Brezhnev Keeps Red Party Post

MOSCOW (AP) — Leonid I. Brezhnev was re-elected unanimously today to head the Soviet Communist party as the party ended an 11-day congress which brought little change in policies or leadership.

Brezhnev announced to the closing Kremlin session of the party's 23rd congress that he had been chosen party general secretary, the most important job in the Soviet Union.

CHANGES TITLE

The congress changed the title from first secretary, which Brezhnev had been since the ouster of Nikita S. Khrushchev in October 1964. General secretary was Stalin's title.

The party's two key groups,

Cotton Curb Fights Surplus

WASHINGTON (AP) — Agriculture Department officials predicted today that this year's cotton acreage will be cut to the lowest level since the 1870s under a program designed to reduce a record surplus.

The department said indications are that planting for this year's crop will be no more than 10.3 million acres, compared with 14.2 million last year.

Youth Award Deadline Near

If you want to honor a boy or girl with a nomination for the Zale-Herald Youth Achievement Award, get your ballot in the mail immediately. Those received after Monday will not be considered, since Monday is the deadline.

A large trophy, an engraved watch, and due public recognition will go to a young person of the junior or senior class level in any of the three county high schools who is adjudged to be the outstanding leader in various volunteer activities. Purpose of the award program is to pay tribute to those young people who give of their time and talent in religious, civic, school and community betterment.

A great many nominations have been received and many young people have been nominated several times. Newest ones on the list are Cynthia Condron of Forsan and Burr Lea Settles Jr. of Big Spring. A nomination within itself is an honor, because it recognizes a youth's contributions to good citizenship. If you want to have a part in the program, use the official ballot on Page 2-A of today's Herald. It may be supplemented by a letter.

Party Unification Urged By Carr In Senate Race

We want no complacency in the No. 1 contest," he said. "But at this time, it means that the area of West Texas is past the stage of seeking leadership elsewhere. Leadership is here, now, and at home."

Carr, a native of Lubbock, urged all voters to attend precinct conventions for the primary May 7.

The attorney general commented on the improvements in Big Spring since his last visit here as a speaker for various civic affairs. He cited the Howard County Airport, the new bank buildings, and the new highway dispersal system as "real steps toward progress and beautification" in Big Spring.

Old Friends And New

Mrs. Lloyd Wasson, left, and Obie Bristow, center, greet Attorney General and Mrs. Waggoner Carr at a reception in Carr's honor Thursday afternoon in the First Federal Community Room. Bristow and Carr served together in the state House of Representatives at one time. (Photo by Frank Brandon)

Soviet Red Meet Rebuffs Red China

By The Associated Press The Soviet Communist party's 23rd congress now ending in effect has delivered a stinging rebuff to Red China by rejecting use of the threat of total war as an instrument of world Communist policy. The net result of the congress will be to deepen the chasm between Moscow and Peking.

This congress has been a sober meeting, markedly different from those of the past in the absence of dire threats and ominous rocket-rattling.

The Kremlin leaders, evidently taking a sharp look at their internal and external problems, scaled down Nikita S. Khrushchev's economic boasts and muted the strident bellicosity which the former Soviet chief used as a tool of foreign policy.

SOVIET PRESSURE

Under Khrushchev, the 22nd congress in 1961 carried on its business in the thundering accompaniment of new nuclear bomb tests and Soviet pressure on West Berlin. Khrushchev constantly implied Soviet superiority in modern weapons of destruction.

Much of what Khrushchev said was turned out to be bluff, as the West later discovered in show-downs over Berlin and Cuba. The result was to lessen the non-Communist world's belief in Soviet military potential.

At this congress, remarks about Soviet military might and prospects were perhaps purposely vague. The impression left by leaders was that they would be wary of creating new and dangerous tensions, for all their talk of support for the Communists in Viet Nam against the United States.

MODEST GOALS

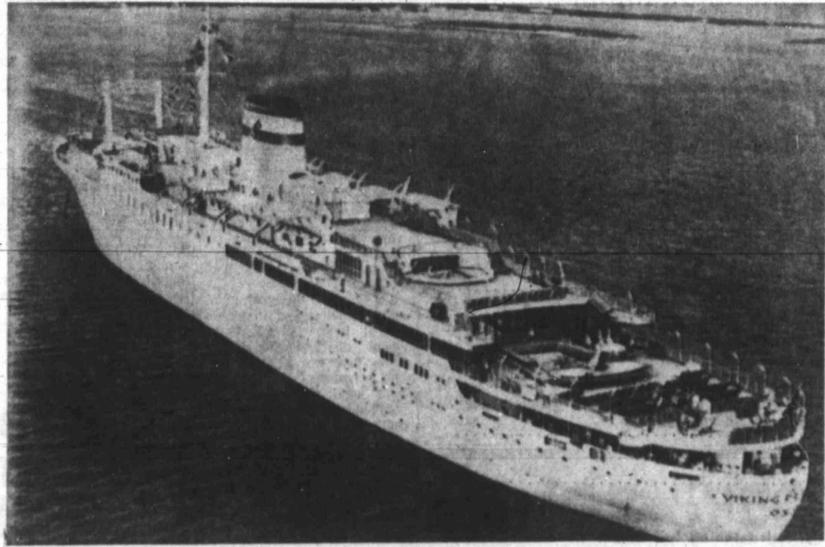

Report - speeches of Premier Alexei N. Kosygin and others indicated a conviction that the Soviet Union would have much to keep it occupied in the next five years even to achieve relatively modest economic goals and give the consumer more goods.

The pace will be much slower than Khrushchev had predicted.

BULLETIN

SAN ANTONIO (AP) — President Johnson said today he will ask Congress next year to increase all Social Security benefits and to consider extending some Medicare-type benefits to the very young.

Total Of 469 Saved As Plush Ship Burns

Cruise Ship Swept By Fire With Total Rescued At 469

This is the cruise ship Viking Princess which today was aftre off eastern Cuba, with 469 of the 485 aboard reported rescued. The Liberian tanker Navigator and a Nationalist Chinese freighter, Chunking Victory, played key roles in the rescues of passengers and crewmen. (AP WIREPHOTO)

One Reported Dead, Fifteen Still Missing

MIAMI, Fla. (AP) — The Coast Guard said 469 passengers and crew members were rescued today from the cruise ship Viking Princess after it was swept by fire off the eastern tip of Cuba. The ship carried a total of 485 persons.

One person was reported dead, 15 unaccounted for.

The Coast Guard said the German freighter Cap Nord had picked up 376 survivors and one body. The Liberian tanker Navigator had 80 survivors and the Chunking Victory, a Nationalist Chinese freighter, 13.

Among the survivors were the cruise ship's captain, chief navigator and chief officer, the Coast Guard said.

"All are in good shape," a Coast Guard spokesman said. "We have not been able to determine whether there are any more casualties."

FIERY SCENE

"Flames are engulfing the superstructure."

At Norfolk, Va., U.S. Atlantic Fleet headquarters said the gleaming white Viking Princess carried 235 passengers and 260 crew members.

It was under the command of Capt. Otto Thoresen, a veteran of 30 years at sea.

SHIPS EN ROUTE

Two U.S. Navy destroyers, the Wilkinson and Owens, were reported on the scene by Atlantic Fleet Headquarters at Norfolk, Va. Three other ships were en route.

Fire struck the 538-foot motor ship as it was sailing north through the Windward Passage, about midway between Cuba and Haiti.

"The only ship we have talked to is the Cap Nord," a Coast Guard spokesman said in Miami. "The only message we received was 'Fire in the engine room. All stations stand by.'"

PLUSH VESSEL

The Viking Princess boasted 100 per cent air conditioning, two outdoor tiled swimming pools, a 275-seat theater, and plush dining facilities.

It has a total of 228 cabins of five decks providing accommodations for a possible 627 passengers. Each cabin has a private bath.

The 16-year-old ship has a displacement of 17,600 tons, a length of 536 feet and a 64-foot beam. Its twin screws are driven by diesel engines.

It was less than five months ago—on Nov. 13, 1965—that the 38-year-old cruise ship Yarmouth Castle burned and sank between Miami and Nassau with a loss of 90 lives, mostly passengers.

370 SAVED

Rescue ships saved 370 persons from that disaster, which set off a lengthy Coast Guard probe and congressional hearings on the safety of cruise ships sailing from U.S. ports.

The Coast Guard investigation concluded that the captain of the Yarmouth Castle, which flew the Panamanian flag, was negligent and failed to cope with the fire.

Stanton To Vote On Pool

STANTON — Martin County voters will decide Saturday whether \$50,000 in bonds will be issued to finance a county swimming pool.

Polls will open at 8 a.m. and close at 7 p.m., and those who possess poll receipts, registration or exemption certificates, and who have rendered property for taxes are entitled to vote.

The campaign for the pool has been spearheaded by a number of young people and their parents who have cited recreational values, the provision of a creative activity for youth, and a medium for teaching water safety. With the hospital fund tax expiring in 1970, proponents contend that no tax increase will be necessary to retire the issue.

Centaur Fizzle May Be Space Setback For U. S.

CAPE KENNEDY, Fla. (AP) — Space agency officials combed through bundles of data today in search of why a Centaur rocket failed to properly ignite a second time Thursday night, causing a possible setback in the U.S. man-in-space program.

The failure showed that U.S. scientists have not yet proved they can tame liquid hydrogen fuel in space — a concept which this nation must realize before it can commit astronauts to go to the moon, send heavy payloads to the planets or soft-land instruments on the moon the year around.

As engineers wrestled with the problem, the National Aeronautics and Space Administration went ahead with plans today to launch an Orbiting Astronomical Observatory this afternoon. The shot has been postponed five times.

THUNDERS ALOFT

After a flawless countdown the problem-plagued Centaur — already more than three years behind schedule — thundered aloft from Cape Kennedy Thursday night.

An Atlas booster successfully propelled the hydrogen-fueled Centaur upper stage 88 miles above the earth, where the Centaur's two engines burned for 325 seconds and placed it and a dummy surveyor soft-lander moonship into a planned 100-mile-high parking orbit around the earth.

After a 25-minute coasting period in this orbit, Centaur was to have ignited a second time, burn 107 seconds and hurl the dummy spacecraft to a make-believe moon 236,000 miles from earth.

ONE IDLE

Instead, NASA said, apparently only one of Centaur's two 15,000-pound-thrust engines ignited. It only burned 17 seconds and kicked both the surveyor model and the Centaur into an oval-shaped orbit of 101 to 156 miles.

Officials intend first to look at data concerning the start of the second burn — such as whether or not engine pressure was adequate or the fuel was properly settled.

When U.S. astronauts fly to the moon, a much larger liquid-hydrogen rocket stage must coast from one to three orbits around the earth as the third stage of the Saturn 5 moon rocket.

QUIRKS EXIST

This booster will have to restart — as Centaur was scheduled to do — and hurl the astronauts toward the moon. Scientists must master the quirks of liquid hydrogen, however, before officials will send men on the moon mission.

The next unmanned launch of a Saturn 1B rocket from Cape Kennedy will carry a liquid-hydrogen stage into orbit about

July 18 in another test of the concept.

A 1,730-pound Surveyor is scheduled to rocket aloft May 29 in an attempt to soft-land on the moon and relay pictures of the lunar surface to earth with only one burn of a Centaur rocket.

Since the first Centaur ignition was apparently successful Thursday night, NASA officials said they have no plans to delay the first Surveyor attempt.

With only a single-burn capability, however, missilemen could not launch a Surveyor to the moon during the winter months and probes toward certain planets would be ruled out altogether for years at a time because of the position of that planet in relation to launch pads on earth.

The next two-burn Centaur shot is scheduled for November.

Jonash said there was little chance the schedule would be altered.

A major problem is keeping liquid hydrogen settled in the combustion chamber for proper reignition during the weightless coast period.

Project officials planned to achieve this Thursday by periodic firings of tiny rockets attached to the 46-foot-long Centaur.

Buddhist Monks Lead 2,000 Viet Nam Rioters In Attack

SAIGON (AP) — Buddhist monks led 2,000 demonstrators into the heart of Saigon tonight in the worst day of anti-American violence in seven days of rioting.

A dozen Americans were beaten, manhandled or chased by the mob.

As the column of jeering, banner-waving youths surged downtown from the Buddhist Institute in the southwestern part of the capital, fully armed government paratroopers backed away. But riot police eventually waded into the mob, lobbing tear gas grenades and scattering the demonstrators in side streets.

FORM KNOTS

There, the angry youths formed knots again, and there was every indication of another night-long rampage to force the overthrow of military government.

The demonstrators looted a home occupied by several American servicemen opposite the Buddhist Institute. They tore up furniture and drove six U.S. servicemen into the streets where they were manhandled.

Vietnamese paratroopers who arrived at the scene laughed and joked with the demonstrators as the U.S. soldiers made their way through the crowd carrying a few personal belongings.

U.S. military police jeeps stationed nearby drove them to safety.

ASSAULT AMERICANS

A short time before, a mob of

Coahoma Plans Sunrise Service

COAHOMA (SC) — Coahoma will have its own sunrise Easter service at 6:30 a.m. Sunday in the Coahoma City Park. The Rev. Roy Copeland, First Methodist minister, will deliver the Easter message, and Louis Loveless will lead the singing.

EASTER SUNDAY Many Are Expected For Sunrise Worship Service

Christendom's great day of triumph—Easter—will be observed by the faithful Sunday, and Big Spring's sunrise service is expected to draw one of the larger crowds it has ever attracted through the years.

This community-wide service, sponsored by the Big Spring Pastors Association, will be in the City Park Amphitheatre, and is to begin as the sun comes over the horizon at 6:07 a.m.

In event the weather is too severe for outdoor services, the program will be moved to the nearby new First Baptist Church.

The worship this year encompasses more public participation, several special numbers, and will be presented from an attractively-decorated stage.

Principal speaker will be Dr. John S. Rasco, pastor of the First Baptist Church in Odessa.

The High School Band and the combined choirs of the High School and Howard County Junior College all will have important roles, the instrumental group accompanying for hymns, and the choirs singing a special anthem.

A special reading of Scriptures will be given by Dr. M. W. Talbot Jr. and Jack Meeker. Various ministers of the city will offer prayers.

The program has been organized through the leadership of Dr. R. Gage Lloyd, Ted James, and the Rev. Byron Orand, with the assistance of a number of laymen. All are joining in an urgent invitation for mass attendance.

Easter finery is fine, but be prepared to put a wrap around it for the sunrise services.

Regardless of what the weatherman may say, it can be pretty crisp even on a spring morning at the amphitheatre. So carry a cloak or wrap with you — and also a cushion, blanket or newspaper to protect you from the cold the stone seats have absorbed during the evening. Thus, in any event, you will not be distracted from worship by discomfort.

CONFLICT GROWS

School Bias Guidelines Seen Heading For Court

WASHINGTON (AP) — A Connecticut Yankee and angry Southerner are on a collision course considered likely to end in big court battles over many millions of dollars for education in Dixie.

At issue are the new guidelines laid down by the commissioner of education, Harold Howe II, in an effort to speed up desegregation of Southern schools.

BE COLORBLIND
Howe's office of education denies this. It says it is merely carrying out the mandate of the Civil Rights Act of 1964 that school authorities must be color-blind.

Howe took over the commissioner's job in January. He is a native of Hartford, Conn., graduate of Yale, a professional educator and, until January, was head of the recently established learning institute at Chapel Hill, N.C.

On March 7 he promulgated guidelines designed to withhold federal funds unless Southern school districts make much more progress in wiping out dual systems of the kind which were legal until the Supreme Court desegregation decision 12 years ago.

TEACHING STAFFS
The guidelines, applicable to the 1966-67 school year, require, among other things, "significant" new progress in desegregating teaching staffs. This is a point which has aroused particular controversy in the South.

As for the pupils, the guidelines do not lay down a flat rule

up a freedom of choice plan but all or most Negroes continued to go to one school, and all or most whites to another.

The reply was that, in any review, each case would be judged on its merits. Perhaps, he suggested, the question might be raised whether there was discrimination in assigning teachers, and whether there were significant moves to end such discrimination.

The U.S. Commission on Civil Rights says that under Title VI of the 1964 act every federal agency which provides financial

assistance — through grants, loans or contracts — is required to eliminate discrimination on the grounds of race, color or national origin in these programs.

TITLE IV
But Title IV states that as used in this title, desegregation shall not mean the assignment

of students to public schools in order to overcome racial imbalance."

Pointing to this language, Sen. James C. Eastland, D-Miss., called the guidelines illegal. He asked President Johnson to remove Commissioner Howe — something which Johnson shows no sign of doing.

Rigged Ballot Charge Made By Candidate

By The Associated Press
Amplified charges that ballots for the May 7 primaries have been "rigged to facilitate block voting" by Democrats in South Texas came Thursday from State Rep. Paul Haring. He made the allegation while campaigning for railroad commissioner against incumbent Byron Tunnell. Meanwhile another railroad union endorsed Gov. John Connally for re-election, Connally's opponent blamed the governor for a lack of highway patrolmen and prison guards, and fresh volleys of tart words flew among three rivals for attorney general.

SOUTH TEXAS
Haring made public a letter to Connally and Atty. Gen. Waggoner Carr stating his investigation indicated eight of 10 South Texas counties did not hold drawings to determine the order of names on the ballots, as required by law. In this connection Haring had asserted earlier that the procedure was to give the coveted top spot in most statewide races to Connally and candidates aligned with him, including Tunnell.

"All it is necessary to do now," Haring wrote the governor and attorney general, "is to have illiterate people scratch every name on the ballot except the first name." Tunnell switched from West to East Texas to slump the Kilgore and Longview areas Thursday. He reiterated that a healthy oil industry is vital both to national security and the state's economy.

SUPPORTS CONNALLY
Support of Connally for another term was voiced by the state legislative committee of the Order of Railway Conductors and Brakemen, which said his record demonstrates he is best qualified. The Brotherhood of Locomotive Engineers endorsed him previously.

Connally and his family left Austin to spend a long Easter weekend at their ranch near Floresville.

Stanley Woods, the Houston oil man opposing Connally in the Democratic primary, is running with the endorsement of the Texas AFL-CIO's Committee on Political Education.

In Austin to open his state headquarters, Woods said Texas can't hire enough highway patrolmen and prison guards "because the wages Connally pays are too low—it's as simple as that."

State Sen. Galloway Calhoun,

State Sen. Franklin Spears and Yarbrough-inspired plot to take over control of not only the Democratic party of Texas but also the state government." Calhoun went on, "there will be a liberal-labor candidate who has the backing of the AFL-CIO... who is part of this Ralph

Calhoun, in a speech at Marlin, labeled Spears "the aggressive liberal-labor candidate who has the backing of the AFL-CIO... who is part of this Ralph

Big Spring (Texas) Herald, Friday, April 8, 1966 3-A
Muleshoe that the suit to which Martin referred "was filed against him as secretary of state, the governor, the Republican and Democratic executive committees and other state and local county officials in their election capacities alone from the suit if elected."

Ransom High For Kidnaper

MIAMI, Fla. (AP)—The kidnaper of Daniel Goldman could now collect \$45,000 for the boy's safe return. The youth's parents, Mr. and

Mrs. Aaron Goldman, say they have the \$25,000 ransom money ready, friends have raised \$15,000 and the Miami Herald has offered \$5,000 for his safe return.

Goldman, 18, was kidnapped from his parents' home in the exclusive suburb of Surfside March 28. Police say the kidnaper has failed to make contact with the family.

HYPEROPIA...

commonly called farsightedness, is characterized by a person's inability to see clearly without eyestrain at any distance — near or far. It may be caused by the eye being too short, or by the inability of the eyes to focus properly. Hyperopia, if present, is diagnosed in a professional eye examination by a TSO Doctor of Optometry, and vision is corrected by properly prescribed and fitted glasses or contact lenses. Also, at TSO, the eyes are examined internally for evidence of disease or defect such as glaucoma or cataract. The fee for TSO eye care, including the examination, finest quality single vision lenses, and frame, is as low as \$15.00. With finest quality bifocal lenses, the fee is as low as \$18.00. Single vision contact lenses, including the examination and fittings, are just \$70. Bifocal contact lenses are also available at reasonable cost. If desired, there is a convenient credit plan at no additional cost.

School Bias Guidelines Seen Heading For Court

WASHINGTON (AP) — A applicable in all communities, but outline what would "normally be expected" in complying with the law.

Thus, if 8 or 9 per cent of students transferred from segregated schools under "free choice" plans this school year, then the total of the transferred should be at least twice as large next year.

"If no students transferred from segregated schools under a free choice plan for the 1965-66 school year, then a very substantial start would normally be expected," to enable such a school system to catch up with systems which started earlier.

THEORETICAL CASE

An official was asked what would happen in a theoretical case where a school district set

up a freedom of choice plan but all or most Negroes continued to go to one school, and all or most whites to another.

The reply was that in any review, each case would be judged on its merits. Perhaps, he suggested, the question might be raised whether there was discrimination in assigning teachers, and whether there were significant moves to end such discrimination.

The U.S. Commission on Civil Rights says that under Title VI of the 1964 act every federal agency which provides financial

assistance — through grants, loans or contracts — is required to eliminate discrimination on the grounds of race, color or national origin in these programs.

TITLE IV

But Title IV states that as used in this title, desegregation shall not mean the assignment of students to public schools in order to overcome racial imbalance.

Pointing to this language, Sen. James C. Eastland, D-Miss., called the guidelines illegal. He asked President Johnson to remove Commissioner Howe — something which Johnson shows no sign of doing.

BE COLORBLIND

Howe's office of education denies this. It says it is merely carrying out the mandate of the Civil Rights Act of 1964 that school authorities must be colorblind.

Howe took over the commissioner's job in January. He is a native of Hartford, Conn., graduate of Yale, a professional educator and, until January, was head of the recently established learning institute at Chapel Hill, N.C.

On March 7 he promulgated guidelines designed to withhold federal funds unless Southern school districts make much more progress in wiping out dual systems of the kind which were legal until the Supreme Court desegregation decision 12 years ago.

TEACHING STAFFS

The guidelines, applicable to the 1966-67 school year, require, among other things, "significant" new progress in desegregating teaching staffs. This is a point which has aroused particular controversy in the South.

As for the pupils, the guidelines do not lay down a flat rule

Hear Talks

STANTON (SC) — Brenda Dyson and Mike Springer repeated the talks that won them a trip June 2-14 to Washington, D. C. (in the Cap Rock Electric Co-Op contest), at the Rotary Club meeting this week. Judge Jim McCoy was introduced as a new member, and Dr. Preston Harrison, Big Spring, was a visitor.

Puzzle of Thursday, April 7, Solved

Rigged Ballot Charge Made By Candidate

By The Associated Press

Amplified charges that ballots for the May 7 primaries have been "rigged to facilitate block voting" by Democrats in South Texas came Thursday from State Rep. Paul Haring.

He made the allegation while campaigning for railroad commissioner against incumbent Byron Tunnell.

Meanwhile another railroad union endorsed Gov. John Connally for re-election. Connally's opponent blamed the governor for a lack of highway patrolmen and prison guards, and fresh volleys of tart words flew among three rivals for attorney general.

SOUTH TEXAS

Haring made public a letter to Connally and Atty. Gen. Waggoner Carr stating his investigation indicated eight of 10 South Texas counties did not hold drawings to determine the order of names on the ballots, as required by law.

In this connection Haring had asserted earlier that the procedure was to give the coveted top spot in most statewide races to Connally, and candidates aligned with him, including Tunnell.

"All it is necessary to do now," Haring wrote the governor and attorney general, "is to have illiterate people scratch every name on the ballot except the first name."

Tunnell switched from West to East Texas to stump the Kilgore and Longview areas Thursday. He reiterated that a healthy oil industry is vital both to national security and the state's economy.

SUPPORTS CONNALLY

Support of Connally for another term was voiced by the state legislative committee of the Order of Railway Conductors and Brakemen, which said his record demonstrates he is best qualified. The Brotherhood of Locomotive Engineers endorsed him previously.

Connally and his family left Austin to spend a long Easter weekend at their ranch near Floresville.

Stanley Woods, the Houston oil man opposing Connally in the Democratic primary, is running with the endorsement of the Texas AFL-CIO's Committee on Political Education.

In Austin to open his state headquarters, Woods said Texas can't hire enough highway patrolmen and prison guards "because the wages Connally pays are too low—it's as simple as that."

State Sen. Galloway Calhoun,

State Sen. Franklin Spears and former Secretary of State Crawford Martin kept their sharp battle for the attorney general's nomination going full tilt.

Calhoun, in a speech at Maglin, labelled Spears "the aggressive liberal-labor candidate who has the backing of the AFL-CIO... who is part of this Ralph

Yarborough-inspired plot to take over control of not only the Democratic party of Texas but also the state government."

If Spears should be elected, Calhoun went on, "there will be gunshoeing federal people all over Texas interfering with our affairs and operating without a sheep or a protest from the attorney general's office."

Martin said several days ago that election of Spears would put him in the position of both suing the state, as one of the plaintiffs in a lawsuit over legislative redistricting which is still on appeal, and of being the state's chief legal defender.

In reply Spears said Thursday

Big Spring (Texas) Herald, Friday, April 8, 1966 3-A

at Muleshoe that the suit to which Martin referred "was filed against him as secretary of state, the governor, the Republican and Democratic executive committees and other state and local county officials in their election capacities alone from the suit if elected."

—and not against the state of Texas. "The lack of legal knowledge exhibited by the former secretary of state does not surprise me," Spears added, repeating that he expected to withdraw from the suit if elected.

Ransom High For Kidnaper

MIAMI, Fla. (AP)—The kidnaper of Daniel Goldman could now collect \$45,000 for the boy's safe return.

The youth's parents, Mr. and

Mrs. Aaron Goldman, say they have the \$25,000 ransom money ready, friends have raised \$15,000 and the Miami Herald has offered \$5,000 for his safe return.

Goldman, 18, was kidnaped from his parents' home in the exclusive suburb of Surside March 28.

Police say the kidnaper has failed to make contact with the family.

HYPEROPIA...

commonly called farsightedness, is characterized by a person's inability to see clearly without eyestrain at any distance — near or far. It may be caused by the eye being too short, or by the inability of the eyes to focus properly. Hyperopia, if present, is diagnosed in a professional eye examination by a TSO Doctor of Optometry, and vision is corrected by properly prescribed and fitted glasses or contact lenses.

Also, at TSO, the eyes are examined internally for evidence of disease or defect such as glaucoma or cataract. The fee for TSO eye care, including the examination, finest quality single vision lenses, and frame, is as low as \$15.00. With finest quality bifocal lenses, the fee is as low as \$18.00. Single vision contact lenses, including the examination and fittings, are just \$70. Bifocal contact lenses are also available at reasonable cost. If desired, there is a convenient credit plan at no additional cost.

Directed by Dr. S. J. Rogers, Dr. N. Jay Rogers, Optometrists

Mrs. C. Angel Gives Review

Mrs. Clyde Angel was guest speaker at the Thursday luncheon meeting of the Officers Wives Club of Webb AFB. The members met at the Officers Open Mess, and the luncheon theme was "Books and Bunnies." Mrs. Timothy Thomas presided.

Mrs. Angel reviewed the book "40 Odd," by Mary Bard. The book, written in first person described the trials and triumphs of a woman's 40th year. Mrs. Angel narrated the author's words of: "I welcomed my 40th birthday with the same enthusiasm that Marie Antoinette welcomed the guillotine."

Mrs. Angel then described some typical experiences encountered by a 40-year-old woman and ended by explaining that the years before 40 are spent in developing; after 40, one has the experience and humor to appreciate life.

Carrying out the Easter theme, the stage was decorated in a spring garden motif using a tree made of carnations and an illuminated balloon rabbit against a background of a large ornate screen.

The centerpiece of the main table was an arrangement of books flanked by baskets of multi-colored daisies surrounded by pipe stem rabbits.

The DCM wives, with Mrs. George Franks as chairman, sponsored the luncheon. In charge of decorations were Mrs. G. A. Phillips, Mrs. B. W. Burrows, Mrs. R. S. Merdian, Mrs. B. J. Hawthorne and Mrs. J. E. Swigart.

Mrs. G. H. Perron read a resume of each officer candidate's qualifications and Mrs. Clara Hascall introduced the guests. Guests were Mrs. Pat Frederick, Peoria, Ill.; Miss Mary Jo Stockton, New Carlisle, Ind.; Miss Nan Van Scope, Desker, Ohio; Miss Marie Medice, Yonkers, N. Y.; Miss Pat Manning, Fresno, Calif.; Miss Dorsey Castillo, Grand Forks, N. D.; Miss Janell Lloyd, Dayton, Ohio; Miss Candy Jacobs, Youngstown, Ohio; and Miss Kathy Cahall, Sacramento, Calif.

Big Spring guests were Mrs. R. J. Ream, Mrs. R. L. Beale, Mrs. D. D. Van Meter, Mrs. Ann Houser, Mrs. Larson Lloyd and Mrs. Edwina Armstrong.

Farewells were said to Mrs. W. F. Wessen whose husband is accepting a position with a commercial airline.

Welcomes were extended to the wives of the 67-F Student Squadron. They are Mrs. V. H. Bouquet Jr., Mrs. P. D. Ashworth, Mrs. N. A. Nessa, Mrs. J. G. Wilcox, Mrs. Jane Bardzal, Mrs. E. A. McNulty, Mrs. C. S. Sanders, Mrs. W. H. Ward, Mrs. L. C. Baczal, Mrs. L. S. Schroeder, Mrs. J. L. Lotterbos, Mrs. C. W. Dahlberg, Mrs. F. T. Brundrett, Mrs. J. K. Webster, Mrs. L. W. Grant, Mrs. D. E. Brubaker, Mrs. R. M. Rinehart, Mrs. H. P. Sims, Mrs. J. K. Bray.

Welcomes were also extended to Mrs. L. A. Rodway, Mrs. R. C. Blume and Mrs. C. C. Underwood.

Mrs. Thomas reminded members that the May 5 luncheon will be a closed session for the purpose of electing officers, and that the decorative screen would be donated to the dayroom at the Webb AFB Nursery and the flowers would go to the patients at the state hospital.

Party Given For Mrs. A. Barton

FORSAN (SC) — A surprise party for Mr. and Mrs. A. D. Barton was held Monday afternoon at the Barton home by the 16 seniors at the high school. The school annual, which was dedicated to Mrs. Barton, was presented to her. She has attended all school games and sponsored the girls' athletic teams for several years. A large white cake, decorated in the school colors, was appropriately inscribed. Eleven annual staff members and several teachers attended.

Party Hosted By Cliff Fergusons

FORSAN (SC) — Mr. and Mrs. Cliff Ferguson honored their daughter, Patricia, with a pre-Easter party, followed with a weiner roast at the Ferguson home. Fifteen guests participated in party games.

Miss Jesse Overton was hostess to the Pioneer Sewing Club Tuesday when six members did hand work.

Mr. and Mrs. Wayne Motrony of Snyder were guests of his parents, the G. L. Monroneys, and the Bob Cowleys.

The J. D. Gilmores were in Abilene Tuesday to visit the Tommy Gilmores.

Mrs. H. H. Story has returned from Alpine where she visited her daughter and family, the R. G. Stroms.

The Bill Congers spent the weekend in McCamey with his brother-in-law and sister, the John Coles.

Easter Egg Hunt Held In Forsan

FORSAN (SC) — An Easter bunny parade and an Easter egg hunt were held Thursday morning at the Forsan school. Mrs. Orian Billings was in charge of the Easter egg hunt.

Mr. and Mrs. Phil L. Moore of Kermit announced the birth of their daughter, Karen Elaine, Wednesday afternoon. Grandparents are Mr. and Mrs. L. W. Moore, Midland, and Mr. and Mrs. Roy G. Klahr.

Placement Show Set For April

Plans for the April 27 Placement Show were discussed during the Wednesday morning meeting of the Big Spring Garden Club at the home of Mrs. D. S. Riley, 505 Hillside.

It was announced that individual flower arrangements will be displayed at Mrs. Riley's home, and the horticulture displays will be at the home of Mrs. J. Gordon Bristow, 554 Hillside.

Members of the city garden clubs are invited to attend the flower show from 3 to 5 p.m. It was reported that the club's work received third prize at the March 29-30 Southern Zone show in Lubbock.

Refreshments were served from a table centered with a spring flower arrangement. Mrs. John Balch assisted at the silver coffee service.

Credit Women Set Breakfast For May Day

A May Day Breakfast was planned for 8 a.m., May 1, in the home of Mrs. J. B. Apple when the Big Spring Credit Women's Club met Thursday at noon at Hotel Settles for a luncheon. Mrs. Pyrie Bradshaw presided.

The program on letter writing was given by Mrs. Lloyd Wood and based on the group's educational manual. She stressed that letters should be courteous, considerate, positive and concise. Also, she noted that all letters fall into the category of "yes," "no" and "selling."

Mrs. Mark Magdefrau was accepted as a new member, and Mrs. Noel Hull was the capsule fund.

Society Studies Royal Service

WESTBROOK (SC) — The Westbrook Woman's Missionary Society met Tuesday in the First Baptist Church for the Royal Service program. Mrs. Hoyt Roberts presided.

The group will begin a Bible study from the Royal Service magazine each second meeting of the month to be alternated with a visitation, community and stewardship program.

Tuesday's program was "New Foreign Mission Fields" with Mrs. Roberts presenting the devotion. Mrs. Charles Ranne and Mrs. Clemmer spoke on preparing new mission fields. Mrs. Herman Parsons gave the call to prayer, and Mrs. E. B. Edwards gave the closing prayer.

The next meeting will be April 19 at 9:30 a.m. at the church.

Speaker Explores Private Schools

"A Private Approach to Education" was the program topic during the Wednesday afternoon meeting of the 1953 Hyperion Club in the Blue Room of Cosden Country Club. Mrs. Gene Nabors presided, and hostesses were Mrs. Jerry Spence and Mrs. Harry Middleton.

Mrs. Robert McDonald, kindergarten superintendent of St. Mary's Episcopal School, discussed the Cardin Method of teaching. She stressed that various languages can be taught to young children by using phonetics.

Plans were completed for a May 6 luncheon at the Holiday Inn. Mrs. Louis Stallings, Fort Worth, was welcomed as a guest.

College Students Return For Easter Holidays

WESTBROOK (SC) — Home for the Easter holidays are Vickie Jarratt of Howard Payne; Janella Williamson, Rita Henderson, Larry Bell, Tommy Bryant and Patty Rees, all of Howard County Junior College; and Donna Bryant of Hardin-Simmons.

Mrs. J. D. Iglehart and Mrs. A. G. Anderson visited Tuesday with Mrs. Jim Moore in Roby.

Mr. and Mrs. Hoyt Roberts left Wednesday for Canyon where they will be joined by a nephew, Dick Kennedy, for an Easter holiday trip to Sante Fe, N. M.

The Rev. and Mrs. L. B. Edwards visited relatives in San Angelo Monday. While there, they saw Homer Rice who is a patient at the St. John Hospital. Mrs. W. E. Rucker left Tuesday to visit in Dallas with a daughter, Mrs. Pat Patterson, and family.

Robert Hutchins and children, Larry, Steve, Dan and Debbie of Post visited his parents, Mr. and Mrs. W. C. Hutchins, Saturday evening.

Marie Antoinette Goes Modern

Wax figure of Marie Antoinette from wax museum at St. Augustine gets a shampoo and set at a Jacksonville hairdressing firm. The hairdresser turned the heat down to 90 degrees to prevent Marie from doing a slow burn. With this experience so new, she didn't even gossip with her neighbor under the next dryer, a regular customer. (AP WIREPHOTO)

HINTS FROM HELOISE

'Leftovers' As Food May Spoil Your Pet

Dear Heloise: After having pets for many years, I have learned a little trick that others might like to know: You can spoil a pet by feeding him leftovers. Be sure to mix dog food into all of the good leftovers, for if you DON'T, and the day comes when there is no good homecooking left over for the pet, he will refuse to eat canned food.

I learned long ago that no matter how many good pieces of steak, etc., are left over, that if I do not cut it up, chop up the canned dog food which I want him to have, and mix the TWO together, it spoils every pet we've had so far. Marge Crump

Dear Heloise: I use elastic thread in my bobbin, and sew three rows one-eighth inch apart around the cuffs of pajamas, when elastic is called for. It does not bind as elastic does, and always gathers evenly. Mrs. Paul Delucio

Dear Heloise: Recently I bought a new frost-free refrigerator. The instructions said to vacuum the motor frequently. Since there was no room under the refrigerator to vacuum, the store's service department advised me to blow the dust out instead.

Now it has occurred to me that I have never used the blower on my vacuum cleaner enough. But, since receiving the advice about the refrigerator, I have been getting out dust not only under the refrigerator but under the range, washing machine, living room heater, screens, bookcase, cupboards, in and on window sills, etc.

Perhaps other women, too, are overlooking this convenience. Mrs. A.

(Write Heloise in care of the Big Spring Herald.)

Mrs. Boardman To Head Hyperion Club

New officers were elected during the Wednesday afternoon meeting of the 1946 Hyperion Club. The members met at the Reddy Room of Texas Electric Company with Mrs. Jerry Jenkins presiding.

To be installed in May are Mrs. Grant Boardman, president; Mrs. Thomas Fetters, vice president; Mrs. M. A. Porter, recording secretary; Mrs. Delaine Crawford, corresponding secretary; Mrs. Charles Warren, treasurer; Mrs. J. W. Tipton, reporter; and Mrs. Jenkins, parliamentarian.

During the program session, Mrs. Walter Wheat of Texas Electric Service Company was guest speaker. Her topic was mouth-to-mouth resuscitation, and she told the merits of this method of life-saving.

The members approved the awarding of a scholarship to a student attending Howard County Junior College, and refreshments were served by Mrs. Robert Johnson and Mrs. Paul D. Meek. The table was covered with a green cloth and centered with an arrangement of spring flowers.

The next meeting will be May 4 for a noon luncheon in the Blue Room of Cosden Country Club.

Small Item Sale Held Wednesday

A small item sale was held Wednesday afternoon by the Ladies Home League of the Salvation Army. The sale was held at the Citadel, and 26 members contributed items. The approximately \$40 collected is to be used for the foreign mission fund.

Cancer Crusade Needs Workers

Mrs. C. W. Shouse, Cancer Society crusade chairman, made a special appeal today for more volunteers for the 1966 Cancer Crusade.

Mrs. Shouse said that to meet the requirements which could result in helping to save lives of many people many volunteers were needed who could offer their services in various areas. "Already we have made considerable progress in enlisting volunteers in the effort to conquer cancer," Mrs. Shouse said. "We need more, however, if

we are to do the job we have cut out for ourselves and the people of Big Spring. We must conduct a successful educational and fund-raising program here."

"Many jobs need to be done right now, such as training of new volunteers for the 'Tell Your Neighbor' cancer facts program, keeping records, and enlisting volunteers for the door-to-door canvassing of the community," Mrs. Shouse said. Other chairmen for the fund-raising campaign include George McAlister, special gifts;

Taylor is the field representative of District II Cancer Society.

Kiwanis See Troop Chartered

Kiwanis Club members witnessed the presentation of Boy Scout Troop No. 3's new charter at their noon luncheon Thursday—for the 35th year.

Bill McRee, district scout executive, told the club that the records show the Kiwanis Club has sponsored Troop No. 3 at least 35 years and possibly longer.

He complimented the club on the program and on the record it has helped Troop 3 to achieve. Henry Thames, present scoutmaster, was also complimented on the work he is doing and his troop was awarded the ribbon for the achievement in membership.

Bill Johnson spoke briefly on the "Green Candle of Hope program" which has been sponsored for several years by Kiwanis International.

This is an activity handled by the committee for the support of churches in their spiritual aims.

The theme is to stress the importance of freedom. Club members participated in a brief ceremony in which a green candle was lighted and a prayer offered for the peoples of the world who are not yet free.

Waiting

Franklin D. Roosevelt Jr., chairman of the Equal Employment Opportunity Commission, says he may wait a couple more months before deciding whether to run for the Democratic nomination for governor of New York. (AP WIREPHOTO)

Lions Helping Abilene School

STANTON (SC) — Coy McDougal, Libbook, a district representative for the U.S. Department of Agriculture, discussed the problems of federal and state re-appointment at the Lions Club Tuesday. County Judge Jim McCoy, discussed the needs at Abilene State School for retarded children. Martin County has three children now residing at the school and awaits an opening for a fourth. The Lions are seeking funds for the school.

President Bob Cain accepted nominations for the officers' and steamroller committee. Election will be held Tuesday.

'Revolution In Three Rs' A Top Show

By CYNTHIA LOWRY

NEW YORK (AP)—To many a grownup, the memory of school is a succession of grubby classrooms, chairs that made one wiggle and some teachers who could make a subject, even arithmetic, fascinating. Thus, a brief look at the change in educational processes and teaching techniques made dramatic viewing indeed Thursday night.

SKILLED, DEDICATED
The program was a special, ABC's "Revolution In The Three Rs". And it was both a tribute to skilled and dedicated teachers and an examination of some teaching aids being developed.

We saw, for instance, some complicated electronic equipment to make learning as fascinating as a game and which also speeds the learning processes. There was an electric typewriter-computer that actually talked so that a youngster, learning to read can push a key and type a letter while the voice tells him what the letter is called. And a computer that types out questions for a child to answer — and telling the child immediately if he came up with the right one. There is even a pencil that won't work when a child, learning to write, makes an incorrectly shaped letter.

ONE INNOVATION
The so-called "new math" is only one of the innovations. An elementary-alphabet has been evolved to make learning to read much easier. Older systems still dominate our teaching of course, just as

IN ADDITION TO SUNRISE WORSHIP

Special Services Set For Easter

In addition to the community sunrise service planned Easter Sunday at the City Park, many area churches have arranged for special worship services and cantatas in commemoration of the Resurrection of Christ. Other churches in the area will hold regular worship services. All churches urged attendance at the community sunrise service.

An Easter cantata at Baptist Temple Church was presented last Sunday. Highlight of services Sunday will be a sermon by the Rev. James A. Puckett, pastor, on "The Voice of the Empty Tomb." The sermon will be the same one Rev. Puckett will present at the Tomb in Jerusalem during his trip to the Holy Land this summer. Rev. Puckett will also speak at the site of the Sermon on the Mount.

the modern-day enemies of Biblical Christianity through a series of Sunday sermons, will begin Easter evening and will continue through July 30 at Baptist Temple. Rev. Puckett said "Why-Expose-the-Isms?" will be included in the series.

Hillcrest Baptist Church is in the midst of revival services, featuring the Rev. Dan Oglesby, Midway Baptist Church pastor, as evangelist.

East Fourth Street Baptist Church will feature a special Easter anthem by the choir and an Easter breakfast and special devotional at 8:45 for the young people of the church.

A blind couple from San Angelo will bring the special music Easter Sunday at Phillips Memorial Baptist Church, and special Easter music is slated for Airport Baptist and First Baptist Churches.

Church, will close the revival there Easter evening. At Berea Baptist Church, the choir will present an anthem under the direction of the new choir director, Capt. Paul Adams. Special music will be featured at Stadium Baptist Church.

An evangelistic Easter cantata will be featured at the First Church of God Sunday at 7 p.m., with baptismal services following the cantata.

St. Mary's Episcopal Church will hold Holy Communion at 7:30 a.m. Easter and a sermon by the Rev. Charles Vowyer. At 9 a.m. the Festival of Holy Eucharist, a sermon by the Rev. Donald Hungerford will be presented. Holy Eucharist and a sermon by Rev. Hungerford will also be presented at the 11 a.m. services.

The First Methodist Church will have one morning service at 10:55 a.m. and no evening services scheduled. Holy Week activities have included a series of sermons nightly by well-known area pastors.

SPECIAL MUSIC
The Northside Methodist Church will hold Easter services at 11 a.m. featuring special music by the choir.

The Rev. D. M. Duke, pastor of the Church of the Nazarene, said that a goal of 238 has been set for Sunday school attendance.

Rev. Duke also said that he had wired President Lyndon B. Johnson and Texas Governor John Connally special invitations to attend Easter Sunrise Service at the City Park.

A special Easter anthem will be presented at the First Presbyterian Church.

Easter services at Webb Air Force Base will include regular nondenominational services at 11 a.m., with Chaplain William H. Warren bringing the Easter message.

A cantata at the First Christian Church will be presented Sunday at 7 p.m. by the Chancel Choir, under the direction of Hubert Murphy. Soloists will be Murphy, Mrs. Don Alverson and Mrs. Clyde Halam. Narrator will be Rupert Gamble.

MASSES
Masses will be sung Sunday at 7, 8, 9, 10 and 11 a.m. at St. Thomas Catholic Church. There will be no 6 p.m. mass at St. Thomas Sunday. Special masses are also scheduled at Immaculate Heart of Mary Catholic Church and Sacred Heart Catholic Church.

Special Easter services at the Bethel Baptist Church, Luther, will feature Big Spring Commandery No. 31, Knights Templar, in uniform. Knights will meet at the Masonic Temple at 10 a.m. Transportation to the church will be available.

ASSEMBLY OF GOD
FIRST ASSEMBLY OF GOD—The Rev. Homer Rich, 11 a.m. "What I Have Written, I Have Written"; 7 p.m. "Let Us Cast Lots."

RELIGIOUS BRIEFS

Vincent Church Begins Revival

Evangelist L. D. Green, El Paso, will lead the Vincent Baptist Church in a revival beginning Easter Sunday through April 17, according to LaRoy Shafer, publicity chairman. Services are scheduled daily at 10 a.m. and 7:30 p.m.

James Kinman, music director of the Westside Baptist Church, Big Spring, will be the revival song leader.

Rev. Green has been in the gospel ministry for the past 20 years and has pastored churches in Louisiana, East Texas, New Mexico and West Texas. Before becoming pastor of the Skyline Baptist Church, El Paso, Rev. Green was pastor of the East Fourth Street Baptist Church, Big Spring.

REV. L. D. GREEN

The public is invited.

Wallace Attends Mormon Meeting
Eldon Wallace, representing the local congregation of the Church of Jesus Christ, Latter Day Saints, is in Salt Lake City attending the annual convocation of the church.

But members will have an opportunity to witness the historic Easter morning service from Salt Lake City because this is being telecast. A television set will be installed at the sanctuary at 1803 Wasson Road. All interested persons are invited.

Hymn Contest
A competition with a prize of \$100 for the best musical setting of a selected hymn text is once again being sponsored by Trinity Presbyterian Church of Atlanta, Ga., as part of its continuing program to encourage contemporary expression in the arts. The contest will close on June 30, 1966, and the prize will be announced early in the fall. All composers interested in entering the competition are invited to write the church for a copy of the rules of the contest and the chosen hymn text. Letters should be addressed to: Trinity Presbyterian Church Hymn Contest, 3003 Howell Mill Road, N.W., Atlanta, Ga., 30327.

Revival Set
Airport Baptist Church, 1206 Frazier St., will hold a revival April 18-24, at 7:30 p.m. nightly. The Rev. Ronnie K. Bostick, pastor, and Joë Dunn, singer, will be featured in the revival. A nursery will be provided for all services.

Rev. Tune To Preach For Coahoma Services
Guest evangelist for the spring revival at Coahoma Methodist Church will be the Rev. Cecil Tune. The revival begins Easter Sunday and ends Friday.

Special music will be furnished nightly under the direction of George Conner, choir director, with Gail Lundy at the organ. Service times are slated for 10 a.m. and 7:30 p.m. each day.

Rev. Tune was conference evangelist for a number of years and is now pastor of Wesley Methodist Church, Andrews. The Rev. C. R. Cope land, pastor, said that the slogan for the revival will be "Talk it up, pray it down, and take it in." The public is invited.

REV. CECIL TUNE

VICTORY IS TOLD

The great victory of the church at Christ's resurrection is the message in the International Sunday School lesson for Easter Sunday. The text is taken from I Corinthians 15; Ephesians 1:5-23; and Revelation 7:9-17.

The designated Scriptures for the lesson come from Paul and Revelation and not from any of the four Gospels, for Paul in Corinthians and John in Revelation deal more with the future. Paul speaks to the people in Corinth who, somehow, could not believe in Christ's resurrection; he does not try to explain that resurrection but points to it as a fact, and shows what has happened to men since that first Easter Sunday and what will happen.

DR. J. H. CRAWFORD

Church Winds Up Series
The First Methodist Church will conclude Holy Week services tonight at 7 o'clock with Dr. J. Howard Crawford, Lubbock, as the featured minister. Special music will be a duet.

Dr. Crawford, a native of Tennessee, received his early education in Northwest Texas. He is a graduate of Clarendon High School, McMurry College and the School of Theology at Southern Methodist University. He has been a pastor and district superintendent since 1932 and currently is the Lubbock district superintendent. Dr. Crawford was a member of the South Central Jurisdictional Conference of the Methodist Church from 1948-1964, a member of the General Conference in 1948, 1952, and 1964 and is a member of the Board of Trustees of McMurry College and of the Methodist Hospital in Lubbock.

Warren Going To Conference
Chaplain William H. Warren, Webb Air Force Base Chapel, has been confirmed as the 1966 Air Force Spiritual Life Conference coordinator for Webb.

The conference for Protestant military personnel and their families in this area will be held again this year at Gloria, N. M., from June 4-8.

The Giorita conference is one of six annual summer retreats sponsored by the chief of chaplains, USAF. An attendance in excess of 900 is anticipated. Arrangements for a group representing the Webb Protestant Chapel community to attend the Giorita Conference are now being completed, Chaplain Warren said.

Bible Society Is Honored

AUSTIN—Gov. John B. Connally has proclaimed 1966 "The Year of the Bible" in recognition of the 150th Anniversary of the American Bible Society.

Connally joins 42 other governors who have issued similar proclamations or statements honoring the ABS, the largest nonprofit organization in the United States devoted to translating, publishing and distributing Scriptures here and abroad.

Noting that the missionary activities of the ABS "contributed significantly to the cultural development and strength of our citizenry," the proclamation adds that "many historic Bibles are prized possessions in our states archives as well as of hundreds of our families."

Formed to alleviate the Bible famine caused by the Revolutionary War, the ABS is calling for 10 million new Bible readers during 1966 to relieve today's Bible-reading famine. During its first year, the ABS distributed more than 6,000 Bibles. In 1966 alone the annual figure is expected to reach 75 million copies.

UNITY
BY THE
COUNSEL of God OR COUNCIL of men

That men should appreciate the need for religious unity is commendable. To read the Scripture is to see that unity is taught therein. Christ prayed for unity and for it He died.

Religious leaders have too long tried to justify their religious division of denominationalism. But more and more they are coming to acknowledge the fallacy of such thinking. Thus we see a definite trend toward consolidation, or union, of some segments of Christendom.

Churches of Christ recognize the need for unity and the harm of religious division. Unity has always been our plea. It is our plea now. We are vitally interested in the plan that would fulfill the desire expressed by the Lord to God the Father when He prayed, "That they all may be one; as Thou, Father, art in Me, and I in Thee, that they also may be one in Us; that the world may believe that Thou hast sent Me." (John 17:21). This plan is clearly defined by Paul's letter to the Corinthian Christians in these words: "Now I beseech you, brethren, by the name of our Lord Jesus Christ, that ye all speak the same thing, and that there be no divisions among you; but that ye be perfectly joined together in the same mind and in the same judgment." And then added, "Now these things, brethren, I have in a figure transferred to myself and Apollos for your sakes; that in us ye might learn not to go beyond the things which are written . . ." (I Corinthians 1:10 KJV; 4:6 ASV).

We are ready and anxious to join in any effort to effect this kind of unity. We have no interest whatsoever in any plan or effort based upon consolidation, compromise or coercion. Unity undertaken on any basis other than to accept Protestantism. If either did agree it would be only compromise, not unity. To be more realistic and specific, would the leaders of Christian Science movement accept Mormonism, or the Baptists accept Methodism? We know that this is unthinkable. So, if there is ever to be unity there must be a common ground somewhere upon which all can agree. Surely this would be the Bible and the Bible only which one already claims to accept now.

Oilmen Map Stability Goal

WASHINGTON (AP)—A stable, healthy economic situation not based on emergencies—that goal of the domestic oil industry is getting new emphasis.

It will be the theme of the mid-year meeting of the 500 directors of the Independent Petroleum Association of America in Los Angeles May 8-10. The association has one director for every 25 members by areas.

Currently the industry is in a somewhat improved situation, although the price of crude is less than in 1957.

The improvement—which has come about from price increases in some fields and an increase in demand—is attributed in large measure to the war in Viet Nam.

The gains "could be wiped out overnight if the peace every one wants should come to pass," F. A. Calvert Jr., IPAA president, said recently.

He emphasized that the rains had been small, coming after a long period of dropping prices, and said the only increases in petroleum prices in nearly two decades had stemmed from the Korean War, the Suez Canal crisis, and now the Vietnamese conflict.

The IPAA has set its sights on two principal approaches for improvement of the domestic industry's economic position:

1. Enactment of legislation exempting natural gas production from federal price controls.
2. Tightening of oil import controls by such means as (a) elimination of the practice of letting planes heading out over the Atlantic and Pacific tank up with jet fuel brought in under bond in order to escape quotas; and (b) reducing the amount of oil which now moves in overland from Canada and Mexico quota free.

Easter Bunnies Just In Time

Four-year-old Toni Lynne Fountain doesn't need an Easter basket — she seems happier with these Easter bunnies. Toni's parents, Mr. and Mrs. Walter Fountain of Oklahoma City, found the little cottontail rabbits nestled in their backyard and Toni quickly adopted them. (AP WIREPHOTO)

LBJ At Services At Old Cathedral

SAN ANTONIO, Tex. (AP)—President Johnson, home in Texas and bustling with energy, hurriedly arranged two public appearances for today — signing of a Medicare extension bill and attendance at Good Friday services at an 18th century cathedral.

Both civic and church officials in this tourist-thronged city were caught by surprise when Johnson announced upon arrival late Thursday that he had planned the appearances while flying from Washington.

The President, Mrs. Johnson and their two daughters, Lynda and Luci, are spending the Easter holiday at their ranch home 60 miles north of San Antonio.

The Medicare legislation extends until May 31 the deadline for citizens 65 and older to sign up for voluntary \$3-a-month insurance covering most doctor bills and some other medical expenses. About a million people failed to sign for the insurance before the original March 31 deadline.

Johnson chose as the site for the bill-signing ceremony a new nine-story apartment project for the elderly. The 220 residents of the federally financed building have an average age of 75.

The Good Friday service on Johnson's schedule is at the Roman Catholic Cathedral of San Fernando, built in 1731. It was from the tower of this church that a Mexican bugler sounded the dread "no quarter" call as his countrymen attacked the 200 Texas defenders of the nearby Alamo in 1836. Remains of the 200 rest within a crypt inside the church.

San Antonio, with a large Mexican-American population, was crowded this Holy Week — Semana Santa in Spanish — by thousands who traveled here from Mexico to pray, to shop, and to mark the end of the Lenten season.

Johnson was in an expansive mood as he stopped here at Randolph Air Force Base Thursday and mixed with a crowd of 300 before boarding a smaller plane to fly to his ranch.

He kissed children, shook dozens of hands, and had a "Happy Easter" greeting for everyone.

Once at his LBJ Ranch, he wasted little time before taking Mrs. Johnson on a sunset ride around the countryside.

Daughter Luci's fiance, Patrick J. Nugent of Waukegan, Ill., was a weekend guest at the ranch. He was joined there by his sister-in-law, Phylis Nugent

Pilgrims Stream Into Holy Land

By The Associated Press

Christians observed the most sorrowful day in the church calendar today with Good Friday services around the world. The beginning of the Easter week-end also brought the annual exodus of holidaymakers.

Thousands of pilgrims streamed into Rome and the Holy Land for observances commemorating Christ's death on the cross. The mournful rites, in the closing days of Holy Week and the long austerity of Lent, were a prelude to the joyous celebrations of the resurrection on Easter Sunday.

Pope Paul VI was to lead thousands of Roman Catholics in a Good Friday Mass at the Basilica of St. Mary Major. During the service the pontiff, his shoes removed, lies prostrate before a slowly unveiled crucifix.

TORCHLIT PROCESSION
In the ancient Roman Colosseum, where once martyrs were thrown to the lions, the Pope will lead a torchlit procession tonight tracing Christ's journey to the cross. The ceremony traditionally includes 14 brief pauses in the procession for prayer and meditation.

Worshippers in the Jordanian sector of Jerusalem thronged to the Church of the Holy Sepulcher, traditionally held as the site of the Savior's crucifixion, burial and resurrection.

Pilgrims re-enacted the Way of the Cross procession, walking in the footsteps of Christ from the site of Pontius Pilate's fortress to Calvary. Calvary is now a balcony inside the church doors, its bare rock shielded by rich mosaics, candles and clusters of glowing lanterns.

HOTELS PACKED
Hotels, convents, hostels and private homes were packed to overflowing with about 25,000 Christians from places as far away as San Francisco and Tokyo, Sweden and South Africa.

In Jerusalem, for the first time since the Communist revolution nearly 50 years ago, a

delegation of eight Soviet priests came from the Soviet Union to walk in the steps of Christ, mourn His crucifixion and rejoice at His resurrection.

Eastern and Western Christian communities are celebrating Easter at the same time this year for the first time in three years. The Church of the Holy Sepulcher, which is shared by five sects, was the scene Thursday of several Holy Thursday processions carried out with split-second timing to allow all to worship within the rambling chapels and crypts.

TO RANCH
President Johnson flew from Washington to his ranch at Johnson City, Tex., to spend Easter weekend with Mrs. Johnson and their two daughters. He planned to attend Good Friday services at the historic San Fernando Cathedral in San Antonio. The church was a focal point in the 1836 Texas war for independence from Mexico.

TRADITIONAL RITES
In churches across the land traditional services included the reading of the Passion narrative, sacred music and observances of the Stations of the Cross. Most services last three hours, the length of time Jesus was on the cross until He died.

In an unusual program at the Broadway United Church of Christ in New York, the Rev. Malcolm Boyd was to recite prayers concerned with modern problems while Charlie Byrd, a jazz musician and classical guitarist, provided guitar accompaniment.

Vacationing college students flocked to Florida beaches for a week of revelry. An estimated 40,000 packed the 23-mile-long shore at Daytona Beach.

U.S. Weather Holds Variety

By The Associated Press

The nation had a variety of weather today, with precipitation in scattered sections, fairly mild in the West and unseasonably cool again from the Rockies to the Atlantic Coast.

A fresh surge of cold air spread from the northern Plains into the Northeast and southward. As it collided with warm air from the Gulf of Mexico in the south central region, a storm situation developed. Large hail pelted the Clarksdale, Miss., area.

In the Central Plains cold rain or snow was driven by strong northerly winds.

The Weather Bureau issued a severe thunderstorm watch for parts of northwest Mississippi and east central Arkansas.

One inch of snow fell in a six-hour period at Alpena, Michigan and snow flurries fell across the northern Midwest to the northern and central Appalachians. However, they appeared diminishing and sunny skies were indicated by Easter Sunday.

The Weather Bureau said temperatures were expected to remain below normal over the weekend from the northern Rockies and the central Plains to the Carolinas and New England. Above normal readings were indicated west of the Rockies and in southern and central Texas.

Dry weather continued in most of the Far West with mild temperatures in the day and a little cooling at night.

Early morning temperatures ranged from 20 at Marquette, Mich., to 73 at Blythe, Calif.

Capt. Davis Due Back Here Today

Capt. Richard Davis, F-104 Starfighter pilot who ejected safely Thursday near Paducah, is expected home sometime today. Air Force officials said. He was to leave the Paducah hospital about noon, returning here.

CAPT. RICHARD DAVIS

Assistant Operations Officer with the 331st Fighter - Interceptor Squadron at Webb AFB, he is a veteran of 18 years service. Capt. Davis entered the military through the Ohio National Guard in 1947 and earned his commission through the AFROTC Program at Ohio State University, where he graduated in 1950.

After pilot training and combat crew training in the F-80 and F-86 at Nellis AFB, Ariz., he was assigned to the 4th Fighter Squadron and Combat Operations in Korea. After 100 missions, he won the Distinguished Flying Cross and three Air Medals, and destroyed one Soviet MIG aircraft.

ROW Fund Running Short

The roads and highways committee of the Chamber of Commerce Thursday talked over future needs and current problems and dispatched a committee to confer Monday with the Howard County Commissioners court on right of way.

Costs of acquiring and clearing roadway for US 700 west from US 87 to the US 80 intersection have been so excessive that the county is in danger of running out of money before completing the acquisition, the panel was told. Jack Alexander, chairman, named John L. Taylor, R. W. Whipkey, Clyde McMahon, R. H. Weaver and John Currie as a committee to visit with the court on this problem.

Other potential road projects thrown into the hopper for discussion were some sort of connection from the Vincent with the Otschack areas, improvement of the Benton Street overpass facilities; and a long range project to shorten the distance to Robert Lee, where the Colorado River Municipal Water District is going to impound a major lake.

Court Of Honor Set Tuesday

COAHOMA (SC)—A Court of Honor in the recently remodeled Scout Hut at the City Park is scheduled by Troop 8 for 7 p.m. Tuesday.

Scoutmaster Don Meyers said Gary Belew Henry would be candidate for his Life award, and Jeff Mitchell for the Star. Others include Terry Meeks, first class; Don Richters, Hugh Lacy and Bennie Graves, second class. Explorer Post 39, sponsored by the First Presbyterian Church in Big Spring and with Richard Bartlett as adviser, will present Indian ceremonies around the campfire. New equipment made possible through gifts of people in Coahoma and area will be on display.

Vertical Takeoff Plane Due Test

WASHINGTON (AP)—The Army, Navy and Air Force will begin testing the British-built vertical takeoff aircraft this month, the Pentagon said.

Trainees To Work On India Project

WILLIAMSTOWN, Mass. (AP)—Williams College expects to undertake a Peace Corps training program this summer to train 67 men and women to work in India on nutrition projects.

C-C Drive Is In Sight Of Its Goal

The Chamber of Commerce membership enlistment and dues revaluation campaign was 80 per cent on the way to its goal Friday morning.

There is a good prospect that it will be there by the end of the week, or at least within easy range.

A dozen additional names were listed as new members Thursday afternoon and Friday morning, making a total of 103 new names on the rolls since the campaign kicked off Wednesday. In addition, 15 firms have agreed to increase their share of investment in the community's future. More than two score of these commitments are still pending and should come in within the next two weeks.

At this stage of the drive, the Ambassadors Club, which serves as the membership arm of the chamber as well as official greeters, is leading the board of directors by a 65-56 count.

Among the newest members are W. H. Eysen, Hopper Auto Sales, Barbecue House, Carpet Store, Harvey C. Hooser Jr., Jo's Restaurant, Dr. William T. Chrane, Ayres Gulf Service, Chub Jones Insurance, Dr. Quentin Florence, Dr. John Branscum, A.R.A. Sales, Arthur Clonts.

France Will Bar Beatniks

PARIS (AP)—"Simply shocking," said the young Englishman, "it's an abridgment of our personal freedom."

He had long, tangled blond curls and a gold ring in his left ear and he was talking about the current French police crackdown on beatniks.

"If this keeps up I'll probably go to Spain," he said, crossing one sandaled foot over the other.

The French have decided that long-haired, moneyless, jobless, and untidy visitors, are not welcome in France.

A government announcement this week said foreigners answering to this description would be stopped at the frontiers.

The first known victim of this policy was a 29-year-old University of Edinburgh student who was turned back at Calais. He had long hair, a guitar and about \$24 in his jeans.

Members of the international beatnik community here say police started showing their unfriendliness as long as a month ago.

"I get stopped about three times a day," said a young American. "They check your passport, ask what you're doing here and then let you go."

"A buddy of mine was taken to the police station the other day. They let him go after four hours. No explanation."

The police have no trouble spotting "les beatniks." For the most part they wear a standard uniform: sandals or white tennis shoes, khaki pants, an Army surplus parka and a canvas bag for their possessions.

Socks and guitar are optional.

Racers To Meet

The Red Raider Slot Car Club will meet at 7:30 p.m. today in the Hobby Center on Eleventh Place. All interested are invited. The club meets each Friday and holds a race each Saturday at 7 p.m.

Beans Dumped On Road In Near Accident Today

US 87 received a generous helping of frijoles beans early today when a big truck loaded with groceries tipped enough to dump much of its load.

The highway patrol said that the mishap was caused by an unidentified pickup truck driver, who decided suddenly to make, what the patrol termed, a backward turn on the road ahead of the truck.

Driver of the grocery truck was William Stevens, 33, Lubbock. He was en route to Big Spring with a load of groceries for the Stripling Wholesale Grocery Co.

When the pickup suddenly began its turn ahead, Stevens took to the median in a desperate effort to avoid a collision. He succeeded in doing so, but the careening truck tipped enough to spill out a vast quantity of beans and other food stuffs.

The patrol said the driver of the pickup did not stop, and is being sought. The patrol said the accident occurred at 5 a.m. today.

At 8:30 a.m. a second traffic mishap occurred on US 87, the patrol reported. This was in front of the Walker Tractor Co., 4 miles north of the city limits. Mack William Walker, 58, was backing out of the tractor agency yard and collided with the

Scene Of Serious Accident

Pete Roy Court, 22, was critically injured when the car on the left, which he was in, overturned. The car was being towed by the car on the right when the accident happened on IS 20 at the Moss Creek Lake turn-off.

Towed Vehicle Flips Over, Driver Is Critically Injured

A local man is in critical condition at Hall - Bennett Memorial Hospital today following a freak accident Thursday afternoon on IS 20, at the Moss Creek Lake turn-off.

Officers said Pete Roy Court, 22, 1400 E. 6th, was injured when the car he was in, which was being towed by a car driven by Johnny Sherrod, 22, Rt. 2, overturned when both went off the road into the median, about 2:30 p.m.

A Texas Highway Patrolman said Sherrod told him he was attempting to pass a west-bound truck on the overpass when the car and the one he was towing on a chain went off the road.

Artificial Body Cells Sought

ATLANTIC CITY, N.J. (AP)—A Chinese-born scientist reported progress today toward developing "artificial body cells" which might eventually help fight diseases like gout.

Such cells, if perfected for human use, would be pinhead-sized, nylon plastic capsules, filled with human-cell chemicals, and mimicking some of the functions of the billions of living cells in the body. They would be used to treat blood in devices linked with the body by out-and-back again blood-flow tubes.

Dr. T. M. S. Chang, a McGill University physiologist, told about the quest — and of promising animal experiments with still-crude, pioneering versions of such cells — in an interview preceding a technical report to the American Society for Artificial Internal Organs.

The society is holding its annual convention here.

Chang stressed that the artificial cell work is still in the experimental stage.

Both Formerly Served At Webb

Capt. Dennis L. Anderson, instructor pilot with Capt. Hubert L. Blake when their plane crashed at Eglin AFB, Fla., Wednesday, also formerly served at Webb AFB.

He was an instructor in the 3560th Pilot Training Squadron during 1961-62. His home is at Guernsey, Wyoming.

Capt. Blake, formerly with the 3561st PTS, left here in February and was training to fly T-28s, before going to Viet Nam. He leaves his widow and three small children.

Welch Says War Is Administration's Scheme

SALT LAKE CITY (AP)—Robert Welch, founder of the John Birch Society, says the Johnson administration is at war in Viet Nam simply to speed up "government, regimentation" and "the transition to socialism and totalitarianism."

"The war in Viet Nam would be over in three months if the administration had the will to win it," Welch told an overflow crowd of more than 600 at a banquet in his honor Thursday night.

However, he said the Birch Society does not advocate U.S. withdrawal from Viet Nam.

"The time is long gone when we could do that," he said. "We should definitely go ahead and do what is necessary to win."

He said the United States "is not trying to win the war in Viet Nam."

"If we didn't have enough strength to win the war overwhelmingly anytime we wanted to, something would be very wrong after spending \$40 to \$50 billion a year on our armed forces," he said.

"If we can't lick a bunch of puny, half-starved guerrillas in an area the size of the State of Missouri, then something is very wrong in the Pentagon."

FCC Head Henry Quits

SAN ANTONIO, Tex. (AP)—President Johnson received today the resignation of E. William Henry, chairman of the Federal Communications Commission, effective May 1.

Deputy press secretary Robert H. Fleming said at White House press headquarters here that Henry's resignation reached the White House earlier, but did not get to Johnson's desk until today.

Henry is expected to return to Tennessee to practice law.

It was learned that the FCC chairman told Johnson about six weeks ago he planned to leave the government.

Fleming said there has been no action on naming a successor.

The Washington Post, reporting that Henry was leaving office, had said Francis Keppel, assistant secretary of welfare for education, also had informed the White House he planned to resign.

Pair Investigated In Baby's Death

REDONDO BEACH, Calif. (AP)—A baby girl is dead and the couple who couldn't adopt her is booked on suspicion of murdering her after, police reported, they also sought to take their own lives.

The child was to have been returned to her natural mother today.

The tragedy was discovered Thursday.

Richard Lee Everhart, 35, a machinist, and his wife, Beverly Jo, 34, and 9-month-old Susan Louise were found unconscious in their car in their garage.

A vacuum cleaner hose led from the exhaust into the car. The baby was dead on arrival at a hospital. The Everharts were hospitalized, recovered, then were booked.

A family friend who came to the house Thursday morning, and entered when no one answered, found a note and notified authorities.

Police said the note said: "Don't grieve for us. We're happy now because our little girl is with us forever."

Police learned that the Everharts had had the child since she was two weeks old, having obtained her through a physician who had delivered her from an unwed mother.

Police said arrangements had been made to return her today to the natural mother who had changed her mind and wanted her back.

OIL REPORT

Dorward Gains Two Locations

Two new locations will seek the Dorward (San Andres) in Garza County. Both of the Bert Fields Estate holes will be in old wells plugged back about three miles southeast of Justiceburg, and both will drill to 2,310 feet.

No. 3 J. C. Dorward spots 330 feet from the north line and 2,310 feet from the west line of section 138-5, H&G survey; and No. 1 J. C. Dorward spots 2,310 feet from the north and west lines of the same section.

DAILY DRILLING

BORDEN
Brown & Heath's No. 1 Montgomery is drilling below 2,100 feet in salt and anhydrite. Location is 467 feet from the south line and 1,984 feet from the east line of section 49-35, H&TC survey, 1/2 mile southeast of Gall.

STERLING
Burck and Lynn's wildcat No. 1 Durham is drilling below 700 feet. It spots 660 feet from the north and east lines of section 24-12, SPRB survey, abstract 750 four miles southeast of Sterling City. Moncrief & Chomplain's No. 2 Hildebrand is drilling below 840 feet. Location is 660 feet from the south and east lines of section 45-A, GCAFE survey, 1/2 miles southwest of Sterling City.

COMPLETIONS

DAWSON
Teasco No. 5 Sheaffer is completed in the San Andres in the Spraberry Trend near Paducah. It has 2,340 feet. It pumped 6.18 barrels of 21.5 gravity oil, 1.2 cent water, after treating with 6,000 gallons of acid.

STERLING
Sunset International's No. 366 Sellers is completed in the Triole M (Upper Wolfcamp) at a total depth of 6,750 feet. Perforations between 5,534 and 5,612 feet. It flowed 240 barrels of 36.9 gravity oil per day, no water and a gas-oil ratio of 420:1 after treating with 25,000 gallons of acid. A 4 1/2 inch casing was set at 6,720 feet. Tubing pressure was 200 pounds and casing pressure packer. Location is 2,000 feet from the north line and 600 feet from the west line of section 66-17, SPRB survey, 17 miles northwest of Sterling City.

Money, Music Listed Stolen

Four thefts were reported to officers Thursday.

Mrs. L. R. Nichols, of Nichols' Laundry, West Second and Gregg, told officers a yellow bank money bag containing an undetermined amount of money was taken from the rear of the business Thursday afternoon. She said the theft was discovered just after two Latin-American youths had left the building. She said she heard the back storage room door slam, went to see what was happening, and saw that the bag was missing.

Twenty-six stereo tape packs, valued at \$129.48, were stolen from his car while it was parked either at his home or at Webb Air Force Base, Thomas Carroll, 1101 W. 5th, told officers Thursday.

An electric drill, a micrometer, several screwdrivers and a box of wrenches were stolen from his tool room, James H. Hardy, 1107 Main (rear), told officers Thursday. He said the lock to the tool room door had been forced.

LeRoy Cole, 1211 E. 6th, said a tire and wheel were taken from his pickup, which was parked at his home Thursday.

Driver Kills Two Officers

VALLEJO, Calif. (AP)—A motorist shot and killed two policemen Thursday night after they trapped him on a dead-end street and tried to give him a traffic citation.

Dead are Patrolmen Calvin Thacker, 36, and William Eason, 31.

Most of Vallejo's 70-man police force, reinforced by sheriff's deputies and the California Highway Patrol, blocked all exits from this San Francisco Bay area city as well as two bridges.

Hunted was a restaurant worker at nearby El Cerrito, traced through a partly completed citation found beside a patrolman's body.

Police said their quarry has police records in Napa and Oakland and that he was once arrested in this county on an assault with a deadly weapon charge. His fingerprints and spent cartridges were found in an abandoned car, also traced through the citation.

An unnamed witness, attracted by the gunfire, said there were four persons in the car police had stopped—two men and two women.

Houstonian 'Mrs. Texas'

HOUSTON (AP)—A brown-haired, brown-eyed Houston mother of three children has been named "Mrs. Texas."

Mrs. Joy Noufer, 32, defeated candidates from San Antonio, Dallas and Wichita Falls in the state finals Thursday. She will represent her state in the competition for the title "Mrs. America" later in San Diego, Calif.

Mrs. Noufer, who stands 5-6, and weighs 120 pounds, is the wife of Charles J. Noufer, vice president of Associated Business Systems of Houston. They have three children, Steven John, 11, Glenn Eric, 9, and Lisa Joy, 7.

Survivor Of Sub Disaster Retires

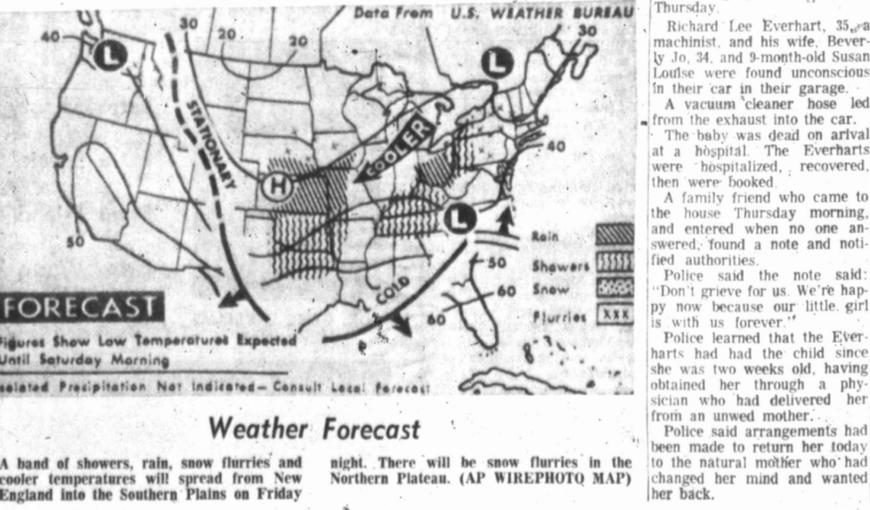

NEW LONDON, Conn. (AP)—A Navy submariner who survived the sinking of the Squalus in 1939 has retired after 30 years service.

Chief Warrant Machinist Allen C. Bryson of New London was one of 33 men rescued from the Squalus after it went down in 200 feet of water off the coast of New Hampshire. Twenty-six crewmen lost their lives.

Two Texans Die In Viet Fighting

WASHINGTON (AP)—Two Texans died in Viet Nam fighting in the week ended Wednesday, the Defense Department said Thursday.

They were Army Pvt. L. V. Thomas Jr., Amarillo, and Marine Cpl. Charles T. Courson, Tyler.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Washington's Day Renamed

BOSTON (AP) — The Massachusetts Senate has passed a bill renaming George Washington's Birthday "President's Day." The measure also calls for celebrating the holiday on the third Monday in February rather than on Feb. 22. There was no immediate explanation for the action Thursday.

BOYS STATE DELEGATES CONGRATULATED BY DR. H. T. HANSEN Jackie Bowan, Dale Pless, Kirby Horton and Richard Cauley

Legion's Boys' State Delegates Are Announced

Four high school boys will represent Big Spring at the 1966 session of the Texas American Legion Boys State, Dr. Halvard T. Hansen, Americanism chairman of the American Legion post, announced today. Named to participate in this annual American Legion workshop in the organization and operation of state and local governments are Jackie Bowan, son of Mr. and Mrs. James Bowan, 1714 Purdue; Kirby Horton, son of Mr. and Mrs. James E. Horton, 422 Hillside; Dale Pless, son of Mr. and Mrs. Glenn Pless, 609 Elgin; and Richard Cauley, son of Dr. and Mrs. Marshall Cauley, 523 Scott. Cliff Talbott is the alternate if one of the others cannot go. The 1966 Texas American Legion Boys State will be in session from June 11-18 at the University of Texas. States and territories of the American Legion will sponsor 51 of these Boys States this summer, and two outstanding youths from each of the Boys' States will go to the American Legion Boys Nation in July in Washington, D.C. where they will study federal government organization and operation in much the same manner as the Boys State delegates participate. During their Boys State sessions, the Big Spring youths will participate in the organization of political parties, campaigns, elections and the enactment and enforcement of their own laws within a mythical state. "As one of the Legions outstanding youth-training programs, Boys State affords these youngsters an opportunity to learn the function of government," Dr. Hansen said. "Also, they will see the importance of discharging citizenship responsibilities. They soon discover how good government depends upon the active interest of every citizen."

SECRET AGENT FIREBALL
Howard County sheriff's department on worthless checks was credited with an able assist in the apprehension in San Antonio of a man who has been working a confidence game here and in other communities in Texas. Sheriff A. N. Standard said today. He said the man, who poses as a representative of a siding company, visits houses which were renovated by a former San Antonio firm. He tells the owners that the company made an error in the bill and that the person has a refund coming. However to get the refund, the householder must kick back half to the agent. The check he hands the local man is a forgery, and the con man is gone when the bad check bounces. Standard said that the man is wanted in San Antonio and what action may be taken on him there will decide what the county will do in the case.

Congressmen Scattered For Easter Recess

WASHINGTON (AP) — Congress was scattered across the country today, taking home November election ammunition instead of Easter eggs.

The first long recess of the year — 10 days for the House, almost a week for the Senate — began with sendoffs notably political in tone from spokesmen for both parties.

"I can't see an issue the Republicans have raised that I consider a good political issue," remarked House Democratic Leader Carl Albert of Oklahoma.

But Rep. Melvin R. Laird of Wisconsin, Chairman of the House Republican Conference, said the issue is "cost of living increases and inflation."

SO MANY
"Our problem is there are so many issues," Laird said in an interview.

The House Republican leader, Rep. Gerald R. Ford of Michigan, accused the Democratic-dominated Congress of "a wild spending spree" that has brought on "the strong possibility of an income tax increase." "It's claimed this is one of the hardest working of all Congresses," Ford said. "I say the hardest work is being done in certain major committees by those Democrats intent on inflating already bloated administration spending requests."

GREAT PRIDE
Albert called a news conference Thursday to say that members can go home "with great pride" in the accomplishments of the session — and that these accomplishments, including the passage of important administration bills, are the Democrats' best political assets. Democratic incumbents include 71 first-termers who have had less than two years to dig in with the electorate.

"Anybody who is running against someone who contributed to that record is running against success," Albert said. He shrugged off any idea that the congressional campaign, in which all 435 House seats and 34 of the Senate posts are at stake, will be dominated by the issue of cuts in federal spending vs. a possible tax increase.

GOP CONFAB
The Republican conference met a day earlier to brief members on the minority leadership's view of the Johnson administration. They were given background material on what Republicans consider especially vulnerable examples of government spending in such fields as public buildings and the poverty program.

Summing up the discussions, Laird said, "the issue will be inflation — by November the American people will be referring to it as a tragedy."

Republicans, he said, will be presenting a 5 per cent increase in cost of living during the past two years as "the Johnson-Humphrey 5 per cent sales tax — the cruellest, most regressive tax of all" and picturing Social Security checks slashed by rising prices.

OWN CRITICS
Polls indicate, Laird said, that the Viet Nam fighting is equally a cause of concern to Americans. But he added, "We don't have to emphasize that — prominent Democrats are doing too good a job themselves, with their criticism of the administration, to keep the issue alive."

Runaway Teen Heiress, Young Man Surrender

SAN DIEGO, Calif. (AP)—A teenage heiress and a young man with whom she left home two weeks ago turned themselves in to police here early today, officers said. Edith Angela (DeeDee) Jenkins, 15, and Donald Collins, 20, called police from a service station and were turned over to sheriff's deputies.

Con Man Is Nabbed

Police Lt. Clarence Myers said the two gave this account: After DeeDee disappeared from home March 25, they spent three days in suburban Mission Beach and then hitchhiked to the Los Angeles area. Collins traded a hi-fi set for a friend's 1952 pickup truck and they drove it north to the Big Sur country, an area famous for artists colonies. "People we met up there gave us clothes and cooking utensils," Collins said. Collins said he and DeeDee left Big Sur for San Diego Thursday, after hearing police wanted them.

Tragedy Ends Vacation Trip

CIUDAD VICTORIA, Mexico (AP)—An Easter vacation trip to a Mexico ranch ended in tragedy for two Fort Worth, Tex., girls Thursday. Vicky Boston, 18, and Linda Gibbs, 15, were killed when the car in which they were riding was struck from the rear by a gas tank truck. The accident occurred about 100 miles north of here on the highway from Matamoros. The two vehicles burst into flames after the crash. Mrs. Helen Boston, 46, mother of the dead girl; another daughter, Janet, 15; and Laura Butler, 17, were injured. Mrs. Boston and Janet were reported in serious condition at a hospital here. Fort Worth friends said the party was en route to a ranch recently purchased by Mrs. Boston's husband, Joseph Boston, a retired Air Force major. They said the Bostons planned to move there from Fort Worth.

Exams Slated

The U.S. Civil Service Commission has announced an examination for a maintenance worker starting at \$2.40 per hour for employment at the VA hospital. Information and applications may be obtained from the post office or the executive secretary, Board of U.S. Civil Service Examiners at the VA hospital.

Miss Big Spring Contest To Be Climaxed Saturday

Curtain time for 25 young girls in the Miss Big Spring Pageant will be Saturday at 7:30 p.m. when eight entrants in the senior division and 17 entrants in the junior division compete for the title of Miss Big Spring and a chance at the Miss Texas Crown. Local Jaycees sponsor the annual event.

Dress rehearsal for contestants is tonight at 7:30 p.m. in the Municipal Auditorium. Senior entrants will bring their talent props. The dress rehearsal is open only to contestants and participating Jaycees.

A parade in downtown Big Spring Saturday at 10:30 a.m. will commence at Seventh and Johnson. Following the parade, a judges' luncheon for senior entrants will be held at noon at the Ramada Inn.

The pageant begins promptly at 7:30 p.m. Saturday in the Municipal Auditorium. Entrants are to be at the auditorium at 6 p.m. A reception at the Ramada Inn will follow the pageant, honoring the new Miss Big Spring and Junior Miss Big Spring; special guest of honor, Mary Lou Butler, Miss Texas 1965, and contestants, parents and Jaycees.

Activities during the week have included a Pepsi party and dance. The girls whose pictures appear in today's Herald are the last of 17 entrants in the Junior Miss Big Spring contest.

Donna Duke, 17, daughter of Mr. and Mrs. Donald Duke, Box 438, Coahoma, is a junior at Coahoma High School. She is five feet, seven inches, with brown eyes and blonde hair.

Debbie Duncan, 16, attends Big Spring High School and is five feet, three inches, with green eyes and blonde hair. Her parents are Mr. and Mrs. James Duncan, 1300 W. 16th.

Alice Denning, 16, is the daughter of Mr. and Mrs. O. H. Denning, Route 1, Box 316. She is a sophomore at Big Spring High School and stands five feet, five inches, and has blue eyes and brown hair.

Robbie Smart, 16, is the

Woman Hurt In Accident

Johnnie Sue Lee, 1604 E. 6th, was in "satisfactory" condition at Hall - Bennett Memorial Hospital today in the aftermath of a two-car collision at West Fourth and San Jacinto Thursday at 1:45 p.m.

Officers said the accident involved a car driven by Edith Elmore Lacy, Box 295, Coahoma, and one driven by the injured woman. The impact of the collision sent the Lee vehicle into a city signal pole next to the intersection, officers said. No one else was injured.

Damage to the Lacy car was estimated at \$500, and \$1,400 to the Lee vehicle.

Four other accidents injured no one, officers said. Involved were the cars of Cassie Lee Crook, 807 W. 17th, and Allen McDonald Burns, Sterling City Route, 50 feet north of Third on Rannels; the cars of Ginger Kay Brown, 600 Highland Drive, and D. W. Day, 4101 Dixon, at Twenty-Fourth and Gregg; the cars of Jacquelyn Cook, 1706 Harvard Avenue, and Candice Jeanine Marcum, 1506 Dayton Road, in Al's Drive-In parking lot; and, in the 1500 block of Gregg, the cars of Danny Hooser, 2307 Daphne Drive, and James H. McKimby, Sterling City Route.

Clinic On Industry Attraction On Tap

daughter of Mr. and Mrs. Robert A. Smart, 1809 Settles. She is five feet, six inches, with brown hair and brown eyes and is a sophomore at Big Spring High School.

Senior entrants and their sponsors are Lynda Davidson (Bill Read Agency), Nita Medley (Highland Shopping Center), Dana Rosene (Dibrell's), Penny Frazier (Security State Bank), Susan Baker (First National

Deferment Tests Set

College students who plan to request a college student deferment should make application for the Selective Service Qualification tests soon, Robert M. Dean, chairman of the local board, said today.

Application must be made before April 23, 1966. Application forms may be obtained from the Selective Service office in the post-office building in Big Spring.

Results of the tests may be used by the local board in considering student deferment.

Tests will be administered May 14, May 21 and June 3 at most colleges and universities, including Howard County Junior College.

High school students who already have registered for the draft, and who plan to attend college, are eligible to take tests, said Dean.

Bank), Sue Frazier (Zack's), Pam Ham (Insurance Women), and Toni Taroni (Home Real Estate).

Junior entrants include Barbara Weaver (Coahoma Beauty Center), Dorothy Atchison (Childers - Reeves Beauty School), Alice Denning (Coahoma Drug), Donna Duke (Coahoma Lions Club), Margaret Zike (Big Spring Hardware), Shyrlene Ward (White's), Judy Grant (Turner Brothers), Olive Cauble (Fowler Texaco), Sheryl Moore (Marvin's Cafe), Linda Tune (Opti-Mrs. Club), Kaye Whitefield (Elmo Wasson), Brenda Robertson (Al's Drive In), Debbie Duncan (Swartz), Carla Pierce (Miss Texas Shop), Sue Clark (Caudill's), and Robbie Smart (ABC Club).

General chairman for the Miss Big Spring Pageant is John Anderson. Other Jaycees participating include Henry Hill, pageant producer; Louis McKnight, contestant activities; Howard Churchill, contestant training; Jim Anderson, entries; Melvin Fryar, sets; Joe Crump, ushers; Ron English, programs; Bill Tidwell, judges; Gary Sims, concessions; Charles Butts, awards; Dr. Sam Pieper, admissions; Richard Hughes, parade; and Lt. Jim Laney, publicity.

Labor Mediation Move Scheduled

SAN FRANCISCO (AP).—Negotiations to avert a nationwide aerospace strike against the Boeing Co. move to the nation's capital Monday.

Federal mediators say several key issues must be explored before final agreement is reached between the International Association of Machinists and Aerospace Workers and the company.

DEAR ABBY

Hair Rinse Is Pure, Too

DEAR ABBY: I never realized the ignorance and stupidity of some people until I started reading your column regularly. All they seem to worry about is what time the neighbors get home, if the boss has a girl friend on the side or not, or how many cats the lady next door has. But what stopped me cold was that woman who hesitated to dye her hair because she feared people would think she was a "fallen woman." Today even men dye their hair and think nothing of it. Tell her to go ahead and dye her hair and wear a sign on her back saying, "I AM STILL GOOD."

DEAR SICK: Or how about a sign that reads: "ARTIFICIAL COLORING HAS BEEN ADDED. CONTENTS PURE." Or better yet, let's assume the dye is cast and forget the whole thing.

DEAR ABBY: People in town say that an 18-year-old single girl who was raised in our church has had two miscarriages and one illegitimate baby which she gave away. Between the miscarriages and the baby she came forward and was "gloriously saved" every time we had a revival. She sings in the choir

and attends all the church-sponsored teenage parties. When someone complains to the preacher about this girl, he quotes something from the scriptures like, "Let him who has not sinned cast the first stone." Now I am as forgiving as the next person, Abby, but I have teenage children, and I don't want them associating with a girl like that. Also, don't you think it's wrong for teenagers to get the idea that they can go out and do anything they want and be saved again? If you were a parent in this church what would you do?

INDIGNANT DEAR INDIGNANT: First, I would be absolutely sure of my facts before repeating that story about the girl. (It sounds like malicious gossip.) And if the stories were true, I would hope that the good qualities instilled in MY children would rub off on her, rather than fret about the girl corrupting the others.

CONFIDENTIAL TO "FOOLISH AT SYRACUSE": Yes, there are plenty of dangers. Sometimes just the thought of getting into hot water keeps a guy clean.

Troubled? Write to Abby, Box 69700, Los Angeles, Calif. For

a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

Richey Selected

NEW YORK (AP)—Mrs. Billie Jean Moffitt King of Alhambra, Calif., Nancy Richey of Dallas, Tex., Mrs. Carole Graebner of Beachwood, Ohio, Jane Albert of Pebble Beach, Calif., and Mary Ann Eisel of St. Louis were selected Thursday as the 1966 U.S. Wightman Cup tennis team.

Auto Kills Ranger Man

RANGER, Tex. (AP)—Murry Ott, 75, of Ranger, a retired farmer, was struck and killed by a station wagon Thursday night while crossing US 80 at the edge of town. State Patrolman Bob Rivers identified the driver as Robert D. Myers, 33, of Dallas. Ott and his wife were returning home from a neighbor's house. She was not hurt.

A Devotional For The Day

My God, my God, why hast thou forsaken me? (Matthew 27:46)

PRAYER: I am grateful, though ashamed, that Thou didst bear the pain for me, O Christ, when I bear so little pain for Thee. Help me to follow the example of Thy sacrificial love in my relationships with my fellowmen. In all humility, I beseech Thee, in Thy name. Amen.
(From the 'Upper Room')

Wise Decision

The federal court decision not to extend the time of voter registration in Texas seems to us to be both logical and wise.

What prompted the motion by the attorney general's department for the extension is not clear, although some state politicians have pressed the point as something to get attention to their campaigns.

The publicity campaign attending the 15 days of extra and free registration by Texas voters was perhaps the greatest in the state's history. Only the completely apathetic or the mentally deficient could have

failed to be impressed by appeals to register during this period.

Attorney General Waggoner Carr pointed out in his answer filed with the court that this was the case, for 656,000 individuals had registered during the period. But he also cited another issue which is of far more concern, namely whether the federal government has the right to regulate the length of time that any state will allot to its registration. The issue at stake is equality of opportunity to register as a voter. To go beyond this is to intrude into regulation of a state's election mechanics when it has nothing to do with constitutional rights.

How About This?

Eight congressmen, equally divided between Democrats and Republicans, have called for an investigation of a "serious implication of war profiteering" in shoes for the armed forces.

They became concerned following a report by the Secretary of Commerce John T. Conner to the effect that cost of military footwear had

gone up \$1.75 from August, 1965 to March, 1966. The percentage increase was 30, whereas cost of civilian shoes had risen only about 5 per cent during the same interim.

Certainly this calls for some checking to see if the facts are as Secretary Conner said, and if they are, to take vigorous punitive action against those who are responsible for this gap.

Marquis Childs

Professional Performance

SAN JOSE, Calif.—In the scrambled politics of this fantastically growing state, Ronald Reagan, the actor turned politician, gives a smooth, professional performance. He is straight out of Central Casting, a crusader seeking to put idealism into government—the kind of role played in another time by Jimmy Stewart in "Mr. Smith Goes to Washington."

"I am not a politician," he tells every audience as he barnstorms through the San Francisco Bay area and this news seems to please his listeners.

HE IS NOT opposed to the goals of the Great Society, he tells them, but those goals must be achieved by "compassion and not by compulsion." The people in their own communities must with their own good common sense make decisions for themselves and not leave it to Washington or Sacramento, Reagan says. Centralized government, that is the great evil of our time.

WHAT HE SAYS with the skill of the professional—the pause for the laugh at the wisecrack gently dropped in, the timing for the applause—seems to have almost no relevance to what is happening in this crowded, complex society on the Pacific slope. The acrid smog, polluted waters, highway deaths on the freeways, the omnipresent threat of violence in the Negro ghettos of which Watts is only one—these have no place in Reagan's view of the political scene. His is the standard conservative line, cut taxes, cut back government spending, return to the virtues of the past.

REAGAN FACES a large order of chaos in his own party. Unreconstructed Goldwaterites, whom the candidate confronted in the California Republican Assembly here, control most party organizations. Given his allotted time to speak to the Assembly, Reagan blithely chose to call for questions and answers. Up from the audience rose a dark-haired young woman to put in the tones of a junior Miss Savoranola this query:

"What was the exact date when you left the United World Federalists?"

IF SOME DARK crime out of his

past had been suddenly brought to light the composure of the candidate could not have for the moment been more visibly shattered. In the hush that fell over the Assembly a man roared from the audience, "Wasn't that when you were a Democrat?" Here was another heresy.

But Reagan rose manfully to the occasion. When he got out of uniform in 1946 he was very naive. He had really believed that war could be prevented. Yes, he had belonged to the United World Federalists. But as soon as he learned the bitter truths of Communist perfidy at home and abroad he resigned, 1963?

The young woman persisted. It must have been earlier than that.

"**YES, I WAS** naive," he said with his boyish grin. "I was a Democrat." And the audience applauded loudly and loving him again.

If California's pressing problems seem far removed from the Reagan campaign, the crisis of battle and sudden death across 8,000 miles of ocean in Viet Nam might be happening on another as yet undiscovered planet. The war comes in only tangentially when Reagan denounces the peace demonstrators at the University of California at Berkeley. He is for free speech but when American boys are dying it must stop short of lending aid and comfort to the enemy.

THIS INVARIABLY draws the loudest applause. But applause and cheers are not the main object of the candidate's speeches. He wants his audiences to be reassured, to believe that if only Republicans can unite and unhappy Democrats jolted out their naivete can join them, all will be well again.

(Copyright, 1966, United Feature Syndicate, Inc.)

WHAT OTHERS SAY

The wildest satirist of our mad, mad, mad, mad world would not have dared to invent two affairs that have just—and rightly—hit the headlines. Both concern young girls.

The one was disqualified in a swimming championship, after she had come in fourth, because she had broken the rules by having only one leg. The other, the heroine of the now famous serviette for wiping cutlery at school meals, has been the central figure in a farce... of Dickensian caricatures.

Among those playing in this impressive cast, in support of the little leading lady, were the Home Secretary, the Attorney General, the local M.P., learned Counsel, Magistrates, Children's Officers, and last but not least, a Headmaster and the leading lady's Mama. Between them, their time, like that of the Guard in Alice Through the Looking Glass, must have been almost "worth a thousand pounds a minute."

Their combined efforts, so far, have produced results that bear a strong family resemblance to those achieved by the noble Duke of York, when he marched his men to the top of the hill and marched them down again.

As our society becomes more and more prey to bureaucracy and officialdom at all levels—kind-hearted, well-meaning, and too often boneheaded in blind obedience to procedures that do not fit the matter in hand—the need grows for men and women who are not respecters of protocol for its own sake. Red Tape is no substitute for common sense.

—THE TIMES (London)

HIGH ON OUR ANTI-POLLUTION LIST

James Marlow Advice To Frenzied Income Tax Payers Available

WASHINGTON (AP)—This is that time of broken pencils, ink on the tablecloth, canceled checks all over the floor, and more arithmetic than you do all year.

But, while there's nothing free about income taxes, they do show how free enterprise can be. Tardy taxpayers, probably millions of them with only seven more days left, are in a frenzied scramble now to make out their 1965 income tax returns before the April 15 deadline.

THIS YEAR about 65 million individual returns will be filed. To help them, the government has tried to simplify even more Form 1040 on which they make their returns. But the government didn't do a very good job of it.

In addition, to be helpful, the government has printed about 1.5 million copies of its blue-covered, 160-page information booklet, "Your Federal Income Tax." Taken as a whole, this wasn't a very hot job, either.

But this booklet, selling for 50 cents, was not copyrighted. So a couple of enterprising outfits just helped themselves to it, and all the work that went into it.

THEY HAD it reprinted, with a new cover and a different name. The contents and the drawings, word for word, are the same as the federal booklet. But whereas that government booklet sells for only 50 cents, one of the duplicates put out by the free enterprisers sells for 75 cents and the other for \$1.

Naturally, they share the virtues and defects of the government booklet which can be enormously helpful because it covers so many problems and has a good index in the back for finding the answers to them.

But, while "Your Federal Income Tax" is packed with information, it's pretty dull and heavy throughout and sometimes baffling in its complexity. It's poorly organized. And the make-up is highly unimaginative.

IT WAS put together by technicians, not writers. The techni-

cians did a very earnest, thorough job, always anxious to cover all the twisting angles of the tax laws.

Nevertheless, it could have been far more readable and easier to use with the help of professional or, at least, more skilled writers.

If there is any doubt about the widespread need of taxpayers for help and guidance in filling out their returns, this should dispel it.

Besides the 160-page federal booklet, and the two duplicates being sold at higher prices, this

writer has counted at least 16 other booklets giving advice to taxpayers.

THEIR QUALITY varies but all of them—with perhaps one exception—try to be simpler, easier to read, and better organized than the government booklet.

That exception is also published by the government. It is called "Federal Income Tax Information for Service Personnel." It was put out by the Department of the Navy. This is heavy-handed, too.

Hal Boyle

Memory Your Best Vehicle

NEW YORK (AP)—What is the best vehicle man has ever known?

Why, memory, of course. It is better than Cinderella's golden coach, because it doesn't turn into a pumpkin at midnight or any other hour.

It is better than a railroad car, because it doesn't have to stick to a schedule. It is free to travel to any place or time in the past it chooses to.

MEMORY IS faster than a space missile, more comfortable than a limousine—and usually brings you back from a journey refreshed in body and heart. What else can you ask of a vehicle?

And you've put a lot of mileage on your own memory if you can look back and remember when—

You proved you were up on your slang by saying things like, "Oh, for crying out loud!"

Mother did so much sewing that half the time she kept a thimble on while doing her other household chores. Sometimes, when her eyes were tired, the youngest children would fight for the honor of threading her needle.

THE ONLY thing most people knew for sure about Czechoslovakia is that's where the pret-

tiest glass eyes came from. In summer it didn't pay to lean out the window of a street car if you were seated behind a fellow who chewed tobacco.

Most old farmers refused to wear their store teeth except when they went into town.

In a vaudeville, one funny routine would last a performer a lifetime. He didn't have to think up a new act every week. Only schoolgirls wore long white stockings. Now you see 'em even on grandmothers.

IT WAS fondly believed that a girl who packed a good picnic lunch would never have any trouble landing a good husband.

It was harder to get a tire repaired than to have a horse shoed.

Every working man dreamed of owning at least one striped silk shirt.

The telephone was used so seldom that everybody in the house jumped when it rang—and assumed there was an emergency.

If you didn't like either of the major party presidential candidates, you could always express your discontent by voting for Norman Thomas.

The height of juvenile sophistication was to wear a lapel button that said, "Oh, you kid!"

Most businessmen thought golf was a game for idlers.

To Your Good Health

Why Blood Tests After Phlebitis?

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: I was hospitalized for phlebitis in my leg. Now I am having blood tests twice a week and take medication according to the results.

Why do some people require tests and others don't? — D. M.

Why you mention is doubtless a prothrombin time test.

Why do you need it? Let's start at the beginning. Phlebitis is inflammation of a vein, and there may be formation of a thrombus or clot of coagulated blood.

This clot has to be gradually absorbed. Obviously you don't want pieces of it to break loose with the possibility of lodging somewhere else in a blood vessel and becoming the nucleus for another clot. This explains why phlebitis patients are kept quiet. Vigorous movement, or even worse, an injury or massage, can cause trouble.

In addition, anticoagulant drugs often are used, to reduce the blood's capacity to coagulate, or form clots. This is a two-edged weapon. Yes, the drugs reduce the risk of clots, but they also can cause excessive bleeding if the dose is too high.

The "prothrombin time" is a measure of the rate at which the blood will coagulate. This coagulation rate must be slow enough to prevent formation of clots in the blood vessels, but it must also be kept high enough so that in event of any small wound, the bleeding will stop readily—even a bruise is a form of bleeding below the surface of the skin.

That is why repeated tests are made, and the amount of drug is regulated to keep the clotting speed of your blood within proper limits, neither too fast nor too slow.

Why do some people require the test and others don't? Because there are several varieties of phlebitis, from different causes and behaving in somewhat different ways. They vary greatly in severity, too. Thus time and being careful may be the principal element of treatment for one patient, while another may require elaborate care.

The prothrombin time is important whenever anticoagulant drugs are used, but if very small amounts are given and the patient's blood remains de-

pendably close to its normal clotting characteristics, tests need not be as frequent.

Dear Dr. Molner: My husband travels and only gets home every six weeks or so. Would there be any harm in taking birth control pills just the days he is home? — MRS. S. L.

They won't work that way. No harm—but go good, either. They have to be taken exactly according to instructions to do what they are supposed to do.

"You Can Stop Sinus Trouble!" is the title of my booklet explaining what sinus trouble really is, and encouraging sinus sufferers to do something about it. For a copy write to Dr. Molner in care of The Herald, enclosing a long, self-addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

Dr. Molner is happy to receive readers' questions, and whenever possible uses them in his column. However, due to the great volume of mail received daily, Dr. Molner regrets he cannot answer letters individually.

Around The Rim

Why Not Preserve That History?

Over in Mitchell County last Sunday they erected an official Texas historical marker on the "80 John" Wallace place, and there must have been at least 300 people there.

MITCHELL COUNTY'S Texas State Historical Survey Committee must be one of the most active in the state, as the "80 John" marker was the fifth in that county, and there will probably be some more markers put up there in the near future. Off hand, I can think of a couple of other places which deserve them over there.

The idea of the historical markers is a good one, even if what we are wont to call progress demands that many sites of historical interest be destroyed.

FOR, IF THE PLACES themselves can't be saved, at least the markers will tell about them and where they were, as well as what importance attaches to the sites.

Many other things of historical value, like papers, photographs, guns, name them, can and should be saved, however, and put on public view. The place for these things is an historical museum.

CORRECT ME if I'm wrong, but I hear there is no historical museum in Big Spring. I understand there once was, housed in that strange little building in City Park, but that everything got shuffled around and general-

ly forgotten, and pretty soon there was no museum. Whatever happened to the historical items which were displayed in the museum?

Is there any reason why a new museum can't be started? There is a fine site for one here somewhere, surely, and there must be about a million artifacts of early West Texas and Howard County lying around in homes just waiting for a place to be displayed for the instruction of young and old alike.

THE HISTORICAL museum in Colorado City, which was only started a very few years ago, has proved to be a good drawing card for tourists and others. It has lots of stuff, donated by interested citizens, or just on loan to the museum—like Mammoth bones, which were dug out of a gravel pit about four or five years ago near the old Dr. E. F. Dulaney homestead, ancient dresses and other costumes, Indian relics, and a veritable library of old photographs of pioneers and C-City when it was literally the "Mother City of West Texas."

MAYBE IT'S JUST that there are more people of pioneer stock in Mitchell County. The least that can be said is that they have indicated a lot more interest in their county's heritage than I've seen here, where a lot of Texas history was made.

—TOM BARRY

Profits Defy Pessimists

NEW YORK (AP)—Profits were never higher but the stock market is eyeing gloomy predictions that the earnings climb is tiring. Some even fear the trend may be reversed. The figures themselves, however, scarcely bear this out. They get bigger all the time.

THE MARKET shrugs these off as past history and tries to guess the future. What is feared is that profits will be cramped by several developments.

These include rising production costs as wage scales mount and payroll outlays are hiked by higher Social Security taxes; tight money proving both expensive and restrictive for business expansion plans and current activities; high break-in costs for new plants coming into operation or, on the other hand, unprofitable operation of aging plants as stepped-up production schedules push against the limits of capacity; and labor shortages that spell more overtime, less production, or the hiring of less efficient help.

ALL SEEM likely to happen. And also to be considered are higher tax payments this year through a speed-up in collections, and maybe higher tax rates before the year is out.

Predictions that the climb in profits is petering out are based on an interpretation of the latest figures, rather than on the figures themselves.

ACTUAL RESULTS show that in

the final three months of 1966 manufacturers' net income after taxes advanced 19 per cent over their profits for the preceding quarter. The fourth quarter net earnings also were 16 per cent above the fourth quarter of 1964. This year-to-year gain was about the same as set up in each of the first three quarters of 1965.

With some companies advancing as much as 40 per cent in profits last year, what is the reasoning behind the predictions of a letdown?

IN ADDITION to the forces out-liers earlier, the statisticians at the First National City Bank, New York, point to the season trends. They say the 19 per cent advance in the fourth quarter of 1965 from the July-September period was only slightly more than seasonal. That is, profits are usually higher in the final months, while the summer often sees a lag.

This is only slightly more than seasonal advance at the end of the year contrasted to a considerably more than usual advance in the April-June quarter and a much better than usual summer performance.

THE MORAL the statisticians draw is that in the spring and summer profits were really booming. But at year's end either the boom was tiring, or costs were mounting, or both.

Industry is still producing at near record levels in this first quarter of 1966. But what the stock market is wondering is: How much of the feverish activity is being turned into after-tax profits?

Holmes Alexander

So There's No Inflation?

WASHINGTON—President Johnson didn't exactly tell the American people to "eat less!" the other day in his first real acknowledgment that price inflation is now a reality. "Eat less!" was Senator Taft's immortal advice during a cost-rise period of the Truman Administration, but Mr. Johnson settled for "Buy less!"—not that there is a lot of difference.

BUT THE POINT is that the leader of the Great Society today finds himself driven into a narrow corner where he can hear the clock ticking off the successive moments of truth. For several weeks I had hoped to find the handle to a very elusive story about the attitude of the Great Society toward people. I had been told by Administration spokesmen that inflation didn't really exist because "nothing except food prices" were going up. I was bidden to look at gasoline costs, utility costs, automobile costs. Steady as rocks, they were. Inflation was illusory because, I was told, it had affected "nothing but bread-and-butter items." That from the Democrats, the party of the people!

MEANWHILE, it was the Republicans, supposedly the party of plutocracy, who kept pointing with alarm to the soaring costs of mere bread and butter. "That fella, Ford!" as the President calls Congressman Gerald Ford (R., Mich.), the House Minority Leader, was always bringing economic conversations around to hamburgers, steaks, bread loaves and canned goods. So was Senator Everett Dirksen, the other half of the Republican leadership team, which we call the "Ev and Gerry Show."

THEN, LATE LAST month, the Republican National Committee put out a "message" that called inflation "a hidden tax that falls heaviest upon those who have the least." A GOP fact sheet showed that the housewife who spent \$10.00 in the supermarket last year would spend \$10.45 for the same purchases this year. The same fact sheet noted that many other American values were shrinking: our gold supply, our international trade balance, our national solvency.

THE ELUSIVE STORY became easier to seize when the attitudes of both Democrats and Republicans toward inflation were examined side by side. The President, and those who know his mind, were betting that bread-and-butter costs wouldn't be

much noticed—not as long as general prosperity and general stability held up. Indeed, the Administration, up till a few weeks ago, was playing it that inflation was non-existent (seeing that foods hardly mattered in the big picture).

WELL, THE Democrats might have gotten away with the flimflam if the Republicans hadn't made so much fuss. In the narrow corner where he has had to stop dodging the realities, Mr. President admittedly may be forced to cry, "Tax more!" as well as "Buy less!" in order to prevent inflationary disaster.

The clock that ticks off moments of truth is eventually going to strike the H-hour of election day next November. And unless LBJ can divert public attention from this salient domestic problem—the cost of living—there could be a landslide of Republican elections for the House of Representatives.

Malady Study

CHICAGO (AP)—Science is putting the pressure on many of the diseases that plague mankind. Research in "hyperbarics" indicates that this new technique, involving administration of oxygen to the patient in a special engineered high-pressure chamber, has helped during heart surgery and in treatment of a number of diseases.

Until recently, the equipment was extremely expensive but, improved design and fabrication techniques have made it possible to reduce production costs, placing the equipment within economic reach of many more hospitals and medical research centers.

Carpet Flood

PALERMO, Sicily (AP)—Since 1962 the little Sila mountain town of San Giovanni in Fiere has been booming with the production of Oriental hand-loomed carpets.

The production is directed by Sergius Mscghian, an Armenian refugee who settled here at the end of World War II.

Now the town's carpet shops employ 30 girls and turn out 300 to 400 square meters of carpet a year.

Poised For Busy Season

Pictured above are members of the Big Spring Cardinals, who open their season Saturday against Webb AFB at Webb. Pictured from the left, front row, they are Tony Fierro, Manuel Lopez and Abel Ramirez. Back row, Tony Dominguez, Pano Rodriguez, Mingo Rubio, Joe Lopez, Johnny Ramirez, Ernesto Mata and field captain Benny Marquez. (Story at right.)

Cards Launch 1966 Season In Jet Game

The Big Spring Cardinals swing into baseball action for the first time Saturday, at which time they meet the Webb AFB team at Webb. The Jets lost three games to the Gage Oilers last week. Game time is 2 p.m.

The Cardinals, who played under the aegis of the Sacred Heart Catholic Church last year, are one of the area's youngest sandlot teams.

The Red Birds more than held their own in games with teams representing San Angelo, Midland, Merkel, Odessa and Lamesa last year.

The Cards have been undergoing workouts for four weeks and observers say they are improved over last year's club.

Among players with the team this year are Abel Ramirez, a catching standout in the Teen-Age leagues here a few years ago; Pano Rodriguez, third baseman; Manuel Lopez, second base; Johnny Ramirez, shortstop; Ernesto Mata, first baseman; Mingo Rubio, Joe Lopez, Rudy Claveran Jr., Tito Holguin, Felix Gonzalez, Ricardo Martinez, Tony Martinez, Joe Cadenhead, Tony Fierro and Johnny Ramirez.

The last three named will probably divide pitching duties for the club. Manny Lopez is considered one of the team's best hitters.

The Cardinals have also lined up an April 17 game at Steer Park with the Gage Oilers.

Top Athletes Appear In Coahoma Tonight

COAHOMA — Some of the state's outstanding track talent will be seen in action here today and tonight, when the first annual Coahoma Invitational Track and Field meet will be staged.

A total of 23 teams on Class AA, A and B levels will be in competition.

Among the top stars which will compete here are Lanny Cook, Sonora high hurdler; Larry LeFevre, Rule quarter-miler; Frank Williams, Abilene Woodson broad jumper; Doug Burgess, also of Woodson, a high jumper; and Coahoma's own Mike Mosley, Marshall Williams and Tony Butler.

LeFevre has been clocked in 50 seconds flat in the 440 and is the state's defending champion in Class B.

Frank Williams has cleared 22-9/8 in the broad jump. Only seven athletes in the state on any level have done better this year.

Burgess has cleared 6-4 in the high jump, ninth best in the state.

Mosley, the state's Class A champion in the half mile, has run the 880 in 1:55.2 this spring. Marshall Williams should give LeFevre a good go at it in the quarter. He's been timed in 50.8 this year.

Butler has tossed the discus 165-2, which puts him among the top dozen in the state.

Winters, Woodson, Sonora, El

L. G. WILSON

and the host school are favored to grab the team championship.

Other schools entered are Ballinger, Crane, Rankin, Hamlin, Knox City, Colorado City, Roscoe, Rotan, Merkel, Lorraine, Sands, Coahoma A and B, Klondike, Rule, Big Spring Goliad Junior High, Hobbs (Tex.) and Bronte.

A scratch meeting for coaches was scheduled for 1 to 2 p.m. Preliminaries and finals in some field events was scheduled to start immediately afterwards.

Finals in other field events get under way at 6:30 p.m. and in all running events at 7:30 p.m. Presentation of awards likely will start at 9:30 p.m.

L. G. Wilson of Winters is the meet referee. R. S. Higgins of Coahoma will be clerk of the course while Bill Carville of Sonora will serve as starter.

All first places will count as records, since this is the inaugural event. Many of the athletes present here have already qualified for Regional.

Philadelphia (AP) — "Well, we still have the edge," said Boston Celtics' Coach Red Auerbach.

"And we're still the underdog any way you look at it," said Dolph Schayes, coach of the Philadelphia 76ers.

These were almost the hottest post-mortem comments as the two coaches surveyed the results of Thursday night's 111-105 Philadelphia victory, its first in the finals of the National Basketball Association's Eastern Division.

It cut the Celtics' lead to 2-1 in the best-of-seven series that will be resumed Sunday in Boston.

That's how it stands also in the NBA's Western Division where the Los Angeles Lakers have the 2-1 edge over St. Louis with the next game Saturday night in St. Louis.

Schayes, whose 76ers beat Boston six out of 10 in regular season play, said he feels Philadelphia "finally has come out of its slump, but —" and he paused for emphasis:

"You can't take these Celtics for granted. We've got to fight every game every inch of the way."

Celts Lose To 76ers

Jack Nicklaus Low In Augusta Play

By RON SPEER Associated Press Sports Writer

AUGUSTA, Ga. (AP) — Jack Nicklaus is determined to win the Masters for a boyhood pal killed in a plane crash, and even such feared challengers as Arnold Palmer concede the defending champion will be hard to catch.

"The 68 Jack shot was damn good considering the wind," Palmer said of Nicklaus' opening charge Thursday in the 30th annual golf tournament. "If the wind dies down, it will be tough to catch him."

Nicklaus, trying to become the first to win back-to-back titles, apparently has no doubts how the tournament will go.

me determined to play well for him," Nicklaus said. "I've pretty well made up my mind how I'll play this week.

"He and I started playing golf together, and his death was a great personal loss to me," Nicklaus said of the Columbus, Ohio, friend who died in a plane crash in Tennessee along with Mrs. Barton and another couple, who were flying to Georgia to watch Nicklaus play.

Nicklaus said that he never was able to concentrate strictly on golf during the round. "I have been sick to my stomach ever since I heard about the crash," he said.

However, Nicklaus carved four strokes off par over the long Augusta National layout

and took a three-stroke lead over the field.

The 26-year-old Golden Bear, who tamed the course with a record 271 a year ago for his second Masters triumph, said he was helped by some lucky breaks en route to his 68.

"Talk about luck," Nicklaus said. "I hooked my tee shot on one and it went into the ninth fairway. I hit a four iron 25 feet from the pin, and sank it for a birdie.

"On 13, I drove into the trees, but the ball went right through into the fairway, and I got another birdie.

Palmer, a four-time winner who opened with a 74, said, "The wind certainly makes the course play difficult. But I just didn't play well. I got to waving at the ball on the back nine most of the time."

Other top names buried back in the pack with 74s were Ben Hogan, Tony Lama, Doug Sanders, Gary Brewer Jr., and Gary Player, 1961 Masters champion who was helped by what he called "the best golf shot I've ever seen."

On the par 3 12th hole, he lodged his tee shot in the mud of a bunker, then flipped the ball into the hole for a birdie.

Player said he was bothered by the wind, which baffled the field of 103 most of the day. Only five players broke par, and Nicklaus was the only golfer without a bogey.

Tied for second at 71 were amateur Charlie Coe of Oklahoma City, and veteran pros Don January, Mike Souchak and Billy Casper.

Foss Resigns AFL Post

HOUSTON (AP)—Al Davis, head coach and general manager of the Oakland Raiders, was named today as new American Football League commissioner to succeed Joe Foss.

HOUSTON (AP)—American Football League team owners were expected to name a new commissioner today to succeed Joe Foss.

Foss, commissioner since the league was founded six years ago, resigned Thursday, effective immediately, without announcing his future plans.

A name mentioned prominently around league headquarters as Foss' successor was Al Davis as the owners continued executive sessions in an effort to name the new commissioner.

Davis is head coach-general manager of the Oakland Raiders.

Ralph D. Wilson, league president and owner of the Buffalo Bills, declined to identify anyone under consideration saying only "we are discussing a number of candidates."

Milt Woodard, secretary-treasurer, automatically became acting commissioner but he let it be known he was not an applicant for the permanent job.

Cooper, Permian Track Favorites

ABILENE — Abilene Cooper will again come on strong in the field events.

The meet's outstanding individual, however, is apt to be Big Spring's Joe Jaure, a 9.6 sprinter, a fine hurdler and a definite factor in the broad jump.

Other Steers figured to accumulate points for their team include Kirby Horton in the shot put, Bobby Baker in the high hurdles and Gary Morris and Charles Thompson in the mile.

Abilene High will field the favorite in the half mile. He is Robert Monteith. He covered the distance last year in a record 1:55.6.

Permian will lean heavily upon Steve Carter in the discus (his best effort: 170-6) and DeWayne Gary, Charles Cannon and Bill Klein in the broad jump. Gary has cleared 22 feet in that event.

Carl Johnson of San Angelo figures to give Jaure a lot of trouble in the 100 and likely will win the 220.

First two finishers in each event qualifies for the Regional meet.

District records: 100-Yard Dash — 9.6, John Kennedy, San Angelo, 1965; 220-Yard Dash — 22.6, Pat Brown, Permian, 1965; 440-Yard Dash — 48.8, Jerry Wagner, Cooper, 1965; 880-Yard Run — 1:55.6, Robert Monteith, Abilene, 1965; 120-Yard High Hurdles — 14.1, Bobby Johnson, Abilene, 1959; 180-Yard High Hurdles — 18.8, Johnny Hughes, Big Spring, 1965; Mile Run — 4:26.1, Dale McDonald, Cooper, 1964; 440-Yard Relay — 42.3, Abilene (Rusty Harris, Bob Bearden, Herbert Zerbel, Bill Fischer), 1964; Mile Relay — 3:17.7, Abilene (Herbert Zerbel, Bob Bearden, Robert Monteith, Rusty Harris), 1964; Discus — 182.6, David Glover, Abilene, 1961; Pole Vault — 14.7, Larry Smith, Abilene, 1965; Shot Put — 57.4, Emory Martindale, San Angelo, 1959; Broad Jump — 23-2 1/2, Andy Springer, Abilene, 1959; High Jump — 6-4, Tim Haines, Permian, 1965.

Links Champ Ernest Welch, Big Spring mortician, is shown with a championship trophy he won in the West Texas Region of Funerals Directors tournament staged at the Odessa Sunset course Thursday. It was the second time around for Welch, who earned a similar award at San Angelo two years ago. The Odessa tournament was medal-play, in which entries made use of handicaps. Fifteen men competed.

Permian Panthers Edge Longhorns In Eighth

ODESSA — Kenneth Balthrop scored an unearned run in the eighth inning to provide Odessa Permian with a 3-2 District 2-AAAA decision over Big Spring here Thursday afternoon.

Big Spring deserved a better fate. It outhit the pace-setting Panthers, 7-6, and blew a chance to finish out the game in the seventh inning when it left the bases loaded.

Balthrop reached base on a tainted single and eventually legged it home on two Big Spring bobbles.

Gary Mears went all the way on the mound for the Longhorns while Ronald Monahan toiled on the hill for Permian.

Big Spring broke the scoring tie with a run in the third when Jerry Wilson singled and legged it home on a one-baser by Jesse Zapata.

The Black Cats tied the count in the fifth when Monte Van Stavern drilled a leadoff home run, then moved ahead in the sixth when Charley Lacy, who had singled, rode home on a double off the bat of Mike Campbell.

The Longhorns chugged into a tie in the seventh when Dean Gilstrap, pinch hitting for Bill Burchett, reached base on a misplay and raced around on a one-baser by Rod Roberts and another error. A moment ear-

lier, Berry King had tired to score for Big Spring but was thrown out at the plate.

The defeat was the second in four league starts for Big Spring while Permian is now 4-0. Abilene Cooper, the co-leader, plays today.

Van Stavern had two of Permian's six safeties. No one on the Big Spring club connected safely more than once.

LOOKING 'EM OVER

With Tommy Hoit

An Atlanta paper took a poll of 30 of the nation's top golf writers on the probable winner of this week's Masters tournament and the Latrobe Larruper, Arnold Palmer, received 13 first place votes.

Jack Nicklaus had the support of five of the writers to win it all while three each picked Gary Player and Doug Sanders and one each Ken Venturi, Bruce Devlin, Mike Souchak and Gene Littler.

"I wouldn't be surprised if Tony Lema gave them something to remember him by."

The greatest all-around athlete in the history of Big Spring High School, Joe Jaure, should score well in today's District 2-AAAA track and field meet at Abilene despite the fact that the schedule discriminates against him.

Jaure is the premier sprinter-hurdler in the league and will place in the little 170-pound Negro youth can't do, athletically. He played football well enough to rate all-district two years running. He lettered in basketball. He would probably be playing baseball now, if his schedule permitted it.

There have been other local boys who perhaps have gleaned more praise in certain endeavors than Jaure but none who could do as many things so well.

Cleveland Williams' next ring opponent will be Sonny Moore, a ring trial horse who has made a few laps. The brannigan takes place in Houston April 19.

Moore has started twice this year. He took out Ben Marshall in two rounds, then dispatched Tommy Collins in one.

When Spike Dykes takes over as head football coach at Belton this fall, he'll be working with a squad that included seven lettermen.

The Coahoma mentor isn't blinded by the magnitude of his new job. He knows he has a hard row to hoe, jumping right in the middle of a football hotbed, but no one ever approached a job with more zeal.

Some of the critics are already taking pot shots at Texas Western college's basketball program, because the Miners recruit on a nationwide basis.

No one said much about it when UCLA plucked 7-1 Lew Alcindor off a New York team, however, and it isn't raised about much that two of Kentucky's finest players, Pat Riley and Louis Dampier, hail from outside that state. (Riley is from Schenectady, N. Y., and Dampier from Indianapolis.)

The fellow who does much of the recruiting for Texas Western in the New York area is Hilton White, who toils for New York City's Recreation Department. One of the boys he recruited for the El Paso school was Willie Cager, who skipped scholastic sports while in high school because he had to work while in high school. He was discovered playing for a team called the Bronx Falcons.

Some observers say that junior high school track and field in Texas can be compared favorably with the high school brand of three decades past.

Junior high track may be better organized than it was on the high school level 30 years ago. Be that as it may, Big Spring is going to play host to the cream of the junior high crop April 16. The boys who will be making headlines in high school circles a couple of years from now and in college later on will be in action here.

One of the headliners scheduled to appear here will be the young son of a former Big Spring coach, Ted Kirby, a 660-yard runner who will be representing Kermit. He looms as a state champion.

If Don Drysdale and Sandy Koufax work into the starting rotation for the Los Angeles Dodgers from the opening of the National league season, the argument that spring training for big league baseball teams runs much too long is going to be revived.

It's long been agreed among the pros that no player needs two months to get in shape for a major league season — three weeks maybe, but not eight.

Dominican Accord Prospects In Sight

SANTO DOMINGO, Dominican Republic (AP) — A reconciliation between the Dominican people and their armed forces, a prerequisite to future political stability, appears to be taking shape in this fiery-tempered country.

There is increasing optimism that undisturbed free elections will be held in June. Most Dominicans regard this as the primary step toward national political and economic rehabilitation.

ROSY OUTLOOK

Provisional President Hector Garcia-Godoy made civilian-military reconciliation his first priority, pre-election objective, and he now regards it as more than a possibility. This feeling is shared by Dominicans who a few weeks ago doubted the outcome of his efforts because of the firmly entrenched enmities produced by last April's revolution.

The stage for the restoration of good will between the civilian population and the armed forces is believed to have been set last January when the president ordered drastic changes in the leadership of the rival military factions involved in the revolt.

STIR WRATH

These changes aroused the wrath of the regular army. It might have reacted more decisively but for the presence of the inter-American peace force. The affable but determined president rode out the storm and now regards the result as the most significant achievement of his seven months in office.

PARTIALLY SOLVED

"I don't think we have completely whipped the problem," he said in an interview, "but we are getting closer because of these bridges we're building." The bridges, he explained, were changes in thinking to bring about an understanding.

"From the very beginning, the real problem was that great chasm between the armed forces and the people. There could never be peace if it wasn't

bridged. The armed forces' attitude is very important because it affects everything. Without the support of the military nothing can be done."

IS CONFIDENT

Garcia-Godoy spoke in the presidential chambers, which have housed seven different heads of government in five years.

"Of course it isn't a perfect thing yet," he added, "but I'm confident the change will be firm and complete. And it's not really that I have done this. It's something they themselves achieved, and those around them. They're all friendlier. There is more confidence all over."

If he did nothing else, bridging the gap between the armed forces and civilians would be a major accomplishment for the lawyer-diplomat. His performance generally is considered to have surpassed the expectations when he took over Sept. 3. His critics regarded him then — as an inexperienced and visionary.

Garcia-Godoy completes his mission June 30 when the new government, to be elected June 11, is installed.

Carolina Moves Jobless To Jobs

DURHAM, N.C. (AP) — North Carolina wanted to move the jobless from its mountains and coastal plains to the jobs in its midsection, the Piedmont.

The North Carolina Fund, an antipoverty agency, had the answer: Mobility.

Mobility already has taken 279 families at the very bottom of the economic ladder and moved them, lock stock and barrel, from areas of low employment to places where jobs are abundant.

PLENTY OF JOBS

"Employers in the Piedmont are crying for workers," said Robert Lofaso, director of Mobility. "Machines are standing idle. Some companies have taken their salesmen off the road because orders are piling up."

On the other hand, he said, "the eastern and mountain areas of the state are filled with people who need work."

Lofaso said Mobility makes sure there is a job waiting for a

man before he and his family are moved.

Once the family is relocated, Mobility counselors help the wage earner so he does not swap one welfare roll for another. The counselors also help with relocation from rural to urban environments. This includes how to catch a bus, punch a time clock or enroll a child in school.

NEED RELOCATION

Lofaso says none of Mobility's clients has had to rely on welfare after relocation.

Begun as a project a year ago, Mobility originally planned to relocate families all over the nation. However, Lofaso said, "We soon found that there are jobs in North Carolina. It's just a matter of matching men with the jobs."

The U.S. Department of Labor recently approved a \$1 million grant to relocate another 2,000 families in the state.

Mobility recruiters find low income families by trodding through fields, knocking on doors, walking streets and talking to church groups.

A North Carolina Fund spokesman said those over 40 years of age are reluctant to move. "Under 40, they have more energy and are not as tied to the area," he said. The Mobility recruiters "don't try to sell the man something he doesn't want."

"Without exception," Lofaso said, "the areas where employment is high have a scarcity of housing, particularly low income homes."

He said the program plans to establish nonprofit boarding houses in the relocation areas where the families can live until they find a permanent home.

WINNERS WILL BE ANNOUNCED MAY 31, 1966

Ky Regime Survival Doubtful, Solon Says

WASHINGTON (AP) — Sen. Gale W. McGee, just returned from turbulent Viet Nam, says that if the Saigon government is toppled it will have a "tremendous impact" on a Congress already restive about the war.

The Wyoming Democrat returned from Asia Thursday and reported his impression to President Johnson in a 40-minute White House talk.

SURVIVAL DOUBTFUL

McGee told newsmen later that the rioting in Viet Nam is serious and admitted to a questioner "I don't know" whether the government of Premier Nguyen Cao Ky can survive.

McGee acknowledged in an interview that another change in Saigon leadership would give Congress' vocal peace wing

more ammunition.

"The administration critics would say we shouldn't be there, that they don't want us. But they are putting the cart before the horse. The stability of Viet Nam's government is a secondary factor in the struggle over there."

KEY FACTOR

"The primary factor," McGee argued, "is to restore the balance of Asia in the wake of the devastation from World War II."

Despite the political unrest, McGee expressed belief "the military prospect is excellent."

McGee, a strong supporter of Johnson's policy, said he didn't think any of the contending groups in South Viet Nam actually wanted to kick Americans out and were using "anti-American gimmicks" in their demonstrations to put heat on the government.

Ann Murray

SEASONLESS MOYGASHEL LINEN

Crisp, elegant imported Moygashel Linen with tiny tri-colored buttons on the sleeves. Novelty tie sash and silk chiffon scarf. A dress you'll wear for seasons ahead with all the confidence of Ann Murray's chic. Sizes 10-20.

 East-West vulnerable. East deals.

WEST EAST
 ♠ K 8 7 5 ♠ A Q 4 3
 ♥ 10 2 ♥ 8 5
 ♦ K J 4 ♦ Q 8 6 5
 ♣ A 9 8 3 ♣ K 6 4

SOUTH
 ♠ 2 ♠ A K Q 9 6 4
 ♥ 10 2 ♥ Q J 10 2

The bidding:
 East South West North
 Pass 1 ♥ Pass 1 ♠
 Pass 2 ♣ Pass 2 NT
 Pass 3 ♥ Pass 4 ♣
 Pass 4 ♥ Pass Pass

Opening lead: Jack of ♠
 By obtaining all the information he could concerning his opponent's holdings, South, the declarer at four hearts, was able to convert an apparent guess into a virtual certainty when the crucial moment arrived.

Altho the auction was somewhat indirect, the final contract was sound. South was able to show a six-four distribution by bidding hearts twice before showing his clubs. North was unwilling to give up without making one more try for game, so he raised his partner to four clubs. South decided to try for

a 10 trick game by bidding four hearts.

West opened the jack of spades, which held the trick when all hands were dealt. He continued with the ten and South ruffed in his hand with the four of hearts.

Trumps were drawn in three rounds and the queen of clubs was led for a finesse. East was in with the king and, since there was no attractive shift, he returned a club.

South put up the jack in order to lead the deuce of diamonds. West followed smoothly with the three; however, declarer had made up his mind in advance and he played the dummy's king—which held the trick. South eventually conceded a diamond to the opposition, but he had his 10 tricks in: six hearts, three clubs, and one diamond.

Altho successful manipulation of the diamond suit was essential to declarer's triumph, he virtually eliminated any guesswork by postponing his diamond play until all the evidence was in. West's opening lead of the jack of spades marked East with the ace and queen of that suit. When South took the club finesse, East turned up with the king.

If, in addition, East had the ace of diamonds, it would give him 13 high card points and three defensive tricks—sufficient for an opening bid as the dealer. Therefore, when South finally led the diamond, he was certain that West had the ace,
