On The Lighter Side

Lady Bird Johnson holds a bouquet as she enjoys a laugh today before addressing delegates to the National Youth Conference on Conservation and Natural Beauty, assembled on the south lawn at the White House. The President, behind her, also had a few remarks for the group. (AP WIREPHOTO)

Dodd Denies Stooging For Klein In Germany

WASHINGTON (AP) — Sen. Thomas J. Dodd told the Senate Ethics Committee today that he did not bring up the name of Julius Klein, Chicago public relations man, at a meeting he had with German Chancellor Konrad Adenauer in 1964. The Connecticut Democrat said it was Adenauer, not he, who mentioned Klein, a registered agent for West German interests. His meeting with Adenauer was the only time Dodd said he recalled discussing Klein during his 1964 trip to Germany.

Erhard Proposes Meet With Russian Leaders

BONN, Germany (AP) — Chancellor Ludwig Erhard says he is ready to meet with Soviet leaders at any time here or in Moscow for talks on German problems. Renewed interest in the possibility of such talks has developed as a result of declining East-West tensions in Europe, currently dramatized by French President Charles de Gaulle's visit to the Soviet Union.

Mishap Fatal To Ackerly Youth

A 16-year-old Latin-American youth, Lupe Maldonado, was killed instantly, and Alfredo Cuellar, 17, his companion, was injured when the 1960 Buick in which they were riding turned over at 1:15 a.m. Monday. The accident, which occurred on FM 33, 5.6 mile south of the Howard County line in Glasscock County, was investigated by Jack White, highway patrolman.

Brandt Spurns Ulbricht Demand

BONN, Germany (AP) — West Berlin Mayor Willy Brandt and his Social Democrats have rejected a demand by East German Communist leader Walter Ulbricht that high-level secret political talks be held as a condition for an exchange of East-West public debates. Ulbricht made the demand in a letter to Brandt dated June 22. Brandt's rejection came in an answering statement made public in Bonn today.

Navy Bombers Hit Fuel Dump

SAIGON, South Viet Nam (AP) — U.S. Navy bombers turned a large North Vietnamese fuel dump into an inferno that threw up billows of black smoke visible for 150 miles away at sea, an American spokesman reported today. Twelve hours after the strike by twin-jet A6 Intruders from the carrier Constellation, strategic oil stores were still engulfed in flames. Navy reconnaissance pilots said the target was a fuel storage area 35 miles northeast of Vinh and 160 miles south of Hanoi.

Viets Regard War As Ours

WASHINGTON (AP) — A limited survey of popular attitudes in government-controlled areas of South Viet Nam indicates people there tend to regard the war as an American war, officials report. U.S. experts who conducted the survey say there also is a tendency to rely chiefly on the Americans to bring back peace and find answers to South Viet Nam's economic and other problems.

Catholics Push Polish Police

WARSAW, Poland (AP) — About 1,000 hymn-singing Polish Catholics clashed with club-wielding police Sunday night in two attempts to march on Communist party headquarters in Warsaw. At the height of the outbreak, helmeted police charged into a chanting crowd of youthful supporters of Stefan Cardinal Wyszynski, the Polish primate, and began swinging their truncheons. Newsmen saw at least two persons struck by clubs and reported several arrested.

Guard Moves Into Ft. Hood

NORTH FT. HOOD, Tex. (AP) — Six-thousand national guardsmen moved into North Ft. Hood Sunday for the 19th summer encampment of the 36th Infantry Division since the end of World War II. Troop convoys from the division's various units traveled 1.1 million man-miles without accident to arrive at the Central Texas training ground.

Smoking Canines Get Lung Disease

CHICAGO (AP) — Emphysema, a lung disease with a death rate increasing faster in the United States than that of any other single disease, has been produced experimentally in cigarette-smoking dogs, a medical research team reported today. At two smoking sessions daily, for more than a year, the dogs inhaled cigarette smoke through hollow plastic tubes inserted in their windpipes.

Blind Did Lead Blind

Dell, a Seeing Eye dog that has undergone surgery recently to remove cataracts from both her eyes, nuzzles her master, Jack McAdams, who is blind. Last April McAdams discovered that his dog was leading him across downtown Detroit streets "on instinct and guts alone."

Blind Seeing-Eye Dog 'Sees' Again

DETROIT (AP) — Hesitant Magrane of Mishawaka, Ind., removed Dell's clouded lenses. Thursday the stitches inside her eyelids were removed. It turned out, the blind was leading the blind. McAdams' dog, Dell, was guiding him through downtown Detroit streets on a rainy April day when he sensed indecision on the dog's part.

Plane Wreck Victim Lauded

SEATTLE, Wash. (AP) — "Her courage and initiative saved our baby's life," says the husband of a young mother who managed to keep her 2-month-old baby and herself alive for two days in a plane wreckage on a cold, snowy mountain. Loren Little, 24-year-old University of Washington medical student, spoke with pride as he told of the ordeal his wife, Karla, 25, underwent to save herself and their daughter, Laurie.

DIED IN CRASH

Mrs. Little's father and stepmother died in the crash on the snow-covered side of 9,671-foot Mt. St. Helens. Mrs. Little suffered a broken back, broken ribs, a collapsed lung and frostbitten feet. Doctors reported she was resting comfortably in a hospital today. Her daughter has only a bruised forehead.

ANNIVERSARY

They planned to fly to Norwalk, Calif., for the golden wedding anniversary of his parents, Mr. and Mrs. Ray Erickson. "I was supposed to go with them," Little said. "At the last minute I changed my mind." Flying south toward Portland, Ore., Thursday the four ran into heavy weather. Mrs. Little thinks a wingtip struck the rocky side of the mountain.

Firms Agree To Pollution Curb Action

AUSTIN (AP)—Hugh Yantis, chief engineer for the Texas Water Pollution Control Board, says several companies which discharge waste into the Houston ship channel have agreed to amended disposal permits.

Yantis reports on that situation at today's meeting of the board.

Also on the agenda is a report on solid waste disposal from Lubbock polluting works of the Brazos River in that area.

The board issued water quality requirements for the channel Dec. 2, with standards varying according to three zones of the waterway.

The companies which have agreed to change their permits to conform to higher standards of cleanliness are the Olin Mathieson Chemical Corp. Pasadena works; Rohm & Haas Co. of Deer Park; Shell Oil Co. of Deer Park; Signal Oil & Gas Co. of Houston and the A. O. Smith Corp. of Texas.

The City of Houston also is prepared to amend its permit, Yantis said.

He added changes are ready on these permits "because they are the first on which we have the paper work done."

He said most of the 89 industrial firms and 23 cities which discharge into the channel are "quite willing to amend their permits. We're simply not ready with the papers."

Automation In Farming Is Advanced

AMHERST, Mass. (AP)—New developments in automatic farming were detailed today to the American Society of Agricultural Engineers.

Holding its 39th annual convention at the University of Massachusetts, the society learned of advances in equipment to apply insecticides to the roots of plants, and a control device for automatic lettuce pickers. Also discussed was a small gothic greenhouse.

The insecticide equipment is designed to apply the poison to the stem and roots of plants. It then moves through the entire plant to kill feeding insects.

The apparatus developed by four Texas scientists uses twin rotary nozzles connected to a tractor. B. G. Reeves, cotton ginning specialist, and L. H. Wilkes, associate professor of agricultural engineering at Texas A&M, worked on the device with R. L. Ridgway and D. A. Linguist of the entomology research division of the U.S. Department of Agriculture at College Station, Tex.

The new machine is said to be 74 per cent more effective than conventional application of insecticides to roots and stems. Thus far it has been tested only on cotton.

Grand Jury To Get New Cases

Two additional cases have been added to the original list of felonies the Howard County grand jury is slated to investigate this week.

The grand jury will be empaneled on Tuesday by Judge Ralph Cates in 118th District Court.

The matters which Wayne Tollett, investigator for the district attorney's office said had been added to the list are Vernon Collins Ford, DWI second offense, and Alberto Sanchez, to be questioned about an assault with intent to murder case.

Sanchez has not been charged, but that Wayne Burns, district attorney, intends to present state's evidence to the grand jury relative to the stabbing of Joe Viera some months ago. Sanchez was questioned in the case.

The grand jury will have one murder case, a rape complaint, several armed robbery matters and numerous DWI, forgery and similar, felony allegations to consider.

'Black Power' Slogan Keys March

By DON MCKEE
JACKSON, Miss. (AP) — A chant echoes still from the Mississippi civil rights march, voicing clearly the Negro's disillusionment with past methods and his growing belief that political strength holds the key to his problem.

"Black power! Black power!" became the rallying cry suddenly after the march had been in progress for nearly two weeks.

SLOGAN

This was the slogan that more than anything struck responsive chords. The eagerness with which the Negro masses seized upon the word disconcerted the more conservative leaders. It deepened the philosophical rift within the civil rights movement.

Dr. Martin Luther King Jr., who got into the march against the advice of a key associate, found himself fighting for control against a militant faction that talked of power, violence and disorders.

King, in the end, maintained his dominant role among the leadership but recognized the changing mood of Negroes. He defended nonviolence in integration but quit talking about new federal legislation — apparently no one was interested.

The march, from all indications, stirred many Negroes to action. Hundreds flocked to voter registration offices; they joined in rallies and trudged doggedly down the pavement.

In contrast to the Alabama march of 1965, the Mississippi march touched the masses with

a message of hope and self-respect.

ALABAMA

The Alabama march had a single purpose — to get a federal voting rights law enacted. While the Mississippi demon-

stration gave considerable emphasis to a proposed law now in Congress, it's real significance lies in its triggering response among Negroes in Mississippi. Today's Negroes are not concerned about legislation. They

talk about bread on the table, money in their pockets, and Negro officeholders in the towns and counties.

The march emphasized deepening resentment of what is considered by some Negro lead-

ers to be inaction by the federal government and particularly President Johnson in implementing the major civil rights laws enacted in the past two years.

The man who started the marathon march, James H. Meredith, said he had set out to help Negroes overcome their fears. Perhaps he did to some extent.

NEW MOOD

The march disclosed a new

mood of belligerence among Negroes, a growing frustration over conditions and widespread rejection of nonviolence. Developments during the long, tortuous trek over miles of Mississippi highways and streets indicated that many Negroes have indeed lost their fears of reprisals for civil rights activities.

Unit's Grand Old Man Recalls Guerrilla Days

The "grand old man of SACO" is back from Dallas and a reunion with comrades who operated behind enemy lines in China during World War II.

He is R. R. McKinney, who for years was not permitted to talk about his experiences, so secret was the operation.

He got his title because as a veteran of World War II, he was at least 10 years older than the oldest member of his outfit. Until too many close range demolitions damaged his hearing, he stayed up with the best of the guerrillas who were credited with directing actions which led to deaths of 46,000 Japanese. Not one of their number was killed in action.

R. R. McKinney

The annual reunion of the Sino-American Cooperative Organization, the elite, top-secret unit disbanded after the war, was held last weekend in Dallas. Guest of honor was Mrs. Milton E. Miles, widow of Rear Admiral Milton E. (Mary) Miles. The admiral jointly commanded the outfit with Chinese officials.

GREASE TAR TRUCK

McKinney with Steve Pappas, Gallup, N. M., and Lon Connors, Bellaire, recalled brooding port fat to lubricate their ancient trucks, and paying \$20 for a gallon of gas. Another group, out of vital chemicals to operate their weather station, sent a Chinese to the nearest Japanese-held village. It cost him \$7,000, but he got the chemicals.

There were some 3,000 who joined the ranks of this storybook outfit, which became a sort of pattern for the new "green-beret" force, and at times 1,800 of them operated in China behind Japanese lines.

McKinney said that their mission was to train the Chinese in guerrilla tactics, but because of language and educational barriers, "we trained them, and then ended up most of the time doing the job ourselves."

That's how he came to ruin his ear drums after 21 months of service.

water and avoidance of fresh vegetables and fruits. The fare was so meagre, that McKinney lost 30 pounds down to less than 130.

"I was skin and bones, he recalled. Nevertheless, his commander asked him to volunteer

Presto! Chango! Purse Is Gone

The hand is quicker than the eye, an Ackerly woman found Saturday.

Kathryn White, Ackerly, told police she was sitting with friends in Ernest's Lounge, 700 N. Lancaster, and that her purse, containing \$20, was beside the table. All of a sudden it was gone.

She and Patrolman Jimmie McCain looked for the purse and finally found it stashed away in an unused kitchen of the lounge. The billfold containing \$20 was gone.

Three On Trial In Negro Death

ATHENS, Ga. (AP) — U.S. Dist. Atty. Floyd M. Buford put three white men on trial today on federal conspiracy charges stemming from the 1964 slaying of Negro educator Lemuel A. Penn.

The three, identified by the FBI as active in the Ku Klux Klan, are Joseph Howard Sims, 41; Cecil W. Myers, 26; and George H. Turner, 34.

The three, identified by the FBI as active in the Ku Klux Klan, are Joseph Howard Sims, 41; Cecil W. Myers, 26; and George H. Turner, 34.

Six men face the charges, but U.S. Dist. Judge William A. Boodle of Macon divided them into two groups and said they would be tried three at a time.

The second group is comprised of James S. Lackey, 30; Herbert Guest, 39; and Denver Willis Phillips, 26.

Boodle said that prospective jurors would be questioned in

to instruct a big, skeptical Chinese ("the Chinese in the north frequently are six feet tall and weigh 200 pounds or more"). McKinney surprised his pupil, and broke his arm. "He became the best instructor we had, after that," he said.

"I went all over China," said McKinney. "Sometime we traveled by plane, by truck, ox cart, two-man wheel barrow, and walked. We had priority, though, and could bump almost anyone off a plane list."

How he got in the outfit he doesn't know. He applied for a place in naval intelligence. Later he found that the Navy, FBI and others checked his background to age three, and even his wife knew something super-secret was going on long before he did. At any rate, on Nov. 10, 1942, he got orders to report to a recruiter. He went to Dallas, then New Orleans, where he was suddenly uprooted and sent to Washington to a conglomeration of schools in guns, photography, demolition, construction, jujitsu, etc.

"We were dubbed for Photographic Interpretation, and when we got to an airbase north of Calcutta, India and Gen. Stillwell wouldn't give us planes, it didn't make sense," he recalled. "But when we got behind the lines at Ho Nan Fu and on up to Lin Ju, it all began to pull together."

For several years after the war he could not tell where he had been nor what he was doing. A book by Admiral Miles will be published next year and is predicted to have an impact on the Viet Nam conflict. Many of the SACO men think the U.S. should be sending its guerrilla forces into North Viet Nam.

Champ Seeks Up Help Hand

HOUSTON (AP) — Ernie Terrell, a towering man who thinks he should be called "world's heavyweight boxing champion" because he represents the only world association, tries to boost his claim here Tuesday against tough Doug Jones.

Terrell, recognized by the World Boxing Association but not accorded such distinction in Massachusetts and by many fans, will be clashing with the fellow who gave Cassius Clay, Ernie's chief tormentor, a rough evening.

Jones and quite a few others still contend that Doug should have had the decision.

"And it is on this basis that Terrell expects to gain the respect he figures is due a champion "who has beaten all the good boys."

"I think I'll beat him bad," Terrell said as he wound up training with a fast four rounds against a couple of sparring partners who each received a strong right-hand shot.

"I probably will knock him out but if I don't it will still be a bad beating," glovered the 6-foot-6 Terrell. "That ought to help wipe away this thing that's hanging over me that Clay is the real champion."

Clay generally is regarded as the heavyweight champion, which infuriates Terrell, who never has met Cassius except in a gym for a sparring session.

Jones lost to Clay in 10 in 1963. In 1964, Jones was knocked out by Chivalo in 11.

However, Jones has shown so well in workouts here that Terrell will be only a 6 to 5 favorite.

Snead Is Signed For 3 Seasons

PHILADELPHIA (AP) — Quarterback Norman Snead has signed a three-year contract with the Philadelphia Eagles of the National Football League, the club announced today.

Last year, Snead completed 150 of 296 passes for a 52.1 per cent accuracy. His passes gained 2,346 yards and accounted for 15 touchdowns.

Most Unhappy Little Fella

There's no smile on the face of little Nelson A. Rockefeller Jr. to match those of his parents. New York Gov. Nelson A. Rockefeller saw his family off at New York's Kennedy Airport last night as Mrs. Rockefeller, two-year-old Nelson Jr., and her four children

by a previous marriage headed for a month's vacation in England and France. The governor said he would join them as soon as the state legislature adjourned. (AP WIREPHOTO)

Mississippi March Ends At Capital

JACKSON, Miss. (AP) — The long and turbulent Mississippi march has ended with James H. Meredith — who started it as a "journey against fear" — saying the "governor and every other person is going to pay attention to the Negro."

"The system of white supremacy will reign no longer," Meredith told a heavily guarded rally behind the imposing State Capitol Building Sunday.

Some 16,000 persons, most of them Negroes, flowed through Jackson streets to jam into a portion of the Capitol grounds and adjacent areas.

The final leg of the march — from Tougaloo College on the outskirts of Jackson to the Capitol — and the rally were marked by a subdued atmosphere.

Meredith, 33-year-old Air Force veteran, led the procession with a number of national civil rights leaders, including Dr. Martin Luther King Jr.

Meredith drew the greatest response from the crowd, which couldn't hear half of what was said from the flatbed truck which served as a speaker's platform.

QUOTES DAD Meredith said his father, now dead, told him most white persons "are pretty decent. It's

that thing at the base of the system of white supremacy. That thing is fear — a fear that grips the Negro in America to his very bones, not only in Mississippi, but in every section of this country, because every inch of the country is controlled by the system of white supremacy."

"The purpose of the march that I started three weeks ago was to point up and to challenge

Pan-Am Stakes Martin Test

Pan American has staked a wildcat in Martin County to test the Wolfcamp a mile and an eighth north and slightly west of the No. 1 Slaughter, a

re-entry wildcat which is testing to complete from perforations in the 2,106-442-foot interval, originally thought to be the Strawn.

The No. 1-B Slaughter will drill to 10,500 feet. It spots 1,320 feet from the south and east limbs of section 80-B, Bower & Cockerell survey, 12 miles north of Lenorah and six miles east of the Walcott field.

New Bishop Welcomed

BROWNSVILLE, Tex. (AP) — Protestants, Jews and Catholics gathered Sunday to welcome Most Rev. Humberto Medeiros, the new bishop of the Brownsville Roman Catholic diocese.

Police estimated that 2,500 persons were on hand at the Brownsville airport to greet Bishop Medeiros. They said it was the largest crowd here since Charles Lindbergh dedicated the airport in 1928.

The South Texas diocese has been without a bishop since the death last fall of Bishop Adolph Marx.

Bishop Medeiros, of Fall River, Mass., is to be formally installed in the high position Wednesday. He spoke briefly to the crowd during a 45-minute airport ceremony.

Several Lower Rio Grande Valley leaders, including U.S. Dist. Judge Reynaldo Garza, also welcomed the bishop.

Bishop Medeiros did not refer to a civil rights-farm labor strike which has been in progress for three weeks in the Valley. He was expected to make a statement later.

Attend Rites

John F. Thompson, 79, uncle of Mrs. Everett Hood, died Sunday in Round Rock, and services were held there at 2 p.m. Monday. Mrs. Hood, together with two of her sons, Charles Hood and Curtis Hood, attended the funeral.

API Head Urges Offshore Drilling

WASHINGTON (AP) — Frank Ikard, president of the American Petroleum Institute, said today that offshore petroleum activities must be increased to meet future world needs.

The Free World demand for oil is rising about seven per cent each year, Ikard told the Marine Technology Society Conference on exploiting the ocean.

Cattlemen OK Without Federal Aid

SAN ANTONIO (AP) — Sen. John Tower, R-Tex., said Sunday the state's cattle industry achieved greatness without depending on the federal government.

Tower, who said the Texas Longhorn symbolizes the Texas cattle business, spoke at send-off ceremonies for the Texas Longhorn Trail Drive. He said:

"More than that, the Longhorn has come over the years to represent dozens of other traits which helped to make Texas a better place to live."

The senator praised the men who drove the cattle to markets for their diligent efforts.

"We do not forget the excitement and thrill that comes from tackling a big job—a job just a shade bigger than we know for sure we can complete."

"This Longhorn cattle drive uniquely combines many of these sometimes illusive goals which of today hope to pass on to tomorrow's Texans. It is this perennial drive stirs the heart and spirit of just one Texan. It will be a success and the men it remembers would be proud."

their reserves at the same rate or better, he said.

Ikard said that just six years ago, only eight per cent of the Free World's supply of oil was pumped from beneath the seas, but last year this figure rose to 15 per cent.

Andreotti Is Race Winner

ATLANTA (AP) — After 500 consecutive miles as a front-runner in U.S. Auto Club races, Mario Andreotti is ready to turn his fine Italian hand to the wheel of a stock car.

The 26-year-old native of Trieste, Italy, led all the way Sunday in winning the second annual Championship 500 at Atlanta International Raceway in his sleek Dean Racing Enterprises rear-engine Ford.

His victory came on top of two straight USAC wins at Milwaukee and Langhorne, both of which he led from start to finish. This is the first time in USAC history a driver had led 500 consecutive miles.

"This is the trestled I've ever been after a race," Andreotti said, adding that the 96-degree heat which simmered over the 1 1/2-mile high-banked asphalt Atlanta Raceway was troublesome.

"Bill he's ready to take over the wheel of a Dodge Charger in next week's Firecracker 400 at Daytona Beach, Fla. "It's a good car," he said.

Andreotti, who now lives at Nazareth, Pa., had nothing but praise for the rear-engine Ford he drove in the Atlanta race.

"The car ran just beautifully," he said. "Thank God for the mechanics."

Andreotti made only one pit stop in the 300-mile race and his mechanics got him back on the track after only 22 seconds. He pitted shortly after the halfway point on the 114th lap.

He finished a lap ahead of Billy Foster of Victoria, B.C., who also drove a rear-engine Ford.

Fire Ants War Joined In Texas

DALLAS (AP) — Federal and state farm officials began their war on fire ants in a 300,000-acre battlefield in Dallas, Denton and Collin counties today.

Aerial spraying started and is expected to be completed within two weeks. The infested areas are being sprayed with an ant poison that is not harmful to people, fish or domestic animals.

Fire ants inflict a painful and sometimes fatal sting and their large, hard-crusted mounds make land hard to manage.

Officials said present infestation of fire ants in the area is light but could become a serious problem if left unchecked.

The area being treated includes 132,000 acres in Dallas County, 48,000 in Denton County and 15,000 in Collin County.

Strong Easterly Wave Develops

MIAMI (AP) — A strong easterly wave has developed in the Caribbean, the Weather Bureau said today.

Small craft along the Cayman Islands, the south coast of Cuba and westward through the Yucatan Channel were advised to remain in protected waters.

Easterly waves sometimes develop into tropical storms.

The Weather Bureau predicted winds would reach 35 knots in showers and scattered squalls through Tuesday. The easterly wave was forecast to drift slowly toward the west.

Keino Steps Out

BERLIN — Kenya's Kopchoge Keino ran the fastest 5,000 meters of the year, 13:28.8, to beat Australian Ron Clarke in an international Keino and field meet Sunday. Keino's time was 2.4 seconds off the world record.

ANSWERS TO BRIDGE QUIZ
Q 1—Neither vulnerable. As South you hold:
♠ A J 10 6 4 3 ♣ A K J 4 ♦ A ♠ 4 4 4

The bidding has proceeded:
North East South West
Pass Pass 1 Pass
3 Pass

What do you bid now?
A—Pass. When partner failed to keep one club open, offensive prospects for your side virtually disappeared. The best chance for a profit lies in the hope that partner's complete silence will induce the enemy to overreach themselves.

Q 2—As South, vulnerable, you hold:
♠ A J 10 6 4 3 ♣ A K J 4 ♦ A ♠ 4 4 4

The bidding has proceeded:
North East South West
Pass Pass 1 Pass
3 Pass

What do you bid now?
A—Pass. There is no need for you to assume the role of the great defender. The two diamond contract completes their game, a raise by you is not necessary for partner is still able to defend and he should not be misled as to your strength.

Q 3—Partner opens with two no trump and you hold:
♠ A 7 5 ♠ 10 6 ♣ Q 8 5 2 3 ♠ 4 2

Q 4—As South, vulnerable, you hold:
♠ A 7 5 ♠ 10 6 ♣ Q 8 5 2 3 ♠ 4 2

The bidding has proceeded:
North East South West
Pass Pass 1 Pass
3 Pass

What do you bid now?
A—Three hearts, a jump response is absolutely forcing for one round even though you have passed. It is your intention to bid four spades on the next round, and in this way you may be able to induce your partner to try for slam if he can.

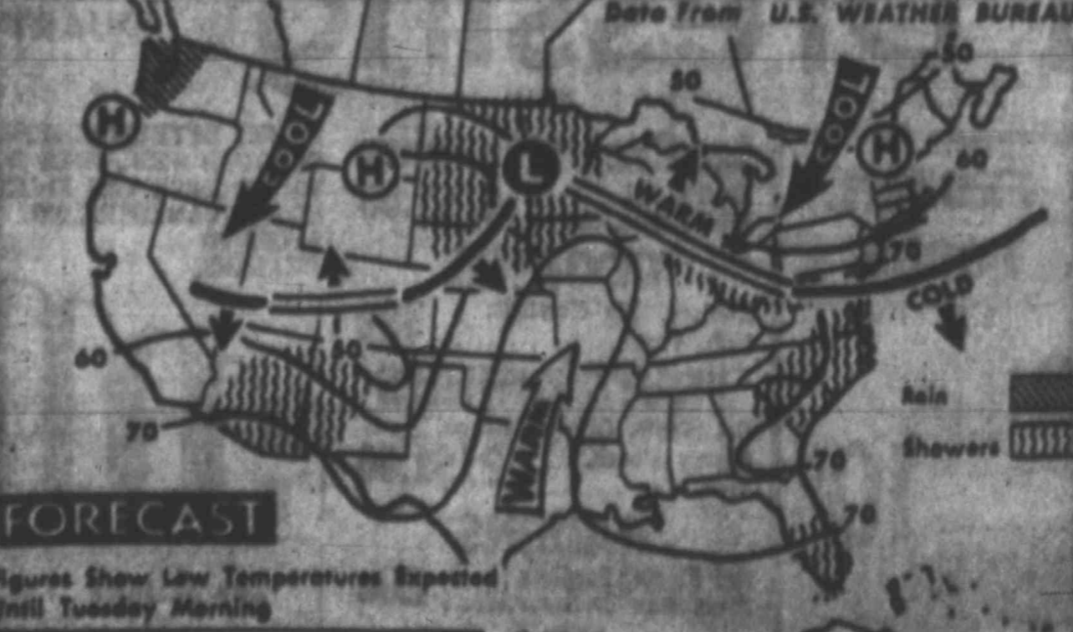

Q 5—Partner opens with one heart, and you hold:
♠ A 7 5 ♠ 10 6 ♣ Q 8 5 2 3 ♠ 4 2

What is your response?
A—Despite the fact that you have ample trump support you should refuse to raise to two hearts. Some action must, however, be taken and the proper procedure is to respond with one no trump. Where the choice rests between a response of one no trump or a single raise, with evenly balanced hands the no trump bid should be preferred if the raise is of minimum proportions.

Q 6—As South, both vulnerable, you hold:
♠ A 7 5 ♠ 10 6 ♣ Q 8 5 2 3 ♠ 4 2

The bidding has proceeded:
North East South West
Pass 2 Pass

What do you bid?
A—Pass. There is little doubt that your best contract would be two spades, but there is also little likelihood that you can buy the contract at that. For partner will surely construe yours as a cue bid. Under the circumstances silence is the best policy.

SHOWERS and thunderstorms are expected Monday night in the Upper Mississippi Valley, South Atlantic Coast and the Pacific Northwest. The Plains can expect warmer temperatures while the remainder of the country will have little change. (AP WIREPHOTO MAP)

De Gaulle Sees Military Rocket

LENINGRAD, U.S.S.R. (AP)—French officials disclosed today that President Charles de Gaulle witnessed the launching of a missile as well as an earth satellite during his visit to the closely guarded Soviet space center in central Asia Saturday.

Although the spokesman did not say so, it apparently was a military rocket displayed to impress De Gaulle with Soviet strength.

The spokesmen reported Saturday that De Gaulle had seen the Soviets launch an unmanned earth satellite into orbit from their center for space research and military rocketry in Baikonor, in a desert area about 1,200 miles southeast of Moscow.

The Soviet press has made no mention of De Gaulle's visit to the space center. He is the first Westerner allowed to witness a Soviet space launching.

De Gaulle flew direct to Leningrad after the stop at Baikonor. Today he visited a Soviet electrical generator factory and told the workers he was impressed.

Council Faces Light Agenda

City commissioners will consider Tuesday one of the shortest agendas of the year, consisting of only six scheduled items.

Heading the list will be a request by Dr. F. W. Lurting of the Signal Mountain Soaring Society. Dr. Lurting will ask permission for the glider club to erect a hangar, and the city to begin grading a landing strip as soon as possible. The club received permission from the city to use an area near Moss Creek Lake some time ago.

An ordinance accepting finished street paving will be read. The paving involved includes Settles from Third to Sixth, Nolan from Eighteenth to Twentieth, and Northwest Fifth from Main to Trades.

Chon Marquez will ask the commission for approval of a dance hall license at Marquez Place on the Northside.

Six bids to provide the city's fleet with gasoline will be considered. Low bid for regular gas was by Continental Oil Co., with a bid of .1568 per gallon; low for Ethyl was by Gulf with a price of .1745 per gallon. Other bidders were Chevron, Mobil, K. H. McGibbon and Humble.

Two final readings of beer permit ordinances will complete the agenda. Involved is permission for consumption at the Spanish Main, on Marcy Drive, and Thelma's Drive-In Grocery and Market, 910 E. 3rd.

No Injuries In Traffic Cases

Four traffic accidents were recorded Sunday, police said, but no one was injured.

Involved were the parked car of William Rbott Butler, Colorado City, and the car of Charles Coleman Briggs, 1905 N. Monticello, at the parking lot of the Western Club, US 90 west; the parked car of Jim G. Lewis, 702 Marcy Drive, and a car which left the scene at the Cadden Club parking lot; the car of James David Felix, 3800 Parkway, and the parked car of W. D. Lovelace, 404 Johnson, at 711 Washington Place; and the cars of Claude Lesing Day, 4103 Connally, and Erlinda Flores, 17 Channing, at Marcy Drive and Wasson Road.

Loses Cash, Clothes

Mrs. Donna Merrill, Midland, told police Sunday that \$200 and some clothes were stolen from her motel room during the weekend. Mrs. Merrill, who was staying at the Sands Motel, 2900 US 90 west, said she awoke Sunday to find the items missing.

Former Local Teacher Dies

Miss Ruby Powers, 60, veteran Abilene school teacher and formerly a member of the Big Spring school faculty, died suddenly at her home Sunday morning. Death was attributed to heart disease.

Services are to be at 2 p.m. Tuesday in North's Funeral Home Memorial Chapel. George Bailey, Church of Christ minister, will officiate and burial will be in Cedar Hill Cemetery at Abilene.

Miss Powers, friends here said, taught school in Big Spring about 13 years ago. She came to go to Abilene. She came to the local schools from McAllen in 1949 as DE coordinator. When she resigned to go to Abilene in 1953, she was a member of the junior high school teaching staff.

Born June 6, 1906, at Hamby, she was a graduate of the Abilene Christian College. Survivors include two sisters and two brothers.

WISE CAMPER, NOT PROWLER

A woman who lives on Scott Street called officers at 1:17 a.m. today to report someone trying to steal her car.

Officers sped to the address to nip the felony in the bud — and found the woman's son asleep in the car.

The 12-year-old youth had been spending the night in the back yard, officers said, got cold and rather than disturb the family, went to the car to get warm.

The 'Look' Of Things To Come

This full-scale mockup of Lockheed's 2000 supersonic transport gives a glimpse into what air travelers can expect soon. The needle nose of the 2000SST lowers 15 degrees to simulate the position for takeoff, subsonic flight and landing. The

273-foot-long SST mockup is the most complete engineering mockup of a future airliner ever built. Man on wing illustrates size of airliner. (AP WIREPHOTO)

Lockheed Unveils Model Of Supersonic Transport

BURBANK, Calif. (AP)—The 1,800-mile an hour plane, called the Lockheed 2000, could cut air travel time by more than half. The full-scale mock-up is 273 feet long, about 100 feet longer than present transports.

The four-jet plane would carry the 266 passengers seated five abreast in the coach section and four abreast in first class. Seats would be wider than those in today's intercontinental jets, Lockheed said.

An around-the-world trip could be made in 23 hours, with an hour on the ground at each airport en route, the company said. Operating costs, it added, will be lower than for today's subsonic jets. The Lockheed 2000 is thenext Sept. 6.

Attack Made On De Gaulle

LONDON (AP)—An attack on President Charles de Gaulle by one of Prime Minister Harold Wilson's top Cabinet ministers brought demands today for an explanation.

Defense Minister Denis Healey was quoted as telling a weekend Socialist political meeting that "no one in Europe" trusts the French leader to speak for them.

Healey's timing — with De Gaulle now visiting the Soviet Union and French Premier Georges Pompidou making a good-will visit to Britain next week — stunned political circles.

Two Conservative members of Parliament, who have been pressing for Britain's entry in

to the European Common Market, demanded that Wilson say whether Healey's views represented government policy.

If your husband has occasion to visit Fort Worth, don't let him stay at Green Oaks Inn!

Oh, it's nice, all right.

It's done in sort of a storybook Old English.

It has 300 rooms, including 57 suites, and two swimming pools.

The food's all they say it is—the tastiest in Fort Worth.

And the club, patterned after an Old English ale house, is utterly charming.

Green Oaks Inn has a great location—away from downtown congestion, yet less than 10 minutes by freeway from the heart of the city.

The prices are reasonable, too. Why then, you ask, should you steer him to another hotel? If he stays at Green Oaks, he'll probably never want to come back home.

HINTS FROM HELOISE

Here's Quick Way For Good Dinner

Dear Heloise: Whenever I charcoal steaks for just the wife and me, I always put on a few extra steaks and partially charcoal them.

My wife puts these steaks in aluminum throwaway pie tins, covers them with foil, and stores them in the freezer.

Next time we get hungry for good charcoal broiled steaks, she turns her oven on to 400 degrees and bakes some potatoes 30 to 45 minutes (according to the size). Then she turns the oven down to 350 degrees and puts in our steaks — still covered with the foil — for about 30 minutes.

The nice part about this is . . . we have no pans to wash, and we have the taste of the charcoal steaks without building another fire, etc.

Wonderful for small families or people who live alone. . . Mr. Vance

Dear Heloise: With three females in my family, shampoo is used with abandon.

In order to get that last bit out of the tube, I use a clip-type clothespin, and hang the tube by its tail from the shower curtain rod.

The last bit of shampoo is right down there in the cap, ready to use. . . Isabel C. Merziam

Dear Folks: When going to a drive-in theater, on picnics or traveling, try putting juices in small screw-top jars for the children.

Remove the liner of the jar lid, punch a hole in the metal top with your ice pick, and REPLACE the liner before capping the jar, so the juice won't leak out.

Then, when ready to use, remove the liner of the lid and insert a straw in that hole. You won't have spilled drinks all over your car seats, blankets, etc.

These empty jars could even be sterilized like baby bottles and carried in your glove compartment. Then when you go to a drive-in you could divide that malted or coke among your small children. . . Heloise

LETTER OF LAUGHTER Dear Heloise:

Family Reunion Takes Place In Billings Home

FORSAN (SC) — Mrs. Orian Billings was hostess for a recent family reunion. Guests were Mr. and Mrs. A. C. Billings Jr. and family of Grannis, Ark.; Mrs. J. D. McGregor and son, Knott; Mr. and Mrs. J. L. Bedwell and son, Mr. and Mrs. Benny Munoz and children, and Mr. and Mrs. Edward Bedwell and children, all of Big Spring.

Visiting in the Earl Beeson home is Lester Stokes, Grand Forks, N. D.

Mrs. Mamie Gandy has returned from a visit in Tucker, Ga., with her daughter and family, Dr. and Mrs. R. E. Nelson.

The A. O. Jones are taking a vacation to Higgins and Fort Worth.

Mr. and Mrs. Carl Tippie have been vacationing in Central Texas with relatives.

Mr. and Mrs. J. H. Cardwell are in Fort Worth visiting with his brother and family, Mr. and Mrs. Henry Cardwell.

Visiting with relatives in Abilene were Mr. and Mrs. James Blake and family.

Mrs. Mary Archer visited in O'Donnell, Lamesa and Seagraves with friends and relatives.

Mr. and Mrs. J. C. Ferguson have returned from visiting her family in Shep.

Mrs. George Abce, Andrews, visited with her mother, Mrs. P. P. Howard.

Nancy Anderson has returned from a visit in Dallas.

Mrs. Ted Henry and Mrs. W. H. Barkrider are visiting in Fort Worth.

Arthur Barton has returned home from Hall-Bennett Memorial Hospital.

Wives Club Hosts Saturday Luau

A barbecued pig centered the serving table when the International Wives Club hosted a luau Saturday evening at the home of Mrs. Jack Perryman, 2511 Larry. Husbands of members were guests.

The affair was also a farewell party for Mrs. George Adams who has served as secretary for the club and will be moving to Colorado. She was presented a lapel pin as a gift of appreciation. Dancing followed the dinner.

After a week of roller skating by all the neighborhood children on our carport and driveway, folks wondered how I got the concrete so clean and white . . . or if we had poured new concrete.

The skating had done it! Of course, it left loose, white dust that was tracked into the house! . . . Jane Maddox

Dear Heloise: The easiest way to keep track of the top of the butter dish is to leave it in the butter keeper in the refrigerator while using the butter.

This not only eliminates searching the counters for the cover when you are through with the butter, but also keeps the cover cold and the counter less cluttered. . . Marcia Brandt

Dear Heloise: Upon taking our three-year-old to his first movie, I discovered that he had trouble seeing over and around everyone in front of him. This made him quite disoriented (and us, too, because of his squirming and complaining).

On our next trip to the theater, we took along his booster chair which is like the ones used in restaurants. This allowed him to sit higher so he could see the screen.

It made him happy and we all enjoyed the movie. . . Mary Slinko

Dear Heloise: Thanks for the tips on using cup hooks.

I just screwed a cup hook into a shelf in the closet, and use it to hang up my umbrella. . . Dee Spray

Dear Heloise: Owners of long-haired dogs may find this hint useful:

Two cocker spaniels later, I've discovered that instead of cutting around burrs and leaving the dog's coat looking moth-eaten in great patches, I simply cut and cut at the heart of the burrs until they disintegrate and almost fall out.

If not, a gentle tug or combing will remove the single barbs. This method is less painful to all and much faster. . . E. M.

Shower Fetes Miss Sullivan

Miss Judy Sullivan, bride-elect of Herman Wilemon Jr. was honored with a miscellaneous gift shower Wednesday in the Gold Room of Big Spring Country Club. Calling hours were from 7 to 9 p.m.

Miss Sullivan, attired in a yellow and white checked dress, was presented a corsage of yellow carnations. Her mother, Mr. A. W. Sullivan, and her fiancé's mother, Mrs. H. L. Wilemon Sr., received white carnation corsages.

Hostesses were Mrs. Joe Tom Draper, Mrs. Howard Dupre, Miss Carole Thompson, Mrs. David Thwing, Mrs. Bill White and Miss Sandra Klahr. All are nurses at Medical Arts Clinic and Hospital where the honoree is employed as a student nurse.

The refreshment table was covered with an ecru cutwork cloth and appointed with silver. The centerpiece was an arrangement of yellow carnations. Approximately 20 guests called.

According to the Southern Pine Association, the floor supporting structure forms a vital link between house and foundation on whose firmness depends the steadfastness of the dwelling under storm forces. Resiliency determines walking comfort.

Lumber is recommended for the floor structure because of its ability to absorb shock and cushion footsteps. The structure should be securely bolted to a foundation of sufficient depth.

Rusk Pledges Peace Effort To Continue

CANBERRA, Australia (AP)—U.S. Secretary of State Dean Rusk told the Southeast Asia Treaty Organization today that the United States will continue its "persistent efforts" to move the war in Viet Nam from the battlefield to the conference table.

Speaking at the opening of the annual meeting of SEATO's Council of Ministers, Rusk said the United States deeply regretted "that the Soviet Union has seen fit to give both moral and material support to aggression against South Viet Nam."

"What we should like to see them do is to take up their duties as co-chairman (with Britain) of the Geneva Conference on Indochina and help the Geneva machinery establish peace in Southeast Asia," he said.

He said the defense of South Viet Nam is going well—the Communist forces have had no important military success for several months and have suffered a number of serious defeats.

Communists Elect Leaders

NEW YORK (AP)—The Communist party of the U.S.A. has elected long-time party leader Gus Hall as general secretary and Henry Winston as national chairman at the close of its 18th national convention.

Hall, a member of the party for 39 years, said Sunday that the election was "by acclamation."

The election marked the first time in seven years that the party openly announced a national election. The party had gone underground to avoid federal prosecution for failure to register as Soviet-dominated.

Hall said the convention and party election represented a challenge to the "democratic process" to see that the party operates freely without political restrictions. He also said national membership was "up to 12,000."

Hall, 55, was elected general secretary at a convention in 1959, but had been described recently as the party's "leading spokesman."

Winston, 33, a Negro, was born in Hattiesburg, Miss. He said his election was "a symbol of real equality in the Communist party."

Tower Talk Is Criticized

HOUSTON (AP)—A remark by Sen. John Tower, R-Tex., against the unionization of farm workers met criticism Sunday as the national convention of the League of United Latin American Citizens (LULAC) came to a close.

Augustine Flores of Riverside, Calif., national president of another Latin American group, the American GI Forum, said he objected to Tower's statement that farmers would suffer economically if minimum wage standards were imposed on farm workers.

"Inadequate as they are, the higher pay scales are making for better production and more reliable help," Flores said during one of the final sessions of the LULAC convention.

"Sen Tower would have us go back, rather than move forward to the solution of the labor problem which besets so many Latin-American families."

In a press conference here Saturday, Tower said he was against unionizing farm labor and added the migrant workers strike in Texas' Lower Rio Grand Valley was "inflationary in character."

"I do not favor the unionization of farm labor," Tower said. "The farmer has high enough costs as it is."

Alfred J. Hernandez of Houston was elected to a second term Sunday as national president of LULAC.

Damage Suit

Elaine Clark is plaintiff in a suit asking \$33,790 damages of H. J. Holland filed in 118th District Court on Monday. The suit stems from a two-car collision on last Feb. 16 at South Johnson and Twenty-first Street. The Holland vehicle, according to the petition, was being driven by Tony Alan Holland at the time of the accident.

Homecoming At Knott Draws 250

KNOTT (SC)—Approximately 250 guests were registered during the Saturday afternoon 14th Annual High School Homecoming. The affair was held at the Knott Community Center.

J. G. Nichols gave the invocation, and Delano Shaw gave the welcoming address and

served as master of ceremonies. Main speakers were former school superintendents. They are H. F. Railsback, El Paso; O. V. Fuller, Ropesville; and James T. Lowe, Snyder.

Gifts were presented to Mrs. J. G. Nichols and O. B. Gaskins for being the oldest persons present who attended school in Knott.

Gifts were also given to Henry Sample, the oldest graduate; graduate, Mrs. George N. White, Ackerly, the oldest teacher present; and Mrs. C. S. Ross, Lone Oak, for having traveled the greatest distance to attend the reunion.

Mrs. L. E. Burk, Big Spring, called the class role, and the class of 1953 reported the largest attendance. Mrs. Robert Cheatham and Mrs. Odell Roman registered guests.

During the program session, a reading, "60 Years of the Three R's," was given by Kelly Gaskins. The history of the Knott Community was presented by Johnny McGregor and Vero Shaw.

Out-going homecoming association officers expressed their appreciation to the Big Spring Chamber of Commerce and to local merchants for assistance in the arrangements. The 1966 officers were Mrs. Jimmy Bruks and Grady Grantham, both of Big Spring and Mrs. Leon Roman.

Next year's officers will be Newell Tate, Tarzan; Mrs. Claude Morris; and Mrs. Johnny Shortes and W. A. Burchell Jr., both of Big Spring.

Guests were registered from Waco, Big Spring, Sunset, Clovis and Monument, N. M.; Water Valley, Ralls, Coahoma, Tarzan, Midland, Odessa, Lubbock and Fort Carson, Colo.

TOMBSTONE KILLS MAN

LEOMINSTER, Mass. (AP) — Joseph D. Gillis, 57, was killed when a tombstone fell on him.

Dr. Charles Wheeler, medical examiner, said Gillis was asphyxiated Sunday by a 200-pound tombstone he grabbed while walking in Pine Grove Cemetery. The stone fell on the man's chest, Dr. Wheeler said.

House GOP Zeroes In On LBJ Budget

WASHINGTON (AP)—House Republicans are renewing their charge that President Johnson's administration is trying to "jimmy the federal budget."

GOP spokesmen cited, as new evidence, a proposal to increase by \$2 billion the Federal National Mortgage Association's (FNMA) borrowing power.

Republicans have been accusing the administration of deceiving the public by devising ways to channel money borrowed from the public, or obtained by selling assets, directly to government agencies. Since such transactions avoid the necessity of going to Congress for appropriations, they do not show up on the spending side of the budget.

The latest GOP attack came in the minority report on a bill approved by the House Banking Committee to increase the borrowing authority of FNMA.

This unique agency, known as "Fannie Mae," operates on part-government and part-private capital, plus funds borrowed from private investors. Its main job is to buy mortgages when regular lending agencies, like banks and savings and loan associations, want to convert some of their assets into cash or permit more lending.

Banking Committee Republicans agree that, in the present tight money market, it is essential to allow FNMA to borrow more money to relieve somewhat the shortage of financing for home purchases. But they contend the administration is going about it in the wrong way.

The bill, on which the House is expected to vote in July, would allow FNMA to borrow as much as 15 times its capital. The present limit is 10 times.

The Republicans say the proper way to extend the borrowing authority would be to increase the capital by having the Treasury buy an additional \$110 million in FNMA preferred stock. The 10-to-1 ratio would permit \$1.1 billion more borrowing, and the \$110 million itself would be available.

A bill to this effect was introduced by Rep. William Widnall of New Jersey, Senior Republican member of the committee.

The Budget Bureau, however, disapproved this approach because, the Republicans say, the \$110 million would show up as additional spending.

"We are disturbed by the propensity of the Bureau of the Budget to jimmy the federal budget," Republicans said in their report.

They said increasing the borrowing ratio could weaken Fannie Mae's present excellent credit standing, resulting in higher borrowing costs.

"Another disturbing aspect associated with changing the borrowing ratio... is the report continued, 'is the possibility of court action contesting changing of the rules in the middle of the game.'"

Negroes Stone Cars In Georgia

CORDELE, Ga. (AP)—Bands of Negroes, splintering off from a large crowd milling in downtown Cordele, threw rocks, bottles and bricks at cars Sunday after a clash with whites at a nearby park. Two persons were injured at the park.

Police Chief T. J. McMurrain said no injuries were reported in Cordele, but at least two car windows were smashed before the violence subsided.

Earlier, authorities said two persons were injured, none seriously, when a bottle-throwing melee erupted at a swimming pool at Georgia Veterans State Park about nine miles southeast of this town of about 11,500 which has a slight Negro majority.

Bobby Urges Red China Be Admitted Into U.N.

NEW YORK (AP)—Sen. Robert Kennedy proposed Sunday the United States drop its opposition to the admission of Red China to the United Nations, on the condition Nationalist China keep its seat.

The New York Democrat said Sunday the United States should take "some initiatives" toward getting Red China into the United Nations and said he favored "making a greater effort to determine whether any trade could take place with Communist China."

Kennedy said the Johnson administration would suffer politically this fall as a result of the Viet Nam War—depending on what the Republicans do.

"It's an unpopular war and the Democrats are in power," Kennedy said.

He opposed extension of bombing attacks to strategic targets in Viet Nam.

Kennedy was asked whether he would be interested in seeking the presidency if for some

reason President Johnson did not stand for re-election in 1968. "I'm in the Senate," Kennedy replied, "and I enjoy being in the Senate, and I don't know where I'll wind up."

JETS BUZZ TRAIL HERD

Longhorn Cattle Drive Starts With New Twist

SAN ANTONIO (AP) — About 93 nervous longhorn steers and some 200 riders left San Antonio Sunday on the Texas Longhorn Breeders Association Centennial Trail Drive for Dodge City, Kan.

The first casualty occurred when a horse shied and fell on its rider when a bystander attempted to take pictures.

COPTER RESCUE

Lloyd Mann, coordinator of special events for the Pearl Brewery, suffered leg fractures and was rushed to a local hospital by helicopter.

Riders on the drive overcame problems Sunday that riders on the original drives never had. Freeway motorists gawked at the herd and drivers, traffic on busy streets was halted and jet planes whizzed overhead as the drive passed an airport.

On several occasions, the steers bolted in the direction of bystanders who lined the streets.

Sen. John Tower, R-Tex., helped the hands "trail break" the jittery longhorns during their first day on the six-day drive.

Sponsored by the Texas Longhorn Breeders Association, the drive will wind up in Dodge City, Kan., Friday night and parade through the town's main street on Saturday. An auction is to climax activities there Saturday.

SECOND STOP

The cattle were herded six miles out of San Antonio and loaded onto trucks. They were to be taken today to Stonewall.

Riders will be treated to a fish fry tonight at Stonewall.

On Tuesday, the group moves into Abilene, where Sen. Ralph Yarborough, D-Tex., and Abilene city officials will greet them.

The drive will be met at Vernon by Gov. John Connally who is to lead the drive across the Red River at Doan's Crossing north of Vernon where they

will be met by Gov. Henry Bellmon of Oklahoma.

The cowboys and their herd will be in Altus, Okla., Thursday for a barbecue and a roping contest between Texas and Oklahoma riders.

AUCTION
Gov. William Avery of Kansas will welcome the riders to Dodge City, Friday.

The auction, first of its kind for Dodge City in 50 years, will be conducted for ranchers in Oklahoma, Kansas and Colorado.

Rex Allen, western movie actor, was unable to attend Sunday's opening ceremonies at San Antonio.

Indian Chief Would War On U.S. With Education

PAMPA, Tex. (AP) — The chief of the Oklahoma Creek nation said education of the Indian is the most important way to fight a "continuing war" with the United States.

W. E. McIntosh told 500 Panhandle members of the Southwest Indian Organization Sunday that young people must be educated "to carry on this fight after we are gone, if we do not succeed."

McIntosh was the chairman of the recent Oklahoma convention of the American Indian Congress.

The organization, which now represents about 125 U.S. Indian tribes, is becoming a powerful force in Indian efforts to get settlements from land losses during the Civil War redevelopment

era. McIntosh referred to land taken from a five-tribe nation established in 1866 between the Choctaw, Cherokee, Seminole, Creek and Chickasaw tribes in Oklahoma.

Large parcels of land, including all of Oklahoma, were purchased from these tribes and sold to other Indian groups during the redevelopment period, McIntosh said.

He said the only chance to deal with the federal government is to ask those graduating from high schools within the tribes to continue their education.

"I'd like to see every Indian become an individual member of the American Indian Congress," McIntosh urged.

CASE HISTORY BEFORE AND AFTER

Seamen To Make More Demands

LONDON (AP) — The leaders of Britain's striking seamen may make new demands for longer vacations when they open peace talks with the ship-owners Tuesday, informed sources report.

The sources said the seamen were encouraged because the International Transport Workers' Federation called Sunday on 340 affiliated unions in 84 countries to send money to aid the strikers.

The striking National Union of Seamen could get "tens of thousands of pounds," said the federation secretary, Hans Imhof. The strike so far has cost the seamen's union \$896,000, union leader William Hogarth disclosed Sunday. The seamen are drawing only \$8.40 a week strike pay.

Farm Strike Is Given Support

HARLINGEN, Tex. (AP) — A farm labor dispute in the Lower Rio Grande Valley, which some call a Mexican-American civil rights protest movement, gained Sunday the support of a labor group and at least implied support from the area's Roman Catholic diocese.

The protest began June 1 as an independent union's strike against melon growers in Rio Grande City. Leaders say the protest is as much a civil rights drive as it is a strike for higher wages because most of the farm workers involved are of Mexican-American descent.

LABOR SUPPORT
The major organized labor group in the valley—local 173 of the Meat Cutters and Butchers, AFL-CIO, voted without dissent Sunday to support the

movement. About 500 were present at the meeting.

A representative of a new Roman Catholic bishop for the area's diocese gave evidence that the bishop, Humberto Medeiros, will back it.

Franklin Garcia of Corpus Christi, Tex., international representative for the meat cutters and butchers, made the main speech before a vote was taken.

"Vote for it, if you vote for it, knowing you're in for a hell of a fight," he said. "We'll do anything to try to avoid a fight, but if we get into one, well, we ain't got any scars in our backs—they're all in front."

IN STARR COUNTY
The strike broke out in Starr County—which is in the Brownsville, Tex., Diocese—and there

had been some speculation about what role Roman Catholic priests would play in it after Bishop Medeiros assumed his post.

Bishop Medeiros arrived in Brownsville Sunday and will be installed Wednesday. He succeeds Bishop Adolph Marx, who died last fall.

Priests from outside the diocese have taken part in the strike-movement and for the first time Sunday a priest from

the Brownsville Diocese publicly supported the drive.

He was the Rev. Phillip Byron, rector of the Diocese Cathedral in Brownsville.

A Devotional For The Day

Commit your work to the Lord, and your plans will be established. (Proverbs 16:3, RSV)
PRAYER: Heavenly Father, forgive us for stumbling around as we try in vain to be effective of ourselves. May we not forget to turn over to Thee our work at the start of each day so that we may do all things in Thy strength and in partnership with Thee. In Our Lord's name we ask. Amen.
 (From the 'Upper Room')

All About You

Daisies won't tell, but computers will. Punch the right buttons on a computer and it will tell you everything you want to know, provided the information is stored somewhere inside.
 Computers can retrieve vast amounts of data in a matter of seconds. That's what makes the machines so valuable. And potentially so powerful and dangerous.
 The federal government owns some 15,000 computers worth around \$8 billion. Among other chores, they help to process census data and income-tax returns. Edgar S. Dunn, a consultant to the U.S. Budget Bureau, has an even more ambitious job in mind. He says the government needs a consolidated data center which could, ultimately, contain electronic dossiers on virtually every living American.
 The projected data center, Dunn adds, would pose no threat to individual privacy. At least two members of Congress are not so sure. Rep. Cornelius E. Gallagher, D-N.J., and Sen. Edward V. Long, D-Mo., who head subcommittees concerned with the snooping problem, have promised to investigate Dunn's proposal.
 The right of privacy is not mentioned in the original Constitution or the Bill of Rights, nor is freedom from prying eyes one of the Four Freedoms. As Sen. Long points out, "The Founding Fathers could hardly have conceived of contact mikes and shotgun mikes."
 Electronic snooping long ago left the pages of George Orwell and Ian Fleming and became a worrisome reality. The olive in a business ri-

val's martini may well contain a tiny radio transmitter, with the toothpick acting as an aerial. An office or bedroom can be bugged in two minutes through any ordinary electrical outlet.
 Such activity seems unethical, at best, but rarely is it clearly illegal. Only seven states have adopted laws prohibiting eavesdropping by electronic devices. Maryland's anti-bugging statute is the most restrictive. It is illegal there to manufacture or possess any eavesdropping or wiretapping gadget unless it is registered with the state police.
 A giant computer containing all sorts of information, good and bad, about all sorts of people is not really so much different from a microphone under the bed. For the computer cannot be trusted to keep skeletons hidden in the closet. "The school dropouts of today," Rep. Gallagher says, "may turn out to be the computer rejects of tomorrow."
 A computerized federal dossier file presumably would be fed tax returns, census responses, Social Security data, military records, security files, fingerprints and mortgage guarantees. If state and local governments chipped in, such things as school records, police files, driving violations, and property holdings would be added.
 In the end, the computer might know more about a person than he does himself. This possibility, Gallagher contends, "really strikes at the fundamental root of our society, the old concept of forgive and forget. These computers aren't going to forget, and they're never going to forgive."

Then And Now

The National Industrial Conference Board, a private economic research group, has strikingly illustrated the erosion of the purchasing power of the dollar during the past 26 years.
 A family of four with an income of \$5,000 a year in 1939 would now need

an income of \$13,235 to have the same purchasing power, the conference board reported.
 Families who never had as much as \$5,000 a year to spend in 1939 and nowhere near \$13,234 in 1965-66, will have to make their own computations. But the effect will be the same.

Sam Dawson Interest Rate War Brewing

NEW YORK (AP)—An interest rate war is brewing. On both coasts banks and savings and loan associations are announcing that they'll pay more on some forms of savings accounts effective July 1. Any one lucky enough to have some spare cash may be in a position to play coy and be wooed.
 Congress has been talking of regulating this battle for savers. Some congressmen dislike high interest rates, period. Others are alarmed at the form the battle is taking: the luring of customers from one kind of financial institution to another.
BUT THURSDAY the House Banking Committee threw up its hands and tossed the complicated question of putting limits on how much interest can be paid on what form of account over to the Federal Reserve Board with a plea for action.
 The Fed has been active in talking quietly to commercial bankers about what it considers an allied but perhaps more pressing danger, and one more squarely in its province: the granting of loans for projects that could be considered more speculative than productive.
 And the spurt of interest rate increases over recent weeks works

both ways: for savers or for borrowers.
 —Savers are getting more for their money, whether they put it in U.S. Savings Bonds, deposit it in some types of commercial bank accounts, invest it with mutual savings banks, or deal with savings and loan associations.
 —BORROWERS are likely to be paying more interest on loans from banks, mortgages, or monthly installment payments for cars or appliances.
 Commercial banks are allowed by legal regulation to pay no more than four per cent for regular savings accounts with withdrawal privileges. But the biggest banks in many parts of the nation are paying five per cent or more on large amounts that can't be withdrawn over a specified period. The largest banks in New York City pay five per cent for accounts that must be \$2,500 or more and held for nine months.
 Most mutual savings banks were paying dividends at the rate of 4 1/4 per cent on regular savings—ones readily withdrawable—until January. Then most went to 4 1/2 per cent. But now one of the largest in New York City says it will pay a five per cent dividend on regular accounts. Another big one says it will pay five per cent on accounts that must be held for specified terms.
 AS THE interest war spreads, two of the largest savings and loan associations in California announce they'll go up from the five per cent with which they've been rewarding savers. They'll start paying 5 1/4 per cent on passbook accounts and 5 1/2 per cent on accounts held for a long period.
 Why all this generosity to those who save for short or long periods? Because the banks and the associations are short of money—and this, despite the continuing rise in the nation supply of money. The demand for loans has been rising faster than the banks could lay hands on lendable funds. So they've raised interest rates to lure those with idle cash.
 The associations have been losing funds. Some withdrawn money may have gone to the competing banks, some to buy stocks, some to pay taxes. But the associations say they haven't enough lendable funds to meet the needs of the mortgage market—and that home building will suffer.
THAT'S WHY Congress and the monetary authorities are concerned. Home building is lagging. Demand for business loans has risen even while the monetary watchdogs have been trying to restrain over exuberance by keeping credit moderately tight—and interest charges high.
 The saver is sitting pretty at the moment.

Billy Graham

Does the Great Commandment mean that I must give up all my hobbies and my job at the office so that I can love God and serve Him with all that is within me?
 E.W.
 The great commandment: "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind," means precisely what it says. If your hobbies, your job, hinder you from doing this, then proper adjustments should be made.
 Paul never gave up his tent-making, but serving Christ was his chief business. Peter still went fishing, but his love for Christ was unfeigned.
 The New Testament teaches that Christ is to be first. It does not teach a monastic, detached sort of life. But it does teach that material things, and our interest in them, should be secondary. "Take no thought for your life, what ye shall eat, or what ye shall drink, nor for your body, what ye shall put on. . . but seek ye first the kingdom of God, and all these things shall be added unto you." The words "take no thought," mean, "Do not give them first place." The fact that they are "added unto you," indicates that God wants us to have and enjoy these things, but they are not to be given first consideration.

No End In Sight For Viet Nam War

WASHINGTON (AP)— The war in Viet Nam is like a blind puppy. It scampers, skips, butts its head, barks in pain. With this year almost half over, the end is still no more in sight than at the start of 1966.
 There was chaos in Viet Nam, criticism at home, confusion elsewhere among Communists and non-Communists in the first half of 1966. In Indonesia the Reds suffered disaster without any war at all.
 NEAR THE END of 1965 the United States stopped bombing North Viet Nam while President Johnson sent his emissaries scolding around overseas, talking peace, seeking signs of it. There were none. Hanoi stood firm.
 So did Johnson. The bombing was resumed. The ground fighting continued. More deaths on both sides. More U.S. troops to Viet Nam. At home the critics of the war teamed up on Johnson, in and out of Congress.
 Public opinion polls showed dwindling confidence in Johnson's handling of the fighting in America youths paraded, performed and protested against the war. So did the Buddhists in Viet Nam.
 Premier Nguyen Cao Ky and his government of generals agreed to oblige, set in motion the machinery for civilian government. Rendered ridiculous by success, the Buddhists then demanded a quick exit by the generals.
 BUDDHISTS, men and women, burned themselves to death, spread altars in the streets, multiplied anarchy. Ky suppressed them. Their futile leader, Tri Quang, took refuge in a hanger struck.
 Ky grabbed him, empty stomach and all, put him in custody. The Buddhist revolt collapsed. But all this involved months, slowed the war, made many Americans wonder whether this country should be mixed up in it at all.
 And even if Ky emerged looking like a strong man, this may not last in a land so unpredictable. But it was a slow six months mostly everywhere, and just as murky as Viet Nam.

In Europe, French President Charles de Gaulle, with reports indicating he never even discussed the momentous step with his Cabinet, decided to do a wrecking job on the North Atlantic Treaty Organization.
 HE DECIDED to pull his troops out of NATO. It was a shattering thing. It could have been a disaster for the Western alliance. Sometime it may prove to have been just that.
 But the other 14 NATO allies patched the pieces together and De Gaulle made a trip to the Soviet Union, although nobody seems to know why, perhaps not

even De Gaulle. Years from now he may seem to have been as irresponsible as Tri Quang.
 Tensions, however, were off the United States if only because tensions between the Soviet Union and Red China increased. While they fussed and fumbled communism encountered a disaster where unexpected and without battle.
 The pro-Red Indonesian government of President Sukarno was taken over by the military, Indonesian Communists by the thousands were reported slaughtered, and the country now will probably turn pro-West.

Reasons Why A Baby Spits Up Food

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: My baby son is six months old and has been spitting up ever since he was born. At five months the doctor put him on homogenized milk but he still spits up. Sometimes it is more like vomiting.
 My doctor said the baby will undoubtedly continue doing this until he is a year old or starts to walk. Can you tell me anything about why this occurs?
 The baby meantime seems well-adjusted. He is gaining weight and is happy. —A.D.W.
 Babies have various reasons for spitting up, ranging from inconsequential to serious, but you said one thing that is a very optimistic sign — he is gaining weight. The more serious problems can be expected to involve loss of weight or failure to gain.
 Your doctor is in better position than I am to analyze the situation in your baby's case, but from what you have related, I don't think there is any cause for deep concern.
 Babies spit up because they swallow too much air — and up comes milk with a burp or

a gurgle.
 Or a baby may be allergic to a certain food, but there will be signs other than spitting up. Many times a baby will instinctively try to push away or spit out food that bothers him allergically.
 There can be pylorospasm, or spasm of the outlet of the stomach, which forces regurgitation. A mild relaxant will correct this condition. It is not serious, however messy and unfortunate.
 The more serious cases of spitting up involve a thickening of the outlet of the stomach (pyloric stenosis) or some other anatomical defect. In such cases, as I said, the baby simply is not able to retain enough food and the condition promptly leads to loss of weight or failure to gain. This requires X-ray diagnosis and surgical correction, but it obviously does not apply in this case, with the baby happy and gaining. Even though he spits up a lot, clearly he is getting enough nourishment.
Dear Dr. Molner: What effect does vaccination have on a

person with psoriasis? I have it, and wonder whether I am taking a risk when receiving a smallpox vaccination — R.A.
 It is true that we try to avoid vaccination of small children if they are broken out with eczema. However, vaccinations for smallpox, typhoid and tetanus (the ones usually given to adults in preparation for foreign travel) will have no effect on psoriasis.
 Troubled with varicose veins? To make sure you are doing all you can to relieve the problem, write to Dr. Molner in care of The Herald requesting the booklet, "How to Deal With Varicose Veins," enclosing a long, self-addressed, stamped envelope, and 20 cents in coin to cover the cost of printing and handling.
Dr. Molner welcomes all reader mail, but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Around The Rim

What They Say, What They Mean

One thing and another: It stands to reason that if people cannot always understand what they read in a daily newspaper, they often have trouble putting on paper the things they think.

In other words, the sum product of what they might write is apt to come out quite differently from the message they intended to relay.
 Consider, if you will, several letters received by a welfare department in the state of Tennessee not long ago.

ONE WOMAN wrote the agency thusly:
 "I am writing the Welfare Department to say that my baby was born two years ago. WHEN do I get my money?"
 Another was inspired to take pen in hand and write:
 "I am glad to report that my husband who is missing is dead."

The Welfare Department's people were a little puzzled when they received this note from another party:
 "This is my eighth child. What are you going to do about it?"
 AND THIS one might have caused the state's employees to miss a coffee break:
 "My husband got his project cut off two weeks ago and I haven't had

any relief since."

WHEN IT COMES to writing about things, small children can be rather mysterious, too. Third grade pupils of a school in Madison, Wis., were asked their descriptions of a parent in a recent exercise and the teacher received a variety of answers, some of which are repeated here:
 "—Parents are mothers and fathers who have children."
 "—My parents are mean but I like them more than anything else."
 "—A parent is someone who cares for you. A parent has a job. A parent may be beautiful or ugly, but mostly beautiful."
 "—A parent is one who helps us with our problems and fixes supper, lunch and breakfast."

THEN THERE was that wee bit of a lass who wrote her first letter home from summer camp. Said she:
 "The first day I didn't hardly have any friends. The next day I had a few friends. Now I have friends and enemies."

ON THE SUBJECT of communication, if you think nothing is impossible, just try getting off a mailing list.

Caught In The Wrong Trap

WASHINGTON — O. Henry could have used the plot. A man gets away with an indiscretion, but then is nailed on a larger rap for which he is guiltless. Payment Deferred! The Sure Finger of Fate! Something of the sort is happening to Democratic Senator Willis Robertson of Virginia, but it isn't a satisfying story.

Robertson's indiscretion was to put his friends on the spot by running for re-election at the age of 79. It was not an unreasonable decision. The Senator has a clear mind in a sound body. The resignation last year of Senator Harry Byrd Sr., Finance Chairman, meant that the retirement of Robertson, Banking and Currency Chairman, would reduce Virginia to two freshman Senators without seniority.

EVEN SO, Virginia is rich in former Democratic governors and reliable Democratic congressmen. A suitable candidate could have been found if Robertson had stepped down. But his decision to run again meant that his multitude of admirers had no choice but to back him against whatever opposition developed for the Democratic primary election of July 12.

ROBERTSON WAS forgiven the indiscretion of embarrassing his friends. He seemed to be on the way to victory until he ran into the bum rap that now threatens to beat him. Big and little bankers, intent on keeping him in his chairmanship, have written their stockholders, depositors and employees to "say thanks" to Robertson with campaign contributions and at the polls. His opponent, State Senator William Spong, along with the business press, have raised the "Stop, thief" cry. It is a dirty trick on a gentleman who would sooner pick up a rattlesnake than a dishonest penny.

THEIR INDISCREET zeal in Robertson's behalf has laid the Senator bare to sneaky tactics by the business-busters.
 If Robertson gets beaten, it will be for that wrong and rotten reason.

Soviet Inconsistency Bar To Durable Peace

WASHINGTON—The Soviet government must certainly be unaware of how confusing and contradictory its statements are on the subject of a treaty to prevent the spread of nuclear weapons in the world.

THE STORY didn't make big headlines, but, significantly enough, the Soviet government denied on June 23 what it plainly proclaimed on June 14—namely, that there could be no disarmament agreement unless the United States withdrew its forces from Viet Nam. The UPI, in a dispatch from Geneva on June 14, quoted Alexei A. Roshchin, chief Soviet negotiator at the disarmament talks there, as having said that Moscow believes the Viet Nam war must first be settled and curbs placed on what he called "militarism and revenge-seeking." He added:
 "The United States is waging on an ever-increasing scale an aggressive war against the whole Vietnamese people."

SINCE JUNE 14, it has become apparent that what has been designed as propaganda worked in reverse and discouraged peoples throughout the world, who had believed that a disarmament agreement was possible. The Moscow government, therefore, through its official newspaper "Izvestia" on June 22, now says that the presence of American troops in Viet Nam is not and could not be an obstacle to an agreement on disarmament. The Soviet newspaper goes further and declares that the alleged demand was "a clumsy trick."

WILLIAM C. FOSTER, the chief negotiator for the U.S. at the disarmament conference, said on June 23 that the Soviet government should stop lecturing other nations about nuclear proliferation since Russia was responsible for helping Communist China to build atomic bombs. Mr. Foster pointed out that the Soviet Union might well view with dismay what its nuclear assistance has meant to Red Chinese policy in the Far East. He described the Soviet delegate's accusations, moreover, as baseless charges and emphasized that the United States has sought to curb the production of the new weapons since the

dawn of the nuclear era. In fact, the chief American negotiator added, the speeches of Roshchin, by their frequency and violence, have aroused grave concern that the Soviet Union is more interested in propaganda than negotiations.

OTHER DELEGATES, too, are accusing the Russians of adopting an intransigent position and of trying to delay the signing of any treaty.
 The net result is that Russia appears to have dashed the hopes for an early East-West agreement, primarily because the Soviet government insists that the United States renounce any idea of nuclear defense through a reorganization of NATO.
 What seems to be overlooked by the Soviets is that the existence of nuclear weapons is a threatening force in the world and that the Soviets may, as the years go by, find themselves menaced by a nuclear-weapons stockpile being built up in Red China.

CERTAINLY the time has come for some serious thinking on the part of the Communist regime in Moscow. It can hardly hope to retain the confidence of its 230 million people if it refuses to enter into agreements to ban the use of nuclear weapons and to make sure that on-site inspection is permitted on both sides so that effective steps will be taken to insure against violations of any agreement reached.
 The United States has been striving from the day that nuclear bombs came into existence to find some basis for agreement with other nations to ban a nuclear war. When poison gas was first introduced, it became evident that the damage to both sides would constitute a form of international suicide. This now is even more apparent with respect to nuclear weapons.

WHAT IS PUZZLING is that the Soviets have not yet come to realize that the United States is sincere in its effort to ban nuclear weapons and that, once an agreement on this subject is achieved, it will be possible for many other collateral questions to be resolved. Thus, a start would be made toward the establishment of a durable peace.

U.S. Singer Wins Russ Music Prize

MOSCOW (AP) — A 24-year-old California soprano who didn't discover music until five years ago is the first American winner of a top prize in the Tchaikovsky competition since Van Cliburn in 1958.

Jane Marsh of Mill Valley, daughter of a San Francisco obstetrician, was awarded first prize for women singers Sunday night. She won \$2,750, a gold medal and valuable publicity.

Two American Negroes won lesser prizes. Veronica Tyler, 28, Baltimore, tied with a Bulgarian for second place in the women's division. Simon Estes, 25, New York, was second in the men's division. A Russian won the men's prize. One other American singer in the finals was Barbara Rondelli, 27, of Pittsburg, Kan.

As a teenager, Miss Marsh said, "I didn't know I had a voice and neither did anybody else." At Mill Valley's Tampalpais High School she showed great promise as a swimmer

and won the state title in the free-style crawl in 1957-59. Her coach wanted her to try for the Olympics, but she declined because she would have had to give swimming all her time.

She discovered music at 19, while majoring in psychology at Oberlin College, in Ohio.

"It was almost a one-day affair," she said. "I hadn't liked music. I was against it."

"But I had some friends who went to the conservatory, and found I enjoyed going with them. I discovered I had a voice. That was it. I was hooked."

She went to New York and studied with two former Vieneses, Lilli Waxberg and Otto Guth.

County Auto Insurance Rates Remain Same

The average motorist in Howard County will still pay the same for automobile insurance if the proposed change in rates is made by the State Board of Insurance, according to the Southwestern Insurance Information Service of Dallas.

Present cost of insurance on a new Ford or Chevrolet private passenger car driven to and from work and not driven by a male under 25 years of age is \$153. The new cost would be the same. This includes basic

liability coverage of \$10,000 for injury or loss of life of one person, \$20,000 for two, and \$5,000 property damage; \$100 deductible collision; and full coverage comprehensive insurance. The SIIS did not cite comparative rates for those under 25 years of age.

Under the new rates, motorists would pay \$5 less for \$100 deductible collision but \$5 more for comprehensive. Cost of bodily injury and property damage liability would be unchanged.

Other types and older cars would have different rates. Even with the rate increases, Texas would rank about 30th among the states in the cost of automobile insurance to policyholders, said SIIS.

Russian Spy Spills 'Plots'

MANILA (AP) — The Manila Bulletin claimed today that a Russian found floating in a rubber dinghy off Palawan Island in March was a spy who had made revelations of "vital military significance" to the Western powers.

The paper said the Russian, Anatoli Geisenko, 37, had talked "under intense grilling" by Filipino and Russian-speaking U.S. counterintelligence agents.

The report said Geisenko had "spilled all" about a Soviet espionage plan to infiltrate other countries, particularly the United States and Britain.

The only charge the Philippines could bring against the Russian was illegal entry into the country, the Bulletin reported.

Withdrawal Talk Started In Paris

PARIS (AP) — The United States and France have begun low-level talks on technical aspects of the U.S. troop withdrawal and base evacuation, the U.S. Embassy announced today. A spokesman said the talks had nothing to do with the political aspects of President Charles de Gaulle's demand that U.S. forces leave France.

Recreation Total Grows

Cumulative attendance for the citywide summer recreation program amounted to 1,241 for the past week, Jim Gilbert, director, said Saturday.

The Monday-Wednesday and Tuesday-Thursday groups had a total of 724. Lakeview had 411 and the Northeast Park had 108.

Boys and girls of elementary school are still welcome to participate in the program which is financed by the Big Spring Independent School District, the City of Big Spring, the United

Fund and the YMCA. The Northeast Park group is expected to grow substantially now that the city swimming pool at the Northeast fire station is operating. The group was showing gains at the end of the week.

Boys and girls interested in getting in on the fun are asked to report any morning to the Northeast Park, or to Lakeview or Central Y, which serve as points from which the program is operated. This is open to all boys and girls without charge.

Dear Abby

Plans For Children

DEAR ABBY: You have had the good grace to admit that there IS a problem which even you can't solve. I refer to the letter from "STYMIED," who asks how provident parents can guard against orphaning their children and leaving them to the care of strangers. No, I have not solved the problem, but I have considered it.

May I suggest an organization to be known as "PARENTS SYNONYMOUS"! Here's the idea: Thru you, or an organization you inspire, parents of similar backgrounds and means are teamed up. Each agrees to adopt the children of the other family in the event of the death of both parents of that other family. For example: your organization (using computers?) would possibly match the "STYMIED" family with MY family. My three children, too, have had their educations provided for thru the age of 21. The same system as some adoption agencies use in matching color, race, and religion could be applied here.

Death of parents is a traumatic experience, and the orphaned children will be most likely to "recover" in an environment to which they are accustomed—one which disrupts their lives the least. Sincerely, "VISIONARY" IN MPIS.

DEAR ABBY: Why should anybody be stymied about making provisions for their children in case of death? There are church and fraternal organizations galore that specialize in caring for orphaned children. The Loyal Order of Moose, Masons, The Veterans of Foreign Wars, Independent Order of Foresters, and Odd Fellows to name a few. Even insurance companies have fine protective programs to cover such eventualities. I thought everyone knew that.

NOT STYMIED.

DEAR ABBY: We were a family of nine when our parents died and do you think for one minute that when death took our mother, father, a sister and a brother all within three months we disbanded? We did not! We stayed together and took care of each other and we made out just fine.

And so will other families who are taught to love and look after one another. That's what our parents instilled in us when we were kids, and even after they died, they "lived" in all of us. Trust in God. His eye is on the sparrow. FULL OF FAITH

DEAR ABBY: It is a good idea for parents to make a will and make their desires known with regard to whom should assume the guardianship of their minor children in case both parents should suddenly go. This of course is a job for a competent lawyer.

The main thing is to get it down in black and white and place it in the hands of a trustee, or someone who can put the provisions into effect immediately. A will which has been hidden in a coffee can and buried out in the back yard seldom does anybody any good.

Disaster To Reds Told In Indonesia

JAKARTA, Indonesia (AP) — A disaster of incalculable proportions destroyed the Communist party of Indonesia (PKI), but even today anti-Communist elements in Jakarta display fear that the party may rise from its ashes.

Most Communist leaders are either in prison or dead—some executed after trial, some slain on the spot by their captors, some the victims of massacres.

None can say for sure how many Communists died in the violent wave of reversion which swept Indonesia after the PKI had failed last October in an attempt to take over the nation of 3,000 islands and 165 million people.

REDS SLAIN

President Sukarno, who had bestowed privileges on the Communists and identified his nation with the policies of Red China, estimated several months ago that 87,000 Communists had been slain after the coup attempt. This is the most conservative estimate. Other figures run to 300,000 and more.

The village of Sesetam on Bali—fabled "Island of the Gods"—is just one example of the fever which swept the nation after the coup attempts. Bali normally is a peaceful island, and in the first wave of killings it was bypassed. Apparently the Communists thought themselves safer there.

Then the horror struck on the night of Dec. 16. Hundreds of students went on a rampage. Hordes of young people armed themselves with knives and

Graveside Rites Set Tuesday For Mrs. B. H. Lewis

Mrs. B. H. Lewis, 67, Munday, died at Knox County Hospital at 1 p.m. Sunday after a few days' illness. She was the mother of Alton Lewis.

Services will be held at the Munday Assembly of God Church at 10 a.m. Tuesday, with the Rev. W. A. Stanley, pastor, officiating. Graveside rites will be held at 3 p.m. Tuesday in the Ackery Cemetery, with Elder B. R. Howze, Big Spring Primitive Baptist Church, officiating. Local arrangements are by River-Welch Funeral Home.

She was born March 19, 1899, in Knox County, and married B. H. Lewis Feb. 2, 1914, in Munday. He preceded her in death in Ackery in 1957, and she moved back to Munday in 1960.

Survivors include one son, Alton Lewis, Big Spring; three daughters, Mrs. Alene Morgan and Mrs. Ida Mae Kadeze, both of Lamesa, and Mrs. Ruby Broom, Hurst; two brothers, Lester Fore, Haskell, and Loyce Fore, Monahans; also six grandchildren and eight great-grandchildren.

Graham Cancels Debate On Sex

LONDON (AP) — Evangelist Billy Graham has canceled a television debate on sex with Playboy Magazine Publisher Hugh Hefner, pleading the heavy demands of his London Crusade.

"Dr. Graham's commitments are so heavy that he has found it impossible to fit in the program," said Cliff Morgan, producer of the current affairs program "This Week."

Graham prepared a number of extra speeches today as his London Crusade entered its final week.

Three Inches Of Rain Fall At El Paso

By The Associated Press

Torrential rainfall drenched El Paso Sunday, causing some minor flooding and disruption of power and telephone service.

More than three inches of rain fell between 8 p.m. Saturday and 4 p.m. Sunday. Some streets in the low-lying sections of the Far West Texas city remained under water late Sunday.

It was the heaviest rainfall in El Paso in quite some time. Dr. P. J. Lyery, director of the agriculture experiment station in El Paso, said Dr. Lyery said one area received 3.07 inches of rain.

Only .37 inches was recorded at El Paso International Airport. No serious injuries or deaths were reported.

Warm, moist air engulfed the rest of Texas, with only widely scattered showers reported in the Panhandle, South Texas and the Wichita Falls area.

Wichita Falls recorded the state's highest temperature at 97. El Paso had the lowest maximum with 72.

Some light showers and thundershowers were reported early today in West Texas. Skies over the state were mostly clear to partly cloudy early today and forecasts indicated most of the state would bask under clear to partly cloudy skies.

Temperatures were expected to remain quite warm.

Some widely scattered thundershowers and thunderstorms were expected today and Tuesday in Northwest Texas and in the country west of the Pecos

Texas Counts 32 Dead In Weekend Violence

By The Associated Press

At least 32 persons died violently in Texas during the past weekend, including 23 who died in traffic accidents.

Drownings took four lives and five persons died of other causes.

The Associated Press tabulation began at 6 p.m. Friday and ended at midnight Sunday.

Seven persons died in a single two-car accident Friday night north of Fort Worth on US 377.

HIT BY CAR

Evangelina Palomarez, 6, and Sara Flores Prea, 7, both of San Marcos, were killed Sunday when a car struck them as they were playing in front of the Palomarez home. The driver said he did not see the two girls.

Local Group At Witness Confab

Jehovah's Witnesses from two states and 16 congregations rallied over the weekend at Artesia, N. M., at the Eddy County Farm Building, to receive Bible instruction from Lester M. Dugan, district supervisor, Brooklyn, N. Y.

Mike Davis, presiding minister of Jehovah's Witnesses in Big Spring and who headed the local group, said that the convention opened Friday evening with 562 persons. During the public lecture at 3 p.m. Sunday, 863 people heard Dugan on the topic "Does God Have Influence in This Twentieth Century?"

Davis said regular meetings will be resumed this week at the Kingdom Hall in Big Spring.

Ronnie Heflin, 6, of Robstown, died Sunday night when his backyard swing set toppled on him.

AT BRIDGE

Arnoldo Alaniz, 24, of Freer, an oil field worker, was killed early Sunday when his car struck a bridge railing about 14 miles west of San Diego in South Texas.

Henry Lee Minkley, a 23-year-old oil field worker from Loving in Young County was killed early Sunday when his car overturned 6 miles west of Springtown on Highway 199.

A man identified by officers as Billy Ray Griffith, 32, of Dallas was found hanged in his cell at the Hopkins County Jail at Sulphur Springs Sunday morning. Justice of the Peace DeWitt Loyd ruled his death a suicide.

Thomas Jefferson McBride, 59, of Dallas, drowned while swimming in Lake Grapevine Sunday.

William Gaven Butler, 22, of Dallas was killed early Sunday when the car in which he was riding hit a highway median strip near Fort Worth. Both Butler and a companion, Dwight Wright Davis, 21, also of Dallas, who was injured, were hurled from the vehicle.

Bobby E. Singleton, 28, of Alvarado was killed early Sunday when his car plunged into a

ditch in Fort Worth. A 19-year-old companion was injured.

STABBING

Dario Sanchez, 23, of San Antonio, was stabbed to death early Sunday on a street near downtown San Antonio. An elder man was being detained by authorities in connection with the incident.

James H. Bell, 40, of Grapevine, died late Sunday when his pickup truck overturned on Texas 114 in Irving.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®) — discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.
