AF Plane Wreckage Is Sighted

PALOMARES BEACH, Spain (AP)—Air and ground searchers today located the wreckage of a U.S. Air Force Globemaster II...

C124 VANISHES

The giant C124, based at Hunter Air Force Base, Ga., disappeared Saturday night after leaving Seville with two buses for use by bomb searchers here on the southern coast.

Spanish Civil Guards and civilian volunteers resumed the search for the plane early today after camping out in the snowy Sierra Nevada mountains.

HOPE WANES

"It would be a miracle if anyone emerged alive from this one," said a Spanish air force officer who had scanned the jagged mountain range without

spotting any trace of wreckage. Villagers reported they had seen lights and heard an explosion on 11,425-foot Pico Mulhacen...

VICTIMS LISTED

The subs waited until the winds eased off in the afternoon, then made some dives. The bomb was lost Jan. 17 in the collision and crash of a B52 bomber and its jet tanker.

Soviet Court Declares Two Writers Guilty

MOSCOW (AP) — Two Russian writers were convicted today of anti-Soviet propaganda because of books they published abroad under pen names.

Andrei D. Sinyavsky was sentenced to seven years at hard labor, and Yuli M. Daniel was sentenced to five years at hard labor, Tass news agency reported.

Both men pleaded innocent, arguing that the satirical writings they published in the West under pen names were not anti-Soviet propaganda.

The Soviet press said there was no question of their guilt.

Viet Civilians Die On Buses Cong Mined

SAIGON, South Viet Nam (AP)—The Viet Cong mined three buses today, killing 54 Vietnamese civilians and wounding 18 in retaliation for an Allied operation that is rescuing a huge rice harvest.

CENTRAL COAST

The death-dealing Viet Cong mines were set off on a road 10 miles southwest of Tuy Hoa, on the central coast where the U.S. 101st Airborne, South Korean marines and South Vietnamese troops have been scouring the countryside for several weeks while the rice was being harvested.

An American spokesman said the first blast was touched off about 7:30 a.m., catching a busload of farmers and killing 27 and wounding 11.

The explosion left a crater nine feet deep in the road, hurled the bus into a canal and scattered bodies along the roadside.

About an hour and a half later, the spokesman continued, a three-wheel vehicle used as a bus and jammed with passengers drove along the same stretch of road and touched off a second mine. Another 20 Vietnamese were killed and seven wounded.

An hour and a half later a second three-wheel bus drove onto the scene and set off a third mine. This time seven persons were reported killed.

The mining evidently was in retaliation for the rice harvesting, which has been highly successful in an area that until recently had to import 600 tons a month because the Viet Cong controlled a major portion of the crop.

27,100 TONS

The airborne brigade, which with Allied troops has killed 137 Viet Cong and captured 757 weapons in Operation Van Buren, reported that 51 per cent of the harvest is in, a total of 27,100 tons of rice now in government warehouses.

Patrols found new Viet Cong hideouts today, including abandoned tunnels and fortifications. A battalion-sized camp was discovered near where the farmers were blasted. A spokesman said it contained about 40,000 rounds of small-arms ammunition and had been deserted for about a week when the paratroopers converged on that district.

Some 50 miles southwest of Saigon, the Viet Cong early today attacked an outpost in Dinh Tuong Province manned by about 240 government militiamen. Planes and artillery finally drove the guerrillas back, killing five, a Vietnamese military spokesman said. Government losses were described as light.

KILL CONG

U.S. 1st Cavalry, Airmobile, Division troops with air and artillery support reported killing 88 Viet Cong Sunday around the An Lao Valley 280 miles northeast of Saigon. The action brought to 219 the number of Communist dead in three days of Operation Eagle's Claw.

U.S. Marines in a coordinated action north of An Lao reported killing 15 guerrillas, bringing their total in the operation to 289. South Korean troops operating 15 miles northwest of Jui Nhon reported killing 45 Viet Cong in scattered patrol actions.

Legislators' Political Plug Insertions To Spur Battle

AUSTIN (AP) — Day-to-day political plugs and a liberal-conservative battle over annual permanent voter registration will make the Texas special legislative session convening today a lively one.

Gov. John Connally called the session Thursday to enact a voter registration law for use if the U.S. Supreme Court sustains a federal court ruling that the state's poll tax voting requirement is unconstitutional.

MIAMI, Fla. (AP) — An Arkansas State Penitentiary convict testified today that Melvin Lane Powers asked him to kidnap Jacques Mossler in 1962.

U.S. 1st Cavalry, Airmobile, Division troops with air and artillery support reported killing 88 Viet Cong Sunday around the An Lao Valley 280 miles northeast of Saigon.

House Speaker Ben Barnes said they look for major consideration to center on a bill requiring voters to register each year by Jan. 31. Smith said a Senate majority favors such a bill.

Opponents of permanent registration say it would not provide adequate safeguards against election frauds.

WAS STIPULATED

When the 59th Legislature submitted poll tax repeal to the voters for a November 1966 decision, it stipulated in the proposed constitutional amendment that the poll tax must be replaced by annual registration.

Moon Program Lag Deplored

CAPE KENNEDY, Fla. (AP) — The National Aeronautics and Space Administration generally has an excellent record launching spacecraft and making them work. But there's a skeleton in the closet: the hapless Surveyor program whose goal is to soft-land an unmanned vehicle on the moon.

Had Surveyor done what it started out to do, the first craft would have been on the moon in 1963 and the Soviet Union would not have repeated the propaganda value of achieving this historic feat first while a similar American attempt floundered.

TRY IN MAY The first Surveyor now is scheduled to rocket toward the moon in May, but chances of a successful soft landing on the initial attempt are not great.

Cross Trial Defense Due To Plead Insanity

AUSTIN (AP)—The James C. Cross Jr. murder trial began at 9:03 a.m. today, with the defense serving notice it will plead insanity in last summer's sex slayings of two University of Texas coeds.

DUCKS HEAD

He was unsmiling and ducked his head to avoid photographers' lights. He sat quietly between his lawyers, smoking one cigarette after another and occasionally glancing up at the judge.

Cross, brought to the court room in handcuffs, wore the same charcoal brown suit, white shirt and dark tie in which he made previous court appearances during the pre-trial stages of his case.

Voter-Bill Session Is Under Way

AUSTIN (AP) — Gov. John Connally recommended today an annual free voter registration law for use if the U. S. Supreme Court rules the Texas poll tax unconstitutional.

The governor made his recommendation to a special session of the legislature, which he called after a federal court said the poll tax may not be used as a requirement for voting. Atty. Gen. Waggoner Carr is appealing that decision.

EARLIER SUPPORT

Both Lt. Gov. Preston Smith and Speaker Ben Barnes took strong pre-session stands for a registration system like that proposed in the governor's message.

EARLIER SUPPORT Both Lt. Gov. Preston Smith and Speaker Ben Barnes took strong pre-session stands for a registration system like that proposed in the governor's message.

TWO POSSIBILITIES —A registration system to take effect either with a Supreme Court ruling against the federal court's decree. It would provide 15 days of free registration "in the latter part of March" and allow those who paid poll taxes to vote in the 1966 elections without further action on their part.

OPPOSES PLAN Connally opposed a so-called "permanent" registration system, in which a voter would register once, then automatically be reinstated by voting in one election a year.

BE FUTILE "It is inconceivable that we would now adopt a statutory permanent registration plan which would become unconstitutional if the amendment is adopted next November," he said.

He noted that the three-judge federal court held the poll tax "constitutes an invalid charge" on the right to vote.

The poll tax repeal amendment was placed on the general election ballot during the regular session. Several conservative members insisted on the annual registration provision as the condition for approving the amendment.

Goldwater Raps U.S. 'Begging For Peace'

WASHINGTON (AP) — Former Sen. Barry Goldwater of Arizona says an American demonstration of determination — and not what he calls "groveling" peace offensives — will bring Communist North Vietnam to the conference table.

"I don't think it's our job to get the Communists to the conference table by begging, by going through other emissaries, by going through other leaders," the 1960 Republican presidential candidate said Sunday on ABC's radio-television program "Issues and Answers."

"I think we'll get the Hanoi government to the conference table when we convince them that we have the will to attack and that we are attacking them," Goldwater said.

"It is a very sad spectacle to see the greatest power on earth sort of groveling," he added.

President Johnson's peace offensive — and its failure thus far — brought these other top weekend developments:

Sen. Abraham Ribicoff, D-Conn., proposed that Johnson invite the participants in the 1954 Geneva conference to meet again to discuss a settlement in the Viet Nam war.

Gen. Maxwell D. Taylor, former ambassador to Saigon, said the probability is "quite low" that increased military pressure by the United States in Viet Nam would lead to a confrontation with Red China.

BLACKLIST SHIPS

Administration officials reported that the United States has started black-listing non-Communist and Polish ships that trade with North Viet Nam. Goldwater coupled his first public attack on Johnson's peace offensive with another plea for more reliance on U.S. air power and less reliance on American ground troops.

"We should use air power and rely on our allies and South

BARRY GOLDWATER

Vietnamese for ground fighting," he said. "Our boys are not acclimated to that type of fighting."

He repeated his suggestions that air power should be used to attack the industrial complexes in North Viet Nam, bomb railroads and destroy the Ho Chi Minh Trail and said North Viet Nam's ports could be shut down by mining them or sinking ships in them.

Goldwater, a general in the Air Force Reserve, also renewed his attack on Secretary of Defense Robert S. McNamara. He said more authority for the direction of the fighting should be given to "military people who have spent their lives studying the problems of strategy."

"I think men like the secretary of defense," Goldwater said, "should be removed completely from any part of this war other than the logistic part."

"PARALLEL TO KOREA"

Gen. Taylor credited his conclusion that Red China is not likely to enter into war with the

United States to the massive U.S. air power.

He said the situation in Viet Nam is similar to that during the Korean War.

"Our air power has been belittled for its performance in Korea because it didn't stop the war," he explained. "It didn't stop the war, but it put a ceiling on the war."

"There were at least a million more armed Chinese north of the Yalu (River) who never came into action because they could not be supported on the front under the pressure from the air."

"By the same token," Taylor said on the CBS radio-television program "Face the Nation," there is "some ceiling on the strength that can be supported in the South (Viet Nam). And it is fairly low, I might suggest."

Taylor, former chairman of the Joint Chiefs of Staff and now a special presidential adviser, probably will be quizzed on his views Thursday when he is expected to appear at the Senate Foreign Relations Committee's current Viet Nam probe.

GIVES SUGGESTIONS

Ribicoff accompanied his proposal for another Geneva conference with a series of suggested ways the United States could prove it "has gone to unprecedented lengths to bring about negotiations."

He said President Johnson should offer to withdraw 10,000 American troops from Viet Nam if the Hanoi government would match the U.S. offer.

Johnson personally should invite participants to the proposed Geneva meeting, make it clear that no subject would be barred from the conference agenda, and name the U.S. ambassador to the United Nations, Arthur J. Goldberg, chief negotiator, Ribicoff said.

The former secretary of health, education and welfare said he had written Johnson about his proposals.

"I am sure the President wants to negotiate," Ribicoff said, "and I believe I have given him a suggestion that might open the way."

1963 BLACKLIST

The blacklisting of foreign ships that have traded with North Viet Nam actually began Jan. 25, it was revealed, but only came to light after the Maritime Administration had listed the first group of barred ships in the Federal Register.

The blacklist now in effect is patterned after the blacklist imposed against ships trading with Cuba after Jan. 1, 1963, administration sources said. The vessels are barred from transporting U.S.-financed cargoes from American ports, but these ships are not barred from picking up U.S.-financed cargoes in foreign ports and transporting them to other foreign nations.

The Viet Nam hearings of the Senate Foreign Relations Committee continued to provoke congressional comment and criticism.

Sen. Hugh Scott R-Pa., accused committee chairman J.W. Fulbright, D-Ark., of being irresponsible — by Fulbright's own standards — in criticizing the President's policies in Viet Nam.

Three years ago, Scott said, Fulbright said "it was irresponsible to criticize the administration, and he accused me of all the things he is doing now."

"I am not one of those people who advises that we stop and halt and allow ourselves to be beaten to death," Scott said, "and I'm not one of those criticizing the President. Sen Fulbright is."

Four Whites Charged After 8 Wounded

MCALESTER, Okla. (AP) — Quiet prevailed here today and police said the racial troubles which provoked a shooting two days ago had ended.

"I feel like it's all over," said Police Chief Bob Oliver. "We're enforcing an 11 p.m. curfew and probably will for a few more days, but I think it's going to stay right now."

Shortly after midnight Saturday eight young Negroes were wounded by two shotgun blasts fired into a crowd. Four were sent to a hospital and one was in danger of losing sight in one eye.

Four white men were charged with assault with intent to kill a few hours after the incident.

WASHINGTON (AP) — The Agriculture Department recommends that growers of early and late summer potatoes plant the same number of acres this year. Such plantings would be expected to meet consumer demands.

Teenager Goes On Trial Today In Three Slayings

BRENHAM, Tex. (AP)—Paul Eric Krueger, a blond crew cut teenager who ran away from home to fulfill dreams of becoming a Latin American politician, goes on trial for his life here today.

Krueger, 17, the son of a wealthy San Clemente, Calif., space-age industrialist, is charged in the deaths last April of three Corpus Christi fishermen—victims of what officers described as "wanton murders."

Victims of the shootings were Noel D. Little, 51, a circus clown who also worked as an automobile mechanic; Joel R. Fox, 38, also a mechanic, and Van D. Carson, 40, a retired Navy man who operated a gas station.

Dist. Atty. Sam Jones of Corpus Christi, who will head the prosecution team, has said he will seek the death penalty.

One official said last week the trial may be a long one—perhaps lasting more than two weeks. The prosecution has subpoenaed at least 20 witnesses, including relatives of the dead men.

The witness list does not include another California youth, John Phillip Angles, 17, a companion of Krueger who was also charged with murder, but was sent to the Gatesville School for Boys.

The defense has not subpoenaed any witnesses.

It was the arrest of Angles, a Hollywood, Calif., youth who went to military school with Krueger, that brought the deaths of the fishermen to light.

KERVILLE ARREST

Angles was arrested April 14 by Kerrville police who said the youth was hitchhiking and carrying a gun.

Once in custody, police said the youth began telling them of the slaying of three fishermen at a fishing shack near Corpus Christi, 250 miles from where

jail in Corpus Christi. He poured out more stories of the slayings to Sheriff Johnnie Mitchell, one of 20 witnesses called by the prosecution.

ANSWERS TO BRIDGE QUIZ

Q. 1—As South vulnerable, you hold:

♠ 9 5 ♥ Q 10 7 2 ♦ Q 4 ♣ A K 9 8 3

The bidding has proceeded:

West	North	East	South
Pass	1	1	2
Pass	2	Pass	?

What do you bid now?

A.—Three diamonds. Raising with only a doubleton honor may seem a little risky, but is acceptable after partner has rebid his suit when no convenient call is available. Partner may now be in position to try three no trump.

Q. 2—Neither vulnerable, as South you hold:

♠ A 10 5 4 ♦ A K Q 10 5 ♣ K 9 6 4

The bidding has proceeded:

South	West	North	East
1	1	1	Pass
1	2	Pass	?

What do you bid now?

A.—Two clubs. Although you are in possession of a fine hand caution should be the byword, since no fit has as yet been established. A rebid of two clubs is best calculated to offer encouragement to partner to continue without crowding the auction.

Q. 3—Both vulnerable, as South you hold:

♠ A 10 ♥ A Q 10 5 ♦ K 10 6 ♣ A J 6 2

The bidding has proceeded:

South	West	North	East
1	1	Pass	1
1	2	Pass	?

What do you bid now?

A.—One no trump. The tens made this hand a shade too strong to open with one no trump. When the bid is employed at this juncture in single-handed competition with the opposition, partner should play you for a very good hand.

Q. 4—As South vulnerable, you hold:

♠ A K 9 ♥ 7 4 ♦ K Q 2 ♣ A Q 9 7 5

The bidding has proceeded:

North	East	South	West
1	1	Pass	3
3	Pass	?	?

What do you bid now?

A.—Four diamonds. Your main concern is with the heart situation (partner could have a sound opening bid without either top heart honor) and Blackwood will not help you to the answer. The best procedure is to make a false cue bid of four diamonds and follow it up by overbidding the game in spades; if partner can stop the opponents from winning two heart tricks, he will be able to proceed to a slam on even the barest of minimums.

Q. 5—As South vulnerable, you hold:

♠ 6 3 ♥ 7 2 ♦ 10 6 3 ♣ A K 10 8 5 4

Your partner opens with one no trump. What is your response?

A.—Three no trump. True, you can't count up to the required 26 points, but the compensating feature of a six card suit headed by the two top honors makes the bid a reasonable speculation. Since partner must not make a one no trump opening without at least Qx or xxx in clubs, chances of running the entire suit are good.

Q. 6—Neither vulnerable, as South you hold:

♠ K 10 7 4 ♥ 6 3 ♦ K Q J 9 3 ♣ 4 3

The bidding has proceeded:

North	East	South	West
1	1	Pass	1
1	2	Pass	1
1	NT	Pass	?

What do you bid now?

A.—Pass. Partner has shown a minimum type opening and opposite your nine points no game can be in contemplation.

Q. 7—Both vulnerable, as South you hold:

♠ 7 6 ♥ K Q 10 5 ♦ A J 4 2 ♣ A J 10

The bidding has proceeded:

East	South	West	North
Pass	1	2	Pass
Pass	?	?	?

What do you bid now?

A.—Two diamonds. Although chances for game are just about nil since partner was unable to make a free bid, some further competition should be offered to prevent the opponents from making off with a cheap part score. You may succeed in driving them one level higher than they can afford to go.

Q. 8—As South vulnerable, you hold:

♠ 4 2 ♥ A Q J 9 5 2 ♦ Q J 2 ♣ 9 7

The bidding has proceeded:

West	North	East	South
3	Pass	Pass	?

What do you bid?

A.—Three hearts. West has announced a very weak hand and East did not have enough to go on so your partner is definitely marked with some values. If he has a good fit, there may even be a game in the offing.

Group Against Bobby Coming To Ole Miss

JACKSON, Miss. (AP)—The Americans for the Preservation of the White Race hopes to add an air of protest to Sen. Robert (Bobby) Kennedy's arrival at the University of Mississippi.

Kennedy, D-N.Y., accepted an invitation to address the Ole Miss Law School March 18.

Calling the invitation an insult to the State of Mississippi, the protesters called Sunday for a "ride-in" campaign to fill campus roads with traffic.

PEACEFUL PROTEST

Gordon Gragan, president of Jackson's Americans for Preservation of the White Race Chapter, said it would be a peaceful protest.

Kennedy was attorney general at the time of the Ole Miss campus riot over the admission of a Negro student, James Meredith, in 1962.

Two men were killed and hundreds injured in the riot, and 20,000 troops were moved to Oxford to enforce federal court orders.

Gragan's call for the ride-in said Kennedy, "by force of arms with bloodshed, brought about the integration of our great university."

Sergeant's Death A Puzzle After Missing Child Found

MARBLE FALLS, Tex. (AP)—A master sergeant from Brooks Air Force Base carried an 11-year-old girl, hit by his station wagon, to a remote fishing cabin and left a puzzle for officers when he was found dead behind the building.

The girl, Carolyn Margaret Shaw, daughter of Mr. and Mrs. Durwood Shaw, disappeared while walking the quarter of a mile from a store to her parents' home at Lake Lyndon B. Johnson Saturday.

When groceries and a shoe were found strewn along the country road, it was feared she had been abducted.

But she had been hit by the station wagon and carried by the driver, M. Sgt. Robert DeBolt, 25, to the cabin 30 miles away, officials said. Relatives reported DeBolt overdue on a trip from the cabin to his San Antonio home.

He was found dead in the station wagon behind the cabin and Sunday was ruled a suicide by carbon monoxide poisoning.

The girl suffered leg and pelvic injuries and cuts and was taken to a Burnet hospital. Otherwise she was unharmed.

Highway Patrolman Ivan Bode of Llano said the girl told him the man had not molested or hurt her.

Carolyn said the man put her in the back of the station wagon and said he would take her to a hospital. She said she blacked out and when she regained consciousness was in a bed at the cabin and the man told her "Don't worry, the law will be here soon."

DeBolt, father of three sons, left a note but Bode said it did not explain why he had brought the girl to the cabin instead of to a hospital. The note also offered no explanation why he decided to take his life, Bode said.

Mardi Gras Prelude Fetes Under Way

NEW ORLEANS (AP)—The first night parade of Carnival thunders through the crowds tonight as New Orleans heads toward Mardi Gras.

However, the Krewe of Feret fretted over weather predictions for showers and lower temperatures.

Fat Tuesday, the English translation of Mardi Gras, comes Feb. 22. Last year there were about a million on hand for the uproar of crazy costumes and masks—and things may be even more crowded this time.

Carnival is the period between Twelfth Night and Mardi Gras.

Come in and take on a tiger!

The only thing that looks low-priced on a Pontiac Tempest is its price sticker.

And that's removable.

Take it off, and there's just a pure, unabridged Pontiac: Crisp, Wide-Track style and handling. A handsome interior. Plus the effervescent performance of a new overhead cam 6 engine that puts out with all the spunk of an 8, yet saves like the traditional 6. And of course, being a Pontiac, Tempest allows you the luxury of choice—with options in engines, transmissions, suspensions, practically everywhere. And like all Pontiacs, Tempest also has a standard safety package with items like seat belts to buckle—front and rear. (That ought to do for now. We'll tell you the rest when you get here.)

Two Counties Gain Locations

Prospectors have been staked in Howard and Glasscock counties. Connolly Oil Co., Inc., Abilene has staked the No. 1-A Ed Tom, a half mile southwest outcrop to the Gordon Street, South (Lower Wolfcamp) pool in Northwest Glasscock County. It is five miles southeast of Stanton, 1,000 feet from the south and east lines of section 45-36-15, T&P survey. Proposed depth is 9,900 feet.

Eight Wrecks Are Checked

Eight traffic accidents Saturday and Sunday apparently injured no one. A mishap Saturday involving the cars of Jesse Hernandez Lopez, 609 NW 9th, and Alberta Smithwick, 1231 W. 3rd, at FM 700 and Goliad, was the only one that caused an injury report. However, attendants at Howard County Hospital Foundation have no record of admitting or treating either party.

Woman Janitor Teaches French

SPRINGFIELD, Mass. (AP) — A woman janitor at American International College puts down her dust cloth long enough each week for a sideline — the teachers' French. Students got to know Irene Nichols between classes, learned she was born in France and had the equivalent of a high school education. At their urging, she volunteered to conduct a twice-weekly informal course in conversational French.

TTA Reports Big Increase

Big Spring's air passenger boardings have increased substantially at Howard County Airport since TTA began service in late 1963. In 1965, a total of 942 passengers boarded flights here as compared to 2,552 in 1965, an increase of 170.9 per cent.

Mrs. McKaskle Dies Today

STANTON — Mrs. Bulah Lavada McKaskle, 80, died today at 1:15 a.m. at her residence 14 miles northeast of Stanton. Deliveries of the first of the new DC-8s are set for September and October of 1966, with the balance to be delivered in mid-1967. At the end of 1967, TTA expects to be completely jet powered.

Series Of Hubcap Thefts Reported

A series of hubcap thefts was reported to officers over the weekend. There were other minor thefts as well. Five thefts of hubcaps were reported. Jack Lewis, 2805 Goliad; Roger Atkinson, 510 Sunset; James Wortham, 1212 Mulberry; Jimmy Madry, 712 Johnson; and Jan Smith, 1309 College Ave.; all reported the hubcaps stolen from their autos.

Search For Loot Leads To Cobra

REVERE, Mass. (AP) — Police raided two homes while searching for stolen goods and found a large quantity of antiques, furs, guns, TV sets, Chinese swords, carved figurines and a cobra. The snake was in a box marked "Warning. Box contains poisonous snake. Will kill you in five minutes."

Smaller Staff, More Pay Requested For Deputies

Sheriff A. N. Standard suggested to the Howard County Commissioners Court today that instead of employing a deputy to fill out his staff—now short one man—that the salary this extra man would receive be used to adjust salaries of the present staff members. He pointed out that other counties in the area are paying higher salaries for deputies than are paid in this county. As a result, he said, he has lost one man to Scurry County and will probably have other losses in the future.

Rails Pacing Stocks' Climb

NEW YORK (AP)—Rails continued to pace an advancing stock market early this afternoon in fairly active trading. The carriers were buoyed once again by merger prospects, good earnings and President Johnson's Food for Freedom which gave promise of even greater rail freight revenues. Industrials followed along somewhat raggedly, with many a loser breaking up the pattern in such groups as steels, rails, chemicals, electronics, airlines, oils and utilities, which actually were down on balance under the pressure of rising interest rates which made them compare less favorably with debt securities.

Junior College Teachers Slate Austin Convention

Texas Junior College administrators and teachers from nearly 50 junior colleges over the state will convene for the combined Texas Junior College Association and Texas Junior College Teachers Association convention Thursday, through Saturday. Registration will begin Thursday, at 6 p.m. at Stephen F. Austin Hotel in Austin, convention headquarters. A hospitality hour at 7 p.m. will honor past presidents. Committee meetings will be held Friday morning. The first general session at 1:30 p.m., Friday will feature Dr. James Beto, of the Texas Department of Corrections. His address will be "Up-to-Date on Crime." Section meetings will be conducted from 3:15 to 5:15 p.m. The second general session,

Posts Bond

Willard L. Spikes, charged with negligent homicide, has posted \$500 bond and been released from custody. Spikes, whose home is in Lubbock, was charged in a complaint filed in county court last week. The case stems from a fatal traffic accident of Dec. 27 in which T. F. Pearson, Odessa, was fatally injured.

Heavy Damage Caused By Fire

Heavy fire and smoke damage to the back part of a home at 1705 Ayiford was "probably caused by a cigarette," firemen said this morning. The fire was reported at 9:25 a.m. Officers said no one at the home of Robert L. Chambers was injured in the blaze. The fire evidently started in a back bedroom, firemen said. A bed and some clothes were burned completely, and smoke damaged most of the rest of the home.

Compensation Suit Is First On Trial

A compensation suit brought by Cecil Johnson against the Travelers Insurance Co. was on trial Monday afternoon in 118th District Court. The case was slated as No. 1 on the docket which Judge Ralph Caton called at 10 a.m. today. A jury panel reported to the court for duty at 1:30 p.m. Eight civil cases called this morning announced ready. This was the largest number of ready responses to a docket call in many months. It was estimated that it will take two days to try the Johnson case. The jurors who are not needed for the case today will probably be instructed to report at 9 a.m. Wednesday. Cases slated for trial are: Charles Bridges vs. Gene Allen et al.; Marcella Dorton et al. vs. Royal Indemnity Co.; First National Bank vs. Zebbie D. Hunter et ux; Llandro Valencia vs. Texas Employers Insurance Co.; First National Bank vs. Ramon M. Garcia et ux; Robert P. Kountz vs. Bankers Protective Life Insurance Co.; Steve Wells vs. Westchester Fire Insurance Co.

Youths Held After Chase

A report Saturday afternoon of several boys fighting with cotton hooks led to a high-speed automobile chase and the arrests of three young men, officers said today. At 2:48 p.m. someone called officers to report several boys fighting with cotton hooks at 308 NE 9th. Officers went to the scene, but found no one. A few minutes later, they said, a car came past the address and witnesses identified the occupants as those engaged in the fight. Officers attempted to stop the vehicle, but it sped away. After a chase that ranged up to 90 miles per hour, the car was stopped. The three occupants of the car, two aged 17, and the other 19, were charged with illegally having alcoholic beverage in their possession. One was charged with traffic violations, and another with having prohibited weapons—the officers found two cotton hooks under the seat of the car. The three young men were still in city jail this morning.

Heart Surgeon To Speak To Doctors, HCJC Classes

The Permian Basin Medical Society will hear Dr. Maurice Adam, cardiovascular and thoracic surgeon from Dallas, at 7 p.m. Tuesday at the Big Spring Country Club. Dr. Adam's appearance is sponsored by the Howard County Heart Council and the Texas Heart Association. Dr. Adams is also scheduled to speak to students in the licensed vocational nurse and biology classes at Howard County Junior College Tuesday morning on "The Cardiovascular System." An in-service training program for nurses will be held in the science building of Howard County Junior College at 3:15 p.m., and about 80 nurses from all Big Spring hospitals are expected to attend. Dr. Adam, who is serving on the staff of five Dallas hospitals, including Children's Medical Center and Baylor University Medical Center, has published 18 articles in medical journals concerning heart and respiratory surgery. "Activities are planned for the month of February in both public and professional education to draw more attention to the need for eliminating heart problems, which now account for more than 900,000 American deaths each year," said Dr. C. L. Ainsworth, chairman of the Howard County Heart Council. "Heart Sunday, Feb. 20, will be observed all over the nation, with the annual contribution from Big Spring joining with dollars everywhere to support heart research," he added.

DEAR ABBY

Not Enough Evidence

DEAR ABBY: Recently, someone I know very well (I'll call her Vera), made a 6,000-mile round trip in order to be with her daughter when she gave birth to her first baby. Vera stayed ten days, leaving her own husband at home with a heart condition. He didn't want her to make the trip, but Vera convinced him that she had to go. Vera returned exhausted. I told her that she should have stayed home and sent her daughter the money to hire a competent helper. And later on, she could have made the trip with her husband to see the daughter and new grandchild. Vera insisted that her presence at the time of the child's birth was necessary and appreciated, and she had no choice but to go. What do you think?

"CURIOUS"

DEAR CURIOUS: I would have to know more about the husband's "heart condition." And how he really felt about Vera's making the trip. Also more about the relationship between Vera and her daughter and their respective financial situations. I would also have to know how accurate your reporting is, who YOU are, and why you are so "curious."

DEAR ABBY: I have a friend, a married woman, who has a collection of HUB CAPS you wouldn't believe. She said she "bought" some, and others were given to her, but I found out different. Last evening I saw this woman walk over to the curb, take a screwdriver out of her purse, and remove the hub caps from a parked car. What would you do in a case like this?
A FRIEND IN FAIRMONT, W. VA.

DEAR FRIEND: Your friend is a thief. Tell her what you know and urge her to stop "collecting" before she collects a jail sentence.

DEAR ABBY: I seldom saw my daughter studying, so I wasn't too surprised when she brought home a warning that she was failing in two subjects. Her teacher called and asked me to come to school for a private conference. I did, and this is what I learned:

My daughter had told the teacher she was failing in school because of her "home situation." She said her father and mother fight constantly about bills, and HIS drinking. Also that I sleep all day and she (the child) has to do all the cooking and housekeeping. Abby, I just don't know what to do about this because there is not one word of truth in it. My husband and I get along very well. I am a competent cook and housekeeper and neither my husband nor I drink. Why on earth would a child make up such wild tales? Can you help me?
FLABBERGASTED

DEAR FLABBERGASTED: Whether your daughter is just an imaginative storyteller or is psychologically disturbed is something you should look into. If her school provides a counseling service for "problem children," utilize it. If not, ask your family doctor or pediatrician for his recommendation.

CONFIDENTIAL TO C. W. F. III: Every man must do his own growing, no matter who his grandfather was.

Abilene Police Hunt Escapee

HAMLIN, Tex. (AP) — Two escapees from the Jones County jail at Anson surrendered to Haskell County authorities at Hamlin Sunday but a third dodged officers, stole a city-owned pickup and fled to Abilene.

The two men surrendering Sunday were Bobby Gene Woolf, 22, of Hamlin who was being held on a forgery charge, and Billy Gene Brown, 17, of Abilene who was being held on a charge of aiding prisoners in an earlier escape from the Jones County jail.

The other prisoner, Mickey Jett, 18, of Abilene, who was being held on a charge of aiding prisoners to escape, apparently stayed overnight Saturday in an abandoned barn at Hamlin with the other two escapees. But he did not surrender and officers said he allegedly stole a city-owned vehicle and drove to Abilene. Abilene police were seeking Jett.

Another of the escapees, Clark G. Bryan, 21, of Abilene, was captured Thursday near the Mexican border.

Six men escaped from the Jones County jail at Anson last week.

Cross On Trial In Coed Slayings

AUSTIN (AP) — James C. Cross Jr. goes on trial today accused of strangling two University of Texas coeds in a tantrum of passion and panic.

Preliminary jury selection was scheduled to begin at 8:45 a.m. Cross, 23, former University of Texas sophomore and son of a Fort Worth department store executive, is charged with strangling Susan Riggsby and Shirley Ann Stark, both 21 and

Travis County Jail, once dated Miss Stark. He says the coeds came by his \$129 a month apartment near the university campus on last July 18 but they left together and he did not see them again.

Cross pleaded innocent at a preliminary hearing Jan. 28 to two indictments of murder with malice. State attorneys said Cross will be tried specifically in the slaying of Miss Riggsby and have served notice they will ask the death penalty.

NOT RULED OUT Defense attorneys, who said Cross' statements to them of "hallucinations of a sexual nature," waived a preliminary sanity hearing but said the accusation did not preclude a defense argument of insanity.

TV Offers Doses Of Talk On Viet

By CYNTHIA LOWRY AP TV - Radio Writer

NEW YORK (AP) — The television networks administered massive doses of Viet Nam talk to the Sunday afternoon audience.

There were two hours of taped highlights from the Senate Foreign Relations Committee hearings on NBC, an hour of congressional commentary on

CBS, Gen. Maxwell D. Taylor on CBS' "Face the Nation" and Barry Goldwater expressing his opinions on ABC's "Issues and Answers."

The situation has developed a large body of experts and an even larger number of opinions on the proper course of action, some of which does not agree with the present administration

course. The disturbing dialogue of course will continue for some time. Meanwhile television's Sunday seminars are excellent public service efforts to update concerned citizens.

On the entertainment front, the weekend highlight was the light-footed and full-voiced return of Sammy Davis Jr., to his NBC show after a month's absence — surely the season's quickest comeback.

Davis, a humble host and only occasional performer in his disappointing first show in January, returned with bounce and style. He sang a lot of good songs, danced in his inimitable style and took part in a swinging production number adapted from his Broadway show, "Golden Boy."

Security State Bank is easy to get to — and easy to live with. Located and built for convenience at Fifteenth and Gregg Streets, Security State Bank features off-street parking on two streets, a spacious parking lot, a drive-in window, and solid banking practices.

Away from the downtown district, but near the most popular residential districts, Security State Bank is convenient to most Big Spring residents. Located off a wide thoroughfare, the bank poses no parking problems, as it has parking space all around.

For those who don't want to come into the pleasant, air-conditioned interior, the drive-in window on the north side will take care of almost any banking needs — deposits, withdrawals, whatever.

Bank officials microfilm all items as a standard service, along with friendly accomplishment of all usual banking services.

The well-trained, polite employees and officers of Security State make it easy to do business in the cool, pleasant environment of the brick building. They welcome new friends, and keep savings and checking accounts in the customer's name — not with cold numbers.

There are always a number of cashiers on duty during business hours, and the new Security State Bank customer will note happily that there are never any long waiting lines, and that he is greeted with a smile and a sincere "good morning" or "good afternoon."

Security State is, naturally, a member of the Federal Deposit Insurance Corporation with accounts insured up to \$10,000.

One of the handiest developments brought out in recent years is the electric yard light, with electric eye control. This light serves as a protection for homes, business buildings, lots and industrial sites, where large amounts of equipment are kept for display or storage.

Haston Electric Is Able To Modernize Circuits

Haston Electric, 1606-B Gregg, owned by Gene Haston, has been in Big Spring many years, and the owner and employees know what is needed in installing electrical fixtures and outlets to handle the load properly.

A new building, in the planning stage, may be designed to carry light or heavy electrical loads, and Haston is capable of advising with the planners for the best designed circuits and fixtures.

Some older buildings may have been constructed before the day of modern appliances and lighting systems. These may need rewiring to handle the

They'll Move You Anywhere

Byron Neel, agent for United Van Lines, will have his men safely move your furniture and other household goods from here to yonder quickly, safely, efficiently, and even arrange the furniture in the new place as you like it done.

TESCO Providing New, High - Output Guard-Lite

Texas Electric Service Co. has made a practice of providing every kind of electrical service needed for operation of equipment: lighting of homes, buildings and streets, and lighting for protection of property at night.

The old Guard-Lite was a good one — still is. But a new development of it has recently been made available. The old one cost about \$4 per month and the new one costs about \$5.95. But — the new Guard-Lite has an output of three times the light of the old one, and for \$1.95 more per month, you get a whole of a bargain in added protection.

The light can be mounted on a standard 30-foot pole and is available to TESCO customers for \$5.95 per month, including normal installation, pole electricity and maintenance.

The white, mercury vapor-type lamp gives the brilliance of more than 12 100-watt incandescent bulbs. It turns on at dusk and off at dawn by an electric eye.

R. L. Beale, local manager for TESCO, says well over an acre of farm land, or a large parking lot, can be adequately protected and lighted with the new Guard-Lite.

Another service available to users of electricity is for all kinds of consultation. This is possible for those installing new equipment and who are unfamiliar with its operation; for assistance in home-making departments in schools; for farm electrification, for aid and advice to clubs learning about electricity; for consultation in planning for air conditioning, heating, appliance circuits, and any other phase where electricity is involved.

Texas Electric Service Co. does not sell electrical appliances and equipment, but as a service, aids dealers in getting the best possible use of all types in installations.

Byron Neel, owner of Byron's Storage & Transfer, 106 E. 1st, is attending a two-day regional owner-manager sales meeting for United Van Lines agents which opened Monday in San Antonio. The session marks the kick-off of the 1966 sales program in this area.

BIG SPRING BUSINESS REVIEW

9-A BIG SPRING (TEXAS) HERALD, MONDAY, FEBRUARY 14, 1966 9-A

Byron Neel Moves You Quickly And Efficiently

Byron Neel, agent for United Van Lines, has the facilities to move you, or anyone else, anywhere in these United States. He has the men to do the moving for you, rapidly, efficiently, and carefully, too.

You, the family and the dog may walk out of your house with only the clothes on your backs and a "change" in your overnight bag, and relax on the way to your new address. The packing, lifting, loading and, finally, unloading, lifting, unpacking and arranging of household goods in the new residence, will be done by the movers, just as you tell them to. They'll even shift the furniture around until you, or your wife, is satisfied, if you don't go overboard about it.

All you need to do is to tell these hard-working men at Byron Neel Transfer and Storage when you want to begin the move-out from your present home, when you want your furniture settled into the new abode, and precisely how you want it arranged — that will be all the arranging you have to do. Oh, yes, tell them where you're moving to.

One telephone call will do it all — straighten out all your moving problems, beginning to finish, chairs to rugs. That number to call is AM 3-7351. Or you may wish to drop by the offices of Byron Neel Transfer and Storage at 106 E. 1st and do your talking and planning in person. They'll be glad to handle your moving problems. That's their business.

'Masquerade' Dance Held At Country Club

Famous sweethearts of the past and present were represented by costumed dancers Friday evening at the "Sweethearts in Masquerade" ball held by the Junior Woman's Forum at Big Spring Country Club.

Chairmen for the dance were Mrs. Jerry Barron, Mrs. Morris Rhodes, Mrs. Paschal Odum and Mrs. Dean Armbrust. Music was by "The Carriers" and hours for dancing were from 9 p.m. until 1 a.m. Approximately 50 members and guests attended.

Decorations in the ballroom used an abundance of cupid and hearts in emphasizing the valentine theme of the evening.

First place for costumes went to Mr. and Mrs. Wayne Henry who attended as "Fred and Wilma Flintstone." Among the other masqueraders were the Lorin McDowells, the Clyde McMahons Jr., the Bob Galbraiths and the Dee Jon Davises who all came as "Hell's Angels," and Mr. and Mrs. Roy Hughes who came as "Draft Dodgers." The Morris Rhodes arrived as "Scarlett and Rhett," she in a blue calico print dress and picture hat in blue with a bright red plume.

"Sonny and Cher" were Mr. and Mrs. Earl Zetsche, he in a plaid vest, white wig, dark glasses and carrying a banjo. As "Cher," Mrs. Zetsche wore a

mod dress and white go-go boots. In their disguise as "Tom and Mimi Pussycat," the Don Weeks fashioned long black tails and white whiskers and she wore a little lace skirt. Both the J. D. Coles and Truett Newells came as "Little Abner" and Daisy Mae," and Mr. and Mrs. Bill Fryrear dressed as "Roy Rogers and Dale Evans." Don Wiley wore a long flowing toga and used olive branches and grapes as "Caesar" while Mrs. Wiley chose a flowing gown of white and a serpent's head in her hair to represent "Cleopatra."

Noticed among the dancers were the Henrys as "The Flint-

stones," she in an off-the-shoulder dress and he in a burrap-caveman attire. The Ted Ferris chose all-black costumes as "Mr. and Mrs. Ringo Starr," while the Joe Lewaliens wore more colorful as "Frankie and Johnny." The Paschal Odums were "Lucy and Charlie Brown," she wearing a pink and white check dress and pulling a toy duck, while he wore a striped shirt and bill cap.

As "Brenda Starr and Basil St. John" Mrs. Johnnie Suter had small stars pasted all over her costume and her husband wore a blue evening jacket and eye patch. The Dean Armbrusts were "LBJ and Lady Bird."

Domingo Now Carnival Of Hate, Disorder

SANTO DOMINGO, Dominican Republic (AP) — The disgust and smell of disaster, so familiar at the height of last April's Dominican revolution, pervades the heart of Santo Domingo.

Streets get dirtier and emptier, people seem angrier, shuttered homes even more hostile and quivers of apprehension increase as one drives from the western part of the city toward the downtown sector.

Plumes of dirty gray smoke give off an acrid smell as they rise from burning mounds of garbage uncollected for weeks. Many people are in black — some mourning lost ones, others the occupation of the city by foreign troops.

Gunfire crackles sporadically here and there in the old part of town laid out 470 years ago. Amid the carnival of disorder and hate, authority seems an anachronism.

SPiRIT RESTORED

The old rebel enclave has been restored in spirit, if not in actual form. Mounting resistance to the country's military leaders is finding its most eloquent expression in the 20-square-block area where for four months last year rebel "constitutionalists" fought for survival of their ideals.

Although the old military checkpoints have disappeared, it is difficult and probably more dangerous to get into the central sector these days. Roving bands of teenagers throw rocks at almost every passing vehicle.

Snipers fire with apparently less concentration on specific targets and stray bullets are the norm, not the exception.

For this reason, traffic into the center of town is at a minimum. Foreigners, particularly Americans and especially newsmen, are not welcome. However, the Americans are represented right in the middle of it all by a company of 82nd Airborne paratroopers.

"It gets pretty lonely in here, even at noon," said Lt. John Counts, 24, of Denver, Colo.

"We keep our boys moving about just so the snipers won't get used to seeing them in one place too often," he said.

The angry mood downtown is the result of a wave of disorders that began last Wednesday and has taken 17 lives so far. The violence set off a strike, mostly in government offices and the sugar industry. Its chief purpose is to force two more military leaders to obey a presidential order transferring them abroad.

GI Bill Due To Live Long As Men Drafted

WASHINGTON (AP) — The new GI Bill passed by Congress last week is basically an extension of the programs enacted for veterans of the Korean War.

Unlike the original GI bill for veterans of World War II, which fully subsidized the cost of a veteran's education, it is intended only to help meet such costs.

And as a permanent program, it wipes out previous distinctions in benefits for wartime and peacetime service. It will cover, retroactively, veterans who have served at least six months of active duty since Jan. 31, 1955, and probably will remain in effect at least as long as the nation has compulsory military service.

Of the estimated first-year cost of \$335 million, \$327 million is for educational benefits. The rest is for job counseling and medical benefits. A self-financing home loan program is also provided.

LEVEL-OFF SEEN

The costs are expected to level off at about \$500 million a year after five years and reach a total of \$18.5 billion by the year 2000. The original GI Bill cost \$20 billion in eight years.

Starting June 1, veterans whose discharges were not dishonorable would be allowed educational assistance on the basis of one month for each month's service, up to a total of 36 months.

The assistance rates for full-time study or training would be \$100 a month for a single veteran, \$125 for a veteran with one dependent and \$150 for a veteran with two dependents. Payments would be scaled down for part-time training, with a minimum of half-time required.

AUSTIN (AP) — The Austin home of former White House assistant Walter Jenkins was picketed Sunday by four uniformed American Nazi party members from Dallas.

The four paraded in front of the home for 45 minutes. Neighbors said the Jenkins family was out of town.

There were no incidents. The leader of the group, who said he was Jerald T. Walraven, said "We want to bring to the attention of the public that types like Walter Jenkins, Bobby Baker and Billie Sol Estes — we haven't got any use for them in our government."

Walraven carried an American flag. The other three carried placards.

Jenkins, who now works as a management consultant, resigned as a White House aide after his arrest on a morals charge in 1964.

ISAAC NEWTON DISCOVERS MERCURY!

"If Sir Isaac had had a car like this, he would have been too busy having fun to discover gravity," says Delaware insurance executive.

Isaac B. Newton, 52, of Milford, Del., didn't believe such a car existed before he drove the new Mercury.

Here's what he said about some of the discoveries he made, after looking over the full line:

About the power steering*, he said: "Drives with such little effort and so stable on the road! Made parking a cinch."

About the 410-cu.-in. 4-barrel V-8 power plant: "So quiet! Can't hear it at all. That pick-up's really terrific!"

He summed up: "Mercury's my choice after that ride!"

And what did Mrs. Newton discover? "Living room comfort! And the lines of the car are so beautiful."

Here are more things Isaac discovered:

- Mercury's silk-on-satin ride—the way Mercury moves is unique. Smooth, substantial, hushed.
- Full power choice—ranging up to the Super Marauder 428 cu. in. V-8 with 4-barrel carburetor. Three transmission choices: 3- and 4-speed manual, and the butter-smooth Multi-Drive Merc-O-Matic.
- 17 models to choose from—in 4 distinguished series, the Park Lane, Montclair, Monterey and S-55. Plus the Colony Park and the Commuter station wagons.
- 7-position tilt steering wheel*—with power steering and automatic transmission.
- Many standard safety features—including backup lights, emergency flasher, padded dash and visor, 4 seat belts.

Divorce Cause: He Stayed Away For 28 Years

CHICAGO (AP) — Julia Michuda, 60, has given up hope that her husband would come back. She got a divorce. Her husband, Stephen, 63, a retired bridge engineer of Chicago, lives in Las Vegas, Nev.

"Why did you wait so long to sue?" asked Circuit Judge Robert L. Massey.

"I had always hoped he would return, but after 28 years I guess he won't," Mrs. Michuda said. They married June 6, 1926, and he left March 1, 1957.
