Readiness Aim For Reserves

WASHINGTON (AP) — Certain selected units of the National Guard and Reserve will be brought to peak readiness in the months ahead, officials said today.

This was evidence that a call-up of Reserve forces remains a strong possibility for the future, even if President Johnson has decided against such a course for the present.

In effect, the Pentagon will be creating a super-ready Reserve that will have the highest priority.

ADDED TRAINING

Units so tapped likely will be given additional weekend training, will get new clothing supplies, new spare parts for their equipment and possibly additional gear from stockpiles and lower priority units.

They would be the first to go into federal service and, officials hope, would be in the best possible shape to meet their deployment objectives — eight to twelve weeks after muster in the case of priority Army guard and Army reserve units.

It was indicated that two or three first-line National Guard infantry divisions may be chosen for the special training.

There are four such divisions — the 26th of Massachusetts, the 28th of Pennsylvania, the 42nd of New York and the 30th of North Carolina.

PRIORITY BRIGADES

Some of the eight priority infantry brigades in the Army guard and reserve also may be selected to undergo increased readiness preparations.

These eight are the 157th of Pennsylvania, the 187th of Massachusetts, the 191st of Montana and the 205th of Minnesota, all in the Reserve; the 29th of Hawaii, the 69th of Kansas, the 92nd of Puerto Rico and the 258th of Arizona, Virginia and Missouri, all in the guard.

Certain lesser supporting units also may be included.

Elements of the Air National Guard and the Air Reserve may be given additional attention to sharpen their readiness.

It is known that officials of the National Guard Bureau have proposed keeping Air Guard squadrons out of federal service until the 11th hour on grounds they are already in such shape that they can be used in less than 30 days from mobilization.

NEAR CEILINGS

Most priority units are very close to their manpower ceilings which represent 80 per cent of

New Peace Drive Eyed

WASHINGTON (AP) — Diplomats representing unaligned nations in Washington are quietly spreading word that their governments are planning a new peace offensive to end the Viet Nam war.

An earlier attempt of the neutrals was spurned by the Communists last April when they rejected a 17-nation appeal for peace talks. The appeal said the neutrals were convinced "the only way leading to the termination of the conflict consists in seeking a peaceful solution through negotiations."

Heads of state who signed the appeal March 15 in Belgrade feel the time has come to make a second approach, the diplomats are saying.

This time no public appeal to the two sides is planned, the envoys said. They believe a more quiet approach, through both regular diplomatic channels and special emissaries could be more fruitful.

Apportionment Vote Possible

WASHINGTON (AP) — A constitutional amendment to allow states latitude in apportioning one house of their legislatures may come up for a vote next week in the Senate.

Backers and opponents have been seeking votes since Republican leader Everett M. Dirksen of Illinois brought up the measure a week ago. Aimed at the Supreme Court's one-man, one-vote decision that legislative apportionment must be based on population, the proposed amendment would allow consideration of other factors in apportioning one house.

Small Craft Warned On Texas Coast

By The Associated Press

Unsettled weather lingered along the Texas coast today, and the Weather Bureau warned small craft not to venture into the Gulf of Mexico.

Skies were clear to partly cloudy over the rest of the state and temperatures stayed a bit more comfortable at many points for the second day in a row.

SQUALLS HINTED

Weather Bureau observers reported a weak trough of low pressure had drifted into the northwest part of the Gulf, bringing a promise of occasional squalls with winds up to 35 miles per hour.

Thunderstorms disappeared after ranging from parts of Northwest Texas to the coast Thursday.

HEAVY RAIN

Hard downpours on the Pecos River watershed, centering around Red Bluff Reservoir, sent water lapping over US 285 for several hours near Mentone and Orla in West Texas. Lightning set fire to an oil well 14 miles north of Fort Stockton.

Forecasts called for occasional showers again by evening in South and extreme West Texas.

Stock Market Led By Rails In Nice Gain

NEW YORK (AP) — Rails paced the stock market to a substantial gain in fairly active trading early this afternoon.

Motors, steels, chemicals, electrical equipments, oils and nonferrous metals went along.

Gains of fractions to around a point predominated among key stocks.

The rails were bought on prospects of increased military traffic and the market as a whole responded to reports of record second-quarter earnings and a fading of the threat of a recession.

Airlines continued to move lower on balance because of the government suggestion that they might lower fares or raise services.

Aerospace issues were mixed, showing partial recovery from recent profit taking.

The Associated Press average of 60 stocks at noon was up 2.4 at 325.4 with industrials up 2.8, rails up 2.5 and utilities up .6.

The Dow Jones industrial average at noon was up 5.22 at 879.55.

Johnson And Truman In Medicare Signing

HST Championed Bill's Forerunner

WASHINGTON (AP) — President Johnson packs up the historic health care bill today and flies to Missouri to sign it into law with former President Harry S. Truman at his side.

Truman championed a similar proposal 20 years ago as part of a five-point health program. It

included compulsory national health insurance, expansion of Public Health services and federal aid to medical schools and research. All except the health insurance plan were passed.

SS INCREASE

As approved finally by Congress earlier this week, the 133-page measure Johnson will sign includes hospital care under Social Security for the elderly, a low-cost optional plan to pay doctors' bills for old people and an across-the-board raise in Social Security benefits. Increased Social Security taxes will pay for most of the program.

Johnson was to fly to Kansas City and then drive to the Truman Library at Independence for the signing ceremony. After the bill signing in the library's auditorium, Johnson and Truman planned to confer privately.

A number of congressmen were to accompany Johnson.

VEEP GOING

The Kansas City Star said Thursday night it had learned that Vice President Hubert H. Humphrey also would attend the ceremony, flying to Kansas City in a separate plane. The White House declined to confirm this, the Star said.

From Independence, Johnson will go on to his Texas ranch to spend the weekend, the White House announced today.

In announcing the President's trip, the White House said Thursday Johnson "has been wanting for some time to visit personally with President Truman" and now has the opportunity.

On Nov. 19, 1945, less than three months after the end of World War II, Truman sent Congress a special message on national health needs.

"We are a rich nation and can afford many things," he said, "but ill health which can be prevented or cured is one thing we cannot afford."

THE CORNERSTONE

The cornerstone of this program was a compulsory national health insurance program to cover medical, hospital, nursing and laboratory service plus dental costs as fully as possible. It was not restricted to persons 65 or older, as is the newly enacted program.

"I believe that all persons who work for a living and their dependents should be covered under such an insurance plan," Truman said.

Much of the Truman proposal was embodied in the Wagner-Murray-Dingell bill that was killed the following year.

U.S. Consulate Attacked By Indonesian Mob

JAKARTA, Indonesia (AP) — About 1,000 young Indonesians belonging to the Communist-dominated Youth Front stoned the American consulate at Medan, in north Sumatra, today and broke almost all the windows in the two-story building.

An American Embassy spokesman here said a report received from American Consul Theodore C. Heavner said the demonstrators smashed the gate of the fence around the consulate building and invaded the grounds.

The report said Heavner shut the iron grille of the building's front door and the demonstrators shook it but made no attempt to enter the consulate.

The spokesman here said Heavner, three American vice consuls and about 15 Indonesian employees were in the building at the time of the demonstration but no one was hurt.

President Will Head For Ranch

WASHINGTON (AP) — President Johnson plans to spend this weekend at his Texas ranch, the White House said today.

Press secretary Bill D. Moyers said Johnson will go to Texas after visiting former President Harry S. Truman in Independence, Mo., later today, after a ceremonial signing of the health care bill.

Returning Home

Maxwell Taylor, U.S. ambassador to South Viet Nam, waves from ramp of a plane at Saigon airport today as he left for home after his one-year assignment in southeast Asia. His successor, Henry Cabot

Raid By Cong Inflicts Heavy Viet Casualties

SAIGON, South Viet Nam (AP) — A Viet Cong force attacked a government training center 75 miles southwest of Saigon today and inflicted heavy casualties, a U.S. military spokesman announced.

An estimated 125 to 500 guerrillas hit the Tan An regional force training center with 57mm recoilless rifles and machine guns, the spokesman said.

The Viet Cong sent a suicide demolition team to blow up an ammunition dump at the center but the guerrillas didn't reach the dump, the spokesman reported.

DEMOLISH BRIDGE
Communist casualties, if any, were not reported.

In a related incident, the spokesman said the Viet Cong blew up a bridge between Tan An and Cao Lanh and harassed Cao Lanh with five rounds of 60mm mortar fire and small arms fire. A woman and two children were reported wounded.

Militiamen were sent to the area but no contact with the Viet Cong was reported.

Communist guerrillas also shelled the district headquarters of Nghia Hanh, 85 miles south of Da Nang. Government casualties were termed "very light."

SWEEP OPERATION
Several thousand men of the U.S. 173rd Airborne Brigade continued a sweep operation 35 miles southeast of Saigon but for the second day no significant contact with the Viet Cong was reported.

The spokesman said one guerrilla was found dead and another wounded. He speculated that the casualties might have been victims of a Okinawa-based B52 bombers that hit the area Thursday.

CONG DISGUISED
Military informants quoted

PHOENIX, Ariz. (AP) — Former Sen. Barry Goldwater was reported resting well after undergoing neck surgery.

A spokesman at St. Joseph's Hospital said Goldwater had some discomfort but that was expected. The operation Wednesday was to relieve chronic back pains from vertebrae pressure on a nerve.

intelligence reports say saying that 100 Viet Cong disguised as Buddhist monks gathered in a mountainous area near the operational area. Artillery fire was turned on the area but there were no reports that the target was hit.

An air strike in a nearby area Tuesday hit a Buddhist pagoda and 24 monks were wounded.

U.S. and Vietnamese planes continued to hammer suspected Viet Cong concentrations in South Viet Nam, U.S. military spokesmen reported.

Police Officials Convicted Of Civil Contempt

NEW ORLEANS (AP) — A federal judge ponders today what action to take against Bogalusa police officials convicted of civil contempt for ignoring attacks on civil rights pickets.

U. S. Asst. Atty. Gen. John Doar and lawyers for the Congress of Racial Equality drew up a list of sanctions for submission to Dist. Judge Herbert Christenberry.

FOUND GUILTY

The two top police officials of the southeast Louisiana city, Chief Claxton Knight and Safety Commissioner Arnold Spiers, were found guilty Thursday of ignoring an injunction issued by Judge Christenberry July 10.

The injunction directed police to protect legal civil rights demonstrators.

A rookie Bogalusa policeman, Donald Penton, also was convicted of civil contempt for standing by while a barber hosed water on two white pickets at a shopping center about a block from police headquarters.

John Martzell, attorney for Knight and Spiers, said he had no idea what the sanctions might involve. He added, however, that Doar may have indicated his position in arguments at the conclusion of evidence presented Thursday.

SCORES OFFICIALS

Doar criticized officials for what they did not do to maintain order, contending that Bogalusa's police force needs a communications network, an inspection system whereby Knight and Spiers can see what is being done, a system of discipline, and an efficient system of communication with state police.

Knight, Spiers and Penton also will face criminal contempt charges in connection with Christenberry's order later this year.

Multiple Births Linked To Drug

LONDON (AP) — Women in at least five countries are reported to have become pregnant after taking a fertility drug used by two women who gave birth to quintuplets this week.

Multiple births appear likely in a number of the cases.

Four of the five quintuplets born Thursday to a Swedish woman died within a few hours.

The survivor was a girl. The Swedish quint was 11 weeks premature and weighed between 2 pounds and 2 pounds 10 ounces. The mother's identity has not been announced.

QUINTS "FINE"

The boy and four girls born three days ago to Mrs. Samuel Lawson in Auckland, New Zealand, were reported "just fine" today. They were seven weeks premature and weighed between 3 pounds 3 ounces and 4 pounds 3 ounces.

Both women had been given a pituitary hormone extract developed in Sweden and known in some countries as Gonadotrophin. Injected into the bloodstream, it aids some infertile women who normally are unable to produce an egg cell.

Several New Zealand women are pregnant after taking the treatment. Some have been told they may have more than one baby. But their doctors at National Women's Hospital do not expect more than triplets.

HINTS FROM HELOISE

Clear Complexions Need Clean Puffs

How long since you washed your powder puff?

I can bet it has been weeks — and most often — months and months.

DON'T do this! Our complexion is something that we cannot buy, and we'll regret not taking care of it as the years roll on.

And they will! The years, that is.

Powder puffs accumulate bacteria and soil from daily living, and just air that falls on our faces.

Each time we powder our faces, we smear the foundation creams, and spread the powder deep into our pores.

I have been to a cosmetologist meeting and learned that this helps make us old and haggard looking.

Half of our complexion problems are our own fault. Bless

nature and Father Time for the other half!

WASH that puff. Throw it in with your laundry each week when you wash those bath towels. Dry it on the sink if you have no dryer.

Those of you who use the rubber-type puffs with cake make up day after day, remember this also. Wash these at least once a week with a good suds, and rinse 'em in some vinegar water. Saves your skin.

Don't smear soil back into your skin — you can't buy a new face like you can a wash-and-wear blouse or a new powder puff, gals. . . . Heloise

Dear Heloise:

Just try adding some chunky peanut butter to your chocolate sauce next time. It is especially good over cream puffs or with ice cream. . . . B. Bain

LETTER OF LAUGHTER

Dear Heloise: If you find out how to get blue detergent spots off washers, let me know. Otherwise, you may give my postage stamp to your favorite charity or the Society for the Prevention of Drudgery to Housewives and Households. . . . Liz G.

Dear Heloise:

Instead of a quilted pad in my baby's crib, I use a large, heavy bath towel. It is very absorbent, soft, does not mat or lump, and is easy to launder. Beach towels are nice in regular sized cribs. . . . Jean Arkless

Dear Heloise:

Shower curtain dingy and dis-

colored after using a long time?

Buy a good shower curtain, hang on same hooks as old one, leaving new curtain hanging on the outside of the tub.

Or, buy an inexpensive one for inside tub and a more expensive, pretty one for hanging on the outside. The one you want company to see remains in perfect condition. . . . Dr. Daniel D. Goetz

Dear Heloise:

If you have a leg on a piece of furniture which needs raising to balance it, try putting a garden hose washer under the short leg.

The hose washer will not slip or show as much as a piece of paper. . . . Effie

Dear Heloise:

The new plastic covers for coffee containers are wonderful to use for small flower pots. They can be dressed up by placing colored paper or foil between two covers. This also helps keep them from sweating.

Best of all, these plastic covers won't scratch surfaces. . . . Mrs. J. R. N.

Floyd Kennedys Move To Knott

KNOTT (SC) — Floyd Kennedy has accepted the position as ginster at the Farmer's Co-Op Gin. He has moved his family into the house provided by the company.

Mr. and Mrs. David Davidson were in Crosbyton Tuesday to attend the funeral service of her grandfather, C. L. Dyer.

O. B. Nichols is a patient in Cowper Clinic and Hospital.

Mrs. J. I. White has returned to her home after receiving treatment in a Big Spring hospital.

Mr. and Mrs. E. C. Airhart visited Mr. and Mrs. Ben Ellett in Westbrook Monday afternoon.

League Decorates New Class Rooms

Making curtains for the new nursery and primary Sunday school class rooms was the project undertaken during the Wednesday afternoon meeting of the Ladies Home League of the Salvation Army.

The 12 members met at the Citadel with Mrs. William Thomas presiding. Mrs. Jimmy Moore presented the devotion.

Plans were made to serve refreshments for the vacation Bible school which will be Aug. 24.

Area Houseguests

WESTBROOK (SC) — Mr. and Mrs. J. T. Grimes and Paula, Fort Worth, were Wednesday guests in the C. M. Alvis home.

Marriage Told By Lamesans

LAMESA (SC) — Mr. and Mrs. W. Warren announce the marriage of their daughter, Anne, to Joe Phillip McElhane, son of Mr. and Mrs. Houston Phillip McElhane, of Corpus Christi.

The couple was married July 24th in Matamoros, Mexico. Both are in the junior class at Texas University. Mrs. McElhane attended summer sessions at Texas Tech and the University of Colorado. McElhane is a member of Alpha Tau Omega Fraternity.

They will be at home this summer in Corpus Christi where the bridegroom is employed, but will return to Austin in the fall where both will resume their studies at Texas University.

See Festival In Fort Stockton

COAHOMA (SC) — Recent visitors in the Perry Moring home have been their son and family. Mr. and Mrs. Jim Moring and son, Bruce, from Pampa. Mr. and Mrs. Perry Moring accompanied the Jim Morings to Fort Stockton to attend a water festival. The Perry Morings' other son, Joe, was in charge of the festival. Teresa Ann Moring returned for a visit with her grandparents.

Mr. and Mrs. Grady Tindol and boys were home for the weekend from Alpine.

Mrs. Johnny Zitterkoff is a patient at the Malone and Hogan Hospital Foundation following surgery Tuesday morning.

Visiting in the L. E. Smith home is their granddaughter, Charlotte Pollock, Odessa.

Party Honors Miss Peters

Miss Suzanne Peters was the honoree for a dinner and lingerie shower held Thursday evening at 7 o'clock at the home of Mrs. Jack Cook, 1706 Harvard.

Hostesses were Mrs. Cook and her daughter, Sue, Mrs. R. R. McEwen and her daughter.

Cadettes To Camp Out

Six members of Girl Scout Cadette Troop 378 and three adult sponsors left today for the Sonora area where they will tour the caverns this weekend.

Making the trip are Janette Allison, Halena Wozencraft, Nancy Fuller, Colleen Parmenter, Corky Grantham and Becky Bright. Adults traveling with the girls are Mrs. C. M. Wozencraft, Mrs. Mamie Lee Dodds and Mrs. Travis Fuller. Guests will be C. M. and Betsy Wozencraft.

The Scouts will have a chance to practice campcraft when they stay overnight near the caverns. They plan to return Sunday afternoon.

ter, Dianne, and Mrs. Tommy Hutto and her daughter, Tommie Lou.

Miss Peters, daughter of Mr. and Mrs. Eugene Peters is engaged to be married to Dick Carlton, son of Mr. and Mrs. Travis Carlton. The couple plans a Sept. 3 wedding in the First Presbyterian Church.

Honored guests were mothers of the couple and the prospective bridegroom's grandmother, Mrs. Ruby Rowe.

The honoree's chosen colors of pink and white were carried out in table decorations on the patio. Guests were seated at quartet tables covered with white linen and centered with hurricane lamps holding pink candles. Accenting the buffet table was a bouquet of pink and white carnations.

Twenty-four attended, and the hostesses presented Miss Peters with an electric coffee maker.

Nomination Of Fortas Rapped By Republicans

WASHINGTON (AP) — President Johnson's nomination of Abe Fortas, his old friend and adviser, to the Supreme Court has come under fire from some Republican members of Congress.

There was some criticism on both sides of the Capitol Thursday, along with the announcement that the Senate Judiciary Committee's hearing on the nomination will be postponed a week, until Aug. 12.

However, it did not appear that the criticism posed any serious threat to the confirmation of Fortas, a Washington lawyer whose background includes service in President Franklin D. Roosevelt's New Deal. Acting Chairman John L. McClellan, D-Ark., said the resetting of the hearing was at Fortas's request.

JENKINS CASE

Rep. Durward G. Hall, R-Mo., cited in the House Thursday an article in Esquire magazine which, he said, depicted Fortas as trying to suppress the story about the arrest last fall of Walter Jenkins, then a top White House aide, on morals charges.

Rep. H. R. Gross, R-Iowa, backed Hall, saying Fortas "did everything in his power to kill the story."

Hall told the House that "there is a serious question whether Mr. Fortas will be able to exercise independence because of his intimate ties with the President and because he has been a quiet participant in some of the more dubious transactions involving the Johnson administration."

He said Fortas had served as counsel for Bobby Baker, former Senate majority secretary whose business affairs came under congressional scrutiny. Hall also cited reports that Fortas had supervised establishment of a trust to administer the President's radio and television properties.

HELD INCONCEIVABLE

Gross called the naming of Fortas to the Supreme Court inconceivable.

The House does not vote on confirmation of presidential appointments.

Sen. John J. Williams, R-Del., said, "It is with regret that I must announce that I am not able to support the President in this instance."

Williams said in a statement Johnson could have made a far wiser choice.

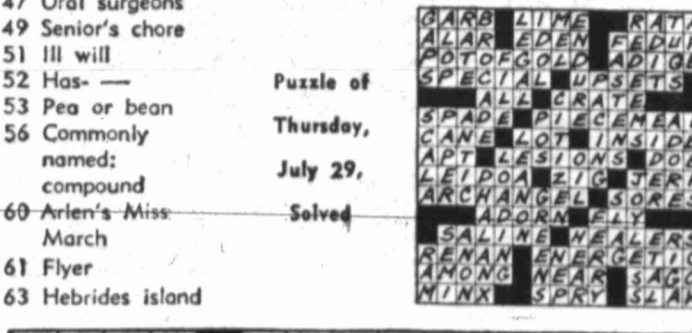

"INNER CIRCLE"

"Contrary to the President's claim that he had looked all over America to find the best qualified man for the job, it is quite obvious that he did not look far beyond his inner circle of friends," Williams said.

Fortas was defended in the House by Reps. George W. Gilder, D-Tenn., and Ed Edmondson, D-Okla., who praised his talents and integrity and said magazine articles were not the best source of information for the House in such matters.

Freight Train Derails Twice

VICTORIA, Tex. (AP) — A Southern Pacific freight train was derailed twice within two miles.

Its caboose and seven of the 48 cars jumped the track 9 miles north of here.

The engine and remaining cars followed suit as they continued toward Victoria.

A railroad spokesman said a

kink in the rails probably was to blame.

The train, bound for Port Lavaca and Aransas Pass, was hauling granite blocks, some weighing as much as 37,000 pounds.

Jersey Demos Push Registration

TRENTON, N.J. (AP) — The New Jersey Democratic party hopes to register a record number of voters for the November general election, says the Democratic State Committee.

The committee said its objective is to top the 1961 gubernatorial election total of 3,013,000 registered voters and "to approach the record total of the 1964 presidential election of 3,253,000."

Poultry Plant Loan Fought

WASHINGTON (AP) — Representatives of the nation's poultry broiler industry, confronted by possible overexpansion and depressed prices, sought today to head off a government loan

for establishing a new big production area in Pennsylvania.

An application for a \$2.5 million loan to help set up a processing plant at New Castle, Pa., is pending before the Area Redevelopment Administration.

Groups in established broiler areas of the mid-Atlantic and Southeastern states, along with some members of Congress, are urging that the application be turned down.

The ARA submitted the loan application to the Agriculture Department for possible guidance. The latter made a report without recommendations.

The department itself said in an economic report on the nation's poultry and egg situation last week that overproduction in broilers already exists and prices late this year and next could be very low.

Opponents of the loan application contend this is not the time to encourage more production. They say additional output could put further financial burdens on the government under programs authorizing the buying of surplus food products to help improve producer prices.

Robert Welch Foundation's Gifts \$3 Million

HOUSTON, Tex. (AP) — The Robert A. Welch Foundation granted \$3 million today to establish chairs for chemical research at Baylor University, Texas Technological College and the University of Houston. Each will receive \$1 million.

Daniel R. Bullard, foundation president, said the gift of the \$1 million endowment to each school will support a professor's salary and research expenses. The foundation now has approved \$18.4 million in grants to encourage fundamental chemical research within Texas.

The foundation was established in the will of the late Robert A. Welch, Houston bachelor who died in 1952 at the age of 82.

PRESBYOPIA...

is the inability of the eyes to focus at close range. It usually occurs in persons of middle age, increasing in severity as the years go by. Presbyopia if present, is diagnosed in the professional eye examination by a TSO Doctor of Optometry, and vision is corrected with properly prescribed and fitted glasses or contact lenses. Also, at TSO, the eyes are examined internally for evidence of disease or defect such as glaucoma or cataract. ■ The fee for TSO eye care, including the examination, finest quality single vision lenses, and frame, is as low as \$14.85. With finest quality bifocal lenses, the fee is as low as \$17.85. Single vision contact lenses, including the examination and fittings, are just \$65. Bifocal contact lenses are also available at reasonable cost. If desired, there is a convenient credit plan at no additional cost.

Keep An Eye Peeled

Communist diplomatic personnel in the United States pose "a dangerous threat" to the security of the United States, J. Edgar Hoover, director of the Federal Bureau of Investigation, stated in his annual report issued recently.

The great majority of the Communist bloc official personnel stationed in the U. S. "protected by the privilege of diplomatic immunity have engaged in intelligence assignments and are a dangerous threat to the security of the United States," Hoover said.

The warning is appropriate, but Hoover would likely be the first to concede that very little can be done about the situation.

For uncounted centuries diplomats stationed in foreign countries have been the eyes and ears of their government. The polite fiction is maintained that embassy and consular officials merely provide useful, prompt contact between the two countries. They do serve to smooth relations between countries, but their most important assignment has been, and will

remain, the gathering of intelligence. Ambassadors periodically report to their governments on such broad questions as political and economic developments and on certain specific problems that they may discover themselves or through exchange of information with other friendly diplomats. Military, naval and air attaches are specifically charged with acquiring information in the field of their special competence.

The simple answer to the problem would be to close all Communist-bloc embassies and send their personnel packing. But their governments would certainly reply in kind and expel our diplomatic personnel from their country. Both countries would be cutting off their noses to spite their faces.

The only practical answer is to keep Communist-bloc diplomats under surveillance, just as ours are shadowed constantly in their countries. The information gained by our diplomatic personnel in foreign countries is valuable enough for us to accept the risk of yielding intelligence in return.

Curbing Eavesdropping

President Johnson has done well to crack down hard on federal wiretapping. He is entirely right in his expressed belief that the Senate investigation of electronic eavesdropping by the Internal Revenue Service is "in the public interest."

The President's order banning wiretaps except in cases certified by the attorney general to concern the national security should act as a brake on the trend toward more and more invasion of privacy by the government. Other steps to this end also should be taken, and there ought to be stricter curbs on private use of various peeping and listening devices, too. The alternative is a society in which no man, under any circumstances, can be sure that he is speak-

ing and acting in private.

Atty. Gen. Katzenbach, like his predecessor Robert F. Kennedy, has stressed the urgency of using every available tool of law enforcement to bring the racketeers under control. As these successive heads of the Justice Department have noted, organized crime extorts billions of dollars from our economy each year and is in many ways an unconscionable blight on America.

Even so, federal government use of illegal methods is hard to stomach. The employment of such methods by the Internal Revenue Service in catching up ordinary citizens, not known racketeers, plainly cannot be tolerated.

A True Report On Crime

WASHINGTON — The FBI's melancholy inventory of crime in the United States has been met with a predictable outcry from various do-gooders and self-serving Messiahs.

This has become a chronic obligato to the annual statistical picture of crime that is so painstakingly assembled by Mr. Hoover's sleuths. It would be of small importance except that it serves to mask the truly horrendous demoralization that has afflicted a large (and increasing) segment of the American people.

among young people. Since 1958 crime has increased at a rate six times greater than the increase in population.

Ignoring the reality of crime in the United States is a witless exercise in ostrichism. And yet the chorus of dissent was in full cry at once the FBI statistics were published — and certainly before any of the dissenters had had any opportunity to study them.

THE FBI annual report discloses that serious crime increased in 1964 by 13 per cent. The increase is found to be sharpest in the suburbs and

ROY WILKINS, executive director of the National Association for the Advancement of Colored People, assailed the crime reports for their breakdown of arrests by race — a breakdown that shows 3,653,818 white arrests and 1,194,377 Negro arrests for reportable crimes in 1964. Since Negroes make up only 11 per cent of the population, the statistics show a disproportionately high rate of Negro arrests.

"Arrest figures tell nothing except the number of arrests," Mr. Wilkins said. "Because the public is not careful either in reading or in analyzing what it reads, Negro arrests, in the public mind, become Negro crimes."

Billy Graham

I would like to be a Christian but if I were to give my life to God my economic status would be considerably lessened. My business is not illegal, but I guess you would call it unethical. Since my financial responsibilities are great what should I do? — E. G.

I do not advise people on business decisions, but since you have put your question the way you have, it comes under the head of my business. I could bring you no better words of advice than the words of our Lord: "What shall it profit a man if he should gain the whole world and lose his own soul?"

We are inclined to think of "losing his own soul" as occurring after death. Actually, I know people who have lost their souls, though alive. Their work, their methods, and their philosophy has robbed them of any chance for happy, joyous, useful living. They live in a rut, and the only difference between a rut and a grave is that a rut is a little shallower. In their mad scramble to make ends meet they have mortgaged their principles, forfeited their consciences, and sold their souls. They are no longer people—they are robots, without feeling and sensitivity, without faith, half dead and half damned. They have "lost their souls."

What do I advise? Give up your business, yield your heart to Christ, and begin again. You have everything to gain.

Week Almost Incredible For Action

WASHINGTON (AP) — This was the week that was almost incredible for combined presidential action and congressional achievement, when judged against other weeks and even other years.

The President talked to the nation, upped the war in Viet Nam, conferred and consulted, created a crime commission and made a number of appointments of far-reaching importance.

Congress approved some measures which just a few years ago would have seemed impossible of passage.

At the same time he urged peace talks. This was all carefully prepared and delivered.

But so was what followed: The two big surprises of the day.

1. He was naming a friend of 30 years, attorney Abe Fortas, to the Supreme Court to succeed Arthur J. Goldberg who was plucked off the court by Johnson to succeed the late Adlai E. Stevenson as U.S. ambassador to the United Nations.

2. He had chosen John W. Chancellor, NBC's chief White House correspondent, to be director of the Voice of America.

Homegrown Tobacco Fad

LONDON (AP) — Backyard tobacco growers are growing like weeds in Britain.

There are no official figures on the number of householders raising tobacco for their own smokes, but a big cigarette manufacturer estimated it as over 100,000.

A large seed company said that its sale of tobacco seed had increased by 75 per cent this year over last year.

WHAT'S THE attraction of homegrown tobacco? The answer must be to get around the high price of commercial cigarettes and pipe tobacco.

The government this spring hiked taxes so a pack of ordinary cigarettes retails at 78 cents.

In Britain, tobacco is about as easy to grow as tomatoes. Curing it for smoking is another matter.

With so many householders growing tobacco in their back yards and gardens, tobacco curers have sprouted. There are many, but none operating on a large scale. The law sees to that.

Baby's Damp Diapers Can Cause Skin Irritations

By JOSEPH G. MOLNER, M.D. Yet, they cost a bit more, but they save mothers a lot of work.

Dear Dr. Molner: What a would cause a baby's diapers to smell strongly of ammonia when they have been laundered only with soap? The child has had sores.—A RELATIVE

Bed sores, rash, and such skin irritations result from babies being left too long in wet or damp diapers. Some skins are more tender than others, but when such troubles develop, that's the signal to be extra careful about changing diapers promptly, getting baby clean and dry, and using a mild powder.

The ammonia smell concerns washing. Chemically, products in the urine break down and create ammonia — enough to smell, at any rate. When the smell remains after laundering, the cloth has not been washed thoroughly enough.

One method is to soak the diapers in plain water until ready to be washed, and then through rinsing after laundering.

Various preparations are available in the soap section of any grocery or supermarket, especially designed to sweeten diapers. They help and aren't expensive. (It should go without saying that diapers should be thoroughly dried before being used again.)

Personally I'm a great believer in the diaper services.

What are the principal factors which seem to influence psoriasis.

Dear Dr. Molner: What causes shingles? The doctor calls it a virus, some say it is nerve disease, and some say it is related to chicken pox. — M.A.B.

All three are correct. Herpes zoster, or shingles, is the result of a virus attacking a nerve track. It is extremely like the chicken pox virus. I've written a booklet on it. To receive a copy, send 10 cents in coin and a stamped, self-addressed envelope to me in care of The Herald and ask for "The Facts About Shingles."

"You Can Stop Sinus Trouble!" is the title of my booklet explaining what sinus trouble really is, and encouraging sinus sufferers to do something about it. For a copy write to Dr. Molner in care of The Herald, enclosing a long, self-addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

Dr. Molner is happy to receive readers' questions, and whenever possible uses them in his column. However, due to the great volume of mail received daily, Dr. Molner regrets he cannot answer letters individually.

Around The Rim The Touch Of A Master

In the summer of 1888 a Dutch painter named Vincent van Gogh was living at the French town of Arles, at the mouth of the river Rhone in southern France. He did a series of paintings that summer, some of which have become among the major works of a painter now recognized for his greatness.

HE WAS SAID to be much impressed by the light and colors of the French countryside. One of his paintings is entitled the Harvest, another, the Sunflowers.

Born in 1853, Vincent van Gogh has become one of the best-known of European painters, although his life was at times forlorn. He lived for a time in the coal-mine district of southern Belgium, and was so impressed by the poverty around him that he gave away his belongings.

SEVERAL YEARS AGO I was in Kansas during military service and visited the William Rockhill Nelson Gallery of Art in Kansas City, Mo., where a special showing was given of the works of Van Gogh, brought from their permanent place in the Netherlands. The Carnegie Institute of Pittsburgh, Pa., had arranged the tour, which included the Institute and the Detroit Institute of Arts as well as the Nelson Gallery.

The considerable number of paintings and drawings by Van Gogh are focused on people and the European countryside, and those who were viewing his works at the Nelson Gallery were evidently impressed, lingering to look for some time at the sketches and at the oil paintings, vivid in their colors.

MANY OF THE PEOPLE in the massive Nelson Gallery that day were midwesterners, probably many of whom had never before visited an art gallery, yet one who observed them walking through the marble hallways and viewing the collections of art, as well as the Van Gogh showing, could recognize that they were gaining a common enjoyment of the colors, the reproductions of life presented on canvas. Many of the people there probably had barely heard of Vincent van Gogh and knew little of his life, yet found as much enjoyment in seeing his works as if they had an accumulation of knowledge of the history of art.

MOST OF US may think of art galleries as dull places, but a visit to the Kansas City gallery disproves this, as shown by the thousands who regularly pass through its rooms.

Goldberg's Future

WASHINGTON—In the aftermath of Arthur Goldberg's unexpected appointment to be Ambassador to the United Nations, as well as a member of the President's Cabinet, only one unchallenged assumption is being made—that Mr. Goldberg has not enlisted in that post "for the duration."

ONE SELF-LABELED "inside" report has it that the former Labor Secretary and Associate Justice is on the warm-up path for an elective office. The presumption might be that the 56-year-old Demo-Laborite has an eye on the Illinois Senate seat of the 69-year-old Everett Dirksen. The ailing Dirksen is gamely commuting between hospital and Senate floor in an effort to undo mischief done by the Supreme Court when Goldberg was a member.

An even mottier speculation might be that Goldberg, domiciled in New York, will shoot for one of the two offices now held by Governor Rockefeller or Senator Javits.

ANOTHER REPORT, given circulation in a New York City daily which scorns to publish rumors and only that news "fit to print" is that Goldberg will return to the Supreme Court as Chief Justice.

If it should turn out that Goldberg becomes Chief Justice, after doing the President a favor, we will have a reasonable facsimile of the script which made Earl Warren into a Chief Justice for political services rendered the Eisenhower camp in 1952. While the Supreme Court has never been the sanctified retreat that the Founders intended, the idea of a President's

raiding the court or packing it or using it for political rewards has always offended public sentiment. Almost any presidential motion in the direction of the Supreme Court chips away at its integrity and detracts from the popular esteem of both the Court and the White House.

THE PRESIDENT is said to have been justified in raiding the high bench in order to prop the sagging prestige of the United Nations. But that explanation would have to imply that Goldberg can do more for the UN than Henry Cabot Lodge and Adlai Stevenson, who were in charge during the decline.

But Goldberg, with all his admitted brilliance, cannot do more than the Johnson policy allows him to do. Lodge, serving under Eisenhower, got out with a whole skin mainly because his was the era of relaxing tensions that followed Stalin's death. Lodge's time covered the detente period during which Khrushchev toured the United States and Eisenhower would have toured Russia except for the U-2 incident. Stevenson, serving under Kennedy and Johnson, had to bear the humiliation of the Bay of Pigs fiasco and the uncertainty of the present Viet Nam policy.

GOLDBERG'S FATE may be to preside over the admission of Red China. Whether this would rehabilitate or demolish the UN—make or break Goldberg—must remain a riddle fit for the stony face of the Sphinx.

The Minority Loses Its Voice

WASHINGTON—America is about to give the world an example of conformity by coercion—how intolerant majorities in Congress and in labor unions ride roughshod over dissenting minorities of wage earners and compel them to surrender their "freedom of belief" and "freedom of association."

The House of Representatives has passed and the Senate is engaged in the process of passing a law taking away from the 30 states of the union their constitutional right to protect minorities in their employment opportunities.

FOR, UNDER THIS measure, unless a person agrees to join a labor union which has a majority status in a plant, he can be dismissed from his job after 30 days. Nineteen states of the union have forbidden this form of compulsion. But, even in this age of demonstrations for so-called "civil rights," a basic human freedom of the individual—the right to a job without being forced to sacrifice his beliefs—is about to be taken away.

THE ARGUMENT usually advanced is that the employer and the labor union would merely be entering into a "voluntary" agreement for a "union shop" and that the law doesn't actually require either the union or the employer to make such an agreement. This is a superficial rationalization. For everybody knows that, when a labor union demands a contract stipulating that a worker must be fired unless he joins the union, the employer has a choice between an expensive strike, with the possibility of being forced out of business, and surrendering to the demands of the labor union. In 99 per cent of the cases, the employer recognizes the facts of modern "democracy" and yields to coercion.

BUT WHAT OF the individual? Where can he get protection? The courts offer him no help as yet because the agreement is supposedly "voluntary" even though, in fact, it obviously isn't.

There are some groups in America which insist that to join a union is contrary to their religious beliefs. Yet the proposed legislation ignores this contention, and efforts made to amend the bill to safeguard "freedom of belief" have been unsuccessful.

IN THE SOVIET Union employment opportunities are to a certain

SANAA, Yemen (AP) — Yemeni women of today have something in common with their American Red Indian sisters of a century ago — they cover their face with paint to prevent sunburn.

Toiling all day in the scorching fields of the plains or the unsheltered highlands, the average Yemeni woman paints her face yellow, blue or red.

The colors are those of pigments which are smeared over the face and brows to protect the skin underneath from the sun rays.

Red Indian women on the American plains in the days of the Wild West also covered their faces with paint to protect themselves from sunburn.

North opened the bidding with one spade and South made a simple forcing takeout to two diamonds. North's holding revalued to about 20 points in support of his partner's suit counting high cards and distribution, and he alerted South to slam prospects directly by jumping to four diamonds.

Inasmuch as South had 17 points in high cards alone, he felt that a small slam was assured. In order to probe for even bigger things, he employed the Blackwood convention to check back for controls. When all of the aces were accounted for, South persisted with five no trump, asking for kings. North's five-heart response revealed that one king was missing.

South chose to adopt an optimistic viewpoint and he proceeded to seven diamonds. If North had the king of spades

Housing Bill Is Explained

WASHINGTON (AP) — Here are some questions and answers on major provisions of the housing bill which has just passed Congress.

Q. Will the government pay part of the rent for everybody who thinks he needs a bigger or better apartment or house than he can afford?

A. No. In the first place, only those families whose income is low enough to qualify them for the present kinds of public housing would be eligible.

Q. How much is that?
A. The figure varies from place to place and according to family size. Local housing authorities set the level in each community. A family that meets this income test, is inadequately housed, or elderly or handicapped, or has lost its housing because of official condemnation of property or natural disaster, would be eligible for the subsidies.

Q. How much help would this mean?
A. The family would pay rent equivalent to 25 per cent of its income. The subsidy would cover the difference between that figure and a fair rent for safe and sanitary housing.

Q. The government would just pay the family's landlord the difference?
A. Not to just any landlord — no private landlord renting property for profit. The payments could be made to groups like churches, cooperatives, labor unions or limited-dividend organizations building or owning moderate cost housing. Part of the idea is to encourage such groups to build housing. The present bill would help finance \$75,000 family units.

Q. Does the bill do anything else for inadequately housed people?
A. Several things. For example, there is a program of grants to help them make their rundown properties livable. Those with annual incomes of \$3,000 or less could get a grant of up to \$1,500. The bill also provides for 240,000 units of public housing, with a new feature intended to provide housing quickly: up to 100,000 of these units could be obtained by purchase or rent of existing housing.

Q. How about the ordinary home owner or would-be home owner?
A. In general, existing housing, mortgage guarantee and similar programs are continued. There is a new plan of FHA-insured homes for servicemen and veterans with reduced down payments and a new plan for rural housing loans. An extra \$150 million for direct loans for housing for the elderly also is provided.

Q. Does the legislation do anything about city improvement and real estate development?
A. A number of things. There are grants for urban beautification and land improvement, an additional \$325 million for acquisition of land to be kept in open spaces, a new mortgage assistance program to assist in assembling tracts for development — and the urban renewal programs for slum clearance and the like are continued.

Q. How about the ordinary home owner or would-be home owner?
A. In general, existing housing, mortgage guarantee and similar programs are continued. There is a new plan of FHA-insured homes for servicemen and veterans with reduced down payments and a new plan for rural housing loans. An extra \$150 million for direct loans for housing for the elderly also is provided.

AP Manager Names Two Assistants

NEW YORK (AP) — Associated Press General Manager Wes Gallagher announced today the appointment of Daniel De Luce and Robert C. Eunson as assistant general managers of the worldwide news service.

De Luce will head a new department of communications. Eunson will succeed to the post held by the late Louis J. Kramp, with responsibility for all Associated Press relations and services in the broadcast field.

NEW METHODS
"The department of communications," Gallagher said, "will deal with all matters pertaining to new methods of communication, domestic and foreign; also all tariff problems in negotiations with the Federal Communications Commission and foreign post offices, together with matters requiring integration of the foreign and domestic services."

"AP already has integrated into its service the new computers, high-speed tape systems, new cable circuits and automatic wirephoto receivers," Gallagher said. "On the horizon are extensive satellite communications systems and other innovations. The new communications department will have the responsibility for keeping AP members in the forefront of these advances."

EX-OFFICE BOY
De Luce is 54 and a native of Yuma, Ariz. He worked for the AP as an office boy while attending the University of California at Los Angeles. After graduation and a year's work on the Los Angeles Examiner, he returned to the AP in 1935. He was in Europe when World War II started, served as a war correspondent in many countries and won a Pulitzer Prize in 1943. He was appointed chief of bureau in Germany in 1950, and in 1956 was transferred to New York where he has since been on the executive staff.

"The Associated Press now serves almost 2,700 radio and television members in this country," Gallagher said, "and its news report plays a vital role in their daily operations. Bob Eunson brings to this assignment the administrative background and the news experience that are needed to handle this important post."

BROADCAST FIELD
"He is highly familiar with the broadcasting field. As director of Asia services and earlier as chief of bureau in San Francisco and Tokyo, he headed broadcasting as well as newspaper relations."

Eunson, 53, was born in Billings, Mont., and graduated from Arizona State Teachers College. He began his AP career in 1941 in Phoenix, then served as a war correspondent in both the Pacific and European theaters. After the war he was chief of bureau in Brussels, worked in the Paris, New York and Tokyo bureaus, and became chief of the Tokyo bureau in 1951. He was in charge of Korean war coverage and of the protracted negotiations and prisoner exchanges. In 1956 he became chief of bureau in San Francisco. He returned to Tokyo early in 1963 as general executive and chief of Asia services.

Right-To-Work Plea Sounds

AUSTIN (AP) — State Republican chairman Peter O'Donnell says a massive letter writing campaign against repeal of Section 14B of the Taft-Hartley labor law might convince President Johnson "not to ram repeal through the Senate."

O'Donnell called Thursday for "a mail bag full of letters and telegrams to President Johnson from Texans supporting the state's right-to-work law."

Section 14B allows states to enact so-called right to work laws, which prohibit union shop agreements. Such agreements require new employees to join a union within a specified period after they are hired.

"Mr. Johnson says he favors consensus government. Repeal of 14B files in the face of the American and Texan consensus favoring voluntary unionism, as proven by every national and state poll," O'Donnell said.

The GOP leader predicted "labor unrest and possible violence" in Texas if the state law is nullified.

Like Now Is A Chippewa

LAC DU FLAMBEAU, Wis. (AP) — Former President Dwight D. Eisenhower as a member of the Chippewa Indian tribe is ready for the warpath.

"Now that I'm a full-fledged member of the Chippewa tribe and, I hope, one of its warriors, I think we ought to do something about the paleface," Eisenhower said at a Lake Superior band pow wow Thursday.

"The first thing I thought about was to drive them back to the Atlantic Ocean, but there are a lot of them. So why not adopt them all into the tribe, then the Chippewas can run the entire nation."

The Indians presented him with an assortment of gifts, including mink-lined golf tees.

To GOP Senator, It's All 'Fedicare'

WASHINGTON (AP) — The House Republican leader, Rep. Gerald R. Ford of Michigan, has contributed a word — "fedicare" — to the political vocabulary.

Ford said that Congress should declare "Fedicare Day" because it had passed a \$7.5-billion housing bill with a rent subsidy provision and a \$6.5-billion Social Security measure which includes health care of the elderly. Ford called these "renticare" and "medicare."

Hoffa Conviction May Go To Supreme Court

CINCINNATI, Ohio (AP) — Teamsters Union President James R. Hoffa was just one step away today from fulfilling his vow to take his attempted jury-tampering conviction to the U.S. Supreme Court.

The 6th U.S. Circuit Court of Appeals Thursday unanimously upheld the conviction, rejecting the 52-year-old labor leader's contentions that he was indicted by an improperly impaneled grand jury and convicted on "tainted" and insufficient evidence.

He may seek a rehearing by the appeals court and, if unsuccessful, then take the case before the Supreme Court. He vowed he would fight the matter to the Supreme Court if necessary.

Hoffa and three other men were convicted March 4, 1964, in U.S. District Court at Chattanooga, Tenn. Hoffa was sentenced to eight years in prison and fined \$10,000. The three others received four-year prison terms. Their convictions also were upheld.

Hoffa, Larry Campbell of Detroit and Thomas E. Parks and Ewing King of Nashville were convicted of trying to tamper with a jury that tried Hoffa in 1963 in Nashville, Tenn., on charges of conspiracy to violate the Taft-Hartley Act in the so-called Test-Fleet case. The Nashville case ended in a mistrial.

Rehabilitation Bill Advances

WASHINGTON (AP) — The House has voted for expansion of the federally aided state rehabilitation programs that help 120,000 persons a year.

It passed Thursday by voice vote and sent to the Senate a bill to authorize more than \$1.37 billion for the programs during the next three years.

Steel And Chemicals Pace Business Gains

NEW YORK (AP) — The sins of American might — steel, nonferrous metals, oil, chemicals — are performing at top form. Major companies in these fields are reporting peak production and sales. And most of them are flexing their profits.

With few exceptions, the basic suppliers to American industry are reporting impressive gains in net income in the second quarter of 1965 compared with the like period of 1964. This maintains the spread that brightened the first three months of this year.

In the three months just ended steel companies translated record shipments into profit figures to delight stockholders. Among those reporting so far: U.S. Steel netted \$81 million, up \$20.3 million from the \$60.7 million in the 1964 second quarter; Republic \$24.4 million, up from \$17.7 million; National, \$24.4 million (from \$20.6 million) Armco, \$24 million from \$18 million.

DEMAND UP
Producers of nonferrous metals and their products also have been prospering in increased demand, fed both by the business boom and war threats. Kennecott Copper reports second quarter profits of \$27.9 million against \$21.5 million a year ago; Magma Copper \$4.6 million against \$4.5 million.

CHEMICALS GAIN
Most chemicals show second quarter gains this year. But the largest, Du Pont, shorn of its GM stock dividends now, trails by \$2.39 a share in 1965 against \$2.61 a year ago.

Ahead are: Union Carbide, with \$57 million in this year's second quarter against \$45 million in 1964; Monsanto, \$38.8 million against \$35.3 million; Dow, \$30 million against \$27.7 million; Allied \$24 million against \$23 million; Olin Mathieson, \$16 million against \$13.5 million.

Will the gains continue the rest of the year? Steel companies say even some slackening couldn't spoil 1965's final figures. Oil concerns see conditions still improving. Chemicals express confidence in the rest of the year.

Viet Nam holds uncertainties but few threats for most companies — these suppliers to civilian industry also service the military.

Oil profits have been flowing freely, thanks to steadily growing civilian and military use. Ahead this April-June quarter over last year are: Gulf Oil, \$104 million, up \$13 million over the year ago figure; Socony Mobil, \$78 million, up by \$7.5 million; Shell, \$60.4 million, up by \$13.8 million; Indiana Standard, \$49.4 million, up by \$5.6 million; Phillips, \$34 million, up by \$3.6 million; Cities Service, \$24.2 million, up by \$7.4 million or 43

DEAR ABBY Expensive Hostess

DEAR ABBY: Doug and I haven't been married very long. We both work but are saving our money for a lot of things we need so we're on a very tight budget. We don't believe in accepting invitations unless we pay back, and when we expect people for supper we expect to furnish the eats. Well, Doug has a married sister who is very generous with her supper invitations, but this is what she does. She'll call Doug at work and ask him to pick up a few items for the supper. It's a six-pack of beer, a quart of ice cream, some potato chips, a pound of butter or some coffee or something like that. These items are not very expensive, but they all add up. She never once offered to pay him for anything. Should we quit going to her house for supper? She must think money grows on trees.

CAN'T AFFORD HER
DEAR ABBY: Money does not grow on trees, but lemons do. And you picked one for a sister-in-law. Let Doug tell her you can't afford her kind of hospitality.

DEAR ABBY: What is the matter with people? We have two daughters, two years apart, who are both now in their teens. One is very much prettier than her sister, and the not-so-pretty one is getting a complex about it. When people (our adult friends) meet the girls for the first time, they rave about how beautiful the one girl is right in front of both girls! I don't like the idea of telling our friends beforehand not to make any comparisons in the girls' presence, but that seems to be the only answer. How can this be tactfully done? Or would it be too insulting to instruct people as to what to say and what not to say when meeting your children?

TROUBLED MOTHER
DEAR MOTHER: If you have

Woman Killed, Eight Injured

RICHMOND, Tex. (AP) — A highway collision in heavy rain killed an Edna woman and injured eight other persons near Thursday.

Mrs. Alta Butler, 62, died when she was thrown from her car, struck by another vehicle and dragged about 250 feet.

Investigators said her husband, Taylor Butler, 62, lost control of his car and it swerved into the path of one driven by Charles Kitchens, 23, of Victoria.

The Butlers' car swung around, hurling the couple to the pavement, and she was struck by a car following Kitchens, officers said.

Kitchens was in critical condition at a Richmond hospital with a skull fracture.

Butler and his wife's mother, Mrs. Florence Flagg, 81, of Edna, were held for observation at the hospital but their condition was not considered serious.

Five occupants of Kitchens' car were admitted to the Richmond hospital with cuts from flying glass.

Texans Shade American Club

Joe Chavez fanned the final two batters to face him to squelch a last inning rally and enable the Big Spring Texans to edge past the Big Spring Americans, 6-5, in a District 3 Little League semifinal game in the American park here Thursday night.

The Big Spring titlist plays the District 2B kinglyn from the Graham, Olney area) at 4 p.m. Monday in Dumas. Dickie Stanley walked for the Americans to lead off the sixth in last night's close struggle. Rickey Steen clubbed a long fly for a moment it appeared to be out of the park but a Texan outfielder nestled under it for the out. Enheartened by the turn of events, Chavez settled to whiff R. J. Englert and Mike Murphy. Stanley was resting on third at the time. In all, Chavez struck out eight and walked four in the six inning struggle.

Joe Martinez scored what proved to be the winning run for the Texans in the third after reaching base on a bobble. He advanced on a hit by David Gamboa and zipped home on another misplay. Paul DeSha and David Malarchik divided time on the mound for the Americans, surrendering eight hits between them. Gamboa had two for the Texans while Jesse Olague had the game's only extra base hit, a double.

The Nationals quite likely will pitch Dave Duncan tonight while the Texans could counter with Ernest Zubiate.

JIM NED — Superintendent Arnett Weeks Jr. will also serve as football coach at Jim Ned. The coaching vacancy was created by the resignation of C. T. Horton, who served as mentor for both football and basketball.

Coaches in District 2-AAAA have singled out San Angelo as the football team to beat this fall. The ballot to determine the pre-season choice within the league was conducted through the magazine published by Football Publications, Coahoma, which has now been distributed in all member cities. All eight coaches in the circuit took part in the vote. Big Spring finished a close second in the election, followed by

Ted Abernathy Wins His Post With Bruins

Associated Press Sports Writer Ted Abernathy doesn't know how he got to the Chicago Cubs, but the Cubs will be happy to take a few more of him the same way.

The veteran relief pitcher made his 55th appearance, most in the majors, Thursday and picked up the victory as the Cubs edged New York 2-1 in 12 innings and gained a split of their doubleheader. The Mets romped in the opener 14-0.

Abernathy became a Cub on the day before this season started. He came from the Cleveland Indians, but that's all he knows. "I still don't know if I was sold or traded," the 32-year-old hurler says.

And he probably won't know until the end of the season. The deal worked this way: When the Cubs acquired the submarine-pitcher on April 11, they promised the Indians either a player or an undisclosed amount of cash.

The Cubs can turn over the player at any time, but the deal most likely won't be completed until after the season is over. If the teams can't agree on a player, cash will be substituted.

In the only other National League game Thursday, Philadelphia whipped Pittsburgh 5-0. Abernathy relieved starter Phil Fuld in the ninth inning of the second game after Johnny Lewis and Charley Smith singled. Gary Kolb's sacrifice fly tied the game 1-1, but Abernathy held the Mets to two hits the rest of the way and earned the victory when Ron Santo hit his 22nd homer off Larry Bearnarth in the 12th.

Charlie Jones of WFAA-TV, Dallas, says "Texas will have a perfect record—of the year is Texas vs. Arkansas, Texas to win 17-14."

But Jack Gallagher of the Houston Post says "Arkansas—not only to win the SWC championship but the national championship as well."

Buck Sittion of the Levelland Daily News picks Baylor — "Bruins finally get lucky, we think."

Mike Wester of the Orange Leader takes Texas Tech — "After six years domination by the 'old pros' Texas and Arkansas, it's time for new blood — an upset by the West Texans of J. T. King."

Ray Boyd of Station KHUZ, Borger, said after being the only one to pick Texas Christian, "It's the heat."

Dana Campbell of the Fort Worth Press selected Texas A&M with "Youth and the enthusiasm of Gene Stallings will push the Aggies to the top ahead of schedule."

Charlie Britte of Station KEYS of Corpus Christi said "I must be crazy to pick Rice, but Houston already has the Astros so it's time for some kind of winner."

Bill Speake of the Athens Review took Southern Methodist to Texas and Arkansas for the title. "In 1964 I picked SMU, in 1965 I chose Baylor, in 1965 I give up," he declared.

Even with their thorough scouting apparatus, which includes high school coaches, professional football teams often overlook a lot of talent. Last season, 69 free agents who had never been drafted by any team played in the National Football League.

The Texas State Junior Golf tournament, for which six boys qualified at the Country Club here earlier this week, has had some impressive champions in the past. Among ex-champions in the meet were Billy Maxwell, Wesley Ellis and Wendy Green. The latter beat Frank Wharton in the 1953 finals.

Maxwell, Ellis and Wharton are now all on the pro tour. Local fisticuffer, Dee Skaggs, who gained the nod over Eddie Wright in his only pro start, may appear in a four-round preliminary on the Aug. 10 Lubbock boxing card.

Houston COULD get the 1966 major league all-star baseball game, if the new park in St. Louis isn't ready by then. The St. Louis stadium has been delayed several times by strikes and material shortages. St. Louis wasn't the city originally picked for the 1966 attraction. It was to have been in Cincinnati but Cincinnati yielded so that the game could be included in St. Louis' year-long celebration.

Little wonder that Anaheim, Calif., wanted big league baseball. It's America's fastest growing city (228 per cent gain for the decade, compared to 89 per cent for second place Miami).

Sunland Park race track just out of El Paso opens an 83-day racing season Oct. 2 and continues through April 10. The Sunland Thoroughbred Futurity, scheduled for a renewal Dec. 19, will be a \$25,000 event.

Calvin Rister, the former Abilene High cager, has signed a letter-of-intent at the new Grayson County Junior College in Sherman.

Rister, who averaged about five rebounds a game for the 1964-65 Eagles, was a starting guard on Nat Gleaton's club. The Denison school will be a part of the Texas Eastern Conference, which has Tyler, Kilgore, Lon Morris, Jacksonville Baptist and Paris as other members. Sid Simpson is the Grayson coach.

Calvin stands 6-0 and weighs 155. Big Spring High School has had seven players in the Texas Coaches Association All-Star football game but only one Steer cager rated the honor.

The footballers named were Bob Flowers (1935), Olie Cordill ('36), Cliff Patton ('41), Norman Dudley ('54), Frosty Robison ('55), Jerry Graves ('56) and Wayne Fields ('59). The Steer basketball player appearing in the classic was Jan Ludwigmilk, who took part in the 1953 contest.

Big Spring should have several candidates for both games next year, what with fine prospects returning in both sports.

Willie Mays, the famed baseballer, has signed a public relations contract with Coca-Cola, as if he needed anything to elevate him to the gold standard.

Contreras Foresees Smashing Net Win

DALLAS (AP) — Pancho Contreras, captain of the Mexican Davis Cup team, predicted today that "we will win the greatest victory for our country" in the American Zone finals against the United States. The veteran of many Davis Cup wars but nonplaying now, Contreras said he didn't mind playing the finals on U.S. soil although the Mexican players have grumbled about the matches being moved from Mexico City. Dallas got them by putting up \$20,000.

"If we play them in Mexico and win, the fans will say we had an advantage," said the mustachioed Contreras as he watched Rafael Osuna and Antonio Palafox work out under the steaming Texas sun. "But if we play them here and win it will be the greatest victory Mexico ever scored."

Pancho Gonzales, the Mr. Tennis of the pros who has been coaching the U.S. team since March, had an entirely different view of the situation. "We will win 4-1," he said flatly as he eyed Dennis Ralston and Arthur Ashe, who will play the singles, and Ham Richardson, who will pair with Ralston in the doubles. "We are too deep for them."

SELLOUT CROWDS — The matches got on Saturday for a three-day run with a sell-out crowd of 3,107 in the stands at Samuel-Grand Tennis Center.

Richardson, the 31-year-old Dallas businessman who has played six doubles matches in Davis Cup competition and has yet to lose, backed Gonzales in his latest victory over Osuna and Palafox this year. He and Ralston beat them.

Richardson was on the U.S. team from 1951 to 1958 but since has been a weekend player until called out of semi-retirement this year.

Contreras picked it to be quite close. "I think we will win 3-2," he said. "We will win two singles matches and I don't think anybody can beat Osuna and Palafox in the doubles."

Osuna and Palafox are former Wimbledon champions. Ralston beat Osuna in the Davis Cup matches at Los Angeles in 1963 but Palafox has never played either Ralston or Ashe in Davis Cup competition.

Ashe is the young man just out of CIA where he was the NCAA champion. He is the first Negro to ever play for the United States in Davis Cup competition.

Chicago Hopes Soar; Romano Back On Beam

By HAL BOCK
Associated Press Sports Writer It's taken John Romano 3 1/2 months to get back into the swing of things which keeps his timetable considerably ahead of the one maintained by the Chicago White Sox' front office.

Romano walloped two home runs and drove in five runs Thursday night as the White Sox whacked Cleveland 9-4.

That was the kind of hitting the White Sox expected when they reclaimed the hefty catcher from Cleveland in a three-way trade last winter. John had grown up in the Chicago system but was traded to the Indians in 1960 after only one full season with the White Sox.

SOX STRUGGLE — Romano developed into one of the league's top catchers playing for the Indians while Chicago struggled along with a pronounced weakness behind the plate.

The White Sox front office got around to rectifying the 1960 swap last winter when they sent outfielders Jim Landis and Mike Hershberger to Kansas City and catcher Camilo Carreon to Cleveland for Romano, left-hander Tommy John and outfielder Tommy Agee. In addition to Carreon, the Indians received outfielder Rocky Colavito from Kansas City. Chicago sweetened the Athletics' pot by adding pitcher Fred Talbot later.

Romano started slowly with the White Sox, his average dipping below .200. But Manager Al Lopez stuck with the big guy and last Sunday John exploded a grand slam home run — his first of the season. Then Thursday Lopez started him in left field — his first appearance in the outfield this season — and Romano responded with two homers.

In the only other American League games Thursday, Boston downed Kansas City 6-4 and New York tamed Detroit 7-3.

Late Rally Falls Short, Angels Lose To Odessa

MIDLAND — With Big Spring Angel runners on first and second in the top of the seventh and no one out here Thursday night, reliever Larry Richardson wild pitched runners to second and third. Then Andy Gamboa singled in a run, making the score Angels 4, Odessa 5.

It looked like a big rally. Then Richardson struck out the next three batters with 10 pitches, and Big Spring was out of the District 7 sophomore tournament championship slot by one run.

Odessa's winning run came in the sixth inning when Mike Thurman singled and came home on an error and a wild pitch.

The Angels out-hit the Odessa Lone Star champs, 6 to 4, but the hits didn't always come in the wrong places. All of the hits by both teams were singles, except for a double by Odessa centerfielder Wright.

England got credit for the win, though Richardson's strikes probably won the game. James Newman took the loss for the Angels. He had some relief from Ford Farris.

The win qualified Odessa for the State Sophomore tournament Aug. 2 in Fort Worth.

Pepsi-Cola, 3560th Win In Softball Tournament

Pepsi and 3560th took lopsided victories in the first two games of the American Softball League tourney here Thursday night.

Pepsi knocked over Skateland in the early game, 6-3, Ernie Barbee's two-run, second inning homer providing much of the impetus. Ricky Wisener homered for Skateland, but only one run resulted.

Pepsi put its hits together, and collected four additional runs, while Skateland's hits came at odd times and places. Joe Blasingame went all the way for the winners, giving up nine hits. Jerry Don Paige went the distance for Skateland, allowing eight hits.

In the second game, 3560th turned on the power and swamped Pioneer, 8-2, on 11 hits, one of them a sixth-inning, two-run homer by Erick Miller, 3560th first baseman. The 3560th scored in bunches of three, three, and two, while Pioneer managed to score one in the first on a triple by Tommie Young and a single by shortstop New, and one in the sixth on a base on balls, a sacrifice, and a Tidwell single.

Kuefner stayed on the mound throughout the game for the 3560th, giving up only five hits. Frank Long was the lone pitcher for Pioneer.

Tonight at 7:30 Pioneer and Skateland, the first round losers, will play it out. At 9 p.m. Pepsi and 3560th will vie in the winner's bracket.

The action resumes Saturday,

at 6 p.m., with finals booked later that night.

West All-Stars Gather Aug. 8

FORSAN — Oscar Boeker, nis Cross, Guthrie; Mickey varsity football coach at For-Hughes, Afton; Tommy Owens San High School who has beennand Joey Thacker, both of busy this summer makingRoaring Springs; Mike Falls, physical repairs to the schoolWellman; Eddie Herm, Ackerly; Larry Wade, Whittharrel; J. L. Lemons, Three-Way; Royce Rodney Oaks, Flower Grove; and Dennis Seidenberger, Garden City.

Also Jim Alexander, Forsan; Mike Hurrford, Woodson; Ray Hoffman Windthorst; Terry Patterson, Goree; Leslie Conroy, Windthorst; Tom Hook, Oklahoma; Dennis Ratliff, Guthrie; Tom Dupler, Three-Way; Larry Wade, Whittharrel; J. L. Lemons, Three-Way; Royce Rodney Oaks, Flower Grove; and Dennis Seidenberger, Garden City.

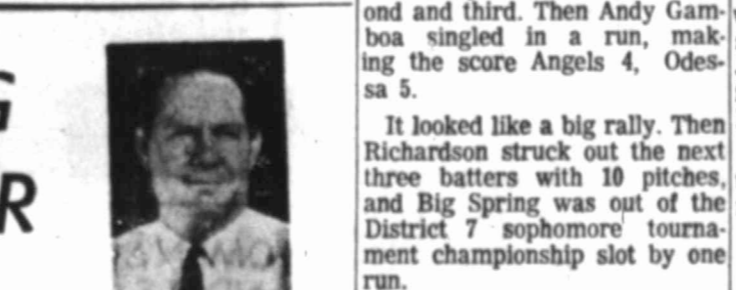

The six-man clinic originated in Big Spring shortly after World War II. Since that time, several cities have hosted it, among them Ranger, San Marcos, Cisco and Abilene.

All-Star basketball and six-man football games will precede the eight-man clash. Boeker and Bardwell will work with a squad of 22 players, including several from this immediate area of West Texas.

Two of his own 1964 players are on the squad. They are Jim Alexander, a guard; and half-back David Robertson.

The West squad includes: Ronnie Flowers, Guthrie; Den-

LOOKING 'EM OVER

Even with their thorough scouting apparatus, which includes high school coaches, professional football teams often overlook a lot of talent. Last season, 69 free agents who had never been drafted by any team played in the National Football League.

The Texas State Junior Golf tournament, for which six boys qualified at the Country Club here earlier this week, has had some impressive champions in the past. Among ex-champions in the meet were Billy Maxwell, Wesley Ellis and Wendy Green. The latter beat Frank Wharton in the 1953 finals.

Maxwell, Ellis and Wharton are now all on the pro tour. Local fisticuffer, Dee Skaggs, who gained the nod over Eddie Wright in his only pro start, may appear in a four-round preliminary on the Aug. 10 Lubbock boxing card.

Houston COULD get the 1966 major league all-star baseball game, if the new park in St. Louis isn't ready by then. The St. Louis stadium has been delayed several times by strikes and material shortages. St. Louis wasn't the city originally picked for the 1966 attraction. It was to have been in Cincinnati but Cincinnati yielded so that the game could be included in St. Louis' year-long celebration.

Little wonder that Anaheim, Calif., wanted big league baseball. It's America's fastest growing city (228 per cent gain for the decade, compared to 89 per cent for second place Miami).

Sunland Park race track just out of El Paso opens an 83-day racing season Oct. 2 and continues through April 10. The Sunland Thoroughbred Futurity, scheduled for a renewal Dec. 19, will be a \$25,000 event.

Calvin Rister, the former Abilene High cager, has signed a letter-of-intent at the new Grayson County Junior College in Sherman.

Rister, who averaged about five rebounds a game for the 1964-65 Eagles, was a starting guard on Nat Gleaton's club. The Denison school will be a part of the Texas Eastern Conference, which has Tyler, Kilgore, Lon Morris, Jacksonville Baptist and Paris as other members. Sid Simpson is the Grayson coach.

Calvin stands 6-0 and weighs 155. Big Spring High School has had seven players in the Texas Coaches Association All-Star football game but only one Steer cager rated the honor.

The footballers named were Bob Flowers (1935), Olie Cordill ('36), Cliff Patton ('41), Norman Dudley ('54), Frosty Robison ('55), Jerry Graves ('56) and Wayne Fields ('59). The Steer basketball player appearing in the classic was Jan Ludwigmilk, who took part in the 1953 contest.

Big Spring should have several candidates for both games next year, what with fine prospects returning in both sports.

Willie Mays, the famed baseballer, has signed a public relations contract with Coca-Cola, as if he needed anything to elevate him to the gold standard.

Grand Jury Indicts 7 At C-City

COLORADO CITY (SC) — A Mitchell County grand jury returned seven indictments Thursday following a two day session.

Fred Sam Snowden, Truman Harper, and Jim Jones, all of Colorado City, were charged with theft of cattle. The indictment followed the finding of part of a calf in the Colorado River northwest of Colorado City by Sam Armstrong, a pumper who lives near the river. The calf was allegedly stolen May 30, 1965.

According to Mitchell County Sheriff, Lewis Claxton, arrests were made about 10 days later. Claxton said that Snowden is in the Mitchell County jail, and Harper and Jones are out on bond.

Three indictments for second offense DWI were returned against John Ariste and Pilar Medrano, both of Colorado City, and Eddie Cecil Martin, Abilene. All three are held in the Mitchell County jail.

Lyndall Dale Mings, Merkel, was charged with the theft of a stock trailer from Travis Turner of Colorado City Dec. 8, 1964. Mings is being held at Jayton.

Coahoma Students

Coahoma's five high school cheerleaders are currently taking part in the second annual summer cheerleading school at Texas Tech in Lubbock. The five, (from left) Terry Edens, Peggy Shafer, Diana Brooks, Sandra Gross and Jolene Rogers, are among nearly 600 enrollees represent-

ing 118 schools in three states. Classes are taught in pom-pom and cheerleading routines, special stunt organization, acrobatics and tumbling. The course ended today with competition based on number of people in various squads. (Texas Tech News Photo.)

Judge Refuses Pauper Plea Of Accused

MIAMI, Fla. (AP) — Candace Mossler, charged with the murder of her wealthy husband, agreed to pay up to \$200,000 for the legal defense of her nephew, who is also charged with the crime.

As a down payment or retainer, Mrs. Mossler, 46, gave defense lawyer Percy Foreman \$46,200 worth of jewelry.

This was disclosed Thursday in a letter introduced at a hearing before Judge Harvie Duval in circuit court. The session was to hear a petition to have the nephew, Melvin Lane Powers, 23, declared a pauper and force the state to pay transportation for witnesses to come here from Houston, Tex.

JUDGE REFUSES
Duval refused to declare Powers a pauper after seeing the letter and hearing that Powers gave Foreman real estate worth \$120,000. The judge said neither Powers nor the state would need the Houston witnesses at a bond hearing Aug. 5.

The letter disclosing the \$200,000 legal fee was addressed to Foreman and dated July 6, 1964, two days after Powers was arrested in Houston.

It was signed by officials of the Mossler Acceptance Corp., one of the business interests of Jacques Mossler, who was murdered here on June 30, 1964. Foreman's signature was on the letter to show he received the jewelry.

\$200,000 FEE
The letter said the six pieces of jewelry listed were given Foreman at the request of Mrs. Candace Weatherby Mossler. It added that Foreman had agreed with Mrs. Mossler's sister, Elizabeth Powers, and Melvin Powers to represent Powers for a fee not to exceed \$200,000.

A lawyer for Powers said his client didn't even have \$10 and the letter was then introduced by Arthur Huttoo, assistant state attorney.

When questioned about real estate he gave Foreman, Powers said he didn't know its value but he paid \$120,000 for it, with \$33,000 in cash and a mortgage of \$87,000.

Known Facts On Missing Coeds Filed

AUSTIN, Tex. (AP) — Police continued today to amass information about Shirley Ann Stark and Susan Riggsby, but still lacked a decisive clue to their whereabouts.

Detective Lt. Burt Gerding said all known facts about the two attractive Dallas brunettes, both 21, are now filed, indexed and cross-indexed. Every new lead, telephone call, interview or other contact is recorded on file cards and compared with other cards in the file.

"So far we haven't found a thing that is new," said Lt. Joe Perry, head of the missing persons bureau.

Perry urged that any information that might concern the young women or their disappearance be passed on to police. "The telephone call that sounds preposterous may be just the one we are waiting for," Perry said.

The young women were last seen July 18 east of the University of Texas campus, where Miss Riggsby had planned to enroll in summer classes. Their automobile was found abandoned July 21.

C-City Junior Rodeo Opens

COLORADO CITY (SC) — First performance of Colorado City's junior rodeo was held Thursday night in the Western Riding Club arena. Other performances are set for 8 p.m. Friday and Saturday. One hundred and fifty contestants are expected to participate in the three performances.

First place winners Thursday were: Tie-down roping (13-15 year old boys) Johnny Middleton, Big Spring, 15.1 seconds; (16-19) Eddie Wright, Gainesville, 19.8;

Barrel Racing (16-19 year old girls) Jo Poarch, Hereford, 19.23 seconds;

Flag racing (13-15 year old girls), Becky Bland, Ozona, 9.88;

Polo bending (13-15 year old girls), Marilyn Burleson, Sweetwater, 17.2;

Breakaway roping (12 and under boys) Greg Welch, Roscoe, 19.0;

Ribbon roping (13-15 year old boys) Ross Chesser, Roswell, N. M., 16.7; (16-19), Lester Harrelson, Clovis N. M., 14.8;

Girls' Summer Jobs Could Lead To Glamorous Career

NEW YORK (AP) — A summertime job for a schoolgirl is rarely exciting. It's usually hard work, like clerking in a store, baby-sitting or camp counseling.

But for 10 young women in New York this summer, vacation jobs are interludes of high excitement and, perhaps, springboards to glamorous careers.

CHORUS LINE
The 10, ranging in age from 16 to 20, are summer replacements in the chorus line of Radio City Music Hall's famed Rockettes.

The girls do four shows a day, seven days a week. Each work day is 11 hours, except on holidays. Then it is longer — more shows are added to the schedule.

After working three weeks, the girls get a week off. It's a tough routine, but the replacements say they love it.

Case in point: Carolyn Bahr, 16, of Pittsburgh.

"Last summer we came here for a vacation," Carolyn said between shows. "I saw the Rockettes and I just knew I had to be one. So I talked to my (dancing) teacher and came up here for the audition, and here I am."

Carolyn will go back to Pittsburgh's Holy Ghost Academy as a senior, hoping to become a member of the permanent Rockettes company when she's through school.

If she does, it won't be anything new for her family. Her sister Eileen, 20, has been a Rockette for more than two years.

Kathy Christie, 16, of Union, N.J., came to New York to audition with Alice Kozimor, 17, of Kearny, N.J. Both made it.

Plane Crash Claims Six

TAHLEQUAH, Okla. (AP)—A private plane crash which took the lives of six Tahlequah residents here Thursday was one of the worst air disasters in state history.

They were Dr. William Wamack, 38; his wife Betty, 34; their children Teresa, 5, and Danny, 3, and Mrs. Bessie Carlstone, about 40, and her daughter Susan, 18.

The two-engine plane piloted by Wamack smashed into the ground a mile from the airport shortly after takeoff.

The worst Oklahoma crash in recent years occurred in 1956 when six executives of Phillips Petroleum Co. and two pilots were killed.

Cain's Request Wins Approval

The zoning board of adjustment granted a variance to the setback ordinance for A. J. Cain who requested the variance so he could build a new garage on the property line next to 701 Gollad.

Cain said there was a garage on the location, but that he wanted to demolish it and build a new one at a 90-degree angle to the old one.

The variance was the only business transacted at the meeting in the City Commissioner's room at City Hall Thursday at 4 p.m.

Kathy is a high school junior, Alice a senior.

Another member of the summer group is Carolyn Newton, 16, of Wayne, N.J.

"OLD PROS"
Even among the summer group, there are the old pros. Joan Sheary, 20, a college senior from Worcester, Mass., is in her fourth summer with the Rockettes, and Nancy Conant, 20, a college junior from Jacksonville, Ill., is in her third summer.

"When I was 10," Nancy said, "my family came to New York and I saw the Rockettes. Right then I wanted to try."

The rest of the girls: Holly Patecel, 20, of Flushing, N.Y.; Donna Sarantakes, 17, of Boston; Paula Biglen, 18, of Scranton, Pa.; and Connie Jean Wilson, 20, of Columbus, Ohio.

Steady Birth Dip Persists

WASHINGTON (AP) — The steady decline in the number of babies being born in this country continued through May, the Public Health Service reported today. The drop started in 1958.

During May 302,000 babies were born, the service estimated, and the birth rate was down to 18.4 for each 1,000 population. In May 1964 there were 331,000 births and the rate was 20.5.

The May figures served to strengthen speculation that the number of babies born this year will drop below 4 million for the first time since 1953.

Public Health Service officials say they have no sure explanation for the decline since a record 4,308,000 were born in 1957. They decline to speculate that availability of birth control pills is a major factor though this theory is advanced in other quarters.

Arthur A. Campbell, chief of the service's natality statistics branch, pointed out that the decline began in 1958 and the pills were not available until June 1960, and not in wide use until 1961 or 1962.

Police, Negroes Fight At Fatal Fire Scene

DALLAS (AP) — Police and firemen said today a fight broke out between policemen and Negro spectators Thursday night when officers sought to clear a path for an ambulance to a boy taken from a burning building.

Officers placed a woman, 24, and two men, 19, in jail after Patrolman R. J. Shackelford was struck from behind and Sgt. J. F. Dahman was slapped. No charges were filed immediately.

BODY OF CHILD
The melee broke out as five policemen started moving the crowd back from the doorway of an apartment house from which firemen had brought the body of the Negro child, Patrick Chambers, 23 months.

Dahman reported the arrested woman screamed and cursed as he tried to move her back with his hands. He quoted one of her male companions as yelling: "Don't let them police get away with that."

MELEE FOLLOWS
The brief melee followed. Police hustled the trio away in a squad car as firemen continued efforts to save the child.

Justice of the Peace David Johnston said the little boy was burned slightly on the face and neck. He ordered an autopsy to determine the cause of death.

Fire broke out on the ground floor of a two-story apartment housing Mr. and Mrs. Earl

Chambers Jr. and their five children. One child leaped from an upstairs window.

"Another one of the kids—we don't know which one—is supposed to have gotten his hands on the little boy who was on the bed, but had to let him go because it was too hot," Johnston said.

PARENTS ABSENT
Firemen said the parents were away from home. Mrs. Chambers arrived as they were trying to save her son. She fainted and was taken to a hospital.

Police estimated more than 500 persons were in the crowd which gathered outside the blazing apartment house, which is in a predominantly Negro district. The cause of the fire had not been determined.

School Meeting Slated Tonight

A special meeting for Northside residents is scheduled for 7:30 p.m. today in the hall of the Sacred Heart Catholic Church. The guest speaker may be Tom Sneed, an attorney for a group of Odessa citizens called the United South Side Odessans. The meeting concerns patrons of Kate Morrison who are interested in keeping the school open.

Dr. (Rev.) Avery Featured In Story

When he was in medical school, friends kidded Dr. Maple L. Avery of not working — although he completed the four-year course in three years.

On the first of this month, his first day on the job at Memorial Baptist Hospital began at 8 a.m. and ended at 7 a.m. the following day.

The Houston Post, in a feature article about Dr. Avery, said that he gets a little put out sometimes when people persist in calling him Reverend instead of Doctor.

"In 1962, at 31, Avery was the pastor of the University Baptist Church and its 2,500 members in Abilene," said the Post article. "His career as a minister had been impressive and many predicted unlimited horizons for him in the ministry."

"In the same year, Avery resigned his pastorate and enrolled in the University of Texas Medical Branch. With high grades and year-round attendance, he completed medical school in three years, instead of four, and was graduated this June.

"He explains the change simply. 'I had a desire to go into medicine.'"

"He feels no remorse or no regret, he says. While he was a minister, religion was his life, and he gave it his all."

"Now it's medicine's turn. 'I don't think a man should be a minister unless he feels it."

A minister shouldn't just be a profession,' he says.

"Dr. Avery is still a Baptist, and his feeling about religion is still strong, he says. 'I think a man must have a strong faith to live.'"

"After resigning from the ministry, Avery was hurt when some of his friends and fellow ministers called him a traitor to the ministry."

"A doctor can become a minister and that's great, but when a minister becomes a doctor..." Dr. Avery shakes his head.

Dr. Avery launched his career in the ministry here as pastor of the East Fourth Baptist Church. He had been attending Howard Payne College when he was called. Later he completed his degree at Baylor University.

driving here each weekend to fill the pulpit until he was graduated. Subsequently he was called to be pastor of the First Baptist Church in Levelland, then to the University Baptist Church in Abilene. He and his wife, Iva, and three children, Janice, 13, Graham, 12, and Kendra, 8, reside at 6333 Chimney Rock in Houston.

Quarterly Sing

The regular quarterly singing will be held at the Birdwell Lane Baptist Church, beginning at 2 p.m. Aug. 1, Bob Spears, leader, said. "We are expecting a large number of out-of-town singers," he said, "and every one interested in good singing is invited."

POSTER CONTEST WINNERS AND TEACHER

Left, Elzada Herring, teacher, Karene Hjort, first place winner; right, Kathy Thompson, second, and Judy Phillips, third.

Karene Hjort Makes Winning Poster During Bible School

Karene Hjort displayed the winning poster in the contest sponsored during the vacation Bible school at the First Church of God. The posters pointed out the church's World Service program.

The Church of God World Service dollar is divided between the various agencies of

the National Church boards. These include the home and foreign missionary boards, church extension, minister's pensions, colleges, free literature, Christian education, church service, radio and television commission, Warner Press, Inc., and the executive council.

The goal for 1964-65 was \$1,649,500. In order for a congregation to be a budget-level giving church, it was necessary to give \$13.86 to \$15.90 per person. The Big Spring congregation went beyond the budget level of giving and qualified for the challenge level by giving \$15.90 or more. Therefore the local congregation received a certificate with a gold seal and blue ribbon indicating this level.

ers were entered in the contest. Three were selected as winners: First, Karene Hjort; second, Kathy Thompson, and third, Judy Phillips. The first place poster will be sent to the National World Service office, where all posters will be judged. Mrs. Truett Thomas directed the school.

"It is hoped by the local congregation that Karene's poster will get first place in the National," the Rev. V. Ward Jackson, pastor, said.

Gospel Meetings To Open Monday

The West 80 Church of Christ, located at 3900 US 80 west, invites the public to a series of gospel meetings beginning Aug. 2. Services will begin each day at 7:30 p.m., through Aug. 8.

Sunday services will be conducted at 9:30 a.m. for Bible study; 10:30 a.m. for preaching; and 6 p.m. for the closing service. Terry Blake of Bula will be the speaker.

"His lessons will be Bible-centered, and tailored to the needs of our times," Gary Colley, local preacher, said. "Congregational singing will be under the direction of Alvin Huskey, Big Spring, and a warm welcome is extended to all."

Choristers Guild Story Explained For Kiwanis

The story of the Choristers Guild, how it came into being and the aims it serves, was outlined briefly at the meeting of the Big Spring Kiwanis Club Thursday.

The speaker was the Guilds executive director, Dr. Federal Lee Whittlesey, Dallas. He is here lending a hand in the training of a children's choir.

Ted James, minister of music at the First Methodist Church, said that there are 118 children enrolled in the choir and 16 churches are represented.

The choir will be heard in a concert at the First Presbyterian Church at 3 p.m. Sunday. A bell choir is also to be featured.

Vincent Baptist Opens Revival Services Today

VINCENT—The Vincent Baptist Church will begin a revival meeting today, and will continue through Aug. 8. Daily services will begin, Monday through Friday, at 10 a.m. Evening services will start at 8 p.m.

The Rev. Benny Hagan, pastor of the First Baptist Church of Goree, will be the visiting evangelist. He has attended Southwestern Baptist Theological Seminary, and is a graduate of Howard-Payne College.

"Rev. Hagan believes that the one great need of our generation is a personal, vital faith in Jesus Christ which results in a commitment of all of one's life to Christ. The evangelistic freshness of his messages is presented in the language of the people," the Rev. Royce Shoemate, pastor, said.

An all-out effort is being made to have every one of the 133 resident members of the church present for Sunday

school July 8, the closing day of the revival.

The public is invited to attend all of these services.

CHILDREN TO GIVE CONCERT

A program of Children's Choir and Handbell Choir music has been set for 8 p.m. Sunday in the sanctuary of the First Presbyterian Church. This program follows a full week of children's choir activities in the First Methodist Church, with more than 100 youngsters from 16 Big Spring churches taking part.

Dr. Federal Lee Whittlesey, executive director of the Chorister's Guild, will direct the choirs. He will be in Big Spring Saturday to take part in the workshop.

Ted James, director of music for the First Methodist Church, and Glenn Faison, director of music at the First Baptist Church, worked with the youngsters during the week.

TOLERANCE, CHARITY ARE INDICATED IN LESSON

"Christians Grow Through Fellowship," is the title of the Sunday school lesson for Aug. 1. The scripture is taken from Paul's letter to the Romans, chapter 14, verses 13-21.

Paul was making two particular points in the lesson. The first was to point out the need for tolerance and charity. The second was to urge man to judge whether or not he was placing a stumblingblock, or an occasion to fall, in his brother's way.

One person may approve what another abhors, and only the study and following of scriptures and Christ's teachings can both reconcile their differences.

One man may be able to handle his problems with temperance, while another may use his problems to such extent that he needs sedatives—of one kind or another—to blank them from his mind.

Paul was trying to point out that things must not be clothed with moral qualities, for nothing, in itself is evil, but only the way in which it is used makes it evil.

CHURCH CALENDAR

Service Time Changed At St. Paul Lutheran

Services at St. Paul Lutheran Church have been changed for the next few Sundays from 10:30 a.m. to 8:30 a.m. The Rev. Clair Wiederholt, pastor, will be on vacation and during his absence, the Rev. Douglas A. Robbins, Grace Lutheran Church in Lamesa, will be the guest speaker. At this service communion will be celebrated and Rev. Robbins will speak on "The Lord Our Healer."

Sunday school will follow the 8:30 service at 9:30 a.m.

Rev. Robbins was graduated from Springfield Seminary in 1960, and has recently arrived in Lamesa. His native home is Houston.

If the services of a pastor are needed, William Davis, George Heckler or Albert Hohertz may be contacted in the absence of Rev. Wiederholt.

Blazes Away

This mammoth 18-story tall rocket blazes away from its launch pad today in an effort to orbit Pegasus 3, a giant luminescent space bird satellite carrying detachable panels which one day may be retrieved by space-walking astronauts.

Space Bird Put In Orbit

CAPE KENNEDY, Fla. (AP)—The Saturn 1 rocket concluded its flight program with a 10th straight success today and hurled into orbit Pegasus 3, a giant luminescent space bird whose "feathers" may one day be plucked by space-walking astronauts.

Nasser Celebrates Thirteen-Year Rule

CAIRO (AP)—Gamal Abdel Nasser, senior revolutionary of the Middle East and champion of Arab unity, is celebrating today his 13 years in power.

Nasser, 47, had proclaimed this would be the decisive summer for the Middle East, but the image of Arab unity is broken up like the pieces of a jigsaw puzzle.

The past six months and the past few weeks have witnessed the collapse of Nasser's policies in the Middle East, Africa and elsewhere, one diplomatic source in Cairo contends.

But few diplomats or few Arabs expect the defection of the Arab world will be more than a temporary setback for the Socialist leader.

Other Arab League members, such as Jordan, Sudan and Lebanon, busy themselves with problems at home.

At home, the mass of Egyptians ignore the shortcomings of Nasser's policies against the Congo and West Germany.

Space Administration reported that both the rocket and the spacecraft performed flawlessly.

Some economic experts figure Egypt will never be able to cure its ills by industrialization — or by any other means until Moslem objections to birth control are overcome.

Ninety seven per cent of Egypt is desert. Agricultural production cannot keep up with the growing number of mouths to feed.

For three years, Nasser has relied on American aid food shipments to keep prices at a level where his people could afford to eat.

Faced with expiration of an aid agreement with the United States, Nasser called off his anti-American campaign and once again is maintaining a carefully neutral balance between East and West.

W. R. Sheppard Rites Slated

LAMESA (SC)—Last rites will be said at the First Baptist Church in O'Donnell at 3 p.m. Saturday for Willie Robert Sheppard, 75, who died Thursday morning at the South Plains Hospital in Amherst.

Officiating will be the Rev. O. D. Cox of Dublin. Burial will be in the O'Donnell cemetery under the direction of the Bronon-Phillips Funeral Home, Lamesa.

Airman Beck Gets Honor

Airman I.C. Ronald A. Beck 31st FIS aircraft electrician stationed at Webb AFB, last week was named the Webb AFB Airman of the Quarter (April-June), following a meeting of the selection board.

Other Webb airmen who vied for the quarterly honor included Airman I.C. Harry C. Ray, Airman I.C. Eoines Economy, Airman I.C. Roberto M. Gomez, and Airman I.C. Earnest Webb.

The Webb Air Force Base Exchange held its grand opening this morning at 8:30 when the ribbon was cut signifying the end of the three-month renovation.

Eight Vie For Title

LAMESA (SC)—Eight girls will compete tonight at 8 p.m. in the Lamesa High School Auditorium for the title of Dawson County Farm Bureau Queen.

Initial-Carving Post Provided

DENVER (AP)—Tourists at a Colorado recreation center will get a whitening post for their initials.

It is an attempt by the U.S. Bureau of Land Management to induce visitors to carve their initials on the post rather than on trees or picnic tables.

The six-foot redwood post will be set in concrete at the agency's new center just west of Gypsum, Colo.

Rep. Mahon Adept At Taking Pictures

By **TEX EASLEY**
 WASHINGTON, D. C. (AP) — Rep. George Mahon, D. Lubbock, is an expert amateur photographer, though few of his friends know it. He occasionally shows up with his camera at private affairs. The last issue of the Capitol Hill weekly, Roll Call, carries an excellent and large front page photo of Rep. Leslie Arends, R. Ill., with this note by Mahon: "I took this picture in June, 1965, of Les Arends, who came to Congress when I did — I assume it is probably the most outstanding picture I have ever taken." Arends and Mahon are the only two members sworn into the 74th Congress on Jan. 3, 1935, who are still in the House.

OVERLOOKS POTOMAC
 The Mahons recently moved to a new apartment building in Virginia which overlooks the Potomac River, Lincoln Memorial, Washington Monument and the Capitol, providing him with a superb scene to photograph.

Rep. Clark Thompson, D. Galveston, accepted a dare by Mrs. David J. Smith of LaMarque, when she wrote to him about goings — on in Texas' famed Big Thicket.

"Have you any idea of the bodies that would be found in that overgrowth," she inquired. "Of the people who starved were attacked by wild animals while lost, or perhaps even murdered in those woods."

LABELED "TAP"
 "Have you thought of the families of those who disappeared into that trap — and that is what it is."

"It may be a tourist attraction but it is also a tourist trap — for the sake of every man, woman and child who travel the roads through that trap, please ask for something to be done, besides putting up signs. Signs do no good."

"I would sincerely appreciate it if you could possibly in some way have this letter or my ideas shown or told to the entire House. In fact, I dare you."

Thompson had the letter published in the Congressional Record.

Rep.-at-large Joe Pool, D. Dallas, was the beneficiary of a testimonial fund raising affair here. Many of his colleagues are wondering how they can follow suit.

WINS LAUDATION
 A letter, signed by Jerome Keating, spokesman for the National Association of Letter Carriers, lauding Pool was circulated nationally. The Texan serves on the House Post Office and Civil Service Committee.

READY RESERVE
 The Pentagon will create a super-ready Reserve, it was learned, by bringing selected National Guard and Reserve units to peak readiness during the next few months. Plans indicated a partial callup of the Reserve continues to be a strong possibility for the future.

THIRTY NATIONS AIDING S. VIET
 WASHINGTON (AP) — Thirty nations now are giving help to South Viet Nam — three times as many as when Saigon appealed to the non-Communist countries for aid a year ago. Eight other nations have promised help. About 700 civilians and 4,000 soldiers from 13 nations besides the United States are on the job in South Viet Nam, according to State Department figures. The number is expected to take a big jump with the prospective arrival of perhaps 16,000 more Korean troops in addition to the 2,200-man Korean task force already in Viet Nam. Later this year the Philippines may send a 2,300-man contingent. The total of men and materiel from other countries amounts to only a fraction of the huge U.S. contribution, which is expected to reach more than 125,000 men and one billion dollars plus this year, by latest administration figures. Still, U.S. authorities rate the help from other nations as significant.

Voting-Rights Bill Passage Approaching

WASHINGTON (AP) — A compromise by Senate-House conferees has cleared the way for passage next week of the administration's voting-rights bill.

The measure would suspend literacy tests and permit federal registration of voters in wide areas of the South to prevent Negroes from being denied their voting rights.

DOUBLE AGAIN
 President Johnson has predicted that "Negro voting will double and redouble in years to come" if Negroes take advantage of the bill.

He went before a joint session of Congress in mid-March, at the peak of the Selma, Ala., civil-rights demonstrations, to urge quick action on the measure.

Senate-House conferees appointed to reconcile differences between the bill passed by the Senate May 26 and the bill passed by the House July 9 reached agreement Thursday at their sixth meeting.

The compromise drops a House-approved ban on state poll taxes, but it contains a strengthened congressional finding that the right to vote is denied or abridged by making their payment a requirement for voting.

SENATE VERSION
 And, as in the Senate bill, the attorney general is directed to bring immediate court action to challenge the constitutionality of the poll taxes still collected by four states — Alabama, Mississippi, Texas and Virginia — from voters in state and local elections.

A constitutional amendment has outlawed the payment of poll taxes as a requirement for voting in federal elections.

On another major issue in dispute, the House conferees agreed to accept a Senate provision under which persons educated in American flag schools in languages other than English would be able to vote without passing a state's English-language literacy test.

The chief effect of this will be to enable thousands of Spanish-speaking Puerto Ricans in New York City to qualify as voters.

All Governors Except Hatfield Hail LBJ Step

WASHINGTON (AP) — President Johnson has won rousing support for his Viet Nam policy from the nation's governors but still faces the misgivings of Oregon's Mark O. Hatfield, a Republican who favors a vigorous peace move.

Johnson and his senior advisers briefed 49 governors for more than two hours Thursday night and Hatfield, sometimes mentioned as a possible GOP presidential candidate in 1968, was the only one to emerge as something of a fence-sitter.

There were those other Washington developments in the many-sided Viet Nam situation:

READY RESERVE
 The Pentagon will create a super-ready Reserve, it was learned, by bringing selected National Guard and Reserve units to peak readiness during the next few months. Plans indicated a partial callup of the Reserve continues to be a strong possibility for the future.

Another review by Johnson of the Vietnamese war in two or three months, and probably a decision again to increase troop strength there, was expected. Informed speculation was that the U.S. forces, just ordered increased to 125,000 might go to 200,000 by the end of this year.

Sen. Richard B. Russell, D-Ga., chairman of the Senate Armed Services Committee, said "300,000 appears to be the

limit for Viet Nam from what I've heard." Russell said he assumes the armed forces will be built up to 3 million from the present 2.6 million.

SEEK NEGOTIATIONS
 U.N. Secretary-General U Thant told Johnson he is determined to use "all the means at my disposal" to bring about negotiations on Viet Nam. "I believe most strongly that concerted efforts should be made to put an early end to all further hostile military activities," Thant said in a reply to Johnson's letter asking him to continue his efforts. The reply was brought to Washington by Ambassador Arthur J. Goldberg.

The principals in a six-week-old maritime strike promised they would continue to make available all the merchant ships necessary to carry supplies and men to Viet Nam. The assurance was given Secretary of Labor W. Willard Wirtz by representatives of the AFL-CIO National Marine Engineers Beneficial Association and the American Merchant Marine Institute.

The White House said Johnson has received a flood of telegrams applauding his decision to increase the U.S. troop commitment in Viet Nam. The President said he has been sustained during recent months by the pride and patriotism expressed in letters from wives and mothers of men serving in Viet Nam.

ONE ABSENT
 All the state executives at the 57th Annual Governors Conference in Minneapolis flew here to meet with Johnson. The only governor missing was John N. Dempsey of Connecticut, who is visiting Ireland.

Before leaving the conference, all except Hatfield and Michigan's Republican Gov. George Romney voted for a resolution "endorsing the principles of the position of this country (on Viet Nam) as enunciated by the President."

From Johnson's standpoint, the White House session could be counted as a success because Romney came away expressing a strong endorsement of the President's latest move to expand the country's military commitment in South Viet Nam.

WAVERS SOME
 And even Hatfield wavered a bit. He said he felt a little better about Johnson's search for a peaceful solution after hearing from the President, Secretary of Defense Robert S. McNamara and others, including even Lady Bird Johnson.

However, Hatfield said he wants to see deeds follow words. He expressed regret about intensified military steps, saying, "I am not totally convinced they will bring negotiations any faster."
