## Gemini 9 Launch Set For May 17

HOUSTON (AP)—The space agency set May 17 today as the date for the nation's next manned space flight, a three-day rendezvous, docking and space walk mission by Gemini 9.

The nation's first rendezvous in space with Gemini 7 last Dec. 15. Gemini 9 was originally to be flown by civilian astronaut Elliot S. S. See Jr., and Air Force Maj. Charles A. Bassett II. However, the two astronauts died together in a jet plane crash at St. Louis Feb. 28.

## Board Delays Doctoral Edict

AUSTIN (AP)—The State College Coordinating Board postponed today its critical decision on retention of doctoral programs at East Texas State University and the law school at Texas Southern University.

University of Texas, Texas A&M, Texas Tech and the University of Houston, with Texas Woman's University and North Texas State University offering joint Ph. D. programs for the Dallas-Fort Worth area.

MEET AGAIN  
Sealey suggested that the board meet again in 10 or 12 days.

Those six schools would be classified as universities. The other 18 state-financed four-year schools would be classified as colleges, including four that now bear the name "university."

PROTESTS PROPOSAL  
East Texas State University, which would be stripped of its four Ph. D. programs and reclassified as a college, protested the proposal at an April 4th meeting, at which Texas Southern University also protested loss of its law school.

## MEMORIAL SET FOR MAJ. PENN

Memorial services for Maj. Charles H. (Chuck) Penn, who died April 10 while on duty in Viet Nam, will be held at 11 a.m. Tuesday at the base chapel at Webb AFB.

## Pleads Guilty To Murder, Judge Probates Sentence

STANTON—Margarito Cuellar, charged with murder, today took advantage of the new criminal code provision which permits a defendant to plead guilty to a

charge without a jury, in cases where the death penalty is not at issue.

Mourning

The world of cotton has changed. Symbolic of departure of old faces was the recent death in Houston of William Lockhart Clayton, 86, above. As early as 1928 he was known as "King Cotton Himself." Clayton was co-founder of the world's largest cotton firm, Anderson, Clayton and Co., established in 1904. (AP WIREPHOTO)

Arraigned before Judge Ralph Caton in 118th District Court, he entered a plea of guilty to murder without malice. The court accepted the plea. Brief testimony was presented by Wayne Burns, district attorney, and the defendant elected to place no evidence before the court.

The court sentenced Cuellar to four years in prison, and then probated the sentence. He was indicted for the March 10, 1965, slaying of Luis Aguilera.

His was the first case in the local courts where a defendant has entered a guilty plea to a capital offense and waived the services of a jury to fix punishment.

In the past, a plea of this kind in any capital case had to be presented before a jury and the jury had to decide the guilt and the punishment. The state had not asked for the death penalty 15 days ahead of the trial which is a provision in the new code.

If this is not done, even in a murder case, the defendant can plead before the court. A special venire of 100 had been called to report, but when word was received last weekend

## Indonesia's Sukarno Now Lonely Man

JAKARTA, Indonesia (AP)—President Sukarno is a lonely man, increasingly isolated from the people who long revered him.

The "president for life," now nearly 65, still has the magic in his voice but there now appears a hollow ring to his words, a rising note of shrillness as if from a grandfather who suddenly knew his children no longer listen to him.

Sukarno, called the Bung—Brother—by young and old, still shouts, still commands, still recites his array of titles, but must know he is fighting for his political life.

He gave a display of the old fire when he cried that Indonesia would never return to the United Nations unless it is reorganized.

SLAP AT MALIK  
It was a direct slap at Foreign Minister Adam Malik and the new, military-backed government. Malik had made it clear that Indonesia was returning to a more neutral foreign policy and would consider returning to the United Nations which Sukarno had walked out of in 1965.

Sukarno's fall began during that night of bloodshed last Sept. 30. A commander of the palace guard had six top army generals killed in what was believed to have been an attempted power grab by the Communists.

ABORTIVE COUP  
Even as the Communists were being arrested Sukarno continued to urge his policy of NASAKOM — nationalism, religion and communism. The army, which had begun to take control of this nation of 105 million, listened in flinty silence.

The cry of NASAKOM, even put to a song, is now almost unheard. Six months after the abortive coup, Sukarno sits alone in the splendor of his palaces at Jakarta and the mountain town of Bogor, 40 miles south.

Sukarno used to pass orders on everything from matters of state to collecting the garbage and filling potholes in the streets. One of his enjoyments was a regular breakfast session with ministers and ambassadors. Newsmen used to wait on the veranda of the palace each day for the Bung's schedule for the day.

CHIP AWAY  
The army, headed by Lt. Gen. Suharto, appears intent on avoiding the tag of a military government. They are taking their time in passing the authority from Sukarno to the new Presidium.

BOMB BRIDGE  
Led by target-marking F100 Super Sabre jets in clear afternoon skies, a pack of Air Force supersonic F105 Thunderchiefs began the raid around Hanoi Sunday by hurling 750-pound bombs at a bridge 33 miles south of the capital on the road to the chief port of Haiphong.

The span was put out of commission, a spokesman said. The jets then moved closer to the capital blasting a missile site 15 miles south of the city and another 17 miles southwest with rockets and 20mm cannon fire. A huge explosion rocked one of the missile complexes, a pilot reported. The airmen spotted rockets on the launching pads just before they roared in but only one missile was set up. It missed.

RAILWAY SPAN  
Three other flights of Thunderchiefs struck the main railroad bridge between Hanoi and Vinh with 750-pound bombs.

GET CLOSE  
Deputies Chase 'Flying Saucer'

RAVENNA, Ohio (AP)—"We were close, closer than I ever want to be again," said a deputy sheriff who chased an unidentified flying object from Ohio into Pennsylvania.

Hundreds of persons in both states reported seeing the "brilliant and shiny" object early Sunday morning.

Police Chief Gerald Buchert of Mantua, about eight miles north of Ravenna, said he took a picture of the object from his front yard but the Air Force told him not to release it. Buchert said it looked like "two table saucers put together."

Singing Farewell To Old Opera House

Hands linked, some of the world's greatest opera stars sing "Auld Lang Syne" as a final farewell to the old Metropolitan Opera House in New York Saturday night. The Met will open in new quarters in Lincoln Center in September. The fate of the old building? In three weeks it will be torn down to make room for an office building. See story on Page 5-A. ## AF Planes Pull Raid On Hanoi's Outskirts

SAIGON, South Viet Nam (AP)—U.S. Air Force jets smashed two Soviet-built missile sites on the outskirts of Hanoi in the closest raid yet to the North Vietnamese capital and left two key bridges in ruins, U.S. spokesmen reported today.

Another group of Navy fighter-bombers set off a huge explosion at a suspected missile site 27 miles south of the coastal city of Vinh, 160 miles south of Hanoi, silenced seven nearby anti-aircraft batteries and sank a junk.

The jets then moved closer to the capital blasting a missile site 15 miles south of the city and another 17 miles southwest with rockets and 20mm cannon fire. A huge explosion rocked one of the missile complexes, a pilot reported. The airmen spotted rockets on the launching pads just before they roared in but only one missile was set up. It missed.

RAILWAY SPAN  
Three other flights of Thunderchiefs struck the main railroad bridge between Hanoi and Vinh with 750-pound bombs.

leaving it completely "sagged, twisted and definitely unserviceable," a spokesman said. The bridge was hit last November but had been rebuilt, he said. The loss of five more U.S. planes in the past three days raised the number brought down in the 15-month-old air war against North Viet Nam to 210. But only two fliers were reported lost over the weekend.

SKYRAIDER LOST  
An A1H Navy Skyraider was lost to conventional ground fire this afternoon three miles south of Tiger Island and just north of the 17th Parallel frontier. The pilot was rescued by helicopter after ejecting.

Although no American planes were reported lost in the attacks around Hanoi, other heavy air strikes Sunday near Vinh and Dong Hoi cost three planes. Helicopters rescued all five crewmen.

A spokesman also said that an Air Force F4C Phantom jet hit Saturday by anti-aircraft fire near Dong Hoi, 250 miles south of Hanoi, had been given up as lost. Its two crewmen were listed as missing in action.

Over the south, Air Force B52s assaulted a suspected Viet Cong marshalling point at noon today 65 miles northwest of Saigon near the Cambodian border.

On the political front, Premier Nguyen Cao Ky's hold on the reins of government was strengthened by a declaration from the country's most militant Buddhist leader that he was prepared to let the military junta stay in power until the elections it has promised to hold in three to five months.

Thich Tri Quang, chief agitator of the month-long anti-government unrest, told nearly 5,000 followers in Da Nang that he was joining moderates in the Buddhist hierarchy in calling for a suspension of demonstrations.

TORNADO ALERT  
Two tornado watches were announced Sunday by weather bureau officials and both expired without any twister damage. A watch for North Central Texas passed at 11 p.m. and one for Southwest Texas expired at 1 a.m. today. Dallas, Fort Worth, Austin and San Antonio were among Texas cities included in the warning areas.

High winds, described as a possible tornado, blew down a radio tower and caused heavy damage to a drive-in theater at Eagle Pass.

The Dallas-Fort Worth area received over an inch of rain in about an hour, causing flooding of some streets in east Dallas and an accompanying thunderstorm damaged transformers, leaving a wide section of the Oak Cliff area of Dallas without electricity for several hours.

No hospitals were in the blackout area and police said the lack of electricity caused no emergency. They said the disruption occurred at 10:50 p.m. and estimated that utility company crews would restore all power before daylight today.

COOL FRONT  
A new cool front which moved into the state from the northwest triggered the violent weather and most of the state was to be cloudy today and thundershowers were expected in South Central and East Texas today, with more on tap by tonight in Northwest Texas.

## Destructive Winds, Hail Rip Sections

Death-dealing storms bludgeoned Texas with hurricane force winds, occasional tornadoes, torrential rains and destructive hail Sunday and Monday, taking at least six lives.

Four costly yachts burned after lightning struck while a squall line swept through the Houston area.

WEATHER BLAMED  
Three persons died as their private plane crashed during turbulent weather near Deatur in North Texas. Two drownings and a traffic accident in blinding rain swelled the toll.

Rough weather capsized a boat while Forrest Grant was fishing in Galveston Bay and he drowned. Coast Guardsmen rescued his companion, John Taylor, also of Houston.

A car struck and killed Edmond A. Smith Jr., 19, of Alvin while he was riding a bicycle on a highway between Alvin and Arcadia.

Houston was struck by a thunderstorm which produced winds up to 66 miles per hour, an area northwest of Galveston received one and a half inches of hail, a tornado whirled through the cloudy sky just south of Austin and a twister near Brady uprooted trees and damaged several houses.

## Senator To Visit Europe

WASHINGTON (AP)—Sen. Frank Church plans a two-week fact-finding trip to six European cities early in May to study administration policy effects in Europe.

Church, an Idaho Democrat, says he will leave April 30 to get material for Senate Foreign Relations Committee hearings now planned tentatively for the end of May or the first of June.

## Student, Wife, Aunt Die In Private Plane Crash

DECATUR, Tex. (AP)—A Dallas dental student, his wife and aunt were killed when their private plane crashed on a dairy farm during stormy pre-dawn darkness today.

Gary Frank Cox, 26, a sophomore at Baylor University's College of Dentistry, his wife, Patricia, 19, and Vera Cod Stapleton, 56, employed by a store in Fort Worth, were killed.

SPOTS WRECKAGE  
Dairy farmer George Atkins spotted the wreckage from his back porch today as he started to milk his cows, and said he realized at once that he probably heard the crash in the night and mistook it for thunder.

The cause of the accident was not definitely known. The State Department of Public Safety, Federal Aviation Authority, and the office of Sheriff J. R. Branch are investigating. A classmate of Cox, George A. M.

# Surefire Emcee Bob Hope Readies Another Oscar Show

By BOB THOMAS  
AP Movie - TV Writer

SANTA MONICA, Calif. (AP) — Leslie Townes (Bob) Hope arrives at Civic Auditorium at 1 p.m., while surfers are still riding the Pacific waves three blocks away.

He is in a state of unusual exhilaration — "This is the one event that puts me on edge, gets the old adrenalin pumping."

**CHECKS STAGE**

He studies the auditorium stage, on which he will be viewed by millions of people a few hours hence. It is now a clutter of cameras, cables and television workers, but Hope can envision when only he will occupy the stage. He checks the props, the prompter, the podium. All seem okay.

Hope goes into conference with the writers, who comprise a small platoon. His own sizable crew is augmented by volunteers from among the best comedy writers in films.

Last-minute suggestions for gags are heard with an appreciative snicker or guffaw. His editorial mind reacts immediately, determining what is usable. ("In the end, I'm the one who has to decide what is funny.")

Rehearsals begin. They are conducted haphazardly, since many of the principal performers cannot appear until they have been released from movie sets. Among the world's highest-paid actors, they receive nothing for this show. Nor does Hope.

**"SMILING LOSER"**

"Not only that — they snub me every year! Just call me 'the smiling loser.'"

After two complete run-throughs, interrupted dozens of times for camera and music cues, rehearsals end. Hope walks across the boulevard to a motel room, where he pores over the script, eats scantily and drinks not at all. ("I can't drink before a show or golf — slows me down too much.")

Hope dons tails and allows himself to be dabbed with make-up. The sun has disappeared beneath the horizon and the horizon and the beaches are empty as he returns to the auditorium to prepare for his entrance.

**FRETS IN WINGS**

He frets in the wings as he listens to the overture. He worries whether the gag lines with other stars will come off. ("One year I had routines with five jumbos—Bogart, Brando, Crosby etc.—and I rehearsed with each of them over the phone. The show came off great. The next year I did the same with Cary Grant, but the prompter got the lines all mixed up. Panicsville!")

Finally he hears the introduction: "Ladies and gentlemen—Bob Hope!"

To the strains of "Thanks for the Memory," he strides down the ramp with all the bounce of a brush salesman in his first week with the company. His eyes dart about the audience as the applause continues.

He flashes his clenched teeth and mutters, "I'm here for my annual insult." The audience laughs appreciatively, and he adds, "The losers this year will receive monogrammed suicide kits."

**CONTINUES ON**  
And so he continues on his

way, interspersing the sometimes deadly doings with a respectful irreverence. Two hours later, the final award has been handed over, and Hope closes the proceedings with a rueful: "There's a big victory celebration at the Hilton for the winners, while we losers will meet in the monoxide room of the Price Waterhouse garage."

An approximation of this sequence of events will take place Monday night when the awards of the Academy of Motion Picture Arts and Sciences will be announced for the 38th year. For the twelfth time, Bob Hope will be in charge of the ceremonies, and all Hollywood feels more secure because of it.

Through its history the Oscar event has been conducted by Lionel Barrymore, Will Rogers, Irvin S. Cobb, George Jessel, Bob Burns, Jack Benny, James Stewart, Robert Montgomery, Paul Douglas, Fred Astaire, Danny Kaye, Donald O'Connor, Jerry Lewis, Frank Sinatra and Jack Lemmon. The academy always returns to Hope as its most surefire emcee.

His service began in 1939, when he had barely graduated from "Big Broadcast" movies. That was the year "Gone With the Wind" swept eight awards, and Hope cracked, "I'm glad to be here at this benefit for David Selznick."

**SAME VEIN**

Hope has continued in the same vein ever since, always injecting pseudo-bitter remarks about his failure to win an Oscar. Actually, the academy has honored him four times: a silver plaque for his services to the industry, 1940; a life membership for his services to the academy, 1944; an Oscar for "his contribution to the laughter of the world," etc., 1953; the Jean Hersholt Humanitarian Award, 1960.

And what winners will share the stage with Bob Hope on Monday night?

**CLOSE RACE**

Contention for the 1965 Oscars is as close as any race in recent years. Last year's top winners — "My Fair Lady," Julie Andrews, Rex Harrison — were highly predictable. This year the outcome is anyone's guess. Here is mine:

Best Picture: In a two-movie race, "The Sound of Music" appears favored over "Doctor Zhivago." The Rodgers-Hammerstein musical, scorned as saccharine by the critics, was beloved by audiences, including those at the academy. Also runs: "Ship of Fools," "Darling," "A Thousand Clowns."

Best Actress: Which Julie gets the Oscar? Andrews for "The Sound of Music" or Christie for "Darling"? It looks like Christie, since Andrews was rewarded last year. Others in the race: Samantha Eggar, "The Collector"; Elizabeth Hartman, "A Patch of Blue"; Simone Signoret, "Ship of Fools."

Best Actor: A tight race between Rod Steiger of "The Pawnbroker," Lee Marvin of "Cat Ballou" and Oskar Werner of "Ship of Fools." Steiger's extraordinary performance has the edge. Others: Richard Burton, "The Spy Who Came in from the Cold"; Laurence Olivier, "Othello."

**SUPPORTING ACTRESS**  
Best Supporting Actress:

# Tonight Will End Suspense In Film World

Joyce Redman and Maggie Smith of "Othello" seem to cancel each other out. Shelley Winters — "A Patch of Blue" — has won before. Peggy Wood of "The Sound of Music" had little to do as mother superior. The nod goes to Ruth Gordon of "Inside Daisy Clover."

Best Supporting Actor: Another close race. Contenders are Martin Balsam, "A Thousand Clowns"; Ian Bannen, "The Flight of the Phoenix"; Tom Courtenay, "Doctor Zhivago"; Michael Dunn, "Ship of Fools"; Frank Finlay, "Othello." A flip of the coin gives the choice to Dunn.

Best Supporting Actress: Another close race. Contenders are...

SANTA MONICA, Calif. (AP) — Ending two months' suspense for nominees and fans, the movie academy presents its 38th annual Oscar awards tonight for — An auditorium audience of 2,800 including Lynda Bird Johnson and her beau, actor George Hamilton.

— Coast-to-coast television viewers seeing it for the first time in color.

The stage setting at the Santa Monica Civic Auditorium is described as one of the most lavish yet. It features two dozen fountains and pools.

**INSURANCE BILL**  
An aide says the academy has

taken out \$5 million insurance, at a cost of \$6,000, against the possibility of the temporary plumbing springing a slippery leak.

"Suppose Bob Hope or Cyd Charisse slipped, fell and couldn't work," he shuddered.

Miss Charisse will dance. Quipmaster Hope will preside over the ceremonies for the 12th time.

The two-hour show goes on at 9 p.m. Big Spring time over the ABC radio and television networks.

announced Feb. 21, the academy's voting membership of some 2,800 has picked winners by secret ballot. Results are an accounting firm's closely guarded secret.

The favorites? A veteran, close observer of the Hollywood scene says speculation runs like this:

**BEST PICTURE**  
"The Sound of Music" as best picture and Rod Steiger, "The Pawnbroker," as best actor.

"On the women's side it's between the two Julies, Andrews, 'Sound of Music,' won last year for 'Mary Poppins,' which I suppose hurts her chances a little. There's a lot of sentiment for Christie, 'Darling.'"

"Bob Wise, 'Sound of Music,' could win for directing. Among supporting-players the sentiment seems to be for Ruth Gordon, 'Inside Daisy Clover,' and Tom Courtenay, 'Dr. Zhivago.'"

# Sadler Rapped By Journalists

FORT WORTH (AP) — A resolution criticizing Texas Land Commissioner Jerry Sadler for refusing to let certain reporters see records in his office was approved here Sunday by the state convention of Sigma Delta Chi.

Gayle McNutt, Austin correspondent for the Houston Post, led a floor fight for the resolution. The Post has accused Sadler of refusing to let its reporters examine records involving State Veterans Land Board transactions.

Stuart Long, owner of an Austin news service, fought the resolution and told convention delegates that Sadler had never refused to let him see records.

Another resolution adopted by

the professional journalism organization urges the Legislature to pass a "freedom of information" law. It would provide penalties for public officials who hold unauthorized secret meetings or refuse to let newsmen see public records.

State officers re-elected were Delbert Willis of Fort Worth, state president, Jack Fallon of Dallas, vice president; Don Reid of Huntsville, secretary; and Jim Knight of Point Comfort, treasurer. Cragg Hines, a North Texas State University student was selected as vice president for under graduate affairs.

# Brother Succeeds Late Iraqi Chief

BAGHDAD, Iraq (AP) — Prospects for a power struggle in Iraq appeared to subside today after Maj. Gen. Abdel Rahman Aref, the army chief of staff, was named to succeed his dead brother as president.

Rahman Aref was chosen by the Cabinet and Defense Council at a midnight meeting Saturday eight hours after the state funeral for President Abdel Salam Aref, killed in a helicopter crash last Wednesday.

The vote for Rahman Aref was reported to have been unanimous which would contribute much toward stability of the new regime. The Defense Council includes Iraq's top military leaders.

Rahman Aref's selection was followed by an easing of the curfew imposed after his brother's death. Baghdad radio began reading telegrams of support from military posts throughout Iraq.

Aref's death had raised the prospect of bitter political fighting and perhaps worse over who would succeed him. Since he was named president by the military in 1963, Aref had maintained a precarious dominance over feuding political and religious factions.

# Envoy Scores French Move

WASHINGTON (AP) — Harlan Cleveland, America's ambassador to the North Atlantic Treaty Organization, says France has shown "independence in peace and war" by wanting to pull out of NATO.

French President Charles de Gaulle says his country will remain in the Western defense system but not in the integrated NATO defense structure created under the treaty. He says he is pulling French forces out of NATO by July 1 and has given NATO a year to get off French soil.

Cleveland, in an interview, called De Gaulle's action "a broad declaration of independence in peace and war." He added that the defense of France's 14 NATO allies cannot rely significantly "on French cooperation now or French promises about the future."

# Circus Clown For A Day...

By LOUISE LEVITT  
NEW YORK (AP) — I put on my baggy pants, smeared my face with greasepaint and practiced making faces before a mirror. I thought I looked funny. Funny and sad.

But I didn't really feel like a clown until the boy, a little boy with laughing eyes and a shy smile, put aside his cotton candy and waved at me with what must have been all his heart.

Then, I realized, I was no longer me. I was a clown, and that's a magic personality you can assume only when you believe very, very hard.

STAND ALONE  
"Circuses are like no other entertainment," Jackie Cooper, a dwarf clown, said as we watched the throngs of men, women and children pour into Madison Square Garden. "People are always half-happy before they get here."

I was realizing a long-time ambition to spend one day as a clown in a big circus.

Michael Polakovs, a clown named Coco, helped arrange my outfit: droopy checked trousers, a long striped polo shirt and an oversized coat. The big sad eyes were my own.

I was an "August" clown. Coco explained, a clown with flesh-colored makeup. He's supposed to contrast with the "white face" clown, the buffoon of the troupe.

I became dizzy with advice, words which really didn't take on meaning, I found, until I stepped into that vast arena and blurs became laughing faces.

"If you're funny, you're born with it. It's God's gift, and if you find it and you're awfully lucky..."

"You must love children, because if you don't, they know it and pull you apart." Standing in the wings was like standing between two worlds. Back stage, the circus was business. On stage, it was a wonderland made real because the audience wanted to believe it was real.

Then someone pushed into the ring, whispering: "We've got a full house today — 18,000 people."

That didn't help any, and I

## Some VIPs Sidelined By Language

By CYNTHIA LOWRY  
AP TV - Radio Writer

NEW YORK (AP) — To a seasoned viewer of television news specials, it sometimes seems that the international cast of characters is becoming quite familiar.

That is because although there are a lot of persons over the world who hold important jobs or reflect important opinions, many of them do not speak English — or anyway do not speak it well enough to be understood by an American audience.

TURN SPOKESMAN  
Thus Gen. Pierre Gallois, who speaks good, clear, tough English, recently has been popping up all over the channels to reflect the French viewpoint. So has former Defense Minister Franz Joseph Strauss of West Germany. Abba Eban, Israel's foreign minister, speaks unaccented Oxford English and Egypt's Abdel Gamal Nasser handles the language well, too.

When Konrad Adenauer, whose English is on the lean side, was chancellor of West Germany, he was much less well known to American audiences than the mayor of Berlin, Willy Brandt, who speaks it fluently.

Thus when NBC presented a documentary on nuclear proliferation Sunday the national spokesmen apparently were picked partly for their language abilities.

TRANSLATION PROBLEM  
No one has yet been able to find a way to handle translations satisfactorily for television viewers. During the important sessions of the United Nations Security Council, for instance, we heard only the bland, unemotional voice of the translator while speakers like Andrei Gromyko, on camera, obviously were orating passionately in full voice. When an interview is conducted through an interpreter, it is slow and difficult for all concerned.

POLITICAL STORM  
Goldwater's volley came as Congress returns full-force to face the Vietnamese political storm that broke during the Easter recess and as Secretary of State Dean Rusk faces the Senate Foreign Relations Committee.

The big question: What now? In going before the Foreign Relations group, Rusk once again was facing the questions of a committee that has been a hotbed of congressional criticism of Johnson's Asian policies.

But chairman J. W. Fulbright, D-Ark., said he didn't think "there will be any fireworks."

"NO EXPLOSION"  
Another senior Democrat, Sen. John J. Sparkman of Alabama expressed belief the committee could discuss the situation with Rusk — and with Secretary of Defense Robert S. McNamara Wednesday — "and not

## Barry Says Johnson Plays Politics With Viet Nam War

WASHINGTON (AP) — Barry Goldwater charged today President Johnson was playing politics with the Vietnamese war by trying to keep it at "a low level" to save Democratic seats in next fall's congressional elections.

"We're not exerting our full air power against the enemy, and I don't think that is playing fair with the men who are being drafted and the men who are being sent over to Viet Nam," Johnson's 1964 GOP presidential opponent said in a copyright interview in U. S. News and World Report.

POLITICAL STORM  
Goldwater's volley came as Congress returns full-force to face the Vietnamese political storm that broke during the Easter recess and as Secretary of State Dean Rusk faces the Senate Foreign Relations Committee.

RED-INSPIRED  
"The new civil disturbances over there — especially the demonstrations — I've looked upon as Communist inspired... If it keeps on as a continuing civil war, then I think we're in a

cause an explosion." The committee's mood, said Sen. John J. Williams, R-Del., may depend on Rusk — "to the extent he is frank with us. There is no use kidding ourselves, we are in trouble. We can't correct a problem by ignoring it."

The reason for Rusk's and McNamara's appearances before the committee is to support the administration's foreign aid requests. The hearings are to be televised nationally.

Goldwater expressed doubt the United States was doing all it could to "insure the stability in Saigon."

"PLAYING POLITICS"  
But, he continued, Johnson wants "to keep the war at a low level to save as many members of his Congress as he can. Historically the President must expect quite a loss for the 'in' party in November... whether there was a war or not. If you throw a war in, his losses could be very large."

MORE POWER  
Another call for the use of more power came from Sen. John C. Stennis, D-Miss., chairman of the Senate Preparedness Subcommittee.

"We have not yet hit with sufficient military strength and power... to win. We cannot win by this policy of holding back," Stennis said on the ABC radio-television show "Issues and Answers."

## Ricky Has Busy Day

You might say Saturday was a sort of "bad spell" for young Ricky Lloyd, son of Mr. and Mrs. Leslie Lloyd.

Ricky was the official Gay Hill School spelling champ, and competed Saturday morning in the Howard County Fourth Annual Spelling Bee. He wound up sixth in that event, which was pretty good for a young fellow of Ricky's years and experience.

Saturday night, things changed. Ricky became ill and wound up in the Malone & Hogan Hospital Foundation with appendicitis. Surgery followed and Ricky was recovering satisfactorily Monday.

His illness was sudden — Ricky showed no disturbance or discomfort as he faced up to the spelling bee chore Saturday morning.

## Rites Tuesday For Pfc. Coy Thomas

Services for Pfc. Lewis McCoy (Coy) Thomas, 27, 428 West-Over Road, who was killed in combat in Viet Nam April 13, will be held Tuesday at 3 p.m. in the Nalley-Pickle Rosewood Chapel.

The Rev. V. Ward Jackson, pastor of the First Church of God, will officiate, assisted by Chaplain (Lt. Col.) Benjamin F. Meacham, Webb Air Force Base Protestant chaplain. Military graveside rites and burial will be in Trinity Memorial Park.

He was born Dec. 29, 1938, in Big Spring, and graduated from Big Spring High School in 1957. He had attended Howard County Junior College prior to entering the service nearly nine years ago.

He arrived in Viet Nam Jan. 13, 1966, and was with the combat unit of Co. A, 1st Battalion, 5th Infantry, 2nd Brigade, 25th Infantry Division, until his death. He was a member of the

First Church of God. Survivors include his parents, Mr. and Mrs. Truett Thomas, Big Spring; also several aunts and uncles. He was a grandson of the late Mr. and Mrs. J. W. Phillips and the late Mr. and Mrs. L. H. Thomas.

## Man Charged In Armed Robbery

Police arrested Carroll Trantham, about 28, who lives in a trailer house behind the Cactus Drive-In, about 1 a.m. Sunday, and charged him with "robbery by assault" in the armed robbery Saturday night of Vernon's Liquor Store, 1000 E. 4th.

City detectives said today they have positive identification of the robber from John Bingham and Mrs. Elmer Bolte, who were working in the store, when it was robbed at gunpoint at 9:50 p.m. Saturday of between \$50 and \$100.

Officers said a man described as being about 28-years-old, about five feet, 10 inches tall, weighing about 155 pounds, entered the store, got a box of cookies and placed it on the counter. He then, according to Bingham and Mrs. Bolte, showed

from the cash register, received it, and walked out. Police said today that they received a telephone call Sunday from a woman who identified herself as "the girlfriend of the man who robbed Vernon's." Officers said the woman told them that the wrong store had been robbed, and that "the red-headed woman at the other store will be next." There are two Vernon's stores in town.

Last week Trantham had reported an attempted break-in at the Wasson Road Coin Laundry, and said he had shooed away some men in a car by firing two shots over their heads. Officers said the laundry is across the street from Trantham's trailer house.

Trantham was released from city jail on \$2,500 bond within two hours of his arrest, officers said.

## Supreme Court Voids Arizona Loyalty Oath

WASHINGTON (AP) — The Supreme Court struck down today an Arizona law requiring a loyalty oath of all state employees.

Justice William O. Douglas delivered the 5-4 decision. Justice Byron E. White wrote a dissenting opinion. Justices Tom C. Clark, John M. Harlan and Potter Stewart joined in White's opinion.

The court ruled on an appeal by Mrs. Barbara Elfrandt, a public school teacher of Tucson who refused to sign the oath. The law says public employees who refuse to sign must be taken off the payroll, although not discharged. Mrs. Elfrandt has taught for eight years without pay.

She contended the requirement denied her right of free association and free speech. She is a member of the Religious Society of Friends (Quakers), but her attorney emphasized before the Supreme Court that the fact was not being argued in the case.

Vernon Elfrandt, husband of Mrs. Elfrandt, likewise refused to sign and has taught for eight years without pay. The attack on the state law was brought in her name only.

Estimates were made that if she won the case, the Elfrandts would likely collect back pay of about \$50,000. The former Spokane, Wash., couple have received financial aid from friends and supporters of their beliefs.

Douglas said in his majority opinion the Arizona act "threatens the cherished freedom of association protected by the First Amendment."

Douglas, in his majority opinion, described Mrs. Elfrandt as a teacher and a Quaker who "decided she could not in good conscience take the oath, not knowing what it meant and not having any chance to get a hearing at which its precise scope and meaning could be determined."

Churches Quit Group

SAVANNAH, Ga. (AP)—Acceptance of women as preachers and ruling elders and pronouncements on civil, economic,

social and political matters were cited by two Savannah churches Sunday as reasons to withdraw from the Presbyterian Church in the U.S.

Raiders Nab 'Mind Study' Specialist

MILLBROOK, N.Y. (AP)—Dr. Timothy Leary, dismissed by Harvard University after experimenting with hallucinatory drugs — and convicted last month in Texas for transporting marijuana — faces a new narcotics charge.

In similar resolutions, congregations of the Eastern Heights Presbyterian Church and Hull Memorial Presbyterian Church voted overwhelmingly to renounce the jurisdiction of the national organization.

"VIOLATES CONSCIENCE" Both resolutions charged that the Presbyterian Church in the U.S.—the Southern branch — has violated its conscience as originally adopted in 1861 by the elevation of women and the pronouncements. The resolutions said the actions were contrary to the confession of faith and charged that the national group had given support to the removal of Bible reading and prayers in public schools.

"The big difference is theology . . . the new morality of Karl Barth, and another big issue is the National Council of Churches," said the Rev. Todd Allen, Eastern Heights pastor. "We believe the council is causing the church to go in a direction of endorsing civil disobedience."

A raiding party entered Leary's rented estate Sunday and seized what Dutchess County Dist. Atty. John R. Hellman called "a suspected quantity of marijuana."

Charged along with Leary with possession of narcotics were Stewart F. Swain, 46, Blue Jay, Calif., his wife, Nancy, 36, and Barry Kaplan, 20, New York City.

PLEAD INNOCENT The four pleaded innocent before County Judge Raymond Baratta in Poughkeepsie and were released on bail pending a hearing Tuesday.

Leary, 46, free on bail pending appeal of a 30-year prison term stemming from a federal narcotics conviction — at Laredo, Tex., said he was "outraged at this invasion of my home."

Leary said he was unaware of the presence of narcotics in the sprawling 64-room mansion he leased in 1963 in the name of the Castalia Foundation with himself as director.

The marijuana was said to have been found in an upstairs bedroom. Authorities said Leary was arrested since he was in possession of the house.

"LYING AROUND" Sheriff Lawrence M. Quinlan, who led the raiding party with Hellman, said: "They (about 30 men and women) were lying around on mattresses on the floor, and some were playing music with guitars."

Leary, who describes himself as a Hindu, said the foundation was devoted to "scientific and religious research." He said the persons at the 85-year-old estate over the weekend were there to help plan a summer camp that the foundation hopes to conduct on consciousness — expanding techniques.

Leary, an experimenter with such drugs as LSD, and a collaborator, Richard Alpert, were released by Harvard three years ago for assertedly using students in drug experiments.

He and the Rev. Clifford Brewton, Hull Memorial pastor, said the question of civil disobedience was not a segregation issue.

CIVIL DISOBEDIENCE "The denomination in the spring of 1964 published in the quarterly for older youth a lesson on civil disobedience," the Rev. Mr. Brewton said, "and it maintained that civil disobedience was something that came from Jesus and the Sermon on the Mount."

The Rev. Mr. Allen noted that "Abraham and Lot had disagreements; so rather than stay together and have a power struggle they parted company peacefully." He said his church cut off benevolence funds in 1964 "when it became apparent that the church was going to support the National Council of Churches."

Hull Memorial members voted 194-22 to withdraw. Eastern Heights congregation unanimously approved the withdrawal resolution, 122-0.

Rhodesia Gets Oil By Land

JOHANNESBURG, South Africa (AP)—The British campaign to keep the tankers Manuela and Ioanna V from delivering oil to Rhodesia made big headlines, but the rebellious African colony is still getting more oil each month overland than either ship carried, a South African newspaper reported today.

A survey last week showed that each day at least 45,000 gallons were shipped by trucks and 100,000 gallons by rail. An unidentified oil company official said oil firms favored the cheaper rail routes from Lourenco Marques, in Portuguese Mozambique.

Most of the truck hauling is now done by an unnamed American oil company and South African agents. The Portuguese are supplying about 10 per cent of the fuel shipped by rail.

The Greek tanker Manuela, carrying 15,000 tons of crude oil originally destined for Rhodesia, was reported Sunday heading for Rotterdam after five days in Durban, South Africa.

The Manuela was turned away from the Mozambique port of Beira by a British naval boarding party April 18 under a U.N. Security Council resolution authorizing Britain to use force against tankers trying to put into Mozambique to evade the British oil embargo against Rhodesia.

A pipe line runs from Beira to the colony whose white minority rulers defied Britain and seized independence last November to preserve white rule.

Reports from Beira said the Manuela's sister ship the Ioanna V was expected to sail from Beira May 6 without unloading its 18,000 tons of oil.

Rhodesian Prime Minister Ian Smith announced Saturday that his regime had called off attempts to have oil from the Ioanna V pumped to Rhodesia from Beira.

LISA BARRINGER Lisa Barringer Wins Lamesa Spelling Title

LAMESA (SC) — Lisa Barringer, 11-year-old sixth grader from South Elementary School, was winner in the annual spelling bee held in the Pioneer Gas Flame Room recently. She will represent Dawson County in the regional spelling bee in Labbeek later this month.

Marsha Morris was runner-up. Marsha, 12-year-old seventh grader from Dawson School, is the daughter of Mr. and Mrs. Howard Morris, Welch, and Lisa is the daughter of Mr. and Mrs. Ray Barringer, Lamesa.

Twelve contestants competed in 78 rounds of spelling. Judges were Herman Moore, South Elementary School; Mrs. Whitt Gunn, Dawson School; Mrs. Marguerite Jones, Klondike; and Mrs. Eldon Moody, Union School.

Pronouncers were Wayne Smith and Roy King.

Two Named As Society Members

Two area girls have received notice that they have been tapped for membership in Alpha Lambda Delta, national honorary scholastic society at the University of Texas. Membership is based on high freshman grades, and 147 girls were selected.

From Big Spring was Nancy Jane Thomas, 400 Washington, and from Lamesa, Elizabeth Jane Kinsey, 407 N. 16th.

Farewell Concert For Met House

NEW YORK (AP)—Some of the world's greatest singers said goodbye to the old Metropolitan Opera House at an exciting 5 1/2 hour farewell concert Saturday night the best way they know by singing their very best.

The Golden Horseshoe will hear opera no more; in three weeks it will be torn down for an office building. The Met opens its season next September in a new \$47.7-million building at Lincoln Center for the Performing Arts.

The singers at the gala made sure the farewell night was a blaze of vocal glory. Leontyne Price, singing from "Il Trovatore," has seldom if ever sounded richer.

ingly jeweled than at a Met opening night. Cornelius Vanderbilt Whitney, whose two grandfathers had helped found the Met, was there with his wife. She was wearing a diamond and ruby tiara which had belonged to the Empress Elizabeth of Austria.

VETERAN PERFORMER Zinka Milanov, who has sung 453 performances in 23 seasons, and was making her own farewell appearance, sounded as if she could be a long way from retirement. She sang the final duet from "Andrea Chenier" with Richard Tucker. They were called back for six bows — more than anybody else.

IMPASSIONED PLEA Conductor Leopold Stokowski, a spotlight shining on his white hair, made an impassioned plea to save the old Met, just after he had conducted the opening selection of the evening, the entrance of the guests — the Met chorus — from "Tannhauser."

"Turning to face the audience, the 84-year-old Stokowski said, 'It is a great pleasure to bring music to an audience of true lovers of music such as you are and in such a beautiful house. I ask you very much to save this magnificent building.'"

The audience, which had paid up to \$200 a ticket, a total of \$292,000, was even more talkative at intermissions and more elaborately garbed and glitter-

Combat GIs Make A Peaceful Landing

SINGAPORE (AP) — U.S. troops have landed in another Asian land, on a peaceful mission.

come about 80 a week for combat leaves from Viet Nam.

Despite fears of leftist protests, a trickle of American servicemen have been coming to Singapore since the government's recent decision to welcome them.

So far the program has hardly caused a ripple in this island state, which has the largest British garrison east of Suez.

U.S. officials added Singapore to the list of rest and recreation centers for American forces in Viet Nam because the American troop build-up has taxed facilities in Bangkok, Tokyo, Hong Kong and other leave cities.

ARRIVE QUIETLY The GIs arrive quietly in civilian clothes by commercial airliner and are hardly distinguishable from other Western tourists or residents in Singapore.

U.S. officials added Singapore to the list of rest and recreation centers for American forces in Viet Nam because the American troop build-up has taxed facilities in Bangkok, Tokyo, Hong Kong and other leave cities.

NO DEMONSTRATIONS Some officials were concerned that the Communists might kick up demonstrations, but none has occurred.

Once Singapore's Premier Lee Kuan Yew condemned U.S. intervention, not only in South Viet Nam but in the whole of Southeast Asia. Last week, referring to the Viet Nam war, he said: "It is a crime against humanity. But to say who is committing the crime would be taking sides."

Agents Enroll In Program The Big Spring Association of Life Underwriters is enrolled in a country wide public service program sponsored by two national life insurance organizations. The program is to encourage greater citizen participation in community affairs.

The local insurance agents have decided to establish a \$50 scholarship fund for local students in public school. Local association president is John Bennett, Box 1748.

The activity makes the local association eligible for the Louis I. Dublin Public Service Award, presented annually to local life insurance groups whose members have performed outstanding public service.

## Violence Toll Across Texas At Least 25

At least 25 persons died violently in Texas during the past weekend, including 20 who were killed in traffic crashes.

The Associated Press tabulation, started at 6 p.m. Friday and ended at midnight Sunday.

The weather was blamed for at least one death as a Teague man drowned and five persons narrowly escaped drowning when a heavy rain flooded a railroad underpass at Mexia.

**FLOODED UNDERPASS**  
Mr. M. R. Seely of Teague, drowned Sunday when he drove his car into a Mexia railroad underpass filled with water from a heavy rain. The water depth was estimated at 20 feet and the swift current swept Seely's car three-quarters of a mile down the road. Minutes before a woman and four children managed to escape from another car that had been submerged in the underpass.

Jose Huertas, about 60, of Grandfalls, was killed Saturday night in a car-pickup truck collision south of Monahans on Texas 18.

State highway patrolman Cliff Hunt's car struck and fatally injured Air Force policeman Hase Roberson Jr. of Randolph Air Force Base as Hunt was chasing an unidentified motorist 2 miles west of Seguin about 1:20 a. m. Sunday. Officers said Roberson, a Negro, walked in front of Hunt's car. The victim's home was at Schertz.

**2-CAR COLLISION**  
A collision of two cars killed Mary Sellers Bauman, 52, of Harlingen late Saturday night at the intersection of US 281 and FM 1015 in Hidalgo County. Her husband, Maier Bauman, also 52, was hospitalized.

Nicholas S. Gusman, 61, of Corpus Christi was killed Saturday night when a pickup truck swerved across US 77 and overturned 7 miles north of Sinton in San Patricio County.

Milton Wilson, 32, was stabbed to death Saturday after an argument at an Austin filling station. Police questioned a 20-year-old Austin man who surrendered.

The bodies of Edwin A. Moor, 62, and his wife were found in their home in southwest Houston early Sunday. Police said they had a telephone call from Moor, saying he had shot his wife and was going to kill himself. Patrolmen raced to the home but Moor was dead when they arrived.

**RULED SUICIDE**  
Mrs. Mary F. Wood, 46, was found dead Sunday in her apartment at San Antonio with a plastic bag over her head. Dr. Robert Hausman, the Bexar County Medical examiner, ruled the death a suicide.

Mrs. Jean Quick of Burnet was killed and six other persons were injured in a crash involving two automobiles 10 miles west of Burnet Sunday.

Stash K. Lebeck, 39, was found dead at his home at Stafford in Fort Bend County. A justice of peace ruled Lebeck died of suffocation after a cigarette set his mattress on fire.

Six-year-old Gilbert Hernandez, son of Mr. and Mrs. Gregory Hernandez, accidentally hanged himself while playing with a rope in the backyard of his home in San Antonio Sunday.

Cliff Myles, 32, of Fort Worth was killed Sunday in a two-car collision 8 miles east of Waxahachie on Highway 287. Three other persons were injured. Myles' home address was 3118 Houston Drive, Fort Worth.

## Cuban Exile's Home Bombed

MIAMI, Fla. (AP) — The second unexplained bombing of a Cuban exile's home in as many weeks exploded on the fifth anniversary of the Bay of Pigs invasion.

No one was injured Sunday when a bomb demolished one car, damaged another and shattered windows outside the home of the brother of a former Cuban president.

Antonio Prio Socarras, former Cuban finance minister, was asleep when the blast occurred. Prio, 61, is the brother of former Cuban President Carlos Prio Socarras, who was ousted in 1950 by Fulgencio Batista.

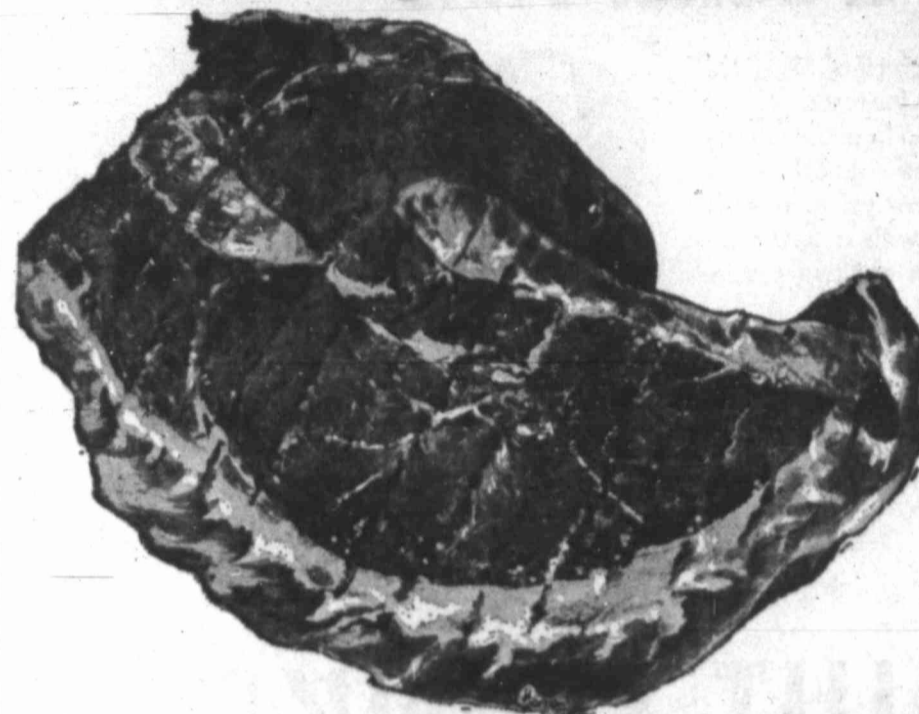

The first bombing was at the home of Armando Garcia, editor of the anti-Castro newspaper Patria. The Garcia home was damaged in the same manner — dynamite or a similar type explosive placed under a car.

Prio said he was not involved in any political activity that would prompt an attempt at his life.

#### HINTS FROM HELOISE

## Plastic Bags Save Buttons

Dear Folks: You know all those buttons we rip off stuff before we discard it?

And you know that old sewing box you have with cards and cards of buttons in it? Those cardboard take up space . . .

Well, let me tell you what to do.

I cleaned out my sewing box the other day, and the best thing I have ever found (and the least expensive yet) is those plastic sandwich bags.

When you clean out your sewing box the next time and you're watching TV, put that box of plastic sandwich bags in your lap and your sewing box on your knees. Then weed out that button box.

Throw all the buttons of different types into separate bags, twist the tops shut or fold them over neatly and fasten with rubber bands.

You'll have the neatest sewing box ever. Furthermore, you will be able to see, at a glance, what color, size and type of button you want . . . Heloise

HELOISE

Dear Heloise: I've finally found a way to stuff a turkey, or any fowl, without having a slippery, sliding battle with the critter!

I get out a big mixing bowl and upend the bird (neck-end down) in the bowl, then proceed to stuff it.

Works wonderfully and is far faster, easier and less messy than other methods I have tried. . . . Charlene Black

#### LETTER OF THOUGHT

Dear Heloise: May your house always be too small to hold all of your friends . . . George

Dear Heloise: My dad, an 89-year-old Spanish American War veteran, is using a walker which the local American Legion was kind enough to lend to us.

Someone had wrapped a piece of very soft plastic foam around the walker bar where you hold it, and secured that with strips of plastic tape.

It makes a comfortable, easily-grasped way to grip the walker and is so much softer and easier on the hands than the uncovered bar . . . Rella Royer

Dear Heloise: Being the mother of two retarded children, I found a way to hold up a diaper on a child who walks long before he can be trained.

I use small suspenders that clamp on, putting them under

### HCJC AUDITORIUM

## Piano Contest Winners Set Festival Tonight

Sixty piano students participated during the Saturday piano festival at the Howard County Junior College Auditorium. The annual event is sponsored by the Piano Teacher's Forum, and Mrs. Irma Kluck, Odessa, was the judge.

Each student played a required selection in his bracket from beginners through college preparatory. In addition, each student played a selection of his own choosing.

From those participating, Mrs. Kluck selected the following winners in each bracket.

### Six Flags Becomes Club Site

Mrs. H. M. Jarratt, 429 Edwards, left Sunday to attend the 51st Annual Convention of Texas Federation of Music Clubs. The convention will be held at the Inn of Six Flags in Arlington.

Mrs. Jarratt is a member of the Music Study Club and of the Piano Teachers Forum. She is also the parliamentarian for the Texas Federation.

The convention emphasis will be on the activities of musical students in colleges and universities. Evening programs will be devoted to concerts and recitals by the students. The ballet departments for several schools will be represented as well as various choirs and choruses.

Highlight of the convention will be a Tuesday evening concert of the Pittsburgh Symphony Orchestra at the Will Rogers Coliseum in Fort Worth.

### Baptist Class Welcomes Guest

Mrs. Sallie Newlin was a guest of the Berta Beckett Sunday school class of the First Baptist Church when they met recently at the Downtown Tea Room for their monthly session.

Mrs. Newlin, a guest at Bennett House, whose home is in Lamesa, told the group of her privilege of witnessing at the rest home. Mrs. Daisy Smythe summarized James Whitcomb Brougher's book, "Life and Laughter," and Mrs. Hallie Pearce brought the devotional thoughts.

Mrs. J. P. Dodge, president, was in charge of the meeting.

### Shirley Griffin Sets June Date

LAMESA (SC)—Mrs. W. F. Griffin is announcing the engagement and forthcoming wedding of her daughter, Shirley Mae, to Ronald Leslie Cowart, son of Mr. and Mrs. Thomas Leslie Cowart. The couple will marry June 17 in the Downtown Church of Christ.

### Association Told Value Of Wills

John W. Benson was guest speaker during the Thursday afternoon meeting of the Big Spring Chapter of the Texas School Food Service Association. The members met at the Marcy School Cafeteria with Mrs. Nathan Stalcup presiding. Benson, local attorney, spoke on "Last Will and Testament." He described the several types of wills and stressed the importance of having a will. A question and answer session followed the program.

Mrs. N. L. Childress read a birthday poem, and Mrs. Jimmy Weidel read the April poem. New officers, to be installed in May, are Mrs. Ernest Williams, president; Mrs. Roy Tidwell, vice president; Mrs. Childress, secretary; and Mrs. Weidel, treasurer.

The room decorations were in colors of red and yellow and the refreshment table was centered with an arrangement of sweet peas.

The next meeting will be May 12 at the Rannels Junior High School cafeteria.

## Landscaping Grant Received In Lamesa

LAMESA (SC) — The Dawson County Garden Club has been notified of a grant from the Sears Foundation of \$500 for beautification of the Dawson County Museum grounds, according to Mrs. Herman Petway, president of the club. The money will be spent for seeding the lawn, and for trees and shrubbery.

The Dawson County Garden Club has taken the job of restoring the grounds at the museum as its project for the year.

The newly renovated and re-decorated landmark will be open to the public late this summer or by early fall.

The award is available to civic clubs and organizations for worthwhile projects under certain qualifications and standards.

The Lamesa club, organized in 1951, has 31 members on roll and sponsors the annual flower show at the Dawson County Fair each year. It is a member of the National Affiliated Garden Clubs of America.

DEAR ABBY

**The Pills—  
Pro And Con**

DEAR ABBY: If a 16-year-old girl asked me to give her birth control pills, knowing that I was a "trusted" friend of her parents, I would be damned if I did and damned if I didn't. I would feel compelled to give her the pills, fearing that if I turned her away and she became pregnant, I would be responsible for either (a) an illegitimate baby, (b) a forced marriage, which is usually a miserable one, or heaven forbid, (c) a botched abortion. I would feel morally obligated to prevent any of the above mentioned tragedies if possible. Please withhold my name, although I am seriously tempted to ask you to print it with a request that no minor girls come to my office for birth control pills.

BEVERLY HILLS,  
M.D., OB. AND GYN.

DEAR ABBY: At a recent medical meeting some doctors said they would not hesitate to give "the pill" and contraceptive advice to any girl capable of becoming pregnant, regardless of parental knowledge or consent. Others said they would give it without parental consent IF the family minister substituted for the parent. A spokesman for planned parenthood said that that organization refuses contraceptive advice to any individual under 21 without the knowledge and consent of his parents or legal guardian. I personally have provided minors (both male and female) with contraceptives, but only after lecturing them extensively on the danger of venereal disease as well as the psychosexual hazards of promiscuity. I admit no regrets.

A FAMILY DOCTOR  
FOR 33 YEARS

DEAR ABBY: Speaking as a physician who respects to the letter the ethics of his profession, I should feel duty-bound to report to the parents all that their daughter, a minor in the eyes of the law, had confided in me. But speaking as a father of a teenage girl, I would thank God that my child had the good sense to seek the advice and help of a trusted family friend and physician since she could not bring herself to come to her mother or me.

A BALTIMORE M.D.

DEAR ABBY: As a physician and psychiatrist, may I comment in answer to MADISON M.D.: The girl who requested the pills may really not want them, but rather may be craving for the friendship and advice of someone she can trust. Her confidence should certainly be respected, as few parents are able to sympathetically counsel their teenage children.

Sincerely,  
ANOTHER M. D.

DEAR ABBY: Why are you

**Many Roles  
For Satellites**

HUNTSVILLE, Ala. (AP) — Space scientist Dr. Wernher von Braun says satellites may be used to count noses as well as radiation and other more complicated things in the future. Speaking at the League of Municipalities convention Sunday night, Von Braun said satellites also could be used to spot crop diseases and aid in water management.

He said the satellites would use man's habitations, recreational areas and industrial projects to determine population levels. These space findings would be correlated with intensive earth-based samplings of selected areas. Von Braun, director of the George C. Marshall Space Flight Center here, told 600 Alabama municipal officials that the center definitely will meet commitments to provide the hardware to put man on the moon by the end of the decade.

**Striking Miners  
Return To Work**

PITTSBURGH (AP) — Thousands of miners return to work today as negotiations resume to end the nation's largest soft coal strike in 15 years.

More than 50,000 men were idled for the past week while the United Mine Workers and the Bituminous Coal Operators Association remained at odds in Washington over a new contract. An estimated 19,000 were still off the job today.

ST. LOUIS, Mo. (AP) — The Rev. Alfred P. Klauser has been named full-time executive secretary of the Associated Church Press.

**Paper Unions  
Handed Edict  
On Production**

NEW YORK (AP) — Matt Meyer, president of the corporation formed by three merging New York City newspapers, says "we will either publish our two daily papers on April 25, or we will publish no papers at all."

The corporation, the World Journal Tribune Inc., is to publish a morning paper, an afternoon paper and a Sunday paper.

Meyer had this statement Sunday for the 10 newspaper unions, none of which has reached an agreement with the new corporation: "The April 25th date for starting our new newspapers is firm, and unless the unions recognize that this calls for some production work early this week, a situation tantamount to a strike is inevitable . . ."

**FIRST EDITION**  
The Herald Tribune, a morning paper, is scheduled to be published next Monday, April 25, as the first edition of the new corporation.

The other two papers in the merger — the Journal-American and the World-Telegram & Sun — are scheduled to appear that afternoon combined as the World Journal. The Sunday edi-

WASHINGTON (AP) — Rep. Craig Hosmer has criticized a U.S. disarmament official for being overly optimistic about the possibility of monitoring underground nuclear tests.

Hosmer, a California Republican and member of the Senate-House Atomic Energy Committee, says the official had described a technique for on-site inspection to catch violations of any treaty banning underground nuclear tests.

**Congress Back  
In Full Swing**

WASHINGTON (AP) — Congress resumes full activity today, still wondering whether it will have to face soon a request from President Johnson for an income tax increase.

Some administration supporters have suggested the decision whether to ask for a tax boost to fight inflation and help finance the Viet Nam fighting, might be made late in April. By then, reliable figures on the current income tax yield should be in, now that the deadline for filing has passed, and the closely watched cost of living statistics may give a hint whether price increases are leveling off.

Secretary of State Dean Rusk goes before the Senate Foreign Relations Committee today to outline the administration's \$3.4 billion foreign aid request.

# Teen Marriage Symposium Ends

SAN FRANCISCO (AP)—For the teenage boy who has just married, a counselor has a word of advice: "Now that you have married the girl, try to

make friends with her." Ben Ard, professor of counseling at San Francisco State College, made the suggestion Sunday at the closing of a two-day symposium on teenage marriages and divorces.

Other speakers had said that about 40 per cent of today's brides are between 15 and 18 years old, and that 50 per cent of their marriages would end in divorce in five years.

Ard asked whether any of these teen marriages aren't essentially "child marriages," at least "in the sense of the partners' inability to accommodate each other." He asked, "Should much effort be made to hold together those marriages which show strain early in the mar-

riage? Wouldn't we be better off to let them break early, before children come?"

"Isn't it better to accept the fact that all marriages cannot be expected to work out," he asked, "and accept divorce as necessary, natural and a good thing in some instances?"

"If we are to help the teenage father," he said, "perhaps one of the most important ways would be to teach him how to be happy though married. If you feel that you are beginning to hate or become indifferent to your wife because you feel threatened by some aspect of your marriage, you often can look into your own thinking and solve the problem by changing yourself, instead of attempting to change your wife."

"To the young man who has married and would like to know some ways of helping the marriage prosper, I might also say: now that you have married the girl, try to make friends with her. Too many young men and women I have seen in my marriage counseling aren't really friends even though they are married."

## GOREN ON BRIDGE

BY CHARLES H. GOREN

ANSWERS TO BRIDGE QUIZ

Q. 1—As South, vulnerable, you hold:

♠ 863 ♦ A62 ♠ AKQJ82

The bidding has proceeded:  
North East South West  
Pass Pass 1 ♣ Pass  
1 ♣ Pass 3 ♣ Pass  
3 ♣ Pass ?

What do you bid now?  
A.—Four diamonds. Prospects for a slam are excellent despite the fact that your partner originally passed. If partner shows the ace of hearts now, you will have to sign off but, if he is able to bid five diamonds, you should contract for a slam in clubs.

Q. 2—Neither vulnerable, as dealer, you have an 80 part score and hold:

♠ 62 ♥ AJ10987432 ♦ J3

What do you bid?  
A.—Four hearts. On hands of this type there is virtually no chance of ever being the contract in any other suit. So to start the bidding at a lower level only makes it easier for the opposition to enter the bidding and find their best fit.

Q. 3—As South, neither vulnerable, you hold:

♠ 9654 ♥ KQ92 ♦ A108 ♣ 4

The bidding has proceeded:  
South West North East  
Pass Pass Pass 1 ♦  
Pass Pass Dble. Pass ?

What do you bid now?  
A.—Pass. This is rather unusual strategy at the one level with only four diamonds, but you do have the required three-trump tricks plus a trick on the side, and partner's original pass makes game prospects for your side exceedingly dim.

Q. 4—Both vulnerable, as South you hold:

♠ 63 ♥ AQ852 ♦ Q954 ♣ 64

The bidding has proceeded:  
West North East South  
1 ♣ Pass Pass ?

What do you bid?  
A.—Pass. We are usually distressed to let the opponents buy a contract so cheaply, but in this instance the chances are strong that they have a much better spot. In one of the black suits, this will surely be the case if partner was laying a mild trap. If he wasn't, then the other side surely has enough strength to outbid us in any event.

**Cattle Perish In Barn Fire**

JACKSONVILLE, Tex. (AP)—Approximately 300 head of cattle perished when fire razed the Cherokee Livestock Commission Co. barn here early Sunday.

Kenneth Fox, co-owner of the firm, estimated the loss at \$295,000. He said the building was valued at \$250 and the cattle at \$45,000.

Firefighters were able to free between 50 to 75 animals.

Fox said the blaze might have been started by a grass fire. Flames shot 40 feet overhead as it levelled the 300 by 120 foot structure within 30 minutes.

**TMA Elects Waco Doctor**

AUSTIN, Tex. (AP)—The Texas Medical Association named Dr. Howard R. Dudgeon of Waco as its president-elect during the final session of its 99th annual convention Sunday.

Dr. Dudgeon will be installed as president at the association's centennial meeting in Dallas in May, 1967.

Dr. James D. Murphy of Fort Worth was installed Saturday as president for 1966-67 term.

Other officers elected Sunday were Dr. John K. Glen, Houston vice-president; Dr. Charles Max Cole, Dallas, speaker of the House of Delegates; and Dr. Wendell H. Hamrick, Houston, vice-speaker of the House of Delegates.

**Pathfinding Research Produced By Sex Study**

ST. LOUIS, Mo. (AP)—An 11-year, detailed study of the reactions of 694 men and women to sexual stimulation was published today.

The pathfinding research at Washington University in St. Louis appears destined to be as widely discussed as the Kinsey reports of a generation ago.

But, unlike the work of Dr. Alfred C. Kinsey who gathered his data mainly through interviews, the new book involves laboratory observations of humans undergoing sexual experiences.

The 365-page book, "Human Sexual Response," was prepared by Dr. William H. Masters, a gynecologist, and his assistant, Virginia Johnson, a psychologist.

FOR MEDICS  
Masters said the book was "written for the medical and behavioral professions and will not be advertised for sale outside those professions."

The book is published by Little Brown and Co. and will sell for \$10 a copy.

Most St. Louis investigators did most of their experiments under the auspices of Washington University's Medical School where Masters is associate professor of gynecology and obstetrics. Since January, 1964, they have continued the work in a non-profit organization, the Reproductive Biology Research Foundation.

**Johnson To End Holiday**

SAN ANTONIO, Tex. (AP)—President Johnson neared the end of his springtime holiday in Texas today.

Johnson, who flew to his LBJ Ranch April 7 for Easter, was expected to return to Washington late tonight with Mrs. Johnson, who will entertain 3,000 Democratic women at a White House tea Tuesday.

There was a chance the President might decide to spend another day or two on his home acres—particularly if the weather took a turn for the better. It was wet and cloudy over most of the central Texas hill country Sunday.

**Mishap Claims Third Victim**

HOUSTON (AP)—A traffic accident in Houston April 9 claimed its third life Sunday with the death of Mrs. Laverne C. Wilson, 32, of Friendship, Tex. A Silsbee couple, Mr. and Mrs. Thomas Clayton Falls, were killed at the time of the crash.

**Talk Extension Stalls Strike**

CUERO, Tex. (AP)—A 2-hour extension of contract negotiations may have averted a strike here Sunday.

Lone Star Textiles and representatives of Textile Workers of America local 1688 agreed to the extension as time for the old contract to expire neared.

It was to have been up at midnight.

A contract offered by the company will be voted upon today. Terms of the offer were not revealed.
