

Everything Ready For Junior Rodeo

Everything is all set for the opening night of Howard County's 20th annual Junior Rodeo. The stock is at hand, the young competitors have been checked out and assignments made, the bowl is in shape, and a big crowd is expected starting at 8 p.m. today.

A parade at 4 p.m. through the downtown area will be the official kickoff of the three-day event. In this procession will ride the competitors who are to try for cash and points during the three nights, members of the 4-H Clubs of the county, riding clubs and rodeo well-wishers.

So many entries are on hand that an after show elimination schedule has been set up. This means that after the crowd has gone home tonight, the young riders and ropers will go right ahead in the effort to reduce the army of competitors to a sizeable working number.

It is likely this same procedure will have to be followed Friday night as well.

Some of the best junior riders in the country are here to compete. Next week, the championships of the American Junior Rodeo Association will be settled in the annual championship Rodeo at Odessa. Points earned here this week could determine the title for the young competitors.

Herb Helbig, county agent, and superintendent of the rodeo, said that prospects for the show this year will be one of the best in the event's history.

The stock, he said, is in good shape and will probably give the riders a rough time.

Weather conditions promise to be ideal. Advance ticket sales have been good and the directors look for a good turnout at tonight's initial performance.

Championships of the local show will be announced Saturday night. A saddle awaits the all-around champion cowboy or cowgirl. Belt buckles will be awarded to the top hands in the major events.

Rocket Made In Japan Fired In Indonesia

JAKARTA, Indonesia (AP) — A second Japanese-made research rocket has been launched in Indonesia, Japanese sources said today.

Sources who were present said the rocket reached an altitude of 118 miles. On Aug. 7, another soared to 197.4 miles.

Indonesia has imported 10 rockets from Japan, the sources said. They were assembled by Indonesian experts.

Military Pay Bill Sent To Johnson

Raise Likely Will Begin Next Month

WASHINGTON (AP) — Congress completed action today on a \$1 billion pay bill for the nation's servicemen and sent it to President Johnson for signing.

Although the measure would authorize pay increases of more than twice what the administration had wanted, Johnson was expected to accept the \$1 billion figure, approved unanimously by both Senate and House.

The House completed action by voice vote, accepting Senate changes in the bill the House originally passed July 20. That eliminated any need for a Senate-House conference to work out the differences.

ACCEPT AMENDMENTS
Chairman I. Mendel Rivers, D-S.C., said he met with his House Armed Services Committee this morning and "we agreed to accept the Senate amendments."

Under the bill, American military men may get a total monthly pay increase of about \$80 million as early as September.

The Senate passed its bill Wednesday with 89 "yes" votes. The raises would go to active and reserve personnel in the Army, Air Force, Navy, Marine Corps, Coast Guard, Geodetic Survey and Public Health Service.

Chief differences in the versions passed by the two houses were in how the pay raises should apply to commissioned officers, warrant officers and enlisted personnel with more than two years service.

BIG HIKE AT WEBB

While accurate figures were not immediately available, indications are that the military pay raise bill will mean over \$100,000 more per month for Webb AFB officers and enlisted men.

Payroll figures for 1964 showed almost \$17,500,000 total payroll for the base. Of this, \$13,111,063 was for military payrolls, the balance for civilians.

Using an 11 per cent factor, this would mean around \$1,300,000 more per year, or almost \$110,000 more per month.

Car Mishap Near Marshall Fatal

MARSHALL (AP) — Gilbert Smith Jr., 20, of Harleton, was killed this week when his car overturned north of here.

Demonstrators Push

An uneasy calm settled today over a Negro neighborhood in Los Angeles where a rioting crowd of 1,500 got out of hand Wednesday night. The crowd, shown here moving in on a police car, jeered and stoned policemen following the arrest of a Negro accused of drunken driving. Several policemen were injured before order was restored before dawn. Story on Page 12-B. (AP WIREPHOTO)

School Hearing Date May Be Set Aug. 24

Gil Jones, attorney for the school officials have not yet been cited in the case. Hence, he said, "we are not yet actually in the law suit."

"I told Sneed," Jones said, "that when there is a lawsuit and if my clients are named in it, I would be agreeable to have it set down for hearing before the court. The tentative date of Aug. 24 was selected."

Syrian-Israeli Battle Halted

DAMASCUS, Syria (AP) — A three-hour tank and artillery battle across the Syrian-Israeli border ended in midafternoon today after intervention by the U.N. truce supervision organization.

Syrian and Israeli planes flew over the battle area but did not make contact, a Syrian army spokesman said.

Wool Price Rebound Seen

WASHINGTON (AP) — The Agriculture Department predicted today that wool prices will rebound moderately through early next year.

It based this forecast on an expected increase in U.S. mill use of apparel wool, lower world production of wool, higher world prices and mill activity abroad, East Coast shipping delays and increasing world tension.

Two Copper Issues Slump

NEW YORK (AP) — Two copper issues, Anaconda and Kennecott, slumped today in an otherwise quiet stock market.

They reacted to news of a move to nationalize the copper industry in Chile, where they are the biggest operators.

ABOUT MEDICARE

The special articles on what you can expect from the new Medicare program continue on Page 3-A today. On 3-A there is information on how to order an 80-page book which gives you a permanent reference on what you have coming from Medicare and Social Security. Please note that your order goes to New York. Fill out the COMPLETE ADDRESS.

Deferments Of Some Students To Be Lifted

NEW YORK (AP) — Some Selective Service boards say they will tighten rules deferring college students from the draft in the Viet Nam crisis.

Draft boards that have been liberal in giving students deferments in the past say they are going to get tough to meet heavy draft calls beginning next month.

Hoover Site Bill Signed

WASHINGTON (AP) — President Johnson honored the memory of Herbert Hoover today with a relative handful of prominent Republicans—among several score who had been invited—attending the ceremony.

Johnson had asked all five living Republicans who have run for president, from Alf Landon to Barry Goldwater, to attend the Hoover ceremony and then watch Henry Cabot Lodge take the oath as ambassador to South Viet Nam.

Autumn Calls

The Pentagon said the September draft will be 27,490 and the October draft will be 33,600. The Navy will get 4,600 of the October draftees — the first time in nine years enlistments have failed to produce enough new men.

Review Status

A sampling by The Associated Press of 20 states showed 13 planning to review the status of deferred students. At least two others in the survey are considering such action.

Submission Transcripts

Some state boards are going to require that students submit transcripts to show that they are not only carrying full loads, but are making good grades as well.

Missile Blamed As U.S. Plane Downed

SAIGON, South Viet Nam (AP) — A U.S. Navy plane was reported shot down by a raiding North Viet Nam surface to air missile today.

An American military spokesman said the plane, one of four A4 Skyhawks, was downed about 50 miles south-southwest of Hanoi in an area outside the range of known anti-aircraft missile sites in North Viet Nam. The spokesman would not elaborate, but it was believed this indicated the missile was fired from a mobile unit.

TEC Readies New Division

AUSTIN (AP) — The Texas Employment Commission said today it is establishing a new "special programs" department to handle federal-state anti-poverty manpower programs.

The new department goes into operation Sept. 1 and will deal with Job Corps, Neighborhood Youth Corps and Community Action programs.

Harrell Townsend, director of the commission's San Angelo District, will head the department. His replacement at San Angelo will be Lee Grubhler, now assistant district director there.

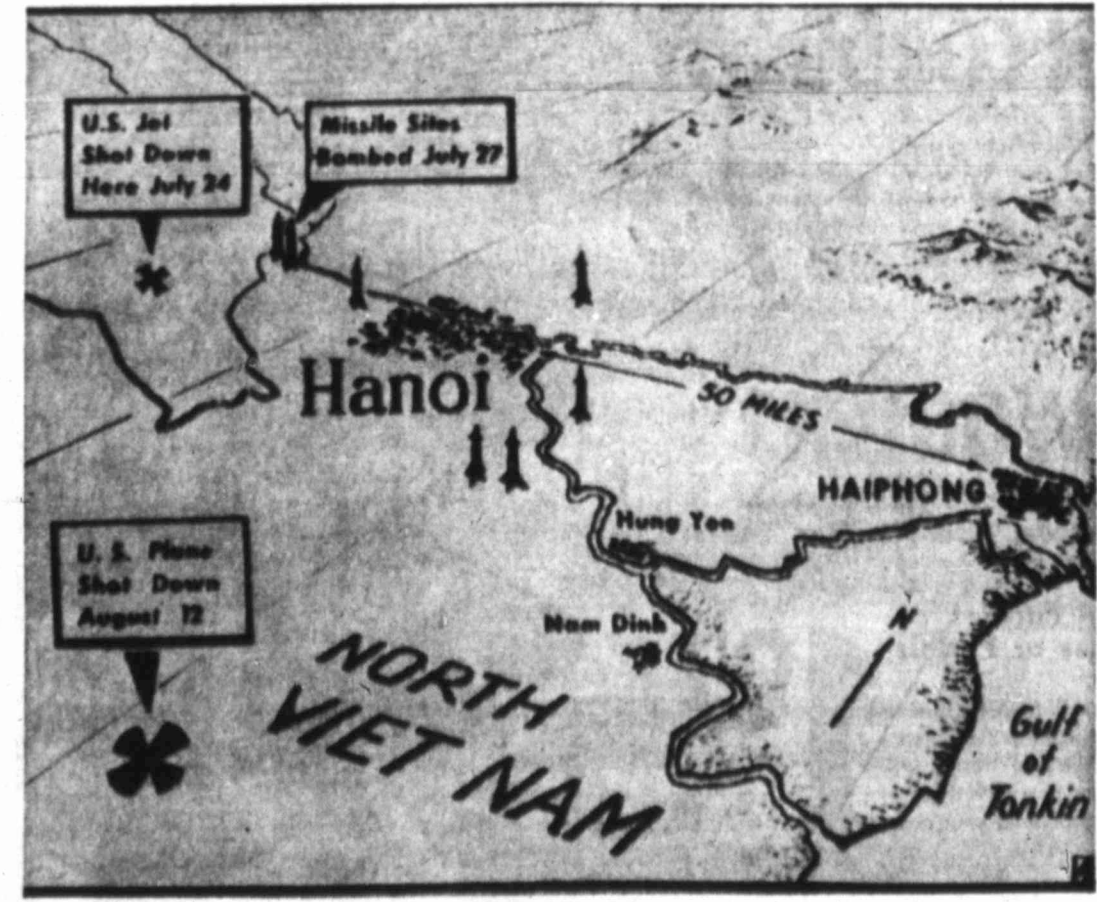

Mrs. Phillips To Get UT Degree

AUSTIN — One hundred forty-one University of Texas students are candidates for bachelors' degrees in education Aug. 28, the end of the summer term. No public exercises will be held.

The degree-candidate list, made public by Dr. Wayne H. Holtzman, College of Education dean, includes Mrs. John (Martha Hardy) Phillips, 1808 Morrison, Big Spring, with a bachelor of science in elementary education.

Petition Filed By Teamster Union

HARLINGEN (AP) — The Teamsters Union filed a petition Tuesday to back up a Vietnamese relief column which reached Duc Co Wednesday night. The camp 30 miles southwest of Pleiku had been under siege since June 3.

Plane Down

Map locates area about 50 miles south, southwest of Hanoi, North Viet Nam capitol, where a U.S. Navy A4 Skyhawk was reported shot down today by a surface to air (SAM) missile. First plane was shot down last July 24 in the area of Hanoi's missile complex. U.S. bombers blasted sites northwest of the city last July 27. (AP WIREPHOTO MAP)

Among the Republicans at the affair were Senate GOP leader Everett M. Dirksen of Illinois, House Republican leader Gerald Ford of Michigan, and Eisenhower's brother, Milton, president of Johns Hopkins University.

The President said that with Hoover's death last fall at the age of 90, "we felt the loss of something good and honest and uniquely American."

Don Schomburg, who heads the local board in Amarillo, Tex., said, "The policy of this board is that if the youth is trying to get an education, we are going to let him alone."

Said Col. Howard W. Davis of Connecticut: "We may have been liberal in some cases where we won't be in the future."

States in the survey planning to review deferments are Connecticut, Delaware, Florida, Georgia, Indiana, Kansas, Maryland, Michigan, North Carolina, Oregon, Pennsylvania, Washington and West Virginia.

Those not planning to are Illinois, Louisiana, Virginia, Wisconsin and Wyoming. Considering such action are California and Texas.

ANACONDA, Ariz. (AP) — Anaconda fell more than 3 points and Kennecott dropped 2.

Puzzle of Wednesday, Aug. 11, Solved

Water Crisis Team Heads Into Northeast

WASHINGTON (AP)—A federal water crisis team heads into the drought-stricken Northeast today to begin laying out a systematic program for solving an acute water shortage.

Secretary of the Interior Stewart L. Udall and Lt. Gen. W. F. Cassidy, chief of the Army Engineers, head the team which has meetings scheduled at Philadelphia (1:30 p.m. EDT) and Camden, N.J. (4 p.m.) today and at Newark, N.J. (9 a.m.) and New York City (2 p.m.) Friday.

Follow-up teams of about a half dozen men each will be set up in each city to continue working with state and local officials on drought problems.

LEADERS CONFER
 This was the machinery ordered Wednesday by President Johnson during a White House conference of governors, mayors, members of Congress and other officials from New York, New Jersey, Pennsylvania and Delaware called to discuss the four years of drought.

"This is a time for action—federal, state and local, public and private," Johnson said.

He announced measures to mobilize federal aid for longer range projects including a \$4-million water resources planning survey for the entire Northeast from Maine to Virginia and speedups in reservoir projects in Pennsylvania and New Jersey.

Johnson also signed a bill authorizing a \$185-million speedup in the program to convert salt and brackish water to fresh water.

Udall and Cassidy met for more than an hour following the White House meeting with dozens of state and local officials from the drought area to set up the machinery for implementing the President's plan.

SET PROGRAM
 "We want to lay out a systematic program," Udall said. "We presumably will come up with some hard decisions."

The first step for the task force, Udall said, will be to gather all the information possible on the water shortage, what's being done about it and the supplies which are available through next March 15 when the spring runoff normally begins.

Although more federal money probably will be needed, Udall said the cities and states also will play an expanded role in the solutions to the problem to be recommended to the President.

Johnson asked his Water Resources Council which Udall heads to keep in daily touch with officials of the four states represented at the White House conference. He said he is prepared to take whatever additional steps the council deems necessary.

City Agency Bill Due Fast Accord

WASHINGTON (SP)—Sponsors of the bill creating a Cabinet Department of Housing and Urban Development predicted today the differences between the House and Senate versions will be settled quickly.

The Senate passed the high-priority administration measure Wednesday 57 to 33 and sent it back to the House which had cleared it 217 to 184 June 16.

Voting for it were 47 Democratic and 10 Republican senators. Opposed were 14 Democrats, including 12 Southerners, and 19 Republicans.

HAILS SUPPORT
 Hailing the Senate action,

TV Show Actor Out Of Hospital

HOLLYWOOD (AP)—Actor Raymond Burr—known to television audiences as attorney Perry Mason—was released this week from Cedars of Lebanon Hospital after several days of tests.

He had been admitted to the hospital for diagnosis of an infection contracted during a trip to Viet Nam.

President Johnson said in a statement, "We will make sure that every family in America has access to a home of dignity and a neighborhood of pride."

He said he was delighted with what he called the strong bipartisan support in the Senate for the new department.

Two days of low-key Senate debate on the bill came as an anticlimax after 10 years of congressional dispute over establishing a Cabinet department to deal with problems of cities.

Republican Leader Everett M. Dirksen enlivened the debate at the end, however, with a speech explaining he was voting no in the hope of slowing "the growth of gargantuan government."

Supporters of the measure declared that the nation's metropolitan centers were being overwhelmed with problems of growth and decay. The new department, they argued, will make more effective the federal programs designed to help meet these problems.

MAY ACCEPT
 House leaders said they would analyze the relatively minor Senate changes for a day or so before deciding whether to ask for a conference, or simply move to accept the amendments.

With establishment of the department virtually assured, speculation centered on possibilities for appointment as the 11th Cabinet member. Robert C. Weaver, head of the Housing and Home Finance Agency, is unofficially tabbed as the front-runner. Others mentioned were Mayor Robert F. Wagner of New York—who said he had not discussed the matter with anyone authorized to make an appointment—and former Rep. Albert Rains, D-Ala.

Murder Charged In Wife's Death

SINTON, Tex. (AP)—Murder charges have been filed at Sinton against Leo Grant, 57, in the shooting death of his wife, Bernice Walker Grant, 27.

Mrs. Grant was shot with a .38 caliber pistol Monday night at a Sinton tavern. She died of the wound Tuesday.

TO ALL CITIZENS OF BIG SPRING

North Side United, Inc. was formed for the purpose of improvement of public facilities, education and general welfare of the northside of Big Spring, also to keep Kate Morrison School open.

The northside community has been in existence for more than half a century. Everywhere in America and, of course in Big Spring, we see progress which every member of North Side United is strongly in favor. But very little of that progress has been seen in the north side.

Now even the very little that the North Side has is being taken away, which is Kate Morrison School.

So for this purpose North Side United was formed. NSU seeks to get a degree of progress to which North Side citizens are entitled as taxpayers. We hope that all citizens of greater Big Spring will agree that this organization is badly needed.

North Side United has established headquarters at 601 North Douglas, Telephone AM 3-1951. A receptionist will be on duty at all times between 9 a.m. and 5 p.m.

North Side United is asking help of all citizens of Howard county... help with a contribution, information or any other assistance. All gifts and help will be kept confidential if desired.

Chile Bothered About Widespread Alcoholism

SANTIAGO, Chile (AP)—Chile is officially concerned about the number of citizens whose fondness for the grape has them in trouble.

The government paper La Nacion says every other adult male is an alcoholic or is on the way to becoming one.

The National Health Service is more conservative, but even so it says 250,000 people in this nation of eight million have serious drinking problems and

that 750,000 others drink excessively. "Excessively" is defined as getting drunk more than once a month. The service says 45 percent of its hospital beds are occupied by persons suffering the effects of alcohol.

In the Santiago area, the service estimates, one death in 10 is caused by cirrhosis of the liver. The government is committed to helping increase wine production particularly with an eye toward boosting exports.

Woman Should Be Round, Actress Says

By JAMES BACON
AP TV - Radio Writer

HOLLYWOOD (AP) — Elke Sommer, the curvy German actress, is a rarity: She eats desserts.

"I think a woman to be feminine should be round," she says. "In Europe men prefer a woman they can put their arms around and feel something besides bones."

"Even American designers — and the French, too — make clothes for girls who should be sent to camps for undernourished children. I have yet to meet a man who wants a girl friend built like a boy."

Elke believes that femininity is not all body and face.

"You see a beautiful woman enter the room and you don't look. You see a less beautiful woman — and you look."

"And nine times out of ten, that less beautiful woman you see will be well-rounded."

Elke sometimes even has a second helping of dessert.

She is currently in "The Oscar," which she calls the best part she has had so far. She plays a dress designer.

"I have never been dressed so beautifully in a movie," says Elke.

Because of her blonde beauty and knockout figure, she has spent much of her movie career in scanty garb.

When Elke first came to the United States to make "The Prize," an interviewer wrote:

She sleeps in the nude, her left thumb in her mouth, her right arm cuddling a stuffed lamb. Asleep, she resembles a child. But awake and in fluid motion before the cameras, she makes Bardot look like an awkward schoolgirl.

MEDICARE AND SOCIAL SECURITY: 10

...How Much Do You Get---How?

By JOHN TROAN
NEA Special Writer

"How much will I get when I retire?" That's the question uppermost in the minds of millions of Americans who are working their way toward a Social Security pension.

ORDER BOOK

All the valuable information contained in this series, PLUS additional details and charts are offered to you in a new 80-page book for permanent reference. To order a copy, send name, address and \$1 to "Medicare" c/o Big Spring Herald, P.O. Box 489, Dept. 79721, Radio City Station, New York, N.Y. 10919.

MONTHLY RETIREMENT BENEFITS

Here are examples showing about how much you'll draw in monthly retirement benefits at age 65, based on your average yearly earnings under Social Security:

AVERAGE YEARLY EARNINGS	RETIRED WORKER	RETIRED COUPLE
\$804 or less	\$ 44.00	\$ 66.00
\$1,200	63.20	94.80
\$1,800	78.20	117.30
\$2,080 (a)	83.50	125.30
\$2,400	89.90	134.90
\$3,000	101.70	152.60
\$3,600	112.40	168.60
\$4,200	124.20	186.30
\$4,800	135.90	203.90
\$6,600 (b)	168.00	252.00

(x)—Current average of all retired workers receiving benefits.

(y)—Generally, this won't become possible until the year 2000 for retired women workers and 2003 for retired men.

• \$4,200 a year from 1955 through 1958.

• \$4,800 a year from 1959 through 1965.

(Because that's all that has been taxed for Social Security purposes.)

Starting with 1966, you may count the first \$6,600 you earn each year.

You must count a certain number of years to figure your "average earnings." The number depends on when you were born, and whether you are a man or woman. The minimum is five years; the maximum, 35.

(The accompanying table shows exactly how many YOU must count.)

Your retirement benefit is based on your highest earning years. But if you haven't

New All-Weather Clothing Coming?

MOSCOW (AP) — A Soviet textile mill claims it has perfected a new technique of coating cloth with aluminum spray which would make it good either for hot or cold weather.

Farm Jobs Drop Further

WASHINGTON (AP) — The number of Americans employed on farms keeps dropping, despite government action limiting the importation of foreign agricultural workers.

An Agriculture Department labor survey shows there were 204,000 fewer hired workers on farms during a survey week of July 18-24 than in the corresponding week last year.

The number of hired hands on U.S. farms during the survey week was 2,338,000—virtually all American. A year earlier, the total, which included 55,000 foreign workers, was 2,542,000.

The administration curbed foreign farm labor recruitment so Americans could find work, it said.

The relatively tight supply of labor for certain seasonal jobs on vegetables and fruits, a persisting shortage of dependable and qualified regular workers on general crop and livestock farms, and rising wage rates reportedly are among the factors that are tending to restrict numbers and increase the dependence on the available help," the department said.

Seek Name For Tower

SAN ANTONIO — A tower that will soar more than one-eighth of a mile above HemisFair 1968 is looking for a name that will be as imaginative and enduring as the tower itself.

HemisFair officials are conducting a contest to seek an appropriate name for the tower. The winner will get to see the tower often, since a season pass for himself and members of his immediate family is one of the prizes that will be awarded by the executive committee of the fair.

Also to be awarded the winner will be a three-day, expense paid stay at the Menger Hotel in San Antonio, including traveling expenses for himself and immediate family, and a \$100 U. S. Savings Bond. Nine runners-up will each receive \$25 U. S. Savings Bonds.

A brief statement as to why the entrant feels his selection is appropriate should accompany the entry, which must be postmarked no later than Sept. 30, 1965. All entries should be mailed to HemisFair 1968, 421 South Alamo Street, San Antonio, Tex.

Contestants, who may submit as many entries as they wish, should keep in mind that HemisFair is dedicated to the cultures of the Western Hemisphere and the achievements of the various nations in art, commerce, industry, history and economic development.

Coin Clubbers To Meet Today

The Big Spring Coin Club will meet at 7:30 p.m. today in the Settles Hotel. All interested persons are invited.

worked the number required for this purpose, some "zero earning" years must be included in calculating your average earnings.

For example, take a man born in 1906. As explained in a previous article, he needs 20 "quarters of coverage" to qualify for SOME retirement benefit. That is five years. But in figuring HOW MUCH he is to get, he must average out his earnings over 15 years.

ZERO EARNINGS

Thus if he works only five years under Social Security, he must include 10 years of "zero earnings" to calculate his average. This pushes the average earnings down—and reduces his monthly benefit.

Social Security headquarters in Baltimore keeps a lifetime record of your earnings. You can find out how much is credited to your Social Security account, and how many "quarters of coverage" you have earned, by filling out a post card form available at any Social Security office.

The smallest retirement benefit a worker may draw at age 65 is now \$44 a month. This is if yearly earnings under Social Security average \$804 or less.

The maximum monthly benefit at age 65 is \$135.90—for a worker with average yearly earnings of \$4,800. This will climb steadily until the year 2000 at which time some workers will qualify for the top retirement benefit of \$168.

You may claim your retirement benefit at age 62. But in that case you get only 80 per

cent of what you'd draw at age 65. If you wait until you're 63, you get 86 2/3 per cent. If you start collecting at age 64, you get 93 1/3 per cent.

LESS SOONER In short, the sooner you begin drawing your benefit the less you get per month. That's because you'll be getting it for a longer time.

When you draw a retirement benefit, your wife and children also may qualify. The wife must be at least 62. Or she must be caring for an unmarried child under 18 or a child incapable of self-support due to a disability incurred before age 18.

Such children also are eligible for monthly checks — plus any child under 22 who is still in school. (Coverage for such students is retroactive to Jan. 1, 1965.)

The wife gets one-half of the husband's "primary insurance benefit"—what he'd be entitled to at age 65. (But her payment is reduced, up to 25 per cent, if she claims her benefit before reaching 65 herself.) Each child also is entitled to one-half of the worker's basic benefit.

There is a ceiling, however, on what one family can draw. This now ranges from \$66 to \$309.20 a month, depending on the worker's average yearly earnings. The family maximum will rise in some cases to \$368 in 1967.

A special provision, effective Sept. 1, 1965 (or Oct. 1 if bill is signed after July 31), pertains to retired workers reaching 62

before 1969. Regardless of average earnings, such a person may draw a flat \$35 monthly benefit if he worked a specified number of months in some cases, as few as nine—under Social Security at any time since Jan. 1, 1937. And his wife may collect an extra \$17.50 a month if she reaches 72 before 1969. (NEXT: You don't have to quit working to draw retirement benefits.)

YEARS TO COUNT

Here is a table listing the number of years that must be counted in figuring a worker's average earnings—on which all Social Security cash benefits are based.

Year Worker Was Born	Years Counted Man—Women	Year Worker Was Born	Years Counted Man—Women
1896	22	1913	19
or earlier	5	1914	20
1897	6	1915	21

GET A TEXAS-SIZE DEAL ON A PLYMOUTH VALIANT

Plymouth sales in Texas are booming!

What are the reasons for Plymouth's popularity in Texas? The Plymouth Valiant is one. Texans hear about Valiant's smart styling, peppy performance, low, low price and they head for their Plymouth Dealer's showroom. There they discover that Valiant is the compact that hasn't forgotten why you buy a compact. There's also something else that Texans go for... Valiant's 5-year/50,000-mile engine and drive train warranty*. So when you tote up Valiant's plus features, you can see why Plymouth sales in Texas are booming!

*Here's how Plymouth's 5-year/50,000-mile engine and drive train warranty protects you: Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

Get Texas-size savings at Plymouthland now!

Union Shop Ban Repeal Advances

WASHINGTON (AP) — The Senate Labor subcommittee today approved 7-1 the administration bill to repeal Section 14B of the Taft-Hartley law which allows states to ban the union shop.

The group put into the bill provision to protect persons with conscientious scruples against joining a union on religious grounds. But it rejected far-reaching amendments offered by its Republican members.

Sen. Pat McNamara, D-Mich., said he did not know when the bill would be taken before the full committee.

The bill would have the effect of knocking out so-called right-to-work laws in 19 states. Under the union shop, an employee must agree to join the labor organization in a specified period of time in order to get or hold a job.

The House passed the repeal-er 221-203 July 28.

Five Minor Mishaps Listed

Five minor traffic collisions were reported by local police Wednesday, and one this morning. No injuries were reported, police said.

At 8:20 a.m. today the cars of Elizabeth Hines, 100 W. 8th, and Lela Wood Bryson, Box 283, were in collision in the 1600 block of Eleventh Place.

The car of Dennis Paul Bagwell, 1429 E. 6th, was in a minor crash with the car of William Marvin Cooper, 1418 Stadium, at FM 700 and Scurry Wednesday morning. At Third and Gregg, cars of David Clint Thomas, 1609 Stadium, and Jessie Mack Myles, 804 Pine, collided.

The car of Kenneth W. Greenhill, 1103 W. 8th, had light damage when it was in collision with the parked car of Raymond Dyer, 1500 Thorp, on Birdwell Lane near FM 700.

The parked car of Jene Armstrong, Coahoma, was involved in a crash with the car of Randy Looney, 1206 E. 18th, in the 200 block of West Twenty-First. Cars of Chestley Johnson, 2203 Rannels, and Ethel Adele Hickson, 107 E. 17th, collided in the 100 block of West Second.

DAILY DRILLING

DAWSON
Midwest No. 1 Richards set a 4 1/2-inch casing and shot above the total depth of 8,657 feet. Operator is southwest of Lameneo. Location is six miles north line and 660 feet from the east line of section 34-34-40, T8P survey. Phillips No. 1-A Beard recovered 895 feet of gas in 1964. The location is east of heavy oil and gas-cut mud after a drillstem test of two hours between 8,810-70 feet and 9,000 feet. The 45-minute initial shut-in pressure was 3,334 pounds. Flow rate from 118 to 147 pounds. The 45-minute final shut-in pressure was 2,862 pounds. Operator is drilling below 8,974 feet. Location is five miles southeast of Lameneo. 1,280 feet from the east line and east line of section 34-34-40, T8P survey.

HOWARD
Lario No. 1 White swabbed 1 1/2 barrels of fluid which was five per cent oil with a show of gas. The formation was acidulated with 4,000 gallons and shut-in overnight. Operator is forming with no grout.

COMPLETIONS

HOWARD
Phillips No. 4 Hooks is completed in the Howard (Gassback) with an initial production potential of 53 barrels of 29.4-gravity oil, 12 per cent water and 600 gas per day. Location is 2,347-584 feet interval. The formation was acidulated with 15,000 pounds. Total depth is 3,240 feet, plugged back to 2,993 feet with a 5 1/2-inch casing and set the total depth. Location is 1 1/2 miles from the south line and 1,280 feet from the east line of section 140-20, WAWW survey.

WEATHER

WEATHER REPORT AUGUST 11, 1965

Eubank Still Awaits Key

Jack Eubank's release from the county jail, expected Monday, delayed by fate to Tuesday, and still not in effect, could come tomorrow.

Today's mail did not bring the awaited mandate of the Texas Court of Criminal Appeals which for Eubank will serve as a jail cell key. Until that paper is in the hands of Fern Cox, district court clerk, and handed to Aubrey Standard, sheriff, Eubank will continue to be a prisoner in the county jail.

Technically, Eubank should be free now. Originally arrested at the request of New Mexico, who said he was a fugitive convict from their prison, Eubank has been held here for more than five months.

Several days ago, New Mexico notified Wayne Burns, district attorney, that it had abandoned its extradition efforts and that it no longer wanted Eubank.

However, there was still pending, at that date, a motion for rehearing in the appeals court on a ruling by that court in an earlier extradition hearing. As a result, until this technicality was removed, Eubank could not, local officials felt, be released.

Burns filed a request that his rehearing request be dismissed. The court promised prompt action. It has been expected the mandate will be here any day.

Jury Wheel Is Stuffed

Howard County jury wheel, from which is drawn the jurors who serve in the district and county court, will be officially "stuffed" today with cards bearing the names of 14,000 Howard County residents.

Each year, the law specifies that the district judge order the jury wheel emptied of all names used in the current year and refilled with names drawn from the poll tax and property tax rolls.

Cards bearing these new prospective jurors' names have been prepared. Fern Cox, district court clerk, said that there are about 14,000 cards and that the number is about the same as last year. The law specifies the new names be placed in the wheel on or before Aug. 15 each year.

The filling of the jury wheel must be witnessed by the judge, the district court clerk, the county clerk, the county tax assessor, and the sheriff.

Directors Seek New House

Directors of Half-Way House learned Wednesday that the United Fund will give the home \$1,000 if the UF reaches its goal this year.

The information was in a letter read to the directors at a luncheon meeting at the Wagon Wheel Restaurant. Last year the home received \$1,200, and had requested \$1,800 for this year, according to Carl B. Mangum, treasurer.

Also discussed was the possibility of finding a new location for Half-Way House, which is at 411 Lancaster, an old home, which Mangum and other members described as "outdated and inadequate." Although the capacity of the present home is 14, and only 10 patients are housed there, Mangum said the house is hot in summer and cold in winter, and requires individual gas heaters to make it liveable during the cold months.

"What we need," Mangum said, "is a more modern, less compartmentalized place, with more of a homelike atmosphere, and more closet space."

Directors said most of the patients are seasonal and would not last long. They expressed concern for future employment of the patients after the seasonal jobs run out.

Returned Here

Allen Lee Wade, wanted here for cashing a forged check at one local bank and attempting to cash a second check at another bank, was returned to Howard County Wednesday from Lubbock where he has been held in county jail. He will be brought before the Howard County grand jury later this month. Wade is wanted in a large number of places, Sheriff A. N. Standard said.

Meet With Officials

Mr. and Mrs. Cecil McDonald, owners of the McDonald Rambler dealership in Big Spring, met this week in Dallas with top officials of American Motors. They are shown here with Roy Abernethy, right, company president, at the dealer conference.

High Pointers Named In Weekend Horse Show

GARDEN CITY — Jean Ann Boynton, daughter of Mr. and Mrs. E. W. Boynton, Midland, and Mike Price, son of Mr. and Mrs. J. B. Price, Big Spring, were high point cowgirl and cowboy at the horse show here last weekend.

A Navajo saddle blanket, given by Frances Kennedy of the Garden City Farm and Ranch Store, was won by Ronnell McDaniel.

J. W. Mitchell, Midland, was the judge for halter classes, assisted by Shannon Branham, Kenneth Williams served as announcer.

There were 41 horses entered in the show, which was preceded by a parade.

B. J. Petty Rites Friday

Burnis J. Petty, 68, of Elbow Community, died Wednesday at 6 p.m. in a local hospital after an illness of several years.

Born Sept. 12, 1896 in Brown County, he moved to Howard County in 1908 from Merkel with his parents. He married Dorothy Caudle July 15, 1933 in Colorado City. A stock farmer of the Elbow Community since 1929, he was an army veteran of World War I, and was a member of the Mount Joy Baptist Church in the Knott Community.

Services will be Friday at 4 p.m. in Nalley-Pickle's Rosewood Chapel, Rev. Darrell Robinson, Berea Baptist Church, and Rev. H. B. Graves Jr., Coahoma First Baptist Church, officiating. Burial will be in Trinity Memorial Park.

Youth Arrested In Pickup Theft

Colorado City police arrested a 13-year-old Midland boy accused of stealing a pickup from a Big Spring man and a car from a Westbrook man Wednesday. Mitchell County police apprehended the youth in the stolen car.

The youth was taken to Midland and turned over to a Midland juvenile officer Thursday morning.

Old Tax Suits Dropped

Dismissal of 38 old tax suits has helped to bring the total number of cases on file in 118th District Court to 967—the lowest total in many months.

Fern Cox, district court clerk, said that July started with 995 cases of all kinds on file. On July 31, the grand total was 967. During the month, in addition to the dismissal of the tax suits, 32 civil suits were either dismissed or otherwise disposed of. There were 16 divorce suits removed from the docket, but there were 33 divorces filed. As a result, the month saw the total number of divorces climb to 210 from the 193 on hand July 1.

Annulments remained unchanged—10 on file at the start of the month; 10 on file at the end of the month.

Criminal cases dropped 11. There were 48 on file July 1. Seven were tried before the court and three were dismissed. The criminal cases pending stood at 87.

Other civil suits started off with 374 on file. Sixteen new petitions were filed. Fourteen were tried before the court and 17 dismissed. This left the month-end total on file at 358. There are still 332 tax suits pending.

Blast Causes Still Unknown

SEARCY, Ark. (AP) — The Air Force says it will probably be at least 10 days before it's known what caused an explosion and fire in a Titan II missile complex, killing 53 civilians.

A 30-man investigation team continued today its inspection of the blackened launch tube of America's mightiest ballistic missile — scene of the worst tragedy in the history of America's space and missile systems.

Secretary of the Air Force Eugene M. Zuckert and an Arkansas congressional delegation went into the underground complex Wednesday, but returned to Washington without revealing any findings.

TEN DAYS Zuckert said it will probably be 10 days to two weeks before "we have the answers to the questions now being asked."

He toured the site with Sens. J. William Fulbright, D-Ark., and John L. McClellan, D-Ark., Rep. Wilbur D. Mills, D-Ark., and Gov. Orval E. Faubus of Arkansas.

Only two of the 55 workmen who were modifying the silo's physical plant survived Monday's explosion and fire.

"There will be no progress report on the investigation," said Capt. Douglas Wood, public information officer for Little Rock Air Force Base. Until "they come up with a probable cause or a definite cause."

BOARD PROBING A board headed by Brig. Gen. C. B. Stewart from the office of the inspector general is handling the investigation because, Zuckert said, "this is in connection with the missile program which cuts across more than one command."

Zuckert said there was a possibility of an "investigation board from the Strategic Air Command, but this has not been definitely decided."

"The investigation is being held to determine what went wrong and to determine what added safety factors might be needed, he said, adding: "I will report our findings to the President."

The modification program on missile sites has been stopped by the Air Force, pending the investigation. The 54 Titan II sites are scattered in clusters of 18 around Little Rock, Ark., Tucson, Ariz., and Wichita, Kan. They were completed in 1963 at a cost of more than \$400 million.

DIDN'T BURN The 150-ton missile, capable of carrying a 24-megaton atomic warhead 18,000 miles an hour to target 6,000 miles away, was in the launch tube Monday, but did not burn.

Expressions of sorrow and sympathy for the families of the men came from the Washington officials. Churches are remaining open in this central Arkansas town of 8,000 for prayers for the victims.

Mills said the delegation did not see all of the complex, "but we saw enough to know that it was horrible."

There are numerous safety devices in each Titan silo — temperature and humidity controls, electronic systems control, automatic sprinkler systems to fight fires, pressure control systems and others.

CARD OF THANKS I wish to thank my many friends for the flowers, cards and visits while I was hospitalized and the many courtesies shown me by Rebekah Lodge 284.

Mrs. E. C. Airhart

Half Of Paving Program Complete

Nearly half of the city's current paving program is completed or being worked on, according to Ernest Lillard, director of public works.

Completed are 13 blocks, with four additional blocks having been curbed and guttered, he said. Thirteen and Mesa streets will be paved this week, making a total of 25 blocks worked on so far, of a total 55.

Boat Throws Bronc Rider

SCOTLAND, Tex. (AP) —
Thirty-eight-year-old rancher
Jack Morris has been thrown

from broncs and hulls but never
before from a motor boat. His
runaway boat even took a swing
at him.
"I've never been thrown as
fast," Morris said.
Morris, now recuperating at
his ranch home here, referred
to a freakish and near-tragic
boat-skiing accident on nearby
Lake Kickapoo, from which he
amazingly survived.

He was driving his motor
boat, pulling his 13-year-old son
Mike on water skis. When the
ski cord was released, the boat
veered sharply and started spin-
ning crazily in circles. Morris
was thrown into the water.
"I looked to see that my boy
had cleared to shore, then I be-
gan swimming as fast as I
could. The boat circled and was
heading for me at full speed. I

dived into the water." The pro-
peller of the boat cut his upper
right leg five times.
SWIMS TO LAND
With "an awful numb hip"
and a long gash in his leg, Mor-
ris swam 100 yards to shore.
"I didn't," said the rancher,
"have any choice but to swim.
It was real lucky."

He was rushed to the hospital
at Archer City, Tex., where doc-
tors took 33 stitches in the leg
muscle. No arteries had been
cut.
After the mishap, the boat
continued to spin in circles
along the shore line, traveling
several miles until it grounded
itself on a peninsula.

Tourist Travel Limits Relaxed

WASHINGTON (AP) — Re-
strictions on tourist travel be-
tween Mexico and the United

Big Spring (Texas) Herald, Thurs., Aug. 12, 1965 5-A

States will be liberalized next
month, with nationals of both
countries being able to get cards
allowing them to stay across the
border as long as six months.

starting Sept. 15. They will be
able to remain in the United
States as tourists for up to six
months with no visa or passport.
A similar agreement for
United States citizens going to
Mexico takes effect Sept. 1.

DELIVERS SEVENTH INNING HOMER FOR TEMPLE CLUB
Auggie Batiste's blast draws team mates to plate
(Photo by Kenneth Good)

Dallas Bears Trim Locals In Tourney

By TOMMY HART
Houston, Temple, Pasadena and Dallas put teams in the winners' bracket in the State Hi-Junior Teenage Baseball tournament here Wednesday.

The unbeaten bracket will be narrowed to two after tonight. The evening action sends the Houston Colts against the Temple American Desk club at 6 p.m. and the Pasadena Tigers against the Dallas Bears at 8:30 p.m.

Big Spring's Kiwanis Club

was relegated to the losers' bracket by Dallas, losing 6-2 in a game that wound up about 11:15 o'clock last night.

Earlier, Pasadena had rallied in the seventh to tie the San Angelo Jaycees and then went on to topple the Concho City team, 3-1, on Champ Traylor's one-on home run in the ninth.

Action was to resume at 10 a.m. today, with Denton's Dendy Insurance opposing the Texarkana Mustangs in a losers' bracket game.

Big Spring and San Angelo are shut out at 2 p.m., with the loser shuffling to the sidelines.

San Angelo is favored to topple Big Spring and some observers still think the Jaycees will win it all, despite the fact that they were put behind the

eight-ball by Pasadena.

San Angelo led Pasadena from the second inning on, at which time Kenneth Newman scored on a triple by Mike Hartman.

Pasadena deadlocked the count in the seventh when Stanley Goode spiked the dish on a wild pitch after he had doubled.

Pasadena outhit the Jaycees, 7-4, with Traylor clubbing three hits for the winners.

Big Spring grabbed a 1-0 lead on a first inning run by Rod Roberts in its game but Dallas came back to tie the count on a long home run by Bryan Pierce in the fourth and then wrapped up the verdict by counting three times in the fifth.

Mike Biko, the inning hurler, clubbed a round tripper with Ronnie Plemmonk aboard in the fifth.

Big Spring was limited to a solitary hit until the seventh and collected only four in all against the talented Biko. Kirby Horton had a run batted in for Big Spring in the seventh.

Big Spring used three hurlers in a vain attempt to slow the Dallas power. The Bears collected a total of ten hits, with catcher Randal Cooper getting three of them. Pierce and Shumway each had two hits for the Bruins.

A dramatic seventh inning home run by pitcher Auggie Batiste with Dennis Wilson on base propelled the Temple American Desk Club past the Texarkana McLarty Ford Mustangs, 5-3, in an afternoon game.

The drive easily cleared the right field fence and came off relief tosser Joe Griffin, who had spelled Bill Stewart in the sixth on the mound for Texarkana.

Batiste had driven in Wilson with a double in the third to give Temple a temporary lead.

Wilson started on the mound for Temple and worked until the fourth, when Batiste took over.

Temple outhit the Texarkana club, 8-5, with Wilson, Batiste and Rick Dornhoefer collecting two blows each for the winners.

No one on the Texarkana club had more than one safety. Randy Hickerson and Jerry Gross had doubles for the Mustangs.

The Houston Northside Stevedore Colts accepted a forfeit from Dendy Insurance of Denton in the first game.

BATISTE

Namath Says He May Be Drafted In Near Future

NEW YORK (A) — Will Joe Namath is barking "Hut, Hut" as a \$400,000 quarterback awaiting the snap from center or marching to that cadence as a \$78-a-month member of Uncle Sam's team?

That became a pressing question when Namath, locked in a three-way battle with holdover Mike Taliaferro and Heisman Trophy winner John Huarte for the No. 1 quarterback position on the New York Jets, revealed Wednesday that he might be drafted into military

service in the near future.

The 22-year-old former Alabama standout was scheduled to take his physical examination Tuesday at his home draft board in Beaver Falls, Pa., but his papers were transferred to Peekskill, N.Y., where the American Football League club is training.

According to a spokesman for the Jets, Namath now is scheduled for a pre-induction examination on or about Sept. 1. Induction would likely be imminent if he passed the physical.

Pizzaro Is Mystery To Senator Hitters

By DICK COUCH
Associated Press Sports Writer

Washington Senators don't have a clue.

Al Lopez may have solved the enigma of Juan Pizzaro's on-again, off-again fast ball but the

one-hitter Wednesday night as the Sox won the second game of a doubleheader 7-0.

CHANGE OF PACE
The Puerto Rican southpaw, a 19-game winner in 1964, had failed to finish in nine previous starts and had won only one game — exactly two months ago against Washington — before his one-hitter.

Pizzaro's ineffectiveness mystified Manager Lopez until it was traced to a torn triceps tendon in his left shoulder late in June. He went on the disabled list for 30 days and the rest apparently has worked wonders.

Pizzaro's fast ball was humming against the Senators. Woodie Held, who had paced Washington to a 5-2 first-game victory, got the only nightcap hit — a lead-off single in the fifth inning. The only other Senators to reach base were Don Lock and Don Zimmer, on walks in the first and eighth, respectively.

It was the third American League one-hitter among 13 pitched in the majors this season and all three have been against the Senators. Held got the only hit off Cleveland's Luis Tiant June 16 and Lock deprived Detroit's Dennis McLain of a five-inning no-hitter in a rain-abbreviated game July 3.

Elsewhere in the AL, the New York Yankees snapped first-place Minnesota's winning streak at six by edging the Twins 5-4; Detroit swept a doubleheader from Kansas City 6-2 and 5-4 in 10 innings; Cleveland blanked Los Angeles 6-0 on Tiant's three-hitter and Boston whipped Baltimore 8-3.

KIRKLAND HOMERS
Held rapped a single and two doubles, driving in two runs, and Willie Kirkland homered as the Senators took the opener behind left-hander Pete Richter.

The Yankees rallied for five runs in the fifth inning, two on Bobby Richardson's single, to erase a 3-0 Minnesota lead. Mel Stottlemyre pitched up his 14th victory, tying losing pitcher Jim Grant for the league lead.

Women Bowlers Meet Tonight
A new women's bowling league will be formed at 8:30 o'clock this evening at the Bowl-A-Rama. The session will be open to anyone who wants to compete in such a league.

The circuit will cater to bowlers with medium and low averages.

Those who would like to bowl but cannot attend the meeting can contact Marie Johnson, AM 3-2272 or Alma Arnold, AM 3-3026, after 6 p.m.

National Gate Is Barreling Toward Mark

CINCINNATI (AP) — Attendance at National League baseball games is better than ever, says Dave Grote, the league's service director.

"As the season moved into August, the National League was running almost 650,000 ahead of its record pace of last year for a corresponding number of dates," Grote said today.

Grote, in an attempt to silence claims that "baseball attendance is declining," or "baseball attendance may be up, but the increase has not kept pace with the population boom," issued a comparison of NL attendance with the population growth.

Grote said the baseball attendance increase since 1920 is 142 per cent, while the increase in population is 69 per cent.

Grote said the estimated attendance of 108 million for the current decade "is conservative."

New ball parks have accounted for some of the increase, Grote said.

The NL reached an all-time high in 1962 with 11,500,139 paid admissions, eclipsed that record with 11,382,227 in 1963 and went over the 12 million mark in 1964.

"With prospects of another down to the wire pennant race, it's a veritable cinch that the Senior Circuit will establish a record attendance for the fourth consecutive year," Grote said.

Unlike other sports, baseball includes only the paid admissions in its attendance figures.

In its last year as an eight-club league in 1961, the NL drew 8,731,502. The 1964 total, with 10 clubs, was 12,045,190.

The two new clubs, the New York Mets and Houston Astros, drew a total of 2,458,370 in 1964, while the eight old clubs showed an increase of 855,318.

LOOKING 'EM OVER

With Tommy Hart

Teddy Graham, who played junior high school athletics here, was a starter on the South team in New Mexico's annual all-star football game played in Albuquerque last week.

The New Mexico clinic registered 270 coaches, including several from Texas. It can't compare in size to the Texas school but the faculty there was fully as good as the one hired for the Texas clinic, if not better.

Four local coaches attended the New Mexico school to hear Minnesota's Murray Warmath lecture on defense and were impressed by the man's savvy.

Minnesota runs a defense much like Snyder's Tigers. Snyder's defense is patterned after that employed by Frank Broyles at the University of Arkansas.

Richard Shade, the 6-foot-8 boy who played for Winters in a bi-district basketball contest here the past winter, will enroll at McMurry College in September and report for football drills. The rangy tackle may weigh 290 pounds.

Charley West, the Big Spring product who won his football letters as a freshman at Angelo State College last year, has been given a scholarship by Texas Western College.

One of West's teammates at ASC last year, Humberto Hernandez of Big Spring, will enroll at HCJC this fall.

Hernandez had a fine season as a freshman at Angelo last year but coach Max Bumgardner passed up the opportunity of taking him back because of his lack of size.

Humberto has been working at the Big Spring Country Club this summer.

Volunteer workers installed the concrete tile addition to the concessions house at the Big Spring Hi-Junior Teen-Age Baseball park, scene of the State tournament now under way, in less than two hours.

The Teen-Age baseball complex here, including the Sophomore diamond, is one of the finest in West Texas and practically all the work has been done as a labor of love by friends of the Teen-Age association.

There is an outside possibility the State Sophomore league tournament will be held here in 1966. A state official visited here recently and was very impressed with the facilities.

Before he arrived on the scene, the Teen-Age people here had planned to bid for the district tournament.

Incidentally, the Odessa Natural Gassers, who edged the Big Spring Angels in the finals of the district tournament this year, went to the finals in the State meet at Fort Worth before losing to a Conroe team, 12-11 and 2-1. Odessa had beaten Conroe in an earlier game, 5-4, and Bobby Wright of the Odessaans threw a no-hit game in the final game but lost by the one run.

Dick Jennings, who teamed with Bobby Lane in the Big Spring Golf Open this summer, recently won his fifth Lubbock Country Club links championship, defeating Larry Lott in the 18-hole final, 2 up.

Truman Nix and his coaching cohorts are expecting 160 boys to report for football workouts in the first four grades at Colorado City next week.

That's twice as many as heeded the call to drills when Truman assumed command there last year.

The Wolves will work from 8 to 10 a.m. and again from 5 to 7 p.m. daily until school starts. They'll do their conditioning on a grassy plot immediately north of the high school gymnasium rather than on the football field.

The proposed field house at Colorado City will be built on the north side of the football stadium so that it can be used by both the baseball and football teams.

Oilers, Cards Clash Sunday

The Big Spring Gage Oilers will try to improve upon a 10-5 won-lost baseball record in a 2:30 p.m. game at Steer Park here Sunday, at which time they will oppose the Sacred Heart Cardinals of this city.

The Red Birds are 12-8 for the year. This one winds up 1965 play for the Oilers. Manager Jim Baum tentatively had a game lined up later this month with Lamesa but has cancelled that one.

The Oilers won't be at full strength, since infielder Jerry Barron and outfielder Jack Blizard will be on vacation.

Danny Valdes, Hank Pope or Bobby Suggs will probably start on the mound for Gage.

Jimmy Felts Is Shoot Winner

In a trap shoot held at the Mesquite Gun Club seven miles west of Vincent Sunday, Jimmy Felts scored 19 breaks to win first place among the dozen shooters entered.

Roy Ford's 16 breaks was good for the runnerup spot while Bill Crow was third, with 15. All entries were shooting at 20 clay targets.

Another trap shoot will be held at 2:30 p.m. Sunday, Aug. 22, at which time members and their guests will compete.

Lots Of Bowling Activity Is Ahead For BS People

Local bowlers may participate in more bowling tournaments than ever. In addition to the local ten-game sweepstakes now being held at the local Bowl-A-Rama, Lamb Bowling Lanes in Littlefield are conducting an eight game A.B.C. sanctioned sweepstakes which runs until Sept. 5. Entry fee is \$10 and handicap is 70 per cent of 200.

Stadium Lanes in San Angelo will conduct their invitational tournament on the last weekend in September and the first two weekends in October. This tournament usually guarantees \$1,000 first place prize money. "Beat the Champ" Tournament will start in Big Spring Sept. 16. The three high-scoring men and women each week will qualify for the roll-off to be held Sept. 26. The three winners will each receive silver cups and will be eligible to participate in the finals in Lubbock Oct. 2. Dick Webber and Donna Zimmerman will be in Lubbock for the finals.

The Big Spring Women's Bowling association, which is an affiliate of the Women's International Bowling Congress, recently held its annual meeting and elected as officers: Jean Nichols, president; Connie Holcomb, vice president; Lola Lamb, secretary; and Nelda Thomas, sergeant at arms. The office of treasurer will soon be filed by the president.

There will be a meeting Aug. 12 to form a new ladies league and those interested should contact Alma Arnold at AM 3-3026 or the desk at the Bowl-A-Rama for more details.

The Longhorn traveling league held its annual meeting last Sunday to formulate plans for the ensuing year. The traveling league will include teams from San Angelo, Abilene, Midland, Odessa, and three teams from Big Spring. Incidentally, the Big Spring entry last year finished third and Bill Littlejohn had the high game of 279 and Harvey Hooser the high series of 681.

T.A.B.Y. junior bowlers from 10 to 18 years will hold their first meeting Sept. 25.

Bowler of the week recognition should go to Sugar Brown for a 265 scratch game which she bowled in the Trio League last Thursday and to Don Washburn for his 252 in the 10 game sweepstakes. His 252 enabled him to go to fifth place with 2289.

Do not forget the local ten game sweepstakes which closes Sept. 6. Bowl as often as you

Roberts Flees Home

Red Roberts, Big Spring shortstop, scores his team's first run in Wednesday night State II-Junior tournament action here against Dallas. Vainly trying to put the tag on Red is catcher Randal Cooper. Dallas won the game, 6-2.

Hogan Bids For Crown

LIGONIER, Pa. (AP) — A legendary figure from the recent but dimming past is challenging the modern day idols for one of golf's most coveted prizes.

Ben Hogan, a little thick around the middle and with thinning hair but still hawk-eyed and purposeful of stride, was no more than a lesser member of the cast today as the elite field played the first round of the 47th Professional Golfers' Association Championship at Laurel Valley.

Coahoma Q-Back Club Meets Today

COAHOMA — The Quarter-Back Club will have its first meeting of the autumn season at 7:30 p.m. today in the elementary school cafeteria. Among other business, there will be an election of officers and a talk by Coach Spike Dykes, said Joe Swinney, current president. Boosters are asked to come and bring their ice cream and cake for the refreshments.

LOTS OF STARS

The stars of the production are the younger set, glamorized by the television age: heavily favored Jack Nicklaus, power-hitting Masters champion on a torrid triumph streak; South Africa's Gary Player, U.S. Open champion with the dramatic touch; Bobby Nichols, handsome defender of the PGA crown; Arnold Palmer, overwhelming popular choice on his home grounds; carefree Tony Lama, and smooth-stroking Billy Casper.

"I'm a part-time player now from March to August," Hogan, who'll be 53 Friday, said after his wind-up practice round Wednesday. "And this is only my fourth competition this year. I made the Masters, the Colonial

Ben Kirkland West Leader

CHILDRESS — Benny Kirkland of Big Spring has been named co-captain of the West team which will meet the East All-Stars in the annual Greenbelt Bowl football game here Saturday night.

Kirkland, who has signed to attend East Texas State, will do practically all of the West's quarterbacking, coach Max Bumgardner of the West predicted.

"He's been looking real good in practice," Bumgardner told the Daily Herald by phone this morning.

The other co-captain for the West is Robert Pierce of Hamlin. Grant Teaff of McMurry is coach of the East squad.

Swatzy Wins Title Again

Bill Schwarzenbach came from four strokes back to win championship honors in the Junior Golf tournament concluded at the Big Spring Country Club Wednesday.

Play was over 36 holes. Schwarzenbach, the defending titlist, finished with an 84-76-169 to beat out the first day leader, Randy Nicholson, by two strokes.

The first flight winner was Mark Slate, who had a 199, one stroke lower than that posted by Pat Weaver.

In second flight play, Randy Womack won with an aggregate score of 233. Archie Kountz was second with a 235.

LBJ Eyes Wide Swing

WASHINGTON (AP) — President Johnson plans no foreign travel this year but hopes to schedule speaking tours to widely separated parts of the nation in the fall as part of a "report to the people" program.

Johnson's travel plans became the subject of renewed interest after the President confided Wednesday to a visiting delegation of travel industry executives that: "I hope before the year is out — when Congress gets out of here — I can do some traveling too."

White House officials, asked to elaborate on Johnson's plans, emphasized first that no trips to foreign countries were contemplated.

Bill D. Moyers, press secretary, was asked about Johnson's off-the-cuff remark about travel hopes. He said the President wanted to "get out and see parts of the country and see people." He said that this hope

has not reached the formal planning stage nor have any invitations been accepted.

From other sources, it was learned White House aides are thinking in terms of a series of speaking engagements, geographically scattered, in which Johnson would report to the people following the adjournment of Congress. It was understood there also has been very tentative talk at the White House about possible presidential conferences outside Washington with such groups as farmers, students, businessmen and, perhaps, labor union leaders.

So far as a presidential vacation was concerned, informants said nothing was in prospect for 1965 apart from visits to the LBJ Ranch near Johnson City, Tex.

Latvian Factory Boss Testing Profit Motive

RIGA, Latvia (AP) — Comrade Theodore Erenstreits belongs to a select group of Soviet factory bosses caught in a profit squeeze with a Communist touch.

He is testing the profit motive, but he still must work within rigid central control. He is supposed to act on his own initiative and at the same time take orders from above. Under these circumstances he does not know just how he is supposed to assume more individual responsibility to make profits. This term is being used as a yardstick for efficiency. All enterprises belong to the state.

The profit idea has been touted abroad, despite Russian denials, as showing that the Soviets are taking economic cues from the West.

LIVES WITH IT

A talk with Erenstreits, a man who lives with the test daily, perhaps gives a better indication of how the idea is working.

It is barely off the ground and already the Soviets face a series of sticky problems in tinkering with their economic system.

That system provides for production under a central state plan, often ignoring the buyer's demands. Success is measured by whether the plan is filled, not by whether goods are sold. Unsold, unwanted goods have cost the state millions.

The profit system, fostered by a Kharkov University professor, Yevsey G. Liberman, calls on central government planners to assign only limited goals to a factory. The factory chief is to be free to make his own decisions, based on local demand, to achieve maximum profits.

IDEAS EXTENDED

Liberman's ideas, tested in two clothing factories last year, were extended to 400 consumer goods plants this year.

The Riga Audums — fabric — factory which Erenstreits directs got the new system in April.

In practice it is a far cry from the idea Liberman put on paper. There have already been complaints in the Soviet press that central planning officials are sabotaging the profit motive system tryout.

In Erenstreits' case, buyers from trade organizations, clothing factories and stores can now come in and tell him which fabrics should be produced to sell better.

"These new connections make life much more difficult for managers," Erenstreits said.

PLEASE BUYER

"The new system means we have to satisfy the needs and demands of the buyer. Of course this affects production. We have to change more quickly and more often."

"The accounting business has become more complicated because we have to be more flexible."

All this must be done within the framework of the central plan. The state still dictates targets for gross output, profits and total sales, Erenstreits said.

Liberman's idea called for less state direction. Erenstreits is relatively free only in choosing the style, color and variety of cloth made.

He said he did not know how factory managers could assume more individual responsibility under this setup.

HEADACHE POSED

Supply could be a major headache. Erenstreits must order dyes for his fabrics from factories still working on the old system of strict obedience to central plans. If his customers want a certain color cloth, he may not be able to get the dye.

So far, he said, this has not been a problem. But he favored putting the dye plant on the same profit basis.

Erenstreits said it was too early to tell whether the new system works better than the old.

Formula For Success Given

Personal development rests upon the triangle of concentration, right mental attitude, and human relationships.

How you deal with these may determine whether you end up as an under-achiever or over-achiever.

This is the way Warren Quinland, who is setting up a Dale Carnegie course here, detailed the formula for success to the Downtown Lions Club Wednesday at the Settles.

While it may be important to learn to work within your limitations, it is more important to live right smack up to them, he said. People who do this are the over-achievers, the real success stories.

There are some other factors in getting along with other people, things such as how we look, what others understand from us, how we say what we mean, what we do and how we do it.

Ironically, the same factors prevail in the sparker and the mediocre individual. Surveys show both have confidence, optimism, enthusiasm and the magic ingredient of desire to succeed. But the mediocre performer only has the fourth ingredient at times.

Quinland had a gimmick to help people in the easy and instant recall of names and facts, but he warned against trying too hard. That can throw up a mental block.

Quinland was introduced to the club by Winston Wrinkle. Frosty Robison, president, urged a 100 per cent attendance next Wednesday when George Thompson, Sweetwater, district governor, will make his official visit to the club. He also announced Sept. 27 as the date for the annual Fun-O-Rama. Rex Hopkins is general chairman, with Roy Hughes, Bill Roark and Clyde McMahon Jr. as members of the project committee.

Widow Goes Free On Bail

HOUSTON (AP)—Mrs. Candace Mossler, once prominent in Houston cafe society, has won her freedom on \$50,000 bond pending trial for the murder of her wealthy husband, and she says she is confident she will be acquitted.

"I think the people of Florida will be fair and realize they have the wrong people," the blonde, 46, said Wednesday night on arrival here after her release from a Miami jail.

Mrs. Mossler's nephew, Melvin Powers, 23, also was freed on \$50,000 bail. He left Miami to visit relatives in Atlanta.

The two are accused of engaging in a love affair and killing Jacques Mossler, 69, because he interfered.

A joint trial is scheduled for Nov. 15. Mrs. Mossler's lawyer will ask for separate trials.

Texans Push Trinity Canal

WASHINGTON (AP) — Some 300 Texans appear today before a House Public Works subcommittee to urge passage of a bill to authorize the proposed \$111 million Trinity River development program.

Under the project, as recommended by the Army Engineers, a series of reservoirs, locks and dams and a barge canal would give Fort Worth and Dallas a water route to the Gulf of Mexico.

Cities and towns along the Trinity and its tributaries are shoulder to shoulder behind the plan which has long been discussed by Texans.

SOME SCOFFED

The late Texas Sens. Tom Connally and Morris Sheppard backed the proposal 35 years ago even though many scoffed at the idea that the Trinity, with its scant flow in summer, could ever be made navigable so far inland—some 400 river miles to an elevation of more than 500 feet above sea level.

The Army Engineers have told Congress the huge project is feasible and economically justified.

The project, if approved by the full Public Works Committee, would be included in an omnibus rivers and harbors authorization bill. Funds for the construction would be the subject of a subsequent appropriations bill.

HOPE RAISED

Because President Johnson supported the project when he was a member of the Senate, the Texans are optimistic for its chances.

The canal phase of the project, including locks and dams, is estimated to cost \$515 million. Four reservoirs would be constructed —Lakeview in Dallas County, Roanoke above Grapevine in Tarrant and Denton counties; and Tennessee Colony in the Middle Trinity area. Other work proposed includes West Fork and Elm Fork floodways; Dallas floodway extension, Duck Creek channel and Liberty flood protection works.

TEXANS GATHER

As a warm up for their appearance before the subcommittee, the Texans held a reception and dinner Wednesday night at the Statler Hotel soon after their arrival.

They came by three chartered planes and plan to return later today.

Congressmen whose districts lay wholly or partially in the Trinity River basin joined in the festive affair, at which points to be emphasized at the hearing were discussed.

LEAD DELEGATION

The leaders of the Texans included Ben Carpenter of Dallas, president of the Trinity Improvement Association; Amos G. Carter Jr., Fort Worth publisher, chairman of the group's executive committee; Roy Appleton, general manager of the Denton Record-Chronicle; Mayor Warren Whitson, Tom Harpool and Joe Skiles, Denton businessmen.

Others among the project backers included mayors of 60 communities in the watershed, chambers of commerce officials, newspaper editors and several county judges.

Houdini Papers, Barnum Items Escape U.T. Blaze

AUSTIN, Tex. (AP)—Flames which burned part of the 20th floor of the 27-story University of Texas Main Building Tuesday missed the collections containing items once owned by escape artist Harry Houdini and circus magnate P. T. Barnum, a drama professor in charge of them said today.

Dr. Frederick J. Hunter, professor and curator of the Hobbizelle Theater Arts Library, said, however, the flames destroyed some non-theatrical books in the collection of Robert Downing, Broadway stage manager, and industrial designs by Norman Bel Geddes, former New York resident. The major portion of the Downing collection was saved, he said.

Lady Churchill said the ring has "great sentimental and historical value." The ring was among \$4,200 worth of jewelry stolen Tuesday from an apartment by two men posing as window cleaners.

Thieves Asked To Return Ring

LONDON (AP) — Sir Winston Churchill's widow has asked thieves to return a ring given her in 1945 by Soviet Premier Josef Stalin.

Lady Churchill said the ring has "great sentimental and historical value." The ring was among \$4,200 worth of jewelry stolen Tuesday from an apartment by two men posing as window cleaners.

International Beauty Pageant

These 15 girls were chosen at Long Beach, Calif., Wednesday night to enter the final night of judging for the title Miss International Beauty. The winner will be named Friday night. Left to right, front row: Ida Fagioli, Miss Italy; Elaine Bolen, Holland; Sandra Penno Rosa, Brazil; and Diane Webster, South Africa. Second row: Lola Muro, Peru; and Diane Webster, South Africa.

England; Gail Krielow, Miss American Beauty; Lisbeth Leffevre, Denmark, and Ingrid Finger, Germany. Back row: Esti Ostring, Finland; Rafaela Roque Sanchez, Spain; Kim Kyungsook, Korea; Linda Lim, Malaysia; Iris Bar-Or, Israel, and Marie Tapere, Tahiti. (AP WIREPHOTO)

U. S. May Switch U. N. Dues Policy

UNITED NATIONS, N. Y. (AP) — Ambassador Arthur J. Goldberg opened a round of diplomatic talks today amid expectations the United States is abandoning its attempt to deprive the Soviet Union of its vote in the General Assembly because it refuses to pay \$62.2 million in peacekeeping assessments.

U.N. diplomats expect Goldberg to unveil Monday a revised U.S. policy before the General Assembly's 33-nation committee on peacekeeping operations. Some Republican members of Congress are certain to object. DISCUSS CRISIS Goldberg, the new U.S. ambassador to the U.N., was expected to confer with delegates

on possible ways to solve the crisis caused by refusal of Russia, France and 11 other nations to pay their peacekeeping dues. Goldberg told newsmen in Washington that President Johnson probably will decide by Monday what the U.S. policy will be on the U.N. dues issue. He said the President's decision will show whether the administration intends to drop its demand that the assembly apply Article 19 of the U.N. Charter. This calls for suspension of the assembly vote of countries two years in arrears. SOUNDED OUT Goldberg said he had been sounding out members of Congress on the U.N. question. After conferring with delegates in New York, he and Secretary of State Dean Rusk will work up a recommendation for Johnson this weekend. Even before the death of

GOP Woos Negro Voter

WASHINGTON (AP) — Republicans are seeking the advice of Negroes from across the nation in an effort to enlist Negro voters in the South and in the big cities of the North.

Sen. Thurston B. Morton, R-Ky., said today his party will be "a bunch of suckers" if they don't do the job.

"We're not talking about taking over the Negro community and turning it into a Republican camp," another party strategist said. "We're not that impractical."

"We're trying to build a very stable, long-range base that we can grow from," he added. "We're not expecting miracles."

National Chairman Ray C. Bliss plans to confer before the month is out with a team of top Negro Republicans from all sections of the country, a party official said.

New Reapportionment Amendment Introduced

WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen, vowing "the fight has just begun," has introduced

a new version of his defeated constitutional amendment on reapportionment of state legislatures.

Like the proposal which fell seven votes short of a two-thirds majority last week, the new amendment by the Illinois senator would reject the Supreme Court ruling that both houses of state legislatures be apportioned according to population only.

Under the proposal, one house could have seats allocated "on the basis of population, geography and political subdivisions (such as counties) in order to insure effective representation in the state's legislature of the various groups and interests making up the electorate."

Changes over the earlier proposal include a provision requiring reapportionment of legislatures every 10 years on the basis of a census, and inclusion of the phrase "to insure effective representation."

Singapore Wins U.S. Recognition

WASHINGTON (AP) — The State Department has announced U.S. recognition of Singapore as a sovereign and independent state. The island republic broke away from Malaysia earlier this week.

"We welcome the new state of Singapore to the community of nations and wish it success in carrying forward its program of economic and social development and its announced policy of cooperation with Malaysia," Robert J. McCloskey, press officer, said at a news conference Wednesday.

Even before the death of

Wife Sues Actor Hardin

MIAMI, Fla. (AP) — Marlene Schmidt, 28, Miss Universe of 1961, has asked for a divorce from actor Ty Hardin, 35, on grounds of extreme cruelty.

The German beauty said the marriage went badly from the start.

She left her husband in June 1964 and at the time told newsmen there were no hard feelings.

Bad Harvest For Wheat

MOSCOW (AP) — The big new Soviet purchase of wheat from Canada confirms that the Soviet Union is having another bad harvest, informed observers said today.

They put that interpretation on an announcement in Winnipeg that Canada will sell the Soviet Union almost five million metric tons of wheat in the next 12 months.

There had been indications that the Soviet wheat crop would be below average this year, primarily because of a lack of rain east of the Volga River.

The size of the new purchase indicates the crop will be far below average.

Drouth in 1963 first sent the Soviet Union, a traditional exporter of wheat, into world markets to buy 12 million tons.

Dated Accused After Two Coeds Vanished, Girl Says

AUSTIN (AP) — Judy Elam, 20, a tall, striking brunette, said today she dated James C. Cross Jr. a few hours after Susan Rigby and Shirley Ann Stark were last seen alive.

Cross is charged with murdering the Dallas girls, both 21, in his apartment, hiding their bodies in a closet, then secreting them in a weedy vacant lot some 12 hours later.

"He acted no differently than he did at any other time," Miss Elam said, of Cross' behavior on her date.

TELLS OF DATE Miss Elam is probably about the same height as the five-foot-nine-inch Cross, an Army veteran. She talked about the date early today with two Associated Press reporters.

(Related story on Page 7-B)

They say the statement described the deaths of the girls this way:

Miss Stark had driven Miss Rigby from Dallas to Austin so that Susan could enroll for summer classes. Miss Rigby could not move into her apartment at once so the girls went to Cross' apartment to shower and change clothes.

Miss Stark had dated Cross; Miss Rigby met him that day for the first time.

Miss Rigby showered first. While Miss Stark was bathing, Cross, the investigators contend, overcame by a fit of passion at his first sight of Miss Rigby, strangled and raped her. When Miss Stark ran from the bathroom screaming, she too was strangled to keep her from spreading the alarm.

"We did have a date," she said.

She added: "Jim asked me for the date while he was at my place for a while on Sunday afternoon."

"During our date, Jim did not appear nervous or upset. He acted no differently than he did at any other time."

Miss Elam said she had known Cross since early June. "We went out, ate a Mexican dinner and went to a movie."

TO APARTMENT "After the movie," she said, "we came back and were in his apartment listening to records for a while. He then took me home."

Were there other guests in Cross' apartment that evening? "I've made a complete statement to the Department of Public Safety," Miss Elam said. "Let's let it go at that."

Did Cross appear nervous in any way—for example, did he smoke an unusual number of cigarettes? "No. He smokes a pipe."

Did he pace the floor during the evening? "No."

Miss Elam displayed no emotion in telling of her date.

Suit To Test Voting Rights Law Filed

NEW ORLEANS (AP) — An attack on the constitutionality of the new federal voting rights law has been filed in a Louisiana federal court and the state's attorney general hints there may be a second test suit.

Gov. John J. McKeithen says he thinks the suit challenging the law—designed primarily to open registration rolls in the deep South to Negroes—has a good chance.

The Orleans Parish voter registrar, A.P. Gallinger, filed the test suit in U.S. District court here Wednesday.

State Atty. Gen. Jack P. F. Gremlillon met here Wednesday with a number of the state's district attorneys to discuss the voting law after saying he planned two suits.

He left the meeting without

Sweetwater Rodeo Slated

SWEETWATER—An estimated 400 contestants are expected to enter the first annual Sweetwater Amateur Rodeo in Nolan County Coliseum Sept. 8, 9, and 10.

Bobby James and Red Whalley of Crosbyton have been engaged as producers of the rodeo, furnishing stock from the JM string.

Sweetwater Livestock and Fair association, in conjunction with Sweetwater Chamber of Commerce, is sponsoring the event. Entries will be accepted through noon Sept. 6 in six events: bareback bronc riding, saddle bronc riding, bull dogging, girl's barrel racing, calf roping and bull riding. Go rounds will be held according to the number of entries in all except calf roping and bull riding. Entries in the bull riding contest are limited. Each roper will get one calf.

408 RUNNELS LARRY OSBORN, Mgr. AM 4-6337

Couple Will Make Home In New Jersey

Pvt. E-2 and Mrs. Lester A. Gunter will make their home in Fort Monmouth, N. J., following their marriage here Monday evening.

The double ring ceremony was read by the Rev. Homer Rich at the home of Mr. and Mrs. Charles N. Leek.

Parents of the couple are Mr. and Mrs. J. D. Nixon, Coahoma, and Mr. and Mrs. Glen Gunter, Plainview.

Wedding music was provided by Miss Ann Bowen, pianist who played "Because" and the wedding marches.

The bride, the former Alice Fay Nixon, was given in marriage by her father. She wore a formal gown of tradition satin with fitted lace bodice over taffeta. The full-length sleeves came to a point over the hands.

A net veil was held to the head band by seed pearls and rhinestones. The gown was fashioned by the bride's aunt, Mrs. Leek.

The bridal bouquet was made of white pom pom chrysanthemums and tied with white ribbon streamers.

Miss Ginger Culpepper was the maid of honor and Miss Mary Nixon was the bridesmaid.

Paul Gunter, Plainview, served as his brother's best man and Douglas Nixon, brother of the bride, was the ring bearer.

For a short wedding trip the bride wore a white two-piece brocade suit with matching accessories.

The bride is a Coahoma High School graduate and her husband finished high school at Vernon and is now with the dental detachment A-1301, Fort Monmouth, N. J., U. S. Army.

The bridal couple and their parents received wedding guests at a reception immediately following the ceremony.

Miss Shirley Freese registered the guests who were served refreshments by Miss Leata Bradford, Mrs. James B. Nixon and Mrs. Sadie Wallace.

Out-of-town guests were Mr. and Mrs. Henry Bradford of Lubbock.

Winners were Mrs. J. H. Holway and George B. Pike, first; Mrs. Ayra McGann and Mrs. Rogers Hefley, second; Mrs. A. Swartz and Mrs. Elmo Wasson, third; Mrs. Riley Foster and Mrs. Floyd Mays, fourth; and Mrs. C. A. Nelson and Mrs. Glen Lingenfelter, fifth.

Players were reminded that Friday will be the regular master points games. It was also announced that the club is invited to a Life Master party that will be held Aug. 21 at 1:30 p.m. in Monahans Country Club. The party is honoring former resident, Mrs. Holt (Effie) Eastland, Kermit, who recently won her final life master points.

SET TO SHOW FOR TEEN CROWD
Randy French, Debbie Duncan, top; Vickie Jones, Julie Vaughn, front

Fun, Fashion Party Set For Saturday

The party for all Big Spring teenagers planned for 8 p.m. Saturday night by Hemphill Wells at the Big Spring Country Club promises to be a swinging affair. The age group includes from junior high to college youth.

Not only will the young people have an opportunity to dance to the music of the Screaming Skulls, a popular combo from Odessa, but they may view clothes that will be the latest styles for fall and winter.

Shown in the picture accompanying this story are four of the outfits that will be modeled at the Saturday night party.

Randy French wears a very British oyster corduroy blazer with cutaway front and black leather trim on cuffs and pockets.

An ivory crocheted bill cap with matching gloves tops the ensemble of Debbie Duncan. The beltless A-line skirt is all wool and the sweater is long-sleeved with a stretch-top turtleneck. The very newest over-the-knee textured stockings are in ivory color.

The popular 100 per cent nylon stretch pants are perfectly paired with an all wool hip-length sweater, gaily adorned with brilliantly colored circles for wearing by Vickie Jones.

That London look is present again in the hi-rise shift of navy and burgundy checked brief bodice in the frock worn by Julie Vaughn. The cowl collar has a saucy dip in the back. The free and easy skirt is of ribbed burgundy. Julie carries a black cowhide shoulder bag and wears black little-heel shoes with the open look.

These and many other fall and winter selections will be modeled during the evening by these models and Ann Garrett, Nancy Haralson, Cheryl Kasch, Larry Jones, Richard Cauley, Mike Shaffer and Terry Anderson.

Mrs. G. H. Podrasky is to be the commentator. Chaperones for the affair will include Mr. and Mrs. Tippy Anderson, Mr. and Mrs. Ray Boren, Mr. and Mrs. Bill French, Mr. and Mrs. Randall Polk, Mr. and Mrs. Bob Hickson, Mr. and Mrs. M. S. Knowles, Mr. and Mrs. Jack Irons, Mr. and Mrs. James Duncan and Mr. and Mrs. Horace Garrett.

F. J. Klahn and daughter, Jennie, are in Casper, Wyo., visiting relatives.

Mr. and Mrs. Ozro Allison were San Angelo visitors the past weekend.

Mrs. E. M. Bailey and Kathie were in San Angelo to visit her mother, Mrs. Mollie Smelson, and her brother, Hiram Smelson.

Guests of Mr. and Mrs. R. J. McCartney were Mr. and Mrs. Buster McCartney, Hobbs, N. M. Visiting with Mr. and Mrs. J. W. Griffith were her brother and sister-in-law, Mr. and Mrs. Bert Frazier, and her father, Jeff Frazier, DeLeon.

Mr. and Mrs. Gordon Hodnett, and Linda were Lovington, N. M. visitors with Mrs. Hodnett's parents, Mr. and Mrs. B. Bishop.

Mr. and Mrs. J. D. Gilmore and family and the Charlie McGuires of Abilene are on a vacation trip to Red River, N. M. The Gilmores also plan to visit in Wyoming with a son and his family, Mr. and Mrs. Richard Gilmore, and in Colorado before returning home.

Sunday visitors to Big Lake were Mr. and Mrs. J. H. Cardwell and Mr. and Mrs. Ted Henry. They were guests of Mr. and Mrs. Charles Springton.

Mr. and Mrs. Wayne Momron and family, Snyder, were

here for a short visit with his parents, Mr. and Mrs. G. L. Monroey. They are also going to Yale, Ill., to visit with his grandmother.

Coker Home Scene Of Farewell Party

Swedish breads were served to guests at the Lonnie Coker home Wednesday morning when friends called to bid farewell to Miss Sharon Creighton and Miss Gloria Coker who will leave Sunday for Sweden.

Hostesses for the affair were

Mrs. Ward Initiated

Mrs. Preston Ward was initiated into the BPODees at the Wednesday night meeting at the Elks Lodge Hall.

Pro tem officers were Mrs. L. D. Cobb, senior counselor, and Mrs. J. M. Morgan, chaplain. Mrs. Kathleen Williams reported on greeting cards sent during the month.

Members were reminded of the Family Night affair set for Aug. 16 at 7:30 in the lodge hall.

Mrs. A. D. Jenkins who presided also was given the attendance prize and served refreshments.

The next meeting will be held on Sept. 8.

DANCE DATE SWITCHED

The Big Spring Square Dance Club has cancelled its scheduled Aug. 14 dance at the Square Corral. Members are also reminded of the Garden City dance to be held Saturday evening at the High School Gymnasium. Major Browning will be the guest caller.

The new visiting committee will be Mrs. George Pittman, Mrs. Dalton Mitchell and Mrs. O. B. Hull. Members of the telephone committee are Mrs. J. D. Benson, Mrs. D. D. Dyer and Mrs. Bernard Fisher.

It was also announced that the September hostesses are Mrs. Paul Carroll, Mrs. Hayes Stripling and Mrs. Glen Cantrell.

The birthday song was sung to Mrs. R. J. Michael, Mrs. Hull, Mrs. Pittman, Mrs. Cantrell and Mrs. Albert Davis. The group also sent a birthday card to Mrs. Fannie Carpenter.

Visits in Forsan FORSAN (SC) — Mr. and Mrs. Frank Hess and family, San Angelo, were here visiting her parents, Mr. and Mrs. L. W. Willis.

Mr. and Mrs. C. J. Lamb will be in Fort Worth Friday and return Sunday. They are visiting his mother, Mrs. John Lamb, and his brother, J. M. Lamb and family.

Students Study Shakespeare

Shakespeare and the Globe was the topic of the first meeting of the Goliad Junior High Speech Club when their sponsor, Barry Clayton, entertained at his home recently.

Nine members saw a film on Shakespeare's theatre and heard selected recordings of his plays.

The present membership is made up of eighth and ninth grade students but Mr. Clayton said all grade levels at Goliad are encouraged to become members whether the student is a speech class member or not. International Theatre is the theme for the present study and plans for the next meeting have been tentatively set for the last week in this month.

Students interested in the club are asked to telephone Mr. Clayton at AM 3-6748.

These and many other fall and winter selections will be modeled during the evening by these models and Ann Garrett, Nancy Haralson, Cheryl Kasch, Larry Jones, Richard Cauley, Mike Shaffer and Terry Anderson.

Mrs. G. H. Podrasky is to be the commentator. Chaperones for the affair will include Mr. and Mrs. Tippy Anderson, Mr. and Mrs. Ray Boren, Mr. and Mrs. Bill French, Mr. and Mrs. Randall Polk, Mr. and Mrs. Bob Hickson, Mr. and Mrs. M. S. Knowles, Mr. and Mrs. Jack Irons, Mr. and Mrs. James Duncan and Mr. and Mrs. Horace Garrett.

F. J. Klahn and daughter, Jennie, are in Casper, Wyo., visiting relatives.

Mr. and Mrs. Ozro Allison were San Angelo visitors the past weekend.

Mrs. E. M. Bailey and Kathie were in San Angelo to visit her mother, Mrs. Mollie Smelson, and her brother, Hiram Smelson.

Garden Club Gives Books To Library

Two books on flower show judging will be donated to the Howard County Library according to plans made by Four O'Clock Garden Club members at their meeting Wednesday in

Gardeners Hear Talk

"How to Make Corsages" was the discussion topic during the Wednesday afternoon meeting of the Planters Garden Club. The group met at the home of Mrs. F. M. Latham, 4101 Dixon, with Mrs. R. L. Collins, presiding.

Mrs. John Knox conducted the program on corsages. She stressed that selected flowers should be picked the day before they are to be used and kept in the refrigerator until arranged.

Refreshments were served to 10 members and Mrs. Collins provided a coffee table flower arrangement of red bachelor buttons.

The next meeting will be Sept. 8 at the home of Mrs. J. W. Trantham.

MRS. M. W. SHARECK

Winter-time Cook Gives August Tips

BY JO ANN PHINIZY
"I am really a winter time cook," said Mrs. M. W. Shareck, Jr., 113 Gunter. "These days, we usually move to the barbecue grill."

She explained that since weather and appetites are parallel, light and casual cooking should be the order of August days.

The Shareck family isn't known for skipping meals, it's just that slim silhouettes and exuberant spirits, plus a busy schedule takes the accent away from heavy foods.

Keeping watch over the activities of her family is one of Mrs. Shareck's most complicated chores.

First there's Lt. Col. Shareck. As commander of the 331st FIS at Webb, his itinerary is as varied as a gypsy's. Long ago, Mrs. Shareck adopted the policy of never cooking until he is standing in the door with his shoes off. Still, she always tries to have a supply of his favorite steaks handy.

Then there's Michael III, who is 16 and spending the summer working; he eats whenever his mother can catch him sitting down. He is backed by a 10-year-old brother named Richard, who is usually corralled for meals along with Michael.

LOLLIPOPS
Fourteen-year-old Michele ranks as the middle busy one. She has become the neighborhood lollipop specialist. Her method is 2 cups of sugar, 2 cups of peppermint extract, 1/2 cup of water, 3/4 cup of white syrup, and cook it all into a rolling boil. Then the future lollipops are spoon dropped on waxed paper and embedded with a toothpick, and cooled as long as resistance will allow.

Mrs. Shareck says that Michele's cooking spree usually leaves the kitchen a shambles; but she also recalls one of her own classic mistakes: It was the cabbage she seasoned with soap flakes rather than salt. The result was a bit on the sudsy side.

En route through her week's schedule, Mrs. Shareck participates in church activities and the Officers Wives Club. She also maintains a bowling average of 148, and then there's that hauntingly close to perfection game score of 242.

The Sharecks came to Big Spring about a year ago. Before that they had recently been stationed in Germany. While they were there, they took side

trips through their pick of European countries, and always they sampled the native foods.

Mrs. Shareck said that when they couldn't decipher the menus, they would just point and identify the food later. "Usually, it was excellent," she said.

TASTE OF CURRY
One of the truly different tastes Mrs. Shareck discovered was the flavor of real curry cooking by the natives of India. It was indescribable "but delicious" she remembers.

In choosing her favorite recipes, Mrs. Shareck made selections from her around-the-world collection. The Chess Pie is from her home town of Decatur, Ala. The Red Cabbage with Burgundy Wine is used as a side dish in Germany, but Mrs. Shareck says it is "superb" and she often uses it as a main dish in her meal planning. Her Canopener Casserole is an "unexpected company" lifesaver that she acquired from a friend in Madison, Wis.

ASPARAGUS CASSEROLE
1 can cut asparagus
1 cup medium white sauce
3 hard boiled eggs
3 slices mild cheese cut in strips
1/2 cup cracker crumbs
2 tbsps. flour
2 tbsps. butter
1 tsp. salt
1/2 cup asparagus liquid
1/2 cup milk

CRISP CHOCOLATE COOKIES
1 large egg
1/2 cup butter
1 cup sugar
2 squares (2 ozs.) semi-sweet chocolate melted
3/4 cup unsifted flour
1/2 tsp. salt
1/2 cup thinly sliced walnuts
With the electric mixer, in a small bowl, beat the egg until thick and ivory color. Without washing beater, in a medium bowl, cream the butter and sugar, add beaten egg; beat to combine. Stir in melted chocolate to blend. Add flour and salt; stir to combine. Fold in walnuts.

Drop by level tablespoonfuls, 2 inches apart, onto lightly greased cookie sheets. Bake in a slow (325 degrees) oven for 20 minutes. With a wide spatula, move to wire racks to cool.

RED CABBAGE WITH BURGUNDY WINE
1/2 onion, cut fine
2 tbsps. fat
4 cups red cabbage, shredded
2 tbsps. vinegar
1/2 cup water
1/2 cup Burgundy wine
2 tbsps. brown sugar
Salt and pepper
Brown the onion slightly in fat in a Dutch oven. Add the shredded cabbage, vinegar, water, wine, sugar and seasoning. Cover and cook 30 minutes or until tender.

CHEESE FROSTED CAULIFLOWER
1 medium head cauliflower
1/2 cup mayonnaise
2 tbsps. mustard
Salt
3/4 cup shredded sharp American cheese
Leaving the cauliflower whole, remove leaves and woody base; wash. Cook cauliflower 12 to 15 minutes in boiling salted water to cover; drain well.

Place cauliflower in shallow baking pan. Sprinkle with salt. Mix mustard and mayonnaise; spread over cauliflower. Sprinkle with cheese. Bake in moderate oven (375 degrees) about 10 minutes or until cheese melts.

CHESS PIE
1 1/4 cups sugar
1/4 stick butter
1 1/4 tbsps. vinegar
1 1/4 tbsps. meal
3 whole eggs
Vanilla
Melt butter and sugar, simmer 3 to 5 minutes, over low heat. Cool, add slightly beaten eggs, meal, vinegar and vanilla. Pour in unbaked pie shell. Bake in oven at 350 degrees for 30 to 35 minutes.

CHICKEN CASSEROLE
2 small cans boned chicken
1 small can evaporated milk
1 can cream of mushroom soup
1 can cream of chicken soup
1 can peas (drained)
1 can chow mein noodles
1 cup finely chopped celery
1 tsp. finely chopped onion
2 tbsps. chopped pimento
Combine and mix gently. Pour mixture into lightly buttered casserole. Top with buttered crumbs. Bake at 325 degrees for 40 minutes.

BRAISED PICKLED BEEF
1 lb. top round beef
1 stick celery
1 parsnip
2 carrots
1 onion
2 tbsps. shortening
2 tbsps. butter
1 cup vinegar
1 Sour cream
Salt and peppercorns
2 cloves
2 bay leaves
Bring the vinegar, vegetables, salt, peppercorns, bay leaves and cloves to a boil and leave to cool. Hammer the meat lightly and lay in the marinade. Cover and store in a cool place for three days in summer or five in winter, turning meat once a day.

Dry the meat with a cloth and brush it well with the shortening. Brown on both sides in butter, then add the marinade, strained and diluted with an equal quantity of water.

Simmer the meat until it is tender, basting frequently. Stir the sour cream into the gravy while the meat is still in the pan, and leave the meat still simmering until it has become impregnated with the full flavor of the sauce. Serve the meat and sauce together.

CHICKEN CASSEROLE
2 small cans boned chicken
1 small can evaporated milk
1 can cream of mushroom soup
1 can cream of chicken soup
1 can peas (drained)
1 can chow mein noodles
1 cup finely chopped celery
1 tsp. finely chopped onion
2 tbsps. chopped pimento
Combine and mix gently. Pour mixture into lightly buttered casserole. Top with buttered crumbs. Bake at 325 degrees for 40 minutes.

CHICKEN CASSEROLE
2 small cans boned chicken
1 small can evaporated milk
1 can cream of mushroom soup
1 can cream of chicken soup
1 can peas (drained)
1 can chow mein noodles
1 cup finely chopped celery
1 tsp. finely chopped onion

Father Of Six Wins Cookout Cash Award

Glen Adams had a hunch that "Beef Roast" might win America's Cookout Championship and its top cash award of \$10,000.

The inner perception of this New Jersey engineer and father of six sons was right on target because judges for national barbecue competition did choose Adams' dish for first honors.

In discussing his prize winning recipe following the championship cook-off "for men only" in Hawaii, Adams pointed out that some rather unusual ingredients go into the prepara-

tion of his beef. The roast is first marinated; then grilled over charcoal with frequent applications of a rich, fruity baste.

The marinade is bottled, zesty liquid salad dressing, the basting sauce is made of canned purple plums, soy sauce, and frozen lemonade concentrate, all flavored with ginger. The last delicious touch to the finished roast is a sprinkling of crisp, slivered almonds.

PLUM-GOOD POLYNESIAN BEEF ROAST

- 1 (7 to 8-lb.) beef rib roast, boned, rolled and tied
- 1 bottled Italian salad dressing
- 2 cans (2 1/2) purple plums
- 1 can (6-oz.) frozen lemonade concentrate
- 1 tsp. soy sauce
- 1 tsp. ground ginger
- 1 pkg. (6-oz.) slivered almonds

Quilted heavy-duty foil. Marinate beef roast in Italian dressing for 3 hours, turning occasionally.

Line grill with quilted foil; let coals burn down until covered with gray ashes.

Drain plums, reserving 1 cup syrup. Seed plums; puree in a blender or through a sieve. Add reserved plum syrup, lemonade, soy sauce and ginger; mix well.

Remove roast from marinade and place on spit. Reserve marinade. With meat thermometer, roast is medium rare at 150 degrees, which usually takes 3 1/2 to 4 hours. During the last 45 minutes, baste frequently with plum sauce. Remove roast from grill to hot serving platter. Heat remaining sauce with marinade and pour over roast.

Sprinkle with slivered almonds. Garnish with spiced crab apples and parsley, if desired.

USDA Tells Story Of Grapes

When Lief Ericson arrived on North American shores, he called it "Vinland" in reference to the many grapes he found growing here.

And with the arrival of the settlers, they made the most of the native grapes and improved the strains. Today, grapes grow in almost every section of the country, says the U. S. Department of Agriculture. California, however, is our main producer of table grapes.

More grapes are produced in the world than any other fruit. And this shouldn't be too surprising, considering the abundance of grapes now available. USDA's Consumer and Marketing Service says grapes are plentiful. California grape production this year is forecast at 3,470,000 tons, only slightly short of last year's record production. So you'll find table grapes in abundance this month.

You should be seeing lots of the light green Thompson seedless grapes. What a versatile variety they are! More than half of the world's raisins are made from them, and they're considered America's foremost table grape.

You'll also see good supplies of Cardinals, named for their characteristic dark-red color, and Ribiers, America's principal black table grapes.

The Ribier is one of the finest European hothouse varieties, but it's grown out-of-doors in California.

For a tasty fruit salad appetizer or dessert, you might try combining different varieties of grapes with diced, unpeeled apples and fresh grapefruit sections. Serve chilled with a topping of lime ice or sherbet for added glamor.

Instant Coffee Wouldn't Do In Old England

Are you one of the millions of Americans who dash off to work each day with not much more than a cup of coffee under your belt?

Consider the situation had you lived in 18th century England. "The English," wrote Jessup Whitehead, "believe in taking a tolerably substantial meal to begin the day." To which Irvin S. Cobb added the postscript: "Next to the Magna Carta, an Englishman's breakfast is his most sacred rite."

The great English "sideboard" breakfast is described by Anthony Trollope: "The tea consumed was the very best, the coffee the very blackest, the cream the very thickest; there was dry toast and buttered toast, muffins and crumpets, hot breads and cold breads, white bread and brown bread, homemade bread and baker's bread, wheaten bread oaten bread; and if there be other breads than these, they were there. There were eggs in napkins, and crispy bits of bacon under silver covers; and there were little fishes in a little box, and devilled kidneys frizzling on a hotwater dish. Over and above this, on a snow white napkin, was a huge ham and a huge sirloin: such was the ordinary fare."

Chickens have appeared on European tables since earliest recorded time. Great Britain had domestic fowl in quantity long before the Roman invasion. The earliest agricultural records according to the National Broiler Council, reveal that there have been chicken-growers in Egypt, China and Malaya for at least 2,000 years — and doubtless a great deal longer.

PANTRY PICK-UPS

Save the shells when you remove them from raw shrimp when the shrimps are to go "as is" into some dish. Make a stock of the shrimp shells with a couple of cups of water, a small sliced onion, a bay leaf and a few peppercorns by boiling for about 15 minutes. Strain this stock and use in a seafood chowder for extra good flavor.

When there are some sprigs of watercress leftover from salad-making, drop them into hot chicken broth. The addition of some strips of roast pork and a cut garlic clove makes this soup especially interesting. Be sure to remove the garlic before serving.

When you have a small amount of chow mein noodles leftover, you can crush them and use them in a topping just as you would use crushed potato chips or dry bread crumbs.

For a pleasant luncheon or supper dish, skewer scallops, raw shelled shrimp, green pepper squares and onion wedges; brush with melted butter and broil. Be sure to alternate the ingredients on the skewers.

When you are shallow-fat frying, have the hot fat an inch deep but don't let it fill the frying utensil more than one-third of its depth.

Asparagus, Hollandaise Sauce Make Summer Meals Delectable

Few things in this world taste better than fresh asparagus accompanied by Hollandaise Sauce.

Each good cook has her own favorite method of preparing this delectable vegetable and sauce. If you haven't yet hit on yours, you might like to try these recipes which we esteem.

SKILLET ASPARAGUS SPEARS

Cut off the tough white looking ends from a bunch (about 2 1/2 pounds) of fresh asparagus. With a swivel-blade vegetable peeler, peel away the outer covering of the asparagus up to the buds.

Wash thoroughly in cold running water. Or if there's a suspicion of sand on the asparagus, wash them in a sink half full of hot (110 degrees) water, gently pushing the spears back and forth. Rinse thoroughly in cold water, then let the asparagus stand in a sink half full of cold water for about 10 minutes.

Drain well. If the asparagus is not to be used right away, put them in a clear plastic bag, close the end lightly, and refrigerate. The asparagus will keep well this way overnight.

At cooking time, place the spears in a deep 10-inch skillet with 1 cup boiling water and 1/2 teaspoon salt. Cover and boil vigorously for 8 to 10 minutes or until tender; lift the cover a couple of times during the cooking to help the asparagus retain their green color, or leave the cover off for the first half of the cooking time.

Drain the asparagus well and serve at once with Hollandaise Sauce. Makes 6 servings.

HOLLANDAISE SAUCE

MADE IN A BOWL
1/2 cup (1 stick) butter
2 large egg yolks
1 1/2 tbsps. strained lemon juice

Divide the firm butter into 4 even pieces. In a small bowl (from a mixing bowl set) beat the egg yolks slightly with a whisk; whisk in the lemon juice. Add 1 of the pieces of butter.

Place the bowl in a deep skillet (about 8 inches) of simmering water; have the water come as high up the side of the bowl as possible.

Adjust heat so water simmers and never boils; stir-beat with the whisk until the butter melts. Whisk in a second piece of butter the same way, and then a third, and last the fourth.

Continue beating after the last piece of butter is added until the sauce is a little thinner than the consistency of mayonnaise.

If you like, you may add a dash of salt and cayenne pepper. Serve the Hollandaise Sauce as soon as it has thickened.

Proper Technique Is Told For Cake Design

New cake decorating icings and gels in plastic tubes make it easy for the homemaker to produce professionally decorated cakes (and other desserts) for all occasions — less even the extra expense of bakery decoration on store-bought cakes and for those special occasions such as birthdays, holidays, anniversaries, etc.

The first step in using colored icings and gels is learning how to handle the polyethylene tubes.

Most important is how to squeeze the tube. A steady, firm grip behind a full tube portion of icing or gel insures success.

Next, place the plastic writing tip on your tube of icing. Hold tube with thumb, forefinger and third finger. Begin pressure at end of tube.

Finish by underlining your message with a flourish. You'll be glad you did and your family and friends will marvel at your artistry. Try it. It's easy.

effect — too little, broken lines. Roll up empty tube portions as contents are used to insure even flow.

The second step is to carefully estimate the space needed for your message before applying icings or gels to determine the size of letters and positioning you will need to make your decoration most attractive.

Take a toothpick or other pointed object and sketch your letters in the frosting, lightly, beforehand.

Then, using a writing tip on the icing tube, fill out the outline using an even, firm tube squeeze at all times.

Write or print as you would with a pencil. Capital letters are recommended as they come out neater and take more uniform space for each letter.

Finish by underlining your message with a flourish. You'll be glad you did and your family and friends will marvel at your artistry. Try it. It's easy.

DEAR ABBY

Making A Bare Living

DEAR ABBY: The daughter of a friend of mine is 25 or 26 years old. She is very beautiful and a college graduate, so she can't be dumb. Well, it's all over town that this girl took a job posing for an artist who specializes in painting girls with very little or nothing on. Isn't there a law against indecent exposure and can't this girl be arrested? What can be done about it?

INTERESTED

DEAR INTERESTED: There is, indeed, a law against "indecent exposure," but I don't know how (or if) this would apply in your community. The young lady is well past the age of consent, and if the artist is legitimate and she is his model, she has a right to make a bare living.

mother:

When my boys were 7 and 8, they fought each other constantly. Now, I came from a big family and we kids had our spats, but I never saw anything like the way my boys went at it. I was scared stiff they would kill each other one day. I finally got the bright idea of buying them boxing gloves for Christmas. Every time one picked on the other I made them put the gloves on and slug it out for half an hour. That was six years ago. They still have words, but no more fights. Those gloves sure paid off.

MOTHER OF BOYS

Troubled? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

DEAR ABBY: I know there will be other grandmothers who will be overjoyed when the school bell rings in the fall. Then their dear little grandchildren will go back home with their parents, where they belong. Maybe some grandparents get lonesome for their grandchildren. Well, I don't. If the parents would COME with their kids and take care of them, I wouldn't mind. But no, they just pick up the little ones, put them on a bus, train, or plane and SHIP them to us. Then the parents go off by themselves and vacation somewhere. I'm not blaming the kids. It's the parents who are at fault. Cooking, cleaning, washing and entertaining youngsters all summer is a big responsibility. And I'm not young any more. My husband feels the same way about it, but he doesn't want to say anything, either. We don't want hard feelings, but what do you do when you're stuck?

STUCK

DEAR STUCK: Either speak up and tell your thoughtless, selfish children how you feel, or quietly accept the responsibility of looking after your grandchildren all summer. Perhaps you indicated that the youngsters were perfectly welcome. If so, let this be a lesson to those who issue insincere invitations. The meek shall inherit their grandchildren.

DEAR ABBY: Every once in a while I will read something in your column that helps me with a problem I have, but was too lazy to write in about. Maybe this solution to a problem I solved will help another

Hedy's Ex 'Not In Contempt'

LOS ANGELES (AP) — Former film star Hedy Lamarr says she is without funds, but a Superior Court commissioner declined here to hold her sixth husband in contempt in a disputed alimony.

Commissioner Frank B. Stoddard ruled that Lewis W. Boies Jr., apparently did not wilfully refuse to pay the alimony.

Miss Lamarr, 50, charged that Boies was two months delinquent in his alimony of \$1,250 a month. They were married in 1963 and were divorced last June.

Most Of U.S. Sectors Warm

By The Associated Press

It was a little cool in some spots in the central and northern Appalachians today but seasonably warm weather prevailed in most other parts of the nation.

Showers sprinkled scattered sections along the Gulf Coast and in parts of the Far West but clear skies were reported in most other areas. Amounts of rain generally were light but nearly 1 1/2 inches fell in a six-hour period at Pensacola, Fla.

Warm air spread into the northern Plains Wednesday and temperatures soared to 100 degrees at Huron and Philip, S.D., and 95 at Bismarck, N.D., and Denver. The mercury again hit above 100 in the southwest desert region.

Temperatures generally were near or above normal except for the cool belt in the Appalachians. Early morning readings ranged from 45 at Philipsburg, Pa., to 93 at Needles in the California desert.

Girl Electrocuted While Drying Hair

TROUP, Tex. (AP)—Christine Cutler, 13, was electrocuted while drying her hair in a bathtub half filled with water this week. Justice of the Peace P. C. Pinkerton returned a verdict of accidental death.

Likelihood Of Rainfall Scant Across Texas

By The Associated Press

Clear skies with little promise of badly needed rain dominated Texas today.

Only teasing rains fell Wednesday, while crops, pastures, and front lawns withered under the August sun.

A huge whirling column of dust southwest of Waco Wednesday night was mistaken for a pilot and some spectators on the ground for a tornado. The Weather Bureau said a building cumulus cloud near the dust swirl spurred on the vision of a tornado, but the whirlwind disappeared after 15 minutes.

In the same Central Texas area, marble-sized hail and .53 of an inch of rain fell at Crawford.

Earlier Wednesday light rains fell northwest of Waco to west of College Station, moving to 60 miles west of Waco and dampening Granbury, Comanche, Hillsboro and other points.

Consumers Fret As Prices Spiral

NEW YORK (AP) — Rising retail prices on food and other consumer goods or services worry many families today. Businessmen and manufacturers fret at the steady climb in costs of first one and then another industrial material.

And the future holds still more troublesome possibilities. One is the threat of still higher production costs under new labor contracts that might set off general price increases in basic industries.

And another is the effect of more government spending for the Viet Nam war when the economy already was at a point that some thought dangerously near to overheating.

The gradual rise in prices, both at consumer and industrial levels, has been cited by government economists as one reason that some thought dangerously near to overheating.

TAKE BREATH

Another reason for confidence

has been the belief, widely held in and out of government, that the economy was due to take a breather, postponing inflation problems.

But more private economists, especially in banking circles, are sounding warnings today that any sizable climb in economic expansion now, as contrasted to the letdown expected earlier, could bring on an inflationary turn that would nullify much of the gains.

In addition to more spending because of Viet Nam, these scientists cite the increased outlays shaping up as various government programs looking toward the "Great Society" build up steam.

So far, the price advances haven't been too alarming. The increased cost of living is real enough to families trying to balance their budgets. But there has been no runaway.

Industrial price gains have been in such things as metals. This increases the cost of manufacturing many items that con-

sumers and industry use. But corporate profits have been so good, and competition still so keen, that most manufacturers have been able to absorb the higher metals costs without raising the price tags on their finished products.

SPENDING MOOD

The chief worry now is that the policing powers of competition might be lessened. They could be if the Viet Nam war grew large enough to put a premium on some goods and materials. And competition might be less of a brake on prices if consumers continue in the spending mood that sends retail sales up almost every month.

The dollar volume of retail sales set a record in July. Some say the cut in excise sales tax inspired more buying. But the tax was included in the prices of most items before the cut. Since these price tags presumably were lowered in July, the dollar volume of sales of all goods would imply much greater buying of consumer items than just a hunt for tax-free bargains.

But for all their worrying about what might happen — what forces may be feeding the fire of future inflation — all but a few economists admit that the danger still lies in the future.

Reserve Merger Proposal Killed

WASHINGTON (AP) — Congress' long if not ardent honeymoon with Secretary of Defense Robert S. McNamara appears finally over.

His old mastery was missing as Congress put its foot down twice Wednesday — going its own way on a military pay bill and turning a deaf ear to his strong arguments for a merger of the Army reserves.

PET PROJECT

The Reserve plan, a particularly pet project, was killed at least for this year by a House Armed Services subcommittee headed by Rep. F. Edward Hebert, D-La.

Despite McNamara's arguments to the contrary, the subcommittee said the proposed merger would result in "an immediate and serious loss in combat readiness" and is "not in our national interest."

On the other side of Capitol Hill, the Senate was giving an 89-0 approval of a \$1-billion mili-

tary pay bill, much the same as already passed by the House, but more than twice as much as McNamara wanted. The House appeared likely to give quick approval to the Senate version.

A Defense Department statement, not quoting McNamara, said Secretary of the Army Stanley K. Resor and Gen. Harold K. Johnson, chief of staff, both believe the subcommittee's rejection of the merger plan "will compel the Army to retain nonessential units" rather than use the manpower to build up more important forces required by war contingency plans.

FURTHERS PROTEST

Moreover, the statement said "failure to go forward with the realignment will necessarily result in more men being taken out of civilian life into the armed forces."

The statement noted the subcommittee's expressed willingness to consider future reorganizations and said the depart-

Gas Company Planning To Reduce Rates

EL PASO (AP)—El Paso Natural Gas Co. plans to reduce rates to its customers in the Southwest and California as a result of the Federal Power Commission's area rate decision for the Permian Basin.

Company Chairman Howard Boyd said Wednesday the decision will also cut prices paid by El Paso to gas suppliers in the Permian Basin of Texas and New Mexico.

He said the \$10 million rate reduction will occur when the Power Commission ruling becomes effective.

The commission ruled a week ago the highest rate a producer may charge for gas produced in the basin is 16.5 cents per thousand cubic feet. Prices now range up to 20 cents.

El Paso Natural is the largest single pipeline purchaser of Permian Basin gas.

STUDENT'S RAMBLING STATEMENT

Coed-Murders Case Goes To Grand Jury

AUSTIN (AP) — Charges that a quiet 22-year-old University of Texas English major, troubled by sex urges, strangled two brunette campus beauties and dumped their near nude bodies in a weed-grown vacant lot went to a grand jury today at 1 p.m.

A rambling statement, which Austin city police say was voluntary, is the apparent principal evidence against James C. Cross Jr., son of the advertising director of a Fort Worth department store.

Also presented to the 12-member jury, headed by Hub Bechtol, prominent Austin real estate man and former University of Texas football great, is an autopsy report on the bodies of Susan Rigby and Shirley Ann Stark, both 21 and of Dallas, found July 30 after a frantic 12-day nationwide search.

FAINT PRINT

Another bit of evidence, say

local police, is a faint fingerprint found on a yellow sports car driven by the young woman.

Dist. Atty. Tom Blackwell said a decision on the charges is not expected for about a week. "The district attorney probably will offer just enough to get an indictment — about what you read in the papers," said a courthouse source.

Cross is held, without bond, in the Travis County jail. He reads, mostly modern American and English drama and literature. His visitors have been his parents, a minister, several state and defense psychiatrists, and his attorneys — a highly regarded three-man local lawyer team.

AUTUMN TRIAL

Blackwell says he expects the case to be called before Criminal District Court Judge Mace Thurman Aug. 26 and a trial

date set for late September or early October. Since Texas courts usually allow at least one trial postponement, court observers do not expect the actual trial until early in 1966.

Susan and Shirley drove from Dallas to Austin on a bright, summer Sunday morning, July 18, to enroll Susan in summer school at the University of Texas.

On arrival in Texas' capital city, a tree-shaded still small town community of about 212,000, Susan found that two procrastinating collegians had moved out of the modest apartment she was scheduled to occupy with a girl friend. The two young women, both dressed in bright colored shift type dresses, ate hamburgers near the campus, made several telephone calls, mentioned they might visit "friends," and dis-

appeared down a heavily-travelled street.

PAIR VANISHES

Susan did not appear at her new apartment Sunday night or Monday. Shirley did not return to Dallas as planned. An alarm went out, first just among friends and relatives.

On Tuesday, a woman driving her husband to work found a bundle of clothes haphazardly tossed under a bush just off Rundberg Lane in northeast Austin. But she did not report the find to police until Wednesday morning. Relatives said the clothes were Susan's. The search urged statewide with most newspapers and television stations carrying pictures of the raven-haired beauties.

Wednesday night, Shirley's yellow sports car, dusty but undamaged, was found abandoned behind one of the numerous apartment houses near the university campus.

Despite efforts of state and local officers, the search dragged to a standstill and top investigators admitted they were stymied. Apparent clues from Alaska, Hawaii, North Carolina, and Mexico City were traced.

FINDS BODIES

One July 30, a city surveying crew tramped through the tall weeds on a vacant lot hardly half a mile from the spot where Susan's clothes were found.

Chester Guynes smelled an odor, investigated and found the sun-blackened and decomposed bodies of Susan and Shirley, thinly disguised by dried weeds and grass. Their dresses and brassieres were pulled up under their arms, the rest of their bodies bare.

There were no other clues. A preliminary autopsy report said one, and probably both of the girls died of strangulation. Because of advanced decomposition there was no way to tell if the two women had been raped. Justice of Peace Jerry Dellana said.

HUNDREDS QUESTIONED

Police questioned and questioned hundreds of persons. University of Texas coeds bought .45 caliber revolvers and tear gas guns. A state police officer gave special instruction on self protection.

Among those questioned by police was Cross, a darkly handsome, soft-spoken university sophomore, who received one of the telephone calls from Susan and Shirley on July 18. Officers released Cross without charges.

The night of Aug. 6, twenty days after the slayings, Cross called state police officers, made a written statement and was charged with the strangulation murder of the two women.

The statement, along with police records and the autopsy report, was given the grand jury Monday.

Defense attorneys, led by Perry Jones, prominent Austin lawyer, asked Cross to write another version of the statement given police, saying officers refused to record the "dreams and fantasies" that Cross related.

CITES 'HALLUCINATIONS'

Jones told a newsman that "Cross told of 'hallucinations of a sexual nature' building up for six months. Jones quoted Cross as saying the "pressure became more than he could bear" when the two women came to his plush apartment near the university to shower and change clothes.

"They happened to be in the right place at the wrong time," Jones said. "This could have happened to any of 10,000 girls."

There has been no official report released on the slayings, but investigators say Miss Rigby first was choked into unconsciousness and sexually attacked, then Miss Stark was strangled "to keep her from telling what had happened," and Miss Rigby was strangled again after she regained consciousness.

Officers said the bodies were hidden in a closet of Cross' apartment while he entertained "five or six friends" and a date. About 12 hours after the estimated time of death, the two bodies were taken from the closet about 3 a.m. and dumped in the vacant lot about eight miles from Cross' apartment.

Vice President Surprise Guest

WASHINGTON (AP) — Vice President Hubert H. Humphrey was a surprise guest this week at a farewell dinner for 133 teen-age air cadets from 21 foreign nations.

He told the cadets, here on a Civil Air Patrol exchange program, to return to their countries with a message of fellowship and friendship from the United States.

Moslem And Red Marriages Illegal

CAIRO (AP) — The Cairo press today published a ruling from Islam's highest authority in Egypt prohibiting the marriage of Moslem women to Communists.

A Devotional For The Day

We labour, that . . . we may be accepted of him. For we must all appear before the judgment seat of Christ. (II Corinthians 5:9-10)

PRAYER: Heavenly Father, may we give Thee the same place in our hearts that Thou hast in the universe. Direct our labor, and our leisure, into Christ-approved channels. We thank Thee for daily opportunities of being useful to others. Through us may they see Christ. In His name. Amen.

(From the 'Upper Room')

Convictions Don't Deter Drivers

Whether tougher and more complete law enforcement reduces automobile accidents may be argued long and loud. Studies in California, however, seem to refute the idea that convictions act as a deterrent.

First of all, the studies showed that in a sampling of 148,019 drivers, 122,602 (or 82.83 per cent) did not have an accident over a three-year period. So most people don't have accidents.

Across the board, those with no convictions averaged 11 accidents per 100 drivers; those with 1-3 convictions had 26 mishaps per 100 drivers; those with 4-6 convictions had 45; those with 7-10 had 54; and those with 10 or more had 66 accidents per

100 drivers. In other words, convictions may pinpoint the hazardous driver but they do not correct him.

This raises the question of whether it is fair to make the accident-free driver carry the insurance load for the chronically hazardous driver. The assigned risk pool gets around some of this, but actually it does not get to the heart of the problem. The old point system was conceived to be an answer, but its approach was negative and its administration costly. Perhaps a system may yet be devised which will reward the safe driver and not necessarily penalize others but simply let them pay their way.

Screening The Defects

Dr. C. L. Ainsworth likely is correct in saying that it will take a year, and perhaps longer, to assess the value of the Head Start program with a real degree of accuracy, but one phase of it certainly commends itself.

Of 187 youngsters examined by doctors, 56 had physical difficulties or ailments which needed attention or help. Of 164 undergoing dental checks, 108 had defects. Of 189 given eye examinations, 39 per cent needed corrective aids.

To summarize, 30 per cent were in need of medical help, 65 of dental help, 20 per cent of eye help.

Whether this is above the average for beginning first graders, we cannot say with assurance, but we have a feeling that it is well above the average. And if it is, the discovery and the correction (where possible) of these defects is within itself one strong argument for Head Start or some variation of such a program.

If follow-up studies on faster adjustment, better progress in the classroom and effective educational response show significant advantages, then a continuation would be more than warranted. Meanwhile, it appears the physical screening alone has produced results.

Holmes Alexander Waiting For Uncle Sam To Fall

MOSCOW, U.S.S.R. — Americans are still a curiosity here. The local loiterers in Red Square and its vicinity seem to have no trouble in spotting the visitor from the bourgeois West.

But with the two nations still at swords' points in divided Berlin, in watchful waiting over Cuba and in a clash of policy over Viet Nam, why is it that the people of this doctrinaire dictatorship behave toward Americans very much as do the peo-

ple of Italy, France, Algeria and Nassau?

THE ONLY difference is that the Russians never beg. But they offer to trade the American visitor for a ballpoint pen or a package of chewing gum. They are eager to try out their English on American tourists.

Now and then, as happened to this tourist, who speaks a little classroom Russian, there is the embarrassing confession of a total stranger that he yearns to migrate to the land of liberty and become an American citizen. Perhaps he is a Kremlin con man who hopes to trap the visitor into indiscreet actions or advice. Perhaps he is quite as sincere as he seems to be, like the professed architecture student who told this traveler:

"MY FATHER was Polish, and my mother Finnish. Somehow I find myself a Soviet citizen, and I want nothing more than to leave the Soviet Union."

One senses that the change from Premier Khrushchev to Premier Kossygin was intended to bring a redress in the domestic dreariness — but that the redress has not occurred. Chewing gum and ballpoint pens would help. It would help not to have to stand in line in hopes of buying a few summer vegetables. It would help to feel that it might be possible to get away from it all by emigrating to the New World. But the traveler gets to feel that even though communism is an economic bore, an agricultural failure and a political monotony, there is not going to be any relief from inside.

THAT MAY BE why the Russian people so willingly accept the brinkmanship of the Kremlin foreign policy. It promises an alteration in dreariness, a breakthrough that cannot otherwise come. Perhaps it is like waiting and hoping for the death of a rich uncle. The nephew or niece has nothing against the wealthy old dodderer — except that he's alive and is sitting on the hope chest. The Kremlin foreign policy keeps alive the popular belief here that some day Uncle Sam is going to keel over — after which, everything will be dandy.

BUT UNCLE SAM is taking too long to die. Can't his demise be expedited? That's where Russian foreign policy becomes popular. A "leapfrog" gain in Russian military might — like the launching of a space cruiser — or a landing on the moon — might shove Uncle Sam off his perch on the top of the world. His downfall would make laughing heirs out of the Russians.

(Distributed by McNaught Syndicate, Inc.)

New Order

CANTERBURY, England (AP) — The first religious order to be established in Canterbury since the Reformation will be set up in the city parish of St. Martin's by the Anglican Deaconess Community of St. Andrew. St. Martin's is believed to be the oldest Christian church in England. The deaconesses will work among students at Canterbury University and give English lessons to the wives of foreign students. At the same time they will keep up a vigil of prayer for Christian unity in the ancient church.

New 'Valpone'

LONDON (AP) — Academy Award winner Rex Harrison will start work in Rome on "The Tale of the Fox," a modern version of "Valpone." His costars will be Cappuccino, Anne Bancroft and Maggie Smith.

James Marlow

LBJ On Spot Over U.N.'s Crisis

WASHINGTON (AP) — President Johnson is on the spot. By Monday he must find a solution that will keep Republican critics quiet, save face for the United States, and get the United States, Russia and the United Nations off the hook.

This is the hook: The Soviet Union, France, Belgium, South Africa, Yemen and eight Communist countries owe \$108 million to the United Nations as their share of the cost of keeping the peace in the Middle East and the Congo.

RUSSIA'S SHARE is \$62.2 million. Russia refuses to pay, arguing that the way the U.N. decision to send peacekeeping forces into the Middle East and the Congo was made was illegal. France takes a similar position.

But the United States has been making Russia its main target and insisted the Soviets must pay up or lose their vote in the U.N. General Assembly. If that happened, and Russia and her satellites quit the world organization, only a shell would be left. This argument for months has made a mess of the United Nations. The United States has been softening its stand.

An American backdown, particularly at this time when the United States doesn't want Russia to get involved in the Vietnamese war, seems certain. Johnson's problem is how to do it gracefully. This is the background.

ORIGINALLY THE U.N. Security Council — where the United States, Russia, Britain, France and Nationalist China all have a veto that can kill any action — had the right to use U.N. forces to stop aggression.

But at the time of the Korean War the United Nations was able to intervene only because, when the Security Council made the decision, Russia was absent. The United States didn't want to get caught in a narrow squeak like that again.

ANY POLE can go to a national savings bank and exchange at the rate of 72-1. This is a sort of gray market. It's a method for the government to get precious dollars.

The 72-1 rate is not the ultimate, however. The black marketeers will go as high as 100-1. There are rumors these lapel-grabbing merchants are really tools of the government seeking to latch onto more dollars.

THE ZLOTY is the Polish unit of currency — like the French franc, Russian ruble or British pound — although it is much more flexible. How flexible nobody really knows.

In the official statistics, the rate is four zlotys to the dollar. The tourist rate is 24-1. This year, the tourist has been given a bonus of 16 zlotys, making the rate 40-1.

But that is just chicken-feed. **THE VISITOR** is kept in a constant state of confusion. At the statistical rate, one zloty is worth 25 cents and a fair-sized tip for a lunch or a cab ride.

But, at 100-1, as most Poles view it, it is worth a penny. Give it for a tip and you get nothing but coffee in the lap and a dirty look.

TODAY'S article by Will Grimsley substitutes for Hal Boyle.

THE REASON the black marketeers can offer 100-1 is that with dollars in hand they can buy goods at a value of 140-1. At least, that's what they say in the smoke-filled cabarets of Warsaw.

Zloty currency is unimposing engraved paper with denominations starting at 20, and going to 50, 100 and 500. Nobody seems to want it.

The U.S. Embassy has 11 billion of the things stored away in closets and bank vaults — from the sale of surplus wheat. The Poles soon must start redeeming them in dollars.

So it proposed that the General Assembly, where all 114 member nations can vote but none has a veto, should be able to take action against a future aggressor. There were five dissenters on this: Russia and the Soviet Bloc.

IN DUE time the assembly in 1956 voted to send a peacekeeping force into the Middle East and another into the Congo in 1960. Russia opposed both actions. France opposed the mission to the Congo.

But the cost of keeping the peace runs into millions. France, Russia and the other 11 objecting nations didn't pay their assessments for this cost.

Hal Boyle

An Interesting Money Game

WARSAW, Poland (AP) — An American tourist wandering 10 feet from the door of his Warsaw hotel is accosted by a sinister individual, who whispers: "Like to exchange, please? Like to exchange?"

He wants to exchange zlotys for American dollars. There is nothing unusual about this — it is practiced in some of the best capitals of the world, including Moscow — but in Poland, the game is more interesting.

THE ZLOTY is the Polish unit of currency — like the French franc, Russian ruble or British pound — although it is much more flexible. How flexible nobody really knows.

In the official statistics, the rate is four zlotys to the dollar. The tourist rate is 24-1. This year, the tourist has been given a bonus of 16 zlotys, making the rate 40-1.

Around The Rim

Confessions Of Cured Sun Worshiper

Mankind's abilities to cope with the Earth's environment make progress all the time, but it lags in the areas where our household has most need for it. Certainly we were cheered as those pictures came flashing back from the planet Mars; but we were far more interested in seeing the fruits of technology regarding a more mundane subject — a cure for sunburn.

WE HAVE SEEN at least a baker's dozen of products on our TV screen that promised to be the cure-all for this dread summer affliction. The models smile as the spray, salve, liquid or whatever takes the pain out of their so-called sunburn. And back they bounce into the bright sunshine for another go at it.

Well, we tried all those ointments. Yes, and we tried an instant tea poultice, as well as mixtures with baking soda, vinegar, and all manner of other evil smelling mixtures suggested by well-meaning friends. None of them worked. Indeed, as far as we have been able to make out, none of them even helped.

FINALLY, WHEN all else failed,

we went to the hospital — where we should have shown up in the first place. By that time, it was too late for medical science to do more than offer some kind words and send us to the pharmacist for some pain-killer pills. These were some help — not much — but it got us back on our feet, and headed toward a few weeks of convalescence.

I SUPPOSE sunburn is at least as old as any other affliction known to mankind. Far more dreadful bodily attackers have been met by scientists and whipped. Yet, this one continues to harrass many of us, so thoughtless as to be caught overlong in the bright sunshine.

OF COURSE, prevention is the proper answer to sunburn. It seems incredible that anyone could get so serious a burn — knowing full well in advance the tortures and pain to follow. I suspect, most folks don't, but I have joined the ranks of that small minority who blindly and foolishly did. Now, as the last shades of red, began to pale to pink, and back to white, I resolve, firmly and with full conviction. —V. GLENN COOTES

David Lawrence

The New 'Constitution'

WASHINGTON—The United States of America apparently has a new "Constitution," though it has never been submitted by Congress to the states of the union for ratification or rejection. The structure came into being nevertheless with the assumption by Congress of new powers enumerated in the civil-rights act of 1964 and now further enlarged by the voting-rights law signed on Aug. 6, 1963 by President Johnson. The new "Constitution" declares, in effect, that, with or without the approval of the President, Congress may at any time make laws based on the following "findings" or conclusions:

1. CONGRESS possesses the power to pass a law requiring a prescribed "racial balance" in public schools and directing that pupils shall be transported from one school to another irrespective of residence in a particular school district.

2. CONGRESS possesses the power to require that each school shall have a specified percentage of Negroes, Protestants, Catholics and Jews, based on census statistics in a given area.

3. CONGRESS possesses the power to order the removal of any school superintendent or members of any school board who do not conform to the orders of the U. S. Department of Justice in taking the steps deemed necessary by the federal government to eliminate what it considers a form of discrimination.

4. CONGRESS possesses the power to order federal funds withheld from a state as a whole or from any county or city therein whenever the statistics are interpreted by Congress as indicating a suspicion that discrimination by reason of race or color or religion may have occurred in the employment practices of a contractor, subcontractor or supplier of products or services having any connection with government contracts which cover public works or any other federal project.

5. CONGRESS possesses the power to order the suspension of all tests or other methods used in qualifying would-be voters whenever the statistics can be construed to mean that

there appears to have been a "racial imbalance" in the number of persons voting—as, for instance, when less than 50 per cent of residents of voting age registered or voted in 1964. Congress has the power to alter at will the required proportions.

6. CONGRESS possesses the power to make a "finding" and then require every residential-building project—or single-family home—financed or insured directly or indirectly by the federal government or its mortgaging agencies to be inhabited by a certain racial or religious ratio in a given area.

The fact that congress in the 1964 civil-rights act did specifically forbid the correction of any "racial imbalance" in the public schools does not mean that Congress has in any way surrendered the right to impose such rules whenever it feels they are desirable.

Much of the new "Constitution" will be enforced, as it already has been, by executive order and without any law of Congress. The President, for instance, now is being asked by Negro leaders to correct an alleged "racial imbalance" at the U. S. Naval Academy at Annapolis, the U. S. Military Academy at West Point, the U. S. Air Force Academy at Colorado Springs, and the other service schools for training officers.

Also, while threats to withhold federal funds are at present confined to areas within a state and to particular projects, the right to exercise such powers more broadly is considered to be inherent in the new "Constitution."

A SUPREME COURT majority in the last few years has already concurred in some of the basic principles of the new "Constitution" and in various decisions has rationalized these fundamental concepts as in keeping with "the spirit of the times." This trend now can be reversed only by electing someday a President and a new majority in Congress dedicated to the original Constitution and to the amending process it has specifically prescribed for the making of changes in the law of the land whenever desired by the people.

Art Buchwald

Viet Nam Doesn't Follow The Plot

WASHINGTON — Every war deserves a war movie ad the Vietnamese war is no exception. Hollywood has been in a race to see which company will come out with its picture first. But everyone is bogged down with plot troubles.

This story conference at Zenith Studios will give you some idea of what the film makers are up against.

"All right," the head of the studio says. "What's going on with the Viet Nam movie?"

"WELL, SIR," we're having a little trouble. The American part of the picture is no problem. We have a part for John Wayne, as the tough paratrooper Colonel, Frank Sinatra as the free wheeling salty Sergeant and Sal Mineo as the kid who has never been tested under fire. But we're in difficulty with the enemy."

"Why?"

"Well, no one knows how to tell the South Vietnamese from the South Viet Cong. They all look alike."

"Why didn't you ask the Defense Department?"

"We did, and they don't know either."

THE STUDIO head thinks a minute. "Why don't we show the Viet Cong looking sneaky and menacing and the South Vietnamese looking friendly and always smiling?"

"That's the problem," one of the writers says. "Our research indicates the Viet Cong are always smiling and looking friendly whenever you see them. That's why they're so dangerous."

"Okay then, let's make the good Vietnamese look sneaky and menacing and the bad Vietnamese look friendly and smiling."

"IF WE DO

tion from the South Vietnamese government in the first place? Why can't we make the picture here in Hollywood?"

"Because we can't find enough Vietnamese extras."

The studio head says, "Use Japanese."

"OKAY, EVEN IF

"The Defense Department is against it. They say they don't want to show American soldiers attacking a South Vietnamese village because the Americans are in South Viet Nam to protect the villagers and not attack them. We had a great scene when the paratroopers couldn't find any Viet Cong, so they burned every straw hut to the ground."

"BUT THE

The studio head muses, "If we can't see the Viet Cong and we can't attack a target in force and we can't tell the difference between the good guys and the bad guys, why are we making the picture at all?"

Work Days

LONDON (AP)—Seven out of 10 housebreakers work during daylight hours, says a Scotland Yard spokesman, urging housewives to lock their doors when they go out.

The yard has issued a new poster bearing the slogan: "When You Go Out . . . Thieves Go Shopping."

Lock the doors and the windows when you "just pop out for a moment," the Yard cautions.

Now Director

NEW YORK (AP)—Margaret Webster returns to directing activity next season on behalf of the National Repertory Theater.

Miss Webster, whose most recent Broadway staging was "The Aspern Papers" in 1962, is to do "The Madwoman of Chaillot" and a second drama, yet to be picked, for the touring company. The repertory will be completed with a third work to be directed by Jack Sydor.

The troupe's 20-week tour of seven cities starts at St. Louis and winds up with a six-week White Way engagement.

Billy Graham

I'm an old man, have lived a life apart from God, will God accept me? Or is it fair for me to seek His mercy so late in life, when I have lived all these years for myself?

Your concern about your soul at such an advanced age is a bit unusual. As a rule people become so calloused to spiritual things when they get up in years that they very seldom seek a right relationship with God. You are the exception and you are very fortunate.

Certainly God will accept you! You ask if it is fair to ask for help when you have ignored Him all your life. Fortunately, God is always fair even though we may be unfair. We call this the "mercy" of God. If He dealt with us only if we were fair, I'm afraid most of us would be left out.

I find no age limits in the Bible. The invitation is to all, old or otherwise. "Him that cometh unto me I will in no wise cast out." Of course it is better to give our lives to God when we are young. That way our influence is saved as well as our souls. I don't know how old the thief was who prayed to Christ in his last dying hour, but I do know that his Lord said, "This day thou shalt be with me in paradise."

Sea Murder Suspect Kept In Solitary

MIAMI, Fla. (AP) — A Cuban exile charged with piracy of the coastal freighter Seven Seas and the murder of five fellow seamen has been placed in a cell alone "for his own protection."

At no time will Roberto Ramirez, 35, be allowed to mingle with other prisoners, said Sgt. Harold Adams of the county jail, "because of the circumstances of the case."

Ramirez, a muscular, dark-skinned Cuban national, was taken to the 8x10, windowless cell Wednesday night after the federal government decided it had jurisdiction over the slayings aboard the Seven Seas.

A U.S. commissioner signed the warrant and a hearing was set for today.

FAVORS CASTRO

The violence aboard the Seven Seas started, Ramirez reportedly told federal authorities, when the captain and the crew threatened to report him for favoring Cuban dictator Fidel Castro.

The captain was shot to death on the bridge and thrown overboard. Three crewmen were shot in their sleep, and a fourth was killed and thrown into the Atlantic Ocean off the Florida Keys.

The only crewmen to survive was Burgwise Elwin, 17, who covered in a chainlocker after he saw one shooting. He was rescued when the Coast Guard spotted the freighter drifting up the Gulf Stream Sunday afternoon.

COOK MISSING

A sixth crewman, the cook, apparently drowned when he jumped overboard to escape Ramirez.

For two hours Ramirez tried to sail the Seven Seas, apparently south toward Cuba where his wife and three daughters still live. The Coast Guard believes he had to abandon ship when the main tanks ran out of fuel and he didn't know how to switch to the full auxiliary tanks.

Ramirez was picked up early Tuesday 50 miles south of Miami in a 14-foot skiff from the Seven Seas. He carried a loaded .38-caliber pistol believed to be the murder weapon and a baby food jar full of ammunition.

UNRAVEL QUESTIONS

The immigration department held him for a day and a half while Washington officials tried to unravel the complex question of who has jurisdiction over murder committed by a resident alien aboard a Panamanian-registered American-owned ship at sea.

Asst. U.S. Atty. Aaron Fooner said he could not discuss why Washington thought it was a federal case.

Officials said the Panamanian government had shown little interest in prosecution.

Texas Leaders In Agriculture Win Awards

EDINBURG (AP) — Twelve men are being honored with awards of the Texas Association of County Agents.

The outstanding men of the year in agriculture in the state are: Roy B. Davis, Lubbock, manager of the Plains Cooperative Oil Mill; Murray Cox, Dallas, farm director of WFAA Radio; Fred T. Earwood, Sonora rancher; Robert L. Melborn, Gatesville farmer; W. W. Zwierschke, Port Lavaca rancher and trucking company operator; and Dolph Briscoe, Uvalde rancher.

The county agents receiving the 1965 distinguished service awards are: Byron W. Swain, Moore County; Hood G. Willis, Hardeman County; Weldon B. Morris, Marion County; Sterling Lindsey, Coke County; and Edgar M. Weaver, Walker County.

New officers are A. H. (Dutch) Karcher, Edinburg, president; George Rice, Nacogdoches, vice president, and B. T. Hass, Wichita Falls, secretary-treasurer.

Soviet Prisoner Speaks Monday

John N. Noble, for nine years a Soviet prisoner, will speak Monday at Midland's Theatre Center at 8 p.m.

Noble, a Detroit native, accompanied his parents to Germany in 1923 and was interned in Nazi Germany at the outbreak of the war. When the Soviet army occupied East Germany in 1945, he and his father were imprisoned. In the next 9 1/2 years they were held in most of the slave labor camps in Russia. At the personal intervention of then President Eisenhower, he was released in 1955. Since then he has briefed Washington officials on his experience and has written two books.

YOU ARE GOING TO HATE ME, RON—AS MUCH AS YOU ONCE CLAIMED TO LOVE ME!—AS MUCH AS I WAS TAUGHT ALL MY LIFE TO HATE THE NAME OF BRIGGS!

MOTHER NEVER BELIEVED MY FATHER WAS GUILTY—AND AS LONG AS SHE LIVED SHE TOOK THE PLAINVILLE PAPER—HOPING TO READ SOME DAY THAT THIS TOWN—AND YOUR FAMILY—HAD "GOT ITS JUST DESERTS!"

LOOK, EDNA!—IN THE CLARION!—AN ARTICLE SIGNED RONALD BRIGGS, JR.

SO—AFTER MAMA WAS GONE—I CAME HERE, HIDING BEHIND MY PROFESSIONAL NAME, WITH JUST ONE AIM IN MIND—TO SEE YOU DISGRACED!

REX MORGAN

IT'S ALL RIGHT, REX! NEITHER OF US HAS BEEN ABLE TO SLEEP!

THIS IS A HORRIBLE HOUR TO BE AWAKENING YOU, JUNE... BUT I MUST SPEAK WITH JESSICA!

KEITH CAME TO SEE ME AFTER HE LEFT HERE, JESSICA! I THINK YOU SHOULD KNOW WHAT HE TOLD ME! WHY DON'T YOU GET DRESSED AND WE'LL DRIVE AROUND!

IT'LL TAKE ME ONLY A FEW MINUTES!

SHE'S BEEN HURT ENOUGH BY HIM! ISN'T IT BETTER TO LEAVE THINGS AS THEY ARE?

I DON'T KNOW... BUT I THINK IT WOULD BE A MISTAKE FOR HER TO BELIEVE SOMETHING THAT ISN'T TRUE!

POGO

SPOSE I SUBSCRIBE TO YOUR THEORY—FRIDAY THE THIRTEENTH, IS PUT ITS CLANNY FINGERS ON MY THROAT?

THEY THROW AN' GORTLE ME—GRABBLIN' MY NOSSERS AN' GOOTERIN' THURAVFULLY NEITHERS! "DINK! GOK!" "Y' CRY, IN PIDDIFUL NOD," "WOMBY!" I SCREEP!

GOOPLY AND NORTHFUL, FR. THE ONE AND THREE, SHAYS AT MY VERY VITABLES! I AN' INDOOD!

AN' SEE! IT REALLY DIDN'T HAPPEN AT ALL!

YOU CHEAT! I THINK YOU MUST WAS ACTUAL GOT BY SOMETHIN'—AN' DYIN' NESSE.

OH, I HATE THIS TO HAPPEN TO YOU!

GRANDMA

LITTLE LEROY GETS MORE LIKE HIS FATHER EVERY DAY!

HE WON'T WATCH TV LATELY...

—WITHOUT A SNACK

TWO OUT AND THE BAKERY AISLE LOADED!

TERRY

COLONEL GOMEZ AND TERRY ARRIVE AT THE HUNGARIAN FILM COMPANY'S LOCATION SITE.

WHAT'Y KNOW? SERGE THE KNIFE MUST BE SHOOTING A SCIENCE-FICTION SPECTACULAR...

ACTORS LOOK SPANISH, BUT THE TECHNICIANS ALL LOOK LIKE EASTERN EUROPEANS...

YOU! BRAWLER! THIS IS PRIVATE! GET OUT!

SMITTY

GODDIE! I SAW YOU IN THE MOVIES! YOU DIDN'T TELL ME...

SAY GOOD-BY TO HIM!

GOOD-BY, HERBY—I'LL SEE YOU SOMETIME...

SORRY, BOY! HURRY, GODDIE!

SIGH

WELL—ON THE TRIP HOME I STILL CAN SEE YOU EVERY DAY!

GOLDIE

TENIT 7.50

MOON MULLINS

DON'T JUST SIT THERE—HELP US!

SURE—GRAB THAT POLE, AND...

THERE! IT'S UP! BIG HELP TO US YOU WERE, MOON MULLINS.

YER WELCOME—ANYTHING ELSE YA WANNA KNOW?

YES—IS THE WATER WARM ENOUGH FOR SWIMMING?

Five Officers Accidentally Hurt At Meet

BATON ROUGE, La. (AP) — Five City policemen were accidentally wounded Wednesday night when a high powered pistol discharged sending bits of lead whistling about a meeting room.

Authorities said one of the officers was examining the weapon when his finger apparently slipped from the hammer discharging the weapon.

The bullet struck a wall and shattered. Pellets of lead bounced about.

Officer Paul Widemann was most seriously injured. He suffered shrapnel wounds of the head, face, shoulder and thigh. He was hospitalized for surgery.

Another officer was admitted for minor wounds of the back and three others were treated for minor wounds and released.

The five had gathered in a meeting room for a first aid refresher course. The mishap touched off brief confusion at the police station.

Ten Policemen Hurt In L. A. Wild Rioting

LOS ANGELES (AP) — Wild rioting erupted in a crowd of 1,500 persons Wednesday night and squads of helmeted policemen were pelted with rocks, bottles and bricks as they swarmed into the predominantly Negro neighborhood.

Deputy Police Chief Roger E. Murdock said about 10 of the 100 officers were injured and 15 rioters arrested. He said many Negroes were injured by flying objects thrown at motorists but few required hospital treatment.

Guerrilla Fighting Plagues Kashmir

NEW DELHI, India (AP) — India was plagued today by guerrilla fighting in the Himalayan state of Kashmir and civil disturbances in the eastern and southern parts of the vast subcontinent.

Raiders the government

Dentist Kills Ex-Aide, Self

EL PASO (AP) — Dr. James W. Martin, a dentist, shot his former dental technician and then killed himself, police Detective Sgt. Bob Bain said Wednesday.

Martin, who was divorced in June, had been dating Mrs. Joyce Parsons Pinion until she quit her job in his office about a week ago, police said. Peace Justice O. R. Clark ruled murder-suicide in the deaths.

The shootings took place Tuesday in Martin's fashionable El Paso home in a bedroom. Two other persons in the living room did not witness the incidents.

claims infiltrated from Pakistan have ignited hit-and-run warfare in disputed Kashmir. About 50 clashes have been reported in the past six days.

On the eastern side of the map, battalions of troops were flown into Bihar State with orders to shoot on sight at rampaging mobs that have been attacking train stations, post offices and communication lines for three days.

Mobs in Bihar and neighboring West Bengal State looted state-controlled grain shops.

In the southern state of Andhra Pradesh, more than 1,000 students attacked officials' homes at Osmania University in Hyderabad. Police beat them off with clubs.

Police said at least 50 vehicles were damaged, including a bus that had nearly all of its windows broken.

MAN BOOKED
Marquette Frye, 21, driver of the car stopped by highway patrolmen, was booked on suspicion of drunken driving, battery on a police officer and resisting arrest.

CROWD GATHERS
Murdock said the riot started about 7 p.m. when a California Highway Patrol officer arrested a Negro on suspicion of drunken driving. He said a crowd gathered as the suspect's mother began arguing with officers and then erupted in violence when she was arrested.

Police said at least 50 vehicles were damaged, including a bus that had nearly all of its windows broken.

MAN BOOKED
Marquette Frye, 21, driver of the car stopped by highway patrolmen, was booked on suspicion of drunken driving, battery on a police officer and resisting arrest.

Skeleton Believed Pranksters' Joke
NORTH ADAMS, Mass. (AP) — Police say a skeleton found in Veterans Memorial Fountain pool recently probably was put there by pranksters. The skeleton was wired together and was similar to those used in medical schools.

RIOTERS ATTACK
As the riot increased in violence early today, a television station's 1965 station wagon mobile unit was overturned and burned. Police said rioters attacked fire units at the scene, breaking windshields with rocks and bottles.

Murdock said 40 squad cars with 100 officers were dispatched to the scene with orders to arrest persons "for any violation they see."

Residents of the suburban Watts neighborhood told police that many of the rioters were breaking store and apartment windows and some looting was reported.

The bidding:
West North East South
1 ♠ 2 ♦ Pass 4 ♥
Pass Pass Dble. Pass

Opening lead: Jack of ♠
Today's hand reminds us of nothing quite so much as the picture that we used to see in certain publications—where the reader was requested to find all of the errors.

West's opening bid is the call least open to criticism, tho he stretched his values to the limit to reach the requirements. Altho North has the equivalent of an opening bid himself, an overall at the two level on such a broken suit can hardly be indorsed as a sound way to make a living.

South has a fine holding; however, with no indication of a fit from partner, perhaps he should have been content to make a single jump to three

hearts which is highly invitational if not unconditionally forcing on North. East had visions of obtaining several spade ruffs and he could not restrain the impulse to double.

West opened the jack of clubs and North won the first trick. South, for reasons best known to himself, decided to try for an immediate diamond discard, and he continued to lead clubs. West applied a very rude jolt by ruffing the second club on which East followed with the ten. This was a suit preference signal, suggesting that East wanted a spade shift, the higher ranking of the two remaining suits.

West dutifully shifted to a spade and East ruffed. East returned the seven of diamonds and West won with the ace and led back another spade for his partner to trump. East switched to a club, South ruffed with the nine of hearts and West over-ruffed with the queen. A third spade was ruffed by East and, when the smoke had cleared, South discovered that he had suffered a 500 point setback.

Declarer was in position to fulfill his contract after the opening lead, if he had merely drawn two rounds of trumps with the ace and king of hearts. He now leads a second and third club, discarding his lone diamond and then goes about his business. By twice leading toward dummy's ten and queen of spades, he can restrict his losses on the deal to one spade and two hearts.

Death Sentence Seen Abolished

STOCKHOLM, Sweden (AP)—Thurgood Marshall, U.S. solicitor general-designate, says he believes capital punishment will be abolished throughout the United States.

Marshall told a news conference here "there is a clear tendency to favor abolition and the trend tells it is on its way out, although prosecuting attorneys would fight like mad against it."

In 1964, the law provided for the death penalty in forty-two states, the District of Columbia and by the federal government.

LETTER TO EDITOR

Thanks Big Spring For Welcome To Pilots

To the Editor:
This letter is also to the business firms and all the people of Big Spring.
Our son, 2nd Lt. Farrell M. Smith, sent us the Welcome page from your paper, with instructions to return it as soon as we could. We think they want to send it on to other members of their family and to us after arriving at Big Spring, our son and our daughter-in-law told us how friendly the people were.

We as parents of 2nd Lt. Farrell M. Smith, want to thank you for the welcome you have given them. Our hearts are filled with gratitude and appreciation for the friendship you have extended to them and your kindness to these fine young men, their wives and families.

We feel we can speak for all of the parents of Webb's New Pilot Training Class — 67-A.
Judging from the Air Force ROTC graduates of the University of which 2nd Lt. Farrell M. Smith and 2nd Lt. Lee Ray Fairbourn were in, we feel sure that each member of Class 67-A will be an asset to Big Spring during the year they will be with you. And we hope that there will not be even one of them that will give you cause to regret your welcome and friendliness to them.

Before closing we would like to say thank you for your "A Devotional for the Day" the world needs more of such.

Sincerely,
Mr. and Mrs. Charles L. Smith
12600 S. Groveside Ave.
La Mirada, Calif.

Oil Imports Cut Pressed

WASHINGTON (AP) — Some 25 congressmen from oil states, including 14 from Texas, urged oil import administrator Cordell Moore Wednesday to curtail petroleum imports.

The legislators also asked a reduction in military purchases of foreign oils. They said Moore assured them his consideration.

They suggested development of ways to encourage movement of oil from the surplus producing areas to those short on oil, especially the west coast; expansion of import controls to additional producing countries, and clamping down on the current program's loopholes.

Texas conferring with Moore were Reps. Omar Burleson, George Mahon, Wright Patman, Elgie de la Garza, Jack Brooks, John Young, Earle Cabell, Clark Fisher, Graham Purcell, Richard White, Jake Pickle, Walter Rogers, John Dowdy and Lindsey Beckworth.

Big Springer Gets Traineeship

AUSTIN — Summer traineeships in special education have been awarded for the first time this year to 42 graduate and undergraduate students at The University of Texas.

The traineeship grants of \$75 a week for the 12-week summer school session are designed specifically for the preparation of professional personnel in the area for which the traineeship is awarded. These areas include education of the mentally retarded, physically handicapped, and emotionally disturbed. Funds for the summer traineeships were provided by the U. S. Office of Education and the Texas Education Agency. Receiving one of the traineeships was Mrs. Dorothy Ford Eller Humphreys of Big Spring.

Get Red Help

KUALA LUMPUR, Malaysia (AP) — A Malaysian Foreign Ministry spokesman believes Red China may set off an atomic explosion in Indonesia's name to support Jakarta's claims of nuclear capability.

I. Doctor turns to Tattersall for the air of crisp sophistication. Seen in this custom walking suit with longer waistline. Lined coat, checks, repeated to underscore the neckline. The great look of action for Fall. In brown, grey, royal.

Sizes 12 - 20, 38 - 44, 10 1/2 - 24 1/2.
