth St. when they return here.

The bride is a senior at Big Spring High School and will graduate this month. The bridegroom graduated from the local high school and is attending Howard County Junior College. He is employed at the Big Spring State Hospital.

**RECEPTION**  
Following the ceremony guests were received by the parents and the bridal couple at a reception at noon held in the church hall. Mrs. Tony Chavez registered the guests. Refreshments were served from a table covered in white lace and centered by an arrangement of white carnations. A three-tiered wedding cake was topped with a miniature bridal pair. Serving punch and cake were Mrs. F. E. Morales, Mrs. Juana Vera, Mrs. R. G. Savala, Mrs. G. U. Ochotorena and Mrs. Manuela Trevino.

**Art Pupils Hold Tea**  
An art tea for students was given by Mrs. Ira Raley Friday evening. One hundred paintings were on display and an original water color decorated the registration book.

The table was covered with felt and net with a center-piece of an artist palette using spring flowers instead of paint.

Cohostesses were Mrs. John Annen, Mrs. Billy Casey, Mrs. Ray McCann, Mrs. Charles Wash, Mrs. Bob Wash, Mrs. Paul Ganden, Mrs. Bob Simpson, Mrs. Martin L. Lewis, Mrs. Frosty Robinson, Mrs. Joe Meador and Mrs. Wanda Collier. Miss Linda Meador assisted with the registration book.

**Sound Of Music Marks New Era**  
The sound of music marks the fourth dimensional challenge presented by today's home interiors.

With 35 million amateur musicians making their own music and homes abounding with radio, stereo and hi-fi, the modern home often assumes the character of a series of miniature concert halls.

## Furniture 'Eyed' By Newlyweds

June brides-to-be and their grooms will soon be furnishing their first homes. Often they have limited budgets and space, and buy their furnishings with a view to using them later as "extra" pieces when they move into larger homes.

Correlated mix-match chests and cabinets and sectional sofas are a good choice for the budget-minded couple. Particularly if their first home is small, these pieces can be lined up and stacked along one or two walls, taking up a minimum of room and providing a maximum of storage space. They can be arranged to fit rooms of any size or shape.

One typical arrangement is to start with two corner sectional love seats and working outward along each wall, add tables, cabinets, desk, chests and bookshelves in stacked units that look built-in.

MARY MARGARET GARY

## Miss Gary Competes For Maid Of Cotton

Miss Mary Margaret Gary, Big Spring's 1964 Maid of Cotton, will be in Lubbock Monday and Tuesday to compete in the 1965 South Plains Maid of Cotton selection. The competition is a preliminary to the 1966 National Maid of Cotton selection to be held by the National Cotton Council in Memphis, Tenn., in late December of this year. The winner of the South Plains contest is an automatic finalist in the national selection.

Miss Gary, 19, a junior at North Texas State University, is the daughter of Mrs. Cornelia Gary, 1510 Nolan, a faculty member at Goliad Junior High School. She graduated from Big Spring Senior High School in 1963 and for a year was a student at Howard County Junior College.

school annual, secretary of the Shorthand Club, and a member of the Pep Squad, Future Homemakers of America and the Tri-Hi-Y.

At the junior college, she was secretary of the freshman class and the Lasso Club, and was a member of the Shorthand Club. While there, too, she was named Ranch Queen by the freshman class.

She is majoring in advertising art at North Texas and is a member of the Student Association of Advertising Designers. She holds membership in the Women's Forum, also while in college.

### PANHELLANIC WILL MEET

The City Panhellenic, affiliated with the National Panhellenic Conference, will have a luncheon at 12 o'clock noon Tuesday at Holiday Inn. Local women who are eligible to join the group are invited to attend and are requested to call Mrs. M. R. Koger, AM 4-5864.

### ACTIVITIES

While in high school here, Miss Gary was art editor of the

## New Agent Will Work In Dawson

LAMESA—Mrs. Mildred Medlock will become the home demonstration agent for Dawson County on June 1, according to Mrs. Aubrey W. Russell, of Lubbock, district agent.

The new agent will replace Miss Bula Moudy, who is resigning May 31 to resume her work on an advanced degree at Texas Technological College.

Mrs. Medlock will work on an in-service training basis in Dawson County during May, Mrs. Russell said.

She was an Extension Home Management Specialist for the High Plains area for two years prior to her marriage to Kenneth Medlock, a resident of Lamesa.

Before working for the Texas Agricultural Extension Service, Mrs. Medlock served as a county home demonstration agent for two years in Lane County, Kans.

Mrs. Medlock holds a BS degree in Home Economics Education from Oklahoma A&M and an MS degree in the same field from Texas Tech College. She is a member of the American Home Economics Association, the Texas Home Economics Association, and Kappa Delta Pi, honorary education society.

## Luncheon Honors Scout Leaders

A Girl Scout appreciation luncheon was held Thursday at the Cosden Country Club. Thirty-seven leaders from Big Spring and Lamesa were honored. Dancers from the Big Spring High School production of "Music Man" presented the program, and Mr. John Thomas gave a narration of the Broadway show.

Mrs. D. M. Costlow was mistress of ceremonies, and special guests were Mrs. Dick Ream, Mrs. Dick Wilson, Mrs. Gloria Zeriga and Mrs. Larson Lloyd.

Will Marry

Miss Judy Carolyn Hart will be married at 7 p.m., May 29, to Gay Leonard Moore Jr., son of Mr. and Mrs. Gay L. Moore, Westbrook. The announcement is being made by her parents, Mr. and Mrs. Loyd Hart Sr., Westbrook. The wedding will be held in the Central Baptist Church at Colorado City with the Rev. Charles Golden of Texas City officiating.

### Party Honors 1965 Graduates

Miss Sarah McWhorter was honored Saturday morning with a graduation cola party in the home of Mrs. Travis Carlton. Co-hostess was Mrs. R. W. Andrews, and 25 were included on the guest list.

The centerpiece was a red rooster surrounded by red carnations and set on a blue table cloth. In the social hour, the girls told of their plans for the coming year and discussed a blue ribbon abstract flower arrangement. Connie Carleton assisted in serving.

## Founder's Day Banquet Held

"Girl of the Year" awards were made at the Beta Sigma Phi Founder's Day Banquet held Thursday evening at Cosden Country Club. Mrs. Raymond Gillihan, city council president, was mistress of ceremonies, and the banquet theme was "Invitation to Life."

Mrs. Ray Granbery, president of Mu Zeta Chapter presented the award to Mrs. Melvin Clark and Mrs. Charles Dodson, president of Beta Omicron Chapter gave the award to Mrs. Jimmy Taylor.

The BSP grace was worded by Mrs. Clark and Mrs. Bob Kennemer gave the Founder's

Day pledge. Mrs. Wade Choate read a message from the founder, Walter W. Ross.

Guest speaker for the evening was Roy Thruston, superintendent of the Garden City public schools, who was introduced by Mrs. Don Bailey.

The centerpiece for the head table was formed of cut flowers in shades of blue, orchid and white arranged with a small blue umbrella. The three BSP candles burned in black holders, and plate favors were small white umbrellas entwined with orchid and blue ribbons and flowers. Approximately 40 attended.

## Suits Look Sporty

Shaping up in the sportswear picture are suit looks—jackets, skirts and tops to put together with ease.

Jackets are cut longer, in take-your-pick designs, including belted and skinny, open and blazer, or precisely detailed and tailored. Some jackets show up sleeveless, the better to show off blouses with important, fuller sleeves and pretty necklines.

Spring's gentle, graceful motion is marvelously built into the coordinated skirts, which take their ease with gathers, low-placed flounces, pleats galore.

## Baptist WMS Plans Mission Book Study

WESTBROOK (SC) — Mrs. Hoyt Roberts, president, presided during a meeting of the Woman's Missionary Society at the Baptist Church Tuesday morning.

Mrs. Paul Byrd had charge of the program with Mrs. Homer Rice, Mrs. Roberts and Mrs. Charles Ranne assisting. Plans were made to study the mission book, "Go Home and Tell," in the near future.

The night circle of Woman's Missionary Society met with Mrs. Sam Scroggins, Mrs. Al Burkhardt gave the call to prayer and Mrs. Johnny Shackelford had charge of the program, "The Baptist World Alliance." Taking

part on the program were Mrs. Shackelford, Mrs. Ralph Bryant, Mrs. Altis Clemmer, Mrs. Sam Scroggins, Mrs. Burkhardt, and Mrs. Herman Parsons. Plans were made to mark the plan of salvation in Bibles for distribution.

Mr. and Mrs. Robert Hutchins and family of Post visited his parents, Mr. and Mrs. W. C. Hutchins at Lake Colorado City and in the Altis Clemmer home on Friday and Saturday. Doris Sweatt was a guest in the W. C. Hutchins home Saturday.

Mrs. Altis Clemmer and Curtis Clemmer made a business trip to Abilene Friday.

# Cutest Ham In Town Now Has Her License

By SAM BLACKBURN  
In the colorful argot of the amateur radio clan, the abbreviation YL means that the voice coming through the receiver is that of a "young lady."  
Hams in this area and in adjacent states, who happen to tune in on WA5KQM will readily realize they are talking to a YL, but they will probably be astonished to learn just what a very "young lady" she is.  
For the proud owner of Amateur Radio WA5KQM is Miss Deborah D. Rives—better known as Debbie. Debbie has attained the ripe old age of 11 years and undoubtedly is one of the youngest ham radio operators in the area, and certainly one of the youngest girl hams to be found anywhere.

**LICENSED RADIO OPERATOR DEBBIE RIVES**  
Youngest feminine ham qualifies for coveted license

**SIXTH GRADER**  
Debbie, a sixth grader at South Ward school, is the daughter of Sgt. and Mrs. Marvin T. Rives, 3312 Drexel. She received her conditional amateur radio license only a week ago. She took the difficult examination about a month earlier with Lorraine Sims, (WSNUP) as examiner.  
She qualified among other things as a radio telegrapher capable of sending and receiving 13 words a minute in International Morse code. She had to answer a long list of technical questions about radio and radio transmission.  
The answers she gave, it seems, must have been right. Her license, good for five years, has been received and now Debbie is a full-fledged ham.  
Her interest in amateur radio goes back about a year. She caught the fever from her father, who is one of the town's active hams. His call letters are W5EJG and he coached Debbie in her pursuit of knowledge in the field of ham radio operation.

**CONTACTS**  
Since getting her license, Debbie has made 23 "contacts." This means she has carried on conversations with that many other amateur radio operators. The most distant of her contacts was with an amateur in Seattle, Wash. Four of her 23 contacts have been out of Texas. The others were with radio friends of hers and her father in towns over the state.  
If you want to know about the equipment Debbie uses in her radio activity, she can tell you

in complete and authoritative fashion. For with Debbie, amateur radio is a serious business and she is learning it the serious way.

Debbie was born in Florida. Her father, a career airman, was sent to Anchorage, Alaska, when Debbie was three. She spent four years in Anchorage and then the Rives were sent to Webb AFB at Big Spring

### Organization Elects Texan To Position

ALBUQUERQUE, N.M. (AP)—Dr. V. R. Woodward of Arlington, Tex., was elected surgeon general of the National Society of the Sons of the American Revolution, which closed its 75th convention here.

where she has lived the remainder of her 11 years.

There are five in the Rives family, Sgt. and Mrs. Rives, Debbie and two younger sisters.

Debbie was third place runnerup in the recent Howard County Spelling Bee.

**REAL BUSY**  
"I was real busy about the time the bee was held," she explains, "working on my application for my radio license. Maybe I would have done better in the spelling bee, if I had more time to study."

So if you are an amateur radio operator and you pick up a "CQ" from WA5KQM (king-queen-Mary) the YL whose voice you hear will be Debbie, who is probably one of the very youngest YL's anywhere. And she's certainly one of the cutest.

Big Spring (Texas) Herald, Sunday, May 2, 1965 1-D

# Galveston Fights Litter

AUSTIN — Texas motorists paid for many miles of new highways last year. But they never were built.

Gov. John Connally emphasized this point in accepting the first of a quarter-million litter bags given to the Texas Highway Department by the Galveston Chamber of Commerce and the Galveston Convention and Tourist Bureau.

The bags will be distributed to motorists at each of the eight Tourist Information Centers located at points of entry on key highways of the state and in the capitol rotunda.

"The Texas Highway Department is charged with the construction and maintenance of the state's superb 66,000-mile highway system," Gov. Connally said. He added:

"But the truth is that more than \$1.5 billion of taxes levied on highway users is wasted each year to pick up litter thrown along the right-of-way by careless motorists. This money could better be used to build more miles of new highways, and to protect the taxpayers' \$4 billion investment in our existing system."

The bags were donated by the Galveston chamber to encourage litter control among out-of-state visitors. They also bear a message of invitation to visit the Galveston Island resort area.

D. C. Greer, state highway engineer, pointed out that approximately 12 million visitors come to Texas each year.

"These visitors represent an industry of more than one-half billion dollars a year," Greer said. "We hope that Texans will become conscious of our

# Vets Urged To Keep In Touch

The main barrier to the smooth delivery of veterans' pension, compensation and insurance checks is the tendency of the American veteran to change his place of residence, Ray Boren, contact representative at the Veterans Administration Hospital here, said today.

More than half (53.9 per cent) of all the veterans in the United States were living in a different house in 1964 than in 1955, according to studies of the Bureau of the Census.

In addition, one veteran in every 10 was living in a different state, the VA representative said.

This shift in location would pose no problem if the veterans would notify promptly the VA or their former postmasters of their new address. They don't, however, and, as a result, many VA pension, compensation or insurance checks are undeliverable and are returned to the Treasury disbursing office.

If the following month's check is also returned, no further monthly mailing may be made. Thus the veteran has unintentionally cut off his own VA payment, until he later makes his whereabouts known, Boren said.

During January, 1965, the records at the VA Data Processing Center, Hines, Ill., show that more than 60,000 veterans changed their addresses. Some of them notified VA or their former postmasters, but 24,372 checks were returned for lack of delivery information.

This oversight often works hardship, especially when widows with small children are relying on the checks as their main source of income.

### Deputy Bails Out

SAN MARCOS, Tex. (AP)—Deputy Sheriff James Scott of Wichita, Kan., bailed out moments before his single-engine plane crashed last week on the Willie Henk Ranch two miles southeast of San Marcos.

Boren said VA is joining with postal officials in urging all veterans or families of veterans planning to move to arrange to notify the VA or the Post Office immediately of their new address.

# Plans Being Made To Boost Cotton Week

Groundwork has been laid for a comprehensive observance in Howard County of National Cotton Week, May 10-15.

Special committees, headed by George True, have mapped a number of activities. He is being assisted by Jimmy Taylor of the Chamber of Commerce agriculture committee.

The week will be climaxed with an hour-long TV presentation over Channel 4, at 8 p.m. on May 14, when young women of the county will appear in a revue and contest to determine the county's "Maid of Cotton" for the next year. Girls will appear before the TV camera, and there will be narrators of special banner, streamers to tell the story of the importance of cotton.

Taylor is in charge of this program, and said the Maid of Cotton event is open to all single girls in Howard County, between the ages of 16 and 25. Those who wish to participate may get details from the chamber and arrange for registration there.

True said that a heavy supply

and placards should be received this week from the National Cotton Council, and these materials will be distributed to all merchants.

Merchants are being asked to put special emphasis on cotton product advertising, and to offer "Cotton Week" specials.

Bales of cotton will be distributed throughout the city during the week. The entire promotion, said True, is to familiarize the public of this area of the significance of cotton to the economy and the corresponding importance of sale and use of cotton products.

**Sweetheart**

Joanne Coleman has been selected as sweetheart of the Ackerly Lions Club. Joanne, 13, is in the Sands Junior High and is the daughter of Mr. and Mrs. Dudley R. Coleman, Ackerly.

# County Clubs Sending 30 To Lubbock Contests

Howard County 4-H Clubs are sending 30 members to Lubbock May 8 to compete in the Extension Department District 2 elimination contests.

Herb Helbig, county farm agent, said that both boys and girls will be competing in the events on the lengthy agenda to be carried out on the Texas Tech campus. Contests begin at 9 a.m. All first and second place winners get trips to the Texas 4-H Club Roundup at College Station in early June.

The winners are to be announced at Lubbock at 1:30 p.m.

Helbig, home demonstration agent Catherine Crawford, and assistant county agent Don Brandenburg will accompany the youngsters to Lubbock. A number of parents of club members will also attend.

The county will have a senior and junior livestock judging team. The senior team members are Mack Frazier, Gary McNew, Phil Richey, and Mike Brady. The junior team is Debra Buchanan, Daryle Coates, Terry Soechting and Jerry Webb.

Linda Crawford will compete in foods and nutrition education competition; Martha Couch in money management education; Kathy Shaw in the senior

4-H Club food show; Joan Crawford in junior clothing education; Carolyn Crawford, senior clothing education; Lawrence Long and James Haston, senior electric team demonstration; Kelly Gaskins and Bruce Nichols, junior safety demonstration; Larry Shaw, public speaking; Gary Riddle, senior share the fun; Danny Fryar, senior tractor driving; Debra Williams, Wanda Williams, Kayla Gaskins, Sheree Shaw, Angela Shaw, Johnny Peugh, Charles Williams, Keith Nichols, LaDeana Riddle and Sherry Riddle, junior share the fun competition.

**HAROLD DAVIS**

**HAROLD D. McALISTER**

# Promotions Announced For Davis, McAlister

Administrative promotions were announced Saturday by Math-Master Labs, Inc., and Gamco, Inc., related corporations dealing in a variety of educational aids.

Harold Davis was promoted to executive vice president of both corporations. He has had the title of vice president. Har-

old D. McAlister was named vice president of Gamco, Inc. Davis has been associated with the companies, founded by George McAlister, since 1960. Harold D. McAlister joined Gamco two years ago and has served as production superintendent. He will continue in this assignment as well as assuming additional administrative duties.

# Police Quell Fracas, No Charges Are Filed

Officers were called to the 500 block of Northwest Fourth Friday night when a fight was reported. Henry Earl Jones, 18, was taken by Big Spring Ambulance Service to Cowper Clinic-Hospital for treatment of a cut on his hand.

Patrolmen Bennie Lockhart and Pete Sime investigated the incident and reported it apparently involved a family disagreement and that no one wished to file charges.

A burglary was reported at the Rannels Junior High School sometime Friday night. Officers said an unlocked window on the west side of the building was opened to gain entry and an undetermined amount of money taken from a soft drink machine. James Coats, a student at Howard County Junior College from Midland, told officers a suitcase and several articles of clothing were taken from his car while it was parked at 2005 Jennings.

# Help Viet Cong

ROME (AP) — Italian Communists are selling souvenir stage money resembling dollars in booklets like travelers checks to raise funds for a mobile hospital unit for the Communist Viet Cong guerrillas in Viet Nam. The "dollars" go for 625 lire each—five lire over the going rate for real American dollars.

# IMPROVED TECHNIQUES

# Death Rate Decreasing Following Cancer Surgery

**EDITOR'S NOTE:** This final article in a six-part series about cancer control, concerns cancer from the surgical standpoint. It is written by Dr. Warren H. Cole, professor and head of the Department of Surgery, University of Illinois College of Medicine. Dr. Cole held the presidency of the American Cancer Society in 1960.

**By WARREN H. COLE, M.D.**

The greatest improvement made in the surgical treatment of cancer during the past few decades has been in decreasing the death rate following operation. This has been reduced to less than one-fourth the figure of 35 years ago, and is related to improvements in technique.

The use of silk instead of catgut in resection of cancer of the colon has been an important improvement in the prevention of leaks at the suture line. Improved techniques in anesthesia have been very important in lowering the complications after operation. A third factor is a greater knowledge in pre and post-operative care.

One of the other advances in the five-year survival rate following surgery. There are three or four reasons for this improvement.

**OPERATIONS REVISED**

In the first place, we have revised our operations and are making the surgery more radical, although this increased extent of the excision has probably now reached its maximum. We are improving our tech-

**DR. WARREN H. COLE**

nique to prevent spread of the cancer cells at the time of the operation. Surgeons are becoming more gentle about manipulation of the tumor area, and are being more meticulous about changing gloves, instruments, drapes, etc., at any time during the operation when they may be contaminated by cells from the tumor.

Certain principles in technique in cancer of the bowel such as tying off the intestine and its blood supply has been a factor

in reducing the recurrence rate at the suture line and the incidence of metastases to other organs.

**USE OF DRUGS**

The adjuvant use of anticancer drugs, or X-ray therapy, before or at the time of operation is promising; it is relatively new and the true value of this new procedure is as yet unknown.

We do know that the use of anticancer drugs at the time of operation for cancer of the colon and stomach are of no value to date.

However, the use of certain anticancer drugs (Thiotepa and nitrogen mustard) along with radical mastectomy for cancer of breast does show some benefit although it is still considered an experimental procedure. This benefit occurs mostly in young women with metastases to the axillary lymph nodes. There is evidence to show that the principle may be sound, but the drugs are not as yet sufficiently effective to yield the results we are hoping for.

**X-RAY TREATMENT**

The use of X-ray treatment including cobalt and the cesium-137 preceding the operation by a few weeks appears to be yielding better results in cases of lung cancer than resection of the lung alone. However, we will have to wait a few years before enough figures are available following this type of therapy to prove this point.

During the past 10 years, two new methods of treatment with the use of anticancer agents, other than systemic administration of the drugs, have been adopted. These new methods are perfusion and infusion.

By perfusion of an anticancer drug we mean the circulation of the drug into the blood through the tumor for a half hour or more. It is particularly indicated in advanced tumors of the extremities. Regressions have been reported in 25 to 35 per cent of cases, but the regression is not permanent and often the tumor does not disappear completely; therefore, we cannot hope for curative results until better agents are found.

**INJECTION THERAPY**

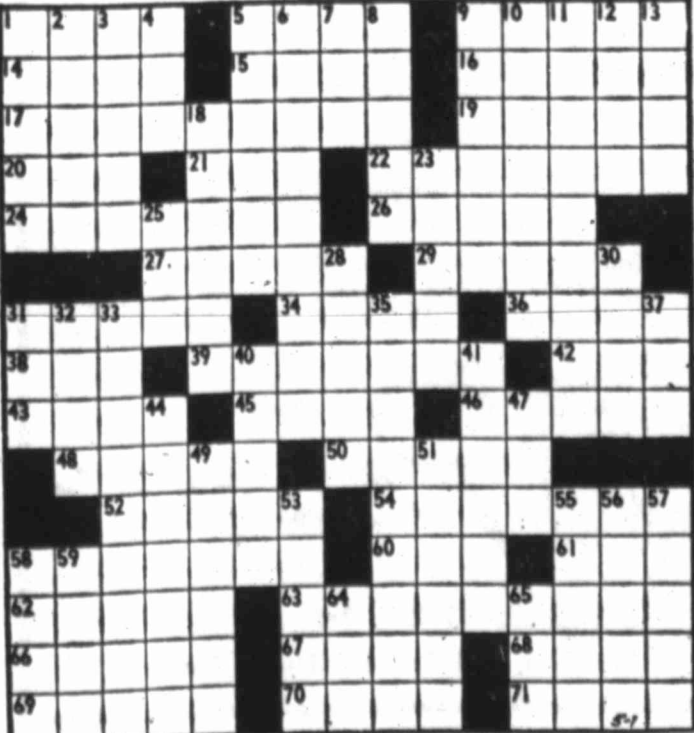

By infusion we mean the injection of an anticancer drug through an artery representing the blood supply to the tumor area. This type of injection therapy can be carried on for many days. Certain drugs lend themselves well to injection therapy because they are neutralized by the tissue shortly after their injection, and the toxic effect is, therefore, not as great as it is with other drugs. This relatively new procedure has resulted in regression of the tumor in 25 to 35 per cent of cases, although again there is no evidence that this regression is curative. Here to we need better drugs.

The question is often asked what can we expect in the future. As noted earlier, the adjuvant use of drugs or X-ray treatment with operative removal of the tumor offers great possibilities when our anticancer drugs become more effective.

Obviously, if the anticancer drugs were extremely effective, then surgery could be avoided, and cure obtained by systemic use of the drug alone. Not many of us who have been following cancer treatment for the past few decades are of the opinion that complete cure by drug will be achieved in the next year or two. Much more work needs to be done.

For the delight of the American housewife, here is the best of Heloise.  
No home should be without her!

### Sample Hints

- "To keep ice cubes from sticking to the bottom of the tray after some have been removed, put aluminum foil in the bottom of the tray. Cubes come out easily."
- "Contour sheets will go on the mattress much easier if you fix diagonally opposite corners first. Try it!"
- "Dip a raw potato into scouring powder to scrub the corners of rusted cake and pie pans."
- "Use stale beer to set your hair. It gives 'body'. Just dampen the hair and roll. The hair will not retain the beer odor when dry."
- "If you want to be real fancy when having company, put a few dabs of cologne on a piece of cotton and wipe the phone. This leaves it shiny and free from dust, and it retains a delightful fragrance. The alcohol in the perfume also acts as an antiseptic!"
- "Try making a small roast beef and a small roast-pork together. The meats pick up the taste from each other and the gravy is out of this world."
- "Having trouble drying your crinoline petticoats? Just put them over an open umbrella! Great!"
- "When cutting marshmallows or chopping dates, if you dip your scissors into water and cut them wet, the goodies won't stick."

# Trying Role For Beautiful Actress

Wanted — a girl who doesn't fear wild animals, looks beautiful clad in a tastefully abbreviated costume of fur, can hold her own in a roughhouse battle with a man and can portray all emotions without saying a single word.

Those were the requirements for the title role in "Mara of the Wilderness," unusual story of a girl reared by the white wolves of Alaska's primeval forest, opening Saturday at the Jet Theatre. More than 100 screen television and stage actresses, cover girls and dramatic school hopefuls were tested before producer Brick Mack selected Linda Saunders, former beauty contest winner who studied at Hollywood's Actors Theatre and gained experience playing modest roles in many television shows including the Ozzie and Harriet series, Surfside Six, the Danny Kaye Show and the Jack Parr Show.

An avid outdoors girl who loves motorcycle riding and skiing, Miss Saunders found the most trying facet of portraying "Mara" was learning to work with the wolves without revealing that she knew that at any moment they might revert to their predatory instincts. Another problem was a raccoon who insistently grabbed at her hair or her fur costume. Looking beautiful in the abbreviated costume was no chore because Linda as Miss Sacramento was runner-up to Miss California in the Miss America contest and had also been named Maid of California in another beauty pageant. Long sessions of studying dancing gave her the grace and stamina for the many sequences in which she has to race through the forest or climb rocky hillsides, as well as swim in an icy mountain stream.

This runs the entire gamut of dramatics, because Mara is loved, hunted, captured and mistreated by either of the first two men who discover her. Only two other roles in recent years compare to "Mara" in this respect—Jane Wyman's "Johnny Belinda" and Patty Duke's deaf mute in "The Miracle Worker."

Filmed in color, the unique story, the scenic grandeur, suspenseful action and wildlife sequences make "Mara of the Wilderness," entertainment for all ages. The two men who become rivals when the girl is first found are Adam West, who plays a forest ranger, and Theo Marcuse, menacing as a trapper who coldbloodedly plans to capture her for exhibition.

UNTAMED BEAUTY  
Linda Saunders reared by wolves

er, was necessary to enable Linda to cope with her wordless role. As the untamed girl of nature who has never seen or been seen by man, she had to express every emotion and thought in pantomime.

Natural acting ability, however,

## STAMP NEWS

### Bismark's Birthday Honored By New Issue

By SYD KRONISH  
AP Newsfeatures

The Federal Republic of West Germany has announced the issuance of three new stamps reports the World Wide Philatelic Agency. The stamps honor the 150th anniversary of Prince Otto von Bismark's birth, Youth Day 1965 and the First World Exhibition of Transport and Communications.

The Bismark stamps is 20 pfennig and depicts a bust of the Prussian statesman from a portrait by Franz Von Lenbachs. The Youth Day set consists of four semipostals showing wild game birds. The 10 pfennig plus 5 shows the Eurasian Woodcock, 15 pf plus 5 the Ring-necked Pheasant, 20 pf plus 10 the Black Grouse and the 40 pf plus 20 the Capercaille. The World Exhibition set has seven stamps from the 5 pfennigs to the 70 and illustrates various means of transport and communications.

Canada has issued a new stamp commemorating the International Cooperation Year. It shows three interlocked links with Canada's maple leaf in the center symbolic of Canada's role as a link in the world chain of nations. The upper right corner shows ICY symbol — the United Nations wreath encircling two clasped hands. Many nations, including the United States, have issued or announced the forthcoming issuance of the ICY Year stamps.

Greece honors Domenico

Theophilopoulos, the Spanish painter more widely known as "El Greco," with a beautiful new set of five stamps. Each stamp depicts one of El Greco's works of art. The 50 Lepta highlights details from the painting "Espillo" (Christ Being Stripped of Garments) now in the Old Art Gallery of Munich. The 1 drachma has details from the painting "Concert of the Angels" now in the National Gallery at Athens. The 1.50 dr features El Greco's signature. The 2.50 dr portrays El Greco's portrait now in the New York Metropolitan Museum. The 4.50 dr depicts his famous "Toledo," also in the Metropolitan Museum.

The Republic of China (Formosa) has issued a new set of seven definitives for high value airmail. The issuance date was March 29 which was Martyrs Day and honors the 72 young men who died in the uprising of 1911. Depicted is a carp known as a young dragon in China where the dragon is a highly respected symbol of strength.

## THE ARTS

### Art Shows Flowering

Spring brings a flowering of art shows, and all over the state shows are being held or planned. The Texas Fine Arts Association circuit exhibition, containing 22 paintings—two by local artists—is hanging at Howard County Junior College and will be through April 20. Terry Peterson and Mrs. W. H. Unger have paintings chosen for this circuit. These may be seen any week day in the administration building, and of course there is no charge.

Several painters, Avery Falkner, Mrs. A. J. McClinton, Royce Flester, Mrs. D. F. Bigony, Mrs. Roland Howard, Mrs. Lynn Patton and Mrs. Unger, have entered paintings in the San Angelo College Area Art exhibition. Kenneth Fiske, University of Texas, judges the show, and winners will be named today. Mrs. Unger received a note from Mrs. Tincie Heddens of the SAC art department, that she had placed, and perhaps there are others here who also will share honors.

It's a pity that more music lovers did not turn out last Monday for the Big Spring High School mixed choir and a capella choir. The young singers made an excellent showing, which is all the more remarkable because Milvern Ivie, director, had to start from scratch on a choral program. This bodes good for the HCJC choir, for Big Spring High is the primary feeder for the college choir.

The Midland-Odessa Symphony and Choral, under direction of Dr. Lara Hoggard, will be presented Tuesday at 8:15 p.m. in Lee High School auditorium at Midland. Norman Farrow, baritone, will be the featured soloist. Those who don't mind going a little distance for their music may want to remember the May 12-16 date in Dallas when the Metropolitan Opera Company will make its stand "Tunadot" is set for May 12, "Madam Butterfly" May 13, "The Last Savage" May 14, "Tosca" May 15 matinee, "Rigoletto" May 15 night, and "The Flying Dutchman" for the finale on the May 16 matinee.

Don't forget that the traditional spring festival of light music, a presentation of the HCJC music department, is set for May 17, so circle that date. This is always a gay and melodious occasion. Incidentally, Jack Hendrix, head of the HCJC music department, will continue his work this summer toward his doctorate at the University of Indiana.

It's not too late to view the exhibition of paintings by Emily Guthrie Smith, noted American artist. The special showing continues through this afternoon in the Diamond M. Art Center at Snyder. Hours are from 2 p.m. to 4 p.m. Mrs. Smith, perhaps best known for her delicate portraits of children, has had more than a score of one-man shows. Among portraits she has painted are Paul White-man's Margo, the four grandchildren of Franklin Roosevelt, the youngest son and daughter of former Gov. and Mrs. Alan Shivers, Mary Martin and her daughter, Heller. Her scope extends beyond portraiture to murals, mosaics and sculpture.

## Parks Gets Lead Role In 1st Film

Michael Parks has attained what most actors work years to get. He is accorded the title role opposite an established star in his first motion picture to reach the screen.

Occasionally, a successful individual in another area of entertainment — the stage, television, music or night clubs, for instance — will have the lead in his motion picture debut, but that accolade reflects the importance gained in the other media.

This is not so with Parks. He was selected for, and did portray the title role opposite Ann-Margret in the romantic drama "Bus Riley's Back in Town," which comes today to the Ritz Theatre, in color.

His role in the film was not an easy one. The story resolves itself into an emotional tug-of-war for Mike who has just returned from a stint in the Navy. He is pulled between an aggressive female, Ann-Margret, from whom he escaped originally by enlisting and who now uses every allurements with marked success, and the lovely "girl next door" portrayed by Janet Margolin, the lead in the recent art film, "David and Lisa." And for Parks, it becomes a tour-de-force which he carries off with flying colors.

Parks, born April 24, 1938, has come up the hard way to star in his first movie. No graduate of the Broadway stage or any other glamor background, Mike, a native of Corona, Calif., ran away from home at the age of 15, and has run the gamut of

## Skin-Divers Plan Heist As A 'Perfect Crime'

A daring bank robbery is the subject of "Raiders From Beneath the Sea," adventure-drama filmed on Catalina Island and opening Friday at the State Theatre. Ken Scott and Merry Anders head a cast that includes Booth Colman, Garth Benton, Russ Bender and Walter Maslow.

The plot follows the adventures of four men who plot to rob \$250,000 from a bank on Catalina. Their plan involves using skin-diving equipment and swimming to the island underwater, stealing the money, and then disappearing with it into the sea. To them, it looks like a perfect crime, but they are destined to learn that nothing is perfect, and certainly not crime.

Ken Scott plays the ringleader, master plotter and frustrated exdiver whose big plans have always failed, and who hopes to strike it rich with this one, big robbery. Scott is one of the biggest actors around (six-foot-five, 205 pounds) and this made his beginning in acting very difficult. Actors usually start with bit roles, and Scott would usually tower over the stars of the productions he tried to join.

Merry Anders, a very busy young actress these days, has the role of Ken Scott's wife. Like Scott, Merry was under contract and made eight pictures before leaving to become a freelance actress.

# MEN IN SERVICE

Capt. William E. Bowling, was decorated recently with the U. S. Air Force Distinguished Flying Cross at Hurlburt Field, Fla. Captain Bowling, a fighter pilot with a Tactical Air Command (TAC) unit, received the medal in recognition of outstanding achievement while participating in aerial flight under hazardous conditions in Vietnam last April. Despite being subjected to ground fire which damaged his aircraft and injured him, Capt. Bowling completed his mission. TAC provides airpower and other air support to U. S. Army forces. A graduate of Newburgh (N.Y.) Free Academy, the captain was commissioned through the aviation cadet program. His wife, Ruth, is the daughter of Mr. and Mrs. Leslie C. Pratt, 706 N. 7th, Lamesa.

Cadet Sidney J. Lajzer, son of Mr. and Mrs. Joseph D. Lajzer, 150-A Dow Drive, Webb Air Force Base, Big Spring, represented his Arnold Air Society Squadron at the society's 17th Annual National Conclave in Washington, D.C.

Cadet Lajzer, a student at Baylor University, Waco, is one of more than 6,000 members of the honorary military society for outstanding U. S. Air Force Reserve Officer Training Corps (AFROTC) cadets.

The 20-year-old student met with other AFROTC cadets from more than 170 colleges and universities to discuss Arnold Air Society aims and policies for the coming year.

The society, established in 1947, was named for General of the Air Force H. H. "Hap" Arnold. Speakers and guests at the Washington event included Secretary of the Air Force Eugene M. Zuckert, General Thomas S. Power, retired commander of the Strategic Air Command and General Bernard A. Schriever, commander of the Air Force Systems Command.

Army Pfc. Arthur G. Israel, 18, son of Mrs. Pauline Goolsby, 1212 N. 12th, Lamesa, took part in Exercise March Hare II, a major field training exercise conducted by the 4th Infantry Division at Fort Lewis, Wash. April 2-9.

A rifleman in Company C, 2nd Battalion of the division's 12th Infantry at Fort Lewis, he entered the Army in June 1964.

Airman Larry D. Richardson, son of Mr. and Mrs. Orville W. Richardson, Lamesa, has completed Air Force basic military training at Lackland AFB, Tex.

Airman Richardson has been selected for technical training as a statistical data specialist at the Air Training Command (ATC) school at Sheppard AFB, Tex.

His new unit is part of the ATC system which trains airmen and officers in the skills required by the nation's aerospace force. The airman, a 1961 graduate of Lamesa High School, attended McMurry College at Abilene.

Seaman Apprentice Vernon W. Jackson Jr., USN, son of Mr. and Mrs. V. W. Jackson Sr., 2003 Main, Big Spring, departed San Pedro, Calif. April 10 for a six-month deployment in the Far East aboard the fleet oiler USS Cimarron. While overseas, the vessel will replenish fuel and lubricants to ships at sea of the U. S. Seventh Fleet.

Sonar Technician 2C Bobby D. Null, USN, son of Mr. and Mrs. F. D. Null, Coahoma, is serving aboard the ocean mine-sweeper USS Pluck, operating with the U. S. Seventh Fleet in the Western Pacific.

MELVIN WILLIAMSON

Airman Melvin L. Williamson, son of Mr. and Mrs. Gordon V. Williamson, 1608 Bluebird, Big Spring, has completed Air Force basic military training at Lackland AFB, Tex.

Airman Williamson is being assigned to an Air Defense Command (ADC) unit at Selfridge AFB, Mich., for training and duty as a metal repair specialist. His unit supports the ADC mission of defending the continental U. S. against enemy air attack. The airman is a 1963 graduate of Big Spring High School.

Army Pfc. Charlie Brown qualified as expert in firing the high-powered M-14 rifle at Fort Hood, Tex. The rating is the highest mark a soldier can achieve in his rifle qualification test.

Brown, a messenger in Headquarters Company, 1st Battalion of the 1st Armored Division's 81st Armor at Fort Hood, entered the Army in October, 1963 and completed basic training at Fort Polk, La.

The 24-year-old soldier, son of Mrs. Amanda Brown, Lamesa, is a 1959 graduate of Blackshear High School in Lamesa.

Lewis Eugene Moss, 17, son of Mr. and Mrs. Harold E. Moss, 2613 Larry Drive, was sworn in the Navy Reserve Saturday at Albuquerque, N. M.

He is a senior at Big Spring High School, and enlisted under the Navy's new program, whereas he can graduate prior to reporting for his active duty. He enlisted through the local Navy Recruiting Station.

Pvt. A. R. Ballard Jr., son of Mrs. Jeri Daniels, 1105 Mesa Ave., Big Spring, completed a pay specialist course at the Army Adjutant General School, Fort Benjamin Harrison, Ind., April 27.

During the course Ballard received instruction in the preparation of Army pay records.

The 18-year-old soldier entered the Army in November 1964 and received basic training at Fort Polk, La.

He is a 1964 graduate of Big Spring High School.

DAVID B. ABREO

Spec. 5 David B. Abreo, son of Mr. and Mrs. Sunday Abreo, Big Spring, was recently awarded the good conduct medal in Germany. In addition to his medal, Abreo was given a letter of commendation for the outstanding mess facilities of his unit. Abreo is a cook with an artillery battery. He is a graduate of Big Spring High School and will return from Germany later this month.

## COW POKES By Ace Reid

"If my cattle wuzn't doin' so well on them jackrabbits, I'd still be feedin'!"

## Canal Zone Pact Pushed

PANAMA, (AP) — Negotiations between the United States and Panama for a new Canal Zone treaty are being accelerated, a Foreign Office spokesman said.

He said the new treaty would eliminate the 1903 treaty's provision for U.S. control over the canal in perpetuity and would provide for a fixed term.

# Violence Claims 32 Lives In Texas During Weekend

By The Associated Press

Violence took the lives of 32 persons in Texas over the weekend, including 18 who died in traffic accidents.

Mild weather over the state brought weekend crowds to beaches and fishing spots and five persons drowned. The death toll also includes six who were shot to death and one who was fatally stabbed.

The Associated Press violent death count began at 6 p.m. Friday and ended at midnight Sunday.

James Lewis Owens, 43, Cisco, was killed Sunday night when his car hit an embankment between Mingus and Strawn in Northwest Texas. He was thrown from his car and was crushed when the vehicle rolled over him.

Melvin L. Steakley, 37, a Houston newspaper religious editor, was shot to death by a pistol trap rigged to the steering column of his small foreign car early Saturday. The pistol discharged as he stepped into his car.

Mrs. Peggy Bowden, 34, of Fort Worth, shot and killed herself in Fort Worth Friday.

Lt. Col. Oliver P. Premo, Corpus Christi, died when his car turned over near Corpus Christi Saturday.

Leslie Roy Good, 25, died when his car crashed at Mesquite, near Dallas.

J. W. Trim, 48, Conroe, drowned Friday while fishing on Lake Louis west of Conroe.

Robert Pinkney, 29, Lufkin, died in a stabbing Saturday night at Lufkin. Lamar Patton, 23, also of Lufkin, was charged with murder and his bond set at \$2,000.

**STRUCK BY CAR**

Homer Jackson Jr., 38, Kyle, died Sunday when struck by a car while attempting to cross a highway 5 miles south of San Marcos.

Wally Hernandez Jr., 19, of Temple, died Sunday in a two-car accident 7 miles east of Temple.

Moses San Miguel, 34, died Saturday in a shooting at a Houston lounge. Police arrested a woman.

Wilma Lee Carson, 25, died in a two-car accident Saturday night in Harris County.

Mrs. Dawn Spiller and her 6-year-old son, Greg, were killed Sunday in a two-car crash at Pasadena, a Houston suburb. Her husband and two other children were injured.

Kinsey Roger Stoneham, 18, was killed when his car overturned and rolled over him Sunday night on a Houston street.

Charles Millsap, 20, Dallas, was shot to death Sunday night at a party in a southeast Dallas home. Police arrested a man for questioning.

## Hawk Missile Due Here For Open House

Probably the most exciting single display at Webb Air Force Base on Armed Forces Day Saturday will be the Army's Hawk Missile.

The HAWK (Homing All-the-Way Killer), is a Surface-to-Air guided weapon effective at all altitudes from tree-top level to 50,000 feet. Its homing system is claimed to be able to pick out the reflection from a moving target at low altitudes from a mass of signals reflected by ground objects such as hills, buildings and trees.

The HAWK display will be mounted on a launcher, and the crew will show the public everything the missile does short of launching.

Webb's observance will feature an air show and many interesting exhibits and displays. This Power For Peace demonstration will be the largest show of military might ever seen in the West Texas area. The gates of the base will open at 9:30 a.m. and a parade featuring the Lowry Air Force Base Band and honoring a graduating class of Air Force pilots will start the festivities at 10 a.m. There will be hot dog and soft drink stands throughout the display area.

Col. A. F. Taut, commander, invites and encourages the public to be the guests of Webb Air Force Base on this special day.

## New Way Found To Stop Hair Loss, Grow More Hair

HOUSTON, Texas — If you don't suffer from male pattern baldness, you can now stop your hair loss... and grow more hair.

For years "they said it couldn't be done." But now a firm of laboratory consultants has developed a treatment that is not only stopping hair loss... but is really growing hair!

They don't even ask you to take their word for it. If they believe that the treatment will help you, they invite you to try it for 32 days, at their risk, and see for yourself!

Naturally, they would not offer this no-risk trial unless the treatment worked. However, it is impossible to help everyone.

The great majority of cases of excessive hair fall and baldness are the beginning and more fully developed stages of male pattern baldness and cannot be helped.

NO OBLIGATION COUPON

To: Loesch Laboratory Consultants, Inc.  
Box 66001, 3311 West Main St.  
Houston, Texas 77006

I am submitting the following information with the understanding that it will be kept strictly confidential and that I am under no obligation whatsoever. I now have or have had the following conditions:

Do you have dandruff? Is it dry? or oily?  
Does your scalp have pimples or other irritations?  
Does your forehead become oily or greasy?  
Does your scalp itch? When?  
How long has your hair been thinning?  
Do you still have hair? or fuzzi? on top of your head.  
How long is it? Is it dry? Is it oily?

Attach any other information you feel may be helpful.

### CRITICALLY INJURED

George William Newbury, 67, Fort Worth, was killed in a two-car accident at an intersection near Lake Worth Sunday night. His wife was critically injured and five adults and seven children in the other car were slightly injured.

Four-year-old Michael Peavy was struck and killed by a car in Fort Worth Sunday night. Police quoted witnesses as saying the car which hit the child sped from the scene.

James Dorman Pruitt, 23, of Garland was shot to death early Sunday in an East Dallas apartment. Officers held a 21-year-old woman for questioning.

John Roy Ashby, 24, of Marshall was killed in a head-on collision on US 59 about 5 miles south of Linden Sunday.

Mrs. Jessie Husted of near Malakoff was killed Sunday when the car in which she was riding overturned on Highway 69 north of Greenville. The driver was not injured.

Kenny Floyd, 16, of Mineral Wells, Tex., was killed Sunday afternoon when he fell from a pickup truck six miles southwest of Mineral Wells.

### TRAGIC OUTING

David Williams, 2, of Graham drowned while on a family outing at Lake Graham Saturday.

Shirley Davis, 3, was killed when a truck rolled over her in Odessa Saturday.

Joseph James Wright Jr., 38, Andrews, died Saturday when his car turned over on a highway near Andrews in West Texas.

Virgil R. Baker, 47, civilian

## Pastor Believes Aroused Fanatic Slew Reporter

HOUSTON (AP) — A close friend of slain newsman Melvin Leon Steakley said Sunday he thought the killer was a fanatic aroused by Steakley's writings.

The Rev. Mr. Freddie Gage, a friend of Steakley since the late 1950s, said he felt Steakley's newspaper articles on church integration incurred the murderous anger of "some crackpot."

"Mel was what I consider a sincere integrationist," said Gage. "He really took a job at some of the churches for failing to practice what they preached."

**RECENT ARTICLE**

Gage cited a recent article by Steakley, the Houston Chronicle's religion editor, calling attention to the segregation of the Baptist churches in Houston.

Mrs. Steakley also said she thought her husband's death was the work of a "religious nut or a fanatic."

Steakley was killed Saturday by a .32-caliber bullet fired by a pistol taped to the steering column of his car and wired to discharge when the clutch pedal was depressed.

Police said they would take some hairs found on the tape to Texas A&M Monday for nuclear activation analysis.

Officers also are seeking copies of a crank letter sent to Steakley and 17 others, including Baylor University President Abner V. McCall and Evangelist Billy Graham. The letter criticized Dr. K. Owen White, pastor of the First Baptist Church, who failed recently in an attempt to integrate the church.

Police hope copies of the crank letter will have the author's fingerprints.

**VFW Elects Office Slate**

COLORADO CITY (SC)—Colorado City Veterans of Foreign Wars re-elected Warren Goode, 55-year-old Col.-Tex Refinery employe, commander at its regular election last week. The post has been cited by state and district officials for a 57 per cent increase in membership during the first year that Goode served as commander.

Other officers elected for the forthcoming year and slated to be installed in September are: P. C. Smith, senior vice commander; Jesse Bunch, junior vice commander; Murry Jordan, quartermaster; Don Delaney, judge advocate; Tom Robertson, chaplain; Dr. Wally Franklin, surgeon; and Bill Winnett, trustee.

VFW Auxiliary officers elected include: Mrs. Warren Goode, president; Mrs. Melvin Gooch, senior vice president; Mrs. Bill Dering, junior vice president; Mrs. Wayland Webb, chaplain; Mrs. Francis Turner, guard; Mrs. George Singletray, patriotic instructor; Mrs. M. D. Robertson, conductress; Mrs. Jesse Bunch, historian; Mrs. Tom Robertson, secretary and treasurer; and Mrs. M. D. Robertson, Mrs. Charley Clark and Mrs. Jesse Bunch, trustees.

# How the Savings Bonds you buy help our State grow — a message from our Governor

Chances are you live a little better because of the U. S. Savings Bonds program—because so many people in our State buy Bonds and eventually redeem them to buy things for which they have saved.

During the last 24 years, many billions of dollars have flowed back into the economy of the State and the Nation in this way.

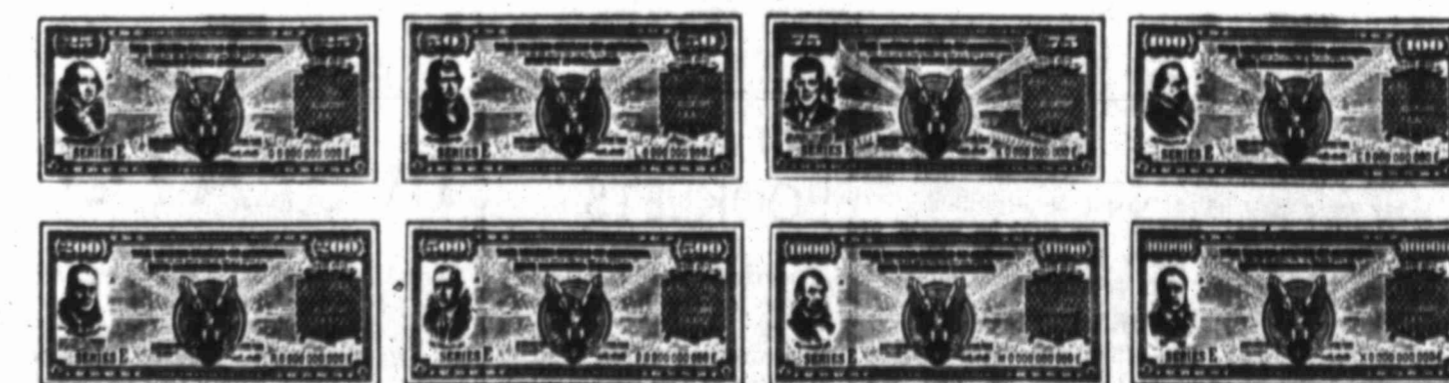

These dollars have benefited our merchants, manufacturers and builders. And in so doing have created jobs and improved earnings for countless workers—in our cities and farming communities alike.

The people of our State and America today hold a record total of over \$48 billion in Series E and H Bonds... money that will someday be spent in worthwhile ways to help us grow further.

I urge every one of you to help your future and the future of our State by investing regularly in U. S. Savings Bonds.

*John Connally*

# GOREN ON BRIDGE

BY CHARLES H. GOREN  
(is 1965. By The Chess Tribune)

**ANSWERS TO BRIDGE QUIZ**  
Q. 1—As South you hold:  
♠KJ8 ♠AJ10 ♣Q1093 ♣J86  
The bidding has proceeded:  
East South West North  
Pass Pass West 1 ♠  
Pass ?

What do you bid now?  
A.—Two no trump. Despite the lack of a club stopper this is easily the most descriptive call on your balanced holding. Following an original pass this bid shows 11-12 high card points and asks partner to go on with any values approximating a sound opening.

Q. 2—As South you hold:  
♠J43 ♠K6 ♠K85 ♠A8543  
The bidding has proceeded:  
North East South West  
1 ♠ Pass 2 ♠ Pass 3 ♠ Pass ?

What do you bid now?  
A.—Four spades. While you have a very sound hand, no stronger call is indicated inasmuch as you have already described a highly respectable holding by your take-out at the level of two.

Q. 3—As South you hold:  
♠AQ753 ♠AK64 ♣Q742  
The bidding has proceeded:  
West North East South  
Pass 1 ♠ Pass 1 ♠  
Pass 2 ♠ Pass 3 ♠  
Pass 3 NT Pass ?

What do you bid now?  
A.—Four spades. Prospects looked very bright when partner opened the bidding but his subsequent actions have dimmed all hopes for slam and a simple game should now be your goal. Holding a singleton club, four spades looks a little safer.

Q. 4—With a 70 part score, as South you hold:  
♠AQ4 ♣7522 ♣A98 ♣J96  
The bidding has proceeded:  
North East South West  
1 NT Pass Pass 2 ♣  
Pass Pass ?

What do you bid now?  
A.—Double. West was not anxious to let you get vulnerable and he may live to regret his lack of generosity. Whatever strength he hoped to find in his partner's hand is in your possession and the size of his loss will depend on the strength of your partner's club holding.

Q. 5—As South you hold:  
♠AK9 ♠AK532 ♣A74 ♣10  
The bidding has proceeded:

South West North East  
1 ♠ Pass 1 ♠ Pass  
3 ♠ Pass 3 NT Pass ?

What do you bid now?  
A.—Pass. Either four hearts or four spades could prove to be a safer contract but it might not be prudent to overrule partner's decision, especially since he has already been warned to expect an unbalanced hand from us. If we did decide to bid again our choice would be four hearts since a spade contract might prove too difficult to manage. Partner's spade suit may be weak since he failed to rebid it.

Q. 6—As South you hold:  
♠AQ103 ♠KQ ♣K93 ♣K62  
The bidding has proceeded:  
North East South  
1 ♠ Pass 2 ♠ Pass ?

What do you bid now?  
A.—Two no trump, the same call you would have chosen without the intervening bid. Technically it doesn't show as much strength in this situation but, since you are forcing partner to make his next bid at the three level, he should pass you for a pretty good hand.

Q. 7—As South you hold:  
♠AKQJ ♠843 ♣106 ♣7542  
The bidding has proceeded:  
South West North East  
1 ♠ Pass 1 ♠ Pass  
1 ♠ Pass 2 ♠ Pass ?

What do you bid now?  
A.—Three hearts. Taking a second bid on this holding is slightly aggressive but there are many hands that partner could have held in a game contract. At worst, you would depend upon a finesse. His failure to make a rebid in either no trump or one of the minors indicates that he probably has a six card heart suit.

Q. 8—As South you hold:  
♠5 ♠A83 ♣K1075 ♣A1064  
The bidding has proceeded:  
North East South West  
1 ♠ Pass 2 ♠ Pass  
2 ♠ Pass 3 NT Pass ?

What do you bid now?  
A.—Five clubs. Partner obviously holds a highly distributional hand, probably 6-4-2-1, and a good one since he preferred to raise our diamonds first rather than make a rebid in his own suit. Our ace are tremendous cards and make slam prospects very strong. It is not possible to show both of them at this point, but a cue bid in clubs may prove sufficient to induce partner to contract for a slam.

# Rights Crisis Troops Cost U.S. \$510,000

WASHINGTON (AP)—It cost the Defense Department \$510,000 to protect the Selma-to-Montgomery civil rights marchers, the Pentagon said today.

This raised to nearly \$13 million the cost of using federal troops and federalized National Guardsmen in five major civil rights crises dating back to Little Rock in 1957.

**GUARD PAY**  
The Pentagon said the \$510,000 figure covered pay and allowances for 1,860 Alabama National Guardsmen called into federal duty, plus transportation and other expenses in connection with measures taken to protect the voting rights march in late March.

The figure did not take into account the pay and allowances for about 1,000 regular Army military policemen who also were used. The Army has taken the position that these men would be drawing such pay and allowances regardless of what duties they were performing.

Also excluded were the expenses involved in use of federal marshals and other resources of the Justice Department.

The Alabama National Guard was federalized from March 20 to March 28.

**OTHER CRISES**  
In response to inquiries, the Defense Department also listed the costs of past Defense Department involvement in civil rights crises.

In September 1957, President Dwight D. Eisenhower called up 10,800 Arkansas Air and Army Guardsmen in a clash with Gov. Orval E. Faubus over admitting Negro pupils to Central High School in Little Rock. Federal troops were used.

The operation, extending from September 1957, to May 1958, cost \$4,898,000.

In October, 1962, the late President John F. Kennedy called out about 8,000 Mississippi Guardsmen during the University of Mississippi. Here, too, sizable regular federal forces were used.

**\$4.3 MILLION**  
The Pentagon said this federal military operation, which lasted until June 1963, cost \$4,364,000.

In June, 1963, Kennedy ordered 17,000 Alabama Army and Air Guardsmen into federal service before Gov. George C. Wallace allowed Negroes to enter the University of Alabama.

Three months later, Alabama Guardsmen were back in federal service, this time in a federal-state dispute over public school integration.

The Army spent \$3,171,000 for these operations of Alabama National Guardsmen. Other expenses, including communications, transportation and the like, are not included in this figure. The Army said it did not have cost data on these elements.

# Land Targets For Space Trip

HOUSTON (AP)—When Astronauts L. Gordon Cooper and Charles Conrad Jr. make the third manned Gemini flight they will be trying to spot 12 land targets to be laid out in Webb and Dimmitt counties.

A \$67,295 contract to construct the 12 targets has been awarded to H. B. Zachary of San Antonio

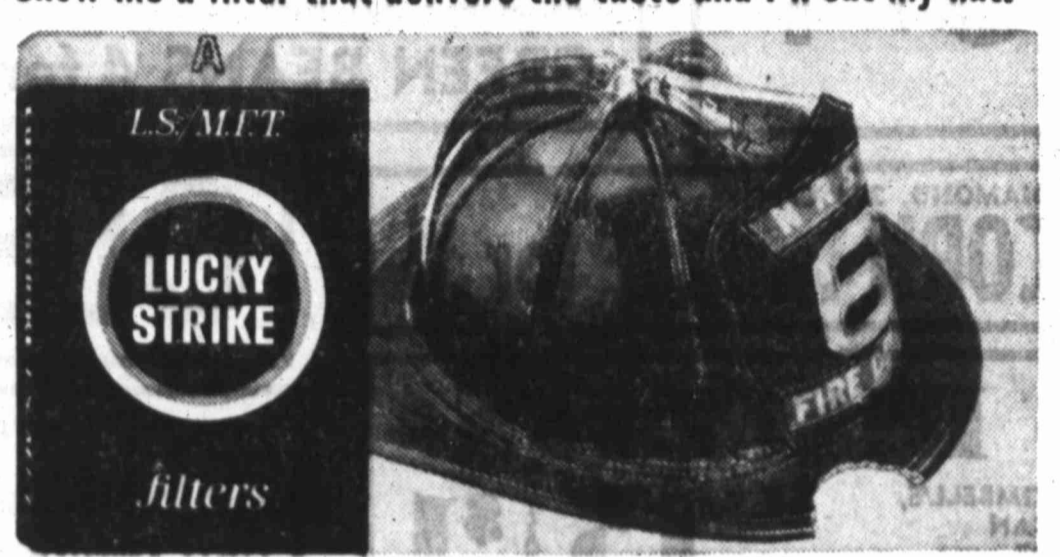

on the ground from about 100 miles in the sky.

The contract calls for preparation of the 12 ground sites, plowing and clearing spots for the application of white gypsum coating for test patterns.

# Lights Now Out At Old Theater

SEATTLE, Wash. (AP)—They turned off the footlights for good Sunday night at the Palomar Theater, once one of the jewels of the vaudeville kingdom built by the late Alexander Pantages.

The theater, in recent years a movie house, will be torn down and replaced by a self-parking garage.

# Texas Area Skies Cloudy

By The Associated Press

Cloudy skies are expected over most of Texas Monday, with thundershowers forecast for tonight in parts of the northern portion of the state and in Southwest Texas.

Showers were reported early Monday morning in the Port Arthur area.

Temperatures were expected to reach from 88 in Northeast Texas to 98 in the extreme southwestern portion of the state, with most areas having highs in the upper 80s.

A weak cold front is expected to move southward across the high plains of the state Monday night and Tuesday and a low of 45 was forecast for parts of the Panhandle area tonight. Cooler temperatures are expected Tuesday in Southwest Texas.

Winds of 12 to 22 knots and gusty are forecast for the coast Monday night and Tuesday.

# Cash Vanishes During Delivery

DALLAS (AP)—Postal authorities are searching for clues to the disappearance of more than \$30,000 which was apparently stolen in a money shipment from the Federal Reserve Bank in Dallas.

U.S. Postal Inspector Ralph W. Thomas said Sunday that the money, \$30,000 in bills and \$500 in dimes, was shipped by contract truck April 21 from Dallas.

**IN POUCHES**  
He said the money was in two pouches, one inside the other. The pouches were to be separated and sent on other trucks from the Richardson, Tex. post office sectional center.

The money was placed on the truck in Dallas, he said, but when the vehicle arrived in Richardson north of Dallas an hour later, checkers were unable to find the money pouches. The money shipment was bound for banks in Van Alstyne and Farmersville, Tex.

**LIKE OTHERS**  
Thomas said the pouch containing the money was like 300 other pouches on the truck and nobody could tell which of the pouches carried money.

Thomas said the investigation has been carried to other states and some 25 persons have been questioned so far.

"We haven't come up with much yet," he said.

Thomas said that when postal employees make money deliveries, the shipment must be accounted for hand to hand. When contract trucks make the deliveries, however, he said, the elaborate check-in system is dropped because nobody knows which pouch carries money and which does not.

# Miss Kansas, Three Killed

EMPORIA, Kan. (AP)—The reigning Miss Kansas, her mother and two other persons were killed Sunday in a highway accident nine miles east of Emporia.

The dead: Margene Savage, 20, of Florence, the Miss Kansas of 1964; her mother, Marguerite Savage, 47; James Kaminski, 45, of Emporia; and his wife, Gloria, 43.

Injured seriously were Ray Blasche, 60, of Emporia, and his wife, Dora.

The Kaminskis were riding in the Blasche car.

Miss Savage was in a convertible driven by her mother. John Ramsey of the highway patrol said Mrs. Savage was unable to stop when another car made a left turn off US 90 in front of her.

# Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dynar)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation 299. At all drug counters.

# 'Wedding March' Without Music

SAN DIEGO, Calif. (AP)—Christopher Crosby, 22-year-old son of bandleader singer Bob Crosby, was married Saturday night to a Danish movie starlet as 40 wedding guests hummed Mendelssohn's "Wedding March."

The humming wasn't a stunt—Crosby's parents had forgotten the sheet music for their son's wedding to 21-year-old Britt Semand of Copenhagen.

The Crosbys have four other children.

### Little Advance Notice On LBJ Delivery

WASHINGTON (AP) — President Johnson's forceful report to the nation on the Dominican situation got none of the tub-thumping build-up usually arranged for such events. As a result, it surprised almost everyone.

Although important presidential pronouncements normally are well trumpeted many hours — even days — in advance, the White House announced Sunday night's television-radio address accounted for a Johnson slip-up barely an hour before Johnson began talking.

**ONLY CBS**  
The White House gave the speech such a soft sell that, for a time, it seemed none of the major telecasting networks would risk scrapping prime-time programs to carry it live. In the end only CBS did.

There was no official explanation for the lack of advance salesmanship.

Like many Johnson speeches, this one was revised almost up to the moment of delivery. Seconds before the President stepped to the podium in the White House television studio — which doubles as a movie theater — technicians were making changes in the text prepared for his television prompting device.

Perhaps last-minute haste accounted for a Johnson slip-up in midspeech. Suddenly he began repeating two paragraphs he had delivered earlier. Obviously aware of his blunder and much discomfited, he shuffled through his manuscript text, hesitated and almost stammered as he tried to find a way out of his predicament.

**BACK ON TRACK**  
He finally managed to get back on the track rather gracefully.

Johnson entered the studio with his daughter, Luci, 16, and, before beginning his speech, saw that she found a seat among the newsmen on hand.

Actually, there was no shortage of seats. Because of the lack of advance notice on a Sunday night, barely a dozen reporters showed up for the event. Two Johnson television-radio statements last week had attracted dozens of newsmen.

### Electricity! It's Coming

YOUNG, Ariz. (AP) — It's been quiet in this isolated mountain community in eastern Arizona since the end of the Pleasant Valley War in the 1880s, one of the West's more bitter feuds.

But things are beginning to stir again and come Halloween this area of some 200 residents will really be lit up — with electricity, that is.

For that's when residents — mostly cattle ranchers and summer visitors escaping the desert heat — will be able to give up their candles, kerosene lamps or gas-powered generators and plug in electricity.

Work is starting on a 21,000-volt power line from atop the Mogollon Rim down through 13 miles of heavy timber to the town.

The Pleasant Valley War stemmed from a feud between the Grahams, who were cattlemen, and the Tewksburys, who raised sheep. Before it was over at least 12 men died in bush-wackings and one pioneer ranching family was wiped out.

### TMA Names New President

SAN ANTONIO, Tex. (AP) — Dr. James Murphy of Fort Worth was named president-elect of the Texas Medical Association at the conclusion of its annual convention here Sunday.

The association also approved a resolution re-affirming its belief in "the doctor-patient relationship free of interference by third parties." Earlier it had rejected a strongly worded resolution offered by the Harris County delegation that threatened to boycott government's medicare plan.

Dr. Murphy will head a slate of officers to serve with the incoming association president, Dr. David Wade, an Austin psychiatrist.

Others selected were Dr. Howard Dudgeon, Waco, vice-president, Dr. C. A. Rowley, Amarillo, secretary and Dr. Howard Smith, Marlin, treasurer.

Dr. Walter Walthall, San Antonio, was re-elected to the board of counselors. He was also chosen as alternate delegate to the AMA convention in June in New York City.

Dr. J. Layton Cochran, San Antonio, was named as the TMA delegate to the New York City meeting.

## Ban On Cuba Travel Upheld

WASHINGTON (AP)—The Supreme Court ruled today the constitutional power to bar American citizens from traveling to Cuba.

Chief Justice Earl Warren delivered the 6-3 decision. There were three separate dissents. Said Warren for the majority: "The questions for decision are whether the secretary of state is statutorily authorized to refuse to validate the passports of U.S. citizens for travel to Cuba, and, if he is, whether the exercise of that authority is constitutionally permissible."

The court ruled on an appeal by Louis Zemel, a Middlefield, Conn., ski resort operator. He wanted to go to Cuba, he said, to become a better-informed citizen.

## Showing Irregular On Stock Market

NEW YORK (AP)—The stock market put on an irregular performance today with trading moderately active early this afternoon.

## Copter Pulled Out Of Lake

GRAPEVINE, Tex. (AP)—A helicopter that sank into Grapevine Lake last month when it ran out of gas was brought to dry land Sunday.

## Nuns Instructed To Shun Marches

IPSWICH, Mass. (AP)—Richard Cardinal Cushing has told about 1,000 Sisters of Notre Dame that the nuns place is in the classroom—not marching in street demonstrations.

## Dominican Debate Delayed By Council

UNITED NATIONS, N.Y. (AP)—With the consent of the Soviet Union, the U.N. Security Council today delayed debate until this afternoon on the presence of U.S. military forces in the Dominican Republic.

## Odessa College Measure Barely Fails To Advance

AUSTIN (AP)—The Senate failed by one vote today to bring up for discussion Sen. Pete Snelson's bill to establish a Periman State College in Odessa.

## Minor Mishap

One minor traffic mishap was reported to police Sunday. The collision, at Ninth and Goliad, involved cars driven by Mary Langley, Route 1, and Janice Oliver, 1105 E. 6th.

New Hope

Mary Kathleen Coats, 18-month-old daughter of Mr. and Mrs. Jimmie Coats of West Monroe, La., plays with a stuffed toy in her hospital bed at the Children's Medical Center in Dallas. The little girl underwent an unusual operation—one which doctors call a "transposition of the great vessels"—to correct a blood flow mixup.

## Block, Bridle Club Honors 3 Saturday

## FOUND ANNOYANCE

He showed irritation at Nigerian papers which said he found scholastic haven here when no U.S. university would take him because he was a Negro.

## Minor Mishap

One minor traffic mishap was reported to police Sunday.

## Block, Bridle Club Honors 3 Saturday

LUBBOCK—Texas Tech's Block and Bridle Club broke with long-standing tradition at its annual banquet Saturday night in Lubbock's Holiday Inn Parkway, by presenting its merit award to Kitty Black, Tech senior from Friona.

Miss Black became the first woman to earn this award, which is given to "recognize outstanding contributions to the local organization."

Charles C. Thompson, Colorado City, received the honorary membership. He is a former long-time member and past chairman of the Tech board of directors, president of the City National Bank of Colorado City, and a rancher and attorney.

Edward E. Brady, Abilene, received the club's scholarship. Brady is on the Dean's Honor Roll at Tech. He is also a member of Alpha Zeta, agriculture honorary.

A resume of Miss Black's activities and qualifications will be forwarded to Block and Bridle national headquarters where it will be entered in national honors competition.

## Private Makes It To Altar With Officialdom's Aid

## Minor Mishap

One minor traffic mishap was reported to police Sunday.

## Large Turnout Sees Mrs. Smith's Work

SNYDER—West Texas turned out in large numbers here yesterday for the conclusion of a two-day showing of paintings of Emily Guthrie Smith, celebrated Fort Worth artist.

One bus load of spectators came from Abilene, and there were many from Big Spring, Sweetwater, Colorado City, Baird, Rotan, Coleman, Fort Worth, Breckenridge, and other points.

The room devoted to a collection of Mrs. Smith's paintings was crowded by admirers all afternoon. Her works proved among the most popular of any of the special showings held at the Diamond M Art Center.

Most of the pictures on exhibition were in a field in which she is perhaps best known, that of children. There were, however, at least three landscapes and one still life of yellow tulips. In these areas, Mrs. Smith demonstrated an adeptness at capturing the feeling and mood of inanimate scene. Her picture of a cloud over a western hilltop was striking, as was the canyon walls in another picture.

But the darlings of the show were the children. One of the first to be seen upon entering was of two small girls, which captured the color, glow and texture of skin, hair and clothing. It proved to be easily one of the favorites. Another was a portrait of three of her grandchildren at the stream's edge, reminding that Emily Guthrie Smith can convey more feeling from a side view of an almost back view of the head than many artists can from full facial study.

## States Banning Union Shop Contracts Rapped

WASHINGTON (AP)—AFL-CIO President George Meany said today that states with laws barring union shop contracts—including President Johnson's home state of Texas—are "the most backward in the nation."

Meany, speaking to a legislative conference of the Labor Federations Building and Construction Trades Departments,

## Psychological Problems Of Cows Pointed Out

BERKELEY, Calif. (AP)—Cows worry about their social status in the herd, says a University of California professor of animal husbandry.

"Age, weight, aggressiveness, agility and timidity are important factors that influence a cow's social rank," says Prof. Kenneth A. Wagon.

### Sam Rayburn Reservoir To Be Dedicated

LUFKIN (AP) — The largest and perhaps most controversial reservoir built in Texas will be dedicated Saturday in this wooded section of East Texas.

It is the Sam Rayburn dam and reservoir, named after the late House speaker from Texas who once vetoed plans to name the Lake Texoma dam for him.

Thus it developed that the largest reservoir of all will bear his name—a selection made after his death.

President Johnson has been invited to the dedication. Rayburn was his political mentor and their ties were close.

If he accepts, he will be the second President to dedicate a Texas dam. Dwight D. Eisenhower dedicated Falcon Dam between Mexico and the United States in 1953 as a symbol of international cooperation.

The gigantic reservoir was born in controversy.

**PRESENT SIZE**  
The Lower Neches Valley Authority wanted the dam and reservoir built to its present size with a capacity for generating hydroelectric power.

On the other side of the dispute was the Neches River Conservation District and other groups.

The conservation district fought for a reservoir half the size of the one to be dedicated Saturday, with smaller conservation reservoirs stretching out upstream.

It and others said the hydroelectric installation and the acres for water needed to keep it operating would not pay themselves out from the sale of power. It also objected to the covering with water of farms and commercial timber.

The issues were taken to the federal courts where opponents of the plan were defeated.

The dam is on the Angelina River, 10 miles northwest of Jasper. The dam and the reservoir land cost \$61 million, and construction is about 92 per cent complete.

**POWER SALE**  
Sale of power is expected to bring income of nearly a million dollars a year.

The reservoir, now collecting water, will cover 114,500 acres at normal level, rising to 172,500 acres in time of flood.

It is likely to remain the largest reservoir in acreage wholly within Texas for some time.

Toledo Bend's reservoir, partly within Louisiana, will cover 181,600 acres at normal level when completed. Texoma, partly in Oklahoma, covers 95,400 acres at normal height. Falcon, partly in Mexico, covers 78,000 acres at normal level.

The Neches River Conservation District said a dam covering 84,000 acres would have been sufficient if there were no hydroelectric production.

The dam is earth filled, 19,440 feet in length. This is more than 3.5 miles. The ground breaking was Sept. 2, 1957.

The reservoir will have a shore line of 560 miles in five counties.

### Jury Probes Triple Killing

KINGSVILLE, Tex. (AP)—The Kieberg County grand jury Monday was to consider the murder charges filed against two California youths arrested after three Texas fishermen were slain.

District Attorney Nelson Sharp said he would present the charges against Paul Krueger, 17, of San Clemente, Calif., and John Phillip Angles, 16, of Hollywood, Calif.

Angles was arrested at Kerrville when officers found he was carrying a pistol. His story about the slayings led to the discovery of the bullet-riddled bodies of the three fishermen near Riviera on the Texas coast.

Krueger, who was arrested in Mexico, is now in jail at Corpus Christi. Angles is being held in the Kieberg County jail here.

### Blaze For The Birds

LEWISTON, Idaho (AP)—The congregation of the Lewiston Orchards Methodist Church was in the midst of the third verse of the opening hymn at their 11 o'clock Sunday service when the pastor interrupted the singing.

"The church is on fire. Let's all leave very carefully," he announced.

The congregation fled out, and looked for the fire. The blaze was located in a bird's nest atop a large, 38-foot cross built into the front of the church.

A fire engine from a station half a block away doused the conflagration. The congregation went back to resume the hymn.

**DEAR ABBY**  
**Better Use**  
**Mending Tape**

DEAR ABBY: I had better prepare you for a problem you never had before. Our 19-year-old daughter is getting married next month and we are giving her a church wedding with all the trimmings. I hope you won't think we are terrible, but my husband and I have never been married legally. We have lived together common law, but no one knows this. I know I will feel guilty in that church when my daughter is being married if my husband and I don't get married before she does. My husband says I should forget it as this state recognizes common law marriage and, besides, it is too much red tape. I'd like your opinion.

DEAR NOT: It will be worth the "mending" tape. Talk to your clergyman about a quiet ceremony for you and your husband. And don't worry about shocking him. He's heard everything.

DEAR ABBY: I am tired of reading articles on how women should "treat" men. The women are told to diet, get new hairdos, wear feminine clothes, get interested in sports, always smell fresh and sweet, and flatter a man's ego. Baloney! We women have pride, too, you know. I am a lot more attractive in manly ways than most of my married friends, and I have a lot of love to give. But here I sit — starving for affection. Men are the dumbest animals in the world.

DEAR PROUD: The only way to get love is to give it, and pride has nothing to do with who makes the first move. The dumbest animal in the world is the one who has a hankering for him, but starves to death because he's too proud to eat it.

DEAR ABBY: I recently flew from Florida to New York just to see "HELLO, DOLLY." I had purchased my tickets six months in advance. The play was everything I had anticipated, but a man sitting behind me knew the entire score and he sang along with every number. It was maddening.

The next evening I paid \$5 to see "MY FAIR LADY." I had never spent that much on a movie in my life. Would you believe it, Abby, again a man sitting behind me sang all the numbers with the cast. That this happened two nights in a row was really too much. Won't you please say something in your column to silent such songbirds?

DEAR MARION: With pleasure. Now will everyone who knows the score please refrain from voicing it?

CONFIDENTIAL TO BETTE S.: You are right. I have yet to come across a "new" problem. All the problems people face today can be found in the Bible, complete with their solutions — if only people were wise enough to read and heed.

Problems? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a

**Amusement**  
**Park Slated**

ABILENE, Tex. (AP)—A \$2 million amusement park to be known as "Old Abilene Town" is to be constructed in this West Texas city.  
The park, to be located on 40 acres northeast of Abilene, is the project of two Abilene restaurant men—Mack Eplean and W. N. Casey. It will depict Abilene in the days when it was a thriving cattle center of the Old West.

**Two Flee Jail**  
**In Brown County**

BROWNWOOD, Tex. (AP)—West Texas officers are seeking two prisoners who escaped from the Brown County jail Sunday and fled in a car stolen from near a church.  
The two were identified as Jerry Gage, 28, charged with felony theft, and Eugene Wilson, 34, charged with burglary.  
They escaped by holding a knife to the throat of jailer Doug Jarvos and forcing him and a trusty into a cell.

**Firemen Conquer**  
**Blaze On Freighter**

HOUSTON (AP)—Almost 100 firemen fought a blaze in the number one and two holds of the SS Billiton, a 7,400-ton Dutch freighter, for two hours in the Houston Ship Channel Sunday before bringing it under control.

**Mississippi**  
**Flood Worst**  
**On Record**

By The Associated Press  
Soggy dikes held back the powerful thrust of the swollen Mississippi River in the Hannibal, Mo.-Quincy, Ill., area today as residents of other communities up and down the river waited for the worst spring flood in history to run its course.  
"A flood of this magnitude is calculated to occur only once in

100 years," the Interior Department reported, confirming that the flood was the biggest on record.  
The flood, which began in Minnesota and Wisconsin during March when snow began to melt, has taken 14 lives and caused \$150 million damage in five states.  
In the Hannibal-Quincy area, the river is on the rise again toward a predicted crest Tuesday.  
Only 23 families have been evacuated from low-lying areas in Hannibal. About 100 persons have fled their homes in Quincy.  
Hannibal has no levee protecting its population of 20,000. The water had begun falling in a 15-block industrial area which has

been flooded for about a week and most of the streets are passable.  
A broken levee Saturday night five miles south of Quincy, a city of 45,000, took some of the pressure off the Hannibal area.  
After the levee break, floodwaters ran 15 feet deep across 7,700 acres of farmland. It increased the amount of land under water in Adams County, Ill., to 25,000 acres. More than 20,000 acres were covered upstream in Henderson County, 70 miles to the north.  
When the levee broke, the river began receding.  
The Mississippi dropped Saturday night at Quincy from Wednesday's record high of 24.8 feet to 23.5 feet. The high in

Hannibal was 24.6 Friday, but it fell to 23.6 early Sunday.  
The river began rising again, however, and the U.S. Weather Bureau predicted a crest Tuesday of 24.7 feet in Quincy and 24.5 feet in Hannibal.  
The Mississippi has been over flood stage — which is 16 feet — since April 6.  
Upriver from the Quincy-Hannibal area, several small towns were hammered by the floods.  
Officials feared that battered levees would not hold in the Illinois towns of Keithsburg, with 963 residents, and in Hull, population 535. Most of Hull's residents have been evacuated.  
Gulfport, Ill., was marked only by the peaks of roofs and treetops. The 250 residents fled two weeks ago.  
Sandbagging continued in Ni-

ta, Ill., across the river from Fort Madison, Iowa.  
**QUAD CITIES**  
Water receded at the rate of three inches an hour in the Quad Cities area of Davenport, Iowa, and Moline, Rock Island and East Moline, Ill.  
Officials have said the crisis will be over when the crest passes Quincy and Hannibal and the waters level out in the wider channel of the lower Mississippi.  
Government officials said the record water discharge in St. Paul, Minn., exceeded the previous maximum flood in 1952 by 38 per cent.  
A spokesman for the Geological Survey in St. Paul said,

"During the April 12-21 period at St. Paul, the Minnesota and Mississippi rivers discharged more than 800 billion gallons of water, enough to supply the needs of two cities the size of New York for about a year."  
**Russian Serious**  
**Following Fall**  
NEW YORK (AP) — A Russian United Nations official remained in serious condition today from injuries suffered when he fell three floors from a window of his Manhattan apartment.

## Tarzan Still Most Durable Money Maker Of Film Stars

ACAPULCO, Mexico (AP) — Down here swinging through the trees is the first star in movie history who has a chance of grossing a billion dollars at the boxoffice.

Is it Charlie Chaplin? Elizabeth Taylor? John Wayne? No!

It's Tarzan! Producer Sy Weintraub, who owns the Tarzan gold mine, discloses that Tarzan movies have grossed more than \$750 million. Closest competitor is Wayne with \$325 million.

Of course, there have been 14 Tarzans and only one Wayne and Tarzan has been around for 47 years and Big Duke for only 35.

**MORE DURABLE**  
Tarzan is the most durable and commercial of movie stars. No Tarzan picture ever came close to losing money. All have

shown the kind of profit that makes bankers swoon.

Johnny Weissmuller, who hasn't been Tarzan for more than 25 years, still gets three-fourths of his fan mail as Tarzan.

"There's one theater in Egypt that's been playing my Tarzan movies for 30 years," comments Weissmuller. "And I had no piece of the action."

Until a few years ago, Tarzan was known every place but Africa, which is supposed to be his home tree.

Then Weintraub defied Hollywood convention and took him from a Culver City back lot to the African jungles.

**ADULT FANS**  
"Tarzan in real jungles outgrossed Tarzan in Hollywood jungles," says Weintraub. "That's why we're down here in Mexican jungles."

The new Tarzan is different. He swings through the jungles

and talks with chimps, elephants, lions and the rest. He can also wear a \$300 silk suit, talk like James Bond and make sophisticated women flip.

"There seems no end to what Tarzan can do," says Weintraub. "We've found that adult Tarzan fans outnumber kid fans two to one. That's why we decided to make him articulate this time. If it doesn't work, we can always give him laryngitis."

**NEW TARZAN**  
The new Tarzan, who out-Bonds Bond, will be seen in "Tarzan 66."

Latest — No. 14 — Tarzan is Mike Henry, handsome line-backer for the Los Angeles Rams. Mike, who normally weighs 228 pounds, had to lose 20 pounds for the cameras.

"It's great now but wait till those blockers from the Green Bay Packers make an end

sweep. They'll destroy me at this weight," says Henry.

Henry, a native of Los Angeles, had been acting for some time between football chores. He read that Weintraub was looking for a new Tarzan, one who could behave in polite society, do the Watusi and be an Adonis in Bond Street tailoring.

"I got the job," says the grid star, "by just calling up Weintraub and telling him his search was over."

"I had more trouble casting the lion and leopard," says the producer.

**FROM FAILURE**  
Historically, there's a basis for this new kind of Tarzan. The late Edgar Rice Burroughs was a failure in everything he tried, so much so that he even was reduced to writing a book on "How to Write."

Then, he came up with the fictional character of Tarzan, the son of an English nobleman who was killed, leaving his infant son to be reared by apes in darkest Africa.

Tarzan, specializing in good deeds and righting wrongs, getting into one bizarre predicament after another, became one of the richest literary properties in history.

# BIG SPRING DAILY HERALD

1-B BIG SPRING (TEXAS) HERALD, MONDAY, MAY 3, 1965 J-B

## Plans Firm For Clean-Up Week

With more hoopla than a three-ring circus, Big Spring will kick off its spring clean-up campaign one week from today.

Half a dozen events have been arranged for downtown by Raymond Smith and his special task-force committee to dramatize the beginning of the all-out effort to brighten Big Spring.

City fire sirens will sound at 11 a.m. May 10 to signal the official start, and this will set in motion a wave of activities including Mayor George Zachariah with a broom, shovel and pushcart for a bit of street cleaning. City crews also will hose down a street, and Jaycees will appear in work togs with brooms to help scrub the street and gutters. Ike Robb, chamber of commerce president, and John L. Taylor, past president, will be on hand with golf bags filled not with clubs, but with rakes, hoes and other instruments recommended for use in beautification of the city.

Nancy Haralson, who is Miss Big Spring, is due to be aboard

one of the city's trucks. There will be other activities during the week to keep Big Spring alerted to the job of cleaning up, painting up, fixing up. City garbage trucks will have signs, worded in Spanish and English, reminding residents to clean up. Fact sheets about clean-up week will be distributed through the schools, and youngsters will take these home. Lakeview school will have a shrub and flower planting activity. At least one neighborhood group will undertake a clean-up effort on a street or block basis.

Efforts will be stepped up to acquaint citizens with the garbage container ordinance. Pastors will be asked to encourage the community-wide clean-up. Service clubs will hear announcements, and a number of merchants will put on sale items such as paint, rakes, hoes and other things needed to tidy up a place. The city, as usual, will haul away collected trash free of charge.

## Youth Listed Drowned Found Dazed In Field

SAN ANTONIO (AP)—A San Antonio college student who was missing for two days and feared drowned in Medina Lake was found Sunday lying in a field near the lake, dazed and suffering from shock.

The youth, Kenneth Baker, said he was rendered almost helpless while fishing alone Friday when he dived from a boat and hit a submerged stump.

He said he floated to shore on a life jacket and, in a dazed condition, tried to climb a hill, but fell and knocked himself unconscious. He said he awoke after dark and tried to walk to a road but again passed out.

Baker's father, alarmed when his son hadn't returned by Saturday morning, contacted authorities. Divers scoured the bottom of the lake Saturday in the area where the youth's boat was found.

Rescue operations were about to resume Sunday morning

when three fishermen found Baker beside a road.

The youth, badly sunburned and in shock, was treated at a hospital for several hours Sunday and released.

An unidentified young spectator at a Little League baseball game Saturday was apparently saved by Sgt. John Tripp, Webb AFB.

Tripp, manager of the Highland Scotties, said the game between his team and the Plowboys was over when the little lad apparently fell from one of the dugouts at Cosden Park.

"I understood that the boy had a heart condition or something, and when he started turning black something had to be done," said Tripp. The sergeant applied mouth-to-mouth resuscitation to the lad, and he began breathing.

"It took about 45 seconds to see that he was breathing again, just about three good lung-fulls," said Tripp. Miller and another man then took the boy to his parents' car, but in the confusion, never got the name of the boy.

## Shah And Empress Stop Over In Paris

PARIS (AP)—The Shah of Iran and Empress Farah Diba arrived Sunday for an overnight stopover on their way to official visits in Brazil, Argentina and Canada.

SEUL, Korea (AP)—Walt W. Rostow, chairman of the U.S. State Department's policy planning council, arrived Sunday for a three-day visit with Korean government officials and economists.

## Drunk Flying Problem Seen Of Big Scope

WASHINGTON (AP)—Federal aviation officials fear they may have a bigger drunken flying problem among private pilots than they ever suspected.

The basis for this concern, a House Appropriations subcommittee was told, were the findings of some 50 autopsies conducted on crash victims.

"To our great surprise, there has come out of these autopsies a much more serious drunk flying problem than we understood there to be before," said Najeeb E. Halaby, in testimony March 2 before he resigned as Federal Aviation Agency administrator. The testimony has just been made public.

**PRIVATE PILOTS**

Halaby stressed that he was talking about private pilots, not airline pilots.

"The problem on air carriers, as far as we can ascertain, does not exist. The airline pilots do not drink," he said.

For the past several years, he explained, there have been about 500 fatal crashes each year killing 900 to 950 persons in general aviation.

"We thought that the average pilot, with the amount of experience he had had and the respect he had for the elements, just would not drink before flying," said Halaby. "We now find that one-third of the sampling we have taken of these fatal accidents in the year 1963 were probably under the influence of alcohol."

**ACTION MULLED**

What to do about it? Halaby said: "The airplane does not know whether the driver of the airplane is drunk or sober. We cannot build into the airplane a sobering device or an overcontrol that will take over when the pilot is being a damned fool."

He said the agency was considering some tougher regulations. The FAA, he said, now has a rule against pilots flying under the influence of alcohol. But, he added, it is considering a rule to prohibit any pilot from going up within eight hours after consuming any alcohol.

## Emissary Rostow Arrives In Korea

SEUL, Korea (AP)—Walt W. Rostow, chairman of the U.S. State Department's policy planning council, arrived Sunday for a three-day visit with Korean government officials and economists.

# America Lives High On Credit

How the standard of living has improved in the United States was explored by Mrs. J. B. Apple when she spoke Thursday at the luncheon meeting of the Big Spring Credit Women's Association.

Mrs. Apple said that America is a "credit way of life." As an example, she said there are at least 50 million who charge gas, and that 75 per cent of all cars are purchased on some form of credit. Eighty-five per cent of all household goods are bought on credit and that six out of 10 citizens have at least two or three accounts at retail stores.

Mrs. Apple noted that a higher percentage of homes are being owned because good credit enables people to purchase with a smaller down-payment. She said that credit unions alone have loaned 45 million dollars and that there are now 60 billion in short term loans out that do not include home loans. Despite the impressive figures, Mrs. Apple said that the average American family keeps its credit under control. An open discussion followed her talk.

The program was given in observance of International Consumer Credit Week.

The 21 members present included a new member, Mrs. C.

W. Mahoney, and guests welcomed were Mrs. Bob Bradford, Mrs. Houston Cowden and Mrs. Richard Hughes. Mrs. Elzie Marchbanks received the capsule prize, and the next meeting was scheduled May 6 at the Settles Hotel.

## Party Held For Couple

A gift shower honoring Mrs. Jacquetta Hodges was held Thursday evening in the Flame Room of Pioneer Natural Gas Company. Mrs. Hodges will be married May 7 to Charles Ar buckle.

Host couples for the affair were members of the Eleventh and Birdwell Church of Christ and the West Highway 80 Church of Christ. The women alternated with the hostess duties, and 78 guests signed the register during the evening.

A miniature wishing well, adorned with white flowers and wedding bells, centered the white linen-covered refreshment table where silver and crystal appointments were used. The white cake was decorated with blue flowers.

Wedding gifts were presented to the honored couple and the wishing well was filled with coins.

### Engaged

Mr. and Mrs. Grady Gaskins, Rt. 1, Knott, announce the approaching marriage of their daughter, Wanda Dean, to Airman J.C. Fred William Hendrickson Jr., son of Mr. and Mrs. F. W. Hendrickson Sr. of Hicksville, Long Island, N. Y. The wedding will be May 28 at the Primitive Baptist Church.

PANORAMA OF 'BIG SPRING COUNTRY'  
Special table for 1930 Hyperion's local history program

## Big Spring Panorama Accents Scene For Hyperion Luncheon

A massive square green-covered table was the setting for a "Big Spring country" panorama as special decor for Saturday's luncheon session of the 1930 Hyperion Club, held in the Gold Room of the Big Spring Country Club.

The table, arranged by Mrs. Adolph Swartz, featured a replica of the "big spring" and the actual marker which describes the historic spot. It also was dotted with small hills, western grass and cactus, miniature covered wagons, cowboys and soldiers—all to depict the early day atmosphere of the town. At the other end was a simulated air strip with miniature jet

planes parked. Cactus spines, were devised to hold place cards.

The novel arrangement was the background for the program, "From Covered Wagons to Jets." R. W. Whipkey was speaker for the program, and gave a capsule history of the community, from the time of the discovery of the "big spring" to today's need for city improvement. He spoke of the frontier days, the railroad era, the oil boom which brought much city growth, and the post-war development period.

He was introduced by Mrs. Bill Currie, Mrs. R. E. G. Cowper was a hostess for the luncheon,

along with Mrs. Swartz. There were 20 members present.

A business session following the program was conducted by the president, Mrs. Arch Carson. Committees to serve for the next year were named. They were program, Mrs. M. R. Koger, chairman, Mrs. Morris Patterson and Mrs. Charles Weeg and telephone, Mrs. E. L. Powell, Mrs. Cowper and Mrs. C. M. Phelan.

## Fora Hears Speaker List Fashion Types

Eight types of female figures which fashion designers considered in their styling were described by Mrs. J. W. Dickens when she discussed "The Couturier Look" for members of the Spoudazio For Study Club.

Mrs. Dickens said the term "oval" is applied to what designers call the perfect figure, but that the majority of females fall into other figure types.

In noting today's fashion trends, she said that in Britain fancy slips are being worn under plain sheer shifts, and in Rome, solid colors are favored over prints this season. In the United States, the casually "sloppy" look will be popular for the summer holidays and the informal activities they include.

Mrs. Bill Lansing presided for the business session as the installation dinner was set for May 25 in the Blue Room at Cosden Country Club. The dinner will begin at 7 p.m. and secret pals will be revealed during the evening. The arrangements are under the direction of Mrs. H. O. Hudgins, and Mrs. James Jones and Mrs. Charles Lusk will be in charge of the installation ceremony.

Mrs. Bill Coleman reminded members that the Tasting Bee will be in her home at 1100 Lloyd at 7:30 p.m. May 11. Each member is to provide a foreign or exotic dish for the guest affair.

Mrs. Ben Irwin, 1606 Vines, was hostess and served refreshments to eight members. Mrs. Ennis Cochran will be cohostess for the May 11 meeting.

ner will begin at 7 p.m. and secret pals will be revealed during the evening. The arrangements are under the direction of Mrs. H. O. Hudgins, and Mrs. James Jones and Mrs. Charles Lusk will be in charge of the installation ceremony.

Mrs. Bill Coleman reminded members that the Tasting Bee will be in her home at 1100 Lloyd at 7:30 p.m. May 11. Each member is to provide a foreign or exotic dish for the guest affair.

Mrs. Ben Irwin, 1606 Vines, was hostess and served refreshments to eight members. Mrs. Ennis Cochran will be cohostess for the May 11 meeting.

P-TA Luncheon Planned Tuesday

A Parent-Teachers Association luncheon has been announced for Tuesday at 11:45 a.m. at Coker's Restaurant. The meeting is in honor of the incoming and outgoing local unit officers and all council officers and chairmen. Following the luncheon there will be a school of instruction for council officers and chairmen only.

### Formally Initiated

Four new members were welcomed during Saturday evening's Founder's Day program for the Beta Kappa Chapter of Delta Kappa Gamma, an international society for women

educators. Joining the group were, from left, Mrs. A. L. Martin, Mrs. Marvin Tatum, Mrs. Bill Gage and Miss Elzada Herring.

## Beta Kappa Initiates Four New Members

The Beta Kappa Chapter of Delta Kappa Gamma had its annual Founder's Day program and initiation Saturday evening in the Blue Room of Cosden

Country Club. Members and initiates were served a buffet dinner and were seated at tables decorated with massive arrangements of red roses. Immediately following the dinner, a brief business session was conducted by Mrs. Rogers Hefley.

The chapter scholarship, given each year to a member of the chapter who attends summer school, was awarded to Mrs. J. H. Fryar.

The members and initiates adjourned to the Teenage Room for the traditional candlelighting service honoring the founders of the international society. The program was led by Miss Mary Foreman as the purposes and objectives of the organization for women educators was reviewed.

Miss Movelda Rhine, chairman of the committee on ceremonies, presided at the formal initiation ceremony for Mrs.

Bill Gage, Miss Elzada Herring, Mrs. A. L. Martin and Mrs. Marvin Tatum. The women were presented with red roses and greeted by each of the members.

Hostesses for the dinner were Mrs. Cecil Hamilton, Mrs. Paul Sweet, Mrs. Fryar, Mrs. Roy Green, Mrs. Cass Hill and Miss Lulalia Mitchell. Approximately 50 attended.

### Place High For Saturday Games

Five tables were in play for the Saturday afternoon duplicate games at Big Spring Country Club. Winners were Mrs. Hayden Griffith and Mrs. Jack Irons, first; Mrs. B. B. Badger and Mrs. Ayra McGann, second; and Mrs. Tom South and Mrs. Fred Lurting tied for third and fourth places with Mr. and Mrs. Joe Steyer.

Players were reminded that the Team of Four games will begin at 1 o'clock Wednesday, and the Friday games will begin at 1:30 p.m. instead of 1 p.m. because of the monthly Ladies Golf Association luncheon.

For the delight of the American housewife and her long-suffering husband, here is the best of Heloise. No home should be without her!

### Sample Hints

- "To keep ice cubes from sticking to the bottom of the tray after some have been removed, put aluminum foil in the bottom of the tray. Cubes come out easily."
- "Cantour sheets will go on the mattress much easier if you fix diagonally opposite corners first. Try it!"
- "Dip a raw potato into scouring powder to scrub the corners of rusted cake and pie pans."
- "Use stale beer to set your hair. It gives 'body'. Just dampen the hair and roll. The hair will not retain the beer odor when dry."
- "If you want to be real fancy when having company, put a few dabs of cologne on a piece of cotton and wipe the phone. This leaves it shiny and free from dust, and it retains a delightful fragrance. The alcohol in the perfume also acts as an antiseptic!"
- "Try making a small roast beef and a small roast pork together. The meats pick up the taste from each other and the gravy is out of this world."
- "Having trouble drying your crinoline petticoats? Just put them over an open umbrella! Great!"
- "When cutting marshmallows or chopping dates, if you dip your scissors into water and cut them wet, the goodies won't stick."

# ★ THE ASSOCIATED PRESS NEWS IN PICTURES ★

**REFLECTED IMAGE** — Prime Minister Harold Wilson of Great Britain views his shadow caused by newsreel camera lights during interview at the New York Economic Club. He told newsmen he hopes to end his country's balance of payments deficit by next year.

**RARIN' TO GO** — Apparently this leopard is not in the mood to be pictured. Snarling shot was made as it arrived at the African Pavilion at New York World's Fair.

**BIG CITY WELCOME** — Fire department boats send up spray to salute the Oceanic as it sails past lower Manhattan in New York City upon completion of maiden voyage from Italy. The 33,241-ton vessel is the seventh largest passenger ship in the world.

**ROAD FLIGHT** — Commuters on New York's Belt Parkway are part of nationwide squeeze on roads as thousands of new cars and new drivers join the rush every day.

**ADVISER** — Eugene R. Black, former head of the World Bank, is President Johnson's chief aide in the American program planned to alleviate hunger and want in Southeast Asia.

**ASPIRING TO SPIRE** — A painter in bosun's chair is dwarfed by the giant crane carrying him to paint the top of the spire of the Thailand Pavilion at the New York World's Fair. The exposition is readying to reopen for its second year in late April.

**EARLY START** — Sammy Study is the picture of concentration and effort as he rolls a 9-pound ball down bowling lane in Indianapolis. Sammy's only 18 months old.

**TWO-TOP MAN** — Vietnamese soldier on patrol wears traditional conical hat atop steel helmet. Hat serves dual purpose: disguise and protection from sun and heat.

**SET THE SCENE** — Marcus Hinton, in uniform of a Confederate Army officer, and his wife, Cynthia, in mid-19th century garb, look at model soldiers. The couple, both American Civil War buffs, enact battles with the models at their Taplow, England, home.

**CIA CHIEF** — William F. Raborn Jr., 58, a retired admiral, has been chosen by the President to head the Central Intelligence Agency. He succeeds John A. McCone in the post.

**ON THE LINE** — Tourist straddles both sides of the Equator as he photographs scene at entrance to Queen Elizabeth National Park near Mweya in Uganda, Africa.

**A LITTLE HELPER** — Kathy Johnson has her hands full feeding seven-day-old Clarence at Fort Collins, Colo. The donkey's mother won't have anything to do with it so Kathy, who's only five, goes through this strenuous struggle every two hours daily.

**SHOW SIGHT** — It's not often that you see a hat with a square brim. Red and white coarse straw boater was part of "Some Dead Gear Hats for Spring" show in London.

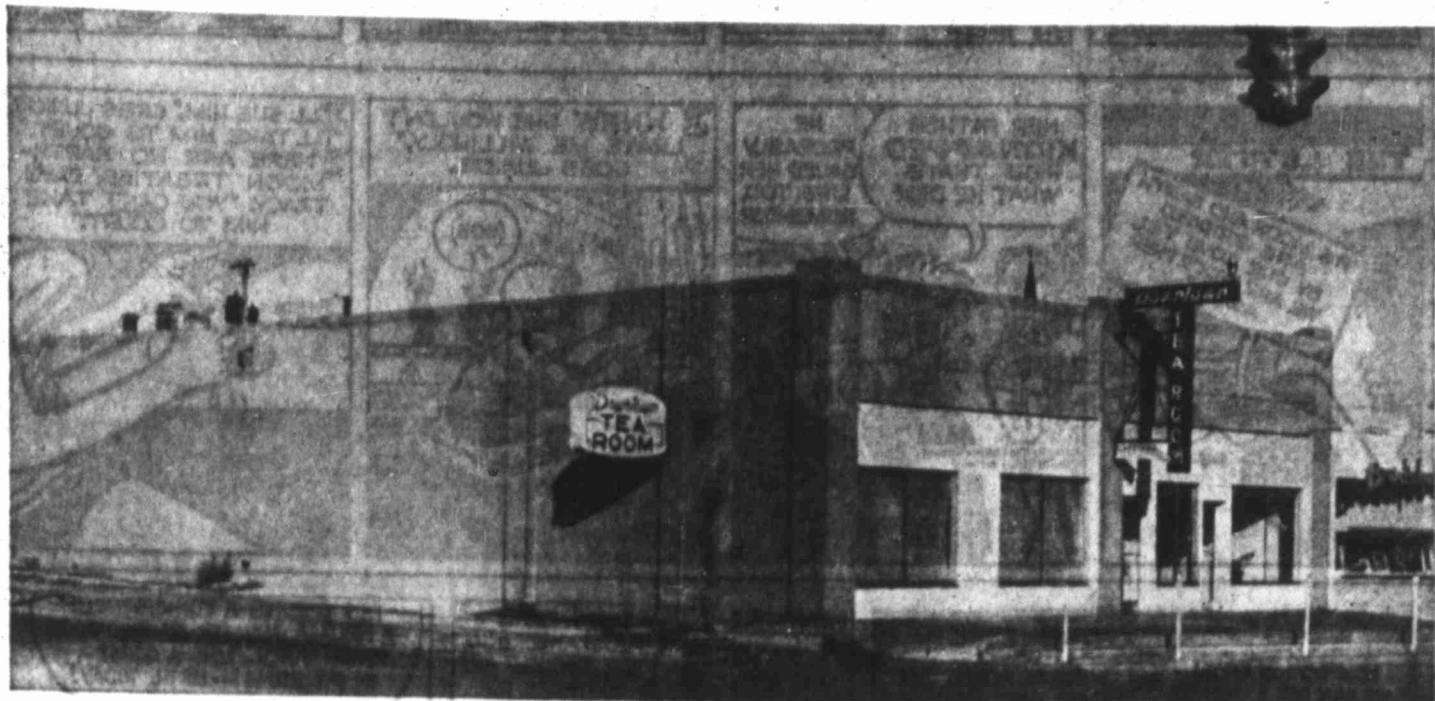

**A LIVELY SUBJECT** — Former President Harry S. Truman is pictured twice as he sits near mirror after morning stroll in New York City. Truman, who'll be 81 years old in May, came to New York to be honored at the 25th anniversary Freedom House dinner.

**Downtown Tea Room Convenient For Diners**

Mr. and Mrs. Dee Bennett operate two Tea Rooms to feed those who want to "eat out", or who work and do not have time to prepare their own meals — noon or evening. A choice of four or more meats, and all the vegetables, salads and desserts, plus a drink, are available cafeteria style, for \$1 at the Downtown Tea Room, 508 Main, and the home location, 1301 Scurry. For special parties and efficient catering service, call the Bennetts at AM 4-7644.

**Bryon's Can Handle Any Move, No Matter Where**

Byron's Storage and Transfer, 106 E. 1st, features local and long distance moving, and has a bonded and sanitized warehouse for storage of household goods for future moving. The building is also fire-proof.

Fast, modern vans are driven by men who know their business and who make safe moving a pleasure for any one changing locations. The firm is an agent for United Van Lines and can pack household goods for shipment to any part of the United States and Canada.

If you plan to move across town Byron's Storage and Transfer, owned by Byron Neel, can relieve you of a lot of worries and hard work by taking over the entire process. You just walk out with the clothes on your back and let experienced men take over the task of getting everything moved to your new address with the greatest efficiency.

If the move is across the state or nation, the housewife can call Byron's Storage and Transfer, tell them when they can start packing, and when the household goods are needed at the new location. The family can go ahead or follow with the feeling that everything will be in place when needed.

Kitchen utensils are packed securely, with no danger of breakage. Glassware, mirrors, pictures, lamps, and all fragile items are wrapped and packed securely, and labeled for identification on opening.

Furniture and belongings from

each room in the house can be unloaded, unpacked, and placed in similar locations in the new home. Dresser drawers and closets will be handled with crates, boxes, or wardrobes, so that everything will go back in the same location.

If a drawing of the new house, with numbered locations for furniture and appliances, is furnished, everything will be placed as marked to prevent the necessity for future moving about.

If you prefer to do your own packing, Byron's can provide the proper boxes, crates, barrels, wardrobes and everything that goes with the move, and you can label your cartons for proper locations or identification in your new home.

On the other hand, if you must move your household goods out of your present home, and they must wait until you find a place to live in another community, Byron's warehouse is a safe

place, and the cost is within the reach of every one.

Everything is bonded and insured, and sanitized to prevent damage, and the building is fire-proof.

Byron's Storage and Transfer will give you an estimate on the cost of moving your household goods and other items, whether it be across town or across the nation, or overseas. Telephone AM 4-4351 for information and the estimated cost.

**Texas Electric Service Co. Provides Special Services**

Texas Electric Service Co. has made a practice of providing many other needed and helpful services, in addition to supplying power to customers. Community service is one of the most outstanding, with several areas. Specialists are employed by TESCO and these are available to home owners and business men for aid in such areas as agriculture, commercial cooking, air conditioning, home builders, appliances, lighting and home service.

**COMMERCIAL COOKING** — Texas Electric Service Co. has a man who works closely with food service industries to help restaurant operators obtain the benefits of modern electric cooking equipment. He has demonstrated equipment which can be installed and used by food service operators to dramatically demonstrate the superiority of cooking electrically.

**HOME BUILDERS** — TESCO has a specialist who works with residential building contractors. He will offer consultation on the latest innovations in appliances, inspect homes to award Gold or Bronze Medallions where the quality of construction warrants, and is generally available to the home building industry to offer the assistance of TESCO in the solution of their problems.

**AGRICULTURE** — TESCO employs a specialist in agriculture who works with the Agriculture Committee of the chamber of commerce, 4-H Clubs and FFA groups, county agents, and farmers and ranchers. His purpose is to assist in improving the agricultural income of the area through showing how people may farm better electrically. He is available to assist in planning farmstead wiring, to present courses of training to student groups on adequate wiring and motor controls.

**AIR CONDITIONING** — Design and application of electric heating and cooling equipment is featured through a specialist employed by Texas Electric Service Co. This man is competent to make heat gain and heat loss studies, recommend types of insulation, make operating cost estimates and give advice when service problems exist.

**APPLIANCES** — TESCO has a specialist who coordinates the

company's appliance sales promotion activities with the sales efforts of the appliance dealers. In cooperation with the dealers, he prepares monthly analyses of appliance sales. Modern appliances from various dealers are always on the floor at TESCO's showroom.

**HOME SERVICE** — TESCO has a graduate home economist who is available to make home calls to assist a homemaker with appliance problems. She also presents training programs to homemaking classes in the public schools and works with 4-H Club groups.

**LIGHTING** — TESCO has a skilled lighting specialist who is available to design a complete lighting system or to suggest improvements in existing lighting systems for residential, commercial or industrial customers.

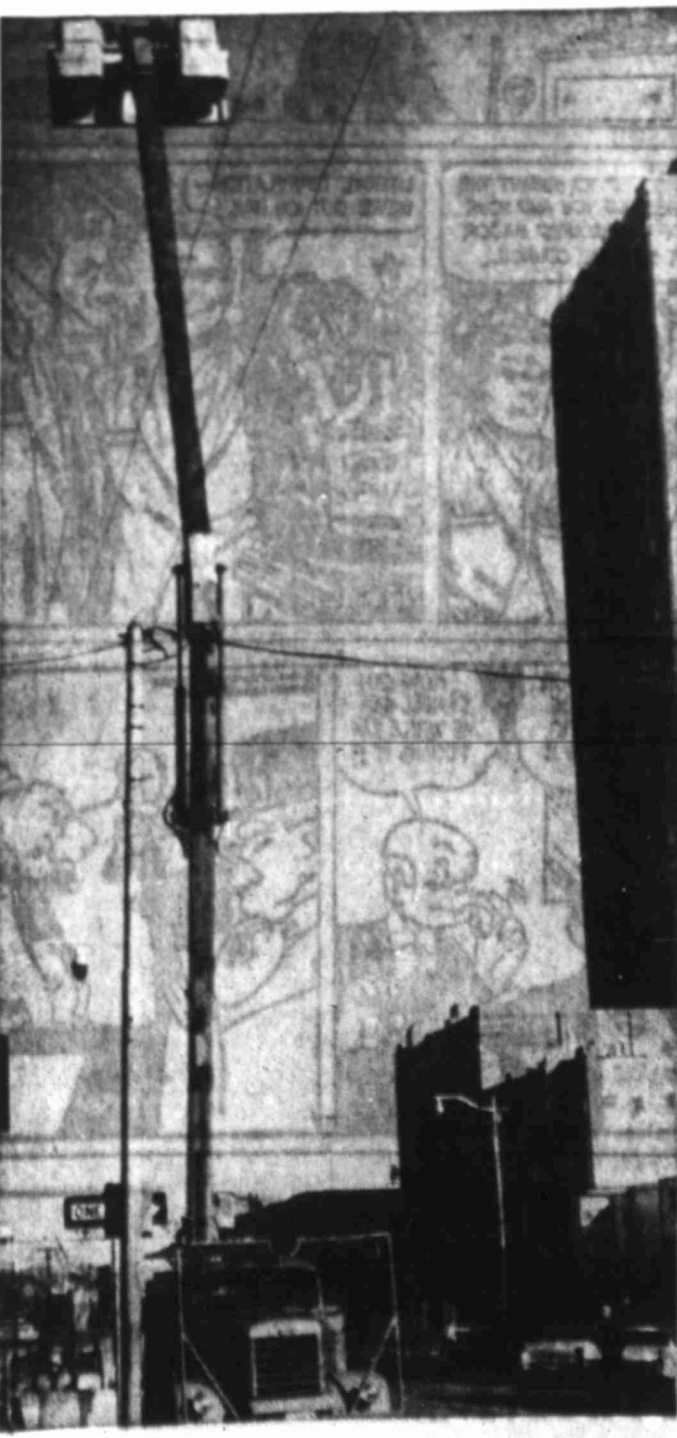

All of the above services are furnished without charge to residents, businessmen and farmers and ranchmen in the area served by Texas Electric Service Co.

company's appliance sales promotion activities with the sales efforts of the appliance dealers. In cooperation with the dealers, he prepares monthly analyses of appliance sales. Modern appliances from various dealers are always on the floor at TESCO's showroom.

**Mother's Day Gifts Are Available From Carver's**

With Mother's Day coming next Sunday many Big Spring residents will be looking around for an appropriate remembrance. Carver's Drive-In Prescription Pharmacy at 310 Main carries a good line of candies, cosmetics, and other items to make a mother proud.

A convenient display in the store is the counter reserved for Pangburn's chocolates. These quality candies are boxed in several sizes appropriate for gift-giving on special occasions or to keep in the home for quick energy snacks.

Milton Carver, owner, emphasizes the fact that their candies are always fresh. The air conditioned building keeps an even year-around temperature.

Then take a look at the cosmetic counters and you will find all the well-known brands most desired by particular women.

These items come in sets or individually.

As a licensed pharmacist, Carver believes in regular checkups by your family doctor to insure good health. To help do this he keeps abreast of the latest developments in prescription drugs and trusted patent medicines. Carver and Jack Magee compound prescriptions with care, and save you money by not offering "free" delivery services. They feature a drive-in window for conveniences of customers.

**BUZ SAWYER**

I HAVE TO FLY TO SAN JOSE, MILA, AND MAY BE A LITTLE LATE FOR OUR DINNER TONIGHT.

THAT'S OKAY, BUZ, BUT WHAT ABOUT THE REPORT?

JUST BE SURE YOU GET IT ON THAT 9:30 PLANE.

BUT YOU LEFT THE FIRST HALF OF IT IN YOUR APARTMENT.

OH, SHUCKS! BE A SWEET GIRL, MILA. TAKE MY KEYS AND PICK UP THAT FIRST HALF, WILL YOU? IT'S HIDDEN IN A MAGAZINE UNDER THE MATTRESS.

FINE! I'LL GET TO SEE WHERE YOU LIVE.

**GASOLINE ALLEY**

It was nice to meet you, sunshine! You must come and see us!

Thank you! I would like to!

Skeezix is your son and he and Nina have two children, Chipper and Clovia?

That's right!

If he is your son, why does he call Mr. Walley "Uncle Walley"?

He isn't really our son! He was left on Walley's doorstep when he was a baby!

Almost like me!

**NANCY**

OFFICER—WHAT IS THE FINE FOR WALKING ON THE GRASS?

THREE DOLLARS

OH, BOY—A SEVEN-DOLLAR PROFIT

KEEP OFF THE GRASS

**LIL' ABNER**

CHICAGO'S A STEEP PRICE FOR ONE SQUAW! HOW ABOUT COLUMBUS, OHIO?

SORRY! NO DISCOUNT.

SHE'S A NICE KID AND ALL THAT, BUT NOBODY'LL EVER PAY CHICAGO FOR HER.

LONESOME POLECAT ALREADY ON WAY TO GET ME CHICAGO!

HO! HO! NOW IS YOUR FACE RED?

OKAY—IT'S A DEAL! —HMM—THERE'S NO SENSE IN TWO INDIANS GOING AFTER ONE CITY! I'VE GOT TO STOP HIM!

**BLONDIE**

ALEXANDER, HOW MUCH DOES A RECORD ALBUM COST?

ABOUT THREE DOLLARS

YOU HAVE FIFTY ALBUMS HERE—THAT REPRESENTS ONE HUNDRED AND FIFTY DOLLARS

DO YOU KNOW WHAT YOU COULD BUY FOR A HUNDRED AND FIFTY DOLLARS?

YEAH—FIFTY MORE ALBUMS

**ORPHAN ANNIE**

IT'S AN OUTRAGE THAT NO ONE EVER CAN PROVE THAT THOSE SCOUNDRELS REALLY BROKE ANY LAW! THEY MERELY PERVERTED A POORLY DRAWN LAW!

OH, LOTS OF WELL-MEANING SOULS GET FINE LAWS PASSED, GOOD LAWS, IF EVERYONE WERE AS SWEET AND HONEST AS THEY NAIVELY IMAGINE EVERYONE ELSE IS!

YEP! I'VE SELDOM YET KNOWN A GOOD LAW THAT CLEVER ROGUES COULDN'T TWIST INTO A BAD LAW!

HONEST PEOPLE DON'T LEAD MANY LAWS! LAWS SHOULD BE DRAWN TO PROTECT THE INNOCENT, NOT TO SHIELD THE CRIMINAL!

OH, SURE! BUT TRY TO EXPLAIN PRACTICAL FACTS TO ANY STARRY-EYED CRUSADER!

## Groups Wanting Stronger Farm Program Disappointed

WASHINGTON (AP) — Several farm legislative recommendations gone before Congress under the conditions that clouded proposals advanced recently by President Johnson.

First and foremost, the President's recommendations carried little warm-hearted support, even from the administration itself. Farm groups which have lined up in the past to support first President John F. Kennedy and then President Johnson and

their farm proposals were sharply divided in their judgment of the latest farm measure.

Perhaps most disheartening to those who want stronger federal farm aid programs was the fact that the President sent only a partial package of recommendations to Capitol Hill.

Then too, there was keen disappointment that there was nothing in the President's letter of transmittal indicating that the White House is at all disturbed by a farm economic situation some farm leaders regard as serious.

John's latest recommendations were limited to short-term measures for wheat, feed grains, rice and wool. Those looking to this session for stronger farm programs had been anxious for the President to cover the entire agricultural front. Absent were proposals for cotton, dairying and sugar crops.

**MORE INCOME**  
Those wanting more effective government programs for bolstering and improving farm income wanted a single bill covering most all phases of agriculture — a bill that conceivably would draw all segments and sections of the country together to provide benefits for each by helping others get what they want.

But cotton and dairying were left out because of a lack of agreement on programs better than those now in effect.

Thus with some agricultural

segments left out, backers of strong government measures are fearful that an urban-minded Congress may decide it is about time to put agriculture on its own.

The submission of Johnson's latest farm plan found two arch rivals — the American Farm Bureau Federation and the National Farmers Union — joining hands to criticize the President's proposals.

The Farm Bureau, which wants less government in agriculture, said the Johnson proposals would go too far in being farmers to government hand-outs for their future wellbeing.

**BACKS DEMOS**  
The Farmers Union, long a backer of Democratic presidents, said Johnson did not go far enough to help farmers. It charged that the White House has turned the formation of government farm policies over to the cost-conscious Budget Bureau. That bureau has been highly critical of farm program cost.

The outlook for congressional action is not helped any by indications that relations between Johnson and Secretary of Agriculture Orville L. Freeman are rather lukewarm.

Johnson has been more determined to cut farm program costs than Freeman. Too, the President is known to feel the Freeman has done little to quiet criticism in the Democrats' own camp over Johnson's cost-cutting for agriculture.

peaceful coexistence offers much hope?

A. I don't, unless and until there is a change in the Soviet policy. The U.S. should realize that the Soviets recognize only power and we have to have military power superior to that of the Soviet government.

Stalin did not like the ruling forces in China. He had no confidence in them. I recall that after the war, when Stalin was questioning how many troops we had in China, and I told him the exact number — some 40,000, and that we wanted them home as soon as possible. He seemed quite amazed and asked where did we have stationed an army of a million? On the table between us I took matches and showed as accurately as I could where our troops were, according to the latest information from the Joint Chiefs of Staff. I finally convinced him. He threw his head back and said, "I believe you Mr. Secretary, the Chinese were always the damnest liars in the world." I think he is right. I thought so then; I was right, and I think so now.

Q. What are the chances, in your estimation, that the Chinese will intervene directly in the Viet Nam war?

A. I must confess that I have no fixed opinion. It is uncertain always as to what the Chinese will do. Again, they are impressed only by the military power of the U.S. government. Negotiations with China are very much like negotiations with the Soviets. I found in dealing with them (the Russians) for almost two years, they are what the Orientals are supposed to be — traders.

Q. Do you think talks with the Soviets should continue?

A. Yes. As a matter of fact, I think President Johnson was extremely right in stating in his John Hopkins University speech that he was ready at any time to talk with the Soviets or any other government, because we cannot hold the support of independent governments if we refuse to confer with those who are opposed to us.

Q. Do you support Johnson's Viet Nam policies?

A. I heartily support his statements as to his willingness to discuss the cessation of hostilities and settlement of our controversies. I am sorry that he added his willingness to have the United States contribute a billion dollars to the rehabilitation of Southeast Asia.

Q. Do you support the air strikes against North Viet Nam?

A. I enthusiastically support the air strikes. The only way we can hope to convince the warlords of North Viet Nam is by a demonstration of our power. I do not believe, however, that you can buy the friendship of people. That is true of individuals, and it is true of governments, which are an assortment of individuals. I do not believe that the money we gave (Indonesia President) Sukarno will accomplish any good. I understand that (Egyptian President) Nasser told us we could take our money and go to hell. I dislike to have the well-intended efforts of the U.S. government depreciated by such little people in a big world.

**DOMINATE WORLD**  
Q. You dealt extensively with Russians as secretary of state. What is your estimation of what the Russians are up to now?

A. What is their immediate goal I do not know, but I always stop and think what has been their goal ever since the end of World War II. I have no doubt that it is the same goal. They want to dominate the world. They would prefer to do it by negotiations, but if that is not possible, they would do it by force. There has been no change announced as to the policy of the Politburo. I remember a dinner given to the three foreign ministers Bevin, Molotov and myself on Christmas Eve in 1945, at which dinner the Politburo were guests. Those men determined the policies of the Soviet government and I know of no one who would suggest that there has been any modifications of the views of the Politburo. Mr. Stalin passed from the scene, so did Mr. Khrushchev, but the policy of the Soviet government remains the same.

Q. You don't believe that

## Is President Bit Weary?

WASHINGTON (AP) — President Johnson has been through five wearing days because of the Dominican crisis and some of his television audience Sunday night thought he showed it. Others thought he looked comparatively good in view of what he has gone through.

Some viewers described his face as shadowed and lined and showing signs of weariness. Others thought there was not much difference from the past.

Perhaps there were some shadows, because the television lights had been softened. In his last television appearance to discuss the Dominican situation the lights had bothered him. So they were rearranged and softened Sunday night. Technicians had said this might produce shadows.

While some observers thought the speech was rambling, the one major rough spot involved the President's inability to find a place in his notes. He had been using teleprompter until it came to the point for him to switch to something he had decided to insert at the last moment. He hadn't been turning

the pages of his notes, so he fumbled and repeated a bit.

The President had spent three hours talking with congressional leaders — doing most of the talking himself — and if he was weary, this might have been a factor along with the hours he put in during the day with his staff.

### Baptists Plan Party For Seniors

The Baptist Student Union of Howard County Junior College will be host at a coke party given for all Baptist high school students who are graduating in May. This graduation coke party will be May 4 from 7-8 in the Student Union Building at the college.

The purpose of the reception is to introduce the students to the BSU work, and is for all Baptist seniors, whether they plan to attend HCJC next year or not.
