Post Office Funds Are In New Budget

An appropriation of \$951,000 to erect a new post office and federal building in Big Spring is included in the presidential budget requests which went to the Congress today.

etc. and \$948,000 was set up for the building with \$39,000 added for a fallout shelter.

HERE'S NEW U.S. OUTLAY AT GLANCE

For fiscal year ending June 30,

Table comparing 1966 and 1967 spending, income, deficit, and debt.

Congressmen Accept Sum With Proviso

WASHINGTON (AP) - Congress received President Johnson's \$112.8-billion budget today with reservations about the effect on domestic programs of any large-scale expansion of the Viet Nam war.

Both Democrats and Republicans predicted the President's \$57.15-billion defense budget will go virtually unassailed, but that his promise to come back for more money and new taxes if the conflict gets hotter will ignite a drive to curtail spending at home.

CUT FORECAST Senate Democratic Leader Mike Mansfield forecast that "Barring a flareup in the situation in Viet Nam, the over-all budget total is likely to be cut somewhat."

Mansfield said Johnson will get anything he needs to fight the war. Sen. George D. Aiken of Vermont, dean of Republican senators, agreed and said, "Events in Viet Nam will determine what Congress finally does about the budget."

Sen. Spessard L. Holland, D-Fla., said he was "pleased that the President has come face-to-face with the financial aspects of the Viet Nam war. The \$12.7-billion supplemental request and the \$60-billion new defense budget begin to show the people the tremendous costs of this undeclared war."

WILL INCREASE "These costs will go higher and people should begin to think about and understand them," Holland said.

Sen. Henry M. Jackson, D-Wash., said, "As of now, it would seem obvious that the funds requested for (the Viet Nam) conflict are minimal and would have to be increased."

Sen. Strom Thurmond, R-S.C., said the budget "appears to be designed for deception and the levels of spending which it proposes in non-defense areas constitute fiscal irresponsibility."

Reclamation projects—Construction: Canadian River, \$14,215,000; Lower Rio Grande rehabilitation, \$630,000.

Investigations and surveys: West Texas water supply, \$30,000; Texas Basin \$520,000; Pecos River, \$400,000; Red River, \$37,000.

Operation and maintenance: Amistad and Falcon, \$18,000.

\$112.8-Billion Budget Record High For U.S.

Budget Director Charles Schultz, left, and Treasury Secretary Henry Fowler are shown with a diagram in Washington after using it to illustrate a briefing for newsmen on the 1967 federal budget.

May Not Be Enough If War Persists

WASHINGTON (AP) - President Johnson sent to Congress today a \$112.8-billion budget, by far the biggest in history, with a notice that he may come back for more money and new taxes if the war in Viet Nam gets hotter.

He warned also that the military buildup, on top of an expected 7 per cent upsurge in national output, will "raise the threat of price instability" as the booming economy nears full employment.

TAX STEP-UP This inflationary risk makes necessary "some moderate restraint through tax policy," Johnson said. He asked quick approval of the \$4.8-billion step-up of income, corporate and excise taxes already sent to Congress.

These revenues, plus the tax collections generated by an unprecedented sixth straight year of economic growth, Johnson said, will provide \$111 billion of receipts in fiscal 1967 and bring the budget within \$1.8 billion of a balance.

"SMALLEST DEFICIT" That would be the smallest deficit in seven years - and it can be achieved, Johnson said, even with a net increase of \$2.1 billion in spending for his "Great Society" programs of education, health, housing and manpower development.

(Related stories on Pages 7-A and 1-B)

"Inflation need not be the price of social progress; nor should it be a cost of defending freedom," Johnson told Congress.

His blueprint for taxing and spending in the government year starting next July 1 had these further highlights:

Defense - Outlays for over-all defense-related spending will soar to \$60.5 billion, up more than \$10 billion from last year and nearly \$4 billion from this year. Besides building muscle for Viet Nam, the Pentagon will start a second \$400-million nuclear-powered aircraft carrier and begin procurement of the Minuteman III, an advanced intercontinental missile.

Poverty - The second full year of the war on poverty will bring outlays of \$1.6 billion compared to \$1.2 billion this year.

SPACE DOWNTURN The first downturn in space outlays is budgeted - \$5.3 billion in fiscal 1967 as against \$5.6 billion this year. But this will "sustain our progress in space exploration" and not alter the major goal, a man on the moon in this decade.

Taxes - A small but unexpected further tax boost was proposed - a rise from 5 to 6 per cent in the excise levy on airplane passenger tickets.

Education - Federal outlays for education were estimated at \$2.8 billion, a 23 per cent increase from this year as the new programs passed by Congress in 1965 hit full stride.

Labor - Johnson called for an increase - size unspecified - in the \$1.25-hourly federal minimum wage; urged improvement in unemployment compensation; and renewed his demand for repeal of section 14B of the Taft-Hartley Act, which permits states to outlaw the union shop.

The "Great Society" programs actually are being stepped up by more than \$3 billion, Johnson said, but in several cases - chiefly in housing and education programs - private lending is being substituted for direct federal support.

Moreover, a number of "Great Society" programs have been trimmed below the maximum spending rates authorized by Congress, Johnson reported.

If peace is achieved in Viet Nam these domestic programs can rapidly be increased, he said.

"If, on the other hand, events in Southeast Asia so develop that additional funds are required, I will not hesitate to request the necessary sums," Johnson said.

Texas Project Money Listed

WASHINGTON (AP) - These appropriations for navigation, flood control, power, reclamation, water storage and beach erosion projects in Texas were requested today in President Johnson's budget for the year beginning July 1.

Army Engineer projects—Construction: Brazos Island harbor jetty repairs, \$600,000; Buffalo Bayou \$4,200,000; Cooper Reservoir, \$500,000; Fort Worth Floodway Clear Fork extension, \$600,000; Fort Worth Floodway West Fork extension, \$1,114,000; Freepoint vicinity hurricane-free protection, \$1,700,000; Galveston Harbor 36-foot project, \$600,000; Houston Ship Channel Greens Bayou, \$485,000; Lavon Reservoir \$800,000; Pat Mayse Reservoir \$2,175,000.

SOUTH TEXAS Also, Port Arkansas-Corpus Christi Waterway jetty repairs, \$1,195,000; Port Arthur and vicinity, \$4,100,000; Sabine-Neches Waterway 40-ft. project, \$3,300,000; San Antonio, channel improvement, \$1,350,000; Somerville Reservoir, \$3,342,000; Stillhouse Hollow Reservoir, \$3,500,000; Texas City hurricane protection, \$3,500,000; Texas City 40-ft. channel and barge canal, \$1,425,000; Vince and Little Vince bayous, \$1,600,000; Wallisville reservoir, \$1,000,000.

Planning: Abilene channel improvement, \$150,000; El Paso, \$150,000; San Gabriel River, \$418,000; Trinity River restudy, \$200,000.

FOR SURVEYS Surveys: Alpine, \$40,000; Blanco and San Marcos rivers, \$37,000; Brazos River basin, \$450,000; Buffalo Bayou and tributaries, \$125,000; Cedar Bayou, \$23,000; Corpus Christi Bay \$20,000; Denison Reservoir, \$40,000; Freepoint harbor, \$30,000; Frio River Three Rivers vicinity, \$40,000; Guadalupe and San Antonio rivers, \$75,000; Neches River Basin, \$70,000; Port Aransas-Corpus Christi Waterway, \$12,000; Port Isabel, \$15,000; Sabin River Basin, \$75,000; San Bernard River, \$27,000; Sanderson, \$20,000; San Jacinto River and Cypress Creek, \$75,000; Texas City channel-industrial barge canal, \$20,000; Texas coast, \$509,000.

WEST TEXAS Operation and maintenance: \$15,300,000. Reclamation projects—Construction: Canadian River, \$14,215,000; Lower Rio Grande rehabilitation, \$630,000.

Investigations and surveys: West Texas water supply, \$30,000; Texas Basin \$520,000; Pecos River, \$400,000; Red River, \$37,000.

Operation and maintenance: Amistad and Falcon, \$18,000.

All 117 Feared Dead In Crash Of Jetliner

CHAMONIX, France (AP) - An Air India jetliner with 117 persons reported aboard crashed into snow-covered Mont Blanc today and the French police said no survivors could be found.

The gendarmerie headquarters here at the foot of Western Europe's highest mountain said a helicopter landed at the crash scene but no one was found alive.

The plane, on a flight from India to New York, crashed at a point called "La Tournette," about 1,500 feet below the peak on the Chamonix side. It was preparing to land at Geneva.

BY HELICOPTER The French police said it would be impossible to send a

land party up the 15,781-foot mountain at this season. The bodies were to be brought down by helicopter.

Air India said the Boeing 707 jet carried 106 passengers - eight of them bound for New York - and a crew of 11.

The airline said one of the passengers was the chairman of India's Atomic Energy Commission, Dr. Homi J. Bhabha, 57, who was en route to Vienna for a meeting of the International Atomic Energy Agency.

VETERAN FLYER Air India said the plane's captain was J. T. (Joe) D'Souza, the copilot on Pope Paul VI's flight from Rome to Bombay last year. He was a veteran of 18 years on the Bombay - New York run.

The wreckage was reported sighted near the Vallot Refuge, a mountain hut used by climbers ascending the 15,781-foot peak. Mountaineers said the hut is about an hour's walk from the summit of Mont Blanc and near a glacier.

It was the second Air India plane to crash into Mont Blanc. The first, a Constellation in 1950, also crashed near the Vallot Refuge, killing all persons aboard.

State Warmup Will Be Brief

By The Associated Press Fresh snow, freezing drizzle and rain dotted Texas today while a blanket of snow up to four inches deep from last week's storms kept traveling dangerous in the northern part of the state.

A warmup that removed the bitter chill from most of the state is to continue until midweek, when a new round of winter is due to hit Texas, the Weather Bureau said.

Temperatures early today ranged from 7 degrees above at Dalhart to 49 at Brownsville. These were 5 to 15 degrees above the minimums reported Sunday morning when the state had its coldest weather of the winter season.

DRIZZLE, FOG Only the upper Panhandle and the extreme west were clear early today. Heavy snow mixed with sleet and freezing rain hit Bonham and Mount Pleasant areas in Northeast Texas.

Scattered snow flurries fell in the lower Panhandle. Drizzle and fog covered other sections. Amarillo reported snow was still piled four inches deep on the ground and a film of ice coated a number of streets in the 17-degree weather.

PARTIALLY OPEN Schools in Amarillo will be open only a half day, police said.

In Quanah, where it was 10 degrees early today with four inches of snow on the ground, roads were considered extremely dangerous. Both Quanah and Chillicothe schools were closed today and will be closed Tuesday.

Lubbock had two and three inches of snow packed on the ground and 17 degrees of cold. A light snow fell today in some parts of the Panhandle.

There was drizzle in South Central Texas and as far north as Bonham, where drizzle was mixed with snow and sleet.

Fourteen persons died in accidents on Texas roads during the weekend, many directly connected to the severe weather.

An Amarillo youth using an overturned car hood as a sled was killed when a towrope connected to his father's car cut loose and he skidded beneath a parked car.

The Eastern seaboard's first big storm of the winter caused coastal flooding, power failures and hazardous highways Saturday night and Sunday.

HAMPERS TRAVEL The storm hampered plane and bus transportation. Railroad trains got through.

New York City declared a snow emergency to help clear its 6,000 miles of streets.

The Buffalo, N.Y., suburb of Lancaster reported a two-foot snowfall. In Buffalo, where 17.6 inches of snow fell in 24 hours, the airport was closed and a public and parochial school holiday was declared today.

High tides, up to six feet

Facts, Figures Noted On LBJ Fiscal Proposal

WASHINGTON (AP) - Here are the major facts and figures in President Johnson's fiscal 1967 budget sent to Congress today:

Scope - Expenditures, \$112.8 billion; revenues, \$111 billion, deficit, \$1.8 billion.

Changes over 1966 - Expenditures, up \$6.4 billion, of which \$5.8 billion relates to Viet Nam war; revenues, up \$11 billion, of which \$4.8 billion will come from proposed tax increases or speedups, the rest because of anticipated growth of the economy; deficit, down \$4.6 billion from estimate for current fiscal year.

Programs - Defense spending, \$60.5 billion, up \$10 billion from last year and \$4 billion from this year; poverty, increase from \$1.2 billion to \$1.6 billion; foreign aid, holds at \$3.4 billion; space, reduced from \$5.6 billion to \$5.3 billion; education, up slightly to \$2.8 billion; and taxes, additional increase requested of from 5 to 6 per cent in excise levy on airplane passenger tickets.

Ground Attacks Shape Up As AF Planes Strike Cong

SAIGON, South Viet Nam (AP) - U. S. and South Vietnamese forces set out with renewed vigor to search out the Communists in several major operations today after a lunar New Year truce that brought scant peace to Viet Nam.

As the 3 1/2-day Allied truce expired at 6 o'clock Sunday night, U. S. Air Force planes went into action and struck a Viet Cong main force. A forward air controller estimated 190 Communists killed, a U. S. spokesman said.

The ground thrusts brought no immediate significant contact with the guerrillas, but the

spokesman said several major search and destroy operations were shaping up.

Twenty-five F100 Supersabers made the big strike in two waves at 6:25 p.m. and 7:40 p.m. against a Communist encampment 35 miles southwest of Saigon in the Mekong Delta.

The jets came under heavy ground fire, but there were no losses, the spokesman said.

He said they destroyed 30 buildings, damaged 35 and set off a secondary explosion that may have indicated a hit on a fuel or ammunition dump.

U. S. Marine artillerymen opened fire a minute after the Allied truce ended. The four-day Viet Cong cease-fire expired seven hours later, but the Communists brushed with South Vietnamese forces in a number of minor skirmishes before then.

The Viet Cong raised a new threat against their U. S. prisoners by demanding the release of three terrorists who were arrested with 265 pounds of explosives Jan. 7 in a plot to bomb a U. S. military billet in Saigon.

A Hanoi broadcast said the United States and South Viet Nam would "have to bear full responsibility" if they imprisoned, tortured or executed these "patriots."

Fourteen persons died in accidents on Texas roads during the weekend, many directly connected to the severe weather.

An Amarillo youth using an overturned car hood as a sled was killed when a towrope connected to his father's car cut loose and he skidded beneath a parked car.

The Eastern seaboard's first big storm of the winter caused coastal flooding, power failures and hazardous highways Saturday night and Sunday.

Thigh The Limit?

Parisians pause on Place Beauvau not far from Elysee Palace in Paris to watch model Catherine Prou show off thigh-high "robe-bridge", a creation of designer Louis Feraud for his spring collection. (AP WIREPHOTO)

Casually Yours

By JO BRIGHT

Watching all the activity yesterday afternoon at Howard County Airport — when the sky-rides were being given to aid the March of Dimes — made me a bit nostalgic.

Like 'Snoopy,' I could close my eyes and recreate the view from the cockpit when you're skimming the top of a butter-milk sky or steering a slalom course between cumulus clouds so massive they look like snow mountains. Frankly, that brave dog and I have another thing in common — we both are basically 'stick' pilots and tend to look with less than enthusiasm on these sleek little beauties that boast an instrument panel like NASA's central control room. It's old age, really. These young pilots are much more capable than my bunch ever was.

The waiting room was warm and full of families taking the rides or just watching the little planes touch down long enough to reload before soaring above the city again. Mrs. B. Broderick was manning the coffee and donut concession while her doctor husband was serving as one of the pilots. Noticed Mr. and Mrs. Jimmy Merrick and their little boys, Gary and Keith, getting ready for a tour with another physician, Dr. Clyde Thomas Jr. Watching their turn were a number of teenagers including Jane Anderson and Carol and Sandy McCombs.

There were other goings-on in town. Dub Bryant was drawing a crowd at his antique auction. Looking over the wares were Mrs. Harold Talbot, Mrs. Jack Cook, Mrs. Emmett Grantham, Mrs. G. B. McAllen, Mrs. C. M. Weaver, Mrs. Sonny Chapman and Mrs. Earl Lusk, among others.

Out at the Bowl-A-Rama, Mrs. R. P. Nicholson and Mrs. Waymon Clark let their coffee cool as they discussed the tournament they'll be playing in next week. Mrs. Frances Glenn waited her turn on the alley wearing a bright blue and pink bowling costume, and Mrs. Mark Magdefrou was herding her youngsters to the snack bar.

If the weather didn't change their minds, a whole posse of people were headed for Ruidoso, N. M., this weekend. Among them were the D. H. McDaniels and their daughter and the Bill Johnson family, Terry McDaniel, Ron Crowover and Mike McAlister. The Grant Boardmans and the E. H. Boullion Jr. were going to try the timbers as were the J. H. Fish family and Benny Cowper. The O. C. Shaplans were planning on staying at Cree Manor. Think that's where the A. Swartzes and Andy, with their guest, Charlie Swift, were going to headquarter, also. Ray Tollett was to be there and I heard that the Ralph Gossetts, Bill Estes, Josh Burnetts and F. W. Lurrings might be there, too, but couldn't reach them to confirm it.

Meanwhile, some Ruidoso residents, the Bill Neals, were to have arrived here Friday to visit the Toots Mansfields and the Tommy Gages. The Gages will be joining the Shaplans, the Burnetts and Mr. and Mrs. Gene Nabors in hosting a breakfast at Ruidoso's Cree Meadows Country Club in February for friends who will be there for a skiing weekend.

Other travelers will be following the sun instead of the snow. Leaving Feb. 13 to join Porter Randall for a tour are Mrs. Raymond Tollett, Mrs. Cecil Guthrie, Mrs. Harry Williamson, Mrs. J. Y. Robb and Mrs. Roy Worthy, Jerry's mother.

The ladies will take a quick look at the Fiji Islands, New Zealand, Australia and Tahiti. Mrs. Tollett and Mrs. Guthrie will leave the group and spend an extra day in Tahiti before going to Honolulu for a week. While Mrs. Tollett is away, her sister, Mrs. Gerald R. Reese of Augusta, Ga., will be here to look after Iris Anne.

Mrs. Donald Van Meter sends a card from San Francisco, Calif., where she and Don will be this week. He's been on a five-day training mission while she is seeing old friends and enjoying the coast weather. I love violets — something I find you usually can't get from the florists here — and she said the flower stalls are loaded with the fresh, fragrant corsages.

Chatted with Mrs. James Tidwell (Joyce) on her day off last week. She's expecting James to leave in mid-February for the Pacific Air Force Headquarters at Hickam Field on Oahu. She and Steve will be leaving later, perhaps not until school is out, and the family will make their home here for at least the next couple of years. Naturally, after so long in Big Spring and so much a part of Webb AFB, Joyce has mixed emotions about packing her bag.

The Tidwells were in Montgomery not long ago and saw the Tom Normlies, formerly of Webb, and helped celebrate his 'unofficially' making major rank.

Mrs. Joe Moss is hoping to get to California during the next year to see her bachelor brother, Dr. Floyd Reese, who is back from Viet Nam and enjoying the comfort of a redwood and glass house clinging to a cliff in Sausalito.

There's more — but it's deadline. Call me?

Jeans Have New Colors

Over 100 years ago the term "levi" was originated by Levi Strauss who made blue trousers for men working in the gold fields. "Levis" or jeans, as we commonly call them, have come a long way since then.

They no longer are blue only — present are wheat, cranberry, and olive. Various fabrics are used in addition to the original concept of heavy denim such as hopsacking and corduroy. Authentic top-stitching, back yokes, and pockets, belt loops have remained, but many of the jean looks are unmistakably 1966, for instance, a pair of wheat canvas ones printed with miniature rosebuds worn with a matching violet shirt.

Jeans are now a common sight — not limited to the ranch, camp, or tomboy.

Announces Updating Of Credit Procedure

The international standardization of credit procedures was forecast by Mrs. J. B. Apple when she spoke Friday at the luncheon meeting for the Big Spring Credit Women's Club in Hotel Settles.

Mrs. Apple said that abbreviations and terminology for credit reporting is being standardized and that special training of office personnel in giving and receiving credit reports is essential to expedite the service. Mrs. Apple entitled her report, "A New Language for Consumer Credit."

Mrs. Noel Hull presided, welcoming 22 members and a guest, Mrs. Howard Johnson.

Mrs. W. E. Moren won the capsule prize, and the closing prayer was by Mrs. Coy Nalley. The next luncheon will be Feb. 3.

COSDEN CHATTER

Billy Horne, son of Mrs. Bill Horne, received his BS degree in veterinary science from Texas A&M University Saturday at commencement. He expects to receive his doctor's degree in that field in August of 1967.

The Bill Sneeds were expecting their son, Robert, home early Saturday on a ten-day leave. He entered the Navy in November and has just completed boot camp in San Diego, Calif. From Big Spring, he will return to San Diego for assignment to Hospital Corpsman School at Balboa Hospital.

R. L. Tollett, Mr. and Mrs. Jack R. Alexander, Mr. and Mrs. C. W. Shouse and Mr. and Mrs. Jack Y. Smith attended the annual chamber of commerce banquet at Colorado City Thursday evening in the Civic House. A. C. Benson, Col-Tex superintendent, was installed as president of the chamber.

Mrs. George L. Edwards, a former employe in the treasury department, visited in the offices Wednesday. She and her husband, Lt. Edwards, were en route to his new assignment at Travis AFB, Calif.

Ruth Class Sets Dinner

WESTBROOK (SC) — Mrs. Charles Ranne was hostess to members of the Ruth Sunday school class Tuesday afternoon. Mrs. Sam Scroggins presided and Mrs. L. B. Edwards led the opening prayer.

The class song, "I Love to Tell the Story," was sung and class scripture was repeated. Mrs. Ranne gave the devotion.

Plans were announced for a Sweetheart Banquet in February.

Mrs. Curtis Clemmer directed the recreation and refreshments were served to 12. Mrs. W. E. Smith Jr. will host the February meeting.

Coahomans See Guests

COAHOMA (SC)—Mrs. F. J. Saracen of Roselle, N. J., and Mrs. V. H. Featherstone of Elizabeth, N. J., left Tuesday after visiting here with Mr. and Mrs. O. A. Madison and in Big Spring with Mr. and Mrs. L. C. Madison. The occasion was to attend the wedding of Mary Annette Madison to F. J. Saracen on Jan. 12.

Sammie Smith has moved to Irving to make his home. He is employed as a manager trainee for Austin Shoe Stores.

Mr. and Mrs. Gerry Hoover of San Marcos were recent visitors in the home of Mr. and Mrs. Tommy Birkhead.

Eddie Swinney of New Hope spent the weekend visiting here with his brother and sister-in-law, Mr. and Mrs. Joe Swinney.

Beginner Cooks Learn Basics

Proper cooking equipment, measures and safety habits were studied by the Gay Hill 4-H Club Cooking Unit No. 1 when it met Friday morning with the adult leader, Mrs. B. R. Brooks, Rt. 1.

The 4-H "Favorite Food" booklet were distributed to the four attending, and the group prepared easy chocolate fudge.

Texas Editors Tackle Crime News Matter

CORPUS CHRISTI (AP) — Three top Texas newspapermen today began exploring ways of protecting rights of persons accused of crimes while fulfilling the constitutional obligation of news media to keep the public informed.

The planned effort was announced after a panel discussion of the new Texas Code of Criminal Procedure's provision on news coverage on criminal cases, climax of the annual Associated Press Managing Editors meeting here yesterday.

PRESERVE FREEDOM
"We must be sober, we must be responsible and we must fight with dignity and wisdom to preserve nearly two centuries of licensed freedom," Felix McKnight, editor of the Dallas Times Herald, told his fellow newspaper executives. "But we also must be yielding in some respects and have a fresh, constructive look at some old practices."

"We can join with our friends of the bar and law enforcement agencies in creating a model of coordination and cooperation to be followed by other states and we don't have to sacrifice a principle or an honest belief to do it," he said.

McKnight said he will seek a meeting of newspaper leaders with radio and television news representatives to tackle the mammoth problem of establishing voluntary guidelines to prevent running afoul of the new criminal code's provision governing news coverage of criminal cases.

ARRANGE MEET
He called on Robert Jackson, editor of the Corpus Christi Caller and Times, and Ed Hunter, editor of the Galveston News and Tribune, to help arrange the meeting. All three are members of Gov. John Connally's interim committee for the study of legislation and fair trial.

The goal of the proposed meeting will be to prevent enactment of legislation which will restrict news coverage of criminal cases.

McKnight, Talbot Rain, a Dallas attorney, and Col. Homer Garrison Jr., director of the Texas Department of Public Safety, were panelists in a discussion of one sentence of the criminal code enacted by the 1965 legislature which limits the information law enforcement officers and court officials may release concerning an alleged crime.

The code was designed to streamline state statutes covering criminal laws.

Rain, president of the State Bar Association's committee on trial news coverage, said the new criminal code "is not perfect, and substantial improvement can still be made." Rain added, however, "I support the code and I think you should, too."

Col. Garrison said he has not issued any instructions to his men on news releases since the code took effect Jan. 1 because "we don't completely understand that part of the code."

Hunter, editor of the Galveston News and Tribune, was elected president of the association, succeeding Robert Jackson, editor of the Corpus Christi Caller and Times.

Jack Krueger, managing editor of the Dallas Morning News, was elected first vice president; Joe Pickle, managing editor of the Big Spring Herald, second vice president; Clayte Binion, managing editor of the Houston Chronicle, secretary; and Larry Ingram, executive editor of the Temple Telegram, was chosen treasurer.

VITAL ROLE
Mrs. Elizabeth Carpenter, Mrs. Lyndon B. Johnson's press secretary, spoke to the group at noon on the First Lady's beautification program. Mrs. Carpenter told the editors they can play an important role in the project.

Mrs. Carpenter suggested that instead of paying her a speaker's fee, the Corpus Christi Caller and Times establish a scholarship for a woman at the University of Texas' proposed Lyndon B. Johnson school of public affairs, or use it in Texas' Journalism Department if the public affairs school is not created.

Sewage Plants To Be Memorial

MONTGOMERY, Ala. (AP) — When officialdom wants to create a memorial to things past, it usually erects a plaque or builds a monument but not the Montgomery Water Works and Sewer Board.

The board has decided to name its three new sewage treatment plants after the three long-vanished Indian villages on the Alabama River — Towassa, Kulumi, and Econchate. The board supplied no translations. The present city sewage plant is named Catoma, which means "shining waters."

FURR'S EXCLUSIVE EXTRA CARE

SERVICE TOTALS UP AT THE CHECK STAND

We care about you EXTRA MUCH, so please excuse us if we show it! Lower prices on high quality merchandise plus top quality meats, produce, general merchandise . . . EVERY TIME YOU SHOP. These are a few of the EXTRA CARE items you receive at Furr's. Others are willingness to serve you. We are eager to help you find what you need . . . always on hand to provide swift, accurate check out. Our checkers call out each item as it is checked to assure you that you are paying only what you expect to pay. Then your bag is packed with EXTRA CARE and carried to your car. It all adds up to a lot of personal attention. Try us won't you?

A Devotional For The Day

He first findeth his own brother Simon . . . And he brought him to Jesus. (John 1:41-42)

PRAYER: Our heavenly Father, we thank Thee for the revelation of Thy love we find in Jesus Christ. We thank Thee that we have come to know Him and have spent precious time with Him in prayer and meditation. Use us as missionaries seeking to bring others to the joy of discipleship. In Christ's name we ask it. Amen.

(From the 'Upper Room')

Patrolmen And Teachers

We commend the Big Spring Junior Chamber of Commerce for its tradition of singling out, each year, people who have performed extraordinarily well in special fields of public service.

On Saturday night, the Jaycees recognized both the "outstanding patrolman" and the "outstanding teacher" of the year.

It is in these areas of public service that people are prone to take too much for granted. A policeman should do his duty, and that's that. A teacher should give his or her full measure

of devotion to training children, and that's that.

Patrolmen and classroom teachers usually are not the ones who make headlines by being chairmen of committees, or heading up civic undertakings. But each occupies a most important place in the melding of a better, stronger, more honorable community, and the ones among them who do meritorious work certainly are due some public recognition.

The Herald adds its public citation to those who were honored, and salutes the Jaycees for being the honoring agency.

The Federal Boys Tell Us

On this page today appears a Don Hesse cartoon which rather sharply points out that when government welfare money moves in, federal encroachment goes along with it.

This is an aspect of federal welfare that so many have deplored, and considerable numbers have resisted. It just seems to be the fact that a community is not permitted to work out — with federal funds — those programs it feels can suit its people best.

Big Spring has just encountered one facet of this circumstance. The school system some months ago was ready to proceed with an extensive pre-school training program for children whose environment had placed them at disadvantage (the Project Head Start, which was inaugurated last year with outstanding success).

But the local application ran into all manner of bureaucratic difficulties at the state and regional levels, and found something less-than-direct answers to many of its appeals for action. Part of the situation was that

the Office of Economic Opportunity (the President's basis for the anti-poverty program) was not yet itself staffed, prepared or knowledgeable enough to make clear-cut decisions.

Another was that (and here's the encroachment) that so-called federal "guidelines" had to be established for the application to be acceptable. These guidelines were in what you call fine print, and vague.

The community proceeded as it thought best, then at a late hour has been told to back up and start over.

Perhaps the "guidelines" are all right, but the fact remains that valuable time has been lost, and the amount of money originally hoped for to launch Project Head Start was trimmed.

It would be far more practical if the federal bureaus themselves got squared away before misleading local communities that are, in good conscience, wanting to take advantage of the more meritorious of the economic opportunity programs.

David Lawrence Checks And Balances

WASHINGTON—President Johnson, in a formal message to Congress, has recommended a basic change in the Constitution. But it is a step in the wrong direction—away from the fundamentals of democracy and toward the doctrines of autocracy in government. There's nothing wrong with that part of his proposal for a constitutional amendment which would permit four-year terms for members of the House of Representatives, but it's the elimination of any congressional election in the interim which is dangerous. For this would deprive the American people of their most important check against an arbitrary or misguided set of policies adopted either by Congress or by a President who has managed to get control of the legislative body and make it a rubber-stamp machine.

four-year term for members of the House. Mr. Wilson wrote:

"FOUR YEARS is too long a term for a President who is not the true spokesman of the people, who is imposed upon and does not lead. It is too short a term for a President who is doing, or attempting a great work of reform, and who has not had time to finish it . . .

"Sooner or later, it would seem, he must be made answerable to opinion in a somewhat more informal and intimate fashion—answerable, it may be, to the houses whom he seeks to lead, either personally or through a cabinet, as well as to the people for whom they speak. But that is a matter to be worked out—as it inevitably will be—in some natural American way which we cannot yet even predict."

AGAIN AND AGAIN, attempts have been made to do away with the American system of checks and balances. Back in 1913, the Democratic party in Congress sought to carry out its platform pledge of a six-year term for Presidents. But Woodrow Wilson, then president-elect—and perhaps the most progressive of this century—objected. In a letter to the Democratic leader, Rep. A. Mitchell Palmer, he made the same point that can be made now against a

Billy Graham

How should we react as Christians when people hurt us?

K. M.

One thing Christ does: Helps us to handle adversity and persecution. He said: "Blessed are those who are persecuted for righteousness sake, for theirs is the kingdom of heaven."

The ethics of the "kingdom of heaven" are unlike the ethics of the kingdoms of this world. Our Lord said, "The law says, 'An eye for an eye and a tooth for a tooth,' but I say unto you, love your enemies." On the human level this is impossible, but when Christ lives in us He knows the motives and hearts of men, sees beyond the superficial causes, and loves them through us.

A saying is going the rounds on television, "You may be right, but dead right." Jesus taught that the Christian's interests are not, necessarily, in this world. He said, "Lay up for yourselves treasure in heaven." This means that we live, not with material success in view, but with eternity in view. When we demand our rights, although as citizens this is our right, we are forgetting the words of Jesus: "Whosoever shall compel you to go one mile, go with him two." On the cross our Lord demonstrated love and understanding. He had done nothing wrong. He was not guilty as charged. His persecutors were in the wrong, and He was innocent. But rather than defending His right, He prayed, "Father forgive them." If He lives in our hearts, we will react similarly when we are hurt.

MR. WILSON was arguing, of course, in favor of the parliamentary system which has long been in effect in Great Britain and Canada and other free countries. Elections of members of Parliament often are deferred for as much as five years, but at any time within this interval members of the majority party have been subject, along with the cabinet and the prime minister, to an instant ouster by the people.

The argument made by Mr. Johnson that Congress deals with "increasingly complex problems that generate this flood of legislation, requiring members to be familiar with an immense range of fact and opinion" or that there are increased costs in campaigning is a superficial one. National legislation has always been "complex."

NOR IS IT persuasive to belittle, as Mr. Johnson seeks to do, the value of "off-year elections" just because they sometimes attract "as much as 15 per cent fewer voters than presidential elections." It might be noted that in presidential-election years the actual number of votes cast for members of Congress is usually below what the totals are for presidential and vice-presidential nominees. In 1964, for example, 6.5 per cent of those who voted for a presidential candidate didn't vote for members of the House of Representatives.

PRESIDENT JOHNSON overlooks the most important influence of "off-year elections." The fact that a majority in both houses of Congress can be elected from the opposite party during a presidential term is a constant reminder to every chief executive that he cannot assume dictatorial powers for long and ignore the true wishes of the people. The American people need more and not less power to express their will promptly and effectively with respect not merely to both houses of Congress but to the presidency itself.

MOTHER-IN-LAW VISIT

James Marlow

LBJ'S Honeymoon With Congress May End

WASHINGTON (AP) — President Johnson's honeymoon with Congress, marked by last year's unprecedented legislative accomplishments, may come to an end this year.

Some of the President's own top leaders are worried about the outlook.

Publicly they predict that the President will get pretty much what he wants from the top-heavy Democratic Congress he helped elect two years ago. Their private views are not so rosy.

Some presidential proposals, new and old, which don't need heavy financing also are in for tough sledding.

(Today's column by AP's William F. Arbogast substitutes for James Marlow, who is ill.)

Reflections On Office Boys

NEW YORK (AP) — We have a new office boy in the place where I earn a dollar.

He is neat and blond and tidy, and the only apparent differences between him and the boss are those of height, age and income.

I wonder how long he will last.

OFFICE BOYS in our place come and go like ripples in a lake or waves upon the sea. I don't know what happens to them. I suppose most of them become captains of industry or something.

They all look like the first page of a book by Dale Carnegie sounds.

They are not really office boys but junior executives. Their shoes are shined, their suits are neatly pressed, and if they do something for you they perform the act with a generous air of condescension.

In a way I admire today's office boys, and in a way I resent them. What I resent about them is that they look so respectable and efficient — and I suspect they are neither.

ALMOST 40 years ago I was an office boy myself, and I still remember those days as the only period of total freedom I ever knew.

Office boys in those days were slouchy, poorly dressed, and

tousle-haired.

Now and then an important-looking editor would make the mistake of yelling "Hey, boy!" This was an immediate blow to your dignity, and you put the offender in purgatory, and forever afterward responded to his summons with the alacrity of molasses.

To a newspaper office boy then, your elders were either gods or demons. If you liked them you would serve them like a slave; if you didn't like them, you invented reasons to dismay them. Doing less than nothing for them became an art form of expression.

THE GREATEST hero, of course, was the police reporter. He had exciting tales about the inside of vice. When you are in your teens the miserable errors that people make hold the fascination of a fable.

THIS WAS in the years when I was between 17 and 19, an age when a man needs a false sense of dignity most, and one of the reasons I remember Leon Durst with such a fondness is that he always addressed me as an equal and never bawled, "Hey, boy!"

However, once an office boy always an office boy. Whenever any self-important editor in my office now yells "Hey, boy!" my ears automatically go to an alert — as if I were a hound dog.

To Your Good Health Just Growing Old Doesn't Mean Senility

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Will you send me the names of some good books on senility? I am nearly 81 and still working and in pretty good health. However I note that some relatives show signs of the senility of which you write. The prospect of coming mental deterioration is not pleasant and I wonder what I can do to keep my wits to the end.—V. N. D.

Senility—in the sense of mental deterioration as age advances—isn't everybody's lot. Judging from your letter, I would say that you have no sign of it, and if you are still working at age 81, you've taken mighty good care of yourself.

Some people begin to go to pieces mentally in their 50's or even earlier. Others keep their wits about them until they are 100 or more.

Why? The possible factors are being studied constantly. The condition of the arteries, particularly those in the brain, or arteries which feed blood to the brain, obviously is important. All sorts of other conditions may have an effect: Emphysema or other respiratory ailments which curtail adequate oxygen; kidney or liver disease or failure; chemical changes, probably in the enzymes of the body, causing

weakness of vital organs. Different causes and different combinations of causes exist.

Syphilis certainly can cause serious deterioration of the brain if it is not treated early. This accounts for a substantial number of inmates of mental hospitals, in spite of all the warnings of the need for immediate treatment to prevent disaster later on.

It doesn't seem likely that any of the foregoing destroyers of our wits have anything to do with you, sir. Nor another one which we can do something about. Too many older folks deteriorate for lack of activity and positive thinking. They "sit around and listen to their arteries harden." Our wits, like any other part of us, have to be active to stay in good condition.

Other people invite such deterioration by drinking themselves to a premature end from liver disease, along with the other gradual consequences of too much alcohol. Some people let themselves get too fat; others reduce and extend their lives as well as their span of useful activity.

Avoiding senility isn't something that we accomplish after we are old; we do it by main-

taining our health all our lives, and remaining active—but not trying to do more than our physical resources will allow.

Dear Dr. Molner: Are widowers more likely to have prostate trouble than married men? That is, does lack of sexual activity tend to cause the trouble?—WORRIED

It depends on what you mean by trouble. Lack of sexual activity can at times lead to congestion and discomfort. However, such activity does not prevent enlargement of the prostate gland, or cancer. Therefore the answer to both your questions is no.

Emphysema can be controlled. To learn how to live with this serious lung disease, write to Dr. Molner in care of The Herald, requesting a copy of the booklet, "How to Control Emphysema," enclosing a long, self-addressed envelope and 10 cents in coin to cover cost of printing and handling.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Around The Rim Of Golfers And Divorces

One thing and another: There's nothing quite like a dedicated golfer, who will play under all kinds of conditions and boast of his hardness to his co-workers.

Not too long ago, in a links tournament in Oregon, a golfer named Duke Matthews insisted on completing a match in a downpour of rain.

He ultimately tapped a five-inch putt toward a sure birdie only to see it float across the cup as a torrent of water suddenly enveloped the green.

RENO, NEVADA, has long been identified as one of the divorce capitals of the nation but city officials took the trouble recently to point out that marriages outnumbered divorces there last year by a margin of something like six to one.

It might astonish you, then, to learn that Los Angeles has the dubious honor of having the highest ratio of divorces in the U.S. For every five marriage licenses issued there, there are four divorces.

IT'S RELATIVELY easy to take a stand on any issue and make it sound convincing.

For instance, there are people who will tell you that American's prosper-

ity, if you want to call it that, does not emanate from war time jitters or post-war demands of consumers or population growth but rather from the time that the country decided to toss out the 18th Amendment, which had to do with a little thing called Prohibition.

That, in event your memory is a little foggy, occurred back around 1933, at which time Franklin D. Roosevelt decided to outdate the rumrunners.

A FELLOW in Dixie was filling in an application for a job when he came to the line asking who should be notified in event of an accident.

Without hesitation, he wrote: "Anyone in sight."

THE INTERNATIONAL Union of Gastronomes, composed of a group of epicures who delight in the lavishly set table, call meat between bread "barbaric" but I ask you now, where would America be without the sandwich?

The ham on rye or white bread has even put the French soufflé to rout.

Long may the hot-beef sandwich and the hamburger endure.

—TOMMY HART

Holmes Alexander Not A Document Of Defeatism

WASHINGTON—The devil can cite Scripture for his own purpose, says the poet, so naturally the peace-mongers have confiscated the Mansfield Report on the Viet Nam Conflict for theirs.

The publication being the collective work of five senators who visited Saigon, there is enough diversity and dimness of language to provide any reviewer with something to match his own prejudices. Mine admittedly run to optimism, but if I have plucked cheerfulness off the walls, the walls have been in the offices of senators who wrote the Mansfield Report.

FOR INSTANCE, I visited one author-senator, a two-time visitor to Viet Nam, and was intrigued to find that his personal copy of the report had numerous red-ink marginal notations that consisted of the single letter "F"—standing, he told me, for "favorable." As space permits, here are passages which this senator regarded as slices, not crumbs, of optimism.

ON PAGE 4, he had F-marked the fact that the U.S. troops had "acted to arrest the deterioration in general security in government-controlled parts of South Viet Nam." On page 5, he called it "favorable" that Premier Ky's seven-month regime had won "public confidence after the debilitating consequences of the repeated coups." He found the intention of moving toward some form of representative civilian government. "He gave the favorable mark to 'a new effort . . . being made to bring the people of the villages into closer and firmer rapport with the government.'"

ON PAGES 8 AND 10, the senator had underscored passages about the

feelings his committee found in Asian countries close to Viet Nam. He found it encouraging that these neighboring lands would like to see the conflict contained, not because they distrust American intentions, but because "they fear the effect upon their own future should all of Viet Nam become a Communist state." None of the areas desires domination by either China or the United States, but "given a choice, it is doubtful that any nation would like to see the influence of the U.S. withdrawn completely . . . the nations of the area welcome peaceful ties with the U.S. . . . if that participation does not become overwhelming."

THESE ARE NOT all the "favorable" markings, but they will suffice to show that the honorable men who made them did not sign the report with any idea that it was a document of defeatism. While the report does not make any recommendations, it does contain what amounts to the same thing—it makes commendations on the American policy as of the end of 1965. The build-up of American ground forces by President Johnson has "blunted but not turned back the drive of the Vietcong." Yet if we had not "blunted this attack, Viet Nam would have gone down the drain last year."

FINALLY, the Mansfield Report discourages hope of a "rapid solution." It declines to predict "what ultimate increase in American military commitment will be required"—but nowhere does it indicate a "no win" conclusion in its collective authors' minds. The "no win" interpretations have been added by those who found them in their own minds.

(Distributed by McNaught Syndicate, Inc.)

Sam Dawson Home Construction Gains

NEW YORK (AP)—Mild weather and financial turbulence may have combined to give the lagging home

building industry a boost.

HOUSING CONSTRUCTION starts took a big jump in December. Its increase of building permits for future construction also rose.

In both instances almost all the gain was in the nation's north-central and southern sections. Unusually mild weather is given by some builders as one apparent reason for the launching of this outdoor activity.

WHAT OTHERS SAY

Political and economic earthquakes continue to shake the Communist world of Eastern Europe. But, happily for the people of those lands, these tremors are largely of a favorable nature. Not only do they hold forth some promise of a better life, but they also indicate that Communist leadership grows steadily harder-headed where its own mistakes and dogmas are concerned.

In Czechoslovakia the Communist Party, in a commendable burst of courage, has come out flatly with the admission that it has made disastrous economic mistakes which have cost that country staggering sums. So badly have these mistakes affected the national economy that a long time, perhaps years, will be required merely to stabilize the economy.

In Romania—which has been a leader among Eastern European lands in the search for new and independent paths—the Grand National Assembly (Parliament) has voted unanimously to require the Premier to report to it on government activities, while each cabinet minister will be responsible directly to the Parliament.

What do such admissions and changes mean? By no stretch of the imagination do they forebode either an abandonment of Marxism or a step-down from power of the Communist parties. But their significance is very great even so. For they are further steps—and Seven League Boot ones at that—away from the stultifying atmosphere and methods which have hung smoglike over Eastern Europe for so many years.

Bordering on a Western world whose freer economies are spinning at an ever faster rate, Czechoslovakia finds that the economic medievalism of tight central control has resulted mainly in higher costs, lower output and increasingly dissatisfied customers. Candidly admitting that Czech living standards lag far behind those in the capitalist world, Prague's assessment of the national situation has a ring of deep desperation. Like the Soviet Union, Hungary and Poland, Czechoslovakia has come face to face with the cruelest dilemma a Marxist can face—revise the system or else.

Once they have made the first revision, it will be easier to make the second, and the third, and the one-hundredth.

—CHRISTIAN SCIENCE MONITOR

Interest rates on mortgages have been inching upward in some regions in recent months. A bigger jump is a possibility as the result of generally higher financing charges, widening out after the Federal Reserve Board raised the discount rate—what it charges member banks to borrow from reserve banks. Most private borrowers have had to pay more for loans.

ALL HANDS add a note of warning that the big jump in housing starts in December could be exaggerated on the statistical charts, because the Commerce Department issues its figures as seasonally adjusted annual rates.

Since the winter months are usually slow ones in the home-building industry, any unusual spurt like the one last month can look impressive when multiplied to an annual rate bases.

BUT THE figures themselves are comforting to the industry.

Residential building has been the weak sister of the generally booming construction industry for the last two years. Contractors have cited as reasons the previous overbuilding in some communities, rising construction costs and a drop in the marriage and birth rates.

HOPES FOR better months and years ahead are based on evidence that the supply of unsold housing units is dwindling, thus building up new demand potential. And the postwar babies, now reaching the marriage age, will in the next few years be entering the home-buying age.

TYLER, two federal night in an area. The two were in B face bani when they out of a Smith Cou. Jesse M. handcuffed ran away. man, Joe recaptured. Officers charged in burglary o in Upshur District. Holt said also named dictment ized an O.

Icy Roads Blamed In Deaths But State Violence Toll Dips

By The Associated Press
Icy highways led to fatal accidents for some persons in Texas during the weekend—but the fierce weather apparently kept the bulk of drivers off the roads and kept the traffic deaths down.

At least 20 persons died violently in Texas from 6 p.m. Friday through midnight Sunday, according to an Associated Press tabulation. Fourteen deaths were in traffic mishaps. Robert Carthel, 16, of Amarillo, was killed Sunday evening when the makeshift sled in which he was riding behind an automobile went out of control and slid beneath a parked car. A second Amarillo youth, Bobby McPherson, 16, is in critical condition at an Amarillo hospital.

Mrs. Trinidad Dominguez, 23, was killed Sunday at San Antonio when the car in which she rode failed to negotiate a curve and crashed into a city public utility pole.

TWO-CAR CRASH
Mrs. Lillian Wright, 52, was killed Sunday in a two-car collision on Highway 90 west. Six other persons were injured. Mrs. Wright was a passenger in a car driven by her daughter, Mrs. Mary Scott, 26. Mrs. Scott's son, Eddie, 3, is in critical condition in a San Antonio hospital. Mrs. Scott and her daughters, Vickie, 8, and Connie, 6, were listed in fair condition.

Mr. and Mrs. Alvin Bryan Fisk of McGregor were killed Sunday when their car skidded onto Santa Fe railroad tracks five miles north of Temple and a 117-car freight train hit them. The site was a rural intersection known as Willow Creek Crossing.

Mrs. Eddie Mae Brown, 27, of Brady was shot to death Sunday during a Brownwood tavern brawl. Police questioned a second woman.

Norman Lee Mosier, 45, was found shot to death in his home at Mullen, about 20 miles southeast of Brownwood, Sunday afternoon. He had been shot in the head with a rifle which lay nearby.

SHOT TO DEATH
Joe Acosta, 23, and his brother-in-law, Leonardo Garcia Diaz, 24, were shot to death Friday in a Dallas apartment house during what police called an all-night beer party. Police booked a 28-year-old man for murder.

John Ervin Smith, 49, and Joe Rubarth, 53, both New Braunfels construction men, were killed and four other persons injured Sunday in a two-car collision about 4.5 miles north of Seguin on Texas 46. The Department of Public Safety said one of the cars skidded into the opposite lane and was struck broadside by the second vehicle.

Clarence O. Franklin of Dallas was killed Saturday when the mail truck he was driving spun off an ice-glazed Interstate 35 bridge near Waxahachie and plunged into a creek bed.

Laris Chapman, 40, of Yoakum was killed Friday night when his automobile failed to make a curve on Farm Road 532 about 10 miles north of Hallettsville. A companion was injured.

FATALLY INJURED
Donna Jane Thompson, 10, was injured fatally Friday night when she was thrown from her mother's car after it went out of control on an ice-slick Fort Worth freeway. Another vehicle struck the Thompson car and knocked it over the girl's body.

Mrs. Guadalupe Ramirez Martinez, 42, and Margarita Ramirez Martinez, 2, of San Angelo, were killed Saturday when

an automobile driven by Pablo Martinez overturned on US 277 about 17 miles north of Del Rio. Eight other persons in the automobile were injured.

Mrs. Ray Stevenson, 33, of Garland, was killed early Saturday when her car collided with a train in Richardson.

Death by carbon monoxide poisoning was ruled Saturday in the death of Mrs. Lina Simek Calliham, 18, of Victoria. Mrs. Calliham's body was found Friday night when her husband returned to their garage apartment in Victoria from work.

Regina Blake, 13, was fatally injured early Sunday when she was hit by a bullet from a .45-caliber pistol at her home at McNair, just outside of Houston. Investigating officers said the shooting was accidental.

Big Spring (Texas) Herald, Mon., Jan. 24, 1966 5-A

NEW DELHI, India (AP)—Indira Gandhi became India's third prime minister today, taking office with a Cabinet made up largely of holdovers from the regimes of her father, Jawaharlal Nehru, and his successor, the late Lal Bahadur Shastri.

Like her father, the 48-year-old woman chose to "solemnly affirm" the twin oaths of office and of secrecy, administered to her by President Sarvepalli Radhakrishnan.

Oath takers in India may either swear before God or give a solemn affirmation.

Taking the oaths with Mrs. Gandhi were the Cabinet ministers whose appointments she announced earlier today. The key positions were left in the hands of men appointed by Nehru or Shastri.

The middle-of-the-road balance shown in Mrs. Gandhi's selections was seen as evidence that she intends to continue India's course of nonalignment in foreign affairs and pragmatic socialism at home.

Opposition leaders in both India and Pakistan kept up at-

acks on the declaration President Ayub Khan of Pakistan and Shastri signed Jan. 10, at Tashkent, U.S.S.R., a few hours before Shastri's death.

Fugitive Flees In East Texas

TYLER, Tex. (AP)—One of two federal prisoners who escaped from U. S. marshals Sunday night was sought today in an area northeast of Tyler.

The two prisoners were arrested in Birmingham, Ala., and were being returned to Texas to face bank burglary charges when they fled as they climbed out of a car in front of the Smith County jail.

Jesse McKinney's wrists were handcuffed together when he ran away. He is 26. The second man, Joe Charles Nix, 24, was recaptured immediately.

Officers said the men were charged in connection with the burglary of a bank in Ore City in Upshur County. Upshur County District Attorney Lowell C. Holt said the two men were also named in a grand jury indictment alleging they burglarized an Ore City store.

Spacemen To Talk Through Their Hats

BALTIMORE, Md. (AP)—Future spacemen will be talking through their hats, says an electric firm. Tiny communications systems developed by Westinghouse will be built into astronaut's helmets.

(AP)—The San city, is only geyser, gushed out at a tembreheit, it seumattim.

OIL REPORT

Union Stakes Wolfcamp Test

Union Texas Petroleum Corp. of Midland has staked a site in Glasscock County, 13 miles south of Garden City, for the No. 1-A-46 Rape, an 8,500-foot Wolfcamp wildcat.

Long Quits DA's Post

Travis Long, who has served as special investigator for the district attorney for the past 13 months, is leaving his post Feb. 1 to become chief of police at Bowie.

Long, who has been a peace officer since 1957, was on the police force here as a patrolman when he resigned in January, 1965 to become Dist. Atty. Wayne Burns' investigator.

He said today that the Bowie post represented more salary and a better chance for advancement as a law enforcement officer. Long said he regretted leaving the district attorney's office and that his stay in Big Spring had been most pleasant.

Long said that Bowie has a population of about 6,000. There are seven policemen on the force. The chief investigator on the district attorney's office is paid the same salary — \$450 per month — as the chief deputy in the office of the sheriff, plus a car allowance of \$100 a month.

Long, who has a wife and four children, said he planned to move his family to Bowie immediately. All of his children are in school. He succeeded Bobby West as investigator here when Burns took over the district attorney's office. West had been the first investigator named in Howard County — the office having been created by a special act of the legislature.

Smith's Brother Dies Sunday Of Heart Attack

Aultman T. Smith, 56, brother of Jack Y. Smith, died Sunday of an apparent heart attack. He was a former resident of Big Spring and employee of Cosden.

He had gone to his farm near Clyde, and when he did not return, his wife became concerned and went to see about him. She found him dead of a heart attack.

Services were pending at Elliott Funeral Home in Abilene. A son of the late Mr. and Mrs. Thomas Aultman Smith, pioneer Taylor County residents, Aultman Smith was a member of the 1928 Abilene High School football team which won the state championship. He attended Texas Christian University and Hardin-Simmons University. In 1936, he moved to Big Spring and was associated with Cosden from 1936-43 before joining Surtide refinery at Corpus Christi.

When it ceased operations a few years ago, he returned to Abilene and became the business manager of the Abilene State Hospital. He was a member of the Episcopal Church of Heavenly Rest. Surviving are his widow, the former Marcelle Hampton, to whom he was married in 1928 in Abilene; one son, Aultman Smith Jr., Houston; two brothers, Stanley Smith, 1385 Pioneer, Abilene; and Jack Y. Smith, Big Spring.

WEATHER

NORTH CENTRAL TEXAS — Cloudy and occasional light rain or drizzle and a little warmer today and tonight. Tuesday cloudy to partly cloudy. Low tonight 29 to 32. High Tuesday 40 to 43.

Table with 3 columns: City, Max, Min. Lists temperatures for Big Spring, Abilene, Amarillo, Denver, El Paso, Fort Worth, Houston, New York, San Antonio, St. Louis, Tulsa.

1,660 feet from the north line and 1,980 feet from the west line of section 46-34-5s, T&P survey, seven miles east of the Spraberry Trend Area production. Union Texas Petroleum Corp. No. 1-2 Brunson is a Spraberry Trend Area tester in Glasscock County, 13 miles west of Garden City. It is to drill to 9,000 feet, 660 feet from the south and west lines of section 2-36-4s, T&P survey.

DAILY DRILLING

DAWSON — Knox & Akman Bros. No. 1-C Wright is drilling below 1,650 feet in line. The wildcat spots 1,650 feet from the north line and 1,980 feet from the west line of section 2-1-1, Politeve survey, 7 1/2 miles northeast of Lomax.

GLASSCOCK — Adobe No. 1 Frost wildcat operator is drilling below 800 feet. Operator set a 9 1/2-inch casing of 800 feet and is waiting on cement. Hole spots 2,180 feet from the north line and 2,380 feet from the east line of section 25-2-2, T&P survey, five miles northeast of Sterling City.

STERLING — Gulf No. 1-U F. E. Davis wildcat is drilling below 800 feet. Operator set a 9 1/2-inch casing of 800 feet and is waiting on cement. Hole spots 2,180 feet from the north line and 2,380 feet from the east line of section 25-2-2, T&P survey, five miles northeast of Sterling City.

New Courses At College

Three new course additions and one new instructor highlight the spring semester of Howard County Junior College, which begins Thursday. The new courses offered are "Marriage and the Family," a three-hour sociology class meeting Mondays and Wednesdays from 7 to 8:20 p.m.; "Fundamentals of Art," offered in arts as a three-hour course, 4 to 6 p.m. Tuesdays and Thursdays; and "Survey of the Old Testament," offered as a three-hour course in Bible Thursday at 7 to 10 p.m.

New instructor at the college is Mrs. Irene Warford, who will teach an English course.

Registration will be held Wednesday from 8 a.m. to 4:30 p.m., and from 6:30 to 9 p.m. at the Dora Roberts Student Union Building. Classes begin Thursday, and new students should clear admission prior to registration, said Dean Ben Johnson.

Officers Stop 3 Boys After Theft

Three 13-year-old boys were stopped by officers when they were spotted carrying a hub cap Saturday afternoon. When the boys saw the officers, police said, they attempted to hide the hub cap beneath a nearby car. Questioning brought about an admission that the hub cap was taken from Chuck's Automotive, and that they were taking the hub cap to sell it, as they had several times before. The three are to appear with their parents before the juvenile officer today.

Several thefts were reported over the weekend, officers said. Gary Anderson, 2204 Runnels, said a gold watch was taken from the console of his car during the past four days.

Bobby Wilson, 911 S. Dallas, Midland, told officers 200 pounds of copper flashing was taken from two buildings torn

Zeddie Long Funeral Today

Services for Zeddie M. Long, 50, 1322 Mesquite, who died Friday, were held today at 3 p.m. in the Nalley-Pickle Rosewood Chapel. David Tarbe, minister of the West Highway 80 Church of Christ, officiated. Burial was in the City Cemetery.

Survivors include the widow, Mrs. Lucille Long, Big Spring; two daughters, one son, his parents, two brothers, one sister and three grandchildren. Pallbearers, all fellow employees of R. G. Farrell Co., were R. V. Hampton, George Hunt, Ralph Mercer, all of Odessa; Lester Mims and H. C. Enger, Midland; and Toby Purcell, Big Spring.

Can You Count Them?

There were four automobiles still buried under mounds of snow as neighbors bent to the task of uncovering them in a community parking area in Buffalo, N. Y. Winter's first major storm dumped up to two feet of snow

within 24 hours in areas of western New York. Shown here are, from left, Richard Franks, Mrs. Rachael Sallis and Conrad Keith and his mother, Mrs. Gretchen Keith. (AP Wirephoto)

J. G. Potter, 99, Dies After Many Adventures

Joseph G. Potter, 99, whose life spanned much history and adventure, died at 4 p.m. Sunday in a hospital here. He died just four months short of his 100th birthday, but he retained until the last his native delightful Scottish burr.

J. G. POTTER

Mr. Potter will be buried in Trinity Memorial Park beside the grave of his wife, who died Dec. 22, 1953. Rites will be at 10 a.m. Tuesday in the St. Paul Presbyterian Church where he was a long time member. His pastor, the Rev. E. A. J. Seddon Jr., assisted by his former pastor at First Presbyterian, Dr. R. Gage Lloyd, will officiate.

Palbearers will be Johnny Johnson, Gene Peters, Roy Odum, Joe Knight, C. E. Johnson Jr. and L. B. Edwards. Born in Scotland June 6, 1866, Mr. Potter was graduated from Edinburg University with a degree in metallurgy. When the Boer War erupted, he enlisted Oct. 11, 1899, and served in the same regiment with a young major by the name of Winston Churchill. Wounded, he returned to Scotland and signed on in the merchant marine.

The spirit of adventure was still in his veins so he emigrated to the United States, worked in New York and Philadelphia before he jumped at a chance to go to South America and help in building a railroad. Back in the states, he signed as a metallurgist for an inventor named Thomas Alva Edison at Orange, N. J. Later, Mr. Potter helped in railroad building in this country.

In 1924 at Justin, he was married to Georgia Ann Beard. He was working for the Texas & Pacific Railway Company before they moved to Big Spring in 1941. During World War II, his railroad retirement came up, but he wasn't the retiring type.

Manpower was so critical, the City of Big Spring didn't let his 77 years bother him. Mr. Potter applied for a job as timekeeper. So effective was he that he stayed on the job until 1955 when he was injured in an automobile mishap. His home was 1200 Austin, but he had been a guest at Bennett House almost since it opened.

A lifelong and staunch Presbyterian, Mr. Potter had been an elder and choir member in the First Presbyterian Church here.

Graveside rites for George W. Jeffrey, 84, 1601 Owens, who died Saturday in a local hospital, were held today at 3 p.m. at the Glen Cove Cemetery. The Rev. Floyd Boulware, First Methodist Church of Coleman, officiated. Arrangements were by Nalley - Pickle Funeral Home.

Survivors include the widow, Mrs. Lena Jeffrey, Big Spring; one daughter, one stepson, and four sisters.

Cotton Bale Is Returned

A bale of cotton may have considerable cash value, but it is not a good article to steal if you are in the theft business. It's powerful difficult, it seems, to sell a bale of cotton if you lack certain papers and credentials.

On Jan. 22, a bale of cotton owned by the Gulfair Gun, Inc. and stored on a lot three miles east of town, was hoisted into a pickup truck and taken away. Lindy Oldfield, deputy sheriff, said that it was soon located and the man who had taken it was brought in to the county jail. He posted bond and was released.

The cotton has been returned to its rightful owner. Technically, no charges have yet been lodged against the man who took it.

Monday night snow is forecast for the northern Platteau region, the central Plains, the mid-Mississippi Valley and northern New England. Rain is forecast for the northern Pacific Coast and the Gulf Coast. It will be warmer in the mid-Mississippi Valley and in the central and southern Plains; colder from the Great Lakes eastward. (AP Wirephoto Map)

Anyway, It Was Real Cold

Four degrees above zero is certainly cold for Big Spring and no one will gainsay it. However for the sake of the record, the four degree reading of last Saturday morning was not a record low for Jan. 22. Nor, for that matter, was the icy nine degrees on Sunday morning a record cold for that date.

The books show that the coldest Jan. 22 on record was back in 1918. That icy morning (while everyone was worried about the outcome of World War I), the temperature dropped to one degree in Big Spring.

The coldest Jan. 23 was 12 years later. The low was eight degrees which was one under the nine of Sunday.

For the other end of the score, the hottest Jan. 22 was 16 years ago in 1906. It was 81 on that date. It was even hotter Jan. 23, 1909. The temperature reached 83 that date.

Commission Meets Tuesday

The Lakeview School Park-Campus agreement will be discussed by city commissioners Tuesday at 7 p.m. as one of several items on the agenda.

Part of the discussion will be bidding for chainlink fencing around the city's part of the proposed playground-park, but is listed as a separate item.

W. D. Broughton, park and recreation board member, will submit his resignation; and Homer Ward, plumbing inspector, will request an ordinance authorizing the use of Pyrex compression couplings with Teflon linings in sewer line installations. He claims the new material is a superior product.

Other business will be second reading of Al Milch's zone change on his property, previously approved; and fourth and final approval reading of the annexation ordinance for Highland South No. 5, a housing development.

Hay, Feed Taken From Horse Lots

Somebody took 20 bales of hay, valued at \$30, and 800 pounds of feed worth \$32 from the horse lots at Second and Birdwell Lane, Harold Coleman, 3217 Drexel Ave., told officers Saturday morning.

But that was not all. They took three bridles worth \$45 and put them in trees and they were ruined by the snow; and threw a saddle into the white stuff and split another 200 pounds of feed on the covered ground. Whoever did it, Coleman said, pried the locks off the doors to the barn to get to the contents.

Then they turned all the horses loose in the cold and pushed a horse trailer into the roadway, Coleman said.

Two At Webb Receive Honors

A ground radio repairman, Airman I.C. Guy J. Angelo, has been selected as Airman of the Month from communications squadron at Webb AFB, for January.

Airman Angelo is a native of Hubbard, Ohio, and entered the Air Force in 1955. He is married to the former Sylvia Patterson, a native of England. They have two children, Anita, 6; and Susan, 4.

Airlift Raises \$415 Sunday

An estimated \$415 was turned over to the March of Dimes Sunday, as 307 people participated in the March of Dimes Airlift at the Howard County Airport.

Mrs. Betty Ray Clifton, chairman of the event, said that the 1966 figure was "good news" for the March of Dimes. Last year's airlift raised \$370.50 for the cause.

All gasoline was donated by McGibbon Oil Co., and 11 planes were donated by area pilots and flying clubs to fly in the airlift.

Power Utilities Join In Council

BOSTON (AP) — Twenty-two utility systems, operating in the area affected by the Nov. 9 northeast power failure, have announced formation of a Northeast Power Coordinating Council.

Ernest R. Acker, former board chairman of Central Hudson Gas & Electric Corp. of New York, was named chairman.

Death Probed Of U.S. Tourist

MOSCOW (AP)—A U.S. Embassy doctor and a consular officer met with Soviet officials for three hours today inquiring into the death of Newcomb Mott, an American tourist held prisoner by the Russians.

The embassy withheld all comment on the medical inquiry until Mott's parents in Sheffield, Mass., could be notified.

Soviet sources, meanwhile, were circulating an unconfirmed account that Mott, 27, apparently went berserk on a train last Thursday taking him from a Murmansk jail to a labor camp. These sources said Mott threw objects at a guard and then cut his own throat with a razor blade.

A U.S. Embassy spokesman declined immediate comment on this report.

Mott, a book company representative from Sheffield, Mass., was serving an 18-month sentence for entering the Soviet Union illegally.

In Sheffield, Mott's mother said: "I think the Russians killed him."

YMCA Drive Begins Today

Watch out for those tomahawks, as Chief John "Red Feather" Berry leads his big raiding party into Big Spring today to get scalps for the YMCA Participating Campaign.

Tomahawks? Not really—just prospect cards. Scalps—Well, they're Y memberships. A goal of \$15,000 has been set for this year's drive, with four tribes of 16 medicine men and 60 braves in the raiding party. Tribal goal is \$3,750 and each brave's goal is \$178.50.

The kickoff dinner is tonight at the Great Teepee (the YMCA) at 7 o'clock, when instructions and cards will be given out. Report meetings will follow during the week.

Tribal chiefs are Frank "Great Wind" Hardesty, Apache Tribe; J. W. "White Eagle" Dickens, Navajo Tribe; Don "Running Bear" Farley, Cheyenne Tribe; and Katie "Little Fawn" Cathey, Seminole Tribe.

Grand Jury To Hear Of Fight

Cowper Clinic and Hospital attendants reported Johnny Elliott Tibbets, 19, 2401 Scurry, is still in "extremely critical condition" today following a fight last Thursday when he received a fractured skull, brain concussion and possible internal head injuries.

Police have about finished their investigation of the matter, according to Jay Banks, police chief.

Statements have been taken from numerous witnesses, Banks said, and indications are the fight took place between young Tibbets and only one other youth, though there were several lookers-on.

Banks said today that the matter will be turned over to the grand jury, which will study it Tuesday afternoon if time permits.

Three In Family Beaten Friday

C. H. Arrick, 1210 E. 18th, is in good condition at Howard County Hospital Foundation today, according to attendants, following a disturbance at his home Friday night.

Officers said they went to the home in response to a disturbance call and found Arrick, Mrs. Arrick, and one of their sons "beaten up pretty badly."

An older son was taken to City Jail on a police disturbance charge after what officers described as "quite a struggle."

No other charges had been filed this morning.

Four Accidents Listed Sunday

Four accidents Sunday raised the year's total of traffic mishaps to 88. No one was injured, officers said.

Involved Sunday were the car of William Ward Watson, Box 1608, and the stopped car of Vicki Ann Cofer, 1707 Settles, in the 2000 block of Scurry; the parked car of William E. Davis III, 1414 Wood, and the car of Darwin Griffith, 1403 Wood, at the Griffith residence; a truck tractor driven by Leon Orr Long, 117 W. 1st, and the car of Jesus Jose Cavazos, Knott, at East Third and Runnels; and the cars of Carolyn Leola Gentry, 1320 Wright, and John Padron Molina, Coahoma, at Eighth and Gregg. Also involved in the accident, though no contact was made, officers said, was the car of Larry David Marek, Box 3684.

Airport In Resort Will Be Improved

PUERTO VALLARTA, Mexico (AP)—The Mexican government plans to spend 40 million pesos — \$3.2 million — on improving the airport in this popular Pacific resort, says Juan Torres Vivanco, the government's director of airports.

Heart Meeting

All interested are invited to attend the county Heart Association meeting at 7:30 p.m. today in the school administration office, according to Dr. C. L. Ainsworth, president. A film will be shown and a report given by Mrs. Leola Duke, who attended a nursing workshop in Fort Worth recently.

Poll Tax Sale Being Pushed

Mrs. Zirah LeFevre, county tax assessor collector, will be at the meeting of the Evening Lions Club at the Wagon Wheel Restaurant tonight, to issue poll tax receipts to all members who need them.

On Tuesday, Cliffo Slate, special poll tax deputy, will open operations at the Cosden plant and Wednesday at the VA Hospital. At both these places poll tax receipts will be issued to all who apply.

Mrs. LeFevre said that these were the final special settings to expedite the handling of the poll tax receipts. The Substations—Texas Electric Service Service Co., Lewis 5-and-10 in College Park Shopping Center, the IUOE building, Coahoma State Bank, and the Huddle Cafe will continue to operate until closing hours Jan. 31.

Meanwhile, the number of poll tax and exemption certificates is far below what it should be for an important election year such as 1966 promises to be.

Plane Disabled, All 113 Escape

NEW YORK (AP)—The nose gear of a Braniff Airlines 707 jet collapsed after the plane landed Sunday night at Kennedy Airport. All 113 persons aboard escaped injury. The flight originated in Bogota and made stops at Panama and Miami.

Slash In Spending Asked For Agriculture Department

WASHINGTON (AP) — President Johnson proposed today a slash of nearly 16 per cent in the spending of new federal funds in the Agriculture Department in fiscal 1967.

Although the suggested cut totals more than \$1 billion, the actual reduction would be only about \$273 million.

PRIVATE CREDIT
The President recommended that \$12 million in department programs be financed from private credit sources and by re-use of funds collected on repayment of old Rural Electrification loans.

The budget proposal actually totals \$3.4 billion, but department outlay of Treasury funds would be \$5,798,300,000 compared with an indicated \$6,888,600,000 for the current year. The difference stems from departmental participation in the programs of other agencies.

Costs of programs for bolstering farm prices and incomes—long a major spending item—would be reduced by \$145 million.

of new money from the Treasury — \$549 million—would be made under a Johnson proposal that the department be authorized by Congress to sell credit certificates to private lenders to help provide subsidized loans to low-income families and rural residents under the Farmers Home Administration.

SELL CERTIFICATES
The biggest reduction in use

Pakistan Holds U.S. Materials

WASHINGTON (AP) — Rep. Craig Hosmer says Pakistan has seized vital materials for a nuclear power station being constructed in India with U.S. money.

The California Republican, a member of the Joint Committee on Atomic Energy, said the parts were replaced by the U.S. contractor building the power station in Tarapur, India. The seizure took place last September during the brief war between India and Pakistan, he said.

Other reductions would include the department's school milk and school lunch programs, the Food for Peace program, the government's meat inspection activities, and in agricultural research.

FARM AID
Calling for continuation of federal agricultural assistance programs, Johnson said "Our increasingly efficient agricultural production is a bulwark of strength for the nation."

"It provides us with an ample supply of high quality food at home and a large volume of commercial exports. It also allows us to assist the economic development of other countries."

Major Topics In New U.S. Outlay Listed

WASHINGTON (AP) — Here are some of the major topics of President Johnson's budget message to Congress today:

VIET NAM
The war in Viet Nam will cost an estimated \$10.3 billion in fiscal 1967, bringing the over-all Defense Department budget to \$57.16 billion. The President said the funds will provide whatever is needed for the war, and will also enable the military to add a second nuclear aircraft carrier for the Navy and expand the Minuteman missile program.

FOREIGN AID
Nonmilitary spending on foreign affairs will climb to \$4.43 billion in fiscal 1967, a total the President said will help the country "continue our pursuit of a world at peace." The new budget, up \$447 million from this year, includes a request for a five-year foreign aid authorization.

SPACE
The first cut in space spending since the National Aeronautics and Space Administration came into being eight years ago was called for by the President. He said the \$300 million reduction for fiscal 1967 would not impair the United States' progress in space exploration. Total appropriations will be about \$5.3 billion.

WAR ON POVERTY
The federal government will spend \$1.6 billion in fiscal 1967 to fight poverty, a nearly \$400-million increase. Total spending in these categories, including Social Security payments, will total about \$21 billion, the budget said, a \$4-billion increase over fiscal 1966. The Social Security money comes out of trust funds not included in the budget.

EDUCATION
The government will expand its education programs with fiscal 1967 expenditures of \$2.8 billion called for in the budget, an increase of \$516 million over fiscal 1966. Most of the money—\$1.5 billion—will be spent to improve elementary and secondary education.

FARM
Farm spending will be cut by 16 per cent—to \$3.4 billion—under the fiscal 1967 budget proposed by President Johnson. But much of the slash would be made up by financing Agriculture Department programs from private credit sources and reusing funds collected on payments of old rural electrification loans. Actual Department spending would total \$5.8 billion because of departmental participation in the programs of other agencies.

DEFICIT
Fiscal 1967 would have a deficit of \$1.8 billion, bringing the total public debt to \$321.7 billion, a rise of \$1.7 billion. The budget deficit forecast for fiscal 1966, which ends June 30, is \$6.4 billion.

Foreign Affairs Budget Hiked

WASHINGTON (AP) — President Johnson today proposed bigger nonmilitary spending on foreign affairs next year, both in Viet Nam and elsewhere. He asked for a five-year instead of the customary one-year authorization for aid to countries around the world.

"As we meet the direct military threat to freedom and security, we must also continue our pursuit of a world at peace," Johnson said in his budget request to Congress for fiscal year 1967 beginning next July 1. He called for:

—A total economic outlay for international affairs and finance, ranging from State Department and foreign aid to Peace Corps spending, of \$4.43 billion in fiscal 1967 — up \$337 million from this year.

—Military assistance of \$1 billion to countries other than South Viet Nam, down \$50 million from 1966.

Administration officials figured that \$50 million of the new economic aid funds will be earmarked for Viet Nam in 1967, about the same rate as this year. U.S. arms assistance to Viet Nam, running above \$500 million in 1966 was wrapped into the U.S. defense figure in the new budget but is expected to push the Viet Nam aid total again above \$1 billion, not counting the much higher direct U.S. military costs. The actual outlays could vary considerably during the year depending on how the war goes.

Johnson said the \$21 billion figure is a \$4 billion increase.

Johnson said he would ask Congress to speed up the anti-poverty campaign, but his budget request fell far short of the spending envisioned by some champions of the program, an operation under heavy fire from Republican critics.

Johnson said his spending plans "will continue to help low-income people develop the skills and abilities needed for them to break out of the cycle of poverty handed down from one generation to the next."

DEVELOP SKILLS
Johnson said his spending plans "will continue to help low-income people develop the skills and abilities needed for them to break out of the cycle of poverty handed down from one generation to the next."

GOREN ON BRIDGE

BY CHARLES H. GOREN (© 1964 By The Chicago Tribune)

ANSWERS TO BRIDGE QUIZ

Q. 1—As South vulnerable you hold:

♠Q106 ♥1084 ♠AQ72 ♣853

The bidding has proceeded:

North East South West

1 ♠ Pass 1 NT 2 ♠

2 ♥ Pass ?

What action do you take?

A.—A mere return to two spades would not do justice to the holding. Your hand, while not very impressive in high card count, contains values your partner surely can use. Therefore an enthusiastic call is suggested, namely three spades. This does not avert a great strength inasmuch as your original one no trump response limited your hand.

Q. 2—East-West vulnerable, opponents have a part score of 70 and as South you hold:

♠QJ75 ♥A64 ♠A73 ♣A85

The bidding has proceeded:

East South

1 ♠ ?

What do you bid?

A.—In view of the part score a trap pass is to be considered. Your fight against the opposition must start at once, and we recommend an overall one of no trump rather than a double. It is true that normally our requirements for a no trump overall correspond with those for no trump openings. In view of the part score, however, we would shade the requirement and, if we hold only 18 points, we consider one no trump the best strategy.

Q. 3—Both vulnerable, as South you hold:

♠KQ962 ♥109853 ♠Q2 ♣5

The bidding has proceeded:

North East South

1 ♠ Dble. ?

What do you bid?

A.—With mediocre hands of this character, it is our policy to act at once and a bid of one spade is our choice. If you pass it will be extremely difficult to enter the auction on a later round.

Q. 4—Neither vulnerable, partner opens with one club and you hold:

♠A92 ♥KJ84 ♠A1087 ♣Q6

What is your response?

A.—There are three plausible responses. The one favored by this department is a diamond. This allows partner the opportunity to bid hearts if he has a four card suit. Quite as acceptable is a response of

one heart. The next choice is a response of two no trump for which this hand has the required count but which may prove slightly inferior if partner has some holding like four hearts to the queen, which he may not choose to show over a two no trump response.

Q. 5—Both vulnerable, as South you hold:

♠6 ♥J97 ♠43 ♣AQJ10988

The bidding has proceeded:

South West North East

3 ♠ Pass 4 ♥

Pass ?

What do you bid now?

A.—Five hearts. Since a bid of three hearts would have been forcing, it may be presumed that partner's jump is based on a very strong holding. Your hand should produce several tricks and a raise over game is recommended. If partner has diamond and spade controls he can bid six.

Q. 6—Neither vulnerable, as South you hold:

♠943 ♥J85 ♠K1082 ♣A85

The bidding has proceeded:

North East South

1 ♠ Dble. ?

What do you bid?

A.—Holding eight points and a balanced hand, it behooves you to take some mild action during the auction, and this is just about the only time you can expect to be able to do so with safety. Bid one no trump.

Q. 7—As South vulnerable, you hold:

♠AK106 ♥AJ4 ♠5 ♣AQ9J

The bidding has proceeded:

South West North East

1 ♠ Pass 1 ♥

Pass ?

What do you bid now?

A.—Even opposite a shaded response, we would insist upon game with this holding and therefore recommend a jump shift of two spades.

Q. 8—Neither vulnerable, as South you hold:

♠84 ♥AK85 ♠QJ2 ♣QJ5

The bidding has proceeded:

South West North East

1 ♥ Pass 1 ♠

1 NT Pass 3 ♠

Pass ?

What do you bid now?

A.—Three hearts. This is preferable to a rebid of three no trump for, while you already have shown a balanced hand and the ability to play no trump, you have not yet shown that you have a rebidable heart suit.

Raiders Seize Corn Mash

FORNEY, Tex. (AP) — A small frame house with tarpaper over its windows yielded 720 gallons of illegal corn mash and alcohol-producing equipment in a raid Sunday night by federal and state officials.

A Dallas man was arrested and will be charged and arraigned today before U.S. Commissioner W. Madden Hill in Dallas.

Officers from the Kaufman County Sheriff's Department and the alcohol and tobacco tax division of the U.S. Treasury Department found 18 barrels of corn mash in the house. They estimated the barrels held 720 gallons but said no whiskey had been refined yet.

The inside of the house was fully equipped as a small-scale brewery, officers said, including a cooker and bottling equipment.

The arrested man bought the land two weeks ago near the East Dallas Lake Community, six miles southeast of Forney and five miles from the Dallas-Kaufman County line.

While the suspect watched, officers destroyed the equipment and poured out the pungent-smelling corn mash.

Destroyed By Fire

ALICE, Tex. (AP) — Fire destroyed the Second Baptist Church of Alice early Sunday, causing an estimated \$14,000 loss.

THE LE MANS SPORTS COUPE LIKE ALL '66 PONTIACS, IT INCLUDES AN OUTSIDE MIRROR, PADDED DASH AND VISORS, BACK-UP LIGHTS, FRONT AND REAR SEAT BELTS, DUAL SPEED WINDSHIELD WIPERS AND WASHERS TO CLEAR YOUR VIEW OF THE ROAD

Come in and take on our newest tiger. The new Overhead Cam 6 is here.

Here and eager to go. A lithe, lean tiger of a six. A 230-cubic inch six like no six you ever saw, with performance like nothing this side of a V-8. Its camshaft is up over the valves, like a European road machine's, to give you more power out of the inch, higher rpm's and a feel that will have you out counting those cylinders again. In fact, when you take our tiger on, forget everything you ever knew about sixes. Except the money you save on gas. A 165-hp version is standard with the Tempest, Tempest Custom and Le Mans. Or you can order up our Sprint edition with 207 horsepower, chromed air cleaner, floorshifter, tightened suspension and a set of tigerish stripes on its flanks. They're here now—where are you?

They Have The Answers

Secretary of the Treasury Henry Fowler, left, and Budget Director Charles Schultze have plenty of material at hand today as they prepared to brief reporters on the fiscal 1967 budget President Johnson sent to Congress. (AP Wirephoto)

PRESIDENT'S BUDGET

Military Spending Proposal Calls For \$57.1 Billion

WASHINGTON (AP) — For \$57.1 billion, President Johnson calculates, the United States can provide in the next fiscal year whatever is needed for waging war in Viet Nam and add to general defenses such items as a second nuclear carrier.

This was outlined in the military portion of the federal budget for fiscal 1967 which the President sent to Congress today.

Submission of the annual budget followed by only a few days a Pentagon request for a \$12.3-billion addition to the current military budget.

MANPOWER INCREASE

The supplemental request, the second augmentation of the budget for the fiscal year ending next June 30, provided all of the manpower increase requested for this and the next fiscal year to reach an authorized strength of 3,093,000 men in the armed forces. Therefore, the new budget shows no further increase.

Similarly, the two supplements to the current budget probably accounted for a large part of the planned procurement of ammunition for the next year and a half. Those supplements raised the total of ammunition procurement, which Secretary of Defense Robert S. McNamara says will make available "massive firepower" in Viet Nam, to \$4.1 billion.

The budget proposals contained somewhat of a surprise for the Navy — Johnson asked funds to begin building another atomic carrier.

NUCLEAR CARRIER
The Navy had been urging another nuclear carrier for several years, basing its recommendation on the performance of the first such carrier, the Enterprise.

The proposed new carrier will use two, instead of the four reactors powering the Enterprise. But improvement in reactor efficiency is expected to give the new carrier substantially the speed and range of the Enterprise. The cost, however, probably will not be many millions below that of the Enterprise because of rising material and labor prices. Speculation had been that the new carrier might cost about \$400 million.

Johnson dropped into his budget message a sentence mentioning "initial procurement of the new, improved Minuteman III" missile.

His message did not elaborate on the Minuteman III. However, he may have been referring to reported improvements and refinements of the Minuteman II series, believed to include devices to help the warhead escape detection and interception.

The budget proposal also calls for an increase in the number of the Navy's Polaris missiles, launched from submarines, and Air Force Minutemen.

UNMANNED FLIGHTS
During the new fiscal year, Johnson said, NASA will begin unmanned test flights of the giant Saturn V rocket and the Apollo spacecraft — the combination designed to place astronauts on the moon.

"The effort to achieve a manned lunar landing by the end of the decade continues to be the largest element of our space program," he added.

Johnson said that in 1967, large space projects will be progressing from the more expensive development phase into operational status. No new projects of equivalent cost will be started, he said.

MANNED ACTIVITIES
More than two-thirds of NASA's proposed expenditures — about \$3.6 billion — will be devoted to manned space activities.

Besides test flights of unmanned Apollo spacecraft, the program for 1967 will include manned missions in earth orbit by three-man Apollos.

The Gemini program will be concluded during the year with launching of five two-man craft, largely to practice the rendezvous and docking maneuvers essential for future lunar landing missions.

Johnson Cuts Space Outlay

WASHINGTON (AP) — President Johnson proposed today a \$300 million reduction in civilian space spending for the next fiscal year — the first such cut since the National Aeronautics and Space Administration was created in 1958.

Johnson estimated spending for NASA in the fiscal year starting July 1 at \$5.3 billion, and said this level "will sustain our progress in space exploration and continue the advancement of science and technology."

UNMANNED FLIGHTS
During the new fiscal year, Johnson said, NASA will begin unmanned test flights of the giant Saturn V rocket and the Apollo spacecraft — the combination designed to place astronauts on the moon.

"The effort to achieve a manned lunar landing by the end of the decade continues to be the largest element of our space program," he added.

"The effort to achieve a manned lunar landing by the end of the decade continues to be the largest element of our space program," he added.

Dominicans Weigh Edict

SANTO DOMINGO, Dominican Republic (AP) — The Dominican high command meets today to deliberate whether to obey a presidential order that would send three top military leaders abroad.

Commodore Francisco J. Rivera Caminero, the armed forces minister and one of the three involved, declined to speculate whether or when the military chiefs would obey provisional President Hector Garcia-Godoy's order.

Decision Due On Bombing Resumption

WASHINGTON (AP) — President Johnson is expected to decide this week whether to resume the bombing of North Viet Nam. But any major new escalation of the Vietnamese war, such as bombing Hanoi, is considered unlikely at this time.

Secretary of State Dean Rusk said Sunday night the decision on renewed bombing is still to be made. He refused to say what he favored or predict what course Johnson would choose.

CAUGHT IN CENTER
The President is caught between advocates of totally contradictory proposals. Many foreign governments, some members of Congress, some officials in the administration favor prolonging the pause. Others, including military leaders, and top American officials in Saigon would like to start pounding North Viet Nam again quickly.

Rusk said Johnson is taking all elements of the situation into consideration, including the fact that "we must do all we can to assure the safety of our own and Allied forces" fighting the Communists in South Viet Nam.

CHANGE RESTRICTIONS
Some military planners are reported to have put up proposals that the United States not only start bombing again but change the restrictions which existed all last year in order to allow attacks on Hanoi, the capital, and Haiphong, the port of North Viet Nam.

It is understood that Johnson has no such intention of broadening the war at this time. However, officials said that the new look at policy and strategy now getting under way could possibly lead to changes in his thinking about what is needed.

WEIGH ORDER
Rivera Caminero, the three chiefs of staff and three sub-chiefs will weigh a Jan. 6 presidential edict shaking up the military leadership and assigning 34 officers from both sides of the April revolution to foreign posts.

All 10 of the top rebels listed in the order have left the country. Their leader, Col. Francisco Caamano Deno, arrived in London over the weekend and warned of trouble if the regular army leaders refuse to obey the order.

MAY ACT
"If Rivera does not want to leave, I think the people of the republic will do something big to get him out," Caamano Deno told newsmen.

"There is a crisis in the country because of the insubordination of the head of the armed forces."

Caamano Deno, assigned as military attache at the Dominican Embassy in London, left Santo Domingo Saturday with the three remaining rebels on

Missouri Quake Area Under Study

ST. LOUIS, Mo. (AP) — Three Washington University scientists will begin soon a geophysical study of southeast Missouri to map the crustal fault zone along which numerous earthquakes have occurred.

The southeast Missouri area has been second only to the West Coast in frequency and severity of earth tremors in the United States. The nature of the fault zone remains a mystery.

Senator Predicts Early OK On Bill

WASHINGTON (AP) — Sen. Russell B. Long, chairman of the Senate Finance Committee, predicts that Congress will approve President Johnson's \$4.3-billion tax bill by March 15—the date asked by the President.

The Louisiana Democrat, who also is assistant Senate Democratic leader, said in an interview, "There is no doubt that the deadline can be met."

DEAR ABBY
Different Type Gift

DEAR ABBY: Last Christmas I received a Christmas card from a friend. On it was printed the following: "THIS CHRISTMAS WISH REPRESENTS A GIFT TO THE PRESBYTERIAN INTER-COMMUNITY HOSPITAL IN WHITTIER, CALIFORNIA." It gave me the feeling that

Please comment.
FROM WHITTIER
DEAR FROM: I think one of the more civilized practices of recent years is donating to charity instead of giving extravagant gifts to people who already have more than they need. Knowing that some less fortunate person in a war-torn country had received a CARE package in my name, for example, would be gift enough for me.

DEAR ABBY: A man who works with my husband comes to our home occasionally. He has never brought his wife, and the first time he spoke of her, he referred to her as "MY OLD LADY." At first I thought he meant his elderly mother, so I asked him if he is in the worst possible taste.

"No, MY OLD LADY is the woman I'm married to!" Abby, don't you think this is terribly disrespectful? These people are not old. They are in their middle forties. Wouldn't you think a wife who reared nine children for a man deserves to be referred to as his "wife?"
OFFENDED
DEAR OFFENDED: I would not be so sure I don't want him when they're away from home. I'll bet he doesn't call her "THE OLD LADY" to her face. And you don't know what SHE calls him behind his back, either.

DEAR ABBY: Recently my best girl friend broke up with Ron, the kid she had been going steady with for three months. She gave him his pin back and now she's wearing

another boy's. Another girl told me that Ron likes me, and I felt real good about it because I like Ron, too. My best girl friend and I were talking, and she said she heard something about Ron liking me, and then she said, "But HANDS OFF until I am sure I don't want him any more."
FAIR LADY
I didn't say anything but, Abby, do you think she is being fair? She gave Ron his pin back and took somebody else's. Shouldn't I have the right to like Ron and try to make him like me?
FAIR LADY
DEAR FAIR: You don't need your girl friend's permission to "like" Ron. As I see it, it's open season, so happy hunting. But if you bag him, be prepared to lose a girl friend. That's usually the way those things work out.

Big Spring (Texas) Herald, Mon., Jan. 24, 1966 3-B

Youth Killed In Sled Ride

AMARILLO (AP) — Robert Carthel, 16, was killed Sunday night when the makeshift sled he and two other youths were riding behind an automobile slammed beneath a parked car. Officers said the youths were riding on a car hood which had been turned upside down and was connected to an automobile

with a rope. The rope broke and the sled careened under the parked car.

Bobby McPherson, 16, was listed in critical condition Sunday night in an Amarillo hospital. A third youth, Stanley Carthel the victim's brother, jumped clear before the accident.

The automobile was driven by John A. McPherson, father of the critically injured youth.

The mishap occurred on a snow-covered street near downtown Amarillo.

Texas Sailor Jailed After Two Attacks

SAN FRANCISCO (AP) — An apprentice seaman from Treasure Island Naval Base is in San Francisco City Jail charged with assaults on two women, one of them a 19-year-old mother who was carrying her baby in her arms.

The sailor is Philip R. Gerding, 18, of Denton, Tex., chased and captured by police Saturday night after the two assaults on Lee Avenue.

The first victim, Anne Mather, 52, was seized on the sidewalk near her home but broke from her attacker and called police.

SECOND VICTIM
The second, Jeannette Nathan, 19, was attacked half an hour later while police patrolled the area.

Mrs. Nathan said she was walking along Lee when a youth crossed the street and knocked her to the pavement, shoving her 11-month-old son, John, out of her hands. The young mother told police the attacker stabbed her in the back and said: "If you yell, I'll kill the baby. If you love the baby, keep quiet."

The youth ordered her to stand up. Mrs. Nathan related, and put his arm around her.

POINTED OUT
Then a police car drove up. In the car with officers Herbert Lockner and John Sweeney was Mrs. Mather. She pointed out the youth as the one who had attacked her earlier.

Lockner jumped out of the car and chased the suspect a block. The officer said the youth hurled a six-inch cutlery knife at him just before the capture.

Mrs. Nathan was treated at an emergency hospital for a stab wound in the back. Doctors said her condition was "not critical." Mrs. Mather was not injured.

FOUR COUNTS
Gerding was booked on two counts of suspicion of attempted murder, one of resisting arrest and one of possessing stolen property—identification cards not his.

In a jail interview Gerding said he had drunk a pint of Scotch and some vodka.

"I don't know what happened, man. I just sort of bombed out," he said.

Gerding's booking record listed his father as professor of Spanish at North Texas State University in Denton and his mother as a music teacher.

"I wanted to be a teacher like my parents," he said. "I come from a pretty nice family. But I sort of blew that."

Police Hunt Clues In Bank Robbery

DALLAS, Tex. (AP) — Dallas police still searched for clues today on the identity of a calm, well-dressed robber who took \$12,000 from a drive-in teller at the Bank of Dallas Friday.

The FBI and Homicide Capt. Will Fritz both said the unusual holdup remained as much a mystery as when it was reported.

Lema's Advice is Helpful To Texan

By JACK STEVENSON
Associated Press Sports Writer

PEBBLE BEACH, Calif. (AP)—Champagne Tony Lema will get a bubbly recommendation from the winner of the \$104,500 Bing Crosby Tournament if he ever decides to quit the pro golf tour and start teaching the game.

Lema, who ran into trouble with his own game in Sunday's final round, was in a threesome with Don Massengale of Jacksonville, Tex., and when the Texan moved ahead of the pack, Tony supplied the counsel which

helped stand off Arnold Palmer's famed charge.

"Tony was extremely helpful as the pressure built up," the 28-year-old Massengale said at the finish. "He helped calm me down, and, a couple of times told me 'you have everything under control... let them chase you.'"

So while Lema soared to a 79 and 293, Massengale beat off the Palmer challenge and defeated the all-time money-winning champion by one stroke with a 70-283.

Palmer shot a 71 on his final

round and the double bogey he took at the first hole of the Pebble Beach course eventually proved his downfall.

Lema collected \$1,200 for his effort but hopes to earn more this week playing in the Lucky International Open at San Francisco near his hometown of San Leandro.

Massengale and Palmer will be there for the \$50,000 Lucky Tournament starting Thursday over the Harding Park Municipal course.

Palmer already has won \$19,100 in the two tournaments he has played this year—the \$11,000 winning purse at Los Angeles, \$6,200 for finishing second to Massengale in the Crosby duel and \$1,900 for a third-place finish in the pro-amateur division of the crooner's silver anniversary clambake. He teamed with his business manager, Mark McCormack.

Chuck Courtney and Dr. John Moier, a dentist, won the pro-am in a playoff against Bill Martindale and San Francisco businessman Bob Roos. Each team finished 72 holes with best-ball totals of 255.

As the pros had problems with errant shots, Dr. Moier carded a bogey which with his handicap stroke gave his team the victory and Courtney \$4,000. The dentist received a silver dish.

Massengale pocketed \$11,000 for beating the monster Pebble Beach course. There also were other benefits for a fellow who never before had won a major Professional Golfers' Association tournament.

He'll get a \$10,000 guarantee for the Tournament of Champions guarantee plus a trip to England for the Carling World Tournament. And Massengale will be paired with other tournament champions in future PGA events.

Massengale started four strokes off the third-round pace of Al Geiberger, caught and passed him with fantastic putting on the first nine holes and then held off his challengers.

When Massengale bogeyed three of the first five holes on the back nine, the battle went to the 17th hole with the Texan just one stroke ahead of his challengers. Palmer had dropped putts of 14 and 20 feet on the 15th and 16th holes to burst into contention.

WAVE OF VICTORY
Texan Don Massengale

Runnels Plays Blackshear In Two Contests Tonight

Big Spring Runnels seeks revenge for a basketball defeat administered by San Angelo Blackshear in a 7 o'clock game here this evening.

Eighth grade units of the two schools square away at 6 p.m. The ninth grade Yearlings will be warming up for the Midland Junior High tournament, which starts Thursday and continues through Saturday night.

Runnels plays Midland Austin in the first round at Midland.

Game time is 8:20 p.m. Thursday.

Big Spring Goliah is also entered in the Midland meet and tangles with Odessa Bowie at 1:40 p.m. Thursday.

Complete pairings at Midland:

Midland Carver vs. Odessa Bonham, 11 a.m.; Odessa Hoed vs. Midland Cowen, 12:20 p.m.; Odessa Bowie vs. Big Spring Goliah, 1:40 p.m.; San Angelo Blackshear vs. Midland Lee, 3 p.m.; McCamey vs. Odessa Permian, 4:20 p.m.; Odessa Crockett vs. Andrews, 5:30 p.m.; Odessa Ector vs. Midland J.H., 7 p.m.; Big Spring Runnels vs. Midland Austin, 8:20 p.m.

Sox Boss Sides With Milwaukee

MILWAUKEE, Wis. (AP)—Outspoken Arthur Allyn, rushing in where most baseball owners fear to tread, has jumped into the middle of the legal tangle over the planned shift of the Braves from Milwaukee to Atlanta.

Not only is baseball a monopoly subject to U.S. antitrust laws, the Chicago White Sox owner said Sunday night, it is a monopoly with responsibilities to its patrons, the fans.

"It is my conviction it is not right to deprive any city of a major league caliber and quality, as Milwaukee is, of the privilege of having baseball," Allyn told the annual dinner of the Milwaukee chapter of the Baseball Writers Association of America.

Allyn drew a standing ovation when he predicted flatly, without saying when, that "Milwaukee will have major league baseball."

Allyn's comments touched on

the issues raised in the antitrust suits brought against the Braves and the National League by Wisconsin and Milwaukee County.

The state, in a suit now before a Milwaukee County circuit court, is contending that baseball is a monopoly operating in violation of Wisconsin's antitrust laws. A similar suit has been filed in federal court.

Both the state and the county are seeking to force baseball to grant Milwaukee a franchise to replace the Braves. Failing that, the two governments are seeking an injunction barring the shift to Atlanta.

"We have to get business and profits to produce the ball players that please you because of their skills," Allyn said.

"Baseball is subject entirely to the antitrust acts of the United States and always has been. And here in Wisconsin baseball is no different than it is in Chicago, Los Angeles, New York or anywhere else. Baseball, as it is in Wisconsin, is truly a business and a monopoly."

Allyn, who also hit out at the owners of the Braves for deserting Milwaukee, said afterwards that he was saying nothing that most baseball owners don't already accept. Nor, he said, did he mean to imply that the monopoly was a bad thing.

"When a monopoly is granted," he said, "there is also a responsibility attached and the more certain the monopoly, the more certain the responsibility."

He likened baseball's privileged position to that of a gas or electric utility that "can't cut your power off willy nilly."

Don Smith Gets Tahoka Boost

TAHOKA — Don Smith has been named athletic director of the Tahoka schools, and Jim Littlefield the boys and girls basketball coach.

L. F. (Jake) Jacobs had previously held the positions of athletic director, boys basketball coach, and North Elementary principal, but recently resigned after 18 1/2 years in the Tahoka school system to take a position as high school principal at Bovina.

Candidate

Dallas Cowboys assistant coach Red Hickey is No. 1 candidate to become head coach of the newly-formed Atlanta Falcons of the NFL. Hickey was formerly with the San Francisco 49ers. (AP Wirephoto)

Snow Stymies Sandy Koufax In Cleveland

ROCHESTER, N.Y. (AP)—Sandy Koufax of the Los Angeles Dodgers has found something beyond his control—snow.

The Dodger dandy, who has chafed up numerous pitching records, may have established a record for sheer frustration Sunday as he tried to get to Rochester to accept the S. Rae Hickok Professional Athlete of the Year Award for 1965.

Koufax left San Francisco, where he had been playing in the Bing Crosby Golf Tournament, at 1 a.m. Sunday, caught a flight for Chicago and arrived in the Midwest at 6 a.m. He left Chicago for Cleveland at 3:30, reached Ohio at 5 p.m.—and at 5:45 was on the way back to the West Coast.

A private jet had been waiting to take Koufax the final miles from Cleveland to Rochester but the airport in the upstate New York city was snow-bound because of the storm that hit the Eastern part of the country during the weekend.

"Wild horses couldn't have kept me away," Koufax said by telephone from Cleveland, "but icy runways and impossible weather are things beyond anyone's control."

Koufax went on to discuss winning the award for a record second time while expressing confidence in the condition of his arthritic left arm.

"Winning the award once was great," he said. "Twice is unbelievable. The arm feels fine. I haven't thrown any but I don't expect any problems. I just hope I have as good a year this season as I had last year."

Last year Koufax wrapped up pitching's triple crown with a 26-8 record for the top won-loss percentage, a 2.04 earned run average and a record 382 strikeouts.

His post-season awards include the Cy Young Award as the baseball's outstanding pitcher and The Associated Press' Male Athlete of the Year Award.

The 30-year-old southpaw won the Hickok award for a record second time with the most first-place votes ever and the biggest margin since the competition for the \$10,000 diamond-studded belt was started in 1950.

Koufax drew 114 first-place votes on the 146 ballots cast by a nationwide panel of sports writers and sportscasters, collecting 363 points. South Africa's Gary Player, winner of the U.S. Open Golf Championship, was second with 14 first-place votes and 101 points.

Baylor Will Get Three Gridders

HOUSTON (AP)—Galena Park football co-captains Russell Serafin and Robert Hanser and Brazosport tackle Walter Gross have agreed to play at Baylor University, assistant coach Taylor McNeil said Sunday.

Serafin, a much-sought athlete in the Houston area, was quarterback for Galena Park's 1965 football team.

The 6-3, 218-pound Hanser played tackle for Galena Park and Gross was an all-district 12-AAAA defensive tackle for quarter-finalist Brazosport.

Stallings Sees No Problems

COLLEGE STATION, Tex. (AP)—Texas A&M won't have trouble recruiting football players, despite a one-year probation slapped on it by the Southwest Conference, Coach Gene Stallings said over the weekend.

After the annual Aggie football banquet Saturday night, Stallings was asked if the probation is expected to hurt A&M's recruiting. "No, I don't believe so," he said. "I'm not making apologies for it (the probation)."

SUNLAND P/K RACE RESULTS

MONDAY

FIRST (Six Furlongs)—Steel Rule, 1:36.40; 52.40; 24.00; Poly Tino 1:36.20; 9.80; B'or Hoig 4.40; Time 1:12.40

Blue Devils Oppose Wolfpack This Week

By MURRAY CHASS
Associated Press Sports Writer

Duke's Blue Devils will have an old score to settle and their No. 1 national ranking to protect when they clash with North Carolina State this weekend.

"We knew we would have a pretty good ball club," Duke basketball Coach Vic Bubas said recently, "but to think that we would be 14-1 at this stage of the season, well, that was asking too much."

It was a little bit too much last season, too, when North Carolina State pulled one of the major upsets of the year, beating Duke in the finals of the Atlantic Coast Conference tournament and knocking them out of the NCAA tourney and a shot at the national championship.

Nearly 11 months after that upset, the teams meet at Duke Saturday in the first of two regular season games.

The Blue Devils lead the ACC with a 6-1 record while State is second at 4-2. Both have been idle—because of final examinations—since Jan. 15 although State plays Tennessee Wednesday night.

Texas Western, the other unbeaten, also gets back into action this week, meeting Arizona State Wednesday and West Texas State Saturday. The eighth-ranked Miners, 12-0, haven't played since Jan. 6.

Only two members of the Top Ten played Saturday night. Third-ranked St. Joseph's recovered from a loss to St. John's, N.Y., for a 79-69 triumph over Penn, and Kansas, No. 6, also came back after a loss at Nebraska for a 69-61 victory over Kansas State.

Michigan, pre-season choice as the country's No. 1 team, posted its sixth straight victory, defeating Minnesota 97-85. The Wolverines haven't lost since they snapped a three-game losing streak that dropped them out of the Top Ten. Cazzie Russell led the latest victory with 40 points.

Cincinnati continued its comeback in the Missouri Valley

Conference, edging Louisville 67-65. Dean Foster dribbled the length of the court and flipped in a 10-foot hook shot in the last second, giving the Bearcats a 13-2 record over-all and second place in the conference.

Nebraska, the Big Eight Conference leader, assured itself of a winning season for the first time in 16 years by crushing Oklahoma 86-78. The Cornhuskers now are 13-2.

Iowa dropped Michigan State out of a tie with Michigan for the Big Ten lead, whipping the Spartans 90-76.

Oregon nipped Oregon State 61-60, but State remained in a first-place tie with UCLA and Stanford in the Pacific Athletic Conference because the game did not count in the conference standings.

Grady Tourney To Wind Up

GRADY—Finals in both divisions of the Grady Junior High Basketball tournament will be played this evening, with new champions assured.

In the boys' division, Stanton will challenge Grady at 8 o'clock for the title while third place will be decided at 6 o'clock in a game between Union and Coahoma.

Stanton reached the finals Saturday by drubbing Union, 52-37, while Grady was decking Coahoma, 37-30.

Greenwood and Forsan square off at 3 o'clock this afternoon in consolation finals while O'Donnell and Dawson were to meet for third place in consolations at 1 p.m.

In the girls' title game, Greenwood opposes Grady at 7 p.m. Third place in that bracket will be determined in a 5 p.m. game between Gail and Sands.

In Saturday's semifinal games, Greenwood handed Gail its first defeat of the season, 53-37, while Grady was mauling Sands, 50-33.

Union and Forsan were to clash at 2 p.m. in consolation finals while Klondike and Dawson were to meet for third place in consolations at 12 noon.

The tournament was to have wound up Saturday night but was postponed a day due to bad weather.

Only Texas To Be Idle In S'west This Week

By The Associated Press

Southland Conference basketball teams will play outside their conference for the second week in a row, with six contests slated.

Only one conference team played last week. Abilene Christian defeated West Texas State 71-60 Saturday night.

Feature games will be Arkansas-Southeast Missouri State at Jonesboro, Ark., Tuesday and Abilene Christian-Air Force at Colorado Springs Wednesday.

Games involving conference teams Saturday night are Abilene Christian-Angelo State at San Angelo, Murray State-Ark-

TOURCOING, France — Rene Libeer, 111 lb, France, knocked out Jose Bisbot, 106 lb, Spain, 2.

QUITO, Ecuador — Sebastiao deNascimento, Brazil, knocked out Jaime Vellozores, Ecuador, 3. Junior welterweights.

Celts' Tilt Postponed

By The Associated Press

Things were really up in the air as far as the Boston Celtics were concerned.

The Celtics got to within 31,000 feet of Boston Sunday afternoon, but it was straight up. Their plane was diverted to Newark, N.J., because of heavy snow, forcing postponement of their National Basketball Association game with San Francisco.

It was the second postponement of the weekend. The Philadelphia 76ers couldn't play Cincinnati Saturday because they got snowed in at Cleveland, Ohio.

Season Winds Up Suddenly For Skier

KITZBUEHEL, Austria (AP) — Billy Kidd, the only American ever to win a silver medal in the men's events at the Winter Olympics, is on his way back to school today following a slight miscalculation that brought a sudden end to his successful European tour.

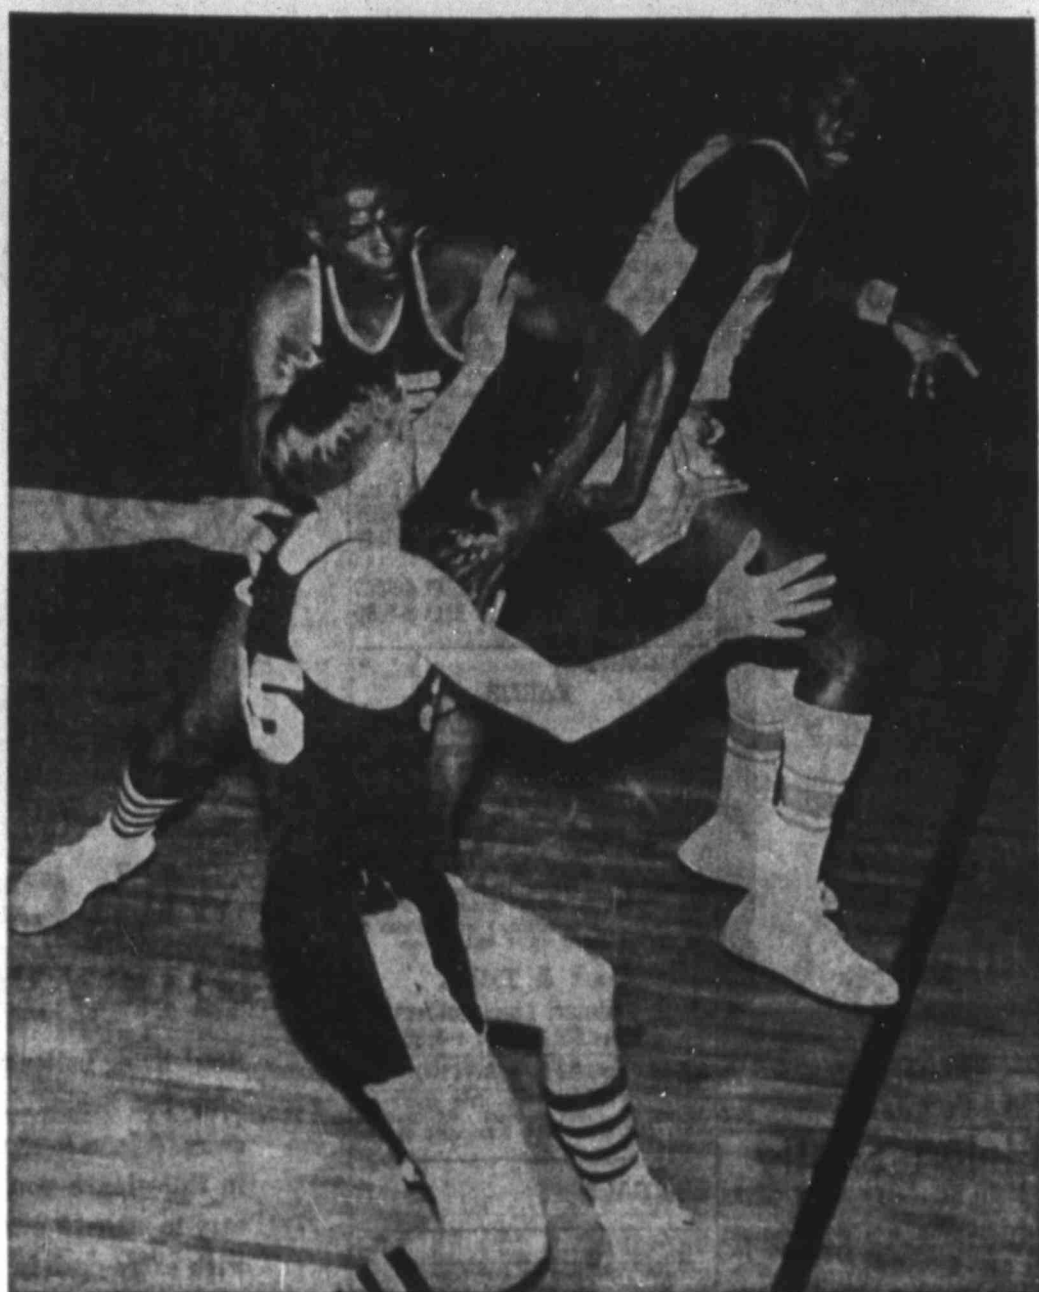

Kidd, a 22-year-old sophomore at the University of Colorado, suffered a sprained right ankle and a pulled ligament Sunday when he fell on the second slalom run of the Hahnenkamm men's ski races.

The injuries, though not serious, brought an end to Kidd's tour of Europe after two victories — the slalom events at Hahnenkamm, West Germany, and Adelboden, Switzerland — and several other high placings.

It is expected that Kidd, who along with Jimmy Heuga of Tahoe City, Calif., won America's only skiing medals at the Innsbruck, Austria, Olympics, will be ready for the major American races in February and March.

Kidd, a third-place finisher in Saturday's downhill, missed a gate on the first slalom run Sunday, then was flashing down on the second run when his left ski caught a pole. He was thrown off course, plummeting forward into the snow and twisting his leg.

Red Cross aides and soldiers immediately rushed to Kidd and placed a plastic cast on his leg. Even before X rays were taken, however, U.S. Coach Bob Beattie said the injuries would keep Kidd out of the remainder of the European races.

The Ball Is There Somewhere

Two Big Spring and one San Angelo players contest for a ball that wasn't caught by the camera in the above picture, snapped during the Steer-Bobcat District 2-AAAA encounter here Saturday night. The players are Paul

Soldan (nearest camera), Robert Jackson (center), both of Big Spring; and Jesse Williams, San Angelo. Big Spring won, 61-51. The Steers return to action Tuesday night in Midland, at which time they oppose Lee.

Cats Closing In On Tulsa In MV Race

By The Associated Press

Tulsa's Missouri Valley basketball leaders will make their first conference road trip of the season this week. Runner-up Cincinnati and third-place Bradley also have tough road games, and the results could give the Valley standings a new look.

Cincinnati closed in on idle Tulsa with an important road victory at Louisville Saturday, 67-65. It came on the heels of Cincinnati's 16-point victory at home over Bradley and lifted the Bearcats to a 4-1 in the league and 13-2 for all games.

Seventh-ranked Bradley was idle and stayed at 4-2 and 14-3. Drake jumped into fourth place at 2-2 with a 79-72 overtime victory over Wichita at Des Moines in the weekly television game.

Louisville's perfect home court record was spoiled and the Cardinals dropped to fifth a 2-3 despite the efforts of sophomore Westley Unsel, who had 25 points and 27 rebounds. The Cards are 10-5 for the year.

Cincy sophomore Dean Foster drove the length of the floor and made a 10-foot hook shot with one second left for the winning goal.

Wichita trailed 48-35 and rallied to send it into extra time at 65-65. Kelly Pete had 24 for Wichita. Bob Netolicky, Drake's big pivot man, scored 25 and made two goals in the overtime.

Tulsa's 3-0 Valley record was achieved entirely at home. Joe Swann's club plays its next three Valley games on the road, starting at Wichita Saturday. If Tulsa wins two of the three, it will be a top contender.

Unbeaten Miners Get Major Test Thursday

EL PASO — One would be inclined to believe, perhaps, that after a team had compiled an impressive 12-0 record, selected to the Top Ten in both wire service polls, had one of the top defensive, rebounding and total point spread listings in the nation that life would be one large bed of roses.

However, if one viewed the way Texas Western basketball coach Don Haskins and his assistant Moe Iba act as nervous as a fireman with a busted hose, one would be inclined to think it is a bed of roses all right — with many a thorn.

The Miner brass can't relax and enjoy the past success because of worrying about the road ahead which may be lined

with broken glass, rusty nails, busted patterns and 12 rugged opponents.

Haskins' wrecking crew goes back to combat Thursday at Tempe against the Arizona State Sun Devils after a long layoff for cram and exam time.

What makes Haskins as nervous as an alligator in a purse factory about the Arizona State fray is the fact he has never won at Tempe.

Haskins has compiled an impressive 92-25 record as skipper of the Miner ship and three of the losses were suffered against the Sun Devils at Tempe. Two other losses on Haskins' slate also occurred at Tempe last season when the Miners participated in the Sun

Devil Classic losing to Murray State and Washington State.

Arizona State may be Haskins' immediate worry but there are more bumps and detours ahead than on a highway under construction.

As an example, the Miners have an engagement at Albuquerque against the New Mexico Lobos as well as road games with Colorado State, New Mexico State, Seattle, West Texas State and Pan American.

"Sure, we've looked pretty good at times at home but we've never played a tough opponent on the road," moaned Haskins.

The only two road games the Miners have played this season were at Rock Island, Ill., during the Mississippi Valley Classic when Haskins' wreckers tamed South Dakota, 88-42, and Nevada, 86-49.

Despite Haskins' cries like a cat at a poeact convention, it must be pointed out in all fairness the Miners have come on like Buck Rogers after the Sky Bandits while rolling up that 12-0 record.

In the process, the Miners have grabbed national attention by being named to the Top Ten in the wire service polls. The Miners also are No. 3 in team defense, second in rebounding and second in total point spread.

Haskins and Iba both learned their basketball under the famed Iron Duke (Henry Iba, Moe's father) at Oklahoma State where, it is rumored, defense was hatched. While Haskins stresses the same type, two-listed defense, he also wants the ball in the air — on the good shots.

"With this group we have now, we don't have to stress the shooting game too strongly," Haskins says with a chuckle. "They like to jack-it-up. But I feel they have developed a great amount of pride in their defense. And we must play good defense every moment or we are in serious trouble. True, we have the best scoring punch we have ever had since I've been associated with Texas Western but I don't feel we can trade shooting games with every team we face."

As a team, the Miners are shooting 466 per cent from the floor, getting down 362 of 786 attempts. Nevil (The Shadow) Shed, the 6-3 stringbean junior from New York, has kept the nets waving like Maggie's drawers on a rifle range by shooting down 56 of 106 for a 528 percentage.

Harry Journoy, the 6-5 Gary, Ind., senior has a 512 percentage of 44 of 86 tries. This is the most explosive team Haskins has ever floored. Last year, for example, the Miners often were as weak offensively as a cap pistol against an atomic explosion. The 1964-65 Miners managed only 66 points per game while the current jet set is fanning the nets like Boy Scouts over a wet campfire, putting in 79.4 points while stopping the opponents with 55.8 per outing.

While Haskins and Iba realize their bed of roses is lined with thorns they just as soon come out of the season smelling like rose blossoms.

Small Fry Keep Aggies' Randy Matson Tied Up

COLLEGE STATION — If Randy Matson ever has to retire from athletics because of injury, the ailment likely will be "writer's cramp."

The world's shot put king, now a very valuable member of A&M's basketball varsity, always is the last player to reach the dressing room after a game. He's always detained enroute by a group of small-fry seeking autographs. A gracious, non-complaining guy, Matson patiently stops and signs 'em all.

Matson decided to come out for basketball this year after a two-season layoff. In high school he won all-state honors at cen-

ter while performing for the Pampa Harvesters.

At the season's outset, Aggie Coach Shelby Metcalf warned fans not to expect a lot of points from Matson. The 6-6½, 235-pounder seconded that notion not long ago when he said: "My job is not to score points. It is to get the basketball off the boards and play defense. John (Beasley) will take care of the points for us."

Does Matson enjoy college basketball? After the 81-60 victory over Baylor the afternoon of Jan. 15, he appeared on Dub King's TV show and the same question was put to him. "I knew beforehand that I'd like it but I didn't know it would be as much fun as it has. I really am enjoying playing again."

Matson and Beasley have become a fearsome twosome on the boards and now the Aggies have a 47-32 ratio in rebounds after five Southwest Conference games. This is one of the big reasons the Aggies currently rule the roost with a 5-0 record.

Matson's presence on the basketball squad has had a psychological effect on the other Aggies. Knowing how dedicated he is to any task he undertakes, the others have followed suit and all are putting out that extra effort.

Grabbing rebounds, playing defense and signing autographs — that makes Matson a real triple threat star in Aggieland basketball.

Goliad Cagers Go To Andrews

Two Goliad Junior High basketball teams, the eighth and ninth graders, hit the road tonight for games in Andrews.

The first engagement is set for 6 p.m., the second for 7:30 p.m.

The ninth grade Mavericks were to have played in the Snyder tournament last weekend but that meet was postponed due to bad weather.

Goliad is entered in the Midland meet this weekend. It plays its next home games Jan. 31, at which time it entertains Snyder Lamar in a double bill.

CUT YOUR OWN TAXES: 13

Most Have Three Major Deductions

By RAY DE CRANE
NEA Special Writer

As a general rule the average taxpayer needs three major deductions on his Form 1040 to justify itemizing deductions rather than taking the alternative choices. These three are:

- Interest payments on a sizable mortgage.
- Real estate taxes.
- A substantial medical deduction.

Even if you don't have all three, continue through your master checklist of deductions. Then compare your total with your two alternatives: a 10 percent of income allowance, or the minimum standard deduction.

NO LIMIT

There is no limit to the itemized deductions you may claim, so long as they are all allowable and the expenses can be substantiated. Your alternative choices do have limits. The 10 percent rule (for example, \$800 allowance on an \$8,000 income) provides a top allowance of \$1,000 regardless how high the income might be. And this is further restricted to a top of \$500 per person when separate returns are filed by a married couple. The minimum standard deduction permits the use on joint returns of a flat \$200, plus an additional \$100 for each exemption. This means that a husband, wife and five children could claim an allowance of \$900 without itemizing deductions. On separate returns of married persons this would be limited to \$100, plus an additional \$100 for each exemption.

MORTGAGE
In considering the interest deduction on your return, attention is usually centered first on mortgage interest. Ordinarily, the monthly or yearly mortgage slip will show the allocation of the payment among principal, interest, taxes and insurance. If your statement does this, simply total the interest payments made during the year for your allowable deduction. Other interest properly deductible on your return includes the amount paid a bank, savings and loan, credit union or finance company for the use of their money.

A cardinal rule on interest deduction is that it can be claimed only by the person legally obligated for the payment. If you gratuitously make a mortgage payment for one of your children you cannot claim the interest you paid. Similarly, if you helped a friend by making a payment on a note for him, you have no interest deduction.

OBLIGATED
But if you were a co-signer on the note, he defaulted and the finance company forced you to make the payment, you would then have an interest deduction. In that case you were legally obligated to make the payment. Carrying charges and service charges are not deductible as such. To arrive at the allowable interest deduction, total the unpaid balances on the first day of each month, divide by 12 to get the average unpaid balance and then multiply by 6 percent to arrive at allowable interest.

REMOVES MEN
During the howling storm, as 20-foot waves broke over the tanker, a 44-foot pilot boat tender went alongside and removed the 39 men in two loads over a three-hour period.

NEVADA GAMBLING REVENUE AT PEAK
LAS VEGAS, Nev. (AP) — Gov. Grant Sawyer says Nevada Gaming Commission preliminary reports indicate gross gambling revenue in 1965 went over the \$300 million mark for the first time.

Craft Rescues Crewmen On Stricken Ship

NEW YORK (AP)—A Coast Guard craft moved alongside a stricken British tanker, damaged and aground in the Atlantic 15 miles south of Manhattan today, and began taking off the last 13 crewmen, including the master.

A Coast Guard spokesman said the 125-foot search and rescue ship Yeaton removed eight persons from the tanker and was turning around "and making another approach" to take off the other five.

SALVAGING MOVES
The spokesman said the ship's master "would remain in the vicinity" and would consult with the ship owners on further moves to salvage the vessel.

A pilot boat tender rescued 39 men in a dangerous maneuver as fierce winds and waves threatened Sunday to break up the tanker.

However, weather improved through the night and the 13 men remained aboard the 665-foot vessel loaded with crude oil. The Coast Guard said an effort would be made to "take off some of the oil" to lighten the ship in attempts to float it free.

The 21,332-ton tanker Chelwood Beacon ran aground Sunday a half mile east of the Sandy Hook, N.J., lighthouse. The Coast Guard reported winds of 40 to 50 knots and waves up to 25 feet at 8 p.m. Snow and fog hampered the rescue.

REMOVES MEN
During the howling storm, as 20-foot waves broke over the tanker, a 44-foot pilot boat tender went alongside and removed the 39 men in two loads over a three-hour period.

At the peak of each wave, a crewman was plucked from a Jacob's ladder hanging over the side. Michael Rice, 27, an apprentice pilot aboard the tender, described the rescue operation. The seven-year-old, Dutch-built, steam turbine Chelwood Beacon's home port is London.

NEVADA GAMBLING REVENUE AT PEAK
LAS VEGAS, Nev. (AP) — Gov. Grant Sawyer says Nevada Gaming Commission preliminary reports indicate gross gambling revenue in 1965 went over the \$300 million mark for the first time.

He said in a speech that taxes and fees paid to the state rose from \$14.9 million to \$15.7 million during the same period. His beaten and stabbed body was found by Mrs. Mossler and her children as they returned to their Key Biscayne apartment near here.

French, Morocco Ties Deteriorate

PARIS (AP) — Relations between France and Morocco deteriorated further today. King Hassan II rejected French charges that his interior minister masterminded the abduction in Paris of Moroccan opposition leader Mehdi Ben Barka, and France recalled its ambassador to Morocco.

Moroccan sources in Rabat, the Moroccan capital, predicted that President Charles de Gaulle might break relations with France's former North African protectorate.

As French Ambassador Robert Gillet prepared to leave Rabat, sources in the Moroccan capital said Prince Moulay All, the Moroccan envoy to Paris, also would be called home.

FRENCH NOTE
In a note to the Moroccan government, the French said an investigation "makes it appear that the Moroccan minister of the interior organized the kidnapping of Ben Barka and that the Moroccan minister of the interior and several of his direct collaborators participated personally in the last phase of the operation."

"In the absence of adequate action by the Moroccan government, the French government, to its great regret, is led to recall its ambassador to Morocco."

Hassan accused France of a maneuver "designed to besmirch Morocco's honor."

Two French policemen picked up Ben Barka in Paris Oct. 29. The policemen, now under arrest, said Ben Barka was taken to a villa outside Paris. He is believed to have been killed.

President de Gaulle's government issued international arrest warrants against the Moroccan interior minister, Gen. Mohammed Oufkir; Ahmed Dlimi, director of the Moroccan Internal Security Service, and Lardi Chouki, chief of the Moroccan Secret Service.

DE GAULLE IRED
De Gaulle, angered by charges of laxity in his regime, ordered his Justice Ministry to sift out the facts. An agent of the French counterespionage service also has been arrested and the head of the service has been fired.

Oufkir has acknowledged he was in Paris at the time of the abduction but denies any participation in it. He has refused French requests to return to France and assist in the investigation.

A French-Moroccan agreement prevents either country from extraditing its citizens to the other. Moroccan authorities believe De Gaulle blew up the case to show his disapproval of growing U.S. influence in Morocco.

VA EMPLOYEES GET AWARDS
Employees of the VA Hospital were honored Friday at the quarterly employe recognition ceremony.

Vernon L. Cuthbertson, dietetic service employe, was presented a certificate of appreciation and \$40 by Mrs. Evelyn Zachariah, chief of the dietetic service, for suggesting the use of a utility cart for spices and for suggesting the personnel dining room be closed on weekends and holidays.

Charles R. Miller, medical administrative service, received a certificate of appreciation from Bill Hammack, assistant service chief, for improving methods of compiling statistical data. Five nursing employes received service pins at the ceremony. Priscilla T. Brown was presented a 20-year service pin by Dr. H. C. Ernsting, chief of staff; Bessie Love, chief of the nursing service, presented 15-year pins to Frances E. Bartlett and Mrs. Evalena Fisher; and 10-year pins went to Charles Gonzales, Bennie Munoz, and Mrs. Marie S. Peay.

Dr. Elmer O. Breckenridge was given a 10-year service pin by Dr. H. J. Zinn, chief of the surgical service; and Edgar L. Jennings was the recipient of a 10-year service pin, presented by Neil Whittle, canteen officer.

Teamsters' President Hoffa Said 'Doing Fine'
WASHINGTON (AP) — Teamsters' President James R. Hoffa was reported "doing fine" today in Georgetown University Hospital here, where his doctor said he is undergoing medical treatment.
The doctor refused to spell out the nature of the medical treatment for the 52-year-old union leader, but a spokesman at the hospital said Hoffa "is not seriously ill."
The Detroit Free Press and Des Moines Register quoted sources as saying Hoffa had suffered massive internal bleeding and had received blood transfusions. Another source said Hoffa was confined in the hospital for a "head-to-toe" physical examination.
It was not known when he entered the hospital.
