## Humans To 'See Stars' From Aloft

CAPE KENNEDY, Fla. (AP) — The space agency launches an astronomical observatory today and follows it up Tuesday with an important test launch of the Atlas-Centaur rocket. An Atlas-Agena was to hurl the observatory with a bundle of telescopes into space. The satellite, named OAO for Orbiting Astronomical Observatory, will give man his first clear look at the stars and celestial objects above the disturbing influence of the earth's atmosphere. Scientists say that if OAO works, it will be the greatest advancement in astronomy since the invention of the telescope. The satellite is the heaviest scientific payload ever built by the United States for operation in space. It weighs 3,900 pounds. Its telescopic eyes will peer millions of miles into space to study mysteries of stellar objects. Scientists are particularly interested in learning the age of relatively young stars, information that might provide clues to the origin of the stars and thus the universe.

## Five Burned In Glasscock Blast

Five Latin-Americans, all of whom may be illegally in this country, were seriously burned, three critically, early Monday morning when a gas explosion occurred in the small sheet-iron house in which they had spent the night. The explosion occurred on the L. B. Hoelscher farm, two miles west and two miles south of St. Lawrence in Glasscock County, around 6:30 a.m. The five burn victims are in the Howard County Hospital Foundation. Most seriously burned, according to reports are: Aranda Federico, about 30; Felipe Viagas, 34, and Ruben Sandoval, 29. Painfully, but not as gravely burned, are: Liborio Sandoval, 31, and Garcia Francisco, 33. Sheriff Royce Pruitt, Glass-

## Red China Encourages War Protests

TOKYO (AP) — Red China gave encouragement today to demonstrations in the United States against the Viet Nam war, saying the protests were only "a prelude to still bigger movements of the (American) people."

The Chinese staged their own rally in Peking Sunday to support "the American people's struggle against U.S. imperialist aggression in Viet Nam." The official New China News Agency said 16,000 persons, including representatives of more than 40 countries, attended.

**SIGNIFICANT "SIGNS"**  
An article in the Peking People's Daily on the weekend protest marches in the United States linked them with the recent renewal of Negro rioting in the Watts area of Los Angeles. The official party newspaper described these events as "signs of a far-reaching change taking place in the United States."

"The American people's new awakening and the recent developments in their struggle show that the newborn America is marching forward," the article said.

These words echoed the line of the principal speaker at the Peking rally, Liao Cheng-chih, vice chairman of the China Peace Committee. Peking radio quoted him as saying that the Chinese admire and firmly support the antiwar movement in the United States.

**"PEOPLE'S STAND"**  
"This once again demonstrates that on the Viet Nam question the American people stand on the side of the Vietnamese people and not on the side of the U.S. government," Liao said.

North Viet Nam also said the rallies showed a growing antiwar feeling in the United States.

# FBI Holds Klansmen In Fiery Death Case

## Charges Link 14 To Dixie Slaying

## Prosecution Of 17 OK In 3 Killings

WASHINGTON (AP) — The FBI filed charges today against 14 Mississippi Ku Klux Klansmen in connection with the fiery nighttime slaying of a civil rights worker at Hattiesburg Jan. 10.

Agents rounded up 12 men in Mississippi and a 15th in Houston, Tex., within two hours after dawn. They continued to search for Sam Holloway Bowers Jr., imperial wizard of the Mississippi Klan.

**FIRE DEATH**  
The 14 are charged with civil rights law violations stemming from the slaying of Vernon F. Dahmer, 58. Dahmer's home and store were burned and he died from burns after returning fire on his attackers.

FBI Director J. Edgar Hoover said all 14 men are members of the White Knights of the Ku Klux Klan of Mississippi. Besides Bowers, he said, they include Cecil V. Sessum, 30, of Ellisville, exalted cyclops of the Jones County klavern, and Howard T. Giles, 37, former exalted cyclops of the Ellisville klavern.

**ONE CONFESSION**  
The FBI complaint against the men indicated at least one had admitted taking part in the alleged conspiracy.

Dahmer was a past president of the Forrest County branch of the National Association for the Advancement of Colored People. He and his family were awakened by gunfire about 2 a.m. Jan. 10 and found their home and nearby store engulfed in flames.

**MAXIMUM TERMS**  
Conviction of violating both laws could bring maximum sentences of 15 years in prison and a \$10,000 fine.

The FBI identified the individuals arrested or charged today as:

Bowers, 41, of Laurel, Miss., owner and operator of the Samba amusement company in Laurel.

Lawrence Byrd, 44, Laurel, owner of Byrd's Radio and TV service in Laurel.

Henry E. De Bostel, 29, of Laurel, employed at the Chow House Restaurant in Laurel.

Giles, 37, who is unemployed.

**HOUSTON MAN**  
Charles L. Lowe, 23, of Houston, Tex., unemployed but is a former resident of Laurel where he worked for the Masonite Corp.

His father, Clifton E. Lowe, 50, also of Houston, a handyman at a motel.

James F. Lyons, 33, of Laurel, an employe of the Masonite Corp.

Melvin S. Martin, 33, another Masonite employe from Laurel.

Emanuel B. Moss, 32, of Laurel, a service station operator.

**CAFE OWNER**  
Deavour Nix, 42, of Laurel, owner of John's Cafe in Laurel.

Charles R. Noble, 23, of Laurel, employed by Masonite.

Billy Roy Pitts, 22, of Laurel, employed at a furniture and upholstery shop in Laurel.

Sessum, 30, a route salesman for a Laurel distributing company.

William R. Smith, 23, of Laurel, a Masonite employe.

The agents began the roundup at 6 a.m. and by 7:12 a.m. announced the arrests.

CAR TAG OFFICE GETS OFF TO SLOW START  
Activity at 9 a.m. Monday did not indicate deadline week at hand

## Indonesia Has New Cabinet

JAKARTA, Indonesia (AP) — A quiet general, a respected sultan and a shrewd politician emerged today as the key men in Indonesia's new Cabinet.

President Sukarno, standing under an ornate crystal chandelier at his palace, Sunday night announced formation of the new government after a week of tough bargaining.

**KEY MEN**  
The key men are Lt. Gen. Suharto, who took over the government March 11 after violent student demonstrations against pro-Communists in the previous government; the Sultan of Jogjakarta, Hamengku Buwono IX, and Adam Malik, who headed Murba, an anti-Communist Socialist organization which was banned in 1965.

Lt. Gen. Abdul Haris Nasution, the former defense minister whose ouster by Sukarno last month set off the student demonstrations, was given the rank of minister and named deputy commander of Kogon, the command in charge of the "crush Malaysia" campaign.

What part he will play in the Cabinet was not clear.

**SAME SIZE**  
There was no appreciable reduction in the size of the government. The previous lineup of 109 ministers, handpicked by Sukarno, was replaced by an inner Cabinet of six deputy premiers, 34 ministers and 39 deputy ministers — a total of 79. Sukarno remains the head of the Cabinet.

"What was intended to be a tiger has given birth to an elephant," the Indonesian Herald commented.

Students from Jakarta and Bandung were reported planning to demonstrate Tuesday against the new government. The students are dissatisfied because of the number of fam-

## Big Rush For Car Tags Is Expected

Things got off to a slow start in the tag licensing department of the Howard County Tax Office Monday morning, but began to show some buildup at midmorning.

This is the final week in which motorists can get 1966 car plates. Deadline is 5 p.m. April 1.

It was estimated Saturday that between 8,000 and 10,000 motor vehicles in the county are yet untagged. Failure to obtain tags, and attach them, by midnight April 1 makes the motorist eligible for a heavy fine and a penalty.

Both offices at the courthouse were fairly busy at 11 a.m. The two substations, one at the Newsum Food Store and the other at the Lewis Store in College Park Shopping Center were also busy.

Mrs. Zarah LeFevre, county tax assessor, urged all motorists who have not acquired their tags to do so at once and avoid what seems a probable jam Wednesday and Thursday.

She said that each motorist in search of plates must bring his car title and his last year tax receipt on the vehicle.

## LBJ, Mrs. Gandhi Set To Begin Vital Talks

WASHINGTON (AP) — President Johnson gave India's peace-seeking lady prime minister a red carpet welcome to Washington today.

A 21-gun salute sounded as the President and Mrs. Johnson greeted Indira Gandhi in a late-morning ceremony at the White House.

**2-DAY VISIT**  
Mrs. Gandhi, accompanied by her two young sons but no Cabinet ministers, begins a two-day state visit to Washington and a series of private talks she hopes will "serve the purpose of better understanding so that both the United States and India are strengthened in the common endeavor of promoting peace."

The prime minister outlined her views on the meeting Sunday shortly after an Air Force jet flew her and her small party from Paris to Williamsburg, Va.

**CLOSER UNDERSTANDING**  
The world sorely needs "a closer understanding of nations and the aspirations of their people," she said Sunday night in a prepared statement. "I have come to the United States on such a quest."

"India's relations with the United States have been traditionally close and cordial, but friendship is something of which there can never be too much," she said.

Mrs. Gandhi spent the night in the historic Allen Byrd house in Colonial Williamsburg, an Air-

Force helicopter was assigned for today's 60-minute flight to Washington.

Immediately after her White House arrival, Mrs. Gandhi and the President was to hold their first private talk.

In the evening she will dine with the President and Mrs. Johnson at a formal White House dinner. Tuesday, she will again talk privately with John-

son, his or her parents, and various community leaders.

**PAY RECOGNITION**  
Object of the program is to pay due recognition to those young people who do much volunteer work without, perhaps, getting sufficient public credit.

Zale and Herald officials said they hoped it will be regarded as one of the top honors that can come to a boy or girl in the community. It is open to members of the junior and senior classes in the county's three high schools.

Persons who want to help recognize these young people are urged to mail in the official nomination blanks promptly.

## AVERAGED OVER AN INCH

## Year's Heaviest Rainfall Accompanied By Hail

The heaviest rains of the current year, accompanied by gusty winds, lightning and hail in some parts of the district, fell Sunday night on Howard County and the area.

Here in Big Spring, the U.S. Experiment Station reported .81 inch but there were much heavier falls recorded. The Texas Electric Service Co. switching station showed 1.07; Silver Heels 1.80 with light hail; West Fifth Street, 1.25; 2901 Goliad, 1.20; west of city park, 1.50; South Pennsylvania, .80; South Haven, 1.45.

Apparently the rains were general over the county.

Heaviest reported rain in the county was near Moss Creek Lake, where E. W. Flanagan gauged 1.50 inches and in Luther where the same measurement was reported. Chalk, in the southeast corner of the county, had 1.40. Coahoma had an inch, and 1.50 inch fell on the Noble Reed Ranch, six miles northeast of there. Sand Springs reported an inch.

Moss Creek Lake area generally reported 1.10. Lomax had

varying falls, ranging from half an inch at Parum's store, to a reported 1.2 nearby. Some light hail accompanied this rain, it was reported.

Fairview, to the north, had .70. Knott had from .75 to .90; Forsan .90; Elbow, .90. Half an inch fell 1 1/2 miles west of town on the Andrews highway.

Glasscock County had torrential rains in the northern part, accompanied by heavy hail. Randell Sherrod, who lives in that area, said he had 3.4 inches of rain and the ground was covered with four inches of hail.

He said that his roof began to leak on the heels of the battering from the hail. Heavier hail fell on the Joe Carter place, he reported, and was still stacked high in the ditches today.

This storm, he said swept in around 3:30 to 4 p.m. Hail was reported so heavy on the highways south of Big Spring in Sterling County and in parts of Glasscock County that traffic had to be halted until the way could be cleared.

At Garden City, some rain fell

but not in the same amount reported elsewhere in the county. The rains of last night brought the 1966 total measured at the U.S. Experiment Station to 2.93 inches.

The rains came on the heels of a balmy spring day with partially clouded skies and temperatures in the upper 70's.

There was a report heard of a twister spotted in the skies in this area, but it apparently did not touch ground.

No serious damage resulted from the winds or the lightning although there were brief interruptions of electric service in parts of town.

The rains did not make much impression on the Lako J. B. Thomas water supply. Gains reported were only .83 inch. At the Big Spring intake, the rains measured half an inch and at the Snyder intake at the dam, .70 inch was gauged. The pump station north of town showed .60 inch and the Martin County central pump station, .40 inch. Powell Creek received 1.2 inches of rain.

French Test A Speedy New Jet Plane

Prototype of the new French Mirage III-V takes to the air on a trial run in southern France. The plane, from the Marcel Dassault factory, is equipped with a main and eight secondary

jet engines and can fly at twice the speed of sound. It might become, if tests prove satisfactory, the mainstay of the French air force in the next 15 years. (AP WIREPHOTO)

# Casualty Yours

By JO BRIGHT

Senior Winners

The four girls taking top spots in the senior division of Saturday's 4-H Club food show, and their winning categories, are front row, Kathy Shaw, milk; and Linda Shaw, meat; back row, Carolyn Crawford, bread and cereal and Betty Little, vegetables and fruit.

Take Junior Titles

Winners in the junior division at the foods show were, front row, Sherry Jackson, bread and cereal; Carla Perry, fruit and vegetables; back row, Jo Ann Crawford, meat; and Linda Crawford, milk.

## Win Ribbons At Food Show

Mrs. Delaine Crawford, Howard County home demonstration agent, has announced winners in Saturday's food show in the Fellowship Hall of First Methodist Church. There were two winners in each of four groups.

Senior winners were Carolyn Crawford, Betty Little, Kathy Shaw and Linda Shaw who will go to the district show in Lubbock April 2. If one should win at that show, she will go on to the state finals. Junior winners were Sherry Jackson, Carla Perry, Jo Ann Crawford and Linda Crawford.

There have been 18 food groups meeting which involved 29 leaders and approximately 65 4-H Club girls who met in regular sessions to complete their study.

The objectives of the food study is (1) Develop leadership talents and to work toward achieving the broad objectives of character and effective citizenship. (2) Develop skill in the preparation of food and in the planning and serving of nutritious meals, and in the selection and use of equipment. (3) Gain an understanding of the preparation and combination of wholesome foods and the selection of an adequate diet. (4) Acquire an understanding of the signs of good health, and food needs of different age groups. (5) Develop desirable food habits. (6) Make the greatest possible use of home-produced food. (7) Select purchased foods wisely through a study of food costs. (8) Preserve or store food in the home according to various methods and prepare such for the family in keeping with the best known practices.

Only girls enrolled in a food group led by an adult leader or junior leader were eligible for the show. Individual exhibits were judged on the exhibitor's knowledge of foods and nutrition, the food exhibited, (appearance, cost and nutritional value), attractiveness and correct table setting, the recipe requirements and the excellence of the day's menu listed.

## P-TA Members Get Life Memberships

Life memberships were received by six Big Spring Parent-Teacher Association members at the 20th annual spring conference of the 16th district, Texas Congress of Parents and Teachers held Thursday and Friday in Colorado City.

Receiving the memberships were Mrs. Hulian Harris, College Heights; Mrs. A. J. Hooten, Airport; Miss Sarah Parker, Cedar Crest; Roscoe Newell, Runnels; William Irvin, Boydston; and Mrs. Royce Griffith of the P-TA city council.

The awards were presented by Mrs. Curtis Latimer, general chairman of the convention, during the noon luncheon Friday. R. L. Slayton of Austin told the conference Friday that federal aid to schools is here and there is no use debating it. Slayton is program review director of Texas Education Agency.

"We, as adults, are going to have to adjust to it," said Slayton. "We're training five-year-olds in Head Start and you may as well get ready for the training of three and four-year-olds under the same program. This will entail extensive teacher training centers where teachers can learn what to give these youngsters."

There's a sensation to the ear that is simply like none other. The curtain of sound that captures you when you're in a car — driving to anywhere — and the rains come.

Why do you always seem to recognize — between the staccato static on the radio — a refrain remembered from another rainy night? In the dim light from the dash, you grope for a cigarette, the raindrops reverberate, and you savor the pleasure of the glistening gift that nature has given so grudgingly.

And the morning brought us a lovely day! If Mr. and Mrs. Roy Bruce stayed in Midland long, they must have ridden back in the rain. They were over for the Chinese food at the Blue Star. The Robb may have seen some rain while in Dallas. He went Wednesday on business so left the family here this time. Chub Jones is back from a business trip, also. He was down in the Louisiana backwoods where he has an interest in a fishing and hunting resort now being operated by R. C. Moore who used to coach here.

Mr. and Mrs. H. W. Smith and the Jack Alexanders were in Abilene Friday evening for a Kiwanis banquet honoring the international president. The Alexander clan plans to spend Easter in Roswell, N. M., with Mark who is a freshman at New Mexico Military Institute. At the reunion will be Ray, a senior at North Texas State University; Don, a junior at Tarleton State, Sherri, Mike, and Mr. and Mrs. John Thomas (Beverly) of Levelland. Wonder if the R. L. Toilets, J. Gordon Bristows and Jay Hatches will be there to see their boys then?

Mrs. W. W. Lansing is out of the hospital after a bout with pneumonia, but Carroll Smith is still resting up from back surgery. Mrs. Sonny Edwards, who had surgery here, returned to Ruidoso, N.M., Wednesday. Mrs. Ova Mae Edwards has returned there, also, after being in El Paso with Mrs. Toots Mansfield who was hospitalized. Toots was there, too, and Mrs. Mansfield is now at the Diplomat Apts. No. 5, (Daughter Deane is at Texas Western and roommate of Mozelle Groebel, daughter of Mr. and Mrs. Ted O. Groebel.

One reason I'm looking forward to being Mrs. Armour Vaughn's guest at the Bykota class pre-Easter breakfast, is that the speaker will be Mrs. W. J. Lloyd of Plainview whom I haven't seen since she was the first volunteer coordinator at the state hospital. She had the wonderful gift of making you want to DO something!

Took a moment for coffee the other day with Mrs. John Currie, Mrs. Harvy Williamson and George Oldham. Mrs. Williamson said she didn't have time to take pictures on the recent Porter Randall tour, but I understand some of the others did. Capt. and Mrs. Craig Skanthy left this weekend for a month's tour in San Antonio, and will be

back here only a day before going to Alabama for three months.

The fishing was only fair at Lake Buchanan but Bill Oliver and Bob and Bruce Bright brought back enough for one more meal.

Chatted with Mrs. Lee Porter a few minutes at Mrs. Rilla Webb's farewell party at Webb. Hear that another to leave Webb soon is Capt. Paul Sullivan who has been so active in community affairs during his long stay at the base. First met Paul about three years ago. He was pilot for Mrs. Dean Forrest, and Capt. Harley Henry was mine when we had out jet rides. Understand Henry is out of the Air Force now but remained here to take a job with Cosden. There will be another farewell party for Paul Saturday night.

Lt. and Mrs. Kenneth Zeller (Sylvia Edwards) left from Midland Sunday for Germany where he'll be stationed with the Air Force, and Mrs. Vi Worthy (Jerry's mother) is due in today from Donna where she has been visiting grandmother.

The James Underwoods were over from Midland for the shrimp dinner at the Country Club. They were guests of the Odell Womacks who may be planning a little trip soon.

Bill Burrel has some pictures of the proposed new Madison Square Garden. His brother-in-law, Edwin Ost, is secretary-treasurer of the organization.

Chatted with Mrs. John Gullmartin (the former Lt. Judith Ohr) who was married recently by proxy. Her father-in-law sent her a beautiful ring which belonged to a great-great "Uncle Wallace," a captain in the Confederate Army. Judith is the first Yankee to wear it.

Is Mrs. H. J. Morrison's mother here for a visit? And isn't Johnnie having a birthday soon? Other birthdays last week were Mrs. J. L. Thomas, Mrs. Roland Schwarzenbach, Mrs. Tommy Hart and Pamela Ann Little.

Young Kim Guthrie enjoyed her trip to Fort Worth to see her friend, Rene Rogers. Kim's parent's are Mr. and Mrs. A. K. Guthrie. Call me.

## A Devotional For The Day

He steadfastly set his face to go to Jerusalem. (Luke 9:51)  
**PRAYER:** Eternal God, grant us the grace to take up our cross and follow Christ wherever he may lead us. May we have such fellowship with Him that we will learn the secret of His strength and peace. In the name of this supreme Recorder. Amen.

(From the 'Upper Room')

## Humphrey Consistent On Foreign Policy

Vice President Hubert Humphrey is openly pained by many liberal friends' criticism of his support for President Johnson's Viet Nam policies. And he is in for more of it.

The Americans for Democratic Action, an anti-Communist liberal organization of only about 50,000 members but with substantial influence in intellectual and academic circles, is expected to pass an anti-Viet Nam resolution in its April 22-24 convention. Humphrey, an ADA founder and national chairman 1949-50, will be a main speaker at that convention. This could be keenly embarrassing.

ADA members generally agree that Humphrey must follow the administration line in Viet Nam. But many, though not by any means all, accuse

him of out-Johnsoning Johnson in hard-line foreign policy.

What many ADAers forget is that Humphrey's liberalism is mainly in domestic affairs, more humanitarian than doctrinaire in social welfare, and more pragmatic than theoretical in economics. What they forget, too — and more importantly in the Viet Nam issue — is that Humphrey has a consistent foreign-policy record of support for containing Communist expansionism.

In his foreign affairs stand, it appears Humphrey is not merely echoing his President, as many charge. His foreign policy attitudes have not changed since his election in 1948 and his staunch support of the Truman Doctrine of opposing Communist aggression.

## Statistics Don't Say Why

The Federal Bureau of Investigation once again reports the national crime rate to be increasing several times population growth. The 1965 increase in reported crime was five per cent, the population increase 1.3 per cent.

This is, of course, an acute continuing concern of every American. And the question persists, why? That is what a presidential crime commission is now trying to find out. That is a complex study, and it is hoped the commission will come up with some helpful answers.

It is generally believed that unreported crimes probably outnumber, perhaps greatly, reported crimes. What are the reasons for failure to report crimes and how can that reluctance be overcome?

The FBI shows a wide variance among the crime-rate increases of national regions — for example, nine per cent in the West in 1965 and against one per cent in the South. Again, why? There are also continuing fluctuations in the increase rate in various types of crime, the causes for which cannot be gleaned from the FBI's statistical tables.

A significant point in the 1965 report

was that suburban crime increased eight per cent, or double the rate in cities and rural areas. Are the causes for that to be found in some web of sociological conditions? Or is it merely because so many small incorporated suburbs — "bedroom communities" for commuters to the big cities — lack the tax base to support efficient law-enforcement agencies of adequate size?

The annual FBI report on crime statistics, incomplete though it is, merely outlines the dimensions of this problem. The report is helpful to the degree that it stimulates public concern and popular support for corrective action.

But what is lacking is solid, comprehensive knowledge of the nature of the problem and what specifically can be done about it. That lack should be partially met by the President's crime commission study, but it is also a challenge to state and local law-enforcement agencies and all professional, specialized and civic groups interested in research into the causes of crime and analysis of control proposals.

## Sam Dawson

### Rocket Airliners Seen

**NEW YORK (AP)**—One chief executive who is looking forward to his stockholders' meeting next month is William Allan Patterson, United Air Lines board chairman. His reasoning is simple.

"WHEN YOU report net profits up 67 per cent over the previous year," he says with a grin, "you don't have to deal with cantankerous stockholders. The meeting should be short and sweet."

Patterson will be leaving April 30 after 34 years with the company. And he says if you think the industry has seen marvelous changes in those years—from flying crates to supersonic jets—you haven't seen anything yet.

"COMMERCIAL TRAFFIC by rockets is coming for sure," he said in an interview. "I can't give you a date. But some day you'll fly by rocket from New York to Manila in 45 minutes at 17,000 miles an hour, perhaps 70 miles above the earth."

Looking closer at hand, he thinks the passenger loads on the airlines will double by the early 1970s. It will be due mainly to the younger generation being air-minded, and more affluent.

all doing something soon about today's airports.

Patterson calls many of them a mess, especially their terminals. He cites long walks to planes, crisscross traffic in the terminals themselves.

"THE ONLY thing pleasant anymore," he says, "is after you're on the plane and in the air. On the ground it's a pain."

Financing the supersonic planes, Patterson suspects, will depend a lot on how much of the tab of developing them for commercial use the government will pick up.

"The commercial version will have to be a lot different from the ones the government is developing for the military," Patterson says. "But the biggest problem won't be how the airlines will pay for them. They'll find a way. The rub will be what to do about the sonic boom. I expect the first supersonics to be used on over-seas routes because of public resistance to the boom over heavily populated areas."

MANY AIRLINES are in better shape now to finance the upcoming round of plane buying, this year and through 1969. They have larger cash flows—\$700 million of earnings and depreciation in 1965 compared with \$270 million a year when the first jets were being bought.

United itself placed \$66.5 million of 4 per cent convertible debentures and \$175 million of 5 per cent 20-year notes last year before the big rise in interest rates. It also is saving on taxes by leasing some smaller jets for short-haul runs.

"BUT MISTAKES will be made," Patterson predicts. "And there'll be ups and downs in the industry and in the economy in general despite all the takes are likely to be bigger than when the industry was young."

"Today, with United's net operating revenues in excess of \$792 million, a \$1 million mistake could be made without it even showing. I can remember when a \$50 mistake caused a big ruckus. Why, I even used to watch the paper clips and stationary in the office."

## Billy Graham

I have been a member of a certain church all my life, but lately I have been thinking about joining a church with a tradition altogether different than mine. Is this a good thing to do? Y. A.

Not unless it will lead to making you a Christian, or a better Christian. Church membership can mean a great deal, or it can mean nothing at all. Changing churches will not help unless you yourself are changed. There is no magic about identifying yourself with a certain group.

In the average church only about half of the members participate in the worship services. This leaves 50 per cent who seldom if ever attend. This sort of church membership becomes a kind of mockery to Christianity. True, if any of these died, it could be read in their obituary that they were members of a particular church — but, if they had never received Christ, had never left their all to follow Him, and had never practiced Christianity — it meant nothing to them or anyone else.

Have you ever thought about staying in and helping your church become what it ought to be? I know many churches that have been revived through the influence of one dedicated person.

**Gain, Loss**

**NEW YORK (AP)**—When Felice Camargo moved from the Broadway to national company of "Fiddler on the Roof," her sister, Wyndham, auditioned her and won the vacated role.

The girls' father, Ralph, sent a wire to the management: "Congratulations, Teri has gained a new daughter and Teyve (the musical's central character) I've lost another tax deduction."

### New Year Growing Older Gets Complicated

**WASHINGTON (AP)**—The year 1966 seemed almost un-complicated, starting out. There was the Vietnamese war, of course, and the question of whether or not to resume bombing.

One of the major visible problems was President Johnson's task of getting his programs through Congress. Then he ordered bombing resumed. And then one thing led to another.

CRITICS IN and out of Congress called for restraint in Viet Nam. Johnson said he was full of restraint. They had all kinds of suggestions on how to fight the war but practically no solutions.

There were street demonstrations against the war all over America, and as recently as last Saturday. But all this was only part of Johnson's troubles. French President Charles de Gaulle, as usual, became a problem.

He rocked NATO, the 15-nation Atlantic Alliance, by declaring he would pull French forces out of the integrated command system and out from French soil all foreign troops and bases — meaning NATO's.

be the government of all China, can stay in the United Nations. Since Red China has indicated it will refuse a U.N. seat so long as Chiang stays, the United States may hope to accomplish by the appearance of agreeableness what it probably no longer can do by opposition.

In Viet Nam events have taken a rather ghastly turn. Without American support the South Vietnamese couldn't last five minutes against the Viet Cong. Sometimes they look almost politically irresponsible.

The Buddhists, who helped topple President Ngo Dinh Diem in 1963, now help the military government of Premier Nguyen Cao Ky, which is supported by the United States, ousted and replaced by a civilian government promptly.

and if South Viet Nam tumbles into political chaos, American statements that it is there to protect the freedom and democracy of South Viet Nam may look like a joke.

George Meany, AFL-CIO president, must have shaken Johnson a bit although the President didn't show it, by blasting the Democrats whom his organization has backed for years. He urged unionists in the 1966 elections to vote for men, regardless of party, who helped labor.

And, looking at the booming prosperity, some economists in and out of government have urged a tax boost to prevent inflation. Johnson says he's watching it every day, doesn't want to put the brakes on too soon.

IF THESE tactics continue,

## Hal Boyle

### Germany Plans 'Tower City'

**FRANKFURT, Germany** (AP) — Manhattan's Empire State Building will be dwarfed if the go-ahead is given to a new construction project in Germany.

The plan to build a 4,101-foot tower city is the most ambitious among a welter of "tall structure" concepts drawn up by German architects. The Empire State Building, the world's tallest, is 1,472 feet.

THE GERMANS, who boast of having the world's two tallest church spires — in Ulm and Cologne — seem to be considering the idea of height leadership in secular constructions, too.

A new "woikenkratzer" — cloud scraper — trend in Germany is apparent in a wide range of blueprints.

West Berlin architect Robert Gabriel, 53, thinks his 356-story tower city is the ideal answer to modern housing problems. The tower would house some 25,000 people in 8,000 apartments, he says.

IT ALSO would include five

churches, sixteen schools, hotels, theaters, offices and, on the top floors, special clinics for the treatment of respiratory ailments that improve at high altitudes.

Gabriel estimates the cost of the tower at about \$612.5 million. He thinks the money could be raised through a joint-stock corporation and through sale of the two- and three-bedroom apartments at an average of about \$25,000.

The village of Michelbach, 40 miles north of Frankfurt, has announced "support in principle" for Gabriel's suggestion to build the massive tower on municipal grounds.

"IF IT'S feasible, why not?" comments Mayor Willy Kaul on the plans which would boost tenfold the population of Michelbach. It is a very big "if," but still the mayor has received inquiries from several German industrial firms interested in participating in the project.

(Today's feature by AP's Ulrich Kremer substitutes for Hal Boyle.)

## Around The Rim

### If It's A Hotel Room, Take It

Why do some people think they buy everything down to and including the fixtures when they subscribe to accommodations in a hotel or motel?

In his book, "Morality in America," published by Random House, J. Robert Moskin pens that hotel guests pilfered 38,000 demitasse spoons, 18,000 towels, 533 silver finger bowls and 100 Bibles — among other items — from New York City's Americana hotel in the first ten months of its operation.

LITTLE WONDER that some hotel and motel clerks eye all guests suspiciously and have their help run to the tenants' rooms to make an inventory before the customers get out of sight.

A motel operator who lived here a few years ago sadly told of an incident involving a group of women who had descended upon Big Spring to attend a church rally of some sort. Fourteen in all, they put up at his place of business. When they departed, he found 28 towels missing from their rooms, or an average of two to a customer.

TOWELS SEEM to be a favorite "souvenir" of many customers of the public inns, even though some hotel and motel operators have grown so bold as to have printed across the items, "Stolen from . . ."

The people who fight a battle with the consciences and invariably lose,

however, are apt to lift anything from the rooms they merely rent—ranging from pitchers to television sets, if they reason they can get away with the act.

A DIRECTOR of catering for one of New York's more renowned hotels says his concern's silver replacement figure amounts to \$100,000 a year, adding that if the hotel plans on a banquet for 1,000, it can figure on losing 700 demitasse spoons.

Guests at places offering public accommodations, of course, have long since come to regard such things as ash trays, soap and even water glasses as fair game.

The more brazen make it a point to hook items like shower curtains, television rabbit-ears, bathmats and throw rugs.

SOME HOTEL and motel managers are having to chain such things as radios and TV sets to the walls in order to keep them in the family, then run the risk of having their customers bring hacksaws with them.

The innkeepers, of course, fight back the only way they know how, by charging higher prices to all patrons.

Moskin says that tourists are annually packing away \$1 million worth of hotel property in New York City alone. The national loss, of course, is many times that.—TOMMY HART

## David Lawrence

### A New Amendment On Prayer

**WASHINGTON** — Freedom to pray is a right which the framers of the Constitution never thought would be challenged. For they inserted in the First Amendment a declaration that Congress shall not make any law "prohibiting the free exercise" of religion.

But, due to misunderstandings — if not mistakes in interpreting the Constitution — the right to pray has been interfered with by the courts. They have announced, in effect, that directed prayer is prohibited in public schools and other institutions which receive support from government funds.

NOW A NEW constitutional amendment has been introduced by Senator Everett Dirksen of Illinois and, although he is the Republican leader of the Senate, his proposal has been endorsed by many Democrats as well as Republicans. The Illinois senator declared in a speech to the Senate last week that he does not seek "to reverse the Supreme Court" or "to repeal the First Amendment to the Constitution." He says that he is merely advocating a "clarification so that these decisions and their possible implications will not hover over every teacher, every principal and every educator in the land as well as over the school boards and authorities who are charged with administering our public educational system."

THE CONTROVERSY arose when the Supreme Court ruled in 1962 that it was unconstitutional for New York state to permit its own state school board to compose prayers and order them recited aloud in the presence of a teacher. From that time on, there has been confusion as to what could or could not be done. Senator Dirksen's proposed amendment to the Constitution reads as follows:

"Nothing contained in this Constitution shall prohibit the authority ad-

ministering any school, school system, educational institution or other public building supported in whole or in part through the expenditure of public funds from providing for or permitting the voluntary participation by students or others in prayer. Nothing contained in this article shall authorize any such authority to prescribe the form or content of any prayer."

MR. DIRKSEN describes his amendment as follows:

"It is voluntary. It is permissive. It places the responsibility upon local school authorities. It gives no authority to an official body to dictate the form or content of a prayer. Such authority may provide for or permit voluntary participation only. And that is the whole of it. . . ."

"The really alert hours — perhaps six or seven — are spent in school. These are the formative years for 50 million youngsters. These are the hours when the habit of prayer can best be nurtured. Prayer is the road-map to God. It should become the greatest adventure for young minds. Each must find the way for himself. This takes some doing — the development of right habits, the building of spiritual muscle. This can come only from practice and rehearsal day after day when young minds are alert."

IT IS BEING assumed that parents of the pupils would agree on the nature of the prayers and on whether their children should attend the prayer period. If the parents wish their children to engage in silent prayer or to read a prayer aloud during the few minutes set aside every day for this purpose, the question now is whether any interference by the courts or by public authorities would not constitute a violation of the Constitution, which says that the "free exercise" of religion must not be impaired. (Copyright, 1966, New York Herald-Tribune, Inc.)

## Holmes Alexander

### Space For Military Use

**WASHINGTON** — You could say that the U.S. space effort made two significant moves during the past year.

One move took us ahead of the Russians in virtually every measurable category except far-out exploration. The other move, much to the President's credit, budged us off the stilly seat where many have been pretending that space is for the doves of peace.

TO TAKE the more meaningful gain first, one must reread some opening lines of the National Aeronautics and Space (NASA) Act of 1958. In the section entitled Declaration of Policy and Purposes, there is this, with emphasis supplied:

"The Congress hereby declares that it is the policy of the U.S. that activities in space shall be devoted to peaceful purposes for the benefit of all mankind."

SUCH LANGUAGE makes pretty nifty reading, given the realities of modern life. Nevertheless, it is probably true that the Eisenhower and Kennedy administrations deluded themselves into believing the twaddle of space-for-peace. It took Lyndon Johnson, both as former space council chairman and as President, to get us into the second important paragraph of the NASA Act. It reads, with appropriate emphasis:

"The Congress declares that the general welfare and security of the U.S. require . . . that activities peculiar to . . . weapons systems (in space) . . . shall be the responsibility of . . . the Department of Defense. . . ."

THIS PARAGRAPH means, in short, that the President can militarize space whenever he chooses. The recent record shows that Johnson has quietly been making this choice. As matters stand today, Russia might have been far ahead by the count of 66 to 28 in earth-orbiting spacecraft dur-

ing 1965 alone if the U.S. had put up only "peaceful" vehicles. But the Defense Department last year launched 56 spacecraft of military significance, so that the score for the year just past is U.S.A. 94 and U.S.S.R. 66.

IN ADDITION, on Aug. 25, 1965, the President made a momentous decision toward space militarization. He announced stepped-up development of the MOL (manned orbiting laboratory) and, of prime importance, he assigned that development to the Defense Department, not to NASA.

As to the over-all American superiority in space, Executive Secretary Edward Welsh of the Space Council says that it is not publicly recognized for two reasons.

"First," says Welsh, "we started from behind and stayed there in manned space flight until 1965. The second reason why Americans can't know of their own country's success is just a matter of ignorance. The record is very plain."

WE NOW LEAD the Russians in the number of earth-orbiting payloads by 355 to 81, in manned space flights by 12 to 5; in space pilots by 18 to 11; in man-hours by 1875 to 597, as well as in the maneuvering, rendezvous and docking procedures of space ships.

Only in the number of far-out lunar and planetary shots, where the military value is less, and in tonnage, can Russians be found in front of us. In 1965, the U.S.S.R. led by 7 to 3 successful launches to far-out space. In total weights of payloads, the Reds have approximately twice as much as we do. But offsetting this partial Soviet advantage is the American technology in space communications, navigation and meteorology — all three categories now being used by U.S. military forces around the world. (Distributed by McNaught Syndicate, Inc.)

## To Your Good Health

### 'Glaucoma No Longer A Dread Disease'

By JOSEPH G. MOLNER, M.D.  
 Dear Dr. Molner: I am 53 and the doctor discovered glaucoma in my left eye. I had been having such things as severe headaches and trills. He is going to recheck the condition in two months and start drops of some sort. This has had a terrible effect on me as I don't know anything about glaucoma except that I have read that it is a dread disease. — MRS. E. C.

Untreated glaucoma is, truly, a disease to be dreaded, because ultimately it leads to blindness, and it still is one of the major causes of blindness in the world. So your concern is understandable.

However, this applies to the untreated case. With early treatment, it is no longer a dread disease. Eyesight can be saved. Glaucoma is an increase in pressure inside the eyeball. In time this pressure gradually destroys parts of the eye that are necessary for vision. At that stage, nothing can be done. (Glaucoma can occur in one eye or in both.)

The point of universal importance is this: Since the condition can develop without pain or indeed any symptom you may notice, the sure way of finding it early is to measure the pressure, or tension, of the eyeball surface.

This can be readily done with an instrument called a tonometer, and is becoming almost routine when a vision or eye problem develops, including eye pain, headache, distorted vision, halos or flashes.

Since the tonometer test is not difficult, the ideal course would be for everyone over 40 or so to have the pressure tested periodically even with no symptoms whatever.

What are ulcers? How should they be treated? What can you do to help rid yourself of ulcers and stay rid of them? For answers, read Dr. Molner's helpful booklet, "How To Heal Pimples and Ulcers and Keep Them Healed." For your copy write to Dr. Molner in care of The Herald, enclosing a long, self-addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

sure is detected soon, it is quite another story. "Drops" in the eyes are frequently sufficient to relieve the pressure and avert damage. If such medication fails, pressure still can be relieved by surgery. A small bit of the iris is removed, providing a sort of vent so pressure inside does not rise to harmful levels.

In your case it is evident that the trouble has been detected early, which explains why your doctor wants you to return in two months. Otherwise he would have started treatment at once. Instead, it is likely that the pressure was perhaps only marginally elevated.

There are many variants of glaucoma: Acute, chronic, progressing rather rapidly or extremely slowly, some painful, some not, some with different kinds of visual disturbance.

In any type, early treatment is effective although the precise method may vary to some extent technically.

The point of universal importance is this: Since the condi-

### New Attempt To Recover Bomb Made

PALOMARES BEACH, Spain (AP) — The U.S. Navy task force off the southern coast of Spain readied new equipment today for another try at lifting a U.S. H-bomb from 2,500 feet of water.

Rear Adm. William S. Guest, commander of the task force, confirmed Sunday that a cable which was lifting the bomb had broken and the weapon had shifted position. He said it was still in the same area but the next recovery attempt would be "even more difficult and lengthy."

A CURV — controlled unmanned recovery vehicle — was flown from the Navy Pasadena, Calif., weapons-testing center where it was developed to recover spent practice torpedoes from deep water.

### Dear Abby

#### A Shower For Profit

DEAR ABBY: I enjoy going to bridal showers. But not for a 44-year-old "bride" who has shed three husbands! I can't get out of going because of family obligations, but I feel certain that a woman who has been married off and on for 20 years doesn't need to be set up in housekeeping. I think showering a bride under these circumstances is in the worst possible taste. Who is to blame? The future sister-in-law who is putting on the shower? Or the bride who is permitting it?

DEAR PICKLE FORK: I'd say it's a joint venture. And between the two of them they hope to fill the joint with gifts.

DEAR ABBY: You keep stressing in your column not to judge too harshly the person who is caught stealing because he might be a kleptomaniac. That's real sweet of you and all, Abby, but how can you tell if a person is a kleptomaniac or a common thief? STUPID DEAR: Since Kleptomania is an illness, that's for a doctor to decide. But if a woman steals a pair of gloves, her size, that just happens to match her outfit, she's probably a common thief.

DEAR ABBY: Recently a reader of your column wrote in with the brilliant (?) idea that women who are looking for men should wear some kind of special ring to indicate that they are available. And since there are so many widows and divorcees around today, some smart jeweler should design such a ring. Your reply was to the point. You said, "Any man who is interested in finding out if a woman is available, can and will." Being an eligible male, I can back you up 100 per cent.

But I would go a step further and say that if a woman is looking, she should leave all her rings at home. Engagement and wedding rings that have been switched to the right hand can be confusing. And just the sight of them can discourage a man. Those "friendship" rings some women wear can mean anything from, "I am going steady" to "I am living common law with someone." There is nothing like an unadorned hand to let a man know the coast is clear.

Problems? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

### Feed Grain Prop Losing Support

WASHINGTON (AP)—A sharp decline in expected this year in the number of farmers participating in the Agriculture Department's program to prevent overproduction of livestock feed grains.

The program offers farmer-price supports and payments for holding out of production at least 20 per cent of their feed grain base acreage.

By March 11, only 29 per cent of the farmers had agreed to participate. The signup period ends April 1.

**FRONTIER SAVING STAMP**

"You're not a square if you eat three square meals a day." That's the point leaders of National Youthpower Week, March 27 - April 2, are making. Studies show that 40 to 60% of the youngsters in the teenage group eat inadequate meals. Encourage regular meals, good diet!

# Refugee Yields Gun, Hostages

PROVIDENCE, R.I. (AP) — A Catholic priest walked into a tear gas-filled apartment to convince a young Cuban refugee to surrender his gun and two young girls he held hostage in a two-hour siege.

The refugee, Maximino S. Palacios, 26, of Providence, had held 50 policemen at bay, firing about 20 pistol shots.

The Rev. Joseph B. Coleman, Providence police chaplain, entered the building Sunday after calmly pleading with Palacios from the street for more than an hour.

"Will you come out with me if I tell them it's okay?" the priest asked.

**GAS GRENADES**  
"Father, I want to talk to you," Palacios said. "I want to see my mother."

Police fired two tear gas grenades into the apartment and Father Coleman asked Palacios to pass the children out through a window.

"Come up and get them," the gunman said.

Father Coleman did, and returned with Janet Waters, 9, and Palacios' gun. Moments later, Palacios came out carrying Cathy Waters, 7.

**BREAKS IN**  
Police said Palacios, who left Cuba two years ago, broke into the second-floor apartment of Angelina Seals, 32, about 1:30 a.m. Sunday.

Mrs. Seals told police he threatened to kill her and her two children.

She slipped away about 9 a.m. to the first-floor apartment of Mary Cardoza and called police. Mrs. Cardoza hid Mrs. Seals in a bedroom closet when Palacios came looking for her, police said.

**FIRES SHOTS**  
Police pleaded with Palacios to surrender before Father Coleman arrived. They stood in plain view of the gunman while he fired the shots. The police did not shoot back.

The two girls were treated for inhalation of tear gas and cuts from shattered glass. Mrs. Seals was treated for shock.

Palacios was charged with seven counts of assault with intent to kill, one count of illegal possession of a pistol and one of burglary.

**Zoo Struck By Lightning**  
Lightning struck the Pet-A-Zoo building during Sunday night's storm, breaking the glass of a giant aquarium, spilling 7,300 gallons of water and uncounted fish onto the floor.

A. D. Blount, owner, said this morning that water was about six inches deep throughout the building, but that it would be pumped out and things back to normal during the day.

Lightning entered the building through the steel structure, Blount said, passing through the steel aquarium frame and breaking the half-inch plate glass, a two by four foot section. The aquarium is eight feet wide, 22 feet long and six feet deep.

The huge fish tank was only completed last week, Blount said. The building was previously hit by lightning, he explained, while it was being remodeled for an indoor zoo, but no damage was done.

**T-Man System To Be Talked**  
The "T-Man" system will be discussed at the Tuesday meeting of the Traffic Commission at 3:30 p.m., according to Jerry Worthing, chairman.

On the agenda will be a general review of the "T-Man" system by city police representatives; and a general discussion of the "T-Man" committee of the commission.

Other business will include recommendation of stop signs at the Parkhill School; a discussion of "no right turn on red" signs on the major highways around town; a discussion of thoroughfare planning; and the election of a vice-chairman for the commission.

**Burleson Here For Campaign**  
Rep. Omar Burleson, Anson, was in Big Spring Monday and will address the Coahoma Lions Club at its meeting this evening. He plans to spend Tuesday in Big Spring and Howard County in the interest of his campaign for re-election as congressman of the 17th District.

Howard County, which has been in the 19th district since its origin, will move to the 17th next January under terms of the redistricting act. Rep. Burleson was honored Saturday night at Eastland by a big rally and testimonial dinner which formally kicked off his campaign.

**Tonsils Cause Most Illness**  
The weekly disease report from the Howard County Health Unit last week listed 55 cases of tonsillitis, making it the leading ailment in the county. The estimated report is compiled weekly from disease figures from all doctors in the area.

Other cases listed were: upper respiratory, 32; influenza, 15; diarrhea, 10; chicken pox, 10; fifth disease, nine; measles, four; bronchial pneumonia, three; scarlatina, two; gastroenteritis, two; and gonorrhea, two.

**Klan Organizes Galveston Units**  
HOUSTON (AP) — Ku Klux Klan leaders say they have formed two more units in Galveston County, bringing the county's total to five.

**WEATHER**  
NORTH CENTRAL TEXAS — Cloudy tonight and Tuesday. Widely scattered afternoon and night showers, mainly in south. Cooler today and in south tonight. A little warmer Tuesday. Low tonight 41 to 54. High Tuesday 62 to 72.

**NORTHWEST TEXAS** — Partly cloudy tonight and Tuesday. A few thunder showers to extreme south today and tonight and again Tuesday afternoon. Cooler tonight, a little warmer Tuesday. Low tonight 38 to 52. High Tuesday 52 to 62.

**SOUTH CENTRAL TEXAS** — Mostly cloudy with occasional rain tonight and Tuesday. Low tonight 35 to 44. High Tuesday 62 to 72 in north, 70 to 75 in south.

**SOUTHWEST TEXAS** — Mostly cloudy with occasional rain tonight and Tuesday. Low tonight 30 to 40 in north, 45 to 55 in south. High Tuesday 60 to 70.

# Shelter Plans Discussed By CD Officials

Plans to establish a Community Shelter Plan (CSP) in Eddy County, N.M., were outlined by federal, state and local civil defense officials during a quarterly meeting of the West Texas-New Mexico Civil Defense Council in Carlsbad, N.M., Saturday.

W. D. Berry, president of the West Texas-New Mexico CD Council and director of the Big Spring-Howard County Civil Defense Department, presided during a business meeting at the conference.

The program consists of six steps, all to be totally financed by the federal government as a pilot project in Eddy County. Included are shelter capacity allocation, identification of shelter deficits, distribution of emergency information, development of shelters, director for updating the local CD emergency plan, official adoption by county and city political forces of the total plan.

The objectives, Berry said, were to match people against protected space available, provide a realistic movement plan for getting people to shelters, know where to go and what to do, define shelter deficit areas with precision, and, again, provide updating as necessary, including the local CD plans.

**Ransom Asked Money Taken In Boy Kidnap**  
MIAMI, Fla. (AP) — A short, stocky gunman invaded the home of a wealthy contractor and his wife today, kidnaped their teen-age son at gunpoint and demanded \$25,000 for his return.

He set a ransom payment deadline of 6 a.m. Tuesday.

The gunman entered the fashionable home of Mr. and Mrs. Aaron Goldman through an unlocked patio, awakened the couple and demanded \$20,000 in cash, police said.

Told they didn't have any money in the house, the bandit fled and gagged the parents and forced their only son, Daniel, to accompany him in the Goldman's car.

Today was the boy's 18th birthday.

The Goldman managed to work free of their gags and

cried for help. Neighbors responded and police were called. There was no immediate indication of how, or if, the ransom would be paid. The money was demanded by the gunman before he fled with the boy, the Goldman said.

**BY TELEPHONE**  
Goldman said the kidnaper told him he would get in touch with the couple this evening, presumably by telephone.

Police said the intruder "threatened the boy's life if the money is not paid."

**Earl Britton Services Today**  
Services for Earl G. (Bill) Britton, 42, who died Saturday, will be held at 4 p.m. today in the Nalley - Pickle Rosewood Chapel. The Rev. Dan Sanford, pastor of Phillips Memorial Church, will officiate. Burial will be in the Trinity Memorial Park.

Survivors include the widow, Mrs. Frances Britton, San Angelo; two sons, Billy Wayne Timmons and Tilford Ricky Timmons, both of Odessa; two stepsons, Woody Dean Taylor and Joe Lee Taylor, both of San Angelo; one brother, Marvin Kenneth Britton, Big Spring; two sisters, Mrs. Helen Murphy and Mrs. Pat Robey, both of Big Spring.

Funeral services will be held at 10:30 a.m. Sunday at the Birdwell Lane and Tenth Street dam. City crews were called, and barricades were set up at the State and Gollard intersections. City officials this morning had no information about the barricades.

**Debris Piles Up**  
Officers said at 10:30 p.m. Sunday that water and debris were piling up at the Birdwell Lane and Tenth Street dam. City crews were called, and barricades were set up at the State and Gollard intersections. City officials this morning had no information about the barricades.

**Arguments On In Case Of Gas For California**  
WASHINGTON (AP) — Two days of argument open today before the Federal Power Commission in a hotly contested case involving additional natural gas for Southern California.

Three pipeline companies are competing for authority to deliver the additional gas.

In an initial decision Dec. 16,

Commission Examiner Alvin A. Kurtz recommended approval of a \$314 million pipeline project of Gulf Pacific Pipeline Co., Houston, Tex. The company proposes to pipe Texas gas to two Southern California electric utilities for use as boiler fuel in their generating plants.

The examiner's decision would reject applications by Trans-Western Pipeline Co., Houston, and El Paso Natural Gas Co. to increase by 540 million cubic feet of gas daily their deliveries to three gas distributing affiliates of the Pacific Lighting Corp., Los Angeles.

The three Pacific Lighting system gas distributors — Southern California Gas Co., Southern Counties Gas Co., and Pacific Lighting Gas Supply Corp. — now sell gas on an interruptible basis to the electric utilities now proposing to receive their own gas through the Gulf Pacific pipeline. The electric utilities are Southern California Edison Co., and the Los Angeles Department of Water and Power.

Transwestern and El Paso propose alternative ways of meeting Southern California's gas requirements. Transwestern would build a \$44.2 million project and El Paso has filed three separate proposals ranging in cost from \$50.4 million to \$197.7 million.

Twenty-three parties to the proceeding requested a total of 17 1/2 hours of argument time. The power commission cut this to 10 1/2 hours.

# Grand Jury Probe Set

CHICAGO (AP) — Government investigations of reports that gangsters tried to muscle in on the proposed Cassius Clay-Ernie Terrell heavyweight fight will be thrashed out before a federal grand jury.

Eight persons, including a pair of reputed Chicago mobsters, have been subpoenaed for the grand jury probe which begins Wednesday.

The action was triggered by Bernie Glickman, a former Terrell associate, who has been in protective custody since informing the FBI that he had been beaten in his apartment last February by mobster Felix (Milwaukee Phil) Alderisio.

The inquiry will be handled by Edward V. Hanrahan, U.S. attorney; David Schippers, head of the Justice Department's organized crime unit; and Sam Betar, an assistant U.S. attorney.

Government attorneys last Saturday revealed the attack against Glickman and a purported death threat against Terrell if Terrell failed to fight Clay in New York City. A government attorney said the death threat was made indirectly, through associates.

**Money Taken From Station**  
A. J. Rowan, Shell Service Station, 1510 E. 4th, told police Sunday that more than \$1,000 was taken from his desk while he was unconscious at his service station Sunday.

Officers said Rowan told this account:

He had told one of his assistants Sunday morning that he could leave, as he was not needed for the rest of the morning. Then, Rowan said he went to the safe, opened it, and took out \$100 bills and placed them on the desk.

He began making out a deposit slip, then suddenly felt "dizzy" and passed out.

Just before this, he said, his other employee had come in, but Rowan told him he could take the remainder of the day off. The attendant told him he was going to work on his motorcycle outside.

When Rowan regained consciousness, he told officers, he noticed the \$1,000 missing, as well as a roll of quarters, and called in the assistant who called police.

Rowan's daughter told officers he had had "spells" before and could not see well when so affected.

Rowan was taken to Howard County Hospital Foundation, where attendants today said his condition is satisfactory.

Officers said today no trace of the missing \$1,000 was found at the station.

**Strike Holds Up C-City Work**  
COLORADO CITY (SC) — Construction work at the big \$30,000 electric generator plant at Colorado City lake was still halted today as a strike which was started last Friday held on.

The strike was precipitated by a pipe fitter's union out of Abilene. Exactly what developed to cause the walkout has not been announced.

**Debris Piles Up**  
Officers said at 10:30 p.m. Sunday that water and debris were piling up at the Birdwell Lane and Tenth Street dam. City crews were called, and barricades were set up at the State and Gollard intersections. City officials this morning had no information about the barricades.

**Arguments On In Case Of Gas For California**

# OIL REPORT Sterling Hole To Test 6,600

Shabean and Son of Abilene have filed a Sterling County wildcat re-entry to drill to 6,600 feet to test an unknown formation. The No. 1 Collins Estate spots 660 feet from the south and east lines of section 76-17.

**W. W. Coleman Services Held**  
Services for William Walter Coleman, 79, 702 Lancaster, who died Saturday were held at 2 p.m. today in the Nalley-Pickle Rosewood Chapel. The Rev. Jarrel H. Sharp, pastor of the church, officiated. Burial was in Trinity Memorial Park.

He was born June 2, 1886, in Georgia and married Miss Mae Byrum Oct. 13, 1908; at Ryan, Okla. The family moved to Big Spring from Hugo, Okla., in 1924.

Mr. Coleman was a retired railway car inspector for the Texas & Pacific Railway Co. retiring in 1951 after 28 years of service. He was a member of the Wesley Methodist Church, the Brotherhood of Railroad Carmen and the Big Spring Carpenters Local.

Survivors include the widow, Mrs. Mae Coleman, Big Spring; four daughters, Mrs. C. A. White, El Paso, Mrs. Donald Trupp, Mrs. C. E. Johnson Jr., and Francis June Coleman, all of Big Spring; one son, Bill C. Coleman, Big Spring; two sisters, Mrs. Eli Trigg, Pueblo, Colo., and Mrs. Jewell Lucas, Nickerson, Kans.; also six grandchildren and six great-grandchildren.

Funeral services were held at the home of Mrs. W. D. Lovelace, T. C. Richardson, N. B. Bailey, Garland Briden and J. T. Morgan.

**Lynda, Actor Visit Ranch**  
AUSTIN (AP) — Lynda Bird Johnson, President Johnson's elder daughter, was back in class at the University of Texas today after a chaperoned weekend at the LBJ Ranch with actor George Hamilton.

Hamilton and Miss Johnson were luncheon guests of Gov. and Mrs. John Connally Sunday at the governor's mansion.

About a dozen couples attended.

Mr. and Mrs. Earl Deathe of Austin chaperoned the couple at the ranch. They were chaperones earlier when Hamilton and Miss Johnson recently visited Acapulco, Mexico.

Miss Johnson was the guest of Hamilton and his mother last weekend at their Hollywood home, where Hamilton held a party honoring Miss Johnson on her 22nd anniversary.

The couple have dated frequently.

**Vandals Strike Three Times**  
Two cases of vandalism and one of vandalism-theft were reported to officers Sunday.

Arthur Islas, 200 Brown, told officers someone broke all six windows out of his car while it was parked at his home Saturday night.

Paul Rogers, a student at Howard County Junior College, told officers someone kicked a large dent into the door of his car while it was parked at the boys' dormitory Saturday. He said the print of a shoe was clearly visible on the dent.

The air cleaner and radio were stolen from his car while it was parked at his residence Saturday, Jess Phares, 1203 Douglas, told officers. He said the spark plug wires and fuel line had been cut as well.

**Dr. Harrison In 'Who's Who'**  
Dr. Preston E. Harrison, superintendent of the Big Spring State Hospital, has been notified that he, along with five other area men, has been added to "Who's Who in America."

Dr. Harrison was named along with S. B. (Si) Phillips Jr., utilities executive; Dr. L. W. Cain, Abilene State School; Roy Furr, grocery executive; Dr. Howard Ramsey, McMurry dean; and Dr. Rupert N. Richardson, noted historian.

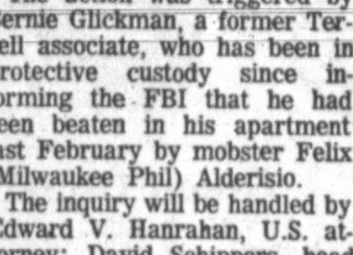

**OUR THANKS**  
Our sincere thanks to the kind friends, neighbors and relatives for expressions of sympathy, beautiful flowers, and other courtesies extended to us during our recent bereavement.

Specialty we thank the American Legion and W.A.F.B. Fire Squad.

Family of C. C. (Dallas) Robey

Funeral services will be held at 10:30 a.m. Sunday at the Birdwell Lane and Tenth Street dam. City crews were called, and barricades were set up at the State and Gollard intersections. City officials this morning had no information about the barricades.

**Debris Piles Up**  
Officers said at 10:30 p.m. Sunday that water and debris were piling up at the Birdwell Lane and Tenth Street dam. City crews were called, and barricades were set up at the State and Gollard intersections. City officials this morning had no information about the barricades.

**Arguments On In Case Of Gas For California**  
WASHINGTON (AP) — Two days of argument open today before the Federal Power Commission in a hotly contested case involving additional natural gas for Southern California.

Three pipeline companies are competing for authority to deliver the additional gas.

In an initial decision Dec. 16,

Commission Examiner Alvin A. Kurtz recommended approval of a \$314 million pipeline project of Gulf Pacific Pipeline Co., Houston, Tex. The company proposes to pipe Texas gas to two Southern California electric utilities for use as boiler fuel in their generating plants.

The examiner's decision would reject applications by Trans-Western Pipeline Co., Houston, and El Paso Natural Gas Co. to increase by 540 million cubic feet of gas daily their deliveries to three gas distributing affiliates of the Pacific Lighting Corp., Los Angeles.

The three Pacific Lighting system gas distributors — Southern California Gas Co., Southern Counties Gas Co., and Pacific Lighting Gas Supply Corp. — now sell gas on an interruptible basis to the electric utilities now proposing to receive their own gas through the Gulf Pacific pipeline. The electric utilities are Southern California Edison Co., and the Los Angeles Department of Water and Power.

Transwestern and El Paso propose alternative ways of meeting Southern California's gas requirements. Transwestern would build a \$44.2 million project and El Paso has filed three separate proposals ranging in cost from \$50.4 million to \$197.7 million.

Twenty-three parties to the proceeding requested a total of 17 1/2 hours of argument time. The power commission cut this to 10 1/2 hours.

# OIL REPORT Sterling Hole To Test 6,600

Shabean and Son of Abilene have filed a Sterling County wildcat re-entry to drill to 6,600 feet to test an unknown formation. The No. 1 Collins Estate spots 660 feet from the south and east lines of section 76-17.

**W. W. Coleman Services Held**  
Services for William Walter Coleman, 79, 702 Lancaster, who died Saturday were held at 2 p.m. today in the Nalley-Pickle Rosewood Chapel. The Rev. Jarrel H. Sharp, pastor of the church, officiated. Burial was in Trinity Memorial Park.

He was born June 2, 1886, in Georgia and married Miss Mae Byrum Oct. 13, 1908; at Ryan, Okla.

## World Will Watch Meet In Moscow

By The Associated Press

The world will watch with a mixture of hope and misgiving when Communists from all corners of the U.S.S.R. assemble in Moscow Tuesday for the Soviet party's 23rd congress.

There seems a good chance the congress will drive deeper the wedge between the Kremlin and Red China, even though the Russians likely will try to keep the quarrel from exploding into publicized debate. The congress provides an opportunity for summoning the leaders of the world's 111 Communist parties to Moscow for exchanges of viewpoints.

Decisions to be approved probably will have been made long before the 5,000 party members meet. Nevertheless, the congress is an important Soviet milestone.

### WEIGH CHANGES

By statute a congress is supposed to meet every four years. It is supposed to re-elect members to all high party organs: the ruling Party Presidium, the Secretariat, the Central Committee and others. Any changes will be carefully weighed by the outside world.

There is detectable now in the U.S.S.R. a clash between economic managers, anxious to get reforms rolling, and party functionaries interested in protecting their privileges within the bureaucracy. Pressure from below for reforms reflects the rising influence of the economic leaders.

This pressure has been pushing the Soviet leaders into domestic policies that invited the withering scorn of Peking, which views the Russians as headed pell mell toward capitalism. Some influential elements in Moscow may believe the Chinese are not entirely wrong.

### REAFFIRM LINES

For all that, the party is expected to approve programs which generally will reaffirm lines laid down at the 20th congress in 1956 at which Nikita Khrushchev blasted the Stalin legend, and the 22nd in 1961 which charted the present economic course. Such reaffirmation would be another step in the isolation of Red China in the communist world.

There are signs that top leaders are worried by the pressure for swift liberalization of the political and economic systems, however. The signs pop up in newspaper articles hinting that there should be a more realistic appraisal of Stalin and his "positive" achievements in the fields, for example, of industrialization, collectivization and World War II leadership.

### ACT AS BRAKE

This could act as a brake on the promises which have been made in the 17 months since Nikita Khrushchev was deposed.

Plans discussed under the leadership of party chief Leonid L. Brezhnev and Premier Alexei N. Kosygin have involved sharp modifications of old concepts, including that of centralizing planning down to the last nut and bolt in the remotest factory. The new program is supposed to involve such once taboo ideas as profitability, supply and demand, material incentives for higher and better production.

## Knights Theme Highlights Meet

A theme of "King Arthur and the Knights of the Round Table" highlighted the Friday evening meeting of Cub Scout Pack 202 at the First Methodist Church. Cubs were knighted by King Arthur (assistant cubmaster Jerry Williams) and later engaged in mock combat. Vah Johnson was declared the victor.

Luis Martinez received his Bobcat pin. Arrow points were presented to Larry Stevens, Joe Coltrane, William Roper, Bobby Allison and Mike Robinson, boys earning Webelos badges were Ricky Newton, Jerry Williams, David Coates and David Holley. The attendance award was one by Den 2. The Webelos Den led the Pledge of Allegiance to open the ceremonies and retired the flags to close the meeting.

## Coahomans Win First Places

COAHOMA (SC) — More than a dozen members of Sea Scout Ship 136 won first places in the junior division of the Explorer Olympics held Saturday afternoon at Memorial Stadium in Big Spring. Roland Seal is the advisor.

Boys who won top places were Alvin Best, Salvador Hernandez, Tim Whittington, Mike Childers, Eddie Harrison, L. D. Blander, Don Gilmore, Victor Torres, Domingo Hernandez, Arnulfo Hernandez, Rodney Wall, Marvin Wright, Melvin Mason.

### OUR GUARANTEE

It is impossible to give all the details of Senior Texan Companion Service, even in this large ad. But — apply now; and when you receive your Senior Texan contract, read it carefully. If for any reason you are not completely satisfied, return the contract any time within ten days, and your money will be refunded in full.

# You Need More Than Medicare

Let's face facts. Medicare will be helpful but doesn't go all the way. It can pay part of your hospital bill; part of your doctor bill. But Medicare can't and never was designed to pay them all. For example:

Under Medicare, you must pay the first \$40 of your hospital bill. After 60 days, you may pay \$10 a day of that bill. After 90 days, Medicare hospital benefits run out.

And you must pay the first \$20 of out-patient diagnostic services, then pay 20% of the rest. And Medicare pays nothing at all if you get sick outside the U.S.A.

### Why Not Go First Class?

But — why risk depending on Medicare alone, when now, for so very little, you can "go first class"? When you can have Blue Cross-Blue Shield's great new Senior Texan Companion Service with Medicare?

It's just what the name says: a "companion" service; picking up parts of the load Medicare doesn't; greatly extending the benefits; you might say, completing the bridge to recovery. Together, a health-care protection never before possible for such small cost.

### Your Choice: Two Great Plans

And Senior Texan Companion Service is available in two quite different forms, and for two different purposes, or needs. They are:

**SENIOR TEXAN "BASIC"** — pays the first \$40 for you, pays that \$10 a day for you, and if you need it, extends your hospital stay a full 30 days, up to a total of 120 days. And much, much more.

The cost: \$3.75 per month.

**SENIOR TEXAN "MAJOR MEDICAL"** — works like the "deductible" insurance on your car, leaving the ordinary items to Medicare and you; but stepping in on the very serious case with 80% of just about every needed medical service Medicare does not cover, in or out of the hospital, up to \$5,000 in any one year, or \$10,000 over a lifetime.

The cost: \$6.75 per month.

Plainly, the cost of either is far below what such protection has cost up to now; and major medical protection has been just about unavailable for those already over 65.

### Good Anywhere in the World

Medicare benefits are good only in the U.S.A. Senior Texan Companion Service protects you anywhere in the world! Senior Texan "Basic" will also provide all the hospital benefits Medicare would have provided in the U.S.A. in addition to its own. Senior Texan "Major Medical" will provide 80% of the hospital benefits Medicare "A" would have provided in the U.S.A., plus all the doctor benefits under Medicare "B," in addition to its own.

### The Proof is in The Paying

It's no secret: illness hits harder as we grow older. A "spell of illness" can be long and costly. Just to illustrate, from actual hospital cases of our older members, we put together a sample hospital-medical bill of an illness running 6 long months, as so many do.

The table below shows graphically: 1) How much Medicare leaves for you to pay; 2) How Senior Texan "Basic" steps right in from the beginning to tackle this balance for you, and 3) How Senior Texan "Major Medical" gets more and more valuable the longer the spell of illness lasts.

	Expense Total	Balance After Medicare	Senior Texan Basic Pays	Balance You Pay	Senior Texan Maj. Med. Pays	Balance You Pay
3 Months	4,730.00	689.00	582.00	107.00	471.20	217.80
4 Months	6,152.50	1,793.50	1,667.00	126.50	1,354.80	438.70
5 Months	7,402.50	2,739.50	1,712.00	1,027.50	2,111.60	627.90
6 Months	8,657.50	3,754.50	1,757.00	1,997.50	2,923.60	830.90

No question about it — YOU NEED MORE THAN MEDICARE!

### QUESTIONS AND ANSWERS FOR PRESENT BLUE CROSS-BLUE SHIELD MEMBERS

- Q. If I do not sign up for Medicare, or in any way use Medicare's benefits, what happens if I keep my present Blue Cross-Blue Shield coverage?**  
**A.** You may continue your present coverage and Blue Cross-Blue Shield benefits will be paid as in the past.
- Q. If I sign up for Medicare and use Medicare benefits, may I also keep my present Blue Cross-Blue Shield coverage?**  
**A.** Yes — you may continue your present Blue Cross-Blue Shield coverage.
- Q. If I keep my present coverage and use Medicare benefits, what happens?**  
**A.** Medicare benefits will be available to you, and will, of course, apply first as set forth in the Medicare Law. Blue Cross-Blue Shield benefits will then apply to pay for any services called for in your membership agreement which have not been provided under Medicare.

### Act NOW!

Medicare benefits and Senior Texan Companion Service benefits both begin July 1, 1966.

But Senior Texan Companion Service is being offered to the general public for a limited time only. If you need more than one application, and can't find another copy of this newspaper, call your nearest Blue Cross-Blue Shield office (in 18 Texas cities) or ask us for another when you send your own in to us. You'll get another one by return mail. If you, or someone else for whom you are concerned, would like a descriptive folder giving full details of Medicare and Senior Texan Companion Service, it is available at any Blue Cross-Blue Shield branch office or your local hospital; or write us direct.

**BUT IT'S TIME TO ACT! FILL OUT THE APPLICATION BELOW, AND MAIL IT — NOW!**

## BLUE CROSS-BLUE SHIELD

Main at North Central Expressway • Dallas, Texas 75222

PLEASE...BE CAREFUL—In filling out your application below, please be careful: (1) To sign it. (2) To give your name and address. (3) To give birth date. (4) To indicate which Senior Texan Companion Service you wish, "Basic" or "Major Medical." (5) To fill out the health statement. (6) To enclose one month's dues... The application must be complete.

Social Security Office To Remain Open Later

The Social Security office in Big Spring will be open until midnight Thursday, the Medicare enrollment deadline, Erven Fisher, Social Security district manager, announced today.

The Social Security office will remain open until 9 p.m. Monday, Tuesday, and Wednesday evenings this week to provide an opportunity for working people 65 and over and others who cannot get in during the day to apply.

In addition, post offices in the Big Spring area have on hand a short form application which can be used by persons who cannot pay a visit to a district office. It is a simple, self-mailer form, requiring no envelope and no postage and will serve to establish that they enroll before the deadline, if postmarked before midnight on Thursday.

People 65 and older before the start of this year who do not enroll before midnight Thursday may have to wait two years for another chance to enroll and also pay higher premiums.

The premium for the voluntary medical insurance that covers the major part of doctor bills for surgery and for home, office, clinic and hospital visits, and a wide variety of additional health services, is \$3 a month. This is one-half the cost, Fisher pointed out. The other half is paid for out of general federal revenues.

Over 80 per cent of the elderly people in the Big Spring area have already signed up for the doctor bill insurance, Fisher noted, but the Social Security Administration is anxious that all the others realize that the deadline is approaching rapidly and the time has come to make

a decision as to whether or not they want to enroll for the doctor bill insurance. Some who are working may be holding back because they do not understand that both the hospital benefits and the doctor bill benefits can be paid whether or not they continue to work and regardless of the amount of

their earnings. For those delaying their applications because they do not have papers to show their age, citizenship, or status as aliens admitted for permanent residence, Fisher urged that they visit the Social Security office to make application now and take care of getting the papers later.

Deadline Tuesday In School Races

Deadline for absentee voting in the school board races in Big Spring, Coahoma, Forsan, Sands, and the Howard County school board race will be 5 p.m. Tuesday. Only 16 absentee votes were listed in all areas.

At the office of the county clerk at the courthouse, 13 absentee ballots have been counted for races for Big Spring school board, trustee at large and trustees for Commissioners Precincts 3 and 4 in the Howard County school board election, and trustees for the Howard County Junior College board. Coahoma Independent School

District reported just three absentee votes, and Forsan and Sands Independent School Districts listed none.

A total of 30 candidates are vying for 12 seats in the school board races. Big Spring Independent School District board has four candidates seeking two seats, Harold Talbot, Bennett Brooke, Grant C. Boardman and Jerry Currie.

Seven candidates are running for two seats on the Coahoma Independent School District board, including LaRoy Shafer, Gaylan B. (Red) Harding, Wendell Shive, David E. Grant, Billy Carl Bates, Roland L. Beal and Bill M. Butler.

Mrs. McGibbon's Father Dies

George L. Garlinghouse, 94, father of Mrs. K. H. McGibbon, died Sunday afternoon in Colorado Springs, Colo. He had been in failing health for a long time.

Mr. and Mrs. McGibbon left immediately on learning of his death, and they will be at the family home in Colorado Springs at 2426 North Tejon. Mr. Garlinghouse leaves his widow, and one daughter, Mrs. McGibbon. Arrangements were incomplete Monday morning.

Top Suspense Drama Not On Small Screens

By CYNTHIA LOWRY AP TV - Radio Writer

NEW YORK (AP) — Television's most tantalizing suspense story of the weekend — and probably for many days to come — was not on the small screens. It involves the industry reaction to disclosure that a former investigator had tampered with the A.C. Nielsen ratings.

The research company has filed a damage suit against Rex Sparger, who told reporters in Oklahoma City that he had attempted to rig ratings of four shows, including the recent Carol Channing special and the Bob Hope Christmas show. His purpose, he said, was to gather material for a book he was writing.

Television network experts have always said that the A.C. Nielsen Co. ratings were only one of many tools used in judging the success or failure of a

program. Nielsen's ratings are based on program choices of a national audience sample of about 1,200 homes.

Over the seasons, television's rule-by-ratings has been a highly controversial subject. Ratings have been objects of congressional and Federal Communications Commission hearings. Sponsors and advertising agencies turn to ratings because there is no more exact method available to measure an audience. The cost of a commercial message in evening network programs starts at around \$30,000 per minute and can go up to twice that.

Sheer size of audience, however, is but one measure and the Nielsen reports are among many in the field.

INSPECTION DUE Now that it is known that Nielsen's super-secret list of sample homes can be cracked and some of the families reached, the whole rating procedure appears to be due for inspection.

The three networks interrupted Saturday programs for the long press conference of the Gemini 8 astronauts. Viewers anticipated a hair-raising adventure yarn.

The two young men, however, reported their space trip in the driest technical language, much of it impossible for the layman to follow. Their calm detachment made the flight and emergency return sound about as exciting and perilous as a weekend fishing trip cut short by a balky outboard motor.

Explosion Rips Open Pipeline

GRANTS, N.M. (AP)—An explosion ripped open a 30-inch natural gas pipeline near U.S. 66 just before dawn today.

Gas spewing from the break caught fire. The light was visible as far away as Albuquerque, 60 miles east. An El Paso spokesman, Frank Mangan, said there were shut-off valves in the area and the blaze was isolated in an open, sparsely populated area.

Happy Day

Diane Wilkins, 18, of Watwata, Wis., shows elation in this photo today as she calls a friend from Mobile, Ala., where she won the 1966 America's Junior Miss title Saturday night. (AP WIREPHOTO)

No Injuries In Six Accidents

Six traffic accidents Sunday apparently injured no one, officers said today. Involved were the cars of Ralph Cecil Sibley, 805 E. 18th, and Orbin Homer Dalry Jr., 1101 Grafa, at Fourth and Austin; the cars of Coy Ray Hatch, 902 Lancaster, and Ethel Mae Miles, 611 NW 4th, just south of Eighteenth and Gregg; the driverless car of Earl F. Baldock, Old US 80 west, which rolled backward into the porch post and side of a house at 803 E. 12th.

The cars of Mary Digby Stanton, 1204 College, and Joyce Karan Miller, 3303 Drexel, at the Gregg Street Wagon Wheel; the cars of Chester Ward Ingram, Ackerly, and Richard L. Osborn, Webb AFB, on Ninth at Nolan; and the cars of Daniel Carl Schmidt and Jack T. Dye, both of Webb AFB, at the Fourth and Birdwell Wagon Wheel.

Heart Month Film Planned

A special film presentation and a review of Heart Month activities will highlight the meeting of the Howard County Heart Council tonight at 7:30 in the school administration office. Bill Renfro, area heart representative, will present the film, "Heart Beat." Interested persons are invited.

Reports Pouring In Of 'Flying Saucers'

DETROIT (AP) — Michigan's weird, blinking lights apparently have extended their appearances into Ohio and Wisconsin.

The reports of sightings, limited for nearly two weeks to southern Michigan, came from some 100 miles north in Michigan's "thumb" district, across Lake Michigan at Green Bay, Wis., and south near Toledo and Dayton, Ohio.

As before, there was no full explanation. SWAMP GAS THEORY So far, the only authoritative analysis has been the swamp-gas theory advanced Friday by

a Northwestern University astrophysicist concerning two sightings in southern Michigan.

The scientist, Dr. J. Allen Hynek, who also is an Air Force special consultant, has gotten arguments from those who reported seeing the mysterious flying objects.

Ohio highway patrolman R. D. Landversicht said Sunday he saw a strange light approaching Wright Patterson Air Force Base near Dayton. He reportedly photographed the lights and the Air Force develops the films today. Wright Patterson is the home

of the National Unidentified Aerial Phenomena Office, called Project Blue Book.

"NORMAL PATTERN" Maj. Hector Quintanilla, Blue Book project officer, said, "It's not unusual for incidents such as these in Michigan last week to get a lot of 'sighting' reports. It's a normal aftermath pattern."

In the Toledo area Sunday night a member of the Sylvania fire department furnished a local radio station with a detailed account of his observations.

Equipped with binoculars, the observer described four objects he said changed color from red to green to white — "They kind of look like a star when you first see them, but they blink on and off," he said.

Hynek said at his Evanston, Ill., home Sunday that his conclusion that two Michigan sightings probably were swamp gas applied only to the sightings reported in the Hillsdale and Dexter area.

HELD INADEQUATE Several observers said they felt the explanation was inadequate.

The lights over Wisconsin, Michigan and Ohio were described as "glowing green," "red and white," "bright, reddish orange," and traveling at a high rate of speed.

In Washington, Rep. Gerald R. Ford, R-Mich., called for a congressional investigation of the situation, stating many Michigan residents felt the incidents are "sufficient to justify some action by our government."

Speaking on the radio-television program "Face the Nation" Ford said: "Bring out these witnesses from the Air Force and the National Aeronautics and Space Administration, have them interrogated by members of the House or Senate committee, let them put their records on the line. Let the people who have allegedly seen these objects come and testify."

Red Huddle Stirs Hope

WASHINGTON (AP) — Top U.S. officials attach great importance to the fact that North Viet Nam is being represented at this week's Soviet Communist party meeting by one of the chief policymakers under President Ho Chi Minh.

The mission to Moscow of the North Vietnamese Communist leader, Le Duan, could have a significant bearing on the future course of the war in Viet Nam.

SEEK PEACE? Some European Communist diplomats say privately they believe Soviet authorities will make an effort to persuade the North Vietnamese delegation to give serious consideration to peace moves.

The Eastern European diplomats speculate that with the massive buildup of American power in Southeast Asia the North Vietnamese must be compelled sooner or later to face the fact that the conflict is going against them and the hopes they had for victory a year ago are fading rapidly.

The Soviet government was co-chairman with Britain of the 1954 Geneva Conference and a willingness on its part to join Britain in reconvening the conference would be a major step toward negotiations. The Soviets, however, are obviously unwilling to act without North Viet Nam's agreement and willingness to participate.

VEEP'S VIEW The Viet Nam situation drew fresh comment over the weekend from Vice President Hubert H. Humphrey, India's Prime Minister Indira Gandhi and House Republican Leader Ger-

ald R. Ford. Humphrey was quoted Sunday night in a Newsweek magazine interview as saying, "We must not only accept the results of free elections — including any winning Communist candidates" in South Viet Nam, "we must also make crystal clear — perhaps clearer than we have done to date — our total acceptance of the principles of true independence and nonalignment... We want no permanent enclaves or bases... We seek — in the simplest language — a state of honorable peace."

Asked for his views on Communist China, Humphrey said: "We must see beyond the test of arms and apply to China the principle we learned in confronting the Soviet Union. We strive to contain but not to isolate. We do not try to impose quarantine from without. We do not try to overturn power from within. We do not harass or provoke..."

FORGE OWN "If Communist China wishes isolation, it will have to forge its own."

Mrs. Gandhi, arriving today for White House talks with President Johnson, disputed some published reports that there was a "community of views" between France and India on Viet Nam.

"There is a certain similarity of views that I wanted to underline," Mrs. Gandhi said in an interview published by a French news agency before she left Paris.

"India, like France, obviously hopes for an end to hostilities. But she recognizes the extreme difficulties faced by the United States, so deeply engaged, to reach a settlement," Mrs. Gandhi said.

Ford recommended in an interview that the buildup of American ground forces in Viet Nam be restricted until air and sea power has been more fully employed. He did not specify how the air and sea power should be used.

"LOYAL OPPOSITION" Ford said on the CBS radio-television program "Face the Nation" that he believes the Republicans are playing the role of the "loyal opposition" in Congress.

He said, "We are, in effect, debating with those Democrats who want to withdraw, want to turn tail and run. We as Republicans are debating the weak-kneed Democrats."

One of the major questions in the Viet Nam conflict for the past year — since the big U.S. buildup started — is whether Ho Chi Minh would have power to decide for negotiations in view of Hanoi's major reliance on support and supplies from Red China.

This is why the importance of the Hanoi delegation to the Moscow conference is so highly rated here. Red China served notice on the Kremlin a week ago that it had no intention of attending the meeting. China's supporter, Albania, had announced earlier that it was insulted even to be invited.

Lubbock Blaze Loss Is \$50,000

LUBBOCK, Tex. (AP)—Fire caused an estimated \$50,000 damage Sunday night at the Case Power & Tractor Company building in Lubbock.

Firemen said it was believed that the fire started after burglars attempted to break into a safe in the building. The safe was partially opened.

Program Changed

COAHOMA (SC) — Program for the Young Farmers meeting today has been changed. Members will attend the John Deere tractor and implement show at the National Guard Armory in Big Spring. The 6:30 p.m. meal will be followed by a film showing latest farm machinery developments.

GETTING UP NIGHTS MAKES MANY FEEL OLD

After 35, common kidney or bladder troubles often occur and may make you tense and nervous from too frequent passages both day and night. Usually, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CISTEX usually brings fast, relaxing comfort by curbing irritating germs in urine and relieving bladder pain. CISTEX acts as diuretic. Feel better fast.

Youth Achievement Nomination

For The Zale-Herald YOUTH ACHIEVEMENT AWARD, I Nominate:

Nomination form with fields for Name, Address, High School Attending, Gender (Boy/Girl), Senior/Junior, His or her activities include, Outstanding school work, Extra curricular activities at school, Activities in Church and religious groups, Activities in special volunteer work, and a section for attaching a note if desired detailing full report on various activities of your nominee.

**BUZ SAWYER**

WONDERFUL CARNIVAL GIRLS... COULD THAT BE YOUR WIFE, BUZ?

NO, NO, NO! SHE'S TOO COARSE! A BLONDE! IT'S NOT POSSIBLE... YET...

GIVE ME A FIVE-DAY LEAVE, BOB. I'M CATCHING THE FIRST PLANE.

**GASOLINE ALLEY**

I would like to cancel the new lease, Mr. Bink! The two-apartment idea won't work!

You surprise me, Mr. Grubb! I thought you were acting in good faith!

There are circumstances beyond my control!

Mine, too! I've already contracted for the alterations and redecorating!

In fact, the men should be over there right now cutting in the door! Sorry, Mr. Grubb!

**NANCY**

WHAT'S A BAKER'S DOZEN?

WHEN YOU ORDER 12, THEY GIVE YOU ONE FREE

DOUGHNUTS WE GIVE A BAKER'S DOZEN

I'D LIKE TO ORDER A BAKER'S DOZEN OF DOUGHNUTS

O.K.

SHALL I WRAP THEM ALL IN ONE BOX?

OH, NEVER MIND

IT'S JUST THIS FREE ONE I NEED NOW

**L'I' ABNER**

"DRIPPER" HAIN'T NO MERE MESS O' SEAFOOD! HE'S MAH BUDDY!!

HE DIDN'T COME HERE TO BE IT!! HE COME AS A GUEST STAR!!

SO TREAT HIM ACCORDINGLY!!

FORGIVE ME!!—MY PASSION FOR EXOTIC SEAFOOD OVERCAME MY INNATE DECENTY!!

**BLONDIE**

THANK YOU (CLEM)

WHAT'S GOING ON?

WE'RE TAKING UP A COLLECTION FOR A "GOING-AWAY" GIRL FOR MR. DITHERS

IS HE GOING AWAY?

NOT THAT I KNOW OF

BUT IF WE GIVE HIM A GIFT, MAYBE HELL TAKE THE HINT

**RICK O'SHAY**

# Black Cancer Now Shrunk

PHOENIX, Ariz. (AP) — A strange difference in the energy system of one fast-growing cancer is being exploited to help its victims, a University of Southern California doctor said today. The cancer is melanoma, sometimes called black cancer. It seems to rely on the oxygen-carrying potential of an essential chemical helper called tyrosinase, said Dr. Harry B. Demopoulos, a USC pathologist.

## TWO METHODS

By two methods, he has tried to cut down on the amount of this vital chemical available to the tumor, and it has resulted in shrinking cancers in some 80 per cent of his patients. It requires, however, a stringent diet to eliminate a basic

amino acid that is found in the protein of meat, milk, eggs and other foods. In fact, patients are often reduced to eating a powder-like combination of selected materials, plus certain fruits and vegetables.

## DRUG USED

In an alternative method, a drug is used to pull copper out of the system; further cutting down on the chemical energy available to the tumor, Demopoulos told the American Cancer Society's eighth annual Science Writer's Seminar.

The treatment has several drawbacks. The diet is difficult and unpleasant. It takes two months of the drug treatment to bring the copper out of the system — a relatively long period when the patient is suffering

## REGRESSION SIGNS

Of the first eight patients treated with the diet, Demopoulos said, three could not stay with it. The other five died of cerebral hemorrhages when seeds of their cancers apparently broke blood vessels in their brains. However, in all cases, doctors found at autopsy that the cancers showed signs of regressing.

In 22 later patients, results have been better, but the research program has been under way only 2½ years.

While a few cancers have regressed completely, Demopoulos said, most patients showed an arrested disease and had to remain under treatment.

# Cancer-Fighting Drug Holds Hope

PITTSBURGH (AP) — A scientist reported today developing results — has been dubbed a "stingless mustard," in that it attacks cancer cells like conventional mustards, but apparently lacks their unwanted "sting" for normal cells.

Dr. Zinon O. Papanastassiou of Arthur D. Little, Inc., Cambridge, Mass., told about it in a report prepared for the 151st national meeting of the American Chemical Society.

The new drug — so far used only in animals but with promising results — has been dubbed a "stingless mustard," in that it attacks cancer cells like conventional mustards, but apparently lacks their unwanted "sting" for normal cells.

Big Spring (Texas) Herald, Mon., March 28, 1966 3-B

— called ADL-45 — has shown high activity; against a wide variety of experimental animal tumors, especially against two types of leukemia cells. Further testing is under way, looking towards the possibility of trials in humans, he said.

But he declared in an interview supplementing his technical report that "I am only very cautiously optimistic" about whether it will be useful against human malignancy.

"It is difficult to tell, at this time," he said, "the significance of our work."

"Cancer is a dreadful disease affecting a large number of people, and therefore any agent

that looks promising is of interest. "On the other hand, we are well aware that many new compounds which have been shown to offer some promise in animal experiments have not proved so promising for the clinical control of (human) cancer."

## Texas Mayor To Visit In Japan

NIIGATA, Japan (AP)—Mayor Edward Schreiber of Galveston, Tex., will pay a four-day visit to Niigata next month to cement sister city affiliation between Galveston and this Japan sea coast city.

# B52s Bomb Reds' Jungle Mine Factory

SAIGON, South Viet Nam (AP) — U.S. Air Force B52s poured 100,000 pounds of explosives on thick mangrove swamps 18 miles southeast of Saigon today only a mile or so ahead of American Marines sweeping the river approaches to the capital.

A huge orange fire ball and thick black smoke curled from the swamps after the eight-engine bombers unloaded their 750-pound bombs. An Air Force spokesman said a Communist jungle mine factory hidden among mangroves 40 feet high apparently had been obliterated.

He described the strike as "the most awesome and devastating thing I ever have seen."

## CONG STRONGHOLD

While the blasts from the bombardment echoed across Saigon, two other waves of B52s from Guam unloaded their massive bomb loads on Tay Ninh Province, an old Viet Cong stronghold and reputed jungle headquarters of the National Liberation Front. The bombers attacked sectors five miles apart near the Cambodian border about 70 miles northwest of Saigon.

Bad weather kept carrier planes from striking North Viet Nam Sunday, but Air Force fighter-bombers flew 18 high-altitude missions picking out their targets by radar. Among them was the Mugia Pass, a juncture of two strategic routes to neighboring Laos, where U.S. jets caught a truck convoy last week.

In the South, Air Force jets blew up 34 sampans and three large motorized junks in raids over the Mekong Delta south and west of Saigon Sunday, a spokesman said.

## DESTROY HUTS

In the central highlands near the Cambodian border, U.S. 1st Cavalry, Airmobile, Division troops destroyed 15 huts with sleeping racks and 30 foxholes, found a tunnel complex and trail leading to the frontier and surprised a North Vietnamese soldier as he woke up this morning. He was shot as he tried to flee.

In a skirmish with an enemy patrol two miles from the border Sunday, the cavalrymen killed 10 Communists, including seven North Vietnamese regulars.

Political unrest took an increasingly anti-American tone with new demonstrations against Premier Nguyen Cao Ky's U.S.-backed military regime. Upwards of 20,000 persons joined a Buddhist-led march in the northern city of Hue demanding the junta's ouster and election of a civilian government.

## ACCUSE U.S.

Some of the marchers carried banners accusing the United States of obstructing a return to civilian rule.

A crowd of 500 Buddhists assembled in Saigon and heard speakers charge that Ky had sold out to the United States. "Down with all governments that don't respect Viet Nam's sovereignty," some of the demonstrators shouted. "Yellow-skinned people in Viet Nam should not be oppressed by foreigners."

The Vietnamese chief of staff, Lt. Gen. Cao Van Vien, issued an order of the day to the armed forces warning them against becoming "victims of division schemes by the enemy."

"We must work hand in hand and steadily progress forward in defiance of any challenge and be determined to crush the invading Communists to secure final victory," the order said.

## KY'S PLEA

Ky made a brief broadcast appeal for calm and order. He promised to restore democracy but said it "can't be built overnight."

### Nera White Leads Team To 5th Win

GALLUP, N.M. (AP) — Nashville, Tenn., holds an unprecedented fifth consecutive National Women's AAU Basketball Championship today.

And much of the credit goes to 30-year-old Nera White, called the greatest women's basketball player ever in the United States.

Miss White, who spends weekends farming on a ranch near Lafayette, Tenn., home, took the Nashville Business College team in two Saturday night for a 59-33 victory over Plainview, Tex. She scored 24 points in the finale.

Raytown, Mo., edged unseeded Pasadena, Tex., 69-62, for third place in the 38th annual tournament.

An overflow crowd of nearly 3,500 gave Miss White a standing ovation when it was announced she had been named to the AAU All-Star team for the 12th straight year.

This, too, was unprecedented. She also was named the tournament's most valuable player for the second straight year.

The 6-foot star was given a bouquet of flowers by women's AAU basketball chairman Nickie Mickelsen of Kansas City, Mo., and a trophy by Miss America 1965, Vonda Kay Van Dyke, for her all-star feat.

A teammate, Lynn Crawford, was named to the AAU All-Star team for the 10th straight year.

Nashville wound up 24-1. Plainview coach Harley Redin declared, "Nera is the greatest I have ever seen in 11 years of coaching. She's the only woman who can do everything — rebound, defense, handle the ball and score."

"She can maneuver like any man basketball player. She's strong, fast and doesn't make many mistakes."

Miss Mickelsen said, "Nera White is the greatest woman basketball player ever in America."

### Lamar Trips HCJC Lassies

Howard County Junior College women's volleyball player measured South Plains College in the Hardin - Simmons University tournament Saturday, but then they ran into Lamar Tech.

Lamar Tech was and is still undefeated. In fact, this team went on to knock out the Texas Tech No. 1 team for the tournament title.

HCJC beat South Plains from Levelland 8-6, then dropped the second game 9-15, and came back to take the rubber game 15-9. Patsy Jones scored 11 points in the three games to lead the HCJC team.

Lamar Tech beat HCJC 15-8 and 15-5 in the second round. Lucy Thornton scored six points for HCJC. In the consolation round, Texas Tech No. 2 beat Odessa Junior College. HCJC will meet Hardin - Simmons University women here Tuesday at 6:45 p.m.

## Lt. Bauer Wins Four First Places In Gym Competition

The YMCA placed well in the 11th annual Southwest Area YMCA Sports Festival in Dallas Friday through Sunday, bringing home the all-around champion and several high places in various sports events.

Lt. Pete Bauer, Webb Air Force Base, became the Southwest Area All-Around YMCA Gymnastics Champion with first places in floor exercise, horizontal bar, longhorse vaulting and trampoline. Bauer placed third in still rings, third in sidehorse vaulting and second in parallel bars. His closest competitor was 3.6 points behind him in all-around competition average. Bauer has been

working with the gymnastics squad at the YMCA and has won several other gymnastics awards.

Ruthie Russell, a member of the Y gymnastics team, placed second in tumbling, fourth in free exercise and fourth in sidehorse vaulting.

The event draws top competitors from all regional YMCAs, and athletes compete in a variety

## Y Aquatic Club Makes Good Showing In Meet

YMCA swimmers, although missing a first place in any event, gave a good account of themselves Saturday in the Tri-State YMCA Sports Festival at Dallas.

Linda Tyldesley nearly turned the trick with a second place in the 100-yd. back stroke. One of the most brilliant performances, however, was the boys 15-17 medley relay team comprised of Bill Bortner, Rick Pajot, Bob Tyldesley and Chuck Penn. They placed sixth, but in doing it they cut 17 seconds off their previous best time. Only two seconds separated them and first place.

The Y Aquatic Club accounted for one second, three thirds, a pair of fourths, three fifths places and a like number in sixth. Twenty-six of the Southwest's toughest teams took part in the meet.

Other results included: The free relay team (Rick Pajot, Chuck Penn, Jim DeVore, Bob Tyldesley) also placed sixth, dropping six seconds from its previous times. In the 100-yd. free style; Bob Tyldesley placed sixth.

In the 15-17 girls, Linda Tyldesley placed second in 100-yd. backstroke, third in 200-yd. individual medley, and fourth in 100-yd. butterfly. In 13-14 girls, Linda Tyldesley placed third in 200-yd. individual medley and fourth in 100-yd. breast stroke. Bertie Duncan placed fifth in both the 100-yd. backstroke and 200-yd. individual medley. In 11-12, Carrie Bizzell placed third in 50-yd. free, and fifth in 50-yd. backstroke.

It's a busy week but only six of the 11 games are conference affairs as Baylor, Texas Christian and Southern Methodist meet Kansas State while Rice goes to Bloomington, Ind., to play Indiana.

The Aggies risk their lead against Rice at College Station Wednesday while Southern Methodist, which won its first conference game last week—8-1 over Texas Christian in an upset—takes on Texas at Austin. They also play Thursday.

Goled eighth and ninth grade teams and the Runnels ninth grade volleyball team will participate in the one-day junior high volleyball tournament Saturday in Lamesa.

Enter Tourney

## Braves' Defense Presenting Case

MILWAUKEE (AP) — The defense continued its presentation today in Wisconsin's anti-trust suit against baseball as the April 12 date for the National League Braves' opener in Atlanta drew closer.

The trial is now in its fifth week in Circuit Court here.

### Win Sebring Endurance Race

It was a repeat performance in 1966 races for Ken Miles, left, of Los Angeles and Lloyd Ruby of Wichita Falls as they hold trophy for their victory in the 12-hour endurance race at

Sebring. The pair also won the 24-hour race at Daytona last month. Their victory Saturday came in a Ford Roadster XI. (AP WIRE-PHOTO)

## Fords Now Facing Le Mans, Brutal Arena Of Racing

SEBRING, Fla. (AP) — America's top sports car drivers, facing a wide-open road to glory, left Sebring's bloodied course behind today and looked ahead to Le Mans, France, and "the track of truth."

This is what the Italian automotive genius Enzo Ferrari calls the French circuit, where the annual 24-hour speed fight proves for sure who makes the fastest and greatest machines in the brutal arena of road racing.

Here, the American Fords must demonstrate in the hardest possible way that their smashing victories in the first two 1966 races for the World Sports Car Manufacturing Championship were no flukes.

After the fastest 12-hour race

ever run at Sebring — a thundering speed duel that left five persons dead — Fords flashed across the finish line in 1-2-3 order, just as they did last month in the 24-hour Continental at Daytona.

A last-minute stroke of luck enabled Ken Miles, a thin, British-born automotive engineer, and Lloyd Ruby, a ruddy Texan from Wichita Falls, to take the checkered flag of victory.

Miles and Ruby smashed the Sebring speed record by averaging 98.631 miles an hour around the tortuous twists and turns of the hazardous course in their Ford XI roadster.

But Dan Gurney of Costa Mesa, Calif., and Jerry Grant of

Kent, Wash., drove even faster until the engine of their Ford Mark II went dead 100 agonizing yards from the finish with Gurney at the wheel.

If Gurney had just sat there, his car would have taken second place because it had covered more miles than any other. But the determined young driver pushed it to the line and under the race rules disqualified himself.

Miles and Ruby smashed the Sebring speed record by averaging 98.631 miles an hour around the tortuous twists and turns of the hazardous course in their Ford XI roadster.

But Dan Gurney of Costa Mesa, Calif., and Jerry Grant of

As the dangerous race neared its end, a German Porsche racer collided with a Ferrari, hurtled through a fence and

slashed into a group of spectators, leaving four dead and four others injured.

Mario Andretti of Nazareth, Pa., at the wheel of the Ferrari, escaped injury. So did Don West-

er of Monterey, Calif., the driver of the ill-fated Porsche, but the mental shock of the experience put West in a hospital.

Earlier, a fiery crash off a hairpin turn brought instant death to the Canadian driving champion, Bob McLean.

McLean's powerful Ford GT40 racer, its gas tank ruptured by a collision that flattened a utility pole, exploded in the air and crashed like a fireball with McLean still in the cockpit.

## Cincinnati, St. Louis Take NBA Playoff Lead

Home, sweet home — not in the National Basketball Association playoffs.

"The home-court edge doesn't mean as much in the playoffs," Coach Jack McMahon said Sunday after his Cincinnati Royals beat the Celtics for the second straight time in Boston, 113-107, and took a 2-1 lead in the best-of-five Eastern Division semi-

final. Boston won its game 132-125 Saturday night at Cincinnati.

"I hope that's now a new jinx," center Zelmo Beaty of St. Louis said after the Hawks took a 2-0 lead over Baltimore Sunday in the Western Division semifinal by beating the Bullets for the second straight time in Baltimore, 105-100. The teams shift to St. Louis for the third game Wednesday night.

Robertson and Jerry Lucas paced Cincinnati with 27 points each, and Hairston added 21. Boston got 36 points from John Havlicek.

For a while, it looked like the Celtics might chalk one up for home-lovers as they took a 94-88 lead with seven minutes remaining.

But the Royals fought back to go ahead 105-101. Then after Sam Jones tied it on a pair of field goals, Happy Hairston came off the bench with 11 seconds left to make six free throws and Oscar Robertson added a pair to give Cincinnati the victory.

Robertson and Jerry Lucas paced Cincinnati with 27 points each, and Hairston added 21. Boston got 36 points from John Havlicek.

## Steers To Meet Lee On Tuesday

Big Spring High School Steers, now with a 5-7 record by reason of a couple of sharp reversals in the Andrews tournament, open conference play here Tuesday against highly respected Midland Lee. Game time is 4 p.m. at Steer Park.

The Steers play again here Friday against Odessa High. Bobby Griffin likely will go to the hill for the Steers against Lee. After an impressive start, Steer bats have suddenly cooled. Whether this is a temporary slump or a case of running into better pitching will get the acid test this week. A pair of wins could change minds about sixth place most coaches assign to Big Spring in the baseball race.

The Steers play again here Friday against Odessa High. Bobby Griffin likely will go to the hill for the Steers against Lee. After an impressive start, Steer bats have suddenly cooled. Whether this is a temporary slump or a case of running into better pitching will get the acid test this week. A pair of wins could change minds about sixth place most coaches assign to Big Spring in the baseball race.

Driver Safe As Sprint Car Flips

Carl Williams, Kansas City, Mo., escaped serious injury as his sprint race car flipped over during qualifying run for 30-lap feature race sponsored by U.S. Auto Club at Reading, Pa., Fairgrounds Sunday. Williams crawled unaided from under overturned car. He was treated at hospital for minor injuries. Race was won by Jud Larson, Speedway, Ind. (AP WIRE-PHOTO)

# Tresh Is No Problem, Begins Finding Range

By HAL BOCK  
Associated Press Sports Writer

With all his other anticipated troubles, New York Yankee Manager Johnny Keane wasn't exactly in the market for one more. So Tommy Tresh set his mind at ease.

Tresh was one of the few Yankees who got through 1965 intact — both physically and artistically. In the year the Yankees finished sixth, Tresh led the club in almost every offensive department from batting (.276) to home runs (26).

So, in what must be considered a rebuilding year, Tresh figured to be one of the few players about whom Keane wouldn't have to worry. Until Sunday though, the young outfielder had been causing some furrowed brows around the Yankees' Fort Lauderdale, Fla., training camp.

Tresh had been struggling along at a .182 pace with just three runs batted in in 12 games. He was retired in his first three swings against Cincinnati Sunday.

Then in the eighth inning, with New York trailing 2-1, Tresh whacked his first home run. That one came from the right side against lefty Bill Henry. An inning later, right-handed Dom Zanni was serving when Tresh, batting lefty, walloped his second homer, a grand slammer, giving New York a 6-2 lead. The Yankees went on to win 7-4 in 15 innings.

The Yankee game was one of

three that went extra innings. In the others, the New York Mets shaded Philadelphia 5-4 in 12 innings and California outlasted Cleveland 11-8 in 11 innings.

Elsewhere, the Chicago White Sox won their ninth straight, trimming Detroit 7-1, Pittsburgh edged Baltimore 4-3, Washington defeated Kansas City 5-1, St.

Louis downed Houston 4-3, Boston whipped Minnesota 5-1, the Chicago Cubs dropped San Francisco 4-3 and Atlanta defeated Los Angeles 4-2.

Choo Choo Coleman drove in the Mets' winning run with a single after Cleon Jones had walked and Ron Swoboda had singled. John Herrstein sent

the game into extra innings with a two-out homer in the ninth. Al Luplow homered for New York. Cleveland and California committed a total of nine errors between them with the Angels making six. Jose Cardenal delivered a pinch triple in California's four-run 11th that broke a 7-7 tie.

## WORLD SOCCER CUP

# Mongrel Dog Sniffs Out England's Missing Trophy

LONDON (AP) — A barge-man's mongrel dog named Pickles was the hero of the soccer world today after nosing out the stolen World Soccer Cup in a garden in South London.

"He'll eat caviar for a week," said Pickles' owner, David Corbett, 26.

"I was just taking Pickles for his Sunday evening walk," Corbett reported.

"We came out of the house into the garden and I was just about to put the lead on him when I noticed he was sniffing at something on the path.

"I looked down and saw a bundle. I picked it up and saw it was wrapped in newspaper.

"I tore the bottom off and saw a black base. I tore the top off

and saw gold and words 'Brazil 1962.'

"I took it back indoors to show my wife Jeannie. I couldn't believe it for a few moments. Then I got in the car and drove to the police station."

"This has saved our honor in the eyes of the world," said Joe Mears, chairman of the English Football Association.

The 18-inch-high gold cup, stolen from an exhibition hall near the Houses of Parliament on March 20, was undamaged. It had been brought to Britain by Brazil, the present holder, for the world soccer championship in July.

After the theft, rewards total-

ing \$17,080 were offered. A dock laborer, Walter Bletchley, 47, was arrested Saturday, and charged with stealing the cup.

Throughout the weekend scores of detectives and tracker dogs combed South London. Then Pickles beat the professionals.

## Porkers, Texas Lead Golf Race

By The Associated Press

Arkansas and Texas lead the Southwest Conference golf race with less than a fourth of the schedule completed but tennis hasn't started yet.

It will begin today, however, with Texas Christian and Southern Methodist clashing at Dallas.

Arkansas beat Texas A&M 5-1 in its first match of the season Saturday and took over first place in the golf standings.

Texas is second with a 4-3 record.

Only four matches are scheduled this week, all coming today.

# Sanders Wins Jacksonville, Sets Sights On Masters

JACKSONVILLE, Fla. (AP) — Winning \$13,500 first prizes in golf tournaments is pleasant, but there's bigger money to be made and Doug Sanders is after it.

His immediate goal is winning the Masters at Augusta April 7-10.

"I'm seriously going to try to win one of the four major tournaments this year," he said after pocketing first money in the \$52,000 Greater Jacksonville Open Sunday.

His manager, Mike McCormick of Cleveland — who also handles business for Arnold Palmer, Jack Nicklaus, Gary Player and a few other big name golfers — told Sanders he could make a great deal more from endorsements if he could win one of the big ones.

This year he won the Bob Hope Desert Classic before taking the Greater Jacksonville Open with a record 27. It beat the 285 mark set by Bert Weaver a year ago when the event was first played at the 6,900-yard par 72 Sevia Marina course — in wind and rain.

In addition to his two victories, Sanders might have had a third except for the new-famous incident of the unsigned scorecard at Pensacola three weeks ago, when Sanders was 14 under

par and four strokes ahead of Gary Brewer Jr., but was disqualified.

Sanders said he thought of that occasion as he walked down the 18th fairway Sunday toward the ball he had just knocked into a sand trap flanking the right side of the green.

Brewer had birdied the last two holes for 274. Sanders knew he needed a birdie to win.

His wedge shot from the trap

was 14 feet short of the hole, but he sank the putt and collected \$13,500 while Brewer had to settle for \$7,200.

Gary Player finished third with 277 for third and \$5,200. Tommy Bolt and Frank Beard tied for fourth at 278 and won \$4,200 each. Weaver was six strokes better than a year ago but his 279 was good only for sixth place — along with Tony Lema and \$3,250.

## 'FLIGHT OF THE CENTURY'

# Nobody Cares Much About Clay's Fight

TORONTO (AP) — The promoters are billing Tuesday's Cassius Clay-George Chuvalo bout as the "Flight of the Century," but to many it will be known as the "Flight of the Century."

A proposed Clay-Ernie Terrell match was run out of New York and Chicago and fluttered between Maine and the Dakotas before it finally found a home in Maple Leaf Gardens.

When Terrell pulled out because of changes in the contract and other complications, Chuvalo hastily was substituted.

The Ontario Boxing Commission, as a member of the World Boxing Association, refuses to recognize this 15-round match as a title fight. Terrell is the WBA champion, although Clay generally is recognized. Chuvalo ranks No. 10 with the WBA and No. 9 with Ring Magazine.

Chuvalo, a 28-year-old Toronto strongboy, has lost two of his last three bouts. Although he has never been knocked out in 47 fights, he dropped his last start Jan. 25 in London to Eduardo Coriatti and was beaten

by Terrell here in 15 rounds last Nov. 1 Coriatti, incidentally, was stopped in five rounds by Ray Patterson, Floyd's kid brother.

"I'm going to try to be the first to knock him out," Clay said Sunday. "I would feel I had accomplished something."

Nobody is giving Chuvalo a chance. They say he is a 7-1 underdog, but it could be 8 or 9 or even 10-1. Nobody seems to care.

## Ladies Tourney

The Ladies Golf Association will concentrate on five clubs Tuesday in its weekly event. Members will use only No. 4, 6, 8 irons, the driver and putter. Starting April 19, then again on April 26, May 3 and May 10, Jerry Green, club pro, will give free lessons to members.

# A NEW AND BETTER 5¢ CIGAR BECAME POSSIBLE!

**NEW BEN FRANKLIN PERFECTO BRINGS NEW LEVEL OF TASTE AND SATISFACTION TO THE FULL-SIZE FIVE-CENT CIGAR**

How? We're using an entirely new kind of wrapper . . . a processed wrapper made from fine, fully cured, natural tobacco leaf. We call this the "NOVA\*LEAF" wrapper. It gives BEN FRANKLIN a new uniformity of taste and mildness. And, because of new manufacturing techniques developed for its use, we are able to use COSTLIER TOBACCOES throughout the rest of the cigar. Result: You get the taste you'd expect only in higher priced cigars. Try one 5-pack . . . you'll make BEN FRANKLIN your steady smoker! Now available at your favorite cigar counter. 50 each, \$5 for 250.

ENJOY THE NEW **Ben Franklin**

# Thunderstorms Texas Outlook

By The Associated Press  
Scattered thunderstorms and cloudy skies were forecast over most portions of Texas today. Today's storms were to come on the heels of a thunderstorm Sunday which dumped nearly an inch of rain on the Austin area. High winds accompanied the Austin area storm and there was an unconfirmed report of a funnel cloud sighting near Abilene.

Thundershowers were reported in most of Central and North Central Texas early today and considerable fog and drizzle was reported in South Texas. Scattered thundershowers were reported early today over a broad area extending a line from Mineral Wells to Paris and a solid line of thundershowers 15 miles wide was reported from 20 miles southeast of Wichita Falls to 20 miles northwest of Paris. Winds gusted to 50 miles an hour south of Austin and a house trailer was reported blown over. Marble-sized hail accompanied the thundershowers south of Austin and Wichita Falls reported pea-sized hail. Rainfall at Austin was reported at .69 of an inch during a six-hour period. The weather bureau reported an unconfirmed report of a funnel cloud sighting near Abilene. Temperatures early today ranged from 40 at Dalhart, where skies were reported to be clear, to 69 at Brownsville, where fog was reported.

**Plane Takes Altitude Trip**

FORT WORTH (AP) — An F111A variable-sweep wing fighter plane, using its terrain-following radar system, has been flown from California to Texas at an altitude of 1,000 feet above the ground.

Two U. S. Air Force pilots aboard said the craft maintained an even 1,000 feet altitude over mountains and valleys, the sea level elevation of which varied from 500 feet to 10,000 feet.

The flight, made Friday and announced Sunday, was made from Edwards Air Force Base, Calif., to the General Dynamics plant at Fort Worth, a distance of 1,045 nautical miles. It took three hours.

Lt. Col. R. C. W. Bleasley and co-pilot Lt. Col. James W. Wood said about half the distance was flown in automatic mode, with the radar system maintaining the 1,000 feet clearance above ground without help from the crew.

**ANSWERS TO BRIDGE QUIZ**

Q. 1—As South, vulnerable, you hold:  
♠ J ♣ K J 9 3 ♦ K J 7 6 ♣ J 9 7 6  
The bidding has proceeded:  
North East South  
1 NT 2 ♣ ?  
What action do you take?  
A.—The recommended bid is three spades. You have sufficient high-card strength to justify contracting for game in no trump. In other words, 10 points. But it is possible that the hand might play better at a heart contract. Your problem, therefore, is to determine whether North, your partner, has four hearts. Obviously the two club-convention is no longer available to you. So, the manner of circumventing this obstacle is by making an imaginary one bid in spades. If partner has four hearts, he should bid that suit. If not, he should go on to three no trumps.

Q. 2—East-West vulnerable, as South you hold:  
♠ 10 2 ♠ 8 6 4 3 ♦ A 8 5 2 ♠ 9 4 3  
The bidding has proceeded:  
North East South West  
1 ♠ Pass Pass 1 ♠  
Dbl. Pass ?  
What do you bid now?  
A.—When partner makes a take-out double, after you have passed him out, it is a drastic step. You should, therefore, bid one more heart than is necessary; that is, three hearts. This cannot be misinterpreted by partner, who knows that you cannot have six points.

Q. 3—Neither vulnerable, as South you hold:  
♠ K Q J 7 5 ♠ A K 7 ♦ 9 7 5 ♠ A  
The bidding has proceeded:  
South West North East  
1 ♠ Pass 1 NT Pass ?  
What do you bid now?  
A.—Four spades. You rely on winning eight tricks in your own hand.

Q. 4—Both vulnerable, as South you hold:  
♠ A 2 ♣ Q 5 3 ♦ K Q 10 7 6 2 ♠ K 3  
The bidding has proceeded:  
South West North East  
1 ♠ Pass Pass 1 ♠  
?  
What do you bid now?  
A.—Pass. With a partner who has denied a holding of six points, little is to be gained by competing and there is a distinct risk in bidding even for eight tricks.

Q. 5—As South, vulnerable, you hold:  
♠ K J 5 ♦ 10 8 4 3 ♠ A K 9 7 3 ♠ 6  
The bidding has proceeded:  
South West North East  
1 ♠ Pass 2 ♣ Pass 2 ♠ Pass 3 ♠ Pass ?  
What do you bid now?  
A.—Pass. Your hand is a rock-bottom minimum and, if this is all your partner needs to produce a game, he should have made a bid which was forcing, not merely one which was invitational.

Q. 6—Neither vulnerable, as South you hold:  
♠ A 6 2 ♠ 9 2 ♦ A Q 8 4 ♠ K Q 8 5  
The bidding has proceeded:  
South West North East  
1 ♠ ? 1 ♠ 3 ♠ 3 ♠  
?  
What do you bid now?  
A.—There may be a very good chance for a no trump game if partner happens to have a heart stopper. The practical way to probe for this feature is by a bid of three spades, showing control of this suit. If partner tries three no trump, you may relax. If he fails to do so, you will then go on and contract for a game in diamonds.

Q. 7—Both vulnerable, and as South, you hold:  
♠ A J 7 5 ♦ A J 8 5 4 3 2 ♠ Q 9 5  
The bidding has proceeded:  
North East South  
1 ♠ 3 ♠ ?  
What do you bid?  
A.—If you try four diamonds, you may miss the opportunity to play for a nine trick game. If partner has good enough diamonds, you should be safe enough at three no trump, which bid we would risk. If it should be greeted with a re-sounding double, the option still remains to run to four diamonds.

Q. 8—You are South, vulnerable, and you hold:  
♠ Q J 3 ♣ Q 8 5 3 ♦ K ♠ K J 10 4 2  
The bidding has proceeded:  
East South West North  
1 ♠ Pass Pass 2 ♠  
2 ♠ ?  
What do you bid now?  
A.—There is no action that you can take at this point with reasonable safety. Remember that partner's bid of two diamonds did not advertise any great amount of strength. If partner held a strong hand, he would double in preference to reopening the bidding with two diamonds. It is incorrect, therefore, to pass and let nature take its course.

**Stork Holds Up Wedding**

HOLLYWOOD (AP) — The stork delayed a celebrity wedding Sunday, but not for long.

Two hours before Robert Goulet was due at the wedding of Glenn Ford, 49, and Kathryn Hays, 31, his wife, Carol Lawrence, gave birth to an 8-pound, 5-ounce boy.

Goulet stayed at St. Vincent's Hospital long enough to make sure all was well, then dashed off to Westwood Community Methodist Church.

He sang "The Lord's Prayer" and "How Do I Love Thee," then returned to the hospital.

Ford's best man was his son, Peter, 21. Peter's mother is dancer Eleanor Powell, whom Ford married in 1943. They were divorced in 1959.

Miss Hays, a television actress, is the daughter of Arnold R. Gottlieb of Joliet, Ill.

**Copter Crash Kills All 3**

PADERBORN, Germany (AP)—All three crewmen were killed in the crash of an American Army helicopter near Paderborn Friday, an Army spokesman announced today.

The Army identified the victims as: 1st Lt. Gerald V. Belcher, the pilot, son of Clifford C. Belcher, 704 S. 3rd St., Evansville, Ind.; CWO Joe W. Boyd, copilot, whose mother, Mrs. Monetta Stacy, lives at 205 Elaine Drive, Kennett, Mo., and Spec. 5 Jerry F. David, crew chief, whose mother, Mrs. Flora Whitehead David, lives at 1311 20th St., Nederland, Tex.

The CH-47 helicopter was attached to the 11th Transportation Company, 7th Army Support Command. It was taking part in an integrated allied training exercise when the crash occurred.

The cause of the crash is under investigation, the Army said.

**Bank Burglary Interrupted, But \$25,000 Taken**

MIAMI, Fla. (AP) — A bank president interrupted a mid-day burglary when he dropped by his office Sunday to do some weekend desk work, but the loss may reach \$25,000.

The banker, Frank Braunstein, 53, was handcuffed, forced into a rest room at gunpoint and left on the floor.

His son Ted, 18, called police when he went to the bank, the Second National of North Miami, to pick up his father. He called officers when he failed to get a reply after knocking at the bank door.

The younger Braunstein, a student home on vacation from Emory University in Atlanta, Ga., had driven his father to the bank at 11:30 a.m. He returned at 3 p.m.

**Mrs. Wagner Out Of N.Y. Hospital**

NEW YORK (AP)—Mrs. Robert F. Wagner, wife of the former mayor, was discharged Sunday from Lenox Hill Hospital, ending a two-week stay for removal of a benign tumor.

"I feel wonderful," Mrs. Wagner said.
