12 Pages

THE NURSING HOME project is now moving full steam ahead, what with the city council agreeing to call the \$350,000 bond issue for later this month.

Few people question the need of a nursing home for Friona. When you consider the facts contained in articles and advertisements in this issue of the Star, pointing out the number of older people in the Friona area, and the number of older citizens with Friona ties already residing in other nursing homes, the fact that the city could support a nursing home seems academic.

The only question, then, seems to be whether the residents of Friona will approve a bond issue at the present time, with the economy being less than A-1; and whether the steering committee can raise \$150,000 to complete the \$500,000 needed for a local nursing home.

+++
ONE IMPORTANT FACTOR is the fact that the city's bonded indebtedness is in good shape. One bond issue, a 1949 series, was retired by the city last year. Another, a 1959 paving series, will be paid off this year.

It appears certain that no tax increase will be caused should the bonds pass. City manager Jake Outland says none would appear to be needed for the 1975-76 fiscal year. Whether any would be needed further than that would depend upon the city's quarterly sales tax return, and the federal revenue sharing program.

The most that taxes can be raised by a common law city is 10 cents per \$100 evaluation, and this wouldn't amount to a great deal, even if the city found it necessary to raise taxes somewhere down the line.

+++
WE BELIEVE A first-rate nursing home is a needed facility for Friona, and we believe that if such a facility is built in Parmer County, it should be built in Friona.

One of the requirements for a nursing home says that it must be located within eight minutes of a hospital, and five minutes of a fire station—and Friona qualifies on both conditions.

Very few of us are not affected by a need for a nursing home. We all have parents or grandparents who either are at the age when such a facility could be used, or will be in that age bracket sometime in the future.

+++
WE EXPECT THAT the toughest part of the deal may be to raise the \$150,000 in cash to supplement the bond issue. This was proposed for a couple of reasons.

One was to give the non-city residents an opportunity to have a part in the building of the new rest home. The other was to peel the amount needed for the bond issue down as much as possible.

Although money may not be as plentiful for some, the members of the nursing home finance committee were optimistic.

"People are still taking trips. They are still buying cars, and other things they need. I think the same folks who always support the local drives will come through," a member of the finance committee remarked at a meeting Monday.

We recall another time when a whirlwind campaign raised over \$100,000 which was used to buy the land for the Missouri Beef Packers location. This was accomplished in about two weeks—the same time deadline set by the steering committee, and it's doubtful that there was more money in the country in 1967 than there is today.

+++
WE HAVE ALWAYS prided ourselves with being associated with a progressive city such as Friona. The folks decide to build a packing plant, so they raise \$100,000 for the land. They decide to build a showbarn-community center, and they raise \$75,000. They decide to build a hospital, and they raise the needed money.

Somehow, we don't expect the results to be different on PROJECT NURSING HOME.

+++
FOR THE SECOND TIME in as many years, our new Community Center will host a real big-time star during the month of April.

This year it's Art Linkletter, the longtime radio and television personality. And the time is Monday evening at 8 p.m., in a program sponsored by the Friona Parent-Teachers Organization.

Tickets remain on sale for the Linkletter appearance from the Friona Chamber of Commerce office. Tickets will also be sold at the door, it was announced this week by the Friona P-T-O.

Last year in April, singer Tom T. Hall helped inaugurate the new community center, appearing under the sponsorship of the Business (Continued on Page 5)

VIEW PLANS....Percy Parsons, right, chairman of the Friona nursing home steering committee, and June Spring, chairman of the publicity committee, display a photograph of a typical nursing home which might be similar to the one proposed for Friona. The

steering committee met with the city council this week, and persuaded the council to call a \$350,000 bond election to construct a nursing home in Friona. At the same time, the steering committee kicked off a \$150,000 fund drive to supplement the bond issue money.

Bond Election Set For Nursing Home

The City of Friona has called a \$350,000 bond election for Tuesday, April 22, for the purpose of constructing a 60-bed nursing home facility in Friona.

The city council called the election in a special meeting of the council Monday, March 31 with the nursing home steering committee.

The steering committee told the council that it plans a fund drive to raise \$150,000 toward equipping the nursing home. With the city to provide the majority of the funds through the bond issue if passed, the fund drive will allow non-city residents to participate in the construction of the facility.

"A recent survey showed that the most pressing need for the city at this time is a nursing home facility. We have been told by experts that a 60-bed nursing facility can be a profitable venture, and we feel that the need for a 60-bed facility in Friona is more than justified," said Percy Parsons, chairman of the steering committee.

The \$350,000 figure was arrived at by getting estimates from two separate contractors on constructing a 60-bed nursing facility. The

steering committee estimated that at least an additional \$150,000 will be needed to equip the nursing home.

"Some of the equipment will be included in the \$350,000 figure, but not nearly all of it. For instance, it is figured that around \$35,000 from the \$150,000 we hope to raise will go for furniture," said a spokesman for the steering committee.

If the bond issue passes, the nursing facility will be municipally owned. The city council would appoint a board to regulate the facility. The board would be similar to the way Parmer County Community Hospital is governed.

The steering committee had met with the city council on March 10, and explored the possibility of a bond election to provide funds. City leaders promised to explore the possibility, at the same time the committee was exploring other means of financing the building of a local nursing home.

One of the other channels explored was the creation of a hospital district. However, this would have created some problems and requirements for Parmer County Community Hospital that leaders felt would not be worth the effort along this line.

Following a lengthy discussion Monday night with members of the council, councilman Glenn Reeve made a motion, seconded by councilman Bob Alexander, that the bond election be called. The motion was passed unanimously.

City manager Jake Outland pointed out that thanks to the city's revenue sharing checks, he felt sure there would be no need for a tax increase should the bond issue pass. Under the current tax setup, the city can only raise taxes another 10 cents per \$100 evaluation, under any circumstances.

It was pointed out that the city last year retired a water and sewer issue voted in 1959, and that another bond issue, for street improvements voted in 1959, expires this year. The city's current bond indebtedness, \$238,000, is considered low by comparison of many cities.

Bob L. Davis of Amarillo, vice president of Columbian Securities Corporation of Amarillo and San Antonio, met with the city council and the nursing home steering committee to answer questions pertaining to the bond issue. Davis is a specialist in the field of municipal bonds.

Davis pointed out that the proposed nursing home could be self-sustaining within two years, or

at such time that it reached 90 per cent occupancy.

Parsons said that the steering committee had been told that a 60-bed facility could "break even" at 60 per cent occupancy.

"We have visited with people in other cities that have both nursing (Continued on Page 9)

ART LINKLETTER

Linkletter Speech Is Mon. Night

The Friona P-T-O presents Art Linkletter Monday, April 7 at the Community Center, beginning at 8 p.m.

Linkletter will be the featured speaker for the P-T-O's annual "Teacher Appreciation" program.

Tickets for the occasion remain on sale at the Friona Chamber of Commerce office and from officers of the Parent-Teachers Organization. Tickets will also be available at the door, it was announced this week.

Linkletter, the star of stage, screen, radio and television, lectures extensively on the subject of drugs, and is expected to speak on that subject Monday.

Linkletter, a television and radio star for more than 30 years, has performed in two of the longest running shows in broadcasting history, "House Party," a daytime television show on CBS for 25 years (five days a week). He also starred on "People Are Funny," a night-time NBC television show and prior to that a weekly radio show for 19 years.

Seven honorary doctorate degrees from colleges and universities have been awarded to Linkletter for his humanitarian work and his interest in youth. He was named "Speaker of the Year" in 1969 by the International Platform Associates.

He has also been named chairman for National Heart Week, Cancer Week, Arthritis Foundation, Foster Parents Plan, Goodwill Industries, YMCA and Boy Scout leadership.

Linkletter has been writing books since 1950, and has now published 13, of which "Kids Say the Darndest Things" is one of the 15 best sellers in American publishing history, and was number one for two straight years in the non-fiction list.

School Adds Extra Line

Friona High School added an extra telephone line this week, and as a result, the high school principal's telephone number has been changed.

The new telephone number for the principal and counselor's office is 247-3951.

"I know that people trying to reach the school have been bothered by receiving a busy signal most of the time. This should help the situation somewhat," said John R. Cook, high school principal.

The new number is effective immediately. Those calling the former number for the high school principal's office will reach a recorded message, giving instructions.

Area Grain Producers Pledge 10% Cutback

Between 700 and 1,000 farmers and ranchers took up where they feel government has left off Monday night at the Hereford Bull Barn as they overwhelmingly approved a resolution to stop beef imports immediately and join other producers in the Midwest in voluntarily laying out at least 10 per cent of their land for production of all farm commodities.

Coming from as far away as the top of the Texas Panhandle to the bottom of the South Plains and the eastern portions of New Mexico, the livestock and food and fiber raisers packed the Bull Barn to hear of their well publicized woes and then do something about them without the help of government. The "Emergency Action Meeting," was called by about 40 area farmers and agri-businessmen concerned with the present deflated cattle market and the fall grain market which is expected to follow suit.

The 10 per cent cutback calls for farmers to voluntarily dispose of at least that percentage of presently planted wheat through grazing or plowing up and a 10 per cent or more layout of land for other commodities especially corn, milo and other feed grains.

The action followed defeated resolutions of 14 and 25 per cent cutbacks, but the consensus was that a lower level of cutback would draw wider participation and probable impact.

However, it is only a suggested minimum as other farmers have already plowed up between 20 and 40 per cent of their wheat crops and plan similar layouts of corn and milo. Petitions containing both resolutions were signed and McCathern said that over 500 signatures

were gathered Monday night and requests poured in Tuesday for signatures and donations.

The farmers and ranchers voted to call themselves the "Farmers Layout Association," in order that they might receive donations to cover mailing and advertising expenses. About \$2,690 was collected Monday.

The money is to be used to mail out letters as well as to place ads in different large-size papers throughout the Midwest region to communicate the actions taken and encourage participation by other agriculturalists.

So far the cutback movement has spread into about 12 Midwest states including Kansas and Oklahoma. Donations are being taken under the

Pilot Survives Plane Accident

Jim (Hack) Corbell, 37, escaped with chest injuries after his plane was totally demolished on the Bruce Parr farm east of Friona around sundown Monday, March 31.

The setting sun was the factor in the crash, as Corbell, an employee for Bengier Air Park, did not see a sprinkler system on the wheat he was spraying for green bugs.

Corbell was reported in serious condition on Monday night at Parmer County Community Hospital with chest injuries, cuts and abrasions. However, by Friday, his condition had been changed to "satisfactory."

An employee at the local airport for about five years, Corbell was flying a Pawnee at the time of the crash.

WORK UNDERWAY....The contractor has begun work on Friona's new post office building on North Main Street. Most of the dismantling

of the old lumber yard buildings has been accomplished. Dirt work was begun this week by Sonny Blair, construction foreman.

association name through Hereford State Bank.

The first speaker to the podium was Gerald McCathern, who was elected chairman of the meeting. Jerry Roberts was elected secretary.

"The cotton boys suffered one of the worst years ever and grain producers are sitting right on top of a powder keg," McCathern said in reference to the low prices received for the recent cotton crop. "It seems strange to me something can't be done to arrive at a price (for grain) that both cattlemen and the grain producer can live with."

Noting that the meeting was called to reach positive solutions, he explained that a loss of both domestic and foreign markets were the problems of the grain maker. United States Department of Agriculture figures indicate that grain exports will be cut by 24 per cent and that the cattle feeding industry's demand for grain will be off by 40 or 50 per cent.

He said the amount of beef imported was equal to about seven per cent of the total domestic consumption, which caused a flooded market and bad prices. The same situation might occur with the grain markets this fall if the intended production is fully harvested.

Solving the interests of the cattlemen first, a resolution was passed to demand that the

Winter In Last Blow --Maybe??

Old Man Winter, whom most folks thought had been packed away, made his usual pre-Easter visit to the Friona area Friday and Saturday, March 28-29, and threw what is hoped to be his last punch for the 1974-75 winter season.

An arctic front blew in early Friday morning, and residents awoke to find two to three inches of snow on the ground, with streets and roads slick as glass.

The late cold spell probably ruined the area's fruit crop for 1975, as most fruit trees were in full bloom, and looked pretty sad following the weekend storm.

The moisture received from the snow melted down to .15 inch in Friona, and made a total of .25 inch for the month of March.

City, School Election Set Saturday

Polls will open from 8 a.m. to 7 p.m. Saturday (April 5) for the city and school election in Friona. Polling place is the Friona Fire Department.

Voters will scan a ballot containing ten names in the school board election, seven of which are running for the one-year unexpired seat, to fill out Ann Porter's term.

Those running for the one-year school board term are Charles Hough, Norman Kothmann, Kenneth McLellan, Clarence Monroe, Dr. Jon Mack Roden, V.R. Wilcox and Floyd Reeve.

Three opponents are seeking the two three-year seats on the board. They are Wesley Barnett, Leroy Lundy and Ronald Smiley. Barnett and Smiley are the incumbents.

In the City Council race, where three members will be elected, Martha Bates and Glenn E. Reeve, Sr. are the incumbents running. Also on the ballot are Patrick Pace, Steve Struve and Kenneth Neill.

Presiding at the election will be Lee Whitten and Mrs. Ray Landrum, judges, Mrs. Kenneth Williams, Mrs. T.A. Shirley, Mrs. Maurine Dunn, Mrs. Bobby Weid, Mrs. Bill Stephens and Mrs. Ralph Taylor, clerks.

MEETING TIME ALTERED

Monday's meeting of the Friona City Council has been moved up to 7 p.m.

The council will have a short agenda, states City Manager Jake Outland, to enable members and others to attend the Art Linkletter speech if they wish.

Friona Flashbacks ...from the files of The Friona Star

45 YEARS AGO--APRIL 4, 1930
 Armour and Company takes this method of announcing to the people of Friona and vicinity that they will open an up-to-date cream station in the H.P. Eberling Building on Main Street. Will Langfeldt of Lockney is in charge as manager. The company is prepared to pay top prices for cream, eggs, poultry, hides, etc., and will handle a full line of all kinds of feeds.

40 YEARS AGO--APRIL 5, 1935
 Saturday of this week will be school election day for the purpose of choosing three members of the school board of trustees. There are six candidates, forming two tickets. The first ticket will consist of F.W. Reeve, J.B. McFarland and David Moseley, the three present trustees whose terms expire. The other ticket will consist of P.B. Griffith, Ed Boggess and E.R. New.

30 YEARS AGO--APRIL 6, 1945
 The Melody Club of Friona was represented by 18 voice students of Miss Mattie Mae Swisher at Hereford recently. Ten rated superior, seven excellent and one very good. Students from Friona included Doris Stovall, Gertrude Euler, Edd Uri Talbot, Wynona Carter, Yvonne White, Johnny Hicks, Lillye Treider, Alta Mae Wilkins, Betty Jones, Joyce Ann Miller, Ella Hill, Denisee Magness, Deann Buske, Oleta Lloyd, Sally Osborn, Phyllis Treider, Doris Jane McFarland and Don Lewis.

25 YEARS AGO--MARCH 31, 1950
 Bert Neelley, former advertising and assistant manager of the Hereford Brand, has purchased the Friona Star and will assume duties as publisher and editor effective Saturday, April 1. A former news editor

of the Tulia Herald, Neelley and his wife have two sons, Robert, 7, and Richard, 3.

15 YEARS AGO--MARCH 31, 1960
 For the first time since 1949, John (Indian) Crim of Lazbuddie, acknowledged scion of weather forecasters in Parmer County, has predicted a good year. His annual forecast, made at sunrise March 22, found the wind blowing gently from the north by northwest. He expects 1960 to be a good bit like 1949, which was the last year High Plains farmers made good dryland crops.

10 YEARS AGO--APRIL 1, 1965
 Sam P. Barnes, who is currently Business Manager and Assistant Superintendent at Dumas High School, has accepted the position of superintendent of schools at Lazbuddie, effective July 30.

5 YEARS AGO--APRIL 9, 1970
 Pouring of cement began in earnest at the New Friona State Bank site on Monday, as the contractor used a giant steel container and a crane to get the cement to the critical places. Cement was poured for the bank vault and foundation. Some 100 yards of concrete were poured on Monday at the site.

A 20-year-old resident of Friona, Allison Precure, was dead on arrival at Lubbock's Methodist Hospital following a two-car crash near the SIB Gin south of Friona. Hurt critically in the wreck was a Hub community man, Roy Bridgeman, 36. The victims were taken to West Plains Memorial Hospital in Muleshoe and later transferred to Lubbock. The accident occurred about 7:45 p.m. Both vehicles were totally destroyed. Precure, a lifelong resident of the area, attended school at Lazbuddie and Muleshoe. He was employed at Missouri Beef Packers in Friona.

Classes Set In Amarillo

A beginner's class in genealogical research, sponsored by Group Services of Amarillo Public Library and the Amarillo Genealogical Society, will be conducted this month and the first Saturday in May at the Amarillo Public Library, according to information received from those groups.

The class is for all interested Panhandle residents with no fee and no purchase of materials required. Instructor will be Mrs. Jerry Sinise, vice president of the society, using course notes prepared by Mrs. Albert Wilson.

The classes are scheduled from 10 to 11 a.m. on the following Saturdays--April 5, 19, 26 and May 3. Although the classes will be an hour in duration, those attending may remain and work as long as they desire. The library closes at 9 p.m.

Friona School Lunch Menu

Week of April 7-11
MONDAY--stuffed weiners with cheese, mashed potatoes, hot rolls-butter, green beans, chocolate cake and milk.

TUESDAY--steak, corn, hot rolls-butter, green beans, apple cobbler and milk.

WEDNESDAY--tacos, pinto beans, cornbread-butter, lettuce and tomato salad, pineapple rice pudding and chocolate milk.

THURSDAY--cubed beef and gravy, mashed potatoes, hot rolls-butter, English peas, strawberry short-cake and milk.

FRIDAY--hamburgers, French fries, catsup, lettuce, tomatoes, pickles, fruit salad and milk.

SCS Report

Cool season pastures such as fescues and wheatgrasses, are producing their maximum amounts of forage now. Farmers such as Charles Bass and Frank Hinkson are taking note of this fact.

They also know that if their grass is grazed too close it will stop growing. The top growth in grass and

the root growth are in direct proportion to each other. The shorter the top the shorter the roots. A good root system is necessary for the plant because plant food is manufactured in the leaves through photosynthesis.

Each person using grass at this time needs to keep the above facts in mind.

I knew there was a reason I liked you. How long have you been insured with. . . .

Putting People first makes you Number ONE with us and that's pretty important to all concerned.

WITH Charles Allen PEOPLE COME FIRST

This week the Friona State Bank gives a pat on the back to Charles Allen, Executive Vice President, who started with our firm in the bookkeeping department 29 years ago. Charles is active in civic works, not just in Friona, but in the entire Texas Panhandle area. He is presently the Governor of District 2T-1 of Lions International, and has been a member of the local Evening Lions Club since 1946. Since that time he has held many of the offices in the organization. He serves on the Board of the Texas Panhandle Heritage Foundation, on the Board of American Studies at Wayland Baptist College and is on the Board of City Development of Friona. He is also active in church work at First Baptist Church where he is a member of the choir, past choir director, teacher in the Primary Department and is chairman of the finance committee. Charles loves all outdoor activities, from yard work to playing golf, fishing and hunting duck, pheasant and quail. He is also interested in antique automobiles as a hobby. With active folks like Charles around, you bet he shows a real interest in our customers.... which just goes to prove that at Friona State Bank, "People Come First."

Putting People First makes you Number ONE with us and that's pretty important to all concerned.

GSPA Recommends Reduced Plantings

"Grain producers who cannot afford to sell their grain for \$2 per 100 pounds this fall should consider cutting acreage, finding alternate crops or contracting at higher prices either through cash contracting or hedging their crop," according to Elbert Harp, executive director of Grain Sorghum Producers Association.

"The \$2 is not a prediction," Harp explained, "but it is a possibility if a normal crop is produced on the acreage now intended for grain production and the proposed changes in the government farm program are not enacted into law."

The March sorghum ac-

reage intention as released by USDA shows an overall increase of six percent above 1974. With an average yield, this could be a total grain sorghum crop of 900 million to one billion bushels, on top of a possible record yield of corn.

This total production of grain would be geared to maximum consumption at record levels in both domestic and export markets. With cattle on feed less than 60 percent of a year ago and hog numbers down by more than 15 percent, there is little real evidence that consumption will be running at record levels, Harp explained.

The GSPA executive pointed out his concern that prices will drop at harvest. "We could go from our present grain deficit to a surplus almost overnight," he said, adding that the surplus stocks could cause grain prices to drop back to government loan levels or to the previously mentioned \$2 level.

Harp said, "We have no assurance that grain prices

will not drop to loan levels, as they did for cotton. Two years ago cotton prices were 60 to 80 cents per pound, but last fall they crashed back to loan levels of 16 to 20 cents per pound."

A survey conducted recently by Grain Sorghum Producers Association of members throughout the sorghum belt indicated farmers are ready and willing to cut back at least 25 percent on their production this year. Of the survey cards returned, more than 93 percent supported the cutback in acreage. Of those who did not support a cutback, most of them said it was too late—they had already planted.

With reduced plantings to keep supply in balance with demand, Harp said prices are more likely to remain strong.

"Unless consumption levels re-establish themselves at previous record levels, or we have another short crop, there is a real possibility that farmers can buy grain this fall cheaper than they can produce it," Harp said.

Phone Assistance Offered To Area Tax Sufferers

With income tax filing season coming to a close, the Internal Revenue Service (IRS) has announced that it will extend its toll-free telephone tax help hours to accommodate the expected crush of last-minute filers.

A.W. McCannless, district director of IRS operations in North Texas, said today that during the final two weeks of filing season Texas taxpayers will have an extra 21 and a half hours in which they can phone the IRS toll-free for answers to their tax questions.

Saturday, April 5, and Saturday, April 12, the toll-free lines will be in operation from 8 a.m. to 4:30 p.m. Tuesday, April 15, the last day for filing returns, tax experts will be on hand to answer questions by phone until 9 p.m. The IRS' regular business hours of 8 a.m. to 4:30 p.m., Monday through Friday, will remain the same in addition to the extended hours.

Taxpayers can reach the IRS toll-free by dialing 800-492-4830 from anywhere in North Texas. This year's tax return must be post-marked no later than midnight, April 15, 1975.

Class Slated For Parents

A class in "Parent Effectiveness Training" will be offered beginning April 17 at Friona State Bank. This is an 8-week class in parent education which promotes the "No-Lose" method of communicating with children.

Founded in 1962, in California, the course has spread across the country, with over 4,000 licensed instructors now teaching classes of approximately 25 parents how to listen so children will talk, talk so their children will listen, and solve problems so that no one in the family loses. The resulting closeness and cooperation has been reported to make both children and parents happier and to eliminate the so called generation gap. This is an educational class and not therapy!

Roy Alexander, a psychologist with the Mental Health Center will be the instructor for this class. According to Alexander, "Parenthood is the only major job in our culture for which no training is required or even available, and P.E.T. can bring to Farmer County the effective interpersonal skills needed to fill that void."

The class will be held on eight consecutive Thursdays, from 7 to 10 p.m. at the Bank's Community Room. According to Alexander, the course is open to fathers and mothers of children of all ages, to single parents, and to all interested adults working with youth. The tuition covers the 24 hours of instruction and includes a soft-cover workbook and a new hard cover textbook entitled Parent Effectiveness Training, written by the creator of the course, Dr. Thomas Gordon, and published by Peter Wyden Inc.

For further information, call the Central Plains Family Service Center in Friona at 247-3976.

LEGAL NOTICE

NOTICE OF ELECTION THE STATE OF TEXAS: COUNTY OF PARMER: CITY OF FRIONA:

TO THE RESIDENT, QUALIFIED ELECTORS OF SAID CITY WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION, AND TO ALL OTHER RESIDENT, QUALIFIED ELECTORS OF SAID CITY:

TAKE NOTICE THAT AN ELECTION WILL BE HELD IN SAID CITY AS PROVIDED IN AN ORDINANCE CALLING AN ELECTION DULY PASSED BY THE CITY COUNCIL OF SAID CITY, WHICH ORDINANCE IS SUBSTANTIALLY AS FOLLOWS:

ORDINANCE CALLING AN ELECTION THE STATE OF TEXAS: COUNTY OF PARMER: CITY OF FRIONA:

WHEREAS, it is deemed necessary and advisable to call the election hereinafter ordered; and

WHEREAS, it is hereby officially found and determined: that a case of emergency or urgent public necessity exists which requires the holding of the meeting at which this Ordinance is passed, such emergency or urgent public necessity being that the proceeds from the sale of the proposed bonds are required as soon as possible and without delay for necessary and urgently needed public improvements; and that said meeting was open to the public, and public notice of the time, place, and purpose of said meeting was given, all as required by Vernon's Ann. Civ. St. Article 6252-17.

THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FRIONA:

1. That an election shall be held on April 22, 1975, in said City at the following designated polling place: CITY FIRE STATION, 102 E. 8TH STREET, FRIONA, TEXAS

Said City shall constitute a single election precinct for said election, and the following election officers are hereby appointed to hold such election:

Presiding Judge: Nelson Welch; Alternate Presiding Judge: Mrs. Ralph Roden

2. That the Presiding Judge shall appoint not less than two qualified election clerks to serve and assist in conducting said election; provided that if the Presiding Judge actually serves as expected, the Alternate Presiding Judge shall be one of such clerks.

3. That by approving and signing this Ordinance the Mayor of said City officially confirms his appointment of the aforesaid election officers to serve at said election; and by passing this Ordinance the governing body of said City approves and concurs in the appointment of the aforesaid election officers.

4. That said election shall be held and conducted in effect as two separate but simultaneous elections, to-wit: one election at which only the resident, qualified electors who own taxable property in the City and who have duly rendered the same for taxation shall be entitled to vote, and another election at which all other resident, qualified electors of the City shall be entitled

to vote. The votes cast at each of said separate but simultaneous elections shall be recorded, returned, and canvassed separately. It is hereby declared that the purpose of holding the election in such manner is to ascertain arithmetically, with respect to a submitted PROPOSITION, (a) the aggregate votes cast at the election for and against the PROPOSITION by resident, qualified electors of the City and also (b) the aggregate votes cast at the election for and against the PROPOSITION by resident, qualified electors who own taxable property in the City and who have duly rendered the same for taxation. Each elector shall be entitled to vote once, in accordance with the provisions of this Ordinance.

5. That notice of said election shall be given by posting a substantial copy of this Ordinance at the City Hall and at two other places in said City, not less than 15 days prior to the date set for said election; and a substantial copy of this Ordinance also shall be published on the same day in each of two successive weeks in a newspaper of general circulation published in said City, the date of the first publication to be not less than 14 days prior to the date set for said election.

6. That at said election the following PROPOSITION shall be submitted in accordance with law:

PROPOSITION Shall the City Council of said City be authorized to issue the bonds of said City, in one or more series or issues, in the aggregate principal amount of \$350,000, with the bonds of each such series or issue, respectively, to mature serially within not to exceed forty years from their date, and to be sold at such prices and bear interest at such rates as shall be determined within the discretion of the City Council, for the purpose of constructing a municipal public building in said City, to-wit: a building to furnish medical facilities for the treatment of geriatrics; and shall said City Council be authorized to levy, and cause to be assessed and collected annual ad valorem taxes in an amount sufficient to pay the annual interest on said bonds and provide a sinking fund to pay said bonds at maturity?

7. That the official ballots for said election shall be prepared in accordance with the Texas Election Code so as to permit the electors to vote "FOR" or "AGAINST" the aforesaid PROPOSITION, which shall be set forth in substantially the following form:

 People choose Valley for plenty of reasons. One is darn good service.

High Court Changes Collection Practice

The Texas Supreme Court reaffirmed an earlier ruling regarding the Texas commodity check-off law on March 26.

"The ruling will require each producer to sign a form indicating his participation or exemption in the check-off program at the time of settlement," explained Elbert Harp, executive director of Texas Grain Sorghum Producers Board. "This is the only change in the law," Harp added.

Texas Agriculture Commissioner John C. White pointed out the judgment results in requiring the commodity boards to make only one change in their collection procedures.

"Collection can now be made only after each producer has indicated his desire with respect to whether he wishes to have an assessment made or not," White said.

He added that no other changes in the administration of the program are necessary and that first handlers who are the collectors of the assessments are still responsible for making collections exactly the same manner as in the past.

Expressing appreciation for cooperation shown in the past by grain processors to TGSPB, Harp pointed out that 96 percent of the farmers in TGSPB's area have been participating in the TGSPB program.

"This strong support has

enabled TGSPB to accomplish many goals benefitting the sorghum industry. TGSPB grants accelerated research that provided greenbug resistance in sorghum. TGSPB nutritional research resulted in higher loan and target prices. And overseas promotion by TGSPB developed strong export markets," Harp said.

"Our record of only four to five percent of producers asking for refunds indicates farmers want TGSPB's program of research, education and market development," Harp continued.

New forms are being mailed to each grain processor in TGSPB's 29-county area. The forms must be signed by each farmer at the time of settlement, showing whether he wishes to participate in the TGSPB program.

"Except for this new requirement, the procedure for settlement will be handled exactly as in the past with the completed forms and money due at the TGSPB office by the tenth of the month following settlement," Harp concluded.

SLEEP KNITS — Carefree cotton knits provide stylish sleepwear that's long on comfort. The multi-colored jumpsuit has a front-button placket and no-slip feet, while the gown features a rickrack-trimmed peasant top above a plaid skirt. By Carter's, both are available in sizes 4 to 14.

Grain Men Propose 10% Crop Cutback

(Continued from Page 1)

government immediately stop beef imports. It will be sent to President Gerald Ford, the vice-president, all cabinet officers, congressmen and senators and all major federal agency department heads.

It has been suggested that all imported beef be brought up to USDA grading and sanitation standards, but Deaf Smith County Commissioner Bruce Coleman asked that it be left out as it might cloud the issue.

Coleman, a cattleman and grain producer, said the present problems resulted from an over supply of beef which in turn can cause an abundant tonnage of grain. This then results in cheap grain prices and both broken grain and cattle producers.

He suggested solutions including the controlling of grain prices through lower tonnage, stopping the beef imports and voluntary or required labeling of packaged meat (either grainfed or grassfed).

Leo Witkowski, president of the Texas Wheat Growers Association and Hereford farmer agreed saying that Secretary of Agriculture Earl Butz should come out with a figure of production of what exactly is needed. He requested a 2.8 million bushels wheat crop when the peak production before has reached only 2 million.

McCathern has described the corn crop in a similar situation since a 6-million bushel corn crop has been anticipated for only a 4 million

bushel market. "It would be economic suicide," he added.

The wheat growers group has also promoted a study through the highly recognized Harvard Business School to investigate exactly what the U.S. has to offer the world through agriculture.

He along with Elbert Harp, executive vice president of the Grain Sorghum Producers Association, moved for a resolution to back the farm bill pending before the Congress. It includes a 90-day moratorium on beef imports and other measures for one year but it must still pass a House and Senate conference committee before being considered by President Ford.

Star Lites....

(Continued from Page 1)

Activities Committee of the Chamber of Commerce.

The community center has opened up a number of new avenues, such as the shows mentioned, as well as the athletic banquet, which hosted national coach of the year Grant Teaff of Baylor.

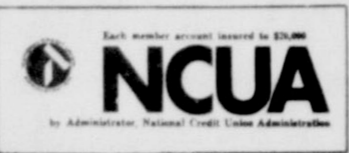

The Art Linkletter appearance should be another success for the facility. Linkletter is one of the real glittering stars of "Show business," and he is probably the best-known personality ever to appear locally.

So don't miss Monday night's program. You'll probably always wish you hadn't.

HANDY GEORGE'S FIX-UP TIPS!

If you tie or tape a stick to a paintbrush before setting it in paint remover, the bristles won't become bent while sitting.

If you have a problem with a chair-leg joint coming out and it's too loose for glue to hold well, do this: Hammer a small wedge into the dowel. As the dowel is forced into the hole the wedge will sink into the dowel and widen it, thus making it hold better. Glue is always a necessity for a joint like this.

HEALTH VIEWS

HOW TO CONQUER NERVOUS TENSION

Americans are a busy, ambitious people, moving at a rapid demanding pace. This high-pressure creates abnormal tensions in otherwise healthy people engulfed in an ever-increasing technological society.

How do you know you are suffering from tension? Watch for these signs.

1. Do you talk extra loud, extra fast, in a higher pitch than normal?
2. Do you have a "washboard forehead"? Occasional frowning is a normal reaction for a person under control — but it can be a sign of mounting tension.
3. How is your posture? When you lie down, check your neck and shoulders for tightness. Does the small of your back relax into the comfort of your bed or does it stay tense and rigid? Do you have difficulty falling asleep or do you awake very early?

When your neck, back, shoulder, abdominal, pelvic or thigh muscles are taut, they may pull your spine out of normal alignment. Psychic stresses, as well as physical and chemical stresses, can cause misalignments of vertebrae compounding nerve tissue insults and consequent aches, pains, and functional disturbances. Serious disorders can be the result.

Nervous tension creates physical as well as mental problems, harnessing human potential. If you find yourself irritable or constantly "on edge" and not easily able to relax or to concentrate, it would be wise to consult a doctor of chiropractic. He is highly skilled in correcting spinal misalignments, reducing spinal tension, and aiding the restoration of normal nerve function to all vital organs of the body. In addition, the doctor of chiropractic can recommend a thorough program for releasing tension, developing your ability to relax, and more adequately coping with environmental stress.

SPRING?...The calendar says it's spring, but this large ice formation on a tree in the Friona City Park indicates that winter is still trying to hold on. Old Man Winter made a late

appearance in the area last weekend, bringing sub-freezing temperatures and three inches of snow.

J. W. Crim Predicts Dry Year For Area

More bad news than good, weatherwise, is the prediction John "Indian" Crim came up with when he made his annual weather forecast at sunrise Saturday, March 22.

"It's a bad wind, it's going to be drier than it is now but I don't see any hailstorms in it," Crim said after reading smoke signs from a pile of burning wood at his farm near Lazbuddie. "I think these boys better get their irrigation pumps in shape and be ready to use them," he commented. "They're gonna need 'em to come out with a crop."

Crim, 75, a retired farmer, is a weather prophet of sorts whose annual prediction has been gospel for many farmers in West Texas and Eastern New Mexico.

Using Indian signs, he has been forecasting weather predictions at

sunrise every March 22 for the past 50 years. Uncannily accurate, his predictions are seldom wrong. Last year, he predicted a dry spell and few farmers in Parmer County have forgotten the drought of 1974.

Crim claims to have inherited the smoke reading technique from his father who picked it up from Indians while working as a mule tender for the railroad in Southwest Texas.

The annual woodburning ritual usually attracts a number of neighbors and farmers interested in the prediction, and Crim gets inquiries about the forecast from miles around. "I do this for my own benefit and I didn't make it public until 1952," he explained. Crim is teaching his grandchildren the Indian technique to keep the family tradition alive.

NEW SECRETARY..Arcina Gamble is the new secretary at the Friona Chamber of Commerce, replacing Peggy Bryant, who has resigned. A native of the

Crowell area, Arcina's husband Mike is manager of Friona's branch office of Tri-County Savings & Loan Assn.

SUE CANNON in the OLTON ENTERPRISE: Goal-This is the slogan that has been adopted by the Chamber of Commerce for the year 1975. (Lubbock and Amarillo aren't going to "outdo" Olton! GOAL-Give Olton A Lift-GOAL.

How do you give Olton a lift? Talk about the good points of your town to your friends. (Boy, do I need to take this and practice it....I've griped and griped about how dirty our town is. But, have you noticed...some guys cleaning our streets up on Main? Keep it up!

Tell everyone what friendly, gracious, unselfish people live in our community and surrounding area.

Consider our economic worth. We are in one of the very best locations in the United States as far as I can tell.

Prove that you believe in your town by supporting it. The merchants here are doing their dead level best to offer you everything you need.

I'm sure there are a number of other things that GOAL could bring to mind but this is just a starter. Food for thought, so to speak.

Latest Methods

Mammography, thermography, xeroradiography, these long words spell fast methods for detecting breast cancer in its earliest stages when it is most curable. The American Cancer Society wants every woman to know about them.

Taking Up The Habit

Youngsters will be more likely to smoke cigarettes if their parents and teachers and "good examples" do. Please be a "good example" and don't smoke, says the American Cancer Society.

FRIONA CONSUMERS

Phone 247-2771

**On The Farm
In Parmer County
MACK HEAD
County Agent**

AFTER APRIL 14 consumers will begin to see "a new face" on beef cuts in their favorite supermarket.

That's when new grade standards by the U.S. Department of Agriculture go into effect. Of course, the grades will only appear on meat graded by USDA graders, which is a voluntary service that meat packers must request.

The new grades are designed to keep meat quality at a high level and may help lower consumer costs.

The major change in the grade standards is that all beef carcasses that are officially graded will be identified for both quality and yield. These two value grades will give a better determination as to the true worth of the carcass.

Another change, will be that the conformation of shape of the carcass will no longer be a factor in determining the quality grade since it is not related to eating quality of meat. However, conformation is indirectly used in yield grade determination.

With the new standards, beef carcasses up to 30 months of age will have the same minimum marbling (fat flecks among the lean meat) requirements in Prime, Choice and Standard grades as now required for the youngest carcasses classified as "beef".

This will mean more lean carcasses in these three grades since animals will probably be put through a shorter finishing period in feedlots. In turn, feeding costs should be reduced.

Furthermore, a "new" Good grade has been established that allows for slightly more marbling in the younger animals up to 18 months of age. Thus beef in the Good grade will be more uniform in quality.

Young beef animals up to 15 months of age with traces of marbling will no longer be graded Good but will go to the Standard grade.

All in all, the new grading system should be advantageous to consumers. Meat quality standards are not being lowered, as many people seem to think. While keeping quality at a high level, the new grades will hopefully bring more lean meat to the supermarket and help consumers reduce meat costs per serving.

HANGING BASKETS continue to gain in popularity, adding a touch of nature to many surroundings.

Hanging baskets can be hung in carports, terraces, porches, under trees or inside the home.

Any plants with drooping foliage such as ferns are excellent for hanging baskets. Asparagus sprengeri ferns are popular because they can tolerate a lot of direct sun and some cold, but Boston type ferns need high humidity and partial shade to do well.

Succulent plants such as hen chickens or burro tail sedum make good plants for hanging baskets and can tolerate considerable heat and drought.

Periwinkles and portulaca will bloom through the hottest weather on into fall, and petunias do well during spring and early summer.

Galvanized wire baskets with pressed or sphagnum moss liners and wooden and terra cotta hanging planters all make good containers.

Fill the basket with a good potting soil high in organic matter such as peat moss, and place plants at the same depth they were originally growing.

Because hanging baskets are exposed to hot dry air on all sides, plants should be watered two or three times a week. You may water the plants by immersing the bottom of the container in a tub of water.

A water soluble fertilizer should be used once or twice a month.

By snipping off dead flowers, seed pods or leaves and pruning back vining plants to encourage branching, hanging baskets can be attractive throughout the growing season.

**Friona Farmer Makes
DeKalb "Yieldmasters"**

Harry Hamilton of Friona was recently cited by the DeKalb Yieldmasters Club for his 1974 production of 214.43 bu. per acre of corn, which was the highest yield recorded from Texas this year by the club.

Hamilton's yield was mechanically harvested from a solid block measuring 43,988 acres and verified by an impartial, third party. The yield came from a field of DeKalb XL-72a.

According to Hamilton, the "key" to obtaining his top yield was "proper irrigation and a good standing hybrid—DeKalb XL-72a. Except for a couple light showers, we didn't have any rain in June and July. I started irrigating when the corn was about three-fourths knee high and continued all summer, putting on a total of 15 inches."

Hamilton planted the field on April 10 in 40 inch rows and had an estimated harvest stand of 25,700 plants per acre.

His fertilizer program included 250 lbs. of nitrogen and 50 lbs. of phosphate. Hamilton controlled weeds with Atrazine at 1 1/2 lbs. per acre. He used Furadan at 25 lbs. per acre for insect control.

Hamilton farms 960 acres including 292 acres of corn, 123 acres of sorghum and 140 acres of wheat.

He stores his grain at the local co-op elevator before marketing it. And, also hedges some on the futures market.

Concerning DeKalb, Hamilton says, "I've been growing corn for three years in this area. XL-72a is not as tall as other varieties. It stood real well through our windy fall and also was easy to combine. It fills out from end to end."

The purpose of the club is to promote an exchange of ideas among the nation's leading grain producers and to recognize them for their outstanding accomplishments as well as their important role in helping feed the world. Through the sharing of this information, the program also encourages farm management and cultural practices that will aid farmers in obtaining maximum profit from each acre.

Farmers, from across the country, submitted nearly 1,000 corn, sorghum and silage yields to the club this year.

To make use of a stained or faded tablecloth, cut place mats and napkins from the still-good portions. Dye the cloth a color that blends with or accents tableware. Fringe or hand hem edges to finish.

Harry Hamilton of Friona, recorded the top corn yield in Texas in the 1974-75 DeKalb Yieldmasters Club. He harvested 214.43 bu. per acre with DeKalb XL-72a.

**FHS Students Enter
District UIL Meet**

Some 43 Friona High School students are entered in the District UIL literary meet at Littlefield Saturday.

The students are entered in 11 events at the district meet. Three events have already been completed. FHS' one-act play won first in district, and will compete at an area meet in Plainview on April 12. Also, the journalism and ready writing events have been completed previously.

Entries for Friona in the district meet will be:

Debate—Pam Veazey and Carol Bavousett; John Carson and Bryan Johnston; Phillip Hand and Charles Fleming. **Alternate team:** Mark Edelman and Jay Jarboe.

Informative speaking—Jeanine Jarboe, Phillip Duggins; Jay Jarboe, Phillip Hand (alt). **Persuasive speaking**—Susan Garner, Jerri Benge; Mark Edelman and Charles Fleming (alt).

Poetry interpretation—Gary Stone, Pattijon Talley, Noel White and Greg Mathos (alt).

Prose reading—Hope Mays, Cris Beck, Elaine Dandridge and Shannon Taylor (alt).

Oral reading—Lucas Constancio

and Lex Stanfield; Sharla Benge and Diane Westbrook.

Spelling and plain writing—Linda Anthony, Mack Bush and David Whitaker.

Number sense—Ronald Land, Don Howard, Charles Fleming and Bryan Johnston (alt). **Science**—Debbie Wilkerson, Audrey Sprouse and Brad Beene.

Slide rule—Karen Merrill and Lisa Edelman. **Typewriting**—Susan Garner. **Shorthand**—Janice Hayes, Patti Crump and Vickey Jackson (alt.).

Members of the one-act play cast, already district winners, were Gary Stone, Phillip Duggins, Noel White, Cris Beck, Charles Fleming, Jay Jarboe, Bryan Johnston, Carol Bavousett, Jeanine Jarboe, Hope Mays, Pattijon Talley, Pam Veazey, Lisa Edelman and Shannon Taylor.

Entrants in the journalism competition were Jeanine Jarboe and Elaine Dandridge, feature writing; Don Howard and Charles Fleming (news writing); Pattijon Talley and Pam Veazey, editorial writing; and Cris Beck and Phillip Duggins, headline writing.

Those who entered the ready writing contest were Carol Bavousett, Hope Mays and Gary Stone.

Little Dribbler Stars Fare Well At Regional

Friona's Little Dribblers All-Stars won three games and lost four in the regional tournament held at Bovina March 27-29.

The major division all-stars compiled a 2-2 mark, winning over Sudan and Springlake-Earth, but losing to Hart, the eventual tournament champion, and Dimmitt.

The junior stars won their first game over the Hart stars, 56-29, but lost to Dimmitt 40-37, and to Bovina, 30-27 in the double-elimination tournament.

The major league stars topped Sudan in their first game, 40-39 in a close-fought overtime battle. Mike VanTyle scored 16 points to pace Friona.

In their second outing, the majors dropped a 37-32 decision to Hart, the champions. Ricky Vera scored 11 points and VanTyle 10.

Forced into the lower bracket, the all-stars came back for a 39-36 win over Springlake-Earth, paced by a 26-point performance by Vera.

The Friona team was eliminated in a hard-fought game against Dimmitt, that saw the local team

holding a 37-36 lead with 16 seconds left and Friona got a free shot. However, Friona missed the shot. Dimmitt rebounded, and raced downtown to score with only six seconds left to pull out a 38-37 win and gain the finals.

The junior stars, holding quarter leads of 10-6, 20-14 and 33-27 in their opening round battle with Hart, scored an unbelievable 23 points in their final six-minute quarter to bury the Hart stars, 56-29. Mike Neill, who had 12 points in the fourth-quarter outburst, had 23 to claim game scoring honors.

Dimmitt's junior stars relaxed Friona to the loser's bracket with a 40-37 win in the second round, in a game that saw a Friona player score a basket for Dimmitt. Bruce Patterson scored 16 points and Mike Neill 15.

The local stars were eliminated when Bovina, the home team, scored a 30-27 win. Neill and Patterson, with 13 points each, scored all but one of Friona's points.

"We had some extremely close games in the tournament, and we were very proud of the way Friona's

all-stars performed," said all-star coach Kenneth Neill.

They Hurl The Discus . . .

Mitchell Wiseman

Davy Carthel

WEIGHTMEN...Friona Chieftain discus throwers Mitchell Wiseman, left, and Davy Carthel, have won every discus event they have entered so far this spring. Davy won

Farwell's Twin Cities meet, while Mitchell won the event at Littlefield and Hereford. Mitchell's winning effort at Hereford, 147-5, is the ninth best in the area this spring.

Carthel's best in competition is right behind, at 145-9. They will throw for the Chieftains at Springlake Saturday.

Clark Has Best Class AA Jump

Chieftain high jumper David Clark has the best jump for any class AA track performer, according to the area's best track and field marks compiled this week by Garet Von Netzer of the Amarillo Globe-News.

Clark's 6-3 effort in his first outing of the season at Hereford March 22 ranks him fifth overall, but the only performers with better jumps are Delbert New of Amarillo High (6-8), Mark Hughes of Beaver, Okla. (6-5), David Muelker and Ricky Rankin of Roswell, N.M. (6-4).

Teammate Dale Cleveland's jump of 6-2 ranks seventh, two notches

behind Clark.

Another Chieftain track performer, Mitchell Wiseman, ranks ninth among all of the area's discus throwers with his winning 147-5 at Hereford. A Floydada trackster, Leslie Soto, has the best mark, at 169-11. The only other class AA performer on the list is Mike Lancaster of Childress, sixth at 148-2.

The Chieftains compete at Springlake this weekend, and then on April 11-12 will be entered in the giant Amarillo relays. The district meet will be the following week.

Bond Election Set For Nursing Home

(Continued from Page 1)

homes and hospitals, and in some cases, the nursing home is 'carrying' the hospital, financially," Parsons commented at the meeting.

The committee has talked with several landowners at potential sites for a nursing home, but will do nothing concrete until after the bond election.

"I feel that adequate property is available. It must be located within five minutes of the hospital, and eight minutes of the fire department," Parsons said.

Enough land will be sought for not only the nursing home, but to allow room for possible future expansion, and for the addition of "retirement cottages" on the property, especially for older couples who desire to be a part of the nursing home community, but still live together.

A main item of discussion at Monday's meeting both with the Friona City Council, and a further huddle session by the publicity committee was whether or not the bond issue could be passed, and whether or not the \$150,000 in cash could be raised at this time when money is somewhat tighter than usual.

"I know there were several industries who contributed heavily to the fund drive for the community center who will not be able to contribute much at the present time," said councilman Jerry Loflin.

Mrs. Paul Spring, chairman of the publicity committee, recalled that when the fund drive for Parmer County Community Hospital was held, times were not necessarily better than the present. "We had pie sales. The clubs worked on money-raising projects. Whatever we could think of to raise money was tried," Mrs. Spring said.

The fund drive will be held during the next few weeks, preceding the election, and will serve to promote the bond election.

When asked how long he thought it would take to raise the \$150,000, Parsons replied "two weeks." One member of the financial committee stated that it would only take 150 people giving \$1,000 each.

Davis, during the discussion with the city council, pointed out that for the bond election, there would be two separate boxes, one for property owners and another for non-property owners.

Votes from the two boxes must be tabulated separately. The issue will have to carry the property owners' box, and the total of the two boxes. However, it was added that since the city uses automobiles as a personal property tax, there will probably be very few non-property owners involved in the election.

The publicity committee is planning a campaign entitled "Project Nursing Home" to draw interest in the upcoming election.

The election date coincides with the Texas constitutional amendment election, also set for April 22. Two propositions will be voted upon by state voters that day.

The need for getting the nursing home project started prior to June 1, 1975 was stressed by Parsons. After that date, additional requirements will be placed on new nursing home facilities, making it more difficult for new homes to be built, especially in smaller communities.

A survey conducted by the nursing home steering committee revealed that there are 684 "senior citizens" in the Friona area, and that at least 50 older residents of the immediate area are residing in nursing homes outside the county at the present time.

In addition, many families have aging relatives living outside the area, who would be potential residents of a local nursing home.

MAKE HANDOFF...Two members of the Friona Squaws' mile relay team practice their handoff routine this week in preparation for the Amarillo relays. Terri Patterson, left, takes the handoff from Paula

London. The Squaws' foursome were state meet finalists last year, and have one of the better times in the area this year for the event, having clipped it off in 4:12.9.

Freshman Girls Win Littlefield Meet

The freshman girls track team won its first outing of the season at Littlefield March 8 with 159 points to Olton's 151. In the varsity division, the Squaws placed third with 66 points.

Winners for the freshmen were Bonnie Fallwell in the 880-yard run in 2:26.3; Cindy Cleveland in the 100 at 12.5 and the 880-yard relay (Cindy Cleveland, Sylvia Malouf, Johnna Thorn and Paige Osborn), in 2:00.

The girls are entered in the Amarillo girls relays this weekend, after having been open last week for Easter.

LITTLEFIELD MEET

Varsity
440-yard dash--Jaton Widner, third, 69.0.

220-yard dash--Terri Patterson, third, 28.1.

880-yard relay (Janice Peak, Paula London, Lucinda Aguirre, Terri Patterson), second, 1:52.

Mile relay (Aguirre, Paige Osborn, Paula London, Terri Patterson), second, 4:24.

Freshmen

220-yard dash--Diane Clark, second, 31.3; Sheila Hadley, third.

440-yard dash--Barbara Rhodes, fourth; Sheila Hadley, fifth.

880-yard relay (Cindy Cleveland, Sylvia Malouf, Johnna Thorn, Paige Osborn), first, 2:00.

330-yard intermediate hurdles--Hadley, fourth.

100-yard dash--Cindy Cleveland, first, 12.5; Jerri Walters, fourth.

880-yard run--Bonnie Fallwell, first, 2:26.3; Betty Rando, second; Robin Zetsche, fourth.

Lazbuddie Sets

School Election

April 5 is the date for the Lazbuddie School Board Election. Voting will take place from 7 a.m. until 7 p.m. Saturday in the foyer of the Lazbuddie School Auditorium.

Candidates for the two places up for election are Keith Menefee, Claude (Greg) Gregory, Max Steinbock, Reaford Wenner, Alfred Hicks, Bill Brantley and Jim Roy Daniel.

Modern Study Club Won District Awards

Modern Study Club members met in regular session on Tuesday, April 1, with Mrs. Allo Reeve, president, presiding over the business meeting.

The meeting was opened with the Pledge to the Flag led by Mrs. Tress Tannahill.

Mrs. Nellie Pearl Shelton gave a report on the District Convention. The Modern Study Club received four first places awards on Projects; one second place award on Projects; two first place awards on Programs; and three second place awards on Programs. The yearbook received a perfect score.

The program on "A Clubwoman

Is: A Lady Working Toward Intellectual Accomplishments," was introduced by Mrs. Grace Whitefield.

Each clubwoman either performed a talent or brought a display of her talent.

The meeting was adjourned by the members repeating the club collect in unison.

Refreshments were served to sixteen members and one guest, Mrs. Sybil Hewitt. Hostesses were Mrs. Estelle Caffey and Mrs. Bobbie Wilson.

Benny Pryor Named Member Of Board

The board of directors of the Vocational Agriculture Teachers Association of Texas, based in Austin, Texas, will meet in Austin on April 4-5, 1975, to conduct their spring board of directors meeting.

Albert Timmerman, Jr., president, Rockdale, Texas, will preside during the two-day meeting. Timmerman will be assisted by Guy Finstad, vice president, of Cal Farley's Boys Ranch and Dick Vestal, secretary-treasurer of Baird.

The board of directors will also make plans for the association's awards program and annual teachers conference to be held in Houston, July 28 through August 1.

Business will be conducted by the following committees during the meeting: membership, education, cooperation, personal interest,

BENNY PRYOR

legislative, budget, publicity, professional improvement, duties of executive director.

Benny Pryor of Friona is a member of the board of directors.

Glenn Rebber Named "Brother Of Year"

Glenn Rebber will graduate from Southwestern State University in Weatherford, Oklahoma on May 16. He has received the "Brother of the Year" plaque at the annual awards dinner of the Delta Beta chapter of Kappa Psi, national pharmaceutical fraternity.

He is the son of Mrs. Joyce Wells

of Friona.

Scott Courtney, Pauls Valley, Delta Beta regent, made the presentation.

Placed on exhibition was a plaque from Kappa Psi Province 7 recognizing the Delta Beta chapter for outstanding participation in the province convention.

NEW CONSULTANTS...Two consultants working in Friona's outreach office are shown with Tisha Harrell, outreach worker. Standing at left is Phil Carpenter, whose field

is marriage and family; and Rick Van Hersh, a child psychologist. The center has announced an eight-week class in "parent effectiveness," to begin on April 17.

AT FLOYDADA

FCA Retreat Set In April

Plans are being completed for the third Annual West Texas FCA retreat, sponsored by the Lubbock Adult Chapter of the Fellowship of Christian Athletes. The event, scheduled for April 25-26-27, will be held at the Plains Baptist Campgrounds, south of Floydada. Over 200 high school and junior high school athletes from over West Texas are expected to be on hand to take part in the various activities.

The athletes will hear a number of outstanding Christian athletes and coaches from the pro and college ranks. Steve Sloan, Texas Tech head football coach, is due to be the opening speaker Friday night. Others on the program include Harvey Martin of the Dallas Cowboys, Ted Koy of the Buffalo Bills, Will Cureton of the Cleveland

Browns and Donald Rives of the Chicago Bears. Barry Wood, college minister at the First Baptist Church in Lubbock, is set to be the speaker at the closing session Sunday morning. Members of the Texas Tech and West Texas State FCA Huddle groups will serve as huddle leaders for the high schoolers, leading their huddles in athletic competition and Bible study.

High school and junior high coaches and athletes throughout West Texas who would like to attend are urged to contact Tommy Stone at Lubbock High School, 2004-19th, telephone 744-9981 or 797-4502.

DISCUSS PLANS...Kenneth Johnston, M.D. (left) and Mrs. Charlotte Bauder (center) discuss plans for the upcoming seminar on arthritis with District Extension Agent Sue Farris. Dr. Johnston is physician advisor for the seminar and is one of six Amarillo physicians who will address the gathering April 30 at the

Hilton Inn. Mrs. Bauder is former director of the Panhandle Division, West Texas Chapter, Arthritis Foundation and a volunteer worker. She and Mrs. Farris, who also is task force advisor to the Panhandle Economic Program, are serving as coordinators for the event. Co-sponsors are the Texas Agricultural

Extension Service, Panhandle Economic Program, and the West Texas Chapter, Arthritis Foundation. Jana Pronger, Parmer County Home Demonstration Agent, urges people to attend stating, "Whether you have just a touch of arthritis or none at all, this seminar is just what the doctor ordered."

DE STUDENT...Glenna Holt was honored as this week's Distributive Education "Student of the Week". She is a senior at Friona High School this year and is employed by Ralph Roden at Bi-Wize Drug. She is the daughter of Mr. and Mrs. Ira Holt.

Lee Gibsons Have Baby Girl

Mr. and Mrs. Lee Gibson of Friona are the parents of a baby girl born Monday, March 31 at 2:38 p.m. in Parmer County Community Hospital.

She was named Trisha Le'Ann. The new arrival weighed eight pounds, eight ounces and was nineteen inches long at birth. Trisha has an older brother, Mitchell, seven years old.

Grandparents are Mr. and Mrs. Arthur Stokes and Mr. and Mrs. Thomas Gibson, all of Friona.

EMBARRASSING, BURNING Itching?

ZEMO relieves itching fast because its special "anti-itch" medication soothes inflamed surface tissues. Get relief with the first application of soothing, medicated ZEMO—Ointment or Liquid.
