Back From The South Pole!

Seaman Ronnie Jones of Columbia, S.C., says the penguins in Antarctica were never like this as he sweeps Danella DellaPaolera off her feet at Boston Navy Yard. A crewman on the icebreaker Glacier, Jones spent seven months on Antarctic duty. Danella is from Watertown, Mass. (AP WIREPHOTO)

Krueger Pleads Guilty

BULLETIN
DALLAS (AP) — Judge A. D. (Jim) Bowie sentenced Paul Eric Krueger to life in prison today for the slaying of two Corpus Christi men.

DALLAS (AP) — Paul Eric Krueger, 18, accused of slaying three Texans, pleaded guilty today in a surprise move to killing two of them.

The trial had been moved here from Kingsville, which had original jurisdiction.

Only one juror had been selected in two days of efforts when Krueger's attorney pleaded guilty for the San Clemente, Calif. youth.

The plea followed a conference of more than 30 minutes between defense and prosecuting attorneys in the chambers of Judge A. D. (Jim) Bowie who was presiding.

Called into the conference were Mrs. Richard Krueger, the youth's mother, and widows of two of the victims.

Krueger pleaded guilty to the murders of Van David Carson, 40, and Noel D. Little, 51.

He is on trial on charges of murdering John D. Fox.

The disposition of that case was not immediately apparent. After the conference, young Krueger took the witness stand and was asked by the chief defense counsel if he fired a rifle the shots from which killed two persons whom he later found to

Military Effectiveness Reduced By Politics

McNamara: Cong Losing Support

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara said today political disorder in South Viet Nam has reduced the effectiveness of U.S. military operations.

However, McNamara told the Senate Foreign Relations Committee this "reduced effectiveness in recent weeks will terminate shortly."

FATALITIES DOWN
As a measure of the reduced effectiveness, the Pentagon chief said the number of Viet Cong and North Vietnamese fatalities fell about 50 per cent in the first three months of the year.

This, he said, is "some measure of the effect of the political situation."

"South Viet Nam is in the midst of a political ferment," he said, "and we should expect a ferment at a time when a nation is seeking to form institutions that had been absent in the society."

McNamara appeared in the televised and broadcast hearing ostensibly to discuss the foreign aid program. But questioning quickly turned to the war.

LOSERS SUPPORT
In an earlier exchange on Viet Nam, McNamara said the Viet Cong is "losing what support they had of the population" in South Viet Nam.

McNamara told the Senate Foreign Relations Committee this is the result of "intensified air and ground activities."

He said they had disrupted the Viet Cong's supply system "to some extent," reduced its food supply and intelligence information, and hurt morale.

The Pentagon chief said this assessment is based on interviews with captives and defectors from North Vietnamese units this year.

RESERVISTS
In earlier testimony McNamara said if a new emergency flares while war rages in Viet Nam the United States may have to summon Reservists to active duty.

But McNamara told the Senate Foreign Relations Committee he does not expect any Reservist callup this year.

"We are prepared, militarily, to meet our political commitments," McNamara told Sen. J.W. Fulbright, D-Ark., the

committee chairman.

Fulbright opened the new round in the inquiry by asking McNamara for a report on the adequacy of U.S. military manpower.

McNamara pointed out that the United States has posted combat troops in South Viet Nam without summoning Reserve or National Guard forces.

EMERGENCY
"We've done this to preserve those forces for possible use in emergency situations," McNamara said.

The session with McNamara came on the heels of a suggestion from Sen. Bourke B. Hickenlooper, R-Iowa, that "emotional public outbursts" against the U.S. stand in South Viet Nam are not going to ease public concern about the Asian war.

"There's still considerable confusion and I think we're all looking for some answers," Hickenlooper said in an interview.

McNamara moved quickly to defend the military assistance portion of the foreign aid program, which Fulbright called "one of the most controversial issues in the bill."

Some critics of the military aid have argued it has been used to keep military regimes in power in Latin-American countries.

SMALL ARMIES
But McNamara contended the aim of the program is to keep Latin-American armies small.

He said "there is no question in our mind" that the problems of Latin America depend on economic development and the elimination of poverty and disease.

In response to questions from Sen. Wayne Morse, D-Ore., regarding charges of discrimination in use of Negro fighting men at the front lines in Viet Nam, McNamara said "we do not maintain statistical records on this — and I don't think we should."

He said large numbers of Negroes volunteer for special duties in Viet Nam and this may account for their numbers on fighting missions. But, he said there have been no complaints from Negro troops in Viet Nam where they "are doing very well."

Confirms Intention

Premier Nguyen Cao Ky sips a soft drink today as he repeats his prediction that he and his military government will remain in power at least a year. (AP WIREPHOTO via radio from Saigon)

Buddhists Begin Stirring As Ky Repeats Intention

SAIGON (AP) — Fresh Buddhist agitation was reported today in units of the Vietnamese army as Premier Nguyen Cao Ky repeated his prediction that he and his military government will remain in power at least another year.

Informed sources said Buddhist chaplains were stirring up troops against the government in the 1st and 2nd Corps areas. Both are north of Saigon, toward the frontier with Communist North Viet Nam.

The sources said chaplains were urging soldiers to press for a return to civilian rule demanded by Buddhist leadership.

Most of Viet Nam's 15 million people are Buddhists, but only a small part of them are politically organized.

Ky again told newsmen he thinks it will take a year or more to get an elected civilian government for South Viet Nam. He said he intends to stay in power until then.

The Buddhist hierarchy called off its street agitation against the junta four weeks ago after the government pledged elections for a civilian government in three to five months.

The assumption at that time was that Ky and the rest of the 10-man military junta would retire from the government by fall and concentrate on waging the war against the Communists.

Ky revised the timetable Saturday by telling newsmen that the fall vote would be for a Constituent Assembly to draft a constitution.

Gun-Runner Grounded, Broken Up

SAIGON, South Viet Nam (AP) — U.S. ships and planes aided by the South Vietnamese air force and navy drove a gun-running coastal freighter ashore at the southern tip of South Viet Nam Tuesday night and broke it in two.

American and Vietnamese frogmen seized large quantities of weapons and ammunition, some with Soviet markings, after the 100-ton freighter broke up on the Ca Mau Peninsula 200 miles southwest of Saigon.

NOT DETERMINED
The freighter's port of origin was not immediately determined.

Military officials said it was the most important interception of seaborne arms since a mysterious 135-foot vessel was sunk on the central coast Feb. 16, 1965. A huge cache of arms was recovered then.

In the ground war, American paratroopers of the 101st Airborne clashed with a battalion of North Vietnamese regular army troops 85 miles northeast of Saigon, the U.S. Command said today.

An official spokesman said the paratroopers killed 22 of the estimated 300 Communists and captured four. Light U.S. casualties were reported.

MORE ACTIVITY
Increased air activity Tuesday was reported both north and south of the 17th Parallel dividing Viet Nam, and two U.S. Air Force F105 Thunderchiefs were shot down over North Viet Nam.

One pilot was rescued by a helicopter 105 miles northwest of Hanoi. It was the deepest rescue penetration of North Viet Nam in the war. The other pilot was shot down while attacking a bridge 17 miles south of Dong Hoi, apparently was unable to eject and was listed as missing in action.

This brought the total American planes reported lost over North Viet Nam to 233.

Fallout Is Much Bigger

TOKYO (AP) — Japanese scientists reported today that radio-active fallout from Red China's latest atomic blast was as much as 33 times stronger than that from Peking's previous two tests.

The findings bore out reports from Washington that preliminary data indicated China's third nuclear blast was its largest so far.

China's first two tests in October 1964 and May 1965 were equivalent to about 20,000 tons of TNT — the size of the first U.S. atomic bomb dropped on Hiroshima in 1945.

The highest readings from the third test came from Niigata University in Niigata, on the Japanese seacoast opposite the Chinese mainland.

Prof. Takao Kosaka estimated the radioactivity in particles of dust was a little more than 33 times as intense as that in China's second nuclear test.

Kosaka said such amount of radioactivity might be harmful to people and might seriously contaminate vegetables.

A MAP OF VIET NAM

You can follow the day-to-day news with this large, detailed, full-color map of Viet Nam, offered for a limited time as a public service by The Herald.

This is a high-quality Hammond map, that includes many details of Southeast Asia.

The Herald offers it for only 35¢ plus 1¢ sales tax, or 36¢. If you wish to order by mail, add 10 cents for handling.

Twisters Play Tag In Plainview Area

Menacing tornadoes roved the Panhandle — Plains sector in West Texas during the night and more unruly weather appeared likely today.

At least two twisters played tag from Lubbock northward through Hale Center and Plainview, inflicting widespread damage but injuring only two persons.

NEAR DALHART
Another tornado funnel appeared 15 miles northeast of Dalhart, near the north edge of the Panhandle, and vicious thunderstorms flailed scattered points elsewhere in West and Northwest Texas.

Warning sirens sent scores of Plainview residents scurrying to storm cellars or trying to escape by automobile as one twister approached that farming center on the heels of another.

The first struck near the west edge of Plainview and its companion hit close to the city's southern boundary.

"We saw the funnel dip down," city policeman Randall Nichols reported after watching from about half a mile across town.

INJURES TWO
The writhing winds whipped

a pickup truck off US 70 about two miles north of Plainview, injuring the two men inside.

A trail of destruction across numerous farms marked the path of the tornadoes as they whirled the 12 miles north from Hale Center to Plainview. In Plainview itself, power and telephone lines snapped, and the police radio was put out of commission for a time.

Weather Bureau observers reported two funnel clouds also were spotted about 30 miles north-northeast of Lubbock, but this put them so close to Hale Center they presumably were the same pair.

TORNADO WATCH

The turbulence erupted after a tornado watch was posted for a 120-mile-wide zone centering on a line from Wink to 50 miles north of Amarillo.

Winds hitting up to 65 miles per hour in gusts raked the countryside north of Amarillo. A booming shower knocked the temperature down from 91 to 66 degrees in 10 minutes as 1.14 inches of rain fell at Monahans.

Widely scattered showers fell at other points, continuing early today in a belt stretching from

COL. GEORGE FRANKS

will leave him a member of Webb's staff."

Col. Franks is familiar with Webb's military mission, and he will continue to be an integral part of our community relations program.

Webb's chief of supply, Col. Gregory H. Perron, will assume duties as deputy commander for materiel.

Col. Franks To Remain At Webb

Air Training Command Headquarters has announced that Col. George E. Franks will assume duties as 3560th Air Base Group commander, replacing Col. Joseph H. Sherwood Jr., who will become commander of the 634th Combat Support Group, Pacific Air Force, by mid-June.

Col. Sherwood's original assignment, for late in July, was moved up to the June date, and changed from the 623rd Combat Support Group to the 634th. The colonel has been at Webb since June, 1965.

Col. Franks has served as deputy commander for materiel at Webb since July, 1962. Under his command, both the 3560th Field Maintenance and Organizational Maintenance Squadrons received Presidential Unit Citations. Word had been received late in April that Col. Franks would receive a new assignment, but it was not announced until today.

Col. Chester J. Butcher, wing commander, said, "It is with regret that we lose Col. Sherwood to a higher priority mission, but we feel extremely fortunate that Col. Franks' new assignment

MOYERS DOES WATUSI; WOMAN NEEDED SLIP

Shocked At Smithsonian Dance

WASHINGTON (AP) — Rep. H. R. Gross says the Johnson administration's "mink coat set" should cut out its 3 a.m. White House parties and swinging Watusi in the Smithsonian.

"If they want to do this, I suggest they renovate one of the burlesque halls for which Washington is fairly notorious," the Iowa Republican said.

DANCE ALL NIGHT

"I don't think with a war going on, and the problems this government has to face, that the President of the United States — his family or the vice president — ought to spend time dancing until 3 in the morning."

Gross first made observations on the House floor Tuesday; then elaborated in an interview.

Referring to the opera ball, a midnight dinner-dance for 1,000 held last Friday in the Smithsonian Institution's Museum of History and Technology, he said:

"I was amazed and shocked that they had a \$75 to \$100 per ticket dance at the Smithsonian with the Rev. (BRI D.) Moyers doing the Watusi and Frug and one woman sent home to get dressed because she was half-naked."

Moyers, White House press secretary who is an ordained Baptist minister, was indeed doing the Watusi, as were a dozen ambassadors, half the Cabinet, a number of congressional leaders and their wives.

Mrs. Rudolph E. Carter, wife

of a State Department officer, showed up wearing a transparent white lace dress with only a flesh-colored body stocking underneath. Some of her fellow members of the ball's executive committee sent her home to put on a slip. She did.

"I guess Washington isn't ready for fashion yet," she said afterwards. "This dress was created by a New York designer especially for this party."

Her husband said, "At first, I was shocked by it. But I figured, 'Oh well, it's fashion. Let her wear it.' It's much sexier without the slip."

The ball is an annual fund raiser, and since part of the money was for the John F. Kennedy Center for the Performing Arts, a Smithsonian satellite, the champagne dance was held in the museum.

EXHIBITS MOVED

In place of the artifacts exhibits, there were tables in the main corridors for Secretary of Defense Robert S. McNamara and his wife, the Robert F. Kennedy, former ambassador to the Soviet Union Llewellyn E. Thompson, the Moyers, Mrs. Edward M. Kennedy, Mrs. Nicholas Katzenbach and others.

"I'm not antidancing," insists Gross. "But I don't think the President or vice president should be carrying on 'til morning. And I don't see why the Smithsonian should be made available for this kind of gyrating."

Swinging

White House Press Secretary Bill Moyers, left, in full swing at the Opera Ball. Mrs. Rudolph Carter, right, wife of a State Department officer, after she had gone home to put a slip under her white lace dress, at the suggestion of the ball's executive committee. (AP WIREPHOTO)

Council Lets Beer Request Die, Others Are Advanced

Second reading of an ordinance authorizing the on-premises licensing of Broadway Grocery, 1731 W. 3rd, was disproved for lack of a motion at Tuesday's city commission meeting.

The request had been approved on first reading two weeks before.

Mrs. J. B. Eccleston, owner, had told commissioners she wanted to license the entire premises for on-premises consumption in order to protect her license. She said the Liquor Control Board had advised her to obtain an on-premises license so that if anyone drank beer near

the grocery she would be protected.

Last night commissioners discussed the prospect and came to the conclusion that Mrs. Eccleston would be better off without the on-premises license.

"If someone drinks beer on her property," Jimmy Morehead, commissioner, said, "all she has to do is call the police to have them removed."

"I definitely think that the licensing would be more harmful than not," Jay Banks, police chief, said.

NO MOTION

John Burgess, city attorney, said that if the premises were licensed for on-premises consumption the authorization would carry over when the property is sold. There being no legal reason to turn down the request, commissioners refused to make a motion, automatically turning down the request.

Final approval reading was given to ordinances licensing Carlos Restaurant, Gomez Cafe, and Wagon Wheel.

Final reading of an ordinance licensing the Bosanova Lounge was held over, the building not having received final approval from the city inspectors.

Mrs. Ann Scarbro and Harvey Hooser, attorney, asked com-

missioners to grant licensing for on-premises consumption on a place at 411 NW 7th called Scarbro's Cafe. Hooser said Mrs. Scarbro has already opened the restaurant and wanted the permit so that she could transfer her license from her old place to the new. Hooser asked commissioners to waive the usual three readings of the ordinance in order to expedite the move.

Commissioners approved the idea, but stuck with three readings.

ZONE CHANGES

Also granted on first reading was a request for on-premises consumption at the Red Barn, North Birdwell Lane and IS-20 by Arthur Gustafson, who said he wants to serve beer to his restaurant trade.

An ordinance was read for the first time annexing Jerry Worley's property just south of the city limits.

A change in zoning from "retail" to "commercial" at Gregg and Eleventh was granted on first reading. Owner John Nutt wishes to put in a used car lot on the property and has approval of the planning and zoning board.

Commissioners released an easement on property out of the city limits near Moss Creek Lake. Burgess said the easement was placed on the wrong property some years ago by a typewritten error in a block number.

ALLEY CLOSED

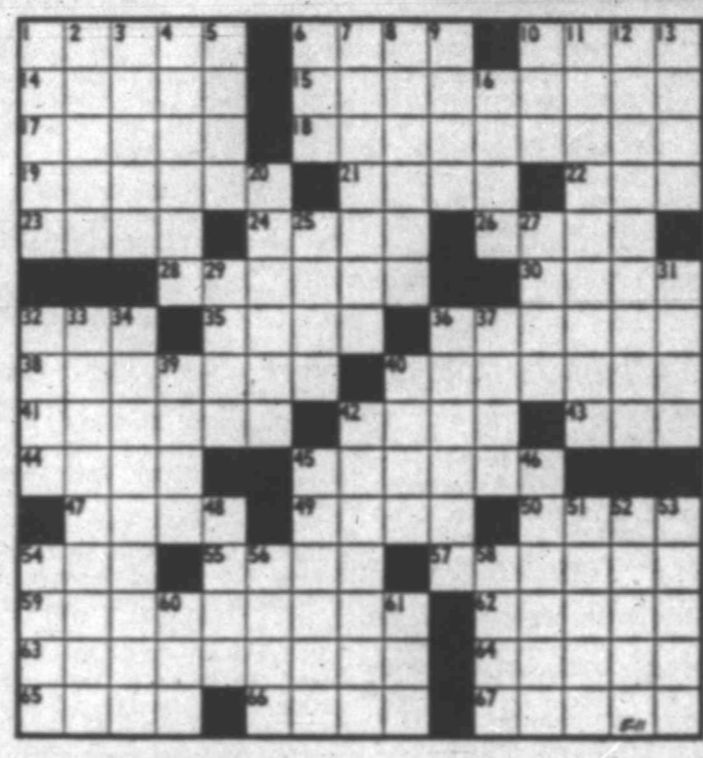

A resolution authorizing the closing of the alley near the post office-federal building, between Fifth and Sixth on Main, was read. The closing will be done without the usual city fee since the government considers the closing to be in the public interest.

Lee Rogers and Robert Currie were reappointed to directorships of the Colorado River Municipal Water District, pending their acceptance. Their terms would have expired the last day of this month.

Puzzle of Tuesday, May 10, Solved

Departing Sgt. Matthews Cited For Chaplain Help

S. Sgt. Carey V. Matthews was presented a certificate of outstanding service Sunday for his work as chaplain services supervisor. Chaplain (Capt.) William H. Warren presented the certificate.

Sgt. Matthews was commended for his outstanding service as non-commissioned officer in charge of the chaplain division since October, 1960. Since that time he has carried out the chaplain's policies in the six-point program in such a manner as to gain command-wide approval. He has been responsible for improvements in facilities and working conditions, has supervised funds and records in an outstanding manner, and has worked beyond the call of duty in community service, the citation signed by Lt. Col. B. F. Meacham, staff chaplain, noted.

A veteran of 14 years service, Sgt. Matthews was assigned to the 314th Air Division, San Francisco, Calif., before coming to Webb in 1960. The sergeant has received notice of an overseas assignment, and will leave Webb within the next two weeks.

He is a native of North Carolina, and lists Clinton as his home. The sergeant is a graduate of Herring High School in Clinton, and has attended Howard County Junior College here, in addition to his chapel and civic work.

Sgt. Matthews is married to the former Janie A. Bryant, also of Clinton.

Webb Advertises For Seal Coating

An invitation for bid, covering maintenance of base roads, has been issued by Webb's Base Procurement Office. Bids will be received until June 9 at 3 p.m.

The project calls for pre-coated aggregate sealcoat on 37,400 square yards of base streets and the replacement of 4,120 square yards of roadway.

Ninety days will be allowed to complete the work after receipt of notice to proceed.

DEAR ABBY
Drop This Man —But Fast

DEAR ABBY: I'm 22 years old, which is over 21, right? So why don't people leave me alone? I get so much advice I LIZZY was! (He's my butcher, but it's none of her business.) How can I tell this snoop to stay off my line without being rude? MAD

Although they have no children, his wife refuses to give him a divorce because she's too lazy to work and he's a good meal ticket. Everyone tells me I'm wasting the best years of my life on him, but it's my life, and I'm satisfied with things as they are. He tells me that marriage is for the birds, that it takes all the romance out of a relationship, and from most of the marriages I've seen, I believe him. Why don't people just leave me alone? This man really sends me.

DEAR SENT: This man should send you all right — to a head shrinker. I don't know what your friend does for a living, but if he isn't selling, he should be. Eventually you'll get your wish and everyone will leave you alone. Including your married friend.

DEAR ABBY: A neighbor of mine asked me which doctor my daughter had to help her lose 33 pounds in three months. I ask this neighbor how come she knew about my daughter's weight loss, and she told me she had LISTENED IN ON MY CONVERSATION! (I have a party line.) Then she asked me if my sister-in-law and her husband were back together yet because she heard me telling my mother-in-law on the phone that

together. Thank you for any help you or your readers can give us. STYMIED

DEAR STYMIED: I have been writing this column for almost 18 years and have been frequently asked if I've had had a question I was unable to answer. Yours is the first! If any of my readers has faced this problem and solved it, I would appreciate hearing from you.

There is no experience so humbling as to receive the vote of confidence of your friends.

To those who voted for me,

THANK YOU from the depth of my heart.

To those who exercised their right to vote against me,

THANK GOD we have that privilege.

I will appreciate your continued support in the run off June 4 for County Commission Precinct 2

A Devotional For The Day

Thy word is very pure: therefore thy servant loveth it.
(Psalm 119:140)

PRAYER: Our heavenly Father, help us to find time for Bible study in our family. Guide us in teaching our children the Word of God. Give us knowledge to understand it. May we encourage others to read it daily so that they also may learn of Thy love for them. In Jesus' name. Amen.
(From the 'Upper Room')

Farmer Blameless In Inflation

Secretary of Agriculture Orville L. Freeman was not merely special pleading recently when he told the national Farm Products Association that the American farmer is not responsible for current inflationary pressures in the national economy. He has a good case.

Freeman made that case with a single statistic: Consumer food prices are up 12 per cent over 1952, but farm prices are 14 per cent below the 1952 level.

Recent farm price increases, which Freeman considered temporary, have little inflationary force. One reason is that they have lagged far behind general price increases—they are being dragged along by, not pushing, inflationary forces. Another reason is that the price of raw farm produce is only a small part of the price of the finished consumer product—food, clothing, and other items.

The greater part of the consumers' goods price, for cost-of-living items

whose raw materials come from farms and ranches, must be attributed to the cost of transportation, processing and packaging, marketing and distribution. The farmer's share of the final price of the retailled product is so small that a substantial increase in farm prices should, in itself, cause only a slight increase in consumers' goods prices.

Of course, Freeman's argument can be turned against the farmers in this respect: They could pay farm workers a decent living wage without contributing to national price inflation appreciably. If farm laborers' wages were improved, the added cost would increase farm prices some, but consumers' goods prices only slightly. Higher farm wages would, of course, somewhat increase general consumer demand; that would also be a small inflationary factor, but hardly enough to discourage the social progress that would result.

Counting Calories

Calorie counting has come to be accepted as synonymous with doing something about overweight. It fills the bill pretty well. But the method can be a lot more effective if the calories are counted both coming and going instead of merely coming.

This is not as mysterious as it sounds. All we have in mind is keeping tabs not only on the calorie intake, but how many calories are burned up. Dieting that ignores the role of exercise does only half the job.

The calorie counter, typically, goes

about with a little book of calorie tables: So many in a soft boiled egg, so many in a slice of bread, and so forth. The book is consulted often during the day, and heroic dieters turn down many a goodie after the day's quota of calories has been reached. But some knowledge of how many calories are consumed—by an hour's walking or swimming, say—also is important. The balance between calorie intake and output is the thing. And so is healthful exercise.

David Lawrence The Right Of Personal Choice

WASHINGTON—Friction due to race problems is steadily increasing rather than diminishing. It can bring tragic consequences in American life. Most regrettable is the fact that, because abuses have occurred in the past and injustices are still being inflicted on a minority group, a basic truth is being ignored. It is that all Negroes are by no means alike in personality or intelligence just as all whites are not equally acceptable to each other as friends, as fellow-employees or as neighbors.

BITTERNESS OVER racial problems is being intensified today. Both federal and state authorities are inclined toward measures by which pupils would be transported by buses from one public-school district to another contrary to the wishes of their parents. Legislation is being proposed which, if enacted, would compel citizens to sell or rent private homes to anybody who offers to meet the sale or rental price. Public dissatisfaction with this type of project can build up to nationwide proportions.

Will the sponsors of such radical changes in community life see the handwriting on the wall early enough to adjust themselves to a course which is more likely to attain their rightful objectives? Here are some of the basic factors involved and suggested lines of action:

who disputes the constitutionality of a proposal or its practicality in achieving a desirable objective in race relations is promptly labelled as a "racist." This serves only to breed more and more dissension in a community.

2. THE WORD "Integration" is widely misunderstood. It implies to many persons a compulsory and not a voluntary association in a community. It seems to ignore the rule that each individual should be judged on his or her own merits, capacity to do a job and a readiness to deal fairly with one's fellow citizens.

3. "Discrimination" means barring an individual from a job or a school or a hotel or a restaurant or a house in any neighborhood solely because of race or color or religion. Such prejudice in human relations is harmful and deplorable. But progress toward eliminating or reducing it will never be made by assuming that no other factors may ever enter into an individual's mind in selecting his friends or employees or tenants.

ANYBODY WHO has mingled with Negroes probably knows many who are better individuals and more desirable as friends than some whites, particularly those who have grown up with ineradicable prejudices, if not bitterness, toward their fellow human beings. There are plenty of Negroes who know whites whom they call true friends, but there are some whites who are unpopular with everybody in a community.

THERE ARE many Negroes today who do not agree with the irresponsible and extreme tactics of some of their leaders but are reluctant to say so. The whole problem is becoming entangled in legal chicanery based on politics. This is bound to hurt the cause of increasing association between whites and Negroes in all walks of life. Some day the idea must be gotten across that the choice of associates should be based on color but on what is imbedded in the mind and conscience of a fellow human being.

(Copyright, 1964, Publishers Newspaper Syndicate)

Billy Graham

I have a question that has always bothered me. Is war ever justifiable? I have come to the conclusion that it never is. What is your answer? A. B.

Aggressive war is never justifiable, but there are many hints in the Bible that justify a nation in protecting itself against attack. Jesus himself said, "When a strong man keepeth (guardeth) his palace, his goods are in peace." True, He said, "Put up thy sword . . . for all they that take the sword shall perish with the sword." Since the drawer of the sword would be the aggressor, He is condemning aggression. On another occasion the disciples said, "Behold, here are two swords. And he said unto them, It is enough." (Luke 22:35)

The other day I read about a maniac who had killed three people, and as he ran after another, he cried, "Stop me, someone stop me." Now, the question arises: Would it be right or wrong to stop a murdering maniac under these circumstances? I believe that it would be right to stop him. And believing that, I must go on to believe that it is right to defend the innocent and helpless when they are attacked—motivated by compassion and not hate.

This is a subject that could be discussed at great length. It is very complicated and there are no easy answers.

Betting Bad Money

CHICAGO (AP)—Counterfeit money passed at Chicago race tracks was only \$425 during 1965.

The Illinois Bureau of Race Track Police Inc., a department of the Illinois Racing Board, said this is an infinitesimal figure when compared with the year's total pari-mutuel handle of \$416,414,657, for 429 racing days and nights.

The Secret Service Office in Chicago is immediately notified of the number of the bill and the city named on the bill and the bank upon which it is supposedly drawn. This gives the service a lead as to where the "batch" originated. The word then is passed to other localities to watch for the passers.

Nationally, about \$3,363,000 in counterfeit bills was recovered the first year ending June 30, 1965.

'SURE IT'S STEAK—I JUST TRIMMED OFF THE FAT'

James Marlow Change Is Happening

WASHINGTON (AP) — Sixteen or 17 years look like a reasonable time to expect convulsions and, by the leadership, a morbid fear of change within the big Communist world.

It happened in the Soviet Union and is happening now in Red China.

If the spectacle of Americans heckling one another over the Vietnamese war gives an impression of some uncertainty about U.S. foreign policy, the antics of the Red Chinese give a positive picture of confusion and frustration.

IF MAO ALONE was the old one in the Red Chinese leadership, he could expect those close to him would persist in his policies. But those in his leadership group are close to him in age. Time is running out for all of them.

This is not the first purge of the Chinese intellectuals. Mao inflicted a previous one on them in 1957. The fact that he finds it necessary to repeat the dose is testimony to the discontent beneath the top leadership level.

much time left for silencing the critics. Until Tuesday, when Peking reported him back in circulation, he had not been seen since November.

Hal Boyle A Social Necessity

NEW YORK (AP) — Curbstone comments by a Pavement Plato:

Do you talk to yourself?

There was a time when only the very young and the very old talked to themselves. The practice was regarded as a sign of either childishness or senility. That is no longer true.

Talking to one's self is so universal now that it can hardly be classified as an indication of mental disturbance.

The habit simply is a matter of social necessity.

The reason that more people are talking to themselves is that nobody else will listen to them. Listening is at least half the art of conversation; conversation has died out as a modern art simply because there are no good listeners left.

If you try to give a waiter a menu order in a restaurant, he is off to tell it to the chef before you can finish uttering it. He won't wait for you through. That is why he returns from the kitchen with a boiled eel instead of the broiled veal you wanted.

You absent-mindedly greet an acquaintance with the conventional query, "What's new?" He absentely replies, "Just fine. How are things with you?" The absurdity of this response doesn't strike either of you, because he didn't hear your question — and you didn't hear his answer.

But Mao is already 72 with not

wives complain that husbands never listen, but how many wives listen to husbands any more? You come home from work and surprise your wife standing in the middle of the living room with the tubing from the vacuum cleaner wrapped around her like a giant anaconda.

"That's a cute house dress you got on, baby," you mumble. "Don't whine to me about your office problems," she barks. "I've had nothing but trouble all day myself."

See what I mean? It is like everyone on earth has gone deaf.

But talk is the escape valve of the human mind. Man, if his own kind won't listen to him, will talk to trees, dogs, stones, cats, his tools, the wind, the waves upon the sea. He talks because he simply must.

There are, of course, certain advantages in talking to yourself. You are able to pontificate on any subject you choose as long as you want and without interruption. And you are sure of a keenly intelligent audience that applauds every opinion you express.

There's only one drawback. What happens if you talk to yourself for several hours, then suddenly realize you haven't really heard a thing you said?

Where does a fellow turn then?

To Your Good Health Inward Goiter, Its Meaning And Treatment

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Is surgery the only treatment for an inward goiter? What chances of recovery are there from such an operation? — MRS. C. S.

Goiter is an enlargement of the thyroid gland in the neck. An inward goiter is one which exerts pressure inward, on the windpipe and gullet. It may also extend downward below the upper portion of the breast bone, the pressure thus increasing.

There is a lump, difficulty in swallowing, possibly a cough and trouble in breathing.

While medical treatment often is effective in controlling overactivity of the thyroid, it cannot reduce the size to any marked extent, so for the inward goiter surgical removal is the only course that is feasible.

Disability from such an operation is brief, risk is very small, and the results are prompt and rewarding, improving the patient's health in many ways in addition to bringing quick relief from the discomforts of the pressure.

I would not hesitate to have such surgery without delay.

Dear Dr. Molner: Please com-

ment on use of the drug quinidine for a man of 75 with a heart condition. Also I enclose a long, stamped, self-addressed envelope and 20 cents in coin for a copy of your booklet, "How to Take Care of Your Heart." — MRS. F. E. L.

Quinidine is used effectively in certain heart disorders which involve an irregular rhythm. The dosage is very important. It is so your doctor must decide when it is needed and how much.

Dear Dr. Molner: A friend of mine mentioned a medication you published for psoriasis, which I have. She said it was two kinds of ointment and a vitamin. Would you tell me what it was? — MRS. W. R.

Your friend didn't see it in this column. There is no sure remedy for psoriasis. This condition sometimes comes and goes without seeming rhyme or reason, so when it disappears after some particular remedy has been used, then that remedy gets all the credit.

The trouble is that all sorts of remedies are said to be a "cure," when actually they had little or nothing to do with the problem.

I have not recommended any

of the hundreds of supposed remedies. Consult your doctor or a skin specialist for various kinds of ointments which will keep the skin soft and control the occasional itching, and let it go at that. Fooling around with one ointment after another is usually a waste of time and money. Psoriasis may be a nuisance but it isn't contagious and it isn't dangerous. There is a definite seasonal variation. It improves with summer sun and is worse in the winter.

To learn of new treatment for this cruel and painful disease, write for Dr. Molner's booklet, "Gout — The Modern Way to Stop It." To receive a copy, write to Dr. Molner in care of The Herald enclosing a long, self-addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

Dr. Molner welcomes all reader mail, but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Around The Rim

The Case For Cotton

National Cotton Week affords me a platform to speak up for this durable and useful crop.

Long ago, King Cotton was enthroned as the benevolent despot of the Southland. Fortunes issued from him, and by the same token, shackles were fastened on lowly tenants and upon the land, for that matter. A one-crop system became the bane of the region it blessed.

LITTLE MORE than three decades ago, however, cotton began moving into serious trouble. Over production drove the price down. Many fields were wearing out, and as they did, they also washed and blew away. Moreover, the boll weevil and pink boll worm had come along to menace the crop.

In the early 1930's, cotton sank to a nickel a pound. Acreage had zoomed; the outlook was worse than bleak; the government entered the picture with its plow-up campaign. Out of this evolved farm programs which set up minimum loan basis for cotton, controlled acreage, etc.

DESPITE REDUCED acreage, cotton production continued to climb. Improved farm machinery, fertilizers, increased irrigation, effective insecticides all played a part. With output outstripping customers, price pressure increased.

The worst pressure, however, came from synthetic fibers—rayon, nylon, orlon, dacron, etc. These possessed some unique characteristics, none more unique than they did not depend on the caprice of the elements. So a lot of people began to say that King Cotton was dead, and may be

rest in peace.

This is premature if not wholly untrue. Cotton has shown vitality for over a hundred years, and it isn't through yet. It's vital to our area that he be invigorated and restored to health.

IN THE FIRST PLACE, cotton is a superior, natural fiber. Perhaps a some slogan such as "Cotton Is Cooler," "Clean Cotton," "Cozy Cottons," etc. will help focus attention on the virtues of this fiber. Anyone who wears a good broadcloth shirt, or crawls between those wonderful cotton sheets, or slips on a cotton print dress will testify to the merits of this time-proven fabric.

Secondly, cotton is adapted to this area. Some would have you believe that cotton should be abandoned in favor of restored range lands, but when it goes, the heavy end of our agricultural income will go. Cotton likes hot weather, and it can withstand a terrific amount of drought and punishment. It can promise less and make more than any crop.

THIRDLY, cotton creates business from banking to machinery houses, to insecticide and fertilizer suppliers. It still furnishes a market for labor. It constitutes a crop that can be taken to the market place and sold.

Finally, cotton stimulates retail trade as few other things can. It finds its way into year-around products, and its harvest furnishes volumes of dollars that serves as a catalyst for other merchandise.

Cotton is still important, and here's hoping that it will always be.
—JOE PICKLE

Holmes Alexander We Must Stand Up To Red China

WASHINGTON—The old Wild West ultimatum "Give the so-and-so a fair trial and then hang him" appears to be what Senator Ted Kennedy (D., Mass.) has in mind for the Administration's China policy.

Kennedy's proposal for a blue-ribbon committee to study our 17-year-old diplomatic snub of the Chicomos is no more than embroidery on the hangman's rope. What he wants to pass judgment on this policy is a prejudiced panel that wouldn't even meet the test of a civil rights bill.

KENNEDY MENTIONED General Matt Ridgeway and Dr. Milton Eisenhower as possible chairmen of the "reassessment" committee. Ridgeway is against trying to win in Viet Nam, and Eisenhower has been an accommodationist with communism in Latin America. Making a back-up speech for Kennedy was Senator George McGovern (D., S. D.), who wanted to empanel General James Gavin and former President Eisenhower, both of whom are against the gun-ho spirit in the Far East. There would be no objectivity on a board that was dominated by these respected, but revision-minded, men.

SENATORS KENNEDY, McGovern, as well as Fulbright and their ilk, are peddlars of fear and failure in the Far East, but the witness of history is against them. From the time that

we began to implement an anti-Red line in the Orient, the outcome has been inching our way.

Where would we be in the Western Pacific if we had allowed Formosa to fall and the Philippines to be subverted? Or if the Quemoy-Matsu island complex had been surrendered?

IF THERE is any split between Russia and Red China, it has widened because of American toughness in the Far East. If Sukarno has been ruined as a Red menace in Indonesia, it's because our presence in Viet Nam encouraged the pro-Western forces there to slaughter Communists by the thousands, thereby jinxing the Mao-Sukarno Axis. If the August elections in South Viet Nam find a government more democratic than the palace guard of Marshal Ky or the bushwhackers of the National Liberation Front, it will be because we haven't yet turned tail in dread of a Red Chinese intervention.

OUR POLICY of treating the Mao regime like scum has been a good one, not the best, but passable. If it is to be altered, it should be the opposite direction of that proposed by the Senate Sinophiles. What we need, if anything, is to find further ways of snooting and ostracizing the Red regime, for that policy hasn't done so badly in holding non-Communist Asia together.
(Distributed by McNaught Syndicate, Inc.)

Sam Dawson Elderly Providing A Boost

NEW YORK (AP) — A rising stream of spending by the elderly is giving the economy a boost, thanks to Medicare. Merchants and service industries in communities where the over-65 gather say that the upward trend is already apparent, even though Medicare itself doesn't start until July 1.

AND THE SPENDING philosophy of many still some distance from the 65 mark is likely to be changed as the urge to save looses one of its most pressing reasons.

Also, corporations with employees nearing or past 65 are taking a second look at their pension plans and health insurance programs. Some of these are being revamped to cover the gaps in Medicare and even to provide for the cost of the added production—\$3 a month on a voluntary basis.

When Medicare actually starts some seven weeks from now, the economy may start measuring another form of increased spending, offshoot of providing for greater consumption of medical supplies and services.

THE SPENDING TREND is based on both financial psychology and hard cash realities.

Many now living on pensions, whether private or Social Security, or on fixed incomes from their life savings, are being freed from the pressure to go on putting aside part of these small amounts against the dire possibility of a health disaster.

So the fixed incomes, whether pension or otherwise, are being stretched in effectiveness. The fringe benefits of higher living standards, even small luxuries, become a possibility.

Merchants say some of their older customers are telling them that they are already taking this view of the future and so are splurging for the item they want badly but until late were afraid to buy. The same philosophy is being expressed by some still under 65, since the health risk period is limited financially to the years before 65 instead of also including all the years after that.

BUT FOR THE economy in general, the spending spurge won't be just a one-way street. Money will be taken from the spending stream to pay for Medicare. Already Social Security

taxes have gone up. This means that both workers and employers are contributing more to the government agency. This is money which the worker won't be spending himself, and money which the employer won't have for conducting or expanding his business.

Taxpayers also are likely, in the months and years ahead, to be called upon to foot larger bills at all levels of government for the building of new hospitals, medical schools, and other facilities which will be privately financed, but many will be met in part by public funds. And in the long run, it's the taxpayer who pays.

Woofed From Show

CHICAGO (AP)—An Afghan hound went AWOL during the 26th International Kennel Club Show at the International Amphitheater, but was found unharmed after three days.

Owner Bill Christman recovered his 3-year-old Idyl-Dell's Lesleigh through the Illinois Citizen's Animal Welfare League.

The league reported the Afghan had been turned in to them by the Chicago police.

"I had to pay \$3 in board charges," Christman said.

A month before the show, Christman was offered \$700 for the dog.

Prefab Spires

GREENSBURG, Pa. (AP)—In the past a town might have to wait weeks or even years for a new spire to be erected atop its church.

Today, new engineering techniques and prefabricated metals help hold spire erection time down to just a few hours, says the Overly Manufacturing Company.

The company puts a spire together at its factory, then disassembles it for shipment to the site. There a crew supervises assembly and erection. Even a 50-foot Gothic spire goes up in under three hours.

The bidding:
North East South West
Pass Pass 1 ▲ 2 ♠
3 ▲ Pass 6 ▲ Pass
Pass Pass

Opening lead: King of ♠

South's slam contract in spades was apparently headed for the rocks, until he effected a last minute rescue operation by a cleverly contrived end play.

West opened the king of diamonds and declarer played the ace. He cashed the king and queen of trumps. Had spades divided evenly, South could concede one diamond, ruff two in the dummy, and discard the jack of clubs on North's third heart.

When West showed out on

the second spade, declarer could not safely trump diamonds without subjecting himself to an overruff by East. He, therefore, drew the last trump with the jack of spades.

A club was led to the ace, followed by three rounds of hearts on the last of which South discarded the jack of clubs. This left him in position to lead the queen of clubs through East for a ruffing finesse, if he decided to play the latter for the king. The ten of clubs would serve as a subsequent parking place for one of his diamonds.

The fall of the nine and ten of hearts from West's hand, however, indicated that the latter had only diamonds and clubs left. This suggested a scheme to declarer that might succeed regardless of the location of the king of clubs. A diamond was led and ducked around to West's eight.

West could not avoid giving South a trick on the return. If he leads back the queen of diamonds, North ruffs and declarer's jack is established. The lead of a small diamond presents South with a free finesse. Finally a club shift must establish at least one discard in that suit no matter which defender has the king.

West tabled his cards in a graceful concession to his opponent.

Couple Honored

Mrs. Grace Woodward adjusts a carnation in the lapel of the coat of her husband, Dr. C. S. Woodward, as they prepared to attend a dinner last week in Fort Worth. A thousand friends turned out to honor the couple who have directed the Home for Aged Masons in Arlington for the past 33 years. Dr. Woodward gave up a flourishing medical practice in 1933 to take the post and now becomes manager emeritus. Mrs. Woodward was named curator of the Grace Woodward Museum.

Grand Jury Probes Teenage Sex Parties

HOUSTON (AP)—A county grand jury probe of alleged teenage sex and drinking parties in a fashionable Houston area will continue, Asst. Dist. Atty. Ruben Hope said after Tuesday's session.

The grand jury indicted night club owner Howard Keel, 40, for exposing himself "with lascivious intent" to a 15-year-old girl in December.

Bond for Keel, a former bartender at the River Oaks Country Club, was set at \$5,000.

Arrested in a vice squad raid at an apartment last month, Keel was charged with possession of obscene photographs and aiding in an immoral act.

Several teenagers from a high school in the River Oaks area were identified as those in the photographs and movie film confiscated in the raid, vice squad officers said.

Three teenage youths appeared before the grand jury Tuesday. Written statements from several teenage girls were taken into the grand jury room but none of the girls appeared in person.

Juvenile authorities have quoted youths as saying they attended mixed parties in the fashionable River Oaks section at which they viewed obscene movies, posed in the nude and had alcoholic drinks.

Organized For Equalization

Howard County Commissioners Court officially organized itself as the Howard County Equalization Board at its meeting Monday. The board then recessed its sessions until June 14.

At that time, the board will consider the tax valuations on oil and gas properties, railroads, utilities and similar operations.

The law specifies that the equalization board organize at the first official session in May. It then recesses from time to time until the middle of June, when tax rolls are usually ready for consideration.

Experts Decide No Outer Space Visitors

By CYNTHIA LOWRY
AP TV - Radio Writer

NEW YORK (AP)—Earth is not being visited or invaded by creatures from other planets. That at least was the consensus of the experts in Tuesday night's "CBS Reports" calm and balanced survey of unidentified flying objects.

The program, "UFO: Friend, Foe or Fantasy," gave a hearing to widely assorted views, stories and theories.

There was a Michigan farmer who two months ago saw the outline of something like a space ship that glowed red and later had blue and white lights on either side. It subsequently was seen by members of his family, neighbors and a policeman. He obviously was not satisfied with the official explanation: marsh gas.

A former Marine officer, Donald Keyhoe, is convinced that we are being observed by representatives of a highly superior civilization arriving in interplanetary space ships. There was a woman who claims she was taken on a visit to Venus — "It started with a tingling all over my body..."

But it was apparent that the program producers were inclined to give the greatest weight to scientists and military observers whose radar, space tracking equipment and special cameras constantly sweep the skies and probe deep into space. They reported that they had found absolutely no evidence of extraterrestrial visitors or anything else that could not be

identified.

None of the men of science, however, was prepared to say that there was no life on other planets and none was willing to state unequivocally that there was no possibility of space visitors. It just was not probable.

There will be many changes at Shiloh Ranch next fall when NBC's "Virginian" returns. Charles Bickford will play the part of a man who buys the spread when Judge Garth goes to Washington — Lee J. Cobb has left the series. He will also introduce a grandson and a granddaughter.

DIRECT DISTANCE DIALING is coming to Big Spring JULY 14!

Long Distance Users Here Will Dial Their Calls Direct With DDD

DIRECT Distance Dialing will be introduced to all telephone users in Big Spring at 12:01 a.m. on July 14.

With Direct Distance Dialing — "DDD" — you will be able to dial your long distance station-to-station calls direct, as easily as local calls.

Fast — Convenient — Easy

DDD is fast, convenient, easy to use. To make a DDD call, just dial "1," then the 3-figure area code number for the city you are calling, and then the telephone number... that's all.

For example, suppose you want to call **CAptrol 7-3744** in Houston. You'll find Houston listed on page 3 of your telephone

directory with the area code number **713**. So you'll dial:

1... 7-1-3... C-A-7-3-7-4-4

... and you will then hear the Houston telephone ring, within seconds.

For technical reasons, all "AMherst 4" numbers must be changed to "AMherst 7" when DDD is introduced here.

BIG SPRING will be one of the first cities in West Texas to get DDD, and we are glad to bring this new service here. It is an important step in our continuing program to make your telephone service faster, more efficient, and more enjoyable than ever.

HARRY SAWYER, Manager

An Important Date for Big Spring

DDD will mark a milestone of telephone progress in Big Spring when it makes its debut here at 12:01 a.m. on July 14. Starting at that time, you will be able to dial your long distance calls direct to virtually any other city you want throughout the U. S. and Canada.

BIG SPRING BUSINESS REVIEW

7-A BIG SPRING (TEXAS) HERALD, WED., MAY 11, 1966 7-A

READY TO SERVE YOU
Bennett Brooke stands ready to fill your prescription

Bennett Brooke's Features Service

Bennett's Pharmacy is a totally new concept in pharmacy for the Howard County area. Operated by Bennett Brooke, a graduate of the College of Pharmacy of The University of Texas, fills the prescription. The location is near-perfect, being close to residential areas, and off the fast traffic on Gregg; yet, it is convenient to Gregg, between Gregg and Lancaster.

There is convenient parking space, paved, front and rear, at Bennett's, and it is ample. The location is near-perfect, being close to residential areas, and off the fast traffic on Gregg; yet, it is convenient to Gregg, between Gregg and Lancaster.

Bennett's Pharmacy is a pharmacy, and a pharmacy only. There are no magazines, peanuts or cap pistols in the pretty new red brick, Early American motif building. It is a prescription pharmacy, one of the very few in all of the West Texas area.

All pharmaceuticals are available at Bennett's, and because it is not a "drugstore" in the usual sense of the word, prescriptions may be filled rapidly—more rapidly than you'd expect.

DRIVE-IN SERVICE
A big feature of the pharmacy is its drive-in window service. All the customer has to do is to have his doctor call in the prescription to Bennett Brooke. Then he merely drives down or up the rapid-trip Gregg Street to Sixteenth, turns off, and pulls into the asphalt driveway up to the window. The customer may either wait in his car, or walk in. Either way, his prescription will be ready for use quickly.

If the customer wants to come in and wait for his prescription to be filled, he can do it in perfect comfort. Bennett Brooke keeps a small coffee bar with coffee ready for sipping at all times, and there

Thomas' Has Equipment For Offices

Thomas Office Supply has been serving its customers with a full variety of office supplies and equipment for many years. Farmers, ranchers, oil operating firms, and all other business firms have been depending on Eugene Thomas, owner, for their supplies, and Thomas has tried to have everything necessary at a moment's notice.

Royal McBee, makers of the famous line of Royal typewriters, has chosen Thomas Office Supply as its representative for this area.

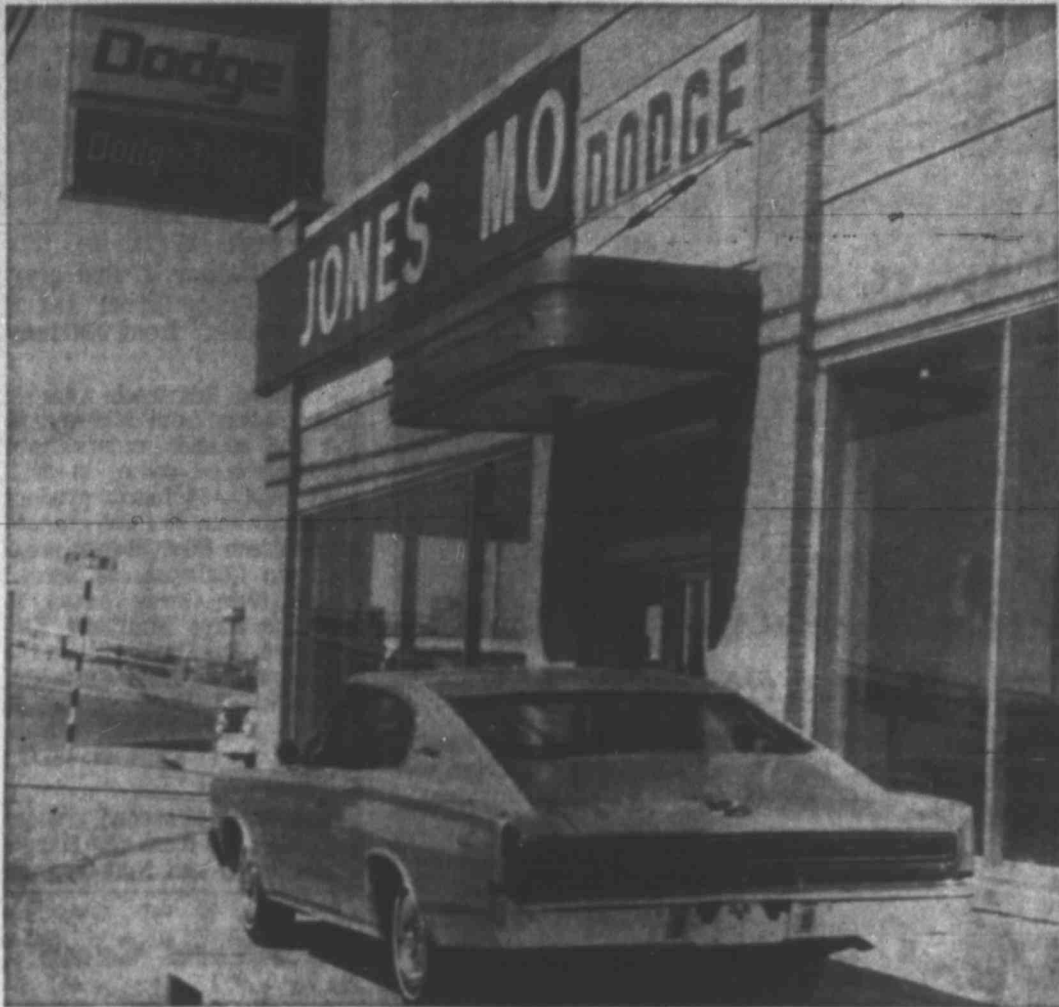

MACHINES READY
Thomas always has on hand several of the Royal electric as well as the manually-operated models, along with the most wanted and used portable Royals.

Thomas also carries a full line of office supplies, other than typewriters.

Filing cabinets, chairs, desks, desk lights, floor mats, all sizes of ledger binders, ledger sheets, Roylex carbon papers, and fine writing papers are available to suit any office.

A store full of other equipment and items is also available. These include Dyna-Type-writers in several sizes; Thermo-Fax copying machines; Speed-O-Print copying and duplicating machines; desk pads and blotters; Pliouze postal scales; numbering machines; staplers (including saddle-back types); drawing materials; ink; adding machine and cash-register tapes and fillers; ribbons for all typewriters; pencils; pens; reminder pads and appointment books.

SATISFY CUSTOMERS
"Thomas Office Supply believes that if a customer gets the right treatment and the right office supply needs, he will be satisfied. The number of years we have been at the same location, giving good service and demonstrating proven ability to service office machines, makes any firm feel that it has a stable place in the community. We have tried to give that service," Thomas says.

CHARGER ABOUT TO CHARGE
Dodge Charger, leader of the "Dodge Rebellion"

Fantastic New Charger Features Room, Power

There are a lot of sporty cars being put on the market these days, but most of them have "lacked on personalities." And most of them are too small to squeeze a normal person into.

But not so with the fantastic new Dodge Charger. Go take a look at it at Jones Motor Co., 201 Gregg. The Charger is a truly fabulous car.

What is it? It is not a "dream car." It is a beautiful new fast-back which got to the designer's drawing board to the Dodge dealer with all the excitement left in.

Fresh ideas abound in the Charger. Four real bucket seats. A center console that really is a console (the padded arm rest of the console flips up to reveal a storage space). Carpeting all the way into the trunk, tachometer, all are standard.

LOTS OF ROOM
With a flip of your wrist the back seats fold down and you have a 4 by 7 1/2-foot cargo space with room for toboggans, kids in sleeping bags, even skis. And if you wish, you can also flip the trunk security panel and you have goodly room for storage in two places—trunk and the interior of the car.

The dual headlights disappear during the day when you don't need them, or you can leave them out in the open.

There's more. Self-adjusting brakes, front sway bar, three-spoke simulated wood-grain steering wheel, internal hood release handle, oil pressure gauge, tinted rear window and a standard 230-horsepower V-8 engine.

POWER PLUS
Want even more power?

Charger accommodates you. How about the 361-V8 with 285 horses? Or the 383-V8 with 325 horses? Or, the ultimate, the fabulous 426 Hemi with dual four-barrel carbs which puts out a roaring 425 horses?

You can take the fine, three-speed TorqueFlite automatic transmission on the floor, or a four-speed, full-synch manual floor-shift with the optional engines if you wish. Power brakes and steering are, of course, options.

You can get a heavy-duty suspension package, a trailer-towing package, air conditioning, remote-control rear view mirror, electric window lifts, tinted windows, retractable seat belts front and rear, transistorized radio, and lots more.

SPORTS LUXURY
The Charger is not plain Jane. It is sports luxury. The leader of the "Dodge Rebellion."

Jones Motor Co. also handles all the other great Dodges—the Monaco, the largest, most luxurious Dodge for 1966; the Polara, the next-in-line, which offers standard equipment you pay extra for on "lower-priced" cars; the Coronet, which is leading Dodge's charge on Dallasville; or the man-sized Dodge Dart, a nimble and economical, roomy and zippy automobile which gets away from the idea that compact owners are all undersized.

There are wagons in every line, from Monaco to Dart, and the Sportsman wagons, too.

It's Easy To Get To Security State

If getting to the bank has been a problem with you because of traffic, try the Security State Bank at Fifteenth and Gregg Streets. It was located and built for convenience. Drive-in windows for doing your banking; off-street parking on two streets; and a spacious parking lot provide easy banking with friendly people.

Creighton's Has Tires

Need tires for your car, pickup or truck that will stand up in all kinds of driving in the West Texas area? Drive by Creighton Tire Co., 601 Gregg, to see the fine line of Seiberling tires available.

Seiberling tires have a wide, deep, high-traction tread, which gives exceptional traction. Among other features of the tires are positive braking power, outstanding stability, easy handling and quiet performance, coupled with the guarantee for the life of the original tread.

Byron's Transfer Gives Safe Moving Anywhere

Byron's Storage and Transfer, 106 E. 1st, has the facilities and the men to move anywhere in the country.

Agent for United Van Lines, Byron's can move in town, across town, or out of town; or out of state or overseas, if going that far.

Regardless of whether moving to or from, Byron's men and big vans can eliminate a lot of the work which formerly went into moving about the country.

Now residents can walk out of the house with the clothes on their backs and a change in their handbags and let the movers take over to do the packing, lifting, and arranging in the new home.

ONE CALL DOES IT
All you need to do is to tell Byron's when you plan to move out, when you want your furniture in the new home, and how you want it arranged. A telephone call to AM 3-7351 will get everything straightened out for the move.

Housewives will like the way kitchen utensils are packed securely, with no danger of break-

age. Glassware, mirrors, pictures, lamps and all fragile items are wrapped and packed securely and labeled for identification on opening.

UNLOAD TO DESIRES
Furniture and belongings from each room in the house can be unloaded, unpacked and placed in similar locations in the new home. Dresser drawers and closets will be handled with crates, boxes or wardrobes, so that everything will go back into the same location.

Hospitals Are Major Asset

Area hospitals are big business.

Admissions of 11,943 patients were reported during 1965 by the four private hospitals, Hall-Bennett Memorial Foundation Hospital, Malone and Hogan Foundation Hospital, Cowper Clinic and Hospital and Medical Arts Hospital. The average daily census was 150.

Public hospitals, including Big Spring State Hospital, Veterans Administration Hospital and Webb AFB Hospital, showed 6,182 admissions and an average daily census of 284. The total admissions therefore stood at 17,135 and the average daily census (patient load) at 1,336.

For public hospitals, excluding Webb, expenses amounted to \$2,845,000 and the payroll \$2,994,000. For private hospitals the expenses aggregated \$1,968,000 and the payroll \$1,309,129. This gives an aggregate disbursement of \$5,813,000, of which \$4,303,192 was in payrolls. The public hospitals employ over 1,000 persons, the private ones 330.

Join In 'Alliance For Health'

Hospital Week at the VA. Mrs. A. W. Moody, right, Big Spring, American Red Cross volunteer, assists. (Photo by Frank Brandon)

ALLIANCE FOR HEALTH

National Hospital Week Is Being Observed At VA

National Hospital Week, May 9-14, is being quietly observed in Big Spring this week with the Veterans Administration Hospital the only hospital hosting tours and displays.

With the theme of "Alliance for Health," the hospital conducted tours at 10 a.m. and 2 p.m. Tuesday and will feature similar tours Thursday. Science, special education and homemaking classes from the local junior and senior high schools are scheduled to take tours throughout the week. Groups interested in touring should contact Mrs. Arach Cunningham at the VA volunteer office for times.

According to Donald D. Van Meter, hospital director, the theme of National Hospital Week this year is in recognition of the vital role hospitals will play in Medicare when it becomes effective July 1. A Medicare display has been set up in the hospital lobby and a Social Security representative will be available to provide in-

formation about the program, Van Meter said.

Members of the local World War I Barracks and Auxiliary are in charge of registering guests.

As a point of interest to veterans, the Medicare program will not change the basic eligibility requirements for veterans entitled to VA hospital care, Van

Lad Is Treated For Meningitis

A single incident of meningitis was reported Tuesday at Webb Air Force Base.

Scott Slaughter, 2, son of 1st Lt. John T. Slaughter, 106-A Gunter, is hospitalized at the Webb Base Hospital.

Hospital officials said that all due precautions have been taken toward isolation and immunization of all persons, civilian and military, who may have come in contact with the child, and there is no need for alarm.

Meter said. After July 1, non-service connected veterans who do not receive VA pensions and are entitled to Medicare benefits will consider this insurance coverage as an asset when applying for hospital treatment, he said. Counseling procedures outlined in existing VA directives will be followed to assist the veteran in determining his ability to pay, he added. However, Van Meter said, the final decision with respect to ability to pay is the veteran's.

Eligibility for out-patient service is not affected by the Medicare legislation.

Enrollment Off

Enrollment in the Big Spring Public Schools continued to dip again this week, down 10 from last week's 7,576 to 7,566. Enrollment one year ago was 7,346. Breakdown by schools was, elementary, 4,279; special education, 158; and secondary, 3,129.

Hundreds Of Youngsters Visit Pet-A-Zoo

Well over 800 youngsters have visited or will be visiting the Pet-A-Zoo in the next few weeks, according to A. D. Blount, owner-operator. Most of them are coming in school groups from throughout the area.

Last week, 35 in the fifth grade at Midway, 37 first graders from Grady School, and 38 first graders from Midway came.

Scheduled this week were 40 third graders from Midway, 60 first and second graders from the Greenwood school in Midland County, 95 fourth graders from Coahoma, 40 third graders from Garden City, 70 first graders from Grady School, 25 from the Payne Smithson Kindergarten in Stanton, and 80 second graders from Coahoma. In addition, there were 10 Cubs from Den 4, and 10 from Den 8, both of Pack 46, taking a tour.

Next week, 30 second graders from Gail, 35 from St. Mary's Kindergarten and Nursery, and

55 from the Snyder Schools special education class are expected. Several groups from the Klondike school district have also been here to see the animals.

Blount makes special rates for groups of children, but asks them to call in advance so they may be scheduled. Any kind of group is welcome, he said.

Youngsters in such groups are given food to pass on to the

animals, and may ride the ponies and zoo-ride free. Currently, Blount is buying

A College Queen

Kay Hurst, daughter of Mr. and Mrs. David Hurst, Wheat Ridge, Colo., was one of three Colorado State University coeds who reigned over the annual "College Days," ending Sunday. Kay, granddaughter of Mr. and Mrs. Jess Slaughter, 610 Baylor, attended school here during her junior high school years. She is a member of the Westerns, a horse-ownership club of Colorado, and performed at the Fort Worth Fat Shock Show in 1963.

Mrs. Wade Choate Becomes President

Mrs. Wade Choate became president of the Xi Mu Chapter of Beta Sigma Phi during an installation Tuesday in the home of Mrs. James R. Shannon, 1418 Tucson.

Mrs. Robert Blasingame, retiring president, was the installing officer, and the slate includes Mrs. Waymon Clark, vice president; Mrs. Shannon, treasurer;

WSCS Has Installation

The Rev. Jarrell Sharp conducted the installation held Tuesday morning for the Woman's Society of Christian Service at Wesley Methodist Church.

Installed were Mrs. George Sutton, president; Mrs. E. A. Guinn, vice president; Mrs. Harold Knapp, recording secretary; and Mrs. S. L. Thurman, treasurer.

New committee secretaries are Mrs. J. C. Ray, campus ministry; Mrs. Rene Brown, Christian social relations; Mrs. Homer Thorp, membership cultivation; Mrs. Don Crockett, missionary education; Mrs. Abbey Anderson, program material; Mrs. W. B. Morris, spiritual life; Mrs. W. D. Lovelace, local church work; and Miss Helen Ewing, supply work.

Mrs. J. C. Ray presided, and Mrs. Jerry Allen led the pledge. Mrs. Thomas Sherrill was a guest. Mrs. Lennart Blomquist will be guest speaker May 16.

'ROUND TOWN

By LUCILLE PICKLE

There is a flurry in the air around town other than that caused by the weather. Coming weddings are creating much excitement as the days draw nearer and friends entertain for the bride-elect. Also there will be a great number of parties for graduating seniors and the end of school parties will have the students in a whirl almost until the very last day. For the older folk there is the joy of watching the younger folk have a wonderful time.

MRS. TONY HALE of Irving, a former resident of Big Spring, has recently undergone surgery on two separate occasions. She is now a patient in the Irving Professional Center. A sister-in-law of MRS. ROSS BOYKIN, she nursed here while they were residents. The Boykins visited her when they returned from Shreveport, La., where they took their daughter and granddaughter to their home.

DR. and MRS. ROBERT ANGEL and Bobby of Houston were here for the weekend with his parents, MR. and MRS. CLYDE ANGEL.

Vacancies Filled By Homemakers

Offices were filled at the Friday meeting of the Homemakers Class of Airport Baptist Church when Mrs. Barton Hastings presided. Elected were Mrs. Clint Wallace, secretary; Mrs. T. W. Blewett and Mrs. Herman Patterson, assistant teachers; and Mrs. A. R. Mengus, social chairman. Mrs. Ernest Hodo gave the devotion, and Mrs. Blewett gave the benediction. Mrs. Wallace served refreshments.

Rainbows Name Slate At Supper

The annual "friendship night" was held Tuesday evening during the meeting of the Order of the Rainbow for Girls at the Masonic Temple.

Hostesses for the salad supper were Mrs. Tracy Roberts, Mrs. Carl McGlothlin and Mrs. Carlton Hamilton.

Attending the affair were 74 members and guests from Big Spring, and 28 members and guests from Midland and Odessa.

During the business session new officers were elected. To take office in June will be Kay Bettle, worthy advisor; Kay Coppedge, worthy associate advisor; June Anderson, charity; Sherri Alexander, hope; and Ayn McGlothlin, faith.

A May pole theme was used in the room decorations, and gifts were presented to the out-of-town guests.

A letter from Mrs. Martha Whitfield, supreme inspector of the order was read asking Judy Daniels to serve as drill leader in instituting a Rainbow assembly in Ballinger on May 26. All members were invited to attend.

Past Matrons Chooses Leaders

Committees for June were appointed during the Tuesday meeting of the Past Matrons of the Order of Eastern Star. Twenty met at the Downtown Tea Room with Mrs. George Bair presiding.

Mrs. Mary Ehlmann was a guest, and Mrs. J. T. Allen gave the invocation.

On the visiting committee are Mrs. Drew Dyer, Mrs. Bair and Mrs. Dalton Mitchell, and on the telephone committee is Mrs. Sam McComb, Mrs. John Smith and Mrs. Euta Hall. Hostesses for June will be Mrs. Bernard Fisher, Mrs. Charles Koberg and Mrs. Hayes Stripling Sr.

Refreshments were served from a table centered with multicolored roses. Hostesses were Mrs. R. D. Ulrey, Mrs. C. E. McCleeny and Mrs. George Pittman.

Rebekahs Have Musical Skit

A musical skit, commemorating Mother's Day, was the highlight of the Tuesday evening meeting of the Big Spring Rebekah Lodge No. 284. Miss Shirley Lee presided. Program participants were Mrs. C. D. Herring, Mrs. Carl Mangum and Mrs. Henry Roger. Mrs. Gordon Gross read the commission of Mrs. Tom McAdams, special district deputy president, and a letter of thanks from the state hospital was read. Twenty-eight attended and reported 33 visits to the sick.

A LOVELIER YOU

Bathing Suits Call For Cutting Calories

By MARY SUE MILLER
To join the bathing-beauty brigade you have to cut a trim figure. An extra ounce seems like a pound, when you wear a swimsuit. Especially this summer's little nothings!

The first requisite of a trim figure, of course, is normal weight. And, happily, reducing need not be the struggle so many women make of it. You can lose two pounds a week simply by following this basic pattern of delicious eating every day:

1 egg—75 cal.; 1 pint skim milk or equivalent in other dairy products—160 cal.; 2 slices whole grain bread, or equivalent in other baked goods or cereal—130 cal.; 1 tablespoon butter or equivalent in cooking oil—100 cal.; choice of meat, fish or fowl (baked or broiled), not to exceed 300 cal.; 2 or 3 servings non-starchy vegetables, raw and cooked—85 cal.; 1 serving starchy vegetables, (potato, rice, corn)—100 cal.; 1 fruit or vegetable juice, 1 portion raw fruit—150 cal.; 1 plain dessert (jello, cupcake), not to exceed 100 cal. Total, 1200 calories.

Special pattern for teen girls: To the above foods add 2 slices bread, 2 pats butter; 1 pint milk (1 quart in all, preferably whole milk); 1 serving meat. Total, 2,300 to 2,400 calories.

The plus for everyone in this diet is a balance of nutrients that satisfies hunger, supplies energy, and polishes the skin. While you're on it, you have everything to gain but weight.

POCKET COUNTER
Do you really know the calorie counts of the foods you eat? Our new booklet, "Pocket Calorie Counter," tells the score at a glance. It also gives a diet plan—a

way to eat and slim. For your copy, write Mary Sue Miller, in care of the Big Spring Herald, enclosing a long, self-addressed, stamped envelope and 10 cents in coin.

Music Study Club Holds Installation

Mrs. J. H. Knauer, 12th district president, installed new officers for the Music Study Club during a luncheon Saturday at Cosden Country Club. Taking office were Mrs. Rene Brown, president; Mrs. David Shaw, first vice president; Mrs. Charles Bell, second vice president; Mrs. H. M. Jarrett, treasurer; Mrs. James Baum, recording secretary; Mrs. Fred Beckham, corresponding secretary; Mrs. L. L. Beauvais, parliamentarian; and Mrs. John Arnold, reporter-historian. The luncheon chairman was Mrs. Robert Heinze, and a musical program preceded the installation.

4-H Club Hears Talk On Assets

Delores Lankford conducted the program during the Monday evening meeting of the Gay Hill 4-H Club at the Bethel Church in Luther.

Miss Lankford gave suggestions for steer-raising and showmanship. She spoke on selection of stock, care, grooming and training.

Mrs. Delaine Crawford, county home demonstration agent, gave the summer schedule for 4-H clubs.

Betty Lou Little was presented a blue ribbon for her entry in the district food show, and Martha Couch was given a picture taken at the district contest, where she won first place for her money management demonstration.

Larry Don Shaw of the Knott 4-H Club was guest speaker, discussing "Optimism—Youth's Greatest Asset."

Refreshments were served to 30 by Mrs. B. R. Brooks.

High Tallies Given For Two Games

Winners of the Sunday duplicate games at Cosden Country Club were Mrs. E. L. Powell and Mrs. J. Gordon Bristow, first; Mrs. Ayra McGann and George D. Pike, second; and Mrs. Wally Slate and Mrs. Riley Foster, third.

Players were reminded that the 7:30 p.m. Thursday game at Webb AFB will be for Master Points as will the Friday game at Big Spring Country Club.

Five tables were in play for the Tuesday games at Big Spring Country Club.

Winners were Mrs. Wally Slate and Mrs. Fred Kasch, first; Mrs. E. L. Powell and Mrs. Malcolm Patterson, second; Mrs. B. B. Badger and Mrs. Ward Hall, third; and Mrs. Travis Reed and Mrs. J. H. Parks, fourth.

Garden Club Installs Slate

Mrs. Dale Smith conducted the installation ceremony during the Tuesday luncheon meeting of the Rosebud Garden Club. Mrs. Odell-Womack, 1601 Tucson, was hostess.

Cohostesses were Mrs. Bill Wilson and Mrs. Travis Carlton. Mrs. D. S. Riley, president of the Big Spring Garden Club Council, was a guest.

Mrs. Smith used a Japanese abstract flower arrangement as symbolic of the continuity of officer responsibilities.

The new slate will be Mrs. Carlton, president; Mrs. Jack Cook, secretary and reporter; Mrs. T. H. McCann, treasurer; Mrs. Joe Myers, parliamentarian; and Mrs. Walter Ross, council representative.

Mrs. Womack announced her committee chairman for the coming year. They are Mrs. Womack, program; Mrs. Ross, yearbook; Mrs. Joe Smoot, Mrs. J. P. Anderson and Mrs. M. Q. Cauley, telephone; Mrs. Akin Simpson, historian; Mrs. Charles Sweeney, project and social; Mrs. Wilson, scrapbook; Mrs. McCann, ways and means; Mrs. Clyde E. Thomas Jr., flower show; and Mrs. Smith, delegate to district and state meetings.

The individual tables were centered with baskets of white flowers, and Mrs. Wilson, outgoing president, was presented an engraved silver trivet.

Girl Scout Conference Set In Colorado City

Miss Martha Wiseman of Jackson, Miss., will conduct a conference Thursday for members of the board of directors and nominating committee of the West Texas Girl Scout Council. The conference will be held from 4 to 9 p.m. at the Baker Hotel, Colorado City.

This conference is a new service of Girl Scouts of the U.S.A. to its local councils. It will focus on the dynamic leadership role of a local board of directors and will include an opportunity to relate the responsibilities of a board to the fundamental beliefs and principles of the Girl Scout movement and to the policies and standards through which these principles are carried out.

Miss Wiseman joined the Girl Scouts in 1945, coming from the field of education. She held various positions in the personnel department at the headquarters

office in New York until accepting the position of executive director of Middle Mississippi Girl Scout Council. In 1964 she retired from professional Scouting to serve as volunteer leader for conferences.

Miss Alice Mulkey, adviser to the West Texas Council from the national branch office of Girl Scouts of the U.S.A. in Dallas, will assist.

In Pro-Am Field Here

Pictured above are five persons who took part in Tuesday's 18-hole pro-am at the Municipal Golf Course. From the left, they are Jim Hundley, Post; Salty Barton, Sweetwater; Farris Hammond, Big Spring; Leonard Perry, Sweetwater; and Adam (Ripper) Ramos. (Photo by Danny Valdes)

Two Teams Share Top Spot In Munny Play

Two teams, one of them an all-Big Spring unit, tied for first place in the Pro-Am held Tuesday at the Municipal Golf course here. The 18 holes of play attracted a total of 68 players, including nine pros from as far away as Fort Worth. The Big Spring quartet who fired a 12-under-par 61 to dead-lock for first place was composed of Jackie Thomas, Jack Mundell, R. C. McDaniel and Joe Sharpack. Shooting the same score was a group consisting of Bobby Rutherford, Big Spring; pro Horace Norman and his wife, Hazel, both of Monahan; and Bud Snell, Lamesa. Low amateur for the day was Rutherford, who fashioned a warm 78. Jim Hundley of Post was second, with a 73. The third place team, which settled for a 63, was composed of Hundley, Salty Barton, Sweetwater; Leonard Perry, Sweetwater; and Farris Hammond, Big Spring.

LOOKING 'EM OVER

With Tommy Hart

Said a professional football player to me not long ago: "Bad Adams (owner of the Houston Oilers) is on his way to becoming the new Harry Wismer of the American Football League."

Wismer was noted for his marathon speeches. Adams has created a curious climate for a football magnate in the city of Houston. There is an army of people down there who either want him to sell his AFL holdings to John McCom or have someone else promote an NFL team for the city.

Plainview's Bulldogs started spring football workouts last Monday and coach Don Williams has been quoted as saying: "We think we're going to have our best team since we've been here." Williams has been head coach there for four seasons.

Williams' enthusiasm is noted here because Big Spring returns to the Bulldog schedule this fall for the first time since Williams got his baptism of fire. Don, they say, figures he has a score to settle with Big Spring and well he might. Big Spring won the game, 24-6, without trying to point for the contest.

A squad of 142 boys greeted Williams, which should give the reader a pretty good idea of how the pendulum has swung at Plainview.

Don has been running an off-season program that has paid off for the Bulldogs — a program consisting of weight lifting, developing agility, running and mat work.

Fifteen lettermen are returning at Plainview (compared to six here). Plainview's quarterback will probably be Ron Kersh, a 164-pounder, or John Campbell, who weighs 152. Both boys will be seniors this fall.

Plainview has been notoriously weak in pass defense in the past but Williams is changing to a three-deep defensive pattern to correct the shortcoming — two halfbacks and a safety.

Don Seymour, formerly head coach at Spearman, has joined the Plainview coaching corps. Other aides on Williams' staff include Deverell Lewis and Gerald Richey.

Officials of the Colorado Ski Country U. S. A. say that visiting skiers spent \$7.6 million during the past season at 30 Colorado ski areas, on ski-lift tickets, ski schools, rental equipment and food at area-operated restaurants. This figure does not include lodging, transportation or apres-ski expenditures.

The economic impact on the state was considered especially good, since the state received only about half of the amount of snow it is noted for.

Meetings are now being held in the Midland-Odessa area which could lead to the organization of a semi-pro football team for that area.

The club would become a member of the Texas Football League, which has already been in operation two years and which is now in a period of expansion.

The circuit, which may have as many as dozen teams, books a ten-game regular season schedule.

Alabama and the University of Georgia may run 1-2 in the Southeastern Conference football race again this fall.

Coach Ray Graves of Florida says that Georgia has done the best recruiting job in the conference for the past two years and has more outstanding football players than anyone in the league outside of Alabama.

A pro football note: Johnny Unitas of the Baltimore Colts needs only three more touchdown passes to break Y. A. Tittle's all-time record of 212 in the NFL.

And Tittle broke the record held by Bobby Layne, who holds business interests here. Layne topped a mark once held by Sammy Baugh.

If Big Springer Charley Johnson stays healthy, he could eclipse Unitas' prospective record, in time. He'll still a young man, as pro players go.

Clay Singing A New Ditty For Cooper

LONDON (AP) — Cassius Clay is singing a new song. It goes like this:

London Bridge is falling down, falling down, falling down, Henry Cooper's falling down, poor old Henry.

It would be world heavyweight champion Clay's signature tune for his May 21 title fight with Cooper at London's Arsenal Soccer Stadium. Cooper, naturally, has his own musical arrangement.

Singing apart, Clay got down to some serious training Tuesday in the gymnasium of the 10th Parachute Regiment at London's White City Stadium.

Clay thumped the 83-pound heavy bag he brought with him. Then he told newsmen:

"I didn't hit a heavy bag before the (George) Chuvalo or (Floyd) Patterson fights.

"The hardest thing I hit in those fights was my opponents.

"In Toronto my hands were bad. The bag didn't make the journey and Chuvalo stayed the long trip. I made a mess of him, but he stayed.

"Last time I used the bag was in Lewiston, and Liston went in a minute."

Asked if this was likely to happen to Cooper, Clay replied in his new-found modest style:

"I'm not a boaster and a prophet any more."

Clay said he had injected in Miami, Fla., and his hands are as good as new.

"I'll hit Cooper real good from the start. I ain't going to mess around."

Clay boxed three rounds Tuesday with his chief sparring partner, Jimmy Ellis.

The sparring contrasted sharply with Clay's work before the Chuvalo fight.

Instead of wrestling at close quarters and building up resistance to body punches, he concentrated on moving smartly and throwing bargings of left jab.

Meanwhile, British champion Cooper steps up his training today with the aid of American sparring partner, Jimmy Fletcher, who flew in from California.

Valentine Has His Moment Of Glory

By The Associated Press from 229 to 300. He battered Angel pitching for three singles and a homer Monday night, then came back Tuesday night with a single, two doubles and a triple.

Life wasn't so romantic for Valentine during spring training. In the last three weeks of March, he was hit by baseballs five times, and he hit a catcher once and a wall once.

The other three American League games ended 3-2, Baltimore edging Chicago in 12 in-

ings, Kansas City trimming Boston in 10 and Detroit nipping Cleveland in nine. Rain washed out New York at Minnesota.

Valentine's lusty performance provided more than enough support for Pete Richter, who stopped the Angels on three hits. Valentine tripled and scored in the first inning and triggered a two-run eighth with a double.

Brooks Robinson singled in the 12th inning and scored Baltimore's winning run as Russ Snyder grounded into a force out. J. C. Martin's passed ball put Robinson at third. Another Robinson, Chicago's Floyd, ignited a two-run rally in the seventh that tied the game 2-2.

Bill Freehan singled in the Detroit ninth and raced home on Willie Horton's pinch-hit double. Mickey Lolich limited Cleveland to three hits before departing for Horton.

Kansas City won in the 10th inning when Ozzie Chavarría reached first on Mike Ryan's passed ball on the third strike, stole second and scampered all the way home as Bert Campaneris beat out a hit to third.

Nicklaus Has Best Shot At Open's Lagniappe

NEW ORLEANS (AP) — In addition to the \$100,000 purse in the Greater New Orleans Open Golf Tourney, eight pros have a good crack at some lagniappe — which is Louisiana French for an added extra special tidbit.

The lagniappe for the tournament which gets under way Thursday over the demanding Lakewood Country Club course, is the Seymour Weiss All-American Gold Cup, plus \$5,000 cash.

Weiss, a retired hotel man and onetime associate of the late Huey P. (Kingfish) Long, annually puts up the cup and cash for the pro having the lowest aggregate score for the U.S. Open, PGA, Masters and Greater New Orleans Open tournaments.

The runner-up gets \$2,500 and the No. 3 finisher \$1,000.

Going into this year's tourney here, big Jack Nicklaus has 869 strokes for the 1965 Open and PGA tourneys, plus this year's Masters.

The other seven within striking distance are slumped down Billy Casper at 870, young Raymond Floyd at 871, Doug Sanders at 872, Gay Brewer Jr., 874, Julius Boros 878, Gardner Dickinson Jr., 878 and Frank Beard 879.

Nicklaus, who tied for fourth in last year's Greater New Orleans, won the gold cup and the \$5,000 in cash that goes with it a year ago.

Nicklaus, Arnold Palmer, Sanders and other top stars of the play-for-pay ranks got their first look of the year at Lakewood today in the \$5,000 pro-am preliminary.

McCullough One-Hits Flock As Herd Wins

A superlative one-hit pitching job by junior Johnny McCullough propelled the Big Spring Steers by the Abilene Eagles here Tuesday afternoon. Final score was 1-0.

McCullough, who has done most of his pitching in the bullpen this year, had to be at his very best to shade the Eagles' David Richardson, who cautioned out only three hits to the locals.

The Big Springers got their only run in the opening inning and it was tainted. With one out, Jesse Zapata singled past the first baseman and then stole second.

After Sammy Mims had fanned, Yogi Anderson ambled to the plate and hit a blue darter right at the second baseman that went on through. Zapata scored all the way from second.

McCullough lost his no-hitter in the fifth when Ronnie Vinson lashed a single after the first two men in the inning had been retired.

McCullough fanned only three but he made the Eagles hit the ball on the ground or harmlessly pop to the infield. Only one runner, Brian Harper, got as far as second base on him.

That occurred in the second. After Harper had gained a life on a walk.

Rod Roberts garnered Big Spring's second hit in the fifth inning and advanced as far as second base. Berry King lashed out a one-baser in the sixth and, too, died at second base.

Richardson issued only one free ticket and whiffed four. He pitched well enough to win nine of ten starts.

The victory snapped a six-game losing skein for Big Spring and enabled it to tie the Eagles for seventh place in the standings.

WINNING COMBINATION
Yogi Anderson (L), John McCullough

The Longhorns return to competition here Thursday against Abilene Cooper, with a lot riding on the outcome.

Cooper will be trying to remain in competition for a first place finish in the race. The Steers will be seeking to climb out of the cellar. Game time is 4:30 p.m. and Gary Mearns of Bobby Griffin will likely hurl for Big Spring.

Abilene	SP	IP	H	R	E	BB	SO	WP
Richardson	L	7	1	0	0	0	3	1
McCullough	W	7	1	0	0	0	3	1

Knicks Likely To Place Hold On Caz Russell

NEW YORK (AP)—The New York Knickerbockers, needing a big, strong backcourt man to get out of the cellar, eyed All-America Cazzie Russell of Michigan as the No. 1 pick in today's National Basketball Association draft.

Russell, 6-foot-5½ and 218 pounds, was regarded as a can't-miss prospect by the pro scouts, many of whom downgraded Rick Barry a year ago.

Barry became a sensational player for the San Francisco Warriors and was named Rookie of the Year and voted to the league All-Star team. Some thought Barry might be too frail for the pros but they never will say that about Russell.

New York had won first pick by the flip of a coin with the Detroit Pistons after the two teams finished last in their respective divisions. San Francisco, St. Louis, Baltimore, Cincinnati, Los Angeles, Boston, Philadelphia and the new Chicago entry followed in that order. Chicago got the third and fourth picks in the second round, behind Detroit and New York.

The draft was scheduled to start at noon, EDT.

The old territorial draft that gave the Knicks the rights to Princeton's Bill Bradley a year ago has been abandoned. Bradley passed up the pros to continue his studies in England.

Russell, Dave Bing of Syracuse and Dave Schellhase of Purdue were among the most highly regarded pro prospects.

Wills Leads Go-Go Boys To Success

By HAL ROCK
Associated Press Sports Writer

Quick, sprinkle salt on their tails before the Los Angeles Dodgers steal the National League pennant again.

Walt Alton's go-go boys and their chief second story man, Maury Wills, ran all around the Philadelphia Phillies Tuesday night with their oldtime speed and their oldtime Sandy Koufax producing a 6-1 victory.

Wills stole three bases, Lou Johnson two and Ron Fairly one but Alton denied the six steals meant Los Angeles would be running regularly now.

"Sometimes you can run," Alton said, "and sometimes you can't. That's the way we're going to play it too. We're going to keep them guessing."

Koufax, whose lengthy hold-out cut deeply into his spring training, pitched a strong six-hitter, striking out 10 and winning his fourth game in five decisions.

Elsewhere in the National League Tuesday, St. Louis blanked Chicago 8-0. Cincinnati swept a doubleheader from Atlanta 5-2, 8-0. San Francisco edged Pittsburgh 2-1 in 15 innings and New York bested Houston 7-4.

Fairly's two-run double was the big hit for the Dodgers in the first inning as they gave Koufax a quick 3-0 lead against Chris Short. That was all Sandy needed.

Orlando Cepeda, acquired from the Giants just two days earlier, poled his first homer for St. Louis and three other Cardinal homers made it easy for Bob Gibson, who pitched a six-hitter. Gibson, Mike Shannon and Curt Flood hit the other homers.

Jim Maloney and Milt Pappas pitched the Reds to their sweep over the Braves, who managed just seven hits in the double-header.

Maloney, out two weeks with an arm ailment, gave Atlanta a pair of first inning runs in the opening game and then shut them out on one hit until the eighth when Don Nottenart came in to finish up. Pappas hurled a four-hitter in the night-cap.

Pete Rose had three hits and Tony Perez and Leo Cardenas drove in two runs apiece in the second game after the Reds pumped 14 hits including a two-run homer by Deron Johnson to win the opener.

San Francisco won its ninth straight by pushing across a run on a force out in the 15th inning against the Pirates. Two singles and an error loaded the bases and then Tom Haller scooted home with the winning run as Len Gabrielson beat the relay on an attempted double play bounce.

Dick Selma worked 42-3 innings of sharp relief and the Mets pounded three homers to defeat Houston. Selma permitted just three singles, all of them in the ninth inning. Johnny Lewis, Ken Boyer and Jim Hickman homered for New York.

There's just one small thing about this GMC Pickup.

The price.

That's all we're small about. Take our exclusive V-8. Many of them have gone 150,000 miles and more without major overhaul. King size tires are standard on this V-8 Pickup. Others charge extra. Four headlamps, not two like some. See the light? And it gets brighter when you talk price to me.

Gals Want Wood Panel

WEST GREENWICH, R.I. (AP) — Women jurors in Rhode Island say they'd like a wooden panel in front of the jury box instead of a rail.

Their skirts are just getting too short.

Superior Court Judge Florence K. Murray, the state's only woman judge, said the court passed out questionnaires to 700 jurors over the last eight months.

"We asked them if there was anything they wanted to make known to us, if they had any suggestions," Judge Murray said.

"The one suggestion that showed up with some recurrence," she said, "was that the women wanted a panel put up in front of the jury box because their skirts have grown shorter."

Judge Murray reported the finding to the state's judges at the sixth annual meeting of the Judicial Conference of Rhode Island.

Judge Murray said the judges who heard her report — about 30 men — "just considered it was amusing."

2nd Debut for Mother

Since She Had Her Face Lifted at Home Without Surgery

2ND DEBUT with CEF is for women of all ages. It helps nature prevent and eliminate frown lines and wrinkles. Its marvelous benefits are gradual, subtle and lasting.

CEF, the remarkable biological ingredient in 2ND DEBUT, works beneath the surface of the skin, bringing countless tiny droplets of natural moisture to replace those time and the elements have taken away.

As the moisture accumulates, it pushes lines and wrinkles upward and out. The skin's moisture balance is restored. Signs of aging are smoothed away and the face is "lifted"—naturally and without surgery.

2ND DEBUT is formulated with CEF 600 for normal skin care, and with CEF 1200 "double potency." So, start using 2ND DEBUT today.

2ND DEBUT Liquid Cleanser is for women who are bothered by a ruddy complexion, blackheads, or large pores. All of these problems are due partly to improper cleansing.

2nd Debut WITH CEF 600

BY ARRIVE BEAUTIFUL

2ND DEBUT COSMETICS with CEF that keep you Debutante Lovely year after year after year.

Brock Graduates From Sales Class

Bob Brock, sales manager and vice president of Shasta Ford Sales, has graduated from the sales management course conducted by the Ford Marketing Institute in Dallas.

The course is one of a number offered at the institute to dealers, their personnel and Ford Motor Company employees by professional, full-time instructors. Subjects range from management and merchandising courses for dealers and their department managers to selling courses for salesmen.

Local Connections For Sul Ross Grads

One Big Spring woman, and another who formerly lived here, are among the candidates for degrees at Sul Ross College Sunday at 7 p.m. in Alpine.

Virginia June Lile, Big Spring, is to receive a bachelor of science degree, while Mrs. Mayron Shields, the former Cozaree Walker, will receive the bachelor of business administration degree. Her husband, Dr. Shields, is a member of the Sul Ross faculty. Speaker for the commencement will be C. Porter Bristol, vice president in charge of Shell Oil Company's exploration and production area.

College Job Helps Revive Building Total In April

April was by far the highest construction month of 1966 for Big Spring with a total of \$792,924 in building permits taken out. The big figure pushed 1966 construction values to over the \$1,000,000 mark.

Most of the total—\$739,940—was due to two permits for the new building at Howard County

Fallon Book Draws Praise

Dr. Berlie J. Fallon, professor of Education at Texas Tech and son of Mr. and Mrs. Claude Fallon of Big Spring, is the author of a newly released book, "Educational Innovation in the United States."

Published by Phi Delta Kappa, national professional fraternity for men in education headquartered at Bloomington, Ind., the book traces trends and changes in public school programs throughout the nation during the period 1957-1964. The 628 school practices reported in the book were implemented by over 300 school systems in 35 states and were originally published in longer form by Associated Public School Systems of New York City and the West Texas School Study Council at Texas Tech, which Dr. Fallon serves in the capacity of executive secretary.

A recent review of the book in "Education USA," newsletter of the National School Public Relations Association, cited it as a publication that "could speed up curricula and administrative changes in public schools." The April issue of the "Phi Delta Kappan" stated that the book will help school administrators "with almost every conceivable aspect of school operation."

Dr. Fallon graduated from Big Spring High School in 1938 and holds degrees from Daniel Baker College, Texas Technological College, and the University of Colorado. He is married to the former Winona Bailey of Big Spring, and they have two children, Judy, a sophomore at Texas Tech, and Laine, an eighth grader in the Lubbock schools.

COMPARATIVE BUILDING VALUES

	April, 1966	April, 1965
New Residence	\$ 23,000	\$185,500
New Commercial	730,940	154,500
Additions	23,300	10,900
Remodels	4,989	6,960
Re-Roofs	590	10,700
Demolished	3,100	2,600
Moved	2,210	1,900
Signs	4,795	19,450
TOTAL	\$792,924	\$394,670

Junior College, one for \$50,000 (foundation) and the other for the building itself, \$650,940; and one permit for a new Texaco service station at 2501 US-87 south, valued at \$30,000.

In April, 1965, the total permit value during the month was only \$394,670, a little more than half the April, 1966, total.

However, half of the other categories of permits issued this April fell below April of 1965.

Only one new residential permit was issued, for \$23,000, compared to a total of \$185,500 worth a year ago.

Six sign permits were purchased this April, for a value of \$4,795, compared to \$19,450 worth last year at this time.

Only \$590 worth of re-roofing permits were issued during the past month, two permits, compared to \$10,700 worth a year ago.

Fifth Graders To Get Typing

NEW YORK (AP)—Typing is a necessary skill "for almost everybody today," says Superintendent of Schools Bernard E. Donovan, and every fifth grader in the city schools will have to take a course in it.

A typing course will be mandatory when the new intermediate fifth-through-eighth grade schools open in September, Donovan said Saturday in a speech to the Business Education Association.

Hi-Y Delegates

Randy Nicholson and Jack Cathey, members of the YMCA Hi-Y Club, will attend the Western Regional Hi-Y Leadership Training Conference at Estes Park, Colo., June 17-22. The conference will draw 240 Hi-Y representatives from 14 states.

however, passing the \$7 million mark.

The 39 permits issued during April were the most during the first four months of the year. March was nearly as high, with 38 permits issued—value, however, was much lower, totaling \$181,751.

Second high construction month this year was January, when 31 permits totaled \$152,261 in worth. Low month was valued at a mere \$33,312.

THANKS

I am grateful for the vote and support given me in the May 7 primary. I appreciate the confidence you had in me in the past. It humbles me very much, and I trust I shall never betray that confidence.

I sincerely ask for your continued support.

To those of you who had another choice in the first primary, I appeal now for your support in the Saturday, June 4, primary.

Vote for continued economical, progressive county government.

L. J. DAVIDSON

For County Commissioner—Pct. No. 4

(Pct. Pol. Adv.)

THANKS

If I could make it a thousand times bigger than this, it still wouldn't be enough to express my deep appreciation for the support and courteous reception you gave me, with experience of one term, I will try to be an even better county judge.

Lee Porter

(Pct. Pol. Adv.)
