Dolores Wins Big Stock Show Prize

By SAM BLACKBURN The happiest girl in Fort Worth today and perhaps in all of Texas is Dolores Lankford, 13, 4-H Club member from this county.

CHAMPION STEER AND CHAMPION SHOWMAN Dolores Lankford's Hereford Tramp took top honors today

stock Exposition. The victory will mean more than \$7,000 in cash to Dolores. She had already won \$1,125 in cash prizes on Tramp at Fort Worth, before she led him into the show ring at 10 a.m. today to try for the grand championship of the show.

The judges had a tough time with the Hereford steer, which yesterday won the adult exhibit championship, is tough competition in any show ring.

It took all the fine points of 1,090 pound Tramp and the most skillful showmanship technique of Dolores (who has been proclaimed the best showman at both the Fort Worth and the Kansas City Royal) to persuade the arbiters her steer should be awarded the purple rosette of the grand championship.

Watching the judging were several of Dolores' fellow club members, as well as her parents, Mr. and Mrs. A. F. Lankford, who live on the Luther route. Also on hand and as excited as Dolores herself, was Don Brandenberger, assistant county farm agent, who has worked for nearly a year with Dolores and her steer. Also rooting for Dolores was Herb Helbig, county farm agent.

The sad part of the whole thing comes Friday. That's when Dolores will lead Tramp out into the ring for the last time at the big auction sale which will close the show. Tramp will bring from \$6,000 to \$7,000 at the sale, according to observers and that will be the parting of the ways for Tramp and his young mistress.

Dolores plans to use the money that Tramp has earned to pay her way through college. The way things were shaping up Wednesday, that college business is pretty well wrapped up.

When Dolores comes home this weekend from Fort Worth, she should have nearly enough cash to pay her way through college.

Red Losses Mount In Allied Drive

SAIGON, South Viet Nam (AP) - Communist losses were reckoned today at more than 1,100 killed or captured in Operation Masher, the big Allied drive in the central coastal plains. U.S. military spokesmen reported. They called it one of the bloodiest fights of the Vietnamese war.

U.S. fighter-bombers continued the renewed air war against North Viet Nam for the third consecutive day, hitting mainly at bridges, railroad tracks, truck convoys and storage areas. Bad weather again hampered assessment of damage.

Jets from 7th Fleet carriers flew 20 combat missions and Air Force planes hit Ben Thuy, the port on the South China Sea for the city of Vinh, 160 miles south of Hanoi, for the second day in a row, spokesmen said.

U.S. air cavalrymen, South Vietnamese paratroopers and South Koreans carried Operation Masher into the ninth day in a 13-mile-square battleground around Bong Son, 290 miles northeast of Saigon. Spokesmen said the Allied troops found several hundred more enemy bodies.

The spokesmen said the Communist toll has been established as 695 killed, 102 captured and 437 suspects detained. Three-fourths of the latter have been identified as Viet Cong, they said.

Fighting, however, tapered off into only an occasional fire fight, and U.S. B52s from Guam lashed the western borders of the battle zone to cut off any Communist retreat toward Cambodia.

Commenting on the large find of Communist victims, a U.S. spokesman said: "It proves they are no longer able to get their bodies out as they used to do."

No report was made of Allied losses in the operation, which began last Tuesday, but they were believed light.

However, a U.S. military spokesman announced that the number of Americans killed, missing or captured in Viet Nam last week was more than triple that of the week before.

U.S. CASUALTIES

The spokesman said 57 Americans were killed in action, 11 were missing or captured and 281 were wounded. The figures for the week that ended Jan. 22 were 21 killed, 193 wounded and 1 missing.

Viet Cong losses were put at 519 killed and 224 captured, while a Vietnamese military spokesman said government losses were 127 killed and 52 missing.

Viet Cong losses the week before had been reported as 408 killed and 56 captured, while the government reported 209 of its men killed and 185 missing.

American officials did not report any plane losses on the third day of attacks against the Communist North since the 37-day bombing pause.

CLAIMS DOWNINGS

North Viet Nam claimed two planes were brought down Tuesday by its gunners. U.S. spokesmen did not report any losses in Tuesday's raids but said three planes were downed in the first day of strikes.

A Vietnamese army spokesman said government troops killed about 100 Communists - with only light over-all casualties themselves - in a half dozen brisk skirmishes against two enemy regiments between last Friday and Tuesday.

Squatters Leave Base

Civil rights demonstrators were escorted through the main gate of the Greenville Air Force Base after military air police removed the demonstrators from a wooden building they had broken into and staged a squatter.

The group said they used the government installation to dramatize their demands for food, housing and land for the poor of Mississippi. Today the federal government promised poverty grant food for needy. Story on Page 6. (AP WIREPHOTO)

World Health Plan Is Also Aim Of LBJ

WASHINGTON (AP) - President Johnson asked Congress today to authorize \$524 million for expanded programs to promote education and health on a global scale.

He challenged "all nations, friend and foe alike, to join this battle."

In the education field, the President called for strengthened international cooperation to promote learning, expanded exchanges of students and teachers and concrete steps to build and staff schools abroad.

One innovation would be a Peace Corps-in-reverse, with 5,000 volunteers from other countries to be enlisted to teach in the United States and serve in community programs alongside the American volunteers of the antipoverty program.

As for health, Johnson proposed creation of an international career service in health fields - including the assignment of health experts to diplomatic missions. And he called for training more manpower to meet the health needs of developing nations, programs to combat hunger and disease, and cooperation in solving problems of overpopulation which he said threaten "the dignity of the individual and the sanctity of the family."

Johnson fixed as goals the eradication of malaria within 10 years from the Western Hemisphere and parts of Africa, Asia and the Near East, elimination of smallpox throughout the world by 1975 and vaccination programs to reduce the hazards of measles.

The President's health-education package was, in a sense, a grab bag of old and new programs, all of which he said deserve either greater emphasis or a trial run.

Urging Congress to pass his proposed International Health and International Education acts swiftly, Johnson said the national interest warrants it and "the work of peace demands it."

AID PROGRAM

Of the one-year cost of \$524 million, Johnson said \$354 million would be funded through the foreign aid program, \$103 million in the Department of Health, Education and Welfare, \$11 million in the Peace Corps and \$56 million in the cultural and education programs of the State Department.

In the education segment of his message, Johnson directed the creation of a center for educational cooperation in the Health, Education and Welfare Department, appointment of a Council on International Education, establishment of a Corps of Education Officers within the Foreign Service, stimulation of new courses in international studies in American schools.

U.S. Corporations Climbing To Dizzy Heights With Profit

NEW YORK (AP)—Soaring profits have put four new members into the \$100-million club in recent days. There are now at least 37 U.S. corporations which made that much or more in 1965.

With two exceptions, these biggest earners increased their net income after taxes to climb to still dizzier profit heights.

General Motors topped a status of its own as the first corporation to make more than \$2 billion in one year. Its 1965 profit of \$2.1 billion topped 1964 by 23 per cent.

BILLION MARKS

Two others made more than

\$1 billion each. American Telephone & Telegraph rose to \$1.8 billion from \$1.6 billion. Jersey Standard Oil dropped 1.5 per cent below 1965, but still cleared \$1.04 billion, with the fourth quarter showing up better than the first months of the year.

The four newcomers so far are: Union Oil of California, Westinghouse Electric, Cities Service, and Kennecott Copper. A fifth, Dow Chemical, seems likely to join on the strength of its first half results. Profits of the new comers were in the \$101 million to \$106 million range.

TEXACO FOURTH

Fourth place in the profits

standings apparently was retained by Texaco Oil with \$636.7 million in profits, up from \$577.4 million the year before. Ford Motor, yet to report 1965 figures, seems sure of at least fifth place on the strength of its 35 per cent increase in the earlier quarters of the year. In 1964 it cleared \$506 million.

Du Pont and Jersey Standard were the only corporations in the club to make less in 1965 than in 1964. The giant chemical firm dropped to \$407 million from \$471 million, but the decline was entirely due to loss of General Motors dividends which it collected in 1964 on stock it has since disposed of under court order.

A 10 per cent profit gain by International Business Machines should put it in sixth place with \$477 million. Gulf Oil rose 10 per cent to \$427 million. In the over \$300 million class are California Standard Oil and Socony Mobil, and probably Sears, Roebuck on strength or showings earlier in the year.

OTHERS GAIN

Three companies topped \$200 million for the first time: Eastman Kodak, up 35 per cent, Shell Oil and Indiana Standard Oil. Others making more than \$200 million are: U.S. Steel, up 16 per cent; General Electric, and Chrysler.

Three electric utilities already in the club are Pacific Gas & Electric with \$140 million, Consolidated Edison with \$112 million, and Commonwealth Edison with \$108 million.

Houston Ad Man Will Run For U.S. Senate

HOUSTON, Tex. (AP) - John Willoughby, 36, Houston advertising man, said today he will seek the democratic nomination for the U. S. Senate.

Atty. Gen. Waggoner Carr is a candidate for the Senate seat held by Sen. John Tower, R-Tex. "PLAIN DEMOCRAT"

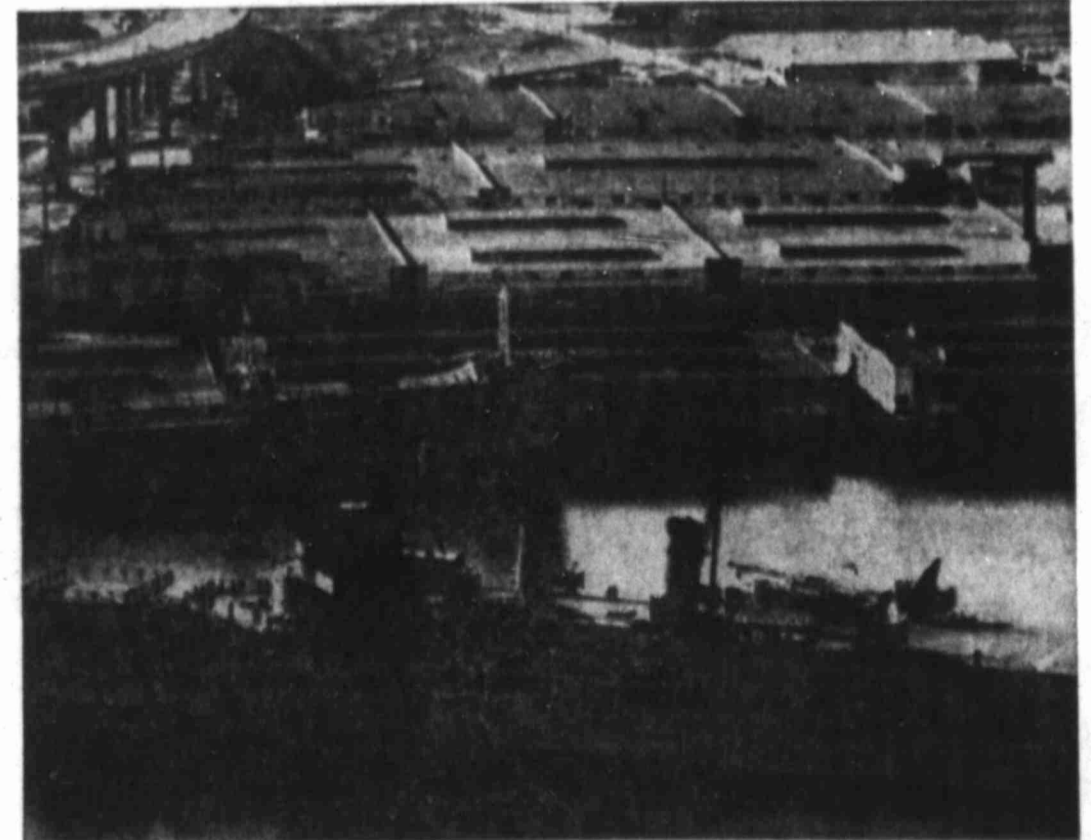

Willoughby described himself as a "plain Democrat" but said he hopes to receive support from individual members of the Texas State AFL-CIO and from the recently organized Texas Liberal Democrats.

Willoughby said Asia, Africa and Latin America hold the key to the nation's survival.

"Any man who aspires to high public office should try not only to diagnose problems in these areas but help to initiate solutions," he said.

Willoughby said he plans to spend most to the next 60 days researching major issues and will not have his platform ready until after March 15.

He is a native of Pauls Valley, Okla., and is a graduate of Oklahoma University. After two years as a radio news announcer in Oklahoma, he moved to Texas, living in the Rio Grande Valley and at Freeport prior to moving to Houston eight years ago.

Bound For Viet Nam

The USNS Corpus Christi Bay, a new type ship and the only one of its kind, leaves the Port of Corpus Christi, Tex., on its way to Viet Nam. It carries 300 Army mechanics

who will repair helicopters damaged in warfare. The Army's only helicopter overhaul and repair depot is in Corpus Christi, where the men trained. (AP Wirephoto)

AVAILABLE AT WEBB Free Message Service To Servicemen Offered

A free message service to servicemen in Viet Nam is available at Webb AFB, S. Sgt. Donald B. Banker, of the communications squadron, announced today.

This squadron operates Webb's MARS (Military Affiliate Radio System) radio station, which primarily acts as an emergency backup for the Air Training Command. It is also authorized to render services to the community, such as sending messages.

Recently a MARS station was opened in Viet Nam, and Sgt. Banker said parents and friends can make use of the free service. The only requirements necessary for sending messages are that it be not more than 25 words and must be sent to a valid military address.

Actually, messages are not limited to Viet Nam, but may be sent to any military man in the United States or the world.

The Webb MARS station is in operation from 7:30 a.m. until 4:30 p.m., Monday through Friday, in Building 301. It can be reached at AM 4-2511, Extension 505.

Council Shunning Peace Try Role

UNITED NATIONS, N.Y. (AP) - The United States may succeed in putting its Viet Nam case before the Security Council today, but an American proposal that the council sponsor peace negotiations appeared doomed.

Jordan held the answer to whether the 15-nation council would debate the issue at all. By Tuesday night the United States had mustered only eight of the nine affirmative votes required to place the issue on the agenda.

Waleed Sadi of Jordan asked

the council to postpone decision on the debate until today so his government could instruct him whether to support the U.S. request for debate on its proposal that the council sponsor preparatory talks to set up a Viet Nam peace conference.

Even if the proposal goes up for debate, opposition led by the Soviet Union and France virtually killed any chance of the United States getting the council to take a hand in a Viet Nam peace settlement.

Formal Split By Reds Eyed

MOSCOW (AP) - The Kremlin may be preparing the Soviet Communist party for a formal split with Red China. It may come at the party congress next month.

Soviet Communist sources said a long letter from the

Kremlin detailing the charges against Peking had been circulated to party groups during the past two weeks.

Party Presidium members, including First Secretary Leonid I. Brezhnev, have spoken at meetings where the letter was read, the sources said.

FORMAL DECLARATION

The purpose of the letter, the sources said, is to prepare the party membership for a formal declaration that a reconciliation with Peking is impossible. It may come at the party congress opening March 29 in Moscow, the informants added.

The letter reportedly accuses China of hindering Soviet aid to North Viet Nam, attempting to subvert areas like Mongolia, staging border incidents, flooding the Soviet Union with anti-Soviet leaflets and falsely proclaiming that the Soviet Union cooperates with the United States on international problems.

BASIC DOCUMENT

The informants said the letter is meant to be a basic document on relations with China and takes about two hours to read. It is reportedly meant only for trusted party members, but its circulation has been so wide that many ordinary Soviet citizens have heard about it.

Scream Shattered Night Jacques Mossler Slain

MIAMI, Fla. (AP) - Mrs. Irene Durr described today how "a horrible scream and the furious barking of a dog" brought her out of her bed at the Governor's Lodge apartments the night Jacques Mossler was beaten and stabbed to death.

Later that night, Mrs. Durr testified, she heard Candace Mossler's adopted son, Eddie, II, ask her, "Mom, you don't want us to tell?"

(Another Story on Page 3.)

When the car reached the road leading off the island to Miami, she said the driver turned on his lights.

INAUDIBLE REPLY

About 4:30 a.m., some three hours after the disturbance, Mrs. Durr said she saw Mrs. Mossler and Eddie in the hallway and heard Eddie ask his question. She said Mrs. Mossler mumbled an inaudible reply.

The white car, Mrs. Durr testified, had been parked frequently in the Mossler space. The state charges that Powers killed Mossler, left the car at Miami International Airport and flew back to his home in Houston, Tex.

FAST FOOTSTEPS

Mrs. Durr said she went back to bed and 15 minutes later heard someone "running with heavy steps" down the hall and down the concrete steps to the parking lot. She ran out again and said she saw a car she thought was a white Chevrolet speed out of the lot without lights.

When the car reached the road leading off the island to Miami, she said the driver turned on his lights.

SHE, NEPHEW

Mrs. Mossler and her nephew, Melvin Lane Powers, are on trial, charged with the murder of Mossler in the early morning of June 30, 1964.

Mrs. Durr, manager of the apartment house on Key Biscayne, said when she heard the scream and the barking she rushed out her door and saw the second-floor Mossler apartment "all lighted up."

Slain Mossler Called Ruthless And Deviate

MIAMI, Fla. (AP) — A defense attorney says Jacques Mossler was a ruthless businessman and a sexual deviate with thousands of enemies who could have killed him. The State of Florida says Mossler was murdered by two persons — his wife, Candace, and her nephew, Melvin Lane Powers — because of hatred, love and money. LONG, SENSATIONAL It was on these lines that the battle was drawn Tuesday for a trial that could be one of the most sensational in Florida history — and the longest. "If each one of the 39 knife

wounds in Jacques Mossler's body was inflicted by a different person," defense attorney Percy Foreman told the jury. "There still would be many times that number of people left with real or imaginary justification." TAGGED "RUTHLESS" The Houston, Tex., trial lawyer charged in a 70-minute opening statement that Mossler "was as ruthless in business as any pirate who ever sailed the seas of commerce." Foreman also said that Mossler, 69, head of a banking and loan company empire, practiced

"every conceivable sexual deviation in all psychiatry." In the worlds of business and homosexuality, he said, Mossler encountered thousands of people who could have killed him. Before Foreman spoke, Asst. State Atty. Arthur Huttoo told the jury the state would present evidence that there were three motives for Mossler's murder. These were, he said, a personal hatred Powers felt for Mossler, "a sordid, illicit love affair" between Powers and Mrs. Mossler — and money. The trial is expected to last for months.

Utah Stores In Grocery Price War

SALT LAKE CITY, Utah (AP) — The two-month-old battle of the market basket for \$285 million worth of Utah's annual retail grocery trade brought charges today of failure to enforce the state's fair trade law.

A price-slashing contest involving an estimated 125 to 160 metropolitan food stores has continued since December, with few signs of a letup.

Housewives have saved as much as 30 cents on shortening, 15 cents on detergents and 10 to 15 cents per pound on meat. Everyday prices have been cut from 2 or 3 per cent to 10 per cent on other staples such as coffee, cereal, flour, sugar and baby food.

BELOW COST "The cutting is still on," said Bob Nelson, owner of a large Salt Lake City discount food store. "Prices are still way below what it takes to be a healthy situation. Most staples are at cost or 4 per cent below."

The cutting has threatened Utah's "six per cent law" with a State Supreme Court test. The law bans prices that cut profit below 6 1/2 per cent of cost to wholesalers.

Nelson said officials have failed to enforce the law — passed in 1937 — for the past 20 years.

"They should test the law, enforce it, or take it off the books," said Nelson.

Vern Brazell, executive secretary of the Utah Retail Grocers Association, joined the call for enforcement. "We want the law," he said, "but we want it enforced."

GROCERS FEARFUL Other grocers have expressed fear that a long price war could leave the entire market in the hands of large grocery chains.

Dale Jones, member of the policy committee of the Independent Grocer Association said: "The guy with the deep pocket is the guy who's still going to be here when the smoke clears away."

Paul Revere Jr. Dislikes Horses

BOSTON (AP) — "Listen my children and you shall hear... about the Paul Revere who hates horses."

Paul Revere Jr., great-great-grandson of the midnight rider, travels by automobile — about 150 miles a day — in his job as a salesman.

The 34-year-old descendant of the man who warned the patriots at Lexington in 1775 that the British were coming to destroy their supplies at Concord says there always is skepticism when he's introduced to someone.

PEOPLE SKEPTICAL "They say, 'Are you kidding?' when they hear the name and then ask, 'Where's your horse?'"

"That may account for my dislike for horses," Revere said good humoredly in an interview.

He is proud of the Revere tradition, however. Revere, a sales engineer with a degree from Bowdoin College in Maine, thinks of his famous forebear as "quite a character, a very industrious man. His industry has been passed on in the family."

Revere lives in suburban Acton, near Concord, with his wife

and two children, a son, Paul III, 4, and daughter, Avery, 6.

METAL SALESMAN Paul Jr. travels extensively in eastern New England, selling fabricated copper, brass and aluminum to industries. He is employed by Revere Copper & Brass Co., a firm the first Paul Revere founded in 1801.

"The ownership has gone from the family, but the memory lingers on," he says.

The midnight rider was silversmith by trade and his skilled craftsmanship became widely recognized. He also cast bronze cannon for the Colonial army and was the first to introduce copper rolling in this country.

FAMOUS POEM Paul Revere Jr. acknowledges that a good deal of what people know of his forebear's ride to Concord on "the 18th of April in '75" was the result of Henry Wadsworth Longfellow's famous poem.

"For one thing he never did get to Concord. He got captured. I met Esther Forbes (Revere's biographer) in college and she said he had a good press agent in Longfellow."

Circus Aerialist Who Spurned Net Injured

DETROIT (AP) — The Great Murillo, an aerialist with the Ringling Brothers Circus, never used a balancing pole or a safety net — a feat which "separates the boys from the men," a circus official said.

Luis Murillo, 32, was hospitalized in critical condition with a fractured pelvis and head injuries received Tuesday when he fell 45 feet to the sawdust floor of Detroit's State Fair Coliseum.

Murillo, of Hollywood, Calif. was performing at the annual Shrine Circus. He was walking up a 45-degree slanted wire toward his main performing wire

when he fell. Some 8,000 persons saw him fall. Murillo's fall occurred just a few feet from the spot where the Flying Wallendas' high wire act, the "human pyramid," crashed to the ground in 1962. Two of the seven-man balancing act were killed.

U.S. Payment To Farmers: \$2.45 Billion

WASHINGTON (AP)—Farmers received a record \$2.45 billion in government payments during 1965 for cooperating with controls and farm price and income stabilization programs.

This meant that farmers got \$1 from the government for every \$15.90 in general receipts from the sale of products. Agriculture Department records show total farm payments were \$281 million more than in 1964 when they represented 5.88 per cent of the income producers received from the sale of commodities.

Last year's big payment represented a vast jump from 1953, the first year payments were made, when they totaled \$131 million. Last year was the first in which they were over \$2 billion.

Inasmuch as this year's farm programs make greater use than ever of direct payments, the 1966 total to be paid farmers

is likely to exceed \$3 billion. No figures were available yet on distribution of payments by states, but it was apparent that at least half went to Midwest grain growers and commercial wheat growers of the Great Plains.

Payments to farmers who held some cropland out of production of corn, barley and sorghum grain under a supply stabilization program totaled \$1,388,000,000.

Gen. Clay Will Be Dining-In Speaker For Class 66-E

Maj. Gen. Lucius D. Clay Jr., commander of the 12th Air Force, will be the guest speaker at the Dining-In Friday evening in honor of graduating Class 66-E.

Gen. Clay's military career began with his graduation from the Military Academy at West Point in 1942. He received his pilot's wings at Lubbock Army Air Field that year and is now a command pilot.

After two assignments flying the B-26, he was sent overseas with the 344th Bomb Group where he advanced to lieutenant

colonel and held a variety of positions in that group, culminating as commander of the 344th Bomb Group in the European Theater.

At the close of hostilities he remained with the Army of Occupation until his organization was inactivated and then he moved to the European Air Depot at Erdling, Germany, as Deputy commander.

In 1947, he returned to the United States and was assigned to the office of assistant chief of staff, Research and Development, Headquarters Army Air Force, where he was associated with the development of the Air Force's atomic capability.

A tour at the Air University, Maxwell AFB, split his Pentagon tours. He returned to the Pentagon in 1952 as a member of the planning organization of the Joint Chiefs of Staff. Several other Pentagon jobs preceded his assignment to the Strategic Air Command and the 72nd Bombardment Wing, Ramey AFB, Puerto Rico.

Chief of the plans division, Headquarters Strategic Air Command, was his next assignment. He participated in the development of many of the basic planning premises of the Strategic Air Command, and was involved in the Development of the Joint Strategic Target Planning Staff.

In February, 1961, he transferred to the joint staff of the newly formed Joint War Games Control Group. He served there until June, 1962, when he was assigned as deputy director for operations of the Operations Directorate of the Joint Staff, when he was nominated to the rank of brigadier general.

On Aug. 15, 1964, Gen. Clay became vice commander of the 12th Air Force, Tactical Air Command at Waco. Immediately preceding his assignment to the 12th Air Force, he was promoted to the rank of major general.

Gen. G. P. Disoway, commander of the Tactical Air Command, announced last Jan. 12, that Gen. Clay was to assume full command of the 12th Air Force Feb. 1.

Gen. Clay is married to the former Betty Rose Commander, and they have four children.

Kermit Marine Viet Casualty

WASHINGTON (AP) — Four Texans were included Tuesday on a list issued by the Defense Department of those killed in action in Viet Nam.

One of the dead was Army Sgt. I.C. Cecil J. Hodgson, husband of Mrs. Nelda Hodgson, Greenville, Tex.

The other three, all Marine Corps personnel, were Cpl. Terrence D. Adams, husband of Mrs. Terrence D. Adams, Waco; Cpl. David J. Budka, husband of Mrs. David J. Budka, Kermit, Tex.; and Lance Cpl. Gregorio Valdez, son of Mr. and Mrs. Gregorio Valdez, San Antonio.

Monahans Man Pleads Innocent

MONAHANS, Tex. (AP) — Delbert Wilson Jones, 23, a former Monahans trucking company employe, entered a plea of innocent Tuesday to charges of murdering a young Monahans couple.

Jones has been in jail since Nov. 21, two days after Reyes Garcia and his wife, Maria, were found dead in their apartment.

Dist. Judge J. H. Starley did not set a trial date for Jones.

It Was Alive

Remember that nine-inch centipede whose picture appeared in these pages Tuesday? The story said he was dead. It wasn't and isn't. It was just being cold-blooded, firemen explained. "You ought to go pick him up now," they invited, insisting it is a good pet.

Save Steps With Two Broom Sets
If you live in a split-level or a two-story home, keep cleaning supplies in closets on both floors to save yourself from having to run up and down stairs for them.

If it is impractical to do that, then, on cleaning day, carry all cleaning supplies upstairs at one time, using a large, light container, something like a plastic dish pan.

Keep Brush In Jar Of Solvent
Paint brushes may be suspended in a jar of solvent by simply forcing the handles through a piece of cardboard and covering the jar with it so they are ready for use if you plan to continue the job next day.

This will slow down evaporation and protect the bristles by holding them above the bottom of the jar, for you can set the brushes at any depth you want.

Rail Engine, Bus Mishap Kills 19

MIAMI, Fla. (AP) — Nineteen young Puerto Ricans, who came to Florida's fields to earn some extra dollars, were killed Tuesday when a farm labor bus collided with a diesel engine.

Fifteen others were badly injured as the engine crushed the bus like an accordion and pushed it 432 feet.

It was the second-worst traffic accident in Florida's history and another in a long series of accidents involving vehicles that carry Florida's field hands.

Friends of the Puerto Ricans heard the news at the labor camp where the bus was bound following a day in a pole-bean field.

"Did these men have families?" a man asked one of the few who spoke English.

"They were Puerto Ricans," was the reply. "In Puerto Rico everybody has a family."

HEARS RACKET

Conductor Edward B. Shaw said the Seaboard Air Line Railroad engine, which carried only a single caboose, was traveling about 30 miles an hour when it reached the crossing, about 15 miles from downtown Miami.

"The bus just ran in front of us," Shaw said. "Then I heard the racket. I looked back and couldn't see anything but dust. Then it settled and I saw bodies lying at the side of the road."

"The brakeman yelled, 'Good Lord, we've killed a bunch of people.'"

"They were all hollering and crying."

The bus was hit squarely in the middle and wrapped around the front of the engine.

HATS SCATTERED

Battered straw and felt hats were scattered along the road bed. Inside the bus were shoes, shreds of clothing, a battered tin cup and a paper bag that carried lunch to the field.

Police and firemen worked for hours under floodlights to pry the bus from the engine with wreckers and acetylene torches.

Friends from the labor camp, called to identify the dead, crossed themselves as they lifted each blanket.

LIGHT NOT ON

Some electrical equipment for a warning light was strewn by the crossing. The railroad had decided to install a flashing light after another collision several weeks ago when a tomato bus knocked a train off the track. The light had not been finished.

The crossing was marked by a railroad cross painted on the narrow country road and by stop signs on both sides.

Rows of trees grew along the road and it would be difficult to see an approaching train. The sheriff's office said it found no skid marks.

Houston Ends Program In Illiteracy Fight

HOUSTON (AP) — Houston school officials blame lack of funds for suspending this week a program to teach illiterates to read and write.

John W. McFarland, superintendent of school, said Tuesday the decision was made to halt the program this Friday because "we could not finance another term of it."

The program was begun last September and operated by the Houston School System with federal funds under the poverty program.

Houston School Board President Robert Y. Eckels said "it's a very good program, but we do not have the money in the local budget to continue it. Our basic function is to educate people in our public schools."

Earlier this year, federal allocations to state education agencies for the basic adult education program were reduced.

Houston's allocation was cut from \$240,000 to \$188,000 as of Friday, the Houston School System will have spent all of this allocation.

School officials decided to end the program until more money can be found.

Spears Files In State Race

AUSTIN (AP) — Sen. Franklin Spears of San Antonio filed Tuesday as a candidate for attorney general, promising "to assist the man who wears the badge, who walks the beat."

He paid his \$1,000 filing fee to state Democratic Chairman Will Davis, then told a news conference he will conduct a widespread campaign by visiting "every town in the state."

Last month Davis refused Spears' fee, contending there was a constitutional question about his eligibility, a doubt erased by a Texas Supreme Court ruling Monday.

The 34-year-old legislator served two terms in the House and has been in the Senate since 1961.

The only other person who has announced for attorney general is Secretary of State Crawford Martin, a close friend and political ally of Gov. John Connally. Sen. Galloway Calhoun of Tyler, who also had to go to court to

get his name on the ballot, is expected to file before the Feb. 7 deadline.

Spears and Calhoun were cleared by the Supreme Court to run after Davis contended they were ineligible because they served in the 59th Legislature which voted to increase the attorney general's salary.

DEAR ABBY

Youthful Curiosity

DEAR ABBY: How can you keep a child who is old enough to read from reading all those trashy magazines they pick up at the newsstands? Our son is 15 and some of the "girlie" magazines we find in his room are terrible. He says all his friends read them. If you have an answer for us, please print it.

I wrote this letter. Maybe I just wanted to tell somebody that there is one 16-year-old girl who never had a boy friend and does not need one. Is there something wrong with me?

"HAPPY" IN CARLSBAD
DEAR HAPPY: Not if you're really "happy."

CONCERNED PARENTS
DEAR PARENTS: All normal adolescents have a certain amount of curiosity, which is satisfied in this way. A healthy, adjusted child will pass through this stage unharmed, in spite of the trash he reads. And your son probably will, too. Let him know that you are disappointed in his choice of "literature" and make sure you have plenty of good reading material available. Then keep your eyes open. If the boy appears to be overly preoccupied with trash to the exclusion of everything else, and his taste doesn't improve with maturity, he will need professional help.

DEAR ABBY: I work in a 23-year-old girl who works in a factory where I meet a lot of men. There is one fellow I see there every day, and I sure do like his looks. Abby, I'm far from being hard on the eyes, but this guy doesn't even know I'm alive. Lots of the factory men ask to date me but they don't interest me. I am 5 ft. 7 in. in flats. This guy is like a whole head shorter than I, but I don't care. He really has me going. I'd give anything to go out with him. One of the girls in the plant says she knows him and he is a wonderful person, a lot of fun, a good dancer and has a good sense of humor. She also says she's seen him out with girls much taller than himself so he can't be self-conscious about his height. How can I get him interested in me?

DEAR ABBY: I am a 16-year-old girl who knows more about motors than any boy my age. I was brought up next door to my uncle's garage and I have always been good at taking things apart and putting them back together. I never liked to dress up in dresses. I am much happier in greasy jeans. I think girls who giggle over boys are silly, and I don't care anything about boys who are silly over girls, either. Lots of people take me for a boy, but it doesn't bug me a bit. I take it as a compliment. I don't know why

DEAR ABBY: Tell the girl who knows him that you would like to know him, too. She could arrange a small get-together to include both of you. Then you're on your own.

Problems? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

Buster Keaton Rites Friday

HOLLYWOOD (AP) — The granite-faced little man in the shapeless suit and flat hat died of the springboard, missed the pool and drilled a hole through the concrete embankment.

After a subtitle, "Years later," he emerged from the shaft, dressed in Oriental clothes and accompanied by a Chinese wife and two children.

The audience roared.

But the laughter died Tuesday when Buster Keaton, who had entertained audiences since he was 4, died of lung cancer at the suburban Woodland Hills home where he and his wife lived. He was 70.

WIFE AT SIDE
Keaton was stricken three months ago. His wife, Eleanor, a tall, blonde dancer he married in 1940, was with him when he died.

Funeral services will be held at 1:30 p.m. Friday in the Church of the Hills at Forest Lawn Memorial Park, where he will be interred.

Keaton's star rose in the heyday of silent screen comedy, fell with the advent of talkies, then rose again during the last 10 years.

Buster was born John Joseph Keaton Oct. 4, 1895, in Piqua, Kan., where his acrobat parents, Joseph and Myra, were playing a one-night stand with escape artist Harry Houdini.

He often related that when he was one day old, his father carried him on stage. By the time he could walk he was one of the "Three Keatons" act.

He was thrown between his father and uncles with such seeming ferocity he was called "Buster." The nickname stuck.

QUICK SUCCESS
In 1917, Fatty Arbuckle convinced Keaton to try his luck in Hollywood, where he became an almost immediate two-reel comedy favorite. Whether he was going down with a newly launched ship, being swatted with a broom, or being chased by a locomotive, his stone face retained its sorrowful, immobile stare.

He married Natalie Talmadge, a reigning screen star, in 1921. She bore him two sons, Joseph and Robert. Eleven years later they were divorced.

In 1932 he married Mae Scribbs, a nurse. They were divorced in 1935.

Questionnaires Due With Checks

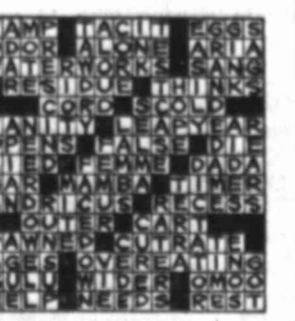

Veterans and dependents of veterans on Veterans Administration's compensation and pension rolls who have school age children will receive a special questionnaire with their February checks, Jack Coker, manager of the Waco regional office said today. He said the checks and questionnaires would arrive after Feb. 1, 1966.

Need for the information asked by the questionnaire follows a recent law providing higher rates of educational payments for school children and at the same time raised the maximum age limit from 21 to 23.

The questionnaire also asks for the payee's zip code number in keeping with current postal regulations in order to speed up the delivery of both checks and correspondence.

1,875 pennies saved is 2,500 pennies earned
(with U.S. Savings Bonds)

25 YEARS OF Star-Spangled Security FOR AMERICANS 1941-1966

If Ben Franklin were around today, he'd be amazed at what's happened to some of the things he innovated.

His fire insurance idea, for instance, has mushroomed into thousands of companies protecting millions of Americans.

His adventure with lightning has helped create myriads of electrical servants that make life easier and more fun.

And tens of millions of American families live by his principle of thrift, and save by investing regularly in U. S. Savings Bonds. At maturity Bonds pay \$25.00 for every \$18.75 you invest. Or, as Mr. Franklin might have said it, "1,875 pennies saved is 2,500 pennies earned."

If you're not thrifty by nature, you can make saving easier by joining the Payroll Savings Plan where you work. This way the money is saved for you every payday, and your Bonds purchased automatically.

And while the money is piling up for retirement, or an emergency, or your children's education, Uncle Sam is using it to strengthen the foundation of freedom Ben Franklin helped build.

Begin saving your pennies. Only 63 of them a day for one month, and you've got your starter Bond.

For your information: Series E Bonds pay back \$4 for every \$3 at maturity, are protected against loss, provide tax advantages, can be purchased where you work or bank. For current income on your investment, ask about Series H Bonds.

Reopen Geneva Conference In Peace Try, Solons Plead

WASHINGTON (AP) — Three Senate leaders joined today in urging action to accept what they interpreted as willingness on the part of Peking and Hanoi to reopen the Geneva Conference to talk Viet Nam peace terms.

Democratic Leader Mike Mansfield of Montana prepared to appeal in a Senate speech for new administration efforts to get the conference, which negotiated the 1954 division of Viet

Nam, back into session for fresh negotiations.

Chairman J. William Fulbright of the Foreign Relations Committee proposed Tuesday the sessions be reconvened. His proposal won support from Sen. George D. Aiken, R-Vt., dean of Senate Republicans and a member of Fulbright's committee.

FRESH HOPE

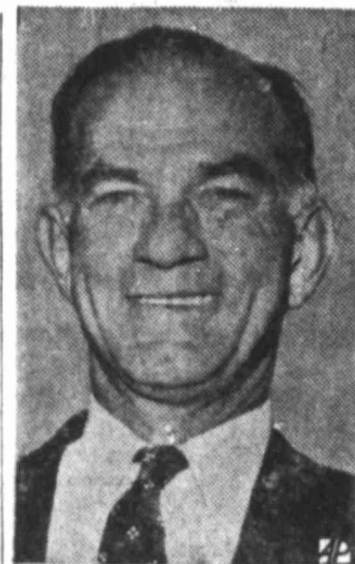

The three senators based their fresh hope for negotiations on a North Vietnamese statement transmitted by Radio Hanoi and Peking's New China News Agency. The statement said the Viet Nam question "falls within the competence of the 1954 Geneva Conference on Indochina."

Fulbright said that if China and North Viet Nam are willing to join in discussions, "why not take them up on it?" "There is some logic in utilizing the same group which attempted to settle the war in 1954," he said. "If the effort in the United Nations fails, why not try to get the Geneva Conference reconvened?"

Led by opposition from the Soviet Union and France, the 15-member U.N. Security Council delayed until today a vote on a U.S. request for peace discussions. Observers said the opposition virtually killed any chances for immediate U.N. action.

SEES FAILURE

Aiken forecast failure for President Johnson's effort to get U.N. action on the Viet Nam question, although he said he is glad the attempt is under way. "Our difficulty lies in the fact that nobody in the Communist

J. WILLIAM FULBRIGHT

world — and some in our own — believes that we really and seriously want peace," he said. "I am convinced that one man does and that's President Johnson."

Mansfield said that despite Russian and French opposition, "the door has not quite been shut yet" on U.N. efforts.

The United States was not a party to the 1954 Geneva meeting although it accepted its terms. Britain and the Soviet Union are co-chairmen of the conference and it would require agreement between them for its reconvening.

HANOI'S DEMAND

Mansfield said that if Peking and Hanoi really want to talk, "I would think that the Soviet Union would go along with her sister Communist states."

The Montana Democrat said he assumes that Hanoi's demand for an end to North Viet Nam bombing, withdrawal of American troops and recognition of the Viet Cong would be open to debate in any reconvened conference.

He and Fulbright said they take the view that these are Communist "talking points," which would not have to be accepted in advance of any peace conference.

Texas Sector Due To Be Bit Warmer

By The Associated Press

A slight warming trend is expected today in north central and Northwest Texas, with temperatures expected to drop slightly in South Texas as the rapidly moving cold front cleared the state late Tuesday as it passed Brownsville.

Texas remained among the few areas with pleasant weather Tuesday and is expected to stay that way until another cold front dips into Northwest Texas tonight. Some snow is expected in the Panhandle late tonight or early Thursday.

Temperatures early today ranged from 10 at Amarillo to 55 at Brownsville. Some sample temperatures across the state at 2 a.m. included 36 at El Paso, 23 at Lubbock, 27 at Fort Worth, 31 at San Antonio, 35 at Houston, 29 at Austin, 26 at Dallas, and 25 at Abilene.

No precipitation was reported at any Texas city during the night.

Skies are expected to remain clear to partly cloudy in South Texas today, and partly cloudy to cloudy in North Texas.

Focus Put On Viet Resolution

WASHINGTON (AP) — The congressional resolution on Viet Nam signed by President Johnson has rocketed back into the limelight in snow-covered Washington. Exactly what does it say?

In one form or another, the resolution has, like an undercurrent, swept beneath the great decisions and debates over Viet Nam the past five days.

It was used by President Johnson as guidance in his decision to resume bombing of targets in North Viet Nam.

It was cited by Chairman J.W. Fulbright of the Senate Foreign Relations Committee who said he was "not at all proud of" the part he had in its passage.

REPEAL SOUGHT

Its repeal is being sought by Sen. Wayne Morse, D-Ore., persistent critic of the Johnson administration's handling of the Viet Nam situation.

Johnson requested the resolution shortly after the Gulf of Tonkin incidents in which North Vietnamese PT boats attacked American destroyers.

Here is the text of the joint resolution passed Aug. 10, 1964, "to promote the maintenance of

international peace and security in Southeast Asia."

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,

Whereas naval units of the Communist regime in Viet Nam, in violation of the principles of the Charter of the United Nations and of international law, have deliberately and repeatedly attacked United States naval vessels lawfully present in international waters and have thereby created a serious threat to international peace;

RED AGGRESSION

Whereas these attacks are part of a deliberate and systematic campaign of aggression that the Communist regime in North Viet Nam has been waging against its neighbors and the nations joined with them in the collective defense of their freedom;

Whereas the United States is assisting the peoples of Southeast Asia to protect their freedom and has no territorial, military or political ambitions in that area, but desires only that these peoples should be left in peace to work out their own destinies in their own way;

Now, therefore, be it resolved, by the Senate and House of Representatives of the United States of America in Congress assembled:

PRESIDENTIAL POWER

The Congress approves and supports the determination of the President, as commander in chief, to take all necessary measures to repel any armed attack against the forces of the United States and to prevent further aggression.

Sec. 2. The United States regards as vital to its national interest and to world peace the maintenance of international peace and security in Southeast Asia. Consonant with the constitution of the Charter of the United Nations and in accordance with its obligation under the Southeast Asia Collective Defense Treaty, the United States is, therefore, prepared, as the President determines, to take all necessary steps, including the use of armed force, to assist any member or protocol state of the Southeast Asia Collective Defense Treaty requesting assistance in defense of its freedom.

Sec. 3. This resolution shall expire when the President shall determine that the peace and security of the area is reasonably assured by international conditions created by action of the United Nations or otherwise, except that it may be terminated earlier by concurrent resolution of the Congress.

South was the declarer in today's hand at a contract of three no trump.

West opened the five of clubs. East put up the king and South permitted him to hold the trick. East continued with the jack, declarer played the four and West overtook with the queen to continue the suit. South ducked a third time but won the next trick with the ace — dummy having discarded a spade and a diamond on the third and fourth clubs, and East did likewise.

Declarer observed that, if the

hearts divided evenly, he would have eight tricks—three spades, four hearts, and one club. Since the ninth must come from diamonds, he resolved to put that issue to an immediate test.

A heart was led to the queen and a diamond was returned. East followed with the three and South put up the king which held the trick. A heart was led to the king; however, when the jack appeared from West, South decided that a favorable heart division was not forthcoming, and he embarked on a new course.

The ace of spades was cashed and the suit continued. On the third spade, North discarded the nine of diamonds and East the ten. Declarer exited with a diamond and East was in with the ace. His remaining cards were the 10-8 of hearts and, on the forced return, the dummy took the last two tricks with the A-9.

East could have averted his fate by discarding the ace of diamonds on the third round of spades, which permits West to win a diamond continuation with the queen and then cash the setting trick in either spades or clubs. East had nothing to lose by releasing his high diamond for, if South has the queen, then there is no way to prevent him from establishing his ninth trick in that suit.

Pickets Brave Taunts, Cold To Protest War

HOUSTON (AP) — Braving cold winds and cries of "You Commies" and "You're Nuts," nine pickets protested the Viet Nam war for some four hours Tuesday in downtown Houston.

Geoffrey Bowman, 19, said he was the leader of the group and that it represented the Houston Citizens for Action on Viet Nam.

The protesters, armed with placards, marched in front of the Tennessee Building, which houses the Tenneco Oil Co. offices.

DENIES IT

Bowman said they were picketing Tenneco because two of its subsidiaries make napalm for bombs which burn on impact and quickly cover large sections with flames. However, a Tenneco spokesman denied this. He said neither Tenneco nor any of its subsidiaries have produced napalm for more than three years.

ing deaths," read one sign. "Tenneco supports bloody death," said another.

Some of the marchers used their signs as shields against the cold wind that whipped through downtown Houston Tuesday afternoon.

LASH OUT
Many passersby lashed out at the pickets. "You've got a hell of a lot to do with your time," a middle-aged businessman yelled.

A woman watching the demonstration simply giggled and said, "Isn't that silly?"

Several motorists stopped at the curbs, rolled down their windows and shouted at the pickets.

"It's never really a popular cause to oppose criminal acts sponsored by the government," said Bowman, who told reporters he is an English student at Rice University.

The group plans more protests next month, Bowman said.
