Red 'Peace Feeler' A Confirmed Myth

WASHINGTON (AP) - North Vietnam's denunciation of a made it clear the Hanoi peace feeler confirmed Saturday what U.S. officials had suspected from the start - that the alleged Hanoi overture was not a genuine one.

The State Department disclosed Friday an exchange that could be construed as a Communist offer to seek a negotiated peace in Viet Nam. But Saturday morning a Hanoi radio broadcast said reports spread by the American Department of State are sheer groundless fabrication.

COLD REACTION - The Johnson administration reacted coldly. White House press secretary Bill D. Moyers said only "I'll let their state-level speak for itself."

Three Battles Pace Combat In Viet Nam

SAIGON, South Viet Nam (AP) - Three battles dotted Viet Nam's war maps Saturday night. Flares from U.S. planes lit the scene of one, only 10 miles north of Saigon, and American troops fought the Viet Cong on two more distant fields.

Another terrorist grenade attack in Saigon attended the flaring of military operations. The explosion wounded a policeman and four civilians at a mobile police checkpoint.

The terrorist campaign, intended to emphasize the fifth anniversary Monday of the Viet Cong's National Liberation Front, led the U.S. military command to impose a dusk-to-dawn curfew on all American personnel in Saigon except those on duty.

Spacemen Found In Best Of Health

HOUSTON (AP) - America's champion Gemini 7 astronauts plunged happily back to earth Saturday after man's longest and most significant voyage in the strange world of space.

"Better than expected," summed up doctors' first findings on the bearded pilots, Air Force Lt. Col. Frank Borman and Navy Cmdr. James A. Lovell Jr., home from an historic 14-day flight.

Aside from a few wobbly steps, their first since slipping into their tiny spaceship Dec. 4, neither showed any initial ill effects from the two-week ordeal.

Spacemen Found In Best Of Health

Bewhiskered Astronaut - Astronaut James Lovell takes his ease - sporting two weeks of whiskers grown in outer space - as helicopter flies him from splashdown site of Gemini 7 to deck of carrier Wasp Saturday. His companion, spaceman Frank Borman, sported a beard much like this one. (AP WIREPHOTO)

Few Wobbly Steps Only 'Bad Effect'

"I'm dirty," Borman declared cheerfully. "But it's good, honest dirt."

The flight of Gemini 7, highlighted by a historic rendezvous with Gemini 6, brought the United States all major manned spaceflight records, putting the nation a great stride forward in its race to the moon.

With pinpoint accuracy, Borman and Lovell made their fiery dive home just the way they wanted - so good in fact, they may have won a bet from Gemini 6 pilots Walter M. Schirra Jr. and Thomas P. Stafford who preceded them from space two days earlier.

The wager of an undisclosed amount was on which spacecraft landed closest to the aiming point.

Borman fired his braking rockets without a hitch at 7:28 a.m. Big Spring time, over the Pacific Ocean. Slowed by a large, orange and white parachute after earth's gravity took grip, Gemini 7 pitched into the Atlantic about 565 miles southwest of Bermuda, right on schedule at 8:05 a.m.

CLAIMS BET - The pilots came down 12 1/2 miles from the carrier, out of sight of the ship. Borman claimed the bet. Schirra and Stafford splashed into the water about 14 1/2 miles from the Wasp.

Regardless of who pays, Gemini 7 and 6 were closer to their landing spot than any previous Gemini spacecraft.

Borman, as command pilot, chose to be hoisted with his traveling companion from the craft to a helicopter hovering overhead for the short ride to the carrier - a preference he announced before the flight.

After opening the hatch, as the craft bobbed in the water, Borman stood up. Then Lovell was the first to be lifted into the helicopter.

One of the rescuers commented to newsmen that both astronauts were pale and "looked like ghosts." But, he added, "their spirits were real good and they were really happy to be back."

330 HOURS - It was the end of a long journey - 330 hours and 35 minutes; 206 trips around the globe and 5,129,400 miles.

At the electric moment the copier touched down on the ship's deck 32 minutes after splashdown, the ship's band struck up a rousing "Anchors Aweigh."

Seconds later, America got its first glimpse of its newest space heroes, via live television (See GEMINI, P. 10-A, Col. 1)

Dying Edwards' Tips Help In Safe Landing

William K. (Bill) Edwards Jr., 45, veteran pilot and member of a prominent Big Spring family, died while flying his plane over New Mexico Friday evening, but not before he gave terse instructions to his prospective son-in-law, who safely landed the plane.

WILLIAM K. EDWARDS JR.

Air Force Lt. Kenneth B. Zella, who has 200 hours experience as a jet pilot, brought the plane to a smooth landing at El Paso International Airport but said Saturday "I could never have done it without Mr. Patterson."

Morris Patterson, Big Spring, was a passenger on the plane along with Sylvia Edwards, Lt. Zella's fiancée.

Ambulances were standing by when the twin-engine Cessna touched down, but Mr. Edwards was pronounced dead when he reached R. B. Thomson Hospital shortly before 8 p.m.

Services for Mr. Edwards will be at 10:30 a.m. Monday in St. Mary's Episcopal Church. The Rev. Don Hungerford, rector of the church, will officiate. Burial will be in Trinity Memorial Park. Nalley Pickle, Funeral Home, will be in charge of arrangements.

Mr. Edwards, his daughter and Patterson had flown to Tucson to return Lt. Zella, who is stationed at Davis Monthan AFB to Big Spring for the wedding which had been set for Dec. 30.

Flying over Columbus, N.M. at an altitude of approximately 8,000 feet, he suddenly radioed a change in flight plan to land at El Paso, some 15 minutes away.

STRICKEN - He complained of numbness in his hands and knees and turned to Lt. Zella, who was riding in the back seat with Sylvia Edwards.

"Keep it headed for those lights," he said. The plane had just broken into the clear, and the lights of El Paso lay ahead.

"Keep it at 7.5," he gasped, indicating the altitude necessary to get over the mountains. Matters were immediate complicated as the plane flew into a blinding rain, but it came over El Paso, once more the craft broke into the clear.

Patterson attempted to give aid to the stricken pilot and operated the radio for Lt. Zella, who took over the controls. He maintained contact with the air control in Tucson, which kept the craft under surveillance, estimated the land configurations and flying speeds for Lt. Zella. The lieutenant figured how to lower the landing gear.

The tower at El Paso gave altitude reports every mile, and summoned crash crews and ambulances. All three were shaken by the experience but were unscathed. They flew here early Saturday.

VETERAN PILOT - An autopsy was performed at El Paso, and the body was brought here Saturday evening. Mr. Edwards had been flying since his school days and he was regarded as one of the best pilots anywhere.

He had been in semi-retirement from Cosden Oil & Chemical Company and headed the W. K. Edwards Company. Only recently he had been elected president of the Big Spring Country Club.

His sudden death came on the heels of that of his sister, Mrs. Winston O. Harper, who had died of a heart attack six weeks ago.

William Knox Edwards Jr. was born in Big Spring Feb. 23, 1921. He attended elementary and high school here and later was enrolled at the Peacock Military Academy. He also attended the University of Texas for a short time.

A desire to be a flier was an ambition from youth and he early resolved to earn his pilot's license. Like his mentor, Art Wintheiser, he learned to "fly by the seat of his pants" and became chief flight instructor (Aug. 1940-Jan. 1943) for the Big Spring Flying Service, operated by Wintheiser as a contract school to train Army Air Force pilots.

INSTRUCTOR - He was scheduled for a commission as an AAF pilot, but was turned down at the last minute due to an earlier leg surgery. From March of 1943 to August of 1943 he ferried aircraft from Long Beach, Calif.

In October 1943 he became a flight instructor at the Brady (Texas) Aviation School and continued to June of 1945.

He operated his own flying service here from 1946-1952, and for the next two years he was aircraft service mechanic at Webb AFB.

Cosden Petroleum Corporation obtained a plane for its uses in 1954 and Mr. Edwards became pilot, later chief pilot and supervisor of the aviation department. On Aug. 1, 1963, he reduced his schedule to part time advisory supervisor in order to attend to his private interests.

He was the grandson of the late Will P. Edwards, pioneer cattleman, banker and oilman.

Mr. Edwards was married Sept. 9, 1941, to Miss Gloria Conley in New York. He was a member of the St. Mary's Episcopal Church.

His company here, the W. J. Edwards Jr. Aircraft Co., dealt with aircraft leasing and oil interests.

Survivors include his widow, Mrs. Gloria Edwards, 2512 E. 24th Street; one daughter, Sylvia Edwards Jr. Aircraft Co., dealt with aircraft leasing and oil interests.

FLUSH GUERRILLAS

American, Australian and Vietnamese troops joined in an effort to root out guerrillas who jumped a platoon of the U.S. 173rd Airborne Brigade in the jungle 40 miles east of Saigon.

Briefing officers called it a multi-battalion operation, which could mean several thousand men were engaged.

Initial reports listed 16 Viet Cong killed, 4 captured and 20 suspects taken in this fight, near a rubber plantation on the border of Bien Hoa and Phuoc Tuy provinces.

A sharp firefight developed between U.S. paratroopers of the 173rd Airborne Brigade and a Viet Cong band in the jungles 40-miles east of this city. A guerrilla bullet wounded Associated Press photographer Al Chang, 41, in the head and knocked him out for a while. Treated in the field, he returned to Saigon tonight.

The American curfew move was clearly aimed at minimizing the effects of any terrorist acts the Viet Cong may be planning for the fifth anniversary of their movement Monday or during the Christmas holidays.

Most of the Viet news Saturday centered on North Viet Nam's action in branding as "sheer groundless fabrication" a United States State Department report that Hanoi had put out a new feeler for peace negotiations.

Saving Of Africa Wild Life Asked

MORGES, Switzerland (AP) - A new convention asking governments to help save natural wild life in Africa was drafted this week at the Lake Geneva headquarters of the International Union for the Conservation of Nature at the request of the Organization for African Unity.

It will replace the 1933 London convention drawn up when the African continent was ruled largely by European colonial powers.

WEBB GROUP AIDS FUND

A gift from another group at Webb Air Force Base and several memorials helped make the CHRISTMAS CHEER FUND GROW today.

The 'T' Section of Class 67-B at Webb made up a gift of \$30 to aid in this program of bringing Christmas cheer to needy children who otherwise do not share in holiday happiness.

If you'd like to help, please act promptly by making your check to CHRISTMAS CHEER FUND and forwarding it to The Herald.

This is the last week, and a lot of boys and girls must be remembered. Besides, this Fund provides food and medicine at any time there is an emergency.

Thanks to these good friends:

Table listing donors and amounts: Class 67-B, T Section \$30.00, McKinney Plumbing Co. \$10.00, John Taylor \$5.00, Marguerite Cooper \$10.00, Mr. and Mrs. W. E. Cooper \$10.00, Mr. and Mrs. Curley Johnson \$10.00, Wayne Gamm \$5.00, Lester Marton \$5.00, Big Spring Cable TV \$10.00, Mr. and Mrs. Leon M. Kinney \$10.00, Anonymous \$10.00, Mr. and Mrs. G. W. Dobson \$10.00, Anonymous \$3.00, Previously acknowledged \$75.35, TOTAL TODAY \$478.35

Yule Buyers Jam Streets And Stores

Christmas shoppers were in town Saturday by the hundreds. Stores reported business was the heaviest of the current holiday season.

Traffic was jammed all day long and parking places were at a premium. Sidewalks teemed with pedestrians, most of whom were carrying big armloads of gaily decorated parcels.

"BIGGEST DAY" - "We had the biggest day we have had in a long time - possibly since the last few days before last Christmas," said one downtown merchant.

"If you'd like to help, please act promptly by making your check to CHRISTMAS CHEER FUND and forwarding it to The Herald. This is the last week, and a lot of boys and girls must be remembered. Besides, this Fund provides food and medicine at any time there is an emergency."

Merchants look for a grand rush Monday and throughout the remaining days before Christmas. The post office is swamped with cards, letters and parcels.

An all time record is expected for the month in the number of pieces of mail handled.

GIFT WRAPPING - Gift wrapping departments in the stores were buried with parcels. Some were running about two days behind and items bought Saturday were being marked for delivery on Tuesday.

Although the weather was not pleasant, it was not wet nor cold enough to stop the buying urge. It may have even accelerated the urge to buy - giving the season a touch of traditional Christmas temperature for about the first day since the season began.

Despite the heavy traffic there were no important mishaps. Police would probably hang up an all time high record for Christmas buying.

WELL STOCKED - The buyers found plenty of things to select from. Stores are exceptionally well stocked this season. Some fairly heavy buying has been in evidence for the week but the demand has not as yet depleted stocks seriously enough to make choice a problem.

With just five days left before the holiday, the grand buying rush will have to swing into action. "They've got to buy now," said one merchant. "They may have delayed for a while but that time is passed. It's now or never with them."

Reviewing The Big Spring Week

It looks like another of those down - to - the - wire Christmas shopping seasons. All last week traffic downtown and in the shopping centers was heavy, and most people had passed the grazing stage and were in a buying mood. Never before has there been such a wide variety and depth of merchandise to choose from.

In today's Herald you will find a list of those who have so far entered the Chamber of Commerce home decoration contest. Map you out an itinerary and circle around some evening this week and look them over, along with scores of other homes.

Winter made its bid for attention, and it's about time. There were a couple of raw days, but the temperature didn't sink as low as expected. Consequently, farmers are still looking for that freeze which will kill out the pesky green spots in cotton fields. We'll be lucky to get this crop out by the end of January.

Special honors came to two of our citizens. Jack B. Wilson Jr. was given a cash \$500 scholarship award as the outstanding senior accounting student at North Texas State University. Cliff Patton, who is in Philadelphia today for a recognition, was named to the all-time all-star team of the Philadelphia Eagles. During eight seasons, he played some rugged ball and set a team record of 84 consecutive points after touchdown (126 if exhibition and playoff games are thrown in) and booted

numerous field goals, among them a 49-yarder.

Our basketball teams would just as soon they do away with the last few seconds of the game. The high school Steers lost 55-54 in the last three seconds; Goliad Ninth Graders lost 65-63 in the last three seconds; and HCJC lost 80-79 in the last 11 seconds.

Merchants and club groups (which had been selling them in fund raising projects) cooperated with health authorities perfectly when question was raised about possible contamination of the liquid inside of plastic "ice balls." Preliminary tests by the health unit has given tentative substantiation to the fears, but more tests will be required.

The new president of the Big Spring Chamber of Commerce has roots deep into the community. He is John Currie, a third generation Big Springer and a devoted worker in many civic causes for many years. He will be aided by Randall Polk as vice president, and Clyde Hollingsworth as secretary. Currie and Wilson C. Edwards, all of whom are second generation Big Springers.

Rep. George Mahon bailed the Lamesa Chamber of Commerce out of a hole last Wednesday. When weather made it inadvisable for Gov. John Connally to fill a speaking engagement, the congressman drove down from Lubbock, and on the spur of the moment, made a splendid ad-

visory supervisor in order to attend to his private interests. He was the grandson of the late Will P. Edwards, pioneer cattleman, banker and oilman.

Mr. Edwards was married Sept. 9, 1941, to Miss Gloria Conley in New York. He was a member of the St. Mary's Episcopal Church.

His company here, the W. J. Edwards Jr. Aircraft Co., dealt with aircraft leasing and oil interests.

STUBBLE PUTS BRAKES ON ABRASIVE WINDS
Dust catch dwindles as it moves over protected field

Cropping Practice Helps Reduce Erosion Of Soil

Two days within a fortnight have furnished a fair test for effectiveness of a cropping practice to reduce wind erosion.

Observations during the Nov. 25 and Dec. 11 sandstorms, which were out of season but nevertheless as vigorous as any spring blow, showed time and again that fields with vegetative protection blew very little in comparison with unprotected ones.

Fields planted with two rows to cotton and four rows fallow (unplanted) were blowing severely, according to J. C. Wall Jr., soil conservationist, and Earl Hogan, range conservationist, assisting the Martin-Howard Soil and Water Conservation District.

Wall urged farmers to consider use of proper residue and stubble management. The latest scientific information, he said, shows that 1,000 to 2,500 pounds of stubble or crop residue left on the soil surface will protect the land from wind erosion. (Farms planted with two

rows of basic crop and two rows of grain sorghum or other stubble-producing crop will have sufficient residue.)

Wall said proper plantings would produce more economical production, while preserving fertility and in the long run conserving soil moisture and promoting water absorption.

The problem not only concerns farmers, he said, for townspeople have a stake as well. Reduction of sandstorms is good business psychology, for one thing, he pointed out. In addition, it reduces car and yard maintenance, lessens some medical and housekeeping expenses, and reduces maintenance of home exteriors.

Town people who have farms can help by encouraging operators to use sound soil conservation practices, or they may encourage clubs and other groups to study the problem and encourage others to consider promoting protection of naked fields.

DEAR ABBY

Truth Of The Kettle

DEAR ABBY: Last year a rather humorous letter appeared in your column from a little boy who was "confused" about Santa Claus. He said he saw a short, fat Santa in one of the stores, and a few minutes later he saw a tall, thin Santa standing on the street corner beside a large kettle, ringing a bell for the Salvation Army. The boy was indeed confused. But not more so than some adults.

For 72 years the "kettle" has been the symbol of the Salvation Army's Christmas appeal. OUR KETTLE is always manned by a man or woman wearing the uniform of the Salvation Army. NEVER a Santa outfit!

A small matter, perhaps, but we want all those who wish to help the needy at Christmas-time through the Salvation Army to know WHICH fund-raisers represent us. Sincerely, ANDREW S. MILLER, MAJOR - SALVATION ARMY.

DEAR MAJOR MILLER: I appreciate your letter. And perhaps my readers would like to know the interesting story of how the "kettle" became the symbol of your sidewalk Christmas appeal. On Christmas Eve, 1884, survivors of a shipwreck off the rocky coast of San Francisco were brought to the Salvation Army for shelter. California, along with the rest of the nation, was gripped by a depression. The Salvation Army was already caring for thousands of impoverished seamen and longshoremen. When the food ran out, an ingenious lassie picked up a soup kettle and stepped out into the bitter cold. At a busy street corner she set up a sign, "KEEP THE POT BOILING." Through the gener-

osity of passersby, that night there was soup for all. Word of the unique appeal spread to other Salvation Army posts, and it soon was adopted by them all—and it has ever been thus.

DEAR ABBY: I am heartsick and hope you will publish this letter as a warning to other brides who are tempted to make the mistake we made.

Our daughter was married in August, and all who attended said they had never seen a more beautiful wedding. My daughter's fiancé had a college friend who was supposed to be an expert amateur photographer, and he offered to take the pictures. The formal sittings as well as candid shots of the wedding, reception, etc. This friend came with cases full of equipment, poles, lights and half a dozen different kinds of cameras. (Others who knew something about photography said he had a "fortune" in equipment.) Well, this man took the pictures all right, but not one of them turned out. He said something was "wrong" with his film! Now the occasion is passed and we don't have one picture of it, not ONE! Please tell other brides, if "friends" offer to take pictures, let them. But just to be on the safe side, HIRE a professional, too.

LEARNED A LESSON

Changed His Mind

A bearded Viet Cong defector listens to welcoming speeches at an "Open Arms Center" near Rach Gia, South Viet Nam, where the South Vietnamese government is conducting a rehabilitation program for more than 1,000 former Viet Cong. The center is located

in the Mekong Delta region and the defectors will be tutored in government programs, tested for fidelity and encouraged to study a trade if they lack means of earning a livelihood. (AP WIREPHOTO)

Yanks Countering Dreaded Ambush

SAIGON, South Viet Nam (AP) — The Viet Cong's favorite and most feared tactic is the ambush.

Thousands of South Vietnamese troops and many U.S. soldiers have fallen in a hail of enemy fire from carefully concealed positions that give the Communists all the initial advantage.

But senior U.S. military men draw a careful and vital distinction — it's one thing to blunder into a disastrous trap unaware and another to hit an ambush site with your troops well deployed and ready for a fight.

In the first case the bushwhacking force has virtually a military royal flush. It has picked the time, the terrain and the element of surprise. If the commander is wise, and the Viet Cong are masters of the tactics, he usually succeeds in crippling or destroying his opponent.

HIGH CASUALTIES

In the second, the men caught in the ambush "kill zone" suffer terrible casualties. But the main force is spread out so that the unit as a whole can hang on to large. Air strikes and artillery are quickly summoned, and reinforcements are sent if possible.

One of the American command's chief tacticians calls this second example a "meeting engagement," and adds: "There is going to be a long series of very bloody meeting engagements in the future as we continue to seek out the enemy in his own terrain. This will happen as long as we chase the Communists, as we must to kill them and keep the pressure on."

U.S. losses in such engagements may be heavy but unavoidable for some units, he said.

It is clear that American troops still are developing their tactics to cope with ambushes and guerrilla tactics in general. How well they succeed may well determine the victor in Viet Nam's jungles.

Ambush tactics are as old as warfare. Two of the Viet Cong's favorites are laid out in the shape of an L or V.

A typical L-shaped ambush puts the long leg alongside a road or path American or government troops are expected to use. The short leg, usually with machine guns or automatic weapons, crosses the road or path.

CHANCES SLIM
The advancing Americans or Vietnamese are allowed to come down the road parallel to the long leg until the front units have nearly reached the far positions. Those inside the L are in the kill zone and when the ambush breaks, their chances are slim.

Troops moving on a broad front rather than straggling along in line over the route of least resistance may bump into the first positions of the ambush site, triggering it prematurely.

BIG PROPORTIONS
In the old days against the French, these ambushes reached regimental and divisional proportions. Perhaps they will again.

If a unit is properly deployed and has the fighting spirit to hang on, as American units have proved ready to do, the ambush can be the ambushers' undoing.

American artillery ranges up to 8-inch — 200mm — self-propelled howitzers and is plentiful.

'Democratic' Domingo Reported Less Orderly

SANTO DOMINGO, Dominican Republic (AP) — "In Trujillo's time," the man said, "the streets were immaculately clean, the grass trimmed, the trees pruned."

He nodded toward the seaside walk, littered with scraps of paper and fruit peels. Piles of loose sand hugged the curb. Dead leaves drooped from the palm trees.

"There was also law and order," he snapped, looking sternly at two jaywalkers.

Santo Domingo isn't a very clean or orderly city and hasn't been since dictator Rafael Leonidas Trujillo was slain in May 1961. The jails are less jammed, however, and free speech is a way of life, not a possible prelude to political exile or a prison term.

Still, many people, especially the older ones in this country of young folks, like to look back with a sort of knowing, I-told-you-so air.

The transition from 31 years of Trujillo dictatorship to representative democracy has been rocked by continued violence. One would have to look close today, though, to find the signs of last April's revolution, one of the most explosive in Latin-American history. Emotional scars are fading faster than most foreigners here thought possible.

The other evening Col. Francisco Caamano Dena, amiable chief of the rebel army, sat with friends in a popular restaurant. The place was crowded with people from the other side of the political fence. Some waved at Caamano. He smiled, waved back. Six months ago the two groups likely would have been shooting at each other.

Physical scars are disappearing in a flurry of reconstruction and repair projects that have helped thin the ranks of unemployed. Even surprised Dominicans are asking: Where's the money coming from?

\$80 MILLION
The United States has put more than \$80 million into a major rehabilitation effort. More is

on the way. The 9,000-plus foreign troops stationed in the country are spending at least some of their salaries here.

Scores of privately financed low-cost homes are going up on state land in the city. With an emergency grant of \$2 million from the Alliance for Progress and \$24,000 from the Organization of American States, the government is completing an aqueduct to end a chronic water shortage.

The most dramatic infusion of American help has come through the distribution of U.S. surplus foods. Catholic relief services, Church World Services and CARE gave away 63 million pounds — about 18 pounds per Dominican — of cornmeal, flour, powdered milk, cooking oil and oatmeal in the period between the start of the revolution, April 24, and Aug. 31. Food distribution is being stepped up with the emphasis on children of school and preschool age.

Gambling casinos and most night clubs have reopened. Even hope has gotten a boost with the reopening of the national lottery. Anti-Yankee fervor is on the wane, but not because Dominicans feel different about the American armed presence here.

LIKE AMERICANS
"It isn't that we don't like Americans; we do," says Bonaparte Geautreaux, 31, a young businessman. "It's just that we don't want foreign troops on our soil."
Framed against this background is an ugly little nocturnal "war" between diehards of factions involved in the revolution. The tempo is dying down but occasionally the night silence is broken by a grenade or machine-gun fire.
Lights burn late in the homes of some right-wing extremist political figures known, says President Hector Garcia-Godoy, to be conspiring against the government. Among them are those who measure peace and progress mostly in terms of clean streets and pruned trees, a la Trujillo.

U. S. Orders Night Curfew For Servicemen In Saigon

SAIGON, South Viet Nam (AP) — In a move to safeguard American troops from recurring terrorist attacks, the U.S. military command in South Viet Nam ordered a dusk-to-dawn curfew on all American servicemen in Saigon.

The move was clearly aimed to minimize the effects of any terrorist acts the Viet Cong may be planning on the fifth anniversary of their movement on Monday or during the Christmas holidays.

The curfew, which went into effect at midnight Saturday night, was ordered for an indefinite period. But there were indications it will be reviewed after the Christmas holidays.

In other developments, mountain tribesmen in South Viet Nam's central highland sent their political dissatisfaction boiling over into violence Friday night and Saturday and some bloodshed resulted.

REPORTS INCOMPLETE
Reports of developments were still sketchy, but it was learned that the Montagnards fought government troops in Phu Bon Province where a district chief was reported killed.

It was believed the government troops suffered numerous casualties and the dissident tribesmen were reported in control of Phu Tien, the district capital, at least up to midday Saturday.

Negotiations were going on with government authorities, but their outcome, if any, was not immediately known.

The other provinces involved were Quang Duc, Darlac and Pleiku.

At Gia Nghia in Quang Duc Province, two battalions of government troops moved in and the Montagnards who had stormed into the provincial capital 100 miles north of Saigon gave up and agreed to negotiate.

MOUNTAIN TRIBESMEN
There was even less information on the situation in other areas, but reports said there was some question about the status of several civil irregular defense group camps, installations that are manned by the mountain tribesmen.

These camps were said to include Pleorung and Plei Drenj in Pleiku Province. American officials there and in other areas declined all comment on the situation. It said it was strictly a Vietnamese affair.

Trouble also was known to have occurred at the Special Forces camp at Lac Thin in Darlac Province.

There normally are U.S. Special Forces advisory teams assigned to these camps and it is assumed there were Americans in them when the trouble broke out. The first sketchy reports, however, gave no indication of Americans being caught in the violence.

Writer Joins Accusations About Paper

To the Editor:
After reading Mr. George Thomas' letter to the editor I could not keep from writing one myself. I just hope you print it.

From experience as co-chairman of North Side United I have personally experienced everything and more of what Mr. Thomas said. Especially like your untruthful reporting of the event and deliberately injecting matters therein of an untrue nature in the way of slanting the story to suit your own ends. I am glad to see there are still some men in Big Spring that are not afraid to speak the truth even if it concerns big city officials.

This town needs more unafraid men like Mr. Thomas before just a few keep running this town of ours to suit themselves.

MRS. FERNANDA MORALES

Reds Using Jet Fighters

MOSCOW (AP) — North Viet Nam will make increasing use of jet fighter planes for defense against American air raids, a Tass correspondent reported today from Hanoi.

Rockets supplied by the Soviet Union and anti-aircraft guns have provided the main defense so far. Vietnamese jet fighters appeared Friday, however, Tass said.

The official Soviet News Agency correspondent also said North Vietnamese pilots claimed to have shot down 15 American planes.

The report followed one from Washington which said the SA2 anti-aircraft missiles supplied by the Soviet Union have had a low rate of kills. Of 160 fired at U.S. planes, only eight have brought down their targets, American officials said.

According to U.S. figures, 157 planes have been lost in action over Viet Nam, mostly to 37-millimeter and 57-millimeter guns.

Father Dies

Rites were to have been held Saturday in Miami, Fla., for Edwin Joseph Bruneau, 80, father of Mrs. Raymond Seger, 1704 Yucca. Mr. Bruneau had a heart attack Wednesday and died suddenly. Surviving him are his wife, daughter and two sons who reside in Boston, Mass. Mrs. Seger was unable to attend services because weather made it impossible to get a flight.

Nike X Due Further Delay

WASHINGTON (AP) — U.S. officials believe a decision on whether to produce the Nike X antimissile system could be delayed safely for at least another year.

This suggests that once again the Johnson administration may postpone the key decision in connection with the new defense budget which will go to Congress next month.

Weighing heavily against chances for an early go-ahead on the multibillion-dollar project are spiraling costs in Viet Nam. New attention was focused on the antimissile question this week when Secretary of Defense Robert S. McNamara told NATO ministers in Paris that the Chinese Communists could have intercontinental ballistic missiles by 1975 and might have medium-range missiles within about two years. Only the ICBM's could hit the United States from Chinese soil.

SUFFICIENT TIME
According to high-level thinking, there still is enough time for the United States to build its antimissile system, even with a delay, and get it in place before the Red Chinese nuclear missiles become a menace to this country.

Experts estimate it would take from four to six years to install an effective missile defense for the United States from the time officials gave a go-ahead.

Not everybody agrees with the Pentagon's civilian leaders that there is still time to ponder. The Joint Chiefs of Staff have recommended production of the Nike X as soon as possible.

The question could involve as much as a \$20 billion expenditure.

The United States has spent so far about \$2 billion on development of the Nike X and its less sophisticated predecessor, the Nike Zeus, over the past 10 years.

PEKING COURSE
Communist China's course toward nuclear weapons has made the Nike X antimissile system more attractive to McNamara. He has indicated that the system holds promise of protecting the United States from what he calls a primitive threat presented by the Chinese, although he has had reservations about whether the Nike X could successfully defend the United States from missile armament that Russia already has.

The Nike X is composed of two missiles—the Zeus which would intercept oncoming nuclear warheads about 200 miles out in space, and the superfast Spring which hopefully would kill enemy warheads in the atmosphere.

School Lets Out On Wednesday
Christmas holidays or youngsters in the Big Spring School system officially begin at 2:45 p.m. Wednesday, according to Sam Anderson, superintendent of schools.

However, many of the schools are having special assemblies and programs to celebrate the Christmas season, he said. Room parties will begin after noon on Wednesday in each of the schools and will be under the supervision of parents and teachers.

THE DANGEROUS SECOND YEAR

Youngsters about two years old most often swallow poisons. About half of accidental poisoning of children is caused by excessive intake of aspirin and other medicines.

Store all medicines and household products away from children's reach. We permanently record the ingredients of every prescription we fill. If a child swallows one, call us at once so we can tell the Doctor its contents. He can then give the proper antidote.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

First Space Rendezvous

This is how the Gemini 7 spacecraft looked to astronauts Wally Schirra and Tom Stafford in Gemini 6 during their historic rendezvous. The picture, made on 70mm color film, was released Saturday at the Manned Space Center near Houston. (AP WIREPHOTO)

Gemini Achievements

Manned Lunar Landings Nearer

SPACE CENTER, Houston, Tex. (AP)—With the flights of Gemini 6 and 7, the Gemini program has achieved all but one of its major goals.

The National Aeronautics and Space Agency now will start applying what has been learned to more sophisticated missions leading to manned lunar landings.

On tap for the remaining five Gemini launchings, all scheduled in 1966, are quick rendezvous missions, linkups with more than one satellite, and extensive astronaut walks in space.

Discussing the completion of the Gemini 6-7 mission Saturday, Dr. Robert R. Gilruth, director of the Manned Spacecraft Center, said:

"The flights climaxed a fabulous year for manned space flight. Since March the United States has sent five two-man crews into space and recovered them all safely.

"We now have accomplished the major Gemini goals. Among them were long-duration flight of 14 days, extra-vehicular activity (space walk), controlled re-entry and landing and rendezvous.

Actual hookup with another satellite is the only major Gemini goal not achieved. The Gemini 6 pilots, Walter M. Schirra Jr. and Thomas P. Stafford, originally planned to dock with an Agena satellite, but had their flight wiped out when the Agena failed to reach orbit.

The rendezvous with Gemini 7 was substituted. After coming within six feet of Gemini 7 as

55 Pct. Seen For De Gaulle

PARIS (AP)—Public opinion polls indicated Saturday Gen. Charles de Gaulle will get about 55 per cent of the votes in Sunday's runoff presidential election against Francois Mitterrand.

The polls credited De Gaulle with a stronger position than scattered checks earlier in the week had shown. These informal samplings by political leaders had pointed to a neck-and-neck race, with perhaps only 1 or 2 per cent separating the candidates, and leaving the victor in doubt.

COUNTRY HOME

President De Gaulle went to his country home at Colombey-les-Deux-Eglises in eastern France Saturday. He will vote there and hear the returns there in the evening. Mitterrand will vote at Chateau-Chinon in central France. He is mayor of that locality.

Cloudy weather was predicted for most of the nation with the possibility of showers in the northern half. This would be an improvement over the stormy rainy weather that prevailed in many parts of France two weeks ago in the first leg of the presidential race.

But the voter turnout is expected to be below that in the first round, when only 15 per cent of the 28 million registered voters failed to cast their ballots.

Jean Lecanuet, 45, a senator who campaigned in a pro-Euro-

Wilson Ends Talks, Leaves Washington

WASHINGTON (AP)—British Prime Minister Harold Wilson left Washington Saturday after a series of talks with President Johnson and winning U.S. support for an oil embargo against Rhodesia.

Secretary of State Dean Rusk saw Wilson off as he left the grounds of the U.S. Naval Observatory by helicopter for Andrews Air Force Base. He'll visit his son, a postgraduate student at the University of Pennsylvania in Philadelphia, before leaving Sunday for Ottawa, Canada.

Skies Rainy Over Texas

By The Associated Press

The normal gaiety of approaching Christmas suffered Saturday under gloomy, rainy skies in Texas and an unusual outbreak of weather-related deaths.

Since Friday there had been ten deaths blamed on the weather. Seven persons died in accidents on rain-slick roads and streets, two persons were asphyxiated in their tightly closed homes and a man was electrocuted while working in the rain on an electric power line.

But better weather was in prospect. While most of the state had overcast and light rain and drizzle, skies at the top of the Texas Panhandle turned fair and the Weather Bureau said the rain in the rest of the state would end during the night Saturday.

COOL SIDE

Temperatures Saturday afternoon were on the cool side, although Brownsville recorded 74 degrees with rain and fog. Amarillo had an afternoon reading of 34 degrees with overcast skies.

Although the weather was not the most favorable, travel by air and car was heavy as military personnel and college students headed home for the holidays.

American Airlines said it set records for passengers boarding its planes out of Dallas. It said 3,652 travelers left Dallas Love Field on 45 flights Friday. This beat the record of 3,516, set the Sunday after Thanksgiving. The airline said boardings Saturday were running ahead of the Friday pace.

Both Braniff International and Trans-Texas Airlines reported bumper crops of passengers. Braniff said reservations have been "extremely heavy, biggest we've ever had." While Trans-Texas reported traffic quite heavy and heavier than last year.

Continental and Greyhound bus lines reported heavy business. "We've got passengers running out of our ears," one Greyhound spokesman said, adding that in some instances four

Loyalty Oath For Aid Hit

WASHINGTON (AP)—Sen. Jacob K. Javits hopes to rid the medicare program of a provision requiring a loyalty oath from some of its beneficiaries.

The welfare administration said earlier last week that those among the elderly who weren't covered by either Social Security or railroad retirement would have to sign the statement in order to qualify for medicare.

It was estimated that about 2 million of the 19 million persons 65 and older would be affected.

Baptist Editor To Be Named

DALLAS, Tex. (AP)—The five-member committee to nominate the next editor of the Baptist Standard held a three-hour session Saturday without announcement of leading contenders.

"The screening process eliminated several persons who have been recommended," Jim Lindsey of College Station said.

SEEK SUCCESSOR

He and four other members of the Standard's 15-man board of directors form the special panel to seek a successor to E. S. James, fiery editor for more than 11 years.

"The committee believes it has some outstanding ministers and laymen to consider," Lindsey continued. "Great men of God have been brought into the picture."

The committee will meet in Dallas again Jan. 29, it was decided after Saturday's session.

He said the committee considered more than 20 persons. The Standard's directors may receive a recommendation at their March meeting. The board must approve the committee's nomination for the weekly news-magazine's top position.

WILL RETIRE

The nominating committee includes Chairman J. T. Ayers of Brownwood, Jack Hightower of Vernon, the Rev. J. M. Sibley of Beaumont and Bardin Nelson and Lindsey, both of College Station.

Dr. James, 62, will retire Sept. 1 under his leadership, the Standard's circulation has grown to 370,000.

Grain Futures Prices Mixed

CHICAGO (AP)—A couple of government orders affecting the grain futures market exerted a bearish influence in the trade last week and prices turned into a mixture of moderate gains and some rather broad losses.

Wheat was the hardest hit and setbacks there ranged to more than 4 cents a bushel. Corn also was shaken mildly and eased on all deliveries except December but soybeans finished generally little changed after some fairly wide swings both ways.

The most severe jolt came from a government order to sell all grades of wheat into commercial channels at steady prices had maintained a steady advance over a period of about two weeks and several times had climbed to the highest levels of the season.

Exporters were good buyers of corn on most days and the December contract maintained a firmer trend. Influences varied from day to day in soybeans.

At the end of the week, wheat was 4 1/2 cents a bushel lower to 5 1/2 higher, December \$1.63 1/2; corn 1 1/2 higher to 1/4 lower, December \$1.24 1/2; soybeans 1/4 lower, December 72 1/2; rye 1/4 higher to 1/4 lower, December \$1.22; soybeans 1/4 lower to 1/4 higher, January \$2.64 1/4.

W. Berliners Visiting Kin

BERLIN (AP)—Thousands of West Berliners began passing through the Communist wall Saturday to bring Christmas cheer to relatives in East Berlin.

It was the third consecutive Yuletide season that the visits were permitted.

West Berlin police said 30,000 persons had crossed over in the first four hours. About 100,000 were expected to make the trip by nightfall.

The Communists said they have issued 980,264 passes for the period ending Jan. 2. Each eligible West Berliner is allowed two day-long passes.

New Year's Eve Dance Planned

The Hi-Y Council of the YMCA will sponsor a New Year's Eve Dance Dec. 31 from 7:30 p.m. to 12:30 a.m. in the Y gym.

Robert Gossett, president of the council, announced.

The Sensations will provide music for the dance. Randy French, vice president of the council, is in charge of arrangements, and the Ladies Golf Association are cosponsors.

Admission for high school and college age students is \$1.50 per couple.

Yule Visitor

Don Heath, son of Mr. and Mrs. Herb Heath, CWO, 24-B Albrook Drive, is home for the Christmas holidays from his studies at Illinois State University.

Still Time—Enter Yule Competition

A total of 13 entries in the Chamber of Commerce Christmas Home Decoration contest has been chalked up, according to Edith Gay, secretary.

Deadline for entering the contest has been extended to Tuesday at 5 p.m. and judging will be Wednesday night. Contestants are urged to keep their lights on from 6:30 to 11 p.m. on that evening. Winners will be announced later in the week.

All prizes are donated by Texas Electric Service Company. First prize is the installation of a Ready-Lite, second, an electric blanket, and third, a student lamp.

Entries and locations are: SM Sgt. K. H. Thompson, 241-B Langley; Howard Alley, 4183 Connally; W. R. Campbell, 1511 Stadium; Capt. Jim Swigart, 65-B Chanute; J. L. Rankin, 407 W. 9th St.; Todd Roberts, 607

INTERIOR OF BRANDIN' IRON COMPLETELY REMODELED
Steak specialty house brighter than ever after fire damage

Remodeled After Fire, Brandin' Iron Re-Opens

Want to try some real West Texas cooking? Come on out to the Brandin' Iron Inn, US 87 South, for a wonderful selection of thick, juicy steaks, sizzling from the Brandin' Iron pit.

The Brandin' Iron has just been completely remodeled, following a fire which swept through the interior Dec. 5. The spacious dining area seats 76 and features round, maplewood tables and chairs with an Early American decor. Antique elm paneling gives a ranch-type flair to the softly lighted dining area. The thick carpeting is a soft beige, flecked with bright gold. Miniature lamp posts are found in the center of each of the tables. The dining area while comfortably large, lends a cozy atmosphere to the inn because of the soft lighting.

Owners Col. Lloyd J. McNeil, retired, formerly of Webb AFB, and R. L. Parker, have announced that hours for the Brandin' Iron will be 4 to 11 p.m. weekdays and Saturdays except Mondays, and noon to 9 p.m. Sundays.

The menu features many kinds of steaks to please the diner, and there are all sizes from which to choose. All meats come from Gooch's Portion Control Center in Abilene and are quality inspected prime steaks.

Also on the menu are baked potatoes with sour cream, a crispy green salad with a choice of dressing, and authentic ranch-style bread, warm from the oven.

The staff at the Brandin' Iron includes waitresses Sally Martin and Faye Glass and chef Forrest Benton.

Idea For Your Christmas Gift

Need an idea for a Christmas gift? Donald Van Meter, director of the VA hospital, has a suggestion. Give coupon books for the patients.

These can be given for as little as a dollar or for as much as the donor wishes to give. Veterans who are patients in the hospital can spend them like money. They don't even have to go to the canteen, because the Canteen Cart carries a good supply of Christmas merchandise right to their beds.

Van Meter reminded, however, that nothing takes the place of personal visits. A personal letter is next best, and then the gifts help spread the warm glow of the season.

Will the college problem change our speed?

It will slow us down, if we let it.

College enrollments are rising by several hundred thousand every year—and that's the problem.

Higher education needs funds to help finance the facilities, equipment and teachers to educate all these potential leaders.

This is where it hurts. Progress calls for leadership. Leaders are needed, in great abundance, to make wise use of our resources, manpower and human skills.

If the supply of leaders doesn't keep pace, can we expect to maintain our high level in jobs, opportunities and living standards?

This is everybody's concern—and everybody can help. Give to the college of your choice.

College is America's best friend

Fifteen Orphaned Children Together

MOTT, N.D. (AP) — There's not much room for gloom in a house filled with 15 healthy, noisy children — not to mention two growups and occasionally a couple of kittens and a pup.

At the Kerzman home here, 15 newly orphaned children are doing their best to carry on without their parents.

James C. Kerzman, 44, and his wife, Ione, 43, were killed Nov. 20 as the ambulance rushing Mrs. Kerzman to a hospital slammed into the back of a grain truck. She had given birth to their 15th child, a girl, only a few hours before.

The accident also deprived seven other children of their father. Julius Bartells, 45, driver of the ambulance, was killed too.

The Kerzman story told by The Associated Press touched the hearts of thousands. A fund surpassing \$12,000 has been raised to help the orphans. Another fund to aid Mrs. Bartells and her children also has been started.

Space Official Laid To Rest

ALBUQUERQUE, N.M. (AP) — Astronaut Scott Carpenter headed the list of dignitaries at memorial services here today for the nation's director of space medicine, Dr. W. Randolph Lovelace II, and his wife, Mary, 53.

The Lovelaces died Sunday when their light airplane crashed in a 12,500-foot high mountain valley near Aspen, Colo. Also killed in the crash was the pilot, Milton Brown, 27, Albuquerque.

Carpenter was one of the seven original U.S. astronauts. Dr. Lovelace, 57, as director of space medicine for the National Aeronautics and Space Administration, was instrumental in selecting the seven.

C-City Cattle Sale Slated

COLORADO CITY — Mitchell County Hereford Association's 17th annual Hereford sale is slated for Jan. 11 in the Mitchell County Agricultural Building, one half mile west of Colorado City on Business Route 1520.

Thirty choice bulls and 10 cows will be sold.

Proceeding the sale, a show will be held and trophies awarded the grand champion bull, reserve grand champion bull, grand champion heifer, reserve grand champion heifer and best group consigned.

Judge of the show will be Frank Jordan, Mason. The judging opens at 9 a.m. Jan. 11 and the sale at 1 p.m. Walter Britten is to be the auctioneer.

Officers of the association are A. K. Treadaway, president; Henry Vaught, vice president; Buddy C. Logsdon, secretary; and A. L. Geer, treasurer. Directors are Treadaway, Sam C. Thompson, Francis A. Winn, Henry A. Vaught, Logsdon and T. A. Northcutt.

Stock is being consigned to the sale by Travis S. Branch, Earl Brown, Buchanan Herefords, James Coates, Roy Henderson, Joe Neff, N. C. Pentecost, C. C. Thompson, Sam Thompson, J. E. Tiller Jr., A. K. Treadaway, Leland Wallace and Francis A. Winn.

Senator Will Be In Dallas, Denton

AUSTIN, Tex. (AP) — U.S. Sen. Ralph Yarborough, D-Tex., will be in Dallas and Denton Monday for the dedication of a new building, plans for a hospital extension and a luncheon.

The senator's office said Yarborough will attend the dedication of the new McKool Building in Dallas at 10 a.m. and the Mike McKool luncheon in Southland Center at noon.

At 2 p.m. Yarborough will leave for Denton and the dedication of plans for a new \$2.5 million extension of the Flow Memorial Hospital. He will return to Austin that evening.

Water Plan Through Year 2020 Mapped

AUSTIN (AP) — Texas planners are trying to figure out ways to stretch the state's limited water supplies to meet the needs of an estimated 30 million people by 2020.

That's the population forecast of the Texas Water Development Board—the state's water planning agency—and the University of Texas Bureau of Business Research.

Joe Moore, the board's executive director, said the county-by-county population projections made after a study by the two agencies are essential to sound planning for future water needs.

BEING MAPPED

The board's state water plan through 2020 is scheduled for completion next spring.

Moore said an estimate of total water needs has not been completed yet, but he offered these projections for two of the leading water uses—which will grow more important as the state becomes more urban and industrial.

Municipal water use was 1,255,000 acre-feet in 1964 and will rise to 5,782,000 acre-feet by 2020.

Industrial use was 1,315,000 acre-feet last year and will increase to 6,256,000. An acre-foot is 325,851 gallons.

As for the biggest consumer of water, irrigation—which took 12.5 million acre-feet of water last year, Moore said the 2020 estimate depends on a large number of variables and has not been devised.

Population projections for 2020 for major Texas counties include: Harris, 5,071,661; Dallas, 3,615,199; Tarrant, 1,849,098; Bexar, 1,840,926; El Paso, 1,013,960; Travis, 1,091,337; Nueces, 1,064,057; Ector, 200,362; Galveston, 620,008; Gregg, 402,757; Hidalgo, 437,717; Jefferson, 921,221; Lubbock, 464,262; Midland, 150,770; Orange, 197,344; Potter, 225,647; Randall, 261,803; Smith, 466,246; Taylor, 247,659; Tom Green, 202,160; Victoria, 187,771; and Wichita, 302,064.

Moore said the board has applied the county population figures to the 19 river basins and seven coastal basins of Texas to evaluate the ability of these basins to supply the projected needs.

CHECK SUPPLIES

"We are tabulating requirements and sources to determine net shortages or surpluses. This is directed toward the question of trans-basin diversions," he told a news conference.

"It may well be that every major basin east of and including the Brazos will be of surplus, exclusive of coastal basins."

The 59th Legislature gave the board explicit authority to include transfer of water from one river basin to another in its planning.

Moore said the planners are taking into consideration navigation along the Trinity River, recently authorized by Congress.

Toledo Bend Reservoir Recreation Plans Set

DALLAS (AP) — Plans for a massive program of recreational development at the damsite and along the Texas shore of the Toledo Bend Reservoir were detailed Friday at a meeting of the Sabine River Authority Board.

Officers were elected at the Dallas meeting. D. N. Beasley of San Augustine was re-elected president, and O. L. Norton of Longview was re-elected vice president. Others returned to office were Guy (Bubba) Cowser, Center, secretary, and Gus Morris, Greenville, secretary pro tem.

Other directors are J. L. (Roy) Payne, Hemphill; E. A. (Gene) Meek, Newton; Gus Osborn Jr., Emory; C. T. Wickersham, Orange; and Tom Pegus, Mineola.

John W. Simmons of Orange, executive vice president and general manager, told of the recreation plans.

"Plans are under way for a large-scale recreational development—an authority owned and operated park—in the vicinity of the project, power plant and tail race," Simmons said.

He added, "This will become one of the most important operations of the division and it is anticipated that recreational development at Toledo Bend will become a major authority activity in the future."

He also said planning includes provisions for other recreation along the Texas shore from the damsite 15 miles northeast of Burkeville to headquarters of the reservoir just north of Logansport.

The \$60 million project is a joint undertaking of the Texas and Louisiana Sabine River Authorities.

The dam and the reservoir project is "substantially on schedule," Simmons said. About 32 per cent of the dam, spillway and power plant has been built.

Pressure On Erhard From His Homeland

By CARL HARTMAN
BONN, Germany (AP) — There is pressure from home on Chancellor Ludwig Erhard as he goes into his talks with President Johnson Monday, pressure to get as big a share as he can for West Germany in the nuclear defense of the Atlantic world.

An opposition leader taunted Erhard recently in Parliament as wanting a kind of status symbol — "a touch of mink," he called it.

"It's a question of security, not prestige," Erhard retorted. An American official's comment: "But no government can live without prestige."

So Erhard is after both prestige and security in Washington. He has to be.

SURFACE SHIPS

Officially he still favors the multilateral nuclear force, a proposed fleet of surface ships armed with nuclear-tipped Polaris missiles. It would be jointly owned by whichever Atlantic nations wanted to help pay for it, and manned by mixed crews from their navies.

Its nuclear warheads would stay under American control; Congress is unlikely to approve any other arrangement.

But such a force looks dead. European opposition seems to have played the major part in killing it — from non-Communist as well as Communist countries. Many Europeans have a deep fear of giving Germans anything to do with nuclear weapons. It comes from vivid memories of World War II and German occupation.

KEY QUESTION

The question Johnson and Erhard will spend much of their time discussing: What can replace the multilateral force?

The President is believed looking for something that the Soviet Union would accept in a treaty to outlaw the spread of nuclear weapons. He puts a high priority on this treaty and the Soviets are saying — at least just now — that the plan for the multilateral force or something like it is the one insuperable obstacle.

Erhard also would like Johnson's assurance of West German participation in any decision-making that could lead to firing of nuclear weapons and he wants a veto such as other allies have on firing of American nuclear weapons from German soil.

HINGES ON U.S.

Much depends on how much decision-making the United States is ready to share. Will the West Germans, for example, get anything to say about American intercontinental missiles? Unless Erhard can eventually show concessions that look concrete, he may lose strength at home to rivals within his own party — the friends of President Charles de Gaulle, led by ex-Chancellor Konrad Adenauer and ex-Defense Minister Franz Josef Strauss.

Angelo Plans Shop Center

SAN ANGELO (AP) — Plans to build a multi-million dollar shopping complex in midtown San Angelo were announced Friday by Michel T. Halbouty, Houston oilman.

Halbouty said the shopping complex would be built on a 25-acre tract and include professional offices, apartments and a motor hotel.

"This is to be a regional center," said Halbouty. "It will serve an area with more than 285,000 people," he said.

The 59th Legislature gave the board explicit authority to include transfer of water from one river basin to another in its planning.

Moore said the planners are taking into consideration navigation along the Trinity River, recently authorized by Congress.

Stocks Near New Peaks

NEW YORK (AP) — The stock market last week dallied with historic highs in the averages and continued a kind of churning advance for the third straight week.

The Associated Press average of 60 stocks did actually make a record closing high on Thursday at 356.5, topping its previous peak of 355.8 made Nov. 4. The AP average ended the week with a gain of 1.3 at 356.2.

The Dow Jones industrial average approached an all-time peak made in November but failed to establish new closing highs.

GAIN SLIPS

The Dow Jones industrials rose 5.13 to 957.85. This closely watched indicator read as high as 962.22 on Thursday but the average lost most of its gain before the day was over and closed well below its historic peak of 961.85 made on Nov. 4.

Steels and railroads were very strong during the week. The rails gave the market outstanding leadership, making historic peaks in both the Dow Jones and the AP averages.

The market made an undoubted gain on the week. Of 1,573 issues traded, 819 rose and 609 fell. On no session was there anything like a solid rally of any breadth.

Volume for the week was 47,744,800 shares compared with 48,931,742 in the record trading of the previous week.

NEWS GOOD

The background of news was generally good. Industrial production was reported at a record in October.

After stock trading ended the week in New York, the Pacific Coast exchange was deluged with selling as word circulated of North Viet Nam peace feelers.

Bond prices continued to drift downward during the past week in a continued reaction to the

Yarborough Fires Blast At Connally

AUSTIN, Tex. (AP) — Sen. Ralph Yarborough, D-Tex., said Saturday Gov. John Connally is taking it out on him because Texas voters rejected the governor's "grab for a four-year term on Nov. 2."

"His frustration with the people's votes has been reflected in wild swinging attacks on me, immediately after the November 2nd four-year term amendment vote," the senator said.

His reference, in a long news release, was to the defeat of a proposed constitutional amendment which would have given Texas governors four years, instead of two years, in office. Connally supported the proposal.

Yarborough also replied to comments Connally made Friday at a news conference.

CONNALLY'S BLAST

Connally termed as "wild and irresponsible" Yarborough's statement that the State Democratic Executive Committee opposed the senator's bid for reelection last year.

"The latest in this series of ridiculous statements was the claim by the governor yesterday that he and his State Democratic Executive Committee are entitled to credit for my election in 1964. The governor is quoted in the press as saying, 'we even carried Senator Yarborough back into office in a hotly contested race.'" Yarborough said.

The senator said his support came not from the state party level but from the National Democratic Executive Committee, the U. S. Senate Democratic Campaign Committee and "a more generous endorsement by the President of the United States than any senator could reasonably hope for."

DEMO PRIMARIES

He said Connally worked "most actively to field his candidate against me in the Democratic primaries, supported my opponent in the May 1964 primary, and supported my Republican opponent in the November 1964 general election."

Yarborough said Connally's supporters held political schools showing Democrats how to vote a split ticket by scratching Yarborough's name and leaving the name of Republican George Bush on the ballot.

Week's Trend In Livestock

CHICAGO (AP) — Following is a summary of the hog, cattle and sheep markets for the week:

Hogs — compared with Friday last week: Barrow and gilts closed 50-75 higher; sows 25-30 higher.

Barrows and gilts: On the close, 1 and 2 190-225 lbs 29.25-29.75; 46 head at 30.00. Mixed 1-3 190-240 lbs 28.50-29.25; 2 and 3 240-270 lbs 27.75-28.50; load 250 lbs 27.50 and load 300 lbs 27.00. Sows: 1-3 325-400 lbs 23.50-24.25; 400-450 lbs 22.75-23.50; 2 and 3 450-500 lbs 22.00-22.75; 500-600 lbs 21.00-22.00.

Cattle — compared with last week's close: Slaughter steers 50-100 lower with weights over 1,150 lbs mostly 1.00 lower; heifers 25-75 lower.

Slaughter steers: At the close, prime 1,150-1,375 lbs 27.25-27.75; load prime 1,288 lbs 28.00; high-choice and prime 1,100-1,350 lbs 25.50-26.50, mostly 25.25-26.25; mixed good and choice 900-1,300 lbs 25.00-25.75; good 23.50-25.00.

Slaughter heifers: High-choice and prime 900-1,100 lbs 25.75-26.00, four loads at 26.00; choice 800-1,050 lbs 24.50-24.50; mixed good and choice 23.50-24.50; good 22.00-24.00.

Sheep: Slaughter lambs mostly 25 higher, wooled slaughter ewes mostly steady.

Wooled slaughter lambs: choice and prime 85-105 lbs 27.00-27.50, most good and choice 25.00-26.50.

Europe Train Crash Kills 10

SALAMANCA, Spain (AP) — The Lisbon bound "Sud Express" train from Paris and a local train collided today near the Portuguese frontier and 10 persons were killed and 14 seriously injured, railway officials announced.

Three of the dead were railway employees, the announcement said.

The crash occurred between Fuentes De Onoro and Medina Del Campo. The local train reportedly was operating 65 minutes behind schedule.

Ambulances brought the dead and the seriously injured to hospitals in Salamanca.

Mishap Kills Cabbie Who Drove Oswald

DALLAS (AP) — The taxi driver who picked up Lee Harvey Oswald shortly after Oswald killed President John F. Kennedy died Saturday in the crash of his cab and another automobile.

The victim was William Wayne Whaley, 60, of Lewisville, a Dallas suburb.

A second man, John Henry Wells, 83, of Dallas also died, and an autopsy was ordered to determine whether he died from injuries or from a heart attack.

Testimony before the Warren Commission showed Oswald rode a bus from the assassination site to the Greyhound bus station, a few blocks away.

OSWALD PASSENGER

Oswald came running to Whaley's taxi and said, "Can I take this cab?"

The assassin gave the cab driver an address a few blocks beyond Oswald's residence. The fare was 95 cents and Oswald told Whaley to keep the change from the dollar bill Oswald handed him.

Oswald walked to his home, changed his jacket and started walking. He was stopped by officer J. D. Tippit and Oswald shot him to death, and was captured shortly thereafter in a theater. Jack Ruby killed Oswald two days later — Nov. 24, 1963 — during a routine jail transfer. Ruby's death sentence for murder is being appealed.

Whaley began driving for City Transportation Co. in 1936 and had never been charged with a collision. He had been with the company longer than anyone else.

NAVY CITATION

He received the Navy Cross in World War II for action off Iwo Jima.

Lt. Cmdr. Maurice R. Barnes Jr., of Salt Lake City, Utah, a passenger in the cab, suffered critical injuries. Investigating officers said Barnes was a Navy legal officer stationed at Washington, D. C.

Cubs Carry Out Christmas Theme In Pack Meeting

The Christmas theme was carried out in the meeting of Cub Pack 202 at the First Methodist Church Friday evening.

Sgt. Jerry Williams, chairman of the committee presided in the absence of Cubmaster Boyd Bryans and thanked Cubs for generous help on the project of providing for a needy family at Christmas. Den 1 presented the flag, Den 5, with Mrs. Ben Johnson Jr. accompanying, led carols. Den 3, using puppets made by Mrs. James Dunn, den mother, presented a skit, "Santa's Sorry Plight." Dens 1 and 5 tied for the uniform award and Den 3 got the parents' attendance banner.

Mrs. Boyd Roper was introduced as Den 2 mother.

Awards included: Robert Shapland, Wolf; Michael Robinson, Jerry Williams, David Holley, Van E. Johnson, Lions; Alan Williams, John Bryans, Robert Taylor, Joe Githron, Robert Shapland, Tom Campbell, Micheal Robinson, David Holley, arrow points; Larry Stevens and David Holley, denner badges; Michael Robinson, assistant denner. Dates for the January meeting and leaders' meeting will be announced later.

United Fund Eases Up

The United Fund has eased up a bit since the office was closed officially, but it is still substantially short of the goal.

W. H. Wharton, secretary, reported the total Saturday at \$95,462.13, which is \$4,502.73 short of the target. Some clean up work remains, he said, and Lester Morton, president, is planning some contacts after Christmas in an effort to narrow the gap.

Church To Have Special Service

The First Christian Church will observe its white gift service, a traditional part of the season's observance, at 7 p.m. today.

The sanctuary has been decorated in white, and following the brief program of Christmas music by the chancel choir and youth choir, members will bring their gifts—wrapped in white—and lay them on the altar.

The gifts go to the church's Juliett Fowler home for children and aged people at Fort Worth. The public is invited to share in this occasion with the

CHRISTMAS SPECIAL

Get Braced, Winter Is Due

Winter will reach Big Spring and Howard County officially at 7:41 p.m. Tuesday.

Any cold which may have occurred prior to that date is unofficial and cannot be classified as winter. Fall ends at that hour and perhaps the foggy, chilly, dank days of the past week have been winter's advance notice of its advent.

The Winter Solstice, which brings winter into the area, varies from one to two days. It always falls on Dec. 21 or Dec. 22.

In 1964, winter made its appearance at 1:50 p.m. Dec. 21. Next year, it will appear at 1:29 a.m. Dec. 22. The following year, 1967, winter shows up at 7:17 a.m. Dec. 22.

Last year, winter gave a fair-

Texan Pilot Of B57 Lost Off Turkey

WASHINGTON (AP) — A B57 with a Texan at the control is missing in the Black Sea area off the Turkish Coast.

The Defense Department discounted any possibility that the plane had been shot down. A spokesman said the craft was not in the vicinity of Soviet waters.

Pilot was Capt. Lester L. Lackey of Lubbock, son of Mr. and Mrs. Moody Lackey of Idalou, Tex. He is a 1953 graduate of Texas A&M and attended public schools in Stephenville. He was assigned to Germany in August of this year. His wife and three children reside in Germany.

The Pentagon said the plane had taken off from Incirlik Air Base near Adana, Turkey, on a routine flight. It was based at Rhein Main Airport in West Germany.

More Favor Gun Priority

WASHINGTON (AP) — The mounting debate about whether the programs of President Johnson's "Great Society" should be shelved or trimmed as Vietnam military expenditures rise has been conducted so far largely along party lines.

But signs accumulated in Washington this week that more Democrats are inclining toward the guns rather than the butter side of the guns-or-butter argument — at least to the extent of hoping the administration will not significantly expand the domestic projects already started.

KEPT GUARDED

The President's own intentions are kept closely guarded and it is evident the administration wants to avoid any early disclosures that would put it at a disadvantage when the debate resumes, as it inevitably will when Congress reconvenes next month.

The clearest indication of the Democrats' concern was given by the straight party-line votes by which the Senate-House Economic Committee refused to call the executive's major fiscal officers to the stand for public questioning now.

WORRY GROWS

A sign of growing worry among some Democrats as to whether the country simultaneously can have a booming private economy, extensive social improvement programs and a steadily more costly military undertaking came — in characteristically oblique fashion — from one of the most powerful Democrats in the House, Rep. Wilbur D. Mills of Arkansas.

Mills, as chairman of the Ways and Means Committee, was the principal architect of the two big tax-cut bills credited with much of the steam behind the continuing economic advance. He spoke before a Kiwanis Club in Little Rock, Ark., and then took the unusual step, for him, of having copies of his speech distributed in Washington a day later.

URGES RESTRAINT

"If federal government spending is held under reasonable

restraint, the growth of the economy will both make possible and require periodic tax reductions," Mills said. "Inadequate restraint on expenditures, on the other hand, will mean passing up this fiscal dividend. Hopefully, we will so manage our affairs that we can again continue to realize the benefits from easing tax constraints on personal and business initiative and growth."

Mills here appeared to be calling for spending cuts rather than any special Viet Nam war taxes. The White House denied Wednesday that new taxes are being considered actively.

Mills said the cost of the fighting already has just about destroyed hope for the once-expected balanced budget in 1967. He said he is not calling for a "broad-ax economy drive," but that the Viet Nam commitment is such that "restraint with respect to other programs of the federal government is surely called for."

Health Units Get Together

Staff members of the Midland-Ector-Howard-Andrews Health Unit held their pre-Christmas gathering here Friday.

The met at the new quarters of the Big Spring-Howard County unit in the Dora Roberts Health Center. Visitors took Dr. R. E. Johnson, Midland, at his word and gave him exactly what he insisted on — nothing. While he opened what turned out to be an empty box, Mrs. Johnson was presented with a certificate for classical recordings. Thirty-one staff members from Odessa, Midland, Andrews and Big Spring attended. The local unit had its own traditional gift exchange just before the unit get-together.

TRUBLE'S IN THE MAKING Christmas program set for Forsan

Connally Issues Plea For Safety On Roads

AUSTIN, Tex. (AP) — Gov. John Connally urged Texans driving during the Christmas holidays to be their own policemen in an effort to cut down on traffic fatalities.

The governor's safety message said:

"One of the real tragedies of American society is the fact that the Christmas season, the time of a great outpouring of good will toward our fellow human beings, is also a time of terrible death and destruction from traffic accidents and other violence."

NATIONAL DISASTER

"The Department of Public Safety has estimated that 110 persons will die from traffic accidents in Texas between Dec. 24 and Jan. 2, part of a continuing national disaster which seemingly has no end."

"The rules of safe driving should be well-known to every Texas motorist, but during the holiday season's usually heavy traffic congestion it is mandatory that extra care and precaution be taken at all times. The Department of Public Safety, Texas Highway Depart-

ment, local law enforcement agencies and Texas Safety Association have marshalled all their efforts to hold down the number of accidents during this critical period. But there are more than 65,000 miles of highways in Texas, and it is impossible to police each mile.

CONNALLY PLEA

"I appeal to each driver to be his own policeman. Drive with care. Be alert to other vehicles and pedestrians. Don't drink after drinking. Above all, obey the law."

"We can, if there is a will and a determination of the part of all of us, prevent many of the predicted deaths and injuries during this most joyous season of the year."

Factory Work Jobs Show Climb

AUSTIN, Tex. (AP) — Texas job placements in manufacturing industries during November rose to 7,731 from 7,072 in the same month a year ago, the Texas Employment Commission reported.

There was a slight decrease in total nonfarm placements, however, from 47,232 in November, 1964, to 46,992 last month. Female job placements accounted for the increase in the manufacturing industries, the commission said.

Forsan School Makes Holiday Plans Tuesday

FORSAN — The Forsan elementary school and the Forsan High School chorus will present a Christmas program at 7:30 p.m., Tuesday in the Forsan gym.

The musical play entitled, "Trouble at the North Pole," was written by Mrs. Charles McQuaid, music director. The play takes place in the Claus home, and troubles arise when something happens to Santa Claus on Christmas eve. Main characters are Juanita Henderson as Santa, Jody Dodd as Mrs. Claus, Marlin Medlin as Doctor Smith, and Terry Wooten as Mr. Alex.

Santa's helpers are Brenda Cowley, Landon Soles, Cindy Spurgin, Duke Albertson, Keith Gandy, Gage Mims, Kerry Fletcher, and Beverly Lopez. There will be no admission, and the public is invited.

Ex-Medical Corps General Succumbs

EDGARTOWN, Mass. (AP) — Dr. Perrin H. Long, 66, a retired brigadier general of the Army Medical Corps, who did much in development of sulfa drugs, died Friday after collapsing during a stroll near his home.

Area Ginnings Near Quarter Million Mark

Cotton ginnings in the nine counties in the Big Spring area crawled close to the quarter million mark as last week came to a dampish end.

Texas Employment Commission officers here, in Lamesa, Sweetwater and in Midland re-

ported that gins in Howard, Martin, Glasscock, Midland, Dawson, Scurry, Mitchell, Nolan and Fisher counties have ginned a total of 208,835 bales of the 1965 cotton crop. This is roughly a third of the total crop forecast for the counties.

Here in Howard County ginnings showed a sharp rally. Last week although the damp weather on Friday and Thursday slowed down operations, total ginnings through Friday stood at 13,105. This is very close to a third of the county crop, the TEC checkers believe.

Dawson County, also hampered by dampish weather, has now ginned 93,206 bales. The crop in this county will total around 150,000 or more bales.

Glasscock County is nearly at the end of its 1965 harvest. The crop in that county has been estimated at 12,000 bales and 10,995 have already been ginned. Less than two thousand bales remain to be harvested.

Martin County has now ginned 21,214 bales. The yield is proving much better than had been expected in this county.

Midland County with a 15,000 estimated crop has ginned 7,638 bales.

Scurry County has ginned 13,958 bales. Mitchell's ginnings through Friday stood at 11,732; Nolan County 11,758 and Fisher County 26,126.

The damp weather which marked the week-end is not

what the farmers want. They are still awaiting a hard, killing freeze to properly defoliate the fields and put them in shape for the strippers.

Grades, Staple Remain Steady For This Area

Receipts from Howard, Martin, Midland and Glasscock counties stepped up last week at the Abilene classing office of the Consumer and Marketing Service. A total of 7,520 bales was checked. This helped run the week's figure at Abilene to 35,499, or a season's total of 279,988, more than for all last season. The office carried over 12,000 bales or two days work to this week.

Samples from this area showed 17 per cent middling white, 17 per cent strict low middling, 43 per cent middling light spotted, 11 per cent strict low middling spotted. Other grades were one and two per cent. Bulk of the staple was in the medium range—25 per cent 29-32, 53 per cent 15-16, and 14 per cent 31-32.

Two per cent of cotton had 2.6 or lower micronaire and was classed as wasty, while another 19 per cent ran under 3.2 and was considered undesirable. Bulk was 3.3-3.5 (24 per cent) and 3.6-4.8 (58 per cent). One per cent graded as rough prepared. Thirty per cent showed 75-79 on the Pressley scale (1,000 pounds pressure per square inch), 41 from 80-84 and 19 from 85-89.

The market was dull for middling light spotted and higher grades. Middling light spotted was even with CC loans to 35 points higher; strict low middling light spotted drew 50 to 75 points above the loan.

Appeal Filed

A motion for extension of time to file briefs has been granted by the Eleventh District Court of Civil Appeals in Eastland in the case of Texas Employers' Insurance Association versus Charles F. McManis. The company is appealing a judgment given McManis in Dawson County.

Od. Permian Wins In Title Encounter

SAN ANGELO, Tex. (AP) — Rickey White spearheaded a fierce offensive contest Saturday and spurred Odessa Permian to an 11-6 victory over San Antonio Lee in the Class AAAA finals of Texas schoolboy football.

The slender defensive halfback blocked two punts, recovered a fumble in the fading moments, and contributed a number of defensive feats that carried the Panthers to their first state championship.

White's first blocked punt produced one of two safeties and gave the West Texas club a slender but precious two-point lead at intermission.

Permian added another safety in the third quarter to make the count a weird 4-0 before quarterback Mike Campbell scored the first touchdown of the bitterly fought game deep

in the same period. Lee got its touchdown four minutes into the final period after a bad pass from center prevented a Permian punt. Fullback Bruce Kempf scored on fourth down from a yard out.

Fumbles and blocked punts were the order of the day as the shivering crowd, estimated at 15,000, looked on under sullen grey skies.

Light rain fell intermittently and the field was muddy. Five times the Panthers lost possession of the ball on fumbles and they watched one serious touchdown threat die at the San Antonio three-yard line on a pass interception.

It was an incredible contest from beginning to end, with first one team and then another muffing scoring opportunities or committing critical blunders.

White got the action underway on the first series of downs when a snap from center was a trifle high, giving him the split second needed to charge through and block Billy Gibson's punt.

The ball bounced into the end zone and Gibson snatched it after a brief skirmish.

White chose kicker Mike Baker for his second victim, blocking his punting attempt to win possession for Permian at the Lee nine. But four yards left the Panthers riches shy of the end zone.

Permian salvaged two points, however, as Richard Dendard and David Byerly flashed in on the next play to trap Gary Messer behind the goal. The Resister Volunteers later called on Kempf to try his kicking luck, but he managed only a 24-yard effort. It was from this point,

the Lee 39, that Permian drove in for the touchdown.

MISCUE HURT

And it was a miscue that set the stage: Gibson was charged with pass interference in the end zone and the 32-yard penalty put the Panthers at the one, from where Campbell scored.

Another bad pass from center delayed Odessa's Billy McDaniel for getting away his punt in the third quarter and Terry Keener chased him out of bounds at the Permian six.

Fleet Pat Sheehan knocked at the line three times and then Kempf crashed through on the crucial fourth down.

Permian's fumbles presented Lee two early scoring opportunities, once at the Panther 40 and again at the 12. The stout defense prevented either from materializing into points.

Permian later raced downfield to the edge of the goal and with 30 seconds left in the half threw for the touchdown attempt. But the ball was deflected and Bob Burnside of San Antonio stole it at the three.

The victory extended Odessa's winning streak to 12, its only loss being to Lubbock Monterey in the second game of the season. It was the first loss for Lee, which was tied in the last game of the regular season by San Antonio MacArthur.

For All The Marbles
Danny Parrish (with ball), San Antonio Lee wingback, runs for short yardage and a first down against the Odessa Permian Panthers in the Class AAAA state championship game at San Angelo. Mike Conway, immediately behind Parrish, and Ricky White (right) move in for the tackle. The Odessans beat Lee, 11-6, in a steady downpour. This play occurred in the second quarter. (AP WIREPHOTO)

Ole Miss Is 13-7 Winner Over Tigers

MEMPHIS, Tenn. (AP) — Two field goals and an extra point by place-kicker Jimmy Keyes led Mississippi to a 13-7 football victory over Auburn in the seventh annual Liberty Bowl game Saturday.

Keyes, a sophomore defensive guard, kicked field goals of 42 and 30 yards, and Doug Cunningham caught a six-yard touchdown pass from Jody Graves for Ole Miss.

Auburn scored on a 44-yard run by fullback Tom Bryan, who gained 111 yards in 19 carries and was voted the game's Most Valuable Player.

Trailing 13-7, Auburn drove from its own 36 to Mississippi's nine, where the Rebels threw quarterback Alex Bowden for a loss and held on downs with 19 seconds remaining.

A crowd of 38,607, a Liberty Bowl record, saw the game in 41-degree weather. The defensive teams dominated most of the game. The quarterbacks frequently missed the target with their passes and receivers dropped some on crucial downs.

Ole Miss had gone into the game with a 6-4 record, including five victories in its last six outings. Auburn, with a 4-4-1 overall record 4-1-1 in the Southeastern Conference, lost the Conference championship to Alabama in its last regular season game.

Mississippi 0 3 7 3-13
Auburn 0 7 0 0-7

Mays Suffers Dizzy Spell

SALT LAKE CITY, Utah (AP) — Willie Mays, the Most Valuable Player in the National League, collapsed Saturday just before going on stage at a Salt Lake City theater but shortly after said, "I feel real good."

The 34-year-old Mays was taken to the home of Herman Franks, the manager of the San Francisco Giants.

"The doctor here (Robert Dairymple) said I was a little nervous from running around all over the country," Mays told a San Francisco radio station (KSFO) in a taped telephone interview.

Mays was in a group making a holiday entertainment tour of Job Corps camps.

"I've asked Herman to cancel all my appointments," Mays said. "The doctor said I should get lots of rest. He gave me a couple of shots and some pills and said in a couple of days I should be back to feeling really good."

Mays, highest paid player in baseball at \$105,000 a year, has collapsed twice during the late, tense stages of a baseball season. He collapsed in 1962 while sitting in the dugout in Cincinnati and doctors said then it was indigestion.

Vols Take Hurricane To Woodshed, 27-6

and prevented Tulsa from making it two victories straight. Tulsa beat Mississippi in the 1964 game.

The rugged Tennessee defense, which intercepted four passes, was too much for Tulsa to puncture, except in the first period when the Hurricane slammed 56 yards for its only score. Tulsa had to do it mostly with running then as the NCAA champion passing combination of Bill Anderson to Howard Twilley was ineffective.

Tennessee scored first when Gary McDermott fumbled and Bob Petreley recovered on the Tulsa 49. Dewey Warren passed for 37 yards and ran for eight, and the Vol quarterback then threw four yards to Hal Want Leake's try for point was wide.

Tulsa came back with an Anderson pass to Mark Maddox for 13 yards getting the drive on its way. A 20-yard run by Neal Sweeney set up the touchdown on the Tennessee one. McDermott circled left end for the score. Twilley missed the extra point.

McDermott fumbled a lateral to set up the next Tennessee touchdown. Frank Emanuel, the Volunteers All-America line-backer, recovered on the Tulsa 33.

Charley Fulton and Warren alternated at quarterback, with the former running for 17 and Warren for 16 in the drive. Warren scored from the one, the first of two touchdowns by the Tennessee quarterback. Leake converted.

Later in the second period Smith made his punt return to set up a touchdown. Warren went over from the one after Stan Mitchell had driven six yards to that point.

The final Tennessee touchdown came in the third period when Glenn Gray intercepted an Anderson pass on the Tulsa 43. Mitchell, the 214-pound fullback who lashed the Tulsa line all day, ran for 34 yards in the drive. He ran over Jack Suggs for the last 11 in getting the score. Leake again converted.

Anderson completed 23 of 47 passes for 254 yards, three completions and one yard short of the Bluebonnet Bowl record held by Don Trull of Baylor.

Tulsa had 323 yards total offense compared to 218 for Tennessee, but three fumbles lost to the Vols and the four pass interceptions nullified the Hurricane efforts.

The Tennessee ground attack ate up 181 yards and picked up only 37 yards in the air. Tulsa got 250 of its total offense yards passing.

MVP PICKED

HOUSTON, Tex. (AP) — Tennessee quarterback Dewey Warren, who scored two touchdowns which he set up himself, was picked as the outstanding back of the Bluebonnet Bowl game Saturday.

Slippery Pigskin
Tennessee back Jerry Smith (44) hits Tulsa's Howard Twilley and jolts loose a pass Twilley snagged from quarterback Bill Anderson in the second period of their Bluebonnet Bowl game at Houston Saturday. Heavy rain made the footing difficult and the pigskin hard to hold. Moving in on the play is Tennessee back Tom Fisher (55). (AP WIREPHOTO)

Baltimore Colts Shade Rams By 20-17 Score

LOS ANGELES (AP) — The Baltimore Colts staved off disaster in the final seconds and defeated the Los Angeles Rams Saturday, 20-17, keeping alive their title bid in the frenzied Western Conference race in the National Football League.

Performing in heroic fashion without their star quarterback, Johnny Unitas, the Colts scored 10 points in the final quarter to come from behind and win.

Ed Brown, the bargain-basement quarterback newly acquired from the Pittsburgh Steelers, completed a pass for 68 yards to John Mackey to tie the score early in the fourth period, and Lou Michaels, who long ago was with the Rams,

booted a 23 yard field goal to win the game.

The cellar-bound Rams kept a crowd of 46,636 from leaving Memorial Coliseum early as Roman Gabriel ran and passed from their own 3 to the Baltimore seven as the final seconds ticked away.

But Bob Boyd, with his second key interception of the bright, crisp afternoon, intercepted a Gabriel throw to Marlin McKeever, and that ended the Los Angeles threat with 1:01 remaining.

Baltimore's victory thus prolonged the suspense in this red-hot race in the division, and the answer won't come until Green Bay and the 49ers finish

their struggle in San Francisco Sunday afternoon.

If Green Bay wins, they win the crown. If they lose, it belongs to Baltimore. If the Packers and 49ers tie, it would give Baltimore and Green Bay identical records of 10-3-1, and they'll meet in a playoff at Green Bay Dec. 26.

The Colts' triumph sank any chance the Chicago Bears had of getting into a playoff. The Bears meet Minnesota at Chicago Sunday.

Cleveland has already won the Eastern title. The championship game will be played Jan. 2 in the winning Western team's city.

San Diego And Oakland Tangle In Headliner

By DICK COUCH
Associated Press Sports Writer

The game that could have been pits San Diego's Western Division Kings against frustrated Oakland Sunday as the American Football League winds up its sixth season.

The Charger, nailed their third straight division crown last weekend at Houston, averting a title confrontation with the fast-closing Raiders and setting up an AFL championship rematch with the defending Buffalo Bills next Sunday at San Diego, Calif.

Although the showdown element will be missing when the Chargers, 8-2-3, and Raiders, 8-4-1, clash in San Diego, the home club plans to make the game a showcase for hard-running Paul Lowe. The San Diego back needs only 11 rushing yards to erase the single season record of 1,099 set by Oakland's Clem Daniels in 1963.

With San Diego entrenched atop the West and Buffalo a runaway winner in the East, all that remain to be decided in Sunday's three-game wrap-up are the runner-up spot in the East and a couple of individual races.

The Kansas City Chiefs, shocked by the death of fullback Mack Lee Hill on a hospital operating table last Tuesday, will play Denver while the Bills warm up for the title game with a visit to New York.

The Boston Patriots took a temporary hold on second place in the Eastern Division Saturday, defeating the Houston Oilers 42-14. Gion Cappelletti paced the Patriots with 28 points and took over the AFL scoring lead. Cappelletti caught two touchdowns, kicked four field goals and four points after a game in a row and handed

Houston its seventh straight loss.

The Chargers, who lead the AFL in every offensive and defensive department, are favored by one touchdown over the Raiders despite the loss of injury-prone fullback Keith Lincoln. Lincoln will rest a strained ligament in his left knee but should be available for the title game.

Lowe cavorted for 99 yards against Houston last week, boosting his season total to 1,089 and becoming the first AFL runner to top the 1,000 mark two years in a row. Oakland will answer with Daniels, the league's No. 3 ground-gainer, but he'll be bumping heads with a San Diego front four that has yielded only 76 rushing yards per game.

Lionel Taylor of the Broncos has virtually clinched the pass-catching title for the fifth time in six years. The Denver end has an 80-64 lead over Alworth,

Chiefs quarterback Len Dawson goes into the game with a 539 completion record, the only plus-500 mark among regular AFL passers.

Hill, 25, went into convulsions following knee surgery in Kansas City Tuesday and died despite the efforts of a team of nine specialists. The 235-pound back had suffered ruptured ligaments in his right knee in the Buffalo game last week.

The Bills, looking ahead to next week's battle at San Diego, rule a slim pick over New York, which must win to finish second in the East. Pete Gogolak, Buffalo's place-kicking specialist, will be out to nail the individual scoring crown after having set a single-season field goal mark of 28 last week.

Joe Namath, the Jets' rookie quarterback, figures to pass the 2,000-yard mark in passing yardage.

Brownwood Decisions Bridge City, 14-0

COLLEGE STATION, Tex. (AP) — Brownwood parlayed passing stout defense and Bridge City's miscues into a 14-0 win over the Cardinals for the Class AAA Texas schoolboy championship football Saturday.

The victory, achieved during intermittent rain on wet Kyle Field, climaxed an undefeated season for Coach Gordon Wood's Lions and gave Wood his fourth state title.

Brownwood won 14 straight this season and the title game was the ninth shutout of the perfect season.

Wood previously won two titles at Stamford and this was his second at Brownwood.

Quarterback David Henley threw a seven-yard touchdown pass to wingback Kirk Wall with 4:42 left in the first quarter and he hit Roger Richey with a 31-yard touchdown pass on the first play of the fourth quarter. Billy Branum booted both extra points.

The first scoring opportunity was set up when Mike McInnis

recovered Steve Worster's fumble at the Bridge City eight-yard line. The second touchdown climaxed a three-play, 40-yard drive after Bridge City was forced to punt from its five-yard line following a clipping penalty.

Otherwise, neither team mounted a serious threat. The footing was slippery following an inch of rain Saturday morning, although Kyle Field was covered until about 30 minutes before the kickoff.

Bridge City made six first downs to five for Brownwood and outrushed the champions 107 yards to 103. Brownwood gained 42 yards passing and Bridge City made 16 in the air.

There were 17 punts, nine by Brownwood.

All-State tackle Joe Shaw and linebacker Jimmy Piper led Brownwood's stout defense. They were aided by Billy Bly, Larry Hall and Pat Humphries. Steve Worster, Bridge City's hard-running junior tailback, led all rushers with 87 yards on 24 carries while Mike McElhaneey had 38 on five runs for the Cardinals.

Brownwood's top two runners were Leroy Deanda with 51 yards on 13 tries and Jimmy Piper with 42 on 14 carries.

Brownwood 7 0 0 8-14
Bridge City 0 0 0 0-0

San Angelo Central Is Winner In 4-Way Meet

MIDLAND — San Angelo Central won first place honors in a four-way golf match held at Hogan Park here Saturday with a four-man aggregate score of 312.

Midland Lee wound up second, with a 318, followed by Midland High, 338; and Big Spring, 344.

The teams are practicing for conference play, which begins in Midland Feb. 18. Once league activity does begin, team and individual champions will be determined in five rounds of competition, with each member city hosting play on one occasion.

Each school was represented by five players and the best four scores were used to determine the aggregate tally.

Par for the Midland course is 36-36-72.

Senior Larry Redman led the Big Spring team with 42-39-81. Junior Randy Nicholson was next, at 39-47-86; followed by sophomore Mike Weaver, 42-45-87; and Ken Chadd, a sophomore, who had 45-45-90.

Mike Hall, fifth member of the Big Spring squad, wound up with 47-44-91. He, too, is a sophomore.

Coach Dan Lewis of Big Spring foresees an improvement for his squad before the league season begins.

He has a total of 12 players out for the team and they work out regularly, when the weather permits.

George Halas Saw Great Potential In New Star

CHICAGO (AP) — A year ago this month, a lithe, impeccably dressed lad strolled into a jammed hotel suite, scene of an elaborate Chicago Bear signing ceremony.

The gang of sports writers and TV-radio personnel gave Gale Sayers polite attention due one of the three first round choices happily harvested by George Halas, venerable Bear owner-coach, in the National Football League's 1963 player draft.

But the crowd hardly was distracted from a bounteous free load as Halas displayed film clips of the 190-pound halfback in action for the University of Kansas.

"Look at the moves of that boy, did you ever see anything like them," Halas said. "I think we have a great one here."

After that Dec. 1, 1964, ceremony Sayers didn't get much public notice until after a College All-Star scrimmage against the Bears a week before the All-Stars lost to the Cleveland Browns 24-16 Aug. 6.

Sayers limped from the scrimmage with a banged knee, but got little sympathy from All-Star Coach Otto Graham, who hinted that Sayers impressed him little as a prospect for the tough pro ranks.

Papa Bear Halas knew he had lightning in a football bottle. But the cork wasn't popped really until the Bears were staggered by three straight road losses and finally beat the Los Angeles Rams here Oct. 10.

Then on Oct. 17 at Bloomingington point for the 22-year-old,

CLIPS SHOWN

Yet people remember him as one of sport's most competitive performers.

It has always been this way with Eddie Stanky, the new manager of the Chicago White Sox. In his playing days with the Chicago Cubs, Brooklyn Dodgers, Boston Braves and New York Giants, he was not endowed with the abilities of teammates Andy Pafko, Gil Hodges, Pee Wee Reese, Bob Elliott, Alvin Dark and Bobby Thomson, but none excited the imagination of the fans as did the little guy they called The Brat. What he didn't have in natural ability, he made up in aggressiveness, determination and will to win. He fought and snarled and clawed like an alley cat.

Yet off the field he is a devout and devoted father of six. He doesn't smoke, rarely sips a drink, never swears and has never told an off-color story. He also will walk out of a room to avoid listening to one.

Site Of Dec. 31 Sun Bowl Game

Located at the left of center in the above photograph is the Sun Bowl in El Paso, scene of the Dec. 31 Sun Bowl game between Texas Western College and Texas Christian University. Two Big Spring boys perform for the TWC team which faces the Frogs. They are Charley West and Buster Barnes. The stadium is situated just above the Texas Western campus, the buildings of

which are pictured here. Texas Western will carry a 7-3 record onto the field while TCU was 6-4 for the year. Abe Martin, TCU coach, formerly was a high school coach in El Paso. TCU has made 11 previous bowl appearances around the country, TWC six.

Vince Dooley Turns Down Sooner Offer

NORMAN, Okla. (AP) — University of Oklahoma officials resumed Saturday the search for a new football coach after another prima prospect took himself out of the running.

Georgia Coach Vince Dooley asked that his name be withdrawn from consideration in a telephone conversation with university President George L. Cross.

A spokesman said Dooley told Dr. Cross "the coaching position

at the University of Georgia has been made too attractive."

"It looks to me as though this throws the field open in the top assistant coach bracket," said Dr. Mark Johnson, regents vice chairman and a member of the screening committee set up to study applicants.

"We may hold a meeting this afternoon or Sunday to discuss the situation," he said. "I'll have to talk with Dr. Cross and find out what he has planned."

A spokesman said the school does not plan any further announcements on the situation over the weekend.

Johnson replied "I couldn't say" when asked if Dooley's withdrawal made it likely that Tennessee Coach Doug Dickey, considered a likely prospect earlier for the post, might be in line for the job.

"Certainly Mr. Dickey would have to first make a public statement that he was available

and interested," Johnson said. "I don't think the university would approach him with the offer otherwise."

Dickey has said he is not seeking the job, but there was speculation he might be interested if the post was open after Saturday's Bluebonnet game against Tulsa in Houston.

Dooley had been considered the prime prospect for the task of rebuilding the Sooner grid fortunes.

Fans Fondly Recall Brat

NEW YORK (AP) — He is not a big man physically. He has no pronounced features to set him apart from others. During his playing years he never reached the heights of a Joe DiMaggio or a Frankie Frisch. As a private citizen, he is a mild, soft-spoken gentleman, dresses conservatively and looks no different from thousands of other 48-year-olds.

Yet people remember him as one of sport's most competitive performers.

It has always been this way with Eddie Stanky, the new manager of the Chicago White Sox. In his playing days with the Chicago Cubs, Brooklyn Dodgers, Boston Braves and New York Giants, he was not endowed with the abilities of teammates Andy Pafko, Gil Hodges, Pee Wee Reese, Bob Elliott, Alvin Dark and Bobby Thomson, but none excited the imagination of the fans as did the little guy they called The Brat. What he didn't have in natural ability, he made up in aggressiveness, determination and will to win. He fought and snarled and clawed like an alley cat.

Yet off the field he is a devout and devoted father of six. He doesn't smoke, rarely sips a drink, never swears and has never told an off-color story. He also will walk out of a room to avoid listening to one.

LOOKING 'EM OVER

Another Change Is Due

By TOMMY HART

That job vacated by Snyder's Horace Bostick apparently won't be the only one opening up in District 3-AAA next fall . . . One head mentor is dangerously ill of a malignancy and may be forced to quit shortly . . . He fought the ailment all through last season without success and recently was rushed to a hospital in Houston after suffering a convulsion . . . Incidentally, Bostick's pay was up to \$9,800 per annum when he quit for the assistant principal's job but he won't have to take much of a cut . . . The Snyder school board has made it plain that the new mentor, no matter who he is, will not be permitted to discriminate against other sports in order to promote a more forceful football program . . . They'll definitely go outside the system for their man . . . Some of the Snyder officials reportedly would like to talk to Coahoma's Spike Dykes about the position, reasoning that Dykes is a young man with a future in the coaching game . . . Dykes probably could have a Class AAAA job for the asking but he may not want to move up that fast . . . Coahoma people are seeking to line up Texas Tech's Burl Huffman as speaker for their athletic banquet . . . Texas Western's Miners ran the ball so rarely the past football season, they never got accustomed to it—in 200 carries over the year, they fumbled it away on 20 occasions . . . Johnny Paycheck, whose sole claim is that he once fought Joe Louis, is now 51 years of age and is in the maintenance department of a trucking firm in Cicero, Ill. . . . He still winces when reading claims that he had a glass jaw . . . Paycheck fought 54 times as a professional and was stashed only three times . . . Louis put him away in two rounds but Joe was finishing off all opponents in a hurry in those days . . . When UCLA and Tennessee tangled in a football game recently, one writer tagged the game the Rosebonnet Game . . . UCLA, of course, is headed for the Rose Bowl while Tennessee was booked into the Bluebonnet Bowl.

PATTON

goal in the mud that boosted Philadelphia to its first victory ever over the Chicago Bears, then known as the Monsters of the Midway . . . The Eagles scored a safety on the final play of the game and wound up winning the decision, 12-7 . . . Patton was a rare bird in pro football in that he played both offense and defense . . . It was only about three decades ago or less that football rules were changed so that the ball could be moved 15 yards from the sidelines following maneuvers aimed at the side . . . The ball previously had to be played, no matter where it was, until and unless it was run out of bounds or could be pitched there by the center . . . Big Spring had Sweetwater on the defensive inside the enemy five in that historic 1931 game, after Lloyd Forrester had taken the ball away from a Sweetwater back, yet had to use three plays getting away from the sidelines and never did score . . . There was also a rule on the books a few years ago which dictated that the ball be brought out to the 20, if the offending team passed unsuccessfully into the end zone on a fourth-down play . . . In response to an inquiry: Yes, Georgia Tech did beat Cumberland University, 222-0, in football in the 20's . . . Jack White, one of the world's greatest billiards players, recently gave an exhibition at Webb AFB . . . White once had a run of 226 in pocket billiards . . . He's played billiards buff Jackie Gleason seven times and has made the Bob Hope overseas tour on numerous occasions . . . Don Crockett of the school business office here told the school board the other night it would take another \$6,000 to finance the spring sports program . . . Midland High played to 28,977 paying customers at home football games the past season while cross-town rival Lee attracted 24,779 for its games . . . The Rebels' game with Big Spring attracted 1,500 more than the second best attraction (San Angelo) . . . The Midland schools' total home game was 2,805 less than in 1964 . . . Lee, by the way, awarded 30 football letters, 15 of whom return in 1966 . . . They say Darrell Royal could have had a \$50,000 television contract as well as a \$25,000 salary, had he taken the coaching job at Oklahoma University.

GLEASON

Steer Football Honorees

Pictured above are the four Big Spring High School football players who were presented awards Friday night for outstanding achievements in 1965, together with head coach Don Robbins (center). From the left, they are Gregg Pate, winner of Dibrrell's Scholastic trophy (for top grades in the classroom among the athletes); Jerry Wilson, named best lineman for which he won a trophy from

KBST and a certificate from the Daily Herald; Joe Jaure, best back, winner of a trophy given by Dibrrell's Sporting Goods and a certificate by the Daily Herald; and Gary Earhart, winner of the Coaches Award, for outstanding contributions to the team. The presentations were made at the annual QBC banquet at the Settles Hotel. (Photo by Danny Valdes)

Steers Open League Play Here Tuesday

The Big Spring Steers start what promises to be an exciting District 2-AAAA basketball campaign at 8 o'clock here Tuesday night against Midland Lee, the defending champion.

Moss Creek Catch

Ed Shive, 3700 Hamilton, proudly displays the 25-pound yellow catfish he caught Saturday afternoon off the dam at Moss Creek Lake. He used a rod and reel and snagged the cat with a minnow.

Broyles Different Man When He Is On The Job

BROWNSVILLE, Tex. (AP)—Frank Broyles was all alone as he paced the top row of seats in the stadium. He ignored the rain.

He was watching his University of Arkansas Razorbacks work out as they prepared for their New Year's Day battle with Louisiana State University in the Cotton Bowl.

Looking down, it was hard to believe that jumbled bunch of young men in mud-splattered practice uniforms is the same group that won the Southwest Conference football championship.

Just then Broyles wheeled toward the field. He had spotted something out of the corner of his eye.

"Watch 86, watch 'im," he shouted.

Still facing the field, he tugged a wrinkled handkerchief out of his pocket and wiped the rain off his face. His dark red hair was dripping and his bright red jacket was soaked through.

"Norwood, get in there closer. That's it; right there."

He clapped his hands and turned back to his pacing.

Stopping in the middle of the section of seats, he clapped his hands again for attention.

"I'm gonna fire every one of you coaches if you don't get that man in there."

The field was quiet then. Speaking in almost a normal tone of voice, he added: "Run 41 pass again."

He watched closely.

"Bill, get 'em in there closer," he shouted, gesturing with his right arm.

Abruptly he ended the pacing and walked down the bleachers.

For the first time in many seasons, the Longhorns are being conceded a fair shot at the crown by some area observers.

Midland Lee, which uses a frustrating press throughout its games, will give the Longhorns the acid test and will be favored to humble the locals in some camps.

The Rebels, coached by Paul Stueckler, have progressed more rapidly than some of their hotly loved fans had dared hope.

In 6-4 Ken Cauble, the Rebs have a worthy successor to Mike Frizzell, who is now a freshman standout at Rice University.

Cauble believes in drilling a hole in the bottom of enemy baskets. He'll fire away anywhere past mid court and is a good rebounder.

Such boys as Johnny Branon (6-0) and Terry Jastrow (5-10) lend him good support.

The Steers have compiled an 8-5 record in starts to date and all the losses they've suffered but one have been extremely close.

The past week against Lubbock High, they were defeated by a mere point.

The press has given the Longhorns a lot of trouble all season, however, mainly because they don't have a floor man who can bring the ball down court after it is thrown in bounds.

Too, the Steers still have to prove that they can go full throttle under pressure and Lee is likely to provide that pressure Tuesday night.

Lee's most recent victory came over Crane in Crane by a score of 73-45, at which time Branon pumped in 19 points and Cauble 16 points for the winners.

Lee is now 7-4 for the year. Like Big Spring, Lee has lost to Pampa.

Probable starters for Big Spring will be Simon Terrazas and Robert Jackson at forward, Paul Thomas at center and Joe Jaure and either Bobby Griffin, Paul Soldan and Robert Green backside.

The Steers will hold a considerable height advantage over the Rebs.

B teams of the two schools square off at 6:15 p.m.

Mustangs First In Swim Meet

DALLAS (AP)—Southern Methodist walked away with the 1965 Southwest Intercollegiate Invitational Swimming and Diving Relays at SMU Friday. It broke four records and piled up 108 points.

Texas, which set two records, and Oklahoma, which posted one, tied for second at 90 points.

Arlington State placed fourth with 86 points, Oklahoma State University fifth with 56 and Rice last with 16.

Among records set by SMU was a 1:28.4 in the 200-yard freestyle relay. The old record, 1:30.5, was set by SMU in 1964.

Dinner Crowd Gives Patton Huge Ovation

Friday night's Quarterback Club banquet honoring the Big Spring Steers and their coaches turned out to be one of the best the booster organization has had in years. Certainly it was one of the best attended.

The party, held at the Settles hotel, was, in a way, a show of loyalty to head coach Don Robbins, who experienced some trying moments during the 1965 season, although his team wound up winning six of 10 starts.

Emcee Joe Pickle kept the program moving well and chief speaker David Slaughter of Sul Ross College seemed aware of the time he had allotted himself for his talk and stayed on schedule.

Slaughter touched briefly on his team's successes and directed the following prescriptions for success in football and life itself to the athletes present:

- This business of being a winner means more than talking a good game.
- An athlete who wins needs to be mentally ready when the action starts.
- The team which wants to win the most usually wins.
- It takes hard work to be an athlete, a man and a gentleman.
- You can lead a boy to an athletic field, but you can't make him play.
- Athletes can get a lot out of going to church the coaches can't give them.
- More and more, an athlete needs to be a winner in the classroom as well as on the field.
- An athlete must sacrifice, and must treat his body as the temple of his soul.

Each of the Steer coaches on hand was presented with a gift by Stanley Ballou, retiring captain of the QBC, on behalf of the booster club.

Introduced to the gathering were the incoming co-captains of the Quarterback Club, Everett Whitley and James Duncan.

Coach Cliff Patton got a standing ovation from the crowd after being introduced to the throng of 500. Patton flew to Philadelphia Saturday where today he is to be honored as a member of the all-time all-star Philadelphia NFL team in half-time ceremonies at the Eagle-Detroit game.

Patton was presented with a suit of clothes, a gift made possible through donations of coaches and players alike. The benevolence stunned the popular Patton momentarily. He recovered to say that the occasion provided "the greatest thrill possible" for him and that he had enjoyed every minute of working with "this group of boys."

—By T.H.

Cappelletti Stars In Patriot Win

BOSTON (AP)—Gino Cappelletti amassed 28 points to take over the scoring lead in the American Football League as he paced the Boston Patriots to a temporary hold on second place in the Eastern Division with a 42-14 victory over the Houston Oilers.

The party, held at the Settles hotel, was, in a way, a show of loyalty to head coach Don Robbins, who experienced some trying moments during the 1965 season, although his team wound up winning six of 10 starts.

Emcee Joe Pickle kept the program moving well and chief speaker David Slaughter of Sul Ross College seemed aware of the time he had allotted himself for his talk and stayed on schedule.

Slaughter touched briefly on his team's successes and directed the following prescriptions for success in football and life itself to the athletes present:

- This business of being a winner means more than talking a good game.
- An athlete who wins needs to be mentally ready when the action starts.
- The team which wants to win the most usually wins.
- It takes hard work to be an athlete, a man and a gentleman.
- You can lead a boy to an athletic field, but you can't make him play.
- Athletes can get a lot out of going to church the coaches can't give them.

Oilers Are Off Base: T. Nobis

DALLAS (AP)—All-America linebacker Tommy Nobis of Texas says he broke no verbal agreement with Bud Adams, Houston Oilers owner, when he signed a pro contract with Atlanta of the National Football League.

There were reports from Houston that Nobis had promised to go with the American Football League Oilers.

"I didn't tell either party that I would sign," Nobis said Friday en route to Atlanta.

He said he picked Atlanta because he wanted to play in the NFL and that he felt the league had more to offer.

Arkansas Racks Up 4th In Row

FAYETTEVILLE, Ark. (AP)—Arkansas, off to its finest start in recent years, rolled to its fourth straight basketball victory Saturday afternoon, pounding Arlington (Tex.) State 78-64.

The Razorbacks never trailed as they battered the Southland Conference foe with balanced scoring that saw five Porkers hit in double figures.

Roscoe Deflates Wylie, 80 To 71

ROSCOE—Roscoe turned back Wylie, 80-71, in a District 6-A basketball game here Friday night. Tommy Meredith scored 35 points and Benny Harbour 24 for the winners.

Honored Mentor

Cliff Patton (above), Big Spring High School coaching aide who will be honored at half-time ceremonies at today's NFL game in Philadelphia between the resident Eagles and Detroit, was presented with a suit of clothes and given a standing ovation at Friday night's QBC banquet at the Settles Hotel. Patton is shown after he was being applauded. (Photo by Danny Valdes)

'T WAS

TWO WEEKS BEFORE CHRISTMAS
WHEN I LOOKED AT MY CAR,
THE MODEL WAS OLD, AND
HAD BEEN DRIVEN TOO FAR.

THE INSIDE WAS ALL RIPPED
THE SEAT IT WAS TORN,
THE BRAKES DIDN'T WORK
AND ALSO THE HORN.

THE WINDSHIELD WAS BUSTED,
THE OLD CLUTCH WAS BROKE,
THE GAS LINE WAS CLOGGED
AND SO WAS THE CHOKE.

I CRIED AND I MOANED
AND STARTED TO CUSS,
SOMETHING HAD TO BE DONE
ABOUT MY OLD BUS.

SO I WENT TO POLLARD'S
AND AM NOW ALL AGLOW,
IT'S LIKE THEIR AD SAID,
I GOT MORE FOR MY DOUGH.

NOW I LAUGH AT THE BUMPS
AND GET MILEAGE GALORE,
MY NEW CAR LOOKS SWELL
AND HERE'S SOMETHING MORE

POLLARD'S SOLD ME MY CAR
ON A LONG, EASY PLAN,
MY PAYMENTS ARE LOW,
I'M A HAPPY MAN.

NOW MY WORRIES ARE OVER
AND I FEEL REAL GIVEY,
THIS CHRISTMAS I'M DRIVING

A '66 CHEVY

1966 Super Sport Coupe

A RUSSIAN WRITER REPORTS ON FOOTBALL

It's A Good Thing Red Didn't Watch Nagurski

MOSCOW (AP) — A Soviet newspaperman who recently attended his first Canadian football game pictures the scene as something like a battlefield.

The reporter, Konstantin Vishnevsky, watched the Ottawa Rough Riders defeat the Hamilton Tiger-Cats 22-13 at Ottawa's Lansdowne Park. He was in Canada with a Soviet parliamentary delegation.

Writing in Nedelya, weekly magazine of the government newspaper Izvestia, he told of watching players return to the bench from "the front" with injured noses, broken hands.

"The wounded were helped at once. After a short rest and a

could drink they again run onto the field."

Vishnevsky wrote that the bones of players on the bottom of pileups could be heard cracking. He described the men as "sweating" and "fierce" and said the atmosphere in the park was heated throughout the game.

"The nervous tension was so

great that some hearts couldn't stand it. Several times people asked the doctor on duty to go to a certain spot (in the stands). Once even the siren of the first aid ambulance was heard."

And he reported that one spectator died of a heart attack.

Vishnevsky's reference to broken hands and cracking bones may be exaggerated but he was right about the heat attack. Dr. Eugene Roesch of Montreal suffered the attack during the game and was dead on arrival at a hospital.

The Soviet reporter apparently misunderstood the pacing of doctors. It's common practice for doctors to be paged when their offices have a call for them from a patient.

Porkers Cancel Grid Workout

BROWNSVILLE, Tex. (AP) — The University of Arkansas Razorbacks had to cut short their first practice Friday for the Cotton Bowl game because of rain. Intermittent showers were forecast through Sunday.

The Razorbacks, who meet Louisiana State Jan. 1, stopped about 15 minutes early.

"It cut down on our passing we wanted to do," Coach Frank Broyles said. "Midway during the practice, it got too wet to throw the ball. We just concentrated on running."

Broyles said the team was "rusty" after four weeks without practice. He added that there were no standout players in Friday's session.

Broyles said he hoped the five practices scheduled in Brownsville "will put us back where we were in November. And after a short break for Christmas, we can pick back up the week of the ball game."

The Southwest Conference champions will finish their workouts at San Antonio, Tex.

FOURTH RACE (300 yds) — Mr. Palfrey, 14:30, 3:20, 3:40; Richie, 8:40, 4:00; Bank Charge, 3:50. Time 1:13.1.

QUINELLA paid \$24.00

FIFTH RACE (6 furlongs) — Alex Glenn, 41.20, 20.20, 4:20; Glen Betty, 12.80, 10.80; Leeper, 4:20. Time 1:13.1.

SIXTH RACE (6 furlongs) — Mr. Thru Bound, 8:00, 4:30, 3:50; Apollo's Pick, 4:50; Wondering By, 4:40. Time 1:13.1.

SEVENTH RACE (5 1/2 furlongs) — Remond, 15:50, 6:20, 4:20; Diesel Hot, 12:00, 6:40; Rosini, 4:20. Time 1:06.1.

EIGHTH RACE (6 furlongs) — Jeterdon, 11:40, 4:20, 3:20; Brother Roy, 4:40, 3:20; United Nations Stud, 7:40. Time 1:13.4.

NINTH RACE (5 1/2 furlongs) — Oakie Kid, 14:30, 4:40, 3:40; Apollo's Pick, 4:50; Ghost, 3:20. Time 1:07.1.

TENTH RACE (1 mile) — Fugate Bull, 7:40, 3:40, 2:40; Steppy's King, 3:20, 3:20; Dregs, 4:40. Time 1:41.

QUINELLA — 10.80

Attendance, 1,418. Total handle, \$1,734.

Aussies Win In Warmup

MELBOURNE, Australia (AP) — Fred Stolle outlasted Arthur Ashe in a near four-hour tennis marathon 21-19, 6-4, 3-6, 4-4, 7-5 Saturday and Australia took a 2-0 lead over the United States in a Davis Cup rehearsal.

In the second match, Australia's No. 1 ace, Roy Emerson, won handily over erratic Marty Riessen of Evanston, Ill., 3-6, 6-3, 6-2, 6-3.

The two triumphs against an American team that had dominated the tournament circuit here buoyed Australians' hopes of keeping the Davis Cup when they play Spain in the Challenge Round at Sydney Dec. 27-29.

The match against the Americans here was patterned after the Davis Cup and the Yanks were favored because of their triumphs — especially those of Ashe — in the recent state tournaments.

However, both Emerson and Stolle, who have been badly off form and who have failed to win a title between them in Australia this year, suddenly reached their peak.

Because the first singles match took so long — 3 hours, 55 minutes — a scheduled doubles match between Ashe and Cliff Richey of Dallas and John Newcombe and Tony Roche of Australia had to be postponed until Sunday. Two final singles matches also will be played Sunday.

Stolle probably earned the second singles spot in the Challenge Round through his match against Ashe.

Ashe, the young Negro star from Richmond, Va., had a 5-2 lead in the first set and 4-2 in the fifth. But each time Stolle raised his game and shot himself out of trouble.

BOWLING BRIEFS

ORBIT LEAGUE

Giants Given Edge Today

NEW YORK (AP) — The New York Giants are an uneasy 3 1/2 points favorite over the Dallas Cowboys Sunday in the National Football League game that decides a trip to sunny Miami.

The winner clinches second place in the Eastern Conference standings and the right to meet the No. 2 of the Western Conference in Miami's Playoff Bowl Jan. 9. New York, 7-6, gets the advantage if there's a tie. Dallas' record is 6-7-0.

Game time is 1:35 p.m. EST. The Giants will be without their lanky end, Del Shofner, placed on the disabled list, but otherwise will be in top shape. They are encouraged by the return of Joe Morrison at flanker and Aaron Thomas, fleet pass receiver and blocker.

Morrison suffered a cracked rib in the Pittsburgh Steelers game two weeks ago and missed last week's battle with the Washington Redskins. Thomas, suffering a pulled hamstring muscle, has played only part of the last four games.

The Cowboys' only casualty is Don Perkins, but he will be at running back despite a dislocated thumb.

Two Games Scheduled In South Christmas

By The Associated Press

The Tulsa-Tennessee and Mississippi - Auburn bowl battles today whetted football appetites for the big post-season picnic to come in the next two weeks.

Next Saturday it'll be a pair of Christmas treats for armchair quarterbacks — the North-South Shrine classic at Miami and the Blue-Gray clash at Montgomery, Ala. — with each game showcasing some of the nation's outstanding senior talent.

After that there are the Big Four — Rose, Cotton, Sugar and Orange — as well as the Gator, Sun, East-West Shrine, Hula and Senior bowls before the goal posts come down for good.

Tulsa's pass-catch combination of Bill Anderson and Howard Twilley, who rewrote the NCAA record books for the Hurricanes last season, play

next in the Miami all-star game. They're part of the star-studded South squad Tulsa coach Glenn Dobbs has assembled for the Christmas Day meeting with Notre Dame pilot Ara Parseghian's North standouts in the Miami Shrine game.

The annual Blue-Gray grid war, pairing other college seniors in their first play-for-pay outing will have national television exposure (CBS) Christmas Day.

On New Year's Eve, still another all-star tussle, the big East-West Shrine game at San Francisco, shares the bill with the Gator Bowl meeting between Georgia Tech, 6-3-1, and Texas Tech, 8-2, and the Sun Bowl contest between Texas Western, 7-3, and Texas Christian, 6-4.

Top-ranked Michigan State, 10-0, meets host UCLA, 7-2-1, in

the Rose Bowl; second-ranked Arkansas, 10-0, takes on Louisiana State, 7-3 in the Cotton Bowl; third-ranked Nebraska, 10-0, tackles Alabama, 8-1-1, in the Orange Bowl and Missouri, 7-2-1, plays Florida, 7-3, in the Sugar Bowl, all on New Year's Day.

The bowl binge concludes the following week with the Hula Bowl at Honolulu Jan. 7 and the Senior Bowl at Mobile, Ala., Jan. 9.

Mantle Says He's Unsure

DALLAS (AP) — New York Yankee slugger Mickey Mantle was quoted by the Dallas News Friday as saying he is undecided about his baseball plans.

"I haven't made up my mind that I'm going to play baseball next year," Mantle said. "It's not cut and dried. Nobody has bothered to ask me this question directly, but I'm telling you just the same."

Mantle also was quoted as doubting the Yankees' future strength: "I don't think the Yankees ever again will be superior to other American League teams. We'll never dominate the league like we once did."

When asked if he were serious about leaving baseball, Mantle said, "Sure I am. It was an embarrassing season. I'm not going to continue to embarrass myself."

Last season, Mantle's weak legs kept him on the bench much of the time.

INMATE ARTIST — An inmate at Norfolk County House of Correction in Dedham, Mass., finishes a 30 x 10-foot reproduction of Da Vinci's "The Last Supper" in the prison chapel. Project was started by an inmate, since paroled, and completed by seven others.

TRAFFIC STOPPER — Los Angeles police had reports of a "dead mechanic," a dummy set up by an imaginative garage manager to attract repair work to his shop.

UTILITY AERIALIST — A high climber heads for work atop a 140-foot tall tower, one of 233 being erected by Pacific Power & Light Co., south of Malin, Ore., as part of northwest-southwest power intertie. Towers will support 500,000-volt cables.

WOOL 'JUMP SUIT' — Model Cathy Wood wears a figure hugging wool jump suit in coral pink which was shown to a group of retailers in Melbourne, Australia.

IMPECCABLE — Champagne Tony Lema, perhaps better remembered in sports shirt, looks like an executive while in London to discuss a contract to use golf equipment.

APPLE VALE'S AIRMAN — Jimmy Scranton became the most popular kid in the Apple Vale section of Dover, N.H., when his Air Force dad built him this model of a German Fokker plane of World War I. Plane has two way radio and mower motor for taxiing.

FILM ACTRESS — British actress Julie Christie, who appeared in films "Darling" and "Doctor Zhivago," is said by many to be in running for an Oscar nomination.

BIRDS FLY SOUTH — Part of a flight of jet reconnaissance planes from Shaw AFB, S.C., break into the clear over Tan Son Nhut airport in Saigon, South Viet Nam.

THE OCTOPUS PLAY — The football flies free with two pairs of hands to grab it in a game at Lincoln, Neb. Nebraska's fullback Pete Tatman (48) owns one pair; the other belongs to a Kansas defender.

TO RETIRE — Dr. Rufus E. Graham, 90, of Savannah, Ga., who has delivered 2,575 babies in a career that began before the birth of aspirin, has announced his plan to retire.

PUMP GAL — Suzanne Kay Cole, 2, of Lincoln, disdaining the cup in her hand, gets her face washed while trying to drink right from the pump at a Nebraska state park.

PLACID POTOMAC — There was barely a ripple to distort the reflection of Key Bridge, across the Potomac in Washington, as Francine Fox sat in study on the river's bank. Francine, 16, a high school senior, was a member of the 1964 U.S. Olympic team.

LOOKS LIKE LBJ — Henry Smith, 58, who looks like President Johnson, is part-time farmer and garbage truck driver in Dallas. With him is Joe Blundell, a helper.

IN ROCKET'S WHITE GLARE — A U.S. marine is silhouetted against light of a flare dropped by American plane over Chu Lai, South Viet Nam. The leathernecks were moving out at night over open ground to engage Viet Cong guerrillas in the area.

March Program To Honor Major Companies In Basin

MIDLAND — The city of Midland, by and through the efforts of a citizens committee, headed by Tom Sealy, announced Saturday that it will pay special honor to the major oil company executives and the oil industry March 15 for the contribution they have made to the economy of the Permian Basin.

BANNER YEAR

LPG Industry Has Big Gain

The industry's first billion gallon increase brought total 1965 LP-gas sales to an estimated 13,504 million gallons, 8.3 per cent higher than 1964, according to the annual year-end review of the LP-gas industry by L. H. Wright, W. F. DeVoe and A. F. Dyer of Phillips Petroleum Company, Bartlesville, Okla.

Continued growth in domestic and commercial demand and in chemical feedstock uses were dominant factors in this unprecedented gain of 1,031 million gallons.

Sales of LP-gas for petrochemical manufacture, including synthetic rubber, showed the greatest growth in volume, increasing 418 million gallons, 8.9 per cent over 1964, to an estimated new high of 5,091 million gallons.

LP-gas sales to domestic and commercial customers were up an estimated 7.5 per cent over 1964, to 5,833 million gallons. This segment of the market represents 43.4 per cent of total demand for the year.

Use of LP-gas as an engine fuel increased 8.3 per cent to an estimated total of 1,274 million gallons. The adoption and widespread use of propane meeting the new specifications was a significant factor in the gain, as was the added emphasis on reduction of air pollution.

Industrial and miscellaneous requirements for LP-gas showed an 8.1 per cent gain in 1965. Agricultural usage, included in this category, made noticeable gains, as did the conversion of asphalt aggregate driers to LP-gas. Consumption of LP-gas in gas manufacturing increased 21 per cent, showing the greatest percentage progress of any category.

LP-gas production capacity kept supply ahead of demand in 1965. The completion of 20 new plants and 13 major expansion

programs increased potential by about 1,268,000 gallons daily.

Storage capacity was increased in 1965, with continued emphasis on refrigerated facilities which increased to a total in the United States of approximately 85 million gallons. Underground storage capacity for liquefied petroleum gas in the U. S. also increased.

Modernization of LP-gas distribution facilities continued in 1965. The number of mechanized loading facilities at terminals was increased and existing pipeline systems were extended. The use of "jumbo" tank cars increased with a new 60,000 gallon car being introduced.

The LP-gas sales gain in 1965 again demonstrated the industry's vitality in meeting competition. With effective and aggressive merchandising efforts, there is every reason to believe this will continue.

Processor Set Winter Meeting

MIDLAND—The Permian Basin Chapter of the Natural Gas Processors Association will hold its winter dinner meeting on Tuesday, Dec. 7, at the Hobbs Country Club, Hobbs, N. M.

A golf tournament will be held during the day. Golf participants are encouraged to tee off before 12:30 p.m. (MST) due to early darkness.

The evening program will start at 6:00 p.m. (MST) with a social hour, followed by the dinner meeting. Featured speaker of the meeting will be R. W. Hirsch, gas engineer for Shell Oil Company, Houston. He will discuss "Sulfur — A New Advance in Acid Gas Treatment."

Mr. Anderson, voluntarily taking early retirement under Sun Oil Company's retirement plan, is a veteran of 41 years with the firm. His entire Sun Oil career has been spent in the Dallas Office.

Mr. Keith has been with Sun for 25 years and Mr. Laydon for 16 years. All of Mr. Keith's Sun career has been spent in Dallas. Except for a brief period in 1957 when he served in Venezuela, Mr. Laydon's Sun career also has been centered in Dallas.

Pipelines Still On Increase

DALLAS — Pipeline construction, a booming industry for the last 20 years, shows no letting up, according to the yearly survey made by Pipeline Engineer, international publication based in Dallas.

Statistical data in the November issue show that 21,342 miles of pipelines were built throughout the world (excluding Russia) during the 12-month period prior to Oct. 1.

Planned for construction during the coming year are 24,306 miles of pipeline. Some of these proposals may not be built for various reasons: inability to obtain permission from the Federal Power Commission; overlapping projects which eventually require fewer lines being constructed, and other reasons. Nevertheless, the outlook for the year ahead is bright.

Of the world total, 11,987 miles were laid in the United States; 1,545 miles in Canada, and 7,810 miles throughout the rest of the world (principally in Western Europe and North Africa).

Proposals are 10,120 miles in the United States; 5,981 miles for Canada, and 8,205 miles for other countries.

News Briefs From Capital

Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, plans to spend Christmas in South Vietnam. . . Lynda Johnson has returned to the White House from the University of Texas to spend the holidays with her family. . . President and Mrs. Johnson entertained about 950 White House staff members and their families Friday night.

The Defense Department has ordered a two-year review of Reserve Officer Training Corps programs with an eye toward eliminating poor units. . . The U.S. Information Agency has closed libraries in London, Paris and five other French cities because of budget cuts.

The Federal Reserve Board has reminded national banks that they should be prudent in raising time deposit interest rates. Earlier this month, the board okayed a maximum of 5.5 per cent interest, up 1 per cent.

The Red Cross says Communist China will allow monthly packages for Air Force Capt. Phillip Eldon Smith, captured last September when his plane was shot down.

"People who want to judge it now are wrong," Otis A. Singleton said in an interview. "It's too early."

Singletary steps out Jan. 1 to return as head of the Women's College of the University of North Carolina. He has been on leave the past year.

He will be succeeded by Franklin A. Johnson, president of California State College at San Diego.

The Job Corps is part of the administration's anti-poverty drive. It is designed to train young men and women for available jobs.

WASHINGTON (AP) — The Agriculture Department is going to sell feed grain stocks.

The department says the action was decided upon in following the principle of using reserve supplies when demand is strong after building up stocks to support prices in other years.

The stocks, including corn, grain sorghum and barley, will be sold at current market prices or the minimum price provided by the feed grain law whichever is higher. The legal minimum is the loan rate plus carrying charge.

Jury Verdict For Plaintiff

A verdict awarding the plaintiff about \$7,000 was returned in 11th District Court late Friday to bring the week's civil docket to a close.

The case tried was styled L. J. Burge vs. Wilford-Ray Echols. It grew out of a two-car collision which occurred in Midland last spring.

Burge had sued for \$57,950 alleging Mrs. Burge had been gravely injured in the accident. The jury found for him but cut the award to around \$7,000. The Burges live in Midland. Echols is a Big Spring resident.

Earlier in the week, a damage suit on trial in the court was brought to a sudden close when it was announced the plaintiff and defendant had reached an agreement. This suit was brought by C. W. Kesterson, former Texas & Pacific Railway brakeman. He sued for injuries he alleged he suffered in an accident while working on his job. It was announced Saturday that the amount agreed upon as a settlement in the case was \$37,000.

Agency Will Direct Growth

DALLAS (AP) — Dallas officials authorized creation of a central agency to guide growth of city and county health and hospital facilities.

A steering committee representing the Community Council of Greater Dallas, the Dallas Hospital Council and the Dallas County Medical Society will plan the new agency's format.

The action followed a day-long consultation with national health authorities. They noted that of the 26 metropolitan areas in the nation with more than one million population, only Dallas, Boston, Houston and Baltimore lack of an area planning organization.

Kenneth Baum of Silver Spring, Md., U.S. Public Health Service official, said the program helps area health institutions "get together a package to provide doctors and patients with what they need—the best stuff for the least cost."

Executives Optimistic Over Prospects For '66

HOUSTON (AP) — Oil executives are optimistic over prospects for the industry to carry its gains of 1965 into 1966.

A favorable economic outlook, increased demand for petroleum products, and firmer prices are major factors prompting the optimism.

"Profitability has improved in recent years and a strong economic environment should mean additional gains next year," said L. F. McCollum, Continental Oil Co. board chairman, in his annual year-end review.

E. D. Brockett, the new board chairman of the Gulf Oil Corp., said "The demand for crude oil and its products has recorded substantial gains this year to record levels and there is every indication at this time it will continue in 1966."

McCollum said there is justifiable optimism for 1966 but he cautioned that the industry has two areas for concern — a decline in exploratory drilling operations and increased capital investments in manufacturing facilities.

Domestic exploratory drilling declined sharply in 1965 after having increased in 1964.

"Reversal of this downward trend will be made more difficult by such developments as the Permian Basin area rate decision which placed unrealistically low price ceilings on produced gas," said McCollum, a former chairman of the American Petroleum Institute.

The federal power commission established a two-price system for the Permian Basin area in August and plans to use the Permian formula as a pattern for setting ceiling prices for 22 other major gas producing areas.

McCollum said sizeable capital investments in manufacturing facilities have been made this year and planned for 1966.

"Hopefully, individual company capital spending plans will not overreach themselves and result in the degree of refinery overcapacity of the late 1950s which claimed a heavy toll in declining prices and profits," McCollum said.

Job Corps Head Quits

WASHINGTON (AP) — The retiring director of the Job Corps says the program is soundly conceived and needs to be given time to see what it can do.

"People who want to judge it now are wrong," Otis A. Singleton said in an interview. "It's too early."

Singletary steps out Jan. 1 to return as head of the Women's College of the University of North Carolina. He has been on leave the past year.

He will be succeeded by Franklin A. Johnson, president of California State College at San Diego.

The Job Corps is part of the administration's anti-poverty drive. It is designed to train young men and women for available jobs.

U.S. To Sell Feed Grain

WASHINGTON (AP) — The Agriculture Department is going to sell feed grain stocks.

The department says the action was decided upon in following the principle of using reserve supplies when demand is strong after building up stocks to support prices in other years.

The stocks, including corn, grain sorghum and barley, will be sold at current market prices or the minimum price provided by the feed grain law whichever is higher. The legal minimum is the loan rate plus carrying charge.

Cosden proudly salutes another of its

'SENIORS'

A. E. REED

Nineteen men operate the alkylation unit at Big Spring Refinery. One of them is A. E. "Skeeter" Reed, who helped bring it on stream in 1954. He is a No. 1 operator at the Unit.

Reed celebrated his 15th anniversary with Cosden on December 4. Prior to his tenure at the Alky, he had been at the crude unit for 3 1/2 years.

Reed was born in Knox County but has lived in Big Spring for 35 years. He and his wife, the former Irene Whitefield, reside at 1407 Park. Their older son, James Melvin, is with the Army paratroopers at Fort Campbell, Kentucky; he and his wife are due here this month on furlough, then he will be reassigned to El Paso. The Reeds' other son, William D., 14, is an eighth grader at Goliad Junior High, and plays defense position on the football team.

As a sergeant in an anti-aircraft battalion, this Cosden senior served three years in the Army until February 1946. For half that period he was in action in the Pacific theatre, and was awarded three campaign stars.

Fishing is Reed's primary recreational interest. He enjoys taking his sons along when he has the opportunity, to Kingsland or Lake J. B. Thomas.

The Reeds are members of 11th Place & Birdwell Church of Christ.

Christmas Gift For Hospital Patients

For over 30 years the Downtown Lions Club sponsored a party for Kate Morrison youngsters, but when the school was closed this year, the spirit of giving did not die. Mrs. Hope Leyva, one of the veteran volunteers at Big Spring State Hospital, reminded the club of a need for walkers for adults learning to walk after strokes, operations, epilepsy, etc. So the club, with cooperation of Wayne Gound, provided five of these for the physical therapy department. Friday, Frosty Robison, president, George Melear and Wes Deats, delivered the walkers. (Photo by Frank Brandon)

State Hospital Christmas Parties Scheduled Tuesday

The annual Christmas unit parties and special programs for patients at the Big Spring State Hospital will be held Tuesday evening, according to Mrs. Mary Cochran, volunteer service coordinator.

Local organizations will participate in the unit parties, which are the big event of the Christmas season at the hospital. The unit parties are scheduled so that half the patients may go to their parties at 6:30 p.m. while the other half goes to the variety program in the Allied Auditorium, and then the groups switch.

First Baptist To Have Open House

Open House will be observed again today from 2:30 p.m. to 5:30 p.m. at the new First Baptist Church edifice on Marcy Drive.

"Many people had conflicts last Sunday which prevented their visiting our new home, and many more who have heard about it have expressed a desire to tour the building," said the Rev. R. F. Polk, pastor.

Dr. James Landes, president of Hardin-Simmons University, will preach the dedicatory service at 11 a.m. today, and Dr. P. D. O'Brien, Houston, will give the dedicatory prayer. There will be an all-choir program at 7 p.m.

Collision Victim

TERRELL, Tex. (AP)—Word Jarvis Sr., 66, of Terrell died in a two-car collision in Kaufman County in North Central Texas Saturday.

The collision occurred on rain-slick Texas 34 five miles south of Terrell. Three other persons suffered injuries.

Students At Andrews Get GIs' Thanks

ANDREWS, Tex. (AP)—"You will never know how much we appreciate the wonderful thought behind the (Christmas) cards," wrote the young soldier in Viet Nam.

"With all the support and backing we are getting we are fighting harder to try and stop this war not only with bullets but with kindness.

"You see, we are not like movie GIs', all bloodthirsty and killers. We want to end this useless bloodshed and return home and live in this world-in peace."

THANK PUPILS

The letter, from Spec. 4 Wesley M. Porter Jr. of Houston, was one of many that poured into Andrews High School this week thanking students, who had sent more than 1,000 Christmas greeting cards to servicemen in Viet Nam.

The letters came from soldiers and officers alike.

"It was very heart warming to know that people at home are taking time to write our men over here," wrote Capt. Foyt M. Mathis, who once lived in Andrews. He said the cards his unit received were passed out "in our regular mail call to members of this company who receive little or no mail from their families."

"I personally feel very proud of the members of Andrews High School as I am also a Texan, a 1958 graduate of Texas A&M," Mathis wrote.

"MEANS A LOT"

"It means more than can be expressed in words to know that the people at home are supporting our mission here and that the 'Vitniks' are in the small minority."

Pfc. W. H. Henderson (no hometown given) stopped long enough to write just a few words:

"This is just to say thanks for the Christmas cards. We are glad to know that there are people like you behind us. We read of guys, like some of us, burning draft cards. It seems a shame to me.

"If they could see the people of this land of sorrow they would understand better. To see a child who is hungry makes you feel sick inside. But in the end we will win. I know this with all of my heart. May God bless all of you."

ANOTHER WAY

Sgt. James Miller (no hometown) said it another way:

"I know that you are very proud of our boys over here and that your prayers are always with them. Students, let me say this, we over here in Viet Nam are even more proud of you."

"It's hard for me to express myself the way I would like to but I think you will understand . . . may God bless and keep you."

S. Sgt. Andrew T. Best (no hometown) said that he was sending his Christmas card from Andrews "to my wife and family. This way I can always remember the wonderful young men and women from Andrews High School who stood by us when the chips were down."

"MERRY CHRISTMAS"

Pfc. Charlie Gidney from Crowell, Tex., near Wichita Falls, said that Christmas cards were "difficult to get here, so I will write this short letter thanking you all for your Christmas card and may you all have a very merry Christmas and a most happy New Year."

Jim Overlin, 20, from Buffalo Gap, S. D., who signed his letter as "A GI in Viet Nam," said he graduated from high school and attended the University of Nebraska two years before going to Viet Nam.

"I remember well the days of my high school career. I look back and say that those days were the best of my life.

"I know that many of you spent some time and money to send these cards and we are grateful. The general percentage of fellows here are 18 to 21 years old and are glad to hear from people of their own age."

Deaths Blamed On Asphyxiation

DUMAS, Tex. (AP)—Mr. and Mrs. Emzey Roberts died late Friday night apparently of asphyxiation. Investigators said a stove was burning in their tightly closed home. He was a night club operator.

Mrs. Dement Rites Held

Services were conducted at 3 p.m. Saturday for Mrs. Alpha B. Dement, 64, in River-Welch Funeral Home Chapel with the Rev. Leo Gee, pastor of First Methodist Church, officiating. Burial was in the City Cemetery.

Mrs. Dement, a life-long resident of Big Spring, died Friday morning in a local hospital after a four year illness. She was born here Jan. 28, 1900. Her home was 2806 Clanton.

She was married in 1918 to the late J. H. Dement, and he died June 21, 1928.

Mrs. Dement was a member of the First Methodist Church. Pallbearers for her services were Herbert Johnson Jr., Bill Coleman, J. R. Brizzel, Bill Ward, Bob Renshaw and Boyd Bryans.

Survivors include two sons, Jay Dement and B. B. Dement, both of Big Spring; three daughters, Mrs. Morris Robertson, Big Spring; Mrs. B. G. Kreihel, Roswell, N. M., and Mrs. Sue Cline, Santa Monica, Calif., two brothers, Robert P. Shumake, Corpus Christi, and Joseph Shumake, Redondo Beach, Calif., two sisters, Mrs. Mary L. Denlow, Redondo Beach, Calif., and Mrs. Mamie L. Taylor, Kingsland.

There are 20 grandchildren and six great-grandchildren.

Case Load Called For Trial Cut By Half During Week

Twelve pleas of guilty, one jury trial and four dismissals reduced a 34 case docket called in Howard County Criminal court last week by 50 per cent. See Jon Davis, county attorney, said he was pleased with the results. Additional jury dockets for criminal cases will be scheduled when the new year gets under way, he said. Davis said that the 17 cases not handled on the recent docket

will be rescheduled with others. Only one jury trial was heard during the week, and that terminated in a verdict of not guilty for the defendant.

One case was dropped because the defendant is deceased. Another was cancelled when it was shown the major state witness is now in Viet Nam. Still another was stricken because the defendant is currently in the state penitentiary.

CHRISTMAS WILL COME to the Big Spring State Hospital Dec. 21 when all patients will receive gifts from the Volunteer Council. Refreshments will be served, and entertainment will be provided on wards and in the auditorium. The Social Order of the Beauceants and the Immaculate Heart of Mary Mother's Club are two of the 29 local or-

ganizations that are assisting with the hospital party. Shown preparing refreshments are Mrs. O. L. Nabors, Mrs. Willard Sullivan and Mrs. Eugene Gross of the Beauceants, and Mrs. Charles Levenduski and Mrs. W. B. Shelton of the Mother's Club.

EVERY LITTLE GIRL longs for a pretty doll to cuddle on Christmas morning. Students in the home economics classes at Big Spring High School are a few of the Santa's helpers who have dressed dolls

for distribution next week. The girls shown, all sophomores, are Marilyn Groesbeck, Judy McCormick, Vivian Dickson and Judy Caule. Mrs. J. E. Hogan headed this year's doll drive committee.

IN THE BEGINNING, a child was the reason for Christmas, and children everywhere are favored, and perhaps loved, a little more at this time of year than any other. For many years, the Kiwanis Club, assisted by the members' wives, have spon-

sored a Yule party at the Westside Youth Center where lunch is served and gifts presented to everyone. Preparing the food are, standing, Mrs. Ernest Welch, Bob Travis, Clyde Hollingsworth and Mrs. S. M. Smith. Seated are Mrs. Bob Bradbury and Mrs. Hollingsworth.

TRIMMING THE TREE is a ritual in classrooms over the city as children observe the holiday in their schools. This class at Lakeview School will receive gifts and refreshments given by members of the Spoudazio Fora Study Club. Shown decorating the

room for the annual party are Mrs. H. O. Hudgins, Mrs. Gladys Penny, the teacher; Mary Threats, Gwen Johnson, Thomas Mitchell, Mrs. Don Farley and Mrs. Jim Lemons. Seated are Clarence Miles, Garry Peterson and Larry Peterson.

THE GLOW OF GIVING lights the faces of Mrs. (Capt.) William Thomas and Mrs. Billy Hand of the Salvation Army. Each year, the group acts as receiving agent and distributor for toys, clothes and food which goes to families not as

lucky as most. For months, city firemen mend and paint sturdy toys that make some child's heart happier on Christmas morning. Working with the Salvation Army, they see that no one is forgotten on a day of rejoicing.

'T WAS THE WEEK BEFORE... CHRISTMAS

WOMEN'S NEWS BIG SPRING HERALD
SECTION C
BIG SPRING, TEXAS
SUNDAY, DECEMBER 19, 1965

MISS NANCY HARALSON

Miss Nancy Haralson Among 'Ten Most'

Miss Nancy Haralson, daughter of Mr. and Mrs. C. J. Haralson, 701 W. 17th, and "Miss Big Spring" for 1965, has been chosen one of the ten most beautiful girls in Theta Sigma Phi at the University of Texas. The selection was made by movie stars, Jack Lemmon and Tony Curtis, from among entries totaling 230.

The "Ten Most" contest began in 1942, and the annual event has been judged by many famous entertainment world figures since that time.

Miss Haralson has many titles which acclaim her beauty. A freshman art major, she is a

graduate of Big Spring High School where she was sweetheart of the Future Farmers of America, Auto Mechanics and Lion's Club. She was also selected school beauty last spring.

This year, the blue-eyed beauty holds the title of National Guard Sweetheart and Miss Forty-Ninth Armored Division, and won the preliminary swimsuit award in the Miss Texas Pageant.

Interested in singing, Miss Haralson holds a first soprano position in the University A Cappella Choir. She has had art training and hopes to enter the commercial art field or a career in fashion design which would also utilize her sewing talent.

For outdoor sports, she participates in swimming, diving, snow-skiing and tennis.

Miss Haralson was featured, with the other winners, in a full page picture in Austin's "The Daily Texan."

Modern Ensemble

This scoopneck dress with a waist-length jacket is always in season. It is an especially good way to start the new year. No. 3132 comes in sizes 12, 14, 16, 18, 20, 42, 44, 46. Size 16 takes 4 1/2 yards of 39-inch fabric. Send 40 cents plus 3 cents postage for this pattern to IRIS LANE (care of The Herald), "Dept. X", Box 1490, New York 1, N.Y. Add 15 cents for first class mail and special handling. Free pattern is waiting for you. Send 50 cents for our new Fall - Winter Pattern Book which contains coupon for pattern of your choice.

When you must pack books for a move, mailing, or storage, do all you can to stop any motion of books in the package. The books must be packed snugly, with every space in the box filled, even if newspaper must be used.

As an added precaution, wrap each book in brown paper to keep out dust and dirt, and to reduce abrasion in handling. If you pack books spine to spine, you may crush their rounded backs. It is better to put the page fronts of a closed book against the spine of the book next to it.

If the books are to be stored in the home awaiting shelf space, it is well to remember that garages and basements, or outdoor storage rooms are usually too damp or too hot and dry.

If using commercial storage space, one needn't worry about proper temperature and humidity as they are constantly controlled.

If you are in need of proper packing boxes, it is possible to buy or rent triple-reinforced book cartons from moving and storage companies.

Announce Birth Of Third Son

COAHOMA (SC)—Former residents, Mr. and Mrs. Larry James, are parents of a son born Dec. 14. This is the third son for the Jameses who now reside in Alamogordo, N. M.

Mr. and Mrs. Harvey Echols and grandson, Steve Caddell of Uvalde, left Monday after spending the weekend here with his brothers and sisters-in-law Mr. and Mrs. Leroy Echols and Mr. and Mrs. Ebb Echols.

Mr. and Mrs. M. L. Watts have been in Hamilton where they attended the funeral services for his father.

Ronnie Reid is a patient at the Malone and Hogan Foundation Hospital and is in Room 229.

Put Non-Slip Rugs On Nursery Floor

To eliminate the danger of slipping on a small rug in a baby's room, put in a permanent floor with vinyl asbestos tile. By installing a contrasting rectangle of color in the center portion of the room, you obtain a "rug" effect, yet still have a completely safe and easy-to-clean floor.

Mrs. M. C. Grigsby Hosts Holiday Party

Mrs. M. C. Grigsby, 701 W. 16th, was hostess for a holiday open house Wednesday from 4 to 6 p.m. Approximately 60 guests called during the afternoon.

Members of the house party were Mrs. Hayden Griffith, Mrs. Zollie Boykin, Mrs. Derwood McCright, Mrs. Roy Lassiter, Mrs. H. W. Wright and Mrs. T. A. Thigpen.

Mrs. Grigsby was attired in a full-length hostess gown in a pink and green floral print as she greeted the arriving guests.

The Christmas motif was used in decorations throughout the home, and the tall Christmas tree was flocked and decorated with gold ornaments.

The polished refreshment table

was centered with a tiered symbolic tree of white net poufs graduated in size. Red and green ribbons tied the three tiers together and extending from the arrangement was a sunburst of red and green ribbons. Accents were red carnations, gold ornaments and green satin leaves. Silver appointments were used with the silver coffee service and milkglass punch service.

Carpet Pad Goes Fabric Side Up

Latex foam rubber carpet pads have a fabric backing on one side. When laying carpets, the fabric side goes up, next to the carpet. The fabric (usually burlap) grips the backing of the rug and prevents slippage.

Carpet underlays protect against crushing and abrasion, and should be used not only with wall-to-wall, but with area rugs. In fact, a foam-rubber carpet pad under a small rug can be a safety factor by ending skidding.

REBEKAHS TO BRING GIFTS

The Big Spring Rebekah Lodge No. 284 will have a Christmas party at 7:30 Tuesday in the lodge hall, and each person attending is asked to bring a \$1 gift to exchange. If parents bring children to the family affair, they are requested to bring a gift for them.

To Attend Anniversary Celebration

COAHOMA (SC)—Mr. and Mrs. Herbert Love are spending the weekend in Ranger where they will attend the golden wedding anniversary of her parents, Mr. and Mrs. Aaron Bell.

Mr. and Mrs. Weldon Self and daughter, Patty, accompanied by Johnny Dale Nichols, spent the weekend with his parents, Mr. and Mrs. Oscar Self.

Mr. and Mrs. Tom Kinder have returned from a week's visit in Amarillo with their son-in-law and daughter, Mr. and Mrs. George Clark and sons.

Mr. and Mrs. Ohmer Kelly of Stanton were visitors Tuesday in the home of her parents, Mr. and Mrs. Pat Wilson, and with her sister and family, the Dan Clarks.

Mr. and Mrs. Jerry Swaim of Guadalupe are parents of a girl born Dec. 15. This is the third daughter for the Swaims. Mr. and Mrs. Jim Burgess of Moss Creek Road are the maternal grandparents.

Cedar Kits Save Closet Expense

Cedar closet lining, which comes in handy pre-packaged

bundles, is easy to install. It simply is nailed to existing walls or framing. The wood does not require any finishing after installation. An occasional dusting is the only maintenance required.

Will Serve Cookies To Hospital Patients

Plans to serve cookies in January to the patients of the state hospital were discussed at the Thursday morning meeting of the Rosa Ann Parks Circle of the Christian Woman's Fellowship of the First Christian Church. The members met at the church parlor with Mrs. Earl Zetsche presiding.

Mrs. Don Williams was in charge of the worship center around the Christmas tree.

Mrs. Williams and Mrs. Don Womack served a brunch from a green felt covered table centered with a red and green seasonal centerpiece.

Guests were Mrs. Jerry Avery and Mrs. Don Ford. The next meeting will be Jan. 20 at the church for a covered dish luncheon. Each member was asked to bring a guest.

MR. AND MRS. B. R. KILGORE (Photo by Denny Valdes)

Vows Recited Friday Evening

Miss Ann Elena Willis became the bride of Benny Ray Kilgore at 7 o'clock Friday evening in the home of the bridegroom's brother-in-law and sister, Mr. and Mrs. J. W. Hughes, 223 Mobile.

The bride is the daughter of Mr. and Mrs. Baker Willis, 1803 Owens, and the bridegroom is the son of Mrs. Myrtle Kilgore, 211 Mesquite, and the late Grady Kilgore.

Chaplain William H. Warren of Webb Air Force Base officiated as vows were exchanged

in the livingroom of the home. The floral accent was a gold epergne holding an arrangement of white gladiolas and greenery.

The bride was attired in a pale blue suit of textured wool, fashioned with three-quarter-length sleeves and Chelsea collar. Her accessories were of matching blue, and her coiffure was arranged with wide blue ribbon. She carried a wedding bouquet of white Frenched carnations, backed with tulle and showered with picot.

Attending the bride as maid of honor was Miss Joyce Thomas who wore a pink suit styled with three-quarter-length sleeves and sheath skirt. Her corsage was of white carnations.

Dewey Byers served as best man.

Following a brief wedding trip to an undisclosed destination, the couple planned to reside at 606 State. The bride, a graduate of Big Spring High School, is employed by the Federal Housing Administration in Midland. The bridegroom, also a graduate of the local high school, is employed as an electrician for the city.

Immediately following the ceremony, a reception was held in the home for members of the families and close friends. The refreshment table, covered with an ecru crocheted cloth, was centered with a white and blue floral arrangement flanked by pink tapers in crystal holders. The white wedding cake was topped with wedding bells.

Miss Sandi Hughes assisted with the serving.

Nifty Skimmer

Figure - skimmer with just the right amount of shaping brings you one of those up-to-the-minute but easy-to-make styles. No. 3377 comes in sizes 10, 12, 14, 16, 18, 20. Size 14 with short sleeve takes 3 1/4 yards of 35-inch fabric; with longer sleeve, 2 3/4 yards of 44-inch.

Send 35 cents plus 5 cents postage for this pattern to IRIS LANE, (Care of The Herald), Box 1490, New York 1, N.Y. Add 15 cents for first class mail and special handling.

Free pattern is waiting for you. Send 50 cents for our new Fall - Winter Pattern Book which contains coupon for pattern of your choice.

Memory Aids Made Simple

CLEVELAND — Here is a good way to remember new names for old faces. Cut out friends' engagement or wedding announcements from the paper and staple by the same girls' pictures in your high school year book.

This will also help answer some of those "What ever happened to Mary?" questions in years to come.

Portable Dryer Does Hair, Clothes

Just right for life on campus: a portable electric dryer for both clothes and hair.

The clothes dryer section is designed to handle hosiery and other small washables including delicate synthetics, exactly the items a college girl finds aren't dry in time for a date.

B. Orands Entertain At Home

The Rev. and Mrs. Byron Orand, 400 Birdwell, held an open house Friday evening for the deacons and staff members of College Baptist Church, their wives and husbands. Their daughter, Kara Lea, was with them to receive guests.

The refreshment table was covered with a Belgian linen cloth, and a crystal wassail bowl was encircled with holly and red berries. A white ironstone coffee service was used, and petits fours were served.

The centerpiece was a combination of red candles and gold ornaments, accented with holly and pine cones, featuring a gold pixie on one side. Mrs. James Stephens and Mrs. Mike Martz presided at the table.

Thirty-four were included on the guest list, and called between the hours of 8 and 10 p.m.

Cafeteria Menus

COAHOMA SCHOOL
MONDAY — Barbecue on bun, buttered baby limas, tomato on lettuce leaf, cookies and milk.

TUESDAY — Turkey and dressing, giblet gravy, green beans, cranberry sauce, fruit salad with whipped cream topping, rolls, butter and milk.

'ROUND TOWN

By LUCILLE PICKLE

With Christmas less than a week away from home and assigned to the academy in October.

MR. and MRS. R. H. HARTER left early Saturday morning for a two-week vacation trip to San Diego, Calif., where they will visit their son and his family. MR. and MRS. MERLE DEAN HARTER and their children, Martin and Lynn. They were all ready to go Friday evening when Merle Dean called and said not to leave home without snow chains. This caused somewhat of a flurry as the Harters, like many of us, have never had any occasion to use chains for snow. It happens that there has been a freak snow storm on the Mojave Desert and the mountains in the area are covered with so much snow that cars without chains are not allowed to travel across them. Rather than have his parents stopped at the foot of the mountains, the son gave them fair warning. Mr. Harter spent the greater part of Friday evening in search of snow chains and he found a set.

Incidentally Merle Dean, a BSHS graduate, is a radar instructor in the electronic aviation division at Coronado.

An interesting Christmas vacation is in store for MISS DOROTHY ARNOLD, daughter of MR. and MRS. W. D. ARNOLD, who is teaching business and typing in a Presbyterian college in Beirut, Lebanon. Miss Arnold plans to spend 10 days in Egypt, mostly in Cairo, according to word received by her parents here. She is a local school graduate and attended Howard Payne College, and received her teacher's certificate at NTSU. She taught three years at Polytechnic, in Fort Worth before taking the Beirut job. She left the States on Sept. 28 and started teaching on Oct. 6.

MRS. IDA HARRISON of Long Beach, Calif., is here for the holidays with her sister, Mrs. G. G. MOREHEAD, and Mr. Morehead.

DAVID SPRADLING, son of MR. and MRS. L. D. SPRADLING, arrived Friday from the United States Military Academy at West Point, N. Y., to spend the holidays here. He was

MR. and MRS. H. C. STIPP are looking forward to a white Christmas in the snow at Durango, Colo. They plan to leave Monday for the holidays with the LOUIS STIPPS and David, their son. The group plans to spend much of the vacation at the new ski resort at Purgatory. The ROGER BROWNS hope to join their longtime friends for the skiing part of the holiday.

MR. and MRS. BILLY McLVAIN have their son, BILLY, home for the Christmas holidays. They met him at Midland last night when he arrived on the evening flight from Burley, Idaho.

The three will join other members of the McLVain family at the home of his sister, MRS. LOWELL BLANKENSHIP, in San Angelo for a Christmas reunion.

Home for the holidays from the academy at NMMI in Roswell, N. M., are RAY and BLAKE TOLLETT, DICKIE HATCH, RONNIE WARD, MIKE ALEXANDER and DON GRAY. RICK GRAY and KEITH BRISTOW also attend the academy and will be home, but they had to play basketball in El Paso before their holiday started. Keith will bring with him JERRY WHITNEY of Sacramento, Calif., who will be his houseguest for the holidays.

We are always anxious to have the news of the comings and going 'round town so let us know who is coming to visit you or who you are visiting this holiday season. Call us at The Herald or at AM 3-2542 in the afternoon.

Small, New Oven Uses Microwave

A new, compact microwave oven weighs about half as much as conventional equipment and is about two-thirds the size of conventional microwave ovens. It is said to be more economical and more efficient than other units available for commercial and institutional food heating. The oven plugs into any 110-volt circuit.

MRS. DON S. SPENCER

Miss Bryant Weds Maj. Don S. Spencer

Miss Barbara Louise Bryant and Maj. Don S. Spencer exchanged wedding vows Dec. 18 at the Orlando AFB Chapel in Florida.

The bride's parents are Mr. and Mrs. Russel Bryant of North Carolina. The bridegroom is the son of Mr. and Mrs. Tom Spencer, Comanche, former Big Spring residents. Neil Spencer, Luther, is his brother.

The bride wore a formal gown of white. The molded bodice and sheath skirt were of lace over white peau de soie.

The dress featured a bateau neckline, long fitted sleeves and a chapel train attached at the waist. Her veil of illusion fell from a white pillbox hat, and her bouquet was an arrangement of baby orchids and peacock feathers.

The bridesmaids wore pale green floor-length dresses.

The bride is a graduate of the University Schools of Nursing in Virginia and Maryland. She is a captain in the Air Force, at Orlando AFB Hospital.

The bridegroom is a graduate of Big Spring Senior High School and Texas Tech. He is a member of the Air Force and was stationed in Korea. He finished his pilot training at the San Angelo AFB and was stationed in California and in the Azores. He is now an instructor at Scott AFB, Ill., where the couple will reside.

The reception was held at the officers club following the wedding where the honored couple, parents and attendants greeted guests.

Out-of-town guests included the bride's aunt, Miss Ethel Bryant, Spray, N. C.; Mrs. Eva Neary, Sussex, England; and Capt. Vern Vannier, Travis AFB, Calif.

Other guests were from Washington, D. C., Maryland, Maine and Missouri.

The couple plans to spend Christmas holidays with his parents in Comanche.

Mrs. Charles Eberly, the club's first president, was introduced as a guest. She and 23 members were seated at a table accented with a Christmas centerpiece. The Jan. 13 meeting will be for business only and the Jan. 27 meeting will be for a community service program under the direction of Mrs. P. B. Baldrige.

Plans for the Big Spring State Hospital Christmas party were completed at the Thursday luncheon of the Altrusa Club. The members met at Cokers Restaurant with Mrs. M. S. Knowles presiding.

Mrs. H. D. Cowden announced the completion of the party plans for the patients on Ward 5. The club will be assisted by members of the Business and Professional Women's Club.

The information committee, headed by Mrs. C. L. Plummer, reported on the progress on the project of printing monthly Altrusa news bulletins.

Plan Cheerful Day With New Colors

No one can minimize the importance of getting every day off to a good start. The home-maker is the deciding factor. The colorful breakfast she serves, even the bright housecoat she wears, can offset the rudest awakening. The breakfast room, too, should be dressed for the occasion, with crisply curtained windows and cheerful floor and walls.

Guitars Really Swing For Christmas Gifts

Whether you're with it or not, Beatlemania has taken the stigma off musical instruments. A size 12 man-about-the-playground will take his music lessons with a grin. What's more, he'll ask for the chance.

The guitar is the most popular with these small entertainers, but the heat is off all musical instruments, even the cello.

A real beat youngster, mad for guitar, sees his image in all the groups that swing the instrument over their shoulders. And there are the records that abel

the idea—classical guitarists like Juan Serrano, the Romeros, lively Ricardo Modrego and Paco de Lucia, pop artists Jose Feliciano and Elvis Presley.

Parents who'd like to encourage their children in their yearning, may find a guitar is a good introduction to music appreciation.

There are guitars with lively, good tunes within the framework of toy prices, whether he's the tiger guitar type or ready for something more advanced. If he sticks to that first instrument, you can take it from there.

Fluff Bedpillows In Clothes Dryer

Keeping your pillows fresh and clean will give you a more healthful and restful night's sleep. A cotton pillow protector between ticking and pillow case helps to shield the pillow from soil.

Air your pillows often outdoors to freshen them; to dust them, vacuum them when you do the mattress.

To freshen, dust, and fluff pillows back to their original shape in one step, tumble them in your dryer on the "fluff-dry" or "air-fluff" setting (moderate heat will do as well). This is a good tonic, too, for rejuvenating flattened throw pillows (except foam-filled ones.)

Use Toothbrush

To wash buttons covered with cloth on washable dresses, use a soft toothbrush and they clean in a jiffy.

Popular Publication Published By Tech

When Tips and Topics, Tech's publication for home economics teachers, was initiated in the fall of 1960, it had a circulation of only 2,944 and was sent mostly to home economists in Texas. But, several changes have occurred in five short years. Now the publication has a circulation of more than 4,000 in all 50 states plus Canada, the Virgin Islands and Puerto Rico. Furthermore, Tips and Topics, originally financed by grants-in-aid from the Sears Roebuck

Foundation, is now financially self-sustaining, although it still is a non-profit operation. Beginning with the fall, 1963 issue, the School of Home Economics assumed the financial obligation and began to charge \$2 for a year's quarterly subscription. Most subscribers stayed on when the publication changed to a paid basis and others have been added since then.

Each issue is devoted to one aspect of home economics such as family relations, child development or food and nutrition. Thus far there have been 16 issues with requests for back issues comprising a large portion of the orders.

Purpose of the publication is to help busy home economists keep up to date with ideas and materials in their field. To do this articles include suggestions and ideas on the following topics:

- Ideas and facts to be learned by different age groups in home economics to develop basic concepts.
- Adjusting the home economics program to changing times.
- Evaluating student learning, evaluating teaching and evaluating the total home economics program.
- Home learning experiences.
- Adult programs.
- Resource materials (books, magazines and films).
- "Tips"—stories from teachers who share their most interesting and successful teaching experiences.

Punch Party Prior To Duplicate Games

Mrs. A. Swartz and Mrs. Elmo Wasson presided at the punch service Friday during a Christmas party preceding duplicate bridge games at Big Spring Country Club.

North-south winners were Mrs. Ward Hall and Mrs. R. E. Dobbins, first; Mrs. Hayden Griffith and Mrs. Joe Steyer, second; and Mrs. J. C. Greenhaw and Mrs. Glen Cox, third.

Birthday Party Held Thursday

Members of three generations with identical birthdays were honored with a Thursday evening family party at the home of Mr. and Mrs. John J. Roemer Sr., 2800 Lawrence.

Winners in the east-west position were Mrs. Ayra McGann and Mrs. E. O. Ellington, first; Mrs. E. L. Powell and Mrs. Hudson Landers, second; and Mrs. C. A. Nelson and Mrs. D. A. Brazel, third.

Mrs. Powell accepted the position as director of the Tuesday, Wednesday and Friday games due to the resignation of Mrs. Wasson. The Saturday games have been discontinued.

Mrs. Powell announced that the Winners Game will be held Wednesday at Cosden Country Club at 7 p.m., and a Master Point game will be Dec. 28 at Big Spring Country Club. The Charity Game at Webb Air Force Base will begin at 7 p.m., Jan. 30.

Rook Club Has Party Thursday

Mrs. W. A. Miller, 1206 Gregg, served a turkey dinner at the holiday party held in her home Thursday for members of the Rook Club.

Ten members and two guests, Mrs. A. C. Hart and Mrs. W. D. McDonald, attended, and Mrs. Hart joined the membership. Gifts were exchanged, and secret pal names drawn for the coming year.

Mrs. Ella Neel presided as new officers were elected. They were Mrs. Felton Smith, president; Mrs. A. C. Bass, first vice president; Mrs. S. P. Jones, secretary and treasurer; and Mrs. Jerome Lusk, reporter and card chairman.

Rook games provided entertainment for the afternoon, and the next meeting was scheduled in January with the hosts to be announced.

Fred Cavese Has Dallas Visitors

KNOTT (SC)—Guests of Mr. and Mrs. Fred Cavese are Glenn Mitchell, Dallas, and Mrs. Scott Mitchell, Lubbock.

Mrs. Imogene Carmichael has returned from a visit with relatives in Dallas.

Weldon Nichols, Elbow, is visiting his grandparents, Mr. and Mrs. L. G. Harrell. Mrs. L. G. Harrell and Mrs. L. O. Free were hostesses for the junior Sunday school and training union class of the First Baptist Church. Games were played, and refreshments were served.

Big Spring (Texas) Herald, Sun., Dec. 19, 1965 5-C

MR. AND MRS. W. T. STEWARD

Stewards Set Open House

Mr. and Mrs. W. T. (Tom) Steward will be honored with an open house Dec. 26 in observance of their golden wedding anniversary. Hosting the affair will be their son and daughter-in-law, Mr. and Mrs. Oscar T. Steward of Fort Worth and their daughters, Mrs. Tommy Edwards of Alvin and Mrs. Tommy Ratliff of Corpus Christi.

and he is a member of the choir.

Mrs. Steward was formerly a member of a sewing club and served as secretary of the City Home Demonstration Club, of which she was a member for about five years. She still enjoys sewing and does much crocheting. In earlier years, the Stewards owned a cabin on the lake and spent a lot of time fishing. The couple have ten grandchildren and 12 great-grandchildren.

Calling hours will be from 3 to 5 p.m. in the parlor of the East Fourth Baptist Church.

Mrs. Steward is the former Noma Ann Pugh, daughter of the late Mr. and Mrs. John W. Pugh, and Steward is the son of the late Mr. and Mrs. J. T. C. Steward. Both families lived in Edgewood where the couple met during their school days. They were married Dec. 29, 1915, in the home of her parents with the Rev. W. H. Edwards officiating.

No invitations will be mailed, but all relatives and friends are invited to attend.

Books Look Like New

During the first year of their marriage, the couple lived at Vernon, where Steward worked in a cotton yard, then they moved to Edgewood to farm until 1923. In that year, the Stewards moved to Big Spring when he went to work for the Texas and Pacific Railway as a cooper smith. He remained with the company until his retirement in 1957, but he continued to work for four more years with the Piggly Wiggly supermarket.

If some of your favorite paperback books look ragged and worn, here's a way to give them colorful new covers.

To "slipcover" paperbacks or treasured children's books that have worn covers, choose a plastic-coated adhesive covering in a color or pattern that accents or complements room decor.

First, measure the book from top to bottom. Then measure the width—front cover, back cover, and the binding in between. Draw this pattern on the reverse side of adhesive covering.

The Stewards are both members of the East Fourth Baptist Church. He is a member of the Baptist Brotherhood and she participates in a Woman's Missionary Union circle. Both work in the nursery department.

On paperbacks, add a quarter inch all around as a safety margin; add a half-inch on children's books.

School Has Program Of Carols

Ninety-two of the sixth grade students of College Heights Elementary School presented a program of Christmas carols at the Wednesday afternoon meeting of the school's Parent-Teacher Association.

The 75 members present met at the Goliad cafeteria with Mrs. A. W. Gerhart presiding.

Mrs. Douglas Wiehe directed the program, as the children sang Christmas songs from foreign lands.

Mrs. Gerhart announced that the Mother's March would be held Jan. 18, and the city council report was given by Mrs. Floyd Williams.

The room count was won by Miss Lillian Jordan's sixth grade, and refreshments were served by the hospitality committee with Mrs. J. E. Swindell as chairman.

Tots Toy With Playing Grown-Up

By VIVIAN BROWN
AP Newsfeatures Writer

This is as close as you can come to a foolproof method of choosing a gift for a child at Christmas: Give him something that permits him to imitate adults.

"In" toys for girls always include those play-Mom toys—dolls, cooking equipment, sewing gizmos, dress-up playthings. Little boys go for all the man-things—cars, trucks, trains, boats.

Toyland manages to keep abreast of innovations that reflect the adult world. In addition to the popular floor toys—concrete mixers, camp trucks, tractors, bulldozers and pleasure cars that are forever "in," new toys are designed with today's changing world in mind.

The mobile life is reflected in "the weekender," a heavy gauge steel toy truck with a fold-out candy striped tent on its roof that is a deluxe idea of roughing it in the wilderness. There's a kitchen and convertible sofa beds inside.

GUNS GOOD
Guns are always "in" toys, and newest trick guns are in-

Look, Two Heads!

This little Cinderella goes from scullery maid to princess in easy transformation with heads, costumes, shoes.

glimor of souped-up engines and peel-out sounds. New power attachments that duplicate these great noises are available without the use of batteries for the first time. Attached to bikes or skates, they'll purr out like giant motors.

Little girls who would play Mom can have a bubble bath baby complete with tub, bubble

bath, terry head protector with attached to the roadbed, permitting any little boy to be an ella doll with interchangeable heads, costumes and shoes can carry out the scullery maid to princess transition to any little girl's satisfaction.

For the boy who'd corral his dad's attention on Christmas morning there's a new complete train set that comes landscaped and wired on scenic snap-together panels all set to go. The S-shaped track is permanently

attached to the roadbed, permitting any little boy to be an ella doll with interchangeable heads, costumes and shoes can carry out the scullery maid to princess transition to any little girl's satisfaction.

NEW RACERS
A new racing set permits a fellow to power steer his car on a big over and under track. For little girls there are a variety of items that will keep her doll up with the world of fashion from clothes to wigs. The latest miniature furnishings are available for her doll house.

Bedrooms Need Personal Touch

Each room in your home has special demands. Of special importance are the bedrooms. They have that "our" quality, and so should be comfortably outfitted according to the needs of the occupants.

A school age youth's room always should contain a desk. (A quiet room with a good study atmosphere can do wonders to a report card.)

Children's rooms should contain their toy boxes and room for them to play. It can be a disturbing experience for a couple to entertain guests with children playing in the living room.

COSDEN CHATTER

Cosdenites Planning On Festive Holidays

George Grimes arrived Friday from Ponce, Puerto Rico, for the holiday with friends and family.

Mike Gorman, son of Mr. and Mrs. S. Gorman, has been appointed a senator on the Austin College Student Council, Sherman. Mike is a sophomore majoring in biology, and is due home Tuesday for the holidays.

Mr. and Mrs. H. C. Stipp will leave Monday for a 10-day stay in Durango, Col., with their son and his family, the Louis C. Stipps.

Couple Planning Rankin Wedding

Mr. and Mrs. D. D. McCollum of McCamey have announced the engagement and approaching marriage of their daughter, Dorothy, to Coy Mitchell, son of Mrs. Guy Mitchell of Big Spring.

The couple will be married Jan. 1, 3 p.m., in the Immanuel Lutheran Church in Rankin.

The bride-elect is a 1964 graduate of McCamey High School and is presently attending Sul Ross College in Alpine. The groom-to-be is employed by the Southwestern Bell Telephone Company in McCamey.

Arriving next week will be relatives of Mrs. Bill Horne, who will be her houseguests during the holidays. They include her mother, Mrs. Mildred Shelton, and a brother, Weldon Shelton, both of Nocona, and Mrs. Horne's son and daughter-in-law, Mr. and Mrs. Billy Horne of College Station. The latter couple will also be with her parents, the R. W. Halbrooks.

Mr. and Mrs. Johnny Hood, with Mr. and Mrs. Lester Arnold, attended the Baldridge Company's Christmas party Saturday evening in Lubbock.

Cosden's PRX force enjoyed a Christmas party Tuesday evening. A special guest was Mrs. Bessie Watson, mother of the chief operator, Mrs. Anna Mae Berry.

Mrs. Harold Coleman is due home today from St. Joseph's Hospital in San Angelo where she has been undergoing treatment the past week.

Mrs. Doryne Hefner and her mother, Mrs. Ora Conn, will

WEBB WINDSOCK

By KAREN SKANCHY
Mrs. G. H. French gave an eggnog party for wives in Class 66-H, FO Sec. Tuesday afternoon. A white cloth, draped with garlands of evergreen tied with red velvet bows, covered the serving table. A centerpiece of evergreens, pine cones and poinsettias were flanked by red tapers. A variety of cookies and fruit cake were served on silver trays.

Christmas gifts were exchanged by wives in the medical group at a luncheon given by Mrs. M. E. Frantz last week at the Holiday Inn. Special guests were Lt. Col. Evelyn Lawrence and Mrs. Tommy Bryans. Farewells were extended to Mrs. R. J. Kasher, and she was given a bracelet from the group. Dr. and Mrs. Kasher will leave soon for Rochester, Minn.

The 331st FIS coffee was held at the home of Mrs. J. S. Albach last week and wives in B Flight were hostesses. Each member of the flight treated the other wives in the squadron to her favorite Christmas recipe. The table looked festive with a lace tablecloth underlined with red. The centerpiece was a unique seed pod Christmas tree made by Mrs. R. S. Ryan. The red candles and silver serving pieces complimented the festive Christmas background for the coffee. Mrs. W. E. Wood and Mrs. J. J. Brochon were presented farewell gifts from the squadron. The Woods will leave for Oklahoma City before Christmas and the Brochons will depart for Okinawa after the holidays.

Phantom Element wives were hostesses for the 3561st PTS Christmas coffee held at the Officers Open Mess last week. Mrs. Worth McCue was welcomed into the squadron.

SANTA CLAUS

Santa Claus paid a visit to the students in Class 67-A, F1 Sec., their IPs, and wives last weekend when they met at the Big Spring Country Club. He distributed gifts and everyone agreed that Maj. Bill Nelson made a jolly Santa.

Capt. and Mrs. G. H. Taft hosted a buffet dinner party for H Flight IPs and wives last Sunday evening.

The wives in the Air Base Group met at the home of Mrs. C. T. Pajot Thursday where they wrapped Christmas presents for an underprivileged family.

Capt. and Mrs. W. P. Stewart and Capt. and Mrs. W. E. Holcomb were in Dallas last weekend where they witnessed a

game between the Cowboys and the St. Louis Cardinals in the Cotton Bowl. They enjoyed a visit with Mrs. Stewart's cousin, Charlie Johnson, who is the quarterback for the Cardinals.

Wives in the 3560th PTS met at the Officers Open Mess last week for their Christmas coffee and gift exchange. Punch, coffee and cookies were served by A Flight wives. The attendance prizes were won by Mrs. L. L. Ledbetter and Mrs. H. S. Russell.

FAREWELLS

The 331st FIS gathered at the Ramada Inn for dinner and to say farewell to Capt. and Mrs. Warren Wood and Capt. and Mrs. J. J. Brochon last weekend. The 331st "Others Brothers" gave their renditions of "Battles of Brochon" and "Woody, Woody, Flying So High." Lt. Col. M. W. Shareck presented five members of the squadron with their ADC Expert Rating in the F-104. Those receiving this were Maj. W. E. Lowman and W. E. Brown, and Capt. J. H. Carlson, J. S. Jackson and J. H. Middleton. Maj. Jack Kimbro was given the commendation medal for outstanding achievement in maintenance during the Dominican crisis. The two departing members of the squadron were presented with their 331st plaques and the group adjourned to the Officers Open Mess for further festivities.

Capt. and Mrs. S. G. Flowers enjoyed a short visit with Maj. and Mrs. C. A. Block and family this week. They were stationed together in North Carolina when Capt. Flowers was an exchange pilot in the Marines and it was the first time they had seen each other in three years.

Members in the 3560th Hospital Group met at the Officers' Open Mess last weekend for their Christmas cocktail party and to say goodbye to Lt. Col. Evelyn Lawrence, Dr. and Mrs. R. J. Kasher, Lt. Sammy Hubbard and Capt. Marge Turner.

A prize-winning pound cake was served to wives in A Flight last week when they gathered at the home of Mrs. E. D. Aman for a Christmas coffee.

Lt. and Mrs. R. L. Speros, Lt. and Mrs. A. E. Greiner, Capt. and Mrs. S. G. Flowers and Capt. and Mrs. G. H. Vorres enjoyed dinner at Carlos' last weekend to celebrate Capt. Vorres' birthday.

HOLIDAY COFFEE

The home of Mrs. B. L. Tarleton was the scene of a Christmas coffee held Tuesday afternoon for wives in Check Section and Operations, 3560th PTS. Cohostesses for the coffee, which depicted a gold and white color scheme, were Mrs. D. R. Moody and Mrs. G. F. Dunne.

Cocktails and dinner were enjoyed by members in the Air Base Group at the Officers Open Mess last weekend. Congratulations were extended to Capt. J. G. Devlin and Capt. J. M. Brown who will be promoted to major during the coming year.

The wives in Class 66-H were honored at a tea Monday afternoon in the home of Mrs. J. F. Bosick. Mrs. W. T. Hascall and Mrs. S. G. Flowers were cohostesses. An elegant silver candelabrum accented by clusters of artificial fruit, centered the serving table.

Merry Christmas!

Engaged

Mr. and Mrs. W. N. Tomlinson, 1810 Peavy Rd., Dallas, are announcing the engagement and approaching marriage of their daughter, Nancy Elaine, to Norman A. Gound, son of Mr. and Mrs. Wayne Gound, 1688 Osage. The wedding is scheduled for Jan. 22 in the Casa Linda Presbyterian Church at Dallas.

Black Velvet Takes Fashion

Black velvet is slowly but surely creeping into formal and semi-formal clothing. The rich, dull-black fabric is being used as a collar, as cuffs, as trim on breast pockets and, in few cases, as a lapel.

LOVELY COMPLEXION

For Ideal Skin Care, Use Deep Cleansing

An artist would never attempt to paint a picture on a soiled canvas. Paint and soil just won't mix!

And let that be a lesson to the lass or lady who piles fresh make-up on stale. Unless the skin beneath is whistle-clean, cosmetics streak and change color. The skin must be deep cleansed, what's more. Otherwise, hidden soil leads to or exaggerates such problems as clogged pores and blemishes.

The need for deep cleansing is not a new idea. It goes back to circa A.D. 130-200, when the famous physician, Galen, discovered the formula for cold cream. Based on much the same formula, cold cream is still with us and it serves well as a cleanser for flawless skin. But, since few skins are without a problem, specialized cleansers

have come into being. When you use those formulated for your skin type, clean-ups are greatly facilitated. You require two cleansers, one to float away cosmetics and one to wash away residues. To make suitable choices follow these guides:

For dry skin, select an enriched creamy or fluid cosmetic remover; a superfatted soap or a creamy water-soluble wash. Oily skin responds to liquefying creams and lotions, and to medicated soaps and washes with the pH factor. On a sensitive skin, use hypoallergenic cleansers and soap.

For a super-clean wash, a complexion brush comes highly recommended. So much so that brushes are now packaged with washes.

Officers Installed At Christmas Luncheons

Christmas parties were highlights of the area home demonstration club meetings during the week. Officers for the 1966 sessions were installed and gifts were exchanged at each of the affairs. Christmas meals were served and guests welcomed.

LEES CLUB

Gifts were exchanged during the Tuesday afternoon Christmas party of the Lees Home Demonstration Club. The members met at the home of Mrs. D. Armstrong with Mrs. William Schaffer as cohostess.

Each member brought her favorite fruit cake or candy, and Mrs. Mildred Eliand, HD agent from Stanton, was welcomed as a guest.

Mrs. Vick Phillips gave the members a small decorative felt Christmas tree. Mrs. Gene Smith gave everyone a small bottle of wine, and Mrs. Edward Low took pictures of the group.

The members made plans to take cookies to the Forsan Baptist Church for a Thursday evening shower for Mr. and Mrs. S. A. Hallaway.

COLLEGE PARK CLUB

New officers were installed at the Monday afternoon Christmas party of the College Park Home Demonstration Club. The

members met at the home of Mrs. Jesse Crane Jr., 433 Hillside.

Mrs. Delaine Crawford, county HD agent, installed the new officers. They are Mrs. Nelson Ball, president; Mrs. Pauline Bruns, vice president; Mrs. Conrad Miller, secretary; Mrs. Stewart Dixon, treasurer; and Mrs. Crane, council delegate.

Gifts were exchanged, and Mrs. John Birdwell directed the group in games. Mrs. Charles Rich read a Christmas poem, and secret pal names were revealed.

Refreshments were served from a lace-covered table centered with a small Christmas

tree. Mrs. Dixon presided at the coffee service.

AIRPORT CLUB

Gifts were exchanged at the Friday Christmas luncheon of the Airport Home Demonstration Club. The 17 members present met at the home of Mrs. B. A. Bunn, 507 E. 15th, with Mrs. A. N. Standard as cohostess.

Officers were installed. They are Mrs. Omar Decker, president; Mrs. E. A. Jones, vice president; Mrs. Vern Vigar, secretary; Mrs. Fred Jones, treasurer; and Mrs. S. A. Wilson, council delegate.

Refreshments were served from a table covered with a

white cloth and centered with lighted candles. The individual place cards were miniature snowmen and Santa Clauses.

Guests were Mrs. E. L. Sandell and Mrs. Delaine Crawford. The members presented Mrs. Decker a gift of appreciation.

Mud Room Helps Rugs

Winter is coming on, and with it slush and mud may be coming in. But soiled boots and wet clothing can be confined to one room of your home if the family is properly trained from the beginning of the bad weather season.

Giving a room a name, such as a "mud room," and supplying it with ample hooks and clothes hangers, is a good way to begin the discipline. Surfacing its floors and walls with an easily cleaned, hard-to-scuff material will lighten and shorten the job of making the mud room quickly presentable.

Cleaning Rattan

To keep rattan, cane, reed and rush chair seats clean, simply sponge the surface with warm soapsuds and rinse. This also helps to "shrink" any sagging seat tuft again. After drying for several days, the seat can be shellacked if desired.

Wedding Held In Lubbock

Miss Barbara Ann Chambers and George Neely Wolfforth were married at 7 o'clock Friday evening in the chapel of the First Baptist Church in Lubbock.

The daughter is the daughter of Mr. and Mrs. Henry A. Chambers of Kermit, and the bridegroom is the son of Mrs. Dwight Wolfforth of Seminole.

The Rev. E. Harold Henderson officiated for the double ring ceremony before an altar graced with baskets of white gladioli and candelabra before a background of greenery.

Mrs. Gerald Harris was the organist, and Mrs. L. D. Krueger was the soloist.

The bride was given in marriage by her father. She wore a formal gown of white peau de sole designed with portrait neckline, Capucci sleeves and Empire bodice. It was accented by a small fold of fabric with a bow at the center of the waist, and the A-line skirt extended to a chapel train. A lace pillbox with peau de sole rose cluster held a tiered elbow-length veil of imported silk illusion. Her bouquet was a cascade of white roses filled with stephanotis and showered with white satin ribbons.

ATTENDANTS
The maid of honor was Miss Arvella Jones of Denver City and the bridesmaid was Miss Elizabeth McLendon. Their pale pink dresses featured bateau necklines and fitted bodices with sheath skirts. Watteau trains flowed to the hemline of the dresses and were topped with bows at the back necklines. They wore double rose headpieces, accented with illusion, and carried crescent bouquets of pink Sweetheart roses showered with streamers.

The best man was Jim Tom Neely of Brownfield, and ushers were Lawrence Jones, Kenneth Cook and Kenneth Abbott. Following a reception at the church, the couple left on a wedding trip to El Paso and Ruidoso, N. M. For traveling, the bride chose a turquoise wool dress and matching jacket with black accessories. She wore a white rose corsage taken from her bouquet.

SCHOOLS
The bride, a graduate of Seminole High School, attended Texas Tech and is employed by the Southwestern Bell Telephone Company in Lubbock. The bridegroom, also a graduate of Seminole High School, attended Howard Payne College and Howard County Junior College. He is employed by W. B. Abbott and Company in Lubbock.

The couple will reside in Lubbock at 1411 Ave. O.

MRS. G. N. WOLFFORTH

Tennessee Residents Visit Here

COAHOMA (SC) — Dick Bartlett of Lovington, N. M., is visiting here with his parents, Mr. and Mrs. T. A. Bartlett. Also visiting in the Bartlett home Wednesday were Mr. and Mrs. Gene Hansford of Whittier, Calif.

Vicki Lynn Buchanan, daughter of Mr. and Mrs. Sammie Buchanan, is hospitalized in Jal, N. M.

Visiting here in the Fred Franklin home in Sand Springs is her brother and sister-in-law Maj. and Mrs. James Wozencraft, and son, Thomas, of Fort Hood.

Robbie and Pat O'Daniel of Chattanooga, Tenn., are expected to arrive Friday to spend the Christmas holidays with their father, O. D. O'Daniel Jr., and their grandparents, Mr. and Mrs. and Mrs. Oscar O'Daniel.

Cosmetics Can Cause Rashes

Occasionally cosmetics can cause health problems, says a pamphlet of the American Medical Association.

Although the incidence of rashes and irritations is low, there are enough problems to warrant continued search for safer products.

Some of the skin problems that might be traceable to cosmetics are dry, scaly, itchy skin; red, swollen eyelids; rash on the neck and ears; pigment spots on exposed areas such as the cheek, and skin problems around the fingernails.

If you suspect that a cosmetic may be causing a skin problem, the first step is to see your doctor and ask his guidance in determining the cause. To help your doctor reach a diagnosis, there are some things you can do:

1. Stop use of all cosmetics temporarily.
2. Shampoo the hair with a bland soap to remove all hair preparations.
3. Stop the use of all creams, including cleansing creams, foundation creams, tissue and cold creams.

particular cosmetic hereafter. Often a switch to another brand will suffice. In a few severe cases, your doctor may consult with a manufacturer to help you find a safe product. And, rarely, it may be necessary to forego the cosmetic entirely.

Wage Scale Advised For Housewives

Do you feel unfulfilled when you're scrubbing the floor on your hands and knees? Do you honestly enjoy playing pitch and catch with little Robert? Whether you love it or hate it, you are a housewife and likely to remain so.

But to make your job a little more pleasant why not demand a salary, just like all the other people who work? Today's Secretary reports that a regular housewife works a 99.6-hour week. She spends 44.5 hours as nursemaid (at \$1.25 an hour), 5.9 hours as laundress (at \$1.90), 13.1 hours as cook (at \$2.30), plus a multitude of other duties. Even without overtime work beyond 40 hours, your weekly pay would come to \$159.34.

Damp Cloth For Marble

To clean a marble fireplace, a soft, clean, untreated duster or damp cloth is about all you may need. If further treatment is required, wring a cloth out of warm suds made with a mild detergent.

It's best not to use soap, as it may leave a soil-catching film. Rinse, wipe dry, and polish with

a soft, dry piece of chamois. If the marble is yellowed or stained, a poultice may be helpful.

To prepare the poultice, add warm water and cleaning fluid, or hydrogen peroxide to a granular mild detergent, whitening talc, or marble dust, to make a mud-like paste.

Apply the paste to the stained area in a half-inch layer. Leave the poultice on the area for twenty-four hours, then rinse thoroughly, to remove all trace of powder.

Pot Plant Treatments

When children gather around the family room to start their homework, it's possible to make their transition from outdoor summer fun a bit more pleasant by keeping the garden-look alive all through autumn and winter months. A natural way to accomplish this is with container plants.

One of the newest pot plant treatments is achieved with hanging planters and curtain rods. These hanging baskets consist of brass chains, clay pots and their matching saucers, which are treated to keep excess water from seeping through on floors and carpets. Holes are drilled in the saucers to insert chains, which are caught at the top by a hook that is attached to the brass rod. The pots fit snugly into their saucers, and when filled with fresh foliage or year-round flowering plants, create a "living curtain" effect.

The brass rods can be arranged at desired heights across a window and single curtain panels at the sides of the window or a valance above it give a finished look.

Remove Wax

To remove candle wax from a tablecloth, put the spotted part of the cloth, flat, between newspapers, then press over the newspaper with a hot iron set at "cotton." Be sure to move the cloth to a clean place on the paper as wax is absorbed. Finally, suds out the spots by hand.

Indian's Remains Found In Sandbank

If Howard County's much-discussed, but as yet nonexistent, museum was in operation, four young amateur archaeologists would be in a position to make a contribution to it—the relics of a very early Howard Countian.

They found this primitive resident's skeletal remains early this month embedded in the sandbank of a deep ravine a short distance north and east of the city limits. Erosion brought the skull in sight and the young archaeologists set about removing it from the sandy grave it had occupied for perhaps 150 years.

The boys who made the find are Edward Thomas, 18, Michael Thomas, 11, and Darrell Thomas, 17, sons of Mr. and Mrs. E. J. Thomas, who live on the Snyder highway. With them at the time was Donald Atkinson, 16, son of Mr. and Mrs. E. A. Atkinson.

The ravine which produced the skeleton is on the O. R. Bolinger farm. "We were just exploring," said Edward, "when we came across this bank. The back and one side of the skull was sticking out of the sand. We began digging with knives and sticks

PRIMITIVE SKULL . . . Early Settler

and got the skull free without damaging it. We kept digging and came up with some well preserved leg and arm bones, part of the lower jaw and a lot of bone fragments."

The boys came back to the scene with shovels and carefully explored the area for several yards around the spot where the bones had been found. No arrowheads, fragments of metal or other mementoes of the burial were found.

The grave is about 100 yards from a small pond which is fed by a spring. The pond has water almost continuously.

Boy, 7, Promises Santa A 'Bottle'

SEATTLE, Wash. (AP) — Some of those letters little folks have been writing to Santa Claus were made public by Seattle post office people. One was from a boy named Larry, who said he was 7 years old. He told Santa: "I will leave a drink for you under the tree if Mom doesn't hide the bottle from Dad."

Observers estimate that the spring was probably a campsite for Indian hunting parties or for stops when the Comanches were on their regular raiding trips into Old Mexico. It is known they camped regularly in this area and made use of Signal Peak for sending messages by smoke signs. The Big Spring, Moss Creek Spring and

other well known water holes were used by Comanche raiding parties for untold centuries.

Numerous Indian burials have come to light over the years in this area. This one, according to the boys who found it, was buried in a sitting position. This was a common method of burial. It facilitated the digging of a hole sufficient to inter the body.

The boys have carefully preserved all of the bone fragments. They have placed the smaller pieces in capped bottles and have covered the larger fragments with shellac. One of the boys spent a long evening carefully fitting fragments of the skull together—a complicated crossword puzzle process.

They are uncertain what they will do with their find.

"We have shown it to a lot of people," said the boys. "One suggestion was that we offer it to the museum at Lubbock. Until something is decided, we will keep it together in a box and try to preserve it."

One familiar characteristic of early Indians is noted in the skull. The teeth, while fairly sound, are worn deeply down. It was said that the Indians survived mostly on meat and on crude flour they made from beating mesquite beans into a powder. Their pestle and mortar were of stone—usually sandstone—and the flour thus ground contained an important portion of sand. Chewing on the primitive bread they made from this flour ground away their molars. The worn-down teeth seem to be a common trade mark of all of the remains found of early day tribesmen in this and other southwestern areas.

'We Found It Right There'

Edward Thomas, Donald Atkinson, Michael Thomas and Darrell Thomas point to place where they came upon the skeleton of an early day Indian. A skull was half-exposed in the sandbank when the four boys happened to come upon it. (Photos by Sam Blackburn.)

SECTION D
BIG SPRING, TEXAS, SUNDAY, DEC. 19, 1965

Temporary Federal Jobs To Be Open

A nationwide competitive examination for temporary summer employment in the Federal Government as an office assistant or a science assistant has been announced by the Civil Service Commission.

Applicants seeking summer employment in grades GS-1 through 4 (at annual salary ranges of \$3,507 to \$4,641) in such occupations as clerk, stenographer, typist, office machine operator, student assistant, engineering aid, physical science aid, biological aid, and mathematics aid should ask for a copy of Announcement No. 380.

Candidates for the examination should obtain a Civil Service Form 5090-AB. This form is available at many post offices, at U.S. Civil Service Commission offices, and at Boards of U.S. Civil Service Examiners. The completed form should be mailed to the Civil Service Commission, Washington, D.C. 20415, before Jan. 3, to enable candidates to take the 2½ hour written test which will be given in various cities Feb. 5.

Towns in the local area where these tests will be given include: Big Spring, Big Lake, Midland and Seminole.

The test, which is scheduled to be given only once, is designed to measure clerical skills, vocabulary, reading comprehension, abstract reasoning, and table and chart interpretation. Sample questions will be provided in advance.

All citizens will be given equal opportunity to compete in the nationwide examination. Those who pass the test will be permitted to file applications with as many as six federal agencies or installations: three in the Washington area and three outside of Washington.

Throughout the nation, the names of applicants who pass the test and send their notices of eligibility to federal agencies along with their applications for employment will be entered on agency rosters in ranked categories determined by their test scores. For example, those who score 95 and above will be in the top group, those scoring 90-94 in the second group, and so on. Consideration will be given first to those in the highest category.

Further information about federal summer employment can be found in the Civil Service Commission's pamphlet No. 68, "Summer Vacation Jobs in Federal Agencies," which are available at most places where application forms are distributed.

"This information is published in order that all interested applicants, citizens of the United States, between ages 16 and 21

will have an equal opportunity to compete for federal employment with no discrimination as to race, creed, color or sex. However, the Commission's nepotism regulations will still apply in 1966 and sons and daughters of Air Force personnel (civilian or military) cannot be employed by the Air Force anywhere. They can be hired by other federal agencies; for example: the Veterans Administration Hospital.

Cuban Women Served Notice

MIAMI, Fla. (AP) — Cuban women have been told they are expected to do more farm work next year. A Havana radio newscast says a gathering of women was told that poultry raising, now 50 per cent in the hands of women, will be turned over to them completely in 1966. Women also will be called upon to help in tobacco and vegetable fields.

Mt. Bethel To Offer Holiday Choir Concert

The Mt. Bethel Baptist Church will present the senior choir in a Christmas concert, "Sing Ye Noel," tonight at 8 p.m. in the church auditorium.

The program will feature familiar Christmas carols with several special selections. Mrs. Shirley Hillman will be the soloist for "Ave Maria," the Rev. and Mrs. Melvin Montgomery will sing "The Holy City" and Mrs. Essie Person will be the soloist for "O Holy Night."

Handel's Hallelujah Chorus from "The Messiah" will conclude the program, and following a tradition established during the reign of Queen Victoria, the audience will stand during the "Hallelujah Chorus."

The Rev. Melvin Montgomery, pastor; Jo Hazel Dawson, minister of music; and Patrick White, pianist, will coordinate the program.

Members of the senior choir are sopranos, Shirley Fay, Pollard, Lottie Morgan, Bernice Miller, Dorothy Green, Penny Anderson, Eula Walker, Sarah Traylor, Clemmie Johnson, Essie Person, Shirley Hillman, Deonette Williams, Hortense Montgomery, Rosetta Brown and Johnnie Domino. Altos are Cecilia Banks, Carrie Brown, Louisa Green, Lavara Mitchell, Ida White, and Virgil Marshall.

Tenors include Ben Pollard, George Johnson, William Banks, John Hooks, Ned Evans and Leon Houston. Basses are Richard Evans, James Woodruff, Glenn Person, John Womack and Robert Kuykendall.

Base Paper Wins Top Award Again

The Prairie Pilot has been selected the top ATC base newspaper in its class. The Prairie Pilot is a class II commercial paper, meaning it carries commercial advertising and serves from 1-5,000 Air Force personnel.

The annual ATC newspaper contest was judged by a panel of judges consisting of professional newsmen from San Antonio. The papers were judged in six categories with the winners of each to be forwarded to Headquarters USAF to compete in the 1965 Air Force World-Wide Contest.

The Keesler News, base newspaper serving personnel at Keesler AFB, Miss., was awarded the Commander's Trophy for the outstanding newspaper in all categories. The Prairie Pilot was selected as second in the over-all rating.

Other winners in the various classes were: The Keesler News in class IV commercial, and the Wingspread class III commercial, Mather AFB, Calif. Three of the categories had only one entry each. The Laredo AFB, "Que Paso," is the only class II official newspaper; the "Air Force Recruiter," Randolph AFB, the only class V official newspaper; and the Lackland AFB, "Talespinner," the only class IV official newspaper in the command.

Webb Services Are Planned

Chapel activities will highlight Webb's celebration of Christmas with services scheduled for Christmas Eve and Christmas Day.

The traditional Midnight Mass for Catholics will be said at the base chapel with Rev. Thomas D. Holland, base Catholic chaplain, as celebrant. Christmas carol singing will begin at 11:30 p.m.

Christmas Day and New Year's Masses will be said at 9 a.m. on both holidays. Protestant services on Christmas Eve will begin at 8 p.m. There will be a New Year's Eve Watch-Night service at the base chapel, conducted by the Protestant Youth of the Chapel beginning at 11:30 p.m.

The schedule for confessions for Catholics will be: Dec. 23, 10 to 11:30 a.m., 2 to 5 p.m., and 7 to 9 p.m. On Christmas Eve the schedule is 10 to 11:30 a.m. and 2 to 5 p.m.

The Christmas Day meal will be served in Dining Hall 220 beginning at 11:30 a.m. and continuing until 3:30 p.m.

The Dining Hall will be decorated by the cooks and bakers, and will feature a Christmas-New Year's motif.

Turkeys and hams will be roasted the night before, and all pies and cakes will be prepared Christmas Eve.

Tech Device Keeps Tabs On Earthquakes

LUBBOCK — A wooden fence on the Texas Tech campus protects equipment powerful enough to record earthquakes halfway around the world, yet so sensitive that footsteps a few feet away throw it into utter chaos.

The seismological observatory, west of the science building, houses 12 ultra-sensitive measuring devices which maintain a 24-hour vigil to record the slightest motion of the earth caused by anything from early morning traffic on Memorial Circle to distant Russian nuclear explosions.

So delicate is its mechanism that the fence is necessary to keep the vibrations of footsteps over the underground laboratory from disrupting the recording devices, said Dr. Deskin H. Shurbet, observatory director.

Dr. Shurbet, professor of geosciences at Tech, oversees research and operation of the Tech observatory, one in the universal network of the World Standard Seismograph Systems maintained by the U.S. government to keep constant watch over the earth's movements.

The seismographs, used primarily to determine location and strength of earthquakes, serve other research and educational purposes, pointed out Shurbet, who became director in 1956.

"By recording the earth's movements, we can determine internal earth structure," he said. Seismologists also can study the wave movement through the earth and apply this knowledge to developing a better prospecting technique.

"But the most exciting possibility is that someday we might be able to predict earthquakes and save lives," he explained.

Distinguishing between an earthquake and a nuclear explosion is the most recent problem faced by seismologists.

"It's not always easy to tell," Shurbet explained. "Blasts set off in the air and ocean are easily detected, but a system for determining underground explosions has not been perfected."

Since the ground is in constant motion, it is necessary to learn to read the graphs of movements. Waves travel at different speeds and arrive at different times, so the seismologist uses the sequence of line deflections to make identification.

Though the South Plains is not an earthquake area, the Tech seismographs pick up Denver earthquakes, in addition to train whistles, slamming doors and parking lot noise. In 1962, Dr. Shurbet said, the machines picked up the large Russian nuclear explosions.

Some seismological equipment has been on campus since 1948 when the observatory was built, but recordings were made only periodically. The observatory has been in continuous operation the past nine years.

Tax Terms Easier To Read

Your income tax may not be any lower but it's going to be easier to file your return, according to Joe Gordon, Internal Revenue Service administrative agent in charge of the Big Spring office.

The IRS has been trying to simplify the appearance and layout of the income tax forms for many years, in view of the criticism by taxpayers, the news media and members of Congress, Gordon said. This especially pertains to Form 1040.

So, the IRS did the next best thing to lowering taxes — it gave a New York City firm of industrial designers a \$20,000 contract to design a tax form that would ease many headaches for many Americans.

The contract called for a study and recommendations for improving the 1040, the 1040A and the corporation tax Form 1120. It also called for development of improvements in the "tax package" that is sent to taxpayers each year, other pamphlets, correspondence format and directional signs used in IRS offices.

The result was no major changes in the form, but several minor ones which should make taxpayers a little happier, Gordon said.

The typography and general appearance of the 1040 and its sister forms for 1965 have been greatly improved, Gordon said. The quality of paper used is a better grade, and its color pure-white instead of an off-white. The type is bolder, blacker, and easier to read.

And, in the course of its work, the design firm pointed out that few people could distinguish the official seal of the IRS from the many similar seals used by other federal agencies. The result was a bold, unique emblem, Gordon said.

In designing the emblem the eagle was chosen as the traditional symbol of the Federal Government, the scales to represent justice and fairness, and the wreath to suggest a striving for excellence.

A Devotional For The Day

I will be with thee . . . For I am the Lord thy God, the Holy One of Israel, thy Saviour. (Isaiah 43:2-3)

PRAYER: Our Father, we thank Thee for sending Jesus into our world. We praise Thee for the great joy He brings by restoring us to fellowship with Thee. Come into our homes and into our lives and make our hearts Thy throne. For His sake. Amen.

(From the 'Upper Room')

Example Of Generosity

Junior high and high school students have set a good example of generosity for our people. Their annual canned-foods day brought in several thousand tins of food Friday for distribution through the Salvation Army.

Were it not for this, the Salvation Army could not begin to meet the challenge of furnishing Christmas baskets for needy families. Each year, it seems to be more difficult to get people to respond needs by dropping cash donations in the kettles in business areas. This year, thanks to service, church and other groups who

have manned the kettles, the net may be somewhat better although the gross take seems to be lagging. So adult giving is sluggish.

Moreover, we have just closed out a United Fund campaign \$5,000 shy of its goal.

Yet, figures tell of increased bank deposits, greater savings on deposit, a record amount of building and a good crop year.

What's happening to us? Have we reached the point that the more we get the more we want or the more we keep?

Settle The Problems

Many months ago the city and the Big Spring schools agreed upon a master plan for campus-traffic development, including a loop from State Street to Benton in order to establish a north-south flow over the east overpass.

It now appears, however, that the problem wasn't solved at all. The school board has asked that the two groups meet jointly to thrash out several problems connected with the mat-

ter. For example, there is the problem of what to do about relocating the baseball field, and at whose expense.

Of course there has to be some explicit, definite answers to these things, and a meeting of the boards seems timely. Perhaps if this conference will be as exhaustive as possible, it will anticipate other matters and thus avoid having to come back and spell out details on matters agreed to in principle.

Marquis Childs

Dirksen's In Charge

By WILLIAM S. WHITE
(Substituting for Marquis Childs)

WASHINGTON—The GOP is firmly in the control of its elected congressional wing as the dust settles over the long and now-lost effort of its liberal faction to denounce the John Birch Society by name as a force of ruin and evil.

To those who wish to know more specifically who really is in charge of the Republican party, the answer can be made limply clear. Sen. Everett McKinley Dirksen of Illinois is in charge.

THIS IS THE REAL message coming from the meeting just held by the Republican Coordinating Committee, which is supposed to represent all the Republicans, those out of office as well as those in office.

To this agency many have been called—governors, mayors, party financial fat cats and the like. But not so many have been chosen. Dirksen, with some deference to the party leader in the House of Representatives, Gerald Ford of Michigan, is running the party show as no Republican not

sitting in the White House has done within the last two decades.

IT WAS Dirksen who caused the coordinating committee to finess the Birch issue, to the great pain of the liberals, who for months had trumpeted their determination to have the GOP "go after the Birchers." The Dirksen formula, which was instead adopted, is simply a general rejection of any and all "radical or extremist" movements.

This does not for a moment mean, however, that Dirksen and his associates wish to defend the Birch society. Nor does it mean that they do not themselves intend to "go after" it. It only means that they are going to go after it with deeds instead of words—as indeed they have been quietly doing.

THE WAY to get rid of Birch influence within the party is not to pass ringing resolutions, such as had been proposed to the coordinating committee, for talk is very cheap. It is simply to begin a practical, action process of excluding Birchers from local posts of power or influence within the GOP structure. This already is being done.

The liberals had wanted to open a push of rhetoric; the Dirksen controllers would rather do their talking later. All this is another example of the extraordinary sense of responsibility of the GOP man of the year, who is Everett Dirksen.

HE HAS FOUGHT two Democratic Presidents on some domestic questions; he has served the same two Democratic Presidents with skill and nonpartisan devotion to the higher national interests wherever the climatic issues of national survival and honor—like Cuba and Viet Nam—have stared the nation in the face.

He is a good man, this Everett McKinley Dirksen, and it is a pleasure to be able to say it of him because years ago he was not such a man. There was a time when he, too, was quick with the press handout but not so quick to take up those hard burdens of political responsibility for which facile sloganeering is no substitute.

THERE IS thus no harm to either the GOP or the country that Dirksen has taken up so powerful a position in the Republican party. If he is kind of a "boss"—as in plain truth he is—he is a boss by necessity, and a remarkably self-restrained and tolerant one in a party which, quite rightly, he will not permit to run screaming about its internal stresses.

For it is perhaps the understatement of the year to say that the GOP has enough troubles without advertising them—until they are cured. Why publicly act as though so tinpot a thing as the Birch society were some vast and frightening force about to destroy the Republic? For such as the Birch society, the common-sense treatment is laughter, not solemn expressions of national alarm.

Snuffs Fire

HOMER, Ill. (AP)—Mrs. Ina Thomson, a school bus driver, has been cited for her "courage and calmness" when her bus caught fire.

The school board commended her after a friend described the incident in a letter to the board.

Mrs. Frederick Lorenz said that when the bus caught fire Mrs. Thomson quickly and calmly started the children out of the emergency exit and then took a fire extinguisher and put out the fire.

'MAYBE I OUGHT TO WAIT TILL LATER'

Jack Lefler Business Chiefs See Continuing Boom

OUTLOOK AT A GLANCE

- Auto record pace goes on
- Steel production up, then down
- War boom also spurs economy
- Oil earnings promise to increase
- Color television to be red hot
- Industrial production still gains

NEW YORK (AP)—With 1965 ebbing rapidly, businessmen turned their sights during the week on 1966. What they saw looked good.

It was the time of year for them to speak out about what they expected in the year to come.

They were almost unanimous in predicting that next year will be about as good as 1965, which was a good one indeed.

There was little talk about the danger of inflation, and those who mentioned it minimized its peril.

Frederick G. Donner, chairman of General Motors Corp., the world's biggest manufacturer, predicted that 1966 would be another boom year for the automobile industry.

"With continued consumer confidence, products that the public wants to buy, and a further expansion of employment and personal income, the 1965 level of sales of cars and trucks in the United States should be maintained," he said.

In 1965, sales of 9.3 million cars and 1.5 million trucks topped 1964 levels by more than 13 per cent.

MORE OPTIMISM
Another automobile executive, Henry Ford II, chairman of Ford Motor Co., was equally optimistic.

"We detect no signs of strain in the automobile market and another good year for the economy should mean another good year for the automobile industry," he said.

Joseph L. Block, chairman of Inland Steel Co., predicted a continued rise in steel consumption with a gain of perhaps 4 per cent in the first quarter of 1966, compared with the like period of 1965.

However, he said production in the first half of next year probably would range between 60-65 million tons, 8 to 15 per cent below the 1965 first half, when users were stockpiling steel as a hedge against a possible strike.

DEDUCTION SHADOW
Other comment included: Austin T. Cushman, chairman of Sears, Roebuck & Co.—the

one cloud on the horizon is increased paycheck deductions for Medicare. But he predicted that in the spring of 1966 merchandise distributors would have gains of 5 to 6 per cent.

Ben W. Heineman, chairman of the Chicago & North Western Railway Co., cited the escalation of the Viet Nam war among factors that would spur business and said he expected a 6 to 7 per cent increase in railroad net income as a reflection of freight gains.

John R. Kimberly, president of Kimberly-Clark Corp.—the expanding economy of 1966 should favor continued growth of sales and earnings for the pulp, paper and a paperboard industry.

John E. Swearingen, chairman of Standard Oil Co. (Indiana), predicted an increase in earnings of 5 to 50 per cent for the oil industry in the first half of 1966.

MORE HOUSING STARTS
James W. Walter, chairman of Jim Walter Corp., said the construction industry was optimistic and predicted a rise in housing starts.

Joseph S. Wright, president of Zenith Radio Corp., said color television was "the hottest consumer item in many years" and forecast a 20 per cent gain for the industry in the 1966 first half.

Automobile production maintained its high pace during the week with output estimated at 211,900 passenger cars, compared with 212,918 the previous week with output estimated at 211,900 passenger cars, compared with 212,918 the previous week.

Steel stocks bounced up on the New York Stock Exchange on reports that continuing demand for steel from the construction industry and extremely strong demand from railroads had brightened the outlook.

The Federal Reserve Board reported that industrial production continued to expand at a fairly high rate in November with almost every sector registering gains.

Production reached 145.5 on the board's index, meaning that output was 45.5 per cent higher than the average level during the 1957-59 period.

Culture Swap
HAVANA, Cuba (AP)—Cuba has signed cultural exchange agreements which will bring to this country during 1966 the Russian Bolshoi Ballet, the Moscow Music Hall, a Soviet ice show, Bulgarian opera stars and a concert and popular singers from Poland and Czechoslovakia.

Two members of President Johnson's cabinet—the Secretary of State and the Secretary of Defense—have presented to the council of the North Atlantic Treaty Organization the blunt facts about the big burden the United States is carrying virtually alone.

THE NATO TREATY specifies that member states will come to the aid of each other if attacked by any European power, but Messrs. Rusk and McNamara pointed out that the conquest of Asia by Communist regimes could be the forerunner of wars to take over Europe as well as Latin America.

This is the first time that spokesmen for the United States have laid the Viet Nam case on the line. Secretary McNamara analyzed the meaning of Red China's threat in Asia. He said the Peiping regime will soon have nuclear material to make not only bombs for aircraft but missile warheads. He mentioned that the Chinese Communists have a standing army of 2.3 million men and huge reserves as well as a large air force, with planes supplied by the Soviet government. The Secretary declared that Red China has already "targeted" Thailand for future attack.

THESE REALISTIC statements were made to convince the NATO members that a world situation confronts them which transcends in importance their own preoccupation with Europe. For, while Mr. McNamara didn't say so, he implied that, if the United States gets tied up in Asia, it might be difficult for this country to furnish all the military aid necessary should an attack by Communists develop inside Europe.

Up to now, though there has been some token aid given in the Viet Nam war by other countries, the United

States has borne almost the entire burden. The mission of Secretaries Rusk and McNamara was designed to warn NATO that members had better start thinking of ways to strengthen the alliance rather than talking about ways of weakening or decentralizing the whole defense mechanism.

IT IS, UNFORTUNATELY, not fully realized in the free countries of Europe that the people of the United States are growing a bit disillusioned about the attitude heretofore taken by its allies toward rendering help in the Viet Nam war. Europe's aloofness could result in the formation of a public opinion in this country favoring withdrawal of American forces from Europe and transferring the full responsibility for defending that continent to the European members of NATO.

A DISINTEGRATION of the whole situation in Southeast Asia, however, is bound to encourage the Communist imperialists in both Peiping and Moscow. This is why the mission of Secretaries Rusk and McNamara can hardly be brushed aside as a perfunctory step in diplomacy. For the United States cannot police the world alone, and there is no other way to do it except by an alliance of the free countries of Europe, bolstered by their big armies willing to go to Asia to thwart the Communists at the inception of their march rather than to await their invasion of Western Europe.

(Copyright, 1965, New York Herald Tribune, Inc.)

Around The Rim

Building Up To The 'Spirit'

The setting is that dreamland in the polar regions. The old gentleman with the white beard, pacing his living room, is obviously fretful.

Mrs. S., always aware, says, "What's wrong now?" "Here it is less than a week away, and the confounded deer haven't even come up from the forest."

"Yes, and they have nearly a week to get here, and they've always come when you call, and they'll be here again. Just relax."

"**IT DOESN'T LOOK** as if the production shops are on schedule. I don't believe we'll make it this year."

"Now, Father, you've been saying that for years eternal. Was there ever a year when we didn't make it?"

"No, but there always has to be a first time."

"Well, it won't be this year. Get your rest. You'll be doing a lot of traveling yourself."

"**AND THAT'S** another thing. I don't like the looks of a lot of things I have been seeing as I scan the world to map my journey. I'm worried."

"I don't know why you should be. There hasn't been a perfect year yet. You do the best you can, and a lot of people will be helping, and you'll see, come Christmas morning."

"**IT'S THE** 'lot of people' that worries me. Have you noticed all those fine young men snared in the jungles of a place called Viet Nam? Will a 'lot of people' remember them; and will their wives and parents and kids die back home be remembered?"

"Of, course, Father. Don't you remember 1942 and '43 and '44; and don't you remember 1951 and '52; and even some years beyond those?"

"Yes, things came out pretty well, considering ration stamps. It's just that when you get older, you worry more. This time, it doesn't look like enough people are thinking about Viet Nam."

"**THEY WILL;** they will. Now you go practice your Ho-ho-ho's, and be ready to spread the spirit. That's when people respond."

"I don't know. I saw some people acting rather churlish to some weary clerks. They were demanding sizes and colors and different things in an unfriendly sort of way."

"**YES, BUT THEIR** demands were with someone else in mind. They don't mean to be selfish. They just get in a hurry. They're really working up to the spirit."

"And it looks as if there are more little Hottentots than ever before, those casting longing glances at the windows and knowing they can't have what they see."

"Why, Father, you think they won't get something? Of course, they will. I tell you, people will soon have the spirit."

WHAT ABOUT that dumbkopf down in Texas I saw who sprained his back, smashed his thumb and almost electrocuted himself getting up his Christmas tree? You think he'll achieve the spirit?"

"Why, of course. He's working on it right now. You'll see. In a few more days, men will be smiling in the jungles; customers and clerks will be shouting greetings; poor children will have their moment of happiness. It just takes a little time to get the spirit. It'll be here. Now you begin to get it the spirit yourself."

"Yes, Mother. Of course you're right."

—BOB WHIPKEY

Art Buchwald

Going To Pieces At Christmas

WASHINGTON—Dr. Spock, America's leading authority on children, has come up with some revolutionary ideas for Christmas. He says that the holiday season is so overdone that children go to pieces under the tension and he warns that Christmas exploits and fosters children's naturally greedy tendencies.

To solve the problem the good doctor thinks we should do away with mass family gatherings and visits, that we should leave children home when shopping, that they should be shielded from live Santas, and that a child should be limited to only one or at the most two Christmas presents.

THE SCENE is Christmas morning. A 10-year-old child comes running down the stairs in his pajamas while his parents sit nervously by the Christmas tree.

There are two packages under the tree. The boy rips them both open. "Oh, boy," he cries, "an Erector set and a pair of galoshes." He starts looking behind the tree. "Where's the other stuff?" he asks.

The mother says, "That's all there is, son."

"All there is?" the boy says. "But it's Christmas."

"**WE KNOW** that, son," the father says. "But Dr. Spock says you should only get one or at the most two Christmas presents this year."

"Who's Dr. Spock?"

"He is a very famous pediatrician and he writes books on how to raise children. He says the more presents we buy you, the more chance you have

of going to pieces on Christmas Day."

The boy says, "He must be some kind of a nut."

"**HE IS NOT** a nut. He is a very distinguished man who knows what goes on in the minds of children."

"Well, if he's not a nut, he's a flunk," the boy cries. "What kind of a Christmas is this, anyway?"

"But if we gave you everything you wanted, you would just go to pieces. We don't want you to have a nervous breakdown."

"What's a nervous breakdown?"

"It's when you get sick and depressed."

"But I'm sick and depressed now."

"**YES, BUT** you would be much worse if you got a lot of presents."

"I'm going to tell grandma this afternoon," the boy says.

"She's not coming over this afternoon," the mother tells the son.

"Why not?"

"Because Dr. Spock doesn't believe in mass family gatherings at Christmas time. He says it will only unnerve you. The three of us are going to spend a quiet day together."

"**I THINK** I'm having a nervous breakdown." He begins to cry and won't stop.

The father says, "Now, calm down while your mother opens her two presents."

"Two presents?" the mother starts weeping. "I thought Dr. Spock was only talking about children."

The father says, "I never saw so many people go to pieces in my life."

Our Appeal To NATO For Aid

WASHINGTON—The most significant development in world affairs today is the appeal that the United States has just made to other nations for help in fighting the Viet Nam war.

Two members of President Johnson's cabinet—the Secretary of State and the Secretary of Defense—have presented to the council of the North Atlantic Treaty Organization the blunt facts about the big burden the United States is carrying virtually alone.

THE NATO TREATY specifies that member states will come to the aid of each other if attacked by any European power, but Messrs. Rusk and McNamara pointed out that the conquest of Asia by Communist regimes could be the forerunner of wars to take over Europe as well as Latin America.

This is the first time that spokesmen for the United States have laid the Viet Nam case on the line. Secretary McNamara analyzed the meaning of Red China's threat in Asia. He said the Peiping regime will soon have nuclear material to make not only bombs for aircraft but missile warheads. He mentioned that the Chinese Communists have a standing army of 2.3 million men and huge reserves as well as a large air force, with planes supplied by the Soviet government. The Secretary declared that Red China has already "targeted" Thailand for future attack.

THESE REALISTIC statements were made to convince the NATO members that a world situation confronts them which transcends in importance their own preoccupation with Europe. For, while Mr. McNamara didn't say so, he implied that, if the United States gets tied up in Asia, it might be difficult for this country to furnish all the military aid necessary should an attack by Communists develop inside Europe.

Up to now, though there has been some token aid given in the Viet Nam war by other countries, the United

States has borne almost the entire burden. The mission of Secretaries Rusk and McNamara was designed to warn NATO that members had better start thinking of ways to strengthen the alliance rather than talking about ways of weakening or decentralizing the whole defense mechanism.

IT IS, UNFORTUNATELY, not fully realized in the free countries of Europe that the people of the United States are growing a bit disillusioned about the attitude heretofore taken by its allies toward rendering help in the Viet Nam war. Europe's aloofness could result in the formation of a public opinion in this country favoring withdrawal of American forces from Europe and transferring the full responsibility for defending that continent to the European members of NATO.

A DISINTEGRATION of the whole situation in Southeast Asia, however, is bound to encourage the Communist imperialists in both Peiping and Moscow. This is why the mission of Secretaries Rusk and McNamara can hardly be brushed aside as a perfunctory step in diplomacy. For the United States cannot police the world alone, and there is no other way to do it except by an alliance of the free countries of Europe, bolstered by their big armies willing to go to Asia to thwart the Communists at the inception of their march rather than to await their invasion of Western Europe.

BSHS Canned Food Drive

Over 3,000 items of food contributions were received from students of Big Spring Senior High School Friday. The student council con-

ducted the food drive. The Salvation Army picked up the food for local distribution. (Photo by Sherri Alexander)

Annual Canned Food Drive Held At Goliad

By GWYNN BONNER The annual canned food drive began Monday with challenges between home rooms. The home rooms having the highest percentage in each grade were awarded prizes by the student council.

The freshmen basketball team challenged the faculty to a basketball game. At noon Friday the faculty donated the freshmen by a score of 44 to 29. The number of cans of food collected was 2,504 making a total percentage of 250. After research was done in the library and for a culminating activity following oral book reports, Mrs. Essie Persons' fifth period eighth grade English class wrote, illustrated, and displayed anthologies of Christmas poetry in the showcase near the library. The class had previously studied and recited other poems relating to brief expressions.

The Goliad student council placed a Christmas tree in the front foyer early last week. It was decorated by members of the student council.

Practicing the art of entertaining was the lesson of both fifth and sixth period classes of Mrs. Virginia Martin, homemaking teacher. Each class had prepared a dish and held a luncheon Wednesday with four guests, one for each kitchen area, invited. Mr. S. A. Walker, principal, was one of sixth period's guests. Monday and Tuesday, Mrs. Fern Alexander's classes prepared casseroles and chiffon pies. Tuesday after finishing, they held a buffet luncheon. Her third and fourth period classes are studying home decoration.

The Blue Room of Cosden Country Club was the scene of the Goliad annual staff's Christmas dinner. Others attending the dinner besides the 17 annual staff members and Mrs. Cornelia Gary, sponsor, were Mr. and Mrs. S. A. Walker and Mrs. Barbara Giles, Goliad secretary.

Goliad homemaking girls have been helping the Big Spring Fire Department in their "Toys for Tots" campaign. Many of the girls took dolls home and dressed them for the campaign. School will be dismissed Wednesday at 2:45 p.m. All students are looking forward to the winter vacation.

Christmas Party Opens Stanton Youth Center

By EUNICE STEPHENSON A football signed by the members of the football team. Tables were decorated with red streamers and small glittered footballs were favors.

Cathy Workman was selected as Stanton's candidate for district recording secretary of Future Teachers Association. The election will be held at the district meeting on Jan. 8 at Lee High School in Midland. The FTA also discussed plans for the district and state meetings. The FPC met for a short time during activity period Monday to make plans for next month's activities. Student Council members met Wednesday and discussed plans for the party to be held Monday night from 7:00 to 10:00 p.m. in the gym and cafeteria. Basketball and volleyball will be played in the gym and dancing and games in the cafeteria. A small gift or 50 cents will be admission. The gifts will be given to area needy children. The council also decided to select a new Student of the Month committee every three months. The committee nominates students for Citizens of the Month. A Christmas program will be presented by the SHS band and choir Wednesday, Dec. 22. There is no admission fee and everyone is invited to come. Stanton schools will be dismissed for the holidays Wednesday, Dec. 22, at 2:30 p.m.

Coahoma Boy, Girl Honored

By DONNA DUKE COAHOMA — Donna Coates and Drexal Rutledge were chosen Boy and Girl of the Month for December.

Donna, daughter of Mr. and Mrs. Dub Coates, is a member of the student council, National Honor Society, president of FHA, editor of Bark staff, and business manager of the annual staff. Drexal, son of Mr. and Mrs. Raleigh Rutledge, is president of National Honor Society, vice president of the student council, president of the band, and assistant band director.

The FHA is going Christmas caroling at 6 p.m. Monday. They will then come back to the activity room for refreshments and the exchange of "white elephant" gifts. Tuesday night, Coahoma will play its second district game in Coahoma against Rotan. The girls' basketball team will play at 7 p.m. and the boys will follow.

Senior, 8th Grader Win

Martha Boadle, a Goliad eighth grader is the winner of this week's 45 rpm. Glynn Harrell, a Sandes senior, is the winner of the bonus long-playing album for the month of December. When they pick up record certificates at The Herald and take them to The Record Shop, 211 Main, they will be given their choice of records from the wide selection offered there.

Also nominated were Joe Lusk, Randy Nicholson, Lonnie Prescott, Jon Lebkowsky, Cliff Talbot, Jerry Cook, Charles Penn, Bobby Bowers, Bill Boyett, Larry Peurifoy, Ronnie Anderson, Gary Rogers, Richard Harrison, Tommy Wilson, Bruce Bunn, Jim Sokolewicz, Robert Griffin, David Wilson, Robert Jackson, Lynn Kirby and Edward Wolvort.

MEGAPHONE NEWS FROM THE SCHOOLS

Big Spring (Texas) Herald, Sun., Dec. 19, 1965 5-D

Sands Students Take Final Exams

By JUDY FLEMING Monday, high school and junior high students will be reviewing for mid-term tests which will be Dec. 21 and 22. Tests for the first, third and fifth periods will be Tuesday, and the second, fourth and sixth periods will be Wednesday. Each test will be two hours long. Nine-week tests were given last week.

First place winners in the Sands basketball tournament, ending Dec. 11, were the Forsan girls and the Klondike boys. Second place honors went to Klondike girls and Sands boys, while the consolation winners were Flower Grove girls and Forsan boys. Jesse Cavazos, a Sands senior, won the most valuable player award.

The Homemaking IV class held a birthday party in honor of Lesia Martin, a first grader. Mrs. Fay Newman's first grade class was invited. The homemaking girls made the hats, decorations and refreshments for the party. After the refreshments were served they played games and sang songs. The party was part of the senior girls' class project.

The high school students drew names for Christmas. The party will be in the home economics department Wednesday afternoon, Dec. 22, from 12:00 to 2:00 p.m. Last week the A girls' and boys' basketball teams were entered in the Stanton tournament. The B girls and boys went to Klondike for a tournament.

Students at Sands will get out for the Christmas holidays Wednesday, Dec. 22, at 2:30 p.m. Wednesday will be the last day of the first semester. Classes will start at the regular time on Monday, Jan. 3, 1966. The junior home economics class held a party Wednesday morning in the home economics department. Guests were the boys in the agriculture III class and their teacher, Mr. Henry Ball. They played games after the refreshments were served. Mrs. Dan Eliason is the home economics teacher.

Spanish Club Holds Party

By JODY DODD FORSAN — The Spanish Club held its annual Christmas party Thursday night in the school cafeteria. Individual gifts were exchanged between the members. Bobby Walker, son of the Spanish instructor Mrs. Frances Walker, entertained the group by playing Christmas songs on the guitar. Patsy Gooch was head of the refreshment committee.

Tuesday the speech class toured the KHEM radio station. This went along with their study of radio program production. Wednesday and Thursday, the class paired off and learned to use stage make-up. Everyone had to make and be made a clown. Last weekend, the Forsan girls won first place in the Sands Tournament, and the boys won consolation. Jody Dodd received the most valuable player award, while Valynca Conway and Ray McKinnon were placed on the all-tournament teams.

Ron Hamby Picked For Alpha Chi

ABILENE—McMurry College senior Ron Hamby, who is majoring in English and minoring in religion, has been selected for membership in McMurry's chapter of Alpha Chi, a collegiate national honor society.

Graduating from Big Spring High School in 1961, Hamby is the son of Mr. and Mrs. Raymond Hamby, 2701 E. 25th. At Big Spring High he was president of National Honor Society and a member of the Latin club. For two years he participated in basketball.

On the McMurry campus Hamby is president of Forum and has been on the Dean's List. In Abilene he is an assistant pastor at the First Methodist Church. Active membership in Alpha Chi is open to the top ranking ten per cent of the members of junior and senior classes. Members of the McMurry Chapter, known locally as the James Winford Hunt Chapter, are chosen on the basis of stimulation, development and recognition of scholarship.

Girls' Team Wins Basketball Tourney

By DIANE MASSINGALE FLOWER GROVE — The Flower Grove girls won the basketball tournament at Flower Grove Dec. 2-4. The boys won second. The Klondike girls won first and the Klondike boys won second. Sands "B" boys and Union Terry girls won Sportsmanship.

The Honor Roll for the past six weeks has been announced. Making the "A" Honor Roll are Carol Pribylia, Nadine Beckmeyer, and Diane Massingale, juniors; Neil McMorries, sophomore; Ann Haggard and Victor Hewitt, freshmen.

Those making the "B" in high school were Brenda Koonce, Faye Langston, Rosita Salazar, Kenneth Pribylia, Doyle Oaks, and Wade Guerin, seniors; Pam Cave, Patsy Oaks, Gilbert Barboza, Roy Carrmona, M. C. Burckham, Don McMorries, Mike Welch, and Albert Garza, juniors; Tony Barboza, Ann Dennis, Pete Guerin, Barry Hill, Sharon Miller, Joy Oaks, Elizabeth Perry, Mary Pribylia, and Jimmy Walker, sophomores; Cindy Dykes, Neta Hightower, Rita Hightower, Marty Rawlings, Elvis Burton, and Gregory Gonzales, freshmen.

In grade school those making the "A" Honor Roll are Peggy Hayes, Wesley Cockrell, Janie Guajardo, Deana Holcomb, and Jay Mullins, fourth grade; Kelly Adams, Luis Perez, and Charles Hightower, third grade; James Seely, second grade; and Ramon Barboza, first grade.

Those making the "B" Honor Roll are Bonnie Hill, Beth Holcomb and Bob Dykes, eighth grade; Alex Arce and Dan Hightower, fourth grade; Sherryl Everts, Byron Hill, and Ortelinda Barboza, third grade; Ajane Mullins, Glenda Langston, Susan Hill, and Monty Foster, second grade; and Larry Foster and Diana Arce, first grade.

Cheerleader and twirler graduates were held Tuesday, Dec. 7. Cheerleaders are Carol Ann Pribylia, Cindy Dykes, Patsy Oaks, and Diane Massingale. The drummers are Brenda Hopper and Nadine Beckmeyer. The Flower Grove high school basketball teams traveled to Sands this past weekend for a basketball tournament. The junior high teams went to Union for a tournament.

Girls' Team Places First

By BRENDA CLEMENTS GARDEN CITY—An assembly was held Tuesday to present the trophies won at the Garden City basketball tournament. Sharon Jacobs and Judy Hirt, captains, presented the first place trophy to superintendent Roy Thurston. Michael Hoch and Riley Chandler presented the boys' consolation trophy. Sharon Jacobs and Judy Hirt were named All-Tournament and Brenda Jacobs was named Most Valuable Forward.

The FHA held its annual Christmas party Thursday morning in the homemaking room. All the girls brought toys to be given to the Big Spring Fire Stations for underprivileged children. School will dismiss at 2:30 p.m., Dec. 22. A Christmas program will be presented at 12:30. The theme of the program will be Peace. Wednesday the 18 members of the senior class decorated the Christmas tree in the high school circle. They will pass out Christmas presents next Wednesday at 1:30 p.m. The annual staff has been with Mrs. Nikki Phillips from 2:30 to 3:30 p.m. all week making refreshments for the Christmas formal which was held Friday night.

Council Sponsors Christmas Dance

By LORRIE WATKINS The Christmas Dance, sponsored by the Student Council, was held Friday night in the gym at 8 p.m. Providing the music for the dance was the "Just Us Four." Admission was 75 cents plus activity cards. All students were asked during the week to bring a tree ornament to help decorate the tree for the dance. A committee was appointed to decorate the tree and the gym. A Barrs photographer was present to take pictures.

Petitions were circulating last week and the first of this week for class favorites, most handsome, most beautiful, and best all around boy and girl. All petitions had to be in to Mr. Bobby Grant, Student Council sponsor, by Tuesday to be eligible to run. Voting took place Thursday during fourth period and the results were announced Friday night at the dance.

Seventh grade class favorites are Sharon Cook and Mark Slate. Patti Spier and Gary Hines are eighth grade favorites and Medena Furquerson and Rocky Wooley, ninth. Judy Pruitt and Randy Davis were elected best all around; Gary Johnson, most handsome; and Linda Tawater, most beautiful.

The Christmas Assembly will be held Wednesday, Dec. 22. A Dress-Up Day will be held for this day sponsored by the Student Council. The program will include the Advanced Band under the direction of Mr. Don Turner. They will play "Village Charm," highlights from "Exodus," "Christmas Suite," an arrangement of spirituals, "What Child Is This?" and "Christmas March."

The Advanced Choir will perform under the direction of Mr. Hubert Murphy. They will sing "Lo, How a Rose Ered Blooming," "Fum, Fum, Fum," "Jesus Joy of Man's Destrining" and "Glory Be to God in Heaven." The seventh grade choir will sing "White Christmas" and "Silent Night."

The eighth grade speech class, under the direction of Mrs. Judy Spencer, will present, in conjunction with the seventh grade choir, a Christmas Pageant. Members of the class who will be participating are: Jenny Jones and Mary Kay Williams, readers; Gary Hines, Joseph; Nancy Pless, Mary; Sharon Andrews, Stephanie Dickens, Debra Tate, Bonnie Brown, Janet Williams, Denise Teague, and Debbie Hine, angels; Alvin Hagood, Lisa Hinojos, Gloria Jean Nelson, and Ryan Walker, shepherds; Gary Sturm, Slicky Peurifoy, and Tony Welch, three kings; and David Morton, page.

Band members have been selling fruit cakes and were urged to turn in all money or cakes by Monday. The Advanced Band will have rehearsal Monday morning at 8 a.m.

HCJC Closes For Holidays

By JEAN FANNIN Students were dismissed Friday for the Christmas holidays after their final class of the day. Dorms closed at 5:00 p.m. Wednesday Dr. and Mrs. Leonard Blomquist, Indonesian missionaries for the Methodist Church, spoke on Christmas customs and their experiences in Indonesia and presented musical selections at the Christmas assembly at 10:45 a.m.

Thursday night Phi Theta Kappa, college honor fraternity, sponsored the Christmas dance in the SUB. Music was provided by the Sensations. The Women's Dorn Christmas party was held in the dorm lounge Tuesday. Refreshments were served and roommates exchanged gifts.

Wednesday, SGA chose a slogan for HCJC. The slogan is "HCJC, Stepping-Stone to the Future," and was submitted in the SGA Slogan Contest by Don McGowen. Don Simpson has been elected president of the Science Club and Doug Hill, vice president-secretary. Mr. J. T. Clements is faculty advisor.

The SGA has issued information concerning the "Spirit Award" to be presented to the most active club on campus during the award assembly to be held sometime in the spring. The president of the organization receiving the award will be presented with a plaque in recognition of his leadership.

Hamilton Is Cast In 'South Pacific'

ABILENE — Pat Hamilton, son of Rev. and Mrs. Lloyd Hamilton, formerly of Big Spring, has been cast in the part of Lt. Joe Cabbie in the Abilene Philharmonic production of the Rodgers and Hammerstein musical "South Pacific."

Pat, a freshman at McMurry College, is in the McMurry College Chanters, the choir. He is also freshman class favorite and freshman student council representative. Earlier this fall, he was cast in a major role in the McMurry stage production of "Seventeen."

He is a 1965 graduate of Big Spring High School, where he was in the choir, the band, and in the National Thespian Society. While in high school he was also starred in "Oklahoma!" and "Music Man."

His father is now pastor of St. Luke's Methodist Church in Lubbock.

Flower Grove Girls' Team Wins Basketball Tourney

By DIANE MASSINGALE FLOWER GROVE — The Flower Grove girls won the basketball tournament at Flower Grove Dec. 2-4. The boys won second. The Klondike girls won first and the Klondike boys won second. Sands "B" boys and Union Terry girls won Sportsmanship.

The Honor Roll for the past six weeks has been announced. Making the "A" Honor Roll are Carol Pribylia, Nadine Beckmeyer, and Diane Massingale, juniors; Neil McMorries, sophomore; Ann Haggard and Victor Hewitt, freshmen.

Those making the "B" in high school were Brenda Koonce, Faye Langston, Rosita Salazar, Kenneth Pribylia, Doyle Oaks, and Wade Guerin, seniors; Pam Cave, Patsy Oaks, Gilbert Barboza, Roy Carrmona, M. C. Burckham, Don McMorries, Mike Welch, and Albert Garza, juniors; Tony Barboza, Ann Dennis, Pete Guerin, Barry Hill, Sharon Miller, Joy Oaks, Elizabeth Perry, Mary Pribylia, and Jimmy Walker, sophomores; Cindy Dykes, Neta Hightower, Rita Hightower, Marty Rawlings, Elvis Burton, and Gregory Gonzales, freshmen.

In grade school those making the "A" Honor Roll are Peggy Hayes, Wesley Cockrell, Janie Guajardo, Deana Holcomb, and Jay Mullins, fourth grade; Kelly Adams, Luis Perez, and Charles Hightower, third grade; James Seely, second grade; and Ramon Barboza, first grade.

Those making the "B" Honor Roll are Bonnie Hill, Beth Holcomb and Bob Dykes, eighth grade; Alex Arce and Dan Hightower, fourth grade; Sherryl Everts, Byron Hill, and Ortelinda Barboza, third grade; Ajane Mullins, Glenda Langston, Susan Hill, and Monty Foster, second grade; and Larry Foster and Diana Arce, first grade.

WINNER OF LAST YEAR'S DISTRICT ART CONTEST
 Mondel Rogers Jr., Sweetwater, shows work to Mrs. Dickson, Mrs. Staton

Democratic Women To Join In Sponsoring Art Exhibit

The Democratic Women of the 24th Senatorial District will join with Gov. John Connally in sponsoring the third annual district art exhibition and scholarship competition. The showing will be held Jan. 29 at the Sweetwater Country Club.

Mrs. Temple Dickson, Sweetwater, and Mrs. James G. Staton, committeewoman for the 24th district, are co-chairmen for the event. Application blanks may be had from Mrs. Dickson at 907 Josephine, or Mrs. Staton, 1504 Crescent Drive, Sweetwater.

There will be two major divisions open for entries by high school students and amateur artists. High school students will compete in one class, and the top three winners will have their works go to the State Art Exhibition in Austin. The other class, the merit award, is open to any amateur artist of any age. The winner also will go to the state exhibit.

All entries must have been completed within the past year and are limited in size to a maximum of 36x42 (or a total of 1512 square inches). Works will be accepted in oils, pastels, tempera, casein, ink, water color, mixed media or plastics. Deadline for entering is from Jan. 20-27. The state finals will be held in February in Austin with \$1,000 in scholarships and prizes to be awarded.

STAMP NEWS

Tanzania Issues Set

By SYD KRONISH
 AP Newsfeatures

Tanzania, a new nation in East Africa formed via a union of Tanganyika and Zanzibar, has issued a new set of 14 values featuring items of local interest. This is the first set bearing the name Tanzania. Depicted are: a hydro-electric project, flag of Tanzania, road building, native objects and arts, giraffes, zebras, Mt. Kilimanjaro, Dar-es-Salaam harbor, archeological skull discovery, fish-

ing industry, sisal industry, state house building, Tanzania's coat of arms.

West Germany will issue the last two stamps in its New Berlin series, reports the World Wide Philatelic Agency. In keeping with the purpose of portraying post World War II structures, the West German Postal Administration has depicted the Ernst Reuter Plaza on the 50 pfennig and the municipal high-way on the 80 pfennig. Both stamps are multicolored without watermark.

To honor the 200th anniversary of Metropolitan Church, Haiti has issued six new stamps. The original church was a sugar factory but a more dignified building was erected shortly thereafter. The church, however, was destroyed during the earthquake of 1781 and a new edifice built in 1785 on the original site. The Metropolitan Church is also called "Our Lady of Assumption." The 5 centimes, 10 c and 25 c are for regular mail. The 50 centimes, 1 franc and 7.50 fr are for airmail.

Togo was the first nation to announce it would issue an Adlai Stevenson memorial stamp. Now that issue has been released. There are five stamps in the set. The designs are as follows: The letters "O.N.U." (United Nations Organization) and peace doves, U.N. Building and emblem, letters "O.N.U." and orchids, U.N. Building and portrait of Adlai Stevenson, letters "O.N.U." and fruits with wheat.

Award Winner Has What He Wants

Academy-Award-Winner Maximilian Schell doesn't care whether he plays unsympathetic parts, such as his defense attorney in the epic "Judgment at Nuremberg," or comedy parts as the master-mind in Jules Dassin's spoof, "Topkapl." But he does want the roles to be meaty ones.

And meat is what he has in his latest, the presentation of the J. Lee Thompson journey into raw suspense "Return From the Ashes," in Panavision opening today at the Ritz Theatre.

In the film version of the suspense novel by Hubert Monteilhet, Schell plays a stateless Pole, who regards life as he does chess at which he is an international champion. He thus pits his co-star Samantha Eggar against her mother, portrayed by Ingrid Thulin. The clash of character climaxes in a bathtub murder which is said to achieve new heights of cinematic suspense.

Oddly enough, Schell was actually steered away from a career in the performing arts by his father, a Swiss poet and playwright who believed the life "too intense to allow for real happiness." Max was sent to the University of Zurich where he was graduated as a Doctor of Philosophy and earned a degree in the History of Art. But Maximilian got into college dramatics and this led to the stage and subsequently to the screen.

Educator Goes To John Hopkins

MANHATTAN, Kan., (AP) — Dr. William Bevan, vice president of Kansas State University, has resigned to accept a similar position at Johns Hopkins University in Baltimore, Md. Bevan, 43, formerly was on the faculties of Heidelberg College at Tiffin, Ohio, and Emory University at Atlanta, Ga.

Fairy Tale Due Tuesday

The wonder and enchantment of a fabulous underwater kingdom are brought to life in "The Magic Weaver." The live-action fantasy, filmed in color, opens Tuesday at the Ritz theatre for a special engagement.

Based on a Russian fairy tale, "The Magic Weaver" tells the story of a good-hearted soldier and a small boy who rescue Maria, the child's mother, from an evil king's underwater realm.

In the hands of director Alexander Row, His Royal Wetness, Whirlpool III becomes an arch-villain to end all. After abducting Maria from her home to weave beautiful tapestries for him, he does everything in his power to stop her two saviors from reaching her. He turns a forest into a place of rustling terrors, and when that doesn't stop them poses impossible tasks for them to fulfill. He even casts a spell over Maria so that she will not recognize her own way. However, the two brave

heroes surmount all obstacles to triumph in the end.

"The Magic Weaver" was filmed in Russia using many of the Soviet Union's top stars. Unusual because it does not resort to animation to achieve its magical effects, it is doubly surprising coming from the USSR, which for the last 30 years has been making mostly propaganda films. Much of the credit can be given to Director Row, who convinced the Soviet officials to let him make pictures based on the old legends.

According to Row, children today . . . and adults too . . . are in danger of losing touch with these wonderful old stories, merely because most filmmakers find them too difficult to produce. Willing to make a special effort, he has created a new and exciting kind of picture, combining reality and fantasy in a way that few will be able to resist.

Wagon Wheel Restaurant

803 E. 3RD

For Your Dining Pleasure, We Offer On Our Sunday Menu

CHOICE OF ONE:

- Chicken Soup A La Reine

Surprise her with any of these lovely perfume gifts by Guerlain, Caron, Lanvin, Ondine, Chanel, Dana, Charles of the Ritz, Faberge and Yves Saint Laurent's new "Y" . . . all these famous fragrances are the perfect gift for the lady.

Hempill-Wells

... He Still Enforces Law

LOS ANGELES (AP) — Last month Thomas E. O'Neal was a vice squad lieutenant in the Los Angeles police department, a post that paid him \$1,060 a month. Today he is a hotel detective.

What happened to O'Neal is a story of family tragedy. Yet he says he is grateful for his chance to be a law enforcement officer again.

Five months ago O'Neal wounded a man in custody in a police station. O'Neal thought the man was one of a group of rapists who attacked his daughter, Shirley Diane, 19. The man was innocent and has recovered.

O'Neal, tried on felony assault charges, was acquitted by a jury which heard him testify that he blacked out under stress and had no recollection of shooting Carl E. Norman, 21.

Even so, O'Neal was dismissed by the police department Nov. 3, after 15 years of service. He is now head of the 11-man security force at the Ambassador Hotel.

Three Held On Local Charges

Three individuals wanted in this county to answer charges of worthless check writing have been apprehended in as many cities. A. N. Standard, sheriff, said Saturday.

He will dispatch deputies to bring the men here, he said, where they will be held for trial.

Alvin Moore, one of the three men, has been arrested and is in the jail at Waco awaiting return to Big Spring.

Holbert Fisher Calbert, wanted here, is in the Bexar County jail in San Antonio, and T. B. Elliott is in jail in Kerrville.

The men are all charged with misdemeanor check violations.

Skunk With Head In Can Gets Free

ROME, N.Y. (AP) — When Madison Avenue residents called police to report a skunk was running around in circles with its head in a tin can, Patrolman Orlando Gulla was dispatched to handle the assignment. With the help of a passing high school pupil, Gulla removed the can. The skunk scampered away—without a parting salute.

8-D Big Spring (Texas) Herald, Sun., Dec. 19, 1965

MEN IN SERVICE

WALTER VOUGHT

Capt. Thomas E. Morris has completed the U.S. Air Force survival and special training course conducted by the Air Training Command at Stead AFB, Nev. A forward air controller, he received combat-type escape and evasion training for survival under adverse climatic conditions and hostile environments.

The captain is being assigned to Southeast Asia for duty with the Pacific Air Forces which provides offensive-defensive airpower for the U.S. and its allies in the Pacific, Far East and Southeast Asia. Capt. Morris attended Georgia Institute of Technology, and received his BSEE degree from Texas Technological College.

The captain was commissioned in 1956 through the aviation cadet program.

His wife, LaNell, is the daughter of Mr. and Mrs. O. D. Engle, Rt. 1, Big Spring.

Army Specialist Five William H. Gillit, son of Mr. and Mrs. Archie E. Gillit, Lamesa, qualified as expert in firing the .45 caliber pistol at Fort Hood, Nov. 29. Expert is the highest rating a soldier can achieve in his firing qualification test.

The 23-year-old soldier, assigned as a mechanic in Troop C, 1st Squadron, 1st Cavalry, 1st Armored Division at Fort Hood, entered the Army in April, 1959. Gillit attended Lamesa High School. His wife, Berta, lives in Killeen.

Army Specialist Four James R. Booth, son of Mr. and Mrs. Wiley E. Booth, 1505 Lancaster, Big Spring, is undergoing an extensive nine-day field training exercise with the 24th Infantry Division in Germany.

The exercise, scheduled to end Dec. 17, covers 1,600 square miles and includes more than 25,000 men. Specialist Booth is participating in weapons firing and various tactical maneuvers to determine the combat readiness of his unit.

Booth is a team leader in Company C, 2d Battalion of the division's 34th Infantry near Augsburg. He entered the Army last January and completed basic training at Fort Polk, La. The 20-year-old soldier attended Big Spring High School.

Airman Walter R. Vought, son of Mr. and Mrs. Charlie S. Vought, who reside on Gail

ert C. Johnson, USN, son of Mr. and Mrs. A. I. Johnson, 710 E. 15th, Big Spring, has departed Norfolk, Va., aboard the attack aircraft carrier USS America for her first deployment with the Sixth Fleet in the Mediterranean.

Army Sgt. Walter C. Lisenbee, son of Mr. and Mrs. Henry W. Lisenbee, Lamesa, and other members of the 24th Infantry Division are participating in Exercise VICTORY EXPRESS, a nine-day field training exercise in Germany, ending Dec. 17.

Sergeant Lisenbee is participating in weapons firing and as part of a program to maintain the year-round combat effectiveness of his unit. Lisenbee, fire direction computer chief in Headquarters Company, 2d Battalion of the division's 70th Armor, entered the Army in November, 1962. The 22-year-old soldier is a 1962 graduate of Lamesa High School. His wife, Rita, is with him in Germany.

Pvt. Aubrey L. Cox, son of Mr. and Mrs. Aubrey M. Cox, Lamesa, completed a six-week powerman course at the Army Engineer School, Fort Belvoir, Va., Dec. 10. During the course Cox received instruction in the operation and maintenance of hand and power tools, gasoline and diesel engines and electric generators.

Cox entered the Army last August and completed basic training at Fort Polk, La. The 21-year-old soldier was graduated from Lamesa High School in 1962 and attended West Texas State University, Canyon.

The student newspaper, the Wildcat, says that a black star means absolutely no. Other ratings are: green star—go ahead; gold—great; red—go slow.
