TWO INJURED WHEN THESE CARS COLLIDED HEADON
This was one of several accidents during severe weather Thursday

(Photo by Danny Valdes)

Rain, Hail Batter County; Tornadoes Are Sighted

Menacing cloud banks, out of which ominous tornadic tails squirmed and twisted, heavy rains and, in many places, barages of hail, gave the Howard County and Big Spring area a terror-filled Thursday night. In its wake, the rugged weather—the worst the area has had this spring—left numerous broken windows, some gullied roads, leaf-strewn sidewalks and damaged roofs.

NEED MORE

Although the rain ranged from half an inch to an inch and a half and came on the heels of earlier rains of the week, farmers in most parts of the county still insist they need more to make the gamble of planting worth the effort.

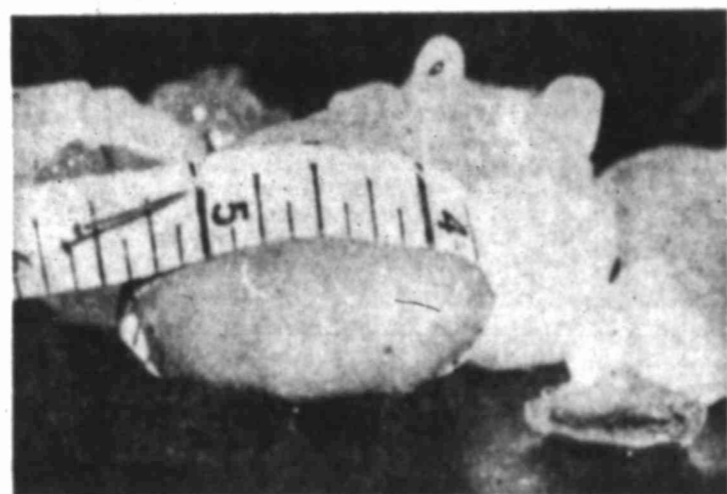

Many fields, of course, by virtue of the rains last night and earlier this week, have enough water now to permit seeding, the farmers said, but the problem is whether the amount is enough to get the crop up and hold it until it has a firm footing. Due to the highly scattered nature of the rains, many farmers still far short of enough moisture to even seed their fields. Planting season is at hand.

Numerous twisters were spotted. One, it was said, swept over Coahoma. Another was verified over Lake J. B. Thomas and Vincent. Tornadoes were spotted in the area between Ackerly and Lamesa. Andrews had a menacing twister which moved along the ground in isolated oil field country near Frank City.

VARIED

Here in Big Spring, rain varied widely in volume. The U.S. Experiment Station gauged 1.02 inches. The May total at the station now stands at 1.85. Over town, all kinds of rain reports were gathered. TESCO switching plant had 83 Edwards Heights area 80; Western Hills 75; Willa Street 90; South Haven district 2.15 (since Sunday); City Park area 50.

Heavy hail battered many

YEP, THEY WERE BIG
... And some were bigger

parts of the town. Hail damage was still being assessed this morning, but local insurance adjusters indicated it probably will be restricted to older composition roofs, windows and car tops. Residents, particularly near the downtown area, were keeping insurance men's telephones buzzing this morning, reporting their claims. One agent said shingle and gravel roofs may have come through the storm with the least damage. Fifteen windows in the county courthouse were knocked out. An insurance agent said they looked like someone had poked his fist through them. The Settles Hotel also had window damage, with some 20 broken during the hailstorm.

CHURCHES HIT

The First Methodist Church educational building, 4th and Scurry, reported a number of windows broken, and several

West Texas Gets Brunt Of Storms

By The Associated Press

Unrelenting spring storms kept on hammering a broad expanse of Texas with occasional torrential rains and tornadoes which inflicted surprisingly little damage.

Bands of showers punctuated by moderate to heavy thunderstorms paraded across the state from west to east, sometimes in clusters 50 to 75 miles wide. The unruly weather maintained an unbroken record of

nightly forays into Texas and continued into the morning.

Weather Bureau radar spotted a tornado aloft near the Abilene airport shortly before midnight. There was no indication it touched ground, but soon afterward a special forecast warned of a possible twister or two until 6 a.m. amid violent thunderstorms in a 120-mile wide sector from Junction to 40 miles north of Dallas.

Funnel clouds seemed to gather almost as if for a convention earlier in the evening as a rash of tornadoes menaced West Texas.

Spearman in the north edge of the Texas Panhandle meanwhile measured 7 inches of rain in a downpour which continued for hours.

Observers at one juncture counted four tornadoes spinning toward Crane in far West Texas, but only two dipped to earth and none caused damage in the sparsely inhabited area. Crane is 33 miles south of Odessa, where hail accompanied a 2-inch rain.

Water rose into a home in the northeast part of Odessa and rescuers used a boat to rescue a man from the dwelling. High water drowned out a fire truck and kept it from reaching a minor blaze in Odessa. US 385 was blocked for a time by accumulated rain.

Still other tornadoes knifed down as thunderstorms formed in a broken line extending for miles from the northeast corner of the Texas Panhandle to deep in the Big Bend country near the Mexican border.

One twister wrecked a trailer house in the Woodrow community near Lubbock, another battered a collection of empty oil tanks 7 miles west of Andrews and a third danced along the ground 9 miles west of Ackerly.

stained-glass windows damaged. The First Presbyterian Church, 701 Runnels, reported four stained glass windows damaged, but not broken.

The school system had some broken glass too. There were 11 windows reported smashed at Boydston Elementary and 16 at the high school. A few were broken at Runnels Junior High.

A number of business signs were smashed by the hail and these were still being counted this morning.

Heaviest rain reported was on the Wilson Ranch in the northeast corner of the county. Bill Wilson said the north side of the ranch got 1.6 inches. Golfball sized hail pounded down on the range.

Vealmoor, near the northern edge of the county, gauged 1.50. Moss Creek also had 1.50 inch, rugged wind and some hail. The lake keeper said several stubborn fishermen were caught on the lake shore when the storm hit. They sought haven in the keeper's quarters until the storm ended. The lake came up three inches, he said.

LOW PLACES

Here in town, low places on US 80 on west Third and West Fourth Streets filled and traffic was handicapped for a time. Gutters ran full turning down town streets into rivers. (See Pasturelands, P. 7-A, C. 1)

Two Hospitalized Following Wreck

A head-on two-car collision in heavy rain and hail about 7:30 p.m. Thursday, on FM 700 at the curve west of Virginia, sent several persons to a local hospital.

Mrs. Charles Hickman, a passenger in the right front seat of a car traveling west on FM 700, driven by her husband, was taken to Howard County Hospital Foundation for treatment. Hospital attendants reported she was doing fairly well today. She received facial cuts when her head hit the windshield of the car.

A passenger in the other car involved, Mrs. Samuel Shastid, was reported in good condition at the hospital. Mrs. Shastid was riding in the right front seat of a car traveling east, driven by her husband, according to police. Also taken to the hospital, but not admitted, was Lynn Shastid, their nine-year-old son. Mr. Hickman is an attendant

at City Park. The Shastids live on the Gail Route. Several other traffic accidents were reported to police during the evening.

A collision at US 87 and FM 700, about 8:30 p.m., involved cars driven by Mrs. Jo Broadrick, 1510 Dayton, and James Schierman, Cherryvale, Kansas, with considerable damage to both cars, officers said.

Another accident, reported about 7:30 p.m., involved a car driven by James Berset, 1708 Jennings, which struck a plate glass window at the Piggy Wigly Store, 1009 Eleventh Place, according to police.

A car driven by Richard Sullivan Jr., of Webb AFB, hit the front of the Texaco Service Station, FM 700 and Birdwell Lane, about 7:40 p.m., police said, with an estimated \$400 damage to the building. The latter accident also occurred during the heavy rainstorm.

Red Chinese Set Off 2nd A-Blast

U.S., Rebels Protest Attacks In Dominican

SANTO DOMINGO, Dominican Republic (AP) — The United States and the Dominican rebels have both charged a cease-fire violation by Dominican air force planes which bombed the rebel radio off the air and strafed near the U.S. Embassy.

A U.S. spokesman said the United States would complain to the Organization of American States.

Rebel spokesman Hector Aristy said formal protests had been lodged with the OAS and the United Nations.

Neither Brig Gen Antonio Imbert Barreras, head of the civilian-military junta opposing the rebels, nor Brig Gen Elias Wessin y Wessin, commander of the junta's San Isidro Air Base, were available for comment.

MADE ATTACKS

A rebel spokesman said at least two P51 Mustangs and four AT6 Texan trainers equipped with bombs made the attacks. The American-made planes were supplied to the Dominican Republic long before the present civil strife.

At least one person, the 5-year-old son of Carlita Jacques, was killed in the air attacks. The boy, Jose Ivan, was playing outside his home near the transmitter of Radio Santo Domingo.

Residents of the 20-block area of downtown Santo Domingo held by the rebels responded with an angry cry against U.S. forces. "The gringos are responsible, let's declare war on the Americans," people shouted.

IN WASHINGTON

In Washington, the State Department said the planes "left the San Isidro base on the loyalist Dominican order and without our knowledge." "Loyalist" is the designation U.S. officials apply to the junta forces.

Richard Phillips, State Department press officer, said the attack "could affect the U.S. attitude toward" Imbert. But it was not known if Imbert ordered the attacks or had any knowledge of them.

Wessin was in command when the air force planes attacked rebel-held portions of the capital early in the conflict, causing heavy casualties. There have been persistent reports he and Imbert do not see eye to eye.

U.S. LINKS

One strafing run was near the U.S. lines a few blocks from the U.S. Embassy. It was close enough that U.S. Ambassador W. Tapley Bennett Jr. took cover under his desk.

Dominican Rebels Plead For U.N. To Intervene

UNITED NATIONS, N.Y. (AP)—The rebel Dominican regime told the United Nations today Santo Domingo faces immediate risk of destruction. It asked for the personal intervention of Secretary-General U Thant.

The government of Col. Francisco Caamano Deno declared that the Organization of American States was unable to handle the situation following a bombing of a rebel radio station Thursday by Dominican air force planes.

The U.N. Security Council was called into urgent session this morning to consider the

The First Bomb

Peking radio reported that Communist China exploded its second atomic bomb over the western mainland China at 10 a.m., Peking time, today. No details of the size or nature of the bomb were given. Pictured here is the typical mushroom cloud from China's first a-bomb exploded last October 16. (AP WIREPHOTO)

Bomb Confirmed By U.S. Agency

WASHINGTON (AP) — The U.S. government confirmed today that Red China has set off a second Hiroshima-size atomic explosion.

State Department press officer Robert J. McCloskey said the Communist Chinese exploded their second nuclear device at about 9 p.m. EST Thursday night at their test site at Lop Noi in western China.

McCloskey said the No. 2 atomic shot, as detected by U.S. monitors, appeared to be about the same size as the 20 kiloton explosion the Chinese originated last Oct. 16—or "possibly a little larger."

NO SURPRISE

The Peking announcement had been greeted here with no surprise.

Sen. John J. Sparkman, D-Ala., acting chairman of the Senate Foreign Relations Committee, said it "adds a little more bleakness to the world."

The test had been expected since Feb. 16, four months after the detonation of Red China's first nuclear device. At that time the State Department said, without disclosing the source of its information, that it had reason to believe preparations for a shot were under way.

"I think it sharpens the focus on moves to bring nuclear weapons under some kind of control and to forestall their further proliferation," Sparkman told reporters.

MATTER OF TIME

He said it is only a matter of time before Red China develops an atomic bomb and "it will be only a matter of time before they have a deliverable weapon."

Dr. Ralph Lapp, a nuclear physicist who worked on the original U.S. A-bomb, speculated that the second Chinese shot may have involved a device dropped from an airplane to demonstrate deliverability. The first one is believed to have been detonated on a tower.

Sen. Joseph S. Clark, D-Pa., another Foreign Relations Committee member, said: "This was not unexpected. They still are some years away

Peking Avers Bomb Only 'For Defense'

TOKYO (AP) — Communist China said today it had exploded its second atomic bomb — aimed at developing nuclear weapons to cope "with nuclear blackmail and threats of the United States."

Peking radio made the announcement and added that the nuclear tests also were "for the purpose of abolishing all nuclear weapons."

The broadcast said the bomb was exploded over the western areas of mainland China at 10 a.m., Peking time, today.

CALLED SUCCESS

It described Communist China's second nuclear test as a success.

Communist China triggered its first atomic device last Oct. 16.

A communique broadcast by Peking said:

"China exploded another atom bomb over its western areas at 10:00 hours, Peking time, on May 14, 1965, and thus successfully completed its second nuclear test."

"Following the explosion of China's first atom bomb Oct. 16, 1964, this nuclear test is another important achievement scored by the Chinese people in strengthening their national defense and safeguarding the security of their motherland and world peace."

RED LEADERSHIP

"Under the leadership of the Communist party of China, the Chinese people's liberation army and China's scientists and technicians have wholeheartedly worked together to ensure the complete success of this nuclear test. It is a great victory for the party's general line of socialist construction. It is a great victory for Mao Tse-tung's thinking."

"The Central Committee of the Communist party of China and the state council extend their warm congratulations to all the commanders and fighters of the people's liberation army who took part in this test, and to all the workers, engineers, technicians, scientists and other personnel who contributed to it, and hope that they will double their efforts and continue to work tirelessly for the further strengthening of our country's defenses."

U.S. ASSURANCES

The United States is expected to give assurances to Asian allies that the Chinese nuclear testing has been fully considered by U.S. military planners and that American defense commitments in Asia will be fully carried out.

U.S. officials said the Atomic Energy Commission will investigate the degree of sophistication of the latest Chinese device by means of samplings from the atmospheric fallout. This normally requires about a week.

U.S. May Decide On Barring Cattle

WASHINGTON (AP) — The United States soon may have to decide whether to close its borders to cattle from Canada because of the dread foot-and-mouth disease.

Canada is thinking about importing breeding animals from countries infected with the disease. The animals would be quarantined for a specified period of time to determine if they are diseased.

Reds Unleash Double Tirade

TOKYO (AP) — Communist China leveled a double-barreled attack on the United States and the Soviet Union today, calling the Soviets appeasers and President Johnson's policies "neo-Hitlerism."

"Johnson has opened the most bloody page in the history of U.S. imperialism aggression," said the Peking People's Daily, the organ of the Chinese Communist Party.

FORCE SHOW

"No postwar U.S. presidents worshipped force, displayed force and used force so fanatically as Johnson does," it said. "He has openly declared that force must precede reason — and the waste of war, the works of peace." He has escalated from small scale to medium scale war and threatened to turn to big scale war. He has used every kind of conventional weapons and is now threatening to use nuclear weapons. "Johnson is well set on the path of Adolf Hitler."

The Chinese said of the Soviet leadership: "Neither Khrushchev himself nor his successor dare to offend U.S. imperialism. They cling tenaciously to the general line of 'peaceful coexistence' based on 'U.S.-Soviet cooperation for world hegemony.' Like the doctrine of appeasement of Chamberlain and Daladier of the '30's toward German fascism, the capitulationist line of the Khrushchev revisionists has greatly inflated the arrogance of U.S. imperialism. Khrushchev revisionism is the new doctrine of appeasement of the sixties."

The paper described the "Johnson doctrine" as "the negation of the independence and sovereignty of all other nations in the name of anti-communism; it means the prosecution of an undisguised policy of aggression and war in defiance of all principles of international law. It is American fascism more reactionary than Hitlerism."

Cong Losses At 178 Dead In Encounter

SAIGON, South Viet Nam (AP) — South Vietnamese forces said today they killed 178 Viet Cong guerrillas and captured 53 in a major victory over two Communist battalions in the Mekong Delta.

A U.S. military spokesman confirmed the Communist losses. He said 18 South Vietnamese were killed and 77 wounded in the two-stage battle which began at dawn Thursday 135 miles southwest of Saigon and continued until late Thursday night. Four Americans were also wounded — two on the ground and two in helicopters.

The operation netted a big haul of Viet Cong supplies and weapons including Soviet-made rifles and machine guns from Red China.

FLOWN IN

The fighting began at 6 a.m. when a government battalion scouting the swampy area near Bac Lieu ran into a guerrilla force. A reconnaissance company was flown in by helicopter and by 11:30 a.m. the Reds were routed, leaving 39 dead.

Half an hour later a scout plane spotted a concentration of Viet Cong about 30 miles north of the Bac Lieu area. Two Viet namese companies were quickly flown to the spot.

The Communists put up a hard fight despite heavy strikes by armed helicopters and fighter-bombers. By late afternoon the government flew in a battalion of reinforcements.

After fighting finally broke off, 130 Viet Cong bodies were counted. The government losses all occurred in the second phase, a U.S. spokesman said.

195 KILLED

A U.S. spokesman said during the week of May 2-8 government forces lost 195 killed, 385 wounded and 120 missing or captured. Four Americans were killed and 22 wounded. Viet Cong losses were put at 385 killed and 90 captured with no estimate of the wounded.

In London, British Foreign Secretary Michael Stewart told the House of Commons Britain is still pressing the Soviet Union to agree to a conference to discuss the neutrality of Cambodia. Britain and the Soviet Union were co-chairmen of the 1954 Geneva conference which ended the Indochina War.

British officials believe that if Red China and North Viet Nam attend such a conference, it might lead to talks on the conflict in Viet Nam. But the Chinese have refused and have given no indication they might relent.

According to an attorney general's opinion of Jan. 26, 1950, the latest expression of state teachers colleges Senate Bill 160 removes two institutions from the jurisdiction of that board.

Accordingly, I herewith veto Section 7 of this bill and return Senate Bill 160.

Measure Vetoes On Universities

AUSTIN (AP)—Gov. Connally vetoed today a bill transferring the management of East Texas State and West Texas State universities from the board of regents for Texas State Teachers Colleges to a separate board for each school.

Connally said he disapproved of the bill because of proliferation of governing boards regarding the development of a coordinated system of higher education designed to achieve excellence.

To offer some hope for unity, some promise of order, some strides toward quality, I recommend that the management of two more colleges be placed under the board of regents for state teachers colleges. Senate Bill 160 removes two institutions from the jurisdiction of that board.

Section 7 of this bill provides and return Senate Bill 160.

Frankie Avalon In Films While Others In Limbo

By BOB THOMAS
 AP Movie TV Writer

HOLLYWOOD (AP) — By all the cool logic of show business, folks should now be asking "Whatever happened to Frankie Avalon?"

So how come he's making four pictures this year? How come huh?

Avalon became a star seven years ago, at a time when you could pick up any kid off a South Philadelphia street and make him a teenage favorite by deft manipulation of television and record media. Within the dazzle of a few months he was appearing in "The Alamo" with John Wayne and selling one hit record after another.

INTO LIMBO

Many young chaps with \$300 suits, wavy hair and wavering voices hit it big in that era, only to vanish into limbo with the advent of Beatles. It figured that Frankie Avalon should join the march to oblivion. Yet he works.

He was working the other day in "Sergeant Deadhead," his third American International film this year. There he was, breezing into a scene and taking over from such pros as Eve Arden, Cesar Romero, Fred Clark, Reginald Gardner and Gale Gordon.

Avalon came out of the scene to, enthuse: "Being in a picture with people like these can only make me look good. My next picture is going to be 'Dr. Goldfoot and the Sex Machine' with Vincent Price. Great! You can't help but come off well when you're with fine talent."

At a ripe 24, Frankie can stand back from his career and take a long view. It was admittedly a treacherous path.

"Look — I was a star when I

Grand Jury Balks At Theft Charge

SAN ANTONIO (AP) — The Bexar County grand jury refused here to indict Leslie Ashley on a theft charge.

It was filed last year after Ashley, 23, escaped the state hospital here and left in a station wagon owned by Mrs. Cora Hobbs. The station wagon was found abandoned in Tulsa, Okla.

Ashley was arrested last month in Atlanta, Ga., and now is in jail at Wharton, Tex., awaiting a sanity hearing June 1.

He was convicted of killing Fred Tones, a Houston real estate dealer, but the conviction was overturned and Ashley was committed to the mental hospital.

Pullout May Be Gradual In Dominican

SANTO DOMINGO, Dominican Republic (AP) — U.S. forces occupied Santo Domingo with stunning speed and efficiency. Getting out will be a much bigger problem.

It may be a long time before all of the 21,000 or so U.S. personnel can leave. They are all in Santo Domingo or at the nearby San Isidro Air Base. But their presence seems enough to discourage any attempt at a full-blown revolution.

ARMS SMUGGLE

Around the country it seems evident that there are sufficient Communist-leaning and Castroist elements to plunge the nation into turmoil should the opportunity present itself. Few doubt that arms are being smuggled regularly into the northern provinces.

One factor which may yet save the Dominican Republic is that, as of now, there is no outstanding leader on the extreme left who is able to capture the imagination and loyalty of the restless young men who are

thirsting for radical change. The question whether such massive intervention was necessary now is academic. It has happened.

ONLY ANSWER

Perhaps, one hears, U.S. support for the rebels when they staged their coup April 24 might have averted the leftist infiltration, once arms were passed out among thousands of civilians. Military intervention probably

was the only answer in a situation critically important to the U.S. sphere of influence. Virtually overnight the U.S. military built up a force on this island rivaling that now involved in South Viet Nam. It may have averted a civil war here and another Cuba. Some worry whether it might have started a new Viet Nam. All that is lacking, some say, is a guerrilla movement.

Tornado In Action

When this tornado funnel headed for the West Texas town of Andrews Thursday afternoon, Jim Roberts, a high school journalism student stepped out of his photo lab class and shot this picture. The tornado lifted just before it reached the oil town—but Jim's journalism teacher said he would get "A" for his classwork for the day. (AP WIREPHOTO)

Indonesian Ship Released, Sails

LONG BEACH, Calif. (AP)—An Indonesian merchant ship is steaming toward the Panama Canal and New York City today after a federal judge ruled his court had no jurisdiction over an international maritime libel suit.

"We're going to catch them," said attorney Melvin Belli. "If

they pay their bills, they won't have to run."

But in Washington, the State Department expressed relief.

AVOID SEIZURE

Following seizure of the Johannes Lathuhary a week ago, the Indonesian Communist Party central committee urged President Sukarno to take over all American enterprises in Indonesia, and to sever diplomatic relations with this country. As a result, U.S. ships en route to Indonesia have been ordered to other ports to avoid possible seizure. At present there are no U.S. vessels in Jakarta harbor.

U.S. officials in Washington said this problem should be eliminated with release of the Lathuhary.

COURT ORDER

The sleek, 6,866-ton merchant ship became the object of an international furor after Belli filed a \$1.5-million suit in U.S. District Court a week ago. A court order he obtained resulted in seizure of the vessel by U.S. marshals.

Belli, of San Francisco, acted on behalf of American Hawaiian Ventures, Inc., a subsidiary of the Wong Investment Co. of Honolulu. He argued that the firm's rubber plantations were "unlawfully and maliciously"

confiscated by the Indonesian government in 1959.

The company, seeking reparation, said some of the cargo of rubber aboard the ship was grown on its plantations.

DISMISSES SUIT

However, Judge William M. Byrne dismissed the suit Thursday. He commented: "This court isn't a catch-all. The federal court here is not meant to pick up anything you can't get anyplace else—particularly with respect to admiralty."

"The test for a tort (a legal wrong) is locality," the judge said. He added that the alleged confiscation took place in Sumatra six years ago.

Belli's suit was against the Johannes Lathuhary and her owner, P. N. Djakarta Lloyd.

Students Have Teaching Jobs

DENTON — Four Big Spring students are among some 672 North Texas State University students serving as student teachers in Dallas-Fort Worth-Denton area schools during the spring semester. Some are teaching in area schools all day for nine weeks and others are training half a day for 18 weeks.

They are Thomas Gary Dunnam, Sonnet Johnson, Donny Morrow and Patsy Wiley.

Dunnam, the son of Mr. and Mrs. John T. Dunnam, 640 Manor Lane, is teaching choral music at Spruce High and Blair Elementary in Dallas.

Miss Johnson is teaching choral music at White High and Burnett Elementary in Dallas. Her parents are Mr. and Mrs. Irving B. Johnson, 1005 E. 21st.

Teaching industrial arts at Denton High School, Morrow is the son of Mr. and Mrs. James C. Morrow, 1415 E. 6th.

The daughter of Mr. and Mrs. G. L. Wiley, 2400 Robb, Miss Wiley is teaching American history at Plano High School.

Public Employees Hear About Webb

Twenty-five members of the Texas Public Employees Association Chapter 52 heard a talk on how the Air Force trains pilots at its regular May meeting Thursday night.

The program chairman was E. Estes, chief engineer for the Big Spring State Hospital. He presented Lt. Mike McCarthy, instructor in navigation at Webb AFB. Lt. McCarthy spoke on the training program and showed slides of the activities.

Dr. R. B. Linic, Big Spring State Hospital, is president of the chapter.

Squares Slate Saturday Dance

The Big Spring Squares have scheduled a dance for 8 to 11 p.m. Saturday at the club building on Country Club Road. Harold Graves will emcee.

The squares will participate in the street dance Tuesday night, preceding the rodeo. All square dancers are invited to the street dance, which will feature a band providing live music.

JFK Shrine Gets A Royal Sendoff

RUNNYMEDE, England (AP)—On these hallowed fields of Magna Carta, Queen Elizabeth II—with Mrs. John F. Kennedy at her side—today dedicated Britain's memorial to the late American president.

The solemn ceremonies unfolded only a short distance from the spot where Magna Carta, with its precious liberties, was signed 750 years ago.

With the queen's dedication, the rectangular, seven-ton memorial of Portland stone, and some of the historic ground immediately around it, became American property.

They were the gift of the British people to millions of whom Kennedy was a revered figure,

symbolizing a young and vigorous America.

The president's widow and his two children, Caroline, 7, and John F. Jr., 4, came to Britain to attend the ceremony. So did his brothers, Sens. Robert F. and Edward M. Kennedy, and two of his sisters, Mrs. Stephen Smith and Mrs. Peter Lawford.

The queen invited Mrs. Kennedy and other members of the family to Windsor Castle for tea after the ceremony.

The memorial is on a paved terrace surrounded by two stone seats and set in an acre of the meadow beside the Thames River 21 miles southwest of London.

Three At Webb Given Air Force Safety Awards

Three Webb AFB personnel recently were presented the Air Training Command "To Promote Safety" (TOPS) award by Col. A. F. Taute, wing commander.

Presented awards were Capt. Dick E. Wilson, physiological training officer; 1st Lt. Joseph B. Mandel, 3560th Pilot Training Squadron instructor pilot; and Airman 2.C. Daniel Gasparro, 3560th Organizational Maintenance Squadron maintenance man.

Capt. Wilson was cited in the support area for his interest in the safety program, not only from an instructor's viewpoint but also as an aviation physiologist. Because of his safety stimulation, student pilots are safety motivated and are cognizant of the problem areas. The captain was also responsible for acquiring the use of the Randolph AFB (Texas) personal equipment team which presented new survival equipment and new techniques to base personnel.

Lt. Mandel was selected in the operations for his initiative and

achievement in compiling a booklet of T-37 incidents and common errors. The booklet promotes flying safety and is used to familiarize primary students with T-37 malfunctions and necessary actions to take to overcome them.

Airman Gasparro displayed outstanding performance of duty while accomplishing his maintenance job on T-37 aircraft. During a preflight inspection of his assigned aircraft he discovered several loose nuts on the main landing gear actuating cylinder. He immediately inspected several other cylinders and found one cylinder loose.

He notified his supervisor and suggested an inspection of this item be made on all T-37s.

Airman Gasparro also discovered when the hydraulic system was under pressure, the loose actuators appeared to be secure. The loose actuators were not discovered after flight because immediate inspection is accomplished and the hydraulic system is still pressurized.

DEAR ABBY Get The Girl First

DEAR ABBY: Which of the following is the right way for a man to propose marriage?

(1) Buy the ring first (guessing at the size) and take a chance of getting stuck with the ring if the girl turns you down?

(2) Ask the girl and, if she accepts, go buy the ring yourself, surprise her with it and hope she likes it?

(3) Ask the girl and, if she accepts, pick out the ring together?

DEAR GOT: Ask the girl. If she accepts, give her an opportunity to select the ring with you. But be absolutely sure she is the girl with whom you want to spend the rest of your life. More men have been stuck with girls than with rings.

DEAR ABBY: I have a very stubborn daughter-in-law. She has a 13-month-old baby who still walks around sucking a bottle. The child could certainly drink from a glass, but it's easier for his lazy mother just to hand the child a bottle. I think it's a disgrace. How can I prevail upon her to throw that bottle away and let the child grow up?

DEAR DISGUSTED: If you really want to be helpful, and not just critical, suggest that she ask her pediatrician at what age a child should abandon the bottle. If she ignores your suggestion, skip it. It's not worth the battle.

DEAR ABBY: I am very much in love with a married man. He is still living with his wife and would like to ask her for a divorce but doesn't know how. All his children are married so there is no one to be hurt. He is in his late 40's and I am a widow in my 30's. He loves me very much and says he can't wait until we are together for always. Please tell us what to do in your column. Maybe his wife will see this and make things easy for all. "M"

DEAR "M": What do you mean, "there is no one to be hurt"? How about his wife? Has

it occurred to you that if this man were as interested in a divorce as you seem to be, he would find a way to ask his wife?

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

Troubled? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

Public Records

BUILDING PERMITS
Classic Homes, 2606 Parkway Road, build a new residence, \$10,000.
James Lewis, 702 Marcy, add a carport and storage area to a residence and remodel, \$4,000.
Jim King, 1610 E. 3rd, install an electric sign, \$60.
Helen Fairchild, 1611 Harding, enclose a carport and add a storage room, \$300.

Another Party Enters Game

FRANKFORT, Ky. (AP)—The Kentucky Department of Mines and Minerals is intervening in the cat-and-mouse game between federal revenue agents and bootleggers.

The department learned that the agents were investigating abandoned coal mines in their search for illegal liquor stills.

Commissioner Ambrose Mandt said he would give agents intensive briefings May 24-25 on how to walk through mines without being trapped, suffocated or setting off explosives.

Plymouth sales in Texas prove it!

TEXANS LIKE TEXAS-SIZE PLYMOUTH'S

'65 Plymouth Fury

It's no surprise that Plymouth sales for the '65 model year are up over last year and still going strong. Texans like things "Texas-size" and Plymouth for '65 certainly fills the bill. The Plymouth Fury is the biggest, plushiest Plymouth ever—but still solidly in the low-price field. And every Plymouth has a 5-year/50,000-mile engine and drive train warranty.*

***HERE'S HOW PLYMOUTH'S 5-YEAR/50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU:**
Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months turnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

Get a Texas-size deal at Plymouthland now!
BIG SPRING CHRYSLER-PLYMOUTH — 600 EAST 3RD, BIG SPRING

MRS. J. D. LEONARD, MRS. C. O. HITT, MRS. ALBERT HOHERTZ

Oasis Club Has Show At Church

The Oasis Garden Club show, "This Is Your Life," was presented Wednesday in the fellowship hall at First Presbyterian Church with Mrs. C. O. Hitt taking the award of distinction in arrangement and in horticulture. Mrs. H. T. Hansen received the tri-color award and sweepstakes in arrangement.

Mrs. J. D. Leonard and Mrs. Albert Hohertz both received an award of merit in horticulture, and two were given to Mrs. Hitt.

General chairman for the show, which was open to the public from 1 to 3:30 p.m., was Mrs. Hitt.

Berta Beckett Class Meets

The Berta Beckett Sunday school class of First Baptist Church met Thursday in the Downtown Tea Room for a noon luncheon. Twelve members attended, and Mrs. Hallie Pierce gave the opening prayer. The devotion, based on the Book of Proverbs, was led by Mrs. O. N. Green. The centerpiece of roses was arranged by Mrs. Walter Douglass.

MRS. C. O. HITT, MRS. H. T. HANSEN

Mrs. Hansen. Schedule was in charge of Mrs. Hitt, Mrs. Joe Johnson, Mrs. Jim Zike and Mrs. Leonard, and staging and placing was by Mrs. Lee Porter. Mrs. M. C. Stulting, Mrs. C. B. South, Mrs. Jack Watkins and Mrs. Gene Turner.

Others who served were Mrs. Hohertz, Mrs. Boone Horne, Mrs. Moran Oppgaard and Mrs. Lois Smith, entries and classification; Mrs. Paul Klonka, Mrs. Toby Cook and Mrs. C. V. Wash, clerks and awards; Mrs. G. L. McClure, Mrs. W. R. Douglas and Mrs. J. R. Hamilton, hospitality; Mrs. W. F. Taylor and Mrs. James Hughes, judges; and Mrs. Paul Klonka, publicity.

Assisting with dismantling and clean-up were Mrs. Zike, Mrs. Hitt, Mrs. Hansen, Mrs. Turner, Mrs. Leonard and Mrs. Johnson. The standard system of judging was used and members were allowed only one entry per class. Flowers and foliage used in the artistic division did not have to be grown by the exhibitor but did have to be grown by an amateur. Horticulture entries had to be grown by the exhibitor. All potted plants had to be planted by the exhibitor and in her possession at least three months.

Bride-Elect Honored At Gift Affair

Miss Beverly Ann Alexander, Levelland, bride-elect of John Gerald Thomas, Denver City, was honored Wednesday evening in the Blue Room of Cosden Country Club.

Hostesses were Mrs. Sam Anderson, Mrs. Jack Gulley, Mrs. Bert Shive, Mrs. Ernest Welch, Mrs. W. S. Goodlett, Mrs. S. M. Smith, Mrs. S. A. Walker and Mrs. R. W. Thompson.

Mrs. Gulley, Mrs. Jack Alexander, the bride-elect's mother; Mrs. W. B. Lovelace, her grandmother; and Mrs. Ben Cowling, both of Kermit, were in the receiving line.

The centerpiece featured a massive arrangement of pink Pease roses and honeysuckle. Silver appointments were used. The couple plans to be married Saturday afternoon in the chapel of the First Methodist Church.

Center Gets Club Funds

At the Thursday evening meeting of the Big Spring Progressive Forum, it was announced that the club had donated \$125 to the Howard County Rehabilitation Center.

The club met in the home of Mrs. Max Green, 1902 Main, for a salad luncheon. There were 12 members present, and Mrs. Bill Draper gave the invocation.

Mrs. Green presented each member with a straw flower basket, and a corsage for perfect attendance was given to Mrs. Buddy Redden.

Mrs. Horace Rankin installed new officers and each was presented a red carnation. New officers are Mrs. Redden, president; Mrs. Campbell, vice president; Mrs. Donald Whitten, recording secretary; Mrs. Alan Swearingen, corresponding secretary; and Mrs. Granville Hahn, treasurer.

The club presented Mrs. Green, out-going president, with an engraved silver bread tray. The last meeting of the year, a workshop, will be May 20 at Mrs. Redden's.

Awards Given By Patrolman

Patrolman J. D. Campbell of the Big Spring Police Department, awarded certificates for outstanding patrol work by students when the Airport Parent-Teachers Association met Thursday afternoon.

Receiving the awards were Mile Gerhart, Gary Ringener, Randy Thomas, Danny Hune, Larry Ringener, Richard Templeton, Ronda Reynolds, Oscar Delosque and Johnny Sevey.

Mrs. Buford Hull conducted a candlelight installation ceremony for the new P-TA officers. They are Mrs. M. L. Gray, president; Mrs. A. J. Hooten, vice president; Mrs. C. E. Cain, treasurer; Mrs. E. M. Wood, secretary; Mrs. R. O. Lund, membership; Mrs. E. D. Jones, budget and finance; and Mrs. Jim Self, hospitality.

Mrs. Eldon Watts presided, and the Rev. Roy E. Honea gave the invocation.

Mrs. Hooten reported on the city council meeting which was attended by six representatives from the Airport P-TA, and Mrs. Watts, retiring president, gave 15 perfect attendance pins. Gifts of appreciation were presented to Mrs. Watts and Mrs. Hull.

L. D. Spradling, principal, gave certificates of honor to Mrs. Hooten, Mrs. Lund, Mrs. Watts and Mrs. Richard Knotts and announced that school would be dismissed May 26.

The P-TA will honor teachers at a luncheon May 27 to which P-TA members are invited. Room count was won by the fourth grade class of Mrs. H. H. Morris, and the attendance prize went to Mrs. Knott. Refreshments were served to the 48 attending.

GIRLS INVITED TO PARTY

Cadette Girl Scout Troop 378 will be hostesses at a party Saturday afternoon for 8th grade girls in Neighborhood 1 who are interested in the Scouting program. This includes girls from Boydston, Washington, Kentwood and Coahoma elementary schools. The party will be in the Girl Scout House, 1405 Lancaster, from 2 to 4 p.m.

Library Uses Detailed By Mrs. Larson Lloyd

Mrs. Larson Lloyd was the guest speaker at the Newcomer's Club bridge and luncheon held Wednesday at Cosden Country Club. Mrs. Lloyd used as her topic, "The Uses and Advantages of Our Public Library."

It was announced that a picnic for all newcomers and their

families has been planned with the date to be announced, and an antique display will be presented by Mrs. E. L. Collins at the next luncheon, June 2.

Mrs. Archie Ethun was high in the bridge games, with second place going to Mrs. Glenn Young. The attendance prize went to Mrs. Max Werking.

Mrs. Charles Gibson was welcomed as a new member, and guests introduced were Mrs. Larry Osborne, Mrs. Norman Furlong and Mrs. Young.

Foreign Scouts To Visit Here

Plans for the international guests, who will spend the summer in this area, were discussed at the Tuesday meeting of the West Texas Girl Scout Council in the Village Restaurant at Snyder.

Attending the meeting from Big Spring were Mrs. Larson Lloyd, and Dick Ream. Mrs. Lloyd was accompanied by Mrs. D. M. Costlow, Stanton, district advisor.

The guests, who are to be in Big Spring June 22-23, are to stay in the Lloyd home while being entertained. The girls are from Colombia, S.A.

Tentative cookie sale plans were made, and the area day camp schedule discussed.

The next meeting will be in September.

Graduation Dinner Given For Seniors

Mitchell McNeese was honored with a graduation dinner Thursday evening in the home of Mrs. Ed Shive, 3700 Hamilton. Honored guests, all seniors, were Pat Hamilton, Benny Benson, Hollis Webb, Jimmy Dawes, Marshall Cockrell and Byron Fitzhugh.

Party Honors Kayla Gaskins

Kayla Gaskins was honored at her ninth birthday by a party in her home with her mother, Mrs. Joe Mac Gaskins, Knott, as hostess. Guests were the members of the third grade class of Knott Elementary School, and their teacher, Mrs. John McGregor. The centerpiece and decorations followed the theme sugar plumb trees. Refreshments served were punch and cake, and favors were candy and balloons. Games were played and pictures were made of the group.

Musicians Play For Judging

Piano students continued to audition this week at Howard County Junior College for membership in the National Fraternity of Student Musicians. The judge is Rodney Hoare, San Antonio.

Sterling City students of Mrs. Dick Mitchell who were heard Thursday were Charlotte Foster, Sherri and William Blank, Lisa Horwood, Tammy Conner, Amy Humble, Tommy Bynum, Becky Blair, De Neal Reed, Susan Terry, Beverly Brooks, Lynn Alexander and Marilyn Foster. Mrs. Mitchell's students from Garden City who played were Laura Rattiff, Cynthia Currie, Betty Smith, Mildred Christi, Patricia Sawyers, Rebecca Reynolds and Jan Underwood. From Water Valley was Alice Rawlings.

Pupils of Mrs. Fred Beckham played today. They were David Duggan, Alan Hill, Dana Mancill, Cindy Coleman, Pamela Wheeler, Connie Gary, Sheila Armistead, Deborah Wash, Debbie Harris and Betty McCann.

HINTS FROM HELOISE

Stop Snipping Tips, Switch Bottle Cap

Dear Heloise: Here is a time-saving tip for all those who buy "snip the tip" soap for dishes.

Just switch the caps when the old bottle is empty! This saves having to hunt for the scissors every time you want to open a new container and also saves looking all over the floor for the tip... Diana Jacobsen

HELOISE

Dear Heloise: My kids prefer their soft drinks right out of the bottle. My son accidentally tipped over his bottle of root beer at dinner last evening, making a big mess on my favorite tablecloth.

Please tell me how to remove the stains... Minerva

Most soft drinks contain sugar. Do not leave on fabrics. (After setting, some start turning yellow... when age or heat hits em.) After this happens,

they are sometimes impossible to remove. Wash immediately in cool water. If stain remains, treat with equal parts of glycerine and alcohol if applicable. Always be sure to spot-test first... Heloise

Dear Heloise: When mashing potatoes, I pour off the water, add the milk and butter and re-heat before mashing. Saves that extra pan for heating the milk... D. S.

Dear Heloise: When I make a house dress, I make an apron to match. It looks real cute. At least, my hubby thinks it does... Mrs. Ann Bessey

Dear Heloise: Don't throw away your bullet-type pole lamp when the wiring goes bad. Remove wiring, paint the lamp your favorite color, turn fixtures upward and insert four pots of large philodendron. Result: A most unusual planter... Mrs. John B. Leeds

Dear Heloise: I cup my wet shower cap over a big pouf of your nylon net. It dries quickly and stays there between shower sessions... Reader

Dear Heloise: I found the perfect container for my hair rollers: A small hatbox, purchased at

the dime store, with white and gold stripes, matches my gold-colored shower curtains.

These hatboxes come in many different color combinations and are so easy to open and close, and are very inexpensive... Mrs. DeVera Kohn

Dear Heloise: I had a ceramic-based lamp and a brass ashtray which scratched the tables every time they were moved the least bit. Yesterday afternoon, while cleaning up after my son's birthday party, I noticed all the little cork thing-a-ma-gigs in the caps of the soft drink bottles, and I thought "Why not?"

I used the tip of my ketchup to pry out the little cork circles, then glued them to the bottom of the lamp and ashtray... no more worry about scratches on my nice tables... Suzan L.

HELOISE BOOK IS NOW AVAILABLE
You can now get the best-selling HELOISE'S HOUSE-KEEPING HINTS for only 50 cents plus 1 cent sales tax. The paperback edition contains 10 chapters, 168 pages, hundreds of valuable hints. It contains every word found in the \$3.95 hard-cover edition which has sold over 350,000 copies. Pick up your HELOISE books at The Herald office.

(Write Heloise in care of the Big Spring Herald.)

Teachers Presented Gifts By P-TA Unit

New officers were installed and teachers honored at the Thursday meeting of the Boydston Parent-Teachers Association. The group met in the school with Mrs. E. M. Wright presiding.

Mrs. R. E. Ray, city council president, installed the new slate of Mrs. Wright, Presi-

dent; Mrs. Jesse Majors, vice president; Mrs. Marion Treadaway, secretary; and Mrs. R. Z. Cozart, treasurer.

Mrs. Joel Roberts reported that Mrs. Ray Cantrell's third grade class had won the weekly award for selling the most U.S. Savings Stamps. Total amount of stamps sold for the year is \$1,178.35.

Gift books of poems were given to teachers leaving the city or retiring. The teachers are Mrs. Carl Benson, Miss Edith Lidstone, Miss Neal Cummings, Miss Theo Sullivan and Mrs. Naomi Jackson.

Refreshments were served to 50 members, and Mrs. Virgil had the most parents attending.

SHEIK SAYLIM BEY CUTS THE NURSE OFF WITH A STERN REBUKE IN ARABIC--
Silence, stupid! Raq! WE MUST WAIT AND BE CERTAIN BEFORE WE REVEAL ALL TO THE OFFICER!
I APOLOGIZE FOR THIS INIGNITY, SGT. DRAKE! NOW TELL ME EXACTLY WHAT OCCURRED!
BLAKE! WHY WE STOP HERE?
THE MOTOR SUDDENLY COOKED OUT, ASIA! SIT TIGHT, WHILE I CHECK!

BEEBLE BAILEY

MAYBE IF I HAD A MUSTACHE...
--AND SMOKED A CIGAR...
--AND TURNED MY HAIR GRAY
eigh
I LOOK LIKE A GRAY-HAIRED, MUSTACHED, CIGAR-SMOKING KID!

PEANUTS

I HAD REALLY LOOKED FORWARD TO THAT FAMILY REUNION!
WHAT A DISAPPOINTMENT! NONE OF US SPOKE THE SAME LANGUAGE! WE WERE ALL STRANGERS
I NEVER SHOULD HAVE STARTED THAT WHOLE BUSINESS... IT WAS A BIG MISTAKE... I SHOULD HAVE KNOWN...
'YOU CAN'T GO HOME AGAIN'

DICK TRACY

GOVERNOR, YOU HAVE SEPARATED THIS MAN FROM HIS WIFE. WHAT DO YOU PROPOSE TO DO ABOUT IT?
UNLESS YOU RECONSIDER YOUR POSITION, OUR PARTNERSHIP IS AT AN END--WE ARE THROUGH!
I WILL DISSOLVE THE CORPORATION. YOU THEN CAN OBTAIN EARTH MATERIALS ONLY BY PIRACY AND FORCE.
IS THAT CLEAR?

MARY WORTH

PETER!... I DON'T THINK THEY'D LIKE IT... IF YOU CLOSED THE DOOR!
JUST FOR A MINUTE, JENNIFER... WHILE I-- STRAIGHTEN OUT YOUR THINKING!
MEANWHILE...
I'VE WALKED AROUND THE COURTHOUSE SQUARE THREE TIMES WITHOUT SEEING PETER AND JENNY AGAIN!... THEY MUST HAVE BEEN ON THEIR WAY OUT OF TOWN WHEN I--

REX MORGAN

I'LL FIND OUT SOONER OR LATER... WAS LIZ DONATELL STRANGLED, CAPTAIN?
YES... BUT HOW DID YOU KNOW THAT, DOCTOR?
I DIDN'T KNOW THAT'S WHY I ASKED YOU!
REX... WHY?
AS YOUR ATTORNEY, IS THERE SOMETHING YOU SHOULD BE TELLING ME?
NOT YET, HAROLD. TAKE GOOD CARE OF ERIC HAROLD. BECAUSE I'M ALMOST CERTAIN HE DIDN'T HAVE ANYTHING TO DO WITH LIZ' DEATH EITHER!

POGO

NORMA, I GOTTA ADMIT THAT THERE'S AN ART GIVE ME THE DOUBLE SQUEEZE-JUMPS!
YET IT'S A FE-BOOS RO--
OWL SAY IT'S A NATIONAL DISASTER... HE SAY WE SON' AROUND IN SQUARE CIRCLES...
TURTLE SAY LOOKIN' AT OP' ART IS LIKE HAVIN' BIFOCAL VISION WITHOUT NO GLASSES!
OWL SAY IT IS DEAR' NIN A BIFOCAL FINANCIAL BLOW...
HOW COME?
HE JUST SPENT THIRTY BUCKS FOR GLASSES TO GET RID OF ASTIGMATISM.

GRANDMA

SO JOE WAS A WINNER IN THE HOBBY SHOW LAST WEEK!
YEAH, BUT TO LOOK AT HIM, IT SURE SEEMS FUNNY THAT HE WON FIRST PRIZE...
...FOR SOAP CARVING!

TERRY

...PERFECT COUNTRY FOR A DEPOSED OIL SHEIK TO HIDE OUT IN... THIS HAS GOT TO BE THE PLACE.
NOT A SIGN OF LIFE, BUT I'VE GOT THAT FUNNY FEELING, SOMEBODY'S OBSERVING MY PROGRESS WITH INTEREST...
OH, WELL, FOR AN UNDERPRIVILEGED MAJOK, EVEN A ONE-GUN SALUTE IS FLATTERING!

SMITTY

WELL, BAILEY, THE CONTRACT IS SIGNED--YOU CAN TAKE OFF YOUR MAKEUP, SMITTY--
YOU KNOW?
SURE! AND YOU OWE A LOT OF CREDIT TO YOUR OLD PARTNER, MR. SMITH!
AW, COME ON--IT WAS ALL IN FUN--
SAY, SPEAKING OF FUN, DIDN'T WE ALWAYS CELEBRATE 'N' SIGNING OF A CONTRACT? MY YACHT IS READY--
A FINE PARTNERSHIP!

MOON MULLINS

I DON'T KNOW WHERE THE MORTGAGE MONEY WILL COME FROM--IT'S NOT IN OUR ACCOUNT.
TSK-TSK-- YOUR SLIPSHOD ARITHMETIC, I'M SURE THERE'S ENOUGH TO COVER ANY CHECK WE MIGHT WRITE.
SEE FOR YOURSELF!

WIDESPREAD DAMAGE REPORTED
Hail damaged roofs, cars; tree felled

HAIL CAME IN ALL SIZES
Some of it bigger than golf balls

HEAVY CLOUDS BOILED ACROSS COUNTY
Left heavy rain, damaging hail, and tornado reports

(Photos by Kenneth Good)

Pasturelands Benefitted

(Continued from Page 1)
downpour of rain caused numerous traffic accidents. One sent two persons to the hospital. Police, deputy sheriffs, civil defense workers and highway patrol officers were on watch for tornadoes most of the early evening.
One feature of the rain was that it touched in nearly all parts of the county. The rule in this county for the average spring moisture is to follow a hit-and-miss pattern.
Lightest rains of last night were in the Fairview community. Only .10 inch was reported in that area. A few miles south, more than an inch was gauged along with heavy hail.
Gay Hill community had 1.50 inches. On the extreme west central edge of the county, no rain of measureable volume fell. Loy Acuff Ranch, west on IS 20, had 1.00 along the highway to the north the amount of rain dwindled sharply. The Wilkinson ranch, immediately to the west of Acuff's, had 1.10.

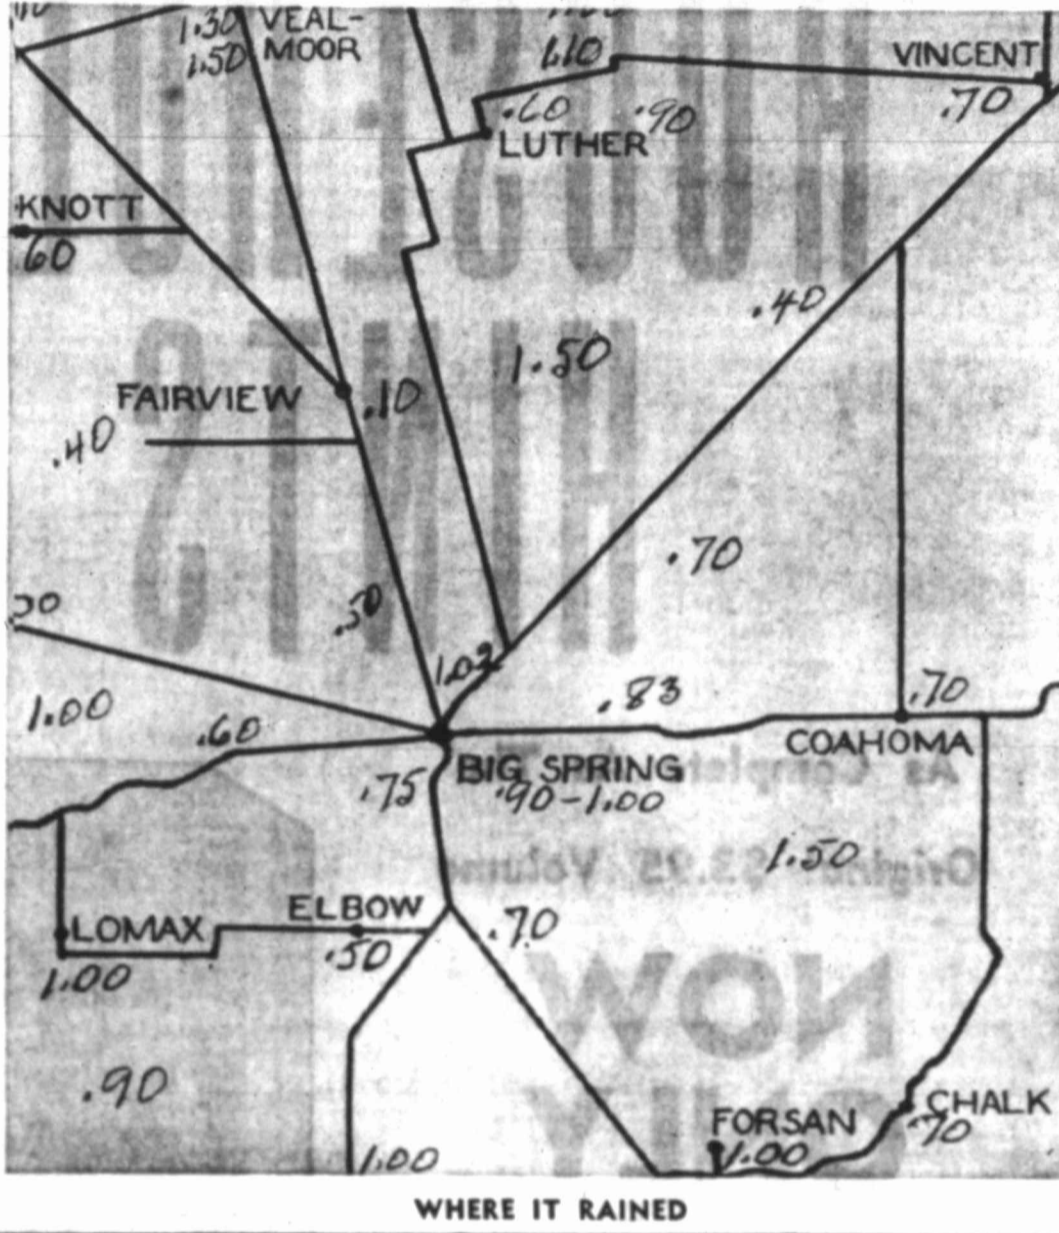

1 1/2 INCHES
There was a spot three miles south of Ackerly where 1.50 inches fell. At Knott, just a rifle shot further south, the gauge showed only .60.
The forecast at 10 a.m. today indicated that the present flurry of unstable weather may have passed on. Fair and warmer today and Saturday is the prediction.
North and east toward the watershed of Lake J. B. Thomas, some rains fell. At 8 a.m. the big lake stood at 2241.45 feet—up .53 foot. This represents about 2,500 acre feet of water. At the lake proper, about an inch of rain fell.
Herb Helbig, county agent, commenting on the planting season, said that in those sections where the recent rains have been fairly consistent, farmers can plant.

Actress Enters Not Guilty Plea

LOS ANGELES (AP) — Actress Anna Kashfi has pleaded innocent to charges of battery and disturbing the peace arising from a fracas over custody of her son.
Miss Kashfi, 30, was arrested last Dec. 8 when officers said she slapped a police sergeant who served her with a court order. The order gave temporary custody of her 6-year-old son, Christian Devi, to actor Marlon Brando Brando and Miss Kashfi are divorced.

City Lends Hand in ROW Purchase

The city commission late this morning voted to purchase 2.19 acres of property south of FM 700, on the east and west sides of the First Baptist Church property, in connection with right-of-way acquisition for the widening of FM 700.
The city's action today came after a signed letter was presented to the city from the Howard County Commissioners Court.
The proposal from the county accepted this morning by the city, was for the city to purchase the property from its owner, Ray Parker, of Odessa, for a total price of \$17,520, and for the county to purchase the property from the city at a later date. Parker, according to the letter, had set a May 17 dead-

Teachers Get Service Pins During TSTA Meet

Thirty-six teachers in the Big Spring schools received service pins, and 14 retiring teachers were recognized, at a review of the pending teacher pay raise bill was presented, and officers for the coming year introduced at the meeting of the Big Spring chapter of the Texas State Teachers Association last night. The meeting was held at the Cosden Country Club with around 400 teachers and guests present.
Bill Erwin gave the invocation at the dinner meeting. Hubert Murphy presented faculty member Frank Hardesty Jr. who sang "Unchained Melody" and "Red Sails in the Sunset." This was followed by a piano solo by Jack Hendrix.
George Rice, master of ceremonies, introduced school board members: Harold Talbot, Joe Moss, and Mrs. R. B. G. Cooper, and Mrs. Mamie Lee Dodd introduced the 1965-66 officers for TSTA. Hubert Murphy is the new president; Mary Foreman and George Archer vice presidents; Mrs. Thelma Klyven, secretary, and Wilbur Cunningham, treasurer.
New officers for the Classroom Teachers are: Mrs. Elna Cantrell, president; Donna Reed and John Castleman, vice presidents; Ola Mae Robertson, secretary, and Bernard Rains, treasurer.
Teachers receiving service pins were introduced by C. L. Ainsworth, and pins presented by Supt. Sam Anderson. Getting 10-year pins were, George Seay, Mrs. Doris Gambill, Carlos Humphrey, Rosetta Brown, Mrs. Marjorie Morris, Mrs. Gladys Archer, Mrs. Hazel Dugan, Gilbert Frieleze, Mrs. Elizabeth Schattel, Mrs. Rene Yandell, Mrs. Irene Draper, Mrs. Thelma Williams, Mrs. Lavelle Hill, Mrs. Janette McRee, Bill Gray, Daniel Payen, Nile Bailey.
Getting 15-year pins were: Mrs. Blanche James, Mrs. Grace Hubbard, Earl Penner, Mrs. Mattie Penner, Mrs. Opal Newton, Mrs. Mary Heffey, Mrs. Martha Fielder, Mrs. Fay Baird, Eulalia Mitchell, Gene Harrington, D. M. Corrales, J. O. Hagood.
Twenty-year pins went to: Miss Ruth Beasley, Melvage Cheney, Mrs. Lucille Daniel, Mrs. Ruby Blankenship, Mrs. Ena Derrick and Mrs. Jim Anderson.
Retiring teachers recognized were: Mrs. Clara A. Bryson, Mrs. Mayme Clanton; Mrs. Amanda N. Cummings, Lula B. Daniel, Mrs. Letha P. Green,

Merle McRorey To Get Degree

AUSTIN — Thirty-four seniors in the University of Texas College of Pharmacy are candidates for bachelors' degrees at the May 29 commencement exercises.
The list, made public by Dr. L. F. Worrell, pharmacy dean, includes: Merle Dwaine McRorey, 1002 11th Place, Big Spring.

Mrs. Dillard Dies Here Today

Mrs. Beatrice Dillard, 73, Sweetwater, died about 4:45 a.m. today in a local hospital.
Services will be held at 4 p.m. Sunday in the Fundamentalist Baptist Church in Sweetwater, with the Rev. Raymond Dunn officiating. Burial will follow in Sweetwater Cemetery under direction of Patterson Funeral Home.
Mrs. Dillard was born Jan. 19, 1892, in Bowie County. She had been visiting a daughter, Mrs. Sybil Burklow, Big Spring, when she became ill.
Survivors include two sons, R. L. Musgrove, Big Spring, Willard Johnson, Tampa, Fla.; three daughters, Mrs. Burklow, Mrs. Lucille Bayless, Whittier, Calif.; Mrs. Kathrine Hancock, Dallas; 16 grandchildren and three great-grandchildren.

Chapman To Attend Hearing

A hearing has been called by the Secretary of Agriculture, Orville Freeman, for May 19 in Washington, D. C., with six Texas persons invited.
Carlton Chapman, vice president of the State National Bank of Big Spring, will attend. Other representatives authorized, to discuss the acreage cut in skip row cotton planting proposed by the Department of Agriculture, will be one each from the Plains Cotton Growers Association, the Rolling Plains Cotton Growers, the Texas Grain Sorghum Producers Association, the Texas Farm Bureau Federation, and the Texas Farmers Union.
Chapman said he would leave Monday morning for Washington to hold conference with legislators before the hearing.
"The word was sent to the group meeting in Lubbock Thursday," Chapman said, "and the feeling was that a possible compromise may be suggested in the skip row planting acreage cut."

Weather Reduces Scout Attendance

The heavy rain last night lightened the attendance at the Cub Scout Roundtable meeting at the H.C.J.C. old student union building, but 13 were present.
The group discussed the theme "Back Yard Adventure" found in the Club Quarterly for June. Plans for the Cub Olympics, to be held on a district basis, at the Jamboree Grounds south of Big Spring July 10, were made. Many outdoor games and activities were also suggested for the month.
Mrs. Jane Cooley, Den Mother for Pack 46 of Webb Air Force Base, was given a training award. She has taken part in all leadership training courses offered in two years, and has attended the Cub Scout Pow-wow.

Lakeview Production Set

Tonight at 8 p.m. the Lakeview Junior High drama department will produce a three-act comedy, "Aunt Samantha Rules the Roost," at the school. In a scene from the play are Joyce Wrightsil, Cleveland Gossett, Marine Rivers, seated, and Alice Perkins.

Lakes In Area Have Small Catch From Rains

Area lakes caught only relatively small amounts of runoff from Thursday evenings thunderstorms.
Lake J. B. Thomas, the Colorado River Municipal Water District Reservoir, was at elevation 2241.57 at noon Friday. The inflow had about stopped. This is an increase of .55 of a foot overnight and brings to 67 of a foot the amount of increase for the week. This is 3,000 acre feet, or nearly one billion gallons.
Morgan Creek Lake, the Texas Electric Service Reservoir near Colorado City, was at 2056.55, a gain of only .05 of a foot. Champion Creek Lake, a few miles to the southeast of Morgan Creek, was at 2052.10, an increase of .3 of a foot. Moss Creek Lake, one of the city reservoirs southeast of town, caught only three inches. Powell Creek, the other reservoir, caught none. Cosden Lake south of Big Spring gained slightly but there was little runoff from the main part of its shed south of South Mountain.

Lakeview Play Slated Tonight

A cast of 11 students of Lakeview Junior High will present a three-act comedy, "Aunt Samantha Rules the Roost," tonight at 8:15 p.m. at the school. The play is a humorous account of how two candidates for the mayor of a town vie for respect, and how lemonade is sprinkled with a "love powder" to add to the comedy situation. The production is the annual spring performance presented by the drama department of the school. Mrs. Essie L. Person, drama instructor, is director of the play.
Tickets will be on sale at the door tonight at 50 cents for adults and 25 cents for children.

Lakeview Production Set
Tonight at 8 p.m. the Lakeview Junior High drama department will produce a three-act comedy, "Aunt Samantha Rules the Roost," at the school. In a scene from the play are Joyce Wrightsil, Cleveland Gossett, Marine Rivers, seated, and Alice Perkins.

Benefit Barbecue Set Saturday

A benefit barbecue, will be held at the Lakeview Park Saturday, to be sponsored by the "Brothers 12" Club. Sale of plates will start at 11:30 a.m. with Charlie Merritt and "Brothers 12" members cooking. The organization is made up of Sunday School teachers and church workers who meet periodically for discussing ways and means of improving opportunities in north side churches.
"Any one wishing plates of barbecue reserved may call AM 3-6647 or AM 3-3313. If plates are left, they may be picked up for the social to be held at the VFW home on the Big Spring Country Club road.

Motel Damaged

The hail, wind and rains did considerable damage to the West Wind Motel, 2004 S. Gregg, last night. The cover over the swimming pool was damaged, as well as the roof and neon sign.

VA Physicians Attend Meetings

Two members of the Big Spring Veterans Administration Hospital surgical staff will be attending meetings this week. Dr. H. J. Zinn, chief of Surgical Service, will be in Hot Springs, Ark., attending the 17th annual meeting of the Southwestern Surgical Congress.
Dr. R. H. Alonzo, urologist, will be in New Orleans, La., attending a meeting of the National Association of Urologists. During Dr. Zinn's absence, Dr. P. L. Hernal Jr. is acting chief of the Surgical Service.

Opening lead: Nine of ♠
 South provided a major assist to his own cause in today's six club contract, by drawing a red herring over his trail.
 The slam was a sound commitment. When South's two club response drew an immediate raise from the opening bidder, South realized that the partnership was in the slam range, for his hand alone was worth 17 points. The three spade call is a cue bid, designating first round control of that suit. When North reciprocated by showing the ace of diamonds, South proceeded without further ado to six clubs.
 West opened the nine of hearts—a top of nothing lead which strongly suggested to the declarer that the king of hearts was located in the East hand and that a finesse of dummy's queen would be a losing proposition. He, therefore, played North's ace without indulging

in a prolonged study of the situation—and dropped the ten of hearts from his hand, as tho to suggest he held a singleton in the suit.
 A club was led to the ace and, when West showed out on the return, the king was played from dummy. East was now revealed to have a trick in the trump suit, and South's problem was to dispose of his losing heart before his opponent could get in.
 If East had three diamonds, declarer would have time to run that suit and discard a heart. If East held a doubleton, however, he could ruff the third diamond and cash the king of hearts. Technically, South was entirely at the mercy of the distribution—however, he devised a simple stratagem that might deceive his opponent should the fates prove unkind.
 The closed hand was entered with the king of diamonds, a diamond was returned to North's ace, and then a third round of the suit was led. To East it appeared that declarer had no more diamonds and was attempting to ruff out the queen and thereby establish dummy's jack for a discard. Fearing that, if he trumped with the queen of clubs, South might dispose of a loser, East discarded a heart on the third round.
 Declarer was in with the queen of diamonds, and he promptly cashed the ace of spades and then ruffed a spade in order to lead the jack of diamonds—discarding the ten of hearts. It did not matter any longer whether or not East ruffed in, for the queen of clubs was the only trick that he took on the deal.

Kansas Storm Injures Dozen

WICHITA, Kan. (AP) — A severe windstorm Thursday night caused widespread damage across Wichita. Tornado funnels were sighted aloft over the area. At least a dozen persons were injured, none seriously.
 Five persons were injured as trailer houses toppled. One man was injured by glass when a store window blew out. At least six other persons were hurt in auto accidents during the storm.

CARS DITCHED
 Some motorists, blinded by driving rain, ran into ditches. The dark band of clouds gave birth to several funnels as they moved northward from Oklahoma across central Kansas. Funnel sightings were reported southwest of Anthony, near the Oklahoma line; south of Wellington, Kan.; in Wichita, and west of Halstead in neighboring Harvey County.

TRAILERS DAMAGED
 Five house trailers, two at one location and three at another, were heavily damaged or destroyed. Other scattered damage was reported to house roofs, store windows, utility lines and trees.

Lawmakers Report Mail Flood On Teachers' Pay

AUSTIN (AP)—Texans have written legislators more letters about the teacher pay raise issue in the last 10 days than since the first crush early in the session.

The rise in mail began when House and Senate hearings first were scheduled. After Gov. John Connally went on television to plug his bill last Thursday, the influx of letters and telegrams climbed steeply.

About 90 per cent of the letters have been from teachers or persons connected with schools, all urging passage of the '\$45 in '65' across the board pay raise plan supported by the Texas State Teachers Association.

Some of the recent mail has been from persons other than teachers, and many lawmakers said they have included scattered endorsements of Connally's plan—for some legislators, the first such letters since the pay raise fight began.

Connally's proposal features greater long term benefits for experienced teachers and a higher rate of support by local school districts.

"My volume of mail hasn't increased over-all, but I've gotten some letters for the governor's bill which I hadn't had before," said a Houston lawmaker whose teacher pay mail has soared to several thousand since January.

Car Collision With Grader Proves Fatal
 FORT WORTH (AP)—J. T. Paschall, 43, of suburban North Richland Hills, died today of injuries suffered April 7 when his car collided with a road grader.

A. C. Williamson Plans To Retire
 A. C. (Coke) Williamson, for many years executive for the Buffalo Trail Council, has announced his impending retirement as executive of the Gulf Coast Council at Corpus Christi. He chose a camporee, attended by 116 troops, to announce that effective March 1, 1966, he would leave the ranks of professional Scouters.

Son of a Methodist minister, he got into Scouting as school teacher when he helped organize a troop. He later served as executive of the council at Mexico, this area council (then headquartered at Sweetwater) and at El Paso before going to Corpus Christi in 1942. There were 2,000 boys in the program in that area then; today there are 14,000.

Meter Raiding Suspects Held

PAMPA, Tex. (AP) — Two Oklahoma men were charged this week with stealing mercury from gas well meters in the Texas Panhandle.

Gray County Sheriff Rufe Jordan identified them as William Henderson, 55, and Calvin Hen-

derson, 40. He said they gave several Oklahoma towns as their homes and they told conflicting stories.

The men were picked up for questioning Tuesday night.

Gas well meters contain 7.5 pounds of mercury. It is valued at \$6.25 a pound.

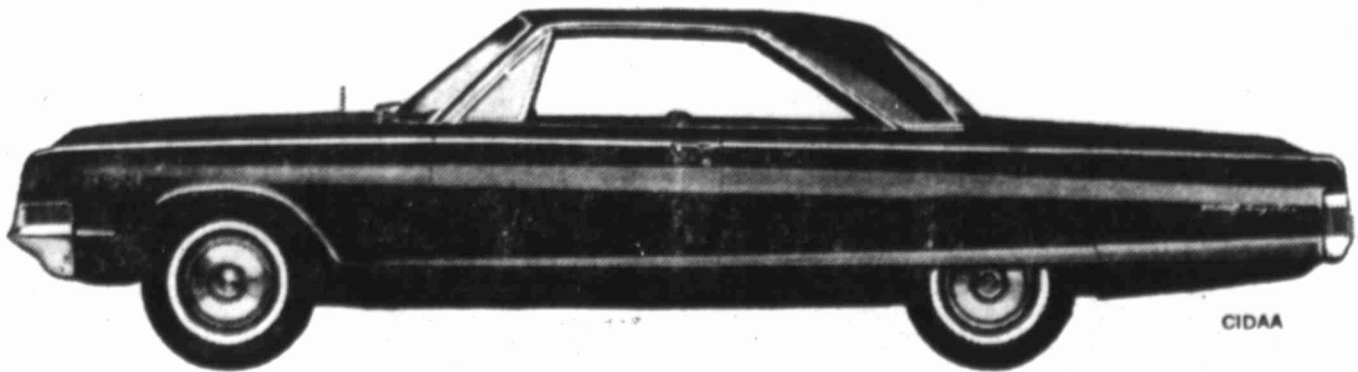

The sheriff said mercury has been stolen from 35 meters in Gray County this week. He said 88 meters in the Panhandle were pilfered of mercury in March.

We're having a Chrysler sales success shindig! So who cares?

*For the months of Dec., Jan., & Feb. in Texas

You will ... when you check the price, looks and Chrysler's 5-year/50,000-mile warranty!

Don't miss out! Join the thousands of new Chrysler owners who have already made this discovery: 7 Chrysler models (out of a total 17) are actually priced just a few dollars a month more than the most popular smaller cars, comparably equipped. And, remember this: Chrysler still carries the longest, strongest warranty in its class—5 years or 50,000 miles of engine and drive train protection. Move up to Chrysler. It's smart. And easy.

CHRYSLER'S 5-YEAR/50,000-MILE WARRANTY WITH THIS COVERAGE: Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1965 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

County's Maid Of Cotton Will Be Selected Tonight

The Howard County Maid of Cotton will be selected tonight following a review of the candidates. They will appear on a television review, at 7:30 p.m. over KWAB-TV channel 4, in formal dress. The judges will make their selection following the review.

The winner will represent Howard County during the year at various functions and will be entered in the South Plains Maid of Cotton contest next year.

Entries to appear tonight will be Beth Walker, daughter of Mr. and Mrs. A. E. Walker Jr.; Lynda Davidson, daughter of Mr. and Mrs. C. D. Davidson; Carol Duncan, daughter of Mr. and Mrs. Perry R. Duncan; Sulema Yanez, daughter of Mr. and Mrs. Ynez Yanez Jr.; Shelley Cole, daughter of Lt. and Mrs. C. H. Cole Jr.; Donna Duke, daughter of Mr. and Mrs. Donald R. Duke; Paula Langston, daughter of Mr. and Mrs. R. M. Langston; Linda Duncan, daughter of Mr. and Mrs. Lloyd H. Duncan; Elaine Langley, daughter of Mr. and Mrs. Vernon W. Langley; Diane Brooks, daughter of Mr. and Mrs. Jesse Brooks; Cami Simunovic, daughter of Sgt. and Mrs. John Simunovic; Kandis Long, daughter of Mr. and Mrs. Virgil Long; Susan Elaine Daniels, daughter of Mrs. Jeri Daniels; Paula Murdock, daughter of Mr. and Mrs. H. C. Murdock; Nancy Karen McCown, daughter of Mr. and Mrs. Ed Church; Karen Lawson, daughter of Mr. and Mrs. Edwin E. Lawson; Joanna Patterson, daughter of Mr. and Mrs. Richard Patterson; Barbara Louise Adams, daughter of Mr. and Mrs. Jack Adams; Maria Reed, daughter of Mrs. Mary Reed; Jacqueline Cauble, daughter of Mr. and Mrs. Jack Cauble; Adorna Wilson, daughter of Mr. and Mrs. Chester Wilson; Ava Nell Jenks, daughter of Maj. and Mrs. Paul M. Jenks; and Jonita Gonzales, daughter of Mr. and Mrs. Joe A. Gonzales.

Maid Of Cotton Entries

Seated, from left, are Shelly Cole, Susan Daniels and Paula Langston; standing, from left, are Elaine Langley, Ava Nell Jenks and Sulema Yanez.

Compete Tonight

Seated, from left, are Barbara Adams, Linda Duncan and Jonita Gonzales; standing, from left, are Paula Murdock, Kandis Long and Beth Walker.

Enter Cotton Competition

Seated, from left, are Diane Brooks, Donna Duke and Jackie Cauble; standing, from left, are Karen Lawson, Adorna Wilson and Lynda Davidson.

Pledge Help For Election On Road Bonds

Members of the Commerce highway committee met with members of the County Commissioners Court Thursday to formulate an informational program in support of a forthcoming bond issue to finance right-of-way for further highway development.

Petitions now being circulated are due to go to the Court Monday, and commissioners are due to act in response to these. Planned is an issue of \$600,000. Funds, as needed, will go to purchase land for extension of FM 700 northward from the IS 20 intersection to the Snyder highway; and also for land for the straightening and widening of FM 700 westward from Goliad, across US 87 (where a grade separation eventually is planned), and on to US 80 west.

The C-C group has voted the program its full support, as have C-C directors. They will spearhead publicity efforts to gain endorsement of the bond issue.

The state already has money allotted for the 700 north extension, has been pressing for action lest this money be re-assigned elsewhere. Highway projects now are virtually at a standstill here, and leaders said an early resumption of such work will be a major lift to the economy.

Three Arrested On Booze Counts

LAMESA (SC)—Dawson County sheriff's officers arrested three persons Thursday and charged them with selling and possession of alcoholic beverages. All were taken before County Judge Leslie Pratt who set bond at \$300 for each count for all three.

Maudie Franklin, 44, was charged on two counts of selling, and one of possession. She posted a total of \$900 in bonds and was released.

Eugene Williams, 26, was charged on four counts of selling. He posted \$1,200 in total bonds and was released.

George Harris, 20, was not so lucky. He was charged on two counts of selling, was unable to post the \$600 in bonds, and is in the Dawson County jail.

Comedy Opens Tonight

Bob Bateman and John Arnold, above, are engaged in a household discussion at the Iowa home which is thoroughly disrupted in the production of "The Man Who Came To Dinner," to be presented tonight and Saturday night at Municipal Auditorium—by the Big Spring Civic Theatre.

Little Theatre Play To Open

A comedy spiced by the acid-tongue of a big-city radio commentator and the humorous situations that develop when he disrupts the life of a small-town Iowa family, "The Man Who Came To Dinner," is set for 8:15 today at Municipal Auditorium. Big Spring Civic Theatre's fifth production of the current season will be presented again Saturday at the same time. Tickets will be on sale at the door for each performance, at \$1.50 for adults and 75 cents for students and airmen.

In the play, the radio commentator, played by Ron Carr, suffers a fall on the steps of the Iowa home, then invades the household to take over, bringing in secretaries, actresses, actors, radio engineers and even cockroaches, then finally performing a Christmas broadcast in the midst of it all, complete with a boys' choir singing "Silent Night."

A trouble-making actress is played by Mrs. Christine Tatum, a self-styled English genius by John Arnold and a refugee from Hollywood by Dave Carreiro. The large cast includes Mrs. Carr, Bob Bateman, Keiran Doherty, Joyce Towbin, Gene Mikeska, Mrs. Jo Ann Arnold, Pat Jones, Regina Hine, Louis Loveless, Hillary Sherred, Carol Odom, Gloria Gale, Jimmy Townes and Clark Frayser.

The Broadway play was one of several successful comedies written by the team of George S. Kaufman and Moss Hart, including "George Washington Slept Here," produced previously by Big Spring Civic Theatre.

Mrs. Carruth Dies Thursday

LAMESA (SC)—Mrs. Mary E. Carruth, 86, resident of the Dawson County area since 1928, died at 8:45 p.m. Thursday in a Lamesa Nursing Home. She was born Nov. 7, 1878 in Atlanta, Ga. She moved to the Patricia community in 1928 from Brownwood, and has lived in the area since.

Services will be held Saturday at 3 p.m. in the Second Baptist Church, with the Rev. Clifton Igo, pastor, officiating. Burial will be in Lamesa Memorial Park under the direction of Branon-Phillips Funeral Home.

Survivors are four sons, J. M. Carruth, Seminole, W. C. Carruth, Andrews, E. L. Carruth, Lamesa, the Rev. Odie O. Carruth, Trent; a daughter, Mrs. Frank Deatherage, Lamesa; two sisters, Mrs. Belle Williams, Gainesville, Mrs. Winnie Malcolm, Loney; 31 grandchildren, 67 great-grandchildren, and six great-great-grandchildren.

Judgment Ruled Against Employer

A judgment for \$850 in back wages, plus interest and costs, has been entered by District Judge D. W. Suttle at Pecos against Ben Nedrow and Radio Industries, Inc. of Odessa. Defendants operated Station KECK. The original complaint was filed in October, 1961 on behalf of three employees. An out-of-court settlement was reached, but the government claimed that after the first \$100 installment was paid, the payments ceased. The court moved the judgment effective date back to Oct. 20, 1961, date of the original filing.

Gary Dunnam To Get Degree Soon

Gary Dunnam, son of Mr. and Mrs. J. T. Dunnam, 640 Manor Lane, will be graduated from North Texas State University at Denton June 2.

Dunnam, who will receive a bachelor of music degree, currently is practicing teaching at H. Grady Spruce High School in Dallas. He has been accepted for a teacher position in the Dallas school system beginning in September.

A Devotional For The Day

Lord teach us to Pray. (Luke 11:1)
 PRAYER: Our Father, help us to give serious attention to Bible reading, worship and prayer in our home. Grant us patience in these things until they become as natural a part of each day as eating and sleeping. To Thee be all honor and glory; through Jesus Christ, our Savior. Amen.
 (From the 'Upper Room')

Aiding Crime Prevention

A series of well-publicized incidents in major cities of refusal of eyewitnesses to go to the aid of victims of crimes of violence has shocked the nation. Such apparent indifference or cowardice or extreme reluctance to "getting involved" has stimulated a wave of moral admonitions on helping one's fellow man in distress and a citizen's duty to assist law enforcement.

Resulting discussion is bringing out, however, that the law itself is in large part to blame for such deplorable inaction. This, for example, was the consensus of distinguished legal professors from over the country at a conference panel last month at the University of Chicago Law School.

It was brought out there that neither common nor statutory law in the United States rewards a citizen's effort to prevent or stop the commission of a crime, or penalizes the failure or refusal to do so, or provides compensation for any injury incurred in such an effort, or protects a citizen from damage suits arising from involvement in crime prevention.

The Chicago panel's consensus was stated by Prof. Herbert Fingarette of the University of California: "The law should encourage coming to another's aid by providing physical, financial and legal protection; the law should discourage from the temptation to avoid bringing aid by providing penalties."

A welter of problems arise out of that suggestion. There could be virtually endless debate over designing the details of workable provisions.

Despite the difficulties anticipated, however, state legislatures and Congress should begin studying this question seriously, and soon make at least some experimental beginnings. For certainly the law should encourage rather than discourage citizens' participation in crime prevention.

Loss Of A Good Friend

The people of this area lost a good friend and public servant with the death of Rep. Ed J. Carpenter.

He was a quiet, unassuming individual, the antithesis of what some expect in a political figure, and was not given to public pronouncements.

Yet he had the common touch, and that's what counted. He came up from humble surroundings, and he always had been close to his friends and neighbors. No one had to keep him posted on their needs, their aspirations, their circumstances.

Most of his public service came in his mature years, long after the lure

David Lawrence Our Purpose In Dominican Republic

WASHINGTON — The American people may as well resign themselves to the prospect that both in Viet Nam and in the Dominican Republic the conflicts may be long-drawn out. Paradoxical as it may seem, the American policy in each instance can do more to avert the disaster of a third world war than all the conferences and discussions of peace objectives in the last decade have accomplished.

FOR WHAT the United States is doing in Southeast Asia and in the Caribbean is both significant and constructive. Pacifists and other citizens who would like to make sure that a holocaust is avoided might well take a hard look at the facts of international behavior which led a supposedly civilized society into two world wars, causing the death of millions of human beings and leaving on the surviving people scars that have not been removed by the passage of time.

In Viet Nam and in the Dominican Republic, the issue today is the same. Will an altruistic and humanitarian nation, ready to supply billions of dollars for relief and development or armed forces to repel aggression, be thwarted and frustrated by captious critics or misguided appeasers inside and outside the United States?

THE FALLACY they do not perceive is that, once the tyranny of Communist imperialism takes over particularly in the Caribbean, where Cuba stands as a realistic example of the tragedy that can ensue elsewhere in Latin America, the struggle against a truly dangerous intervention in the affairs of weaker republics

Billy Graham

In a sermon a minister used the expression "full salvation." In my opinion this is old-fashioned. Don't you think so? W.F.

The Bible says: "He is able also to save them to the uttermost that come unto God by Him."

I personally am not afraid of the old-fashioned expression, "full salvation." It is never God's wish to do anything by halves. I do not want to be half-saved if you were an engineer you would be insulted if I called you half an engineer. I want to be the real thing, and if I'm to be a Christian, let me be the genuine article. If I am by the grace of God to enjoy religion, then let it be full-religion.

Bye Bye

BRESSANONE, Italy (AP)—The last few hundred pigeons in this north Italian town have gone the way of their several thousand former feathered friends. The city put out new batches of poisoned birdseed to get rid of the last of them. City officials said they were tired of paying for cleaning of civic monuments and buildings and they said Bressanone would be better off without the birds.

CHATTANOOGA, Tenn. (AP)—Four generations of a family were involved in the theft of several toys from a department store.

Officers said the shoplifters included an elderly woman, her daughter, her granddaughter and her great-granddaughter.

The granddaughter was fined in city court.

Family Affair

CHATTANOOGA, Tenn. (AP)—Four generations of a family were involved in the theft of several toys from a department store.

Officers said the shoplifters included an elderly woman, her daughter, her granddaughter and her great-granddaughter.

The granddaughter was fined in city court.

SIREN CALL

James Marlow 'Great Society' Program Slowed Down

WASHINGTON (AP) — President Johnson's fast-moving "great society" program may be braked to a crawl because the Senate is unwilling to limit debate on the voting-rights bill.

An announcement by Republican Leader Everett M. Dirksen Wednesday said that there are not enough votes available for the necessary two-thirds majority to curb talk on the measure, indicating a possibly lengthy slowdown on other important measures.

BUT DIRKSEN said that at the rate the Senate is moving it won't finish the voting-rights bill by then. He pointed to a mountain of other legislation behind it and advised his colleagues to start their Christmas shopping in Washington.

"It may well be," he said, "that we will have to commune with the Halloween witches and eat our Thanksgiving turkey here and trim our Christmas tree here."

Johnson wants Congress out of town by August. But unless he can get the Senate to cooperate, any such departure probably would leave some of his "great society" measures stranded.

BESIDES THE health-care bill, which could stir lengthy Senate debate, there are several other measures certain to be caught up in time-consuming controversy.

These include the foreign aid authorization, excise tax reduction, congressional redistricting, drug controls, a proposed ban on state right-to-work laws, revision of the immigration act, a minimum-wage increase, creation of an urban affairs agency and more than a dozen regular money bills.

The pre-Easter dispatch with which Congress acted on Johnson's requests has been supplanted by stiffening resistance to orders from the White House on the timing and content of legislative matters.

THIS WAS represented in actions in both the House and Senate this week.

The House balked at the President's plan to close 15 veterans hospitals and facilities. It voted \$23.5 million to keep them open.

In the Senate the President's forces were able to turn back a cliff-hanging four-vote margin in a liberal effort to ban state poll taxes. Then the House Judiciary Committee crossed the President and nailed a ban into the version before the House. So the two bodies have conflicting bills.

Today's article by AP's Jack Bell substitutes for vacationing James Marlow.

Hal Boyle Village Schizophrenic By Choice

LONDON (AP) — A government agency admitted today it is encountering opposition in trying to cure a village with a split personality.

Located in East Anglia, it has problems as real as a schizophrenic's. But its residents don't seem to give a whoop.

Official maps list one half of the village as Rockingham Inferior. And just as officially, they list the other half as Rockingham Superior.

THE AUTHORITATIVE Bartholomew's Gazetteer says: "Rockingham Inferior, parish and village in West Suffolk, population 302.

"Rockingham Superior, parish and village in East Suffolk, population 428."

Said a spokesman for Britain's Local Government Commission, an agency that is trying to streamline county administration and abolish the boundary between Inferior and Superior.

"The Inferiors don't mind a bit being called Inferior. In fact, that's the rub. They want to stay that way."

CONCEIVED by some official shortly after the Norman invasion in 1066, the administrative dividing line between East and West Suffolk zig-zags down the village's single main street.

East and West Suffolk operate as separate county administrations.

If you get in trouble in Rockingham Inferior, a constable from West Suffolk arrests you. In Superior, the arm of the law is East Suffolk.

The boundary has its craziest moment when it runs lengthwise through the home of Miss Sybil Tuck, 87, causing her to pay taxes for her kitchen, dining room, scullery, three bedrooms and bathroom in Superior, while the taxes on drawing room, study and four bedrooms are paid in Inferior.

INFERIOR'S PARISH council chairman, Tom Marshall, said: "West Suffolk has the best administration, best schools, best roads and best officials, we are happy where we are."

Said the Superior parish council chairman, Fred Bailey: "If the Inferiors join us they'll save money on their taxes. Ours are cheaper. In the long run this will prove the turning point."

(Today's feature by AP's Eddy Gilmore substitutes for Hal Boyle, whose column regularly occupies this place.)

To Your Good Health Techniques Of Surgery Have Constantly Improved

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: I am 90 and have a serious case of prostate gland trouble. Can anything be done without an operation? Do you think surgery is safe for a man my age?—W.A.C.

This question is raised rather often, because severe prostate trouble usually, although not always, tends to develop around middle age or later.

Operations for removal of the prostate are performed successfully on men your age.

In milder cases of prostate enlargement, ordinarily occurring earlier in life, massage and sometimes other treatments often get the organ back into adequate condition.

But when the enlargement is severe and threatens to obstruct urine flow, there is no way of reducing it other than by surgery.

I have always pointed out that no operation is wholly without possible risk. Even the anesthesia may be dangerous for some people; however, this may be true in only a fraction of one per cent. The care and skill of modern anesthesiologists keep this risk at a very small figure.

In addition, techniques of surgery have constantly improved little by little the safest methods have been developed.

Use of blood transfusions, if needed, prevent shock; antibiotics and sterile operating-room techniques keep the risk of infection low; a whole new art of post-operative nursing and medical care has developed.

Surgery today is vastly safer than it was only a generation ago. And still another factor is that we have learned more about preparing a patient for surgery beforehand. All of these improvements added together show why men and women in their 90's safely undergo operations which would have been less safe 25 years ago for patients who were far younger.

Dear Dr. Molner: Could you tell me (yes or no) if a belt-type reducing machine is harmful for legs with varicose veins?—MRS. W. N.

Yes. Harmful.

Dear Dr. Molner: X-ray shows a cluster of stones in my pancreas. Is there any diet or treatment to remedy this? The trouble began in 1957. Sometimes I have intense pain, which subsides and then recurs—B.A.C.

There isn't any diet for this, but remember that stones can occur in virtually any of the secreting glands: the pancreas, salivary glands, prostate, and others, and not just in the gall bladder or kidneys.

For stones in the pancreas, alcohol should be avoided completely. Meals should be small in volume. Gall bladder trouble often is associated with stones in the pancreas. Therefore the gall bladder should be examined, too.

For a comprehensive discussion of how to cope with the change of life, including scores of pertinent questions and their answers, send in care of The Herald for my booklet, "Make Menopause Easier," enclosing 25 cents in coin and a long, self-addressed, stamped envelope to cover cost of printing and handling.

Dr. Molner welcomes all reader mail, but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

1. "WE CANNOT hope to win a victory over Hanoi by such remote and antiseptic means as sending bombers off aircraft carriers. . . I don't believe we should be under the self-delusion that this military effort will bring Ho Chi Minh or the Viet Cong to their knees."

2. ". . . we have erred for some time in regarding Viet Nam as purely a military problem. . . I would wish, for example, that the request for appropriations today had made provision for programs to better the lives of the people. . ."

3. "I CANNOT LET this occasion

Around The Rim New Facts Change Yesterday's Truths

Five million years ago a "land bridge" was formed at what is today Panama, joining the North and South American continents, archeologists say. Recently engineers working at a channel and bank-widening project at the Panama Canal uncovered fossils of animals that were reportedly on the Isthmus 20 million years ago.

THE SIGNIFICANCE of their find, according to the archeologists, is that North American animals moved some 2,000 miles farther south than previously thought. A research associate of the Smithsonian Institute of Washington, D. C., reported the discovery indicated that the animals traveled over land areas, rather than by water, to reach Panama.

CANAL ENGINEERS had been watching for any objects uncovered during their excavation work and reported that rains washed away debris to reveal the fossils. Found, among other objects, were the skeleton of a crocodile, a jaw of an animal related to the sheep family and the bones and teeth of a deerlike animal.

Animals of North and South America differed at the time those found were alive, scientists say.

ARCHEOLOGISTS' discoveries may usually seem insignificant to most of us, but sometimes such reports prove of interest. For example, the fossils discovered this year at Cucaracha Reach, midway between the Atlantic and Pacific in Panama, may change thinking considerably among biologists and archeologists about animal life of the North American continent. It also indicates how, in their studies, what is accepted as true one day may be refuted or altered by new facts, as by the discovery that animals of North America lived 2,000 miles farther south than previously believed.

—PRESTON MAYNARD

Richard Starnes A Boy Goes Hunting

WASHINGTON — Chip weighs 175 pounds and an Alaskan brown bear can weigh as much as 1,500 pounds, and I am anxious to see what happens when the two meet.

I am going to bet on Chip, not only because he is my firstborn issue, but also because he will be carrying a 30-06 Winchester and is very good with it. Purists will claim that a 30-06 is marginal for the big brown bears, and, strictly speaking, they may be correct. But the truth is that the 30-30, which is a much lighter load than the 30-06, has killed a heap of brown bears over the years, so I believe Chip's rifle will be equal to the task.

THE ALASKA brown bear is the biggest carnivore on earth (I personally have seen them with heads the size of tobacco hogheads and paws as big as door mats) and it is the most dangerous game in North America. Prudent hunters go in pairs when they seek out the brownies, and I expect to stick close to Chip, so as not to get myself hurt.

I CAN REMEMBER, dimly, being 16 years old and I can guess how I'd have felt if my old man had told me to pack my tucker bag for a trip to Alaska to shoot a brown bear. Chip appears to feel the same way. He has packed and repacked our impediments six or eight times, he has honed his Winchester to a keen edge, he has done the same with his hunting knife, and has been totally insufferable to his peers, all of whom have gradually been turning green since he sprung the news on them.

Anyone who admits in public he is undertaking an expedition of this sort is certain to incur the wrath of that segment of the public that is unsure what sort of world it is that we live in. This is particularly true when small fry are concerned, because the conditioned-reflex ladies will holler what kind of person am I raising that boy to be?

WELL, OF COURSE, no one can tell how any arrangement as subtle as a human being will turn out. All you can do is to sort of aim the thing in what you deem the right direction and turn it loose. I hope, and fondly expect, that Chip will turn out to be a young man with the experience, poise and self-confidence to see him through all manner of rough experiences.

The pious lunatics who are feverishly trying to disarm the nation seem unconscious of the sad reality that war is the natural state for man. But as long as politicians are yokels and highlanders, and as long as mankind has recourse to violence instead of reason in solving his problems, that is how long the sensible father will try to train up his young in the arts of protecting and maintaining themselves in difficult situations.

TO BE SURE, this is less than an ideal. I would prefer a world where boys, brown bears and yellow men could live side by side in peace and friendship. But no one old enough to read these words will ever see such a world, and if it is Chip's destiny to dig his heels into some alien jungle and fight to stay alive there, I want him to have every possible edge going for him.

(Distributed by United Feature Syndicate, Inc.)

Holmes Alexander A Johnson-Kennedy Clash

WASHINGTON—Valiant is the name for the Kennedy brothers. We will seldom, if ever, know, I think, four young men of the same parentage who have won so much and lost so much, endured physical pain and mental anguish with more gallantry, carried themselves under stress with better grace, and behaved themselves more becomingly in the glare of publicity and bitter outside rivalry.

JOSEPH AND JOHN died in violence, but none who knew them ever forgot them, and maybe the only immortality that human beings have is in the memory of their fellow men. Robert and Edward achieved next-to-impossible victories last year—one by bulling his way to election in an adopted state, the other by walking away from air crash injuries which had been expected to make him a wheelchair case. It was hard to be dry-eyed last January when Bob and Ted came forward in the Senate chamber to be sworn into office. It makes no difference whether a political writer is for them or against them. He'd have to be a clod not to tingle with admiration at the courage these men embody.

BUT THE Kennedys are ambitious. They are not saintly, not without the flickering flame of vindictiveness that is a part of the competitive spirit and is the animal instinct for the blood of the enemy. No writer in Washington is so ignorant that he doesn't know something of Senator Bob Kennedy's differences with President Lyndon Johnson. Nothing in American politics is more certain today than that these two men are going to clash.

BOB KENNEDY'S first major speech on the Senate floor, May 6th, was the beginning of such a fight. It was not spectacular, but it was the padded-foot approach to fierce combat. Had the President faltered? Yes, he had. The President was asking for \$700 million as a special appropriation to fight the war in Viet Nam. He got what he asked—the money. He didn't get what he wanted—full Democratic backing for his policy, the equivalent of an informal declaration of war, completely approved by his party.

1. "WE CANNOT hope to win a victory over Hanoi by such remote and antiseptic means as sending bombers off aircraft carriers. . . I don't believe we should be under the self-delusion that this military effort will bring Ho Chi Minh or the Viet Cong to their knees."

2. ". . . we have erred for some time in regarding Viet Nam as purely a military problem. . . I would wish, for example, that the request for appropriations today had made provision for programs to better the lives of the people. . ."

3. "I CANNOT LET this occasion

WHAT OTHERS SAY

When the civil rights demonstrators crossed into Montgomery recently, the marchers sang "We Have Overcome." This would have been a good ending if the event were a drama, but it is life, and life goes on. Always there is tomorrow. President Johnson knows this. Asking Congress to insure the right to vote — the objective of the Selma march — he said, "We must remember that . . . after the police and the marshals have gone — after this bill is passed — the people of Selma must still live and work together."

Leslie Dunbar, director of the Southern Regional Council in Atlanta, said that demonstrations "seek, above all, to produce national action and they certainly have done so. . . But these demonstrations do seem to deeply wound the localities in which they occur." As it was in 1963, so is it in 1965: Not malice but only charity can heal the wounds of the nation and give strength to carry on the work it is in.

The aftermath of the 1963 civil rights victories in Birmingham revealed another limitation to demonstrations. When certain employment opportunities finally opened to Negroes in that city, none were found who were qualified or willing to take them.

Kipling's prayer might well apply to all Americans today:

The tumult and the shouting dies—
 The Captains and the Kings depart—
 Still stands Thine ancient sacrifice,
 An humble and a contrite heart.

Humility and contrition and education — above all, education that gives needed skills as well as human values — these are the requirements, not just in Selma but in Chicago and elsewhere also, to cope with what President Johnson correctly called an American problem.

—CHICAGO DAILY NEWS

Immaculate Heart Of Mary Pastor Honored

Frank Berniti, left, was master of ceremonies and co-chairman of arrangements when the Rev. Francis Beazley, center, pastor of the church, was honored with a dinner on the 25th anniversary of his ordination. Visiting priests present were: the Rev. Morrin, second from left; the Rev. Conaty; Rev. Beazley; Monsignor Marthaler; Rev. Holland, and Rev. Slattery.

Over 300 Attend Dinner For Rev. Francis Beazley

More than 300 persons were present for a dinner honoring the Rev. Francis B. Beazley, pastor of Immaculate Heart of Mary Catholic Church, Wednesday night. The dinner, held in the cafeteria, had been prepared for 275 guests and more plates had to be prepared.

Master of ceremonies Frank Berniti, said 30 visiting priests and 20 sisters, including 10 from Midland, were present for the dinner and Solemn High Mass. Rev. Beazley celebrated the Solemn High Mass in commemoration of his 25th year of ordination. He plans to leave about the first of June for a visit to his home in Ireland, and a pilgrimage to the Holy Land.

Two Represent City At Confab

The Rev. Ramon Navarro, pastor, and lay delegate Benny Marquez, will represent the Big Spring Northside Methodist Church at the Rio Grande Methodist Conference in Albuquerque, N. M., May 18-21.

The Rio Grande Conference is for the Spanish-speaking Methodist Churches in Texas and New Mexico. There are around 115 pastors in the four districts. Bishop Paul E. Martin, from Houston, will preside. The Conference will adjourn Friday at noon following the reading of appointments for pastors for the next conference year.

Choir To Sing At First Baptist

BROWNWOOD — Forty-five members of the Howard Payne College a cappella choir, directed by Ivan W. Baugh, will make a weekend tour in West Texas Saturday and Sunday. The choir will appear at the First Baptist Church in Big Spring at 7 p.m. Sunday.

The choir will participate in the Lubbock Area Baptist Crusade service Saturday night in the Lubbock Coliseum. It will sing at 8:15 a.m. Sunday in Trinity Baptist Church, Lubbock; at 10:55 a.m. at the First Baptist Church of Shallowater, and then go to Big Spring.

The choir toured the Texas Valley area earlier this year, and has been invited to present a 15-minute concert for the Southern Baptist Convention in Dallas June 3.

Baugh, who has been at Howard Payne since 1961, is an associate professor of music and choral director for Howard Payne.

IVAN W. BAUGH

BAPTIST
BAPTIST TEMPLE — The Rev. James A. Puckett, 11 a.m., "The Beauty of Kindness"; 7:30 p.m., "Power to Pass."

COLLEGE BAPTIST — The Rev. Byron Ornd, 11 a.m., "Standing at the Crossroads"; 7 p.m., "The Christian Decision."

A LEADER COMMITTED

"A Leader Committed to Life to God," the title of the Sunday School Lesson for May 16, pictures David as Israel's king as approved by the Lord. Lesson text is II Samuel 5:1-7, 9-12.

David made Jerusalem his capital and brought the whole nation of 12 tribes under a single government that was both efficient and benevolent. By the strength of his military power, and the confidence of his people, he extended his rule beyond Damascus to the north and as far as the Gulf of Akaba to the south.

David had been anointed king over the one tribe of Judah, but the other 11 tribes, hearing of his humaneness and goodness, came to him through their appointed elders and told David why he should be their king. It required 7½ years for the elders to recognize the force of the arguments in David's favor.

The elders wanted a king chosen by God to feed his people in time of peace and to be their captain in time of war. They needed a captain who knew military strategy quite as much as they needed someone to feed them. David, who was dedicated to the service of God, was their fondest hope.

Delegates Named To Texas Synod

COAHOMA — The Rev. Russell Nees, and Frank Loveless, ruling elder from the Coahoma Presbyterian Church, have been commissioned as delegates to the 110th annual meeting of the Presbyterian U. S. Synod of Texas.

The Synod, a state-wide organization of the Presbyterian Church, U. S., will meet May 18-20 at the Daniel Meyer Coliseum in Fort Worth, with more than 500 ministers and laymen present for the three-day session.

As commissioners Rev. Nees, and Loveless, will help determine the church's policy, budget, and program for the coming year.

Among major issues to be considered will be possible expansion of the Presbyterian Church, U. S. westward to California; a proposal to dissolve women's church organizations; parimutuel betting, and reorganization of the Synod's committee structure.

New Sect Is Growing

HAIFA, Israel (AP) — This land that saw the beginnings of both Judaism and Christianity also is the world center of a new religion founded in a Moslem country. It is called Baha'.

There are said to be well over a million Baha' in nearly 300 countries, territories and possessions—in fact, every country of the world except a few Soviet republics. The largest number is in Iran, where the faith started more than 100 years ago. It is not officially recognized there today.

The religion has appeal, its leaders say, among both the old established nations and the developing ones. Members include American educators, Canadian Eskimos, Japanese businessmen and Indian doctors. Its teachings have been translated into 270 languages and dialects.

A golden-domed shrine set amid gardens on the slopes of Mt. Carmel in Haifa is the world headquarters of the faith. Beneath the dome lie the remains of "The Bab"—The Gate—the martyr-herald of the faith, who was executed by the Persians in 1850 because of his religious teachings.

Before his death, The Bab predicted a promised one would some day lead the faithful. This was claimed by the son of a Tehran Cabinet minister, Mirza Husayn Ali, who took the name of Baha'u'Llah — Glory to God.

Baha'u'Llah was exiled to Baghdad, and later was moved to Constantinople — modern Istanbul — and Adrianople before his final imprisonment at Akko in Palestine.

He was still under virtual Turkish house arrest at nearby Bahji when he died in 1892 at the age of 75.

The Baha' honor and respect all the world's great religions. They believe that God educates mankind through a series of prophets who appear at intervals in man's history: Moses, Zoroaster, Buddha, Christ, Mohammed — and now Baha'u'Llah.

EARLY LEADERS AT NEW ORLEANS Gene Littler (left), and Billy Martindale (AP WIREPHOTO)

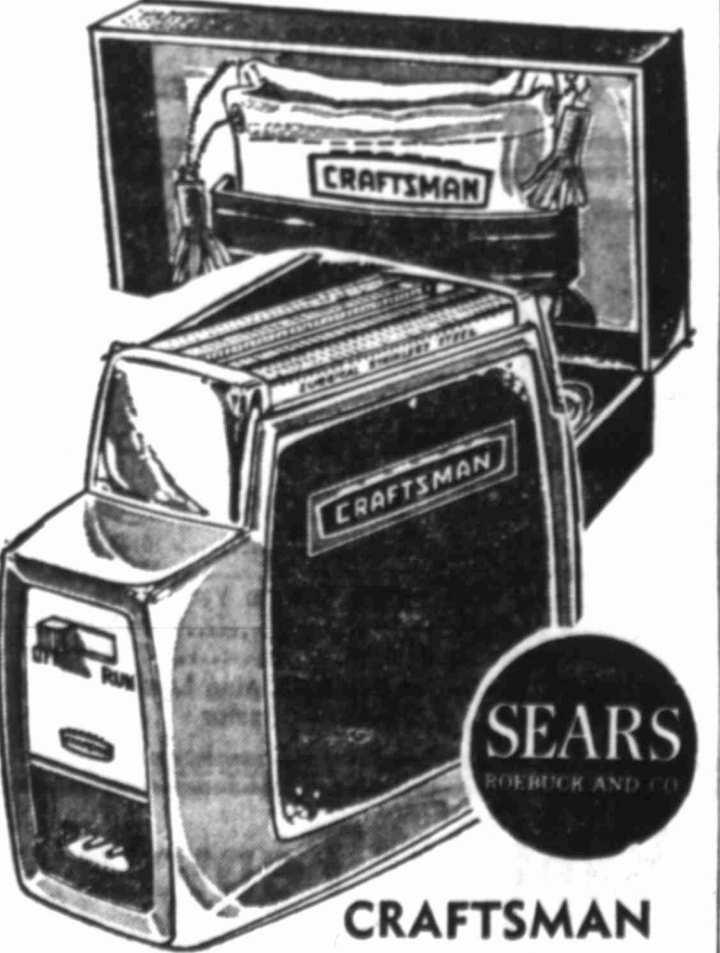

Gene Littler Seeks To End Golf Slump

NEW ORLEANS (AP) — Golf is just another job to Gene Littler — not a dedication — but the 34-year-old former National Open champion is bidding today to end a three-year victory drought. The smooth-swinging pro, who plays out of Las Vegas, grabbed a piece of the first-round lead in the \$100,000 Greater New Orleans Open with a seven-under-par 65 Thursday.

Defending champion Mason Rudolph had a 71, along with 12 others, and Bruce Crampton a 73. Nicklaus, the 6-1 choice to walk away with the \$20,000 first prize here, was barely in the club house Thursday with his 65 — a competitive course record. Martindale holed a 30-foot birdie putt on his final hole to tie them. Palmer, who ended a slump two weeks ago by capturing the Tournament of Champions, had putting troubles and wound up with a 73. Par took a beating as 62 players turned in sub-par cards. It was the most under-regulation scores for an opening round in any tourney this year. Four rookie Homero Blancas, playing in his third circuit event as a pro, and Dick Crawford, had 66s. PGA champion Bobby Nichols and six others shot 67s.

Patterson Is Solid Choice Over Herring

STOCKHOLM, Sweden (AP) — Floyd Patterson, cautiously, carefully making his way along the long, long road back, is expected to take another step, a relatively easy one, tonight. "You had better be careful about any fighter," the two-time heavyweight champion said of his opponent, unranked Tod Herring of Houston Tex. "Every fight is a risk. But I am confident, of course."

Patterson, the only man to have won and lost the heavyweight championship twice, is heavily favored in this, his fifth fight since two humiliating one-round defeats by Sonny Liston. He has won them all, including two fights in Sweden, a country where he is enormously popular. His popularity dates back to his three fights with Sweden's Ingemar Johansson when he lost, regained and retained the championship.

In Sweden, the 6-foot New Yorker knocked out Italian Sante Amonti Jan. 6, 1964, 1964, then beat Eddie Machen in a 12-round match last July. He also has knocked out Charley Powell in San Juan and scored a decision over Canadian George Chuvalo in a February bout that sold out Madison Square Garden.

Patterson said he hopes to return to the United States in time to see the heavyweight title bout between current champion Cassius Clay and Liston in Lewiston, Maine May 25, a bout that could have a great deal of bearing on his next opponent. He said that if Clay wins, Patterson has been promised the next shot at the title.

Detroiters Profit From Horton Surge

By HAL BOCK Associated Press Sports Writer Two weeks ago Detroit's Willie Horton couldn't breathe. Now he's got American League pitchers gasping for air. The young outfielder, who underwent surgery for the removal of growths from his nose early this month, slammed two home runs and a double, driving in five runs Thursday night as the Tigers routed Washington 13-3.

Senators in the three games. "I've been feeling a little woozy because of my nose operation," Horton said. "But I've been drinking a lot of juice and I'll be strong again." Horton followed Al Kaline's two-run homer with a solo shot-off reliever Pete Richert in the second and then exploded a three-run blast against Jim Duckworth in the fourth. Willie doubled home another run in the sixth. Elsewhere in the AL, New York lost its ninth game in the last 12, 4-1 to Boston. Baltimore edged Cleveland 3-2, Los Angeles nipped Minnesota 4-3 in 10 innings and Chicago downed Kansas City 6-3.

Horton's hitting surge has given him five homers and 12 runs batted in for seven games following his operation. The Tigers' lousy hitting made Hank Aguirre's fourth victory without a loss easy. Aguirre permitted seven hits including a homer by Doug Camilli. Yankee Manager Johnny Keane hoped Whitey Ford could halt the Yankee slide but the veteran left-hander was tagged for a bases-loaded triple by Felix Mantilla in a four-run Boston third and Dave Morehead made the lead stand up. Morehead, who had lost three straight, fired a five-hitter as the eighth-place Yankee dipped below the .400 mark.

LOOKING 'EM OVER

With Tommy Hart

Don Robbins, the local high school football coach, sat in on the Texas Tech intra-squad football game last weekend at Lubbock and says opponents of the Red Raiders could hoist storm warnings this fall. Robbins was especially impressed with the all-around ability of the Raiders' linebackers, who didn't wait for trouble to come to them. Included in their ranks are Phil Tucker, a sophomore from Tulsa; Dennis Pratt, a 186-pound sophomore from Houston; Kenneth Gill, a junior weighing 198 pounds, from McKinney; and John Carroll, a 220-pound sophomore from Levittown, N.M.

Tim Smith, Big Spring, and Abilene's Bob Bearden started on defense for the Red team. Tim, it seems, got in his best lick when he ran across field to stop an end run by the opposition. The sound of the collision echoed around the stadium. Quarterback Tom Wilson, who has needed poise up to now, apparently developed it in a hurry. He threw very well and did a fine job of running his ball club, according to Robbins.

In addition to Smith and Bearden, other area boys on the Tech squad included Baxter Moore, Big Spring; Robert Hollman, Lamesa; Bill Herndon, Sweetwater; Andy Reed, Odessa High; John Porter, Lamesa; and Ron Pack, Odessa. The Raiders play seven home games this fall.

Gene Fulmer, the former world's middleweight boxing champion, will be the guest of honor when the La Mesa race track at Raton, N.M., opens tomorrow. Fulmer has a lively interest in quarter horses.

Quite probably, H.C.J.'s Steve Langham won't get to run in the National Junior College Track and Field meet at Garden City, Kansas, next week. He's been told that rest is the only thing that will cure his injured foot. Loss of defending national champion in the quarter mile would ruin the Hawks' chances of competing for the team title, since Langham is valuable to the local team in so many ways.

Langham has received an offer to attend the University of California at Berkeley but will probably pass it up. Coach Sam Bell of the Bears has written him several letters trying to get him to visit the school. Chances are Steve will attend a senior college closer to home. He resides in Dallas.

The Houston Astros will be on the baseball television national hookup for the first time May 22 — at which time the San Francisco Giants will be their guests. Game time is 12:25 instead of the regular 1:30 starting hour.

CBS got a critical reaction in the press for proposing a Santa Claus football bowl game and officials now say the network is out of the bowl business for good.

Fordham University returns to football on a limited basis this fall. The Rams will play at least five games. The school dropped the sport in 1954.

Bill Powell of South Plains Junior College didn't get that basketball coaching job at Eastern New Mexico University (Harry Miller of Fresno State did), so apparently will stay at South Plains.

New York Sprinter Inks Athletic Letter At HC

L. L. (Red) Lewis, track and field coach at Howard County Junior College, announced this morning he had signed Oliver Hunter of New Rochelle High School, New York, to an athletic letter of intent.

A shortage of sprinters hurt the Hawks seriously this spring, and almost cost them the Western Conference championship. Lewis, who is making plans to take his track team to the National Track and Field meet at Garden City, Kansas, is just starting his recruiting campaign for the 1966 track season.

Parent-Junior Meet Is Set

A Parent-Junior Golf tournament for members of the Big Spring Country Club will be staged at the course Saturday. Entry fee will be \$2.50 per team and trophies will go to first, second and third place tandems. Since the back nine is temporarily closed, entries will use the front nine only for play. Club officials are making plans to stage a junior invitational tournament later this year, perhaps during the early summer.

SCOTCH PLAY SET SUNDAY

Nine-hole scotch foursome play will be held Sunday at Big Spring Country Club for members only. Entry fee is \$1 and participants will draw for partners at 1:30 p.m. and tee off at 2 p.m.

In Texas after a day's fishing beer's the one... for good taste, good fun. Wherever you fish for sport... on the ocean, by the booming surf, or on some quiet country pond, it's great at the end of the day to head for a rewarding glass of beer. While you're talking over the ones that got away, or pan-frying the ones that didn't, you enjoy the hearty taste and cool refreshment only a glass of beer can give you so well. Yes, whatever your sport — bowling or strolling, golfing or gardening — a frosty glass of beer makes a naturally great accompaniment.

Randy Matson Coast Entry

LOS ANGELES (AP) — Amazing Randy Matson of shot-put fame and a brilliant array of college relay teams go into action tonight in the 25th annual Coliseum Relays. The 20-year-old Texas A&M sophomore is by all odds the main attraction, thanks to again shattering the listed and his own pending world record with a throw of 70 feet, 7 inches last Saturday. The 6-foot-6 1/2, 256-pound Texan thus became the first to crack the 70-foot barrier. And watching him tonight will be Parry O'Brien, the first to break the then "impossible" 60-foot barrier 11 years ago. Performing a week ago on the A&M field at College Station, Matson bettered the listed world mark of 67-10 held by Dallas Long on four of his six puts.

Replacement Sought For Impeached Sooner Justice

OKLAHOMA CITY, Okla. (AP) — Gov. Henry Bellmon began looking today for a replacement for a State Supreme Court justice found guilty of accepting bribery money and ousted from the office he held for 16 years.

"It is apparent," said the governor, "that it is past the time for reform in the method of the selection of our state officials. We will take immediate steps to fill the vacancy." The court is elected by the people.

Bellmon will appoint a justice to serve until the November

1966 general election. Justice Napoleon Bonaparte Johnson, 74, a Cherokee Indian, listened impassively Thursday as senators, sitting as a court of impeachment, answered the roll call on two bribery accusations. Johnson glanced frequently at tally sheets kept by his attorneys as the voting progressed.

The roll call followed three hours of private conference by the Senate.

"Two-thirds of this court having voted aye, I declare article one to be sustained and you are thereby under the Constitution and the statutes of Oklahoma found guilty and it is the judg-

ment of the court that you be removed from office as justice of the Supreme Court of Oklahoma," presiding Judge Roy Grantham told Johnson. The judge repeated the statement on the second count.

The vote on each count was 32-15, the bare minimum for conviction.

Johnson, a Democrat whose legal career spans three decades, would have completed his term January 1967. He was accused of taking a \$7,500 bribe in a 1957 Selected Investments Corp. tax appeal case and a \$2,500 payoff in a 1959 Oklahoma Co. vs. O'Neil oil lease case.

Terrible Loss On Carrier 'Ben' Recalled

WASHINGTON (AP) — Twenty years ago this month, the nation learned of one of its most grievous losses of World War II.

A terribly battered and burned aircraft carrier, the Franklin, arrived in New York harbor, under her own power, after a roundabout cruise from the Pacific, on May 17, 1945.

With the return to home port, the Navy disclosed that the Franklin, a huge Essex-class carrier, had been hit by Japanese bombs 60 miles off Japan the preceding March 19, and had been turned into an exploding ammunition dump.

724 LOST

In eight hours of hell, 724 men were lost. An additional 265 were wounded.

One of the Marine pilots aboard the "Big Ben" when the enemy bombs hit was Lt. Carroll K. Fought, who was listed on the official records as lost in action but actually survived and is now a government official.

But Fought was the only pilot in his ready room to live. He showed up at Mare Island, Calif., less one leg, some three months after the disaster.

Fought now is special assistant to the undersecretary of commerce and director of the office of emergency transportation.

FIGHTER SWEEP

Fought recalls that on the morning of March 19, 1945, the Franklin's aircraft and crews were preparing to launch a fighter sweep over Japan when an observation plane reported sighting the enemy battleship Yamato steaming out of the Bay of Japan.

Orders were changed. Big Ben's pilots were to get the Yamato. This meant a delay in takeoff to permit briefing of crews on new navigation information, and changing of the aircraft armament.

STILL ON DECK

As it happened, most of the Franklin's planes were still on the flight deck, loaded with bombs, rockets, torpedoes and machine-gun ammunition, when a lone Japanese dive bomber — streaked down through the early morning haze.

The Japanese plane dropped two armor-piercing 500-pound bombs. One hit near the forward elevator and the other on the aft part of the ship. Both sank deep into her before they exploded.

Fought recalls that the pilots of his squadron were in Ready Room 5, being briefed on the new mission, when the first bomb exploded on the deck directly below.

Former Premier Seeks Comeback

TEL AVIV, Israel (AP) — David Ben-Gurion, who resigned as premier in June 1963, says he is willing to resume the premiership at the expense of his fellow Mapai Labor party member and the present premier, Levi Eshkol.

Ben-Gurion said Thursday night he is willing to have his name at the head of the Mapai list in next November's national elections if so requested by the party.

LETTERS TO THE EDITOR

Reader Defends Liberty Of Texas Horned Toads

To the Editor: Horned toads are symbolic of Texas, West Texas in particular. God put the little creatures here for a purpose, all their characteristics are favorable and are merits to them.

They are harmless, make no noises, destroy nothing, require no feeding, no watering, and destroy all red ants and vermin under shrubs and plants. Their presence is an asset to anyone's flower beds or garden.

Australia has little Koala Bears and a strict law protects them against being caged up and they definitely cannot be sent out of the country. Such a law should be enacted here to protect the native horned toad.

Everything has been fine until suddenly war has been declared on the defenseless little creatures. Hordes of grownups and kids are marching in gangs through the streets and even invading private yards, armed with sticks, boxes and what have you, beating shrubs and plants in search of them.

Private property is private, and no one—and I mean no one—has the right to invade or step in without the owner's permission, to gather up anything. Anyone, grown-up or otherwise, who does comes under the same category as the common thief. Older ones should know better and younger ones should be taught to respect the rights of others. Anyone who picks up things on private property, while the owners are away, are thieves and would be just as liable to get a horse, cow, dog, cat or anything, if they thought they could dispose of it.

These mercenary people are getting 10 and 11 cents each for the toads and it's getting to be a lucrative business for the ones who buy them.

I have seen eight large boxes full, being shipped out of here to other states, in two days. At this rate they soon will be extinct here. They sell for a dollar and a half to three dollars in other states.

My property is strictly private, posted and with signs stating so, and I mean I'll defy anyone and I mean anyone to trespass here. I sincerely hope that a measure will be enacted by those who have the authority to do so, immediately. I have seen the so-called little families of these little toads playing in the flower beds and it is both interesting and educational to watch them.

A friend and admirer of "the horned toads."

Wayland Sets Graduation

PLAINVIEW — Commencement speakers for the 54th ceremonies at Wayland Baptist College will be Ben H. Wooten, Dallas banker, and Dr. W. E. Norman, Quannah pastor and Wayland trustee, according to President Roy C. McClung. Ceremonies are scheduled for 10 a.m., May 29, at First Baptist Church.

In the class are 88 qualifying for graduation in May and August.

Wooten, chairman of the board of directors of Dallas Federal Savings and Loan Association, is a director of the Baptist Foundation of Texas, and the annuity board of the Southern Baptist Convention and is chairman of the board of regents of North Texas State University. He has also served as chairman of the board of trustees of Baylor University Medical Center, and was president of the Federal Home Loan Bank of Little Rock, vice president of the Republic National Bank of Dallas, president of First National Bank of Dallas. Special honors have included being named Dallas' Top Salesman, and Dallas' Headliner, and given Horatio Alger Award by American Schools and Colleges Association.

Dr. Norman is pastor of First Baptist Church, Quannah, and has a long service as a Wayland trustee. He will deliver the baccalaureate challenge at Commencement.

Wayland seniors will be honored by President and Mrs. McClung with The President's Reception from 7 to 9 p.m., May 27, in the President's Home and by the Association of Former Students with the traditional Gold Key Dinner that inducts them into the alumni group at 7:30, May 28, at the invitation of Dr. W. Neil Record, executive secretary of the association.

Glittering Chryslers, Plymouths

BILL BROWN

Big Spring Chrysler and Plymouth models have curved glass side four lines, at 60 E. Ave. will show a group of the new 1965 models at the display of the automobile show here Saturday.

If they had the room and desired, the firm could show 51 different models the Chrysler-Mopar Corp. is offering this year. This may be the largest group of all major car manufacturers.

Leading the list will be the new Imperial, with four models including the LeBaron four-door, Crown Coupe two-door hardtop, Crown four-door hardtop, and convertible. New trim options for the Crown four-door hardtop include the new "wheat" vinyl interior. Other new innovations this year include walnut veneer in the FM transistorized radios, an optional electric door locking system, and many more.

The 1965 Chrysler will offer 17 models in three series—New Yorker, Sports 300L, and the Newport. Three new entries have been added to the line: a Newport four-door Town Sedan, a New Yorker two-door hardtop, and a New Yorker Town Sedan. Chrysler cars for 1965 are completely new automobiles with larger wheelbases, increased interior room, more powerful engines and improved riding comfort.

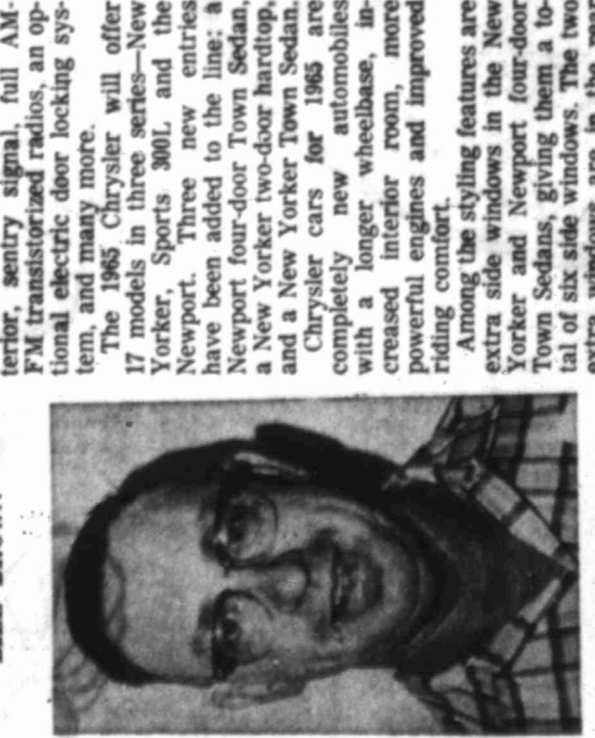

Among the styling features are extra side windows in the New Yorker and Newport four-door Town Sedans, giving them a total of six side windows. The two extra windows are in the rear roof quarter panels, providing

N. E. DIETZ

BARRACUDA SPORTS FASTBACK

CECIL WINEGEART

a distinctive styling appeal. All a record total of 60 models in 1965. The new line-up gives Plymouth a complete representation in the compact (Valiant), intermediate (Belvedere), low-price full-size car (Fury) and sports fastback (Barracuda), categories.

In the re-alignment of models, the Savoy series (eight models in 1964) has been dropped and the Belvedere series (eight also in 1964) has been expanded to 18 models.

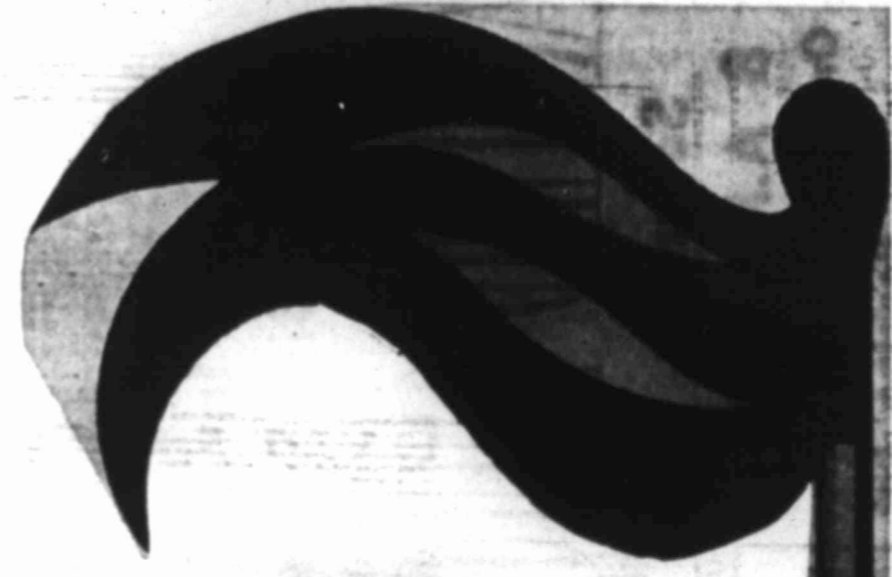

There will be 18 Valiants and two Barracuda Sport hardtops as last year. Two Satellite models, with bucket seats and center console, Chrysler-Plymouth sole as standard equipment, are added 14 models to its added at the top of the Belvedere line for 1965, making

Buick, Cadillac Show New Trend

Buick for 1965 shows the influence of the Riviera styling. R. E. McEwen, one of the designers of the McEwen Buick line, says that the Buick line has been gained both front and rear. There are many 1965 innovations in the Buick line, such as the new front suspension system used in the Riviera. When not in operation, the headlamps disappear behind the fender grilles. The Skylark and Electra series introduce "wall to wall" taillamps—a wide horizontal strip running the width of the car. LeSabre, Wildcat and Electra convertibles have a rear window that maintains clear vision. The top may be lowered with the glass in place. Buick markets 39 models in its 1965 line, including six in the Special and Special Deluxe series; four in the Skylark; seven in two-door models in the Wildcat and LeSabre series; seven Electra models; one Riviera model. In addition, there are two six-passenger and two nine-passenger versions of the new sport wagon, featuring the panoramic longer wheelbase, is less than an inch longer overall than its last year's counterpart. Yet it looks much longer due to its lengthened hood and front fenders, lowered roof lines and repositioned front wheels. All regular-sized models—Electra 225, Wildcat and LeSabre—have all-new, wider bod-

One of Buick's Striking 39 models this year is the popular Wildcat

3rd & Gregg

AM 4-8261

Dodge Dart

The 39 models in six-cylinder and V-8 engine equipment are offered in three series: Dart (formerly Dart 170), Dart 270 and Dart GT.

Roomier, Newly Styled Line Offered By Dodge

Jones Motor Co., 101 Gregg, of the 383-cubic-inch V-8, and facing structural strength. Fourteen exterior colors are offered for the public's inspection during the show.

The luxurious Custom 880 series line presents a complete selection of body styles, including the biggest station wagon Dodge has ever offered. A. J. Hoover, sales manager, said, "And the new Monaco is a sophisticated prestige car combining luxury, performance and comfort."

The model, although two and a half inches shorter over-all than the 1964 counterpart, appears more massive and has more front and rear seat headroom. Four-door models are available for the standard 880 ranging from the standard 383-cubic-inch V-8 to a 458-inch V-8. The standard Monaco power-plant is a four-barrel version

of the 383-cubic-inch V-8, and the 458-cubic-inch V-8 is available in the Monaco. The four-door models are offered in a new acrylic enamel finish that can be readily buffed back to its original brightness.

Fresh air ventilators, controlled by push-button knobs, built into the instrument panel, are available on the Monaco. The top of the instrument panel is finished in a non-reflective suede.

The standard Polara engine is a 383-inch V-8 with two-barrel carburetor to use regular gas. The automatic transmission is controlled by a lever mounted on the steering column.

A new-sized Coronet line, with 17 models, include the Coronet, Coronet 440, and sparty Coronet 500 series with a range of seven engines from a 225-hp V-8 six-cylinder to a 425-hp V-8 six-cylinder.

Customer to a 48-inch wheelbase. The 1965 Coronet line has four individual bucket seats separated by a full-length center console. The standard Monaco 383-cubic-inch engine develops 315 horsepower, and the options are the same 413-hp and 425-hp V-8's offered for the Custom 880 line.

A larger Dodge Polara, with significant increases in passenger space, and all-new styling emphasizes its greater length and width. A "silencing package" to promote a softer ride for better steering action and protection against body corrosion, and larger windows for greater visibility, have been built into Dodge's new 121-inch wheelbase models.

The six models in the Polara line are a four-door sedan and four-door hardtop, a convertible, and two four-door station wagons. Buyers have a choice of four engines ranging from a 383-cubic-inch V-8 with a two-barrel carburetor to a 458-inch V-8 with four-barrel carburetor.

The new car has higher door sills, more than an inch of additional seat room, a half an inch more rear and headroom, greater front and rear seat legroom, and more trunk and exit space.

Carved glass is installed in the side windows and the new roofs are thinner without sacri-

ficance. A new grille, headlamps, bumper and hood provide completely changed and improved front and rear appearance.

The beauty and luxury of the Pontiac interiors are highlighted by new colors, new instrument panels and new interior appointments. Thirteen of 15 exterior colors are new for 1965 and are color keyed to all the interior trim materials.

Air Conditioning Is Hottest Selling Option

The coolest car option, air-conditioning, is growing in popularity to such an extent that it is considered by many in the industry to be the hottest selling car accessory on the market.

Industry spokesmen are optimistic predicting that one out of every four new cars—1.8 million—will be ordered with air-conditioning in 1965.

This compares with 18 per cent factory installation, or home and work now are seeking factory installation, an all-time high. The present factory-installed rate now is average-

ing 25 per cent of new car production and the rate is expected to climb still further as the summer gets under way.

Over the past three years air-conditioning has almost doubled every three years from 4.5 per cent of car output in 1958 to 5.1 per cent of car output in 1963.

Pontiacs Offer A New Concept

With the new styling design, engineering advances, and the "big car" appearance of the Tempest, along with the new models, the 1965 Tempest line represents an even greater opportunity for the customer to find his choice of an automobile.

New Models, New Styling, New Colors

The combination of styling excellence and outstanding performance, which has vaulted Pontiac into one of the front runners in automobile sales, prevails in 1965. Sales for the first three months of 1965 surpassed the same period in 1964 by 36,546.

The Catalina models, the Grand Prix sports coupe, and all station wagons have a 121-inch wheelbase while the Star Chief and Bonneville models measure 124 inches (except the Bonneville Safari).

The over-all length of the Catalina and Grand Prix has been increased to 214.6 inches and the Star Chief and Bonneville models are 211.7 inches long. All Safari models measure 217.9 inches.

Pontiac's high selling Catalina series is available in seven models: two and four-door sedans, two and four-door hardtops, six- and nine-passenger station wagons, and a convertible.

The Star Chief series offers a four-door hardtop and a four-door sedan.

Bonneville buyers may choose between a sports coupe, a four-door hardtop, a six-passenger station wagon and a convertible.

All the body styles for 1965 are new. They all have the obvious appearance advantages of curved glass which allows the upper structure to better integrate with the lower, as part of the over-all car design. This is particularly evident on the sports coupe with its fast-flowing roof line. Curved glass also makes possible a more efficient use of space.

Pontiac offers a wide range of performance-proven V-8 engines and synchromesh or automatic transmission combinations. Engines in the 1965 models which range in horsepower from 258 to 374 horsepower. In addition to the three and four speed synchromesh transmissions, Pontiac offers a new Turbo Hydra-Matic transmission for 1965, optional in all models.

The 1965 Grand Prix sports coupe once again emerges as the flagship in Pontiac's fleet of newly-styled and engineered automobiles. Exclusive both in appearance and performance, the Grand Prix furthers its award-winning theme of sports car design, combined with luxurious appointments to make it unique in the prestige car field.

Pontiac's Tempest for 1965 presents new styling, including increased wheelbase, and new models for extended market coverage. The Tempest Custom series has added a two-door hardtop coupe and the LeMans series now has a four-door sedan available. There are 12 different models available in the three Tempest series. Both models are three inches longer than previous models, measuring 206 inches in over-all length. The wheelbase for all models is 115 inches.

New Oldsmobiles Proving Popular In This Area

The 1965 Oldsmobiles, according to Alvin Shroyer, owner of the Shroyer Motor Co., offer one of the best his company has ever produced. Shroyer has enjoyed in a long, long time, the greatest beauty, combined with the stamina and confidence in the long history of this Oldsmobile.

Shroyer should know. He has been selling Oldsmobiles for 31 years from the same location at 424 East 3rd. This year's Olds, he says, are

JUSTIN HOLMES

SONNY SHROYER

BARZIE FLETCHER

ESCOL B. COMPTON

proving to be highly popular in this area. The year has been one of the best his company has ever produced. Shroyer has enjoyed in a long, long time, the greatest beauty, combined with the stamina and confidence in the long history of this Oldsmobile.

This year Oldsmobile introduced a new, glamorous companion to the Dynamic 88, to be known as the Delta 88. This new Oldsmobile, along with the Dynamic 88's, Jetstar I, Starfires and 88's, is powered by Oldsmobile's recently developed 425 cubic inch Super Rocket engine teamed with the Turbo Hydra-Matic transmission for the performance in the division's history.

"Furthermore," Shroyer points out, "the completely new and roomier bodies of the 1965 Oldsmobiles include the Jetstar 88, which is restyled with curved side window glass and new rooflines in all models."

"Series identification in the entire 1965 Oldsmobile line is the F-85's on up to the 88's—all 22 models," Shroyer added, "is more pronounced than ever."

Engine displacement has been increased by eight per cent. Shroyer says, "The engine weight has been substantially reduced. Teamed with the new Turbo Hydra-Matic transmission, the performance of the 425 cubic inch Super Rocket is sensational. With horsepower ratings from 319 to 370, the new engine will greatly enhance the outstanding reputation Oldsmobile has already earned in the performance field. Alert, effortless response to even a slight increase in throttle opening is the most significant engineering advancement in our new cars and is immediately apparent to the driver."

He said the new transmission is equipped with a variable valve for alert performance at every driving speed and to eliminate part-throttle downshifts. It remains firm in the driver's downshifts for added safety in downhill braking.

An especially important change for the benefit of Oldsmobile customers, Shroyer feels, is the extra roominess built into 1965 Oldsmobiles for 1965. Most of the interior dimensions have been increased, with shoulder room for example, nearly four inches greater.

The design of these new cars allows increased luggage capacity in the trunk, an added 1.9 cubic feet.

A styling and comfort innovation for 1965 is a new split-back front seat with a large center arm rest—designed for those who like the sporty look of bucket seats. When the arm rest is raised, it provides the extra utility of a bench seat. The new type seat is standard on Delta 88 Holiday sedans and coupes and on the 88 Holiday Sports sedan, coupe and convertible.

In describing exterior styling features of the new Oldsmobiles, Shroyer pointed out the distinctive rooflines and other styling characteristics which differ between series and body styles. Oldsmobile's 88 models for 1965 are more elegantly luxurious than ever—the most distinctive cars in Oldsmobile's history. The 88's have their own roofs, rear quarters, bumpers, fenders and side styling motifs. The 88 Holiday Sports coupe,

A new grille, headlamps, bumper and hood provide completely changed and improved front end appearance. The rear end design is also new, including bumpers, tail lamps, and panel applique. Smoother, redesigned side molding treatment adds to the new look of the F-85's.

Interior, too, are new and different in both materials and design. Oldsmobile's 330 cubic inch Jetfire Rocket engines, the V-8's offered on all F-85 models and on the Jetstar 88, provide extra performance in 1965. Horsepower ratings range from 259 to 315.

LINCOLN CONTINENTAL
Classic four-door sedan.

Lincoln, Mercury In Classic Lines

Design and craftsmanship are the most extensive styling changes in the car's 28-year history. A clean, classic look to resemble the Lincoln is provided. Three series, Monterey, Montclair and Park Lane, are offered in 15 models. Six roof lines are included this year, including the Breakaway four-door sedan.

The Mercury's styling changes feature a dominating slim, blade-like front fenders and uncluttered side panels, similar to the Continental. Tail, vertical tail lights frame a wide, clean trunk lid. Engineering advances include changes in body frame, suspension and steering. Over-all height of the body is decreased, while interior floor space and height are increased. Standard in Mercury models is the 396-cubic-inch displacement V-8 engine. Horsepower line is three inches longer than in 1964.

COMET

Lots Of Fuel Used By Drivers

Before the middle of the year, American motorists will have paid \$90 billion in federal, state and local fuel taxes. It took almost 46 years to reach this amount. Before the war, the Petroleum Institute, but it will take only 14 years to double it at present tax rates.

Taxes now average 19 cents a gallon and the nation's daily tax bill is running better than \$100 million. Before the war, the tax on motor oil was 10 cents a gallon, but it is now 15 cents.

The first fuel tax in the nation was imposed by Oregon in 1895. It was a penny a gallon, but it has since increased to 15 cents.

The tax figure varies from state to state and in some areas nationally. The average gallon of regular grade gasoline sells for about 20 cents, exclusive of taxes. State gasoline taxes now average more than 10 cents a gallon.

The tax figure varies from state to state and in some areas nationally. The average gallon of regular grade gasoline sells for about 20 cents, exclusive of taxes. State gasoline taxes now average more than 10 cents a gallon.

Chevies Bristle With Features

Pollard Chevrolet Co., at 1501 E. 4th, has the all-new 1965 Chevies in stock and they will be on display at the auto show Saturday.

Chevrolet takes its longest stride into the fine car field with its 1965 passenger cars, offering the widest variety of luxury models and product features in its 54-year history.

There are all-new cars in two lines: The regular Chevrolet, long-time industry sales leader, moves to a new prestige platform with the greatest comfort and luxury ever offered.

The Corvair makes a dramatic advance with its first major styling change in five years. Customer approved design, with significant styling refinements, is also in the Chevrolet, Chevy II, and Corvair lines.

American car to provide four-wheel disc brakes as standard equipment. Among approximately 400 accessories and optional features available on 1965 Chevies is the first FM stereo system offered by an auto maker. Another is a telescoping steering column to give greater driving comfort for Corvairs and Capvettes.

The Caprice is an ultra-prestige option on the top-of-the-line Impala sport sedan, offered with any of Chevrolet's V-8 engines, including the new high efficiency Turbo-Jet 36. The four-door hardtop distinction exterior trim and a number of special body and chassis features.

The high-fashion interior features contour padded seats upholstered in rich cloth and expanded vinyl. There is a folding center armrest in the rear seat. Seat cushions, back rests and cloth door panels are all specially designed.

Fifteen models in four series stress a bigger car concept. The new Chevrolet is longer by more than three inches (to 213.1 inches), wider by 1/2 inch (to 72 inches) and has a wheelbase (to 114 inches) that is 1/2 inch longer than 1964 models.

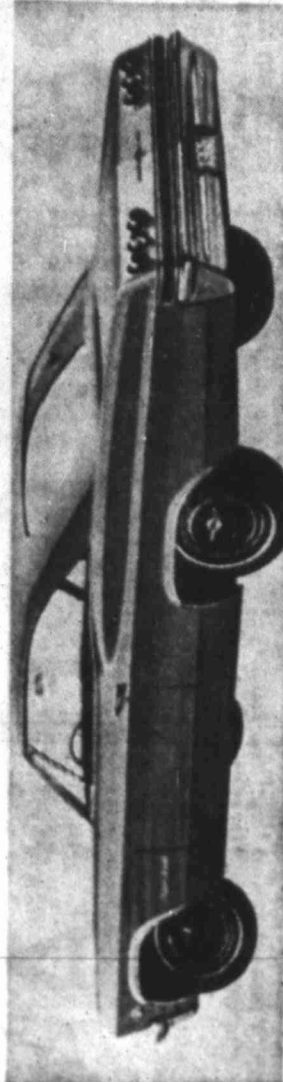

Interiors offer greater room—three inches more shoulder room—plus increased leg room, both front and rear. Floor tunnels are substantially smaller. The luggage compartment has a flat floor for easier loading.

For 1965, Corvair is longer, wider and lower while offering increased engine power. It retains its 108-inch wheelbase plus the air-cooled, rear-mounted engine and frame integral body which make it unique among American built cars.

Corvair has a wide lineup for 1965. The new models are either convertibles or two- and four-door hardtops. A new top-of-the-line series, the Corsair, is available in either convertible or sport coupe—replaces the Snyder model. The turbocharged engine, available only in Corsair models, is increased from 139 to 139 horsepower.

There is a smooth, international flavor to the new Corvair body which is longer by three inches (to 184.3 inches) than the 1964 Corvair and wider by more than two inches (to 68 inches) and slightly lower—the sport coupe height is 51.3 inches.

The front end slants slightly forward, retaining the "no grille" Corvair trademark (signifying a rear engine). Dual headlights are recessed. Front and rear decks taper gently

Don't Put On Racing Tires

Tire companies are being deluged by inquiries from motorists saying they want to put racing tires on sports cars or on souped up convertibles for everyday use.

Radios Go Into Most New Cars

Radio manufacturers would have to look for a large new outlet or to waste if auto manufacturers stopped putting radios in their new cars. In 1964, 44 per cent of all U.S. made radios were for auto use.

KEY FACTOR Resale Value Is Changeable

The resale value of an auto- and air-conditioning cost extra in the first place. It varies with the weather. It varies with the age and condition of the car. It varies with the time and place of the sale. The biggest percent- age decline comes in the first three years.

One popular model loses 14 per cent of its value in the first year, 38 per cent in the first two years and 45 per cent in the first three years. At the end of five years, it has gone down 67 per cent of its original value.

Within the framework of age, condition is important. A three-year-old car in what dealers call "cream-puff" shape (well-maintained, clean, undamaged) will bring a few dollars more than the same model in rough condition. But the difference is not as much as an ordinary two-year-old. Power equipment such as transmission, brakes, steering are bringing.

Station Wagons Losing Ground In Popularity

The station wagon, a fixture of American living that is utterly commonplace, is losing its popularity. About five years ago the station wagon accounted for about 15 per cent of all new-car sales in the United States. This compares with one per cent just after World War II.

The postwar trend to larger families, the increase in drive-in shopping centers, the movement of vacation and leisure time to some who have had the no-nonsense station wagon. Children, groceries, camping equipment, garden supplies — all could be easily carried in a spacious rear end, especially with its seats removed. And the tail gate made loading easy.

Studies have shown that, on the average, wagon owners have a higher income than owners of sedans, hardtops and convertibles. They are three years younger than other car-model owners and — to no one's surprise — tend to have twice as many children.

But the station wagon is more than a family vehicle. Sales- men carry samples of station-wagon accessories, including a simulator developed to date with a station wagon as a mobile computer and closed-circuit television, was developed by the Division of Accident Prevention of the United States Public Health Service and the Good Year Aerospace Corporation.

Conventional simulators project motion picture film on a screen in front of the driver to create the illusion of driving.

The new simulator at Good Year's Akron, Ohio, plant uses a television camera to project a road scene on a screen in front of the driver being used. The car is on a test track in a real car in which the steering wheel, gear shift, brake and accelerator operate normally. A battery of overhead lamps can produce intensities that duplicate daylight, overcast skies or darkness that stressed utility.

Device Helps Boost Safety

At first glance it looks like the world's most elaborate electric - miniature - car racing set, but upon closer inspection it turns out to be the most recent, most versatile and most complete automobile driving simulator developed to date.

The device, complete with computer and closed-circuit television, was developed by the Division of Accident Prevention of the United States Public Health Service and the Good Year Aerospace Corporation.

Conventional simulators project motion picture film on a screen in front of the driver to create the illusion of driving.

Odometers In New Cars More Accurate Than Ever

WASHINGTON — At nearly as much as 7 per cent, for example, experts attached a fifth gear to a rental agency would at wheel to the 48 cars to measure day an official of the Weights and Measures Bureau of San Diego. The autos were tested on city streets and highways and on wet and dry roads at various speeds and with various loads.

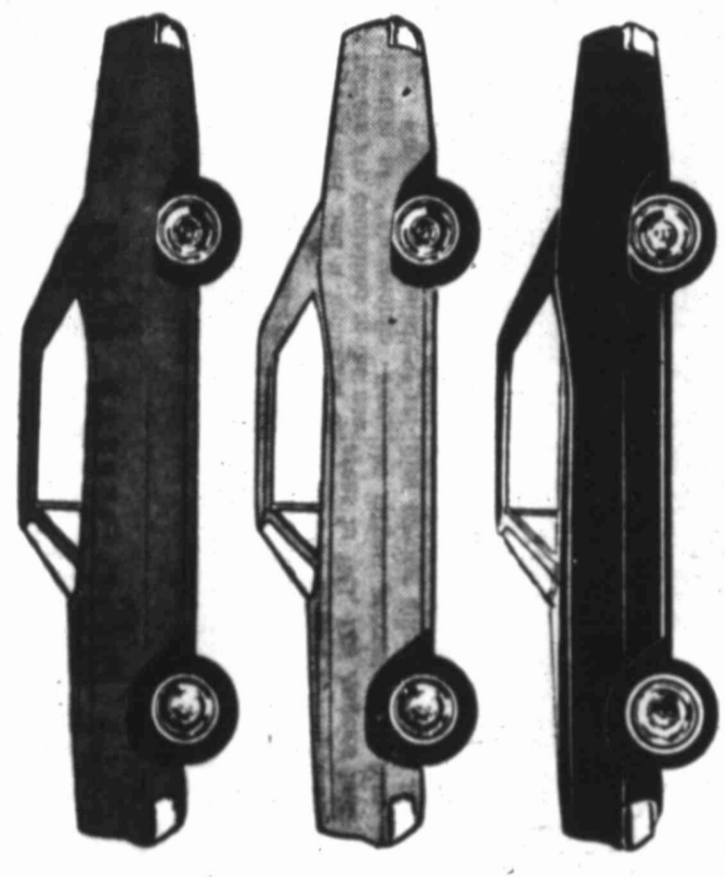

The Bureau of Standards, he said, found that the odometer on one of the 48 rental autos first tested off by as much as 7.25 per cent. Forty-seven of the 48 autos "over-registered" with an average error of 3.21 per cent. A latest test of automobiles from showrooms also reflected consistent average over- registration.

In any event, the hope now is that when the odometer in your 1965 car says you have traveled a mile, you have in fact traveled a mile, no more, no less.

Mercury

The Park Lane four-door hardtop is one of the Mercury series for 1965 that includes the Monterey and Montclair models, in addition to the Park Lane. The Mercury features a distinctive styling innovation providing a classic appearance for this year's models.

Oldsmobile

The beautiful 1965 Oldsmobile Starfire Coupe is a completely new car with a distinctive appearance. The Starfire is a popular in this area, offering new styling with increased roominess and attractive styling improvements.

Ford

The Galaxie 500 LTD is the star of the popular Ford Galaxie series of 1965 models, emphasizing straight-through lines with horizontally-designed fender styling. Interior design emphasizes a luxury car styling in keeping with the clean, modern sculpturing in the Galaxie's lines.

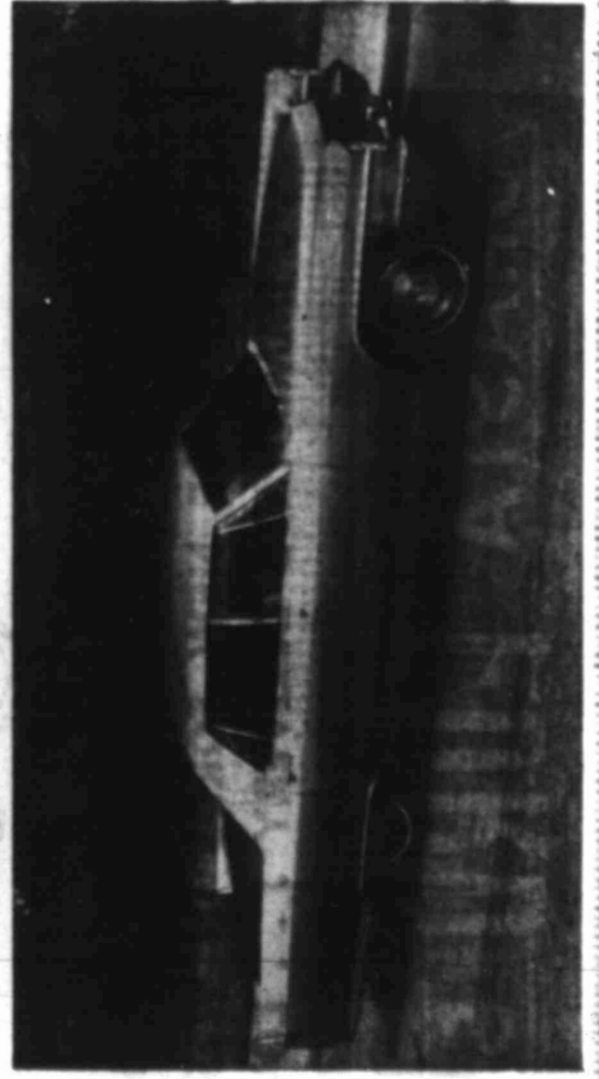

Plymouth

The Fury for 1965 features a new, bigger car. Emphasis in this year's Fury is on a high performance, smooth running car with the crisp, modern appearance in exterior styling and comfortable interior decor.

Rambler

The Ambassador Sedan is one of the 1965 models produced by American Motors, emphasizing an intermediate-sized car with economy as well as performance. The popular models include the Classic series as well as the compact-sized American.

Cadillac

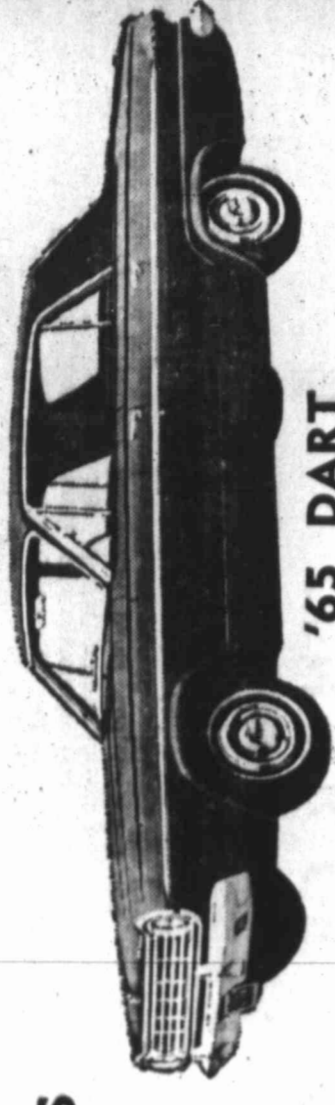

Again emphasizing its classic appearance with luxury car styling and clean, modern lines, the 1965 Cadillac continues to carry the beautiful sculpture and decor found in the models. This year's Cadillac includes more changes than ever before in the car's history.

Crisp Styling For Complete Ford Line

A crisp styling look with vertical-mounted dual headlights and modernistic tail-lights features the 1965 Ford line displayed at Shasta Ford Sales.

Ford Motor Company's 1965 lineup presents the Thunderbird, Ford, Fairlane, Mustang and Falcon.

The 17 models in the Ford line include the Ford Custom, Custom 500, Galaxie 500, Galaxie 500 XL and Galaxie 500 LTD. The side styling of the models features straight-through lines emphasized by a sharp, full-length fender line from front to rear.

Five new and distinctive roof lines were developed for two-door and four-door hardtops, sedans, convertibles and station wagons. Low profile tires are designed for better traction and handling as well as longer tire life and better brake performance. The LTD line features interior simulated wood paneling for a luxury car decor.

The standard engine for the 1965 Ford models, except for XL and LTD lines, is the new 240-cubic inch six. The 289-cubic-inch 2-venturi V-8 is standard on XL and LTD models. Optional 32 and 306-cubic inch 4-venturi V-8 engines, at 250 and 300 horsepower, are featured, in addition to the high-performance 427-cubic inch V-8 with 425 horsepower.

The new Ford suspension combines a unit-structure steel body with a torque box frame and coil springs front and rear. Another new feature in the 1965 Ford are keys designed to fit the locks either side up.

Beginning the second decade as a classic luxury car, the Thunderbird for 1965 offers a series of new features, such as front disc brakes, sequential turn signals, keyless locking system and reversible keys. New exterior trim and ornamentation and a luxury interior are part of the 1965 line.

Standard equipment includes a 390-cubic inch engine, power steering, power brakes and swing-away steering wheel. The

absence of hood locks on new cars in recent years has caused the protective device to become almost as extinct as the horse and carriage. It has also led to a spiraling rise of battery thefts throughout the country.

Car owners who park their cars overnight on the street are especially apprehensive. In many cases, such motorists discover that batteries, generators or other under-the-hood equipment has been stolen.

For a number of years American car makers installed the hood locks, which were controlled by a lever below the dashboard. Hood locks are available now in accessory stores, but they do not always fit all models.

Some motorists have resorted to using chains with a padlock to discourage theft.

three Thunderbird models are con for 1965. All-new interior trim styles, new low-profile lines and a horizontally-lined grille giving a wider, lower appearance, are among features. The popular Mustang for 1965 is offered in the hardtop, convertible and fastback models. The new Mustang fastback features a forward thrust of the hood, the Futura series of the Falcon includes two and four-door sedans, two-door hardtop, convertible and four-door station wagon models.

An intermediate-sized car offering a combination of roominess and easy-to-drive size is the 1965 Fairlane. Suspension redesign and a new standard 200-cubic-inch six engine are among the Fairlane features. A wider, more substantial look and clean-flowing lines are of improved performance are high and clear-flowing lines are of the re-styled Ford Fairlane in the Fairlane this year.
