Texas Solon Dies

Rep. Albert Thomas (D-Tex) died in Washington today. The veteran congressman from Houston was 67. (AP WIRE-PHOTO)

## Rep. Thomas Dies At 67

WASHINGTON (AP) — Rep. Albert Thomas, 67, veteran Democratic congressman from Texas, died today.

A native of Nacogdoches, Tex., and a resident of Houston, Thomas had been a member of the House of Representatives for 15 two-year terms beginning with the 75th Congress of 1937.

Death was attributed to cancer, from which Thomas had long suffered. He died at his Washington home.

Thomas was a graduate of Rice University, and held a law degree from the University of Texas. He was a World War I veteran.

**FATHER OF 2**  
He was married and the father of two daughters, Mrs. Edward A. Lasater and Lera.

Thomas had undergone several operations, but attended sessions of the House off and on last year. He visited his office as recently as a week ago.

Thomas was chairman of the House subcommittee on Independent Offices Appropriations and a member of the appropriations subcommittee on defense. He was also a member of the joint Senate - House Committee on Atomic Energy.

**291 DEMOS**  
His death leaves the House divided between 291 Democrats and 140 Republicans, with four vacancies.

President Johnson described Thomas as a remarkable man whose "devotion to the people he served and loyalty to his friends stand higher than all."

Johnson issued this statement: "Of the qualities that made Albert Thomas a remarkable man, devotion to the people he served and loyalty to his friends stand higher than all. I knew him—I knew him well—for a long time. He loved Houston and the Congress of the United States. He worked hard. He served well. His death leaves a lonely place in the lives of those who knew him best."

Thomas said last year he would not seek reelection for a 16th term, but he changed his

mind. He filed for renomination in the May 7 primary and was unopposed until shortly before the midnight deadline for filing Feb. 7.

**GOT OPPONENTS**  
State Rep. Robert Eckhardt, 52, also filed but said he would support Thomas. Also filing at the last minute were Larry McKaskle, 40, a Democrat and real estate broker, and E. A. Rose, 49, a Republican and Baytown chemical engineer.

Thomas frequently was credited with bringing the \$250 million Manned Spacecraft Center to Houston in 1960. A 1963 testimonial dinner in Thomas' honor was one of the things that prompted President Kennedy to fly to Texas Nov. 21, 1963. Kennedy spoke at the dinner that night and was shot to death the next day in Dallas.

Making his first race for Congress at 36, Thomas frequently recalled that he felt he did not have a chance to win.

**FROM NACOGDOCHES**  
Five years earlier Thomas had come to Houston from Nacogdoches to become an assistant U. S. attorney.

The race was made possible by a decision of the incumbent, Joe Engle, to relinquish his seat in Congress to run against Sen. Morris Sheppard. Engle lost.

Thomas defeated Oscar Holcombe, a Houston political veteran, 33,866 to 20,021.

on interrogation of Viet Cong and North Vietnamese prisoners, which concluded that stepped-up U.S. action on the ground and in the air had taken "a toll of Viet Cong morale and combat effectiveness."

Nevertheless, McNamara said, the Communists continue their buildup in the South and give evidence of plans for a further increase.

But he told the senators he was not prepared to say things they "get better."

He revealed a report, based

The McNamara testimony was released as eight liberal House Democrats joined in a call for a military slowdown in Viet Nam, and admission of Red China to the United Na-

## Pockets Of Americans Are Jingling

WASHINGTON (AP)—Americans have more cold cash jingling in their pockets and stuffed in their billfolds than they did five years ago.

The business boom is only part of the answer for the proportionate increase.

The Federal Reserve Bank at Richmond, Va., part of the agency which distributes coins and paper money, has come up with some explanations. More teenage spending, to name one, but most factors lack accurate measurement.

John K. Carlock, fiscal assistant secretary of the Treasury, said only theories can be advanced to explain the phenomenon and one theory is probably as good as another.

Hard cash makes up only about 20 per cent of the total money supply. The rest consists of time deposits, mainly checking accounts.

Here are some of the cold facts:

On June 30, 1960, the total currency in circulation was valued at \$32.06 billion compared with \$41.52 billion last Nov. 30, the most recent date for which Treasury figures are available. This represented a per capita jump from \$177.47 to \$213.79.

Treasury officials said the increase has nothing to do with any trend toward inflation, which is a much broader problem of production, supply and demand, over-all fiscal policy and a variety of other factors.

Two definite developments in the new pattern, the bank reported, are the increased demand for coins and an upturn in the business cycle.

The remaining possible causes, the bank added, are less measurable.

# Ample Support Seen On Free Registration

Bird In The Hand

Pigeon No. A-2103 is exhibited by City Firemen Gail Miller and Capt. H. H. Morris. Note the leg-band of the U.S. Government carrier pigeon.

## Even The Feds Are Being Snared

By TOM BARRY  
Government experimental Pigeon No. A-2103 visited Big Spring yesterday on his way from Cape Kennedy, Fla., to Oakland, Calif., and got trapped into an overnight stay. He was ensnared in the city's

auditorium pigeon trap. Gail Miller, fireman, found him among 24 other pigeons the trap had taken between Sunday and Monday.

**PRETTY BIRD**  
Miller noticed him because of his leg-band, and because he is an exceptionally beautiful pigeon—blue with white speckles and a green neck.

He was released this morning after staying with firemen in the warmth of the Central Fire Station overnight. At last check, he was sitting on top of the auditorium, getting his bearings.

A note found in the leg-band was as follows:

Strain: Grimbie. Home Loft: Oakland, Calif. (Gov't. No. A-2103). Liberation Point: Cape Kennedy, Fla. Date: Jan. 27, 1966. Experimental Strain. If trapped, please feed, rest overnight, and liberate.

So the firemen did feed, rest and liberate him. They put the note back in his leg-band—with an addition: "Rested overnight by Big Spring, Texas, fire department."

**100 MILES DAILY**  
Firemen figure the pigeon averaged more than 100 miles of flight per day since leaving Government Experimental Post No. 61, TT 163, Cape Kennedy, Jan. 27, assuming bird No. A-2103 did not spend more than a full day in the city's pigeon trap.

It is pretty good, considering the bad weather the Southland has been having, and that pigeons eat practically their own weight each day, which calls for a number of stops in route.

Anyway, the government ought to be happy to know that No. A-2103 Experimental Grimbie has made it half-way to Oakland.

And if you're wondering that 25 pigeons is a lot for the city to trap, fireman Miller said the pigeons of City Auditorium are now getting used to the trap, and a lot are being trapped lately.

**FANCIERS**  
Also, it seems a number of townfolk are taking the trapped pigeons off the fire department's hands—pigeon racers and other bird fanciers. All the department asks is that whoever takes the birds keep them for at least a month, so they will forget about City Auditorium and not come winging back upon release.

**ROAD DANGERS**  
Forecasts for hazardous driving conditions went up for the north part of Northwest Texas as a fresh storm developed in the Southern Rockies. Up to 2 inches of snow was predicted, and some blowing and drifting was in prospect.

The outlook was for light rain, already falling at many points in South Texas, to spread northward into other areas and turn into light snow as it encountered the new norther in parts of Northwest Texas.

**DOWN TO 15**  
Temperatures down to 15 degrees above zero were promised the Panhandle by early Wednesday. Considerable chilling was predicted elsewhere, but readings generally were due to be no more severe than around freezing or higher.

Rain fell during the night and early morning along the Texas coast, in the Lower Rio Grande Valley and from the south into northern areas of the state.

**RAIN BELT**  
Points in the rain belt included Corpus Christi, Palacios, Houston, College Station, Lufkin, Victoria, Alice, Brownsville, McAllen, Cotulla, Del Rio, San Antonio, Junction.

Another area of light rain near dawn covered much of the area embracing Paris, Tyler, Waco and the Mineral Wells and Wichita Falls vicinities.

**FCC Sets Jurisdiction Over CATV Systems**  
WASHINGTON (AP) — The Federal Communications Commission today asserted jurisdiction over all community antenna television—CATV—systems but wiped out its controversial 15-day nonduplication rule.

The commission said CATV systems will be required to avoid duplicating the programs of local television stations only on the day they are broadcast by the local stations — not 15 days before and after such a broadcast as the old rule had required.

**Small Girl's Death Laid To Meningitis**  
DALLAS (AP) — A little girl died today of what attendants at Parkland Hospital said was spinal meningitis.

## Cross Insanity Plea Readied

AUSTIN (AP) — Jury selection went on today in the trial of James C. Cross Jr. for the sexually motivated murder of Susan Rigby, a University of Texas beauty who first met him on the day of her death.

Cross' lawyers assert he was insane when Miss Rigby was choked to death July 15, and that he is insane now.

Five jurors with a high educational average were selected Monday to try Cross, 23, on a charge of murder with malice.

The former University of Texas student also is charged with the murder of Shirley Ann Stark, but is not being tried on that charge.

**NEARLY NUDE**  
The decomposed and nearly nude bodies were found July 30 in a vacant lot thick with weeds on Austin's north edge. They had been sorority sisters at the University of Texas. Each was 21 and from Dallas.

As lawyers questioned prospective jurors, Cross sat leaning slightly forward, seldom moving. Under the fluorescent lights his dark good looks were marred by a hollow complexion.

His counsel, led by Perry Jones of Austin, filed a motion required by law in cases where the defense plans to present evidence of insanity.

It was clear from Jones' questions to prospective jurors that he will devote much time during the trial not only to the legal definition of insanity, but the lesser degree of insanity that would presumably mitigate the penalty if his client was found guilty.

**PARENTS WATCH**  
Behind Cross in the first row of seats sat his parents. His father, whose silver hair is close cropped, looked tired behind horned - rimmed glasses. Mrs. Cross, a pretty and slender woman with a lightbrown complexion, sat most of the time with a hand against one of her high cheekbones.

With the parents was the Rev. William Burkhardt of Fort Worth.

Also in the courtroom was Mitchell Stark of Kilgore, father of Miss Stark.

Dan Lee, a salesman for a food products firm, became the first juror accepted at 11:48 a.m. Douglas Y. Nichols, a banker, was sworn at 1:01 p.m., just before a recess for lunch. In answer to a question by Jones, Nichols said: "I am a banker and I'm used to dealing with facts."

**ACCOUNTANT ACCEPTED**  
Stanley F. Fertsch, an accountant with an 18-year-old daughter, was accepted by both

sides at 3:26 p.m. He agreed with Jones that in his business "everything is black and white," but also affirmed Jones' statement that "is not true of life."

The fourth juror, Gerald H. Baum, was accepted at 4:06 p.m. He is with the Texas Water Development Board. He has a geology background and went to the University of Texas but did not graduate, he said.

Baum said he knew one of the defense lawyers, Charles R. Burton, but this would not influence his verdict. He also knows a former policeman who worked on the case. Some courtroom observers were surprised that either side accepted him.

**SEATS 2,000**  
"It seats about 2,000 but can be escalated to where it seats 3,500 in comfort. On occasion up to 6,000 have attended services there," the spokesman said.

The church, built with contributions from Roman Catholics all over the nation, was dedicated in 1959, but Luci's wedding will be the first to be held there.

**EMERGENCY PERIOD**  
Either system would recognize voters who have already paid a poll tax for 1966 and would set up an emergency registration period before the May 7 primaries, if the U. S. Supreme Court finally holds against the poll tax voting requirement.

Connally stressed the need for permanent legislation to take effect if voters approve repeal of the poll tax voting requirement on Nov. 8. The 1965 Legislature sent the amendment to voters but did not make any provision for voter registration.

**EACH YEAR**  
The main difference between the plans is that annual registration would require a voter to appear before a registrar once each year before Jan. 31 just as they must do now to obtain the necessary poll tax payment receipt for voting.

Hearings on the administration annual registration bills are set for 2 p.m. Wednesday in the House and 2:30 p.m. Wednesday in the Senate.

Under permanent registration a voter would have to register only once and would be automatically reinstated by voting at least once a year. No committee hearings have been set on any such proposals.

**SUPPORT EXPECTED**  
"What's the odds?" was the frequent question after Connally's call for an annual free voter registration to replace the poll tax voting requirement outlawed by a federal court.

Most legislators predicted the governor would have little trouble in getting the two-thirds majority for his plans. About 70 House members agreed to co-sponsor the House version.

Others kept pointing to plans by Sen. Franklin Spears, San Antonio, and Rep. Travis Peeler, Corpus Christi, for bills setting up permanent free registration. Similar plans have been endorsed by the Texas League of Women Voters and the Texas AFL-CIO.

**Big Church Wedding For Luci Aug. 6**  
WASHINGTON (AP) — It's going to be a big church wedding in Washington with a White House reception for the President's daughter, Luci Johnson, and Patrick J. Nugent.

The date — Aug. 6 — a Saturday — at high noon, the White House announced late Monday. Despite all the speculation about a White House wedding, Luci and Nugent have always wanted to be married in church, a White House spokesman said.

WASHINGTON (AP) — It's going to be a big church wedding in Washington with a White House reception for the President's daughter, Luci Johnson, and Patrick J. Nugent.

## McNamara Rules Out Nuclear Use In Viet

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara has told senators the United States doesn't aim to hole up in enclaves or to escalate the war by trying to crush Ho Chi Minh's regime in North Viet Nam.

For those who worry the conflict may inch toward a nuclear showdown, McNamara said he can't conceive of the United States using nuclear weapons in South Viet Nam.

McNamara's remarks were in previously censored testimony early this month before the Senate Armed Services and Appropriations committees but made public today on the eve of Senate debate on Viet Nam.

He revealed a report, based

on interrogation of Viet Cong and North Vietnamese prisoners, which concluded that stepped-up U.S. action on the ground and in the air had taken "a toll of Viet Cong morale and combat effectiveness."

Nevertheless, McNamara said, the Communists continue their buildup in the South and give evidence of plans for a further increase.

## A Spectacular Set For Space

CAPE KENNEDY, Fla. (AP) — A spectacular flight plan has been drawn up for America's next Gemini space adventure calling for a "walk in space" of nearly three hours — twice around the world and twice as long as most observers expected.

During his lengthy stroll, Gemini 8 astronaut David R. Scott will cling to the rear of the two-man capsule, looking like a man who almost missed his street car, while command pilot Neil A. Armstrong fires maneuvering rockets on the spacecraft to uncouple and couple with another satellite.

**TWO POSSIBILITIES**  
The National Aeronautics and Space Administration is now in the process of deciding whether the unmanned target will be an Agena rocket or a substitute

satellite, called an Alternate Target Docking Adapter.

The space agency wanted to go with the Agena, but an Agena engine failed in a test chamber last Saturday and muddled plans. NASA has suspended further testing until a cause has been determined and corrected.

Officials would prefer to use the Agena because it has a motor to maneuver it around, which the ATDA does not.

Whichever target is used, it will be launched by an Atlas rocket from a pad 6,000 feet away from Gemini launch complex 19 at Cape Kennedy. If it achieves a proper orbit, Air Force Maj. Scott and Armstrong, a civilian, will rocket into space about one hour and 40 minutes later.

**SET MARCH 15**  
The launch is expected to occur one month from today, March 15.

Scott and Armstrong plan to catch up with their target satellite on the fifth or sixth orbit, then slowly push the nose of Gemini 8 into a docking collar on the target satellite, firmly coupling the capsule to it. Both the Agena and ATDA have this collar.

If the Agena is used, the astronauts will use controls inside Gemini 8 to fire a small Agena propulsion unit. Delicate instruments will then measure the thrust the Agena provides.

**TO EMERGE**  
On the morning of the second day, Scott is scheduled to get out of the capsule and maneuver his way to the rear. There, he will put on a special backpack with life-supporting oxygen bottles and other equipment inside.

After some maneuvering with a hand-held jet gun, the astronaut will cling to hand and foot grips on the rear of the spacecraft, sources said, while Armstrong fires small rockets on the spacecraft to back Gemini 8 away from his target satellite.

The astronauts then plan to fly in formation with the satellite — at a distance of 10 or 15 feet — with Scott "swimming" in space, taking pictures and possibly touching the satellite.

**SPECIAL BALLOT**  
Martin said Harris County election officials would make the decision but it would be permissible if they wanted to let voters on May 7 mark a special paper ballot or a special column in the voting machines for the special election.

If one candidate in the special election does not get a majority over all other candidates then there will be a runoff.

Scott is expected to hang onto the rear of Gemini 8 again while Armstrong fires the spacecraft's maneuvering rockets to rendezvous and dock with the target satellite. Altogether, Scott will be outside the capsule about three hours.

Thank George for good things coming your way (See Sunday's Herald)

## Fresh Wintry Blast Chills Texas Sector, Rains Seen

Winter aimed a new and icy blast at the Texas Panhandle today, and moist air flowing inland from the Gulf of Mexico promised to spread light rain over most other sections of the state.

It already was chilly in most areas. Early morning temperatures ranged down to 20 degrees at Dalhart in the Panhandle, where skies remained clear. Clouds covered nearly all the rest of Texas.

Forecasters for hazardous driving conditions went up for the north part of Northwest Texas as a fresh storm developed in the Southern Rockies. Up to 2 inches of snow was predicted, and some blowing and drifting was in prospect.

The outlook was for light rain, already falling at many points in South Texas, to spread northward into other areas and turn into light snow as it encountered the new norther in parts of Northwest Texas.

**DOWN TO 15**  
Temperatures down to 15 degrees above zero were promised the Panhandle by early Wednesday. Considerable chilling was predicted elsewhere, but readings generally were due to be no more severe than around freezing or higher.

Rain fell during the night and early morning along the Texas coast, in the Lower Rio Grande Valley and from the south into northern areas of the state.

**RAIN BELT**  
Points in the rain belt included Corpus Christi, Palacios, Houston, College Station, Lufkin, Victoria, Alice, Brownsville, McAllen, Cotulla, Del Rio, San Antonio, Junction.

Another area of light rain near dawn covered much of the area embracing Paris, Tyler, Waco and the Mineral Wells and Wichita Falls vicinities.

**FCC Sets Jurisdiction Over CATV Systems**  
WASHINGTON (AP) — The Federal Communications Commission today asserted jurisdiction over all community antenna television—CATV—systems but wiped out its controversial 15-day nonduplication rule.

The commission said CATV systems will be required to avoid duplicating the programs of local television stations only on the day they are broadcast by the local stations — not 15 days before and after such a broadcast as the old rule had required.

The commission extended its control today to all 1,600 systems—including those that use only a master antenna to pull in television signals in the area.

Saves Child From Lion

Mrs. Paul DeVita, 27, is pictured with her 5-year-old daughter, Nedine, whom she saved from an African lion by thrusting her arm down the beast's throat. The child was attacked at a stable where the lion was kept

as a pet. Nedine was bitten about the head, right shoulder and right hip and was reported in satisfactory condition in Huntington Park, Calif. Mrs. DeVita suffered only toothmarks on her arm and hand. (AP WIREPHOTO)

# 'Containing Red China' Is Subject At N.Y. Symposium

NEW YORK (AP) — Is Communist China really a threat to the United States? Should she be contained in Asia, and if so, does a policy of containment require absolute U.S. opposition to Communist regimes in Asia? These were the questions four speakers sought to answer Monday night at a symposium on "Containing China" in an effort to shed light on U.S. policy in Asia.

A U.S. senator criticized the United States for pursuing what he called a policy to isolate China. A professor said Washington has become "obsessed" with the

idea of containing China but doubted that she was as much of a threat as U.S. policymakers believed. A former presidential consultant took issue with this view and said the United States has been more preoccupied with the expansion plans of the Soviet Union than those of Red China.

# Bombings 'Curb Reds' Capability'

WASHINGTON (AP) — The commander of the U.S. Pacific Fleet says the Communists will be hard pressed to support their ground forces if the U.S. Navy and Air Force keep up the heavy bombing of supply and infiltration routes in Viet Nam.

President Johnson told Sen. Abraham A. Ribicoff Monday he appreciates his views on Viet Nam. The President added during a telephone chat that his personal views were roughly the same as Ribicoff's.

Except for these bombings, Adm. Roy L. Johnson told a Pentagon news conference Monday, North Viet Nam and Viet Cong troops would "have been able to do a great deal more" in the war.

GENEVA PARLEY Ribicoff suggested Sunday that Johnson invite the signers of the 1954 Geneva agreement to another Geneva parley. The Connecticut Democrat further told the President in a letter that he should offer to reduce the number of American troops in Viet Nam if Hanoi would agree to do the same.

# LOW BACK PAINS

Backache is perhaps the oldest and is still today one of the most common complaints for which the patient consults his doctor. We find the average patient is quite convinced their "nagging backache" is due to some disorder of the pelvic organs — or at least kidney trouble. It is usually neither. Yet, it is difficult to convince them. They usually come to the chiropractor after laboratory tests and exploratory X-ray examinations fail to reveal a pelvic or kidney lesion.

Constipation is frequently suspected. However, regularity usually returns when correction is made in the spine. Neuralgic pains are common in bad weather. They shift around from one place to another and are often mistaken for arthritis. These too, will generally vanish when pressure is removed from hot, irritated nerves in the spine.

or lower usually are the result of injury to the popular "sacro-iliac joints" — so are those miserable sciatic pains. These joints must be restored to proper alignment for permanent relief. Operations are generally unnecessary. We have corrected hundreds of these conditions. It took years of suffering to convince this Big Spring businessman to try our method of the healing arts. He came at the insistence of his daughter, whom we had helped earlier. Yet, when he was discharged, he stated: "Dr. Hansen, I'll be forever grateful for what you and chiropractic have done for me. I thought nothing could help me and this pain and suffering would go with me to the grave, yet now it is gone. I am able to do twice as much work as before and have doubled my income." This man suffered from constipation, indigestion and nervousness as well as the constant pain of the back and BOTH legs; for many years. We found the cause of his trouble deep in his nervous system and X-rays enabled us to make the necessary correction and his backache, leg pains and other symptoms faded away. Periodic check-ups keep him feeling tip-top. No. B-455.

# Mrs. Gandhi Under Attack

NEW DELHI (AP) — Prime Minister Indira Gandhi came under strong political attack today after only 23 days in office. A censure motion against her government was introduced in Parliament and thousands of demonstrators paraded the capital's streets.

Mrs. Gandhi had not dealt firmly with the food riots in the southwest state of Kerala earlier this month. Many more than the required 50 Parliament members supported the motion and thus forced Mrs. Gandhi to debate the issue.

# Annual Valentine Banquet Staged By Evening Lions

Members of the Evening Lions Club held their traditional Valentine's Sweetheart banquet Monday evening at Coker's. In addition to wives and dates of members, guests included Mr. and Mrs. Dalton Carr.

Mariko Sakai, exchange student who lives with Mr. and Mrs. Jim Zike, spoke to the group, telling how an English course in junior high school at Kyoto, Japan, led to an interest in the American Field Service program of exchange students.

Because of Japan's intense population, she had requested assignment to a sparsely populated area. She expressed gratitude for her year in Big Spring, and she answered numerous questions. Don Yater, president, presided at the meeting.

# Goals Outlined By Committee

Four goals for 1966 were outlined by the cultural affairs committee of the chamber of commerce at its Monday night meeting at the home of Mrs. Harold Davis, chairman, 1615 Indian Hills.

Stressed as goals for the coming year were presentation of a united front by trying to coordinate cultural affairs, promotion of the idea of a cultural center, enlarging of advertising and promotion of all cultural events, and emphasizing interest in the heritage of the area.

The 16 members present heard John Currie, president of the chamber of commerce, speak on the functions of the cultural affairs committee. Chamber manager Carroll Davidson also attended the meeting.

# Swine Raising Is Outlined

A program on swine raising was presented to the Gay Hill 4-H Club at its Monday night meeting in the Bethel Baptist Church at Luther. In charge of the program were Terry Hanson, Noel and Brent Brooks.

Noel told of the different breeds of swine, their color, and where each breed originated. Brent told of proper care of sows, and steps taken before farrowing, on farrowing day, and care of the sow and piglet for 42 days after farrowing.

Terry explained the procedure of raising a pig for show. He stressed breed, grooming, feeding, sanitation and exercise. He told the group how to prepare the pig for the pig show and the proper way to show a pig.

Refreshments were served by Mrs. Weaver Brown and Mrs. Virgil Little to 18 members, 10 parents and two new members, Taunya Evans and Janet Ellison.

Surgeon Here

Dr. Maurice Adam, cardiovascular and thoracic surgeon from Dallas, addressed the Howard County Junior College licensed vocational nurse and biology classes this morning. Dr. Adam was scheduled to speak to the Permian Basin Medical Society at 7 o'clock tonight at the Big Spring Country Club. His appearance is sponsored by the Howard County Heart Council and the Texas Heart Association.

Looking for the best in Modern Living?

You'll find it in a **TOTAL ELECTRIC HOME...**

These questions and answers tell you why:

**Q** Just what is a Total Electric home?  
**A** A Total Electric home is a home in which only electricity is used for winter heating, summer cooling, cooking, water heating and all other energy requirements.

**Q** What are the advantages of having a Total Electric home?  
**A** Such homes qualify for our low Total Electric rate for all-electric homes. In addition, the family enjoys all the advantages of really modern living, including flameless electric heating and cooling, carefree cleanliness due to the complete absence of fuel combustion, and the work-saving convenience of automatic electric appliances such as the electric range, dishwasher, waste disposer, washer and dryer.

**Q** What about cost of electricity in a Total Electric home?  
**A** Our Total Electric rate for all-electric homes is a money-saving feature. This rate is designed not only for low-cost electric heating, but for year-around economy in all uses of electric energy throughout the home.

**Q** Are any other savings involved in a Total Electric home?  
**A** Yes. The cleanliness of flameless electricity keeps walls, curtains and woodwork new-looking longer. Redecorating is required less frequently.

**Q** Have many Total Electric homes been built in this area?  
**A** Although the Total Electric living concept is a comparatively recent development, thousands of Total Electric homes have been built in the Southwest, and are providing superior comfort, convenience and liveability at low cost.

**Q** What makes a Total Electric home a good investment?  
**A** In addition to the safety and convenience offered by Total Electric homes, they are the most modern homes being built today, incorporating better living features every family wants. This "stay new longer" feature assures a high resale value for Total Electric homes.

**Q** Where can I learn more about Total Electric homes?  
**A** Consult your architect or builder or contact our office. We'll be glad to tell you more about the benefits of Total Electric living and give you details of our low Total Electric rate for all-electric homes.

# Youth On Trial Grimly Unsmiling

BRENNHAM, Tex. (AP)—The trial of Paul Eric Krueger, 18-year-old San Clemente, Calif., youth accused of killing three Corpus Christi men, moved into its second day without a juror selected.

Prosecutors and defense lawyers questioned nine veniremen Monday, most of them farmers or ranchers, and all were excused.

Krueger, grimly unsmiling and dressed in a black suit, was escorted to and from the courtroom by his mother and father,

sentence for murder without malice.

Burnett used his first peremptory challenge after an objection from Dist. Atty. Sam Jones of Corpus Christi blocked defense questions about the minimum sentence.

During the questioning of another venireman, Burnett said the state probably will introduce evidence "by one John Phillip Angles," charged with Krueger in the slayings.

Three veniremen were excused because of objections to the death penalty, two because they felt a defendant's not testifying would influence their opinion, and one who said he already had arrived at an opinion in the case.

Krueger, short, thin and obviously tense, sat unmoving throughout the day's proceedings.

# Snow, Cold Spread Ends Mild Spell

By The Associated Press

Wintry weather, with snow and cold, hit areas from the Rocky Mountain region into the Midwest today, ending a spell of unseasonably mild temperatures in some sections.

Cold-wave warnings were posted for Montana east of the Continental Divide and temperatures dropped to below zero

from Montana to Minnesota. Chilly weather extended eastward to the Appalachians.

Snow fell in the Rockies, across South Dakota to the Great Lakes region and in the upper Ohio Valley. Two inches of snow in a six-hour period gave Salt Lake City, Utah, a total of nine inches on the ground.

The mercury dipped to 25 below zero at International Falls, Minn., and 24 below at Williston, N.D. The cold air was expected to move across the upper Mississippi Valley eastward into New England.

Snow fell Monday from southern Illinois to western parts of Pennsylvania and New York State.

# Photographers Select Queen

CICERO, Ill. (AP)—Danny Bucnis, 9, summed up what it's like to have a beauty queen for a teacher.

"Wow!"

Danny is one of 23 fourth-graders at Roosevelt Elementary School who five days a week attend class taught by Miss Judy Plorkowski, 22, a green-eyed blonde named Miss Photoflash of 1966 by the Chicago Press Photographers Association.

The pupils all indicated agreement with the photographers' choice when Miss Plorkowski walked into her classroom Monday.

**BLACKBOARD MESSAGE**

"Our teacher is beautiful," read a message on the blackboard. It was the work of Cindy Haiz, 9, who had come to school early so she could "do something nice" for her teacher.

A lacy pink valentine from Daphne Morton, 9, read: "To

Miss Photoflash. You sure are lucky (sic) and pretty."

Other homemade red hearts proclaimed simply: "I love you."

Mark Zillhart, 9, told a reporter: "She's the prettiest teacher I ever had. She's nice, too. She's always strict but she's nice when she's strict, sort of."

Mark added: "She's pretty regular all the way around."

All the way around, Miss Plorkowski is 36-24-36, 5-feet-6 and 125 pounds.

**MARQUETTE GRADUATE**

A graduate of Marquette University, she began teaching in September and hopes to earn her masters degree in specialized education.

"I intend to make teaching my career — it is rewarding work," she said.

With her title, Miss Plorkowski received \$1,000 and a new car.

CAPT. AND MRS. B. J. DROMSKY JR., MAJ. AND MRS. DANIEL B. NEHF

## OWC Valentine Dance Held In Webb Club

Two massive entwined hearts formed a frame on the stage at the Webb AFB Officers Open Mess Saturday evening for "Chet Butcher and His Bunch" as they provided dance music for the formal affair sponsored by the Officers Wives Club. The red and white silhouettes set the theme for the valentine dance which followed the commander's reception in the Fireplace Room.

Completing the decorations, arranged by Mrs. G. L. Heart-

CAPT. AND MRS. ROBERT L. BLAKE

## Teachers' Association Gives School Awards

Awards for perfect membership attendance were presented at the Monday afternoon meeting of the Classroom Teacher's Association. The members met at Howard County Junior College with Mrs. Ray Cantrell presiding.

Local schools and their representatives who received certificates for 100 per cent membership records were Miss Sue Warner, Goliad Junior High; Mrs. Delores Bryant, Airport; Mrs. Dorothy Good, Bauer; Mrs. Charles Pope, Boydston; Mrs. B. F. Yandell, Cedar Crest; Mrs. L. K. Gladden, College Heights; Mrs. Keith Burns, Gay Hill; Mrs. Doris N. Peters, Kenwood; Miss Ruby Lee Simms, Lakeview; Mrs. Martin Landers, Park Hill; and Mrs. Wendell Ware, South Ward.

John Castleman, legislative chairman, reported on a political clinic he attended in Oklahoma City, Okla. The clinic was sponsored by the National Education Association, Washington, D.C.

Plans were discussed for the April 1-2 state convention in Houston, and members were reminded of the district convention in Midland March 4.

### Kiwani-Queens Plan Luncheon

The Ladies Auxiliary to the Brotherhood of Railroad Trainmen met Friday at 7:30 p.m. at the IOOF Hall with Mrs. T. A. Underhill presiding as the regular meeting time was changed to 2:30 p.m. Valentine refreshments were served by the hostesses. Mrs. Albert G. Smith, Mrs. R. H. Moore, Mrs. James Meador and Mrs. C. R. Rhoads.

### Kindergarten Has Valentine Party

STANTON (SC) — Mrs. P. G. Smithson's kindergarten had a valentine party at her home Thursday morning with Mrs. Bertha Stewart serving as co-hostess. Games were played and refreshments served to 12 students and five guests.

### Birthday Party Held Saturday

Miss Kim Crawley was honored on her eighth birthday with a Saturday afternoon party at the home of her grandparents, Mr. and Mrs. W. R. Crowder, 1816 Benton. Prizes were given for game winners and the individual favors were party hats. Fifteen guests attended and a pink birthday cake centered the lace-covered table.

### Auxiliary Changes Meeting Time

The Kiwani-Queens will have a luncheon meeting Thursday noon at the Holiday Inn. Hostesses will be Mrs. Bill Johnson and Mrs. Robert Stripling.

## Entertains Susannahs With Valentine Tea

Mrs. A. C. Bass, 106 Washington Blvd., entertained members of the Susannah Wesley Sunday school class and their guests at a valentine tea Sunday afternoon from 2:30 to 5:30 p.m.

With Mrs. Bass in the receiving line were Mrs. H. N. Robinson, Mrs. W. A. Laswell and Mrs. Harwood Keith, while Mrs. J. B. McAfee provided organ selections during the afternoon.

Over 60 guests were registered by Mrs. W. D. McDonald and Mrs. N. W. McCleskey. Alternating at the tea table were Mrs.

W. E. Moren, Mrs. Rosa Riberd, Mrs. A. E. True, Mrs. Gary Sims, Mrs. Knox Chadd, Mrs. Delaine Crawford and Mrs. Clyde Lowery.

White laves over a red underlay covered the table where a large milkglass bowl held an arrangement of red and white mixed flowers interspersed with greenery. A bouquet of red tulips was placed on the buffet.

Attending from out of town were Mrs. C. P. Gary, Mrs. Etta Motley and Mrs. Dera Winn, all of Colorado City.

### Tom Robinsons Establish Home In Sand Springs

COAHOMA (SC) — Mrs. Pete Banks has been released from the Malone and Hogan Foundation Hospital.

Mr. and Mrs. Pat Etheridge returned to their home in Kermit Thursday after spending the week here with their son and daughter-in-law, Mr. and Mrs. Rob Etheridge.

Jack Pipes and daughter, Francis, spent several days in Lubbock with his parents, Mr. and Mrs. Floyd Pipes.

Mr. and Mrs. Tom Robinson and children are new residents in Sand Springs. He is in the refrigeration and air conditioning business.

Mr. and Mrs. Pat Wilson spent Thursday in Stanton visiting with their son-in-law and daughter, Mr. and Mrs. Ohmer Kelly.

The Leonard Kinders were in Lorraine Tuesday to visit with his brother-in-law and sister, Mr. and Mrs. Bob Looney.

Mrs. Lola Fletcher has been released from the Webb Air Force Hospital.

Ricky Burrow, son of Mr. and Mrs. Dan Burrow of Sand Springs, had a tonsillectomy Friday morning at the Cowper Clinic and Hospital.

### Fiveash Home Is Scene Of Party

Plans for a valentine party were made during the Thursday evening meeting of the Past Matrons Gavel Club. The members met at the Downtown Tea Room with Mrs. E. A. Fiveash presiding. Mrs. Ode Green gave the devotion, and Mrs. Jimmy Felts was elected card chairman for the month.

The party was held Saturday evening at the home of Mr. and Mrs. E. A. Fiveash, 803 E. 14th. Twenty-four guests attended, and games of bridge and "42" were played. The table was centered with a valentine arrangement, and refreshments were served.

### Sewing Club Has Buffet Dinner

The Sew and Chatter Club was entertained with a valentine buffet dinner Saturday in the home of Mrs. C. L. Rowe, 1300 Johnson, as the birthdays of two members, Mrs. A. C. Moore and Mrs. Lawrence Robinson, were observed.

The table was covered with a red linen cloth and centered with a red heart trimmed in lace. Napkins and other appointments carried out the theme, and the white cake was accented with pink hearts.

During the afternoon the 13 members worked on ditty bags for the Red Cross to send overseas. The next meeting will be Feb. 23 with Mrs. W. N. Gage.

### Order Prepares For Official Visit

Plans for the Feb. 22 official visit of the supreme worthy president were made during the Monday evening meeting of the Social Order of the Beauceant. The 29 attending met at the Masonic Temple with Mrs. Eugene Gross presiding.

In preparation for the visit of Mrs. Vermain Sidles, Ester-ville, Ind., the members practiced degree work.

Refreshments were served by Mrs. W. C. Fryer and Mrs. A. J. Way from a table decorated in the red and white colors of valentine.

### Parents Announce Birth Of Son

STANTON (SC) — Mr. and Mrs. P. T. Bridges are parents of a son born Feb. 9 at the General Hospital in Iraan. The infant weighed five pounds, 10 ounces.

Mrs. Mary Bridges, 510 Abrams, Big Spring, is the paternal grandmother, and Mr. and Mrs. R. C. Chalfant of Iraan are the maternal grandparents. The Bridges have another daughter, Kassa, 2.

## Casually Yours

By JO BRIGHT

Five local women are the envy of many of us today since they are basking in the warmth of tropical islands while we brace for another cold spell. Leaving from Midland airport Sunday evening were Mrs. R. L. Tollett, Mrs. Harvey Williamson, Mrs. Violet Worthing, Mrs. Cecil Guthrie and Mrs. J. Y. Robb. The women were entertained at various social affairs prior to their departure, including a luncheon during Zack's fashion show at Holiday Inn Thursday. The hostesses were Mrs. Bill Currie, Mrs. E. V. Spence and Mrs. W. R. Cashion. Friday evening at the Jerry Worthing home, the women were guests for a party hosted by the Worthys, the Kimbell Guthries, the Ike Robbs, the George O'Briens of Midland, and George Oldham.

The clubs were busy over the weekend what with the OWC Valentine dance at Webb where I noticed the Richard Shavers chatting with friends. Nearby, Capt. and Mrs. Timothy Thomas and Maj. William Patton, who are neighbors, discussed backfence news, and the Raymond Segers got acquainted with another of their Western Hills neighbors. The music was good and Col. C. J. Butcher is a pretty fair trombonist—and doubles on drums, I understand.

At Big Spring Country Club, the Junior Woman's Forum had a ball with their masquerade ball, and the Pat Boatlers and Otto Peters hosted a dance for their friends at Cosden Country Club.

That popular convention sponsored by the El Paso Bar Association didn't draw as many of the Big Spring barristers as usual but the Roger Browns, Jerry Spences and John Burgess made the scene.

Shine Philips (Mr. Big Spring) celebrated another birthday and had his daughter, Champe, up from El Paso last weekend to enjoy it with him. Mrs. Philips and Champe had a quiet dinner Friday evening with the Vance Lebkowskys.

I hope as many people remember Shine on his day as he used to remember when they were confined to hospitals—friend and stranger alike. A little love goes a long way.

Someone else who will be having a very special day are the

W. W. Lansings who will mark 30 years of marriage on March 11. Another marriage, long-planned, will involve two of my favorite people and the date is set for March 1. It will be a quiet home wedding with no fanfare.

They say Mrs. Ron Kibler is feeling fine after recent surgery in the Webb hospital so doubtless, she'll be giving them competition at the duplicate tables again. Not so lucky is Donald Van Meter, Veterans Administration Hospital director who is still confined to Providence Hospital in El Paso. Mrs. Van Meter is staying at the Sahara Motel there but called Sunday concerning her work here with the Cancer Society. They hope to be back by the weekend.

The OWC will honor Mrs. C. J. Butcher at a tea Thursday from 2 to 4 p.m., so that local women will have the opportunity to meet the wife of Webb's new wing commander. Mrs. Butcher is a lovely, charming blonde who will not be a newcomer here long.

The Cactus Chapter of ABWA are making plans to have Delbert Downing of Midland speak at their banquet soon and Miss Marie McDonald could use some more copies of his book, "The Dark Side of the Moon."

Mrs. Leroy Echols of Coahoma called to say her son-in-law and daughter, Airman L. C. and Mrs. Stephen P. Lazarus left Friday for a month's vacation that will take them to Kingston, Penn., to visit his mother, Mrs. Eugene R. Lazarus. Call me.

Mrs. A. B. Wade, a member of the Modern Woman's Forum, was honored on her 89th birthday when the group met at 3 p.m., Friday, in the Blue Room of Cosden Country Club. Mrs.

W. A. Laswell was hostess for the program and valentine party.

The group adjourned to the ballroom for a program by members of the Big Spring Study Club who presented piano and vocal selections. Those performing were Mrs. Robert Heinze, Mrs. Charles Bell, Mrs. B. F. Meacham, Mrs. Timothy Thomas, Mrs. Rene Brown, Mrs. Gerald Terreau, Mrs. J. D. Arnold, Mrs. L. L. Beauvais and Mrs. David Shaw.

Mrs. W. E. Moren presided for the business session, as the women agreed to send a contribution which will be used to purchase a gift for Mrs. Dee Lockland, retiring president of the Western District, Texas Federation of Women's Clubs.

Mrs. Laswell served refreshments from a table covered with a lace cloth and appointed with crystal and silver. The centerpiece was of red and white carnations interspersed with greenery.

### JUNIOR CLASS PLANS CAMPUS STYLE SHOW

"Spring on the Campus, '66" will be presented by the junior class of Big Spring Senior High School at 2 p.m., Feb. 20, in the high school auditorium. The fashion show will be narrated by Mrs. Jim Zack and music will be provided by Mrs. Leslie Green. Fashions will be shown by Zacks, Pragers and Barnes-Pelletiers. Round-the-clock fashions will include everything from sweatsuits to formal wear. Tickets are \$1 per person and may be purchased at the door or from any member of the junior class. Models will be Debbie Duncan, Jenny Bean, Karen Crocker, Pam Sutton, Connie Carlton, Connie Bradley, Paul Langston, Jackie Cook, Linda Tune, Barbara Davidson, Sherry Hampton, Julia Vaughn, Debbie Douglass, Kay Staiser and Cindy Longoria.

### KING, QUEEN NAMED

Teenagers Honored At Sweetheart Banquet

"Hit Your Wagon to a Star," was the decoration theme during Saturday evening Sweetheart Banquet at the Phillips Memorial Baptist Church. The dinner was sponsored by the Young People's Department and guests were members of the Intermediate Department.

The Rev. Horace Whiteside was guest speaker, and individual favors were miniature wagons and stars.

The tables were covered with white linen and the head table was centered with an arrangement of red and white roses flanked with red and white candles.

Hollis Hoffman was master

of ceremonies, and musical selections were sung by Waunita and Elizabeth Palmer, accompanied by Marilyn Lawson, pianist.

The Rev. Dan Sanford, pastor, presented crowns to the elected winners for the sweetheart honors. Winners were Sam Parker, king; Jeanie Grizzard, queen; Dallas Crawford, princess; and Jimmy Grizzard, prince.

Thirty-four attended and hostesses were Mrs. Virgil Smedley, Mrs. W. I. Fenley, Mrs. R. M. Stroup and Mrs. Wallace Napper.

Guests were Mrs. Horace Whiteside, Mrs. Dan Sanford, Mrs. Hollis Hoffman and Mrs. Charles Mangum.

### Sweetheart

Susan Ruggles, daughter of Mr. and Mrs. Hiram Ruggles was presented as the sweetheart of the Lamesa High School Vocational Industrial Club at its Monday valentine banquet. Mrs. Charles Hatcher is the club sponsor, and Mrs. Jimmy Hardy was the guest speaker.

### Mrs. R. E. Graham Entertains Class

The Loyalty Class of Baptist Temple was honored at a valentine party Friday evening in the home of Mrs. Robert E. Graham. Mrs. Ezra Dyess presided and the devotion, "Wisdom Versus Love," was given by Mrs. E. T. White. Valentine refreshments were served to eight members. The March 4 meeting will be with Mrs. Curtis Reynolds.

### Mrs. R. E. Graham Entertains Class

## Mrs. A. B. Wade Honored By Forum

Mrs. A. B. Wade, a member of the Modern Woman's Forum, was honored on her 89th birthday when the group met at 3 p.m., Friday, in the Blue Room of Cosden Country Club. Mrs.

### Gift Party Fetes Bride

Mrs. Richard L. Marshall, the former Miss Beverly Trapnell, daughter of Mr. and Mrs. R. L. Trapnell, 1212 E. 16th, was the honoree at a miscellaneous shower held Thursday in the home of Mrs. B. M. Hogue, 1508 E. 17th. Mrs. Edward Seay and Mrs. Truett Vines were cohostesses.

The honoree was attired in a taupe knit suit and brown lizard accessories. She and her mother were presented corsages of feathered carnations.

A white lace cloth, over red linen, covered the refreshment table and the centerpiece was of red and pink roses and carnations. Milkglass and crystal appointments were used to serve approximately 40 guests who called between the hours of 7 and 9 p.m. The bride's sister, Mrs. Sandra Head, presided at the bride's book.

Mr. and Mrs. Marshall were married Jan. 5 in Amarillo and are making their home at 5425 47th. in Lubbock. She is a graduate of Big Spring Senior High School, and he is employed by the National Biscuit Company.

### Gift Party Fetes Bride

# Vice President Reaches Pakistan

KARACHI, Pakistan (AP) — Vice President Hubert H. Humphrey arrived in Pakistan today after pledging more U.S. aid to Thailand.

Before leaving by plane for Karachi, Humphrey assured Thai Premier Thanom Kittikachorn that the United States will help build up and modernize the military forces of his Communist-threatened nation.

The vice president told a reporter food problems will be high on the list of topics to be discussed with Pakistani leaders today and with Indian leaders when he flies on to New Delhi Wednesday. Both nations are suffering severe food shortages because of drought.

**CONGRATULATE CHIEF**  
Humphrey indicated he would also give Pakistani President Mohamed Ayub Khan a pat on the back for reaching a truce agreement with the late Prime Minister Lal Bahadur Shastri of India.

U.S. officials said they have been informed that Ayub Khan has found himself in political difficulties at home because of the agreement hammered out with India last month in the Soviet city of Tashkent.

will discuss plans for sending food for that country's starving millions. India reportedly hopes to get 19 million tons of U.S. wheat, but current prospects indicate the United States may not be able to furnish more than 12 million tons.

The vice president said there is a misconception that the

United States still has a huge wheat surplus on hand under its farm price support program. The only big surplus commodity

in U.S. government storehouses, he said, is cotton.

**U.S. PLEDGE**  
The U.S. pledge to step up military aid for Thailand was contained in a joint communique Humphrey and Thanom issued at the windup of the vice president's visit to the Southeast Asian kingdom. The two leaders said they agreed that steps already taken to improve Thai security had proved valuable "but that further strengthening of security forces was an urgent necessity."

The vice president spent a hectic 12 hours Monday inspecting Thai development projects during a 700-mile sound trip to Laos to reassure Premier Souvanna Phouma that the United States is determined to continue supporting Southeast Asian nations against Red encroachments.

## HCJC Election Details Complete, Dates Are Fixed

All details surrounding the Howard County Junior College trustee election April 2 have been completed.

Dr. Charles O. Warren, W. T. Barber and Paul Adams, whose

terms expire, have filed for reelection.

Deadline for filing is March 2. Absentee voting will be at the county clerk's office from March 14-29, inclusive.

Voting will be at three places. Boxes 1, 2, 3, 4, 6, 8, 11, 12, 13, 14, 15, 16, 17, 18 and 20 will ballot at Big Spring Senior High School where Lawrence Robinson will be judge, assisted by Mrs. Oliver Cofer. Boxes 5, 7, 9,

Big Spring (Texas) Herald, Tues., Feb. 15, 1966 5-A

will ballot at the City Hall in Coahoma where Mrs. Donald Lay, judge, will be assisted by Mrs. H. C. Wallin. Boxes 10 and 19 will ballot at Forsan where Mrs. J. P. Kubecka will be the judge, assisted by Mrs. D. L. Knight. The absentee canvass board will be comprised of George Elliott, John Berry and L. Z. Sha-

## Dear Abby

### He's Too Friendly

**DEAR ABBY:** I am not even sure how to put this, but it has been bothering me for a long time and it's come to the point where I have to do something about it. I have a girl friend. She is 15 (so am I) and we are always over at each other's houses. When I first met her father, I thought he was neat because he was so friendly. But he got to doing things I knew weren't right. Like putting his hands on me, and trying to kiss me. He never did this in front of anyone else. I tried to avoid him, but he'd send his daughter out of the room to get something for him. I pretended I thought his actions were all in fun, but deep down I was scared to death. I hate to quit seeing my friend, and if I tell my mother about this she will have his scalp. What should I do?

**SCARED**  
**DEAR SCARED:** Don't worry about the old man's scalp. Tell your mother. If he's sick, he needs treatment. If he's just a dirty old man, he shouldn't be allowed to run around loose.

**DEAR ABBY:** We have belonged to a bridge club composed of married couples for several years and we meet at each other's homes. When this certain couple has the game, it's as though they didn't know anyone was expected. They are in faded jeans, their children are eating in "shifts," and the house is a mess. They make us feel as though we intruded on them. Now these are educated people, from the best families. I admit they are both expert bridge players and good company, but what about cleaning up the place and presenting a more gracious picture? Or isn't this important when you have a diploma from Dartmouth and one from Radcliffe?

**DISGUSTED**  
**DEAR DISGUSTED:** Aw, relax. You can go "slumming" now and then, can't you? Your friends may be poor housekeepers, relaxed parents, and casual, non-conforming hosts, but they are friends, aren't they?

**DEAR ABBY:** I am a divorcee and have been for over a year. I have two children, 5 and 3. I go out with a very nice gentleman once or twice a week, and he always insists on paying my babysitter. I live on a limited budget and this man makes very good money. A friend of mine told me that allowing my escort to pay my sitter is no different from accepting money from him. I never looked at it that way. I'd appreciate your views.

**YOUNG MOTHER**  
**DEAR YOUNG:** I disagree with your friend. Under the circumstances, I see nothing wrong with allowing your escort to pay your sitter.

Problems? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

## Does she know something you don't...about Frost's bread?

Might be so. She likes Frost's, but felt she should know more about its nutrition and calories. How does Frost's rate with nutritious milk, for example?

She found out, ounce for ounce, Frost's Bread has twice the protein of milk. 60% of the calcium. 13% less fat. More iron. And more B vitamins than milk.

And you know how good milk is. So Frost's nutrition impressed her. As did the fact that 2 slices average even less calories than a glass of milk.

So she now makes sure her family gets Frost's and milk every day to help them stay trim and lively. Good reason for you to serve Frost's and milk, isn't it?

Get going with Frost's ...the bread to buy!

Frost's has it...

- Twice the Protein of milk
- 60% of the Calcium
- 13% less Fat
- 50 times the Iron
- 30 times the Niacin
- 7 times the Vitamin B<sub>1</sub>
- 98% of the Vitamin B<sub>2</sub>

These are ounce for ounce comparisons per U. S. Dept. of Agriculture, Handbook No. 8. © 1966—THE W. E. LONG CO.—866

## A Devotional For The Day

The Word became flesh and dwelt among us. (John 1:14, RSV)

**PRAYER:** O God, save us from our attempts to avoid the concrete nature of Thy call to us. Enable us this day to hear again Thy Word made flesh in Jesus Christ. May we in turn, be a means of Thy Word's becoming concrete to others. In Jesus' name. Amen.

(From the 'Upper Room')

## On Quicksand

Sen. John O. Pastore trod on boggy ground the other day when he intimated that Congress might take a hand at censoring television if broadcasters did not exert more control over what is shown. If he and his colleagues attempt to legislate in this area they may find themselves in constitutional quicksand.

Sen. Pastore is chairman of the Senate communications subcommittee. His concern centers on motion pictures—never named "Never on Sunday" and "Divorce Italian Style" as examples, thereby giving them a publicity boost—which he appears to consider not suitable for televising to the home audience.

The Rhode Island senator will find widespread support when it comes to

matters of taste, but the constitutional quicksand appears ahead when a senator begins hinting, as Sen. Pastore did, of government control over TV programming. He addressed this admonition to the broadcasting industry: "Please keep Congress out of the field of telling you what programs to show or not to show. The industry must guide itself so it doesn't dirty up the television screen."

No one can take exception to the view that "the industry must guide itself." Many will take exception to the notion that if TV programming does not please Congress then Congress should pass some censorship law. Government control would, in the long run, be far more dangerous than any number of "Never On Sundays."

## Problem Of The Driver

Figures are now in for the 1965 traffic toll, and they add up to 49,900 for the nation. This is three per cent more than the previous year.

Another 1.8 million suffered injuries, not a few of them disabling. The economic loss was pegged at \$8.5 billion, which includes \$5.5 billion in lost earnings.

About the only encouraging part of the report was the rate of deaths per million miles travelled (Last year this factor declined from 5.7 to 5.6), and the December toll. During the last month of 1965, the traffic toll was held to 4,940 deaths, a decline of 10 per cent over the same month a year before.

Somehow we find small consolation

—only small hope—in the declining rate. It is true that more and more motor vehicles are on the road every year, and more and more miles are being travelled. But we ought to be making some progress in safety.

The key factor is, as always, the driver. Despite statements to the contrary, car manufacturers are making mechanically safer vehicles than ever before. Alas, they are making faster ones, too. But our efforts to educate the driver, or even to convince him it is his neck he's risking, have fallen on fallow ground. In the long haul, engineering and enforcement of laws can hardly hold the line unless we somehow score a breakthrough with the driver.

## Holmes Alexander

### Improving The Breed

**STRATEGIC AIR COMMAND, OMAHA** — The military mind is a long way from what it used to be. The caricature of the trigger-happy, slaughter-minded, war-mongering officer should long since have been consigned to the dead files.

One of the unsung blessings of the nuclear age is that side by side with the development and deployment of mass destruction weapons has gone the selection and schooling of military personnel who intelligently restrain the destructive and impulsive tendencies which exist throughout society. To the extent that the choosing and training of young military men — the top officers of the near future — are successfully conducted, the more we alter our society for the better.

**THE REPORTER** who travels for a while among modern warriors soon finds an accumulation of admirable traits and honorable codes which are far less prevalent — certainly less stressed — in the civilian segment. The military today is the opposite of anti-social. It is pro-social in a big way. It is neither trigger-happy nor trigger-shy. I would not call it a wild surmise to say that the more young men we call to the colors — especially to the nuclear effort — the faster we will improve the whole American breed.

**FOR THE MORE** destructive the weapons which these men handle, the more delicate becomes their touch. The more horrendous the warheads which we pack into our bomb bays and into our missiles, the more our education systems must extend themselves in the search, the defining, the cultivation and the enrichment of all in life that is good and true. As the military recruitment staffs seek out and collect men with sound minds in sound bodies, as they reward these men with added opportunities for education, and with laurels of prestige in positions of trust, there is developing a certain example, a vogue. Other young men will strive to imitate the

military model out of a wish to achieve — to deserve — the opportunities and laurels that are there.

**THERE IS** no place in the nuclear weapons program — and no place in well-conducted schools, offices, plants and households — for individuals of arrogance, persistent ill-humor, jealousy, suspicion and inflexibility. They should be discouraged, not pampered. They should be made to understand that their chance of being wanted and accepted lies in their conduct, and is not included in any bill of rights. The nuclear program needs — as does every community and neighborhood — persons who apply themselves to their work, observe well-established rules of deportment, stick to their spouses, attend their churches, and discharge their obligations. They need not be persons of genius, for the requirement is for normality. The punishment for non-compliance is expulsion from a desirable environment, forfeiture of opportunity and rewards.

**THIS MILITARY** attitude, transferred into our general society, would carry one of the strongest incentives known to human behavior — the incentive of approval and acceptance. Of opportunity and reward. It would not coddle the criminal, or excuse the delinquent. It would undoubtedly go hard on those who are mentally and nervously incapable of self-improvement, but many of these would become public charges in any event.

**THE GROUP** or profession, military or civilian, which makes its demands known in its way toward obtaining those demands by internal pressures. The improvement of the breed, now taking place in the armed services, can also take place in the population from which the military draws its cadres. The spreading influence of the military, in our time, should be recognized as a public good.

(Distributed by McNaught Syndicate, Inc.)

## Lynx Caper

**MOUNTAIN CITY, Nev. (AP)**—It took a bit of sleuthing, but the power company officials finally figured out how a lynx put out the lights, turned off the heat, caused a fire and got electrocuted in the process.

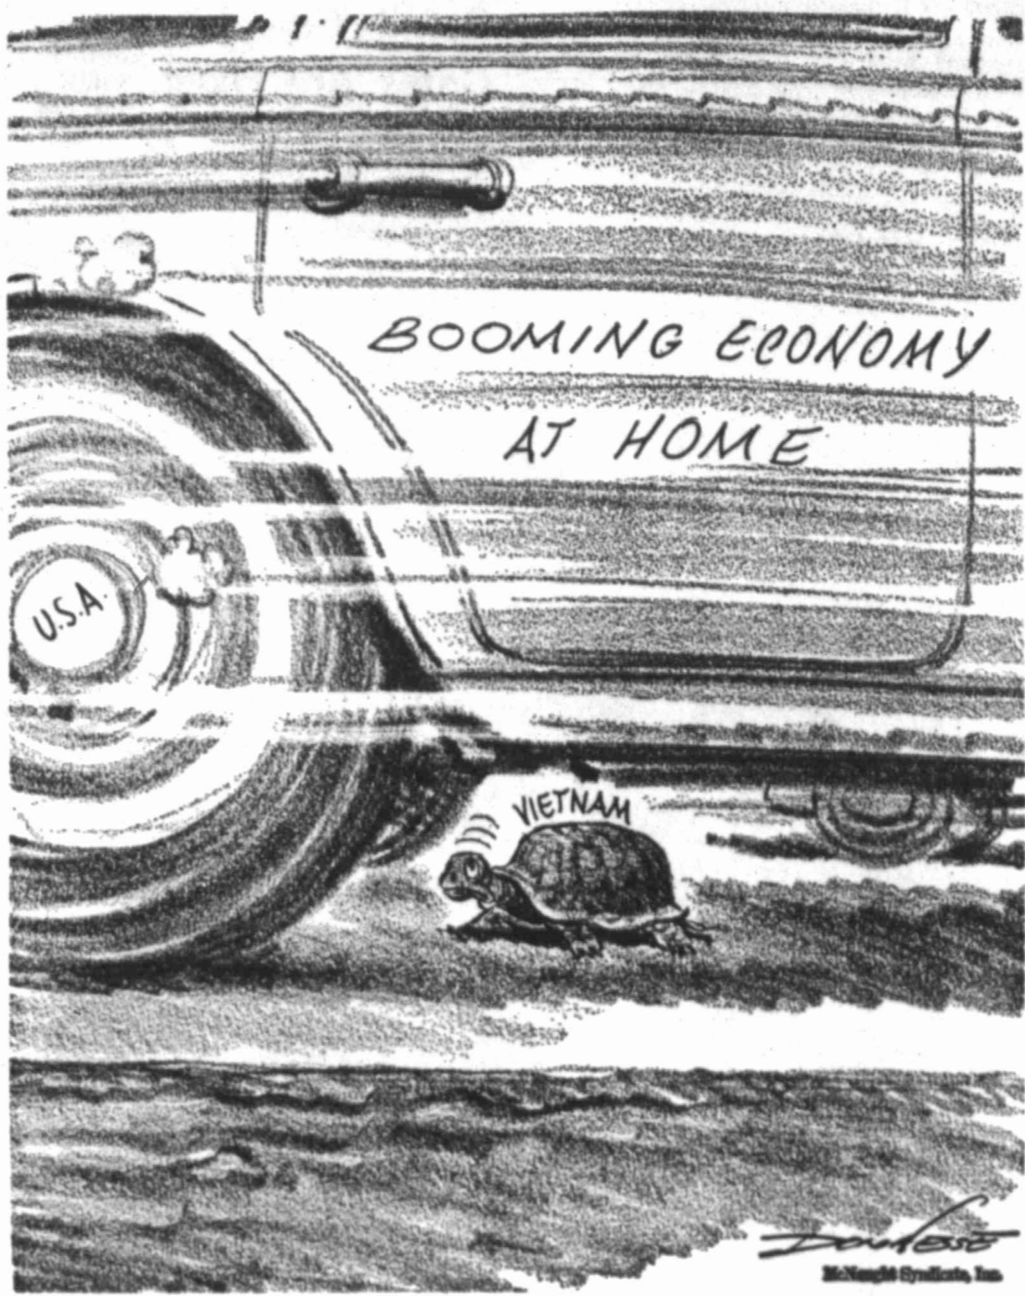

It seems the wildcat jumped a chain-link fence at the power company substation, leaped to a transformer and touched two wires at the same time, causing a massive short circuit.

That was the end of the lynx and the start of the fire which nearly destroyed the transformer and blew out two 46,000-volt fuses.

Homes in the Northern Nevada area were in the dark for three hours.

## Comic Role

**ROME (AP)** — Dino De Laurentiis studios has signed Italian comic actor Ugo Tognazzi for the lead in a new film provisionally titled "Menage Alla Italiana"—An Italian Affair. Director will be young Franco Indovini, who directed one of the three episodes in Princess Soraya's movie, "The Three Faces of a Woman."

### Peking Designs On Thailand Reviewed

**WASHINGTON (AP)** — Vice President Hubert H. Humphrey's assurances of support to Thailand's leadership underscores the deep U.S. concern for an area hand-picked by Peking for subversion — the northeast plateau on the Mekong River border with Laos.

It is an area of Thailand where living standards are lower, crops less plentiful and the livelihood for its 10 million much more difficult than in the rest of the country.

It is a region where the United States says that Communist China is directly instigating and supporting a movement designed to overthrow the existing government.

**IN A SPEECH** on U.S.-China policy last weekend, Assistant Secretary of State William P. Bundy said the Peking strategy is to replace the present government with a regime responsive to Peking's will.

"This is what we are seeing today in the form of a so-called Thai Patriotic Front established and supported from mainland China," Bundy said. "This is the direct form of Communist Chinese tactic that must be met."

Means of meeting the threat through concerted economic and military action are reflected in the American bases and supply depots and the expanded aid effort being made in the northeast.

**IN NOVEMBER 1964**, Peking announced the formation of a Thai independence movement intended to spark a war of national liberation. In January 1965, a second group called the Thai Patriotic Front was formed.

The headquarters of both organizations seemed to spring out of a clandestine radio operation from the Mekong River border region in Communist-

held northern Laos. Last November, the two groups combined. Their purpose: to depose the royal government, abolish treaties with the United States, oust U.S. troops from Thailand, encourage agricultural production and distribute land to the peasants.

**FOREIGN MINISTER** Chen Yi of Red China had predicted

there would be a liberation war in Thailand by the end of 1965.

This timetable was upset. But U.S. expert analysts found evidence last fall that Peking ordered an intensification of the struggle through terrorist activity in northeast Thailand.

(Today's column by AP's

Spencer Davis substitutes for

James Marlow, who is ill.)

### Flight From Kitchen Grows

**NEW YORK (AP)** — Things a columnist might never know if he didn't open his mail:

Although many people complain modern life is a big fat yawn, some 13 million Americans each night find it difficult to go to sleep. About six million solve the problem by taking sleeping pills or capsules.

**THE FLIGHT** from the kitchen is gaining headway. Half the employed married women say they took jobs because of some degree of financial necessity, but three out of four also say they'd rather work than spend all their time at home.

The U.S. Air Force is considering putting traces of zinc in food issued to airmen in combat areas. It is reported to speed the healing of wounds.

Auto accidents cost an average of \$195 for each American family last year. In the last 25 years, an insurance survey found, car accidents took a toll of 965,564 lives and an economic toll of more than \$130 billion.

**REMEMBER WHEN** most cities sneered at how sooty Pittsburgh was? And joked at the smog in Los Angeles? Well, they all have air pollution problems now. In Manhattan 80 tons of soot and other forms of dirt now

fall on each square mile of the borough each month.

Quotable notables: "A man properly must pay the fiddler. In my case it so happened that a whole symphony orchestra had to be subsidized" — John Barrymore.

**FACTS ABOUT THE POOR:** Poverty afflicts 36 per cent of all households headed by men and containing five or more children. But it hits 92 per cent of all families headed by women and having the same number of children.

**NEW AND INTERESTING:** Science is working on a blood pressure drug made from octopuses. A motor car has about 35 pounds of plastic. Researchers are working on a new technique to speed the recovery of stroke victims by providing them with more oxygen.

**DELMONICO'S** restaurant in 1834 is said to have printed the first menu in America. Among the prices: cup of tea or coffee, one cent; bowl of soup two cents; hash, three cents; half a pie, two cents; beef steak, four cents; roast chicken, 10 cents; regular dinner, 12 cents. Presumably the toothpicks were free.

Worth remembering: "If you don't learn from your mistakes, there's no sense making them."

## Around The Rim

### Plague Of The Bugs

The Fort Worth and Denver City railway bisected the town. There were a lot more trains being run in those days than now.

**I DON'T KNOW** what kind of bugs they were but the grownups in the town insisted they came into town that night riding in the beams of the locomotive headlights.

The bugs were black and hard-shelled. They were half an inch long, perhaps, and there were literally millions of them.

There were a few street lights around the railroad station and the bugs piled up on these lights until the bulbs were obscured. They dropped to the brick paving and piled up inches deep. All downtown they stacked up on the sidewalks, in the streets and around lamp poles.

**THEY HALF** covered the rails and trains coming into town crushed them under the wheels. When the engines sought to start again, their drivers skidded round and round on the slippery steel. The engineers had to resort to spraying sand ahead of wheels to get traction.

The bug invasion held on overnight into the next day. Although they had flown into town, they seemed to lose their interest in flying once they had fallen to the ground. As a result the sidewalks and streets were transformed into a crawling, slippery mess of half helpless beetles.

Business was almost brought to a standstill. Women did not want to come downtown and waded through the layers of bugs.

**THE CITY COUNCIL** met and marshaled forces. Men were hired and wagons called into service. Big flat-bottomed shovels were used to load wagon after wagon with the invaders. The railroad organized a train of gondola cars, and the loaded wagons transferred bugs to the cars. It took two or three days to finish the job.

The special train shuttled away. I do not know what was done with the fantastic cargo after it left town.

**IT TOOK WEEKS** before the last of the bugs had disappeared. The sidewalks looked as if they had been grease splattered. The grooves between the paving brick around the railroad station were filled with dried fragments of bugs. I never heard of a second invasion.

Some preacher took advantage of the situation to preach a rousing sermon.

**IT WAS BASED** on the story of locust plague Moses hexed on the Egyptians. He solemnly warned the town that the invasion might just be a sample of what was in store if things did not get better.

But I don't remember things getting better. —SAM BLACKBURN

## Art Buchwald

### New Problem Country

**WASHINGTON** — I just received a very heartbreaking letter from a friend of mine who happens to be the American ambassador to an African country which, to protect him, I will call Zemululu.

He writes that he is in serious trouble with the State Department and doesn't know what to do about it.

His problems first began when a year went by without any anti-American demonstrations in the country. Washington became suspicious and thought he was keeping something from them. He received a cable which said, "CAN'T UNDERSTAND LACK OF ANTI-AMERICAN DEMONSTRATIONS YOUR AREA. PLEASE CLARIFY WHY NATIVES ARE FRIENDLY."

**MY FRIEND** wired back he had no explanation for it unless the country's climate did not lend itself to demonstrating. He thought he would hear no more from Washington, but a week later he received a follow-up cable: "HOW COME YOU HAVE SENT IN NO REPORTS ON COUPS OR ATTEMPTED COUPS IN YOUR COUNTRY? YOU ONLY AMBASSADOR IN AFRICA NOT EXPECTING A REVOLUTION. WHAT HAVE YOU BEEN DOING?"

He replied, "ZEMULULU NOT COUP-CONSCIOUS MILITARY GETTING ALONG FINE WITH PREMIER."

By now the matter was being given serious study by the African hands in the State Department. A cable was dispatched: "YOU HAVE FAILED TO KEEP US INFORMED ON RACIAL TENSION. HOW MUCH IS THERE AND WHEN IS IT LIKELY TO EXPLODE?"

**HIS REPLY** was a weak, "NO RACIAL TENSION IN SIGHT AND OUR PEOPLE NOT EXPECTING ANY. PLEASE ADVISE WHAT I'M DOING WRONG."

There was an ominous silence for a few weeks but then he had a bit of good luck and was able to wire: "PEACE CORPS SCANDAL MAY BE BREWING UP-COUNTRY. COULD CAUSE TREMENDOUS DAMAGE TO OUR RELATIONS HERE."

They immediately cabled back,

"GOOD BOY. THIS MAY BE THE FIRST BREAK WE'VE HAD. SEND US FULL DETAILS."

**AFTER A THOROUGH** investigation he replied, "PEACE CORPS SCANDAL TURNED OUT TO BE FALSE ALARM. FIRST REPORT INDICATED PEACE CORPS VOLUNTEERS WERE GOING TO HAVE A BABY BUT CORRECTED TRANSMISSION SAYS PEACE CORPS VOLUNTEER DELIVERED A BABY, SORRY TO GET YOUR HOPES UP."

State was very annoyed. To top it off they sent him a nasty wire saying, "YOUR A.I.D. OPERATION HAS JUST BEEN AUDITED AND FOUND TO BE COMPLETELY IN ORDER. THERE HAS BEEN NO MISUSE OF FUNDS OR HINT OF BLACK MARKET OPERATION. A.I.D. COMPLEXED AND THINKING OF CUTTING OFF FUNDS."

The ambassador replied, "PLEASE TELL A.I.D. NOT TO ACT TOO HASTILY. WHILE AMERICAN MONEY BEING KEPT FROM PROFITEERS AT MOMENT, SITUATION COULD CHANGE OVERNIGHT."

**A MONTH** went by and suddenly the code machines started clicking again. "CONGRESSIONAL JUNKIE JUST RETURNED FROM ZEMULULU REPORTS THEY PLEASED WITH STABILITY AND PROGRESS MADE THERE AND VERY IMPRESSED WITH LACK OF SUBVERSION. DO YOU REALIZE THIS COULD HURT OVER-ALL BUDGET FOR UPCOMING YEAR? ALSO UNDERSTAND TIME AND NEWSWEEK CORRESPONDENTS HAVE MADE OFFICIAL COMPLAINTS TO THEIR EDITORS THAT ZEMULULU IS DEAD AS RUNNING STORY. EVERYONE HERE VERY DEPRESSED."

**TO SAVE** his job the ambassador wired back, "TWO CHINESE CULTURAL ATTACHES HAVE JUST ARRIVED FROM PEKING AND HAVE OPENED CHINESE RESTAURANT."

An immediate reply from Washington said, "CONGRATULATIONS ALL OF US HERE DELIGHTED WITH NEWS. HOW MANY C.I.A. MEN CAN WE SEND YOU?"

### Broad Thrust In The Pacific

**HONOLULU** — From the long row of windows in Admiral U. S. G. Sharp's office the view is out over Pearl Harbor and the sunlit sweep of the Pacific. As Commander-in-Chief, Admiral Sharp presides over an empire of 85,000,000 square miles with American forces in the three services approaching the 600,000 mark.

So massive is the commitment to this empire that the Viet Nam War is seen as only one phase, if at the moment the most critical phase, of the thrust of American power. For better or for worse, the die has been cast. To reverse the drive for an American future in the vast area of the Pacific seems impossible short of a nuclear encounter.

**PARALLELS** are always dubious, but the central effort today is to do in the Pacific what the United States did in the Atlantic. That is to shape a new alliance and, to use a piece of government shorthand, build an infrastructure that will sustain it.

This is the chief objective of Vice President Hubert H. Humphrey's current tour of Asia. It is first to wrestle up another 20,000 to 25,000 troops from America's Asian "allies" for the war in Viet Nam. But for the long pull it is to lay the groundwork for an alliance of broader scope and sterner purpose than the Southeast Asia Treaty Organization.

**SOUTH KOREA** is expected to provide a second division of upwards of 20,000 men. Australia will contribute a second battalion and New Zealand may add a second small contingent. If present expectations are fulfilled, the Philippines will come through for the first time with 2,000 engineer-service troops. The Philippine military receives substantial American aid in fuel and other essentials.

There are times when both military and diplomatic officials talk as

though Viet Nam were a lesson to be learned in the unending task of holding and consolidating the "free world" in the Pacific. They foresee that the next battleground may be Northeast Thailand and not so distant, either.

**FOLLOWING** A meeting of commanders from all over the Pacific, which coincided with the Honolulu conference, a new kind of cautious hope colors the outlook for Viet Nam. For perhaps the first time, military men speaking privately believe they have all the elements in readiness to do the job. By 1967 the Viet Cong will begin to fade away, not by seeking negotiation at a peace table, which no one expects, but by acknowledging they cannot win.

At that point the guerrillas may spill over into Thailand through the Laos corridor, the route today of up to 80 per cent of the infiltration into South Viet Nam.

**THIS IS ONE** reason Humphrey is not expected to ask Thailand for troops. They are likely to need all they have, plus sizable American units to stop a Viet Cong type of aggression.

But it is in the thrust of the far-flung construction effort that the permanence of the Pacific empire is evident. Hundreds of millions of dollars are going into contracts with the great American engineering firms to build whole new harbors, docks, large military installations. And this is not in Viet Nam alone.

**IN TYPE**, Admiral Sharp is no imperial pro-consul. He has a quiet, reasonable approach to the diplomatic aspects, including the bombing pause, as well as the military responsibilities of his command. But there is no doubt as he takes off from time to time to inspect his remote outposts who is boss of this extraordinary undertaking. (Copyright, 1966, United Feature Syndicate, Inc.)

# OIL REPORT Martin Wildcat Location Set

Jake L. Hamon has staked a Martin County wildcat location 11 miles northwest of Stanton, The No. 1 Pollock will drill to 12,200 feet to the Ellenburger formation 1,980 feet from the north line and 600 feet from the west line of section 48-36-2n survey, seven miles northeast of the Spraberry Trend area.

## DAILY DRILLING

**BORDEN**  
Texas No. 1 Wason is drilling below 8,200 feet. Location is 600 feet from the north line and 200 feet from the east line of section 21-1, J. Pollockville survey, 17 miles northeast of Lamesa.

**DAWSON**  
No. 1-C Wright is preparing to pump hole No. 1, 18-1/2" x 14-1/2" casing, 1,000 feet from the north line and 1,000 feet from the east line of section 21-1, J. Pollockville survey, 17 miles northeast of Lamesa.

**GLASSCOCK**  
No. 1 Houston is drilling 4,200 feet. Location is 1,500 feet from the north line and 600 feet from the east line of section 1-36-2n, T&P survey, 19 miles southwest of Gordon City.

**STIRLING**  
Gulf No. 1-U Davis is plugged back to 4,400 feet. Location is 2,100 feet from the north line and 2,300 feet from the east line of section 25-2, M&T survey, five miles northeast of O'Donnell.

# W. F. Johnke Rites Slated Assessments Set For Demo Hopefuls

Willie F. Johnke, 63, died at 1:40 a.m. today in a local hospital after three months' illness.

Services will be held at 3 p.m. Wednesday in the Nalley-Pickle Rosewood Chapel, with the Rev. Paris A. Barton, pastor of the Westside Baptist Church, officiating. Burial will be in City Cemetery.

He was born Aug. 21, 1902, in Washington County, Mich., and married Miss Bertha Speaker in 1930 at Hamilton. The family moved to Big Spring in 1941. Mr. Johnke was a retired tank builder for Cosden Oil and Chemical Co.

A member of the Methodist Church, he leaves his widow, Mrs. Bertha Johnke, Big Spring; three daughters, Mrs. V. J. Atkinson, Big Spring, Mrs. Bob Harmon, Odessa, Mrs. J. R. Hinson, Venus, La.; his mother, Mrs. Selma Johnke; four brothers, Alfred Johnke and Marvin Johnke, Big Spring, Henry Johnke, Texas, N. M., O. A. Johnke, Odessa; three sisters, Mrs. Annie Rapp, Eden, Mrs. Tillie Harris, Indian Gap, Mrs. Elsie Ebeling, Hamilton; also seven grandchildren.

Palbearers will be W. B. Brown, W. F. Brown, J. B. McKinney, R. P. Morton, Odie Ebeling, and Jesse Majors.

Candidates for county, precinct and district offices at stake in the primaries this spring will be assessed a combined total of \$4,037 to pay the costs of the election.

C. V. Riordan, county Democratic chairman, said that this is the total assessed against all candidates at a meeting of the executive committee of the Democratic party Monday night. He said that most of the candidates for the offices to be filled were on hand and paid their assessments before leaving the meeting. The few who have not paid have until Feb. 19 to make payment. Failure to meet a primary assessment on or before the deadline will mean that the candidate's name will not appear on the primary ballot.

At the meeting Monday night

## Midway Enters Spelling Bee

Midway school, a unit of the Coahoma Independent School District, will compete in the Howard County Spelling Bee on April 16.

Officials at the school said that their youngsters are interested in trying their hand and have asked that they be given a chance to try for the county spelling bee championship.

The school had a representative in last year's bee. He was Lynn Ashley, and the alternate was Ronny Pope.

Midway, Big Spring, and the Immaculate Heart of Mary parochial school are now seeking champions for the county spelling bee.

# Tickets For Pancake Feast Are In Demand

Advance ticket sales to the Fourteenth Annual Kiwanis Club pancake supper are in demand, as the date for this highly popular event nears. The pancake supper will be served from 5 to 8 p.m. Friday at the HCJC Student Union building.

The tickets are available from all Kiwanis Club members or can be bought at the door of the Student Union Building Friday.

The price of the tickets is 75 cents. The slogan of these events is "all the pancakes, bacon, syrup and coffee you can eat for the price of the ticket."

The mountain of food needed for the big supper is now being assembled. The club has its own electric pancake griddles and these are being shined up and readied for installation in the cafeteria kitchen at the SUB.

This year something new has been added — diners can buy bags of the famous Kiwanis Club pancake mix to prepare their own pancakes at home later on. These mixes will be sold for 25 cents per bag.

All profits from the sale of tickets to the pancake supper are used by the Kiwanians in their work with boys and girls of the community.

# Senior Citizens Elect Officers

Mr. and Mrs. A. E. True were elected president and assistant president at the Monday afternoon organizational meeting of the Senior Citizens Club.

Other officers are Mrs. Lillian Patton, first vice president, Mrs. Jessie Johnston, second vice president, and Mrs. Mae Franklin, secretary-treasurer. About 25 attended the meeting.

The club is non-denominational and is sponsored by the First Methodist Church. Meetings will be held twice monthly, with the first Monday a luncheon meeting and the third Monday an evening meal meeting. Members are to bring a covered dish for each meeting.

Ted James is in charge of arrangements for the club, which

is open to all men and women 60 years of age or older. Assisting James is Mrs. Knox Chadd, who will provide transportation for those needing it and Mrs. W. R. Cashion and Mrs. Lina Fiewellen.

## Maxwell Barr Will Sell Steer At San Antonio

Maxwell Barr's hopes of showing the grand champion steer of the San Antonio Livestock exposition did not materialize Tuesday. His 1,000 pound Hereford wound up as reserve champion of the Herefords at the show.

The Hereford which beat "Red Eye," young Barr's steer, did go on to grab the top honors, however, in competition with the top animals of the all breed show.

Herb Helbig, county farm agent, who is home today from the show, said that Barr will sell Red Eye at the auction Friday morning. It is possible the animal will bring the young Vincent showman around \$1,500.

Bobbie Haney and Mark Barr, who also showed steers at the show, will also sell their animals at the auction. Dolores Lankford, whose steer won the grand championship at the recent Fort Worth show and netted the young owner more than \$6,000, will not sell any of the animals she has at the San Antonio show.

The 4-H Club members' next competition will be at the Houston Fat Stock Show which opens Feb. 23.

## First Trial Is Stopped

Trial of a compensation case brought by Cecil Johnson against the Travelers Insurance Company came to a sudden end Tuesday morning.

Judge Ralph Caton of 118th District Court, ordered a mistrial entered. The mistrial resulted when one of the jurors, who had been seated Monday afternoon, informed the court that his son was to undergo major surgery today and that he did not feel he could properly serve as a juror.

The court agreed and the mistrial was noted. The case was passed for the term.

A jury panel, which showed up Monday afternoon and from which the 12 who had been seated to try the Johnson matter, had been instructed to report back to court Wednesday. It had been anticipated the Johnson case would take all of today and part of Wednesday.

The jurors will be in the courtroom at 1:30 p.m. to serve in the scheduled trial of Charles Bridges vs. Gene Allen, et al. This is a damage suit and was slated as No. 2 when the docket was called Monday.

## Coahoma Has More Students

Coahoma Independent School District has four more scholars this year than it had last, the office of the county superintendent revealed today.

Coahoma district has completed its 1966-67 school census—the first in the county to finish the work. The district census, Walker Bailey, county superintendent, said, shows the district has 981 scholars this year. Last year, the figure was 977 and in the preceding year 944.

Bailey said that this year's figures show there are 519 boys and 462 girls in the district. In the 1965-66 year, there were 513 boys and 464 girls.

School census is taken in March each year and has to be completed by March 31. Big Spring and Forsan districts are the only other two school districts in the county.

The figures, when the census in each district is finished, will be turned in to Bailey for dispatch to state authorities. Allocation of state funds to the school districts is determined by the scholars shown on the census rolls.

## Former Resident Dies In Odessa

Mrs. Daphne (Sally) Warren, 46, Odessa, died Monday night in an Odessa hospital after an illness of two months, according to her aunt, Mrs. C. R. Lawdermilk, 503 E. 17th. Services are pending in Odessa.

Mrs. Warren also leaves another aunt here, Mrs. R. S. Anderson, Snyder Highway, and an uncle, P. O. Rice, 1001 E. 2nd. Mrs. Warren had formerly lived in Big Spring.

## Sheriff's Plan Being Studied

Proposal of Sheriff A. N. Standard that he reduce his deputy staff by one and use the salary thus saved to adjust the pay of his helpers upward, which he submitted to the county commissioners court Monday, has been taken under advisement.

The court told the sheriff they would study his plan and announce their decision next Monday.

Standard had pointed out that he is now one man short of his full number. He suggested his deputies work extra hours and absorb the work load which would be handled by this man, and that the salary of the unemployed deputy be allocated to each of the other deputies on a pro rata basis.

He said he had discussed the plan with his staff, and that they favored it.

He stressed that such a plan will not add a cent to the budget already set up for his office and he argued that it would improve efficiency and tend to discourage employees of the sheriff's office from taking jobs with other counties where the pay for such work is higher.

## Prisoner Is Saved

Quick action by two city policemen last night probably saved the life of a city jail prisoner who had hanged himself to the cell door with his shirt.

Jimmy Hill Jr., 200 NW 2nd, was arrested at 9 p.m. Monday on a warrant for the theft of some pipe from City Park last week, officers said.

About 11:15 p.m. Sgt. L. D. Coppedge and officer Joe Henry heard a knocking noise coming from the "tank," and went to investigate.

When they opened the cell door, Sgt. Coppedge saw Hill hanging from the door with his shirt tied around his neck and attached to the door. Hill, officers said, was nearly unconscious. Sgt. Coppedge quickly cut the young man down with his pocket knife.

He was unharmed, officers said. This morning, Hill was transferred to county jail. He made \$100 bond this morning, sheriff's officers said.

## C-City Residents May Vote On Parking Meters

Colorado City (SC)—The Colorado City Council voted Monday night to extend meterless parking, pending some form of straw vote as to whether local citizens prefer parking meters or other form of limited downtown parking.

J. C. Britton, speaking for the chamber of commerce merchants committee, requested an extension of the parking meter holiday and suggested that the council put the question to voters at the city election April 15.

City attorney John Worrell told the council he would study the legality of holding the referendum at the same time and place as the city election and would report at the March council meeting.

The council set April 5 for the election of three councilmen and appointed R. B. Baker election judge. Councilmen whose terms expire in April include Dr. John Chinn, R. J. Hoback and Henry Lewis.

City Manager Ford Merritt gave the council an estimate of the value of an air strip recently paved by the city and county. The report, prepared by the engineering firm of Park, Hill, Smith and Cooper of Lubbock, indicated that the runway cost would have been \$47,947 if the work had been done by a private firm. Merritt told the council that the city's cash out-

## Fire Damages Cox Residence

An early morning fire in the Kentwood Addition badly damaged the home of Dr. Keith Cox, firemen said.

Fire officials said Dr. Cox told them he had placed a light bulb directly over a blanket on his dog to keep it warm in the garage of the home at 2500 Anna Drive last night. The bulb evidently set fire to the blanket, causing an extensive fire.

No one, including the dog, was injured.

Dr. Cox noticed the fire about 5:25 a.m. and called for help. The fire went up the wall of the garage and into the attic of the house, burning through the north portion of the roof and burning off a gable and badly burning the garage.

Firemen said there was no fire damage to the interior of the home, but that there was some water and smoke damage to the den and living room. The fire was extinguished without trouble.

## Expects Arrest

The J. W. Holt residence on the Snyder Highway was looted by a burglar Sunday, and a large quantity of clothing and food taken. Sheriff A. N. Standard said this morning. He said that his men have good leads on the case and that an arrest is possible within a short time.

## WEATHER

**NORTH CENTRAL TEXAS** — Mostly cloudy tonight, occasional light rain east and south central portions tonight. Decreasing clouds Wednesday. Widely scattered showers in east Wednesday afternoon. A little warmer Wednesday, but turning colder in west and north in afternoon. Low tonight 28 to 30. High Wednesday 30 to 32 in northwest to 42 in south.

**NORTHWEST TEXAS** — Cloudy in north to partly cloudy in south tonight and Wednesday morning, clearing in afternoon. Scattered light snow in north early Wednesday. Partly cloudy Wednesday, turning colder in Ponchaile tonight. Colder Wednesday, much colder in north. High tonight 15 to 20. High Wednesday 28 in north to 31 in south.

**SOUTH CENTRAL TEXAS** — Mostly cloudy tonight and Wednesday with occasional rain. Colder in extreme northwest late Wednesday. Low tonight in 28. High Wednesday 28 to 32.

**SOUTHWEST TEXAS** — Cloudy to partly cloudy tonight and Wednesday. Sun sets today. 6:30 p.m. Sun rises Wednesday at 7:28 a.m. Highest temperature this date 32 to 37. Lowest temperature this date 12 to 19. Maximum rainfall this date .24 to 1.08.

TEMPERATURES

City	High	Low
Big Spring	45	30
Abilene	45	30
Amarillo	45	30
Chicago	45	30
Denver	45	30
El Paso	45	30
Fort Worth	45	30
Houston	45	30
New York	45	30
San Antonio	45	30
St. Louis	45	30

Snow will cover much of the country from the Northwest and Rockies region and into the upper Great Lakes area. South of the Lakes and to the Eastern Gulf the snow will change to rain, according to the forecast. Lower Midwest and Eastern Seaboard are due to be colder. (AP WIREPHOTO)

## Weather Forecast

## Grant Willis Dies Monday

Grant Willis, 71, Lubbock died Monday in a local hospital.

Services will be held Wednesday at 7 p.m. in the Nalley-Pickle Rosewood Chapel, with the Rev. W. L. Brown and the Rev. Melvin Montgomery officiating. Burial will be in a national cemetery.

He was born March 7, 1894, in Gilmer and married Miss Artie Bryant there. A resident of Lubbock for five years, he had been a construction worker in the Lubbock area. He was employed as a custodian at Porter's Clinic-Hospital, Lubbock, for the past 15 years.

Mr. Willis resided with Mr. and Mrs. Ross at 2120 21st St., Lubbock.

He leaves his daughter, Lyrtze W. Bowling, San Francisco, Calif.; and a cousin, Elige Washington, Lubbock.

## CPAs To Meet With Agents

The annual joint meeting of the Permal Basin Chapter of Texas Society of Certified Public Accountants with the area representatives of the Internal Revenue Service will be held at the Caravan Motel, Midland, at 6:30 p.m. Thursday. A buffet dinner will be served.

The speaker of the evening will be Cayce Moore, humorist, philosopher, and small town barber from Hearne. Members are urged to bring guests.

## Workmen Installing New Court Filing System

Remington-Rand workmen from Dallas are assembling and installing the huge new electronic filing system purchased for the office of Fern Cox, district court clerk.

The machine, which cost about \$3,500, is rigged to hold 16,000 case files. Anyone needing a file dial the case number available from the court clerk index system and the machine automatically delivers the needed file to the applicant.

Cox said that the machine, called an Lectriver, is the only one he knows of installed in any West Texas courthouse.

The machines are new. A few have been put to use by the SAC base at Abilene.

The workmen estimate the mammoth machine will be ready to try out by Thursday morning. It weighs over 2,500 pounds and stands ceiling high.

When it is in operation and all active cases now in regular filing cabinets have been installed in it, the clerk's office will release a large number of standard cabinets for other offices in the courthouse.

## Police Check Burglaries

Four burglaries were reported to local police yesterday. None involved a large amount of money or property.

Six cases of beer, \$2.50 in pennies and an undetermined amount of money and cigarettes were missing in a burglary at Wilson's Barbecue, 314 NW 4th. Officers noticed a back door of the business ajar and determined it had been forced. They and the owner, Wilson Davis, 911 Ohio, determined that the beer was taken from beer boxes, the money from the cash register, and that a cigarette machine had been forced.

Entry was made by removing a glass and reaching through to unlock the rear door, officers said.

Jerry Parks, 212 Channing, surprised a burglar when he came home about 8:30 p.m. Monday, but the person escaped through mesquite underbrush near the Salt Lake, he told police. The man had entered through the kitchen window, officers said. He got away with some groceries and a grey suit of Parks'.

Grace McClinton, 605 W. 17th, told officers four blankets, one of them electric, and a quilt had been taken from her home during the past three weeks.

A. R. Jones, 1029 Stadium, told officers a burglar had entered a shed at Nationwide Rental, 1488 W. 4th, and had taken about \$30 worth of hand tools.

## Volunteers For Center Organize

An organizational meeting will be held Thursday at 7:30 p.m. in the Howard County Rehabilitation Center for those interested in joining a Howard County Rehabilitation Center Volunteer Auxiliary.

"We need volunteers who are willing to donate at least one half day weekly to assist in all facets of the center's program," said a physical therapist Jim Thompson. "We can use volunteers in all fields, from office work to assistance in speech therapy."

CARD OF THANKS  
We would like to thank all our friends and neighbors for the lovely flowers and cards of thoughtfulness sent at the passing of our loved ones, our Granddaughter and baby son, Lois and Ronnie Beagles, Roswell, New Mexico.

Mr. & Mrs. Andrew J. McCall  
Sterling City, Texas  
Big Spring, Texas

# Freeman Promises S. Viets Enough Rice To Fill Needs

SAIGON, South Viet Nam (AP)—Secretary of Agriculture Orville L. Freeman said today U.S. rice farmers will increase their acreage so they can ship South Viet Nam as much of its staple food as it needs.

## BOOST ACREAGE

He said President Johnson al-

ready has authorized an increase in the U.S. rice acreage to provide enough to meet demands.

## Venerable ICT Program Receives Good Response

The Industrial Cooperative Training program, part of the vocational training available at Big Spring High School, is continuing with sustained vigor.

The 33 enrolled for the fall semester has increased to 36 for the spring round, said Billy Jones, coordinator.

The program, originally known as DO (diversified occupations), is the oldest continually operated in the state. It is rounding out three decades of activity here.

Students are being trained at 23 different stations and in 10 different fields here. From Sept. 8, 1965, until Jan. 21, 1966, those in the fall semester earned an aggregate of \$14,895 for their services during the on-the-job portion of the training program.

Students are training as nurses aides, laboratory technicians, plumbers, sheet metal workers, mechanics, opticians, refrigerator repairmen, electric motor repairmen, television repairmen, auto partsmen.

Under the ICT formula, students of junior and senior rank put in half a day on their regular academic studies, plus job-related studies. During the afternoon they work on the job they are seeking to learn. Most of them put in Saturdays, too, and most of them step into ready-made jobs when they graduate.

Twenty of the 33 students for the fall semester were in their second year in the program.

The next event for the ICT students is the district meet in Odessa at the end of March. This will be followed by the joint cooperative program banquet at Cosden Country Club April 8. George Rice, coordina-

## Public School Week Planned

Details of the observance of Texas Public School Week are taking shape. Jimmy Felts, chairman of the committee for the annual observance, said Tuesday.

Serving with him as co-chairmen are John Richard Coffee and Gerald Culpepper. Hugh Smith is the project officer for Big Spring schools.

Gov. John Connally has proclaimed March 5-11 as Public Schools Week in Texas, and Mayor George Zachariah will proclaim it officially for Big Spring.

This year's observance will seek to bring Forsan, Coahoma and Sands schools into the special observance.

S. M. Anderson, superintendent, has prepared mailers which will go to all patrons for the Big Spring schools urging them to visit their schools during the special week. Smith is coordinating the day-by-day observances in the schools. Felts said that his committee would meet with administrators for breakfast Thursday at 7:30 a.m. at Coker's. During the special week, there may be a luncheon with the various service clubs.

## Deficit Cut Trend Might Be Reversed

WASHINGTON (AP)—The imponderables of the Viet Nam conflict could produce an overall review by the Johnson administration this year of its balance of payments program.

Although the 1965 deficit at \$1.3 billion was the lowest in eight years, Secretary of the Treasury Henry H. Fowler said higher than anticipated outflows of U.S. dollars because of Viet Nam could reverse this trend.

Fowler ruled out at a news conference Monday any mandatory controls to stem private investment abroad and said reduction of the deficit for 1966 was largely the result of the voluntary program initiated a year ago.

"I knew this was a principle but I found here that there is real dedication to this principle," Freeman said.

"We shall continue this reliance," Connor said of the voluntary cooperative program with American business, "And we are confident of another favorable outcome for the current year."

The 1965 deficit was less than half the \$2.8-billion deficit of 1964 and the \$2.7-billion deficit for 1963. It was the best showing since 1957 when the balance of payments — the difference between U.S. spending abroad and foreign spending in this country — showed a \$320 million surplus.

Freeman said he and the technical experts who accompanied him would submit their report to the President shortly after their arrival in Washington. Accompany them was McGeorge Bundy, President Johnson's special assistant for national security matters who came to Saigon with Vice President Hubert H. Humphrey after the Honolulu conference.

## Coeds Protest Boys' Beards

COOKEVILLE, Tenn. (AP)—About 200 coeds at Tennessee Tech spent their Valentine's Day staging a protest against cultivation of beards by male students on the campus.

The mania over fuzz began several weeks ago when the student government decided to sponsor a month-long beard-growing contest in observance of Tech's 50th anniversary.

Wearing long gowns and night caps and carrying banners and huge reproductions of safety razors, electric shavers and razor blades, the coeds made it clear that they are tired of it all.

# Labor Meeting May Train Guns On LBJ

MIAMI BEACH, Fla. (AP)—Labor leaders began gathering today for their annual session in the sun, but seemed more in a mood to get heated up over grievances with the Johnson administration and Congress.

"Our boys are more than a little burned up," said a spokesman for the AFL-CIO Construction and Building Trades Department, opening a series of meetings of the 13-million member labor federation.

The construction unions are angry over being singled out by the Johnson administration for "excessive" wage hikes and a proposal by Secretary of Labor W. Willard Wirtz for compulsory contract settlements.

Wirtz is scheduled to address the labor leaders next week and a source close to AFL-CIO President George Meany quoted Meany as saying: "I don't know what kind of reception he's going to get, but it's going to be rough."

The federation's Maritime Trade Department, meeting later this week, is ready to sound off against government policies which union leaders claim will cripple the U.S. Merchant Marine.

At the main show, the AFL-CIO executive council starting next Monday, leaders reportedly will denounce increasing White House pressure to hold down wage demands as a curb against inflation.

Labor spokesmen point to soaring business profits in refusing to abide by White House wage guidelines.

PLAN REJECTION The building trades meeting today and Wednesday reported-

Firm Receives New AF Contract

DALLAS (AP)—Ling-Temco-Vought Electric Systems have been asked by the Air Force to build two flying battlefield command posts and Fred Buehring, company president, said work would start immediately at the firm's Greenville plant.

The contract is for \$2.1 million.

## Training Of 'Copter Pilots Speeded Up

WASHINGTON (AP)—Army helicopter pilot training at Ft. Wolters, near Mineral Wells, Tex., is to be accelerated, Sen. Ralph Yarborough, D-Tex., announced Monday.

"I won't tell our people not to accept anything they can get from employers," said one of the building union presidents, Hunter P. Wharton of the International Union of Operating Engineers.

Wharton's union was the target of a complaint to the White House by New Jersey contractors over a recent settlement providing a top wage scale of more than \$7 per hour for some crane operators.

Undersecretary of Labor John F. Henning talked with President C. J. Haggerty of the Building Trades Department in advance of today's meeting.

Henning reportedly was told the construction unions will summarily turn down the compulsory wage settlement plan.

The AFL-CIO leaders also are expected to blast Congress for shelving a bill aimed at wiping out state laws that ban union shop contracts under which all employees must join the union.

GEORGE MEANY

Wirtz is scheduled to address the labor leaders next week and a source close to AFL-CIO President George Meany quoted Meany as saying: "I don't know what kind of reception he's going to get, but it's going to be rough."

The bidding:  
North    East    South    West  
1 ♥    Pass    2 ♠    Pass  
3 ♥    Pass    4 ♠    Pass  
4 ♦    Pass    6 ♣    Pass  
Pass    Pass

Opening lead: Queen of ♦  
South had the equivalent of game in hand, and he was pleasantly surprised to hear his partner open the bidding with one heart. He fully expected to get to a grand slam, but repeated rebids in the red suits by North convinced South that a distinct misfit was present. He pulled in his horns finally and decided to settle for a small slam in spades.

West opened the queen of diamonds, the three was played from dummy and declarer ruffed in his hand. The ace, king, queen of spades were cashed, as North discarded two diamonds and one heart and on the third round East showed out—shedding a diamond.

West was given his trump

trick as the dummy discarded another heart and East a diamond. The jack of diamonds was led, the eight was played from the dummy and South ruffed. He led his last trump and West discarded the nine of diamonds as the dummy and East threw hearts.

The jack of hearts was led and overtaken by the king. The ace was cashed and East had to make another discard. Here is the end position that had developed:

**NORTH**

♣ 5

**WEST**      **EAST**  
♥ Q6      ♦ A  
♣ 962      ♣ Q1087

**SOUTH**  
▲ AKJ43

The play of the ace of hearts placed East in an untenable position. He actually chose to save the ace of diamonds and give up a club. A club was led from dummy and South finessed the jack, oashed the ace and king—picking up the remaining cards in that suit—and took the final trick with the four of clubs. If East had discarded his ace of diamonds, dummy would have cashed the king and followed with the club finesse for the last three tricks.

West could have broken the squeeze and thereby assured South's defeat by shifting to either a heart or a club when he is in with the ten of spades. Declarer's line of communications is thereby severed before he is able to exert pressure against East.

## Crude Demand Rise Expected

AUSTIN (AP)—Major purchasers of Texas crude oil have indicated they want to buy 2,663,349 barrels of oil daily in March, a 13,986-barrel increase daily over this month, the Texas Railroad Commission reported Monday.

The commission said the U.S. Bureau of Mines forecast for March demand of Texas crude is 2,835,000 barrels daily, a drop of 30,000 barrels daily from February.

The commission will meet Thursday to set the statewide oil allowable for next month.

MEETING THE PEOPLE  
Rep. Burleson poses with Bill Estes and Cecil Riordan

## Cong. Omar Burleson Visits County Democrats Monday

Howard County residents got a chance Monday to meet Rep. Omar Burleson, congressman for the 17th district of Texas, into which district the county has been moved recently.

Burleson greeted citizens at an informal "get-acquainted" reception in the Community Room of the First Federal Savings & Loan Association from 2 to 4 p.m. Coffee and doughnuts were served.

Burleson will probably return to Washington week after next, he said, unless there is a congressional emergency. Meanwhile, he plans to visit the western area of the newly-remade district on a "meet-the-people" basis.

Following the two-hour get-together, Burleson visited Webb Air Force Base, and was greeted by Wing Commander Col. Chester J. Butcher.

He spent the night here Monday and left Tuesday for Colorado City, Sweetwater and Abilene, where he will be guest at a railroad workers banquet later this week. He was back in the district during the Lincoln's Birthday recess of Congress.

The congressman is seeking re-election in the Democratic primary in May. He is opposed by Eldon Mahon of Abilene.

Burleson has represented the 17th district since 1946.

## Rural America Target In Drive On Poverty

WASHINGTON (AP) — The government hopes to begin a new kind of federal attack on poverty this year. The target is rural America. The initial cost is low and the theme is self-help.

The vehicle for the new government program is the Rural Community Development Service, a planning agency authorized last year. President Johnson has asked Congress for \$5 million to give the agency the go-ahead to begin operations in all 50 states.

The service's main goal is to set up hundreds of rural planning districts and provide the incentive for them to tackle the immediate — and future — problems in their areas on a local level.

## Cowboy King Takes Spill

GREENSBORO, N.C. (AP) — Roy Rogers, "King of the Cowboys," fell off his horse Monday night.

It happened during a network filming of a circus spectacle in the Greensboro Coliseum.

Rogers rode into the ring astride a circus horse. They made a couple of circles and the horse mounted its front feet on a stand.

Rogers lurched sideways and fell to the floor.

He sat there a few seconds, grinned sheepishly, then climbed back on. He was not hurt.

## Seniority System Not Imperiled In Congress

WASHINGTON (AP) — A special committee studying proposals to make Congress more efficient isn't likely to advocate any tampering with the time-honored seniority system.

The committee, composed of six senators and six representatives, is combing through 2,063 pages of testimony and documents submitted during hearings last year. It has until the end of this year to make recommendations.

"But you can bet," a member said privately today, "that whatever recommendations we do come up with, we don't propose any substantial changes in the seniority system."

The seniority system provides for advancement in Congress through the process of continued re-election and longevity. That is why most of the committee chairmen are older men. The average age of a committee chairman is 66.

While there is nothing in the rules saying the seniority system must be followed, there is an unwritten law supporting it.

## Parks Board To Get Report On Lakeview Area Project

Parks and Recreation Board members will hear a progress report on the Lakeview School Campus-City Park project at 4 p.m. Wednesday which has been held up pending a working agreement between the city and the schools.

So far, existing drainage ditch has been graded; the city has graded the school campus; the city has bulldozed and cleared its newly-acquired property south of the school; mesquite trees preserved for shade have been pruned; a sprinkler system has been designed and bids on the pipe and fittings have been received, the best price being \$1,729.10.

Johnny Johansen, parks superintendent, will give two financial reports on the parks improvements as of Jan. 31, and status of the cemetery fund as of that date.

Johansen indicates that estimated cost of completion of the park improvement program will exceed the available funds by about \$5,700. Some \$72,076.50 has been allocated, of which about \$55,000 has been spent, leaving a \$17,000 balance. Estimated completion cost is \$22,700.

His report shows that there is presently a total estimated balance of \$4,367.65 on hand in the cemetery fund, which will be cut to \$1,934.65 with a \$2,433 reimbursement to the general fund for capital fund improvement labor. This depends on a total estimated expenditure of \$7,680 for completing the cemetery projects. Actual cash on hand is \$12,047.65, out of a total beginning capital of \$27,570.

Jess Looney, representing the Optimist Club, will ask board members if the city will permit the club to build a new permanent Boy Scout hut on the city-owned property on Park Avenue. The old wooden building needs razing, he said. The club plans to build a concrete block structure. Indications are that if the reaction of the board is favorable, he will appear at a later date with a proposal.

Also appearing at the meeting will be John Berry, who will request use of the City Park swimming pool for the annual YMCA swim meet July 16.

The board will be invited to make an inspection tour of the parks and recreation facilities, including all parks and the cemetery.

## Inquiry Starts On Removal Of Judges

WASHINGTON (AP) — Sen. Sam Ervin Jr. said today the action of the 10th Circuit Judicial Council in stripping U.S. Dist. Judge Stephen Chandler of Oklahoma City of his powers was "unwarranted and precipitous."

He called the council's order "a monumental example of statutory misconstruction." But Ervin also said Congress should find a method of insuring "the fitness of our judges without undermining their independence."

## Arms Plot Case Pushed

EL PASO, Tex. (AP) — Because a sixth man might be indicted, a hearing for one of five men charged with conspiring to smuggle planes, tanks, submarines, missiles and other weapons to Latin America has been called off.

The preliminary hearing for Peyton H. Dean Jr., 45, was to have been held Monday but U.S. Commissioner Frederick Morton postponed it after a federal grand jury at San Antonio issued a sealed indictment. Contents of the indictment were not released.

"There is absolutely nothing in the language of legislative history of this act that could be construed as authorizing the council to strip a U.S. district judge of his powers," Ervin said.

## Arms Plot Case Pushed

"WAS PRESUMPTUOUS" — "At best, the council's action was presumptuous and denied Judge Chandler even elementary due process in defending himself; at worst, it could be disastrous to the independence of the judiciary."

The council, in a Dec. 27 order, said Chandler was unable or unwilling to perform the duties of his office and barred him from handling any more cases.

## CCC Losses In Support Program Up

WASHINGTON (AP) — The Agriculture Department reports that losses of its Commodity Credit Corp. in carrying out price support and related operations have been about 8 per cent heavier this year.

It reports losses totaling more than \$1.71 billion during the last half of 1965 compared with \$1.56 billion in the like period of 1964.

The increased loss largely reflects greater payments to farmers for complying with crop adjustment programs. The largest single loss item was \$542 million to farmers for diverting feed grain land to conservation uses. Next largest loss item was \$429 million to the same growers as price support payments for holding down feed grain plantings.

## Unions Protest Trade With Reds

NEW YORK (AP) — Three major maritime unions say they will launch demonstrations "very soon" against the ships of all nations trading with North Viet Nam.

The leaders of the three unions made the vow in a telegram to President Johnson, Secretary of State Dean Rusk, Secretary of Commerce John Connor and Secretary of Labor Willard Wirtz.

The preliminary hearing for Peyton H. Dean Jr., 45, was to have been held Monday but U.S. Commissioner Frederick Morton postponed it after a federal grand jury at San Antonio issued a sealed indictment. Contents of the indictment were not released.

In the courtroom as the hearing was postponed were the other four men charged with conspiring to violate the U.S. Neutrality Act and the Export Control Act. They are Eugene Michael, 35; Larry Grubbs, 22; Tom Rogers, 25, and Johnny Acuna, 22.

Morton continued bond for the five men pending receipt of the indictment by the U.S. court clerk's office. He said new bonds would be set when the indictment arrives.

## Shaggy Look Ban Is Upheld

CARROLLTON, Tex. (AP) — Half a dozen youths can't attend Turner High School in this Dallas suburb any longer unless they get their shaggy locks shorn.

Members of the Carrollton-Farmers Branch School Board reached this decision Monday night after hearing appeals against a board order barring them from classes.

As spokesman for the sextet, Terry Richardson, 15, argued long hair is essential for the youths to succeed in rock 'n' roll bands. He contended also that such hairdos express individuality and non-conformity, and that the board's policy invades individual rights.

William R. Linn, school board member, said the rule against long hair was adopted because "we felt that such extreme costume or hair style . . . is detrimental to the good of the school system."

Also barred from classes were Duane Medlin, 14; Rick Webb, 18; Bobby Tucker, 17; George Boston, 16, and Bob Seay, 17.

## GETTING INTO THE ACT!

### More People Than Ever Before Are Using The Herald's Classified Ads To Bring In Extra Cash

Think of the first thing you'd do if you suddenly had some "extra" cash . . . Repaint the living room? Buy those drapes you've wanted for the children's room? Or maybe, hire a baby-sitter and enjoy a long overdue night out? Well, whatever it is . . . just put result-getting Classified Ads to work and get set to do it. The Herald's Classified Ads are star performers when it comes to adding welcome cash to family budgets — and they are so easy and inexpensive to use. Take your cue from other modern homemakers. Here's all you do.

Look around your home. Make a list of every worthwhile thing you find that isn't used or needed. Sports equipment of all kinds, out-grown baby furniture and toys, musical instruments, radios, typewriters, porch and yard furniture, lawn tools, appliances, china, rugs . . . these things and much more are worth good hard cash to someone else, but really, they aren't worth a thing to you if they're not being used or enjoyed.

When you have your list, dial AM 3-7331 any time between 8 a.m. and 5 p.m. A friendly Ad Writer is waiting to help you. It costs so little.

So get in the act! Start putting The Herald's Classified Ads to work for you today. Do it and watch the curtain go up on a brand new way of life that's easier . . . and a lot more fun too.

DIAL AM 3-7331

BIG SPRING DAILY HERALD

Wants On Boys' Swim Team

Randi Lee Horn, 16, a three-time winner in springboard diving at the Junior Olympics, has asked the San Diego Board of Education for permission to join her high school's boys' swimming team.

Rules prohibit girls from competing on boys' teams. She feels it would take too long to set up a team for girls. (AP WIREPHOTO)

# Jayhawks Turn Back Plainsmen, 71 To 58

BORGER—HCJC's Jayhawks, could be the eighth team picked gathering momentum with each play in the Regional V tournament, thundered past Frank Phillips College, 71-58, here Monday night. The win was the Big Spring lead and held it all the way. The Hawks started against Frank Phillips. The and was significant in that it Plainsmen offered much more put them over the 500 mark for resistance than they did in Big the first time this season in Spring, when the Hawks won by Western Conference play. Over a margin of 30 points.

Reliable Kurt Papp set the will now rest a week before cords for 26 points. Leon Smith tackling Odessa College in a made a stellar contribution to crucial struggle in Big Spring victory, too, chipping in with 17 Winner of that engagement points and doing a good job on the boards.

## LOOKING 'EM OVER

With Tommy Hart

Sports dialogue: FURMAN BISHOP, Atlanta columnist: "It's getting so every Hollywood fellow has got to have a golf tournament going for him. If he hasn't, it gives him a terrible complex. Bing Crosby started the fad. Then Sinatra came up with one, and now Hope. I'm living for the day when we have the Efrim Zimbalist Jr., Open."

DOC HAYES, basketball coach at SMU: "You don't need a big man in basketball any more. UCLA proved that. They won the NCAA two years in a row with no one taller than 6-6. With all those crazy, changing defenses, you play the game all over the court, not under the basket. That takes away the big man's effectiveness."

BOBBY RICHARDSON, infielder for the New York Yankees: "Mickey Mantle will never be switched to first base, for several reasons. One is that he is too old to be learning a new position. Another is that first base calls for too many quick moves and that would be hard on Mickey's bad knees. . . . Roger Maris should give us a good season — he played in only 45 games last year. He, Mantle and Tom Tresh make up a pretty darned good outfield. There isn't a better third baseman in the league than Cleve Boyer and Joe Pepitone might be ready for a big year — it's just a question of when all that ability is going to be turned into performance. Whitey Ford will win a lot of games for us as long as he can pitch. So will Mel Stottlemyre, and Al Downing needs only to add a little to his control to be a big winner. And Jim Bouton, who was 4-15 last season, could reverse that record next season."

Actress JANE MANSFIELD, when asked her opinion on the Australian ban of bermuda shorts on the golf course: "The next thing you know they'll be taking the word 'love' out of golf!"

BOB BLACKMAN, Dartmouth football coach: "Coaching in the Ivy league is nice because it is one of the few leagues where the coach makes more money than the players."

CHARLEY MAHER, Los Angeles scribe: "Vince Lombardi (coach of the Green Bay Packers) strikes us as having all the natural warmth of an ulcerated python."

JIM HUDSON, halfback of the New York Jets, discussing teammate Joe Namath: "He's just a natural football player. He has an instinct for the game. He sure doesn't get much from the meetings. He sleeps through two out of every three of them."

SYDNEY J. HARRIS, syndicated columnist: "When we win in any contest, we always attribute too much to our skill, and not enough to our opponent's ineptness; only the real expert is aware that most contests are lost by the loser more than they are won by the winner, as in a tennis match, where the number of errors, and not the number of placements, determines victory."

Odessan PHIL PARIS, after sparring with boxer Cleveland Williams: "He tears your head off. I don't see how he keeps from killing somebody with eight ounce gloves."

# Devils Nudge S. Carolina In Close One

By HAL BOCK, Associated Press Sports Writer

South Carolina gave Duke the cold shoulder on Valentine's night but it didn't break the Blue Devils' hearts this time.

The Gamecocks, who had stunned second-ranked Duke last December, tried a freeze at Durham, N.C., that must have had Dan Cupid shivering Monday night but the Blue Devils hung on for a 41-38 Atlantic Coast Conference victory.

Duke, with high-scorer Bob Verga sitting out his second straight game for disciplinary reasons, shot into a 29-20 lead with a minute gone in the second half when South Carolina put on the stall.

NARROWES LEAD The Gamecocks' slowdown and some erratic shooting by Duke narrowed the lead to 34-31 with 4 1/2 minutes to play. But Steve Vaccendak hit two long jumpers and Jack Marin sank three free throws that kept the Blue Devils on top.

"We couldn't run with them," reasoned South Carolina Coach Frank McGuire, defending his freeze. "It was our one chance."

South Carolina's slowdown looked like a fast break compared to the iceberg Midwestern and LeTourneau Tech, two small Texas schools, exchanged.

Midwestern scored the first two baskets of the game and it was 4-2 when LeTourneau, which had lost 82-56 the first time the two teams met, went into a stall with 16:50 left in the first half. Midwestern led 7-6 at the half.

The teams each managed one basket in the second half with the first points coming after 13 1/2 minutes of stalling. The final score was Midwestern 9, LeTourneau 8 and the best news came after the final gun.

The two schools decided they won't play each other anymore. The nation's top six teams in The Associated Press poll all played and won with Duke and third-ranked Texas Western getting the closest calls. The Miners edged Arizona State 69-67 despite 30 points by the losers' Freddie Lewis.

CATS WIN AGAIN Top-ranked Kentucky won its 20th, walling Alabama 90-67. Loyola of Chicago, carked fourth, shot 56 per cent and routed Western Michigan 107-73. Vanderbilt, No. 3, wiped out a 12-point deficit and defeated Auburn 91-76. Sixth-rated Providence got 31 points from Jimmy Walker and downed DePaul 61-57.

Creighton snapped St. John's three-game win string, tripping the visiting New Yorkers 86-67. West Virginia, returning home after two straight road defeats, wallowed Pitt 103-63 with five men in double figures and all 12 WVU players scoring. Oklahoma City also romped, whacking Loyola of New Orleans 115-82.

CHICAGO (AP)—Min Halas, 70, wife of owner-coach George Halas of the Chicago Bears, died Monday night of natural causes.

Halas was in Palm Beach, Fla., attending a National Football League meeting with his son, George Jr., and left immediately to return to Chicago.

Mrs. Halas died in the couple's North Shore apartment. She was found by friends who came to investigate when she did not appear for a dinner engagement.

The couple, married in 1922, had one other child, a daughter Virginia.

# Steers Terminate Season Tonight

Big Spring winds up a successful basketball season in San Angelo tonight, tangling with that city's Bobcats at 8 o'clock.

The Steers have lost all chance at first and second place in District 2-AAAA standings but can claim at least a share of third by defeating the Cats.

Big Spring is 7-6 in conference and 17-12 over-all. The Steers have already assured themselves of their best finish in the league in half a dozen years.

San Angelo has no chance of pulling even in the standings, having won over five of eight assignments, but would like nothing better than to end play with a victory.

The race for first place in the league is over, incidentally.

## Yearlings Average 60.9 Points Through Season

Claude Tucker led the Runnels Junior High ninth grade basketball team in scoring the past season with 658 points and a 27.4 average.

Only one other boy on the highly successful squad averaged 10 points or more—Larry Newton came in at that figure.

The Yearlings won more games than any other Runnels team in history—20 as against four defeats.

The Runnels team, coached by Dan Bustamante, averaged 60.9 points a start compared to 47.8 for the opposition. The Yearlings hit a field goal norm of 24, compared to 18 for the foe, and averaged 12 gratis pitches per start, compared to nine for the opposition.

Individual scorers, listed with total points and game average: Claude Tucker, 658—27.4; Larry Newton, 240—10.0; John Patton, 129—5.4; Luven Flores, 126—5.3; Johnny Hedges, 50—3.4; Lee Harris, 49—5.4; Brooks, 45—5.0; Rocky Wooley, 27—1.6; Jesse Brown, 48—4.0; James

Steeves have already assured themselves of their best finish in the league in half a dozen years.

San Angelo has no chance of pulling even in the standings, having won over five of eight assignments, but would like nothing better than to end play with a victory.

The race for first place in the league is over, incidentally.

## Odessa Opposes NMMI Tonight

Odessa entertains New Mexico Military Institute tonight in an important Western Conference basketball game.

NMMI upset Lubbock Christian College in Lubbock last Saturday night, 83-83, despite a 45-point effort by LCC's Robert Evans.

Don Durgin led NMMI with 26 points while Rick Johnston hit 21 for the winners.

The defeat was Lubbock's third in conference play, compared to seven wins.

Odessa needs wins over NMMI tonight and HCJC next Tuesday to assure itself of a trip to the Regional V tournament in Amarillo in March.

## Jimmy Adams Is Signed By A&M

HOUSTON (AP) — Jimmy Adams of Houston Waltrip, an end-linebacker sought by more than 20 schools including Arkansas and Mississippi, signed with Texas A&M Monday.

Coach Gene Stallings said the 6-foot-3, 185-pound schoolboy star will be used as a split end and possibly as a kicker.

## Sandies To Play Monterey Friday

AMARILLO — The District 3-AAAA championship playoff game between Amarillo High and Lubbock Monterey will take place in the West Texas State College gymnasium at Canyon Friday night.

The Sandies won the first half title in District 3-AAAA with a perfect 8-0 record. Monterey went unbeaten in eight games in the second round.

## Min Halas Dies Monday Night

CHICAGO (AP)—Min Halas, 70, wife of owner-coach George Halas of the Chicago Bears, died Monday night of natural causes.

Halas was in Palm Beach, Fla., attending a National Football League meeting with his son, George Jr., and left immediately to return to Chicago.

Mrs. Halas died in the couple's North Shore apartment. She was found by friends who came to investigate when she did not appear for a dinner engagement.

The couple, married in 1922, had one other child, a daughter Virginia.

## Nelson Buckets 15 For Winners

KINGSVILLE — Howard Payne College won its tenth straight Lone Star Conference basketball game by subduing Texas A&I here Monday night, 81-57.

Eddy Nelson of Big Spring scored 15 points for the Jackets. Tom Carter, like Nelson a former HCJC player, tallied six points for the winners. Dan Smith paced HPC in point-getting with 26 points and now has 501 for the year.

Howard Payne can clinch the league championship by winning two of its remaining four starts.

## Wilt Shatters Scoring Record In Pro League

CHARLESTON, W. Va. (AP) — This was the big one Wilt Chamberlain wanted most. And now he's got it — all-time leading scorer in the National Basketball Association.

"Sure, this has to be the big one for me and it is," the 7-foot-1 Philadelphia 76ers ace said Monday night after collecting 41 points to break the career mark set by the now-retired Bob Pettit of the St. Louis Hawks.

## Local Men Win Three Awards

SNYDER — Officials gave away six trophies in the Snyder Field Trials for hunting dogs held here Saturday and Big Spring entries won three of them.

First place in the Puppy division was captured by Rebel Frontiersman, a nine-months old dog owned by Tom King of Big Spring.

King acquired Rebel Frontiersman from Herb Holmes, champion breeder in Illinois.

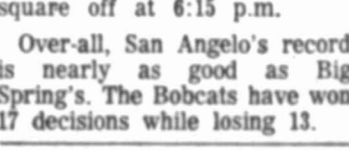

In addition, one of King's animals won a third place cup in the All Ages group. Second place in that category was captured by a dog owned by Lee Freeze of Big Spring.

## Fight Results

LAS VEGAS, Nev. — Ernie (Indian Red) Lopez, 146½, Los Angeles, stopped Mel Fields, 145½, Phoenix, Ariz.; Larry Clark, 129, Las Vegas, knocked out Roy Flores, 139, Phoenix, A.

### Rains Delay Spring Crop Preparation

AUSTIN (AP)—Moderate to heavy rainfall and hail delayed the preparation of land for spring crops in the eastern half of Texas last week, the U.S. Department of Agriculture reported Monday. Some crops were damaged.

Severe weather for several weeks has kept land preparation far behind schedule, the department said in its weekly crop and weather report.

Utilizing clear weather in Northwest Texas, farmers pushed cotton salvage operations. The planting of cotton, sorghum and corn got under way in the Rio Grande Valley.

The vegetable harvest also was active in the Valley, and the movement of citrus from there picked up over the previous week. The race was on in that area to produce the first bale of cotton.

Wind and blowing dust damaged some young plants in the Valley, and leafy vegetables around San Antonio were damaged by hail.

Wheat remained dormant, but oat prospects continued promising.

Livestock began putting on weight after losing poundage during last month's severe winter weather.

### State College Board Funds Request Up \$159 Million

AUSTIN (AP)—The State College Coordinating Board recommended Monday that the next legislature appropriate \$429.1 million to support Texas' tax-supported colleges and universities during the 1967-69 biennium, an increase of \$159.4 million from the current two-year fiscal period.

### C-C Board OKs Budget, Talks Of Members Push

Chamber of Commerce directors approved a budget for 1966 at their meeting Monday and looked toward a membership reevaluation and recruitment program in April.

John Currie, Chamber president, also named directors to serve as coordinators on various committees. He also said they would be ex officio members of all committees.

The budget adopted by the board was for \$31,675, but to this will be added a \$1,167 operating over-run for the past year, making an outlay of \$32,842.

All areas of the budget remain virtually static, although administrative expense is up about \$1,100. The 1965 budget was for \$30,821.

Carroll Davidson, manager, gave a report on the T-41 training program contract which will come up for bids soon. So far some 32-34 bidders have indicated an interest in the annual letting. Howard County has made some improvements and planned others, such as extending the aprons at the airport, said Davidson, as a means of cooperating with the program which now is operated by Central American Airways at the county airport.

Directors agreed that the Chamber would enter the West Texas Chamber of Commerce program of beautification and tourist attraction. It is known as Operation Sparkle and is geared to climax in attracting and holding visitors in 1965 when the HemisFair will be going on in San Antonio.

The board adopted a resolution of appreciation to the city council and manager for speedy work on the corner at Second and Main which was deeded to the city by Downtown Big Spring Inc. Larry Crow, city manager, said that paving was due to go down on the parking lot Tuesday.

Discussions were had on procedures for disposing of surplus government property, such as the U.S. Experiment Farm, will be after June; also the chamber's attitude if and when the T&P should petition to eliminate passenger service. No action was taken, but discussion indicated opposition to the latter idea.

Coordinators named from the board to the committees included: Chester Cathey, conventions; Jack Cook, petroleum; Larry Crow, community planning; Dr. J. W. Fish, education; Jack Irons, agriculture; Gil Jones, public health and safety; Jack Little, aviation and governmental affairs; Garner McAdams, sports and recreation; George McAlister, economic development; Clyde McMahon Jr., roads and highways; Paul Meek, economic development; Marvin Miller, petroleum and cultural affairs; Joe Pickle, retail; Bill Pollard, roads and highways; Dick Ream, cultural affairs; Don Womack, economic development; Jerry Worthy, conventions and tourist; Adolph Swartz, community planning; Winston Wrinkle, advertising and promotion, and education.

### Reserve Unit 'Adopts' Boy Disease Hit

LANSING, Mich. (AP) — A bouncy 5-year-old who is fighting leukemia is the newest trainee in a fighting man's unit, and he's starting at the top as a major.

He's Dickie Weber of Lansing, a blue-eyed, crew-cut blond who was awarded a major's gold oak leaf by the 4th Howitzer Battalion of the U.S. Army Reserve's 20th Artillery.

Dickie has worn his own Army uniform for more than a year. During that time he and doctors at University of Michigan Hospital have waged a grueling battle against his blood disease.

**DISEASE SPREADS**  
Effects of the disease are spreading throughout his active body as doctors rotate drugs to find a cure.

Sgt. I. C. Samuel Hansel, a Boy Scouting friend of Dickie's dad, Richard Weber, learned about Dickie's red-hot Army interest and mentioned it last week to the 4th Howitzer Battalion commander, Maj. Charles Bragg. It was Bragg's idea to have the unit "adopt" Dickie.

Dickie was dressed in his uniform two hours before his first drill last Saturday.

At Sunday's closing formation, nearly 300 officers and men of the unit heard orders granting Dickie his major's commission.

**NOW SALUTES**  
"I don't get kisses anymore," observed his father. "Majors don't kiss their kids. It has to be a salute or handshake."

Next month the reserve unit will give blood in Dickie's name. He receives periodic injections and blood transfusions — sometimes under emergency conditions.

"He accepts the medication and the shots," says his mother. "Now he'll even tell the nurse which finger he wants pricked when he has a blood test."

Hospitalized several times last spring and summer, Dickie is strong enough now to put in a day at kindergarten.

Major Dickie jumps into a Jeep or gives snappy salutes to his new Army buddies.

His mother says, "If you didn't know, most of the time you wouldn't guess anything was wrong."

### Woman, 77, Called The Best 'Paper Boy'

BLANCHARD, Iowa (AP) — Miss Elva Bean is 77 years old and, say the people of Blanchard, the best "paper boy" the town ever had.

"What's more, she's an inspiration for the rest of us."

"We see Elva scurrying around and figure if she can do it, we can, too," says Annabelle Nuckolls, the town postmistress.

And Miss Bean? She says: "I sure have a lot of fun. Besides, all this walking keeps my joints from creaking and getting stiff."

Miss Bean began delivering papers 10 years ago when, she says, "a nice young man mentioned he was unable to get youngsters interested in a newsboy job."

Now she delivers five different newspapers published in Iowa, Nebraska and Missouri if the case.

and is, she says, "an interstate carrier because part of the town is in Iowa and part in Missouri."

Other recommendations of the report included:  
—Limiting the school of veterinary medicine to Texas A&M.  
—Assigning vocational and technical programs to junior colleges except for programs now being offered at Lamar Tech, Arlington State College, Prairie View A&M, Texas Southern, the University of Houston and those to be offered at James Connally Technical Institute.

—Limiting programs in architecture to Texas A&M, Texas Tech, the University of Texas and the University of Houston.

The board also approved a preliminary report on the role and scope of junior colleges, saying they should provide a full two-year college transfer program, vocational-technical education, adult education and community service programs relating to culture and recreation.
